

Ancient 4081

Chapter 4081 Instant penetration

boom! !

At this time, Ye Feng didn't hesitate at all, and directly burst out his huge mana.

Buzz!

Ye Feng's whole body instantly burst out with brilliant divine light, and rushed directly to the sky, rushing towards the big dark hand that grabbed it.

Previously, Ye Feng was severely attacked by this dark hand and was seriously injured and dying.

If he hadn't been rescued by a human tribe in the wild forest, he might have been buried in the wild forest.

This time, Ye Feng's cultivation level has improved a lot compared to before, so Ye Feng naturally has the confidence to fight against the demon king in this seal.

Boom!

At this moment, Ye Feng waved his fists, and a brilliant golden divine light bloomed from his fists, which was the power of the Celestial Clan.

Ye Feng's two fists directly attacked the big dark hand high in the sky.

Boom! !

At this moment, Ye Feng's whole body immediately collided with the dark hand grabbed from the sky, and a terrifying roar erupted.

Almost at the next moment, Ye Feng immediately felt the terrifying power, which was transmitted from the big dark hand to his two fists, and then to his entire limbs.

The whole body felt like it was about to shatter!

"As expected of the Demon King! So strong!"

This made Ye Feng's eyes look horrified.

This demon king is indeed a high-level demon from the ancient demon world, and his cultivation strength is really terrifying.

Even if it was just a big dark hand, Ye Feng felt deep pressure.

However, it can also be seen from this that Ye Feng's combat effectiveness has indeed improved a lot during this period.

You know, when Ye Feng was sneak attacked by this demon king before, he couldn't even resist.

Even after finally using the Son of God's Token, Ye Feng managed to escape and was seriously injured.

But now Ye Feng can compete with this dark hand with his two fists.

r\u003e

Uh-huh!

At this moment, Ye Feng immediately retreated quickly, and then released the Gate of Heaven without any hesitation.

"Buzz!"

The huge and towering Gate of Heaven, precious and ancient, was suspended above Ye Feng's head.

Then Ye Feng directly released the first-generation old temple master who lived in the previous Bright Temple and taught him the inheritance of powerful light attributes.

Archangel's Sword!

At this moment, Ye Feng outputted the very majestic power of the Lord of Heaven from the Gate of Heaven, and then directly used this power to cast the Archangel Sword.

Boom!

At this moment, I saw the Gate of Heaven above Ye Feng's head, and a bright white divine light burst out from inside.

Then a huge sword with a length of hundreds of thousands of meters was condensed directly above the entire sky!

Boom! !

The huge archangel sword contained extremely terrifying power, and it directly pierced the dark hand that was grabbed from the sky.

"You humble human boy actually hurt me! I want you to die without a burial place!"

Almost at the moment when the archangel's sword pierced the big dark hand, a majestic and evil voice suddenly sounded in the entire sky.

That was the voice of the Demon King from the ancient demon world.

The Demon King's tone seemed to be filled with deep shock and anger as he spoke out: "You, a human boy, were not crushed to death by one of my hands last time, and you have become so powerful now. Incredible, but this is of no use. Your strongest inheritance is only able to resist one of my hands. The seal of this small world is about to be broken by me. I am half of my true body. It can all come."

Almost at the moment when the demon king finished speaking.

Buzz!

suddenly

Above a clear sky, a huge dark figure that occupied half of the sky suddenly appeared, covering the sky and the sun, and it looked very shocking and terrifying.

This is exactly half the body of the Demon King!

To be able to come to this small world is filled with an unparalleled sense of oppression.

Then two huge dark claws were grabbed from high in the sky in an instant, with destructive power that surpassed that of a master, and they grabbed towards Ye Feng, hoping to kill Ye Feng in an instant.

Uh-huh!

But suddenly at this moment, a beautiful figure appeared next to Ye Feng.

It is the female saint of the Temple of Light, Youlan.

She held the Holy Sword of Light in her hand, and her whole body exuded a sacred and bright light. She stood beside Ye Feng, protecting Ye Feng's safety.

Because You Lan has now chosen to follow Ye Feng, it is naturally impossible to see Ye Feng's life in danger.

So at this time, Youlan took action directly.

Uh-huh!

She held the Holy Sword of Light in her hand and slashed towards the sky. In an instant, she collided with the two dark claws captured by the Demon King.

Boom!

Suddenly, the entire space immediately emitted an earth-shattering roar.

The entire earth is shaking rapidly.

The sky is shaking!

It has to be said that Youlan is still very powerful, and she actually blocked half of the Demon King's attack.

But this also made Ye Feng's eyes even more horrified.

This high-level demon from the ancient demon world is indeed terrifyingly powerful.

Even if he only descends half of his body, he can still fight against a super strong person like Youlan who is above the master of the Infinite Realm and the Tenth Heavenly Perfection.

I have to say that this Demon King is indeed very terrifying.

No wonder the entire Murong family was almost wiped out back then.

Moreover, they also wiped out the powerful cosmic team of blue-blooded humans from the depths of the cosmic sky, leaving only the last one.

A blue-blooded human race, repairing the space warship of the year in obscurity.

High in the sky, the Demon King with half of his towering body immediately stared at Youlan beside Ye Feng, and said loudly: "You dare to fight against me? This is asking for death! Wait until I truly come. In this small world, all of you are going to die!"

Obviously, the demon king who descended half of his body was unable to break through the attack released by Youlan, so he could only say a harsh word first.

boom! !

But the moment the Demon King finished speaking, a terrifying blue laser suddenly struck from a certain direction not far away.

This kind of blue laser is extremely special, a special kind of energy, with extremely terrifying penetrating and destructive power.

There was a "puff" sound, which instantly pierced the head of the Demon King.

Before the Demon King could even react, his head was pierced and even his soul was destroyed.

Then, the half of the towering body of the Demon King that was revealed in this small world fell directly from the sky and hit the ground hard, killing him completely.

As for the other half of his body, he probably died in the sealed space of some small world.

"this....."

I saw this scene at this moment, looking at the upper body body of the towering and boundless Demon King that hit the ground.

Whether it was Ye Feng, the female saint Youlan of the Temple of Light, or Shang who was stealing the fate of the entire small world not far away, all of them suddenly had expressions of astonishment on their faces.

Because they never expected that such a mysterious blue laser would suddenly penetrate the head of the demon king and kill him.

Even Youlan, an extremely powerful superpower, is far from being able to do this.

But at this time, Ye Feng seemed to have thought of something, and immediately couldn't help but look in the direction of the flashing blue laser, and said in surprise: "It should be the senior blue-blood human race! He successfully repaired the A space warship! Inspire the destructive power in the space warship and kill this demon king!"

Chapter 4082 The Ancient Nine Suns Diagram

At this moment, when Ye Feng was talking.

Uh-huh!

Suddenly, a huge space warship flew from a certain direction not far away.

The entire space warship is made of blue steel and looks very impressive.

At this time, the huge steel warship landed directly in front of Ye Feng.

A figure came out of it.

It's the blue-blooded human race from before!

However, Ye Feng discovered that the body of the Murong family seemed to have been put back.

So at this time, what came out of the space warship was a blue-blooded human race in a soul state.

He walked up to Ye Feng and said aloud: "The chosen one, I hope you remember our promise. This space warship will be handed over to you. Treat it well, as well as the ancient nine suns high in the sky. For the time being, you can take the map and use it. When you have time to go to the planet where the blue-blooded humans live in the starry sky of our universe, I hope you can return the ancient Nine Sun Map, the most precious treasure, to our tribe."

The moment the soul-like blue-blooded human finished speaking, he stretched out his hand directly towards the sky.

Buzz!

Then, a total of nine suns in the sky shrank quickly, and then condensed into a picture, falling in front of Ye Feng.

At this time, the nine suns in the sky disappeared, and the entire world became much darker.

At this moment, Ye Feng couldn't help but reveal a look of deep anticipation in his eyes, and took this ancient Nine Suns Diagram into his hands.

Buzz!

At this moment, Ye Feng could immediately sense a very terrifying energy contained in this picture.

This is definitely a treasure!

And it is an extremely powerful race from the magical starry sky of the universe, the blue-blooded human race.

At this moment, Ye Feng immediately nodded and said: "Senior, don't worry, if I have time in the future, I will definitely drive the space warship to the stars in the universe to find the blue-blooded human race of my senior and bring this Send back an ancient Nine Suns Chart."

Hearing Ye Feng's assurance, the blue-blooded human race immediately nodded and said with great relief: "Okay, the chosen one, I believe you, the Demon King has been destroyed, and my mission has been completed. "

Buzz!

At this time, after the soul-like blue-blooded human race finished speaking, his entire figure immediately dissipated in place.

Looking at the disappeared blue-blooded human race, Ye Feng clasped his fists slightly to show his respect.

After all, this blue-blooded human race gave him such a great gift, and he also killed the Demon King.

This has been of great help to myself.

At this moment, Ye Feng walked directly in front of the huge space warship. Being able to sense the space warship, it was like a steel behemoth, very terrifying.

If it could unleash its power, it would be absolutely terrifying.

After all, the blue laser that came from this space warship actually killed the terrifying Demon King in an instant.

This is enough to show that this space warship is definitely a very terrifying weapon.

If it can be refined and controlled, when Ye Feng encounters a powerful enemy in the future, he will definitely be able to deliver a fatal blow to the enemy.

