Chapter 3841 Very powerful

Buzz!

When Ye Feng left the bloody little world and walked out of this restricted area of life, he immediately saw the demon guardian standing in the direction of the entrance, seemingly ready to leave.

But Ye Feng's aura immediately attracted the attention of the demon guardian.

The demonic guardian of the Dark Alliance immediately showed a look of astonishment in his eyes, staring at Ye Feng who came out of the small blood-colored world, and couldn't help but said: "Your kid is not dead yet, it has already passed." How many days have passed and you are still alive?"

I have to say that the demon guardian was really shocked at this time.

Because he knows very well that this forbidden area of life in the dark demon world is very terrifying.

Even if a strong old man enters it, he may not survive for a few days.

But I didn't expect that a weak boy like Ye Feng would survive until now. It was really incredible.

But at the next moment, a cruel look appeared in the eyes of the guardian of the magic way. He stared at Ye Feng and said with a cold smile: "Boy, you didn't die in that restricted area of life. It's really It makes me feel a little unbelievable, but you are so brave, you dare to walk out of this restricted area of life. Fortunately, I haven't left until now, so I caught you completely and brought you back. We, the Dark Alliance, are on trial."

Hearing what the Demonic Guardian said, Ye Feng's face did not have the fearful look before. Instead, he walked out of the restricted area of life in a leisurely manner, and said slowly: "I will walk out directly this time. Just to be able to kill this old thing like you directly, you chased me so badly before, it's time to teach you some lessons."

"What?"

Hearing what Ye Feng said, the demon guardian seemed to have heard the biggest joke in the world. He immediately laughed out loud, with a sarcastic look on his face, and said loudly: "Even the top one in our Dark Alliance Even a genius would not dare to say such a thing to me, let alone a boy with mediocre cultivation. You are really arrogant. I will teach you what awe is today."

Boom!

Almost at this moment, a terrifying aura of cultivation burst out from the demonic guardian.

That is a cultivation level at the Yuan Zun Realm level that has surpassed the Immortal Vein Realm by three entire realms!

I have to say that the foundation of this dark alliance is still very deep.

The demonic guardian sent into this dark trial actually possesses such powerful cultivation.

At this time, Ye Feng finally felt the true cultivation aura of this demonic guardian.

Better than myself now

A whole three realms higher!

It's so powerful!

It has to be said that if Ye Feng had not received a lot of opportunities during this time in the restricted life zone of the Little Blood World, his cultivation level had been greatly improved, and he had also obtained powerful treasures and ancient inheritance, I am afraid that he would not have dared to fight with him. This guardian of the demonic path meets head-on.

But now, Ye Feng felt that he didn't need to be too afraid, and was ready to fight this demonic guardian.

If you can survive and kill this demonic guardian, you will be devoured by a huge amount of power.

If you really can't beat him by then, it's still too late to run.

So at this time, Ye Feng naturally wanted to give it a try.

"boom!"

At this moment, Ye Feng did not hide anything and directly burst out his extremely powerful cultivation aura.

"Um?"

At this moment, sensing the rather powerful aura of cultivation on Ye Feng's body, the demonic guardian opposite suddenly showed a look of surprise in his eyes, and couldn't help but say: "Your kid's cultivation is so unexpected." Have you broken through to the tenth level of the Immortal Vein Realm? Not only did your kid not encounter any danger in that restricted area of life, but he also received supreme opportunities and blessings. His cultivation skills have grown so fast that it can be compared to others in decades. You have practiced so hard, it's amazing, it's really amazing. You seem to be very extraordinary, but even if your cultivation level has broken through so much, it's of no use. After all, your cultivation level is still three full points lower than my cultivation level. The gap between one big realm and one big realm is like the chasm between heaven and earth, let alone three. You are dead."

Boom!

At this moment, after the demon guardian finished speaking, an extremely terrifying dark demonic energy suddenly surged out of his body. His whole body was like a legendary ancient demon god resurrected, filled with monstrous demonic power. In an instant, he rushed quickly in the direction of Ye Feng.

The guardian of the magic path obviously didn't take Ye Feng into consideration. He casually stretched out a hand and grabbed it directly towards Ye Feng.

Buzz!

Suddenly countless demonic energy surged out from the body of the demon guardian, and a huge black hand condensed in the void, and it grabbed Ye Feng in an instant, full of terrifying lethality and destructive power.

At this time, Ye Feng did not hesitate and directly released his extremely powerful inheritance.

"The Great Sun Tathagata Sutra!"

boom!

Behind Ye Feng, the Buddha's light shone, and a majestic ancient Buddha silhouette with a height of hundreds of thousands of meters appeared. A palm of the Buddha stretched out directly, and instantly collided directly with the big black hand grabbed by the demon guardian. .

"Boom!"

Almost at this moment, an earth-shattering roar suddenly sounded across the entire field.

At this moment, Ye Feng couldn't help but take several steps back. The Buddha's palm was instantly shattered, but he successfully resisted the attack of the demon guardian.

This made Ye Feng's eyes suddenly reveal a look of deep joy.

You know, Ye Feng was hunted down very miserably by this demonic guardian before.

So now that Ye Feng can directly confront this demon guardian, it is already a great achievement.

"What? How is this possible?"

At this moment, the one who was most shocked was of course the demon guardian.

Because in the eyes of the guardian of the devil, Ye Feng is just an ant, and he can crush him to death in an instant at any time.

But now he never expected that his attack would be blocked by Ye Feng.

Moreover, Ye Feng was not seriously injured yet, he just took a few steps back.

It can be said that there are no injuries at all.

The guardian of the demonic path was naturally shocked to the extreme.

He seemed to have never imagined that Ye Feng would actually raise his combat power to such a terrifying level.

At this moment, the demon guardian immediately couldn't help but said: "Boy, don't be complacent. Just now it was just my ordinary casual attack. Next, I will release my more terrifying attack."

Boom! !

Almost at this moment, the demonic guardian suddenly erupted with extremely violent dark demonic energy, forming a terrifying storm.

"Dark Storm!"

At this moment, the demonic guardian burst out with a very terrifying inheritance.

He released all his power, and then formed a dark storm, covering the sky and the earth.

Suddenly the whole world turned into darkness.

Ye Feng's whole body was directly shrouded in the dark storm, and he felt like his whole body was about to be torn apart.

"Donghuang Bell!"

boom!

At this moment, Ye Feng did not hesitate at all, and instantly released the extremely powerful inheritance treasure of the ancient strongman that he had obtained before.

Imperial bell.

Suddenly, a huge bronze bell flew out from Ye Feng's body, and then floated around Ye Feng. It quickly became very huge, blocking all the surrounding dark storms.

At this moment, Ye Feng immediately felt that his pressure was much reduced.

Sure enough, the Donghuang Bell is indeed the natal weapon of the ancient strong men, and it is very powerful.

The next moment, after Ye Feng was no longer threatened by the dark storm, he activated his mana crazily and directly burst out the powerful inheritance of the ancient giant family that he had just learned.

The Dharma of the Ancient Giant God!

Boom!

At this moment, a bright divine light burst out from Ye Feng's body.

Ye Feng felt that at this moment, he was able to connect with the ancient giant in the mythical dimension.

Then the ancient giant god descended with a trace of divine power from the mythical dimension, and condensed a huge divine image behind Ye Feng.

It is the Dharma of the ancient giant god!

The ancient giant Dharma is several million meters tall, reaching the sky and the earth, and is overwhelming.

Along with Ye Feng's attack, the ancient giant god Dharma also launched a terrifying attack.

Every punch and every kick was like a towering mountain that struck down, tearing apart the entire dark storm.

"What??"

Seeing this scene, the demonic guardian immediately widened his eyes. He seemed to have never thought that Ye Feng had such a terrifying inheritance, and seemed to be able to use the power of the ancient giant to unleash all his dark storms. shredded.

The demonic guardian immediately couldn't help shouting: "This is impossible!"

But the next moment, Ye Feng and the ancient giant god statue had merged into one, turning into a majestic giant god statue with a height of 10 million meters, and immediately started bombarding the front crazily.

Under the horrified gaze of the demon guardian, Ye Feng merged into the giant god's form and directly smashed the demon guardian into countless pieces, completely falling.

Seeing this scene, Ye Feng immediately laughed out loud.

His combat effectiveness has finally risen to a very powerful level.

There is no need to be afraid of the senior figures in the Dark Alliance in this dark trial field anymore.

Ye Feng even feels that his current true combat power is probably comparable to the top super geniuses in the Righteous Alliance.

It's really profitable to get involved in this dark trial!

Chapter 3842 So unlucky

At this time, Ye Feng did not hesitate and directly released his Devouring Domain and began to devour the demonic guardian who was killed by him.

Boom!

Almost at this moment, a huge amount of energy was immediately injected into Ye Feng's dantian, causing Ye Feng's skill to increase tremendously.

To Ye Feng, this demonic guardian was three levels higher than his cultivation.

Ye Feng spent all his efforts and finally killed the demon guardian in a dangerous way.

So at this time, Ye Feng devoured the demonic guardian and immediately felt that his power was growing rapidly.

"boom!"

At this moment, Ye Feng was at the bottleneck of the tenth level of the Immortal Vein Realm. He suddenly broke through and reached the half-step Immortal Mansion Realm above the Immortal Vein Realm.

"boom!"

The first level of the Immortal Mansion Realm!

"boom!"

The second level of Immortal Mansion Realm!

"boom!"

The third level of Immortal Mansion Realm!

"boom!"

The fourth level of the Immortal Mansion Realm!

"boom!"

The fifth level of the Immortal Mansion Realm!

"boom!"

The sixth level of Immortal Mansion Realm!

At this time, Ye Feng broke through to the sixth level of cultivation in the Immortal Mansion Realm, which greatly improved Ye Feng's skills.

Ye Feng's eyes suddenly showed a look of ecstasy.

The cultivation strength of this demonic guardian is really amazing. He can actually provide himself with such a huge amount of energy, allowing him to achieve so many breakthroughs at once.

Now that Ye Feng's cultivation has been promoted to the sixth level of the Immortal Mansion Realm, he can feel that his combat power is much stronger than before.

It has to be said that Ye Feng's fighting power is really terrifying. He was three levels short of that, but he still managed to kill this demonic guardian.

It can only be said that Ye Feng still got a lot of good things in this restricted area of life this time.

At this moment, after Ye Feng devoured the demon guardian, he suddenly discovered that the demon guardian's storage ring was still on his finger.

Seeing this scene, Ye Feng's eyes lit up and he immediately took off the storage ring of the demon guardian.

Ye Feng knew that the demonic guardians who guarded the entire dark world had such powerful cultivations and their status must be very high.

However, Ye Feng also knew that this demonic guardian was not from the Dark Demonic Cult.

Because Ye Feng lied before that he was a genius of the Dark Demon Cult, this demon guardian behaved very respectfully.

