

## Ancient 3791

### Chapter 3791 Flower Fairy

Hearing what Luo Li said, Ye Feng couldn't help but shook his head and smiled, and said loudly: "My talent can only be regarded as average. After all, all of my direct disciples must be talented. Luo Li, you are here I am really exaggerating in front of my master."

Luo Li immediately retorted: "Ye Feng, I know your talent. When you were looking for the ancient pyramid ruins, the methods you showed really dazzled me. Really, I am I really feel that Ye Feng is a hidden super genius. If there is a big shot who fully knows your talent, he will definitely rush to accept you as his disciple. However, I also guess that maybe Ye Feng is a relatively low-key person, so he doesn't I don't want to reveal all my talents, don't worry, I didn't tell anyone else, I just told my master."

When Ye Feng heard what Luo Li said, he nodded slightly, smiled and said: "You are so considerate, then let's go directly to the small world where your direct disciples live and practice."

Luo Li immediately laughed happily: "Okay."

After saying that, Luo Li seemed to be happy by Ye Feng's words "You are so considerate". She didn't even hesitate at all. She directly stretched out a small white hand, took Ye Feng and quickly moved towards the group of direct disciples. The small world of cultivation that I lived in quickly flew away.

Soon, they came to the southwest side of the Wanjie Martial Arts Academy, where a space gate appeared, emitting very strong space fluctuations.

Uh-huh!

Luo Li took Ye Feng and flew directly into the door of space.

When they passed through the door of space, Ye Feng suddenly saw a small world filled with birds singing and flowers fragrant. .??.

The scenery here is pleasant, the air is very fresh, and the spiritual energy is very rich. It is simply the best place to practice life.

Ye Feng couldn't help but sigh. Sure enough, no matter where they are, super geniuses and big shots with extraordinary talents always enjoy a better life.

For Ye Feng, entering this small world where direct disciples practice was mainly to get some advanced inheritance from the inheritance stone tablet.

In this case, you don't have to spend your hard-earned reward points to redeem powerful inheritance.

At that time, Ye Feng can go to the Pill Hall to exchange those reward points for more pills to improve his cultivation.

.

Thinking of this, Ye Feng suddenly became happy.

At this time, Luo Li brought Ye Feng to a certain palace in the small world of this personal disciple.

The entire palace is made of crystal and looks very beautiful.

Moreover, there are many different kinds of flowers planted on the grass surrounding the palace. There are hundreds of different flowers. The fragrance of the flowers makes people feel awake when they smell it, as if they are about to soar.

Luo Li smiled and said: "I usually practice here. This is where my master Baihua Fairy lives. My master should not have gone to the place where the inheritance stone tablet is. I will take you to meet my master first. "

Ye Feng immediately nodded and followed Luo Li into this beautiful crystal palace.

Almost the moment Ye Feng walked in, he immediately saw a beautiful woman who looked graceful and luxurious, wearing a pink palace dress, sitting on a lotus platform in the center of the crystal palace, meditating. .

She was surrounded by petals that were emitting light. She looked very beautiful, as if she had come to the legendary fairyland and saw the legendary fairy.

No wonder Luo Li's master is called the Fairy of Hundred Flowers. The inheritance she cultivates and her own temperament are very consistent with the "Fairy of Hundred Flowers".

Buzz!

At this time, the Flower Fairy opened her eyes.

Ye Feng was immediately able to sense a very unfathomable aura from this flower fairy.

This Baihua Fairy is definitely a big shot in the Wanjie Martial Arts Academy, and her cultivation strength is very terrifying.

Even though Ye Feng's current cultivation level has been raised to a very high level, he still feels very insignificant in front of such a big figure as the Baihua Fairy.

At this time, Luo Li immediately smiled and said loudly: "Master, the person beside me is the one I always follow.

Mr. Ye Feng you mentioned. "

Hearing what Luo Li said, the Flower Fairy smiled slightly, stood up from the lotus platform, and then flew in front of the two of them.

At this time, Baihua Fairy immediately stared at Ye Feng in front of her, and then said slowly: "I have heard of you in Luo Li for a long time. She said that your talent is very powerful, so I have always treated you... I am very interested and want to see if you are really as extraordinary as Luo Li said."

When Ye Feng heard Baihua Fairy say this, he couldn't help but shake his head and smile, and said, "I don't dare to take it seriously. Luo Li exaggerated my talent. I'm just an ordinary student." .?? .

"Mediocre?"

When Baihua Fairy heard what Ye Feng said, her eyes suddenly showed a look of surprise, as if she didn't expect that the young man in front of her was so humble.

As a big shot, Baihua Fairy could naturally see Ye Feng's extraordinary cultivation and terrifying strength at a glance.

Moreover, the life fluctuations emanating from Ye Feng's body were like an ancient evil beast, giving people a very frightening feeling.

And above Ye Feng's head, the Baihua Fairy could even see a faint auspicious light, which was really magical.

Out of respect for other people's privacy, Baihua Fairy did not investigate in depth.

But just based on the characteristics displayed on Ye Feng's surface, Baihua Fairy had already concluded that the boy in white in front of her was definitely extraordinary, not to mention that he had other hidden methods.

So at this time, after hearing Ye Feng say such humble words, Baihua Fairy's impression of Ye Feng became very good.

This is a young genius who is neither arrogant nor impetuous.

Fairy Baihua nodded slightly, then said with a smile: "Luo Li invited you here this time, probably also to go to the place where the inheritance stone tablet is, and to understand the inheritance in the inheritance stone tablet."

Ye Feng nodded and said loudly: "Luo Li told me about this, so I also want to try it."

Baihua Fairy immediately said: "You have extraordinary talent, you can really give it a try. After all, you are also

Although the students of the Ten Thousand Worlds Martial Arts Academy are not direct disciples, there will be no problem if I am here. Then you can follow me and Luo Li to sense the inheritance

stone tablet. If you can understand from the inheritance stone tablet What kind of very advanced inheritance, not only can you practice it yourself, but at the same time, it is equivalent to getting a powerful inheritance for the entire academy, and the upper management of the academy will also reward you. "

Hearing what Baihua Fairy said, Ye Feng immediately nodded, and then said, "Then let's go directly there now?"

Fairy Baihua said with a smile: "There are still two days until the inheritance stone tablet is opened. In these two days, you can follow Luo Li and take a look around my Baihua Temple. You can observe the entire group of direct disciples in advance. environment, maybe you will join our group in the future."

Ye Feng immediately nodded slightly and said loudly: "The environment here is indeed good."

Fairy Baihua said with a smile: "I only accept female apprentices, otherwise I will definitely accept you as my apprentice and let you live here."

When Ye Feng heard this, he couldn't help but smile dumbly and said, "Thank you, Senior Baihua, for your love."

After saying that, the Flower Fairy nodded slightly, then flew to the lotus platform not far away again, and began to meditate again.

Luo Li was very happy at this time and couldn't help but said to Ye Feng: "Master seems to be very satisfied with you and even allows you to live in our Baihua Temple. You know, male disciples are not allowed to enter here. of."

Ye Feng smiled and said, "Senior Baihua is indeed quite friendly to me."

Luo Li immediately pulled Ye Feng and walked in a certain direction around the Baihua Temple, and said loudly: "Ye Feng, let me take you to see Baihua Mountain in our Baihua Temple area first. My master There are many bright and beautiful flowers planted on Baihua Mountain. There are tens of thousands of species in total. The scenery is very beautiful. Moreover, on Baihua Mountain, all the flowers in Baihua Mountain will actively release the power of Baihua to help the creatures entering Baihua Mountain. Tempering the body is also of great benefit to practice. The reason why I can improve so quickly is because my master asked me to practice on Baihua Mountain every day

and absorb the natural energy of countless flowers in Baihua Mountain. My master was there at that time. Enlightened on Baihua Mountain."

Chapter 3792 Fight for you

Hearing what Luo Li said, Ye Feng's eyes revealed a hint of surprise.

It seems that Baihua Mountain is really a very magical place. It is actually the place where Baihua Fairy attained enlightenment. It must be very magical.

At this time, Ye Feng nodded immediately and followed Luo Li directly to a mountain next to Baihua Temple.

This mountain is floating in the air and looks very magical.

Ye Feng and Luo Li flew directly to the top, and Ye Feng immediately saw it. The mountains and plains were filled with colorful flowers.

Countless flowers grow on this mountain, giving people a very fresh feeling.

Buzz!

At this moment, Ye Feng took a deep breath and felt that his whole body had been sublimated, and his skills had increased a lot.

At this time, Luo Li immediately said with a smile: "Ye Feng, am I right? After entering Baihua Mountain, the natural power released by the countless flowers in Baihua Mountain will subtly temper your body and skills. "

Ye Feng immediately nodded, with a look of amazement in his eyes, and said loudly: "Each of these flowers is probably worth a lot of money outside, but I didn't expect that there are so many flowers growing on this mountain."

Luo Li immediately nodded and said aloud: "I heard from my master that after she succeeded in enlightenment, the power of heaven she received was able to give birth to so many precious flowers, turning this originally ordinary The mountain was directly transformed into a mountain with the creation of heaven and earth, which is very magical. "

When Ye Feng heard what Luo Li said, his eyes suddenly showed surprise, and he couldn't help but said: "What is your master's level of cultivation?"

Luo Li shook his head and said loudly: "I don't know much about this. Anyway, beings like my master are at the level of big shots in the entire Wanjie Martial Arts Academy. Anyway, they are very powerful. I don't know what realm they are. I don't know, but it should be that I haven't touched the realm of domination, and I am far away from the realm of domination.

There is still some distance to go. "

Ye Feng nodded slightly and said aloud: "The realm of domination is the strongest realm in the world. It is indeed very difficult to achieve. I have practiced until today, and I am still far away from the true realm of domination."