At this moment, Ye Feng also knew that if he wanted to control this space warship, he must control it at the soul level.

Because this space warship is very special, it is not an ordinary magic weapon, but a blue

Forged by the blood race.

The blue-blooded human race also said before that only Ye Feng, who has cultivated his soul power, can control this special magic weapon of their blue-blooded race.

Otherwise, this blue-blooded human race would definitely not be so kind to Ye Feng.

At this moment, Ye Feng directly exuded his majestic soul power, covering the huge space warship in front of him, wanting to find the core inside the space warship and refine it.

"Um?"

Youlan, who was standing aside, saw a hint of surprise in her eyes when she saw Ye Feng actually releasing his soul power.

It seems that he did not expect that Ye Feng turned out to be a magical being who is a fellow soul martial artist.

At this moment, Shang laughed loudly from high in the sky: "Great! I have successfully stolen the power of destiny of the entire small world. I now feel that I can control this small world, and through this In the small world, I can begin to continuously absorb the powerful world luck from the high-level cultivation interface of the Ten Thousand Demons Interface. As long as I slowly hibernate and wait until a certain level, I may be able to steal the Ten Thousand Demons Interface. The qualifications of the Demon Lord."

And while Shang was laughing, Ye Feng also used his soul power to successfully find the core of this space warship and imprint his soul into the core of this space warship.

Buzz!

The next moment, with a thought in Ye Feng's mind, this huge space warship like a steel behemoth quickly shrank and then entered Ye Feng's mind space.

It can be said that this space warship is actually equivalent to a magic weapon with soul attributes.

Ye Feng was still very happy at this time.

After all, he got such a powerful magic weapon with soul attributes in vain.

This is of great help to the use of one's soul power.

When dealing with enemies in the future, Ye Feng will no longer be so afraid at the soul level.

After all, the level of this space warship must be very high, and the blue laser it erupts is very terrifying, causing huge damage to the soul and entity.

And just when Ye Feng was thinking secretly in his heart, Emperor Chu, who had been silent for a long time, suddenly spoke up: "Ye Feng, please explore the mystery contained in this ancient Nine Suns Diagram. I feel it. The Ancient Nine Suns Diagram is not only a super powerful ancient magic weapon, but the profound meaning contained in it seems to be a kind of inheritance of soul attributes. "

"What??"

Hearing what Emperor Chu said, Ye Feng's eyes suddenly lit up, and an ecstatic look appeared on his face.

You know, what Ye Feng lacks most now is inheritance at the soul level.

So at this time, Emperor Chu said that this ancient Nine Suns Diagram seemed to contain the inheritance of soul attributes, which naturally made Ye Feng very excited.

At this moment, Ye Feng immediately nodded, then put the Ancient Nine Suns Diagram in his hand on his forehead, and began to explore the mystery of this Ancient Nine Suns Diagram to see if it really existed. Inheritance at the soul level.

If there really is a soul-level inheritance, then Ye Feng will definitely make a lot of money.

Because this ancient Nine Suns Diagram comes from the blue-blooded human race deep in the mysterious starry sky of the universe.

So if there really is a soul-level inheritance in this Ancient Nine Suns Diagram, it must be a very advanced and terrifying soul-level inheritance.

Ye Feng felt that Emperor Chu's guess might be true.

Because the blue-blooded human race also said before that the talent of their blue-blooded race is that they can use their soul power to activate various magic weapons and weapons.

Chapter 4083 The Immortal Sun God Technique

Buzz!

At this moment, with Ye Feng's exploration.

Half an hour later, Ye Feng's eyes suddenly showed a look of surprise.

Because he really found a very secret soul-level inheritance from this ancient Nine Suns Chart.

The secret of this inheritance has the same attribute as the ancient Nine Suns Chart, and is an inheritance related to the sun.

This inheritance at the soul level is called "The Immortal Sun Art".

After practicing it, you can use it to continuously absorb solar energy to strengthen and temper your soul.

Its core meaning is to let your soul shine like the blazing sun.

Let your soul be immortal.

Like the sun, always shining.

After sensing the soul-level inheritance contained in this set of magic weapons, Ye Feng immediately began to imprint the inheritance secrets of this set of Sun Immortal God Techniques directly into his own soul without any hesitation. Then start practicing.

For Ye Feng, receiving such a specialized set of soul-level inheritance is a very fortunate thing.

Because Ye Feng does not have any advanced cultivation methods at the soul level now.

Now that he has obtained the cultivation method of this blue-blooded human race, Ye Feng is naturally very happy and excited.

Because from then on, his soul level also has a method of cultivation, and his soul attacks will become more and more powerful.

At this time, Ye Feng was very happy and couldn't help but said aloud in his mind: "Emperor Chu, you are really powerful, you can feel this."

Ye Feng was naturally very grateful to Emperor Chu, because if Emperor Chu hadn't reminded him, he would never have known that this ancient Nine Suns Diagram contained such a secret soul-level inheritance secret.

Emperor Chu said aloud in his mind: "I also sensed it inadvertently, because this Ancient Nine Suns Diagram is a special magic weapon from the mysterious race in the universe, so I did a little exploration to see this Ancient Nine Suns Diagram. Is there any hidden danger in the Yang Diagram? Unexpectedly, I detected a kind of soul-level fluctuation, so I guessed that there is a soul-level inheritance hidden in this ancient Nine Sun Diagram. After all, the blue-blooded human race also said that they This race is born with strong soul power, and everything they create is related to the soul level."

Hear Chu

When the emperor said this, Ye Feng nodded immediately and couldn't help but praise Emperor Chu's wit.

At this time, as Ye Feng was practicing, he could feel that as he was practicing the Immortal Sun Art, his soul power began to bloom with very bright light of the sun.

It was a golden light.

In addition, Ye Feng discovered that he was able to absorb the solar energy released by the sun in the sky above his head, thus strengthening his soul power.

This made Ye Feng's eyes suddenly show a look of surprise.

In the future, it seems that in addition to devouring other people's soul power to strengthen my own soul power, I can also continuously absorb the solar energy released by the sun in the sky every day, thereby improving my own soul power.

Ye Feng was naturally very happy about this.

And just when Ye Feng was silently sensing the Sun's Immortal Art, Shang flew down from the sky.

Shang immediately came to Ye Feng and couldn't help but said in surprise: "Brother Feng, I have completely stolen the luck of this small world. In the future, I can use this small world to continuously... Secretly absorbing the power of luck from the interface of Wan Yao."

Hearing what Shang said, Ye Feng immediately patted the opponent's shoulder happily and said loudly: "Great, in this case, maybe you can become the Lord of Ten Thousand Demons in the Ten Thousand Demons Interface in the future."

Shang immediately laughed and said loudly: "It's very possible, but the journey is very long, and I still need to lurk in this small world for a long time."

Ye Feng nodded, then counted the time and said, "My time is probably coming soon. After one month, I will be automatically teleported out of this small world."

When he said this, Ye Feng suddenly looked at Youlan beside him and said loudly: "The time when I will be teleported out of this small world is getting closer and closer, because one month is coming soon. If you follow As for me, I will help you put it into my storage ring first, and then you can leave this small world with me. "

Youlan nodded and said aloud: "Okay, I just need some quiet time."

A place where I can refine the Holy Sword of Light I just got. "

At this moment, Ye Feng did not hesitate and directly put the Orchid in front of him into his storage ring space.

Then Ye Feng looked at Shang in front of him and said, "Shang, it's time for me to leave."

At this moment, Shang couldn't help but grabbed Ye Feng's shoulders and said loudly: "Boy Feng, after you go back, practice hard in the Origin World, and wait until I steal all the luck of the entire Ten Thousand Demons Interface and become As the Lord of Ten Thousand Monsters, I will come to the Origin World to find you, Feng Xiaozhi. Then, together, we will dominate the resurrected Origin World."

Hearing what Shang said, Ye Feng just laughed and patted Shang on the shoulder, with a look of reluctance in his eyes.

After all, this is his old buddy.

But now I have to leave.

Half an hour later, Ye Feng had completely left the Bright Temple area and returned to the base camp built by hundreds of young geniuses from the Murong family.

When Ye Feng arrived at the base camp, he immediately saw many houses standing tall here, and city walls were built.

This made Ye Feng's eyes look surprised.

Unexpectedly, just one month has not come yet, so many buildings have been built in the base camp area.

It seems that these younger generations of the Murong family have very good hands-on skills.

At this moment, Ye Feng flew over and entered the base camp directly.

The moment Ye Feng appeared, the genius of the Murong family suddenly appeared. He couldn't help but exclaimed: "Master Ye Feng is not dead yet, he is back!"

Wow!

One word caused a stir.

At this moment, everyone in the entire base camp immediately became excited.

Several figures hurriedly flew out from the castle in the center of the base camp.

It was Murong Jian, Murong Bai and Murong Ling, the three top geniuses of the Murong family.

Especially Murong Jian, who immediately came to Ye Feng, couldn't help but

He said aloud: "Ye Feng, you are really not dead yet, and your aura is so much stronger. How is this possible! Miss Mingyue and I watched you die in that terrifying sky-shielding shelter. Under the clutches of the sun."

When Ye Feng heard what Murong Jian said, he immediately grinned and said, "I'm relatively lucky. I'm fine. I was saved by a human tribe in the wild forest."

