

Ancient 3731

Chapter 3731 Senior Brother Wan

Hearing what Elder Dan said, Ye Feng's eyes twitched slightly.

It seems that I guessed it right.

This old elixir suddenly wanted to accept him as his disciple, and even said that he would give him a small prescription and take some elixirs.

It turned out that it was to test the new elixir that Elixir was researching.

In this case, wouldn't he become the drug-testing boy of Elder Elixir?

But Ye Feng doesn't care.

As long as it's not a poisonous elixir.

This elixir, as a mysterious and experienced alchemist, must have very high-grade raw materials for the elixirs he refines.

So at this time, Ye Feng didn't say anything more. He directly stretched out his hand, looked at Elder Dan in front of him, and said loudly: "Come on, give me your latest refined Shiquan Dabu Dan, and I will try it for you on the spot. Medicine, as long as it doesn't kill anyone."

Hearing what Ye Feng said, Mr. Dan's eyes immediately lit up and he said, "Okay, wait a minute."

Uh-huh!

After saying that, Elixir ran directly to the depths of the elixir palace, and then ran back a moment later.

At this moment, a huge alchemy furnace appeared in Elder Elixir's hand. There was still smoke in the alchemy furnace, as if it had just been successfully refined.

"Click."

At this time, Elder Eli directly opened the lid of the alchemy furnace.

A dark pill suddenly appeared inside, and it was the size of a human head.

When Ye Feng saw this, his eyes suddenly froze, and he couldn't help but said with some disgust: "Master, are you sure this is the Shiquan Dabu Pill? Why do I feel like it is a discarded pill."

Elder Dan immediately spoke out: "Disciple, don't talk nonsense! This is the Shiquan Dabu Dan that I have refined for several years and used ninety-nine and eighty-one precious medicinal materials. It is mine. Original elixir, definitely worth trying. "

"Eighty-one precious medicinal materials?"

At this moment, Ye Feng's eyes immediately brightened, and he reached out to grab the black elixir that was still smoking in the elixir furnace.

Buzz!

The next moment, Ye Feng actually smelled something

A foul smell.

Ye Feng couldn't help but asked: "What does this smell like? Why does it smell so bad?"

Elder Dan chuckled and said, "I tried to add some feces of divine beasts like the Ancient Dragon Elephant, which can add a touch of divine energy to the Shiquan Dabu Dan."

Ye Feng: "..."

However, although Ye Feng was speechless at this time, he could indeed sense a very powerful medicinal power from the pill in his hand.

But Ye Feng was definitely not willing to swallow this Shiquan Dabu Dan directly. After all, the old guy Dan Lao actually added the feces of the ancient dragon elephant.

Buzz!

So at this time, Ye Feng directly released the Devouring Domain, covering the Shiquan Dabu Dan in his hand, and absorbed all the power in it.

"Rumble..."

At this moment, Ye Feng felt it immediately. Sure enough, a very terrifying medicinal power was absorbed from the Shiquan Dabu Dan and injected into Ye Feng's body. The power in Ye Feng's dantian suddenly became... Got huge growth.

And this is far more than that. In this Shiquan Dabu Dan, it seems that there are indeed many different types of precious elixirs with different medicinal effects, as Elder Dan said, which actually made Ye Feng's soul power and body strength has been greatly improved.

This made Ye Feng's eyes suddenly reveal a look of deep surprise. It seemed that Mr. Dan had not tricked him.

At this moment, seeing the dark swallowing vortex appearing in Ye Feng's hand, Mr. Dan standing aside was immediately startled.

He could feel that this dark swallowing vortex was very magical.

At this time, Ye Feng's cultivation suddenly began to break through.

"boom!"

The tenth level of emptiness and silence!

"boom!"

A half-step into the heaven!

At this time, Ye Feng's body suddenly broke through the two levels of aura, which suddenly made Ye Feng's cultivation level break through to the half-step sky-peeping realm.

Seeing this, Ye Feng's eyes suddenly lit up. He didn't expect that this Shiquan Dabu Dan was so good. It contained huge medicinal power, allowing him to directly break through to the half-step sky-peeping realm!

For Ye Feng, if he practices normally, it may take him a long time to break through to the Half-Step Heaven-Seeing Realm.

But now, there is a breakthrough all of a sudden.

At this time, Elder Dan, who was standing in front of him, suddenly said with some surprise: "I didn't expect that it would only allow you to break through to the half-step sky-peeping realm. I thought this Shiquan Dabu Dan would allow you to break through to the real sky-peeping realm." It's the first level of heaven. It seems that I still haven't added enough medicine. I will improve it when the time comes." .??.

When Mr. Dan was muttering, Ye Feng immediately knew that he was indeed Mr. Dan's "drug test boy".

But Ye Feng was also happy.

As long as you can make a rapid breakthrough in your cultivation skills.

At this moment, Elixir was thinking about something, and seemed to be thinking about how to continue to improve this great tonic pill that he had researched.

Seeing this, Ye Feng didn't bother his cheap master anymore and left the elixir hall directly.

On the way back, Ye Feng hummed a little tune. This time he came to the Pill Hall, and the harvest was really huge. His cultivation suddenly broke through to the half-step sky-peeping realm, which was really good.

Ye Feng quickly returned to his student dormitory, ready to take over some tasks after taking a rest.

Now Ye Feng's cultivation level has been greatly improved, and he was baptized by the Holy Mountain in Haoran Academy, which greatly enhanced Ye Feng's physical strength.

Therefore, Ye Feng felt that if he went to take the mission this time, even if he did not form a team, he should be able to take on the more difficult high-level missions by himself.

Rested in the dormitory

After a day and a night, Ye Feng no longer wasted time and went directly to the central hall of the Wanjie Martial Arts Academy.

The central hall actually has another name, called "The Hall of All Realms".

When Ye Feng came here, he went straight to the mission selection office.

Soon, Ye Feng arrived at the southwest side of the hall.

Here, on a huge wall, there are mission requests sent by the Wanjie Chamber of Commerce.

After Ye Feng observed it for a moment, he stretched out his hand and grabbed three tasks.

These three missions are relatively advanced six-star missions. Generally, veteran students who have been in the Wanjie Martial Arts Academy for several years will form a group to take on such high-level missions.

But Ye Feng directly took over three high-level tasks, causing other students around him who were selecting tasks to stare at Ye Feng in surprise, as if he thought Ye Feng was crazy.

However, Ye Feng was too lazy to pay attention to the strange looks from the people around him. After taking over these three tasks, Ye Feng left the central hall and went straight to the Ten Thousand Realms Teleportation Temple, where Ye Feng could be directly teleported to a certain interface designated by the task. .

But not long after Ye Feng walked out of the central hall, a direct disciple was secretly observing Ye Feng.

Seeing Ye Feng flying towards the Ten Thousand Realms Teleportation Temple, this direct disciple immediately used his identity token to contact a certain existence and said loudly: "Senior Brother Wan, that kid seems to be going to other interfaces to do tasks, what should we do? action?"

A majestic and cold man's voice suddenly came from the identity token: "I am currently practicing magical skills and cannot take action personally. You lead a group of masters, disguised as wandering killers, and go to this interface where Ye Feng does tasks to find opportunities. Surround him and kill him. This kid dares to be so close to the Fairy Luo Li that I like. I must get rid of his secret."

When the secretly following disciple heard the voice coming from the identity token, he immediately said respectfully: "Yes, senior brother Wan, don't worry, we will complete the mission successfully and secretly get rid of this kid in an unfamiliar interface, so that His body was left in the wilderness, and no one could find it."

Chapter 3732 Don't believe it

At this time, Ye Feng didn't know that because he was too close to Luo Li, he was being targeted by Senior Brother Wan, an extremely powerful member of the group of direct disciples.

They even had to send some strong men to assassinate him on another unfamiliar interface.

But even if Ye Feng knew about it, he probably wouldn't be afraid.

After all, Ye Feng's true combat effectiveness cannot be judged just by his superficial cultivation.

You must know that after Ye Feng was baptized by the Holy Mountain in Haoran Academy, his body and physical strength have been improved unparalleled. .???

The Hongmeng Immortal Body directly achieved a major breakthrough, and also awakened a brand new bloodline talent.

The power of Ye Feng's Hongmeng Immortal Body is now estimated to be thousands of times greater than before.

Therefore, it would be absolutely naive to judge Ye Feng's combat effectiveness based solely on Ye Feng's superficial level of cultivation.

At this moment, after Ye Feng left the central hall, he took the three mission tokens he took over and went directly to the Ten Thousand Realms Teleportation Temple.

Here, Ye Feng directly entered a teleportation array.

Almost at the next moment, Ye Feng's entire figure had disappeared from where he was.

Buzz!

Accompanied by an extremely violent space fluctuation, when Ye Feng appeared again, he had already appeared in a primitive jungle.

At this moment, Ye Feng looked around and couldn't help but murmured: "This should be the interface where the first mission is."

This time, Ye Feng took over three tasks in total, and they were all three high-level tasks, so they were still very difficult.

However, Ye Feng took over so many high-level tasks at once, so he naturally wanted to earn enough rewards and reward points.

