

Ancient 3831

Chapter 3831 Gathering City

At this time, Shangguan Tianya's eyes were filled with deep disbelief.

Because he could never imagine how Ye Feng saved himself.

Although he sent a distress signal before he fell into coma, Shangguan Tianya felt that he was definitely dead.

But what he never expected was that he was still alive and was saved by Ye Feng.

You know, before entering this dark trial field, to be honest, Shangguan Tianya felt that Ye Feng, the newly promoted son of God at the Wanjie Martial Arts Academy, was the weakest.

But what I didn't expect was that it was Ye Feng who saved him in the end.

Shangguan Tianya took a deep breath at this time, stood up, clasped his fists at Ye Feng very solemnly, and said: "Thank you so much, Lord Ye Feng. I will definitely remember this life-saving grace, and I will definitely keep it in my heart in the future." "Return."

Hearing what Shangguan Tianya said, Ye Feng immediately smiled and said: "It doesn't matter, it's just a little effort." .??.

When Shangguan Tianya heard what Ye Feng said so casually, he immediately shook his head very solemnly and said loudly: "This is a life-saving grace. I will definitely not forget it."

After finishing speaking, Shangguan Tianya couldn't help but sigh and said: "It's a pity that my old partner, the Dragon of Light, died in the hands of the guardian of the devil. He died to protect me. It's really It's such a pity. I want to bury it with my own hands. I want to go back to the original place and bury it properly. But it was cut into several pieces and fell to the ground. It was really unfair to the bright dragon. "

Hearing what Shangguan Tianya said, Ye Feng couldn't help but change his face immediately, and said quickly: "We can't go back. The devil's guardian may appear there at any time. If we go back and encounter the devil's guardian, what will happen? That's it."

Hearing what Ye Feng said, Shangguan Tianya thought it made sense, and immediately nodded and said, "Okay."

When Ye Feng heard what Shangguan Tianya said, he immediately breathed a sigh of relief.

If Shangguan Tianya is allowed to go back, he will see that the Shenlong of Light has turned into a shriveled one.

A few body parts, that would be too embarrassing.

At this time, Ye Feng looked at Shangguan Tianya in front of him and said, "What are your plans next?"

Shangguan Tianya couldn't help but smile bitterly at this time: "I must have hunted too fast before, so I was stared at by the demon guardian in this dark trial. I didn't expect this dark trial. Among them, there are also demon guardians sent by the Dark Alliance to patrol. This is something I never expected. It was really too dangerous and I almost died. "

Ye Feng nodded slightly, and then said aloud: "So you must be good at disguising yourself, and you must not hunt demon geniuses under the spotlight, otherwise if the news spreads, it will affect several other geniuses of the Righteous Alliance. It's very bad and will make the demonic geniuses in these dark trials wary."

Shangguan Tianya immediately couldn't help but nodded and said aloud: "I have to say that you are really thinking carefully. I didn't even think of this. What I was thinking about was the crazy hunting after entering the dark trial field." Killing those demonic geniuses, every time we kill a demonic genius, it will be of huge benefit to our Righteous Alliance."

Ye Feng nodded at this time.

At this moment, Shangguan Tianya seemed to have thought of something, and suddenly said: "By the way, I was chased by this demon guardian before because I was hunting those demon geniuses

in a city where demon geniuses gathered. Ye Feng, why don't we join forces and see if we can catch all the magic geniuses in that city."

Hearing what Shangguan Tianya said, Ye Feng's eyes suddenly lit up and he couldn't help but say: "You are very lucky to have found a city where magic geniuses gather."

Shangguan Tianya immediately nodded, and then said aloud: "But in that city where the magic geniuses gather, there are many super masters, all magic geniuses.

The top existence among them is even difficult for me to deal with. If it weren't for the Divine Dragon of Light to help me, I probably wouldn't be able to fight against so many demonic geniuses. Now that the Divine Dragon of Light is dead, with the strength of the two of us, we can directly fight against those demonic geniuses. If they fight against each other, it will probably be very difficult. "

Ye Feng couldn't help but asked: "How many magic geniuses are gathered in that city?"

Shangguan Tianya thought for a while, and then said aloud: "There should be hundreds."

"Is that much?"

When Ye Feng heard what Shangguan Tianya said, he immediately showed surprise in his eyes.

But the next moment, Ye Feng's heart was not filled with fear, but with deep expectations.

There are hundreds of magic geniuses, all of whom are elite masters. If all their skills and blood energy are devoured, Ye Feng cannot even imagine what level his cultivation will reach.

At this moment, Ye Feng couldn't wait any longer and immediately said: "Shangguan Tianya, please take me to the city where the magic geniuses gather. Let's find a way to see if we can catch all these magic geniuses. If we can catch them all in one go, it will definitely be of great help to our Righteous Alliance, because these demonic geniuses will definitely be the future pillars of the major giants of the Dark Alliance. If we kill them in advance, it will definitely have a huge impact on the Dark Alliance. "

Hearing what Ye Feng said, Shangguan Tianya became very excited and said: "On our way there, we will see if we can contact other geniuses from the Righteous Alliance. In this case, our power will be stronger. a little."

Ye Feng nodded and said loudly: "This is a good idea, but the Dark Trial Field is so big, it is estimated that other geniuses from the Righteous Alliance can be contacted."

The two of them were talking at this time, and immediately left the primitive forest and flew quickly towards the city where Shangguan Tianya mentioned that many magic geniuses gathered.

On the way to fly, the two of them passed by

Through their respective identity tokens, they wanted to sense if there were other geniuses from the Righteous Alliance around them.

But what disappointed the two of them was that they did not sense other geniuses from the Righteous Alliance.

Obviously this dark trial ground is very vast, with a total of five geniuses from the Righteous Alliance entering. It is quite destined that Ye Feng and Shangguan Tianya can meet in this large area.

Three days later, Shangguan Tianya and Ye Feng finally arrived at the city he mentioned.

I saw a huge temporary city standing on the dark land in the distance.

There are hundreds of demonic geniuses inside, trading various cultivation resources, and many demonic geniuses are meditating and practicing inside.

Obviously, this is a temporary city built by many magic geniuses, specially used to trade the resources they need, and also provides areas for the major magic geniuses to rest and practice.

At this time, Shangguan Tianya and Ye Feng slowly lurked here.

Shangguan Tianya looked at the temporarily built city not far away and said aloud: "There are hundreds of magic geniuses in this city, and there are also several with very terrifying cultivation levels, a little more powerful than me. , if it hadn't been for the Divine Dragon of Light to help me, I wouldn't have dared to kill everyone inside, but maybe it was because the Divine Dragon of Light was so powerful that it attracted the attention of the demon guardians patrolling nearby, and I almost died tragically there. In the hands of the guardian of the devil."

Ye Feng nodded slightly at this time, then stared at the temporarily built city not far away, and said slowly: "I also sensed that there are hundreds of magic geniuses in this city, and there are many of them. A demonic genius, his cultivation strength is very advanced and terrifying."

After Ye Feng finished speaking at this time, he immediately began to change his cultivation aura.

I saw that Ye Feng's martial arts origin once again turned into the demonic origin, and dark demonic energy emanated from his body.

Chapter 3832 Insidious means

"What? The aura on your body is actually the demonic aura of the Dark Alliance?"

At this time, seeing Ye Feng next to him suddenly erupting with a dark aura, Shangguan Tianya beside him couldn't help but have a look of deep horror in his eyes.

Because of the dark aura on Ye Feng's body, Shangguan Tianya felt full of terror for a moment.

At this moment, in Shangguan Tianya's eyes, Ye Feng has become just like those magic geniuses.

Looking at Shangguan Tianya's horrified eyes, Ye Feng smiled slightly and said loudly: "These are some of my disguise methods that can turn my original aura into dark attributes."

At this time, Ye Feng said, and suddenly changed his original attribute power into light attribute. .??.

Buzz!

I saw white holy light emitting from Ye Feng's body again, looking extremely holy.

Seeing this scene, Shangguan Tianya couldn't help but widen his eyes and said loudly: "Your ability is really amazing. I can't even tell that you are pretending when I stand in front of me."

Ye Feng was thinking at this time, of course you can't tell.

Because Ye Feng really changed his life source into other attributes.

At this time, Ye Feng once again transformed his life and power into demonic attributes, and his whole person exuded demonic aura, which was full of demonic aura.

At this time, Ye Feng said aloud: "I am now pretending to be a magic genius in the Dark Alliance. I can lurk into the temporarily built city ahead to explore the situation first, and then we will cooperate internally and externally to try to eliminate all the magic geniuses in this city." All the geniuses."

"good!"

Hearing what Ye Feng said, Shangguan Tianya nodded excitedly and said, "Okay, okay, this method is very good, but how can I help you?"

Ye Feng thought for a while and suddenly said: "Shangguan Tianya, you are the eldest son of an ancient family like the Shangguan family. You should have a lot of resources. Do you have any extremely powerful formations?" Legal materials?"

Hearing what Ye Feng said, Shangguan Tianya's eyes lit up, and he immediately wondered what Ye Feng was going to do.

He immediately said aloud: "I understand, you want me to secretly arrange an extremely powerful attack formation around this temporary city, and then you sneak into this temporary city. , then I can directly activate the entire formation, cover the entire city, and help you kill those magic geniuses."

