

Ancient 4071

Chapter 4071 Serve Your Excellency

At this time, Ye Feng's cultivation level has been greatly improved, which naturally makes Ye Feng very happy.

Uh-huh!

Next, Ye Feng didn't hesitate and walked directly towards the Holy Grail of the Human Emperor not far away.

Buzz!

But the moment Ye Feng approached the Human Emperor's Holy Grail, the golden light emanating from the Human Emperor's Holy Grail actually blocked Ye Feng from outside.

"Um?"

After sensing all this, Ye Feng immediately showed a trace of surprise in his eyes.

Unexpectedly, the Holy Grail of the Human Emperor not only resisted those dark monsters, but also resisted the human race itself.

It seems that this Holy Grail of the Human Emperor really gave birth to its own wisdom, and the wisdom is not low, knowing that Ye Feng wants to get it.

"Buzz!"

At this moment, a phantom emitting golden light was suddenly condensed in the Holy Grail of the Human Emperor.

This shadow exudes a very ancient and noble atmosphere, giving people a very noble feeling.

It's like the ancient Human Emperor has revived.

At this moment, the phantom condensed from the Holy Grail of the Human Emperor stared at Ye Feng in front of him, and slowly said: "I have been born with spiritual wisdom, and I am no longer a dead thing. I will not allow it." If anyone takes possession of it, please take it back."

Hearing what the phantom in the Human Emperor's Holy Grail said, Ye Feng was stunned for a moment, then smiled and said, "I came specifically for you, the Human Emperor's Holy Grail, how could I just leave like this."

Uh-huh!

The moment Ye Feng finished speaking, he took action boldly, and his entire body erupted with the aura of a terrifying senior master.

Even though he was only on the first level of Advanced Dominion, the power that Ye Feng unleashed was simply earth-shattering.

"Click, click!"

At this moment, the golden energy shield released by the Holy Grail of the Human Emperor was instantly shattered by Ye Feng's terrifying power.

"What??"

Seeing this scene, the phantom condensed in the Holy Grail of the Human Emperor was immediately shocked, and couldn't help but said in horror: "You just broke through to the high-level master, how could you have such a powerful power? Impossible! This kind of power is simply comparable to the power of the 100th level of ordinary high-level masters! How could a being with such terrifying combat power be born in our world!"

At this time, Ye Feng was too lazy to talk nonsense and walked directly in front of the Holy Grail of the Human Emperor.

Uh-huh!

The condensed golden shadow suddenly rushed in front of Ye Feng and said loudly: "I can surrender to you! You can directly refine this Holy Grail of the Human Emperor. Don't obliterate my will. I am willing to serve you. "

Hearing what the Human Emperor Holy Grail said, Ye Feng's eyes revealed a trace of surprise, and he asked: "I directly refined the Human Emperor Holy Grail, and I can directly exert the power of the Human Emperor Holy Grail. Keep it." What's the use of you?"

The golden shadow immediately spoke out: "I can exert the power of the Holy Grail of the Human Emperor to a great extent. I don't need your power, master, to exert the power of the Holy Grail of the Human Emperor."

It has to be said that this weapon spirit of the Holy Grail of the Human Emperor is very aware of current affairs, and he immediately started calling Ye Feng "master".

Obviously, the weapon spirit, who was very domineering just now, immediately gave in after seeing Ye Feng's terrifying cultivation strength.

At this moment, Ye Feng heard the weapon spirit in front of him say this, and there was a trace of surprise in his eyes, and he said: "You don't need me.

With mana input, can you also control the Holy Grail of the Human Emperor and exert powerful power? This is the first time I have seen this kind of magic weapon. "

The Human Emperor's Holy Grail weapon spirit immediately spoke out: "Because the Human Emperor's Holy Grail is different from other ordinary magic weapons. The Human Emperor's Holy Grail is something forged by the ancient emperor of the human race. It is not only a magic weapon, but also a kind of ancient human race." The Holy Grail of the Human Emperor is an artifact used by the emperor to worship the gods, so it has mysterious power. The Holy Grail of the Human Emperor can actively communicate with the energy of the entire universe, absorb the energy in the universe, and thus exert the power of the Holy Grail of the Human Emperor. In addition, If I keep it, I can use the power of the Holy Grail of the Human Emperor to condense into the true form of the ancient Human Emperor. I am very powerful in combat. If the master keeps me, the benefits will definitely outweigh the disadvantages. "

Hearing what Qi Ling said, Ye Feng's eyes showed a trace of interest.

If this Holy Grail of the Human Emperor, under the control of the weapon spirit, can really fight alone without relying on the input of mana, then it is still very good. It is equivalent to having a powerful helper who can fight on his own.

You must know that Ye Feng currently has two powerful super magic weapons, namely the Great Buddha Tower from the Murong family, and the ancient dark war spear that Ye Feng previously plundered from the Lord of Death.

Therefore, Ye Feng felt that keeping the artifact spirit of the Human Emperor's Holy Grail might be of great use to him.

As for the divine substance in the Holy Grail of the Human Emperor, it will not be too late to absorb the divine substance in it after the value of the Holy Grail of the Human Emperor is drained.

Anyway, the Holy Grail of the Human Emperor is always in his hands, and he is not afraid of the divine substance escaping.

At this time, Ye Feng made a decision in his heart. He nodded immediately, looked at the artifact of the Holy Grail of the Human Emperor in front of him, and said, "Okay, then I will spare your life first."

The weapon spirit immediately said overjoyed: "Thank you, master!"

At this moment, the weapon spirit turned into a golden light and entered the Holy Grail of the Human Emperor in front of him.

At this time, Ye Feng stepped forward, stretched out his hand, and touched the Holy Grail of the Human Emperor in front of him.

"Buzz!"

The next moment, Ye Feng directly input his divine thought and entered the Holy Grail of the Human Emperor in front of him.

With the help of the weapon spirit without any resistance, Ye Feng quickly refined the Holy Grail of the Human Emperor in front of him.

Buzz!

At this moment, the Holy Grail of the Human Emperor was floating directly around Ye Feng, rotating around Ye Feng, looking like a spiritual creature.

Ye Feng glanced at the Holy Grail of the Human Emperor spinning around him, exuding a faint sacred golden light, with a look of satisfaction in his eyes.

The Holy Grail of the Human Emperor can fight on its own, and its combat effectiveness is estimated to be very powerful. It means that I have an extra helper who is not afraid of death or pain, which is still very good.

Ye Feng did not put the Holy Grail of the Human Emperor into his storage ring, but kept the Holy Grail of the Human Emperor around him, so that he could protect himself and prevent danger at any time.

At this time, Ye Feng took the Holy Grail of the Human Emperor, jumped up, and left the palace treasure house of the Great Xia Dynasty.

When Ye Feng returned outside, he immediately saw Princess Ziyun standing in front of the body of the Emperor of Great Xia, with a look of sadness on her beautiful face.

"Report!"

Suddenly at this moment, a guard from the Great Xia Dynasty flew over not far away and said to Princess Ziyun in horror: "Your Highness, millions of monsters from the Black Wind Forest have gathered outside the border. The army, the city wall collapsed, countless masters lost their lives, and now the emperor is dead. Your Highness, is our Great Xia Dynasty finished? "

Chapter 4072 Dark Master

At this time, Ye Feng heard what the panicked Daxia Dynasty guard said, and a look of surprise suddenly appeared in his eyes.

It seems that the death of the top Warcraft master here has attracted the attention of the Warcraft army in the Black Wind Forest.

That's why that army of warcraft attacked the borders of the Great Xia Dynasty.

At this moment, before Ye Feng could say anything, Princess Ziyun immediately looked at Ye Feng and Shang and couldn't help but said: "Two seniors, please help our Great Xia Dynasty to resist the army of monsters."

Ye Feng nodded slightly at this time, glanced at the Human Emperor Holy Grail surrounding him, and said loudly: "Don't worry, since we promised you something, we will definitely do it."

After finishing speaking, Ye Feng looked directly at Shang beside him and said loudly: "Let's go directly to the border land. First, we will solve the trouble of the millions of Warcraft army, and then we will find the trouble of the Dark Master."

At this moment, when he heard Ye Feng say that he wanted to go directly to the Dark Master to trouble him, Shang seemed to realize something. He immediately stared at Ye Feng, sensed it, and couldn't help but said in surprise: "Brother Feng, I didn't expect you to have broken through to the first level of senior domination so quickly. It seems that you got a lot of good things in this dynasty treasure house."

