Chapter 3801 Unexpected

Under the leadership of the Great Elder, Ye Feng directly left the small world where his direct disciples lived and practiced, and returned to the inner area of the Ten Thousand Realms Martial Arts Academy.

Here, Ye Feng and the Great Elder walked through a large area of buildings and finally arrived at the deepest part of the Ten Thousand Realms Martial Arts Academy.

In the deepest part of the Ten Thousand Realms Martial Arts Academy, there is a suspended continental plate, floating not far away, emitting thousands of feet of divine light, giving people a very sacred feeling.

The core members of the Ten Thousand Realms Martial Arts Academy, including the supreme Dean of the Heavenly Book of the Ten Thousand Realms Martial Arts Academy, live on this glowing land.

At this time, Ye Feng came here with the great elder, and immediately sensed that this glowing land was exuding a very mysterious and unpredictable fluctuation.

The great elder seemed to see the surprise in Ye Feng's eyes, and immediately smiled and said: "This piece of floating land was found by our Dean of the Heavenly Book from the forbidden land of gods and demons. It is said that it fell from the heaven that year. A piece of interface fragment comes down, so it has the aura of supreme power. If you live in it and practice, it will be of great help to high-level practitioners. "

Hearing what the great elder said, Ye Feng's eyes suddenly moved and he said, "The great elder seems to believe that the legendary heaven is real."

The great elder immediately laughed and said: "Many people don't believe that heaven is real. They all think that heaven is a legendary place and illusory. After all, even the most powerful master-level creatures in the world cannot be found. Heaven, but Dean Tianshu once said that the Overlord is only the most powerful creature in our cognition. Above the Overlord, there is probably a more powerful existence that we cannot understand, but this more powerful being Existences cannot come to the origin world and all the worlds where we live, because the rules of heaven and earth do not allow such powerful beings to come here. Those more powerful creatures should live in the

heavens. Only those who break through the master Only by being restrained can one enter the legendary heaven. Many masters disintegrate themselves in order to find ways to break through the shackles of the masters. "

Hearing what the great elder said, Ye Feng's eyes suddenly froze, as if he didn't expect that the great elder had such a profound understanding of the heaven. ??

But according to what the Great Elder said, all this was said by Dean Tianshu.

Ye Feng became more and more curious about this Dean of the Heavenly Book.

It is said that this dean of the Book of Heaven knows astronomy from above and geography from below. He single-handedly founded the Wanjie Martial Arts Academy for the Wanjie Chamber of Commerce. It can complement and complement each other with the Wanjie Chamber of Commerce. He is a peerless person and has created many spiritual practices. It is a brand new thing that is beyond the knowledge of many monks in the world.

For example, through the identity tokens between disciples, they can project images to each other and communicate.

For example, building dozens of floors that are completely different from the usual architectural styles in the spiritual world.

High-rise buildings can accommodate countless students within a small area of land.

For example, when recruiting students and disciples from all over the world, their origins and identities are never shown. As long as they have good talent and potential, they can enter the All Worlds Martial Arts Academy to practice.

For example, special cases are used to recruit students who are not very talented but whose families have strong financial resources, and use the wealth handed over by these students to subsidize those students who come from poor families... and so on.

So when Ye Feng entered the Wanjie Martial Arts Academy from the beginning and saw all this, he felt that this legendary figure, Dean Tianshu, was definitely a very mysterious existence, not a simple so-called super strong man.

At this time, Ye Feng was thinking secretly in his heart, and followed the great elder directly to this piece of luminous land.

In the center of this luminous land stands a huge palace complex.

Many big figures from the Wanjie Martial Arts Academy should live here.

At this time, Ye Feng followed the great elder and soon arrived at the center of the palace complex.

There is a building here that looks like an ancient temple, which looks very magnificent and supreme.

At this time, Ye Feng followed the great elder into the ancient temple and immediately saw Dean Tianshu.

Dean Tianshu was different from what Ye Feng imagined.

The dean of Tianshu in Ye Feng's imagination, who single-handedly created the Ten Thousand Realms Martial Arts Academy, a top hegemonic force that originated in the big world, must be unparalleled, majestic and domineering.

But what Ye Feng saw at this moment was the dean of the Book of Heaven, who had a bookish aura and looked gentle and elegant, even giving off a very weak scholar-like feeling.

At this moment, Dean Tianshu slowly turned around, revealing the face of an elegant middle-aged man.

Dean Tianshu looked at the elder beside Ye Feng, smiled slightly, and said, "Go down, I want to talk to Ye Feng alone next."

"Yes, Mr. Dean."

The great elder immediately clasped his fists respectfully at Dean Tianshu, and then exited the ancient temple.

At this time, only Dean Tianshu and Ye Feng were left in the grand ancient temple.

At this moment, Ye Feng immediately clasped his fists and said, "Disciple Ye Feng, I have met the dean."

As Ye Feng spoke, he curiously looked around at the room where Dean Tianshu lived.

He found

Well, there are many paintings placed in the room of this ancient temple. It seems that they were all painted by the Dean of the Book of Heaven himself and hung here.

It seems that this dean of Tianshu is usually very interested in painting.

What caught Ye Feng's attention the most was a very special painting.

This painting is very special. It depicts an ancient blue planet floating in the boundless dark universe. Although it is simple, for some reason, it looks very natural, with an inexplicable sense of mystery and etherealness.

Dean Tianshu seemed to have seen the special painting that Ye Feng was paying attention to. He couldn't help but smile and said, "The blue planet in that painting is my hometown."

When Ye Feng heard this, he couldn't help but move his eyes and asked: "The dean comes from an ancient planet in the universe?" .??.

"Yes and no."

Dean Tianshu shook his head, his eyes seemed to have an emotion that Ye Feng couldn't understand, and he said aloud: "My hometown can no longer be found. Even if I have achieved the realm of domination now and searched all over the world, I still can't find it. The universe where the blue planet in my hometown is located may never go back..."

At this time, Dean Tianshu spoke, his voice getting smaller and smaller until it was inaudible.

Ye Feng was a little confused by what Dean Tianshu said.

At this time, Dean Tianshu suddenly changed the topic, stared at Ye Feng, and said loudly: "Let's not talk about my hometown. My hometown may be more illusory and untouchable than the heaven. Let me talk about you first. It is said that you attracted The entire inheritance stone tablet, and a hundred inheritances were derived from it? "

Ye Feng immediately nodded and said, "That's right."

Dean Tianshu showed a trace of satisfaction in his eyes and said loudly: "In the eyes of others, you should be an eternal genius now."

Ye Feng couldn't help but smile and said, "Does the dean think so too?"

Dean Tianshu nodded slightly and said loudly: "No matter what method you use, you have introduced so many inheritances, which can be regarded as a huge contribution to the academy. I don't care about the life-and-death battle between you and other direct disciples before. "

Ye Feng immediately clasped his fists and said, "Thank you, Mr. Dean."

Dean Tianshu nodded slightly, and then suddenly said: "Do you have a treasure from the heaven on your body, so you can sense each other with this inheritance stone tablet, causing a hundred inheritance light groups to fly out from the inheritance stone tablet at once? "

"What?"

Hearing what Dean Tianshu said, Ye Feng couldn't help but his face changed slightly.

Unexpectedly, Dean Tianshu could guess the inside story of this matter.

This made Ye Feng's eyes show surprise.

This Dean of the Heavenly Book is probably not only terrifying in terms of his cultivation strength, but also terrifying in his ability to understand all things, almost like a prophet.

It's not that Ye Feng has never come into contact with the controllers of top powers. Baby Haoran's father, the dean of Haoran Academy, is a dominant-level existence and the controller of the top powers in the Origin World.

But Ye Feng felt that the dean of Tianshu gave people a very special feeling, many times more mysterious than the dean of Haoran Academy.

Ye Feng's expression changed a little at this time.

But Dean Tianshu smiled slightly at this moment and said: "You don't need to be nervous, I will not covet your treasures from heaven, I just asked casually."

After finishing speaking, Dean Tianshu suddenly stared at Ye Feng and said loudly: "However, your talent is indeed enough to be called an eternal genius. I sensed the inheritance aura of no less than two masters from your body. And they are both very powerful masters, one should be of the bloodline of the high-level master of chaos, and the other should be of the bloodline of the ancestor of the Great Perfection Master Hongmeng."

"this....."

When Ye Feng heard what Dean Tianshu said, he immediately took a deep breath. He didn't expect that all his secrets would be revealed by Dean Tianshu.

At this time, Dean Tianshu suddenly stretched out his hand and grabbed the Demon Ancestor's residual thoughts from the center of Ye Feng's eyebrows.

Demon Ancestor was trembling in fear at this time, and said loudly: "Dean Tianshu, I just stole a Life Dao Fruit from you back then. Why don't you want to eradicate me now? Then you are too petty."

Ye Feng was stunned when he saw this scene. He didn't expect that Demon Ancestor and Dean Tianshu had known each other many years ago.

Dean Tianshu looked at the Demon Ancestor in the state of his soul in front of him at this time, smiled slightly and said: "You guy, you are so miserable now, but since you have a fate with this little guy Ye Feng, then you can continue to help him. "

After finishing speaking, Dean Tianshu sent Demon Ancestor back to Ye Feng's eyebrows.

What made Ye Feng feel relieved was that Emperor Chu was not discovered by Dean Tianshu.

Of course, it is very possible that Dean Tianshu discovered Emperor Chu, but it is estimated that Emperor Chu's identity is too mysterious. Even Dean Tianshu did not dare to take action easily and forcibly captured Emperor Chu for investigation.

At this moment, Dean Tianshu suddenly stared at Ye Feng and said something unexpected that made Ye Feng's expression change drastically.

Dean Tianshu said slowly: "Ye Feng, how about I let you directly become the Son of God of our Ten Thousand Realms Martial Arts Academy?"

Chapter 3802 Bait

Hearing what Dean Tianshu said at this moment, Ye Feng was stunned for a moment, as if he never expected that Dean Tianshu would say such a thing.

Because Ye Feng already knew just now, Dean Tianshu knew that he did not cause the inheritance stone tablet because of his talent. A hundred inheritances suddenly burst out because he had the magic weapon of the heaven in his body.

Therefore, it is very strange for Dean Tianshu to suddenly say that he wants to make himself the Son of God of the entire Wanjie Martial Arts Academy.

Ye Feng couldn't help but said: "Dean, do you think I have the ability to become the Son of God of the entire Ten Thousand Realms Martial Arts Academy? As far as I know, there is currently no disciple of the Son of God level in the Ten Thousand Realms Martial Arts Academy."

