

Ancient 3821

Chapter 3821 Dangerous Mission

Buzz!

At this time, after Dean Tianshu finished speaking, he stretched out a hand and placed it on Ye Feng's head.

Boom! !

At this moment, Dean Tianshu suddenly burst out with a terrifying cultivation momentum.

That kind of cultivation aura was simply huge to the extreme, like a prehistoric giant awakening, as if it could cover the entire eternal sky.

At this moment, Ye Feng immediately sensed the power of Dean Tianshu, which was simply boundless and endless.

Ye Feng felt as if he was just a small boat floating in the vast ocean, which was very scary.

This made Ye Feng's eyes reveal a look of deep surprise.

Dean Tianshu was indeed more terrifying than he imagined.

At this moment, Dean Tianshu directly began to give Ye Feng a power initiation.

Ye Feng immediately felt a terrifying and extremely majestic energy, which was immediately injected into his body, causing the power in Ye Feng's dantian to begin to increase rapidly and continuously.

You must know that the person who is now giving Ye Feng the power initiation is the strongest person in the Wanjie Martial Arts Academy, Dean Tianshu.

Dean Tianshu's magic power is extremely advanced and is at the master level, so it is also of great benefit to the tempering of Ye Feng's body.

So Ye Feng was pleasantly surprised to find that after he obtained the skills of Dean Tianshu, not only his cultivation level was greatly improved, but his Hongmeng Immortal Body was also undergoing rapid transformation and seemed to be about to evolve.

This double surprise made Ye Feng's face suddenly show an ecstatic look.

It seems that Dean Tianshu intends to cultivate himself and quickly improve his comprehensive martial arts strength.

As expected, working for a big shot like Dean Tianshu would bring huge rewards.

If you help Dean Tianshu uncover the spies of the dark demon sect lurking in the Ten Thousand Realms Martial Arts Academy, Dean Tianshu will definitely give you the most generous reward.

At this time, Ye Feng accepted and swallowed up this extremely advanced master-level skill with peace of mind.

Xiu on Ye Feng

Because of the breath, he immediately started to break through.

"boom!"

The Great Perfection of the Tenth Level of the Dao Fruit Realm!

"boom!"

Half step into the inner demon realm!

"boom!"

The inner demon realm is at the first level! !

At this moment, Ye Feng's cultivation level directly broke through to a whole new level.

Ye Feng could feel that his skills had grown unparalleled, his strength had also been greatly improved, and his skill reserves had also increased a lot.

Uh-huh!

Dean Tianshu immediately removed his palm at this moment, and then said aloud: "Ye Feng, I have done what I promised you. Your cultivation realm has been upgraded to the first level of the inner demon realm, and you are much stronger than before. You can Go and complete a secret mission for me."

Hearing what Dean Tianshu said, Ye Feng was stunned for a moment, couldn't help but smile bitterly, and said: "Sure enough, there is no free lunch in the world. The Dean has improved my cultivation so much, and it has directly improved by one level." There is indeed something for me to do in the entire realm."

Dean Tianshu smiled and said: "Yes, after all, I can't do loss-making business. Giving you a power initiation will also damage my original power of cultivation."

After finishing speaking, Ye Feng couldn't help but asked: "What secret mission does the dean have for me to complete? He actually needs to upgrade my cultivation to the inner demon realm."

Dean Tianshu said: "This mission is very dangerous. You can choose not to accept it, but I think this dangerous mission is also a huge opportunity for you. If you can complete this dangerous mission, You will definitely get huge rewards from the process of the mission. After all, your devouring talent is very special. This dangerous person is very suitable for your growth. "

When Ye Feng heard what Dean Tianshu said, his eyes became more and more curious.

What kind of secret mission is it? It is extremely dangerous and dangerous.

Full of chance and good fortune.

Dean Tianshu spoke slowly: "I recently received news that the Dark Demon Cult has also united with many giants and powerful forces in the Origin World that had previously surrendered to form a dark alliance to deal with our Righteous Alliance, and In order to cultivate the future geniuses of the Dark Alliance, the Dark Demon Cult specially opened a very mysterious and vast dark demon world and held a huge 'dark trial' in it."

"Dark Alliance?"

"Dark Trial?"

Ye Feng's eyes suddenly revealed a look of deep surprise.

It seems that the Dark Demon Cult also attaches great importance to the growth of the major demon geniuses under its command.

After all, the Dark Demon Cult must have lost many backbones in successive battles, and it is necessary to cultivate a new generation of demon geniuses and grow up as soon as possible.

At this moment, Dean Tianshu continued to speak: "Just like the Dark Demon Cult assassinating you, the Son of God, our Righteous Alliance does not want the major demonic geniuses in the Dark Alliance to grow up and pose a huge threat to our Righteous Alliance, so This time, many of the giants and powerful leaders of our Righteous Alliance met in secret and decided to send out trustworthy super geniuses to find a way to sneak into this dark trial organized by the Dark Demon Cult and secretly hunt and participate in the dark trial. Refined demonic geniuses from all major dark alliances to reduce the foundation of the dark demonic sect!"

"Hunting demon geniuses?"

Ye Feng's eyes widened slightly at this time. He didn't expect that the Righteous Alliance would come up with such a solution.

At this moment, Dean Tianshu stared at Ye Feng in front of him, smiled slightly, and said aloud: "So, are you willing to participate in this hunting mission? Enter the territory of the Dark Alliance and mix into the dark trial. This is It is very dangerous, but for you, if you grasp it well, it is also a huge opportunity. In the dark trial field, there are countless magic geniuses, not only the magic geniuses of the Dark Demon Cult, but also other members of the Dark Alliance. Demonic geniuses

under the forces, such as some of the giant forces in the Origin World that surrendered to the Dark Demon Cult from the beginning, the Demon Palace of Everlasting Hatred, the Taixuan Demon Sect, and the Blood Demon Temple

, Split Heaven Dynasty, Demon Mountain, etc., these big forces were all forces that originated from the Great World before. As a result, they all surrendered to the Dark Demon Cult one after another and became the main member forces of the Dark Alliance today. "

Hearing what Dean Tianshu said at this time, Ye Feng thought for a moment, weighed the pros and cons, and then said out loud: "I am willing to go, there are so many magic geniuses to hunt, this is indeed something that can be encountered but cannot be sought. An extremely special hunting mission."

When Dean Tianshu heard Ye Feng's promise, he immediately showed a smile on his face and said: "Okay, in addition to you, there are many other super geniuses under the forces of the Righteous Alliance members who will mix into the darkness with you. In the dark demon world where the trial is held, you can help each other when the time comes."

After saying that, Dean Tianshu seemed to have thought of something, and suddenly reached out to touch the student identity token on Ye Feng's waist.

The next moment, Ye Feng's eyes lit up and he immediately saw that his student identity token contained a full 300,000 academy reward points.

Dean Tianshu said with a smile: "Let's spend these three hundred thousand reward points. In the last time, just eat whatever you want. Don't be afraid of wasting it."

Ye Feng grinned and said: "What the dean said, why does it feel like I am going to be sent to the execution ground, as if I am going to be beheaded."

Dean Tianshu said aloud: "This time, we will go deep into the trial ground of the Dark Demon Sect and hunt down those demonic geniuses. It is extremely dangerous. There is a high chance that you will fall. So now that you have the opportunity, eat and drink more."

Ye Feng: "..."

"I haven't cultivated to become the strongest master in the world, so I won't die so easily!"

Ye Feng muttered something at this time, still feeling happy in his heart. He took a total of 300,000 reward points and left the ancient temple where Dean Tianshu lived.

Looking at Ye Feng's retreating back, Dean Tianshu's eyes suddenly revealed a trace of inexplicable strangeness, and he couldn't help but murmured, "My time in this world is running out, and the rules of the world can no longer accommodate me." , I hope this little guy like you can grow up quickly..."

Chapter 3822 Six new sets of inheritance

After Ye Feng left the Ancient Temple, he took the 300,000 reward points he had just received and went directly to the Heritage Temple of the Ten Thousand Realms Martial Arts Academy.

Originally, Ye Feng wanted to use these reward points to exchange for some elixirs to improve his cultivation.

But Ye Feng thought about it. With 300,000 reward points, he would not be able to redeem many pills, so it would not be cost-effective to improve his cultivation level.

Anyway, he is about to go to the extremely dangerous dark demon world. In the dark trial, he will hunt down those demon geniuses, and there is no shortage of energy.

Therefore, Ye Feng feels that it is of little significance to improve his cultivation level now.

It's better to exchange for more powerful inheritances to increase your combat effectiveness faster.

Because Ye Feng now understands that his huge magic power can activate many inheritances in an instant, forming a chaotic fighting style, which is very effective against enemies.

Therefore, Ye Feng finally decided that if he wanted to quickly improve his overall combat effectiveness in a short period of time, it would be more practical to exchange for more powerful inheritances.

At this time, Ye Feng quickly arrived at the Heritage Temple.

Ye Feng walked into it and immediately saw a beautiful female student wearing a blue robe, standing behind the counter of the Heritage Temple. She should be the person guarding the Heritage Temple.

Ye Feng immediately walked over, smiled kindly, and said loudly: "This beautiful sister, I now have 300,000 reward points, how many sets of advanced inheritance can I exchange for."

This female student in blue robes, whom Ye Feng called her beautiful sister, couldn't help laughing and said: "Three hundred thousand reward points can be said to be a huge sum of money, and can be exchanged for many high-level inheritances, but you What is the specific cultivation level of the inheritance that needs to be redeemed? "

Ye Feng said aloud: "It is best to have an ancient inheritance of unknown grade, the more powerful it can be."

When the female student in blue robe heard what Ye Feng said, she nodded suddenly and said loudly: "I understand, you need to redeem that ancient inheritance, you come with me, 300,000 reward points, You can almost redeem three new and powerful ancient inheritances, all of which are very advanced inheritances and are enough for your current cultivation level."