Ye Feng smiled and shook his head at this time, and said aloud: "What good things can be found in the treasure house of a small mortal cultivation dynasty? It is those top-level monsters that I devoured, which greatly improved my skills. , which transformed me."

After finishing speaking, Ye Feng glanced at the Human Emperor Holy Grail surrounding him and said loudly: "And I now control this Human Emperor Holy Grail. This Human Emperor Holy Grail is a very powerful magic weapon and can be released independently. strength, so we should be much more confident in dealing with the Dark Master now than before."

Hearing what Ye Feng said, Shang nodded immediately and said expectantly: "I hope we can kill the Dark Master."

At this time, one person and one dragon were talking, and they flew directly towards the border area of the Great Xia Dynasty.

Princess Ziyun

Seeing this scene, he quickly followed him.

She wanted to see Ye Feng and Shang with her own eyes and destroy the army of millions of monsters that would invade, so that she would feel relieved.

In fact, Princess Ziyun knows that Ye Feng and Shang are both very powerful beings, transcendent beings at the level of the lord of the restricted area.

But the menacing army of millions of monsters is also very terrifying.

I don't know if the two seniors, Ye Feng and Shang, can withstand it.

But what made Princess Ziyun feel horrified.

When they came to the frontier land.

The next moment, she saw Ye Feng slapped him away.

A big hand covering the sky and the sun suddenly appeared in the whole world, and instantly killed all the millions of monsters.

"this....."

Seeing this scene, Princess Ziyun was immediately stunned on the spot, her mouth opened wide, and she couldn't believe her eyes.

At this time, Princess Ziyun finally understood how powerful Ye Feng was.

This level of existence is indeed a transcendent existence, which is beyond my imagination.

Every move has the power of heaven and earth.

It is not a transcendent existence that can be defeated by relying on human sea tactics.

At this moment, Princess Ziyun was completely relieved.

And Ye Feng and Shang didn't hesitate at all. After destroying an army of millions of monsters, Ye Feng devoured it and directly let his first level of advanced master cultivation level enter the tenth level of advanced master.

Then Ye Feng didn't hesitate at all, and He Shang flew quickly towards the depths of the Black Wind Forest, wanting to directly find the Dark Master.

That

In fact, the moment Ye Feng destroyed an army of millions of monsters, the dark mage in the deepest part of the Black Wind Forest was already aware of everything here.

He immediately yelled angrily: "Demon Dragon Emperor, you are so brave, you dare to bring people to destroy my place, I will definitely kill you today."

Along with this huge roar, a figure covered in infinite black energy flew out from the deepest part of the Black Wind Forest in an instant.

It is the Dark Master.

The aura of the Dark Master is very terrifying, making people feel like a terrifying creature born from the infinite darkness.

At this moment, the Dark Master held an ancient scepter in his hand, and immediately stared at Ye Feng and Shang who were flying from the front.

He stared at Shang and didn't pay much attention to Ye Feng.

Obviously, like the Lord of Death, the Dark Master feels that Shang is the most powerful.

And Ye Feng is just a weak human boy.

At this moment, Ye Feng sensed the cultivation aura of this dark archmage. As expected, he had surpassed the Great Perfection Master and stepped into the infinite realm above the Master.

This dark mage is a terrifying existence at the level of half-step infinite realm.

I have to say that being able to practice to this level in this small world is already very extraordinary.

But Ye Feng thought of what the deceased emperor of the Xia Dynasty said before.

This dark mage seems to come from outside the small world.

So being able to become so powerful is quite normal.

While Ye Feng was silently observing the dark mage, the dark mage stared at Shang in front of him and said coldly: "Demon Dragon Emperor, since you are here today, then I am just right. I killed you directly.

At that time, all the wealth and accumulation in your wild forest will be plundered. "

Hearing what the Dark Master said, Shang didn't bother to care at all and said loudly: "My brother and I came here today just to hunt you down. Don't talk nonsense and just do it."

Boom!

At this moment, Shang didn't hesitate at all, and his whole body suddenly burst out with terrifying power.

His entire dragon body is more than 10,000 meters long, towering and majestic, like a dragon body made of steel. It has terrifying power and directly attacks the dark archmage fiercely.

The Dark Master didn't seem to have any panic at this time, and raised the scepter in his hand.

A bright dark light suddenly erupted from his scepter, and it immediately covered the front, shrouding Shang's entire body in a dark field.

At this moment, the Dark Master immediately burst out laughing and said: "Demon Dragon Emperor, although you are also very powerful, there is a big gap between your and my cultivation levels, and you don't understand what I have. No matter what method you use, just enjoy my dark realm."

At this moment, Shang was surrounded by crazy attacks.

But he suddenly discovered that he could not find his direction in the dark field, as if he was lost in the darkness.

Seeing this scene, the dark archmage revealed a sarcastic smile in his eyes, and said aloud: "The Lord of the four life restricted areas, the Demon Dragon Emperor, you are the weakest one, and you dare to provoke me, you are simply asking for your own death."

Ye Feng suddenly laughed out loud not far away and said, "It seems you don't care about my existence at all."

The dark mage glanced at Ye Feng, who was not far away, and immediately smiled faintly, and said: "The cultivation level of the tenth level of the senior master? You are like an ant. Who do you think you are, worthy of my attention?"

Chapter 4073 Lurking in the Void

At this moment, Ye Feng immediately grinned when he heard the Dark Master say this.

This dark mage probably doesn't know how powerful he is yet.

In this regard, Ye Feng didn't bother to explain anything at all, and directly burst out his terrifying cultivation.

That was clearly the cultivation aura of the tenth level of the senior master.

Seeing Ye Feng directly bursting out his own aura, the Dark Master immediately burst out laughing very sarcastically: "Young boy from the human race, no matter how much you burst out your own cultivation aura, you will only be on the tenth level of a senior master after all, and I am You have surpassed the Lord of Dzogchen and are a transcendent existence in the half-step infinite realm above the Lord. For a weak ant like you, I don't need to use any inheritance methods at all, I can just crush you to death with one finger. " .???.??

At this time, when the Dark Master said, he actually held out a finger very contemptuously.

Buzz!

As he stretched out his finger, the energy in the entire world instantly began to riot, and the whole world was trembling.

I saw an extremely ancient and huge finger, exuding dark and boundless energy, appearing in the entire sky in an instant.

It's like the ancient dark god stretched out a finger, spanning the long river of time, and possessing incomparable terrifying power.

I have to say that this dark mage is indeed very terrifying.

Even just one finger contains the power of an ancient god.

At this moment, Ye Feng immediately felt tremendous pressure.

It has to be said that the cultivation of this dark mage has reached a very terrifying level. Every casual move can cause drastic changes in the power of heaven and earth.

At this moment, Ye Feng didn't hesitate at all, and directly exploded into the Dzogchen Future Body.

Boom!

At this moment, Ye Feng's cultivation aura immediately began to surge rapidly and continuously.

Directly from

The tenth level of Senior Overlord suddenly reached the Great Perfection of the 100th level of Senior Overlord!

At this moment, the Dark Master immediately sneered and said: "Even if you, a human boy, have this kind of secret technique that can forcibly improve your own cultivation, it will be of no use. Even if you have it in a short period of time, With the cultivation aura of the 100th level of the Great Perfection of the Senior Master, the gap between you and me is still too big to be bridged. Just like the gap between heaven and earth, you are destined to be just an ant in my eyes."

At this moment, the god-like dark fingers suppressed Ye Feng from high in the sky.

But at this moment, Ye Feng forcibly raised his cultivation level to the 100th level of the Advanced Dominator.

Then Ye Feng's skill instantly burst out with terrifying power, which was directly input into the Great Buddha Tower.

Uh-huh! Uh-huh!

At this moment, a Buddha emitting golden light and a devil emitting dark light suddenly appeared in the Great Buddha Tower, directly blocking the huge finger of darkness suppressed from high in the sky.

"Um?"

Seeing this scene, the dark mage immediately showed a look of surprise in his eyes and said loudly: "Oh? I didn't expect that your kid actually has such a powerful super magic weapon, can exert such a powerful force, and can withstand One of my fingers, yes, yes, then I will kill you and plunder this super magic weapon from you."

But at this moment, Ye Feng quickly rushed towards Shang.

A brilliant golden light suddenly burst out from Ye Feng's fists, shattering the dark realm that trapped Shang into pieces.

To know

, Ye Feng's current cultivation level has been forcibly upgraded to the 100th level of Advanced Master in a short period of time.

