

Ancient 3921

Chapter 3921 What's going on?

Buzz!

It has to be said that this big bone hand was so majestic and vast that it simply covered the sky and the sun. It was snatched out from the depths of the ocean and shocked everyone.

At this time, Uncle Scar directly stretched out a hand and released the fire unicorn claws, wanting to fight against the big bone hand.

Boom!

But at the next moment, Uncle Scar's Qilin Claw was blown away, and he couldn't help but fly backwards.

Uh-huh!

When Ye Feng saw this scene, he immediately flew over and caught Uncle Scar, preventing him from falling into the ocean.

Because Ye Feng felt that this ocean filled with the shriveled corpses of countless strong men was very dangerous.

Once it falls into the ocean, it is likely to be in great danger to life.

So at this time, Ye Feng immediately said: "The two of us will fight against this Bone Master together."

The puppet ancestor said aloud: "Uncle Scar was not instantly wiped out by a big bone hand of the Bone Master, which shows that this Bone Master is no longer as powerful as before. This Bone Master was probably in that battle that year We suffered heavy losses and were recuperating in the depths of the ocean. We are not as powerful as before. Otherwise, together we would not be able to be the opponent of this Bone Master. After all, this Bone Master is the legendary Lord of the Dead's most capable person. One of the assistants is extremely powerful."

Hearing what the puppet ancestor said, Ye Feng immediately nodded and released the nine-color feathers.

Buzz!

At this moment, the nine-color feathers bloomed with brilliant nine-color divine light, and suddenly they bombarded the big bones that continued to grab from high in the sky.

Boom! !

The nine-colored feathers and the big bone hands collided together, and a terrifying roar suddenly erupted.

Then the big hand of bones was actually blocked by the nine-colored feathers and stopped high in the sky, unable to continue to suppress it.

Seeing this scene, Ye Feng suddenly

I just couldn't help but my eyes lit up,

It is indeed the feathers that the Nine-Colored Peacock, an ancient divine beast, gave him. It contains the power of the ancient divine beast from the heaven, and it is indeed terrifying.

After this moment, Uncle Scar also yelled instantly: "Cut the world with one sword!"

boom!

In Uncle Scar's hand, an ancient black gold knife that seemed to have a strong historical charm appeared.

The moment he slashed out the ancient black golden sword, an ancient sword god's phantom appeared in the void behind Uncle Scar at the same time. It merged with his sword, and it was a direct force. It hit the big bone hand.

Click!

A finger on the bone-white hand was instantly cut off by Uncle Scar's knife.

Seeing this scene, Ye Feng's eyes suddenly lit up and he couldn't help but say: "Uncle Scar, this knife of yours is just like the butcher's knife when we first met."

Uncle Scar grinned and said loudly: "It's your turn."

Ye Feng nodded immediately at this moment, and then directly burst out his terrifying magic power, which was instantly input into the extremely powerful magic weapon Ye Feng had obtained before, the Eighteen Arhats.

Boom!

At this moment, a huge picture scroll rushed out of Ye Feng's body.

Then Ye Feng directly input his vast magic power into this picture of Eighteen Arhats.

Immediately, a brilliant golden light burst out from the picture scroll, and then a total of eighteen earth-shaking Arhats condensed, emitting unparalleled golden Buddha light, and directly bombarded that big bone hand. , all the remaining four fingers of the white-bone hand were blown off.

see this

At the scene, Uncle Scar couldn't help but give a thumbs up and said loudly: "Awesome!"

The puppet ancestor spoke out at this time: "This kind of treasure inherited from Buddhism and Taoism is naturally suppressive and destructive to the creatures of the undead clan."

Boom!

And at this moment, the moment the big bone hand was completely shattered, the entire ocean suddenly began to roll up.

Then a towering white skeleton with a height of more than 100,000 meters stood up directly from the depths of the ocean, towering over the sky and the earth, as if it could stand on top of the sky, and it looked full of violent visual impact.

At this moment, a terrifying undead aura suddenly emanated from this majestic white-bone skeleton of more than 100,000 meters, spreading throughout the entire place.

This huge skeleton giant suddenly made an ancient voice: "This is not a place where you ants can come. Leave quickly, otherwise, you will all die."

Uh-huh!

At this time, the puppet ancestor immediately flew high into the sky, and couldn't help but smile and said: "Venerable White Bones, this should be where the Lord of the Undead of your Undead clan and the owner of the Bronze Immortal Palace competed for some kind of treasure. As long as you tell us what the treasure is and where it is, the three of us can spare your life."

I have to say that the puppet ancestor seems to be very confident now.

At this moment, the Lord White Bones on the opposite side stared at the puppet ancestor below, and immediately said: "Huh? You actually know me? It seems that you are also a figure in the heaven, and you should be a member of the puppet clan. You are a master, but if you want to defeat me alone, as for the two ants beside you, they are nothing at all."

Uncle Scar immediately shouted: "Don't pretend to be there, thinking that you are very powerful. The big bone hand you stretched out just now was shattered by me and Boy Feng."

Lord White Bones immediately laughed out loud

He said: "It's just one of my palms. I can recover at any time."

At this moment, Lord White Bones stretched out the broken bone hand from before, and actually aroused the necromantic energy in the surrounding ocean, directly reuniting his broken bone hand and becoming it again. Complete.

"this??"

Seeing this scene, Uncle Scar suddenly showed a look of astonishment in his eyes, and couldn't help but said: "Is this a guy who can't be killed?"

"Hahaha!"

Lord White Bones immediately laughed out loud: "Super masters like us from the heaven, the magic of our methods is beyond the imagination of you ants with low-level interfaces."

Ye Feng suddenly spoke up at this time: "The undead clan should be very afraid of the power of light. I wonder if this treasure of mine can suppress you."

Buzz!

Almost at the moment Ye Feng finished speaking, he did not hesitate and directly released his strongest trump card, the Gate of Heaven.

This is the treasure of the Lord of Heaven. It possesses endless and supreme light power. It can be said to be the most advanced thing in Heaven.

So at this time, a door to heaven slowly appeared above Ye Feng's head, emitting a bright white divine light.

Not far away, the White Bone Venerable who was very confident just now, immediately showed a look of deep astonishment in his eyes, and then a look of deep horror. In the end, he knelt down on one knee tremblingly. , couldn't help but said respectfully: "I, Venerable White Bones, pay my respects to the heir of the noble Lord of Heaven!"

"what's the situation?"

Seeing this scene, Uncle Scar, who was preparing to attack, immediately had a look of deep astonishment on his face.

Then he couldn't help but look at Ye Feng beside him, a little dumbfounded: "Brother Feng, when did you become the heir of the Lord of Heaven?"

Chapter 3922 The Great Reincarnation Technique

Looking at the confused Uncle Scar, Ye Feng just smiled slightly, and then secretly whispered in Uncle Scar's ear: "This Gate of Heaven is a treasure that I accidentally obtained back then. It is the Lord of Heaven." The Supreme Treasure, so this Lord White Bones thought that I was the descendant of the Lord of Heaven, because ordinary people cannot obtain the Supreme Treasure of the Lord of Heaven, nor can they withstand the supreme power of the Lord of Heaven, but my body is like a big oven, can accommodate thousands of attributes under the sun."

Hearing what Ye Feng said, Uncle Scar's eyes widened immediately, and he couldn't help but said in admiration: "Boy Feng, I didn't expect that you would get such a good fortune. I have been digging graves for so many years. I haven't found such a good thing, you are simply lucky."

Ye Feng shrugged at this time and said aloud: "Actually, at first, I didn't really believe that this Gate of Heaven was really the treasure of the Lord of Heaven, but in the end I found out that it seemed to be true."

While Ye Feng was talking, the puppet ancestor came to Ye Feng's side, looked at Ye Feng, and said loudly: "This Bone Lord saw the Gate of Heaven on your body and thought you were from the heaven. The heir of the Lord, kneeling down to you now, is a good opportunity to control him. "

Hearing what the puppet ancestor said, Ye Feng immediately nodded, and then flew into the sky. The Gate of Heaven floated above his head, and his whole body was bathed in white divine light, as if a god of light had descended.

Ye Feng's whole body was filled with white light, and he was extremely holy. Facing the Lord Bones who was kneeling on one knee not far away, he slowly said in a deceptive voice: "To tell you the truth, I am not the heir of the Lord of Heaven, but the Lord of Heaven." Lord's reincarnation body, as long as I become stronger, I can restore my peak cultivation level, re-enter the heaven, and rule the world."

"What? The body of reincarnation? Are you the deity of the Lord of Heaven?"

Hearing what Ye Feng said, Lord White Bones immediately became excited and kowtowed quickly and said: "I, Lord White Bones, am willing to serve the Lord of Heaven!"

At this time, Lord White Bones was extremely excited and excited.

He never expected that he would encounter the reincarnation of the legendary Lord of Heaven.

Moreover, Venerable White Bones did not have the slightest doubt about Ye Feng's identity.

Because Lord White Bones originally came from heaven

, is the subordinate of the Lord of the Dead in the heaven, and was also a well-known figure in the heaven.

So he knew very well how terrifying the Lord of Heaven was.

Moreover, the Gate of Heaven, the most powerful treasure in the heaven, cannot be controlled by others.

