

Ancient 4041

Chapter 4041 Advanced Practice Interface

Buzz!

At this moment, Murong Mingyue's finger touched Ye Feng's eyebrows.

A very huge secret of inheritance was immediately injected into Ye Feng's mind.

Ye Feng immediately got this very ancient and advanced inheritance message.

This is the unique inheritance passed down by the ancestors of the Murong family.

It is a very special and peerless inheritance of ancient Dharma.

It's called "Silver Moon God Wolf Dharma".

This is a very powerful dharma-like lineage.

After successful cultivation, this ancient Silver Moon Divine Wolf Dharma is released in battle, which can bring extremely powerful combat effectiveness bonus to the caster.

At this time, Ye Feng couldn't help but said: "The bloodline of your Murong family seems to be inherited from the Silver Moon God Wolf in ancient times, right?"

Murong Mingyue nodded and said aloud: "Yes, this set of peerless inheritance is the secret inheritance that our ancestors of the Murong family once received from the Silver Moon God Wolf. That's why our entire Murong family has tens of thousands of people. The glory of the era, among the blood flowing in our bodies, there is the blood of the Silver Moon God Wolf. "

Hearing what Murong Mingyue said at this moment, Ye Feng immediately nodded in amazement.

Unexpectedly, the ancestors of the Murong family once received guidance and inheritance from a legendary god and beast.

No wonder the Murong family was able to create such a large family and its inheritance has not declined to this day.

At this time, Ye Feng was on the spot and immediately began to comprehend this set of Silver Moon God Wolf Dharma.

In fact, the elders of the Murong family are not worried that this unique set of inheritance will be passed on to outsiders.

Because outsiders do not have the bloodline of the Silver Moon God Wolf, they cannot practice this unique set of ancestral inheritance.

Only the blood descendants of the Murong family can practice this peerless inheritance.

However, Murong Mingyue knew that Ye Feng could cultivate the inheritance of any attribute in the world.

Because Ye Feng's power encompasses all things.

That's why Murong Mingyue brought Ye Feng this unique inheritance of the Silver Moon Divine Wolf Dharma to help Ye Feng improve his strength.

At this time, following Ye Feng's enlightenment, a huge wolf clan covered with silver hair faintly appeared on Ye Feng's body.

It looks like a wolf god from ancient legends. His eyes are very majestic and his momentum is very majestic. It's like an ancient mythical beast has appeared on the spot.

.

At this moment, Ye Feng immediately felt that when the huge shadow of the Silver Moon God Wolf rose up on his body, his combat effectiveness had indeed been inexplicably improved.

After seeing the huge shadow appearing on Ye Feng's body and looking at the majestic Silver Moon God Wolf, Murong Mingyue, the eldest lady of the Murong family, couldn't help but exclaimed in amazement: "What if? You are a member of our Murong family. I guess some people believe that in a short period of time, you have initially mastered this set of Silver Moon God Wolf Dharma, and can even initially condense the shadow of the Silver Moon God Wolf. It is really Your talent is so great, Ye Feng, you are really the most powerful genius I have ever seen. Those so-called top geniuses are nothing in front of you. "

Hearing Murong Mingyue's compliment, Ye Feng just smiled slightly and said: "I'm just lucky. In my early years, my talent was transformed by a magical magic weapon, so my comprehension became Such a monster."

When he said this, Ye Feng suddenly thought of something and asked aloud: "By the way, will your family open that ancient trial place tomorrow?"

Murong Mingyue nodded and said: "When the time comes, my father will lead other elders to open the ancient trial place within the family. Originally, this ancient trial place could not be opened due to the constraints of the world's rules, but With the continuous changes and resurgence of the rules of today's world, the ancient trial place within this family can be reopened. It is really a great thing for our Murong family. After all, the ancient trial place within this family can The land is a good place left by some ancient ancestors of my Murong family. It has always been bound by the rules of the world and cannot be opened. It is really a pity, but now it is possible to open the seal again, allowing the younger generation of our Murong family to It's really great to re-enter it and gain the opportunity."

At this time, Murong Mingyue was happy from the bottom of her heart, because this could greatly enhance the foundation of the entire Murong family.

When Ye Feng heard this, he immediately asked: "Do we need to make any preparations?"

Murong Mingyue shook her head and said: "There is no need to make any special preparations, because that ancient trial place is the place left by the ancestors of our Murong family. It is specially used for the children of our family to go there to find opportunities. There should be nothing special about it." Big danger."

When she said this, Murong Mingyue seemed to have thought of something and continued to speak.

Said: "However, the ancient trial place within this family has not been opened for tens of thousands of years, so some very powerful creatures may have been born in it, which is still dangerous, so this time, my father specially asked me to You and Ye Feng, our two most powerful geniuses, brought all the younger generation into it, just to let the two of us hold the battle."

Ye Feng asked with some confusion: "Why not let some of the older powerful men of the Murong family enter to protect these younger generations?"

Murong Mingyue smiled bitterly, shook her head, and said aloud: "This is an ancient trial place within the family. Our ancestors set up ancient restrictions in order to allow the younger generation to enter the trial. , it is impossible to enter it, only the younger generation can enter it."

Hearing what Murong Mingyue said, Ye Feng suddenly nodded suddenly, and then asked aloud: "This ancient trial place within your family, what did your ancestors leave behind in it to make you like this?" Rushing like a duck?"

When Murong Mingyue heard Ye Feng's question, her eyes suddenly showed a trace of expectation and brightness, and she said loudly: "This ancient trial place within our family is a good place passed down by our ancestors from generation to generation. , naturally there are many ancient magic weapons, as well as the powerful inheritance of the ancestors. In addition, there are also very precious medicinal materials from the glorious era, which have grown for tens of thousands of years. If found, they may be able to Our skills have been greatly improved, and there may even be some extremely precious holy medicines, sacred trees, etc. in it. As for the others, I don't know, but I heard my father secretly tell me However, this ancient trial place within our Murong family, in addition to being a place for the younger generation to practice, seems to also lead to a very advanced cultivation interface. It seems that when our Murong family encountered a huge crisis, we got With the help of the advanced cultivation interface connected to this ancient trial place, I was able to survive the crisis of genocide, but those are ancient legends, and even my father doesn't know if they are true. "

Hearing what Murong Mingyue said, Ye Feng immediately nodded and said with amazement: "In any case, this ancient trial place within your family seems to be a very special and precious place. Place, I am lucky to be able to enter it with you. By the way, did your father say which advanced cultivation interface is connected to this ancient trial place? "

At this time, Ye Feng felt that he still needed to ask about this situation.

In fact, Ye Feng is not too worried about the danger of the ancient trial place within this family.

After all, Ye Feng's current strength has become very powerful.

Ordinary dangers are nothing to Ye Feng.

But now that Murong Mingyue mentioned the ancient trial place within the family, it seemed that in ancient times, it was connected to a high-level cultivation interface, which gave Ye Feng a sense of crisis.

To be honest, Ye Feng no longer has anything to fear from the native creatures in the Origin World.

However, Ye Feng still feels very afraid of those transcendent beings from the advanced cultivation interface who have not yet fully arrived in the world of origin, and whose cultivation levels reach the sky.

After all, Toad also said before that in the ancient glorious era, the realm of dominance could not be said to be as powerful as an ant, but it was definitely not that powerful.

Therefore, among those advanced cultivation interfaces, extremely terrifying superpowers were definitely born.

At this time, after hearing Ye Feng mention the advanced cultivation interface, Murong Mingyue immediately understood Ye Feng's worries.

In this regard, Murong Mingyue just smiled indifferently and said: "Ye Feng, you don't need to worry too much about this. The ancient trial place and the connected advanced cultivation interface are already in the ancient era tens of thousands of years ago. It's a matter of fact. It is estimated that there is no trace of the advanced practice interface for a long time. After all, the world rules of the Origin World have restricted that ancient trial place for so many years. Moreover, even if you encounter the existence of the advanced practice interface, you should be familiar with it. We, the Murong family, don't have too much ill will, after all, that advanced cultivation interface helped our Murong family survive a genocide crisis."

Hearing this, Ye Feng nodded slightly and said, "Yes, I understand."

Murong Mingyue said with a smile: "Ye Feng, there is still one night, we should study the inheritance carefully, study the Nine Turns True Dragon Art and the Silver Moon God Wolf Dharma that we just obtained, and strive to understand it. The high level will definitely help us to improve

our combat power in the future. Currently, we are the only two who have practiced this Silver Moon God Wolf Dharma. Other young geniuses, even the top geniuses like Murong Jian, will not be able to do it for the time being. You are not qualified to learn this unique inheritance that you have just received.”

"good."

Ye Feng nodded immediately. Practicing this inheritance together with Murong Mingyue, a descendant of the Silver Moon Divine Wolf bloodline, would definitely be of great benefit to his own understanding.

Chapter 4042 The head of the family values

With the help of Murong Mingyue, a true descendant of the Silver Moon God Wolf's bloodline, Ye Feng understood this unique inheritance of the Silver Moon God Wolf's Dharma much faster.

Soon, Ye Feng was able to condense the dharma of the Silver Moon God Wolf on his body, which was about to turn into a physical state.

This Silver Moon God Wolf is very huge, exuding a bright silver light, with a divine brilliance, and seems to have incredible power.

At this time, Murong Mingyue stared at the Silver Moon God Wolf that Ye Feng had cultivated, and immediately couldn't help but said in amazement: "If you can comprehend this dharma to its complete form, then Ye Feng, you are fighting In the process, you can use part of the divine power of the legendary Silver Moon God Wolf to bless you, making your combat power extremely terrifying."

When Ye Feng heard what Murong Mingyue said, there was a trace of expectation in his eyes.

At this moment, Murong Mingyue's practice was also very fast.

At this time, Murong Mingyue also began to perform this set of Silver Moon Divine Wolf Dharma.

Buzz!

The next moment, a divine light rose up from Murong Mingyue's body, forming a giant silver wolf, which looked even more majestic than Ye Feng.

After all, the appearance of the Silver Moon God Wolf that Murong Mingyue condensed using the power of his own bloodline must have a more authentic charm than what an outsider like Ye Feng could condense.

At this time, after Murong Mingyue's Silver Moon God Wolf was condensed, there was a vague connection with the Silver Moon God Wolf Dharma that Ye Feng had condensed.

The two seem to influence each other.

Murong Mingyue sensed it, and then said happily: "I feel that with the connection of your Silver Moon God Wolf, the power of my Silver Moon God Wolf has become much stronger."

Hearing what Murong Mingyue said, Ye Feng also nodded and said: "I also sensed it just now. The moment you released your Silver Moon God Wolf Dharma, the power of this Dharma that I condensed also He's gotten a lot stronger."

When he said this, Ye Feng showed a slight smile on his face and continued to say: "When we enter the ancient trial place within your family, if we really encounter any particularly terrifying danger, we can definitely unite to fight, because if we release the Silver Moon God Wolf Dharma at the same time, we will enhance each other's power. "

Murong Mingyue also had a hint of surprise in her eyes, as if she had never thought that this set of Silver Moon Divine Wolf Dharma had such a secret.

The two Silver Moon God Wolf Dharma forms are connected with each other, and can actually explode with more powerful power, complementing each other and strengthening each other.

At this time, Murong Mingyue suddenly thought of something, and immediately couldn't help but said in anticipation: "If all of us in the Murong family learn this trick,

The peerless inheritance has been condensed into the Silver Moon Divine Wolf Dharma. All the members of the Murong family have released the Silver Moon Divine Wolf Dharma. If hundreds of thousands of Silver Moon Divine Wolf Dharma are put together, who knows how terrifying it can be. strength. "

Ye Feng smiled and nodded, and said aloud: "When you take control of the entire Murong family, you can give it a try if you have the opportunity."

