### Chapter 4091 Lost

At this time, the white-robed old man of the Ye family who flew out of the chaotic energy showed a very respectful attitude towards the head of the Murong family.

Obviously, it can be seen from here that the Murong family is worthy of being the number one family in the entire Sea of Chaos. The guardians of the Ye family are very respectful to the head of the Murong family.

At this moment, the head of the Murong family glanced at Ye Feng beside him, then faced the white-robed old man of the Ye family in front of him and said with a smile: "I came here specifically to give you a gift to the Ye family. A great genius has arrived."

Hearing what the head of the Murong family said, the old man in white robe suddenly showed a look of doubt in his eyes.

Then he couldn't help but look at Ye Feng who was next to the head of the Murong family, and couldn't help but ask: "Head of the Murong family, what does this mean?"

At this moment, the head of the Murong family pointed at Ye Feng beside him, smiled and said: "This is the blood heir of your Ye family who was left outside back then. He has unparalleled talents. Now I have brought him to you." Ye family, you Ye family have simply received a treasure."

After finishing speaking, the guardian of the Ye family in front of him couldn't help but stare at Ye Feng with a trace of surprise in his eyes.

But he sensed it carefully, and then couldn't help but shake his head, smiled helplessly, and said loudly: "Murong Family Master, are you mistaken? This young man does not have any Hongmeng aura of our Ye family."

At this moment, Ye Feng suddenly stepped forward and stretched out his hand, casually changing his skills, and a purple aura immediately appeared in his hand.

It is Hongmeng Purple Qi.

Although Ye Feng's entire skeleton has now been replaced with the Immortal Bones of the Gods, Ye Feng is still able to transform the Hongmeng Purple Qi he had before.

Sure enough, the moment Ye Feng released the Hongmeng Purple Qi, the guardian of the Ye family in front of him immediately widened his eyes.

He stared at the Hongmeng purple energy emanating from Ye Feng's palm, and couldn't help but said in shock: "What? How is this possible? I obviously can't sense that the source of your skill contains the Hongmeng of our Ye family. How can Purple Qi release Hongmeng Purple Qi? What is going on? This is so strange. Are you really a descendant of our Ye family?"

Ye Feng smiled slightly at this moment and said: "I am not only a blood descendant of the Ye family, but also the orthodox inheritor of the Ye family. My father is called Emperor Ye Qing. He should have returned to the Ye family long ago. Come on."

Hearing what Ye Feng said, the guardian of the Ye family immediately couldn't help but look shocked, and said quickly: "Are you the heir left behind by the young master?"

"Little Lord?"

Hearing what the guardian of the Ye family in front of him said, Ye Feng's eyes moved slightly.

It seems that his father, Emperor Ye Qing, became the young master of the Ye family after returning to the Ye family.

In other words, his grandfather, Ye Qingcang, whom he had never met before, is still the head of the entire Ye family.

Although Ye Feng has never met his grandfather, before, when his father's sister, his aunt Ye Qinglan, went to pick up his father in a low-level cultivation world, Ye Feng had discussed it with his aunt Ye Qinglan. For a while, I learned that my grandfather in the Ye family was called Ye Qingcang, and he was the head of the Ye family.

In addition, his aunt Ye Qinglan also gave him a fire ancestral talisman before leaving, so Ye Feng still has a good impression of these relatives of the Ye family.

of.

At this time, Ye Feng had a very strange feeling inexplicably when he heard the guardian of the Ye family in front of him say this.

It's a feeling of blood connection.

At this moment, Ye Feng did not hesitate and said directly: "My father and mother should be in the Ye family now. Take me to see them quickly. As long as you see them, you can prove that I identity."

Hearing what Ye Feng said, the guardian of the Ye family in front of him suddenly showed an ugly look on his face.

Seeing the ugly look on the face of the guardian in front of him, Ye Feng suddenly felt a thump in his heart, and quickly asked anxiously: "What is your expression? Are my father and mother not here in Ye? Home?"

The guardian wearing a white robe in front of him shook his head, then sighed and said aloud: "They have returned to the Ye family a long time ago, but in order to resist the threat from the dark demon sect, the young master and the young lady, in order to save The entire Ye family, the Ye family who left voluntarily, went to the end area of the most mysterious world in our origin world, wanting to find the strongest person of our Ye family, the Hongmeng ancestor, because the Hongmeng ancestor wanted to pursue the cultivation level. With a breakthrough, he went to the most mysterious area of the Origin World, the end of the world. However, many years have passed and the young master and the young lady have never returned. They...may have fallen at the 'end of the world' That mysterious and scary place."

"What??"

Hearing what the guardian of the Ye family in front of him said, Ye Feng suddenly showed a hint of shock and anger in his eyes. He never expected such a result.

I thought I was going to see my father and mother soon, but I didn't expect that in order to save the entire Ye family, they went to a place that seemed very scary, the end of the world in the Origin World. They didn't return for many years and disappeared. Traces, suspected to have disappeared.

Ye Feng immediately couldn't help but said: "Don't there any experts in the Ye family to look for their traces?"

The old man of the Ye family in front of him couldn't help but shook his head and said loudly: "The end of the world is the most mysterious and unpredictable place in the world of origin. Naturally, our Ye family sent experts to find the young master and young lady. But those masters who went out to look for them were all lost at the end of the world. That place was too mysterious and too dangerous. Even the super powerful masters might encounter them when they reached the end of the world. Life is at risk."

When he said this, Ye Feng couldn't help it. He walked forward and said to the guardian of the Ye family: "I don't believe that my father and mother have died. Maybe they are just trapped in the world." A certain area at the end of the area is temporarily lost, but we are temporarily unable to discover them. In any case, you take me into the range of the Ye family first, and I am going to ask the head of the Ye family. "

Ye Feng did not directly call Ye Qingcang, the head of the Ye family, his grandfather at this time, because after all, Ye Feng had never met the head of the Ye family.

Although there was a blood connection, Ye Feng couldn't scream at all for a while.

Hearing what Ye Feng said at this moment, the guardian of the Ye family immediately nodded and said: "Okay, I will take you to see the head of the family now."

Although the guardian of the Ye family is still not sure whether Ye Feng is really the son of the young master, he does not dare to delay and takes Ye Feng to see the master first.

As for Ye Feng's true identity, it can be known at a glance based on the master's supreme cultivation. At this time, the white-robed old man of the Ye family who flew out of the chaotic energy showed a very respectful attitude towards the head of the Murong family.

As for Ye Feng's true identity, it can be known at a glance based on the master's supreme cultivation.

Chapter 4092 Reshape the glory of the past

At this time, Ye Feng looked at the head of the Murong family next to him, clasped his fists and said loudly: "Thank you, Senior Murong, for helping me contact the guardians of the Ye family. Otherwise, I would definitely not be able to communicate with the Ye family so quickly." If you contact someone, you won't be trusted by the guardian of the Ye family so quickly."

Hearing what Ye Feng said, the head of the Murong family immediately couldn't help but smile and said: "It's just a little effort. Next, you can practice well in the Ye family. Let's talk again when we have the opportunity."

Uh-huh!

At this moment, after the head of the Murong family finished speaking, he jumped up and left the place directly.

Seeing the head of the Murong family leaving, the guardian of the Ye family showed deep surprise in his eyes.

He knew that the head of the Murong family was originally a super important person in the Sea of Chaos, and now he had broken through the realm of being a master.

Therefore, in the eyes of the guardians of the Ye family, the head of the Murong family is definitely a high-ranking figure.

Even though the guardian of the Ye family has a rather extraordinary status, he must maintain a polite and respectful attitude in front of the head of the Murong family.

But he discovered that the conversation between the head of the Murong family and Ye Feng was not like the seniors and juniors at all, it was very casual.

It seems that the head of the Murong family attaches great importance to Ye Feng.

And it can be said that it is taken seriously to the extreme.

Seeing this scene, the guardian of the Ye family was even more surprised about Ye Feng's identity.

At this time, he suddenly realized that the reason why the head of the Murong family paid so much attention to Ye Feng could not be simply because Ye Feng was a descendant of the young master of the Ye family.

Because even Ye Feng's father, the young master of the Ye family, would probably have to maintain a humble attitude when meeting an older person like the head of the Murong family.

Not to mention the younger generation Ye Feng.

But judging from the tone of the communication between the head of the Murong family and Ye Feng, it seems that Ye Feng has something more unfathomable in him that can make the head of the Murong family pay such attention to him.

At this time, even if the guardian of the Ye family doubted Ye Feng's identity, he couldn't help but have a deep regard for Ye Feng in his heart.

The guardian of the Ye family immediately said: "Young man, follow me."

Ye Feng nodded,

Follow behind the guardian of the Ye family.

The two of them flew directly one behind the other into the area shrouded in thick chaotic energy in front of them.

Buzz!

The moment Ye Feng followed the guardian of the Ye family and entered the chaotic energy, he immediately saw huge buildings, standing in the midst of the chaotic energy.

These chaotic energies cover a huge land with many ancient buildings built on it, which should all belong to the Ye family.

At this moment, Ye Feng can feel the glory of the Ye family from these very tall buildings.

At this moment, it seemed that he saw a trace of wonder in Ye Feng's eyes.

