Chapter 3761 Nightmare

After Ye Feng finished speaking, the leader of the Dragon Blood Family immediately said: "The most dangerous thing in the Dragon King Desert is the desert snake people born in the desert. It is said that once these snake people appear, they will all be killed." There are a large number of them, and this kind of desert snake people are very terrifying, and they are good at using poison, and they can easily poison a large number of creatures. "

"A clan of desert snake people?"

Hearing what the commander said, Ye Feng's eyes revealed a look of surprise.

Ye Feng still remembered that when he was practicing in some ordinary interfaces, he had encountered a race of desert snake people. They were very magical, half human and half snake, very extraordinary.

And the most terrifying thing is that their poison can poison a super powerful person to death in an instant.

At this time, Ye Feng nodded slightly and said aloud: "Okay, I already understand the situation. Let's go directly to the deepest place in the desert now."

"good."

The commander immediately nodded, and then ordered the entire team to start flying quickly towards the deepest part of the desert.

The young boy of thirteen or fourteen who was guarded by all the guards in the middle was Lin Lei, the young master of the Dragon Blood Family.

At this time, Lin Lei's young face showed a trace of panic, and he said to the commander beside him: "Uncle Chen, I have been having nightmares every night for the past few nights, and I have dreamed about the place where we died in the end. In a desert of unfamiliar interfaces."

Hearing what Lin Lei said, the commander immediately couldn't help but smile and touched the young man's head, and said loudly: "Young Master, don't think so much, we will protect you, and we have someone from There will definitely be no problem with the help of the super genius from the Wanjie Martial Arts Academy."

At this time, Lin Lei glanced at Ye Feng, who was floating in the air and guarding the entire team, and immediately couldn't help but said with some suspicion: "Uncle Chen, you said that this big brother from the Wanjie Martial Arts Academy really has you. Is that so powerful? Can he really protect our entire team? Uncle Chen, you have to know that I have a special ability, and there is a 90% chance that my dream will happen. It made me very worried when our entire team was swallowed up by a giant snake hundreds of thousands of meters long among the desert tribe."

Hearing what Lin Lei said, the commander's face became a little ugly at this time, because he also knew that although the young master of their family was frail and sick, he had a special ability, that is, he would often dream about what might actually happen in the future. Things that happened.

So after hearing what Lin Lei said at this moment, Uncle Chen's expression suddenly became a little gloomy.

At this moment, Ye Feng seemed to have heard the conversation of several people, and immediately flew down from high altitude. Looking at Lin Lei, the young master of the Dragon Blood Family in front of him, he smiled and said: "I can crush Any nightmare you have."

After finishing speaking, Lin Lei could only nodded slightly and said nothing more.

The group of people continued to fly quickly towards the depths of the Dragon King Desert.

On the way, everyone also encountered many attacks from evil beasts in the desert.

But most of them are not dangerous.

Sometimes, the guardian of Ye Feng didn't even need to take action. The guards of the Dragon Blood Family simply killed all the evil beasts.

Boom!

Suddenly at this moment

At this moment, a huge roar suddenly came from the desert ahead.

The whole earth seemed to start to shake.

The entire family guards present immediately became alert.

Almost at the next moment, what shocked countless people present was that a very towering and terrifying monster appeared in a certain direction not far ahead, at the end of the earth.

This monster was covered in pitch-black scales.

It turned out to be a giant snake hundreds of thousands of meters long, with its bloody mouth wide open, as if it could swallow the entire world, exuding a boundless majestic aura.

Seeing this scene, Lin Lei, the young master of the Dragon Blood Family in the crowd, immediately became very frightened and excited, and couldn't help shouting: "I knew my nightmare had come true again, Later we will all be swallowed up by this big black snake, and we will all die."

At this moment, the young master of the Dragon Blood Family roared loudly, obviously frightened and frightened to the extreme.

At this moment, Ye Feng suddenly made a "pop" sound, knocking the young master of the Dragon Blood Family unconscious.

Then Ye Feng threw the young master of the Dragon Blood Family to the commander beside him and said loudly: "Carrying him on his back and yelling all day long is really too noisy."

At this time, the commander-in-chief carried the young master of the Dragon Blood Family on his back and immediately said very calmly: "Master Ye Feng, what should we do now? That big snake hundreds of thousands of meters long is really terrifying. , covering the sky and the sun, I am afraid that all of us will be swallowed up by this terrifying monster in an instant. "

Hearing what the commander said, Ye Feng looked very calm and said, "Just leave this terrifying monster to me, and you can just watch it carefully from behind."

Uh-huh!

After saying that, Ye Feng jumped up and immediately flew high into the sky, and then directly faced the terrifying giant snake hundreds of thousands of meters tall that was quickly circling from a distance.

At this time, the breath of life exuded from the terrifying snake was the breath of the tenth heavenly perfection of the Yuanso Realm that transcended the Illusory God Realm.

Ye Feng didn't have any fear at all about this.

But what made Ye Feng quite solemn was that on top of this terrifying snake that was more than 100,000 meters long, stood a young man dressed in pitch black.

This young man is obviously the owner of this terrifying snake.

The aura emanating from this black-robed man was simply unfathomable, and even Ye Feng felt a sense of crisis.

This made Ye Feng's eyes show a hint of surprise. It was indeed an advanced interface like the Taikoo Dragon Realm. As expected, very powerful beings might appear at any time.

But at this time, Ye Feng did not flinch, but stood high in the sky, facing the terrifying snake that was rushing towards him, and the man in black robe standing above the snake's head.

Ye Feng suddenly said slowly and slowly: "Stop whoever comes."

The man in black robe stood on top of the terrifying snake and said loudly: "I think you are the ones here. What do you want to do in the restricted area of our Dragon King Desert? If you want to find the legendary ancient inheritance place of the Dragon Emperor, then I advise you to leave here as soon as possible, because the inheritance place of the ancient Dragon Emperor is not something that outsiders like you can covet. Even the local strong men who survive in the Dragon Emperor Desert are It is impossible to obtain the inheritance of the ancient Dragon King." After Ye Feng

finished speaking, the leader of the Dragon Blood Family immediately said: "The most dangerous thing in the Dragon King Desert is the desert snake people born in the desert. It is said that once these snake people appear, they will appear in large numbers, and this desert snake people are very terrifying, and they are good at using poison, and can easily poison a large number of living things."

"A clan of desert snake people?"

Hearing what the commander said, Ye Feng's eyes revealed a look of surprise.

Even the local strong men who survive in the Dragon Emperor Desert are Unable to obtain the inheritance of the ancient Dragon King."

Chapter 3762 Snake People

At this time, the words of the man in black robe standing on the head of the terrifying snake were very domineering. It was obvious that he wanted to stop Ye Feng and his team by himself.

However, this man in black robe does have this strength. The terrifying big snake under his feet is more than 100,000 meters long, which is already very terrifying, not to mention that the aura of this man in black robe is even more unfathomable. .

Even at this time, Ye Feng had a rather solemn expression on his face.

But at this moment, hearing what the man in black robe said, Ye Feng suddenly smiled faintly and said: "My mission this time is to protect all the members of this family and enter the ancient Dragon King in the Dragon King Desert." Land of inheritance, if you want to block me, then you are blocking my way of making money, and if you block my way of making money, then I won't be polite. "

Hearing what Ye Feng said, the man in black robe suddenly sneered, and then said aloud: "You should be a super genius from outside our ancient dragon realm. At a young age, you have cultivated the ninth level of the fantasy god realm. Because, you are indeed very talented. Even in our ancient dragon world, there may not be young people as powerful as you. But if you think that you can break through my blockage with just such a little cultivation, then All I can say is that you are too naive. All the chance creations in the Dragon Emperor Desert belong to our desert snake people. If you want to get all kinds of wealth in the Dragon Emperor Desert, it is naturally impossible for me to agree. "

After finishing speaking, Ye Feng's eyes flashed. It seemed that the man in black robe standing on top of the terrifying snake that was more than 100,000 meters long should be a strong man among the desert snake people.

"Then let me meet Zhenzhang!"

At this moment, Ye Feng had nothing to say. He just burst out with his extremely powerful cultivation, and immediately charged towards the man in black robe in front of him.

When the man in black robe saw that Ye Feng actually dared to attack him, he immediately showed a disdainful smile on his face, and then said loudly: "Orochi, I'll leave it to you to deal with this kid, and eat him as your food." Drop it

. "

"Roar!!"

The terrifying snake hundreds of thousands of meters long suddenly roared and roared, seeming to be particularly excited because it was about to eat food.

So at this moment, this terrifying snake rushed towards Ye Feng, opened its bloody mouth, and wanted to swallow Ye Feng at once.

But at this moment, Ye Feng immediately burst out with the Heaven and Earth Dragon God Art.

Buzz!