When Murong Mingyue heard what Ye Feng said, she suddenly sighed and said, "But even though I have made such a huge contribution to the entire Murong family this time, some old monsters in the family still think that I am a woman." , I am not a man, so I cannot inherit my father's position as the head of the family, but I will try my best."

Ye Feng immediately nodded, patted Murong Mingyue's shoulder and said, "Don't worry, I will always support you."

The two of them got along to this day, and Ye Feng had already regarded Murong Mingyue, the eldest lady of the Murong family, as his good friend.

Therefore, if Murong Mingyue encounters any difficulties, Ye Feng will naturally do his best to help.

After all, Murong Mingyue also gained a lot of benefits for herself.

Good friends should naturally help each other.

While the two were talking, the sky was gradually getting brighter.

When Murong Mingyue saw the sun coming out in the east, she immediately said: "Ye Feng, we can now go directly to the family hall of our Murong family to gather. I estimate that many of the younger generation have already gathered there in advance. "

Ye Feng nodded immediately, followed Murong Mingyue, and flew directly towards the central area of the Murong family.

They once again came to the emerald island in the middle.

We arrived at a huge square in the middle of the Emerald Island.

At this time, when Ye Feng and Murong Mingyue arrived, Ye Feng immediately saw many elders of the Murong family who had already arrived.

Moreover, the head of the Murong family is also standing here, looking very majestic.

In front of all the older people, there were hundreds of people from the younger generation standing.

These are all the super geniuses of the younger generation of the Murong family, and they are all gathered here.

Standing at the front was naturally Murong Jian. Murong Bai and Murong Ling, the three top geniuses, all had powerful cultivation levels of junior masters.

Most of the other young talents are half-step masters.

It has to be said that the new generation of the Murong family is still very rich. After all, it is the clan of chaos.

The number one family among the many ancient families in the sea.

If it were before, when Ye Feng and Murong Mingyue came here, they would definitely not be valued by these top geniuses of the Murong family.

But after everything that happened yesterday, including the three top geniuses Murong Jian, Murong Bai and Murong Ling, hundreds of geniuses from the Murong family all had deep awe in their eyes.

Because they all know that Ye Feng is an extremely terrifying guy and an extremely powerful super genius who is far beyond what they can fight against.

So they are naturally very convinced of Ye Feng now, and they feel convinced from the bottom of their hearts. ??

At this time, Ye Feng saw everyone's awe-inspiring eyes and smiled secretly in his heart.

It seems that the series of things that happened yesterday were very helpful to me. Otherwise, I would still have to use some tricks today to get these young geniuses from the Murong family to listen to me.

At this time, after Ye Feng and Murong Mingyue arrived, Murong Mingyue's father, the head of the Murong family, the majestic middle-aged man, immediately showed a smile on his face, beckoning Murong Mingyue and Ye Feng to come to him come over.

The head of the Murong family also heard that Ye Feng controlled the Great Buddha Tower, and let Murong Mingyue realize from the Great Buddha Tower the peerless inheritance left by an ancestor of the Murong family, and it was passed down to the man in the temple. A group of strong elders from the Murong family have been identified as the strongest inheritance of the Murong family at present.

Therefore, the head of the Murong family is naturally more and more satisfied with Ye Feng at this time.

Because Ye Feng indirectly helped his daughter and improved his status in the entire family.

It will have huge benefits for her daughter to take over the position of head of the entire Murong family in the future.

At this time, the head of the Murong family asked Ye Feng and Murong Mingyue to come to his side. He immediately smiled and said: "The next step is up to you. You two must lead everyone in our Murong family well." Young geniuses can obtain various training resources in the ancient trial places to help our Murong family improve their overall strength."

At this time, the head of the Murong family was talking, obviously to his daughter.

Because this time, if Murong Mingyue can help the Murong family and improve the cultivation of all the young geniuses, then the position of the head of the family will definitely be stable.

Even if Murong Mingyue is a woman, no one will probably object to Murong Mingyue becoming the future head of the family.

At this time, Murong Mingyue obviously knew the meaning of her father's words, and immediately nodded very solemnly and said: "Don't worry, father, I will definitely work hard to lead the team."

The head of the Murong family nodded, then looked at Ye Feng who was next to Murong Mingyue more solemnly, and said loudly: "Brother Ye Feng, please help this girl Mingyue more this time. The ancient trial within the family If there are cultivation resources in the land that are suitable for you, you can get them yourself without caring about other people's eyes, because now you are also a member of our Murong family. "

Hearing what the head of the Murong family said, Ye Feng's eyes were stunned, and then he nodded and said loudly: "Senior Murong, don't worry, Mingyue is my good friend, I will definitely help her."

"Um."

The head of the Murong family immediately nodded, and then patted Ye Feng's shoulder with great satisfaction, and said with some sigh: "The declining Ye family has unexpectedly produced a peerless genius like you, and It is really a pity for the Ye family that you have been living outside for so many years. However, when you return to the Ye family, you will definitely be able to bring the declining Ye family back to glory. From now on, our Murong family and your Ye family can move around more. In the future, the world will undergo great changes and various crises will come. It is not a bad thing for our ancient families to be closer together. Moreover, you and my daughter Mingyue have such a good relationship. We can help each other in the future. "

Hearing what the head of the Murong family said, Ye Feng's eyes suddenly showed a look of surprise.

It seemed that Murong Mingyue's father would not expect that Murong Mingyue's father would value her so much, even to the level of the entire family behind the two parties.

It seems that the head of the Murong family is also quite pessimistic about the future. He feels that the huge Murong family may not be able to survive the great changes in the future and needs to find allies.

Ye Feng nodded slightly at this time and said loudly: "After this ancient trial is over, senior Murong will still need to take me to the Ye family."

The head of the Murong family immediately smiled and nodded, and said loudly: "Don't worry, I will take you to the Ye family. At that time, I will go to the Ye family to catch up with some old friends, haha."

At this time, the head of the Murong family said, obviously very happy.

Because of Ye Feng's appearance, his daughter's status in the Murong family has been rising steadily, which is naturally a great blessing for the head of the Murong family.

Because the head of the Murong family is most worried about his daughter.

And the emergence of Ye Feng, this amazing super genius, is definitely the most solid backing for his daughter's future.

Besides, Ye Feng is not just a person.

The head of the Murong family is a tycoon of the generation. He is far-sighted and knows very well how much trouble Ye Feng will cause if he returns to the Ye family, which will bring the fallen and sleeping ancient family back to its supreme glory.

Chapter 4043 Settled Down

At this moment, after the head of the Murong family finished speaking, he immediately looked at all the younger generation geniuses in the audience and said, "Next, you will enter the ancient trial place within our Murong family. Although it is within our family, place, but it has not been opened for tens of thousands of years. As for the reason why it cannot be opened, you also know that it is because it has been bound by the world rules of the origin world, so now the world rules have changed, and you can re-enter, but since we haven't been inside for tens of thousands of years, it must have undergone earth-shaking changes, and even we don't know what dangers there are."

When he said this, the head of the Murong family looked at Murong Mingyue and Ye Feng beside him, nodded with great satisfaction, and continued: "So this time we specially asked the eldest lady, and Ye Feng, this amazing and talented person Yan's little brother, I will take you into it together. I think you have seen Ye Feng's strength before. He is very powerful and qualified to lead you into this ancient trial place. I hope you all can listen carefully. Ye Feng and the eldest lady, please improve your strength and don't fight among yourself, because the next few years are crucial. In these few years, you must improve your strength to a very powerful level. A powerful cultivation civilization that can cope with the next big changes between heaven and earth will come to the world of origin. It will definitely have a severe impact on the big forces in our country, so you must understand this."

Murong Jian was standing at the forefront of many geniuses at this time, and he immediately said: "Master, don't worry, our Murong family is the number one family in the Sea of Chaos, and we will definitely not be in danger."

The head of the Murong family shook his head and said in a rather serious tone: "Although our Murong family is the first family in the Sea of Chaos, the crisis is also very huge. After all, the more powerful the family, the higher the level of cultivation interface will be." After the powerful ones come, they will single out the most powerful families like us to suppress them and kill the chickens to scare the monkeys."

Hearing what the head of the Murong family said, many of the younger generations of the Murong family present showed deep solemn expressions in their eyes, and they all said aloud: "Don't worry, head, we will definitely listen carefully to the eldest lady and her husband." Ye Feng said, grow up well with them in the ancient trial place and contribute to the future of the entire family. "

Hearing what this group of young geniuses said, the head of the Murong family smiled happily and said, "Okay, then I will wait for your good news."

After finishing speaking, the head of the Murong family looked at the elders beside him and said loudly: "Senior elders, we can now go directly to the entrance area of the ancient trial place within our family. Let's work together. , open that seal."

Several powerful elders around him nodded immediately, and then flew quickly in a certain direction with the head of the Murong family.

Seeing this scene, Ye Feng and Murong Mingyue also flew in front of the entire square.

Ye Feng didn't say much, after all, he was just acting as Murong Mingyue's helper.

In fact, the main leader this time was Murong Mingyue.

Because the main purpose is to create momentum for Murong Mingyue, the eldest lady of the Murong family, to succeed the entire family.

So Ye Feng felt that all he had to do was take action at the right time.

Just leave everything else to Murong Mingyue.

At this time, Murong Mingyue looked at all the young geniuses in the audience, and immediately said loudly: "Everyone is following us, following my father, to the opening of the ancient trial place.

place. "

"Yes, Miss!"

At this time, all the young geniuses in the audience nodded.

The three top geniuses, including Murong Jian, Murong Bai and Murong Ling, all followed behind Murong Mingyue and Ye Feng, heading towards the back of the head of the Murong family and a group of senior strong men from the Murong family. Flying quickly in a certain direction.

When they arrived at their destination, they immediately saw a very shocking scene.

I saw a huge glacier standing in the farthest area to the southwest of the Murong family.

The entire glacier exudes a terrifying cold air, making people feel as if their whole body is about to be frozen.

In the middle area of this glacier, there is an extremely huge formation, emitting a faint light.

"In the past, this formation did not emit light, but since the world rules of the Origin World have gradually changed, this formation has begun to emit a faint aura, and it seems to be reopened."

At this time, the head of the Murong family said lightly, then glanced at several strong elders of the Murong family beside him, and said loudly: "Then let's take action directly."

"good."

A group of elders from the Murong family nodded one after another, and then directly began to release their extremely powerful powers with the head of the Murong family.

These are all super important figures in the entire Murong family, so their cultivation abilities are very terrifying, and they are all masters of Dzogchen.

Boom!

At this time, they released their respective powers, which were naturally very terrifying. They completely opened the ancient formation imprinted on the glacier.

At this moment, the entire formation emitted an extremely terrifying divine light, and then condensed into a space gate.

At this time, the head of the Murong family looked at the large group of young geniuses behind him and said loudly: "This entrance to the ancient trial place has been completely opened. You can go in directly. You all have Wait for a whole month. After one month, we will not be able to keep this entrance open. At that time, you will all be teleported out of the ancient trial place and come back here in an instant. I hope you all can get good results. By chance, we can improve our strength and prepare ourselves for the great changes in the world in the future. "

At this time, after the head of the Murong family finished speaking, Murong Mingyue nodded immediately, and Ye Feng, along with a group of young geniuses from the Murong family, flew directly to the sky, and then all entered the space gate. In the middle, it disappeared in an instant.

At this time, looking at all the young geniuses disappearing, the head of the Murong family still felt a little worried.

Because that ancient trial place has not been entered for tens of thousands of years, no one knows what is going on inside now.

Perhaps within tens of thousands of years, it is not impossible that many terrifying creatures were born.

At this time, several elders of the Murong family standing beside them suddenly said: "Master, don't worry, there are Ye Feng and Da

With the leadership of a super genius like Miss, and the help of Murong Jian, Murong Bai and Murong Ling, the three strongest young generations of our Murong family, I believe that each of them can turn danger into disaster and find their own destiny. Opportunities are created to enhance one's own strength. "

Hearing these elders of the Murong family say this, the head of the Murong family immediately nodded.

