Chapter 3861 Ancient Caves

At this time, Ye Feng stared at Dean Tianshu in front of him, smiled, and said loudly: "Dean, let's settle the score first."

Dean Tianshu looked surprised and said: "What kind of account is it?"

Ye Feng said aloud: "For the first account, I successfully completed the hunting mission of the Dark Trial and hunted down nearly half of the demonic geniuses in the Dark Alliance. I should be able to get this reward, right?"

When Dean Tianshu heard this, he couldn't help but smile and said: "I will go to the upper level of the Righteous Alliance to give you the reward."

"Thank you, Dean."

Ye Feng's eyes immediately lit up, and then continued: "Now let's talk about the second account. This time I helped you, Dean, successfully break into the Dark Alliance, so that your clone, Dean, can directly enter the Dark Yuan. In the place where you live, do you need to be rewarded for this contribution? "

When Dean Tianshu heard this, he immediately couldn't help but shake his head and smile, saying: "You are really a money addict, but you should be rewarded for your merits."

Buzz!

After Dean Tianshu finished speaking, he stretched out his hand to grab the Son of God token from Ye Feng's storage ring.

Then Dean Tianshu pressed his finger fiercely, and a powerful energy was immediately stored in the Son of God Token.

The Son of God token once again emitted white divine light.

Dean Tianshu immediately smiled and said: "The energy in this God's Son Token has been exhausted, but now I have replenished it completely. This is all a reward for you. What are you going to do next?" In dangerous places, this Son of God token can protect you."

Hearing what Dean Tianshu said, Ye Feng's eyes suddenly froze, and he couldn't help but said: "I didn't expect that this God's Son Token can be continuously recharged."

Ye Feng didn't expect this.

But Ye Feng was still very happy.

After all, if this God's Son Token contains the dominant power of Dean Tianshu,

, then it will still be of great help to Ye Feng.

Because Ye Feng knew very well how powerful the energy of Dean Tianshu stored in this Son of God token was.

At this moment, Ye Feng immediately took the Son of God's token happily and carefully placed it in his storage ring. After all, this was Ye Feng's most powerful trump card, and it could be said to be a way to save his life.

Next, Ye Feng continued to speak out: "There is a third account. The six dark demon spies I just killed infiltrated into our Ten Thousand Realms Martial Arts Academy. This dean must give some rewards personally. Well, otherwise I won't have the motivation to eradicate these spies in the future."

Dean Tianshu immediately smiled and stretched out his hand, directly pressed it on the top of Ye Feng's head, and said loudly: "Same as last time, I will give you a skill initiation, which will help you break through the current bottleneck of your cultivation. "

"boom!!"

Almost at this moment, a terrifying energy was injected into Ye Feng's entire body.

Ye Feng immediately sensed that his power was growing at an incredible speed.

"boom!"

Almost at the next moment, Ye Feng's cultivation level immediately broke through, directly breaking through the current bottleneck of cultivation level.

Directly breaking through to the first level of the Giant God Realm above the Yuan Zun Realm!

At this moment, Dean Tianshu took back his palm.

Ye Feng's face was full of joy at this time.

Because Ye Feng didn't expect that Dean Tianshu would give him another power initiation.

If Ye Feng went to find resource breakthroughs on his own, it would probably cost more

A long time.

At this moment, Ye Feng immediately clasped his fists and said, "Thank you, Dean. If there is nothing else, the disciple will leave first."

After Ye Feng finished speaking, Dean Tianshu suddenly moved his eyes and said, "Wait a moment, I have something else to give you."

"Um?"

Hearing what Dean Tianshu said, Ye Feng suddenly showed surprise in his eyes and couldn't help but ask: "Does the Dean have anything else to give me?"

Dean Tianshu smiled slightly, and suddenly took out a book that exuded golden light from his arms, and said aloud: "This time you accidentally entered the Dark Alliance and helped me a lot. I have determined that Dark Yuan Zun Behind it, there is a mysterious force from heaven, which has a very

important reference significance for my next plan. Therefore, I will reward you with a set of my original inheritance called 'Hand of God'. Once used, You have the power of heaven.”

"Hand of God?"

At this moment, Ye Feng took the golden book from the hands of Dean Tianshu, and his eyes suddenly revealed a look of deep surprise.

Ye Feng never thought that a powerful man of Dean Tianshu's level would directly give him such a powerful inheritance.

According to Dean Tianshu, this set of inheritance was created by Dean Tianshu himself, which must be very terrifying.

Because Ye Feng now knows very well that Dean Tianshu is an extremely terrifying existence, possibly even more terrifying than Dark Yuan Zun.

Therefore, the martial arts inheritance created by this transcendent existence is naturally very powerful.

Ye Feng immediately happily accepted this inheritance of the Hand of God, and then left the Ancient Temple directly.

After Ye Feng walked out of the ancient temple, he went directly to the

He quickly flew towards his dormitory, hoping to successfully practice this set of Hand of God.

But before Ye Feng had left for long, a very familiar figure suddenly flew over not far away.

It turned out to be Zhan Cangtian, who had never known Ye Feng before.

Zhan Cangtian is one of the top super geniuses in the Wanjie Martial Arts Academy.

At this moment, Zhan Cangtian immediately flew in front of Ye Feng, couldn't help but widen his eyes, and said loudly: "Brother Ye Feng, you have received such a good fortune this time, and your cultivation level has been improved to this level. What level? We were still a dozen levels behind each other before, but I didn't expect you to be close to my level. It's amazing. It seems like we can have a fair fight at the same level soon."

Obviously, Zhan Cangtian still hasn't forgotten the battle he made with Ye Feng.

Ye Feng just smiled slightly at this moment. He also liked this bold man very much and immediately said: "What do you want from me?"

Zhan Cangtian immediately nodded and said: "I recently received a tip that a very huge ancient cave appeared at the junction of our Righteous Alliance and the Dark Alliance. This ancient cave seems to be from the legendary heaven. A certain cultivating civilization once came to our great world of origin and left behind the remains of the ancient civilization. Now many strong men in our Righteous Alliance and the Dark Alliance have passed by and want to find the legendary heaven from that ancient cave. By chance, I originally wanted to go directly, but I didn't expect to meet Brother Ye Feng. Moreover, Ye Feng's cultivation level has been improved to this level. It is very powerful. You are almost at the same level as me. It just so happens that we can form a team. It's good to have a group to rely on. After all, what we have to face this time is not only the masters of our righteous alliance, but also many powerful demons from the dark alliance. It is very dangerous, but it also means There was a huge chance encounter."

Chapter 3862 The treasure appears

"Ancient crypt?"

At this time, when Ye Feng heard what Zhan Cangtian said, there was a trace of curiosity in his eyes, and then he said, "Okay, then I will go to the ancient cave with you to take a look."

When Zhan Cangtian heard Ye Feng say he wanted to go, he immediately pulled Ye Feng very happily and flew quickly outside.

While walking, Zhan Cangtian couldn't help but said: "Ye Feng, your progress is so fast, and you are very courageous. I heard about you and several other super geniuses from the Righteous Alliance. , directly blended into the dark trial of the Dark Alliance, and hunted down the geniuses of the devil. It was really courageous. Unfortunately, I was practicing a magical skill in seclusion at the time. Otherwise, I would definitely hunt down those geniuses with you. Being a magic genius, it must be a great feeling."

Ye Feng immediately smiled and said: "The danger is also very great. By the way, how are you doing with your magical skills?"

Zhan Cangtian immediately smiled and nodded, and said aloud: "My cultivation has been very successful. My master Zhan Huang personally guided me in retreat and helped me temper my entire body. I am now a complete God of War. My physique has been strengthened, and the God of War blood in my body has been completely stimulated. When I enter the ancient cave, I will find a strong opponent to try. My current fighting power will definitely surprise you, Ye Feng."

Ye Feng immediately smiled and nodded, and then said aloud: "I hope that when I enter the ancient cave this time, I can find good resources and good fortune, so that my cultivation level can be improved again."

Zhan Cangtian said loudly: "That's for sure. Your cultivation has improved so quickly, which means that your luck is very strong. There is definitely no problem. And I also hope that your cultivation will catch up with mine as soon as possible. In this case, we will Let's have a fair fight and see who is stronger." .??.

Hearing what Zhan Cangtian said, Ye Feng just shook his head and smiled, without saying much.

The two were very fast. After leaving the Ten Thousand Realms Martial Arts Academy, they quickly arrived at the border area between the territory of the Righteous Alliance and the territory of the Dark Alliance.

At this time, Ye Feng suddenly saw a stretch of mountains in front of him.

On top of the mountains, there is a huge

The teleportation formation is always shining brightly.

As soon as people enter, they can be transported into a special space.

