Chapter 3891 The power of incense

At this moment, when the puppet ancestor heard what Ye Feng said, his eyes suddenly showed a twinkle, and then he said slowly: "Some of the buildings on the seventeenth floor look familiar to me. It seems to be an ancient relic left by a very special and powerful cultivation civilization in our heaven."

Hearing what the puppet ancestor said, Ye Feng's eyes suddenly lit up and he quickly asked: "Do you know what this cultivation civilization is?"

The puppet ancestor nodded slightly, and then said aloud: "This cultivation civilization is a very special Buddhist and Taoist cultivation civilization in our heaven. This Buddhist and Taoist cultivation civilization was very glorious in the past, and even allowed ten thousand Buddhas in the world to come to worship. It is At that time, it was a place of pilgrimage for all Buddhist practitioners in the heaven, but I never expected that it would eventually turn into such a fragmented place of ancient ruins, appearing in the seventeenth level of this ancient sacred mountain. "

"Buddhism and Taoism practice civilization?"

Hearing what the puppet ancestor said, Ye Feng also showed a trace of surprise in his eyes.

It turned out to be an extremely special Buddhist and Taoist cultivation civilization. ??

No wonder the puppet ancestor showed such a look just now.

At this moment, Ye Feng nodded slightly and said: "In any case, the fact that this Buddhist and Taoist cultivation civilization can be recognized by you, the puppet ancestor, means that it must have been very glorious back then, so there must be many good opportunities hidden here."

The puppet ancestor nodded slightly and said loudly: "The Buddhist and Taoist cultivation civilization was very prosperous back then and occupied a large part of the heavenly realm. But I didn't expect that it would all fall and be broken here. It is really incredible."

Ye Feng couldn't help but ask at this time: "What kind of existence did your puppet clan provoke back then? You were also hunted down here, so miserable?"

When the puppet ancestor heard Ye Feng's question, his eyes suddenly sank, then he slowly shook his head and said aloud

Said: "It is an indescribable power, very strange. Anyway, I can't express it in words. Maybe you will understand it when you reach the heaven and become powerful to a certain level."

Hearing what the puppet ancestor said, Ye Feng couldn't help but shook his head and said, "That's still too far away for me."

The puppet ancestor continued to speak: "Let me tell you this, throughout the universe, there has always been a mysterious force that controls the rise, decline and movement of all things. Some people call it fate, while others regard it as a taboo. , if a certain cultivation civilization touches a taboo, or becomes powerful to a certain extent, it will be cleansed by that mysterious power. Every one hundred thousand years, all the heavens and worlds, including the great world of origin, and even the heavenly world, will be cleansed. The world will be cleansed once in a while, and many powerful cultivation civilizations will be wiped out by this world cleansing. "

"World cleansing?"

Hearing what the puppet ancestor said, Ye Feng's eyes suddenly froze. He didn't know why, but a great fear suddenly arose in his heart.

But the next moment Ye Feng shook his head, and then said aloud: "It's too far away to talk about these now, and I don't have the ability to do anything. I'd better deal with everything in front of me first."

Buzz!

At this moment, Ye Feng said, directly exuding his huge soul power, and then explored the surroundings, trying to find the chance creation in this broken ruins of Buddhist and Taoist civilization.

This Buddhist and Taoist cultivation civilization is a very powerful cultivation force in the heaven, and even the puppet ancestors are extremely praised.

It shows that among this broken sky ruins, Ken

There must be something good.

At this moment, Ye Feng exudes soul power.

"Um?"

Almost at this moment, Ye Feng immediately sensed a special energy fluctuation.

Ye Feng's eyes suddenly lit up and he flew quickly in a certain direction.

The flame dragon and the puppet ancestor quickly followed.

At this moment, Ye Feng quickly arrived at the source of the fluctuation based on the fluctuations detected by his soul power.

At this time, Ye Feng saw a very ancient-looking temple floating in the air in front of him.

More than half of this temple has collapsed, but a Buddha statue inside is emitting a faint golden light, giving people a very sacred and noble feeling.

Uh-huh!

At this time, Ye Feng immediately flew into the collapsed temple and came to the golden Buddha statue.

At this moment, the flame dragon's eyes showed a hint of fear, and he said loudly: "Master Ye Feng, be careful, this Buddha statue looks very difficult to mess with."

Ye Feng's eyes moved slightly at this time, and he said with a smile: "This Buddha statue is not a living creature, so there is nothing to mess with."

After saying this, Ye Feng immediately walked up to the golden Buddha statue, then stretched out his hand and pressed it on the surface of the Buddha statue.

Buzz!

At this moment, Ye Feng immediately sensed that there was an ancient and incomparable power contained in this Buddha statue.

This kind of power is a very special Buddhist power that ordinary people may not be able to bear.

But Ye Feng's eyes lit up. \u003c

br\u003e

Because the energy contained in this Buddha statue is still very majestic, and I can completely accept it.

You know, Ye Feng's skill can accommodate thousands of attributes.

Therefore, although this kind of Buddhist power is very special, it is completely fine for Ye Feng.

"Buzz!"

At this moment, Ye Feng directly released the Devouring Domain and began to devour the power of Buddha's light in this Buddha statue.

The puppet ancestor saw this scene from the side and couldn't help but said: "This Buddha statue should be a Buddha statue that was cast by this Buddhist cultivation civilization in the mortal world to bear the incense of mortals, so many people gathered here The power of mortal incense caused this Buddha statue to emit golden light and become a holy object. This power of mortal incense is a very advanced power. After being absorbed, it can greatly enhance the origin of a living being. "

Hearing what the puppet ancestor said, Ye Feng's eyes showed a look of surprise.

The puppet ancestor is indeed a big shot in the heaven, and he is indeed very knowledgeable.

At this time, Ye Feng absorbed the power of Buddha's light in this Buddha statue, and indeed felt the power of faith, which was the power of ordinary incense, which could improve Ye Feng's skills and temper Ye Feng's body.

The reason why some ancient eminent monks were able to form immortal golden bodies was sometimes because they relied on the piety of mortals and the power of incense to constantly temper their mortal bodies and slowly evolve into the immortal golden bodies of Buddhism.

Therefore, the power of this mundane incense can not only greatly improve Ye Feng's skills, but also temper the power of Ye Feng's body.

At this time, not only Ye Feng's skill was growing rapidly, but Hongmeng's immortal body was also rapidly improving and transforming at this moment.

Chapter 3892 Buddhist and Taoist Temple

At this moment, Ye Feng continued to absorb the power of incense contained in this Buddha statue.

Ye Feng's cultivation momentum immediately began to break through rapidly.

"boom!"

The first level of the Holy Void Realm!

"boom!"

The second level of the Holy Void Realm!

At this time, there was even golden light flashing in Ye Feng's eyes.

Ye Feng's face suddenly showed a look of deep surprise, and he couldn't help but say: "The power of incense contained in this Buddha statue is really powerful, and it is very pure. This power can make my The skill has been greatly improved."

At this moment, Ye Feng said that he could still feel the power of his body, and the Hongmeng Immortal Body had also been tempered and improved.

But after all, the power of incense contained in this Buddha statue is relatively small, so Ye Feng's Hongmeng Immortal Body is still stuck in the fifth level of Dacheng state, and has not yet broken through to the Dzogchen level.

But at this time, Ye Feng's eyes were full of bright colors.

Because you must know that this piece of broken ancient ruins in the sky is very vast.

There cannot be just this one Buddha statue.

It is very likely that there are other things that also contain the power of the incense of this Buddhist and Taoist cultivation civilization.

At this time, Ye Feng immediately said: "Let's continue searching."

The flame dragon suddenly said at this time: "Master Ye Feng, I have been to this seventeenth floor before, and I once found a place where many Buddha statues were sitting, but that place gave me a very scary feeling, I didn't In-depth investigation, perhaps Lord Ye Feng can go and investigate."

Hearing what the flame dragon said, Ye Feng's eyes suddenly lit up and he couldn't help but say: "Where are many Buddha statues sitting? That seems to be the very core place of this Buddhist and Taoist cultivation civilization. Let's hurry over and take a look. Take a look."

The flame dragon immediately nodded.

The puppet ancestor said nothing and just followed behind them.

Next, under the leadership of the flame dragon, Ye Feng quickly arrived at the place mentioned by the flame dragon.

At this moment, a huge palace appeared in everyone's sight.

At this time, Ye Feng saw this palace. It did not collapse or be broken. It stood in the void, giving people a very solemn and sacred feeling.

The flame dragon seemed a little afraid at this time, and couldn't help but said: "I once came to the door of this palace, secretly took a look inside, and found many ancient Buddha statues sitting inside, I don't know Who created such a sacred yet terrifying place?"

At this time, the puppet ancestor suddenly said: "This seems to be the ancient Buddhist and Taoist temple that was dedicated to the Buddhist and Taoist cultivation civilization in the past for all Buddhist and Taoist practitioners in the world to make pilgrimages."

"What?"

Hearing what the puppet ancestor said, Ye Feng was stunned for a moment, and then his face suddenly showed a look of deep ecstasy. He couldn't help but said: "This is actually the Buddhist and Taoist cultivation civilization that made all the world A place of pilgrimage for Buddhist practitioners? Then this is definitely a super good place, because all the Buddha statues cast here must have received the power of incense from countless Buddhist practitioners who come here to make pilgrimages. The incense of Buddhist practitioners is more powerful than the incense of ordinary people.