Then the head of the Murong family seemed to have thought of something, and suddenly said: "What do you think about my daughter taking over the family position of the entire family?"

Hearing that the head of the Murong family asked such a sensitive question, several elders of the Murong family present couldn't help but become silent.

The head of the Murong family saw that these elders were silent, and immediately snorted coldly, and said loudly: "My daughter has even been recognized by the ancestor in the Great Buddha Pagoda, so she can get the great honor." What's wrong with the inheritance passed down from our ancestors in the pagoda? My daughter is a woman? Who said that a woman can't inherit the position of the head of our Murong family?"

After saying that, the head of the Murong family said nothing more. Anyway, he would firmly help his daughter to become the next generation head of the Murong family.

At this time, the hundreds of young geniuses from the Murong family who entered the space gate suddenly felt a shaking feeling.

Then their vision suddenly opened up.

Almost at the next moment, everyone immediately discovered that they had arrived in a very vast world.

There are actually nine suns in the sky here.

Moreover, all nine suns are red and emit very hot light.

The entire earth was illuminated by the blazing light emitted by the nine suns, and was very dry.

At this time, everyone immediately felt that the water on their bodies was quickly evaporating.

Murong Jian couldn't help but said: "I didn't expect that the environment of this ancient trial place would be so harsh. Nine suns bake the entire earth every day."

Murong Mingyue was standing at the front of the crowd at this time, observing the surroundings, and said aloud: "There shouldn't be much danger in the location we came in. Let's settle down first and send someone to investigate what's going on around us. "

Ye Feng also nodded at this time and said aloud: "We are very unclear about this land, and tens of thousands of years have passed, no one knows what changes have taken place here, but we still don't rush out to find it. By any chance, we first find a safe place to station ourselves around, and then we can select a few masters with high cultivation levels to explore the surrounding environment and landforms to see if there are any other dangers, and then we can Let's see how to find the opportunity."

Hearing what Ye Feng said, everyone present nodded.

At this moment, hundreds of geniuses from the Murong family were standing behind, waiting for orders from those in front.

Now Ye Feng and Murong Mingyue can be said to be the commanders of the first level.

Murong Jian, Murong Bai and Murong Ling, the three top geniuses of the Murong family, can be regarded as the commanders of the second level.

At this moment, Murong Bai said aloud: "At that time, Murong Jian, Murong Ling and I will go to the surrounding area to explore the surrounding landforms and conditions. Ye Feng and Xiao

Sister, you stay with hundreds of young generation geniuses because your strength is needed to protect the safety of the entire team. "

Murong Bai spoke at this time, obviously thinking very comprehensively about the entire team.

Because everyone knows that entering this time does not mean that someone will be blessed by chance and become very strong.

But to make all the hundreds of geniuses of the Murong family receive a huge improvement.

Therefore, the safety of the entire team is very important.

Ye Feng and Murong Mingyue are the two most powerful beings among the people.

They need to stay with the entire team at all times and can protect the hundreds of young talents in the entire team at any time.

Murong Mingyue heard what Murong Bai said at this time, agreed, and said loudly: "Then we will stay here for the time being. Murong Bai, Murong Jian and Murong Ling, you three are not weak in cultivation, you can go around and explore situation, but remember one thing, if there is an irresistible danger, you must flee back at any time, don't show off, we are a group now, don't show off one person's courage!"

"OK."

Murong Bai immediately nodded, then glanced at Murong Jian and Murong Ling beside him, and said loudly: "The three of us will explore in three directions, trying to explore all the surrounding landforms, but this The world of the Ancient Trial Land seems to be quite large. For the time being, we will explore the area within a hundred kilometers. Don't go too far, lest we lose contact and get help from others. "

"good."

At this time, Murong Jian and Murong Ling both nodded, and then the three of them flew quickly in three different directions to help the entire team survey the surrounding environment and landforms.

At this moment, Ye Feng looked at the backs of the three people leaving, glanced at Murong Mingyue beside him with a smile, and said loudly: "Your Murong family is quite united. Although there are some internal fights sometimes, but In this situation of unity and external communication, it is still very good. No one is unsociable or cautious. "

Murong Mingyue nodded, with a proud smile on her beautiful face, and said loudly: "That's why I have a huge sense of belonging to the entire Murong family. This family is worthy of me devoting everything to myself, and It is worth my efforts to become stronger and protect, otherwise, I have no interest in the position of the family. The first reason why I want to fight for the position of the family is to make my father look good, and the second is, This family deserves my protection."

Ye Feng saw the longing on Murong Mingyue's face, nodded slightly, and then said aloud: "Then we will lead a large team to station here. Some trivial matters will be left to you, Mingyue. You and everyone will set up camp here. I Fly to high altitude and take a look at the surroundings to see if this is a suitable place to be stationed. "

"good."

Murong Mingyue knew that Ye Feng had special eye skills and extraordinary eyesight. She immediately nodded, and then led hundreds of young geniuses from the Murong family behind her to start arranging some camp materials around them.

At this time, Ye Feng flew into the air, opened the Eye of Heaven and Earth, and looked around to ensure that there were no hidden dangers in the camp area.

"Huh? This is..."

But just when Ye Feng flew into the air and looked at the surrounding land, his eyes of heaven and earth suddenly saw something unusual.

Chapter 4044 Looking for Murong Bai

Buzz!

At this time, under the observation of Ye Feng's Eye of Heaven and Earth, he was surprised to find that the ground of the entire surrounding earth began to exude a trace of black energy.

In other words, there may be something related to demons hidden under this ground, otherwise it would be impossible for the entire earth to be exuding dark demonic energy.

At this moment, Ye Feng immediately flew down from the sky, came to the ground, and then squatted down.

Uh-huh!

Ye Feng stretched out his hand and touched the entire ground. The entire ground was baked extremely hot by the nine suns in the sky, giving people a feeling of burning palms.

But at this time, Ye Feng was carefully sensing the power of the entire earth.

At this moment, Ye Feng could feel that there was indeed a faint black aura under the ground.

This is an ancient demonic energy, a very advanced aura, which made Ye Feng feel a sense of danger for a moment.

At this moment, Murong Mingyue, who was directing hundreds of young geniuses to set up camp not far away, suddenly noticed Ye Feng's rather suspicious behavior.

Murong Mingyue immediately walked over and couldn't help but ask: "Ye Feng, what's wrong with you? Did you find anything special?"

Murong Mingyue knew very well that Ye Feng would not squat on the ground for no reason, as if he was exploring something.

At this moment, Ye Feng nodded slightly and said loudly: "I discovered through the Eye of Heaven and Earth that there seems to be a dark atmosphere exuding from the depths of the entire earth. This dark atmosphere seems to be an ancient evil spirit."

"Ancient evil energy?"

Hearing what Ye Feng said, Murong Mingyue couldn't help but look surprised in her eyes, and asked aloud: "Is there demonic energy in the place where we camped, or is there also demonic energy in other places?"

Ye Feng said aloud: "The entire land of this ancient trial place is exuding a faint evil spirit, but this evil spirit seems to be suppressed by the scorching rays of the nine suns in the sky, so Ordinary people can't sense it at all, only I can see through it with the eyes of heaven and earth."

Hearing what Ye Feng said, Murong Mingyue was a little surprised and said: "So, this ancient trial place was a demonic land back then?"

Ye Feng nodded slightly and said aloud: "That should be the case, but this piece of demonic land is suppressed by a mysterious force. Perhaps it is the light of the nine suns in the sky that is suppressed, so these emanations The faint demonic energy coming out will not have much impact on the creatures entering this world, so we don't need to worry too much."

Murong Mingyue nodded and said aloud: "But we still need to pay attention. After all, if this ancient trial place was really a demonic land back then, it is very likely that some ancient demons would appear."

When talking about this, Murong

Mingyue seemed to have thought of something, and she couldn't help but said with some horror: "Ye Feng, do you think that the advanced cultivation interface that our Murong family connected to in this ancient trial place could be the legendary one? An advanced spiritual practice interface related to demons?"

Ye Feng nodded slightly and said aloud: "It is possible, but you said before that the advanced cultivation interface also helped your Murong family survive a genocide crisis, which means that this advanced cultivation interface related to demons should not be as bad as we imagined. So vicious."

Hearing what Ye Feng said, Murong Mingyue nodded, but she was still a little worried. After all, this was a demonic land.

But there is no way now. After all, they can only be automatically teleported out of this ancient trial place and return to the territory of the Murong family after one month after entering this ancient trial place.

At this time, Murong Mingyue said: "Let's pay more attention anyway. When this ancient trial is over and we return to the Murong family, I will ask my father about this ancient trial place. If there is really a huge crisis, this crisis still needs to be dealt with. After all, this ancient trial place is connected with the headquarters of our Murong family. "

Ye Feng nodded, and then said aloud: "I have checked just now. There should be no special dangers around, and there are no ferocious beasts, etc. It is just that the earth exudes a faint demonic aura, and there is nothing else. Yes, it's okay to set up camp here."

Murong Mingyue nodded, and then Murong Mingyue and Ye Feng, along with hundreds of young geniuses from the Murong family, settled here, stationed many tents, and even built a small city.

After all, they will be here for a whole month.

Half a day later, Murong Jian, the top genius, came back first.

He came to the middle area where the camp was set up and entered the small city.

Ye Feng and Murong Mingyue were standing in the small city.

At this moment, Murong Jian immediately spoke out: "In the east direction I was exploring, within a radius of 100 kilometers, there were two more dangerous places. One was an inland lake. I didn't get close, but I sensed it. There is a very terrifying demonic energy in that lake. Maybe there is a very terrifying demonic creature. The second dangerous place is a dark cave. In that dark cave, I feel there is a bloody smell, and it is very likely that there is some very terrifying race living in that dark cave. "

Hearing what Murong Jian said, Murong Mingyue nodded slightly, and then said loudly: "Then when we are looking for various resources around, we must first avoid these two dangers you discovered.

place. "

Murong Jian nodded and took out a piece of animal skin paper from his storage ring.

Then on this piece of animal skin, he began to mark the area he was exploring and the dangerous places, so that he could avoid these dangerous places appropriately.

However, Ye Feng secretly memorized these dangerous places at this time.

Because for Ye Feng, this kind of area where powerful creatures from ancient times may live is most likely to have the most precious resources.

Because there are no safe places occupied by demons or evil beasts, there may not be any too precious resources.

Only in places with very rich resources will some powerful races and vicious creatures be stationed.

Ye Feng did not express his thoughts immediately.

After all, for the hundreds of younger generations of the Murong family, they do not need high-end resources.

As long as they can find some basic resources in the surrounding area to help them further improve their cultivation skills.

Really high-level and precious cultivation resources are probably only needed by the top masters such as Ye Feng, Murong Mingyue, Murong Jian and so on.

So at this time, Ye Feng suddenly looked at Murong Mingyue and Murong Jian in front of him, and said loudly: "Let hundreds of ordinary young geniuses from the Murong family look for various cultivation resources in the surrounding safe areas, and let their cultivation In order to be promoted, a few of us have already entered the realm of extremely powerful masters, so if we want to improve our cultivation strength in this ancient trial place, it is estimated that it will be far away just by relying on some ordinary cultivation resources. It's not enough, we need to take risks to find more advanced and precious rare resources."

Hearing what Ye Feng said, Murong Mingyue's eyes flashed slightly, and then she said loudly: "You mean, those dangerous places that Murong Jian explored may contain very high-level and precious cultivation resources. , is what we need."

Murong Jian also nodded slightly at this time and said aloud: "I think so too, so I specially marked these places on the map. If nothing happens, we can go and investigate."

Murong Mingyue nodded and said aloud: "Let's wait until Murong Bai and Murong Ling come back. Find out all the situations around our station, and then investigate them one by one."

Ye Feng and Murong Jian both nodded slightly and agreed with Murong Mingyue's decision.