Zhan Cangtian immediately said: "The teleportation formation at the top of the mountain should be the entrance to the ancient cave. Let's go directly there."

Ye Feng immediately nodded.

Uh-huh! Uh-huh! Uh-huh!

And at this moment, on the land not far away on the other side, several figures filled with demonic aura suddenly flew over.

He is the master of the Dark Alliance.

The aura of cultivation on their bodies is very unfathomable.

When these experts from the Dark Alliance came here, they seemed to want to deal with Ye Feng and Zhan Cangtian.

But as if they felt the terrifying auras on Zhan Cangtian and Ye Feng, these magic masters immediately stopped their thoughts and directly got into the teleportation formation and were teleported into the ancient cave.

Ye Feng spoke up at this time: "We don't want to confront these Dark Alliance masters now, because if we confront them directly now, it will only consume our own strength. The most important thing now is to enter the ancient cave and fight. It is said that all the cultivation resources in the ancient caves have been plundered, which is a big deal. "

When Zhan Cangtian heard what Ye Feng said, he immediately nodded and suppressed the murderous intention in his heart towards the masters of the Dark Alliance.

At this moment, Ye Feng and Zhan Cangtian also landed on the top of that mountain, and then walked into the teleportation formation.

Buzz!

Following a burst of violent space fluctuations, Ye Feng and Zhan Cangtian's figures suddenly disappeared into the teleportation formation.

When the space changed, Ye Feng and Zhan Cangtian immediately realized that they had arrived in an extremely dark world.

The whole world is high

The sky was pitch black, and there were only some glowing plants around, adding some light to the world.

Obviously, this is an ancient catacomb, a real underground world, so it is very dark.

At this moment, Zhan Cangtian immediately said: "Ye Feng, we have to be careful after entering this ancient cave, because murder and robbery may happen at any time. We must not only guard against masters from the Dark Alliance, but also We must beware of the masters from our Righteous Alliance, and even the masters from our own Ten Thousand Realms Martial Arts Academy, because there must be a lot of wealth in the ancient caves, such special ancient inheritance relics, even among companions. It is possible that for the sake of wealth and self-interest, he will directly attack his companions, let alone masters from other forces."

Ye Feng immediately nodded, glanced at Zhan Cangtian, couldn't help but smile and said: "It seems that you have a lot of views on the competition for wealth in such ancient ruins."

Hearing what Ye Feng said, Zhan Cangtian immediately grinned and said, "I also grew up in blood and fire. As long as Ye Feng, you don't stab me in the back."

Ye Feng immediately laughed out loud: "I'm not that shameless. I can't betray my companions. I can't do such a shameless thing."

At this moment, the two of them were talking and laughing, just walking in this ancient cave, trying to see if there were any good opportunities around them.

Zhan Cangtian spoke out at this time: "Ye Feng, why don't we go directly into the deepest part of this ancient catacomb. There is probably nothing of interest to us in the outer area, and a lot of people have already entered this ancient catacomb. If you are a master of the Righteous Alliance or the Dark Alliance, it is estimated that the outer area has been almost raided, and there is nothing good left. "

Hearing what Zhan Cangtian said, Ye Feng thought for a moment, then nodded and said: "You are right. At our current level, ordinary chance creation is indeed unattractive, so let's go directly to this place. The deepest part of the ancient cave, yes, it should be the most dangerous place.

But there must also be the greatest opportunity hidden there. "

Zhan Cangtian nodded immediately, and his whole body was emitting golden light. Every inch of his skin was emitting golden light, and even his hair turned golden, making him feel like he had turned into a golden god of war.

Ye Feng's eyes showed surprise and he couldn't help but said: "Is this your God of War physique?"

Zhan Cangtian nodded immediately, his eyes were shining with gold, and he said loudly: "Now my God of War bloodline has been completely activated. My master helped me activate it, and my physique has also transformed into the ancient God of War physique. Now We are going to the deepest part of the ancient cave, which must be very dangerous, so we naturally have to be ready to attack at any time."

Ye Feng immediately nodded, and then followed Zhan Cangtian and flew directly towards the deep area of the ancient cave.

The further they flew towards the deeper area, the more they found more and more bodies on the ground.

Basically, they are masters from the Righteous Alliance and the Dark Alliance. Of course, there are also some unknown races who have also come here.

Of course, it is also possible that the corpses of these unknown races are the aborigines in this ancient cave.

After all, this ancient cave is said to be a cultivating civilization that came to the world of origin from the legendary heaven. I don't know what happened. After its destruction, the ancient ruins of this ancient cave were left behind.

Therefore, there must be other races of creatures living in this vast ancient cave, most likely remnants of the heavenly realm.

"boom!"

And just when Ye Feng and Zhan Cangtian arrived at the deepest area of the ancient cave.

Suddenly, in a certain direction not far away, a blue beam of light suddenly burst out in the darkness, reaching straight into the sky.

"Look!"

Seeing this scene, Zhan Cangtian's eyes immediately brightened, and he shouted loudly: "Ye Feng, with such a strong vision of heaven and earth, the treasure must have appeared. Let's hurry over and take a look!"

Chapter 3863 Blue Shadow

When Ye Feng heard Zhan Cangtian say this, he immediately nodded and said: "Wait a moment, I will devour all the corpses of the masters I saw on the road."

boom!

At this time, Ye Feng directly began to devour the corpses of masters from various major forces he saw along the way.

You must know that those who can enter this ancient cave have very good cultivation abilities.

So at this time, after Ye Feng swallowed it, his skill immediately increased a lot.

"boom!"

The second level of the giant god realm!

"boom!"

The third level of the giant god realm!

"boom!"

The fourth level of the giant god realm!

At this moment, Ye Feng's cultivation level suddenly broke through the entire third level.

He directly broke through to the fourth level of the Giant God Realm.

It can be said to be a huge improvement.

Zhan Cangtian beside him finally understood why Ye Feng's cultivation level had broken through so quickly.

Zhan Cangtian couldn't help but said: "No wonder your cultivation level was so low before, and you had to go to the Dark Trial to hunt down those demonic geniuses. It seems that you are doing it for the skills of those demonic geniuses."

At this moment, Zhan Cangtian was speaking, his tone full of sighs.

Ye Feng's devouring ability is so rare and terrifying.

Ye Feng just smiled slightly at this time and said loudly: "You don't think I am an evil person, do you?"

"Won't."

Zhan Cangtian immediately shook his head and said, "There are no evil techniques in this world, only evil people."

Hearing what Zhan Cangtian said, Ye Feng immediately grinned and said, "You have a lot of opinions."

Uh-huh! Uh-huh!

At this time, Ye Feng and Zhan Cangtian no longer wasted time, and immediately flew towards the place where the cyan light beam shone in the distance.

The two were very fast, and in less than a moment, they had arrived at the place where the cyan light pillar was shining.

At this moment, two

People immediately saw a cyan light beam rushing out of a huge lake in front of them, reaching straight into the sky. It looked very shocking.

And around this cyan light pillar, among the mountains and jungles, many masters from various forces have already arrived.

There are masters from the Righteous Alliance and there are masters from the Dark Alliance.

At this moment, all the experts were watching from a distance, and no one dared to come closer.

Because in that cyan beam of light, there was an unfathomable-looking shadow. Standing next to a bronze alchemy furnace, it gave people an overwhelming feeling, as if they were seeing an ancient emperor.

At this time, on a big tree nearby, Zhan Cangtian said to Ye Feng beside him: "Ye Feng, I guess this unpredictable shadow is some ancient super strong man. The bronze alchemy furnace must be a good thing, but no one dares to step forward now, because the phantom will of the super strong man has not been completely wiped out. "

Hearing what Zhan Cangtian said, Ye Feng immediately nodded and said, "It seems that all the masters are very afraid of that cyan shadow."

Zhan Cangtian said aloud: "Let's observe and see what other people are doing."

Ye Feng nodded slightly and didn't say much. Instead, he and Zhan Cangtian stood on the big tree and observed silently.

"Uh-huh!"

"Uh-huh!"

At night, some masters around finally couldn't help it anymore.

Several figures, shrouded in black robes and filled with demonic aura, flew quickly towards the middlemost lake.

Obviously, these figures are all masters from the Dark Alliance. Each of them is quite powerful in cultivation. Obviously they can't help it and want to seize the ancient bronze alchemy furnace next to the cyan figure as soon as possible. .

Because everyone can see that the ancient bronze alchemy furnace guarded by the blue shadow must be a very high-end treasure with magical powers.

The mysterious power.

Some people even speculate that this ancient bronze alchemy furnace must be a legendary treasure from the heaven, because this ancient cave contained a cultivation civilization from the heaven.

At this moment, several magic masters rushed around the cyan shadow in an instant, and then flew directly towards the bronze pill furnace.