It would be a waste of time if you only accept one task at a time.

What Ye Feng is currently undertaking is the first high-level task he has taken over.

The first high-level mission, which is actually not difficult at all, is to escort a group of businessmen from all realms to a large empire on this interface called the Empire of All Beasts to make deals with some orc nobles.

The interface Ye Feng came to at this time was called the Orc interface. It was an ordinary high-level interface similar to the Galaxy interface.

This interface is basically ruled by the orc clan.

So this time, for the sake of safety, the group of Wanjie merchants directly issued any

They want to hire master students from the Wanjie Martial Arts Academy to protect the safety of their group of Wanjie merchants.

After all, although this group of merchants from all realms are proficient in doing business and negotiating various transactions, their own strength is still insufficient.

Although they also carry a lot of guards, those guards probably can only fill the scene.

If you really encounter the murderous intention of the super strong man in the Empire of Beasts, it will probably be of no use at all.

Therefore, the only thing that many Wanjie businessmen believe in is the super geniuses in Wanjie Martial Arts Academy.

Because everyone knows that the entrance examination for the All Worlds Martial Arts Academy is very difficult. Those who can enter the All Worlds Martial Arts Academy must be talented and powerful.

Therefore, these Wanjie businessmen naturally have great faith in the masters of these students in the Wanjie Martial Arts Academy.

Even if they pay a high reward, they all want to hire a super genius from the Ten Thousand Realms Martial Arts Academy to take charge of their group.

Uh-huh!

At this time, Ye Feng came here, looked at the mission map in his hand, and then flew quickly towards a certain direction in this primitive jungle.

This primitive jungle should be the commander-in-chief of this acquaintance interface, the primitive jungle outside the borders of the Beast Empire.

Ye Feng now has to rush to a gathering point in this primitive jungle to meet up with the group of merchants from all realms doing business.

Only when Ye Feng and those Wanjie merchants meet up and obtain their approval can the mission begin.

Following the guidance of the map in his hand, Ye Feng quickly arrived at the meeting point.

At this time, Ye Feng suddenly saw a group of dozens of businessmen from the Ten Thousand Realms Chamber of Commerce, guarded by hundreds of guards wearing armor and holding weapons, anxiously waiting for something.

Everyone's eyes were full of vigilance, because they knew that there were many ancient evil beasts living in the primitive jungle of this orc interface, which were very terrifying.

So they are now anxiously waiting for the arrival of the super genius from the Wanjie Martial Arts Academy they want to hire, that is, Ye Feng.

Uh-huh!

At this time, Ye Feng walked directly towards this group of business people.

Saw Ye Feng

Coming up, the businessman from the Ten Thousand Realms Chamber of Commerce, who is the leader of this group of people, should be the business leader.

This was a middle-aged man wearing a red robe. He immediately said happily: "Hello, this young hero should be the genius of the Wanjie Martial Arts Academy, right?"

Hearing what the businessman said, Ye Feng immediately nodded, smiled and said: "Yes, my name is Ye Feng, and I am a student at the Wanjie Martial Arts Academy. I am taking over your mission this time. The minimum standard of cultivation set by the mission is the Heaven-Peering Realm, but although my current cultivation level is half-step of the Heaven-Peering Realm, my real combat power is definitely comparable to the advanced beings in the Heaven-Peering Realm."

Hearing what Ye Feng said, the business leader immediately nodded and said loudly: "I believe that the talented students in your Ten Thousand Realms Martial Arts Academy, we all know your fighting power, and you are all capable of leapfrogging. A powerful presence."

But just after the business leader finished speaking, an unharmonious voice suddenly sounded: "It's only half-step to the sky-peeping realm. What we hire is a real powerhouse in the sky-peeping realm. Half-step to the sky-peeping realm, although it is only half a step away from the real Sky-Peeping Realm, but the gap in cultivation strength is also very big. After all, even if it is only half a level, it is as huge as a chasm. I do not believe that this student who is half-stepping into the Sky-Peeping Realm can achieve perfection. After all, we are going to do business this time, but the Empire of Beasts, the most powerful orc interface, is really a dragon's pool and a tiger's den. We can't just believe in this half-step sky-peeping realm. students."

At this moment, the person who said these words was an old man with a kind face.

This old man is also a businessman among this group of businessmen.

What he said actually did not belittle Ye Feng, but he just didn't believe in Ye Feng's true strength.

Ye Feng didn't get angry at this, just smiled slightly and said: "Okay, since this old man doesn't believe in my strength, how do you want to test my strength?"

Hearing what Ye Feng said, the old businessman immediately shook his head and said: "I don't dare to offend you super geniuses from the Wanjie Martial Arts Academy, but we can't gamble with the lives of our entire group. I don't dare to offend you." I don't know how to test your true strength."

When Ye Feng heard what the old businessman said, he suddenly seemed to sense something. He suddenly smiled and said: "I sensed a powerful ancient evil beast at the sixth level of the Sky-Peeping Realm, heading towards where we are. The location is approaching quickly, this

An ancient evil beast must have sensed our life breath and wanted to devour us all. "

"What??"

Hearing what Ye Feng said, everyone present's eyes suddenly changed.

Even the guards around him who were wearing armor and fully armed looked nervous.

Because the sixth level of the Sky-Peeping Realm is an extremely terrifying existence.

Moreover, it is an ancient evil beast, so it must be very powerful in combat.

At this time, the business leader who first welcomed Ye Feng couldn't help but said: "Young hero, let's not say anything more. Let's get out of here first and avoid that ancient evil beast first. It's too scary." "

Ye Feng suddenly shook his head at this time, looked at the old businessman not far away who had just questioned him, grinned, and said loudly: "This ancient evil beast happened to be delivered to your door, then I will give this ancient evil beast to Kill me, then you will believe in my strength."

Hearing what Ye Feng said, a group of businessmen and guards present looked at each other in awe.

A warrior who is half-stepped into the Sky-Peeping Realm, actually said that he wants to kill the ancient evil beasts in the sixth level of the Sky-Peering Realm?

It really sounds a bit unbelievable.

But the other party is a super genius from the Wanjie Martial Arts Academy, and they don't dare to offend him.

So at this time, everyone present was worried, frightened, and uneasy.

And just when everyone was worried.

Boom!

A huge evil beast covered with golden scales, the size of a mountain, suddenly rushed out of the surrounding jungle, exuding the overwhelming aura of evil beasts.

"It's really an evil beast from the sixth level of the Sky-Peeping Realm!!!"

At this moment, everyone present turned pale.

Because at this time, they still didn't believe that Ye Feng could really kill this ancient evil beast.

After all, the gap in cultivation between the two is really too big.

Moreover, the actual combat power of an ancient evil beast of this level must be even more terrifying.

"Are we going to be buried with this genius from the Ten Thousand Realms Martial Arts Academy this time because of his arrogance?"

At this moment, everyone had a look of deep fear in their eyes.

Chapter 3733 Admit your mistake

Buzz!

At this moment, this ancient evil beast covered with golden scales exuded a ferocious aura, making all the businessmen from all realms present look with deep fear in their eyes.

The cultivation strength of this ancient evil beast is really terrifying. It is definitely the overlord of evil beasts in this primitive jungle.

Otherwise, it would be impossible to have such a terrifying beastly aura.

At this moment, the business leader immediately came to Ye Feng, and couldn't help but said in fear: "Young hero, we should hurry up and escape from here. This evil beast is not something we can fight against. Don't let it happen because of it." He lost his life in a moment of impulsiveness."

Hearing what the business leader said, Ye Feng immediately smiled and said, "You don't have to be afraid, just watch my performance here."

Uh-huh!

After saying that, Ye Feng jumped up and flew quickly in the direction of the ancient evil beast in front of him.

Seeing Ye Feng rushing towards the ancient evil beast alone, all the Wanjie merchants and guards present widened their eyes.

They never seemed to have imagined that Ye Feng would actually want to challenge that ancient evil beast alone. .??.

You must know that the cultivation aura of this ancient evil beast is at the sixth level of the Sky-Peeping Realm.

Very scary!

Moreover, it is an overlord-level evil beast in this primeval forest, and its talent and real combat power must be very terrifying.

Boom!

Sure enough, the moment Ye Feng rushed towards the ancient evil beast, the ancient evil beast covered with golden scales suddenly opened its bloody mouth and spit out a crimson beam of destructive light, as if it could Penetrate the whole world.

Ye Feng didn't hesitate at this moment, nor did he release any inheritance. He just relied entirely on the power of Hongmeng's immortal body and punched forward fiercely.

Hit it.

Ye Feng just wanted to test how powerful the Hongmeng Immortal Body, which had undergone tremendous transformation at the early stage of the fifth level, was now.

Boom!

The moment Ye Feng's fist struck the crimson pillar of destruction, it shattered all the crimson pillars of destruction.

Then Ye Feng's punch hit the body of this ancient evil beast hard.

"Pfft!"

Like a watermelon broken

Ye Feng's fist was like an indestructible war spear. It pierced the head and entire body of this ancient evil beast and broke out from the other side.

Boom!