The guardian of the Ye family next to him, the old man in white robes, immediately couldn't help laughing and said: "Our Ye family was the number one family in the Sea of Chaos area at that time. At that time, the Murong family was not the number one family. One, it's just that later our ancestor of the Murong family, Hongmeng ancestor, stepped into the tenth heaven of the Great Perfection Dominance. He was bound by the rules of heaven and earth in the world of origin at that time and could not break through the realm of domination, so it was most convenient to go to our great world of origin. I wanted to find a way to break through the mysterious area, which is the end of the world, but I didn't expect that I didn't come back for tens of thousands of years, so our Ye family slowly declined. "

Hearing this, Ye Feng couldn't help but ask: "Hasn't there been anyone in our Ye family who can rival the Hongmeng Ancestor in the past tens of thousands of years? Logically speaking, the

Hongmeng bloodline our Ye family possesses is very special. Advanced, it can be said that it is one of the most powerful bloodlines in the end of the world. Logically speaking, there should be a steady stream of super geniuses. "

Hearing Ye Feng's question, the guardian of the Ye family immediately couldn't help but smiled bitterly, shook his head, and said loudly: "You don't understand why the ancestor of Hongmeng was able to become so powerful and step into the origin. The most powerful Dzogchen Master in the Dharma Ending Age of the Great World is the Tenth Heavenly Lord, because several of the most powerful super geniuses of our Ye family have transferred all the power of their own bloodline to the Hongmeng Ancestor. Therefore, Hongmeng The ancestor has become so powerful. In a sense, the reason why the ancestor of Hongmeng was able to become the strongest person in the era of the end of the Dharma in the origin world was to step on

The reason why he entered the tenth level of the Great Perfection Master was because he absorbed the bloodline power of the most powerful group of people in the entire Ye family. Of course, the top Ye family members who provided these bloodline powers were all voluntary, because They hoped to accumulate the most powerful existence and lead our entire Ye family to prosperity, and the result was correct. They successfully gave birth to a transcendent existence like Hongmeng Ancestor, and led our Ye family to indeed be glorious for a period of time, but Hongmeng In the end, the ancestor left the Ye family independently in order to pursue a breakthrough in cultivation, which indirectly led to the subsequent decline of the Ye family. "

Hearing what the guardian of the Ye family said, Ye Feng's eyes suddenly showed a hint of surprise.

Unexpectedly, the Ye family back then had such an unknown past.

It can be said that this Hongmeng ancestor is not actually very powerful in his own right.

It's just that he became so powerful because of the accumulation of power from other top bloodline members of the Ye family.

At this time, Ye Feng nodded slightly and said loudly: "It is true that all the top bloodlines have accumulated into one Hongmeng Ancestor. After the Hongmeng Ancestor leaves, the Ye family will indeed decline because there is no strong bloodline passed down. "

The guardian of the Ye family beside him nodded and said: "So your father and your grandfather are all descended from the Hongmeng ancestors. They feel that their ancestors, the Hongmeng ancestors, are not worthy of the Ye family. , so your grandfather and your father fought desperately against the Dark Demon Cult for the safety of the Ye family. In order to sit in and protect the entire

Ye family, your grandfather even gave up the great opportunity to go to the advanced cultivation interface, because there was an advanced cultivation interface back then. The great transcendent power used some means to send down the message, selecting the top beings in the world of origin, and entering the advanced cultivation interface to practice. However, your grandfather Ye Qingcang, who is our current Ye family, gave up this An excellent opportunity, you chose to take charge of the entire Ye family, and your father, Emperor Ye Qing, took great risks, left the Ye family, and went to the first universe at that time, hoping to find the Chaos God Emperor in that first universe. The seeds of chaos left in the universe, and after your father and your mother came back, in order to fight against the dark demon sect, they went to the end of the world together, taking great dangers and looking for the Hongmeng Ancestor. Everything was because of them. I feel that the ancestor of their line, the Hongmeng ancestor, owes the Ye family, so the descendants of their line want to repay the Hongmeng ancestor's debt to the Ye family. "

br

Hearing what the guardian of the Ye family in front of him said, Ye Feng suddenly showed a hint of shock in his eyes.

At this time, Ye Feng finally understood why his father and mother desperately went to the end of the world, such a dangerous place, to find the Hongmeng Ancestor.

It turned out that they felt they owed something to the Ye family.

After all, the Ye family back then contributed all the top bloodlines and accumulated a Hongmeng ancestor.

As a result, the ancestor of Hongmeng left the Ye family rashly in pursuit of his own breakthrough and got lost in the end area of the world, which led to the decline of the Ye family.

Maybe this lineage feels that they owe the entire Ye family, so they are so dedicated.

His own grandfather, Ye Qingcang, gave up the great opportunity to go to the advanced cultivation interface and stayed in the Ye family.

And his father and mother risked their lives to go to the end of the world to find the Hongmeng Ancestor.

It's all because of this lineage that I feel I owe the Ye family.

Ye Feng was thinking in his heart at this time and fell into silence.

Seeing Ye Feng's silence, the guardian of the Ye family next to him immediately smiled and said: "Actually, our entire Ye family does not feel that your family owes our Ye family much. After all, back then, Mr. Hongmeng After the ancestor achieved supreme cultivation, he also led our Ye family to glory for a long time. In the end, Hongmeng ancestor chose to pursue his own breakthrough. There was nothing wrong with it. After all, this was a personal choice, and he also made it a personal choice. The most precious treasure, the Gate of Hongmeng, has been left in our Ye family, allowing our Ye family to protect ourselves. Therefore, although our Ye family has declined, and there is a huge threat from the dark demon sect outside, there are still many things left by the ancestors of Hongmeng. The most powerful treasure that came down, the Hongmeng Gate, is in the Ye family and can protect the safety of our entire Ye family. You just need to know that our entire Ye family has never blamed your family lineage. We will take note of all your efforts. In my eyes, our entire Ye family still maintains a high level of respect for the family leader."

Hearing what the guardian of the Ye family said, Ye Feng nodded slightly, then looked at the guardian of the Ye family beside him, and said very solemnly: "Now that I am here, I will complete what my father should have done." I have the responsibility to protect the entire Ye family and lead the entire Ye family to restore the glory of the past!"

Chapter 4093: Grandpa

At this time, hearing Ye Feng beside him say such decisive words, the Ye family guardian showed a trace of surprise in his eyes.

It seemed that he did not expect that this young man who was suspected to be the young master's heir would actually say such domineering words.

At this time, the guardian of the Ye family couldn't help but said: "You have to know that the biggest threat to our Ye family now comes from the Dark Demon Cult, so you should know how huge and terrifying the Dark Demon Cult is. You really Do you have such strong self-confidence?"

Ye Feng smiled slightly and said aloud: "You must have this kind of confidence. The Dark Demon Sect is actually nothing. It is just a lackey trained by a high-level cultivation interface in our origin world."

"Just a lackey?"

Hearing what Ye Feng said, the guardian of the Ye family suddenly widened his eyes slightly, as if he did not expect that Ye Feng would say such a comment to such a terrifying and huge dark demon sect.

In response, the guardian of the Ye family could only helplessly smile and shake his head, obviously not believing Ye Feng's words at all.

I don't believe that Ye Feng has such a powerful ability and can actually fight against such a behemoth as the Dark Demon Cult.

However, the guardian of the Ye family didn't seem to want to dispel Ye Feng's confidence, so at this time he didn't mention anything about the Dark Demon Cult anymore, but changed the subject and said loudly: "In any case, I will take you to see our Ye family first. Master of the family, after your identity is confirmed, you can practice well in our Ye family. With the Hongmeng Gate left behind by the ancestor of Hongmeng, it will not be that easy even if the Dark Demon Sect attempts to obliterate our entire Ye family. "

Hearing what the guardian of the Ye family said, Ye Feng suddenly showed a hint of smile in his eyes.

He knew that the guardian of the Ye family must think that this young man must be bragging when he said such domineering words.

But Ye Feng didn't say much, because

Because no matter what he said now, it was impossible for the guardian of the Ye family to believe that he truly had the talent and ability to fight against the Dark Demon Cult.

Anyway, in the future, the guardian of the Ye family will slowly understand what kind of powerful existence he is facing.

At this moment, Ye Feng followed the guardian of the Ye family and said nothing more, but remained silent.

The two of them entered the Ye family's real base camp one after another.

When Ye Feng was flying over the entire Ye family, he saw that the aura of cultivation in the entire Ye family was indeed not as strong as he imagined.

Ye Feng had stayed in the Murong family for a long time before, so he knew that there were many powerful young geniuses and elders in the entire Murong family.

But when Ye Feng came to the Ye family, he did find that there was nothing about the cultivation aura in the entire Ye family that could attract Ye Feng's attention.

However, it is also possible that Ye Feng's current cultivation has indeed risen to a very powerful level, so relatively ordinary strong men are nothing in Ye Feng's eyes.

The only terrifying cultivation aura that surprised Ye Feng came from the white palace in the center of the Ye family's habitat.

The aura of cultivation emanating from that white palace made Ye Feng feel very terrifying. It was absolutely unfathomable.

At this time, Ye Feng immediately understood that the person in the white palace should be the current head of the Ye family.

That is, his grandfather, Ye Qingcang, whom he has never met before.

at this moment

, Ye Feng's eyes showed a trace of expectation, and following the guardian of the Ye family in front of him, he landed directly in front of the white palace in the middle.

The reason why the guardian of the Ye family brought Ye Feng here directly was to confirm Ye Feng's identity.

Because now he can't guarantee that Ye Feng, the heir of the young master of their Ye family, is the grandson of the current head of the family.

Therefore, the guardian of the Ye family could only bring Ye Feng here first to confirm Ye Feng's true identity.

Even with the guarantee of a super important person like the head of the Murong family, the guardian of the Ye family cannot just take Ye Feng to some core places of the Ye family to let Ye Feng settle down. It is better to confirm Ye Feng's identity first. good.

At this moment, the guardian of the Ye family in front of him looked at Ye Feng beside him and said, "Let's go directly into this white palace now. The current head of our Murong family lives inside." ??

When Ye Feng heard what the guardian of the Ye family said, he immediately nodded.

At this moment, when things were coming to an end, Ye Feng felt a little bit nervous.

Because this was the first time he was going to see his real blood relative, his own grandfather.

Even though Ye Feng had seen all the strong winds and waves along the way, he still felt a little bit at a loss at this moment, just like a child meeting an elder for the first time.

However, Ye Feng was finally overcome by strong winds and waves. He was very determined and knew how to control his emotions.

The next moment, Ye Feng took a deep breath, then kept calm, followed the guardian of the Ye family in front of him, and walked into the white palace in front of him.

The moment Ye Feng followed the guardian of the Ye family and walked into the white palace.

\u003c

br\u003e He immediately saw a tall and majestic figure sitting on a golden seat at the top of the white palace.

This tall and majestic figure was already very old, with a head full of white hair hanging down on his shoulders. His face was covered with ravines, and there were sword wounds everywhere.

But those old and deep eyes seemed to be full of infinite power, making people feel that they were god-like existences at first glance.

Like an eternal monument, standing there, majestic with vicissitudes of life, no one can shake it.