I saw a golden ancestral dragon soul that was hundreds of thousands of meters long suddenly condensed on Ye Feng's body.

The natural bloodline suppression immediately made this terrifying snake look frightened in its eyes.

boom!

Then Ye Feng punched the big black snake hard.

Boom!

The big black snake, this terrifying evil beast that seemed to be able to swallow the entire world, was blown away by Ye Feng's fist at this moment. It hit the mountains in the distance and was smashed to pieces. Countless mountains.

"What?"

Seeing this scene, the man in black robe not far away who had been sneering just now suddenly became extremely horrified and couldn't help but said: "Is this the legendary soul of the ancient ancestral dragon? Don't you think so?" Not from outside the territory, but a descendant of the most mysterious Ancestral Dragon clan in our ancient dragon world?"

Hearing what the man in black robe said, Ye Feng just smiled faintly and said without saying anything more, "Then you still want to stop me now?"

At this time, the man in black robe not only did not have any nervousness in his eyes, but was full of

Full of deep greed, he spoke out: "You actually have the most powerful inheritance of the legendary ancient ancestral dragon clan, so if I kill you and plunder the Heaven and Earth Dragon God Art from you, I will become a desert snake The most terrifying existence in the human race! My snake-human bloodline may be able to transform into the legendary ancestral dragon bloodline. This is a great opportunity for me!"

boom! !

After he finished speaking, a terrifying aura of cultivation suddenly erupted from the man in black robe.

The cultivation level of this black-robed man has clearly surpassed that of the Illusory God Realm and the Yuan Soul Realm, which is the tenth level of the Void Dao Realm. He is very terrifying, and is more powerful than the old guardian of the Ten Thousand Beasts Empire in the orc interface. Too many.

You must know that although the old guardian of the Ten Thousand Beasts Empire also exists in the Void Dao Realm, he is only at the first level of the Void Dao Realm. Moreover, he is extremely old and his combat effectiveness has plummeted.

But this man in black robe is obviously at his peak condition, and he is also a perfect being in the tenth level of the Void Realm, and his combat power is very terrifying.

At this moment, the man in black robe had obviously regarded Ye Feng as a huge opportunity, and wanted to kill Ye Feng and snatch the inheritance of the ancient ancestral dragon from Ye Feng.

At this moment, Ye Feng did not expect that this man in black robe would be so greedy.

At this moment, the man in black robe had already unleashed his terrifying cultivation and charged towards Ye Feng.

I saw a majestic serpent soul with a height of hundreds of thousands of meters rising from the body of this black-robed man. It was very terrifying, the darkness was boundless, and it could faintly suppress the soul of the ancient ancestral dragon.

Because Ye Feng's cultivation was, after all, two realms behind this man in black robes. It was really far behind.

But Ye Feng did not back down at this time, but continued to explode the Heaven and Earth Dragon God Art, and released the Overlord Immortality

Golden body.

Buzz!

Ye Feng's body suddenly burst into golden light.

Ye Feng's whole body suddenly seemed to have turned into a golden young god, and he and the black-robed man were fighting together.

Boom!

The entire field suddenly erupted with terrifying roars, and the surrounding desert was shattered into pieces.

At this moment, a group of guards from the Dragon Blood Family of the Ten Thousand Realms Chamber of Commerce not far away, including the leader of that family, had deep horror in their eyes.

Today they were lucky to have the help of Ye Feng, the super genius of Wanjie Martial Arts Academy. Otherwise, they would have been instantly wiped out by this man in black robes.

Because they now see that the battle between the two is simply earth-shattering to the extreme, and it is beyond their reach.

At this moment, a tragic scream suddenly sounded from high in the sky.

"ah!!"

That turned out to be the scream of the man in black robe.

At this time, the black-robed man's chest was directly punched through, and a huge bloody hole appeared.

Of course, Ye Feng also had a lot of scars on his body, but his aura was still very terrifying.

Moreover, Ye Feng's body was covered in gold at this moment, as if it was made of golden divine iron.

The domineering immortal golden body provides Ye Feng with unparalleled defense power.

This man in black robe was unable to break through Ye Feng's defense, which frightened the man in black robe to the extreme. He couldn't help but yelled: "I am two realms higher than you in cultivation. How can I not break through you?" Defense? How did you cultivate your physique? Even if you are the descendant of the ancient ancestral dragon, your body cannot be so strong!"

Chapter 3763 Surrounded

At this moment, the man in black robe was simply shocked to the extreme.

Because he never expected that Ye Feng's cultivation was two levels lower than his, but his attacks did no harm to Ye Feng at all, and could not break Ye Feng's defense at all.

At this time, the man in black robe stared at the golden skin on Ye Feng's body and couldn't help but said: "What kind of martial arts are you practicing? How could your defense become so terrifying?"

Ye Feng just smiled faintly at this time and didn't say much. .??.

Because just relying on the hegemonic immortal golden body, it is impossible for Ye Feng's defense to be so high that he can withstand the attacks of strong men who are two realms higher than him.

What is truly powerful about Ye Feng is his Hongmeng Immortal Body.

The Hongmeng Immortal Body is the strongest body in the world, and is naturally much more powerful than the Ancestral Dragon Body.

Therefore, this man in black robe was naturally unable to break through Ye Feng's defense.

At this moment, Ye Feng didn't hesitate at all, and charged directly towards the man in black robe, saying loudly: "If you can't even break through my defense, then you can't even think about fighting me."

Boom!

At this moment, Ye Feng continued to release the Dragon God Art of Heaven and Earth, bursting out the power of the ancient ancestral dragon, and suddenly bombarded the man in black robe.

Boom!

The man in black robe was once again blasted away and hit the ground not far away, breaking a large area of land.

At this moment, the entire earth shook violently.

The man in black robe was killed at once, bleeding to death from his seven orifices!

"Oh my God! It's so awesome!"

At this time, the guards of the Dragon Blood Family who watched the entire battle not far away showed deep shock in their eyes.

Lin Lei, the young master of the Dragon Blood Family, who was being carried by the Commander-in-Chief, his eyes widened at this moment. It seemed that he had never expected that Ye Feng was so powerful and really completely destroyed his nightmare. Disintegrated, shattered.

Buzz!

At this time, Ye Feng released the Devouring Domain and began to devour the blood and energy of the black-robed man and the terrifying serpent hundreds of thousands of meters tall.

"boom

rumble....."

Waves of majestic energy were immediately injected into Ye Feng's body.

It has to be said that this man in black robes and the terrifying giant snake that is more than 100,000 meters tall contain a lot of blood and energy. They are worthy of being strong men among the desert snake people, and they have provided Ye Feng with huge energy.

At this time, Ye Feng's cultivation level in the Ninth Level of Illusion God Realm once again began to break through.

"boom!"

Perfection in the tenth level of the Illusory God Realm!

"boom!"

Half step to the soul realm! !

At this time, Ye Feng's cultivation directly broke through to the half-step soul realm.

This was a huge breakthrough, which brought a slight smile to Ye Feng's eyes.

Unexpectedly, this time the escort mission had just begun, and he encountered such a powerful creature, swallowed him up, and achieved a breakthrough in his cultivation. It was still very good.

Uh-huh!

At this moment, Ye Feng flew to the guards of the Dragon Blood Family not far away and said loudly: "The enemy has been dealt with, we can continue to move forward, but according to what this strong snake man said before, the depths of this Dragon King Desert are I'm afraid there are still many other strong men of the desert snake people here. You should be careful when the time comes. Sometimes I may not be able to protect you in time when I deal with the enemy."

Hearing what Ye Feng said, the group of guards from the Dragon Blood Family immediately nodded and said very respectfully: "With the protection of a super genius like Mr. Ye Feng, this mission can definitely be completed."

At this moment, the young master of the Dragon Blood Family, Lin Lei, who looked very thin, immediately came to Ye Feng and said respectfully: "This time I really saw what super is. "Strong man, the battle just now was really shocking."

Ye Feng just smiled faintly at this time and said: "There may be huge dangers next, so take your time."

Uh-huh!

After saying that, Ye Feng jumped directly, flew high into the sky, and floated over the entire sky.

Above the heads of the team, observing the surroundings, escorting the entire team forward.

The guards of the Dragon Blood Family also surrounded their young master and continued to rush towards the depths of the Dragon King Desert.

Next, everyone did not encounter any danger, and arrived at the deep area of the Dragon King Desert smoothly.

At this moment, the chief bodyguard of the Dragon Blood Family looked at the map in his hand and said with some confusion: "The final inheritance place of the ancient Dragon King guided by the map should be here, but everything around it is deserted. There is nothing there, which is really strange."

Uh-huh!

Ye Feng landed from high altitude at this time, and then said loudly: "Let me take a look at the map."

"good."

The commander-in-chief directly handed the map to Ye Feng without any hesitation.