Therefore, the divine power that burst out from Ye Feng's fists was naturally even more terrifying, directly shattering the dark realm that trapped Shang.

"What?"

After seeing this scene, the color on the face of the Dark Master not far away finally changed.

He immediately said in horror: "How is this possible? My dark realm is condensed with endless black magic. Even a guy like the Demon Dragon Emperor cannot escape. You How could a little human boy use a pair of fists to smash this dark realm into pieces?"

At this moment, the dark mage stared at the bright golden light emanating from Ye Feng's fists. He seemed to realize something, and immediately couldn't help but said in horror: "Young man, you are among the fists What kind of energy is the golden energy that bursts out? How come I feel a tremor from my soul? Is this golden energy the legendary Celestial Clan..."

The dark mage was obviously well-informed at this time, and he suddenly recognized that the golden energy erupting from Ye Feng's fist belonged to the legendary and unique immortal race of gods.

At this moment, the Dark Master immediately stared at Ye Feng, with a deep greed in his eyes, and even said a little crazy: "Good boy, you are simply sending heaven to me. By great chance, I came from outside the territory, used a dark divine thought, paid a huge price, and occupied an ordinary body in this small world. In the end, I can only cultivate to this level, but if I get With your boy's Immortal Bones and Immortal Body, I can't even imagine how terrifying my future cultivation will be."

At this moment, the Dark Master immediately raised the scepter in his hand and frantically began to attack those in front of him.

Ye Feng.

At this time, Shang was rescued from the dark realm by Ye Feng.

Shang immediately spoke out: "Feng Boy, let me block this dark mage's terrifying attack power for you. You can find a way to kill him."

Ye Feng immediately nodded, then looked at the Holy Grail of the Human Emperor surrounding him, and said loudly: "You should stop wandering around me, and work with Shang to block the attack of the dark archmage."

Naturally, the Holy Grail of the Human Emperor did not dare to disobey Ye Feng's order, and immediately burst out with bright golden light alone.

When I saw the Holy Grail of the Human Emperor, I immediately opened the lid and absorbed infinite energy from the entire world.

Then the weapon spirit in the Holy Grail of the Human Emperor immediately flew out from the Holy Grail of the Human Emperor and directly transformed into a huge dharma image of heaven and earth wearing a golden dragon robe.

This dharma of heaven and earth is the dharma of the ancient ancient human emperor. It has the power of the ancient human emperor, and it is still very terrifying.

At this moment, the Holy Grail of the Human Emperor, which had become the Dharma of Heaven and Earth, and the old demon dragon Shang were advancing side by side, rushing in the direction of the Dark Archmage, and were fighting with the Dark Archmage in an instant.

Boom! !

The entire world was suddenly filled with terrifying roars.

At this time, Ye Feng was using the power of the void. He was lurking in the void, sneaking behind the Dark Master, preparing to give the Dark Master a fatal blow.

At this moment, Ye Feng was lurking in the void, and in his hand appeared the ancient dark war spear, the terrifying weapon of the Lord of Death.

Ye Feng knew that if he wanted to kill this dark mage, he had to give him a fatal blow. Otherwise, if he waited too long, it would be difficult to kill a transcendent existence of this level.

Chapter 4074 God of Darkness

Buzz!

At this moment, Ye Feng was using the power of the void to lurk in the void, wanting to give this dark mage a fatal blow.

But the dark mage seemed to have anticipated Ye Feng's plan, and immediately released the black magic.

Buzz!

Next, endless black magic formed a sea of black magic around the Dark Master.

With this sea of black magic, if Ye Feng gets close to the Dark Master, he will be noticed in an instant.

Even if Ye Feng is lurking in the void, it will be of no use. ??

At this time, the Dark Master immediately laughed out loud: "Young boy, you want to lurk in the void and attack me. This is impossible. Wait until I attack the Demon Dragon Emperor and the Dharma of Heaven and Earth." It's your turn to kill this insidious human boy."

At this moment, after the Dark Master finished speaking, he yelled: "Dark Magic Light Wave!"

Boom!

The next moment, the Dark Master frantically burst out his extremely powerful black magic.

In front of him, dark light groups suddenly appeared.

There are dozens of dark light groups.

Within each dark light group, terrifying dark light waves suddenly erupted, possessing extremely terrifying destructive power, directly bombarding the Holy Grail of the Emperor of Shanghe ahead.

Boom! !

At this moment, even a powerful being like Shang was bombarded by the terrifying black magic light waves and fell back again and again.

The ancient Human Emperor's Dharma that was transformed into the Holy Grail of the Human Emperor was suddenly penetrated through the whole body.

I have to say that this dark mage is really terrifying, many times more difficult to deal with than the headless black knight of the Sea of Death.

"hateful!"

At this time, Ye Feng was lurking in the void and couldn't help it anymore, so he took action directly.

Because the sea of black magic surrounding this dark mage can sense himself lurking in the void in advance.

Therefore, Ye Feng continues to lurk in the void and is of no use anymore.

At this moment, Ye Feng immediately rushed out of the void, his whole body glowing with incomparable brilliant light.

He held the ancient dark war spear of the headless black knight in his hand, and he was like an ancient god of war, charging directly in the direction of the dark archmage.

Boom!

At this moment, the dark light ball surrounding the Dark Master automatically burst out with black magic light waves, blasting towards Ye Feng crazily, destroying Ye Feng in an instant.

But at this moment, Ye Feng held the ancient dark war spear in his hand and attacked forcefully, directly shattering the dark light waves.

Seeing this scene, the Dark Archmage suddenly showed surprise in his eyes. He immediately stared at the black spear in Ye Feng's hand and couldn't help but said: "This is the Mountain of Death. How come the Lord's Ancient Dark War Spear is in your hands? Wouldn't you kill the Lord of Darkness?"

At this time, the Dark Master said, with a cold look in his eyes.

At this time, he finally understood that the Demonic Dragon King of the Wild Forest and this terrifying human boy came specifically to hunt down the lords of the restricted area.

At this moment, Ye Feng didn't bother to explain anything at all, and madly burst out the power of the ancient dark war spear.

What made Ye Feng's eyes show surprise was that when he injected the power of the Celestial Clan in his two fists into the ancient dark war spear in his hand, the ancient dark war spear actually burst out with even more terrifying power.

Sensing all this, Ye Feng immediately understood that the power of the Celestial Clan,

Not only can it enhance one's combat effectiveness, but it can also enhance one's own weapons, making their weapons explode with even more terrifying power.

At this moment, there seemed to be something terrifying in the ancient dark war spear, which was aroused by the divine power surging out of Ye Feng's fists.

Boom!

At this moment, a terrifying dark light burst out from the ancient dark war spear.

This piece of dark light actually condensed on the ancient dark war spear, a shadow of the majestic God of Darkness that was tens of millions of meters tall.

This phantom, boundless majesty and boundless darkness, stands tall and majestic, giving people an endless sense of majesty.

Seeing this scene, the Dark Master immediately couldn't help but said in horror: "How is this possible? That headless black knight can't arouse the will of the dark god in this ancient dark war spear, you boy. How can it be induced? This is impossible!"

At this moment, Ye Feng actually didn't even think about it. He was just trying to input the divine power in his fist into the ancient dark war spear in his hand to see if he could enhance the power of the ancient dark war spear.

Unexpectedly, it actually aroused the will of the dark god in the ancient weapon of the ancient dark war spear.

At this moment, Ye Feng's eyes immediately revealed a look of deep surprise.

This ancient dark war spear is indeed his favorite weapon.

As expected, it contains very terrifying power.

At this moment, Ye Feng's divine power completely aroused the will of the dark god in this ancient dark war spear.

I saw the majestic will of the God of Darkness, tens of millions of meters long, filled with unparalleled power, charging towards the Dark Master.

The waves of black magic around the Dark Master, as well as the sea of black magic condensed around him, are simply unstoppable.

The will of the dark god among the ancient dark war spears was directly shattered by the entire impact.

Then under the horrified gaze of the Dark Master, Ye Feng's ancient dark war spear directly pierced his head.

"ah!!"

At this moment, the dark archmage immediately revealed a look of deep fear in his eyes, and let out an earth-shattering roar.

The dark mage's body stiffened and he felt endless pain, spreading from his head to his entire body.

Then.

Dark Archmage, die!

At this time, Ye Feng's eyes were full of deep surprise.

Unexpectedly, the one who finally defeated the enemy was the ancient dark war spear in his hand.

