

Ancient 3941

Chapter 3941 City of Chaos

In the next few days, Ye Feng and Baby Haoran rested in the inn in this small town, wanting to rest for a while.

Because entering the deep area of the Sea of Chaos will definitely be very dangerous along the way. You must recharge your batteries and raise your spirit and state to the peak state before entering the deep area of the Sea of Chaos. You can deal with it calmly.

Next, Baby Haoran refined the power of the Eye of All Saints. After these few days of rest and refinement, it was completely perfected.

In other words, the Eye of All Saints and Baby Haoran have been completely integrated. Baby Haoran can directly and skillfully use the power of the Eye of All Saints to fight against the enemy.

You know, Baby Haoran's own power is actually not very powerful, but with the assistance of the Eye of the Saints, a powerful treasure from the heavens, it is naturally very terrifying.

After all, the Eye of Saints is a treasure that even domination-level beings want very much, so it is naturally very powerful.

Ye Feng and Haoran Baby lived in this small town for a while, and found that many strong men from Haoran Academy appeared around them one after another.

These strong men are almost all emperor-level masters, and there are even powerful beings at the god-level.

It seems that the strong men of Haoran Academy have chased Ye Feng and Baby Haoran to the place where they live, but they don't know where exactly Ye Feng and Baby Haoran are in this town, and they don't dare to make a big move easily. search.

After all, the Sea of Chaos is the junction of the eastern land and the central ocean. The various forces here are very chaotic. Even the strong men of Haoran Academy cannot conduct a blanket search.

Otherwise, if you offend some of the major forces in the Sea of Chaos, a behemoth like Haoran Academy will definitely not be able to bear it.

So they could only explore secretly.

Ye Feng possesses huge soul power, so he naturally discovered the masters of Haoran Academy in an instant, making them unable to search at all.

But what surprised Ye Feng was that these masters from Haoran Academy came here not only to track down him and Baby Haoran.

In addition, there is another important purpose, which is to go to a very special place within the Sea of Chaos to find ancient opportunities.

Because recently, it is said that a towering mountain has appeared in a certain ocean within the Sea of Chaos.

This mountain is very majestic. It suddenly appeared in a calm sea area. In just a few days, it emerged from the bottom of the ocean and towered into the sky. It was really shocking and strange.

Therefore, some strong people suspect that this mountain, which suddenly and quickly emerged from the depths of the seabed, is most likely the base camp of a certain Taoist lineage in the glorious cultivation era eons ago in the Origin World.

You must know that the current world rules in the Origin World are slowly changing, and many of the past glorious eras of ancient times are gradually revealed.

Ordinary practitioners may not realize this.

But the major superpowers have already realized it.

Even many of the superpowers that originate from the big world today have support from advanced cultivation civilizations in heaven or other advanced interfaces.

So they all know that the world of origin is slowly beginning to recover and will regain its glory from eternity ago.

Therefore, they are looking for their own spokespersons in the Origin World in order to compete for the various traditions and inheritances left by those supreme traditions or ancient super sects, as well as various resources and wealth in the glorious era of the Origin World.

Therefore, in this sea of chaos, such a majestic and boundless mountain suddenly appeared, giving people a sacred feeling.

Therefore, some people speculate that this mountain is probably the origin of a mountain in the glorious era of the world.

The super sect's base camp perished in endless years and was buried deep under the sea.

But with the continuous recovery of the origin world, this mountain from the ancient glorious era has once again reappeared in the world.

Therefore, many major forces in the Sea of Chaos, or some nearby giant sects, sent experts over to explore the ancient mountain that suddenly emerged from the depths of the ocean.

Next, Ye Feng also heard about it in the inn. Many people said that this mountain that suddenly appeared attracted even some super races from the depths of the ocean.

There are even cultivating forces from the other side of the central ocean, the western land, who have sent experts to compete for and explore the various opportunities and creations contained on that ancient mountain.

However, according to what everyone said, the towering mountain that suddenly appeared contained countless dangers, various terrifying formations and ancient restrictions, preventing strong men from entering the top of the mountain.

Many super strong people tried to climb to the top of the mountain, but in the end they were wiped out by the terrifying power.

Everyone can only climb halfway up the mountain at most.

But even if you can only climb halfway up the mountain, many strong people have obtained various elixirs, flowers and fruits that were only grown in the glorious era of the Great World of Origin countless years ago. Many strong people have become instantly powerful after eating them. Increased, even obtained the ancient bloodline, became more powerful, and the essence of life was improved.

These rumors made Ye Feng ready to take action.

Because for Ye Feng, the many elixir fruits and various cultivation resources in the Origin World are becoming increasingly unsatisfactory.

Because Ye Feng's body became more and more like a bottomless pit as his cultivation level improved, requiring more advanced cultivation resources.

However, Ye Feng currently cannot enter a more advanced cultivation interface, and Ye Feng does not need to go.

Because the world of origin is now slowly beginning to recover, and to recreate the glorious scene of the ancient times, many advanced interface cultivation civilizations even want to come to the world of origin.

Therefore, Ye Feng himself is a creature that originated from the big world, and he is even more blessed by nature.

Because the current advanced interface cultivation civilization cannot yet come to the origin world.

Now with the gradual recovery of the Origin World, many resources and inheritance from the ancient glorious era have come out, and Ye Feng naturally wants to plunder them.

After all, you must know that in this universe, the Great World of Origin is the origin of all things and the most glorious and splendid first interface of the ancient era.

But now it has declined.

But now the rules of heaven and earth have changed, and the great world of origin has begun to revive again, and it has begun to exude a glorious atmosphere.

On this day, Ye Feng took Baby Haoran and left the inn in this town, flying quickly towards the ocean area of the Sea of Chaos.

Because Ye Feng decided that he would also go and take a look at the towering Cangtian Mountain that suddenly appeared in the ocean.

Even though Ye Feng knew that there must be great chaos there, and that there was a terrifying murderous intention from the ancient glorious age on top of that majestic mountain.

But in the mountains that everyone has heard of, there are many strange fruits from the ancient glorious era growing, as well as various spiritual materials and elixirs. They are older and more advanced than the genius treasures that grow in high-level cultivation interfaces such as heaven. Naturally, let Ye Feng really wanted to plunder it.

If we can really find some ancient treasures and various rare and exotic fruits from that majestic mountain in ancient times, which originated from the glorious era of the great world, then what will happen to Ye Feng's improvement and improvement of his cultivation level?

Increased skill will definitely have huge benefits.

When Baby Haoran found out about Ye Feng's decision, he naturally didn't want to hide in a small town and wanted to go and have a look with Ye Feng.

Because Baby Haoran also wants to become stronger quickly, he can go to the Cemetery of Gods and Demons to find his father, whose life and death are unknown.

In the past, Baby Haoran was the father and protected him in all aspects. Now, Baby Haoran also feels that he has a responsibility. He must find his father and save him. .??.

After Ye Feng and Baby Haoran left the small town, they easily escaped the search of some masters from Haoran Academy, quickly left the small town, and soon came to the area near the ocean.

This is already the westernmost point of the eastern land, where it meets the central ocean. This is the scope of the Sea of Chaos.

The Sea of Chaos is actually only a very small part of the entire central ocean, but it is the most prosperous.

Because various cultivating forces from the eastern land and the central ocean gather here, and there are even adventurers who have traveled thousands of miles from the western land, it is naturally very prosperous.

When Ye Feng and Baby Haoran came here, they were immediately shocked by the scene in front of them.

I saw a huge city standing on the beach at the edge of the ocean, covering an area of hundreds of thousands of miles.

According to Baby Haoran, this city is called the City of Chaos.

It is said that the City of Chaos was built by the most glorious force in the Sea of Chaos.

However, that great force has long since disappeared in the endless years, and no one even knows the name of the builder of the City of Chaos, the name of that transcendent great force.

But this ancient and majestic city has remained forever.

Because the entire city of chaos is made of a very special material, 'chaos iron', which has the power of chaos and is indestructible.

Even emperor-level or even god-level superpowers cannot destroy the main body of this city of chaos.

Even a giant and strong man with a half-step dominance level would probably have a hard time damaging the walls of the City of Chaos.

Therefore, even though endless years have passed, the City of Chaos still stands on the edge of the ocean, looking very majestic, vast, and very imposing.

The person in charge of the entire City of Chaos is very mysterious and almost faceless, so everything in the City of Chaos is very free.

But there is an iron rule, that is, you must not attack each other after entering the City of Chaos, otherwise the mysterious law enforcers of the City of Chaos will take them away and imprison them in prison.

Therefore, in such a chaotic and unconcerned zone as the Sea of Chaos, the City of Chaos can be said to have become a paradise for many escapees.

Because many escapees, as long as they enter the City of Chaos, can be protected by the entire City of Chaos.

And precisely because of this, the City of Chaos has stood here majestically throughout so many years of history.

There was once a superpower nearby who violated the rules and took action in the City of Chaos in order to hunt down a traitor. As a result, he was directly imprisoned for decades by the mysterious law enforcers in the City of Chaos.

Even if there is a transcendent existence with half-step dominance level in the base camp behind the super power, it will be of no use.

The person in charge behind the City of Chaos is very mysterious and terrifying. He could not shake the entire City of Chaos even if he took half a step, and was almost beaten to death.

Since that time, the City of Chaos has become a very mysterious place in the minds of all practitioners in the Sea of Chaos, and it is also a very safe place.

There are various activities going on here from all over the world.

The transactions between major forces and practitioners from the east and west have promoted the prosperity of the entire City of Chaos.

Some people speculate that the person behind the City of Chaos is likely to be a powerful force from a more advanced interface.

However, some people say that powerful people with more advanced cultivation interfaces cannot come to the origin world at all, so the person behind the scenes of the City of Chaos should be a noble from a super race deep in the ocean.

But no matter what the guess, almost no one dares to challenge the only rule of the City of Chaos, which is not to take action in the City of Chaos and to maintain silence and peace.

That's why the City of Chaos can be so brilliant.

Moreover, many practitioners are not afraid of sudden attacks by the other party during the transaction process, which creates a very good atmosphere in the City of Chaos.

Ye Feng now came to the seaside with Baby Haoran. When he saw the vast and majestic city standing on the seaside, he walked over directly.

Baby Haoran gave Ye Feng a detailed introduction to the origin and various histories of the City of Chaos.

Because the Haoran Academy where Baby Haoran is located is not far from the Sea of Chaos, he is very familiar with some of the conditions of the Sea of Chaos.

Especially for a place as famous as the City of Chaos, he naturally knows it very well.

After Ye Feng heard Baby Haoran's introduction, he couldn't help but look at the towering city of chaos in front of him with wonder.

Being able to stand in such a chaotic place for so many years is enough to show how powerful the person behind the scenes of the City of Chaos is.

Baby Haoran smiled and said loudly at this time: "Brother Ye Feng, after we enter the City of Chaos, we won't be afraid even if we encounter the strong men from Haoran Academy who are chasing us, because they don't dare to take action in the City of Chaos. "

Ye Feng nodded immediately and said loudly: "Let's enter the City of Chaos first, settle down for the time being, and explore the ancient mountains emerging from the depths of the ocean. It is not something that happens overnight. It is said that many super powers are We have gathered here, wanting to specialize in and study the mountains of that ancient era, because there is a supreme Taoism, a supreme inheritance that originated from the ancient glorious era of the great world, and various resources, wealth, and rare fruits, which are enough. To make a super power suddenly rich is enough to make an ordinary person rise up and skyrocket in an instant."

