Chapter 3911 The shock of a punch

At this moment, when Ye Feng was talking, the black market hegemony conference had completely begun.

An old man wearing a black robe stood at the top of the arena in the center of the black market hegemony conference. Then he looked around the audience and said slowly: "Now I declare that the entire conference has officially begun. All who have been called by name." store or chamber of commerce, please send the masters you want to participate in the battle into the competition arena."

Obviously, this old man in black robe is an upper-level figure in this black market and is the host of this black market hegemony conference.

So after he finished speaking, all the major chambers of commerce and stores were gearing up to express themselves well.

Because the higher the ranking of the experts they send in this black hegemony conference, the greater the rights their store will gain.

In particular, some large chambers of commerce control a lot of resources and naturally have to compete for the top spot. Otherwise, their positions are likely to be replaced by other chambers of commerce or stores.

At this time, the old man in black robes from the upper level of the black market immediately said: "Next, let's invite the Liehuo Shop and the Qingyuan Shop to have the first battle."

"Um?"

At this time, when Ye Feng, who was standing in the audience, heard what the black-robed old man from the top of the black market said, there was a look of surprise in his eyes.

I didn't expect that I would be the first to play.

Qingyuan store is the store of Lu Ming and Lu Qingqing.

At this time, Ye Feng looked at Lu Ming and Lu Qingqing beside him, who were shrouded in black robes. He just nodded slightly, then jumped and flew directly to the competition arena in the middle.

And the experts dispatched by Liehuo Store not far away also came on stage.

The master dispatched by Liehuo Shop was an old man who looked extremely skinny.

Obviously, this Agni Store, like the Qingyuan Store, is a store without much strength and heritage, so it can only play by itself.

This skinny old man should be the shopkeeper of Liehuo Shop.

And if Lu Ming hadn't happened to meet Ye Feng, a strong young man in Qingyuan Store, he would probably have played on his own.

At this moment, the skinny old man in front saw Ye Feng, who was shrouded in black robes, with a look of uncertainty in his eyes, and said loudly: "This year's Black Market Hegemony Conference, the old guy Lu Ming is not participating. Are you the master he hired?"

Ye Feng deliberately changed his voice at this time, making his voice hoarse and deep, and said: "I don't want you to worry about these things. Just take action. I am still anxious for the next battle." "

"Arrogant!"

Hearing what Ye Feng said, the shopkeeper of Liehuo Shop couldn't help but said: "Although your voice is deep and hoarse, it should be that of a young man. Young people like you today really don't know how high the sky is. , then let me teach you a lesson, I guess this old guy Lu Ming doesn't have much money to hire a very powerful master."

At this moment, the shopkeeper of the Fierce Fire Shop said and rushed towards Ye Feng.

In his hand, a giant sword burning with flames suddenly appeared. This was his most powerful weapon. It could explode with terrifying power and slash directly towards Ye Feng.

The flame giant sword has the sharpness of a sword and the terrifying burning power of flames.

But at the next moment, Ye Feng didn't hesitate and punched forward.

Ye Feng's fist was full of terrifying brute force and unparalleled sturdiness. It directly "clicked" the flaming giant sword in the hands of the owner of the Liehuo shop. The shopkeeper flew out directly and fell outside the competition arena.

"What??"

"Defeated the owner of the Fiery Shop with one punch??"

At this moment, many people present had a look of surprise in their eyes.

Because originally they had no special interest in this kind of battle between scattered shops.

What everyone is looking forward to more is the battle between the powerful chambers of commerce.

Therefore, when the upper management of the black market arranges the black market hegemony conference, they often arrange the scattered shops together to prevent the scattered shops from encountering those super large chambers of commerce in the early stage.

In that case, it would naturally be very unfair to scattered shops with weak foundations.

Therefore, no one was very interested in the initial battle.

Because in the eyes of many strong men in large chambers of commerce, the battles between scattered shops are just a bunch of noobs pecking each other, which is not interesting at all.

But now Ye Feng, a mysterious young strong man shrouded in black robes, gave everyone a surprise.

Ye Feng knocked away and defeated the shopkeeper of Liehuo Shop with one fist. This kind of strength may only be achieved by some masters from large chambers of commerce.

after all

The shopkeeper of Liehuo Shop is also a veteran of the black market. He cannot be defeated so easily. It often takes a long time for you to fight back and forth to determine the winner.

Unexpectedly, Qingyuan Shop, a small scattered shop, would send such a powerful guy, and he would blow away the shopkeeper of Liehuo Shop with one punch.

It's really incredible.

"You...how is this possible?"

At this moment, the shopkeeper of Lieyan Shop, who was blasted away from the competition stage, had a look of deep shock in his eyes.

He stared at the figure wrapped in black robes in front of him, with deep horror in his eyes.

He could sense that that fist was filled with extremely terrifying power.

At that moment, it was as if a humanoid beast was attacking him, and he couldn't resist it at all.

At this time, the shopkeeper of Liehuo Shop looked at Lu Ming, the shopkeeper of Qingyuan Shop, who was in the auditorium not far away, with deep horror in his eyes.

Because he couldn't understand how Qingyuan Store, which was also a scattered store, had such financial resources. It was really incredible to find such a mysterious young man with amazing fighting power.

"Master Ye Feng is really awesome!"

At this moment, Lu Qingqing in the audience saw this scene, and her beautiful little face suddenly showed deep excitement.

At this time, Lu Ming, an old man, had a deep smile on his face. This time, their Qingyuan store's position in the black market can definitely be maintained, and it can even shine. In the future, their store will be the best in the entire black market. get more resources and rights.

But just when the whole audience was feeling shocked, Ye Feng felt that he had just done a trivial thing, so he flew down from the stage and returned to Lu Ming and Lu Qingqing. Sit down in the audience.

The old man in charge of the upper level of the black market in the sky seemed a little surprised, and couldn't help but said: "In this battle, Qingyuan Shop wins, and the reward is a third-grade heaven-level elixir, the Great Return Pill."

Uh-huh!

At this time, the old man in charge waved his sleeve, and a pill emitting a faint white light, which was round and about the size of a fist, flew in front of Ye Feng.

In every battle in the Black Market Hegemony Conference, the winner will receive resource rewards. This is the rule of the black market.

"What a powerful elixir."

Ye Feng took it

With this Great Return Pill, his eyes showed a joyful look. This Great Return Pill can definitely increase his skills a lot.

Sure enough, the resources in the black market are still very abundant, and there are many precious cultivation resources that are not available outside.

"Thank you, senior."

Ye Feng clasped his fists at the old host in the sky, took the Big Return Pill, and walked directly outside the competition arena.

Seeing Ye Feng being so polite, the old man in charge couldn't help but nodded slightly, with a look of surprise in his eyes.

Such a powerful young man is also so polite and does not have the impetuosity of others. This kind of mentality is really commendable.

At this moment, the eyes of many experts in the audience were attracted by Ye Feng, the mysterious young strong man in black robe.

Even the big shots in some big chambers of commerce couldn't help but look in Ye Feng's direction.

Because these masters and big shots are not stupid.

He was able to smash the flaming giant sword in the hands of the owner of the Agni Fire Shop with an ordinary punch, and then blast the owner of the Agni Fire Shop away.

This is not something ordinary people can do.

You definitely need to have very terrifying skills and an extremely powerful body to be able to do all of this.

It can be said that although Ye Feng's punch was just a simple one, it shocked the whole audience.

Because sometimes the simplest things are the most shocking.

"interesting."

Many super experts from large chambers of commerce looked at Ye Feng, who was shrouded in black robes in the auditorium not far away, with expressions of interest on their faces.

This was the first time they encountered such a powerful person appearing in such a small scattered shop.

At this moment, in a large chamber of commerce, Zhan Cangtian was wearing a silver mask, and a middle-aged man was standing next to him.

The middle-aged man couldn't help but said with some worry: "I didn't expect that in this black market competition, even a small scattered shop would have such a powerful master. It seems that this time, the black market competition will be a disaster." Tigers hiding dragons, it is estimated that the next battle will be very difficult. I don't know if our chamber of commerce can maintain its original record. Once our chamber of commerce cannot enter the top three, then our chamber of commerce now controls many resources and rights in the black market. , will shrink rapidly."

At this moment, Zhan Cangtian glanced at the president of the big chamber of commerce beside him, put his hands behind his back, smiled faintly, and said, "It doesn't matter, I will take action."

Chapter 3912 Beyond everyone's imagination

Next, the old host in the sky continued to announce other stores and began to compete.

As for Ye Feng, who was in the audience, he immediately swallowed the Dahuan Dan he got after winning the first battle.

"boom!"

At this moment, Ye Feng immediately felt that the Great Return Pill exploded in his body, forming a huge energy that was injected into Ye Feng's dantian.

"Buzz buzz..."

Ye Feng's entire skill immediately began to improve rapidly.

It has to be said that the upper echelons of the black market are quite generous in their efforts. The power of this Dahuan Dan is very powerful and powerful, providing Ye Feng with a huge accumulation of energy.

"boom!"

Ye Feng's cultivation level actually broke through the first level on the spot, from the sixth level of the Holy Dao Realm to the seventh level of the Holy Dao Realm!

At this time, Ye Feng's eyes suddenly showed a hint of surprise.

