Chapter 391 Who gave you the courage?

Looking at the second young lady who was completely different from before, Ye Feng didn't know whether this was good or bad.

But Ye Feng can't control so much, and he doesn't want to. Everyone has their own fate.

He looked at the beautiful Ye Ziling in front of him, whose temperament was becoming more and more ordinary, and said: "After the Hundred Dynasties War is over this time, you can follow me back to the family. I have promised the family master to take you back."

Ye Ziling's eyes showed a look of hesitation, and then said: "My time is too tight now, I am too busy. After the Hundred Dynasties War is over, I want to go directly to the Holy Ancestor Dynasty because I was selected by a powerful prince of the Holy Ancestor Dynasty. The Holy Ancestor Dynasty is too far away from the Great Yan Dynasty, I guess I won't be able to go back."

When Ye Feng heard what Ye Ziling said, his eyes flashed slightly.

He was silent for a moment and said slowly: "If you really don't want to go back, Second Miss, I won't force you. Anyway, now that I see you getting stronger and stronger and developing in a good direction, that's enough." "

Ye Feng actually had no other thoughts about the second young lady Ye Ziling. He was just keeping his promise to the head of the family, Ye Tianya.

After Ye Feng finished speaking, he turned around and walked directly towards the trading center without any nostalgia.

Ye Ziling seemed a little reluctant to see Ye Feng leave like this. The girl couldn't help but take a step forward slightly, wanting to say something.

But at this moment, a young man wearing a white gown suddenly appeared in front of Ye Feng, blocking his way.

"Senior Brother Tianya."

Ye Ziling's beautiful eyes moved slightly, and she immediately clasped her fists at the young man in the white gown.

Obviously, this young man in white is Ye Ziling's senior brother, Gu Tianya, the first genius of the Ten Super Dynasties Lieyan Dynasty.

"Who are you? I see that you seem to be making my Junior Sister Zi Ling unhappy."

Gu Tianya blocked Ye Feng's way at this time, his eyes were indifferent, and he said aloud with a sense of aloofness and pride.

In the heart of ancient world

, he has always coveted his junior sister Ye Ziling who came from a small place.

Ye Ziling not only awakened the body of ice spirit, but was also selected by a powerful prince in the Holy Ancestor Dynasty. She has a bright future and has an extremely beautiful face.

Therefore, Gu Tianya had long regarded Ye Ziling as the woman he was destined to get in the future.

However, what has always disappointed Gu Tianya is that Ye Ziling has always been lukewarm towards him.

So when he saw a boy in black this time, it seemed that he had made Ye Ziling unhappy. Gu Tianya immediately felt that he had a chance to perform.

So he blocked Ye Feng at this time, his voice was cold and aloof, and he said: "Now I will give you three minutes to apologize to my Junior Sister Zi Ling immediately, otherwise, you will not be able to bear the consequences."

"The consequences are not something I can bear?"

Ye Feng suddenly smiled.

He suddenly stared at Gu Tianya and yelled: "A little second-level warrior of the magical power realm, who gave you the courage to talk to me like this?"

"you.....!"

Gu Tianya was about to say something.

But at this time, Ye Feng suddenly released an extremely huge martial arts aura.

It felt like an angry dragon suddenly revived from Ye Feng's body.

Ye Feng has now entered the second level of the supernatural power realm. His combat power is many times stronger than the ordinary second level genius.

So the moment Ye Feng released his martial arts momentum, that huge and vast pressure instantly pressed on Gu Tianya in front of him.

"Plop!"

At this moment, Gu Tianya felt as if an ancient mountain had been pressed down on his shoulders in an instant. He was suddenly pressed to the ground by the overwhelming force.

"What?!"

At this moment, Ye Ziling's originally indifferent expression suddenly became extremely shocked. Looking at the second young lady who was completely different from before, Ye Feng didn't know whether this was good or bad.

At this moment, Ye Ziling's originally indifferent expression suddenly became extremely shocked.

Chapter 392: Search

"You...how is that possible!"

At this time, Gu Tianya, who was oppressed and kneeling on the ground, the aloofness and pride on his face had long since disappeared without a trace.

Instead, there was deep shock and anger, as well as extreme resentment.

Because at this time, many people around him were attracted, and Gu Tianya was kneeling in front of Ye Feng.

This is simply a shame!

"No!!" .??.

Gu Tianya's body suddenly burst out with a terrifying power.

Layers of blazing flames burst out from his body and condensed into a huge flame giant in the void around him!

"It's okay if you don't give in!"

Ye Feng's eyes were filled with a hint of violence, and he suddenly grabbed it with his big hand.

Boom!

His hand instantly expanded into a large glazed crystal hand in the void. It possessed unparalleled brute force and instantly crushed the rising flame giant from Gu Tianya's body.

"What? Senior Brother Tianya's unparalleled inheritance, the Great Sun Burning Heaven Jue, was suppressed by Ye Feng just like that?"

At this time, Ye Ziling was the most shocked.

Because she knew the details of Ye Feng best. Like her, Ye Feng came from a small and remote family in a small dynasty.

Ye Ziling thinks that all the opportunities she has encountered in the past year or so have been very bizarre and have made her very powerful, but in front of Gu Tianya, she still has to bow her head, because Gu Tianya is the top of the Lieyan Dynasty. of genius.

