Chapter 3751 Risk it all

Boom!

At this time, the Red-robed Divine Lord released his entire 20 million-level huge mental power, forming a terrifying mental storm that immediately enveloped Ye Feng.

In the eyes of the Red-robed Divine Lord, Ye Feng would probably be crushed by his huge mental power craze in an instant.

Boom!

But at the next moment, what made the red-robed divine monarch look surprised was that Ye Feng's body suddenly erupted with a terrifying mental power fluctuation.

This kind of mental power fluctuation is not only at the level of 10 million, but at the level of 16 million!

"What?"

This made the red-robed divine monarch suddenly look extremely shocked, and couldn't help but exclaim: "Isn't your mental power level ten million? How could it be possible that it could be raised to one thousand in just a few days?" Six million levels? This is impossible!"

When Ye Feng heard what the Red-robed God Lord said, he immediately smiled and said: "My mental power has improved so much. There is no need to explain to you how I did it. Now that I am here, look When you want to resurrect this ancient evil lord, I have to stop you."

Boom!

Almost at the moment Ye Feng finished speaking, Ye Feng took the initiative and rushed towards the red-robed Divine Lord, and then released the revenge soul spear.

The Revenge Soul Spear is an extremely powerful soul attack weapon refined by the Lord of the Underworld. Therefore, under the stimulation of Ye Feng's extremely terrifying soul power, the attack power is naturally very terrifying, and it can penetrate the red-robed god in an instant. Mental storm.

Then Ye Feng also released the Sky Fire Alchemy Furnace that he had obtained before.

"Crash!"

Immediately, endless crimson molten liquid burst out directly from the alchemy furnace, instantly surrounding the red-robed divine monarch.

You know, the Heavenly Fire Alchemy Furnace was a powerful and ancient weapon that could make even the Demon Ancestors run away, let alone

It is said that Ye Feng is now urging him with such terrifying soul power.

Buzz!

At this moment, the Skyfire Alchemy Furnace suddenly expanded to a majestic size of tens of thousands of meters, and then released long rivers of molten metal, which can directly attack people's souls and spirits.

In addition, the terrifying molten liquid set the body of the red-robed lord on fire.

You must know that although the Red-robed Divine Lord has a terrifying mental power of 20 million levels, the physical strength of the Red-robed Divine Lord is very weak.

So at this time, the red-robed divine monarch suddenly fell into the quagmire of fighting, and was unable to escape for a while.

Seeing this scene, the red-robed god couldn't help but said in horror: "You actually have such a powerful strength? I really made a mistake!"

Ye Feng smiled coldly at this time, without any hesitation, and continued to use the Heaven and Earth Dragon God Technique he had just obtained.

Buzz!

Suddenly, a terrifying golden light burst out from Ye Feng's body, directly condensing an ancestral dragon soul hundreds of thousands of meters long in the heaven and earth, and in an instant, a huge and incomparable soul was stretched out. The dragon's claw flew the red-robed divine monarch far away, hit the bronze door hard, and then fell to the ground.

"puff!"

The red-robed divine monarch immediately spat out a mouthful of blood at this moment, and couldn't help but said in horror: "How can you be so powerful!"

At this moment, Ye Feng slowly walked towards the Red-robed Divine Lord, and said with a cold smile: "Never underestimate anyone."

After saying that, Ye Feng was ready to kill the red-robed god in an instant.

"Pfft!"

But suddenly at this moment, a metal barb stretched out from behind the bronze door, and immediately pierced the back of the red-robed god.

The red-robed divine monarch's body suddenly stiffened. He turned his head with difficulty and found that the person who pierced his body was the Lord of Demons to whom he was loyal.

The red-robed god couldn't help but said in pain: "Great Lord of Demons, why are you..."

The Lord of Evil showed no emotion at this moment and said indifferently: "Since you can't defeat this kid, then you have no use value, so you might as well use your life force to help me out of trouble!"

Boom!

At this moment, the Demon Lord drained the red-robed God Lord's life force all at once, and then the chains on the Demon Lord's body were cracking rapidly, and it seemed that he was about to get out of trouble.

Ye Feng saw this scene and sensed the terrifying and vicious aura emanating from the Demon Lord. His eyes were suddenly startled and he quickly retreated, wanting to leave here.

But at this moment, the demon ancestor in his eyebrows suddenly said: "Ye Feng, boy, what are you afraid of! Although this demon lord is a top powerhouse in ancient times, comparable to a god-demonic existence, but he is now It's just that you have just recovered and escaped from the trap. It is not as scary as you imagined. It is very weak, which is a good opportunity for you to make a move. In addition, the bronze sacred tree that trapped the evil lord is the legendary fallen from heaven. It is probably the most precious treasure in this nest of gods and demons. It has very magical effects. If you get the bronze sacred tree, it will definitely be like a great blessing. "

Hearing what the Demon Ancestor said, Ye Feng's eyes suddenly froze, and then he stared at the resurrecting Demon Lord not far away. He immediately showed a ruthless expression on his face and said, "Okay, I'll fight." !”

Boom!

\u003e At this moment, Ye Feng did not hesitate at all, burst out his most powerful power, directly carrying the majestic soul of the ancestral dragon of more than 100,000 meters, and attacked the evil lord not far away.

Now is a good opportunity to attack the Demon Lord. After all, the Demon Lord has just been resurrected and is still in a very weak state.

At this time, the Lord of Evil suddenly opened his scarlet eyes and stared at Ye Feng, who was rushing over not far away. His face was full of disdain and he said coldly: "A humble creature dares to treat me like this." You are so naive for a great being like me to take action! Even if I am only one hundred thousandth of my peak strength, I can kill a humble creature like you in an instant!"

Boom!

Almost at this moment, the Lord of Evil stretched out a black claw that looked like it was made of metal and struck in the direction of Ye Feng.

Boom!

An extremely terrifying power suddenly burst out from the withered black claw of the Lord of Demons, and it shattered Ye Feng's Ancestral Dragon Soul in an instant.

Seeing this scene, Ye Feng immediately showed horror in his eyes.

This evil lord is indeed a top figure in the ancient times, and he is truly terrifying.

Any attack can unleash terrifying and boundless power.

But the Demon Ancestor said that the Bronze Sacred Tree was very precious. It was a legendary artifact that fell from the heavens. Ye Feng naturally wanted to get it.

"I'll fight you!"

At this time, Ye Feng gritted his teeth and risked his life.

Ye Feng instantly activated his domineering immortal golden body, exuding golden light all over his body. Then he took out the body of the ancient god and demon he had obtained before, and then attacked the Lord of the Evil Demon crazily, trying to fight the Lord of the Evil Demon!

Chapter 3752 It's better to go first

The Overlord Immortal Golden Body is an extremely powerful inheritance from the old monster in Tianchi, so now that Ye Feng has activated the Overlord Immortal Golden Body, his whole person suddenly bursts out with golden light.

Moreover, his entire body has become as if it were made of golden divine iron, and is full of terrifying power.

Uh-huh!

At this moment, Ye Feng didn't hesitate at all and rushed towards the Demon Lord in front of him.

But just when the Lord of Evil felt that Ye Feng and himself were about to collide directly, Ye Feng suddenly released the power of the space gem. He teleported behind the Lord of Evil, and then came to the Bronze Sacred Tree. in front of.

Naturally, it was impossible for Ye Feng to directly confront the Demon Lord. After all, the Demon Lord's claws had shattered all the Ancestral Dragon Souls he had released in an instant. This shows the terror of this Demon Lord.

With Ye Feng's current physical strength, naturally he would not dare to fight against such an ancient big shot.

So what Ye Feng was thinking about was to hurry up and refine the most precious bronze sacred tree behind the bronze door.

If the Bronze Sacred Tree is refining and controlled, he will really be unable to defeat the evil lord and he can escape directly. .??.

Anyway, it is not a loss for me to take away a sacred object like the Bronze Sacred Tree.

But now the Lord of Evil doesn't need Ye Feng to resist it at all.

Ye Feng directly released the body of the ancient god and demon, and fought with the Lord of Evil.

You know, the body of the ancient gods and demons is not much worse than the Lord of Evil.

Moreover, the Lord of Evil has just been resurrected and is extremely weak. He is unable to release any magical power and can only use the power of his own body.

Therefore, the body of the ancient gods and demons is just right to fight against the Lord of Evil.

However, this Demon Lord is an extremely ancient figure after all. Even the body of an ancient god and demon is somewhat unable to withstand the Demon Lord's attack at this time.

But the body of the ancient gods and demons was, after all, a body at the level of gods and demons. It had been attacked hundreds of times by the Lord of Demons, but it was not broken. There were just a lot of scratches and wounds on the body.

During the whole process, Ye Feng didn't waste any time, frantically outputting his magic power, entering the bronze divine tree in front of him, and then wanted to quickly refine the bronze divine tree.