Hearing what Ye Feng said, Murong Jian immediately said happily: "That's great, but Miss Mingyue didn't believe that you were dead, so she went deep into the wilderness to find traces of you. She said she wanted to see someone alive and a corpse when she died, but she hasn't come back yet. "

Hearing what Murong Jian said, Ye Feng's eyes suddenly froze. He didn't expect Murong Mingyue to be so focused on him.

Ye Feng immediately nodded and said, "Okay, I'll go find Miss Mingyue now."

But just when Ye Feng was about to turn around and leave the base camp.

Uh-huh!

A beautiful figure flew outside.

It was the eldest lady of the Murong family, Murong Mingyue.

Murong Mingyue's face seemed to be full of sadness and despair, because she had been searching for half a month but could not find any trace of Ye Feng, so she felt that Ye Feng might have really fallen, or even been killed in the wild forest. Many ferocious beasts were devoured, and it was really miserable.

But at this moment, Murong Mingyue raised her head and suddenly saw Ye Feng standing there intact inside the base camp.

Murong Mingyue was stunned for a moment, and then her beautiful eyes immediately revealed a look of deep surprise. She suddenly came to Ye Feng and said happily: "Master Ye Feng, you are worried about me! "

Seeing Murong Mingyue taking such initiative, all the young geniuses of the Murong family were stunned.

This was the first time they saw that the aloof and noble young lady actually had such a little girl-like side.

Murong Jian showed envy in his eyes and couldn't help but look at Ye Feng and said loudly: "The person who can win the heart of the eldest lady of our Murong family is really enviable. Our eldest lady is the whole You are one of the three beauties of the younger generation in the Sea of Chaos, and you have outstanding talent. You are the goddess in the eyes of countless people. Brother Ye, you are so lucky."

Chapter 4084 Keep in touch

At this moment, after Murong Jian said this, Murong Mingyue showed a rare shy expression on his face, and then immediately returned to normal and said: "Since Ye Feng has returned safely, then we can I am waiting to leave this small world with peace of mind."

Hearing what Murong Mingyue said, Ye Feng immediately nodded and said, "It should be a month's time tonight, and we will be automatically teleported out by then."

Murong Mingyue nodded and said, "Yes, we will all be gathered in this base camp by then, and we can be teleported out safely."

After finishing speaking, Murong Mingyue looked at Murong Jian in front of her, the three top geniuses Murong Bai and Murong Ling, and said loudly: "All the resources collected in our base camp during this period are all stored in their respective storage rings. , don't miss it, this is something we have worked hard for a whole month."

Murong Jian immediately smiled and said: "Don't worry, young lady, we have already put all the cultivation resources into our storage rings, and they will never be missed."

When Murong Mingyue heard what Murong Jian said, she immediately nodded.

Then Murong Mingyue looked at Ye Feng and couldn't help but said: "Ye Feng, where have you been during this time? I can't even tell the depth of your cultivation aura now, but I can feel that it is absolutely very... Terrible and powerful."

Ye Feng smiled slightly at this time and said aloud: "I have indeed experienced a lot during this period, and my cultivation strength has also been greatly improved."

When he said this, Ye Feng seemed to have thought of something and couldn't help but said: "By the way, I forgot something."

Uh-huh!

After saying that, Ye Feng immediately flew quickly in the direction of the Bright Temple.

When Ye Feng returned to the area around the Temple of Light, he immediately saw the body of most of the Demon King who had fallen before, still falling in the jungle outside the Temple of Light.

Seeing this scene, Ye Feng immediately breathed a sigh of relief.

Fortunately it wasn't stolen by anyone else.

Ye Feng was in a hurry before leaving and almost forgot this extremely precious thing.

That is the body of this half demon king.

This is for Ye Feng

It's an excellent thing.

If you swallow it, your cultivation strength will definitely be greatly improved.

"Buzz!"

At this moment, Ye Feng immediately released the Devouring Domain and began to devour the remaining half of the body of the Demon King.

You must know that the cultivation level of this Demon King far exceeds the realm of domination, and even exceeds the infinite realm above domination.

After all, Youlan, a super strong person at the tenth level of the Infinite Realm, could only fight against half the body of the Demon King.

Therefore, the cultivation level of this Demon King is very likely to be a transcendent realm above the infinite realm!

At this time, Ye Feng didn't hesitate at all, with an expectant expression on his face, he directly released the Devouring Domain and began to devour half of the body of the Demon King.

Behind him, Murong Mingyue, Murong Jian and other young geniuses from the Murong family chased after him. When they saw the majestic body of the half of the Demon King that Ye Feng was devouring, they all had deep horror in their eyes.

Murong Jian was immediately stunned and couldn't help but said: "What have Ye Feng done these days? He actually killed half of the Demon King's body and dropped it in the wilderness. It's so disturbing. Unbelievable."

Murong Bai suddenly spoke up and said: "The blue-blooded human senior who occupied my body before seems to have successfully repaired the space battleship, stimulated the power in the space battleship, and killed this demon king."

Hearing what Murong Bai said, Murong Mingyue and Murong Jian suddenly showed a look of surprise on their faces.

And when everyone present was shocked, the Devouring Domain released by Ye Feng was already rapidly absorbing the energy contained in half of the body of this Demon King.

You must know that this demon king is not an ordinary demon, but a demon from the advanced cultivation interface, the ancient demon world, and he is also the king among demons.

Not only is his cultivation strength very advanced, but the demonic energy contained in his body must also be very advanced.

After all, this is a king among high-level demons.

So at this moment, Ye Feng immediately felt that his power was growing rapidly.

"boom!"

The 61st floor of the senior master!

"boom!"

The 62nd floor of the senior master!

"boom!"

The 63rd floor of the senior master!

"boom!"

The sixty-fourth floor of the senior master!

"boom!"

The sixty-fifth floor of the senior master!

"boom!"

The sixty-sixth floor of the senior master!

"Boom!" "Boom" "Boom"...

...

"boom!"

The 100th level of the high-level master's great perfection! !

In the end, Ye Feng's cultivation level directly broke through dozens of levels in a row, and he finally entered the 100th level of the Great Perfection of Advanced Master.

At this time, Ye Feng's eyes were filled with deep excitement.

This demon king, even with only half of his body left, provided himself with a huge amount of energy, allowing him to improve so much all at once.

At this time, the movement caused by Ye Feng's breakthrough momentum immediately made Murong Mingyue, Murong Jian and others watching not far away, with deep shock in their eyes.

Obviously, they never expected that Ye Feng's current cultivation level had actually reached the 100th level of Advanced Dominion!

The speed of this breakthrough is really too fast.

At this time, Murong Mingyue was the first to step forward and said very happily: "Ye Feng, your cultivation has finally risen to such a powerful level. When we return to the Sea of Chaos, you will be considered the leader among the dark demon sect. When the strong come, we are no longer afraid."

Ye Feng shook his head at this time and said: "Now the world rules of the Origin World are constantly recovering. Those super strong people who were suppressed by the world rules and could not break through must have been greatly improved now. , so we still can't let it go

Be careful. "

When Murong Mingyue heard what Ye Feng said, she immediately nodded, and then everyone returned to the base camp where the young geniuses of the Murong family gathered.

At this time, Ye Feng suddenly discovered that each of these young geniuses who had entered the Murong family's training had already broken through to junior masters, and some had broken through to intermediate masters.

Ye Feng's eyes suddenly showed a hint of surprise.

It seems that these young geniuses of the Murong family have not been idle in this small trial world for a whole month. They are probably frantically searching for various cultivation resources around them to improve themselves.

Buzz!

When the time came at night, a very powerful space tide suddenly appeared in the entire world.

Ye Feng, Murong Mingyue, Murong Jian and other young geniuses from the Murong family immediately sensed a huge space force, which instantly led them out of this small world of trials.

Uh-huh!

But just when Ye Feng was about to be teleported out of this small world, suddenly a black token flew over from a short distance and flew directly to Ye Feng's body, and was teleported out with Ye Feng. This small world.

When everyone opened their eyes again, they found that they had completely left the small world of trials and returned to the inner area of the Murong family.

At this moment, Ye Feng was holding a black token in his hand, and the old demon Longshang's voice came out of it: "Feng boy, this token is a teleportation token. If there is any danger in the future, you can Use this token to call me to help you. Of course, I can also call you to help me. After all, in the future, I will plot the entire Ten Thousand Demon Interface, a high-level cultivation interface, and I may encounter very terrifying monsters and enemies. "

Hearing the voice coming from the black token, Ye Feng immediately nodded and put the token into his storage ring.

Ye Feng was naturally very happy to be able to keep in touch with Shang.

Because they have known each other since they were very young and trust each other very much, like brothers.

It would be a great thing if we could help each other at critical moments.

Chapter 4085 Longing

At this moment, everyone has returned to the inner area of the Murong family.

Outside this portal, a group of seniors from the Murong family who were guarding the portal immediately showed deep anticipation in their eyes.

They looked at the hundreds of young geniuses from the Murong family in front of them, and immediately said happily: "Okay, okay! Great! All of you have already entered the realm of domination. It seems that we have spent a lot of money this time. There is nothing wrong with opening up this small world of trials."

At this moment, a group of elders from the Murong family, all of whom had eyes full of happiness.

