Chapter 3991 Murong Mingyue

Buzz!

At this time, as Ye Feng practiced Dragon Destroy Eight Wastelands, this set of powerful inheritance left by the demonic dragon.

On Ye Feng's body, there was a faint shadow of a demonic dragon, and it made a terrifying dragon roar.

It feels like an ancient demon dragon has revived.

Seeing this scene, the toad next to him was startled and couldn't help but said: "Ye Feng, your talent is so incredible, how can you succeed in practicing anything so quickly. "

Ye Feng just smiled slightly at this time and did not explain anything.

Although the soul gem is only a domination-level gem, it transformed Ye Feng's talent into a monster from the beginning, which has been of great help to Ye Feng since he started practicing. ??

At this moment, Ye Feng successfully cultivated the destiny inheritance left by the demon dragon, and then looked directly at the weapon left by the demon dragon, the small metal tower, that Toad gave him.

At this time, Ye Feng held the small metal tower in his hand, and a thought immediately entered Ye Feng's mind.

It's the thought that comes out of this small metal tower.

This small metal tower was originally called the Demonic Dragon Pagoda. It was a super magic weapon forged by the Demonic Dragon at the request of a very powerful master of weapon refining.

The material used is ten thousand-year cold iron from the deep sea, so it is very strong and contains a very terrifying demonic energy.

At this time, Ye Feng directly refined the Demonic Dragon Pagoda on the spot.

Then Ye Feng looked at the toad next to him who was wearing a set of armor, and he couldn't help but smile and shook his head.

The toad is wearing armor. This scene is really funny.

Ye Feng didn't say anything at this time, and he and Toad continued to move towards the depths of the demon's lair.

Take it

Come, they shuttle through every underground passage in the entire demon lair, looking for all kinds of opportunities.

It has to be said that there are still a lot of good things in this demon lair, and they have harvested a lot of materials.

However, it was a pity for Ye Feng that he did not find other energy crystals. Most of them were materials for refining weapons, which were bred by the power of heaven and earth in the demon lair.

However, this made the toad very happy.

Because it is a master of weapon refining, and after getting so many good materials, it can then refine a lot of good treasures.

In this regard, Ye Feng told Toad very solemnly that Toad had collected all these advanced materials, but Toad had to take time to refine an extremely powerful and peerless magic weapon for himself.

Toad was naturally very happy and agreed.

Half an hour later, Ye Feng and Toad arrived at the deepest part of the demon's lair.

They saw a huge underwater prison.

There were actually countless chains inside, trapping a very beautiful-looking woman.

Ye Feng sensed this woman in an instant. She was the aura of the human race.

This is a human woman!

Uh-huh!

Ye Feng immediately flew forward, trying to rescue this human woman.

"Who is it? Dare to break into our demon prison??"

But suddenly at this moment, several powerful demons wearing armor suddenly flew out from the surrounding darkness.

The cultivation auras of these monsters are all half-step god level.

The presence.

He is at the same cultivation level as Ye Feng.

At this moment, a dozen monsters in armor surrounded Ye Feng and said coldly: "A human boy actually dares to break into this place. I think you, a human boy, are tired of living. "

At this moment, looking at the dozen demon soldiers jumping out in front of him, Ye Feng didn't have any fear in his eyes.

Because Ye Feng's current cultivation and combat effectiveness have been raised to a very high level.

Although the dozen or so demon soldiers on the opposite side were all in the same realm as himself, they were all half-step god-level beings.

But to Ye Feng, monsters in the same realm are nothing.

At this moment, Ye Feng just smiled indifferently and walked quickly forward. ??

Seeing that Ye Feng advanced instead of retreating, these dozen demons in armor immediately shouted: "How reckless!"

Boom!

At this moment, more than a dozen demon warriors wearing armor suddenly burst out with their own powerful power. Their bodies were covered with terrifying demon aura, and they rushed towards Ye Feng, trying to kill Ye Feng in an instant. .

But at this moment, Ye Feng just shouted: "Dragon destroys all the wastelands!"

At this moment, the power in Ye Feng's body suddenly surged out, and then a monster dragon with a height of several kilometers condensed around Ye Feng, roaring directly towards the front, impacting And go.

Boom!

The martial arts inheritance of "Dragon Destruction of Eight Wastelands" released by Ye Feng directly condensed into a towering monster dragon several thousand meters tall, which instantly killed all the dozens of powerful monsters who rushed over. They were blown away by the explosion, and they all vomited blood and fell to the ground. They felt that all the bones in their bodies were about to be broken.

Like cracked.

"What??"

"This human boy is in the same realm as us, why is his fighting power so strong? He is simply crushing us!"

"This is impossible!"

At this moment, the dozen or so powerful demons guarding this prison suddenly showed deep horror in their eyes.

They never thought that a human boy at the same level as them could unilaterally crush the combined efforts of more than a dozen of them, the powerful demons.

You know, ordinary monsters are much more powerful than humans in the same realm.

Because the monster's body is generally very strong, and its power is also more powerful.

This was the first time they encountered a human boy with such strong fighting ability.

At this moment, the beautiful young human woman who was locked in the prison suddenly opened a pair of beautiful eyes, stared at Ye Feng, and said loudly: "Hello, fellow Taoist, I am the first family in the Sea of Chaos Ancient Clan Alliance, the eldest lady of the Murong family, Murong Mingyue. I was ambushed by a group of powerful demons a few days ago and was captured here. If fellow Taoist saves me, I will wait until I return. The Murong family will definitely repay fellow Taoist people well."

At this moment, Murong Mingyue, the eldest lady of the Murong family, obviously regards Ye Feng as her only hope.

Because few human beings can break into an area as deep as the demon's lair, and also possess such strong combat power.

In Murong Mingyue's mind, it was obvious that Ye Feng had already regarded Ye Feng as that kind of peerless genius from an ancient family, otherwise he would not have such a strong fighting power.

This was her only hope to escape from this demon's lair. Naturally, she had to hold on to Ye Feng's life-saving straw, which directly showed her noble status and generous rewards in the future.

Chapter 3992 The Decline of Ye Family

At this moment, hearing what Murong Mingyue said opposite him, Ye Feng's eyes suddenly showed a trace of surprise.

Unexpectedly, this beautiful young woman imprisoned in the deepest part of this demon lair would actually be the eldest lady of the Murong family, the first family in the ancient family of the Sea of Chaos.

At this time, Ye Feng immediately smiled and nodded, and said loudly: "When I came here, I happened to meet Miss Murong. You are imprisoned here. I will naturally rescue you."

After finishing speaking, Ye Feng looked at the dozen or so demon warriors guarding the prison that he had blasted away not far away. Without any hesitation, he directly stretched out his hand to grab the dozen demon warriors.

Buzz!

The moment Ye Feng grabbed it out, Ye Feng used the power of the void.

The next moment, Ye Feng suddenly condensed a dozen big hands of the void in the surrounding space, and instantly grabbed the bodies of a dozen powerful demons who wanted to escape.

No matter how hard these monsters and strong men struggled, they could not get out of trouble.

These dozen powerful monsters immediately shouted angrily and said: "You human boy, you dare to break into an area so deep in our monster lair. Don't think that you are invincible just because you have dealt with us. There are many extremely powerful demon masters living in our demon lair. The current fluctuations in the battle between us have probably attracted many big figures from our demon clan in the demon lair, and you will die without a burial place."

Boom!

But just after this group of demons finished speaking, Ye Feng didn't bother to pay attention at all. He just smiled coldly and started to use his power in an instant.

More than a dozen big hands in the void instantly crushed these dozen powerful monsters on the spot.

Buzz!

Then Ye Feng directly released the Devouring Domain, swallowing up all the blood and energy of these dozen powerful demons.

The cultivation base of these dozen monsters and powerful men is still very good, and they are all half-step god level.

Therefore, the blood energy of a dozen powerful demons was absorbed by Ye Feng

After that, Ye Feng's skill was greatly improved.

However, the bottleneck of half-step god level is really difficult to break through.

Ye Feng has absorbed the energy of more than a dozen half-step god-level demons and strong men, but his cultivation still has not transformed from the half-step god level to a true god-level.

However, Ye Feng's skill has increased a lot.

Ye Feng felt that he was not far away from breaking through to the true god level.