Then everyone continued to wait.

After another half day, Murong Ling returned to the station.

Like Murong Jian, she also explored several dangerous places and marked them on the map.

However, everyone continued to wait, but did not wait for Murong Bai's return.

This gave everyone a bad premonition in their hearts.

\u003c

br\u003e Because with Murong Bai's cultivation strength, he should have returned long ago after exploring a certain direction with a radius of hundreds of miles.

Unless something unexpected happened to him.

At this time, Murong Jian was the first to speak out: "I think Murong Bai may have encountered some danger. Let's explore in his direction."

Murong Mingyue was also quite worried.

After all, Murong Bai is one of the top three geniuses of the younger generation of the Murong family.

If he died like this, it would be a huge loss to the entire Murong family.

After all, although a top genius like Murong Bai is not as good as a peerless evildoer like Ye Feng, if he can be properly cultivated in the future, Murong Bai will definitely become the pillar-level figure of the entire Murong family in the future.

At this moment, Murong Mingyue no longer hesitated or wasted time, and immediately said: "Then let's go to the direction of Murong Bai and take a look."

Ye Feng also nodded slightly at this time and said aloud: "There is no special danger around our camp, so as long as there is a top genius here to guard it, it will be fine."

At this time, Ye Feng looked around and said to Murong Ling: "You can sit here and Mingyue and Murong Jian will go to Murong Bai's direction to investigate."

Murong Ling didn't say much at this time and just nodded.

Because among everyone, Murong Ling's cultivation strength is slightly weaker, and he is not suitable for venturing out. He is most suitable for sitting in the base camp of the entire station.

After arranging everything at this moment, Ye Feng, Murong Mingyue and Murong Jian immediately flew quickly towards the direction Murong Bai was exploring.

When the investigation was assigned before, Murong Jian was responsible for the investigation within a hundred miles east of the base camp.

Murong Ling was responsible for the southwest direction.

Murong Bai was responsible for the north of the base camp where he was stationed.

So at this time, Ye Feng, Murong Mingyue and Murong Jian flew directly and quickly towards the north of the stationed place.

Buzz!

On the way to the northern area, Ye Feng exuded his huge soul power and spread it around. He could carefully detect the aura left by Murong Bai and find the current location of Murong Bai.

Because Ye Feng had fought against Murong Bai before.

Therefore, Ye Feng is still very familiar with Murong Bai's aura.

His soul power can capture Murong Bai's aura, thereby finding the trajectory of Murong Bai's previous exploration in the north.

After learning this, Murong Jian, the top genius of the younger generation of the Murong family, became more and more amazed by Ye Feng.

Ye Feng's various trump cards and abilities are really shocking.

Chapter 4045 Occupy Consciousness

At this time, Murong Jian completely understood why Murong Mingyue, as the noble eldest daughter of the Murong family, had such trust and respect for Ye Feng, an outsider.

It turns out that the longer I spend with Ye Feng, the more I can see how magical and incredible Ye Feng's methods are.

At this time, Murong Jian also understood that Ye Feng not only had extremely powerful strength, but also had other methods that were endless and amazing.

At this time, everyone was flying quickly in the northern area of the station, trying to find traces of Murong Bai.

Finally at this moment, Ye Feng sensed something and immediately said: "I captured a trace of Murong Bai's aura attribute."

Hearing what Ye Feng said, Murong Mingyue and Murong Jian, who were standing beside them, their eyes suddenly lit up.

Murong Jian couldn't help but said: "Where is he now?"

Ye Feng shook his head and said: "I'm not sure yet, so just follow this trace of aura that Murong Bai left before."

Uh-huh!

At this time, Ye Feng flew directly to the front, and then flew quickly in a certain direction by sensing the breath left by Murong Bai.

Murong Mingyue and Murong Jian followed closely behind.

When they flew to the place where Murong Bai's aura finally stayed, they immediately saw a shocking scene.

I saw an ancient warship the size of a mountain, standing on the broken earth in front.

The shape of this huge warship looks very unique, and it is different from the warships cast by powerful practitioners in the origin world.

The entire huge warship is made of an unknown emerald-colored metal. It looks very artistic and has a great visual impact.

Seeing this scene at this time, Murong Mingyue immediately couldn't help but said: "This warship magic weapon has such a unique shape. It cannot be cast by the masters of the cultivation world where we originated from. The ship is probably a special space warship from the starry sky of the universe."

Hearing what Murong Mingyue said next to him, Ye Feng's eyes suddenly showed a look of surprise, and he said loudly: "The space warship in the starry sky? Why does it appear here?"

Murong Jian spoke out at this time: "This space warship, the entire hull appearance has been destroyed by some kind of terrifying force, and has become a wreckage. It is estimated that it was a cultivating civilization in a certain universe at that time. A strong man must have encountered something when he piloted this space warship and fell here."

Hearing Murong Jian's speculation, Ye Feng seemed to have thought of something, and immediately couldn't help but said: "Is it possible that the demonic energy emanating from the earth in this ancient trial place is different from this mysterious cosmic battleship?" "About the boat?"

"The evil energy emanating from the earth?"

When Murong Jian heard what Ye Feng said, his eyes suddenly showed surprise.

Murong Mingyue, who was beside him, quickly said: "Murong Jian, when you went to explore the environment in the east, Ye Feng had already discovered that the depths of the entire land of this ancient trial place were emitting... A faint dark aura seems to be an ancient demonic aura, so this ancient trial place was probably a very vicious demon in those days.

earth. "

When Murong Mingyue said this, a look of deep astonishment suddenly appeared on Murong Jian's face.

It seems that they did not expect that the ancient trial place used by the Murong family to test the geniuses under their command was actually related to the legendary demon soil.

At this time, Murong Jian couldn't help but said: "If this ancient trial place was a demon land back then, is it related to the genocide crisis of our Murong family back then?"

Murong Mingyue nodded and said aloud: "It is very possible that the Murong family was invaded by the ancient demon clan back then. However, I don't know which ancient demon clan existed from a high-level cultivation interface. Anyway, it must be very terrifying. In our case The Murong family almost wiped out our Murong family in their ancient glory days. I don't know who saved our Murong family back then."

At this time, Ye Feng looked at the wreckage of the space battleship that came from the starry sky in front of him, and said slowly: "Maybe it's the powerful man inside this space battleship that came from the starry sky of the universe. The existence saved your Murong family and fought against the invasion of the entire ancient demon clan. "

Upon hearing Ye Feng's guess, Murong Mingyue and Murong Jian both nodded slightly, and they also thought it was very possible.

Because it is impossible for the wreckage of a space battleship to appear here for no reason.

At this moment, Murong Jian spoke up and said: "Being able to drive a space warship here means that the existence of this space warship must have been the dominant race in the starry sky. I don't know what race it is."

Ye Feng said: "Let's go in and take a look. This is where Murong Bai's aura last disappeared. Could it be that Murong Bai encountered an accident in the wreckage of the space warship?"

Hearing what Ye Feng said, both Murong Mingyue and Murong Jian showed a trace of nervousness in their eyes.

Then the three of them stood together, keeping alert at all times, and slowly walked into the wreckage of the space warship in front of them.

This space warship is very large and towering, as majestic as an ancient mountain.

Therefore, Ye Feng, Murong Mingyue and Murong Jian, in front of the wreckage of this huge space warship, were like little ants in front of a mountain.

At this time, when they entered the wreckage of the space warship, they immediately saw a very shocking scene.

I saw that there was no damage inside the wreckage of the space battleship. The space battleship was damaged only on the outside, but it was still brand new on the inside.

The entire inner wall of the space battleship is filled with an icy blue light that is flashing and flowing, looking very strange and beautiful.

At this time, Murong Mingyue seemed to have seen something, and immediately couldn't help but said: "Look, is that Murong Bai?"

Hearing what Murong Mingyue said at this time, Murong Jian and Ye Feng immediately looked in a certain direction inside the wreckage of the space warship.

They immediately saw a young man wearing a white gown loading the pieces of radiant stones into the space battle.

In a groove in the ship, it seems that the space battleship is being repaired and wants to be restarted.

Seeing this scene, Ye Feng immediately couldn't help but said: "This is Murong Bai, but he doesn't seem to be the Murong Bai before. He seems to be controlled by a mysterious force, or by someone." The super strong man has taken away his body."

"What? Seize the body?"

Hearing what Ye Feng said, Murong Jian couldn't help but change his expression immediately, and said loudly: "You said Murong Bai was taken away?"

Murong Mingyue spoke up at this time: "Murong Bai is constantly repairing this space warship. I'm afraid he is really controlled by some mysterious force."

While the three of them were talking, Murong Bai, who was not far away, suddenly stopped what he was doing, and then looked quickly at the three of them walking outside.

Seeing this scene, Murong Mingyue immediately couldn't help but said: "Everyone, be careful! We have been discovered!"

However, the attack Murong Mingyue thought did not come. ??

When Murong Bai saw the three people walking towards the entrance of the space warship, he did not attack directly, but said with a very calm face: "You must be the companions of the young man I control, right?"

When Murong Bai said this, Murong Mingyue and Murong Jian both felt their hearts pounding.

It seems that Ye Feng guessed correctly, Murong Bai has now been taken away.

At this time, Ye Feng showed a hint of surprise in his eyes and said loudly: "Senior, it seems that he has no ill intentions towards us, why do you want to take away our partners?"

Murong Bai shook his head at this moment and said: "I did not seize this young man's body, I just temporarily controlled his body and asked him to help me do something to repair this space warship, because this small world is connected to an ancient advanced cultivation interface called the Ancient Demon Realm."

"The ancient demon world?"

Murong Mingyue couldn't help but look shocked and said: "The ancient demon world is the interface where the legendary and very terrifying demon tribe survives. It is a high-level cultivation interface, which is at the same level as the hell world."

At this moment, Murong Bai, whose consciousness was occupied by the mysterious existence in front of him, continued to speak: "You all know how terrifying the Ancient Demon World is. Now, a very terrifying guy has come out of the Ancient Demon Realm. He is a Heavenly Demon. The king of the clan, he wants to destroy the ancient seal of this small world, so now I want to successfully repair the entire space warship, and then activate the most terrifying attack power of this space warship, and destroy the seal that is destroying it. The Demon King of Heaven will be wiped out, otherwise, the whole small world will be devastated and swallowed up by the Ancient Demon World."

Hearing what Murong Bai said in front of them, the three people present showed deep astonishment in their eyes for a moment.

They never thought that the truth would be like this.

At this time, Murong Mingyue asked with some uncertainty: "Is the senior the controller of this space warship?"

At this time, Murong Bai's consciousness was occupied by the mysterious existence. He immediately nodded and said loudly: "All the companions who came with me were already dead back then. I am about to die as well. Don't worry, your companions are temporarily gone." The soul is in a sleeping state, and I control his body, waiting for my will

After the task is completed, your companion will wake up again, and there will be no harm to him. Moreover, you should be members of the ancient family in the origin world. If it weren't for me, the blue-blooded human race, driving the space warship to come Here, well, it is estimated that this small world has long been annexed by countless terrifying demon clans in the ancient demon world. Your ancient family, which originated from the big world, will also have its entire family foundation wiped out. "

Murong Mingyue and Murong Jian both widened their eyes when they heard what this mysterious being who had occupied Murong Bai's consciousness said.

At this time, Ye Feng was a little surprised and said: "Is the blue-blooded human race a very powerful overlord race in the universe?"

Ye Feng knew that being able to create such a special and terrifying space warship that could travel across the starry sky and go to all major interfaces meant that this cultivation civilization must be very prosperous.

Only the dominant race in the starry sky can do all this.

When Ye Feng heard this question, the mysterious existence that occupied Murong Bai's consciousness controlled Murong Bai's face, showed a slight smile, and said loudly: "We, the blue-blooded human race, are not the dominant race in the universe. But it is indeed much stronger than ordinary races."

