Chapter 3851 Dean's Shadow

Under the leadership of the great elder's granddaughter Murong Bing, Ye Feng soon arrived at the core of Taixuan Demon Sect, the central hall.

In the central hall, Ye Feng saw the leader of the Taixuan Demon Sect and a group of other senior figures, who seemed to be discussing something urgently.

Murong Bing walked in and said directly: "Master, next our Taixuan Demon Sect will select some elder-level figures with outstanding talents and send them to the base camp of the Dark Demon Sect for training. I hope Master can give Elder Han added a quota. Elder Han is so loyal to our Taixuan Demon Sect and attaches great importance to friendship. There is nothing wrong with focusing on cultivating such a character. He will definitely bring great benefits to our Taixuan Demon Sect in the future. s return."

Hearing what Murong Bing said, the leader of the Taixuan Demon Sect nodded slightly and said loudly: "Elder Han is indeed a loyal person, so I will give him an extra place. After three days, he will directly follow our Taixuan Demon Sect's elder training group, let's go to the Dark Demon Sect's base camp."??.??

Hearing what the leader of Taixuan Demon Sect said, Murong Bing was very happy and said: "Thank you, Master!"

After saying that, Murong Bing took Ye Feng and left here directly.

On the way back, Murong Bing told Ye Feng not to forget to attend the elder training of the Dark Demon Cult.

Ye Feng naturally nodded in agreement.

But what Ye Feng was thinking in his heart was that he had to run away quickly.

Otherwise, the more attention you attract, the more likely your true identity will be exposed at any time, and it will be over by then.

So Ye Feng decided to escape from the Taixuan Demon Sect tonight. He could not stay any longer because he had attracted the attention of the core figures of the Taixuan Demon Sect. Maybe one of them would be found out accidentally. It's troublesome.

As for the training of elders of the Dark Demon Cult, Ye Feng naturally has no interest at all.

Because it was going deep into the base camp of the Dark Demon Cult, it was too dangerous, and Ye Feng didn't want to take the risk.

Late at night, Ye Feng was at his place of residence, preparing to find a way to leave here.

But suddenly at this time.

Buzz!

Under the cover of night, the God's Son Token in Ye Feng's storage ring suddenly fluctuated, and then a ray of light suddenly emanated from the God's Son Token. In front of Ye Feng, a figure of Dean Tianshu appeared in a condensed form. Shadow.

Looking at the phantom of Dean Tianshu that suddenly appeared in front of him, Ye Feng's eyes suddenly showed deep astonishment, and he couldn't help but said: "Dean, why did you suddenly reveal your avatar here? Don't you? Will he be discovered by the big shots in the Taixuan Demon Sect?"

The phantom of Dean Tianshu seemed to have a look of surprise in his eyes at this time, and said loudly: "You are indeed not dead yet, and you even pretended to be an elder of Taixuan Demon Sect, not bad."

When Ye Feng heard what Dean Tianshu said, there was doubt in his eyes, and he asked aloud: "Who told you that I am dead?"

Dean Tianshu said loudly: "Those super geniuses from the Righteous Alliance, after they came back from the dark trial, they all said that Ye Feng, you are dead, but I know that you will not die so easily. Sure enough, this time I Use some transcendental means to communicate with you and reveal the Son of God token.

There is a clone of me, but you don't have to worry, these trash from Taixuan Demon Sect will not find the aura of my clone. "

"Trash from the Taixuan Demon Sect?"

Hearing Dean Tianshu say this, Ye Feng suddenly showed a look of astonishment in his eyes, and then gave a wry smile.

I am afraid that only an eternally powerful man like Dean Tianshu has the qualifications to say that the Taixuan Demon Sect is a bunch of trash.

At this time, the phantom clone of Dean Tianshu said: "I'm relieved if I'm sure you're not dead. And I didn't expect that you could blend into the Dark Alliance perfectly. I have a special task to give you." you."

"Special mission?"

Ye Feng heard what Dean Tianshu said at this time, and immediately couldn't help but show a look of astonishment in his eyes, and said loudly: "I was just about to leave here secretly. I feel that it is quite attractive now. I am all Get ready to run away."

Dean Tianshu immediately said: "Don't run away in a hurry. Now that you have blended into this dark alliance, then you will help me complete a special task, which is to help me find out what is behind the dark demon sect. Does this mysterious existence come from the legendary heaven?"

Hearing what Dean Tianshu said, Ye Feng couldn't help but said: "Dean, are you sure I can complete this task? That is the Dark Demon Sect."

Dean Tianshu smiled and said: "I believe you, and I just asked you to help me investigate where the mysterious existence behind the Dark Demon Cult comes from, whether it comes from the legendary heaven, and whether it comes from You go directly to fight against the entire dark demon sect, don't worry, as long as you find out, I will definitely benefit you then."

Ye Feng's eyes suddenly lit up when he heard what Dean Tianshu said. After all, it must be very extraordinary for a peerless strong man like Dean Tianshu to give him benefits.

Ye Feng thought about it for a moment, and then said aloud: "Okay, it just so happens that I may have to participate in the elder training to the Dark Demon Cult next, and I will have the opportunity to find out who the supporters behind the Dark Demon Cult are."

Dean Tianshu nodded slightly, and then said aloud: "But safety is the top priority in everything. If there is really danger, directly release my dominance power in the Son of God Token, it will protect you and return to the territory of our Righteous Alliance safely. "

Hearing what Dean Tianshu said, Ye Feng immediately nodded, and then said loudly: "Don't worry, Dean, I will try my best to complete this special mission and investigate whether the dark demon sect really exists. That mysterious existence from heaven."

Hearing what Ye Feng said, Dean Tianshu said: "Then I wish you good luck. When you come back, I will definitely reward you well."

After saying that, the phantom of Dean Tianshu immediately disappeared into the Son of God token.

At this moment, Ye Feng couldn't help but shake his head and smile.

Originally, I was planning to escape from the Taixuan Demon Sect overnight, but now it seems that I don't need to escape here for the time being. If I complete the mission of Dean Tianshu, there will definitely be a huge reward.

So at this time, Ye Feng stayed at his place of residence with peace of mind, waiting to go to the Dark Demon Sect for elder training in three days.

At that time, I can secretly explore the base camp of the Dark Demon Cult. Under the leadership of the great elder's granddaughter Murong Bing, Ye Feng soon arrived at the core of Taixuan Demon Sect, the central hall.

Dean Tianshu smiled and said aloud: "I believe you, and I just asked you to help me investigate where the mysterious existence behind the Dark Demon Cult comes from, whether it comes from the legendary heaven, and whether it is from the legendary heaven. So at this time, Ye Feng stayed at his place of residence with peace of mind, waiting to go to the Dark Demon Sect for elder training in three days.

At that time, I can secretly explore the base camp of the Dark Demon Cult.

Chapter 3852 Cruel Mode

Next, Ye Feng waited at his place of residence for nearly three days with peace of mind.

On the morning of this day, an elder wearing a black robe came to Ye Feng's residence, and then said aloud: "Elder Han, the members of the elder training group have already gathered in the central square. Please invite Elder Han to come too." Come on quickly."

Ye Feng immediately nodded and followed the elder directly towards the central square of Taixuan Demon Sect.

When he arrived at the central square, Ye Feng immediately saw many elders, all gathered here.

These elders are basically elite beings in the Taixuan Demon Sect. This time they went to the Dark Demon Sect for elder-level training in order to improve their strength as much as possible and see if they can get rewards from the Dark Demon Sect. The powerful demonic inheritance has huge benefits for improving the overall foundation of the entire Taixuan Demon Sect.

At this time, after Ye Feng arrived, many ordinary elders looked at Ye Feng with inexplicable awe in their eyes.

Because everyone now knows that Ye Feng is no longer an ordinary elder, but a famous person who is valued very much by the sect leader, so he will definitely have a bright future.

Ye Feng saw the inexplicable looks that many ordinary elders were looking at him, and he couldn't help but smile helplessly in his heart.

Unexpectedly, he became a role model for many ordinary elders out of nowhere, which Ye Feng himself did not expect.

At this time, Ye Feng didn't hesitate at all. He immediately looked at the elder beside him and said, "Then we can leave directly now."

The elder immediately nodded, and dozens of ordinary elders immediately flew high into the sky.

At this moment, high in the sky, a huge spiritual boat was suspended high in the sky.

Many ordinary elders entered the spirit boat, and then the huge spirit boat immediately began to move towards

Flying away in the distance, moving quickly in the direction of the Dark Demon Cult.

The journey was smooth and smooth. After all, this was the spirit boat of the members of the Dark Alliance, so no one dared to intercept the giant forces of the Dark Alliance such as Taixuan Demon Sect.