As a result, at the next moment, under the shocked eyes of countless people, this extremely terrifying ancient evil beast overlord suddenly fell to the ground with its huge body, dead!

quiet!

Deadly quiet!

At this moment, countless people present fell into a dead silence.

They stared blankly at the ancient evil beast that collapsed not far away, and then looked at the extremely handsome young man in white in mid-air.

They never seemed to think that Ye Feng's true combat power was as terrifying as he said, and he was not bragging.

Just one move!

Just kill this terrifying ancient evil beast overlord!

It's really terrifying to the extreme!

"It's so awesome!"

"Is this the super genius from the Ten Thousand Realms Martial Arts Academy? It is indeed scarier than I imagined."

At this moment, all the Wanjie merchants present, including the guards, had deep shock and wonder in their eyes.

And when everyone was amazed, Ye Feng released the devouring domain and directly devoured this ancient evil beast overlord covered with golden scales.

This ancient evil beast overlord is a powerful evil beast in the primitive jungle of this orc interface, so the blood energy contained in his body is still very good.

However, it only increased Ye Feng's skill a lot, and did not directly allow Ye Feng's cultivation to break through the half-step sky-peeping realm.

But Ye Feng was also quite satisfied.

After all, he devoured a lot of energy, and he also convinced this group of businessmen from all realms of his own strength.

The mission can start successfully.

Uh-huh! ??

At this moment, after Ye Feng devoured this ancient evil beast, he flew directly in front of this group of merchants from all realms and said with a smile: "Now that I have proven myself, you should accept that I take over your mission, right?" ?"

Hearing what Ye Feng said, the business leader in red robes immediately said respectfully: "Okay, okay! The young hero is really amazing, probably even better than the average Sky-Peeping Realm genius. It's very scary. This time we have found a treasure, and we have actually encountered a powerful being like Shaoxia. Shaoxia should be a super genius with top talents in the Wanjie Martial Arts Academy, not an ordinary genius student. "

Ye Feng smiled and said, "I'm just an ordinary student."

At this time, the old businessman who had questioned Ye Feng just now came to Ye Feng's face respectfully.

He bowed deeply, clasped his fists and said loudly: "I just admitted my mistake when I questioned the young hero's strength."

Hearing what the old businessman said, Ye Feng just waved his hands indifferently and said loudly: "My cultivation is indeed only half-step into the sky, and it is worse than the cultivation you set. It's normal to doubt my strength, I don't care about it."

Hearing what Ye Feng said, the old businessman couldn't help but nodded gratefully.

After all, he also knew that these geniuses from the Ten Thousand Realms Martial Arts Academy were all very aloof and arrogant, and messing with them might lead to serious consequences.

But for now, it seems that this boy in white is quite reasonable, unlike those geniuses from the Wanjie Martial Arts Academy who are very aloof and arrogant.

At this time, the business leader wearing a red robe immediately said respectfully: "By the way, I haven't introduced myself yet. My name is Gu Tianhao. I am the temporary leader of the Wanjie merchant group. This time we have many The businessmen gathered together to do a big business in the Empire of Beasts, so we need very powerful geniuses to man our team, because we are bringing a lot of goods this time, and I am afraid of the orc nobles in the Empire of Beasts. They rob us of our wealth because of greed, and this happens from time to time."

Ye Feng nodded slightly and said aloud: "Don't worry, as long as I'm here, there should be no problem as long as you don't encounter a particularly powerful being."

Hearing what Ye Feng said, the business leader Gu Tianhao couldn't help but nodded and said loudly: "We have already seen the strength of the young hero just now. It is very powerful. We now completely believe in the young hero." His strength, by the way, I still don't know the young hero's name."

Ye Feng smiled slightly and said, "My name is Ye Feng."

Chapter 3734 Beast Tide

At this time, after Ye Feng finished speaking, the business leader named Gu Tianhao immediately laughed and said: "Master Ye Feng is really powerful. You said you are an ordinary student at the Wanjie Martial Arts Academy. This I don't believe that you must be a hidden super genius, but I understand that Mr. Ye Feng's character should be relatively low-key."

Hearing what Gu Tianhao said, Ye Feng just smiled slightly and said: "Since you have recognized me, let's go directly to the Empire of Beasts now. I came out this time and took over three high-level tasks in total. It's tight, this is my first mission, I'll hurry up and complete it."

Hearing what Ye Feng said, Gu Tianhao immediately nodded and said quickly: "We will definitely not waste your precious time, Mr. Ye Feng. We will finish it when we go to the imperial city of the Ten Thousand Beasts Empire." For this transaction, we will pay you the corresponding reward, Mr. Ye Feng, and then you can leave directly and do other tasks. "

At this time, Gu Tianhao, the leader of the caravan, looked at the merchants and other guards around him and said loudly: "With the help of such a powerful super genius as Young Master Ye Feng, it seems that our business this time will not be too troublesome. It's a big problem, let's go quickly."

"good."

The surrounding group of merchants and guards all nodded.

Then the group of people immediately left the primitive forest and flew quickly in the direction of the Empire of Beasts.

But just as they were walking, suddenly there were bursts of very violent vibrations in the surrounding primitive jungle.

"Rumble..."

Sensing this vibration, Gu Tianhao, the business leader, couldn't help but change his face immediately, and said loudly: "This violent vibration seems to be a lot of giant creatures running in the primitive jungle." ??

Hearing what Gu Tianhao said, the old businessman next to him seemed to have thought of something, and couldn't help but change his face and said: "Is it possible that there is a tide of ancient evil beasts in the primitive forest? I heard that in this In the orc interface, there are many jungles, primeval forests, and wild forests, all of which are united together. There are many powerful evil beasts living in them. The powerful orc clan often forms a tide of beasts to attack what the human race has established. The major cities."

Hearing what the old leader said, a group of businessmen and guards present showed nervousness in their eyes.

If it were just an ancient evil beast overlord, then Ye Feng, a genius from the extremely powerful Ten Thousand Realms Martial Arts Academy, could easily kill it.

But now, if a tide of beasts really forms, there will be tens of thousands, or even hundreds of thousands, of powerful evil beasts.

It would be really terrifying to all unite and attack the human city.

At this moment, even Ye Feng showed a trace of solemnity in his eyes.

If it was just Ye Feng, there would be no problem.

After all, Ye Feng can easily protect himself by himself.

But you must know that Ye Feng's current mission is to protect the entire caravan.

There are so many merchants from all walks of life in this caravan.

As for the heavily armed armored guards, they probably won't be of much use.

At this time, Ye Feng immediately fell into thinking.

At this moment, Gu Tianhao, the leader of the caravan, immediately looked at Ye Feng beside him and couldn't help but said: "Master Ye Feng, what can you do now? If this wave of beasts really comes, If it forms, even the powerful cities in the empire may not be able to withstand it, let alone our small group of caravans. We will definitely be trampled to death in this primitive jungle and all turned into mud. "

"Wait a moment. I'll go to high altitude to take a look at the situation and see if this beast wave is as huge as we imagined."

Uh-huh!

Ye Feng nodded slightly at this time, suddenly jumped up, flew to high altitude, and looked around in the distance.

Almost at the next moment, Ye Feng suddenly saw the depths of the endless forest. There were indeed many tall evil beasts, flying towards this side crazily.

Obviously, a tide of beasts has indeed appeared.

I just don't know who is behind the scenes.

It is very likely that it was initiated by the orcs living in the primitive forest.

Ye Feng descended from high altitude, and Gu Tianhao immediately couldn't help but asked: "Master Ye Feng, how is the situation?"

Ye Feng's face was a little solemn, and he said loudly: "A tide of beasts has indeed formed. It is very terrifying, and there are many ancient evil beasts in it."

Hearing what Ye Feng said, all the members of the chamber of commerce present couldn't help but change their faces.

Among the group, a Wanjie businessman seemed to be very timid. He immediately started crying and said, "I haven't even made enough money to go home and marry a wife. I didn't expect to die here!"

There was a "pop" sound!

Another businessman next to him gave the timid businessman a slap in the face and said loudly: "There is a super genius from Wanjie Martial Arts Academy like Mr. Ye Feng here, listen to his opinion first, don't be so downcast, it will affect Morale, I haven't even married my eighth wife yet, I'm not afraid, so what are you afraid of?"

Ye Feng suddenly spoke up at this time: "This group of beasts will soon be completely formed. I guess they want to attack the border city of the Beast Empire. Let's leave this primitive forest now. Before this wave of beasts completely Before it was formed, entering the border of the Empire of Beasts

In Xinjiang City, it might be possible to escape this disaster. "

Hearing what Ye Feng said, Gu Tianhao, the leader of the Chamber of Commerce, immediately couldn't help but nodded, looked at the group of Chamber of Commerce members around him, and said loudly: "Master Ye Feng is right, our current personal strength is Unable to withstand such a terrifying tide of violent beasts, our only chance now is to leave this primitive jungle as soon as possible and enter the nearest border city of the Beast Empire, as Young Master Ye Feng said. There must be something in there. Protected by the strong men of the Ten Thousand Beast Empire, and with towering city walls for defense, they might be able to escape this beast tide."

