Chapter 3961 Resurrection of the Buddha Statue
call!

At this time, Ye Feng took a deep breath.

Uh-huh!

Then Ye Feng no longer hesitated and flew quickly towards the dark void ahead.

Soon, he flew directly in front of an ancient Buddha statue that had turned black.

At this time, the monk whose body was made of golden light also flew in another direction.

Obviously, it would be more efficient if the two of them acted separately and quickly injected Buddha's light energy into these decayed ancient Buddha statues.

At this time, Ye Feng stared at the ancient Buddha statue in front of him and found that the entire surface of the Buddha statue had turned into black.

It seemed to be shrouded in a very evil dark energy.

Obviously, this Buddha statue has been completely corroded by the dark energy of hell in the hell interface.

Just like a saint, he completely fell into darkness.

"Uh-huh!"

At this time, Ye Feng did not hesitate at all and directly stretched out his hand and pressed it on the surface of the ancient Buddha statue in front of him.

Then Ye Feng directly used the Buddhist inheritance he had learned before, the Great Thunder Sound Buddhist Technique, and immediately began to inject a steady stream of golden Buddha light into the Buddha statue in front of him.

"Buzz!"

At this moment, Ye Feng immediately felt that his golden Buddha light was input into this decayed ancient Buddha statue, just like a mud cow entering the sea, without any reaction.

This made Ye Feng couldn't help but take a breath of air.

Just a Buddha statue requires so much energy?

You know, around the entrance to the entire hell interface, there are a total of 108 Buddha statues in the dark void.

Ye Feng couldn't help but sigh. Fortunately, his skills were powerful enough.

Otherwise, if some other young genius comes here, even a Buddhist practitioner, it is estimated that it will be difficult to complete this huge project.

And at this time, along with

Ye Feng continued to input his own golden Buddha light, and the ancient Buddha statue in front of him, which was originally completely dark, began to emit a faint golden light.

Like an ancient Buddha, he was drowned in the quagmire of darkness, but now, he was pulled out of the darkness by Ye Feng, and the light was restored, becoming extremely golden.

After a while, this decayed Buddha statue suddenly became illuminated by Buddha light.

The entire surface of the ancient Buddha statue has also restored its original noble golden color, giving people a feeling of immortality.

When Ye Feng saw this scene, his eyes immediately lit up with joy.

It seems that strengthening the seal is easier than I thought.

After all, his skills are too profound.

Therefore, it is very fast to input the golden light of Buddhism and Taoism in these ancient Buddha statues.

At this time, Ye Feng revived an ancient Buddha statue and immediately flew towards the second ancient Buddha statue not far away.

Ye Feng looked to the other side and found that the monk composed entirely of golden light had revived three ancient Buddha statues.

Seeing this speed, Ye Feng's eyes showed a look of wonder.

Although this monk is made entirely of golden light, he still possesses extremely terrifying power and is much faster than himself.

However, Ye Feng also knows that his current cultivation level is definitely far behind that of the powerful men from this ancient glorious era.

If I can help this monk and revive these decayed Buddha statues, it is already very good.

After all, you must know that ordinary people do not have the ability to revive these decayed ancient Buddha statues.

Soon, Ye Feng came to the second decayed Buddha statue not too far away from him.

The degree of decay of this ancient Buddha statue is not very high.

Half of the body turned black, obviously only half of it was corroded.

But just when Ye Feng was preparing to revive this ancient Buddha statue.

Boom! !

Suddenly, a dark claw suddenly appeared in the surrounding void.

This pitch-black claw was very vicious, with a black corrosive aura wrapped around it, as if it could tear Ye Feng into pieces in an instant.

"boom!"

At this moment, Ye Feng waved his fist without any hesitation and collided hard with the dark claw.
.??.

Accompanied by a huge roar.

Ye Feng couldn't help but took several steps back.

At this time, Ye Feng's eyes showed surprise.

Because he saw that the owner of the black claw turned out to be a huge demon with four wings, obviously from the hell interface.

Ye Feng immediately understood that although this dark void was not a real hell interface, there were still powerful demons in the hell interface. They crossed the interface barrier and came to lurk in this dark void. It seemed that they were in order to specifically corrode the one hundred and eight Buddha statues standing in this dark void.

The monk who was restoring the ancient Buddha statue not far away saw what happened to Ye Feng and immediately couldn't help shouting: "This is a high-level demon from the hell interface, probably from the entrance passage of the hell interface." It came out of the cracks in the seal. You must kill it. This demon has four wings. It is almost the same level as the tenth-level emperor level master in our spiritual world, but it is definitely better than the ordinary emperor-level level one. The tenth-level masters are much more powerful. After all, they are advanced demons from the hell

interface of advanced cultivation civilizations. Their combat power is very ferocious and terrifying, and they are enough to fight against more than a dozen human cultivators of the same level."

When Ye Feng heard the monk not far away say this, he couldn't help but nodded.

Just now Ye Feng was too

He instantly sensed that this high-level demon with four wings had a cultivation aura that was a full six steps higher than his current fourth-level emperor level, and was at the peak of the tenth-level emperor level.

In fact, Ye Feng would probably be able to kill an ordinary expert at the top tenth level of the Imperial Level with one fist.

After all, Ye Feng's combat power is very terrifying.

But at that moment, Ye Feng only fought with these four-winged high-level demons with one fist.

Therefore, it shows how terrifying the combat power of this high-level demon from the hell interface is.

However, Ye Feng was not afraid. Instead, he stared at the tall demon in front of him with a hint of excitement in his eyes.

Because this is a living, advanced demon.

If you can kill and devour it, you will definitely be able to provide yourself with a lot of energy.

After all, the energy contained in the body of this high-level demon must be very high-level, and its source is very strong. It is many times more powerful than the energy obtained by swallowing an ordinary tenth-level emperor level master.

So at this moment, Ye Feng did not resuscitate the decayed ancient Buddha statue, but directly stared at the tall demon with four wings that suddenly sprang out from the void in front of him, and instantly moved towards this tall demon. Impact away.

The next moment, Ye Feng did not hold back and directly released his extremely powerful method, the God's Breathing Technique.

Boom!

At this moment, Ye Feng's combat effectiveness was greatly improved.

Moreover, on Ye Feng's body, a faint shadow of a god appeared in the boundless void, which enhanced Ye Feng's combat attributes unparalleledly.

This set of mysterious breathing techniques from Dean Tianshu has a huge effect.

Not only can it increase Ye Feng's training speed on weekdays, but it can also greatly increase Ye Feng's martial arts attributes and combat effectiveness during combat!

Chapter 3962 Threatened

Boom!

At this time, Ye Feng's cultivation aura was very terrifying.

Because Ye Feng used the mysterious breathing method of the gods taught to him by Dean Tianshu.

This kind of inheritance is very special and different from all the inheritances in the origin world.

Ye Feng even guessed that among many high-level interfaces, there was no cultivation force that possessed this mysterious breathing method.

This was the first time Ye Feng encountered this mysterious and special inheritance. ??

Ye Feng felt that this was probably one of Dean Tianshu's most powerful trump cards, but he didn't expect it to be taught to him.

It means that Dean Tianshuo treats me very well.

At this moment, after Ye Feng used the God's Breathing Technique, his combat ability immediately increased tremendously.

Buzz!

At this moment, a huge shadow of a god appeared on Ye Feng's body.

Ye Feng's subsequent punches and kicks were all filled with terrifying divine power. He immediately charged towards the high-level demon with four wings in front of him and attacked fiercely.

Boom! !

Every time Ye Feng attacks, he releases terrifying destructive power.

This high-level demon with four wings was beaten back steadily.

At the end, the high-level demon immediately couldn't help but shouted angrily: "How is this possible? How can you, a human kid from a world in decline, have such strong martial arts origins and such powerful body strength? This is impossible! You are a weak creature in a humble and declining era, and I am a powerful being in the realm of advanced cultivation. There is no way you can defeat me."

When Ye Feng heard what this high-level demon said, a deep sneer suddenly appeared in his eyes, and he said loudly: "Nothing is impossible in this world, just die quietly."

Boom!

At this moment, Ye Feng didn't hesitate at all, and directly burst out wildly with the strongest power of the God's Breathing Technique.

One of Ye Feng's hands directly turned into a big hand of God, and directly bombarded the head of this high-level demon with four wings.

next moment.

"Puch" sound!

The head of this high-level demon was directly smashed by Ye Feng.

A powerful high-level demon was killed in an instant!

I have to say that this high-level demon is still very powerful.

After enduring Ye Feng's attack for such a long time, he finally died.

So at this time, even if Ye Feng killed this high-level demon, he still had a look of deep amazement in his eyes.

Such advanced creatures from the advanced cultivation interface are indeed very terrifying in combat power, far exceeding the practitioners of the same realm who originated from the declining era of the great world.

Ye Feng felt more and more that the seal here must be thoroughly strengthened to prevent the extremely powerful demons in this hell interface or other dark creatures from the hell interface from entering the origin world in advance.

Otherwise, all the native creatures in the entire world of origin may be killed.

That would be a huge disaster.

After all, the world of origin has just recovered, and a famous mountain and historic site from the glorious era has just emerged.

The local practitioners in the origin world are not completely ready to meet the powerful creatures from the advanced cultivation interface.

At this moment, Ye Feng directly released the Devouring Domain and began to devour the high-level demon that he had killed.

This high-level demon's cultivation is at the peak of the tenth level of the emperor.

If it were an ordinary tenth-level emperor-level existence, after Ye Feng devoured it, it might only increase his power a little, but he wouldn't be able to break through at all.

But when Ye Feng swallowed this high-level demon from the advanced cultivation interface, he immediately felt a very powerful energy, which was directly injected into his Dantian.

At this moment, Ye Feng's skill immediately underwent transformation and breakthrough.

"Boom"!

The next moment, an extremely powerful cultivation momentum burst out from Ye Feng's body.

Ye Feng's cultivation level actually broke through a small level and entered the fifth level of Emperor Level!

