Chapter 4011 Hongmeng Gate

At this time, Murong Mingyue and others left this ancient cave directly.

Everyone was flying above the surface of the blood-colored ocean. Ye Feng said with some pity: "It's a pity that it's been too long. The blood in this blood-colored ocean, when I devoured it before, I didn't get any divine substances, and it was all lost. "

Murong Mingyue nodded and said: "In any case, this time Ye Feng you have obtained the strongest bone in the world, which is already an unparalleled and huge blessing."

Toad said aloud: "Ye Feng, if you want to quickly temper your body's flesh and blood and turn it into a true immortal body of a god, you have to pay more attention to the news about some divine substances, such as some Weapons, artifacts, materials handed down from ancient times, or the blood of descendants of some ancient mythical beasts, etc., may contain divine substances, which can be absorbed to temper your body and flesh. "

When he said this, Ye Feng suddenly glanced at the toad beside him who was chatting. He couldn't help but reveal an inexplicable smile in his eyes, and said loudly: "Toad, you seemed to have said that you were an ancient beast before. So, is there any divine substance in your bloodline..."

"Don't try to trick me!"

The toad immediately shrank his neck. ??

"Ha ha."

Ye Feng laughed loudly, looking at the cowardly look of the toad, he found it very interesting.

Ye Feng would naturally not plot toad's bloodline, after all, toad had become Ye Feng's friend.

Next, Ye Feng, Murong Mingyue, Toad and others returned to the entrance area of the bloody ocean.

The Eighteen-Winged Demon Clan is still waiting there.

At this time, seeing Ye Feng and others coming back, the Eighteen-Winged Demon Clan immediately showed a hint of surprise in its eyes, and said quickly: "Master Ye Feng, you are back, you must have gained a lot. I can feel that in front of Master Ye Feng, I feel a tremor from my soul."

At this moment, the eighteen-winged demon clan was speaking, and his tone was not as if he was joking, because Ye Feng's current bones have been replaced by the strongest bones in the world, the immortal bones of gods, so for the eighteen-winged demon clan, Ancient creatures naturally have a huge sense of oppression.

After all, the Immortal Celestial Clan was the head of the gods back then, the first clan of gods to lead the gods!

At this time, looking at the frightened eyes of the eighteen-winged demons in front of him, Ye Feng just smiled slightly and did not explain anything.

At this moment, Murong Mingyue said: "We have been in this ruins of gods and demons for a long time. It is time to get out. Otherwise, if the powerful demons in the demon lair come to hunt us down, we will be in trouble."

When Ye Feng heard what Murong Mingyue said, he immediately nodded and said, "Okay, it's indeed time to go out."

When he said this, Ye Feng seemed to have thought of something, and immediately looked at Murong Mingyue beside him, and said loudly: "By the way, Miss Murong, do you know the specific location of the Ye family in the Sea of Chaos? Where?"

When Murong Mingyue heard what Ye Feng said, a hint of astonishment appeared in her beautiful eyes, and she couldn't help but said: "Ye Feng, you haven't returned to Ye's house to take a look yet?"

"

Ye Feng smiled bitterly, shook his head, and said loudly: "No, because I was a member of the Ye family who was lost to the outside world a long time ago. My father and mother returned to the Ye

family early, but I did not go back because the Ye family was in the middle of the war at that time. In a crisis, from the crisis of the Dark Demon Cult, my father and mother were afraid that I would be in danger, so they did not take me back to the Ye family. Now my strength has been improved to a pretty good level, so I want to go back to the Ye family and see the current situation of the Ye family. "

Hearing Ye Feng mention the crisis of the Ye family and the Dark Demon Cult, Murong Mingyue couldn't help but nodded and said: "Yes, the Dark Demon Cult is indeed very powerful in the entire eastern land. If you want to encroach on the Sea of Chaos at the junction of the eastern land and the central ocean. However, the ancient families in the Sea of Chaos still have very deep strength. The Dark Demon Cult will not be able to annex the entire Sea of Chaos for a while. The reason why your Ye family was so powerful at that time is great because the ancestor of Hongmeng, the master of Dzogchen, once left a super magic weapon in the Ye family. This super magic weapon is called the 'Hongmeng Gate'. It is very special and seems to be able to connect to a very magical world of space. It is said that the space world contains very rich god-level materials and various cultivation resources. It was the Hongmeng Ancestor who obtained the Hongmeng Gate back then and became the most powerful Dzogchen Master in the Dharma-ending era of our origin world, the Dark Demon. The cult specifically targeted the Ye family for the sake of the Ye family's Hongmeng Gate, so the Ye family bore the brunt of the chaos and was severely suppressed by the Dark Demon Cult, which directly sealed off the entire family. "

Hearing what Murong Mingyue said, Ye Feng suddenly showed deep surprise in his eyes.

I never thought there would be such a past.

No wonder the Ye family was targeted by the Dark Demon Cult and directly sealed off the entire family territory.

It turns out that before the ancestor of Hongmeng left the Ye family, he left behind a magical Hongmeng Gate, which seemed to be connected to a space world with abundant cultivation resources.

Moreover, the reason why the ancestor of Hongmeng was able to cultivate and become the master of Dzogchen in the era of the end of Dharma in the world of origin, and became the most powerful existence in the era of the end of Dharma in the world of origin, is because of that door of Hongmeng. abundant resources in the space world.

At this moment, Ye Feng's eyes suddenly showed a deep look of surprise.

However, Ye Feng still said: "Miss Murong, although the Ye family is facing a huge crisis now, I still want to return to the Ye family, because I have traveled thousands of miles this time, from the Wanjie Martial Arts Academy in the easternmost part of the eastern land. I traveled thousands of miles across the entire eastern land and came to the Sea of Chaos area in the far west of the eastern land, just to return to the Ye family and reunite with my relatives. "

Murong Mingyue nodded, naturally understanding Ye Feng's mood to reunite with his relatives.

Murong Mingyue smiled and said: "Ye Feng, don't worry. When you leave the demon lair this time, you will follow me back to my Murong family. I will ask my father to take you to the Ye family. Although the Ye family is closed to itself, it has occupied the entire family territory, but our Murong family is the first family in the Sea of Chaos. If the head of our Murong family wants to visit the Ye family, the Ye family will definitely respond. If you go alone, you probably won't be able to contact me. The Ye family is in a closed state."

Hearing what Murong Mingyue said, Ye Feng immediately said with joy in his eyes: "Thank you so much, Miss Murong!" At this time, Murong Mingyue and others left this ancient cave directly.

Everyone was flying above the surface of the blood-colored ocean. Ye Feng said with some pity: "It's a pity that it's been too long. The blood in this blood-colored ocean, when I devoured it before, I didn't get any divine substances, and it was all lost. "

At this moment, the eighteen-winged demon clan was speaking, and his tone was not as if he was joking, because Ye Feng's current skeleton has been replaced by the strongest bone in the world, the immortal bone of the gods, so for the eighteen-winged demon clan, Ancient creatures naturally have a huge sense of oppression.

After all, the Immortal Celestial Clan was the head of the gods back then, the first clan of gods to lead the gods!

Hearing what Murong Mingyue said, Ye Feng immediately said with joy in his eyes: "Thank you very much, Miss Murong!"

Chapter 4012 Crush

For Ye Feng, it would definitely be great if Murong Mingyue could get her father to come forward and take Ye Feng to the Ye family.

Because if the head of such a big family comes forward, the Ye family should be able to respond to the outside world even if it is in a closed state.

At this time, Ye Feng did not hesitate. He, Murong Mingyue and Toad directly left the ruins of the demon lair.

When they left the ruins of gods and demons, they returned to the demon lair under the deep sea.

Ye Feng couldn't help but sigh and said: "If you have time in the future, you should come here to visit more. You should be able to find some good opportunities."

Toad glanced at Ye Feng, couldn't help curling his lips, and said loudly: "The strongest skeleton in the world you got is already the greatest blessing of opportunity. What else do you want?"

Murong Mingyue covered her mouth with a smile and said nothing more.

At this time, they quickly moved forward directly in the demon's lair, trying to leave the demon's lair.

Boom!

But just when they entered the central area of the demon's lair, suddenly there was a surge of very terrifying demon energy not far away.

Sensing this terrifying demonic aura, Murong Mingyue couldn't help but her beautiful eyes changed slightly.

She said aloud: "Ye Feng, we should be targeted by some powerful demons. They were probably guarding the entrance of the ruins of gods and demons, waiting for us to come out."

Ye Feng nodded.

Sensing the powerful demonic energy surging behind him, he didn't leave directly.

Ye Feng just smiled slightly and said aloud: "The kind of demonic aura I sensed has several strands of demonic aura, but most of the cultivation levels are at half-step domination, and there is no domination-level existence. In this way If so, we have nothing to fear."

Hearing what Ye Feng said, Murong Mingyue also showed a hint of eagerness in her eyes.

It seemed that they wanted to kill the powerful demons in the demon lairs that were chasing them.

Originally, Murong Mingyue didn't want to take risks and wanted to leave here directly.

After all, he has already received a lot of benefits from the ruins of gods and demons deep in the demon lair.

But now after hearing what Ye Feng said, Murong Mingyue also felt a surging will to fight in her heart.

Murong Mingyue knew very well that Ye Feng's fighting power was very powerful.

After all, Ye Feng has now integrated the strongest bones in the world, the Immortal Bones of the Gods, and his fists have been tempered to the second level.

Therefore, Ye Feng's two fists can burst out the terrifying power of the immortal clan of gods.

Maybe they can really deal with the powerful demons that are chasing them.

Buzz!

Buzz!

Buzz!

At this time, Ye Feng and Murong Mingyue stood on the same spot, while the toad was suspended in mid-air.

They are all demons in the lair of several powerful demons who are waiting for them to come later.

They waited for a while.

Accompanied by waves of very terrifying demonic energy.

several bodies

The tall figure suddenly appeared in front of them.

There are three figures respectively.

One has a huge horn on his head, and is covered with black scales. He is more than ten meters tall, surrounded by demonic aura, and looks very majestic.

The second demon has three eyes, and the third eye is a vertical eye, emitting a strange red light.

The third demon was covered in silver scales and was obviously a mutated demon.

Unlike the other demons whose bodies were covered with black scales, this third demon held a silver steel fork in his hand, just like the silver-armored Yaksha in the legendary world of demons.

At this time, these three demons exuded a terrifying demonic aura, which was very frightening.

Swish, swish, swish!

They flew directly in front of Ye Feng and others.

The three-eyed demon standing in the middle seemed to have not expected that Ye Feng and others did not continue to flee directly, but stood there, as if just to wait for them to come.

This made the three-eyed demon suddenly show a look of deep surprise in his eyes.

Then the three-eyed demon showed a deep sarcasm and said, "I didn't expect you humans to be so courageous and dare to wait for us to come over. Don't you know that we are all half-stepped?" A powerful demon at the master level? He can crush you to death with just one hand."

Hearing what the three-eyed monster said, Ye Feng just smiled indifferently and said, "Aren't they just three half-step master level monsters? There is nothing to be afraid of."

"Arrogant!"

Among the three demons, the first one-horned demon shouted loudly and said: "Stop talking nonsense. If you are wise, take all the good things you got from the ruins of gods and demons." If you hand it over, maybe you can survive, otherwise, we can only kill you all ourselves. "

Murong Mingyue snorted coldly at this time and said loudly: "If you were really sure of killing us, you would have stopped talking nonsense and taken action directly. You should be wary of our methods."