Hearing what Ye Feng said, Dean Tianshu showed a mysterious smile and said: "Because I want to recommend the most amazing and brilliant super genius of the Wanjie Martial Arts Academy to attract the infiltration of the Dark Demon Cult." Lurkers who entered our academy."

"What?"

Hearing what Dean Tianshu said, Ye Feng's eyes suddenly showed a trace of surprise, and he couldn't help but said: "The dean wants me to be a bait?"

Dean Tianshu nodded and said with a smile: "This is a deal. The Dark Demon Sect does not dare to directly invade our Wanjie Martial Arts Academy because I am here to take charge. However, the Dark Demon Sect did send many lurkers. The lurkers may have been lurking among our students and disciples for a long time, or they may be lurking among the core figures around us. Even I have a hard time discerning who is the lurker of the Dark Demon Cult, so I have been thinking about it recently. , I feel that if a super genius with amazing talents can be introduced to become the Son of God of our Ten Thousand Realms Martial Arts Academy, then the Dark Demon Cult will never sit back and ignore a figure of the Son of God level, and will definitely find a way to bring this top-notch person to the throne. The Son of God must be hunted down. Otherwise, when this Son of God grows up, it will definitely pose a huge danger to the future of the Dark Demon Cult. And having said that, Ye Feng, you have the blood of both the Great Perfection Master and the Advanced Master. It is true that you He is qualified to become the divine son of our Ten Thousand Realms Martial Arts Academy."

Hearing what Dean Tianshu said, Ye Feng suddenly fell into thinking.

Based on Ye Feng's previous thoughts, it would be better for him to develop in obscurity and grow slowly.

But if he directly becomes the Son of God, Ye Feng knows that his current accumulation is not enough, and his cultivation is not very strong. If he really encounters a pretender in the dark demon sect and suddenly takes action, he may fall instantly.

So Ye Feng did not agree directly at this time, but began to think carefully.

Dean Tianshu looked at Ye Feng and said with a smile: "If you become the Son of God, your power in the Wanjie Martial Arts Academy will become very great. Among all the students and disciples, you will be the well-deserved number one." , even if some older people want to touch you, they must consider your identity, and I am behind you."

After Dean Tianshu finished speaking, he seemed to have thought of something and said aloud: "And I feel like I don't have much time left in the Origin World."

Hearing what Dean Tianshu said, Ye Feng was stunned for a moment and couldn't help but exclaimed: "Dean Tianshu, you said you don't have much time. Do you have some hidden illness in your body and are you going to die?"

"of course not."

When Dean Tianshu heard what Ye Feng said, he immediately smiled angrily, glanced at Ye Feng, and said loudly: "You little guy is so direct in your words. When I said I didn't have much time, I didn't mean that I was going to die. But I have recently discovered the legendary heaven. I may leave the world of origin for a while and go to the mysterious outer world beyond the world of origin and the world that I recently discovered. Of course, I will not Do you know whether the outside world is heaven or some other world?"

When Ye Feng heard what Dean Tianshu said, his eyes immediately revealed a look of horror. He didn't expect that Dean Tianshu's current achievements would have reached this level.

leaf

At this moment, Feng suddenly understood why Dean Tianshu was sitting in the Ten Thousand Realms Martial Arts Academy, and the Dark Demon Sect did not dare to attack head-on. It seemed that Dark Yuan Zun was probably afraid of Dean Tianshu.

Ye Feng felt that Dean Tianshu was at least a senior master level existence, and it was even possible that he had secretly cultivated to become a Great Perfection Master.

It's not that Ye Feng compliments Dean Tianshu, it's that Ye Feng feels that Dean Tianshu is too mysterious, with a mysterious origin and a mysterious identity. No one knows where Dean Tianshu was born, and he suddenly appeared here. In the big world of origin, he is very powerful.

At this time, Dean Tianshu suddenly continued to speak: "I recommend you to become the Son of God because of another consideration. It is also to train the next leader of our Ten Thousand Realms Martial Arts Academy. After I leave, if If you have the ability, my position as dean is yours."

"What?"

Hearing what Dean Tianshu said, Ye Feng was a little shocked again. He didn't expect that Dean Tianshu would say so many shocking words when he saw him for the first time.

At this time, Ye Feng couldn't help but said: "Will the dean leave the Wanjie Martial Arts Academy soon?"

Dean Tianshu shook his head and said with a smile: "I won't leave for the time being. When the time comes, I will leave naturally. Before leaving, I should choose to fight with the Dark Yuan Zun. Look at the Dark Yuan Zun. Guys, what is your strength? I always feel that Dark Yuan Zun is not the mastermind behind the entire world of origin and all the worlds. There is a more mysterious existence behind Dark Yuan Zun, which makes me a little wary. , otherwise I would have gone to the Dark Yuan Lord for a life-and-death battle."

Hearing what Dean Tianshu said, Ye Feng suddenly showed surprise in his eyes. It seems that the strength of Dean Tianshu is indeed very terrifying. You know, when Ye Feng was in Haoran Academy before, the dean of Haoran Academy He is also a master-level existence, but when he talks about the Dark Demon Cult and the Dark Yuan Zun, his tone is filled with deep fear and fear.

But Dean Tianshu

His tone was very casual, and he was even prepared to have a fight with Dark Yuan Zun before leaving the world of origin. He was really tough.

However, Ye Feng also knew that Dean Tianshu was a great figure with unparalleled splendor. His origin and identity were very mysterious. He knew astronomy and geography. Naturally, such a person would not be afraid of Dark Yuan Zun.

At this moment, Ye Feng couldn't help but ask: "Behind the Dark Yuan Zun that the dean said, there is another mysterious existence, which is the real mastermind behind the scenes. Who can this mysterious existence be? ?"

Dean Tianshu shook his head and said: "I haven't found out yet. The mysterious existence behind Dark Yuan Zun has never really shown up. Maybe he doesn't bother to show up, or maybe he can't come to this world, so I guess , behind the Dark Yuan Zun is probably the legendary heavenly creature."

When Ye Feng heard this, he couldn't help but take a deep breath.

Unexpectedly, there is such a mysterious existence behind the Dark Demon Cult and Dark Yuan Zun.

Originally, the Dark Yuan Zun and the Dark Demon Cult were already very terrifying, but I didn't expect that this was just a superficial force.

There is someone else behind the scenes!

At this time, Ye Feng secretly thought in his heart that he really had to become stronger quickly, otherwise he would definitely not be able to survive the great turmoil in the future.

If you can really become the Son of God of the Ten Thousand Realms Martial Arts Academy, then the rights and resources you will enjoy will definitely be very huge.

But it's also quite dangerous.

After all, after he became the Son of God, according to the wishes of Dean Tianshu, he was to push himself to the bright side and become the focus of everyone's attention. Then he would attract the pretenders and lurkers of the dark demon sect who had infiltrated into the Wanjie Martial Arts Academy. .

Anyway, risks and opportunities coexist.

After Ye Feng thought for a moment, he suddenly stared at Dean Tianshu and said loudly: "Dean, I have thought about it. I want this position of Son of God!"

Chapter 3803 Preventing the Future

After Ye Feng finished speaking, Dean Tianshu did not show any surprised expression on his face.

Obviously Dean Tianshu had known for a long time that Ye Feng would definitely agree.

Because Dean Tianshu knows that a super genius like Ye Feng who has come up step by step is different from the flowers who grew up in a greenhouse. Ye Feng will definitely dare to take risks.

Moreover, Dean Tianshu also said that the threat of the Dark Demon Cult and the Dark Yuan Zun is very great. Even behind the Dark Yuan Zun, there is another mysterious force that may come from heaven. It is the real mastermind behind the scenes and gave Ye Feng More pressure.

After Ye Feng finished speaking, Dean Tianshu immediately waved his hand, "From now on, I directly declare you to be the Son of God of our Ten Thousand Realms Martial Arts Academy."

After finishing speaking, Dean Tianshu seemed to be able to speak the law.

Boom!

A bright golden light suddenly erupted from the sky above the entire Wanjie Martial Arts Academy.

This piece of golden light directly embodies the words of Dean Tianshu, which is: "From today on, Ye Feng is the divine son of my Ten Thousand Realms Martial Arts Academy."

, "Almost at the moment these words fell, the entire Wanjie Martial Arts Academy was completely boiling.

"Oh my God!"

"The unique and only Son of God?"

"It actually showed up!"

Whether they are ordinary students, those high-ranking direct disciples, or students in some core groups, or those top big shots, when they look at the words condensed by the golden light in the sky, they are all shocked. I was stunned, simply numb from the shock.

Because this sentence was said by the most supreme dean of Tianshu of the Wanjie Martial Arts Academy, and it was like an imperial edict.

From today on, Ye Feng has become the divine son of the entire Wanjie Martial Arts Academy. He enjoys extremely high rights, which is equivalent to the prince of a dynasty. He is inferior to one person and superior to ten thousand people.

Even those senior figures must maintain due respect for Ye Feng.

After Ye Feng became the Son of God, his status in the Wanjie Martial Arts Academy was second only to the supreme dean, Dean Tianshu.

At this time, everyone in the small world of direct disciples who had just finished the ceremony of inheriting the stone tablet was once again shocked to the point of numbness.

Everyone stared at the paragraph of golden light emanating from high in the sky, and they all stiffened and stood in place.

Even a person as magnificent as Baihua Fairy was stunned at this moment.

It seems that he never expected that the dean of the Shenlong who never saw the end of the dragon would actually regard Ye Feng as the divine son of the entire Wanjie Martial Arts Academy when he met Ye Feng for the first time.

This is incredible!

"What? This kid..."

At this time, Golden Light Dharma King's face suddenly became extremely pale, and he also had a sense of pale powerlessness.

At this time, no one knew what Jinguang Dharma King was thinking in his heart.

At this moment, Luo Li was very happy

He shouted loudly: "Master, look, Ye Feng has become the only god son of our Wanjie Martial Arts Academy. Ye Feng is so powerful. I knew that Ye Feng would definitely be able to do all this."

Fairy Baihua could no longer hear the joyful cries of the disciples beside her, because she had long been shocked to the point of numbness by what Ye Feng had done.

At this moment, Ye Feng's friends, such as Bai Ling and others, were in the Wanjie Martial Arts Academy, looking at the words on the sky, and they fell into deep stagnation.

No one would have thought that that little ordinary student back then would suddenly become the divine son of the entire Wanjie Martial Arts Academy.

However, after everyone was horrified and shocked, everyone raised questions.

Is Ye Feng qualified to become the Son of God of the Wanjie Martial Arts Academy?

Although Ye Feng has derived a hundred inheritances from the inheritance stele, we cannot conclude that Ye Feng is the top super genius just by relying on the inheritance stele.

