

## Ancient 3901

### Chapter 3901 Black Market

At this moment, under Ye Feng's search, he did find a lot of powerful inheritance and treasures from the storage rings of so many masters.

But now that Ye Feng has obtained the nine-colored peacock's nine-colored feathers, which are comparable to the sharpest divine spears in the world, he feels that other weapons are not that good.

However, Ye Feng found a very powerful inheritance from Lin Mo, the ninth divine son of the Taixuan Divine Sect, called the "True Meaning of the Silver Giant Spirit God".

This is a very special heritage. .??.

Ye Feng had indeed seen a silver giant spirit phantom in the void behind Lin Mo, the ninth son of the Taixuan Divine Sect, which was very majestic.

Ye Feng originally thought it was Lin Mo's special ancient bloodline.

But now it seems that it is the true meaning of the Silver Giant Spirit God that Lin Mo has cultivated that makes there always be a silver Giant Spirit God shadow behind Lin Mo in the void to protect him.

However, Lin Mo was very unlucky. He encountered the ancient beast from heaven, the Nine-Colored Peacock, and was killed by the Nine-Colored Peacock in an instant.

At this time, Ye Feng was also deeply aware that the terrifying existence in the heaven was indeed very terrifying.

Even Lin Mo, a peerless prodigy who could dominate the world of origin, was instantly killed in front of the nine-colored peacock.

At this time, Ye Feng was deeply amazed by the legendary heaven.

It was indeed a vast world with countless powerful creatures.

Next, Ye Feng began to practice Lin Mo's powerful inheritance, the true meaning of the Silver Giant Spirit God.

Ye Feng soon succeeded in practicing.

As long as Ye Feng activates the true meaning of the Silver Giant Spirit God, a shadow of the Silver Giant Spirit God will appear in the void behind him. It has very terrifying power and majesty, and is naturally suppressive to the enemy.

At this time, Ye Feng quickly left this ancient sacred mountain.

top level.

Because there is nothing here anymore.

When Ye Feng returned to the outside of the ancient sacred mountain, he found that there were no traces of any masters outside.

Obviously, all the super masters entered this ancient sacred mountain. They died and were injured along the way. When they reached the top, they were wiped out by the nine-color peacock.

At this time, Ye Feng couldn't help but shook his head. Sure enough, people died for money and birds died for food. The world of cultivation is really cruel.

At this time, Ye Feng left the ancient cave without any hesitation.

Because the chance and good fortune here have completely disappeared.

However, on the way Ye Feng left, he was curious about where the top genius from the Wanjie Martial Arts Academy, Zhan Cangtian, the fighting maniac who came with him, had gone.

Ye Feng did not meet Zhan Cangtian in the ancient sacred mountain, and Ye Feng did not wait long in the ancient cave. It is very likely that Zhan Cangtian has returned to the Wanjie Martial Arts Academy.

So at this time, Ye Feng left the ancient cave and flew quickly towards the Ten Thousand Realms Martial Arts Academy.

This time we came out and wasted a lot of time. It was time to go back.

Moreover, Ye Feng has obtained a lot of armors, treasures, inheritances, etc. from the storage rings of many previous super masters. Ye Feng may not look down on him, but if he disposes of them in the black market, he can still get a lot of things. A lot of money in return.

So Ye Feng quickly flew in the direction of the Ten Thousand Realms Martial Arts Academy, wanting to return to the Ten Thousand Realms Martial Arts Academy as soon as possible.

But just when Ye Feng was about to leave from the entrance of the ancient cave, suddenly a large group of majestic masters appeared, their auras

The breath was very terrifying, and it suddenly surrounded Ye Feng.

Ye Feng saw that the clothes worn by these masters were actually the clothes of the strong men in the Taixuan Divine Sect.

At this moment, Ye Feng's heart immediately made a "thump" sound.

But at this time, those experts saw Ye Feng and just asked: "Boy, you are the first to come out of this ancient cave. How is the situation inside now? Have you seen our Taixuan?" The Ninth Son of God and the Tenth Son of God?"

Ye Feng immediately spoke up and said: "The situation inside was very intense. Many super masters were fighting many monsters. I was timid and was afraid of falling inside, so I ran out."

Hearing what Ye Feng said, this group of masters from the Taixuan Divine Sect didn't seem to suspect anything.

After all, they didn't believe that this ordinary-looking boy in front of them would be the biggest winner in the ancient caves.

So at this time, this group of Taixuan Divine Sect masters did not stop Ye Feng, but nodded and entered the ancient cave directly.

When Ye Feng saw this scene, he ran away quickly.

These masters of the Taixuan Divine Sect are all strong men of the older generation. Their strength and cultivation are really terrifying. I am afraid they are the two great sons of gods who came specifically to support their Taixuan Divine Sect.

However, they probably would never have thought that the two most amazing and talented sons of the Taixuan Divine Sect would have died in this ancient cave.

At this moment, after Ye Feng left the ancient cave, he flew quickly towards the direction of the Wanjie Martial Arts Academy.

After half a month, when Ye Feng finally returned to the territory of Wanjie Martial Arts Academy, he finally breathed a sigh of relief.

At this time, Ye Feng returned to the Wanjie Martial Arts Academy. He did not directly go to the Dean of Tianshu, but

He first went to the black market within the territory of the Wanjie Martial Arts Academy to get rid of these things on his body.

After all, Ye Feng had previously collected hundreds of armors, weapons, and inheritances from masters of major forces.

These things can only be disposed of in the black market.

If it is handled openly in some trading markets, people will definitely be watching.

At this time, Ye Feng took out a black robe from the storage ring, covered himself, and then entered the black market in the territory of Wanjie Martial Arts students.

The black market within the territory of the All Worlds Martial Arts Academy is a place established by the upper class of the All Worlds Martial Arts Academy and turned a blind eye to deal with those shady things.

At this moment, Ye Feng was shrouded in black robes and came to the black market.

The entire black market area was secretly established in a mortal dynasty not far from the headquarters of the Ten Thousand Realms Martial Arts Academy. It was a huge underground city with a mixture of fish and dragons. There were not only disciples from the Ten Thousand Realms Martial Arts Academy, but probably many more. Wandering strong men, or the existence of other powerful forces.

There might even be magic masters from the Dark Alliance coming over to make deals.

However, the people inside were either wearing masks or covered in black robes like Ye Feng, and no one knew anyone.

Ye Feng entered the black market and without wasting time, he went directly to a shop at the very end of the black market that specialized in dealing with shady things.

At this moment, Ye Feng came to the counter of this shop and immediately saw a beautiful young woman standing behind the counter of the shop.

Ye Feng was wrapped in a black robe. Before the beautiful woman behind the counter could speak, he spoke directly: "Girl, just ask your shopkeeper to come over. I have a large amount of goods to sell."

Chapter 3902 Ten Million

At this time, when the young and beautiful girl behind the counter heard what Ye Feng said, her eyes suddenly lit up, as if she knew a big business was coming.

This beautiful girl immediately said: "Sir, please wait a moment, I will ask our shopkeeper to come over right now."

Ye Feng immediately nodded slightly and waited in front of the counter.

After a while, a thin old man wearing a black robe walked out of the room behind the counter.

The thin old man stared at Ye Feng, who was wrapped in a black robe. He nodded slightly and said, "Your Excellency, just follow me here."

Ye Feng immediately nodded and followed the thin old man to the small dark room inside the shop.

At this moment, the thin old man immediately said: "Since you are so solemn, you asked me, the shopkeeper, to come over and check it in person. It seems that there must be a lot of good things on you. Let's just take it out and take a look."

Ye Feng nodded slightly at this moment, and then directly released all the treasures in the storage ring.

Wow!

In an instant, all kinds of treasures were piled up in the entire small dark room.

You know, Ye Feng plundered hundreds of super masters' storage rings from the ancient cave this time.

These hundreds of super masters are all masters from major forces. The wealth in the storage ring is naturally very large, so Ye Feng got a lot of things this time.

The armor, weapons, inheritance, and various treasures released by Ye Feng at this moment almost filled the entire small black room.

At this moment, seeing so much wealth released by Ye Feng, the shopkeeper in front of him immediately widened his eyes slightly, as if he never expected that Ye Feng would sell so many goods at once.

And the next moment, what shocked the shopkeeper even more was that when

He began to count the goods released by Ye Feng, and found that they were all high-end goods, and seemed to be inherited treasures from various major forces. The more he looked at them, the more frightened he became.

Seeing this scene, the thin old man couldn't help but take a breath of air.

He couldn't help but stare at the mysterious man shrouded in black robes in front of him, and he was secretly horrified. Who is this man? It's so unbelievable, it feels like the treasure troves of all the major forces have been plundered.