At this moment, Ye Feng looked at the map in his hand, slightly discerned the direction, and said aloud: "It is very likely that the ancient formation shrouded this place, hiding the entrance to the ancient Dragon King's inheritance place, so let's We couldn't find anything unusual."

When the commander heard what Ye Feng said, he couldn't help but said: "Then what should we do now?"

Ye Feng suddenly released the Divine Eye of Creation and looked around, able to see through all illusions.

Sure enough, the moment Ye Feng released the Divine Eye of Creation, he immediately saw a formation covering the seemingly deserted ground around him.

Within the formation, there is an extremely ancient stone gate.

Around that stone door, there are many sculptures of ancient evil beasts.

The stone gate should be the place leading to the inheritance of the ancient Dragon King.

At this moment, Ye Feng said directly: "I have seen the inheritance place of the ancient Dragon King. I will take you directly in."

After finishing speaking, all the guards of the Dragon Blood Family present widened their eyes. They looked at the desolate surroundings and murmured in their hearts, what on earth did Master Ye Feng see?

At this moment, Ye Feng directly released his soul master method and used his soul power to forcibly cover that building.

The surrounding formations were directly shattered.

Buzz!

Almost at the next moment, sure enough, in front of everyone, on the originally barren ground, ancient sculptures of evil beasts suddenly appeared.

In the middle area of these evil beast sculptures, there is a stone door that seems to lead to a mysterious space.

Seeing this scene, Lin Lei, the young master of the Dragon Blood Family, couldn't help but said with surprise: "This is it! When I was dreaming before, I dreamed of this scene. I didn't expect to be enveloped by the formation. If it weren't for Mr. Ye Feng, maybe we would have missed it."

When Ye Feng heard what Lin Lei said, there was a look of surprise in his eyes, staring at this seemingly very thin young man.

This young man never expected that dreams could predict the future.

I have to say that this is a very powerful talent, perhaps even more precious than the dragon-blooded warrior physique inherited by Lin Lei.

After all, this is a prophet-like ability.

At this moment, Ye Feng said slowly: "Then let's go in directly. I hope everything goes smoothly."

Boom!

But just when everyone was about to enter the stone gate directly, a large group of people suddenly descended from the entire sky.

This group of teams is actually half-human and half-snake, and the auras emanating from their bodies are very terrifying.

There were tens of thousands of powerful snake men, all of whom descended here and surrounded them all.

The leader of this group was a middle-aged man wearing black armor.

The aura of cultivation exuded from this middle-aged man was actually stronger than the black-robed man Ye Feng had killed before.

The middle-aged man immediately laughed out loud: "We have been guarding here for so many years, and finally met the inheritor of the ancient Dragon King. When he came here, he opened the ancient seal for us, revealing the ancient dragon. The inheritance place of the emperor should be behind this stone gate. God helps me! If I get the inheritance of the ancient dragon emperor and my high-level snake-man bloodline is transformed, then I will lead the snake-men clan to dominate. The entire Dragon King Desert! Hahaha!"

Chapter 3764 One's own strength

This middle-aged man is obviously a very powerful being among the desert snake people, and he is probably the leader of the desert snake people.

He led tens of thousands of snake masters from the desert snake clan, all of whom came here.

Obviously they have been waiting here for a long time, waiting for the successor of the ancient Dragon King to come here to start the inheritance of the ancient Dragon King.

At that time, they can just plunder the ancient Dragon King's inheritance.

At this moment, a group of Dragon Blood Family guards present, including the young master Lin Lei, all had deep fear in their eyes.

They saw that they were suddenly surrounded by tens of thousands of snake people with powerful auras, especially the middle-aged man who was leading the clan. He was the leader of the snake people. His cultivation strength was even more frightening. He was better than those they had encountered before. The man in black robe is even more terrifying.

This made everyone feel deeply frightened in their hearts.

At this moment, the entire Dragon Blood Family gathered around Ye Feng.

Obviously, Ye Feng has now become their backbone and the only person they can rely on.

At this time, Ye Feng looked at the tens of thousands of strong snake people surrounding them in the sky with a look of surprise in his eyes. .???.??

Ye Feng didn't expect that these strong men from the snake-men clan had such powerful hidden abilities. Even when he came here, he didn't realize that there were so many strong men ambushing them around.

At this moment, Ye Feng looked at the middle-aged man at the head. This should be the leader of the snake people clan.

Ye Feng said slowly: "I just killed a super master of your snake-people clan, and now you have brought so many people from the snake-people clan here. Do you want to become my dead soul?"

Hearing what Ye Feng said, the middle-aged man immediately laughed out loud: "Boy, I know that you are very powerful in combat. You should be a super genius from the Wanjie Martial Arts Academy, but my cultivation level is higher than yours." It's impossible for you to beat me after reaching three realms, but I can consider giving you a chance, as long as you put these dragons around you

All members of the Blood Family will be killed. As a token of surrender, if you surrender to me, I will spare your life. "

The middle-aged man spoke in a very arrogant and domineering tone, actually asking Ye Feng to submit to his command.

Obviously, this middle-aged man also knows that Ye Feng's fighting power is quite powerful. If he can make Ye Feng his subordinate, it will also strengthen the power of this middle-aged man's subordinates.

But when Ye Feng heard the middle-aged man say this, the corners of his mouth showed a cold arc, and he said, "I'll find out later if I can beat you."

Boom!

Almost at this moment, Ye Feng did not hesitate and directly released his extremely powerful cultivation momentum.

At this moment, Ye Feng looked at the group of Dragon Blood Family guards beside him and said loudly: "You escort your young master directly into the inheritance place of the ancient Dragon King, and pass through the stone gate. I am outside to help you resist these strong men of the desert snake people. I hope you can obtain the inheritance of the ancient Dragon King as soon as possible and let your young master transform into a dragon-blooded warrior."

Hearing what Ye Feng said, the clan members of the Dragon Blood Family, especially the leader, immediately clasped their fists in gratitude and said, "Thank you, Mr. Ye Feng."

Ye Feng smiled at this moment and said: "My mission this time is to protect you, safely obtain the inheritance of the ancient Dragon King, and let your young master transform into a dragon-blooded warrior. Naturally, I will do my best."

After saying that, Ye Feng's whole body erupted with golden light, and he directly activated his domineering and immortal golden body. With his own power, he had to fight against tens of thousands of masters from the entire desert snake people clan, including that extremely powerful middle-aged man.

At this time, Lin Lei, the young master of the Dragon Blood Family, stared at Ye Feng, who was exuding divine light, with his young eyes.

Full of adoration.

At this time, the commander-in-chief did not hesitate at all, and immediately led a group of guards to escort their young master and quickly entered the inheritance place of the ancient Dragon King in the stone gate.

When all the guards of the Dragon Blood Clan entered the stone gate with their young master, the leader of the Snake Clan standing high in the sky immediately showed a deep gloomy look in his eyes.

He spoke slowly: "Boy, you are really too arrogant. I didn't expect that you would fight against all of us strong men by yourself? It really surprised me, but I think you can accept it." Those who come down will die soon."

After saying that, the leader of the snake people clan immediately ordered all the tens of thousands of other masters of the snake people clan to rush towards Ye Feng, as if he wanted to drag Ye Feng to death using the human sea tactic.

But at this time, Ye Feng just smiled coldly and immediately released a huge amount of soul power.

Faced with this kind of human sea tactic, Ye Feng's most effective method now is to directly release his soul power, covering the front in an instant.

Along with Ye Feng's soul power attack, when it comes to these snake people masters, they are simply unable to defend against it.

Because this is an attack on the soul and spiritual level.

Simply irresistible.

So at this moment, tens of thousands of masters of the snake people who rushed over screamed in agony.

"ah!"

"ah!"

"ah!"

They all held their heads, their eyes filled with deep pain.

"What?"

Seeing this scene, the leader of the snake clan not far away immediately showed horror in his eyes and couldn't help but said: "You are actually a super master at the spiritual level. How is this possible?"

After that, this desert

The leader of the Snake Clan immediately took out a silver metal helmet from the storage ring and put it on his head.

Buzz!

The moment the leader of the snake-people clan put this silver metal helmet on his head, Ye Feng discovered that his soul and mental power attacks had no effect on the leader of the snake-people clan. .

"Um?"

This made Ye Feng's eyes suddenly show a trace of surprise, and he couldn't help but say: "I didn't expect you to have such a treasure that can prevent the mind and soul from being attacked. It is really rare."

The leader of the Snake Clan suddenly smiled coldly and said: "The soul and mental attack methods you rely on most are of no use now. You will die miserably in my hands next."

Ye Feng immediately sneered and said: "Don't think that I only have soul attack methods. My martial arts cultivation methods are also very powerful."

boom!

Almost at the moment Ye Feng finished speaking, Ye Feng directly released his most advantageous physical strength without any hesitation.

At this moment, Ye Feng directly activated the Overlord Immortal Golden Body and released the powerful power of the Hongmeng Immortal Body.