Hearing what Gu Tianhao said, all the Wanjie merchants and guards present nodded and said nothing more.

Everyone quickly rushed out of the virgin forest.

But everyone's speed was still a little slower after all.

After they flew for half an hour, before they left the primeval forest, various powerful evil beasts appeared behind them.

Everyone immediately saw that among these countless ancient evil beasts, there were majestic giants with several kilometers of golden scales all over their bodies, there were also evil beasts that looked like giant crocodiles, and there were also some that were emitting a pitch-black light. The giant python, with its entire body measuring hundreds of thousands of meters long, is hovering in the primeval forest. It looks very shocking and has a terrifying visual impact...

At this moment, everyone saw this terrifying scene and felt that they had arrived in the primitive world, as if the ancient myths and legends had reappeared.

At this time, Ye Feng immediately looked at the group of merchants from the Wanjie Chamber of Commerce around him and said: "There is no time now. The first wave of these ancient evil beasts has already caught up with them. I will stay to resist them. Attract their attention, and you quickly flee towards the border city of the Beast Empire outside the primeval forest. As long as you can step into the border city, you should be safe for the time being. I will meet you again then."

Hearing what Ye Feng said, Gu Tianhao's eyes immediately trembled.

And except for Gu Tianhao, all the merchants in the Wanjie Chamber of Commerce showed deep shock on their faces.

"Master Ye Feng, you really sacrificed your life for justice!"

At this time, all the Wanjie merchants present and the guards were moved.

Unexpectedly, Ye Feng would be so sacrificial for others, letting them go first while he stayed to break up the rest.

After all, Ye Feng is about to face so many terrifying ancient evil beasts!

All of them are ferocious and boundless giant beasts born in the primitive jungle of this orc interface. They are very terrifying and will be torn apart if they are not careful.

Ye Feng smiled slightly at this time and said aloud: "My duty in this mission is to protect your entire caravan. At this critical moment, naturally I will stay behind.

Stop talking nonsense, hurry up and run, don't let all my hard work go to waste. "

Hearing what Ye Feng said, Gu Tianhao, a man who had seen strong winds and waves all year round, couldn't help but be moved to tears and said quickly: "As long as we escape this time, after our business is completed, I will definitely give you three times the reward, Mr. Ye Feng!"

After finishing speaking, Gu Tianhao immediately took all the members of the Chamber of Commerce and quickly ran towards a border city of the Beast Empire outside the primitive jungle.

Ye Feng saw everyone leaving at this time. There was no fear on his face. Instead, he showed a trace of expectation and excitement. He looked at the various orc interfaces that were flying behind him. Ancient evil beast.

Ye Feng immediately couldn't help but said: "Without this group of trolls, I can finally let go and fight alone! I don't know if these extremely powerful ancient evil beasts of the primitive forest can The Hongmeng Immortal Body blocking my fifth level is a living and huge source of nourishment!"

Boom!

The moment Ye Feng finished speaking, an extremely terrifying aura of energy suddenly burst out from his body. In an instant, he rushed towards the front crazily, his whole person's fighting spirit overwhelming!

For Ye Feng, those ancient evil beasts that may seem very ferocious in the eyes of others are huge nourishment.

If you can kill and devour them, the vast blood energy will definitely increase your skill unparalleledly.

This made Ye Feng very happy inside.

Sure enough, if you take on various tasks in the Wanjie Martial Arts Academy and go to each interface, you will not only be able to get the reward after completing the task, but also may encounter various opportunities and fortunes randomly during the task.

For Ye Feng, this wave of beasts formed in the primitive jungle of the orc interface is a huge opportunity in Ye Feng's heart.

Because if Ye Feng had been staying in the Ten Thousand Realms Martial Arts Academy, or in the advanced realm of the Origin World, he would never have encountered so many powerful waves of evil beasts for a while.

And even if you encounter a beast tide in the advanced realm of the Origin World, it will probably be a very terrifying beast tide.

The cultivation level of those ancient evil beasts was far higher than his own. Even if Ye Feng wanted to kill and devour them, he had no ability.

But in this orc interface, in this relatively ordinary interface, the cultivation level of these ancient evil beasts is not much higher than that of Ye Feng, which is just suitable for Ye Feng to kill and devour.

And now you need to know that after Ye Feng's Hongmeng Immortal Body was baptized by the Holy Mountain, it directly transformed into the early stage of the fifth level.

The Hongmeng Immortal Body on the fifth level must be very terrifying, so Ye Feng has the confidence to go head-to-head with these ancient evil beasts.

Chapter 3735 Unknowingly

At this time, Ye Feng fully unleashed his Hongmeng Immortal Body and rushed to the front.

At this time, Ye Feng first faced two very huge ancient evil beasts.

One is an ancient giant covered with golden scales, and the other is a huge python covered with pitch black scales.

This golden ancient giant and giant python, each body is towering and boundless, tens of thousands of meters long, standing tall against the sky and the ground, looking very terrifying, as if it can crush an ancient city in an instant.

The aura of cultivation emanating from them was not clear, and Ye Feng could not detect the specific realm level.

But Ye Feng can sense that the combat power of these ancient evil beasts is probably comparable to an ordinary strong man of the tenth level of the Sky-Peeping Realm.

At this moment, Ye Feng first rushed towards the golden giant and punched him hard.

Seeing Ye Feng, a thing as big as an ant, rushing toward him and even waving his fist at him, this golden giant with golden scales all over his body immediately showed deep contempt in his eyes. color.

Buzz!

It just casually stretched out a big hand that covered the sky, almost covering the entire sky, and suddenly bombarded Ye Feng in front of him, trying to pin Ye Feng to death casually.

"Boom!!"

But the moment Ye Feng's small fist hit the golden giant's palm, a terrifying and monstrous power suddenly burst out.

Ye Feng's small body seemed to contain the overwhelming power of gods and demons, which instantly shattered the golden giant's palm into pieces.

"ah!!"

Almost at this moment, the golden giant immediately let out a painful scream.

The entire towering body quickly retreated towards the rear.

Because Ye Feng gave him such a terrifying feeling.

One of his palms,

It was directly blown to pieces, which was really terrible.

Uh-huh!

At this moment, Ye Feng didn't hesitate at all. He rushed forward and laughed loudly: "The Hongmeng Immortal Body on the fifth level is really terrifying. If you confront me head-on, you will definitely seek death."

At this moment, Ye Feng circulated the space gem, flashing above the head of the golden giant, and then stepped down hard with one foot.

Boom!

Ye Feng's foot crushed the golden giant in one fell swoop.

"Roar!!"

At this moment, a huge python not far away rushed over, opened its bloody mouth, and swallowed Ye Feng in one fell swoop.

But before the giant python could show its happy expression, he felt his stomach churn.

Boom!

Ye Feng punched out hard, blasting open the belly of the huge python, and the whole person flew high into the sky.

Wow!

The huge python's entire towering body suddenly fell to the ground, smashing a large area of the mountain.

At this moment, Ye Feng directly released the Devouring Domain and began to devour the two ancient evil beasts that he killed instantly.

If this scene were seen by other members of the caravan, their eyes would definitely be shocked.

Because Ye Feng's fighting power is so powerful.

Ye Feng didn't use any inheritance at all. He had already produced such terrifying destructive power just by relying on the power of his extremely powerful body.

But it has to be said that Ye Feng's most powerful thing is not his soul power or any inherited magic power, but his own body.

because of leaves

This time, Feng was baptized by the Holy Mountain of Haoran Academy, and his Hongmeng Immortal Body instantly rose to three levels, directly transforming into the fifth level of Hongmeng Indestructible Body. Therefore, Ye Feng's most powerful thing now is naturally his physical strength.

Rumble...

And just when Ye Feng was about to devour the blood and energy of these two behemoths, countless ancient evil beasts gathered around him.

They all roared and roared, besieging Ye Feng, and actually chose to unite together to surround and kill Ye Feng using the human sea tactic.

Ye Feng smiled coldly at this time, and without any hesitation, he directly released the body of the ancient gods and demons that he had refined before. .??.

This is a big killer!

Especially for human wave tactics.

Boom!

Almost at this moment, a majestic and towering figure appeared in Ye Feng's storage ring.

It is the body of the ancient gods and demons!

The body exuded a terrifying and boundless aura, exuding an ancient and boundless aura of immortality, which made Ye Feng feel a boundless feeling of terror at this moment.

Ye Feng's eyes suddenly lit up at this moment. The moment the ancient gods and demons' bodies appeared, the countless evil beasts that rushed over were directly trampled to pieces by the ancient gods and demons' bodies.

Suddenly infinite blood appeared.

"boom!"

Ye Feng released the Devouring Domain, wildly devouring the ancient evil beasts that were crushed by the bodies of ancient gods and demons.

Although these ancient evil beasts are extremely powerful evil beasts bred in the primitive forests of the orc interface, they are still too weak compared to the bodies of ancient gods and demons.

So at this moment, these ancient evil beasts had no blocking power at all. The bodies of the ancient gods and demons were easily trampled to pieces, which was simply devastating.

"Crash!"

\u003c

At this moment, Ye Feng immediately received a steady stream of blood energy and began to devour it crazily.