At this moment, with the fall of the Dark Master, the Holy Grail of the Human Emperor not far away immediately flew around Ye Feng, and a shocking voice came out: "The master is really awesome!"

At this moment, Shang also flew over quickly, with deep surprise in his eyes, and said loudly: "I didn't expect this ancient dark war spear to have such terrifying power."

Ye Feng nodded and said: "The terrifying power in this ancient dark war spear is the will of the God of Darkness. It was inspired by the power of my god. The headless black knight before did not show it at all. The real source power of this ancient dark war spear, otherwise, we would not be able to kill the headless black knight at all."

Shang nodded immediately, then looked at the fallen Dark Master, and immediately said in great surprise: "Finally we have killed the Dark Master. There are many rich natural resources in this

Black Wind Forest. , let's search quickly. There is also this dark mage who comes from outside this small world. It seems to come from the starry sky. Perhaps, he has also brought good things from the depths of the universe.”

Chapter 4075 Another way of practice

The universe is vast and infinite.

The starry sky is vast and boundless.

No one knows how many secrets there are in the boundless starry sky.

In the deep and endless universe, no one knows how many ancient and vast cultivation civilizations and life civilizations there are.

Therefore, both Ye Feng and Shang are very interested in what this dark mage left behind.

The emperor of the Great Xia Dynasty said before that this dark mage came from the depths of the boundless universe and starry sky outside this small world.

Therefore, Ye Feng and Shang naturally attach great importance to this dark mage.

The blue-blooded human race that was repairing the space warship that Ye Feng and a group of geniuses from the Murong family met before was a practicing civilization from an ancient star deep in the starry sky.

This race is very magical and very powerful.

Therefore, Ye Feng and Shang are very clear about the vastness and boundlessness of the universe and starry sky.

At this time, Shang didn't hesitate at all, and flew quickly towards the depths of the Black Wind Forest below, trying to find the precious things left by the Dark Master.

At this time, Ye Feng directly released the Devouring Domain and began to devour the power of the dark mage who was killed by him.

The energy contained in this dark mage's body is a very mysterious black magic from outside the territory.

However, Ye Feng's body can accommodate thousands of attributes of energy under the sky. Even this kind of special and incomparable energy and black magic coming from the depths of the universe, Ye Feng can swallow it at this time and then inject it into his Dantian. , rapidly growing his own skills.

You must know that the power of this dark mage is very powerful, and he is an existence that has one foot above the domination.

Therefore, the black magic energy contained in his body is naturally very majestic and terrifying.

After Ye Feng swallowed it, he could immediately feel that his power was growing rapidly.

"boom!"

The eleventh level of senior domination!

"boom!"

The twelfth floor of the senior master!

"boom!"

The 13th floor of the senior master!

"boom!"

The fourteenth floor of the senior master!

"boom!"

The fifteenth floor of the senior master!

"boom!"

The sixteenth floor of the senior master!

...

"Boom" "Boom" "Boom"...

...

"boom!!!"

Senior Dominator Chapter 51

layer! !

At this time, Ye Feng's cultivation level broke through very quickly.

He unexpectedly broke through from the tenth level of senior domination to the fifty-first level of senior domination.

Breaking through the forty-level level all at once!

In just a short moment, Ye Feng's cultivation directly broke through a total of forty-one small levels.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

This dark archmage is worthy of being an existence that has surpassed the master. The energy provided to him is simply majestic to the extreme, allowing him to improve his cultivation so much in one fell swoop.

Ye Feng originally felt that there were a hundred small levels of high-level masters, and it would probably take a long time for him to improve.

But now Ye Feng suddenly discovered that his breakthrough did not seem to be so slow.

Of course, the premise is that Ye Feng can devour the skills of a super strong person like the Dark Master, so that his cultivation can break through so quickly.

Otherwise, if you practice slowly, it will probably take a long time.

At this moment, after Ye Feng swallowed the Dark Master, he flew quickly in the direction of Shang.

Ye Feng did not find any storage rings or the like from the body of the Dark Master.

Obviously, this dark mage hides all his precious things in his residence.

When Ye Feng landed deep in the Black Wind Forest, he immediately saw Shang digging a huge mountain.

Suddenly at this time.

"when!!"

Shang's dragon claw seemed to have touched something very solid, and it made a metallic roaring sound.

"Finally found it!"

At this moment, Shang's eyes suddenly lit up, and he immediately pulled the solid thing out from the depths of the mountain.

Wow!

As countless rubbles rolled down, a huge silver iron box appeared.

Shang couldn't help but said immediately: "All the things left by this dark mage should be in this silver box."

Hearing what Shang said, Ye Feng looked at the silver box and immediately flew over, preparing to open the silver box.

Click!

When Ye Feng opened the silver box, he immediately saw densely packed black crystals placed inside it.

Shang immediately couldn't help but said: "This seems to contain black magic energy."

The amount of energy crystals should have been brought by the Dark Master from the depths of the universe. It is very likely that they are from the cultivation civilization from which the Dark Master came. "

When Ye Feng heard this, he immediately nodded.

Shang spoke up at this time: "This kind of energy crystal containing black magic is of no use to me, because I can't tolerate the strange power of black magic. Boy Feng, take them all." "

When Ye Feng heard what Shang said, he was immediately excited and took these energy crystals containing black magic into his hands.

There are dozens of energy crystals containing black magic in total.

The energy contained in it made Ye Feng feel like his power was about to boil.

This is enough to show that the black magic energy stored in these energy crystals containing black magic is absolutely very majestic and advanced.

At this moment, Ye Feng and Shang continued to look towards the inner space of the silver box.

They immediately saw that there was a small talisman inside the silver box.

This talisman is all pitch black, with ancient words and symbols written on it.

Neither Ye Feng nor Shang could understand this kind of text symbol. It might be the text from another cultivating civilization deep in the universe.

At this moment, Shang immediately picked up this small black talisman, and then input some of his own power into it.

Boom!

Suddenly at this moment, this small magic talisman suddenly burst out with majestic dark light, which suddenly shrouded the surrounding forest within tens of thousands of meters. In a shroud of darkness.

All the forests inside the dark light barrier seemed to be mentally invaded at this moment.

The demonic beasts that were covered in the Black Wind Forest were roaring in crazy pain at this moment, their eyes were red, and their bodies were exuding black energy, as if they were crazy.

Seeing this scene, Shang couldn't help but his eyes lit up immediately, and he said loudly: "This small black magic talisman is so powerful, it can cover an area within tens of thousands of meters in one fell swoop, and it can cover an area of tens of thousands of meters. The creatures inside are going crazy, this should be a special kind of realm-type talisman."

Ye Feng nodded, then said with a smile: "Shang, take this talisman. It will be of great benefit to you in ruling the entire small world."

Shang immediately nodded, without any pretense, and directly took this small domain-type talisman in his hand.

At this moment, one person and one dragon continued to look into the silver box.

It was discovered that at the end of the silver box, there was a book made of black animal skin.

Shang stretched out his dragon claw and took out the book. He immediately saw the five characters "Secret Scroll of Black Magic" written on the surface of the book.

"Um?"

Shang couldn't help but said aloud: "This seems to be the cultivation method brought by the Dark Master from the cultivation civilization deep in the mysterious universe behind him."

Ye Feng nodded, opened the book, and immediately saw that this dark magic secret volume contained densely packed spells for the use of black magic.

Each of these black magic spells is very complicated and requires a long time of study to learn successfully.

Seeing this scene, Shang immediately couldn't help but said in amazement: "This secret volume of black magic seems to record a lot of black magic spells. The black magic light waves released by the dark master before, should be one of the powerful spells. This is a good thing. It is equivalent to opening another door for practitioners to practice, the practice of 'black magic', but it doesn't make sense to me. , because I can't practice black magic at all, but you can, Mr. Feng, because your power can be transformed into any attribute in the world, and you can practice black magic."

When he said this, Shang even said with some envy: "This secret scroll of black magic must be a powerful book of practice brought by the dark master from an ancient practice civilization deep in the starry sky, Feng Boyzi, after you practice black magic, if you can successfully comprehend all the black magic spells in this secret book of black magic, then you will have an extremely powerful trump card. "

Hearing what Shang said, Ye Feng couldn't help but nodded.

This magical black magic, if you can practice it, can indeed become a mysterious and powerful trump card for yourself.

After all, this is another way of practice.

Once the practice is successful, Ye Feng will have another way of practice, the way of black magic, in addition to martial arts and soul master.