The power of fire must be many times more terrifying and advanced. "

At this moment, Ye Feng was talking very excitedly, with an expression of "I'm rich" on his face.

Uh-huh!

At this moment, Ye Feng immediately rushed towards this ancient Buddhist and Taoist temple.

Boom!

But just when Ye Feng rushed to the door of the Buddhist and Taoist temple, suddenly a terrifying golden light shield emitted from the door of the Buddhist and Taoist temple, directly blowing Ye Feng. It flew out, causing Ye Feng to directly smash into a large building not far away, and was buried in the ruins.

There was a crash!

Ye Feng flew out from the countless ruins, his face was bruised and swollen, making Ye Feng's eyes look deeply surprised.

You know, my own Hongmeng Immortal Body is very terrifying.

But just now, when the golden mask appeared, Ye Feng was blown away, and his face was even swollen.

This shows that this Buddhist and Taoist temple is absolutely terrifying.

At this time, Ye Feng immediately activated his blood energy and restored his bruised and swollen face.

At this moment, Ye Feng looked at the puppet ancestor beside him and said loudly: "Try to see if you can break through the golden light shield at the entrance of this Buddhist and Taoist temple, otherwise we will not be able to enter at all. "

"good."

The puppet ancestor nodded slightly at this time, and then walked directly to the door of the Buddhist and Taoist temple.

Looking at the golden light shield in front of him, the puppet ancestor suddenly attacked fiercely forward.

You know, the power of the puppet ancestor is very terrifying.

But at this moment, when the puppet ancestor's puppet palm hit the golden light shield in front of him, he also suffered a terrifying rebound force and was directly blown away.

The puppet ancestor immediately couldn't help but said: "This seems to be a long-lost damage rebound formation. The more powerful the attack force is, the stronger the rebound force will be."

"What?"

When Ye Feng heard what the puppet ancestor said, his face suddenly showed a look of astonishment: "I didn't expect there to be such a magical formation in the world. The more powerful the attack, the more powerful the rebound damage will be. It's very magical. But it's also very difficult to break."

Ye Feng couldn't help but ask in his mind at this moment: "Emperor Chu, is there any way you can break the golden light shield formed at the entrance of this Buddhist and Taoist temple?"

At this time, Emperor Chu said aloud in his mind: "I have no choice. This formation is one of the most magical formations in the world, so only mortals can enter this Buddhist and Taoist temple, because there is no power in mortals."

Hearing what Emperor Chu said, Ye Feng's face suddenly showed a look of thinking.

At this time, Ye Feng immediately said: "But there are dozens of Buddha statues in this Buddhist and Taoist temple, and the power of incense contained in these dozens of Buddha statues is very likely to be the Buddhist and Taoist practice back then. Civilization has accumulated the power of incense for thousands of years. This is a huge nourishment for me. I can't just waste it. I must find a way to enter this Buddhist temple, but now I can't find it at all. Otherwise, a mortal with great strength can enter this Buddhist temple and move the Buddha statue out. What can we do?" At this moment, Ye Feng continued to absorb the Buddha statue. The power of incense contained in it.

Ye Feng's cultivation momentum immediately began to break through rapidly.

"boom!"

The first level of the Holy Void Realm!

"boom!"

The second level of the Holy Void Realm!

At this time, there was even golden light flashing in Ye Feng's eyes.

I must find a way to enter this Buddhist temple, but now I can't find it at all. Otherwise, a mortal with great strength can enter this Buddhist temple and move the Buddha statue out, what would he do?"

Chapter 3893 Immortality

"The solution is actually very simple."

At this time, the puppet ancestor not far away suddenly spoke: "Since this Buddhist and Taoist temple was able to allow all Buddhist and Taoist practitioners in the entire heaven to enter and worship the Buddha statues in it, so long as only those who practice Buddhism can enter it."

When he said this, the puppet ancestor glanced at Ye Feng and said loudly: "Since you were able to absorb the Buddha's light in that Buddha statue before, it means that you should have the ability to transform your own power into the power of Buddhism. "

Hearing what the puppet ancestor said, Ye Feng's eyes suddenly lit up and he couldn't help but said: "You are right! Since this Buddhist temple was allowed to be visited by all Buddhist practitioners in the entire heaven and a place of pilgrimage, then as long as you are a Buddhist practitioner, you will definitely be able to enter without any hindrance."

When he said this, Ye Feng's eyes suddenly showed deep excitement.

He was ready to give it a try.

Uh-huh!

At this moment, Ye Feng came directly to the gate of the Buddhist and Taoist temple, looked at the golden light shield in front of him, then took a deep breath and began to use his power.

Ye Feng directly transformed all his original power into the power of Buddhism. .??.

Buzz!

At this moment, Ye Feng's body suddenly emitted a deep golden light.

The whole person is as if he has become a Buddhist practitioner, looking very sacred and pious.

Seeing this scene, the puppet ancestor not far away suddenly showed a hint of wonder in his eyes. It seemed that he had long expected that Ye Feng really had this ability. It was really incredible.

The flame dragon was already stunned.

His admiration for Ye Feng has long been unable to be expressed in words, and he can only express his dull look on his face.

Buzz!

At this moment, Ye Feng was exuding golden Buddha light and slowly walked towards the golden light shield in front of him.

The moment Ye Feng touched the golden light shield, Ye Feng breathed a sigh of relief. This time, the golden light shield never blasted him out again.

At this moment, the golden Buddha light on Ye Feng's body seemed to blend into the entire Buddhist and Taoist temple.

Ye Feng successfully entered the Buddhist and Taoist temple.

At this time, Ye Feng did not hesitate and immediately walked into the innermost area of the temple.

When Ye Feng walked into the Buddhist and Taoist temple, he saw that there were a total of eighteen Buddha statues placed in the middle area of the Buddhist and Taoist temple.

Each of these eighteen Buddha statues has a different shape, some are happy, some are angry, some are calm, some have weird smiles, some are fierce and so on.

Each Buddha statue has a different emotional state.

It seems to represent all the emotions of joy, anger, sorrow and joy in the world.

When Ye Feng saw this scene, his eyes suddenly showed deep surprise.

It seems this place is indeed a very magical place.

Because Ye Feng discovered that his emotions could be guided by every Buddha statue he looked at.

For example, when Ye Feng looked at the Buddha statue with an angry face, he felt that he was starting to get angry too.

But when Ye Feng looked at another Buddha statue with a very calm face, Ye Feng felt that his mind suddenly calmed down and became quieter and more peaceful than ever before.

After sensing all this, Ye Feng immediately showed deep horror in his eyes.

Ye Feng felt that this was not only a place where Buddhist and Taoist cultivators accepted worship and pilgrimage, but these eighteen Buddha statues with different emotional states might also represent some unusual meaning.

At this moment, Ye Feng did not immediately absorb the power of incense contained in these eighteen Buddha statues.

Because once absorbed, these eighteen Buddha statues will definitely become ordinary Buddha statues and be completely destroyed.

Ye Feng wanted to find out what secrets these eighteen Buddha statues in different states hidden.

Buzz!

At this moment, Ye Feng did not hesitate at all, and directly emitted his soul power, covering all the eighteen Buddha statues in front of him in an instant.

At this moment, Ye Feng really felt the different emotions such as joy, anger, sorrow, etc.

The power of emotions.

Ye Feng couldn't help but show surprise in his eyes, and said aloud: "This seems to be the power of emotions, such a special power."

At this moment, Emperor Chu in his mind also said aloud: "This seems to be a special ancient inheritance that can affect everyone's emotions. This is an inheritance that specifically targets people's emotions."

Hearing what Emperor Chu said in his mind, Ye Feng's eyes suddenly revealed a look of deep surprise, and then he slowly said: "Let me investigate this inheritance carefully. If this inheritance can be Extracting it from the eighteen Buddha statues can affect the enemy's emotions, which will definitely be of great help to my future enemies, because a very calm enemy is very difficult to deal with, but if it is an angry enemy who loses his mind, It is very easy for an enemy to find their weak points and defeat them."

At this moment, Ye Feng immediately became interested in this kind of inheritance that could affect everyone's emotions.

And once this inheritance is learned, it can not only fight against enemies, but also be used to inspire people.

Even words and actions can make others feel special emotions towards you.

At this moment, Ye Feng didn't hesitate at all, and immediately began to explode his soul power crazily, trying to sense the extremely special inheritance contained in these eighteen Buddha statues that could affect the emotions of others.

This kind of inheritance, although it is said to be powerful, does not seem to be as powerful as imagined.

But if it is not powerful, it can often work wonders at critical moments.

Anyway, there are too many skills to overwhelm.

If you practice more of this special inheritance, you might be able to use it in the future.

At this time, Ye Feng used his soul power to quickly sense the various emotions in the eighteen Buddha statues, and then gathered them all together.

Boom!

Suddenly, a kind of inheritance appeared in Ye Feng's mind, called "Great Purdue Technique".

At this moment, Ye Feng's eyes were immediately shocked, and he couldn't help but said, "It turns out to be the Great Purdue Technique among the three thousand avenues of the heavens?"

Emperor Chu immediately said aloud in his mind: "The Great Purdue Technique ranks forty-fourth among the three thousand avenues of the heavens, and it is still very good.

of. "

When Ye Feng heard what Emperor Chu said, he couldn't help but nodded in surprise.

Since Ye Feng practiced, Ye Feng has also obtained a lot of the secrets of the inheritance of the three thousand avenues of the heavens.