In addition, Ye Feng also used the inheritance given to him by the ancient ancestral dragon at the same time, the Heaven and Earth Dragon God Art.

So at this moment, under the blessing of various powers and inheritances, Ye Feng's whole body burst into divine light.

A majestic and boundless soul of the ancient ancestral dragon surrounds Ye Feng, giving Ye Feng a terrifying and boundless power.

boom!

At this moment, Ye Feng charged directly towards the leader of the snake clan.

Ye Feng knew very well that the leader of the snake people was the biggest threat. If he could be solved, all crises would be over, and he would be able to devour the blood and energy of so many desert snake people.

Chapter 3765 Tens of Thousands of Masters

But Ye Feng also knew that the leader of the snake-man clan was very powerful, three realms higher than himself.

For Ye Feng, this is a huge challenge.

If he was a little careless, he might not have devoured this group of powerful snake people, but the leader of the snake people might have killed him.

Therefore, Ye Feng is still quite cautious.

But now Ye Feng has used his soul power to temporarily attack all the tens of thousands of Snake Tribe masters into paralysis, so Ye Feng's threat is much smaller.

At this moment, Ye Feng only needs to concentrate on dealing with the leader of the snake clan.

The leader of the snake clan had very cold eyes at this time. He stared at Ye Feng and said loudly: "Young man, I have given you a chance, but you don't know how to cherish it. In this case, I can only give you a chance." This arrogant boy was killed. You are from the Wanjie Martial Arts Academy, and your combat power is so strong. You are even a very rare soul martial fellow. The chance creation on your body must be very terrifying, even no less than that of ancient times. The inheritance of the Dragon King, after I kill you, kid, and plunder your inheritance, then I will get the wealth in the inheritance place of the ancient Dragon King, so that my bloodline can be transformed, and then the entire dragon The Imperial Desert will become the world of our snake people, and I will even be able to conquer territories beyond the Dragon Emperor Desert."

Hearing what the leader of the snake clan said, Ye Feng looked very calm and said: "Dreams are beautiful, but reality is often not what you imagine."

boom!

After finishing speaking, Ye Feng had almost no hesitation and directly unleashed all his methods to attack the leader of the snake-man clan and wanted to confront him head-on.

Because Ye Feng knew very well that his biggest advantage now was that his body was very strong, so he had to attack the leader of the snake clan in close combat.

In this case, you can take advantage.

If you compete with the patriarch of the snake-people clan for his magic inheritance, you may not be able to beat the leader of the snake-people clan.

After all, the other party is three realms higher than me!

Ye Feng's current cultivation level is at the half-step Yuanso realm, and he has not yet entered the true Yuanso realm.

\u003e

The leader of the Snakeman Clan has transcended the Yuan Soul Realm and the Void Dao Realm, and is a more powerful existence at the Zhang Dao Realm level, so he is naturally very terrifying.

At this moment, when the leader of the snake clan saw Ye Feng rushing towards him, he suddenly smiled coldly and said: "Then let you try the powerful weapon like my latest refined ancient snake staff. sharp."

Almost as soon as the leader of the snake clan finished speaking, a huge staff appeared in his hand.

However, the top of the staff was in the shape of a snake, emitting scarlet light and striking directly at Ye Feng.

Boom!

The moment Ye Feng's fist struck the ancient snake staff, a huge roar suddenly erupted.

Ye Feng's fist exuded golden immortal brilliance and was simply indestructible. He actually created a crack in the top of the ancient snake staff.

"What??"

Seeing this scene, the leader of the snake clan immediately widened his eyes. He couldn't believe that Ye Feng's fist was so strong.

Before the leader of the snake people could react, Ye Feng, in order to take full advantage of his physical strength, came directly in front of the leader of the snake people, and then punched the leader of the snake people fiercely. The clan leader's head was blasted over.

As long as Ye Feng's fist hits the head of the snake-man clan leader, he will definitely be able to kill him in an instant.

But the leader of the Snake People clan is very powerful after all. He is a master level being, three realms higher than Ye Feng.

So at this time, the leader of the Snake Clan immediately retreated towards the rear, and unexpectedly escaped Ye Feng's attack.

Then the leader of the snake people clan directly released an extremely powerful inheritance.

"Ancient snake venom!"

boom!

At this moment,

I saw the leader of the snake people clan, and his whole body suddenly erupted with a black light.

This black light not only contained terrifying destructive power, but also contained very terrible toxicity and corrosiveness, and it bombarded Ye Feng in an instant.

Ye Feng's whole skin began to fester, which made Ye Feng's eyes look surprised. He didn't expect that the patriarch of the snake-man clan would be so powerful and the poison was so huge.

However, Ye Feng was not poisoned. After all, Ye Feng's physique was too strong and his vitality was too strong. The poison would have no effect on Ye Feng for a while.

But this kind of ancient snake venom finally made Ye Feng couldn't help but retreat back. After all, that black light not only contained violent toxins, but also contained very terrifying destructive power.

There was a hint of gloominess in Ye Feng's eyes. This leader of the Snake Clan was really difficult to deal with.

At this moment, the leader of the Snakeman clan, who was flying high in the sky not far away, immediately laughed out loud: "I already know that your strong fighting power is actually due to your very strong physical strength, but now I After knowing this reason, I will never let you get close to me again."

Uh-huh!

After saying this, the chief of the snake people flew higher, completely away from Ye Feng, and continuously released ancient snake venom.

"Boom!"

"Boom!"

"Boom!"

The black light waves containing intense toxins bombarded Ye Feng crazily, making Ye Feng a little overwhelmed.

It must be said that the chief of the snake people is still very smart and very powerful, making it impossible for Ye Feng to get close to him even when he operated the space gem.

However, Ye Feng suddenly thought of something at this moment, and immediately looked at the tens of thousands of snake people who were meditating and resting not far away. He grinned and said, "I am three realms lower than you, and may not be able to beat you, but as long as I can completely break through from the half-step Yuanpo realm to the real Yuanpo realm, then I should be able to beat you."

Swish!

Almost at this moment, Ye Feng did not hesitate at all, and flew quickly towards the tens of thousands of snake people who were meditating and resting because of their soul power being damaged by him just now.

Seeing this scene, the chief of the snake tribe suddenly changed his face and couldn't help but said: "What are you going to do?"

Ye Feng immediately grinned and said: "Of course, use the tens of thousands of masters you brought."

Boom!

Almost at this moment, Ye Feng released his soul power crazily, destroying the spirits and souls of tens of thousands of snake tribe masters crazily.

These snake tribe masters may be very powerful for ordinary practitioners, but for super geniuses of Ye Feng's level, they are nothing at all.

"Ah!"

"Ah!"

Almost at this moment, accompanied by screams one after another, Ye Feng used his soul power to destroy all the masters of the snake tribe!

Boom!

Then Ye Feng directly released the Devouring Field and began to devour the blood and energy of these snake tribe masters.

All the masters of the snake tribe suddenly suffocated, and all the blood and energy gathered on Ye Feng's head, and were swallowed by Ye Feng's swallowing field, and injected into Ye Feng's body, which was rapidly strengthening Ye Feng's skills.

And seeing that the tens of thousands of snake tribe masters he brought were all killed by Ye Feng, and were being devoured by Ye Feng's evil skills.

"No!!!"

The chief of the snake tribe immediately roared with red eyes: "You evil boy, you actually practiced such an evil skill, and killed all the tens of thousands of masters I carefully cultivated. I must make you die without a burial place!!!"

At this moment, the chief of the snake tribe was completely red-eyed, and rushed towards Ye Feng frantically, wanting to kill Ye Feng.

At this time, he didn't care about Ye Feng's extremely strong body strength, and directly released a very terrifying super inheritance, the soul of the ancient dark snake, which could swallow the sky and destroy the earth, and wanted to wipe out Ye Feng in an instant!

Chapter 3766 Hero, spare your life

Boom!

At this moment, a terrifying black light suddenly erupted from the leader of the snake clan.

This black light suddenly condensed into a towering black snake with a height of more than 100,000 meters in the void behind the leader of the snake people clan.

This big black snake is very terrifying, its eyes are emitting scarlet light, like the demon god of the ancient snake tribe, full of terrifying ancient aura, and it suddenly bombards Ye Feng's body, trying to completely crush Ye Feng .

But at this moment, Ye Feng suddenly burst out with a new and powerful cultivation aura.

After Ye Feng devoured the blood energy of tens of thousands of masters of the snake-man clan, just as Ye Feng expected, his own skills were accumulated and he broke through the bottleneck of the half-step soul realm, directly breaking through to the true level. The first level of Yuanso Realm.

After this moment of breakthrough, Ye Feng did not hesitate at all, and instantly used the Dzogchen future body to directly upgrade his cultivation to the Dzogchen state of the tenth level of Yuanso Realm in a short period of time.