Ye Feng saw the thin old man in front of him hesitate, and immediately couldn't help but said: "If you can't eat this batch of goods, then I will go to other stores, don't waste my time."

"Of course I can eat it!"

The thin old man immediately spoke up and said: "Even though my store is very small, I have been in the black market for decades and have many shipping channels. I can eat no matter how big the goods are."

At this moment, the thin old man said that he immediately started counting all the goods.

His hands even trembled a little.

Because the goods that Ye Feng took out were all high-end goods from major forces, all of which were rare high-end weapons and high-end inheritances. These were simply priceless things.

When the thin old man counted the items to the end, he couldn't help but said: "The total value of spiritual diamonds is ten million. I wonder if you will accept this price?"

Ye Feng nodded slightly at this moment and said loudly: "It's pretty much what I expected. You can just transfer 10 million souls to me."

Ye Feng was still a little happy at this time. He didn't expect that the items in so many super masters' storage rings could be sold for so much money. It was really a huge profit.

The thin old man suddenly shook his head at this time and said: "I don't have so many spiritual diamonds in my store at the moment. The current cash flow in my store is only five million spiritual diamonds, and I still have half the price. I don't know if I can use other things to get it." Replacement?"

At this moment, the thin old man spoke with a somewhat uneasy tone.

Because he was really afraid that Ye Feng wouldn't accept it and would just leave.

After all, so many of the goods that Ye Feng brought out were so high-end that he could make a lot of difference in price.

Therefore, the thin old man naturally did not want Ye Feng to just leave.

At this moment, Ye Feng thought for a moment, and then said aloud: "Do you have any treasures or elixirs here that can improve your skills? You can exchange them for these things."

When the thin old man heard this, he immediately said: "Of course, I will take you to the warehouse of our store to have a look."

When Ye Feng heard what the thin old man said, his eyes suddenly lit up, and then he said loudly: "Okay, then you take me over to take a look. You can use these things to replace the remaining five million spiritual diamonds with equal value." I."

The thin old man immediately said happily: "Okay, absolutely no problem."

At this moment, Ye Feng followed the thin old man and came directly to the warehouse of this store.

The thin old man first handed over five million spiritual diamonds directly to Ye Feng.

After Ye Feng accepted it, he looked at the entire warehouse and said, "Give me all the resources that can improve your skills."

The thin old man immediately nodded and said: "Wait a moment, I will sort it out."

At this moment, the thin old man took out an empty storage ring and walked into the warehouse.

Ye Feng immediately saw it. This thin old man began to

Grab the heavenly materials and earthly treasures that emit spiritual light, including spiritual medicines, spiritual fruits, and many plants of various shapes, and put them into the empty storage ring.

These heavenly materials and earthly treasures contain very powerful medicinal power, which will definitely greatly improve Ye Feng's skills.

In addition, Ye Feng also saw this thin old man taking out pills that emit medicinal fragrance from boxes one by one and put them into the storage ring.

In the end, the thin old man put almost all the things that can improve skills in the entire warehouse into the storage ring, and finally estimated the price of about 5 million spiritual diamonds, and then sent it to Ye Feng, which made the thin old man relieved.

The thin old man thought in his heart that he had finally gathered materials worth 5 million spiritual diamonds that could improve skills, otherwise, he would have really delayed this big business.

At this moment, the thin old man couldn't help but feel very curious about Ye Feng's identity.

Who on earth is this person who has such a terrifying ability to plunder so many high-level inheritances and treasures, armors, etc. from various major forces?

Ye Feng was wrapped in a black robe at this time, and he excitedly took the five million spiritual diamonds, natural treasures and elixirs that can improve his cultivation skills.

These things are of great value to Ye Feng.

Because Ye Feng simply cannot find so many materials and resources that can improve his skills in a short time.

But in this kind of black market shop, there are a lot of them.

Ye Feng took the storage ring at this moment, without any hesitation, and turned around to say goodbye.

But just when Ye Feng turned around, the thin old man in the shop suddenly spoke: "You seem to be very interested in resources that can improve your cultivation skills? I have something to say, I don't know if I should say it or not?"

Chapter 3903 Don't be in a hurry to leave

"Um?"

When Ye Feng heard the thin old man behind him say this, he immediately turned around and said curiously: "What do you have to say? Tell me."

The thin old man seemed to hesitate for a moment, and then said aloud: "I wonder if you are a practitioner of our Righteous Path Alliance?"

Hearing this, Ye Feng couldn't help but nodded and said: "I am a practitioner of the Righteous Alliance, but I won't tell you which big force I am. It is kept confidential."

After all, Ye Feng is now the son of God on the surface of the Ten Thousand Realms Martial Arts Academy, so when entering a chaotic place like the black market, he still has to hide his identity.

Otherwise, the impact will be quite bad.

After all, few of the top geniuses from major forces would enter the black market to hang out.

Generally, the powerful people in the black market are wandering warriors, or criminals who are hunted down by some big forces.

At this moment, after hearing what Ye Feng said, the thin old man immediately nodded and said: "If you are a practitioner of the Righteous Alliance, you should have heard that in our black market, a black market will be held soon. In the Hegemony Conference, every store has a quota. You can participate in this black market hegemony conference and fight on the competition platform in the center of the black market. The winner of each battle will receive generous rewards. Most of them are from our black market. Precious cultivation resources are rewards personally issued by the

upper echelons of our black market, and if you can enter the top ten, you can even hold important positions in the black market and enjoy the huge supply of power and resources."

Hearing what the thin old man said, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but said: "Do you want me to take the place of your shop and participate in this black market hegemony conference?"

The thin old man immediately nodded, and then said aloud: "Of course, I am just a suggestion, because you are able to collect so many high-level inheritance and treasures from major forces, which means that your strength must be very terrifying. Your Excellency, If you use the quota of my store to participate in the Black Market Hegemony Conference, I think you will definitely be able to get a lot of good resources, which will definitely have huge benefits for improving your strength, and if you are strong enough, you can enter the top ten. Maybe you will be favored by the upper echelons of the black market and become a core member of the black market, enjoying huge rights, which will be of huge benefit and benefit to you. "

Hearing what the thin old man said, Ye Feng couldn't help but smile and said: "What good does this do to you? I don't believe that you will help me selflessly when we are two strangers."

The thin old man immediately couldn't help but smile bitterly and said aloud: "Because if you want to open a shop in the black market, you must have excellent strength. You must at least be among the top 100 in the black market competition. Otherwise, my shop will be destroyed." It will be taken over by other strong men."

Hearing this, Ye Feng couldn't help but said: "Your cultivation aura is not weak, why don't you participate by yourself? Are you going to take advantage of me, an outsider?"

The thin old man immediately couldn't help sighing and said aloud: "In the past, I could participate in the black market competition on my own and enter the top 100. But some time ago, I went out to find a special material. , entered a dangerous situation and suffered injuries, so my current strength is far inferior to what it used to be, and I will not be able to advance at all in a short period of time.

I have been fighting dangerously, and my granddaughter doesn't seem to have much talent in the field of cultivation. Her strength is relatively average, and I can't rely on her. I can only let her look at the store front. Moreover, I don't want to let me do this. The only granddaughter taking risks, after all, there is a certain chance of suffering serious damage or even death when participating in the black market hegemony conference. After all, those guys in the black market are all fierce and brave people, and are extremely cruel. Therefore, I Thinking of you, with your strength, it will definitely be no problem to enter the top 100. "

Hearing what the thin old man in front of him said, Ye Feng's eyes flickered slightly.

This thin old man had a good plan and wanted to rely on himself to stabilize the position of his shop in the black market.

But he couldn't refuse this request.

Because the temptation is too great.

Relying on the quota in this store, he participated in the black market competition and received generous resource rewards every time he won.

This is a good opportunity for Ye Feng to improve his strength.

After all, the resources in the black market must be very high-end and rare, and are difficult to obtain outside.

Since he came to this black market this time, Ye Feng was not in a hurry to leave.

After all, Ye Feng's main purpose now is to improve his cultivation strength as much as possible to fight against the Dark Demon Cult and Dark Yuan Zun.

Thinking of this, Ye Feng felt that cooperating with this thin old man did not seem to do much harm to him, and on the contrary, he might gain great benefits.

Even though the black market hegemony conference may be very dangerous, Ye Feng is not afraid.

After all, Ye Feng has grown up in the experience of blood and fire and experienced ups and downs since he entered the journey of cultivation.