Ye Feng carefully sensed the secrets of the three thousand avenues contained in his body, and briefly summarized that since he entered the path of cultivation, he has learned many kinds of the three thousand avenues of the heavens.

They are the number one Great Fate Technique.

Ranked fifth in the Great Life Technique.

The ninth-ranked death spell.

The seventeenth-ranked Great Light Technique.

The eighteenth-ranked Great Dark Technique.

The nineteenth-ranked Great Sealing Technique.

The 25th ranked Thunder Technique.

The 35th-ranked Great Freezing Technique.

Ranked 455th in the Great Blood Qi Technique.

Ranked 555th in the Great Charm Technique.

The 2342nd ranked blood spell.

The 2678th-ranked Great Cutting Technique.

This is the technique among the three thousand avenues of the heavens that Ye Feng has learned since he started practicing.

Now there is another Great Purdue Technique ranked 44th, which can influence other people's emotions. It is very likely that there are other mysteries. After all, it is the ultimate secret technique of Buddhism.

In addition, of course, there is the great power technique created by Ye Feng himself, which is Ye Feng's own way and is not included in the recognized three thousand avenues of the heavens.

Ye Feng's eyes suddenly showed joy at this moment.

It is said that the three thousand great arts of the heavens are integrated. If all three thousand great arts are learned and integrated into one, then one can live forever.

Of course, this is just a legend.

But Ye Feng is still looking forward to it.

Emperor Chu suddenly spoke in his mind at this time: "Actually, you have also learned another technique of three thousand avenues invisibly, which is the puppet technique of heaven and earth that you found in the treasure house of the puppet clan's underground city. The Great Puppet Technique ranks 567 among the Thousand Dao Techniques."

Chapter 3894 The Tenth Son of God

Hearing what Emperor Chu said, Ye Feng's eyes suddenly lit up, and he couldn't help but say: "There is such a good thing, no wonder the puppet technique of heaven and earth is so magical.

After being directly used, it can control any place in the surrounding world. Everything in the world is turned into a puppet for my use. It turns out to be the great puppet technique among the three thousand avenues. No wonder it is so powerful and can turn decay into magic. "

At this moment, Ye Feng said, his eyes suddenly filled with deep expectations.

Since I entered the path of cultivation, I have accumulated so many techniques of the three thousand avenues.

I don't know if I can truly be immortal if I can collect and complete all 3,000 Dao techniques.

Ye Feng now has a new understanding and perception of the concept of immortality.

Lordship, it turns out, is not the real end of practice.

The Lord is not immortal.

Ye Feng had doubts before, how could he become immortal after cultivating the master.

So why did a high-level master like the Chaos God Emperor eventually disintegrate and then form various master gems.

Therefore, Ye Feng felt that there must be a more powerful level above the ruler.

The Lord is not truly immortal.

Then Ye Feng met the puppet ancestor, a big man from the heaven, and finally knew that there was an even more vast heaven above the origin world.

In the heaven, there are many creatures that are more powerful than the Lord.

And according to what the puppet ancestor said, every one hundred thousand years, the world will experience a terrible catastrophe and the world will be cleansed.

Countless ancient cultivating forces and great figures may fall and perish in this horrific world cleansing catastrophe.

The mysterious existence that initiated the cleansing of the world is something that even the big figures in the heaven cannot understand.

Thinking of this, Ye Feng felt a chill.

Unexpectedly, the higher my cultivation level, the more terrifying the truth of the world I knew.

The higher you get to the top, the more powerful you become, and the more you discover that the true horror of this world is far beyond imagination.

At this moment, Ye Feng abandoned some unrealistic ideas in his mind. What he wants now is to improve his strength as soon as possible so that he can fight against the Dark Demon Cult and Dark Yuan Zun.

In this way, the entire world of origin can be saved, and the family behind him, as well as his father and mother, as well as various relatives of the Ye family can be saved.

At this time, Ye Feng thought in his heart, and then no longer hesitated, and began to release the Devouring Domain, devouring the power of Buddha's light contained in all the Buddha statues in front of him.

Boom!

At this moment, waves of terrifying energy were immediately injected into Ye Feng's body.

The power in Ye Feng's dantian immediately began to grow and strengthen rapidly.

"boom!"

Holy Void Realm Third Heaven!

"boom!"

The fourth level of the Holy Void Realm!

"boom!"

The fifth level of the Holy Void Realm!

"boom!"

The sixth level of the Holy Void Realm!

"boom!"

The seventh heaven of the Holy Void Realm!

At this time, Ye Feng's breakthrough was very fast, and he suddenly reached the seventh level of the Holy Void Realm. Ye Feng's eyes suddenly showed deep excitement.

I have to say that the energy contained in these Buddha statues is so majestic that my skill has increased so much all at once.

You know, Ye Feng has now broken through to a very high level with his continuous improvement in cultivation.

The energy required for each breakthrough is getting larger and larger.

It can be said that Ye Feng's body is like a bottomless pit.

But even so, the energy provided by these dozen Buddha statues to Ye Feng was still very terrifying, making Ye Feng improve so much all at once.

At this moment, Ye Feng suddenly discovered that the golden light emitted by the dozen or so Buddha statues in front of him had dimmed.

Apparently all the power of incense has been sucked out, and these Buddha statues have become commonplace objects.

Ye Feng was a little lucky at this time. Fortunately, from the arrangement and combination of these dozen Buddha statues, he had understood the ultimate secret of the Great Purdue Technique in Buddhist practice, and also learned a technique of the Three Thousand Great Ways of the Heavens. Otherwise it would be a shame to miss it.

At this time, Ye Feng couldn't help but admire his wit and intelligence.

At this moment, Ye Feng was about to leave this sacred place of pilgrimage.

But at this moment, Emperor Chu in his mind suddenly spoke: "Ye Feng, don't leave in a hurry. There seems to be a very secretive atmosphere in this hall. Please explore the direction of the southwest corner of this hall. "

Hearing what Emperor Chu said in his mind, Ye Feng's eyes suddenly moved.

Emperor Chu possesses the Soul Gem, and his perception is stronger than his own, so the energy fluctuations that Emperor Chu can sense must be real.

Ye Feng immediately walked quickly in the direction mentioned by Emperor Chu, and soon came to a corner of the hall.

At the corner of this hall, Ye Feng saw that there was something different on the ground.

The floor of this hall is basically made of a special kind of stone.

But in the corner of the hall, there is a floor that looks like it is made of metal.

Ye Feng didn't hesitate at this time and just lifted up the floor.

There was a small pothole underneath.

Buried in the soil of this pit was a very extraordinary and ancient scroll.

Ye Feng pulled out the ancient scroll directly from the soil, and then slowly opened the scroll.

It appeared directly inside

A picture.

The picture hidden in this scroll actually depicts eighteen ancient Buddhist arhats.

The lines of every Buddhist and Taoist Arhat look very vigorous and powerful, as if they are about to burst out of the paper.

Each Arhat looks vivid and vivid, with thick ink flying, as if he is coming to life from the painting.

Seeing this scene, Ye Feng was suddenly startled.

Because he could sense that these eighteen Buddhist Arhats felt as if they were alive.

At this time, Emperor Chu suddenly spoke in his mind: "This seems to be a very famous Buddhist treasure in the heaven, called the Eighteen Arhats. Legend has it that the eighteen most powerful Arhats in Buddhism at that time were killed in the Great Limit. When he came and passed away, he sealed himself in this picture, which can be left to future generations of Buddhist practitioners to use their power to defeat demons. This picture of the Eighteen Arhats is a very rare one. Treasure, Ye Feng, you've made a lot of money."

Hearing what Emperor Chu said in his mind, Ye Feng's eyes were suddenly startled and he couldn't help but said: "Emperor Chu, how do you know these secret news?"

Emperor Chu spoke out at this time: "Among some of the memory fragments I have recently awakened, there are records in this regard."

Hearing what Emperor Chu said, Ye Feng became more and more sure of Emperor Chu's origin, and it became even more mysterious.

Because among the memory fragments awakened by Emperor Chu, even the treasures of heaven are recorded.

It shows that Emperor Chu must have existed in the heaven at that time.

At this time, Ye Feng secretly marveled and couldn't help but ask: "Emperor Chu, it seems that your origin is very mysterious."

Emperor Chu smiled and said: "I'm afraid it's quite mysterious, but my memory fragments haven't fully awakened yet, and I still don't know what my identity is."

Ye Feng nodded slightly, and then suddenly asked: "By the way, I asked you your real name several times before, but was always interrupted by accidents. Emperor Chu, what is your real name? I'm so curious."

Emperor Chu said slowly: "My full name is Chu Chang..."

Boom! !

Suddenly at this moment, there was a huge roar outside, and a terrifying murderous aura came out.

"what's the situation??"

Ye Feng's eyes immediately changed. He didn't even hear the last word the emperor said clearly. He flew quickly outside and saw a shocking and angry scene.

I saw that the flame dragon was beaten half to death, vomiting blood, lying on the ground, wailing.

The puppet ancestor was trapped in an open space not far away by a sword formation composed of more than a dozen flying swords. He would be unable to break through this particularly powerful sword formation for a while.