Unexpectedly, this Great Return Pill actually caused my cultivation level to directly break through the first level, which shows that the quality of this Great Return Pill is still very good.

"The energy of an entire Great Return Pill was refined in an instant??"

Many experts around Ye Feng's auditorium saw this scene, and their eyes suddenly widened and they were a little dumbfounded.

Some experts couldn't help but exclaimed: "This kind of Great Return Pill is of very high quality. Even a very powerful person would probably need several months to swallow and refine it. But I didn't expect this." The mysterious young man swallowed the refining all at once, and even achieved a breakthrough in cultivation, which is really unbelievable. "

Many people around him had deep shock in their eyes at this moment.

They suddenly felt that the young master invited by this small shop was definitely an extremely terrifying guy, probably much more powerful than everyone imagined.

At this moment, several battles have been going on on the competition stage, each with its own winner or loser.

The winner every time will be rewarded by the upper echelons of the black market.

Even Ye Feng saw that among the rewards from the upper echelons of the black market, there were very rare high-level energy crystals, which made Ye Feng very envious.

This kind of high-grade energy crystal, if Ye Feng gets it, can provide Ye Feng with a lot of energy.

After all, the reason why Ye Feng stayed in the black market for so long this time was to participate in this black market hegemony conference and get the rewarded training resources, so that Ye Feng's skill and cultivation could be rapidly increased.

So at this time, Ye Feng was very anxious to play.

In this half hour, Ye Feng did not see Zhan Cangtian take action. After all, Zhan Cangtian was invited by a super large chamber of commerce to help out. These super large chambers of commerce have not yet been assigned to the battlefield.

Because the upper echelons of the black market are quite fair, they will first let the masters in scattered shops compete together, and then compete with the final big chamber of commerce.

At this moment, while Ye Feng was watching, the old host floating in the sky once again said: "The next competition will be between Qingyuan Store and Black Wolf Chamber of Commerce."

"Um?"

"So soon this year

Is it time for scattered shops to compete with well-established chambers of commerce? "

At this moment, many experts present heard the announcement of the old man in charge, and they couldn't help showing deep surprise in their eyes.

This is the first battle between scattered shops and well-established chambers of commerce.

So it attracted everyone's attention in an instant.

And you must know that Ye Feng previously competed on behalf of the Qingyuan store and defeated the shopkeeper of another store with one punch, which has attracted the attention of many people.

Now that Ye Feng continues to take action, everyone will naturally look at him.

Even the experts from many large chambers of commerce couldn't help but look towards the stage.

At this moment, Ye Feng's eyes showed a look of joy, because if he won every battle, he would be rewarded by the top of the black market, which Ye Feng was naturally looking forward to.

Because Ye Feng participated in the Black Market Hegemony Conference this time and took advantage of the quota in Qingyuan Store to come here and obtain various cultivation resources to strengthen his cultivation skills.

Uh-huh!

At this time, Ye Feng didn't hesitate at all. He was still shrouded in black robes, giving people a very mysterious feeling. He jumped directly and flew to the competition stage.

At this time, from somewhere in the audience, where the Black Wolf Chamber of Commerce was located, a tall middle-aged man wearing a black robe slowly walked out.

This middle-aged man looked very majestic and had a very terrifying aura about him.

And it can be vaguely seen that behind this middle-aged man in black robe, there is a shadow of a giant wolf in the void that is tens of thousands of meters tall, floating in the void, exuding terrifying ancient power and majesty.

At this moment, many people around couldn't help but exclaimed: "It's him! The one who the Black Wolf Chamber of Commerce took action this time turned out to be the first generation president of the Black Wolf Chamber of Commerce who had been in seclusion for many years. This is a It is an extremely terrifying existence. It is said that he is a wolf king who has been practicing for thousands of years. In recent decades, he seems to have obtained the bloodline of an ancient giant wolf. Now it is probably fused successfully, making it even more terrifying. "

At this moment, many people around were speaking out.

Ye Feng stood on the competition stage with a look of surprise in his eyes.

Because he did sense that the aura exuding from the first-generation president of the Black Wolf Chamber of Commerce was indeed a bit frightening.

Moreover, the cultivation strength of the president of the Black Wolf Chamber of Commerce is a full two and a half realms higher than Ye Feng's current Holy Dao realm!

The first-generation president of the Black Wolf Chamber of Commerce is an existence that has surpassed the Holy Dao Realm, the Holy King Realm and the Holy Emperor Realm and is half a step above the Holy Emperor Realm!

This was an extremely terrifying and powerful level, which made Ye Feng's eyes show a trace of solemnity at this moment.

At this moment, the first-generation president of the Black Wolf Chamber of Commerce jumped up and flew directly to the competition platform, standing not far from Ye Feng.

his eyes

The god is very sharp, and has a blood-red light flashing, giving people a very scary feeling.

The first-generation president of the Black Wolf Chamber of Commerce stared at Ye Feng at this moment, and said slowly: "Young man, admit defeat yourself, don't waste time, scattered shops like yours, and ours have such a foundation There is no comparison between the huge chamber of commerce."

Hearing what the first-generation president of the Black Wolf Chamber of Commerce said, Ye Feng suddenly grinned and said slowly: "If you don't fight, how do you know there is no comparison?"

When the first-generation president of the Black Wolf Chamber of Commerce heard what Ye Feng said, an indifferent smile suddenly appeared on his face, and he said slowly: "Okay, then I will reluctantly make a move and defeat you completely. Although you punched away the shopkeeper of Liehuo Shop before, you must know that this does not mean that you can challenge the background of a large chamber of commerce like ours. I am the most powerful first-generation president of the Black Wolf Chamber of Commerce. Once you take action, you will either die or be injured." ??.

Ye Feng said slowly: "Stop talking nonsense and just take action."

"Young man, you are very brave, but sometimes bravery means stupidity."

Boom!

Almost at the moment when the first president of the Black Wolf Chamber of Commerce finished speaking, a vast and terrifying demonic aura suddenly erupted from his body, and a tall man tens of thousands of meters tall condensed directly behind him. The majestic dark giant wolf then blasted towards Ye Feng in an instant, as if it could crush mountains and rivers and wipe out eight wastelands.

It has to be said that the Black Wolf Chamber of Commerce is indeed a chamber of commerce-level existence. Their first-generation president's cultivation is very terrifying, many times stronger than the elder of the Hydra Chamber of Commerce that Ye Feng dealt with before.

At this moment, the moment the first-generation president of the Black Wolf Chamber of Commerce took action, there was a terrifying attack like a violent storm.

The dark wolf is full of unparalleled power and can obliterate everything.

Obviously, the first generation president of the Black Wolf Chamber of Commerce did not intend to hold back any hand. He wanted to completely defeat and suppress Ye Feng with lightning speed.

boom!

Ye Feng did not hesitate at this moment and directly released the powerful inheritance he had received before, the God of Darkness.

This is a powerful inheritance cultivated by the elder of the Hydra Chamber of Commerce, and it is very powerful.

Boom!

At this moment, a dark giant with a majestic height of several kilometers appeared behind Ye Feng, and then collided with the dark giant condensed by the first generation president of the Black Wolf Chamber of Commerce who rushed forward. together.

Rumble!

A huge roar suddenly sounded across the entire field, and the entire void was shattered and distorted.

Because this kind of collision and attack is so terrifying, the energy generated is enough to destroy the world.

"What a terrifying power!"

"As expected of the first generation president of the Black Wolf Chamber of Commerce, his combat power is truly terrifying."

At this moment, countless experts in the surrounding auditorium saw the terrifying collision on the field, and they couldn't help but have deep shock in their eyes.

At this time, the entire competition arena has been shrouded in the horrific aftermath of the collision.

Immediately, some masters couldn't help but said: "The number one president of the Black Wolf Chamber of Commerce has such terrifying cultivation strength. It is estimated that he can be ranked in the top twenty in our black market. That Qing Yuan The strong young man in the shop may really die this time, and it is really a pity that he will not be able to fight against such an older person. "

At this moment, everyone couldn't help but sigh and felt sad for Ye Feng.

Because Ye Feng may really be one of the top strong men among the younger generation, but in the eyes of such strong men of the older generation, he probably is nothing at all.

But the next moment, when the smoke and dust in the arena cleared, everyone saw a shocking scene.

"What??"

The dark giant condensed behind Ye Feng actually blocked the dark giant released by the first president of the Black Wolf Chamber of Commerce.

The two were in a stalemate on the court.

"The cultivation level of this mysterious young man is two and a half realms lower than that of the first-generation president of the Black Wolf Chamber of Commerce. How could he withstand the terrifying attack of the first-generation president of the Black Wolf Chamber of Commerce?"

"How can this be??"

At this moment, everyone was shocked when they saw the scene on the field.

Because the actual combat power displayed by Ye Feng was beyond everyone's imagination.

Across two and a half realms, fight against the enemy.

No one has ever encountered this monster's incomparable fighting power.

"Huh? It's very difficult to have such a strong combat power and be able to fight against enemies far beyond two and a half realms."

At this moment, many of the experts from the big chambers of commerce in the surrounding auditorium could not help but have horrified expressions in their eyes.

Even Zhan Cangtian, who had always remained very calm, had a look of surprise in his eyes at this time.