Because they knew very well that this time, hundreds of young geniuses from the Murong family were all half-step masters. They entered the small world and after a full month of trials, they all entered the realm of true masters.

This has other benefits for enhancing the foundation of the entire Murong family.

At this time, Murong Mingyue immediately looked at the Great Elder and said loudly: "Thanks to Ye Feng this time. If it weren't for Ye Feng, we would have been wiped out by the terrifying demon clan in this small world."

Hearing what Murong Mingyue said, Murong Jian, Murong Bai and Murong Ling all said aloud: "That's right, if it hadn't been for brother Ye Feng this time, I'm afraid all the young geniuses in our

Murong family would have died. The army has been destroyed, and there are too many dangers around that small trial world.”

Hearing the top geniuses present saying this, the eldest elder of the Murong family suddenly showed a hint of surprise in his eyes.

The great elder immediately stared at Ye Feng and said immediately: "Okay! I will report this matter to the elders of our family, and I will definitely reward little brother Ye Feng at that time."

Ye Feng smiled slightly at this time and said: "It's just a little effort."

When the elder saw what Ye Feng said, he immediately smiled and said: "Brother Ye Feng, you are so humble. The fact that you can be recognized by all the top geniuses of our Murong family shows that you have indeed contributed to our Murong family in the small world. You have made great contributions to the growth of the younger generation. Don't worry, our Murong family will definitely not forget your contribution in the future.”

After the great elder finished speaking, he looked at the other elders beside him and said aloud: "Each of you select the young geniuses you are satisfied with, then take them under your command, teach them the strongest inheritance of the Murong family, and now the entire world of origin The storm is surging. It is estimated that some powerful people from the advanced cultivation interface will soon come to our origin world. At that time, they will definitely attack some top powers to show the majesty of those advanced cultivation interface forces. Therefore, we, the Murong family, must hurry up. Improve your overall strength.”

Hearing what the elder of the Murong family said, Ye Feng's eyes showed a trace of surprise.

It seems that the world rules of the Great World of Origin are recovering very quickly, and the advanced cultivation civilization may soon have strong ones descending upon it.

At this time, Ye Feng immediately looked at Murong Mingyue in front of him and said loudly: "It's time for me to leave the Murong family and go to the Ye family behind me."

Hearing what Ye Feng said, Murong Mingyue immediately nodded and said: "You follow me to find my father now, and I will ask my father to take you to the location of the Ye family."

Ye Feng nodded, then followed Murong Mingyue, flying quickly towards a certain direction in the inner area of the Murong family.

Under the leadership of Murong Mingyue, Ye Feng once again came to the central core area of the Murong family, the Emerald Island.

At this time, Ye Feng did not hesitate. Following Murong Mingyue, he soon saw the head of the Murong family again in the palace on the central island.

The aura of the head of the Murong family was very unfathomable at this moment, and he was even more terrifying than before.

Ye Feng immediately sensed at this moment that the head of the Murong family had now broken through the Great Perfection Master and entered the first level of the Infinite Realm above the Master.

This made Ye Feng's eyes show wonder.

Sure enough, with the resurgence of the world's rules, these seniors who had previously been suppressed in their cultivation have made breakthroughs in cultivation very quickly.

At this moment, Ye Feng was not too surprised. After all, Ye Feng had expected this situation.

Of course, in Ye Feng's eyes, although the strong men in the first level of the Infinite Realm are very powerful, they are not as fearful as before.

After all, Ye Feng's current cultivation level has also broken through to the 100th level of Advanced Dominance.

Moreover, Ye Feng's storage ring is still guarded by Youlan, a super master of the tenth level of the infinite realm.

At this moment, Murong Mingyue came up and said loudly: "Father, Ye Feng has successfully completed the mission. Now it is time to take Ye Feng to the Ye family."

The head of the Murong family immediately nodded and said with a smile: "The promise I made will naturally come true."

After finishing speaking, the head of the Murong family looked at Ye Feng in front of him and said loudly: "Then let's set off directly now, don't waste time, because next the Murong family may have to deal with those powerful people from the advanced cultivation interface. The threat, so after I send you to the Ye family, I will rush back immediately to take charge of the overall situation. "

Ye Feng immediately nodded, cupped his fists slightly and said, "Thank you so much, Senior Murong."

At this moment, the head of the Murong family did not hesitate. He nodded directly, and then immediately stepped out of the central hall and flew quickly towards the outside of the Murong family.

Ye Feng glanced at Murong Mingyue beside him and said, "Miss Mingyue, let's separate for now. I have to rush to Ye's house first."

Hearing what Ye Feng said, Murong Mingyue seemed to have a look of reluctance in her beautiful eyes.

But the next moment, thinking of the responsibility Ye Feng carried, Murong Mingyue immediately nodded and said loudly: "I understand you, I also bear the responsibility of revitalizing the entire Murong family, so Ye Feng, you are now Just leave with peace of mind, we will meet again when we have the chance."

After saying that, Murong Mingyue seemed to be unable to bear it and walked forward, hugged Ye Feng slightly, and then immediately took a few shy steps back.

When Ye Feng saw this scene, there was a look of surprise in his eyes.

Then Ye Feng smiled slightly and said aloud: "Okay, we will meet again when we have the opportunity."

Uh-huh!

After saying that, Ye Feng turned around and immediately chased the head of the Murong family outside.

Murong Mingyue looked at Ye Feng's departing back in the distance, with a trace of expectation and longing on her face, as if she was looking forward to the wonderful life she might have with Ye Feng in the future. At this moment, everyone has returned to the inner area of the Murong family.

Outside this portal, a group of seniors from the Murong family who were guarding the portal immediately showed deep anticipation in their eyes.

They looked at the hundreds of young geniuses from the Murong family in front of them, and immediately said happily: "Okay, okay! Great! All of you have already entered the realm of domination. It seems that we have spent a lot of money this time. There is nothing wrong with opening up this small world of trials."

At this moment, a group of elders from the Murong family, all of whom had eyes full of happiness.

Because they knew very well that this time, hundreds of young geniuses from the Murong family were all half-step masters. They entered the small world and after a full month of trials, they all entered the realm of true masters.

This has other benefits for enhancing the foundation of the entire Murong family.

At this time, Murong Mingyue immediately looked at the Great Elder and said loudly: "Thanks to Ye Feng this time. If it weren't for Ye Feng, we would have been wiped out by the terrifying demon clan in this small world."

Hearing what Murong Mingyue said, Murong Jian, Murong Bai and Murong Ling all said aloud: "That's right, if it hadn't been for brother Ye Feng this time, I'm afraid all the young geniuses in our Murong family would have died. The army has been destroyed, and there are too many dangers around that small trial world."

Hearing the top geniuses present saying this, the eldest elder of the Murong family suddenly showed a hint of surprise in his eyes.

The great elder immediately stared at Ye Feng and said immediately: "Okay! I will report this matter to the elders of our family, and I will definitely reward little brother Ye Feng at that time."

Ye Feng smiled slightly at this time and said: "It's just a little effort."

When the elder saw what Ye Feng said, he immediately smiled and said: "Brother Ye Feng, you are so humble. The fact that you can be recognized by all the top geniuses of our Murong family shows that you have indeed contributed to our Murong family in the small world. You have made great contributions to the growth of the younger generation. Don't worry, our Murong family will definitely not forget your contribution in the future."

After the great elder finished speaking, he looked at the other elders beside him and said aloud: "Each of you select the young geniuses you are satisfied with, then take them under your command, teach them the strongest inheritance of the Murong family, and now the entire world of origin The storm is surging, and some powerful people from the advanced cultivation interface are estimated to be coming to our origin world soon. At that time, they will definitely attack some top powers to show the majesty of those advanced cultivation interface forces, so we, the Murong family, must hurry up Improve your overall strength."

Hearing what the elder of the Murong family said, Ye Feng's eyes showed a trace of surprise.

Chapter 4086 Advanced Creatures

Uh-huh!

At this moment, Ye Feng was very fast and left the central island in the blink of an eye, chasing behind the head of the Murong family.

"Um?"

Seeing Ye Feng chasing after him so quickly, the head of the Murong family suddenly showed a look of surprise in his eyes.

He didn't seem to have expected that Ye Feng's speed could be comparable to that of a strong older man like him.

You know, the head of the Murong family did not deliberately slow down because of time constraints, but wanted to quickly reach the location of the Ye family in the Sea of Chaos.

But I didn't expect that Ye Feng would catch up so quickly.

Originally, the head of the Murong family was prepared to wait for Ye Feng for a while.

At this time, the head of the Murong family seemed to be even more satisfied with Ye Feng. He couldn't help but stare at Ye Feng with a smile. As he hurried on, he said loudly: "Ye Feng, your abilities amaze me. , it seems that you have also benefited a lot from this trial in the small world."

Ye Feng immediately nodded and said with a smile: "This time, thanks to Senior Murong, I can enter that precious little world with all the young geniuses of the Murong family. I have indeed gained a lot. "

Hearing what Ye Feng said, the head of the Murong family immediately nodded and said: "In any case, this time you have protected so many young geniuses in our Murong family, allowing them to

grow up safely in the small world. Just now, the elder You have already reported it to me via voice transmission, so our Murong family will definitely never forget this kindness. Now I don't have anything to give you. After all, I think you may not appreciate what I give you. , but our Murong family will definitely repay this kindness in the future."