At this moment, the guardian of the Ye family immediately said: "Greetings to the head of the family. When I was patrolling outside today, I met the head of the Murong family. He brought a young man with him, saying that he was the bloodline left by our Ye family outside. The heir is said to be the young master's heir, so I brought it to you, the head of the family, to take a look."

At this moment, the moment the Ye family guardian finished speaking, he saw a shocking scene.

I saw Ye Feng just involuntarily walking towards the tall and majestic figure sitting above.

At this moment, the head of the Ye family, Ye Qingcang, a burly old man, was also moved and couldn't help but stand up from his seat.

When he saw Ye Feng, it was like seeing his own son, Emperor Ye Qing, when he was young.

At this moment, Ye Qingcang didn't need to explore anything at all.

That kind of blood connection made him understand in an instant that the strange young man in front of him was his grandson, Ye Feng!

Ye Feng didn't say a word at this time, with a deep sigh in his eyes.

Because of that blood connection, Ye Feng instantly felt an inexplicable feeling of intimacy towards this strange old man. This was his biological grandfather!

Chapter 4094 Divine Dynasty

At this time, Ye Qingcang stood up from his seat.

This old man who had been fighting for the entire Ye family for countless years, his hands even trembled a little at this moment, walked directly in front of Ye Feng, couldn't help but hold Ye Feng's shoulders, and said loudly: "Grandson, I'm your grandpa."

Ye Feng immediately nodded. This situation made him unable to help but say: "I have sensed the connection between our bloodlines from the moment I entered the hall. After so many years, I finally It's meeting my real relatives."

When Ye Qingcang heard what Ye Feng said at this time, he was very happy and said loudly: "Okay, okay, when your father returned to the Ye family before, he told me that his son Ye Feng, Jingcai Stunningly beautiful, very powerful, it will surely shock the entire Ye family in the future. After seeing her today, she truly deserves her reputation."

When Ye Feng heard this, he couldn't help but grinned and said, "What my father said is too exaggerated. Many people think I am ordinary."

Ye Qingcang laughed, and then asked with some confusion: "I can sense that your Hongmeng bloodline is almost gone, but it has been replaced by a more terrifying and advanced bloodline. It seems to be a very ancient bloodline." ,How is this going?"

Ye Feng heard this and immediately said: "Yes, grandpa, because I got a more powerful bone and integrated it into my body. Compared with this bloodline, Hongmeng bloodline or Chaos bloodline may be far away." Far from it."

"oh?"

Hearing what Ye Feng said, Ye Qingcang laughed out loud, patted Ye Feng's shoulder and said: "Okay, great, no matter what, you have returned to the Ye family. For our Ye family, It's definitely a huge help, and the old man and I are reunited with you, so I won't be alone anymore."

Obviously, Ye Qingcang does not think that the bloodline Ye Feng got is more powerful than the Hongmeng bloodline. After all, in Ye Qingcang's heart, the Hongmeng bloodline is the strongest.

At this moment, Ye Feng didn't say much, and just asked: "Grandpa, have my father and mother really fallen at the end of the world?"

When Ye Qingcang heard Ye Feng's question, his face suddenly became serious, and then he couldn't help but said: "They probably haven't fallen yet, they are just lost at the end of the world. They may be the same as our family back then. Our ancestors, like the ancestors of Hongmeng, are

lost at the end of the world, because the soul lamps of your father and your mother are still in our Ye family and have not been extinguished, which means they are not dead. "

Hearing what Ye Qingcang said, Ye Feng immediately breathed a sigh of relief. He didn't expect that his father and mother would actually leave a soul lamp in the Ye family, which could prove that they were not completely dead.

"Very good....."

After Ye Feng knew this, he finally felt relieved.

As long as my father and mother do not die at the end of the world, then when I become stronger, I will go to the end of the world, to the most mysterious place in the world of origin, to find my mother and father.

At this moment, although I did not see my father and mother, I still

Ye Feng still felt very happy after meeting his biological grandfather.

After all, this is the place where one's bloodline is inherited, and the place where one's true family belongs.

Uh-huh!

At this moment, suddenly a very mature and beautiful figure flashed in from outside the hall.

This is a woman wearing a purple dress and carrying an amethyst sword on her back. She looks very elegant.

The moment the woman in the purple dress flashed into the hall, she immediately flew in front of Ye Feng, hugged Ye Feng very affectionately, and couldn't help but said: "Niece, let's meet again. "

The person who came was none other than Ye Feng's aunt, Ye Qinglan, who was the sister of Emperor Ye Qing.

At this moment, Ye Feng couldn't help but smile and said, "Long time no see."

At this moment, Ye Qinglan let go of Ye Feng, looked at Ye Feng carefully, and couldn't help but exclaimed: "My nephew, I haven't seen you for so many years. I didn't expect you to become so powerful all of a sudden. Xiu Because you have already taken half a step into the Great Perfection. You are more powerful than many older people in our Ye family. Although you are still a little behind your aunt and me, you are almost catching up. My eldest nephew, you have been outside for so many years. What have you been through? You must have suffered a lot."

When he said this, Ye Qinglan immediately took Ye Feng's hand, looked at Ye Qingcang in front of him, and said loudly: "Dad, I will take my eldest nephew to the central park of our Ye family to have a good rest. My nephew is back home, so just relax and don't be too nervous. Our Ye family is not in any big danger for the time being."

Hearing what his aunt Ye Qinglan said, Ye Feng couldn't help but smile bitterly and said, "Okay, I understand."

Ye Qinglan immediately pinched Ye Feng's face and said, "Niece, please call me aunt."

Ye Feng could only nod his head and said: "Auntie."

"Hahaha."

Ye Qinglan immediately laughed, and seemed to be very happy and said: "I finally met my eldest nephew! Even if my brother dies, there will be a successor in our lineage."

Hearing what Ye Qinglan said, Ye Feng suddenly had a look of astonishment on his face.

I didn't expect that my aunt's words would be so bold.

At this time, Ye Qingcang couldn't help but shook his head and said: "Qinglan, don't talk nonsense. The soul lamps of your brother and your sister-in-law are still burning in our Ye family. They must not have died yet, and you My brother's fortune has always been very prosperous, and he will not die so easily."

Ye Feng immediately spoke out at this moment: "When I become stronger, I will go to the end of the world to find my father and

Mother, we must find them. "

Ye Qinglan immediately nodded and said, "Okay, aunt, I support you. Now aunt will take you to arrange your accommodation."

After Ye Qinglan finished speaking, he directly pulled Ye Feng out of the white hall.

At this moment, the guardian of the Ye family was full of sighs. He did not expect that the strange young man he brought back was really the son of the young master and the orthodox successor of the most precious lineage of their Ye family.

At this moment, Ye Qingcang watched Ye Qinglan leave the hall with Ye Feng.

In the main hall, only Ye Qingcang and the old guardian of the Ye family were left.

At this moment, Ye Qingcang's eyes suddenly became serious, he looked at the guardian of the Ye family beside him, and said loudly: "Is it the head of the Murong family who came back with my eldest grandson?"

The guardian of the Ye family did not dare to hide it and said quickly: "Yes, the head of the Murong family came here in person with Young Master Ye Feng."

Ye Qingcang couldn't help but have a trace of doubt in his eyes, and said loudly: "The head of the Murong family is a scheming and smiling tiger. He was so kind and brought my eldest grandson to the Ye family. He didn't ask for anything in return from our Ye family, is he so kind? "

When the guardian of the Ye family heard what Ye Qingcang said, there was a trace of hesitation on his face.

Seeing the hesitant expression on the white-robed old man's face, Ye Qingcang immediately said: "If you have anything to say, just say it. Don't be secretive."

"Yes, Master."

The guardian of the Ye family immediately nodded, and then said aloud: "Before, I saw the head of the Murong family taking young master Ye Feng. Outside of our Ye family, the head of the Murong family, for young master Ye Feng, it seemed that the words were spoken quite casually, as if they were communicating with peers, which made me very puzzled. After all, the head of the Murong family, who is the top figure in our Sea of Chaos, could treat such a young man like Master Ye Feng like this. Casual and polite?"

Hearing what the guardian of the Ye family said, Ye Qingcang's old face suddenly showed a trace of surprise.

Then Ye Qingcang suddenly smiled slightly and said: "It seems that my eldest grandson is more extraordinary than I thought. Then I will wait and see. See how this eldest grandson is in our Ye family, in Chaos How big a storm can it cause in the sea? His father is not a fuel-efficient lamp. Now that he has given birth to a son, he will definitely not be a waste! "

When he said this, Ye Qingcang suddenly looked at the guardian of the Ye family in front of him and said loudly: "During this period, you have been patrolling outside. There are some strong men in the Dark Demon Cult who seem to have obtained the help from behind. With the support of the advanced cultivation interface, the cultivation level has greatly increased, and it is very likely that a surprise attack will be launched on our Ye family's chaos formation."

The guardian of the Ye family immediately nodded and said, "Don't worry, Master, we will take turns patrolling 24 hours a day.

, will definitely not slack off. "

Ye Qingcang nodded, then silently waved his hand.

Seeing this, the guardian of the Ye family simply hugged his fists and left the hall.

The entire hall immediately became quiet.

At this moment, Ye Qingcang suddenly said to the empty hall: "Messenger from the Shenwen Dynasty from the heaven, you can come out."

Buzz!

Almost at the moment Ye Qingcang finished speaking, the void in front of him fluctuated.

A middle-aged man wearing a white gown and looking very elegant appeared.

This middle-aged man looked like an elegant scholar, holding a feather fan in his hand.

But the aura of cultivation in him was unfathomable, and he was obviously a super strong man.

This person is a super powerful force from the "Heaven Realm" that ranks among the top in the advanced interface, the envoy of the Shenwen Dynasty.

He used some special method to arrive in the Origin World in advance and came to the Ye family.

At this time, the elegant middle-aged scholar said with a smile: "Congratulations to the head of the Ye family, you are reunited with your grandson who lives outside."

Ye Qingcang's face was expressionless, his old eyes were very deep, and he said: "Dean Xiao, you are the dean of the 'Shenwen College' under the Shenwen Dynasty, why would you choose to cooperate with a declining Ye family like ours? Chaos There are many other powerful families in the sea area."