But what Ye Ziling never expected was that Ye Feng was even stranger than her. He was now so powerful that even Gu Tianya was no match for him.

In fact, Ye Feng didn't really take action, but with his martial arts momentum, he suppressed Gu Tianya miserably with one hand.

At this time, Gu Tianya was completely sluggish. He was pinned to the ground by Ye Feng's big glazed crystal hand, unable to raise his head.

Snapped!

Ye Feng walked over, stepped on Gu Tianya's face with one foot, stretched out his hand and patted it

The face of the first genius of the Fierce Flame Dynasty had a curve at the corner of his mouth, and he said: "What? Didn't you say you want me to see the so-called serious consequences? Come on, let me see it. Why haven't I seen it yet? What's the consequence?"

"puff!"

Gu Tianya felt the extreme humiliation, but was unable to resist. He couldn't help but spit out a mouthful of blood in anger, and suddenly fainted.

Ye Ziling didn't say much at this time because she was still in shock.

This feeling is like the arrogant genius that I admire suddenly fell into the mortal world.

And the ordinary boy who he didn't pay attention to before suddenly became a big shot.

This huge gap made Ye Ziling's heart extremely complicated.

She is no longer the simple second lady she was back then.

Ye Ziling's beautiful eyes were staring at Ye Feng at this time. She knew very well that Ye Feng's current achievements were definitely more difficult and harder than what she had experienced.

"What exactly have you gone through to achieve the magical power you have today?"

Ye Ziling murmured softly.

Ye Feng didn't hear Ye Ziling's murmur. He just smiled coldly when he saw Gu Tianya fainting.

He stood up, looked at Ye Ziling, and said: "Second Miss, when he wakes up, tell this friend of yours to keep your eyes brighter next time. In this Hundred Dynasties War, everyone is not a simple character. Fortunately, it is me who has been provoked today." , I didn't kill him to give you face, otherwise I would just kill him and rob him of his luck."

At this time, Ye Feng said, directly grabbed the storage ring from Gu Tianya's hand, and then walked away.

This scene made Ye Ziling slightly widen her beautiful eyes. She seemed to understand why Ye Feng grew up so fast.

But then Ye Ziling smiled dumbly, and a warm smile appeared on her beautiful face.

She and Ye Feng both come from the same family and from the same small place. The relationship between them is probably irreplaceable by anyone, because their relationship and involvement are so special. "You...how is that possible!"

At this time, Gu Tianya, who was oppressed and kneeling on the ground, the aloofness and pride on his face had long since disappeared without a trace.

She and Ye Feng both come from the same family and from the same small place. The relationship between them is probably irreplaceable by anyone, because their relationship and involvement are so special.

Chapter 393 Big Yellow Dog

On the way, Ye Feng explored the storage spirit ring that he found from Gu Tianya.

It has to be said that Gu Tianya is worthy of being the top talent among the top ten super dynasties, the Flame Dynasty, and he is simply extremely rich.

In this storage spirit ring, there are thousands of low-grade holy stones alone, and in addition, there are many powerful weapons.

For example, a golden rope exudes ancient light and seems to be a rare rope warrior.

"Huh? Soul binding rope? Although it is an imitation of a holy weapon, it is a good imitation. It is probably at the level of an emperor."

Shang suddenly spoke in Ye Feng's mind, "This bundle of spiritual ropes, as long as it is tied to the practitioner, the power in the practitioner's body will be locked up. It is similar to the dragon rope. It is a good idea." control weapons."

"Controlled weapons?"

Ye Feng nodded, his eyes slightly happy. This kind of rare weapon is very rare, even rarer than defensive weapons like the Demon Lord Armor.

Although this kind of weapon does not have huge offensive and destructive power, it can often perform miraculous effects at critical moments.

In addition, Ye Feng also found the inheritance of the Great Sun Burning Heaven Jue from Gu Tianya's storage spirit ring.

This is a set of semi-emperor-level inherited techniques that can activate the power of the sun above the nine heavens, temper the body, condense the body of the sun, and release the power of the blazing sun that burns everything.

This inheritance is very grand and extraordinary, but it is a pity that Gu Tianya did not understand the essence, so he failed so miserably.

"You can practice and understand."

Ye Feng secretly thought in his heart, and quickly imprinted this ancient book of inheritance of the Great Sun Burning Heaven Jue into his soul, and continued to comprehend it.

One of the great benefits of practicing as a soul master is that Ye Feng can quickly memorize and describe any inheritance, and imprint it on his soul, so that he can continue to understand it every moment.

"Unfortunately, there are almost no natural treasures and panacea that I want."

The only thing that disappointed Ye Feng was that among the ancient Tianya storage rings, there were almost no elixirs or elixirs that could enhance the origins of martial arts and cultivation.

But this

For the first time, Ye Feng was very satisfied to get a set of semi-emperor-level inherited skills, a special control treasure and a spiritual rope, as well as thousands of low-grade holy stones.

After all, contentment always makes you happy. Sometimes people can't be too greedy, so that's enough.

Ye Feng hummed a little tune and continued to wander around the trading market to see if he could buy a spirit beast bag.

Half an hour later, Ye Feng actually met a young genius who was selling spirit beast bags.

Ye Feng used five low-grade holy stones in exchange for this spirit beast bag.