Ye Feng immediately smiled at this moment, then looked at the thin old man in front of him and said loudly: "Okay, I thought about it, this is indeed a good opportunity for me to fight for cultivation resources, then the two of us will Once we cooperate, I will use your store's quota to

participate in this black market competition, and you will use my achievements to stabilize the store's position. Everyone is happy. "

Hearing that Ye Feng agreed, the thin old man in front of him immediately became very happy, as if he had solved a major issue on his mind. He laughed loudly and said: "Okay, great, there are still several days left for the Black Market Hegemony Conference. Time, you can rest directly in my shop. If you need anything, you can ask me directly. By the way, let me introduce myself. My name is Lu Ming, and my granddaughter's name is Lu Qingqing."

While the two were talking, suddenly a beautiful girl ran over in a panic from outside.

It was Ye Feng who entered this store before, the beautiful girl behind the counter.

It should be Lu Qingqing, the granddaughter of this thin old man.

At this moment, Lu Qingqing's beautiful little face was full of panic. She quickly ran to the warehouse, looked at Lu Ming who was talking to Ye Feng, and said quickly: "Grandpa, it's not good! Jiu The nasty guys from the Head Snake Chamber of Commerce are here again and want to occupy our store by force! They said that if grandpa and I don't give up this store location, they will destroy our store and kill you, grandpa! Bones kill and feed the dogs, that's what they said." "Huh?"

When Ye Feng heard the thin old man behind him say this, he immediately turned around and said curiously: "What do you have to say? Tell me."

The thin old man seemed to hesitate for a moment, and then said aloud: "I wonder if you are a practitioner of our Righteous Path Alliance?"

It was Ye Feng who entered this store before, the beautiful girl behind the counter.

It should be Lu Qingqing, the granddaughter of this thin old man.

At this moment, Lu Qingqing's beautiful little face was full of panic. She quickly ran to the warehouse, looked at Lu Ming who was talking to Ye Feng, and said quickly: "Grandpa, it's not good! Jiu The nasty guys from the Head Snake Chamber of Commerce are here again and want to occupy our store by force! They said that if grandpa and I don't give up this store location, they will destroy our store and kill you, grandpa! Bones kill and feed the dogs, that's what they said."

Chapter 3904 The Poisonous Snake Man

"What? Are you going to kill me and feed me to the dogs?"

At this moment, after hearing what his own granddaughter said, the old man Lu Ming's old face suddenly revealed a look of deep anger.

He couldn't help but said aloud: "This group of people from the Hydra Chamber of Commerce are really bullying others. Not only do they often come to make trouble, but now they also threaten to kill me? Let's go! Go and take a look! I'm sorry Let's see how they kill me!"

At this moment, Lu Qingqing immediately led Lu Ming outside.

Ye Feng was shrouded in black robes. When he saw this scene, he followed directly.

After all, Ye Feng still needs to use the quota in this store to participate in the black market competition in this black market.

So Ye Feng naturally wanted to take a look at the situation. .??.

When Ye Feng followed Lu Ming and Lu Qingqing to the outside of the store, he saw a group of fierce men, all wearing armor and holding powerful weapons in their hands, smashing the counter at the door of the store.

The entire counter had been completely shattered.

Seeing this scene, Lu Ming's face suddenly showed a look of deep anger. He immediately stared at the ferocious men in front of him who were smashing the shop, and yelled: "Stop it, I!"

Boom!

At this moment, an extremely powerful aura of cultivation burst out from Lu Ming's body.

It has to be said that Lu Ming is still very capable for being able to survive in the black market to this day. Although he is injured, the powerful aura of his cultivation burst out at this time, which is still very frightening. The big men who were destroying the store couldn't help but take a few steps back.

But at this moment, behind these fierce-looking men, a middle-aged man who looked very gloomy slowly walked over.

This middle-aged man is very thin and has a very sinister face.

The person feels like a poisonous snake, exuding a fearful aura.

At this time, Lu Qingqing couldn't help but exclaimed: "It turns out to be the eighth protector of the Hydra Chamber of Commerce, Mr. Venomous Snake!"

"Snake Master?"

When Ye Feng heard what Lu Qingqing said next to him, he couldn't help but ask: "Is this poisonous snake man very powerful?"

Lu Qingqing immediately couldn't help but nodded, and said very fearfully: "This poisonous snake gentleman is a very famous strong man in our black market, very ruthless, and loyal to the Hydra Chamber of Commerce in our black market. "

Ye Feng nodded slightly, and then asked aloud: "Is this Hydra Chamber of Commerce the upper echelon of the black market?"

Lu Qingqing shook her head and said: "No, the upper echelons of the black market are very mysterious entities who rarely show up. This Hydra Chamber of Commerce is a chamber of commerce established by several large shops in our black market together, specifically to bully scattered people like us. The small shops want to occupy all our shops and unify all the major shops in the entire black market, so the Hydra Chamber of Commerce often troubles small shops like us just to threaten us to hand over the shops. , let them manage and drive us out of the black market."

Hearing what Lu Qingqing said, Ye Feng immediately understood. It seemed that the Hydra Chamber of Commerce wanted to establish a monopoly among the black people and not allow those scattered shops to survive. No wonder Lu Qingqing was so angry.

At this moment, Lu Ming was staring at the eighth protector of the Hydra Chamber of Commerce, Venomous Snake Langjun, with a somewhat downcast expression.

Because Lu Ming also knew that this poisonous snake man was very powerful and terrifying.

Lu Ming couldn't help but said aloud at this time: "I seem to have never

I have offended your Hydra Chamber of Commerce, why do you bully me like this? "

At this time, Mr. Poisonous Snake smiled gloomily and said: "You know what you are asking, old man, I will only give you one sentence now, and that is to hand over the management rights of your shop as soon as possible. In this case, you and your granddaughter still have some way to survive. Otherwise, I will kill you old thing and feed it to the dogs, and then take your granddaughter back and sell it. Hehe, I have to say that your granddaughter is pretty and should be able to fetch a good price on the black market. "

"shut up!"

At this moment, Lu Ming immediately burst into anger, and a terrifying cultivation aura suddenly erupted from his body.

At this moment, Venomous Snake Langjun smiled coldly and attacked directly forward.

boom! !

A burst of blood-red light burst out from his hands, and a big snake condensed in the void, sending Lu Ming flying away.

Boom!

Even though Lu Ming was very powerful, he suffered heavy losses, so at this time he was no match for Viper Lang. He was defeated in an instant.

Lu Ming immediately spat out a mouthful of blood.

"Grandpa, are you okay?"

Lu Qingqing quickly ran forward and helped her grandfather up.

At this moment, Mr. Poisonous Snake smiled coldly and said: "Since you are so stubborn, I have no choice but to kill you all myself."

Boom!

At this time, suddenly a figure wrapped in a black robe stood in front of Lu Ming and Lu Qingqing, blocking the sight of the Viper Snake.

The Viper Master immediately stared at the black-robed figure in front of him and couldn't help but said, "Who are you? Do you dare to interfere with the affairs of our Hydra Chamber of Commerce?"

At this moment, Ye Feng was completely shrouded in a black robe. He just smiled lightly and said, "I now have a cooperative relationship with this shop, so naturally I have to take care of this matter."

Hearing what Ye Feng said, Lu Qingqing, who was supporting Lu Ming not far away, couldn't help but reveal a look of deep surprise on her beautiful face, and said loudly: "Grandpa, this young master sounds very loud. Young, how dare he go against the Hydra Chamber of Commerce? "

Lu Ming wiped the blood from the corner of his mouth at this time, with a slight smile on his old face, and said loudly: "Qingqing, just wait and see, this little brother will definitely surprise us."

Lu Ming knew very well that Ye Feng was definitely an extremely terrifying guy.

Because the goods Ye Feng traded with him before were all armor treasures and inheritances from major forces.

Therefore, Lu Ming dared to conclude that Ye Feng was definitely an unfathomable existence.

At this moment, Venomous Snake Lang Jun stared at Ye Feng who was standing in front of Lu Ming and Lu Qingqing. He smiled coldly and said: "Listening to your voice, you are just a young boy. Young people, don't be too impulsive. , I know you may be trying to please this Lu Qingqing, but young people are sometimes too impulsive, which often means self-destruction. "

boom!

After saying that, a terrifying aura of cultivation suddenly erupted from Mr. Poisonous Snake.

That was an existence at the level of the Holy King that surpassed the Holy Dao realm.

He is an extremely terrifying strong man.

It has to be said that this poisonous snake man is worthy of being the protector of a large chamber of commerce in the black market, and he is indeed very powerful.

At this moment, Venomous Snake Langjun rushed towards Ye Feng, and a huge snake even appeared behind him, full of terrifying coercion, and wanted to crush Ye Feng in an instant!

Chapter 3905 Deliberately letting go

I have to say that the cultivation level of this poisonous snake gentleman is still very terrifying.

