Chapter 3781 My territory

At this time, Ye Feng was flying rapidly across the land of the Demon Realm.

For Ye Feng, after completing this last task, he can return to the Wanjie Martial Arts Academy.

When the time comes, the rewards he earns should be able to be exchanged for huge resources in the Wanjie Martial Arts Academy, and Ye Feng is very much looking forward to this.

At this time, Ye Feng looked at the mission map in his hand and flew quickly in the direction of the Demon Dynasty.

But just when Ye Feng passed a black mountain, suddenly the whole ground exploded with a "bang".

Uh-huh!

An extremely ancient, pitch-black hand immediately grabbed it from under the ground and grabbed Ye Feng, who was flying in mid-air.

This big black hand appeared very quickly and grabbed Ye Feng in one fell swoop, then grabbed him underground.

Ye Feng was inadvertently caught underground, and he immediately saw that there was another underground space under the earth's crust of the Demon Realm. It was densely covered with rocks and contained many Demon Ancestors.

At this moment, the owner of the big black hand that grabbed him was a troll covered in jet black scales, and he looked very vicious.

Seeing this scene, Ye Feng didn't hesitate at all. He directly exploded with his extremely powerful power and punched out hard.

Click!

Even though this big black hand was covered with jet black scales, it was shattered by Ye Feng's punch at that moment.

"ah!"

An earth-shattering scream suddenly sounded throughout the entire underground.

The troll originally wanted to grab a piece of food from the ground and eat it, but unexpectedly it kicked the iron plate.

At this moment, the giant demon stared at Ye Feng for an instant, and said angrily: "How is this possible! You are a little demon with such a small body.

How could the body possess such tyrannical power? This is absolutely impossible! "

"hehe."

Ye Feng just smiled faintly at this time, not bothering to explain anything at all, and continued to rush in front of the troll covered with pitch-black scales, and then punched it out with a fist.

"boom!!"

A terrifying roar suddenly sounded.

Ye Feng's fist actually blasted through the entire body of the dark giant.

At this moment, Ye Feng did not hesitate and directly released the Devouring Domain, swallowing up all the blood and energy in the body of the dark troll.

"boom!"

Ye Feng's skill immediately increased, but there was no direct breakthrough, but his skill deepened.

It has to be said that now that Ye Feng's cultivation has broken through to the sixth level of the Zhang Dao Realm, his combat power has become unparalleled, and he can kill creatures in the same realm instantly.

But at the same time, every time Ye Feng made a breakthrough, it became more and more difficult, and the energy required became more and more powerful.

At this time, Ye Feng suddenly looked at the other demons around him and found that all the demons living underground had fled. He was obviously frightened.

After all, the troll who attacked Ye Feng should be a powerful demon at the lord level in the nearby underground area, so he reached out unscrupulously, broke open the earth's crust, and grabbed food from the ground.

Therefore, after Ye Feng released the extremely powerful power just now and killed this giant demon, naturally the other demons that allowed them to survive in the surrounding underground space were all frightened and very frightened.

Uh-huh!

At this time, Ye Feng flew above the ground, looked at the map in his hand, and continued to fly quickly in the direction of the Demon Dynasty.

But suddenly at this moment, the Demon Ancestor in the eyebrows spoke up: "Boy Ye Feng, I sensed a very familiar demonic energy. Have you entered some demon interface?"

"That's right."

When Ye Feng heard the Demon Ancestor in his eyebrows say this, his eyes immediately moved and he immediately said: "I have come to the Demon Realm in the Demon Clan interface."

"What? The Demon Realm?"

When the Demon Ancestor heard what Ye Feng said, his eyes immediately showed deep surprise, and then he quickly said: "Your kid actually came to the Demon Realm? This is my territory!"

"What?"

When Ye Feng heard the voice of the Demon Ancestor in his eyebrows, a trace of surprise suddenly appeared in his eyes, and he couldn't help but ask: "What do you mean? How come this vicious world of demons has become your territory? "

Demon Ancestor immediately smiled in his eyebrows and said loudly: "Young man Ye Feng, you don't know that my old nest was in this Heavenly Demon Realm, and many strong men in this Heavenly Demon Realm were my disciples back then. A group of little guys back then have probably grown into earth-shattering big shots now, after all, hundreds of thousands of years have passed."

When Ye Feng heard this, his eyes suddenly froze, and he couldn't help but ask: "Hundreds of thousands of years have passed, are your disciples sure they are still alive?"

"certainly!"

Demon Ancestor immediately shouted: "Back then, I was a great man with unparalleled splendor. Those who were qualified to be my disciples back then were all super geniuses with extraordinary talents. They would not die so easily."

Hearing Demon Ancestor say this at this moment, Ye Feng's eyes suddenly revealed a trace of

Looking forward to it, he couldn't help but say: "If you can really survive, hundreds of thousands of years will be enough for a super genius to grow into a super big shot. Demon Ancestor, how many disciples did you have in total back then?"

Demon Ancestor thought for a moment and then said aloud: "I have a total of six disciples, but I don't know how many are still alive. I need to investigate this."

Hearing what the Demon Ancestor said, Ye Feng nodded slightly, and then said aloud: "After I complete this third task, I will ask you to investigate and see how many disciples you still have in this world. If Some of them survived, and they still obeyed your orders and recognized you as their

master, which would be of great help to me. When the time comes, I will ask your disciple to give me more cultivation resources to use."

Hearing what Ye Feng said, Demon Ancestor immediately nodded and said: "Of course it's no problem, it's not a big deal, and the most precious thing is the lair I left behind back then. There are a lot of cultivation resources I have accumulated and stored in it, waiting for you. My mission is completed, I will take you to my lair where I store resources."

While the two were talking, Ye Feng followed the map in his hand and arrived at the border area of the Demon Dynasty.

In the border area of the Demon Imperial City, a towering city wall was built. If you want to enter the territory of the Demon Dynasty, you must obtain the approval of the entire Demon Dynasty before you can enter.

But at this time, these towering city walls in front of him couldn't stop Ye Feng at all.

Buzz!

The next moment, Ye Feng directly released the power of the space gem, and instantly opened up a space wormhole, directly passing through this towering city wall.

There were so many guards from the Demon Dynasty standing on the city wall that they could not even notice Ye Feng's presence.

For Ye Feng, this kind of towering city wall is completely useless.

Chapter 3782 The Unruly Princess

At this time, Ye Feng entered the territory of the Demon Dynasty.

Almost at the next moment, Ye Feng suddenly saw many heavenly demons wearing pitch black armor, standing on the bodies of the towering flying monsters, flying high in the sky.

These should be the guards of the Demon Dynasty, flying all over the sky, riding flying demon dragons, obviously dragon knights, used to patrol the entire territory of the Demon Dynasty.

Seeing this scene, Ye Feng did not show off, but lurked deeply in the void, flying quickly towards the center of the Demon Dynasty.

Because Ye Feng's mission this time is to obtain the jade seal of the Demon Dynasty.

And it is said that this Heavenly Demon Dynasty has a deep and secret connection with the Dark Demon Cult that originated in the big world. Ye Feng happened to go to destroy it, which can be regarded as reducing the overall strength of the Dark Demon Cult.

At this time, Ye Feng secretly thought about using space gems to travel quickly.

You know, Ye Feng's current cultivation level has been promoted to the sixth level of the Palm Realm, so he has immense mana and a very majestic reserve of skills.

With Ye Feng's current cultivation strength, it would be extremely fast to use the space gem.

Space wormholes suddenly appeared in front of Ye Feng.

Ye Feng kept shuttling and soon covered a distance of nearly hundreds of thousands of miles.

Seven days later, Ye Feng passed through the vast territory of the Demon Dynasty and finally arrived at the central area.

On the land in the distance, there stood a huge imperial city.

The entire imperial city was shrouded in a formation that exuded dark light, with many runes floating and rotating in it, which looked very magical and ancient.

"We finally arrived at the imperial city of the Demon Dynasty."

Ye Feng looked at the ancient and majestic imperial city in the distance at this time, with a hint of shock in his eyes.

I have to say that the Heavenly Demon Dynasty is indeed the largest force in the entire Heavenly Demon Realm. It is still very powerful, has a very profound foundation, and its buildings are also very shocking.

At this time, Ye Feng could sense that there were a lot of terrifying auras lurking in the entire imperial city of the Demon Dynasty.

Every breath, once it breaks out, will definitely trigger earth-shattering power.

Even though Ye Feng's current cultivation level is very high, at this time Ye Feng also understands that after sneaking into the imperial city of the Demon Dynasty, he must keep a low profile.

At this time, Demon Ancestor suddenly asked in the middle of his eyebrows: "Boy Ye Feng, how dare you go to the Heavenly Demon Dynasty to steal the Heavenly Demon Dynasty's jade seal? You really don't want your life, but I admire you very much."

When Ye Feng heard what Demon Ancestor said, he immediately asked: "Demon Ancestor, you have been in the demon world for so many years, do you know how to steal the jade seal of this demon dynasty?"

Demon Ancestor immediately shook his head and said aloud: "The Heavenly Demon Dynasty is a great force of the demon clan that has been inherited for millions of years. It has a very deep foundation. There are even rumors that there are gods of the demon clan in the Heavenly Demon Dynasty. The Demon God is in charge, so even I didn't dare to offend the Heavenly Demon Dynasty too much, let alone me who is now in such a miserable state."

"There is actually a legendary god sitting here?"