At this time, the cultivation aura and power released by Ye Feng had increased hundreds of times compared to before.

At this moment, Ye Feng directly released the Dragon God Art of Heaven and Earth.

boom!

A very terrifying golden dragon soul burst out from Ye Feng's body, and directly collided with the black snake that bombarded him not far away.

Boom!

At this moment, the entire field suddenly erupted with an extremely terrifying collision sound.

It was like a big explosion, covering the entire area at once.

Even the surrounding desert and the stone sculptures underneath were all broken into pieces.

At this moment, Ye Feng's eyes showed deep joy.

Because he saw that after he released the Dragon God Art of Heaven and Earth, he was actually able to go head-to-head with the leader of the snake-man clan.

Sure enough, every time he makes a breakthrough in cultivation, especially a breakthrough in such a large realm, his combat effectiveness can be increased dozens or even hundreds of times.

"How can this be?"

But at this time, when he saw that Ye Feng was unscathed and could compete with his most powerful inheritance, the leader of the snake clan immediately widened his eyes with a look of deep disbelief.

Because what he just released was his most powerful inheritance, and it was originally intended to be instantly obliterated by Ye Feng.

But he never thought that his most powerful inheritance would be blocked by Ye Feng, which was really terrifying.

At this time, the leader of the snake clan finally realized that Ye Feng might not be something he could deal with.

At this moment, the leader of the snake clan was very decisive and quickly retreated towards the back, wanting to leave here completely.

"Want to leave?"

Seeing this scene, Ye Feng did not hesitate and directly released his extremely powerful soul power attack.

Boom!

A terrifying soul wave suddenly burst out in Ye Feng's mind, and then Ye Feng directly used the extremely powerful soul attack weapon he had obtained before, the Revenge Soul Spear!

Uh-huh!

I saw a spear in the state of soul, suddenly struck out from Ye Feng's head, passed through the void in an instant, and hit the leader of the snake people clan who was escaping not far away.

"Puch" sound!

The leader of the Snake Clan, his whole spirit was pierced at once, and his soul immediately suffered a huge blow.

Because this kind of soul-level attack is simply impossible to defend against, and the enemy has no way of defending against it.

During the previous battle, Ye Feng had directly shattered the metal helmet worn by the leader of the snake clan.

Therefore, the leader of the snake clan could no longer defend himself against Ye Feng's soul attack.

Almost at that moment, Ye Feng penetrated the soul of the fleeing snake-man clan leader.

Because the leader of the snake people clan was currently on the run, he was not very vigilant. Naturally, he was unable to resist Ye Feng's unpredictable soul attack in his panic.

"ah!!"

At this time, the leader of the snake clan was attacked by Ye Feng's revenge soul spear. After his soul was pierced, he immediately let out a scream.

He only felt the piercing pain spreading throughout his whole body.

Although Ye Feng pierced through the soul of the leader of the Snake clan, it was very painful to have the soul pierced, even more painful than the physical level.

So at this time, the face of the leader of the snake clan suddenly turned extremely pale.

But his cultivation level was very high after all, so at that moment he immediately increased his strength and ran away into the distance.

Ye Feng saw this scene and directly used the space gem to reach the head of the snake clan leader. He sneered and said, "You have already provoked me, so don't even think about escaping."

Uh-huh!

The leader of the snake-man clan saw Ye Feng appear above his head instantly, but his face was frightened to the extreme, and he suddenly shouted: "Hero, spare your life, hero, spare your life!"

Uh-huh!

Ye Feng didn't bother to say anything at this time. He just stretched out his hand, and with five fingers, each one was like an iron bar, and stabbed directly into the skull of the leader of the snake-man clan, and directly wanted to do it. Swallow the blood and energy of the leader of the snake-man clan.

But suddenly at this moment, the leader of the snake people clan immediately shouted in horror: "Sir, spare your life! I know what you want is to swallow up very majestic energy. There is one in the base camp of our snake people clan. There are many abundant desert ores that can be used by adults for practicing. In addition, I also know other places hidden in the Dragon King Desert that are created by chance, and I can access all the wealth in the treasure house of our snake people. All dedicated to the adults, as long as the adults can spare the villain's life."

"Um?"

Hearing what the leader of the Snake clan said, Ye Feng suddenly showed a look of surprise in his eyes, and couldn't help but said: "It seems that keeping you has some effect, it is better than swallowing you up directly." "

Hearing what Ye Feng said, the leader of the snake-man clan immediately seemed to have grasped the hope of life. He nodded vigorously and said loudly: "My lord, you are right! Save the villain a life, villain." It will bring you more generous rewards! "Boom!

At this moment, a terrifying black light suddenly erupted from the leader of the snake clan.

This black light suddenly condensed into a towering black snake with a height of more than 100,000 meters in the void behind the leader of the snake people clan.

Chapter 3767 As dumb as a chicken

At this moment, the snake clan leader was speaking with a tone full of flattery and humility.

Ye Feng looked at the snake-man clan leader in front of him in surprise.

You know, the other party is a very powerful super strong person.

Because he had more means, he defeated the opponent.

But I didn't expect that the other party would be so submissive, without the demeanor of a super strong man at all.

It seems that this leader of the snake people is really a man who knows the current affairs and is a brilliant person.

At this time, Ye Feng said slowly: "It is indeed better to save your life than to kill you directly, but I hope that the resources you provide me next can satisfy me, otherwise I can take your life away at any time. Erase it."

Hearing what Ye Feng said, the Snakeman Clan leader knew that his life was not in danger. He immediately nodded and bowed with a very happy smile and said: "Don't worry, sir. I have been living in the Dragon King Desert for many years, and the entire As the leader of the Snake People clan, I am naturally very familiar with the entire Dragon King Desert, and our Snake People clan has accumulated a lot of resources and wealth over the years, which I can dedicate to you to help you improve your martial arts."

Ye Feng asked with surprised eyes: "Although you are the leader of the snake people, you shouldn't be able to decide the use of all the wealth of the entire snake people, right?"

When the leader of the snake people heard what Ye Feng said, he immediately smiled and said: "I am going to lose my life, so I definitely don't care about the wealth of the entire snake people, although I can't decide how the wealth of the entire snake people will be used. , but I can secretly bring you, sir, into our snake-people clan, and then secretly donate the wealth and resources to you, sir, so no one should doubt me." .??.

"Um?"

Hearing what the leader of the snake people said, Ye Feng's eyes revealed a look of surprise.

Unexpectedly, this leader of the snake people would betray the entire snake people clan for his own life.

However, Ye Feng didn't express any opinions on this. After all, it was only good for him, no matter what the snake clan leader decided.

So at this time, Ye Feng smiled slightly, with a satisfied look on his face, and said loudly: "If this is the case, that would be great, but now you need to follow me for a while, I have to give my mission to you first. Done."

The leader of the snake people immediately nodded and bowed and said: "Of course, of course, your Lord's affairs must be completed first."

After saying that, the snake clan leader immediately stood beside Ye Feng obediently.

At this moment, Ye Feng suddenly said: "By the way, although you are surrendering to me now, I can't guarantee that you will attack me at any time, so I need to set a soul mark in your spirit. , Only in this way can you follow me with peace of mind, and I will not suspect that you will conduct a sneak attack next. "

Hearing what Ye Feng said, the snake-men clan leader immediately nodded and bowed and said: "As long as the adult spares the villain's life, then the adult can do whatever he wants. Isn't it just a soul brand? Come! Sir, you can brand it directly Be in my spirit!"

At this moment, the leader of the snake people spoke, directly opening his spirit and soul.

When Ye Feng saw the snake clan leader being so "bold", he immediately smiled and said, "Okay, it seems you are very knowledgeable."

The leader of the snake people immediately spoke up and said: "Those who know the current affairs are heroes. I understand this truth. You have to bow your head when you should bow your head."

r\u003e

Ye Feng nodded at this moment, and then directly released his soul imprint, directly entering the mind of the snake-man clan leader.

At this moment, Ye Feng seemed to have sensed something, and immediately looked towards the entrance of the ancient Dragon King's inheritance place, and said loudly: "That group of people from the Dragon Blood Family must have encountered some problem, let's hurry up and get there. "

Uh-huh!

After saying that, Ye Feng immediately flew towards the entrance of the inheritance place of the ancient Dragon King not far away, flying quickly.

The leader of the snake people followed Ye Feng respectfully and subdued the leader of the snake people. Ye Feng was also very satisfied.

After all, the cultivation strength of this snake-man patriarch is very terrifying. Even if his cultivation has reached the first level of Yuanso Realm, this snake-man patriarch is still two realms higher than himself.

This is a very powerful super strong man, but he is not lucky enough to meet a super genius like Ye Feng who specializes in treating all kinds of dissatisfaction.