An elegant middle-aged scholar from the Shenwen Dynasty, a super powerful force in the heaven, named Xiao Chen. He is the dean of the Shenwen Academy in the Shenwen Dynasty that specializes in cultivating strong people. He can be said to be a big shot.

At this moment, Xiao Chen, an elegant middle-aged man, stared at Ye Qingcang in the hall, just smiled slightly, and said loudly: "Because I came to the Origin World in advance this time, in addition to focusing on supporting a local in the Origin World power, so that in the future our divine dynasty can fully come to the world of origin and compete for the opportunities of the glorious era. In addition, under the instructions of our emperor, I also have an important task, which is to find our heaven that has been lost for countless years. The first treasure is the natal treasure of the Lord of Heaven, the Gate of Heaven. Our Emperor very much hopes to obtain this treasure, because His Majesty the Emperor has great ambitions and wants to become the Lord of the entire Heaven in the

future! The dean of the Destiny Academy once made a divination calculation for the Gate of Heaven. The result of the calculation is related to your Ye family. So this time our Divine Dynasty spent a huge price to send me to the Origin World in advance. I will contact you immediately. It's your Ye family."

When he said this, the mysterious Xiao Chen from the Shenwen Dynasty smiled slightly and said: "Ye Qingcang, this is a huge opportunity for your Ye family. You have been selected by our Shenwen Dynasty as a support object. In the future, we will The entire Shenwen Dynasty has completely come to the Origin World, and you, the Ye family, have contributed a lot, and His Majesty the Emperor will not treat you badly."

Chapter 4095 Selfishness

At this time, hearing what Dean Xiao Chenxiao from the Shenwen Dynasty said, Ye Qingcang's eyes showed a hint of hesitation.

In fact, it is not easy for Ye Qingcang to support the entire Ye family alone.

Over the years of fighting in the north and south, Ye Qingcang also felt very tired. He even felt helpless that the building was about to collapse and that he could not turn the tide alone.

So now Xiao Chen, who came from the Shenwen Dynasty in the realm of advanced cultivation, came down and found his Ye family by chance.

Ye Qingcang felt that this might be a good opportunity for the Ye family to rise again.

After all, Ye Qingcang knew very well how powerful these powerful people from the advanced cultivation interface were.

Xiao Chen and the super powerful Shenwen Dynasty behind him are the overlords in the heaven, and they must be even bigger.

The Ye family may be like a little ant in front of such a giant.

However, because the powerful forces in the advanced cultivation interface cannot completely come to the world of origin, it is necessary to find a spokesperson in the world of origin.

Obviously, the Ye family was selected by the Shenwen Dynasty.

So at this time, Ye Qingcang felt that he should seize the opportunity and temporarily vassal himself under the command of this transcendent power, the Shenwen Dynasty. He had to bow his head when it was time to bow his head.

Of course, if we seize this opportunity and work for this Divine Wen Dynasty, in the future, when the world rules of the entire Origin World are completely revived, and all the strong men of the Shenwen Dynasty come, maybe the Ye family will be kicked out.

This is all possible.

Also, if the Ye family really cooperates with the Shenwen Dynasty, there may be conflicts with this high-level interface behemoth in terms of interests in the future.

At that time, it would be impossible for a mere Ye family to fight against such a behemoth as the Shenwen Dynasty.

Therefore, Ye Qingcang is not an ordinary family head. He feels that everything is about to take off if he climbs into the world of such a transcendent power as the Shenwen Dynasty, which is a high-level cultivation interface.

But is this really the case?

Ye Qingcang felt that being associated with such a transcendent power would most likely become a huge hidden danger in the future.

Now don't look at Dean Xiao, who comes from the Shenwen Dynasty, but he seems to be very polite to him.

That's because the Shenwen Dynasty has not been able to come in a big way.

Yuanda World, so he needs to support a puppet force to be so polite to him.

In the future, countless powerful men from the Shenwen Dynasty will come to the Origin World in large numbers, and they can kick the Ye family aside at any time.

However, the entire Ye family is now troubled internally and externally. There is a huge threat from the dark demon sect from the outside, and there is also a serious shortage of young talents internally.

Therefore, Ye Qingcang felt a sense of powerlessness in his heart.

After thinking for a long time, Ye Qingcang suddenly stared at Xiao Chen in front of him and said loudly: "Okay, I promise to cooperate with your Shenwen Dynasty, but since you, Dean Xiao, have come to our Ye family, you will also invite Xiao Yuan in the future. The elder can make more use of some of the inheritance and knowledge of the Shenwen Dynasty to help our Ye family cultivate more young talents, which will also be of great benefit to the future of the Shenwen Dynasty. "

Hearing what Ye Qingcang said, a satisfied smile suddenly appeared on Xiao Chen's face.

In fact, he didn't believe Ye Qingcang would refuse at all.

Because after he came to the Ye family, he also had an understanding of the current situation of the Ye family.

That is, the Ye family is now completely troubled by internal and external troubles.

There is a huge threat from the Dark Demon Cult outside, as well as threats from many other powerful families in the Sea of Chaos.

Internally, because of the Hongmeng ancestor, the Ye family had fewer and fewer powerful young geniuses in the new generation, and the entire Ye family was said to have no successors.

So under such internal and external troubles, Xiao Chen naturally understood that it was impossible for Ye Qingcang not to agree to the help and support from the Shenwen Dynasty.

In fact, Xiao Chen is not a particularly powerful superpower in the Shenwen Dynasty, but the fact that he can become the dean of the Shenwen Academy of the Shenwen Dynasty, which specializes in cultivating young strong men, is enough to show that this Xiao Chen does not rely on force to win. But rely on unparalleled wisdom.

Therefore, the Shenwen Dynasty spent a huge price to send Xiao Chen to the Origin World in advance. The main purpose was to enable Xiao Chen to become a qualified negotiator.

Because many super powerful forces in the advanced cultivation world have spent a huge price and arrived in the origin world in advance. It has no meaning. They will only use force to conquer, and in the end it makes people panic.

Therefore, the Shenwen Dynasty was a country that paid more attention to the actions of gentlemen.

A powerful force that talks a lot but doesn't take action, that's why it sent down Xiao Chen, a man who wasn't particularly powerful in terms of force but had unparalleled wisdom, to make arrangements in the Origin World in advance.

The Ye family was the supporting force chosen by the Shenwen Dynasty.

The main reason, Xiao Chen also said, is because the dean of the Destiny Academy in the Shenwen Dynasty calculated that he wanted to find the Gate of Heaven, which was related to the Ye family.

As for what the relationship is, no one knows.

Therefore, the Shenwen Dynasty sent Xiao Chen to the Origin World to contact the Ye family.

On the one hand, it can help the Shenwen Dynasty support a local force that originated in the big world.

On the other hand, they might be able to find the most precious treasure in their heaven, the Gate of Heaven.

At this moment, Xiao Chen had a smile on his face, stared at Ye Qingcang in front of him, and said loudly: "Master Ye, you made a very wise choice to cooperate with our Shenwen Dynasty. This will not only give you the Ye family It provides huge protection, and can also train a steady stream of young people for your Ye family. As the dean of the Humanities College of the Shenwen Dynasty, I still have my own confidence in teaching people to preach. Don't worry, Since our Shenwen Dynasty sent me to cooperate with your Ye family sincerely, then I will naturally not hide my selfishness. As long as your Ye family really has good young talents, I will teach them the advanced inheritance of the Shenwen Dynasty and help them. Become a talented person and serve the entire Ye family and our Shenwen Dynasty in the future."

Xiao Chen said at this time, his meaning was very simple, that is, I can help your Ye family cultivate young talents.

But in the future, these young geniuses, like the Ye family, must serve the Shenwen Dynasty.

Ye Qingcang didn't say much at this time, so he acquiesced to Xiao Chen's statement.

But at this time, Ye Qingcang suddenly said: "I just met my grandson. In addition to cultivating other geniuses in our Ye family, I hope that Dean Xiao can properly train my grandson Ye Feng." , After all, Ye Feng is my only grandson, so I naturally hope that Ye Feng can become the most powerful genius in our Ye family."

Obviously, Ye Qingcang still has his own selfishness, hoping that his biological son can receive special care from Xiao Chen, the dean of the Shenwen Dynasty, and train him to become the most powerful genius of the Ye family.

Because the Ye family also has many other

The branch of the family is very coveted for the position of the head of the family.

It's just that Ye Qingcang is too powerful and is the iron-blooded head of the family. He has carried it to this day and has not been expelled from the position of head of the family.

But Ye Qingcang knew that he had been fighting for many years, had consumed too much energy, suffered serious internal injuries, and was old. He didn't know how long he could last.

What if you fall?

Can the young grandson support all this?

I'm afraid it's difficult.

Therefore, Ye Qingcang naturally wants to make full use of everything he has to pave the way for his grandson.

Xiao Chen smiled slightly at this time and said aloud: "Okay, since that young man Ye Feng is your grandson, the head of the Ye family, I will definitely take good care of him. Don't worry, under my training, even if Your grandson, the head of the Ye family, doesn't have any particularly high cultivation talent, but I can train him into a super genius. This is my confidence as a dean of advanced cultivation circles from the Shenwen Dynasty."

Hearing what Xiao Chen said, Ye Qingcang immediately nodded with relief.

And just when Ye Qingcang and Xiao Chen from the Shenwen Dynasty were secretly discussing cooperation.

Ye Feng, led by his aunt Ye Qinglan, has arrived at the most precious core residential area of the Ye family, the central garden.

This central garden is a special living place passed down by the Ye family since ancient times.

The central garden is planted with all kinds of precious plants, as well as various spiritual trees and the aura of elixirs.

It allows people to subtly absorb the essence of heaven and earth and the essence of green plants.

It can help the practitioners living there to subtly improve their life heritage.

Ye Qinglan said to Ye Feng quite happily at this time: "Eldest nephew, you have just returned to Ye's house and are not familiar with everything yet. You can live with me next. Anyway, I have many houses in my big house. You can choose one at will." Stay, let's go, I will take you to a special place in the Central Park now. Maybe it can help you break through the current bottleneck of your cultivation. I see that your current cultivation is at half-step to the Great Perfection, and you are stuck in this big road. The bottleneck is uncomfortable."