It means that this demonic guardian should be an elder of some other powerful demonic force in the Dark Alliance, or an older and powerful person such as a protector.

At this moment, Ye Feng took the storage ring in the hands of the guardian of the devil, and then explored it slightly, and his eyes suddenly lit up.

Ye Feng discovered a lot of inheritance in the magic way, as well as precious magic weapons in the magic way.

For Ye Feng, these things can become his own weapons, or he can sell them to exchange for many other cultivation resources.

In addition, Ye Feng also found an identity token from this storage ring.

Buzz!

Ye Feng input some mana, entered the identity token, and immediately read the information in it.

It turns out that this demon guardian is called Han Li, and he is an ordinary elder of the "Tai Xuan Demon Sect" among the members of the Dark Alliance. This time he was selected as a demon guardian in the Dark Trial, responsible for the Dark Trial Field. Patrol mission in the southwest area.

After understanding the information about this demonic guardian, Ye Feng held the token in his hand and fell into thinking.

It seems that there are many other demon guardians in this dark trial ground, and their cultivation strength must be very powerful.

Ye Feng was thinking in his mind whether he should look for other demon guardians and trap them one by one.

But just as Ye Feng was thinking, suddenly a majestic voice sounded from high in the sky: "This is the end of the dark trial. The dark formation will destroy all the surviving trialists and guardians." transmit

Return to the central square of our Dark Alliance headquarters. "

boom!

At this moment, the moment this majestic voice fell, a beam of light suddenly struck Ye Feng from the sky.

"What?"

When Ye Feng saw this scene, he was immediately shocked and wanted to completely throw away the identity token of Demon Guardian Han Li in his hand.

Because Ye Feng immediately sensed that the Dark Demon Cult teleported all the characters in the Demonic Path, relying on their respective identity tokens to guide them.

So at this time, Ye Feng happened to be holding the identity token of the demon guardian in his hand, and he was also selected by the dark teleportation formation.

Buzz!

However, the dark teleportation formation was too fast. Before Ye Feng could throw away the identity token in his hand, he was suddenly shrouded in a beam of light, and then quickly passed through the space channel, as if he was about to be teleported to the headquarters of the Dark Alliance. On the dark square, all the demon practitioners and guardians gathered together.

Ye Feng quickly analyzed in his heart. After knowing all this, Ye Feng immediately showed an extremely shocked expression on his face.

I'm actually going to be transported to the Dark Alliance's headquarters?

That's the dragon's den and the tiger's den!

But now Ye Feng has no way to escape, because he is already in the space transmission channel.

Buzz!

In a hurry, Ye Feng immediately used his skills, quickly changed and disguised himself as the elder of the Taixuan Demon Sect, and was the demon guardian who was killed by him, Han Li.

Ye Feng has no choice but to disguise himself as the guardian of the devil and see how he can escape from the Dark Alliance's base camp.

At this time, Ye Feng was extremely speechless.

I didn't expect that I would be so unlucky.

Just at the end of the Dark Trial, the key points of all the members of the Demonic Path were to be transmitted, and it turned out that he happened to be holding the token of the Demonic Path Guardian.

So Ye Feng can only listen at this time

As fate would have it, I will pretend to be the guardian of the demonic path from the Taixuan Demonic Sect for the time being, and we will wait and see what happens later.

And just when Ye Feng had already disguised himself, he was finally teleported out of the dark demon world and landed on a huge square.

At this moment, Ye Feng looked around and found that the square here was entirely black, with many towering Dark Alliance buildings built around it.

And in addition to himself, there are other people in the demonic path who are being teleported back quickly, and they are all concentrated on this square.

To Ye Feng's relief, he disguised himself as Han Li, the great elder of the Taixuan Demon Sect, and was not very eye-catching.

Because there are many other demonic figures in the square.

As the demons were teleported back one by one, there were more and more demons in the square, and Ye Feng became even more inconspicuous. This made Ye Feng completely relieved. It seems that he is still relatively calm at the moment. safe.

But just as Ye Feng was thinking secretly, an old man wearing a blue robe suddenly walked from a certain direction not far away.

He came to Ye Feng, smiled and said: "Elder Han, this time you are responsible for patrolling the southwest area of the Dark Trial Field, and you should have gained a lot of benefits secretly."

This old man in a blue robe should also be a patroller selected from a certain demonic force in the Dark Alliance.

Ye Feng did not recognize this old man in blue robes, because at the last moment, Ye Feng had no time to extract the soul memory fragments of Han Li who was killed by him.

So Ye Feng just smiled slightly at this time, nodded, and said calmly: "I did get a lot of benefits this time, and my cultivation skills have increased a lot, and I also got some powerful ones. inherited."

Hearing what Ye Feng said, the old man in blue robes immediately moved his eyes slightly, then smiled, and without saying anything else, he stood next to Ye Feng, and then said slowly: " Let's wait slowly now. The top figures in our Dark Alliance will come later, and they may reward us patrollers and give us some additional patrol mission rewards."

Chapter 3843 Nangong Wan'er

The old man in blue robe beside him kept talking at this moment, but Ye Feng had no intention of paying attention to others.

Now Ye Feng's mind is trying to figure out how to escape from here.

But Ye Feng knew that this must be very difficult.

Because this is the headquarters of the Dark Alliance ruled by the Dark Demon Cult.

Ye Feng felt that it was better to wait until he returned to Taixuan Demon Sect to figure out how to leave here.

Because the Dark Alliance and the Righteous Alliance are different.

In the Dark Alliance, whether entering or leaving the Dark Alliance territory, strict review is required.

Therefore, Ye Feng would naturally not leave rashly at this time.

At this time, Demon Ancestor suddenly said in his mind: "Boy Ye Feng, don't think you are unlucky. You came here accidentally. Maybe you can get a lot of luck from the Dark Alliance. But you have to know, being able to blend into the Dark Alliance perfectly is a rare opportunity. Normally, you don't have this chance to blend into it."

"Um?"

Hearing what Demon Ancestor said, Ye Feng's eyes flashed slightly, and he seemed to think that what Demon Ancestor said made sense.

After all, he is not in any crisis now and has perfectly disguised himself as Han Li, an ordinary elder of Taixuan Demon Sect.

So now I don't seem to have any so-called sense of crisis. It's better to use this identity to gain some benefits for myself in the Dark Alliance, and maybe have a chance to destroy the strength and foundation of the Dark Alliance.

Moreover, Dean Tianshu said before that behind the Dark Demon Cult, there may be support from mysterious beings suspected to come from the legendary heaven.

Ye Feng is now involved in the Dark Alliance. If there is a chance, he can investigate it.

Thinking of this, Ye Feng's mood instantly improved.

At this moment, Ye Feng was thinking secretly in his heart.

At the top of the central square of the Dark Alliance, several very noble figures suddenly descended.

These figures exude extremely terrifying demonic aura, giving people the impression of being as terrifying as ancient demon gods.

The old man in blue robe beside him immediately couldn't help but said with some surprise: "It turned out to be the guardian group of the Dark Demon Cult, who came in person."

When Ye Feng heard the old man in blue robe beside him say this, his eyes flashed slightly. It seemed that everyone in the Dark Alliance was very respectful when they saw the strong man of the Dark Demon Cult.

And just as Ye Feng was thinking about it, several super masters from the Dark Demon Cult Guardian Group came down and immediately began to award various rewards to the surviving demon geniuses.

In the end, patrollers like Ye Feng and the old man in blue robes also received considerable rewards.

Ye Feng received a pretty good set of magic inheritance, but Ye Feng was not very interested in it.

Because these demon inheritances are not as powerful as the Demon Ancestor gave Ye Feng.

At this moment, Ye Feng just wants to return to Taixuan Demon Sect as soon as possible.

Because here in the Dark Demon Cult, it is still easy for others to discover their identity.

After all, there are too many super powerful people in the Dark Demon Cult.

But among forces like Taixuan Demon Sect, which is just a member of the Dark Alliance, there should be almost no extremely terrifying superpowers.

If Ye Feng returns to Taixuan Demon Sect, he should still be able to gain a lot of benefits by using his status as an elder.

The entire awarding ceremony did not last long.

Then the member forces of the major dark alliances went back with the geniuses in their respective forces.

There were actually dozens of demon geniuses from the Taixuan Demon Sect gathered behind Ye Feng. They were all following Ye Feng, including men and women.

A beautiful-looking female disciple, dressed in a long black dress and graceful, immediately came to Ye Feng and said respectfully: "Elder Han, it's time for us to go back."

Ye Feng didn't know how to answer at this time, because he didn't know the way back to Taixuan Demon Sect at all.

So at this time, Ye Feng suddenly said: "I have just received a powerful demonic inheritance given to me by the Dark Demonic Sect. I need to meditate on it, and you will lead the way."

Hearing what Ye Feng said, the female disciple naturally had no doubts, but said very respectfully: "Yes, Elder Han! Elder Han has received the powerful inheritance of the Dark Demon Cult this time, and his strength will definitely increase greatly. Congratulations to Elder Han."

Hearing what the beautiful female disciple in front of him said, Ye Feng's eyes revealed a look of surprise.

This beautiful disciple seemed to be complimenting herself specially.

Ye Feng immediately smiled, stared at the beautiful female disciple in front of him, and asked aloud: "What's your name?"

Ye Feng is just the leader this time, so even if he is pretending to be Han Li and does not know a female disciple, it is normal and no one will suspect him.

When this beautiful disciple heard Ye Feng ask her name, a look of deep excitement immediately appeared on her beautiful face, as if she felt that she had been spotted by a powerful elder.

This beautiful disciple immediately came to Ye Feng, her beautiful eyes even flashed with an inexplicable attracting light, and she said in a very charming voice: "My name is Nangong Wan'er, and my disciple is from the nine dynasties under the Taixuan Demon Sect. A princess from the Jin Dynasty."

She is actually a princess from a mortal dynasty?

When Ye Feng heard what Nangong Wan'er said, there was a hint of surprise in his eyes.

Because Ye Feng saw it, this Nangong Wan'er's eyes seemed to be looking at him. In addition to being respectful, there was also another inexplicable meaning, which seemed to be a kind of temptation.

Ye Feng immediately understood something. This beautiful female disciple probably wanted to rely on himself as an elder to increase her status in the Taixuan Demon Sect.

Ye Feng suddenly smiled and said: "Okay, Nangong Wan'er, this elder will remember you. You can survive the dark trial this time, which shows that your qualifications are very powerful. When you return to Taixuan Demon After Zong, I still have many things I want to ask you privately."

Ye Feng said this at this moment, not because he really wanted to recruit a beautiful disciple, but to find a disciple who was very familiar with Taixuan Demon Sect, so that he could have a good understanding of the situation of Taixuan Demon Sect, which could serve as his guide. people.

However, Ye Feng's words seemed to have changed in Nangong Wan'er's ears.