Only the descendants of the Lord of Heaven, or the reincarnated body of the Lord of Heaven, can withstand and control the Heaven's Gate, the first divine object in Heaven.

So at this time, Lord Baigu immediately expressed his loyalty in front of Ye Feng. He was extremely respectful.

Because Lord Bones feels that this is a huge opportunity for him, and he might be able to soar into the sky in the future.

Ye Feng laughed secretly in his heart at this time, but on the surface he looked indifferent and inscrutable. He nodded slowly and said aloud: "If you really want to serve under me, if you really want to I am very loyal, so come directly in front of me now and let me leave a spiritual imprint into your mind. Only in this way can I believe that you are truly loyal to me and will not betray me. "

Hearing what Ye Feng said, Uncle Scar, who was standing not far away, couldn't help but sweat for Ye Feng.

Because he knew that Ye Feng was not the descendant of some bullshit Lord of Heaven, nor was he the reincarnation of the Lord of Heaven. He had just been recognized by the Gate of Heaven unintentionally.

However, Lord Bones seems to have his admiration and respect for the Gate of Heaven engraved in his soul.

So at this time, Lord Bones agreed immediately and quickly opened his mind.

"Huh? So fast?"

When Ye Feng saw this scene, he immediately showed a look of joy in his eyes, and then without any hesitation, he directly imprinted his spiritual mark into the mind of Lord Bone.

In this case, Ye Feng can completely control Lord Bones.

Even if Lord White Bones has any thoughts or feelings of betrayal towards him next, Ye Feng can

If he senses it in an instant and then detonates his spiritual mark, the Bone Master will die instantly.

So when Ye Feng's spiritual imprint was imprinted on the mind of Lord White Bones, Ye Feng finally breathed a sigh of relief.

The crisis is over!

At this moment, Ye Feng looked at Lord White Bones in front of him, with a relaxed smile on his face, and said loudly: "I ask you, was there a war led by the Undead Clan and the Master of the Bronze Immortal Palace that broke out here? A fierce battle between the clans?"

Buzz!

At this time, a piece of necromantic light emanated from Lord White Bones, and then his huge skeleton body standing tall on the sky began to shrink in an instant, and then shrunk to the size of a person. He stood in front of Ye Feng, and then knelt down. He said aloud: "I would like to report to

the Lord of Heaven, a fierce battle did break out here back then. The Lord of the Undead of our Undead clan and the owner of the Bronze Immortal Palace were fighting for a legendary treasure here. That's why that tragic battle took place, with countless casualties."

Hearing what the White Bone Venerable in front of him said, Ye Feng's eyes suddenly revealed a look that was indeed true.

It seems that my guess is correct.

At this time, Uncle Scar hurriedly came to Ye Feng's side and couldn't help but asked: "Master White Bones, what was the treasure that the Lord of the Dead and the owner of the Bronze Immortal Palace fought for back then?"

Lord Bones glanced at Uncle Scar lightly, not bothering to speak at all, as if to say, who do you think you are? Are you qualified to ask me?

"How dare you despise me!"

When Uncle Scar saw the contemptuous look in Lord Bones' eyes, he immediately couldn't help but roll up his sleeves and was about to fight with Lord Bones.

However, Ye Feng quickly stopped him, and then asked personally: "What is the treasure that such big figures as the Lord of the Dead and the Master of the Bronze Immortal Palace are fighting for?"

When Lord Baigu heard Ye Feng's question, he immediately answered respectfully and said: "What they were fighting for back then was a treasure called the Ancient Scroll of Samsara. The Ancient Scroll of Samsara is a very powerful treasure.

It has a very terrifying power of reincarnation and an astonishing destructive power. In addition, the most precious thing about the Ancient Scroll of Reincarnation is that it contains the legendary Great Reincarnation Technique, which ranks among the top three thousand avenues in the heavens. It is very precious. "

"The Great Reincarnation Technique?"

Hearing what the Skeleton Master in front of him said, Emperor Chu in Ye Feng's mind actually spoke out: "The Great Reincarnation Technique ranks fourth among the three thousand avenues in the world, second only to the top three Great Destiny Techniques. The Great Time Technique and the Great Space Technique, so the Great Reincarnation Technique is very rare. Now that you encounter it, try your best to learn to master it and fill your three thousand avenues in the heavens."

Hearing what Emperor Chu said in his mind, Ye Feng immediately became interested. He couldn't help but look at the Bone Venerable in front of him and asked aloud: "Then where is the ancient scroll of reincarnation now?"

Lord Bones pointed at a place not far away and said aloud: "It's on that island in the middle of the ocean, but even I dare not approach that island because that island was the undead capital of our undead clan back then. The place where the Lord, and the owner of the Bronze Immortal Palace, these two ancient figures finally died in battle, is so terrifying that ordinary people cannot approach it. I have been recuperating here for so many years, and I also wanted to see if the Ancient Scroll of Samsara was. It is said to be so powerful, but every time it approaches the island within a few kilometers, it will be driven away by a great terror, making it impossible to approach the island."

Hearing what Lord White Bone said, Ye Feng's eyes suddenly flashed slightly.

At this time, Lord White Bones hurriedly said: "However, with the ability of the Lord of Heaven, you will definitely be able to enter that island. However, Lord of Heaven, you still have to think twice. After all, Lord of Heaven, you are just a reincarnation body now, you may not be as powerful as you were at your peak, and you may not have as many methods as you did at your peak."

Ye Feng just nodded lightly at this time, then looked at Uncle Scar and the puppet ancestor beside him, and said loudly: "No matter what, we are here, let's go over and take a look, there is really something irresistible. It's dangerous, so we'll have to adapt when the time comes."

Uncle Scar was very brave, and he immediately said: "We have come this far, what are we afraid of? If there is any danger, just do it."

Chapter 3923 Immortal Energy

At this time, Uncle Scar said, directly holding the ancient black golden knife in his hand, exuding a vigorous aura, and flew quickly towards the island on the ocean surface not far away.

When Ye Feng saw this scene, there was a look of surprise in his eyes. He didn't expect that Uncle Scar would become so brave now.

Then Ye Feng smiled slightly, and flew quickly in that direction with the puppet ancestor.

Lord White Bones quickly spoke out: "Lord of the Heaven Realm, I'm afraid I can't follow you there, because I tried to go there several times before and almost died."

Ye Feng nodded slightly and said, "Just stay here."

Lord White Bones immediately said with gratitude: "Thank you, Lord of Heaven, for your understanding."

Buzz!

At this moment, Ye Feng was holding the Gate of Heaven on his head, and his whole body was bathed in white holy light. He felt very sacred and sacred, like a young bright god, flying quickly towards the island.

When Ye Feng, Uncle Scar, and the puppet ancestors approached the island within a few kilometers, they sensed a very terrifying aura, surging throughout the void, preventing them from moving forward.

"Open it for me!"

At this time, Uncle Scar took a deep breath, held the black ancient golden knife in his hand, and slashed directly forward.

Boom!

At this moment, the black ancient golden knife in Uncle Scar's hand suddenly erupted with a terrifying sword light, which instantly opened a crack in the void with the terrifying energy.

Then everyone immediately followed this crack and rushed towards the island quickly.

But at this moment, the whole world suddenly became dark.

Swish, swish, swish!

Swish, swish, swish!

Countless terrifying ghosts immediately emerged from the void and quickly attacked in the direction of the three people.

Uncle Scar immediately couldn't help but exclaimed: "Oh my God! So many scary ghosts? This island area must have been the place where the most brutal battle was that year, so many scary ghosts were born."

At this time, Ye Feng immediately turned around the sky floating above his head.

The door of the hall.

Boom!

At this moment, a bright white divine light burst out from the Gate of Heaven, spreading towards the surroundings, melting all the ghosts.

Because the power of light in the Gate of Heaven is the power of the Lord of Heaven. It is very terrifying and is specially designed to restrain such ghosts.

So at this time, if these ghosts are enveloped by the power of light, they will melt like ice cubes in an instant.

At this moment, Ye Feng suddenly sensed that after the death of these ghosts, they suddenly turned into very pure soul power in the entire world.

Obviously, these ghosts are left behind by the strong men who suffered heavy casualties in that battle, so they contain the soul power of those strong men.

At this time, Ye Feng's eyes showed joy. Without any hesitation, he immediately released the Devouring Domain and began to devour the pure soul power generated after these ghosts were killed by the Gate of Heaven.

"Crash..."

At this moment, a stream of very majestic soul power was directly injected into Ye Feng's mind, causing Ye Feng's spirit and soul to immediately grow tremendously.

"Crash..."

Along with devouring the soul power of these powerful ghosts, Ye Feng's soul power intensity increased crazily from the previous 20 million level to 25 million level!

A total of five million levels of improvement!

This is a huge increase in the improvement of Ye Feng's soul power.

At this moment, Ye Feng's eyes suddenly revealed a look of deep surprise.

Unexpectedly, the ghosts transformed by these powerful men actually contain such huge soul power.

But when I think about it, it feels normal.

After all, the battle that year was a battle between two behemoths in the heaven.