When Ye Feng heard what his aunt Ye Qinglan said at this moment, his eyes suddenly lit up. Can he break through the current bottleneck?

Is there really such a magical place in the central park of the Ye family?

Chapter 4096 Internal and external troubles

At this moment, while Ye Qinglan was walking with Ye Feng in the central park, he said loudly: "Eldest nephew, although our lineage is still the family lineage, you have to know that our family lineage is now It's not very stable, it's all supported by your grandfather, so our Ye family is actually not as stable as we imagined. It can be said that our entire Ye family is now suffering from internal and external troubles, alas."

When Ye Feng heard what Ye Qinglan said, he couldn't help but flash his eyes and said loudly: "What my aunt means is that there are other branches within our Ye family who want to seize the position of the head of our family. ?"

Ye Qinglan nodded slightly, glanced at Ye Feng with admiration, and said loudly: "That's right, it's good. It seems that my eldest nephew not only knows how to practice martial arts, he is also very good in wisdom. Yes, our Ye family There are several branches among them that are deeply coveting the position of the head of our family. "

Ye Feng asked aloud: "Which branches covet the position of the head of our family?"

Ye Qinglan explained very patiently: "Our Ye family, in addition to our very special lineage of the head of the family, has a total of nine elders, representing nine major branches. Among these nine major branches, there are three elders in one lineage, seven elders in one lineage. These three branches are very powerful and have great greed for our family. They have always wanted to replace us as the head of the family. However, with the intimidation of your grandfather, they dare not do so for the time being. Such excessive actions."

When Ye Feng heard what Ye Qinglan said, he couldn't help but said: "I didn't expect that there are so many branches that want to get the position of the head of our family."

Ye Qinglan nodded and said: "However, the great elder lineage with the strongest strength has always supported our family head's line, so for the time being, our family head's line should be relatively stable, but if someone dares to target them next As for you, eldest nephew, they must also be targeting our family lineage. When the time comes, eldest nephew, don't be intimidated and just go ahead. They don't dare to risk their lives. After all, they are all from the same family, so they won't fight each other for life or death."

\u003e At this moment, what Ye Qinglan said was actually telling Ye Feng that he was used to fighting and killing outside, but it was best not to cause trouble in the Ye family.

After all, they are all members of the same clan, and the entire Ye family still needs to be united in order to be able to deal with the outside world in unison.

Ye Feng nodded slightly at this time, smiled and said: "Auntie, I understand what you mean, but if someone really bullies someone too much, then don't blame me for being cruel."

Ye Qinglan laughed loudly and said aloud: "Of course, if someone wants your life and uses some dirty tricks secretly, then our family lineage is not a vegetarian, and we will definitely teach them a lesson. The three elders of the lineage before A high-ranking commander offended me and wanted to frame me and slander me for secretly colluding with the Dark Demonic Sect. As a result, the high-ranking commander of the Third Elder lineage was directly deprived of his cultivation by me, and he could go to our Ye family's place in the mortal world with peace of mind. I have to work as a coolie in the industry, haha."

Hearing what Ye Qinglan said, Ye Feng couldn't help but nodded and said: "To deal with some particularly vicious guys, you have to use some ruthlessness. Auntie, don't worry, if someone really targets me, I will not kill people of the same clan, but I will learn from you, aunt, and directly abolish his cultivation and make him a mortal. He can just go to our Ye family's mortal circle industry to work as a coolie, which is also considered waste utilization. , make a contribution to our Ye family."

When Ye Qinglan heard what Ye Feng said, he immediately laughed, patted Ye Feng's shoulder and said, "Very good."

At this moment, while the two were talking, Ye Qinglan and Ye Feng had arrived at the middle of the central park.

A huge square appeared here.

The entire square is made of white jade and looks very noble.

In this white jade

On the square, there is a huge statue.

This statue looks very majestic, with its hands behind its back and its back to the people, giving people a sense of vastness.

At this moment, Ye Qinglan immediately showed respect in his eyes and couldn't help but say: "Eldest nephew, this sculpture is the sculpture of the first generation ancestor of our Ye family. It was the creation of our world in the glorious era of Origin. The first generation founder of the Ye family, this statue contains the energy of the ancient glorious era. However, it needs the approval of this statue before the energy can be poured into the entire body. Many strong people in our Ye family are It is the energy contained in this statue that has greatly improved my cultivation. This time I brought my eldest nephew here just to let you try whether you can get the approval of this statue of the first generation ancestor. , and then get the energy infusion to help you break through the current bottleneck."

Hearing what Ye Qinglan said, Ye Feng's eyes suddenly moved, with a hint of surprise in his eyes.

Unexpectedly, the Ye family has existed since the ancient glory days of the Great World and has been passed down to this day.

The first generation of ancestors of the Ye family were born in the ancient glorious era when the Great World originated. I am afraid they are extremely terrifying, far from being comparable to the strong men in today's Dharma Ending Era.

At this moment, Ye Feng nodded immediately and stepped forward quite solemnly to the huge statue with his back to the people.

At this time, Ye Qinglan stood next to Ye Feng and said: "Eldest nephew, put your hand on this statue, and then use your Hongmeng blood to sense it and see if you can get this statue. If you really don't get recognition, eldest nephew, don't be discouraged. After all, this kind of thing depends on luck. Anyway, I didn't get the recognition of this statue, but my cultivation talent and the use of Hongmeng bloodline are better than Those members of the Ye family who are recognized by this statue are even more powerful, so this thing is very metaphysical and completely depends on

Luck, no matter what, give it a try, nephew. "

"Okay, then I'll give it a try."

When Ye Feng heard what Ye Qinglan said, he immediately nodded. Without any hesitation, he stretched out his hand and pressed it on the majestic sculpture of the first generation ancestor in front of him.

But before Ye Feng could touch this sculpture.

Suddenly, at this moment, a group of young men wearing noble clothes walked over not far away.

At the front of this group of young men was a man wearing a blue gown.

This young man in a blue gown has a very strong cultivation aura, and he is actually a being at the level of the Great Perfection Master.

Compared with Ye Feng's current half-step Dzogchen Master, his cultivation level is even stronger.

It has to be said that the Ye family was the number one family in the Sea of Chaos back then. Although it has declined now, there are still extremely powerful young people in the family.

At this moment, this young man in a blue gown immediately walked to the white jade square, stared at Ye Qinglan and Ye Feng, and said coldly: "Ye Qinglan, you are so brave, you actually brought You brought a strange outsider to the most sacred place of our Ye family and wanted him to steal the ancient power in this sculpture? This is a serious crime of betraying the family!"

This young man in a blue gown spoke in a very cold tone, very domineering, and tit-for-tat.

Obviously, this young man in a blue gown is probably a super genius in one of the three branches targeting the family head.

At this moment, Ye Qinglan immediately whispered to Ye Feng: "This person is the top genius among the three elders. He is the grandson of the third elder of this generation. Ye Wushuang, the leader of the Dark Demon Cult who previously accused me of colluding with him, The commander I deposed was the master of Ye Wushuang."

Chapter 4097 Getting more and more arrogant

At this time, when Ye Qinglan next to him said this, Ye Feng nodded slightly.

It seems that the lineage of this third elder is still very deep.

The grandson of the third elder is very powerful in cultivation, even more powerful than the top geniuses in the Murong family.

This is enough to show that the Ye family was worthy of being the first family in the Sea of Chaos.

Although it is now in decline, there are still very powerful young talents.

However, it is also possible that the continuous resurgence of world rules during this period has led to the emergence of many powerful super geniuses and elders from major families.

For example, in the Murong family, there may be very advanced beings nowadays.

At this moment, Ye Feng had not said anything, but Ye Qinglan stood directly in front of Ye Feng, looked at Ye Wushuang who was standing at the front of the crowd not far away, and said very indifferently: "Ye Wushuang, Open your eyes and take a look. The young man behind me is the son of my brother, Ye Feng, and the grandson of the current family. In terms of status, he is no lower than you. In terms of seniority, you even have to call him He is called a clan brother."

"What??"

Hearing Ye Qinglan say this at this moment, let alone Ye Wushuang, the grandson of the third elder.

Even the other Ye family members present had deep shock in their eyes.

They stared in disbelief at the handsome young man standing behind Ye Qinglan, with a deep look of disbelief in their eyes.

Because they never expected that the successor of the family line would return to their Ye family.

You know, when the young master Ye Qingdi returned to the Ye family, it caused quite a stir.

Because many members of the Ye family want to replace the head of the family, but Ye Qingcang's strength is too strong, so he has been suppressing the entire Ye family, making people afraid to move.

But everyone knew that Ye Qingcang had no successor, but the return of the young master Ye Qingdi made all the strong men of the branch who wanted to compete for the position of the head of the family feel very panicked.

But in the end, Emperor Ye Qing left the Ye family and disappeared to the end of the world. He did not know whether he was alive or dead, which made many branch strong men who wanted to seize the position of the family leader breath a deep sigh of relief.

But now suddenly another son of Emperor Ye Qing appeared, the grandson of the current head of the family, Ye Qingcang.

This is really something that no one in the Ye family expected.

At this time, Ye Wushuang's eyes were very ugly.

Originally, he wanted to help his grandfather, the current leader of the three elders, become the head of the new generation of the family in the future.

Unexpectedly, there would be such a person in the family lineage now.

Ye Wushuang really didn't expect the young successor.

At this time, there was an old man standing next to Ye Wushuang. He should be a powerful older man among the three elders, and he was Ye Wushuang's protector.

At this moment, he whispered in Ye Wushuang's ear: "Master Wushuang, the appearance of Ye Feng will probably cause quite a stir in our Ye family, but this is also a stepping stone."

"Stepping stone?"

Hearing what the protector beside him said, Ye Wushuang frowned slightly, and then said aloud: "You mean, secretly send someone to kill this Ye Feng? This is not possible, we are all members of the Ye family. , You cannot do such things that harm your fellow clan members. Even if you want to fight for the position of the family, you must fight for it openly. Otherwise, our Ye family will not be disintegrated by external threats, but will completely collapse from within. "

Hearing what Ye Wushuang said, the old protector beside him immediately couldn't help but smile bitterly and said: "Master Wushuang, I don't mean to assassinate Ye Feng secretly, but to make Ye

Feng yours, Master Wushuang." Stepping stone, what I really mean is that Young Master Wushuang can choose to suppress this Ye Feng, defeat him continuously, and severely damage his Taoist heart. In this way, Young Master Wushuang can prove his talent and be the best among the entire Ye family. A powerful genius, in this case, many people in the entire family will definitely support you, Master Wushuang."