When Ye Feng heard what Shangguan Tianya said, he immediately smiled and said: "You are right, I do have this idea, but then you don't have to wait for my signal. After you arrange the formation, you can directly You can activate the entire formation to attack the hundreds of magic geniuses in the city. Those hundreds of magic geniuses will definitely unite to fight against you and the entire formation. When the time comes, try to make the entire formation last as long as possible. A little longer, in this case, I can lurk among the many demonic geniuses, secretly hunt these demonic

geniuses, and let them wait for a while, and they probably won't even notice that anyone is hunting them around, because if you activate the entire formation at that time, if the entire city is bombarded, those magic geniuses will definitely respond in a hurry, thus making the whole scene chaotic. And in this chaos, I can secretly steal

Attack the demon geniuses one by one, and hunt down the demon geniuses without leaving any trace, so that they are not aware that there is a spy beside them, harvesting their lives. "

Hearing what Ye Feng said, Shangguan Tianya was immediately stunned, as if he didn't expect that Ye Feng could come up with such an insidious method.

Shangguan Tianya immediately couldn't help but stare at Ye Feng and said loudly: "You are so bad, but I like it so much!"

Ye Feng grinned and said: "Then act quickly, I will blend in first."

Uh-huh!

After saying that, Ye Feng's whole body was full of demonic aura, and he immediately jumped up and flew directly towards the temporary city in front of him.

At this moment, Shangguan Tianya did not hesitate at all, and began to take out formation materials one by one from his storage ring, and secretly arranged formations around the temporary city.

In this city, many magic geniuses are now very vigilant.

Although they were massacred by Shangguan Tianya and the Divine Dragon of Light before, the guardians of the demonic path took action. These demonic geniuses naturally felt that Shangguan Tianya and the terrifying Divine Dragon of Light must have died long ago and could no longer die.

So they all relaxed their vigilance at this time, which was a good opportunity for a sneak attack.

So at this time, Shangguan Tianya secretly arranged formations and placed formation materials around the entire city, without attracting the attention of the many magic geniuses in the city.

Shangguan Tianya is the eldest son of an ancient family. This ancient family has a very deep foundation, so his storage ring contains a lot of formation materials, which can completely create a super powerful formation.

You know, the power of the formation is much more powerful than the power of a single practitioner.

Because once the formation is deployed, it uses the energy gathered from the entire world, which is naturally very terrifying.

So at this time, Shangguan Tianya admired Ye Feng's various methods very much.

He discovered that Ye Feng was not only very powerful in martial arts and terrifying in combat, but he also had many conspiracies and tricks, and could often come up with excellent solutions at critical moments.

At this time, Shangguan Tianya suddenly understood why Ye Feng could become such a figure as the Son of God of the entire Wanjie Martial Arts Academy.

Because Ye Feng's abilities in all aspects are very powerful, he is indeed qualified to become the Son of God of a transcendent power like the Ten Thousand Realms Martial Arts Academy, and he is the only Son of God.

Originally, Shangguan Tianya didn't care much about Ye Feng, the newly promoted Son of God, because he felt that this might just be cannon fodder pushed out by the dean of the Wanjie Martial Arts Academy.

Unexpectedly, Ye Feng really has such a powerful ability.

Shangguan Tianya even feels that as long as Ye Feng is given time to grow, perhaps Ye Feng will surpass all the current top talents in the entire Righteous Alliance in the future.

Thinking of this, Shangguan Tianya suddenly felt that he really wanted to have a good relationship with Ye Feng, which would also be of great help to his future.

Not to mention, Ye Feng also saved his life and was his savior.

What Ye Feng didn't know was that his random actions and some of his wisdom and abilities made the eldest young master of the ancient family start to fall in love with him. "What? The aura on your body is actually the demonic aura of the Dark Alliance?"

At this time, seeing Ye Feng beside him suddenly erupting with a dark aura, Shangguan Tianya beside him couldn't help but have a look of deep horror in his eyes.

Because of the dark aura on Ye Feng's body, Shangguan Tianya felt full of terror for a moment.

Not to mention, Ye Feng also saved his life and was his savior.

What Ye Feng didn't know was that his random actions and some of his wisdom and abilities made the eldest young master of the ancient family start to become obsessed with him.

Chapter 3833 Remain Silent

Uh-huh!

At this time, Shangguan Tianya was secretly setting up an attack formation outside the city.

Ye Feng, on the other hand, once again disguised the origin of his power as a demonic genius, exuding evil demonic aura, and immediately flew quickly towards the makeshift city.

Ye Feng was very fast and arrived at the gate of the city in a blink of an eye.

At this time, Ye Feng landed from high altitude, and then slowly walked into the temporary city.

At this moment, when Ye Feng walked into the city, he did not attract the attention of the many magic geniuses around him.

Because in this temporary city, many demonic geniuses from other major dark alliance forces will choose to enter here to conduct various resource transactions.

Therefore, Ye Feng came here full of demonic aura and did not attract any special attention from others.

At this time, Ye Feng saw this scene and immediately breathed a sigh of relief.

It's great that he didn't attract any special attention from other magic geniuses. ??

At this moment, Ye Feng walked into the central area of the city, chose a corner, and stayed here with peace of mind.

Because Ye Feng is now waiting for Shangguan Tianya to activate powerful formations around the entire city.

At that time, I can take advantage of the chaos to secretly hunt these demonic geniuses.

Ye Feng observed that there were nearly three hundred magic geniuses in the entire city, and they should all come from giant forces in different dark alliances.

Most of the magic geniuses are basically at the Demon Tribulation Realm level above the Demonic Pill Realm.

Of course, there are also masters who are above the Demon Tribulation Realm and have a clear mind level.

Even Ye Feng sensed several auras that made him very fearful. They were clearly super masters at the Hundred Aperture Realm level that surpassed Ming's Mental Realm.

The Hundred Aperture Realm is definitely a master among masters. It is three realms higher than Ye Feng's current tenth level of Demonic Pill Realm. Ye Feng is still quite afraid of it.

So at this time, Ye Feng had a plan in mind. When Shangguan Tianya activated the entire powerful formation, he would take advantage of the chaos to hunt down the slightly weaker magic geniuses.

In this case, you can hunt and devour them at the same time. When your cultivation reaches a certain level, you can then hunt down those demonic geniuses whose cultivation realm is more powerful. There is a step-by-step process.

At this moment, Ye Feng had planned everything in his mind and lurked silently in the corner, trying not to attract anyone's attention.

Along with Ye Feng's waiting.

A full half day later.

Boom!

Suddenly, there was a terrifying roar all around the city.

"what's the situation??"

At this moment, the eyes of hundreds of magic geniuses in the entire city changed, and they immediately stood up and looked around.

They immediately saw that the entire city was suddenly enveloped in a blue light shield.

"It seems to be a powerful formation."

A demonic genius couldn't help but speak out.

At this moment, this blue formation was actually able to communicate with the power of thunder above the nine heavens. It suddenly burst out with streaks of thunder and lightning, destroying the entire city crazily and indiscriminately attacking the entire city. attack.

Seeing this scene at this moment, Ye Feng's eyes showed a hint of surprise.

This Shangguan Tianya is worthy of being the eldest young master of the Huanggu family, and he still has very powerful means.

In just half a day, such a powerful formation with thunder attributes was able to be deployed, and its power was extremely terrifying.

At this time, because the entire formation used the energy of the entire world to release destructive power, several magic geniuses were instantly crushed by the light of thunder without reacting.

"It seems that they are not geniuses from our Dark Alliance. It is very likely that another super master from the Righteous Alliance has lurked in and set up this formation to hunt us down."

At this moment, all the magic geniuses in the entire city screamed.

Then they immediately released their extremely powerful cultivation, and were about to fly quickly outside the entire city in an instant.

Because for them, escaping from this city is the most important thing now, because the power of this formation gathers the power of the entire world, which is very terrifying.

But at this time, endless lightning light was released from the formation, frantically preventing these magic geniuses from leaving the city.

At this moment, the entire city was in chaos.

Ye Feng did not hesitate at this moment. Knowing that his opportunity had come, he immediately used the space gem to lurk in the void, lurking around any unresponsive magic genius at any time, and then quickly harvested these magic geniuses. s life.

Ye Feng's combat power itself is very powerful, so even if these magic geniuses are generally one or two realms higher than Ye Feng, they still cannot resist Ye Feng's sudden sneak attack.

Because the whole field is in such chaos now, all the magic geniuses are panicking to deal with the thunder and lightning coming down from high in the sky, so Ye Feng is lurking in the void, and no one notices at all.

So at this time, Ye Feng can be very

Easily harvest the lives of these magic geniuses.

After each harvest, Ye Feng would instantly swallow up all the blood and energy of this demonic genius.

At this moment, Ye Feng's skill began to increase continuously.

You must know that the demonic geniuses who can participate in this dark world are all very pure in skills and are geniuses among geniuses. Otherwise, they would not be qualified to participate in this dark trial organized by the Dark Demonic Cult.

Therefore, when Ye Feng hunts these demonic geniuses, the energy he absorbs is much more powerful than that of ordinary practitioners.