When he said this, Ye Feng couldn't help but sigh. He didn't know that it would take the monkey year and horse month to cultivate to the realm of dominance and compete with the Dark Yuan Zun.

At this moment, Luo Li seemed to see the helplessness in Ye Feng's eyes, and immediately stretched out her white little hand and grabbed Ye Feng's palm, as if she wanted to convey some warmth and support to Ye Feng.

Luo Li spoke slowly: "Ye Feng, you must not be discouraged. As long as you continue to work hard to practice, you will definitely be able to reach the strongest level in the future, because I believe that Ye Feng will definitely be able to cultivate your talent to the highest level." The strongest master."

Ye Feng looked at the beautiful girl in front of him, and immediately nodded slightly, with a warm smile on his face, and said loudly: "Thank you for your comfort."

When Luo Li saw Ye Feng's deep eyes and beautiful white face, she suddenly showed a trace of happiness and said aloud: "I have finally waited for this day."

Ye Feng couldn't help but froze when he heard this, and said, "Wait until this day? What do you mean?"

Luo Li's beautiful eyes flashed with splendor, and she said aloud: "Back then, I was just the eldest lady of an ordinary small family. I knew deeply that Ye Feng and I would only interact when we were doing tasks, but I didn't expect that God has given me such a great opportunity to be able to work side by side with you, Mr. Ye Feng. This is the luckiest thing in my life."

At this moment, Luo Li said, suddenly pulling Ye Feng to the top of Baihua's body, and then lying on the grass.

Looking at the blue sky of this small world, Luo Li had a happy and contented smile on her face, and said aloud: "I really wish time would stop at this second forever, and just talk to Ye Feng quietly like this, How nice it would be to look at the sky together."

At this moment, Ye Feng looked at Luo Li lying on the grass, and couldn't help but sit on the grass. Then he looked at the blue sky and said loudly: "I also hope to live a peaceful life, but I I am destined to go through ups and downs because the responsibility I bear is too heavy."

Luo Li knew that Ye Feng seemed to have a different kind of hostility towards the Dark Demon Cult and Dark Yuan Zun.

However, Luo Li also knew that if he could not fight against the Dark Demon Cult and the Dark Yuan Zun, then the entire world of origin and all the worlds would fall into endless darkness, and all living beings would be devastated and in dire straits.

Luo Li immediately said resolutely at this moment: "I have now become the ancient Luo Shen body of my ancestors. In the future, I will also work hard to practice and fight side by side with you, Ye Feng, against the evil force of the Dark Demon Sect."

At this time, Ye Feng looked at the beautiful girl next to him with a determined expression on her face, and immediately smiled and said, "Okay, let's fight side by side and fight for the whole world."

Luo Li suddenly smiled sweetly at this time and said loudly: "I am not fighting for the world, Ye Feng, I am fighting for you."

Hearing what Luo Li said, Ye Feng's eyes suddenly froze, as if he didn't expect that the beautiful girl in front of him would say such straightforward words.

Luo Li was stunned when she saw Ye Feng's face. Her beautiful little face suddenly showed a smile and said loudly: "Ye Feng, I used to have too low self-esteem and felt that I was not worthy. You, so I can't express my feelings. Now I am trying to be good, just to be able to match you and have the courage to say my feelings in front of you. I really like you."

"This..."

Ye Feng was completely stunned at this time.

He never expected that Luo Li would actually say such words, which were so straightforward that Ye Feng didn't know how to respond for a while.

At this time, seeing Ye Feng froze on the spot, Luo Li immediately said with a smile: "Ye Feng, don't be nervous, I was just joking. The most important thing for us now is to understand the inheritance stone tablet."

Ye Feng came back to his senses at this time, looked at the touching and beautiful girl in front of him, and immediately nodded slightly, his eyes twinkling, and said loudly: "Yes, I hope that this time I can understand the advanced inheritance in the inheritance stone tablet. In this case, I don't have to spend reward points to exchange for inheritance at the Heritage Temple. I can just keep those reward points and go to the Elixir Palace to exchange for more elixirs to improve my cultivation."

Hearing what Ye Feng said, Luo Li had a look of surprise in his eyes, and couldn't help but ask: "Ye Feng, do you always practice by swallowing pills? I heard from the master that you can always use pills to practice. If you improve your cultivation level, you will leave hidden dangers in your cultivation, which will make your realm very unstable, and may even lead to obsession, thus affecting the upper limit of your cultivation level. For example, you can originally cultivate to an intermediate master, but if you are unable to do so in the early stage because of swallowing elixirs to forcibly improve your cultivation will most likely destroy your talent foundation, and you will eventually only be able to cultivate to a junior master, and will no longer be able to cultivate to an intermediate master."

Hearing what Luo Li said, Ye Feng immediately smiled and said, "I'm different from others. I don't have any hidden dangers at all, and my martial arts foundation is very solid."

Hearing what Ye Feng said, Luo Li's beautiful eyes suddenly showed a look of surprise. Then she seemed to have thought of something, and immediately smiled mysteriously and said: "Ye Feng,

follow me. If you swallow the pill, you will improve." If there are no hidden dangers in your cultivation, then I know a good place where you can get a lot of pills to swallow for free."

#### Chapter 3793 Waste

At this moment, when Ye Feng heard what Luo Li said, there was a hint of surprise in his eyes, as if he didn't expect Luo Li to say such a thing.

Ye Feng couldn't help but asked with some expectation: "What kind of place is this place you mentioned? It can actually allow me to get a lot of pills for free. Isn't it a bit unrealistic?"

Luo Li smiled at this time and said aloud: "In the small world where our direct disciples live, there is a place dedicated to refining elixirs for our direct disciples to assist our cultivation. But as you know, Ye Feng, refining The elixir cannot be successful in one go. It is very likely that a more powerful elixir will be refined. This elixir cannot be taken directly by direct disciples because it may cause serious side effects. Therefore, due to some accidents, the potency of the elixir will be reduced. After the ferocious elixirs were refined, they were specially piled up in the alchemy room. No one usually used them, and they were basically abandoned. However, these elixirs must be very precious if they can be used by our direct disciples. "Senior Ye Feng, if you swallow the pills without any side effects or troubles, you may be able to eat these powerful pills directly, which will definitely help you improve your cultivation."

"Um?"

Hearing what Luo Li said, Ye Feng's eyes suddenly lit up and he immediately said: "That's right, my body is like a big melting pot. The powerful pill has a huge impact on me." It works, because the more powerful the medicine is, the greater the energy in the elixir is, which is of great benefit to me. "

Hearing what Ye Feng said, Luo Li immediately nodded, and left Baihua Mountain with Ye Feng, flying quickly towards a certain direction of the small world where his direct disciple lived.

Soon they flew to a deserted area.

There are no buildings around here, but there is a huge alchemy furnace standing on the ground in the distance.

Under this alchemy furnace, the fire of heaven and earth is still burning.

At this moment, several alchemy boys wearing alchemy boy clothes were standing in that place, guarding the alchemy furnace.

After Luo Li came over, these alchemy boys immediately said respectfully: "My dear disciple, what do you want to do here?"

Luo Li smiled slightly and said aloud: "I need those powerful elixirs that you abandoned."

Hearing what Luo Li said, these alchemy boys immediately showed surprise in their eyes.

Colorful, he couldn't help but remind him: "Lord Dan has already ordered those powerful elixirs, and they cannot be given to anyone for use. Otherwise, they will have side effects and destroy a super genius." Fundamental."

Hearing what these alchemy boys said, Luo Li immediately smiled and said, "Don't worry, those powerful elixirs are not used by me for cultivation, but have other uses."

Hearing what Luo Li said, these alchemy boys could only nod their heads, and then directly took out a whole box of pills from a small house not far away.

After the box was opened, it actually contained thousands of elixirs, all of which emitted different lights and had a fragrant aroma.

But these elixirs can give people a very scary feeling, because these elixirs are all due to errors in elixir refining, or too much of a certain material is added, and the potency is too sufficient, so the side effects are very serious, and they cannot be used for normal practice. They are used by readers, so they are collected here because it would be a pity to just throw them away.

Sometimes they are also fed to some monster beasts kept in captivity in the Ten Thousand Realms Martial Arts Academy. After all, some monster beasts from heaven and earth have rough skin and thick flesh, and there is no harm in eating these powerful elixirs.

At this time, Ye Feng stared at the box of pills, with a look of astonishment in his eyes.

Unexpectedly, this box contained all kinds of powerful elixirs.

Moreover, Ye Feng could sense sufficient medicinal power from these elixirs.

These elixirs are indeed much more powerful than ordinary elixirs.

But Ye Feng is not afraid at all.

After all, Ye Feng possesses the Devouring Domain, and his body is like a melting pot, which can accommodate various attributes of power. All kinds of violent medicinal power can be directly absorbed by Ye Feng.

So at this time, Ye Feng didn't hesitate at all. He stretched out his hand and took all the powerful pills in his hands.

At this moment, Luo Li said very happily: "Ye Feng, after you swallow all the pills, your cultivation will definitely improve a lot."

Ye Feng immediately nodded.

, there was also a hint of joy in his eyes.

I didn't expect that in this small world of direct disciples, I would be able to get such a chance.

You know, this box of elixirs is probably the elixirs accumulated in this alchemy room for many years.

The waste products that others didn't need turned into treasures of greater value in Ye Feng's case.

This is entirely due to Ye Feng's devouring ability and Ye Feng's melting pot-like physique.

At this time, Ye Feng and Luo Li left here directly.

Ye Feng wanted to return to the Baihua Temple area quickly and swallow all the powerful pills in this box without being disturbed. This would definitely increase his power a lot.