When he said this, Murong Bai, whose consciousness was occupied by the mysterious existence, suddenly stared at Ye Feng among the three people opposite him, and said loudly: "Young man, your soul consciousness fluctuates very strongly. You and our blue blood The human race is a bit like it. Our blue-blooded human race is born with a very powerful spiritual soul. After I repair this space warship and destroy the demon king who is destroying the seal in this small world, My consciousness power is probably about to be exhausted, and I can't take this space warship with me. When the time comes, I will give this precious space warship to you, a young man, because only with our blue blood Only humans with huge spiritual power and soul power can control this space warship. This space warship needs to be controlled by soul power. "

Hearing what Murong Bai said as his consciousness was occupied by this mysterious existence, Ye Feng had a look of surprise in his eyes. He seemed to have never expected that he was so lucky that someone else would give him such a precious space warship for free. .

But before Ye Feng could say anything at this time, Murong Bai, whose consciousness was occupied by the mysterious existence, continued to speak: "But I need you to do me a favor, that is, one day, you are strong enough, you can drive this A space warship, carrying the most precious super treasure of our blue-blooded human race, which is the ancient nine-sun diagram that suppresses the seal of the small world in the sky of this small world, go to the starry sky of the universe to find the blue blood where our blue-blooded human race is located. Planet, send this magic weapon back, you need to swear an oath for this, so that I can rest assured."

"What?"

At this time, the moment Murong Bai, who was occupied by the mysterious existence, finished his words, Murong Mingyue and Murong Jian both had a look of astonishment in their eyes, and couldn't help but say: "You mean, this ancient trial place, the nine suns baking the earth in the sky are not stars born by the nature of the universe, but are clusters of sunlight transformed by a super magic weapon called the Ancient Nine Sun Diagram? "

Ye Feng couldn't help but exclaimed in amazement at this time: "This kind of magic weapon with the majestic power of heaven and earth covers the entire small world, and can also suppress the entrance to a high-level cultivation interface such as the ancient demon world. It is really incredible. What a majestic and terrifying transcendent magic weapon this must be!"

Chapter 4046 Blue Lake

At this time, even Ye Feng had a hint of horror in his eyes.

Being able to transform nine suns into the entire sky, this kind of magic weapon is already comparable to the majestic power of nature in the heaven and earth. It is really incredible.

At this moment, Ye Feng stared at the occupied Murong Bai in front of him and said loudly: "Okay, I promise senior, if I have the ability in the future, I will definitely help you complete this matter, and I will never forget it. "

Hearing Ye Feng's assurance, Murong Bai, who was possessed by his consciousness, immediately smiled and nodded, and said loudly: "Your talent is very good, you have such a huge soul power, and you are very similar to our blue-blooded human race. In the future, when we arrive on the planet where our blue-blooded race is located, we may be able to join our blue-blooded race and enjoy great rights."

Murong Bai, who was possessed of consciousness at this time, immediately began to search around for various energy stones after finishing speaking, and then put them into the grooves of the spaceship to repair the damaged spaceship.

Seeing this scene at this time, Ye Feng couldn't help but asked: "Senior, how long will it take for you to repair this space warship?" .??.

Murong Bai, who was possessed of consciousness, shook his head and said: "The battle with the extremely powerful demon in the ancient demon world caused serious damage to this space warship, so I need a lot of materials to repair it. It is estimated that it will take at least half a month to build a space warship, but you don't have to worry, the seal of this small world is very strong, and there is an ancient nine-sun diagram on the sky, suppressing the entrance seal of the ancient demon world. So you are very safe."

After saying that, Murong Bai, whose consciousness was occupied, immediately went to search for other materials and energy stones to repair the space warship.

At this time, Ye Feng looked at Murong Mingyue and Murong Jian beside him, and said loudly: "We can't help here. After all, we are very unfamiliar with this kind of space warship. We don't know what to do." How to repair it, let's leave it to this senior of the blue-blooded human race from the stars in the universe. Half a month is neither long nor short. Let's leave here first. Murong Bai should be here now anyway. There is no danger."

Hearing what Ye Feng said, Murong Mingyue nodded and said, "Okay, let's leave here first."

But at this time, Murong Jian was staring at Murong Bai, who was occupying consciousness not far away and was busy repairing the entire space warship. He couldn't help but shook his head and said: "I always feel that I don't trust this so-called blue-blooded human race."

Murong Mingyue said aloud: "Even if we don't trust him, there is nothing we can do. This blue-blooded human race has taken over Murong Bai's body.

, I can feel that his cultivation is very unpredictable, and we probably won't be his match if we work together. "

Hearing what Murong Mingyue said, Murong Jian could only nod helplessly and said: "Okay, now we can only wait for this blue-blooded human race to complete his mission before we can let Murong Bai come back. "

After saying that, the three people left here directly.

Because they can't help much by staying here.

On the way back, Ye Feng said aloud: "There is no big use for us to go back now. Now many geniuses from your Murong family are setting up camp and plundering some ordinary cultivation resources around. Those ordinary cultivation resources are for It's not of much use to us. The three of us should hurry up and eliminate the crisis in those dangerous places that Murong Jian and Murong Ling had explored before. In this case, our base camp can expand the search range, and when we go to those dangerous places, we may also get the advanced cultivation resources we need, killing two birds with one stone."

Hearing what Ye Feng said, Murong Mingyue and Murong Jian both nodded.

Now that the entire base camp has a top talent like Murong Ling in charge, they are not too worried.

It just so happens that the three of them have time to deal with the most dangerous places around them.

At this moment, Murong Jian spoke up and said: "Let's go to those dangerous places in the east area that I'm exploring first, and get rid of those dangerous places."

After finishing speaking, Murong Jian took out a map directly from the storage ring, which marked the dangerous places within a radius of 100 kilometers in the eastern area he was exploring.

There are two dangerous places in total.

The other is a lake filled with demonic energy.

There is also a dark cave filled with evil energy.

Uh-huh! Uh-huh! Uh-huh!

At this time, the three of them flew directly towards the east area of the base camp quickly.

Follow the lake marked on this map and fly over.

They first wanted to see if there was an extremely powerful demon hidden in that lake.

If so, this monster must be killed.

Otherwise, it will definitely be a problem for the entire base camp.

A huge scourge.

Ye Feng, Murong Mingyue and Murong Jian are all top geniuses at the junior master level, so they are all very fast.

Soon, they followed the markings on the map and arrived at the area where the lake was located.

At this time, they suddenly saw a very strange scene.

I saw a blue lake on the dry land.

It looks very beautiful, but it also contains a strange feeling.

Because how could a lake suddenly appear in such a dry place?

This is really weird.

It's like an oasis appearing in the desert, it's incredible.

So when something goes wrong, there must be a monster.

At this time, Murong Jian looked at the small blue lake in front of him and said, "This is the lake I saw when I was exploring in the east."

Ye Feng also nodded at this time and said aloud: "As soon as I approached this lake, I sensed a very vicious demonic aura, which contained a very powerful demonic energy. There is definitely a very powerful demon living in this lake." Evil beast."

Murong Mingyue couldn't help but ask at this time: "Can you sense the specific cultivation strength of this demonic beast?"

Ye Feng shook his head and said loudly: "I can't sense it for the time being. I can only sense the very vicious demonic energy, but my cultivation must be very strong. We don't want to attack directly. We will try to see if we can use other ways to defeat it." This demonic beast was killed."

Hearing what Ye Feng said, Murong Mingyue immediately looked at Murong Jian and said loudly: "Before entering this ancient trial place, we all made a lot of preparations. Murong Jian, you should have a lot of skills in your body." A powerful formation."

Murong Jian nodded, took out a set of array disks and various materials from the storage ring, and said aloud: "Before entering the ancient trial place, I and several other top geniuses came to find us. The great formation master of the Murong family has obtained a lot of complete sets of formation materials. There is no need to arrange them. They can directly put these formation materials on the ground according to a certain pattern to activate this formation. "

Murong Mingyue nodded and said, "See if you have a defensive formation that can trap demons and beasts."

Murong Jian searched for it.

Then he took out a golden compass and a few beads-like materials, and said loudly: "This is a set of golden light and blazing sun formations. It is a formation that focuses on defense, and it also has the power of blazing sun." The burning power has a certain degree of aggression. In addition, this set of tactics can echo the sun in the sky. With the power of the sun, although the nine suns on the sky dome of the small world in this ancient trial place are A powerful magic weapon is transformed, but it also has the power of the sun as a star bred by nature, so it also has a blessing effect on this formation. After all, there are nine suns in the sky. "

Hearing what Murong Jian said, Murong Mingyue immediately nodded happily and said: "Then this formation is really good and can be placed not far from this lake. Let's sneak up this golden formation." The Yang Formation arranged around the lake, and then led out the demonic beast lurking in the lake and introduced it into the formation. By then, although it is not said that the demonic beast would let us But our security will be much greater."

Ye Feng also nodded at this time and said loudly: "This is the safest way, because we are not sure yet how powerful the demonic beast lurking in this lake is. If we can introduce it into this powerful In the formation, then our certainty will naturally be much greater, and the safety will also be improved. If this demonic beast is really too powerful for us to deal with, we can still take advantage of the formation to kill this demonic beast. When trapped, just run away."

Hearing what Ye Feng said, Murong Jian immediately nodded and said: "Then I will go over and arrange the formation. Once the arrangement is completed, you can just lure the demonic beast over."

Ye Feng nodded and said: "Let me attract that demonic beast. I have the power of the void and can move in the void very quickly. No matter how powerful that demonic beast is, it cannot catch up with my speed."

Murong Mingyue knew that Ye Feng had practiced the power of the void before, and she did not object at this time. She immediately nodded and said, "Then Murong Jian and I will set up the formation together. Ye Feng, you first enter the lake to investigate the situation."

At this time, several people have no entanglements. Whoever is good at what they do will do it to maximize efficiency.

Ye Feng is the most powerful among the people, and has the power of the void, and is also the most suitable to venture into the lake.

Ye Feng did not hesitate at this time. He nodded to Murong Mingyue and Murong Jian, then jumped up and flew directly towards the blue lake not far away.

Chapter 4047 Golden Coffin

Buzz buzz...

At this time, the closer Ye Feng got to the blue lake, the more he could feel that there was a very terrifying demonic energy in the lake.

It gives people the feeling that there is an evil beast hiding in it. It is very terrifying and soul-stirring.

At this time, Ye Feng's eyes showed a trace of vigilance, and he slowly used the power of the void that he had cultivated before to hide himself in the void.

Then Ye Feng lurked into this blue lake, and it would be difficult to be discovered.

Buzz!

When Ye Feng entered the water under the blue lake, Ye Feng immediately saw a very surprising scene.

Under this lake, there was no extremely powerful demonic beast lurking, but a huge tomb standing there. ??

That kind of terrifying demonic aura is not emanating from a certain demonic beast.

It was emanating from a black stone tablet standing at the front of this huge ancient tomb.

Uh-huh!

Ye Feng immediately flew over and saw densely written words on the black stone tablet in front of the tomb.

But these words seemed to be very old and Ye Feng couldn't understand them. Maybe they were the words of the demon clan.

The huge demonic aura emanates from this ancient demonic stone tablet.

Seeing this scene, Ye Feng's eyes suddenly showed a hint of surprise.

He really didn't expect that the demonic energy emanating from this lake turned out to be an ancient tomb.

This made Ye Feng's eyes reveal a look of deep surprise.

I think this place is very magical and weird.

Ye Feng knew that this tomb looked very complete. It was estimated that many creatures who came here were scared away by the majestic demonic energy emanating from this blue lake.

There are very few other creatures who, like me, venture directly into the lake and then see the real scene in the lake.

Because you can't see it from above the lake, you can only see the blue water of the lake.

Only when you enter this blue lake can you see that there are no terrifying monsters or beasts inside, but an ancient tomb.