Because underneath that mysterious young man shrouded in black robes in the arena, his fighting power and talent are almost comparable to those of the top geniuses like him among the transcendent forces of the Ten Thousand Realms Martial Arts Academy.

"Who is this mysterious boy? He is so powerful..."

Even Zhan Cangtian couldn't help but make some uncertain guesses in his heart at this time.

At this moment, the old man in black robes who was hosting the competition suddenly heard a message from the top of the black market: "Next, we will focus on this mysterious young man shrouded in black robes. He is already qualified to join us. He is at the top of the black market. Let's ask him for his opinion after the game is over."

After hearing the voice transmission in his ears, the old man in black robes who was presiding over the entire competition immediately couldn't help but have a look of horror in his eyes.

Because this message was exactly the voice spoken by the most majestic black market controller in their black market.

Unexpectedly, in just two battles, or even before the second battle was over, the mysterious young man in black robe below had already been valued by the most authoritative controller of the black market. It is really incredible!

Chapter 3913 Are you interested?

"This is impossible!!"

And while everyone in the audience was shocked by Ye Feng's fighting power, the one who was most shocked was of course the first generation president of the Black Wolf Chamber of Commerce who was fighting Ye Feng.

The president of the Black Wolf Chamber of Commerce probably never thought that Ye Feng, a young man who was two and a half realms below him, would have such terrifying fighting power, directly on par with him.

At this time, the first generation president of the Black Wolf Chamber of Commerce immediately felt a deep sense of shame.

Because he is two levels higher than Ye Feng, but now he is unable to crush Ye Feng, and even Ye Feng resisted his attack. This is simply a declaration that he is the first generation of the Black Wolf Chamber of Commerce. The president is simply a mediocre person. .??.

"Wolf God Totem!"

"Destroy all living beings!"

At this moment, the first-generation president of the Black Wolf Chamber of Commerce suddenly revealed an even more terrifying inheritance.

Buzz!

Suddenly, an ancient wolf god's shadow appeared in the void behind him.

This phantom of the wolf god is no longer dark, but filled with bright and holy light.

It really seemed like an ancient god had descended, giving people a feeling of supremacy and coercion.

"Endless space cutting!"

At this moment, Ye Feng did not hesitate at all and directly displayed the powerful space attribute inheritance he had received before.

"Crash!"

At this moment, Ye Feng used Endless Space Cutting, and cracks immediately appeared in a large space in front of him.

It was like a piece of glass that was shattered in an instant.

The entire space was shattered.

Space cracks appeared around the first generation president of the Black Wolf Chamber of Commerce, directly cutting the ancient wolf god phantom he released into countless pieces.

Count the pieces.

"What??"

Seeing this scene, the first-generation president of the Black Wolf Chamber of Commerce suddenly showed deep horror in his eyes.

He couldn't help but exclaimed: "It turns out to be the inheritance of the legendary space attribute. Who are you kid? How can you work hard for such a small shop?"

Hearing what the first generation president of the Black Wolf Chamber of Commerce said, Ye Feng just smiled faintly, and his voice came from the black robe: "Why should I participate in this black hegemony conference for the Qingyuan Chamber of Commerce? This is not I need to explain to you, as long as you know, you will definitely lose."

Boom!

Almost at that moment, Ye Feng rushed forward and punched the first generation president of the Black Wolf Chamber of Commerce.

boom! !

An incomparably terrifying force erupted, sending the first-generation president of the Black Wolf Chamber of Commerce flying out in an instant. He hit the bottom of the competition platform and shattered a large area of land.

At this time, Ye Feng looked at the old man in the sky who was presiding over the entire black market hegemony conference, and said loudly: "I won this game again."

There was a look of deep surprise in the eyes of the old host at this moment, as if he didn't expect Ye Feng's fighting power to be so strong.

Because Ye Feng's cultivation strength is actually not that high in the black market, but the combat power displayed by Ye Feng is really terrifying and simply unbelievable.

At this time, the old host did not hesitate and said immediately: "In this competition, Qingyuan Store is the winner."

At this moment, after the old host finished speaking, the entire venue immediately fell into

There was an uproar.

Everyone stared at Ye Feng with shocked eyes.

After all, no one could have imagined that an ordinary young man coming out of a small shop would have such terrifying strength that he could compete with the most powerful chamber of commerce in the entire black market.

You know, although this Black Wolf Chamber of Commerce is not a top-level chamber of commerce, it is still a chamber of commerce level existence. It is also the first generation president of the Black Wolf Chamber of Commerce. It has very powerful cultivation and strength, but it is still being criticized. Ye Feng was defeated.

At this moment, this mysterious young man shrouded in black robes completely shocked everyone.

Everyone couldn't help but be very curious, where did a little-known store like Qingyuan Store find such a powerful young man to participate in this black hegemony conference for them.

At this time, the old man in charge looked at Ye Feng, and took out a fruit with a faint crimson light directly from his storage ring, and then said aloud: "This is your reward for winning this battle. , this fruit is called the 'Red Fire Dragon Blood Fruit'. It is a fruit that is said to be grown by watering the blood of the ancient flame dragon. It contains the very majestic energy of the red fire dragon, but it must be Be careful not to swallow it directly, otherwise you will be burned to death by ten thousand fires."

Hearing what the old host said, Ye Feng just smiled slightly, stretched out his hand and grabbed the red fire dragon blood fruit directly into his own hands, and then swallowed it in one gulp under the gaze of everyone.

"What??"

Seeing this scene, the old man in charge couldn't help but his eyes widened in disbelief.

Because he never thought that he had already warned this strong young man not to take this powerful fruit rashly, as it would be very dangerous. \u003c

br\u003e

But I didn't expect that the other party didn't listen to my advice and ate the fruit directly.

The old man in charge immediately flew down from high in the sky, wanting to help Ye Feng refine this fruit, because Ye Feng is now the person in power at the top of the entire black market, a very important person, and it is very likely that he will be able to do so in the future. Will join the upper echelons of their black market.

So the old man who presided over it naturally paid special attention to Ye Feng.

But before the old man in charge could fly to Ye Feng, two majestic cultivation auras suddenly burst out from Ye Feng's body.

That turned out to be a breakthrough momentum!

After Ye Feng swallowed this red fire dragon blood fruit in an instant, he obtained the majestic power of the medicine, which directly allowed his cultivation level to break through two heavens in a row again, from the seventh heaven of the Holy Dao Realm to the Holy Dao Realm. Nine Heavens!

"What??"

After sensing all this, the old man in charge, who was originally going to rush down to help Ye Feng, immediately froze on the spot, as if he didn't know what to do.

At this time, Ye Feng looked at the old man in charge and said, "Thank you for your concern, senior, but this little fruit is not dangerous to me at all."

After Ye Feng finished speaking, he walked off the competition stage very gracefully and returned to his seat.

At this time, the old man in charge could not help but smile bitterly. This young strong man was indeed a monster. No wonder he attracted the attention of the upper-level officials in the black market.

At this time, the old host seemed to have thought of something, and suddenly asked Ye Feng in the audience: "By the way, young man, the powerful people in our black market are very fond of you, so I want to ask you. You, after the Black Market Hegemony Conference is over, are you interested in joining the upper echelon of our Black Market?"

Chapter 3914 Good Brothers

"Um?"

At this time, when Ye Feng, who was sitting in the audience, heard what the old host said, a look of surprise suddenly appeared in his eyes.

Obviously, Ye Feng never thought that the old man in charge of the black market would send a message to him secretly, and even invite him to join the upper echelons of the black market.

When Ye Feng heard what the old host said, a look of thinking suddenly appeared in his eyes. .??.

You must know that the old host made it very clear that he was inviting Ye Feng to join the upper echelons of the black market directly, rather than simply joining the black market and becoming an unimportant member.

Instead, they can directly enter the black market, become the distinguished upper class of the black market, and jointly enjoy the resources of the entire black market.

I have to say that this is still very interesting to Ye Feng.

But Ye Feng also knew that he would never stay in the black market for long.

After all, Ye Feng came here just to sell the resources and treasures he obtained from the major forces.

By chance, Ye Feng took advantage of the Qingyuan store's quota to participate in this black market competition.

However, the Wanjie Martial Arts Academy does not allow its disciples to join other organizations.

So at this time, Ye Feng did not refuse immediately. Instead, he sent a message back and said, "I need to think about this. After all, I don't even know my next plan."

Hearing what Ye Feng said, the old man in charge did not dwell on anything, but said via voice message: "Okay, let's wait until the Black Market Hegemony Conference is over."

After finishing speaking, the old man in charge continued to announce the upcoming competition.

Next, almost all the masters of the scattered shops, except for the Qingyuan shop represented by Ye Feng, have been eliminated, and what is left is only the competition between the major chambers of commerce.

Ye Feng saw Zhan Cangtian in the audience, representing a large chamber of commerce, and took action.

It has to be said that Zhan Cangtian's current cultivation strength is even more powerful than before.

Ye Feng guessed that Zhan Cangtian also got a lot of luck in the ancient caves, so he was much stronger than before.

As the top genius of the Wanjie Martial Arts Academy, Zhan Cangtian has a very strong fighting ability.

He represented that big chamber of commerce in competitions and basically won.

Ye Feng has no doubts about Zhan Cangtian's performance.

After all, Zhan Cangtian is a very powerful top genius recognized by Ye Feng. He is one of the three top geniuses in the Wanjie Martial Arts Academy. Naturally, his combat power is very terrifying.