"boom!"

But the moment these magic masters approached the bronze alchemy furnace, the cyan shadow took action.

I saw this cyan shadow randomly stretching out a hand, and suddenly the spiritual power of heaven and earth condensed into a huge palm, which fiercely bombarded the surroundings.

"Boom!!!"

The moment those magic masters were bombarded by this giant hand of heaven and earth, they couldn't even scream. They were directly bombarded into countless pieces and died miserably on the spot.

"What??"

At this moment, many masters from various major forces around saw this scene, and their eyes suddenly showed deep horror.

"So powerful?"

"It was just a phantom that killed several magic masters in an instant. It was really powerful. The predecessor of this phantom must have been an extremely terrifying super strong man!"

At this moment, all the practitioners present could not help but have deep horror in their eyes.

However, the more powerful this cyan shadow is, the more precious the ancient bronze alchemy furnace next to him will become.

So at this time, not only did everyone not retreat, but they became even more greedy for the bronze alchemy furnace next to the cyan shadow.

Because everyone knows that this bronze alchemy furnace is probably a weapon that can only be forged by a certain advanced cultivation civilization in the legendary heaven. It is very powerful.

As for the cyan shadow, although it was very powerful, it killed several magic masters in an instant.

But everyone can feel that every time this cyan shadow makes a move, the

The energy breath will become much weaker.

So everyone is waiting for the energy in this cyan shadow to drain away as soon as possible, so that they can snatch the bronze pill furnace.

At this time, no one dared to come forward directly for a while, because no one wanted to be the scapegoat.

So everyone can only wait here slowly.

But just when night came, the cyan shadow suddenly moved on its own.

Uh-huh!

He actually took the bronze alchemy furnace beside him and flew directly towards the deep mountain area quickly, as if he wanted to leave here.

"Hurry up and follow!"

At this time, all the experts couldn't sit still and quickly chased in the direction where the cyan shadow left.

But just when they were halfway through the chase, suddenly powerful shadows appeared in the surrounding mountains.

They should all be the ghost bodies left behind by the powerful men who died here.

At this moment, many experts were immediately frightened and wanted to retreat quickly.

"boom!"

"boom!"

"boom!"

But at this time, those ghosts all rushed towards the masters of the major forces, bursting out the power of ghosts, trying to keep all these masters here.

"Fight them!"

At this time, many masters unleashed their powerful powers to fight against these ghosts.

At this moment, Ye Feng and Zhan Cangtian were also among the crowd.

At this moment, the cyan shadow in front, with the bronze alchemy furnace, was about to disappear.

But everyone was blocked by so many ghosts in the mountains and could not catch up with the cyan shadow.

At this moment, Ye Feng immediately looked at Zhan Cangtian beside him and said loudly: "Zhan Cangtian, you cover me, I want to open a space wormhole and catch up with the cyan shadow."

Chapter 3864 From Heaven

Buzz!

At this time, when Zhan Cangtian heard what Ye Feng said, he immediately nodded and directly released his God of War physique, emitting golden light all over his body and shrouding the surroundings, preventing others from getting close to Ye Feng.

At this moment, Ye Feng was running the space gem, opening up a space wormhole directly in front of the two of them.

In an instant, the two of them got in, and when they came out, they immediately moved away from the chaotic battlefield.

At this moment, Ye Feng and Zhan Cangtian saw the cyan shadow in front of them, carrying the bronze alchemy furnace, standing in the deepest part of the mountain range, seeming to be regaining strength here.

At this time, Zhan Cangtian immediately said: "Ye Feng, let's take action quickly. This cyan shadow killed several powerful demons in an instant and spent a lot of power. Now it is recovering its power. We can't let him recover completely and kill him while he's sick."

boom!

At this time, after Zhan Cangtian finished speaking, golden light burst out all over his body, and a halberd suddenly appeared in his hand, and he rushed forward to fight the cyan shadow.

Ye Feng also nodded instantly at this time, and then released his martial arts power on the one hand, and his soul power on the other hand, suppressing the cyan shadow from two levels.

Boom!

At this moment, without any hesitation, the cyan shadow directly stretched out a hand, once again mobilized the power of heaven and earth, condensed a big cyan hand, and bombarded Zhan Cangtian and Ye Feng who were rushing over.

This big green hand was very terrifying and possessed ancient power. It blocked both Zhan Cangtian and Ye Feng in an instant.

"Destroy the sky!"

boom! !

At this moment, Zhan Cangtian directly released his extremely powerful inheritance without any hesitation.

only saw him

After fully stimulating his God of War bloodline, the shadow of a huge golden god suddenly rushed out of his body and appeared around Zhan Cangtian.

Then Zhan Cangtian held the golden halberd in his hand and slashed wildly forward, immediately blasting the big green hand into countless pieces.

At this time, Ye Feng did not hesitate and directly assisted Zhan Cangtian, releasing his extremely powerful power.

Hand of God!

This is the inheritance given to Ye Feng by Dean Tianshu of the Ten Thousand Worlds Martial Arts Academy. It is a terrifying inheritance created by Dean Tianshu himself. It is very terrifying.

"boom!"

At this moment, Ye Feng's palm suddenly turned into a big hand of white light, grabbed it from the sky, just like the palm of the ancient god, full of terrifying destructive power, and suddenly it was fierce. The bombardment hit the cyan shadow in front.

Boom!

This hand of God was so terrifying that it blasted the cyan shadow into countless pieces.

Seeing this scene, Zhan Cangtian immediately laughed out loud: "Finally, I have wiped out the remaining thoughts of this ancient strong man. Ye Feng really has you. The attack just now was too terrifying."

Ye Feng smiled and said: "It's a powerful inheritance passed down to me by the dean himself, called the Hand of God."

"What?"

Hearing what Ye Feng said, Zhan Cangtian was immediately stunned, and then his face suddenly showed an extremely envious look, and he said loudly: "I'm so envious of you. You can actually get the powerful weapon created by the dean himself." "Study inheritance, the dean is really kind to you."

And this

At that time, the two of them were talking and flew directly to the place where the cyan shadow was obliterated in front.

At this time, the ancient bronze alchemy furnace was placed on the ground, silently.

At this moment, Zhan Cangtian stretched out his hand and pressed it on the bronze alchemy furnace. He felt it slightly and said, "It doesn't seem to have any special power. This is an alchemy furnace. I don't need this thing."

Ye Feng said aloud at this time: "Let me give it a try."

After finishing speaking, Ye Feng stretched out a hand and pressed it on the bronze pill furnace. .???.??

Boom!

Ye Feng input his own magic power and suddenly activated the power of this bronze alchemy furnace.

Boom!

Inside the bronze alchemy furnace, a terrifying flame suddenly erupted, as if it were a flame produced out of thin air.

This seemingly ordinary bronze alchemy furnace, when it burns with flames at this moment, is like turning into a legendary divine furnace. It has very terrifying burning power, burning endless flames, endlessly. , eternal.

On the surface of the bronze furnace, four ancient characters actually appeared at this moment: "Qingdi Divine Furnace."

Seeing this scene, Zhan Cangtian immediately widened his eyes and couldn't help but said: "It is such a powerful treasure, the Azure Emperor Divine Furnace. It seems that the green shadow is the terrifying ancient emperor. The shadow of the powerful man left behind is a treasure left by an extremely powerful ancient emperor."

Ye Feng nodded slightly at this time and said aloud: "It seems that only those with the power of fire can control and release the power of this Qingdi Divine Furnace."

When Zhan Cangtian heard what Ye Feng said, he couldn't help but said with great envy.

Said: "Ye Feng, your skill is really special. You can actually change into a flame attribute. You are really the most powerful genius I have ever seen. Now I am a little convinced. Why did the dean

say that in those years?" When you were so weak, you were chosen as the divine son of our Ten Thousand Realms Martial Arts Academy. It turns out that the dean has long been far-sighted and saw your endless potential in the future."

While Zhan Cangtian was talking, Ye Feng had already put the Qing Emperor Divine Furnace into his body and completely refined it.

Emperor Chu suddenly spoke up at this time: "Qing Emperor seems to be a very powerful super power in the heaven. Unexpectedly, he would fall into the world of origin, and the Qing Emperor Divine Furnace also flowed here."

Hearing what Emperor Chu said, Ye Feng's eyes suddenly moved and he couldn't help but ask in his mind: "Emperor Chu, do you actually know a big shot in heaven?"

Emperor Chu nodded slightly in his mind and said aloud: "It's the memory from the memory fragments that I recently awakened."

Hearing what Emperor Chu said, Ye Feng couldn't help but widen his eyes immediately, and said in his mind: "Emperor Chu, you actually know the big shots in heaven? Could it be that your true origin comes from heaven, from legends? That supreme interface."