After finishing speaking, the female student in blue robe took Ye Feng and walked quickly towards the top floor of the Heritage Temple.

When Ye Feng followed the female student to the highest level of the Heritage Temple, he immediately saw many old-looking books stacked here, which seemed to have a long history.

The female student smiled and said: "The things piled here are all very ancient inheritances, but I suggest you choose according to your ability, because there were many students before.

I felt that my talent was extraordinary, so I aimed too high and directly chose an ancient inheritance that was very difficult to practice. As a result, I failed to practice at all and wasted my reward points. "

Hearing what the female student said, Ye Feng's eyes showed a look of surprise. He didn't expect that there were many obscure ancient inheritances here.

However, Ye Feng just smiled slightly and said, "Thank you, senior sister, for reminding me. I understand."

"Well, then you should concentrate on your choice. You can choose three sets of inheritances in total, which will consume 300,000 reward points."

At this time, after the female student in blue robe finished speaking, she directly stretched out her hand and scratched Ye Feng's identity token.

Ye Feng immediately saw that the 300,000 reward points on his identity token disappeared immediately.

This made Ye Feng smile helplessly. He didn't expect that the 300,000 reward points he had just received would be consumed like this. It was really a huge expense.

At this time, Ye Feng naturally did not waste any more time. He quickly released his huge soul power and began to search and find the extremely powerful ancient inheritance.

Demon Ancestor suddenly spoke: "Ye Feng, boy, you have extremely powerful soul power, and you also have the ability to comprehend instantly. Why do you have to choose three inheritances in such a formal way? You just took advantage of the selection. During this period of time, all the ancient inheritances in the ancient books accumulated in the highest level of the inheritance temple are imprinted and then stored in your brain, so that you can get a lot of ancient inheritances instantly. "

Hearing what Demon Ancestor said, Ye Feng's eyes suddenly lit up and he said, "Yes, why didn't I think of this?"

Buzz!

After finishing speaking, Ye Feng immediately began to quickly imprint all the books here into his mind.

After you go back, you can carefully select the most powerful and suitable inheritance.

The whole process took only half an hour.

Because Ye Feng's soul power was so huge, he quickly imprinted all the ancient inheritance.

Then Ye Feng left the Heritage Temple with satisfaction.

When Ye Feng returned to his residence, Ye Feng did not wait for the message from Dean Tianshu.

It seems that it will take some time to go to the trial ground of the Dark Demon Realm and hunt down those demonic geniuses.

Ye Feng took advantage of this period of time to carefully select all the ancient inheritances he had imprinted this time, and then selected the most powerful inheritances and started practicing.

In the end, Ye Feng spent three days and three nights to select the most suitable and advanced powerful inheritance from among the many ancient inheritances he had imprinted.

There are a total of six sets of the most advanced ancient inheritance, which are very powerful. They are the Great Buddha Holy Light Technique, the Ancient Sky-cutting Finger, the Holy Temple Sword Light Technique, the Nine Saints Overlord Fist, the Ten Thousand Tribulation Divine Thunder Palm, and the Eight Heavenly Dragon Seal Techniques.

The Giant Buddha Holy Light Technique allows Ye Feng to condense the power of the Holy Light of the ancient Buddha to dispel darkness and have a natural suppression on the enemies of the Dark Alliance.

The Ancient Jietian Finger, Nine Saints Overlord Fist and Ten Thousand Tribulations God's Thunder Palm are all very powerful close martial arts inheritance. Combined with Ye Feng's strong physical strength, they definitely have huge destructive power and attack power.

As for the Holy Temple Sword Light Technique, it is a sword technique inheritance specially selected by Ye Feng, and is specially used to cooperate with the Haoran Holy Sword, an extremely powerful sword weapon.

As for the final Tianlong Eight Seal Technique, it is a special and incomparable soul attack inheritance. Ye Feng releases his soul power and can condense the eight soul imprints of the ancient Tianlong interface, which can cause huge damage to the enemy's soul level.

With these extremely powerful inheritances, Ye Feng's overall strength has definitely been greatly improved.

At this time, Ye Feng no longer wasted time and immediately began to practice these extremely powerful ancient inheritances he had chosen.

For Ye Feng, if he can successfully practice all these inheritances now, it will definitely be of great help to him in completing the hunting mission assigned to him by Dean Tianshu.

Because Ye Feng's powerful magic power is Ye Feng's strongest method, bursting out all at once, bombarding one inheritance after another, will definitely increase Ye Feng's attack power to a whole new level.

So at this time, Ye Feng immediately started to use his incomparable ability to understand, even epiphany, and began to practice the six new powerful inheritances he chose, hoping to master them as soon as possible.

It has to be said that Ye Feng's comprehension ability is still very powerful, and Ye Feng also has the ability of epiphany, so Ye Feng spent a full seven days and seven nights to finally complete the cultivation of six extremely powerful new inheritances. .

At this time, Ye Feng's ears suddenly heard the message from Dean Tianshu: "Ye Feng, hurry up and come to the Ancient Temple. I will take you directly to this place now."

The location of a hunting mission. "

Hearing the rumors about Dean Tianshu, Ye Feng's eyes immediately moved, and he immediately left his place of residence and flew quickly towards the ancient temple where Dean Tianshu lived.

When Ye Feng arrived at the Ancient Temple, he found Dean Tianshu already standing at the door.

At this moment, Dean Tianshu immediately revealed a look of surprise in his eyes, stared at Ye Feng in front of him, and said loudly: "Although your cultivation level has not improved, I feel that your overall strength has been greatly improved." A breakthrough, it seems that you have chosen a very powerful inheritance to be able to cultivate this kind of temperament."

Hearing what Dean Tianshu said, Ye Feng's eyes suddenly revealed a look of deep surprise, and he couldn't help but said: "The Dean is really amazing. He can actually see that I have practiced many powerful skills." inherited."

Dean Tianshu smiled slightly and said aloud: "It's just a small trick, it's a kind of fortune-seeing technique."

After saying that, Dean Tianshu directly stretched out his hand, grabbed Ye Feng's shoulder, and immediately took Ye Feng with him, hundreds of thousands of miles away, to a place far away from the Wanjie Martial Arts Academy.

At this time, Ye Feng suddenly looked shocked. Dean Tianshu's cultivation strength may have reached an extremely terrifying level, otherwise it would be impossible to reach hundreds of thousands of miles in one step. He seemed to be much more powerful than the resurrected ancient saint before.

At this time, Ye Feng couldn't help but feel very doubtful in his heart. Ye Feng even speculated that Dean Tianshu's cultivation might have entered the realm of the Great Perfection. Why didn't Dean Tianshu fight against the Dark Yuan Zun?

However, it is possible that Dean Tianshu is afraid of the mysterious existence behind Dark Yuan Zun.

While Ye Feng was thinking secretly, Dean Tianshu suddenly looked somewhere in the distance, smiled and said, "Here he comes."

Ye Feng's eyes showed doubts and he couldn't help but ask: "Who is coming?"

Dean Tianshu pointed to the horizon and said aloud: "The leaders of several other giant forces should also bring super geniuses who are willing to carry out such extremely dangerous hunting missions. When the time comes, you will enter the dark demon world together. Among them, enter the trial field of the Dark Alliance organized by the Dark Demon Cult, hunt down as many super geniuses in the Dark Alliance as possible, and reduce the power of the new generation of the Dark Alliance. "

Hearing what Dean Tianshu said, Ye Feng's eyes suddenly showed a look of surprise. He looked at several figures flying towards the horizon in the distance, and he was very curious in his heart. He didn't know which giants of the Righteous Alliance were willing to send super geniuses. to complete this dangerous mission.

Chapter 3823 Dark Trial

At this moment, Ye Feng looked towards the horizon not far away, and immediately saw a total of four groups of people flying over.

They are all the controllers of their respective giants and powerful forces, and they have arrived here with the super geniuses under their command.

The leaders of four major forces, with four super geniuses.

What surprised Ye Feng was that he actually knew two super geniuses among them.

It was the Phoenix Goddess of the Phoenix Kingdom that Ye Feng happened to meet in the boundless desert before, and the eldest young master of the Shangguan family from the ancient family, Shangguan Tianya, stepping on a bright dragon exuding white divine light.

Apart from these two, Ye Feng did not know the other two super geniuses.

The Dean of Tianshu beside him suddenly laughed and said: "The Phoenix Goddess of the Phoenix Divine Kingdom, Shangguan Tianya of the Shangguan Family, one of the top ten true disciples of the Taixuan Divine Sect, the ancient Taichu, and the young man of the Su Family of the ancient aristocratic family. Lord, Su Mo."

Hearing what Dean Tianshu said, Ye Feng's eyes suddenly showed a hint of surprise.

It seems that those who came this time are all top geniuses under the major forces of the Righteous Alliance. Each of them must have very terrifying cultivation abilities.

Uh-huh! Uh-huh!

Uh-huh! Uh-huh!

At this time, four groups of people had already arrived.

What surprised Ye Feng's eyes was that the leaders of the major forces, when they saw Dean Tianshu at this moment, were very polite, even somewhat respectful salutes: "I have met Dean Tianshu."

Seeing this scene, Ye Feng's eyes suddenly showed surprise.

Whether it is the Phoenix Queen who is the most magnificent of the Phoenix Divine Kingdom, the super patriarchs of the two ancient aristocratic families, or the Taixuan Divine Lord of the Taixuan Divine Sect, when they see Dean Tianshu at this moment, they all have such respectful gestures. It is really It is extremely shocking.

"Because when I founded the Wanjie Martial Arts Academy, these big forces came to stop me, but I defeated them all, so they protected me.

Be humble. "Dean Tianshu's message suddenly sounded in Ye Feng's mind, making Ye Feng's face become extremely shocked.

fierce!

It's so fierce!