Hearing what Demon Ancestor said, Ye Feng couldn't help but show surprise in his eyes.

The Demon Dynasty is worthy of being able to cooperate with the Dark Demon Sect in the Great World of Origin. It really has a very deep foundation, otherwise it would not be qualified to cooperate with such a behemoth as the Dark Demon Sect.

At this time, Ye Feng immediately said: "I don't have to confront the Demon Dynasty in person, I just steal the Jade Seal of the Demon Dynasty."

As long as I get the jade seal of this demon dynasty, I will receive a huge reward even if I complete the third task. "

At this time, Demon Ancestor said aloud in his eyebrows: "Boy Ye Feng, I advise you to give up this third mission. It is really too difficult. Even if the reward is very large, it is not worth the risk for you. "

Ye Feng shook his head and said aloud: "I stole the jade seal of the Demon Dynasty not only to complete the third task, but I also wanted to indirectly destroy the destiny of the Demon Dynasty. In this way, I can also reduce the darkness. The strength of the Demonic Cult, because one day I will confront the Dark Demonic Cult head-on, so this is a precautionary measure."

Hearing what Ye Feng said, Demon Ancestor shook his head and did not offer any more advice. Instead, he said: "Anyway, take it easy, kid. The Demon Dynasty is not an ordinary force, but a power that has been passed down for millions of years." The transcendent power is even more majestic and larger than the Haoran Academy that your boy went to before. It is estimated that even the junior masters would not dare to provoke such a powerful force in the world of demons. "

Hearing what Demon Ancestor said, Ye Feng grinned and said loudly: "That will be more challenging."

At this moment, Ye Feng did not rush into the imperial city of the Demon Dynasty, because the entire city of the Imperial City of the Demon Dynasty was enveloped by a huge ancient formation.

Even if Ye Feng circulates the space gem and opens up a space wormhole, he will definitely be noticed by the strong guardians in the imperial city in an instant.

So Ye Feng had to find other ways to get in there.

Because if you want to steal the jade seal of this demon dynasty, you must enter the imperial city and find a way.

Ye Feng had been lurking in the outer area of the Demon Dynasty for nearly several days, and finally Ye Feng seized the opportunity on this day.

He followed a foreign caravan, mixed into the foreign caravan, and then successfully entered the imperial city.

middle.

Ye Feng has the ability to transform into any attribute power, so it is naturally very easy to sneak into the imperial city.

The moment Ye Feng entered the Demon Dynasty, he immediately sensed terrifying ancient auras lurking in various areas of the imperial city.

This immediately made Ye Feng feel vigilant in his heart. He must not mess around, otherwise, if he was noticed by these ancient and terrifying auras, he might not be able to eat and walk around.

At this moment, Ye Feng did not hesitate and flew directly towards the palace area inside the imperial city.

When Ye Feng came outside the palace, he did not enter the palace directly.

Because the entrance to the palace is heavily guarded.

Ye Feng stood outside looking at the majestic and glorious palace, thinking about how to enter the palace.

And just when Ye Feng was thinking secretly in his heart, suddenly a group of demon guards wearing golden armor rushed out of the palace.

These demon guards guard a demon princess who looks very unruly.

This unruly demon princess, with a group of golden armored guards, stormed out of the palace at this moment, walking casually through the imperial city without paying attention to any rules.

Obviously, this unruly demon princess must have a very high status, otherwise she would not be able to have such privileges and roam around in the imperial city at will.

Uh-huh!

At this time, Ye Feng did not hesitate and immediately chased after him, because Ye Feng felt that this was a good opportunity for him to sneak into the palace, that is, he would disguise himself as a guard of this unruly demon princess and follow him when the time came. He followed this unruly demon princess into the palace, and then looked for a way to find out where the jade seal of the demon dynasty was.

Chapter 3783 War Ax

Uh-huh!

At this time, Ye Feng was hiding in the void, following the group of golden armored guards led by the unruly princess, and quickly flew towards the area outside the imperial city.

There was surprise in Ye Feng's eyes. He never expected that this unruly princess and a group of guards would actually want to run outside the imperial city.

Fortunately, Ye Feng had been lurking outside for so many days before sneaking in. .??.

But at this time, if Ye Feng wanted to sneak into the palace within the imperial city, he had to be attached to a princess-level royal figure like Princess Diaoman, so that he could enter the palace safely without being suspected.

So at this time, Ye Feng temporarily hid in the void to see what this unruly princess wanted to do with a group of golden armored guards.

Soon, Ye Feng followed this group of members of the Demon Dynasty and soon came to a deserted area outside the imperial city.

In this desolate area, the entire ground suddenly shattered, and a huge crack appeared.

Princess Diaoman came here with a group of dozens of golden armored guards at this time, and immediately said loudly: "You and I will enter this underground crack together. You must find the ancient troll clan from the underground space area." The forged war ax is an extremely powerful ancient weapon. My father's birthday is coming soon. I will definitely dedicate this war ax to my father when the time comes. My father will definitely be very happy."

Hearing what Princess Diaoman said, a group of dozens of golden armored guards present clasped their fists and said: "Your Highness Princess Crystal, don't worry, we will definitely protect you, Your Highness, and find the legendary monster created by the troll clan. The most powerful weapon, the war ax, and then presented it to His Majesty the Great Demon Emperor."

At this time, everyone was talking, and dozens of golden armored guards immediately escorted the Crystal Princess, jumping directly into the abyss under the big crack, and entering the underground space area in the demon world's crust.

At this time, Ye Feng was hiding in the void and heard everyone's conversation, with a trace of surprise in his eyes.

Unexpectedly, this princess looked a little unruly, but she was not unruly, but a good girl who still cared about her father.

She took this group of armored guards and came out of the palace privately, in order to find the most powerful ancient weapon, the war ax, forged by the legendary ancient troll clan, and dedicated it to the Demon Emperor of the Demon Dynasty on his birthday. Father.

This made Ye Feng's eyes reveal a hint of brightness.

I didn't expect that His Majesty the Demon Emperor of the Demon Dynasty would hold a birthday. In this case, this would be an opportunity for me.

Because when the Demon Emperor celebrates his birthday, the entire palace of the Demon Emperor will definitely be in a state of celebration, and everyone will relax their vigilance.

That would be a good opportunity for him to steal the Jade Seal of the Heavenly Demon Dynasty.

So at this time, Ye Feng immediately followed the group of crystal princesses and guards and entered directly.

He entered the cracks and entered the demon survival area under the earth's crust.

Ye Feng was captured by an ancient troll before and was trapped under the earth's crust. He already knew that there were still many ancient demons living under the earth's crust in the Demon Realm

and in the underground space area, which was a completely different world from the one above the ground.

Uh-huh!

At this time, Ye Feng entered the crack and soon saw the Crystal Princess, with a group of dozens of golden armored guards, quickly searching for the traces left by the ancient trolls in the underground space.

Ye Feng followed up slowly, trying to knock out a golden armored guard and then disguise himself as the golden armored guard.

But Ye Feng found that it was very difficult to do so.

Because all the golden armored guards were surrounding Crystal Princess, arranged in a fixed formation, it was very difficult for Ye Feng to knock out a golden armored guard and blend in.

So at this time, Ye Feng could only slowly follow behind, waiting for the opportunity.

Boom!

Suddenly at this moment, the soil not far away exploded violently.

A monster with sharp thorns all over its body appeared immediately.

This is an underground monster in the underground space of the Demon Realm. It looks very ferocious and terrifying. In an instant, it attacks the Crystal Princess and a group of golden armored guards.

Boom!

This group of golden armored guards is very powerful.

The tall golden armored guard at the head directly pulled out the golden sword from his waist and slashed forward in an instant. With a "puff", he instantly killed the underground monster that rushed over, and then The whole team moved on.

Ye Feng followed in the void behind him, his eyes lit up, and he could directly pick up the leak, release the Devouring Domain, and instantly devour the beheaded underground monster.

Ye Feng's skill suddenly increased a lot.

The group of golden armored guards leading the way are really free labor.

You know, there are many different ancient monsters and demons living in the space area under the earth's crust of the Demon World.

At this time, they were all awakened by Crystal Princess and a group of guards around her, and they all woke up from their deep sleep.

An underground army of monsters was even formed and came to besiege everyone.

Princess Crystal seemed to have a look of panic in her eyes at this time. After all, she was a pampered royal princess. She came to the underground at this time just because she was impulsive and passionate. She wanted to find the legendary ancient troll. out of the war ax, dedicated to her

Father.

So this Crystal Princess came directly underground with dozens of golden armored guards.

But she probably never expected that the underground could be so vicious and dangerous.

At this moment, a large group of underground monsters surrounded the Crystal Princess and the dozens of golden armored guards around her.

There were many golden armored guards who could no longer withstand the terrifying monster attack and fell directly, dying miserably on the spot.

At this time, the scene was in chaos, and Princess Crystal was also in panic.

The tall golden armored guard at the head immediately said: "Your Highness, should we continue to move forward? Or should we hurry up and get out of here?"

Princess Crystal looked at the deeper and darker underground space area in the distance with hesitation in her eyes.

But the next moment, she thought of the rejection of her illegitimate daughter by many other royal members in the palace.

Princess Crystal immediately spoke out very firmly: "This time on my father's birthday, I must amaze everyone, so I must find the most powerful ancient weapon, the war ax, forged by the ancient troll. I will present it to my father at a banquet on his birthday. In that case, my status in the entire palace will definitely rise and everyone will look up to me. Let's move on."