Hearing what the head of the Murong family said, Ye Feng immediately couldn't help but smile, shook his head, and said loudly: "Senior Murong's words are serious, he can help Miss Mingyue, and a group of other geniuses from the Murong family, but It's just a little effort on my part, this time I enter the trial

In a small world, we can say that we are mutually beneficial. "

Hearing what Ye Feng said, the head of the Murong family immediately nodded happily, and said with some sigh: "It would be great if our Murong family had a peerless evildoer like you. , The Ye family is really lucky. A descendant of the blood who is living outside can be such a monster. Ye Feng, you are like a sleeping dragon and a phoenix now. When you grow up in the future, you will definitely shine like a dragon and a phoenix! "

Hearing what the head of the Murong family said, Ye Feng couldn't help but said: "Senior Murong's family also has many top geniuses, such as Miss Mingyue, as well as geniuses such as Murong Jian, Murong Ling and Murong Bai. It's very powerful."

The head of the Murong family shook his head, sighed and said: "Although they are indeed very good, and they are considered top geniuses in our family alliance in the Sea of Chaos, but compared with Ye Feng, the so-called geniuses in them are The light has dimmed a lot. Ye Feng, you are really the most powerful young genius I have ever seen, and your future achievements are immeasurable."

When he said this, the head of the Murong family seemed not to want to say anything more and fell silent.

Seeing this, Ye Feng didn't say anything more, but silently followed behind the head of the Murong family.

The two of them quickly shuttled through the entire sea of chaos.

The head of the Murong family led the way and looked around, seeming to be looking for the location of the Ye family at this moment.

But suddenly at this time.

Boom! !

A brilliant beam of light suddenly descended from the entire sky.

"Get back quickly!"

At this moment, it seems to be an induction

Seeing the terrifying aura in that pillar of light, the head of the Murong family immediately retreated with Ye Feng.

"That is....."

Almost at the next moment, they saw a very strange creature appearing in the extremely bright light pillar.

This is a creature with the head of a snake and a human body.

The lower body is a human body.

The upper body is that of a snake. .??.

It looks very weird and scary.

Moreover, the aura exuded by this strange snake man is different from the creatures in the origin world.

The aura on his body is very advanced, and his cultivation is a terrifying existence at the level of Dzogchen, the tenth level of the Infinite Realm!

At this moment, the head of the Murong family immediately showed a look of horror in his eyes and said loudly: "This is an advanced creature from the advanced cultivation interface. Such a powerful cultivation aura! It's too scary!"

At this moment, even the head of the Murong family, a powerful elder, felt a sense of life crisis.

"From the advanced practice interface?"

When Ye Feng heard what the head of the Murong family next to him said, he stared at the snake man who was gradually revealing his true form in the light beam not far away, with a hint of surprise in his eyes.

Ye Feng couldn't help but sigh in his heart. In the Origin World, have the rules of today's world recovered so quickly?

Terrifying advanced creatures from the advanced cultivation interface have arrived so soon?

At this moment, looking at the snake man descending not far away, the head of the Murong family immediately retreated with Ye Feng and said loudly: "This is just the arrival of a high-level creature. I can't even imagine that high-level cultivation. What would it be like if all the super powerful men from the interface arrived?"

It is estimated that these super powerful forces can only send one or two strong people from the advanced cultivation interface to the origin world. We should leave here quickly. "

After saying that, the head of the Murong family was ready to take a detour.

But at this moment, the light pillar not far away suddenly dissipated.

The tall and majestic snake man was completely revealed.

He immediately saw Ye Feng and the head of the Murong family who were thousands of miles away. A pair of snake eyes suddenly revealed a cruel look, and he said loudly: "The hunting has begun... The great world of origin in the end of the Dharma era met me. Aren't these advanced creatures who have descended from the advanced interface at my mercy? I can slaughter them freely!"

Obviously, this snake man comes from a very cruel and advanced cultivation interface, and he wants to slaughter the common people as soon as he comes.

Obviously in the heart of this snake man, in his eyes, these creatures in the origin world are all a group of lambs waiting to be slaughtered, and they are all prey-like existences.

Uh-huh!

At this moment, the snake man actually penetrated the void at an incredible speed, and rushed towards the head of the Murong family and Ye Feng, and was approaching in the blink of an eye.

When he saw the terrifying snake man that was about to fly in front of him, the head of the Murong family immediately showed a look of horror in his eyes. He quickly looked at Ye Feng beside him and said, "Hurry up and run! I will take the rear! This one comes from The snake man in the advanced cultivation interface is too terrifying. He is an extremely powerful and cruel creature. He seems to regard us as prey and wants to hunt us. My current cultivation level is in the first level of the infinite realm. It depends on my body Murong The family's inherited treasure is estimated to be able to withstand only for a short period of time. Ye Feng, hurry up and run! This advanced creature from the advanced cultivation interface is not only the tenth level of the infinite realm that he appears on the surface. Although his cultivation is so simple, his inherited secret techniques and bloodline, including his methods, are definitely much more advanced than ours!"

Chapter 4087 Causes and Consequences

crisis!

A huge crisis!

At this time, Ye Feng and the head of the Murong family were in extreme danger.

Because this snake man came from the advanced cultivation interface, his cultivation level is very terrifying, far beyond the top powerhouses in the Origin World.

At this moment, the head of the Murong family naturally wanted Ye Feng to leave here quickly, otherwise both of them would die.

If the head of the Murong family was alone, he might be able to resist and escape.

At this time, Ye Feng didn't hesitate at all and immediately said: "Okay, then I'll leave first!"

After saying that, Ye Feng directly used the power of the void to quickly lurk in a certain direction in the distance.

At this time, the head of the Murong family finally felt relieved when he saw Ye Feng leaving.

Uh-huh!

Then he took out a golden sword that was dozens of meters long from his storage ring.

It should be some kind of treasure inherited from the very powerful Murong family.

"kill!"

The terrifying golden sword energy bloomed from his whole body, and he charged towards the snake man in the advanced practice interface who was flashing over not far away.

When the snake man in the advanced cultivation world saw the head of the Murong family rushing towards him, a sarcastic smile appeared on his face and he said loudly: "A humble family in the end of the Dharma era dares to look at me like this. It's simply ridiculous for such a noble creature to take action!"

Boom!

At this moment, the snake man immediately stretched out a hand.

At this moment, his hand turned into a huge and terrifying black snake mouth, which directly struck hard in front of the head of the Murong family.

The head of the Murong family quickly raised the golden giant sword in his hand to block it.

Boom! !

But almost at the next moment, there was an extremely terrifying roar, and the snake man's instant attack had an extremely terrifying impact. It actually sent the head of the Murong family flying backwards. It fell hard to the surface of the ocean and hit a large wave.

"What?"

At this time, the head of the Murong family looked at the golden sword in his hand with deep horror in his eyes.

Because he saw that the snake mouth manifested by the terrifying snake man actually bit out a huge gash on his golden giant sword.

This made the head of the Murong family show a horrified expression on his face, and he couldn't help but say: "This golden giant sword, but our ancestors of the Murong family passed it down and it was made of the ancient golden iron from the fall of the sun. As a result, you can bite out this giant sword of mine just by relying on the strength of your own body.

Just a hole and directly destroyed it, how is this possible! "

At this moment, the powerful snake man not far away who came from the advanced cultivation interface immediately laughed out loud and said with great disdain: "So you don't understand at all. I am from the advanced cultivation realm." How terrifying are the advanced creatures in the interface? You weaklings in the Dharma Ending Age are just like ants in the eyes of a strong person like me. The weapons in your hands are also extremely low-level. Let me show you what it means! A truly powerful weapon!"

Uh-huh!

At this moment, the tall snake man opened his mouth and spat out a huge axe.

This ax is different from ordinary weapons.

This ax was not made of any steel material, but an ax made of some unknown white bones.

Moreover, this ax turned out to be alive. There were patches of scales like snake scales growing on the surface of the ax, which looked very ferocious and strange.

At this moment, the huge snake man held the bone-scaled ax in his hand, soared directly into the sky, and then slashed towards the head of the Murong family below.

Click!

Accompanied by a harsh shattering sound, the bone-scaled ax in the snake man's hand unexpectedly split the golden sword in the head of the Murong family into two halves.

The scarlet light emitted from the ax head of the Bone Spirit Piece directly blew the head of the Murong family away not far away.

The life-saving inner armor worn by the head of the Murong family was slashed by the bone-scaled ax at that moment, and a deep crack was made, almost splitting the head of the Murong family in half.

"What a terrifying cultivation level! What a terrifying weapon!"

At this moment, the head of the Murong family immediately realized that he was far from a match for this terrifying snake man.

If he were an ordinary strong man of the tenth level of the Infinite Realm, the head of the Murong family, relying on his powerful inheritance and the advanced weapons left by his ancestors, might still be able to fight against him.

But this snake man comes from an advanced cultivation interface and is an advanced creature. His inherited power and the weapons he uses are all very advanced.

Therefore, the head of the Murong family overestimated his own fighting power. He was unable to resist this advanced creature, the snake-man, and was simply defeated.

At this moment, the head of the Murong family couldn't help but run for his life.

But at this moment, the terrifying snake man once again came to the Murong family at an incredible speed.

In front of the head of the family.