Hearing what Murong Mingyue said, the third of the three demons, the silver-armored demon with silver scales all over his body and a steel fork in his hand, immediately said coldly: "If it weren't for you from the gods and demons, We have come out of the ruins safely, so what do we have to fear? What we are afraid of is not you yourself, but the powerful trump cards you have obtained from the ruins of gods and demons."

After finishing speaking, the three-eyed demon standing in the middle immediately said: "Stop talking nonsense, let's take action directly. The auras of these human races, coming out of the ruins of gods and demons, have attracted many people around. Without the other demons, if we don't take action to kill them and obtain the chance creation from the ruins of gods and demons in them, when other more powerful demons come over, we three brothers will probably not be able to share."
"

Boom!

After saying that, the three-eyed demon attacked first.

His third vertical eye suddenly

A brilliant crimson light erupted, which was able to melt everything.

As long as the red light released by his third eye shines, everything begins to corrode.

Solid stone, or anything at all, is riddled with holes that are beginning to corrode.

Murong Mingyue was illuminated by this crimson light for the first moment.

Murong Mingyue felt threatened instantly.

She only felt that all her skills and life were being corroded rapidly.

Like a flower, it is about to wither completely.

Murong Mingyue immediately activated the silver crescent moon magic weapon in the center of her eyebrows, and directly split the crimson light in half.

"Um?"

Seeing this scene, the three-eyed demon suddenly showed a look of surprise in his eyes.

He couldn't help but said aloud: "I didn't expect that you, a young human race, would have such a powerful magic weapon in your hands, which can directly split my world-destroying red light in half, but this is not enough. I just just It's just a casual move."

After saying that, the three-eyed demon directly released an extremely powerful inheritance.

I saw dense eyes suddenly appearing in the void behind him.

Each eye is like his third eye, capable of releasing red light with strong corrosive power, covering the entire world.

Ye Feng did not hesitate at this moment and immediately said: "Leave this three-eyed monster to me. Miss Murong, you go and deal with the one-horned monster and the toad. I won't force you to deal with the third one." The silver-armored monster is here, as long as you can hold the silver-armored monster back for a while until I kill the three-eyed monster."

Hearing what Ye Feng said, Murong Mingyue and Toad both nodded.

Murong Mingyue released the silver crescent moon, a super magic weapon, and charged directly towards the first one-horned demon.

Although this one-horned demon has a cultivation level of half-step master level, Murong Mingyue's cultivation level is not weak either. It is the peak of the tenth level of god level, second only to half-step master level.

With the talent and abilities of Murong Mingyue, the eldest daughter of the Murong family, she should be able to fight a half-step dominating monster without losing.

As for the toad, he is suspected of being an ancient mythical beast, and he can open his mouth to spit out high-level thunder power with very terrifying and destructive power. He should be able to resist the silver-armored demon for a period of time.

At this moment, Ye Feng fully unleashed the terrifying power of his immortal bones.

This caused Ye Feng's fists to burst into bright golden light.

Even Ye Feng's two fists have only been tempered to the second level.

But it also has some of the power of the immortal clan of gods.

boom! !

At this moment, Ye Feng's fists emitted bright golden light and charged directly towards the three-eyed demon.

The golden light on Ye Feng's fists was able to withstand a large swath of red light released by the three-eyed demon.

This crimson light has a very terrifying corrosive ability.

But the golden light in Ye Feng's fists was the golden energy of the immortal bones of the gods, the strongest of the gods.

Seeing this scene, the three-eyed demon immediately widened his eyes, and couldn't help but said in horror: "How is this possible! What I am releasing now is my strongest inheritance, this crimson light, let alone a human boy with a small god-level cultivation level, even a half-step master of the human race at the same level as me can't resist the corrosion of my all-round red light. Everything on your fists What is the golden light released!"

Ye Feng didn't bother to explain anything at this moment. He just smiled coldly and said, "You will know later."

Boom!

At this moment, Ye Feng did not release any other inheritance, but just wanted to test the power of the fists that he had tempered to the second level.

So at this moment, Ye Feng used the power of the void to flash in front of the three-eyed demon, and then punched out with both fists.

From both fists, the golden power of the extremely domineering Immortal Bone of the God suddenly burst out, and it suddenly bombarded the three-eyed demon.

Boom! !

A terrifying roar suddenly sounded.

At this moment, the three-eyed demon also stretched out his fists, wanting to confront Ye Feng head-on.

Because he felt that he was a demon, and Ye Feng was just a human being, so his physical strength would not be inferior to Ye Feng.

But the moment the two fists touched, the three-eyed demon's expression immediately changed.

He could feel an overwhelming terrifying force from Ye Feng's fists, all of which was poured into his fists, making it impossible for him to resist.

At this moment, there was only a sound of "click, click, click". Ye Feng's fists exuded a bright immortal golden light, which was simply devastating. In one fell swoop, the three-eyed demon's fists, together with his two arms were all shattered to pieces.

"ah!!"

At this moment, the three-eyed demon suddenly screamed out in pain, his eyes filled with deep fear.

He stared at Ye Feng in front of him and shouted loudly: "This is impossible! How could you, a little human boy, be able to crush the power of my demon body, even the most powerful ones in the human race? It is also impossible to have a crushing effect on my demon body. I have encountered a special physique of a human race before. That human master is an ancient holy body that is extremely rare among the human race. However, even if it is an ancient holy body, it is impossible for it to crush it. My demon body caused such horrific damage!"

"Ancient Holy Body? It's just a special physique in some small interfaces."

When Ye Feng heard this, he just smiled lightly and said, "You don't understand what a truly powerful physique is."

boom! !

At this moment, Ye Feng immediately burst out with terrifying power. Golden light of energy burst out from his fists, roaring like a dragon, roaring like a god, with the power of thunder that could not cover the opponent's ears. With his gaze, he killed the three-eyed demon instantly!

Chapter 4013 All Fallen

When Ye Feng killed the three-eyed demon instantly with one fist.

Not far away were two other demons fighting Murong Mingyue and Toad.

The faces of the one-horned demon and the silver-armored demon showed deep horror.

"What??"

"Brother Three-Eyed was killed so quickly?"

At this time, both the one-horned demon and the silver-armored demon had deep fear in their eyes.

You know, the three-eyed demon is the most powerful among the three of them.

Because the three-eyed demon has its own talents.

That's the red vertical eye.

Unexpectedly, the three-eyed demon fell so quickly.

You must know that the three-eyed demon is not an ordinary demon, but a powerful being with the terrifying cultivation level of half-step domination.

He was killed in an instant by Ye Feng, a seemingly ordinary human race boy.

This is enough to show how terrifying Ye Feng's cultivation strength is.

So at this moment, the other two demons were suddenly frightened, and they actually wanted to run away into the distance and leave here completely.

"Don't even try to escape!"

At this moment, Murong Mingyue directly burst out his most powerful magic weapon, the silver crescent moon.

A bright silver light bloomed directly, forming a silver mask, trapping the one-horned demon she was fighting in the silver mask.

Ye Feng rushed over, without any hesitation, and continued to stimulate the divine energy in his fists, and fiercely bombarded the one-horned monster.

The one-horned demon immediately shouted: "The great magic form of the ancient rhinoceros!"

Buzz!

At this moment, a huge rhinoceros suddenly appeared in the void behind the one-horned monster.

This rhinoceros is exuding a terrifying demonic aura, making it feel like the ancient rhinoceros demon king.

This is exactly the talent of the Dharma inspired by the special bloodline contained in the body of this one-horned demon.

At this time, Ye Feng's golden fist collided directly with the ancient rhinoceros magic erupted from the one-horned demon.

Boom! !

The entire field immediately erupted with a huge roar.

The terrifying aftermath of the battle spread towards the surroundings,

Murong Mingyue, who was standing beside her to assist in the attack, couldn't help but take several steps back.

Murong Mingyue, the eldest lady of the Murong family, suddenly showed a look of deep horror on her beautiful face.

She couldn't help but murmured: "Ye Feng is getting stronger and stronger now, and the power he exerts is so terrifying."

You know, Murong Mingyue is not an ordinary eldest lady of a big family, she is a super genius at the peak of the tenth level of god level.

She is a proud daughter of heaven, her fighting ability is very terrifying, her real fighting power is comparable to that of a half-step master.

But even so, the aftermath of the battle caused by the collision of the ancient rhinoceros magic on Ye Feng and the one-horned demon sent him back several steps.

It can be seen that this one-horned demon is indeed very powerful. It is not an ordinary half-step master, but a half-step master among demons, and its combat power is far beyond imagination.

But Ye Feng was still shocked and couldn't help but take a dozen steps back.

Moreover, the ancient rhinoceros magic form condensed on his body was directly shattered into pieces by Ye Feng.

"What??"

Seeing the bloodline talent that he had worked so hard to refine, the ancient rhinoceros magic form was directly blown to pieces by Ye Feng.

The one-horned monster couldn't help but reveal a look of deep horror in its eyes, and quickly ran away crazily into the distance.

Uh-huh!

When Ye Feng saw this scene, without any hesitation, he directly used the powerful inheritance he had just learned and comprehended before, the Nine-turn Tianlong Jue.

This is a glorious era that originated from the Great World, and is the natal inheritance of a super large sect.

"hold head high!!"

After Ye Feng performed it, along with an earth-shattering dragon roar, a huge ancient dragon suddenly appeared on his body, roaring and towering, and directly bombarded the escaping one-horned demon not far away.

In one fell swoop, the entire body of the one-horned monster was penetrated.

"ah!!"

Accompanied by a tragic scream, the one-horned demon barely resisted and was directly killed by Ye Feng.

At this time, another escaped silver-armored demon not far away had already fled into the distance and was about to disappear.

But at this moment, Ye Feng directly used the Void God Emperor's natal magic weapon, the Void Divine Mirror.

Buzz!

The next moment, a bronze mirror suddenly appeared above Ye Feng's head.

A brilliant void light shone out from it, which actually possessed the power of the Void God Emperor. It directly locked the Yin family demon who was escaping not far away in place and imprisoned it in the void. There is no way out.

Then Ye Feng took out the Heavenly Dragon Sect's natal magic weapon, the True Dragon Sky-Slaying Sword, held it in his hand, and charged forward directly.

At this moment, Ye Feng was holding the Tianlong Tianzhuang Sword in his hand. He was surprised to find that the power of the immortal bones of the gods tempered in his two fists could be injected into the weapon of the Tianlong Tianzhuang Sword, which could enhance the power of the god. The power of weapons.

At this moment, Ye Feng frantically inputted his own mana and the power of the gods contained in his fists into the True Dragon's Heaven-Destroying Sword, greatly enhancing the power of the True Dragon's Heaven-Destroying Sword.

boom! !

At this moment, the powerful weapon of the True Dragon Sky-Slaying Sword suddenly burst out with brilliant golden divine light, directly condensing into a golden sword light tens of thousands of meters long in the entire sky. In an instant, it was chopped down crazily from high in the sky.

Directly fixed in the void in the distance, the entire body of the last silver-armored demon was split into two halves and fell instantly.

By this time, three extremely powerful half-step domination-level terrifying monsters were all killed by Ye Feng, and all of them died.

At this time, Toad, who saw the whole process, couldn't help shouting and said: "As expected of the heir to the strongest bones in the world, Ye Feng, your current strength is so terrifying, you have improved by leaps and bounds. "

Ye Feng couldn't help but nodded at this time.