Emperor Chu was silent for a moment in his mind, and then said aloud: "That may be the case, otherwise I would not have awakened the memory fragments about the heaven."

After Emperor Chu finished speaking, Ye Feng had deep excitement in his eyes. If Emperor Chu really came from the legendary heaven, it would definitely be of great help to his future.

While Ye Feng and Emperor Chu were talking in their minds, Zhan Cangtian beside him seemed to have seen something, and couldn't help but exclaimed: "Ye Feng, look! Deep in this mountain range, There seems to be a continuous line of ancient buildings. Could it be that the depth of this mountain range was the location of the base camp of the heavenly cultivation civilization? "

Chapter 3865 Puppet Civilization

At this moment, when he heard what Zhan Cangtian said next to him, Ye Feng's eyes suddenly lit up and he couldn't help but said: "Since there are a series of ancient buildings deep in the mountains, maybe it really is When heaven came to the base of the heavenly cultivation civilization in our origin world, we hurried over to take a look. Now a large group of strong men and masters outside are entangled by those ghosts. Now it is we who are looking for This is a good opportunity created by chance, and no one is trying to snatch it from us."

Zhan Cangtian immediately nodded excitedly, and flew quickly towards the depths of the mountains ahead with Ye Feng.

When they rounded a mountain, they saw a large number of buildings deep in the mountain range.

Each building is towering into the sky, looking very majestic and magnificent.

From this we can see the glory of this cultivation civilization back then.

But now they are all turned into ancient ruins and ruins.

I don't know what this cultivation civilization went through back then.

There was a look of surprise in Ye Feng's eyes at this moment. It seemed that the Qing Emperor was probably also a strong person in this cultivation civilization.

At this moment, Ye Feng and Zhan Cangtian immediately rushed into this ancient ruins of the cultivation civilization from the heaven.

Zhan Cangtian immediately said: "Ye Feng, let's search separately. This way we won't waste time. When the masters who are haunted by ghosts come over, we won't be so relaxed."

Ye Feng immediately nodded and said: "Okay, let's split up and plunder all the chance creations in the entire ancient ruins. Let's not look for some small wealth. Time is limited and it's not cost-effective. , the masters who are haunted by ghosts behind the scenes may come at any time and plunder the important and valuable wealth first."

"you're right."

Zhan Cangtian nodded immediately and flew quickly to the left.

Uh-huh!

Ye Feng was flying towards the right at this moment.

On the way to fly, Ye Feng directly released his huge soul power, began to cover the surroundings, and then began to look for various opportunities that might be hidden in this ancient ruins.

However, Ye Feng also remained vigilant. After all, this kind of cultivation civilization from the heaven must be very terrifying.

Although their cultivation civilization has become an ancient relic and a ruin, there may be huge dangers lurking, so they must remain vigilant at all times.

Only in this way can we make a calm response at any time before the crisis arrives.

After all, Ye Feng knows very well that there are many dangers in such ancient ancient ruins. Some experts may be too confident and eventually fail to be vigilant and die in such ancient ruins. This is also the case Very common.

Buzz!

At this time, Ye Feng exudes his soul power, which can not only find wealth, but also provide early warning.

Sure enough, just when Ye Feng came to the periphery of this building, suddenly a monster with a faint green light flew out from the ruins of a palace not far away, and rushed directly towards Ye Feng. He came and opened his bloody mouth full of fangs to bite Ye Feng to death.

Boom! \u003c

br\u003e

At this moment, Ye Feng directly punched out with a fierce punch, which instantly hit the dark green monster and directly shattered the dark green monster.

However, this green monster had no blood energy, and after being broken into pieces, it turned into stone-like fragments.

Ye Feng's eyes suddenly froze, and he couldn't help but murmured, "It turns out to be a specially made puppet."

This dark green monster turned out to be a very special kind of puppet, not a real creature.

Ye Feng suddenly showed a hint of surprise in his eyes, because this green monster looked like a real creature.

It seems that this cultivation civilization from the heaven is indeed very advanced. It makes the puppets vivid and lifelike, just like real creatures.

Ye Feng couldn't help but guess that this ancient civilization that came from heaven and came to the world of origin was likely to have huge research on the puppets.

At this time, Ye Feng's brows suddenly wrinkled.

A cultivation civilization like this that specializes in the study of puppets must be very terrifying. Even if this cultivation civilization is destroyed, it is very likely that there will be many powerful combat puppets left behind, which are very difficult to deal with.

Because fighting puppets don't know pain and are not afraid of death, they are very difficult to deal with.

At this time, Ye Feng did not hesitate and directly released the Dark Gu Insect King that he had obtained before from the storage ring.

There was no one else here. Ye Feng released the Dark Gu Insect King and was not afraid that others would see it and become suspicious.

At this moment, the Dark Gu Insect King flew out of Ye Feng's storage ring.

The Dark Gu Insect King is now very powerful. Even Ye Feng doesn't know what level the Dark Gu Insect King is now.

However, no matter how powerful the Dark Gu King is, it will always obey Ye Feng's orders.

At this moment, the Dark Gu Insect King, with an insect body of more than ten meters, was floating directly beside Ye Feng, like a loyal bodyguard.

Ye Feng spoke up at this time: "King of Dark Gu Insects, please don't take the initiative next time. You will only take action when danger is close to me. Your only responsibility now is to protect my safety at all times."

The Dark Gu Insect King immediately nodded the little insect's head.

At this moment, Ye Feng had a smile on his face.

Because there are terrifying and vicious bugs like the Dark Gu Insect King to protect your own safety, you can safely search for the wealth hidden in this ancient ruins without worrying about being in danger.

Because if there is a danger that even the Dark Gu Insect King cannot deal with, then he will definitely not be able to deal with it, and he will have no choice but to run away.

At this moment, with the Dark Gu Insect King protecting him around him, Ye Feng immediately flew towards a building below.

Because Ye Feng had just sensed that there was a very mysterious energy fluctuation in the collapsed palace under his feet at this moment, which might be good wealth.

After all, this ancient ruins came from a spiritual civilization in the legendary heaven, and its wealth and resources must be very high-end. Ye Feng is naturally looking forward to it. At this moment, when he heard what Zhan Cangtian said next to him, Ye Feng's eyes suddenly lit up and he couldn't help but said: "Since there are a series of ancient buildings deep in the mountains, maybe it really is. When heaven came to the base of the heavenly cultivation civilization in our origin world, we hurried over to take a look. Now a large group of strong men and masters outside are entangled by those ghosts. Now it is we who are looking for. This is a good opportunity created by chance, and no one is trying to snatch it from us."

Zhan Cangtian immediately nodded excitedly, and flew quickly towards the depths of the mountains ahead with Ye Feng.

When they rounded a mountain, they saw a large number of buildings deep in the mountain range.

Each building is towering into the sky, looking very majestic and magnificent.

From this we can see the glory of this cultivation civilization back then.

But now they are all turned into ancient ruins and ruins.

I don't know what this cultivation civilization went through back then.

There was a look of surprise in Ye Feng's eyes at this moment. It seemed that the Qing Emperor was probably also a strong person in this cultivation civilization.

At this moment, Ye Feng and Zhan Cangtian immediately rushed into this ancient ruins of the cultivation civilization from the heaven.

Zhan Cangtian immediately said: "Ye Feng, let's search separately. This way we won't waste time. When the masters who are haunted by ghosts come over, we won't be so relaxed."

Ye Feng immediately nodded and said: "Okay, let's split up and plunder all the chance creations in the entire ancient ruins. Let's not look for some small wealth. Time is limited and it's not cost-effective. , the masters who are haunted by ghosts behind the scenes may come at any time and plunder the important and valuable wealth first."

"you're right."

Zhan Cangtian nodded immediately and flew quickly to the left.

Uh-huh!

Ye Feng was flying towards the right at this moment.

On the way to fly, Ye Feng directly released his huge soul power, began to cover the surroundings, and then began to look for various opportunities that might be hidden in this ancient ruins.

However, Ye Feng also remained vigilant. After all, this kind of cultivation civilization from the heaven must be very terrifying.

Although their cultivation civilization has become an ancient relic and a ruin, there may be huge dangers lurking, so they must remain vigilant at all times.

Only in this way can we make a calm response at any time before the crisis arrives.

After all, Ye Feng knows very well that there are many dangers in such ancient ancient ruins. Some experts may be too confident and eventually fail to be vigilant and die in such ancient ruins. This is also the case Very common.

Buzz!

At this time, Ye Feng exudes his soul power, which can not only find wealth, but also provide early warning.

Sure enough, just when Ye Feng came to the periphery of this building, suddenly a monster with a faint green light flew out from the ruins of a palace not far away, and rushed directly towards Ye Feng. He came and opened his bloody mouth full of fangs to bite Ye Feng to death.