After all, there are still many super geniuses in the core group of the Wanjie Martial Arts Academy, but they have not shown up.

Among the entire Wanjie Martial Arts Academy, the three most recognized super geniuses are Zhan Cangtian, the eldest disciple of the Emperor of War, and Zhan Cangtian, who possesses the physique of the God of War.

There is also the eldest disciple of King Jinguang, Xiao Jiuyou.

As well as the great disciple of the Sword Saint, the super genius with the most mysterious and powerful dual sword bodies in history, Jun Tiandi.

Zhan Cangtian, Xiao Jiuyou and Jun Tiandi, these three are the top super geniuses in the minds of countless people in the Wanjie Martial Arts Academy.

If you want to choose the Son of God, you must choose from these three top super geniuses.

But no one expected that he would be cut off by the newcomer Ye Feng.

It really shocked countless people and felt deeply unbelievable.

"I don't understand!"

At this time, in a certain deep mountain forest in the Wanjie Martial Arts Academy, an angry roar suddenly sounded.

A majestic young man wearing a golden robe jumped out from a mountain in the deep mountains and old forests.

He held a golden spear in his hand, which gave people a very powerful and terrifying majesty.

Moreover, his body was faintly exuding a golden shadow of the God of War, as if he was being guarded by ancient gods at all times.

This person is one of the three top geniuses recognized by the Wanjie Martial Arts Academy. Zhan Cangtian, the eldest disciple of the Emperor of War, possesses the physique of a God of War, and his combat power is extremely terrifying.

He can be said to be the person with the greatest potential to obtain the status of the Divine Son of the Ten Thousand Realms Martial Arts Academy, but now he has been intercepted by Ye Feng, a newcomer. Zhan Cangtian is naturally very dissatisfied and shouts that he wants to fight Ye Feng.

At this time, in the small world where direct disciples were practicing, two young men also opened their eyes.

I opened my eyes and woke up from the state of cultivation.

They are Xiao Jiuyou, the eldest disciple of Jinguang Dharma King.

There is also the great disciple of the Sword Saint, Jun Tiandi.

These two are also the three top geniuses who are as famous as Zhan Cangtian. They are the three beings recognized by the entire Wanjie Martial Arts Academy as being able to achieve the position of Son of God in the future.

But in the end, they did not become the Son of God. Instead, Ye Feng, a newcomer, became the Son of God, and he was canonized by Dean Tianshu himself.

This made the three super powerful top geniuses very dissatisfied.

You must know this, the cultivation strength of the three super powerful top geniuses is extremely terrifying. They are definitely more than ten realms higher than Ye Feng now, and their cultivation talents are also unparalleled throughout the ages.

But they did not become the Son of God. Instead, Ye Feng became the Son of God. This caused these three top geniuses to have different emotional fluctuations in their hearts.

Zhan Cangtian, the hot-tempered and eldest disciple of the War Emperor, just yelled angrily, seemingly not understanding the dean's decision, and shouted that he wanted to fight Ye Feng.

And Xiao Jiuyou, the eldest disciple of Jinguang Dharma King, was somewhere in the small world at this time. He looked at the somewhat pale Jinguang Dharma King in front of him and said slowly: "Master, don't worry, even if this Ye Feng Since I have become the Son of God, I cannot confront him head-on, and I can also make him fall invisibly and unknowingly."

Among the three top geniuses, the most calm one is probably the great disciple of the Sword Saint, Jun Tiandi.

Jun Tiandi was dressed in plain white robes and looked very handsome and ethereal. Behind him were a holy sword and a holy sword surrounded by phantoms. They were the most powerful and mysterious twin saints of swords.

At this time, his expression was the most indifferent, he just looked at the line of golden characters high in the sky that the Dean of Tianshu canonized Ye Feng as the Son of God. There seemed to be a meaning in his eyes that others could not understand.

The Sword Saint is an old man. At this time, he looked at Jun Tiandi and said slowly: "Disciple, since the dean has canonized this newcomer Ye Feng as the son of god, he must have other motives for the dean himself. You Don't be impatient, and cultivate your sword and sword saint body with peace of mind. After your sword and sword twin saint body breaks through to the great saint body, even if your cultivation realm has not broken through to the master, just rely on the power of your sword and sword twin saint body's great attainment saint body. , you can also challenge the master. When the time comes, no one in the world of origin and all the worlds will be your opponent."

When Jun Tiandi heard his master say this, he just nodded very indifferently, and then continued to go back to practice in seclusion.

Seeing this scene, the Sword Saint was very satisfied. Although his apprentice was young, he was very calm in situations, unlike a young man, which was very good.

And just when all the forces in the Wanjie Martial Arts Academy were boiling.

In the ancient temple at the center of the Wanjie Martial Arts Academy.

At this moment, Ye Feng looked at Dean Tianshu in front of him and asked slowly: "Dean, do you really think you should push me to the surface and become the most noble son of God in the Wanjie Martial Arts Academy?"

, can we really lure out the masters of the dark demon sect that has infiltrated into our Ten Thousand Realms Martial Arts Academy? "

Dean Tianshu smiled slightly and said aloud: "Just wait and see, but next you have to pay attention to your own safety. You may encounter the murderous intentions of those dark demon masters who are lurking in the dark at any time, but this is also an opportunity. I want to use you to eradicate all the pretenders of the dark demon sect lurking in our Wanjie Martial Arts Academy, and I want to find out the most hidden pretender, because I watch astronomy at night and see the future in the Wanjie. The Martial Arts Academy will be destroyed by a lurker of the dark demon sect who hides the most, so I must prevent this from happening in the future and find out the pawn of the dark demon sect who hides the most."

When Ye Feng heard what Dean Tianshu said, his eyes immediately showed a look of horror. Unexpectedly, Dean Tianshu had already reached a level where he could vaguely see the future.

This is almost like the legendary prophet, who can see and change the future.

At this moment, Ye Feng felt deeply surprised in his heart.

Who is the being that Dean Tianshu saw in the future that destroyed the entire Wanjie Martial Arts Academy, the deepest hidden chess piece of the dark demon sect?

Is he some big shot in the Wanjie Martial Arts Academy today?

Or an ordinary student?

Or one of those direct disciples?

It is indeed difficult to discern.

However, Ye Feng knew that what Dean Tianshu was most worried about now was probably the dark demon sect's most hidden chess piece in the future that he saw. It would definitely be very difficult to uncover this most hidden chess piece.

At this time, Ye Feng couldn't help but said: "Dean, I have now become the divine son of the Wanjie Martial Arts Academy. I may be in great danger at any time. You must give me some treasures to protect myself."

Hearing what Ye Feng said, Dean Tianshu couldn't help laughing and said loudly: "You little guy really knows how to choose the time to reach out and do some benefits for yourself, but I agree, after all, you have We have a huge task on our shoulders, and only you and I know about this matter. No one else is allowed to know, otherwise, the news will leak out and infiltrate into the deepest hidden dark demon sect's chess piece in our Ten Thousand Worlds Martial Arts Academy. , it will definitely never be found, and it will be impossible to prevent the future. What we have to do this time is to prevent the future, which is a huge and arduous task. "

Stop the future!

Hearing what Dean Tianshu said, Ye Feng's expression suddenly became awe-inspiring, and he said loudly: "Since I agreed to become the divine son of Wanjie Martial Arts Academy, I will definitely do my best to help you, Dean, find out the hidden secret The deepest chess piece."

Hearing what Ye Feng said, Dean Tianshu seemed quite satisfied. He smiled and nodded. Then he suddenly reached out and a token flew in front of Ye Feng.

When Ye Feng saw this, his eyes suddenly froze and he said, "Is this my protective treasure? It doesn't look very powerful."

Chapter 3804 I won't lose

Hearing what Ye Feng said, Dean Tianshu immediately smiled and said: "Let's call this token the Son of God's Token for the time being. It contains a part of my power. Once this token of God's Son is released, The seal in it can stimulate the power I store in it, allowing you to instantly kill powerful enemies. However, in order to prevent you from relying on this extremely powerful magic weapon, the power I store in this token is limited. Once used, the power in this token will be weakened by one point, so you'd better not use it until there is a crisis."

Hearing what Dean Tianshu said, Ye Feng's eyes suddenly lit up.

Because Ye Feng knew that Dean Tianshu was a very terrifying existence, suspected of being a high-level master.

For a strong man of this level, once the power stored in the token is released, it will be absolutely earth-shattering and extremely terrifying. ??

You know, Ye Feng had obtained the power talisman sealed by the dean of Haoran Academy.

The dean of Haoran Academy was only a junior master. The destructive power released by Ye Feng's talisman instantly wiped out one of the core figures of the dark demon sect, the Hundred-Faced Demon Lord, without leaving a trace. Got off.

Not to mention the existence of an even more terrifying high-level master like Dean of the Academy, it must be even more terrifying.

And it's not just used once.

According to what Dean Tianshu said, Ye Feng can use the power in this Son of God token many times.

It's just that there is a limit to the number of times you can use it once and weaken it once.

Ye Feng immediately took the Son of God token into his hands very solemnly, and then put it into the storage ring. He regarded it as his biggest trump card at the moment and a way to save his life.

At this time, Ye Feng looked at Dean Tianshu in front of him and said loudly: "Then I will leave first."

Dean Tianshu nodded slightly and said aloud: "If there is anything else, I will personally send a message to you, and then you have to pay attention to it alone."

Ye Feng immediately nodded, and then left the ancient temple.

When Ye Feng came out of the Ancient Temple, he did not deliberately hide his face.

But when Ye Feng was flying through the entire Wanjie Martial Arts Academy, he didn't attract many people's attention.

After all, although the entire Wanjie Martial Arts Academy is excited because of the name Ye Feng, few people know what Ye Feng actually looks like.

Therefore, when Ye Feng travels through the entire Wanjie Martial Arts Academy, he does not receive much attention.

At this moment, Ye Feng did not hesitate and returned directly to the small world where his direct disciple lived.

Dangye

After Feng entered the small world, he flew directly towards the Baihua Temple where the Baihua Fairy lived.

Ye Feng was ready to thank Baihua Fairy and Luo Li.

Because if it weren't for the two of them, Ye Feng wouldn't have participated in this inheritance stone tablet ceremony, and there wouldn't have been such a huge opportunity.

In addition, Ye Feng also wants to find a relatively safe place to practice.

After all, Ye Feng had previously derived a hundred inheritances from the inheritance stone tablet.

These one hundred inheritances are all very high-level inheritances. They are probably the powerful inheritances in the heaven where the inheritance stone tablet fell.