Sensing the direct improvement of his cultivation level, Ye Feng's eyes suddenly revealed a look of deep surprise.

This high-level demon did not disappoint him.

It actually provides such a huge amount of energy!

At this moment, Ye Feng continued to revive the decayed ancient Buddha statues without any hesitation, not daring to waste time.

After all, this dark void connected to the interface of hell is full of dangers.

Next, Ye Feng quickly came to the second ancient Buddha statue.

Only half of the entire surface of this ancient Buddha statue is pitch black, indicating that it has only been partially corroded.

At this moment, Ye Feng directly released the Great Thunder Sound Buddhist Technique, injecting extremely bright golden Buddha light from his hands into the ancient Buddha statue in front of him.

"Buzz!"

As Ye Feng injected golden Buddha light, the ancient Buddha statue in front of him suddenly began to slowly revive.

The part that was originally black gradually turned into gold.

The dark energy of the hell realm was completely cleared out.

Uh-huh!

Next, Ye Feng quickly rushed towards the corroded ancient Buddha statues, and poured his own golden Buddha light into these corroded ancient Buddha statues, immediately reviving each of the ancient Buddha statues.

In the process of reviving these ancient Buddha statues, Ye Feng naturally encountered many attacks from powerful demons from the first interface.

After all, the dark void here is connected to the entrance to the hell realm, so it is inevitable that some high-level demons will escape through the unstable seal cracks.

However, the general cultivation strength of these high-level demons who can escape is not as strong as imagined.

Because of the extremely powerful high-level demon, but due to the restrictions of the world rules of the origin world, it is temporarily unable to come.

Therefore, Ye Feng did not encounter any danger.

On the contrary, in the process of reviving these ancient Buddha statues, he killed several powerful high-level demons, which greatly increased his skills.

From the previous fifth stage of the emperor level, he directly broke through to the seventh stage of the emperor level.

It can be said to be a huge improvement!

Ye Feng was naturally in a very good mood.

This time, I really got huge benefits.

Not only did he get an extremely powerful ancient Buddhist inheritance for free, but he also killed several powerful high-level demons, which improved his cultivation skills.

Half an hour later, Ye Feng had completely revived a large part of the corroded ancient Buddha statues on his side.

On the other side not far away, the monk who was exuding golden light also re-infused almost all the ancient Buddha statues with Buddha light energy and revived them again.

At this time, a total of one hundred and eight ancient Buddha statues came to life again, and the Buddha's light shone everywhere, dyeing the entire dark void into gold.

"senior....."

At this moment, Ye Feng came to the side of the monk not far away, and his eyes suddenly showed surprise.

Because the golden light on this monk's body was almost dim and turned transparent.

Ye Feng immediately couldn't help but said: "Senior has exhausted all his energy?"

The monk nodded, smiled slightly, and said aloud: "If we can revive these ancient Buddha statues and strengthen the seal here, then everything will be worth it."

Hearing what the monk said, Ye Feng was immediately in awe.

The seniors of this ancient world of origin have made such a huge contribution in order to protect the safety of the entire world of origin, which naturally makes Ye Feng respect them very much.

Ye Feng immediately spoke out at this time: "Senior, you can rest assured now. The entire seal has been completely reinforced. There will no longer be any danger at this entrance to the hell interface in a short time."

And just as Ye Feng was talking, a total of 108 ancient Buddha statues in this dark void burst out with golden light pillars, and they were instantly linked together, reconnecting this dark void. Completely sealed.

The powerful demons in the temporary hell interface cannot come over at all.

But suddenly at this moment, Ye Feng saw, deep in the hell realm on the other side of the seal, a majestic troll with a height of tens of thousands of meters, with a blood-red vertical eye, and his body was covered with dark hair. The colorful scales immediately stared at Ye Feng.

This majestic and boundless demon should be the royal family in the hell interface, the Asura demon.

This Asura demon was probably a powerful existence at the level of a demon commander. He looked through the endless space barrier and looked at Ye Feng in the dark void, and made a ferocious and majestic voice: "Damn boy, actually Help these old bald donkeys to re-seal this interface channel. When I find other ways and come to the world of origin, I will torture you to death. "

Obviously, Ye Feng and the monk who was covered in golden light joined forces to once again strengthen the seal here, so that these demons who should have been able to quickly enter the hell world of the origin world may have to spend a long, long time before they can come. Origin of the big world.

Ye Feng was threatened at this moment, but his face was very calm and he just said lightly: "By then, maybe I will have become strong enough to crush you easily."

Ye Feng's words were very domineering.

Anyway, now that the Asura Demon can't touch him, Ye Feng naturally wants to make him angry.

really.

When the Asura Demon saw Ye Feng saying such big words to him, he couldn't help but roar in anger.

However, Ye Feng didn't bother to pay attention to the Asura Demon in the hell interface at this time. Instead, he followed the monk beside him and quickly left the dark void and returned to the ancient temple above.

Chapter 3963 Holy Bead

When Ye Feng returned to the ancient temple, Shangguan Tianya, Phoenix Goddess and Baby Haoran who were waiting in the temple immediately gathered around.

Shangguan Tianya couldn't help but said: "Ye Feng, are you okay?"

Ye Feng smiled and said aloud: "It's nothing big, it's just that I was threatened by an Asura demon in the hell interface."

Hearing what Ye Feng said, the Phoenix Goddess showed deep surprise in her beautiful eyes, and said loudly: "Asura demons, I have learned about them. They are a very terrifying race in the hell interface. Their strength is It's very scary. You are born to be the commander among demons. I didn't expect you to be threatened by an Asura demon. It seems that you may be in great trouble in the future. "

The Phoenix Goddess obviously thought about Ye Feng sincerely, so there was a look of worry on her beautiful face at this time.

Baby Haoran, on the other hand, looked fearless, with a deep domineering look on his fat baby face, and said loudly: "In the future, we really have to wait until that Asura demon comes to our origin world. It will be many years later. By that time, brother Ye Feng will probably have already become

a peerless strongman. In the eyes of brother Ye Feng, that Asura demon is nothing at all. Maybe by then, even I will become one. A peerless master who crushed that Asura demon with just one finger!"

Hearing what Baby Haoran said, the Phoenix Goddess couldn't help but smile, then nodded, and said loudly: "Baby, you are right, Ye Feng's talent is very powerful, he is the young genius with the greatest potential I have ever seen. So in the future, maybe that Asura demon will really be nothing in front of Ye Feng, and we are also constantly getting stronger, and the world rules of the origin world will be revived, and we will regain the glory of the ancient times. This will be a glorious world in which we all have the potential to become powerful."

At this time, suddenly, the monk not far away, whose entire body was completely transparent and almost invisible, carefully took out a small box from a dilapidated ruin deep in the temple.

The monk brought the small box in front of Ye Feng, smiled slightly, and said loudly: "This time you have helped our entire temple a lot, re-strengthening the seal. It is estimated that in the next few decades, this seal will be There won't be any looseness. To thank you, little brother, the contents of this small box are the only things left in our temple that can be called treasures. Now I will hand it over to you."

"Senior, you are too polite..."

Ye Feng's eyes showed surprise and he quickly took the box and was about to say something.

But the monk from the ancient temple in front of him had a happy smile on his face. His entire body had completely turned transparent, and then disappeared from the sight of several people.

"well."

Seeing this scene, Ye Feng sighed lightly.

Shangguan Tianya beside him couldn't help but shook his head, and said with great admiration: "This senior has really dedicated himself and helped the world."

The Phoenix Goddess also nodded slightly and said aloud: "If this temple hadn't been standing here for so many years, perhaps the entrance to the hell interface would have been opened long ago. Even if there are constraints from the world rules of our origin world, I'm afraid There will also be

many very terrifying advanced demons in the hell interface, many times more ferocious than ordinary demons. When the time comes, the nearby Sea of Chaos area will probably be devastated.

"

When Ye Feng heard this, he immediately nodded.

Haoran

The baby kept paying attention to the small box in Ye Feng's hand, and couldn't help but said: "Brother Ye Feng, open this box quickly and see what's inside. I'm so curious."

Ye Feng nodded slightly and then opened the box.

Everyone immediately saw a small golden bead in it.

"This seems to be a relic that can only be left behind by the most powerful people in ancient Buddhism."

At this moment, Shangguan Tianya beside him couldn't help but said: "An old senior in our family also got a relic back then, but it was only the size of a fingernail, but this one in your hand, Ye Feng, is This relic is actually half the size of a fist. This is definitely a relic left by a powerful being in Buddhism."

When Ye Feng heard Shangguan Tianya say this, he couldn't help but nodded slightly.

"Huh? No."

But the next moment, Ye Feng saw that the surface of this relic was engraved with many ancient Buddhist and Taoist symbols, and it could be faintly seen that the inner space of this round relic was actually sinking and floating, which looked very sacred and solemn. The ancient Buddha is inside.

Ye Feng couldn't help but have a look of surprise in his eyes, and said loudly: "Look, there is a huge Buddha hidden inside this relic ball. I guess this may be more than just a relic." Simple, it is likely that this ancient temple was a very powerful magic weapon back then."

The Phoenix Goddess nodded slightly, staring at the relics in Ye Feng's hands with her beautiful eyes, and said loudly: "In the territory of our Phoenix Kingdom, there is also an extremely huge Buddhist temple. The host of that big temple back then, The king of the Phoenix Divine Kingdom once gave us a magic weapon made from relics, which contained an ancient Buddhist monk. They called it the 'Buddhist Monk Holy Pearl', but Ye Feng, the relic in your hand is What is contained inside the relic is actually an ancient Buddha. It is really too advanced. I estimate that the thing in your hand should be a very powerful Buddhist treasure refined from the relic. It can be called the 'Holy Pearl of Buddha'. 'Yes, it must be many times more advanced than the sacred beads that the great temple of our Phoenix Divine Kingdom hosts. After all, this ancient temple is the temple from the glorious days of our origin in the great world, and it must be very extraordinary."