But the moment the two of them turned around, several young men wearing noble clothes appeared.

The leader was a man in a golden robe. The cultivation aura on his body was very terrifying. It was actually a whole realm higher than Ye Feng's current level one of the Divine Realm.

It is a powerful existence at the Dao Shaping Realm level above the Divine Realm Realm.

This made Ye Feng's eyes show surprise.

Sure enough, this is the place where the direct disciples of the Wanjie Martial Arts Academy live. The geniuses who practice here are very terrifying.

However, Ye Feng was not afraid, after all, he was just a level higher than himself.

Perhaps in the eyes of others, geniuses at the Tao Shaping Realm level are the top beings.

But in Ye Feng's eyes now, it actually doesn't matter, it's not a big deal.

At this time, the young man in the golden robe who was leading him instantly spotted Ye Feng and Luo Li, especially Luo Li holding Ye Feng's hand. An extreme anger suddenly appeared in the depths of his eyes. .

However, this young man in golden robe hid his anger very well, and said with a smile: "Junior Sister Luo Li, I wonder who the young man next to you is? It doesn't seem to be from our small world. The direct disciple in the school should be just a very ordinary student. He directly entered the small world of our direct disciples, but it was against the rules, because he was not qualified to come here, or even to breathe in our small world. "

When Luo Li heard what the man in gold robe said, she immediately

He said aloud: "This is my best friend, Ye Feng. My master Baihua Fairy has already said that this time Ye Feng can enter the small world and participate in the ceremony of the inheritance stone tablet to understand the inheritance skills in the inheritance stone tablet." Fa, Senior Brother Wan, I

hope you won't be sarcastic when you speak, and look down on my friend, who is also very talented."

Hearing what Luo Li said, the young man in gold robe named Senior Brother Wan immediately smiled slightly, and then said with a tone of disdain, "Are ordinary students like this also qualified to inherit the stone tablet and participate in the ceremony? I don't know, Senior Baihua Fairy" What do you think, letting such an ordinary boy touch the inheritance stone is simply insulting the inheritance stone. "

"Hahaha!"

After Senior Brother Wan finished speaking, several other direct disciples following him couldn't help laughing loudly, their voices full of sarcasm and disdain.

Because in their eyes, ordinary geniuses like Ye Feng who came from outside the Wanjie Martial Arts Academy had no comparison with them.

Senior Brother Wan even sent his personal disciples to assassinate Ye Feng while Ye Feng was on a mission.

But when the last few direct disciples were lurking in the primeval forest of the orc interface, they encountered a terrifying beast tide and were killed by the beast tide, causing Senior Brother Wan's assassination plan to fail.

When Senior Brother Wan was about to assassinate Ye Feng himself, he discovered that Ye Feng had already returned from completing his mission.

In the Wanjie Martial Arts Academy, there is naturally no way to fight and kill, because there are rules in the academy that prohibit life-or-death fights.

So now Senior Brother Wan can only use the provocation method to make Ye Feng unable to resist taking action, and then "miss" to destroy Ye Feng without killing him.

"you....."

At this time, when Luo Li saw this group of direct disciples ridiculing Ye Feng like this, she immediately became very angry and wanted to refute something.

But at this time, Ye Feng stopped Luo Li's words, then slowly stood in front, stared at the mocking disciples, smiled faintly, and said aloud: "You say I am mediocre, right? Then you guys Do you dare to fight me? I will beat you until you kneel on the ground and call me grandpa."

"presumptuous!"

"Arrogant!"

Almost as soon as Ye Feng finished speaking, these direct disciples immediately became furious.

Chapter 3794 He made a mistake

At this time, looking at the angry expressions of the direct disciples in front of him, Ye Feng showed a cold smile in his eyes.

Ye Feng actually understood a long time ago that this group of direct disciples suddenly came here, especially Senior Brother Wan who deliberately said derogatory words to himself just to anger him.

Ye Feng saw through it at a glance. This senior brother Wan must have been targeting him for a long time. He came here deliberately this time just to provoke him to take action.

If it were Ye Feng from before, he might have tolerated it for a while.

But this time he went out to do three tasks, and Ye Feng got an unparalleled opportunity. His cultivation skills improved, and he also had many methods.

So at this time, Ye Feng simply followed the wishes of Senior Brother Wan and directly said some provocative words.

Because this Senior Brother Wan seemed to want to provoke him to take action, so as to fight against him, and it was very likely that he wanted to destroy himself.

But Ye Feng doesn't want to kill these so-called personal disciples who are so chatty.

At this time, after Ye Feng said such provocative words, Senior Brother Wan showed a scheming smile on his lips, as if he felt that his plan was successful.

Little did he know that his plan had long been seen through by Ye Feng.

Ye Feng is just stronger now and is not afraid of any provocation at all.

At this time, Senior Brother Wan immediately looked at the several direct disciples beside him and said loudly: "This mediocre boy dares to challenge the majesty of our direct disciples, and also said such arrogant words, then you should teach him a lesson This guy."

"Yes, Senior Brother Wan."

At this time, among the several direct disciples around him, a young man with a spear in his hand suddenly walked out.

The young man with the spear immediately spoke out: "Senior Brother Wan, don't worry, I will definitely let this kid know what awe is?"

boom!

After finishing speaking, the young man with the spear suddenly burst out with an extremely powerful aura of cultivation.

That was surprisingly the same as Ye Feng's current cultivation level, a being at the level of the God's Realm, but a strong man at the sixth level of the God's Realm.

\u003c

br\u003e It has to be said that the foundation of Wanjie Martial Arts Academy is very profound. These direct disciples deserve to be able to enjoy such good training resources. Their cultivation strength is very strong.

At this time, the young man with the spear rushed in front of Ye Feng and wanted to kill Ye Feng.

Although it is expressly prohibited in the Ten Thousand Worlds Martial Arts Academy to live and die against each other, sometimes the grudges cannot be resolved, and the two sides will naturally use some means, such as suddenly "missing" in the battle and destroying the other party. As long as they do not If the other party is killed, it is not considered a violation of the rules.

At this time, Senior Brother Wan asked this young man with a spear to take action, naturally to destroy Ye Feng.

At this moment, Luo Li seemed a little worried because she didn't know Ye Feng's true combat power.

But Luo Li knows very well that these direct disciples living in this small world are all disciples of big figures. They are naturally very terrifying, their fighting power is amazing, and they have learned many powerful things that ordinary students outside have no access to. inheritance, so the combat effectiveness is very powerful.

Luo Li was afraid that Ye Feng wouldn't be able to deal with him. At this time, Luo Li stood directly in front of Ye Feng, trying to defend Ye Feng from murderous intent.

Uh-huh!

However, Ye Feng suddenly took Luo Li's little hand at this time, then smiled slightly and said very calmly: "Don't worry, just stand aside and watch my performance."

After saying that, Ye Feng asked Luo Li to stand beside him, and then faced the young man with the spear alone.

This young man with a spear is a very good super genius. If he were outside, he would be extremely powerful and invincible.

But in front of Ye Feng, he seemed very mediocre.

But the young man with the spear didn't know what Ye Feng was thinking. He thought Ye Feng was afraid, so he stood still.

The young man with the spear immediately held the spear in his hand, emitting a terrifying divine light, and charged directly towards Ye Feng.

Go, there was a sarcastic smile in his eyes, and he said loudly: "A humble boy dares to steal a woman from our senior brother Wan. He really doesn't know how to live or die. Today I will directly destroy you and make you a mortal." Suffer endless pain to let you know the cruel consequences of going against our distinguished direct disciples."

Boom!

But suddenly at this moment, Ye Feng suddenly stretched out a hand.

At this moment, Ye Feng just stretched out a hand casually, and this hand suddenly turned into a big golden hand.

Ye Feng instantly activated the Overlord Immortal Golden Body and released the power of the Hongmeng Immortal Body. He suddenly grabbed the weapon in the hands of the young man with the spear.

The young man with the spear wanted to break free, but the spear in his hand did not move at all, and he could not pull the spear out of Ye Feng's palm.

"How powerful is this?"

This made the young man with the spear immediately look horrified in his eyes, and couldn't help but say: "How can you have such a strong power? Aren't you a very ordinary student outside?"

When Ye Feng heard this young man with a spear say this, he immediately grinned and said loudly: "Who told you that I am just an ordinary student? Is it your senior brother Wan? Then I can only say that he is mistaken. ."??.

Boom!

Almost at this moment, Ye Feng immediately burst out with his terrifying body strength.

Ye Feng didn't need to release any inheritance at all. He just waved his big golden hand and struck down like a golden mountain. There was a "click" and the spear in his hand was shattered.

boom! !

Then the big golden hand covered the body of the young man with the spear, and directly beat the young man to pieces, killing him instantly.

"What??"

Seeing this scene, the other direct disciples' eyes widened suddenly, as if they couldn't believe what they were seeing.

Because Ye Feng didn't seem to release any powerful moves at all, just a

He easily crushed the young man with the spear with one hand, causing the other direct disciples to feel extremely frightened.

At this time, Senior Brother Wan's originally proud face suddenly turned gloomy.

boom!

He immediately burst out with a terrifying Dao Shaping Realm level cultivation aura, like a vast ocean, covering Ye Feng, and said loudly: "Ye Feng! You are so brave! How dare you kill us? My direct disciple in the small world! I will destroy you directly."

Boom!

The moment Senior Brother Wan finished speaking, he immediately rushed towards Ye Feng.

Golden giant spirit!

At this moment, a huge golden giant spirit rose up from Senior Brother Wan's body, filled with unparalleled power, and headed towards Ye Fengzhen to kill him.

The Sky Swallowing Python Technique!