He quickly ran outside the shelter and let the underground fire dragon directly enter the spirit beast bag.

There is a small space inside the spirit beast bag, which can accommodate living creatures.

As long as Ye Feng throws in a few holy stones, it will be enough to maintain the underground fire dragon's daily breathing and cultivation.

On the way back, Ye Feng planned to find an inn in the shelter. After a good night's rest, he left the shelter and headed to the center of the outer battlefield.

Because only the center of the outer battlefield has a larger shelter, richer cultivation resources, and stronger power of luck.

Ye Feng knew very well that in this foreign battlefield, every young genius was working hard. If he paused for a moment, he might be surpassed by those around him.

So this year is destined to be a busy year!

"Seize that big yellow dog! A wild dog dares to steal my elixir! How audacious! I'm going to kill this dog and make a pot of dog broth!"

Suddenly at this moment, an angry voice sounded from not far away.

Ye Feng was walking on the streets of the shelter when he happened to see a young man chasing a big yellow dog with an ugly expression on his face.

At this time, the big yellow dog was still biting half of the golden ginseng that had been chewed off.

Ye Feng originally wanted to move away, but what he didn't expect was that the big yellow dog could speak human words. He rushed to Ye Feng's side and shouted to Ye Feng: "Master, I am your beast." Pet Xiao Huang! Don't you remember me? I just ate a piece of golden ginseng, and this person shouted at me to kill me. Master, you can make the decision for me! , Ye Feng explored the storage spirit ring found from Gu Tianya.

Chapter 394 The shocking secret

Owner?

Xiao Huang?

Ye Feng was confused by the big yellow dog in front of him that could speak human language.

what's the situation?

When did I get a big yellow dog as a pet?

But the next moment, Ye Feng reacted instantly. This big yellow dog seemed to be in crisis, and he casually recognized its owner and wanted to take advantage of it to avoid trouble.

This dog is really weird!

Ye Feng was about to say something.

But at this moment, the young prodigy who chased the big yellow dog here suddenly said in a cold voice: "Are you the owner of this mutt? You should pay me two elixirs immediately, or I will stew you." dog!"

Ye Feng glanced at the young man and said, "Then you stew it."

Young man: "..."

"No, Master!"

The big yellow dog immediately barked: "Master, help me compensate for the two elixirs! You can't just die without saving me!"

Ye Feng's eyes did not change at all. He slapped the big yellow dog aside and walked directly away.

"It seems that this big yellow dog is really not a good dog. Even its owner hates it so much."

The young man on the field couldn't help but clicked his tongue.

"when!"

A long knife appeared in his hand, flashing with a cold light, and struck the big yellow dog in one fell swoop.

"ah!"

The big yellow dog immediately screamed and barked: "It hurts so much!"

But in fact, when the knife struck the big yellow dog, it didn't even cut off a hair on the big yellow dog's body.

The body of this big yellow dog is as if it is made of steel, very hard.

"Um?"

At this time, Ye Feng, who originally wanted to leave, had a look of surprise in his eyes.

The young man just now is not weak. He is also a powerful genius in the shelter. He has the cultivation level of the first level of the supernatural realm, and the long sword in his hand is an emperor-level warrior.

This sword can definitely kill a half-step magical power expert in an instant.

But when this knife struck the big yellow dog, it did no harm at all.

This made Ye Feng's eyes slightly startled. This strange big yellow dog seemed a bit extraordinary.

"How can it be!"

At this time, the young man who drew the sword couldn't help but look extremely shocked.

He didn't expect that his angry knife would not split the big yellow dog in half.

"Kick me again!"

The young man roared, and the sword split open the void. The light of the sword tore through the sky and the earth, making it even more terrifying than before.

"when!"

But kill

On the big yellow dog, not a single hair has fallen out.

But the big yellow dog kept barking: "Damn! It hurts me to death!"

Ye Feng: "..."

Young man: "..."

"Boy!"

At this time, the big yellow dog licked his face again and came to Ye Feng. The dog's mouth came to Ye Feng's ear and whispered: "Boy, help me compensate for two elixirs, and I will tell you something about this." A shocking secret in the foreign battlefield. "

"Oh really?"

Ye Feng's eyes flashed. If he had started, he would have left immediately.

But now that he saw that this big yellow dog seemed to have something, he started to believe it.

"Forget it, I believe you once. If you dare to lie to me, I will definitely stew you into a pot of dog meat soup."

Ye Feng threatened the big yellow dog.

Then he looked at the young man and gave him a dozen low-grade holy stones.

"Watch your dog."

The young man snorted coldly and left with a dozen holy stones.

"Boy, give me a piece, Mr. Dog, I'm hungry."

The big yellow dog immediately came up.

Ye Feng threw a holy stone on the ground. The big yellow dog immediately lowered its head and stretched out a paw to pick up the holy stone without dignity.

"Crack!"

It took a bite, biting the holy stone into two halves, then chewed it for a few times and swallowed it.

The big yellow dog's teeth seemed to be like magical weapons. Even Ye Feng's glazed battle body couldn't crush the holy stone. The dog bit it in half in one bite.

Soon, the big yellow dog ate a whole piece of spiritual stone and touched its belly with satisfaction.