Because according to the Demon Ancestor, this bronze sacred tree is very precious and is a legendary divine object that fell from the heaven.

Although Ye Feng still doesn't know the specific magical functions of this bronze sacred tree, since the Demon Ancestors attach such importance to it, it means that this bronze sacred tree is really a treasure, and Ye Feng naturally wants to plunder it.

At this time, as Ye Feng inputted mana, layers of cyan light suddenly emitted from the bronze sacred tree.

At the end, Ye Feng felt that he had input mana into the Bronze Divine Tree, and the mana was like a stone sinking into the sea, without any effect.

At this moment, Ye Feng immediately showed a hint of gloominess in his eyes.

Because directly refining this bronze sacred tree should have no effect.

So at this time, Ye Feng directly exploded with his extremely powerful body power, forcibly uprooted the tens of thousands of meters high bronze sacred tree in front of him from the entire ground, and then directly collected it into his own body. Inside the storage ring, I will slowly refine it later, because I can't take care of so much now.

The bodies of the ancient gods and demons not far away were no longer able to withstand the mad attacks of the Lord of Evil.

This made Ye Feng's eyes reveal a look of deep surprise.

This evil lord is really powerful.

It is estimated that at his peak, this evil lord was one level higher than the gods and demons.

At this moment, Ye Feng did not hesitate at all, and directly took back the scarred body of the ancient god and demon, then quickly released the space gem and fled quickly towards the distance.

After all, he has already obtained the Bronze Sacred Tree, so this move is not a loss.

This evil lord is too difficult to fight, so don't fight him desperately.

Seeing Ye Feng escape, the Demon Lord immediately shouted angrily: "He is actually the master of the space gem. Where did you get a high-level master-level space gem? How is this possible? But I Remember your kid's aura. When I fully recover, I will search the entire orc interface to find your kid completely, and then

Kill. "

When Ye Feng heard the Demon Lord's scream behind him, he just had a disapproving smile on his face.

As long as he escapes now, there shouldn't be any problems.

After all, Ye Feng is not a creature in the orc interface at all. He just came to the orc interface to do a task and will soon leave the orc interface.

It will probably take a long time for the evil lord to recover, and the two of them will have nothing to do with each other in the future.

Thinking of this, Ye Feng quickly released the space gems, opened up space wormholes, and fled towards the distance. He was soon far away from the place where the Demon Lord was resurrected.

Ye Feng got the most precious treasure at this time, the Bronze Divine Tree. His face was naturally full of joy and he ran away quickly.

Soon Ye Feng was about to arrive at the exit of the Nest of Gods and Demons.

Boom!

But suddenly at this moment, a flame suddenly descended from high in the sky, blocking Ye Feng's way.

Almost at the next moment, a heroic and beautiful woman appeared in the flames ahead.

Wearing a fiery red battle robe, she looked very extraordinary and very powerful.

At this moment, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but said: "Phoenix God Lord, why are you blocking my way?"

It was this time that the Phoenix Divine Lord entered the Nest of Gods and Demons. Apart from Ye Feng, he was the last remaining Divine Lord.

Previously, this Phoenix Divine Lord received the inheritance in the Phoenix Nest and did not receive the transmission notes from the red-robed Divine Lord, so he escaped a disaster.

At this moment, Ye Feng didn't hesitate at all, and immediately said: "Hurry up and leave this nest of gods and demons. There may be huge dangers here."

Hearing what Ye Feng said, Phoenix Divine Lord immediately couldn't help but asked: "Where have the other Divine Lords gone? Why can't I sense any of their auras, and I can't contact them."

Ye Feng immediately spoke out at this moment: "They have all been killed by the Red-robed Divine Lord. The Red-robed Divine Lord wanted to release the ancient and evil evil master. I was lucky enough to escape."

\u003e

Hearing what Ye Feng said, the Phoenix Divine Lord immediately couldn't help but said in surprise: "How is this possible? The red-robed Divine Lord is the convener who entered the nest of gods and demons this time. He is so selfless and shares the whole world of gods and demons with us. How could the nest harm all of us?"

Hearing what Phoenix God Lord said, Ye Feng seemed to want to explain something, but at this moment, Ye Feng suddenly sensed a very ancient and evil aura, which was approaching quickly from behind.

That must be the Lord of Evil!

At this time, Ye Feng immediately looked at the Phoenix God Lord and said loudly: "I won't bother you anymore, I'm going to run away. It doesn't matter whether you believe me or not, I have done my best to be benevolent and righteous."

After saying that, Ye Feng immediately released the power of the space gem and quickly flew towards the distance.

At this time, Phoenix God Lord seemed to still be thinking about the authenticity of Ye Feng's words.

Not long after Ye Feng left, Ye Feng suddenly heard a miserable scream coming from behind.

Ye Feng immediately understood. It was estimated that the Phoenix God Lord had also been killed by the Lord of Evil.

This is the price of hesitation.

Thinking of this, Ye Feng immediately rushed towards the entrance of the Nest of Gods and Demons and fled quickly.

Half an hour later, Ye Feng finally arrived at the entrance and left the Nest of Gods and Demons.

When Ye Feng returned to the primitive forest in the orc interface, he escaped from the primitive forest without any hesitation.

Ye Feng knew that after the Lord of Evil came out of the Nest of Gods and Demons, the entire primeval forest would probably be devastated.

But this is no longer something that can be saved by oneself.

After all, it was the Red-robed Divine Lord who released this terrifying evil master.

Ye Feng also tried his best.

But if you can't defeat this evil lord, there is nothing you can do.

Now Ye Feng felt that it was better for him to run for his life.

So Ye Feng immediately rushed towards the outside of the primitive forest, wanting to complete the first task as soon as possible and then leave this dangerous orc interface.

After all, he was being targeted by the devil, so it was better to leave as soon as possible.

Chapter 3753 Bronze Sacred Tree

You know, Ye Feng's current level of cultivation is very high, so using the space wormhole condensed by the space gem, he can travel across a very large area at once.

So at this time, Ye Feng quickly escaped from the entire primeval forest and soon came to the border of the primeval forest.

Almost at the next moment, Ye Feng immediately left the entire primitive forest and flew quickly towards an ancient city outside the primitive forest.

This ancient city should be the most powerful empire in the orc interface, the frontier city of the Empire of Beasts.

The target of Ye Feng's mission this time, the merchant leader Gu Tianhao, should be staying in this city with his entire caravan.

So at this time, Ye Feng immediately flew to the door of the city and walked in directly.

After entering, Ye Feng instantly exuded his huge soul power and began to detect the aura of the business leader Gu Tianhao.

You know, Ye Feng has experienced so much in the virgin forest this time, and after exploring the entire nest of gods and demons, his mental power has been improved unparalleled.

Therefore, the moment Ye Feng releases his entire soul power, he can immediately cover the entire city.

Buzz!

At this moment, Ye Feng immediately discovered the aura of Gu Tianhao, the business leader.

He is currently living in an inn.

Obviously, he did not dare to leave easily without Ye Feng's order.

After all, if Ye Feng, a genius master from the extremely powerful Ten Thousand Realms Martial Arts Academy, had not protected them, their caravan would have probably been robbed as they headed directly to the imperial city of the Ten Thousand Beasts Empire.

Therefore, although Ye Feng had been delayed in the virgin forest for a long time, Gu Tianhao, the business leader, still stayed in this border city and did not dare to move.

At this moment, Ye Feng did not hesitate and flew directly to the inn, and then appeared in front of Gu Tianhao.

Gu Tianhao was waiting anxiously at this time.

Because he has been waiting for nearly half a month, Ye Feng still has not come back.

So Gu Tianhao wondered whether Ye Feng had died in the primeval forest because of that beast wave.

But at this time, seeing Ye Feng suddenly appearing in front of him, Gu Tianhao immediately opened his eyes wide and couldn't help but said in surprise: "Master Ye Feng, you are not dead yet!"

When Ye Feng heard what Gu Tianhao said, he immediately smiled and patted his shoulder, and said loudly: "I am a genius disciple of the Wanjie Martial Arts Academy, how could I die so easily."

After finishing speaking, Ye Feng looked around, and then couldn't help but ask: "Where are the other members of the chamber of commerce?"

Gu Tianhao said loudly at this time: "They were placed in several other cities because we dare not put all the caravan members in the same city. In this case, if the beast tide is really unstoppable, We have others who will survive."

Hearing what Gu Tianhao said, Ye Feng immediately grinned and said, "Don't worry about the beast tide anymore. I have already dealt with the beast tide."

"What?"

When Gu Tianhao heard what Ye Feng said, his eyes immediately revealed a look of deep horror, and he couldn't help but said: "Is Mr. Ye Feng so powerful? Can he kill the entire beast horde by himself?"

r\u003e

Ye Feng immediately couldn't help but shook his head and smiled, without saying anything else.

If Gu Tianhao knew everything he had experienced in the past half month, he would definitely be shocked.