Soon, the huge spirit boat landed in the area outside the Dark Demon Cult.

At this moment, Ye Feng looked into the distance and found that the entire Dark Demon Cult was standing on a majestic black mountain that was tens of thousands of meters long.

An elder of the Taixuan Demon Sect beside him couldn't help but said: "This black mountain is rumored to have fallen from the legendary heaven. It is very majestic and vast, and it has mysterious and unpredictable powers. Dark energy, so the Dark Demon Cult is able to develop so fast, not only with the support of the super powerful transcendent existence Lord Dark Yuanzun, but also with the help of this dark mountain. It is said that this dark mountain contains the legendary heavenly realm. Dark divine power can help the powerful demons in the dark demon sect to infuse their bodies and then improve their qualifications and strength. "

Hearing what the elder beside him said, Ye Feng's eyes suddenly moved.

Unexpectedly, as soon as I arrived at the Dark Demon Cult, I would hear rumors that there might be helpers from heaven behind the Dark Demon Cult.

But whether it is specific, Ye Feng still needs to investigate it carefully.

It just so happened that this time I entered the base camp of the Dark Demon Cult, so I could have a closer look.

Moreover, this time's elder training should also provide him with a lot of opportunities.

Because you must know that Ye Feng is currently pretending to be an elder in the Taixuan Demon Sect.

elder level person

The training of animals will definitely not be as simple as that of disciples. It will definitely give elder-level figures a lot of cultivation resources and various powerful inheritances. Otherwise, the training will be meaningless.

The Dark Demon Cult now wants to rapidly develop the entire Dark Alliance to fight against the Righteous Alliance, so it must develop and strengthen its respective member forces.

Only in this way can the overall strength of the Dark Alliance be unleashed.

Therefore, the training of such elder-level elites by the Dark Demon Cult is definitely not a joke.

While Ye Feng was thinking in his heart, this time the leader of the Taixuan Demon Sect, with a group of ordinary elders, including Ye Feng, quickly flew down from the huge spirit boat, and then flew to On the central square of the Dark Demon Cult's base camp.

At this moment, Ye Feng saw that many huge sailing ships appeared in other directions, flying in the sky, carrying many elites here.

These elite figures should also be elder-level figures among other major members of the Dark Alliance, and they will also participate in this training.

At this moment, Ye Feng stood among the crowd, thinking secretly.

While Ye Feng was thinking, suddenly a group of strong men from the Dark Demon Cult flew over from a certain direction not far away.

The leader was a middle-aged man wearing a golden robe.

The aura of this middle-aged man in golden robe is majestic and unfathomable. He is obviously a super master in the dark demon sect.

At this moment, the middle-aged man in golden robes said: "This time the elder training for your major Dark Alliance member forces will no longer be conducted in a gentle way, but in a cruel way."

I heard this middle-aged man in golden robe say this

, the elders present from all the major Dark Alliance member forces had a look of uncertainty in their eyes.

According to the past, when these elders receive training, the Dark Alliance will directly send various training resources and powerful inheritance to them, allowing them to practice on the spot. If they don't understand something, they can directly ask the elders in the Dark Alliance.

But I didn't expect that this time the method would be changed and it would be carried out in a very cruel way. What would it be like?

And while everyone was thinking, the middle-aged man in golden robes from the Dark Demon Sect standing at the front suddenly said: "This time for the elder training, we will arrange for a mysterious thing recently discovered by our Dark Demon Sect. In the world, this mysterious world is an independent space discovered by our dark demon sect. There are very dangerous demons and monsters in it. It is extremely dangerous, but it can stimulate your martial arts potential, and it contains many powerful demon inheritance. , you need to find it by yourself. This kind of dangerous and cruel training will have huge benefits in improving your strength in the short term. "

"A dangerous mysterious world?"

Hearing what this middle-aged man in golden robe said at this moment, the ordinary elders present from all the major Dark Alliance member forces showed deep surprise in their eyes.

They never thought that their elder-level figures would one day enter a certain mysterious space for trials like ordinary disciples.

This is naturally very uncomfortable for the elders of the major forces who usually enjoy themselves.

However, Ye Feng's eyes lit up at this time. He likes this model very much, because if it is distributed equally, the resources he gets are fixed. But in this cruel model, whoever has the ability can get more. Resources, or even plundering cultivation resources that should belong to others.

Chapter 3853 The mysterious little world

At this time, all the elders on the field were whispering to each other, discussing this extremely special training model.

Because for these ordinary elders who are pampered and pampered, they are all very noble beings in their respective sects, and they are all elder-level figures, so they are generally pampered and pampered.

But this time, the Dark Demon Cult actually wants to gather all their elders into a mysterious small world to undergo dangerous trials. This is something that many ordinary elders have not experienced for a long time.

They may have experienced this many years ago when they first became new disciples in their respective sects.

So at this time, many elders had a trace of ugly look in their eyes.

Originally, they thought that by coming here, they could directly obtain various training resources provided by the Dark Demon Cult, and there would also be superpowers from the Dark Demon Cult to guide their cultivation.

Unexpectedly, they were asked to participate in a very dangerous trial, which had never happened before. The elders of the major dark alliance members all had deep ugly expressions in their eyes. color.

But they naturally would not refuse at this time. After all, this is what the Dark Demon Cult arranged for them to do.

If they refuse, they will be fighting against the Dark Demon Cult. Not only will they not be able to be tested, they may also be imprisoned by the big shots in the Dark Demon Cult.

Because the rules in the Dark Demon Cult are very strict, since you have been selected as the training object this time, if you are unwilling to participate, you will most likely be severely punished.

Originally, many elders actively participated in this training, but they did not expect that it would turn out to be such a cruel pattern in the end.

But at this time, no one dared to say anything.

At this moment, the middle-aged man in golden robe from the Dark Demon Sect standing at the front

The man nodded slightly and said loudly: "Since everyone already knows the general situation, then follow me. I will take you to the mysterious little world recently discovered by our Dark Demon Cult, and let you accept the trial. "

Uh-huh!

At this time, the middle-aged man in golden robe said and flew quickly in a certain direction in the distance.

Everyone immediately followed the young man in gold robe and flew quickly in that direction.

At this moment, Ye Feng was standing among the crowd and was also walking along.

At this time, Ye Feng suddenly discovered that the middle-aged man in golden robe from the Dark Demon Sect who was leading the way was leading them to the depths of the dark mountain where the Dark Demon Sect's headquarters was located.

This suddenly gave Ye Feng a hint of speculation in his heart.

Will he be able to directly come into contact with the power from heaven hidden in this dark mountain this time?

At this time, Ye Feng secretly thought in his heart, and did not say anything, but followed the crowd silently.

This time Ye Feng came here with the mission assigned to him by the Dean of the Book of Heaven to find out whether the Dark Demon Cult was really related to the legendary heaven. Now it seems that it is 100% related.

Because the dark mountain where the dark demon sect's base camp is located seems to be the legendary mountain in heaven, containing the dark power in heaven.

Ye Feng couldn't help but guess that behind the Dark Demon Cult, there might be support from the dark power from heaven.

It's just that this dark force comes from the legendary heaven.

Ye Feng needs to investigate clearly what race or force he is and tell Dean Tianshu when the time comes.

At this time, Ye Feng also gradually understood that the first reason why Dean Tianshu could not take action was that Dean Tianshu was too powerful. Once he took action, it seemed that he would be forcibly sent out of this world by the rules of the world. At that time, the Righteous Alliance would not be able to take action. Without the presence of Dean Tianshu, the Dark Demon Sect may launch a massive attack.

The second reason is that Dean Tianshu is somewhat afraid of the supporter behind the dark demon sect.

At this time, Ye Feng also understood that Dean Tianshu probably did not take Dark Yuan Zun, the most powerful person of the Dark Demon Sect, into his eyes at all. .??.

What Dean Tianshu is really afraid of is the supporters behind this Dark Yuan Zun who are suspected to come from heaven.

While Ye Feng was thinking secretly, he followed the elders of many major demonic forces, hundreds of them, and followed the middle-aged man in golden robes to the back of the dark mountain.

The earth here exudes pure devilish energy, giving people the feeling of entering another dark world.

At this moment, the middle-aged man in golden robe standing in front suddenly took out a token from his hand and threw it out.

Buzz!

This token immediately emitted a black light, condensing a space gate directly in front of everyone.

The middle-aged man in the golden robe immediately said: "You can go in directly. On the other side of this black light door is the mysterious little world I called. The time for you to test in it will be about half a month." , cherish this opportunity. Although it is very dangerous, it will also be of great help to your training, and there are also various ancient demons in it.