The reason why he was able to burst out with such terrifying power this time was that, in addition to cultivating several powerful inheritances, the most important thing was that he possessed the most powerful immortal bone of a god in the world.

In his own fists, he could burst out extremely high-level divine power, so his combat effectiveness suddenly received a huge bonus.

Not far away, Murong Mingyue couldn't help but said in admiration: "Ye Feng, if you return to your family, the Ye family, you may really be able to help the Ye family, because your current combat power is comparable to those of those The elders are strong."

\u003e

At this time, Ye Feng nodded slightly, and then without wasting time, he directly released the Devouring Domain and began to devour the three powerful demons that he had killed.

You know, these three demons are not just soldiers and generals.

They are all very powerful half-step master level monsters.

In the demon lair, there are probably only one who dominates.

But unfortunately, they met the more powerful and evil Ye Feng, and the result was that they all died.

At this moment, Ye Feng released the Devouring Domain, which directly enveloped the three beheaded demons in the Devouring Domain, and then devoured the demonic skills and blood energy contained in these demons to grow stronger. own skill.

Buzz!

Along with the devouring, Ye Feng's cultivation aura immediately began to break through rapidly.

boom!

The eighth level of god level!

boom!

The ninth level of god level!

boom!

The tenth stage of the divine level reaches the peak of perfection! !

It has to be said that these three demons have a very tonifying effect on Ye Feng, allowing Ye Feng's skill to increase so much all at once.

Finally, he has entered the tenth stage of the divine level, the peak of Dzogchen, and is only one threshold away from the primary master.

Buzz!

Ye Feng clenched his fists at this time and felt that his overall strength had suddenly increased a lot.

However, what makes Ye Feng feel quite regretful is that there is no divine substance in the blood contained in the bodies of these three monsters.

It seems that these three demons are not the descendants of some ancient evil beasts or divine beasts, so their bloodline is relatively ordinary and there is no divine substance.

At this time, Ye Feng looked at Murong Mingyue and Toad beside him, and said loudly: "The battle here was too fierce just now, and it may have attracted the attention of all the terrifying demons in the entire demon cave. We should leave here as soon as possible, otherwise If we are really besieged by all the terrifying demons in the entire demon lair, no matter how powerful our fighting power is, we will not be able to escape."

Hearing what Ye Feng said, Murong Mingyue and Toad both nodded.

They immediately left the place and flew quickly towards the demon lair deep under the sea, wanting to leave this dangerous place as soon as possible.

Chapter 4014 Trapped core members

Uh-huh!

Uh-huh!

In the demon's lair, Ye Feng and Murong Mingyue were moving quickly, trying to fly away from this dangerous place.

For them, they have received huge benefits from coming to the demon lair this time, and even entering the ruins of gods and demons in the deepest part of the demon lair.

It is definitely a wise choice to escape from this demon lair now.

Ye Feng and Murong Mingyue were very fast. After all, they were both top players among the younger generation.

So even though the fierce battle just now attracted the attention of many powerful demons in the demon lair, they easily escaped from the demon lair and returned to the ocean.

Then Ye Feng, Murong Mingyue and Toad flew directly towards the surface of the ocean quickly.

When they left the deep sea area and came to the surface of the ocean again, they finally breathed a sigh of relief.

At this time, Ye Feng's eyes showed a deep and bright look.

This time I went to the ruins of the demon lair and found something unparalleled.

Not to mention the various weapons and inheritances obtained, or the improvement in cultivation, these are all secondary.

The most important thing is that Ye Feng got the most powerful core in the world, the Immortal Bone of the God.

Next, Ye Feng only needs to slowly absorb various divine substances through the Immortal Bone of the God, and temper the power of his body.

One day, Ye Feng will completely temper the immortal bones of the gods to the Great Perfection, and then Ye Feng will become the most powerful creature in the world.

At this time, Ye Feng looked at Murong Mingyue beside him and said loudly: "Miss Murong, let's go directly to your family now."

Murong Mingyue nodded slightly and said, "Okay, I will take you to my family now."

boom! !

But the moment Murong Mingyue finished speaking, a signal flare suddenly exploded in the sky not far away.

After the signal bomb exploded, a divine light appeared.

The divine light turned into a silver moon pattern, and then quickly disappeared.

Seeing this scene, Murong Mingyue's eyes were immediately startled, and then she couldn't help but said: "This is the unique distress signal of our Murong family. By the way, this place is very close to the demon city established by the ocean demon. It should be that a master of our Murong family is in danger in the Demon City, and I want to rush over to rescue him."

When Ye Feng heard Murong Mingyue say this, a look of surprise suddenly appeared in his eyes.

Unexpectedly, the ancient families in the Sea of Chaos are still attacking the demon city built by demons.

Ye Feng came here before to go to the Demon City to see if he could meet any members of the Ye family.

However, under the instigation of the toad, Ye Feng entered the demon's lair before.

Unexpectedly, the team formed by the ancient family in the Sea of Chaos is still fighting against the demon city built by the ocean demon.

At this time, Ye Feng nodded slightly and said loudly: "Then let's go together. Maybe I can meet members of our Ye family there."

Murong Mingyue immediately nodded.

Without wasting any time, he quickly flew towards the Demon City.

Now Ye Feng no longer has any fear.

After all, Ye Feng's cultivation has reached the peak of the tenth level of the god level.

For Ye Feng, as long as he doesn't encounter a dominant-level existence, there is generally no danger.

Ye Feng didn't dare to go to the Demon City so openly before because his cultivation level was not enough.

But things are different now.

Ye Feng's cultivation level has been greatly improved.

Moreover, Ye Feng also received many powerful inheritances and weapons.

At this moment, Ye Feng and Murong Mingyue quickly headed back towards the Demon City, wanting to get there as soon as possible.

Murong Mingyue looked more anxious.

Because she received the distress signal from the Murong family, she was naturally very worried about the safety of her Murong family members.

Because Murong Mingyue is the eldest lady of the Murong family.

She naturally has her own responsibility for the safety of the Murong family.

Moreover, Murong Mingyue knew very well that she was a woman after all, so there were many voices in the Murong family that opposed her becoming the next generation head of the Murong family.

Many members of the older generation of the Murong family do not agree with Murong Mingyue as the successor of the Murong family.

Therefore, Murong Mingyue felt that if she could save the members of the Murong family this time in the City of Demons, she would also be able to establish a wave of prestige for herself.

In this case, it will be of great benefit to him to take over the position of successor of the entire Murong family in the future.

Murong Mingyue looked at Ye Feng beside her and said solemnly: "If there is something I can't deal with next, I hope Ye Feng can help me."

Ye Feng smiled slightly and said: "Of course, we are now good friends. If you need help with anything, I will definitely do my best."

Hearing what Ye Feng said, Murong Mingyue immediately nodded gratefully and said, "Thank you very much."

Ye Feng shook his head and said with a dumb smile: "I should be the one to thank you. If Miss Murong hadn't led me into the ruins of the demon lair, I wouldn't have gotten this unique thing in the world. My strongest bones, you have changed my future."

Hearing what Ye Feng said, Murong Mingyue couldn't help but nodded, feeling quite warm in her heart.

For Murong Mingyue, Ye Feng was able to understand things so clearly, which naturally made Murong Mingyue very happy.

Because Murong Mingyue once encountered someone she helped who betrayed her because of certain interests.

Therefore, Murong Mingyue has never had that much trust in her friends.

But now what Ye Feng said made Murong Mingyue feel very warm in her heart.

At this moment, Murong Mingyue immediately spoke out: "Ye Feng, let me tell you the truth, I am

Although I am the eldest daughter of the Murong family, many older people feel that as a woman, I am not qualified to inherit the position of the future patriarch of the Murong family. Although my father is the current patriarch of the Murong family, many people still have prejudice against me. During this crisis in the Demonic City, if I can save many masters and members of our Murong family, it will be a great opportunity for me to establish prestige in front of the entire clan. "

Hearing what Murong Mingyue said, Ye Feng immediately nodded and said: "This is indeed a good opportunity to establish your authority and win over people's hearts. Don't worry, I will definitely help you with all my strength."

Ye Feng knew that Murong Mingyue had a direct showdown with him and expressed his inner thoughts, which showed that the other party had already trusted him, so Ye Feng would naturally try his best to help.

Because Ye Feng really wanted to thank Murong Mingyue properly this time. ??

If it weren't for the eldest lady of the Murong family, he would never have the chance to obtain something unique in the world like the Immortal Bone of the God.

Although Ye Feng doesn't think he is such a good person, he feels that he is still a sensible person who knows how to repay kindness.

If the other party is kind to him, Ye Feng will naturally repay the other party.

At this time, Ye Feng looked at the toad on his shoulder and said loudly: "In the city of monsters later, if there is a chaotic battle, spray more lightning. I feel that your thunder and lightning are very advanced. For such monsters, It is extremely destructive to the creatures with attributes."

Hearing what Ye Feng said, Toad just curled his lips and said, "Okay, I understand."

Toad then whispered to Ye Feng and said: "Do you want to pick up girls? But I think this Murong Mingyue female doll is really good. She has a noble status, powerful talent, and beautiful appearance. In the future, she will control a super big girl. As a family, you have a lot of common topics, so it suits you very well."

Hearing Toad's secret transmission, Ye Feng's eyes suddenly twitched slightly, but he didn't say much.

Ye Feng just glanced at Murong Mingyue, who was flying beside him, looked at that beautiful side face, and shook his head slightly.

I haven't thought about this yet.

I still have a lot of things to do.

I am not strong enough.

And just when Ye Feng was thinking secretly in his heart, they finally arrived at the outskirts of the Demon City.

It's already very chaotic here.

Many human masters from ancient families are constantly attacking the entire demon city.

At this moment, Ye Feng saw that the entire Demonic City was shrouded in a huge formation.

This formation exudes strong black energy and has terrifying power.

At this time, many human masters from ancient families outside the Demon City were frantically attacking the entire city wall, attacking the formation that enveloped the entire Demon City, and trying to break into the formation.

Murong Mingyue immediately stopped an expert from an ancient family and asked, "How is the situation now?"

This human master

He immediately recognized Murong Mingyue's identity and said respectfully: "It turns out that she is the eldest lady of the Murong family. Now there are many core members of our ancient family who are trapped in the city of demons. The situation is very urgent."

When Murong Mingyue heard what the master said, a look of astonishment suddenly appeared in her eyes, and she said loudly: "How come so many core members are trapped in the Demon City?"

The master immediately replied: "Before, we organized a very fierce offensive and successfully broke into the inside of the Demon City. But we didn't expect that it turned out to be a trap. It was a powerful demon in the Demon City. We deliberately let those core members invade the city, and then activated the formation, trapping those core members inside the Demon City, and dispersed the strength of our entire team, so now the formation in the Demon City The core members can't get out, and our outside experts can't get in and provide support. Therefore, the purpose of the Demon City is probably to introduce those core members into the city and use the terrifying demon formation to destroy these core members. Kill all the members, and then deal with us human masters outside the city."

Hearing what the master of this family said, Murong Mingyue's eyes suddenly darkened.

The distress signal she just saw should have been sent from the trapped area in the Demon City.

Murong Mingyue immediately nodded and said, "Okay, I understand."

The master of this family immediately said anxiously: "Miss Murong, since a top genius like you is here, we should think of a solution as soon as possible. There are also many core members of your Murong family who are trapped in the demon formation inside the Demon City. It is estimated that the law will not be able to sustain it for long, including many of the top talents of the younger generation of your Murong family. They are all good talents of your Murong family. They cannot be wiped out like this. This is not good for your Murong family. It's definitely a huge blow."

