

## Ancient 3771

Chapter 3771 A young dragon

At this time, Ye Feng heard the Snakeman Clan Leader say that there was such a super powerful weapon in the tomb of the ancient Dragon King, and Ye Feng's eyes immediately showed deep joy.

Because for Ye Feng, if he can get a very powerful weapon, it will definitely be of great help to improve Ye Feng's strength.

After all, Ye Feng doesn't have any handy weapons yet.

Although he had obtained powerful weapons such as the Blizzard Tomahawk before, as Ye Feng's cultivation level continued to improve, he gradually became unable to exert too much power and was gradually eliminated.

So so far, Ye Feng has been relying on his extremely powerful body and his extremely powerful magic inheritance to fight against the enemy.

This ancient Dragon King was a super strong person in ancient times, so the weapons he created must be very powerful. ??

Moreover, the snake-man clan leader also said that the weapon forged by the ancient dragon emperor, the Dragon Emperor Holy Sword, is known as the first of the ten famous swords in the ancient dragon world. It is naturally very extraordinary.

Because you must know that Taikoo Dragon Realm is not an ordinary interface, but a very advanced and powerful interface.

In this advanced interface, it can be called the top ten famous swords, which means that this Dragon King Holy Sword must be very extraordinary and contains unparalleled power.

At this moment, Ye Feng didn't hesitate at all, and directly began to exude his majestic soul power, quickly covering the entire surrounding underground tomb area.

But the moment Ye Feng just released his soul power, he suddenly sensed a very weak fluctuation.

"Um?"

Ye Feng's eyes suddenly lit up and he immediately flew quickly in a certain direction.

And when he saw Ye Feng, he discovered something in an instant, and the snake clan leader who was following him showed deep surprise in his eyes.

Lord Ye Feng is really powerful. Has he found the traces of the Dragon Emperor's Holy Sword in such a short period of time?

At this moment, the snake clan leader was thinking secretly in his heart, and then followed Ye Feng to fly quickly in a certain direction.

For the snake clan leader, now that he is faithfully following Lord Ye Feng, who has unlimited potential, his future will definitely be very bright.

At this moment, when Ye Feng came to the moment where he sensed the weak fluctuation, he immediately saw an emerald green tree appearing in the distance.

There is a faint wave of life around this emerald green tree, and the wave of life that Ye Feng senses is under this emerald green tree.

Seeing this scene, Ye Feng's eyes showed a trace of surprise, and he couldn't help but said: "I didn't expect that there would be such a beautiful tree growing in this desolate and silent mausoleum of the ancient Dragon King. The vibrant green trees up there are really incredible."

Hearing what Ye Feng said, the Snakeman Clan Leader standing by also showed surprise in his eyes and said loudly: "This emerald green tree contains such majestic life fluctuations, it must be gestating something. "

The leader of the snake people is indeed an old man who has been in the Dragon Emperor Desert for many years. He immediately saw something special.

At this moment, when Ye Feng heard what the leader of the Snake People said, his eyes immediately moved and he said, "Could it be that the fluctuation I sensed is not the Dragon Emperor's Holy Sword, but another machine?"

Destiny? "

Uh-huh!

After Ye Feng finished speaking, without any hesitation, he directly stretched out his hand and uprooted the emerald green tree.

The moment he climbed up, Ye Feng immediately saw a huge golden bead appearing among the countless roots of the tree.

Inside this golden bead, a small dragon can be faintly seen, gestating in it.

Seeing this scene, the leader of the snake people immediately showed surprise in his eyes and said loudly: "Could this be the heir left by the ancient Dragon King?"

When Ye Feng heard what the leader of the snake people said, his eyes immediately showed deep surprise, and then he stretched out his hand and took the ball into his hand.

Buzz!

At this moment, Ye Feng could indeed sense a very strong wave of life force from this round bead, which seemed to be about to burst out.

"It should be a child of the ancient dragon clan that is being conceived and has not yet been born. It is a young dragon."

Ye Feng couldn't help but murmur at this moment, and then directly put the round bead into his storage ring without swallowing it directly.

After all, if the ancient dragon clan in this round bead can be cultivated, maybe it can grow into a terrifying and powerful existence like the ancient dragon emperor in the future.

At this time, the leader of the snake people immediately nodded and said: "Congratulations to Mr. Ye Feng for getting a dragon egg. If a descendant of the ancient dragon clan can be hatched in the future, he will grow into a transcendent existence like the ancient dragon emperor. Then Master Ye Feng will have a super powerful subordinate."

Hearing the compliment from the snake clan leader, Ye Feng just smiled and didn't say much.

Instead, he continued to radiate his soul power and began a carpet search to find the Dragon Emperor's Holy Sword created by the ancient Dragon Emperor.

Finally, after Ye Feng's tireless search, he saw a rusty iron sword stuck in the ground in the southwest corner of the ancient Dragon Emperor's tomb. It looked very extraordinary.

Seeing this scene at this moment, Ye Feng couldn't help but look surprised in his eyes and said loudly: "Could this be the Dragon King's Holy Sword? Why does it look so tattered?"

At this time, the snake clan leader also had some doubts in his eyes, and said aloud: "But in the ancient books of our snake clan, it is indeed recorded that the inheritance of the ancient dragon emperor must exist in the place where the ancient dragon emperor cast it. The most powerful weapon, the Dragon King's Holy Sword."

When Ye Feng heard what the snake clan leader said, he nodded slightly, stepped forward, and pulled out the rusty iron sword directly from the ground.

Boom! !

Almost at the moment Ye Feng pulled it out, the entire rusty iron sword suddenly erupted into golden light, exuding a terrifying and boundless sharp energy, radiating towards the surroundings.

That kind of terrifying sword energy, in an instant, even an extremely powerful super strong man like the leader of the snake people was pierced through an arm, and he couldn't help but scream.

Poof!

And the moment that sword energy bombarded Ye Feng, it also penetrated Ye Feng's current Hongmeng Immortal Body.

However, Ye Feng did not scream, but his eyes became extremely excited, and he said loudly: "What a powerful sword energy! What a terrifying sword light! It is indeed the Holy Sword of the Dragon King!" At this time, Ye Feng heard the snake man The clan leader said that there was such a super powerful weapon in the tomb of the ancient Dragon King, which immediately made Ye Feng's eyes show deep joy.

However, Ye Feng did not scream, but his eyes became extremely excited, and he said loudly: "What a powerful sword energy! What a terrifying sword light! It is indeed the Holy Sword of the Dragon Emperor!"

Chapter 3772 Re-selection

At this time, Ye Feng stared at the extremely powerful sword in his hand, with deep excitement in his eyes.

The long sword looked rusty and tattered just now, but now as Ye Feng inputs mana, the entire sword body suddenly bursts out with a bright golden light, giving people a very sacred and extraordinary feeling. .

At this time, Ye Feng could feel that this Dragon King Holy Sword contained the terrifying Dragon King power, and it also had an extremely sharp sword energy.

Once the power of the Dragon King's Holy Sword is fully released, the destructive power will be absolutely terrifying.

And you must know that Ye Feng's skill reserve is already very strong. With Ye Feng's huge mana, activating the Dragon King's Holy Sword will naturally be able to explode part of the power of the ancient Dragon King, with absolute destructive and terrifying power. To the extreme.

The leader of the snake people beside him couldn't help but said in horror at this time: "What a terrifying Dragon King Holy Sword! It was indeed the first of the top ten famous swords in our ancient dragon world. A casual sword energy penetrated it instantly. My body."

At this moment, Ye Feng directly refined the Dragon King Holy Sword and then put it into his body.

At this moment, Ye Feng looked at the snake clan leader beside him and said, "Let's go and take a look at your snake clan."

The snake clan leader nodded immediately and did not forget his promise to Ye Feng.

That is to secretly dedicate all the wealth of their snake people to Ye Feng.

Soon, the two of them left the underground tomb of the ancient Dragon King and flew directly to the desert above the tomb.

At this time, the leader of the snake people was leading the way.

Ye Feng suddenly asked: "What is the most powerful existence among your snake people?"