When the golden armored guards heard what Crystal Princess said, they all nodded, released their extremely powerful power, and continued to escort Crystal Princess forward amidst the countless onslaughts of magical beasts.

Every once in a while, a golden armored guard would die tragically on the spot.

Although Princess Crystal regretted it very much, she had no way to retreat at this time and could only move forward, hoping to find the legendary war axe.

At this time, Ye Feng, who was hiding in the void, was frantically picking up leaks and devouring the underground monsters that the golden armored guards had killed.

Ye Feng's skill slowly accumulated from the sixth level of the Palm Realm, and finally broke through to the first level of the Divine Realm above the Palm Realm!

This made Ye Feng's eyes reveal a deep look of ecstasy.

I didn't expect that the skill of this underground monster would be so pure and its blood energy so powerful. I had already broken through so much even though I was picking up the leaks from behind, reaching the first level of the Divine Dao Realm.

Ye Feng's current combat effectiveness has increased even more horribly due to the entire improvement in his realm.

Ye Feng saw the chaotic scene in front of him at this time, and finally had the opportunity to take off the golden armor of a tragically dead and abandoned golden armored guard, and then put it on himself.

And Ye Feng used the art of transformation to disguise himself as this golden armored guard.

At this moment, Ye Feng immediately rushed forward. \u003c

br\u003e

At this time, the Crystal Princess in front and the several remaining golden armored guards had reached the end of their strength.

They were besieged by countless underground monsters and could no longer move forward.

At this time, there were only six or seven surviving golden armored guards left around Crystal Princess.

This made Princess Crystal's face suddenly become extremely flustered and pale, as if she had never thought that she might die soon.

Boom!

But suddenly at this moment, a golden armored guard flew not far away, holding a golden sword in his hand, emitting a divine light, and instantly killed all the underground evil beasts around him. .

This golden armored guard is naturally Ye Feng in disguise.

The golden sword in his hand is the Holy Sword of the Dragon King!

The reason why he used the Dragon Emperor's Holy Sword was to disguise his true strength and let these people know that the reason why he was so powerful was because he held an extremely powerful holy sword in his hand.

Uh-huh!

At this time, Ye Feng rushed over, wearing golden armor and holding the Dragon Emperor's holy sword in his hand. He was just like the legendary golden armored warrior. He instantly killed all the numerous underground evil beasts surrounding him. killed.

Seeing this scene, the other golden armored guards suddenly widened their eyes, as if they never thought that such a powerful partner existed beside them.

Princess Crystal also had beautiful eyes, staring at Ye Feng, and couldn't help but said: "Why are you so powerful?"

Ye Feng immediately clasped his fists and said: "Tell me to the princess, I just mistakenly entered the ruins of an underground space and got this Dragon Emperor Holy Sword. It is said to be the treasure left by the legendary ancient Dragon Emperor, and I don't know why I inadvertently had a close connection with this Dragon King Holy Sword and got the recognition of this Dragon King Holy Sword. Therefore, the reason why I have such a strong power now is entirely because of this sword. Dragon King's Holy Sword."

Hearing what Ye Feng said, everyone present widened their eyes.

The other golden armored guards stared at Ye Feng with envy in their eyes. They seemed to have never expected that their companion would be so lucky to obtain the weapon of an ancient powerful man and become so... of strength.

Princess Crystal also stared at Ye Feng with her beautiful eyes, and said with great joy: "Okay, great, you accidentally got the owner of this Dragon King Holy Sword, which means you are very lucky. Next, you protect me and find the legendary war axe. When you return to the palace, I will definitely tell your father about your achievements and make you a third-grade sword-bearing guard!"

"What??"

Hearing what Princess Crystal said, the other golden armored guards all drooled with envy.

#### Chapter 3784 Troll Puppet

At this time, after Princess Crystal finished speaking, Ye Feng immediately pretended to be very happy, and quickly clasped his fists and said: "Thank you for the reward, Your Highness, Princess. I will definitely protect Your Highness the Princess well in the future, and serve Your Highness the Princess well." Find the legendary ancient most powerful weapon, the war axe."

Hearing what Ye Feng said, Princess Crystal immediately nodded with great satisfaction, even stretched out her white and delicate hands, patted Ye Feng's shoulder, and said loudly: "Okay, as long as you are loyal to me and willing to do anything for me, If I do something, I will definitely not treat you badly."

Seeing Princess Crystal patting Ye Feng's shoulder in person, the other armored guards were filled with envy, jealousy, and hatred, because they thought it was a supreme honor to be touched by Princess Crystal.

At this moment, Ye Feng was holding the Dragon Emperor's Holy Sword in his hand. The golden light emitted from the Dragon Emperor's Holy Sword enveloped Ye Feng's whole body. In addition, Ye Feng was originally wearing golden armor, which made Ye Feng look very... of nobility.

That dazzling brilliance made even the Crystal Princess couldn't help but look sideways, her beautiful eyes sparkling with splendor.

Next, Ye Feng seemed to become the leader of this group of golden armored guards, walking at the front, holding the Dragon Emperor's Holy Sword in his hand, surrounded by the dragon soul, and he was very imposing.

Princess Crystal stared at Ye Feng in surprise at this time. She seemed to have never thought that Ye Feng, a very ordinary bodyguard, would be so lucky to obtain the weapon of the ancient Dragon King.

What Ye Feng said about the Holy Sword of the Dragon Emperor being the weapon of the ancient Demonic Dragon Emperor was naturally bluffing.

But the effect was very good. It really frightened these royal members of the Demon Dynasty and made them really believe it.

But this is normal. After all, even Princess Crystal would not have thought that Ye Feng was actually in disguise.

After all, Ye Feng can change his skills and attributes at will and disguise himself as any living being, which is really hard to guard against.

However, Ye Feng doesn't have any ill intentions towards the Crystal Princess. He just wants to follow her into the palace of the Demon Dynasty and get the jade seal of the Demon Dynasty. That's all.

That's it, very simple.

At this time, Ye Feng took the lead, holding the Dragon King Holy Sword in his hand, as if he had turned into a sword god.

The Dragon King's Holy Sword in his hand erupted with thousands of golden sword lights, possessing terrifying cutting and destructive power, and suddenly struck straight ahead.

All the underground monsters that rushed over from the underground space were killed by the Dragon Emperor Holy Sword in Ye Feng's hand.

You know, Ye Feng's Dragon Emperor Holy Sword is originally a very powerful weapon, and is the first of the top ten famous swords in the ancient dragon world.

Even if Ye Feng hides his cultivation now and does not burst out his true cultivation power, his combat power is still very terrifying.

At this time, Ye Feng did not hesitate and secretly released the Devouring Domain, secretly devouring all the blood and energy of the underground monsters he had killed.

Ye Feng's skill is also rapidly and continuously accumulating and growing.

Ye Feng's cultivation was originally at the first level of the Divine Realm. During the entire journey, he was also upgraded to the third level of the Divine Realm along with the devouring.

Ye Feng's combat effectiveness is also rapidly and continuously improving.

However, Ye Feng attributed all his cultivation strength to the Dragon King Holy Sword in his hand, and no one else doubted it.

After all, no one would have thought that the golden armored guard in front of him would be an outsider hiding in disguise.

Finally, with Ye Feng, the golden-armored guard holding the Dragon King's Holy Sword in his hand, opening the way, few monsters could resist the group's footsteps.

Finally they came to the deepest area of the underground space that the Crystal Princess said.

Here, everyone immediately saw a very shocking scene.

All I can see is the front

The whole underground was hollowed out, and an extremely huge underground ancient ruin appeared.

In the most central area of this underground ancient ruins, a very huge ax hangs high in the sky, exuding a terrifying atmosphere of ancient killing.

When Princess Crystal saw the ax, she immediately looked overjoyed, her beautiful eyes showing deep excitement, and said loudly: "That's the war ax I'm looking for! It's the war ax that the ancient troll clan used to own. The extremely large ancient weapons created have terrifying power!"

Ye Feng also sensed this war ax at this time, which was indeed very powerful.

However, Ye Feng is not very interested in this kind of war axe. After all, Ye Feng already has a powerful weapon like the Dragon King's Holy Sword in his hand.

At this time, Princess Crystal immediately said: "Let's get that war ax quickly."

"Yes, Your Highness Princess."

A group of golden armored guards, including Ye Feng, nodded one after another, escorted Crystal Princess, and flew quickly towards the center of a huge ancient ruin below.

Soon, they were coming to the location of the war axe.

But just when they were approaching the war axe.

Suddenly "boom" "boom"!

Along with a violent roar, the ground around them suddenly exploded.

One by one, demon-like figures burst out of the ground.

"This is... a troll puppet!"

Almost at this moment, a group of golden armored guards present, including Princess Crystal, couldn't help but change their expressions.

These tall figures that emerged from the ground were all giant monsters covered with pitch-black scales.

These trolls were obviously completely dead. Their bodies exuded a strong aura of death, but their eyes were

It exudes a faint green light and has obviously been refined into a puppet. It is probably here to silently guard the most powerful ancient weapon such as the war axe.

At this moment, Princess Crystal immediately looked at Ye Feng and said loudly: "You have a powerful weapon like the Dragon Emperor's Holy Sword. Come and hold these vicious troll puppets while I and the other armored guards go. Loot War Axe."