Not to mention, after Zhan Cangtian's exploration of the ancient caves,

The strength must have increased a lot.

Ye Feng could sense that Zhan Cangtian's cultivation strength was two full realms higher than his current ninth level of the Holy Dao Realm. He was at the Holy Emperor Realm level.

But Ye Feng didn't have any fear about this.

Instead, with a trace of expectation, the destined battle between himself and Zhan Cangtian is estimated to be coming soon.

And sure enough, half an hour later, with Ye Feng's winning streak and He Zhan Cangtian's winning streak, the old man who presided over this black hegemony conference finally announced: "Next, there will be a battle for the top three. , the Qingyuan Store and the Gale Chamber of Commerce are about to come on stage."

The Kuangfeng Chamber of Commerce is exactly the chamber of commerce represented by Zhan Cangtian.

Uh-huh!

At this moment, Ye Feng immediately flew to the competition stage, his whole body covered in black robes.

Zhan Cangtian probably still hasn't recognized that the strong young man in the black bag is Ye Feng.

At this moment, Zhan Cangtian's eyes suddenly moved and he flew to the competition stage.

At this moment, Zhan Cangtian stared at Ye Feng, who was shrouded in black robes, and said slowly: "We have finally met. From the first moment you appeared on the stage, I felt that you were very affectionate. Extraordinary, not an ordinary genius."

Hearing what Zhan Cangtian said, Ye Feng's face shrouded in black robes suddenly showed a smile, and then he pretended to have a hoarse voice and said: "You are also very powerful and have extraordinary talents. Let's see who is the final winner."

Boom!

Almost at the moment Ye Feng finished speaking, Ye Feng took action directly, and instantly burst out the powerful inheritance of the elder of the Hydra Chamber of Commerce that he had received before, the God of Darkness.

At this moment, Ye Feng's body burst out with majestic mana, and then a huge dark giant condensed in the void behind Ye Feng, and charged directly towards Zhan Cangtian. , as if it could crush everything.

Zhan Cangtian immediately shouted: "The bloodline of the God of War dominates the world!"

Boom!

At this moment, Zhan Cangtian's God of War bloodline was activated. He immediately began to expand and turned into a golden God of War that could dominate the world. He directly collided with the dark giant released by Ye Feng. .

Boom! !

the whole field

Suddenly there was an extremely terrifying roar.

It has to be said that Zhan Cangtian's God of War bloodline is still very terrifying, and his physique is the legendary God of War's physique, so the golden giant he turned into at this time has extremely terrifying power, defeating Ye Feng's dark giant. He was defeated step by step.

Ye Feng didn't hesitate at this moment and just released the endless space cutting.

Wow!

At this moment, the void around Zhan Cangtian suddenly cracked, and space cracks appeared, cutting Zhan Cangtian's body crazily.

But at this time, Zhan Cangtian had completely stimulated the God of War's physique and became a golden giant.

Therefore, those space cracks only interfered with Zhan Cangtian's actions and could not cut Zhan Cangtian into pieces.

Zhan Cangtian immediately laughed out loud: "Your inheritance of space attributes is indeed quite powerful, but now that I have completely transformed into the ancient golden God of War, the power of your space cracks cannot harm me."

Boom!

Boom!

At this moment, the golden giant that Zhan Cangtian transformed into was so ferocious that it directly smashed the dark giant into pieces. Then it broke through countless space cracks and rushed directly in front of Ye Feng, punching Ye Feng fiercely. The wind blew past and said loudly: "The battle is over, you are defeated."

Boom!

But at this moment, Ye Feng also punched out fiercely, and collided with Zhan Cangtian's fist.

The next moment, Zhan Cangtian was shocked to find that the opponent's fist was as good as his golden God of War body.

Both of them flew upside down at once.

Zhan Cangtian couldn't help but said in horror: "I didn't expect your body to be so powerful."

Ye Feng smiled slightly at this time, and without any hesitation, he directly used the powerful magic weapon he had obtained before, the Eighteen Arhats.

Boom!

At this moment, a huge arhat with bright golden light flew out from the scroll in Ye Feng's hand, and then began to fight in the sky.

"Golden Spear of Heaven and Earth!"

At this time, a golden spear appeared in Zhan Cangtian's hand, and a terrifying spear light erupted, crushing a huge Arhat in an instant.

However, other golden arhats continued to surge forward, completely disrupting Zhan Cangtian's fighting rhythm.

Uh-huh!

At this moment, Ye Feng instantly released the nine-color feathers given to him by the nine-color peacock in heaven, and suddenly bombarded him in front of Zhan Cangtian.

However, the nine-color feather did not directly pierce Zhan Cangtian's head. The nine-color feather was like the most terrifying spear in the world, floating in front of Zhan Cangtian's forehead at this moment, emitting a terrifying light that could kill people.

Zhan Cangtian stopped at this time, looked at the nine-color feather in front of him, suddenly sighed, and said aloud: "I lost."

Zhan Cangtian knew very well that he could sense an irresistible piercing power from the seemingly beautiful nine-color feather in front of him. If the other party hadn't kept his hand, his head would have been penetrated by this feather by now. The nine-colored feathers were pierced.

At this moment, Zhan Cangtian's eyes were filled with deep horror, staring at the black-robed figure not far away.

He couldn't figure it out, when did such a terrifying young prodigy appear in the world of origin, who was even more powerful than him in combat.

After all, Zhan Cangtian is one of the three top geniuses of the Wanjie Martial Arts Academy. He has always been very confident in his own cultivation strength, but he did not expect to be defeated by a little-known black-clothed mysterious young man in the black market. In the hands of the other party, Zhan Cangtian was really shocked, but he was also very curious about who the other party was.

At this moment, Ye Feng withdrew the nine-colored feathers, looked at Zhan Cangtian not far away with shocked eyes, and suddenly smiled, and the voice came from the black robe: "When the competition is over, I will treat you to a drink. "

"Buy me a drink?"

Hearing the black-robed figure across from him say this, Zhan Cangtian's eyes suddenly froze, and he felt that this sentence was very familiar.

The next moment, Zhan Cangtian seemed to have guessed something. He stared at the black-robed figure not far away. He couldn't help but have a look of astonishment in his eyes, and said loudly: "It's you!"

Obviously, Zhan Cangtian has guessed that the figure in the black robe is his good brother, Ye Feng!

Because when Ye Feng was still weak, Zhan Cangtian suppressed his cultivation and fought with Ye Feng, and finally Zhan Cangtian invited Ye Feng to drink.

Now, the other party said the same words, and Zhan Cangtian immediately felt a very strong sense of familiarity.

That moment, exactly this moment.

"Hahaha!"

Zhan Cangtian had a defeated expression, but he immediately burst into laughter.

Because he knew that losing to Ye Feng was nothing to be upset about.

Because Ye Feng has always been such a monster.

Chapter 3915 Meeting the Leader

At this time, after knowing that the opponent was his good brother Ye Feng, Zhan Cangtian no longer hesitated, but left the competition arena with a smile on his face.

The next moment, the host old man flew directly to the competition stage, raised Ye Feng's right hand, looked at the audience, and announced loudly: "This year's black market hegemony conference, the final champion is the Qingyuan store. A strong young man!"

"Wow!"

After the old man in charge finished speaking, the entire venue immediately fell into a state of excitement.

Everyone's eyes showed deep awe, staring at the figure in black standing on the competition stage. .??.

Because no one expected that the final winner of this year's black market competition would actually come out of a scattered small shop.

You know, the champions, or the top three, of every black market hegemony competition in previous years were basically controlled by the major chambers of commerce in the black market.

But this year, something unexpected happened.

The appearance of such a talented young man in a small scattered shop was beyond everyone's expectations.

At this time, someone in the surrounding audience couldn't help but say: "This mysterious young man has become famous in one battle. It is estimated that in the black market, many super large chambers of commerce will try to win over this young man." The mysterious young man in black."

"Those big chambers of commerce can't keep a strong young man of this level."

Someone else couldn't help but say: "This mysterious young strongman has now won the championship in our black market competition. He must have been favored by the upper echelons of our black market, so it is definitely not the turn of those big guys." If the Chamber of Commerce goes to win over this strong young man, the top figures in our black market must have invited this young strong man to join the black market. "

At this moment, hearing these people say this, many masters in the black market around them couldn't help but nodded. This possibility is very high.

Immediately, everyone looked at Ye Feng who was on the competition stage not far away, with deep envy in their eyes.

Being able to be favored by the upper echelons of the black market and join the upper echelons of the black market is definitely

One step to reach heaven.

To become famous, one battle is enough!

At this time, Lu Qingqing, a beautiful girl in the audience, had already jumped for joy. She looked at Lu Ming beside her and couldn't help but said excitedly: "Grandpa! Master Ye Feng not only entered the front... Ten, even won the first place! That's amazing!"

Lu Ming also had a look of deep amazement in his eyes at this moment.

In fact, Lu Ming, an old man, knew from the beginning that Ye Feng must be very extraordinary.

But he never expected that Ye Feng would be so extraordinary.

At this time, on the competition stage, the old man in charge took out a huge bronze giant sword from the storage ring and said loudly: "This sword is from an ancient era called the Giant Sword Divine Sect. The sect-suppressing treasure is called the Giant God Sword, which has very terrifying ancient power. This is our black market's championship reward this time."