Uh-huh!

At this moment, Ye Feng walked directly in front of Murong Mingyue, the eldest daughter of the Murong family who was imprisoned by countless chains, and said, "I'm here to rescue you."

Uh-huh!

After saying that, Ye Feng stretched out his hand, grabbed the countless chains in front of him, and then exerted force.

Cack! Cack!

All the chains were torn apart by Ye Feng's power and turned into chain fragments, which clattered onto the ground.

And when I saw Ye Feng, he broke all the chains with just one pair of hands.

The eldest lady of the Murong family, Murong Mingyue, who came from the first family of the Sea of Chaos Ancient Clan Alliance, had a look of deep surprise in her noble and beautiful eyes.

She could feel that the young man in front of her had a very terrifying physical power.

Murong Mingyue couldn't help but asked: "Where does the young master come from? Is he also a member of one of our families in the Sea of Chaos?"

Ye Feng smiled slightly at this moment and said aloud: "I am from the Ye family, but I am a member of the Ye family living outside. This time I came to the Sea of Chaos just to find my family."

Hearing what Ye Feng said, Murong Mingyue couldn't help but show a look of surprise in her eyes.

With a strange expression, he said aloud: "Ye family?"

At this moment, seeing the obvious surprise in Murong Mingyue's eyes, Ye Feng couldn't help but asked: "What happened to the Ye family?"

Murong Mingyue hesitated for a moment, and then said aloud: "The Ye family has declined so seriously in the past few decades. It turned out that the Ye family was the number one among all the ancient families in our Sea of Chaos, but now even the top ten None of them can get in, because after the ancestor of the Ye family, the ancestor of Hongmeng, disappeared, the descendants of the Ye family basically did not awaken the powerful Hongmeng bloodline and talent, so they continued to decline. "

Hearing what Murong Mingyue said, Ye Feng's eyes flashed slightly, but he didn't say much.

Murong Mingyue stared at Ye Feng in front of her at this time, and immediately smiled and said: "But I just observed your battle and the powerful physical strength you showed. You, the Ye family living outside, Clan members may be able to revitalize the entire Ye family in the future."

Hearing what Murong Mingyue said, Ye Feng just smiled and didn't say anything more. He just broke all the chains on Murong Mingyue's body and rescued Murong Mingyue from the prison. ??

Buzz!

At this moment, Murong Mingyue's body suddenly exuded an extremely powerful aura.

When Murong Mingyue was imprisoned before, all his cultivation was trapped by the locks.

But now that he was out of trouble, the surrounding heaven and earth energy was automatically injected into Murong Mingyue's Dantian, causing Murong Mingyue to exude a terrifying aura of cultivation.

Ye Feng sensed this terrifying cultivation aura, and his eyes suddenly showed surprise.

This Murong Mingyue's cultivation aura is actually at the peak of the tenth level of god level!

The existence second only to the half-step master!

After Ye Feng sensed this aura of cultivation, his eyes suddenly revealed a look of deep surprise. \u003c

br\u003e

Unexpectedly, the extremely beautiful young woman in front of him turned out to be a powerful and powerful woman.

But it's normal to think about it.

After all, this Murong Mingyue is the first family in the ancient alliance formed by all the ancient families in the Sea of Chaos, and the eldest lady of the Murong family.

He is very likely to be the next generation successor of the Murong family in the future, and of course he has very strong potential and talent.

It is normal for his strength to be so high.

After all, the children of this ancient family must have accumulated a steady stream of cultivation resources since they were young, and the conditions are very good.

It is not so strange to have such a powerful cultivation level.

At this moment, Ye Feng immediately said: "The fluctuations of the battle between me and the dozen or so strong demons guarding the prison have probably attracted many super strong men of the demon clan in this demon lair. We It's better to get out of here now."

At this time, Murong Mingyue suddenly said: "Don't leave in a hurry just yet. There is a huge opportunity in this demon's lair. The reason why I was imprisoned here is because I lurked in it and was accidentally killed by the demon." The super strong person in the world discovered that if you get that great opportunity, both of you and I can get an unparalleled improvement. This can be regarded as my repayment to you. I will share with you what I know. What a great opportunity in the demon's lair."

Hearing what Murong Mingyue said, Ye Feng suddenly showed a look of surprise in his eyes and couldn't help but said: "It is a great opportunity to be called the inheritor of a noble family like Miss Murong. It must be very extraordinary, I don't know what it is."

Ye Feng was not in a hurry to leave at this time.

Anyway, both himself and Toad possess the power of the void.

When the time comes, he will really be stared at by the super strong men of the demon clan in the demon lair, so there should be no problem in escaping.

Chapter 3993 The Land of Ruins

What Murong Mingyue, the eldest lady of the Murong family, said made Ye Feng suddenly feel a sense of crisis.

Today's Ye family is no longer the dominant family in the Sea of Chaos.

But it gradually declined.

Because according to what Murong Mingyue said, since the most amazing and talented Hongmeng ancestor of the Ye family disappeared in pursuit of a more advanced interface, there has been no Ye family child with strong talents.

Although all members of the Ye family and young geniuses have Hongmeng blood flowing through them.

However, with the Hongmeng blood flowing in the body, one may not necessarily be able to display the talents that the Hongmeng blood should have.

For example, Ye Feng never awakened the Hongmeng bloodline at the beginning, but only awakened the Chaos bloodline from his mother's side.

And even if some clan members awaken the Hongmeng bloodline, they may not be able to stimulate the various powerful talents and powers in the Hongmeng bloodline.

But Ye Feng awakened the Hongmeng immortal body like the Hongmeng ancestor.

That's why Ye Feng has such a powerful physique.

Moreover, every upgrade and transformation of the Hongmeng Immortal Body can bring an extremely powerful and magical bloodline talent to Ye Feng.

Many members of the Ye family may not be as lucky as Ye Feng.

At this moment, Ye Feng was thinking secretly in his heart, following Murong Mingyue beside him, he continued to fly quickly towards a certain direction of the demon's lair.

Toad was following Ye Feng at this time, his eyes also filled with expectation.

He seemed to know something.

Because toads are ancient creatures that existed hundreds of thousands of years ago.

This demon lair was very famous in ancient times. The toad might know what the great chance creation that Murong Mingyue mentioned was.

At this moment, Ye Feng couldn't help but look at Murong Mingyue beside him, and asked aloud: "Miss Murong, what is the great opportunity that you mentioned contained in this demon cave? It must be extraordinary for you, the eldest lady of the Murong family, to expect so much and even risk huge risks to sneak into this demon cave."

Murong Mingyue nodded slightly, with a trace of expectation in his eyes, and said loudly: "I heard about the great chance creation contained in the Demon Cave from my father. In fact, I don't know if it is true or not. It's really such a great opportunity."

When she said this, Murong Mingyue suddenly took out an ancient compass from her storage ring, and then said aloud: "Many explorers came to the Demon Cave back then. One of the ancestors of our Murong family once came. After passing here, he found that destiny, but he didn't get that great destiny. Instead, he left behind an ancient clue, which is the ancient compass in my hand. "

After finishing speaking, Murong Mingyue showed a trace of longing in her eyes and said loudly: "According to what my father said, this monster cave was created by great chance and is a place called the 'Ruins of Gods and Demons'. "

"Ruins of gods and demons?"

Hearing what Murong Mingyue said, Ye Feng's eyes suddenly showed a trace of doubt, and he said: "This ancient demon lair should be the place where ancient demons lived, how could there be ruins of gods and demons. "

Murong Mingyue smiled and explained: "Because the demon

The depths of the ocean where the Demon Cave is located were the place where ancient gods and demons fought. It can be said to be a battlefield between gods and demons. In other words, the demon lair is actually built on a battlefield between gods and demons, so this demon cave In the deepest part of the lair, there is a ruins of gods and demons left over from the ancient war between gods and demons. From among them, you may be able to find great opportunities, and it is very likely that there is a inheritance from the ancient gods. "

Hearing Murong Mingyue's explanation, Ye Feng's eyes widened slightly.

Unexpectedly, the location of the Demon Cave was actually the place where ancient gods and demons fought.

Ye Feng couldn't help but said: "If there are any good things in the ruins of gods and demons, it stands to reason that they should have been looted by the powerful demons in this demon lair."