Nangong Wan'er seemed to feel that this elder-level figure took a fancy to her.

Because Nangong Wan'er is very confident in her appearance.

Nangong Wan'er has been suffering from the inability to improve her status in Tai Xuan Demon Sect, so she has been thinking in her heart that if she can be valued by a certain elder, then Nangong Wan'er can walk sideways in Tai Xuan Demon Sect in the future. , and you can also get a lot of cultivation resources.

So at this time, even though the Elder Han Li pretended by Ye Feng was very old, Nangong Wan'er gritted her teeth and struggled in her heart for a long time before deciding that she could dedicate "everything" to this elder.

As long as you can get this elder to support you from behind and improve your status in Taixuan Demon Sect, then everything will be worth it.

So at this time, Nangong Wan'er naturally began to be courteous to Elder Han, who was disguised by Ye Feng, intentionally or unintentionally.

Chapter 3844 Get some benefits

Next, Nangong Wan'er led the team and began to fly quickly in the direction of Taixuan Demon Sect.

The entire Dark Alliance occupies most of the territory of the Great World Complex where the advanced realms of the Origin Great World are integrated.

Therefore, it is a rather long journey from the headquarters of the Dark Alliance back to the Taixuan Demon Sect.

Everyone moved forward for nearly half a month before finally arriving at the headquarters of Taixuan Demon Sect.

The Taixuan Demon Sect was also a giant force in the demonic path in the Origin World, but in the end, because the strength of the Dark Demon Sect was too huge, it finally surrendered to the Dark Demon Sect.

Therefore, the foundation of Taixuan Demon Sect is still very profound.

When Ye Feng arrived at the headquarters of Taixuan Demon Sect, he immediately saw a stretch of black mountains in front of him. Buildings were built on these black mountains, and various disciples and people from the demonic path were shuttled back and forth. , looks very prosperous.

It seems that the Taixuan Demon Sect has surrendered to the Dark Demon Sect, and its strength has become deeper. After all, the Dark Demon Sect is a huge and transcendent force behind it.

At this moment, Ye Feng felt slightly and immediately discovered that the Taixuan Demon Sect was a little more unfathomable than he had imagined.

There should also be extremely terrifying demon superpowers among the Taixuan Demon Sect, otherwise they would probably not be qualified to participate in this dark trial organized by the Dark Demon Sect.

At this moment, Ye Feng directly returned to the sect with a group of Taixuan Demon Sect disciples who had returned from the dark trial.

After that, Ye Feng directly dismissed this group of disciples.

Because Ye Feng didn't want to get in touch with anything more.

After all, Ye Feng is not familiar with Taixuan Demon Sect at all now. The more people he comes into contact with, the more his identity will be exposed.

Fortunately, I am just a relatively ordinary elder in the Taixuan Demon Sect, and not a particularly core elder, so my sense of existence is not that high.

However, in the eyes of some ordinary disciples, an elder-level figure like himself is still very noble.

For example, Nangong Wan'er.

At this time, after returning to the headquarters of Taixuan Demon Sect, Nangong Wan'er immediately smiled beautifully and said pointedly: "Elder Han, do you want to go sit where the disciple lives? The disciple wants to be alone with Let's chat with Elder Han."

Hearing what Nangong Wan'er said, Ye Feng immediately smiled and said, "Okay, I'll go to your place. I just have other things to ask you."

At this time, Ye Feng didn't know where exactly the elder Han Li he was pretending to live, so he had no other place to go for the time being.

I happened to go to the place where Nangong Wan'er lived and ask Nangong Wan'er some basic information about Taixuan Demon Sect.

After all, this Nangong Wan'er is probably completely respectful to her now, so asking this Nangong Wan'er will not reveal her identity.

Hearing that Ye Feng was really going to where he lived, Nangong Wan'er looked at Ye Feng's old appearance and couldn't help but reveal a hint of struggle in her eyes.

But in the end, that trace of struggle disappeared.

Next, Nangong Wan'er suddenly took Ye Feng's arm, was very affectionate, and said loudly: "The elder values the disciple so much, then the disciple is willing to dedicate everything to the elder."

Seeing Nangong Wan'er's behavior, Ye Feng

His eyes suddenly froze, he couldn't help but smile, shook his head, and said loudly: "I don't need you to give anything, I just want to ask you some basic information about our Taixuan Demon Sect."

"Basic information about the sect?"

Hearing what Ye Feng said, Nangong Wan'er's eyes showed a trace of doubt, and she couldn't help but said: "The elder has been staying in Taixuan Demon Sect, and he must know better than the disciple. It didn't take long to arrive at Taixuan Demon Sect, only half a year."

Ye Feng smiled slightly and said aloud: "You don't know, I have been practicing in seclusion in the recent period. I have been in seclusion for a full ten years. This time I was just chosen to be the

person for this dark trial. Patroller, so now I am not very clear about everything that has happened recently in Taixuan Demon Sect, as well as some of the current rules of Taixuan Demon Sect. "

"I see."

Hearing what Ye Feng said, Nangong Wan'er's beautiful eyes suddenly showed a look of astonishment, and she said loudly: "Okay, then the disciple will definitely explain everything clearly to the elder."

Nangong Wan'er did not doubt Ye Feng's words, because she also knew that in order to improve their cultivation and break through bottlenecks, many older figures in the Taixuan Demon Sect sometimes stayed in seclusion for several years, more than ten years, or even decades. Very normal.

At this time, Nangong Wan'er just smiled happily and said loudly: "Okay, if Elder Han wants to know anything, all the disciples will definitely tell the elder. Elder, follow me now, go sit where I live, it's just right The disciple recently learned a new tea that can be brewed for the elders to drink. "

Ye Feng immediately smiled slightly, nodded, and followed Nangong Wan'er to fly quickly towards the place where this beautiful disciple lived.

Next, Ye Feng did learn a lot of basic information about Taixuan Demon Sect from Nangong Wan'er.

Ye Feng suddenly felt relieved because he had some understanding of the entire Taixuan Demon Sect's rules and some other situations.

Otherwise, if you come to Taixuan Demon Sect, you can only be regarded as a blind man touching an elephant, and you don't know anything at all.

Next, Ye Feng temporarily lived in Taixuan Demon Sect.

For Ye Feng, it seems that there is nothing else to do if he returns directly to the Righteous Alliance.

It would be better to make some good profits from this dark alliance. If you have the opportunity, immediately investigate whether the mysterious force behind the Dark Demon Cult comes from the legendary higher heaven.

As for the beautiful disciple Nangong Wan'er who helped him, Ye Feng casually gave her some magic inheritance.

This immediately made Nangong Wan'er extremely excited, feeling that she had not given her "everything" in vain these past few days.

...

Half a month after Ye Feng came to Taixuan Demon Sect, he was basically familiar with everything.

Ye Feng was naturally preparing to get some benefits for himself, and couldn't come to Taixuan Demon Sect in vain.

So at this time, Ye Feng walked directly towards the central hall of Taixuan Demon Sect, wanting to see if, as an elder of Taixuan Demon Sect, he had any special rights to use some cultivation resources.

Ye Feng didn't even think about plundering the Taixuan Demon Sect. After all, the Taixuan Demon Sect was a very powerful member of the Dark Alliance. There were still many super powerful demonic figures in the Taixuan Demon Sect. They couldn't go too far. Be arrogant and wanton, otherwise, not only may you not get any benefits, but you may also be hunted down miserably. Next, Nangong Wan'er led the team and began to fly quickly in the direction of Taixuan Demon Sect.

The entire Dark Alliance occupies most of the territory of the Great World Complex where the advanced realms of the Origin Great World are integrated.

Therefore, it is a rather long journey from the base camp of the Dark Alliance back to the Taixuan Demon Sect.

Everyone moved forward for nearly half a month before finally arriving at the headquarters of Taixuan Demon Sect.

The Taixuan Demon Sect was also a giant force in the demon world in the Origin World, but in the end, because the strength of the Dark Demon Sect was too huge, it finally surrendered to the Dark Demon Sect.

There should also be extremely terrifying demon superpowers among the Taixuan Demon Sect, otherwise they would not be qualified to participate in this dark trial organized by the Dark Demon Sect.

At this moment, Ye Feng directly returned to the sect with a group of Taixuan Demon Sect disciples who had returned from the dark trial.

After that, Ye Feng directly dismissed this group of disciples.

Because Ye Feng didn't want to get in touch with anything more.

After all, Ye Feng is not familiar with Taixuan Demon Sect at all now. The more people he comes into contact with, the more his identity will be exposed.

However, in the eyes of some ordinary disciples, an elder-level figure like himself is still very noble.

For example, Nangong Wan'er.

At this time, after returning to the headquarters of Taixuan Demon Sect, Nangong Wan'er immediately smiled beautifully and said pointedly: "Elder Han, do you want to go sit where the disciple lives? The disciple wants to be alone with Let's chat with Elder Han."

Hearing what Nangong Wan'er said, Ye Feng immediately smiled and said, "Okay, I'll go to your place. I just have other things to ask you."

At this time, Ye Feng didn't know where exactly the elder Han Li he was pretending to live, so he had no other place to go for the time being.

I happened to go to the place where Nangong Wan'er lived and ask Nangong Wan'er some basic information about Taixuan Demon Sect.

After all, this Nangong Wan'er is probably completely respectful to her now, so asking this Nangong Wan'er will not expose her identity.

Hearing that Ye Feng really wanted to go to the place where she lived, Nangong Wan'er looked at the old man and couldn't help but reveal a trace of struggle in her eyes.

But in the end, that trace of struggle disappeared.

Next, Nangong Wan'er suddenly took Ye Feng's arm, was very affectionate, and said loudly: "The elder values the disciple so much, then the disciple is willing to dedicate everything to the elder."

Seeing Nangong Wan'er's behavior, Ye Feng

His eyes suddenly froze, he couldn't help but smile, shook his head, and said loudly: "I don't need you to give anything, I just want to ask you some basic information about our Taixuan Demon Sect."

"Basic information about the sect?"

Hearing what Ye Feng said, Nangong Wan'er's eyes showed a hint of doubt, and she couldn't help but said: "The elder has been staying in the Taixuan Demon Sect, and he must know better than the disciples. It didn't take long to arrive at Taixuan Demon Sect, only half a year."

Ye Feng smiled slightly and said aloud: "You don't know, I have been practicing in seclusion in the recent period. I have been in seclusion for a full ten years. This time I was just chosen as the person for this dark trial. Patroller, so now I am not very clear about everything that has happened recently in Taixuan Demon Sect, as well as some of the current rules of Taixuan Demon Sect. "

"I see."

Hearing what Ye Feng said, Nangong Wan'er's beautiful eyes suddenly showed a look of astonishment, and she said loudly: "Okay, then the disciple will definitely explain everything clearly to the elder."