Hearing what the Phoenix Goddess said, Ye Feng immediately nodded and began to input his own magic power into the Buddha's Holy Bead in his hand.

Because among all the people now, only Ye Feng has the ability to use this special Buddhist treasure.

Shangguan Tianya and others all have their own attribute powers, which are incompatible with Buddha's power and cannot use this Buddhist treasure.

Buzz!

At this moment, as Ye Feng continued to input his own magic power into the holy bead in his hand, the holy bead immediately emitted a brilliant golden light.

And at the next moment, the sleeping Buddha inside the holy bead seemed to wake up.

All of a sudden, it appeared from the holy bead!

The infinite golden Buddha light condensed directly on the top of Ye Feng's head, forming a huge image of the ancient Buddha. It was filled with an unparalleled sense of oppression, making the people around him couldn't help but take several steps back. .

When Ye Feng saw this scene, his eyes suddenly lit up.

This Buddha's holy bead is indeed an extremely powerful magic weapon from the Buddhist era. It is very powerful. It actually contains the power of the ancient Buddha! When Ye Feng returned to the

ancient temple, Shangguan Tianya, Phoenix Goddess and Baby Haoran who were waiting in the temple immediately gathered around.

Shangguan Tianya couldn't help but said: "Ye Feng, are you okay?"

Ye Feng smiled and said aloud: "It's nothing big, it's just that I was threatened by an Asura demon in the hell interface."

When Ye Feng saw this scene, his eyes suddenly lit up.

This Buddha's holy bead is indeed an extremely powerful magic weapon from the Buddhist era. It is very powerful. It actually contains the power of the ancient Buddha!

Chapter 3964 Discussing things

At this moment, knowing that the Buddha's Holy Pearl was very powerful, Ye Feng naturally carefully put the magic weapon from the ancient temple into his storage ring.

This powerful magic weapon can definitely play a huge role at critical moments.

At this time, Ye Feng looked at the people beside him and said, "Let's leave here and continue climbing to the top of the mountain."

Hearing what Ye Feng said, Shangguan Tianya, Phoenix Goddess and Baby Haoran all nodded.

Several people walked out of the temple directly, bowed their hands to the temple to show respect, and then left.

But the moment they walked out of the temple, they saw a horrifying scene.

They saw a huge thing that could cover the sky and the sun, standing outside the temple, as if it had been waiting for them for a long time.

This behemoth is surprisingly the ancient thunder and lightning unicorn in its complete form!

This ancient thunder and lightning unicorn is standing on the mountain outside the temple at this moment, with blue-purple thunder light surging all over its body, full of a kind of power and momentum that can destroy the world, giving people a very... of terror.

At this moment, the expressions of several people changed drastically.

Ye Feng even wanted to release the space gem all at once and lead everyone away.

Because you must know that the ancient thunder and lightning unicorn in its complete state has an absolutely terrifying level of cultivation strength.

At that time, Ye Feng and others speculated that this ancient thunder and lightning unicorn in its complete state was estimated to be comparable to the peak god-level existence among their human race.

It is even comparable to the half-step dominance level.

So at this time, even if Ye Feng has received huge benefits this time and his cultivation strength has been greatly improved, there is no way he can be an opponent of the ancient thunder and lightning unicorn in this complete state.

So at this time, Ye Feng made a subconscious decision to escape from here quickly.

But suddenly at this moment, the huge ancient thunder and lightning unicorn in front of him stared at Ye Feng, made a rather majestic and cold voice, and said: "Don't run away in a hurry, I I have something to discuss with you."

"Is there something to discuss?"

I heard that this ancient thunder and lightning unicorn was talking about people, and it still wanted to discuss things with them.

Not to mention Ye Feng, even Shangguan Tianya, the Phoenix Goddess, and even the little baby Haoran had their mouths wide open and were very shocked.

They seemed to have never imagined that such an extremely ferocious beast from the ancient times would come directly to their door to discuss something with them.

It's really unexpected.

At this moment, this ancient thunder and lightning unicorn stared at Ye Feng in the crowd. Others were too lazy to look at it, and then slowly said: "Since you practiced in the thunder and lightning field I left, I observed you have been here for a long time. You have been able to climb this ancient famous mountain for such a long time with such a weak cultivation level, and you have been able to avoid various formations every time. Can you see the various formations hidden in the world? Formation?"

Hearing what this ancient thunder and lightning unicorn said, Ye Feng's eyes suddenly moved.

At this time, Ye Feng also immediately understood why this Taikoo Thunder Electrical Spirit was waiting for him here and wanted to discuss something with him. It turned out that he was interested in his ability to see through it.

The ability of various formations.

At this time, Ye Feng did not hesitate and said directly: "I do have a special talent. My eyes can see through various formations hidden in the world, but not all formations can I see through very advanced formations, unless my Eye of Heaven and Earth can evolve."

Hearing what Ye Feng said, the ancient thunder and lightning unicorn immediately showed joy in his eyes.

Hearing Ye Feng's personal admission, this ancient thunder and lightning unicorn suddenly shone with light.

That huge and majestic beast-like body transformed into a beautiful woman wearing a silver robe directly in the divine light.

This stunningly beautiful woman looks very cool, with a pair of pink and phoenix eyes, and black hair like a waterfall. She makes people feel that she is extremely graceful and charming.

Obviously, this beautiful and cold woman is the ancient thunder and lightning unicorn in human form.

At this time, the ancient thunder and lightning unicorn flew directly towards Ye Feng and said loudly: "I need you to help me do something. To go to a special place, I need to use your talent of being able to see through formations."

Ye Feng immediately said: "I may not have time now."

The ancient thunder and lightning unicorn's beautiful and cold eyes were fixed on Ye Feng, and he said slowly: "You have to make time if you don't have time. It's not up to you, because you are now under my control."

Hearing what the ancient thunder and lightning Qilin said, Ye Feng immediately said: "Then I choose to die."

"you....."

Hearing what Ye Feng said, the Ancient Thunder Qilin couldn't help but show anger in his eyes.

But she really needs Ye Feng's ability.

Thunder and Lightning Qilin said aloud: "As long as you help me complete this matter, I will give you the best opportunity to make a fortune. Your current cultivation level is so poor, and you probably want to improve your cultivation level. I am here Having lived in famous ancient mountains for so many years, I know many places where all kinds of natural materials and earthly treasures grow. As long as you help me, I can take you to those places where all kinds of ancient natural materials and earthly treasures grow, and let you devour them. Greatly improve your martial arts skills."

Hearing what this ancient thunder and lightning unicorn said, Ye Feng's eyes suddenly lit up.

At this time, the ancient thunder and lightning unicorn looked at the people beside Ye Feng and said loudly: "But your friends can't follow you there together. This matter is very secretive. I only need you to follow me alone."

Ye Feng was about to say something when he heard what the ancient thunder and lightning unicorn said.

However, the Phoenix Goddess stepped forward at this time, looked at Ye Feng and said: "Ye Feng, just follow this ancient thunder and lightning unicorn senior. This is a huge opportunity for you. Don't let it happen because of us." It's a waste, we will go down the mountain directly next time, anyway, we have gained a lot of benefits this time."

Hearing what the Phoenix Goddess said, Ye Feng immediately nodded, looked at Shangguan Tianya, and said: "Then you take good care of baby Haoran. When I come down from this famous ancient mountain, I will go to the City of Chaos. Looking for you."

"OK."

Shangguan Tianya also nodded at this time.

Then the three of them left here directly.

At this moment, Ye Feng looked at the stunning silver-robed woman in front of him and said, "Senior Thunder and Lightning Qilin, where are we going now? How can I help you?" At this moment, he learned that knowing that this Buddha's holy bead is very powerful, Ye Feng naturally carefully put this magic weapon from the ancient temple into his storage ring.

This powerful magic weapon can definitely play a huge role at critical moments.

At this time, Ye Feng looked at the people beside him and said, "Let's leave here and continue climbing to the top of the mountain."

Hearing what Ye Feng said, Shangguan Tianya, Phoenix Goddess and Baby Haoran all nodded.

Several people walked out of the temple directly, bowed their hands to the temple to show respect, and then left.

But the moment they walked out of the temple, they saw a horrifying scene.

They saw a huge thing that could cover the sky and the sun, standing outside the temple, as if it had been waiting for them for a long time.

This behemoth is surprisingly the ancient thunder and lightning unicorn in its complete form!

This ancient thunder and lightning unicorn is standing on the mountain outside the temple at this moment, with blue-purple thunder light surging all over its body, full of a kind of power and momentum that can destroy the world, giving people a very... of terror.

At this moment, the expressions of several people changed drastically.

Ye Feng even wanted to release the space gem all at once and lead everyone away.

Because you must know that the ancient thunder and lightning unicorn in its complete state has an absolutely terrifying level of cultivation strength.

At that time, Ye Feng and others speculated that this ancient thunder and lightning unicorn in its complete state was estimated to be comparable to the peak god-level existence among their human race.

It is even comparable to the half-step dominance level.

So at this time, even if Ye Feng has received huge benefits this time and his cultivation strength has been greatly improved, there is no way he can be an opponent of the ancient thunder and lightning unicorn in this complete state.

So at this time, Ye Feng made a subconscious decision to escape from here quickly.

But suddenly at this moment, the huge ancient thunder and lightning unicorn in front of him stared at Ye Feng, made a rather majestic and cold voice, and said: "Don't run away in a hurry, I I have something to discuss with you."

"Is there something to discuss?"

I heard that this ancient thunder and lightning unicorn was talking about people, and it still wanted to discuss things with them.

Not to mention Ye Feng, even Shangguan Tianya, the Phoenix Goddess, and even the little baby Haoran had their mouths wide open and were very shocked.

They seemed to have never imagined that such an extremely ferocious beast from the ancient times would come directly to their door to discuss something with them.

It's really unexpected.

At this moment, this ancient thunder and lightning unicorn stared at Ye Feng in the crowd. Others were too lazy to look at it, and then slowly said: "Since you practiced in the thunder and lightning field I left, I observed You have been here for a long time. You have been able to climb this famous ancient mountain for such a long time with such a weak cultivation level, and you have been able to avoid various formations every time. Can you see the various formations hidden between heaven and earth? Formation?"