At this moment, Ye Feng did not hesitate and directly released his most powerful inheritance.

But Ye Feng's body suddenly erupted with a black python that was hundreds of thousands of meters long. The scarlet light in his eyes dyed the whole world red. It was very weird and terrifying, and it suddenly killed Senior Brother Wan. The golden giant spirit on his body was directly shattered.

Then Ye Feng used his unparalleled momentum to blast Senior Brother Wan through the body with one fist.

"ah!!\

,"Senior Brother Wan immediately let out an earth-shattering scream.

His extremely powerful cultivation was a whole level higher than that of Ye Feng, but he could not withstand Ye Feng's fierce fighting power. He was directly punched through the body and suffered serious injuries. In an instant, he fell hard not far away. On the ground, a large piece of ground was smashed.

Senior Brother Wan was vomiting blood at this time, staring at Ye Feng, who was as ferocious as a god and a demon not far away, and immediately couldn't help shouting in horror: "How can a boy like you improve your cultivation so fast? When I sent people to assassinate you, you were just an ordinary student who had just joined our Wanjie Martial Arts Academy. How could you become so terrifying and powerful in such a short period of time? "This is impossible!"

Chapter 3795 Golden Light Dharma King

At this time, Senior Brother Wan screamed in fear, his eyes full of disbelief.

Because he never imagined that the ant in his eyes a few months ago would transform into a peerless strongman in just a few months.

It was really hard for Senior Brother Wan to accept this fact for a while.

"Ah! Impossible!!!"

At this time, Senior Brother Wan was screaming in pain and making an incredible sound.

But at this moment, Ye Feng's eyes were very cold, and without any hesitation, he came in front of Senior Brother Wan in an instant, stretched out a foot, stepped on Senior Brother Wan's head in the soil, and said : "From the moment you tried to harm me, you were destined to have such a tragic end."

After finishing speaking, Senior Brother Wan immediately shouted angrily: "You are so rude to me, and you stepped on my head in the dirt. Do you know that you are unforgiving?"

Hearing what Senior Brother Wan said, Ye Feng immediately grinned, with a ruthless look in his eyes, and stepped harder, directly stepping on Senior Brother Wan's head into the soil and burying it directly into the soil.

If it weren't for Senior Brother Wan's strong cultivation and amazing bones, he would have had his head crushed by Ye Feng's foot.

Uh-huh!

At this time, Luo Li suddenly flew over from not far away and said with some worry: "Ye Feng, I know you are very powerful, but this Senior Brother Wan has a very high status and is a big shot in the small world of our direct disciples." The disciple of King Jinguang. This King Jinguang is very powerful. His strength is comparable to that of my master Baihua Fairy. He is the top figure in our Wanjie Martial Arts Academy. If you kill this Brother Wan, it is very likely that Jinguang will be triggered. The Dharma King's desire to kill will cause trouble then."

Hearing what Luo Li said, Ye Feng's eyes flashed slightly, as if he wanted to put away his feet.

But suddenly at this moment, Senior Brother Wan at his feet roared: "Ye Feng, Ye Feng! You dare to step on my head. No matter how powerful you are, I will definitely let my master cut you into pieces." "

Boom!

Almost at the moment when Senior Brother Wan finished speaking, Ye Feng suddenly gave a strong kick and directly crushed Senior Brother Wan's head, staining the ground red.

"this!"

When Luo Li saw this scene, she immediately covered her mouth, as if she was shocked.

At this time, Ye Feng smiled coldly: "You are about to die and you still dare to speak harshly. Then I will send you to the west."

After finishing speaking, Ye Feng looked directly at the other two direct disciples who were stunned not far away, and said loudly: "You can't escape either."

Boom!

At this moment, Ye Feng immediately stretched out a hand and grabbed the two direct disciples.

golden big

The hand, like a golden mountain, pressed down suddenly, crushing a direct disciple into pieces.

Click!

At the next moment, another direct disciple crushed a spiritual talisman and teleported to a distance.

Seeing this scene, Ye Feng had a look of surprise in his eyes, as if he didn't expect that this direct disciple actually possessed a very powerful space shuttle magic weapon.

But it's of no use.

Ye Feng instantly released his entire 20 million-level huge soul power, and released the Revenge Soul Spear in one fell swoop.

Uh-huh!

A battle spear in the state of soul suddenly burst out of Ye Feng's mind, instantly piercing the soul of the disciple who had fled far away.

The direct disciple didn't even let out a scream. He fell from the sky with a "bang" and couldn't die anymore.

In an instant, Ye Feng killed four of his direct disciples, including Senior Brother Wan, the top direct disciple.

This terrifying strength shocked Luo Li for ten thousand years!

Luo Li never thought that Ye Feng had such terrifying fighting power, it was really terrifying.

At this moment, Luo Li was stunned by the scene in front of her.

"Oops!"

Then Luo Li suddenly came back to her senses, and immediately pulled Ye Feng and said loudly: "Ye Feng, hurry back to Baihua Temple, I will let the master protect you, otherwise Senior Brother Wan's master Jinguang Dharma King will definitely I want to kill you completely."

Ye Feng immediately nodded, and then released the devouring domain in an instant, devouring all the direct disciples present.

Ye Feng's cultivation suddenly broke through from the first level of the Divine Realm to the fourth level of the Divine Realm!

I have to say that these direct disciples are still very powerful, and they have greatly improved Ye Feng's cultivation.

Next, Luo Li immediately took Ye Feng back to the Baihua Temple and lived there temporarily.

And in the early morning of the next day, suddenly a stalwart man, emitting thousands of feet of golden light, descended into the sky above the Hundred Flowers Temple.

The man directly stretched out a big hand made of golden light and quickly grabbed it in a certain direction of the Hundred Flowers Temple.

"boom!"

But at this moment, thousands of petals suddenly burst out from the Hundred Flowers Temple, forming a petal barrier that blocked the big hand made of golden light.

This stalwart man with golden light all over his body

, and immediately said coldly: "Fairy Baihua, I'm here to arrest the culprit who killed my apprentice. Do you want to protect that boy?"

This stalwart man with golden light all over his body is none other than Senior Brother Wan's master, the King of Golden Light. He is a top senior and a big shot existence in the small world of direct disciples.

At this moment, the graceful and beautiful figure of the Flower Fairy floated out from the Flower Temple, surrounded by thousands of petals, making her look holy and beautiful.

At this time, Baihua Fairy's face showed no change in expression, she just said very calmly: "I don't know who killed your apprentice, I only know that you are breaking into my Baihua Temple at this moment, if you dare Continue to attack, then we will fight. I want to see if my Hundred Flowers Domain can block the ancient golden light Dharma King you have cultivated. "

Hearing what Baihua Fairy said, the Golden Light Dharma King's face suddenly showed a trace of anger.

But King Jinguang also seems to know that Baihua Fairy is very difficult to mess with, and she is on the same level as him.

If the two of them fight, they will both lose and no one will be pleased.

Jinguang Dharma King has many disciples, and he is not willing to conflict with a super powerful person like Baihua Fairy because of Senior Brother Wan.

At this moment, the Golden Light Dharma King directly bypassed the Baihua Fairy, looked towards a certain area of the Baihua Temple, and said loudly: "I already know your identity and name, your name is Ye Feng, do you dare to kill me?" My apprentice, if you ignore the rules of the entire academy, I will let the Law Enforcement Hall come to arrest you personally, and then Baihua Fairy will not be able to protect you. "

Buzz!

After saying that, the Golden Light Dharma King immediately retreated.

At this moment, in the Baihua Temple, Luo Li stood beside Ye Feng, looking at the Golden Light Dharma King retreating outside, and said with some worry: "Master, he can indeed resist the Jinguang Dharma King's murderous intention towards you, but he cannot. Block the Law Enforcement Hall, because the Law Enforcement Hall is the most authoritative institution of our Wanjie Martial Arts Academy."

When Ye Feng heard what Luo Li said, he immediately smiled and said: "If it doesn't work, I will go with the people from the Law Enforcement Hall. If the Golden Light Dharma King deals with me, I will definitely die, but if I After a trip to the Law Enforcement Hall, the most I can do is to be imprisoned in the prison of the Wanjie Martial Arts Academy. After all, I did kill Senior Brother Wan and violated the rules of the entire academy. I admit this, but I will give it to you based on the facts. In my own defense, I acted in complete self-defense."

Hearing what Ye Feng said, Luo Li's beautiful eyes suddenly showed deep worry.

After all, what Ye Feng killed was not an ordinary student, but a top disciple like Senior Brother Wan.

This time it's really serious

.

Uh-huh!

At this time, the Baihua Fairy came to Ye Feng and Luo Li. The Baihua Fairy looked at Ye Feng and said: "Although I can resist the Golden Light Dharma King for you, the Law Enforcement Hall of our Ten Thousand Realms Martial Arts Academy, I But it can't be stopped."

Ye Feng immediately clasped his fists and said: "Senior Baihua has tried his best. Thank you to Senior Baihua for resisting the murderous intention of King Jinguang. As for the people from the Law Enforcement Hall, if they want to come, then I will go with them. I will Tell me all the facts clearly. Senior Brother Wan wanted to send someone to assassinate me before, and now he wants to destroy me in person. I was just acting in self-defense."

Hearing what Ye Feng said, Baihua Fairy sighed and said: "The reality is not as simple as you think. If the people from the Law Enforcement Hall really come to take you away, the Golden Light Dharma King will definitely cause trouble behind your back. At that time, he will definitely contact the big shots in the law enforcement hall, deny all your excuses, and put you in jail, and then you will never see the light of day."