The battle between the undead clan led by the Lord of the Undead and the strong men led by the owner of the Bronze Immortal Palace was very grand, and those who died naturally

, are all very terrifying strong men.

At this time, Uncle Scar next to Ye Feng couldn't help but said in surprise: "Boy Feng, I didn't expect that your door to heaven would be so powerful, and it would kill all these terrible ghosts." Melted instantly."

Ye Feng smiled slightly at this time and said aloud: "After all, it is the treasure of the Lord of Heaven. Sometimes it is indeed quite useful."

At this moment, Ye Feng also discovered that there must be more secrets and powerful powers hidden in the Gate of Heaven. However, his current cultivation level is too low and he cannot use it for the time being. He can only use the Gate of Heaven. The high-level energy contained in the power of light.

At this time, Ye Feng, Uncle Scar, and the puppet ancestors immediately passed through many obstacles and landed on the island not far away.

This island doesn't look big, but it gives people a very ancient and vast feeling, as if it had existed here eons ago.

At this time, Uncle Scar seemed to see something for a moment, and couldn't help but exclaimed: "Look! There are two huge skeletons not far away!"

At this time, Ye Feng also looked towards the central area of the island, and sure enough he saw two tall skeletons, completely dead. .??.

The group of people walked forward and immediately saw that one skeleton was holding a broken bronze sword, and another skeleton was holding a huge staff.

However, both the bronze giant sword and the staff were completely broken, losing their luster and energy.

This made Ye Feng's eyes look pityful.

It is estimated that these two skeletons were the owner of the Bronze Immortal Palace and the Lord of the Dead.

The weapons in their hands must be very precious.

Unexpectedly, everything was shattered in that battle, and all power was completely lost in endless years.

At this time, Uncle Scar put all the magic weapon fragments into his storage ring, smiled, and said loudly: "Even if they lose their power, these magic weapon fragments should be able to be sold at a good price in the outside world."

\u003c

Ye Feng is not interested in this, because for Ye Feng, these magic weapons have been completely broken, lost their original power, and are of no use at all. Even Hongmeng Purple Qi cannot repair these weapons. A completely shattered and powerless weapon fragment.

At this time, Ye Feng looked at the two skeletons and found that there was still some ancient energy remaining in their bodies.

This discovery made Ye Feng's eyes suddenly brighten, and he couldn't help but say: "As expected of such a transcendent figure as the master of the Bronze Immortal Palace and the Lord of the Undead. The battle was so fierce and he died for so many years. Thinking that there is still some residual energy hidden in the body."

At this time, the puppet ancestor couldn't help but said: "Even if the master of the Bronze Immortal Palace and the Lord of the Dead are such transcendent beings, they still have immortal origins remaining in their bodies. This immortal origin is like the eternal life." The brilliance of existence will never be lost."

"It's easier for me anyway."

Ye Feng nodded at this time. Without any hesitation, he directly released the Devouring Domain and began to devour the remaining immortal energy in the bodies of these two transcendent beings.

At this time, Uncle Scar standing aside could only look at Ye Feng helplessly, absorbing the immortal energy remaining in the bodies of these two super strong men, with very envious eyes.

Because for Uncle Scar, he cannot accommodate this kind of energy with different attributes.

At this time, Uncle Scar seemed to have discovered something else. He couldn't help but said with bright eyes: "This necromancer's palm does not seem to be completely decayed. This palm must be very extraordinary."

At this time, Uncle Scar directly tore off one of the necromancer's dark palms from the skeleton, and then muttered: "My secret technique can fuse and graft parts of the bodies of various mythical beasts into In my own body, the black palm of the Lord of the Dead should probably be grafted into my body. "

At this time, Uncle Scar made a shocking statement. He actually wanted to graft a palm of the Lord of the Undead into his body. This was really crazy, because this was not an ordinary creature, but an undead spirit from the ancient times. Lord.

Chapter 3924 Sixth Floor

Uncle Scar is also a master who is unwilling to suffer losses. He would rather take some risks to find some benefits for himself.

Just when Uncle Scar wanted to fuse the palm of this Lord of the Dead.

Ye Feng has already absorbed the immortal energy remaining in the bodies of the two super strong men.

"Buzz buzz!"

At this moment, a very huge source of energy suddenly produced a qualitative change in Ye Feng's body.

Ye Feng's skill immediately experienced an unparalleled increase.

Ye Feng's cultivation aura quickly and continuously broke through at this moment.

"boom!"

At this moment, the cultivation bottleneck of the half-step Saint King Realm was directly broken by that immortal energy, and he directly stepped into the first level of the Saint King Realm!

And it goes far beyond that.

Although there is not much immortal energy left in the bodies of these two super strong men, the source is too strong, so Ye Feng's skill continues to grow rapidly.

"boom!"

The first level of the Saint King Realm!

"boom!"

The second level of the Holy King Realm!

"boom!"

The third level of the Holy King Realm!

"boom!"

The fourth level of the Holy King Realm!

"boom!"

The fifth level of the Holy King Realm!

"boom!"

The sixth level of the Holy King Realm!

The cultivation aura on Ye Feng's body continued to make breakthroughs, making Ye Feng's eyes extremely surprised.

Next to him, Uncle Scar, who was fusing a palm of the Lord of the Dead, was dumbfounded. He couldn't help but said in shock: "Boy Feng, your breakthrough is too fast, isn't it? You almost fell out of shock. Off my chin!"

Obviously, Uncle Scar never thought that Ye Feng's current devouring power would be so terrifying.

Even the immortal energy left by ancient powerful men like the Master of the Bronze Immortal Palace and the Lord of the Dead can be swallowed up so quickly and then digested into his own power. This efficiency is really great.

It's too high.

At this time, Ye Feng had devoured all the immortal energy, and his cultivation level skyrocketed to the sixth level of the Saint King Realm.

Buzz!

At this moment, Ye Feng felt that his whole body's strength had increased countless times.

At this moment, what makes Ye Feng even more surprised is that the immortal energy remaining in the bodies of these two superpowers can not only improve his own skills, but this immortal energy can also temper his physical strength. .

Ye Feng was surprised to find that his Hongmeng Immortal Body had transformed directly from the fifth level of Great Perfection to the new early stage of the sixth level at this moment!

The large-scale improvement of the Hongmeng Immortal Body was even more surprising to Ye Feng than the improvement of Ye Feng's cultivation level.

Because the powerful trump card and means that Ye Feng is most proud of is his Hongmeng Immortal Body.

At this moment, with the help of the immortal energy in the bodies of these two transcendent experts, Ye Feng's Hongmeng Immortal Body completely broke through the bottleneck of the fifth level and directly transformed to the early stage of the sixth level.

Ye Feng felt that the power of his body was many times stronger than before at this moment, as if he could kill an ancient sacred cow with one fist!

And in addition, what Ye Feng is most looking forward to is that his Hongmeng Immortal Body has transformed into a new level, the sixth level, and will definitely awaken a very special and powerful blood talent.

Just don't know what it will be.

While Ye Feng was thinking, Ye Feng suddenly sensed a very mysterious energy that was beginning to generate deep in his blood.

Ye Feng's eyes immediately lit up with joy.

This is definitely the bloodline talent awakened when Hongmeng Immortal Body steps into the sixth level!

However, at this time, the sixth-level bloodline talent had not yet been completely condensed, which made Ye Feng look quite disappointed for once.

Originally, Ye Feng felt that he

After entering the early stage of the sixth level, the Hongmeng Immortal Body can awaken a new and powerful blood talent in an instant.

But now it is estimated that we still need to wait for a while.

But Ye Feng was not in a hurry.

Anyway, as his Hongmeng Immortal Body continues to improve, each level of bloodline talent will surely be slowly awakened.

At this time, Ye Feng woke up from his cultivation state and was ready to say something. .??.

But when Ye Feng looked at Uncle Scar in front of him, a look of astonishment suddenly appeared in his eyes.

Because Uncle Scar was lying on the ground at this time, his whole body was shrouded in a black air, his eyes were rolling, his limbs were twitching, as if he was going crazy.

At this time, Ye Feng couldn't help but look at the puppet ancestor beside him and asked: "What's wrong with him?"

The puppet ancestor said slowly: "He was too greedy and unwilling to get any benefits, so he forcibly fused and grafted an undead palm left by the Lord of the Dead into his body, but the result But he was attacked by the poisonous gas of the only undead spirit, and he is probably not far from death. "

"ah?"

Hearing what the puppet ancestor said, Ye Feng couldn't help but show a look of astonishment in his eyes.

Unexpectedly, Uncle Scar was so crazy that he dared to forcibly graft the palms of the Lord of the Undead from the ancient era onto his body.

This made Ye Feng couldn't help but shake his head helplessly, and then walked forward directly and began to inject some Hongmeng Purple Qi into Uncle Scar to see if he could revive Uncle Scar.

And just after Ye Feng injected the Hongmeng Purple Qi, Uncle Scar's poisonous gas finally dissipated.

Then Uncle Scar suddenly woke up, got up from the ground, and couldn't help but said in surprise: "I successfully fused!"

At this moment, Uncle Scar stretched out a hand. His hand had completely turned into a black palm, exuding a terrifying undead aura, dark and deep.