Murong Mingyue said with a smile: "Of course not. Few people know where the ruins of gods and demons are. Even if the demons have survived in this demon lair for many years, they may not be able to find the gods and demons left somewhere in this demon cave. Ruins, and if you want to enter the ruins of gods and demons, you still need to go through many tests. It is not something you can enter casually. After all, it is the ruins left over from the ancient war between gods and demons. There are ancient gods. And the thoughts of the demon gods are in it. Even if some top demons want to enter the ruins of gods and demons, there may be huge dangers. Including us entering the ruins of gods and demons, there are also great dangers, but I am willing to give it a try. , because if we can obtain the inheritance of ancient gods and demons in the ruins of gods and demons, then our talents and strength will be improved unparalleled. You know, those are the ruins of gods and demons left over from the glorious days of our origin in the great world. , The gods and demons who participated in that war were probably comparable to the ancestor-level figures in some advanced interfaces. If we can find the inheritance of one or two people of this level, then we will be prosperous. "

Hearing what Murong Mingyue said, Ye Feng was immediately interested and couldn't help but said: "I didn't expect that there is such a magical and ancient ruins of gods and demons hidden in this demon lair deep under the sea. Very few people will know this secret."

Murong Mingyue nodded and said aloud: "This is what my father told me. It is our family's secret. If you hadn't saved me, Ye Feng, I would definitely not have shared this great opportunity with you. "

After finishing speaking, Murong Mingyue looked at the ancient compass in her hand and moved quickly through the dense passages of this demon lair.

At this time, Ye Feng wasn't too worried about powerful demons chasing them.

Because the passages in this demon lair are too dense and dense.

It is estimated that even the powerful demons who have lived in this demon lair for many years cannot fully know how many passages there are in this demon lair where they live.

Ye Feng and Toad were following Murong Mingyue at this moment.

At this time, Toad whispered beside Ye Feng: "Ye Feng, this girl is very honest. She even wants to share a precious place like the Ruins of Gods and Demons with you. I have also heard of the legend of Ruins of Gods and Demons. I have said that it has never been found, but now it seems that this female doll named Murong Mingyue, using the ancient compass in her hand, may really be able to find the legendary ruins of gods and demons. If Ye Feng, you can If you get the inheritance of the ancient gods in the ruins of gods and demons, your overall strength and talent will undergo an unparalleled transformation. You must know that the inheritance of the ancient gods in the ruins of gods and demons is more powerful than the God Emperor of the Void. Superpowers are even more ancient and powerful." What Murong Mingyue, the eldest lady of the Murong family, said made Ye Feng suddenly feel a sense of crisis.

Today's Ye family is no longer the dominant family in the Sea of Chaos.

But it gradually declined.

unparalleled transformation. You must know that the inheritance of the ancient gods in the ruins of gods and demons is more powerful than the God Emperor of the Void. Superpowers are even more ancient and powerful.”

Chapter 3994 Dark Lake

Hearing what Toad said, Ye Feng immediately nodded slightly.

I am looking forward to that ruins of gods and demons more and more.

But when I think about it, it feels normal.

The ruins left by the ancient war between gods and demons must contain unparalleled opportunities.

If the natal inheritance of any ancient gods can be found in this ruins of gods and demons, then for ordinary practitioners, it will definitely be no less than an evolution of the entire life level.

Because of the inheritance of the ancient gods, they inherently contain the extremely terrifying power of creation.

If one practices the inheritance of the ancient gods, a practitioner will continue to transform from the inside out and evolve towards the level of the greater gods.

Just as Ye Feng was thinking secretly in his heart, Murong Mingyue finally arrived at the ruins of gods and demons she wanted to find through the ancient compass in her hand.

At this moment, this place is already an area very deep in the demon's lair.

A dark underground lake appeared ahead.

At the end of this dark lake, a very strong spatial fluctuation is emitted.

Murong Mingyue immediately couldn't help but said: "The end area of this dark lake should be the final place leading to the ruins of gods and demons."

Ye Feng nodded and said aloud: "I have sensed that the end area of this dark lake is exuding a very strong spatial fluctuation. Perhaps this dark lake is a door to space, and this side of it is connected to the demon lair. , the other side is connected to the independent space of the ruins of gods and demons. "

Murong Mingyue nodded, and Ye Feng started crossing the dark lake.

Uh-huh!

The toad jumped onto Ye Feng's shoulder and couldn't help but said: "Ye Feng, be careful. I always feel that this dark lake is a very dangerous place. It makes me feel frightened and frightened all over my body. Hairy."

Ye Feng nodded slightly and began to pay attention to his surroundings.

"Boom!!"

Suddenly, at this moment, a big demonic hand covered with black hair was grabbed out of the dark lake, covering the sky and the sun, trying to wipe out Ye Feng and Murong Mingyue.

But before Ye Feng could take action, Murong Mingyue, who was at the peak of the tenth level of the god level, had a silver crescent coming out of her eyebrows.

This silver crescent moon is a very terrifying magic weapon, blooming with immortal silver brilliance and possessing very terrifying sharpness and cutting.

"Puch" sound!

The silver crescent moon, like the sharp sword of the gods, cut the demonic hand that covered the sky in half instantly, and fell from the sky into the dark lake.

"ah!"

Almost at the next moment, an earth-shattering cry of pain was heard from beneath the water of the dark lake.

Wow!

The next moment, as the water in the dark lake boiled, a huge demon with two wings on its back suddenly appeared.

This huge demon looks like a two-winged demon in the hell interface.

But this is not a clan of double-winged demons.

They are local demons in the demon lair.

At this time, this dark demon with two huge wings and a huge palm had been cut in half.

His red eyes stared at Ye Feng and Murong Mingyue in front of him, and he immediately shouted angrily: "You are so brave, you dare to come here, don't you know that these are us monsters?" Is the nest a restricted area of life? If you cross this dark lake and reach the end area, you will enter a restricted area of death and die without a burial place."

Murong Mingyue's noble and beautiful face showed a cold smile at this time, and said loudly: "Don't bluff people, don't think that I don't know that the area at the end of this dark lake is connected to the most precious place in the demon lair. In the land of ruins of gods and demons, countless demons and monsters have transformed and evolved after entering the ruins of gods and demons. You should be the same. You may have been just a small demon before, but the reason why you have become so powerful is because After entering the ruins of gods and demons, you got the supreme opportunity to transform to your current level. However, your current cultivation level is only the peak of the tenth level of the god level. You can't beat me. I am the best in the human race. Super genius."

Hearing what Murong Mingyue said, and looking at the silver crescent magic weapon suspended in front of Murong Mingyue, this huge demon with two wings, a deep and ugly look suddenly appeared in its eyes.

He originally wanted to scare the two young-looking humans across from him.

Unexpectedly, the other party knew this place very well. .??.

This huge demon with wings had a deeply ugly look in its eyes.

Although he really didn't want these two human beings to enter the ruins of gods and demons, the huge demon had already experienced the power of Murong Mingyue's terrifying magic weapon and cut his palm in half.

At this time, Ye Feng suddenly said: "This huge demon seems to be running his own soul wave. He is summoning other helpers."

Hearing what Ye Feng said, the huge demon opposite him immediately showed a look of horror on his face, and couldn't help but said: "You can actually sense the fluctuations of my soul. How is this possible? How can you human race have this kind of thing?" The gift of sensing soul fluctuations."

At this time, Murong Mingyue's face immediately turned cold and she said, "In that case, stop talking nonsense with this monster and kill it directly."

Boom! !

At this moment, Murong Mingyue's whole body bloomed with bright silver light, like a goddess of silver light, and she suddenly charged forward.

The crescent moon magic weapon in her eyebrows burst out with earth-shaking bright silver light, full of unparalleled cutting power, and directly bombarded the huge demon with two wings in front of her.

It has to be said that Murong Mingyue is worthy of being the eldest daughter of the Murong family, the first family in the Sea of Chaos, with earth-shattering fighting prowess.

Ye Feng didn't hesitate at this moment. In an instant, he released the divine power of the void, directly condensing a large void net, which directly trapped the huge demon's escape route, making it impossible for the huge demon to escape.

Under the forcible attack of the two men, this giant demon could only watch as Murong Mingyue's silver crescent split its entire body into two halves, and it fell instantly on the spot.