Nangong Wan'er did not doubt Ye Feng's words, because she also knew that in order to improve their cultivation and break through bottlenecks, many older figures in the Taixuan Demon Sect sometimes stayed in seclusion for several years, more than ten years, or even decades. Very normal.

At this time, Nangong Wan'er just smiled happily and said loudly: "Okay, if Elder Han wants to know anything, all the disciples will definitely tell the elder. Elder, follow me now, go sit where I live, it's just right The disciple recently learned a new kind of tea that can be brewed for the elders to drink."

Ye Feng immediately smiled slightly, nodded, and followed Nangong Wan'er to fly quickly towards the place where this beautiful disciple lived.

Next, Ye Feng did learn a lot of basic information about Taixuan Demon Sect from Nangong Wan'er.

Ye Feng suddenly felt relieved because he had some understanding of the entire Taixuan Demon Sect's rules and some other situations.

Otherwise, if you come to Taixuan Demon Sect, you can only be regarded as a blind man touching an elephant, and you don't know anything at all.

Next, Ye Feng temporarily lived in Taixuan Demon Sect.

For Ye Feng, it seems that there is nothing else to do if he returns directly to the Righteous Alliance.

It would be better to make some good profits from this dark alliance. If you have the opportunity, immediately investigate whether the mysterious force behind the dark demon cult comes from the legendary higher heaven.

As for the beautiful disciple Nangong Wan'er who helped him, Ye Feng casually gave her some magic inheritance.

This immediately made Nangong Wan'er extremely excited, feeling that she had not given her "everything" in vain these days.

...

Half a month after Ye Feng came to Taixuan Demon Sect, he was basically familiar with everything.

Ye Feng was naturally preparing to get some benefits for himself, and couldn't come to Taixuan Demon Sect in vain.

So at this time, Ye Feng walked directly towards the central hall of Taixuan Demon Sect, wanting to see if, as an elder of Taixuan Demon Sect, he had any special rights to use some cultivation resources.

Ye Feng didn't even think about plundering the Taixuan Demon Sect. After all, the Taixuan Demon Sect was a very powerful member of the Dark Alliance. There were still many super powerful demonic figures in the Taixuan Demon Sect. They couldn't go too far. Be arrogant and wanton, otherwise, not only may you not get any benefits, but you may also be hunted down miserably.

Chapter 3845 Elders Responsibilities

When Ye Feng came to the central hall of Taixuan Demon Sect, he carefully read the books in the central hall about his rights as an ordinary elder of Taixuan Demon Sect.

However, the result made Ye Feng couldn't help shaking his head.

The rights of ordinary elders of Taixuan Demon Sect did not seem to be as great as imagined.

At most, they could only accept some disciples and then build their own mountain residence in the sect.

This was meaningless to Ye Feng.

After all, Ye Feng came here for the purpose of getting some benefits.

And just when Ye Feng was watching secretly.

Swish!

Suddenly, a communication talisman flew in front of Ye Feng, and a very majestic voice came from it: "All selected elders, all gather in the central square of the sect, I have something big to announce."

Hearing the voice in the sound transmission talisman, Ye Feng immediately showed a look of surprise in his eyes.

Because generally only the commander among the elders, that is, the great elder, is qualified to send messages to all ordinary elders and let them gather.

At this time, Ye Feng's eyes were very confused. He didn't know why the great elder of Taixuan Demon Sect wanted to gather so many elders together. It seemed that something big was going to happen. Because the elder-level figures were still quite precious in Taixuan Demon Sect, it was rare for all the elders to gather together. Generally, the disciples were gathered together to complete a certain sect task or complete some things that the sect needed to deal with. This kind of super-large sect rarely asked the elder-level figures to run errands. After all, the elder-level figures were basically the backbone of Taixuan Demon Sect. They were in the sect and were specially used to protect the sect. At this moment, Ye Feng looked at the communication talisman in front of him, and immediately stretched out his hand to take the communication talisman in his hand, and then quickly flew towards the central square of Taixuan Demon Sect. When Ye Feng came to the central square, he immediately saw dozens of elder-level figures, all of whom had very high cultivation. They all gathered here, as if waiting for the arrival of the great elder. Ye Feng also walked into the crowd. What made Ye Feng feel relieved was that he estimated that the demon guardian Han Li

elder he killed was a very low-key existence in Taixuan Demon Sect, so no one greeted him, which naturally made Ye Feng feel relieved.

Otherwise, he might have exposed his identity.

Ye Feng stood in the crowd and waited silently.

Swish!

Soon, a burly old man in a white robe flew over from the sky not far away.

This burly old man looked very majestic, like a lion, giving people a very unfathomable feeling, and his cultivation aura was very majestic and boundless, making Ye Feng feel a sense of death crisis at this moment.

This should be the great elder of Taixuan Demon Sect!

Ye Feng restrained his cultivation aura at this time, for fear that the great elder of Taixuan Demon Sect would see something unusual.

However, the great elder of Taixuan Demon Sect, Su Hu, was too lazy to pay attention to ordinary elders like Ye Feng.

He just looked at the dozens of elders in the audience and said, "Today, we have called you elders here to help our Taixuan Demon Sect open up a new ancient secret realm. The upper exploration team of our Taixuan Demon Sect has found the entrance to an ancient secret realm in the 100,000 mountains surrounding our Taixuan Demon Sect. However, we dare not let our disciples go in for training for the time being, so we need you elders to unite and enter the ancient secret realm in advance. First, explore the ancient secret realm and eliminate some potential dangers, and then let the disciples of our sect go in for training to improve the foundation of our Taixuan Demon Sect." Hearing the elder say this, the elders present all showed surprise in their eyes, as if they did not expect that the upper echelons of the sect had discovered another ancient secret realm. "Ancient secret realm?" Ye Feng's eyes also lit up at this moment. He did not expect that this was really the rhythm of sending a pillow when he was sleepy. I was still worried about not being able to get any benefits, but I didn't expect that the great elder of Taixuan Demon Sect would take them to explore the ancient secret realm.

Ye Feng also understood this behavior very well.

After all, many large sects, in order to train their disciples, would send many disciples to some ancient ruins or ancient secret realms for trials to enhance their strength.

But when a new ancient secret realm is discovered, it is impossible to let those weak disciples enter it directly, otherwise there may be very heavy losses.

So they will organize super strong people at the elder level to enter the ancient secret realm one step ahead of time to eliminate the potential very terrifying dangers, leaving only some crises suitable for ordinary disciples to train.

However, many elders present had uncertain faces.

Although sometimes they can get a lot of opportunities by entering the ancient secret realm in advance.

But most of the first time they enter the ancient secret realm, they may encounter very terrifying dangers.

Even their elder-level characters are likely to be wiped out by the huge potential dangers in the ancient secret realm.

So many elders who want to practice in peace are unwilling to go.

But this time, the great elder personally conveyed the message to them, and all the elders were forced to participate in this dangerous mission of exploring the ancient secret realm.

After all, as the great elders of the entire Taixuan Demon Sect, they usually enjoy the respect of their disciples and enjoy great power. So at critical moments, they must detect unknown dangers for these disciples under their command. This is the responsibility of the elders.

At this time, among all the elders, Ye Feng is probably the most excited one and the one who is looking forward to it the most.

Because exploring this ancient secret realm that has never been entered before, for Ye Feng, it is very likely that Ye Feng will get huge opportunities.

This is a rare opportunity.

So at this moment, Ye Feng showed a rather happy look on his face.

At this moment, the great elder said aloud: "I will take you into it when the time comes, and then we will spread out. If you encounter any irresistible danger, just notify me directly to deal with it. "

This Great Elder of Taixuan Demon Sect obviously has a very terrifying cultivation level, so his tone is very confident and domineering at this time.

The dozens of elders present nodded one after another, and then followed the great elder and immediately flew quickly in a certain direction outside Taixuan Demon Sect to eliminate various potential dangers in that ancient secret realm in advance.

Ye Feng was in the crowd and followed them towards the Shiwanda Mountains and Wild Forest area outside Taixuan Demon Sect, with a trace of expectation on his face. When Ye Feng came to the central hall of Taixuan Demon Sect, he carefully looked at his rights as an ordinary elder of Taixuan Demon Sect from the books in the central hall.

But the result made Ye Feng couldn't help but shake his head.

The power of ordinary elders of Taixuan Demon Sect does not seem to be as great as imagined.

At most, he can only recruit some disciples and then establish his own mountain residence within the sect.

This means nothing to Ye Feng at all.

After all, Ye Feng came here just to get some benefits.

And while Ye Feng was watching secretly.

Uh-huh!

Suddenly, a messenger talisman flew in front of Ye Feng, and a very majestic voice came from inside: "All the selected elders, gather at the central square of the sect. I have something big to announce."

Hearing the sound in this transmission note, Ye Feng immediately showed a look of surprise in his eyes. ??

Because generally only the commander among the elders, that is, the great elder, is qualified to send a message to all the ordinary elders and ask them to gather.

At this time, Ye Feng's eyes were very confused. He didn't know why the great elder of Taixuan Demon Sect summoned so many elders to gather together.

It looks like something big is about to happen.

Because elder-level figures are still quite precious in Taixuan Demon Sect, it is rare for all the elders to be gathered together. Disciples are usually brought together to complete a certain sect task or complete some tasks. Things that the sect needs to deal with.

This super large sect rarely lets elder-level figures run errands.

After all, elder-level figures are basically the mainstay of the Taixuan Demon Sect, and they are specifically used to protect the sect.

At this moment, Ye Feng looked at the communication talisman in front of him, immediately reached out and took the communication talisman in his hand, and then quickly flew towards the central square of Taixuan Demon Sect.

When Ye Feng came to the central square, he immediately saw dozens of elder-level figures with very high cultivation levels. They were all gathered here, seemingly waiting for the arrival of the great elder.

Ye Feng also walked into the crowd.

What makes Ye Feng breathe a sigh of relief is that the guardian of the demonic path he killed, Elder Han Li, is a very low-key existence in the Taixuan Demon Sect, so no one greets him, which naturally makes Ye Feng breathe a sigh of relief.

Otherwise, you might expose your identity.

Ye Feng stood among the crowd and waited silently.

Uh-huh!

Soon, a burly old man wearing a white robe flew over from the sky not far away.

This burly old man looked very majestic. He looked like a lion. He gave people a very unfathomable feeling. His cultivation aura was very majestic. Ye Feng felt it at this moment. A feeling of death crisis.

This should be the great elder of Taixuan Demon Sect!

Ye Feng restrained his cultivation aura even more at this time, for fear that the elder of the Taixuan Demon Sect would notice something unusual.

However, Su Hu, the great elder of Taixuan Demon Sect, didn't bother to pay attention to ordinary elders like Ye Feng.