Even if this poisonous snake gentleman leaves the black market and goes to major forces, he will probably be treated as a guest.

However, even if Mr. Poisonous Snake Master is very powerful, it is of no use because Ye Feng is too powerful now.

Although the cultivation level of this poisonous snake man is a whole level higher than that of Ye Feng, he is of no use at all.

Ye Feng's current fighting ability is already beyond ordinary people.

boom!

At this moment, Ye Feng burst out with his own cultivation momentum.

Boom! ??

That kind of terrifying momentum was like a vast ocean, and like a violent storm, it immediately bombarded forward, directly blasting the poisonous snake man away, and then hit hard not far away. On the ground, a large area of the ground was smashed.

"puff!"

At this moment, Venomous Snake Man couldn't help but spit out a mouthful of blood, and his eyes immediately revealed a look of deep horror.

He never thought that the mysterious black-robed man whose voice sounded like that of a young man had such terrifying cultivation.

Just his cultivation aura blew him away.

At this moment, Mr. Poisonous Snake Master couldn't help but screamed in horror: "I sensed your cultivation level, which is only half a step to the Holy Dao realm, while I am a whole realm higher than you." A powerful Saint King, why can you blow me away just by relying on your momentum? This is impossible!"

At this moment, Venomous Snake Langjun screamed in horror, his tone obviously full of deep disbelief.

At this moment, Ye Feng didn't bother to explain anything at all, and said loudly: "If you are sensible, just get out of here and don't mess with this shop again, otherwise, I will beat you all over the floor."

At this time, after Ye Feng finished speaking, the Viper Snake Master immediately panicked and ran away with a group of his men.

Because Ye Feng gave him such a terrifying feeling.

At this moment, Lu Qingqing, who was not far away, had already been stunned.

Because in the eyes of Lu Qingqing, the protector of the Hydra Chamber of Commerce, such as Poisonous Snake Langjun, must not be provoked.

A big shot, even his extremely powerful grandfather is no match for him.

But Ye Feng, this mysterious young man, just released his momentum and blew him away.

Lu Qingqing's beautiful little face naturally revealed a look of deep horror, followed by deep admiration.

Such a strong young man is really amazing.

For an ignorant girl like Lu Qingqing, she naturally has a deep natural attraction.

At this moment, Lu Ming, an old man, had a look of deep horror in his eyes, and at the same time, he also had a look that was indeed true.

Because Lu Ming had already guessed that Ye Feng was definitely a very scary guy, otherwise he would not have been able to produce so many high-end weapons and inheritances from major forces.

At this moment, Lu Ming was very glad that he was able to keep Ye Feng, otherwise, their store would really be unsustainable today.

At this time, Lu Qingqing immediately came to Ye Feng and couldn't help but said happily: "Sir, you are really amazing. How do you practice? Can you teach me? ?"

When Ye Feng heard Lu Qingqing's somewhat innocent question, he couldn't help but smile and said: "As long as you practice hard every day and lay a solid foundation, one day you will be as powerful as me."

After finishing speaking, Lu Ming suddenly walked over.

Looking at the pale face of this old man, Ye Feng said aloud: "Is your injury okay?"

Lu Ming smiled and shook his head, and said aloud: "Although I am already an old man, I won't die if I am attacked. I will just take some healing pills later."

When he said this, Lu Ming couldn't help but said: "You are indeed very powerful. In this black market competition, it seems that there is no problem in entering the top 100."

Ye Feng nodded slightly, and then said aloud: "Is this Hydra Chamber of Commerce very powerful in the black market?"

Lu Ming nodded immediately,

With a look of deep fear in his eyes, he said aloud: "This Hydra Chamber of Commerce is a chamber of commerce formed by several large shops in the black market. It wants to swallow up all our scattered shops, so it often sends some The strong ones came to cause trouble and oppressed our scattered small shops. This time, little brother, although you have beaten away the poisonous snake man, I am afraid that it will anger the entire Hydra Chamber of Commerce. Then there will be more powerful beings coming. I have some I'm confused, little brother, why didn't you just kill this poisonous snake gentleman and all his men? If you kill them instantly and then destroy the corpses and eliminate all traces, then no one will know that it is our family. If the shop does it, no one will come to trouble us."

Ye Feng smiled slightly at this time and said: "Indeed, I let them go on purpose."

Hearing what Ye Feng said, Lu Ming immediately stared blankly and couldn't help but said: "You let them go on purpose. Why? Doesn't this bring us huge disasters?"

Ye Feng smiled and said: "The protector strength of the Hydra Chamber of Commerce is not very good, and there is no point in killing him. It is better to let him go, and then let more powerful beings come over. In this way, I can Kill all the masters of this Hydra Chamber of Commerce one by one, and then rob them of their wealth."

Hearing what Ye Feng said, the old man Lu Ming immediately widened his eyes in shock.

Although this shopkeeper has seen many arrogant people over the years, he has never seen anyone as arrogant as Ye Feng.

However, Lu Ming knew that Ye Feng's fighting power was very terrifying, and he was definitely not an ordinary person.

But Lu Ming was still a little worried and couldn't help but said: "Little brother, is it a bit too risky for you to do this? Your fighting power may be very powerful. After all, you are a big level lower than that poisonous snake man. You can blow away this poisonous snake gentleman by relying on his momentum, but you must know that this poisonous snake gentleman is only the eighth guardian of the Hydra Chamber of Commerce. There are other more powerful guardians in the Hydra

Chamber of Commerce, and among the guardians There are many elder-level experts on the planet, and you can't deal with them alone, little brother."

Ye Feng smiled slightly at this time and said aloud: "The stronger, the better. As long as this Hydra Chamber of Commerce dares to continue sending strong people over, then I will let them

We know what regret is. "

Hearing what Ye Feng said, Lu Ming was stunned for a moment.

This old man didn't know what to say.

Lu Ming suddenly felt that keeping Ye Feng was a big gamble.

At this moment, the eyes of this beautiful girl, Lu Qingqing, were filled with deep admiration.

This was the first time she had seen such a domineering young man.

Lu Qingqing couldn't help but stare at Ye Feng, who was shrouded in black robes, thinking in her heart, if such a powerful young man had a very handsome appearance in the black robe, it would be perfect.

Suddenly, Lu Qingqing became extremely curious about Ye Feng's appearance, and couldn't help but said, "Sir, can I see what you look like?"

"no."

Ye Feng shook his head and said slowly: "You will not be able to survive after seeing my face. Don't you understand this rule?"

"ah?"

When Lu Qingqing heard what Ye Feng said, she was so frightened that her face turned pale, and she had already imagined Ye Feng's fierce look.

"Haha, I'm kidding you."

Ye Feng suddenly burst into laughter and lifted the hood of his black robe, revealing a handsome young face.

"so hot....."

Lu Qingqing's beautiful eyes suddenly revealed a look of deep amazement.

Lu Ming saw Ye Feng's true appearance at this time, and his eyes were stunned. It seemed that he did not expect such a mysterious and powerful existence to look like such a delicate and handsome young man.

At this time, Lu Ming seemed to have guessed something, and his eyes flashed fiercely. Could this be the top talent hidden by some big power?

At this moment, Ye Feng smiled slightly and said: "I will stay in your shop next, arrange a quiet room for me, and I will practice by swallowing the heavenly materials and earthly treasures and elixirs I obtained before. "

Lu Qingqing immediately raised her white hands, her beautiful face filled with enthusiasm, and said, "I'll make arrangements for you!"

Chapter 3906 Eight Guardians

For the next time, Ye Feng lived in this small shop, waiting for the time of the black market hegemony conference.

That night, Ye Feng was taken to a very quiet small house by Lu Qingqing, which made Ye Feng's eyes look surprised.

I didn't expect that the shop that looked so simple from the outside would actually have such a large space and a very quiet little courtyard.

At this time, Ye Feng entered the room directly, took out the treasures and elixirs worth five million spiritual diamonds that Lu Ming had given him before, and then started to swallow them.

Boom!

At this moment, all the treasures and elixirs of heaven and earth turned into streams of majestic energy, boiling rapidly in Ye Feng's limbs and bones, rapidly increasing Ye Feng's power.

At this moment, Ye Feng could immediately feel that his power was growing at an incredible speed.

Almost at the next moment, Ye Feng's cultivation momentum immediately began to break through rapidly. .??.

"boom!"

The first level of the Holy Dao Realm!

Ye Feng, who was previously at the bottleneck of the half-step Holy Dao realm, was suddenly broken through by such a majestic energy, and instantly stepped into the true Holy Dao realm.

And it goes far beyond that.

Ye Feng's cultivation aura is still growing and making breakthroughs rapidly.

After all, these are treasures and elixirs worth five million spiritual diamonds. Naturally, they contain very terrifying energy.