At the front, a young man in white with a look of contempt on his face was staring at Ye Feng who had just flown out, and said slowly: "

It turns out to be the divine son of the Ten Thousand Realms Martial Arts Academy, Ye Feng. I didn't expect you to have reached the seventeenth level of the ancient sacred mountain so quickly, and also to come to this pilgrimage place for Buddhist and Taoist practice and civilization. Tell me quickly, if you have obtained any peerless treasure in this temple of Buddhism and Taoism, hand it over immediately, otherwise, not only will your friend die, but I will also make your life worse than death, hehe. "

At this moment, the cultivation aura of this young man in white is extremely terrifying, and his methods are also very powerful. Otherwise, it would be impossible to trap such a terrifying guy like the puppet ancestor in a sword formation composed of more than a dozen flying swords. middle.

Ye Feng immediately showed a cold look in his eyes and said: "Since you know that I am the Son of God of the Wanjie Martial Arts Academy, it seems that you are also a super genius in our Righteous Alliance. I have no grievances with you, why should you? Treat me like this?"

"No injustice or enmity? Hahaha!!"

The young man in white immediately laughed out loud and said: "You are too naive. Do you really think that if you are a member of the Righteous Alliance, you will not kill each other? There are no permanent friends, only eternal interests. Your two friends, one was beaten half to death by me, and the other was trapped by me using the ancient sword formation. Please hurry up and hand over all the wealth and treasures in your hands. In this case, I can spare their lives, and I can also give you a life. Survive, otherwise I can only forcefully kill you. Although your identity makes me a little afraid, I will not show any mercy in the face of huge interests. Therefore, I advise you to be aware of current affairs. For Junjie, hand over the precious treasures you obtained from this Buddhist and Taoist temple. Your cultivation has indeed grown very well, but it is far worse than mine."

boom! !

At this moment, as the young man in white was speaking, a terrifying aura of cultivation suddenly erupted from his body.

That turned out to be a Saint King Realm existence that surpassed Ye Feng's current Saint Void Realm and surpassed three entire realms!

Terrible and powerful to the extreme!

He is a true genius!

At this moment, Ye Feng's eyes darkened, and he said slowly: "It is impossible for me to hand over the treasure I just got to others."

"Um?"

Hearing what Ye Feng said, this terrifying and mysterious young man in white immediately smiled coldly, with a sarcastic look in his eyes, and said: "Ye Feng, don't think of yourself as a big shot. Although you are from the Wanjie Martial Arts Academy, You are a new divine son, but your cultivation background is too weak. I guess you are just a pawn in the hands of Dean Tianshu. You are not worthy to be the divine son of the Wanjie Martial Arts Academy, and you are not worthy to be as famous as the real top geniuses like us. Forget it, since You are so ignorant, then I have to kill you with my own hands and take away the treasures from you. Remember, the person who killed you is called Gu Xiaotian. He comes from the most powerful force in the Righteous Alliance, Taixuan Shenmen. I am Taixuan. The tenth son of the Xuan Shen Sect! Suppress all enemies in the world!"

Boom!

Almost at the moment Gu Xiaotian's words fell, a boundless and terrifying killing energy burst out from his body, like a vast ocean, attacking Ye Feng all of a sudden, able to suppress everything!

Chapter 3895 Panic

At this moment, Gu Xiaotian, the tenth divine son of the Taixuan Divine Sect, had a very terrifying cultivation aura, and he was simply towering to the extreme.

Boom!

At this moment, the power Gu Xiaotian unleashed was extremely terrifying.

After all, his cultivation level is three realms higher than that of Ye Feng, and he is a Saint King realm existence.

At this time, the power Gu Xiaotian unleashed was naturally very terrifying.

After all, he is the tenth son of the Taixuan Divine Sect, the most powerful in the world of origin.

Like Ye Feng, they are both at the Son of God level, so naturally they are very powerful and powerful. ??

At this time, Gu Xiaotian stepped towards Ye Feng, exuding a terrifying murderous aura.

He put his hands behind his back and didn't even make a move. He wanted to use his powerful momentum to suppress Ye Feng to death.

At this time, Gu Xiaotian said coldly: "Kneel down!"

boom! !

A terrifying aura suddenly erupted from his body, blasting towards Ye Feng.

Ye Feng indeed felt a very terrifying pressure at this moment.

After all, this Gu Xiaotian is three realms higher than himself.

Moreover, the opponent is also a top-level genius, and his combat power is very terrifying.

But Ye Feng was already extraordinary at this time.

At this moment, Ye Feng smiled coldly and said loudly: "You just want to use your momentum to oppress me, this does not exist!"

Boom!

At this moment, Ye Feng also burst out with his terrifying cultivation strength.

The cultivation level of the seventh heaven of the Holy Void Realm burst out immediately.

Although he was three realms lower than Gu Xiaotian, Ye Feng's mana at this moment was too vast, so the aura he unleashed was able to compete with Gu Xiaotian's.

"What?"

Seeing this scene, Gu Xiaotian couldn't help but show deep surprise in his eyes immediately, and couldn't help but said loudly: "As expected of the divine son of Wanjie Martial Arts Academy, he is indeed different from ordinary geniuses. A super genius-level existence can block my momentum and is three realms lower than me. You are the first person, but this does not mean that you can compete with me. I haven't really taken action yet."

At this moment, Gu Xiaotian did not hesitate and directly extended a finger to Ye Feng.

"The Great Desolate Heaven-shattering Finger!"

At this time, Gu Xiaotian unexpectedly suddenly

He used extremely powerful attacking martial arts.

Obviously, Gu Xiaotian also vaguely felt that Ye Feng was not as simple as he imagined.

Therefore, he had to use lightning speed to kill Ye Feng in an instant.

At this moment, Ye Feng suddenly saw Gu Xiaotian stretching out a finger. That finger immediately turned into the size of a towering tree, towering and boundless, blocking out the sky and the sun, and suddenly it was pointing towards Ye Feng's head. Press on it and go away.

Like a giant spirit god, he stretched out a finger to crush Ye Feng, a little ant, to death.

At this moment, Ye Feng wildly exploded with his terrifying power, and then directly released the extremely powerful inheritance of the Space God King that he had just obtained before, the endless space cutting.

Boom!

At this moment, in front of Ye Feng, countless cracks suddenly appeared in the boundless void, cutting the huge giant god-like finger released by Gu Xiaotian into countless pieces. fragments.

Seeing this scene at this moment, Gu Xiaotian couldn't help but show a look of astonishment in his eyes, and couldn't help but said: "How is this possible? You can resist my attack? You can even break my great wilderness. The Heavenly Finger was cut into pieces! What kind of inheritance is this? It seems to be a special space inheritance? I remember that there does not seem to be such a terrifying and top-notch inheritance in the Wanjie Martial Arts Academy.

Ye Feng smiled coldly at this time, not bothering to explain anything at all, and immediately flew forward, thinking of freeing the puppet ancestors in the sword formation first.

Because Ye Feng had just realized that he was indeed no match for Gu Xiaotian. He had to rescue the puppet ancestor and join forces with the puppet ancestor, so that he might be able to fight against Gu Xiaotian.

But at this moment, Gu Xiaotian obviously realized Ye Feng's purpose and immediately blocked Ye Feng's way.

Because Gu Xiaotian has fought against the puppet ancestor before, he knows that this puppet is very magical and cannot be broken at all.

So he finally used his trump card, a sword array composed of more than a dozen high-level flying swords, to temporarily trap the puppet ancestor.

Gu Xiaotian blocked Ye Feng's path at this time, and immediately said coldly: "Since we have already broken up with each other today, I must find a way to kill you, otherwise I will let you die. If you escape, there will be endless troubles."

At this moment, Gu Xiaotian suddenly became a big man

Roared: "The bloodline of ancient giants!"

boom!

At this moment, Gu Xiaotian seemed to have inspired a special kind of bloodline, and his entire body suddenly began to expand rapidly.

I saw that Gu Xiaotian's whole body directly expanded into a majestic ancient giant with a height of several kilometers. His skin was all green, like the color of emerald, and he looked indestructible. Under the sunlight, The bottom exudes a cold emerald luster.

At this moment, Gu Xiaotian immediately trampled towards Ye Feng, as if he wanted to crush Ye Feng in an instant.

At this time, Ye Feng immediately flew to high altitude, and then directly released the endless space cutting.

Wow!

At this moment, countless space cracks suddenly appeared in front of him, which directly transformed Gu Xiaotian into an ancient giant and enveloped him.

Boom boom boom...

But those space cracks cut into the ancient giant that Gu Xiaotian turned into, but they did not cut into pieces the ancient giant that Gu Xiaotian turned into.

The spatial cracks left no trace at all on the emerald skin of the ancient giant that Gu Xiaotian turned into.

"What?"

Seeing this scene, Ye Feng's eyes suddenly showed shock.

This was the first time Ye Feng was so shocked by his enemy.

Because Ye Feng knew very well that the endless space cracks he released were very terrifying.

And you must know that Ye Feng just used the space gem to activate the endless space crack.

Therefore, the cutting power of the space cracks released by Ye Feng is even more amazing.

But even so, the ancient emerald giant that Gu Xiaotian turned into still couldn't be cut and broken.

At this moment, the ancient emerald giant that Gu Xiaotian transformed into laughed loudly: "Don't think about destroying my body, because the ancient giant bloodline I have is not an ordinary giant bloodline. It is the bloodline of the most powerful and special emerald giant family back then. It is the bloodline that our Taixuan Shenmen Supreme Elder personally helped me integrate. So now I have become the true form of the ancient emerald giant, which cannot be destroyed by any force. I, Ye Feng, even though you are the divine son of the Ten Thousand Realms Martial Arts Academy and have amazing fighting power, you will eventually be crushed to death by me!"

Boom!