When Baby Haoran heard what Ye Feng said, his eyes showed deep anticipation and excitement, and he said loudly: "Brother Ye Feng, when we settle down in the city of chaos, we will hurry up and go to the city that suddenly appeared. Come out and take a look at the ancient mountains."

Ye Feng immediately nodded, with a hint of expectation in his eyes.

Nowadays, with the continuous recovery of the Origin World, various ancient buildings from the glorious era, or various caves and paradises, and scenic mountains have emerged from the shackles of history, making the entire Origin World fall into a frenzy and boiling. among.

Taking advantage of the fact that the powerful people in the advanced cultivation interface could not come down for the time being, Ye Feng felt that he had to seize the time and look for the various famous mountains, caves, paradises, etc. that emerged.

The supreme inheritance and ancient resources contained in it can allow you to make rapid and continuous breakthroughs and quickly strengthen your cultivation strength.

In this case, even if those powerful people with advanced interfaces come to the world of origin in the future, I will no longer be afraid.

Perhaps, this is an opportunity for the Origin World to transform the creatures in its own local interface.

Because of the current world rules of the Origin World, super strong men in the advanced cultivation interface are not allowed to come to the Origin World.

Nowadays, the local practitioners and creatures in the Origin World still have a period of breathing time to improve themselves in order to cope with the huge crisis of the invasion of countless advanced interface cultivation civilizations in the future.

Chapter 3942 Meeting an acquaintance

The next moment Ye Feng took Haoran's baby into the City of Chaos, Ye Feng suddenly sensed a terrifying murderous aura, attacking towards him.

But Ye Feng didn't panic at all.

Because Ye Feng and Baby Haoran are now in the City of Chaos, no one has the courage to take action in the City of Chaos.

Sure enough, the murderous aura that surged in front of Ye Feng stopped immediately.

At this time, Ye Feng suddenly saw a stern young man in black robe walking from a distance.

This young man is very tall, looks handsome, and has very deep eyes, staring at each other like two abyss, giving people a very terrible sense of oppression.

The aura exuding from his body turned out to be the aura of cultivation at the tenth level of the peak emperor level, which made Ye Feng feel a feeling of fear for a moment.

After all, Ye Feng's current cultivation level is only at the first level of Emperor level. When he encounters a powerful being at the tenth level of Emperor level, he is naturally a little wary.

However, being able to make Ye Feng feel fearful means that this young man in black robe is definitely not an ordinary master of the tenth level of the peak emperor level, but a super genius with astonishing combat power.

Sure enough, Baby Haoran was next to Ye Feng, and he couldn't help but said in surprise: "Brother Ye Feng, this is the emperor-level genius mentioned by the four super geniuses before, Xiao Chen, is our Haoran The most valued direct disciple of the acting president of the academy, Gu Tianming, is the most powerful of the hidden super geniuses in our Haoran Academy." .??.

Hearing what Baby Haoran said, Ye Feng immediately nodded slightly, then looked at the young man in black robe walking in front, and said loudly: "You can't do anything in the city of chaos. You should know this rule."

Xiao Chen stared at Ye Feng coldly at this moment and said loudly: "You killed my brother Xiao Mo before."

When Ye Feng heard what Xiao Chen said, his eyes suddenly froze, and then he said slowly: "Your brother Xiao Mo and Chen Ling, two direct disciples, actually wanted to take away the sealed baby Haoran before, and wanted to extract it. The blood in the baby Qian Haoran's body is really ruthless, so I will naturally kill them."

Hearing what Ye Feng said, Xiao Chen said coldly: "I don't care what the reason is, if you kill my brother, you will have to pay the price in blood. Now come out with me, I will fight you, you You are the divine son of the Ten Thousand Realms Martial Arts Academy, don't let me look down on you."

When Ye Feng heard what Xiao Chen said at this time, he simply ignored the opponent's provocation. He just smiled indifferently and said, "Why do you order me? I make the decision myself on what I want to do."

After saying that, Ye Feng took Baby Haoran and walked directly towards a certain direction in the City of Chaos.

Ye Feng is going to find a trading place in this city of chaos to sell the many weapons, armors, inherited techniques and other resources that he has plundered during this period, and exchange them for elixirs or heavenly materials that can improve his cultivation. Earth treasure.

After all, in the process of escaping from Haoran Academy, Ye Feng killed many super geniuses and various king-level or emperor-level masters of Haoran Academy. Naturally, he got many storage rings from various masters, which contained many Weapons, armor inheritance, etc.

There are some things that Ye Feng can't use, but they can be used to sell them.

Exchange it for the elixirs and heavenly materials and earthly treasures you need that can enhance your skills.

"you.....!"

At this time, when he saw Ye Feng taking Haoran's baby, he turned around and left. Xiao Chen's face immediately darkened, and he couldn't help but said to Ye Feng's back: "The Son of God from the Wanjie Martial Arts Academy is so useless. Are you brave?"

Ye Feng didn't bother to pay attention to Xiao Chen at this moment, and just took baby Haoran out of Xiao Chen's sight.

Xiao Chen wanted to take action several times, but after thinking of the rules of the City of Chaos, he finally endured it.

At this time, several old men walked around Xiao Chen. They were all super strong men in Haoran Academy. The auras emanating from their bodies were beyond the emperor level, and they were god-level existences above the emperor level.

This is definitely a master!

These old men are obviously the protectors around Xiao Chen.

At this moment, Xiao Chen looked at the few old men beside him and said aloud: "Since Ye Feng, the god son of the Wanjie Martial Arts Academy, has not been inspired by me to succeed, then let's ignore him for the time being and go to the Sea of Chaos first. It is said that many super geniuses from big forces have descended on the ancient mountain that emerged in the sea area. This is a good opportunity for me to completely transform my cultivation. If I can get the ancient mountain that originated in the glorious era of the great world, If I have the supreme inheritance and Taoism, then my cultivation will definitely improve by leaps and bounds, and I will no longer be afraid of even the powerful elders among the super powerful forces in the Great World of Origin."

Hearing what Xiao Chen said, several guardians around him nodded and said: "Master Xiao Chen, your decision is right. Ye Feng, the son of the god from the Ten Thousand Realms Martial Arts Academy, although his fighting power is amazing, After all, his cultivation base is not as good as that of Young Master Xiao Chen, so he should really ignore him for the time being. Anyway, he can kill Ye Feng at any time. The most important thing now is to plunder the supreme Taoism and Taoism contained in the ancient mountain that appears within the sea area. inherited."

Xiao Chen nodded slightly and said aloud: "Let's go directly now. It is said that many strong men from the big forces can only climb halfway up the ancient mountain and are unable to move

forward. Countless restrictions and formations from ancient times The Dharma has hindered me, but I want to take a look at how extraordinary this ancient mountain is that is left over from the glorious era of our origin."

At this time, another protector couldn't help but said: "But if Ye Feng, the son of God from the Ten Thousand Realms Martial Arts Academy, stays in the City of Chaos like this, the disaster will still be very great. We were chasing Ye Feng before. When I was a baby with Haoran, many masters died in the hands of Ye Feng. At that time, Ye Feng's cultivation level was only half-step to the emperor level. But now I observe his aura and have already stepped into the real first level of the emperor level. Duan, his growth rate is too fast, and his combat power is amazing, he can leapfrog and kill enemies. "

Hearing what the protector said, Xiao Chen just smiled coldly and said: "Don't worry, even if Ye Feng, the god son of the Ten Thousand Realms Martial Arts Academy, is very talented in cultivation and has amazing fighting power, he is waiting for me in the sea area where I am going. Among the ancient mountains, I have received the inheritance of the supreme Taoism, then I will be able to ascend the entire world of origin as a young man

The pinnacle of a generation, this Ye Feng cannot catch up with me. After all, the resources and supreme orthodoxy contained in these famous mountains and monuments born in our world of origin are coveted by even many transcendent beings in high-level interfaces. It can make us soar into the sky. "

Hearing what Xiao Chen said, several of the guardians around him immediately nodded, and then said loudly: "We will definitely help Master Xiao Chen get the countless treasures left over from the glorious days of the Origin World in the ancient mountains. Go up to the inheritance and help Master Xiao Chen grow into the top super genius in our world of origin."

Xiao Chen immediately laughed out loud, and then left the City of Chaos with several powerful guardians in high spirits.

At this moment, Baby Haoran, who was not far away, glanced behind him and said loudly: "Brother Ye Feng, that Xiao Chen has left. It seems that he is heading directly to the ancient mountains in the sea area. Should we follow him?"

Ye Feng shook his head and said: "Don't worry for the time being. I have heard people around me say that the ancient mountain is very dangerous and cannot be explored by ordinary people. After all, this ancient mountain is a remnant of the glorious era of the Origin World. The famous ancient

mountains that came down contain things left behind by the supreme Taoism, which are not easy to obtain. There is no need to panic or be anxious. "

Baby Haoran immediately nodded and said, "Then where are we going now?"

Ye Feng said aloud: "First go to the trading place in this city of chaos. I will take all the various resources, armors, treasures, inheritance, etc. that I have collected during this period. These things that I have no use for will be collected." Exchange them for cultivation resources that improve my cultivation. In this case, my cultivation skills will be improved. When the time comes, we will have greater confidence in exploring the famous ancient mountains that suddenly appeared in the ocean. Get benefits."

When Baby Haoran heard what Ye Feng said, he immediately nodded and followed behind Ye Feng without saying anything more.

Next, Ye Feng quickly arrived at the trading place in the City of Chaos. .??.

There is a huge trading place here, and the entire road is full of practitioners of all kinds, trading various cultivation resources here.

Some of these various practitioners come from the eastern land, some come from the depths of the ocean, and some come from the western land.

It is very simple to judge their origins, that is, look at the clothes they wear and their respective shapes.

Generally, practitioners from the eastern land basically wear antique robes and look very classical.

Practitioners from the depths of the ocean are generally marine races, with scales of various colors on their bodies. Some of them have transformed into human forms, but they still have long fish tails, and some have... Dragon horns, some have turtle shells growing on their backs, etc., retaining some of the biological parts of their own marine race.

As for the practitioners from the western land, they basically look very different from the practitioners from the eastern land. Most of them have very fair skin, long golden or red hair, and very thick facial features. It gives people a feeling of being in a foreign land.

"Look! That's a dragon knight from the western land!"

At this time Haoran

The baby seemed to have seen something and immediately couldn't help but said excitedly.

Ye Feng immediately looked in that direction, and sure enough he saw a tall young man wearing silver armor and holding a silver sword in his hand. He looked very noble.

He was standing on top of a black dragon with huge wings.

This giant black dragon looks like a large lizard with wings. It is very different from the long-bodied dragons in the eastern land. It looks more ferocious, but also uglier. No The nobility of the dragon clan in the eastern land.

At this time, Ye Feng couldn't help but patted Haoran's baby on the head and said aloud: "This kind of dragon knight in the western land cannot be called a dragon at all, it is just a big lizard with wings. What's so domineering? When I have time in the future, I will go to the wild jungle and catch a long dragon from our eastern land for you to use as a mount. That will be even more domineering. "

"real?"

When Baby Haoran heard what Ye Feng said, his innocent eyes widened immediately, and his longing for the Son of God appeared on his fat little face.

Obviously he believed Ye Feng's words and was even looking forward to the feeling of riding a long dragon and flying across the sky.

"Ye Feng, why are you here? It seems to be very far away from the Ten Thousand Realms Martial Arts Academy. I didn't expect you to come to the Sea of Chaos." Suddenly at this moment, a very surprising voice sounded from behind.

This is a woman's voice. The timbre is very beautiful. The sound alone is pleasing to the eye.

"Um?"