Seeing this scene, Ye Feng couldn't help but smile helplessly and said aloud: "That's because I input some Hongmeng purple energy to you, so I temporarily suppressed your poisonous energy. This kind of necromantic energy is very harmful to you." , like poison gas."

When Uncle Scar heard what Ye Feng said, his eyes suddenly froze, and then he couldn't help but said: "It's okay, now I have initially fused the palm of the Lord of the Dead and successfully grafted it into my body. I just need to adapt slowly."

Hearing what Uncle Scar said, Ye Feng could only shake his head, and then thought to himself, if Uncle Scar hadn't been so crazy, he probably wouldn't be where he is today, and he wouldn't be so powerful.

After all, along the way, Ye Feng has also met many amazing friends and enemies, but there seems to be no one except Uncle Scar who can follow Ye Feng until now.

But this is not certain. Maybe Ye Feng will be able to meet some of his other old friends in the future and reach the same level as himself.

After all, no one can be sure about such things as chance, and one day someone may soar into the sky.

However, for Ye Feng, it is better to practice slowly and steadily.

At this time, the puppet ancestor suddenly looked in a certain direction not far away and said loudly: "There is a small hall there, which may contain the items that the Lord of the Undead and the owner of the Bronze Immortal Palace fought for. That legendary ancient scroll of reincarnation."

When Ye Feng heard what the puppet ancestor said, he looked at Uncle Scar and looked at each other. Both of them had expectations in their eyes and flew directly towards the palace in the middle of the island, wanting to find out.

"Wait a moment."

At this time, the puppet ancestor suddenly squatted down and dissected the bones of the Lord of the Dead and the owner of the Bronze Immortal Palace.

Then the puppet ancestors dug out two bones from their respective bodies and said loudly: "For transcendent beings of this level, their powerful inheritance secrets are definitely imprinted in the bones. This is a good thing."

Chapter 3925 Illusory Palace

At this moment, looking at the two bones that the puppet ancestor dug out from the bones of the two super strong men, Ye Feng and Uncle Scar's eyes lit up, and they immediately came to the puppet ancestor.

Ye Feng couldn't help but asked: "How to understand the secret of the inheritance of the super strong contained in this bone?"

The puppet ancestor smiled slightly and said aloud: "It's very simple, that is, just use your spiritual soul power to communicate with the profound energy contained in this bone."

Hearing what the puppet ancestor said, Uncle Scar immediately said dejectedly: "I don't have any spiritual power."

Ye Feng smiled, patted Uncle Scar on the shoulder, and said loudly: "I know how to do it. When I successfully comprehend it, I will just teach you the secret of inheritance."

When Uncle Scar heard this, his eyes suddenly lit up. He quickly patted Ye Feng's shoulder and said loudly, "Okay, I got you as my brother for nothing."

At this time, Ye Feng did not hesitate at all. He directly took the two bones from the hands of the puppet ancestor, put them on his forehead, and input his spiritual soul power into the two bones. Have a close connection with the secrets of inheritance and want to understand the secrets.

Buzz! ??

At this time, Ye Feng immediately felt two very profound inheritance secrets contained in these two bones.

This made Ye Feng's eyes light up.

It seems that the puppet ancestor is not lying.

These two seemingly ordinary bones indeed contain the secrets of two transcendent and powerful men.

The malice contained in the bones of the owner of the Bronze Immortal Palace is a powerful inheritance called "Flying Immortal from Beyond the Sky".

This is a very ancient and powerful attack technique, related to the legendary immortals. Once used, it can activate the power of the immortal immortals in the mythical dimension, produce terrible destructive power, and suppress the enemy.

The secret of inheritance contained in the bones of the Lord of the Undead is a very terrifying secret technique called the "Field of the Undead".

This is a secret technique with the attribute of death. Once cast,

It can form an undead realm within a few kilometers of itself, and can absorb the vitality of living people in the realm to increase its own strength.

In addition, in the realm of the undead, the ghosts of strong men who died at any time in this realm can also be resurrected to use against the enemy.

After realizing this inheritance, Ye Feng immediately showed a look of surprise in his eyes.

No wonder this ocean is filled with the corpses of so many ancient powerful men who have lost their vitality. It seems that they were all released by the Lord of the Dead when he fought with the owner of the Bronze Immortal Palace. This terrifying and terrifying undead realm drained the vitality of all strong men in an instant and used it to strengthen their own strength.

And the ghosts that appear around this island should also be the ghosts of the dead strong men summoned by the realm of the dead.

It has to be said that these two inheritances, one is a martial arts inheritance, and the other is a secret technique of death, are both treasure-level inherited mysteries and are extremely valuable.

At this time, after Ye Feng absorbed and understood these two inheritances, he directly taught them to Uncle Scar.

After all, this Bronze Immortal Palace is a place of opportunity that Uncle Scar took the initiative to share with himself, so Ye Feng will naturally not be stingy and will share his gains with Uncle Scar.

At this time, Ye Feng suddenly looked at the puppet ancestor beside him. This guy also helped him a lot.

Ye Feng asked aloud: "Do you want these two sets of inheritance?"

The puppet ancestor shook his head and said helplessly: "I am a puppet now. I can't release my power by learning this inheritance. I have no magic power, but I still hope that you can find some powerful and solid materials next. , continue to help me strengthen my puppet body, strive to achieve true immortality, and ascend."

Hearing what the puppet ancestor said, Ye Feng immediately nodded and said:

The witness said: "If you encounter any strong and rare materials in the future, I will leave them for you to use."

Uh-huh! Uh-huh!

When speaking of this, Ye Feng and Uncle Scar no longer hesitated and flew directly towards the palace in the center of the island, quickly.

Back then, the owner of the Bronze Immortal Palace and the Lord of the Dead, a transcendent existence, had a fierce battle here, with millions of corpses floating in the air and the ocean stained with blood.

The ancient scroll of reincarnation they were fighting for must be very extraordinary.

According to Lord Bones, a subordinate of the Lord of the Dead, the Scroll of Samsara itself is a very powerful ancient treasure.

In addition, the Great Reincarnation Technique contained in the Ancient Scroll of Reincarnation is the fourth-ranked Great Reincarnation Technique among the three thousand avenues in the heavens.

The art of the Great Dao, which ranks so high, is absolutely priceless, and Ye Feng and Uncle Scar will naturally not miss it.

Especially Ye Feng, since he started practicing, he has also acquired many other techniques of the Three Thousand Dao.

Ever since he heard that legend, Ye Feng has had very strong expectations to gather the three thousand great arts of all heavens.

At this moment, when Ye Feng and Uncle Scar came to the central hall of the island, they saw a very strange scene.

I saw that the entire palace turned out to be an illusion.

This palace is not a physical palace, but a virtual palace similar to the condensed soul and spiritual power.

Seeing this scene, Uncle Scar was immediately dumbfounded.

Because Uncle Scar stretched out his hand and wanted to touch this palace, but he missed it.

"This palace is illusory."

The puppet ancestor was thoughtful and said: "It is estimated that only soul masters like Ye Feng can enter this palace, because this is a building on the soul and spiritual level."

"A building on the soul level?"

When Uncle Scar heard the puppet ancestor beside him say this, his face suddenly showed a look of astonishment.

he

This is the first time I have seen such a strange building. It does not exist in reality, but only exists in a virtual state.

Ye Feng nodded slightly at this time and said aloud: "I sensed a very strong energy fluctuation from this virtual palace. It should be the ancient treasure, the Ancient Scroll of Reincarnation, but I'm afraid it will require my soul to leave the body."

After saying that, Uncle Scar immediately patted Ye Feng on the shoulder, grinned and said, "Feng Boy, you can leave your body and go in to investigate. My puppet ancestor and I will protect you outside."

"good."

Ye Feng nodded slightly, then sat cross-legged on the ground, preparing to leave his body and soul.

Uncle Scar and the puppet ancestor were on the left and right, standing beside Ye Feng, always vigilant.

Because when the soul leaves the body, Ye Feng is at his most vulnerable.

His body cannot move and he may be attacked at any time.

Ye Feng actually didn't have much to worry about, because his Hongmeng Immortal Body had just transformed and broken through to a new sixth level.

Nowadays, Ye Feng's Hongmeng Immortal Body is already very powerful. The entire body, every piece of flesh and bone, is like divine iron, made of thousands of times of hard work, and is very strong.

Even if ordinary people attack their own body secretly, they can't destroy this magical iron body.

In addition, Ye Feng's mind is protected by Emperor Chu and the Soul Gem, so he doesn't have to worry about others attacking his mind area and occupying his body.

So at this time, Ye Feng was very relieved that his soul was out of body.

Uh-huh!

I saw Ye Feng's soul flying out of his body and flying directly towards the palace in front of him.

Seeing this scene, Uncle Scar was quite envious and couldn't help but said: "When I have the opportunity, I will also study how to cultivate the soul level. Fellow soul martial practitioners are really amazing."

The puppet ancestor poured cold water on it: "A soul master needs innate talent, and you can't just practice it if you want to."

Chapter 3926 Weapon Spirit

Buzz!

At this time, Ye Feng's soul left his body and floated directly towards the illusory palace in front of him.

When Ye Feng's soul body came to the door of the illusory palace, he took a deep breath, and then directly opened the door of the palace.