Hearing what Baihua Fairy said, Ye Feng suddenly showed a cold smile in his eyes, and said loudly: "If that is really the case, then don't blame me, I will directly rebel against the entire Wanjie Martial Arts Academy. I want to leave, but no one can keep me, not even the Lord."

Hearing Ye Feng's firm words, Baihua Fairy didn't say anything more and just sighed.

At this time, she also knew Ye Feng's unparalleled talent and terrifyingly powerful fighting power.

If such a person really rebels against the entire academy, it will really be a huge loss to the academy.

After all, Baihua Fairy has never seen a super genius as powerful as Ye Feng. A top disciple like Senior Brother Lian Wan was killed by Ye Feng in just a few strokes. This is enough to show that Ye Feng's qualifications are probably a shame to the whole world. The so-called direct disciple group is likely to be the young genius with the greatest potential in the Ten Thousand Worlds Martial Arts Academy in its tens of thousands of years.

Thinking of this, the Baihua Fairy suddenly said: "Luo Li, you and Ye Feng will stay in my Baihua Temple for now. Even the Golden Light Dharma King will not dare to continue to invade. I will go outside the small world now." I want to have a chat with the upper management of Wanjie Martial Arts Academy."

After saying that, the Flower Fairy disappeared directly.

At this time, Luo Li said aloud: "I hope Master can say some kind words to Ye Feng."

Ye Feng laughed at this time and said: "Don't worry, I won't die. If the law enforcement team is really fair and just, then they will not try my crimes, because it was Senior Brother Wan who wanted to assassinate me in advance and in person. If they want to destroy me, if the Law Enforcement Hall really colludes with King Jinguang and wants to kill me, then I will most likely be sentenced to the Ten Thousand Realms Martial Arts Academy. The world is so big that I will always have a place to go."

Chapter 3796: The merit is equal to the fault

At this moment, when Luo Li heard what Ye Feng said, there was a hint of worry in her eyes.

Luo Li didn't want Ye Feng to leave the Ten Thousand Realms Martial Arts Academy just like that, because the reason why Luo Li entered the Ten Thousand Realms Martial Arts Academy was just to be with Ye Feng.

Therefore, Luo Li does not want Ye Feng to leave the Wanjie Martial Arts Academy.

At this time, Luo Li seemed to have made up her mind. She suddenly stared at Ye Feng in front of her, with a very determined look in her beautiful eyes, and said loudly: "Ye Feng, if you are really ready to betray the world, If you want to go to the Martial Arts Academy, I will go with you then."

Hearing what Luo Li said, Ye Feng's eyes suddenly froze. He stared at the beautiful girl with a cold temperament in front of him, and something seemed to be touched in his heart.

Then Ye Feng smiled, couldn't help stroking Luo Li's black hair in front of him, and said loudly: "It shouldn't be so serious. I believe that the Wanjie Martial Arts Academy is not a large sect or a large school where super strong people can cover the sky with one hand. In my family, a man like Dean Tianshu, who is an eternal wonder, created the entire Ten Thousand Realms Martial Arts Academy in order to give all geniuses a fair and just place to practice without so much intrigue. I believe that the Law Enforcement Hall of the Ten Thousand Realms Martial Arts Academy will It will not become a power field for superpowers."

Hearing what Ye Feng said, Luo Li immediately nodded, then stretched out her white little hand, grabbed Ye Feng's palm, and said loudly: "Anyway, I will always be with you Ye Feng, where are you going?" , I will follow you wherever you go."

Hearing what Luo Li said in front of him, Ye Feng couldn't help but sigh in his heart. She is really a silly girl.

Ye Feng couldn't help but said: "It's not worth giving up your great future for me."

Luo Li immediately grabbed Ye Feng's hand, stared at Ye Feng with her dark and beautiful eyes, and said very firmly and seriously: "It's worth it! I don't want a bright future, I just want to be with you Ye Feng."

Seeing the firm and serious look on Luo Li's face in front of him, Ye Feng sighed, with a smile on his face and said, "Now let's wait for the results."

After saying that, Ye Feng directly took out the box of extremely powerful elixirs from the storage ring, and then directly released the Devouring Domain, covering the box of elixirs.

At this time, Luo Li saw this scene beside him, his eyes were very curious.

This was the first time she saw Ye Feng display this magical swallowing ability.

Buzz!

At this moment, a dark vortex suddenly emitted from Ye Feng's body, covering the entire box.

Then Luo Li was surprised to find that the pills in the box were slowly decomposing into streams of medicinal power, which were absorbed into Ye Feng's body and were rapidly increasing Ye Feng's power.

"boom!"

The fifth level of the divine realm!

"boom!"

The sixth level of the divine realm!

"boom!"

The seventh heaven of the divine realm! !

At this time, Ye Feng's cultivation level directly broke through the third level of heaven, which made Ye Feng's eyes show a hint of joy.

Unexpectedly, the potency of this box of pills was indeed very powerful, and it allowed me to achieve so many breakthroughs at once, which was a huge improvement.

At this time, Luo Li, who was standing aside, witnessed the whole process. His eyes were very surprised and he said loudly: "Ye Feng, I didn't expect that your swallowing ability is so magical. You can directly give the medicinal power of these pills to absorb and extract, then

Inject it into your body to increase your power. No wonder you don't have any side effects at all, because you only absorbed all the beneficial medicinal power in the elixir, but did not absorb other impurities. "

Hearing what Luo Li said, Ye Feng smiled slightly and said, "Actually, I can also completely digest those impurities, but I'm just too lazy to absorb them."

After saying that, Ye Feng suddenly looked in a certain direction and saw the Flower Fairy not far away suddenly coming back and landing in front of the two of them.

At this time, Baihua Fairy looked very calm and said slowly: "Ye Feng, I have already talked with the upper management of our Wanjie Martial Arts Academy. The Law Enforcement Hall should not be biased and will definitely give a fair trial. This one thing."

When Ye Feng heard what Baihua Fairy said, he immediately nodded and said, "Okay, I understand."

Fairy Baihua spoke up at this time: "Even if the Law Enforcement Hall is fair and impartial, you secretly killed Senior Brother Wan and three other direct disciples this time, and it is very likely that you will be caught in the prison of our Wanjie Martial Arts Academy. , but as long as you can prove your super potential in this inheritance stone ceremony, then the upper management of the college may absolve you of all crimes, which can be regarded as a little privilege I have won for you."

Hearing what Baihua Fairy said, Ye Feng's eyes flashed slightly, and then he said, "How should I prove my potential in the inheritance stone tablet ceremony?"

Baihua Fairy said slowly: "If you want to prove your potential, it is actually very simple. That is to comprehend the advanced and powerful inheritance from the inheritance stone tablet. It can be considered as a contribution to the academy, and you can offset the merit."

Hearing what Baihua Fairy said, Luo Li laughed very happily and said loudly: "With Ye Feng's talent, there must be no problem."

\u003c

br\u003e Fairy Baihua shook her head and said aloud: "The inheritance stone tablet is the most magical thing in our entire Ten Thousand Realms Martial Arts Academy. Even top experts like us cannot fully analyze all the inheritance in the inheritance stone tablet. After coming out, we can only rely on the continuous flow of geniuses and inheritance stone tablets to interact with each other, and then guide out powerful inheritances one by one to fill the secrets of the secrets of the inheritance temple of our Ten Thousand Realms Martial Arts Academy. So this time, the upper levels of the academy want Ye Feng to Extracting as many inheritance secrets as possible from the inheritance stone can be regarded as a contribution to the entire academy, so that the merit can be offset. "

Ye Feng suddenly said at this time: "I know, I will definitely do my best when the time comes."

When Baihua Fairy heard what Ye Feng said, she immediately nodded and said: "Tomorrow is the opening ceremony of the inheritance stone tablet. I will take you and Luo Li there to participate, but you must follow me closely. Prevent the Golden Light Dharma King from secretly attacking you and killing you. After all, I know the character of this Golden Light Dharma King. Although he is very powerful, he does not have any senior demeanor at all. He likes to carry out sneak attacks and will use any means to achieve his goals. "

Ye Feng immediately nodded, then with a cold look in his eyes, he said, "One day, I will twist off the head of this Golden Light Dharma King."

Hearing Ye Feng's fierce words, even Baihua Fairy couldn't help but look at Ye Feng in surprise.

After all, Ye Feng's current cultivation level is still far from being a super strong person like Jinguang Dharma King.

I didn't expect Ye Feng to be so courageous and dare to say such words.

However, Baihuaxian thought of Ye Feng's fierce fighting power, and suddenly felt that maybe Jinguang Dharma King would really have his head wrenched off by Ye Feng in the future... That would be pretty good.

Chapter 3797 You think highly of me too much

In the early morning of the next day, Baihua Fairy took Ye Feng and Luo Li and left Baihua Temple directly, flying quickly towards the middle area of the small world where the direct disciples lived and practiced.

When they came to the middle area of this small world, Ye Feng immediately saw a huge circular arena-like building appearing here.

The auditorium in this circular arena was already full of people.

Obviously, these are all direct disciples and big figures in the small world.

At this time, Ye Feng immediately felt a very cold gaze, looking towards him.

Ye Feng immediately looked over with this cold gaze, and immediately saw that Senior Brother Wan's master, Jinguang Dharma King, a big shot in this small world, was staring at him with a pair of eyes that could eat people up. Himself, it makes people shudder.

However, facing the murderous gaze of King Jinguang at this time, Ye Feng just grinned and seemed not to care at all.

"Arrogant boy..."

This made King Jinguang's face suddenly turn very pale.

Originally, he wanted to threaten Ye Feng, but he didn't expect that Ye Feng actually responded with a grin, making King Jinguang's expression extremely gloomy in an instant.

"This kid is really arrogant!"