Hearing what this ancient thunder and lightning unicorn said, Ye Feng's eyes suddenly moved.

At this time, Ye Feng also immediately understood why this Taikoo Thunder Electrical Spirit was waiting for him here and wanted to discuss something with him. It turned out that he was interested in his ability to see through it.

The ability of various formations.

At this time, Ye Feng did not hesitate and said directly: "I do have a special talent. My eyes can see through various formations hidden in the world, but not all formations can I can see through very advanced formations, unless my Eye of Heaven and Earth can evolve."

Hearing what Ye Feng said, the ancient thunder and lightning unicorn immediately showed joy in his eyes.

Hearing Ye Feng's personal admission, this ancient thunder and lightning unicorn suddenly shone with light.

That huge and majestic beast-like body transformed into a beautiful woman wearing a silver robe directly in the divine light.

This beautiful woman looks very cool, with a pair of red phoenix eyes and black hair like a waterfall. She gives people the impression of being extremely graceful and charming.

Obviously, this beautiful and cold woman is the ancient thunder and lightning unicorn in human form.

At this time, the ancient thunder and lightning unicorn flew directly towards Ye Feng and said loudly: "I need you to help me do something. To go to a special place, I need to use your talent of being able to see through formations."

Ye Feng immediately said: "I may not have time now."

The ancient thunder and lightning unicorn's beautiful and cold eyes were fixed on Ye Feng, and he said slowly: "You have to make time if you don't have time. It's not up to you, because you are now under my control."

Hearing what the ancient thunder and lightning Qilin said, Ye Feng immediately said: "Then I choose to die."

"you....."

Hearing what Ye Feng said, the Ancient Thunder Qilin couldn't help but show anger in his eyes.

But she really needs Ye Feng's ability.

Thunder and Lightning Qilin said aloud: "As long as you help me complete this matter, I will give you the best opportunity to make a fortune. Your current cultivation level is so poor, and you probably want to improve your cultivation level. I am here After living in famous ancient mountains for so many years, I know many places where all kinds of natural materials and earthly treasures grow. As long as you help me, I can take you to those places where all kinds of ancient natural materials and earthly treasures grow, and let you devour them. Greatly improve your martial arts skills."

Hearing what this ancient thunder and lightning unicorn said, Ye Feng's eyes suddenly lit up.

At this time, the ancient thunder and lightning unicorn looked at the people beside Ye Feng and said loudly: "But your friends can't follow you there together. This matter is very secretive. I only need you to follow me alone."

Ye Feng was about to say something when he heard what the ancient thunder and lightning unicorn said.

However, the Phoenix Goddess stepped forward at this time, looked at Ye Feng and said: "Ye Feng, just follow this ancient thunder and lightning unicorn senior. This is a huge opportunity for you. Don't let it happen because of us." It's a waste, we will go down the mountain directly next time, anyway, we have gained a lot of benefits this time."

Hearing what the Phoenix Goddess said, Ye Feng immediately nodded, looked at Shangguan Tianya, and said: "Then you take good care of baby Haoran. When I come down from this famous ancient mountain, I will go to the City of Chaos. Looking for you."

"OK."

Shangguan Tianya also nodded at this time.

Then the three of them left here directly.

At this moment, Ye Feng looked at the stunning silver-robed woman in front of him and said, "Senior Thunder and Lightning Qilin, where are we going now? How can I help you?"

Chapter 3965 Lightning Field

Hearing Ye Feng's question, the stunning silver-robed woman in front of him just smiled and said, "I'll take you there."

Uh-huh!

At this moment, the silver-robed woman stretched out a palm, grabbed Ye Feng's shoulder, and then jumped up.

Wow!

Ye Feng immediately saw that the surrounding space began to shift rapidly.

The silver-robed woman took Ye Feng and quickly flew towards the top of this famous ancient mountain.

Along the way, Ye Feng saw many powerful formations, but they were all passed by this silver-robed woman.

It has to be said that the cultivation strength of this ancient thunder and lightning unicorn is so terrifying that it makes Ye Feng feel frightened.

Those ancient formations that could instantly kill emperor-level or even emperor-level masters were nothing in front of the silver-robed woman.

At this moment, Ye Feng suddenly understood. It was estimated that the formation that this silver-robed woman wanted to let him see through was very terrifying and advanced. .??.

Because of the ordinary formation, this silver-robed woman didn't have to be afraid at all.

When Ye Feng thought of this, he immediately couldn't help but said: "Senior, my Eye of Heaven and Earth has not yet evolved to its full state. It may not necessarily be able to see through the most ancient and terrifying formations that you need me to see through. If both of us die in that advanced and ancient formation, it will be over."

Hearing what Ye Feng said, the silver-robed woman couldn't help but smile lightly and said aloud: "I will help you evolve your talent to its highest point."

Hearing what the silver-robed woman said, Ye Feng's eyes suddenly froze, and then he couldn't help but said, "How do you want to help me evolve?"

The woman in silver robe said: "Before, I saw you practicing in the lightning field I left behind. It seems that your ability to see through formations has been improved, so I guess your physical fitness should be improved. To improve your natural ability, I will create a perfect, truly high-intensity lightning field for you to practice in. "

After saying that, the silver-robed woman suddenly stopped and then landed in the jungle below.

At this time, there are many small emerald green trees in this jungle.

Tree.

There are fruits growing on these small green trees.

Ye Feng's eyes immediately revealed a look of deep surprise.

Because he saw that the fruits growing on these emerald green trees were all of the same level as the Dragon Soul Fruit that Ye Feng had obtained before.

This shows how precious this place is.

The silver-robed woman transformed into a unicorn from the ancient thunder and lightning said loudly: "As long as you help me sincerely, the benefits will naturally come from you. Before going to the place I want to go, I will give you some benefits first. Here is a place I discovered. This is a medicinal field planted by an ancient sect that originated from the glorious age of the Great World. There are a dozen high-grade fruits in it. After you swallow them, your skills will definitely increase tremendously. It is considered to be an advance gift. In addition to your benefits, I will create a perfect lightning field later, and I will greatly temper your physical strength and help your talents evolve."

Hearing what the silver-robed woman said, Ye Feng's eyes suddenly lit up.

Sure enough, the benefits of following such a super powerful being are huge.

At this time, Ye Feng didn't have any hesitation or courtesy. He just picked the various fruits growing on the emerald green trees and started to eat them.

"Gulu!"

"Gulu!"

Ye Feng swallowed the dates wholeheartedly, eating a dozen fruits in one go.

Seeing this scene, even the silver-robed woman who had transformed from an ancient thunder and lightning unicorn showed a trace of surprise in her beautiful and cold eyes.

She didn't seem to expect that Ye Feng would be so crazy and take away all the fruits grown in this medicinal field. They were all eaten at once.

Can this be digested?

Boom!

And at this moment, waves of very powerful medicinal power,

Suddenly it exploded in Ye Feng's body.

Ye Feng immediately felt that his cultivation skills were growing rapidly.

"boom!"

The eighth dan of the imperial level!

"boom!"

The ninth dan of the imperial level!

"boom!"

The peak of the tenth level of the Emperor Level! !

At this time, Ye Feng's cultivation level suddenly made a huge breakthrough, and Ye Feng's eyes suddenly showed deep excitement.

I didn't expect that these dozen fruits would actually improve me so much.

Because Ye Feng knew very well that as his cultivation level continued to improve, his body became more and more like a bottomless pit.

Every breakthrough in cultivation requires more and more powerful energy.

So a dozen fruits allowed Ye Feng to achieve so many breakthroughs at once, which was already a huge improvement.

"Crack!"

At this time, suddenly there was a sound of thunder not far away.

Ye Feng immediately looked not far away, and his eyes were stunned.

He saw the stunningly beautiful woman wearing a silver robe. At this time, she opened her hands and created a lightning field entirely composed of thunder and lightning.

Her hands release endless thunder light, giving people the feeling of a thunder and lightning king.

At this time, the silver-robed woman looked in the direction of Ye Feng and said calmly: "Little guy, come here and directly enter the thunder and lightning field I created. This thunder and lightning field is more powerful than what you absorbed before. The remaining thunder power is infinitely more perfect and powerful. "

Hearing what the silver-robed woman said, Ye Feng's mouth suddenly twitched slightly.

He could clearly sense that the thunder and lightning field recreated by the ancient thunder and lightning unicorn not far away was very terrifying and gave people a numb scalp feeling.

But at this time, Emperor Chu said aloud in Ye Feng's mind: "Ye Feng, don't hesitate.

Yu, hurry up and go over. This ancient thunder and lightning unicorn wants you to do something. He will definitely try his best to help you temper the power of his body and will not hurt you. This is a good opportunity for your Hongmeng Immortal Body to transform. Don't The thunder field released by this ancient thunder and lightning unicorn is wasted. The origin of thunder in it is very advanced. You can secretly absorb it and enhance your own skills. "

Hearing what Emperor Chu said in his mind, Ye Feng's eyes suddenly moved, and then he immediately flew towards the lightning field quickly.

When Ye Feng entered the lightning field.

"Crash!"

Infinite light of thunder and lightning immediately fell on Ye Feng's body, causing Ye Feng's whole body to be electrocuted tens of thousands of times in an instant.

Ye Feng's body was a little burnt.

"hiss!!"

This made Ye Feng couldn't help but take a breath of cold air, and felt that his whole body was numb from the electric shock.

At this moment, the silver-robed woman was outside the lightning field, controlling the light of thunder and quickly helping Ye Feng temper his body strength.

At this time, while Ye Feng was improving his physique, he was secretly absorbing the original power of thunder emanating from the surroundings to improve his own skills according to what Emperor Chu said.

It is estimated that this ancient thunder and lightning unicorn does not know that Ye Feng can swallow and absorb energy of various attributes, including the power of thunder she releases.

So at this time, Ye Feng's body was rapidly transforming, and his skills were also secretly increasing.