At this time, the big yellow dog finally returned to normal. It glanced sideways at Ye Feng with its dog eyes and said lazily: "Young man is good. I'm very satisfied with you, Mr. Dog."

Snapped!

But the next moment, Ye Feng slapped it directly, almost knocking the big yellow dog to the ground.

"Holy crap! Please be gentle, kid! Why are your hands so hard! You almost knocked out my brains, Mr. Dog!"

The big yellow dog's eyes were cursing, but his eyes were very surprised.

Because even the emperor-level warriors could not cut off a hair on its body, but Ye Feng's slap made a big bump out of its head.

This made the big yellow dog a little scared. It immediately barked and barked: "Boy, Lord Dog, I am really bullied by a tiger when I am in peace. Can you be polite to Lord Dog? I have it too, Lord Dog." Identity dog!"

"Snapped!"

But Ye Feng slapped the big yellow dog again and said: "I have rescued you, tell me what is the shocking secret of the battlefield outside the territory!"

Ye Feng didn't want to talk about this slippery big yellow dog. He just wanted to know more about the secrets of this extraterrestrial battlefield. Owner?

Ye Feng was confused by the big yellow dog in front of him that could speak human language.

"Oh really?"

Ye Feng's eyes flashed. If he had started, he would have left immediately.

But now that he saw that this big yellow dog seemed to have something, he started to believe it.

"Forget it, I believe you once. If you dare to lie to me, I will definitely stew you into a pot of dog meat soup."

Ye Feng threatened the big yellow dog.

Then he looked at the young man and gave him a dozen low-grade holy stones.

"Watch your dog."

The young man snorted coldly and left with a dozen holy stones.

"Boy, give me a piece, Mr. Dog, I'm hungry."

The big yellow dog immediately came over.

Ye Feng threw a holy stone on the ground. The big yellow dog immediately lowered its head and stretched out a paw to pick up the holy stone without dignity.

"Crack!"

It took a bite, biting the holy stone into two halves, then chewed it for a few times and swallowed it.

The big yellow dog's teeth seemed to be like magical weapons. Even Ye Feng's glazed battle body couldn't crush the holy stone. The dog bit it in half in one bite.

Soon, the big yellow dog ate a whole piece of spiritual stone and touched its belly with satisfaction.

At this time, the big yellow dog finally returned to normal. It glanced sideways at Ye Feng with its dog eyes and said lazily: "Young man is good. I'm very satisfied with you, Mr. Dog."

Snapped!

But the next moment, Ye Feng slapped it directly, almost knocking the big yellow dog to the ground.

"Holy crap! Please be gentle, kid! Why are your hands so hard! You almost knocked out my brains, Mr. Dog!"

The big yellow dog's eyes were cursing, but his eyes were very surprised.

Because even the emperor-level warriors could not cut off a hair on its body, but Ye Feng's slap made a big bump out of its head.

This made the big yellow dog a little scared. It immediately barked and barked: "Boy, Lord Dog, I am really bullied by a tiger when I am in peace. Can you be polite to Lord Dog? I have it too, Lord Dog." Identity dog!"

"Snapped!"

But Ye Feng slapped the big yellow dog again and said: "I have rescued you, tell me what is the shocking secret of the battlefield outside the territory!"

Ye Feng didn't want to talk about this slippery big yellow dog. He just wanted to know more about the secrets of this extraterrestrial battlefield.

Chapter 395 The Immortal Tree

"Okay, I said, I said, don't hit me, Mr. Dog!"

The big yellow dog cursed, then with a pair of solemn eyes, he came close to Ye Feng's ear and whispered: "Boy, I think you are very extraordinary. I will share this shocking secret with you. It is said that this There is a very ancient tree growing in the battlefield outside the territory, called the Immortal Tree. It is nourished by the blood of countless geniuses after their death, and it is about to mature. "

"The Immortal Tree? Use the blood of all the geniuses who died on the land outside the battlefield as nourishment?"

Ye Feng's eyes flashed slightly and said: "Damn dog, what you said is so mysterious, is it true? Or are you lying to me?"

The big yellow dog immediately became angry and said: "Master Dog, I am a dog with status, how could I lie to you, kid? And let me tell you, once this longevity tree matures, it will bear longevity fruits. Every time I eat a longevity fruit, I will It can increase your life span by one hundred years."

Ye Feng's eyes flashed slightly and he said, "Is it really so magical?"

The big yellow dog clicked his tongue and said, "That's necessary."

Ye Feng said: "But with the speed of my cultivation, every time I break through a major realm, I can add hundreds of years to my life. I don't need this longevity fruit at all."

The big yellow dog was a little dumbfounded and said: "Boy, do you think everyone is as evil as you! How many people are stuck at the bottleneck of some great realms. They are only a few years away. When their lifespan reaches the end, they just sit down. If they are given a few more years, they will be able to break through their shackles and achieve extraordinary things!"

Big Yellow Dog said at this time, very excited, and said: "And you have to know, kid, this longevity fruit may not be of use to you young people for the time being, but do you know that in Longyuan Continent, those overlord forces, or hidden World

Among the super-rich clans, how many old monsters with terrifying cultivation levels but whose lifespan is about to expire are so eager for this longevity fruit? Some of them have lived for thousands of years and are trying their best to extend their lifespan. , if you hold the longevity fruit in your hands, they are even willing to pay everything to exchange the longevity fruit with you. "

When Ye Feng heard what the big yellow dog said, his eyes suddenly lit up.

yes!