The skill in his body, including his cultivation aura, is growing rapidly.

"boom!"

A glimpse into the first level of heaven!

"boom!"

Peep into the second level of heaven!

"boom!"

Peep into the third level of heaven!

"boom!"

Peep into the fourth level of heaven!

"boom!"

Peep into the fifth level of heaven!

"boom!"

Peep into the sixth level of heaven!

At this time, Ye Feng's cultivation level had grown unparalleled, and he had broken through so many heavens in a row.

At this moment, Ye Feng looked around and found that all the ancient evil beasts had been trampled to pieces by the bodies of ancient gods and demons, devoured by him, and had become shriveled up.

Ye Feng couldn't help but have a look of astonishment in his eyes, and murmured, "Am I the only person who unknowingly wiped out the entire beast tide?"

And just when Ye Feng murmured, suddenly several primitive orcs wearing animal skin robes flew over not far away.

The auras emanating from these orcs were very terrifying and mysterious, making Ye Feng feel solemn and nervous for a moment.

These orcs immediately stared at Ye Feng, their eyes glowing red with a look of astonishment.

An orc looked at the tragic situation of countless ancient evil beasts around him, and suddenly said in horror: "When did such a powerful existence appear in this primitive forest? All the beast tides we have worked so hard to build were given to Kill it! This kid must be captured back to the tribe and studied carefully. Maybe he can be tamed into a powerful human puppet."

Chapter 3736 Hard fight

At this time, this group of orcs were talking, their eyes full of deep greed.

Although Ye Feng burst out with extremely powerful power, he wiped out all the waves of ancient evil beasts they had combined.

But this also made this group of orcs understand that the terrifying power of Ye Feng's body was many times more powerful than the ancient evil beasts they had formed.

So at this time, these orcs actually took a fancy to Ye Feng's body and wanted to refine Ye Feng into an extremely powerful human puppet.

I have to say, these orcs are really very thoughtful.

At this time, Ye Feng showed a hint of surprise in his eyes.

It seems that they did not expect that such a terrifying tide of beasts was actually launched by these beastmen.

It seems that these orcs living in the primeval forest of the orc interface are very unusual and different from what I imagined.

Because according to Ye Feng's previous imagination, the orcs should be very powerful, very tall, and very savage.

However, these orcs seemed to have been awakened to innate wisdom, exuding a very powerful mental power fluctuation, but their physical constitution did not make people feel very powerful.

In other words, the orcs living in this orc interface have actually unlocked spiritual talents, which can be used to control various ancient evil beasts, gather together to form a beast tide, and then attack the human cities in this interface.

Ye Feng was not too afraid at this moment.

Although these orcs stared at him like a lamb waiting to be slaughtered, Ye Feng's soul power was not weak at all.

If a fight really breaks out, Ye Feng is not afraid of these orcs.

However, Ye Feng could also feel that the mental power emanating from these orcs was very terrifying, and they were definitely not ordinary beings.

At this moment, Ye Feng tried to retreat, wanting to stay away from here.

After all, after Ye Feng wiped out the entire beast tide this time, he had already devoured a lot of blood and energy, and his cultivation level had improved a lot, which made Ye Feng very satisfied. There was no need to provoke these beasts that came out of the depths of the primitive forest. The extremely mysterious orc clan.

But at this time, when the orcs saw that Ye Feng seemed to want to leave, they immediately raised their scepters.

Then their scepters immediately formed an emerald green chain, instantly locking Ye Feng's entire body.

boom!

At this moment, Ye Feng directly released the thunder mark.

A bolt of thunder and lightning burst out directly from the center of Ye Feng's eyebrows and bombarded the surroundings, instantly shattering all the emerald-green soul chains that locked him.

"Um?"

When these orcs saw this scene, there was a hint of surprise in their eyes.

They never thought that Ye Feng was not only so powerful physically, but also a being who could use the power of soul and spirit.

An orc immediately couldn't help but said: "This kid is too mysterious. Not only is his physical strength capable of going head-to-head with the ancient evil beasts we summoned, but his mental power is also so powerful, and he even has a special and incomparable spirit." Thunder talent in this area is really rare. We must imprison this kid and bring him back to the tribe. Let the clan leader study this kid carefully and try to take out his talent by force, and then let the clan leader absorb it. Then the clan leader can become a more powerful person. With a powerful existence, our tribe will become stronger and stronger in the depths of the primeval forest."

Hearing these orcs say this at this moment, Ye Feng's eyes showed surprise.

I didn't expect this tribe of orcs

The clan leader is actually able to plunder other people's talents and merge them into his own body.

This is a very mysterious method!

Uh-huh!

At this moment, Ye Feng flew directly towards the distance.

The orcs behind them immediately erupted into terrifying mental fluctuations.

That kind of mental power fluctuation is actually stronger than Ye Feng's soul power.

Ye Feng's eyes showed surprise.

These orcs living in this primeval forest are really powerful.

Sure enough, there are people outside the world, there is a sky outside the sky, and every mountain is higher than the other.

There are always more powerful and mysterious beings in this world.

Therefore, Ye Feng did not want to confront these orcs head-on at this time.

Because Ye Feng discovered his thunder mark just now, he was unable to fight against these orcs for the time being.

So Ye Feng naturally wanted to leave this primitive forest at this time.

He has already obtained the blood of so many ancient behemoths and has earned enough.

However, Ye Feng wanted to leave, but these orcs did not agree.

Uh-huh! Uh-huh! Uh-huh!

There were several orcs in total, all of whom used a special kind of mental power fluctuation to unite together to form a mental power field that directly enveloped Ye Feng.

At this moment, Ye Feng immediately felt that his spirit was trapped in a huge spiritual field, unable to move, and his entire body could not move either.

"What?"

This made Ye Feng's eyes look surprised.

These orcs are really good at spiritual research.

Thunder mark!

At this moment, Ye Feng did not hesitate and continued to explode

Send out a thunder mark.

Because Ye Feng cannot completely control the soul gem for the time being, he can only control it through Emperor Chu to fight against the divine thoughts that invade his mind.

But these orcs did not enter his mind, so Ye Feng's active attack methods now, in addition to the powerful method of Thunder Mark, are the revenge soul spear and the ghost attracting flag.

But now Ye Feng suddenly discovered that after his spirit fell into the spiritual realm released by those orcs, he was unable to use soul-level treasures such as the revenge soul spear and the ghost attracting flag.

It's like his soul means are all trapped by the lock, and he can only release the thunder mark.

"Spiritual storm!"

At this moment, several orcs surrounding Ye Feng united and released an extremely powerful soul attack method, Spiritual Storm.

Wow!

Suddenly, a huge spiritual storm formed in the entire spiritual field, which actually trapped Ye Feng's thunder mark and was unable to escape.

This made Ye Feng's eyes look horrified.

And at the next moment, several orcs came in front of Ye Feng and controlled Ye Feng's spirit, making Ye Feng unable to move.

It must be said that these orcs were so smart. They knew that Ye Feng's body was very powerful, so they deliberately avoided Ye Feng's body and controlled Ye Feng's spirit in advance.

At this moment, Ye Feng was actually controlled and was forcibly taken away by these orcs, flying quickly towards the depths of the primeval forest.

It seems that they are planning to capture Ye Feng into their tribe and plunder Ye Feng's soul-level thunder talent.

Ye Feng's eyes had a downcast look. He didn't expect that this time he would encounter a difficult situation. His strong physique was completely useless and his mental level was controlled.

Chapter 3737 Found the reason

Ye Feng never thought that one day he would kick an iron plate and be imprisoned.

At this moment, Ye Feng's whole spirit was imprisoned, and these orcs flew quickly towards the depths of the primeval forest.

Ye Feng looked at the farther and farther edge of the forest, with a helpless smile in his eyes.

Unexpectedly, I originally wanted to leave this primitive forest, but now I was forced to enter the depths of the primitive forest.

Being captured by these orcs was really unexpected.

However, Ye Feng didn't feel too panicked at this time.

The physiques of these orcs are very weak, so they cannot destroy their own physiques at all.

Even if Ye Feng is imprisoned now, these orcs cannot kill him.

If they want to obliterate their souls, as long as they dare to enter their own minds.

Then Emperor Chu controls the soul gem and can destroy all intruders.

So although Ye Feng was imprisoned at this time, he was not too scared.

On the contrary, Ye Feng's eyes showed a trace of expectation.

I wonder what these special orc tribes look like?

And just when Ye Feng was thinking in his heart, suddenly these orcs brought Ye Feng down from the sky.

Soon Ye Feng saw an antique tribe standing deep in the primeval forest.

The surrounding environment is very good, with towering trees everywhere and rivers in the forest.

This orc tribe is located next to this river, with beautiful mountains and clear waters.

But Ye Feng saw a very cruel scene.

I saw that many humans in the entire orc tribe were arrested.

Many humans were disemboweled, seemingly for research purposes by the orc tribe, which was very miserable.

There are also many surviving humans who are still imprisoned in this orc tribe.

in prison.

However, after Ye Feng was brought back by these orcs, he was not directly put into a prison specially designed to imprison humans.