Hearing what Princess Crystal said, Ye Feng immediately nodded, and then directly activated the powerful power of the Dragon King's Holy Sword in his hand.

boom!

The next moment, thousands of golden sword lights burst out from Ye Feng's body, piercing crazily around him.

At this moment, Princess Crystal, with a group of other guards, immediately flew quickly towards the mid-air where the war ax was hanging.

Boom!

At this time, Ye Feng quickly used the Dragon King Emperor Sword to kill those troll puppets.

Click!

When a troll puppet was cut in half by Ye Feng with the Dragon Emperor's Holy Sword, Ye Feng suddenly saw that a fist-sized green bead fell from the broken bodies of these troll puppets. , which contains a very mysterious energy.

Ye Feng's eyes suddenly lit up.

The reason why these troll puppets are able to possess such agile movement and attack power seems to be powered by these dark green beads.

This kind of beads is definitely a great tonic for Ye Feng!

"boom!"

At this moment, Ye Feng immediately began to crazily activate the power of the Dragon Emperor's Holy Sword, frantically killing the surrounding troll puppets.

The Dragon King's Holy Sword is really too powerful. With Ye Feng's extremely terrifying cultivation level, it will naturally release terrifying cutting power.

No matter what level the troll puppet was, it was basically split into two halves if it was stained by the sword light of the Dragon Emperor's Holy Sword!

Chapter 3785 A qualitative leap

Click!

Click!

At this time, Ye Feng was quickly cutting each of the surrounding troll puppets with the Dragon Emperor Holy Sword in his hand.

To ordinary practitioners, these troll puppets may be very terrifying and indestructible, almost like war machines.

But to Ye Feng, it was nothing at all.

Because the Dragon Emperor Holy Sword in Ye Feng's hand is the first of the top ten famous swords in the advanced interface of the Ancient Dragon Realm, and it is very powerful.

With Ye Feng's majestic magic power, he activated the Dragon King's Holy Sword, and the cutting power that exploded was simply terrifying to the extreme.

Even these extremely sturdy troll puppets were cut in half by Ye Feng in an instant with the Dragon King's Holy Sword.

At this time, every time Ye Feng cuts these troll puppets in half, a fist-sized green bead will fall from the bodies of these troll puppets.

This kind of dark green beads is the source of energy that allows these troll puppets to move freely.

Therefore, the power contained in these dark green beads is also a great tonic for Ye Feng.

Ye Feng kept devouring them, and with the help of the special energy in these dark green beads, Ye Feng's skill was rapidly growing.

What makes Ye Feng feel very magical is that the special energy contained in these dark green beads can not only improve his own skills, but also improve his physical strength.

The green energy contained in the dark green beads is like being able to continuously refine the body and constitution of a living being.

At this time, Ye Feng finally understood why these troll puppets were so strong. It was probably because of the green energy of these dark green beads that they became so indestructible.

At this time, Ye Feng was very happy. This kind of dark green beads could actually give him a double improvement.

Not only can you improve your cultivation skills, but you can also temper your physique and upgrade the strength of your Hongmeng Immortal Body again.

In the end, Ye Feng killed nearly tens of thousands of troll puppets and swallowed tens of thousands of dark green beads. Ye Feng's cultivation level was directly

From the third level of the Divine Realm, he broke through to the sixth level of the Divine Realm.

I have to say that this is already a huge improvement.

And in addition, what makes Ye Feng even more happy is that not only has his cultivation level been improved, but the strength of Hongmeng's immortal body has also been increased.

From the previous early stage of the fifth level, direct accumulation evolved to the middle stage of the fifth level.

At this time, Ye Feng could feel that his physical strength had grown unparalleled.

You must know that every time Hongmeng Immortal Body improves, even if it is only a small level of improvement, his physical strength will skyrocket.

At this time, Ye Feng's combat effectiveness was stronger than before.

However, Ye Feng knew that he could not fully show his true fighting power.

Otherwise, Princess Crystal and a group of other golden armored guards would definitely be suspicious.

So now I still have to rely on the power of the Dragon King's Holy Sword to disguise myself.

At this time, after Ye Feng killed all the troll puppets, he immediately looked not far away.

He immediately saw that Princess Crystal and a group of other golden armored guards were quickly refining the huge war axe.

Ye Feng was very happy about this. As long as he got the war ax this time, he could follow Princess Crystal back to the palace of the Demon Dynasty.

Uh-huh!

At this moment, Ye Feng immediately held the Dragon Emperor Holy Sword in his hand and flew quickly towards the direction where Princess Crystal was refining the war axe.

But suddenly at this time.

"Boom!"

A terrifying roar sounded.

I saw a phantom of a majestic will reaching out from the troll's ax in an instant.

This majestic shadow of will seems to be the will of the ancient troll god,

Suddenly, it burst out from the war axe, instantly blowing away the Crystal Princess and several golden armored guards who were refining the war axe.

Several golden armored guards were unable to withstand the will power of the ancient troll god, and they were crushed to death.

But Princess Crystal is after all a demon princess from the Demon Dynasty, and she has various protective treasures on her body.

At this moment, several magic weapons flew out of Crystal Princess' body, forming layers of protective light shields to resist the attack of the ancient troll god's willpower.

But Princess Crystal was knocked unconscious.

After all, Princess Crystal's cultivation is not that strong.

At this moment, the only conscious person present was Ye Feng.

At this time, Ye Feng looked at the shadow of the ancient troll god emanating from the war ax not far away, with a hint of surprise in his eyes.

Unexpectedly, this war ax actually contains the will of the ancient troll god. It seems that this war ax is more complicated than I imagined. I am afraid that the level of this war ax is higher than the Dragon King's Holy Sword.

At this moment, Ye Feng immediately rushed forward, preparing to rescue Crystal Princess.

After all, he can now rely on the Crystal Princess to sneak into the palace of the imperial city.

But just when Ye Feng came to Crystal Princess, the will of the ancient troll god in the war ax suddenly stretched out a big hand and grabbed it in the direction of Ye Feng, seeming to want to We must wipe out all outsiders like Ye Feng.

Seeing this scene, Ye Feng immediately smiled coldly and said, "I am not one of these ordinary golden armored guards."

Boom!

Almost at this moment, without any hesitation, Ye Feng directly burst out the thunder mark in his mind.

You must know that Ye Feng's soul power has now been upgraded to a real level of 16 million, and he is a high-level god-king level existence.

So at this time, Ye Feng once again released thunder

After the Ting Mark, more terrifying and destructive power will naturally erupt.

At this moment, a blue-purple lightning suddenly rushed out from Ye Feng's eyebrows, and it suddenly hit the phantom of the will of the ancient troll god in front of him, and instantly hit this ancient troll god. Above the shadow of the troll god.

Boom! !

The thunder mark was now extremely destructive, and it actually shattered an arm of the phantom of the ancient troll god's will.

"Roar!!"

The phantom of the ancient troll god felt great pain at this moment. He couldn't help shouting and let out an angry roar. He rushed towards Ye Feng, trying to kill Ye Feng. Crush it.

"Uh-huh!"

But at this moment, Ye Feng directly released the revenge soul spear.

I saw a spear in a soul state striking out directly from the center of Ye Feng's eyebrows.

You must know that this revenge soul spear is a super powerful treasure refined by the Lord of the Underworld. Now Ye Feng's 16 million-level soul power is activated, which naturally explodes with terrifying destructive power and impact. All of a sudden, With a "plop" sound, it penetrated the head of the phantom of the will of the ancient troll god, and instantly obliterated the phantom of the will of the ancient troll god.

At this moment, Ye Feng released the Devouring Domain and quickly plundered the will power of this ancient troll god.

For Ye Feng, this kind of thing at the phantom level of will is not worth fearing at all.

Perhaps many people are very afraid of the shadow of the will of this ancient powerful man or ancient god, but Ye Feng is not afraid at all.

What he was afraid of was the arrival of the true deity.

At this moment, Ye Feng's soul immediately received a huge improvement as he devoured it.

Directly upgraded from level 16 million to level 20 million!

Soul power has made another qualitative leap!

Even if Ye Feng only uses soul power now, he is probably comparable to ordinary peerless experts.

Chapter 3786 A lot of pressure

At this time, Ye Feng's soul power had grown tremendously, and he felt that his overall combat power had improved a lot.

Uh-huh!

At this moment, Ye Feng flew directly towards the huge ax hanging high in the sky not far away.

When Ye Feng came to the war axe, he directly stretched out his hand and took down the war axe.

Ye Feng sensed it slightly and found that the original power of the war ax was not as good as his own Dragon Emperor Holy Sword.

This made Ye Feng's eyes reveal a look of disappointment.

Originally, Ye Feng wanted to secretly refine this war ax into his own weapon, but he didn't expect it to be inferior to the Dragon King's Holy Sword.

It seems that this war ax is just famous. It is said to be a powerful treasure forged by the ancient troll family, but it is actually just average.

Of course, the Dragon Emperor's Holy Sword has a good reputation. After all, it is the first of the top ten famous swords in the ancient dragon world.

The Ancient Dragon Realm and the Heavenly Demon Realm should be interfaces of similar levels.

At this moment, Ye Feng held the war ax in his hand and flew directly to the Crystal Princess who had fainted not far away.

Looking at the other golden armored guards who died tragically, Ye Feng couldn't help but shook his head. The underground space in the Demon Realm was really very dangerous.