At this time, the Snake Man Clan leader showed a hint of embarrassment in his eyes, and said aloud: "I don't know much about this. Although I am the leader of the Snake Man Clan, I am only the leader on the surface.

The one who actually controls our entire snake-people clan is the senior group of our snake-people clan. The members of this senior group are composed of old patriarchs of each generation. The members are very terrifying, and they are all transcendent beings at the level of old monsters. , anyway, much stronger than me. "

Hearing what the snake clan leader said, Ye Feng's eyes revealed a trace of surprise.

I didn't expect that the snake people family has such a profound foundation.

You must know that this snake-man clan leader is a very powerful being in his own right, with a very high realm, two realms higher than Ye Feng's current level.

But I didn't expect that the old monsters in the elder group of the snake people were much more powerful than the leader of the snake people.

This shows that the snake people are not so easy to mess with.

If Ye Feng was alone, he might not dare to easily join the snake people.

But now that there is the leader of the snake people, he can go in and take a good look.

Let's see if we can get the wealth that the Snake people have accumulated over the years.

Under the guidance of the Snake Man Clan Leader, the two of them went very smoothly, and soon traveled through a large area of the Dragon Emperor Desert, finally arriving at the southwest side of the Dragon Emperor Desert.

Here, on the desert in the distance, a continuous building like a desert empire was built.

Looking at the group of empire-like buildings in the distance, Ye Feng's eyes showed surprise and he said loudly: "You desert snake people are indeed very powerful. You have actually built an empire-like building." The base camp is worthy of being the race that dominates the entire Dragon Emperor Desert of the Ancient Dragon Realm."

Hearing what Ye Feng said, the Snakeman Clan leader immediately couldn't help but shook his head and smiled, and said loudly: "The entire Dragon King Desert is very vast.

In the desert, there are not only our snake people, but also many other powerful races and forces. However, our snake people are one of the more powerful races. Before, I thought that if I could get the ancient dragon emperor's Bloodline has transformed my life, and I will be able to lead the entire Snakeman clan to dominate the entire Dragon King Desert. Now it seems there is no chance. "

When Ye Feng heard what the snake clan leader said, he immediately said, "I can transform you."

Uh-huh!

After saying that, Ye Feng didn't hesitate at all, and directly stretched out his hand and pressed it on the head of the snake clan leader.

At this moment, Ye Feng directly inspired the talent of the third level of his Hongmeng Immortal Body, Hongmeng Purple Qi.

The Hongmeng Purple Qi can transform a living being qualitatively.

At this moment, Ye Feng released the Hongmeng Purple Qi and poured it directly into the body of the Snakeman Clan Leader.

At this moment, the snake clan leader immediately felt a magical gas that was rapidly transforming his life essence.

After sensing all this, the Snakeman Clan Leader immediately widened his eyes and couldn't help but said in horror: "Master Ye Feng, you actually have such an ability? You can actually make a living being's life evolve and evolve. The transformation! It's incredible!"

Ye Feng just smiled slightly at this moment and said aloud: "Since you have surrendered to me now, then you are my subordinate. As long as I have the ability, I will naturally train you well."

After finishing speaking, Ye Feng continued to input Hongmeng Purple Qi.

Three hours later, a new and powerful wave of life suddenly erupted from the Snakeman Clan Leader's body.

The Snakeman Clan Leader had not made a breakthrough in cultivation at this time, but there was a look of deep surprise on his face.

Because his life level has been transformed!

You must know that after the life level has been transformed, the upper limit of the Snakeman Clan Leader's future achievements will be greatly increased, which is countless times more precious than the improvement of his cultivation level.

Because of the improvement in cultivation, there will be many opportunities to improve in the future.

But the improvement of the essence of life may only occur a few times in a lifetime.

At this moment, the leader of the snake people suddenly stretched out his hand, and then a layer of purple scales appeared on his palm.

When the snake clan leader saw this scene, he couldn't help but said with surprise: "My bloodline and life have indeed evolved! The scales have transformed directly from black scales to purple scales? It seems that my bloodline has been upgraded to The legendary purple snake bloodline."

Hearing what the snake clan leader said, Ye Feng smiled slightly and said, "As long as you listen to me and dedicate yourself to me, then I will definitely not treat you badly."

The Snakeman Clan Leader immediately clasped his fists respectfully and said, "Thank you Lord Ye Feng for the reward."

The leader of the snake people thought that this time he was a blessing in disguise.

After all, the leader of the snake people now knows that Ye Feng controls precious magical gas that can enhance the life level of a living being. This is more precious than having the blood of the ancient Dragon King.

Because his life level can continue to evolve under Ye Feng's hands.

And just as the Snake Man Clan leader was thinking to himself, suddenly a group of Snake Man Clan guards wearing armor flew over from the gate of the Snake Man Clan not far away.

They saw the arrival of the leader of the snake people, and seemed a little panicked. They quickly came over and whispered: "Clan leader, you are finally back. It's not good. The elders said that they will cancel your position as the leader of the tribe because you brought The soul lamps of tens of thousands of experts have all been extinguished. Many elders in the elder group say that you are not qualified to be the leader of our snake clan! We need to choose a new leader!"

Chapter 3773 Targeted

"What??"

At this moment, when the snake clan leader heard what the gate guard of the snake clan in front of him said, his expression suddenly changed, and then he couldn't help but show a trace of shock and anger in his eyes, and said loudly: "Those old guys actually It's really abominable to want to impeach me, but these old monsters in the Elder Group are all very powerful in cultivation, and this time it's really bad."

Hearing what the snake clan leader said, Ye Feng beside him also showed a trace of nervousness in his eyes.

If the leader of the snake people is really removed from his position as leader, then he will probably have no chance of obtaining the wealth in the snake people's treasure house.

So at this time, this matter naturally became Ye Feng's problem.

At this moment, Ye Feng immediately said: "Let's go over and take a look. Let's take a look at the situation first. First of all, we must keep your position as the leader of the clan."

Hearing what Ye Feng said, the snake-people clan leader immediately nodded, and then quickly took Ye Feng and flew towards the interior of the snake-people tribe.

When the guards on the spot saw the snake-man clan leader, who seemed to be very respectful to the young man in white next to him, his eyes widened slightly.

He never expected that that ordinary-looking young man in white would actually make their powerful clan leader so respectful. It was really incredible.

Uh-huh!

Uh-huh!

At this time, the leader of the snake people brought Ye Feng to the inner area of the snake people tribe.

Here, a huge square appeared.

On the square, there were dozens of old men standing in the middle, seemingly reading something.

An old man in purple robes said: "Now the new patriarch, please come to me and accept the token of the patriarch of our snake people clan."

The new patriarch seems to be

A very young-looking man, the new patriarch was very excited at this moment. He walked directly in front of the old man in purple robe and wanted to get the patriarch's token.

"stop!"

But suddenly at this moment, the leader of the snake people came here and immediately couldn't help but scream.

Swish, swish, swish!

Almost at this moment, countless people's eyes immediately focused on the leader of the snake people.

Everyone's eyes were filled with surprise, as if they didn't expect that their previous generation patriarch would actually come back alive.

Originally, when they saw tens of thousands of masters of the snake-men clan, all the soul lamps were extinguished, thinking that the whole army was wiped out.

Unexpectedly, their previous generation patriarch was not dead yet.

Uh-huh!

At this moment, the leader of the snake people immediately flew to the square, looked at the dozens of members of the elder group, and said loudly: "Elders, I am not dead yet, why should I elect a new leader?"

Hearing what the leader of the snake people said, the elder in purple robes couldn't help but sneered and said: "You have brought huge losses to our snake people clan. Not only did you not get the inheritance of the ancient Dragon King, With blood, and having destroyed tens of thousands of masters of the Snake Clan, you are no longer qualified to be the leader of our Snake Clan."

Hearing what the elder in purple robes said, the snake-men clan leader immediately stared at the young new clan leader and said sarcastically: "So the new clan leader will let your grandson get it, right?"

It turns out that this new patriarch is the grandson of the elder in purple robe.