Moreover, you must know that each of these magic geniuses is one or two realms higher than Ye Feng, and there are even those who are three realms higher. Of course, Ye Feng currently does not dare to hunt those who are three realms higher than him. The existence of a great realm.

But even if Ye Feng only hunts those who are one or two realms higher than himself, it can also increase Ye Feng's skills unparalleled.

Ye Feng's cultivation level at the tenth level of the Demonic Pill Realm immediately made a rapid breakthrough, directly from the tenth level of the Demonic Pill Realm to the first level of the Demonic Tribulation Realm, stepping into a whole new level of cultivation. .??.

After Ye Feng entered a new level of cultivation, his combat effectiveness immediately increased qualitatively.

Ye Feng could finally hunt down those beings who were three realms higher than before.

And just when Ye Feng continued to hunt, his cultivation finally broke through to the third level of the Demonic Tribulation Realm.

Ye Feng was finally discovered by these magic geniuses.

Suddenly some demon geniuses couldn't help but exclaimed: "Someone is hunting us in secret! Hidden in the void! Damn it! We have been tricked!"

At this moment, the eyes of many demonic geniuses suddenly showed deep shock and anger. It was really terrifying that someone was trying to hunt them down.

Boom!

At this time, Ye Feng was also forced out of the void by these demonic geniuses.

But at this moment, there is no longer any fear on Ye Feng's face, because Ye Feng's cultivation has broken through a whole realm, reaching the third level of the Demonic Tribulation Realm.

boom!

At this moment, Ye Feng directly released the Dzogchen future body, raising his cultivation to the Dzogchen state of the tenth level of the Demonic Tribulation Realm in a short period of time. Then Ye Feng frantically released his terrifyingly powerful inheritance. .

It is the six sets of unparalleled inheritance that Ye Feng has practiced before!

Great Buddha Holy Light Technique!

The ancient Heaven-cutting Finger!

Holy Temple Sword and Light Technique!

Nine Saint Tyrant Fist!

The Thunder Palm of the God of Tribulation!

There are also special attacks

The eight heavenly dragon seals that strike people's spiritual soul.

At this moment, Ye Feng released these terrifying attacks. One after another terrifying visions suddenly appeared on Ye Feng's body. They all bombarded towards the front crazily and poured away. It was simply a violent bombardment. fry.

Because for Ye Feng, his current cultivation level has been further improved, and his magic power has become more powerful. Ye Feng frantically released each inheritance, and continued to carry out his own bombing-style fighting style, directly returning to the enemy. The remaining more than a hundred magic geniuses were stunned.

Uh-huh!

At this moment, Shangguan Tianya also descended from the top of the formation.

You know, Shangguan Tianya is the top genius in the Righteous Alliance. He was beaten so badly only because he met an older and powerful person like the Demon Guardian. He is also a top existence among his generation.

At this time in Shangguan Tianya, a divine sword of light appeared directly in his hand, and it went towards the surroundings to kill crazily.

"boom!"

"boom!"

"boom!"

Suddenly, rays of bright sword light pierced the bodies of all the demonic geniuses around them.

At this moment, under the joint efforts of Ye Feng and Shangguan Tianya, these magic geniuses were seriously injured and killed.

"I didn't expect that there are geniuses in the Righteous Alliance who can perfectly disguise themselves as the original power of our demonic geniuses, sneak into us, and carry out sneak attacks. This is really unbelievable. We must spread this news, otherwise our other dark The geniuses in the alliance will definitely be assassinated miserably."

At this moment, a magic genius suddenly discovered this and discovered the magic of Ye Feng. He immediately screamed and wanted to spread the news.

But at this time, Ye Feng and Shangguan Tianya naturally would not give him a chance. The two of them worked together to release a succession of inheritances. The divine light flashed and the destructive waves spread in all directions, wiping out all the remaining demonic geniuses!

At this time, there was no one alive in the entire city.

boom!

At this time, Ye Feng released his devouring power and devoured all the remaining demon geniuses who were killed.

Ye Feng's cultivation level skyrocketed again, breaking through to the ninth level of the Demonic Tribulation Realm!

It's really a huge improvement!

When Shangguan Tianya saw Ye Feng's terrifying and evil devouring ability, he couldn't help but have a look of horror in his eyes.

He finally understood why Ye Feng's cultivation improved so quickly. It turned out that it was because of this terrifying and evil devouring ability.

Shangguan Tianya wanted to ask something, but in the end he did not ask, but chose to remain silent.

Chapter 3834 Being targeted

At this moment, Ye Feng made an unparalleled breakthrough in his cultivation. He directly broke through an entire realm and was promoted to a level as high as the ninth level of the Demonic Tribulation Realm, which made Ye Feng very happy.

At this time, Ye Feng looked at the entire broken city and said: "Next, we can specifically look for the city where such demon geniuses gather, and then we can cooperate internally and externally to hunt more demons in this way. genius."

When Shangguan Tianya heard what Ye Feng said, he immediately nodded slightly and said: "This method is indeed very effective. I control the entire formation outside and create chaos, and Ye Feng, you are inside, pretending to be a member of the devil's path. Secret attacks to hunt down these demonic geniuses are very effective."

Ye Feng immediately nodded, and left the city with Shangguan Tianya, quickly searching in the surrounding direction, hoping to find other cities where such magic geniuses gathered.

In the next half month, Ye Feng and Shangguan Tianya cooperated internally and externally in this way. Shangguan Tianya was in the light, while Ye Feng was in the dark, constantly hunting down the magic geniuses gathered in every city.

In the end, the two succeeded a total of nine times.

Hunted and killed all the magic geniuses in nine cities.

It is estimated that one or two thousand demon geniuses have been killed!

As for Ye Feng's cultivation, he went from the ninth level of the Demon Tribulation Realm to the third level of the Hundred Aperture Realm, which was directly above the Demon Tribulation Realm and Mingxin Realm by devouring the skills of the major demon geniuses!

Achieved the crossing of two entire realms!

This extremely fast breakthrough made Ye Feng extremely happy, and Shangguan Tianya, who followed Ye Feng, was also extremely horrified.

At this time, Shangguan Tianya couldn't help but said: "In just over half a month, Ye Feng, your cultivation level has improved so much. Now your cultivation level is almost the same as that of top geniuses like us." "

Ye Feng immediately smiled and said: "We have now hunted nearly half of the demonic geniuses in the dark world. It seems that this time we have successfully completed the task assigned to us by the upper management of the Righteous Alliance. Hunting mission."

Shangguan Tianya immediately nodded and said with emotion: "Before, before I left

Righteous Alliance, before entering this dark trial field, my father told me that if we could hunt down one-tenth of the Dark Alliance's super geniuses this time, it would be a very good achievement, but I didn't expect it. Just relying on the two of us, we have hunted down nearly half of the super geniuses of the Dark Alliance. It can be said that we have overfulfilled the task. "

Ye Feng nodded slightly at this time and said aloud: "There are only a few days left before the end of the Dark Trial. Let's hunt as many Dark Alliance geniuses as possible in the past few days."

Shangguan Tianya nodded immediately, his eyes showing deep excitement.

This time, he continued to hunt so many Dark Alliance geniuses, which made him feel a supreme sense of honor and accomplishment.

Boom!

But just as the two were about to leave, an old man with a demonic aura suddenly flew over not far away.

Seeing this old man, Ye Feng and Shangguan Tianya's expressions suddenly changed.

This old man in black robe is the former guardian of the devil.

He is an extremely terrifying senior expert in the Dark Alliance. His realm is extremely terrifying and cannot be dealt with by the two of them.

Even if Ye Feng's cultivation level has improved so much now, there is no way he can be an opponent of this kind of demon guardian.

At this moment, Shangguan Tianya's expression suddenly changed, and he said loudly: "It seems that the noise we have caused recently is too great, and we have attracted the guardian of the devil."

Ye Feng nodded and said: "You run away first, and I will lure away this devil guardian."

Shangguan Tianya immediately shook his head and said loudly: "No, I will lure this devil guardian away."

Ye Feng said loudly: "You can't lead me away. You were beaten so badly by the guardian of the devil before. Have you forgotten that I have a magic weapon with spatial attributes that can allow me to escape quickly. It should be possible to get rid of this devil's guardian."

Hearing what Ye Feng said, Shangguan Tianya immediately nodded and did not show off any more. Instead, he quickly flew in a certain direction without wasting time.

When Ye Feng saw Shangguan Tianya leaving here, he immediately burst out with his extremely powerful cultivation aura, attracting the attention of the demon guardian.

Then Ye Feng quickly flew in a certain direction.

The demon guardian stared at Ye Feng from behind and shouted angrily: "You kid, you are not a genius of our Dark Alliance, but a pretender. It is really abominable. During this time, you have been hunting down our Dark Alliance." There are so many super geniuses in the alliance who have caused such huge losses to our Dark Alliance. It is simply an unforgivable crime. I will definitely catch you and cut him into pieces today!"

Hearing what the demon guardian behind him said, Ye Feng laughed out loud: "Catch up with me if you have the ability."

Buzz!

After saying that, Ye Feng immediately activated the space gem. It was as if he could travel through space, teleporting tens of thousands of meters with every step.