Ye Feng turned around immediately at this time, a little confused. There was someone here who knew him, but he didn't know who he was.

The next moment, Ye Feng looked behind him, and a beautiful figure of a fiery red woman suddenly appeared in his field of vision.

It turned out to be the Phoenix Goddess.

She is a saint from the Phoenix Kingdom, one of the members of the Righteous Alliance!

The Phoenix Goddess was seriously injured before and was inadvertently rescued by Ye Feng. This saint of the Phoenix Kingdom naturally had a very favorable impression of Ye Feng.

Moreover, the two of them had participated in the Dark Trial together and hunted down the demonic geniuses of the Dark Alliance, so they were very familiar with each other.

At this time, the Phoenix Goddess was naturally very surprised and very happy when she saw Ye Feng in such a distant Sea of Chaos area.

"Wow, is this beautiful big sister your girlfriend, Brother Ye Feng?" Baby Haoran suddenly said from the side.

"No, no, your brother Ye Feng and I are just friends, but very close friends. You can call me Sister Phoenix." Phoenix Goddess explained quickly, but her beautiful white face still showed a trace of blush, which was different from her usual heroic appearance.

"Baby Haoran, don't talk nonsense." Ye Feng couldn't help but patted Baby Haoran's big head immediately.

Then Ye Feng looked at the Phoenix Goddess in front of him, smiled slightly, and said: "Long time no see, this time you come to the City of Chaos, Phoenix Goddess, you should also be here for the

famous mountain and monument from the ancient glorious era that suddenly appeared in the nearby sea. ?”

Chapter 3943 The Proud Dragon Knight

At this time, hearing Ye Feng's question, the Phoenix Goddess immediately nodded and said, "Ye Feng, you should also be here for that famous ancient mountain that suddenly appeared."

Ye Feng shook his head and said with a smile: "This time I happened to pass by Haoran Academy, and happened to encounter a change in the lineage of the leaders of Haoran Academy, so I left Haoran Academy with Baby Haoran and came here. , This time I came here just by chance and came across the famous ancient mountain that suddenly emerged from the sea. My main purpose of coming to the Sea of Chaos this time was to find my family. "

When the Phoenix Goddess heard what Ye Feng said, a look of surprise suddenly appeared in her eyes, and she couldn't help but ask: "Ye Feng, is the family behind you in the Sea of Chaos? I remember that you seem to be from the Wanjie Martial Arts Academy. Son of God."

Ye Feng nodded slightly, and then said with a hint of sigh in his tone: "My family is actually relatively unfamiliar to me, because I can be said to be the prodigal son of our family who wandered away and never came back."

Hearing what Ye Feng said, the Phoenix Goddess understood, and immediately nodded, then a smile appeared on her beautiful face, and she said loudly: "Since we are so destined to meet in this city of chaos, then Let's walk together next."

Ye Feng glanced around the Phoenix Goddess and found that she seemed to be alone. He couldn't help but said: "You are the saint of the Phoenix Goddess. Logically speaking, there should be a large group of people coming with you."

When the Phoenix Goddess heard what Ye Feng said, she immediately shook her head and said, "I usually go out alone because I don't like to form a group with others. That would be very troublesome."

When she said this, the Phoenix Goddess glanced at Ye Feng in front of her, then a slight smile appeared in her beautiful eyes, and said loudly: "But if I am with Ye Feng, I won't feel any trouble."
”

Hearing what the Phoenix Goddess said, Ye Feng had a look of surprise in his eyes. He glanced at the beautiful woman in front of him who seemed to have an inexplicable look on his face, and said nothing more.

Next, Ye Feng directly began to take out some of the resources in his storage ring that he could not use, such as some armors, weapons, treasure inheritance, etc., and then started selling them in this trading place.

Seeing that Ye Feng took out many weapons, armors, inherited techniques, etc. from the storage ring, there was a hint of surprise in the eyes of the Phoenix Goddess.

She immediately understood. It was estimated that Ye Feng had been hunted down by some strong men from the major forces during this period, otherwise he would not have been able to obtain so many weapons and armors from the major forces.

At this time, the Phoenix Goddess could not help but reveal a helpless smile in her eyes towards Ye Feng. She suddenly discovered that Ye Feng seemed to be being chased most of the time.

The Phoenix Goddess couldn't help but want to say, you, Ye Feng, are the divine son of the Ten Thousand Realms Martial Arts Academy, why are you being hunted down every day?

At this time, Ye Feng sold all the resources he had plundered and obtained a lot of pills that could improve his power, which made Ye Feng's eyes show a trace of joy.

Sure enough, trading in this city of chaos is very convenient, and you can exchange it for various resources you want at any time.

Many of those who traded with Ye Feng were marine races from the depths of the ocean.

Because the marine race enjoys a lot of marine resources in the entire vast central ocean, they have a lot of elixirs, spiritual materials, and elixirs in their hands.

Because the entire central ocean is boundless, it is originally a huge treasure house of materials from heaven and earth.

But they are very lacking in various powerful inherited techniques, or some exquisite weapons and armors, etc.

Therefore, these marine races were very satisfied after completing the transaction with Ye Feng.

They even told Ye Feng that if they had so many exquisite high-end weapons and armors, they would trade with them next time, and Ye Feng naturally responded with a smile.

Then, Ye Feng, Phoenix Goddess, and baby Haoran directly found an inn to stay in this city of chaos.

\u003e In the room, Ye Feng did not hesitate and took out all the materials and elixirs he had exchanged that could improve his cultivation skills.

These materials and elixirs all come from the depths of the central ocean. They are good things grown by heaven and earth, and contain very pure energy.

"Buzz!"

At this moment, Ye Feng directly released the Devouring Domain and began to devour it.

Boom!

A stream of very majestic energy was immediately absorbed and injected into Ye Feng's body.

Ye Feng immediately felt that his skill had increased tremendously.

Boom!

At a certain moment, Ye Feng's body suddenly burst out with a powerful aura of cultivation.

Ye Feng's cultivation level has once again been broken through and improved, from the first stage of the Emperor's level to the second stage of the Emperor's level!

Ye Feng was very satisfied with the improvement in his cultivation level once again.

Ye Feng walked out of the inn, preparing to find the Phoenix Goddess and Baby Haoran, and go together to the famous mountains from the ancient glorious era that suddenly appeared in the sea outside the City of Chaos.

But the moment Ye Feng just walked out of the inn, he immediately saw a very arrogant dragon knight, wearing silver armor and holding a silver long sword in his hand, at the door of the inn. Say something to the Phoenix Goddess.

Ye Feng immediately walked over and saw the dragon knight. He let his mount, a black lizard-like dragon, lie at the door of the inn, blocking the way of the Phoenix Goddess.

Baby Haoran ran over from not far away and quickly said to Ye Feng: "Brother Ye Feng, this dragon knight is really hateful. I saw Sister Phoenix looking very beautiful, so I wanted to invite Sister Phoenix." Going to attend a banquet for practitioners in the City of Chaos, Sister Phoenix naturally refused to agree, but this dragon knight refused to give up. If Sister Phoenix had not taken into account the other party's identity and strength, she would have taken action. "

Hearing what Baby Haoran said, Ye Feng's eyes suddenly turned cold, and then he walked over slowly and came to the Phoenix Goddess.

"Ye Feng, you're here!"

When the Phoenix Goddess saw Ye Feng coming, she immediately felt a sense of security in her heart.

She stood directly next to Ye Feng, stretched out a small white hand, took Ye Feng's arm, and said loudly: "Ye Feng, let's go, ignore this dragon knight, he comes from The Holy Dragon Empire in the western land has a distinguished status, a very high status, and is used to being domineering. We don't want to be like him, let's go directly."

Obviously, the Holy Dragon Empire is a very terrifying force in the western land. Even if the Phoenix Goddess comes from the Phoenix Kingdom, she is not willing to be an enemy.

Before Ye Feng could say anything, the tall and muscular dragon knight with blond hair not far away saw the Phoenix Goddess behaving so intimately with Ye Feng, and his eyes suddenly darkened.

He immediately stared at Ye Feng and said loudly: "Skinny Dongfang boy, why do I feel that you are a weakling with no power to restrain a chicken? Such a beautiful fairy would be so intimate with you. I really can't figure it out."

Hearing this dragon knight from the western land say this, Ye Feng suddenly showed a faint smile on his face and said loudly: "If you think I am weak, why don't we have a test to see who is stronger?" powerful."

Hearing what Ye Feng said, the dragon knight's eyes immediately lit up and he quickly said, "Okay, I'll give you a try."

After finishing speaking, the dragon knight looked at the Phoenix Goddess beside Ye Feng and said: "Your noble and beautiful Eastern Fairy, I will compete with the man next to you later. If who wins, then Anyone has it

I am qualified to invite the beautiful fairy to the dinner party in the City of Chaos tonight. "

When the Phoenix Goddess heard what the Dragon Knight said, she immediately wanted to refuse.

But Ye Feng glanced at the Phoenix Goddess at this time, smiled and said: "Don't worry, let me teach this self-proclaimed noble dragon knight from the western land a lesson, let him know that I am not uninhabited in the east. "

After saying that, Ye Feng and the Dragon Knight walked directly outside the inn.

Baby Haoran and Phoenix Goddess also walked out quickly.

All the guests in the entire inn, including many practitioners walking on the street outside, saw this scene with deep excitement in their eyes.

Because this battle represents the competition between the combat power of the entire eastern land and the western land.

The field was immediately surrounded by many practitioners.

At this moment, the dragon knight wearing silver armor and holding a silver sword in his hand stared at Ye Feng in the front, smiled and said: "I am a distinguished dragon knight from the Holy Dragon Empire in the western land. , are qualified to invite others to fight among the Gods of Chaos, and will not be sanctioned by the law enforcement team of the City of Chaos, as long as no lives are lost, but before the fight, we need to sign a fight agreement. In the process, if you miss and cause harm to the other party, you do not need to be responsible for the other party."

Ye Feng immediately nodded, and then said loudly: "But in our eastern land, when you compete with others, you naturally want to win."

"Ask for a lucky break?"

The dragon knight had doubts in his eyes and asked aloud: "What is the lottery? I don't understand."

Ye Feng smiled and said, "That's what the bet means."

"I see."

The dragon knight immediately laughed and said aloud: "Young boy from the East, you are very interesting. Well, you said what bet you want, but you basically have no chance of winning. You don't understand, I am qualified to become a holy dragon." How powerful are the dragon knights of the empire?"

Hearing what the dragon knight said, Ye Feng just smiled faintly and said: "If you win, I will give you my most powerful inheritance, but if I win, I need the strongest in you." A big inheritance, and you also need to come to my friend Phoenix Goddess in person and apologize to her."

Hearing what Ye Feng said, the dragon knight opposite him immediately laughed out loud: "Okay, I'll make a bet with you."

After finishing speaking, the dragon knight suddenly seemed to have thought of something, and immediately said: "We dragon knights have strong combat power, and a large part of it relies on our mounts, so my partner, the black one The dragon must also join the battle with me."

Hearing what the dragon knight said, many cultivators watching the battle suddenly shouted: "You dragon knights from the western land are so shameless, you actually want to fight with such a terrifying beast against us in the east "Young man from the earth, this is two against one, very unfair."

This dragon knight from the Holy Dragon Empire of the Western Land, when he heard the shouts of many practitioners around him, he immediately couldn't help but said: "We dragon knights and dragon mounts are originally one."

Ye Feng suddenly spoke up at this time: "Okay, I allow you and your big lizard with wings to join forces to fight me.":

"A large lizard with wings?"