Tao inheritance, and demonic cultivation resources. "

At this moment, after the middle-aged man in golden robe finished speaking, he seemed to see the ugly looks on many elders present, and he couldn't help but said: "I can tell you one thing in advance, this mysterious little world, it was a part of the legendary heaven, and it may contain the inheritance of the legendary heaven, so you should take good care of it."

"What?"

"Inherited from the legendary heaven?"

At this time, when many elders who were a little downcast heard what the middle-aged man in golden robes said, their eyes widened immediately, with a look of deep ecstasy on their faces.

At this time, many of the elders, who had somewhat ugly faces, immediately became very excited and expectant, and were no longer as dejected as before.

Because every elder training before, basically what you got was a powerful inheritance rewarded by the Dark Demon Cult.

Although those inheritances are also very rare and precious, after all, they are only relatively simple inheritances among the Dark Demon Cult.

After all, the true core inheritance of the Dark Demon Cult cannot be given power to these other members.

But this time, I didn't expect that the Dark Demon Cult would be so kind to them, the elders of other demonic forces, allowing them to directly enter a small fragment of the legendary heaven, and it is very likely that they will get the inheritance of the legendary heaven.

This naturally has a huge attraction for the elders of the demonic forces present.

Even though Ye Feng was standing in the crowd at this time, there was a look of surprise on his face. He didn't expect that he could enter this precious and rare special cultivation place of the Dark Alliance, and he might get the legendary The inheritance of heaven.

Chapter 3854 The Place to Raise Gu

Swish, swish, swish!

At this time, the elders from the major demonic forces all walked into the space door with expectations in their eyes and entered the small world of this trial.

Originally, everyone was very dissatisfied with this dangerous trial.

Unexpectedly, the golden middle-aged man from the Dark Demon Sect actually told everyone that there was a legendary inheritance from the heaven in this small trial world, which really made everyone look forward to it.

So at this moment, many demon elders are looking forward to entering this small trial world.

At this time, Ye Feng did not hesitate and followed everyone into the door of this space.

Buzz!

Following a burst of extremely violent spatial fluctuations, Ye Feng suddenly discovered that he had arrived in a small, broken world.

That's right!

This small world is not that complete, but is full of broken plates, floating in the void, giving people a sense of vast fragmentation, as if the entire world has been destroyed.

At this moment, Ye Feng suddenly remembered what the middle-aged man in the golden robe of the Dark Demon Cult said before, that this small world seemed to be a part of what was left after the heaven was broken.

So at this time, Ye Feng immediately guessed that the Dark Demon Cult must be inseparable from the heaven.

Otherwise, the Dark Demon Cult would not be able to control this small broken world left over from the heaven.

But at this time, Ye Feng didn't think too much. He first obtained training resources from this trial and allowed himself to grow.

Buzz!

At this moment, Ye Feng did not hesitate at all. He directly exuded huge soul power and began to search around.

For Ye Feng, participating in this elder training was just an accident, but Ye Feng would naturally seize this opportunity to improve his cultivation strength.

Although Ye Feng is now a member of the Demonic Path in disguise, the rich cultivation resources of these Demonic Paths are also important to Ye Feng.

It is of great help. After all, Ye Feng can refine energy of any attribute in the world to allow himself to grow.

At this moment, Ye Feng exuded his huge soul power and explored the surroundings.

But this small world is full of broken pieces, so be extra careful.

Otherwise, if it hits any space crack, it will be cut in half instantly.

However, Ye Feng has a space gem, so he doesn't have to worry about this. Other ordinary elders definitely need to worry about this.

At this time, Ye Feng separated from the other ordinary elders and went to look for opportunities alone.

Because Ye Feng was too lazy to form a group or deal with these other great elders of the demonic forces.

Now Ye Feng just wants to be alone and look for various cultivation resources to improve his cultivation strength.

At this moment, Ye Feng quickly found many elixirs growing in this mysterious little world through the soul power he radiated.

These elixirs are all elixirs full of dark power.

But Ye Feng can swallow it directly and use it to improve his own power.

So in the next few days, Ye Feng's cultivation skills immediately increased.

With the huge accumulation, Ye Feng's cultivation level directly broke through from the half-step Yuanzun realm to the real first level of Yuanzun realm.

When Ye Feng's cultivation reached a major level, he could immediately feel that his combat effectiveness had also improved a lot.

Ye Feng's cultivation level has entered the first level of Yuanzun Realm, and he feels that his power has increased by more than ten times, or even dozens of times.

Sure enough, crossing a big realm will be of great help to Ye Feng's combat effectiveness.

And when Ye Feng continued to search for other elixirs, suddenly Ye Feng followed the search and discovered that many ordinary elders were miserable.

Die in this small world.

Originally, Ye Feng thought that these elders might have just encountered some accidents, but Ye Feng saw more and more ordinary elders dying here, and the bodies were all sucked dry by some kind of terrible thing, without any life essence. I don't even have any anger left.

Ye Feng suddenly felt huge vigilance in his heart.

Nearly half of these ordinary elders died after entering here. After Ye Feng discovered this, he suddenly felt a deep sense of horror in his heart.

Because Ye Feng suddenly felt that there was something different about the Dark Demon Cult allowing so many elders from other demonic forces to enter this dangerous little world for training.

It feels as if hundreds of thousands of elite elders from various major demonic forces were deliberately sent here, as if they were specifically here to harm everyone.

Because the state in which many elders died was so miserable, it made people feel chilled in their hearts.

"I wonder what happened to these ordinary elders? They were sucked dry by something."

Ye Feng was thinking at this moment and felt that he had to pay more attention and be careful. Otherwise, he might become the nourishment of some mysterious existence in this mysterious little world like these elders who died tragically.

A few days later, Ye Feng suddenly heard a terrifying roar not far away.

Ye Feng immediately flew in that direction.

When Ye Feng flew to his destination, he immediately saw a shocking scene.

I saw dozens of elders from the demonic forces being surrounded by a large group of dense, ferocious-looking black insects, which were frantically attacking these dozens of demonic elders.

These black bugs have killed many demon elders.

Ye Feng saw that the bodies of the dead demon elders were indeed shriveled, and their life essence had been sucked dry by these black bugs.

Ye Feng understood immediately and saw all the crimes

The culprits are the black bugs that live in this mysterious little world.

Ye Feng knew very well at this time that the middle-aged man in golden robes from the Dark Demon Sect must have known that there were such terrible bugs living in this mysterious little world, and ordinary elders could not deal with them at all.

But they still put so many elders from powerful demonic forces in there, probably just to raise these black bugs.

At this moment, Demon Ancestor suddenly spoke in the center of his eyebrows: "Boy Ye Feng, these seem to be very terrifying dark Gu worms. They are ancient dark worms that have been lost for many years. I didn't expect that they would appear here. This kind of Dark Gu worms are very terrifying. Their entire body is invulnerable to lightning and lightning. They can swallow a living being alive in an instant, and then evolve into stronger Dark Gu worms. I always feel that you, Ye Feng, have been tricked into a trap. You, the elders of the demonic path, were sent here to cultivate the Gu, probably in order to cultivate a Gu worm king among the dark Gu worms in this small world."

"What?"

Hearing the Demon Ancestor's speculation in his eyebrows, Ye Feng suddenly felt a chill in his heart.

It seems that the Dark Demon Cult has ulterior motives this time.

They deceived so many demonic elders into this small world, saying that they had inheritance from heaven, probably just to raise the poison, to cultivate an extremely powerful dark poison king!

And in this case, it will be easy for the Dark Demon Cult to explain to other demonic forces.

Because these elders were willing to enter this small world for trials, but in the end they encountered danger and suffered heavy casualties. The Dark Demon Cult cannot be blamed.

Thinking of this at this time, Ye Feng suddenly showed a cold look on his face.

The Dark Demon Cult has a good plan!

It is extremely cruel to use the elders carefully trained by other Dark Alliance members to raise these dark Gu insects in captivity.

I am afraid that only the Dark Demon Cult can do this kind of thing, using conspiracies to entrap allies for their own benefit!

Chapter 3855 Must try

At this time, after knowing this, Ye Feng would not directly confront the entire Dark Demon Cult.

Because Ye Feng knows very well that his current cultivation strength is just a little ant in front of the huge dark demon sect.

So Ye Feng could only pretend that he didn't see it and left this place directly.

In the next few days, Ye Fenglu saw the shriveled corpses of the demon elders one after another, looking very miserable.

But Ye Feng knew that in this elder training, many elders from major forces would definitely die, but not all of them would be killed.