At this time, when the elder in purple robe heard what the Snakeman clan leader said, he immediately blew his beard and glared with anger, and said loudly: "My grandson has the ability to become the leader of the new generation, not because I am selfish."

Hearing what the purple-robed elder said, the snake-men clan leader immediately smiled coldly and said: "No matter what, I am still the clan leader of the entire snake-men clan. Unless all elders of your group unanimously agree to abolish my The position of clan leader is useless otherwise."

Hearing what the leader of the snake people said, the elder in purple robes immediately shouted angrily: "When will you not come back? You have to come back at this time. No matter what, you have brought huge losses to our snake people. Now you are still here." If you want to prevent my grandson from becoming the leader of the new generation, I will have no choice but to be rude to you. "

Boom!

Almost at that moment, the elder in purple robes immediately charged towards the snake-people clan leader, intending to blow him away.

Boom!

But the next moment, the leader of the snake people and the elder in purple robes went head-to-head, fighting together, and they did not lose at all.

"What??"

At this moment, the elder in purple robes stared at the purple snake scales growing on the arms of the snake clan leader, and immediately couldn't help but said in surprise: "Your bloodline has actually been upgraded to the level of the purple snake?" .??.

The leader of the snake people smiled slightly and said: "Yes, and I have made a friend who can continuously improve my bloodline ability. Do you think I am qualified to become the leader of our snake people clan?"

Hearing what the Snake Man Clan Chief said, the elders of the Snake Clan present were all shocked, as if they did not expect that the Snake Clan Chief had brought back such a strange person.

Swish Swish Swish

!

At this moment, everyone's eyes were focused on Ye Feng, who was next to the snake-people clan leader, because they knew that this young man in white clothes and snowy clothes should be the friend the snake-people clan leader mentioned.

Ye Feng didn't have any fear at this moment. Although he faced the attention of so many superpowers, his face remained extremely calm.

After all, Ye Feng's cultivation is not too weak now, and he has also obtained an extremely powerful weapon like the Dragon King's Holy Sword, which naturally makes Ye Feng full of confidence.

At this moment, Ye Feng stood motionless beside the Snake Man Clan Leader.

At this time, one of the oldest elders suddenly spoke up: "The inheritance ceremony of the new patriarch will be over for the time being."

After finishing speaking, the elder in purple robe immediately turned pale.

He immediately stared at the Snake People Clan Leader and Ye Feng beside the Snake People Clan Leader, with a malicious look in his eyes.

Because there is only a little difference between his grandson becoming the new generation leader of the snake people clan, and he will enjoy huge rights and resources by then.

Unexpectedly, at this critical moment, the snake-people patriarch came back with a hateful boy, and this hateful boy actually improved the snake-people patriarch's bloodline, giving the snake-people patriarch greater weight. The position of the patriarch cannot be abolished for the time being.

His grandson will not be able to become the leader of the new generation for the time being.

At this moment everyone dispersed.

The leader of the snake people looked at Ye Feng and whispered: "Master Ye Feng, we are probably being targeted by the elder in purple robes."

Ye Feng just smiled faintly at this and said: "If he dares to harm us, that's good. Kill this old guy and don't hinder our plan."

Chapter 3774: Skyrocketing Skill

At this moment, Ye Feng was speaking, his tone containing very cold murderous intent.

After all, anyone who wants to block Ye Feng's financial path will be Ye Feng's life and death enemy.

Hearing the coldness in Ye Feng's tone at this moment, the Snakeman Clan leader immediately smiled and said: "Don't worry, as long as we are within the territory of our Snakeman Clan, even if the elder in purple robes is against me, If you have an opinion, don't dare to mess around. Otherwise, our Snake Clan's law enforcement team will definitely put him in jail. Even if he is a veteran, he cannot violate the rules of our Snake Clan. After all, My status is not low either, I am the leader of the snake clan."

Ye Feng nodded at this moment, and then said: "Let's discuss how to enter the treasure house of your snake people first."

Hearing what Ye Feng said, the leader of the snake people immediately said: "If you want to enter the treasure house of our snake people, you first need my identity as the leader. In addition, you also need the consent of the entire elder group. But I can find a way for you, Lord Ye Feng, to sneak into the treasure house of our snake people."

When Ye Feng heard this, a look of surprise suddenly appeared in his eyes, and he asked aloud: "How to get in there?"

The leader of the snake people said loudly: "The treasure house of our snake people clan is basically guarded by two extremely powerful guardian elders, so if I want to enter the treasure house, as long as I can get rid of those two guardian elders, , that way Lord Ye Feng can enter it without any hindrance."

Hearing what the leader of the snake people said, Ye Feng's eyes lit up slightly, and then he said, "Okay, let's do it."

The leader of the snake people didn't hesitate at all, and directly took Ye Feng and flew quickly towards the snake people's treasure house.

Soon, they came to a huge palace.

This palace is very luxuriously built and looks very noble.

At this moment, the leader of the snake people immediately said: "This is the treasure house where our snake people store treasures. The entire

There are many treasures stored in the palace, which have been accumulated by our snake people for tens of thousands of years. "

Hearing what the snake clan leader said, Ye Feng couldn't wait any longer and immediately said, "Then let's go in quickly."

The Snakeman Clan Leader immediately nodded, and then said loudly: "Master Ye Feng, you lurk around first, and I will go over and distract the two guardian elders."

Ye Feng nodded, directly running the space gem, and the whole person directly entered the depths of the void.

At this moment, the Snakeman Clan Leader flew directly forward.

Ye Feng is lurking in the void.

He saw in the distance that the Snakeman Clan Leader walked in front of the palace and seemed to say something to the two guardian elders.

The three men then left the scene.

Seeing this scene, Ye Feng didn't hesitate at all and quickly flew towards the Snake Clan's treasure house.

The snake clan's treasure house has a seal at the door to prevent outsiders from entering.

But Ye Feng possesses the space gem and directly travels through the void. In an instant, he enters the seal of the treasure house and enters the treasure house.

When Ye Feng entered the palace, he immediately saw rows of shelves with many various treasures placed on them, including weapons, armors, inheritance books, many strange-shaped stones, etc. .

Buzz!

At this moment, without any hesitation, Ye Feng directly released the devouring domain, covering the entire snake-man clan's treasure house.

What Ye Feng lacks now is the energy to improve and quickly expand his skills.

Therefore, Ye Feng directly released the swallowing

The Devouring Domain covers the treasure trove of the entire snake-men clan.

In this case, anything containing energy can be absorbed by Ye Feng.

Boom!

Almost at this moment, Ye Feng immediately sensed a stream of very majestic energy, which was being quickly absorbed by the Devouring Domain, and then injected into Ye Feng's body.

At this moment, Ye Feng could immediately feel that his power was growing rapidly.

"boom!"

The eighth level of Yuanso Realm! ??

"boom!"

The ninth level of Yuanso Realm!

"boom!"

The tenth level of Yuanso Realm is complete! !

"boom!"

Half step to the virtual realm!

"boom!"

First level of virtual realm!

"boom!"

The second level of the Void Dao Realm!

"boom!"

The third level of the Void Dao Realm!

"boom!"

The fourth level of the virtual realm! !

At this time, Ye Feng's breakthrough in cultivation finally stopped.

At this moment, Ye Feng's eyes were filled with deep excitement.

He never expected that his cultivation level would suddenly rise to an entire realm, and he would also directly break through to the fourth level of the Void Dao Realm. It was really terrifying, and his skill level would skyrocket!

I have to say that the resources in this treasure house are really rich. It is worthy of the wealth accumulated by the snake people for tens of thousands of years, which allowed Ye Feng to improve his cultivation so much all at once.

At this moment, Ye Feng was about to leave here, but at this moment, the Demon Ancestor suddenly spoke in the middle of his eyebrows: "Boy Ye Feng, have you come to Snake?"

In the treasure house of the human clan? "

Ye Feng immediately nodded and said: "Yes, I am now in the treasure house of the snake people."