Ye Feng couldn't help but give a thumbs up to Dean Tianshu.

This dean of Tianshu, who seems gentle and elegant now, must have been a super fierce man back then. Otherwise, it would be impossible to establish a transcendent college like the Ten Thousand Realms Martial Arts Academy in the Great World of Origin, a world full of heroes, and to recruit students from all over the world. genius.

At this moment, the Phoenix Goddess standing next to the Phoenix Queen saw Ye Feng next to Dean Tianshu. Her beautiful eyes suddenly showed a look of surprise, as if she did not expect that her savior would appear here. During this hunting mission.

"Goddess Ye Feng, I didn't expect you to come too." The Phoenix Goddess couldn't help but send a message to Ye Feng.

"Well, it was the dean who suggested that I go on this mission of hunting down demonic geniuses, saying that it could hone my cultivation strength." Ye Feng immediately sent a message back.

"I see."

Phoenix Goddess continued to transmit the message: "However, Ye Feng Shenzi, you are still young and your cultivation base is still relatively weak. This time you lurk into the dark trial field of the Dark Demon Cult, which may be very dangerous. I will be with you when the time comes. I have fully recovered from my injuries, and at my peak state, I can protect you, Ye Feng Shenzi, as you grow."

Hearing what the Phoenix Goddess said, Ye Feng's eyes showed a look of astonishment. He didn't expect that the other party, a arrogant and arrogant goddess-level person, would be so enthusiastic towards him.

This made Ye Feng immediately very satisfied. He had not rescued this Phoenix Goddess in vain. Sure enough, this life-saving kindness was very useful.

While Ye Feng and the Phoenix Goddess were chatting secretly, Dean Tianshu had taken out a small golden compass from the storage ring, and then smiled and said to the masters of the four major forces in front of him: "The four of you, please work together to activate this interface positioning compass I refined, and open a path from here to the Dark Demon Realm Trial Field where this Dark Demon Cult organization's dark trial is located. You know, I can't take action, otherwise if so, the rules of the world will forcibly send me away."

"Okay, Dean Tianshu."

At this time, the leaders of the four major forces present in the Righteous Path Alliance nodded one after another, and then began to input their own mana into the golden compass in the hands of Dean Tianshu.

"Buzz!"

At this moment, this seemingly small golden compass suddenly erupted with a very terrifying spatial fluctuation, and instantly opened up a huge interface channel in front of everyone's eyes.

At this moment, in the eyes of everyone, the other end of this interface channel exudes a very strong demonic energy and has a very deep darkness.

It seems that that is the trial ground for this dark trial organized by the demonic forces, the dark demon world.

At this time, the masters of all major worlds are instructing their super geniuses to be careful.

Dean Tianshu looked at the audience and said loudly: "This time you enter the dark demon world. In this dark trial, hunt down the super geniuses in the dark alliance formed by the dark demon sect. You Every time you kill a demonic genius, you have made a huge contribution to our Righteous Alliance. Our Righteous Alliance will remember your contribution, and you will definitely be rewarded according to your merits when you come back."

Hearing what Dean Tianshu said, every super genius nodded one after another, and then no longer hesitated. They all stepped into the interface channel and headed towards the darkness.

In the direction of the demon world, he quickly shuttled away.

The Phoenix Queen of the Phoenix Divine Kingdom could not help but speak out at this time: "Those who are willing to participate in this hunting mission are not for their own selfish interests, but are doing their part for the entire Righteous Alliance. Contribution, because if you think about yourself all the time, you will not participate in such a selfless hunting operation, because it is too dangerous, and there is not much reward, otherwise it would be impossible for so many super geniuses to be willing to come to here."

Hearing what the Phoenix Queen said, the other leaders of the major forces nodded.

Dean Tianshu smiled slightly and looked at Ye Feng's retreating back with an inexplicable meaning in his eyes.

At this time, Ye Feng and several other super geniuses entered the dark passage, and soon passed through the interface barrier and descended into the dark demon world.

At this time, Ye Feng discovered that several other super geniuses had disappeared.

It seems that this transmission channel is randomly transmitted, probably in order not to transmit all the super geniuses together, so as not to attract the attention of the dark alliance forces in the dark demon world.

After all, if all the super geniuses of the Righteous Alliance descended on one location, the energy fluctuations caused would most likely attract the attention of some guardians sent by the Dark Demon Cult in the entire Dark Trial Field, which would be troublesome. .

Therefore, this time when hunting down the demonic geniuses who are undergoing trials in the dark demonic world, one needs to be careful not to be discovered by the guardians of the Dark Alliance in this dark trial. Otherwise, they will definitely not be able to resist the demonic guardians who are at the level of the powerful elders.

However, Ye Feng seems to be very relaxed, because Ye Feng can completely change himself into a demon, directly transforming himself into a brand new 'magic genius', perfectly integrating into this dark trial, and not afraid of those demon guardians at all He discovered that he was the genius of the Righteous Alliance.

Chapter 3824 Abandoned City

Buzz!

At this time, Ye Feng did not hesitate at all, and directly used his own skills to transform his life source into the same martial arts source as the demonic geniuses in the Dark Alliance.

At this time, Ye Feng's body suddenly emitted a dark demonic energy, and his whole person immediately became gloomy.

Then Ye Feng took out a set of black robes engraved with skull patterns from his storage ring and put them on himself. Ye Feng's whole temperament suddenly changed, and he became a living person. Demonic genius.

At this moment, Ye Feng knew that if he disguised himself as a demonic genius in the Dark Alliance, he would be able to escape the detection of the Dark Alliance guardians.

Because Ye Feng doesn't believe in these Dark Alliance guardians and knows every magic genius who participates in this dark world.

After all, there must be many demonic geniuses participating in this dark trial, and it is impossible for those demonic guardians to know every one of them.

So now that he has become a magic genius, he should be able to avoid the detection of those guardians.

In this case, it will definitely be much easier for Ye Feng to kill those demonic geniuses. He does not have to worry about being discovered by the demonic guardians in this dark trial. It is much more convenient than other righteous alliance geniuses who enter this dark trial.

However, Ye Feng knew that he could not directly use the inheritance of the Righteous Alliance that he had learned.

Because in this case, his identity will be exposed.

Unless it's absolutely necessary.

So at this time, Ye Feng immediately asked in the middle of his eyebrows: "Demon Ancestor, you are temporarily teaching me some powerful magic inheritance, I need to use it next."

Demon Ancestor nodded immediately in the center of his eyebrows, and immediately taught three sets of extremely powerful demonic inheritance, and said loudly: "These three sets of inheritance are very suitable for you to use now, and they are not too advanced and will not cause any problems. The suspicion of the demon guardians in this dark trial."

Ye Feng ordered it immediately

Nodding, Demon Ancestor has really thought carefully.

If a very advanced demonic inheritance is directly taught to oneself, it is likely to attract attention.

Therefore, using some more common magic inheritance will not attract attention.

After all, Ye Feng possesses extremely huge magic power. Even an ordinary magic inheritance can explode with earth-shattering power in Ye Feng's hands.

The Demon Ancestor was originally one of the first batch of monsters born in the world, so he naturally had various demon inheritances in his hands, and Ye Feng didn't worry at all.

At this moment, the demons taught Ye Feng a total of three sets of inheritances, all of which were ancient inheritances of demonic attributes. They were the Ancient Demon King's Dharma, the Dark Sacred Sword, and the Frost Demonic Fist.

These three sets of inheritance are still very terrifying, after all, they are from the hands of the Demon Ancestor.

At this time, Ye Feng had obtained these three sets of extremely powerful magic inheritance, and he suddenly felt a lot more confident.

You know, Ye Feng is now pretending to be a demonic genius in the Dark Alliance, so the inheritance released must be a demonic inheritance, otherwise it will be easy for others to identify his identity.

With these three sets of extremely powerful demon inheritance provided by Demon Ancestor, Ye Feng can naturally use them temporarily for a period of time.

Ye Feng didn't hesitate at this time. He directly activated his demonic comprehension ability and began to comprehend these three sets of extremely powerful demonic inheritance.

Next, while Ye Feng comprehended the three sets of magic inheritance, he quickly flew towards the surrounding area, releasing his soul power, hoping to find other magic geniuses in the Dark Alliance.

At this moment, the entire dark demon world is very vast and black.

There is no moon or sun in the sky.

The whole world is very dark.

If you have poor eyesight, you may not be able to see anything clearly.

You know, this dark trial was organized by the Dark Demon Cult, so it was very grand.

Many giants and powerful forces in the entire Dark Alliance have many demonic geniuses participating.

According to Dean Tianshu, those participating in the Dark Trial this time are super geniuses from various member forces in the Dark Alliance. It is estimated that there are thousands of demon geniuses, all of whom are conducting Dark Trials in the entire Dark Demon Realm. .

So Ye Feng is looking forward to this very much.

For the other geniuses of the Righteous Alliance who lurk in, perhaps their only idea is to hunt down those demonic geniuses and fulfill their responsibilities to the Righteous Alliance.

But for Ye Feng, not only can Ye Feng hunt these demonic geniuses and contribute to the Righteous Alliance, but in addition to these demonic geniuses that Ye Feng hunts, Ye Feng can use all their demonic skills to Devouring it will definitely have a huge improvement effect on Ye Feng's cultivation growth.

You know, Ye Feng can't meet so many magic geniuses from other places, so for Ye Feng at this time, Ye Feng is naturally looking forward to it, and wants to hunt more of these magic geniuses and devour their skills.

Buzz!

At this moment, Ye Feng directly exuded his huge soul power and spread it around to see if there was any lone magic genius.

After all, Ye Feng also knows that if these demonic geniuses can participate in the dark trial, their cultivation strength must be very terrifying, so naturally he cannot take it lightly.

Ye Feng is very clear that there is still a huge gap between himself and the top geniuses in the Origin World.

If he wasn't careful, he might have been killed by these demonic geniuses instead of hunting them down.