Although this longevity fruit is not of much use to my young self.

But if you think about it from another angle, if you put these immortality fruits in front of some old monsters who are about to end their lifespan and want to take their lives against the will of heaven, they will definitely be a treasure of sky-high price, and they will be able to exchange for a priceless treasure!

Ye Feng couldn't help but glance at the big yellow dog in front of him at this time, and thought to himself that this big yellow dog's way of thinking is still very strong.

"How about it, boy, did you admire me so much for Master Dog for a moment?"

The big yellow dog seemed to see the change in Ye Feng's eyes, and couldn't help but raise its head and make a proud sound.

"Let's go, follow me from now on, find the longevity tree and longevity fruit before you leave."

Ye Feng made a sound, stretched out his hand and grabbed the big yellow dog's tail, dragging it towards his residence in the shelter.

"Boy, can you be polite to Master Gou! Master Gou, I have even shared such a shocking secret with you. By the way, Master Gou, I don't know what your name is yet. By the way, don't call me that in the future. Damn dog, call me Lord Dog, and I will take you to conquer this extraterrestrial battlefield!"

boom!

The big yellow dog kept talking, but got another slap and a big bump on the dog's head.

"Damn, it hurts Master Gou so much!" "Okay, I'll tell you, don't hit me, Master Gou!"

The big yellow dog cursed, then with a pair of solemn eyes, he came close to Ye Feng's ear and whispered: "Boy, I think you are very extraordinary. I will share this shocking secret with you. "Damn, it hurts Mr. Dog to death!"

Chapter 396 The sun and the moon live together

At night, in the shelter, Ye Feng and Big Yellow Dog discussed how to find the Immortal Tree.

Although Big Yellow Dog didn't know where he got the news, according to Big Yellow Dog, there should be no clues about the longevity tree for the time being.

When the Hundred Dynasties War lasts for more than half a year, in the later stages, there will definitely be some traces of the Immortal Tree.

Big Yellow Dog has promised Ye Feng that as long as it waits until the later stage, if there is any trouble in the Immortal Tree, it will immediately have a special method to track it.

The big yellow dog worked hard and tried his best to enter the extraterritorial battlefield of the Hundred Dynasties War from the outside, just for the longevity tree.

So Big Yellow Dog gave Ye Feng a 10,000 guarantee that he must believe in his expertise.

Ye Feng saw that the big yellow dog was so serious and chose to believe it for the time being.

"Master Gou, I will follow you Ye Feng during this period. I will provide you with delicious food and drink. Master Gou, I will take you flying."

The big yellow dog gnawed on the holy stone in his hand and spoke indistinctly.

Ye Feng didn't pay attention to Big Yellow Dog's daily bragging. At this time, he was silently meditating on the Great Sun Burning Heaven Jue that he snatched from Gu Tianya.

At this time, Ye Feng stood under the night sky, although it was dark in the sky.

But at this time, he was running the Great Sun Burning Heaven Technique, and Ye Feng could suddenly feel that his soul seemed to have traveled to the sky, and was connected with a huge burning sun above the night. The immortal stars are connected.

That is the ancient sun that burns with infinite flames and can emit monstrous light!

Ye Feng felt an ancient, vicissitudes, immortality and endless vastness from the sun.

"No wonder everyone's ideal is to live as long as the sun and the moon."

Ye Feng couldn't help but murmur in shock at this time.

At this time, Ye Feng gradually realized that his father, Emperor Ye Qing, was in Sanqian

How powerful he was years ago, he could hold the sun and moon in his hands and pick up the stars. What a terrifying and powerful cultivation level he had.

At this moment, Ye Feng stood under the cold night sky, but a layer of faint red rays of sunlight appeared on his body surface.

This miraculous scene made the big yellow dog next to him slightly startled with his dog eyes, "This boy has such a powerful understanding. He can actually communicate with the sun above the sky using ordinary sun attribute skills." "

The big yellow dog has a mysterious origin and has a high vision, but at this moment, it was also shocked by some of Ye Feng's small actions.

After a long time, Ye Feng opened his eyes and dispersed the blazing sun's light outside his body.

In just the middle of the night, Ye Feng already had a clearer understanding of the Great Sun Burning Heaven Technique, which was considered a preliminary introduction.

If Gu Tianya knew this news, he would definitely crawl into the ground in shame.

Because as the first genius of the Lieyan Dynasty, after receiving the inheritance of the Great Sun Burning Heaven Art, he spent a full half a year, exposed to the sun every day, and spent countless hard work to get started.

But Ye Feng only spent half the night.

It has to be said that soul and fellow martial arts practitioners can indeed complement each other.

At this time, Ye Feng was even more shocked and curious about the golden elixir in his mind.

It was this golden elixir that gave me many incredible abilities.

Such as the soul master, such as the monster's terrifying understanding, and the reason why even the ancient saints feared him.

"Boom!!"

Suddenly at this moment, a huge roar suddenly came from the direction of the city gate in the distance of the shelter.

"The monsters are attacking the city!"

Under the dark night, a loud roar full of urgency and panic suddenly woke up hundreds of sleeping young geniuses. At night, in the shelter, Ye Feng and Big Yellow Dog discussed how to find the Immortal Tree.