"boom!"

The second level of the Holy Dao Realm!

"boom!"

The third level of the holy realm!

"boom!"

The fourth level of the Holy Dao Realm!

At this time, Ye Feng's cultivation aura finally stopped.

Ye Feng's eyes were filled with deep surprise at this time.

I didn't expect that these elixirs and heavenly materials and earthly treasures would actually make my cultivation level break through so much.

At this moment, Ye Feng clenched his fists and could feel the extremely powerful power surging through his entire body, as if one punch could blast his previous self in an instant.

Ye Feng suddenly broke through a whole realm at this time, and his combat power was many times stronger than before.

Uh-huh!

At this moment, Ye Feng stood up directly in the room, preparing to ask Lu Ming, the shopkeeper, if there were any other elixirs or heavenly materials or earthly treasures in his warehouse that could improve his cultivation skills.

If so, Ye Feng still has five million spiritual diamonds on his body, so he can just buy some.

But just when Ye Feng walked out of the room where he lived, he suddenly sensed a very powerful aura approaching the shop where he lived.

Ye Feng immediately understood that it was probably the powerful men from the Hydra Chamber of Commerce who came to look for trouble.

After sensing all this, Ye Feng not only did not feel any nervousness or fear, but instead showed a slight smile in his eyes, and immediately walked quickly towards the door of the store.

When Ye Feng arrived at the door of the shop, he saw a large group of fierce-looking people surrounding the entire small shop.

At this moment, there were many other experts on the black market street around the entire store who noticed this scene.

Many people around couldn't help but exclaimed: "The Hydra Chamber of Commerce actually mobilized so many people and sent so many strong men to surround this small shop. What do they want to do?"

At this time, many black market masters present had deep doubts in their eyes.

Because the reputation of the Hydra Chamber of Commerce in the local black market is so great that everyone is afraid of it.

So on the street, everyone now sees so many strong men in the Hydra Chamber of Commerce.

, all gathered in front of a small scattered shop, which naturally attracted everyone's attention.

At this moment, someone seemed to understand something and couldn't help but say: "This shop probably angered the Hydra Chamber of Commerce, so it sent so many strong men to teach everyone in this shop a lesson. I guess This store is in a terrible situation. Not only can this store not be saved, but the owner who controls this store will definitely end up in a very miserable situation, and it is very likely that he will be killed on the spot by the Hydra Chamber of Commerce. "

At this time, everyone showed deep sadness in their eyes.

Because the Hydra Chamber of Commerce is so domineering in the black market, and because the Hydra Chamber of Commerce is composed of several largest chambers of commerce, it is naturally very powerful.

Even behind the Hydra Chamber of Commerce, there is support from the top figures in the black market, which is why they are so unscrupulous in the black market.

While everyone was talking, Ye Feng had already arrived at the entrance area of the store.

At this moment, the eyes of Lu Ming and Lu Qingqing, the grandfather and grandson, showed deep fear.

Because they saw that the powerful men from the Hydra Chamber of Commerce who came this time actually had eight guardians.

All the guardians of the Hydra Chamber of Commerce, including Mr. Viper, were present.

Moreover, there is an old man wearing a skeleton robe with an unfathomable aura. He is definitely an elder-level presence in the Hydra Chamber of Commerce.

The sudden arrival of so many core experts naturally made Lu Ming and Lu Qingqing feel deeply frightened.

Even Lu Ming, an old man who had been in the black market for many years, felt a trembling feeling at this moment.

Because this time there were too many strong men coming from the Hydra Chamber of Commerce, which was too scary.

At this moment, Ye Feng came to the door of the shop, and Lu Ming couldn't help but whispered: "Master Ye Feng, why don't we run away quickly? I don't want this shop anymore."

\u003e

"fine."

Ye Feng smiled slightly at this moment and said: "Don't worry too much, it's just a small Hydra Chamber of Commerce, it's nothing."

Almost the moment Ye Feng finished speaking, Lu Ming couldn't help but have a look of astonishment on his face.

He never thought that this mysterious young strong man would be so confident.

Lu Ming had no idea where Ye Feng's confidence came from.

Because this time eight guardians from the Hydra Chamber of Commerce came, and there was also an even more unfathomable elder, which was simply impossible to resist.

What Ye Feng said at this moment actually did not lower his voice deliberately, so everyone in the field heard it.

Suddenly, there were countless masters in the black market around who couldn't help but sarcastically said: "Who is this kid? He is so arrogant and dares to say such bold words. I estimate that the Hydra Chamber of Commerce will treat this kid. Shattered into pieces."

At this moment, no one believed that Ye Feng could fight against so many strong men from the Hydra Chamber of Commerce, because the Hydra Chamber of Commerce was a very large organization and force in the black market.

This time, eight guardians came at once, as well as an unfathomable elder-level figure.

Not to mention Ye Feng, a seemingly young boy, even many seniors who have been in the black market for many years would probably not dare to claim that they can fight against the eight guardians of the Hydra Chamber of Commerce.

At this moment, when a group of strong men from the Hydra Chamber of Commerce heard Ye Feng's words, they also showed a trace of sarcastic smiles on their faces.

Especially the eighth protector, Venomous Snake Langjun, who was blown away by Ye Feng's momentum before, immediately couldn't help but smile sinisterly, stared at Ye Feng, and said loudly: "Boy, you can't escape today even if you have wings." Yes, we have surrounded this place. You will definitely die today. I will cut you into pieces with my own hands. I must let you, an arrogant boy, know what it is like to offend our Hydra Chamber of Commerce. A miserable end!"

Chapter 3907 One Finger

At this time, after Mr. Poisonous Snake finished speaking, there was no fear in Ye Feng's eyes at all.

Ye Feng just said calmly: "Stop talking nonsense, if you want to kill me, just take action."

"you.....!"

Seeing Ye Feng's calm and calm expression, Poisonous Snake Man immediately couldn't help shouting angrily: "What an arrogant boy! You will know what cruelty is in a moment!"

After Venomous Snake Langjun finished speaking, he naturally did not dare to take action directly. After all, he had experienced Ye Feng's power before.

So at this time, Lord Poison Snake looked at the other group of guardians beside him and said loudly: "Let's all take action together and kill this arrogant boy on the spot!"

"No need to bother."

Suddenly, a strong man holding a big hammer in his hand burst out laughing.

He was wearing heavy black armor, which made him feel like a humanoid beast that had stepped out of the wilderness. His aura was so barbaric and ferocious that it made people tremble subconsciously.

This person is the seventh protector of the Hydra Chamber of Commerce. .??.

The seventh protector laughed loudly at this moment and said: "It's just a matter of dealing with an arrogant boy. Just leave it to me alone. The rest of you can watch my performance."

At this moment, the seventh protector said, raising the big hammer in his hand. His whole body was extremely burly, three to four meters long, and it was very impressive.

At this time, the seventh protector walked slowly towards Ye Feng, like a violent human bear. He smiled with a cruel smile, and said loudly: "Boy, I will use it later." The hammer in my hand will smash your whole body to pieces in an instant!"

Hearing what the seventh protector said, Ye Feng's face was still very calm, without any fear, and he just said lightly: "You can give it a try."

Hearing what Ye Feng said, a cruel smile suddenly appeared on the cruel face of the Seventh Guardian, and he said loudly: "Okay, then I will let you know what cruelty is."

\u003e

Boom!

Almost at this moment, the seventh protector suddenly burst out with a terrifying aura of cultivation.

That is an existence that has surpassed the Holy Dao Realm by a whole level and is at the Great Perfection level of the Tenth Heavenly Realm of the Holy King!

It has to be said that this seventh protector is still very terrifying, much more powerful than the eighth protector, Venomous Snake Langjun.

The cultivation level of Poisonous Snake Langjun is only the third level of the Holy King Realm, and he has just stepped into the Holy King Realm.

But this seventh protector is an existence at the Dzogchen level of the tenth level of the Holy King Realm, and his cultivation skills are very deep and powerful.

At this moment, the momentum released by the seventh protector was like a vast ocean, covering the entire sky and making the entire sky dim.

Everyone saw this scene with shocked expressions on their faces.

Some people couldn't help but sigh and said: "The foundation of the Hydra Chamber of Commerce is really deep. The seventh-ranked protector has such a terrifying cultivation level. No wonder no one in the black market dares to provoke the Hydra Chamber of Commerce. This kid will probably die completely in the next moment."

Boom!

At this moment, the seventh protector held the big black hammer in his hand and struck directly in front of Ye Feng, intending to smash Ye Feng to pieces in an instant.

At this moment, Ye Feng stood on the spot, not moving at all.