There are various ancient demon clans living in it, as well as many dangerous ancient ruins, and you may encounter danger at any time.

At this time, Ye Feng simply carried Princess Crystal behind him, quickly left the underground space and returned to the ground.

Next, Ye Feng found a relatively safe place, put Crystal Princess down, and then input some Hongmeng Purple Qi to repair Crystal Princess's injuries.

Crystal Princess slowly opened her eyes.

"Um?"

At this moment, Princess Crystal seemed to think of something and said in surprise: "Am I still alive?"

At this moment, Ye Feng came to the front of Princess Crystal and said with a smile: "I saved Her Highness the Princess."

"It's you?"

Princess Crystal immediately recognized that Ye Feng was the guard with incredible luck who had obtained the Dragon King's Holy Sword.

At this time, Princess Crystal couldn't help but ask: "Where are the other guards?"

Ye Feng said aloud: "They are all dead, killed by the shadow of the last ancient troll god's will."

Hearing what Ye Feng said, Princess Crystal couldn't help but asked in horror: "Then how did we escape?"

Ye Feng didn't hesitate at all, he just made up a reason and said: "At the critical moment, I didn't expect that a golden dragon soul rushed out of my Dragon Emperor Holy Sword, helping me fight against that ancient The phantom of the Troll God's will gave me a chance to escape."

Hearing what Ye Feng said, Princess Crystal couldn't help but breathed a sigh of relief. Then she couldn't help but stare at Ye Feng and said with great relief: "That's great. I didn't expect you to get such a huge opportunity this time." Creation has been recognized by the Dragon King Holy Sword, a weapon of the ancient Dragon King, and has achieved a qualitative leap in strength. It is very good. I will definitely train you well in the future. You will be my most trusted subordinate in the future. Because you saved my life."

After finishing speaking, Princess Crystal seemed to have thought of something, and she couldn't help but said: "Hey, it's a pity that we can't get the war ax this time."

Ye Feng suddenly smiled, took out a small ax from his storage ring, and said loudly: "Your Highness, at the last moment of escaping, I did not forget to take this war ax away. "

"Um?"

Seeing the war ax in Ye Feng's hand, the Crystal Princess immediately widened her eyes, and then said in surprise: "You actually brought out the war ax at the last moment? It's really great, go back this time There will definitely be a lot of rewards!"

At this time, Princess Crystal looked at the war ax in Ye Feng's hand and directly

He took it into his hand and watched it carefully.

There was unstoppable joy in Princess Crystal's eyes, and she couldn't help but murmur, "This is my father's birthday. If I present this extremely powerful war axe, my father will definitely be very happy. My father's favorite It's to collect all kinds of powerful weapons refined by these ancient races."

After finishing speaking, Princess Crystal immediately stared at Ye Feng in front of her and said loudly: "Let's hurry back to the palace now. Father's birthday will start tomorrow, and I have to prepare for it tonight."

Ye Feng immediately nodded, his eyes also filled with joy.

After this experience, perhaps this Crystal Princess already has great trust in herself. .??.

It seemed that he could safely sneak into the palace of the Demon Dynasty.

Next, Princess Crystal and Ye Feng flew directly towards the imperial city.

After they entered the imperial city, they entered the palace safely.

Ye Feng followed Princess Crystal all the way to the palace where Princess Crystal lived.

This is a royal garden with all kinds of precious flowers, plants and trees planted everywhere, which looks very fresh and pleasant.

Living here will definitely put you in a good mood every day.

Sure enough, these nobles of the Demon Dynasty still enjoy it very much.

Although this Crystal Princess is the illegitimate daughter of the Heavenly Demon Emperor in the Heavenly Demon Dynasty, she is a member of the royal family after all, and the environment she lives in is also very good.

Princess Crystal made an exception this time and allowed Ye Feng to enter her palace and let Ye Feng live here temporarily. It can be said that this is a huge preferential treatment.

After all, Ye Feng is a guard and Princess Crystal is the royal family. It is impossible for the two of them to live together.

But this time Princess Crystal was saved by Ye Feng, and the war ax was finally brought out by Ye Feng. Princess Crystal was very happy, so happy that she naturally let Ye Feng live directly in her own place, which was regarded as a gift.

Ye Feng's reward.

Ye Feng didn't care at this time, because Ye Feng had now safely entered the palace of the Demon Dynasty, and had achieved his goal safely.

Tonight, Ye Feng was going to explore the entire palace of the Demon Dynasty to see where the jade seal was.

Then wait until tomorrow, when the emperor of the Demon Dynasty celebrates his birthday, when the whole world celebrates, it is the time when the entire palace is most relaxed. That is the best moment for Ye Feng to steal the jade seal of the Demon Dynasty.

By the time it was night, Princess Crystal had already rested.

Uh-huh!

Ye Feng secretly left the palace where Princess Crystal lived and flew quickly in other directions outside the palace.

Ye Feng emitted his soul power, but it did not spread too widely, for fear of attracting the attention of some super powerful demons in the palace.

After all, this Heavenly Demon Dynasty is the most powerful force in the entire Heavenly Demon Realm. Naturally, there are many extremely terrifying beings in the palace.

Moreover, Demon Ancestor also reminded Ye Feng that there might even be legendary gods sitting among such ancient powerful forces.

Therefore, Ye Feng naturally did not dare to be too presumptuous. He only slightly exuded his soul power and conducted a small-scale search.

Although this will make Ye Feng's efficiency very low, there is nothing that can be done. After all, although Ye Feng's current cultivation strength has skyrocketed, it is still far behind those of the real ancient superpowers.

Ye Feng's current single strength is not enough to challenge the entire Demon Dynasty. Ye Feng still knows this.

This also made Ye Feng even more frightened by the Dark Demon Cult.

How terrifying must the Dark Demon Cult be with such a huge force.

Thinking of this, Ye Feng felt a lot of pressure.

But sometimes pressure is motivation, which makes Ye Feng more motivated, quickly improves his cultivation, strengthens his strength, and is fully prepared to fight against the entire Dark Demon Cult and Dark Yuan Zun in the future.

Chapter 3787 Another figure

Swish, swish, swish!

At this time, Ye Feng quickly shuttled through the entire palace of the Demon Dynasty, slowly exploring where the jade seal of the Demon Dynasty was.

Under Ye Feng's careful exploration, Ye Feng soon discovered some traces.

Because of Ye Feng's soul power, he could sense the gathering points of the destiny power of the entire Demon Dynasty.

You must know that the jade seal of the Demon Dynasty must carry the destiny of the entire Demon Dynasty.

Therefore, Ye Feng can find the location of the Jade Seal as long as he feels the fate of the entire Demon Dynasty and where it finally gathers.

Soon, Ye Feng came to a place deep in the palace based on this power of luck.

In this place, there stands a magnificent palace with carved beams and painted pillars, which looks very luxurious.

Ye Feng sensed an extremely terrifying power of cultivation from this magnificent hall.

That should be the life breath of the emperor of the Demon Dynasty.

It felt to Ye Feng like an ancient evil beast lurking in it, very terrifying.

At this time, Ye Feng immediately understood that the jade seal of the Heavenly Demon Dynasty was in the main hall where the Heavenly Demon Emperor lived.

This made Ye Feng's eyes reveal a trace of gloominess.

If this jade seal was stored in the residence of the Heavenly Demon Emperor, it would be really difficult to get in and steal it.

Because the residence of the Demon Emperor must be heavily guarded and surrounded by various formations.

So it is very difficult to sneak into it without knowing it.

But fortunately, I learned from Princess Crystal that tomorrow is the birthday of the Demon Emperor.

When the time comes, Emperor Tianmo, a super powerful man, will definitely leave the palace where he lives and go to the central court hall of the palace to entertain all the civil and military officials.

Thinking of this, Ye Feng remembered this location and would come over to see how to enter it.

Next, Ye Feng calmly returned to the Crystal Princess's palace.

At this moment, it was already dawn.

When Ye Feng came back, Princess Crystal had already gotten up and was practicing in the royal garden in front of her palace.

Ye Feng saw that Princess Crystal practiced a very special demonic technique, which could actually draw the majestic magic power of the demon world from the earth to use it to temper her body.

Seeing this scene, Ye Feng's eyes showed surprise.

It seems that this Crystal Princess is also very extraordinary. She is definitely not just an illegitimate daughter. She must also have her own destiny.

However, the cultivation strength of this Crystal Princess can only be said to be average.

Perhaps this Crystal Princess is a very powerful existence among the younger generation of the Demon Dynasty.

But in front of a super genius like Ye Feng, he is indeed considered a mediocre existence.

After all, Ye Feng's cultivation strength and talent are so incredible that ordinary people can't compare to them.

I am afraid that only some strong men of the older generation can fight against Ye Feng.

The younger generation probably can't beat Ye Feng no matter what.

At this time, Ye Feng came over. Princess Crystal immediately opened her eyes, looked at Ye Feng, smiled and said, "You're awake."

Princess Crystal had no idea that Ye Feng had been exploring the entire palace all night.

At this time, Ye Feng just smiled and said: "Her Royal Highness's skills are very strange. If you practice hard, you will definitely become very powerful in the future."

Princess Crystal smiled and said: "This set of skills was given to me by my father alone. It is of a very high level. But as long as you work for me wholeheartedly, then this set of skills will

, I can share it with you then. "

Princess Crystal obviously knew how to win over the hearts of her subordinates, and even said that she would reward Ye Feng with the skills he had practiced himself.