However, King Jinguang just smiled coldly and said nothing more, because he also knew the result of Ye Feng's punishment.

As long as Ye Feng cannot extract many high-level inheritances from the inheritance stone today, he will be thrown into prison.

In the prison, Jinguang Dharma King had the opportunity to secretly kill Ye Feng.

Jinguang Dharma King does not believe that Ye Feng can really draw out many high-level inheritances from the inheritance stone tablet.

After all, even a peerless figure like Jinguang Dharma King was unable to extract a large number of high-level inheritance from the inheritance stone tablet.

Two or three sets were brought out.

But now the standard given to Ye Feng by the upper levels of the academy is to attract at least five sets of powerful super inheritances.

At this time, Baihua Fairy took Ye Feng and Luo Li to an auditorium seat next to the circular arena, and the three of them sat down directly.

At this time, an old man wearing plain white clothes appeared in the central area of the circular arena.

The old man in white looked at everyone in the audience, immediately smiled, and said loudly: "The inheritance stone is only opened once every few hundred years. This time it is opened in advance so that all super geniuses can get a powerful inheritance and go to destroy it. The dark demon sect has a conspiracy plan in the boundless desert, so everyone should cherish this

opportunity to open the inheritance stele in advance, because the next time may have to wait hundreds of years. I hope everyone can do their best to learn from the inheritance stele. The more ancient high-level inheritances you can inherit, it will not only be beneficial to you, but the higher-ups of the college will also reward you for your contribution."

At this moment, after the old man in white finished speaking, all the direct disciples present showed deep anticipation in their eyes.

Because everyone knows that the inheritance stone tablet is the most magical thing in the Wanjie Martial Arts Academy.

It contains countless ancient and advanced inheritances.

At this time, Ye Feng also showed a trace of expectation in his eyes.

After all, Ye Feng now wants to outdo his merits, so he naturally attaches great importance to the inheritance stone tablet.

And the more high-level inheritances you can bring out, the more beneficial it will be to you.

At this time, the Baihua Fairy sitting next to her suddenly spoke to Ye Feng and said: "Ye Feng, the final request of the upper management of the college is to derive five sets of inheritance from this inheritance stone tablet, because only in this way can we provide the college with Do

In addition to making a huge contribution, it can also prove your talent. "

When Ye Feng heard this, his eyes flashed slightly and he asked: "How many ancient inheritances can an average direct disciple receive from the inheritance stone tablet?"

Fairy Baihua said: "I'm afraid ordinary direct disciples can't draw out one set of inheritance. A more powerful direct disciple can draw out a set of ancient inheritance. The top direct disciples can usually draw out two. Yes, I introduced three sets of ancient inheritances, and so did King Jinguang. In the end, we both became the top beings of the Ten Thousand Realms Martial Arts Academy."

Hearing Baihua Fairy say this, Ye Feng immediately stared blankly and couldn't help but said: "Even Baihua Fairy, you are such an amazing and talented person, you can only introduce three sets

of ancient inheritances. The upper management of the college asked me to introduce them." Five sets of inheritances are coming out. Doesn't this look down on me too much?"

Hearing this, Baihua Fairy couldn't help but smile and said: "The requirements of the upper level of the academy are indeed a bit high, but as long as you can get two or three sets, it will be enough to prove your potential. The Law Enforcement Hall will not do anything to you. After all, a Living super geniuses are too precious to the academy. We will lock you in prison for ten days and a half at most before releasing you. Super geniuses and our Ten Thousand Realms Martial Arts Academy are complementary to each other. "

When Ye Feng heard this, he couldn't help but nodded and said, "Okay, I understand. I will try my best to absorb as many ancient inheritances as possible."

Luo Li said aloud at this time: "Look, the inheritance stone tablet is about to appear."

At this moment, under the expectant eyes of countless people in the audience.

I saw cracks appearing on the ground in the square in the central area, and in each crack, there was a bright divine light.

An ancient stone tablet exuding an infinite majestic atmosphere appeared in everyone's sight like an immortal monument.

At this moment, even top figures like Fairy Baihua and King Jin Guang felt a sense of boundless vastness and vastness when facing this ancient stone tablet.

"It is said that this ancient inheritance stone tablet fell from the legendary heaven, but the heaven is just a legend. Even the masters of our Origin World and the heavens and the worlds cannot find any trace of the heaven." Fairy Baihua suddenly spoke at this time, with a hint of awe in her tone.

Obviously, when it comes to the heaven, a legendary mythological dimension interface that is even larger than the Origin World, even a big figure like Fairy Baihua, who is infinitely close to the master, feels a shock and yearning from the heart.

When Ye Feng heard Fairy Baihua say this, his eyes moved slightly.

In fact, Ye Feng was influenced by the people around him and began to be uncertain whether the legendary heaven existed.

If it exists, then why can't even the strongest creatures and masters in the world find traces of the heaven.

If it doesn't exist, then how can I explain the gate of heaven that I accidentally got before, which is said to be the life magic weapon of the master of the heaven?

It's really strange.

Where did the heaven, this super interface that is more majestic and huge than the origin world, go?

Does the heaven exist in that illusory mythological dimension?

At this time, just when Ye Feng was thinking secretly, suddenly the inheritance stele was completely revealed in the central square not far away, exuding an ancient and boundless breath.

At this moment, the old man in white standing on the square suddenly said: "The inheritance stele has been officially opened. Now the major disciples have begun to come on stage one by one to comprehend the inheritance stele. I hope everyone will come up and take in more of the ancient advanced inheritance contained in the inheritance stele. While strengthening their own strength, they also contribute to the academy."

Chapter 3798: Inheriting the inheritance

At this time, as the old man in white finished speaking, the direct disciples immediately walked to the inheritance stone tablet one by one.

At this time, in the audience, Baihua Fairy looked at Ye Feng and Luo Li beside her, smiled slightly, and said: "You two should go over too, remember to take a while to comprehend, don't be anxious."

"Yes, Master."

Luo Li and Ye Feng immediately walked towards the central square.

When Luo Li and Ye Feng walked to the central square, they immediately saw many other direct disciples around them, all standing here, waiting to step forward one by one to understand the inheritance stone tablet.

Suddenly at this moment, several young men wearing golden robes walked up to Ye Feng and Luo Li.

They immediately stared at Ye Feng and said coldly: "You must be the boy who killed Junior Brother Wan. I didn't expect you to be so courageous."

Hearing what these young men in golden robes said, Ye Feng immediately understood that these direct disciples should be the same as Senior Brother Wan, they were all disciples of the big man Jinguang Dharma King.

At this time, Ye Feng just smiled faintly and said: "Yes, your Junior Brother Wan offended me, so of course I will kill him. Is there anything wrong with that?"

Hearing what Ye Feng said, these disciples of Jinguang Dharma King immediately smiled coldly and said: "After you are captured by the Law Enforcement Hall and put into prison, let's see how we kill you."

Hearing what these direct disciples said, Ye Feng smiled slightly and said aloud: "I don't necessarily have to enter the prison."

These apprentices of Jinguang Dharma King immediately laughed sarcastically and said aloud: "From the establishment of our Ten Thousand Realms Martial Arts Academy to the present, there has never been a super genius who can extract five ancient high-level inheritances from the inheritance stone tablet at once. , this does not exist. Even our extremely powerful master could not do it back then. Therefore, the standard that the upper management of the college asked you to redeem your merits is simply to make things difficult for you. The purpose is to put you in prison. "

Hearing these disciples of Jinguang Dharma King say this, Ye Feng's face remained extremely calm and he said loudly: "Will I eventually enter the prison?"

Let's wait and see. "

Hearing what Ye Feng said, these disciples of the Golden Light Dharma King obviously did not believe that Ye Feng had such a heaven-defying talent.

They smiled coldly and left the scene without saying anything more.

Luo Li looked at Ye Feng beside him at this time, and couldn't help but said: "Ye Feng, don't worry, even if you are imprisoned in the prison, it will only last for half a month at most. When the time comes, I will let the teacher I will accompany you into the prison to protect you for half a month. No one will dare to do anything bad to you. "

Hearing what Luo Li said, Ye Feng smiled slightly and said, "Don't you believe that I can extract five high-level inheritances from the inheritance stone tablet?"

Hearing what Ye Feng said, Luo Li immediately lowered his head slightly.

Then Luo Li couldn't help but said: "I believe Ye Feng that you can do it, but what those apprentices of Jinguang Dharma King said is true. From the establishment of our Ten Thousand Realms Martial Arts Academy to the present, there has indeed never been a super genius. Being able to draw out more than three high-level inheritances from the inheritance stone tablet at once, even if they are top figures like my master Baihua Fairy or Golden Light Dharma King, they were also amazing top super geniuses back then. Introducing three high-level heritages, not to mention introducing three high-level heritages, even introducing two high-level heritages is enough to cause a sensation in our entire small world. It will be listed as a key training target by the upper levels of the college and enjoy huge rights. "

Hearing what Luo Li said, Ye Feng nodded slightly and said aloud: "It seems that it is indeed very difficult to draw so many high-level inheritances from this inheritance stone tablet. Even Baihua Fairy is so graceful and unparalleled. The big shot can only bring out three sets of inheritance."

While Ye Feng and Luo Li were talking, the direct disciples in front of them began to walk up to the inheritance stone tablet, stretched out their hands, touched the inheritance stone tablet, and began to comprehend the inheritance stone tablet.

The first direct disciple to inherit the inheritance, Ye Feng discovered

Yes, he turned out to be the apprentice of the Lord of Thunder.

This made Ye Feng's eyes reveal a hint of surprise.

Thunder Realm Master, one of the nine top guests of the Ten Thousand Realms Chamber of Commerce, also came here with his apprentice this time.