Ye Feng couldn't help but murmured, "Maybe it's the tomb of a super strong person from the ancient powerful demon clan."

At this time, Ye Feng said, with a hint of excitement in his eyes.

Because such ancient tombs may contain some advanced cultivation resources from ancient times.

At this moment, Ye Feng did not hesitate and rushed out of the lake again, then looked at Murong Mingyue and Murong Jian who were setting up formations not far away, shouted and said: "You don't need to set up formations. There are no terrifying demons or beasts in this blue lake, but the tomb of an ancient superpower of the demon clan."

"The tomb of an ancient powerful demon?"

Hearing what Ye Feng said, Murong Mingyue and Murong Jian, who were setting up the Golden Sun Formation not far away, both had a hint of astonishment in their eyes. They seemed not to have thought about this seemingly vicious blue lake. There were no terrifying demons or beasts inside, but an ancient tomb inside.

At this moment, Murong Jian immediately put the formation materials into his storage ring.

Then Murong Mingyue and Murong Jian flew directly in front of Ye Feng.

Murong Mingyue couldn't help but asked: "Ye Feng, what's going on with the terrifying demonic energy emanating from this lake?"

Ye Feng smiled and said: "You will know after you follow me into the lake."

Swish, swish, swish!

At this moment, Ye Feng took Murong Mingyue and Murong Jian and rushed directly into the bottom of the lake.

All three of them are already masters at the dominant level.

Therefore, the water in the lake cannot have any impact on them at all.

It will not hinder vision, hearing, breathing, etc.

At this time, Ye Feng brought Murong Mingyue and Murong Jian to the lake.

Sure enough, they saw a huge tomb, standing in the deepest part of the lake.

At this moment, Murong Mingyue immediately saw the huge tomb. There was an ancient black stone tablet at the front, which was exuding a terrifying demonic aura.

It feels like a demonic beast lurking in this lake.

"It's the majestic demonic energy emanating from this ancient stone tablet."

At this time, Murong Mingyue's eyes suddenly revealed a look of deep astonishment, and she couldn't help but say: "So it turns out that it is this black stone tablet that emits such a majestic demonic energy."

Murong Jian also had a look of surprise in his eyes at this time, and said loudly: "When I came here to investigate before, because this demonic aura was so majestic, I didn't dare to approach this blue lake at all. In case of any irresistible danger, I didn't expect that there would be such an ancient tomb under this lake."

Ye Feng nodded and said: "It is estimated that this stone tablet exuding the majestic demonic energy is to prevent other creatures from approaching here and discovering the tombs under the lake, because there are few people who are not afraid of death like us. Come here for adventure."

Hearing what Ye Feng said, Murong Jian burst into laughter immediately, and then his eyes revealed a look of deep anticipation, and he said loudly: "This kind of ancient tomb must hide many good ancient opportunities. Good luck, let's go in and take a look, maybe we'll make a fortune."

Ye Feng nodded, then stood in a row with Murong Mingyue and Murong Jian, bypassed the stone tablet in front of him, and walked quickly towards the inner area of the tomb.

When they came to the tomb, Murong Jian didn't hesitate at all.

He took out his extremely powerful weapon, the emerald sword.

boom! !

A terrifying sword light suddenly bloomed from the long sword, cutting a hole in the tomb wall in front of them, and then three people flew in through the cut entrance.

At this time, Ye Feng, Murong Mingyue and Murong Jian walked directly into the inner space of this tomb.

They immediately saw a very luxurious scene.

I saw that the entire inside of the tomb, whether it was the floor or the walls, was made of a very rare black gold material.

In addition, there is a magnificent hall inside the tomb. ??

It doesn't feel like a tomb at all, like an underground emperor's palace.

Even Murong Mingyue, the eldest daughter of the Murong family, couldn't help but sigh and said: "The owner of this tomb must have been an extremely luxurious man back then. After his death, he left the inside of his tomb in such a mess. It's so magnificent, it's almost like you want to be an emperor when you die."

At this moment, Murong Jian seemed to have seen something and couldn't help but said: "The main hall in front seems to be the burial place of the tomb owner. From inside that glorious main hall, I saw a The golden coffin is made entirely of gold, let's go over and take a look."

Ye Feng also nodded at this time.

Several people flew directly towards the middle hall quickly.

Because there is nothing else in the entire interior of the tomb.

Only the splendid hall in the middle seemed to have good things.

In particular, the golden coffin that Murong Jian saw was extremely luxurious. Maybe it contained the treasures and wealth left by the owner of the tomb.

The moment Ye Feng, Murong Mingyue and Murong Jian walked into this magnificent hall.

They immediately saw that the golden coffin was completely empty, the lid had been opened, and there were some blood stains and some fallen scales scattered on the ground.

"this....."

Seeing this scene, everyone felt a little chilly all over.

Murong Mingyue couldn't help but said: "Did some monster escape from this golden coffin?"

Ye Feng nodded slightly and said aloud: "It is very possible that the owner of this tomb may have been some kind of very terrifying ancient demon clan. After his death, he may have transformed into a corpse."

Hearing what Ye Feng said, Murong Jian, who was standing next to him, couldn't help but feel a bit of icy coldness rising from the soles of his feet to his entire body.

At this time, Murong Jian held the emerald sword in his hand, his body wrapped in light, and said loudly: "In that case, the monster has revived, and I am afraid it is hidden in some dark corner of this tomb."

Ye Feng nodded at this time and said loudly: "Let me

Come and feel it. "

Buzz!

At this moment, Ye Feng directly released his huge soul power and moved towards the surrounding area, hoping to find the transformed monster of the tomb owner.

But then Ye Feng sensed it carefully, with a very puzzled look in his eyes, and said loudly: "I used my soul power to sense every inch of the inner space of this tomb, and I didn't find any monsters."

Hearing what Ye Feng said, Murong Mingyue and Murong Jian both had a trace of doubt in their eyes.

Because they did see that the lid of the golden coffin was open, and there were scattered blood and fallen scales around it.

Moreover, the entire interior space of the tomb is closed, and the monster probably did not escape.

But at this moment, Ye Feng seemed to have discovered something, and he couldn't help but show a look of astonishment in his eyes, and couldn't help but say: "I used my soul power to sense a corner inside this tomb. There is actually a small hole, which seems to be a tomb robber's hole."

"Robbery Cave??"

Hearing what Ye Feng said, Murong Mingyue was slightly shocked and said: "Could someone have entered the inside of this tomb in advance and stolen all the wealth and treasures inside this tomb? Even this golden coffin. The bodies of the owners of the tombs inside were pried open and dug up."

Hearing what Murong Mingyue said, Murong Jian's eyes widened.

Ye Feng couldn't help but shook his head with a wry smile at this time, and said aloud: "It seems that all the wealth inside this tomb has been taken advantage of by others. Tomb robbers have come here in advance and taken away all the wealth." Things, even the corpse of the owner of the tomb, were pried open and taken away."

Hearing what Ye Feng said, Murong Mingyue was also a little discouraged.

I didn't expect that after all the hard work of coming here and discovering such an ancient tomb, I didn't get any benefits.

But at this time, Murong Jian seemed to have seen something, and he immediately said: "Look at the inner wall of this golden coffin. It seems that there are a lot of words engraved on it, which seem to be the words of the ancient demons. This should be a powerful sign. It's an incomparable inheritance from the demon clan. If we can decipher it, it will be a huge blessing."

Hearing what Murong Jian said, Murong Mingyue didn't seem to be very interested in this powerful inheritance of the ancient demon clan, and said loudly: "We will directly trace the past based on the tomb robber's hole you just discovered, Ye Feng, and say Maybe we can find the tomb robber who stole all the wealth inside this tomb."

Hearing what Murong Mingyue said, Ye Feng had a look of surprise in his eyes, as if he didn't expect that Murong Mingyue would be so obsessed with the wealth inside the tomb.

It is even necessary to track the final location of the previous tomb robber based on the robbery hole.

Ye Feng nodded at this time and said aloud: "First decipher the demonic characters on the inner wall of this golden coffin, maybe it is a set of earth-shattering peerless inheritance, and then we can get out of that robbery hole and see if we can Really track down the tomb robber who got there first."

Chapter 4048 Dark Cave

At this time, after hearing what Ye Feng said, Murong Mingyue immediately nodded and said: "It would be good to decipher the demonic characters on the inner wall of this golden coffin first. In this case, we will get an ancient era The peerless inheritance of the super powerful among the demon clan may really be an earth-shattering inheritance."

At this moment, Murong Mingyue also understood that Ye Feng was not a super genius of his Murong family, so he lacked such a strong inheritance.

Perhaps for Ye Feng, this powerful inheritance is much more interesting than tracking the tomb robber.

At this time, Murong Jian rubbed his hands expectantly, and then said aloud: "When I was in the family, every time I finished practicing and felt bored, I would study some ancient texts. This kind of I feel like I should be able to decipher the demonic writing."

At this time, Murong Jian said, making Ye Feng and Murong Mingyue reveal a trace of surprise in their eyes.

It seems that Murong Jian, an aloof swordsman genius, would still study such ancient writings in his leisure time. It is really unexpected.

At this time, Murong Jian seemed to feel that his spare time hobby had finally come in handy.

He squatted directly inside the golden coffin, and then carefully deciphered the ancient demonic characters engraved on the inner wall of the golden coffin.

Half an hour later, Murong Jian immediately took out a piece of paper, and then translated the demon characters he had deciphered into human characters and wrote them on this piece of paper. ??

Ye Feng stepped forward and took a look, and immediately saw that the inheritance written on this piece of paper was called "Tianmo Luan Wu".

At this time, after seeing this scene, Ye Feng's eyes were stunned, and he suddenly showed deep surprise, and couldn't help but said: "This seems to be not an ordinary demon inheritance, but a inheritance among the demon clan. "

When Murong Mingyue heard what Ye Feng said, she immediately smiled and said: "This is normal, because this small world of the ancient trial place is originally connected to the legendary Ancient Heaven Demon Realm, so there will definitely appear here Some of the demon clans in the ancient demon world will naturally have inheritance from the demon clan, perhaps left over from the tragic war that year. "

Hearing what Murong Mingyue said, Ye Feng nodded, then looked at Murong Jian and said loudly: "This inheritance of the Demonic Dance should be a group attack method."

Murong Jian nodded slightly, and then said aloud: "I have now deciphered all the demonic characters on the inner wall of this golden coffin. I estimate that the eldest lady will not be able to

practice this set of inheritance. The two of us are practicing Well, let me see if there is any paper in my storage ring, and I will give you another copy."

Ye Feng immediately shook his head and said with a smile: "Murong Jian, just show me the inheritance you extracted. I can imprint this inheritance secret on my heart in an instant. in the soul."

"What?"

Hearing what Ye Feng said, Murong Jian immediately showed a look of astonishment on his face, and then he couldn't help but sighed and said, "Is this the method of a soul master?"

Ye Feng smiled slightly, nodded and said, "Everything I take a look at can be engraved in my soul and mind, and then I can slowly understand it."

"incredible."

Murong Jian immediately gave Ye Feng a thumbs up.

As the time spent in contact with Ye Feng became longer and longer, Murong Jian felt that this was really a peerless evildoer, many times more powerful than he originally imagined.

At this time, Ye Feng took a look at the set of inherited mysteries of Tianmo Luanwu written on Murong Jian's paper, and then they were all imprinted in his mind.

Then Ye Feng handed the piece of paper to Murong Jian, smiled and said, "That's it."

At this time, Ye Feng's soul was beginning to understand the powerful inheritance of the Heavenly Demon Clan and the secret of the inheritance of Heavenly Demon Luanwu.

At this time, Ye Feng started to use the Heavenly Demon Dance for a while, and the vitality of the world around him began to turn into pitch-black black energy, and then condensed into phantoms of Heavenly Demons, dancing around wildly, as if they could attack many enemies at any time.