Because Ye Feng is so special, he has an extremely powerful physique, and he also possesses the mental talent of thunder.

So the orcs who captured Ye Feng, as if asking for credit, immediately took Ye Feng to the center of the orc tribe and entered a wooden house in the center.

In this ordinary-looking wooden house, Ye Feng saw a lot of orcs wearing noble clothes staying inside.

Obviously, these orcs must have a very high status if they can wear such luxurious clothes.

And standing in the middle was an old orc.

The eyes of this old orc man exuded a green light, and his body was very thin and dry, as if he was about to be buried.

But Ye Feng could feel a vast spirit from this old orc man, like a spiritual whirlpool, which made Ye Feng's soul seem to be affected at this moment.

Ye Feng's eyes were immediately startled. It seemed that this was the leader of the orc tribe.

As expected of the leader of the orc tribe, his soul power is terrifying and majestic, like a vast ocean.

But Ye Feng is not afraid at all.

As long as this orc old man dares to directly invade his mind, the soul gem will definitely let this orc old man know what real power is.

And just when Ye Feng was thinking secretly in his heart, those orcs who imprisoned Ye Feng walked directly into the wooden house, came to the old orc man, and said respectfully: "Honorable patriarch, we When the beast tide was launched outside, I accidentally captured a very magical human boy. Not only did this human boy have a strong body that could go head-to-head with ancient evil beasts,

He also possesses the talent of thunder on the spiritual level, which can release the thunder on the spiritual level to attack our soul chains. "

Hearing what these orcs said, the old orc man couldn't help but his eyes lit up. His oily green eyes stared directly at Ye Feng. He seemed to be greedy and said aloud: "It turns out to be a spiritual person." The thunder talent is very rare. I want to plunder the thunder talent of this human boy and integrate it into my spirit. In this case, I will get the mental power of thunder attribute and start a war with other tribes. , our chances of winning will be much greater, and our tribe will become even more brilliant by then."

Hearing what the old orc man said, the orcs who imprisoned Ye Feng immediately said respectfully: "We brought this human boy back just to make the patriarch stronger and stronger."

The old orc man nodded slightly, and then said loudly: "You did a good job this time. You have captured such a magical human boy. I will reward you."

After finishing speaking, the old orc man took out the stones that exuded the light of the soul from his storage ring, and then handed them to the orcs in front of him.

When these orcs saw these stones that exuded the light of souls, they immediately became overjoyed and quickly swallowed them.

Buzz! Buzz! Buzz!

Almost at the next moment, the mental fluctuations of these orcs immediately became much stronger.

These orcs immediately said respectfully: "Thank you very much for the reward, the patriarch. We will definitely continue to serve the patriarch."

After saying that, the orcs immediately retreated and left the cabin.

Seeing this scene, Ye Feng, whose mental power was imprisoned in the wooden house, showed a hint of surprise in his eyes.

This was the first time he saw a stone that could be swallowed directly to increase spiritual power.

You know, the spirit and the soul are connected.

If Ye Feng

If you get this kind of stone, swallow it and grow your own spirit, your soul power will also grow accordingly.

This was Ye Feng's first time seeing such a magical stone.

Because before Ye Feng, what he had always obtained were basically ores that could increase his mana and skill.

But this is really the first time Ye Feng has encountered this kind of ore that can be swallowed directly to enhance his spirit and soul.

Ye Feng couldn't help but secretly wonder, is there a mineral vein around this orc tribe that can specifically enhance spiritual power?

"This must be the case, that's why this group of orcs can unlock spiritual talents."

Ye Feng finally figured out something at this time.

Because orcs are known for their strong physiques.

However, the orcs in the orc tribe that Ye Feng encountered in the orc interface were extremely powerful in spirit, even surpassing himself.

There must be a reason for that.

Now Ye Feng found the reason!

It must be this kind of mineral ore that can specifically enhance mental power, which can give these orcs the spiritual talent.

Ye Feng's eyes suddenly became excited and expectant.

If he could get an entire vein of minerals that could enhance his spiritual and soul level and swallow them all, then Ye Feng wouldn't even dare to imagine what level his soul power would be raised to.

Thinking of this at this moment, Ye Feng immediately showed a happy look on his face.

At this moment, the orc old man stared at the inexplicable happy look on Ye Feng's face, and immediately smiled coldly, and said loudly: "You are almost dead, but you are still so happy. It seems that you, a human boy, have a very sad mentality. OK."

When Ye Feng heard the orc old man say this, the smile on his face immediately disappeared.

Ye Feng suddenly realized that the most important thing for him now was to think about how to get out of trouble.

Chapter 3738 Unable to Destroy

At this time, Ye Feng was secretly thinking about a way to escape.

Because for Ye Feng, the most important thing now is not to get an entire soul vein.

The most important thing for him now is how to escape from this group of mysterious orcs.

But just when Ye Feng was thinking, the old orc in front of him suddenly stretched out his hand and pressed it on Ye Feng's Tianling Cap.

Buzz!

Then the green light in the eyes of the old orc man suddenly became very strong.

The spiritual thought of the old orc man flew directly out of the old orc man's head, and then penetrated into Ye Feng's Tianling Cap.

Seeing this scene, Ye Feng suddenly grinned.

This old orc man obviously wanted to kill his own spirit and soul first.

However, this is definitely the worst decision the orc old man has ever made in his generation.

Boom!

Sure enough, the moment the orc old man's spiritual thoughts entered Ye Feng's mind, a bright golden divine light burst out from Ye Feng's head, which immediately severely damaged the spirit and soul of the orc old man. .

Kick, kick, kick!

Almost at the next moment, the old orc who was pressing Ye Fengtian's spiritual cap, the leader of the powerful and mysterious orc tribe, couldn't help but take several steps back.

The next moment, the old orc man's old face suddenly became extremely pale, and even his seven orifices began to bleed.

However, what made Ye Feng quite disappointed was that the old orc did not die directly, but his soul was severely damaged and he was bleeding from all his orifices. It was obvious that he must have suffered huge damage.

At this time, a group of other orc nobles standing around immediately changed their expressions. They immediately supported the old orc man and asked anxiously: "Patriarch, are you okay? What happened? Why did such a bright golden light suddenly burst out from this kid's head? It gave us a very scary feeling. "

Hearing this group of orc nobles ask this question, the old orc man immediately said in horror: "There is something in this human boy's mind.

It contains a very terrifying spiritual treasure. Even my huge spiritual power and divine thoughts are unable to resist that extremely powerful treasure. Fortunately, I withdrew quickly, otherwise I would have been obliterated. "

After finishing speaking, the frightened eyes of the orc old man suddenly revealed a deep greed, and he said loudly: "This human boy has really given me many surprises. Not only does he have the spiritual power of thunder, Talent, and with such a terrifying spiritual treasure in my mind, I must kill this kid completely and take away all the good things from him! This is a huge opportunity for me! It's full of treasures!"

Hearing what the old orc man said, Ye Feng secretly thought it was a pity.

At that moment, Emperor Chu had indeed activated the terrifying power of the Soul Gem.

But after all, it was impossible to completely destroy the spirit of this old orc man.

Because you must know that this old orc is the leader of the entire orc tribe, and his spiritual and spiritual power is very terrifying.

Moreover, this old orc man was very decisive and clever. The moment he touched the terrifying golden light of the soul gem, he immediately retreated.

Therefore, his spirit was only severely damaged, but not completely wiped out.

At this moment, the old orc man wiped away the blood flowing out of his seven orifices, stared at Ye Feng in front of him, and said loudly: "We must find a way to kill this kid completely. It is no longer possible to directly obliterate his soul. I did it, because even I can't invade the spiritual world in his mind, and now I can only kill his body."

After finishing speaking, the old orc man immediately took out a big ax that exuded bright golden light and said loudly: "This ax is a powerful weapon inherited by our orc tribe. I want to chop this kid into pieces directly." Two halves."

Boom!

Almost at this moment, the old orc man was very cruel and ruthless, and immediately took this handful of dazzling gold.

Guang's big ax struck Ye Feng's head hard.

"Crack!"

But at the next moment, what shocked countless orcs present was that the huge ax in the hands of this old orc man struck Ye Feng's head, but it did not cause any damage to Ye Feng's head at all. Not even a single hair of Ye Feng was cut off.

The big ax in the old orc's hand had several cracks, and it was obvious that it would be completely shattered in the next moment.

"What??"

Seeing this scene, the countless orc nobles present widened their eyes.

Even the old orc man couldn't help but open his mouth wide when he looked at the cracked ax in his hand. He was obviously extremely shocked.

They probably never thought that the power of Ye Feng's body would be so terrifying and impossible to destroy.

The orc old man immediately shouted: "Let the beast puppet from our tribe come over, I don't believe that we can't break this kid's body."

After finishing speaking, the orc old man led a group of orc nobles and took Ye Feng directly out of the wooden house and came to the center of the tribe.

In the middle area, an orc directly controlled a huge beast puppet and ran over with a rumble.

This huge savage beast is completely dead, but this savage beast has been refined by these orcs into a very terrifying puppet. Its whole body is made of a kind of iron ore, and it looks very majestic and deep.