At this time, Ye Feng said aloud: "Don't waste any more time. Let's complete the task quickly and then leave this orc interface. This orc interface may be followed by a huge disaster that none of us can resist."

Hearing what Ye Feng said, Gu Tianhao nodded immediately.

Now Ye Feng is already a very powerful being in his eyes, so Gu Tianhao naturally believes everything Ye Feng says.

At this time, Gu Tianhao immediately said: "I will send out the messengers one by one, so that the members of the caravans in other surrounding cities can gather here as soon as possible, and then we will go directly to the imperial city of the Ten Thousand Beasts Empire. If you finish this business, leave this interface as soon as possible."

Ye Feng immediately nodded, and then asked Gu Tianhao to contact the members of the caravan.

At this time, in the room where Gu Tianhao lived in this inn, Ye Feng finally had time to study the ancient bronze tree that he had plundered in a hurry.

For Ye Feng, Ye Feng is still very unfamiliar with divine objects such as the Bronze Sacred Tree. After all, it was the Demon Ancestor who suggested that Ye Feng must get it, so Ye Feng risked huge risks and was sealed by the Lord of Evil. In this place, the bronze sacred tree was dug out directly.

But so far, Ye Feng still doesn't know what role this bronze sacred tree has.

At this moment, Ye Feng took out this bronze sacred tree and found that this bronze sacred tree could actually change his own size.

The bronze sacred tree at this moment is no longer as tall as hundreds of thousands of meters before. It towers into the clouds and is majestic and boundless.

Now it has turned into a small bronze tree only as big as a palm, suspended in Ye Feng's palm.

At this time, Ye Feng asked in the middle of his eyebrows: "Demon Ancestor, you said that this bronze sacred tree is a very rare divine object. What is its function?"

"Forehead....."

At this time, Demon Ancestor scratched his head between his brows and said aloud: "I don't know this either, because I have never obtained this bronze sacred tree. I only read about this bronze tree in an ancient book. The records of the sacred tree are very precious and rare. Anyway, they must have a huge effect. As for the specific effect, you need to explore it yourself, Ye Feng. "

Hearing what Demon Ancestor said, Ye Feng's eyes suddenly froze and he was speechless.

I took such a big risk to snatch this bronze sacred tree, but I didn't expect that Demon Ancestor didn't know what it was used for.

But Ye Feng also knew that this bronze sacred tree must be very extraordinary. After all, it fell from the legendary heaven. It must be very powerful and have miraculous effects.

However, Ye Feng still needs to continue to study this bronze sacred tree before he can know what the bronze sacred tree does.

Terrifying ancient evil beings like the Lord of Demons can be trapped by the Bronze Sacred Tree.

After all, you must know that the evil evil lord, a terrifying ancient evil being, is a level higher than the ancient gods and demons. Even Ye Feng's ancient god and demon body was severely beaten by the evil demon lord.

This shows the terror of the Lord of Evil.

This also shows the mystery and power of the bronze sacred tree. You know, Ye Feng's current level of cultivation is very high, so using the space wormhole condensed by the space gem, he can travel across a very large area at once.

So at this time, Ye Feng quickly escaped from the entire virgin forest and soon came to the border of the primitive forest.

This shows the terror of the Lord of Evil.

This also shows how mysterious and powerful the Bronze Sacred Tree is.

Chapter 3754 Earl's Mansion

Buzz!

At this time, Ye Feng continued to try to input his huge mana into the bronze sacred tree in front of him.

But just like before, the mana input by Ye Feng was still like a mud cow entering the sea, and the Bronze Sacred Tree did not react at all.

At this time, the Bronze Sacred Tree was just quietly spinning slowly in Ye Feng's palm, emitting a faint cyan light without any movement.

After Ye Feng poured almost all of his mana into the Bronze Sacred Tree, there was still no movement.

This made Ye Feng suddenly show a deep look of helplessness in his eyes.

It seems that this bronze sacred tree is really mysterious to the extreme.

You know, Ye Feng's magic power is very powerful. It's like a vast ocean. Not to mention that Ye Feng's current cultivation level has broken through to a new level of cultivation, the first level of the Fantasy God Realm. The magic power is so powerful that it's like a vast ocean. Unthinkable.

But even so, Ye Feng input all his mana into the Bronze Divine Tree, but still couldn't make any special changes in the Bronze Divine Tree, and he couldn't make any contact with the divine object of the Bronze Divine Tree.

This made Ye Feng feel a little disappointed.

But thinking about it on the other hand, the more difficult it is to communicate with this bronze divine tree, the more it shows that this bronze divine tree is very extraordinary.

At this time, the demon ancestor in his eyebrows suddenly said: "It seems that this bronze sacred tree is really extraordinary. It is different from any treasure Ye Feng has obtained before. But this also shows that once it is refined, Transformed into a bronze sacred tree, it will definitely beat any so-called treasure you have obtained before. "

When Ye Feng heard what Demon Ancestor said at this time, he could only nod his head and asked: "It seems that for the time being, I can only use magic power to warm and nourish this bronze god tree every day. Let's see when I can be with this bronze god tree." tree communication."

After Ye Feng finished speaking, he directly took back the bronze divine tree and prepared to input his own mana into the bronze divine tree every day to see when he could "influence" the bronze divine tree.

\u003e

Uh-huh!

At this time, the door to the room suddenly opened, and Gu Tianhao, the leader of the caravan, walked in.

Gu Tianhao immediately spoke out: "Master Ye Feng, all members of our caravan have gathered outside the inn, and we can set off."

"good."

When Ye Feng heard this, he nodded immediately and walked directly outside with Gu Tianhao.

When they walked out of the inn and came outside, Ye Feng immediately saw that all the caravan members were already standing outside.

With a storage ring to carry goods, there is no need to use a truck to pull goods like ordinary people do.

Therefore, everyone was very fast. In less than three days, they traveled through most of the territory of the Empire of Beasts, and finally arrived at the imperial city of the Empire of Beasts.

With Ye Feng's protection along the way, the entire chamber of commerce did not encounter any danger at all.

Now Ye Feng's soul power is already at the level of a high-level god.

Moreover, Ye Feng's cultivation level has also broken through to a new level of cultivation level, the Fantasy God Realm, and his overall strength is very powerful.

Among the orc interfaces, he is probably already the top superpower.

If Ye Feng had just begun to escort this group of caravans from the Ten Thousand Realms Chamber of Commerce into the imperial city of the Ten Thousand Beast Empire, Ye Feng might still be a little nervous. After all, he was facing the most powerful and glorious Ten Thousand Beast Empire in the entire orc interface.

But now, after experiencing the accumulation and improvement in the primitive forest and the lair of gods and demons, Ye Feng can be said to be fearless in the orc interface.

At this moment, at the front of the caravan, on the vast land, a majestic and boundless imperial city appeared. Standing on the land, it seemed to have a very strong visual impact.

At this time, Ye Feng couldn't help but said: "That should be the imperial city of the Ten Thousand Beasts Empire. It is indeed much more majestic than those border cities. It feels very noble, and the entire imperial city is surrounded by... It is shrouded in a huge formation that can resist the invasion of foreign enemies. "

Ye Feng could see at this moment that on the surface of the towering city walls of the imperial city of the Ten Thousand Beast Empire, there were ancient formation marks and ancient totem patterns, exuding a faint light, giving people a very... Miraculous.

At this time, Gu Tianhao, the leader of the caravan next to him, immediately smiled and said: "It's okay, our caravan has a token to enter the imperial city of the Beast Empire, which allows us to enter safely."

At this time, the entire caravan has arrived at the gate of the imperial city of the Empire of Beasts.

At this time, everyone immediately saw that at the gate of the imperial city stood a group of imperial guards from the Beast Empire wearing heavy armor.

The moment they saw the caravan approaching, a group of Imperial City guards immediately surrounded them and said loudly: "Who is coming? During the Imperial City's alert period, ordinary people are not allowed to enter."

Gu Tianhao immediately walked up, took out a black iron token, and said loudly: "We are the caravan of the Wanjie Chamber of Commerce. We came to the imperial city of your Wanshou Empire to meet with the count. The adults are doing business."

"Um?"

At this moment, these Imperial City guards stared at the token in Gu Tianhao's hand, and immediately showed a trace of surprise in their eyes, then waved their hands and said, "Okay, you can go in."

"good."

Gu Tianhao immediately smiled and nodded, and then led a group of caravan members into the imperial city of the Ten Thousand Beasts Empire.

When everyone entered the imperial city of the Beast Empire, they were immediately shocked by the prosperous scene in front of them.

I saw that there are countless towering ancient buildings in the entire imperial city.

Buildings, towering towers, palaces floating in the sky, etc., give people a very shocking visual impact.

At this moment, Ye Feng exuded his extremely powerful soul power and spread it towards the surroundings.

He immediately sensed many extremely powerful fluctuations radiating throughout the imperial city.

Especially the aura in the center of the imperial city was extremely powerful, surging like a vast ocean.