"The monsters are attacking the city!"

Under the dark night, a loud roar full of urgency and panic suddenly woke up hundreds of sleeping young geniuses.

Chapter 397: Huge Crisis

Warcraft attacks the city!

Finally, the moment the words fell, all the young geniuses in the entire shelter couldn't help but wake up from their sleep.

"Warcraft attacked the city?"

"How many monsters?"

"Go to the city gate and have a look!"

All the young geniuses looked shocked and immediately ran towards the entrance of the sanctuary city.

When everyone arrived at the city gate, they were immediately stunned.

At this time, the second half of the night was almost over, and the light of dawn broke through the silence of the night.

At this time, on the wild land outside the shelter, densely packed, ant-like monsters all stepped on the ground and charged over.

"This...this is tens of thousands, or even hundreds of thousands of monsters!"

At this moment, everyone was shocked when they saw the epic scene of thousands of monsters running outside the shelter.

Even though many young geniuses are top beings in major dynasties, they have all seen the big world.

But they have never seen such a big world!

After all, in the outside world, there have never been so many orcs who dared to be so bold and directly attack human cities.

But in this extraterrestrial battlefield, demons are the real rulers of this world!

Boom!

Boom!

On the wild land outside, countless monsters attacked, and the entire land was shaking violently.

Among these monsters, there are small monsters, no matter the size of humans, and there are also large monsters, such as the huge monster ape in the distance that is as majestic as a mountain. It holds a mace made of steel in its hand, which is very intimidating.

The mace was the size of a towering ancient tree. One blow from it would probably destroy the entire city.

"It's over..."

Everyone's eyes showed deep fear.

"Everyone, come to the city gate to guard!"

At this time, Shen Wutian's voice came from the entire shelter.

As the controller of this shelter, Shen Wutian was naturally very anxious at this time.

but now

Their only way is to defend this sanctuary to the death.

"Wow!"

"Wow!"

At this time, Shen Wutian asked his subordinates to throw a whole bag of holy stones into an altar in the center of the sanctuary.

Buzz!

In an instant, those holy stones burned into huge streams of pure energy, activating the entire ancient formation in the sanctuary.

boom!

A semicircular layer of crimson formation protective light shield instantly enveloped the entire ancient city shelter.

"Boom!"

At this time, countless monsters outside the city had already arrived.

One by one, the monsters were not afraid of death, and they began to savagely collide with the huge ancient formation protective light barrier.

Throughout the city, the ground was shaking violently, and everyone was terrified, fearing that this ancient formation would not be able to protect them.

"Crack!"

Suddenly at this moment, a Feitian Demon Sha covered with golden scales suddenly tore open a weak point in the ancient formation.

This flying demon is a very ferocious demon, with the blood of the hell demons flowing in its body, and it has very terrifying destructive power.

The devil's steel fork in its hand thrust out at once, instantly taking away the lives of the three young geniuses.

"boom!"

At this moment, a weak point in the formation mask in the northern part of the shelter was suddenly blasted to pieces by a demonic giant ape several hundred meters tall.

This demonic giant ape held an exaggeratedly large mace in its hand, which instantly shattered an ancient city wall. With its huge soles, it crushed a dozen young prodigies.

It all happened very quickly, almost in a blink of an eye.

The entire ancient formation couldn't hold on any longer!

The battlefield outside the territory is indeed full of great dangers at any time.

At this time, everyone thought that living in the shelter would be very peaceful, but they never expected that the accident would happen so quickly.

Everything that was peaceful in the blink of an eye was instantly broken, and the entire sanctuary became a paradise for monsters to wreak havoc!

A huge crisis came in an instant! Warcraft attacks the city!

Everything that was peaceful in the blink of an eye was instantly broken, and the entire sanctuary became a paradise for monsters to wreak havoc!

A huge crisis came in an instant!

Chapter 398 A bloody battle

Ye Feng, who was standing in the crowd at this time, looked at the hundreds of thousands of ferocious demonic beasts that were densely packed like locusts outside the shelter, and the corner of his mouth couldn't help but twitch.

This is too unlucky!

Originally, he planned to leave early tomorrow morning to go to the center of the battlefield outside the territory.

As a result, something went wrong on the last night.

There is an army of Warcraft attacking the city!

"No wonder Senior Li Jianyi of the Taixuan Sword Sect at that time, even a super strong man like him, spoke with extremely solemn tone when talking about the War of Hundred Dynasties."

Ye Feng thought secretly in his heart.

In this extremely ferocious foreign battlefield, no one knows when there will be an uprising of Warcraft and a natural disaster.

"Let's protect the weak points that have been breached!"

Shen Wutian was now enveloped in a powerful fighting spirit. He held the silver trident in his hand and rushed towards the Flying Demonic Temple in an instant.

"Swish, swish, swish!"

Several other young prodigies from the third level of the magical power realm thought they were pretty good, so they released their powerful power and rushed towards the huge mountain-like demonic ape together.

Obviously at this time, no one has backed down, because if they all backed down, everyone would die in this terrifying wave of monsters.

Ye Feng was not idle either and rushed directly to the rupture of another ancient formation that was breached.

At this rupture, dozens of geniuses had already rushed over to fight bloody battles.