The orc who controlled this savage beast puppet immediately said with great confidence: "Don't worry, Lord Patriarch, my savage beast puppet is the most advanced savage beast puppet in our tribe. Made of iron ore, even the steel city built by the human race cannot withstand the impact of a beast puppet like me. I, a beast puppet, can definitely smash a mountain into pieces in an instant. This kid is sure He will be crushed by my beast puppet in an instant."

Boom!

Boom!

After saying that, the orc immediately controlled the huge beast puppet. Like a war weapon, he came directly in front of Ye Feng and trampled it down hard.

Boom!

Almost at this moment, the beast puppet stepped directly on Ye Feng. Ye Feng was mentally controlled now, so he could not move. He could only stand in place and let the beast puppet trample on him.

But at this moment, when the giant beast puppet, a huge steel guy, stepped directly on the top of Ye Feng's head, the sole of his foot was directly hit by Ye Feng's head, creating a huge hole.

"Crash!"

Then the beast puppet was suddenly knocked away by a huge counter-shock force, fell hard in the distance, and was scrapped on the spot.

"What??"

Seeing this scene, all the orcs present widened their eyes. They couldn't believe that the beast puppet, which could smash a steel city in an instant, was crippled by Ye Feng's head.

"How tough is this?"

Many of the surrounding orcs couldn't help but exclaim in surprise.

"how so?"

At this time, the old orc man probably had the ugliest expression on his face.

Because Ye Feng clearly contains everything he wants, including the soul-level treasure that exudes golden light, and Ye Feng's spiritual talent for thunder. These are all things the orc old man wants.

But now I can't get it.

The orc old man did not dare to invade the spirit in Ye Feng's mind, and now he cannot destroy Ye Feng's powerful body.

Even if Ye Feng stood there, not moving, and allowed them to destroy him at will, they would not be able to harm Ye Feng at all.

Naturally, the orc old man was a little helpless and shouted angrily: "All tribesmen, please find a way for me to destroy this human kid's body! Whoever can think of a way to destroy this kid's body, my clan leader promises to give it to him." A huge reward! Even if he becomes a candidate for the next generation of clan leaders!"

Chapter 3739 Alchemy Furnace

At this moment, when the orc old man said this, countless orcs in the entire orc tribe showed deep excitement and excitement in their eyes.

Because the rewards given to them by the orc old man were really too generous.

Swish, swish, swish!

Swish, swish, swish!

At this moment, all the orcs gathered together, staring at Ye Feng who stood unable to move in the middle area, with deep thinking in their eyes.

They were thinking about how to destroy this human boy's body, which was as solid as divine iron.

At this moment, an orc suddenly couldn't help but said: "By the way, the most powerful and advanced alchemy furnace in our tribe can dissolve everything in the world. Maybe throw this kid into the alchemy furnace inherited from the ancient times." In the furnace, he can be burned to ashes."

Hearing what the orc said, the old orc couldn't help but said with bright eyes: "You are right, that alchemy furnace is an ancient alchemy furnace passed down by the first generation ancestors of our tribe. The pulp is very terrifying and can melt everything in the world. Throwing this human boy into it will definitely break his body defense. "

Almost at this moment, the old orc and all the orcs in the entire tribe gathered together, then quickly lifted Ye Feng up and walked quickly towards a certain direction deep in the tribe.

"It's just too cruel."

At this time, many other imprisoned human slaves in the tribe could not help but sigh and shook their heads, sighing for the tragic fate that Ye Feng was about to face.

At this time, Ye Feng was quickly carried by the orc old man to the deepest part of the orc tribe.

Here, in a huge open space, an alchemy furnace with a height of several hundred meters appeared unexpectedly.

This alchemy furnace is very old, with ancient totems engraved on it, exuding a terrifying and mysterious power.

It can be seen that there is an ethereal flame at the bottom of the alchemy furnace, burning the entire alchemy furnace, making the alchemy furnace exude an extremely hot atmosphere at all times.

You can imagine how terrifying the temperature inside this alchemy furnace is.

Uh-huh!

At this moment, the orc old man did not hesitate and threw Ye Feng in his hand into the alchemy furnace.

There was a "clang" sound!

Then the old orc man directly closed the lid of the alchemy furnace.

Now Ye Feng couldn't escape even if he wanted to.

At this moment, all the orcs were standing in the open space outside the alchemy furnace, staring at the alchemy furnace, as if they wanted to see when they would be able to

Let Ye Feng be completely burned to ashes.

At this moment, the old orc man also had a look of expectation on his face.

He didn't want to burn Ye Feng to ashes, otherwise he wouldn't be able to plunder Ye Feng's talent.

He just wanted to use the terrifying high temperature in this alchemy furnace to directly break Ye Feng's body-protecting power.

In this case, the orc old man can rob Ye Feng of all his talents.

At this moment, the old orc and all the orcs in the entire orc tribe were closely observing the movement of the alchemy furnace.

Ye Feng was thrown into the alchemy furnace.

At this moment, Ye Feng immediately felt a very terrifying temperature.

"This is....."

Ye Feng looked down and found that the entire alchemy furnace was very huge, like a small world. It seemed to be a small world inside.

At this moment, under the alchemy furnace, there is a huge molten lava flowing and rolling. It looks very scary, and it seems that it can really burn everything.

Ye Feng's spirit was still imprisoned, so he was unable to move at this time and could only fall freely into the rolling molten water under the alchemy furnace.

"Buzz!"

At this moment, Ye Feng suddenly felt a terrifying high temperature, which was rapidly burning his entire body.

Ye Feng felt a terrifying power of fire that was about to burn his entire body into ashes and powder.

However, Ye Feng's Hongmeng Immortal Body is very powerful after all. After all, after being baptized by the Holy Mountain of Haoran Academy, Ye Feng's Hongmeng Immortal Body has entered the fifth level, so Ye Feng's current body strength is stronger than his current body. I don't know how strong my cultivation level is.

So at this time, Ye Feng's Hongmeng Immortal Body was actually able to withstand the burning of the molten lava in the alchemy furnace.

But at the next moment, what made Ye Feng's expression change was that the molten slurry in the alchemy furnace was getting hotter and hotter as time went by.

This made Ye Feng's eyes look urgent.

At this moment, Ye Feng knew that he had to find a way to escape immediately.

Otherwise, he might really be burned to ashes by the billowing molten slurry in this alchemy furnace.

But at the next moment, Ye Feng suddenly discovered that as the temperature of the molten magma became higher and higher, although he

My Hongmeng Immortal Body is somewhat unable to withstand it, and the skin of my entire body is about to be burned.

But Ye Feng suddenly discovered that the burning power of the billowing molten liquid in the alchemy furnace could actually burn his own spirit and soul.

The seals that trapped Ye Feng's spirit began to melt and loosen in the rolling lava.

Ye Feng's face suddenly showed a look of joy.

Boom!

Suddenly at a certain moment, just when Ye Feng's Hongmeng Immortal Body was about to be unable to withstand the burning of the rolling lava, the seal in Ye Feng's spirit was suddenly burned and shattered by the power of the flames in the rolling lava. Come on.

"boom!"

At this moment, Ye Feng suddenly burst out with a terrifying aura.

Ye Feng's spiritual seal was finally completely broken.

Ye Feng is now out of trouble.

At this moment, Ye Feng did not leave the alchemy furnace directly.

Because Ye Feng knew that there were even more terrifying old orcs outside, as well as other orc nobles in this orc tribe, and their use of mental power was also very terrifying.

At this moment, Ye Feng stared at this ancient alchemy furnace with a thoughtful look in his eyes.

This alchemy furnace can not only burn the physical body of a living being, but also the spirit and soul level of a living being, which shows that this alchemy furnace is very extraordinary.

At this time, the Demon Ancestor in the space between his eyebrows suddenly couldn't help but said: "Ye Feng, where are you now? Why do I feel a very familiar aura?"

When Ye Feng heard what the Demon Ancestor said in his eyebrows, he couldn't help but said: "I am in the primitive forest of the orc interface, in an ancient orc tribe, and I am currently being refined by an ancient alchemy furnace. It's going to be a pill soon."

Hearing what Ye Feng said, the Demon Ancestor in his eyebrows immediately opened his eyes and looked out from Ye Feng's eyebrows.

He saw the rolling lava around him, as well as the walls of the huge alchemy furnace.

In particular, there are some ancient totems engraved on the walls, which seem to contain some special meaning.

Seeing this scene, Demon Ancestor suddenly said: "I seem to have been to the orc interface before, and the alchemy furnace your boy is in seems to have been the natural weapon of a super strong man with the flame attribute who fought with me. , this alchemy furnace is very special. It seems that it can not only attack the enemy's physical body, but also

It can also attack the enemy's spiritual soul. "

Hearing what the demon said, Ye Feng's eyes suddenly lit up, and he couldn't help but say: "This alchemy furnace is actually an ancient weapon? In that case, if I refine this alchemy furnace, maybe It will be able to fight against the strong men in this orc tribe, because the molten liquid in this alchemy furnace is really terrifying and can deal with these orcs on the spiritual level. "

After Ye Feng finished speaking, he immediately asked in his mind: "Demon Ancestor, how should I refine this alchemy furnace?"