Boom! \u003c

br\u003e

At this moment, Ye Feng directly punched out with a fierce punch, which instantly hit the dark green monster and directly shattered the dark green monster.

However, this green monster had no blood energy, and after being broken into pieces, it turned into stone-like fragments.

Ye Feng's eyes suddenly froze, and he couldn't help but murmured, "It turns out to be a specially made puppet."

This dark green monster turned out to be a very special kind of puppet, not a real creature.

Ye Feng suddenly showed a hint of surprise in his eyes, because this green monster looked like a real creature.

It seems that this cultivation civilization from the heaven is indeed very advanced. It makes the puppets vivid and lifelike, just like real creatures.

Ye Feng couldn't help but guess that this ancient civilization that came from heaven and came to the world of origin was likely to have huge research on the puppets.

At this time, Ye Feng's brows suddenly wrinkled.

A cultivation civilization like this that specializes in the study of puppets must be very terrifying. Even if this cultivation civilization is destroyed, it is very likely that there will be many powerful combat puppets left behind, which are very difficult to deal with.

Because fighting puppets don't know pain and are not afraid of death, they are very difficult to deal with.

At this time, Ye Feng did not hesitate and directly released the Dark Gu Insect King that he had obtained before from the storage ring.

There is no one else here. Ye Feng releases the Dark Gu Insect King, and he is not afraid that others will see it and become suspicious.

At this moment, the Dark Gu Insect King flew out of Ye Feng's storage ring.

The Dark Gu Insect King is now very powerful. Even Ye Feng doesn't know what level the Dark Gu Insect King is now.

However, no matter how powerful the Dark Gu King is, it will always obey Ye Feng's orders.

At this moment, the Dark Gu Insect King, with an insect body of more than ten meters, was floating directly beside Ye Feng, like a loyal bodyguard.

Ye Feng spoke up at this time: "King of Dark Gu Insects, please don't take the initiative next time. You will only take action when danger is close to me. Your only responsibility now is to protect my safety at all times."

The Dark Gu Insect King immediately nodded the little insect's head.

At this moment, Ye Feng had a smile on his face.

Because there are terrifying and vicious bugs like the Dark Gu Insect King to protect your own safety, you can safely search for the wealth hidden in this ancient ruins without worrying about being in danger.

Because if there is a danger that even the Dark Gu Insect King cannot deal with, then he will definitely not be able to deal with it, and he will have no choice but to run away.

At this moment, with the Dark Gu Insect King protecting him around him, Ye Feng immediately flew towards a building below.

Because Ye Feng had just sensed that there was a very mysterious energy fluctuation in the collapsed palace under his feet at this moment, which might be good wealth.

After all, this ancient ruins came from a cultivation civilization in the legendary heaven, and its wealth and resources must be very high-end. Ye Feng is naturally looking forward to it.

Chapter 3866 Pagoda

Uh-huh!

At this moment, Ye Feng did not hesitate and flew quickly towards the collapsed palace in an instant.

When Ye Feng arrived at the collapsed palace, he immediately saw a small token shining faintly among the ruins of the palace.

This small token is a golden token. It looks very ancient and noble. It has not corroded after so many years, which means it is very precious.

At this time, Ye Feng knelt down and took the small golden token into his hand.

Buzz!

But the moment Ye Feng took the golden token into his hand, the golden token suddenly began to shine brightly.

Uh-huh!

The next moment, the golden token escaped from Ye Feng's hand and flew quickly in a certain direction.

"Um?"

Seeing this scene, Ye Feng's eyes were suddenly startled, and he quickly followed the golden token and flew in a certain direction of this ancient ruins.

Because Ye Feng felt that this token might be guiding something.

Soon Ye Feng came to the place where the golden token guided him.

This is already a very deep place with ancient ruins.

At this moment, a huge pagoda appeared in front of him.

This pagoda is incompatible with the surrounding buildings.

Because the surrounding buildings basically collapsed and became like ruins.

But this pagoda stands in place and looks very majestic. It seems that it has existed for eternity and has not decayed or collapsed.

At this moment, Ye Feng's eyes immediately lit up.

This ancient pagoda is certainly something extraordinary.

At this moment, Ye Feng also saw that after the token flew out of his hand, it flew directly to the door of the pagoda, and then directly entered a groove on the door of the pagoda.

Buzz!

As soon as this token entered the groove of the pagoda gate, the entire pagoda gate suddenly opened slowly.

then leaves

Feng saw it, and there was a bright light shining inside the pagoda.

Ye Feng immediately walked in with bright eyes, and immediately saw that there were nine floors of space in this pagoda.

On the first floor of this pagoda, all the bright crystals are placed.

The energy aura emitted by these crystals was very pure, giving Ye Feng the feeling that it was like the purest heaven and earth energy between heaven and earth, condensed into heaven and earth crystals.

"These seem to be energy crystals from heaven." Suddenly Emperor Chu spoke in his mind.

"The energy crystal of heaven?"

When Ye Feng heard what Emperor Chu said, there was a hint of surprise in his eyes.

Then Ye Feng's eyes suddenly revealed a look of deep surprise.

In this way, the energy contained in these crystals is the energy of the heaven. It is absolutely very high-grade and pure. It is definitely much larger and more advanced than the various mineral veins that Ye Feng devoured in the world of origin.

At this moment, Ye Feng did not hesitate and looked around quickly.

He discovered that there were a dozen boxes on the first floor of the pagoda.

Each box contains such radiant crystals. These are all heaven and earth energy crystals, which really makes Ye Feng extremely happy.

In this case, heaven did exist back then, but it is difficult to find it now.

At this moment, Ye Feng did not hesitate, and immediately released the devouring domain, covering all the energy crystals of the heavens on the first floor of the pagoda in his devouring domain, and quickly devoured these crystals. The energy in it.

Ye Feng even speculated at this time that this pagoda was probably the place where the cultivation civilization stored its wealth.

At this moment, Ye Feng could feel that streams of very pure and high-level energy were immediately injected into his body, making Ye Feng immediately feel that his power was rapidly increasing.

continues to grow.

You know, these crystals are all condensed from the purest energy in the heaven, so they are naturally very huge.

At this moment, Ye Feng's cultivation momentum immediately began to grow rapidly and continuously.

"boom!"

The fifth level of the giant god realm!

"boom!"

The sixth level of the giant god realm!

"boom!"

The Seventh Heaven of the Giant God Realm!

"boom!"

The eighth level of the giant god realm!

"boom!"

The ninth level of the giant god realm!

At this time, Ye Feng's cultivation level immediately improved at an unparalleled rate.

At this moment, Ye Feng had absorbed all the energy in the crystals, and his cultivation level suddenly reached the ninth level of the Giant God Realm. This was a huge improvement, which made Ye Feng extremely happy.

Uh-huh!

Ye Feng didn't hesitate and flew directly towards the second floor of the pagoda.

When Ye Feng arrived at the second floor of the pagoda, he immediately saw a lot of inheritance books placed on the second floor.

Ye Feng's eyes lit up immediately.

This pagoda seems to be the place where the wealth of the cultivating civilization was stored.

The first layer is all crystal stones containing pure energy, which may be specially used for the cultivation of the disciples of that cultivating civilization.

On the second floor of this pagoda, there are piles of inheritance books, which must be the place where the ancient inheritance left by the cultivation civilization back then.

So at this moment, Ye Feng did not hesitate and started to put all these inheritance books into his storage ring.

Ye Feng does not have time to learn these inheritances now, because Ye Feng still has to hurry up to find the wealth in the third floor of the pagoda.

You know, the group of masters from the major forces behind them are haunted by many ghosts, but they will eventually come here, so time is limited now.

Ye Feng put all the inheritance books on the second floor into the storage ring and went directly to the third floor of the pagoda.

When Ye Feng entered the third floor of the pagoda, his eyes were suddenly stunned.

Because on the third floor of the pagoda, there are actually puppets that look very powerful.

However, these puppets cannot move now. It seems that they have not been activated yet. They were just cast and placed here.

Without any hesitation, Ye Feng directly put all these puppets into his storage ring.

Because Ye Feng discovered that these puppets should be powerful combat puppets cast by this cultivation civilization, and their combat power must be very terrifying.

There are hundreds of puppets in total, all made of steel and look very strong.

Ye Feng got these hundreds of puppets, which was equivalent to getting an army that was not afraid of death.

There are huge benefits when fighting in groups.

Uh-huh!

Then Ye Feng happily continued to fly towards the fourth floor of the pagoda.

But just when Ye Feng arrived at the door of the fourth floor of the pagoda and had not yet entered.

Boom!

Suddenly the wall of the pagoda was shattered by a terrifying force.

Then a young man with blood all over his body appeared in front of Ye Feng.