Then the snake man held the bone-scaled ax in his hand, with a cruel and vicious look in his eyes, and chopped it down hard, trying to cut the head of the Murong family in half.

Perhaps the head of the Murong family had no grudges with this snake man at all.

But this snake man came from a high-level cultivation interface, and it seemed to come from a very hostile place, so when it came to the origin world, it felt that it was invincible and would kill and massacre everyone it encountered. To satisfy his cruel heart.

"My life is at risk!"

Murong's head immediately sighed in despair.

But at the moment when the head of the Murong family was about to be chopped in half by this snake man.

"Buzz!"

Suddenly there was a fluctuation in the void.

A bright holy sword suddenly came out of the void and pierced the snake man's head.

The speed is really too fast.

And it was too sudden.

Even this powerful snake man didn't react for a moment.

"ah!!"

This snake man immediately let out an earth-shattering scream, and suddenly yelled crazily: "Who is it? Who dares to sneak attack me? Who has the ability to lurk around and attack me!!"

At this moment, the snake man was extremely frightened.

Because he found that this sword was very terrifying. It was actually assassinated by a super strong man at the tenth level of the Infinite Realm with the same cultivation level as him.

Moreover, there was no nonsense with him, it was just a sneak attack in the void, so his head was pierced in an instant.

The snake man was extremely frightened, and his life force was rapidly passing away.

It turns out that the Snake Man descended from the realm of advanced cultivation and came to the origin world of the End of Dharma Age, and was preparing to go on a killing spree and conquer the world.

But as a result, the snake people now sense a crisis of death and fall.

"No!!!"

The snake man roared in fear and unwillingness, and frantically burst out his strength, trying to break free from the bright holy sword that pierced his head.

But it's all in vain.

Because at that moment, the sword pierced his head and cut off all his life.

"no no....."

The snake man was horrified. He was so arrogant just now, and now he is so desperate.

The snake man roared with all his strength: "I am the commander-in-chief of the Blood Demon Dynasty in the interface of ten thousand demons. You humble creatures dare to assassinate me. You...you all deserve death...ah!" !"

r\u003e

The snake man roared in pain and despair, and finally his life was completely gone, and he died instantly!

"What??"

At this moment, the head of the Murong family, who felt that he was bound to die, saw the scene in front of him, and his eyes suddenly showed deep horror: "When did the tenth level of the infinite realm appear in our Sea of Chaos area?" A transcendent existence? How is this possible?"

But at the next moment, what shocked the head of the Murong family was that the person holding this bright holy sword turned out to be an extremely beautiful woman.

Next to this woman, Ye Feng was standing.

With a slight smile on his face, Ye Feng said aloud: "Senior Murong, I'm sorry to make you suffer a little, but there is nothing I can do. If I don't let you suffer a little, that snake man in the advanced cultivation interface I won't let my guard down at all, and there's no way I can successfully attack in the void."

At this time, Ye Feng said, the beautiful woman standing next to him, this strong person in the tenth level of the Infinite Realm, was the female saint, Youlan, who followed Ye Feng to come out of the small world with the Holy Sword of Light.

It turns out that Ye Feng pretended to escape before.

But it is actually lurking in the void.

Allow Youlan to sneak attack and kill the snake man at the critical moment, when he relaxes his vigilance.

Although Youlan is also a super strong person at the tenth level of the Infinite Realm, this snake man comes from the advanced cultivation interface after all. If there is a head-on confrontation, it is estimated that the winner will not be determined for a while, and he may not even be able to defeat this snake man.

So Ye Feng thought of a sneak attack.

And the result is obviously very wise.

He directly killed this snake man who let down his guard and this super strong man from the advanced cultivation interface in an instant, directly!

When the head of the Murong family heard the cause and effect explained by Ye Feng, he immediately couldn't help but take a deep breath and said in amazement: "Ye Feng, I didn't expect you to have such a strategy, but really He is both civil and military, and who is this senior beside you? I want to pay my respects."

Hearing this, Ye Feng glanced at the cold-tempered Youlan beside him, smiled slightly at the head of the Murong family, and said, "Senior Murong, you don't have to be too polite, Youlan is my follower."

"What??"

When the head of the Murong family heard what Ye Feng said, even though he was the top figure in the Sea of Chaos, he couldn't help showing deep astonishment on his face. He couldn't help but exclaimed: "The tenth level of the infinite realm" Follower of Heaven? This..."

The head of the Murong family was simply stunned and could not speak for a long time.

Ye Feng, on the other hand, looked at the body of the snake man that fell to the surface of the ocean. Without any hesitation, he directly released the Devouring Domain and began to devour it!

Chapter 4088 It's so outrageous

At this time, the head of the Murong family was extremely shocked.

He knew that Ye Feng was very talented, but he never thought that Ye Feng would be surrounded by such a powerful follower.

It's really incredible.

Because existences at the tenth level of the Infinite Realm are absolutely rare in today's Origin World, and they are top-notch strong men.

Unexpectedly, Ye Feng would be followed by such a super strong person.

At this time, the head of the Murong family suddenly understood why Ye Feng was so confident.

It turns out that Ye Feng not only possesses strong strength and great talent, but he also has such powerful protectors around him.

At this time, the head of the Murong family couldn't help but guess that Ye Feng must have other identities besides being a descendant of the Ye family living outside.

Otherwise, it would be impossible to have such a strong following.

At this moment, in the eyes of a super powerful person like the head of the Murong family, Ye Feng has become a very mysterious and unpredictable existence.

Because everything Ye Feng showed was very shocking, and it was simply frightening to the extreme.

While the head of the Murong family was staring at Ye Feng in a daze, Ye Feng released the Devouring Domain and immediately began to devour the blood and energy of this snake man.

It has to be said that this snake man is indeed an advanced creature from the advanced cultivation interface, so the energy contained in his body is simply terrifying to the extreme.

Moreover, the skills cultivated in this snake man's body are very advanced and pure, much more refined and advanced than those ordinary tenth-level warriors of the Infinite Realm.

So Ye Feng swallowed it at this time, and he could immediately feel that his power was undergoing incredible growth and transformation.

Ye Feng's previous cultivation had reached the 100th level of Advanced Domination, which should have been a very difficult bottleneck to overcome.

But at this time, after Ye Feng devoured the snake man, a terrifying aura of cultivation suddenly erupted from his body.

Boom!

At this moment, Ye Feng's cultivation level completely broke through, directly breaking through the biggest bottleneck of the 100th level of advanced domination, and stepping into the half-step of the level of Dzogchen Domination.

At this time, Ye Feng had a breakthrough in his cultivation, and Ye Feng suddenly showed a look of deep surprise in his eyes.

At this moment, Youlan glanced at Ye Feng, and there seemed to be a hint of surprise in her beautiful eyes.

This was not the first time she saw Ye Feng using this devouring ability, but every time she saw it, she was filled with wonder.

Because this kind of devouring ability is really incredible.

In fact, many demon practitioners also have this kind of technique that can absorb other people's skills and blood.

But most demonic practitioners can only absorb the power of ordinary people or some fellow practitioners.

But like Ye Feng, he can swallow up all the thousands of attributes in the world, whether it is the devil, the righteous, the demon, the devil or any other race. .

Even Youlan, the holy master of the Temple of Light, was amazed by Ye Feng's abilities.

It turns out that Youlan followed Ye Feng because of the ancestral precepts of their first generation temple master.

.

But now, Youlan recognized Ye Feng more and more from the bottom of her heart.

At this moment, the head of the Murong family also witnessed the entire process and did not dare to say anything at all.

Because now Ye Feng, in his eyes, is not only a genius of the younger generation, but also a super big shot in the future.

The head of the Murong family knew that with Ye Feng's talent and ability, he would definitely become one of the top beings in the entire Origin World in the future.

So even though the swallowing technique that Ye Feng was currently using seemed a bit domineering, the head of the Murong family did not dare to say anything.

At this moment, after Ye Feng finished devouring the snake man, he was thinking about what the snake man said before.

Before the snake man died, he seemed to have said that he came from a place called the Blood Demon Dynasty, which is a high-level cultivation interface in the Ten Thousand Demons Interface.

Isn't the Ten Thousand Demons interface the same advanced cultivation interface that Shang wants to steal the power of luck?

Unexpectedly, I happened to meet a strong person from a powerful force in the Wanyao Interface, a high-level cultivation interface, today.

Although he has now successfully killed this strong snake man from the interface of ten thousand demons, Ye Feng has to admit that this snake man is very terrifying and very powerful.

At this moment, Ye Feng's eyes had a trace of solemnity.

The appearance of this strong snake man made Ye Feng deeply realize how powerful these strong men from the advanced cultivation interface were. It was definitely not as simple as imagined.

And you must know that the advanced beings who can be forcibly sent to the origin world today are definitely not particularly powerful in the advanced cultivation interface.

Because the particularly powerful high-level interface masters must still be bound by the rules of the world of origin and cannot come.

Therefore, those who can forcefully descend to the Origin World must be those who are not particularly powerful in the advanced cultivation interface.

Ye Feng thought of this and became more and more eager to improve his strength.

However, Ye Feng felt that this was also a good opportunity for him.

Because there are basically no particularly powerful beings among the native creatures in the great world of origin.

Even if Ye Feng swallows it, it won't be of much use.

But after these powerful men from the advanced cultivation interface came to the world of origin, they provided themselves with a steady stream of nourishment.