Ye Feng guessed that this most terrifying aura should be the strongest man in the Beast Empire, the Beast Emperor!

If it was Ye Feng who had just come to the orc interface before, he would definitely be afraid of it, and there was no way he could compare to that terrifying aura.

But now, Ye Feng feels that he can rival the aura of the Great Beast Emperor.

However, Ye Feng was not arrogant and directly released his aura to provoke because it was unnecessary.

Now Ye Feng just wants to finish the first task honestly and quickly, and then go to do the second task.

After all, a lot of time was wasted this time in the primeval forest area of the orc interface.

At this time, Ye Feng followed the entire caravan into the imperial city and walked directly towards the count's mansion in the imperial city of the Beast Empire.

This time Gu Tianhao and a group of caravans mainly made a deal with an earl in the Imperial City of Ten Thousand Beasts.

But just when Ye Feng followed the caravan and arrived in front of the Earl's mansion, Ye Feng's eyes moved, a cold smile appeared on his face, and he said to Gu Tianhao beside him: "President Gu , Fortunately, I will help you escort this time. I have soul power, and I have already sensed a lot of murderous armored guards outside the door, lurking in the Earl's mansion, seeming to be waiting for our caravan to fall into the trap. "

"What?"

Hearing what Ye Feng said, all the caravan members, including Gu Tianhao, couldn't help but change their eyes.

Chapter 3755 Redemption

At this time, when all the caravan members present heard that there was an ambush in the Earl's mansion, their faces suddenly became very livid.

Because no one expected that what they were most worried about would actually happen.

The Earl of the Ten Thousand Beasts Empire who made the deal with them really wanted to rob them by force.

At this time, Gu Tianhao had a very ugly look in his eyes. He stared at Ye Feng beside him and couldn't help but ask: "Then what should we do now? Leave here directly?"

Ye Feng smiled coldly at this moment and said aloud: "Since the Earl of the Ten Thousand Beasts Empire doesn't want to do business with you, then we will teach him a lesson and let them know that our Ten Thousand Realms Chamber of Commerce is not someone to be trifled with. "

After finishing speaking, Ye Feng led the entire caravan quickly towards the direction of the mansion.

On the way, Gu Tianhao couldn't help but said with some worry: "The Earl of the Empire of Ten Thousand Beasts is very powerful. He is the top noble in the Empire of Ten Thousand Beasts. His strength is very terrifying, and he has so many elite guards. Is it really okay for us to just go there like this?"

Ye Feng smiled and said: "Don't worry, my current strength is already much higher than when I first came to this orc interface. These so-called earls and the so-called elite guards are all here." It's nothing in my eyes."

Hearing what Ye Feng said, Gu Tianhao could only nodded slightly and did not dare to say anything more for fear of angering Ye Feng.

Although Gu Tianhao still murmured a little in his heart, he also knew that Ye Feng was indeed very powerful and could actually destroy such a powerful beast tide by himself. .???.??

Just as Gu Tianhao was muttering in his heart, Ye Feng finally led the entire caravan into the Earl's mansion.

Swish, swish, swish!

Swish, swish, swish!

The moment they entered the mansion, steel arrows suddenly appeared around them, piercing through their hearts in an instant, intending to pierce everyone's heart and kill them all!

At this moment, Ye Feng smiled faintly and directly released the Sky Fire Alchemy Furnace he had obtained before.

Wow!

At this moment, a long river of molten lava burst out directly from the Skyfire Alchemy Furnace, surrounding the entire caravan around it.

The moment those steel arrows were fired, they were instantly burned and melted by the surrounding molten river.

At this time, Ye Feng smiled and said: "You guys can just come out and stop using these sneak attacks. It has no effect on me at all."

Hearing what Ye Feng said, guards wearing heavy armor suddenly jumped out from around him. \u003c

br\u003e

There were hundreds of guards surrounding the entire caravan.

Standing at the front was an aristocratic middle-aged man wearing a purple robe.

This should be the person Gu Tianhao's caravan is doing business with this time, the Earl.

At this moment, the Earl of the Ten Thousand Beasts Empire stared at Ye Feng, who was at the front of the caravan, with a cold look on his face, and said loudly: "I didn't expect that this caravan would hire someone like you. Young master, you must be the super genius of the Wanjie Martial Arts Academy behind the Wanjie Chamber of Commerce, otherwise you would not be so powerful."

When Ye Feng heard what the earl said, a faint smile appeared in his eyes, and he said loudly: "I am indeed a genius student of the Ten Thousand Realms Martial Arts Academy, and this time I am specifically here to escort the caravan of the Ten Thousand Realms Chamber of Commerce. , I didn't expect that you, the nobles of the Beast Empire, would be so shameless and want to sneak attack our caravan and then rob our goods. It's really disgusting."

Hearing what Ye Feng said, the earl immediately laughed out loud: "The goods traded this time are so huge. If I kill all of you and plunder your goods by force, how can I do that?" It's not like making a lot of money."

Hearing what the earl said, Ye Feng immediately shook his head and said: "Since you said that, there is nothing more to say. Just go to see the real chapter."

Hearing what Ye Feng said, the earl immediately laughed out loud: "Although you are a student of the Ten Thousand Realms Martial Arts Academy, I think this caravan can only afford to hire some ordinary people from the Ten Thousand Realms Martial Arts Academy." Student, so don't think that you can deal with all of us strong men by yourself."

After finishing speaking, the earl immediately looked at the hundreds of armored guards around him and said, "Come on together and hack all these people to death."

"Yes, Lord Earl."

At this moment, the guards in armor all nodded, and then they instantly pulled out the long swords at their waists. A very terrifying cultivation aura erupted from their bodies, exuding a terrifying killing light. Quickly rush towards all the caravan members in the middle.

At this moment, Ye Feng suddenly shouted: "Today I will let you know how miserable the fate of our caravan will be if you mess with it."

Boom!

Almost at this moment, Ye Feng directly burst out his extremely powerful cultivation power without any hesitation.

Next, Ye

The wind directly burst out the extremely powerful inheritance of the ancient ancestral dragon that he had learned before, the Heaven and Earth Dragon God Art.

Boom!

At this moment, endless golden light burst out from Ye Feng's body, directly condensing around Ye Feng into a shadow of a towering ancient ancestral dragon that was hundreds of thousands meters tall, and bombarded the surroundings in an instant. .

"ah!"

"ah!"

"ah!"

Almost at the next moment, the hundreds of guards wearing heavy armor who rushed over were unable to resist the phantom of the ancient ancestral dragon. They were all blown away and screamed one after another.

The specially crafted steel armor on their bodies was all shattered under the attack of the Ancient Ancestral Dragon Soul.

Then hundreds of extremely powerful elite guards all flew upside down and fell hard to the ground, almost half dead.

"What?"

Seeing this scene, the Earl who was not far away who was so proud just now suddenly showed deep horror in his eyes.

He never thought that all the hundreds of elite guards he had trained for so many years would be beaten to death by Ye Feng with just one move.

At this moment, the Earl immediately realized that the student from the Ten Thousand Realms Martial Arts Academy in front of him was definitely not an ordinary student among the Ten Thousand Realms Martial Arts students, but a very terrifying existence.

At this moment, the earl immediately spoke out coldly: "You beat all the hundreds of guards I trained so hard to half to death, and almost all of them became cripples. You are simply making me. With the huge loss, it seems that I have to take action personally and teach this boy how to behave."
"

Boom!

At this moment, Lord Earl immediately burst out with a terrifying cultivation aura.

That was clearly the aura of perfect cultivation in the tenth level of the Illusory God Realm!

It has to be said that as the top aristocratic earl in the Empire of Beasts, this lord's cultivation methods are indeed very terrifying and frightening, and his cultivation strength is very high.

The hand of all beasts!

At this moment, the earl immediately displayed a terrifying inheritance. One of his hands immediately turned into a palm composed of countless evil beasts, and bombarded Ye Feng.

At this moment, Ye Feng just smiled coldly and said aloud: "I thought you were so powerful, but it turns out that you are just a perfect person in the tenth level of the Illusory God Realm."

After saying that, Ye Feng directly carried the shadow of the ancient ancestral dragon towards him.

It rushed forward and smashed all the hands of beasts composed of countless evil beasts in one fell swoop.

It has to be said that the phantom of the ancient ancestral dragon that Ye Feng released at this time was very terrifying.

Coupled with Ye Feng's own strength, it exploded with unparalleled destructive power and impact.

Then the next moment, under the horrified gaze of the earl, Ye Feng merged with the shadow of the ancient ancestral dragon, and instantly bombarded the earl directly.

"Poof!" a sound.

The earl immediately spat out a mouthful of blood. His body was like a broken sack. He fell not far away and fell hard to the ground. He was very embarrassed and miserable.

"impossible!!"

At this moment, the earl was extremely frightened and angry.

He never thought that there would be such a terrifying guardian in this small caravan.