Hearing Ye Feng's name, the black giant dragon from the western land not far away couldn't help but roared angrily. It stared at Ye Feng with its ferocious eyes, as if it wanted to swallow Ye Feng instantly. .

Obviously, this giant black dragon from the western land felt that he had been insulted.

"Hahaha, yes, these giant dragons in the western land are indeed big lizards with wings!"

At this moment, many practitioners who gathered around to watch laughed out loud, amused by Ye Feng's name.

Most of the practitioners in Chaos City

, basically all come from the eastern land, so they are naturally very unhappy with these self-proud dragon knights from the western land.

So now that I have the opportunity to humiliate these dragon knights, I will naturally show no mercy to them.

However, some people are very worried, thinking that Ye Feng's combat power is not enough, and he may not be the opponent of the dragon knight in the western land.

After all, the cultivation strength of this dragon knight is very terrifying. The aura exuding from him is that he is an existence at the tenth level of the peak emperor level above the emperor level, and he is also assisted by this powerful and ferocious black dragon.

Ye Feng can say that the next battle will be very dangerous.

After all, everyone can sense the cultivation aura of Ye Feng, who is a whole level lower than this dragon knight and is only the second level of the emperor.

Although many people speculate that the reason why Ye Feng is so confident must be a super genius from a super power or an ancient family in their eastern land.

But even a super genius would probably have a hard time fighting against a dragon knight who controls a black dragon.

Ye Feng could sense at this moment that the cultivation aura of this dragon knight was at the same level as the super genius Xiao Chen from Haoran Academy, both of them were at the tenth level of the peak of the emperor level.

Moreover, this dragon knight also has this extremely ferocious black dragon, and his combat power is naturally even more terrifying.

But Ye Feng felt that although this dragon knight was at the same level as the super genius Xiao Chen, he was definitely not as powerful as Xiao Chen.

Xiao Chen's first feeling for Ye Feng was that of great fear.

It shows that Xiao Chen's combat power is very terrifying, and he has hidden terrifying methods.

But this dragon knight gave Ye Feng the feeling that his cultivation aura was relatively powerful, and his real combat power seemed to be very ordinary, and he did not feel afraid of Ye Feng.

Ye Feng's subconscious perception is very accurate.

Because you must know that Ye Feng's soul power has now risen to a very terrifying level.

Therefore, Ye Feng can sense the strength of the enemy's combat power in an instant.

For example, when meeting Xiao Chen, Ye Feng would subconsciously feel a sense of crisis and be very afraid.

But facing this dragon knight at this time, it seemed that this dragon knight was very powerful and had a black dragon to assist him, but Ye Feng didn't feel too afraid.

This shows that the real combat power of this dragon knight is not as powerful as everyone imagined, at least not for Ye Feng.

That's why Ye Feng was so confident and calm at this time.

At this moment, the Phoenix Goddess not far away showed a hint of worry in her eyes.

Because she knew very well that this kind of dragon knight from the western land had very powerful means and was not so easy to deal with.

Baby Haoran was very confident. He looked at the Phoenix Goddess beside him and said with a smile: "Sister Phoenix, don't worry, brother Ye Feng is very powerful. When brother Ye Feng took me to escape from Haoran Academy, He has killed many superpowers from our Haoran Academy, and Brother Ye Feng's fighting ability is very powerful."

Hearing what Baby Haoran said, Phoenix Goddess just smiled and nodded, but there was still worry in her beautiful eyes.

Because the Phoenix Goddess has a lot of worries after all, not only the dragon knight's own strength, but also the transcendent power represented behind the dragon knight.

After all, the Phoenix Goddess is a saint of the Phoenix Kingdom, and she knows a lot of inside information. She knows very well how terrifying and huge these transcendental forces in the western land are.

At this moment, many practitioners in the City of Chaos who were surrounding them had their eyes filled with deep expectations.

I wonder who will win?

Is it that mysterious oriental boy?

Or the noble dragon knight from the western land who looks tall and domineering?

Chapter 3944 Light of Judgment

In the city of chaos, on the square outside the inn.

Murderous intent permeated the air, and fighting spirit was overwhelming.

Ye Feng and the dragon knight faced each other from a distance, and the auras emanating from their bodies were enough to shake the heavens and the earth.

The City of Chaos does not allow fighting or taking action, but the dragon knights come from the great transcendent power of the western land, the Holy Dragon Empire.

He is a distinguished guest at this grand banquet held in the City of Chaos, so he has the privilege to fight with people in the city, as long as he does not hurt people's lives.

However, everyone around them knew that this level of combat destructive power must be amazing.

If you make a slight mistake during the battle and kill the opponent, it is not impossible.

So at this time, everyone's eyes were very solemn, wondering whether the mysterious young man who dared to challenge the Dragon Knight could survive safely.

After all, on the surface, it seems that the Dragon Knight has an absolute advantage.

Because the cultivation level of this dragon knight is a whole level higher than that of Ye Feng.

Moreover, this dragon knight also has the help and assistance of an extremely ferocious black dragon.

In addition, many people know that these dragon knights from the Holy Dragon Empire of the Western Land are very powerful in combat.

It is said that only those who have received the baptism of the holy dragon blood of the Holy Dragon Empire are qualified to become the dragon knights of the empire, so their combat power must be very terrifying.

Uh-huh!

At this moment, the dragon knight flew directly above the head of the black dragon. It looked very majestic and vast, giving people a very strong sense of oppression.

Ye Feng stared at the dragon knight in front of him at this moment, smiled and said: "Just take action."

At this time, the dragon knight smiled coldly and said loudly: "When I strike, I won't leave any force behind. Be careful, don't be defeated by me in an instant, that would be boring!"

boom!

At this moment, as the dragon knight spoke, the silver armor on his body suddenly burst out with a bright light.

He held the silver sword in his hand, controlled the black dragon under his feet, and charged directly towards Ye Feng, full of terrifying momentum.

It has to be said that this dragon knight is, after all, a transcendent power from the western land, the Holy Dragon Empire, and his strength is still very terrifying.

At this time, as soon as the dragon knight took action, there was an earth-shattering feeling, which made many practitioners in the City of Chaos watching around feel a deep sense of depression.

"Such a strong aura and power. This dragon knight makes me feel like a Western god has revived. It's so terrifying."

Many practitioners present couldn't help but exclaimed in surprise.

This was the first time they saw a real dragon knight taking action, with terrifying power.

At this moment, Ye Feng did not hesitate at all. He instantly burst out with his extremely powerful cultivation power, and then unleashed his terrifying Hongmeng Immortal Body with all his strength.

Now Ye Feng's Hongmeng Immortal Body has transformed to the early stage of the sixth level, so Ye Feng's physical strength is very powerful.

At this moment, Ye Feng stretched out two hands, and bright purple light burst out from each hand.

That is the power of Hongmeng.

At this moment, Ye Feng's hands collided with the feet of the black dragon, and a terrifying roar suddenly broke out.

Boom! !

The whole earth is there

Like a tremor.

"What???"

When many cultivators around saw this scene, they couldn't help but exclaimed: "Isn't this young man too trustworthy? He dared to directly confront the black dragon from the western land? He must have been trampled to pieces. mud."

But the moment everyone finished speaking, the smoke and dust on the battlefield dispersed. Ye Feng's hands actually grabbed the two feet of the black dragon, and blocked the black dragon directly on the battlefield. , unable to move.

"What??"

"hiss!!"

Seeing this scene, countless practitioners on the field suddenly widened their eyes, as if they had never imagined that Ye Feng actually possessed such terrifying power.

The power of that kind of body is like that of a god or demon, it's so terrifying.

At this moment, the dragon knight also suddenly showed a look of horror in his eyes, and couldn't help but said: "Oh, my God! How is this possible! My black dragon is a nobleman of the Holy Dragon Empire, and I personally rewarded it to him. I have noble and powerful blood, and possess incomparable terrifying power. I can crush mountains and rivers with two feet. How could I be blocked by your two hands?"

At this time, the dragon knight was obviously shocked to the extreme. It seemed that he had never thought that Ye Feng's seemingly thin body actually contained terrifying power like a god and demon. It was really incredible.

At this moment, Ye Feng smiled faintly and said: "I have said before, you are not a strong person in my eyes."

Today's Ye Feng's combat power has become very terrifying, so at this moment Ye Feng roared, and with the power of his body, he directly overturned this majestic black dragon that was several kilometers long. .

At this moment, the dragon knight immediately shouted: "Black dragon, breathe fire and burn him!"

Boom!

At this moment, the black dragon suddenly opened its bloody mouth and spurted out a terrifying flame dragon breath. It had extremely terrifying burning power and burned the surrounding city made of steel. Gotta melt.

At this moment, Ye Feng didn't hesitate at all, and just started using the mysterious breathing method of the God given to him by Dean Tianshu before running it.

Buzz!

The next moment, with every breath Ye Feng took, he could feel his strength being incomparably enhanced.

Then, the shadow of an ancient god appeared on Ye Feng's entire body, which increased Ye Feng's combat power unparalleledly.

Boom!

At this moment, Ye Feng's whole body burst out with bright divine light, just like an ancient god, he directly broke through the flames and punched the black dragon hard.

"howl!!!"

This big lizard with two wings screamed in agony. Countless scales on its body were shattered by Ye Feng's punch, and then its entire huge body flew out violently. He fell hard to the ground not far away and kept wailing.

It has to be said that Dean Tianshu is still very mysterious. He gave Ye Feng this divine breathing method, which increased Ye Feng's combat power many times when it was running. He overturned this black dragon in one fell swoop. .

At this moment, the dragon knight suddenly shouted: "The light of judgment"

! "

At this moment, the dragon knight did not hesitate. Knowing that the enemy in front of him was very terrifying, he directly displayed his most powerful inheritance, the light of judgment.

Buzz!

The next moment, a brilliant white divine light suddenly burst out from the dragon knight's body, and then it actually attached to the silver sword in his hand.

His silver long sword suddenly erupted with a huge sword light that was several kilometers long, slashing fiercely towards Ye Feng. It had terrifying power of judgment, like a god judging and ruling on life. .

Obviously, the inheritance of this dragon knight's training can give his weapons extremely powerful ruling power and terrible destructive power.

At this moment, Ye Feng directly released the nine-color feathers without any hesitation.

Boom! ??

Ye Feng's body suddenly burst out with a nine-color divine light. The nine-color feathers were like the legendary sword of the gods. They also had terrifying piercing and cutting power. They could kill thousands of people at once. Mi's sword light was shattered, and then the long sword in the dragon knight's hand was also shattered, and it was directly bombarded in front of the dragon knight.

It was only one step away from piercing the dragon knight's head.

The dragon knight turned pale with fright, and his forehead was covered with cold sweat.

At this moment, the nine-color feather so close at hand made him feel the long-lost shadow of death.

At this time, Ye Feng reached out and grabbed the nine-colored feathers and put them back into his body. Then he slowly walked up to the dragon knight, smiled and said, "You lost this competition. "

Ye Feng did not directly kill the dragon knight. The two had no grievances. They were just fighting over some conflicts so that they would not fight each other to the death. Furthermore, in the city of chaos, life and death killings were not allowed, otherwise the consequences would be serious. Previously, Xiao Chen, an emperor-level genius from Haoran Academy, did not dare to violate this rule.

At this moment, when he heard what Ye Feng said, the Dragon Knight turned very pale, and then he couldn't help but smile helplessly and said: "I underestimated the people in the world. It turns out that the magical East has such terrifying things." The martial arts inheritance and magic weapons really opened my eyes. Even the mithril sword forged by our Holy Dragon Empire cannot resist your kind of feathers. It's so powerful."