You must know that these strong men from high-level cultivation interfaces are all very powerful, and their skills are also very pure and advanced.

Devouring it himself will be of great help to the growth of his own skills.

So at this moment, Ye Feng hopes that a steady stream of powerful people from the high-end cultivation interface will come. By then, if anyone dares to provoke him, he can hunt and devour them and use them to increase his power.

At this moment, Ye Feng looked at the surface of the ocean not far away, trying to find the weapon used by the snake man before.

Ye Feng had been lurking in the void before, and he also saw the scale-covered bone ax used by the snake man. Although it was very evil, it was extremely powerful. It was definitely a very advanced weapon and an interface for advanced cultivation. Ye Feng naturally wants to refine the weapons that he can create, and it will definitely be of great help to improve his strength. At this time, the head of the Murong family was extremely shocked.

He knew that Ye Feng was very talented, but he never thought that Ye Feng would be surrounded by such a powerful follower.

It's really incredible.

Because existences at the tenth level of the Infinite Realm are absolutely rare in today's Origin World, and they are top-notch strong men.

Unexpectedly, Ye Feng would be followed by such a super strong person.

At this time, the head of the Murong family suddenly understood why Ye Feng was so confident.

It turns out that Ye Feng not only possesses strong strength and great talent, but he also has such powerful protectors around him.

At this time, the head of the Murong family couldn't help but guess that Ye Feng must have other identities besides being a descendant of the Ye family living outside.

Otherwise, it would be impossible to have such a strong following.

At this moment, in the eyes of a super powerful person like the head of the Murong family, Ye Feng has become a very mysterious and unpredictable existence.

Because everything Ye Feng showed was very shocking, and it was simply frightening to the extreme.

While the head of the Murong family was staring at Ye Feng in a daze, Ye Feng released the Devouring Domain and immediately began to devour the blood and energy of this snake man.

It has to be said that this snake man is indeed an advanced creature from the advanced cultivation interface, so the energy contained in his body is simply terrifying to the extreme.

Moreover, the skills cultivated in this snake man's body are very advanced and pure, much purer and more advanced than those ordinary tenth-level warriors of the Infinite Realm.

So Ye Feng swallowed it at this time, and he could immediately feel that his power was undergoing incredible growth and transformation.

Ye Feng's previous cultivation had reached the 100th level of Advanced Domination, which should have been a very difficult bottleneck to overcome.

But at this time, after Ye Feng devoured the snake man, a terrifying aura of cultivation suddenly erupted from his body.

Boom!

At this moment, Ye Feng's cultivation level completely broke through, directly breaking through the biggest bottleneck of the 100th level of advanced domination, and stepping into the half-step of the level of Dzogchen Domination.

At this time, Ye Feng had a breakthrough in his cultivation, and Ye Feng suddenly showed a look of deep surprise in his eyes.

At this moment, Youlan glanced at Ye Feng, and there seemed to be a hint of surprise in her beautiful eyes.

This was not the first time she saw Ye Feng using this devouring ability, but every time she saw it, she was filled with wonder.

Because this kind of devouring ability is really incredible.

In fact, many demon practitioners also have this kind of technique that can absorb other people's skills and blood.

But most demonic practitioners can only absorb the power of ordinary people or some fellow practitioners.

But like Ye Feng, he can swallow up all the thousands of attribute powers in the world, whether it is the devil, the righteous, the monster, the devil or any other race. All the powers can be swallowed up. This is really unnatural. .

Even Youlan, the Holy Master of the Temple of Light, was amazed by Ye Feng's abilities.

It turns out that Youlan followed Ye Feng because of the ancestral precepts of their first-generation temple master.

.

But now, Youlan recognized Ye Feng more and more from the bottom of her heart.

At this moment, the head of the Murong family also witnessed the entire process and did not dare to say anything at all.

Because now Ye Feng, in his eyes, is not only a genius of the younger generation, but also a super big shot in the future.

The head of the Murong family knew that with Ye Feng's talent and ability, he would definitely become one of the top beings in the entire Origin World in the future.

So even though the devouring technique that Ye Feng was currently using seemed a bit domineering, the head of the Murong family did not dare to say anything.

At this moment, after Ye Feng finished devouring the snake man, he was thinking about what the snake man said before.

Before the snake man died, he seemed to have said that he came from a place called the Blood Demon Dynasty, which is a high-level cultivation interface in the Ten Thousand Demons Interface.

Isn't the Ten Thousand Demons interface the same advanced cultivation interface that Shang wants to steal the power of luck?

Unexpectedly, I happened to meet a strong person from a powerful force in the interface of ten thousand demons, a high-level cultivation interface, today.

Although he has successfully killed this strong snake man from the interface of ten thousand demons, Ye Feng has to admit that this snake man is very terrifying and very powerful.

At this moment, Ye Feng's eyes had a trace of solemnity.

The appearance of this strong snake man made Ye Feng deeply realize how powerful these strong men from the advanced cultivation interface were. It was definitely not as simple as imagined.

And you must know that the advanced creatures that can be forcibly sent to the origin world are definitely not particularly powerful in the advanced cultivation interface.

Because the particularly powerful high-level interface experts must still be bound by the rules of the world of origin and cannot come.

Therefore, those who can forcefully descend to the Origin World must be those who are not particularly powerful in the advanced cultivation interface.

Ye Feng thought of this and became more and more eager to improve his strength.

However, Ye Feng felt that this was also a good opportunity for him.

Because there are basically no particularly powerful beings among the native creatures in the great world of origin.

It was definitely a very advanced weapon and an interface for advanced cultivation. Ye Feng naturally wants to refine the weapons that he can create, and it will definitely be of great help to improve his strength.

Chapter 4089 Big Monsters

Buzz!

With the help of Ye Feng's huge soul power, Ye Feng quickly found the bone ax that the snake man had used before.

Ye Feng had already seen this bone ax before. It was a very powerful and terrifying weapon.

And it seems to have vitality, which gives people a very strange feeling.

But it is undeniable that this weapon is very terrifying.

So at this time, Ye Feng stretched out his hand and took the bone-scaled ax directly into his hand, and then carefully sensed it, and suddenly there was a hint of ecstasy in his eyes.

Because Ye Feng sensed a very terrifying weapon power from this bone axe.

It was even more powerful than the weapons he had obtained before. .???.??

At this time, Ye Feng was naturally very happy.

This bone ax is definitely a very advanced weapon, capable of erupting extremely terrifying power.

At this moment, the head of the Murong family who was standing aside also nodded and said: "Ye Feng, this bone ax is indeed very terrifying. Before, I used the golden giant sword passed down by the ancestor of our Murong family. They were all irresistible, and the giant golden sword was instantly cut off by the bone axe. I think this bone ax should be an extremely powerful weapon that the snake man brought down from the advanced cultivation interface."

Ye Feng nodded and directly put the bone ax into his storage ring.

Ye Feng looked at Youlan beside him and said, "You can continue to enter the storage ring."

Youlan nodded, and then flew directly into the storage ring space on Ye Feng's finger.

For Ye Feng, it is better to let You Lan and others stay with him than to let her stay in the storage ring, which can play a huge role at critical moments.

For example, this time, if You Lan had been following Ye Feng, the snake man would definitely be very afraid, and it would be impossible for the snake man to relax his vigilance and succeed in the sneak attack.

At this time, the head of the Murong family looked at Ye Feng. He couldn't help but have a look of amazement in his eyes, and said loudly: "Ye Feng, I underestimated you before. I didn't expect that you not only have

With a peerless talent and a terrifying background, you can actually let a super strong man from the tenth level of the Infinite Realm follow you and obey your words. She is also such a beautiful and stunning woman. It is really enviable. "

"Enviably?"

At this moment, when Ye Feng heard the head of the Murong family say this, a look of astonishment suddenly appeared in his eyes.

Because the head of the Murong family had always been very serious when talking to Ye Feng, maintaining a senior attitude.

But now, Ye Feng suddenly discovered that when the head of the Murong family talked to him, his tone became much more casual, as if he was talking to people of the same generation, without the posture and reserve of his predecessors.

Ye Feng couldn't help but shook his head helplessly and said loudly: "Senior Murong, you think too highly of me. I don't have a big background. The main reason why Youlan follows me is because of an accident."

When talking about this, Ye Feng didn't explain much because it was unclear.

The head of the Murong family did not ask any more questions. He just stared at Ye Feng with a smile and said loudly: "I understand, a being with a big background like you must remain mysterious and cannot tell others easily. I know my own secrets and the rules of this road, and I won't ask any more questions."

After saying that, the head of the Murong family didn't care what Ye Feng thought, he just looked in a certain direction not far away and said loudly: "Then let's continue to the Ye family now."

Ye Feng nodded and was about to leave.

Boom!

But suddenly at this moment, there was an explosion in the sky.

"That is....."

Ye Feng and the head of the Murong family immediately looked towards the sky, with a hint of horror in their eyes.

They instantly saw that outside the world barrier of the Origin World, in the endless starry sky of the universe, there were a dozen figures standing.

These dozen figures,

The aura on his body is very huge, and the demonic aura is soaring into the sky, shaking the past and the present. It is obviously more than a dozen big demons from the advanced cultivation interface, and each one is very terrifying.