The silver-robed woman who controlled the entire lightning field outside clearly felt that the power of lightning was being consumed very quickly, and couldn't help but mutter in her heart, "This human kid, I didn't expect that his physique is so powerful. It consumes so much, but in order to pass through countless ancient formations, enter the restricted area of life, and save the ancestor, I have to fight hard to make this kid's talent evolve to the top. "

At this moment, the silver-robed woman opened her mouth, and a sky-blue bead flew out, flying directly to the thunder and lightning field, emitting a more powerful and advanced thunder and lightning light, providing the entire thunder and lightning field with A steady stream of lightning energy struck Ye Feng crazily!

Chapter 3966 Promotion and Transformation

Wow!

Wow!

At this time, the endless thunder and lightning around him turned into streaks of lightning, and crazy electric shocks struck Ye Feng's body.

Ye Feng's whole body was a little burnt by the electricity, and he felt numb all over.

But at this time, Ye Feng was very surprised that his body, bones and flesh and blood essence were being rapidly and continuously tempered and improved.

Moreover, Ye Feng is still secretly absorbing the power of thunder, allowing his skills to grow rapidly.

At this time, Ye Feng suddenly saw that the silver-robed woman transformed into an ancient lightning unicorn directly released a sky-blue bead.

This round bead is very magical. At the top of this thunder and lightning field, it emits a very terrifying thunder power.

Ye Feng guessed that it was probably the beast elixir of this ancient thunder and lightning unicorn, which could release a steady stream of thunder power.

And this kind of thunder power is very advanced, much more powerful than ordinary thunder power. .??.

Buzz!

At this time, Ye Feng continued to absorb the surrounding lightning power, allowing his body strength and skill source to grow rapidly.

"boom!"

Suddenly at a certain moment, Ye Feng suddenly burst out with a huge aura of cultivation.

That was a breakthrough momentum!

Ye Feng's cultivation level, at this moment, broke through the bottleneck from the tenth level of the emperor level, and stepped into the half-step emperor level above the emperor level!

Seeing Ye Feng's breakthrough in such a huge cultivation aura, the silver-robed woman standing outside the lightning field suddenly showed surprise in her cold eyes.

Because she never thought that he originally released this thunder and lightning field specifically to temper Ye Feng's physical strength. It was mainly to help Ye Feng's physical fitness improve, so that Ye Feng could see through the formation's natural ability. get promoted.

Unexpectedly, Ye Feng was in this lightning field

After practicing in front of me, I actually made a breakthrough in cultivation ahead of schedule.

This was something the silver-robed woman had not expected.

At this moment, the silver-robed woman didn't worry about anything, but continued to release the power of thunder and lightning to help Ye Feng temper his body.

Because she is really in need of Ye Feng's innate ability to see through various formations next.

This ability is so rare.

The silver-robed woman searched for many years but could not find it.

This time it happened that Ye Feng had the ability to see through formations, so she naturally had to take advantage of it.

So at this time, the silver-robed woman was naturally not stingy about the input of thunder and lightning power in Ye Feng's training field.

At this time, after Ye Feng achieved a breakthrough in cultivation, he discovered the power of his Hongmeng Immortal Body, and also experienced rapid transformation.

It directly transformed from the previous late sixth level to the sixth level Dacheng.

At this moment, Ye Feng immediately showed deep joy in his eyes.

This time I really got a huge harvest.

I have to say that this time I was really lucky to be spotted by this ancient thunder and lightning unicorn in perfect condition.

And she really needs her innate ability to see through formations, the Eye of Heaven and Earth.

So at this time, Ye Feng looked at the silver-robed woman in front of him and said loudly:
"Continue to increase the input of thunder power. My innate ability to see through formations has now transformed into the realm of Dacheng, and has not yet transformed into Dzogchen. Realm, only by letting the power of my body transform to the Great Perfection at the sixth level can my Eye of Heaven and Earth also evolve to the Great Perfection state. It is estimated that by that time, I will be able to see through any formation. "

Hearing what Ye Feng said, the silver-robed woman immediately nodded slightly.

, and then continue to input a very large amount of thunder power.

At this time, Ye Feng immediately had more thunder and lightning power, and he immediately absorbed it happily.

Half an hour later.

"Boom!!"

Ye Feng's body once again erupted with a terrifying aura of cultivation.

His cultivation level once again broke through, from half-step to the emperor level, to the first stage of the real emperor level!

A breakthrough in a major realm directly boosted Ye Feng's combat effectiveness.

Ye Feng's face was naturally filled with joy.

At this moment, the terrifying power of thunder and lightning also tempered and transformed Ye Feng's Hongmeng Immortal Body to the true sixth level of Dzogchen!

As Ye Feng's Hongmeng Immortal Body transformed into the sixth level of perfection, Ye Feng's bloodline talent awakened on the sixth level, the Eye of Heaven and Earth that can see through formations, also directly evolved to the highest level.

At this time, Ye Feng felt that he could probably see through all the formations on this famous ancient mountain, no matter how advanced and ancient they were.

Buzz!

At this moment, the entire surrounding lightning field suddenly disappeared.

Not far away, the stunningly beautiful silver-robed woman transformed into an ancient thunder and lightning unicorn came directly in front of Ye Feng and said coldly: "Did you use any special means to release me?" Absorbed the energy in the lightning field? Otherwise, your cultivation level would not be able to break through so quickly. It is really rare for a human boy like you to be able to contain the power of my thunder. But you dare to secretly absorb my natal beast elixir? The original power of thunder has depleted my energy a lot, but you really know how to find benefits for yourself."

Ye Feng saw the frost on the silver-robed woman's face at this time, and immediately said: "Don't worry, senior, my body strength has transformed to the sixth level of perfection, and my eyes of heaven and earth that can see through the formation have also evolved to the highest peak. I estimate that I can see through all the formations. I will definitely help you well in the future." Hearing what Ye Feng said, the silver-robed woman's cold face eased a little, and then she said: "You'd better not lie to me, otherwise, our cooperation will end, and I will take back all the cultivation resources I gave you one by one." Hearing what the silver-robed woman said, Ye Feng immediately smiled and said: "Don't worry, senior, I should be able to see through all the formations now, and I can shuttle safely." Hearing what Ye Feng said, the silver-robed woman nodded immediately, then stretched out her white palm and grabbed Ye Feng's shoulder. She jumped up and flew quickly towards a certain direction of this ancient famous mountain. Ye Feng immediately asked, "Are we going to the place you need to go now?"

The silver-robed woman nodded and said, "You will help me look at the various formations and how to shuttle through them. Leave the rest to me. Don't worry, I won't put you in danger. As long as you can see through the various formations, there will be no problem."

After that, the silver-robed woman didn't say anything more. She just took Ye Feng and shuttled quickly through a primitive jungle in the mountain.

It must be said that this ancient famous mountain is very majestic and vast. The area of the mountain is very large, and it can actually give birth to such a vast primitive forest.

Ye Feng was still quite nervous at this time.

Because he knew very well that this half-step master-level complete body of the ancient thunder and lightning unicorn was so important.

The place they were about to go was estimated to be very dangerous. It was very likely to be a life restricted area in this ancient famous mountain. If they were not careful, they would probably lose their lives.

"Still not strong enough..." Ye Feng was grabbed by the shoulders by the silver-robed woman, thinking secretly.

Chapter 3967: Amazed

And just when Ye Feng was sighing in his heart, the silver-robed woman transformed into the ancient thunder and lightning unicorn had already brought Ye Feng to the deepest part of this primitive forest.

This virgin forest grows in the southwest of this famous ancient mountain, not on the top of the mountain.

But Ye Feng felt a very terrible feeling of terror from his surroundings.

At this time, Ye Feng suddenly understood that he had guessed correctly.

The place that the silver-robed woman brought herself to was definitely a very scary and weird restricted area of life.

At this moment, Ye Feng suddenly saw that in the deepest part of the primeval forest ahead, a huge ancient door made entirely of dark steel appeared.

After the silver-robed woman brought Ye Feng here, her eyes seemed to be full of expectation and excitement.

Then Ye Feng saw that the silver-robed woman took out a black token from her storage ring and placed it directly in the middle of the door made of dark steel.

"Rumble..."

The moment the silver-robed woman placed the black token in her hand on the gate, the entire gate immediately opened to both sides.

Inside the gate, a dark passage with no end in sight appeared.

At this time, the silver-robed woman looked at Ye Feng and said seriously and seriously: "From now on, you will be by my side to help me watch the ancient formations that may appear in this entire passage. Help me. If you pass through this passage that is completely covered with formations, your mission will be completed. When I resolve the matter, I will take you out again, and then I will let you go free."

Hearing what the silver-robed woman said, Ye Feng immediately nodded and said, "Senior, don't worry, I will definitely do my best to take advantage of you."

At this time, after Ye Feng finished speaking, he directly activated the blood talent of awakening the sixth level of his Hongmeng Immortal Body, the Eye of Heaven and Earth.

Buzz!

At this moment, Ye Feng's eyes suddenly emitted two very strange white lights.

Now, with the help of the silver-robed woman, Ye Feng's Hongmeng Immortal Body has transformed to the sixth level of perfection.

Therefore, the talent Ye Feng awakened at the sixth level, the Eye of Heaven and Earth, has naturally evolved to a very powerful level.

All formations can be seen through by Ye Feng.

At this time, Ye Feng turned the Eye of Heaven and Earth and first discovered that the moment they entered the gate, there was a formation emitting terrifying flames, shrouded in the void, blocking their way.

This formation was burning with blazing flames under Ye Feng's Eye of Heaven and Earth.

But ordinary people definitely can't see it.

Even the extremely powerful beast like the silver-robed woman cannot be seen.

Only Ye Feng can see it.

At this time, Ye Feng immediately said: "I saw it. As soon as I entered the door, there was a very terrifying flame formation. It was very advanced and caused high damage."