He just looked at the dozens of elders in the audience and said aloud: "The purpose of calling you elders here today is to help our Taixuan Demon Sect open up a new

First, explore the ancient secret realm and eliminate some potential dangers, and then let the disciples of our sect go in to experience and improve. The foundation of our Taixuan Demon Sect. "

Hearing what the great elder said, a group of elders present showed surprise in their eyes, as if they did not expect that the upper echelons of the sect would discover another ancient secret realm.

"Ancient secret realm?"

At this moment, Ye Feng's eyes lit up slightly, but he didn't expect that this was really the rhythm of giving him a pillow when he felt sleepy.

Ye Feng understands this behavior very well.

This Great Elder of Taixuan Demon Sect obviously has a very terrifying cultivation level, so his tone is very confident and domineering at this time.

The dozens of elders present all nodded, and then followed the great elder and immediately flew quickly in a certain direction outside the Taixuan Demon Sect to eliminate various potential dangers in that ancient secret realm in advance.

Ye Feng was in the crowd and followed them towards the Shiwanda Mountains and Wild Forest area outside Taixuan Demon Sect, with a trace of anticipation on his face.

Chapter 3846 Rules Weapons

On the way to the ancient secret realm, Ye Feng found many other great elders of Taixuan Demon Sect around him, all of whom were dejected.

This made Ye Feng's eyes look astonished.

Do these elders all practice Buddhism in this way?

Don't want to plunder some good fortune?

However, Ye Feng also saw from this that this kind of task of eliminating danger in advance must be very dangerous.

It is estimated that many elders have done such tasks before, but they all encountered many dangers and died.

So for the elders of the Taixuan Demon Sect who are usually pampered, this is simply a hard job, and no one wants to do these things at all.

However, the great elder had already given the order, and many ordinary elders naturally did not dare to resist the great elder's order.

At this time, Ye Feng heard many ordinary elders around him discussing that when the time came, he could simply explore the ancient secret realm and don't work so hard.

After hearing the discussion of these elders, Ye Feng couldn't help but shook his head. These pampered elders in the Taixuan Demon Sect have long lost their passion and are all just a bunch of guys who want to live their lives.

While Ye Feng was thinking secretly, everyone had already flown over a wild jungle not far from Taixuan Demon Sect.

There are mountains in the distance, with no end in sight.

This should be the Hundred Thousand Mountains area that the great elder mentioned.

At this time, the Great Elder was very tall and tall. He stood at the front and said immediately: "This time, the entrance to the ancient secret realm recently discovered by the upper level of our sect is on a mountain not far ahead. We will directly Go over there."

Dozens of ordinary elders nodded one after another, followed the great elder, and flew quickly towards the mountain ahead.

When everyone arrived at the top of the mountain, they immediately saw a huge hexagram teleportation formation on the ground of the mountain.

At this moment, the great elder suddenly said: "This formation is the entrance to the ancient secret realm. Let's go in directly. Everyone is prepared to deal with it. It is very likely that we will encounter a huge crisis as soon as we enter. "

When many ordinary elders heard what the great elder said, they all became cautious, nodded immediately, and then began to release their own cultivation aura to deal with the huge danger that may be coming at any time.

At this moment, the Great Elder did not hesitate and directly began to input his magic power into the hexagram teleportation formation on the ground in front of him.

"boom!"

The great elder's magic power is simply too vast.

Almost at the moment when the great elder input his dark magic power, the six-pointed star teleportation formation on the ground suddenly began to erupt with a brilliant light.

Buzz!

Almost at this moment, a very strong spatial fluctuation suddenly erupted from the six-pointed star formation, which suddenly enveloped all the dozens of elders present and teleported them in instantly. In the ancient secret realm.

At this moment, when Ye Feng opened his eyes, he found that they had arrived in the ancient secret realm.

This is a separate, independent world that doesn't seem to be dangerous.

Blue sky and white clouds, flowers around

The grass and trees looked very peaceful.

But everyone knows that there must be very terrifying dangers in this ancient secret realm.

At this moment, the great elder stood at the front and said slowly: "Everyone spread out, it is best to form a team of two to explore this ancient secret realm."

After hearing the great elder's instructions, many ordinary elders nodded and started to form teams with their known partners.

Ye Feng didn't know any elders, so at this time Ye Feng was just walking in a certain direction alone, wanting to search alone.

But at this time, a graceful female elder suddenly found Ye Feng and said slowly: "Elder Han, we had an intersection before. Have you forgotten it?"

Ye Feng looked at the female elder in front of him and couldn't help but shook his head and said, "I'm sorry, I forgot."

After saying that, Ye Feng jumped deep and disappeared from the place alone.

The female elder stamped her feet angrily, and then continued to look for other elders to form a team.

After Ye Feng left the place, he immediately started flying and wandering in this ancient secret realm.

Although Ye Feng's cultivation is not as good as these elders of Taixuan Demon Sect, Ye Feng's combat power is definitely much stronger than ordinary elders.

So at this time, Ye Feng didn't have too much fear. After all, skilled people are bold. If they encounter any irresistible danger, they can immediately notify the elder to come and deal with it.

At this moment, Ye Feng flew quickly, passing over the vast land of the ancient secret realm.

Under the exploration of Ye Feng's extremely powerful soul power, in the mountains ahead, there lived a group of very terrifying ancient monsters, and their life fluctuations were very powerful.

If it is not dealt with, all disciples of the Taixuan Demon Sect will definitely be wiped out if they come in for the trial.

Uh-huh!

At this time, Ye Feng immediately flew towards the mountain range.

Of course, Ye Feng did not contribute to the Taixuan Demon Sect, but to devour this group of terrifying ancient monsters.

The life energy of this group of ancient monsters, according to Ye Feng's induction, should be a level higher than his current sixth level of Immortal Mansion Realm.

It is an ancient monster beast at the level of the Divine Vein Realm above the Fairy Mansion Realm.

You must know that Elder Han, who was killed by Ye Feng, was a Yuan Zun Realm entity above the Divine Vein Realm.

Therefore, this group of ancient monsters is still very powerful, only one level lower than Elder Han.

However, if this group of ancient monsters were not powerful, Ye Feng might not look down on them at all, and would not be too lazy to kill and devour them, because they would not gain much skill.

Uh-huh!

At this time, when Ye Feng arrived in this mountain range, he immediately saw a group of strange creatures covered with pitch black scales living among them.

Ye Feng didn't know the specific race of this group of strange creatures covered with black scales at all. They should be a special kind of dark creature bred in this ancient secret realm. The aura on their bodies

The breath is very powerful and gives people a very fierce feeling.

At this moment, the moment Ye Feng arrived here, he immediately attracted the attention of countless ferocious monsters in the entire mountain range.

"Roar!!"

This group of ferocious monsters immediately roared and roared crazily at Ye Feng.

They actually grew wings, and they suddenly spread their dark wings. Like black demons, they immediately charged towards Ye Feng, trying to tear Ye Feng into pieces.

Obviously, this special black creature has a very strong sense of territory. Ye Feng, an outsider, came to the mountains where they lived and wanted to kill Ye Feng.

Ye Feng naturally did not escape at this moment. After all, he came here to eliminate this group of dark creatures that were a huge threat.

At this moment, Ye Feng did not hesitate at all and directly released his extremely powerful cultivation aura from the sixth level of the Immortal Realm.

Ye Feng's cultivation level is a whole level lower than this group of ferocious monsters living here, but the aura released by Ye Feng at this time is so powerful that it can faintly suppress this group of ferocious dark monsters. beast.

At this time, Ye Feng had almost no hesitation and directly burst out his extremely powerful inheritance.

The Dharma of the Ancient Giant God!

At this moment, Ye Feng directly released the terrifying inheritance that he had learned before.

You know, this kind of inheritance is the inheritance of the ancient giant family, which is very powerful and terrifying.

So at this time, a towering ancient giant statue of hundreds of thousands of meters tall appeared immediately behind Ye Feng.

boom!

This towering and boundless ancient giant is very terrifying and majestic. The moment it appears, it is like the ancient giant spirit god appearing. He stretches out two big hands that cover the sky and the sun, and immediately looks towards him. It blasted forward, blasting the group of monsters rushing in front into countless pieces.

boom!

Almost at the next moment, Ye Feng immediately released his Devouring Domain without any hesitation.

Suddenly, a dark and boundless devouring realm enveloped the entire mountain range.

At this moment, when Ye Feng came here, he naturally didn't hold anything back. He just frantically inspired his various inheritances, bursting out with violent and fearless power, bombarding him wildly.

A group of monsters and beasts in the mountains were directly blasted into countless pieces.

Ye Feng immediately received waves of very majestic energy, and Ye Feng's skills immediately began to break through rapidly.

Although the life fluctuations of these monsters and beasts are very powerful, they are even one or two realms higher than Ye Feng.

But for Ye Feng, Ye Feng's fighting power is very terrifying. These ordinary monsters and monsters are not Ye Feng's opponents at all, and they have completely become Ye Feng's unilateral crushing.

Ye Feng's skill suddenly increased tremendously as he swallowed it at this moment.

"boom!"

The seventh heaven of Immortal Mansion Realm!

"boom!"

The eighth level of the Immortal Realm!

"boom!"

The ninth level of the Immortal Mansion Realm!

"boom!"

Perfection in the tenth heaven of the Immortal Mansion Realm!

At this time, Ye Feng's skill suddenly increased tremendously, which improved Ye Feng's cultivation level a lot.

At this moment, Ye Feng discovered that almost all the monsters and beasts in the entire mountain range had been killed by him.

The entire mountain range suddenly became very quiet.

Ye Feng was about to leave at this time.

Buzz!

But suddenly, Ye Feng's soul force sensed a very mysterious energy fluctuation, which was transmitted from the depths of this mountain range.

"Um?"

Ye Feng's eyes suddenly lit up and he quickly flew towards the depths of the mountain range.

When Ye Feng came to the depths of this mountain range, he immediately saw a dark cave.

Ye Feng walked directly into the cave without any hesitation.

Because the mysterious energy fluctuation that Ye Feng sensed just now was emanating from this cave.

When Ye Feng entered the cave, he immediately saw a shocking scene.

I saw that the entire mountain inside the cave was hollowed out, and a huge and splendid palace was built inside.

However, this palace is now in ruins, but in the middle of the palace, there is a huge black ax locked with countless silver chains.

This black ax exudes monstrous demonic energy, giving people the feeling that it is a weapon used by an ancient demon god.

Ye Feng's eyes immediately lit up, and he asked in the middle of his eyebrows: "Demon Ancestor, you should have a deep understanding of the devil's way. What is this axe? Do you recognize it?"

"Let me take a look..."

At this moment, Demon Ancestor looked outside in the middle of his eyebrows, and when he saw the ax locked by countless silver chains, his eyes suddenly froze, and he couldn't help but said: "This is not the natural weapon I used back then. Is it? It's a weapon I forged myself, it's called the Demon Battle Ax, and it came here like this, and it was sealed here by someone."