You know, when Ye Feng was preaching to the Lord of Thunder, he also understood the secret of thunder from the Lord of Thunder, and condensed the mark of thunder in his eyebrows, which was very powerful.

At this moment, the apprentice of the Thunder Realm Lord walked up to the inheritance stone tablet, stretched out a hand, and touched the stone tablet.

Buzz!

Almost at this moment, a light suddenly began to flash on the stone tablet.

Uh-huh!

Then instantly a ball of light floated out from the stone tablet.

Seeing this scene, the old man in white who presided over the entire ceremony couldn't help but his eyes lit up immediately, a look of joy appeared on his face, and he said loudly: "Congratulations to Thunder Realm Lord's apprentice, Gu Sitong, for successfully leading him out. An ancient heritage."

After finishing speaking, the apprentice of the Lord of Thunder suddenly felt a little ecstatic.

Because there are many direct disciples who can't even get a set of inheritance.

If a set of ancient inheritance from the inheritance stone tablets can be extracted, it is enough to show that this direct disciple has a very powerful talent, and will instantly gain the attention and attention of the entire Wanjie Martial Arts Academy's upper management, and will be a key training target.

And if two sets of inheritance can be derived, then it will be an even more precious super genius.

And if three sets of high-level inheritances can be introduced, then they will definitely be cultivated by the upper management of the college as the pillars of the entire college in the future.

After all, top figures like Baihua Fairy or Golden Light Dharma King inherited three sets of ancient inheritances back then, and eventually grew into pillar-level existences in the Ten Thousand Realms Martial Arts Academy, capable of growing into superpowers that are infinitely close to domination.

At this time, the first direct disciple walked down the central square with his inheritance.

This set of stories

Inheritance, this direct disciple can practice on his own, and make a copy of the inheritance temple for the college, and get huge reward points.

It can be said that it kills two birds with one stone.

At this moment, the second direct disciple came to the inheritance stone tablet and directly stretched out his hand to touch it.

The cultivation level of this direct disciple is a little more powerful than the first cultivation level.

But the moment his hand touched the inheritance stone, the inheritance stone did not move at all.

This made this direct disciple immediately show a look of frustration on his face.

Of course, this does not mean that the talent of this direct disciple is so low. You must know that those who can become direct disciples in the small world of Wanjie Martial Arts Academy and can come here to participate in the inheritance stone ceremony are all geniuses among geniuses. , their talents are very high.

It's just that the talent of this direct disciple may be slightly worse than the first one, and it has not been recognized by the inheritance stone tablet, so it is impossible to obtain even a set of inheritance.

At this time, the second direct disciple walked away dejectedly.

However, no one showed sarcasm in their eyes.

After all, everyone knows that it is very, very difficult to extract the inheritance from the inheritance stone tablet.

There may be thousands of direct disciples participating in this inheritance stone ceremony. In the end, it would be very good to have more than a hundred high-level inheritance.

Next, one after another, the direct disciples all walked onto the central square and touched the inheritance stone tablet one by one.

As everyone expected, only a small number of direct disciples were able to introduce a set of inheritance.

So far, no one has been able to bring out two sets of inheritance.

At this time, it was finally Luo Li's turn.

Luo Li looked at Ye Feng, smiled sweetly, and said, "Ye Feng, I'm going up to sense the inheritance stone first, so I can explore the way for you first."

Ye Feng immediately smiled and said, "Okay, come on!"

Chapter 3799 Awesome

At this time, Luo Li flew directly to the inheritance stone tablet in the central square.

Swish, swish, swish!

At this moment, many direct disciples and important figures present were all focused in Luo Li's direction.

Because Luo Li is the ancient Luo Shen body, her ancestor "Luo Shen" was once an earth-shattering figure in the world of origin, a dominant-level existence.

Therefore, a descendant with the bloodline of a master will naturally attract the attention of many people. ??

Moreover, Luo Li is naturally beautiful and has long been a goddess-level figure in the eyes of many male disciples in her small world.

So at this time, after Luo Li came on stage, he naturally attracted the attention of many people instantly.

Because many people are looking forward to seeing how talented the most powerful heir of the Lord's bloodline is.

"Buzz!"

At this time, Luo Li took a deep breath, with a trace of nervousness on her beautiful little face, and stretched out her white hand directly, pressing it on the inheritance stone tablet in front of her.

"boom!"

"boom!"

"boom!"

"boom!"

Suddenly, in the next moment, the inheritance stone tablet reacted violently.

I saw four light groups rushing out from the entire inheritance stone tablet and floating in front of Luo Li.

Seeing this scene, everyone present widened their eyes.

"Four high-level inheritances?"

"It actually led to four ancient inheritances?"

At this moment, both the surrounding disciples and the big shots sitting in the audience suddenly showed a look of deep horror on their faces.

Even the Baihua Fairy suddenly showed an excited look on her elegant and cold face at this time.

She stood up suddenly and couldn't help but said loudly: "You are worthy of being my apprentice!"

Being able to extract four super inheritances from the inheritance stone tablet at once means that Luo Li's talent has surpassed top figures like Baihua Fairy or Golden Light Dharma King.

In the future, as long as Luo Li does not die young, she will be able to grow into a being even more powerful than the Flower Fairy or the Golden Light Dharma King.

Perhaps the Ten Thousand Realms Martial Arts Academy will have one more transcendent existence at the master level.

Thinking of this at this moment, countless people's eyes fell in Luo Li's direction, with deep excitement and envy in their eyes.

At this time, Luo Li looked at the four light groups floating in front of her, and couldn't help but show surprise in her eyes. It seemed that she didn't expect that she could draw out four ancient inheritances at once.

You must know that her magnificent master, Baihua Fairy, only introduced three inheritances back then.

At this moment, the old man in white who presided over the entire ceremony immediately stared at Luo Li, very

He laughed happily and said: "Okay, great, our Ten Thousand Realms Martial Arts Academy has produced another top-notch peerless genius. In the future, Luo Li, you will enter the core disciple

group of our Ten Thousand Realms Martial Arts Academy and accept more advanced training." Training will definitely become the backbone of our Wanjie Martial Arts Academy in the future."

At this time, after the old man in white finished speaking, countless people present showed deep shock in their eyes.

They knew that the old man in white was a very senior senior in the Wanjie Martial Arts Academy.

After all, being able to preside over the entire ceremony of inheriting the stone tablet is enough to show how high the status of this old man in white is.

But now the old man in white has personally said that Luo Li will receive great training in the future and become the core group of the entire Wanjie Martial Arts Academy. Everyone knows that Luo Li has skyrocketed since then.

Moreover, Luo Li was a very beautiful girl, and everyone sighed in their hearts, wondering who could win the heart of such a gorgeous and beautiful girl.

At this time, Luo Li returned to Ye Feng with her four inheritances, and said with a smile: "Ye Feng, I didn't expect that I got four inheritances all at once."

Ye Feng also smiled and said, "Congratulations."

Luo Li immediately nodded vigorously and said loudly: "I must have been taken seriously by the higher-ups of the college now. If Ye Feng really wants to be put in jail, I will definitely plead with the higher-ups for you." of."

What Luo Li was happy about at this time was not that he had suddenly acquired four inheritances and had a bright future from now on, but that he was happy that he had the weight to speak and could help Ye Feng plead for mercy.

After Ye Feng understood this, he couldn't help but sigh inwardly, what a silly girl.

While Ye Feng and Luo Li were talking, everyone's eyes were focused on Ye Feng.

Everyone was staring at this ordinary young man in white, with doubts in their eyes. They didn't understand why Luo Li, a goddess of unrivaled elegance, could speak so intimately with an ordinary boy. It was really hard to understand. It's puzzling.

"Who is that boy in white? How can he be loved by Goddess Luo Li? It's so enviable and jealous."

At this time, many male disciples couldn't help but speak out.

At this moment, Ye Feng took a deep breath and slowly walked towards the inheritance stone tablet.

At this time, Ye Feng walked up to the inheritance stone tablet, then stretched out his hand and touched it directly.

But the next moment, there was no reaction on the inheritance stone tablet, no reaction at all.

This made several disciples of Jinguang Dharma King immediately burst out laughing and sarcastically said: "Boy, I have long ago

Having said that, you are a humble existence who can't even draw out an inheritance. I think you will be in jail this time. "

At this moment, when Baihua Fairy saw this scene, her face showed a hint of ugliness.

She told the higher-ups of the college that her personality guarantees that Ye Feng is a very talented super genius.

Unexpectedly, Ye Feng didn't even bring out a single inheritance. This made Fairy Baihua couldn't help but feel deep doubts in her heart. Ye Feng's fighting power was so fierce that even top geniuses like Senior Brother Wan could only hit him in three or two blows. After killing it, why can't I activate the inheritance stone tablet?

This is really strange.

"Huh! He is indeed a waste!"

King Jinguang saw this scene at this time, and there was a hint of sneer in this big man's eyes.

He couldn't help but look at the Flower Fairy not far away, and said with a sarcastic tone: "This kid is a waste at all. He killed my apprentice, and I am afraid he used some sneak attacks to succeed."

When Baihua Fairy heard what King Jinguang said, her face became even more ugly.

"how so?"

When Luo Li, who was not far away, saw this scene, her beautiful face showed an expression of disbelief.

Luo Li knew Ye Feng's extremely powerful talent, and it was impossible that even one inheritance could not lead him to it.

"Um?"

At this moment, Ye Feng, who was standing in front of the stone tablet, was stunned. It seemed that he did not expect that his talent was so poor. It was really strange that he could not draw out any of the inheritance in the inheritance stone tablet.

However, I thought that the reason why I broke through so quickly and had such strong fighting power was because I could continuously devour other people's skills to grow.