Not all of these inheritances are suitable for Ye Feng, but Ye Feng will definitely be able to pick out a few of them that are most suitable for his own practice.

So Ye Feng was going to carefully select these inheritances, and naturally he had to choose a safe place to do so.

Currently, the safest among the entire Ten Thousand Realms Martial Arts Academy is the Baihua Temple where the Baihua Fairy lives.

Moreover, living in the small world of a direct disciple, the air in the small world is very good, and the spiritual energy is very abundant, which can provide great help to Ye Feng's cultivation.

At this time, Ye Feng came to the small world where his direct disciples lived, and no one dared to stop him.

Even the elders who were guarding the small world, beings at the big shot level, saw a trace of awe in their eyes when they saw Ye Feng.

After all, Ye Feng has now become the most noble son of god in the Wanjie Martial Arts Academy.

Even though Ye Feng's cultivation seems to be in a relatively weak state, this does not mean that these big shots can offend Ye Feng's majesty.

After all, Ye Feng's identity as the Son of God was personally canonized by the supreme Dean of the Book of Heaven, and the weight was too heavy.

Ye Feng entered the small world of his direct disciple without encountering any obstruction, which made Ye Feng's eyes show a look of surprise.

It seems that I can live in the small world as long as I want in the future.

No one should kick him out.

This also means that Ye Feng does not need to be a disciple of some big man in the small world. Because of his status as the Son of God, he enjoys this huge right.

He could lie down or sleep in the small world where his direct disciples lived. No one had the right to drive Ye Feng away.

Even if Ye Feng went to live in the central hall of Wanjie Martial Arts Academy now, no one would dare to say anything.

At this moment, Ye Feng quickly flew towards the Baihua Temple.

But when Ye Feng just flew halfway.

"boom!"

Suddenly, a bright golden light fell from the sky.

A very majestic looking young man appeared.

He was wearing a golden robe, and behind him in the void was a golden shadow of the God of War.

It was as if there were ancient gods guarding this young man at all times.

This young man was holding a golden spear in his hand. He looked very terrifying, and his cultivation was overwhelming.

There was a deep solemn look in Ye Feng's eyes. This young man was more terrifying and powerful than any direct disciple he had seen. His cultivation level was probably much higher than his own, and it was impossible to guess.

At this moment, Ye Feng couldn't help but said: "Who are you, don't you know that I am the Son of God of the Ten Thousand Realms Martial Arts Academy? Why don't you retreat quickly!"

Hearing what Ye Feng said, this majestic young man wearing a golden robe and holding a golden spear immediately couldn't help but said: "I know that you are the son of God, and you were canonized by the dean himself, but I don't Convinced, I am one of the top three super geniuses in the entire Wanjie Martial Arts Academy. My name is Zhan Cangtian, I am the disciple of the Emperor of War, and I have the physique of the God of War."

Hearing what Zhan Cangtian said, Ye Feng's eyes suddenly froze. Looking at Zhan Cangtian who answered his questions honestly, he found that the other party seemed to be very sincere.

Ye Feng immediately said: "I have no interest in fighting you. I have other things to be busy with now."

When Zhan Cangtian heard what Ye Feng said, he immediately held the golden spear in his hand, blocked Ye Feng's way, and said loudly: "I have to fight you because I am not convinced that you have become the disciple of our Wanjie Martial Arts Academy. Son of God."

When Ye Feng heard what Zhan Cangtian said, he immediately said: "I can sense the fluctuations in your cultivation aura. Your cultivation is a dozen realms higher than mine. How do you think we can have a fair fight?" ?"

Hearing what Ye Feng said, Zhan Cangtian immediately widened his eyes and said quickly: "I can suppress my cultivation to the same level as you. In this case, it will be a fair fight."

When Ye Feng heard what Zhan Cangtian said, his eyes immediately showed a look of surprise. He didn't expect that Zhan Cangtian had such a hot temper and came directly to challenge him.

He is the newly promoted son of God.

At this moment, Ye Feng still wanted to say something.

But suddenly at this moment, countless petals flew over from a distance and directly condensed into a petal barrier, protecting Ye Feng.

Fairy Baihua flew over from a distance, stood beside Ye Feng, then looked at Zhan Cangtian not far away, and said loudly: "Zhan Cangtian, how many years have you been practicing since you joined our Wanjie Martial Arts Academy? Don't treat it like this The big one bullies the small one!"

When Zhan Cangtian heard this, his face immediately turned red and he said loudly: "I am not bullying the small with the big, I will suppress my cultivation to the same level as this Ye Feng, and then fight with him, if I win, he is not qualified to be the Son of God of our Ten Thousand Realms Martial Arts Academy, I should be the Son of God."

Hearing what Zhan Cangtian said, Baihua Fairy immediately wanted to say something.

But suddenly at this time, Ye Feng smiled slightly and said: "If Zhan Cang really wants to fight me, then I can promise him to fight at the same level of cultivation."

"What??"

Hearing what Ye Feng said, Baihua Fairy couldn't help but her eyes changed immediately, and then she said loudly: "Ye Feng, this Zhan Cangtian is not an ordinary direct disciple. He is known as a fighting maniac among our Wanjie Martial Arts Academy. The top super genius, his cultivation strength is very terrifying, even some older people are no match for him, and even if he suppresses his cultivation to the same level as you, but you have to know that his combat experience and martial arts understanding, They are much higher than you. You cannot be his opponent. Even though you are the Son of God now, don't be blindly confident."

Hearing Baihua Fairy say this, Ye Feng immediately smiled and said: "Senior Baihua, don't worry, I am willing to fight with this Zhan Cangtian. Senior Baihua will wait and see."

After finishing speaking, Ye Feng walked directly out of the petal barrier released by the Flower Fairy, then stared at the majestic Zhan Cangtian in front of him, and said loudly: "I promise to fight you."

Hearing what Ye Feng said, Zhan Cangtian immediately shouted and said: "Okay, you are a good boy, and you are the type I admire, but I am not convinced of your position as the Son of God, so today's inevitable battle, if you lose, you give up your position as the Son of God, but you don't have to be discouraged, I will treat you to a drink."

Ye Feng couldn't help but smile dumbly when he heard this, and then asked aloud: "What if you lose?"

Zhan Cangtian grinned, his whole body exuding bright golden light, like a golden god, standing in the void, and said loudly: "I will not lose, I have been in the martial arts for three hundred years, and I have never had this before. It's very lonely when you lose."

Chapter 3805 I lost

I have to say that this Zhan Cangtian speaks very domineeringly.

Saying these words at this moment made everyone feel that this was a super master who had never failed.

At this time, Ye Feng stared at Zhan Cangtian in front of him with a hint of surprise in his eyes.

For Ye Feng, Zhan Cangtian's cultivation strength is indeed very terrifying. After all, he is the eldest disciple of the Emperor of War.

The War Emperor is one of the top figures in this small world of direct disciples, and is very terrifying.

It is much older than a powerful person like Baihua Fairy.

Therefore, it is not surprising that Zhan Cangtian's cultivation is so powerful. After all, he is the first generation disciple trained by the Emperor of War, so he is naturally very terrifying.

It is said that Zhan Cangtian is one of the most powerful candidates vying for the position of the Divine Son of the Wanjie Martial Arts Academy.

At this moment, Ye Feng stared at Zhan Cangtian and slowly released his cultivation aura.

Zhan Cangtian also kept his promise at this time and directly suppressed more than a dozen realms with his cultivation aura, suppressing it to the same realm level as Ye Feng, which was the seventh level of the divine realm. .??.

But even so, this battle is actually very detrimental to Ye Feng.

After all, Zhan Cangtian's cultivation level is a dozen levels higher than Ye Feng's.

Therefore, his martial arts perception and combat experience must be more than ten levels ahead of Ye Feng.

Even if his cultivation level is similar to that of Ye Feng, Zhan Cangtian's combat awareness and true combat power are terrifying.

However, Ye Feng didn't have much fear at this time. After all, Ye Feng had never been afraid of anyone in battles in the same realm.

At this moment, Ye Feng said slowly: "You can just take action."

Zhan Cangtian's eyes showed a trace of crazy fighting spirit, and he said loudly: "I will definitely defeat you!"

Boom!

At this moment, Zhan Cangtian held the spear in his hand and immediately charged towards Ye Feng.

The gun comes out like a dragon!

His spear instantly turned into a golden dragon, roaring and roaring, directly bombarding Ye Feng in front of him, trying to defeat Ye Feng head-on with the most ferocious power.

The fighting style of Zhan Cangtian is also very fierce, the same type as Ye Feng.

At this moment, Ye Feng laughed and said: "Zhan Cangtian, if you are defeated by me, you must call me Son of God when you see me in the future."

boom!

At this time, Ye Feng said, directly bursting out the power of his Hongmeng Immortal Body, and directly activated the Overlord Immortal Golden Body.

I saw that Ye Feng's whole body was bursting with golden light.

Ye Feng stretched out a hand, and this hand immediately turned into an extremely heavy golden hand, like a golden mountain.

It bombarded from high altitude, and suddenly collided with the spear that turned into a golden dragon in Zhan Cangtian's hand.

Boom! !

At this moment, the entire field suddenly erupted with an earth-shattering roar.

It was like two ancient mountains colliding together, creating an extremely terrifying collision aftermath, which spread towards the surroundings and shattered the entire surrounding ground.

At this time, Ye Feng and Zhan Cangtian couldn't help but take several steps back.

"What?"

Zhan Cangtian's eyes immediately widened at this moment, and he couldn't help but stare at Ye Feng in horror, and said loudly: "You can actually resist the golden dragon gun in my hand with all your body strength? This How can it be!"

Fairy Baihua stared at the battle on the field and her eyes widened suddenly. It seemed that she did not expect that Ye Feng actually had the strength to rival Zhan Cangtian.

After all, Baihua Fairy knows very well that every move of a top genius like Zhan Cangtian is very terrifying and has terrible destructive power.

Even if Zhan Cangtian suppresses his cultivation level to the same level as Ye Feng, he is still far ahead of Ye Feng. After all, he is more than ten levels higher than Ye Feng, and his martial arts awareness and various views on cultivation are completely ahead of him. Yu Ye Feng's.

But I didn't expect that Ye Feng could still fight Zhan Cangtian on a par.

At this time, Zhan Cangtian's eyes finally became serious.

He stared at Ye Feng for a moment, and seemed to understand why the dean named Ye Feng, a new disciple, as the Son of God.

This is indeed a powerful guy.

Buzz!

But at this moment, the fighting aura on Zhan Cangtian's body was still very violent and terrifying.

Zhan Cangtian's eyes were filled with golden light, and his fighting spirit became stronger.