When Ye Feng saw this scene, he couldn't help but said in amazement: "Miss Murong is really powerful. I thought I would have to fight hard, but I didn't expect that this huge monster would be killed so quickly. "

Murong Mingyue smiled slightly, looked at Ye Feng, and said loudly: "If you can fully utilize the abilities of your Ye family's Hongmeng bloodline, you will definitely be no less powerful than our Murong family's Silver Moon bloodline in the future."

At this moment, Ye Feng did not hesitate and directly began to release the Devouring Domain to absorb the demonic power of this huge demon at the peak of the tenth level of the god.

Seeing this scene, Murong Mingyue's beautiful eyes clearly showed deep surprise.

This was the first time she saw a human practitioner who could directly absorb the skills of the demon clan.

It's really kind of magical.

At this time, Murong Mingyue couldn't help but secretly marvel in her heart. Ye Feng, a member of the Ye family left behind, may have awakened a heaven-defying talent that the entire Ye family has never had before.

Chapter 3995 Independent Space

Moreover, when Murong Mingyue secretly marveled in her heart, Ye Feng released the devouring domain and devoured this huge demon at the peak of the tenth level of the god level, and his skills immediately received an unparalleled improvement.

Ye Feng's skill suddenly increased incredibly at this moment.

boom! !

The next moment, Ye Feng's body suddenly erupted with a terrifying and powerful aura of cultivation.

Ye Feng's half-step god-level cultivation bottleneck finally made a complete breakthrough. He broke through the obstacle and stepped directly into the first stage of the true god-level!

"Buzz!"

When Ye Feng's cultivation reached the true god level, he could immediately feel that his combat effectiveness and skill had been unparalleledly improved.

At this moment, Ye Feng's eyes were filled with deep surprise.

I didn't expect that the power of this huge demon would be so powerful, and my cultivation was finally completely transformed. ??

However, this also has a huge relationship with Ye Feng's previous accumulation.

You know, Ye Feng had swallowed more than a dozen demons in the prison at once. This is the saying that a drop of water can penetrate a stone, and the accumulation of accumulation is the basis of this principle.

Ye Feng has accumulated so much that he has finally broken through his current biggest bottleneck and successfully entered the first stage of the god level.

And when Ye Feng stepped into the god level, he realized how powerful the god level experts were.

Because Ye Feng can now feel that his combat power is many times stronger than when he was at the emperor level before.

The combat effectiveness simply soared.

Uh-huh!

Murong Mingyue came over at this time, smiled and said loudly: "Ye Feng, congratulations, your cultivation level has broken through to the god level. Only after our cultivation level in our world of origin breaks through to the god level can we be considered a master in the true sense. "

When Ye Feng heard Murong Mingyue say this, he just smiled bitterly, shook his head, and said

: "In the past, if I had stepped into the god level, I might have felt that I was already very powerful, because this was the existence second only to the Lord, but now with the continuous changes and revival of the world rules of the Great World of Origin, more advanced cultivation The powerful people in the interface have all come to our world of origin, including the ancient famous mountain that emerged in the sea. Now it has been controlled by the Asura demons from the hell interface, and named it the Great Demon God Mountain, and is recruiting disciples. , seems to want to dominate the world. The high-level demons in the hell interface are all very terrifying in cultivation. Moreover, in the big world where we originate, among the many ancient powers, there are probably hidden super creatures that are very terrifying. Even behind many giant forces, there are transcendental forces from the advanced spiritual realm."

Hearing what Ye Feng said, Murong Mingyue nodded slightly.

She comes from the Murong family, the first family in the Sea of Chaos, so she naturally knows much more about the truth of the world than ordinary people.

At this time, Murong Mingyue nodded and said: "It is indeed the case. In the past, if a practitioner reached the god level, he could almost control the world. As long as the master did not come out, he would basically not die. But now with As the world rules of the entire world of origin continue to revive, more and more powerful people from the advanced cultivation interface are coming here. God-level powerhouses don't seem to be that powerful anymore, but now there are powerful people from those advanced cultivation interfaces. Dear readers, currently only the demon clan from the hell interface has arrived in the world of origin through the Great Demon God Mountain. There is no movement in other advanced cultivation interfaces yet, but it is estimated that there will be more and more movement in the future, so we need to prepare early. "

At this time, Murong Mingyue finished speaking, and then directly followed Ye Feng to continue moving forward in the dark lake, flying quickly towards the end area on the other side of the dark lake, wanting to enter the ruins of gods and demons.

Buzz! Buzz! Buzz...

But at this moment, suddenly a lot of terrifying auras surged around the dark lake.

This terrifying aura made even Ye Feng and Murong Mingyue's eyes change slightly.

That is a very terrifying powerful demon.

There is even a half-step dominance level.

This made Ye Feng and Murong Mingyue look at each other with deep surprise in their eyes. .??.

I didn't expect that there would be such a terrifying demon hidden in this demon lair.

At this time, Murong Mingyue immediately took Ye Feng and flew quickly towards the ruins of gods and demons, not wanting to get entangled with those demons.

Ye Feng is not too afraid of half-step domination level monsters now, but the most important thing for Ye Feng now is to enter the ruins of gods and demons to see if he can get the inheritance of the ancient gods.

If you fight with these demons here, more and more powerful demons will be attracted to the demon cave. At that time, you may get stuck in the quagmire of fighting and be unable to get out.

So at this time, Ye Feng naturally wanted to quickly enter the ruins of gods and demons with Murong Mingyue.

Buzz!

At this moment, Ye Feng directly activated the inheritance of the Void God Emperor.

Ye Feng's body suddenly surged with a large amount of void divine power. He, Murong Mingyue, and the toad on his shoulders were all enveloped in this void divine power, and then he traveled through the void in an instant, and suddenly he was flying across the sky. After passing through most of the dark lake, we came directly to the end area of the dark lake.

At this moment, Murong Mingyue sensed all this, and her eyes suddenly showed deep surprise. She couldn't help but said: "Ye Feng, I didn't expect that you still control the power of the void in the ancient legend. You guys The bloodline of the Ye family should not be able to awaken this kind of innate ability. It seems that you have cultivated a very magical ability related to the void attribute.

inherited. "

Ye Feng just smiled and didn't say much.

At this moment, they have arrived at the end area on the other side of the dark lake.

They saw the ruins of gods and demons right in front of them.

In front of him is a huge space door.

Murong Mingyue also had a look of deep expectation in her eyes at this time, and she and Ye Feng passed directly through the gate of space and crossed into the ruins of gods and demons.

Buzz!

Following a huge space fluctuation, Ye Feng, Murong Mingyue and Toad directly passed through this space door and came to a brand new independent space.

There are dilapidated battlefield ruins everywhere, as well as various dilapidated weapons and weapons, as well as collapsed buildings. The entire sky is gray. The entire independent space is filled with an aura of iron-blooded killing and a kind of dilapidation. The air of withering.

This is the legendary ruins of gods and demons.

It is the place of ancient ruins left behind after the ancient war between gods and demons.

At this moment, Ye Feng couldn't help but ask: "Will those powerful demons who want to chase us also enter this place?"

Murong Mingyue shook her head and said aloud: "Those demons will not easily enter here, and they will probably guard us at the entrance, because there is the will of the ancient gods in the ruins of gods and demons. The more powerful the demons are, the more powerful the demons will be when they enter." , the more it will arouse the willpower of the ancient gods and wipe them out instantly."

When Ye Feng heard what Murong Mingyue said, he immediately nodded and breathed a sigh of relief.

Murong Mingyue continued to speak at this time: "However, in this ruins of gods and demons, there is not only the will of the gods, but also the will of the ancient demons. If we come into contact with the will of some surviving ancient demons, we will also There could be a terrible crisis, so we must be careful."

Chapter 3996 Divine Fluctuation

Among the ruins of gods and demons, there are dilapidated and desolate areas everywhere. It does not give people the sacred feeling like the ancient gods, but instead has a dark feeling of dilapidation and decay.

At this time, Ye Feng clearly sensed that there were many terrifying killing auras in the surrounding space, which should have been left behind after the ancient gods and demons fought.

Murong Mingyue was also very careful at this time, as her body emitted a faint silver light, which seemed to have a special protective effect on herself.