At this time, the dragon knight was convinced and simply gave up, and then obediently handed over his powerful inheritance of life and the cultivation method of the light of judgment into Ye Feng's hands.

At this time, Ye Feng saw that the other party was willing to admit defeat and cooperated very well. He was too lazy to care about anything. He took the light of judgment in his hand and said aloud: "Apologise to my friend Phoenix Goddess, and take it easy in the future. Don't mess with people you can't afford to mess with."

The dragon knight could only nod in agreement at this time, and walked up to the Phoenix Goddess. He seemed very ashamed and said loudly: "Noble Eastern Fairy, I regret that I failed. It seems that I am not able to invite you to participate in this Battle of Chaos. It's a huge pity that I shouldn't have provoked you so abruptly."

Seeing the dragon knight in front of him who lowered his head to admit his mistake, the Phoenix Goddess's beautiful eyes were full of surprise.

She stared at Ye Feng not far away, and suddenly realized that Ye Feng was many times more powerful than when she first met him. It was really amazing.

Some people have said before that the divine son of the Wanjie Martial Arts Academy is just a weak divine son on the surface.

.

But now it seems that Ye Feng's true combat power is definitely a first-rate super master among the Righteous Alliance in the Eastern Land.

At this moment, Baby Haoran also clapped his little hands happily and said loudly: "Brother Ye Feng is so powerful, he beat the domineering dragon knight to his knees!"

At this time, countless cultivators from the City of Chaos watching around them couldn't help but take a breath of air.

They never thought that this mysterious young man who looked ordinary could actually have such terrifying fighting power. He was able to defeat this extremely powerful dragon knight without any ability to fight back. It was really terrifying.

"Who is this mysterious boy?"

"It's so amazing and beautiful!"

At this time, countless people were speculating on Ye Feng's true identity.

At this moment, Ye Feng was in a very good mood after getting the inheritance of the Dragon Knight he wanted, the Light of Judgment.

After all, this is a powerful inheritance from the Holy Dragon Empire, a transcendent power in the western land. For Ye Feng, it naturally has great cultivation significance and can enhance Ye Feng's combat effectiveness.

However, Ye Feng felt that this Light of Judgment seemed to be able to exert its power only if it had a powerful weapon.

After all, this light of judgment is the light of power attached to the weapon.

Ye Feng felt that he still needed to visit some weapon shops in the City of Chaos to see if he could choose some powerful weapons so that he could give full play to the power of the Light of Judgment.

And just when Ye Feng was about to turn around and leave with the Phoenix Goddess and Baby Haoran, suddenly an old man in black robes came over not far away.

The aura of this old man wearing a black robe was unfathomable, making Ye Feng's eyes look solemn.

The cultivation aura of this black-robed old man has definitely surpassed the emperor level and the emperor level, and he is a powerful existence at the god level.

This is an extremely terrifying super master!

The sleeves of this black-robed old man were engraved with the image of a Flower of Chaos.

At this moment, there were practitioners around who couldn't help but exclaimed: "This is the law enforcer of the City of Chaos. Is he going to arrest the mysterious young man who made a secret move and the dragon knight from the western land?"

But at the next moment, everyone couldn't help but look shocked. The law enforcer of this city of chaos was actually very polite. He came to Ye Feng and said loudly: "You should be the son of God of the Wanjie Martial Arts Academy." , Ye Feng Shenzi, right? He is indeed a young hero. He is really awesome. This time I came here in person just to invite Ye Feng Shenzi, as well as Ye Feng Shenzi's friends, Phoenix Goddess, and Haoran Baby from Haoran Academy. , let's go to the dinner party held by the Lord of Chaos City tonight. Then we can discuss together how to obtain the supreme orthodoxy and inheritance from the famous ancient mountains of the glorious era that suddenly appeared in that sea area. After all, people There is so much power, and this time there are many great transcendent forces, all of which have descended here."

Hearing what the law enforcer said, Ye Feng's eyes suddenly moved. It seemed that the city lord of the city of chaos also coveted the famous ancient mountain that suddenly appeared in the sea. He invited so many masters and young top-notch people. The genius attended the dinner, probably because he wanted to cooperate with everyone to attack the famous ancient mountain, and even invited the dragon knights from the western land.

Chapter 3945 Attending the Dinner Party

"It's actually Ye Feng, the son of God from the Wanjie Martial Arts Academy?"

"No wonder it's so powerful!"

At this time, many cultivators from the City of Chaos who were watching around suddenly realized what Ye Feng was called by the law enforcer of the City of Chaos.

They finally understood why this mysterious young man had such strong fighting power.

He turned out to be the divine son of the Ten Thousand Realms Martial Arts Academy, a great transcendent force in their eastern land.

No wonder it's so powerful.

At this moment, the failed dragon knight stared at Ye Feng and couldn't help but said in admiration: "It turns out that he is His Highness the Son of God of a super power in the eastern land. No wonder he is so powerful. Even the black dragon and I joined forces. They are no match for you."

At this moment, Ye Feng still had a hint of surprise in his eyes.

Unexpectedly, the law enforcers of the City of Chaos had discovered his true identity in such a short period of time. He was the Son of God of the Ten Thousand Realms Martial Arts Academy.

It seems that this city of chaos is more complicated than I imagined. It is very familiar with the major events in the world.

After all, the Ten Thousand Realms Martial Arts Academy is very far away from the Sea of Chaos area, but the City of Chaos can still investigate its own identity. This kind of intelligence ability is very extraordinary.

At this time, the old man in black robe stared at Ye Feng and said with a smile: "Sir Ye Feng, do you want to attend our dinner party in the City of Chaos? There are many super geniuses and masters from super powers. The gathering place is definitely a good place for Ye Feng Shenzi, where he can get to know many powerful beings and distinguished masters. However, Ye Feng Shenzi is not in a hurry to consider whether to cooperate with our City of Chaos. He will go and participate first. Our dinner can be regarded as a way for our City of Chaos to receive the wind and wash away the dust for such a noble being as Ye Feng Shenzi."

Hearing what the law enforcer said, Ye Feng smiled slightly and said, "Okay, I will go to the appointment on time tonight."

After finishing speaking, the face of the law enforcer in the City of Chaos suddenly showed a smile and said loudly: "Okay, then I look forward to the arrival of Ye Feng Shenzi in the evening."

After saying that, the law enforcer of Chaos City directly led

The dragon knight left here.

At this moment, the Phoenix Goddess came to Ye Feng's side and couldn't help but said: "The city of Chaos has only now had law enforcers. I want to invite you to a dinner party. I guess I didn't recognize your strength at first. After all, based on the information channels in the City of Chaos, we would have been recognized the moment we entered the City of Chaos. But when Ye Feng fought with the Dragon Knight, you showed unparalleled combat power. The City of Chaos The city's law enforcers just came to our door and invited you to this dinner, which shows that they didn't take us to heart at all in the first place."

Ye Feng nodded slightly and said with a smile: "This is how the world of cultivation is. Only by showing great strength will you be recognized by others. I will go to the dinner party tonight and take a look first. The ancient glory that suddenly appeared in the sea The famous mountains of the era are indeed very dangerous. It is estimated that it will be difficult to attack with the strength of a few of us. Moreover, there are also super masters from various major forces who will gather there to fight for it. Therefore, if we cooperate with the City of Chaos , it is also a good idea, after all, this time the City of Chaos has gathered many lonely masters, which can be regarded as a very powerful force. "

When the Phoenix Goddess heard what Ye Feng said, she nodded slightly and said nothing more.

Then Ye Feng spent the whole day in the inn to successfully practice the light of judgment that the dragon knight had lost to him.

Because Ye Feng's comprehension is very powerful, he can successfully cultivate this powerful inheritance from the western land in just one day.

Next, Ye Feng did not find a suitable weapon.

But Ye Feng discovered that when he used the Light of Judgment, he could directly condense various types of weapons.

This opened Ye Feng's eyes.

It seems that the dragon knight's understanding of the light of judgment is not as good as his own.

The dragon knight released the light of judgment, which could only be attached to the weapon in his hand.

But Ye Feng's understanding of the Light of Judgment has now reached an extremely deep level.

Therefore, the light of judgment released by Ye Feng can completely condense the weapons composed of different forms of light, which are also terrifyingly destructive and do not need to be attached to tangible weapons at all.

This discovery made Ye Feng's eyes show surprise.

This inheritance from the western land is indeed very magical. .???.??

By this time, it was already getting late.

The entire city of chaos was shrouded in night.

But the whole city is extremely lively tonight.

Because a grand dinner was held in the central square of the City of Chaos.

Although many practitioners are not qualified to be invited in, they are still watching from a distance, hoping to see the world.

At this moment, in the small inn, Ye Feng took the Phoenix Goddess and Baby Haoran and set off directly, walking quickly towards the central square of the City of Chaos.

When they arrived at the square, they immediately saw a sea of people.

Countless practitioners gathered here.

Although these practitioners could not enter the central square to attend the dinner, they stopped in the outer areas to see what distinguished people were attending the dinner tonight.

At this moment, Ye Feng came here with the Phoenix Goddess and Baby Haoran, and did not attract many people's attention.

Because the battle between Ye Feng and the Dragon Knight in the morning was only watched by a small group of practitioners known as Chaos, so most of the practitioners did not know Ye Feng's true identity.

When Ye Feng, the Phoenix Goddess, and Baby Haoran arrived at the outskirts of the central square, they immediately saw that the law enforcer of the City of Chaos during the day, the old man in black robe, suddenly arrived at Ye Feng's side. before.

The old man smiled and said: "Ye Feng Shenzi, you are here, great. Please enter the central square and attend the dinner. It is very lively here. The young city lord of our Chaos City will also come later. , discuss with everyone

Discuss important events related to the famous ancient mountain that appeared in the nearby sea. "

After finishing speaking at this moment, the law enforcer took Ye Feng directly into the central square.

Ye Feng immediately saw that many distinguished figures of all kinds had arrived in the central square.

Most of them come from major forces.

There are dragon knights from the western land.

There are also some mages from the western land wearing light blue robes, holding staffs in their hands, and they look very extraordinary.

In addition, there are masters from other major forces in the eastern lands.

But Ye Feng did not see the ocean race. It seemed that the ocean race had already gathered in that famous ancient mountain and did not need to cooperate with the City of Chaos.

At this time, Ye Feng and Phoenix Goddess saw many familiar people.

The last time they cooperated with them to participate in the Dark Trial, hunting down demonic geniuses, such as Gu Taichu, one of the top ten true disciples of the Taixuan Divine Sect, and Su Mo, the young master of the ancient aristocratic Su family.

"Um?"

In addition, Ye Feng also saw Shangguan Tianya, the eldest son of the ancient Shangguan family.

Shangguan Tianya and Ye Feng have a very good relationship. They had an unforgettable experience in the Dark Trial before. Shangguan Tianya's mount, the Bright Dragon, was killed, and then Shangguan Tianya was rescued by Ye Feng.

At this moment, Shangguan Tianya saw Ye Feng in the crowd, and immediately couldn't help but said in surprise: "Brother Ye! I didn't expect to see you here, and I didn't expect you to come all the way here. It's really great." What a surprise!"

At this moment, Shangguan Tianya was naturally very happy when he saw his good brother, and came directly in front of Ye Feng.

The next moment, he saw the Phoenix Goddess standing next to Ye Feng. She was graceful and beautiful. There was an inexplicable meaning in her eyes. He couldn't help but said: "Brother Ye, you are so amazing. I haven't seen you for many days." See, even one of the three beauties of our Righteous Alliance, the Phoenix Goddess, has followed you, which really makes me admire and envy you!"