"Um?"

Hearing what the old man beside him said, Ye Wushuang's eyes suddenly lit up.

yes.

If he can continuously defeat Ye Feng, the successor of the family head, he will be able to prove that he is strong enough to serve as the new generation of family head in the future.

At this time, Ye Wushuang nodded slightly, then looked at Ye Feng, who was not far away, and said loudly: "Ye Feng, do you dare to fight me head-on? Let's see who the new generation of young geniuses among us are. Who is more powerful?"

Hearing what Ye Wushuang said, Ye Qinglan's eyes suddenly darkened, and he couldn't help but say: "Ye Wushuang, your cultivation is the real master of Dzogchen, and my nephew Ye Feng, his current cultivation is just Half-step to the Great Perfection Master, you are a whole level higher than him. Now you want to challenge him directly. Isn't this a clear way of bullying? "

Hearing what Ye Qinglan said, Ye Wushuang smiled slightly and said aloud: "I can suppress my cultivation to half a step of becoming the master of Dzogchen."

For Ye Wushuang, he grew up in the Ye family and was the grandson of the third elder. He had countless resources since he was a child, so his cultivation improved very quickly.

and

The inheritance he learned and the weapons he used were the best in the entire Ye family.

So in his eyes, Ye Feng, a descendant of the Ye family who has been living outside for so many years, will never be his opponent.

So Ye Wushuang is very confident now.

At this moment, there were many members of the Ye family around, and they all gathered around, attracted by the movement here.

They all looked at Ye Feng with deep surprise in their eyes. They seemed not to have thought that the successor of the family leader would return to the Ye family.

No one doubted Ye Feng's identity, because Ye Qinglan was now the biological daughter of the family.

She calls Ye Feng her eldest nephew, which is enough to show that this young man is the true third generation successor of the family line.

At this time, many members of the Ye family couldn't help but sigh.

Unexpectedly, the young master Ye Qingdi did not know whether he was dead or alive outside, but a strong young man from the third generation of the family came, which was really unexpected for many members of the Ye family.

At this moment, Ye Qinglan was about to say something when she heard Ye Wushuang's seemingly domineering words. .??.

But Ye Feng stopped Ye Qinglan at this time, smiled slightly, and said loudly: "Aunt, there is no need to say anything more. Since this Ye Wushuang wants to challenge me so much, then I will satisfy him."

Hearing what Ye Feng said, Ye Wushuang, who was not far away, immediately showed a look of joy in his eyes and said quickly: "Okay, this battle is between the third generation of our three elders and you. The battle between the third generation descendants of the family head can be witnessed by all the clan members present, who is more powerful."

Ye Wushuang said loudly at this time, as if he was afraid that the excitement was not big enough, so many Ye family members gathered over, obviously wanting to use Ye Feng as a stepping stone to make himself stand out.

This would be of great benefit to him in his future competition for the succession position of the entire Ye family.

At this moment, Ye Wushuang looked at Ye Feng, very confident, and said calmly: "Ye Feng, then I will suppress my cultivation to the same half-step Dzogchen Dominance realm as you."

"No need."

Suddenly Ye Feng spoke up, his tone was very calm, but very domineering, and he said slowly: "Ye Wushuang, you don't need to suppress your cultivation, there is no need, because you will definitely lose."

"Wow!"

Hearing Ye Feng say this, there was an uproar immediately.

All the gathered Ye family members had their eyes widened, as if they didn't expect Ye Feng to be so arrogant.

You know, Ye Wushuang

He was no ordinary Ye family genius. He was the grandson of the third elder. He had countless powerful inheritances and advanced weapons, and his combat power was astonishing.

At this moment, even Ye Qinglan couldn't help but look at Ye Feng beside him, and said with some urgency: "Nephew, I know that confidence is a good thing, but you are too confident, even if you choose to be with this person. When Ye Wushuang fights, he must at least have his suppressive cultivation level at the same level as you, otherwise it will be unfair to you."

Ye Feng smiled slightly and said: "It's okay, aunt, just watch the show from the side. Don't say that this Ye Wushuang is just the master of the Great Perfection, he is the protector of the three elders standing next to him. The existence of the Dzogchen Master of the Ten Heavens is actually not that powerful in my eyes."

Wow!

After Ye Feng finished speaking, there was a huge uproar once again across the field.

Because what Ye Feng said was getting more and more arrogant.

Even though there were many members of the Ye family present, they all respected Ye Qingcang, the head of the Ye family, who single-handedly supported the entire Ye family.

At this time, Ye Feng, the grandson of the head of the family, couldn't help but burst into cynicism.

"This Ye Feng, I guess he has been wandering outside for too long. I have no idea how powerful a super genius from an ancient family like our Sea of Chaos is."

"Yes, does he think that the Ye Wushuang he is facing is one of those ordinary geniuses outside? If he really thinks so, then I can only say that this Ye Feng is too naive. People like us from ancient families A super genius, far beyond the so-called ordinary geniuses outside."

"I guess this Ye Feng may not have seen much of the world. After all, he has been left outside since he was a child. He doesn't know how powerful an ancient family like ours is. Today, I want Young Master Ye Wushuang to teach this man who doesn't know how high the sky is. Ye Feng."

At this moment, many members of the Ye family around them were speaking out, their voices full of cynicism. It was obvious that they did not believe Ye Feng's words at all and felt that Ye Feng was extremely arrogant.

At this time, even Ye Qinglan couldn't help but frown, as if Ye Feng was being too trusting.

She couldn't help but remind her: "Eldest nephew, although our Ye family has declined, it is still an ancient family in the sea of chaos. It is a force at the level of the ancient family, which is not comparable to those ordinary forces outside."

Ye Feng didn't bother to explain anything at this time. After all, everyone would know later why he was so "arrogant". It was because he had unparalleled confidence.

At this moment, Ye Feng just looked at Ye Wushuang who was not far away, and said loudly: "Don't waste time, you can take action."

Chapter 4098 Stepping Stone

"I have to say, you are too courageous."

At this moment, Ye Wushuang also had deep cynicism in his eyes.

Because he didn't expect Ye Feng to be so arrogant, he just told him not to suppress his cultivation.

And even the protectors beside him looked down upon him.

Ye Wushuang knew very well that he, the protector, was a powerful subordinate trained by his grandfather. He was arranged by his side to protect his safety. He was a powerful being who ruled the tenth heaven of Dzogchen, second only to the ruler. Infinite realm.

So at this time, Ye Wushuang stared at Ye Feng and said coldly: "Today I will teach you what awe is."

Boom!

At this moment, Ye Wushuang suddenly burst out with the powerful cultivation aura of the Great Perfection Lord Tenth Heaven. .??.

Behind him, a vast purple energy burst out.

This piece of Hongmeng purple energy directly condensed the heaven and earth dharma of a powerful demon bear from ancient times.

Obviously, this is an extremely powerful form of heaven and earth that Ye Wushuang has cultivated.

Buzz!

At this moment, a powerful demonic bear completely condensed from Hongmeng purple energy, this ancient evil beast of heaven and earth, with a height of hundreds of thousands of meters, suddenly appeared behind Ye Wushuang, full of unparalleled energy. sense of oppression.

"What a terrible pressure!"

The many members of the Ye family who were watching around couldn't help but retreat crazily, with horrified looks in their eyes.

Members of the Ye family couldn't help but say: "Young Master Wushuang has such a strong talent. The laws of heaven and earth of this ancient beast have been condensed. He is indeed one of the top super geniuses of our Ye family. The future of our Ye family really depends on people like Master Wushuang!"

At this moment, the eyes of many members of the Ye family fell on Ye Feng in front of them, wondering what moves Ye Feng had.

But at the next moment, what shocked countless people was that Ye Feng didn't do anything. He just walked slowly towards Ye Wushuang alone.

Many members of the Ye family around him couldn't help but exclaimed: "What's wrong with this Ye Feng? He doesn't even use any moves. Does he want to die directly?"

At this moment, Ye Wushuang also had a deep sneer in his eyes, and said loudly: "Ye Feng, pretending can't save you."

Boom!

Almost at this moment, Ye Wushuang condensed the extremely powerful Heaven and Earth Dharma, the powerful demon bear, and the tens of thousands of meters of bear paws, directly and fiercely bombarded Ye Feng in the direction, as if to Ye Feng's whole body was crushed to pieces

Same.

It has to be said that this powerful demon bear, which is hundreds of thousands of meters tall, is just a slap, but it is tens of thousands of meters tall.

It was like a terrifying ancient mountain that had crashed down from high in the sky, possessing extremely terrifying crushing power.

Uh-huh!

But at this moment, Ye Feng suddenly stretched out a hand.

His hand immediately emitted endless bright golden light, and suddenly struck the bear's paw that the powerful demon bear was attacking.

Compared with a bear's paw that is tens of thousands of meters long, Ye Feng's palm is as tiny as dust.

But at this moment, Ye Feng's small golden palm suddenly burst out with unparalleled power, which instantly shattered the powerful demon bear's palm.

Then under the horrified eyes of countless people, Ye Feng's palm exuded bright golden light, just like the palm of an ancient god. It was directly the dharma of heaven and earth condensed by Ye Wushuang's hard work, the powerful demon bear. It was pressed to pieces.

Then it directly bombarded Ye Wushuang.

"puff!"

Almost at the next moment, Ye Wushuang, the top genius in everyone's eyes, spurted out a mouthful of blood. His whole body flew out like a broken sack, and fell hard to the ground not far away, almost without a trace. Any power to parry.

"What??!"

Countless people saw this scene. At this moment, their eyes widened and their mouths opened wide. They were stunned to the extreme and shocked to the extreme.

Ye Wushuang, one of the top geniuses of the Ye family, was suppressed by Ye Feng with such a simple palm, and was defeated in an instant. It was simply devastating. It was really terrible.

Someone couldn't help but trembled and said: "How terrifying is this Ye Feng's true strength? Just now he just stretched out a hand casually."