When Murong Mingyue heard what the master of the family said, she immediately nodded and said, "Okay, I will take action."

"Thank you very much, Miss Murong."

After saying that, the masters of this family flew directly towards the Demon City, hoping to provide support.

Murong Mingyue looked at Ye Feng beside her and said aloud: "Ye Feng, I remember that you have a special talent and can see through the formation. Can you find a way to directly enter the formation or disintegrate that formation? "

Ye Feng nodded and said aloud: "You can give it a try. It should be easy for me to directly enter the formation, but it is still quite difficult to disintegrate the entire formation and make it invalid. Yes, because I have just observed this demon formation. It is very advanced and very ancient, and it will

take time for me to disintegrate the formation. During this time, there will definitely be powerful demons attacking me. "

Murong Mingyue immediately said decisively: "Ye Feng, Toad and I are covering you, and you only need to devote yourself to disintegrating that high-level formation. As long as you can completely disintegrate the formation that trapped the core members, and the people inside When the core members of many families gather together, we will definitely have a chance to capture the entire Demon City. If we can really capture the Demon City and receive many resources and rewards, I will apply for you to enjoy most of the loot first! "

Chapter 4015 Breaking the Formation

Hearing what Murong Mingyue said at this moment, Ye Feng immediately smiled and said: "Even if there is no trophy, I will help you."

After saying that, Ye Feng followed Murong Mingyue and flew quickly towards the wall area of the Demon City.

When they arrived outside the city wall, they immediately saw many human masters from ancient families attacking the city wall.

Because this city wall is also part of the formation of the Demon City.

Everyone felt that if all the city walls were destroyed, it might be possible to weaken the demon formation that trapped the core members. ??

At this time, Ye Feng, who saw this scene, couldn't help but shook his head and said loudly: "Destroying these city walls has no big effect at all. It is just a waste of effort, because these city walls are just that magical city wall." An unimportant part of the clan formation."

Hearing what Ye Feng said, Murong Mingyue nodded and was about to ask how to completely disintegrate the entire demon formation.

But suddenly at this time, an old and cold voice sounded: "Where did this boy come from? He dared to speak nonsense and let us attack the entire city wall, but in our ancient family alliance, the number one person under the Chief Array Master is Disciple, the young master of the Su family, Su Bai, who is known as the genius formation master, suggested the method."

Hearing this discordant voice, Ye Feng and Murong Mingyue both looked towards the side not far away.

They discovered that the person speaking was an old man wearing a white robe, and the aura of cultivation exuding from his body made him look like a god-level master.

The god-level master is definitely a core member among the ancient families in the Sea of Chaos.

At this time, Murong Mingyue said to Ye Feng beside him: "This person should be the core master of the Su family. The clothes he is wearing are the Su family's special white jade silk satin, which is windproof, waterproof, insect-proof and virus-proof."

Hearing this, Ye Feng nodded slightly and looked at the white-robed old man from the Su family. He was not angry, he just smiled and didn't bother to pay attention at all.

If it were before, Ye Feng would probably be quite afraid when facing such a god-level master.

But in Ye Feng's eyes today, the so-called god-level masters are just a bunch of fish.

Ye Feng was too lazy to care, and was about to turn around and conquer and disintegrate the huge demon formation in front of him.

"It turns out to be Miss Murong. I don't know who this brother next to you is. He dares to question the decision of me, a genius formation master, and says that I am letting everyone waste their efforts. This is a bit bad, isn't it?"

Suddenly at this time, a young man wearing a white gown appeared, walking from a short distance away.

This young man in a white gown

, looks very handsome, has an extraordinary temperament, and gives people the feeling of being a noble.

This person should be the young master of the Su family, the number one disciple under the chief formation master in the ancient family alliance.

At this time, the young master of the Su family, a genius formation mage, was obviously very unhappy with what Ye Feng had just said.

So he came here in person, wanting to mock Ye Feng, a little-known young man.

At this moment, Murong Mingyue whispered in Ye Feng's ear: "Ye Feng, this person is the young master of the Su family, Su Bai."

Hearing this, Ye Feng nodded slightly, then looked at the unkind young master of the Su family, Su Bai, who came in front of him, smiled and said: "What I told is the truth, these city walls are all leftovers from this demon formation." , It is really thankless to have all the human masters destroy these city walls. Even if all the city walls are destroyed, there will be no damage to the main structure of the demon formation, and it will only waste the energy of all the human masters present. With your skill, when the demon attacks, there will definitely be heavy casualties."

"Rubber words!"

Su Bai immediately stared at Ye Feng fiercely, and said with a cold smile: "I am the most amazing and talented formation master under my master. Who are you, and you dare to question and slander me? Murong Mingyue , Where did you bring this country boy? He is really unscrupulous and makes me very unhappy. "

Murong Mingyue stared at Su Bai who was not far away, her face was very cold, and she said loudly: "Su Bai, Ye Feng is my friend, please show some respect."

"Ye Feng? Your friend?"

Su Bai just smiled faintly and said aloud: "Miss Murong, this friend of yours doesn't know how to pretend to understand. I can't feel any fluctuations in the source of the formation from him. He is not an formation master at all. He What he said was just to slander me and use me to increase his popularity, haha."

"you....."

Murong Mingyue's beautiful face showed an angry look, and she wanted to say something.

But Ye Feng stopped Murong Mingyue and just said with a smile: "I will see the real chapter."

After he finished speaking, many of the human masters gathered around to watch couldn't help but look surprised in their eyes.

No one seemed to expect that Ye Feng, a young man who didn't look amazing, actually wanted to compete with Su Bai, a genius formation master.

Su Bai just smiled sarcastically and said, "Okay, I'll give you a chance.

How do you want to meet my subordinates? You're not even an array mage. I think you're just humiliating yourself. "

Ye Feng smiled faintly and said: "As long as all the human masters at hand listen to my order and attack the real core position of this demon formation and destroy it, then this demon formation will soon be destroyed. Break open."

"Being broken soon?"

Su Bai raised his eyebrows and said aloud: "How soon does it mean soon?"

Ye Feng smiled confidently and said, "About half an hour."

"What??"

Hearing what Ye Feng said, Su Bai suddenly had a look of astonishment on his face.

Then he laughed out loud.

The laughter was naturally full of sarcasm and disbelief.

In fact, not to mention Su Bai, even a group of human masters around him couldn't help laughing and shaking their heads when they heard what Ye Feng said.

Originally, they thought Ye Feng might really be a hidden formation master.

But now it seems that this guy is a fool!

"The demon formation in this city of demons was attacked by hundreds of human masters for three days and nights, but we still couldn't break it. Even after being instructed by Young Master Su Bai, we attacked for a day and a night, but nothing happened. Great progress, this guy actually said that he can break through this demon formation in half an hour? "

"Yeah! It's so ridiculous! This is simply ridiculous!!"

"Let's ignore this silly boy. He is probably just talking nonsense to show off in front of Miss Murong."

...

At this moment, everyone was speaking out one after another, with voices full of disbelief and contempt. They felt that Ye Feng, a little-known boy, was just messing around and wasting everyone's time.

Su Bai couldn't help but smile sarcastically at this time. He stared at Ye Feng opposite and said loudly: "This is a fool. After the identification, we can do whatever we need to do. Ignore this fool. Miss Murong, I I can only say that your standards for making friends are too low. No wonder you don't have many friends in the Ancient Alliance. It turns out that it's because we are all too smart, and you only want to be friends with fools, hahaha."

At this time, Su Bai spoke with a tone full of deep sarcasm. Obviously, the major families were in a competitive relationship, so Su Bai would not miss this opportunity to add insult to injury and ridicule the eldest daughter of the Murong family.

Murong Mingyue's expression was calm at this time, because she knew Ye Feng's abilities better than anyone else.

Murong Mingyue immediately looked at the audience and spoke out

Said: "My friend Ye Feng said that he can break through this formation within half an hour, but he needs everyone's help. I choose to believe him. As long as everyone can do what Ye Feng said, he will be able to break through it in half an hour. See you later."

In the crowd, a master suddenly spoke up and said: "Miss Murong, we will not waste our time by working hard for a fool."

Murong Mingyue suddenly said: "If you do what Ye Feng said, if you cannot break this demon formation in half an hour, I will give each master a colorful energy crystal as compensation."

"What??"

Hearing what Murong Mingyue said, many experts present were shocked.

Colorful energy crystals are very high-end crystals. They are very rare. Only some advanced interfaces or the ancient glory days of the origin of the big world can produce such high-level crystals.

At this moment, everyone spoke up one after another: "Okay! Since Miss Murong is so domineering, then we will listen to your friends and everyone will be notarized. If the formation cannot be broken after half an hour, Miss Murong can Don't go back on what you said now."

Murong Mingyue smiled lightly and said: "Of course I won't regret it, but..."

When she said this, Murong Mingyue stared at Su Bai who was not far away and seemed ready to watch the show, and suddenly said: "But if the formation is successfully broken after half an hour, my friend Ye Feng can give us the entire ancient The clan alliance has made a huge contribution. Not only does the young master of the Su family want to personally apologize to my friend Ye Feng, but also, my friend Ye Feng must give appropriate priority to the spoils from the capture of the entire Demon City. "

"this....."

Hearing what Murong Mingyue said, many masters from major families present hesitated.

Su Bai suddenly sneered and said, "Okay! It's a deal!"

Su Bai replied simply, because he knew that the current demon formation in the Demon City could not be broken through in just half an hour.

Su Bai stared at Ye Feng, who was not far away, and said with a cold smile: "Even if my master, the chief formation master of the ancient alliance, comes, it is impossible to break the formation in just half an hour. I want to see how embarrassed you will be! And Murong Mingyue, I think you will die this time!"

At this time, seeing Su Bai's statement, everyone said, "Okay! We also agreed to Miss Murong's request!"

Swish, swish, swish!

Swish, swish, swish!

Next, the eyes of everyone in the audience were all focused on the young man wearing white clothes beside Murong Mingyue.

Chapter 4016 A deep blow

At this moment, everyone's eyes were fixed on Ye Feng.

Although Ye Feng is now under the spotlight.

But most people's eyes were filled with deep suspicion and ridicule.

Because everyone knows very well that even Su Bai, the young master of the Su family and the genius formation mage, cannot directly destroy the formation in this demon city.

Not to mention Ye Feng, a little-known young man.

Moreover, Su Bai, the young master of the Su family, also said just now that even if his master, the chief formation mage of the ancient family, came, he might not be able to break through this high-end and ancient formation within half an hour. The demon formation.

Not to mention Ye Feng, a young man who no one knew at all.

So at this time, it is estimated that no one present except Murong Mingyue believed that Ye Feng could break the formation within half an hour.

At this time, a master from the Su family in the crowd couldn't help but laugh teasingly, and said in a very sarcastic voice: "Don't say half an hour, I think even if you give this kid half a month, he won't be able to destroy this formation. He's just wasting everyone's time."

When Murong Mingyue heard what the master of the Su family said, she just said coldly: "We have already made a bet just now, let's just make this bet now."

After finishing speaking, Murong Mingyue looked at Ye Feng beside her and said, "Now you can mobilize all the masters."

Ye Feng nodded, then looked at all the experts in the room and said loudly: "Everyone will do as I say."