Although there are no lord-level monsters like the Feitian Demon Temple and the Demonic Giant Ape here, outside the breach, there is a steady stream of densely packed ordinary monsters coming in.

Each of these ordinary monsters is comparable to a practitioner of the half-step magical power realm, and the body of a natural monster is extremely powerful, with the ferocity of a ferocious beast.

So at this moment, even a dozen young prodigies of the first level of the magical power realm were unable to resist and retreated steadily.

"Kill!"

br

At this moment, Ye Feng stepped forward, and thousands of sword energy burst out from his whole body.

Poof!

Poof!

Poof!

Each sword energy instantly turned into a sharp sword made of glazed crystal in the void. At this moment, it directly pierced hundreds of monsters around it.

"Oh my God! This sword energy is so terrifying. Killing these monsters is like cutting leeks!"

When the dozen or so young prodigies fighting hard around saw this scene, they couldn't help but gasp.

Buzz!

And almost at this moment, streaks of golden luck suddenly appeared on the hundreds of ordinary monsters killed by Ye Feng, and they rushed in front of Ye Feng and merged into the clouds above his head. Among the marks of luck.

Buzz!

At this moment, Ye Feng suddenly felt that the power of luck in his body had become several times stronger.

"Armor of Luck!"

At this time, Shen Wutian in the distance suddenly roared, and the Wanwang-level Luck Crown on his head suddenly sprinkled a piece of light yellow gas, and a set of light yellow gas condensed on Shen Wutian's body. of armor.

"Boom!"

At this moment, Shen Wutian was like a divine help. His fist covered with luck armor hit the body of Feitian Demon Sha, and even the lord-level demon of Feitian Demon Sha was so powerful that he couldn't help but fall back. A few steps.

"Is this the use of the Luck Crown?"

Ye Feng happened to see this scene, and his eyes couldn't help but light up slightly.

Just now, Shen Wutian used the power of the Luck Crown, and his combat power suddenly increased several times, and his defense became much stronger.

"Boy Ye Feng, please kill more monsters quickly and upgrade your luck mark to a luck crown. Master Gou, I will teach you the real art of using luck!"

At this time, the big yellow dog suddenly shouted to Ye Feng from a distance. Ye Feng, who was standing in the crowd at this time, looked at the hundreds of thousands of ferocious demonic beasts

At this time, the big yellow dog suddenly shouted to Ye Feng from a distance.

Chapter 399: Looking down on the world

The sound of the big yellow dog made Ye Feng feel energetic all of a sudden.

This big yellow dog has an extraordinary origin, and Ye Feng knows it.

So at this time, the big yellow dog said that it knew how to use the real luck mark, which immediately gave Ye Feng motivation.

Moreover, this wave of Warcraft beasts is also an excellent opportunity for Ye Feng to accumulate his own martial arts training background.

These monsters on the battlefield outside the territory were born and raised here. They have survived here for many years, and the demonic energy in their bodies is extremely powerful and rich.

At this time, Ye Feng was fighting against and killing monsters at the rupture of the ancient formation. With every kill, not only would his luck grow stronger.

Moreover, Ye Feng secretly operated the furnace of creation, frantically devouring the blood and demonic energy of the surrounding monsters he killed.

At this time, Ye Feng was like the ancient god of war resurrected. His whole body was filled with divine light, and his whole body turned into a body of glazed crystal.

Every inch of flesh, bones, skin, hair, and even pupils have turned into the most perfect glazed crystal!

The big yellow dog not far away saw this scene and couldn't help but cursed: "No wonder this kid's slap hurt me so much. It turns out he has a special physique, but what kind of physique is this? How did this kid become a crystal man?" ? Master Gou, I have seen countless special physiques, but I have never seen such a strange physique..."

The big yellow dog touched its chin with its paws, staring at Ye Feng on the battlefield in the distance with its dog eyes, thinking secretly.

"Boom!"

"Boom!!"

At this time, Ye Feng was alone among countless armies of Warcraft.

"Crunch!"

A demonic tiger with green scales all over its body bit into Ye Feng's shoulder, but its teeth were shattered by Ye Feng's glazed crystal battle body.

"ah!"

Ye Feng punched out, directly killing the demonic tiger into fragments all over the sky.

Wow!

Then the devouring power surged out from the oven of creation in Ye Feng's body, instantly swallowing up all the energy, blood, and power of this demonic tiger, becoming the nourishment for Ye Feng's cultivation.

In addition, the destiny of heaven and earth on this demonic tiger was also suddenly transferred to the mark of destiny on Ye Feng's head.

boom!

Ye Feng punched out again,

The huge fire snake lizard with a head that was more than ten meters tall, its body split apart inch by inch, then exploded, and fell instantly.

"Too fierce!"

When the dozen or so young geniuses around him saw Ye Feng's incomparable bravery, as if he were a god-king looking down upon the world, they couldn't help but exclaim in awe.

The huge movement here at this time even attracted the attention of top geniuses from other war zones not far away.

Even Shen Wutian's eyes suddenly showed surprise at this moment, looking at the figure who looked like a young god who was killing the monsters not far away.

"Who is this person? He is so powerful. It makes me feel a huge threat."

At this time, Shen Wutian's heart suddenly became gloomy.