Hearing what Ye Feng said, the silver-robed woman's eyes suddenly lit up, and she couldn't help but say: "Your talent is indeed amazing. I have tried to enter the passage behind this gate before, but as soon as I entered it, I was blocked by countless people. The flames enveloped me, and if I hadn't been strong in cultivation, I would have been instantly wiped out by this formation."

After the silver-robed woman finished speaking, Ye Feng nodded and said: "This flame formation is indeed very terrifying, but with me here, seniors don't have to worry. Not only can I see where the formation is, , I can also see through the entire structure and framework of the formation, and can guide my seniors safely through the formation."

Uh-huh!

At this time, after Ye Feng finished speaking, he took a step forward and flew quickly towards the passage behind the dark door.

Seeing Ye Feng leading the way, the silver-robed woman quickly followed, following closely behind Ye Feng, not daring to get too far away from Ye Feng.

At this time, it was the silver-robed woman's turn to start to feel frightened.

Because even if the woman in silver robe is a ferocious and terrifying beast, if she is not careful, she may be hurt by some terrifying ancient formations in this dark passage, and she may be destroyed physically and mentally in an instant.

Because the end area of this passage is trapped by the ancestors of their thunder and lightning unicorn clan.

It was a taboo and terrifying existence.

He was trapped in it back then, and the ancient strong man set up such a passage densely covered with countless terrifying formations in order to prevent others from entering it and rescue the ancestor of the thunder and lightning unicorn clan.

Because this ancestor of the Thunder and Lightning clan was a very terrifying and ferocious beast in the world.

At this moment, the silver-robed woman was following Ye Feng, following Ye Feng's steps.

She miraculously discovered that she would not be harmed by the power of the formation while walking in it.

It was still quiet all around.

It was completely different from the first time the silver-robed woman came here.

The silver-robed woman came here for the first time before. As soon as she walked into the passage behind the dark door, she was enveloped in countless flames and almost died in it.

But now following Ye Feng's pace, the surroundings were quiet and no flames appeared.

Seeing this scene, the silver-robed woman immediately showed joy in her eyes.

Sure enough, this time she found the right person.

At this moment, Ye Feng is turning the world

With his eyes, looking at the entire flame formation around him, he was able to see through the entire formation's context structure and overall framework.

Therefore, Ye Feng was naturally able to find the safest path among the formations and not be harmed by the power of the formations.

Nowadays, the Eye of Heaven and Earth has been greatly improved, allowing Ye Feng to walk in the formation without suffering any damage, and he is completely at ease.

However, Ye Feng was wondering in his heart at this time, what exactly existed at the end of this dark passage?

It turned out that this ancient thunder and lightning unicorn was so anxious and urgent.

It seems that there is probably a very terrifying existence sealed at the end of this passage filled with various terrifying formations.

However, Ye Feng just thought in his heart that he would eventually lead this silver-robed woman to the end.

As Ye Feng kept walking, they finally successfully passed through the terrifying flame formation at the most entrance of the passage and arrived at the safe area.

At this moment, the silver-robed woman looked at Ye Feng beside her.

Even this powerful existence of the thunder and lightning unicorn clan couldn't help but show deep amazement in his eyes.

For the first time, that beautiful and cold face showed a look of admiration for other races. He looked at it with admiration and said loudly: "Ye Feng, when my goal is achieved this time, will you do it?" I am willing to continue to cooperate with me to fight for the supreme tradition and inheritance contained in the top of this ancient famous mountain. It is the supreme inheritance left by the true owner of this ancient famous mountain. However, the more Towards the top of the mountain, there are more and more terrifying formations. Even for beings of the same level as me, it is difficult to enter the real top of the mountain. But if you, Ye Feng, cooperate with me, you might have this opportunity. You can see through the formation, and I provide strong combat power to compete with other strong men. If we work together, there may be a chance to obtain the supreme orthodoxy left by the transcendent existence of this famous ancient mountain! "

Chapter 3968 Ancient Puppet

At this time, the woman in silver robe was able to say such words, which is enough to show that she is really very serious about Ye Feng.

Obviously, in her eyes, Ye Feng is no longer an ordinary human boy, but a super genius with incredible abilities, enough for her to take him very seriously.

But at this moment, when he heard the silver-robed woman in front of him, who was transformed into an ancient thunder and lightning unicorn, saying such serious and serious words, Ye Feng's eyes showed a hint of surprise.

Ye Feng never thought that such a powerful ancient thunder and lightning unicorn, such a wild beast, would actually tell him that he would cooperate in the future.

Ye Feng thought about it at this moment, and then said aloud: "Let's talk about this later. First, we can safely pass through this dark passage. I can feel that there are dense ancient formations in this dark passage. The flame formation at the door may be just the simplest formation, and there may be more terrifying advanced formations next. Even if I can see through the frame and structure of the formation, I may not be able to pass through safely. After all, The formation is vast and unpredictable. Changes may occur in the formation at any time. A place that was originally very safe may suddenly become a dangerous place. This requires extremely strong concentration to be able to safely see through the entire formation. and respond to changes in law."

Hearing what Ye Feng said, the silver-robed woman beside him immediately nodded and said loudly: "I know this. Each of these ancient formations is very magical, and it is not a silent formation. , but the formation will change at any time, so this time it all depends on you. "

Ye Feng nodded slightly, and then said nothing more. Instead, he concentrated on running the Eye of Heaven and Earth, and with the silver-robed woman behind him, he quickly moved forward in this dark passage.

In this dark passage, they encountered many ancient formations.

But Ye Feng's current Eye of Heaven and Earth can see through the framework and structure of the entire formation. Even if the formation changes at any time, Ye Feng's soul power is also very huge and he can react before the formation changes. .

Therefore, Ye Feng and the silver-robed woman have always been walking in the dark passage very smoothly. They have not encountered any dangers and have not been harmed by various powerful formations. ??

But just when they were nearly halfway through the entire dark passage.

Uh-huh!

Suddenly a huge steel puppet appeared in front of him.

This steel puppet is in the form of a human, more than ten meters tall, and looks very majestic and vast.

Moreover, the eyes of this steel puppet turned out to be red, emitting a scarlet light, and exuding an ancient and terrifying ferocious aura.

The woman in silver robe immediately stood next to Ye Feng and said loudly: "This is the ancient puppet guarding this underground life restricted area. It is very powerful. Let me deal with him."

At this time, Ye Feng naturally did not show off, but consciously took a few steps back to watch the silver-robed woman's performance.

Because Ye Feng knows very well that the strength and aura of the ancient puppet in front are very terrifying, far beyond what he can fight now, and it is probably comparable to the peak god-level existence.

So at this time, Ye Feng didn't hesitate at all and quickly retreated back.

.

At this time, a long sword flashing with thunder appeared in the silver-robed woman's hands, and she struck directly at the ancient puppet blocking the way in front of her.

Boom!

At this moment, the scarlet eyes of the ancient puppet also burst out with bright crimson light, full of terrifying destructive power. In an instant, he was fighting with the silver-robed woman.

Within the entire dark passage, there were sudden bursts of terrifying roars.

Seeing the scene in front of him, Ye Feng strengthened his suspicion in his heart. The area at the end of this dark passage definitely sealed a very terrifying existence.

Otherwise, it would be impossible for a strong person to have arranged so many formations, and such an extremely powerful ancient puppet to guard here.

Ye Feng was thinking in his heart, wondering whether the terrifying sealed existence he finally released after helping the silver-robed woman was a very vicious existence and whether it would pose a huge crisis to him.

But now that we have come here, there is no turning back. Ye Feng can only bite the bullet and continue moving forward with the silver-robed woman.

At this moment, just as Ye Feng was thinking about it, the battle ahead was over.

It has to be said that this silver-robed woman transformed from an ancient thunder and lightning unicorn is very terrifying in strength, definitely comparable to the peerless powerhouse of the city lord of the City of Chaos.

Therefore, even the extremely powerful ancient puppet was unable to withstand the attack of the silver-robed woman in the end, and its core was directly shattered, and the huge puppet body fell.

Uh-huh!

At this time, Ye Feng immediately rushed forward, looked at this ancient puppet that was more than ten meters tall, and said loudly: "This is a good thing, give it to me."

The silver-robed woman nodded slightly, naturally not caring about these little things.

It is estimated that in the eyes of a strong person of the silver-robed woman's level, this kind of powerful ancient puppet may be just an inferior thing.

But judging from Ye Feng's current level of cultivation, this ancient puppet is still very powerful, definitely comparable to a half-step god-level existence, and can definitely be a huge help to him.

So at this time, Ye Feng naturally did not waste anything and simply put this huge ancient puppet into his storage ring.

Such a powerful ancient puppet may no longer be able to be cast in this era.

I am afraid that only in the glorious era of the Great World of Origin, could we have the means to forge such a powerful ancient puppet.

After all, this is an ancient puppet that is as powerful as a half-step god. This is a good thing and cannot be wasted.

At this time, seeing Ye Feng's look as if he had found a treasure, the silver-robed woman couldn't help but smile and said, "I didn't expect a super genius like you to have such a simple and unpretentious money-loving side."

Ye Feng grinned and said: "I don't have the deep accumulation and high status like my predecessors. I am a descendant of ancient divine beasts, so naturally I don't have to worry about wealth."

The woman in silver robe said no more, but looked towards the end of the dark passage, with a look of anticipation in her beautiful eyes, and said loudly: "Let's keep going, there's only half the distance left, we're almost there. That's the final place." At this time, the silver-robed woman could say such words, which shows that she is really very serious about Ye Feng.

Obviously, in her eyes, Ye Feng is no longer an ordinary human boy, but a super genius with incredible abilities, enough for her to take him very seriously.

But at this moment, when he heard the silver-robed woman in front of him, who was transformed into an ancient thunder and lightning unicorn, saying such serious and serious words, Ye Feng's eyes showed a hint of surprise.

Ye Feng never thought that such a powerful ancient thunder and lightning unicorn, such a wild beast, would actually tell him that he would cooperate in the future.