Hearing this, Demon Ancestor immediately spoke up and said: "When I was traveling in the Ancient Dragon Realm, I also came to this Dragon King Desert. I heard a rumor that the Snakeman Clan's treasure house contained a set of ancient dragon realms from that time. The earth-shattering inheritance is called the 'Sky-Swallowing Python Technique'. Once you practice this inheritance, you can communicate with the legendary ancient true spirit of the Sky-Swallowing Python that is practiced in the mythical latitude and is comparable to the gods, and you can obtain the terrifying divine power of the Sky-Swallowing Python. The bonus will be of great help to improve your combat power, Master Ye Feng. Of course, I have only heard about it. I don't know if there is a specific set of legendary techniques. You can look for it. "

At this moment, when Ye Feng heard the Demon Ancestor in his eyebrows say this, his eyes suddenly lit up, he nodded immediately, and then began to look for a place in this treasure house specifically to store inherited techniques.

Soon Ye Feng came to the third floor of this treasure house, where there were rows of bookshelves everywhere. Each bookshelf contained many ancient books, exuding an ancient charm.

These are the places where the entire snake-man clan stores their skills and inheritance.

However, after Ye Feng searched carefully, he could not find the sky-devouring python skill that Demon Ancestor mentioned.

Regarding this, Ye Feng immediately asked in his mind: "Demon Ancestor, the Sky-Swallowing Python Technique you heard about, could it be that you heard about it from some gossip? Why can't I find it?"

When Demon Ancestor heard what Ye Feng said, he immediately said in the middle of his eyebrows: "Sky-Swallowing Python Technique, this earth-shattering inheritance, cannot be recorded in the form of books. It is most likely that it is some kind of special instrument, or It's recorded in the inheritance crystal stone, so you can look for this kind of thing."

"good."

When Ye Feng heard what the Demon Ancestor said, he thought it was reasonable. He immediately nodded and continued to search carefully in the snake-man clan's treasure house area.

Chapter 3775 Imprisoned

After Ye Feng's unremitting search, Ye Feng finally found the Sky-Swallowing Python Technique.

In the end, Ye Feng found the secret of the Sky-Swallowing Python Technique from a stone statue in a corner on the third floor of the treasure house.

This ancient stone statue looks very shabby. If it were someone else, they would probably be dismissive and simply not bothered to pay attention to this ancient stone statue, thinking it has no value.

But after Ye Feng was reminded by Demon Ancestor, he naturally developed a particularly strong desire to explore these special things.

Therefore, Ye Feng obtained the inheritance of the Sky-Eating Python Technique from this tattered stone statue.

After obtaining the Sky-Swallowing Python Technique, Ye Feng didn't hesitate at all. He just used his ability to realize the power of the Sky-Swallowing Python Technique in an instant and was able to start releasing the power of the Sky-Swallowing Python Technique. .

However, Ye Feng did not use it immediately. After all, Ye Feng is still within the territory of the snake people. If he rashly uses the sky-swallowing python skill, the elders of the snake people will definitely notice it. Then there will be some trouble.

At this moment, after Ye Feng obtained the earth-shattering inheritance of the Sky-Swallowing Python Technique, he immediately moved the Space Gem and left the snake-man clan's treasure house.

At this moment, after Ye Feng left the treasure house, without any hesitation, he returned directly to the palace where the leader of the snake people lived.

"Um?"

When Ye Feng returned to the palace, he discovered that the leader of the snake people had not returned and had gone somewhere.

Next, Ye Feng could only wait in the palace, because Ye Feng was also going to ask the leader of the snake people for an important thing, that is, to use the huge force of the snake people to help him search for the dragon, the descendant of the ancient ancestral dragon. Qianxue, where exactly is she in the Taikoo Dragon Realm?

If it weren't for this incident, Ye Feng might have left the Taikoo Dragon Realm directly and headed to the location of the third high-level mission he took over this time.

However, after Ye Feng waited for several days, he still did not wait for the snake clan leader to come back.

This aroused a trace of doubt in Ye Feng's heart, and he immediately left the palace to find out what the snake clan leader was doing.

But the moment Ye Feng left the palace and came to the land outside the palace, he saw several old figures descending from the sky in an instant.

Ye Feng knew all these old figures. They were the elders from the group of elders who had chosen the new generation of clan leaders in the square.

The aura of cultivation emanating from them was very terrifying.

The leader at this time was a senator wearing a purple robe.

It was the elder who had resentment towards Ye Feng and the Snakeman Clan Leader.

The elder in purple robes had very fierce eyes at this moment. He stared at Ye Feng and said with a cold smile: "You finally came out. Boy, you offended me before, so I must You will die without a burial place."

When Ye Feng heard what the elder in purple robe said, a cold look appeared in his eyes.

If this elder in purple robes dares to offend him, then he will definitely let him know what regret is.

Ye Feng's current cultivation level, after devouring tens of thousands of years of accumulation in the Snake People's treasure house, has broken through to a very powerful cultivation level, directly breaking through to the fourth level of the Void Dao Realm.

Ye Feng's combat effectiveness has naturally risen with the tide, and has been greatly enhanced.

So at this time, even if this elder in purple robes is a powerful being at the Divine Dao level above the Void Dao Realm and the Palm Dao Realm, Ye Feng is not so afraid.

You know, Ye Feng has now obtained many powerful and top-level weapons and inheritances, all of which can explode with earth-shattering power.

At this moment, Ye Feng just said slowly: "Where is the leader of the snake people? I haven't seen him for so many days. Did you, an old guy, kill him?"

Hearing what Ye Feng said, the elder in purple robes immediately smiled coldly and said: "He is the leader of the clan. Killing him will cause great trouble. I am not that stupid, but don't even think about it, kid." Wait until the snake clan leader, I have used some small tricks to frame him and put him in the prison of our snake clan. Now he can't come out at all. He has become a prisoner, and you will also Like the previous leader of the snake people, he will be imprisoned in the prison of our snake people and never see the light of day. "

Hearing what the elder in purple robes said, Ye Feng immediately smiled coldly and said: "You are so shameless. In order for your grandson to become the leader of the new generation, you actually framed the old patriarch and had him imprisoned. In prison, if I were not there, your conspiracy might have succeeded, but if I am here today, all your plans will be of no use. "

Hearing what Ye Feng said, the elder in purple robes immediately laughed out loud, with a tone full of disdain: "You are just a fourth-level practitioner of the Void Dao Realm. You are so weak and lower than me. In the two realms, you are nothing at all. What you are powerful is just the ability that can improve the bloodline of our snake people. "

After finishing speaking, the veteran in purple robes suddenly stared at Ye Feng, put his hands behind his back, and said slowly like a senior master: "But I will give you, a young man, a chance now. If you are willing to take advantage of that ability, If you have the ability to improve your bloodline level and serve me, I can consider letting you live. "

Hearing that this was said by the elder in purple robe, Ye Feng immediately laughed out loud: "Old man, don't even think about it!"

"presumptuous!"

Hearing what Ye Feng said, the elder in purple robes immediately yelled, and then immediately said to several old men around him: "I'm too lazy to take action. Please arrest this kid. First, lock his cultivation level, put him in a prison for more than ten years, let him know the consequences of offending me, and then in the end, when his spirit breaks down, force him to find out whether he can improve his bloodline level. What exactly is his ability?"

Hearing what the elder in purple robes said, Ye Feng suddenly said coldly: "What a cruel heart."

boom!

After saying that, Ye Feng immediately burst out with his cultivation momentum and rushed forward in an instant.

When the elder in purple robes saw Ye Feng rushing toward him, his eyes immediately showed disdain and he said, "How dare a humble ant attack a super strong man like me? You are really

naive! If this is the case, then I will kill you with my own hands." After Ye Feng's unremitting search, Ye Feng finally found the Sky-Eating Python Technique.

In the end, Ye Feng found the secret of the Sky-Swallowing Python Technique from a stone statue in a corner on the third floor of the treasure house.

Chapter 3776 People who shouldn't be messed with

boom!

Almost as soon as the purple-robed veteran finished speaking, he immediately burst out with his extremely powerful cultivation aura.

It has to be said that this purple-robed elder is indeed a member of the elder group among the snake people. It is really terrifying.