In Ye Feng's huge

After searching with soul power, Ye Feng soon discovered a huge black city, standing in a certain direction not far away.

Ye Feng's eyes suddenly lit up and he flew over.

This black city was probably not built by the demonic geniuses who participated in this dark world.

Because the entire black city has been abandoned, it is very likely that a demonic cultivation civilization appeared here.

Because you must know that the trial site of this dark trial is the dark demon world.

There are also many extremely powerful demons in the interface of the Dark Demon Realm itself.

Therefore, the purpose of this dark trial organized by the Dark Alliance is to allow these demonic geniuses to experience themselves in the extremely dangerous dark demon world and thereby improve themselves.

Moreover, some demon geniuses, if they are lucky, can obtain the terrifying inheritance of some ancient demons in the dark demon world, and tame some extremely powerful ancient demon beasts to become their own mounts.

At this time, Ye Feng cautiously walked into the abandoned black city, wanting to check if there were any traces of the magic genius around.

But just at the moment Ye Feng walked into this black city.

Boom! !

The entire black city suddenly erupted into a huge magic array.

A demonic genius wearing black robes suddenly appeared around him.

This magic genius holds a black staff in his hand. He seems to be a magic practitioner who specializes in long-range magic inheritance.

At this moment, the demonic genius immediately smiled coldly and said aloud: "Sure enough, if you wait here and wait, you can catch other geniuses. Boy below, which force of our Dark Alliance are you from? If you know more about it, hurry up. Hand over your wealth, otherwise, I will activate this huge magic array in the entire black city and kill you instantly."

Chapter 3825 The Demonic Palace of Everlasting Hatred

At this time, Ye Feng's eyes showed a hint of interest when he heard what this magic genius said.

I didn't expect that in this abandoned city, there would be people lying in wait here.

Ye Feng did not panic about this, but showed a playful smile on his face and said, "Are you sure you want to rob me?"

The magic genius holding the staff in the sky immediately smiled lightly and said: "The aura of cultivation in your body is only from the first level of the inner demon realm, and I am an existence from the sixth level of the inner demon realm. If we You can't even deal with me in a direct confrontation, let alone now that you are enveloped by this demon formation that I have carefully laid out. You are now a piece of meat on the chopping board, ready to be slaughtered by me."

Hearing what this magic genius said, Ye Feng suddenly grinned and said loudly: "You said that I am the fish on the chopping board, then I can only tell you that you are completely wrong."

Hearing what Ye Feng said, this demonic genius immediately turned cold and cruel, and said loudly: "You kid, you talk so much nonsense, and you still don't give me your wealth. In this case, Then I can only kill you directly. I don't care which genius you are in the big force. Anyway, in this dark trial, we are killing each other, and no one knows who killed them."

At this moment, the magic genius immediately raised the staff in his hand, and then activated the huge formation in the entire abandoned city, releasing a strong magic light, which suddenly enveloped Ye Feng. Completely obliterate Ye Feng.

Boom!

But at this moment, Ye Feng immediately burst out with a terrifying cultivation momentum.

Ye Feng directly released the powerful demon inheritance that he had just learned from the Demon Ancestor.

The Dharma of the Ancient Demon King!

At this moment, Ye Feng's body suddenly erupted with the majestic figure of an ancient demon king, forming a huge dark form, filled with monstrous power, which shook the entire demon formation at once.

And at the next moment, without any hesitation, Ye Feng once again released an extremely powerful demon inheritance, the Dark Holy Sword.

boom!

At this moment, Ye Feng suddenly burst out with terrifying demonic energy, and suddenly condensed a black machete with a length of tens of thousands of meters, and slashed forward in an instant. The entire demon formation was instantly split into two halves.

Then Ye Feng continued without any delay, and then released another extremely powerful magic inheritance, the Frost Demonic Fist.

Ye Feng punched forward fiercely, and suddenly something burst out from Ye Feng's fist.

With the terrifying power, it formed a huge fist of frost, exuding a dark light of frost, freezing everything in front of it, and instantly froze the wide-eyed demon genius in place. , killed instantly.

When Ye Feng saw this scene, his face suddenly showed a look of joy and satisfaction, and he said loudly: "Sure enough, my crazy fighting mode is still very powerful, releasing sets of powerful inheritances one after another at once. It blinded the enemy directly."

Uh-huh!

At this moment, Ye Feng flew forward and reached out his hand to touch the frozen demon genius.

Click click click!

At this moment, the entire body of this demonic genius was completely shattered as the ice shattered.

At this time, Ye Feng directly released the Devouring Domain, swallowing up the power of this demonic genius.

This demonic genius was not much higher than Ye Feng's cultivation level, so after Ye Feng devoured it, he did not make any breakthrough in his cultivation level, but only increased his skill.

However, the staff on this magic genius is quite good. It seems to be a very good magic weapon, just right for Ye Feng to use.

At this time, after Ye Feng plundered the magic genius's wealth, he continued to fly quickly in the other direction of the abandoned city.

Ye Feng has now hunted a demonic genius. He was thinking secretly in his heart, wondering what the current results of the other righteous alliance geniuses who entered this dark trial field are like?

Ye Feng then continued to look for other magic geniuses.

However, the dark demon world seemed to be too huge, and Ye Feng could not find other demon geniuses for a while.

This made Ye Feng's eyes show a hint of anxiety.

It seems that I still need to figure out how to accurately find those magic geniuses who participate in the dark world.

Otherwise, once the dark trial is over, his hunting will also be over.

Therefore, before the Dark Trial ends, Ye Feng must hunt as many demonic geniuses as possible so that he can gain more power to devour.

This is a once-in-a-lifetime opportunity to improve your cultivation skills.

Can't just waste it.

Must make full use of it.

Boom!

Moreover, Ye Feng was quite anxious in his heart.

Suddenly, there was a huge roar from a certain direction not far away.

"Um?"

Ye Feng's eyes suddenly moved and he immediately flew quickly in that direction.

Soon Ye Feng discovered that a dark forest appeared in this direction.

In this dark forest, at this moment, many demonic geniuses gathered together to attack an ancient and inherited sealed place.

In this dark forest, there seems to be a big shot in the ancient dark demon world buried.

Therefore, there are dozens of demon geniuses who are joining forces to attack this sealed place, hoping to open the burial place of this big figure in the demon world and find the inheritance.

When Ye Feng saw this scene, he immediately became interested and joined directly.

"Who is your boy?"

When these demon geniuses saw Ye Feng's arrival, their faces suddenly showed a cold look, and they immediately warned and said: "This is the inheritance place of the demon world's great figures discovered by the geniuses of the Demon Palace of Everlasting Hatred. Your boy is a member of other giants." Are you a genius? You are not allowed to come here, otherwise, you will be killed without mercy."

Hearing what these demon geniuses said, Ye Feng's eyes showed a look of surprise.

Unexpectedly, these dozens of demonic geniuses all came from a large force in the Dark Alliance called the Demon Palace of Everlasting Hatred, which should also be a giant demonic force affiliated with the Dark Demonic Cult.

At this time, Ye Feng sensed that the cultivation auras of these dozens of demon geniuses from the Everlasting Hatred Demon Palace were very powerful, and they were basically several realms higher than himself.

Most of these demonic geniuses in the Demonic Palace of Everlasting Hatred are Demonic Pill Realm experts above the Heart Demon Realm, and even super masters at the Demonic Tribulation Realm above the Demonic Pill Realm.

It seems that the foundation of this Changhe Demonic Palace is very deep, otherwise it would not be possible to have so many extremely powerful demonic geniuses participating in this dark trial together.

Ye Feng did not dare to directly provoke the public's anger at this time. After all, his cultivation level was still relatively weak, and he was only at the first level of the Inner Demon Realm.

So at this moment, Ye Feng immediately chose to escape from here.

Seeing Ye Feng fleeing directly, the group of dozens of demon geniuses from the Everlasting Hatred Demon Palace not far away immediately laughed sarcastically and said: "What a timid boy, I don't know which giant force he belongs to. If I were not in a hurry to break the seal of this big shot in the demon world, I would have caught this kid and divided up his wealth."

And just when this group of demonic geniuses from the Demonic Palace of Ever-Hate sneered, Ye Feng didn't fully understand.

He finally left here, but lurked in the surrounding void.

Ye Feng was waiting for the opportunity to see if he could sneak attack the dozens of demon geniuses from the Everlasting Hatred Demon Palace.

Moreover, Ye Feng is also quite interested in the inheritance place of this big figure in the demon world, and may be able to get some opportunities from it.

Ye Feng knew very well that it was definitely unrealistic for him to directly deal with the dozens of demon geniuses who had united together in the Demon Palace of Everlasting Hatred.

After all, the cultivation levels of these demonic geniuses from the Demonic Palace of Everlasting Hatred are all very terrifying, and they are several realms higher than me.

If he directly dealt with dozens of them, he would definitely be overwhelmed and beaten to death by the group.

Therefore, Ye Feng must lurk in the void and wait for the opportunity.

It's not like Ye Feng has never thought about using the dominant power of Dean Tianshu in the Son of God Token.

But once it is used, it may be possible to wipe out dozens of demonic geniuses from the Demonic Palace of Everlasting Hatred in one fell swoop.

But the power fluctuations at the dominance level will definitely attract the guardian of the devil in this dark trial instantly.

Then the gain outweighs the loss.

Perhaps when these demonic geniuses who have always hated the Demonic Palace enter the burial place of this demonic figure, they will have a chance.

After all, the burial place of such a big figure in the demon world must be very dangerous. When the dozens of demon geniuses who have always hated the Demon Palace are trapped by various traps in the burial place of the big figure in the demon world, maybe it will be The best chance to take action yourself.

So Ye Feng was running the space gem at this moment, lurking in the surrounding void, silently waiting for the best opportunity to take action.