Even if the demonic guardian behind him is an old man from the Dark Alliance with a very advanced level of cultivation, he will not be able to catch up with Ye Feng for a while.

Because Ye Feng's current cultivation level has also been greatly improved, directly promoted to the third level of Baiqiao Realm, which is almost the same as the top super genius cultivation level.

Therefore, Ye Feng's current huge cultivation level, activating the dominating gem such as the space gem, can naturally exert the role of the space gem to a great extent.

After a whole day and night, Ye Feng's expression became a little gloomy.

Because he discovered that the demon guardian was still chasing him.

This gave Ye Feng an ugly expression on his face.

This demonic guardian's cultivation is too advanced, and the huge spiritual spectrum covers the sky and the earth. It has completely locked him, making him unable to escape even if he has the space gem, and he is completely targeted.

At this time, Ye Feng was thinking about how to completely escape from the pursuit of this devil guardian.

Otherwise, if he keeps running like this, he will be caught one day.

At this time, the Demon Ancestor in the middle of his eyebrows suddenly spoke: "Ye Feng, is this Dark Alliance's trial ground in the Dark Demon Realm?"

Ye Feng immediately nodded and said: "Yes, I am in the dark demon world at this moment."

Demon Ancestor immediately spoke out: "I have been to the Dark Demon Realm before, and I am quite familiar with it. However, I have not encountered any familiar terrain yet. Ye Feng, please run around and see if you can encounter a place that I am familiar with." , maybe I can use some terrain advantages to help you get rid of this powerful old demon who is chasing you from behind. "

Hearing what Demon Ancestor said, Ye Feng's eyes suddenly lit up.

Unexpectedly, Demon Ancestor was very familiar with the Dark Demon Realm.

However, considering that Demon Ancestor had traveled all over the world and was familiar with the dark demon world, it didn't seem strange.

Ye Feng immediately nodded and began to fly in all directions around him, hoping to make Demon Ancestor recognize the terrain he was familiar with.

Soon, Demon Ancestor suddenly seemed to see a mountain range in front of him, and he couldn't help but said: "Ye Feng, fly to that mountain range quickly. I have been to that mountain range before, and there is an ancient ruin in it, but It is an ancient ruin that has been developed. Although there are no resources left, Ye Feng, you may be able to use the various strange terrains and buildings in this ancient ruin to get rid of the demon guardian behind you. "

Hearing what Demon Ancestor said, Ye Feng nodded with bright eyes and immediately flew quickly towards the mountain range ahead.

Now Ye Feng has no intention of looking for any opportunities. He just wants to quickly get rid of the demonic guardian behind him who is chasing him.

At this moment, the demon guardian behind him immediately said cruelly: "Boy, don't even think about running away. My huge spiritual mind can cover hundreds of thousands of meters in an instant, even if there seems to be some space on your body. Magical weapon with attributes, you can't escape from the lock of my divine mind. You will definitely die today. No, I will take you back to the Dark Alliance and let many high-ranking figures in the Dark Alliance judge your crimes under the public eye!"

Chapter 3835 The evil little world

The words spoken by the demonic guardian behind him at this moment were very cruel and cruel.

When Ye Feng heard what the Demonic Guardian said, his heart was filled with deep nervousness.

Because Ye Feng knew that he had to escape from the pursuit of this demonic guardian. Otherwise, if he was really taken back by this demonic guardian, he might really be judged by the top figures in the entire Dark Alliance, and the end would definitely be very miserable.

At this time, Ye Feng did not hesitate. According to what the Demon Ancestor said, he went to the developed ancient ruins ahead, hoping to use the dense terrain and various buildings in this ancient ruins to escape from the demon guardian. of pursuit.

When Ye Feng arrived at this ancient ruins, he saw that there were many collapsed buildings in this ancient ruins, as well as mountains and ravines standing among them.

Although many buildings have collapsed and many mountains have collapsed, they are still very majestic.

For example, some buildings are hundreds of thousands of meters high. After they collapse, there are still hundreds of thousands of meters left, which is quite high.

So at this time, Ye Feng quickly used the space gem to shuttle himself through the buildings, trying to get rid of the demonic guardian who was chasing him behind him.

But what makes Ye Feng's eyes look ugly is that the magical guardian's divine will is too huge, and his cultivation is too terrifying. Even if he uses various dense buildings and terrain, he can't get rid of it for a while. Drop this demon guardian.

Ye Feng immediately asked aloud in his mind: "Demon Ancestor, do you know of any other places that can help me get rid of this demon guardian?"

Demon Ancestor was silent for a moment, and then suddenly said: "Although this ancient ruins have been developed and all the resources have been plundered, there is a life restricted area in the deepest part of this ancient ruins. When I traveled here, , they all don't dare to go in. Many ancient powerful people have never come out after going in. They are probably dead. If you, Ye Feng, have the courage to enter that restricted area of life, you may be able to get rid of the demonic guardian who is chasing you behind you. "

Hear the Demon Ancestor

Saying this, Ye Feng showed a ruthless look in his eyes and said loudly: "There is no other way now, there is only this way."

Uh-huh!

After saying that, Ye Feng immediately asked Demon Ancestor to guide him in the direction, and then quickly flew towards the deepest part of this ancient ruins.

When Ye Feng came to the deepest part of this ancient ruins, he saw that a huge bronze door had been opened.

There are many yellow talisman papers stuck on the bronze door, densely packed.

Moreover, the bronze door was emitting a bloody light, as if there were a mountain of corpses and a sea of blood behind it.

Seeing this scene, Ye Feng immediately felt a huge strange aura, emanating from behind the bronze door covered with dense yellow talismans.

Demon Ancestor said aloud: "Boy Ye Feng, you have to think carefully about the restricted area of life behind this door, but even I didn't dare to enter it back then."

Hearing what Demon Ancestor said, Ye Feng immediately shook his head and said loudly: "Now there is no other way but to make a desperate move."

At this time, after Ye Feng finished speaking, without any hesitation, he directly released the divine armor that he had awakened after entering the fourth level.

Buzz!

Suddenly, a set of armor exuding bright divine light enveloped Ye Feng, giving Ye Feng a very powerful defensive power.

In addition, Ye Feng also released the bloodline talent awakened by entering the fifth level of the Hongmeng Immortal Body, the Crown of Luck.

Suddenly, the bright crown filled with luck floated above Ye Feng's head.

At this time, Ye Feng raised his defense to the highest level, also raised his luck to the highest level, and then flew directly into the life restricted area ahead without hesitation.

And when Ye Feng flew into this life

At the moment in the restricted area, the demonic guardian who was chasing Ye Feng behind him suddenly showed a gloomy look on his face. He stared at Ye Feng's back, disappeared into the forbidden life area behind the bronze door, and said loudly: "Boy, are you desperate for your life? You actually rushed directly into such a terrifying and ancient restricted area of life!"

However, Ye Feng didn't bother to pay attention to the guardian of the devil's path at all, and simply rushed directly into the forbidden area of life without hesitation.

For Ye Feng, even if he does not enter this restricted area of life, he will be taken back to the Dark Alliance by the demonic guardian who is chasing him from behind and receive a terrible trial. It is better to enter this restricted area of life and give it a try. !

So at this time, Ye Feng naturally plunged into the life restricted area in front of him without hesitation.

The demonic guardian who was chasing behind him looked at Ye Feng who had entered the restricted area of life, with a gloomy look in his eyes.

At this time, the Demonic Guardian was thinking about whether he should follow Ye Feng into the restricted area of life and continue to track down Ye Feng.

But he thought that if he continued to chase Ye Feng, he would probably be in danger in the restricted area of life.

So the demon guardian decided to wait outside the door.

Normally, even a super genius would not be able to survive for a day or night in this ancient restricted area of life.

The guardian of the magic way is going to guard here for a few days until the entire dark trial is over.

At this time, when Ye Feng entered the life restricted area, he immediately saw a bloody world.

In this restricted area of life, the entire sky was filled with blood, and it looked very strange, even with an evil feeling.

At this time, the moment Ye Feng entered the restricted area of life, he immediately felt that his blood energy was passing quickly, as if he was being quickly swallowed by the entire bloody world.

This made Ye Feng suddenly show a shocked expression.

\u003e At this time, Ye Feng couldn't help but asked in the middle of his eyebrows: "Demon Ancestor, is there something very strange in this restricted area of life that can actually absorb my blood energy?"

Demon Ancestor shook his head and said loudly: "I'm not sure about this, because when I came here, I didn't enter this restricted area of life. I thought it was very weird, so I didn't dare to come in."

Hearing what Demon Ancestor said, Ye Feng could only find the reason on his own.

At this moment, Ye Feng could feel that his blood energy was being rapidly absorbed by a mysterious thing between heaven and earth.

But at this time, Ye Feng also discovered that the entire bloody world was filled with very rich blood energy.

Ye Feng immediately without any hesitation burst out his Devouring Domain, covering a distance of several kilometers around him, and then began to quickly devour and absorb the blood energy in this small bloody world.

The blood in Ye Feng's body is constantly flowing away and is being swallowed up by the small world, but Ye Feng in turn is also devouring the majestic blood energy in this small world.

There is simply a cycle formed between the two.