The moment his cultivation aura came out, it was like a towering mountain, covering the entire sky and earth, making everyone feel a feeling of depression in their hearts.

Buzz!

At this moment, Ye Feng also felt a heavy feeling.

Because Ye Feng only felt that his entire body was unable to move in the void.

However, Ye Feng did not have any fear at this time, but fully unleashed the power of his extremely powerful Hongmeng Immortal Body, and then continued to activate the Overlord Immortal Golden Body.

"boom!!"

So almost at this moment, Ye Feng's body suddenly burst out with a divine light.

At this moment, Ye Feng's whole body seemed to have turned into a golden god. He broke free from the shackles of the entire void, immediately shattered everything, and rushed towards the purple-robed elder.

Seeing this scene, the veteran in purple robe seemed to have a look of surprise in his eyes, and couldn't help but said: "Huh? I didn't expect that your boy's cultivation is so weak, like an ant, that he can break through my momentum. Lockdown, good, good, interesting."

Buzz!

After saying that, the veteran in purple robes stretched out a hand and grabbed Ye Feng.

The purple-robed elder's attack was very casual, and he just casually stretched out a hand.

And the moment he stretched out his hand, the entire world's vitality quickly rioted, and a big hand that covered the sky and the sun was condensed. It immediately covered the top of Ye Feng's head, and fiercely hit Ye Feng's fists.

Collided together.

"Boom"! !

The entire field suddenly erupted into a terrifying roar.

Ye Feng's fists actually shattered that towering and boundless hand.

"What??"

Seeing this scene, the veteran in purple robes couldn't help but show a look of shock on his face, and said loudly: "Your kid's cultivation level is two whole realms lower than mine, but you can actually destroy any of my The attack was directly shattered? How is this possible! How can you have such a powerful force?"

Ye Feng smiled coldly at this time, not bothering to explain anything at all, and just released the extremely powerful inheritance he had just received, the Sky-Swallowing Python Technique.

At this moment, Ye Feng's body immediately erupted with a terrifying wave of energy.

Ye Feng's whole person seemed to be connected with the legendary ancient true spirit of the mythical dimension, the 'Sky-Swallowing Python'.

Buzz!

The next moment, in the endless void, the divine power of the sky-swallowing python suddenly descended. Directly around Ye Feng, a huge python that reached the sky and the earth suddenly condensed. It opened its bloody mouth and was able to The whole heaven and earth were swallowed up.

Seeing this scene, the elders in purple robes not far away, including several other elders of the elder group, suddenly showed deep horror in their eyes, and couldn't help but exclaimed: "This is... Is it the legendary Sky-Swallowing Python Technique? How can an outsider like you get the super inheritance that our snake people have used for many years? This is absolutely impossible!"

At this moment, all the elders were extremely shocked.

, because they never thought that the most earth-shattering inheritance of the snake people, the Sky-Swallowing Python Technique, would actually appear in Ye Feng.

At this time, a cold smile appeared in Ye Feng's eyes, and he said loudly: "Don't worry about how I got it, I will definitely kill you, the veteran in purple robes, completely."

After saying that, Ye Feng immediately unleashed an even more terrifying attack power, fully erupting with the power of the Sky-Eating Python Technique.

In addition, Ye Feng also used the Heavenly Emperor Dragon God Technique, the inheritance of the ancient ancestral dragon.

According to the Demon Ancestor, the combination of the Heaven-Swallowing Python Technique and the Heaven and Earth Dragon God Technique will unleash even more terrifying power.

So at this time, Ye Feng suddenly displayed two sets of extremely powerful inheritance.

Behind Ye Feng, a sky-swallowing python appeared behind Ye Feng, which was hundreds of thousands of meters tall.

In addition, beside this sky-swallowing python, there is a golden dragon that is hundreds of thousands of meters long.

The huge python and the golden dragon are united together. The two behemoths give people a very strong visual impact.

At this moment, Ye Feng directly carried this overwhelming terrifying ancient power and rushed toward the purple-robed elder not far away. Suddenly, the purple-robed elder was so frightened that he froze in place. .

Almost at this moment, after the purple-robed elder reacted, Ye Feng's attack had fully covered the purple-robed elder.

Under the horrified gaze of the purple-robed senator, half of his body was shattered.

The elder in purple robe is indeed a very powerful being, so after half of his body was broken, he was still alive.

The purple-robed elder immediately couldn't help but said: "You can't kill me! I am the elder of the entire snake-people clan, and I am on the same level as the clan leader! If you kill me, it will violate the laws of our entire snake-people clan. rule."

Ye Feng immediately smiled coldly and said loudly: "Rules? I am not a member of your snake family, what rules do you still tell me? My rules are an eye for an eye, a tooth for a tooth! You provoked me, If you want to frame me, I will definitely get rid of you, otherwise, it will definitely be a huge trouble in the future!"

Boom!

At this moment, Ye Feng continued to wildly explode the power of the Sky-Swallowing Python Technique and the Heaven and Earth Dragon God Technique.

Boom! !

The huge python and the golden dragon were entangled together and exploded with earth-shattering power, directly blasting the seriously injured purple-robed veteran not far away into pieces and killing him completely!

When Ye Feng saw this scene, his eyes immediately showed deep excitement.

This Sky-Swallowing Python Technique is really terrifying. It is definitely on the same level as the Heaven and Earth Dragon God Technique. In a sense, it is even more powerful than the Heaven and Earth Dragon God Technique.

Because the Sky-Swallowing Python Technique allows Ye Feng to communicate with the ancient true spirit "Sky-Swallowing Python" that lives in the mythical latitude, so that the divine power of the Sky-Swallowing Python can be unleashed, making Ye Feng's attacks extremely terrifying.

At this moment, not far away, I saw the elder in purple robe died in the hands of Ye Feng. The expressions of the other elders who came with him changed drastically, and they quickly ran away crazily in the distance, trying to stay away. Ye Feng, this terrible young man.

But at this time, Ye Feng just smiled coldly and said: "Those who can't escape, stay here and become my nourishment! If you want to blame, blame the elder in purple robe for bringing you here to provoke people you shouldn't provoke. "

Chapter 3777 No fear

"boom!!"

At this moment, Ye Feng didn't hesitate at all, and directly burst out his extremely powerful power, quickly grabbing the elders of the snake people who were escaping not far away.

At this time, Ye Feng directly stretched out a big hand that covered the sky and the sun, full of unparalleled power, and suddenly bombarded the fleeing elders.

"ah!"

"ah!"

"ah!"

Almost at this moment, three shrill screams suddenly sounded.

The cultivation strength of the three fleeing elders was not as good as that of the elder in purple robes who led the team, so they were killed instantly by Ye Feng.

At this time, Ye Feng had a look of deep expectation in his eyes, and he immediately released the Devouring Domain, which immediately enveloped all the super powerful people on the scene.

Counting the purple-robed elder who was killed at the beginning, a total of four extremely powerful elder-level old monsters were directly devoured by Ye Feng.

Boom!

At this moment, a huge amount of energy was immediately injected into Ye Feng's body, and Ye Feng's newly achieved cultivation level quickly improved again.

boom!

Fifth level of virtual realm!

boom!

The sixth level of the Void Dao Realm!

boom!

The seventh heaven of the virtual realm! !

At this time, Ye Feng's cultivation level broke through the third level.

He still felt that a huge amount of energy had not been exhausted yet, and was still being rapidly injected into his body.

It has to be said that these elders of the snake people clan are indeed very powerful beings and have very high realms, so the life energy and cultivation skills contained in their bodies are very powerful.

After being swallowed by Ye Feng, it naturally brought a huge increase in energy and skill to Ye Feng.

At this moment, Ye Feng's cultivation continues

Continued breakthroughs.

boom!

The eighth level of the virtual realm!

boom!

Ninth level of virtual realm!

boom!

Great Perfection in the Tenth Level of the Virtual Dao Realm! !

At this time, Ye Feng's cultivation reached the tenth level of the Void Dao Realm, and finally stopped completely.

At this moment, there was deep excitement in Ye Feng's eyes.