This student from the Ten Thousand Realms Martial Arts Academy is definitely an extremely terrifying super genius, otherwise it would be impossible to possess such powerful strength.

Because Lord Earl found out, Ye Feng defeated him with one move and directly injured him seriously. This kind of strength has definitely reached a very terrifying extreme.

Uh-huh!

At this moment, Ye Feng rushed forward and stepped on the earl to the ground. He smiled coldly and said: "You actually want to rob us, so now I will do it in your own way." , I will rob you as well."

After finishing speaking, Ye Feng immediately looked at the very luxurious Earl's mansion around him and said with a smile: "You are the top noble in the Empire of Beasts. The mansion is so luxurious. It seems that you are very rich. Give me all your wealth and you can redeem your life, otherwise, your head will be moved."

After finishing speaking, the earl's face suddenly turned livid, as if he was hesitating about something.

Click!

But the next moment, when the earl was hesitating, Ye Feng was impatient and had already crushed one of his palms with one foot, shattering his fingers.

At this moment, the earl couldn't help but screamed: "Don't kill me, I will give you all my wealth."

After finishing speaking, the earl immediately looked at the frightened close guards not far away, and said loudly: "Hurry up and move all the wealth in our mansion over here, so that this lord can see it!"

Ye Feng smiled and nodded at this moment, and said aloud: "It's quite cooperative."

Chapter 3756 The Great Emperor of Beasts

At this time, after Ye Feng finished speaking, the earl immediately asked his guards to move all the wealth in the mansion.

There were hundreds of boxes in total, all piled in front of Ye Feng.

At this moment, Ye Feng directly opened these hundreds of boxes.

Each box contains countless wealth, all of which are crystals of various orc interfaces, as well as many magic weapons, armors, etc.

Everything was glittering with gold, it was blinding.

At this time, the entire caravan members following Ye Feng saw this scene, with deep shock in their eyes.

They never thought that Ye Feng would be so powerful that he directly robbed an earl from the Ten Thousand Beasts Empire.

At this moment, Ye Feng immediately smiled, reached out and grabbed it, and immediately put all the boxes containing wealth in front of him into his storage ring.

At this time, Ye Feng looked at the earl in front of him, smiled and said: "You are still sensible, then I will spare your life."

After saying that, Ye Feng let go of the earl and prepared to leave with the caravan.

After all, there is no need to do business now, so it is better to leave the Empire of Beasts as soon as possible.

But suddenly when Ye Feng turned around, the earl suddenly rushed to the sky, took out a communication talisman from his arms, and released it directly into the sky, exploding into a bright sky. Divine light fireworks.

Seeing this scene, the business leader Gu Tianhao standing next to Ye Feng immediately couldn't help shouting in horror: "Oh no! This is the Earl's distress signal. Once released, the entire Ten Thousand Beasts Empire will be destroyed." The imperial city will be blocked instantly, and then countless royal guards will come here in an instant and surround us all. "

Hearing what Gu Tianhao said, all the members of the caravan suddenly turned extremely pale.

They never thought that the earl would directly release such a serious communication talisman. This time, it was probably directly

It alarmed all the powerful men in the Imperial City of the entire Ten Thousand Beasts Empire.

At this moment, Ye Feng saw this scene. There was no panic on his face, but his eyes were cold, and he said loudly: "Humph, you really don't learn a lesson at all. If you say that, then I will send you directly Kill it."

After saying that, Ye Feng's eyes were full of murderous intent, and he rushed directly to the sky. In an instant, he stretched out a hand and penetrated the Earl's body with a "plop" sound.

"ah!!"

At this moment, the earl immediately let out an earth-shattering scream and yelled: "Boy, how dare you kill me in public? Do you know how serious the consequences are? ?"

At this moment, Ye Feng looked at the earl who seemed to have an incredible look in front of him, and immediately smiled coldly and said: "Do I need to consider the consequences of killing you? Do you really think you are some kind of noble? In my eyes, you He's just an ant, it's easy to kill you."

Boom!

After saying that, Ye Feng did not hesitate, stretched out his other hand, and instantly crushed the earl's head.

The earl died instantly.

And at the next moment, Ye Feng did not hesitate and directly released the Devouring Domain, swallowing up all the Earl's skills.

At this moment, Ye Feng's body suddenly burst out with a powerful aura of cultivation.

Ye Feng broke through directly, from the first level of the Fantasy God Realm to the second level of the Fantasy God Realm.

I have to say, this is quite a breakthrough.

After all, the Earl's strength was nothing in front of Ye Feng, and he was simply crushed by Ye Feng.

But after all, this Lord Earl is a strong man with perfect cultivation in the tenth level of the Illusory God Realm, so his skill reserve is pretty good.

After the wind swallowed it up, it allowed Ye Feng to break through to the first level, which was okay.

At this time, Ye Feng killed the earl in public, and almost everyone in the imperial city of the Beast Empire saw this scene.

At this moment, countless people were horrified. They never thought that the noble Earl would be killed by a young man.

"Oh my God, is what I saw real? Is the Earl really dead?"

"Yes, that young man is really terrifying. His cultivation is so strong. And most importantly, what kind of existence is this young man? How can he be so bold?"

At this moment, everyone's eyes widened, and the entire imperial city fell into deathly silence.

Because no one thought that someone would dare to kill the earl under the spotlight. .??.

At this moment, all the members of the many caravans not far away had their eyes widened. They did not seem to have thought that Ye Feng actually dared to kill this noble Earl of the Empire of Ten Thousand Beasts in front of everyone's attention. Killed.

Gu Tianhao's eyes showed horror at this time, and he couldn't help but said: "Master Ye Feng, hurry up and escape from here. Your move may anger the entire Ten Thousand Beasts Empire. By then, the Ten Thousand Beasts Emperor will be very angry." They may take action and crush you to death in an instant."

Ye Feng immediately laughed out loud: "Today I will show you how powerful I am. If that Emperor of Beasts dares to mess with me, I will let him know what regret is."

"Arrogant!"

"Incredibly arrogant!"

At this moment, Ye Feng's words made everyone in the entire empire of beasts show deep sarcasm on their faces.

A master from the Empire of Beasts couldn't help but said: "Your Majesty the Emperor of Beasts, he is the most powerful man among our orcs. Even the top gods of the orc tribes in the primeval forest do not dare to fight with us. The great emperors of all beasts compete for battle, so our empire of all beasts has such a vast territory.

As the most powerful force in the entire orc interface, where did this guy come from? It is really arrogant to dare to provoke the Emperor of Beasts! He is simply arrogant to the extreme. He will definitely die without a burial place later. "

At this time, everyone in the Imperial City of the Ten Thousand Beasts Empire couldn't help but sneered, obviously feeling that Ye Feng was definitely dead.

Buzz!

At this time, a terrifying and huge aura suddenly burst out from the imperial city of the Ten Thousand Beasts Empire.

Almost at the next moment, a terrifying middle-aged man with a towering body who looked like he could carry the galaxy on his shoulders appeared.

This man was wearing a golden dragon robe, and he was obviously the emperor of this empire of beasts, the Great Emperor of Beasts!

The aura of cultivation emanating from his body was indeed majestic and boundless, simply endless, giving people a very terrifying feeling.

Seeing the beast-controlling emperor was like seeing a legendary god. It was very terrifying, so terrible that everyone couldn't help but want to worship this emperor.

Wow!

At this moment, everyone in the Imperial City of the Empire of Ten Thousand Beasts could not help but kneel down in front of this figure. Their faces showed a look of piety like faith, and then they knelt down and worshiped on the ground respectfully. He said aloud: "Welcome to His Majesty the Great Emperor of Beasts!"

At this moment, after hearing what everyone said, Ye Feng immediately showed a look of surprise in his eyes, staring at the majestic man in dragon robe in front of him, and said slowly: "You are the Great Emperor of Beasts, why, you Are you coming to kill me?"

The Great Beast Emperor stared at Ye Feng at this time, his majestic eyes full of deep coldness, and said slowly: "I have to say, your combat power is indeed very powerful, but your cultivation is compared to mine. It's really too bad, and I won't embarrass you. As long as you kneel down and kowtow three times in front of this emperor now, I can forgive this sin and not kill you, but you have to agree that in the future Become a slave under my command and serve this emperor. I hope you can cherish this chance of survival given to you by this emperor."

Chapter 3757 Silence

At this time, the words spoken by the Emperor of All Beasts were very domineering and had the majesty of an emperor, making everyone present feel a sense of irresistibility.

But at this time, Ye Feng just showed a very calm look on his face, and said slowly: "You may be an emperor in the orc interface that no one can disobey, but in my eyes, you are just a person who is better than me. I'm just a slightly stronger practitioner, don't use your imperial tricks on me, it won't have any effect."

Hearing what Ye Feng said, the Emperor of All Beasts' majestic face suddenly felt like he was losing face.