For a moment, Ye Feng regained control of his blood energy and managed to maintain a balanced state. Ye Feng immediately breathed a sigh of relief.

It seems that he will not die in this strange life restricted area in a short time.

At this moment, the Demon Ancestor in the middle of his eyebrows said: "Ye Feng, search carefully in this restricted area of life to see where the strange existence of this bloody little world is. If you can defeat it, not only will it be You will not lose your blood energy, and you may even get a huge fortune, because this forbidden area of life had many superpowers from the ancient times who came in. They all died here, and the blood energy must have been destroyed. This little bloody world has been swallowed up. If you can find the source of this little bloody world, you will make a lot of money. Maybe you can get the countless blood energy that this little bloody world has absorbed since ancient times!"

Chapter 3836 It's so evil

At this time, after Demon Ancestor finished speaking, Ye Feng suddenly showed deep surprise in his eyes.

Ye Feng couldn't help but said: "Since ancient times, it seems that all the ancient strong men who entered this restricted area of life have not come out. They all died. Did they die in this restricted area of life?"

"Yes."

Demon Ancestor nodded and said: "That's why I didn't dare to enter this restricted area of life at first, because I felt it was too dangerous. Now I know why it is dangerous, because any creature that enters this restricted area of life will be No one can bear the blood energy being absorbed by this small blood-colored world. It is really too evil. If it weren't for Ye Feng, you have a unique devouring ability. You can in turn absorb the blood energy in this small blood-colored world, achieving an internal and external relationship. Cycle, I guess even if you are a Hongmeng

Immortal Body, you will be sucked into the human body by this evil little world, and you will die completely, and you will not be able to last for half an hour. "

When Ye Feng heard what Demon Ancestor said, he couldn't help but nodded and said loudly: "It seems that I am very lucky. A huge crisis that others cannot contend with is nothing to me."

At this time, Ye Feng was talking as he explored the surrounding bloody world, trying to find the strange source of this bloody world.

Buzz!

At this time, Ye Feng exuded his huge soul power and began to spread towards the surroundings.

However, Ye Feng searched for a long time and found nothing special.

At this time, Emperor Chu, who had not spoken for a long time, suddenly spoke: "Ye Feng, the soul gem has sensed a familiar fluctuation."

"Um?"

Ye Feng's eyes were stunned for a moment, and then a hint of ecstasy appeared on his face, and he asked: "Emperor Chu, what do you mean..."

Emperor Chu said slowly: "Yes, this familiar fluctuation is the fluctuation of another master gem that has the same origin as the soul gem. It should also be another master gem left after the Chaos God Emperor disintegrated himself."

"Very good!"

When Ye Feng heard what Emperor Chu said, his eyes suddenly showed a look of ecstasy.

For Ye Feng, many of the treasures he obtained before were gradually eliminated as Ye Feng's cultivation continued to improve rapidly.

But the most precious and rare master gem has not been completely eliminated so far;

He has always helped Ye Feng fight against powerful enemies, and at certain times, it can work wonders.

So at this time, Ye Feng was naturally very surprised when he heard from Emperor Chu that similar energy fluctuations of the dominant gem appeared in this small bloody world.

At this moment, Ye Feng immediately asked in his mind: "Perhaps the evil power in this small bloody world that can swallow up the blood energy of living beings is related to the new Dominator Gem that you sensed with the Soul Gem, Emperor Chu."

"Yes."

Emperor Chu nodded in his mind and said aloud: "Give me some time, I will use the soul gem to carefully explore the specific location of the new master gem hidden in this bloody little world."

When Ye Feng heard this, he immediately nodded and waited for Emperor Chu's investigation.

"boom!"

"boom!"

"boom!"

But suddenly at this moment, where Ye Feng was standing, the soil suddenly burst open, and bloody palms suddenly protruded from the gaps in the soil. They were densely packed and looked very strange.

"Uh-huh!"

At this moment, Ye Feng was startled. Seeing so many densely packed bloody palms suddenly stretched out from under the ground, Ye Feng instantly jumped and flew directly into the air.

"Swish, swish, swish!"

"Swish, swish, swish!"

But at the next moment, those bloody palms suddenly became very long, and they grabbed Ye Feng in mid-air, seeming to drag Ye Feng into the boundless hell.

"Thunder Palm of the God of Ten Thousand Tribulations!"

At this moment, Ye Feng looked at the densely packed bloody palms grabbing towards him, his scalp was numb, and he immediately burst out a set of extremely powerful inheritance that he had cultivated.

The Thunder Palm of the God of Tribulation!

It can trigger the power of thunder and calamity above the nine heavens.

Specially designed to restrain this weird evil power.

"Boom!"

At this moment,

Ye Feng stretched out a palm, and bursts of thunderous light suddenly burst out from his palm, releasing lightning and thunder with astonishing destructive power.

"Crack!"

"Crack!"

At this moment, under the attack of countless thunder and lightning, the bloody palms stretched out from the ground were all turned into fly ash. Countless screams came from the ground. It's as if these bloody palms are really the palms of living beings.

When Ye Feng saw this scene, he felt that this restricted area of life was really too evil.

It gives people an indescribable and strange feeling.

At this time, Emperor Chu in his mind suddenly spoke: "Ye Feng, I have used the soul gem to locate the specific location of the new domination gem. It is in the southwest of this bloody little world. You follow my guidance. , heading in that direction."

"good!"

When Ye Feng heard what Emperor Chu said, his eyes immediately lit up and he quickly flew in that direction, hurrying to leave this evil area.

But before Ye Feng could walk for long, a huge mountain in front left. A huge skull flew out of the huge mountain in an instant, opening its bloody mouth and trying to swallow him.

When Ye Feng saw this scene, he felt extremely evil.

Why are the things in this bloody little world so evil?

"Great Buddha Holy Light Technique!"

At this moment, Ye Feng fully unleashed his magic power, activating the Great Buddha Holy Light Technique, a heritage that specifically restrains evil forces.

Buzz!

Behind Ye Feng, the shadow of the ancient Buddha suddenly formed. It was exuding bright sacred Buddha light, which could dispel the power of all evil spirits. It directly illuminated the huge skull rushing in front and began to corrode it. got up.

"howl!!!"

Just like before, the huge skull was corroded by the Buddha's light, and a shrill scream suddenly erupted from the bottom of the mountain.

Ye Feng suddenly asked in the middle of his eyebrows: "Demon Ancestor, why is this place so evil? It is the most evil restricted life zone I have ever seen."

Demon Ancestor was also a little frightened and said quickly: "Why don't you leave here quickly?"

, I feel like there are more evil things coming next, it would be better to go out and be chased by the demon guardian. "

Ye Feng shook his head and said: "If I go out to face such a terrifying old man as the Demon Guardian, I will almost certainly die unless I release the dominant power of Dean Tianshu in the Son of God's Token. But in that case, it may cause darkness The more terrifying big shot in the alliance, then I will not be able to escape from this dark trial field. Therefore, I still insist on staying in this bloody little world for a while. When the dark trial is over, the demonic guardians outside will definitely I was transported out of this dark demonic world in an instant, and I was safe then."

"Boy Ye Feng, be careful!"

But just as Ye Feng was talking, the Demon Ancestor in his eyebrows suddenly shouted.

Boom!

At this moment, in front of Ye Feng's flight, the weird skull was repulsed, but something even more weird and evil appeared.

The land ahead disappeared, and a vast ocean appeared.

But in this vast ocean, the water is all blood-colored.

This turned out to be a sea of blood!

Moreover, there are countless shriveled corpses floating on the sea of blood. There are hundreds of thousands of shriveled corpses that have lost their life essence. Floating in the endless sea of blood, they look extremely weird and terrifying.

"It's really too evil."

Looking at this sea of blood with countless shriveled corpses floating in it, Ye Feng couldn't help but ask in his mind: "Emperor Chu, the further you go in, the more evil the sect becomes. Do you think we should risk going forward to find it?" That new domination gem?"

Emperor Chu thought for a moment, and then said: "These weird and evil things may be caused by the domination gem."

"What?"

Hearing what Emperor Chu said, Ye Feng's eyes suddenly showed deep shock.

In this way, this brand new Dominate Gem is an extremely evil Dominant Gem that is different from the past.

If you get it, you may not get any benefits, and you may be alienated by evil, which would be a great loss.

At this moment, Ye Feng suddenly fell into a tangle.

Do you want to take the risk and go to that possibly very evil domination gem?

Chapter 3837 There is some trouble

At this moment, Ye Feng was extremely confused.

But in the end, Ye Feng's eyes showed a hint of madness, and he said: "Keep moving forward, the Dominator Gem is too rare and precious, you can't just miss it, and it has created such an evil little world. The domination gem must be very extraordinary. If you are lucky enough to get it, you might be able to use it to fight against the evil guardian waiting outside. "

Hearing what Ye Feng said, Emperor Chu nodded slightly and continued to guide Ye Feng.

Generally, Emperor Chu would not interfere with Ye Feng's decision.

The Demon Ancestor, on the other hand, remained silent, wondering if he was frightened because it was too evil.

Uh-huh!

At this moment, since Ye Feng had made his decision, he no longer hesitated, took a deep breath, and immediately released his power, rushing towards the mountain of corpses and sea of blood ahead.