"Wow!"

Hearing what the old host said, the experts in the entire audience suddenly showed deep envy in their eyes.

Because they had heard that this giant sword was one of the top ten treasures in the black market.

Unexpectedly, as the championship reward of this black market hegemony conference, this is a magic weapon from the ancient times.

At this moment, Ye Feng took the giant sword from the hands of the old man in front of him, with a trace of surprise in his eyes.

Ye Feng also didn't expect that the upper echelon of the black market would be so willing to give himself the giant sword, a magical weapon from the ancient times. This was a priceless thing that could only be found but not sought.

But at the next moment, Ye Feng seemed to have thought of something and couldn't help but ask: "Is it because the upper echelons of your black market have taken a fancy to me and want me to join the upper echelons of your black market, so they gave you such a precious reward? "

hear

When Ye Feng said this, the old man in charge immediately smiled and said: "Yes, this is the sincerity of our black market, and you must know that the person who likes you this time is the person behind our black market. This is very rare."

"The person behind the black market?"

Hearing what the old host said, Ye Feng immediately showed a look of surprise in his eyes.

I didn't expect that the person in charge of this black market would take such a fancy to me.

Ye Feng knew that the man behind the scenes who could create the entire black market was definitely an earth-shattering figure, a mysterious and terrifying existence. .???.??

Being favored by such a transcendent existence naturally shows that Ye Feng is extraordinary.

At this moment, Ye Feng nodded slightly and said, "I can consider joining your black market."

"Really?"

The old man in charge immediately brightened his eyes and said quickly: "That's great. Your Excellency, please follow me. I will take you directly to the upper-level living area of our black market and take you to meet the manager of our black market. Lord, the Lord in charge must be very interested in a strong young man like you."

"good."

Ye Feng nodded slightly at this time, and then followed the old man in charge and walked directly towards the deep area of the black market.

Seeing this scene, countless people present couldn't help but feel secretly shocked.

Sure enough, they guessed correctly. The upper echelons of the black market had already secretly selected this strong young man.

At this moment, many large black market chambers of commerce who were preparing to deal with Ye Feng secretly, and who were definitely worried that Ye Feng's rise was a disaster, had put away their own little thoughts and did not dare to provoke Ye Feng again.

Because after Ye Feng leaves, he is very likely to become a high-level figure in the black market in the future. By then, big chambers of commerce like them will probably have to please Ye Feng.

At this moment, everyone dispersed one after another.

Lu Qingqing seemed a little disappointed, staring blankly at Ye Feng's leaving figure, with some reluctance on her beautiful little face. \u003c

Zhan Cangtian, who was not far away, looked at Ye Feng's back and couldn't help but murmured, "You, you are the noble god son of our Ten Thousand Worlds Martial Arts Academy, how come you are hanging out with the upper echelons of the black market."

At this moment, Ye Feng followed the old man in charge and arrived at the deepest area of the black market.

A huge three-story palace was built here, which is several thousand meters high and looks very majestic and majestic.

At this time, the old man in charge smiled at Ye Feng beside him and said: "Your Excellency, go directly to the third floor. The master in charge has sent a message to me. He is waiting for you on the third floor."

"good."

Ye Feng nodded slightly and walked directly into the magnificent and solemn black palace in front of him.

The moment Ye Feng walked in, he immediately sensed a lot of powerful auras inside, which was enough to show that this black market had a very deep foundation.

Ye Feng slowly walked towards the third floor, and immediately saw a strong man with his hands behind his back, standing at the end of the third floor. From the back, he looked very unfathomable.

Ye Feng clasped his fists slightly and said loudly: "Master in charge."

"Um."

The leader of this black market turned around slightly, with a majestic face and a scar on his face, looking quite vicious.

But the next moment, before the majestic and ferocious black market leader could say anything, Ye Feng saw the face that turned around and revealed, and he couldn't help shouting in shock: "Uncle Scar! It's you!" !”

"you....."

Hearing Ye Feng's special name, the majestic and unfathomable face of the black market leader immediately turned into astonishment.

Then he saw Ye Feng take off his black hood, revealing Ye Feng's true appearance. He couldn't help shouting: "Boy Feng, it's you! Long time no see!"

The person in charge of this black market is none other than Ye Feng's old buddy from back then, Uncle Scar! !

Chapter 3916 Bronze Immortal Palace

At this moment, the entire field suddenly fell into silence.

Ye Feng and Uncle Scar were looking at each other with big eyes and small eyes at this time.

It was Ye Feng who spoke up first: "Uncle Scar, what's wrong with you? How did you suddenly transform into the leader of this black market? And your cultivation has become so unfathomable that even I can't see through it."

At this time, Uncle Scar couldn't help but said: "It's a long story. It's all by chance. By the way, your kid has become so powerful now? It's really amazing."

Ye Feng smiled slightly and said aloud: "I am also blessed by various opportunities. It's a long story."

Uncle Scar grinned and said, "You're here just in time. We just happen to be exploring the Bronze Immortal Palace underground in this black market. Boy Feng, you sometimes have a lot of clever ideas. You can help me open and enter the Bronze Immortal Palace this morning."

"Bronze Immortal Palace?"

There was a trace of surprise in Ye Feng's eyes, and he couldn't help but ask: "Is there a Bronze Immortal Palace underground in this black market?"

"Yes."

Uncle Scar nodded at this moment.

Then Uncle Scar looked around and waved directly.

Buzz!

Suddenly, a black light shield directly enveloped the hall where Uncle Scar and Ye Feng were standing, which could isolate all the powerful people outside from snooping.

Seeing this scene, Ye Feng's eyes suddenly moved. It seemed that Uncle Scar had something very important and confidential to say to him.

At this moment, Ye Feng didn't say much, but looked at Uncle Scar in front of him, quietly waiting for Uncle Scar's next words.

Sure enough, at the next moment, Uncle Scar's face suddenly became quite solemn and he said loudly: "Under this black market, there is a legendary Bronze Immortal Palace, which is said to come from an immortal cultivation civilization above the heaven. The cultivation civilization that was built once gave birth to an immortal immortal and cast the Bronze Immortal Palace, which contains the immortal inheritance and the secret of eternal life. I pretended to be the leader of the black market and came here. , only to learn this secret."

Hearing what Uncle Scar said, Ye Feng couldn't help but stare blankly, and then said loudly: "So, the real leader of the black market has been killed by you?"

Uncle Scar nodded, grinned, and said loudly: "Back then, I found a very good opportunity, but I was chased by this black market leader. By chance, I killed this black market leader. Ordinarily, I came to this black market just to plunder the wealth of the black market leader who was chasing me, but I didn't expect that I accidentally discovered that underneath this black market, there was an ancient bronze temple. It was the black leader. Found it, but he has never been able to open the Bronze Immortal Palace, so the Bronze Immortal Palace is still very complete, but I spent a long time and

couldn't open the Bronze Immortal Palace. It just so happened that Feng Boy, you are here, you can Help me study how to open a Bronze Immortal Palace."

Hearing what Uncle Scar said, Ye Feng's eyes suddenly revealed a look of deep surprise.

I didn't expect that Uncle Scar would have such a tortuous experience.

Uncle Scar continued to speak at this time: "I doubt the original owner of the black market, why he established such a huge black market here.

The purpose of the underground black market is actually to allow him to study how to open the Bronze Immortal Palace with peace of mind. After all, it is very close to the Wanjie Martial Arts Academy, so if he opens the Bronze Immortal Palace with great fanfare, it is very likely that the Bronze Immortal Palace will be opened by Wanjie. When the transcendent power of the Martial Arts Academy is discovered, the Bronze Immortal Palace may be plundered by the super strong men from the All Worlds Martial Arts Academy. That's why the leader of this black market established such a huge black market in order to cover up others' eyes. , allowing him to study how to open the Bronze Immortal Palace with peace of mind. After all, the Bronze Immortal Palace hides the secret of eternal life and is very precious. "

Hearing what Uncle Scar said, Ye Feng couldn't help but take a breath of air.

It seems that the former black leader was an extremely ambitious man. In order to obtain the secret of eternal life and open the Bronze Immortal Palace, he did not hesitate to spend a lot of energy to build such a huge underground black market, just to cover up his true identity. Purpose.

At this moment, Ye Feng couldn't help but said in surprise: "I didn't expect that such a glorious underground black market would hide something as ancient and boundless as the Bronze Immortal Palace. It's really unimaginable."

Uncle Scar immediately nodded, and then said loudly: "Let's go, I will take you to see the Bronze Immortal Palace. Only you and I know about this matter. I can't tell ordinary people. I will know it myself." Du Tu, but Feng Xiaozi, you are different. Maybe it is fate that makes us meet often and are tied together. "

Hearing what Uncle Scar said, Ye Feng immediately grinned and said, "Do you remember the first time we met?"

Uncle Scar also had a look of reminiscence on his face, and said aloud: "Of course I remember, it was still a small city with a small interface. I didn't expect that so many years have passed in a flash. Back then, we wanted to plunder the wealth in that city. , we also went through the dog hole in that city together."

"Hahaha."

Ye Feng immediately nodded with sigh, and said with some regret: "I have indeed experienced a lot along the way, and many people have become passers-by in life."