He slowly walked towards Ye Feng, like a golden god walking on the earth, and said slowly: "If you can borrow this trick from me, then I will admit that your talent is top-notch. "

boom! !

After finishing speaking, Zhan Cangtian suddenly burst into a bright golden light, and a golden God of War with a towering height of several kilometers condensed around Zhan Cangtian.

Zhan Cangtian flew into the mid-air at this moment and flew into the body of this majestic golden war god several thousand meters away. He merged directly with this golden war god and turned into a golden giant of light, heading directly towards Ye Feng. It struck the past, possessing the power of the ancient golden god of war.

At this time, Ye Feng saw this scene and knew that Zhan Cangtian must be serious now.

"boom!

"

At this moment, Ye Feng did not hesitate at all and directly released the Heaven and Earth Dragon God Art.

Boom!

At this moment, a golden dragon burst out from Ye Feng's body, and the soul of an ancient ancestral dragon appeared, fused with Ye Feng's whole body, and rushed forward in an instant.

Boom! !

Next, the two immediately collided together and fought at high altitude. At this moment, the terrifying fighting sound attracted all the characters in the entire small world of direct disciples.

Many direct disciples, including some senior figures in the small world, all came out of their respective residences and were watching the battle in the distance.

The battle at high altitude is very terrifying.

The golden god of war transformed by Zhan Cangtian collided with the soul of the ancient ancestral dragon transformed by Ye Feng.

Every time the two behemoths collided, they produced horrific destructive aftermath, shattering the entire void and earth around them.

At this time, Ye Feng had a look of surprise in his eyes.

This Zhan Cangtian is indeed one of the three top super geniuses, and his combat power is indeed very terrifying.

Because if there were other young strong men at the same level as himself, Ye Feng would probably be able to crush them long ago.

But this Zhan Cangtian is still able to fight with him until now, which is enough to show that this Zhan Cangtian's talent and strength are very terrifying.

At this time, Ye Feng was surprised, but what he didn't know was that Zhan Cangtian was even more surprised than him.

At this moment, Zhan Cangtian's heart was filled with fear and turmoil.

Because Zhan Cangtian knew that although he had suppressed his cultivation and was at the same level as Ye Feng, his real cultivation was a dozen levels higher than Ye Feng, so he still had an advantage.

Moreover, his combat power is very terrifying, and he can leapfrog and kill those terrifying enemies.

But I didn't expect that when dealing with Ye Feng now, he would be unable to defeat Ye Feng for a while.

Even Ye Feng showed stronger and stronger strength.

At this time, the golden God of War transformed from the fusion of Zhan Cangtian suddenly let out an earth-shattering roar.

"The gods will destroy the world!!!"

Boom!

I saw that Zhan Cangtian's body suddenly erupted with terrifying waves of destructive light, bombarding Ye Feng.

That terrifying destructive power could destroy half of the small world.

At this moment, Ye Feng saw Zhan Cangtian amplifying his moves, and without any hesitation, he directly released the fourth-level bloodline talent he had awakened, the God's Armor.

Buzz!

A set of armor emitting bright light suddenly appeared on Ye Feng's body, making Ye Feng's combat power extremely terrifying in an instant.

Then Ye Feng directly took out an extremely powerful weapon, the Dragon King's Holy Sword.

At this time, Ye Feng used his strongest magic power to activate the Dragon King's Holy Sword. Suddenly, the long sword in Ye Feng's hand burst out with a golden light that spread tens of thousands of meters long.

At this moment, Ye Feng was holding the Dragon Emperor's Holy Sword in his hand.

The Dragon King's Holy Sword directly turned into a golden sword with a length of tens of thousands of meters. It had extremely terrifying power. It slashed down from high in the sky, as if it could cut the entire small world into two pieces. two.

Boom! !

The terrifying collision immediately shook the entire small world.

At this moment, the whole small world seemed to be shaken violently.

Countless people were shocked by this thrilling battle.

These two peerless geniuses are the top beings of the Ten Thousand Realms Martial Arts Academy. The battle between them is really like the battle between ancient gods. It is really terrifying to the extreme.

Those big figures, including many direct disciples, couldn't help but sigh: "It is really sad to be born in the same era as such super geniuses. Their light is so dazzling that they simply cover up all the people of the same age. Duan's other geniuses."

At this time, the light in the sky finally disappeared.

I saw a sword mark on Zhan Cangtian's shoulder, and golden blood flowed out.

At this time, Ye Feng was holding the Dragon King Holy Sword in his hand, and he was a little exhausted, but he did not have any injuries on his body.

At this time, Zhan Cangtian looked at the small wound on his shoulder, his face seemed a little stiff.

But then he looked at Ye Feng and said loudly: "I lost, you won."

After finishing speaking, Zhan Cangtian suddenly looked at Ye Feng and said loudly: "When I see you in the future, I will directly address you as the Son of God, but there is still a battle between you and me. Wait until your cultivation reaches the same level as mine. When the time comes, I will still have to fight with you. Today I have suppressed my cultivation and cannot use many methods."

When Ye Feng heard what Zhan Cangtian said, he immediately smiled and said, "Okay, I'll remember it. When my cultivation level catches up with yours, we will have another battle."

"Hahaha!"

After finishing speaking, Zhan Cangtian suddenly burst into laughter and said loudly: "Okay, very good, Ye Feng, you are the most talented person I have ever seen, and your fighting power is super strong, no less than me, you are qualified to be my friend." Come on, I'll treat you to a drink tonight. I'll go to a mortal dynasty affiliated with our Wanjie Martial Arts Academy, and I'll treat you to the most expensive Yihong Courtyard to drink and play."

"Um?"

Hearing what Zhan Cangtian said, Ye Feng's eyes suddenly lit up.

Chapter 3806 Righteous Alliance

That night, Zhan Cangtian took Ye Feng to a mortal dynasty in the territory under the jurisdiction of the Wanjie Martial Arts Academy.

The territory of this mortal dynasty was very vast.

Zhan Cangtian took Ye Feng directly to the imperial city of this mortal dynasty.

What shocked Ye Feng was that Zhan Cangtian directly brought him to the palace of this mortal dynasty, and the emperor and his ministers quickly came to pay their respects.

Zhan Cangtian just said: "Let Yihongyuan, the most expensive restaurant in the imperial city, be closed to the public today. I will book the place with my brother Ye Feng and have a drink together. By the way, let all the young ladies stay."

For Zhan Cangtian, a top genius from the Wanjie Martial Arts Academy, the emperor of this mortal dynasty naturally nodded and made arrangements quickly.

That night, Ye Feng and Zhan Cangtian had a very good chat.

After all, both of them have relatively simple and direct tempers, and their fighting styles are the same.

While chatting, Zhan Cangtian suddenly couldn't help but said with some envy: "Brother Ye Feng, you are really quick to start. A goddess-level figure like Luo Li is so devoted to you. Many people are I'm very envious of you."

When Ye Feng heard what Zhan Cangtian said, he immediately looked at the group of young ladies from Yihongyuan surrounding Zhan Cangtian, and couldn't help but say, "You are quite chic, too."

Zhan Cangtian laughed, and then suddenly his face became a little serious, and he said loudly: "Ye Feng, you have been named the Son of God by the dean. Such sudden news will definitely make all the super geniuses unconvinced by you. , not just me, but especially Xiao Jiuyou, the eldest disciple of Jinguang Dharma King. This is a vicious guy. His cultivation strength is no less than mine, but he will use some secretive means. He may frame you, Ye Feng, you must pay attention, not everyone is like me and will suppress their cultivation to fight with you in an upright manner."

Ye Feng heard Zhan Cangtian's reminder and immediately

He just smiled slightly and said: "Don't worry, I also have a trump card. If anyone dares to harm me secretly, I will give them a surprise."

Hearing what Ye Feng said, Zhan Cangtian became interested and couldn't help but ask: "Did the dean give you any treasure?"

Ye Feng smiled slightly and said nothing more.

When Zhan Cangtian saw Ye Feng's expression, he couldn't help but said with envy: "The dean really likes you. It's his first time seeing you. Why is he so nice to you?"

Ye Feng smiled slightly and said aloud: "Maybe it's because my talent is really extraordinary."

When Zhan Cangtian heard what Ye Feng said, his eyes immediately showed a look of astonishment. Then he couldn't help but shook his head and smiled, drank a glass of wine, and said loudly: "Anyway, you should pay attention to one of the great disciples of Jinguang Dharma King, Xiao Jiu." You, this is a vicious guy, and there is another guy who is as famous as us, another top genius, Jun Tiandi, who is the great disciple of the Sword Saint. One of the most powerful physiques in the world, this Jun Tiandi is very mysterious. I have no contact with him. I estimate that his cultivation level is still higher than that of Xiao Jiuyou and me. "

"Um?"

Hearing what Zhan Cangtian said, Ye Feng's eyes showed a trace of surprise.

It seems that the foundation of the Wanjie Martial Arts Academy is really very deep, and there are so many terrifying super geniuses.

Ye Feng nodded immediately at this time and continued to drink wine with Zhan Cangtian.

It wasn't until late at night that Ye Feng and Zhan Cang left this mortal dynasty and returned to

Entered the Wanjie Martial Arts Academy.

Zhan Cangtian continued to go back to practice in seclusion.

Ye Feng flew quickly towards the Baihua Temple where the Baihua Fairy was.

When Ye Feng came to the Baihua Temple, Luo Li stood alone at the door of the Baihua Temple with her beautiful figure, seemingly looking outside, waiting for something.

He should be waiting for Ye Feng's return.

Uh-huh!

Ye Feng immediately flew over at this time, smiled and said: "Luo Li, why are you standing here alone?"

Luo Li saw Ye Feng, and a sweet smile immediately appeared on her beautiful little face, and she said loudly: "Ye Feng, you are finally back. I'm afraid that Zhan Cangtian is cheating and asking you out. To deal with you secretly." .??.

When Ye Feng heard this, he immediately laughed and said: "Don't worry, although this guy Zhan Cangtian is indeed a little arrogant, his character is still very good. We drank in a mortal dynasty and talked about a lot of important things. things."

"As long as you're safe, I've been worried all night."

Luo Li immediately nodded, and then said aloud: "Ye Feng, the master has said that for the next period of time, you can live in the Baihua Temple with peace of mind and silently improve your cultivation. The master said that you Now that I have become the Son of God, it seems glamorous, but in fact there are also various dangers."

Ye Feng immediately nodded and said loudly: "I came to Baihua Temple this time just to live here, to fully understand the hundred high-level inheritances I have received before, and to see which inheritances are more suitable. Myself."

After saying this, Ye Feng suddenly released a hundred inherited light groups, illuminating Luo Li's beautiful face.