This seems to be a super master in the Dark Alliance who came here in advance and discovered the place of this pagoda.

At this moment, this young man with blood all over his body immediately stared at Ye Feng and couldn't help but said in surprise: "Where did you come from? You can actually find this pagoda where wealth is stored in a practicing civilization." Land? Logically speaking, only we, the Dark Demon Cult, have control over the map of this place."

Ye Feng's eyes suddenly moved when he heard what this bloody young man said.

It seems that behind the Dark Demon Cult, there is really the support of mysterious beings from heaven.

Otherwise, it would be impossible for the strong men of the Dark Demon Cult to hold the map of the ruins of this cultivation civilization from the heaven.

Chapter 3867 Searching the Map

Buzz!

The aura of cultivation exuding from this bloody young man from the Dark Demon Sect was very terrifying.

Astonishingly, he is a strong man in the Cave Void Realm above the Giant God Realm!

But Ye Feng's eyes showed no fear at all.

Because the Dark Gu Insect King is still suspended behind Ye Feng.

Moreover, even if there is no Dark Gu Insect King, Ye Feng is not afraid of this strong man who is only one level higher than himself.

At this moment, Ye Feng showed a trace of interest in his eyes, and said loudly: "So, in your hand, you have this map of the relics of the cultivation civilization from the heaven?"

Ye Feng was speaking at this time, with a hint of brightness in his eyes.

If this master of the Dark Demon Cult has a map of the ancient ruins of the heavenly cultivation civilization in his hand, then if he snatches it, it will definitely be of great benefit to him, as he will not have to blindly search for all kinds of wealth.

"Hahaha!"

At this time, the master of the Dark Demon Cult immediately burst out laughing, then smiled sarcastically and said, "I don't know who gave you the confidence to say such arrogant things. It's really ridiculous!"

Obviously, this master of the dark demon sect didn't take Ye Feng seriously at all.

Because in his eyes, Ye Feng's cultivation level was a whole level lower than his.

Moreover, this master of the Dark Demon Cult is a very powerful genius among the Dark Demon Cult, and his combat power is very terrifying.

So he simply felt that Ye Feng was telling lies.

At this moment, Ye Feng just smiled faintly and said: "If you think I am talking big words, then you can try to attack me."

"Arrogant!"

Hearing what Ye Feng said, this black man

The master of the Dark Demon Cult immediately said sarcastically: "Okay, then I will crush you to death in an instant to let you know what real power is."

Boom!

Almost at this moment, the master of the dark demon sect flew in front of Ye Feng, and the blood all over his body burst into a brilliant state, and suddenly a bloody claw was condensed, full of terrifying tearing energy. The cracking and destructive power was directed towards the top of Ye Feng's head, trying to tear Ye Feng into pieces.

Ye Feng just smiled faintly at this moment and did not even let the Dark Gu Insect King take action.

Ye Feng directly stretched out a hand and displayed the inheritance taught to him by Dean Tianshu, the Hand of God.

Boom!

At this moment, Ye Feng's attack was able to activate the power of the rules of heaven and earth. A huge white light hand condensed directly in front of Ye Feng, and collided with the bloody claws released by the master of the dark demon sect. .

Boom!

At this moment, a terrifying roar suddenly sounded.

"Click, click!"

And almost at the next moment, the bloody claws condensed by the master of the Dark Demon Cult were shattered by Ye Feng's white light hand.

"What?"

"How can this be!!"

At this moment, the master of the dark demon sect couldn't help but change his expression.

He said in horror: "Your cultivation level is a whole level lower than mine, and I am also a super genius in the dark demon sect.

I can leapfrog and kill beings who are more powerful than me, but you can still block my attack. How is this possible? Are you the top genius of a super powerful force in the Righteous Alliance? "

Hearing what the master of the Dark Demon Cult said, Ye Feng just smiled faintly and said, "You don't need to know this, you just need to know that you are dead."

Boom!

Almost at this moment, Ye Feng immediately rushed in front of the master of the dark demon sect, and then continued to use the hand of heaven.

Boom!

A big hand of white light immediately struck the master of the Dark Demon Cult.

"Click" sound!

The head of this master of the dark demon sect was directly smashed by Ye Feng, and he was killed instantly without any chance of resistance.

"Hmph, you don't overestimate your capabilities."

At this time, Ye Feng looked at the corpse of the dark demon cult master in front of him and suddenly smiled coldly.

Now that Ye Feng's strength continues to improve, ordinary masters from major forces are nothing in front of Ye Feng. Ye Feng can kill them with a wave of his hand.

Buzz!

At this time, Ye Feng released the devouring domain and directly devoured all the blood and energy of the master of the dark demon sect.

Ye Feng's cultivation level immediately achieved a breakthrough.

From the ninth heaven of the Giant God Realm, he directly broke through the first heaven, and broke through to the Great Perfection level of the tenth heaven of the Giant God Realm.

At this moment, Ye Feng did not hesitate and started searching for the storage ring of this master of the Dark Demon Cult.

Sure enough, Ye Feng found an ancient map from the storage ring of this dark demon master.

Ye Feng took out this map, and it turned out to be a map of the ruins of this ancient civilization. It marked many places where precious things were buried.

At this moment, Ye Feng's eyes immediately lit up, he carefully collected the map, and then continued to fly towards the top of the pagoda.

Next, Ye Feng got a lot of good things from each floor of the remaining pagoda, including many powerful puppets, some weapons and armors, and of course many inheritance books, but most of the inheritance, Ye Feng didn't like it.

After all, Ye Feng's current inheritance is very powerful. Ye Feng can no longer look down on ordinary inheritance.

After Ye Feng had plundered all the wealth in the pagoda, he left the pagoda directly, and then took out the map he had plundered from the storage ring of the Dark Demon Cult master.

Ye Feng took a closer look and found that the nearest marked place to him was somewhere in the southwest.

Uh-huh!

Ye Feng immediately flew quickly in that direction.

At this time, Ye Feng no longer needs to use his soul power to explore, it is really a waste of time.

He can directly check the important locations marked on this map one by one.

On the way to the marked place, Ye Feng couldn't help but sigh in his heart. The Dark Demon Cult received help from the mysterious existence in the heaven. It was indeed like God's help. No wonder it was able to expand crazily in the world of origin in a short period of time. The scope of his own territory has defeated many of the top powers in the Origin World.

The reason why this dark demon sect has developed so powerfully is that, in addition to the terror of the Dark Yuan Zun, the most important point is the support given to the dark demon sect by a mysterious force in the heaven.

Chapter 3868 Ancient Sacred Mountain

At this time, Ye Feng immediately flew quickly towards the first place marked on the map.

Ye Feng was very fast and arrived at the first marked location on the map in a blink of an eye.

When Ye Feng came here, he immediately saw a huge palace.

This palace has several floors.

In each layer, there are actually strange beasts in captivity, which look very ferocious. ??

"This seems to be the breeding ground for this cultivation civilization back then."

At this moment, Ye Feng looked at the various grotesque monsters and beasts kept in the layers of space in the palace in front, with a hint of bright color in his eyes.

It is estimated that each of these monsters and beasts were raised by a cultivating civilization back then. They must all be very advanced and powerful, with very abundant blood and energy.

The reason why they are marked on this map is probably because the masters of the Dark Demon Cult want to take these monsters and beasts back and train them into an army of monsters and monsters.

But Ye Feng doesn't need training at all.

What Ye Feng needs is to devour, improve his skills, and be promoted to the top powerhouse in the Origin World as soon as possible.

When the time comes, we will have a lot of confidence when facing the Dark Demon Cult and the Dark Alliance.

Uh-huh!

So at this time, Ye Feng didn't hesitate at all. He didn't even bother to train these so-called demonic beasts. He just rushed forward and released the Devouring Domain, covering the entire palace.

The demons and beasts in this palace are all very ancient, and their blood energy is very majestic. They are still alive and roaring in it, but they cannot break out of the blockade of this palace.

So at this time, he could only be sucked to death by Ye Feng using the Devouring Domain.

"Rumble..."

At this time, streams of very majestic blood energy were immediately injected into Ye Feng's body, causing the skill in Ye Feng's dantian to be rapidly improved.

At this moment, Ye Feng's cultivation aura immediately began to break through.

"boom!"

The next moment, Ye Feng's body suddenly burst out with an extremely powerful cultivation aura.

Ye Feng's cultivation of the Great Perfection in the Tenth Level of the Giant God Realm

Because, he finally made a breakthrough, directly breaking through to the Half-step Cave Void Realm.

At this moment, his cultivation suddenly reached a breakthrough, and Ye Feng suddenly felt that his skill had increased a lot.

It is indeed a powerful realm above the giant god realm!

"Uh-huh!"