Seeing this scene, the other black market experts who were watching couldn't help but shook their heads and said loudly: "This kid is probably scared to death. He just stood there and didn't dare to move."

At this moment, Lu Qingqing was also very worried. She couldn't help but look at Lu Ming beside her and said loudly: "Grandpa, use that super magic weapon quickly to save Mr. Ye Feng. Mr. Ye Feng will definitely Won't

It belongs to the opponent of this vicious seventh guardian. "

Lu Ming's eyes looked hesitant at this moment, because once that super magic weapon was used, it might usher in unlimited murderous intent.

But at this moment, Lu Ming's eyes were fixed and he decided to use that super magic weapon to save Ye Feng.

After all, this disaster was caused by his shop, and he couldn't just harm Ye Feng, a young and strong man.

But just when Lu Ming was about to use the super magic weapon directly, Ye Feng suddenly said calmly: "You can't do it, you are too weak."

Uh-huh!

Almost at this moment, when the seventh protector was about to hit Ye Feng with the big hammer in his hand, Ye Feng suddenly stretched out a finger lightly, and then pointed directly at the big hammer. On top of the hammer.

Boom! !

Almost at the next moment, Ye Feng's seemingly thin fingers suddenly burst out with an extremely terrifying and violent force.

Like an angry dragon, it suddenly burst out from Ye Feng's fingers, directly smashing the big hammer in front of him into pieces, and then the terrifying power also bombarded the seventh protector.

Boom!

The seventh protector's expression suddenly became extremely frightened.

Because he felt like his whole body was disintegrating.

Almost at the next moment, under the shocked eyes of countless people, Ye Feng's finger smashed the big hammer, and then continued to destroy the entire body of the seventh protector into disarray, and then dropped it from high altitude. He fell hard and died completely.

"What??"

Seeing this scene, countless people present suddenly widened their eyes, as if they never thought that things would develop like this.

In their eyes, the seventh guardian of the Hydra Chamber of Commerce, who was aloof and powerful, died in a seemingly ordinary person.

Under the finger of an ordinary young man.

Moreover, this young man's cultivation level is still a whole level lower than that of the Seventh Guardian.

"How can this be??"

"This is simply impossible to happen!!"

"Are my eyes hallucinating??"

At this moment, all the experts present couldn't help but exclaimed, feeling deeply unbelievable at what was happening in front of them.

Because this is so outrageous.

"What? So powerful?"

At this moment, Lu Ming was about to use his super magic weapon, but he didn't expect Ye Feng to kill the seventh guardian with one finger.

Lu Qingqing's mouth was even bigger at this time, and her beautiful little face was full of shock.

She suddenly realized that she knew too little about this Young Master Ye Feng. His strength was simply shocking and unimaginable.

"What? Killed in such an instant??"

At this moment, the most shocked ones are of course Venomous Snake Langjun and a group of powerful men from the Hydra Chamber of Commerce.

Because in their expectation, the Seventh Guardian would definitely smash this arrogant boy like Ye Feng into pieces in an instant.

But in the end, he didn't expect that Ye Feng would kill the seventh protector instantly with just one finger.

This kind of terrifying fighting power is simply shocking, and even makes the whole body tremble in horror.

At this moment, among a group of powerful men from the Hydra Chamber of Commerce, the old man wearing a black skull robe was the only elder-level big shot present.

The elder of the Hydra Chamber of Commerce, whose originally dull eyes suddenly became horrified.

He couldn't help but stare at Ye Feng, who was not far away, and said slowly: "With such terrifying combat power, you are definitely a peerless genius. Who are you?"

Chapter 3908 Not afraid

At this moment, everyone on the field was in deep shock.

Even the elder of the Hydra Chamber of Commerce, a powerful older generation, was staring at Ye Feng with doubtful eyes at this time, as if he was guessing what Ye Feng's true identity was.

Because someone with a cultivation level like Ye Feng's was able to unleash such terrifying combat power, his absolute identity was very extraordinary, and he was most likely a genius of some super power.

In this case, the elder of the Hydra Chamber of Commerce would naturally not dare to attack Ye Feng easily, otherwise it might cause huge harm.

Because this elder knows very well that their Hydra Chamber of Commerce can dominate the black market, but when they really encounter those powerful and transcendent forces, their Hydra Chamber of Commerce is just a little ant.

When Ye Feng heard what the elder said at this moment, he immediately understood that the other party was afraid of his identity.

Ye Feng immediately laughed out loud and said: "I have no identity, I am just a casual cultivator, you can take action against me."

"You! Arrogant!"

Hearing what Ye Feng said, the other guardians of the Hydra Chamber of Commerce couldn't help but said: "Elder, this kid is too crazy! Let us take action together and kill this kid directly!" .? ?.

The elder of the Hydra Chamber of Commerce looked at Ye Feng, his eyes still filled with uncertainty, and then said slowly: "Let's leave today."

After saying that, the elder of the Hydra Chamber of Commerce wanted to leave here.

Seeing the reaction of the elder of the Hydra Chamber of Commerce, many other masters of the black market around him couldn't help but immediately widen their eyes.

No one seemed to have thought that the elders of the Hydra Chamber of Commerce, such an unfathomable big shot, would be so fearful of a seemingly ordinary young man like Ye Feng. This was not like the Hydra Chamber of Commerce at all. Behavior style.

At this moment, the eighth protector, Venomous Snake Langjun, couldn't help but said angrily: "

Mr. Elder, this kid is just more powerful in combat. If we attack together, we will definitely kill this kid completely. If we keep this kid, he will definitely be a huge disaster for our Hydra Chamber of Commerce in the future. . "

Hearing what Venomous Snake Lang said, the other group of guardians all spoke up and said: "Yes, elder, now we have developed a grudge against this boy. If we don't kill him, he will become stronger and stronger, and he may become stronger in the future." There is no way we can get rid of him, and our Chamber of Commerce has portraits of all the geniuses of the major superpowers, and they are listed as people not to be provoked, but this guy is so faceless, he is probably just a casual cultivator with no background. "

Hearing what these group of guardians said, the elder of the Hydra Chamber of Commerce flashed his eyes slightly, and then said slowly: "What you said makes sense, then I will personally take action and kill this kid directly. Indeed We cannot allow such a terrifying young genius to grow up, otherwise we will have no chance of dealing with him in the future."

At this moment, the elder of the Hydra Chamber of Commerce said, immediately turned around, and then rushed towards Ye Feng with the major guardians, with terrifying murderous aura erupting from his body.

When Ye Feng saw this scene at this moment, he immediately smiled indifferently and said, "Why don't you leave again? That's just right, I will kill all of you guys today!"

Hearing what Ye Feng said, the elder of the Hydra Chamber of Commerce immediately said calmly: "Young man, I am just worried about the identity behind you. Your strength is not worth mentioning

in front of me. Do you really think that Can you fight against our Hydra Chamber of Commerce on your own? Then I can only say that you, a young man, are too naive. Since you are so arrogant, then this elder will teach you how to do it. Life in the black market.”

Boom!

almost right here

The moment the Hydra Chamber of Commerce elder finished speaking, a vast and boundless terrifying aura suddenly erupted from his body.

That is a powerful cultivation level that surpasses the Holy Dao Realm and the Holy King Realm.

It is an existence above the Saint King Realm and at the Saint Emperor Realm level!

At this moment, after the elder of the Hydra Chamber of Commerce erupted with such a terrifying cultivation aura, many other black masters present could not help but take several steps back with pale faces.

Some people couldn't help but exclaimed in amazement: "The foundation of the Hydra Chamber of Commerce is really deep. No wonder it can operate unscrupulously in the black market. This elder of the Hydra Chamber of Commerce is actually a super strong man at the level of the Holy Emperor. This With this level of cultivation strength, even among some of the giants and powerful forces in our origin world, he will probably be regarded as a guest. "

At this moment, Ye Feng's eyes were filled with surprise. He didn't expect that such a powerful person existed in the black market.

However, Ye Feng has now reached the fourth level of the Holy Dao Realm and is not afraid.

boom!

So at this time, Ye Feng also burst out with a majestic fighting spirit, his eyes exuded a bright light, staring at the elders of the Hydra Chamber of Commerce and several other guardians who were rushing forward, haha He laughed out loud: "I will have a good fight with you today, and I will also vent my anger on all the small shops that are bullied by you!

"Arrogant!"

"Suffer death, boy!"

At this moment, several guardians rushed from the surroundings, exuding terrifying murderous intent, and wanted to beat Ye Feng to death!

A protector released a small black cauldron, which emitted a terrifying black divine light. It seemed that a demon god was roaring in the cauldron. It was obviously a powerful magic weapon.

Another guardian law is that two bright red lights burst out from the eyes, which are full of penetration and very terrifying.