I didn't expect that my cultivation level would eventually break through so much. It was an unparalleled improvement.

However, Ye Feng also knew that the elders he killed were the most powerful ones among the snake people.

The energy contained in their bodies is naturally very powerful.

Ye Feng was very lucky at this time that he could find the extremely powerful ancient inheritance of the Sky-Swallowing Python Snake Technique in the treasure house of the snake people.

Otherwise, he might really not be able to defeat the elder in purple robe.

After all, the cultivation level of this veteran in purple robes is two entire realms higher than Ye Feng. He is a powerful man in the Divine Dao Realm above the Void Dao Realm and the Palm Dao Realm.

But this veteran in purple robes was very unlucky to meet a genius like Ye Feng with terrifying combat power.

Moreover, Ye Feng also possesses an extremely powerful inheritance, especially the Sky-Swallowing Python Technique, which is the oldest and earth-shattering inheritance of the Snake People. It is naturally suppressive to the strong ones in the Snake People.

At this time, Ye Feng's cultivation level broke through to the tenth level of the Void Realm, and he felt that his strength had once again soared.

At this time, Ye Feng seemed to sense something and immediately looked quickly in a certain direction.

He immediately discovered that a large group of strong snake-men wearing armor were rushing towards this direction.

Uh-huh!

The next moment, Ye Feng left the scene directly, too lazy to talk nonsense with this group of snake people.

At this moment, Ye Feng flew directly towards the prison of the snake people.

He wanted to rescue the leader of the snake people.

Soon Ye Feng arrived at the prison area of the snake people.

There are many guards guarding the door of the prison of this snake clan.

After Ye Feng came over, these guards not only did not stop him, but said anxiously: "Master Ye Feng, our clan leader has been framed by an old man and locked in a prison. Sir, think about it quickly. There is no way to save our clan leader, we are just pawns and have no right to release our clan leader."

"Um?"

When Ye Feng heard what the guards in the prison said, there was a look of surprise in his eyes.

Unexpectedly, the snake-people patriarch still has a high prestige among the snake-people clan, and many people are very loyal to this snake-people patriarch.

At this moment, Ye Feng nodded immediately and said loudly: "I came here just to save your clan leader."

Hearing what Ye Feng said, the guards guarding the prison couldn't help but said: "If you rashly rescue our clan leader directly and forcefully, the purple-robed elder will definitely be very unhappy. After all, our clan leader is sent by the purple-robed elder. "Go in."

Hearing what these guards said, Ye Feng immediately smiled indifferently and said, "I have killed that old guy."

"What??"

Hearing what Ye Feng said, a group of guards guarding the prison looked dull and froze on the spot, as if they couldn't believe what Ye Feng said.

Ye Feng, on the other hand, wasted no time and had already entered the prison while a group of guards were stunned.

In the prison of the snake people

It was very dark and very humid.

Buzz!

At this time, Ye Feng directly emitted soul power, and instantly sensed the aura of the Snakeman Clan Leader.

At this moment, Ye Feng came directly to the outside of a prison made of steel. He saw that the leader of the snake people was imprisoned in it. His whole body was pierced. His whole person was nailed to the wall and was beaten by countless people. It was tied up with thick iron ropes and looked very miserable.

Click!

At this time, Ye Feng stretched out his hand and smashed the steel prison in front of him.

At this moment, seeing Ye Feng appear in front of him, the Snakeman Clan Leader immediately woke up from his slumber. He was surprised and excited and said: "Master Ye Feng, you are finally here. I'm going to come soon." He's dead, hurry up and save me!"

I have to say that this snake-man clan leader is still very afraid of death.

Ye Feng smiled at this moment and said: "Don't worry, since I'm here, you won't die."

Click, click, click!

At this moment, two rays of light flashed out from Ye Feng's eyes, shattering all the thick iron ropes that trapped the snake-man clan leader.

The leader of the snake people was out of trouble immediately.

At this moment, the leader of the snake people couldn't help but said: "I was framed by that purple-robed elder. Lord Ye Feng, what should we do now? We must find a way to deal with that purple-robed elder."

When Ye Feng heard what the leader of the snake people said, he immediately smiled and said, "On my way here just now, I killed this elder in purple robes, and he was also devoured by me."

After finishing speaking, Ye Feng suddenly erupted with the terrifying cultivation aura of the Tenth Heavenly Perfection of the Void Dao Realm, and said loudly: "If anyone in the Snake Man Clan dares not to let you be the leader, then... With my current cultivation strength, I can kill them all without fear."

Chapter 3778 No one can take it away

At this moment, after hearing what Ye Feng said, the snake-man clan leader immediately showed a hint of horror in his eyes and said loudly: "Master Ye Feng, has your cultivation reached this level now?" ?"

Ye Feng smiled and said: "Let's go. Leave here now. There is no need to be afraid of anything. No one can take away your position as the leader of the clan."

Hearing what Ye Feng said, the Snakeman Clan Leader immediately said excitedly: "Okay, Master Ye Feng has you here, I feel relieved."

Ye Feng nodded, and then said aloud: "By the way, I came to you this time to ask you a favor."

The leader of the snake people immediately said: "Please or not, the adults' business is the villain's business. If the adults say a word, the villain will go up the knife mountain and the frying pan in an instant, and it is necessary to smear the liver and brain."

Hearing the compliments from the leader of the snake people, Ye Feng didn't bother to pay attention, and then said aloud: "I need you to mobilize the power of the entire snake people clan to search for a girl named Long Qianxue in the entire Taikoo Dragon Realm."

Hearing what Ye Feng said, the snake clan leader couldn't help but ask: "Who is this Long Qianxue? Where is he specifically?"

Ye Feng said aloud: "This Long Qianxue should be an ordinary girl now, and should be in the mortal world of the ancient dragon world."

Hearing what Ye Feng said, the Snakeman Clan Leader immediately said: "Don't worry, Mr. Ye Feng, since she is a girl in the mortal world, it will be easy to find her. After all, there are also girls in the mortal world of our ancient dragon world. With many minions of our snake-people clan, many dynasties and royal families that rule the mortal world basically have the support of strong men from our snake-people clan, so they can rule the entire mortal world stably, so as long as I activate these powers, it should be very fast. can be found."

Hearing what the leader of the snake people said, Ye Feng's eyes suddenly lit up and he said, "If this is really the case, that would be great. I will live among your snake people for the time being and wait for the news."

I heard Ye Feng say that

, the Snakeman Clan Leader immediately nodded, and then said loudly: "Okay Master Ye Feng, just wait with peace of mind, there will definitely be no problem."

"Um."

Next, Ye Feng and the Snake People Clan Leader returned directly to the palace where the Snake People Clan Leader lived, waiting for the news with peace of mind.

The very next day, suddenly a group of very powerful old men descended on the palace where Ye Feng and the Snake People Clan Leader lived.

There are dozens of these very powerful old men, all of whom are members of the Elder Group.

boom! !

They instantly burst out with a terrifying momentum, covering the entire palace.

At this time, Ye Feng and the snake clan leader walked out of the palace directly.

The leader of the snake people looked at the dozens of members of the elder group and asked with some confusion: "Elders, what are you doing here?"

"Asking knowingly."

One of the elders smiled coldly, and immediately stared at Ye Feng, who was next to the leader of the snake people, and said loudly: "This friend you brought back is so bold that he dared to kill him directly within the territory of our snake people. The four elders in our group have committed a huge crime, and this Ye Feng must be brought to justice."

Hearing what the elder said, the snake clan leader did not panic at all, but smiled and said: "The elder in purple robes, with three other elders, framed me into the prison, and also wanted to put me in prison. My friend Ye Feng was killed for a reason, not because my friend Ye Feng killed those elders for no reason."

Hearing what the leader of the snake people said, the members of the elder group all said aloud: "Even if this is the case, we shouldn't kill them directly."

We members of the Elder Group, this is the rule of our snake people clan. No matter how great our hatred is, we cannot face each other life or death. "

Ye Feng suddenly smiled at this time and said loudly: "I'm too lazy to talk nonsense with you old guys. If you want to imprison me, then just go ahead and do it. I'll give the leader of the snake people a face. Who can do it now?" Those who want to quit can spend their remaining years in peace. If anyone doesn't want to quit, I will kill them later. Don't regret it."