Ye Feng would not leave just like that, because he finally met dozens of demonic geniuses in the Dark Alliance, which were huge nourishment, and Ye Feng naturally could not waste them.

Moreover, Ye Feng's luck was very good. Not only did he meet dozens of demonic geniuses from the Dark Alliance, but he also encountered these demonic geniuses who were breaking open the burial place of a big figure in the demonic world.

This is really a double surprise!

However, Ye Feng also knew that it would be very difficult for him to deal with dozens of extremely powerful demonic geniuses, so he could only rely on sneak attacks.

When Ye Feng truly grows up, he may be able to hunt the major demon geniuses head-on.

Now Ye Feng's background is not enough. Compared with other geniuses of the Righteous Alliance who have entered this dark trial field, there is still a big gap.

Therefore, Ye Feng felt that since he had just entered this dark trial field, it would be better to grow up quietly first.

Chapter 3826 Happy

Boom!

Boom!

"Click, click!"

At this time, a group of demon geniuses from the Everlasting Hatred Demon Palace continued to attack.

The seal at the entrance to the burial place of the demon world's great figures hidden deep in the dark forest finally began to loosen completely.

With the continuous attacks of many demonic geniuses, the seal finally shattered after half an hour.

"The seal is finally broken!"

At this moment, all the demon geniuses in the Everlasting Hatred Demon Palace saw this scene, with deep excitement in their eyes.

Because they used a special method this time to gather together in this vast dark trial. The purpose was to unite all the demon geniuses in the Demon Palace of Everlasting Hatred to explore the burial places of various ancient powerful figures in the demon world. land.

Because the burial place of the ancient powerful people in the demon world must contain very rich cultivation resources, which can greatly enhance the cultivation strength of these geniuses of the Everlasting Hatred Demonic Art.

Because although the Dark Alliance is an extremely powerful alliance led by the Dark Demon Cult, there are also intrigues among the major giants in the Dark Alliance.

Therefore, the Demonic Palace of Everlasting Hatred used a very special method this time to bring together all the demonic geniuses who participated in the dark world. The purpose was to unite and strengthen the foundation of the Demonic Palace of Everlasting Hatred.

At this moment, a group of dozens of demon geniuses from the Everlasting Hatred Demon Palace were very excited and immediately rushed towards the burial place of this big figure in the demon world.

Because the seal at the entrance has been broken, there is no obstacle at all.

Ye Feng saw this scene at this time, and used the space gem to lurk in the void, secretly following the dozens of demon geniuses from the Everlasting Hatred Demon Palace.

If this group of demonic geniuses from the Demonic Palace of Everlasting Hatred did not encounter any accidents, then the combined power would still be very terrifying, and Ye Feng would not dare to take action rashly.

So Ye Feng slowly followed behind.

Ye Feng was not in a hurry and was waiting for the best opportunity.

Boom!

In fact, Ye Feng's prediction was very accurate. This kind of demon master

There must be many traps in the burial place of things.

So when this group of dozens of demon geniuses from the Demon Palace of Everlasting Hatred rushed into the sealed place of this big shot in the demon world.

Almost at this moment, they were immediately attacked by the terrifying demon formation.

"ah!"

"ah!"

Several demon geniuses from the Everlasting Hatred Demon Palace who were rushing at the front didn't even react before they were crushed by the black thunder released by the demon formation in the burial place of the demon world's big shot.

A burst of screams suddenly sounded on the field.

"What?"

Seeing this scene, a group of other demon geniuses from the Everlasting Hatred Demon Palace couldn't help but exclaimed: "Everyone, be careful! There are many terrible ancient demon

formations in the burial place of this demon world's big shots, which are specially designed to... We must be careful when dealing with outsiders who break into this place where big figures from the demon world are buried.”

At this moment, all the demon geniuses in the Everlasting Hatred Demon Palace were on alert.

They released their respective powers one after another and joined together to form a very thick defensive light shield, covering dozens of demon geniuses, allowing them to withstand the attacks of those demon formations.

They continued deep into the burial place of this big figure in the demon world.

After Ye Feng waited for everyone to leave, he came to the corpses of the demon geniuses who were killed by black thunder, his eyes shining.

Buzz!

The next moment, Ye Feng directly released the Devouring Domain and began to devour the demonic geniuses who had just rushed to the front and died miserably.

These demonic geniuses who died tragically were all a whole level higher than Ye Feng's current inner demon realm, and they were powerful beings at the demonic elixir realm.

So after Ye Feng swallowed it at this time, his cultivation skills immediately increased tremendously.

"boom!"

The second level of inner demon realm!

"boom!"

The third level of inner demon realm!

At this time, Ye Feng's cultivation level made a big breakthrough, and he directly broke through the third level of the inner demon realm.

This made Ye Feng's eyes suddenly reveal a look of deep joy.

He managed to break through two levels in a row without any effort. It can be said that he gained nothing.

At this moment, the look of anticipation in Ye Feng's eyes became even more intense.

He continued to lurk in the void, following the group of demonic geniuses advancing rapidly in front of him.

At this time, Ye Feng was completely relieved. He was not in a hurry to take action. He just slowly hung on behind the group of demon geniuses who had always hated the Demon Palace, and occasionally picked up the slack.

Along the way, it is very dangerous to enter the burial place of this big figure in the demon world.

Many demon geniuses in the Everlasting Hatred Demon Palace not only encountered the black thunder in the initial demon formation, but also encountered various traps later on, such as bone spurs on the ground, burning flames, and terrifying ancient puppets.

Therefore, this group of demon geniuses who have always hated the Demon Palace suffered heavy losses.

There were originally more than thirty demonic geniuses, but in the end, only a dozen or so demonic geniuses died.

"Damn it..."

This made this group of demon geniuses who had always hated the Demon Palace reveal a deep gloomy look in their eyes.

They came here happily, thinking that they could get a powerful inheritance from a big figure in the demon world.

However, they did not expect that they would encounter so many traps and persecutions along the way, resulting in heavy casualties. Nearly half of the demon geniuses died, which really made this group of demon geniuses from the Changhe Demon Palace feel very gloomy.

But at this time, the leading demon genius from the Demon Palace of Everlasting Hatred, who seemed to be the senior brother of this group of people, immediately said: "Although we have lost so many brothers, we have almost reached this big figure in the demon world. In the deepest part of the burial place, as long as we get the powerful inheritance of this big figure in the demon world, then we will have made a huge contribution to the Demon Palace of Everlasting Hatred behind us. We will bring this powerful inheritance back,

It will definitely make our Everlasting Hatred Demon Palace rank high among the Dark Alliance. "

Hearing what this senior brother said, the remaining group of demon geniuses from the Demon Palace of Everlasting Hatred began to get excited again. They were immediately filled with a sense of struggle and said loudly: "Senior Brother is right, we We can't give up easily. As long as we get the inheritance of this big figure in the demon world and bring it back to the Demon Palace of Everlasting Hatred, our Demonic Palace of Everlasting Hatred will definitely cultivate more and more super geniuses. After all, this kind of ancient demon world Every inheritance of a great person is earth-shattering and very important to our Everlasting Hatred Demon Palace."

At this moment, many demon geniuses said, continuing to move forward, flying quickly towards the deepest part of the burial place of this big figure in the demon world.

Ye Feng, who had been following behind, was very happy.

Along the way, he simply devoured many demon geniuses from the Demon Palace of Everlasting Hatred who died tragically in traps.

Ye Feng absorbed the skills of more than a dozen extremely powerful demonic geniuses along the way, and his cultivation level was greatly improved.

From the previous third level of the inner demon realm, all the way, it has been continuously devouring it, directly swallowing the first level of the demonic pill realm above the inner demon realm!

This made Ye Feng extremely happy and excited.

This time I really got a huge bargain!

Without wasting a single bit of mana, he directly broke through a whole realm by picking up leaks and swallowing them, which greatly improved Ye Feng's cultivation skills and his combat effectiveness.

At this time, Ye Feng even had the urge to come out directly and fight head-on with the remaining dozen demon geniuses from the Demon Palace of Everlasting Hatred.

However, Ye Feng forcefully suppressed his inner impulse.

After all, it would be pretty good to let those dozen demon geniuses from the Everlasting Hatred Demon Palace continue to explore the road ahead as a stepping stone for themselves.

Just in time to explore various traps and dangers that may appear ahead.

Ye Feng had broken through a whole big realm at this time, and was naturally very happy. He even hummed a ditty in the void and continued to secretly follow behind the remaining dozen demon geniuses from the Demon Palace of Everlasting Hatred, preparing to keep picking up leaks.

Chapter 3827 Refining the Golden Body

Buzz!

At this time, Ye Feng was very happy in his heart and continued to follow the remaining dozen demon geniuses from the Demon Palace of Everlasting Hatred from a distance, wanting to see what would happen next.

But just when these demon geniuses entered the deepest place where the great figures of the demon world were buried, even Ye Feng, who was following behind, was shocked by the scene in front of him.

I saw that in the deepest part of this burial place, a majestic Dharma sculpture with a height of tens of thousands of meters was actually built. The entire body was made of gold. It looked gleaming in

the dark underground space. It exudes bright golden light, which is very dazzling and has a great visual impact.

At this time, the demon geniuses in front of the Demon Palace of Everlasting Hatred couldn't help but show deep excitement in their eyes, and they couldn't help but said: "Could this be what the big shot in the demon world left behind?" Immortal golden body?"

Another demon genius nodded and said aloud: "It is said that in this dark demon world, many brilliant cultivation civilizations were born, and many super powerful demons were also born. Those demons are super strong, and in the end, they practiced It has become an immortal golden body. The one in front of me should not be a sculpture, but the real demonic golden body of a big figure in the demonic world!"

At this moment, this group of demon geniuses from the Everlasting Hatred Demon Palace were talking, with deep expectations in their eyes.