There are other protectors, each

They all sacrificed their own powerful magic weapons, or displayed powerful martial arts inheritance, with surging energy and shocking murderous intent. It was obvious that they were serious about suppressing Ye Feng with complete power and crushing Ye Feng in an instant.

"boom!"

But at this moment, Ye Feng punched out, and boundless brute force burst out from his flesh and blood. Chaos energy surged in his fist, which directly bombarded the magic weapons of the surrounding Hydra Chamber of Commerce protectors.

"Crack!"

"Crack!"

The next moment, what made many guardians' pupils shrink suddenly was that Ye Feng's fist and Ye Feng's body were as fierce as a dragon and as strong as iron. With a series of crisp sounds, all the high-level magic weapons were shattered by Ye Feng. It turned into iron filings and fell from a high altitude.

"What??"

Seeing this scene, a group of protectors from the Hydra Chamber of Commerce present widened their eyes and were horrified to the extreme.

"What a terrifying body power!"

"Isn't it possible that all the flesh and blood in this strong young man's body are made of divine iron?"

"Strong! Incredibly strong!"

At this moment, many masters of the black market who gathered around the shop couldn't help but exclaimed, their eyes filled with deep shock.

"Master Ye Feng is so awesome!!"

Lu Qingqing, who was standing in the shop not far away, couldn't help but cheered, her beautiful white face full of excitement.

"Everyone, get out of the way! Let me, the elder, kill this kid!"

At this moment, the elder of the Hydra Chamber of Commerce immediately shouted: "God of Darkness!"

Buzz!

The next moment, I saw that all the mana in the elder of the Hydra Chamber of Commerce burst out in a surging force, and a dark god with a towering height of tens of thousands of meters condensed behind him, with boundless terror. The momentum and power, darkness covers the earth, and the sky is boundless!

Chapter 3909 Escape from the black market

Buzz!

The God of Darkness is boundless in terror and has the aura of vastness from ancient times.

"boom!"

But at the next moment, Ye Feng's fist was filled with powerful chaotic energy, and it directly bombarded the God of Darkness, knocking the towering God of Darkness back several steps.

"What?"

Seeing this scene, the elder of the Hydra Chamber of Commerce immediately shrank his pupils, and it was extremely unbelievable.

He knew very well that he had condensed this god of darkness, but the true form of a super big man in ancient times had boundless power, enough to shake the entire earth.

Unexpectedly, he was knocked back several steps by Ye Feng's fist.

It's hard to imagine how terrifying power Ye Feng's fist contains.

Boom!

At this moment, Ye Feng rushed forward ferociously. He looked like a humanoid tyrannosaurus, with terrifying boundless energy bursting out of his flesh and blood.

His fists were filled with chaotic energy and possessed extremely terrifying brute force. The entire void was trembling at this moment.

At this moment, the extremely powerful elder of the Hydra Chamber of Commerce couldn't help but change his face, and immediately couldn't help but retreat, allowing the God of Darkness to meet Ye Feng's ferocious attack.

Boom boom boom!

Almost at the next moment, Ye Feng hit the God of Darkness with one punch after another. His fists exuded bright light of chaos, like the fists of the ancient God of War, possessing unparalleled brute force and directly smashing the darkness. Every inch of the god was shattered by the bombardment.

The terrifying bombardment was like an eternal river, unable to withstand it at all, and eventually shattered the God of Darkness into pieces.

The elder of the Hydra Chamber of Commerce not far away couldn't help but a trace of blood spilled from the corner of his mouth.

Apparently, he was also traumatized by the Dark God's brokenness.

At this time, countless masters in the black market around him were dumbfounded.

They never thought that that ordinary-looking young man would possess such terrifying power, as if he were a descendant of gods and demons.

"Unparalleled Mountains and Rivers Picture!"

At this moment, the elder of the Hydra Chamber of Commerce knew that he could no longer hold back, and directly released his most powerful magic weapon.

Uh-huh! \u003c

br\u003e

Suddenly, a bright divine light burst out of his body.

In the divine light, there was a huge picture scroll, which spread out to reveal a vast scene of mountains and rivers.

It was like a vast world, with boundless and heavy world power, moving towards Ye Feng to suppress it.

boom! !

At this moment, Ye Feng directly struck high in the sky with both fists.

The fifth level of Dzogchen's Hongmeng Immortal Body brought the power of Ye Feng's body to a peak state.

Ye Feng's fists struck the unparalleled map of mountains and rivers. The entire scroll was shaking, the void was distorted, and the space was almost obliterated.

"How can this be?"

Seeing that Ye Feng actually used the strength of his body to hold up his Unparalleled Mountains and Rivers Map.

It's like fighting the whole world on your own.

This visually shocking scene made the elder of the Hydra Chamber of Commerce completely shocked and a little dumbfounded.

He couldn't help but exclaimed: "Who are you, kid? What kind of terrifying bloodline do you have to be able to create such a powerful body?"

Ye Feng just smiled faintly at this moment and said: "You don't have to worry about who I am, because you are going to die soon."

Uh-huh!

At this moment, Ye Feng didn't hesitate at all, and directly displayed the ancient and incomparable Eighteen Arhats picture that he had obtained before.

The next moment, a picture scroll rushed out of Ye Feng's body and slowly unfolded.

Wow!

Immediately, an infinite amount of golden light burst out from inside, condensing into eighteen ancient Arhats. They were tall and mighty, and the unparalleled mountain and river map released by the elder of the Hydra Chamber of Commerce was sent flying backwards. .

Uh-huh!

Then Ye Feng rushed in front of the elder of the Hydra Chamber of Commerce in an instant and released endless space cutting.

Ye Feng releases the endless space cutting, using the power of space gems to activate it. Coupled with Ye Feng's powerful magic power, all of a sudden the nine heads in front are destroyed.

The space where the elder of the Snake Merchant Guild was torn apart, and countless space cracks appeared, just like a complete mirror was broken.

"ah!!"

The elder of the Hydra Chamber of Commerce suddenly let out a shrill scream.

After the entire body was shattered by the space, it was completely cut and completely shattered.

The elder of the Hydra Chamber of Commerce is dead!

"hiss!"

Seeing this scene, countless people in the audience couldn't help but gasped.

Because in their eyes, the protectors of the Hydra Chamber of Commerce are already very powerful, let alone the elders of the Hydra Chamber of Commerce, who are definitely the top big shots. ??

But he still died in the hands of Ye Feng, a strong young man.

Even if the elders of the Hydra Chamber of Commerce tried their best, they could not resist Ye Feng's ferocious attack.

At this moment, the entire field suddenly fell into a dead silence.

quiet!

Deadly quiet!

"Run!"

At this time, the few remaining guardians suddenly couldn't help but scream in horror.

Especially the eighth protector, Venomous Snake Langjun, had a look of extreme horror on his face.

He never thought that the young man he accidentally provoked would be such a terrifying existence.

The terrifying strength and ferocious attacks made people frightened.

But at this time, Ye Feng looked at the several guardians of the Hydra Chamber of Commerce who were escaping not far away. A cold smile suddenly appeared on his face and he said loudly: "No one can escape."

Boom!

At this moment, Ye Feng directly launched his huge soul attack, which immediately hit the fleeing guardians as if they were hit hard. Their souls were hurt, their faces suddenly turned pale, and their escape speed suddenly slowed down. A lot.

Then Ye Feng directly released the nine-color feathers given to him by the nine-color peacock.

Uh-huh!

Suddenly, a feather emitting nine colors of divine light, like the sharpest spear in the world, burst out from Ye Feng's body and pierced through instantly.

The body of a protector was killed.

"this.....!"

When the other guardians saw this, their faces were horrified, and they released their own powerful magic weapons. There were heavy armors emitting black light, a guardian mirror that looked like it was cast from thousands of years of ice, and another guardian released a handful of flying weapons. The swords formed a sword array, trying to resist Ye Feng's attack.

But in the next moment.

Along with the roaring sounds, the nine-color feathers were extremely sharp and the attack was extremely fierce. They instantly penetrated all the armors, weapons and magic weapons, and all the remaining protectors were instantly penetrated.

"ah!"

"ah!"

Along with the screams, all the remaining guardians, including the Venomous Snake Master, were penetrated by the nine-colored feathers and died instantly. They all fell from the sky one after another.

Seeing this scene, countless people present were stiff and their expressions were extremely shocked.

No one thought that the outcome of this dispute would be like this.

This group of super strong men from the Hydra Chamber of Commerce were all destroyed!

At this moment, countless people's eyes were fixed on Ye Feng, feeling deep awe and shock.