At this moment, the majestic and boundless emerald giant directly blasted in front of Ye Feng, directly sending Ye Feng flying into the distance, and instantly smashed a large

piece of mountains.

At this time, Ye Feng flew out from the ruins, his eyes a little downcast.

This Gu Xiaotian is indeed very terrifying.

I am afraid that even if the puppet ancestor is rescued now, it will not be able to destroy Gu Xiaotian.

At this time, Ye Feng was thinking in his mind whether to use the power of dominance given to him by Dean Tianshu in the Son of God Token.

But Ye Feng knew very well that in this ancient sacred mountain, he might encounter more terrifying dangers in the future.

The dominant power of Dean Tianshu in the Son of God's card is Ye Feng's trump card to save his life. Ye Feng cannot just waste it.

Are you just escaping like that?

At this moment, Emperor Chu suddenly said in his mind: "Ye Feng, the picture of the Eighteen Arhats you just obtained from that Buddhist and Taoist temple is the most powerful treasure of the Buddhist and Taoist cultivation civilization in the heaven. It has terrifying power." To the extreme power, you can try it."

"real or fake?"

Hearing what Emperor Chu said, Ye Feng's eyes immediately lit up and he quickly said: "Okay, let me give it a try!"

At this moment, Ye Feng directly took out the picture of the Eighteen Arhats that he had previously obtained from the Buddhist and Taoist Temple, and then directly input his immense magic power into this picture.

Boom!

And almost at the next moment, the entire picture of the Eighteen Arhats, which was originally calm, suddenly burst into brilliant golden light.

Then countless golden lights rushed out from the picture scroll in Ye Feng's hand, and above Ye Feng's head, in the boundless void, a total of eighteen Arhats from the ancient era were directly condensed, full of terrifying and terrifying things. Ancient power.

This is the oldest eighteen powerful levels of Buddhism. At this time, it was suddenly inspired by Ye Feng, and instantly bombarded the ancient emerald giant that Gu Xiaotian turned into in front of him.

Click! Click!

Almost at the next moment, the arrogant look on Gu Xiaotian's face immediately turned into a look of horror.

Because he discovered that his ancient jade giant body was being broken rapidly.

Each of those eighteen Arhats seemed to have the power to move mountains and reclaim seas. Their attack power was so terrifying and majestic that even Gu Xiaotian's ancient emerald giant body could not withstand the Eighteen Arhats from heaven. After a group fight, they were beaten to pieces.

"No!!!"

Gu Xiaotian was immediately frightened to the extreme!

Chapter 3896 The Last Level

"Boom!"

At this time, the eighteen Arhats rushing out from the Eighteen Arhats picture were all emitting bright golden light, giving people a very sacred feeling, but also full of a violent atmosphere.

All the eighteen Arhats burst out with terrifying power at this moment, shattering the ancient jade giant that Gu Xiaotian had turned into pieces.

"Impossible!! How could you have such a powerful and unique treasure!"

Gu Xiaotian immediately understood at this time that he was probably no match for Ye Feng.

The treasure in Ye Feng's hand was really terrifying, and the power it exerted was terrifying to the extreme.

Gu Xiaotian immediately couldn't help but stare at the golden light-emitting Eighteen Arhats in Ye Feng's hand, and shouted angrily: "This peerless treasure is what you got from that Buddhist and Taoist temple, isn't it? Damn it, this peerless treasure should have been mine!"

At this moment, Gu Xiaotian said this, and immediately turned around and flew quickly in a certain direction in the distance, wanting to leave here.

But Ye Feng was directly controlling these eighteen golden arhats at this moment, and suddenly surrounded Gu Xiaotian who was about to escape.

"ah!!"

Then, as Gu Xiaotian howled in extreme pain, the eighteen golden arhats beat Gu Xiaotian to death.

Boom!

Gu Xiaotian's majestic corpse fell directly from the sky and smashed a large area of land.

At this moment, the sword formation composed of more than a dozen flying swords controlled by Gu Xiaotian also dissipated in an instant.

Every flying sword fell to the ground.

Uh-huh!

The puppet ancestor immediately escaped from the trap.

At this moment, even the puppet ancestor showed deep surprise in his eyes, staring at Ye Feng, seemingly unaware of

It is incredible to think that Ye Feng actually obtained such a terrifying and powerful treasure.

At this moment, Ye Feng's eyes lit up and he flew directly to the place ahead where Gu Xiaotian, the tenth son of the Taixuan Divine Sect, had fallen.

Looking at Gu Xiaotian's body, Ye Feng showed a cold smile in his eyes.

If you go against yourself, no matter how amazing and talented Gu Xiaotian is, you will eventually end up dead.

Ye Feng's methods are beyond the imagination of ordinary people.

At this time, Ye Feng took back the picture of Eighteen Arhats, with still awe in his eyes.

This picture of Eighteen Arhats is indeed a treasure among the ancient Buddhist and Taoist cultivation forces from the heaven. Once activated, eighteen golden Arhats can rush out from it, with the power to destroy the heaven and the earth. It is really powerful. .

A happy smile appeared on Ye Feng's face.

This time I really got huge benefits in this Buddhist and Taoist pilgrimage place.

This treasure is absolutely priceless.

boom!

At this moment, Ye Feng did not hesitate at all, and directly released the Devouring Domain and began to devour Gu Xiaotian.

"Rumble..."

At this moment, streams of pure and abundant energy were immediately absorbed from Gu Xiaotian's corpse, all of which was integrated into the power of Ye Feng's dantian.

Ye Feng immediately felt that his skill had grown unparalleled in an instant.

It has to be said that this Gu Xiaotian is worthy of being the tenth divine son among the Taixuan Divine Sect.

Although he is ranked tenth, he is still at the level of the Son of God.

, very terrifying, very powerful, the energy provided to Ye Feng is simply majestic to the extreme.

At this moment, Ye Feng's cultivation aura immediately began to make continuous breakthroughs.

"boom!"

The eighth level of the Holy Void Realm!

"boom!"

The ninth level of the Holy Void Realm!

"boom!"

The Great Perfection of the Tenth Level of the Holy Void Realm!

"boom!"

Half step to the divine realm!

"boom!"

The first level of Shenxu Realm!

"boom!"

The second level of the Divine Void Realm!

"boom!"

The third level of Shenxu Realm!

At this time, Ye Feng's cultivation finally stopped.

At this moment, Ye Feng's eyes were filled with bright light, and he felt deeply surprised.

I didn't expect that Gu Xiaotian could improve his cultivation so much all at once.

It can be said to be an unexpected surprise.

At this moment, Ye Feng also felt that the special giant blood contained in Gu Xiaotian's body seemed to be the most powerful emerald giant blood among the ancient giant clan.

Therefore, an emerald-colored bloodline is merging into Ye Feng's Hongmeng bloodline, causing Ye Feng's Hongmeng bloodline to slowly begin to transform.

Boom!

Almost at the next moment, a terrifying aura erupted from Ye Feng.

This kind of breath is not a breath of cultivation, but an essential breath that comes from the origin of life.

At this moment, Ye Feng's Hongmeng bloodline had evolved again.

from the fifth floor

Dacheng has finally transformed to the fifth level of Dzogchen!

There is only one last step left before the sixth floor.

The Hongmeng bloodline has evolved again, which makes Ye Feng really happy!

Not only has the cultivation level been greatly improved, but Hongmeng bloodline and Hongmeng immortal body have also been greatly increased.

But at this moment, Ye Feng looked at Gu Xiaotian's body, which had been completely suffocated, and directly released a burst of flames, completely burning Gu Xiaotian into ashes.

After all, Gu Xiaotian is the tenth son of the Taixuan Divine Sect, the largest in the Righteous Alliance. If others know that he killed him, he will still be in a lot of trouble.

At this time, Ye Feng took the puppet ancestor and the flame dragon and left the Buddhist and Taoist temple.

Boom! !

Not long after Ye Feng left the Buddhist and Taoist temple, he suddenly heard a terrifying roar from not far away.

Ye Feng's eyes immediately moved and he quickly flew in a certain direction in the distance.

When he arrived at the destination, Ye Feng immediately saw powerful men bursting with divine light, including hundreds of super masters, frantically bombarding a huge bronze gate in the void.

When Ye Feng saw this scene, he immediately couldn't help but flew over and asked: "What is this bronze gate? Why is everyone attacking this bronze gate?"

A super master next to him immediately couldn't help but said: "This bronze gate is the entrance to the eighteenth floor, the last level of this ancient sacred mountain. It is Lin Mo, the ninth god son of Taixuan Divine Sect. This peerless... Tianjiao discovered that it is impossible to open this bronze gate with the strength of one person. We must rely on the strength of all the masters who entered this ancient sacred mountain. So now we have briefly united together to open this bronze gate first. Let's talk about it later."

Chapter 3897 The mythical beast in the clouds

At this moment, Ye Feng suddenly showed a trace of surprise in his eyes when he heard that this super master was talking like this. He never expected that so many masters had gathered here, hundreds of them.

However, Ye Feng also knew that it was not that he was slow, but that he was looking for opportunities at every level, so he must have wasted a lot of time.

Otherwise, he would definitely be the first to arrive here.

When Ye Feng was wasting time, these super masters came here in advance.

When these super masters entered this ancient sacred mountain, they probably had no intention of looking for any chance to create something. Instead, they quickly climbed up one level after another.

At this time, Ye Feng also got a key information point from the words of this super master.

There is actually another divine son of the Taixuan Divine Sect here, the ninth divine son, Lin Mo!