At this moment, Ye Feng did not hesitate and continued to fly quickly towards the second marked place according to the map.

When Ye Feng arrived at the second marked place, he immediately saw a very shocking scene.

I saw a giant dragon covered with red scales, which seemed to be the legendary fire dragon with flame attributes. Its huge body was trapped in an underground ruin by countless black chains, and it was roaring.

At this time, Ye Feng came here, and the fire dragon immediately roared: "Boy, obey my order and let me out. I will give you the supreme opportunity to create good fortune, otherwise, I will let you Death without a burial place!"

Ye Feng immediately shook his head at this time and said loudly: "I don't need your luck, and your threats have no meaning to me. I only need your blood and energy."

boom!

At this time, Ye Feng did not hesitate and directly released the Devouring Domain, immediately covering the fire dragon.

The fire dragon immediately felt that the power in his entire body was passing quickly, and was swallowed up by the devouring domain released by Ye Feng.

At this moment, Ye Feng's eyes showed deep excitement.

It seems that the places marked on this map are all masters of the Dark Demon Cult, who want to tame various demons and beasts raised by these practicing civilizations and bring them back to increase the power of the Dark Demon Cult.

But for Ye Feng, these monsters and beasts are huge wealth resources in themselves.

Because all these monsters and beasts are trapped by the locks.

Ye Feng directly releases the Devouring Domain, which can devour the energy of these demonic beasts alive.

At this moment, the fire dragon immediately felt that the energy of the entire body was passing rapidly, and the vitality was also rapidly passing away.

He quickly disappeared and was absorbed by Ye Feng.

The fire dragon immediately screamed in horror: "Who are you, kid? How do you know such evil skills?"

Ye Feng didn't bother to say anything at this time and just forcefully sucked the fire dragon dry.

The huge power of the fire dragon immediately gave Ye Feng an unparalleled improvement in his skills.

boom! !

Ye Feng directly broke through a big realm.

From the half-step of Dongxu Realm, he directly broke through to the first level of Dongxu Realm!

At this time, Ye Feng's cultivation had completely broken through to a new and powerful level in the Cave Realm. He could immediately feel that his combat power had been increased unparalleled. Compared with when Ye Feng first entered this ancient cave, he didn't know what to do. How many times more powerful.

Ye Feng's eyes were full of excitement, and he continued to fly quickly towards the third mark according to the guidance on the map.

The third mark is the last mark on this map, Ye Feng thought in his heart, hoping not to let himself down.

When Ye Feng arrived at the third marked place, Ye Feng instantly saw that there were already many masters gathered here.

This seems to be the most central location in this ancient cave. A huge mountain appears in front of it.

This mountain has a total of eighteen floors from the foot of the mountain to the top.

At this moment, Ye Feng came here and walked into the crowd.

Because he found that all the masters did not go directly to that extraordinary-looking mountain.

Ye Feng immediately saw that the corpses of many masters had appeared around the mountain. They might have rushed into the mountain and were wiped out by some mysterious power, so many masters around him did not dare to continue. Moved forward.

"I don't believe in evil anymore!"

At this time, after all, some highly skilled people were bold enough to fly directly towards the eighteen-story mountain in front of them.

They wanted to go directly to the top area of the mountain, because at the top of the mountain, on the top of the mountain, there was a nine-color divine light.

To be able to have nine-color divine light, it must be said

It turns out that there is something very precious hidden on the top of this mountain. It may be the result of supreme chance, which naturally makes all the masters flock to it.

Buzz!

But just when these experts approached the mountain, they were directly suppressed by an inexplicable force to the lowest level of the mountain, which was the first level.

Uh-huh!

Next, these masters wanted to force their way into the top floor, but when they were halfway through the flight, they were directly struck into countless pieces by a bolt of lightning from the sky.

"hiss!"

"Those were several powerful Hexu realm masters who were above the Dongxu realm! They were wiped out in such an instant!"

Seeing this scene, everyone couldn't help but look horrified in their eyes.

Some experts couldn't help but said: "This seems to be a trial place for ancient cultivation civilization. This mountain seems to be an ancient sacred mountain. It has a total of eighteen layers. Only from the first layer, layer by layer Only by reaching the 18th floor can one have a chance to gain access to the chance blessings on the top of this ancient sacred mountain. If one were to forcefully fly to the top of the mountain from outside, he would be killed by the power of this ancient sacred mountain's formation. die!"

Hearing what this master said, everyone present couldn't help but have a look of surprise in their eyes.

Uh-huh! Uh-huh! Uh-huh!

At this moment, all the masters no longer hesitated and flew quickly towards the first level of this ancient sacred mountain, preparing to reach the top level one after another.

Because everyone is very interested in the mountain top that exudes nine colors of light.

They knew that there must be a huge opportunity created by the incredible ancient cultivation civilization on the top of that mountain, otherwise it would not be possible to emit the strong nine-color divine light.

"Uh-huh!"

Seeing this scene at this moment, Ye Feng did not hesitate at all. He followed the others and flew directly towards the first level of this ancient sacred mountain.

Because this place is the last marked place on the map and is the key marked place, it shows that this ancient sacred mountain is absolutely extraordinary and a place that hides huge opportunities and creations.

Especially the place on the top of the mountain that exudes nine-color light must be a huge treasure, and may contain unique treasures!

Chapter 3869 Divine Light Fragments

Uh-huh!

When Ye Feng followed the others and flew to the first level of the ancient sacred mountain, he instantly saw that the space on the first level was larger than imagined.

At this time, Ye Feng and everyone in the first-level space immediately saw a door emitting golden light at the end of the first-level space.

"That should be the door leading to the second level of this ancient sacred mountain!"

Among the crowd, an expert suddenly couldn't help but said in surprise.

"Hurry over!"

Everyone burst out with their own strength and flew quickly towards the portal leading to the second level of the sacred mountain.

Buzz!

But at this moment, all of a sudden, phantoms of divine light condensed in the surrounding space.

Each of these divine light shadows and their cultivation auras were very powerful, and they instantly killed several masters at the front.

"What a powerful divine light puppet!"

Everyone couldn't help but exclaimed in surprise.

Because these divine light shadows are entirely composed of energy bodies, they are not afraid of death or pain, and are very difficult to deal with.

"boom!"

And the most terrifying thing is that when many masters killed and smashed the divine light puppets composed of energy bodies, the broken divine light puppets turned into energy fragments

and were reassembled together again, becoming a brand new The divine light puppet continued to kill everyone, still having super fighting power.

"What??"

"These divine light puppets cannot be killed at all!"

"Yes! After it is smashed, those energy fragments will re-condensate into a brand new divine light puppet, which is invincible!"

At this moment, after seeing this scene, many experts stopped fighting with these divine light puppets, and quickly flew towards the portal at the end of the first layer of space, hoping to enter the second layer as soon as possible. .

\u003c

br\u003e If we continue to waste time on this first level of space with these unbeatable divine light puppets, let alone breaking into the 18th and highest level of this ancient sacred mountain, I am afraid that we will soon die of exhaustion on this first level. layer.

So at this time, the hundreds of masters who entered the first level of this ancient sacred mountain realized this, and almost without any hesitation, they simply did not want to fight to the death with those divine light puppets, and directly moved towards Tongtong. Fly quickly to the portal on the second floor.

It seems that the first level of space in this ancient sacred mountain tests the endurance of intruders.

But at this moment, Ye Feng did not fly directly towards the portal leading to the second layer of space.

Because after Ye Feng smashed these divine light puppets, those divine light fragments had no time to re-condensate into new divine light puppets, and were directly swallowed by Ye Feng.

After Ye Feng kills a divine light puppet, he will directly release the Devouring Domain, covering all the divine light fragments after the divine light puppet was shattered, and then swallowing them.

"boom!"

"boom!"

"boom!"

At this time, when everyone was rushing to fly towards the second floor.

Ye Feng stayed on the spot and quickly killed the divine light puppets one by one.

After every kill, Ye Feng can get a huge amount of energy.

Because you must know that these divine light puppets are puppets condensed from the power in the ancient sacred mountains.

Therefore, the power contained in the broken fragments of divine light is particularly pure.

After Ye Feng devoured it, his cultivation level naturally increased tremendously.

Ye Feng just broke through the first layer of the cave virtual realm

His cultivation level immediately began to make breakthroughs extremely quickly.

"boom!"

The second level of Dongxu Realm!

"boom!"

The third heaven of Dongxu Realm!

"boom!"

The fourth level of Dongxu Realm!

After Ye Feng killed many divine light puppets, his cultivation suddenly broke through the third level.

Breaking through directly from the first level of Dongxu Realm to the fourth level of Dongxu Realm, Ye Feng suddenly showed deep excitement in his eyes.

These divine light puppets are really a great addition to one's own skills.