Soon, Ye Feng flew above this sea of blood, but Ye Feng discovered that there was not much blood energy in the blood sea. The reason why the blood sea was red was because the blood energy in the sky was too rich, and light propagation and reflection of red. .??.

At this time, Ye Feng looked at the shriveled corpses floating on the sea, with a trace of pity in his eyes.

These corpses should have been super powerful ancient warriors during their lifetimes, and their cultivation abilities must have been very terrifying.

But they all fell here.

Moreover, all the life essence in his body has been absorbed by the entire small world, making Ye Feng unable to swallow anything now, which feels quite a pity.

"Um?"

However, when Ye Feng was flying in this sea of blood, he discovered that some dead ancient strong men still had some weapons left behind.

You must know that although the life essence of these ancient strong men has been completely absorbed by the evil forces in this bloody little world, after their death, the weapons left behind are still shining and exuding immortality. metallic luster.

Obviously, the weapons of these ancient strong men are all very advanced. Even after countless years, they are still not decayed here, and they still contain extremely powerful weapons.

At this moment, Ye Feng saw this scene, his eyes suddenly lit up, and he suddenly landed from mid-air to the surface of the bloody ocean, and then came to the corpse of an ancient strong man.

At this time, Ye Feng could see that hanging on the corpse of the ancient strong man in front of him was a small bronze bell that looked only as big as a palm.

At this moment, Ye Feng directly stretched out his hand, touched the small bronze bell, and input some of his magic power.

Suddenly there was a "boom"!

Accompanied by a terrifying sound like a Hong Zhong Dalu, this small bronze bell suddenly expanded rapidly and became as big as a mountain. It was filled with unparalleled powerful weapon power and emitted terrifying sound waves. , as if it could shatter everything.

Demon Ancestor suddenly spoke in the center of his eyebrows: "This seems to be the natal weapon of a super strong man back then. That super strong man seemed to be called 'East Emperor'. This bronze bell seems to be called Dong Huang Bell. It was a very powerful weapon in ancient times." Weapons are very famous."

"Donghuang Bell?"

Hearing what Demon Ancestor said at this time, Ye Feng's eyes suddenly lit up and he immediately started refining the Donghuang Bell.

It has to be said that this Donghuang Bell is very terrifying. After being refined, it can be released in an instant and can turn into the size of a mountain. It can cause very terrifying coercive damage to the enemy.

In addition, when the Donghuang Bell rings, the sonic attack it emits is also very terrifying and can definitely interfere with the enemy's sight and hearing instantly.

At this time, Ye Feng was very happy after refining the Donghuang Bell. He had obtained another extremely powerful ancient weapon.

Next, Ye Feng continued to look for the corpses of other ancient strong men to see if there were any other powerful weapons on these ancient strong men.

Sure enough, not long after Ye Feng searched, he saw a radiant storage ring on the finger of the corpse of an ancient strong man.

"Um?"

Ye Feng knew it was a good thing at first sight, so he immediately flew forward and took off the storage ring.

At this time, Ye Feng released his spiritual thoughts and opened the storage ring.

Ye Feng immediately saw that there were many spiritual tickets from ancient times in the storage ring, which should be like currency. However, in this era, they have no use anymore and are just a pile of waste paper.

But Ye Feng still found something good in this storage ring.

In a corner of this storage ring, an ancient book lies quietly.

After Ye Feng took it out, it read "The Great Sun Tathagata Sutra" in large twisted characters, one stroke at a time, like a silver-hook iron painting, vigorous and domineering.

"The Great Sun Tathagata Sutra?"

Seeing this scene at this moment, Ye Feng suddenly showed deep surprise in his eyes.

At this time, Ye Feng looked at the corpse of the ancient strong man in front of him and suddenly discovered that the other person had no hair.

It turned out that this was a powerful Buddhist cultivator from ancient times, possibly a super powerful man at the level of a holy monk. Unexpectedly, he also fell here and was killed by the evil spirits here. It was really sad.

However, this Great Sun Tathagata Sutra is definitely a very ancient and terrifying cultivation method, and Ye Feng naturally accepted it with a smile.

Ye Feng directly took it into his own hands, imprinted it on his soul, and then began to continuously practice this set of Great Sun Tathagata Sutra.

For Ye Feng, no matter what attribute of the technique, righteous way, demonic way, Buddhist practice, demonic way, etc., Ye Feng can practice all inheritances and burst out with powerful power.

At this time, while looking for treasures and inheritance, Ye Feng quickly flew towards the depths of the blood sea, trying to find the evil master gem.

At this time, Ye Feng was flying quickly above the sea of blood.

Ye Feng was very happy to obtain two ancient super inheritances and treasures, the Donghuang Bell and the Great Sun Tathagata Sutra.

Even if I find it this time

Without that evil master gem, I would have made a lot of money.

Along with Ye Feng's flight, Ye Feng will soon reach the depths of the blood sea.

Here, a super huge whirlpool appeared on the sea in front.

This is an extremely deep ocean whirlpool.

Countless seawater and strong winds gathered in the center of the ocean whirlpool.

It seems as if a person will be sucked into the whirlpool as soon as he gets close, and will be crushed instantly by the violent sea water and the power of nature.

Ye Feng saw this scene and was thinking about whether to bypass this terrifying-looking ocean whirlpool.

But at this moment, Emperor Chu suddenly spoke in his mind: "Ye Feng, at that moment the somewhat evil Dominion Gem existed in the center of the whirlpool of this ocean whirlpool, but you have to be careful, I feel That evil master gem may have given birth to its own will, and maybe it hatched many blood demon monsters that obeyed him in the depths of the ocean in this small world, which is very terrifying. "

Hearing what Emperor Chu said, Ye Feng suddenly showed a cautious look in his eyes, nodded immediately, and slowly approached the center of the ocean vortex.

Boom!

And just as Ye Feng approached the edge of the ocean vortex, sure enough, the sea surface not far away suddenly exploded.

"Crash!"

A giant ocean octopus with a length of more than 100,000 meters, its whole body covered in blood, appeared all of a sudden.

This is a very terrifying ancient demon, exuding a monstrous demonic aura. Its tentacles are hundreds of thousands of meters long. It suddenly bombards Ye Feng, as if it can crush everything in an instant. .

Emperor Chu immediately said aloud in his mind: "My guess is correct. This evil master gem has given birth to its own will, but it seems that it cannot move yet. It can only control the power of nature in the entire small world, giving birth to Many ocean monsters and evil beasts came out to protect its body and prevent others from approaching its master gem body, which is now a bit troublesome. "

Chapter 3838 Very rare

At this time, looking at the huge bloody octopus in front of him, Ye Feng's eyes showed a trace of solemnity.

This dominating gem actually gave birth to self-will!

Although he can't move his own body yet, he can control all kinds of creatures in the world for his own use.

This is indeed a bit troublesome.

But now that Ye Feng is here, he won't back down easily.

"boom!!"

So at this moment, Ye Feng didn't hesitate at all, and directly exploded with his terrifying cultivation power, charging towards the big bloody octopus in front of him.

Hongmeng Immortal Body!

At this moment, Ye Feng directly exploded with the terrifying power of his body. In an instant, he punched forward with a fierce punch, which was directly connected to the hundreds of thousands of meters long tentacles stretched out by the big bloody octopus. Todoroki collided.

Boom! !

Almost at this moment, a huge roar suddenly sounded across the entire field.

At this moment, Ye Feng immediately felt a terrifying power, which was transmitted to his fist, causing his entire body to shatter.

Ye Feng immediately couldn't help but take several steps back.

And the big bloody octopus seemed to be very curious, as if he didn't understand why he had so much power that he couldn't kill this seemingly small human race instantly.

Ye Feng did not hesitate at this moment and directly released the powerful weapon of the ancient strongman that he had refined before, the Donghuang Bell.

Buzz!

At this moment, a small bronze bell flew out of Ye Feng's body. After Ye Feng input his magic power, the Donghuang Bell immediately turned into a towering mountain, and it also suddenly became hundreds of thousands of meters tall. It was as majestic as a mountain made of bronze, and it instantly collided with the big bloody octopus in front of it.

Boom!

At this moment, the entire field suddenly erupted with a huge roar.

At this moment, the Donghuang Bell contained very terrifying power, and it suddenly sent the big bloody octopus flying backwards.

Seeing this scene, Ye Feng's eyes suddenly lit up and he couldn't help but said: "As expected of you.

The super weapon of the ancient strong man is indeed very powerful. "

"Roar!!"

At this time, the big octopus roared angrily and charged towards Ye Feng.

At the same time, strange marine monsters flew out from the whirlpool of the surrounding ocean.

These ocean monsters are all different from their previous state. They are all glowing with blood and look very evil, as if they have been endowed with evil power.

Ye Feng immediately understood that this should be the master gem that gave birth to self-will, giving power to these ocean monsters and strengthening their combat effectiveness.

Otherwise, it would be impossible for Ye Feng's extremely powerful Hongmeng Immortal Body to be unable to contend with these ocean monsters.

Boom!

Boom!

At this moment, all the surrounding seawater exploded, and all the strange marine monsters rushed out.

In addition to the bloody giant octopus that was hundreds of thousands meters long before, many other marine monsters have appeared now.