After all, as the emperor of the entire empire of beasts, the Beast Emperor has been basically no one dared to mess with in the entire orc interface.

Whatever he says, others must obey him, and he tolerates no disobedience and is unparalleled in majesty.

But now under the spotlight, Ye Feng actually dared to talk to him like this, causing the Emperor of Beasts to show a look of deep shock and anger on his face.

The Emperor of Ten Thousand Beasts immediately spoke slowly and said: "Since you are so bold and dare to challenge my majesty, then I will have no choice but to take action and kill you. I have already given you life." opportunity, but you don't know how to cherish it, then I will let you know how serious the consequences of offending this emperor will be. "

boom!

Almost at the moment when the Great Emperor of Beasts finished speaking, a terrifying aura of cultivation suddenly erupted from his body.

That was the terrifying cultivation aura of the tenth level of the Yuanso Realm that surpassed the Illusory God Realm.

It has to be said that the cultivation of the Emperor of the Ten Thousand Beasts Empire is indeed very terrifying, and his cultivation level is very high.

Even though Ye Feng had improved his cultivation so much during this period, it was still far behind the cultivation of the Great Emperor of Beasts.

At this moment, Ye Feng did not panic at all, and just said: "If you want to fight with me, then I will accompany you to the end."

Almost at the moment Ye Feng finished speaking, Ye Feng also burst out with his extremely powerful cultivation aura, which was the second level of the Illusory God Realm.

"Um?"

Sensing the aura of cultivation on Ye Feng, the Great Beast Emperor immediately said disdainfully: "You are just in the second level of the Illusion God Realm. I thought you were so powerful, but your actual combat power is indeed pretty good. , you were able to kill a count-level figure in my Ten Thousand Beasts Empire, but you are nothing in front of this emperor."

Almost as soon as the Beast Emperor finished speaking, he flew directly towards Ye Feng.

Buzz!

On the way to flight, the terrifying momentum of the Great Beast Emperor actually condensed into the shadow of an ancient giant. The pressure it exuded seemed to be able to crush the world, which was very terrifying.

The entire imperial city, countless people of the Beast Empire, including the masters of the entire caravan behind Ye Feng, instantly felt a terrible and boundless pressure coming on them, making everyone unable to help but kneel down. He lay down.

boom!

At this time, Ye Feng suddenly burst out with a terrifying fighting spirit. He couldn't help laughing and said: "Do you think you can suppress and kill me with your momentum? Then I can only say that you It's really too naive, my strength is beyond the imagination of an ordinary interface practitioner like you."

Boom!

Almost at this moment, Ye Feng did not hesitate and just released too much

The inheritance of the ancient ancestral dragon, the Heaven and Earth Dragon God Art.

This is the latest inheritance that Ye Feng has received, and it is also one of the top inheritances that Ye Feng currently has.

So at this time, Ye Feng didn't hesitate at all. He just wanted to cut through the mess quickly and release the most powerful inherited Dragon God Art of Heaven and Earth to get rid of this great emperor of beasts.

boom!

At this moment, Ye Feng's body immediately burst out with terrifying golden dragon energy, which combined with the power of the entire world and condensed into a huge golden dragon, which was the soul of the ancestral dragon.

At this moment, Ye Feng felt as if he had been blessed by the ancient ancestral dragon. He had received the power bonus of the extremely powerful ancient ancestral dragon, and he suddenly charged towards the emperor of beasts.

The soul of the ancient ancestral dragon in Ye Feng was naturally able to resist the giant shadow condensed on the Great Beast Emperor.

The two immediately collided together.

Boom! !

There were sudden bursts of huge roars all over the sky.

Both figures were exuding bright divine light, like two gods fighting high in the sky. Everyone was dazzled and felt a terrifying and boundless sense of oppression. They seemed to have witnessed it. A battle like ancient gods and demons.

Because the battle between Ye Feng and the Beast Emperor was really terrifying.

At this moment, the group of masters from the Beast Empire who just thought that Ye Feng was bound to die were all dumbfounded at this moment and couldn't help but exclaimed: "Where on earth did this kid come from? How can he be on par with the strongest man in our world, the Beast Emperor? How is this possible! This guy is still so young. Did he start practicing from his mother's womb? "

At this moment, all the masters of the Beast Empire widened their eyes, obviously shocked to the extreme.

Because the strength Ye Feng unleashed at this moment was actually able to compete with the Beast Emperor, which really shocked everyone to the extreme.

Because in the eyes of these masters of the Ten Thousand Beasts Empire, the Ten Thousand Beasts Emperor is definitely the kind of supreme and powerful being who cannot disobey.

In everyone's mind, the Great Beast Emperor is as powerful and majestic as a god, very noble, and very terrifying.

But now, Ye Feng is able to fight with the god in their hearts, which naturally makes everyone feel deeply shocked and shocked.

Because they couldn't figure it out, it was incredible that a boy who looked so young could compete with the Emperor of Beasts.

"Who is this young super strong man? How can he be on par with the great Emperor of Beasts?"

Countless people have asked this question.

But no one can answer it.

"ah!!"

Half an hour later, a pitiful scream suddenly sounded from high in the sky.

"That is....."

Under the horrified gazes of countless people, a tall figure with numerous scars all over his body fell from the sky.

"It's actually His Majesty the Emperor!"

At this moment, the entire Imperial City of the Beast Empire fell into silence.

quiet!

Deadly quiet!

No one expected that the one who fell in the final defeat would be the invincible Emperor of Beasts in the hearts of countless people! At this time, the words spoken by the Emperor of All Beasts were very domineering and had the majesty of an emperor, making everyone present feel a sense of irresistibility.

But at this time, Ye Feng just showed a very calm look on his face, and said slowly: "You may be an emperor in the orc interface that no one can disobey, but in my eyes, you are just a person who is better than me. I'm just a slightly stronger practitioner, don't use your imperial tricks on me, it won't have any effect."

Hearing what Ye Feng said, the Emperor of All Beasts' majestic face suddenly felt like he couldn't lose face.

After all, as the emperor of the entire empire of beasts, the Beast Emperor has been basically no one dared to mess with in the entire orc interface.

Sensing the aura of cultivation on Ye Feng, the Great Emperor of Beasts immediately said with disdain: "You're just in the second level of the Illusion God Realm. I thought you were so powerful, but your actual combat power is really good. , you were able to kill a count-level figure in my Ten Thousand Beasts Empire, but you are nothing in front of this emperor."

Almost as soon as the Beast Emperor finished speaking, he flew directly towards Ye Feng.

Buzz!

On the way to flight, the terrifying momentum of the Great Beast Emperor actually condensed into the shadow of an ancient giant. The pressure it exuded seemed to be able to crush the world, which was very terrifying.

Chapter 3758 Old Monster

Boom! !

At this time, the damaged body of the Great Beast Emperor fell directly from the sky and fell hard on the palace in the imperial city, smashing the entire palace.

At this time, under the shocked eyes of countless people, Ye Feng was radiating a bright golden light, with the soul of the ancient ancestral dragon behind him, walking down from high in the sky.

Although there are some scars on his body, the aura on his body is still very terrifying, and he seems to be still in peak condition.

"What??"

"This is too powerful!"

Seeing this scene, everyone present couldn't help but look deeply shocked in their eyes.

Because this kind of fighting power is really terrifying.

"Master Ye Feng actually possesses such terrifying strength!"

At this moment, the caravan of the Wanjie Chamber of Commerce following Ye Feng also suddenly widened its eyes.

It seems that he didn't expect anything, that Ye Feng actually possessed such powerful fighting power, and was able to kill the Emperor of Beasts, a super strong man with an orc interface.

Uh-huh!

At this moment, Ye Feng ignored everyone's surprised looks, but stepped down from the sky with a very calm face, and then came directly in front of the Great Beast Emperor. In an instant, he released the Devouring Domain, The Great Beast Emperor's power was swallowed up.

Boom!

At this moment, Ye Feng's cultivation aura immediately began to undergo a huge improvement.

At this time, Ye Feng seemed to have thought of something. He suddenly looked deep into the palace of the entire Ten Thousand Beasts Empire, and then released the soul power, while devouring the cultivation skills of the Ten Thousand Beasts Emperor, while exploring where the treasury of the Ten Thousand Beasts Empire was. place.

After all, for Ye Feng, since he has already come and has become an enemy of the Beast Empire, Ye Feng will naturally not waste any opportunity to plunder resources.

So at this time, Ye Feng was devouring while exploring the specific location of the treasury of the empire of beasts.

Boom!

At this moment, Ye Feng's cultivation aura began to rise steadily along with the devouring.

After all, the cultivation level of this Great Emperor of Ten Thousand Beasts is more than a whole realm higher than that of Ye Feng.

Therefore, although this Emperor of Ten Thousand Beasts was killed by Ye Feng after a difficult battle, after being devoured, it could still give Ye Feng an unparalleled improvement.

"boom!"

The third level of the Fantasy God Realm!