If this is not a sculpture, but the demon golden body of a real big figure in the demon world, then they will really make a fortune this time. .???.??

You know, an immortal golden body of a demon is extremely valuable. It cannot be encountered outside. Only in some ancient ruins and caves can such an immortal body exist, which contains incomparable terror. the power of.

If he is brought back to their Demonic Palace of Everlasting Hatred, he might be able to become a powerful puppet of their Demonic Palace of Everlasting Hatred to suppress the entire sect.

And besides that, a

All the big figures in the demon world who are able to retain such a demonic golden body must have had earth-shattering cultivation back then.

The inheritance he left behind must be very terrifying.

At this moment, the eldest brother among the demon geniuses in the Demon Palace of Everlasting Hatred immediately said: "Let us first find the demon inheritance left by this big man in the demon world. That is the most important thing. This demon clan The golden body cannot be taken away. Then we will directly find a way to see if it can be refined. Because we have just participated in the

Dark Trial and it will last for a month. If we can unite together, we can take this demonic golden body. After being directly refined, it will become a powerful puppet for us to fight against the enemy. It is an invincible existence. Very few geniuses can withstand such a terrifying immortal demon golden body. "

"We're rich!"

At this time, all the demon geniuses in the Demon Palace of Everlasting Hatred shouted excitedly.

The eldest brother was also quite excited and said: "Although many brothers died this time, we got this demon golden body and found the ancient inheritance of this big figure in the demon world. Then we really have something this time." Huge rewards, literally making a fortune."

Hearing what the eldest brother said, the other magic geniuses nodded.

This group of demon geniuses from the Demon Palace of Everlasting Hatred immediately dispersed and began to search for where the inheritance of the surrounding demon world's big figures was hidden.

At this moment, Ye Feng's eyes moved, he lurked directly in the void, and suddenly came in front of this majestic golden demon body that was tens of thousands of meters tall.

At this time, Ye Feng was able to learn from this magnificent demon clan

In the golden body, I felt a very terrifying power fluctuation.

Sure enough, this demonic golden body is not a sculpture, but an immortal golden body left by a real figure in the demonic world.

The thoughts in it have been wiped out, but this demonic golden body is immortal and immortal.

At this time, Ye Feng suddenly had a plan in his mind.

That is to directly refine this demonic golden body on the spot, which can be used to deal with the dozens of demonic geniuses from the Everlasting Hatred Demonic Palace present.

At this moment, after Ye Feng thought of this, he immediately started to take action.

Ye Feng is directly the running space gem, lurking behind this demon's golden body, so that this group of demon geniuses from the Everlasting Hatred Demon Palace cannot see him.

Then Ye Feng directly stretched out his hand, pressed it on the demon's golden body, and began to input his own magic power.

When Ye Feng began to input his own mana, he immediately felt that his mana entered the demon's golden body. It was like a mud cow entering the sea and disappearing in an instant.

"Um?"

This made Ye Feng's eyes show surprise.

This demonic golden body looks very terrifying.

When I put such majestic mana into it, there is no movement at all.

But the more this happens, the more it shows that this demonic golden body is very advanced, very powerful, and cannot be refined so easily.

But Ye Feng is a person who does not believe in evil. He does not believe that with his current huge magic power, he cannot refine a demonic golden body.

"Buzz buzz!"

So at this time, Ye Feng immediately increased the input of his magic power.

Ye Feng is also very interested in this demonic golden body.

of.

This immortal golden body of the demon from the ancient era must be many times more powerful than the blood demon puppet he had obtained before.

A small puppet like the Blood Demon Puppet is simply weak in front of such a majestic golden demon body that is tens of thousands of meters tall.

At this moment, with Ye Feng inputting mana, the demon's golden body finally made some movement.

Finally, half an hour later, Ye Feng secretly completely refined the demon's golden body.

At this moment, in a certain direction not far away, suddenly a demon genius from the Demon Palace of Everlasting Hatred immediately shouted in surprise: "Everyone, come and see the inheritance of this big shot in the demon world. He has imprinted it here." On the wall, this set of inheritance from a big figure in the demon world is called the "Great Demon Shattering Hands", which is a very terrifying attack inheritance. Now our Everlasting Hatred Demon Palace has another sect-suppressing secret!"

At this moment, after the demon genius from the Demonic Palace of Everlasting Hatred finished speaking, the other dozen or so geniuses from the Demonic Palace of Everlasting Hatred all showed deep joy in their eyes and immediately flew to that wall. Prepare to start recording the extremely powerful set of secret techniques for attacking the demons imprinted on this wall.

But suddenly at this time.

Rumble...

A shocking scene happened.

Not far away, I saw the majestic golden body of the demon started to move.

The eyes of the demon's golden body were opened, emitting a monstrous scarlet light, looking very terrifying and evil.

"What??"

At this moment, the dozens of demon geniuses from the Everlasting Hatred Demon Palace who were present couldn't help but screamed in horror. It seemed that they never expected that this motionless golden body of the demon would actually be there. Suddenly and mysteriously revived at such a critical moment, wouldn't this cost lives?

Chapter 3828 It can't be stopped at all

Buzz!

At this moment, the majestic and terrifying golden body of the demon suddenly revived, which indeed made all the super geniuses of the Everlasting Hatred Demon Palace present have deep astonishment in their eyes, as if they dare not do anything. Believe what you see.

Because when they just investigated, this demonic golden body had no movement at all, nor any life fluctuations. How could it suddenly move in just half an hour?

It's really confusing.

At this time, the eldest brother of the Demon Palace of Everlasting Hatred immediately said: "This Demonic Golden Body is most likely inspired by some mysterious force. We should not directly confront this Demonic Golden Body, because there is simply no way to do so." Destroy this demonic golden body. It is too strong and too ancient. Let's see if we can go behind this demonic golden body and directly refine this demonic golden body. As long as it is under our control, that will be fine. "

Hearing what this senior brother said, the other demon geniuses in the Everlasting Hatred Demon Palace all nodded their heads, feeling that this plan was feasible.

The Demonic Dao Senior Brother immediately looked at the two young disciples beside him and said loudly: "I am here to attract the attention of this Demonic Ancestor Golden Body head-on. You two go around to the Demonic Ancestor's Golden Body from the left and right sides respectively. Behind the scenes, while the demon's golden body has not yet fully recovered, let's see if we can refine it and control it."

Hearing what the eldest brother said, the two young disciples standing on the left and right immediately nodded, and each of them burst out their own extremely powerful cultivation aura, and immediately moved around the back of the demon's golden body.

Because for them, if they can forcibly refine this demonic golden body and control it, it will be like another huge help for them.

Originally, they were planning to wait until they got the inheritance from this big shot in the demon world before refining the demon's golden body. However, they didn't expect that the demon's golden body actually moved ahead of schedule. This made everyone unable to remain calm anymore and they had to hurry up. Refining all this demonic golden body.

But just when these two demon geniuses from the Everlasting Hatred Demon Palace flew behind the demon clan's golden body, they suddenly saw an incredible scene.

I saw a young man wearing a skeleton robe, exuding demonic energy, standing behind the demonic golden body, secretly controlling the demonic golden body.

"What??"

"Is there anyone else here?"

The two demon geniuses from the Demon Palace of Everlasting Hatred, who were preparing to refine the demon's golden body, immediately couldn't help but show deep horror in their eyes.

They never thought that there would be a mysterious demonic boy sneaking behind them.

And they also recognized that this demonic boy was the weak boy they scolded and left before.

But now the cultivation aura of this young man is a whole level higher than before, which is really incredible.

And he also controls the demonic golden body.

At this moment, the two demon geniuses from the Everlasting Hatred Demon Palace had not yet reacted. Ye Feng, who was wearing a black robe with a skeleton, did not hesitate at all and directly released the extremely powerful demonic method taught to him by the demon clan. inherited.

Dark Holy Sword!

boom!

boom!

At this moment, Ye Feng's body suddenly burst out with a bright black light wave, and suddenly formed two dark holy swords that could tear the sky and the earth apart, and slashed towards both sides.

He unexpectedly cut the two demon geniuses from the Demon Palace of Everlasting Hatred in half who had not yet reacted, killing them instantly.

"What??"

At this moment, seeing this scene, a group of demon geniuses from the Everlasting Hatred Demon Palace not far away were shocked.

The demon master couldn't help but exclaimed: "It's that kid! He has been sneaking behind us, and it seems that his cultivation level has improved so much. How is this possible! He can still refine The demon's golden body, in just half an hour, this is impossible! "

At this moment, the senior brother who was the leader of the Demonic Palace of Everlasting Hatred immediately revealed a look of deep horror in his eyes.

This timid young man whom they had ridiculed had secretly followed them behind them for such a long time without them noticing, which was really shocking to the extreme.

"It turned out to be the boy we ridiculed."

At this moment, the senior brother couldn't help but show a deep cruel look in his eyes, and said loudly: "Let's all come together and kill this kid. This kid is sneaking behind us to take advantage of us. , it's really abominable."

"Yes, senior brother!"

Many demonic geniuses in the Everlasting Hatred Demonic Palace couldn't help shouting at this moment, and then burst out with terrifying cultivation power, and immediately rushed towards Ye Feng.

At this moment, facing the attacks of so many demonic geniuses, Ye Feng no longer had the fear he had before.

Because Ye Feng's current cultivation level has been promoted to the first level of the Demonic Pill Realm, and he has now refined this extremely powerful Demonic Golden Body.

boom!

At this moment, Ye Feng directly controlled the demon's golden body and took those demons

Dao Tiancai resisted all attacks.

Then Ye Feng released several terrifying demon inheritances that he had practiced.

The ancient demon king's Dharma!

Dark Holy Sword!

Frost Demonic Fist!

At this time, Ye Feng's attack method was still the same as before, using a bombardment-style combat method to deal with these enemies.

This fighting method is still very effective.

Because Ye Feng's majestic magic power is enough to support Ye Feng to release powerful inheritances one after another.