Uncle Scar immediately nodded, and then said aloud: "But what I remember most deeply is the apprentice you took in the Suzaku Dynasty, Chu Huanxue. That period can be said to be the most peaceful time we both have ever lived. It's been a while, and I don't know how this girl Chu Huanxue is doing now."

"Chu Huanxue?"

At this moment, when Ye Feng heard Uncle Scar mention this past, he couldn't help but reveal a hint of reminiscence in his eyes.

Chu Huanxue is indeed Ye Feng's first disciple in the true sense.

Ye Feng still remembered that he seemed to have accepted Chu Huanxue, the orphan of the Chu family, as his disciple in order to participate in the Hundred Dynasties War.

"The world of spiritual practice is like this. How many people are just passers-by..."

Uncle Scar sighed.

At this moment, the two of them had reached the bottom of the black market.

There is a secret passage here, pitch black.

Uncle Scar said aloud: "This passage was secretly dug by the person in charge of the black market before, leading to the deepest Bronze Immortal Palace. I am the only one who knows about the entire black market. Now there is an extra one like you, Feng Boy."

When Ye Feng heard this, he couldn't help but nodded slightly and said, "Take me to see it. Maybe I really have a way to open the Bronze Immortal Palace." At this moment, the entire field suddenly fell into silence.

Ye Feng and Uncle Scar were looking at each other with big eyes and small eyes at this time.

Chapter 3917 Still alive

Uncle Scar nodded and led Ye Feng into the dark passage leading to the ground in front of him.

Walking on the road, the surroundings were dark and very narrow, and I couldn't see anything clearly.

"correct."

At this time, Uncle Scar suddenly thought of something and couldn't help but said: "Feng Boy, a few months ago, I saw a very familiar figure in an ancient ruins. It seemed that he had been following you all those years ago. The girl next to me, Ye Ziling."

"What?"

Hearing what Uncle Scar said, Ye Feng was suddenly startled and couldn't help but said: "Second Miss died in the ancient ruins of the sect's trial in order to find me. How could Uncle Scar appear again?" , have you misjudged the person? "

"Won't."

Uncle Scar shook his head and said aloud: "I don't know many people around you. I remember Ye Ziling very clearly because you and this girl practiced in the same sect back then, so I know her." ”

"this....."

When Ye Feng heard Uncle Scar say this, his eyes immediately showed reminiscence and complexity.

The second young lady, Ye Ziling, can be said to be very important in Ye Feng's heart. The two of them have been entangled a lot.

From the hostility at the beginning, to the second lady's repentance, to Ye Ziling's attachment to Ye Feng, a clan member during the sect's training, and finally died trying to find the disappeared Ye Feng...

Ye Feng never thought that the second lady was still alive in this world.

When Ye Feng was training somewhere before, he met a girl who looked very similar to Ye Ziling, which made Ye Feng sigh.

Unexpectedly, Uncle Scar actually said that a few months ago, he accidentally saw the second young lady Ye Ziling.

Is it true that the second lady is not dead?

leaf

Feng Li couldn't help but asked: "Have you gone to talk to her?"

"No."

Uncle Scar shook his head and said aloud: "At that time, she was with a group of strong men with very powerful auras. I didn't take the initiative to find her. I thought you two were still in contact."

Ye Feng couldn't help but shook his head and said aloud: "I always thought that the second lady had died in the sect's trial space back then, but I never thought that she might still be alive."

When he said this, Ye Feng couldn't help but asked: "Uncle Scar, where did you meet the second lady Ye Ziling?"

Uncle Scar thought about it at this time, and then said aloud: "It seems that I saw her before in a very remote world ruins in the Origin World, but the clothes worn by the strong men who traveled with her, I It looks very ancient and does not look like the characters from our big world. It is very likely that he is a local strong man in the ruins of that world, or a strong man from the greater heaven. Anyway, he is very powerful and terrifying. "

When Ye Feng heard what Uncle Scar said, he immediately nodded slightly and couldn't help but said: "Perhaps in that sect's ancient ruins back then, the second lady entered some ancient ruins in order to find me. , did not die, but encountered some other chance in the ancient ruins, so it disappeared for so many years. "

Uncle Scar immediately nodded, and then suddenly said: "We are already here."

At this moment, the two of them had walked out of the dark passage, and their entire field of vision suddenly became clear.

They immediately saw a huge palace made of green

Made of copper and suspended beneath the ground.

There is molten lava rolling underneath the ground, and it looks very dangerous.

At this moment, Ye Feng couldn't help but said aloud: "This Bronze Immortal Palace is here alone. It seems that some super big shot put this Bronze Immortal Palace here."

Uncle Scar nodded at this time and said aloud: "It is rumored that this Bronze Immortal Palace comes from a more grand and advanced heaven, and I have been looking for a way to enter the heaven. Perhaps, there is a way to enter the Bronze Immortal Palace. The passage to heaven."

Hearing what Uncle Scar said, Ye Feng suddenly showed a hint of surprise in his eyes.

Uncle Scar continued to speak: "This kind of bronze immortal palace was cast by the ancient cultivation civilization in the ancient heaven. It is a palace built by a real immortal immortal. It contains immortal inheritance and eternal life. The secret is very ancient and precious, but it is difficult to open it. I have studied for a long time, but I have not found a way to open this Bronze Immortal Palace. Moreover, I have exhausted all means and cannot destroy this Bronze Immortal Palace. This Every piece of material in the Bronze Immortal Palace is as indestructible as the divine copper that has been tempered for thousands of times. I guess even the master-level existence in our origin world will not be able to break through this Bronze Immortal Palace. "

Hearing what Uncle Scar said, Ye Feng nodded slightly, then walked to the front of the Bronze Immortal Palace, stretched out his hand and touched the surface of the Bronze Immortal Palace.

Buzz!

At this moment, Ye Feng immediately sensed that the entire Bronze Immortal Palace was indeed very solid, and every inch of material was filled with ancient charm, giving people a very vast and vast feeling, as if they had encountered the legendary Like a fairy.

at this time

, Ye Feng walked towards the door of the Bronze Immortal Palace.

The entrance to the Bronze Immortal Palace was blocked by a bronze door.

At this time, Uncle Scar looked at the mark on the door and said aloud: "I can't destroy this door with any weapon. I'm afraid it has to be opened based on the information recorded on this bronze door. However, these are the things imprinted on this bronze door. The traces seem to be written in the legendary heaven, but I can't understand them."

When Ye Feng heard what Uncle Scar said, he suddenly released the puppet ancestor from the storage ring, and then said slowly: "Puppet ancestor, you come from the fairy world, and you are also a big shot in the fairy world. Do you agree?" Don't you recognize the words on this bronze door?"

At this time, the puppet ancestor looked at the marks and words on the bronze door with a look of surprise in his eyes. He couldn't help but said: "This kind of thing is probably regarded as a unique rare thing in our heaven. I still I have never encountered such an ancient and vicissitudes of Bronze Immortal Palace. These characters are not universal characters in our heaven. They seem to be the characters of some very ancient race. I will take a closer look..."

At this moment, looking at the puppet ancestor who was observing the words on the bronze door, Uncle Scar couldn't help but show a look of astonishment in his eyes, and said aloud: "Little Feng, where did you get this puppet? How can you practice it?" He's become a spirit and has his own thoughts. Let me play with you for a couple of days."

Ye Feng smiled slightly at this time and said aloud: "It's not a puppet that became a spirit, but a big man with crazy thoughts. He felt that flesh and blood were weak and wanted to ascend, so he gave up his flesh and blood and refined himself into In the body of an indestructible puppet."

When Uncle Scar heard this, he couldn't help but look at the puppet ancestor in astonishment, couldn't help but give a thumbs up, and said loudly: "Brother, you are so fierce."

Chapter 3918 Weak Area

Hearing what Uncle Scar said, the puppet ancestor just glanced at him, and then said slowly: "Thank you, you are quite fierce. You have grafted the bodies of so many powerful mythical beasts and integrated them into your own body. , In a sense, you are stronger than me."

After the puppet ancestor finished speaking, Ye Feng's eyes suddenly showed a look of astonishment, and he stared at Uncle Scar next to him.

At this time, he finally understood why Uncle Scar suddenly became so powerful.

It turns out that Uncle Scar actually used this special grafting technique to graft parts of the bodies of various powerful mythical beasts onto his own body, replacing his original body. It can be said to be extremely ferocious and wild to the extreme. .

Uncle Scar immediately couldn't help scratching his head, chuckled, and said aloud: "This is a rather special and powerful secret method that I accidentally obtained in my early years. It can graft parts of other powerful races into my own. body to enhance its own strength."

Ye Feng nodded slightly at this moment and said: "Okay, anyway, Uncle Scar, you look very wild, which is very suitable for this inherited secret technique."

When Uncle Scar heard what Ye Feng said, he couldn't help but muttered: "Boy Feng, I already said it when we first met, I'm only ten years older than you. I'm not wild, I'm young and handsome."

At this moment, the puppet ancestor who had been observing the bronze door immediately couldn't help but said: "The traces engraved on this bronze door are indeed the words of some ancient races in our heaven, but I can't analyze them. A lot has come out, but I can only analyze a little bit. Among the little bits of information I have analyzed, it is recorded that this bronze gate has a very weak point. If you can find that weak point, use very powerful force to destroy it. Part of it, the entire bronze gate can be destroyed."