Ye Feng's strength not only did not make Shen Wutian happy, but instead gave him a huge sense of crisis for a moment.

Because Ye Feng is so powerful, if the beast tide ends this time, then this sanctuary may change hands.

His godless rule is likely to become very unstable.

So at this time, a sinister look suddenly appeared in Shen Wutian's eyes.

He rushed to not far from Ye Feng in an instant, and actually attracted the lord-level Feitian Demon Sha that he was fighting against.

In addition, Shen Wutian also secretly threatened and ordered several top geniuses who were fighting against the demonic giant ape in another place, asking them to cooperate in leading the demonic giant ape to the direction of Ye Feng. His thoughts were extremely vicious!

"Hahaha, your friend is dead. He seems to have offended Shen Wutian."

At this time, in the depths of the shelter, Gu Tianya, who was watching, spoke sternly, his tone full of cynicism.

Ye Feng plundered all the wealth from him. After he woke up, he naturally hated Ye Feng extremely.

As for Ye Ziling, the second young lady of the Ye clan who was standing next to him at this time, looking at Ye Feng's figure in the distance, her beautiful eyes could not help but reveal a hint of worry.

"I'm going to help him."

Although the two had some grudges back then, now in this strange place, Ye Feng means a lot to Ye Ziling. The only person she feels warm and kind to is probably the adopted son of the family back then.

After all, they come from the same family, and their relationship and involvement are not something that others can understand. The sound of the big yellow dog made Ye Feng feel energetic all of a sudden.

This big yellow dog has an extraordinary origin, and Ye Feng knows it.

So at this time, the big yellow dog said that it knew how to use the real luck mark, which immediately gave Ye Feng motivation.

Moreover, this wave of Warcraft beasts is also an excellent opportunity for Ye Feng to accumulate his own martial arts training background.

Chapter 400 Amazing talent and beauty (eleventh update)

"Roar!!"

The demon giant roared loudly, and was immediately led not far away from Ye Feng by the dozen young geniuses.

At this moment, Ye Feng's two crystal diamond-like eyes suddenly revealed two piercing cold lights.

Although he was fighting bloody battles among many monsters, he was always paying attention to all the movements around him, as his soul power radiated out.

Of course, Ye Feng noticed Shen Wutian's little move instantly. .???.??

His heart felt cold.

At this critical moment of life and death crisis, this Shen Wutian actually wanted to use such vicious means to kill himself.

Such a person really has no tolerance at all, and all he thinks about is the threats posed to him by others.

Ye Feng didn't say anything. He just pulled out the long sword on his back and struck the dozen young geniuses who had attracted the demon giant ape from a distance.

This sword was the first of the three sword moves given to him by Uncle Nan, the Iron Painted Silver Hook!

boom!

Almost at this moment, countless people were shocked.

The sword in Ye Feng's hand did not release any divine light or sword energy.

But with just this ordinary stroke, the entire sky and space in the distance seemed to be chopped into pieces at once.

Cracks appeared in the distant sky, like a smooth mirror shattering.

"Pfft!"

"Pfft!"

A dozen young prodigies, as well as the demonic giant ape, could only watch helplessly as their bodies were split into bloody seams.

"What kind of swordsmanship is this..."

Before the dozen or so young geniuses even had time to finish their last sentence, their bodies suddenly seemed to be cut into more than a dozen pieces by an invisible steel pen, and then they fell to the ground.

And the monster giant ape, with a huge body of several hundred meters, was instantly destroyed by Ye Feng's iron-painted silver hook.

It was cut into several pieces by an invisible force of pen. The pieces fell to the ground, and the blood suddenly stained the entire earth red.

"hiss!"

Everyone gasped.

In this scene, there is no flashy divine light and fighting spirit, nor is there any earth-shattering scene of destruction.

But very quietly, Ye Feng simply used his sword, and strangely everyone and the monsters were torn apart.

Whether it was a top-notch prodigy from the second level of the supernatural realm or a demonic giant ape at the lord level, they all split open in a strange way and died instantly.

This scene happened extremely quietly, but it gave everyone present a very cold feeling of fear.

"This sword is a bit interesting..."

At this time, the big yellow dog's eyes became unusually serious.

"Wow!"

Suddenly at this moment, the Feitian Demon Sha, who was going to Ye Feng's direction, suddenly turned around and ran wildly towards the distance.

This flying demon was actually scared away by Ye Feng.

"That sword is so powerful!"

Ye Ziling, who was about to take action, also stopped suddenly.

The second young lady of the Ye Clan back then had a pair of beautiful eyes full of brilliance.

How could the young and ordinary adopted son of that family grow up to this point one day?

Shen Wutian's face became extremely ugly at this time. He never thought that this young man in black who appeared out of nowhere could be so powerful.

It was so powerful that even he felt a little scared in his heart at this moment. The sword just now, with an iron hook and a silver hook, was like the human emperor in ancient times holding a big pen. The tip of the pen decided the life and death of thousands of creatures. It was really shocking. Gorgeous talent!

Shen Wutian suddenly saw it at this time, and Ye Feng looked in his direction.

The prince of Shenshui Dynasty immediately showed a stiff smile on his face and said: "Brother...brother, what's the matter?" "Hoo!!!"

The demon giant roared loudly, and was immediately led not far away from Ye Feng by the dozen young geniuses.