At this moment, Ye Feng and the Snakeman Clan Leader directly walked into the inheritance place of the ancient Dragon King.

When they passed through the stone gate entrance, they immediately saw a very splendid underground palace group, standing in the underground space behind the stone gate, looking very magnificent.

At this moment, the fluctuation that Ye Feng sensed was that a group of guards from the Dragon Blood Family were fighting with the terracotta warriors and horses in this underground space.

In the palace complex in this underground space, the ancient Dragon King seemed to have cast a lot of terracotta warriors and horses in it as a guard force after his death to deal with outsiders who wanted to enter the Dragon King's tomb.

"Rumble..."

At this time, Ye Feng did not hesitate at all, and directly released his extremely powerful power. His whole body burst out with divine light, and he instantly rushed into the terracotta warriors and horses not far ahead. In one fell swoop, he was besieging the members of the Dragon Blood Family. The group of terracotta warriors and horse puppets were all blown away.

"It's Young Master Ye Feng!!"

At this moment, when they saw Ye Feng falling from the sky, the eyes of a group of masters from the Dragon Blood Family around them lit up. Even the Grand Commander and Young Master Lin Lei showed deep surprise in their eyes.

"Very good!"

Everyone cheered a little.

"Uh-huh!"

But suddenly at this moment, a figure flew over from not far away, exuding a terrifying and ferocious aura, which was very terrifying.

"It turns out to be that super strong man from the desert snake people clan!"

"Run!"

At this moment, when they saw a terrifying existence like the leader of the Snake People coming here, a group of masters from the Dragon Blood Family were immediately frightened and were about to flee from here in terror.

But the next moment, what shocked this group of experts from the Dragon Blood Family was that even the commander-in-chief and the young master Lin Lei almost had their eyes dropped.

They saw a very incredible scene.

The terrifying snake-man clan leader came directly in front of Ye Feng at this moment, and said in a very respectful manner: "Sir, there are just some ordinary puppets around, let the villain handle it." Well, don't bother me, sir."

"What??"

Seeing this scene in front of them, all the masters of the Dragon Blood Family present were dumbfounded. At this moment, the snake clan leader was speaking, his tone full of flattery and humility.

Ye Feng looked at the snake-man clan leader in front of him in surprise.

You know, the other party is a very powerful super strong person.

Because he had more means, he defeated the opponent.

Ye Feng asked with surprised eyes: "Although you are the leader of the Snake People clan, you shouldn't be able to decide the use of all the wealth of the entire Snake People clan, right?" .??.

When the leader of the snake people heard what Ye Feng said, he immediately smiled and said: "I am going to lose my life, so I definitely don't care about the wealth of the entire snake people, although I can't decide how the wealth of the entire snake people will be used. , but I can secretly bring you, sir, into our snake-people clan, and then secretly donate the wealth and resources to you, sir, so no one should doubt me."

After saying that, the snake clan leader immediately stood beside Ye Feng obediently.

At this moment, Ye Feng suddenly said: "By the way, although you are surrendering to me now, I can't guarantee that you will attack me at any time, so I need to set a soul mark in your spirit. , Only in this way can you follow me with peace of mind, and I will not suspect that you will conduct a sneak attack next. "

Hearing what Ye Feng said, the snake-men clan leader immediately nodded and bowed and said: "As long as the adult spares the villain's life, then the adult can do whatever he wants. Isn't it just a soul brand? Come! Sir, you can brand it directly Be in my spirit!"

At this moment, the leader of the snake people spoke, directly opening his spirit and soul.

Ye Feng nodded at this moment, and then directly released his soul imprint, directly entering the mind of the snake-man clan leader.

At this moment, Ye Feng seemed to sense something, and immediately looked at the entrance of the ancient Dragon King's inheritance place, and said loudly: "That group of people from the Dragon Blood Family must have encountered some problem, let's get there as soon as possible. "

Uh-huh!

After saying that, Ye Feng immediately flew towards the entrance of the inheritance place of the ancient Dragon King not far away, flying quickly.

The leader of the snake people followed Ye Feng respectfully and subdued the leader of the snake people. Ye Feng was also very satisfied.

After all, the cultivation strength of this snake-man patriarch is very terrifying. Even if his cultivation has reached the first level of Yuanso Realm, this snake-man patriarch is still two realms higher than himself.

This is a very powerful super strong man, but he is not lucky enough to meet a super genius like Ye Feng who specializes in treating all kinds of dissatisfaction.

At this moment, Ye Feng and the Snakeman Clan Leader directly walked into the inheritance place of the ancient Dragon King.

When they passed through the stone gate entrance, they immediately saw a very splendid underground palace group, standing in the underground space behind the stone gate, looking very magnificent.

At this moment, the fluctuation that Ye Feng sensed was that a group of guards from the Dragon Blood Family were fighting with the terracotta warriors and horses in this underground space.

In the palace complex in this underground space, the ancient Dragon King seemed to have cast a lot of terracotta warriors and horses in it as a guard force after his death to deal with outsiders who wanted to enter the Dragon King's tomb.

"Rumble..."

At this time, Ye Feng did not hesitate at all, and directly released his extremely powerful power. His whole body burst out with divine light, and he instantly rushed into the terracotta warriors and horses not far ahead. In one fell swoop, he was besieging the members of the Dragon Blood Family. The group of terracotta warriors and horse puppets were all blown away.

"It's Young Master Ye Feng!!"

At this moment, when they saw Ye Feng falling from the sky, the eyes of a group of masters from the Dragon Blood Family around them lit up. Even the Grand Commander and Young Master Lin Lei showed deep surprise in their eyes.

"Very good!"

Everyone cheered a little.

"Uh-huh!"

But suddenly at this moment, a figure flew over from not far away, exuding a terrifying and ferocious aura, which was very terrifying.

"It turns out to be that super strong man from the desert snake people clan!"

"Run!"

At this moment, when they saw a terrifying existence like the leader of the Snake People coming here, a group of masters from the Dragon Blood Family were immediately frightened and were about to flee from here in terror.

But the next moment, what shocked this group of experts from the Dragon Blood Family was that even the commander-in-chief and the young master Lin Lei almost had their eyes dropped.

They saw a very incredible scene.

The terrifying snake-man clan leader came directly in front of Ye Feng at this moment, and said in a very respectful manner: "Sir, there are just some ordinary puppets around, let the villain handle it." Well, don't bother me, sir."

"What??"

Seeing this scene in front of them, all the masters of the Dragon Blood Family present were stunned.

Chapter 3768 A huge conspiracy

At this moment, all the masters of the Dragon Blood Family were shocked, and they were shocked to the extreme.

Because they never thought that the terrifying leader of the snake people, the unparalleled super strong man in the Dragon King Desert, would be so respectful in front of Ye Feng at this moment, which was really shocking to the point where people would drop their eyes. Came down.

Because this is simply impossible to happen.

In the eyes of this group of experts from the Dragon Blood Family, the Snakeman Clan Leader of the Dragon Emperor Desert was definitely a very vicious existence, full of evil, but they never expected that he would behave so respectfully in front of Ye Feng.

At this time, the leader of the Dragon Blood Family could not help but look at Ye Feng and asked: "Master Ye Feng, what is going on?"

Ye Feng just smiled slightly at this moment and said aloud: "This snake-man clan leader has changed his ways and become my subordinate. He will strictly obey my orders in the future. You don't have to be afraid."

"What??"

Hearing what Ye Feng said, all the members of the Dragon Blood Family present could not help but open their mouths in shock.

At this moment, Ye Feng did not hesitate at all and said to the snake clan leader beside him: "The two of us will clear the way for the members of the Dragon Blood Family."

Hearing what Ye Feng said, the snake clan leader naturally did not hesitate at all, and immediately said very respectfully: "Of course."

Boom!

At this moment, the Snakeman Clan Leader suddenly burst out with his terrifying cultivation aura.

It has to be said that the leader of the snake people is still a very terrifying super strong man with a very high level of cultivation.

So at this time, after the Snakeman Clan Leader truly exploded his cultivation, everyone felt a depressing aura.

At this moment, a large black snake with a length of more than 100,000 meters suddenly formed from behind the leader of the snake people.

Like the ancient dark behemoth, it is very terrifying.

At this time, Ye Feng also released the Heavenly Emperor Dragon God Art.

Buzz!

Behind Ye Feng, a majestic golden dragon also appeared at this moment, which was the soul of the ancient ancestral dragon.

At this moment, Ye Feng and the Snakeman Clan Leader had two behemoths floating behind them, helping the members of the Dragon Blood Family to clear the way.

Boom!

At this moment, under the leadership of two super masters, the journey was overwhelming. Nothing could stop the attacks of Ye Feng and the Snakeman Clan Leader.

Ye Feng was originally a super genius and his fighting power was astonishing, while the Snakeman clan leader was a super strong man with a very high level, and his fighting power was naturally very terrifying.