However, Ye Feng's own physical strength is very powerful, so there is no need to release this kind of body-protecting divine light.

Buzz!

At this time, Ye Feng exuded his huge soul power and covered the surroundings, wanting to carefully search the surroundings for any powerful inheritance left by the ancient gods.

But Ye Feng also knew that it would be very difficult to find the inheritance left by the ancient gods. ??

After all, many powerful demons from the demon caves have entered the ruins of gods and demons over the years.

But there are very few who can truly be blessed by chance.

Most of them found nothing in these ruins of gods and demons.

In fact, it was obliterated by the will of the ancient gods or demons among them.

Ye Feng was still very cautious at this time.

After all, the soul gem is no longer Ye Feng's biggest trump card.

If the will of the gods and demons from the glorious age of the origin world really revives, and Ye Feng's soul is to be wiped out, perhaps the master-level soul gem in Ye Feng's mind cannot be defended at all.

At that time, we can only rely on Emperor Chu.

After all, the soul gem had appeared once before and was unable to withstand external soul attacks.

In the end, it was Emperor Chu who activated an inexplicable terrifying force from space to protect Ye Feng's soul from harm.

this

At this time, it can be said that Emperor Chu has become Ye Feng's soul protector more than the soul gem.

This made Ye Feng feel a sense of crisis in his heart.

After all, the strongest trump card that Ye Feng had obtained before, the various dominance gems, could no longer keep up with Ye Feng's use and were about to be eliminated.

After all, the world rules of the entire world of origin are constantly recovering, and more and more powerful people and powers in the advanced cultivation interface have appeared.

The Dominator Gem is slowly being phased out.

Therefore, Ye Feng still very much hopes to find some inheritance of the ancient gods, or good things left by the ancient gods in this ruins of gods and demons.

In this case, I will have a lot of confidence.

At this moment, under the exploration of Ye Feng's huge soul power, Ye Feng soon discovered a very sacred wave, and immediately flew quickly in that direction.

Murong Mingyue warned: "Ye Feng, don't run around randomly in the ruins of gods and demons, otherwise, you may be wiped out by some ancient power. After all, you must know that in the ruins of gods and demons, , but there are many terrifying powers of ancient gods or demon-slayers. The strength of these ancient gods or demon-slayers is really terrifying. Even if endless years have passed, there is just a breath of power left behind. It might kill you instantly."

Ye Feng nodded at this time and said aloud: "Don't worry, my perception is very strong. I can sense danger in advance. There should be no problem. I just sensed a sacred energy wave, maybe from someone." It's something left by the ancient gods, so I want to go and take a look."

Hearing what Ye Feng said, Murong Mingyue's beautiful eyes revealed a hint of surprise, as if

Unexpectedly, Ye Feng felt some kind of divine fluctuation earlier than she did.

After all, although Ye Feng is very powerful, Murong Mingyue feels that Ye Feng is not as strong as her, the eldest lady of the Murong family.

But now she suddenly discovered that Ye Feng could sense the good things in this ruins of gods and demons ahead of her, which surprised Murong Mingyue.

But if Murong Mingyue knew that Ye Feng was a soul master, she would definitely understand what was going on.

Because the soul master's perception is indeed much stronger than that of normal martial arts practitioners.

Uh-huh!

At this moment, Murong Mingyue followed Ye Feng and flew quickly in a certain direction.

There was a hint of expectation in Murong Mingyue's eyes. She wanted to see if Ye Feng could really sense some good things in this ruin. ??

Soon they arrived at the location where they sensed the sacred fluctuation.

At this time, the moment Ye Feng and Murong Mingyue came here, they immediately saw a broken mountain standing in front of them.

This mountain has completely collapsed. It must have experienced some kind of very tragic battle and was shattered.

At this moment, Ye Feng's eyes suddenly showed surprise.

Because he saw a broken spear appearing in the broken mountain.

This broken spear is golden and looks like it is made of pure gold. It is very noble and exudes a very sacred aura.

The sacred aura fluctuation that Ye Feng sensed just now was emanated from this broken spear.

At this time, Murong Mingyue obviously saw the golden stick appearing in the broken mountain.

Colored Broken Spear.

This broken golden spear also exuded a kind of sacred wave, which made Murong Mingyue's eyes suddenly reveal a hint of surprise, and she couldn't help but said aloud: "I didn't expect that a person with the ability could be found here. The weapon that reflects the power of the gods has been broken, but it still contains the power of the gods. This broken golden spear must have been the weapon of an extremely powerful god. It was shattered in a tragic battle. But even if only half of it is left, it still possesses very strong divine power."

At this moment, Ye Feng nodded slightly and said aloud: "The sacred aura fluctuation I sensed should be emanating from this broken golden spear."

Murong Mingyue immediately said: "You sensed this first. This broken war spear belongs to you. This is the rule. Whoever finds it first will get it. Unless we find it together, we will share it together."

When Ye Feng heard what Murong Mingyue said, there was a hint of surprise in his eyes.

This eldest lady of the Murong family is actually a generous person.

In this regard, Ye Feng did not show any pretense and flew forward directly to pull out the broken golden spear from the ruins of the mountain.

Boom!

But suddenly at this moment, a large black mist suddenly rushed out from the ruins of the broken mountain, and it was about to envelope Ye Feng in an instant. There seemed to be a devilish and sinister laughter inside, which was very terrifying. .

"not good!"

Seeing this scene, Murong Mingyue immediately burst into brilliant silver light, rushed directly in front of Ye Feng, and said with an ugly face: "Ye Feng, be careful, this black mist is probably the result of that year. The powerful aura of the ancient demon in a battle contains the evil power of the ancient demons, which is very terrifying and will lead to death. "

Chapter 3997 Poison Mist

Buzz!

At this time, a very thick black mist enveloped the entire surrounding area, making Ye Feng, Murong Mingyue and Toad all enveloped in this broken mountain.

Seeing this scene, Murong Mingyue immediately said with an ugly look: "I guess this broken golden spear was deliberately used by the owner of this black mist to attract prey, just to lure us to look for this." The broken golden spear then released this black mist, which enveloped us all and prevented us from leaving. "

Hearing what Murong Mingyue said, Ye Feng also showed a cold look in his eyes, and said loudly: "What an insidious method, let me tell you why there is a broken golden spear exuding such strong sacred waves." , it turns out that there were ancient demons who placed it here specifically to attract prey. "

At this time, Ye Feng said, slightly touching the black mist around him, and immediately felt that his skin and flesh were corroded by concentrated sulfuric acid, with a very hot corrosive feeling.

Ye Feng immediately showed a hint of surprise in his eyes.

You know, Ye Feng's Hongmeng Immortal Body is very solid and very powerful.

And now Ye Feng's Hongmeng Immortal Body has transformed to the sixth level of perfection, and is only one step away from transforming to the seventh level.

But even so, Ye Feng's Hongmeng Immortal Body was still corroded by the surrounding black mist, causing some pain.

This made Ye Feng's eyes reveal a look of deep surprise.

This black mist is absolutely terrifyingly toxic.

This is simply a poisonous gas!

Murong Mingyue did not dare to touch the black poisonous mist directly at this time.

Because Murong Mingyue knew very well that in this ruins of gods and demons, the monsters that could survive the war between gods and demons must be very terrifying and not easy to deal with.

of.

At this moment, the black poisonous gas around them was quickly enveloping them, seeming to poison Ye Feng, Murong Mingyue and Toad to death.

The master who released this black poisonous gas has never shown his true identity.

Apparently they are secretly controlling this poisonous fog.

Ye Feng immediately spoke out at this time: "There is no other way now except to forcefully break out of this poisonous mist, find the owner who released this poisonous mist, and kill him."

Murong Mingyue said aloud: "I'm afraid it's very difficult. We don't know at all how powerful the ancient monster hidden in the dark is."

Ye Feng said aloud at this moment: "In fact, there is no need to be so afraid. The master who released this black poisonous mist dare not reveal his true figure. Obviously, the master who released the poisonous gas will definitely not be so afraid." Powerful. If he was really that powerful, he would have killed us long ago. However, he chose to hide in the dark and release this black poisonous gas in order to stun us and then harvest us. life."

"really!"