Chapter 3946 The threat of the eldest prince

After Shangguan Tianya finished speaking, the Phoenix Goddess standing next to Ye Feng couldn't help but smile.

However, the Phoenix Goddess did not explain anything. She seemed to think that it was a very good thing that her relationship with Ye Feng was considered very close.

At this time, Ye Feng couldn't help but patted Shangguan Tianya on the shoulder, and said with a smile: "Brother Shangguan, you are overthinking. I just happened to meet my old friend Phoenix Goddess among the Gods of Chaos, so the two of us We were going to form a team to explore that famous ancient mountain together, but we happened to meet the law enforcers from the City of Chaos and invited us here to attend this dinner. It seemed that they wanted to cooperate with us to develop that famous ancient mountain, so we Came to the dinner to see how things were going."

When Shangguan Tianya heard what Ye Feng said about the business, his face became quite solemn, and he said loudly: "That famous ancient mountain is indeed very scary. According to the recent news I know, there are many supernatural forces. Strong men who want to rush to the top of that ancient famous mountain in search of supreme orthodoxy and wealth are all directly obliterated by a mysterious force. That ancient famous mountain is definitely the glorious age of our origin world. It is the base camp left by a certain supreme orthodoxy, so it has a very terrifying ancient formation that covers the entire mountain. Currently, even many super powers can only stop halfway up the mountain. Even the most powerful ones under the ruler God-level experts can only reach halfway up the mountain, and if they force their way to the top of the mountain, they will be instantly wiped out."

Hearing what Shangguan Tianya said, Ye Feng immediately nodded with a serious face and said: "If you say so, it seems that the ancient famous mountain is indeed very terrifying and cannot be explored by one person."

Shangguan Tianya said aloud: "So I also came here to see if I could form a team with the entire Chaos City to develop that ancient famous mountain. It is estimated that all the super geniuses and masters attending the dinner tonight are the same as me. After all, there is strength in numbers."

Ye Feng nodded, then looked around and said aloud: "I saw a lot of geniuses from our Eastern Earth Righteous Alliance. It seems that they all came here alone and did not represent the families or forces behind them. "

Shangguan Tianya looked around and said aloud: "In addition to us from the Righteous Alliance, there are also many geniuses from the Dark Alliance who have come here. However, most of the people attending the dinner this time came here alone. It does not mean that the forces behind each are acting as the city of chaos.

VIP guests, so no one had a conflict. After all, everyone wanted to find the supreme Taoism and inheritance in the famous ancient mountains, as well as various ancient opportunities and fortunes, so naturally they would not take action for the time being, but would unite first. together. "

While the two were talking, a young man wearing a black dragon robe suddenly walked over not far away.

This young man is very tall, giving people a very majestic and vast feeling.

He just walked over, menacing and looking like he was not easy to mess with.

When Shangguan Tianya saw this person, he immediately showed a look of fear in his eyes. He couldn't help but look at Ye Feng beside him, and whispered: "Ye Feng, be careful. This person is one of the members of our Eastern Earth Dark Alliance." The eldest prince of the 'Splitting Heaven Dynasty' has very terrifying cultivation abilities. He is definitely the top group of super geniuses in our eastern land. His cultivation abilities, methods, and inherited magic weapons are all very terrifying."

Ye Feng nodded slightly and glanced at the eldest prince of the Tiantian Dynasty who was walking not far away.

Ye Feng did not expect that he would meet the top genius of the Dark Alliance just after attending this dinner party.

And what surprised Ye Feng was that he couldn't feel the cultivation aura of the eldest prince of the Tiantian Dynasty, what level it was.

But it must be very scary.

Otherwise, Ye Feng will definitely detect the cultivation aura of the eldest prince of the Splitting Heaven Dynasty.

Since Ye Feng couldn't notice it, it meant that the cultivation of the eldest prince of the Splitting Heaven Dynasty was so advanced that it was simply unfathomable.

At this time, the eldest prince of the Split Heaven Dynasty walked up to Ye Feng, Shangguan Tianya and others with a cold face.

His eyes were very deep and majestic, and he immediately stared at Ye Feng, with a hint of sneer in his eyes, and said loudly: "You are Ye Feng, the son of God from the Wanjie Martial Arts Academy, right?"

Ye Feng didn't have the slightest fear at this time, his eyes were very calm, staring at the top genius of the Dark Alliance in front of him, and said loudly: "What, what's the matter?"

Splitting Heaven smiled coldly at the eldest prince and said: "Previously, when our Dark Alliance was conducting the Dark Trial, it was you who killed nearly half of the young geniuses in our Dark Alliance with the power of one person, and there were also some among them. There are many young masters from our Split Heaven Dynasty."

When Ye Feng heard what the eldest prince of Split Heaven Dynasty said, he just smiled slightly and said very calmly: "So when you come to me now, do you want to kill me for revenge?"

Split Sky Dynasty shook his head towards the eldest prince and said loudly: "You can't take action in the City of Chaos, otherwise you will be dead. I'm just here to tell you that when you leave the City of Chaos, you will definitely die, and you will die in my hands. In my hands, when the time comes, you, the so-called divine son of the Ten Thousand Realms Martial Arts Academy, will become the stepping stone for this prince to become famous all over the world." .??.

When Ye Feng heard what the eldest prince of the Splitting Heaven Dynasty said, he couldn't help but smile helplessly and said, "Am I famous now? Why are you thinking about killing me and becoming famous all over the world?"

Shangguan Tianya whispered at this time: "Ye Feng, you are indeed famous now, because in the dark world, you killed nearly half of the young geniuses of the Dark Alliance by yourself, shocking the entire eastern land, and even Many big forces in the western land have heard of you, but you don't know that you are famous."

When Ye Feng heard what Shangguan Tianya said, his eyes suddenly showed a look of surprise.

Then Ye Feng looked at the eldest prince of the Split Heaven Dynasty who had an evil look in front of him, smiled very casually, without any fear at all, and said aloud: "If you want to fight with me, I

will accompany you at any time. It just so happens that I have been practicing recently. A special inheritance from the western land, it's time for you to try it out."

The moment Ye Feng finished speaking, not to mention the eldest prince of the Splitting Heaven Dynasty, even many other young geniuses attending the dinner could not help but have deep surprises in their eyes.

They didn't know Ye Feng before, but now Ye Feng suddenly said that he wanted to try his hand with the top genius of the Split Heaven Dynasty's eldest prince.

This tone is really plain, but there is also an infinite domineering tone in the plainness, which naturally makes countless people look at him.

"Is he Ye Feng, the son of God from the Wanjie Martial Arts Academy?"

"You look really young! I don't know what my strength is.

Isn't it really as powerful as the rumors say? "

At this moment, many people around him immediately paid attention.

At this moment, the big house of the Split Heaven Dynasty stared at Ye Feng, his eyes full of aggression, and said loudly: "You are very brave, dare to say such words, then I will let you know what cruelty is." "

After saying that, the eldest prince of the Splitting Heaven Dynasty turned around and left.

Because he couldn't take action now in the City of Chaos, he just came to threaten Ye Feng and wanted to see Ye Feng's fearful eyes.

But the big house of the Split Heaven Dynasty was destined to be disappointed.

Because Ye Feng didn't have any fear at all.

At this moment, Shangguan Tianya looked at the looks of many people around him, and immediately couldn't help but show a trace of solemnity in his eyes, and said loudly: "Ye Feng, I guess this big house of the Split Heaven Dynasty is not only for the Another important purpose of threatening you is to expose your identity. Then many people will definitely be hostile to you, making you under the spotlight and very unsafe. "

Ye Feng nodded slightly.

The eldest prince of Emperor Lietian is definitely very cunning.

But Ye Feng didn't have any fear.

Ye Feng just smiled slightly at this time and said loudly: "Brother Shangguan, I am many times stronger now than before. If anyone dares to provoke me, I don't mind letting them know what regret is."

When Shangguan Tianya heard what Ye Feng said, he laughed out loud and said: "Indeed, Ye Feng, you are the most evil super genius I have ever seen. If even you can't deal with this kind of crisis, then our Righteous Alliance can There really is no successor."

At this moment, the Phoenix Goddess suddenly saw something and couldn't help but whisper in Ye Feng's ear: "Ye Feng, the dragon knight you defeated before seems to have come with a large group of practitioners from the western land. No. Do you know if I want to cause trouble for you? "

At this time, Baby Haoran also quickly stood behind Ye Feng and said loudly: "Brother Ye Feng, if this dragon knight still dares to trouble you, just kill him directly, rob him of all the wealth, and put him That black dragon was left to me, and I also wanted to become a dragon knight."

Chapter 3947 Dragon Knight's Friend

It has to be said that the current baby Haoran is probably following Ye Feng, and his mentality has been gradually changed.

It is no longer a weak attitude towards the enemy, but a very fierce attitude.

At this moment, Ye Feng smiled and said loudly: "I saw that this dragon knight was very sincere in admitting his mistake. He probably won't bring a large group of people to come to trouble me. Let's take a look first."

When Shangguan Tianya next to him heard what Ye Feng said, he couldn't help but said in surprise: "Brother Ye, you can do it. You actually defeated all the powerful dragon knights from the western land. It's really amazing. Look. Come on, your fighting power now is really beyond imagination, it is definitely much stronger than before."

And just as Shangguan Tianya was talking, the dragon knight not far away wearing silver armor had already arrived here with a large group of people.

This dragon knight is still wearing the same silver armor as before, and there is a silver long sword in his hand. It seems that there are many such long swords. They look very elegant and give people a noble feeling. .

At this moment, many people around noticed this scene, with deep horror in their eyes.

They never thought that the eldest prince of Prince Splitting Heaven had just caused trouble for Ye Feng. They did not expect that these distinguished guests from the western land would also come to cause trouble for Ye Feng.

"This divine son of the Ten Thousand Realms Martial Arts Academy can really cause trouble. He not only provoked the top geniuses in the Dark Alliance, but also provoked this group of distinguished guests from the Western Land."

"Hmph, it's not a good thing to be too sharp. I guess no matter how powerful he is in combat, he will die soon if he is targeted by so many strong men."

At this moment, many people around him spoke out, and their eyes felt sad for Ye Feng.

But at the next moment, what made everyone look horrified was that when the dragon knight who looked very noble came to Ye Feng, he actually had a very kind smile on his face.

He was not looking for trouble with Ye Feng at all, but politely introduced Ye Feng to his friends from the western land.

"What??"

Seeing this scene, many of the experts around who were prepared to watch Ye Feng's show almost opened their eyes in shock.

"hiss!"

Everyone couldn't help but gasped, with deep shock in their eyes.

They knew that these guests from the western land were all very distinguished.

Especially that dragon knight, who was very arrogant. The Holy Dragon Empire, a transcendent power from the western land, didn't take anyone seriously in the City of Chaos.

But I didn't expect that he would be so polite to Ye Feng.

Because they know very well that the combat effectiveness of the Dragon Knight is very terrifying and very powerful, almost comparable to some of the top geniuses in their eastern land.

Unexpectedly, the dragon knight would be so polite to Ye Feng, which is really incredible.

At this moment, seeing this dragon knight so kindly introducing Ye Feng to his friends from the western land, Shangguan Tianya, who was standing next to Ye Feng, suddenly showed deep astonishment in his eyes.

He seemed to have never expected that the noble dragon knight from the Holy Dragon Empire of the western land would have such a kind attitude in front of Ye Feng.

The Phoenix Goddess smiled slightly at this time and was not surprised.

She had witnessed with her own eyes before, this dragon knight was beaten badly by Ye Feng.