For example, the huge turtle covered with spikes, the ocean steel dragon with blood-colored scales, and many shrimp soldiers and crab generals were all given an evil aura and became very ferocious and cruel, charging towards Ye Feng crazily. Come here to kill Ye Feng.

At this moment, Ye Feng used the Donghuang Bell to protect his body, and then directly released the Great Sun Tathagata Sutra that he had just obtained before.

This is a very terrifying inheritance from ancient saints.

Able to restrain evil spirits.

For these evil ocean monsters, they should be extremely lethal.

So at this time, Ye Feng naturally directly released the power of the Great Sun Tathagata Sutra.

Buzz!

The moment Ye Feng released the Great Sun Tathagata Sutra, a majestic statue of the ancient Great Sun Tathagata with a height of hundreds of thousands of meters suddenly appeared above his head.

A gigantic Buddha's Dharma-like giant, emitting endless golden Buddha light, appeared in the entire ocean

Above, it looks full of an extremely shocking visual impact.

At this moment, the power of the Great Sun Tathagata Sutra turned into a majestic Buddha image hundreds of thousands of meters tall. He directly stretched out a hand and bombarded the numerous ocean monsters in front of him.

Boom!

This is simply like the action of an ancient god, possessing very terrifying repressive power.

In an instant, numerous ocean monsters were directly bombarded into countless fragments.

Even the giant octopus, which was hundreds of thousands meters long, was suppressed by the power of the Great Sun Tathagata Sutra at this moment, and more than half of its body was shattered by the blast, and it let out a miserable howl.

Seeing this scene, the excitement in Ye Feng's eyes became even more intense. This set of Great Sun Tathagata Sutras is indeed the inheritance of the ancient holy monks. It is indeed terrifying to the extreme. It is so powerful that it is even more powerful than before. All the inheritances you practice must be strong.

Uh-huh!

At this moment, Ye Feng rushed forward, then released the Devouring Domain and began to devour these broken ocean monsters.

Boom!

Almost at the next moment, a very terrifying blood energy was immediately injected into Ye Feng's body, rapidly increasing Ye Feng's power.

Ye Feng's cultivation aura immediately began to break through violently.

"boom!"

The fourth level of Baiqiao Realm!

"boom!"

The fifth level of Baiqiao Realm!

"boom!"

The sixth level of Baiqiao Realm!

At this moment, Ye Feng's cultivation level immediately made a breakthrough, directly reaching the sixth level of the Hundred Aperture Realm.

Ye Feng immediately revealed a deep look in his eyes.

The combat effectiveness suddenly improved a lot.

At this moment, Ye Feng relied on the power of the Donghuang Bell and the Great Sun Tathagata Sutra to forcefully attack the huge ocean vortex in front of him, and then rushed into the center of the ocean vortex.

When Ye Feng entered the depths of the seabed, he immediately saw an abandoned palace in front of him.

In this abandoned palace

, a gem exudes evil blood light, giving people a very evil feeling.

Ye Feng immediately understood that this should be the very evil master gem.

At this moment, Ye Feng rushed directly towards this very evil master gem.

But at this moment, a skull-like shadow suddenly appeared in this very evil master gem, and it immediately attacked Ye Feng's spirit.

Obviously, as Emperor Chu guessed, this master gem did give birth to its own consciousness, but after all, it could not move its body and could only stay here.

It is estimated that the Dominator Gem also did not expect that in the restricted area of life in this small bloody world, there are people who dare to break in here, and their fighting power is so strong.

So at this time, the master gem of the evil sect immediately condensed his consciousness into a huge skull and charged towards Ye Feng, trying to obliterate Ye Feng's soul.

When Ye Feng saw this scene, he grinned and said, "Although you are the master gem, you still have to bow before the soul gem."

Boom!

Almost at this moment, a bright golden light burst out from the center of Ye Feng's eyebrows. It was the power of the soul gem that shattered the huge skull in one fell swoop.

"howl!!"

At this moment, an extremely miserable howling sound suddenly came out from the evil master's gem.

Then the self-consciousness in the evil master gem was completely obliterated by Ye Feng with the soul gem, and turned into a wisp of smoke and dissipated between heaven and earth.

Uh-huh!

At this moment, Ye Feng flew in front of this evil master gem, stretched out his hand directly, and took this brand new master gem in his hand.

Ye Feng immediately sensed a very strange and evil power contained within it.

Emperor Chu suddenly said: "This seems to be a very special dominator gem, called the evil gem. It should be the combination of all the evil and evil of the Chaos God Emperor back then, forming such a rare and unique gem. Special evil gems possess evil and strange powers. This kind of power attribute is very rare in the world. "

Chapter 3839 Essence of Life

Hearing what Emperor Chu said, Ye Feng immediately nodded and said, "Then what should I do now? Do I want to directly refine this evil gem?"

Emperor Chu said aloud in his mind: "Don't refine it yet, put it into your mind first, let me use the soul gem to explore this evil gem, and try to eliminate all potential dangers. Eliminate it, and then you can refine this evil gem."

Hearing what Emperor Chu said, Ye Feng immediately nodded, put the evil gem in front of him into his mind, and asked Emperor Chu to study it.

At this moment, Ye Feng left this sea of blood directly.

But just when Ye Feng was about to turn around, the Demon Ancestor suddenly spoke out: "Ye Feng, boy, don't leave in a hurry. I heard that there is a clan of ancient giants hidden in the deepest part of this sea of blood. You can go and take a look at the habitat of this forbidden area of life. Although I did not enter this forbidden area of life, I heard from my colleagues that the reason why those ancient strong men entered this forbidden area of life was probably not to find this forbidden area of life. The purpose of planting the evil master gem is to find the habitat of the ancient giant family, because there is the wealth and inheritance of the legendary ancient giant family."

Hearing what Demon Ancestor said, Ye Feng's eyes suddenly lit up, he nodded and flew quickly towards the depths of this sea of blood.

At this moment, the self-awareness of the evil gem has been obliterated by the soul gem, and the evil gem has also been taken into Ye Feng's mind.

So at this time, all the blood energy and various weird things that can absorb living creatures in the entire bloody small world have completely disappeared.

At this time, there is no danger in the entire blood sea.

Swish, swish, swish!

Ye Feng quickly flew towards the depths of the blood sea, and soon reached the end of the blood sea.

At the end of this sea of blood, an endless mountain appeared in front.

On the mountainside of this mountain, a large number of ancient buildings unexpectedly appeared.

Many of these ancient buildings look dilapidated, but they exude nobility.

breath.

At this time, Ye Feng immediately flew forward and arrived among the buildings.

He immediately saw a decayed ancient giant lying on the ground. He seemed to have been dead for many years, and his life essence had also disappeared, which made Ye Feng feel a little pity.

But at this time, Ye Feng suddenly sensed some fluctuation and suddenly came to the head of this ancient giant.

He immediately saw a bead emitting white light appearing inside the ancient giant's head.

This round bead that emits white light is the size of a human head and contains very majestic energy.

Ye Feng's eyes suddenly showed surprise, and he couldn't help but say: "This seems to be the essence of life left behind by this ancient giant after his death."

Uh-huh!

Ye Feng immediately stretched out his hand and took the white ball in his hand.

There were enough round beads the size of a human head in front of him. Without any hesitation, Ye Feng directly released the Devouring Domain and began to devour them.

"Rumble..."

Suddenly, waves of terrifying energy were injected into Ye Feng's body, rapidly strengthening Ye Feng's power.

Ye Feng felt it immediately, and his cultivation level instantly began to break through.

You know, this is the essence of life left by an ancient giant, and it naturally contains very majestic ancient power.

So at this time, Ye Feng's cultivation aura suddenly began to break through quickly.

"boom!"

The Seventh Heaven of the Hundred Aperture Realm!

"boom!"

The Eighth Heaven of the Hundred Aperture Realm!

"boom!"

The ninth level of Baiqiao Realm!

At this time, Ye Feng's cultivation had made continuous breakthroughs and finally stopped.

At this moment, Ye Feng's eyes were full of surprise. He didn't expect that when he came here, he casually found the life essence left by an ancient giant.

Sure enough, the Demon Ancestor was right, there was indeed a place where an ancient giant clan lived here.

At this time, Demon Ancestor couldn't help but said with some surprise in his eyebrows: "I didn't expect that there is really a place where the ancient giant family lives here. It seems that the companion who traveled with me back then did not lie to me, Ye Feng, you Search quickly to see if there are any treasures left by the ancient giants in this ancient building. The ancient giants are a very special race. They like to conquer other civilizations and then plunder all the treasures in other civilizations. , stored in the place where you live."

"good."

When Ye Feng heard this, he immediately nodded.

This clan of ancient giants is indeed extraordinary. Being able to survive in this strange little world controlled by the evil gems and establish their own territory shows that this clan of ancient giants is very powerful and can fight against the evil gems.

Buzz!

At this time, Ye Feng immediately exuded his huge soul power and began to spread towards the surroundings, trying to find the treasure house where the ancient giant family stored their wealth.

Ye Feng knew very well that if he could really find the treasure house where the ancient giant family stored wealth, and if he could plunder all the wealth in the treasure house, then he would be completely rich.