After saying that, Ye Feng directly turned his Eye of Heaven and Earth and looked towards the huge demon formation in front of him.

Buzz!

At this moment, through the Eye of Heaven and Earth, Ye Feng immediately saw through the framework and structure of the entire demon formation.

Then Ye Feng directly found several weak points of this demon formation.

In fact, for Ye Feng, it is really easy to break through this formation.

As long as you have enough strength to break through the weak points of the formation in front of you, it will be enough.

It's just that many formation masters simply can't find the weak point of a formation.

Just like Su Bai, the young master of the Su family.

Although he is a genius formation mage, his level is not enough to allow him to discover the weak points of the entire formation in an instant.

Therefore, everyone can only slowly destroy the outer area of the formation. This efficiency is naturally very low.

But now that Ye Feng is moving between heaven and earth, he can see through all the weak points of the entire advanced formation.

As long as there are enough masters to attack these weak points, it will be fine.

So at this moment, Ye Feng immediately stretched out his fingers, and then golden rays of light flashed out from his fingers, directly condensing into symbols in the void and marking them in the formation.

At this time, every position of the formation marked by Ye Feng was a weak point discovered by Ye Feng.

At this moment, Ye Feng immediately looked at the group of ancient family masters behind him and said loudly: "Now you can directly attack the three weak points I marked. These three positions are all in this demon clan. The weakest point of the formation is as long as all the masters attack together

, can definitely disintegrate this ancient demon formation very quickly. "

Hearing what Ye Feng said, everyone present was a little surprised.

It seems that Ye Feng did not expect that Ye Feng would find the weak point of the formation so quickly.

But the young master of the Su family just smiled coldly at this time and said aloud: "This kid is just pointing out randomly. He can see all the weak points at a glance? Ridiculous! It's simply ridiculous!"

Hearing what Su Bai said, many human masters couldn't help but nodded.

They also felt that Ye Feng was giving blind advice.

Because although these human masters are not formation masters, they have always seen some powerful formation masters take action.

If a formation master wants to understand a formation, he needs to explore various locations, and finally determine where the weak point of the formation is. The process is very complicated.

But Ye Feng didn't do anything just now. He just glanced at the demon formation in front of him and directly marked the weak points.

Isn't this too casual?

Therefore, in the minds of many experts, Ye Feng is just a randomly made-up position.

But at this time, since they had made a bet with Murong Mingyue, the eldest lady of the Murong family, they naturally had to listen to Ye Feng.

Uh-huh! Uh-huh! Uh-huh!

At this time, hundreds of human masters were divided into three groups and flew quickly towards the positions of the three formations marked by Ye Feng.

Then they all unite together to attack this formation.

It has to be said that these human masters from ancient families are still very powerful.

In less than a short moment, their attacks had already hit the three weak points marked by Ye Feng until the void was about to shatter.

But suddenly at this moment, the angry shouts of many powerful demons suddenly came from the demon formation: "What's going on with these humans? How could they find our city of demons so quickly?" The weak point of a defensive formation! They are attacking madly, and our formation will be broken in less than half an hour! Everyone, hurry up and stop them from destroying our formation!"

At this moment, I heard the voices of many demons in the demon city.

The hundreds of human masters from ancient families who were attacking the three weak points marked by Ye Feng immediately showed deep astonishment in their eyes.

Everyone's eyes suddenly widened.

They never thought that the three positions marked by Ye Feng turned out to be real weak points!

Because these demons in the demon city will not cooperate with Ye Feng.

What these demons say is definitely true.

In other words, these three positions marked by Ye Feng are really the weak points of this demon formation.

This was so unexpected.

It was also shocking to the extreme.

Because Ye Feng really didn't do anything just now.

everyone

All I saw was that Ye Feng took a casual look at the formation and pointed out three weak points.

This kind of ability is really too incredible, right?

"What??"

"How can this be??"

At this moment, Su Bai, the young master of the Su family who was watching all this not far away, the genius formation mage, also suddenly widened his eyes and opened his mouth, his eyes filled with deep astonishment.

He never expected that Ye Feng, a seemingly ordinary young man, would actually find all the weak points of this formation.

Even the powerful demons in the demon city couldn't sit still and wanted to come out to prevent them from destroying the formation.

"This...is impossible..."

"Master... he can't even do this..."

Su Bai's self-confidence suddenly suffered a huge blow at this time.

The originally handsome and confident face suddenly turned pale, feeling a deep shock.

At this moment, the happiest person was of course Murong Mingyue.

Murong Mingyue immediately laughed loudly and said: "I said that my friend is the most powerful. You still don't believe it. Now you know it!"

At this moment, Murong Mingyue was naturally very happy.

Because Ye Feng is her friend.

Ye Feng was able to make such a big splash in front of everyone this time, which was also of great benefit to Murong Mingyue.

This will be of great help to her in stabilizing the situation of the entire Murong family.

Because Ye Feng has now shown such incredible formation ability, that is to say, in everyone's mind, Murong Mingyue has the help of such a super formation master, which will definitely greatly increase Murong Mingyue's status in the Murong family.

At this time, Ye Feng smiled slightly and did not feel any surprise at all.

Because Ye Feng's Eye of Heaven and Earth can see through the framework and structure of any formation, he can naturally find the weak points of the formation instantly without making any mistakes.

At this time, Ye Feng did not hesitate and immediately said: "Everyone, continue to attack those three weak points. If a powerful demon rushes out, leave it to me and Miss Murong to deal with it. Just concentrate on destroying the weak points." Come on, try to destroy this ancient formation as soon as possible."

Hearing what Ye Feng said, all the human masters from the ancient families present shouted excitedly and said: "Okay!! We all listen to you!!"

At this time, it was obvious that Ye Feng had been recognized by everyone.

Ye Feng's words also became the imperial edict in everyone's mind.

No one dares to doubt Ye Feng's ability now.

Not far away, Su Bai, the young master of the Su family, looked extremely pale, as if he couldn't believe what he was seeing.

To this day, he is still in shock.

Because Ye Feng found the weak point of this advanced and ancient demon formation in an instant, which is something that his master may not be able to do.

But Su Bai clearly couldn't sense any formation fluctuations from Ye Feng's body.

He was very doubtful about how Ye Feng did it.

"Could it be that... this boy is not a boy at all, but the rejuvenated body of an old monster who has practiced the formation for countless years! His formation skills are too unfathomable, so I am not qualified to sense his formation. The law fluctuates."

At this moment, Su Bai had such thoughts in his heart.

Then it got out of hand.

He felt that his thoughts must be true.

Murong Mingyue suddenly left the Murong family this time, probably to invite this old monster with a formation to help her stabilize Murong Mingyue's successor status in the Murong family!

Thinking of this, Su Bai's eyes widened suddenly, and he felt very frightened.

Unexpectedly, I provoked a super old monster with a formation.

At this time, Ye Feng's seemingly delicate appearance had already become synonymous with the unfathomable old monster in Su Bai's eyes.

At this time, Su Bai looked at Ye Feng with eyes filled with deep fear and deep awe.

Ye Feng didn't pay attention to Su Bai's eyes, and he didn't know that Su Bai was going through such a big drama in his mind.

What Ye Feng wants to do now is to use the power of all ancient family masters to disintegrate the ancient formation in front of him as soon as possible and help Murong Mingyue rescue the core members of their Murong family.

By the way, let's see if any of the core members trapped in this demonic city are members of his Ye family.

If there was, then Ye Feng would not need to bother Murong Mingyue's father, and he could follow the Ye family back to the Ye family.

And this time.

Rumble...

Suddenly, several extremely tall demon figures rushed out from the formation in the Demon City.

There are a dozen demons in total, all in different forms.

Some monsters have two huge horns.

Some demons are covered in red scales, with flames burning above their heads.

Some demons have more than a dozen wings, and their bloodline is obviously very ancient.

Some demons are tall and majestic, like ancient dark giants.

At this time, there were more than a dozen of these monsters.

The aura of cultivation on their bodies was astonishingly that they were all half-step master level beings.

And the demon giant standing at the front was wearing heavy black iron armor and holding a huge black iron battle ax in his hand. The aura of cultivation on his body was unparalleled in majesty.

It is an existence at the junior master level! !

This made everyone present's expressions change slightly.

Unexpectedly, so many terrifying monsters appeared all at once.

There are even demons that dominate the realm.

"The foundation of this demonic city is really strong!"

"It seems that many powerful demons in the demon lair have come to this demon city and are taking up residence here!"

At this time, many human masters were a little frightened and anxious.

Chapter 4017 Primary Domination

At this time, I saw many human masters with faces filled with fear.

Murong Mingyue immediately shouted to the entire audience: "Don't panic, let me and Ye Feng deal with these monsters."

After finishing speaking, Murong Mingyue looked at Su Bai, the young master of the Su family not far away, and immediately said: "The situation is urgent now, hurry up and help us deal with these dozen powerful demons that have rushed out, and let other human beings The masters are all used to attack the weak points of this ancient formation. The most important purpose now is to break down this ancient formation. Everything else is trivial. "

Hearing what Murong Mingyue said, Su Bai was still in shock, but he immediately woke up, nodded and bowed quickly and said: "Okay, okay, Miss Murong, of course I will help you deal with these monsters. This is the responsibility of all of us." Everyone's Responsibility":

After finishing speaking, Murong Mingyue glanced at Su Bai in surprise, as if she didn't expect that the young master of the Su family, who was so arrogant just now, suddenly had such a good attitude, and even seemed to be flattering.

At this moment, Murong Mingyue saw that Su Bai's eyes looking at Ye Feng were filled with a sense of awe.

Murong Mingyue immediately felt enlightened and understood.

It turns out that Su Bai, the young master of the Su family, is afraid of Ye Feng and has awe.

No wonder my attitude at this moment is so good.

At this time, Murong Mingyue had nothing to do, as long as Su Bai, the young master of the Su family, and a group of masters from the Su family were willing to help them deal with the monsters.

Boom!

At this time, the dozen demons in front suddenly charged towards the crowd.

The demon giant at the head was wearing black iron armor, and the black iron battle ax in his hand was more than ten meters long. He chopped it down from high in the sky, as if it could split the entire world.

The young master of the Su family bore the brunt and was designated as the first target to deal with by this monster giant.

Because this young master of the Su family possesses the cultivation of a half-step master, he is currently the most powerful among the people.

At this moment, a small white tower appeared directly in the hands of the young master of the Su family.

Buzz!

At this time, the small white tower suddenly swelled in the wind and turned into a giant tower several kilometers long.

To collide with that monster giant.

Boom!

At this moment, the black iron ax in the demon giant's hand struck directly on the small white tower in the hand of Su Bai, the young master of the Su family.

This giant white tower, which turned into a majestic white tower with several kilometers, was suddenly cracked by the battle ax in the hands of this monster giant.

"What??"

Seeing this scene, the young master of the Su family couldn't help but his eyes widened, and he screamed in shock: "How can it be possible to have such a powerful power? This small white tower is among the several major ones inherited by our Su family. One of the greatest treasures!"

When the demon giant heard what the young master of the Su family said, he just smiled coldly and did not explain anything at all.

He continued to hold the ax in his hand, and then slashed hard.

Boom! !

The entire majestic white tower was suddenly split into two halves by this black iron battle axe.

Then the young master of the Su family was immediately struck by a terrifying wave of energy and flew backwards. He couldn't help but spit out a mouthful of blood.

It has to be said that as a junior master, this demon giant is a real master, and his cultivation power is really terrifying.