Because in that case, even the Dark Demon Cult would not be able to explain to other members of the Dark Alliance.

Ye Feng felt that since the Dark Demon Cult's poison-raising conspiracy was carried out in secret, there should be some elders left, so as not to kill all the trained elders. In that case, it would be difficult for the Dark Demon Cult to explain.

So what Ye Feng has to do now is to protect himself.

In the next period of time, Ye Feng did not fight against those dark Gu insects because it was pointless.

Through soul power exploration, Ye Feng just avoided the places where dark Gu insects lived in advance and looked for other cultivation resources.

I have to say that there is one thing that the Dark Demon Cult did not lie about, that is, in this small world, there are indeed a lot of dark attribute cultivation resources, such as various very old elixirs and materials, which are difficult for the outside world to encounter. Yes, very rare.

So in the next period of time, Ye Feng ignored the other elders fighting with the dark Gu insects. Ye Feng just concentrated on finding various naturally raised elixirs, etc., devouring the power of these elixirs, and letting himself The skill has been greatly increased.

Ye Feng's cultivation has skyrocketed from the first level of the Yuanzun Realm to the sixth level of the Yuanzun Realm in a short period of time through the accumulation of devoured elixirs!

I have to say, this is a huge breakthrough!

Ye Feng himself was very satisfied with this.

After all, being able to inadvertently participate in this Dark Alliance elders training, although it may fall into a conspiracy trap, but it is also very good to get huge opportunities and blessings from it.

After all, Ye Feng's improvement in cultivation is real.

At this moment, Ye Feng was ready to continue looking for other elixirs.

Uh-huh! Uh-huh!

But suddenly at this moment, several demonic elders wearing black robes flew over from a certain direction not far away.

When these demon elders saw Ye Feng on the road, they immediately shouted in horror: "Hurry up and run! Escape from here quickly! In the mountains not far away, the dark Gu insects are killing each other. A Dark Gu Insect King has transformed. It's very scary. Let's escape from here. Anyway, the trial is almost over. We are really lucky to survive this trial."

At this time, after these demonic elders finished speaking, they immediately ran away without a trace.

At this time, Ye Feng's eyes were suddenly shocked.

Sure enough, Demon Ancestor's guess was correct.

These dark Gu worms are in this small world just to get the life essence and blood of these demonic elders, so that they can continue to raise Gu, and continue to make every dark Gu

The dark Gu insect has grown stronger and transformed.

In the end, these powerful Dark Gu Insects killed each other, and then transformed into the most terrifying and powerful Dark Gu Insect King.

Ye Feng didn't hesitate at this time and was immediately ready to escape from here.

After all, Ye Feng didn't want to deal with these terrible Gu insects.

But at this moment, the Demon Ancestor in the eyebrows suddenly spoke: "Ye Feng, boy, don't run away in a hurry. The birth of the Dark Gu Insect King is not that simple. It requires a lot of Dark Gu Insects to fight together for a long time. , was finally able to transform into a Dark Gu Insect King. The Dark Gu Insect King is very terrifying. It is a legendary creature, but many people don't know a secret, that is, the Dark Gu Insect King was born at the moment , is the weakest moment, so if you are lucky, Ye Feng boy, you can really see the birth of a Dark Gu King. At its weakest moment, I will teach you a way. Although it is a bit risky, There is a certain chance that the King of Dark Gu Insects can be instantly refined and controlled when he is at his weakest, and he will become your subordinate and obey your orders. "

"What??"

At this moment, when Ye Feng heard the Demon Ancestor in his eyebrows say this, his eyes suddenly showed a look of deep horror, and then a look of deep ecstasy.

Ye Feng knew very well that these dark Gu worms were very terrifying. Even if they were not Dark Gu worms, they were just ordinary Dark Gu worms.

One can imagine how terrifying it would be once the most powerful Dark Gu Insect King is born.

It's hard for ordinary people to imagine!

But now, Demon Ancestor actually said that he could give himself a chance to refine and control a dark Gu Insect King.

This is a legendary creature!

It was unknown how many times more advanced than the poison-eating insects that Ye Feng had obtained before.

So at this moment, Ye Feng's eyes immediately became very bright, and he couldn't help but ask: "Demon Ancestor, tell the truth, when the King of Dark Gu Insects was at his weakest, you refined and If it's under control, what's the probability?"

Demon Ancestor was silent for a moment, and then said aloud: "Baby Ye Feng, with your current cultivation strength, it is estimated that there is only a 10% chance, and it must be only when the Dark Gu Insect King is just born and is at his weakest. There is a probability of success. If the Dark Gu Insect King is born and gradually becomes more powerful, then you kid should not even think about controlling this Dark Gu Insect King."

"What?"

Hearing Demon Ancestor say this, Ye Feng suddenly showed a thoughtful look in his eyes.

After weighing the pros and cons, Ye Feng suddenly showed a firm look in his eyes and said loudly: "This kind of dark Gu worm king is something that even the Dark Demon Cult is very eager for, and even buys it from the major dark alliances. I have mobilized so many elders to secretly raise these dark Gu Insects. If I want to cultivate a Dark Gu Insect King, it must be very precious. Now that I have the opportunity to refine the Dark Gu Insect King, I naturally cannot waste it. This time, even if there is only a 10% chance, I will give it a try. Once I succeed, I will make a lot of money. This is an opportunity that can only be encountered but not sought. If I miss this village, I will not have this store. I have to try it."

At this moment, after Ye Feng finished speaking, he did not escape in the opposite direction, but flew quickly towards the mountainous area where the dark Gu worms were killing each other as

At this moment, after Ye Feng finished speaking, he did not escape in the opposite direction, but flew quickly towards the mountainous area where the dark Gu worms were killing each other as mentioned by the demon elders.

Chapter 3856 Hold your breath and concentrate

Swish, swish, swish!

At this time, Ye Feng was flying quickly towards the mountain range where the dark Gu insects were killing each other.

For Ye Feng, this is a very good opportunity.

If you can seize that 10% chance of success, then you will get a very terrifying and cruel help.

The King of Dark Gu Insects is a ferocious evil insect that is said to only exist in the heaven. It is very powerful and terrifying.

Uh-huh!

Half an hour later, Ye Feng finally arrived at the outer area of the mountain range.

At this moment, Ye Feng did not notice the presence of any demonic elders around him.

Obviously, all the demon elders knew that the Dark Gu Insect King was about to be born, so they were naturally very frightened and had fled here long ago.

No one knew that the Dark Gu Insect King was in his weakest state at the moment of his birth.

If Demon Ancestor hadn't told Ye Feng this secret, Ye Feng would have escaped from here long ago.

At this moment, Ye Feng was running the space gem, hiding himself in the surrounding void, approaching the depths of the mountains.

When Ye Feng arrived at the deep area of the mountain range, he immediately saw a shocking scene.

I saw that in the entire mountain range, very ferocious-looking black Gu insects were killing and biting each other.

There are hundreds of thousands of dark Gu insects, densely packed, covering the entire mountain range. The large area of darkness looks very scary.

At this time, Ye Feng did not dare to go out at all, and was still hiding in the void, waiting for the birth of the final Dark Gu Insect King.

Ye Feng knew that he couldn't go out casually now.

If they discover the aura of an outsider like themselves, those dark Gu insects will definitely not kill each other after noticing their aura. They will still continue to deal with the outside world and deal with themselves.

This outsider.

So at this time, Ye Feng hid himself deeply in the void, waiting for the final transformation.

Seeing the countless dark Gu worms killing each other, Ye Feng suddenly felt that he could secretly swallow some of the blood leaked from these dark Gu worms killing each other.

You know, the reason why these dark Gu insects can grow so powerfully is because they hunted and devoured many demonic elders who entered this small world.

Therefore, every dark Gu insect's body contains very majestic blood energy.

At this moment, these dark Gu insects are killing each other, and they will definitely be able to release very majestic blood energy.

Buzz!

At this time, Ye Feng secretly began to release his Devouring Domain in the void, and then silently absorbed the blood energy escaping from the mountain range.

Ye Feng didn't dare to devour it wantonly, because that would definitely attract the attention of the dark Gu insects.

Therefore, it can only be hidden in the void at the edge of the mountain range, swallowing it silently.

"Rumble..."

At this time, streams of quite majestic blood energy were immediately injected into Ye Feng's body.

Ye Feng immediately felt that his skill was growing rapidly.

Ye Feng's cultivation level, which he had just broken through to the sixth level of Yuan Zun Realm, began to grow again.

"boom!"

Yuan Zun Realm Seventh Heaven!

"boom!"