The practice of black magic comes from an ancient civilization in the universe, and it must be very brilliant.

Once the practice is successful, Ye Feng will have another powerful and magical attack method when dealing with enemies in the future.

At this moment, Ye Feng directly put this secret volume of black magic into his head. When he has time, he can directly comprehend it, learn black magic, and strive to start releasing the ancient black magic spells as soon as possible.

Chapter 4076 Spell

For Ye Feng, getting this secret volume of black magic is of great help to Ye Feng.

Because Ye Feng knows very well that if he has another way of cultivation, he will have one more trump card.

When dealing with enemies in the future, your chances of winning will naturally be greater.

After all, the more mysterious a person is, the more dangerous he is.

At this moment, Ye Feng looked at Shang beside him and immediately said: "It's over here now. We have killed the Dark Master. In that case, we still have two targets left."

Shang nodded and said loudly: "For the third one, let's deal with the Soul King of the Soul Swamp. As for the last Temple of Light, it is a big force standing in the human kingdom. It wants to make the Temple of Light surrender. It is estimated to be very difficult, because according to legend, the Temple of Light is inherited from the forces left behind by the ancient Lord of Heaven, and behind it there are forces from the higher cultivation interface of heaven. Therefore, Temple of Light is the hardest bone to crack. We need to work hard. Let's negotiate, so for the time being we will deal with the Wraith King in the Wraith Swamp."

Hearing what Shang said, Ye Feng's eyes showed a hint of surprise.

Unexpectedly, the Temple of Light was inherited from the lineage of the Lord of Heaven.

This made Ye Feng suddenly have some plans in his mind.

You know, Ye Feng has a natal magic weapon from the Lord of Heaven, the Gate of Heaven.

Therefore, Ye Feng felt that when the time came for him to help Shang, Gate of Heaven might be able to work wonders against this Temple of Light.

But it still requires some careful planning.

At this moment, Ye Feng nodded and without saying anything else, He Shang flew away from the black wind forest.

When they returned to the Great Xia Dynasty, Princess Ziyun immediately couldn't help but asked: "How are you two seniors?"

Ye Feng smiled slightly at this time and said loudly: "The Dark Master of Black Wind Forest has been destroyed by us. From now on, your Great Xia Dynasty will no longer be in danger from Black Wind Forest."

"real

? "

Hearing what Ye Feng said, Princess Ziyun was extremely horrified.

Because in her mind, the monsters in the Black Wind Forest are very powerful.

Not to mention the last real master of the Black Wind Forest, the mysterious dark mage.

I didn't expect that Ye Feng would really kill him.

Princess Ziyun knew very well that it was impossible for a person like Ye Feng to tell lies, so the Dark Master really fell into the hands of Ye Feng.

Princess Ziyun immediately showed deep shock in her eyes.

At this moment, Princess Ziyun wanted to say something, but Ye Feng and Shang had already jumped up and disappeared.

Seeing this, Princess Ziyun couldn't help but smile bitterly. It seemed that she was really dispensable in the eyes of these two detached seniors.

Originally, Princess Ziyun was thinking about being a slave to Ye Feng and serving her around.

Unexpectedly, Ye Feng didn't even give her a chance to speak.

...

After Ye Feng and Shang left the Great Xia Dynasty, they flew directly towards the last restricted area of life in this small world, the Swamp of Dead Souls.

On the way to the Swamp of the Dead, Ye Feng did not hesitate at all and swallowed all the black magic crystals he had obtained from the dark mage's silver box.

Ye Feng's skill immediately increased tremendously again.

From the 51st level of Advanced Overlord, he has grown directly to the 60th level of Advanced Overlord!

It has to be said that the energy contained in these black magic crystals left by the Dark Master is still very vigorous, which once again greatly improved Ye Feng's cultivation.

Now that he has entered the 60th level of the Senior Dominator, Ye Feng can feel

Now, my combat power has increased a lot compared to before.

And along the way, Ye Feng was also comprehending the many black magic spells recorded in the secret black magic volume.

The Secret Scroll of Black Magic is simply like an encyclopedia of black magic practices.

I remember various black magic spells with different effects.

Not all black magic spells are of the offensive type.

Some black magic spells have auxiliary means.

There are even black magic spells that have the power to summon.

Some terrifying dark creatures can be summoned from the inexplicable dark interface.

However, this kind of spell is a very advanced black magic spell, and it is one of the oldest spells among the secret books of black magic.

No matter how talented Ye Feng is, he cannot comprehend this part of the most advanced spell.

Because this is something from an ancient magic cultivation civilization deep in the universe.

Therefore, although Ye Feng is a very perceptive monster, it is very difficult to comprehend the advanced black magic spells in this dark magic secret volume in a short period of time.

However, on the way, Ye Feng successfully learned two black magic spells.

They are called "Dark Magic Light Wave" and "Dark Earth Hand" respectively.

These two magic spells were just learned by Ye Feng from this dark magic secret volume.

The black magic light wave that the first Ye Feng learned was exactly the same black magic spell as the black magic light wave that the Dark Master had released when he dealt with Shang and Ye Feng.

This made Ye Feng couldn't help but lament that the Dark Master was so ill-informed that he even called himself the Dark Master.

After coming to this small world for so many years, I was able to cultivate a spell from this secret volume of black magic.

You know, this secret volume of black magic contains thousands of different types of magic.

Black magic spell.

If they learned all of them, Ye Feng and Shang probably wouldn't be able to defeat this dark mage.

At this moment, the second black magic spell Ye Feng learned was called the Hand of the Dark Earth, which was a particularly powerful binding inheritance.

Once this spell is cast, Ye Feng can communicate with the dark power deep in the earth, and then directly condense an extremely huge dark hand. With the dark power deep in the earth, it can kill the enemy in an instant. Trapped in this big hand of darkness, there is no way to escape.

After Ye Feng learned two black magic spells and tested their power, Lian Shang was unable to resist them.

This made Ye Feng's eyes very happy.

It seems that this dark magic secret scroll is more advanced and terrifying than I imagined.

Otherwise, a random magic spell cannot be so powerful.

You know, at the level of the Dark Master, you can only practice one kind of black magic spell.

It shows that this secret volume of black magic is simply a huge treasure trove of magic.

Ye Feng is still very interested in the power of magic.

"We are almost at the Swamp of the Dead ahead."

Suddenly at this time, Shang, who was walking side by side with Ye Feng, made a loud noise.

Ye Feng immediately moved his eyes and looked not far away.

Sure enough, we saw a vast and endless swamp area, which looked very boundless.

The entire swamp is filled with corrupt gas, which makes people feel very scary.

Moreover, there are some areas that are shrouded in nine colors of highly toxic miasma. Any creature that comes close will probably be poisoned and die in an instant.

It has to be said that this swamp of dead souls is indeed one of the four restricted areas of life in the small world. Even if it is just the natural environment, it is already so terrifying and terrifying, it is intimidating.

Chapter 4077 The Soul King

At this moment, looking at the swamp of dead souls with a very harsh environment, Ye Feng frowned and said loudly: "Shang, are we just going to rush into this swamp of dead souls like this?"

Shang thought for a moment and then said aloud: "There is no way now but to enter this swamp of dead souls directly, because I don't know which area of this swamp of dead souls the king of dead souls exists in. After all, I Never been here before."

Hearing what Shang said, Ye Feng could only nod.

Now that we have come here to deal with the Revenant King, there is no way out now, we can only bite the bullet and enter it.

Fortunately, Ye Feng and Shang are already very powerful.

Especially Ye Feng, he has improved very quickly during this period.

Because he hunted and killed the two masters of the restricted area, Ye Feng received huge benefits.

Not only has his skill been improved unparalleledly, but his methods have also become much more numerous.

Therefore, Ye Feng is no longer as afraid of this terrifying restricted area of life as before.

Uh-huh! Uh-huh!

At this moment, Ye Feng and Shang observed, no longer wasting time, and flew directly into the swamp of dead souls.

The moment they entered this swamp of dead souls, they immediately felt a soul-fearing feeling in the entire world.

Obviously, there must be many dead souls from ancient times living in this swamp of dead souls.

If a living creature enters it, its soul will be disturbed.

Wow!

At this time, from the thick swamp below, souls emitting green light suddenly flew out, directly heading towards Ye Feng and Shang, trying to get into their souls.

Seeing this scene, Shang immediately said: "Feng boy, hurry up and get rid of these dead souls. I don't want these dirty things to get into my head. It's too scary."