At this time, Ye Feng unhurriedly put the bodies of the elders of the Hydra Chamber of Commerce on the ground and several other guardians into his storage ring, and then slowly walked into the small room behind him. Inside the small shop, the door was closed.

Click!

As the shop door closed, countless experts from the black market who gathered outside immediately gasped one after another.

Inside the store, Lu Ming and Lu Qingqing looked at Ye Feng who walked in. The grandfather and grandson were so shocked that they didn't know what to say.

Ye Feng just smiled slightly at this time and said loudly: "Hydra Chamber of Commerce, I guess they won't dare to trouble us now."

At this time, Lu Ming couldn't help but smile bitterly, and said aloud: "Master Ye Feng, the elder of the Hydra Chamber of Commerce that you just killed was the strongest person in the Hydra Chamber of Commerce. I estimate that the elder of the Hydra Chamber of Commerce... Not only will the chamber of commerce not dare to come back, but it will also disband and flee the black market."

Hearing what her grandfather said, Lu Qingqing's beautiful eyes stared at Ye Feng, her fair little face full of admiration.

Chapter 3910 Acquaintance

Ye Feng said aloud at this time: "It's best not to come to the Hydra Chamber of Commerce. I just have to practice hard to prepare for the next Black Market Hegemony Conference."

Hearing what Ye Feng said, Lu Ming suddenly said: "Judging from your current combat effectiveness, Mr. Ye Feng, in this black market competition, not to mention the top 100, even the top ten, probably all of them will be Ye Feng." Mr. Ye Feng, you can consider joining the upper echelon of the black market and enjoy the sharing of many resources in the entire black market. "

Hearing what Lu Ming said, Ye Feng's eyes flashed slightly.

He is the divine son of the Ten Thousand Realms Martial Arts Academy, so of course he will not join any black market.

However, Ye Feng suddenly felt that if he could really be favored by the upper class of the black market and become a member of the upper class of the black market, it would not do any harm to him.

However, Ye Feng knew that he could not show up in front of the crowd, because the Black Market Hegemony Conference was aimed at the huge group of experts in the entire black market, and someone would definitely know him by then. ??

Ye Feng thought in his mind that he could wear a mask and participate in the black market hegemony conference.

If you can really be favored by the upper echelons of the black market, it seems to be a good choice to join the black market and enjoy some power and resources.

After all, the Wanjie Martial Arts Academy does not stipulate that its disciples and students cannot join other organizations and forces.

At this moment, Ye Feng was thinking secretly in his heart, and then said aloud: "No matter what, I will improve my cultivation strength first. There are still many strong people in this black market. If it weren't for my recent cultivation and My methods have been greatly improved, and I guess I really can't fight against this elder of the Hydra Chamber of Commerce."

The Hydra Chamber of Commerce is not a powerful force in the black market. It is just a chamber of commerce with several large shops that dominates this small place in the southwestern region of the black market.

Therefore, there must be more powerful beings in the Black Market Hegemony Conference, and Ye Feng naturally wants to improve his cultivation strength as much as possible.

At this moment, Ye Feng returned to the house where he lived. Without any hesitation, he directly took out the corpses of the previous elders of the Hydra Chamber of Commerce and several guardians, and then released the Devouring Domain and began to devour these powerful people. The remaining skills and blood energy in the body.

At this moment, a stream of very majestic and pure power was immediately injected into Ye Feng's body.

You must know that these powerful men from the Hydra Chamber of Commerce are still very ferocious in cultivation, their fighting power is also very powerful, and their methods are also very terrifying.

Ordinary practitioners who encounter the Hydra Chamber of Commerce will naturally die without a burial place.

But this group of strong men from the Hydra Chamber of Commerce, this time they provoked a super genius like Ye Feng who could not be judged according to common sense. Naturally, they were taught a terrible lesson and they all died.

At this moment, as Ye Feng swallowed, waves of extremely powerful cultivation aura suddenly erupted from his body.

"boom!"

The fifth level of the holy realm!

"boom!"

The sixth level of the Holy Dao Realm!

At this time, Ye Feng's cultivation aura stopped.

"I broke through two realms at once, which is not bad."

Ye Feng couldn't help but murmured.

At this time, Ye Feng continued to search for the storage rings on these powerful men of the Hydra Chamber of Commerce, and discovered the inheritance of the elder, the God of Darkness.

The God of Darkness is still very terrifying. After all, Ye Feng himself has seen it with his own eyes.

So at this time, Ye Feng was naturally preparing to practice the inheritance of the God of Darkness from the elder of the Hydra Chamber of Commerce.

Next, Ye Feng secretly practiced this inheritance of the God of Darkness in the room.

Three days later, Lu Qingqing suddenly knocked on Ye Feng's door.

Click!

Ye Feng opened the door and saw the beautiful girl standing pretty outside. He immediately smiled and said, "Has the Black Market Hegemony Conference begun?"

Lu Qingqing nodded immediately, and then said with a smile: "Master Ye Feng, please follow me. Grandpa will take you there with me."

Ye Feng immediately nodded, and then took the ring from the storage

He took out a golden mask and put it on his face.

After all, the Black Market Hegemony Conference is a grand event in the entire black market. Ye Feng naturally has to wear a mask to hide his identity in case others recognize him.

At this time, after Ye Feng put on the mask, it added an inexplicable sense of mystery.

At this moment, Ye Feng followed Lu Qingqing directly to the door of the store.

The old man Lu Ming was already waiting outside.

Seeing Ye Feng come out, Lu Ming immediately said very politely: "Master Ye Feng, this time it all depends on you."

Ye Feng smiled at this time and said aloud: "Don't worry, it will definitely be no problem to enter the top 100. Your store will definitely be saved."

Lu Ming nodded immediately. After all, Ye Feng's previous battle against the entire Hydra Chamber of Commerce's superpowers shocked the old man deeply, so Lu Ming was naturally very confident in Ye Feng's strength.

At this time, Lu Ming and Lu Qingqing took Ye Feng and immediately walked quickly towards the central area of the black market.

Along the way, there were huge crowds of people.

Obviously, this black market hegemony conference attracted many people because the rewards were very generous.

And the higher the ranking, the more likely it is that you will be favored by the upper echelons of the black market. When the time comes, you will become a core figure in the black market, and you will be able to enjoy huge power and resource sharing in the black market. Naturally, many experts will flock to it and want to share. A cup of soup.

At this moment, Lu Ming brought Ye Feng and Lu Qingqing here and walked directly to a nearby position.

There is a sign above this location, which reads "Qingyuan Store", which is the name of Lu Ming's store.

At this moment, after the arrival of Lu Ming and the others, they did not attract the attention of many people around them.

After all, Ye Feng's previous battle with the Hydra Chamber of Commerce only attracted a lot of attention in the southwestern region of the black market, so naturally no one paid attention to them at this time.

Moreover, Ye Feng now wears a special golden mask, which doesn't attract much attention from others. \u003c

Ye Feng looked around at this moment and found many other shops and some chambers of commerce. There were also many strong men wearing masks on their faces, but their temperaments were very extraordinary. They were obviously not in the black market. The people are most likely helpers invited from the outside by major chambers of commerce and stores.

"Um?"

At this time, Ye Feng suddenly felt a very familiar aura, and his eyes suddenly showed a look of surprise.

He found a burly young man with a silver mask on his face standing in a large chamber of commerce not far away.

This burly young man, whose aura Ye Feng was very familiar with, turned out to be Zhan Cangtian who had been lost to Ye Feng in the ancient cave.

Ye Feng couldn't help but look shocked immediately.

Zhan Cangtian actually hid his identity and came to the black market to make extra money.

At this moment, Ye Feng discovered that although the power of this large chamber of commerce was very large, it was very respectful to Zhan Cangtian who wore a silver mask on his face.

It seems that this large chamber of commerce knows Zhan Cangtian's true identity and is the top genius of the Wanjie Martial Arts Academy, otherwise it would not be possible to be so respectful.

After Ye Feng discovered this scene at this moment, he couldn't help but grin.

Ye Feng did not directly recognize Zhan Cangtian, because Ye Feng really wanted to fight with Zhan Cangtian to see who was more powerful in the same realm.

This is an agreement between two people.

So at this time, Ye Feng not only wore a golden mask on his face, but also took out a set of black robes from his storage ring, covering himself completely.

In this case, Zhan Cangtian should not be able to recognize himself.

Seeing Ye Feng suddenly put on another set of black robes, Lu Qingqing, who was standing beside him, couldn't help but have a look of surprise in his eyes, and asked aloud: "Did Mr. Ye Feng meet someone he knows?"

Lu Qingqing was very smart, and she immediately guessed Ye Feng's inner thoughts.

Ye Feng immediately smiled and said, "I did meet an acquaintance, so I have to hide myself even more."