Yuan Zun Realm Eighth Heaven!

"boom!"

Yuan Zun Realm Ninth Heaven!

At this time, with Ye Feng's devouring, Ye Feng's skill suddenly increased tremendously, and he directly broke through the three heavens, making Ye Feng's eyes light up immediately.

At this moment, Ye Feng couldn't help but ask in his mind: "Demon Ancestor, my current cultivation level has been improved, will the probability of refining the Dark Gu Insect King become higher? " ??

Demon Ancestor suddenly said in his eyebrows: "The probability will not increase much, because only several major realm improvements can increase the probability of you refining a Dark Gu Insect King."

Hearing what Demon Ancestor said, Ye Feng's eyes suddenly showed a look of astonishment, and he couldn't help but said: "Is that Dark Gu Insect King so difficult to refine?"

Demon Ancestor nodded and said aloud: "Do you think the King of Dark Gu Insects is some kind of bad guy? Of course not! The King of Dark Gu Insects is a very ferocious insect in the legend. It is worse than what you kid has ever seen before. I don't know how many times more advanced the poison-eating bugs you get are, so this is a huge opportunity for you. If you can successfully refine a Dark Gu Worm King, then you will be able to get a huge help, the Dark Gu Worm King. The strength of the king is very terrifying, and you must know that the King of Dark Gu Insects does not need to be cultivated at all. This thing will slowly evolve on its own and become stronger and stronger. In the legend, the King of Dark Gu Insects, He has grown to his strongest state and can even kill gods!"

Hearing what Demon Ancestor said, Ye Feng not only didn't look ugly, but became more and more expectant.

Such a powerful Dark Gu Insect King must be very terrifying.

No wonder the Dark Demon Cult attaches so much importance to the dark Gu worms in this small world.

Thinking of this, Ye Feng immediately started to pay close attention to

Pay attention to the movement in the mountains.

And when Ye Feng watched again, Ye Feng suddenly discovered that all the dark Gu insects in the entire mountain range were almost dead.

Only the last six dark Gu worms were left, killing each other.

Each of these last six dark Gu worms is very large, as big as a person.

Seeing this scene at this moment, Demon Ancestor immediately reminded him in the center of his eyebrows: "Ye Feng boy, you are ready. When the last one is left, he will be the Dark Gu Insect King. You have to take action immediately. In the Dark Gu The moment the Insect King is born is when the Dark Insect King is at his weakest. After this period of time, the Dark Insect King will become stronger and stronger, and it will no longer be something you can covet, so the opportunity is only this Once, you must catch it."

Ye Feng immediately nodded, and even stopped swallowing blood, because in that case, his aura might be exposed.

To be on the safe side, Ye Feng hid himself deeply in the void without leaking any of his breath, and then slowly moved towards the mountains and quickly approached.

Fortunately, Ye Feng possesses such a rare thing as a space gem. Otherwise, he would not have been able to get so close to the depths of the mountains, let alone sneak attack on the dark Gu Insect King that was about to be born.

"how!!!"

At this moment, in the entire mountain range, on the corpses of countless dark Gu worms, only the last two Dark Gu worms were left.

The King of Dark Gu Insects is about to be born from these last two Dark Gu Insects!

Ye Feng was in the void at this moment, and he suddenly held his breath and concentrated.

The critical moment is coming!

Whether you can succeed or not depends on the next moment!

Chapter 3857 Smirking

At this time, Ye Feng was deeply hidden in the void, staring at the last two dark Gu insects fighting each other.

Finally, one Dark Gu was completely killed and the life essence was sucked dry by another Dark Gu.

The entire body of the last dark Gu worm suddenly expanded to more than ten meters, directly turning into a black bug in the state of a big monster.

This is the last surviving Dark Gu Insect King!

It has completely transformed!

"It's now!"

At this moment, Ye Feng didn't hesitate at all, and immediately rushed out of the void, and suddenly came to the front of the dark Gu Insect King.

The aura of this newly born dark Gu insect on its body is very terrifying, and ordinary people may not dare to approach it at all.

But Ye Feng knew that this was the weakest moment of the Dark Gu Insect King.

At this moment, Ye Feng came to the top of the head of the Dark Gu Insect King, directly pressed his two hands on the big head of the Dark Gu Insect King, and then directly ran the spell given to him by the Demon Ancestor, and began to explode in full force His own magic power activated the power of the spell and began to refine this dark Gu Insect King.

If you want to refine this dark Gu Insect King, you not only need to refine it when he is at his weakest, but you also need special spells.

Only the Demon Ancestor knows this kind of spell.

Therefore, if it were anyone else, there would be no way to refine this Dark Gu Insect King. The Dark Demon Cult would probably use extremely powerful brute force to forcibly tame this Dark Gu Insect King.

But now Ye Feng is taking advantage of this dark Gu insect king's weakest time to refine it.

Buzz!

At this moment, Ye Feng used the demon's spell and quickly enveloped the Dark Gu Insect King.

"Rumble..."

At this moment, the Dark Gu Insect King was struggling rapidly.

An extremely violent force struck Ye Feng, making him unable to stand still.

But Ye Feng gritted his teeth and frantically mobilized all his strength to quickly refine this dark Gu Insect King.

Even though the Dark Gu Insect King struggled a little and knocked Ye Feng to pieces, almost vomiting blood, Ye Feng still persisted.

And Ye Feng also felt the horror of this dark Gu King.

You must know that the power of Ye Feng's body is extremely powerful and solid. It is as if it is made of divine iron. It is difficult for ordinary people to shake it. Even some powerful and advanced weapons cannot attack Ye Feng.

causing damage to the body.

But this Dark Gu King, just struggling casually, made Ye Feng almost vomit blood.

This shows how much explosive power this dark Gu Insect King contains in his seemingly small body.

At this moment, Ye Feng frantically activated his magic power and activated the spell taught to him by the Demon Ancestor, finally allowing Ye Feng to successfully refine the King of Dark Gu Insects!

Buzz!

At this time, the Dark Gu Insect King finally stopped struggling and became quiet.

After Ye Feng successfully refined the Dark Gu Insect King at this moment, he immediately felt like he could control the Dark Gu Insect King at will.

However, the Dark Gu Insect King also has his own sense of autonomy, but will never betray Ye Feng, because it has been completely controlled by Ye Feng.

At this moment, Ye Feng landed directly from the sky. Looking at the large insect that was more than ten meters long in front of him, he immediately said: "King of Dark Gu Insects, now that you have become my subordinate, you can directly Enter my storage ring first, grow slowly, and I will let you out when I need you."

The Dark Gu Insect King nodded immediately at this time, and then flew directly into Ye Feng's storage ring.

The Dark Gu Insect King has just been born, so it still needs some time to grow.

And as time goes by, the Dark Gu Insect King will become stronger and stronger, with almost no upper limit for cultivation.

This is also one of the reasons why the Dark Gu Insect King is very special and very precious.

Because many of the various spiritual beasts and bugs that Ye Feng had collected basically had their own cultivation limits, and they could no longer grow after they had grown to a certain level.

After all, many creatures only have so much life potential.

Just like a mortal, if he does not embark on the path of cultivation, no matter how long he lives, he will not be able to break through the upper limit of his own strength.

Only by embarking on the path of cultivation can one become stronger and stronger, compete with other terrifying creatures, and fight against the sky for one's life.

The King of Dark Gu Insects has almost no upper limit for cultivation, so as time goes by, the King of Dark Gu Insects will continue to grow and become stronger and stronger.

Therefore, it is not unreasonable for Demon Ancestor to say that if the Dark Gu Insect King grows to its strongest peak state, he can even kill gods.

and

At this time, Ye Feng successfully conquered the Dark Gu Insect King, and his face was extremely happy.

At this moment, without any hesitation, Ye Feng hid the Dark Gu Insect King in his storage ring, and then quickly flew out of this small trial world.

When Ye Feng came back to the area where he entered this small world, he immediately saw many elders gathered here and began to use the teleportation array to teleport out.

Buzz!

Ye Feng also walked into the teleportation array. When the space screen turned, Ye Feng had left this small world of trials and returned to the dark mountain area of the Dark Demon Cult outside.

At this moment, the middle-aged man in golden robe from the Dark Demon Sect who had brought them here before was still standing here with a majestic aura.

At this moment, Ye Feng saw many ordinary elders, and their eyes were full of deep fear at this moment.

Because they were training in that small world and saw too many of their companions die at the hands of those terrible bugs, so they were very lucky to be able to escape.

At this moment, Ye Feng stood in the crowd and did not attract any attention. Instead, he was very low-key, hiding himself in the crowd, and was very inconspicuous.