"Arrogant!"

Hearing what Ye Feng said, the dozens of members of the elder group became furious in an instant.

A senator in white robes, holding a long sword in his hand, said, "I'm here to kill this arrogant boy."

boom! !

Almost at the moment when the white-clothed veteran finished speaking, he held the long sword in his hand, and a terrifying sword energy erupted from his body, and he immediately charged towards Ye Feng.

This veteran's cultivation level is also at the level of the Divine Dao Realm, which is two realms higher than that of Ye Feng. He is a strong man in the second level of the Divine Dao Realm.

At this time, he rushed towards Ye Feng, and thousands of sword lights erupted from his body, as if he could crush everything in an instant.

When Ye Feng saw this scene, he immediately smiled indifferently.

If he had dealt with the purple-robed veteran before, Ye Feng might have been a little afraid of this very aggressive swordsman.

But now that Ye Feng has devoured the purple-robed elder and other four elders' cultivation skills, he has risen to the tenth level of the Void Realm. Ye Feng has no fear of such a strong man in the second level of the Divine Realm.

At this moment, Ye Feng directly activated the Overlord Immortal Golden Body, bursting out the power of the Hongmeng Immortal Body.

Boom!

At this moment, Ye Feng's body suddenly burst into golden light.

At this moment, Ye Feng stretched out his hand and bombarded him forward.

And go.

Ye Feng's hand was all golden and indestructible, and it actually crushed all those thousands of sword lights.

"What??"

Seeing this scene, all the elders present almost stared out of their eyes.

Their eyes were full of deep shock, and they couldn't help but say: "How is this possible! Senior Jian's invincible sword light can't break through this kid's skin? What kind of physique does this kid have? How can he have it? With such a strong body, this is absolutely impossible!"

But even though these elders made incredible noises, the fact did exist. Ye Feng arrived in front of the sword senior in an instant.

"Pfft!"

Then a big golden hand, filled with unparalleled pressure, was simply crushing, crushing the sword-wielding elder in an instant.

"ah!"

Accompanied by a scream, the sword-wielding senior suddenly fell, too dead to die.

"hiss!"

Seeing this scene, the countless elders present could not help but gasp.

At this time, Ye Feng opened his mouth and sucked in, directly swallowing all the blood and energy of the sword-wielding veteran.

Buzz!

At this moment, Ye Feng's skill suddenly improved a lot.

However, he did not break through to the tenth level of the Void Realm.

After all, as Ye Feng's cultivation level continues to improve, ordinary strong men can no longer increase Ye Feng's skill too much.

But at this time, Ye Feng stared at the remaining dozens of elders, with a deep greed in his eyes.

After seeing Ye Feng's greedy eyes that seemed to be emitting green light, the remaining dozens of elders suddenly felt a chill rising from their hearts.

Chapter 3779 This guy is too scary

"Don't be afraid, this kid, he may only have very powerful single-target attack power. With dozens of us veterans united, I don't believe we can't kill this kid."

At this moment, one of the elders yelled loudly, and then many elders nodded one after another, bursting out their terrifying power.

"Boom!"

The energy and aura that dozens of elders burst out together was simply earth-shattering to the extreme, shaking the entire snake-men clan several times.

At this moment, dozens of elders all rushed towards Ye Feng, trying to kill Ye Feng instantly.

At this time, Ye Feng did not have any fear and directly released his most powerful inherited Heaven and Earth Dragon God Technique and the Sky-Swallowing Python Technique.

boom! !

boom! !

At this moment, two behemoths suddenly appeared behind Ye Feng.

They are a golden dragon and a black python.

The moment the two inheritances were displayed together, Ye Feng received an unparalleled power bonus, and a terrifying divine light erupted from his body, and he immediately collided with dozens of elders who rushed over not far away.

A huge roar suddenly sounded all over the sky, and the aftermath of the terrifying collision spread out, shattering countless buildings around it.

At this moment, Ye Feng suddenly felt a terrifying power, which was transmitted to his body, making his whole body almost break.

This made Ye Feng's eyes change slightly.

I have to say that the power of dozens of elders united is indeed much more terrifying than imagined.

But Ye Feng's current strength has grown to a very terrifying level.

So at this time, Ye Feng frantically activated all his magic power and released the strongest power of these two inheritances.

In addition, Ye Feng also directly took out the powerful offensive weapon he had obtained before, the Dragon King's Holy Sword.

This is a powerful weapon created by the ancient Dragon King.

weapon, it was ranked first among the top ten famous swords in the entire Taikoo Dragon World.

This shows how terrifying this Dragon Emperor's Holy Sword is.

So at this moment, Ye Feng released the terrifying power of the Dragon King's Holy Sword and slashed forward fiercely.

"hold head high!!"

Accompanied by a dragon roar, at this moment, a golden dragon soul burst out from the Dragon King's Holy Sword, full of unparalleled power, and suddenly struck forward fiercely.

Dozens of elders suddenly felt an unparalleled sword light and sword energy, which contained the power of the ancient divine dragon. The protective divine light on their bodies was immediately disintegrated, and they all spurted out a mouthful of blood. It flew out, fell from the sky, and fell hard to the ground.

"horrible!"

"This guy is so scary!!"

The eyes of every elder were filled with deep ugliness and shock.

"How is it possible? This kid can actually defeat dozens of us veterans. How can he have such a powerful force?"

At this moment, all the elders had deep horror in their eyes, as if they couldn't believe that Ye Feng, a seemingly ordinary young man, actually possessed such terrifying power.

At this moment, the leader of the snake people not far away saw the scene in front of him and was shocked and dazed.

After all, in the mind of the snake-men clan leader, the dozens of elders of their snake-men clan united together are an irresistible force.

But now, Ye Feng has defeated dozens of elders all by himself. This is really terrifying to the extreme and simply unbelievable.

At this time, Ye Feng smiled coldly and said, "I told you a long time ago that if you didn't quit just now,

, if you are killed by me then, don't regret it. "

Almost at this moment, Ye Feng immediately rushed forward, releasing his huge soul power, then releasing the Heaven and Earth Dragon God Art and the Sky Swallowing Python Technique, while still waving the Dragon King Holy Sword in his hand. With.

All of Ye Feng's powerful methods were unleashed at this moment, like a vast ocean, hitting dozens of elders hard.

Although these dozens of elders are all powerful men at the Shen Dao level, two realms higher than Ye Feng, but now they are all unable to resist Ye Feng's crazy attack. dead.

"hiss!"

At this moment, even the leader of the snake people couldn't help but take a breath of cold air and felt deeply shocked.

Boom!

At this time, Ye Feng did not hesitate and directly released the Devouring Domain, swallowing up all the dozens of elders present. .??.

At this moment, Ye Feng suddenly felt a very terrifying skill, which was quickly injected into his body.

Ye Feng's cultivation aura is rapidly breaking through at an unparalleled speed.

At this moment, Ye Feng could feel that his skill was improving at an extremely fast rate.

Because those were dozens of elders of the snake-people clan, and the energy contained in their bodies was naturally very terrifying and majestic.

"Buzz!"

The skills of dozens of elders are all gathered together, just like a vast ocean, giving people a very powerful feeling.

At this moment, Ye Feng felt that the power injected into his body was like a vast ocean.

Ye Feng's cultivation momentum increased rapidly and crazily at this moment.

"boom!"

Half a step to the palm level!

"boom!"

The first level of Zhang Dao Realm!

"boom!"

The second level of Zhang Dao Realm!

The third level of Zhang Dao Realm!

The fourth level of Zhang Dao Realm!

The fifth level of Zhang Dao Realm!

"boom!"

The sixth level of Zhang Dao Realm! !

At this time, Ye Feng's cultivation level was directly promoted to the sixth level of Zhangdao Realm, which was simply a huge improvement.

Ye Feng suddenly showed deep joy in his eyes.