When Ye Feng heard what Demon Ancestor said, there was a look of surprise in his eyes. He couldn't help but said with some surprise: "I didn't expect that I could touch the weapon you used

back then, Demon Ancestor, this demon battle axe." Which one is more powerful, the Donghuang Bell that I got before?"

The demon immediately said: "Of course my demon battle ax is powerful. My demon battle ax contains extremely terrifying energy, and I am the first batch of demons born in the world. Back then, I cast this demon battle axe." When using the battle axe, it once guided the original power of the demonic rules of heaven and earth into it, so once this demon battle ax is activated, it can activate the power of the demonic rules of the world and explode with extremely terrifying power. "

"Really? So powerful? A weapon that can activate the power of rules?"

Hearing what the Demon Ancestor said, Ye Feng immediately nodded very excitedly, and quickly stepped forward to refine the Heavenly Demon Battle Ax directly. This is a more powerful weapon than the Donghuang Bell, and can trigger the movement of the heaven and earth. The power of magic rules.

Weapons that involve the power of the rules of heaven and earth are definitely very rare.

Chapter 3847 The power of the battle ax

Uh-huh!

At this time, Ye Feng didn't hesitate at all. He stretched out his hand and broke all the silver chains that locked the demon battle axe.

"Click, click..."

You know, Ye Feng's current physical strength is very terrifying. ??

Therefore, these silver chains could not withstand Ye Feng's terrifying pull, and they were all torn apart by Ye Feng.

At this moment, the demon battle ax was out of control, and a terrifying demonic energy suddenly burst out.

"Uh-huh!"

Ye Feng didn't hesitate at this moment. He directly stretched out his hand and grasped the handle of the devil's battle ax, and then frantically input his own mana into it.

At this moment, Ye Feng could immediately sense that this demon battle ax did involve a very terrifying and supreme power, which was the power of the rules of heaven and earth.

This is a weapon that incorporates a hint of the power of the rules of heaven and earth. It is indeed very terrifying.

At this moment, Ye Feng's eyes were very excited, and he immediately started refining this demon battle axe.

You must know that this demon battle ax is the natal weapon used by Demon Ancestor back then, and it must be very powerful.

Ye Feng has no doubt about the power of this weapon. Although the Demon Ancestor is not a Dominator-level existence, the group of monsters formed at the beginning of the birth of the world are, in a sense, even rarer and special than the Dominator.

Therefore, the weapons used by ancient powerful men like Demon Ancestor are naturally very advanced.

At this moment, Ye Feng is quickly refining the Demon Battle Ax. If he wants to completely control this Demon Battle Ax and make it his own weapon, he will get another very terrifying weapon.

But while Ye Feng was refining, suddenly several great elders of Taixuan Demon Sect broke into the cave.

The elders of the Taixuan Demon Sect saw that all the monsters in this mountain range had been killed, so they were very surprised and came to investigate.

Unexpectedly, he saw Ye Feng refining this demon battle axe.

At this moment, the eyes of these Taixuan Demon Sect elders immediately lit up, and then they each looked at each other, and suddenly said: "This Elder Han is usually very withdrawn.

Without communicating with others, if he were killed here and the earth-shattering weapon in his hand was plundered, no one would doubt that the Great Elder was currently exploring this ancient secret realm in other directions and would have no time to take care of it. "

At this moment, these elders said that they wanted to kill Ye Feng and snatch the weapons in Ye Feng's hands.

Because they knew very well that this ancient weapon exuded a terrifying demonic aura. It was definitely a very high-level existence and was absolutely worth a fortune.

At this moment, seeing that Ye Feng did not form a team with others, but was here alone, the two elders of Taixuan Demon Sect who formed a team naturally became murderous.

Because they sensed that Ye Feng's cultivation aura was not that powerful, both of them were two whole realms higher than Ye Feng.

At this moment, Ye Feng immediately turned around and stared at the two great elders of Taixuan Demon Sect, and said coldly: "As members of the same sect, you actually want to secretly trap me here to kill me and rob me." treasure?"

The two great elders of the Taixuan Demon Sect immediately smiled coldly and said loudly: "Among our demonic forces, it's all about burning, killing and looting. What does this mean? So you can just die in peace. You have worked so hard." After killing so many magical beasts, this ancient magical weapon is now ours!"

Boom!

Almost at this moment, the two elders burst out their extremely powerful cultivation auras and charged towards Ye Feng, obviously trying to kill Ye Feng completely.

But at this moment, Ye Feng roared, completely refining the demon battle ax in his hand, and then slashed forward fiercely.

Boom!

At this moment, Ye Feng released the power of the Demon Battle Ax and introduced the power of the rules of heaven and earth.

I saw a dark magic light suddenly descending on the entire sky. This dark magic light was the power of the magic rules between heaven and earth. It immediately attached to the blade of the demon battle ax and burst out. The extremely terrifying destructive light wave completely blasted away an elder who rushed towards him.

go.

The elder immediately vomited blood, hit the wall of the cave not far away, and passed out completely.

"What?? So powerful??"

Seeing this scene, another elder immediately showed deep horror in his eyes.

He seemed to have never imagined that Ye Feng, who was two realms below them, would possess such terrifying strength.

At this moment, the elder immediately stared at the demon battle ax in Ye Feng's hand, knowing that this was the power of the demon battle ax, which increased Ye Feng's combat effectiveness countless times.

Uh-huh!

At this moment, the elder immediately ran towards the distance, obviously wanting to leave here.

Boom!

But at this moment, how could Ye Feng let this elder escape. ??

Ye Feng rushed forward, holding the demon battle ax in his hand, and slashed wildly again.

boom! !

Along with the chopping of the devil's battle ax, a terrifying and destructive magic light once again descended from the sky. It was the power of the rules of the devil. It was difficult for ordinary practitioners to resist, and it directly bombarded the fleeing elder, and blasted the elder away in one fell swoop.

"ah!!"

The elder screamed, and a huge wound suddenly appeared on his body. He couldn't help shouting in horror: "Don't kill me! We are all members of the same sect, please spare my life!"

Uh-huh!

Ye Feng suddenly came to the elder at this time and said coldly: "Just now you wanted to kill me and seize my treasure, and now you want to beg for mercy? That doesn't exist!"

Poof!

At this moment, Ye Feng didn't bother to talk nonsense at all, and just chopped the elder to death with an axe.

Buzz!

The next moment, Ye Feng immediately released the Devouring Domain and began to devour the two elders of the Taixuan Demon Sect who were two realms higher than himself.

Boom!

At this moment, Ye Feng immediately got the majestic

With his skill, the cultivation bottleneck of the tenth level of the Immortal Mansion Realm was immediately broken through, and he directly broke through to the first level of the Divine Vein Realm above the Immortal Mansion Realm.

Then Ye Feng's skill continued to grow until it reached the third level of the Divine Vein Realm and stopped.

At this moment, after Ye Feng broke through to the third level of the Divine Vein Realm, he was only one level away from the Yuan Zun Realm, which made Ye Feng's eyes very happy.

I didn't expect that I would break through to the cultivation level of Elder Han Li, the guardian of the demonic path that I killed before, so soon.

At this time, Ye Feng was very happy that he could get into this dark alliance.

Because in the Dark Alliance, you can do whatever you want, and you don't have to worry about anything.

At this moment, Ye Feng casually disposed of the two shriveled corpses of Taixuan Demon Sect elders, and then immediately left here, flying quickly towards other places around, and continued to explore this ancient secret realm.

On the way to explore, Ye Feng couldn't help but said in his mind: "Demon Ancestor, this weapon of yours is really powerful. Every time it is slashed, the Demonic Battle Ax can automatically trigger the power of the Demonic Rules above the nine heavens. , Ordinary practitioners simply cannot resist the power of such rules."

Demon Ancestor was naturally very proud at this time and said: "That's right, it doesn't matter who forged this weapon, and what I integrated into it is the most original power of the first demonic rule in the world, which is better than ordinary rules. The power is much more powerful. Anyway, this demon battle ax can be used by Ye Feng for a long time without being eliminated, because weapons with the power of rules are very rare. "

Next, Ye Feng continued to explore this ancient secret realm, trying to find out if there were any other opportunities.

Because for Ye Feng, the opportunity to enter this ancient secret realm is very rare.

This time, I happened to meet the upper echelons of Taixuan Demon Sect and found this ancient secret realm, so Ye Feng naturally wanted to explore it carefully and get more benefits. He couldn't come to the Dark Alliance in vain.

Although Ye Feng's current cultivation level is not enough to dismantle the Dark Alliance from within, it is still okay to secretly gain some benefits for himself.

Nowadays, Ye Feng's cultivation level has become more and more powerful, and the master of arts is bold, allowing Ye Feng to dare to go deep into some of the more dangerous places in this ancient secret realm.

Chapter 3848 Forbidden Creatures

In the next few days, Ye Feng obtained a lot of cultivation resources through the exploration of his huge soul power.

Because no one has ever come in to explore this ancient secret realm, so in some wilderness and in some primitive forests, there are many natural materials, treasures and elixirs that do not exist in the outside world.

These natural treasures and elixirs are not picked by anyone. They have grown for tens of thousands of years, and the years are very long, so the medicinal power is very sufficient.

Ye Feng didn't even need to take these treasures of heaven and earth, or elixirs, back to make elixirs and consume them. He just swallowed them on the spot, so he got a lot of energy from heaven and earth.

In the past few days, Ye Feng has eaten a lot of heavenly materials, earthly treasures and elixirs, which allowed Ye Feng's cultivation level to once again achieve a huge breakthrough from the previous third level of the Divine Vein Realm to the sixth level of the Divine Vein Realm. Great progress.

At this time, Ye Feng was still very happy.

This time I came to this ancient secret realm, and I really got a lot of good things.

According to the normal responsibilities of the elders of the Taixuan Demon Sect, they are only responsible for eliminating all kinds of dangers in this ancient secret realm. However, those heavenly materials, earthly treasures and elixirs cannot be picked casually and need to be left to the Taixuan Demon next. Disciples of the sect came in to practice.

But this simply does not exist for Ye Feng.

Ye Feng infiltrated into the Dark Alliance originally to gain benefits, so when he saw these elixirs, he would not leave them to those bullshit Taixuan Demon Sect disciples. He would just pick them himself and eat them first.

Therefore, Ye Feng's skill has greatly increased, and he has been promoted to the sixth level of the Divine Vein Realm.

And in the early morning of the fourth day, Ye Feng came to a very magical place.

This is already a very deep area in this ancient secret realm.

At this moment, Ye Feng looked at the barren desert in front of him and discovered that an ancient country had been built in this desert.

This ancient country is now completely deserted, but the buildings are still very complete and look like an empty city.

Whoosh!

At this moment, Ye Feng immediately flew towards the ruins of the ancient country in this desolate desert.

Ye Feng knew that many cultivation civilizations must have been born in this ancient secret realm.