Ye Feng thought about it at this moment, and then said aloud: "Let's talk about this later. First, we can safely pass through this dark passage. I can feel that there are dense ancient formations in this dark passage. The flame formation at the door may be just the simplest formation, and there may be more terrifying advanced formations next. Even if I can see through the frame and structure of the formation, I may not be able to pass through safely. After all, The formation is vast and unpredictable. Changes may occur in the formation at any time. A place that was originally very safe may suddenly become a dangerous place. This requires extremely strong concentration to be able to safely see through the entire formation. and respond to changes in law."??

Hearing what Ye Feng said, the silver-robed woman beside him immediately nodded and said loudly: "I know this. Each of these ancient formations is very magical, and it is not a silent formation. , but the formation will change at any time, so this time it all depends on you. "

Chapter 3969 Qilin Ancestor

Next, Ye Feng took the silver-robed woman and continued to move forward in this dark passage, trying to reach the end of the dark passage as quickly as possible.

Now the silver-robed woman had a direct showdown with Ye Feng, and said aloud: "The deepest end of the dark passage that I am going to this time is to save the ancestor of our Thunder and Lightning Qilin clan, the Qilin ancestor, so we passed by This dark passage is densely covered with various terrifying formations and powerful ancient puppets, just to prevent others from rescuing our Qilin ancestor of the Thunder and Lightning Qilin clan."

When Ye Feng heard the silver-robed woman next to him say this, he couldn't help but have a hint of surprise in his eyes.

It seems that I guessed it right.

The area at the end of this dark passage is sealed with a very terrifying ancient existence.

It turned out to be the Qilin ancestor of the Thunder and Lightning Qilin clan.

You know, it must be even more terrifying to be called an ancestor-level existence by a peerless master like the silver-robed woman.

He is definitely that kind of ancient and unparalleled powerhouse!

At this time, Ye Feng couldn't help but asked: "Why was the Qilin ancestor of your Thunder Qilin trapped here back then, and who was the person who trapped him?"

There was a trace of confusion in the eyes of the silver-robed woman, and she said aloud: "I don't know this very well. I only know that our clan has a single mission to this day, and that is to rescue the elders of our Thunder and Lightning Qilin clan. Ancestor, no one knows who was the ancestor of our Thunder and Lightning Qilin clan who was imprisoned here. Maybe he was the owner of this famous ancient mountain. "

Hearing what the silver-robed woman said, Ye Feng nodded slightly and didn't ask any more questions.

After all, with an existence of this level, there seemed to be no need for him to ask any more questions.

I still honestly follow the cooperation content and take the silver-robed woman to the end of the dark passage. Even if I have fulfilled my promise to the silver-robed woman, I will be free by then.

Ye Feng continued to operate the Eye of Heaven and Earth at this time. During the remaining half of the dark passage, he led the silver-robed woman very safely through the terrifying formations.

However, sometimes some formations changed very quickly, and even Ye Feng had no time to react. On several occasions, the two of them were almost killed by some terrifying formations.

However, the woman in silver robe is a powerful being at the level of half-step domination after all, so in cooperation with Ye Feng, she managed to get through the remaining half of the dark passage without any danger in the formation.

But when the two of them arrived at the end of the dark passage, they saw a very desolate scene.

There are withered trees and dilapidated earth everywhere. The cold wind is blowing, the leaves are falling, and the entire sky is dim, giving people a very withered and dead feeling.

Seeing this scene, the silver-robed woman couldn't help but reveal an ugly look on her face, and said loudly: "Isn't the ancestor fallen?"

At this time, the silver-robed woman was a little panicked.

Because the biggest mission of their thunder and lightning clan is to rescue their ancestors.

But now after all the hard work to get here, if the ancestor has fallen, then for this silver-robed woman, her faith has really collapsed.

But at this time, Ye Feng seemed to sense something, and immediately said: "Southwest

There seems to be a very strong energy fluctuation. Let's go and take a look. "

"good."

The silver-robed woman immediately nodded and followed Ye Feng to fly in that direction quickly.

Although the silver-robed woman is very powerful in combat and has a very high level of cultivation, she may not be as good as Ye Feng in terms of sensing various energy fluctuations.

Because Ye Feng is not only a warrior, but also a powerful soul master.

Therefore, Ye Feng's perception is very sensitive and powerful.

At this time, Ye Feng and the silver-robed woman immediately flew quickly in the direction of the energy fluctuations that Ye Feng sensed.

When they flew for nearly half an hour, they suddenly saw a very shocking scene.

Under the dark sky, a huge unicorn with a height of hundreds of thousands of meters was seen, looking like an ancient mountain, lying on the earth.

On the body of this majestic and vast unicorn, there was a majestic pen that reached the sky, pressing on his back, making him lie on the ground, dying.

"this....."

Seeing this scene, the silver-robed woman couldn't help but exclaimed: "The ancestor is still alive! But he is already dying. The person who suppressed him turned out to be the most powerful Confucian and Taoist in the Origin World, Tian Yangsheng's original life The most precious treasure, the magic pen for suppressing demons! No wonder our ancestors have been suppressed here for so many years."

When Ye Feng heard the silver-robed woman next to him say this, there was a hint of surprise in Ye Feng's eyes.

Unexpectedly, in the glorious era of Origin World, so many super strong people were born.

Ye Feng could not imagine how terrifying Tian Yangsheng, the strongest person in Confucianism and Taoism, must have been in that glorious era when the silver-robed woman said it originated in the great world.

Just relying on a large writing pen, he was able to suppress the extremely ferocious and terrifying Qilin Ancestor here.

It's incredible!

That majestic pen that reaches the sky is definitely a peerless treasure.

At this time, the silver-robed woman immediately flew high into the sky, hoping to rescue the ancestor of their thunder and lightning unicorn clan.

"boom!!"

But the moment the silver-robed woman approached the front, a white light burst out from the majestic demon-suppressing magic pen. The terrifying saint power of ancient Confucianism emitted, and the silver-robed magic pen suddenly erupted. The woman was blasted far away and fell hard to the ground, spurting out a mouthful of blood.

"What?"

Seeing this scene, Ye Feng was immediately startled.

You must know that this woman in silver robe is a half-step master level evil beast. She is very terrifying and a peerless master.

But as soon as he got close to the demon-suppressing magical pen, he was directly blown away by the power of the Confucian and Taoist saint above.

This shows how terrifying this demon-suppressing magic pen is!

At this time, the face of the silver-robed woman not far away suddenly revealed a deeply ugly look.

She never thought that after so many years, probably hundreds of thousands of years, the Demon-Suppressing Magic Pen would still have such terrifying power without the control of its owner.

Can't even get close.

This is how to do? Next, Ye Feng took the silver-robed woman and continued to move forward in this dark passage, trying to reach the end of the dark passage as quickly as possible.

Now the silver-robed woman had a direct showdown with Ye Feng, and said aloud: "The deepest end of the dark passage that I am going to this time is to save the ancestor of our Thunder and Lightning Qilin clan, the Qilin ancestor, so we passed by This dark passage is densely covered with various terrifying formations and powerful ancient puppets, just to prevent others from rescuing our Qilin ancestor of the Thunder and Lightning Qilin clan."

However, the moment the woman in silver robe approached the front, a white light burst out from the majestic demon-suppressing magic pen. The terrifying saint power of ancient Confucianism emitted, and the silver robe was instantly destroyed. The woman was blasted far away and fell hard to the ground, spurting out a mouthful of blood.

"What?"

Seeing this scene, Ye Feng was immediately startled.

You must know that this woman in silver robe is a half-step master level evil beast. She is very terrifying and a peerless master.

She never thought that after so many years, probably hundreds of thousands of years, the Demon-Suppressing Magic Pen would still have such terrifying power without the control of its owner.

Can't even get close.

This is how to do?

Chapter 3970 Communication

At this time, the expression on the beautiful and cold face of the silver-robed woman was extremely ugly.

Because that demon-suppressing magic pen that penetrates the clouds and enters the sky is really too terrifying.

Even though endless years have passed, the majestic power of the Confucian and Taoist saints still remains, and it is impossible to get close to him.

At this moment, the silver-robed woman seemed to have thought of something. She suddenly looked at Ye Feng who was standing aside and said loudly: "Perhaps this kind of demon-suppressing magical pen is specially designed for a clan of monsters like us. Ye Feng, you are pure." The human race, you go over and try to see if you can rescue the Qilin ancestor. If you can successfully rescue the Qilin ancestor, you will definitely have a great opportunity after the ancestor escapes. "

Hearing what the silver-robed woman said, Ye Feng's mouth suddenly twitched slightly.

That majestic demon-suppressing magic pen looked very terrifying, and Ye Feng didn't dare to take risks.

After all, Ye Feng had already seen the power released by the demon-suppressing magic pen just now, which was very terrifying.

Even a prehistoric beast like the silver-robed woman, who was half-domination level, was blown away in an instant, spurting out a mouthful of blood.

And Ye Feng's current cultivation level is much worse than that of this silver-robed woman.

If he was hit by the power of the Demon-Suppressing Magic Pen, Ye Feng felt that he might die instantly without a burial place.

So at this time, Ye Feng was a little hesitant and didn't dare to fly forward at all.

The silver-robed woman seemed to understand Ye Feng's inner thoughts, and immediately said aloud: "Ye Feng, don't worry, the Demon-Suppressing Magic Pen is a magic weapon left behind by the most powerful Confucian and Taoist 'Tian Yangsheng' in the glorious days of the Origin World. , specifically targeting monsters and evil beasts, and will not target you, who is also a human being."

Hearing what the silver-robed woman said, Ye Feng could only nod slightly and said, "Then let me give it a try."

Uh-huh!

At this time, Ye Feng jumped up and flew directly in the direction of the demon-suppressing magic pen.

On the way, Ye Feng asked in his mind: "Emperor Chu, do you think I have a chance to get this magic pen to suppress demons?"