Hearing what Ye Feng said, Murong Mingyue nodded and said loudly: "Ye Feng, what you said makes sense. The reason why he didn't kill us personally was to use this trap to release poisonous gas to cover us. We, I'm afraid it means that his own strength is not very good, as long as we can break through this poisonous gas, it will be fine."

Ye Feng was thinking about how to break through this poisonous fog at this moment.

My Hongmeng Immortal Body is temporarily unable to withstand the corrosion of this black poisonous mist.

Murong Mingyue also fell into silence at this time, because

It was impossible for her to break through this poisonous fog.

At this moment, the toad lying on Ye Feng's shoulder suddenly said: "Ye Feng, the Hongmeng Purple Qi you possess can continuously restore the vitality of any living being, so you can

completely rush into this area. Among the black poisonous gases, although these black poisonous gases can instantly corrode and damage your body, your Hongmeng Purple Qi can also repair your body in an instant. So in theory, Ye Feng, even if you enter this poisonous mist There shouldn't be any danger, because at the moment when these black poisonous mist corrode your body, Ye Feng, the Hongmeng purple energy generated in your body can repair your damaged body in a subtle way. balance.”

Hearing what Toad said, Ye Feng's eyes suddenly showed a trace of surprise. He didn't expect Toad to say such words.

But as you can imagine, this process of constant damage and repair must be very painful.

But there is nothing we can do now.

Ye Feng immediately nodded, looked at Murong Mingyue beside him, and said, "I will enter the poisonous mist and give it a try."

Murong Mingyue saw that Ye Feng wanted to go out alone, and immediately couldn't help but said: "If you do this, you will be in great danger, because the black poisonous mist and the corrosive ability of our human race's body are really terrifying. I'm afraid you won't be able to hold on."

Ye Feng smiled slightly and said, "If I really can't hold it any longer, I will retreat."

Uh-huh!

After saying that, Ye Feng no longer hesitated and rushed directly into the poisonous mist ahead.

The moment Ye Feng entered the poisonous mist, he immediately felt that his entire body was being eroded by a concentrated sulfuric acid-like gas, which continuously corroded his skin and flesh, and immediately began to fall off in large areas. suffered huge damage.

Buzz!

But at this moment, Ye Feng directly used his Hongmeng Purple Qi to attach to the damaged skin and flesh.

Almost at the next moment, just as the toad said, the damaged flesh, flesh and skin suddenly recovered again.

Seeing this scene, Ye Feng's eyes immediately lit up. It seemed that Toad's method was feasible.

Uh-huh!

At this moment, Ye Feng flew quickly towards a certain direction in the poisonous mist.

Ye Feng did not directly look for the owner who released this poisonous mist, but flew quickly towards the middle of the broken mountain.

What Ye Feng wants to do is to get the broken golden spear first.

So at this time, Ye Feng did not hesitate and rushed towards the location of the golden spear quickly.

The surrounding poisonous mist can no longer have any impact on Ye Feng.

Because Ye Feng's Hongmeng Purple Qi can completely restore Ye Feng's damaged body, achieving a delicate balance of damage and recovery.

At this time, Ye Feng would soon reach the location of the broken spear.

Boom!

But at this moment, a huge claw suddenly stretched out from the thick poisonous mist around him.

Each claw looks like it is made of black steel. It looks very sharp and strong. It is going to grab Ye Feng directly and tear Ye Feng into pieces in an instant.

When Ye Feng saw this scene, his eyes immediately showed a cold look, and he said loudly: "You are finally willing to take action yourself."

Ye Feng immediately guessed at this moment that the owner of this dark claw was the secretly hidden ancient monster that released this black poisonous mist!

Chapter 3998 Eighteen Wings

Buzz! .??.

Each of the pitch-black claws seemed to be made of black steel, looking very terrifying and sharp.

Moreover, there is a green light flashing on it, which should be some kind of poisonous thing.

So at this time, Ye Feng did not directly confront this dark claw. Instead, he instantly used the power of the void and teleported not far away.

Ye Feng quickly came to the broken golden spear stuck on the ground, and then Ye Feng directly stretched out his hand and grasped the golden spear in front of him.

Buzz! .??.

At this moment, Ye Feng did not hesitate, and directly released his majestic magic power, directly pouring it into the broken golden spear in front of him.

As a result, at this moment, an extremely bright light burst out from the golden spear.

In this broken golden spear, the will of the owner has been completely annihilated in the endless years.

Therefore, Ye Feng does not need to deal with the will of the ancient gods existing in this golden spear now, it can be refined directly.

Because this spear is already ownerless.

"boom!!"

At this moment, as Ye Feng continued to inject mana, the brilliance blooming from the golden spear was simply brilliant.

Although this spear has been completely broken, it still contains the power of the ancient gods and has very terrifying power.

"Chi!"

The next moment, Ye Feng suddenly held the broken golden spear and pulled it out from the ground.

The next moment, the whole world suddenly changed, producing such a terrifying vision of heaven and earth.

It is enough to show what a terrifying weapon this broken golden spear was back then.

It is definitely a magical weapon left by the ancient gods!

It's a pity that it broke, but it is enough for Ye Feng's current state.

At this moment, Ye Feng directly held the broken golden spear in his hand, and his whole body was shrouded in golden light. Like a golden god, he directly attacked the dark claw stretched out in front of him. go.

Boom!

Broken in Ye Feng's hand

The golden spear directly erupted with a terrifying impact, and it suddenly shattered the dark claw into pieces.

"howl!!!"

Almost at the moment when the dark claws broke, a shrill scream suddenly sounded from deep in the thick black mist.

Apparently, Ye Feng smashed the black claw with a golden spear, causing the ancient demon hidden in the darkness to scream in pain.

"Found your place!"

At this moment, according to the direction from which the scream came, Ye Feng immediately sensed the location of the source and rushed quickly in that direction.

Uh-huh!

Ye Feng rushed into the poisonous mist, and the golden light released by the broken golden spear in his hand was able to resist the corrosion of this poison.

This made Ye Feng's eyes show surprise.

This broken golden spear is worthy of being left behind by the ancient gods. Even if it is broken or damaged, it still contains unparalleled divine power.

At this time, Ye Feng's whole body was glowing with golden light, and he was holding a broken golden spear in his hand. It was like the ancient golden god of war had come to the world again, and he rushed into the poisonous mist. He was unstoppable and his fighting power was overwhelming. He suddenly rushed to the hidden place. The location of the demon deep in the poisonous mist.

The next moment, Ye Feng suddenly saw a humanoid demon with jet black scales all over his body. There were many scars on his body. There were originally eighteen wings on his back, but now seventeen of them were broken. Lying behind the ruins of the mountain.

That poisonous mist was what he sprayed out when he opened his mouth.

Ye Feng's eyes suddenly revealed a look of surprise.

This humanoid monster actually has eighteen wings.

Although there is only one wing left now, it also shows that this monster was definitely a very terrifying existence back then.

Even if he is not comparable to the ancient gods, he is definitely a capable general under the command of the ancient demon god.

At this time, Ye Feng

Without any hesitation, he directly held the broken golden spear in his hand and rushed towards the eighteen-winged ancient monster in front of him to kill it.

This ancient monster obviously suffered heavy losses in the war between the gods and survived until now, so it set up this kind of trap in order to lure various creatures into the ruins of gods and monsters, and then let them devour them. Replenish Qi and blood, thereby restoring vitality.

But he probably never expected that Ye Feng could be so ferocious.

This ancient demon immediately couldn't help shouting and said: "Your cultivation level is obviously only the first level of god level. How can you have such a powerful power? Even in an instant, you can defeat that ancient god." The broken magic weapon and the golden spear that were left behind were directly refined. This is impossible!"

It is estimated that this ancient eighteen-winged demon clan never expected that Ye Feng could successfully refine the broken golden spear.

If Ye Feng didn't have the weapon left by the gods in his hand, maybe this ancient eighteen-winged demon clan could still fight against Ye Feng.

But now he really doesn't have the slightest advantage.

Because the poisonous mist he sprayed had no effect on Ye Feng.

And now Ye Feng has also obtained the broken golden spear left by the ancient gods at that time, and his combat power is even more amazing.

But Ye Feng was too lazy to talk nonsense at this time.

He was covered in golden light, like a golden god of war, charging directly forward.

The broken golden spear in his hand burst out with a bright and boundless attack light, and suddenly bombarded the ancient demon clan.