Therefore, it is not so strange that such ruins of an ancient country appear in the desert.

But what makes Ye Feng strange is that there is nothing in the ruins of this ancient country, not a trace of a living being can be seen.

It stands to reason that even if such an ancient country encounters some disaster and completely collapses, it should still leave various traces of the death of some ancient creatures.

But Ye Feng discovered it, and there was no trace at all.

The ruins of the entire ancient country are very clean. There are only buildings and various utensils, and there are no living creatures at all.

This made Ye Feng's eyes look puzzled. He didn't know where the creatures of this huge ancient country's relics had gone.

Is it a collective relocation?

But looking at the surrounding environment, there is no need for collective relocation at all.

Because there are no ferocious monsters or monsters around this desert, and there is no danger.

This is what makes Ye Feng feel strange.

However, Ye Feng was too lazy to think so much at this time. He just entered the ruins of this ancient country to see if he could find various resources left by the cultivation civilization of this ancient country. Maybe he could also find some powerful inheritance and weapons. .

Buzz!

At this time, Ye Feng exuded his huge soul power and began to explore various situations around him.

For Ye Feng, finding the relics of such an ancient country in this ancient desert is very exciting.

Luck is very rare, so Ye Feng is naturally prepared to search the ruins of this ancient country.

However, after Ye Feng's soul power was released, he suddenly felt a very palpating feeling, as if somewhere in the ruins of this ancient country, there was a very terrifying existence.

This made Ye Feng's eyes reveal a look of deep surprise.

There are obviously no traces of any living beings in this ancient country, but for some reason it still gives Ye Feng a feeling of palpitations.

However, Ye Feng didn't care about this palpitating feeling at this time, because the only thing Ye Feng wanted now was to reap benefits and find various cultivation resources left in the ruins of this ancient country. .??.

The hard work paid off, and Ye Feng soon found an alchemy room somewhere in this ancient country.

It should be the alchemy room where this ancient country practiced civilization.

The alchemy room was a small pavilion. Ye Feng opened the floor and immediately found tens of thousands of pills buried in the ground.

This made Ye Feng's eyes light up.

These elixirs have deteriorated a lot over time, but most of them still contain great medicinal power.

Ye Feng immediately started to devour it, and his skill immediately increased tremendously.

"boom!"

The seventh level of the Divine Vein Realm!

"boom!"

The eighth level of the Divine Vein Realm!

At this moment, Ye Feng's cultivation level once again broke through!

It has to be said that the elixirs refined by these ancient civilizations are all very powerful and can provide Ye Feng with a great increase in his power.

This made Ye Feng's eyes suddenly reveal a deep look of joy.

You know, if Ye Feng was in the Ten Thousand Realms Martial Arts Academy, there would be no such good opportunity to swallow him up all at once.

So many elixirs.

At this moment, Ye Feng continued to release huge soul power and began to search for various pills around him.

But there were no other elixirs in the alchemy room, so Ye Feng could only leave here first.

Then Ye Feng continued to release his soul power, trying to find other things.

Soon, Ye Feng found another dilapidated hall.

There are actually many books placed in this hall.

Ye Feng observed the books on the bookshelf and found that they were all ancient inheritances.

However, Ye Feng didn't like most of the inheritances very much, but there were also a small number of inheritances that were very advanced.

Ye Feng didn't care about anything now, and directly plundered all these ancient inheritance books into his storage ring.

Because even if you can't use these things yourself, you can exchange them for reward points from the upper levels of the academy after you return to the Wanjie Martial Arts Academy.

Next, Ye Feng selected a total of three sets of extremely powerful ancient inheritances from these inheritances.

These inheritances should all be the inheritances created by this ancient country's relic civilization. They are very advanced and suitable for Ye Feng's current use.

These three sets of inheritance are "Yin Yang Demon Sword", "Demon Spirit Wolf Warrior" and "Dayan Holy Fire Domain".

These three inheritances are very ancient and advanced. Ye Feng used his demon understanding to quickly gain complete control over these three inheritances.

And just when Ye Feng was filled with joy and wanted to continue looking for other good things from the ruins of this ancient country.

Suddenly, more than a dozen ordinary elders from the Taixuan Demon Sect flew in from a distance.

They all looked horrified and shouted: "The Great Elder is dead! Deep in this ancient secret realm, there is a forbidden creature from the ancient times, the 'Demon King', sealed. We cannot deal with it! Escape from this ancient secret realm." ! Let the lord take action!"

Chapter 3849 Something big happened

"What? The great elder is dead?"

At this moment, looking at a group of Taixuan Demon Sect elders flying over not far away, Ye Feng suddenly showed deep horror in his eyes.

You know, the Great Elder is not an ordinary elder. He is the leader of all the elders. His cultivation strength is very terrifying. It is estimated to be several realms stronger than the cultivation levels of ordinary elders.

When he was in Taixuan Demon Sect, the moment the great elder appeared, Ye Feng immediately felt a sense of death crisis.

This shows how terrifying and powerful this great elder of the Taixuan Demon Sect is.

But such a powerful elder unexpectedly died. He was killed by a forbidden creature. It was really terrible.

At this time, Ye Feng immediately remembered that when he had just stepped into the ruins of this ancient country, he had inexplicably felt an extremely terrifying and palpitating aura.

It seemed that the palpitating aura was emanating from the forbidden creatures sealed in the ruins of this ancient country, which made Ye Feng alert in advance.

The forbidden creature that can kill the Great Elder must be very terrifying.

At this time, Ye Feng's first reaction was to run away.

But the next moment, Ye Feng suddenly thought of something, and immediately grabbed the arm of an ordinary Taixuan Demon Sect elder next to him, and quickly asked: "Has that forbidden creature, the Demon King, completely escaped? "

The ordinary elder said very anxiously: "We are not completely out of trouble yet, but we are almost there. We need to escape from this ancient secret realm as soon as possible, and inform the sect leader to see if we should destroy the entrance to this ancient secret realm."

"Still not completely out of trouble? There is still time."

Ye Feng thought quickly in his mind and immediately asked: "Where is the place where the great elder died? I have a very good relationship with the great elder. I need to take the great elder's body back and bury it properly."

"What??"

Hearing what Ye Feng said, this ordinary elder was immediately stunned.

Then he was moved to tears and said: "It's so touching! Taking such a big risk and letting the soul of the great elder return to his hometown, I will tell you the area where the great elder died."

At this time, the ordinary elder immediately pointed out a location to Ye Feng, and then quickly escaped from here.

Obviously, this ordinary elder was so moved that he was naturally unwilling to take risks with Ye Feng.

At this time, after learning the location of the great elder's body, Ye Feng immediately couldn't wait to find the great elder's body.

It is naturally nonsense for Ye Feng to take the elder's body back for burial.

Ye Feng's real purpose is to obtain the great elder's skills.

You know, a big shot like the Great Elder must have very strong skills and vitality.

Under normal circumstances, Ye Feng would not dare to provoke a super powerful person like the Great Elder.

But now, the great elder was killed by the forbidden creature "Demon King" sealed deep in the ruins of this ancient country.

For Ye Feng, the great elder's skill and blood cannot be wasted like this.

So at this time, Ye Feng naturally flew directly to the place where the great elder died. He definitely couldn't let the great elder die in vain.

Uh-huh! Uh-huh! Uh-huh!

Ye Feng's speed was very fast, and he arrived at the location pointed by the ordinary elder in a blink of an eye.

Ye Feng immediately saw that in the deepest area of the ruins of this ancient country, a huge ice and snow mountain appeared in the distance. There was heavy snow in the sky, and the air was bitingly cold.

At this moment, the ice and snow mountain actually split from the middle of the entire mountain.

A dark demon with two huge horns is coming from there

He was struggling to get out of an ice and snow mountain, looking very vicious.

"Is that the Demon King?"

Ye Feng glanced at the huge demon that was about to climb out of the ice and snow mountains not far away. It was as towering as a mountain.

The dark demonic energy emitted was extremely terrifying, boundless and surging, dyeing the entire surrounding world in pitch black.

At this moment, Ye Feng did not dare to waste any more time and directly began to release his soul power to look for the great elder's body. .??.

Soon, Ye Feng found the great elder's body in a ruins not far away.

The great elder of the Taixuan Demon Sect was obviously very unlucky. It is estimated that while exploring this area, he just happened to anger the Demon King who was about to escape. He was instantly blown away and fell by the terrifying power of the Demon King.

At this moment, Ye Feng wasted no time and quickly released the devouring domain, which directly devoured all the great elder's energy and energy.

"Buzz!"

The cultivation aura on Ye Feng's body suddenly began to break through quickly.

"boom!"

Divine Meridian Realm Ninth Heaven!

"boom!"

The tenth level of the Divine Vein Realm!

"boom!"

Half step to the Yuan Zun realm!

At this time, Ye Feng's cultivation aura suddenly stopped.

Ye Feng's eyes suddenly showed deep joy.

The Great Elder's skills are really profound.

It actually improved his skill and cultivation so much.

All of a sudden, he broke through to the half-step Yuanzun realm!

But in the end, Ye Feng was not allowed to break through to the true Yuan Zun realm.

Maybe the Great Elder had been killed for too long and was no longer fresh, so he lost a lot of his energy and energy.

But Ye Feng was already very satisfied.

After all, he was very lucky to have missed out on such a powerful man's skills.

"Boom!!"

And suddenly at this moment, the ice and snow mountains not far away suddenly exploded.

The demon king was completely revealed. It was estimated to be hundreds of thousands of meters tall. It covered the sky and the sun, and the demonic energy was overwhelming. It was very terrifying, as if it could bring the entire world into endless darkness. .

"boom!"

At this time, a huge ax appeared in the Demon King's hand, slashing hard at the mountains behind him.

A huge crack suddenly appeared in the entire earth.

Then Ye Feng was shocked to discover that countless little demons immediately flew out from the cracks in the earth and surrounded the demon king.

Unexpectedly, there was a passage that seemed to lead to the demon interface sealed deep in the ice and snow mountain, so the demon king split the passage open at this time, and many demons ran out.

"Something big happened!"

Seeing this scene, Ye Feng's eyes were filled with horror, and he immediately flew quickly towards the distance.

Now that he had obtained the power of the great elder, Ye Feng did not hesitate at all and immediately prepared to escape.

Everything here is no longer under my control, so it's better to run for your life.

As for whether this demon king's escape from trouble and bringing so many little demons with him will cause a huge crisis to the entire Taixuan Demon Sect, this is beyond Ye Feng's control.

And Ye Feng doesn't need to worry about it.

Because Ye Feng is not a member of Taixuan Demon Sect at all, he came to the Dark Alliance just to gain some benefits for himself.

So at this time, Ye Feng used the space gem and quickly flew towards the outside of this ancient secret realm, hoping to escape from this place of right and wrong as soon as possible.