Demon Ancestor spoke out at this time: "You should have seen many ancient totems on the inner wall of this alchemy furnace, right?"

Hearing what Demon Ancestor said, Ye Feng immediately looked around, nodded, and said, "There are indeed many ancient totems engraved on the inner wall of this alchemy furnace."

Demon Ancestor immediately nodded and said loudly: "When I fought with that powerful man, he used this alchemy furnace to input mana into the totem on the inner wall of the alchemy furnace, stimulating the power of the totem. , so that it can explode with terrifying power. By analogy, boy Ye Feng, if you want to refine this alchemy furnace, I think you can try to use magic power to input the totems imprinted on the inner wall of this alchemy furnace. , maybe we can directly use it to refine the entire alchemy furnace."

Hearing what Demon Ancestor said, Ye Feng immediately nodded, then flew to the high altitude of the inner space of the alchemy furnace and came to the inner wall.

The next moment, Ye Feng stretched out his hand and touched a totem on the inner wall of the alchemy furnace.

Buzz!

Almost at this moment, Ye Feng directly input his extremely powerful magic power without any hesitation.

With the input of Ye Feng's mana, Ye Feng suddenly discovered that the totem imprinted on the inner wall of the alchemy furnace in front of him began to emit layers of bright light.

Ye Feng can feel that when he inputs his own mana into this totem, Ye Feng feels that he can have a slight connection with the entire alchemy furnace.

At this moment, Ye Feng suddenly looked at the totems on all the inner walls around the alchemy furnace. There were a total of eighteen thousand.

Ye Feng immediately couldn't help but said: "Could it be that as long as I input mana into all these 18,000 totems and light them up, I might be able to completely control this alchemy furnace?"

When Demon Ancestor heard what Ye Feng said, he immediately smiled and said: "Heroes see the same thing, and I think so too. Please hurry up and try it. This weapon is really powerful. I almost died there back then. into the hands of the first owner of this weapon."

Chapter 3740 Double Pain

Swish, swish, swish!

At this time, after receiving the approval of Demon Ancestor, Ye Feng also nodded. Without wasting any time, he directly started flying in the inner space of the alchemy furnace, and then flew to the totems on the inner wall of the alchemy furnace. Input your own mana and want to light up all the ancient totems as soon as possible.

Because according to Mo Zu and Ye Feng's idea, if all the totems on the inner wall of the alchemy furnace can be lit up, this ancient alchemy furnace should be able to be refined.

You know, this alchemy furnace is not only capable of refining alchemy, but it is also a very terrifying attack magic weapon on both the mental and physical levels.

Even Demon Ancestor, an ancient figure, almost died at the hands of the first owner of this ancient alchemy furnace.

This shows how powerful this alchemy furnace is.

At this moment, Ye Feng relied on his extremely powerful magic power to quickly light up each ancient totem.

In the end, Ye Feng felt a little exhausted.

This made Ye Feng couldn't help but take a breath of air.

Because Ye Feng knew that his mana reserve was definitely hundreds of times that of practitioners in the same realm.

But even so, he still almost exhausted his mana.

But in the end, Ye Feng successfully lit up eighteen thousand ancient totems on the inner wall of the alchemy furnace.

Buzz!

At this moment, after Ye Feng lit up, Ye Feng immediately felt that he had a special connection with this ancient alchemy furnace.

It seems that he and the entire alchemy furnace have become one!

Ye Feng waved his hand at this moment, and the countless molten slurries in the inner world of the alchemy furnace were all pulled up by Ye Feng and could be controlled by Ye Feng.

Seeing this scene, Demon Ancestor immediately laughed and said loudly: "Yes, yes, it seems that our idea is right. As long as we have enough mana, we can remove all the ancient totems on the inner wall of this alchemy furnace." If you light them all up, you can completely control this alchemy furnace. This alchemy furnace is called the 'Sky Fire Alchemy Furnace'. It was the powerful magic weapon of the Sky Fire Lord back then. I was almost killed by this Sky Fire Lord using this alchemy furnace. ,because

This alchemy furnace can not only attack the enemy's body, but also attack the spiritual level. It is simply impossible to defend, very terrifying, and very ancient. "

Hearing what the Demon Ancestor said, Ye Feng couldn't help but nodded excitedly, and then instantly opened the lid of the ancient alchemy furnace and rushed out.

"What?"

"This kid hasn't been burned to ashes yet?"

"This is impossible!"

The moment Ye Feng ran out, the eyes of the entire orc tribe gathered around him widened.

They never seemed to have thought that this alchemy furnace that they had inherited since ancient times and could smelt all things would not smelt Ye Feng into ashes.

"How can this be?"

At this moment, even the old orc man couldn't help but exclaimed.

It seemed like he couldn't believe what he was seeing.

Buzz!

At this moment, Ye Feng was floating in the air, looking at all the orcs around him, including the old orc, with a cold smile on his face, and said loudly: "I didn't expect that this ancient alchemy furnace not only failed to I was burned to ashes, and I also completely controlled this super magic weapon called the Sky Fire Alchemy Furnace, which was a powerful weapon left by your first generation ancestors, but now it has become mine. "

Boom!

Almost at this moment, Ye Feng thought, and the huge alchemy furnace that was standing on the ground immediately floated, exuding infinite flame power, floating above Ye Feng's head, slowly Rotating, exuding a terrifying aura like an ancient flaming mountain.

"What?"

"The ancient alchemy furnace left behind by our ancestors is actually controlled by this human boy?"

Seeing this scene, all the orcs in the orc tribe present had a look of deep horror in their eyes.

They couldn't believe that this sacred treasure left by their first-generation ancestors would be controlled by a human boy.

The expression of the old orc man also changed greatly at this moment, and he couldn't help but said: "This is impossible! This ancient alchemy furnace left by our first ancestor is an extremely special super weapon. Even I, the leader of the orc tribe, cannot Refining, let alone a kid like you."

Ye Feng smiled coldly at this moment and said: "Even if you don't believe it, it is of no use because I have completely refined this Sky Fire Alchemy Furnace."

Hearing what Ye Feng said, the old orc man immediately looked at the group of extremely powerful orc masters around him, and then said loudly: "Let's join forces to imprison this kid again, and we must find out from him How to refine this Heavenly Fire Alchemy Furnace."

At this time, the orc old man said, and immediately united with a group of surrounding orc masters, rushed towards Ye Feng, and continued to release spiritual attacks to imprison Ye Feng again.

But this time Ye Feng no longer feared or ran away, but laughed: "I have mastered the powerful treasure left by your first generation ancestors, and you still want to imprison me. This is impossible, so I will Let you have a taste of how terrifying this heavenly fire alchemy furnace made by your first ancestor is."

Boom!

Almost at this moment, Ye Feng frantically input his mana into the Skyfire Alchemy Furnace in front of him.

Almost at this moment, a rolling river of molten lava suddenly erupted from the Skyfire Alchemy Furnace. It rushed out at once, and all the mental attacks released by the orc old man and a group of orc tribe masters were completely destroyed. Burned into nothingness.

"What??"

Seeing this scene, the old orc man's face immediately turned ashen.

He never thought that this ancient alchemy furnace was not only for refining alchemy, but also had such terrifying attack power that it could even directly burn their spiritual attacks into nothingness.

This is really scary.

\u003e

What makes the old orcs angry is that this sky fire alchemy furnace was originally left to their orc tribe by their first generation ancestors.

But now it is controlled by Ye Feng.

At this moment, the orc old man suddenly wanted to kill the tribesman who had previously suggested that Ye Feng be thrown into this ancient alchemy furnace.

This simply gave Ye Feng a huge opportunity.

At this moment, the old orc man immediately shouted to the surroundings: "All the tribesmen, come together, we must cure this kid!"

Ye Feng laughed loudly at this moment and said aloud: "I have controlled the Skyfire Alchemy Furnace of your first generation ancestors, and your spiritual attacks are no longer of any use to me."

Boom!

Almost at this moment, Ye Feng's madness inspired the power of the Sky Fire Alchemy Furnace, and endless flame molten liquid burst out, burning all the surrounding spiritual attacks into nothingness.

Then the flames burned onto the bodies of the orc tribesmen, causing the masters of the orc tribe to scream in agony.

Because at this time, not only were their bodies on fire, their spirits were also on fire, and they were burning fiercely.

It is equivalent to suffering both physical and mental pain.

"ah!"

"ah!"

The entire field suddenly erupted with screams.

At this time, the orc old man finally felt that the development of things was out of his control, and his expression became extremely ugly.

But at this time, looking at Ye Feng, who controlled the Skyfire Alchemy Furnace and was almost invincible, the orc old man suddenly made a decision.

That is to quickly escape into the distance!

Because he knew that Ye Feng, who controlled the Skyfire Alchemy Furnace, was no longer something he could deal with.

"All the clan members will die for me. As long as I, the clan leader, am still alive, there will be hope for our tribe!"

At this moment, the old orc man was running and yelling.