"That is....."

When Ye Feng walked in, he immediately saw a huge ancient scroll floating in the middle of the hall.

There are no words or pictures in this scroll, only an abyss-like whirlpool.

Ye Feng stared at the vortex in this ancient scroll, and suddenly felt that his entire spirit and soul were being sucked into it, entering the endless cycle of reincarnation.

Ye Feng woke up immediately. This picture should be the ancient scroll of reincarnation.

Uh-huh!

At this moment, Ye Feng's eyes were filled with joy, and he immediately flew forward and came to this huge ancient scroll of reincarnation, and then tried to use his soul power to communicate with it, hoping to get this ancient scroll of reincarnation.

At this time, Ye Feng also understood that the Ancient Scroll of Reincarnation was a spiritual magic weapon.

But when Ye Feng was just communicating with his soul and spirit with the Ancient Scroll of Reincarnation.

boom!

Suddenly, an illusory big hand stretched out from the picture world space of the Samsara Ancient Scroll, and instantly captured Ye Feng's soul body into the picture world of the Samsara Ancient Scroll.

At this time, Ye Feng suddenly saw that he had arrived in the world of the ancient scroll of reincarnation.

Ye Feng discovered that the person who caught him was actually a very deep-looking old man.

This old man was wearing a very simple black robe. He seemed to be very ordinary, but the aura exuding from him was like an ancient evil spirit.

Like a beast, very terrifying and unfathomable.

Ye Feng was immediately secretly frightened and quickly communicated with Emperor Chu and the soul gem in his body.

Then Ye Feng tried to stabilize the unfathomable old man in front of him.

Ye Feng spoke slowly: "Who is the senior? Why should the junior be captured in this ancient scroll of reincarnation?"

The old man in front smiled faintly at this time and said aloud: "If you want this ancient scroll of reincarnation, you have to pay a price. The price is that you will guard this ancient scroll of reincarnation for a hundred years on my behalf, and I will." become free."

At this time, the old man was talking, and Ye Feng suddenly showed a look of shock and anger in his eyes, and said loudly: "Guarding the Ancient Scroll of Reincarnation for a hundred years? Then my body is probably already decaying outside."

The old man's expression did not change at this time, and he seemed to be very indifferent. He said aloud: "As long as your soul is here, as for your body outside, it will be used by me soon."

At this time, the old man said, walking towards Ye Feng step by step, with the light of reincarnation shining in his eyes, and said loudly: "Don't try to resist. Although your soul body is also very huge, it is still too big compared to me." I am weak. I have been trapped in the Ancient Scroll of Reincarnation for three thousand years. Although I have been trapped for three thousand years, I have absorbed all the power of reincarnation in the entire Ancient Scroll of Reincarnation. This soul of my body has long been immortal and cannot be destroyed by anyone. block."

Uh-huh!

After finishing speaking, the old man walked directly towards Ye Feng and stretched out his hand.

That hand suddenly became as big as the sky, grabbed Ye Feng, and said loudly: "As long as you are refined into this ancient scroll of reincarnation, you will become reincarnation."

If the ancient scroll has a new weapon spirit, then I will be free again. "

This old man turned out to be the weapon spirit of the Ancient Scroll of Samsara!

At this time, the old man said, his eyes were cold and ruthless to the extreme, and he directly grabbed Ye Feng's entire soul, trying to forcibly refine it into this ancient scroll of reincarnation.

Boom! !

But at this moment, another figure with a crimson light rushing over from outside the Ancient Scroll of Samsara rushed directly into the Ancient Scroll of Samsara, instantly shattering one of the old man's arms.

This figure radiating crimson light was none other than the Emperor of Chu whom Ye Feng communicated with.

Emperor Chu came here directly with the soul gem to help Ye Feng fight against the enemy.

At this time, the old man in the ancient scroll of reincarnation immediately stared at Emperor Chu beside Ye Feng. He was not angry but happy, and said loudly: "It turned out to be a high-level soul gem left by a high-level master. No wonder he has such a powerful power." , Not bad, I really gained a lot today. This soul gem is simply tailor-made for me. When I get this soul gem, my soul power will increase tremendously. By then, , Really no one can be my opponent."

After saying that, the old man turned into a long river of reincarnation, boundless, and charged directly towards Emperor Chu.

Obviously, this old man was trapped in this ancient scroll of reincarnation, and he had understood the art of reincarnation in the entire ancient scroll of reincarnation for thousands of years.

At this time, his whole body directly turned into a long river of reincarnation, which could sweep everything and suppress all directions, which was very terrifying.

At this moment, Ye Feng immediately looked at Emperor Chu next to him and said loudly: "Can we deal with this old man? If there is no way to deal with him, we will escape from here."

\u003c

br\u003e At this moment, Emperor Chu's body was exuding a red light, and he was completely a person made of light.

There is a red gem between his eyebrows, which is the soul gem.

Emperor Chu slowly spoke out: "I will deal with the weapon spirit of this ancient scroll of reincarnation. Ye Feng, you find an opportunity to search for the core in the space of this ancient scroll of reincarnation. As long as you can control the core of this ancient scroll of reincarnation, you can control it." This powerful weapon spirit."

Ye Feng immediately nodded.

Ye Feng also knew very well that although this old man was very terrifying, he was still the weapon spirit of the Ancient Scroll of Reincarnation.

As long as you can refine this ancient scroll of reincarnation, then no matter how powerful the weapon spirit is, it will be completely controlled by you.

At this time, Emperor Chu's whole body erupted with a brilliant crimson light. He obviously activated the power of the soul gem crazily and fought with the old man in front of him who had turned into a long river of reincarnation.

Boom! !

The entire field immediately erupted with a huge roar.

Then there was an extremely terrifying soul and mental storm that swept across all directions, causing Ye Feng to almost burst his entire soul body.

This made Ye Feng's eyes look horrified.

You know, Ye Feng's soul power has now reached a full 25 million level.

However, during the battle between the ancient weapon spirit old man in the ancient scroll of reincarnation and Emperor Chu, his soul body was still almost collapsed by the horrific aftermath of the battle.

"Emperor Chu has become much stronger silently now."

Ye Feng did not dare to waste time, and immediately controlled his soul body to quickly shuttle through the entire world space of the Samsara Scroll, trying to find the core of the Samsara Scroll's magic weapon.

Chapter 3927 Unique Attack Method

Boom!

Boom! !

In the inner space of the Scroll of Reincarnation, the terrifying aftermath of the battle set off huge soul fluctuations, spreading crazily towards the surroundings.

At this moment, the battle between the weapon spirit of the Ancient Scroll of Samsara and Emperor Chu carrying the Soul Gem reached a fever pitch.

The battle between the two is like ancient gods, capable of destroying the world.

Seeing this terrifying scene, Ye Feng couldn't help but sigh. After the attack at the soul level reaches a certain level, it is as grand and terrifying as a fight between gods and demons.

Swish, swish, swish!

At this time, Ye Feng was quickly searching for the magic core of the entire ancient scroll of reincarnation.

If you can find the magic core of this ancient scroll of reincarnation, then you can completely refine this ancient scroll of reincarnation and make this weapon spirit surrender to you.

After Ye Feng's tireless search, Ye Feng finally sensed a special core energy fluctuation in a certain area southwest of the Samsara Scroll.

After Ye Feng sensed this fluctuation, his eyes immediately showed a look of joy, and he quickly flew over, then controlled his soul body and began to explore something in the void.

Finally, Ye Feng found a space that exuded bright light. This should be the core of the entire ancient scroll of reincarnation.

At this moment, Ye Feng didn't hesitate at all and started refining the core area of the magic weapon of this ancient scroll of reincarnation.

"You dare me, boy!"

At this time, the old weapon spirit man who was closely related to the entire Ancient Scroll of Reincarnation immediately sensed what Ye Feng had done, and immediately roared with great fright and anger, and rushed towards Ye Feng.

Before he arrived in front of Ye Feng, the power of reincarnation in this old man had already caused Ye Feng's soul power to burst.

boom!

But at this moment, Emperor Chu rushed over carrying the soul gem.

Emperor Chu's whole body erupted with bright crimson light, and he collided fiercely with the old man of the weapon spirit again.

Suddenly there was an earth-shattering fluctuation.

The old man Qi Ling immediately yelled: "Get out of here!"

The old man Qi Ling is obviously very angry and anxious now, because if Ye Feng really refines the magic core of the Samsara Scroll, then he will lose his freedom forever and will always have to listen to Ye Feng's words.

So at this time, the old man with the weapon spirit just risked his life and exploded the power he had accumulated for thousands of years at once.

Boom! !

At this moment, I saw only this weapon spirit

A terrifying long river of reincarnation emerged from the old man's body, which seemed to connect the past, present and future. It was full of huge destructive power, allowing people to sink into reincarnation forever.

Even Emperor Chu, who had become one with the Soul Gem, was defeated steadily by the impact of this thousand-year-old river of reincarnation at this moment.

Even if it is a soul gem, there are some old weapon spirits who cannot resist this ancient scroll of reincarnation.

After all, the soul gem is just something left by the high-level master. This ancient scroll of reincarnation comes from the legendary heaven. It is the most precious treasure in the heaven. I am afraid it is even higher than the master gem.