I didn't expect that these dozens of elders would provide me with so much energy, allowing me to achieve so many breakthroughs in my skills all at once. It was really incredible.

At this time, the leader of the snake people not far away quickly flew over and said very happily: "Congratulations to Master Ye Feng for your great improvement in skill! A great achievement!"

At this moment, Ye Feng glanced at the leader of the snake people next to him, smiled and said: "I have destroyed all the old monsters in the elder group. From now on, the entire snake people clan will definitely respect you. , no one can put pressure on you anymore."

The leader of the snake people immediately said very excitedly: "Thank you Lord Ye Feng for your help."

Uh-huh!

At this time, a snake-human bodyguard wearing armor suddenly flew over not far away and flew in front of the snake-human clan leader and Ye Feng.

The Snake Tribe guard quickly clasped his fists respectfully and said: "Report to the Patriarch, you asked us to search for a girl named Long Qianxue in the entire mortal world. We have searched for a total of six thousand girls named Long Qianxue. I don't know what the Patriarch needs. which one?"

When the snake clan leader heard what the guard said, he immediately looked at Ye Feng beside him, and then asked aloud: "Master Ye Feng, what should I do now?"

Ye Feng said aloud: "Bring all those six thousand girls named Long Qianxue to the snake people, and I will personally investigate and select them."

Chapter 3780 Latent Mission

Under Ye Feng's order, 6,000 girls named Long Qianxue quickly gathered in the square of the snake people under the leadership of the strong snake people.

At this moment, the leader of the snake people was beside Ye Feng, looking at the 6,000 girls named Long Qianxue standing uneasily in the square.

Ye Feng stared at these six thousand girls at this moment, and directly released his huge soul power, and began to explore which one was the heir of the ancient ancestral dragon.

Ye Feng possesses extremely powerful detection ability, so he quickly sensed one of the girls wearing a white dress, whose blood exuded the fluctuations of the ancient ancestral dragon's blood.

"found it!"

At this moment, Ye Feng's eyes immediately lit up.

It seemed that I was very lucky and found it directly.

Uh-huh!

The next moment, Ye Feng came directly in front of the girl.

At this moment, the girl in a white dress seemed a little timid.

Seeing Ye Feng coming in front of him, the girl immediately showed a look of fear and anxiety in her eyes.

After all, in the eyes of these girls in the mortal world, these are living gods.

When they were brought here, they were naturally frightened.

At this moment, Ye Feng smiled slightly and said: "Don't be afraid, I am your ancestor's friend. I found you this time to fulfill your ancestor's last wish."

Uh-huh!

After saying that, Ye Feng stretched out his hand, took the girl's white hand, and left the crowd.

Then Ye Feng said to his back: "Send all the other girls home."

"Yes, Lord Ye Feng."

A group of strong men from the Snake Tribe immediately nodded and returned to the mortal world with thousands of other girls.

At this moment, the snake clan leader stared at the little girl Ye Feng was holding with a strange look in his eyes.

He seemed to be very curious that a being of Lord Ye Feng's level would actually treat an ordinary person.

It's an incredible sight for a vulgar girl to be so friendly.

At this moment, Ye Feng looked at the snake clan leader and said, "I'm leaving here."

When the snake clan leader heard what Ye Feng said, he immediately nodded and said, "Master Ye Feng, if you have time in the future, remember to come back often."

Ye Feng nodded, then took Long Qianxue's little hand and left the snake tribe.

When Ye Feng walked out of the snake tribe, he came back to the Dragon King Desert.

Long Qianxue seemed to have finally mustered up the courage, and asked timidly: "Master Immortal? Why did you choose me?"

Ye Feng smiled and said: "Because your ancestor is an ancient ancestral dragon."

"Ancient Ancestral Dragon? What kind of existence is that?"

A curious look appeared on Long Qianxue's face.

Ye Feng smiled and said without explaining anything: "I will activate the ancestral dragon bloodline in your body for you, and you will know everything."

Buzz!

Almost at this moment, Ye Feng without any hesitation stretched out his hand and pressed it on Long Qianxue's head.

Boom!

At this moment, Ye Feng immediately burst out with his extremely powerful magic power, directly trying to activate Long Qianxue's bloodline.

Rumble...

At this moment, under the infusion of Ye Feng's incomparable power, Long Qianxue's bloodline, which had been silent for many years, finally boiled completely.

Buzz!

At this moment, a magical scene happened.

Above Nong Qianxue's head, a golden soul of the ancestral dragon suddenly rushed out, exuding unparalleled majesty and looking very noble and ancient.

Seeing this scene, Ye Feng suddenly

He just nodded with satisfaction and said aloud: "Your Ancestral Dragon bloodline has been completely awakened. Your cultivation will definitely make rapid progress in the future. My promise to Senior Ancestral Dragon has been completely completed."

Uh-huh!

After saying that, Ye Feng jumped directly and disappeared into the desert of the Ancient Dragon Realm.

At this moment, looking at Ye Feng's retreating back, Long Qianxue felt a different kind of emotion in her heart towards this young man who was both strange and familiar.

It was this young man who suddenly appeared who gave her a different kind of life and the path of cultivation.

Long Qianxue stared at Ye Feng's leaving back, with a hint of determination on her beautiful little face, and murmured: "When I succeed in my cultivation in the future, I will definitely find you, the immortal brother..."

...

At this time, after Ye Feng finished everything, he left the Taikoo Dragon Realm and flew directly towards the other interface quickly.

With the boundary-breaking talisman of the Ten Thousand Realms Martial Arts Academy, it was very easy for Ye Feng to shuttle between interfaces.

The interface that Ye Feng is about to go to is the third high-level task that Ye Feng took over, and it is also the location of the last task.

This interface is called "Tianmo Realm".

There are many dark demons living in it, and it is a very vicious interface.

This time Ye Feng entered this world of demons precisely for the third mission.

The third task Ye Feng took over was also the most difficult of the three tasks, which was to help a large family from the Ten Thousand Realms Chamber of Commerce enter the Heavenly Demon Dynasty in the Heavenly Demon Realm and steal the jade seal of the Heavenly Demon clan in the Heavenly Demon Dynasty.

That's right.

This third mission is Ye Feng's mission alone and does not require anyone to be escorted.

The reason why Ye Feng accepted this task is precisely because Ye Feng has the ability to transform into any attribute power, so Ye Feng is the most suitable existence for lurking.

and

It is said that the Dark Demon Cult in the Great World of Origin has a secret cooperative relationship with the Demon Clan in the Demon Realm.

Therefore, Ye Feng has long regarded the Demon Realm as his enemy.

Three days later, when Ye Feng used the boundary-breaking talisman to leave the Ancient Dragon Realm and enter the Heavenly Demon Realm.

He immediately saw it, and a vast black land appeared in his field of vision.

The surrounding air is filled with dark evil energy, which makes people feel very depressed.

Several bloody moons appeared in the sky, and the entire earth was filled with darkness and blood. It was very dark and very depressing.

Buzz!

At this time, Ye Feng didn't hesitate at all. He just used his power and instantly transformed into a demon in the world of demons.

At this moment, Ye Feng's whole body was exuding dark demonic energy, and it seemed to be integrated with the entire environment of the Demon Realm.

At this time, Ye Feng took a casual breath and felt that the very pure demonic energy breathed into his body, which greatly increased his skill.

This made Ye Feng's eyes reveal a hint of surprise.

The demonic energy in this demon interface is really strong.

However, if this scene that Ye Feng's breathing can increase his skill spreads out, it will probably shock the entire world.

At this time, Ye Feng didn't hesitate at all. He took out his mission map and flew quickly towards the Heavenly Demon Dynasty in the Heavenly Demon Realm.

The Demon Dynasty in the Demon Realm is a very large demon dynasty. It can be said to be the most powerful demon force in the entire Demon Realm.

Therefore, it is definitely a very difficult task for Ye Feng to obtain the jade seal of the Demon Dynasty.

But if Ye Feng gets it, the reward will be very generous, allowing Ye Feng to exchange for a lot of huge training resources at the Wanjie Martial Arts Academy.