Hearing what Ye Feng said, Emperor Chu in his mind was silent for a moment, and then said aloud: "That ancient thunder and lightning unicorn is right. The Demon-Suppressing Magic Pen probably won't attack Ye Feng, a human race like you. However, you It is estimated that it will be very difficult to get this demon-suppressing magical pen. After all, this is a unique magic weapon left by the most powerful Confucian and Taoist man in the glorious days of the Origin World, and it is still suppressing the Qilin Ancestor and has a very great spirituality. , has the consciousness of self-protection, which is not easy to obtain. Although your current cultivation level is much stronger than before, it is still far behind this ancient super power. "

At this moment, hearing what Emperor Chu said in his mind, Ye Feng immediately nodded and said loudly: "Anyway, now that I have encountered this ancient treasure of a peerless powerhouse, I want to give it a try ”

At this time, Ye Feng learned from Emperor Chu that the Demon-Suppressing Magic Pen would not attack himself, who was also a human being, so Ye Feng didn't have much to fear.

Ye Feng flew forward quickly, and then flew in front of the Demon Suppressing Magic Pen.

This demon-suppressing magical pen is worthy of being the treasure of Tian Yangsheng, the strongest Confucian and Taoist man in the glorious era of the Great World. It is definitely a peerless magic weapon.

This pen runs through the entire sky and earth, looking very majestic and magnificent, and very shocking.

It feels like there is an ancient giant who can use this pen to write the history of reincarnation and kill people.

The broken mountains and rivers and the earth possess boundless great power.

At this time, Ye Feng was floating in front of this demon-suppressing pen, feeling as small as an ant.

But at this time, Ye Feng directly stretched out his hand and pressed it on the demon-suppressing magic pen in front of him.

But the next moment, Ye Feng tried to input mana into the demon-suppressing magic pen, but it was like mud flowing into the sea.

In an instant, the mana Ye Feng input was directly submerged in the majestic body of the Demon-Suppressing Magic Pen, and disappeared without any reaction at all.

Sensing all this, Ye Feng suddenly showed a deep look of helplessness in his eyes.

This demon-suppressing magic pen is too old and too advanced. My own magic power has no effect on the demon-suppressing magic pen.

The power that this demon-suppressing magic pen can contain is like a vast ocean.

The mana that Ye Feng can produce with his current cultivation is just like a small stream.

There is no way to fill up the Demon Suppressing Magic Pen.

Not to mention the refining and demon-suppressing magic pen.

Even if the demon-suppressing magic pen is now an ownerless thing, Ye Feng cannot refine it with his current weak skills.

This made Ye Feng have to sigh, how terrifying the cultivation of the super strong men who dominated the world in the glorious era of Origin World, that prosperous ancient era.

It is definitely far beyond the so-called dominance realm today!

Originally, Ye Feng felt that his cultivation had now reached the first level of the Emperor level, and he was not too far away from the realm of domination. He would soon be able to dominate the world of origin.

Unexpectedly, the world rules of the Origin World began to revive, and they wanted to restore the glory of the ancient times.

The realm of domination did not seem to be very powerful in the ancient glorious era of the Origin World.

It was only for tens of thousands of years that the world of origin entered the Age of Ending Law, so the Lord was respected as the most powerful creature.

But compared with the superpowers of the ancient glorious era, the most powerful master in the Dharma-ending Era does not seem to be too powerful.

At this time, Ye Feng sighed secretly in his heart.

"Buzz!"

Suddenly, a special thought was transmitted to Ye Feng's mind, and a voice came out: "Senior, the special and incomparable Hongmeng Purple Qi you possess has a huge effect on the repair of my body. That battle that year, I was severely damaged. I didn't expect that after hundreds of thousands of years, I would still meet the inheritor of Hongmeng Purple Qi. I am really lucky, but your skill is too weak. I'm afraid this repair process will take a long time."

"Um?"

At this moment, Ye Feng's eyes suddenly moved when he heard the sudden voice in his mind.

Ye Feng instantly heard it. The owner of this voice was the demon-suppressing magic pen in front of him!

Endless years have passed, and its self-awareness still exists!

And he also communicated directly with Ye Feng.

Ye Feng couldn't help but reveal a deep look of surprise in his eyes, and then directly tried to communicate with the demon-suppressing magic pen in front of him, and asked aloud with his mind: "Senior, is this the demon-suppressing magic pen in front of you??"

"That's right."

The ancient voice sounded again, causing Ye Feng to immediately look shocked.

Ye Feng never expected that this demon-suppressing magical pen would still be "alive" after hundreds of thousands of years! At this time, the expression on the silver-robed woman's beautiful and cold face was extremely ugly.

Because that demon-suppressing magical pen that penetrates the clouds and enters the sky is really too terrifying.

Even though endless years have passed, the majestic power of the Confucian and Taoist saints still remains, and it is impossible to get close to him.

If he was hit by the power of the Demon-Suppressing Magic Pen, Ye Feng felt that he might die instantly without a burial place.

So at this time, Ye Feng was a little hesitant and didn't dare to fly forward at all.

The silver-robed woman seemed to understand Ye Feng's inner thoughts, and immediately said aloud: "Ye Feng, don't worry, the Demon-Suppressing Magic Pen is a magic weapon left behind by the most powerful Confucian and Taoist 'Tian Yangsheng' in the glorious days of the Origin World. , specifically targeting monsters and evil beasts, and will not target you, who is also a human being."

Hearing what the silver-robed woman said, Ye Feng could only nod slightly and said, "Then let me give it a try."

Uh-huh!

At this time, Ye Feng jumped up and flew directly in the direction of the demon-suppressing magic pen.

On the way, Ye Feng asked in his mind: "Emperor Chu, do you think I have a chance to get this magic pen to suppress demons?"

Hearing what Ye Feng said, Emperor Chu in his mind was silent for a moment, and then said aloud: "That ancient thunder and lightning unicorn is right. The Demon-Suppressing Magic Pen probably won't attack Ye Feng, a human race like you. However, you It is estimated that it will be very difficult to get this demon-suppressing magical pen. After all, this is a unique magic weapon left by the most powerful Confucian and Taoist man in the glorious days of the Origin World, and it is still suppressing the Qilin Ancestor and has a very great spirituality. , has the consciousness of self-

protection, which is not easy to obtain. Although your current cultivation level is much stronger than before, it is still far behind this ancient super power. "

At this moment, hearing what Emperor Chu said in his mind, Ye Feng immediately nodded and said loudly: "Anyway, now that I have encountered this ancient treasure of a peerless powerhouse, I want to give it a try "

At this time, Ye Feng learned from Emperor Chu that the Demon-Suppressing Magic Pen would not attack himself, who was also a human being, so Ye Feng didn't have much to fear.

Ye Feng flew forward quickly, and then flew in front of the Demon Suppressing Magic Pen.

This demon-suppressing magical pen is worthy of being the treasure of Tian Yangsheng, the strongest Confucian and Taoist man in the glorious era of the Great World. It is definitely a peerless magic weapon.

This pen runs through the entire sky and earth, looking very majestic and magnificent, and very shocking.

It feels like there is an ancient giant who can use this pen to write the history of reincarnation and kill people.

The broken mountains and rivers and the earth possess boundless great power.

At this time, Ye Feng was floating in front of this demon-suppressing pen, feeling as small as an ant.

But at this time, Ye Feng directly stretched out his hand and pressed it on the demon-suppressing magic pen in front of him.

But the next moment, Ye Feng tried to input mana into the demon-suppressing magic pen, but it was like mud flowing into the sea.

In an instant, the mana Ye Feng input was directly submerged in the majestic body of the Demon-Suppressing Magic Pen, and disappeared without any reaction at all.

Sensing all this, Ye Feng suddenly showed a deep look of helplessness in his eyes.

This demon-suppressing magic pen is too old and too advanced. My own magic power has no effect on the demon-suppressing magic pen.

The power that this demon-suppressing magic pen can contain is like a vast ocean.

The mana that Ye Feng can produce with his current cultivation is just like a small stream.

There is no way to fill up the Demon Suppressing Magic Pen.

Not to mention the refining and demon-suppressing magic pen.

Even if the demon-suppressing magic pen is now an ownerless thing, Ye Feng cannot refine it with his current weak skills.

This made Ye Feng have to sigh, how terrifying the cultivation of the super strong men who dominated the world in the glorious era of Origin World, that prosperous ancient era.

It is definitely far beyond the so-called dominance realm today!

Originally, Ye Feng felt that his cultivation had now reached the first level of the Emperor level, and he was not too far away from the realm of domination. He would soon be able to dominate the world of origin.

Unexpectedly, the world rules of the Origin World began to revive, and they wanted to restore the glory of the ancient times.

The realm of domination did not seem to be very powerful in the ancient glorious era of the Origin World.

It was only for tens of thousands of years that the world of origin entered the Age of Ending Law, so the Lord was respected as the most powerful creature.

But compared with the superpowers of the ancient glorious era, the most powerful master in the Dharma-ending Era does not seem to be too powerful.

At this time, Ye Feng sighed secretly in his heart.

"Buzz!"

Suddenly, a special thought was transmitted to Ye Feng's mind, and a voice came out: "Senior, the special and incomparable Hongmeng Purple Qi you possess has a huge effect on the repair of my body. That battle that year, I was severely damaged. I didn't expect that after hundreds of thousands of years, I could still meet the inheritor of Hongmeng Purple Qi. I'm really lucky. However, your skill is too weak. I'm afraid this repair process will take a long time."

"Um?"

At this moment, Ye Feng's eyes suddenly moved when he heard the sudden voice in his mind.

Ye Feng instantly heard it. The owner of this voice was the demon-suppressing magic pen in front of him!

Endless years have passed, and its self-awareness still exists!

And he also communicated directly with Ye Feng.

Ye Feng couldn't help but reveal a deep look of surprise in his eyes, and then directly tried to communicate with the demon-suppressing magic pen in front of him, and asked aloud with his mind: "Senior, is this the demon-suppressing magic pen in front of you??"

"That's right."

The ancient voice sounded again, causing Ye Feng to immediately look shocked.

Ye Feng never expected that this demon-suppressing magical pen would still be "alive" after hundreds of thousands of years!