.

At this time, Ye Feng smiled and said: "Luo Li, let's understand together. Anyway, with so many inheritances, there must be something suitable for you."

When Luo Li heard what Ye Feng said, she immediately nodded happily.

Of course, she was happy not because Ye Feng was willing to share these hundred inheritances with her.

She was happy because she could practice with Ye Feng.

This is something Luo Li is looking forward to very much.

At this time, Luo Li suddenly seemed to have thought of something, and couldn't help but said: "By the way, Ye Feng, I should have said before that the Dark Demon Cult has organized many masters of magic, and they are in the boundless desert of our origin world. Deep in the depths, dark altars have been set up, which seem to be carrying out some kind of evil ritual. Therefore, the upper echelons of the Wanjie Martial Arts Academy hope that we, powerful geniuses, can go over and destroy this plan of the Dark Demon Cult, and this time Once, in addition to our Ten Thousand Realms Martial Arts Academy, there were many other giant forces from the Righteous Alliance that originated in the big world, and they all sent out peerless masters to destroy the actions of the Dark Demon Cult. In addition to our Ten Thousand Realms Martial Arts Academy, there were also other giants such as Haoran Academy, Phoenix Divine Kingdom, Taixuan Divine Sect, Sanqing Dao Sect and many ancient families, etc., these members of the Righteous Alliance have all sent their masters. "

When Ye Feng heard what Luo Li said, a look of surprise suddenly appeared in his eyes.

Unexpectedly, the major giants in the Origin World who were not convinced by the rule of the Dark Demon Cult would unite and form a Righteous Alliance.

Ye Feng had been doing tasks before, but he didn't know about it.

At this moment, Luo Li continued to speak: "Ye Feng, let's go together then. I heard that the materials for the dark altars built by the Dark Demon Cult are very precious god-level spiritual diamonds, which are priceless."

Chapter 3807 Choosing inheritance

Hearing Luo Li say this at this moment, Ye Feng's eyes revealed a look of surprise.

I didn't expect that the Dark Demon Cult would actually build so many dark altars in the boundless desert. They were so majestic that they didn't take all the members of the Righteous Alliance seriously.

At this time, Ye Feng immediately nodded and said, "I just need to quickly accumulate skills and improve my cultivation, so let's go together."

After Ye Feng fought with Zhan Cangtian, he immediately understood that there was a huge gap between himself and the top three super geniuses of the Wanjie Martial Arts Academy.

Therefore, Ye Feng now very much wants to accumulate his cultivation skills quickly and catch up with this top super genius as soon as possible.

Moreover, the lurkers of the Dark Demon Sect who have infiltrated into the Ten Thousand Realms Martial Arts Academy must be very powerful. They don't know when they will suddenly jump out and give themselves a fatal blow.

Although Ye Feng has the Son of God Token on his body, it contains the terrifying power of Dean Tianshu.

But Ye Feng knows that the power in the Son of God Token is limited and can only be used a few times, so everything still requires his own strength to become stronger.

Next, Ye Feng continued to comprehend the one hundred inheritances he had received in the Hundred Flowers Temple.

Ye Feng didn't think highly of most of the inheritances.

After all, although the inheritances contained in this inheritance stele are all high-level inheritances, they may be very precious in the eyes of ordinary disciples and students.

But in Ye Feng's current eyes, some inheritances may not be so powerful.

After all, Ye Feng's vision is very high now.

So in the end, Ye Feng selected several sets of the most powerful inheritances from a total of one hundred inheritances that were more suitable for him.

They are the Cang Tian Hegemon Body Technique, the Ancient Barbarian Ox Technique, the Sun and Moon God Statue, the Ten Directions God King Technique and the Great Desolation Scripture.

Cang Tian Ba Ti Technique and Ancient Barbarian Ox Technique can increase Ye Feng's physique.

The power gives Ye Feng extremely fierce fighting power.

The Sun and Moon God Statue and the Ten Directions God King Law are the inheritance of law and will, which can increase Ye Feng's comprehensive martial arts ability and enhance Ye Feng's various attribute powers in battle.

As for the last Great Desolation Scripture, it is better to say that it is a kind of inheritance than an ancient book.

Ye Feng can improve his ability to understand Taoism by rotating the Great Desolation Scripture. This is a auxiliary inheritance.

At this moment, after selecting the most powerful inheritances, Ye Feng immediately felt that his overall strength had improved a lot, making Ye Feng's eyes reveal a deep look of joy.

This time, I really got so many powerful ancient inheritances for free.

It's really a huge profit.

After practicing in the Baihua Temple for a period of time, many disciples from the Ten Thousand Realms Martial Arts Academy went to the Boundless Desert.

Ye Feng and Luo Li were also ready to take action today.

At this time, Luo Li's beautiful little face was full of joy. This was the first time that she and Ye Feng went out to do tasks and experience together.

This is something Luo Li has been looking forward to for a long time.

Before leaving, Fairy Baihua said seriously: "The Dark Demon Sect is not an ordinary hostile force, but a very terrifying dark force, so you two must be careful, because your cultivation skills may be higher than those of others of the same age. He is already considered very good among his generation, even top-notch, but in the eyes of some older people, or in front of the super geniuses of the younger generation like Zhan Cangtian, he still seems a bit weak, so if he really encounters any danger, don't hold on, hurry up and retreat, your future potential is very great, don't let the small lose the big."

Upon hearing Baihua Fairy's instructions, Luo Li and Ye Feng both nodded.

Luo Li suddenly asked at this time: "Master, why don't you come with us? You can help us then."

Baihua Fairy immediately couldn't help but smile and said loudly: "Girl Luo Li, you are too naive. If a big shot like me goes there, it is very likely that the more terrifying existences in the Dark Demon Cult will be attracted. The times are very unfavorable for young disciples like you, and I also have my own tasks. I need to take charge of the entire Wanjie Martial Arts Academy. If there are some emergencies, the upper management of the academy may send me to deal with them. We also have our own affairs. "

When Luo Li heard Baihua Fairy say this, her eyes immediately showed surprise. She didn't expect that her master could be involved in so many things.

Luo Li had always thought that these top big shots just stayed in the sect and didn't have to do anything, leaving young disciples like them to go out on adventures. It turned out that these big shots also had their own responsibilities.

Everyone has different tasks for everyone.

At this time, Luo Li nodded immediately, and then followed Ye Feng and flew directly towards the outside of the Wanjie Martial Arts Academy.

On the way to the boundless desert, Luo Li's face was filled with joy.

Seeing this scene, Ye Feng couldn't help but shook his head and smiled, and said loudly: "Luo Li, why do I feel that you came out not to complete a dangerous mission, but to go sightseeing?"

Luo Li immediately smiled sweetly and said loudly: "Being able to come out with Ye Feng, no matter how dangerous things happen, I feel happy and worth it."

Hearing what Luo Li said, Ye Feng couldn't help but shake his head and smile. He didn't say anything more and concentrated on his way.

On the way to the boundless desert, Ye Feng also said solemnly to Luo Li: "Luo Li, our current cultivation skills are still a little weaker than those of the older generation or the younger generation, so as your master said Like that, what danger will we really encounter then?"

If there is any danger, run away immediately, but don't worry, I have the space gem. If there is really any danger that cannot be ignored, I can easily take you to escape with me. "

"Uh-huh."

Luo Li immediately nodded vigorously, grabbed Ye Feng's arm, and pressed her whole body against Ye Feng's arm. She smiled sweetly and said, "Okay, I will listen to everything Ye Feng does." Yours, when we get outside, Ye Feng, you have experience, and I am just a flower in a greenhouse with no experience. I give everything to you, whatever you say is what it is."

Hearing what Luo Li said and seeing how proactive Luo Li was, Ye Feng couldn't help but smile helplessly, and then continued to fly quickly towards the boundless desert with Luo Li.

When the two came to the edge of the boundless desert, they immediately smelled the smell of blood.

It was as if the air was filled with a terrifying murderous intent and blood.

Luo Li's beautiful little face suddenly showed a trace of solemnity, and she said aloud: "I guess all kinds of killings have begun to occur in the boundless desert."

You know, Luo Li is not a simple sweet girl, but an ancient Luo Shen body, a descendant of the dominant bloodline, one of the most powerful physiques in the world, and naturally very powerful, not just a flower vase.

Ye Feng nodded and said aloud: "Let's not fly high in the sky, walk quickly on the ground, and hide ourselves, because there may be various powerful dark demons here at any time. These dark demons may appear here at any time." The strong ones who teach will not stop attacking us just because we are the younger generation. Instead, they will try their best to kill all the young talents in the Righteous Alliance and strangle the future of the Righteous Alliance."

When Luo Li heard what Ye Feng said, she nodded slightly, and then took out her treasure. It was a long sword exuding the aura of ice. It was a holy sword. It looked very noble, and it was obviously The exclusive treasure refined by Baihua Fairy for Luo Li emits sword light and has powerful attack power.

Chapter 3808 The gathering of storms

At this time, Ye Feng also exuded a trace of his own cultivation aura, and then the soul power emitted moved towards the surrounding area, always alert to possible dangers.

At this time, Ye Feng said: "Let's continue moving towards the depths of this boundless desert."

Luo Li nodded and followed Ye Feng, walking quickly towards the depths of the boundless desert.

Not long after they walked, they passed a small hill.

Suddenly Ye Feng's eyes moved and he stretched out a hand.

Buzz!

His hand suddenly became extremely huge, emitting golden light, and instantly struck the direction of the small hill not far away.

Boom!

The small hill was immediately shattered by Ye Feng's big golden hand.

"ah!"

"ah!"

"ah!"

Then there were screams from the hills.

After the entire hill exploded, there were several magic masters wearing black clothes lurking in it, seemingly waiting for an opportunity, but they were directly discovered by Ye Feng using his soul power to scan them.

Ye Feng struck first and killed the dark demon masters hiding among them instantly.

However, the strength of these Dark Demon Cult masters was not that great. After Ye Feng devoured them, their skills only increased a little bit, and they did not directly break through to their current level.

At this time, Luo Li saw this scene and couldn't help but said: "It seems that this boundless desert is really full of dangers. I even feel that the Dark Demon Cult has built so many dark altars, and they are not really going to be held. What kind of evil summoning ritual is just to attract us, the masters of the Righteous Alliance, to come to this boundless desert, and then hunt down us, the masters of the Righteous Alliance. "

Hearing Luo Li's analysis, Ye Feng nodded slightly and said: "There is also this possibility, but we still have to go into the depths of the boundless desert to take a look. After all, the Dark Demon Cult has built so many dark altars and spent a lot of money. Such a high price cannot be just to ambush us young masters of the Righteous Alliance, there must be other special purposes. "

When Luo Li heard what Ye Feng said, she nodded slightly, then suddenly smiled sweetly and said loudly: "With brother Ye Feng's soul power exploration, we can really do it this time.