Shang doesn't have soul-level means, so he is still quite afraid at this time.

Ye Feng nodded slightly at this time, directly exuding his majestic soul power.

You know, Ye Feng's soul power has now been upgraded to 37 million levels.

Therefore, Ye Feng can be regarded as a master at the soul master level.

It's just that Ye Feng doesn't have particularly powerful soul-level skills and methods, so soul attacks are not very effective.

In most cases, one can only rely on Emperor Chu to deal with enemies at the soul level.

But now for the ordinary dead souls living in these dead soul swamps, Ye Feng naturally does not need Emperor Chu to take action.

After Ye Feng released the soul power, he was able to disperse these dead souls outside.

Then without any hesitation, Ye Feng directly released his soul-devouring ability and began to devour all the flying souls.

The soul power contained in these dead souls is still very powerful.

So at this moment, Ye Feng's soul power was greatly improved by absorbing the soul power among these dead souls.

However, these dead souls are just ordinary dead souls after all, so the improvement in Ye Feng's soul power is not as great as imagined.

It just made Ye Feng's soul power grow a little bit.

These are just small shrimps, so Ye Feng naturally doesn't care much.

At this moment, Ye Feng just looked towards the depths of this swamp of dead souls, and suddenly said: "I have sensed a very huge and evil soul power, lurking in the deepest part of this swamp of dead souls. It should be It's that terrifying undead king."

Shang immediately nodded and said: "This undead king used to be the emperor of a super powerful ancient kingdom in ancient times, but for some special reasons, he was cursed and can only become a dead soul, living in the swamp of dead souls."

The last thing we need to pay attention to is that this dead soul king has a very large army of dead souls, so few people dare to enter the dead soul swamp because it is too dangerous. This dead soul swamp is simply a land of dead souls. country. "

Hearing what Shang next to him said, Ye Feng immediately nodded and said: "Anyway, let's go over and take a look. I'm not afraid of ordinary dead souls. I just want to see if the dead soul king is powerful. "

The reason why Ye Feng is so confident now is not only that his soul power is very huge, but also mainly because the powerful trump card of Emperor Chu is in his head.

You must know that the origin of Emperor Chu is very mysterious, and it is extremely destructive to the soul.

The red giant of light that Emperor Chu transformed into had very terrifying soul attack power.

That's why Ye Feng now dares to follow Shang and enter this swamp of dead souls. ??

Otherwise, Ye Feng would never dare to enter such a dangerous place.

Otherwise, if your soul is wiped out, it will be a big loss.

At this time, Ye Feng and Shang flew directly towards the deepest area of the swamp of dead souls.

They experienced many attacks by the dead souls along the way, but they were all ordinary scattered souls and posed no threat at all.

Even without Emperor Chu taking action, Ye Feng was able to destroy it himself and then devour it.

So along the way, Ye Feng was surprised to find that his soul power had increased by a full 100,000 levels, directly to 37.1 million levels, which was still very good.

Moreover, Ye Feng was surprised to find that after his soul power was improved, his comprehension of the secret volume of black magic was much faster.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

It seems that there is an indescribable and inexplicable connection between soul power and magic.

But that's a good thing.

\u003c

br\u003e And while Ye Feng was secretly observing and thinking, a huge valley suddenly appeared not far away at the end of the Dead Souls Swamp.

The entire valley is shrouded in a colorful poisonous miasma, making it inaccessible to ordinary people.

But Ye Feng and Shang were naturally not afraid of this ordinary poisonous miasma in nature. They simply passed through this colorful poisonous miasma and entered the valley.

The moment they walked into the valley.

Wow!

Suddenly, the dead souls, all exuding a faint green light, were like a green ocean. All of a sudden, they all emerged from every gap in the valley. In an instant, the souls who entered this valley were Ye Feng and Shang, one person and one dragon, were surrounded in a small space.

Then at the front of this undead army, a tall figure wearing ghost armor appeared.

It's the King of the Dead!

He wears a soul-state crown on his head and soul-state armor on his body, just like the legendary ghost emperor, very imposing and mysterious.

The Undead King slowly walked out at this time, stared at Ye Feng and Shang who were surrounded by countless undead teams, and said slowly: "I have no relationship with the outside world for a long time. For tens of thousands of years, we have been living here. Deep in a swamp of dead souls, I don't want to cause trouble, why do you two come here?"

At this moment, it was obvious that the dead king knew that Ye Feng and Shang had bad intentions.

But he seemed to know that Ye Feng and Shang were both extraordinary beings, so he didn't take action directly.

Shang smiled slightly at this time and said aloud: "King of the Dead Souls, we don't have to take action. We can also reach an agreement, that is, this swamp of the dead souls will be under my control, but I will not disturb you here. I only need to gain control of all areas of this small world. The Lord of Death and the Dark Master do not agree, and they have been killed by our brothers. King of the Souls, please think about it. "

Chapter 4078 Female Holy Master

When Shang said this, he had the power of a great villain.

When the dead king in front of him heard what Shang said, he was silent for a moment, and then suddenly said: "Okay, I will leave the control of this area to you."

After finishing speaking, the words of this undead king seemed to have some inexplicable power.

Buzz!

At this moment, Shang immediately felt that he had a sense of control over the entire Swamp of Dead Souls.

After Shang sensed all this, his eyes immediately revealed a look of deep surprise. .???.??

It seems that he did not expect that the King of the Dead Souls would actually hand over the control of the Soul Swamp to himself.

At this time, Shang immediately looked at Ye Feng beside him and said, "Let's go."

Ye Feng nodded slightly and without saying anything else, He Shang simply left the valley.

On the way back, Shang's eyes seemed to be full of deep surprise, and he couldn't help but said: "Feng Boy, I didn't expect that this time it went so smoothly. I gave him control of this swamp of the undead without fighting. Got it, this Revenant King seems to be very afraid of us? It's definitely not me, it's definitely you, Mr. Feng!"

Ye Feng nodded slightly at this time. In fact, he knew in his heart that it was because the dead king probably sensed the terrifying aura of Emperor Chu in his head, so he did not take action.

Ye Feng did not directly ask what Emperor Chu had done.

But Ye Feng believed that this must be the credit of Emperor Chu.

Because neither he nor Shang, the old demon dragon, could pose such a great danger to the Revenant King.

After Ye Feng and Shang left the Swamp of Dead Souls, Shang immediately said: "Now there is only the last big force left, which is the Temple of Light. However, this sect of Light is very huge, and it is estimated that it will be difficult to make it surrender to me. "

Ye Feng nodded and said: "Anyway, let's go over and give it a try first."

Shang suddenly nodded, then

Then he said aloud: "Then let's go directly to the location of the Temple of Light now."

Swish

At this moment, Shang immediately flew high into the sky, and then flew quickly towards the Bright Temple.

Ye Feng followed Shang behind.

When they came to the area around the Temple of Light, suddenly a group of masters wearing armors made of light-attribute materials came to Ye Feng and Shang.

One of the very tall men immediately spoke out: "Our Holy Lord, we would like to take the initiative to invite you two into our Bright Temple to talk about things."

Hearing what the tall man in front of them said, Ye Feng and Shang looked at each other with deep surprise in their eyes.

It seems that they did not expect that before they arrived at the Temple of Light, the great force of the Temple of Light had already sent people to wait here, as if they knew they would come here.

Shang immediately couldn't help but whispered to Ye Feng: "Boy Feng, I guess this Bright Temple already knows that during this period of time, we have been killing the owners of these life restricted areas in every life restricted area in the small world, so If they invite us in to talk about things now, it may be a trap and it will be detrimental to us."

Hearing what Shang said, Ye Feng nodded slightly and said: "No matter what, we are definitely going to encounter this Holy Lord of Light, so let's go in directly now, maybe this Holy Lord of Light really has something Tell us something special."

Shang nodded, then looked at the tall, middle-aged man in armor in front of him, and said loudly: "Okay, then you can take us directly to your Bright Temple."

The tall man in armor nodded immediately, and then led a group of guards from the Temple of Light, Ye Feng and

Shang quickly flew directly in the direction of the Temple of Light.

Half an hour later, they finally arrived at the core area of the Temple of Light.

Not far ahead, on a grassland, stands a huge palace made entirely of white stone. It looks very majestic and grand, exuding an incomparably bright white light, like a miracle, giving people a very... Incredible.

At this time, Ye Feng suddenly showed a trace of surprise in his eyes.

Because he discovered that the light attribute power in this light temple is completely consistent with the light attribute power of his own gate to heaven.