At this moment, hearing this Ye family member say this, other Ye family members around him couldn't help but take a breath of air.

Because there were so many people sucking in the air-conditioning, the surrounding air was suddenly sucked out, and the entire space became a vacuum in an instant.

This shows how shocked the hearts of many Ye family members around are.

quiet!

Deadly quiet!

The entire field suddenly fell into a dead silence.

Even Ye Qinglan, who was standing behind Ye Feng, had his eyes widened. He seemed not to have thought that his eldest nephew could be so terrifying in combat.

Because even Ye Qinglan may not be able to defeat a top genius like Ye Wushuang in an instant.

You must know that Ye Qinglan's cultivation is the existence of the Great Perfection Master of the tenth heaven.

But Ye Qinglan was not sure and defeated Ye Wushuang instantly.

After all, Ye Wushuang is a super genius and the top young genius of the Ye family. He is very powerful in combat and can fight beyond his level. ??

But in front of Ye Feng, Ye Wushuang was as weak as an ant, and was suppressed by Ye Feng with a simple palm.

It's incredible to the extreme!

"What... defeated me with just one palm..."

At this moment, the most shocked person was naturally Ye Wushuang himself.

Ye Wushuang has always been arrogant.

He is the grandson of the third elder, and he has always had a smooth life since childhood.

Moreover, Ye Wushuang is also quite competitive. His cultivation talent is definitely the best among the entire younger generation of the Ye family.

Now that we have caught up with the revival of the world's rules, we have entered the first level of the Great Perfection Ruler at a young age, comparable to some powerful elders.

But Ye Wushuang never thought that Ye Feng, the heir of the Ye family left outside, would have such terrifying power.

At that moment, Ye Wushuang could clearly sense how terrifying Ye Feng's palm, which was always emitting golden light, was.

Ye Wushuang immediately stared at Ye Feng, feeling extremely horrified.

What has this person experienced outside?

How could it be so terrifying?

It is incredible that at such a young age, he possesses the powerful cultivation and fighting ability of an older person.

In the end, Ye Wushuang stood up slowly, with a deep bitter smile on his face, and said loudly: "I failed because I underestimated the people in the world."

Ye Feng suddenly smiled faintly at this time and said loudly: "There are not many people in the world who are as strong as me. It's not that you underestimate the people in the world, but that you underestimate me."

After finishing speaking, Ye Feng suddenly looked at the sculpture behind him. Without hesitation, he directly stretched out his hand and touched the sculpture of the first generation ancestor, hoping to sense the ancient power in it.

Boom! !

\u003e

And almost at the moment Ye Feng stretched out his hand and touched the sculpture of the first generation ancestor.

A terrifying and bright purple light suddenly bloomed from the sculpture of the first generation ancestor. It was so dazzling that it almost blinded the eyes of everyone in the Ye family.

At this moment, a huge shadow of soul and will appeared on the sculpture of the first generation ancestor.

That was the shadow of the will of the first generation ancestor of the Ye family.

"what's the situation??"

"Oh my god! Our ancestors of the Ye family actually appeared??"

Everyone's eyes widened.

Some people couldn't help but said in horror: "It seems that this Young Master Ye Feng is really the true son of our Ye family. Not only is his cultivation and strength terrifying, but he also suddenly made his ancestors appear. "

At this moment, all the Ye family members present had deep shock in their eyes.

"Master Ye Feng is invincible!"

I don't know who shouted this in the crowd.

As a result, the next moment, the entire field was up and down.

Countless Ye family members are calling Ye Feng's name.

Some members of the Ye family even shouted: "Under the leadership of Master Ye Feng, our Ye family will definitely be revived and glorious again!!"

At this moment, the entire field burst into frenzied cheers.

After seeing this scene, Ye Wushuang, who had no one paying attention in the crowd, immediately lowered his head and said self-deprecatingly, "I thought this Ye Feng was my stepping stone, but I didn't expect that I was him." Ye Feng's stepping stone..."

After saying that, Ye Wushuang left here lonely.

At this moment, Ye Qinglan was staring at Ye Feng beside him, and couldn't help hugging Ye Feng very happily, and said excitedly: "My nephew, you became famous in one battle! From now on, Your prestige in our Ye family has skyrocketed! Your grandfather's pressure will be much less! There will be a successor to our family!"

At this moment, Ye Qinglan was naturally very happy, because she never thought that her eldest nephew, who had been living outside for so many years, not only failed to improve his cultivation, but also had such terrifying fighting power that even she could not see through it. What level is Ye Feng's true strength?

At this moment, Ye Feng was staring at the shadow of the will of the first generation ancestor manifested on the sculpture in front of him, very focused.

Ye Feng could feel that the shadow of the will of the first generation ancestor seemed to have some special message that he wanted to pass on to him.

Chapter 4099 Lord of Origin

Buzz!

At this time, on the towering sculpture, the shadow of the will of the first generation ancestor of the Ye family was completely revealed.

All the members of the Ye family could not help but kneel down in worship, which represented their respect for the first generation ancestor of the Ye family.

Because everything the Ye family owns now was created and passed down by the first generation ancestors.

If there were no first generation ancestors, then there would be no current Ye family.

All members of the Ye family, in a sense, can be regarded as descendants of the first generation ancestors of the Ye family.

At this moment, this huge shadow of the will of the first generation ancestor was just staring at Ye Feng below.

At this moment, Ye Qinglan couldn't help but look at Ye Feng beside him, and asked aloud: "Eldest nephew, are you communicating with the will of this first-generation ancestor?"

Ye Feng shook his head and said aloud: "No, but I always feel that the first generation ancestor seems to have some message to pass on to me."

Buzz!

After speaking at this moment, Ye Feng did not hesitate at all, and directly exuded his soul power, trying to communicate with the revealed will of this first-generation ancestor.

Buzz!

Almost at the moment when Ye Feng exuded soul power and touched the shadow of the first generation ancestor's will.

An old voice suddenly sounded in Ye Feng's mind: "For thousands of years, the most talented descendant, I finally found you. I am now a shadow of will, and I no longer have any intelligence. , so I can only leave one sentence, that is, in the center of the ocean where our Ye family is located, there is a mysterious treasure that I left behind back then. After I grabbed that treasure, I didn't dare to use it. , and hid it in the center of the ocean. Now that hundreds of thousands of years have passed, it is estimated that the seekers of this treasure have long since disappeared.

Everything has been lost, even the legend of this treasure is old. My most talented inheritor, I hope you can follow my guidance and find the mysterious treasure that I grabbed back then. If you find it and use it well, our Ye family will become the most powerful family in the entire Origin World. "

Almost at the moment when the first generation ancestor's voice fell, the phantom of the will manifested by this first generation ancestor immediately disappeared in place.

At this moment, Ye Feng stood there with a look of deep shock in his eyes.

In the ancient glory days, the first generation ancestors called it a treasure, and they didn't even dare to use it back then. It took hundreds of thousands of years before they dared to tell their family successors.

From this we can see how terrifying and extraordinary the mysterious treasure hidden in the center of the ocean must be.

At this time, Ye Feng immediately understood that this treasure was not only related to himself, but also related to the revival and glory of the entire Ye family.

So at this time, Ye Feng immediately looked at Ye Qinglan beside him, and couldn't help but said: "Auntie, take me to see grandpa immediately. I have something important to say."

Seeing the solemn look on Ye Feng's face, Ye Qinglan immediately nodded.

She knew that when Ye Feng communicated with the phantom of the will manifested by the first generation ancestor, he must have obtained some incredible information, which was related to the rise and fall of the entire Ye family.

At this moment, Ye Qinglan did not hesitate, and left the central square with Ye Feng, flying quickly towards the location of the head of the Ye family.

Ye Feng quickly followed.

At this time, the information that Ye Feng received from his first-generation ancestors and passed on to him was directly transformed into a map of the soul's state, which existed in Ye Feng's head.

Ye Feng can search according to the map in his soul to find the mysterious treasure left by the first-generation ancestor.

At this moment, Ye Feng's eyes showed deep surprise.

He never thought that the first generation ancestor of the Ye family would get such a mysterious thing back then.

They didn't dare to use it in the ancient glory days.

This shows how incredible that thing is. .??.

It probably involves a lot of horrible things.

But now hundreds of thousands of years have passed, and everything that happened back then is probably gone.

Ye Feng was becoming more and more curious at this time. What kind of existence was that treasure? It could actually make the entire Ye family the most glorious family in the entire world of origin.

Less than half an hour later, Ye Qinglan and Ye Feng had arrived at the central hall area where the Ye family lived.

In the main hall, Ye Feng saw his grandfather Ye Qingcang again.

At this time, Ye Qingcang showed a smile on his face and said loudly: "Feng'er, you came to see me again in a short period of time. Is there anything special?"

Ye Qinglan said aloud at this time: "Dad, I just took my eldest nephew to the central square of our Ye family. When the eldest nephew touched the sculpture of the first generation ancestor, it actually triggered the first generation ancestor's movements in the sculpture. The shadow of will."

"What??"

Hearing what Ye Qinglan said, Ye Qingcang's face suddenly changed slightly and he quickly stared at

Ye Feng stopped in front of him and couldn't help but said: "Did the will of the first generation ancestor say anything to you?"

Hearing Ye Qingcang say this at this moment, Ye Feng couldn't help but flash his eyes immediately.

It seems that my grandfather may know information about that treasure.

At this moment, Ye Feng immediately nodded and said: "The shadow of the will of the first generation ancestor said that I was the most talented inheritor of the Ye family, so he gave me a map and imprinted it on me. It seems to lead to a mysterious place in his soul."

When Ye Qingcang heard what Ye Feng said, his face was greatly shocked, and he couldn't help but said: "It turns out that the secret passed down by the family heads for generations is true... the first generation ancestor of our central square The sculpture really contains a huge secret about our Ye family."

After saying that, Ye Qingcang immediately looked at Ye Feng and couldn't help but said: "Where is the mysterious place that is guided by the map that is imprinted in your mind?"

Ye Feng said aloud: "In the deep center of the ocean where our Ye family is located, according to the information left by the first generation ancestors, there seems to be an unparalleled treasure that our first generation ancestors grabbed back there. The most precious thing."