Chapter 3850 Example

For Ye Feng, the most important thing now is to escape from here.

Because Ye Feng has already obtained all the benefits he wants to get.

So at this time, Ye Feng only needs to leave here safely, which will be considered as a successful completion of this mission.

Uh-huh! Uh-huh! Uh-huh!

At this time, Ye Feng circulated the space gem and quickly shuttled through the void, and soon arrived at the place where he had entered this ancient secret realm.

Ye Feng immediately saw a six-pointed star formation on the ground, connecting to the outside of the ancient secret realm.

At this time, Ye Feng did not hesitate and stood directly on top of the six-pointed star teleportation formation.

Buzz!

Accompanied by a burst of extremely violent spatial fluctuations.

Ye Feng was immediately teleported out of this ancient secret realm.

When Ye Feng opened his eyes again, he found that he had returned to the outside world.

At this moment, there are already many ordinary elders around, all gathered here, seeming to be waiting for something.

After Ye Feng came out, he immediately asked: "Why don't you run away? The Demon King is completely out of trouble!"

These ordinary elders immediately said aloud: "Don't worry, we have notified the sect leader, and now the sect leader is leading many other super powerful people from our Taixuan Demon Sect over to see what to do."

When Ye Feng heard this group of ordinary elders say this, he nodded slightly and then stood in the crowd.

After all, the leader of the Taixuan Demon Sect is definitely the top being among all the major forces.

So if the masters of Taixuan Demon Sect come in person, there should be no danger.

It would be better for me to stand peacefully among the crowd, and maybe I can continue to mix in the Taixuan Demon Sect and continue to reap benefits.

After all, since he has come here, Ye Feng must gain more benefits from the Taixuan Demon Sect before going back, and cannot waste this golden opportunity.

As for the demon king in this ancient secret realm, he suddenly escaped, so he didn't have to worry.

After all, if the sky falls, there will naturally be tall people to hold it up.

So Ye Feng just needs to stay here honestly at this time.

At this moment, Ye Feng stood in the crowd, silently comprehending the various things he had experienced in the ancient secret realm this time, summarizing the gains and losses.

At this moment, several entities with very terrifying auras suddenly flew over from the horizon not far away.

The leader was a middle-aged man wearing a black robe. He looked very majestic, and the demonic energy on his body was very surging. Moreover, there was a demon floating faintly in the void behind him, which showed that this middle-aged man's fear.

At this moment, Ye Feng immediately understood that this person was definitely the leader of the Taixuan Demon Sect. He was the commander of a giant force in the Dark Alliance. He was very terrifying, and his cultivation aura was very unfathomable.

Even if the leader of the Taixuan Demon Sect is not the master, he is definitely the strongest group of beings under the master.

At this moment, after the master of Taixuan Demon Sect arrived, he came here with several powerful elders. He immediately looked at the group of ordinary elders in front of him and asked aloud: "Is the great elder dead?"

An ordinary elder immediately nodded and couldn't help but said: "The great elder accidentally touched the sealed place of the Demon King, and was instantly blown away and killed by the Demon King's power."

Hearing what this ordinary elder said, the leader of Taixuan Demon Sect couldn't help but frown.

After all, super powerful men of the Great Elder's level are very rare for the Taixuan Demon Sect.

The great elder died like this, which can be said to be a huge loss to Taixuan Demon Sect.

At this moment, an elder suddenly spoke up: "Elder Han Li seems to have gone to look for the body of the great elder. He said that he wanted to take the body of the great elder back to his hometown."

Hearing what this ordinary elder said, Ye Feng, standing in the crowd, immediately felt a thump in his heart.

I didn't expect that the ordinary elder I asked before would actually know me.

At this moment, the leader of Taixuan Demon Sect immediately stared at Ye Feng in the crowd, and couldn't help but said: "Elder Han, did you finally find the body of the great elder?"

Ye Feng immediately bit the bullet and said: "Finally, I found the great elder's body, but the great elder had been shattered by the power of the Demon King, so I only brought back the great elder's storage Ring, as a commemoration, the great elder's storage ring will be buried properly when the time comes."

At this time, Ye Feng took out a storage ring directly from his arms, which was the great elder's storage ring.

Tai Xuan Demon Sect did not take the storage ring, but suddenly said: "Okay, as expected of the elder of our Tai Xuan Demon Sect, risking his life to bring back the relics left by the great elder, so that the great elder can return to his hometown with honor. You all must learn from this elder Han Li. This is the example for us Taixuan Demon Sect elders."

After finishing speaking, many ordinary elders looked at Ye Feng with extremely surprised expressions.

They knew that Elder Han was so concerned by the sect master and even regarded as a role model. He would definitely rise to prominence in the Taixuan Demon Sect in the future.

At this moment, Ye Feng was stunned when he heard the leader of Taixuan Demon Sect say this.

Unexpectedly, I managed to get through it due to my confusion, and even became a role model for many elders.

At this time, the leader of Taixuan Demon Sect did not ask any more questions. Instead, he looked at the other powerful elders he had brought with him and said, "Let's enter this ancient secret realm and kill the Demon King." It needs to be sealed again, otherwise, it may pose a huge threat to the foundation of our Taixuan Demon Sect."

Hearing what the leader of the Taixuan Demon Sect said, a group of elders and powerful men who followed them all nodded, and then they and the leader of the Taixuan Demon Sect entered the ancient secret realm directly.

At this moment, a group of ordinary people present

Elder Tong immediately came to Ye Feng, clasped their fists, and said somewhat flatteringly: "Congratulations to Elder Han. You have been praised in front of the sect master. You will definitely have a bright future in the future."

Seeing the compliments and flattery given to him by the ordinary elders in front of him, Ye Feng's face suddenly showed a look of deep astonishment.

Unexpectedly, he took advantage and became a role model for everyone, which really surprised Ye Feng.

At this time, facing the compliments and flattery of many ordinary elders, Ye Feng could only remain silent.

After all, the higher your attention, the more likely your true identity will be exposed.

However, Ye Feng is also very lucky. The Elder Han Li he pretends to be does not seem to have much contact with others in the Taixuan Demon Sect, and has relatively few social interactions, so it is difficult for Ye Feng to reveal his flaws, which makes Ye Feng feel relieved a lot. .

At this time, Ye Feng and a group of ordinary elders were waiting outside.

They waited for nearly half a day, and suddenly the six-pointed star formation on the ground lit up again.

Uh-huh! Uh-huh!

And almost at the next moment, the leader of Taixuan Demon Sect, followed by several powerful elders, instantly emerged from the six-pointed star formation.

At this moment, many ordinary elders saw that both the leader of the Taixuan Demon Sect and the several powerful elders he brought with him seemed to be a little embarrassed.

At this time, the eyes of the leader of Taixuan Demon Sect seemed a little ugly, and he couldn't help but said: "The demon king actually opened the entrance to the demon interface in this ancient secret realm. I really didn't expect that this demon The entrance to the interface between the King and the Demon cannot be sealed. Let's return to the sect headquarters to discuss how to deal with it."

"What?"

"Can't seal it?"

Hearing what the leader of Taixuan Demon Sect said, the expressions of many ordinary elders present changed slightly.

They never seemed to have thought that even the leader of their Taixuan Demon Sect would be unable to deal with the demon king.

No wonder the great elder died so quickly.

At this moment, Ye Feng stood in the crowd with a look of surprise on his face.

Unexpectedly, the demon king turned out to be more powerful than he imagined, and even the master of Taixuan Demon Sect could not deal with it.

At this time, Ye Feng didn't say much. He just silently followed the crowd and quickly returned to the Taixuan Demon Sect's headquarters.

After returning to the Taixuan Demon Sect, the leader of the Taixuan Demon Sect immediately took several powerful elders to discuss countermeasures.

At this time, Ye Feng was also preparing to return to his residence.

But just when Ye Feng was about to leave, suddenly a very beautiful young woman flew over.

The beautiful woman flew in front of a group of ordinary elders and said quickly: "Master just sent me a message, my grandfather, the great elder

He died in the ancient secret realm, but an elder named Han Li brought back my grandfather's relics and wanted to bury my grandfather. I am very grateful for this. I wonder who is Elder Han Li? "

Ye Feng in the crowd was stunned when he heard what this young woman said.

Before Ye Feng could react, a group of ordinary elders around him immediately pointed in the direction of Ye Feng and said loudly: "This is Elder Han Li. We all admire Elder Han Li's spirit and risk his life. It's really touching to find the great elder's body despite the danger and bring him back to his hometown for burial."

At this moment, Ye Feng, who was pointed at by everyone, had a guilty smile on his face and was about to say something.

But at this time, the beautiful granddaughter of the great elder immediately came to Ye Feng, staring at Ye Feng with her beautiful eyes, and even stretched out her white little hand with some emotion, grabbed Ye Feng's palm, and quickly He said aloud: "Elder Han, thank you, thank you for your good intentions towards my grandfather. My grandfather, his spirit in heaven, will definitely be very grateful to you."

At this moment, Ye Feng still doesn't know what the identity of the great elder's granddaughter in front of him is in the Taixuan Demon Sect. She said that her master sent her a message. Could it be that her master is some older and powerful person?

An ordinary elder beside him couldn't help but whispered: "Elder Han Li, you really have a bright future this time. The girl in front of you is the granddaughter of the great elder, her name is Murong Bing, and she belongs to our Taixuan Demon Sect. The first young talent is our sect master's direct disciple."

"He is actually a direct disciple of the leader of Taixuan Demon Sect?"

Ye Feng looked at the great elder's granddaughter in front of him and suddenly felt a trace of inexplicable guilt in his heart.

I went to find the fallen elder, just to pick up the missing ones, but I didn't expect that I would be praised by the sect leader, and so grateful by the beautiful female genius Murong Bing.

Ye Feng was about to say something at this time, but Murong Bing quickly said: "Elder Han Li, can my grandfather's relics be handed over to me? I hope to bury him in person."

Ye Feng immediately nodded at this time, handed the Great Elder's storage ring that he had searched to Murong Bing in front of him, and then said loudly: "If nothing is wrong, I will leave first."

After saying that, Ye Feng was ready to leave here directly.

But at this time, Murong Bing quickly took Ye Feng's hand and said loudly: "Elder Han, wait a minute, you really touched me. I must thank you for my grandfather. I want to give you "Return."

At this time, Murong Bing said, then looked in a certain direction and said loudly: "Elder Han, follow me. It is said that the Dark Demon Cult is about to hold a training specifically for the elders of our major Dark Alliance member forces. At that time, there will be a lot of cultivation resources, and we can even get the extremely high-level inheritance given to us by the Dark Demon Sect. This time, the number of places to participate in the elder training will be decided by my master. I will take you Go to Master and ask Master to give you an extra spot, which can help you, Elder Han, to improve your strength. I think if my grandfather is alive in heaven, he will definitely be so grateful to you!"