The danger has been reduced to the minimum. If it hadn't been for Brother Ye Feng who had taken action earlier, we might have been directly attacked by these magic masters. Although we wouldn't have been killed by the attack, we might have suffered some injuries. In this world of endless dangers, In the desert, even a slight injury may affect our combat effectiveness, making us unable to cope with the dangers that follow. "

Ye Feng nodded slightly and said aloud: "In this extremely dangerous and boundless desert, masters of the Dark Demon Cult may jump out at any time. We must work hard to maintain our state at its peak. state in order to withstand any terrible crisis that may come."

At this time, Ye Feng and Luo Li continued to move forward.

On the way, they also saw several disciples from other Righteous Alliance forces.

Ye Feng even saw the disciples of Haoran Academy wearing the clothes of Haoran Academy.

Ye Feng has been to Haoran Academy before, so he is very familiar with the costumes of the disciples of Haoran Academy.

Ye Feng immediately stepped forward to say hello and wanted to ask if Baby Haoran was here.

After all, Ye Feng still misses this little baby Haoran very much.

Baby Haoran is a very innocent and cute baby, which makes people like him very much.

However, after Ye Feng asked, the disciple of Haoran Academy said that the baby of Haoran is now being trapped in the special space of Haoran Academy by the dean of Haoran Academy. It seems that he is receiving some kind of inheritance and will not be able to come out for a while.

This made Ye Feng's eyes show a hint of disappointment. It seemed that he would not be able to meet the cute baby Haoran this time.

Next, Ye Feng and Luo Li continued to move towards the depths of the boundless desert.

On the way, they occasionally encountered some masters of the Dark Demon Sect, but with the joint efforts of Ye Feng and Luo Li, they easily eliminated these masters of the Dark Demon Sect.

After all, whether it is Ye Feng or Luo Li, their cultivation strength is very strong.

You know, Ye Feng has the best Hongmeng physique in the world, and Luo Li is also one of the most powerful physiques in the world, the ancient Luo Shen Physique.

So two

Even if people are relatively weak in cultivation now, they can still be very terrifying when they join forces.

Ordinary masters of the Dark Demon Cult were simply unable to resist the combined attacks of the two.

On the third day of their journey, a huge black city suddenly appeared in front of them.

This black city is entirely made of obsidian and looks very solid.

There are many ancient magic patterns engraved on the surface of the entire city, which are obviously huge formations engraved to defend against foreign enemies.

Seeing this black city, Ye Feng suddenly showed a look of surprise in his eyes and said loudly: "I didn't expect that the Dark Demon Cult actually built a city in the boundless desert. It should be specially used to protect what they built. The dark altars that came out."

When Luo Li heard what Ye Feng said, her eyes immediately lit up, and she couldn't help but say: "If you put it this way, we are not far from the place where the Dark Demon Cult built the Dark Altar."

Ye Feng nodded and said aloud: "But from here on, the danger will become greater and greater, because the Dark Demon Cult will definitely gather the most elite experts here to protect the dark altars they have built. "

Luo Li couldn't help but ask at this time: "Then what should we do now? Directly bypass this black city, or should we observe this black city first?"

Ye Feng thought for a moment, and suddenly there was a huge roar not far away.

"boom!"

I saw a young man wearing a white robe, holding a white light holy sword in his hand, and he went straight into the black city alone.

There were many other young masters of the Righteous Alliance who were rushing over, and they couldn't help but exclaimed: "It's the chief disciple of Haoran Academy, ask the people! He is holding the long sword emitting white light in his hand. , it should be the legendary Holy Sword of Haoran! Unexpectedly, even the chief disciple of Haoran Academy came here this time. It seems that Haoran Academy attaches great importance to this plan of the Dark Demon Sect. "

boom!

And just as everyone finished speaking, there was another huge roar not far away.

A young woman standing on the flaming phoenix appeared, her whole body burning

With red flames, black hair like a waterfall, and a golden mask on his face, he looks mysterious and beautiful, giving people a sense of elegance and nobility.

At this moment, many other young masters from the Righteous Alliance could not help but exclaimed again: "It turned out to be the Phoenix Goddess of the Phoenix Kingdom. I didn't expect that another top genius from the giants of our Righteous Alliance would appear. , it seems that the significance of so many dark altars built by the Dark Demon Cult this time is very extraordinary. It actually allowed so many giant forces in our Righteous Alliance to send top geniuses to destroy the plan of the Dark Demon Cult this time. "

"Buzz!"

And just after everyone finished speaking, another huge white dragon flew over from the dark sky not far away.

On top of the white giant dragon's head, stood a majestic young man with a majestic body and a towering posture. His aura was very terrifying, giving people the feeling of dominating the world.

"It's Shangguan Tianya, the eldest young master of the ancient Shangguan family! The white dragon under his feet seems to be the bright dragon with a bright interface that the Shangguan family arrested a hundred years ago! I didn't expect that after being tamed, it was also tamed by the eldest young master Shangguan Tianya. If you take it as a mount, your strength will definitely increase!"

...

At this moment, everyone couldn't help but exclaimed. It seemed that they had never expected that so many top geniuses from the giants and forces of the Origin World would suddenly appear. It was really a gathering of storms, coming from all directions!

At this time, Ye Feng and Luo Li, who were standing below, saw this scene and their eyes flashed slightly.

Luo Li is actually a very smart girl. At this time, she couldn't help but say: "Brother Ye Feng, I think this time the giants of the major righteous alliances have sent their top geniuses here. I'm afraid not only The dark altar built just to destroy the Dark Demon Cult must have a deeper meaning."

Ye Feng immediately nodded slightly, his eyes flashing and said: "To be able to bring the top geniuses of these major giants to come directly, there must be a very mysterious chance in the depths of this lonely and boundless desert, otherwise it would be impossible. Attracting such top talents to come here is definitely not just as simple as destroying the plan of the Dark Demon Cult. Perhaps, the Dark Demon Cult built the dark altar in the depths of this boundless desert for the unknown and mysterious chance creation. What is it? Woolen cloth?"

Chapter 3809 Good Place

At this time, Ye Feng was secretly thinking that suddenly a terrifying battle wave erupted from the black city not far away.

There are several figures with dark light all over their bodies. They should all be super masters in the dark demon sect. They are fighting with the top geniuses of the major forces who have descended on this black city.

It has to be said that the top geniuses among the three giants of the Righteous Alliance who have come here now have very terrifying cultivation abilities.

The chief disciple of Haoran Academy asked Cang Sheng, holding a Haoran Holy Sword in his hand. A bright white divine light burst out from the holy sword. The sword energy spread in all directions and could kill a large number of Dark Demon Cult masters in an instant.

The top genius of the Phoenix Kingdom, the Phoenix Goddess, released the power of the Fire Phoenix, endless crimson flames, burning the entire earth, as if it could burn the entire black city to ashes in an instant.

As for the eldest young master from the ancient Shangguan family, Shangguan Tianya, the light dragon under his feet could spit out waves of white light when he opened his mouth, and it also had very terrifying destructive power.

Under the charge led by three top geniuses, the dark city built by the Dark Demon Cult was in danger of being attacked.

At this moment, Ye Feng quickly looked at Luo Li beside him and said loudly: "We also entered the city to help these geniuses from the alliance fight together." ??

Ye Feng knew very well that although he was now the Son of God of the Wanjie Martial Arts Academy and had a distinguished status, it was best not to reveal his true identity.

After all, his accumulation of skills is still far behind those of the top geniuses who have been famous among these big forces for a long time.

It is better for me to grow up quietly now.

So at this time, Ye Feng was preparing to lurk in the city, killing the masters of the Dark Demon Cult in the dark city while releasing the Devouring

Devouring the realm, devouring the endless blood energy.

You must know that in this black city, there are very powerful masters of the Dark Demon Cult. They fought with the three top geniuses and other young masters of the Righteous Alliance, and naturally suffered countless casualties.

Ye Feng can just plunder the blood energy generated in these battles.

So at this time, Ye Feng naturally hopes to enter the black city.

Luo Li naturally listened to Ye Feng and followed Ye Feng, quickly entering the dark city.

Ye Feng immediately saw that several masters of the Dark Demon Cult wearing demonic costumes immediately besieged him, trying to kill him, a master of the Righteous Alliance who had broken into the black city.

Luo Li held the Holy Ice Sword in his hand and slashed towards the surroundings. A stream of terrifying Ice Sword Qi burst out from the Holy Ice Sword in Luo Li's hand, immediately surrounding the surrounding people. A dozen Dark Demon Cult masters were frozen into ice sculptures, and then quickly broke into pieces and fell to the ground.

It has to be said that after Luo Li opened the ancient Luo Shen Body, he became very powerful under the careful training of Baihua Fairy.

Ye Feng immediately became happy at this moment, and then said loudly: "Luo Li, help me kill all the invading Demon Cult masters around me, and I will focus on devouring them wholeheartedly."

Hearing what Ye Feng said, Luo Li immediately nodded and said with a smile: "Brother Ye Feng, don't worry, I will protect you. You can devour it with peace of mind and strengthen your skills."

At this moment, Ye Feng was slightly

Smiling, he said: "If there is really a powerful enemy coming, I can take action, but if I concentrate on devouring it, the devouring efficiency will be higher."

At this time, after Ye Feng finished speaking, he directly released the devouring domain. In an instant, a dark devouring vortex appeared around Ye Feng, quickly absorbing the blood energy of many masters scattered throughout the surrounding world.

You must know that those who can appear in this black city, whether they are experts from the Dark Demon Cult or the experts from the Righteous Alliance, must be elites.

Those ordinary disciples would definitely not dare to come and die.

Therefore, these elite masters will suffer heavy casualties after fighting, and then they must have gathered very rich blood energy in the entire world.

Moreover, these blood energy are the blood energy of these elite masters. Whether it is the blood energy of the demon masters or the blood energy of the masters of the righteous alliance, they are all very pure and have sufficient energy.

Therefore, Ye Feng released the Devouring Domain at this moment and began to absorb it. He could immediately feel that waves of very majestic skills were immediately injected into his body.

Ye Feng immediately felt that his cultivation aura was growing rapidly.

The battlefield where countless masters fought in chaos was simply a huge source of nourishment for Ye Feng.

"boom!"

The eighth level of the divine realm!

"boom!"

The ninth level of the divine realm!

"boom!"

Perfection in the tenth level of the divine realm!