It seems that their cultivation is too strong, and they are currently unable to forcefully descend to the Origin World and cannot break through the world barrier of the Origin World.

They just stood in the boundless starry sky, each one like an ancient mountain, giving people an ultimate sense of oppression.

One of the extremely terrifying monsters immediately made a majestic voice to the entire world of origin: "You cultivators in the Sea of Chaos area in the world of origin are so courageous. You actually dare to kill us and forcefully send us to the origin. Snake people commanders of the big world, you deserve to die! After a while, the world rules of the origin world will be revived again, and the world barriers will be weakened a lot. By then, all of us, a dozen big monsters, will come. It will kill all the forces and creatures in the Sea of Chaos!"

At this moment, the voice of the great demon in the starry sky of the universe spread throughout the entire world of origin and echoed throughout the entire world of origin.

When countless powerful people heard this majestic voice, they were all frightened and woke up from their retreats.

"What's going on? Is there really a powerful person with advanced cultivation level here?"

"And who is so powerful that he can kill a super strong man from the advanced cultivation interface? Is it the ancestor of a certain family in the Sea of Chaos?"

"This is bad! The Sea of Chaos area is probably going to be a river of blood."

...

At this moment, many of the great forces in the origin world never thought that existences from the advanced cultivation interface would actually come to their origin world.

But what made them even more horrified was that the super-powerful man who descended from the Great World of Origin was actually killed, and it seemed that he was a practitioner native to their Great World of Origin, and seemed to be in the Sea of Chaos area.

This naturally shocked countless powerful forces to the extreme.

Suddenly, the entire world of origin was in turmoil.

And the sea of chaos

Many families and forces in the country also heard this majestic voice, and they were immediately frightened.

Some families and forces even held family meetings overnight, seeming to be preparing to escape from the Sea of Chaos and find other safe places to live.

Because the terrifying monsters from the advanced cultivation interface in the cosmic starry sky have already said that after they arrive after a while, they will slaughter all living creatures in the entire Sea of Chaos area.

At this moment, Ye Feng and the head of the Murong family, who were standing somewhere on the ocean, heard the majestic voice, and their eyes suddenly showed deep shock and anger.

These powerful demons from the Blood Demon Dynasty, who came from the interface of Ten Thousand Demons, were so domineering and cruel.

If they disagree, they will slaughter the entire Sea of Chaos.

It is really cruel and violent!

"Those dozen or so big monsters standing in the starry sky should all be companions of that snake man. They are probably all super strong men in the Blood Demon Dynasty."

At this time, the head of the Murong family spoke with a very solemn face and couldn't help but ask: "Ye Feng, what should we do? The strength of these dozen big monsters is definitely stronger than the snake man before. , and more than a dozen terrifying monsters came together, it was too scary. "

At this moment, after the head of the Murong family saw Ye Feng's power, he seemed to regard Ye Feng as a mysterious and unpredictable existence.

So when encountering such a crisis situation at this moment, he even asked Ye Feng directly for help.

Ye Feng was silent for a moment, and then said aloud: "Those great demons from the Blood Demon Dynasty who are currently unable to come to the Ten Thousand Demons Interface must be much more powerful than the Snake Man who came before, so next time During this time, I will try my best to improve my strength as much as possible. If they really want to come to the Sea of Chaos, I will hunt them down at that time!"

Ye Feng's words at this moment were also very domineering and full of bloodthirsty meaning.

Since these big monsters from the advanced cultivation interface looked down on themselves, a group of practitioners who originated from the big world, and even wanted to slaughter the entire sea of chaos at every turn, it naturally made Ye Feng feel a strong murderous intention in his heart!

Chapter 4090 The location of the Ye family

Although Ye Feng had a very strong murderous intention in his heart towards these big demons from the Blood Demon Dynasty who came from the advanced cultivation world.

But he also knew that these great demons from the Blood Demon Dynasty, who came from the interface of ten thousand demons, had very terrifying cultivation abilities, and their methods were also very powerful.

It must be much more powerful than the snake man who came before.

Therefore, Ye Feng knew that he must quickly improve his cultivation strength. ??

Otherwise, when those big demons really come to the Great World of Origin and come to the Sea of Chaos to slaughter the people, I am afraid that I will not be able to do anything about it.

After all, this matter started because of me, so I have the responsibility to solve it completely.

Moreover, hunting these big demons from the advanced cultivation interface is also of great benefit to Ye Feng.

If he could hunt them all down and devour their skills, then Ye Feng's cultivation would improve at an incredible speed.

Ye Feng knows very well that the world rules of the Origin World have not yet been completely revived.

Therefore, the number of these powerful people in the advanced cultivation interface who can come down next will definitely be limited, and their cultivation level will definitely be limited.

Now is a good time to hunt them.

If the world rules of the entire origin world are completely revived in the future, the world barriers will completely disappear.

When the super powerful people in the advanced cultivation interface launch a massive attack, it will be difficult to resist them.

Now only one has descended, or a dozen have descended, which is still manageable.

But Ye Feng also knew that it would probably be a bit difficult if he was alone.

For example, this time, if there was not a super strong person like Youlan following him, then Ye Feng might not be able to kill the extremely powerful snake man even if he made a sneak attack.

Therefore, Ye Feng had an idea in his mind, that is, if there were powerful people, he could win them over, and then together they would hunt down the super powerful people in the advanced cultivation interface who would come next.

But there must be very few people who dare to do such a thing.

Because there are many local forces in the origin world, they all want to compromise and do not dare to offend these beings from the advanced cultivation interface.

"After a while, if those big monsters from the Ten Thousand Monsters Interface arrive in the Sea of Chaos area of the Origin World, maybe we can notify Shang and ask him to come out of the Small World and work with me to ambush and hunt these Ten Thousand Monsters Interface. Strong."

Ye Feng was thinking secretly at this time.

In fact, Ye Feng was not particularly anxious at this time.

Because he knows that his biggest advantage now is that these creatures from the advanced cultivation interface must look down on him from the bottom of their hearts.

So I gave myself an opportunity.

Their arrogance and pride can be exploited to hunt them down.

And just when Ye Feng was secretly planning and thinking in his heart, the head of the Murong family who was leading the way suddenly stopped.

He pointed to an area not far away where the energy of chaos was boiling, and said aloud: "We have arrived, Ye Feng, the Ye family behind you is in this area of the sea area shrouded in the energy of chaos. , it was the formation set up by an ancient and powerful formation master of your Ye family, which sealed their entire family in self-isolation."

When Ye Feng heard the head of the Murong family say this, he immediately nodded slightly and then looked not far ahead.

The next moment, Ye Feng saw a large area of rich chaotic energy, covering a large area of the sea.

That sea area is where the Ye family is located.

At this time, even though Ye Feng had experienced strong winds and waves along the way, there was still a hint of excitement in his eyes.

Because I have worked hard and practiced for so long, I am finally close to finding my "roots".

For Ye Feng, the Ye family where his father and mother live is where his roots are.

Although Ye Feng doesn't have much sense of belonging to the Ye family that he hasn't seen for a long time.

But his father and mother were there, as well as his biological grandfather, aunt, and other family members, all in the Ye family, so Ye Feng was naturally looking forward to seeing them.

At this time, Ye Feng couldn't help but said: "Senior Murong, how can we enter the Ye family now?"

The head of the Murong family immediately smiled and said: "Wait for me, I'll just come and talk to the guardian of the Ye family in the formation. After all, I am also a prominent figure in the ancient family alliance in the Sea of Chaos. The Ye family Guardian, this bit of face is still given to me and I won't turn a blind eye."

At this moment, the head of the Murong family was speaking with a hint of pride in his tone.

In response, Ye Feng just smiled slightly.

In fact, what the head of the Murong family said at this time was not self-promotion.

He is indeed one of the best figures in the Sea of Chaos.

You know, there are many ancient families in the Sea of Chaos.

Among so many ancient families, the Murong family ranks first.

And the head of the Murong family has now completely broken through the realm of domination and entered the infinite realm above domination.

Therefore, the head of the Murong family can indeed be regarded as a prominent figure in the Sea of Chaos.

It's just that Ye Feng is too evil, so Ye Feng feels that there is nothing too strange about the head of the Murong family.

But if he were an ordinary genius, he would definitely be respectful and fearful in front of the head of the Murong family.

Uh-huh!

At this moment, the head of the Murong family flew forward, directly transmitting sound to the area in front that was shrouded in the energy of chaos.

After the head of the Murong family transmitted the message for a while, his eyes suddenly showed a look of joy, and he said to Ye Feng beside him: "I have contacted the guardian of the Ye family."

When Ye Feng heard what the head of the Murong family said, his eyes suddenly moved, and he felt a sense of expectation in his heart.

Because Ye Feng has been looking forward to returning to the Ye family and meeting his father, mother, and other relatives for a long time.

Uh-huh!

Just as the two of them were talking, an old man with an immortal spirit in a white robe flew out from the thick chaotic energy in front of him.

There was a faint purple aura surrounding this white-robed old man.

It was the Hongmeng Purple Qi unique to the Ye family.

Obviously, this white-robed old man with an immortal spirit should be the guardian of the Ye family here, responsible for patrolling and guarding the entire chaos formation around the Ye family.

At this moment, the old man in white robes came to the head of the Murong family and immediately said respectfully: "The head of the Murong family is here in person. Is there anything special you can do?"