So at this moment, the masters of the Dragon Blood Family showed deep excitement in their eyes.

Because they were walking through the underground palaces in the entire Dragon King inheritance land, they no longer had to be afraid of any danger.

Along the way, they soon arrived at the deepest part of the Dragon King's inheritance place.

Here, they immediately saw a huge tomb standing on the ground in front of them.

This tomb is like a mountain, looking very ancient and majestic.

At this moment, there was a huge stone tablet standing in front, with the four characters "Ancient Dragon Emperor" written on it.

Seeing this scene, all the masters of the Dragon Blood Family were excited and their eyes were trembling.

Because they finally saw the inheritance place of the ancient Dragon King that they had dreamed of.

At this moment, the leader of the Dragon Blood Family immediately looked at the young master Lin Lei beside him and said loudly: "Young master, we have finally reached the final destination."

Lin Lei was also very excited and happy at this time. He nodded vigorously and said loudly: "Then how should we proceed to the next step now?"

The commander took out an ancient book from the storage ring and looked at it carefully for a moment.

The commander slowly spoke out at this time: "According to the book handed down by our family, the tomb of the ancient Dragon Emperor contains a portion of the Dragon Emperor's essence and blood left by the ancient Dragon Emperor. If you can get If you get this Dragon Emperor's essence and blood, young master, if you swallow it directly, it will trigger the ancient Dragon Emperor's bloodline hidden in your body, and help you activate this ancient Dragon Emperor's bloodline, thus making you very weak now. The physique directly transforms into the extremely powerful dragon blood warrior physique."

Hearing what the commander said, Lin Lei, the young master of the Dragon Blood Family, immediately said very happily: "Then we can go directly into the tomb now."

The commander-in-chief shook his head at this time, then looked at Ye Feng and the Snakeman clan leader at the front, and said slowly: "Master Ye Feng, please continue to clear the way in front. I'm afraid there are still people in this tomb. We will not be able to resist other dangers when the time comes."

Ye Feng nodded at this time, and then directly joined forces with the Snakeman Clan Leader to blast open the tomb in front of him.

Boom!

At this moment, the entire tomb exploded.

But among these fragments, a terrifying roar suddenly came to mind.

"Roar!!"

Almost at the next moment, under the horrified eyes of everyone, a giant dragon whose body was already covered with dark green corpse spots let out a cry.

With a roar like a wild beast, he rushed towards everyone present in an instant, and opened his mouth to devour a nearby guard.

"The Ancient Dragon King turned into a corpse!"

At this moment, even the leader of the snake people had a look of horror in his eyes, and couldn't help but say: "Oh no! I didn't expect that the immortal dragon body of the legendary ancient dragon emperor had turned into a corpse. It's hard to deal with now! This kind of super powerful person at the level of the ancient dragon king was a very terrifying existence in ancient times. After transforming into a corpse, he is also very terrifying and difficult to deal with. "

At this time, the leader of the snake people said that an extremely ancient weapon, the golden snake spear, appeared in his hand, and it directly bombarded the corpse-turned dragon not far away, causing a huge metal roar.

The weapon in his hand was unable to break through the transformed scales of the ancient dragon emperor's corpse.

The leader of the snake people couldn't help but said: "The Ancient Dragon King is indeed a super being of the top ancient powerhouses. The scales on his body are so strong that they cannot be

broken open. Even if he transforms into a corpse, he will not be able to release his magic power." , this transformed corpse of the ancient dragon emperor is not something we can deal with."

At this moment, Ye Feng's eyes showed surprise again and again. The changed state of the ancient dragon emperor's corpse was very similar to the beast that Ye Feng had encountered before and was infected by the yin energy of the Lord of the Underworld. Emperor.

"Is there a trick arranged by the Lord of the Underworld here? That's why an ancient powerful man like the Ancient Dragon Emperor was transformed into a corpse."

At this time, Ye Feng looked at the terrifying figure of the ancient dragon emperor's corpse scurrying around in the distance, with a hint of thinking in his eyes.

The Lord of the Underworld likes to directly infect the corpses of super strong people in various interfaces with corpse transformation, as if he is planning something.

Does this Lord of the Underworld have some huge conspiracy?

Chapter 3769 The master retreats

Boom!

Just as Ye Feng was thinking, the corpse of the ancient dragon emperor that had turned into a corpse not far away was quickly destroying everything around it.

Even the super powerful existence of the snakeman chief was unable to resist the corpse of the ancient dragon emperor at this moment.

After all, the ancient dragon emperor was a super terrifying existence in the ancient times.

Even though he has been dead for many years, he is still very terrifying now that he has turned into a corpse.

The solid dragon scales are just like the most terrifying divine iron in the world, and they can't be destroyed at all.

At this time, Ye Feng didn't hesitate at all, and flew directly into the air, looked at the snakeman chief, and said: "You protect the masters of the Dragon Blood Family, and leave this ancient dragon emperor who has turned into a corpse to me."

At the moment when Ye Feng's voice fell, the snakeman chief nodded immediately and flew in front of a group of Dragon Blood Family members.

At this time, Ye Feng was alone, facing the corpse of the ancient dragon emperor who was destroying everywhere.

At this moment, Ye Feng could see that the corpse of the Ancient Dragon Emperor was several thousand meters long, and each scale was as big as a bowl. Even though it had been dead for many years, it still exuded a cold metallic luster, and looked immortal.

At this time, Ye Feng did not hesitate at all, and directly activated the Immortal Golden Body of Tyrant Body, and fully unleashed the power of the Hongmeng Immortal Body.

Boom!

At this moment, a thousand-foot-long divine light suddenly burst out from Ye Feng's body.

Ye Feng's entire body turned into pure gold, even his hair and pupils turned into gold, emitting an immortal light.

At this moment, Ye Feng immediately rushed towards the Ancient Dragon Emperor in front of him.

Boom!

Then Ye Feng and the corpse-transformed Ancient Dragon Emperor fought evenly.

The battle between the two was simply a pure collision of body power, and every punch hit the flesh, which was very terrifying, making everyone feel extremely terrible.

Even the chief of the snake people, watching Ye Feng confronting the corpse of the ancient dragon emperor, couldn't help but sigh: "Lord Ye Feng is really amazing. This kind of strong body is simply

unheard of and unseen." Hearing what the chief of the snake people said, the masters of the Dragon Blood Family around, including the chief commander and the young master of the Dragon Blood Family, all showed horror in their eyes. Even the terrifying and peerless top figure of the snake people chief was so amazed at Master Ye Feng. It seems that they were really lucky to get Ye Feng to take over this task this time. Otherwise, if it was just an ordinary student of the Wanjie Martial Arts Academy who took over this task, then all the people of their Dragon Blood Family would probably have been buried in this Dragon Emperor Desert. While everyone was amazed at Ye Feng's terrible strength, Ye Feng had already knocked down the corpse of the ancient dragon emperor. It must be said that Ye Feng, who has now opened the Immortal Golden Body of Domination, is simply terrifying to the extreme.

At this time, Ye Feng suddenly sensed a very familiar message from the corpse of the Ancient Dragon Emperor.

Buzz!

Almost at this moment, a majestic and boundless will shadow suddenly appeared in front of Ye Feng.

This great will shadow was full of the aura of the supreme master, which made all the strong men present, even the big men of the level of the Snake Clan Chief, feel like kneeling down and worshipping.

At this moment, the Snake Clan Chief immediately said with some fear: "Is this the legendary aura of the master? How could the body of the Ancient Dragon Emperor have such a great aura..."

"Master?"

At this moment, hearing what the Snake Clan Chief said, a group of masters of the Dragon Blood Family present suddenly widened their eyes.

Master!

That is the most powerful creature in the world of the legend.

How could it appear here? ??

Appear in the tomb of an Ancient Dragon Emperor?

At this time, Ye Feng was alone, facing the will of the master that suddenly appeared from the corpse of the ancient dragon emperor.

Ye Feng was very clear about this will of the master, which was the will of the Lord of the Underworld.

At this moment, the moment the will of the Lord of the Underworld appeared, it immediately issued a majestic voice: "A group of ants dared to destroy my chess pieces, which is really bold and presumptuous."

After the will of the Lord of the Underworld finished speaking, he suddenly stared at Ye Feng in front of him, as if he remembered something, and suddenly his eyes showed a look of astonishment, and he couldn't help but say aloud: "It turned out to be you! I didn't expect it to be you again! Why do you have a problem with me?"

When Ye Feng heard what the Lord of the Underworld said, he immediately spread his hands, without fear of the majesty of the master, but smiled and said: "I'm not having a problem with you, it's just that we are destined to be together."

After that, Ye Feng stared at the Lord of the Underworld and found that the other party's face was very gloomy.

Because the Lord of the Underworld also knows that although Ye Feng, this hateful boy, is like an ant, he possesses a very terrifying spiritual treasure that even the Lord of the Underworld cannot resist. As long as the Lord of the Underworld cannot come here, he cannot resist Ye Feng.