Even a peerless genius like the young master of the Su family cannot fight beyond the level.

However, Su Bai, the young master of the Su family, is actually not very powerful in combat.

Because he mainly practices the formation method and is a genius formation master.

At this time, several other Su family masters around Su Bai, the young master of the Su family, quickly united together to fight against this monster giant.

But then, all of them were struck back by the ax of this monster giant, and their injuries became more and more serious.

"Oops!"

When all the human masters saw this scene, they couldn't help but feel a thump in their hearts and felt despair.

Now, a real dominator-level demon power suddenly appeared on the entire battlefield, giving him a crushing advantage.

"this

Leave the demon giant to me! "

But suddenly at this moment, Ye Feng spoke up.

Buzz!

Bright golden light bloomed all over his body, and in an instant he rushed in front of the demon giant not far away, releasing the powerful cultivation momentum of the tenth stage of the divine level.

The monster giant laughed out loud: "Not even a group of half-step masters can deal with me, let alone you, a tenth-level god-level kid. I can kill you with just one axe."

At this moment, the demon giant held the black iron battle ax in his hand and slashed towards Ye Feng in an instant, trying to kill Ye Feng instantly.

At this time, Ye Feng did not hesitate and directly took out the powerful weapon of the super sect in the glorious era, the True Dragon Sky-Slaying Sword, which he had obtained before.

Uh-huh!

The golden long sword appeared in Ye Feng's hand, making a terrifying dragon roar.

Ye Feng injected his own special and incomparable divine magic power, and saw a golden magic power being injected into the True Dragon Sky-Slaying Sword.

The long sword in Ye Feng's hand immediately burst out a golden sword light that was several thousand meters long, like a peerless divine sword that could cut through the sky and destroy the earth, and directly collided with the battle axe in the hand of the demon giant rushing forward.

Boom! !

Accompanied by a terrifying roar, the two collided and actually retreated.

The demon giant couldn't help but said in horror: "What? You are only a kid at the tenth level of the god level, but you can attack me and retreat. How is this possible!"

At this time, the other human masters around saw this scene and shouted excitedly: "So powerful! I didn't expect that this mysterious Mr. Ye Feng is not only a hidden peerless formation master, but also a super young master with earth-shaking combat power. It's so surprising."

At this time, everyone's eyes were filled with deep horror.

Originally, in everyone's mind, Ye Feng was a powerful formation master invited by Murong Mingyue from outside to help her.

But unexpectedly, Ye Feng's combat power was so terrifying!

With the cultivation of the tenth stage of the god level, he can fight against a real primary master, and a primary master among the monsters with very terrifying combat power. This is really

incredible! At this time, Murong Mingyue looked at Su Bai and a group of Su family masters not far away, and said: "Let's deal with other half-step master monsters." At this moment, Ye Feng glanced at the toad lying on his shoulder and said: "You also go to help them deal with the group of half-step master monsters. Remember to collect the bodies of the killed monsters back to me." The toad glanced at Ye Feng and asked: "Can you deal with this primary master level monster giant alone?" Ye Feng shook his head and said: "I don't know for the time being, but it should be no problem." After that, the toad nodded and flew quickly in the direction of Murong Mingyue. At this moment, Ye Feng burst out the power of his immortal bones with all his strength. Buzz! The brilliant light of the gods bloomed in Ye Feng's fists. The True Dragon Heaven-Slaying Sword in his hand was infused with the incomparable golden power of the gods, and it was also strengthened a lot.

Nine-turn Heavenly Dragon Art!

At this time, Ye Feng continued to burst out the powerful inheritance of the super sect in the glorious era that he had learned before, the Nine-turn Heavenly Dragon Art.

Ye Feng has only comprehended the first turn so far.

So he can only condense a golden ancient dragon.

But it is also amazingly powerful!

"Ang!!!"

At this moment, accompanied by a grand dragon roar, a huge golden ancient dragon suddenly appeared in the void behind Ye Feng, which made Ye Feng's combat power soar.

Boom!

At this moment, the golden ancient dragon rushed directly towards the demon giant in front.

And Ye Feng, holding the True Dragon Heaven-Slaying Sword in his hand, also attacked the demon giant.

The demon giant saw this scene and immediately roared: "Human boy, no matter how advanced the inheritance you have cultivated, your cultivation is so different from mine, you can't beat me! You will die!"

Chapter 4018 The Third Level

Boom! !

At this time, Ye Feng held the Tianlong Tianzhan Sword in his hand, and erupted with terrifying sword light and sword energy, and immediately charged towards the demon giant in front of him.

Moreover, Ye Feng also condensed a very majestic ancient dragon.

The long golden dragon roared and roared, and also had very terrifying power.

This kind of attack is still very terrifying. .??.

Because you must know that Ye Feng now possesses a very powerful immortal bone of the gods.

The power released from his bones was terrifying.

Moreover, Ye Feng's fists also contain the power of ancient gods.

At this moment, Ye Feng's attack was so huge that the demon giant not far away suddenly showed deep fear in his eyes.

Because this demon giant discovered that even though he was now at the level of cultivation of a junior master, he was unable to resist the terrifying power that Ye Feng was now erupting, and he was directly suppressed by Ye Feng and retreated continuously.

"No!!!"

The demon giant immediately roared angrily and said: "This is impossible! You are obviously only at the peak of the tenth level of the god level. How can you suppress me?"

When Ye Feng heard what the monster giant said, he didn't bother to explain anything at all. Instead, he smiled coldly and said, "You just need to know that you are the one who will definitely die today."

Boom!

At this moment, Ye Feng held the True Dragon Slashing Heaven Sword in his hand and slashed wildly.

The golden sword light spread thousands of meters long, like an ancient divine sword that could cut the sky and split the earth, slashing at the monster giant's body crazily.

This monster giant used the black iron battle ax in his hand to block, but it was of no use at all.

Because the Tianlong Heaven-Slaying Sword in Ye Feng's hand is the natal magic weapon among the super sects in the ancient glorious era.

So at this moment, Ye Feng used the True Dragon Slashing Heaven Sword in his hand to kill with the power of the gods, directly shattering every inch of the black iron battle ax in the hands of the demon giant.

The armor on this monster giant also turned into pieces.

Boom! !

The demon giant was immediately knocked to the ground by Ye Feng from high in the sky, and then fell to the ground hard, and was buried in a ruins, not knowing whether it was alive or dead.

"hiss!"

Seeing this scene, everyone present could not help but gasp.

Whether it was the masters from the human race or the demons in the demon city, their eyes showed deep horror.

They could all sense it because of Ye Feng's cultivation level, which was only the tenth level of god level.

The tenth level of god-level cultivation is indeed very powerful in the world of cultivation, but compared with ancient monsters like them, it is far behind.

However, Ye Feng, with his tenth level of god-level cultivation, was actually able to take down a monster giant that had entered the true primary master realm.

He was immediately beaten to the ground.

This is really scary.

Uh-huh!

At this moment, Ye Feng did not hesitate and rushed forward to help Murong Mingyue, Toad, and a group of masters from the Su family deal with the other dozen monsters.

These dozen monsters are all half-step masters, so they can't stop Ye Feng's sword light at all.

The True Dragon Slashing Heaven Sword in Ye Feng's hand was infused with the power of the Celestial Clan, so it was naturally very terrifying.

With the help of Ye Feng, these dozen or so half-step master-level demon masters naturally died, were injured, and escaped. In the end, they were all eliminated.

Seeing this scene, all the human masters present couldn't help but look deeply shocked in their eyes.

Even a group of experts from the Su family who thought Ye Feng was just an arrogant boy before looked at Ye Feng with deep awe.

Because they knew very well that at the tenth level of the god level, Ye Feng could be the God of War, a demon giant at the junior master level. This was enough to show that Ye Feng's talent was absolutely terrifying to the extreme.

If Ye Feng continues to grow, he might be able to compete with the strongest masters in the future.

At this time, Ye Feng didn't hesitate at all and directly put all the corpses of those powerful demons into his storage ring.

There is also the most precious demon giant who has stepped into the primary master, which is also stored in his storage ring.

Ye Feng did not devour it directly in front of everyone.

In that case, it is very likely that others will misunderstand you.

So at this time, Ye Feng would just put all the demon corpses into his storage ring, and then devour them.

At this time, Ye Feng collected all the demon corpses into his storage ring and started to devour them.

Boom!

Suddenly, a stream of very majestic demonic energy and aura was directly injected into Ye Feng's dantian.

Ye Feng could feel that his entire body's strength and cultivation momentum immediately began to grow and break through rapidly.

"boom!"

At this moment, Ye Feng's cultivation finally broke through the shackles of the tenth level of god level.

Because the demons that Ye Feng is currently devouring are basically half-step domination level beings.

And there is also a demon giant who has stepped into the true primary master.

Therefore, the energy they provided Ye Feng was naturally terrifying and powerful to the extreme.

At this moment, Ye Feng's skill increased unparalleledly, directly breaking through the target.

The shackles of the previous great realm of cultivation.

From the tenth level of god level, he broke through directly to half-step dominance!

"Is this the power of a dominator..."

At this time, Ye Feng clenched his fists and felt the endless terrifying energy surging through his entire body.

Ye Feng could feel that this was an unparalleled and huge power, enough to crush the creatures at the god level.

Although Ye Feng is only half-step to dominance now, he can be considered as one foot into the realm of dominance.

Therefore, Ye Feng can already control half of the dominant power.

At this moment, Ye Feng knew that his combat power had greatly increased again.

At this time, a group of human masters not far away saw that Ye Feng's cultivation aura had directly broken through, from the tenth level of god level to half-step dominance.

Everyone's eyes widened immediately.

Even Su Bai, the young master of the Su family, couldn't help but said in horror: "What's going on? Why did Ye Feng suddenly break through?"

The other masters of the Su family who were standing next to them couldn't help but said in horror: "Is this the legendary epiphany? I had an epiphany in the battle and then directly broke through the cultivation level. This is a once-in-a-lifetime event. It's very difficult. When I met him, I didn't expect that Mr. Ye Feng would have an epiphany and breakthrough all of a sudden. It's really incredible."

And while everyone was amazed, Ye Feng's eyes showed deep joy at this time.

Because he discovered that after devouring and absorbing the energy in the bodies of these powerful demons, he not only achieved a breakthrough in his own cultivation.

Moreover, Ye Feng also discovered that the blood of these powerful demons actually contained divine substances!

This discovery made Ye Feng's eyes show surprise.

It seems that these demons are the descendants of some ancient evil beasts or mythical beasts, otherwise it is impossible that the blood in their bodies contains divine substances.

Ye Feng discovered that the more powerful the demon, especially the divine substance in the demon giant's bloodline, the more numerous it was.

Uh-huh!

The toad flew over from a short distance at this time, seeming to have guessed what the surprise look on Ye Feng's face was.

Toad immediately smiled and said: "Now you have discovered, I have said before that divine substances also exist among the bloodline descendants of some ancient evil beasts or divine beasts."

Ye Feng nodded.

At this time, Ye Feng saw that in his Dantian, in addition to the surge in power, there was also a ball of divine substance the size of a fingernail.

This divine substance the size of a fingernail is the divine substance gathered by Ye Feng after absorbing more than a dozen powerful demons.

At this moment, Ye Feng sighed and said: "There are a dozen such powerful demons, and they only accept

A divine substance the size of a fingernail was collected. "

Toad glanced at Ye Feng and said loudly: "It's already very good. Do you think that divine substances are something that is found on the street? Divine substances are very rare."