At this moment, the middle-aged man in golden robe from the Dark Demon Sect standing at the front asked hypocritically: "What's wrong with you? Why are there so many casualties? Only half of the elders ran out? The others People?"

An ordinary elder present immediately said with great fear: "They are all dead! Although there are a lot of opportunities in that small world, there is still a kind of very terrifying bugs that are indestructible and invulnerable to water and fire. And the mountains and plains are endless, so we

can't deal with those terrifying bugs at all. Many elders were killed and sucked dry by those bugs! Only a small number of our elders were lucky enough to escape in the end. It's really terrible."

"What?"

Hearing what the elder said, the middle-aged man in golden robe couldn't help but show a look of surprise on his face.

But Ye Feng stood in the crowd, with a cold smile deep in his eyes.

He knew that this middle-aged man in golden robe was definitely pretending to be surprised, because everything was a conspiracy of the Dark Demon Cult.

Sure enough, when this middle-aged man in golden robe heard that so many elders had died, he seemed to be impatient and said, "I'll go into this small world and take a look."

, look at how terrifying those bugs are. "

After saying that, the middle-aged man in golden robe couldn't wait to enter the small world immediately.

Ye Feng understood at this time that this middle-aged man in golden robe from the Dark Demon Sect entered the small world probably to get the Dark Gu Insect King.

Because this middle-aged man in golden robe now knows that so many elders have died in the hands of those dark Gu insects, which means that the Dark Gu insects have probably evolved into the King of Dark Gu insects.

However, this super strong man of the Dark Demon Cult would never have thought that something like the Dark Gu Insect King would be secretly refined and controlled by an ordinary elder like Ye Feng, and became Ye Feng. Something unique to the wind.

At this moment, Ye Feng snickered in his heart.

The Dark Demon Cult probably suffered a huge loss this time.

After working so hard to recruit so many elite elders to cultivate a powerful and potentially infinite Dark Gu Insect King, he ended up being cut off halfway. It was really a huge loss.

But Ye Feng did make a lot of money.

The King of Dark Gu Insects is priceless!

At this moment, several guards from the Dark Demon Cult around them immediately came to this group of frightened elders, and immediately said loudly: "Elders, please follow us, this trial will definitely be successful." Thank you for your hard work. We will take you into the base camp of our Dark Demon Sect and have a good rest for a few days. Then our seniors from the Dark Demon Sect will guide you in the practice of the Demonic Way and even teach you powerful Demonic Ways. "Kung Fu."

Hearing what these guards of the Dark Demon Sect said, the surviving elders couldn't help but nodded excitedly, and quickly followed the group of guards and flew quickly towards the headquarters of the Dark Demon Sect.

Ye Feng followed the crowd and naturally flew towards the headquarters of the Dark Demon Cult.

At this time, Ye Feng was thinking that in the next few days of rest, he might be able to secretly explore whether there were supporters from the legendary heaven behind the Dark Demon Cult.

After all, I came here not only to get some good fortune, but also to have a task assigned to me by Dean Tianshu.

Moreover, Ye Feng himself also wanted to know whether there really were legendary supporters of the heavenly realm behind the Dark Demon Cult.

If it is true, then I will probably have to be more cautious against the entire Dark Demon Cult in the future.

Chapter 3858 It's a good opportunity

At this moment, Ye Feng followed a group of ordinary elders to the central area of the Dark Demon Sect's base camp.

There are many buildings here, all standing on the mountainside, specially used for the residence of guests of the Dark Demon Cult.

At this moment, a group of guards from the Dark Demon Sect, together with the demonic elders from various major forces, arrived here. They directly assigned their respective residences, and then said before leaving: "Tomorrow morning, we, the Dark Demon Sect, will send The powerful elders with advanced cultivation are here to provide other ability training for everyone. I hope you can participate in time. "

After the guard finished speaking, he left directly.

At this moment, all the ordinary elders returned to their rooms.

Ye Feng also returned to his room.

Everyone can live alone in a house, which is quite luxurious.

Ye Feng entered his house, and he was immediately thinking about the middle-aged man in golden robe from the Dark Demon Cult. After entering the small world, he might not be able to find the King of Dark Gu Insects.

Buzz!

At this moment, Ye Feng took out the Dark Gu Insect King from his storage ring, and suddenly found that the aura of the Dark Gu Insect King was even more powerful, giving people an unfathomable feeling.

Ye Feng felt that he would definitely not be able to defeat this dark Gu worm king.

It seems that what the Demon Ancestor said is right, the King of Dark Gu Insects can continue to grow on his own.

At this moment, after Ye Feng has the Dark Gu Insect King, he feels that he has a lot more confidence.

Because the Dark Gu Insect King itself is comparable to a super master.

However, Ye Feng also knew that he could not easily release the King of Dark Gu Insects in the territory of the Dark Demon Cult, otherwise he would definitely be in big trouble.

At this time, Ye Feng observed the growth status of the Dark Gu Insect King, and then directly put the Dark Gu Insect King into his storage ring.

Next, Ye Feng stayed at his residence, patiently waiting for the night to fall.

Time slips quietly through the fingertips like quicksand.

Night has arrived in a blink of an eye.

The entire sky went dark.

Ye Feng was staying in his room at this moment and suddenly opened his eyes.

At this time, Ye Feng knew that late at night he finally had the opportunity to explore whether there were any legendary supporters in the heaven behind the Dark Demon Cult.

At this time, Ye Feng released the space gem, and then hid his whole person in the void, lurking directly from his residence and heading towards

He quickly flew around the base camp of the Dark Demon Cult, trying to find out what kind of secrets there were behind the Dark Demon Cult.

However, Ye Feng also knows that there are many terrifying powerful people living in the Dark Demon Cult's base camp, so it must be very difficult for Ye Feng to find out whether there are legendary supporters of the heaven behind the Dark Demon Cult.

Ye Feng even had plans to expose his identity.

Anyway, he has the Son of God's Token given to him by Dean Tianshu. Even if it really attracts the attention and action of the super powerful people in the Dark Demon Cult, Ye Feng should be able to release the power of Dean Tianshu in the Son of God's Token. Protect yourself from the land of the Dark Alliance safely.

However, if the Dark Yuan Zun, the most terrifying superpower, is alerted, he will probably die without a chance to survive.

Therefore, Ye Feng was still very vigilant and did not think that he could do whatever he wanted just because he had the Son of God's Token on his body.

Buzz!

At this time, Ye Feng circulated the space gem and shuttled rapidly through the void, quickly detecting the various auras of the dark demon sect around him.

At this moment, Ye Feng could immediately sense that there were all kinds of terrifying existences hidden in the headquarters of the Dark Demon Cult.

There were some auras that Ye Feng didn't even dare to touch and explore.

Otherwise, it is very likely that he will be discovered, and he may not be able to run away.

So at this time, Ye Feng released his soul power and was very cautious. He did not expand the range, but only searched dozens of meters around him.

In fact, it is very simple for Ye Feng to explore whether there is a heaven behind the Dark Demon Cult.

Because you must know that Ye Feng has the gate of heaven, the natal treasure of the Lord of Heaven.

Therefore, Ye Feng is still very familiar with the aura of heaven.

As long as the aura fluctuations are similar to those above the Gate of Heaven, it means that there are beings from heaven in this dark demon sect.

But just when Ye Feng was secretly investigating.

In the inner central hall of the entire dark demon sect, the middle-aged man in golden robes who had previously led many demon elders looked very ugly at this moment.

He was kneeling on the ground, facing the majestic figure sitting on the dark throne at the top of the central hall, and said aloud: "Tell the leader, I have been searching for the whole day in that small world, but I have not found the dark Gu worm. Is there no trace of the king?

Birth? "

At the top of the central hall, the majestic figure sitting on the Dark Throne is the soul of the Dark Demon Cult, the Dark Yuan Zun.

This is a very terrifying existence. It is suspected of being a high-level master. It is very terrifying.

At this time, Dark Yuan Zun slowly opened his eyes. His eyes were deep and boundless, like two abyss. There was even a terrifying whirlpool of alternating reincarnations inside, which was very scary.

Obviously, Dark Yuan Zun's cultivation has reached an extremely incredible level. .??.

At this moment, Dark Yuan Zun said slowly: "The King of Dark Gu Insects will definitely be born, but you didn't find it. It is very likely that someone else got it in advance."

The middle-aged man in the golden robe underneath couldn't help but said: "Leader, how is this possible? We all know the cultivation levels of those elders from various major forces, and they are not powerful at all. How could the Dark Gu Insect King be refined in advance by those wastes?"