At this time, the old weapon spirit laughed loudly: "You ants with a low-level interface, you can't stop me."

At this time, Emperor Chu was relying on the crimson light condensed by the soul gem. There were cracks in his body, and it seemed that it would break apart in the next moment.

"Oops!"

Seeing this scene, Ye Feng immediately felt a thump in his heart.

Unexpectedly, even the Dominion Stone is not enough.

The soul gems are the old weapon spirits who cannot resist this ancient scroll of reincarnation.

Sure enough, the magic weapons from heaven are becoming more and more advanced. The many opportunities and blessings Ye Feng obtained in the world of origin are gradually becoming beyond his capabilities.

At this time, Ye Feng was very anxious because he saw that Emperor Chu's entire body was about to break apart.

This shows that the soul gem cannot resist the old weapon spirit of this ancient scroll of reincarnation.

This weapon spirit is really terrifying!

But it's normal to think about it. After all, it is the ancient scroll of reincarnation, a treasure in the heaven, and the weapon spirit that is born is naturally very terrifying.

Although Ye Feng has the Heaven's Gate, the most advanced treasure in the heaven, in his mind, Ye Feng has not yet figured out the true power of the Heaven's Gate.

The light power of the Gate of Heaven has no effect at all on soul-level existences such as the weapon spirits of the Ancient Scrolls of Reincarnation.

And just when Ye Feng was very anxious, Emperor Chu, whose whole body was about to break, suddenly used a very special attack method.

I saw Emperor Chu singing a very ancient and magical sound all of a sudden.

This ancient sound seems to have magic power, and it seems to have a great terror, which makes Ye Feng's whole soul tremble when he is close at hand.

And with the ancient and taboo sound sung by Emperor Chu, a great terror arose.

A frenzy of power suddenly burst out from the entire void, and even blocked the long river of reincarnation released by the old man.

"What??"

Seeing this scene, the old man Qi Ling immediately couldn't help but exclaimed: "This move of mine has accumulated the power of reincarnation for thousands of years. How can you resist it? What exactly is this attack method? "

Emperor Chu didn't say much at this time, but continued to chant this ancient and taboo sound.

Wow! ??

Then more waves of power filled with terror burst out in the void, swallowing up the old man who was not far away.

"ah!"

The entire body of the old man Qi Ling was disintegrating rapidly.

Ye Feng did not expect the sudden turnaround, and neither did the old man Qi Ling.

No one thought that at the critical moment, Emperor Chu actually communicated with the terrifying power craze from nowhere in the depths of the void through some ancient taboo voice, and almost overwhelmed such a ferocious guy as the old man Qi Ling. Broken apart.

Ye Feng's eyes showed shock.

This was the first time he saw Emperor Chu using this unique attack method.

Because Ye Feng knew that the frenzy of power released by Emperor Chu at this time did not belong to the power of the soul gem at all.

This was completely communicated by Emperor Chu himself, and the terrifying power came from nowhere.

At this time, Ye Feng became more and more curious about Emperor Chu's identity.

At this moment, the old man of the weapon spirit, who was about to be disintegrated by the frenzy of power released by Emperor Chu, seemed to have discovered something. He couldn't help but screamed in horror: "This kind of attack method, this kind of attack... It has a terrifying aura of power that does not belong to the great world of origin, nor does it belong to our heaven. This aura of power seems to be legendary...ah!"

Just as the old man Qi Ling was speaking, the remaining half of his body completely disintegrated.

The old man Qi Ling immediately yelled in horror, as if he had seen some inexplicable terrifying scene.

The old man Qi Ling still had one head left, his eyes were fixed on Emperor Chu who was chanting devoutly not far away, and he said in horror: "It's such a terrifying thing like you! Aren't you already sealed? ? How could it happen again? You damn world cleansers...ah!"

After all, the old man Qi Ling didn't finish what he wanted to say.

The last head was completely shattered and disintegrated.

Completely killed.

\u003c

br\u003e At this moment, Ye Feng finally let out a sigh of relief, but his eyes were full of horror as he stared at Emperor Chu in front of him.

The aftermath of the final battle was too vast and noisy, and Ye Feng did not hear the last words of the old man with the weapon spirit clearly.

Ye Feng couldn't help but asked: "Emperor Chu, what was that move you just made? I've never seen you demonstrate it before, and what did the old man of the weapon spirit mean by what he said before? I didn't hear the last words clearly. "Does he know your true identity?"

Emperor Chu shook his head slightly at this time and said aloud: "This unique attack method is recorded in a memory fragment I recently awakened. It can communicate with the terrifying power frenzy in an inexplicable place. Very few beings can resist this kind of attack." Power Frenzy, as for my true identity, I don't know yet, and I didn't hear clearly what the old man with the weapon spirit said at the end. I wanted to spare his life and ask about the situation, but the power of my communication was too terrifying and I couldn't control it. , directly obliterating the weapon spirit."

Hearing what Emperor Chu said, Ye Feng nodded slightly, but there was deep speculation in his eyes.

The unique attack method used by Emperor Chu just now was so terrifying that Ye Feng felt a trembling feeling in his soul.

Moreover, the old man from the ancient scroll of reincarnation just now said that this kind of power does not belong to the great world of origin, nor does it belong to the heaven.

Then Ye Feng didn't hear what the old man Qi Ling said.

It seems that Emperor Chu is something very terrifying.

It is really strange that such an ancient existence, such as the Ancient Scroll of Samsara, the most precious weapon spirit in the heaven, can say such words, and even feel terror and fear towards Emperor Chu.

It feels like in the eyes of the Ancient Scroll of Samsara weapon spirit, Emperor Chu is like some taboo big devil, which makes the Scroll of Samsara, the most precious holy object in the heaven, feel terrifying.

This made Ye Feng even more horrified and curious about Emperor Chu's true identity.

But no matter who the Chu Emperor is, Ye Feng won't mind.

Because after so many years of getting along, Ye Feng and Chu Huang have become the closest partners, helping each other and growing together.

At this time, Emperor Chu pointed not far away and said: "Ye Feng, this weapon spirit is condensed from the ancient scroll of reincarnation, the most sacred treasure in the heavens. The broken soul fragments contain very majestic soul energy. Eat it quickly, don't waste it."

"good."

Ye Feng immediately released the Devouring Domain with great excitement and began to devour the soul fragments of the weapon spirit.

The soul fragments transformed by this level of weapon spirit will probably give your soul power an incredible improvement!

Chapter 3928 Refining the Ancient Scroll of Reincarnation

"Buzz buzz..."

At this moment, Ye Feng did not hesitate and started to devour the soul fragments that the old weapon spirit turned into after his death.

You must know that this weapon spirit is a treasure from heaven, and the weapon spirit condensed from the ancient scrolls of reincarnation is naturally very powerful.

Once this precious weapon spirit is broken, it turns into soul fragments, containing very majestic soul power.

At this time, Ye Feng could immediately feel that his soul power was rapidly and continuously increasing.

In the end, Ye Feng's soul power increased by a full five million levels, directly rising to thirty million levels!

The surge in soul power made Ye Feng's eyes suddenly show deep excitement.

Because for Ye Feng, soul power is also a very important means of attack.

Moreover, many strong men have special attacks and damage on the spiritual and soul level.

If Ye Feng's soul power increases, his mental power will also become very powerful, and then he will no longer be afraid of the spiritual soul attacks of those powerful enemies.

At this moment, Ye Feng looked at Emperor Chu next to him, and was very curious in his heart. What kind of identity was Emperor Chu that actually made this old man from the ancient scroll of reincarnation in the heaven so fearful in the end? .

And the turnaround this time was really unexpected.

It was obvious that the old man with the weapon spirit of the Ancient Scroll of Reincarnation was so terrifying that he suppressed Emperor Chu who had the Soul Gem to the point of almost breaking.

But at the critical moment, Emperor Chu was actually able to use a very special and extremely unique attack method. From some inexplicable space or inexplicable world, he drew a frenzy of power that could destroy the world and destroy the world. The old weapon spirit was wiped out in an instant, which was really unexpected.

At this time, Emperor Chu followed the soul gem and returned to Ye Feng's body.

At this moment, Ye Feng's soul body is constantly changing in the ancient scrolls of reincarnation.

After enlightenment, he began to refine this ancient scroll of reincarnation.

Without the obstruction of the old weapon spirit, Ye Feng's refining naturally went very smoothly.

However, in just half an hour, Ye Feng had already initially understood the Great Reincarnation Technique, which ranked fourth among the three thousand great techniques contained in this ancient scroll of reincarnation.

This made Ye Feng's eyes suddenly reveal a look of deep joy. Unexpectedly, he had obtained another technique of the Three Thousand Dao of the Heavens.

This makes Ye Feng couldn't help but look forward to and longing for him. If he collects all the three thousand great arts, merges them into one furnace, and integrates them all into his body, then will he become the world? The most powerful existence in all worlds, eternal immortality.

At this time, Ye Feng is still very yearning for this future.

Because for Ye Feng, this is a path of cultivation that others cannot possibly touch.

After gathering the three thousand great arts of all heavens, I am afraid that even the master-level figures can only think about it and dare not take action directly, because the body of an ordinary person cannot contain the energy of the great arts with different attributes.