While the toad was talking, Ye Feng gathered the divine substance the size of a fingernail directly towards his two fists, tempering his fists first.

Because the first stage of the immortal body of the gods is to temper the two fists to the tenth level of perfection.

At this moment, the divine substance in the broken golden spear that Ye Feng's fist had absorbed before had been tempered to the second level.

Now Ye Feng has integrated this ball of divine substance the size of a fingernail into his fist, tempering the flesh and blood in his fist, and immediately raised the level of his fist to the third level again!

When Ye Feng's fists reached the third level, he could immediately feel that the divine power contained in his fists was becoming more and more powerful and majestic.

In other words, as the level continues to rise, the divine energy in Ye Feng's fist will become more and more powerful, and the power that bursts out will naturally become more and more terrifying.

Ye Feng was quite satisfied.

This time, not only has his skill been greatly improved, but he has also become a half-step master.

Moreover, his two fists have also been upgraded to a level, from the second level to the third level, and the power of the gods has increased a lot.

At this time, Ye Feng looked not far away and found that the human masters who were attacking the three weak points of the demon formation had now bombarded the three weak points until they were almost broken.

Rumble...

At the next moment, the entire demon formation finally collapsed completely.

All the demon formations that enveloped the entire demon city were completely disintegrated.

Seeing this scene, Murong Mingyue immediately said happily: "This demon formation has finally been completely broken. We rush towards the inner area of the demon city quickly."

At this moment, Ye Feng nodded, and Murong Mingyue flew directly towards the inner direction of the Demon City.

A group of human masters not far away also shouted excitedly: "The demon's formation has been broken, kill me!!"

Boom! !

At this moment, many human masters outside the city gathered together and rushed towards the city in front of them quickly.

In the demon city, a large number of demon guards suddenly rushed out, first heading towards the leaders Ye Feng and Murong Mingyue.

These are all elite guards in the demon city, but they are not as good as those powerful demons before. They are just a bunch of trash.

So at this time, they were unable to resist the killing attacks of Ye Feng and Murong Mingyue.

Chapter 4019 Major Families

"Pfft!"

"Pfft!"

At this time, Ye Feng and Murong Mingyue directly took the lead in the charge.

With the powerful strength of Murong Mingyue and Ye Feng, the demon guards who rushed in front to guard the entire demon city were directly killed by Ye Feng and Murong Mingyue. All their entire bodies were shattered, and they were unable to resist Ye Feng and Murong. Mingyue's charge. ??

A group of masters from the Su family, led by Su Bai, the young master of the Su family, also followed Ye Feng and Murong Mingyue and rushed towards the interior of the Demonic City.

There were also those human masters who had destroyed the entire formation before, and they also rushed forward one after another.

Because now the demon formation in the entire demon city has completely disintegrated and collapsed.

Therefore, without the threat of the demon formation, many human masters naturally ignited the will to fight in their hearts again, and they all rushed towards the inner area of the demon city, hoping to rescue the core members trapped inside.

Because the core members currently trapped in the Demon City include masters from major families.

At this moment, when everyone rushed into the Demon City, they immediately saw it.

Tens of thousands of monsters were arranged in a very special and strange formation throughout the city.

Then a powerful light of power was released, trapping a large group of masters from the ancient families of the Sea of Chaos.

The masters of these trapped ancient families are united at this moment and are attacking the energy shield formed by the light of power formed by the arrangement and combination of tens of thousands of monsters.

But there is no way out.

At this moment, after Ye Feng and others rushed over, the eyes of the masters from the major families who were trapped among tens of thousands of demons suddenly lit up.

It seems that they did not expect their support to come so quickly.

At this moment, Murong Mingyue immediately stared at a cold woman wearing a blue dress among the trapped core members, and immediately said in surprise: "Third Elder, I didn't expect that this time It's you who leads the team!"

At this time, Murong Mingyue said, and immediately looked at Ye Feng beside him, and introduced aloud: "That is the third elder of our Murong family, called Murong Shuangzhu. He is very loyal to our Murong family, and his fighting power is very strong. He is A senior member of the family that I admire very much."

When Ye Feng heard what Murong Mingyue said, he immediately nodded.

At this time, Murong Mingyue continued the introduction and said: "The trapped core members are all from the major families in our Sea of Chaos. Look at the group of masters wearing white robes, surrounding A beautiful woman in a red dress, that group of masters are masters from the Gu family, and the beautiful woman in a red dress who is surrounded is the little princess of the Gu family, named Gu Ningyan. "

When talking about this

At that moment, Murong Mingyue continued: "Look, there is also Chen Tiansheng, the top master of the young generation of the Chen family and the leader of the Chen family, who unexpectedly came too."

At this time, Murong Mingyue said, pointing to a young man wearing golden armor among the trapped people.

Then Murong Mingyue's eyes fell on Chen Tiansheng, who was wearing golden armor, and saw a woman wearing an ancient purple robe. She couldn't help but said in surprise: "I didn't expect that the most mysterious high priest of the Chen family, Chen Yuanyuan, is also here."

Ye Feng followed Murong Mingyue's gaze and looked at the people trapped below, with deep surprise in his eyes.

Unexpectedly, there would be so many powerful families in the Sea of Chaos, all coming here to attack the Demon City.

At this time, Murong Mingyue continued to shift her gaze, and immediately said aloud: "Many masters from the Xiao family are also here. Ye Feng, look, those masters wearing blue gowns are the masters from the Xiao family. They The young man surrounding him, wearing azure armor and holding a sky-blue mirror, was the Xiao family's number one genius, Xiao Wushuang."

When Ye Feng heard what Murong Mingming said, he immediately nodded and said: "It seems that many core members of the family came here this time and were trapped here. No wonder there are so many people outside. The master wants to destroy the entire formation and save the core members. These are the elites of the major families in the Sea of Chaos. If they are all killed, then for the entire ancient family alliance in the Sea of Chaos, it can be said that It's a huge loss."

Murong Mingyue immediately nodded and said loudly: "Thanks to Ye Feng for breaking through this formation so quickly this time, otherwise, it would be difficult for us to support the core members of the major families here. "

At this time, Murong Mingyue said, and immediately took Ye Feng and flew quickly towards the location of Murong Shuangzhu, the third elder of the Murong family who was trapped.

Uh-huh!

Uh-huh!

At this time, a large group of experts rushed towards the core members of their respective families, trying to break through the energy shield condensed by tens of thousands of monsters.

Ye Feng, on the other hand, followed Murong Mingyue and flew quickly towards the trapped core members of the Murong family.

A total of nearly seventy masters were trapped in the Murong family, and the leader was the cold woman that Murong Mingyue mentioned.

That is, the third elder of the Murong family, Murong Shuangzhu.

Murong Shuangzhu is a very cold-looking existence.

It gives others the feeling of being cold and unapproachable.

She was wearing some light cyan dress, but she had a very mature and beautiful face.

At first glance, she gives the impression of a strong woman who is not easy to mess with.

At this time, seeing Murong Mingyue flying quickly in that direction, Murong Shuangzhu, the third elder of the Murong family, immediately couldn't help but said: "Miss, don't come towards me, there are several people here. The energy light composed of tens of thousands of monsters has trapped us and is impossible to conquer. Even if you come, it will be of no use. Don't take risks."

Murong Mingyue immediately spoke up and said: "Third Elder, don't worry, my friend Ye Feng and I are very powerful this time, and we will definitely be able to rescue you, Third Elder."

At this moment, Ye Feng and Murong Mingyue flew above the heads of Murong Shuangzhu and a group of dozens of Murong family masters.

Swish, swish, swish!

Suddenly there was a large group of thousands of demons, rushing towards Ye Feng and Murong Mingyue in an instant. .???.??

"Kill these supporting human masters! Don't let them get close to the energy shield!"

A group of monsters, all wearing black iron magic armor, roared one after another with murderous intent.

Murong Shuangzhu couldn't help but said: "Miss, be careful."

But at this time, a silver crescent erupted from the center of Murong Mingyue's eyebrows, cutting all the dozens of monsters rushing in front of her into two halves.

Then Murong Mingyue also released the Nine Turns of Heavenly Dragon Art that she and Ye Feng also practiced.

After all, Murong Mingyue is the eldest lady of the Murong family, so her talent is also very powerful.

At this moment, Murong Mingyue directly released the Nine Turns of Heavenly Dragon Art, and a giant silver dragon condensed behind him.

Obviously, Murong Mingyue has comprehended the Nine Transformations of Heavenly Dragon Art and turned it into his own exclusive inheritance.

So what she condensed was not a golden dragon, but a dragon with her own silver bloodline.

At this time, the long silver dragon was full of noble aura, roaring and roaring, appearing from behind Murong Mingyue, and charging crazily towards the surroundings, knocking thousands of demons away.

Seeing this scene, many masters of the Murong family, including the third elder Murong Shuangzhu, suddenly showed deep surprise in their eyes.

She seemed to have never imagined that the eldest lady of their Murong family would be so powerful now.

But Murong Shuangzhu seemed to have seen something, and there was a trace of surprise in his cold eyes. He couldn't help but murmured, "The eldest lady seems to have obtained a powerful ancient weapon that is comparable to the inheritance of our Murong family." Martial arts, the power of the heavenly dragon is so powerful, it seems that the eldest lady got a huge blessing this time. "

Swish, swish, swish!

At this time, there were thousands of demons surrounding him.

Even Murong Mingyue was a little unable to resist.

A group of masters from the Murong family, including Murong Shuangzhu, who was trapped in the energy shield, were a little anxious when they saw this scene.

Because although Murong Mingyue is very powerful, the entire Demon City now uses human sea tactics and piles up countless demons in an attempt to exhaust the power of all the masters of the human race.

Although these demons are not that powerful, thousands of demons besieged them crazily, which is also very terrifying and makes people's scalp numb.

But at this time, Ye Feng shouted: "Die them all!"

Boom! !

At this moment, the True Dragon Cutting Heaven Sword in Ye Feng's hand suddenly erupted into a golden sword light several kilometers long, full of unparalleled cutting power.

Thousands of demons gathered around him were instantly split into two halves, and they all fell instantly.

"What??"

"So powerful??"

Seeing this scene, the masters of the Murong family below all widened their eyes for a moment.

Even Murong Shuangzhu, the third elder of the Murong family, suddenly had a look of deep horror in his eyes.

It seemed that they did not expect that the unspectacular young man following their eldest lady had such a powerful power.

Even the power of the sword just now was more terrifying than the power released by Murong Mingyue.

Killed thousands of monsters with one sword!

You know, although these monsters are ordinary monsters, they are also very powerful. They are all monsters at the peak of the tenth level of the god level.

But he didn't expect that Ye Feng would kill thousands of them with just one sword strike.

It's really terrible!

This kind of strength is simply incredible!

And you know, Ye Feng looks really too young.

At this time, Murong Shuangzhu looked at Ye Feng, who was standing next to Murong Mingyue, and his eyes flashed slightly, as if he felt that their eldest lady had found an extremely powerful martial arts partner.

Otherwise, why would such a powerful young man be willing to help Murong Mingyue come to such a dangerous place to save the masters of their Murong family?