If it were an ordinary guard, he would definitely be ecstatic.

But Ye Feng's heart didn't waver.

After all, he doesn't look down on this kind of ordinary inheritance at all.

However, Ye Feng naturally pretended to be ecstatic at this time, and immediately clasped his fists and said: "I will definitely be loyal to Her Highness the Princess. I will go up the mountain of swords and get off the frying pan for Her Highness!"

Hearing what Ye Feng said, Princess Crystal nodded immediately, obviously very satisfied.

The next day was very uneventful.

Princess Crystal is waiting for her father's birthday tonight.

And Ye Feng is waiting for the best opportunity to steal the jade seal of the Demon Dynasty tonight.

Time finally came to night, and the entire sky turned black.

Only the blood-colored moon hung in the sky, emitting a faint bloody light.

It added a strange feeling to the entire dark world.

But at this time, the entire Heavenly Demon Palace was bustling with activity.

All the civil and military officials, royal family members and nobles gathered in the central court hall.

Today is the 30,000th birthday of the Demon Emperor, so it is naturally very grand.

At this time, all civil and military officials, nobles and princes gathered in the central court.

The Demon Emperor also came to the central court and left his residence.

Princess Crystal originally wanted to take Ye Feng to attend this birthday. She wanted to give her father a good introduction to this powerful guard who had obtained the Holy Sword of the Dragon King.

But Ye Feng refused, saying that he was not qualified to enter this place.

Only such noble people can attend the birthday banquet of the Demon Emperor.

Hearing what Ye Feng said, Princess Crystal had no choice but to give up. She took a war ax and left her palace, the central hall of the Demon Palace.

At night, it was the most grand time for the Demon Emperor's banquet, and also the time when the entire palace's defense force was at its most relaxed.

Uh-huh!

Ye Feng was alone, covered in black robes, lurking in the void, flying quickly towards the location of the imperial seal that he had explored the night before.

Soon, Ye Feng arrived at the residence of the Demon Emperor.

Now the Heavenly Demon Emperor has left his residence and is in the central court hall, so there are only some extremely powerful soldiers of the Heavenly Demon Dynasty guarding here.

Ye Feng circulated the space gem and soon opened up a space wormhole, directly entering the residence of the Demon Emperor.

But just when Ye Feng was about to find the jade seal and where to put it.

Buzz!

Suddenly, Ye Feng sensed a very secretive aura, approaching the place quickly from behind.

Ye Feng immediately showed a look of surprise in his eyes and quickly looked back.

He immediately saw a mysterious figure wrapped in black clothes just like himself, lurking towards this side.

However, this mysterious figure probably didn't notice him and was traveling through the void, as if he was here to find something.

"Um?"

This made Ye Feng's eyes show a look of interest.

It seemed that this mysterious figure, just like me, was waiting for the time when Emperor Tianmo was most relaxed about holding a birthday banquet, and came to Emperor Tianmo's residence to steal something.

Who could this person be?

How dare you be so bold as to come to the Demon Palace to steal things?

Chapter 3788 The Root of Luck

At this time, although Ye Feng was very confused, he was also very interested.

What is the identity of this mysterious figure?

But Ye Feng didn't take the initiative to investigate.

Because Ye Feng now knows that the most important thing is to steal the Imperial Jade Seal first, and everything else is secondary.

So at this time, Ye Feng immediately released his soul power fluctuations and explored the surroundings.

The other figure was completely opposite to the direction Ye Feng was looking for, which made Ye Feng breathe a sigh of relief.

Otherwise, if there is any conflict between the two of them and they fight, it will be really troublesome.

Buzz!

At this time, Ye Feng exuded his own soul fluctuations, and based on the gathering point of the entire Heavenly Demon Dynasty's luck, he finally found the Heavenly Demon Dynasty's jade seal.

The jade seal of this Heavenly Demon Dynasty is placed on the dragon chair in this main hall.

It was a golden dragon chair, which looked very noble. The jade seal was inside one of the handles of the dragon chair.

Ye Feng quickly found it, put the jade seal directly into his storage ring, and then prepared to leave.

Buzz!

But just when Ye Feng was about to turn around and leave, a terrifying energy suddenly rushed towards Ye Feng, trying to knock him out.

At this moment, Ye Feng's perception was very terrifying, and he just dodged past, leaving this energy in vain.

Uh-huh!

At this time, Ye Feng immediately looked behind him and found another mysterious figure standing in front of him, with a look of surprise in his eyes.

This mysterious figure seems to be as surprised as Ye Feng. It seems that he did not expect that there are other people who dare to come here to steal things in this place where the Demon Emperor lives, in this kind of dragon pond and tiger den.

At this moment, this mysterious figure immediately said loudly: "How dare you steal

The Jade Seal of the Heavenly Demon Dynasty is really audacious. This dynasty's Jade Seal contains the Divine Thought of the Heavenly Demon Emperor. Even if you steal it, if you take the seal anywhere, the Heavenly Demon Emperor can come down in an instant and crush you. . "

Hearing what this mysterious figure said, Ye Feng's eyes showed a look of surprise.

Ye Feng really doesn't know.

Ye Feng immediately smiled and said: "Thank you for reminding me. When I go out, I will just wipe out the divine will of the Demon Emperor in this jade seal."

For Ye Feng, this is a very simple matter.

Because Ye Feng has the soul gem of the Chaos God Emperor, who is a high-level master, he can instantly obliterate the divine thought of a junior master like the Demon Emperor.

However, Ye Feng's words seemed a bit arrogant when heard by the mysterious figure in front of him.

This mysterious figure immediately said coldly: "It seems that you are a person who likes to talk big. Although your cultivation is very good, you are too far away from the Demon Emperor. I don't believe you can Obliterate his spiritual thoughts."

Hearing what this mysterious figure said, Ye Feng immediately smiled, took out the jade seal from the storage ring, and then directly moved the soul gem.

Swish!

Two rays of golden light suddenly burst out from Ye Feng's eyes, instantly shattering the divine will of the Heavenly Demon Emperor inside the jade seal.

"Um?"

Seeing this scene, this mysterious figure immediately widened his eyes, as if he never thought that Ye Feng actually had the ability to obliterate the divine will of the Demon Emperor.

You know, the Heavenly Demon Emperor is the supreme leader in the Heavenly Demon Realm.

A big shot, a dominant-level existence, yet Ye Feng casually wiped out a divine thought in this jade seal.

This is not something ordinary people can do.

This is a very powerful method!

At this moment, this mysterious figure stared at Ye Feng, seemingly looking at him with admiration.

Ye Feng said out loud at this time: "Anyway, thank you for your reminder. I'm leaving now. You can go find what you want. Let's not conflict, so as not to attract the attention of the defense forces outside."

Hearing what Ye Feng said, this mysterious figure suddenly said: "Wait a minute." ??

Ye Feng's eyes showed surprise, and then asked: "What? Don't you want me to go?"

This mysterious figure suddenly lifted her veil, revealing an extremely beautiful woman's face.

This turned out to be a mysterious woman.

The mysterious woman spoke slowly at this moment: "You are actually able to instantly obliterate the Divine Mind of the Demon Emperor. This ability is too precious. What I want to find this time may require your help."

When Ye Feng heard what this mysterious woman said, a faint smile suddenly appeared in his eyes and he said, "Why should I help you?"

The mysterious woman immediately spoke out and said, "I reminded you and escaped the danger of being hunted."

Ye Feng nodded slightly and said loudly: "But that's not enough for me to risk my life to help you."

The mysterious woman suddenly said: "I can share with you the thing I am looking for."

Ye Feng had a look of interest in his eyes and said loudly: "What exactly are you looking for in this place where the Demon Emperor lives?"

The mysterious woman spoke slowly: "What I am looking for is very mysterious.

There is a kind of existence called the 'Root of Luck'. If the root of the destiny of this Heavenly Demon Dynasty can be found, the destiny of the entire Heavenly Demon Dynasty can be cut off, causing the Heavenly Demon Dynasty to decline instantly, and the root of the destiny of the dynasty is also It is a very precious divine object. Because it carries the power of the destiny of the entire Demon Dynasty, it can make an ordinary creature instantly reborn and ascend on the spot. It is many times more precious than the jade seal you got. The jade seal is mainly on the surface. It's just a symbol, it doesn't have much effect, but the root of luck is the root of the Demon Dynasty, and it is the most precious thing. "

Hearing what the mysterious woman said, Ye Feng immediately became interested and couldn't help but said: "It seems that you are a hostile force of the Demon Dynasty, and you actually want to steal the root of destiny of the Demon Dynasty. In this case, it is equivalent to breaking the Feng Shui of the Demon Dynasty. This is really a method of annihilating the roots of the ancestors, which is very insidious. "

Hearing what Ye Feng said, the mysterious woman had no expression on her face. She just said very calmly: "Since you came here to steal the jade seal of the Demon Dynasty, you must be in a hostile state with the Demon Dynasty. You should listen I have said this, the enemy of my enemy is a friend, so we are now friends. We have a common enemy, the Demon Dynasty. You want to get the Jade Seal of the Demon Dynasty in exchange for huge wealth, and I want The Demon Dynasty has directly declined and collapsed, and we have no actual conflict of interest, so how about we cooperate now? "

Hearing this, Ye Feng couldn't help but ask: "How to get the root of destiny of the Demon Dynasty?"