Poof!

The body of this ancient eighteen-winged demon was obviously very terrifying.

After all, he was able to survive the war of the gods that year.

But endless years passed and he was too weak.

Moreover, even if the golden spear in Ye Feng's hand is broken, it still contains the power of the ancient gods.

So at this moment, Ye Feng activated the light of the golden spear in his hand, directly killing the ancient demon's body.

Once it was penetrated, the opponent would scream in an instant.

This ancient eighteen-winged demon clan couldn't help but screamed in horror: "I was wrong, I was wrong! Sir, please forgive me, I am just a pitiful little demon clan. , It's not easy to survive until today. I still want to continue to live. After finally waiting for the rules of the world to recover, I have hope of returning to the top. I don't want to die like this."

At this time, Ye Feng was covered with golden light, and he rushed directly in front of the eighteen-winged demon, and said coldly: "Little demon? How is it possible that you can live to this day and participate in the war of gods back then?" You are just a small demon. I guess you are a very ancient demon, otherwise you would not be able to have eighteen wings. Even the extremely powerful high-level demons I saw in the hell interface only have at most 18 wings. Two pairs of wings, or four pairs of wings."

Hearing what Ye Feng said, the eighteen-winged demon in front of him immediately said: "As long as you can spare my life, I can help you find many good things in the ruins of gods and demons. I am in the ruins of gods and demons." I have survived for so many years, and I am very familiar with the surrounding area. For example, the broken golden spear in your hand now was discovered by me from a cave in the ruins of gods and demons. If you spare me, I will You can take the adults to continue to look for these good things left by the ancient gods. Although many of them are broken, they still have the power of the ancient gods, just like this broken golden spear. Although it is damaged, it still has the power of the ancient gods. It can still burst out with terrifying power."

Hearing what the eighteen-winged demon in front of him said, Ye Feng's eyes showed a hint of thinking.

If you directly kill this eighteen-winged demon and devour it, you can indeed increase your skill greatly in a short period of time.

However, if he keeps this eighteen-winged demon, he can take him to find many good things and treasures left by other ancient gods in the ruins of gods and demons.

This is also a huge attraction for Ye Feng.

Ye Feng thought for a moment, then nodded slightly under the frightened eyes of the other party, put away the broken golden spear in his hand, and said loudly: "Okay, take me to find all kinds of good things around this ruins of gods and demons." , make me satisfied, otherwise, my head will be moved."

Chapter 3999 Lead the way

Hearing Ye Feng say this at this moment, the eyes of this eighteen-winged demon suddenly revealed a look of deep surprise.

He didn't expect that this human boy would really decide to let him go.

At this time, the Eighteen-Winged Demon Clan couldn't help but said: "Don't worry, sir. I have survived in this ruins of gods and demons for so many years. Although I am barely surviving, I am still quite familiar with the various terrains and environments around me. Yes, I will definitely be able to take you to find many treasures left over from the age of the gods."

At this time, the Eighteen-Winged Demon Clan was naturally very loyal to Ye Feng. .??.

Because he knew very well that if he had some rebellious psychology towards Ye Feng, then this human boy would definitely kill him instantly.

At this time, Ye Feng nodded slightly, looked at the eighteen-winged demons in front of him, and said, "Then you should suck back all the poisonous mist around you."

"yes."

The Eighteen-Winged Demon Clan immediately obeyed, opened his mouth and swallowed, sucking all the dark poisonous gas back into his stomach.

When Ye Feng saw this scene, there was a hint of surprise in his eyes.

It seems that this eighteen-winged demon clan was probably a highly poisonous demon clan in ancient times.

At this moment, Ye Feng did not hesitate at all, and flew directly towards the previous position with this eighteen-winged demon.

Uh-huh!

When Ye Feng returned to his previous position, he saw Murong Mingyue and Toad waiting there.

The moment Murong Mingyue saw Ye Feng, she couldn't help but reveal a look of joy in her eyes. She quickly stepped forward and said, "Ye Feng, it's great that you're okay. I was worried about you just now." Entering the highly toxic mist, I don't know what happened, but the highly toxic mist suddenly disappeared."

Ye Feng smiled and said, "Of course I made this poisonous mist disappear."

Finished

Finally, an extremely tall demon appeared behind Ye Feng.

It can be seen that he has eighteen wings, but seventeen of them are damaged or even completely broken, and his whole body is covered with dense scars. It is obvious that he suffered huge trauma in ancient times.

"This is....."

At this time, seeing the eighteen-winged demon that suddenly came out from behind Ye Feng, Murong Mingyue's beautiful eyes suddenly revealed a look of deep horror, and she said loudly: "Ye Feng, could this be possible?" Is it the ancient monster behind this poisonous trap?"

Ye Feng nodded, glanced at the Eighteen-Winged Demon Clan behind him, and said, "Yes, it's him."

boom!

At this moment, after hearing what Ye Feng said, Murong Mingyue suddenly burst out with a bright silver light.

Then, a silver crescent suddenly appeared in the center of her eyebrows, like a magic sword.

When Ye Feng saw Murong Mingyue bursting out with such violent attack energy, he couldn't help but asked: "What's wrong?"

Murong Mingyue said immediately: "This eighteen-winged demon clan must be very evil. He is plotting against us secretly. We must get rid of it and kill it before we can feel at ease."

Ye Feng shook his head and said with a smile: "Don't worry, this eighteen-winged demon has been completely surrendered by me. Now his every move must receive my order."

"What?"

When Murong Mingyue heard what Ye Feng said, a hint of astonishment suddenly appeared in her beautiful eyes.

Then he said: "This kind of ancient demon clan, an evil and powerful existence that once followed the demon god, will actually listen to you, Ye Feng."

? How is this possible, Ye Feng, don't be fooled by this evil demon, be careful to be backlashed by this ancient monster. "

The Eighteen-Winged Demon Clan was afraid that Ye Feng would be moved by Murong Mingyue's words, so he immediately shouted: "Don't talk nonsense! I have completely obeyed Lord Ye Feng now. If Lord Ye Feng says anything, I will do it at any time." You can go up to Daoshan and get down to the oil pan."

Murong Mingyue was even more stunned when she heard what the Eighteen-Winged Demon Clan said. This was the first time she had seen an ancient demon tribe so afraid of death.

At this moment, Toad jumped up in front of the Eighteen-Winged Demon Clan with a smile and said loudly: "Not bad, not bad, the Eighteen-Winged Demon Clan has great potential. Congratulations to Ye Feng, you have gained a good little brother." "

The Eighteen-Winged Demon Clan immediately said respectfully: "This is Lord Ye Feng's good friend, Lord Toad. I heard Lord Ye Feng mentioned that he is an ancient divine beast."

Hearing what the Eighteen-Winged Demon Clan said, Toad immediately became happy and said with a smile: "Not bad, not bad, it suits me very well."

Ye Feng said aloud at this time: "Let's rest for a while. Later, we will follow this eighteen-winged demon clan and continue to explore the surrounding ruins of gods and demons, looking for good things left behind by the ancient gods. "

At this moment, after hearing what Ye Feng said, Murong Mingyue still seemed a little uneasy and couldn't help but said: "Ye Feng, this Eighteen-Winged Demon Clan may not have good intentions, and it is impossible for him to easily lead us to find the surrounding people." Chances are good, we must be careful not to lead us into another trap."

"of course not!"

The Eighteen-Winged Demon Clan really wants to fight with Murong Mingyue, a little girl who is sowing discord. How come they like to destroy my image in front of Master Ye Feng.

At this moment, Ye Feng knew Murong Mingyue's worries, but he was not too worried. He just smiled and said: "Don't be too nervous. This eighteen-winged demon clan will always be with us. He is now

If he really dares to harm us if he is not very strong, we can kill him at any time. "

When Murong Mingyue heard what Ye Feng said, she thought it was right. She nodded immediately, looked at the Eighteen-Winged Demon Clan, and said, "You'd better not have any bad intentions."

At this time, Toad was staring at the broken golden war spear in Ye Feng's hand. Only half and the tip were left, but it still glowed with immortal golden light, giving people a sacred and ancient feeling.

The toad's eyes glowed as he looked at it, and he couldn't help but say: "This is a good treasure. It is probably made of the sun's golden halo meteorite iron. Ye Feng, have you refined this spear?"