But Ye Feng is able and dares to take action. He wants to try whether the legend is true.

Gathering together the techniques of three thousand avenues to achieve immortality is a grand and boundless project.

At this time, Ye Feng no longer hesitated and began to refine the ancient scroll of reincarnation.

Although this ancient scroll of reincarnation is a treasure from heaven, Ye Feng has the door to heaven in his body.

So Ye Feng used the power of Heaven's Gate to suppress the power in the Ancient Scroll of Samsara, and easily completely refined the Scroll of Samsara.

Uh-huh!

Next, the ancient scroll of reincarnation directly turned into a ray of light and entered Ye Feng's body, and could be

Ye Feng used it thoroughly.

Ye Feng was very happy to obtain such a powerful treasure.

After all, Ye Feng now feels more and more that there must have been many powerful beings from the heavens in the world of origin.

Because even I have met many important people from the heaven.

Therefore, the Dark Demon Cult is able to dominate the entire world of origin. There must be support from big figures in the heaven behind it. It is very likely that it is a transcendent power in the heaven that wants to use the Dark Demon Cult as its son and then control the entire Origin. The big world is very ambitious and greedy.

At this time, Ye Feng got the Ancient Scroll of Reincarnation and felt that his overall strength had increased a lot.

After all, the ancient scrolls of reincarnation contain a very terrifying power of reincarnation, which is naturally suppressive to the enemy's spirit and soul.

The old man with the weapon spirit released the Sea of Reincarnation before, suppressing Emperor Chu who had the Soul Gem to the point of almost breaking.

So Ye Feng knew that the attack power of this ancient scroll of reincarnation was very terrifying, and it was a very rare treasure at the soul level.

At this time, the ancient scroll of reincarnation floated in Ye Feng's spirit, exuding a very pure power of reincarnation, which allowed Ye Feng's spirit and soul to be continuously tempered.

After Ye Feng obtained the Ancient Scroll of Reincarnation, his soul body flew out of this illusory palace and returned to his true body.

When Ye Feng opened his eyes, Uncle Scar and the puppet ancestor couldn't help but came to Ye Feng's side.

Uncle Scar asked expectantly: "How's it going, Mr. Feng? Did you get the Ancient Scroll of Reincarnation?"

Ye Feng immediately laughed out loud and said: "The process was a little dangerous, but the ancient scroll of reincarnation was successfully refined."

"Very good."

Uncle Scar's eyes lit up immediately.

Ye Feng continued to speak: "These treasures from the heaven are very powerful, but they also show how terrifying the Dark Demon Cult is. After all, the Dark Demon Cult is backed by the transcendent power of the heaven. "

Uncle Scar grinned at this time and said loudly: "I am not willing to fight against the Dark Demon Cult. I will probably find other ways to enter the heaven directly. Boy Feng, why don't you come with me? I have already Now that I have some clues, how can I enter the heaven in advance?"

Ye Feng shook his head at this time and said loudly: "I also really want to go to the heaven. After all, it is a more grand and vast world of practice, with more powerful power and more terrifying inheritance. But I am in the origin. The mission in the big world has not been completed yet. There are my relatives and my friends in the big world of origin. I can't just watch the dark demon sect destroy the entire big world of origin and plunge the whole world into darkness. This is what I have always said. The motivation to practice."

Hearing what Ye Feng said, Uncle Scar could only sigh, patted Ye Feng's shoulder, and said loudly: "Well, everyone has his own destiny. Maybe in the process of fighting against the dark demon sect, Feng Boy Your strength and cultivation will improve faster and faster, after all, sometimes pressure is also motivation. "

Ye Feng nodded, smiled, and said: "I am also planning to invite you to fight against the Dark Demon Cult with me."

Uncle Scar's mouth twitched at this time, and he said aloud: "My wish is to steal all the tombs in the world, collect all kinds of ancient treasures, and fight against the dark demon sect or other big forces. This is not what I want. Anyway, I am alone. One, used to being free and easy."

Hearing what Uncle Scar said, Ye Feng nodded slightly and said nothing more.

After a moment of silence, Uncle Scar suddenly spoke up and said: "Boy Feng, you are really in some danger that you can't resist. If you need help, you can contact me through this token and I will come to help you."

Uncle Scar gave Ye Feng a token at this time.

Chapter 3929 Who dares to be presumptuous?

This token is made of special silver.

Even if they are hundreds of millions of miles apart, it seems that they can communicate through this silver token.

After all, Uncle Scar was a little worried about Ye Feng, so he left this token to communicate with him and help Ye Feng at critical moments.

Ye Feng was quite moved.

After all, he knew that Uncle Scar was a free and easy wanderer who rarely took the initiative to help others or put himself in danger.

But for his own sake, Uncle Scar can take risks to save himself. .??.

This is very rare.

Ye Feng immediately grasped the silver token and said slowly: "Thank you."

Uncle Scar couldn't help but patted Ye Feng's shoulder and said aloud: "Between you and me, there is no way to say thank you, but you can only contact me through this silver token when I am in the origin world. If I really find a direct passage to the heaven, after entering the heaven, we will be separated from each other and we will probably not be able to contact each other. The effective distance of this communication token is in the same interface. "

"okay, I get it."

Ye Feng nodded slightly, put the silver token into the storage ring, and said loudly: "I will try not to disturb you."

Then everyone left the inner space of the Bronze Immortal Palace.

When he returned to the black market, Uncle Scar was ready to leave.

Because his purpose here has been achieved, both of them have gained a lot from the good fortune in the Bronze Immortal Palace.

Boom boom boom!

But suddenly at this moment, a very terrifying aura suddenly descended on the entire black market.

Those were all powerful guards wearing golden armor, each like a golden god of war, surrounding the entire black market.

The leading armored guard immediately said, "Search for me. There is an ancient ruin from heaven at the bottom of the black market. We must find it."

When he heard the shouts outside, Uncle Scar couldn't help but change his face and said: "It seems that the news has been leaked."

At this time, Ye Feng patted Uncle Scar on the shoulder and said, "Don't worry, it's okay."

After finishing speaking, Ye Feng walked directly out of the central hall of the black market, looked at the group of golden armored guards outside, and suddenly shouted coldly: "I am here, who dares to be presumptuous."

It turned out that Ye Feng had already recognized these golden armored guards as guards from the Wanjie Martial Arts Academy.

At this time, after Ye Feng finished speaking, Uncle Scar standing behind him immediately widened his eyes.

He couldn't help but stare at Ye Feng's back, and said in shock: "Brother Feng, when did you become the son of God of the Ten Thousand Realms Martial Arts Academy?"

Just as Uncle Scar was talking, a group of golden armored guards outside saw Ye Feng appearing. They couldn't help but look shocked. They quickly knelt down on one knee and said, "Greetings to the Son of God!"

Ye Feng has been the divine son of the Ten Thousand Realms Martial Arts Academy for a long time.

Moreover, he had made great achievements while participating in the Dark Trial of the Dark Alliance, so many people were naturally in awe of this divine son of the Ten Thousand Realms Martial Arts Academy.

At this time, Uncle Scar, who was standing behind Ye Feng, saw all the golden armored guards kneeling down on one knee in front of Ye Feng. His eyes widened immediately and he couldn't help but said: "Brother Feng, you hide it really well, it seems that you are better at it than me, so I can rest assured."

Uh-huh!

After saying that, Uncle Scar jumped up and left the black market directly, disappearing without anyone stopping him.

Because Ye Feng was standing outside, no one dared to act rashly.

At this moment, a man who looked quite majestic

A strict middle-aged man, wearing golden armor, immediately came to Ye Feng.

This middle-aged man in golden armor should be the leader of this group of armored guards.

He walked up to Ye Feng, couldn't help but clasped his fists and said, "Sir Son of God, I didn't expect you to be here. This time we were ordered to come here to explore the ancient ruins under the black market."

There was a look of surprise in Ye Feng's eyes, as if he didn't expect that the Wanjie Martial Arts Academy would get the news here.

I don't know who leaked it.

After all, only Ye Feng and Uncle Scar know about the ancient ruins here.

The only person in charge of the black market who knew that there were ancient ruins underneath had already been killed by Uncle Scar.

However, the Ten Thousand Realms Martial Arts Academy is a behemoth. The black market is within the scope of the Ten Thousand Realms Martial Arts Academy. It is normal for there to be investigators from the Ten Thousand Realms Martial Arts Academy.

At this time, Ye Feng said slowly: "Under the black market, there is indeed an ancient ruin from heaven, but I have already gone in to investigate, and there is nothing good."

Hearing what Ye Feng said, the middle-aged man in golden armor couldn't help but stare blankly. It seemed that he didn't expect that this son of God had already explored the ancient ruins in advance.

At this time, the middle-aged man in golden armor immediately said: "This is the order of the Supreme Elder of our Ten Thousand Realms Martial Arts Academy. We must go to investigate first, and we also ask the Son of God to go back with us and cooperate with us to answer Tai The question of the great elder."

When Ye Feng heard what the middle-aged man in golden armor said, his eyes immediately turned cold and he said, "Are you trying to arrest me?"