In other words, this Temple of Light is really the legacy of the Lord of Heaven inherited from the higher realm of cultivation.

At this time, Ye Feng was secretly thinking in his heart that the tall man in armor brought Ye Feng and Shang directly to the door of the Bright Temple, and then said loudly: "You two, go in directly, we Saints The Lord is already waiting inside."

After saying that, the tall, middle-aged man wearing armor immediately left the place and disappeared.

At this moment, Ye Feng and Shang looked at each other, both nodded, and then walked into the huge bright temple in front of them.

When they entered the Temple of Light, they immediately saw a graceful and beautiful woman wearing a white robe, standing in the middle of the temple. ??

A pair of eyes is like an abyss, very unfathomable, and the feeling is simply terrifying.

Shang immediately couldn't help but said: "No, the Holy Master of the Light Temple has completely broken through the Domination Realm. He is a truly infinite level terrifying existence above the Domination, and it is very likely that he is The extremely profound existence in the infinite realm is not the kind that enters the infinite realm for the first time."

Hearing what Shang said, Ye Feng suddenly showed a look of surprise in his eyes.

.

You know, the Dark Master only stepped into the infinite realm half a step, and it was very terrifying. Ye Feng and Shang fought very hard before they defeated the Dark Master.

Unexpectedly, the Holy Lord of the Temple of Light has completely entered the true infinite realm, and is very likely to be a profound existence in the infinite realm.

At this moment, Shang's eyes were full of deep fear, as if he did not expect that the Holy Master of the Bright Temple was so powerful.

At this moment, Ye Feng was thinking about discussing with Shang whether to escape from here directly.

But suddenly at this moment, the beautiful Holy Lady of the Temple of Light immediately spoke out: "You don't have to be afraid. Since I took the initiative to invite you here, I won't have any trouble with you." harm, and I will take the initiative to hand over control of the area controlled by the Light Cult."

"What??"

Hearing what the beautiful female Holy Master of the Guangming God Sect said, both Ye Feng and Shang widened their eyes. They both suspected that they had heard wrong. They seemed not to have thought of this unfathomable and terrifying thing. The female saint of the Temple of Light actually said such words and wanted to take the initiative to hand over control.

This simply subverted their imagination.

It's really incredible.

At the next moment, the beautiful female saint of the Bright Temple suddenly stared at Ye Feng and said slowly: "The reason why I took the initiative to hand over control is because I will not Continue to hold the position of Holy Lord in the Temple of Light, but start to follow the owner of the Gate of Heaven, that is, this human boy among you. This is the ancestral precept left by our first generation of Temple Lords. "

"What??"

Hearing what the beautiful Holy Lady of the Light Temple said, both Ye Feng and Shang widened their eyes again, as if they did not expect such a situation to happen.

It was simply unexpected!

Chapter 4079 Holy Sword of Light

In fact, at this time, Ye Feng was the most shocked.

Because he never thought that the Holy Lord of the Bright Temple could actually see the gate to heaven contained in himself.

You know, Ye Feng hid the gate of heaven very deeply and sealed his own aura.

Unexpectedly, before he arrived at the Temple of Light, the beautiful lady of the Temple of Light had already noticed the aura of the Gate of Heaven appearing in this small world. ??

But it's normal to think about it.

After all, this Holy Lord of Light is a lineage inherited from the ancient Lord of Heaven.

Therefore, the techniques they practice, the inherited power, and the origin of life are almost all from the same source as the light attribute in the Gate of Heaven.

Therefore, it is relatively normal for them to be able to detect the aura of Heaven's Gate.

After all, Ye Feng and Shang had sensed the cultivation of this beautiful Holy Lord of the Light Temple just now, and she was a powerful existence that truly transcended the realm of domination.

Therefore, it is normal for this beautiful Holy Lord to be able to detect the Gate of Heaven in Ye Feng's mind.

At this moment, Ye Feng suddenly said: "I wonder if the senior is telling the truth or a lie?"

The graceful Holy Lord of Light in white robes in front of him suddenly showed a faint smile on his beautiful and cold face, and said aloud: "Of course what I said is true, this is our The ancestral precepts left by the first generation of temple masters. Although I don't like your cultivation strength very much, I must follow the ancestral precepts left by our first generation temple masters, so Although I will follow you next, it does not mean that I agree with you from the bottom of my heart."

Hearing what the female saint of the Bright Temple in front of him said, Ye Feng's eyes suddenly showed a hint of astonishment.

Ye Feng originally thought that it was his own great charm that conquered the female Holy Master of the Bright Temple.

Can

Unexpectedly, the other party did not agree with me, but she had to follow the ancestral precepts of the first generation of Holy Lords before following her. In fact, she did not agree with herself from the bottom of her heart, and even felt that she was not worthy of her following.

In this regard, Ye Feng was too lazy to say anything.

In any case, it would definitely be very beneficial to him to be able to have the Holy Lord of this extremely powerful Temple of Light follow him.

If he encounters a very powerful enemy, it is impossible for this Holy Lord of Light not to take action.

Ye Feng was still quite happy inside.

After all, I got such a powerful bodyguard for nothing, and he was very beautiful, very cool, very elegant, and very pleasing to the eye.

Moreover, Ye Feng felt that one day, he would make this beautiful Holy Lord, who still looked down on him, completely recognize him from the bottom of his heart.

So at this time, Ye Feng immediately nodded and said, "Senior, please stay with me from now on."

Hearing what Ye Feng said, the beautiful female saint of the Bright Temple in front of him immediately said: "You don't need to call me senior, I can't afford it. After all, you are the owner of the Gate of Heaven, and we are As the inheritor of the master's lineage, you can just call me Youlan, my name is Youlan."

"Youlan?"

Hearing what the female saint of the Bright Temple in front of him said, Ye Feng's eyes suddenly showed a look of surprise.

I didn't expect that the master of such a noble and stunningly beautiful Guangming Temple would have such a very ordinary name.

And when Ye Feng was talking to Youlan, Shang beside him immediately said excitedly: "Great, now

All areas in the entire small world are already under my control, so then I can start working with you, Feng Boy, to steal the luck in this small world from the advanced cultivation interface Ten Thousand Demons Interface. "

The reason why Shang wants to control the entire small world is to use this small world as a springboard to steal the world's destiny of the entire Ten Thousand Demons Interface, a high-level cultivation interface, and thereby plot to control the entire Ten Thousand Demons Interface.

Eventually he became the Lord of Ten Thousand Demons and controlled an entire vast and endless advanced cultivation interface.

Thereby arriving in the world of origin, and after the world of origin is completely revived and glorious in the future, it will be able to compete with other major forces and superpowers for hegemony.

Ye Feng also knew this, so he spared no effort to help Shang this time.

Because if Shang can really realize his grand ambition of hegemony, it will be of great help to himself in the future.

At this moment, after hearing what Shang said, the Holy Lord Youlan of the Guangming Temple suddenly showed a trace of surprise in his eyes, and couldn't help but said: "No wonder you are provoking someone during this time. As the master of the restricted area of life, it turns out that you want to control the entire small world and steal the world's destiny in the advanced cultivation interface of the Ten Thousand Demons Interface. I once heard some seniors from our Guangming Temple say that our small world is I didn't expect that part of the vast and endless advanced cultivation interface, the 'Ten Thousand Demons Interface', turned out to be real."

Shang glanced at Youlan at this time, and then said aloud: "Anyway, if you follow my brother Ye Feng properly, you will have a much better future than if you become the Holy Master of this Bright Temple. Don't look at how our two brothers seem to be now. It's not very powerful, but the whole world belongs to us two brothers in the future."

Hearing Shang's domineering words, Youlan just smiled faintly, with a look of disbelief on her beautiful and cold face.

After all, this world is too big.

In all realms, in the universe and starry sky, there are countless ancient forces and countless superpowers.

What Shang said naturally gave people the impression that he was bragging.

Ye Feng just shook his head and didn't say much.

After all, now Ye Feng has also seen many super inheritances and transcendent forces, as well as many ancient strong men, etc., as well as terrifying existences from the depths of the universe.

So Ye Feng now has a new understanding of the vastness of the entire world.

Ye Feng knows that he still has a long way to go in the future, and he still needs to go slowly step by step.

Perhaps the realm he has reached through cultivation is just the starting point for a glorious era of recovery in the future.

Uh-huh!

At this moment, Shang flew directly into the air, and then began to operate a special secret technique, which seemed to be used to steal the world's destiny of the entire small world.