Dark Yuan Zun was silent for a moment at this time, and then said aloud: "Many people don't know a secret, including you, which is that the King of Dark Gu Insects was the weakest at the moment he was born. At this moment, this time is a good time to refine the King of Dark Gu Insects. This time I miscalculated. I did not expect that among those demon elders, there are such magical people who

can sneak up on the King of Dark Gu Insects. It has been refined, and he actually knows that the King of Dark Gu Insects is at his weakest at the moment of his birth, which shows that he is very extraordinary. We must find this mysterious figure. "

Hearing what Dark Yuan Zun said, the middle-aged man in golden robes immediately clasped his fists and said: "Master, don't worry, all the demon elders who have come out have not left yet. I will control all these elders now and review them one by one. "

Dark Yuan Zun nodded slightly and said aloud: "Go and do this, but it is also possible that the mysterious man who refined the Dark Gu Insect King is still hiding in that small world. , I want to search the small world myself."

After finishing speaking, Dark Yuan Zun took a step forward. He didn't even need to rely on the teleportation array. He tore the interface channel directly, and suddenly entered the small world and disappeared.

At this moment, the middle-aged man in golden robe exited the central hall, looked at the large group of guards outside, and suddenly said in a very stern voice: "Everyone, follow me and kill all the demons who came out of the small world. Elder, control them all, don't let anyone escape."

"Yes, Great Protector."

\u003e At this time, many of the guards outside were clasping their fists and making noises.

A group of people flew menacingly towards the place where the major demon elders lived.

At this moment, Ye Feng was still probing in the dark night, trying to find out whether there was an aura similar to the Gate of Heaven in the headquarters of the Dark Demon Cult.

If there is a similar aura, it means that there is indeed a mysterious existence from the heaven in this dark demon sect.

However, Ye Feng has searched a large part of the area and has not noticed the aura coming from heaven.

This made Ye Feng have doubts in his heart. Is there no mysterious existence from the heaven behind the Dark Demon Cult?

But if this is the case, could it be that the special dark mountain in the Dark Demon Cult was not brought by the mysterious existence of the heaven, but was accidentally obtained by the Dark Demon Cult as the location of its base camp.

And just when Ye Feng was thinking secretly in his heart, suddenly Ye Feng saw in the void not far away, a middle-aged man in golden robes, with a large group of fully armed guards, flying menacingly in a certain direction. go.

Seeing this scene, Ye Feng was suddenly shocked.

He understood immediately. It is estimated that these people in the Dark Demon Cult already knew that the King of Dark Gu Insects had been refined in advance by others.

Now it is estimated that all the demonic elders who come out of the small world will be controlled.

When Ye Feng saw this scene, he ran away quickly towards the outside of the Dark Demon Sect's base camp without any hesitation.

Ye Feng knew that he had to leave now.

Even if it has not yet been determined whether there are existences from the heaven among the Dark Demon Cult, there is no time to delay any longer.

Otherwise, Ye Feng probably wouldn't be able to leave.

But just when Ye Feng left.

Buzz!

Suddenly, a white light burst out from the God's Son token on Ye Feng's waist, forming the shadow of Dean Tianshu.

Dean Tianshu immediately spoke out at this time: "Ye Feng, you follow me, the Dark Yuan Zun's true form seems not to be in the base camp now. He must have gone to another world. Now he is entering the core where the Dark Yuan Zun lives. A great opportunity to explore the land."

Ye Feng saw the phantom of Dean Tianshu appearing next to him in the void, and immediately couldn't help showing a look of astonishment on his face, and couldn't help but said: "Dean, are you sure you want to be so crazy? It's okay for you to be a phantom clone, I But I'm here, if I'm not careful, I will die!"

Chapter 3859 Box

Hearing what Ye Feng said, Xuying, the dean of Tianshu next to him, immediately smiled and said, "What are you afraid of? My power is in the Son of God's Token, and your life will not be in danger."

When Ye Feng heard the phantom of Dean Tianshu say this, he couldn't help showing a look of helplessness on his face, and said loudly: "Even if the Dark Yuan Zun doesn't seem to be here now, he has gone to some other place. world, but there must be very terrifying existence within the Dark Demon Cult itself."

The shadow of Dean Tianshu suddenly said slowly: "Don't be afraid, there must be good things in the place where Dark Yuan Zun lives. If you find them all, they will be yours. I only need to go to Dark Yuan Zun." Determine one thing where you live and see if there are any records from heaven."

Hearing what Dean Tianshu said, Ye Feng could only nod his head and said, "After the investigation is over, I want to leave here immediately."

The phantom of Dean Tianshu immediately said: "Don't worry, I will personally take you out of the Dark Alliance territory when the time comes."

Buzz!

Ye Feng immediately nodded with bright eyes, then moved the space gem and quickly flew towards the center of the Dark Demon Cult's base camp, where the Dark Yuan Zun lived.

Ye Feng doesn't know where the Dark Yuan Zun has gone now, but this is indeed a good opportunity to deeply explore the place where the Dark Yuan Zun lives.

But Ye Feng also knows that the place where Dark Yuan Zun lives must be guarded by many guards.

But Ye Feng is not afraid, because the power in the Son of God's Token condenses the shadow of Dean Tianshu, so it is naturally safe.

At this moment, the phantom of Dean Tianshu stood beside Ye Feng, observing the surroundings, and suddenly said: "We are almost there."

Ye Feng looked forward in the void at this time, and immediately saw a huge palace appearing in front of him.

This palace is entirely made of pitch black materials and looks very sacred. There are also many ancient totems carved on the surface, giving people the feeling of wanting to worship.

r\u003e

At this moment, Ye Feng suddenly saw many guards from the Dark Demon Cult wearing black armor, surrounding the hall, guarding them closely.

Obviously, even if Dark Yuan Zun leaves this palace, it will still be easy to defend but difficult to attack.

At this moment, Ye Feng did not hesitate at all, and directly moved the space gem, shuttled through the void, and entered the place where Dark Yuan Zun lived.

To Ye Feng's relief, no one found his trace or breath.

The moment Ye Feng entered the hall, suddenly there were countless black rays of light in the entire hall, forming light waves that rushed towards Ye Feng in an instant, and there was no way to avoid them.

And Ye Feng felt that this black light was very terrifying, it was a domination-level power. Once he was hit, he would definitely be shattered to pieces, and he would never die again.

"Don't panic."

But at this time, the shadow of Dean Tianshu next to him slowly spoke out.

Buzz!

He casually stretched out a hand, and immediately the black light around him was frozen in the void, as if the time and space around him were frozen.

Seeing this scene, Ye Feng's eyes widened immediately. He seemed not to have thought that Dean Tianshu's cultivation was so unpredictable that every move he made could affect time and space.

At this moment, before Ye Feng could say anything, the shadow of Dean Tianshu suddenly flew towards a certain direction.

Ye Feng quickly followed.

The phantom of Dean Tianshu came directly to the top floor of this hall.

Ye Feng saw it. There was a small pavilion here, with antique decoration inside, just like the sacred temple seen from the outside.

The church is completely different.

The architectural style here is very down to earth.

At this moment, the phantom of Dean Tianshu was inside this small pavilion, looking through some books.

Ye Feng looked at the books, which seemed to be the records of Dark Yuan Zun, and seemed to be recording something.

Ye Feng has no interest in this.

What really interests Ye Feng is whether there is anything good in the place where Dark Yuan Zun lives.

Suddenly, Ye Feng saw the bottom of the hall of Dark Yuan Zun. There were many ancient symbols on the walls.

All the symbols seemed to be arranged in a very chaotic manner and had no meaning. However, Ye Feng's soul power was huge at this time, and he was aware of so many symbols in an instant. When combined together, they seemed to represent some kind of special inheritance.

Thinking of this, Ye Feng's eyes suddenly lit up.

This should be the inheritance created by Dark Yuan Zun.

Definitely very advanced and scary.

Ye Feng immediately began to release his soul power at this moment, imprinting all these symbols, and then said in his mind: "Emperor Chu, can you study the inheritance of combining these symbols?"

Emperor Chu nodded in his mind and said, "Let me give it a try."

At this moment, Ye Feng continued to search, and suddenly found a box next to Dark Yuan Zun's Dark Throne.

Click!

Ye Feng flew over and opened the box. He immediately discovered that there were two gems inside the box, emitting different lights.

A gem radiates blue light.

The other gem emits red light.

At this moment, Ye Feng saw the two gems contained in the box, his eyes were extremely shocked and excited.

Because these are actually two

A dominating gem!

The power fluctuations emitted by the two gems are all dominant fluctuations.