At this moment, behind Ye Feng, a several hundred meters huge shadow of an ancient demon king suddenly appeared.

Then countless dark holy swords were condensed.

The Frost Demonic Fist struck by Ye Feng's fists also erupted with terrifying frost-grinding power. It had the ability to freeze and also had a terrifying evil spirit.

At this moment, under Ye Feng's terrifying attack, these demon geniuses from the Everlasting Hatred Demon Palace, even though their cultivation levels were still one or two realms higher than Ye Feng's, were severely attacked.

Because their attacks could not cause any harm to Ye Feng, Ye Feng had this demonic golden body in front of him to resist all the damage.

In turn, Ye Feng himself was able to unleash all his attacks very easily.

So at this moment, the remaining ten demon geniuses from the Everlasting Hatred Demon Palace were immediately attacked by Ye Feng's successive terrifying inheritances and were forced to retreat, even to the point where they could not help but vomit blood.

Boom!

At this moment, the senior brother of the Demon Palace of Everlasting Hatred not far away immediately burst out with a terrifying and boundless cultivation momentum.

That is a terrifying cultivation level that has surpassed the two realms of Demonic Pill Realm!

It is a terrifying cultivation level above the Demonic Pill Realm and the Demonic Tribulation Realm, and at the level of Mingxin Realm!

It has to be said that the cultivation strength of this senior brother from the Demon Palace of Everlasting Hatred is still very terrifying.

The senior brother saw that all his brothers were vomiting blood after being attacked by Ye Feng, and he immediately shouted angrily: "Damn you boy, I will kill you!!"

At this moment, the senior brother of the Everlasting Hatred Demon Palace suddenly rushed in front of Ye Feng, rushed to the top of the demon's golden body, and wanted to challenge Ye Feng directly.

At this moment, Ye Feng didn't hesitate at all, and immediately burst out the various magical inheritances he had practiced before.

But this elder brother from the Demon Palace of Everlasting Hatred, his cultivation strength was so terrifying that Ye Feng was unable to resist him for a while.

At this moment, Ye Feng no longer hesitated.

Directly releasing the powerful inheritance of the Righteous Alliance that he had cultivated before.

Great Buddha Holy Light Technique!

The ancient Heaven-cutting Finger!

Holy Temple Sword and Light Technique!

Nine Saint Tyrant Fist!

The Thunder Palm of the God of Tribulation!

The eight seals of Tianlong!

These six sets of inheritances that Ye Feng had practiced before were released by Ye Feng all at once.

Even if Ye Feng's cultivation skills are very powerful, it is still a bit difficult to release six sets of inheritance at this moment.

But the effect is very obvious.

Ye Feng released six sets of extremely powerful inheritances at once.

Behind Ye Feng, all kinds of phantoms suddenly appeared.

For example, the ancient Buddha is filled with golden holy light. It is sacred and boundless, and the Buddha can save the world.

And huge fingers that can cut off the sky.

The sword light in the ancient temple can cut off everything.

There are also the phantoms of nine ancient saints, which are visions released by the Nine Saints Tyrant Fist.

There is also a big hand that covers the sky and the sun, filled with endless light of thunder and thunder, which is the effect of the thunder palm of the God of Ten Thousand Tribulations.

There are also eight illusory heavenly dragons that form eight ancient soul seals that can directly attack the spiritual soul level.

Therefore, Ye Feng unleashed so many powerful inheritances in a series, and defeated the extremely powerful senior brother of the Demon Palace of Everlasting Hatred.

This elder brother of the Demon Palace of Everlasting Hatred, even though his cultivation was very terrifying, was continuously passed down by Ye Feng at this moment, and his mouth was directly bombarded with blood spurting out, and he flew out all of a sudden.

The senior brother of the Everlasting Hatred Demon Palace immediately shouted in horror: "What kind of inheritance is this? This is not our demonic inheritance at all! Boy, who are you?"

Ye Feng didn't bother to explain at all, and directly controlled the demon's golden body, crushing the elder brother of the Demon Palace of Everlasting Hatred to pieces in an instant.

"What??"

"Elder brother is dead too!"

The other group of demon geniuses from the Everlasting Hatred Demon Palace were completely disappointed when they saw this scene.

They immediately retreated crazily, trying to escape from here, because this young man wearing a black robe with a skeleton was really terrifying, with countless methods and countless inheritances, and he couldn't stop him at all.

But at this moment, Ye Feng smiled coldly and said: "No one can escape!"

Ye Feng will naturally not show any mercy to these demonic geniuses of the Dark Demon Cult, because once they grow up in the future, they will all work for the Dark Yuan Zun and must be killed!

Chapter 3829 Asking for help

boom!

At this moment, Ye Feng did not hesitate at all, and directly burst out his extremely powerful cultivation inheritance power, attacking the demon geniuses who were escaping from the Demon Palace of Everlasting Hatred.

"Boom!"

At this moment, those demonic geniuses in the Demonic Palace of Everlasting Hatred had no power to resist at all. They were all attacked by Ye Feng and vomited blood and died.

Because these demonic geniuses had been seriously injured by Ye Feng before, they were unable to resist Ye Feng's attack at this time.

So far, all the demon geniuses in the Everlasting Hatred Demon Palace have been killed by Ye Feng, leaving no one behind.

"boom!"

The next moment, Ye Feng did not hesitate and directly released his Devouring Domain.

Buzz! .??.

The dark and deep devouring realm immediately erupted from Ye Feng's body, covering the entire surrounding area.

"Grrrrrrrrrrr..."

At this moment, a stream of very majestic energy was immediately absorbed by Ye Feng from the surrounding demon geniuses of the Everlasting Hatred Demon Palace, and then injected into Ye Feng's own body.

The next moment, Ye Feng immediately felt that his cultivation skills were increasing rapidly.

"boom!"

The second level of the Demonic Pill Realm!

"boom!"

The third level of the Demonic Pill Realm!

"boom!"

The fourth level of the Demonic Pill Realm!

At this moment, Ye Feng's cultivation aura finally stopped.

These remaining dozen demon geniuses from the Everlasting Hatred Demon Palace provided Ye Feng with huge blood energy, allowing Ye Feng to break through the third level of heaven at once, which was a huge improvement.

At this time, Ye Feng's eyes were full of happiness.

Sure enough, my original choice was correct.

Coming to the dark trial of the Dark Alliance and hunting these rare demonic geniuses can bring you huge rewards.

To know

, if it is outside the dark trial, Ye Feng's killing of these demonic geniuses who are at a similar level to himself is likely to attract the more powerful and terrifying elders of the demonic forces behind them to pursue them at any time.

But in this dark trial, this situation will not happen.

Because those participating in this dark trial are all geniuses of the younger generation, and there will be no strong ones from the older generation at all.

After Ye Feng devoured all the demon geniuses from the Everlasting Hatred Demon Palace at this moment, he came directly to the wall where the previous demon genius discovered the inheritance and started to watch.

What is engraved on this wall is the inheritance of this great figure in the demon world. The inheritance is extremely ancient and advanced.

This powerful inheritance of a big figure in the demon world is called "The Great Demon's Sky-Shattering Hand". It is a very terrifying inheritance of attacks from the demon world.

At this time, Ye Feng did not hesitate and began to understand the inheritance of this big figure in the demon world engraved on the wall. For Ye Feng, learning one more inheritance would definitely be of great benefit.

Before, Ye Feng had to deal with so many demonic geniuses from the Everlasting Hatred Demon Palace by relying on the inheritance he continuously released, blinding them directly and catching them off guard.

Because you must know that Ye Feng's magic power is very powerful, and when he bursts out so many powerful inheritances at once, he can naturally catch the enemy off guard in an instant and make them unable to resist at all.

At this time, Ye Feng began to understand the powerful and speechless inheritance imprinted on the wall, the Great Demon's Sky-Shattering Hand.

Ye Feng's ability to comprehend was very powerful, and he soon fully understood this great demon's Sky-Shattering Hand.

At this time, Ye Feng tried it and released the Demon's Sky-Shattering Hand.

Buzz!

At this moment, Ye Feng immediately saw it. His palm began to swell, and eventually it expanded directly into a big hand covering tens of thousands of meters, covering the sky and the sun. It seemed that it could crush everything and cover the sky. It was really Terrible power

It was terrifying to the extreme. It was indeed the inheritance of a great figure in the ancient dark demon world. It was indeed very terrifying.

At this moment, Ye Feng left here without any hesitation.

Of course, before leaving, Ye Feng put the demon's golden body into his storage ring.

After all, the power of this demonic golden body is still very terrifying, and it can help you deal with very strong enemies at critical moments.

Previously, when Ye Feng was dealing with those demonic geniuses from the Everlasting Hatred Demon Palace, he directly used this tens of thousands of meters of majestic demonic golden body as a shield, blocking it in front of him, which could withstand the attacks of those demonic geniuses. .

At this time, Ye Feng came directly to the ground after leaving the burial place of this big figure in the demon world.

Ye Feng was preparing to fly in a certain direction, hoping to find other powerful demon geniuses to hunt.

Buzz!

But suddenly at this moment, Ye Feng suddenly felt a fluctuation in his identity token.

The fluctuation of this identity token means that the other geniuses of the Righteous Alliance who entered this dark demon world with Ye Feng are calling for help around them, and the distance is not far away.

Seeing his identity token vibrating like this, Ye Feng immediately flew away without any hesitation according to the direction of the vibration of the token.

Ye Feng didn't know which genius of the Righteous Alliance he was, and he was asking for help now.

In any case, they are willing to contribute their own strength to the Righteous Alliance and hunt down these geniuses of the Dark Demon Cult, which deserves Ye Feng's respect.

Therefore, no matter which one of these geniuses of the Righteous Alliance is in danger, Ye Feng will naturally rescue them within his ability.