The mysterious woman spoke out: "If you want to get the root of destiny of the Heavenly Demon Dynasty, you must break through the Heavenly Demon Emperor's spiritual seal. Although I have brought treasures that can destroy the Heavenly Demon Emperor's spiritual seal, I don't know if I can." Success, now you can directly obliterate the Divine Mind of the Heavenly Demon Emperor, which is of great use to me, so the two of us can cooperate. My purpose is just to watch the decline and destruction of the entire Heavenly Demon Dynasty, and the root of destiny When I get this peerless treasure, I can give it to you directly."

Chapter 3789 Imperial City Blockade

At this moment, Ye Feng's eyes suddenly lit up when he heard the mysterious woman say this.

Ye Feng knows very well how precious the root of luck is, let alone this root of luck, but the root of luck of the most powerful Tianmo Dynasty in the demon world is definitely even more precious and rare.

If it can really be obtained, it will be no less than Ye Feng getting a huge opportunity.

So at this time, Ye Feng naturally felt a little excited when he heard that the mysterious woman said that she wanted to give the root of luck directly to him.

However, Ye Feng remained extremely calm on the surface and said slowly: "If you can really give me the root of luck in the end, then I can consider cooperating with you."

When the mysterious woman heard what Ye Feng said, she immediately smiled and said: "I know you can't refuse the temptation of the Root of Luck, because the Root of Luck is the most precious divine object in the entire Demon Dynasty, and no one knows Where exactly the root of destiny lies, only our clan can find it."

Ye Feng immediately smiled and said: "It seems that you come from a very mysterious race."

At this moment, the mysterious woman's eyes suddenly showed a trace of hatred, and she said loudly: "Our race was originally a very peaceful race, living in the dark forest of the Demon Realm, without fighting against the world, but I didn't expect that the Demon Dynasty In order to dig out the mineral veins in the dark forest, they destroyed the entire forest area, made our entire race homeless, and killed our people, so I want to see the decline and destruction of the Demon Dynasty with my own eyes."

At this moment, seeing the hatred in the eyes of this mysterious woman, Ye Feng just nodded slightly and said nothing more.

After all, Ye Feng was only cooperating with this mysterious woman for his own benefit. The two of them got what they wanted, and he was too lazy to pay attention to the race behind this mysterious woman.

At this time, Ye Feng did not continue to ask further, but immediately said: "We should hurry up and find the root of the destiny of this Demon Dynasty, otherwise things will change if it is too late."

Hearing what Ye Feng said, the mysterious woman immediately nodded, and then took out an ancient golden compass from her storage ring.

Following the instructions on the golden compass, they soon arrived at the deepest area of the hall where the Demon Emperor lived.

.

On the wall here, an ancient stone door unexpectedly appeared.

If it weren't for the guidance of the golden compass, ordinary people would never notice that there is an inconspicuous stone door on this wall.

At this moment, the mysterious woman stared at the stone door in front of her and said aloud: "The root of luck should be behind this stone door, but in order to protect the safety of the root of luck, the Demon Emperor must have used a lot of spiritual seals. Behind this stone gate."

After finishing speaking, the mysterious woman once again took out a small magic talisman from her storage ring, and then said aloud: "Let's see if my magic talisman has any effect."

Ye Feng suddenly stopped the mysterious woman's actions and said aloud: "Since you don't believe in this talisman, then let me do it. Otherwise, this talisman will very likely trigger the event that is being held." The attention of a super powerful person like the Heavenly Demon Emperor at the birthday banquet."

Hearing what Ye Feng said, the mysterious woman immediately nodded and said loudly: "You can wipe out the divine will of the Demon Emperor in an instant, then I believe you can break the divine seal set by the Demon Emperor behind the stone gate. "

Ye Feng nodded slightly at this moment, and then slowly opened the stone door in front of him.

At this moment, as the stone door opened, Ye Feng immediately saw that a mysterious space appeared behind the stone door.

A golden root shaped like a tree root is floating in this mysterious space. The roots are covering the entire void, and it seems to be absorbing the destiny power of the entire Demon Dynasty.

Seeing this scene at this time, the mysterious woman couldn't help but said excitedly: "The root of luck is indeed sealed here, but on the surface there are many spiritual seals set by the Demon

Emperor, and there are actually nine seals. It's too bad now, you can only destroy the Heavenly Demon Emperor's spiritual seal in an instant."

Ye Feng smiled at this time and said: "I don't only have this method."

After finishing speaking, Ye Feng immediately communicated with Emperor Chu in his mind and said aloud: "Emperor Chu,

Can you activate the most powerful power in the soul gem to break these nine seals in an instant? "

Emperor Chu immediately said aloud in his mind: "These spiritual seals were set by the junior master, and the soul gems were left by the Chaos God Emperor at the senior master level, so there is no problem in breaking these nine seals. But it is very likely that it will attract the attention of the Demon Emperor in an instant."

At this time, Ye Feng was staring at the roots of luck behind the nine seals. From this root of luck, he could sense the extremely majestic power of luck, which was like a vast ocean.

If he swallows it, his cultivation level will skyrocket to an extremely terrifying level.

Thinking of this, Ye Feng immediately showed a hint of madness in his eyes and said loudly: "Even if it attracts the attention of the Demon Emperor, I still have to get this root of luck. This opportunity is just around the corner. I Must not miss it." .??.

When Emperor Chu heard what Ye Feng said, he seemed to feel Ye Feng's determination, and immediately nodded, and then directly inspired the power of the soul gem, and the most terrifying power of the soul gem exploded in an instant.

"boom!!"

At this moment, the mysterious woman suddenly saw a shocking scene.

In Ye Feng's mind, a red giant of light rushed out, like a legendary god, and instantly broke the seals of the nine demon emperors in front of him.

Almost at the next moment, without any hesitation, Ye Feng stretched out his hand, tore off the root of luck rooted in the void, grabbed the root of luck, and then instantly Put it into your own storage ring.

Next, Ye Feng directly pulled the mysterious woman beside him who was still in a daze and said: "Run!!"

Boom! !

At this moment, from a certain direction in the distance, a terrifying force suddenly descended, as if it could destroy the world!

That is the power of the Demon Emperor!

Apparently the Demon Emperor was aware of the movement here and let out an extremely angry roar that shook the entire sky.

But at this moment, Ye Feng used the space gem to

The speed was very fast, and the mysterious woman disappeared from the place.

When they came out of the space wormhole opened by the space gem, Ye Feng and the mysterious woman had already arrived in the imperial city outside the palace.

Then Ye Feng continued to open up the space wormhole and wanted to leave the imperial city, but found that the entire imperial city had been blocked by a terrifying force that even the space gem could not break open.

"Oops!"

Ye Feng immediately understood. It is estimated that the moment the root of luck was obtained by him, the Demon Emperor had already sealed the entire imperial city instantly.

At this moment, the mysterious woman immediately said: "Hurry up and follow me. Our race has its own dark spots in the Demon Dynasty, and we can avoid the pursuit of the powerful ones in the Demon Dynasty."

When Ye Feng heard what the mysterious woman said, his eyes suddenly showed a look of surprise. It seemed that this mysterious woman had already arranged a way out for herself before entering the palace.

At this moment, Ye Feng no longer hesitated, and immediately nodded, following this mysterious woman, flying quickly towards a certain direction in the imperial city.

Soon the two of them arrived in a dark alley.

The mysterious woman immediately knocked on a wall in this alley.

Click!

Suddenly a gap opened in the wall.

There is actually a secret door here.

Ye Feng and the mysterious woman walked in immediately.

After the secret door was closed, the dark alley returned to calm once again, as if no one had ever been there.

At this time, after Ye Feng followed the mysterious woman into the secret door, he discovered that there was another world behind the secret door, and there was actually a mysterious basement hidden.

The person who opened the door at this time was another woman, who looked much more mature than the mysterious woman.

The other woman said with a smile at this time: "After entering our dark room, don't worry, my dark room can lead to the outside of the imperial city, and can avoid the detection of the master-level spiritual mind."

Hearing what this woman said, Ye Feng's eyes showed surprise. It seemed that the race behind this mysterious woman was very powerful, and they actually had such methods.

Chapter 3790 Inheritance Stone Tablet

At this time, in the dark room, no one can disturb them for the time being.

At this moment, the mysterious woman suddenly looked at Ye Feng and said loudly: "Can you show me the root of destiny of the Demon Dynasty that you just obtained?"

When Ye Feng heard what this mysterious woman said, there was a hint of surprise in his eyes, and then he couldn't help but said: "You must have regretted it now, and are unwilling to give me the root of luck?" "

The mysterious woman immediately smiled and said: "You are really a money addict. I want to take a look at the root of luck. I want to make sure that the root of luck has been completely cut off and I am not regretting it." "

Hearing what the mysterious woman said, Ye Feng breathed a sigh of relief, nodded immediately, and then took out the Root of Luck directly from his storage ring.

The entire body of the Root of Luck is golden, and the roots rooted in the void have been completely torn off by Ye Feng.

Buzz!

The root of luck was now emitting bright golden light, looking very ancient and noble.

The mysterious woman saw that the root of luck had really been completely cut off, and she finally let out a sigh of relief. Then, with a look of revenge in her eyes, she said loudly: "The Demon Dynasty has done many evil things, and this time the root of luck was cut off. After it is torn off, it will slowly decline and even eventually be destroyed."

When Ye Feng heard the mysterious woman say this, he shrugged indifferently.