Ye Feng thought to himself, maybe his talent is really poor, but because he has the ability to devour, he grows very quickly and has strong combat power. This means that his skills are completely grown through plunder, rather than relying on strength. The talent is cultivated.

And just when Ye Feng was about to leave the inheritance stone tablet, the presiding old man announced the results.

Buzz!

Suddenly Ye Feng felt that the natal magic weapon of the Lord of Heaven, the Gate of Heaven, that existed in his mind, trembled slightly, and seemed to have some inexplicable connection with the inheritance stone tablet he touched in his hand.

"I seem to have heard someone say before that this inheritance stone tablet is said to have fallen from the legendary heaven. Could it be that the door to heaven I accidentally obtained is really the magic weapon of the Lord of Heaven from heaven?"

Ye Feng couldn't help but murmur in his heart at this time, and then tried to input some of the energy from the Gate of Heaven into the inheritance stone tablet in front of him.

And the next moment.

Boom! !

The inheritance stone tablet suddenly erupted into a god of ten thousand feet.

The light shone brightly across the sky and the earth.

"What??"

Seeing this scene, countless people present stood up suddenly.

Even the old man in white who presided over the ceremony suddenly opened his eyes wide, staring at the inheritance stone tablet that emitted a boundless divine light, and couldn't help but exclaimed: "What is going on? The inheritance stone tablet has never erupted with such a bright light. "The light."

And just when everyone was horrified, something happened that made everyone even more horrified.

I saw ten light groups rushing out of the inheritance stone tablet in front of Ye Feng, surrounding it like a divine ring, floating above Ye Feng's head, making Ye Feng look like he was from ancient times. Like gods.

"Ten... inheritance??"

Seeing this scene, countless people were shocked. Whether it was the old man in white who presided over the ceremony, the Flower Fairy, the Golden Light Dharma King, a group of direct disciples, and other big shots, their eyes widened. His mouth was closed, and he was extremely sluggish.

"Ten light groups?"

"What level of existence is this?"

"It's simply unprecedented!"

Countless people were shocked.

"this....."

At this moment, when the old man in charge wanted to say something.

"Boom boom boom..."

Suddenly, a brilliant divine light burst out from the inheritance stone tablet again.

Swish, swish, swish!

Swish, swish, swish!

Ten more light groups flew out from it, forming a halo shape and floating above Ye Feng's head.

"Depend on....."

Even a big shot like the Lord of Thunder Realm couldn't help but roar at this time.

Because his most proud disciple had only directly induced a ball of light before.

Now seeing twenty light groups floating in front of Ye Feng, it is really shocking!

"Boom boom boom..."

But at the next moment, what shocked everyone's eyes again was that the inheritance stone tablet once again erupted with a bright divine light.

Ten more light groups flew out and floated in front of Ye Feng.

That's not all.

Then one light group after another continued to fly out of the inheritance stone tablet.

Finally, a hundred light groups floated in front of Ye Feng!

"Hundreds of inheritances!!"

At this moment, the old man in white who presided over the ceremony did not care about his status as a senior figure. He quickly rolled around and shouted in a certain direction in the distance: "Quickly go and ask the dean! This is terrible! This is terrible!" That's it! We have an eternal genius from the Wanjie Martial Arts Academy!"

Chapter 3800 Meeting with the Dean

quiet!

Deadly quiet!

At this moment, except for the old man in white who presided over the ceremony who was shouting crazily, everyone else present fell into a dead silence.

Countless people's eyes were glazed over, staring at Ye Feng who was surrounded by a hundred light groups at the front, making Ye Feng look like a young god.

At this time, everyone's eyes were filled with deep shock, and they were simply shocked to the point of numbness.

Because they have never seen such a terrifying scene.

A hundred light groups surrounded Ye Feng, it was so shocking!

At this time, Ye Feng's eyes also showed deep astonishment.

Ye Feng never expected that when he casually activated the power of Heaven's Gate and input it into the inheritance stone tablet, it would directly activate the entire hundred remaining inheritance light groups in the inheritance stone tablet, all of which would float out. , surround yourself.

Even Ye Feng himself was shocked.

Ye Feng was muttering in his heart at this time. It seemed that the Gate of Heaven he had obtained by accident before might really be a magic weapon left by the legendary Lord of Heaven. Otherwise, it should not be able to trigger such a thing that fell from Heaven. All the inheritances in the fallen inheritance stone tablets.

But no matter what, at this moment, Ye Feng suddenly got a hundred ancient inheritances, and he immediately beamed.

It seems that this time I have no shortage of inheritance to use.

You must know that the inheritance that can be derived from this inheritance stone tablet must be very ancient and powerful, enough for you to practice and use for a long time.

Uh-huh!

At this time, Luo Li was the first to react, and immediately flew to Ye Feng's side. She couldn't help but said excitedly: "Ye Feng, I knew you could do it! I didn't expect you to pick it up all of a sudden. It has brought out a hundred inheritances, which is really terrifying. This time

It is estimated that everyone will look at you with admiration. "

At this time, Ye Feng heard what Luo Li said, nodded slightly, looked around with a smile, and said loudly: "Look, everyone is stunned."

Luo Li immediately looked around and found that all his disciples, including the top figures, were stunned.

Even his own master, such an unparalleled figure as Baihua Fairy, was standing there, as if petrified, frozen there.

Luo Li was sincerely happy for Ye Feng at this time.

This time Ye Feng finally felt proud.

At this time, King Jinguang's first reaction was that it was impossible, absolutely impossible!

But when King Jinguang saw the entire hundred inherited light groups surrounding Ye Feng, it was too dazzling, and his face suddenly turned livid.

If he wanted to deal with Ye Feng now, it would be really troublesome.

Because Ye Feng has now proven his potential, which is extremely terrifying.

Although the potential of a super genius can not only be proved by the inheritance stone, but being able to draw out a hundred inheritance light groups from the inheritance stone at once illustrates Ye Feng's terrifying talent. I'm afraid It will shock the entire Wanjie Martial Arts Academy, and even the entire Origin World.

At this moment, suddenly several old men in white robes, and the old man in white who presided over the ceremony, who seemed to be the same senior figure, flew over from a distance.

One of the old men, with white hair hanging down to the ground, should be a very powerful being with a very high status. After he arrived here, everyone respectfully called him: "See the great elder!"

"

At this time, the great elder stared at Ye Feng and didn't care about anyone at all, because all his attention was on Ye Feng and the hundred or so inheritance light groups surrounding Ye Feng.

The great elder immediately couldn't help but said excitedly: "Your name is Ye Feng, right?"

Ye Feng nodded immediately.

Then the great elder spoke up and said, "Follow me. The dean is looking for you. He has something to discuss."

"What?"

"The dean actually wants to meet Ye Feng in person?"

At this time, everyone was shocked.

You must know that the Dean of the Heavenly Book of their Ten Thousand Realms Martial Arts Academy is a very mysterious existence, supreme, and the dragon can see its head but not its tail.

Those who can meet Dean Tianshu are basically the top figures in the Wanjie Martial Arts Academy.

Even the top powerhouses in the small world such as Golden Light Dharma King or Baihua Fairy rarely get to see Dean Tianshu.

I've probably only seen it a few times in decades.

And usually you can see Dean Tianshu from a distance.

But this time, Dean Tianshu actually wanted to meet Ye Feng in person.

This is truly a supreme honor and a huge honor, making everyone extremely envious and jealous.

However, everyone knows that Ye Feng was able to activate the entire inheritance stone tablet, and a hundred inheritance light groups floated out at once, which is enough to show that Ye Feng is the kind of amazing and brilliant genius who is indeed qualified to be praised by the dean himself. Met in person.

After all, since the founding of the Wanjie Martial Arts Academy, nothing so shocking has ever happened.

At this moment, the group of disciples of the Golden Light Dharma King who had just ridiculed Ye Feng suddenly became extremely frightened.

Because Ye Feng has now proven his super potential, he will definitely become the top genius in the entire Wanjie Martial Arts Academy in the future.

They just laughed at Ye Feng, which is equivalent to offending Ye Feng. They will definitely be targeted by Ye Feng when the time comes.

So these disciples of Jinguang Dharma King immediately left the scene in despair and began to think of ways to avoid Ye Feng.

At this time, Ye Feng looked at the great elder in front of him, nodded immediately, and said: "Okay, I will follow you now, great elder."

At this moment, Ye Feng also knew that everything he had shown now had completely conquered everyone and made the upper management of the entire Wanjie Martial Arts Academy take him seriously.

At this moment, Ye Feng glanced at Luo Li beside him and the Baihua Fairy not far away. He smiled and said, "I will follow the elder and come as I go."

Hearing what Ye Feng said, Luo Li nodded vigorously and said loudly: "In the future, Ye Feng, you should be able to follow us to practice in the small world of direct disciples. By then, the two of us can see each other every day. "

Luo Li was obviously very happy to be able to get along with Ye Feng day and night.

The shock on Fairy Baihua's face didn't seem to dissipate at this time. When she heard Ye Feng greeting her, she immediately nodded and said in a daze: "Remember to come to Baihua Temple often in the future. We can Talk more."

Baihua Fairy knew very well that being able to draw out a hundred inheritances from the inheritance stone tablet at once was a talent that could no longer be described as "genius". It was simply a monster, and it was simply against the heavens.

Baihua Fairy has no doubt that in the eyes of the upper echelons of the entire Myriad Realms Martial Arts Academy, Ye Feng is definitely the focus of attention. It is a piece of peerless jade. Once it is successfully crafted, it can become the most terrifying combat power of the Myriad Realms Martial Arts Academy.

Because Ye Feng did something that even Dean Tianshu couldn't do, it was really shocking!