"Don't dare!"

The middle-aged man in golden armor immediately couldn't help but kneel down on one knee.

Because at this time, the moment Ye Feng spoke, Ye Feng exuded a kind of fear.

The extremely terrifying majesty, like a wild beast, made the middle-aged man in golden armor immediately feel a deep fear.

Because he sensed an irresistible sense of vastness from this young son of God.

This made the middle-aged man in golden armor reveal a look of deep horror in his eyes.

Unexpectedly, this young son of God has grown to this point. This vast aura is comparable to the elders in the Wanjie Martial Arts Academy.

This shows that this Son of God has now grown to a level that is unimaginable to ordinary people.

Therefore, this middle-aged man in golden armor does not dare to compete with Ye Feng now.

Even if the Supreme Elder of the Ten Thousand Realms Martial Arts Academy stood behind him, he would not have the guts.

Because Ye Feng's strength is so powerful, his aura is as vast as an abyss and a prison, as if he is facing a young god.

In addition, everyone knows that Ye Feng, the Son of God, was personally canonized by the supreme Dean of Heavenly Book, and his status is naturally very noble, second only to Dean of Heavenly Book.

At this time, Ye Feng looked at the middle-aged man in golden armor in front of him and said slowly: "I know you are just following orders, and I will not make it difficult for you. If you want to explore that ancient ruins, you You can go explore it now. As for what kind of luck there is, if you want to know, just ask the Supreme Elder to come and talk to me. I won't go there on my own initiative, because that's not in line with my identity."

Uh-huh!

After saying that, Ye Feng jumped directly and left the black market.

Looking at Ye Feng's retreating back, the middle-aged man in golden armor could only smile bitterly and shake his head. Then he looked at the group of guards behind him and said loudly: "First, go and take a look at the ancient ruins under the black market. Take everything back. As for what the Son of God said, I will tell the Supreme Elder exactly what he said."

Chapter 3930 Ye Family

Ye Feng immediately left the black market at this time and flew quickly in the direction of the Wanjie Martial Arts Academy.

For Ye Feng, he didn't have any fear at all when he met the guards from the Ten Thousand Realms Martial Arts Academy who specialized in searching various ancient ruins.

After all, Ye Feng's current identity is already extraordinary.

Moreover, after Ye Feng's experience during this period of time, his own strength and comprehensive trump cards have been upgraded to a very powerful and terrifying level.

So even though behind the group of guards stood the Supreme Elder of the Ten Thousand Realms Martial Arts Academy, Ye Feng was not overly afraid.

If the Supreme Elder really wants the opportunity he got from the Bronze Immortal Palace, then Ye Feng doesn't mind letting this Supreme Elder know what awe is. .??.

Moreover, behind Ye Feng stood the most supreme and noble figure in the Wanjie Martial Arts Academy, Dean Tianshu.

So Ye Feng is not afraid of anything at all.

Next, Ye Feng quickly returned to the base camp of Wanjie Martial Arts Academy.

Ye Feng didn't hesitate and flew quickly towards his residence.

Ye Feng was ready to take a good rest for a few days.

After all, Ye Feng had experienced too much outside during this period, which made Ye Feng feel a little tired.

Ye Feng did not return to Wanjie Martial Arts Academy with much fanfare.

Because Ye Feng doesn't like to engage in such grand ostentation.

Some powerful sons of gods or saints are sought after by thousands of people every time they return, as if this is how they can demonstrate their noble and lofty status.

But Ye Feng didn't like that scene.

What Ye Feng wants is peace and quiet.

Therefore, Ye Feng's quiet return did not attract anyone's attention.

After Ye Feng returned to his residence, he immediately began to take a good rest for a few days.

For the next period of time, Ye Feng continued to comprehend and refining the ancient scrolls of reincarnation.

Because this kind of magic weapon comes from the heaven, it takes more time to understand it before you can analyze its secrets and understand it.

It is more convenient to use.

As Ye Feng comprehended, he felt more and more that the Ancient Scroll of Reincarnation was very grand and unfathomable.

This made Ye Feng couldn't help but sigh, the heaven is indeed a more grand and advanced world.

Each of these magic weapons dropped is much more sophisticated and powerful than the weapons in the origin world.

And in the past few days, Ye Feng released the puppet ancestor from the storage ring, and then wanted to carefully ask the puppet ancestor what super powers there are in the heaven.

Ye Feng wanted to speculate on what kind of existence was behind the dark demon sect.

However, even the puppet ancestors could not guess which force in the heavenly realm supported the Dark Demon Cult.

Because the puppet ancestor once said that although the Great World of Origin is lower than the Heaven Realm, the Great World of Origin is also quite mysterious. There may have been many powerful transcendent beings in ancient times.

Therefore, it is very difficult for even the great forces or super powerful people in the heaven to enter the world of origin.

One must pay a huge price to enter the world of origin.

Otherwise, it is estimated that the Dark Demon Cult would have attracted more powerful men from the heaven to conquer the entire world.

This discovery made Ye Feng feel a little more relaxed.

Because Ye Feng has been worried about whether the Dark Demon Sect will directly attract many strong men from the heaven, which is a super powerful force, which will be irresistible.

The puppet ancestor's words made Ye Feng feel a little relieved.

The puppet ancestor finally said: "Although it is very difficult for characters in the heaven to enter the world of origin, the converse is also true. Transcendent existences in the world of origin must enter the heaven if they want to further improve their cultivation. However, it is very difficult to enter the heaven. Even many of the roads to the heaven have been blocked by some kind of gods.

The mysterious power has been cut off, and the purpose is to prevent powerful creatures in the origin world from entering the heaven, unless they have cultivated to the extreme state, but that is very rare. "

Hearing what the puppet ancestor said, Ye Feng suddenly thought of Dean Tianshu.

Dean Tianshu seems to have cultivated to a very extreme state, and is an eternally amazing existence.

Because Dean Tianshu once said that he cannot fight casually, because if he breaks out the fighting power of his heyday, the energy he generates will affect the world rules of the entire Origin World, and will make the world rules of the entire Origin World forcibly send him out of the world of origin, and then enter the heaven.

Therefore, the words of the puppet ancestor made Ye Feng feel even more unfathomable and shocked by Dean Tianshu.

For Ye Feng, Dean Tianshu is really a strange person from all ages. There are very few big figures like Dean Tianshu in the world of origin, who can cultivate their own cultivation to the extreme. ??

However, Ye Feng knew that in addition to Dean Tianshu, there was also a transcendent existence in ancient times, which was probably comparable to Dean Tianshu.

That is the Hongmeng Ancestor who has cultivated to the level of the Great Perfection Master.

That is, the ancestor of the Ye clan where his father and mother are now.

Ancestor Hongmeng also cultivated to the level of the Great Perfection Master. He may have found a way to enter the heaven, or he may have been forcibly sent out of the world of origin by the rules of the world.

This is no longer known.

After all, many years have passed.

But when I think of Hongmeng Ancestor, I also think of the family behind me.

Ye Feng suddenly had a very strong urge at this time. It was time to go to the Ye family where his father and mother were now.

The reason why Ye Feng practiced all the way to today was to be able to protect his relatives and friends, and to be able to meet his father and mother.

So now Ye Feng has practiced to such a powerful level, and can even compete with the older generation of people in the Wanjie Martial Arts Academy. \u003c

br\u003e

Today's Ye Feng is no longer limited to being a so-called young genius. Ye Feng is already a super master in the entire Origin World.

Ye Feng felt that he was not far from the most powerful master of the real Origin World.

So at this time, Ye Feng decided that it was time for him to set off to the mysterious Chaos Sea to find his roots and meet his father and mother.

Although Ye Feng was quite unfamiliar with the Ye family where his father and mother were now, Ye Feng knew that it was his place of origin.

The blood flowing in his body came from the Ye family.

Therefore, Ye Feng's current strength and cultivation have been upgraded to the current powerful level. Naturally, he has a particularly strong desire to go to his family and reunite with his father and mother.

And Ye Feng now feels that he already has strong strength and can initially fight against the Dark Demon Cult.

The Ye family was once a giant family in the Origin World, and was also the target of the Dark Demon Cult's focus on confrontation and elimination.

Nowadays, the entire Ye family uses some kind of ancient magic array. Although the entire family is closed, it is definitely still under the attack of the Dark Demon Cult and there is a crisis. Ye Feng wants to go and take a look.

After having this idea, Ye Feng directly left his residence and flew quickly towards the central lobby of the Wanjie Martial Arts Academy.

Ye Feng wanted to ask the Dean of Tianshu for his opinion.

After all, he is now the son of God of the entire Wanjie Martial Arts Academy. His every move will still attract a lot of attention. He needs to discuss with the Dean of Tianshu, and Ye Feng also has his own little thoughts.

If he goes to the Chaos Sea where the Ye family is located, he will definitely encounter super masters in the Dark Demon Cult. Perhaps he can ask the dean for some powerful trump cards to fight against the Dark Demon Cult.

After all, the Dark Cult is the biggest enemy of the Righteous Alliance of the Great World of Origin. Saving the Ye family and fighting against the Dark Cult can be considered as a contribution to the Righteous Alliance, and perhaps he can get some life-saving trump cards from it.