Hearing what the puppet ancestor said, Ye Feng couldn't help but stare blankly, and couldn't help saying: "I didn't expect that the gate of this Bronze Immortal Palace also records information about destroying the gate itself. It's really strange. "

The puppet ancestor shook his head and said loudly: "This message should be left by others, not the message left by the Bronze Immortal Palace itself."

When Ye Feng heard what the puppet ancestor said, his eyes suddenly revealed a look of surprise, and he couldn't help but say: "If you put it this way, there were even more powerful beings who entered the Bronze Immortal Palace back then."

The puppet ancestor nodded and said loudly: "It is possible."

At this moment, Uncle Scar just said hurriedly: "It's impossible. I have been in the black market for nearly a month. I used many powerful weapons to attack every part of this bronze gate, but nothing happened. There is no weak point in breaking through this bronze door. Brother Puppet, did you interpret the information on the door incorrectly?"

At this time, the puppet ancestor just smiled faintly and said: "Maybe your weapons are too low-level, so even the weak points of this bronze door cannot be destroyed."

"you....."

Hearing what the puppet ancestor said, Uncle Scar suddenly lost his face and couldn't help but said: "I

The weapons on it are all very high-end weapons, and many of them are magic weapons of ancient powerful men that I stole from some ancient tombs. "

At this time, Uncle Scar said, and directly took out a dazzling array of magic weapons and weapons from his storage ring.

Among them are holy swords that exude bright divine light, war spears that exude terrifying sharpness, and various weapons of different shapes, such as hammers, pagodas, small cauldrons, steel forks, and so on.

When the puppet ancestor saw these dazzling array of magic weapons, he immediately shook his head and said loudly: "They are all ordinary things and cannot be put on the stage."

Hearing the merciless evaluation of the puppet ancestor, Uncle Scar immediately showed a look of astonishment on his face and said, "What should we do?"

Ye Feng seemed to have thought of something at this time, and said aloud: "I have something with a very terrifying penetrating power, which may be able to break the weak points of this bronze door."

At this moment, Ye Feng said and took out a feather that exuded nine colors of light directly from the storage ring.

Seeing this nine-color feather, the puppet ancestor standing aside immediately couldn't help but show deep astonishment in his eyes, and then said aloud: "The legendary sacred feather of the nine-color peacock clan? How could it be possible? Appear in your hands?"

Ye Feng spoke up at this time: "You were in my storage ring before, so you didn't know that I accidentally rescued a nine-color peacock from heaven that had been sleeping for many years. This nine-color feather, It was the nine-colored peacock that gave it to me in order to repay my kindness. She said it was a very powerful treasure that could penetrate any solid thing in the world, and it was also a special token. After I arrived in the heaven, I could Find her through this nine-colored feather."

Hearing what Ye Feng said, the puppet ancestor immediately couldn't help but look surprised in his eyes, and then showed an inexplicable weird look on his face, and said loudly: "This feather is very special. It's a statue." The most precious feather on the Nine-Colored Peacock cannot be given to anyone else except her designated future practice partner."

"What??"

Hearing what the puppet ancestor said, Ye Feng suddenly had a look of astonishment in his eyes.

Uncle Scar's eyes widened for a moment, and he couldn't help but came to Ye Feng. His rough face showed deep excitement, and he couldn't help saying: "Little Feng, you can do it. You can actually abduct a peerless woman who comes from the world of mythical beasts? I didn't expect that after so many years, you are still so popular with women. Why can't I? This world is terrible. It's really unfair. Why do all kinds of peerless beauties and peerless female prodigies like handsome young men like you, Feng Boy, while wild types like me are not lovable? It's so unfair. I think it's so unfair. My type is also very charming and masculine."

Just when Uncle Scar was doubting his life, Ye Feng threw away some unrealistic thoughts in his mind and began to control the nine-color feathers in front of him, constantly attacking every area of the bronze gate in front of him, trying to find out which Where exactly are the weak areas?

The puppet ancestor and Uncle Scar looked at everything in front of them expectantly, hoping that Ye Feng could successfully break through this bronze door. Hearing what Uncle Scar said, the puppet ancestor just glanced at him, and then said slowly: "Thank you, you are quite fierce. You have grafted the bodies of so many powerful mythical beasts and integrated them into your own body. , In a sense, you are stronger than me."

The puppet ancestor and Uncle Scar looked at everything in front of them expectantly, hoping that Ye Feng could successfully break through this bronze door.

Chapter 3919 Some kind of treasure

At this time, Ye Feng kept trying.

Finally at some point.

"boom!"

The nine-color feather suddenly penetrated the weak point of the bronze door in front of him.

That location is in the lower left corner of the bronze door. .??.??

"Click, click..."

As the nine-colored feathers penetrated the bronze door, the entire bronze door immediately began to shatter piece by piece, all turning into metal fragments and falling to the ground.

Seeing this scene, Uncle Scar couldn't help but stare blankly, and said aloud: "It seems that my magic weapon is really too low-level."

Ye Feng nodded at this time and said: "Let's go in directly."

At this moment, Ye Feng and Uncle Scar walked directly into the Bronze Immortal Palace, with the puppet ancestor following behind Ye Feng.

Ye Feng did not put the puppet ancestor into his storage ring. After all, the puppet ancestor came from heaven and might be of great help to him in the future.

At this time, a group of people walked into the Bronze Immortal Palace and immediately saw a quite shocking scene.

Inside the gate of the Bronze Immortal Palace, a road stained red with mottled blood appeared, giving people a very sinister feeling.

At this time, looking at the scene in front of them, both Ye Feng and Uncle Scar had a trace of horror in their eyes.

I didn't expect that I would encounter such a dangerous road just as I walked into the Bronze Immortal Palace.

It seems that this Bronze Immortal Palace is much scarier than they imagined.

At this moment, Uncle Scar couldn't help but said: "It is estimated that many strong men have walked on this road, leaving marks of injury here."

Ye Feng nodded slightly and said, "Let's be careful."

At this time, Ye Feng and Uncle Scar took their puppet ancestors and walked directly on this road stained with blood.

Buzz!

Almost at the next moment, they suddenly felt a terrifying aura appearing in the surrounding air, approaching them.

this

It's an invisible attack.

"boom!"

At this moment, Uncle Scar immediately burst out with divine light of different colors, blocking the invisible attacking energy.

The aura on Uncle Scar's body is very magical, possessing the auras of various mythical beasts.

It seems that Uncle Scar has grafted many bodies of mythical beasts onto his own along the way.

At this time, Ye Feng immediately spoke up and said: "Let's hurry up and cross this dangerous road. Don't waste time. I feel that the longer we delay, the greater the danger will be."

Uncle Scar nodded immediately, and the two of them burst out with powerful strength and quickly passed through this dangerous road stained with mottled blood.

However, when they were just halfway through, under the abyss of this dangerous road, dead bodies covered with scars suddenly climbed up.

These corpses held broken weapons in their hands, exuding a terrifying aura of death, and immediately attacked Ye Feng and Uncle Scar.

Seeing this scene, Uncle Scar immediately showed a look of deep astonishment on his face, and couldn't help but said: "Is this really the Bronze Immortal Palace? I'm a little doubtful now. The Immortal left behind Isn't the palace full of fairy spirit and peaceful everywhere? Why does it feel like this bronze fairy palace is like a terrifying magic weapon left by a super devil? There are all kinds of weirdness and dangers everywhere, even dead warriors appear. "

boom!

At this time, Uncle Scar said, stretched out a hand and attacked the group of corpse warriors rushing around.

Although these corpse warriors are very powerful, Uncle Scar is even more powerful.

At this moment, Uncle Scar's outstretched palm suddenly squirmed and turned into a flaming unicorn claw. It had terrifying attack power and burning power, and instantly destroyed the surrounding area. Several dead warriors who rushed over were instantly blown to pieces, and in their claws, they were released.

The flames released started to burn all the surrounding corpse warriors.

"Amazing."

When Ye Feng saw this scene, he couldn't help laughing and said, "Uncle Scar, you have fused the claws of a flame unicorn."

Uncle Scar laughed loudly and said, "There are even worse ones!"

boom!

At this moment, Uncle Scar seemed to stretch out another foot in order to show off in front of Ye Feng, an old guy.

The next moment, his foot immediately became extremely towering and huge, like a sky pillar, crushing a large area of dead warriors.

Uncle Scar looked at Ye Feng who was not far away, smiled and said: "My foot is the sole of the legendary beast 'Prison Suppressing Elephant'. It was the god who could suppress hell under the command of the Lord of Heaven. The Elephant Clan is very terrifying and incredibly powerful."

Hearing what Uncle Scar said, Ye Feng laughed and said, "It's awesome."

boom!

At this moment, Ye Feng did not hold back and directly released endless space cutting.

"Crack!"

"Crack!"

"Crack!"

At this moment, the space around Ye Feng suddenly felt as if glass was broken. All of the dozens of dead warriors who rushed over were cut into countless pieces in an instant, and fell away with "snap" and "snap". fell to the ground on the road.

"Amazing!"

When Uncle Scar saw this scene, his eyes lit up and he couldn't help but ask: "Feng Boy, is this the large space technique among the legendary three thousand avenues?"