"boom!"

Half step to the Taoist Realm!

"boom!"

plastic

The first level of Dao realm! !

At this time, Ye Feng's cultivation aura suddenly achieved an unparalleled breakthrough.

After all, the blood energy of these elite masters was so abundant that Ye Feng gained huge growth.

At this time, Ye Feng's cultivation level was directly promoted to the first level of the Tao Shaping Realm, entering a whole new level of cultivation level.

Ye Feng's whole body was exuding bright divine light at this moment, and the aura on his body was many times stronger than before.

At this time, Luo Li couldn't help but said happily: "Brother Ye Feng has improved so much at once, it's great."

Ye Feng smiled slightly at this moment and said: "This is indeed a good place for me to improve my cultivation."

Boom!

But the moment Ye Feng finished speaking, a demon master exuding terrifying dark energy suddenly flew over.

This demon master should be regarded as a core figure of the Dark Demon Sect. The aura of cultivation on his body is surprisingly stronger than the Tao Shaping realm that Ye Feng has just broken through.

He is a super master who has reached the tenth level of the Dao Fruit Realm, above the Shaping Dao Realm!

Very powerful!

At this moment, the demon master of the dark demon sect rushed towards Ye Feng in an instant, with two dark palms in his hands. A surprised and cruel smile appeared on his face, and he said loudly: "You kid, you are from Where did it come from? It's so abominable that you have cultivated such evil magic skills, able to absorb the blood energy of both the demonic and righteous paths, and

silently improve it here! I want to kill you and devour you. If you plunder it, I will definitely become a powerful person in the future. Your cultivation level is still so low. It's great that you happened to be encountered by me. It's really God who helped me!"

Chapter 3810 A sudden look

At this moment, the eyes of this master of the dark demon sect were filled with cruelty and bloodthirsty.

Because for this magic master, Ye Feng's cultivation level is a whole level lower than him, so naturally he is not taken seriously by this demon master.

Therefore, this magic master was naturally very disdainful. He just exuded violent demonic energy and charged towards Ye Feng.

For Ye Feng, although this master of magic is a level higher than him, Ye Feng doesn't have any fear at all now.

But at this time, Luo Li suddenly said: "Brother Ye Feng, let me give it a try."

Ye Feng immediately nodded.

Luo Li is a flower in the greenhouse. Although he has inherited the ancient Luo Shen body and is very powerful in combat, he has not received actual combat training. It just so happens that this magic master has pretty good cultivation, so Luo Li can give it a try.

At this time, Ye Feng immediately said: "Be careful."

"Uh-huh."

Luo Li immediately nodded, then held the Ice Holy Sword in his hand and charged forward.

At this moment, the Ice Holy Sword in Luo Li's hand suddenly erupted with countless rays of ice sword light, sweeping forward and impacting directly, directly colliding with the dark light emanating from the demon master. Together.

Boom! !

The entire field suddenly erupted with huge roars.

Almost at the next moment, Luo Li couldn't help but take several steps back.

This master of magic is very powerful after all, but Luo Li is still relatively weak and somewhat unstoppable.

At this moment, the magic master's eyes suddenly showed surprise, and he couldn't help but said: "It seems that you, this girl, are not an ordinary genius, but a very powerful peerless genius. Otherwise, you would not be so powerful." With my strength, I can kill ordinary geniuses at will. I can just kill you super geniuses and get the wealth from you. Super geniuses like you must have a lot of wealth."

Uh-huh!

At this time, Ye Feng came to Luo Li and said, "Leave it to me."

Luo Li nodded immediately, because she knew that she was no match for this magic master.

After all, this magic master's cultivation level is too high, and he is not something she can deal with temporarily.

At this moment, seeing Ye Feng standing in front of Luo Li, the magic master immediately smiled coldly and said loudly: "Boy, if you want to be a hero to save the beautiful, you must also weigh your own strength."

Ye Feng's face was very calm and he said loudly: "It's more than enough to deal with you."

"Arrogant!"

listen

When Ye Feng said this, the magic master immediately shouted, and then instantly burst out his extremely powerful cultivation power, instantly displaying a very powerful inheritance.

Demon Crow Frenzy!

At this moment, this magic master displayed a special and incomparable inheritance, and his whole body suddenly turned into a sky full of black crows, sweeping towards Ye Feng.

Each black crow has ferocious fangs and its eyes are very red, like locusts passing through, as if they can eat an ancient elephant clean in an instant.

Ye Feng saw this scene at this moment, without any hesitation, he directly used the extremely powerful inheritance he had learned before, the Sun and Moon Statue.

Buzz!

Buzz!

At this moment, above Ye Feng's head, a sun and a moon appeared immediately. The two met and corresponded, directly revealing a huge ancient statue, full of unparalleled power, and suddenly it was to smash into pieces the crows that were all over the sky.

"ah!!"

At this moment, a huge scream suddenly sounded on the field.

The next moment, the remaining black crows directly re-condensed into the figures of magic masters.

But at this moment, one of the magic master's arms has disappeared. Obviously, the large group of crows that Ye Feng instantly wiped out just now were part of the body of this demon master.

The crow disappeared, and part of the magic master's body also disappeared.

At this time, the magic master suffered trauma, and he immediately couldn't help shouting angrily: "This is impossible, your kid's cultivation level is a whole level lower than mine, how can it be possible that your combat power is so terrifying."

Ye Feng smiled slightly at this moment and said: "Why should a dying person know so much?"

Boom!

Almost at the moment Ye Feng finished speaking, Ye Feng directly released another extremely powerful inheritance, the Ten Directions God King Method.

At this moment, Ye Feng's body suddenly burst out with bright divine light.

This kind of bright divine light condensed directly around Ye Feng, and the shadow of an ancient god king was filled with terrifying destructive power and unparalleled majesty. It suddenly moved towards the demonic master to suppress it.

The magic master immediately shouted crazily: "Dark Demonic Armor!"

At this moment, this magic master immediately burst out with a bright light.

The black divine light condensed into a set of black armor, which was worn on the body and had super defensive power.

Boom!

But the phantom of the ancient god king released by Ye Feng was so terrifying that it shattered the armor of the demon master in one fell swoop, and then blasted the demon master's entire body to pieces, killing him instantly.

"Brother Ye Feng is so strong!"

When Luo Li saw this scene, she couldn't help but scream in surprise.

At this moment, Ye Feng also had a look of surprise in his eyes. He didn't expect that his current combat power was so powerful. He could instantly kill such a super powerful magic master in just three or two strokes. ??

It has to be said that Ye Feng's current strength, combined with the many powerful ancient inheritances Ye Feng has selected, has very terrifying destructive power.

At this time, Ye Feng did not hesitate and directly released the Devouring Domain and began to devour the magic master's energy.

Boom!

Ye Feng immediately felt a huge amount of energy injected into his Dantian, rapidly increasing his power and cultivation.

It must be said that the energy provided by this magic master is still very majestic.

Ye Feng's body suddenly went "boom", "boom" and "boom", breaking through the third level of the sky, directly breaking through from the first level of the Tao Shaping Realm to the fourth level of the Tao Shaping Realm.

This made Ye Feng's eyes immediately reveal a look of joy.

As expected, these elite-level magic masters have extremely pure skills. They are much stronger than ordinary practitioners of the same realm, and they naturally provide more energy.

At this time, Ye Feng still wanted to continue to devour the blood energy on the battlefield.

"boom!"

But suddenly at this moment, a terrifying white sword light suddenly came down from high in the sky.

This white sword light is very fast!

It's almost to the extreme!

Like lightning!

And the destructive power is astonishing.

Uh-huh!

Ye Feng's huge soul power instantly sensed the sense of crisis, and he used the space gem to quickly dodge.

"boom!"

The next moment, the white sword light slashed down, directly cutting the entire city ground made of steel into a huge ravine that was bottomless.

If Ye Feng hadn't dodged quickly, he would have split Ye Feng in half.

Ye Feng's eyes suddenly became extremely frightened and angry.

because of this

The releaser of the Dao Sword Light is not a strong demonic master, but a master of the Righteous Path Alliance.

It turned out to be the chief disciple of that Haoran Academy, ask the people!

Buzz!

At this moment, Wen Cangsheng suddenly landed on top of Ye Feng's head, his whole body exuding bright white light, looking boundless and sacred.

Wen Cangsheng immediately spoke up and said: "You, a demon who has practiced the evil devouring technique, actually disguised yourself as a member of our righteous alliance and secretly devoured the blood and energy of the entire battlefield. Where did you come from?"

At this time, Ye Feng looked at the domineering chief disciple of Haoran Academy and asked the people, and immediately said coldly: "I am a disciple of Wanjie Martial Arts Academy. What kind of skills I practice has anything to do with you? I didn't destroy the power of the Righteous Path Alliance. I just absorbed the blood energy of the entire battlefield. If I didn't absorb it, it would be a waste. And I just killed a demonic master."

Hearing what Ye Feng said, Wen Cangsheng immediately shouted: "Shut up! I said you are a demon, and you are a demon! Today I must kill you, the demon who has mixed up with our righteous alliance, otherwise The future will definitely be a disaster for our Righteous Alliance!"

Hearing such arbitrary words from Wen Cangsheng, Ye Feng immediately showed a look of shock and anger on his face. He didn't expect that the chief disciple from Haoran Academy would be so one-sided, judging a person's evil only by his skills. It's really It's extremely stupid.

This person is so arbitrary.

And he suddenly felt determined to kill himself.

It's really strange.

Ye Feng thought about it for a moment, suddenly figured out something, and said loudly: "Did you recognize that I am a friend of Baby Haoran, and want to get rid of me to prevent me from helping Baby Haoran fight for Haoran in the future? The position of dean of the academy?"

Hearing what Ye Feng said, the chief disciple of Haoran Academy, Wen Cangsheng, suddenly changed his face, and then a stern look appeared in his eyes, and he said loudly: "Ye Feng, I didn't expect you to be so smart. You are worthy of being the leader of the world." The newly named God Son of the Martial Arts Academy, that stupid boy Haoran Baby, is really lucky to be able to make friends like you. But in order for me to become the dean of Haoran Academy in the future, I can only kill you today. We must remove all kinds of help from Baby Haoran in the future so that he will not be able to compete with me in Haoran Academy in the future."

really!

Hearing what Wen Cangsheng said, Ye Feng immediately showed a look of surprise in his eyes.

It turns out that if you ask the common people, you will know everything.

Not only did he know that he was a good brother of Baby Haoran, but he also knew that he was the newly promoted son of God at the Wanjie Martial Arts Academy.

It seems that the top geniuses among such giants and powerful forces know everything that happens in the entire world of origin.