Murong Shuangzhu couldn't help but nodded and murmured secretly, "Such a talented and beautiful young man is worthy of being the eldest daughter of our Murong family. However, this young man's origins and character still need more investigation. After all, our Murong family is the first family in the Sea of Chaos, and it is not easy to become a martial arts partner with the eldest daughter of our Murong family. "

Chapter 4020 Slowly Accumulating

Just as Murong Shuangzhu was thinking secretly in his heart, Ye Feng was holding the True Dragon Slashing Heaven Sword, just like an ancient dragon sword god, with boundless sharpness.

Every time the sword strikes, thousands of brilliant golden sword lights will erupt, full of terrifying cutting power.

All the monsters rushing around were cut into two halves in an instant.

Buzz!

At this time, Ye Feng secretly released the Devouring Domain, quickly devouring the blood and energy of many demons around him.

This time Ye Feng not only helped Murong Mingyue save the masters of the Murong family, but also gained a steady stream of blood energy by killing these monsters.

For Ye Feng, this is naturally a very good thing.

Although these monsters are not as good as the dozen half-step master level monsters outside the city before. .??.

But there are too many demons around at this moment.

Therefore, the blood energy devoured by Ye Feng after the beheading was still very sufficient.

Ye Feng's skill was greatly improved in an instant.

However, Ye Feng's current cultivation level is at the half-step level of domination. It will definitely be very difficult for him to step into the true level of domination.

After all, this is a huge transformation and breakthrough.

It requires extremely terrifying energy to break through.

But Ye Feng is not in a hurry.

Anyway, slowly devour and slowly accumulate.

One day, quantitative changes will lead to qualitative changes, and you will achieve a complete breakthrough.

At this time, the terrifying fighting spirit that burst out from Ye Feng's body, and the thousands of sword lights from the long sword in his hand, made many demons around him afraid to step forward, and their eyes were full of fear.

Because these monsters are also very afraid of such terrifying human beings.

Ye Feng's lethality was so powerful that these vicious demons felt the terror in their hearts.

At this time, all the demons have dispersed.

And Ye Feng absorbed a lot of blood energy from demons, and his skills also increased a lot.

But there is still a long way to go before we can truly achieve half-step dominance and step into the realm of dominance.

After all, the bottleneck of this super-large realm is not so easy to overcome.

But once it is crossed, Ye Feng's combat power will increase by leaps and bounds.

At this time, Ye Feng and Murong Mingyue landed directly in front of a group of masters from the Murong family.

Murong Shuangzhu, the third elder of the Murong family, this cold woman, stared at Ye Feng next to Murong Mingyue, with deep surprise in her eyes.

She didn't seem to expect that the friend Murong Mingyue brought this time, this seemingly ordinary young man, actually had such terrifying fighting power.

At this time, Ye Feng also showed a look of surprise in his eyes.

Because he discovered that the cultivation aura exuded by Murong Shuangzhu turned out to be an intermediate master!

Ye Feng couldn't help but secretly marvel at this moment.

The Murong family is worthy of being the first family in the Sea of Chaos. The family's heritage is still very deep.

Thick.

Such a third elder, who was not ranked at the top, turned out to be a mid-level master.

As if seeing the surprise in Ye Feng's eyes, Murong Shuangzhu immediately smiled and said: "Don't be too surprised. Maybe you thought that the master was a very rare level of cultivation before, and you thought that the origin was big. There are very few masters in the world, but now the world rules of the entire origin world have begun to change. Some of the sealed resources of our ancient families and the things left by our ancient ancestors have begun to be used. Therefore, we ancients In a short period of time, more and more masters have been born among families or some great transcendent forces."

Hearing what Murong Shuangzhu said, Ye Feng suddenly nodded in realization.

In other words, this Murong Shuangzhu was most likely not the master before.

Nowadays, with the changes in the rules of the world, some things left by the ancestors of these ancient families that may not be normally usable can now be used, so many masters have been cultivated.

After learning this, Ye Feng felt deeply horrified in his heart.

You know, there are many super powers in the world of origin.

During this period of time, many master-level figures were cultivated, which was enough to bring about huge changes in the structure of the entire world of origin.

It is very likely that it will be even more chaotic than before.

But at this time, Ye Feng didn't think much about it.

Anyway, now I am about to enter the realm of dominance.

Even if there are many super powerful forces and they have cultivated many masters, they will not pose much of a threat to Ye Feng.

Ye Feng now feels that his real threat, apart from the Dark Demon Cult, is the existence from the advanced cultivation interface.

Ye Feng knows very well that the Great World of Origin is the place where all things originate.

The rules of today's world have changed, and the glory of ancient times must be restored.

Many advanced cultivation civilizations in the advanced interface are eyeing the Great World of Origin, waiting to come to the Great World of Origin to compete for everything, or even enslave all the practitioners in the entire Great World of Origin.

While Ye Feng was thinking secretly in his heart, Murong Shuangzhu looked at Murong Mingyue in front of him and said: "Let's leave here as soon as possible. There are more terrifying existences deep in this demon city, isn't it? What we can resist is probably a high-level master among demons, otherwise we wouldn't be trapped here."

When Murong Shuangzhu said this, everyone present couldn't help but their eyes changed slightly.

Including other family masters, they all left here one after another, not daring to stay any longer.

Murong Mingyue looked at Ye Feng and said with some pity: "I didn't expect that there are such terrifying existences in the Demon City. I thought that together we could capture the entire Demon City and get the secrets in the Demon City. Lots of training resources and trophies."

Ye Feng smiled and said: "We have got a lot of good things this time. Let's leave here as soon as possible. I can also feel it."

Arrive, deep in the city of monsters, a very terrifying aura has revived. If you don't leave, you may not be able to leave. "

Ye Feng was still surprised at this time.

Because I didn't expect that there would be a high-level master-level existence in this small demon city.

High-level masters are very terrifying and rare.

The Dark Yuan Zun in the Dark Demon Cult back then was a high-level master-level existence.

However, with the changes in the rules of the world today, it is estimated that the Dark Yuan Zun in the Dark Demon Cult has probably broken through the high-level master and stepped into the Great Perfection Master.

Ye Feng even guessed that behind the Dark Demon Cult there is the support of a cultivation civilization with a high-level cultivation interface, and the Dark Yuan Zun might have stepped into a higher level than the Lord of Great Perfection. .??.??

This is all possible.

Thinking of this, Ye Feng suddenly felt that dealing with the Dark Demon Cult requires long-term planning and not impulsiveness.

After all, the other party has help and support from a high-level cultivation civilization, and his background is unfathomable.

At this moment, Murong Shuangzhu led many experts from the Murong family and left the Demon City directly. He returned to his family first and then discussed how to deal with the Demon City.

In other words, should we continue to deal with the Demon City?

After all, many ancient families suffered heavy losses this time.

Ye Feng looked around at this time and did not see anyone from the Ye family.

Murong Mingyue seemed to have noticed Ye Feng's gaze, and immediately looked at Murong Shuangzhu beside her, and couldn't help but asked: "Third Elder, this time the Ye family did not send experts to help our entire ancient family alliance. To deal with this demonic city?"

Murong Shuangzhu shook his head and said loudly: "The Ye family has been silent for decades. They have isolated themselves from the entire family and have not communicated with the outside world for a long time. However, this is also a good thing. In this case, the Dark Demon The super strong men in the sect cannot forcefully enter the Ye family and snatch the magical magic weapon left by the mysterious Hongmeng ancestor in the Ye family. The Hongmeng Gate and the Hongmeng Gate must not be obtained by the Dark Demon Sect, because the Hongmeng Gate must not be obtained by the Dark Demon Sect. The door is connected to a magical space world. In that space world, there is a steady stream of cultivation resources. If the Dark Demon Cult obtains it, then the Dark Demon Cult's power will develop tremendously. For all of us in the entire Sea of Chaos, The ancient families are all very disadvantaged."

When talking about this, Murong Shuangzhu said with some doubts: "Why did the eldest lady suddenly ask about the Ye family? You must have some thoughts about the Ye family's magical weapon, the Hongmeng Gate, right? Don't have this idea. Although many families are very greedy for the Hongmeng people of the Ye family, now all our ancient families have negotiated and will definitely not fight among themselves. They must unite to fight against the Dark Demon Cult. , and even if the Hongmeng Gate is obtained, it cannot be used. Only specific methods can open the Hongmeng Gate, and those who enter the Hongmeng Gate need to pay a huge price. Otherwise, the Ye family would have dominated the entire Sea of Chaos. Instead of just one Hongmeng Ancestor appearing in tens of thousands of years."

Hearing Murong Shuangzhu's guess, Murong Mingyue couldn't bear it immediately.

Zhu smiled bitterly, shook his head, and said aloud: "Of course I am not greedy for the magical super magic weapon of the Ye family. The reason why I asked the Ye family is to ask for my friend Ye Feng, because Ye Feng is a homeless member of the Ye family. For the tribesmen outside, he came to the Sea of Chaos this time just to return to his family and see if he could help his family revive. "

Hearing what Murong Mingyue said, Murong Shuangzhu suddenly showed a look of surprise in his eyes. He couldn't help but look at Ye Feng beside him and said loudly: "You said Ye Feng is a member of the Ye family living outside? But? I didn't feel any Hongmeng bloodline aura from Ye Feng. All members of the Ye family should have that special Hongmeng bloodline aura."

Hearing what Murong Shuangzhu said, Murong Mingyue immediately explained: "Because Ye Feng abandoned his Hongmeng bloodline."

"What??"

Hearing what Murong Mingyue said, even the third elder Murong Shuangzhu was a little stunned, and then he couldn't help but suddenly changed his face and said: "Ye Feng, you are too impulsive, the Hongmeng bloodline is from our origin world. The strongest bloodline, you actually gave up the Hongmeng bloodline. This is really impulsive. This is a huge loss. "

Ye Feng smiled and shook his head at this time, and said loudly: "Because I got something stronger and more advanced than the Hongmeng bloodline."

At this moment, Ye Feng did not directly say what specific thing he had obtained. After all, the secret of the Immortal Bone of the God should be kept in his heart and could not be revealed casually.

At this time, Murong Mingyue hurriedly said: "Third Elder, please don't ask. Ye Feng is a very smart person and will not do impulsive things casually."

At this time, Murong Mingyue was obviously helping Ye Feng conceal the secret of the immortal bones of the gods.

Murong Shuangzhu glanced at Murong Mingyue in surprise, wondering what Ye Feng had gotten.

Ye Feng was actually able to give up such a high-level bloodline as Hongmeng bloodline.

It's really incredible.

But if Murong Shuangzhu knew that Ye Feng had obtained the strongest bones in the world, the Immortal Bones of the Gods, and that his bloodline would be the bloodline of the Gods in the

future, Murong Shuangzhu would have definitely understood why Ye Feng didn't even want the Hongmeng bloodline. .

Because the Hongmeng bloodline is indeed weak in front of the "Celestial Clan", the head of the gods.

At this time, Murong Shuangzhu didn't ask any more questions.

After all, she didn't have a close relationship with Ye Feng, they just met each other casually. There was no need to dig deep into other people's secrets, which would make them disgusted.

At this time, Murong Shuangzhu just looked at Murong Mingyue and said with a smile: "This time, the eldest lady showed her great power and saved many core members of our ancient family who were trapped, and she also saved so many masters of our Murong family. , after returning to the family, I think the great elder will definitely not target you again. "

Ye Feng's eyes flashed slightly when he saw this scene.

It seems that the third elder, Murong Shuangzhu, is on the side of Murong Mingyue, the eldest lady, and is not against Murong Mingyue, the successor. No wonder Murong Mingyue seems to have such a good relationship with Murong Shuangzhu.