Ye Feng suddenly felt a little lucky. Fortunately, when he was in the temple of Buddhist and Taoist cultivation civilization, the only person who came to provoke him was Gu Xiaotian, the tenth son of the Taixuan Divine Sect. .??.

If Gu Xiaotian and Lin Mo, the Ninth Son of God, join forces, then I am afraid that I will really be unable to fight against them.

But now Ye Feng is not afraid of Lin Mo, the Ninth Son of God.

Although it was still very difficult for Ye Feng to fight against Gu Xiaotian before.

But after devouring Gu Xiaotian, Ye Feng's cultivation not only broke through to a new powerful realm, the third level of the Divine Void Realm.

In addition, Ye Feng fused the blood of Gu Xiaotian's ancient jade giant, allowing his Hongmeng Immortal Body to transform again.

Therefore, whether it is Ye Feng's cultivation skills or physical strength, he is much stronger than when he dealt with Gu Xiaotian before.

So even if he meets Lin Mo, the ninth son of the Taixuan God Sect, Ye Feng will not have any fear.

But it is estimated that Lin Mo, the Ninth Son of God, does not know that he killed Gu Xiaotian.

After all, when Ye Feng killed Gu Xiaotian, there was no one around him.

Therefore, Ye Feng felt that Lin Mo should not be ready to deal with him all of a sudden.

Pay yourself.

At this moment, after Ye Feng knew everything, he directly joined the hundreds of masters and began to attack the bronze gate.

However, Ye Feng's attack will naturally not be carried out with all his strength.

After all, Ye Feng's current cultivation strength is already considered very powerful.

Ye Feng felt that he still had to hide his true strength and not rashly burst out with super powerful power.

Otherwise, it would definitely be very eye-catching.

Although now hundreds of super masters have temporarily united together to attack the bronze gate, they seem to be very united.

But Ye Feng knew very well that once he broke the bronze door and entered the last level of this ancient sacred mountain, the eighteenth level, if there was any chance, everyone would definitely rob each other and kill each other.

Therefore, in the cruel world of spiritual practice, in most cases, there are no permanent friends, only eternal interests.

Ye Feng naturally understands this truth.

Therefore, although Ye Feng joined the crowd at this time and began to attack the bronze gate, Ye Feng naturally had reservations about the strength he displayed.

Under the attack of hundreds of super masters, even though the bronze door was very strong, it was slowly about to break.

You must know that these masters who have been able to enter the seventeenth level of space from the first level of the ancient sacred mountain are naturally the best among the best, the strongest among the strong.

Therefore, if hundreds of super masters attack together, they will naturally produce huge destructive power.

Even if this bronze gate is a treasure handed down from ancient times, it was quickly attacked by everyone and cracks appeared.

At this time, standing at the front was a young man wearing a silver robe. He looked handsome and handsome, with a majestic head.

This person is the No. 1 member of the Taixuan Divine Sect.

The Ninth God Son, Lin Mo.

This is a very powerful presence.

And he seems to have cultivated an extremely terrifying inheritance, possessing an extremely powerful physique and bloodline.

Every time he takes action, there seems to be a silver giant spirit phantom in the void behind him, producing extremely terrifying attacks.

"boom!"

At this moment, Lin Mo burst out with even more terrifying power.

Suddenly, a big silver hand appeared in front of him, filled with the power of the ancient giant spirit god, and directly hit the cracked bronze door.

Boom! !

Almost at the next moment, the bronze door was finally completely shattered and turned into countless fragments.

Swish, swish, swish!

Swish, swish, swish!

When everyone saw this scene, they immediately rushed towards the gate like crazy.

Ye Feng quickly followed among the crowd.

"This is....."

When everyone arrived at the eighteenth level of space, which was the highest level of this ancient sacred mountain, they were immediately dumbfounded.

Because the highest level of this ancient sacred mountain was actually empty.

The entire land is very desolate, and there is no so-called treasure or wealth at all.

Seeing this scene, the faces of the hundreds of super masters present were very ugly.

Some experts couldn't help but said: "We worked so hard to get here and lost so many companions, but in the end, it was all in vain. Why is there nothing on the 18th floor of this ancient sacred mountain?"

When this master said this, the other masters all looked downcast in their eyes.

Ye Feng's eyes looked a little strange at this time.

When they were outside the ancient sacred mountain, everyone clearly saw the very mysterious nine-color divine light emitting from the top of the mountain.

So there must be something special and extraordinary here.

The highest level of an ancient sacred mountain.

But now that they have arrived at the eighteenth floor, the highest level, they find that the place is completely deserted. There are no treasures at all, and there is no inheritance or chance that everyone imagined.

At this moment, many super masters were sighing.

But suddenly at this moment, a master couldn't help but said: "Look! There seems to be nine-color divine light emanating from the sky on the eighteenth level of space."

At this moment, when everyone heard what the master said, they all looked up to the sky.

"Really!"

Sure enough, they saw that on the entire eighteenth floor, although the land was completely barren, there was a very mysterious nine-color divine light emitting high in the sky.

Seeing this scene, everyone immediately understood what was going on, and all of a sudden they all rushed towards the sky crazily.

At this time, everyone understood that the chance creation in this eighteenth level was not above the ground, but above the sky.

At this moment, everyone was flying high into the sky quickly, hoping to see if they could find any particularly good opportunities and wealth from the sky that exuded the nine-colored divine light.

Ye Feng also quickly followed and flew high into the sky.

The moment everyone reached the high altitude, they immediately saw a shocking scene.

I saw that above the entire sky, among the clouds, lay the body of a giant beast that was hundreds of thousands of kilometers long.

This giant beast is so majestic that it blocks out the sky and the sun, making it feel like an ancient mythical beast.

But this giant beast seemed to be dead and motionless.

Some experts couldn't help but said: "Look! This giant beast looks like a very huge bird as a whole. The nine-colored divine light we see is the feathers and The light radiates from the scales."

Among the crowd, there was an old and powerful man who was well-informed and couldn't help but exclaimed: "This... this seems to be the legendary ancient beast, the nine-color peacock!"

Chapter 3898 Seal

"The legendary ancient beast, the nine-colored peacock?"

At this time, when everyone heard what this old man said, their eyes suddenly showed deep surprise.

No one would have thought that on the highest level of the clouds of this ancient sacred mountain, there would be the corpse of an ancient divine beast lying.

At this time, no one could sense any breath of life from the nine-colored peacock. It seemed that this mythical beast had completely perished. It was unknown who was buried in the top clouds of this ancient sacred mountain.

However, the body of this ancient beast is so towering, it is hundreds of thousands of kilometers long, covering the sky and the sun.

Those with poor eyesight would not be able to see the entirety of this giant beast.

Because there is no end in sight.

At this time, everyone's eyes suddenly became hot.

Because you must know that even if an ancient beast of this level dies and falls, the corpse it leaves behind will still have a very terrifying value.

The blood, flesh and blood of an ancient divine beast, as well as its scales, nine-colored feathers, claws, etc., are all priceless things, which can make a super power instantly rich and add countless assets.

So at this moment, the eyes of the super masters from all major forces present were filled with deep passion and greed.

At this moment, Ye Feng also showed deep excitement in his eyes, because if he could swallow the original power of the entire ancient beast in front of him, then Ye Feng could not even imagine how much his skills would be improved. level.

It is estimated that he will be able to compete with the elders and strong men among the major forces in no time!

However, Ye Feng also knew very well that there were hundreds of super masters present, and their cultivation strength was not much different from his own, and even several levels stronger than his own.

Therefore, no matter how powerful Ye Feng's combat power was, he could not kill all the hundreds of super masters present.

So at this time, Ye Feng did not take action rashly.

The many masters present probably had the same idea as Ye Feng and did not dare to take action.

For a moment, none of the masters present wanted to be the first to plunder the resources and materials from this ancient beast.

Because everyone knows that if whoever is the first to run over and divide this

The materials from the Ancient Sacred Mountain will definitely be destroyed by everyone.

After all, no one wants to stand out.

So the entire field suddenly became quiet.

Even Lin Mo, the ninth divine son of the Taixuan Divine Sect, showed hesitation in his eyes at this time and did not immediately fly to the body of the nine-colored peacock.

Because even though Lin Mo was the ninth divine son of the Taixuan Divine Sect, and his cultivation strength was extremely terrifying, he did not dare to act rashly for a while.

After all, there are hundreds of super masters present.

These people are all elites from all major forces, and they are all masters among masters.

Therefore, even Lin Mo, a brilliant and top genius, dare not provoke public anger.

Suddenly, the entire field suddenly became quiet.

At this moment, everyone did not dare to act rashly, but they were ready to do so.

But just when everyone remained silent.

Suddenly a voice sounded in Ye Feng's mind: "Human boy, help me unlock the seal of sleep. I will promise you whatever reward you want."

The moment the voice in his mind sounded, Ye Feng's eyes suddenly showed deep horror.

He looked around and found that everyone remained silent, indicating that he was the only one who heard the sound.

This voice is a woman's voice. It sounds very gentle, but it also has a feeling of supreme antiquity and majesty.

Ye Feng immediately couldn't help but stare at the behemoth that was hundreds of thousands of kilometers in front of him. Looking at the nine-color peacock, he couldn't help but ask in his mind, "Senior...could it be this nine-color peacock?" "

After Ye Feng asked the question in his mind at this time, the female voice sounded again: "Yes, I am this nine-colored peacock. I did not fall, but was sealed here by someone back then. But After so many years of struggle, I am close to unlocking the seal, but there is still one last step left. I need your help. "

Ye Feng immediately asked in his mind:

"Why did senior choose me to help senior unlock the seal?"