Ye Feng never thought that the extremely rare Dominant Gem would be so casually placed in a small ordinary box by Dark Yuan Zun. It was really an extreme luxury.

But for a high-level master like Dark Yuan Zun, perhaps the ordinary master gem is no longer a treasure to him, it is just an ordinary thing, an ordinary collection.

Ye Feng naturally didn't hesitate at this time, he simply accepted it and refined the two domination gems.

These two master gems are ice gems and fire gems. They should be the master gems left after the disintegration of the two primary masters. They have ice attributes and fire attributes respectively.

At this time, Ye Feng's eyes were filled with deep excitement.

This is simply a huge profit!

Uh-huh!

At this moment, the shadow of Dean Tianshu suddenly flew down from the top floor, patted Ye Feng on the shoulder, and said loudly: "We should leave."

Ye Feng immediately nodded, activated the space gem directly, and entered the void with the shadow of Dean Tianshu, leaving the hall where Dark Yuan Zun lived, and returned to the void outside.

At this moment, Ye Feng took a deep breath and said aloud: "I finally came out safely and no trace was found."

The shadow of Dean Tianshu shook his head at this time and said loudly: "Look above your head."

At this time, Ye Feng immediately looked above his head, and his expression suddenly changed.

In the boundless void, I saw a big dark hand, covering the sky and the sun, full of unparalleled destructive power and terrifying attack power, and was grabbing Ye Feng.

It was Dark Yuan Zun who took action!

From another world, he forcefully breaks through the interface barrier and wants to crush Ye Feng to death!

Chapter 3860 Return to the Academy

Boom!

At this time, that majestic and boundless dark hand was so terrifying that it depressed people to the extreme and even made them breathless.

At this moment, Ye Feng immediately felt a very terrifying shadow of death, which suddenly enveloped his entire body.

It seemed that in the next moment, Ye Feng's entire body would be completely shattered under this big black hand.

But at this moment, the shadow of Dean Tianshu standing next to Ye Feng suddenly took action.

He suddenly stretched out a hand and shot towards the sky.

Buzz!

At this moment, the phantom hand of Dean Tianshu immediately turned into a majestic white light hand, and collided with the dark hand of the Dark Yuan Zun.

Boom!

At this moment, there was an extremely terrifying roar in the entire void.

Then the entire void was about to collapse and shatter.

At this time, Dean Tianshu immediately activated the dominant power in the Son of God's Token, covering Ye Feng's whole person, quickly shuttled through the void, and was displaced tens of millions of meters in a sudden.

When Ye Feng woke up, he immediately found that he had appeared in a primitive forest.

At this moment, Ye Feng flew high in the sky, looked back, and found that he was completely far away from the territory of the Dark Alliance.

Ye Feng couldn't help but look horrified in his eyes.

Dean Tianshu's power is really terrifying. Just relying on the power stored in the Son of God Token, he can compete with the Dark Yuan Zun, and he can also instantly move himself out of the territory of the Dark Alliance. It is really terrifying.

At this moment, Ye Feng found that the shadow of Dean Tianshu beside him had disappeared.

Ye Feng took out the Son of God Token and found that the energy in the Son of God Token had also dissipated.

It seems that the final resistance to the Dark Yuan Zun's attack, coupled with the displacement of tens of millions of meters in an instant, consumed the Son of God.

All the power in the token also succeeded in keeping Ye Feng completely away from the Dark Alliance territory.

Ye Feng also got huge benefits from this trip to the Dark Alliance. After all, Ye Feng finally got a set of powerful inheritance composed of mysterious symbols in the core palace where the Dark Yuan Zun lived. Of course, Emperor Chu is still studying it. .

In addition, Ye Feng also found two domination gems in the box, which was a huge gain.

Uh-huh!

Ye Feng did not hesitate at this time and flew directly towards the territory of the Righteous Alliance and the Ten Thousand Realms Martial Arts Academy.

Because Ye Feng has now completely completed his mission, it is better to return to the Wanjie Martial Arts Academy as soon as possible.

Only after returning to the Ten Thousand Realms Martial Arts Academy and with Dean Tianshu sitting in charge, even Dark Yuan Zun would not dare to rashly attack the Ten Thousand Realms Martial Arts Academy directly.

However, Ye Feng breathed a sigh of relief that there was no super strong person chasing him in the direction of the Dark Alliance's territory in the distance.

It seemed that Dean Tianshu's sudden move made Dark Yuan Zun extremely fearful.

After all, Dean Tianshu is a mysterious and unpredictable existence, very terrifying. No one knows how powerful Dean Tianshu is.

However, as soon as Dean Tianshu takes action, he will be sent out of this world by the rules of the world, which is enough to show that Dean Tianshu is an extremely terrifying existence.

At this moment, Ye Feng was flying quickly on the road, wanting to return to the Wanjie Martial Arts Academy as soon as possible.

Because for Ye Feng, it is safest to return to Wanjie Martial Arts Academy now.

Ye Feng's speed was very fast. In less than half a month, Ye Feng had completely returned to the area of Wanjie Martial Arts Academy, making Ye Feng finally breathe a complete sigh of relief.

At this moment, Ye Feng flew directly towards the gate of Wanjie Martial Arts Academy, wanting to see him first

The deity of Dean Tianshu.

But suddenly at this time.

Boom!

Suddenly, terrifying murderous auras burst out in the surrounding void.

These murderous auras burst out from the void, containing dark evil energy.

Ye Feng immediately understood that it was probably a spy from the Dark Demon Cult in the Ten Thousand Realms Martial Arts Academy who had infiltrated the place, waiting for him to come back and assassinate him here.

But today's Ye Feng is no longer the same Ye Feng as before.

Ye Feng's current cultivation strength is extremely powerful. He is a powerful being at the ninth level of Yuan Zun Realm, and he has an extremely terrifying inheritance.

"boom!!"

Almost at this moment, Ye Feng didn't hesitate at all, and immediately took out the demon battle ax from the storage ring, and then slashed wildly towards the surroundings.

Boom!

The weapons used by the Demon Ancestor back then could trigger the demonic rules of the entire world.

So at this moment, Ye Feng used the demon battle ax to slash at the surroundings crazily, and the entire power of heaven was suddenly aroused.

The spies of the Dark Demon Sect hidden in the void didn't even have time to let out a scream, and were all killed by Ye Feng as if they were chopping melons and vegetables.

Blood immediately flowed out of the void.

At this moment, Ye Feng suddenly saw a total of six spies of the Dark Demon Cult hidden in the void.

He probably got the news that he had escaped from the Dark Demon Cult and ambushed him here.

But they never thought that Ye Feng's current combat power was so terrifying that they were simply not able to fight against him.

Even though these lurking spies of the dark demon sect have a cultivation level that is a whole level higher than Ye Feng's current Yuanzun realm, and are super masters at the Titan level above the Yuanzun realm, they still cannot stop them. Ye Feng's

After a terrifying attack, Ye Feng killed them all.

At this time, Ye Feng directly released the Devouring Domain and began to devour.

Boom!

The huge amounts of skill were immediately absorbed by Ye Feng.

Ye Feng's cultivation has directly broken through from the ninth level of the Yuanzun Realm to the perfect state of the tenth level of the Yuanzun Realm!

At this time, Ye Feng beheaded all the six demon spies who had infiltrated into the Wanjie Martial Arts Academy.

Then Ye Feng directly carried the six heads and flew towards the central area of Wanjie Martial Arts Academy.

Along the way, everyone saw Ye Feng holding six bloody heads in his hands. They all turned pale with fright. They didn't know why this son of God suddenly went crazy and killed six beings whose identities were unknown. , just holding his head up, dripping with blood, walking in the Ten Thousand Realms Martial Arts Academy, it is really too tough.

After a while, Ye Feng arrived at the door of the ancient temple where Dean Tianshu lived, and walked in without any hesitation.

When Ye Feng walked into the ancient temple, he immediately saw a familiar scene.

Dean Tianshu had his hands behind his back and was staring at a painting on the wall. It was still a very special painting.

The content in the scroll is still a blue planet slowly suspended in the endless dark universe.

Ye Feng's eyes flickered at this time. It seemed that Dean Tianshu missed his hometown very much. He had been staring at this picture and watching it non-stop.

I don't know where this blue planet is in the starry sky of the universe. Even a transcendent existence like Dean Tianshu who is suspected of being the master of Dzogchen cannot find his hometown.

While Ye Feng was thinking secretly, Dean Tianshu suddenly turned around.

When he saw the six heads held in Ye Feng's hand, he immediately smiled slightly and said loudly: "It seems that you helped our Wanjie Martial Arts Academy eliminate six evil spies that infiltrated. Not bad."