As long as you can steal the world's destiny of this small world, you can start to cut off the world's destiny of the entire Ten Thousand Demons Interface through this small world.

I saw Shang in mid-air, going through the process of stealing luck.

Youlan, the beautiful lady of the Guangming Temple, suddenly looked at Ye Feng beside her and said: "There is an ancient long sword passed down in our Guangming Temple, called the Holy Sword of Light. It is our first The precious treasure left by the old Holy Lord, but I am not qualified to get the Holy Sword of Light now, so I need your help now, Ye Feng, to help me get that Holy Sword of Light. After all, I will follow Ye Feng soon. You leave here, so I want to take away the best treasures to enhance my strength."

Hearing Youlan beside him say this, Ye Feng did not refuse, nodded and said: "Okay, then let's go over and take a look and see if we can help you get that ancient light through the Gate of Heaven. Holy Sword."

Chapter 4080 Unexpected

At this time, I heard that Ye Feng agreed so quickly and did not refuse.

Youlan, the female saint of this beautiful Temple of Light, had a hint of surprise in her beautiful eyes.

She couldn't help but said: "Don't you think I'm using you?"

When Ye Feng heard what Youlan said, he just smiled slightly and said: "Since Youlan is willing to follow me, it is right for me to help you get benefits. The stronger you are, the greater the potential for me." benefit."

Hearing what Ye Feng said, Youlan nodded slightly, without saying anything more, but turned around and said, "Then come with me."

After saying that, Youlan's graceful figure moved slightly and flew quickly towards a certain direction of the Temple of Light.

Seeing this, Ye Feng quickly followed.

Now Shang is alone, stealing the luck of the entire small world, so he can't do much to help.

At this moment, Ye Feng followed Youlan and soon arrived at the deepest area of the Bright Temple.

Here, a small castle was built.

The entire castle is made of a special kind of bright stone, exuding the power of light.

Ye Feng followed Youlan into the small castle. He immediately saw that there was a large garden in this small castle.

Then Youlan walked to this big garden and started digging directly.

Soon, Youlan dug a huge hole in the garden.

In this pit, a huge stone monument appeared.

The stone tablet buried underneath turned out to be a tombstone.

Ye Feng saw a holy sword exuding the power of light, which was being sealed on this tombstone at this moment.

Youlan said aloud at this time: "This tombstone is the place where the first generation of our old temple master of the Guangming Temple is buried. This tombstone is the tombstone of the old temple master. The Holy Sword of Light is the burial place of our old temple master." A peerless treasure made with special and incomparable high-grade materials. After he died, he sealed this holy sword of light on his tombstone. Legend has it that only those who met the lineage of the Lord of Heaven we served back then Only after the descendant of the Emperor appeared could he take out this holy sword of light."

Hearing what Youlan said, Ye Feng nodded slightly, then walked to the tombstone and began to release the power of the Gate of Heaven.

Buzz!

At this moment, a door exuding bright light flew out of Ye Feng's head, and then floated above Ye Feng's head, exuding bright holy light.

The next moment, Ye Feng could immediately sense that there seemed to be some special connection between the Gate of Heaven and the tombstone in front of him.

Buzz!

At this time, I saw that the entire tombstone was beginning to emit a faint white light.

At this moment, Youlan, who was standing next to Ye Feng, looked at the Gate of Heaven above Ye Feng's head, her eyes filled with deep longing, as if she were on a pilgrimage.

Because in the minds of the Lords of the Temple of Light like Youlan, the Gate of Heaven represents their faith and their origin.

So Youlan stared at the Gate of Heaven above Ye Feng's head at this time, her eyes filled with deep awe and longing.

But Orchid did not plunder the Gate of Heaven.

Because in her eyes, the gate of heaven is a sacred object that cannot be offended, so she naturally cannot desecrate this honor.

At this moment, Ye Feng used the Gate of Heaven to quickly communicate and contact the stone monument in front of him, hoping to take out the Holy Sword of Light sealed in the tombstone.

For Ye Feng, helping Youlan obtain this holy sword of light was just a piece of cake.

Therefore, Ye Feng naturally did not hesitate at all. He directly communicated with the thoughts of the first-generation old palace master remaining in the tombstone and wanted to take out the Holy Sword of Light.

And at the moment when Ye Feng communicated the thoughts of the first-generation old palace master that remained in this tombstone.

Buzz!

Suddenly, a majestic message was fed back into Ye Feng's mind.

Ye Feng's eyes suddenly trembled.

Because he discovered that this majestic energy was fed back to him from this tombstone.

message.

It turns out to be a very special inherited secret technique!

This inherited secret technique is related to the attribute of light and seems to be specially used by the owners of the Gate of Heaven.

This set of inherited secret techniques with light attributes is called "Archangel's Sword".

This is a very powerful inheritance of light attributes.

If the power in the Gate of Heaven is activated and the sword of the Archangel is condensed, then this sword of the Archangel condensed with the energy in the Gate of Heaven will be very terrifying and have a very terrifying attack power. .

Compared to the holy sword of light left behind by the first-generation old palace master, this actual weapon may be even more terrifying.

Because the energy contained in the Gate of Heaven is the supreme high-level energy of light attribute, and it comes from the power of the Lord of Heaven.

Therefore, the condensed Archangel Sword must be very terrifying.

After sensing all this, Ye Feng suddenly showed a look of deep surprise in his eyes.

The inheritance information left by this old palace master provided Ye Feng with a new idea.

That is, the inheritance of the light attribute in the future can be directly performed by using the power left by the Lord of Heaven in the Gate of Heaven.

In this case, the attack power will be very terrifying, and it will definitely be much more powerful than the inheritance that you can use your own magic power to display.

Because the power in the Gate of Heaven is the power of the Lord of Heaven.

The Lord of Heaven is the master of a high-level cultivation interface.

Moreover, you must know that Tianjie is among the top-ranked existences among the advanced cultivation interfaces, and is even the first-ranked advanced cultivation interface.

Therefore, the Lord of Heaven is naturally very terrifying.

The natal magic weapon he left behind, the Gate of Heaven, must be the most powerful treasure among many advanced cultivation interfaces.

At this moment, Ye Feng received the inheritance of the Archangel Sword, and also learned how to use the power of the Lord of Heaven in the Gate of Heaven to display the inheritance of the light attribute. It was a huge gain.

This made Ye Feng's eyes suddenly reveal a hint of surprise.

Unexpectedly, I came here this time to help Youlan, the female saint of the Light Temple, obtain the Holy Sword of Light. As a result, I accidentally obtained the inheritance of such a powerful Archangel Sword, and also mastered the ability to The method of condensing the Archangel Sword through the Gate of Heaven can be said to be an unexpected surprise.

At this moment, after Ye Feng received the inheritance of the Archangel Sword, he stretched out his hand without any hesitation and grabbed the Holy Sword of Light in his hand.

At this moment, Ye Feng immediately looked at Youlan, the female saint of the Temple of Light behind him, and said, "Give it to you."

Seeing that Ye Feng took out the Holy Sword of Light from the seal in the tombstone so casually, Youlan couldn't help but exclaimed in admiration and said with emotion: "It is indeed the Gate of Heaven, let the first generation of elders The palace master surrendered immediately and casually took out this ancient weapon, the Holy Sword of Light. I have been trying for decades, but to no avail. "

At this time, Youlan said, taking the Holy Sword of Light sent by Ye Feng.

Buzz!

At this moment, the white holy light on Youlan's body became much stronger.

Obviously, the Holy Sword of Light, an ancient and powerful weapon, gave Youlan a huge boost in power.

Ye Feng saw this scene and nodded slightly.

However, Ye Feng did not tell Youlan about the powerful inherited archangel sword he obtained from the tombstone.

Because Ye Feng didn't think it was necessary.

At this moment, Ye Feng was about to say something to Youlan.

Boom! !

But suddenly at this moment, the situation in the entire sky changed.

A huge, pitch-black hand, like the palm of an ancient dark god, was grabbed from somewhere in this small world. It had boundless terrifying pressure and was heading towards stealing the entire small world. The direction of Qi Luck's death quickly bombarded away.

Ye Feng saw this very familiar dark hand and immediately couldn't help but said in shock and anger: "This is the Demon King of the Ancient Demon Realm who is attacking the seal at the entrance to the small world! He was the one who beat me up last time He was seriously injured. I didn't expect that this time he would destroy Shang and steal the luck of this small world! It's really abominable!"