Ye Feng couldn't help but smile helplessly and said: "This golden spear is not complete. It has been completely broken in the middle. This is no longer a complete magic weapon. How to talk about refining it? I can only use it. It's just some divine power."

Toad said: "You can use your special Hongmeng Purple Qi to try to repair this broken golden spear."

Ye Feng nodded and said, "I am prepared to do this."

At this moment, after Ye Feng finished speaking, he released a piece of Hongmeng purple energy from his palm, covering the surface of the broken golden spear in his hand.

However, the repair effect is not obvious.

"I guess my current level of cultivation is too low to repair this kind of weapon left by the ancient gods."

Ye Feng murmured, then looked at the Eighteen-Winged Demon Clan beside him and said, "Now you can lead the way for us."

The Eighteen-Winged Demon Clan immediately nodded and bowed respectfully and said: "Master Ye Feng, I will take you to the nearest cave first. The broken golden spear was the one I found in that ancient cave. There are many more in it. I didn't have time to explore the space, but there must be something good there. I guess that place is the place where an ancient god died."

Chapter 4000 The place where the gods fell

At this moment, when they heard the Eighteen-Winged Demon Clan say this, several people present couldn't help but their eyes lit up.

Especially Ye Feng, his eyes were full of anticipation and excitement.

If the cave mentioned by this Eighteen-Winged Demon Clan is really the place where an ancient god fell.

This means that there must be unparalleled opportunities hidden in that cave. There may be supreme Taoism, or peerless inheritance, or god-level cultivation resources that can make people soar to the sky.

Ye Feng knew very well that the broken golden spear in his hand was found by the eighteen-winged demon in the cave, and it must also be a weapon left by the ancient god.

Just a broken weapon left by the ancient god possessed such terrifying power.

It is conceivable how powerful that ancient god was back then, otherwise he would not have been revered as a "god".

For Ye Feng, he had personally tried this broken golden spear before, and the attack power it unleashed was terrifying.

Therefore, Ye Feng must be looking forward to the other wealth left by the owner of the golden spear, such as inheritance and training resources.

At this moment, Ye Feng immediately stared at the eighteen-winged demon in front of him and said loudly: "Then let's hurry up and go to the cave."

The Eighteen-Winged Demon Clan immediately nodded, and everyone walked on the road together, moving quickly towards the cave.

Murong Mingyue was also very happy.

At this time, she finally understood why Ye Feng kept this eighteen-winged demon alive.

Because this eighteen-winged demon clan has lived around this ruin of gods and demons for so many years, it is very familiar with the surrounding environment.

If this eighteen-winged demon clan is saved, they will look for various opportunities and fortunes in the ruins of gods and demons, and they will no longer be running around like headless flies.

Instead, you can go to a place with a very clear goal and good fortune.

At this moment, the eighteen-winged demon who was leading the way seemed to have thought of something, and suddenly said: "By the way, Master Ye Feng, I want to tell you in advance that there are many ancient formations in that cave. It's very dangerous, so I haven't explored all the places in the cave.

I just found this broken golden spear in a certain corner, so if you are attacked by some formation in that cave, don't think that I am deliberately harming you. "

It has to be said that this Eighteen-Winged Demon Clan was really afraid of death. He explained all the situations clearly in advance, for fear that Ye Feng and Murong Mingyue would misunderstand him and frame a few more people.

When Ye Feng heard what the Eighteen-Winged Demon Clan said, he just smiled and nodded, and said: "Don't worry, as long as you don't mean it, then we can't kill you casually, as long as you are honest Guide us and find all kinds of good things and treasures in this ruins of gods and demons. Then I will guarantee your safety."

At this time, hearing Ye Feng say that he would definitely ensure his safety, the Eighteen-Winged Demon Clan was naturally completely relieved.

At this time, the Eighteen-Winged Demon Clan led the way peacefully, while Ye Feng, Murong Mingyue and Toad followed behind.

They traveled through most of the ruins of gods and demons, crossed many mountains and rivers, and finally arrived at a very distant place.

Here, a huge mountain appeared in front.

This mountain looks very majestic and towering, and it doesn't feel broken or dilapidated at all on the battlefield.

This is extremely valuable.

Because along the way, Ye Feng and Murong Mingyue saw that the entire scene in the ruins of gods and demons was basically broken and dilapidated, very desolate and bleak.

After all, this is a place of ruins left behind after the ancient war between gods and demons. It is naturally very desolate and dilapidated.

But the mountain that appeared in front was very majestic and towering, like an ancient beast lying on the ground, and it looked very scary.

At this time, the eighteen-winged demon who was leading the way immediately said: "The cave I mentioned is under this mountain."

Hearing what the Eighteen-Winged Demon Clan said, Ye Feng looked at Murong Mingyue beside him and said, "Be careful later. There is an ancient god in this cave."

The place where the spirit fell must be extremely dangerous and terrifying. "

When the Eighteen-Winged Demon Tribe heard what Ye Feng said, he nodded quickly and said, "Indeed, I have warned you before that there must be very terrifying formations there, as well as various terrifying restricted areas. I didn't dare to walk around casually before, but I just found a broken golden spear in a corner."

Ye Feng nodded.

Then everyone moved on.

When they came under the mountain, looking at the top of the mountain, they could not see the end.

At this time, the Eighteen-Winged Demon Clan circled around to a certain area of the mountain and said, "The entrance to the cave is right here."

Ye Feng and Murong Mingyue flew over directly, and sure enough they saw a huge cave on the southwest side of the mountain, underneath the entire mountain range.

It was pitch dark inside, and I couldn't see anything specific.

Ye Feng said directly at this time: "Let's be careful."

Buzz! ??

After finishing speaking, Ye Feng clenched the broken golden spear in his hand.

A bright golden light emitted from the golden spear, covering Ye Feng's surroundings.

Murong Mingyue came to Ye Feng's side and was shrouded in the protection of this golden light.

The Eighteen-Winged Demon Clan led the way and walked directly into the cave.

When they entered the cave, they immediately felt a frightening feeling.

It felt like facing a very terrifying existence.

Murong Mingyue couldn't help but said with some fright: "It is indeed the place where the ancient gods fell. After death, it still has terrible pressure. For ordinary practitioners like us, it is extremely oppressive. feel."

Ye Feng nodded slightly, and he also sensed a terrifying aura of death.

The Eighteen-Winged Demon Tribe said aloud: "I will take you first to the place where I found the broken golden spear."

Ye Feng nodded, and soon arrived here with the Eighteen Winged Demon Clan.

In a small stone room in a cave.

This stone chamber seems to be man-made and not naturally formed.

Ye Feng saw at first glance that there was a huge hole in the ground in the corner of this small stone room.

It should be where the golden spear was inserted.

The Eighteen-Winged Demon Clan did not dare to say anything at this time.

Because he only came here and didn't dare to go anywhere else.

After all, the death pressure after the death of the ancient gods here is really terrifying.

At this moment, Ye Feng exuded his soul power and enveloped this small stone room.

Ye Feng wanted to find out if there were any other good things in this small stone room.

After all, the broken golden spear in his hand once fell here, and there might be other ancient things that have been passed down.

At that time, this eighteen-winged demon clan could only use its eyes to look for it.

But Ye Feng can use his soul power to analyze and explore deeply.

Sure enough, the moment Ye Feng enveloped the entire stone chamber with his soul power, he immediately sensed a very small fluctuation.

Uh-huh!

Ye Feng immediately came to the middle of the stone room and looked at the ground.

After blowing away the dust, there were many formation patterns engraved on the ground.

The toad lying on Ye Feng's shoulder immediately became happy when he saw this scene. He couldn't help but grinned and said loudly: "I didn't expect that these ancient powerful men would like to do this to really keep themselves." Everything that comes down is stored in an independent space using a formation."

Obviously, once the formation patterns on the ground are activated, they are likely to connect to a mysterious independent space.

The wealth left by the Void God Emperor that Ye Feng and Toad found before, as well as the wealth left by some powerful demons in this demon lair, were all preserved in this way to prevent future generations from discovering it.

But this cannot be hidden from Ye Feng, who has the Eye of Heaven and Earth.

Ye Feng has already mastered this method used by ancient powerful men to store their wealth.