Moreover, Ye Feng believed that where the ancient giant clan stored their treasure trove of wealth, there must be many cultivation resources.

If it could help him improve his cultivation, maybe he could leave this small bloody world and go outside to fight the demon guardian.

However, Ye Feng currently knows that his cultivation level is still far away.

It's not enough to fight against the guardian of the devil. It depends on whether he can successfully find the treasure house and wealth left by the ancient giant family.

At this moment, after Ye Feng exuded his soul power, he quickly searched the building.

This area of buildings is very huge. After all, the ancient giant clan must have been very glorious back then, so the relics left by the cultivation civilization they built are naturally very vast.

In addition to looking for the treasure house where the ancient giants store their wealth, Ye Feng now also wants to find if there are any other dead ancient giants.

Maybe there is this kind of life essence in his head, which he can keep devouring.

Ye Feng's guess was correct. As expected, not long after Ye Feng searched, he found another ancient giant lying on the ground.

The body of this second ancient giant has withered, but there is this special and incomparable essence of life in his head.

Ye Feng got another round bead the size of a human head and started to devour it. He also got the power of the ancient giant, and his cultivation skills were strengthened.

From the ninth level of the Hundred Aperture Realm, he broke through directly to the Half-Step Immortal Vein Realm above the Hundred Aperture Realm!

The Immortal Vein Realm is a more powerful level of cultivation.

Ye Feng originally thought that he had swallowed the life essence of another ancient giant and could directly break through to the real first level of the Immortal Vein Realm.

Unexpectedly, he only broke through to the half-step Immortal Vein Realm.

Sure enough, it is still very difficult to cross a large realm, and it cannot be as fast as a small-level breakthrough.

At this moment, Ye Feng continued to search, hoping to find the life essence of other ancient giants.

After all, this is the base where the ancient giants lived. It is impossible that there are only two ancient giants. There must be other ancient giants who died in it. Ye Feng must carefully search for the essence of life left behind.

This may be his only chance to fight against the demonic guardian outside.

Chapter 3840 I feel confident

However, Ye Feng was quite disappointed that when he continued to search, he could not find the corpse left by the ancient giant.

It seems that some great changes happened to the ancient giants back then, causing all the ancient giants to leave the place where they lived.

Thinking of this, Ye Feng couldn't help but said in the middle of his eyebrows: "Demon Ancestor, after the ancient giant clan left here, wouldn't they have taken away all the treasure they accumulated?"

When Demon Ancestor heard what Ye Feng said, he said with some embarrassment: "It's possible."

"Forehead....."

Hearing what Demon Ancestor said, Ye Feng suddenly had a look of astonishment on his face, and then he couldn't help but said: "If this is really the case, it would be such a loss."

At this moment, although Ye Feng said that he was very disappointed, he was still searching.

Ye Feng felt that even if the ancient giant clan took away all their wealth and treasure house after they left here, they should be able to leave some good things behind.

Sure enough, Huang Tian paid off his hard work. Under Ye Feng's tireless search, Ye Feng soon found a huge palace that looked very sacred.

In this hall, there is an ancient giant, very towering, sitting on a golden seat in the middle, looking very noble.

However, this ancient giant has died, but his life has not dried up.

This ancient palace seems to be able to prevent the loss of life force, allowing this dead ancient giant to still maintain the vitality of life.

But this ancient giant was indeed dead, as if his consciousness had been wiped out, leaving only his body.

At this time, Ye Feng's eyes lit up immediately when he saw this scene.

This is a complete ancient giant.

Ye Feng immediately rushed forward and saw that this ancient giant was thousands of meters tall and sitting on a golden seat thousands of meters high. He looked so inexplicably shocked that people didn't dare to blaspheme.

But at this time, Ye Feng had no taboos at all. He just ignored everything and released his devouring domain, which suddenly enveloped this ancient giant who still had vitality.

Boom!

Almost at this moment, the energy of an entire ancient giant was immediately injected into Ye Feng's body, causing a huge breakthrough in Ye Feng's dantian skills. In one fell swoop, he was able to go from half-step to the Immortal Vein Realm, to the level of Immortal Veins. After a lot of accumulation, he broke through to the real first level of the Immortal Vein Realm!

And it goes far beyond that.

After all, the full energy of an ancient giant is naturally very terrifying.

At this moment, Ye Feng's cultivation aura continued to make breakthroughs, improving very quickly.

"boom!"

The first level of Immortal Vein Realm!

"boom!"

Immortal Vein Realm Second Heaven!

"boom!"

The third level of Immortal Vein Realm!

"boom!"

The fourth level of Immortal Vein Realm!

"boom!"

The fifth level of Immortal Vein Realm!

"boom!"

Immortal Vein Realm Sixth Heaven!

At this time, Ye Feng's cultivation breakthrough finally stopped.

What makes Ye Feng extremely excited is that Ye Feng's own skill has improved so much all of a sudden.

Not only has it crossed an entire realm, but it has also been promoted to such a profound level as the sixth level of the Immortal Vein Realm.

At this time, Ye Feng suddenly understood that the energy contained in an entire ancient giant was so majestic. It was much more majestic than the little bit of life essence that Ye Feng had obtained before.

At this moment, Ye Feng's eyes were filled with deep ecstasy.

Even if the ancient giant clan left here and took away the treasure house and wealth, Ye Feng would still have made a lot of money when he came here.

At this time, Ye Feng did not hesitate and continued to look for other buildings to see if there were any corpses of this ancient giant that were still alive.

But in the end, Ye Feng did not find a second distant source who could retain vitality.

The corpse of the ancient giant.

However, Ye Feng found the strongest inheritance of the ancient giant clan in a giant tower that looked very ancient, and it was engraved on the entire tower.

This set of inheritance is called the "Ancient Titan Dharma". After successful cultivation, you can directly communicate with the ancient giant in the mythical dimension, and condense the terrifying and towering Dharma of the ancient giant with the divine power of the ancient giant.

You must know that the Dharma is also condensed. This ancient giant Dharma is definitely much more powerful than the Great Sun Tathagata Sutra that Ye Feng obtained before.

Because the Great Sun Tathagata Sutra only uses the power of heaven and earth to condense the appearance of a Tathagata Buddha, it is only a simulated appearance and does not have the real divine power of the Tathagata Buddha.

But the set of ancient giant statues in front of Ye Feng at this time is the inheritance of the ancient giant clan. It can directly communicate with the ancient giant god in the mythical dimension and obtain the divine power of the ancient giant god, so the condensed legal symbols are even more terrifying.

At this time, Ye Feng naturally did not hesitate at all, and directly began to understand the inheritance of the ancient giant family imprinted on the wall of this giant tower.

This set of ancient giant dharma is an extremely powerful ancient inheritance. Once practiced successfully, it will definitely greatly enhance Ye Feng's combat effectiveness.

Ye Feng possesses a very powerful ability to understand monsters, so at this time, the inheritance of ancient giant gods' laws that accompanied Ye Feng's finances was quickly mastered by Ye Feng.

At this moment, after Ye Feng learned the Dharma of this ancient giant, he could immediately feel that he had an inexplicable connection with the legendary ancient giant who lived in the mythical dimension, and he could use a trace of the ancient giant's power.

At this moment, Ye Feng immediately showed a look of joy on his face.

This time it was really a huge gain.

Not only did he swallow the life essence of two ancient giants, he also swallowed the energy of a complete ancient giant, which greatly improved his cultivation.

Now that I have received the extremely powerful inheritance left by the ancient giant family, it is really rewarding.

At this time, Ye Feng continued to search for the treasure house of this ancient giant family. Finally, Ye Feng found a huge gate made of crystal in the deepest part of the building.

When Ye Feng opened it, he found that the entire treasure house was completely empty.

However, Ye Feng was not too disappointed. After all, Ye Feng had predicted before that when the ancient giants left their base camp, they would probably have taken away all the wealth they had accumulated.

But this time when he came to the place where this ancient giant family lived, Ye Feng had already gained a lot and was quite satisfied.

After all, people sometimes have to be content with what they have, and don't force yourself too hard, otherwise you will feel tired and tired.

Uh-huh!

At this moment, Ye Feng immediately left the habitat of this ancient giant family and returned to the Blood Sea area.

"Buzz!"

At this time, Ye Feng released the Devouring Domain, covering the entire sea of blood.

You must know that there are many marine monsters cultivated by evil gems deep in this blood sea.

Ye Feng was ready to devour all the creatures in the entire blood sea.

Rumble...

At this moment, along with Ye Feng's devouring, the dark and boundless devouring domain enveloped the entire sea of blood.

All the marine monsters in the entire blood sea were completely devoured, and all their vitality was sucked alive, giving Ye Feng a huge amount of energy.

Ye Feng's skill was immediately greatly improved.

Directly from the previous sixth level of the Immortal Vein Realm, he broke through to the Great Perfection of the tenth level of the Immortal Vein Realm!

At this time, Ye Feng felt that his power and energy had grown tremendously, and his combat effectiveness had also been unparalleled.

At this moment, Ye Feng's eyes suddenly burst out with a terrifying will to fight, and he immediately flew quickly towards the outside of the small bloody world.

Ye Feng now finally has the confidence to prepare for a head-on battle with the demon guardian!