Ye Feng was naturally very frightened at this time. He didn't expect that this ancient beast was not dead.

If this news were known to everyone present, it would probably explode the whole place.

After all, this is a living ancient beast. Its terrifying strength is probably unimaginable to everyone, and it comes from the legendary heaven, which is even more terrifying.

At this time, after Ye Feng finished asking, the voice of the nine-colored peacock in his mind sounded again: "Because I sensed the supreme power of our heaven from you, are you the master of our heaven and the lord of the heaven?" Heir? I feel the aura of Heaven's Gate from your body. This is the number one treasure in our heaven, so you are qualified to let me communicate with you."

Hearing what the nine-colored peacock in his mind said, Ye Feng's eyes widened slightly.

Ye Feng never thought that he would almost forget about the Gate of Heaven he got back then, because it really didn't have much effect.

Unexpectedly, it turned out to be the most powerful magic weapon from the Lord of Heaven!

Ye Feng originally had some doubts as to whether the Gate of Heaven he had inadvertently obtained was just a counterfeit.

Unexpectedly, it turned out to be true!

At this moment, Ye Feng couldn't help but said: "I can rescue you, senior, but how should I rescue you?"

Hearing what Ye Feng said, Jiucui Peacock immediately said: "You just need to sneak around to my head area and help me uncover something on my head."

Hearing what the nine-colored peacock in his mind said, Ye Feng immediately nodded, then sneaked away from the crowd and quickly flew towards the head of the nine-colored peacock.

At this moment, Ye Feng knew very well that he had to cooperate with this nine-color peacock.

Because Ye Feng knew that even the hundreds of masters present were elites from various major forces, but in front of this ancient beast, they probably were nothing at all.

Therefore, Ye Feng felt that if he could unlock this nine-colored peacock from its seal, it would be of great benefit to him.

Because there are hundreds of super masters present

Together, they cannot be a match for this nine-colored peacock.

At this moment, Ye Feng flew away from the crowd, and no one noticed the actions of this little boy.

Because Ye Feng didn't show any particularly strong fighting power just now, everyone didn't pay attention to Ye Feng at all.

They just felt that Ye Feng didn't dare to stay here any longer, fearing that they would kill each other brutally later, so they left here early.

Some experts even looked at Ye Feng's leaving figure and couldn't help but sneered and said: "What a timid boy."

At this moment, Ye Feng left the area where everyone was and flew quickly towards the head of the nine-colored peacock.

The body of this ancient divine beast, the nine-colored peacock, is so majestic and vast. It covers hundreds of thousands of kilometers and cannot be seen to the end at a glance.

Ye Feng flew for a long time before finally flying to the head range of this nine-colored peacock.

At this time, Ye Feng suddenly heard a huge roar in the distance.

It must be that many experts took action together, wanting to carve up the "corpse" of this nine-colored peacock.

Everyone had no idea that this ancient beast was not dead at all, but was sealed.

Ye Feng immediately couldn't help but ask in his mind: "Senior, are you okay?"

The gentle female voice of the Nine-Colored Peacock sounded in Ye Feng's mind again: "Don't worry, I'm fine. Those people may be considered super masters in your world of origin, but they are nothing in our heaven. They are just a swarm of ants, even if I lie in the clouds unable to move, they cannot break any of my feathers."

Hearing what Jiucui Peacock said, Ye Feng couldn't help but take a breath of air.

You must know that the masters who can come here are all elites of the major forces, and even include existences like Lin Mo, the Ninth Son of God of the Taixuan Divine Sect.

But hundreds of super masters attacking together were unable to destroy even one feather of this nine-color peacock, which shows how terrifying this nine-color peacock is.

Ye Feng felt more and more grateful that he was lucky enough to have obtained the Gate of Heaven, a treasure of the Lord of Heaven, so that he could be looked at by this nine-colored peacock from Heaven.

Chapter 3899 Unilateral crushing

At this time, Ye Feng finally flew to the head area of the nine-color peacock.

The next moment, Ye Feng suddenly saw that there was a small jet black talisman attached to the head of this nine-color peacock.

Although this jet-black talisman is very small, only as big as a palm, it exudes a boundless jet-black energy, sealing the entire vitality of the nine-color peacock.

At this moment, the Nine-Colored Peacock immediately sent a voice message and said: "Human boy, this pitch-black talisman is an ancient and boundless talisman called the 'Dark Talisman'. It is very terrifying."

Hearing this, Ye Feng couldn't help but look shocked and asked: "Then if I take off this dark talisman, will my life be in danger? After all, this is a terrifying talisman from heaven."

"Don't worry."

The nine-colored peacock said: "The dark power in this dark talisman has been almost wiped out by me in endless years. Now you can take it off directly. If it is someone else, there will definitely be danger." , but you are different, you have the Gate of Heaven, and the supreme power of light in it can offset the dark power in the dark talisman, so don't worry, you will not be in danger. "

When Ye Feng heard what the Nine-Colored Peacock said, he immediately nodded, took a deep breath, flew directly to the head of the Nine-Colored Peacock, then stretched out his hand and began to uncover the piece of paper on the Nine-Colored Peacock's head. Dark talisman.

"Boom!!" ??

Almost at this moment, a terrifying dark power, extremely violent, burst out from the dark talisman, covering Ye Feng's entire body.

At this moment, the gate of heaven in Ye Feng's mind suddenly burst out with endless white light.

It is the light power of the gate of heaven!

All of a sudden, the dark energy in the dark talisman was instantly offset and repulsed.

"boom!"

The next moment, Ye Feng surged out with huge power from his hands, and finally took the dark talisman directly into his own hands, and completely unveiled it.

"Boom!!"

Almost at the next moment, when this dark talisman was unveiled by Ye Feng, a terrifying and boundless breath of life burst out from the nine-colored peacock.

Buzz!

That's scary

The aura is vast, boundless and majestic, giving people the feeling that an ancient giant god has revived.

However, this nine-colored peacock is originally an ancient beast from heaven, so it is naturally very terrifying.

At this time, Ye Feng did not hesitate and said directly: "Congratulations, senior, for getting out of trouble!"

Buzz!

The Nine-Colored Peacock immediately made a majestic voice and said, "Wait a minute, wait until I kill all the thieves who want to covet my materials."

Boom!

Almost at this moment, the nine-colored peacock's huge and majestic body shrank rapidly.

Finally, she turned into a graceful and beautiful woman with nine-colored divine light all over her body, and appeared high in the sky.

At this time, the huge and majestic Nine-Colored Peacock's body suddenly turned into a human form. All of a sudden, the hundreds of masters from the major forces in the Origin World who were attacking the Nine-Colored Peacock not far away were all stunned. There was deep astonishment in his eyes.

Some super masters couldn't help but said: "What's going on? Why did this ancient beast suddenly disappear?"

And at the next moment, there was an older person in the crowd who seemed to understand something. He couldn't help but said in horror: "This ancient beast is still alive. Now she is completely awake! Run!"

At this moment, all the super masters realized this and immediately ran frantically towards the surroundings, trying to escape from here.

Because they know very well that their attack on this ancient beast will definitely make this ancient beast very angry.

At this moment, the nine-colored peacock transformed into a graceful and beautiful woman, her body exuded a faint nine-colored divine light, and her eyes were full of deep coldness.

Buzz!

She stretched out a plain white palm.

Almost at the next moment, peacock feathers emitting nine-colored divine light were condensed on the entire sky, and they quickly headed towards the bottom to assassinate crazily.

.

Each peacock feather was like the sharpest spear in the world, instantly piercing the void and scattering all over the ground.

"Pfft!"

"Pfft!"

"Pfft!"

At this moment, every nine-colored feather was like the sharpest spear in the world, piercing through the entire body of a large number of masters in an instant.

Even though many super masters have released their own magic weapons or armors to protect their bodies, they have no effect at all.

The armor they wore or the magic weapons they released, even if they were very advanced in the world of origin, were as if they were made of paper in front of each nine-color feather, and they were pierced through in an instant. .??.

"ah!"

"ah!"

"ah!"

At this moment, earth-shaking screams suddenly rang out across the entire field.

Among the major forces in the world of origin, each super master is either an extreme genius or a core figure-like existence.

But under the penetration of the nine-colored feathers in the sky, each one seemed to have become an ant. In an instant, their bodies were torn apart and they were completely killed. They quickly fell to the ground from high in the sky, and pieces of ants were smashed out. ruins.

At this time, after all, there were some powerful masters who escaped these attacks.

Among them was Lin Mo, the ninth divine son of the Taixuan Divine Sect.

At this time, even Lin Mo, the ninth divine son of the Taixuan Divine Sect, a top genius of this level with extremely terrifying cultivation and strength, fled.

They fled here frantically because this nine-colored peacock was so terrifying.

But at this time, Jiucui Peacock looked at the remaining super masters, just smiled lightly, and casually stretched out a finger.

boom!

Almost at the moment when this finger was stretched out, a terrifying sonic boom sounded in the entire sky.

An extremely terrifying nine-color divine light burst out from the fingers of the nine-color peacock in an instant, piercing through several remaining fingers.

The body of a supreme master.

"ah!"

Even Lin Mo, the ninth divine son of the Taixuan Divine Sect, had his entire body pierced and his vitality was rapidly disappearing.