At this moment, Ye Feng saw that many experts had passed through the portal on the first floor and entered the second floor.

At this time, Ye Feng no longer hesitated and flew directly towards the end of the first layer of space.

When Ye Feng reached the end of the first level of space, he stepped directly into the portal.

Buzz!

The moment Ye Feng walked into the portal, he was directly transported to the second level of this ancient sacred mountain.

When Ye Feng entered the second level space of this ancient sacred mountain, Ye Feng immediately saw the entire second level, which turned out to be an extremely terrifying molten land.

Obviously, each level of this ancient sacred mountain is a small world of its own.

The space on this second level is a world of molten lava, filled with boiling and rolling crimson lava, which looks very scary.

At this moment, Ye Feng saw many masters. After touching the lava a little, their whole bodies immediately began to burn, and they were burned to death.

Seeing this scene, Ye Feng couldn't help but be shocked. This lava seemed to be no ordinary lava, but a very high-grade lava. The power of burning was very impressive.

Afraid.

At this moment, even Ye Feng's Hongmeng Immortal Body felt like it was about to melt.

At this moment, Ye Feng did not hesitate and directly released the flame gem he had obtained before.

The flame gem is a good thing that Ye Feng got from the place where the Dark Yuan Zun of the Dark Alliance lives.

So at this moment, after Ye Feng released the flame gem, the flame gem immediately appeared and floated above Ye Feng's head, spreading a piece of flame light, covering Ye Feng's whole person, leaving Ye Feng completely Don't be afraid of the burning power of the magma.

Ye Feng immediately became happy. This flame gem was really useful.

At this moment, suddenly there were several masters from other forces not far away, staring at Ye Feng for an instant.

They saw that Ye Feng was not afraid of the burning of the lava in the second dimension of the entire ancient sacred mountain. Then they immediately stared at the flame gem on Ye Feng's head, and immediately showed a greedy look in his eyes.

Uh-huh! Uh-huh! Uh-huh!

A total of several super masters who were probably from the same force immediately arrived in front of Ye Feng.

Their cultivation level is actually one or two realms higher than Ye Feng's Dongxu Realm.

Several masters are strong in the Hexu Realm above the Dongxu Realm, and there are also strong ones in the Breaking Void Realm above the Hexu Realm.

They immediately focused on Ye Feng and surrounded him.

A middle-aged man wearing a black robe immediately stared at Ye Feng with greedy eyes, laughed evilly, and said: "Boy, you are surrounded by so many of our masters now, you can't escape at all. , If you are sensible, hurry up and hand over the flame-attributed treasure on your head, so that you can still survive, otherwise you will die without a burial place when we take action."

Chapter 3870 It's so terrifying

At this moment, these masters were talking with deep threats in their eyes.

Because for them, their cultivation is one or two realms higher than Ye Feng.

So they felt that they were sure to win over Ye Feng.

However, they seemed to have seen the clothes Ye Feng was wearing and that he was a disciple of the Wanjie Martial Arts Academy. Therefore, they did not take action for the moment. They only threatened Ye Feng and asked him to hand over the flame gem on his head.

Because these experts have all seen that the flame gem on Ye Feng's head can actually protect Ye Feng from the second layer of lava in the entire ancient sacred mountain.

This is naturally very greedy for these experts.

If they get this kind of flame gem that can protect them from the damage of molten metal, then they will really get a sharp weapon in this second level.

So at this time, these masters surrounded Ye Feng all of a sudden, and they all released their own extremely powerful auras, making it impossible for Ye Feng to escape from here.

At this time, Ye Feng looked at the masters from other forces surrounding him, smiled indifferently, and said, "Are you sure you want to mess with me?"

Hearing what Ye Feng said, these masters from the big forces immediately laughed out loud: "Boy, although you are a disciple of the Wanjie Martial Arts Academy, it does not mean that you also have a noble status outside. , we will kill you here, and no one will know that we killed you, so hurry up and give us the flame attribute treasure on your head, otherwise, we will let you die without a body."
"

Ye Feng's face was very calm at this time. He just smiled indifferently and said: "If you think you can make me die without a burial place, then just take action. I want to see how you can make me die without a burial place." Burial place!"

Hearing what Ye Feng said, the surrounding experts immediately stared blankly, as if they did not expect that this boy Ye Feng was so arrogant.

At this moment, the middle-aged man in black, who was the leader of a group of masters, immediately laughed ferociously and said: "Since you are so arrogant, I don't care about your identity as a disciple of the Wanjie Martial Arts Academy. , I will take action and kill your boy completely."

Ye Feng said indifferently: "Don't worry about my identity, just take action, don't wait and see."

"Arrogant!!"

The leading middle-aged man in black immediately roared, and then instantly burst out with his extremely powerful cultivation aura.

That was a super master who surpassed Ye Feng's current Cave Void Realm and was a whole two realms above the Void-Breaking Realm!

It has to be said that the cultivation strength of this group of masters is still very terrifying, otherwise they would not have the guts to directly rob disciples of the Wanjie Martial Arts Academy like Ye Feng.

After all, the Ten Thousand Realms Martial Arts Academy, in the Great World of Origin, whether in the Righteous Alliance or the Dark Alliance, has a very strong deterrent effect. Most people would not dare to provoke the disciples of such a super powerful force.

At this moment, this middle-aged man in black in the Void-Breaking Realm charged directly towards Ye Feng, releasing an extremely powerful attack.

"Heavenly Demon Yuan Palm!"

This middle-aged man in black displayed a rather powerful inheritance, and his palm suddenly turned into a big black hand, which actually contained the magic power of heaven and earth.

"Hand of God!"

At this time, Ye Feng didn't hesitate at all, and just frantically burst out with his fourth-level cultivation of the Cave Void Realm, and then released the extremely powerful inheritance of the Hand of God.

boom! !

At this moment, Ye Feng's palm directly turned into

He pulled out a big hand of white light and collided directly with the Heavenly Demon Yuan Palm released by the middle-aged man in black.

Boom! !

It almost felt like the next moment, there was a huge roar in the entire field, and then the two of them retreated from each other.

"What??"

Seeing this scene, the other experts present could not help but widen their eyes.

Even the middle-aged man in black suddenly said in horror: "Your cultivation level is two levels lower than mine, but you can actually be on par with me. How is this possible!"

Ye Feng just smiled slightly at this moment and said loudly: "It seems that my combat effectiveness has improved very well now."

Hearing what Ye Feng said, the middle-aged man in black immediately yelled angrily and said: "No matter how strong your fighting power is, I just took action casually, and I will use a more powerful inheritance later. And there are so many masters around me who are at the same level as me, there is no way you can be our opponent."

Ye Feng spoke up at this time: "You have a companion, don't I?"

At this time, Ye Feng didn't want to waste time, because Ye Feng discovered that many masters not far away had already started to go to the third level of the ancient sacred mountain, and they could not delay any longer.

Therefore, Ye Feng was too lazy to waste time at this time. After verifying that his strength was similar to that of a strong man two realms higher than himself, Ye Feng was already satisfied.

So at this time, Ye Feng smiled faintly and said: "King of Dark Gu Insects, come out and kill all these rotten fish and shrimps in front of you."

Uh-huh!

Almost at the moment Ye Feng finished speaking, a large black insect with a length of more than ten meters flew out of Ye Feng's storage ring.

It is the King of Dark Gu Insects!

The King of Dark Gu Insects can continuously grow on his own.

Now, with the passage of time, the cultivation power of the Dark Gu King has become very terrifying and increasingly unfathomable.

At this moment, when the group of experts surrounding Ye Feng not far away saw the bugs released by Ye Feng, they immediately laughed out loud: "Boy, are you stupid? With such a little It's so naive for a little bug to dare to fight against so many of our superpowers."

Boom!

But the moment these masters finished speaking, the Dark Gu Insect King immediately turned into an afterimage and rushed directly into the crowd of masters in front.

Poof!

Poof!

Poof!

And almost at the next moment, what made the faces of this group of experts suddenly become extremely stiff was that the King of Dark Gu Insects was like a black lightning, with extremely sharp claws and extremely terrifying ferocious fangs. , all of a sudden the bodies of all the masters were cut off, and they were all killed in an instant.

Even the most powerful leader, the middle-aged man in black, could not escape the attack of the Dark Gu Insect King.

"you....."

He immediately covered his throat and found that his throat had been instantly cut open by the terrifying speed of the Dark Gu King.

"How can this be....."

At this time, the middle-aged man in black stared with horror in his eyes, fell straight down, and died instantly.

Seeing this scene at this time, Ye Feng's eyes suddenly lit up, as if he did not expect that the King of Dark Gu Insects was already so powerful!

It is indeed something that even the Dark Demon Cult covets!

It's so terrifying!