Therefore, this dragon knight was so kind to Ye Feng, and he was completely convinced by Ye Feng's strong strength.

At this moment, there were several masters from the western land standing next to the dragon knight. One of them was a voluptuous and beautiful woman with long fiery red hair, which gave people a very tempting feeling.

Her name is Lina, and she is said to come from a very ancient and mysterious Western race in the Western Land, the Blood Tribe.

There is also a young man wearing golden armor. He is very tall. In the void behind his head, there is a shadow of the sun surrounding him at any time, looking like a sun god.

This young man comes from the western land

The great transcendent power of Sun God Mountain is the master of Sun God Mountain, named Ross.

In addition, there is an old man wearing a white robe, holding a staff made of white jade, which looks very sacred.

This old man comes from another super power in the western land, the Guangming Cult, and is a powerful old protector in the Guangming Cult.

After hearing the dragon knight's introduction, Ye Feng's eyes showed a hint of surprise.

Unexpectedly, this time, in the waters near the Sea of Chaos, an ancient famous mountain that originated from the ancient glory days of the great world emerged, and it actually attracted so many masters from the great forces in the western land.

However, Ye Feng was relieved that these masters from the western land came alone and did not represent the forces behind them, so the pressure on him was not too great.

Although the dragon knight is now quite kind and polite to Ye Feng.

But Ye Feng knew very well that these masters from the western land came here mainly to compete for the supreme orthodoxy and inheritance contained in the famous ancient mountain that originated from the ancient glorious era of the great world.

So when we really encounter some very good opportunities and supreme inheritance, everyone may become life-or-death rivals with each other in an instant.

After all, in the spiritual world, this situation is too normal.

For a certain benefit, divisions may occur within a team at any time.

"This is the first time I've seen a being who beat up a dragon knight until his nose was bruised and his face was swollen, and he's still so young and so handsome."

At this time, beside the dragon knight was a very beautiful and enchanting woman with long fiery red hair from the blood clan of the western land. She seemed to be named Lina. Her beautiful eyes were fixed on Ye Feng in front of her with a look of interest.

The fire in those eyes was as if he wanted to swallow Ye Feng up.

Ye Feng just smiled slightly at this time and said aloud: "I just competed with the dragon knight. The dragon knight is also very powerful."

At this time, Lina's beautiful and enchanting figure walked directly in front of Ye Feng, with red hair like blood, and

A fatal temptation.

She stared at Ye Feng, who was close at hand, and said in a rather fiery tone: "This little brother is so powerful. Sister, I am very interested in you. If you have time tonight, go to where I live. Let's talk about spiritual practice? We can combine Eastern martial arts with Western traditions."

Hearing what Lina said, Ye Feng immediately smiled and said aloud: "I met several of my friends, and I'm going to have a good chat with them tonight. I'm afraid I don't have time to go to where you live, Miss Lina. Thank you very much for your kindness. I appreciate it. "

Hearing Ye Feng's rejection, Lina was not angry, but showed a charming and beautiful smile, and said loudly: "Then wait until I have the opportunity next time. I am not interested in Eastern mysterious people like you, little brother." The powerful young warrior is very interested."

At this time, seeing Lina chatting with Ye Feng in front of so many people, the conversation was so lively, that many people around them had a trace of inexplicable meaning on their faces.

However, the Phoenix Goddess underestimated her and said, "Fairy."

"Everyone, please be quiet!"

Suddenly at this moment, an old voice sounded.

Everyone immediately looked towards the sky above the central square.

The next moment, they saw an old law enforcement officer from the City of Chaos floating in the air.

The old law enforcement man looked at everyone in the audience, smiled and said: "Everyone, please be quiet. Next, our young city lord of Chaos City will come here to discuss with everyone, and then explore and attack the risks in that sea area. The situation of famous ancient mountains came out."

"The young city lord of Chaos City?"

At this moment, countless people looked sideways, with deep expectations in their eyes.

Because the City of Chaos is a very mysterious existence.

The line of city lords in the City of Chaos has always been very mysterious and powerful, making people wonder about their true identity.

So now that the Young Master of the City of Chaos has arrived, he naturally attracted the attention of countless people present.

Chapter 3948 Join the team

Hearing the voice of the old law enforcement officer high up in the sky, Ye Feng and others also moved their eyes and looked up high in the sky.

Because to Ye Feng and others, the young city lord of Chaos City is still very mysterious.

Because they have all heard that the city lord's lineage in this city of chaos is very mysterious and powerful.

Even if you are a half-domination level existence, when you come to the City of Chaos, you must follow the rules of the City of Chaos.

Therefore, a small city can actually overwhelm all major forces in such a chaotic place as the Sea of Chaos.

Their lineage of the City Lord's Mansion naturally makes everyone very awed and very curious at the same time.

Who is this lineage of the City Lord's Mansion?

What is their inheritance? They will be so powerful.

So at this time, when the old law enforcement officer finished speaking, everyone's eyes were focused on the sky.

Everyone is looking forward to it very much.

And in the eyes of countless people, a shocking scene appeared in the direction of the City Lord's Mansion not far away.

Unexpectedly, a black unicorn with nine heads pulled a black chariot and drove over slowly.

A tall young man wearing dark golden armor was standing on top of this chariot.

He is like a young emperor overlooking the world, giving people a very terrifying and terrifying sense of depression.

There were many experts present who were able to participate in this dinner, and all of them had extraordinary status. They all came from major forces and ancient families.

But at this time, when they saw the young city lord of Chaos City slowly driving a chariot, they all had deep horror in their eyes.

Because the feeling this young city lord gave all of them was really terrifying.

Someone immediately couldn't help but exclaimed: "Every black unicorn is a descendant of a legendary ancient beast. I didn't expect that the entire nine legendary black unicorns were only given to this man from the City of Chaos. It's really incredible that the young city lord pulls the cart."

There were other people in the crowd who couldn't help but exclaimed: "How much wealth and heritage does the family of the city lord of this city of chaos have to be able to...

make it happen. "

And just when everyone was exclaiming, the young city lord of the City of Chaos had already arrived high in the sky above the central square.

With a kind of natural nobility in his eyes, he looked at all the distinguished guests present who came to attend this dinner, and said with a smile: "Everyone who can attend this dinner tonight is the city lord of Chaos City for us." I'm here to thank you all for my father's honor."

What the young city lord said at this moment made everyone feel as if they were breathing spring breeze.

It has to be said that the young city lord of the City of Chaos is definitely a very thoughtful person and a well-rounded being.

A simple sentence made everyone present feel good about the young city lord and gave everyone face.

At this time, the young city lord of the city of chaos jumped directly from the chariot high in the sky and stood in the center of the square.

"What a powerful aura!"

At this moment, everyone approached the young city lord at close range, and immediately sensed a very terrifying and majestic aura from the young city lord of the city of chaos.

It feels like an ancient god standing there, giving people a depressing illusion.

At this time, Ye Feng among the crowd also had a look of surprise in his eyes.

This young city lord of the City of Chaos makes Ye Feng feel very fearful, even more fearful than the top emperor-level genius Xiao Chen who Ye Feng met before in Haoran Academy.

This shows that the young city lord of this city of chaos is probably more terrifying than Xiao Chen.

This made Ye Feng's eyes reveal a look of deep surprise.

It seems that there are still many terrible geniuses in the world, but I have never encountered them before.

But maybe these super geniuses have always been hidden among the major forces and practiced secretly.

Now that the entire world of origin has begun to recover, it will return to the glorious era of ancient times, so now many

The super geniuses hidden among the major forces have come out one after another, wanting to compete for the destiny and opportunities in the world of origin that have resurrected.

At this time, Ye Feng suddenly thought of Dean Tianshu's previous speculation.

Dean Tianshu once speculated that the family behind Ye Feng, the most powerful person in the Origin World tens of thousands of years ago, the Hongmeng Ancestor at the level of the Great Perfection Master, may not have left the Origin World and gone to other advanced interfaces.

Because no interface can compare with the great world of origin in the glorious era.

Therefore, Dean Tianshu once speculated that the ancestor of Hongmeng might have used a special method to seal his life and prevent his life from leaking, and then dormant in a hidden corner of the world of origin. Waiting for the overall recovery of the origin world tens of thousands of years later, and then reborn, competing for the supreme luck and opportunity between heaven and earth.

At this time, Ye Feng suddenly thought of this guess, and he was very much looking forward to it.

I wonder if the ancestor of Hongmeng will reawaken and reappear in the world of origin.

But if it is true as Dean Tianshu guessed, Hongmeng Ancestor is lurking in a hidden corner of the world of origin, waiting for the recovery of the entire world tens of thousands of years from now.

What makes Ye Feng feel frightened is that it may not only be the Hongmeng ancestor of the Ye family behind him, but there must be other ancestors who will also choose to do this.

You know, nearly one hundred thousand years have passed since the fall of the great world of origin.

In these 100,000 years, there was not only one Hongmeng ancestor, but also many living fossil-like old figures from major ancient families, who also existed for a certain period of time and amazed the entire origin world.

After their cultivation reached the peak cultivation level that the current world rules of the Origin World can accommodate, they may not have gone to other advanced interfaces, but lurked silently, waiting for the resurgence of the Origin World.

Thinking of this possibility, Ye Feng suddenly felt a creepy feeling.

If you put it this way, the entire world of origin may appear in the future

There are many old figures who are like living fossils at the level of the ruler of Dzogchen.

That was absolutely terrifying.

Because you must know that the most powerful person in the entire world of origin is the Dark Yuan Zun in the Dark Alliance. He is a high-level master-level existence and can already control such a huge dark demon sect, occupying half of the eastern land. territory.

How crazy would it be if a group of ancient figures at the level of Dzogchen masters appeared next?

Thinking of this, Ye Feng suddenly felt a deep sense of urgency in his heart.

It seems that the world of origin has undergone such huge changes and is recovering again. What may happen in this world in the future may be far beyond my imagination.

While Ye Feng was thinking secretly, Shangguan Tianya beside him suddenly patted Ye Feng on the shoulder and said loudly: "Ye Feng, what are you thinking about? The young city lord of the City of Chaos has already finished his speech. He is now inviting teams that are willing to explore and attack famous ancient mountains with their Chaos City. Do we want to join them?"

Phoenix Goddess stood beside Ye Feng, staring at Ye Feng with her beautiful eyes, and said loudly: "I listen to Ye Feng."

Baby Haoran also immediately clapped his little hands and said loudly: "I also listen to Brother Ye Feng."

At this time, Ye Feng looked at the people around him, smiled slightly, and said aloud: "Since you are here, let's join. This time, attacking the famous ancient mountain that suddenly appeared will be very dangerous, and there are many dangers. Super powerful forces will gather there. It will be very dangerous for just a few of us. It is better to join the huge team convened by the City of Chaos first, and then make a decision when the time comes to reach the famous ancient mountains. , I guess other people have the same idea as us, we should stay together for warmth first, and when there are real conflicts of interest, we will decide how to choose based on the situation."

Hearing what Ye Feng said, Shangguan Tianya nodded immediately.

Phoenix Goddess and Baby Haoran also followed behind Ye Feng.

The four of them walked quickly towards the center of the square, preparing to join the team called by the young city lord of the City of Chaos.

Chapter 3949 Absorbing the energy of chaos

At this time, Ye Feng and his party walked directly into the team in front and joined the team of the young city lord of Chaos City.

At this moment, Ye Feng saw that many other young geniuses he knew had also joined this team.

For example, I had participated in the Dark Trial with Ye Feng and the others before, hunting down those disciples of the Righteous Alliance of Demonic Geniuses from the ancient families.