"boom!"

The fourth level of the Fantasy God Realm!

Ye Feng's cultivation at this moment directly broke through two levels of heaven, making Ye Feng's eyes reveal a look of surprise.

I have to say that this Great Emperor of Beasts is quite helpful.

After Ye Feng finished devouring the Ten Thousand Beasts Emperor, he immediately flew quickly in a certain direction towards the palace of the Ten Thousand Beasts Empire.

Because Ye Feng has now sensed the location of the treasury in the Wanshou Empire Palace.

Now Ye Feng's soul power is very powerful.

Ye Feng's soul power has a total of 16 million levels, which is comparable to the top gods in the primitive forest.

So even though the hidden location of the Ten Thousand Beasts Empire's treasury was very secret, it was discovered by Ye Feng in an instant.

Uh-huh!

At this time, Ye Feng flew quickly towards the treasury of the Beast Empire.

The royal guards of the various beast empires along the way did not dare to stop Ye Feng.

Because Ye Feng even killed their emperor, what did they, the Imperial Guards, mean?

So no one dared to stop Ye Feng.

Soon Ye Feng flew to a very ancient giant tower.

The Beast Emperor discovered by Ye Feng

The country's treasury is buried under this giant tower.

But just when Ye Feng was about to crush the giant tower in one fell swoop.

Uh-huh!

Suddenly, an old man with a faint white light flying out of the giant tower flew out.

This old man stared at Ye Feng for an instant, his eyes were unfathomable, and he seemed to be the guardian of the Beast Empire.

The guardian elder who was emitting white light immediately spoke out: "Young man, what you have done is really too much."

This old man, who was glowing with white light, had an unknown identity. He might be the treasury guardian of the Beast Empire. At this time, he suddenly appeared and wanted to stop Ye Feng.

Ye Feng just said indifferently at this time: "The emperor of your Ten Thousand Beast Empire wants to kill me, so I have to kill him. As for the treasury of your Ten Thousand Beast Empire, I want to plunder it, but no one can." Do it."

Boom!

Almost at the moment Ye Feng finished speaking, a terrifying aura of cultivation suddenly erupted from Ye Feng's body.

Ye Feng was very fierce at this moment, without any hesitation at all, he rushed towards the old guardian of the treasury of the Ten Thousand Beast Empire.

At this moment, the guardian elder of the Ten Thousand Beasts Empire suddenly spoke angrily: "Since you are so ignorant of life and death, then even if I undo the seal of my cultivation and consume my few life span, I will kill you. Give him a complete kill."

The moment the guardian of the elderly finished speaking, Ye Feng immediately understood why the guardian of the elderly had not taken action just now. It turned out that the guardian of the elderly had been lurking here and did not want to take action easily.

Because it seems that once this guardian of the elderly unlocks his own cultivation strength, he will quickly consume his lifespan and will most likely die soon.

Therefore, the old guardian did not take action immediately, but waited until Ye Feng really wanted to plunder the treasury of their Ten Thousand Beasts Empire before he had to take action.

“Boom!!”

Almost at this moment, as the guardian of the elderly unlocked his cultivation seal, an extremely terrifying aura suddenly burst out from the guardian of the elderly.

At this moment, the aura of cultivation in this guardian of the old man simply shocked everyone.

The cultivation aura of this old guardian is more terrifying than the cultivation of the tenth level of Yuanso Realm, the Ten Thousand Beasts Great Emperor.

The cultivation level of this guardian of the elderly turned out to be a terrifying existence at the level of the Void Dao Realm, which is above the Yuan Soul Realm.

This is a real super master!

It is very likely that it is an old monster that has lived for countless years.

It is the most powerful existence in the Empire of Beasts.

At this moment, all the masters in the Empire of Beasts immediately became excited and happy again.

Because they never thought that such a terrifying old monster still existed in their empire of beasts.

At this moment, many people in the Empire of Ten Thousand Beasts couldn't help but cheered happily and said: "Our Empire of Ten Thousand Beasts can be saved! I didn't expect that our Empire of Ten Thousand Beasts has such a profound foundation, and it actually has such terrifying things. Guarded by seniors."

At this time, Ye Feng also had a look of surprise in his eyes.

Unexpectedly, after the old guardian unlocked the seal of his cultivation, he would become so powerful. He was a Void Dao Realm existence that surpassed his current Illusion God Realm by two entire realms.

This is definitely a very powerful old monster.

Even Ye Feng's eyes showed a trace of solemnity at this time.

But Ye Feng was not afraid. Instead, Ye Feng's eyes showed a more terrifying fighting spirit.

Because Ye Feng knows that if he can kill this old monster and then devour it, then Ye Feng can imagine that his cultivation level will be unparalleled and will definitely be more powerful than the Great Emperor of Beasts. Dozens of times!

Chapter 3759 Life is exhausted

boom! !

At this time, Ye Feng did not hesitate or flinch. He directly burst out with his most powerful cultivation and instantly charged towards the old guardian who was exuding a faint white light.

Although the elder guardian's cultivation was two realms higher than his own, Ye Feng's current cultivation at the fourth level of the Fantasy God Realm was not as weak as imagined.

Dzogchen future body! !

At this moment, Ye Feng unleashed all his means, directly forcibly raising his cultivation level from the fourth level of the Illusion God Realm to the perfect state of the tenth level of the Illusion God Realm in a short period of time.

At this time, Ye Feng's strength was greatly improved, and he rushed in front of the old guardian who was emitting white light, and punched him hard at once.

"Boy, there is a huge gap between you and me. You actually dare to confront me head-on. I have to say that even I admire your courage, but sometimes not all things can be solved with courage. of."

Almost at the moment when the old guardian finished speaking, his body suddenly erupted with the terrifying cultivation level of a strong man in the Void Dao Realm that surpassed the two levels of the Illusory God Realm.

At this moment, the guardian of the elderly suddenly burst out with endless white light.

These endless white lights suddenly condensed into a white giant, and suddenly bombarded Ye Feng.

Ye Feng was also fearless at this moment, waving his fist, and directly wanted to collide with this white light giant.

Boom!

Almost at the next moment, Ye Feng's fist collided with this giant made of white light, and a terrifying roar suddenly broke out.

Almost at the next moment, Ye Feng was immediately blown away and fell hard to the ground not far away.

But the white light giant also took several steps back.

At this moment, not far away

The guardian immediately laughed out loud: "Boy, I admit that your combat power is indeed more terrifying than I imagined, but you have to know that I am two whole realms higher than you, and you don't have any I hope you can defeat me."

Hearing what the old guardian said, Ye Feng immediately climbed up from the ruins, grinned and said: "It was just my normal attack just now, just to test how powerful my pure body power is. It's awesome, it seems pretty good now, but I'm going to take it seriously next."

Boom!

Almost at this moment, without any hesitation, Ye Feng immediately burst out with his domineering and immortal golden body.

Buzz!

Ye Feng immediately turned into a golden god, full of terrifying and boundless power, and continued to attack the old guardian.

In addition, Ye Feng also released the extremely powerful inheritance he had received before, the Heaven and Earth Dragon God Art.

So almost at this moment, Ye Feng's body suddenly burst out with a terrifying force, directly forming the golden dragon soul shadow of an ancient ancestral dragon.

At this moment, Ye Feng immediately felt that his entire strength had been raised to a peak state.

Almost at the next moment, Ye Feng activated the Overlord Immortal Golden Body and merged it with the power of the Ancient Ancestral Dragon, colliding with the white light giant again.

Boom!

The power that Ye Feng burst out this time was simply beyond everyone's imagination, and it actually shattered the white light giant in an instant.

"What??"

Seeing this scene, the guardian of the elderly immediately widened his eyes.

His eyes were filled with deep astonishment.

He seemed to have never imagined that Ye Feng could be so terrifying and possess such terrifying power.

At this moment, the guardian seemed to want to release some means.

But at the next moment, the guardian of the old man suddenly became older quickly, and then finally fell from the sky to the ground, and his life span was exhausted and he died.

Obviously, the condensation of the white light giant required a lot of power from the old guardian.

Therefore, the guardian of the elderly did not even have a chance to use his next method.

He had exhausted his lifespan and died.

The old guardian probably felt that he could instantly kill Ye Feng, a boy two levels below him.

But he never thought that Ye Feng was not only invincible, but could also unleash power comparable to that of the White Light Giant.

So Ye Feng didn't even have to do it himself. This old man protecting the old man had already exhausted himself to death.

At this moment, Ye Feng saw this scene and immediately grinned.

Even if this old guardian still has enough longevity and strength, Ye Feng feels that he can beat this old man.

Ye Feng now understood that with all his means and strength combined, he would probably be able to fight against a strong man who was two realms above him.

Uh-huh!

At this time, Ye Feng flew in front of the old guardian in an instant, and immediately released the Devouring Domain, and began to swallow up all the power of the old guardian.