Lin Mo's body suddenly stiffened, and he turned around in horror to look at the nine-colored peacock not far away. He wanted to say something, but he was unable to speak. His whole body quickly fell to the ground.

Even the phantom of the silver giant spirit god on Lin Mo's body was unable to withstand the nine-color ray of light from the nine-color peacock. It was pierced and torn to pieces in an instant, without any resistance, and it was simply a one-sided crushing.

Seeing all the super masters on the field being killed by the Nine-Colored Peacock in an instant, Ye Feng's eyes widened at that moment and he couldn't help but take a breath of air.

The strength of this nine-colored peacock is really terrifying!

Moreover, Ye Feng knew that this nine-colored peacock had been sealed here for endless years, and his strength probably had not returned to its peak state at all.

But even so, he can still kill all the super masters present instantly.

It's really stunning and stunning!

Ye Feng couldn't help but feel extremely shocked.

This nine-colored peacock from heaven is indeed a legendary ancient beast. This kind of cultivation strength is really terrifying.

It is estimated that these super masters would never have thought that they had worked so hard to travel through so many levels and came to the top level. They wanted to get the treasures in this ancient sacred mountain, but they did not expect to provoke an ancient divine beast and all of them were killed. , it can be said to be extremely unlucky.

Ye Feng sighed in his heart. Fortunately, he had the most powerful treasure from heaven, the Gate of Heaven, and was able to get in touch with this nine-colored peacock in advance. Otherwise, the end would have been tragic.

At this moment, while Ye Feng sighed in his heart, his eyes suddenly lit up.

These hundreds of super masters are all the elites of the major forces.

Now that they were all killed by the Nine-Colored Peacock in a rage, Ye Feng quickly flew towards the place where the powerful men fell in front.

The skills of these hundreds of super masters are definitely a huge treasure to Ye Feng!

Ye Feng's eyes were almost shining at this moment!

Chapter 3900 Nine Color Feathers

Uh-huh! ??

At this time, Ye Feng did not hesitate and flew directly to the place where many powerful men who had just been killed by the Nine-Colored Peacock fell not far away.

You must know that there were hundreds of masters who came here before, all of them were elites from the major forces, including even figures like Lin Mo, the Ninth Son of God of the Taixuan Divine Sect.

Therefore, the blood energy and skills contained in these hundreds of super masters after their death are very powerful and majestic.

Uh-huh! ??

At this time, Ye Feng flew to the place where many super masters had fallen. Without any hesitation, he directly released the Devouring Domain and began to absorb the skills of these super masters.

As for releasing his unique devouring ability in front of this nine-colored peacock, Ye Feng didn't have any worries.

Because this nine-colored peacock knew that he had the most precious treasure of the Lord of Heaven, the Gate of Heaven, and did not directly rob him of the Gate of Heaven. This shows that this nine-colored peacock should also be an existence that can make friends, not an innocent person. A ruthless person with no bottom line.

So at this time, Ye Feng directly released the Devouring Domain and began to devour the skills of these fallen super masters.

Each of these super masters was killed by the Nine-Colored Peacock. They died miserably, but the energy provided was still very majestic.

At this moment, Ye Feng suddenly sensed waves of terrifying energy, which was immediately injected into his body.

Ye Feng immediately discovered that the skills of these hundreds of superpowers all had different attributes.

Some are from the Dark Alliance, some are from the Righteous Alliance, and there are many other races, such as monsters, orcs, demons, etc.

But Ye Feng's body is like a melting pot, which can accommodate thousands of attributes of the world.

Therefore, hundreds of different attributes of power were integrated into Ye Feng's body, allowing Ye Feng to be completely integrated and digested.

Ye Feng's skill suddenly increased at an incredible speed.

You know, the cultivation realm of these hundreds of super masters is one or two realms higher than Ye Feng, or even two or three realms higher.

Therefore, Ye Feng swallowed hundreds of super masters at this moment, and naturally gained a huge increase in energy. \u003c

br\u003e

At this time, Ye Feng even began to emit a bright divine light.

Ye Feng's cultivation aura was breaking through at an incredible speed.

The nine-colored peacock who saw this scene not far away had a look of surprise in his eyes.

This graceful and beautiful woman flew around Ye Feng, watching Ye Feng's cultivation and devouring process, her eyes seemed to be filled with curiosity and a hint of surprise.

It seems that he did not expect that this human boy would have such a magical and special ability.

While Jiucui Peacock was observing, Ye Feng's cultivation aura had begun to break through at an incredible speed.

"boom!"

The fourth level of Shenxu Realm!

"boom!"

The fifth level of the Divine Void Realm!

"boom!"

The sixth level of the Divine Void Realm!

"boom!"

The seventh heaven of the Divine Void Realm!

"boom!"

The eighth level of the Divine Void Realm!

"boom!"

The ninth level of the Divine Void Realm!

"boom!"

The Great Perfection of the Tenth Level of the Divine Void Realm!

"boom!"

Half step to the holy realm! !

At this time, Ye Feng's cultivation finally stopped.

At this moment, Ye Feng's eyes were full of surprise.

Unexpectedly, the skills provided by these super masters to him were so majestic, allowing him to break through an entire realm at once and touch the Holy Dao realm above the Divine Void Realm.

At this time, Ye Feng couldn't help but sigh. Sure enough, swallowing up the hard-earned skills of others to strengthen himself is the right way, and breakthroughs will be very fast.

When Ye Feng faced off against Gu Xiaotian, the tenth son of the Taixuan Divine Sect, Ye Feng was three realms lower than Gu Xiaotian.

But now, Ye Feng's cultivation has touched the Holy Dao Realm, and he is only one big realm away from the Holy King Realm above the Holy Dao Realm.

I have to say that Ye Feng really got lucky this time.

Not only do you not have to compete with these hundreds of powerful super masters, but you also absorb the skills of all the masters, which is really a huge profit.

Uh-huh!

At this time, Ye Feng landed directly on the ground, stretched out his hand to grab, and collected all the storage rings of the masters into his own hands. ??

Then Ye Feng flew in front of the Nine-Colored Peacock, looked at this graceful and beautiful woman, and said, "Senior, what are your plans next?"

The beautiful and deep eyes of the nine-color peacock stared at Ye Feng and said loudly: "I will return to the heaven next to find the clan that sealed me back then and let them know what regret is, even though I have been sealed here for so many years. , but this ancient sacred mountain is very magical, and it greatly increases my bloodline and skill. "

When he said this, the Nine-Colored Peacock immediately stretched out a plain white palm.

Buzz!

There was a flash of light, and in the hand of the nine-colored peacock, a feather emitting nine-colored divine light appeared.

This feather looks like it is made of metal, with a cold metallic luster and a faint nine-color divine light. It looks very precious.

The nine-colored peacock immediately said: "This feather is the strongest feather on my body. It is comparable to the legendary ancient divine spear. Its penetrating power is very strong. Be careful to penetrate anything solid under the sky. Now I will It's given to you as a token of my gratitude to you."

Hearing Jiucui Peacock say this, Ye Feng's eyes suddenly revealed a look of deep surprise.

Ye Feng had seen before that the nine-colored peacock condensed into nine-colored feathers, full of extremely terrifying destructive and penetrating power.

Even those masters from various major forces, wearing extremely strong armor and extremely high-level magic weapons, were simply unable to withstand the attack of this feather. They were as if they were made of paper, being pierced and torn apart. .

And you need to know,

Those nine-colored feathers are just feathers condensed randomly from the nine-colored peacock, and they all have such terrifying penetrating power.

Not to mention that the most precious feather that the Nine-Colored Peacock now gave to him very solemnly must be more terrifying, more advanced, more penetrating, and more destructive.

At this time, Ye Feng immediately took the nine-color feather into his hands very solemnly and said loudly: "Thank you, senior, for the gift."

The nine-color peacock nodded slightly, with an inexplicable look on its beautiful face, and said loudly: "This nine-color feather is my favorite and most cherished feather. I give it to you. I hope you will Understand what I mean. This nine-color feather can not only provide you with a powerful attack, but if you come to heaven in the future, you can use this feather to find me. I will try my best to satisfy you with whatever you need. "

Uh-huh!

After saying that, the Nine-Colored Peacock smiled at Ye Feng, showing a beautiful smile, then jumped up and disappeared directly into the eighteenth level of the ancient sacred mountain.

Ye Feng looked at the disappearing beautiful back of the nine-colored peacock for a long time.

Uh-huh!

The puppet ancestor not far away flew over and said loudly: "Don't look at it, this kind of ancient beast is not something you can catch up with for the time being. Unless you can make a name for yourself in the heaven in the future, you will be worthy of her." "

Hearing what the puppet ancestor said, Ye Feng smiled hoarsely and said, "When did I say that I wanted to pursue this senior Nine Color Peacock?"

When the puppet ancestor heard what Ye Feng said, he just patted Ye Feng's shoulder and said: "My fair lady, a gentleman is so kind. This kind of noble and unparalleled beauty of the beast family will be admired and admired by everyone. "

When Ye Feng heard what the puppet ancestor said, he just smiled and shook his head. He didn't say anything more, but directly began to explore the storage rings left by hundreds of super masters to see if there was anything particularly rich inside. resources and a strong heritage.

Especially Lin Mo, the Ninth Son of God from the Taixuan Divine Sect, his storage ring Ye Feng is particularly focused on exploring, because there must be many good things in it, as well as an extremely powerful inheritance.