Ye Feng shook his head and said aloud: "Not really, this is just a kind of inheritance of space attributes. It is still early to be far from the big space technique that ranks third among the three thousand avenues of the heavens. It still needs to be understood continuously. "

Next, the two of them worked together to kill the continuous attacks of the corpse warriors around them, and finally passed this path completely.

The puppet ancestor suddenly caught him at this time

He picked up the body of a dead warrior and dug out a round bead emitting a faint black light. He couldn't help but said in surprise: "This is... the Necromancer bead? Only the Necromancer clan can cast this kind of bead." The necromancy beads can then be penetrated into the corpse to resurrect the dead and turn them into corpse warriors, regaining their offensive power. The necromancers are a super race in our heaven. In our heaven, thousands of races compete for hegemony, and death The Spirit Clan is one of the top super races, much more powerful than our Puppet Clan."

Uncle Scar touched his bearded chin at this time, with a thoughtful look in his eyes, and said aloud: "The Bronze Immortal Palace is a place that is supposed to be where immortals live. It is extremely sacred. I didn't expect the undead to appear. A clan of corpse warriors, could it be that... a super strong man from the clan of dead souls once entered this Bronze Immortal Palace and had a fierce battle with the owner of the Immortal Palace? "

The puppet ancestor said slowly: "I am afraid that only the Lord of the Undead in the Undead clan has the qualification to fight such a mysterious and transcendent Lord of the Immortal Palace. However, such transcendent big shots are what happened here. What is the fight for?"

"Maybe it's to compete for some kind of treasure. It's a treasure that both the master of the Immortal Palace and the Lord of the Dead covet very much."

Ye Feng suddenly spoke up at this time, with a deep excitement in his eyes.

When Uncle Scar heard what Ye Feng said, his eyes suddenly lit up and he said loudly: "What a treasure that can be coveted by such terrifying and transcendent figures as the Master of the Immortal Palace and the Lord of the Dead. What kind of existence would that be?" ? I'm afraid it's priceless!"

Ye Feng nodded slightly, then looked at the many corpse warriors lying on the road, and said loudly: "The death beads contained in the bodies of these corpse warriors seem to have a lot of energy, wait for me to swallow them."

Uncle Scar's eyes showed a look of astonishment, and he couldn't help but remind him: "Boy Feng, these necromancy beads contain terrifying necromancy power. Are you sure you can swallow them?"

Ye Feng grinned and said, "I can swallow everything."

boom!

At this moment, Ye Feng immediately burst out the Devouring Domain and began to devour and absorb the power of the dead contained in the dead soul beads!

Chapter 3920 Lord Bones

"Buzz buzz..."

At this time, as Ye Feng devoured it, the energy in each Necromantic Pearl was absorbed and injected into Ye Feng's body.

You know, the necromantic energy in this kind of necromantic bead is very terrifying. The energy is enough to turn a living creature into a corpse in an instant.

Therefore, the puppet ancestor said that the undead clan is one of the top super races in the heaven.

In addition to the fact that the strength of the undead clan is indeed very huge, in addition, I am afraid that the undead clan also relies on this special and incomparable undead energy.

Because other major races simply don't dare to touch that special and incomparable power of the undead, that's why the undead clan is so powerful.

But these terrifying dangers simply do not exist for Ye Feng.

Because Ye Feng's body was like a melting pot.

Ye Feng can absorb and contain energy from thousands of attributes in the world, and then convert it into his own energy.

At this moment, Ye Feng immediately felt the power in his entire Dantian. After receiving the injection of necromancy energy from the necromancy beads, he immediately began to grow very large quickly. ??

Then Ye Feng's cultivation aura suddenly began to break through.

"boom!"

Great Perfection in the Tenth Level of the Holy Realm!

"boom!"

Half step to the Saint King Realm!

At this time, Ye Feng's cultivation level directly broke through two levels of heaven, breaking through to the half-step Saint King realm, making Ye Feng's eyes suddenly reveal a look of deep surprise.

Unexpectedly, these Death Spirit Beads actually provided me with such majestic energy, allowing me to step into the Holy King Realm above the Holy Dao Realm.

You must know that the cultivation level of the Saint King is already considered a very high level in the black market, and it can also be compared with some powerful elders in the entire world of origin.

In other words, Ye Feng's current cultivation base has finally been completely improved.

At this time, stand

The puppet ancestors on the side saw this scene and couldn't help but sigh and said: "If the Necromancer clan knew about it, there would be people in the world who could fuse the Necromancer energy of their Necromancer clan, and even absorb the Necromancers." If you use

spiritual energy to strengthen yourself, you will probably be scared to death, and then there will be an extremely terrifying pursuit, trying to get rid of this scourge. After all, the reason why the undead clan can develop so hugely in the heaven is because of death. Other races do not dare to touch the necromancy energy of the Ling clan. This is a very special energy, and it is also a very terrifying energy. It can turn a living creature directly into a corpse. The necromancy energy is very important to thousands of races. It is said that it is like poison, but when it comes to Ye Feng, it becomes the nourishment for Qiangli's skills. It is incredible, and it is simply the natural nemesis of the undead clan. "

Hearing what the puppet ancestor said, Ye Feng smiled slightly and said: "I don't know when I will go to heaven. It's too early to worry about this now."

At this time, Ye Feng looked at Uncle Scar next to him and said loudly: "Let's move on, but there may be terrible dangers next. After all, this is not just a simple Bronze Immortal Palace, there are also We must be careful about the terrifying things left behind by the undead clan."

Uncle Scar also nodded slightly at this time, and couldn't help but said: "The entire Bronze Immortal Palace fell deep underground, probably because of the tragic battle that year, and I don't know that this Bronze Immortal Palace fell into the deep underground. The master suffered the conquest of the undead clan and died. "

At this moment, the two people were talking and continued walking towards the deep area of the Bronze Immortal Palace.

When they came to the deeper part of the Bronze Immortal Palace, they immediately saw a lobby.

This lobby is very vast, but all the buildings inside have been smashed.

However, the walls of the Bronze Immortal Palace are still very complete. Obviously, the Bronze Immortal Palace itself is

It is a very powerful building. Even after that brutal battle, it was still not broken.

At this time, Ye Feng and Uncle Scar immediately saw a wall in the central lobby of the Bronze Immortal Palace.

There is a big bloody character on the wall.

It is the word "death".

Looking at the big bloody characters, Uncle Scar couldn't help but said in surprise: "It feels like if we continue to move forward, we will die."

Ye Feng said slowly at this time: "We are already here, so it is impossible to retreat."

Hearing what Ye Feng said, Uncle Scar couldn't help but show a hint of madness in his eyes, and said loudly: "Then let's move on."

At this time, Ye Feng and Uncle Scar both exploded with their own power and directly hit the wall with a bloody word "death" written on it.

Because there is no road here anymore, only by breaking through the wall of this central hall can we continue to move forward. ??

But just at the moment when their attack landed on the wall in front of them.

Wow!

Suddenly the entire wall turned on of its own accord.

There is actually a door hidden on this wall.

The word "death" is written on this door.

When the door opened, Ye Feng and Uncle Scar immediately saw it.

Behind this door, there is a vast ocean.

In this vast sea, there are countless corpses of fallen strong men floating, but they are all dried up, without any life essence left.

At this moment, Uncle Scar seemed to see something, and he couldn't help but exclaimed: "Feng Boy, look at the middle of this sea, there is a small island."

Ye Feng immediately headed towards the center of this vast sea.

Yu looked over and found a small island floating on the ocean.

Ye Feng's eyes showed a guessing look, he nodded, and said aloud: "Go to that small island and have a look. Maybe the treasure that was coveted by both the owner of the Bronze Immortal Palace and the Lord of the Dead is on that small island. superior."

At this time, both of them flew into the vast ocean behind this door.

There were countless dried corpses of strong men floating on the entire sea surface. The scene looked very strange, but it was also full of a sense of shock.

At this time, the puppet ancestor who was following him couldn't help but said: "The reason why these strong men look like they have lost their life essence is probably because the Lord of the Undead of the Undead clan used the Death The very terrifying secret technique of death among the Ling clan caused countless strong men to turn into corpses in an instant. It seems that a very tragic battle broke out in this Bronze Immortal Palace back then, and so many strong men died. , It is estimated that these dead strong men were the strong men under the command of the master of the Bronze Immortal Palace. "

Hearing what the puppet ancestor said, Uncle Scar couldn't help but twitch the corner of his mouth and said: "I hope that the Lord of the Undead has completely died after fighting the owner of the Bronze Immortal Palace. Otherwise, Our trip is simply going to die."

Ye Feng looked at the entire ocean at this time and seemed to sense something. He couldn't help but said: "There seems to be something alive in this vast ocean."

Boom!

Almost as soon as Ye Feng finished speaking, suddenly from the depths of the endless ocean, a big bone-covering hand was grabbed out and attacked in the direction of Ye Feng and Uncle Scar, seemingly wanting to kill them. They were all crushed.

At this time, the puppet ancestor saw the big white bone hand grabbed from the depths of the ocean, and he couldn't help but exclaimed: "This seems to be a very terrifying existence under the command of the Lord of the Dead, called 'White Bones'" "Your Majesty, how is this possible? Such a terrifying existence didn't die in that tragic battle. What a disaster!"