Seeing the strange sight of the demons dancing around Ye Feng, Murong Jian's eyes widened immediately, and he couldn't help but said in horror: "This... you have just been engraved in your soul and mind. Can you directly understand this set of Heavenly Demon Dance inheritance at a glance?"

Ye Feng smiled and shook his head, and said aloud: "It's just a preliminary grasp."

Hearing what Ye Feng said, Murong Jian's eyes were filled with deep shock.

Even if it is just a preliminary grasp, this is shocking to the extreme.

Because this set of Heavenly Demon Dance was deciphered by Murong Jian, he deeply understood how complex and profound this set of inheritance was.

But Ye Feng was able to initially grasp it after just one glance, and was even able to condense a dark phantom of the demon.

This is really incredible!

At this time, Murong Mingyue was

He had long been used to it and said with a smile: "Murong Jian, incredible things are yet to come."

After saying that, Murong Mingyue walked quickly towards the robbery hole inside the tomb that Ye Feng sensed.

Obviously, Murong Mingyue really wanted to track down the tomb robber.

However, Ye Feng and Murong Jian couldn't help but shook their heads.

Because they all knew very well that the tomb robber came inside the tomb at some unknown time and stole everything.

Therefore, even if you follow this robbery hole, you probably won't be able to find anything.

But Murong Mingyue was so determined, so Ye Feng and Murong Jian could only follow Murong Mingyue.

Then everyone entered the small robbery cave directly.

This rogue cave seems to be connected to a very distant place.

The three of them walked in the passage of the Robbery Cave for a long time, probably half an hour.

They finally arrived at the other end of the robbery cave.

When they came out of the robbery cave, there was a hint of astonishment in their eyes.

Because what is connected to the other end of this robbery hole is actually the space warship they encountered before.

At this moment, Murong Bai, whose consciousness was occupied, was still repairing the damaged space warship.

When they saw Ye Feng, Murong Mingyue and Murong Jian appeared again, Murong Bai, a blue-blooded human being whose consciousness was occupied, immediately couldn't help but asked: "Why are you three back again?"

Murong Mingyue opened her mouth slightly at this time and said loudly: "We have entered an ancient tomb, but the wealth and resources inside have been stolen. The other end of the robbery hole is connected to this place."

The possessed consciousness of Murong Bai, a powerful race from the stars in the universe, a blue-blooded human race, immediately couldn't help laughing and said: "Oh, you are talking about that ancient tomb, it was there decades ago. All the resources were stolen from me, but I didn't use them myself, because I only had a ray of soul left. I used the mechanical puppets in this space battleship to find various ways to repair the universe in this small world. The resources and materials of the warship, so those resources and materials were used by me to repair this space warship."

Hearing what this blue-blooded human said, Murong Mingyue couldn't help but sigh. It seemed that she had no hope of getting the resources in that ancient tomb. They had already been used by this blue-blooded human to repair the space warship. .

And Ye Feng

He and Murong Jian looked at each other and couldn't help but smiled bitterly and shook their heads.

Unexpectedly, the blue-blooded humans in this space warship can also control some mechanical puppets and search for various resources and materials in this small world to repair the space warship.

At this time, Murong Jian couldn't help but pat Ye Feng's shoulder and said loudly: "Ye Feng, in the end, you got the most benefits. This blue-blooded human race has said before that after he completely repairs this space warship, Kill the demon king among the demon clan who wants to break the seal, and he will send this cosmic war to you."

Ye Feng grinned at this time and said aloud: "This space warship can only be used and controlled by a soul master, so he can only give it to me."

Hearing what Ye Feng said, Murong Jian immediately shook his head helplessly, but in his heart he was really envious of Ye Feng for being a fellow Soul Martial Arts practitioner.

He can practice enlightenment and cultivate his soul power, which is really enviable to the extreme.

At this time, Ye Feng, Murong Mingyue and Murong Jian said goodbye to the blue-blooded human race in the space warship again, and they continued to fly towards the east area that Murong Jian had previously explored.

The danger to the lake has been completely eliminated.

They are heading to the second danger zone in the east area.

It was the dark cave marked by Murong Jian on the map.

Murong Jian said aloud on the road: "There are definitely many powerful demons living in that dark cave. They are probably the most advanced demons from the 'Ancient Demon Realm'. We must be careful. Such demons The tribe seems to have a very special attack on the soul level. I guess I will need to rely on Ye Feng's soul attack method next."

Ye Feng immediately nodded and said, "Let's go and take a look first."

While the few people were talking, they had already passed through a large area of land and arrived at the second dangerous area that Murong Jian had discovered before.

That is the location of the Dark Catacombs.

At this time, the three people stopped in mid-air.

In front of them, a huge abyss appeared.

Under the abyss, there is a very rich and majestic dark atmosphere.

Even the rays of the nine suns in the sky cannot shine into this place filled with black air.

Murong Jian said aloud: "The dark cave I discovered is under this abyss. We must be careful later. There may be many high-level demons from the first demon clan living in it, which is very dangerous."

Chapter 4049 Amazing

Hearing what Murong Jian said, Ye Feng and Murong Mingyue nodded immediately.

Buzz!

Murong Mingyue also radiated her own power at this time, forming a light that surrounded herself.

At this time, Ye Feng also took out the Great Buddha Tower he had obtained before, and his whole body was full of vigilance.

Because this dark cave must be very dangerous, and there are many powerful demons living there, so you can't go wrong with being careful.

The most powerful weapon in Ye Feng's hands now is the Great Buddha Tower.

At this time, Ye Feng held the Great Buddha Tower in his hand, and it also emitted power, surrounding himself.

Even Murong Mingyue and Murong Jian beside them were enveloped in the power of the Great Buddha Tower and could protect them.

At this moment, Murong Jian looked at the Big Buddha Tower in Ye Feng's hand with envy in his eyes.

After all, this is a super powerful magic weapon passed down from the ancestors of their Murong family.

But for tens of thousands of years, no one in the Murong family has been able to climb to the top of the Great Buddha Tower or control the Great Buddha Tower.

Only Ye Feng could do it. Mastering this super magic weapon naturally made Murong Jian very envious.

Buzz!

At this time, Ye Feng input his magic power and entered the Great Buddha Tower in his hand.

Because for Ye Feng, if he can hunt many demons in the future, his skill may be greatly improved.

After all, Ye Feng has the ability to devour.

So Ye Feng came to this dark cave not just to find the various natural treasures, materials and cultivation resources in this dark cave.

The ferocious demons living in this dark cave are also a huge source of nourishment to Ye Feng.

If you can hunt more, it will naturally be of huge benefit to Ye Feng's skill and cultivation.

At this time, Ye Feng held the Big Buddha Tower in his hand, took Murong Mingyue and Murong Sword with him, and jumped directly into the abyss in front of him, and then quickly descended towards the dark cave.

And when they landed under the abyss, they immediately saw a dark cave under the abyss.

Murong Jian said aloud: "The last time I explored, I just came here. That dark cave should be the entrance to the dark cave. I didn't dare to go in."

Ye Feng nodded.

Uh-huh! Uh-huh! Uh-huh!

At this moment, the three of them walked into the entrance of the dark cave in front of them without any hesitation.

When they entered the inner space of the cave, they immediately saw a quite shocking scene.

After walking through the dark hole, I saw that the inside was not very narrow, but a very huge and wide underground space.

There are dense traffic everywhere

Tao, it looks like a spider's underground lair.

At this moment, suddenly there were two very evil demonic energies in the darkness, and they immediately rushed towards the direction of Ye Feng and the others.

They turned out to be two demons covered in black scales.

Moreover, these demons are different from other demons in that their eyes all emit scarlet light.

This scarlet light actually has a bewitching feeling on people's spiritual soul, making people fall into some kind of illusion for a moment.

This is the very special ancient demon world, the demon clan in this advanced interface.

The demon clan is much more terrifying than the ordinary demon clan, and has the ability to influence people's spirits and souls.

Therefore, the demon clan is very difficult to deal with.

Because they not only have the powerful physical strength of the demons, the majestic magic power of the demons, but also very weird spiritual attack power.

At this time, Murong Mingyue and Murong Jian saw the red light in the eyes of these two demons, and they immediately felt that their spirits and souls were about to sink, and they were about to be pulled into a trap. In this illusion, I felt like I was all groggy and wanted to fall to the ground.

But Ye Feng didn't have any influence at this time.

Because Ye Feng's soul power is too huge.

These ordinary demons, the red light in their eyes could not affect Ye Feng's soul at all.

Ye Feng's spirit is still very strong.

At this time, Ye Feng immediately shouted loudly and said: "Wake up!"

At this moment, as Ye Feng roared, Ye Feng also released his huge soul power at the same time.

Ye Feng's soul power spread directly to the surroundings, directly awakening Murong Mingyue and Murong Jian who were bewitched by the demon rushing over not far away.

Boom!

At this moment, Ye Feng activated the Great Buddha Tower in his hand, and a terrifying and unintentional power burst out.

I saw that inside the Great Buddha Tower, black and golden light of power suddenly burst out. They were the power of Buddha and demon from ancient times. They were directly mixed together, bursting out with terrifying and incomparable destructive power. It just crushed the two ordinary demons that rushed in front of them in an instant.

Seeing this scene at this time, Murong Mingyue and Murong Jian suddenly woke up.

Murong Jian couldn't help but said in horror: "It's so dangerous. If it weren't for you Ye Feng, maybe we would have been succeeded by these two sneak attacks by the demons."

Murong Mingyue couldn't help but nodded with some fear, and said loudly: "This kind of demon,

It is really a very miraculous demon clan that can bewitch people's spirits and souls in an instant. You know, Murong Jian and I are both junior masters, and we were both bewitched in an instant, and the cultivators of these two demons Because the strength is only half-step to dominate, this kind of demon is really weird and terrifying. If it weren't for the huge soul power you released, Ye Feng, all three of us would have died here. "

Ye Feng nodded slightly at this time and said aloud: "These special demons can affect people's spiritual souls in an instant. They are indeed very strange and terrifying. We must be careful later. We must know that these are ordinary semi-human beings." The Heavenly Demon who is Lord Bu is not that powerful at all."

At this time, Ye Feng said, directly releasing the Devouring Domain, and then devoured the blood and energy of the dead demons in front of him.

However, the cultivation of these demons who are attacking in secret are not very powerful, they are only half-step masters.

You know, Ye Feng's current cultivation level is only half-step to the intermediate level.

Therefore, after Ye Feng devoured the blood energy of these demons, his skill only increased a little, but his cultivation level did not change at all, and there was no breakthrough.

However, Ye Feng is not in a hurry. Anyway, he slowly accumulates his skills and can always accumulate his skills to the extreme, and then break through the current bottleneck of cultivation.

At this time, Ye Feng looked at Murong Jian and Murong Mingyue beside him and asked: "Do you want to continue moving forward together, or should I go in and investigate alone?"

Murong Mingyue said: "Let's investigate together. Although we can easily be bewitched by these demons in spirit and soul, as long as we stand by Ye Feng's side, there will be no problem. As long as Ye Feng can guarantee us If your spirit and soul will not be affected and bewitched by these demons, then the combat power unleashed by our junior master-level super geniuses is still very powerful and can help Ye Feng and assist you in your battle."

"Um."

Ye Feng immediately stopped and nodded, then took Murong Mingyue and Murong Jian with him and continued towards the depths of this dark cave.

At this time, Ye Feng spoke up and said: "You two stand closer to me. In this case, my soul power can cover your bodies at any time, so that you will not encounter the mental and soul temptations of these demons."

"good."

At this time, Murong Mingyue and Murong Jian both nodded.

For Ye Feng, if Murong Mingyue and Murong Jian follow him, it will indeed help him a lot.

Because no one knows how many demons live in this dark cave.

If there were many extremely powerful demons besieging Ye Feng, maybe Ye Feng really wouldn't be able to fight against them.