For Ye Feng, cutting off the fate of this demon dynasty was a good thing.

Because Ye Feng knew that there was a cooperative relationship between the Demon Dynasty and the Dark Demon Cult.

By destroying the destiny of the Demon Dynasty, he also reduced the overall strength of the Dark Demon Religion in a disguised form.

At this time, Ye Feng did not hesitate and walked directly towards the end of the dark room and said loudly: "The mission is completed, I am leaving here."

The mysterious woman nodded slightly and looked at Ye Feng's back as if she wanted to say something, but in the end she didn't say a word.

The mysterious woman knew that the two of them didn't even know each other's name or identity this time. They just cooperated once and they might not meet again in the future.

Ye Feng left the darkroom at this time and walked to the end of the darkroom.

When he came out of the dark room, he found that he had appeared in the wilderness outside the Demon Imperial City.

At this moment, Ye Feng looked at the imperial city of the Demon Dynasty not far away and found countless energy fluctuations.

Countless guards all covered the Demonic Imperial City, sealing off the entire imperial city and causing chaos.

In response, Ye Feng smiled slightly and left here immediately, completely staying away from the imperial city of the Demon Dynasty.

Soon Ye Feng flew to a safe area in the Demon Realm. It was a barren desert with nothing around.

At this time, Ye Feng could finally take a good look at the root of luck.

At this moment, Ye Feng took out the Root of Luck from the storage ring, and then without any hesitation, he just

Start to devour.

You must know that this root of luck has been accumulated by the Demon Dynasty for hundreds of thousands of years, and it contains a very huge power of luck.

After Ye Feng swallowed it at this time, he immediately felt an extremely terrifying energy, which was injected into his body, making Ye Feng's whole body begin to exude a faint golden light, looking very sacred.

At this moment, Ye Feng could feel that his cultivation level was rapidly and continuously improving.

"boom!"

The seventh level of the divine realm!

"boom!"

The eighth level of the divine realm!

"boom!"

Ninth level of the divine realm!

"boom!"

The Great Perfection of the Tenth Level of the Divine Realm!

"boom!"

Half step to the divine realm!

"boom!"

The first level of the divine realm! !

At this moment, Ye Feng's cultivation level achieved an unparalleled breakthrough.

It actually broke through an entire realm!

Breaking through to the first level of the Divine Realm above the Divine Dao Realm!

When Ye Feng broke through to the divine realm, he immediately felt that he could release a realm, which was his own divine realm. He could instantly cover all the enemies around him and trap them in it, making it impossible for the enemies to escape. It can even reduce the enemy's combat effectiveness.

This is the ability that belongs to the realm of gods.

Very magical.

At this time, there was deep excitement in Ye Feng's eyes. He did not expect that the root of destiny of the Demon Dynasty this time would actually improve his cultivation so much.

And in addition, the power of luck contained in the root of luck actually improved Ye Feng's Hongmeng Immortal Body.

From the middle of the fifth level, there was a direct evolutionary breakthrough to the late fifth level.

It's not far from the sixth floor.

This made Ye Feng's eyes suddenly reveal an ecstatic look.

This time when I came to the Demon Dynasty, I really got a huge opportunity.

If it weren't for that mysterious woman, then Ye Feng would never have obtained such a unique divine item as the Root of Luck.

It's so filling!

Uh-huh!

Next, Ye Feng left the desert without any hesitation, and then asked in the middle of his eyebrows: "Demon Ancestor, where exactly is your hometown you mentioned before? Didn't you mean your hometown? Are there a lot of resources in it that you reserved back then? If we hurry up and find them, I can definitely get a huge improvement."

Hearing what Ye Feng said, Demon Ancestor said slowly in his eyebrows: "After so many years, I don't remember the details of my lair.

Where am I? I have experienced so much that my memory is about to fade away. "

"Forehead....."

Hearing what Demon Ancestor said, Ye Feng was stunned for a moment and couldn't help but said: "Demon Ancestor, are you an old guy reluctant to give me the resources in your lair? That's why you said that on purpose. you forgot."

When Demon Ancestor heard what Ye Feng said, he immediately shouted angrily: "Of course I won't be so picky! And if I can find my lair, I might be able to combine some special materials in my lair to help I refining a brand new body to revive myself, I really can't remember it, it's been too long, I need to think about it."

Hearing what the Demon Ancestor said, Ye Feng immediately nodded slightly, without saying anything more, and said: "Then wait until the next time you come to the Demon Realm, and then look for your lair. During this time, you can think about it carefully. Think about where your home base is in the Demon Realm. Now I have to return to the Wanjie Martial Arts Academy to take over the third task."

After Ye Feng finished speaking at this time, he directly cast the boundary-breaking talisman and left the demon world.

After Ye Feng left the Heavenly Demon Realm, he did not waste any more time and flew directly towards the highest level dark world of the Origin World.

After Ye Feng returned to the dark world, he immediately rushed to the Wanjie Martial Arts Academy.

Ye Feng's current cultivation level has been raised to a very high level. I am afraid that Ye Feng's combat effectiveness is already comparable to those of the elders in the Wanjie Martial Arts Academy.

Therefore, Ye Feng was very fast. In less than half a month, he had returned to the Wanjie Martial Arts Academy.

When Ye Feng returned to the external martial arts academy, he looked at the calm look of the Wanjie Martial Arts Academy, with a hint of emotion in his eyes.

During this period of time, he had experienced so many ups and downs outside. After returning to Wanjie Academy, Ye Feng actually felt a very calm and peaceful feeling in his heart.

It's as if this place has really become your own home.

Ye Feng sighed in his heart, then flew directly to the central hall of the Wanjie Martial Arts Academy and handed over all three of his tasks.

In the end, Ye Feng not only earned the task reward, but also earned a lot of academy reward points.

Then Ye Feng flew directly towards the inheritance temple of Wanjie Martial Arts Academy, wanting to use the reward points he had just obtained to see if he could exchange for some powerful inheritance.

After all, Ye Feng currently has too few powerful inheritances, and only the Heaven and Earth Dragon God Art and the Heaven-Swallowing Python Magic Art are relatively powerful.

But just when Ye Feng was halfway there, a familiar and beautiful figure suddenly appeared in front of Ye Feng.

It turned out to be Luo Li!

It must be said that the two of them are very close.

Every time Ye Feng came back, he met Luo Li.

But if Ye Feng knew, Luo Li would be here every day

After waiting for a while, I looked forward to seeing Ye Feng, wondering if Ye Feng would be moved.

Luo Li has now transformed into the ancient Luo Shen body and entered the Ten Thousand Realms Martial Arts Academy. He has already become a direct disciple of the Ten Thousand Realms Martial Arts Academy and has a distinguished status.

However, Luo Li was still as close to Ye Feng as usual.

At this time, Luo Li saw Ye Feng, and immediately a very happy look appeared in her beautiful eyes, and she quickly said: "Ye Feng, we meet again, what a coincidence, where have you been during this time? I didn't find you when I arrived at your dormitory, and Senior Sister Bai Ling also said that she didn't know where you were."

Ye Feng heard what Luo Li said at this time, smiled slightly, and said aloud: "I have taken over several tasks recently and went to complete them, so I haven't been back for a long time."

"I see."

Luo Li immediately nodded, and then said aloud: "By the way, Ye Feng, recently in the small world where our direct disciples are practicing, some big shots from our Ten Thousand Realms Martial

Arts Academy have opened inheritance stone tablets. There are hundreds of such inheritance stone tablets. It is only opened once a year, and the opportunity is very rare. As long as a genius is very talented, he can extract the ancient and powerful high-level inheritance contained in this inheritance stone tablet. Not only can he obtain this inheritance and practice, but he can also It can add a powerful inheritance to the inheritance temple of the entire academy, and it can be regarded as a contribution to the entire academy, because this inheritance stone tablet has been passed down since ancient times. There are many inherited techniques in it, even the super powerful ones in our academy. No one can analyze them all, and can only rely on powerful geniuses to extract high-level inheritances one by one. The sudden opening of this inheritance stele this time is because there is another big movement in the Dark Demon Sect. "

When Ye Feng heard this, his eyes suddenly moved and he asked: "What's the big news in the Dark Demon Sect?"

Luo Li said: "It is said that the Dark Demon Cult has gathered many masters and built ancient altars in the boundless desert of our origin world. I don't know what terrible and evil summoning rituals are being carried out. So this time Many big forces, including our Ten Thousand Realms Martial Arts Academy, are preparing to send various powerful geniuses and masters to destroy this summoning ceremony, so the big shots in the small world where our direct disciples live have opened the inheritance stone tablet, just to Increase the strength of our direct disciples."

Hearing what Luo Li said, Ye Feng suddenly showed a look of interest in his eyes, and then said aloud: "I am preparing to use the reward points to go to the inheritance temple to exchange for some powerful inheritance, but I am not a direct disciple. Can you enter the small world where your direct disciples practice and participate in this inheritance stone ceremony? "

When Luo Li heard what Ye Feng said, a smile suddenly appeared in her beautiful eyes. She stretched out her white little hand, took Ye Feng's palm, and said loudly: "I said yes, then That's it. I'll take Ye Feng with you into the small world where my direct disciples live and practice. I'll just introduce you to my master, Baihua Fairy. I've always mentioned you, Ye Feng, to my master, because in my heart , Ye Feng, your talent is definitely not inferior to mine, but no big shot has discovered your potential, but my master is very interested in you. "