There are also dragon knights and a group of masters from the western land that Ye Feng just met before. They all joined the team of the young city lord of the City of Chaos.

However, what disappointed everyone was that the truly mysterious and powerful City Lord of the City of Chaos did not arrive.

At this time, someone asked this question.

The young city lord of the City of Chaos just smiled slightly and said: "A very powerful man like my father has naturally arrived at the ancient famous mountains that emerged from the sea area, and is with the top figures of the major forces. Competing with each other, that level is no longer something we can participate in. Our main thing now is to explore whether there are any other opportunities left in that ancient famous mountain. "

When everyone heard what the young city lord of Chaos City said, their eyes suddenly showed surprise.

It seems that the top superpowers among the major forces nearby have already arrived at the famous ancient mountain that emerged, hoping to find the various supreme traditions and traditions left over from the glorious age of the origin world. inherited.

At this time, the young city lord of Chaos City looked at the many masters who had gathered around him, and his face suddenly showed a look of satisfaction.

It seems that it is very worthwhile for him to hold this dinner party this time, because so many masters have joined him.

At this time, the young city lord of the City of Chaos felt very proud.

However, the young city lord of Chaos City did not show any pride. Instead, he smiled slightly, looked at the many masters around him, and said loudly: 'Then we will set off directly.

, go to the famous ancient mountain that appears in the Sea of Chaos. "

Many experts nodded one after another and followed behind the young city lord of Chaos City.

At this moment, the young city lord of the City of Chaos glanced at the old law enforcement man beside him and said loudly: "You take all the distinguished guests on board our specially-made warship of the City of Chaos."

The old law enforcer nodded immediately.

Uh-huh!

The next moment, a bright light flew out of his body.

In this bright light, a huge warship appeared. It was very large. It was obviously a very powerful treasure, but now it was only used for people to ride on the road, which is enough to show the wealth of the young city lord of the Chaos City.

Swish, swish, swish!

Swish, swish, swish!

At this time, many masters flew to the warship one after another, and then the law enforcers began to drive the warship.

As for the young city lord of the City of Chaos, he was still riding on the chariot pulled by the nine-headed black unicorn, leading the way.

Rumble...

At this moment, the group of people from the City of Chaos immediately flew quickly towards the outside of the City of Chaos under the gaze of everyone.

At this moment, the sky was almost getting dark.

The group of people was large and powerful.

Because those who can enter this team are all young masters from major forces, as well as some elders, who are all very powerful.

Now that they are combined together, they naturally have an amazing momentum.

at this time

Ye Feng was also standing in the crowd, looking forward to the famous ancient mountain that suddenly appeared in his heart.

Because what Ye Feng lacks most now is very high-level training resources.

And the famous ancient mountains that emerged in that sea area are heritage relics left over from the glorious years of the Origin World. They must contain a lot of cultivation resources and wealth.

After the group left the City of Chaos in a mighty manner, they quickly passed through the beach area and reached the real ocean area.

Wow!

The sea water surged and the waves rolled into the sky.

This is the Sea of Chaos area, the junction of the central ocean and the eastern land.

This ocean is filled with the energy of chaos, making it feel very foggy and mysterious.

Buzz!

At this time, Ye Feng took a breath and suddenly felt that his body's strength had improved a lot.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

Ye Feng did not expect that this sea of chaos would exude such a strong energy of chaos.

And you must know that among Ye Feng's bloodline, there is the bloodline of the Chaos God Emperor, which comes from his mother's side.

So at this time, Ye Feng absorbed the chaotic energy and felt that the chaotic energy could continuously strengthen his body.

After sensing all this, Ye Feng immediately showed deep surprise in his eyes, and quickly began to absorb the surrounding chaotic atmosphere on the warship.

Shangguan Tianya and Phoenix Goddess standing around clearly felt all this, and their eyes suddenly showed deep surprise.

They never seemed to have thought that Ye Feng could actually absorb the chaotic energy floating on the sea of chaos.

You must know that the chaotic energy floating on this ocean is an extremely ancient aura that ordinary people cannot absorb at all, and even have to close their own respiratory tracts.

Otherwise, inhaling a breath of chaos energy is likely to cause huge damage to your entire body.

Because of the energy of chaos, the bodies of ordinary creatures cannot carry it.

Even some top geniuses do not dare to directly absorb this ancient and incomparable chaotic energy.

Because it cannot be refined and digested at all.

But at this time, Ye Feng was absorbing the chaos energy around him. Shangguan Tianya and Phoenix Goddess couldn't help but look surprised in their eyes.

Sure enough, Ye Feng was much more mysterious and powerful than they imagined.

Ye Feng saw Shangguan Tianya and Phoenix Goddess beside him notice that he was absorbing chaos energy, and immediately reduced his absorption intensity.

Because Ye Feng didn't want to attract attention.

After all, it is incredible to be able to absorb and digest the energy of chaos.

If someone discovers it, Ye Feng is likely to immediately become the center of attention.

Ye Feng didn't want to attract such attention. Otherwise, if he climbed that famous ancient mountain next, he would most likely become the target of public criticism.

After all, in the process of this kind of teamwork, whoever shines more dazzlingly will definitely be more dangerous. Everyone will be on guard against you, and even let you take the lead.

At this time, Ye Feng reduced the intensity of absorbing the energy of chaos, but he was still continuously absorbing the energy of chaos floating in the surrounding sea, and quickly tempered his body.

Ye Feng discovered that the power of his body, the strength of the Hongmeng Immortal Body, was slowly increasing, which made Ye Feng very pleasantly surprised.

Chapter 3950 Everyone's excitement

"Buzz buzz!"

At this moment, there were densely packed masters standing on the entire warship, and they were all watching the surrounding sea.

But Ye Feng was among the crowd at this time, just silently absorbing the chaotic energy floating in the entire sea of chaos.

Ye Feng discovered that by constantly absorbing the energy of chaos, he could continue to hone his body's strength. .??.

Ye Feng could feel that his Hongmeng Immortal Body was rapidly and continuously improving.

After Ye Feng's Hongmeng Immortal Body transformed and evolved to the early stage of the sixth level, he did not immediately awaken his bloodline talent at the sixth level of the Hongmeng Immortal Body.

Ye Feng felt that if he absorbed the chaotic energy around him now, he could evolve his physique to the mid-sixth level again, and perhaps awaken his sixth-level bloodline talents in one fell swoop.

So at this time, Ye Feng's eyes still looked expectant.

Because if Ye Feng can absorb the chaotic energy around him on the way to that ancient famous mountain and make his body break through again, it will definitely make his body's strength greatly improved again and greatly strengthen himself. combat effectiveness.

And if your Hongmeng Immortal Body can use the surrounding chaotic energy to break through to the middle of the sixth level, you might be able to awaken your bloodline talent.

In that case, Ye Feng's comprehensive strength will once again be rapidly broken through and improved.

So at this time, Ye Feng didn't hesitate at all, and just started to silently absorb the chaotic energy around him. He didn't even listen to what was going on outside the window, and didn't care about what the many experts around him were discussing.

At this moment, there are many experts joining the team of the Young City Lord of Chaos City, so they are communicating with each other on the way to the famous ancient mountains, wanting to help each other, and forming small groups.

But Ye Feng doesn't need it.

Moreover, Ye Feng already has a small group, namely Shangguan Tianya, Phoenix Goddess and Haoran Baby.

At this time, as Ye Feng continued to absorb, suddenly at a certain moment, Ye Feng felt that the power of his body had been improved all of a sudden, and it was a qualitative improvement.

Ye Feng's entire body, flesh, blood, and bones were all improved and evolved at once.

At this moment, Ye Feng's eyes immediately revealed a look of deep surprise.

At this moment, Ye Feng successfully used the chaotic energy around him to make his Hongmeng Immortal Body evolve again from the early stage of the sixth level, breaking through to the middle of the sixth level!

At this moment, Ye Feng could immediately feel that the power of his body had once again been incomparably enhanced.

Ye Feng held both of my fists and felt a huge energy surge through his entire body.

However, what makes Ye Feng quite disappointed is that after his Hongmeng Immortal Body evolution broke through to the middle of the sixth level, his sixth level bloodline talent has still not been fully awakened.

But Ye Feng is not in a hurry, he will finally wake up one day anyway.

This time, Ye Feng was very satisfied to be able to transform his body and strength with the help of the chaotic energy around him.

And just when Ye Feng secretly felt the benefits brought by the improvement of his body's power, the young city lord of Chaos City who was leading the way suddenly said out loud: "Everyone, pay attention! We are almost there. Arriving at that famous ancient mountain that suddenly appeared in the glorious age."

Wow!

This young city lord

The moment the words fell, there were many experts on the field, and they couldn't help but show excited expressions.

Everyone immediately looked forward.

Ye Feng was standing in the crowd at this time and looked forward. Sure enough, he found the ocean area not far away. In the mist, a majestic mountain towering into the clouds appeared.

This mountain is very towering and majestic. It feels like an ancient giant standing there, able to stand tall and towering.

At this time, the young city lord of Chaos City who was leading the way also showed deep excitement and expectation in his eyes.

Even though the young city lord of this city of chaos has a noble status, a deep city, and can express his emotions and anger, he is still very excited when he encounters this ancient famous mountain that originated from the glorious era of the great world.

In fact, at this moment, all the masters on the entire warship couldn't help but get excited.

Shangguan Tianya was standing next to Ye Feng at this time, and couldn't help but exclaimed with awe in his eyes: "I finally got to see this famous ancient mountain that has been lost for countless years. If it weren't for the resurgence of the world rules of our origin world, Maybe this ancient famous mountain will remain silent in the depths of the ocean forever, unknown to anyone."

The Phoenix Goddess standing on the other side of Ye Feng also showed a trace of expectation in her beautiful eyes, and said loudly: "This is a famous mountain relic left from the most glorious era of our origin world. There must be something hidden in it. By supreme chance."

Ye Feng also nodded slightly at this time and said aloud: "It is said that our origin world was in the ancient times. In the most glorious times, it was the most glorious and powerful world among all the worlds. Nowadays, those so-called advanced interfaces, Advanced cultivation civilization actually started in that year

After the Origin World began to decline, some strong men escaped and established cultivation civilizations in other interfaces. Therefore, our Origin World is the most glorious and powerful interface among all the worlds. It has only declined for a long time, but now Recovery has begun again. This is an unprecedented change. We must seize this once-in-a-lifetime opportunity. "

Hearing what Ye Feng said, Shangguan Tianya and Phoenix Goddess showed deep excitement in their eyes.

They are all very much looking forward to whether they can get some supreme opportunity in this famous ancient mountain, so as to change their talents and make themselves even more amazing.

Baby Haoran was following behind Ye Feng at this time, with a deep look of determination in his eyes.

Baby Haoran's only thought now is to become powerful quickly and then go to the cemetery of gods and demons to rescue his father.

While a few people were discussing, the entire huge warship landed at the foot of the famous ancient mountain in front.

Because I can no longer fly.

If they directly break into the area above the famous ancient mountains, everyone on the entire warship will probably be wiped out, and they will be instantly wiped out by the restrictions and formations handed down from ancient times in the famous ancient mountains.

At this time, the young city lord of Chaos City landed at the foot of the mountain with everyone.

Then the young city lord of Chaos City spoke up and said: "We start directly from the foot of the mountain and climb up. I can't contact my father now. It is estimated that he is working with other top super strong people on this famous ancient mountain. Fighting for the supreme opportunity on the top of the mountain."

Hearing what the young city lord of Chaos City said, all the experts present nodded slightly, and then followed behind the young city lord, and everyone quickly climbed towards the top of this famous ancient mountain.