Just relying on the shadow of will will not work.

So at this time, the Lord of the Underworld fell into silence.

Ye Feng suddenly asked at this time: "Lord of the Underworld, you have transformed these super strong people into corpses in the tombs of many super strong people in every interface. Do you have any plans or conspiracies? "

Hearing Ye Feng's question, the Lord of the Underworld just smiled coldly, and then didn't say anything more, but the shadow of his will gradually dissipated.

The Lord of the Underworld dispersed the phantom of his own will, which was not like the behavior of a master.

But at this time, the Lord of the Underworld knew very well that if he fought with Ye Feng, he would not be able to fight against Ye Feng.

Because he knew that there was a super treasure in Ye Feng's head that was specially designed to restrain the spirit and soul. Even the primary master's spirit and soul power could not resist it.

At this time, all the masters of the Dragon Blood Family behind him, including the Snake Man Clan Leader, suddenly widened their eyes.

They seemed to have never imagined that the great, boundless and supreme will of the Lord would actually retreat on its own initiative.

And it seems to be because of Ye Feng.

Everyone originally thought they were going to die, but they didn't expect Ye Feng to face the will of the master alone, and actually let the master retreat!

This is really terrible!

This is simply a shocking scene!

Because everyone knows that the Lord is the most powerful creature in the world, but now he has regressed in front of Ye Feng. This is really incredible!

It made everyone feel as if they had seen a legendary miracle!

Even the leader of the Snake People stared at the young figure in white clothes in front of him for an instant. His eyes were full of deep disbelief, and he murmured: "What kind of existence is this Lord Ye Feng?" ah....."

Chapter 3770 Call it a day

It has to be said that everyone present was extremely shocked at this moment.

At this time, Ye Feng looked at the dissipated dominant will of the Lord of the Underworld, with a hint of thinking in his eyes.

This Lord of the Underworld transformed the corpses of super strong people into corpses in the tombs of super strong people in every interface. He must be planning something.

At this time, Ye Feng looked at the corpse of the ancient dragon king that he had knocked down and lying on the ground. He directly released the devouring domain and began to devour the ancient dragon king.

Although this ancient dragon king has transformed into a corpse, his body is still as if it was made of steel bars and molten iron. It is very strong and contains very majestic dragon source energy.

So at this time, the devouring domain released by Ye Feng quickly devoured all the energy that could enhance his skill still contained in the ancient dragon king's body.

At this moment, Ye Feng could immediately feel that his cultivation skills were growing rapidly.

Almost at the next moment, Ye Feng's cultivation aura began to rise steadily.

"boom!"

Yuanso Realm Second Heaven! ??

"boom!"

The third level of Yuanso Realm!

"boom!"

The fourth level of Yuanso Realm!

"boom!"

The fifth level of Yuanso Realm!

"boom!"

The sixth level of Yuanso Realm!

"boom!"

The seventh level of Yuanso Realm! !

At this time, Ye Feng's cultivation level suddenly broke through so much, which really shocked everyone to the extreme.

Even Ye Feng himself couldn't help but reveal a trace of surprise in his eyes at this time, as if he didn't expect that the corpse of this ancient Dragon King still contained such majestic energy after so many years.

At this time, Ye Feng directly broke through to the seventh level of Yuanso Realm, which really surprised Ye Feng.

Uh-huh!

Ye Feng stretched out his hand to grab it at this moment, never far away

A small metal box was grabbed directly from the ruins of the tomb.

The moment the metal box was opened, a very strong energy wave was emitted.

I saw that inside this metal box, there was actually a stream of blood emitting golden light, which looked very magical.

At this time, Ye Feng descended directly from the sky and sent the metal box to Lin Lei, the young master of the Dragon Blood Family. He smiled and said: "This is what you need, left behind by the ancient Dragon King." Once you swallow the Dragon King's essence and blood, it should be able to activate the blood of the ancient Dragon King contained in your body, transforming your entire body into the legendary dragon-blooded warrior physique."

Hearing what Ye Feng said at this moment and looking at the metal box placed in front of him, Lin Lei, the young master of the Dragon Blood Family, suddenly showed deep excitement in his eyes.

He immediately couldn't help but feel a little excited and trembling, and took the metal box Ye Feng handed him in his hands.

At this moment, a group of masters from the Dragon Blood Family standing around were staring at this scene with excited eyes.

The commander couldn't help but said: "Young Master, swallow it quickly. As long as you become a dragon-blooded warrior, our family will once again be revitalized."

"Um!"

Hearing what the commander said, Lin Lei, the young master of the Dragon Blood Family, no longer hesitated. He nodded vigorously, and then with a look of deep expectation in his eyes, he immediately took out the ancient dragon in the metal box with one mouthful. The emperor's essence and blood was swallowed directly into his stomach.

But it didn't wait for everyone to be happy.

Suddenly there was a "boom"!

Lin Lei, the young master of the Dragon Blood Family, had his Dantian suddenly exploded, creating a bloody hole.

Then Lin Lei suddenly screamed in pain: "Ah!!!"

"what's the situation??"

Seeing this step, all the dragons present

The masters of the Blood Family were all frightened to the extreme.

They never expected that such a thing would happen.

Uh-huh!

The commander's face suddenly changed, and he flew directly in front of Lin Lei, the young master of their Dragon Blood family, and couldn't help but ask: "Young master, what's wrong with you?"

Lin Lei also looked confused at this moment and said loudly: "I don't know what's going on."

The leader of the snake people suddenly spoke up at this time: "The young master of your family is too weak. If he swallows this essence and blood directly, it will not be refined at all, so the Dantian will be directly shattered by the energy in the Dragon King's essence and blood. " .??.

"What?"

Hearing what the leader of the snake people said, the commander immediately turned very pale and said loudly: "Does this mean that our young master has been abolished?"

Ye Feng walked directly in front of Lin Lei at this time, and then said loudly: "Let me give it a try and help him fuse the Dragon King's essence and blood."

After saying that, Ye Feng stretched out his hand and pressed it on Lin Lei's head.

Boom! !

Almost at this moment, Ye Feng immediately released his huge power and forcibly helped the Dragon King's essence and blood to merge into Lin Lei's body.

At this moment, Lin Lei immediately felt that his entire body was filled with terrifying heat.

My whole body felt like it was about to burn!

This feeling is like the whole person is about to leap from an extremely weak ant to an extremely terrifying giant.

Lin Lei immediately couldn't help shouting with joy: "Success, I have successfully fused the Dragon King's essence and blood and turned into a dragon-blooded warrior physique."

Almost at this moment, Lin Lei directly released his dragon blood warrior physique.

"Swish, swish, swish!"

The next moment, I saw pieces of golden dragon scales growing on the surface of Lin Lei's body, covering it.

It spread all over the body and suddenly became very ferocious.

Those dragon scales are extremely strong and can withstand extremely terrifying destructive power.

Seeing this scene, the masters of the Dragon Blood Family were all excited and shouted with joy: "Great! Young Master, you have finally awakened the Dragon Blood Warrior physique!"

After finishing speaking, the commander-in-chief suddenly knelt down on one knee in front of Ye Feng with a group of masters from the Dragon Blood Family, and said with great gratitude and from the bottom of his heart: "Thank you, Mr. Ye Feng, for your help! "

Ye Feng just smiled slightly at this time and said aloud: "My mission this time is to escort you into the inheritance place of the ancient Dragon King and help your young master achieve the body of a dragon-blooded warrior, so I will naturally do it. "

After saying that, the commander immediately nodded, then took out a total of 300,000 spiritual crystals from his storage ring, and said loudly: "This is your reward, Mr. Ye Feng."

Ye Feng accepted the reward and said with a smile: "The task is completed, let's call it a day."

After finishing speaking, the commander clasped his fists gratefully, and then said to the group of people behind him: "The young master has awakened the dragon blood warrior physique, let's leave here."

"Yes, Commander-in-Chief."

At this moment, many masters escorted their young master and left the inheritance place of the ancient Dragon King directly. They used the boundary-breaking talisman and disappeared into the ancient dragon world.

Ye Feng looked at the snake clan leader beside him and said, "Let's go and have a look around your snake clan and see how rich your snake clan is."

"Wait a moment."

The leader of the snake people suddenly spoke up: "Lord Ye Feng, those people from the Dragon Blood Family have completely left. I can tell you a big secret. It is said that there is an ancient dragon buried in this inheritance place of the ancient Dragon King. The most powerful weapon the Emperor forged back then was called the 'Dragon Emperor's Holy Sword'. It was known as the top ten famous swords in the ancient dragon world! It's very precious! I wonder if we can find it?"

"Um?"

Hearing what the Snakeman Clan Leader said, Ye Feng's eyes suddenly lit up.