But with Murong Mingyue and Murong Jian helping on both sides, the pressure will definitely be much less.

After all, although Murong Jian and Murong Mingyue are not as good as Ye Feng's own cultivation strength, you must know that Murong Jian and Murong Mingyue are the top super geniuses in the Origin World, and they are both junior master level existences.

Their fighting power is still very strong.

At this time, with their own soul power, they can help Murong Jian and Murong Mingyue avoid the bewitchment of the spirit and soul by those demons, which naturally allows the two to fully unleash their respective powerful combat capabilities.

At this moment, the three of them continued to move forward.

After they walked a certain distance, Murong Jian seemed to see something, and he couldn't help but said in surprise: "Look at that underground rock. There are a lot of dark Ganoderma growing on it."

At this time, Ye Feng and Murong Mingyue also looked in that direction, and immediately discovered that there were indeed many palm-sized Ganoderma growing on a huge rock. The whole body was pitch black, exuding a faint scent of heaven and earth. Qi.

This kind of dark Ganoderma is not a Ganoderma with dark attributes, but a special kind of heavenly material and earthly treasure. It does not contain dark attributes, so anyone can use it to increase their own power.

Uh-huh!

At this time, the three of them came directly to the stone and divided up the pile of dark Ganoderma lucidum.

After Murong Jian and Murong Mingyue divided up their respective dark lingzhi, they put them into storage rings.

It seems that he is waiting to use it to refine elixirs after returning to the Murong family, thereby improving his cultivation.

But Ye Feng was very simple and direct at this time, and just swallowed all the dark Ganoderma lucidum he got.

Boom!

At this moment, a majestic medicinal power exploded in Ye Feng's body.

Ye Feng immediately felt that his skills had been greatly improved and increased.

However, there is still some distance to go before breaking through the real bottleneck.

But it's fast.

At this time, Ye Feng was very happy.

This time I arrived in this dark cave, which was of great help to me.

In just a short moment, he had already swallowed two heavenly demons and a bunch of dark lingzhi, which increased his power a lot.

And at this moment, seeing Ye Feng swallowing these dark ganoderma directly, Murong Jian, who also got the dark ganoderma, immediately said with great envy: "Ye Feng, your swallowing ability is also impressive. Amazing."

I have to say that the longer I spend time with Ye Feng, the more I can feel Ye Feng's evil talent and endless magical methods, which are breathtaking and shocking.

Even Murong Jian, a super genius of the Murong family, is praising Ye Feng more and more.

Chapter 4050 Like divine help

At this time, the three of them continued to move forward, because the most important thing for them now was to eradicate all the demons in this dark empire.

In this way, they can be stationed in the base camp not far away and enjoy a safe environment.

It allows hundreds of geniuses from the Murong family to safely search for various cultivation resources around them and improve themselves.

At this time, Ye Feng held the Big Buddha Tower in his hand and continued to lead Murong Jian and Murong Mingyue forward in the underground space of this dark cave.

At this time, Murong Jian couldn't help but sigh and said: "The power of this Big Buddha Tower is really terrifying. Just now I just saw Ye Feng, you casually inspired the power of this Big Buddha Tower, and suddenly there was an ancient power. The power of Buddha and demon merged together, erupting with terrifying destructive power, killing the two powerful demons just now, which is really unbelievable. "

Ye Feng smiled slightly at this time and said loudly: "This Big Buddha Tower is indeed a very powerful super magic weapon. The ancestor of your Murong family back then, I guess he found very advanced materials from some advanced cultivation interfaces, so Only then can we cast such an extremely powerful super magic weapon."

Murong Mingyue said aloud at this time: "The reason why the Great Buddha Pagoda is so powerful, I think, is probably because it contains the power of the ancient Buddha and the devil, because the ancient Buddha and the devil are two completely different things. Power can perfectly fuse them together. The power that explodes is naturally very terrifying and has incredible effects. Just as some practitioners can fuse fire and water together, they can also explode with extremely terrifying destructive power. "

While the three of them were talking, they suddenly saw an underground palace appearing in front of them.

There are actually more than a dozen demons wearing black armor in this underground palace, enjoying a feast there.

What they ate turned out to be some ancient monsters.

There are even descendants of mythical beasts, such as the golden-winged roc whose body is covered with golden hair.

There are also unknown monsters with more than a dozen wings.

But it can be seen that the status of these "foods" is very noble.

But now they have become the food of these dozens of demons.

Only wreckage and bones remained.

At this moment, Ye Feng immediately sensed the cultivation aura emanating from these dozen extremely powerful demons. They were clearly the existences of the real intermediate master level!

These dozen demons seem to be powerful beings who dominate the eighth or even ninth level at the intermediate level!

At this time, even Murong Mingyue and Murong Jian suddenly showed deep fear in their eyes.

Ye Feng said at this moment: "Let's attack directly."

Boom!

After finishing speaking, Ye Feng was very simple and direct.

, just input your own mana, enter the Great Buddha Tower in your hand, and then rush out directly as the first person.

Because Ye Feng knew very well that this time they came to the dark cave to eradicate all the powerful demons in the dark cave to prevent them from threatening the Murong family's base camp where hundreds of young geniuses were stationed.

So at this time, Ye Feng naturally did not hesitate and just attacked forcefully.

Moreover, Ye Feng rushed out first to relieve the pressure on Murong Mingyue and Murong Jian behind him.

Because the person who bears the brunt will definitely be attacked by the spirit and soul of those dozen extremely powerful demons.

Ye Feng was the only soul master among the humans present, so he naturally had to withstand more attacks from the spirits and souls of these demons.

Otherwise, Murong Jian and Murong Mingyue will definitely not be able to exert their due fighting power, and their spirits and souls will be affected in an instant, thus completely losing their fighting power.

Sure enough, the moment Ye Feng rushed out, the dozen powerful demons in armor who were enjoying the feast all stood up one after another.

When they saw Ye Feng, they immediately smiled coldly and said: "A human race who is not afraid of death actually came here. The aura of this human race boy is very sacred. I am afraid he also contains very high-quality blood. It is just right to He kills and eats it directly, which has a huge nourishing effect on us demons. "

At this time, more than a dozen intermediate-level demons dominating the eighth level, and even intermediate-level demons dominating the ninth level, all of a sudden burst out with their own incomparable power.

They first exude their best soul and spiritual attack methods.

At this moment, Ye Feng immediately saw that the eyes of these dozen extremely powerful demons burst out with colorful light.

There are bright red lights, various blue lights, and some pure black lights.

Obviously, the soul attack power awakened by each demon has a different color of light, but they are all very terrifying.

Ye Feng immediately felt his spirit and soul at this moment, and immediately fell into an endless illusion.

Even though Ye Feng's soul power was very huge, it was a little overwhelming at this moment.

At this moment, Ye Feng didn't hesitate at all, and directly burst out the powerful inheritance of the Heavenly Demon Clan that he had practiced before, the Heavenly Demon Dance.

This is what Murong Jian deciphered from the inside of the golden coffin, the powerful inheritance of the Demon Clan.

It is also a kind of spirit and soul that can create

A legacy of damage.

So at this time, Ye Feng released the Demon Dance.

Wow!

In the void around Ye Feng, illusions and phantoms of roaring ancient demons suddenly condensed, and they attacked directly forward.

Countless demon phantoms suddenly collided with the colorful spiritual light that burst out from the eyes of a dozen demons.

The entire venue suddenly erupted with roars from the soul level.

At this moment, the dozen or so strong men from the Heavenly Demon Clan who were attacking Ye Feng couldn't help but said in surprise: "How is that possible! How could you, a human boy, have cultivated something like one of our Heavenly Demon Clan?" The unique inheritance of Tianmo Ranwu? This inheritance has been lost for a long time. Where did you get it? "

Ye Feng just smiled coldly at this time and didn't say much. Instead, he fired the Big Buddha Tower in his hand crazily, releasing the ancient power of Buddha and demon.

Boom!

Boom!

Suddenly, the terrifying golden and black power merged together and blasted out from the inner space of the Great Pagoda.

Like an infinite ocean and a frenzy, it swept forward and attacked the dozen or so powerful demon clan men.

Although these dozen or so strong men from the Heavenly Demon Clan are all intermediate-level masters of the eighth or even ninth level.

But Ye Feng's cultivation level is also half of the intermediate level, and Ye Feng's combat power is already very terrifying.

So at this moment, Ye Feng relied on the power of one person to bombard a dozen intermediate masters of the eighth level and even the ninth level of the Demon Tribe, who couldn't help but fall back.

"Strong!"

Seeing this scene, Murong Jian behind him couldn't help but exclaimed in amazement: "Ye Feng's true combat power is too powerful."

Murong Mingyue did not waste any time at this moment, and immediately said: "Let us help Ye Feng quickly kill these dozen powerful demons, and don't let them recover. I feel this darkness Deep in the cave, there are even more powerful demons."

Hearing what Murong Ling said at this time, Murong Jian also nodded quickly, holding the long sword in his hand, and directly burst out thousands of sword lights.

From Ye Feng's left side, he headed towards the dozen or so powerful demon clan men who were pushed back by the blast and killed them.

A silver crescent also appeared in the center of Murong Mingyue's eyebrows, blooming with silver light and attacking more than a dozen powerful Heavenly Demons from Ye Feng's right side.

Under the terrifying alternating attacks of the three super geniuses of the human race, more than a dozen strong men of the demon race were defeated in one fell swoop.

.

"ah!"

"ah!"

"ah!"

Accompanied by screams, among the dozen demons, nearly half of them suddenly died.

The remaining half of the powerful Heavenly Demons immediately said in horror: "No! These young people from the human race are not ordinary practitioners. They are probably super geniuses among the human race. Their fighting power is too terrifying. , although their cultivation is weaker than ours, their combat power is not weaker than ours at all, and is even much stronger than ours, especially the human kid in the middle holding the eighteen-story tower. His attack power is really terrifying, and he also has the ability to fight against us. The innate soul attack power of the Demon Clan is really incredible. We hurriedly fled to the depths of the cave to seek help from the Lord of the Cave. "

"They want to escape!"

At this time, seeing the remaining half of the demons, they quickly retreated towards the back of the cave. Ye Feng immediately yelled.

“The Great Stupa!!”

At this moment, Ye Feng directly threw the Big Buddha Tower in his hand away.

The Great Buddha Tower flew high into the sky, expanded rapidly, and then turned into a towering and majestic mountain-like structure. It suddenly covered the heads of the powerful demons who were preparing to escape.

Although the cultivation levels of these powerful Heavenly Demons are all at the ninth level of the Intermediate Master, Ye Feng's magic power is extremely powerful and is definitely comparable to a real Intermediate Master.

And in front of the Great Buddha Tower, a super magic weapon passed down by the ancestors of the Murong family, these few have no good weapons.

Naturally, the strong man from the Heavenly Demon Tribe could not resist. He was suddenly blasted to pieces by the mountain-like Great Buddha Tower and fell to the ground dead.

At this time, Murong Mingyue and Murong Jian, who were assisting in the attack, also stopped their movements instantly.

At this time, Murong Jian couldn't help but sigh and said: "Ye Feng, your fighting power is really too strong. After getting the Great Buddha Tower, you are like a divine help. You are even more powerful than a tiger."

Ye Feng smiled slightly at this time and said aloud: "This Great Buddha Tower is indeed a very terrifying and powerful weapon, and it is very powerful."

At this moment, Ye Feng said, and walked forward directly, with a look of deep expectation in his eyes, and immediately released the Devouring Domain, and began to devour the dozen or so powerful demon clan men in front of him who had been killed by them.

At this time, Ye Feng's eyes showed deep excitement.

Because you must know that the dozen or so powerful Heavenly Demons who were killed were all beings at the eighth or even ninth level of the Intermediate Dominator. Their blood energy is naturally very majestic and will definitely make them The power has been unparalleledly improved and strengthened.