When he said this, Ye Feng looked at Ye Qingcang in front of him and couldn't help but said: "Based on your previous reaction, grandpa, you seem to know what this treasure is."

Ye Qingcang nodded slightly, and said excitedly and expectantly: "This is a secret passed down by each generation of our family heads. No one knows it. Only the heads of each generation know it. It is said that our first generation ancestors were very With great strength, from the mysterious place at the end of the legendary world of our great world of origin, we found the treasure of the original ruler of our great world of origin, the Lord of Origin, the Temple of Origin!"

Chapter 4100 Must be eliminated

At this time, I heard Ye Qingcang say the Lord of Origin.

Ye Qinglan, who was standing in the main hall, couldn't help but reveal a look of deep surprise in his eyes, and said loudly: "Dad, did the Lord of Origin really exist?"

Ye Qingcang nodded, with a hint of awe in his eyes, and said loudly: "Back then, in the most glorious era of our origin world, an earth-shattering figure was born, and he obtained the world rules of the origin world. With recognition, he became the World Lord of the Origin World, that is, the Lord of Origin. He has earth-shattering cultivation and power, and is respected as the Lord of Origin by thousands of races. This is not a legend, it is real. However, the Lord of Origin finally went to the Origin World, the most mysterious end of the world, and disappeared. Therefore, the end of the world in the Origin World is a very mysterious and unpredictable place, full of great dangers, but also huge dangers. Chances are good."

Ye Qinglan couldn't help but nodded, and said with a sigh: "It is rumored that the end of the world is connected to a very mysterious outer territory, but those are just legends, and I don't know whether they are true or false."

Ye Qingcang nodded and said: "In any case, the Lord of Origin is definitely the most powerful existence since the birth of the Origin World. After all, for tens of millions of years, the only one who can be recognized by the world rules of the Origin World is the Lord of Origin. one person."

Hearing what Ye Qingcang said, Ye Qinglan's eyes were deeply shocked, and he couldn't help but said: "What an earth-shattering existence the Lord of Origin must be, to be able to obtain the entire world of Origin, the world of the glorious age. Recognition of rules."

Ye Qingcang nodded and said aloud: "The final decline of the great world of origin, gradually entering the era of the end of law from the glorious era, is actually closely related to the disappearance of the Lord of Origin at the end of the world, because at that time the Lord of Origin Blessed by the power of the world rules of the Origin World, the Lord of Origin has part of the

world rules. The Lord of Origin disappeared at the end of the world, so part of the world rules of the entire Origin World also disappeared. This brings the whole world into the age of Dharma-ending.”

Hearing what Ye Qingcang said, Ye Feng couldn't help but nodded, and said with great emotion: "One person has influenced an era. This shows how incredible this Lord of Origin is."

At this moment, Ye Feng was talking, and suddenly he seemed to have thought of something, and couldn't help but say: "It seems that the end of the world is indeed a very mysterious place. Back then, the first generation ancestor of our Ye family, The treasure obtained by the Lord of Origin, the Temple of Origin, was also snatched back from the end of the world."

Ye Qingcang nodded, and then said aloud: "The Temple of Origin is one of the ten most magical treasures in the hands of the Lord of Origin. Legend has it that

Among them, the Lord of the Heaven Realm, which is now ranked at the top of the advanced cultivation interface, seemed to have obtained the Gate of Heaven, one of the ten most precious treasures of the Lord of Origin, and then went to the Heaven Realm, and then the glory of the Heaven Realm was achieved. "

Hearing what Ye Qingcang said, Ye Feng's eyes suddenly flashed.

The Gate of Heaven that I obtained back then was the natal magic weapon of the Lord of Heaven. Unexpectedly, it turned out to be one of the top ten treasures from the Lord of Origin. No wonder it was so powerful.

At this moment, Ye Qinglan couldn't help but sigh and said: "So, the Lord of Origin is really powerful. One of the top ten treasures in his hand was obtained by someone, and that person became He is the Lord of the Heaven Realm and has created such a glorious advanced cultivation interface as the Heaven Realm. It is truly amazing.”

Ye Feng couldn't help but nodded at this time, and said aloud: "The shadow of the will of the first generation ancestor also said when communicating with me that if our Ye family can get the one left by the Lord of Origin, The Origin Temple can make our Ye family the most glorious and powerful family in the Origin World. Now it seems that the first generation ancestor is not bragging. "

At this moment, Ye Feng was talking, but he did not directly tell his grandfather and aunt that he had the secret of the Gate of Heaven.

Because there are so many things involved in the Gate of Heaven, it will probably drive all the forces in the entire heaven, this advanced cultivation interface, crazy.

Therefore, Ye Feng felt that it was better not to speak out for the time being, lest his grandfather and aunt would be too stressed.

Moreover, Ye Feng has not figured out many of the real functions of Heaven's Gate yet.

If you expose the Gate of Heaven directly, it will only do you harm but no good, because you still have no way to exert the true power of the Gate of Heaven.

At this time, while Ye Feng was thinking secretly in his heart, Ye Qingcang looked at Ye Qinglan in front of him and said loudly: "Daughter, you call all the nine elders of our Ye family over. This matter must be discussed with all The elders discussed together, and then based on the map in Feng'er's mind, they went to the central area of the ocean to find the Temple of Origin that our first-generation ancestors had robbed. This would definitely be a change for our Ye family. Life thing."

Hearing what Ye Qingcang said, Ye Qinglan couldn't help but said in shock: "Dad, do you really want to call all the nine elders here? You know, among these nine elders, many elders belong to Branch, for the position of our family lineage

The property is very coveted. "

Hearing what Ye Qinglan said, Ye Qingcang just smiled slightly and said: "Don't worry, I have my own plan. This time is of great importance. We must gather the power of all the top experts in our Ye family to ensure that nothing goes wrong and find That treasure will be guarded and sent back to the Ye family, so all our top powerhouses will be dispatched. After all, there are countless powerful ocean monsters in the central area of the ocean, and even some from the western land. Practitioners are wandering in that place, so we must gather the power of all the super powerful people in our Ye family."

Ye Qinglan was still very worried and said aloud: "But aren't you afraid that some uneasy and well-meaning elders will take action secretly on the way?"

Ye Qingcang smiled slightly at this time, as if he was not afraid of this situation at all, and said loudly: "Daughter, just go and notify the elders to come and gather, and you don't need to worry about other things."

Seeing Ye Qingcang insisting on doing this, Ye Qinglan could only smile helplessly, said nothing more, and flew out of the hall, preparing to inform other elders.

At this moment, there were only two people left in the hall.

Ye Feng looked at the old man in front of him and said loudly: "I'm afraid grandpa is not only going to hunt for treasure this time, but also wants to use this opportunity to find out all the disunited clan members in the Ye family, right?"

Hearing what Ye Feng said, Ye Qingcang immediately nodded with great relief, looked at Ye Feng, and said loudly: "Feng'er, you are very smart and understood what I meant in an instant. The elders usually In the clan, you fight against each other, it's harmless, I can ignore it. But in the face of the interests of the entire Ye family, I will never tolerate anyone who dares to make trouble in secret, and I must get rid of it this time! Treasure hunting is a good opportunity to test whether the elders are sincere to the entire Ye family. Unfortunately, this girl Qinglan can't understand anything. Feng'er, the future of our Ye family may really depend on you. "

Hearing this, Ye Feng couldn't help but smile helplessly and said, "Grandpa thinks so highly of me."

Ye Qingcang shook his head and sighed and said: "Your father and your aunt actually have similar personalities. They are more strong-willed and very impulsive in doing things, sometimes even recklessly. Just like your father back then, he insisted on going his own way and insisted on being with you. Mother, I went to the end of the world to look for Hongmeng Ancestor, but I never came back. But Feng'er, I have been paying attention to you during this period. Your words, deeds, and character are more stable than your father and aunt. I have learned a lot, and I also like to use my brain when doing things. I am very happy to have a grandson like you."

\u003e

At this time, Ye Qingcang said, his tone seemed to be a little tired, and he couldn't help but said: "If we can really succeed this time, we will find and bring back the temple of origin left by the first generation ancestor. , and uncovered some traitors in our Ye family. From now on, the entire Ye family will be completely united. At that time, I will withdraw from the family position and let young people like Feng'er take charge of the entire Ye family."

"What??"

When Ye Feng heard what Ye Qingcang said, he immediately couldn't help but smile bitterly and said: "Grandpa's cultivation is so powerful and his longevity is almost endless. There is no need to abdicate."

Ye Qingcang shook his head, stared at Ye Feng and said: "In the future, the world rules of the entire world of origin will continue to revive, and it must be an extremely glorious world, so I will leave the entire Ye family to a young and energetic young man like you. In my hands, it may be a good thing for the entire Ye family. I am old, not only in age, but also in heart. Sometimes my style of doing things may not keep up with today's practice world, but Feng'er, you are still young, and you have the right. When I work hard, I let you take charge of the entire Ye family just so that the Ye family can once again radiate infinite youthful vitality like you."

When Ye Feng heard what Ye Qingcang said, he was about to say something, but Ye Qingcang stopped Ye Feng, smiled and patted Ye Feng on the shoulder, and said aloud: "But you don't need to have too much." Pressure, this is just a plan. Anyway, grandpa will always support you and clear all obstacles for you. "

Just as Ye Qingcang was talking, Ye Qinglan flew in from outside the main hall and said loudly: "Dad, I have notified the nine elders, and they will come to the main hall to gather soon, but I did not tell them. Because of what happened, after all, the news left by the first generation ancestor is really shocking. It is best not to tell the nine elders. We only need to say that we are going to find a very important treasure. "

Ye Qingcang glanced at Ye Qinglan, shook his head and said: "Everything about this matter needs to be explained to the nine elders, so that they can unite with all their strength to find the things left by the first generation ancestors. "

Ye Qinglan couldn't help but said: "Dad, but if this happens, will the news be leaked? Dad, you asked me to investigate before, whether there is a mole in our Ye family who colludes with the dark demon sect. I already have some clues. Very soon. It's possible that he is one of the third, seventh, and ninth elders who likes to be against each other."

When Ye Qingcang heard what Ye Qinglan said, a deep smile appeared on his old face, and he said loudly: "We should take advantage of this opportunity to completely uncover the inner ghost in our Ye family!"