Although the old man's blood energy has withered to death, the old man's skills are still very powerful.

So at this moment, after Ye Feng devoured the old guardian's skill, his cultivation level immediately increased tremendously, and waves of powerful and powerful energy burst out from his body.

Comparable cultivation momentum.

"boom!"

The fifth level of the Fantasy God Realm!

"boom!"

The sixth level of the Fantasy God Realm!

"boom!"

The Seventh Heaven of Illusion God Realm!

"boom!"

The eighth level of the Fantasy God Realm!

"boom!"

Illusion God Realm Ninth Heaven!

At this moment, Ye Feng's cultivation level achieved an unparalleled breakthrough, breaking through many heavens at once, and even directly ascended to the ninth level of the Illusion God Realm.

But this was also within Ye Feng's expectation.

After all, this guardian elder's cultivation level is two whole realms higher than his own.

Although the blood energy in his body is almost exhausted, his skill is still very powerful, and it is natural that Ye Feng can make so many breakthroughs.

At this time, after devouring the old guardian, Ye Feng suddenly stretched out a hand.

Boom!

Ye Feng directly pulled out the giant tower in front of him with one hand, and then immediately revealed the treasury buried underneath.

Uh-huh!

The next moment, Ye Feng rushed directly into the treasury.

At this moment, all the masters in the imperial city of the Empire of Beasts who were cheering and cheering suddenly turned ashen-faced, as if they were mourning for their heirs, and they were in despair to the extreme.

And just when everyone was in despair, Ye Feng was alone and had entered the treasury of the Beast Empire.

The treasury of the Empire of Ten Thousand Beasts is buried underground. It is built like an underground palace. It is very spacious and contains countless wealth.

All these wealth are things that the Ten Thousand Beasts Empire has accumulated over the years. They are very precious and involve many types. Ye Feng suddenly showed a look of deep surprise on his face.

Chapter 3760 Dragon King Desert

At this moment, Ye Feng did not hesitate and immediately began to explore the treasury of the entire Ten Thousand Beasts Empire.

You must know that the treasury of this Empire of Ten Thousand Beasts is the wealth that the entire Empire of Ten Thousand Beasts has accumulated over countless years.

The Beast Empire is the most powerful force in the entire orc interface.

The wealth accumulated over countless years by this largest force in the orc interface is naturally very rich.

So at this time, Ye Feng looked at the treasury in front of him. Without any hesitation, he immediately started to release the storage ring and put all the wealth in the treasury into his own storage ring.

At this moment, after Ye Feng plundered the entire treasury, he immediately rushed out.

"Um?"

He suddenly discovered that the entire imperial city of the Ten Thousand Beasts Empire was empty.

Ye Feng immediately flew in front of the caravan not far away, and couldn't help but ask: "Why is the entire imperial city of the Beast Empire empty?"

The leader of the caravan, Gu Tianhao, immediately couldn't help but smile bitterly and said: "Because they were all frightened by your terror, Mr. Ye Feng, so they all ran away, and the entire imperial city of the Beast Empire has become an empty city. "

"Forehead....."

Hearing what Gu Tianhao said, Ye Feng couldn't help but grin and said, "Am I that scary?"

Gu Tianhao immediately said: "Of course it's scary. The scene you just fought with the Great Beast Emperor and the old guardian gave us the feeling that we were watching ancient gods fighting. It

was really terrifying. , the aftermath of that battle made everyone feel a destructive aura, so in the entire imperial city, all the masters of the Beast Empire ran away, as if they were afraid that Mr. Ye Feng would kill all the beasts. After the emperor and the guardian, they continued their killing spree."

When Ye Feng heard what Gu Tianhao said, he just shook his head and smiled. He didn't discuss this topic any more, but said aloud: "I can't say I have completed the task this time.

No more reward. "

Uh-huh!

After saying that, Ye Feng jumped up, left the orc interface directly, and then flew quickly towards his second mission point, the interface of the Ancient Dragon Realm.

Ye Feng used the specially made boundary-breaking talisman from the Ten Thousand Realms Martial Arts Academy, and soon left the orc interface, passed through the interface channel, and landed in the interface of the Ancient Dragon Realm.

Buzz!

At this moment, Ye Feng landed in a barren desert.

Ye Feng exuded his soul power, sensed it, and could feel the aura of the entire interface of the Taikoo Dragon Realm, which was very strong and contained a very special dragon aura.

This made Ye Feng's practice of the Heaven and Earth Dragon God Art invisibly strengthened.

Because the Heaven and Earth Dragon God Art is a powerful inheritance left by the ancient ancestral dragon, and the ancient ancestral dragon was originally the most powerful creature in the ancient dragon world.

Therefore, the inheritance left by the ancient ancestral dragon can naturally receive a strong blessing in the ancient dragon world.

Ye Feng did not hesitate for too long at this time. He quickly looked at the map of the second mission and walked towards the assembly point.

The second high-level mission that Ye Feng took over was to come to this ancient dragon world, go to the Dragon Emperor Desert in this ancient interface, escort a dragon blood family in the Ten Thousand Realms Chamber of Commerce, and find the inheritance of the ancient dragon emperor in the Dragon Emperor Desert. Earth, and help the young master of this dragon-blood family awaken the dragon-blood warrior physique.

This is also an escort mission.

But it is much more dangerous than the first mission.

Because the ancient dragon world is much more advanced than the orc interface.

The Taikoo Dragon Realm can be said to be a very advanced interface, in which survival

There are many powerful creatures.

In addition, the Dragon King Desert we are going to this time is also a relatively famous restricted area in the Taikoo Dragon Realm.

There may be great dangers involved.

Otherwise, the Dragon Blood Family of the All Worlds Chamber of Commerce would not hire super geniuses from the All Worlds Martial Arts Academy to help them at a high price.

Ye Feng also chose the order of tasks from easy to difficult.

Because Ye Feng knows very well that doing simple tasks first can help him grow quickly, and then continue to do more difficult tasks, which will give him a lot of confidence.

Therefore, Ye Feng's first mission to the orc interface was the easiest, and now the second mission will be slightly more difficult.

At this moment, Ye Feng quickly flew towards the assembly point.

On the way, Ye Feng did not forget the promise he made to Senior Ancient Ancestral Dragon.

Ye Feng decided that after completing this second mission, he would continue to stay in the ancient dragon world, help the senior ancient ancestor dragon find Long Qianxue, the descendant of the ancient ancient dragon, and help Long Qianxue awaken the ancestor dragon bloodline.

Ye Feng has not forgotten this promise.

And just when Ye Feng was thinking secretly in his heart, he had already arrived at the assembly point.

The assembly point is at the edge of the Dragon King Desert.

The place where Ye Feng arrived was also on the edge of the Dragon Emperor Desert, so Ye Feng soon arrived at the assembly point.

He immediately saw, in the desert area not far away, a group of dozens of family guards, surrounding a handsome-looking young man.

This young man was probably only thirteen or fourteen years old. He looked very young and frail, and he seemed to be feeling weak.

Ye Feng immediately guessed that this thin-looking young man should be the millionaire who hired him.

The young master of the Dragon Blood Family of the World Chamber of Commerce is indeed very weak. No wonder this Dragon Blood Family would pay so much to let their young master awaken the dragon blood warrior physique.

Because this young master is too weak, very weak. If he can awaken the dragon-blooded warrior physique, he might be able to soar into the sky.

At this time, Ye Feng immediately flew over and landed in front of everyone in the family.

The moment Ye Feng arrived, the special clothes he wore from the Wanjie Martial Arts Academy naturally attracted everyone's attention.

At this moment, a tall middle-aged man immediately stepped forward, clasped his fists respectfully and said, "You must be a genius master from the Ten Thousand Realms Martial Arts Academy, right?"

Ye Feng nodded slightly, smiled and said, "My name is Ye Feng, and I am specifically here to complete the task of escorting you."

Hearing what Ye Feng said, the tall middle-aged man immediately nodded and said, "I would like to introduce you to Mr. Ye Feng. This is the young master of our Dragon Blood Family, Lin Lei."

Hearing the middle-aged man's introduction, Ye Feng glanced at the handsome young man of thirteen or fourteen years old, and immediately nodded and said: "Okay, I understand, let's go directly now, it's already here On the edge of the Dragon Emperor Desert, as long as you can enter the depths of the Dragon Emperor Desert, you should be able to find the inheritance place of the ancient Dragon Emperor. "

Hearing what Ye Feng said, the middle-aged man immediately nodded and said: "Okay, we have the map of the Dragon Emperor Desert in our hands, which guides us to the inheritance place of the ancient Dragon Emperor. As long as Mr. Ye Feng Just be able to protect us along the way. By the way, I haven't introduced myself yet. I am the leader of our Dragon Blood Family."

Ye Feng immediately nodded and asked aloud: "Commander, as we walk, you must first tell me what kind of dangers may be hidden in the Dragon King Desert, so that I can respond at any time. to deal with it."