In addition to Ye Feng, there were four other members of the Righteous Alliance who entered the dark demon world with Ye Feng and hunted down the demonic geniuses of the Dark Alliance.

They are the Phoenix Goddess of the Phoenix Kingdom.

Shangguan Tianya, the eldest son of the ancient Shangguan family, rides a bright dragon.

There is another ancient world

The young master of the Su family, Su Mo.

And one of the top ten true disciples of Taixuan Shenmen, Gu Taichu.

No matter which one of these four super geniuses of the Righteous Alliance, they are very powerful beings.

But now one of them actually asked for help. He must have encountered huge difficulties. Ye Feng naturally wanted to take a look.

When Ye Feng arrived at the destination based on the fluctuations in the token, he immediately saw a terrifying scene.

I saw a young man covered in blood lying among the ruins not far away.

This young man turned out to be Shangguan Tianya!

The high-spirited eldest son of the ancient family was seriously injured at this moment.

His greatest assistant, the divine dragon of light, was cut into several pieces and fell to the ground around him, completely dead.

Seeing this scene, Ye Feng was suddenly startled.

Who is it?

So powerful?

To be able to inflict such serious injuries on a top genius like Shangguan Tianya and cut the Bright Dragon into several pieces is really frightening to the extreme.

At this time, Ye Feng looked around, but did not find any people in the devil's path.

This made Ye Feng's eyes suddenly reveal a look of deep doubt.

However, Ye Feng did not waste time at this time, and immediately flew over, flew to the ruins, and came to Shangguan Tianya's side.

Looking at Shangguan Tianya lying on the ground, he was already dying.

Ye Feng immediately showed deep horror in his eyes.

How could this powerful Shangguan Tianya, with the help of the Divine Dragon of Light, be beaten into such a miserable state?

In the end what happened?

What kind of terrifying existence did Shangguan Tianya encounter?

Why is the injury so serious?

Even the Divine Dragon of Light was cut into several pieces and died!

Chapter 3830 Repair

At this time, Ye Feng was about to ask Shangguan Tianya some information.

Uh-huh!

But suddenly at this moment, an old man wearing a black robe suddenly descended from the sky.

This old man looked very cold, and the aura of cultivation emanating from his body was so terrifying that Ye Feng suddenly sensed a huge shadow of death, covering his entire body.

At this moment, Ye Feng's pupils suddenly shrank.

This old man in black robe is definitely the guardian of this dark trial ground. He is the guardian of the devil in the dark alliance who is specially used to patrol this dark demon world.

At this moment, Ye Feng finally understood why Shangguan Tianya was so miserable.

Because no matter how powerful the magic genius is, it is impossible to inflict such serious injuries on Shangguan Tianya.

Even the light dragon was cut off and died.

It turns out that Shangguan Tianya actually met the guardian of the devil in this dark trial field.

Such a powerful elder with a terrifying cultivation level is naturally terrifying in his combat power. No wonder Shangguan Tianya is in such a miserable state.

This also makes Ye Feng very lucky. The moment he entered this dark trial field, he disguised himself as a demon genius, so that he would not attract the attention of the devil guardians patrolling this dark trial field. force.

At this time, Ye Feng's body suddenly froze, not knowing how to deal with the sudden appearance of the demon guardian.

But at this moment, the cold-looking devil guardian slowly walked to Ye Feng and said loudly: "This young man with the light dragon seems to have sneaked into our Dark Alliance trial site. I didn't expect the Righteous Alliance's super genius to be so insidious. They actually sent such a powerful super genius here to hunt our Dark Alliance geniuses. This light-attributed Righteous Alliance genius has already been hunted for a whole day. There are more than a hundred geniuses from our Dark Alliance, which has caused us heavy losses."

Hearing what the guardian of the devil said, Ye Feng couldn't help but look in shock. He stared at the dying Shangguan Tianya on the ground. He didn't expect that the other party was so dedicated and had already hunted and killed him in just a few days. He has recruited more than a hundred demonic geniuses from the Dark Alliance. No wonder he was targeted by the patrolling demonic guardians of the Dark Alliance.

at this time,

Ye Feng knew that this demon guardian obviously regarded himself as the demon genius of the Dark Alliance, so he did not take action against him.

After all, Ye Feng is still wearing a black skull robe, and the original aura on his body is also the aura of the devil.

At this moment, Ye Feng immediately turned around, looked at the guardian of the demonic path, and said loudly: "Senior, please leave this spy of the Righteous Alliance to me, so I won't bother senior to take action."

When the demonic guardian heard what Ye Feng said, his eyes showed a look of doubt, and he asked aloud: "Which demonic force are you from? Why do I feel that the aura of the martial arts on your body is not the same as the aura of the inheritance of the major demonic forces? Same."

Ding!

When Ye Feng heard the Demonic Guardian say this, his heart suddenly thumped.

After all, I was a little negligent.

Although he pretended to be the original skill of the devil, the aura of the devil he imitated was different from that of the major members of the Dark Alliance.

At this moment, Ye Feng immediately said: "Senior, I come from the Dark Demon Cult. I practice a very special ancient demon inheritance, so senior may not be able to see it."

Hearing Ye Feng say that he is a genius of the Dark Demon Cult, the demon guardian immediately showed a trace of solemnity and awe in his eyes, then nodded slowly and said aloud: "It turns out that he is from the headquarters of the Dark Demon Cult. Super genius, since you have made this request, I will leave this Righteous Alliance spy to you. Anyway, he is already half-dead, basically useless, and no longer a threat."

After saying that, the demonic guardian jumped up and left the scene directly.

At this time, Ye Feng breathed a sigh of relief.

This guardian of the devil's path was absolutely powerful in cultivation, and it made Ye Feng feel too terrifying.

However, this demonic guardian does not seem to be an older expert from the Dark Demon Cult. He should be an older expert from other Dark Alliance member forces. Therefore, when Ye Feng heard that he was from the Dark Demon Cult, his face became serious. few.

at this moment leaf

Without any hesitation, Feng directly put Shangguan Tianya into his storage ring.

Shangguan Tianya was dying, with all his meridians and bones shattered. It could be said that he was useless, so the guardian of the devil could safely leave Shangguan Tianya to Ye Feng to deal with it.

But you must know that Ye Feng possesses Hongmeng Purple Qi, which can repair any spiritual thing in the world, including living creatures.

Therefore, as long as Shangguan Tianya is not completely dead, even if he is dying, only holding his breath, and all the meridians in his body are broken, Ye Feng can repair him.

At this time, Ye Feng glanced at the bright dragon that was broken into several pieces in the surrounding ruins, and couldn't help but sigh.

This light dragon should be an extremely powerful light-attributed dragon captured by the Shangguan family from the world of light. It is very powerful, very terrifying, and very high-spirited.

But he didn't expect that he would be cut into several pieces by the demon guardian in the trial field of the Dark Alliance. It was really miserable.

However, Ye Feng felt that it could not be wasted.

After all, the Divine Dragon of Light is already dead.

Buzz!

At this moment, Ye Feng directly released the Devouring Domain, and all the blood energy of the dead Light Dragon was swallowed up in one fell swoop.

Boom!

A kind of terrifying energy was immediately injected into Ye Feng's Dantian, causing Ye Feng's skill to increase tremendously.

This made Ye Feng's eyes suddenly light up.

This bright dragon is worthy of being the exclusive mount of the eldest young master of the Shangguan family. The dragon source of skills is very strong, and Ye Feng has gained a huge increase in cultivation all of a sudden.

Boom boom boom!

Boom boom boom!

The next moment, six terrifying cultivation auras burst out from Ye Feng's body.

He actually broke through directly from the fourth level of the Demonic Pill Realm to the tenth level of the Demonic Pill Realm, Great Perfection!

This made Ye Feng's face suddenly show an ecstatic look.

Unexpectedly, the Divine Dragon of Light hid so much terrifying blood energy and improved his cultivation so much. It was as if Ye Feng had swallowed up an entire resource-rich mineral vein.

r\u003e

Uh-huh!

At this time, Ye Feng did not hesitate and flew quickly in a certain direction.

When Ye Feng flew into a deep mountain and old forest, he was sure that he had completely left the attention span of the previous demonic guardian elder.

At this time, Ye Feng dared to open the storage ring and take out Shangguan Tianya from the storage ring.

Shangguan Tianya was lying on the ground at this time, still dying. It was obvious that his whole body was seriously injured and dying. It could be said that his meridians were all broken and useless.

But at this time, Ye Feng immediately began to release the talent that his Hongmeng Indestructible Body had determined when he entered the third level, Hongmeng Purple Qi.

Buzz!

I saw streams of purple gas surging out of Ye Feng's hands, covering Shangguan Tianya's entire body.

Hongmeng Purple Qi has the ability to repair everything in the world, so as long as Shangguan Tianya still has a little vitality, it will be quickly repaired by Hongmeng Purple Qi.

His meridians, his broken bones, and his broken Dantian were all slowly recovering at this moment.

After a whole day and night.

Shangguan Tianya finally recovered from his injuries. He opened his eyes and jumped up. He couldn't help but said, "Am I in the underworld?"

Ye Feng stood aside at this time, smiled slightly, and said loudly: "You are not dead yet, you were saved by me."

"What?"

At this time, Ye Feng had dissipated the demonic aura from his body and turned into the original genius aura of the Righteous Alliance.

At this time, Shangguan Tianya immediately stared at Ye Feng and couldn't help but exclaimed: "The Son of God from the Ten Thousand Realms Martial Arts Academy? Why are you here? How did you save me? I remember, I was trapped by this darkness. The demon guardians in the trial field were targeting me, and I tried almost all my methods to escape."

At this time, Shangguan Tianya said, his tone full of disbelief, as if he couldn't believe that Ye Feng, the weakest genius of the Righteous Alliance, actually fell from the hands of the terrifying old demon master like the Demon Guardian. Saved myself.

Simply incredible!
