Chapter 4121 Ancient Treasure

At this time, Ye Feng could also sense that although this lightning strike tree had just survived the thunder disaster, it was in its weakest state.

But Ye Feng could also sense that the energy contained in the trunk of the lightning strike tree was simply terrifying to the extreme.

If he rashly fights this Thunder Strike Wood, this Thunder Strike Wood wants to die with him and directly explodes, it might really kill him.

At this time, Ye Feng thought about it, then nodded, and said: "Okay, I can protect you for a while, but you can't deduct too much of the thunder energy you provided me."

Lei Zhimu immediately nodded and said: "Okay, don't worry, as long as you can protect me for half a month and let me completely recover from the weak state after the thunder tribulation, in this half month, I will continuously give you some thunder power, allowing you to transform your cultivation."

When Ye Feng heard what Lei Zhimu said, he couldn't help but flash his eyes and said, "When you fully recover to your peak state, you won't attack me directly and kill me, right?"

Lei Zhimu immediately shook his head and said, "Of course not, I won't be so shameless."

After saying that, the entire trunk of the Lightning Striker Tree flashed with light and turned directly into the image of a little girl wearing a blue dress.

Seeing this scene, Ye Feng was immediately stunned.

It seems that he did not expect that the lightning-struck wood that looked charred and blackened by thunder would turn out to be such an exquisite girl after transforming.

Ye Feng just couldn't help but shake his head and smile.

It seems that the creatures of heaven and earth, who transform into human beings, all like to transform towards beautiful images.

At this moment, Lei Zhimu looked at Ye Feng with his big watery eyes and said, "I will follow you for the next half month. If there is danger, you must protect me."

Ye Feng nodded, and then said: "Give me some thunder power to absorb first."

Lei Zhimu heard what Ye Feng said, thought about it, and then nodded.

.

The girl stretched out a pair of white little hands, and then touched Ye Feng's palm directly.

Buzz!

At this moment, the Lightning Strike Wood suddenly transferred some of the power of thunder and input it into Ye Feng's limbs and bones.

Ye Feng immediately felt that this kind of thunder power was purer and more advanced than the thunder power in the fruit he had swallowed before.

It is indeed the thunder energy that Lei Jingmu has cultivated himself.

It is of great help to improve your own skills.

At this moment, after Ye Feng absorbed this part of the thunder energy transferred to him by the Thunder Strike Wood, he immediately felt that his skill had greatly increased.

However, if you want to break through the current bottleneck of the half-step infinite realm, you still need to absorb more thunder energy.

But at this time, Lei Zhimu retracted his little hand. It was obvious that this was just an appetizer, giving Ye Feng peace of mind.

After half a month, the lightning strike on the wood might give Ye Feng more thunder energy.

Ye Feng didn't say much at this moment, but looked at the lightning-struck tree with some unfinished thoughts, and then said aloud: "Next, I will go to the deepest part of this misty forest with the pangolin to find Tie, the number one warrior under the command of the Lord of Chaos. The burial place of the armored black knight, while looking for the ancient treasure that the iron-armored black knight was looking for. Do you want to go with me? "

Lei Zhimu immediately nodded and said: "Of course I want to go with you. You are my bodyguard now. You have to protect my safety. I don't have anywhere else to go, so next you Whatever you want to do, just do it, I'll just be with you."

When Ye Feng heard what Lei Zhimu said, he immediately breathed a sigh of relief.

He is really afraid of this

If a thunderbolt wants to go somewhere else, he will have to run for half a month in vain.

Now that the lightning strike doesn't delay my actions, that's good.

At this moment, Ye Feng looked at the pangolin beside him and said, "Continue to lead the way."

Pangolin's eyes also showed sighs at this time. He didn't expect Ye Feng, a young human race boy, to be so fierce.

Not only did the tiger's mouth grab the food and swallowed the emerald green fruit condensed by the thunder of heaven and earth, but it also made the lightning strike wood compromise. .??.

Pangolin knew that this was the benefit brought by strong strength, so Lei Jingmu did not dare to directly fight Ye Feng, but finally chose to compromise, which was good for both parties.

At this time, the pangolin couldn't help but shook his head and sighed. If he was so powerful, then in this small world of Chaos Secret Realm, he wouldn't have to be so miserable crawling around under the ground to take advantage of it.

At this moment, the pangolin's desire for power became stronger and stronger.

Next, the pangolin continued to lead the way according to Ye Feng's request.

The group of people continued to fly quickly towards the deepest part of the misty forest.

At this time, the girl in the blue dress who was transformed into wood by lightning stood beside Ye Feng, with a hint of curiosity in her beautiful big eyes, and said loudly: "I have survived in this misty forest for a long time. For a long time, I have heard about the so-called ancient treasure hidden in the deepest part of the misty forest. I have heard other creatures in the misty forest say it, but I have never had the chance to go because I feel that I am not strong enough, but Now, following Ye Feng, you may really be able to find the legendary ancient treasure. It is said that the ancient treasure that the iron-armored black knight was looking for was left behind by the kings and tree spirits of the misty forest ten thousand years ago. Treasure Land is of the same lineage as me, both of the ancient tree race."

When Ye Feng heard what Lei Zhimu said, there was a hint of surprise in his eyes.

It seems that he has not thought about the ancient treasure in the deepest part of this misty forest, and this Lightning Striker Wood also knows about it.

In this regard, Ye Feng didn't say much, just nodded slightly, and then continued to follow the pangolin and fly quickly towards the deepest part of the misty forest.

Half an hour later, Ye Feng and his party had reached the deepest part of the misty forest.

A lot of skeletons appeared here one after another, lying on the ground.

Among these skeletons, there are human skeletons and the skeletons of beasts.

This area invisibly adds a creepy aura of death.

"Huh? This is..."

At this moment, Ye Feng's eyes moved.

He saw that among these skeletons, there were also some fresh skeletons, which were actually wearing the costumes of members of the ancient families in the Sea of Chaos.

"Could it be that some of the other families who entered this small world of Chaos Secret Realm for trials also came here, but they seemed to have encountered something terrible and died here."

Ye Feng couldn't help but murmured at this time.

Ye Feng was not surprised by this.

After all, many ancient families in the Sea of Chaos have very long inheritances.

It is normal for them to have studied the distribution of some treasures in this small world of Chaos Secret Realm in advance.

Moreover, there are a total of one hundred and eight families in the Sea of Chaos, and there seem to be several families that are all branches of the Chaos Lord.

Therefore, it is normal for their family to have various secrets about the Lord of Chaos in this small world.

Thinking of this, Ye Feng felt a little anxious.

Ye Feng immediately looked at the pangolin beside him and said loudly: "Let's quickly find the burial place of the iron-armored black knight. Maybe someone has already arrived first."

Chapter 4122 Tree Demon

Hearing what Ye Feng said, Pangolin couldn't help but smile bitterly and said: "The area I know well ends here. I have never walked the next road, and I don't know the iron-armored black knight." "Where exactly is his burial place?"

Hearing this, Ye Feng couldn't help but nodded slightly and said: "Okay, let's continue walking in this direction and pay attention to the various situations around us. The death of these skeletons on the ground is very strange. Maybe the ancient man back then The strange and dangerous nature of the treasure still exists."

At this moment, after hearing what Ye Feng said, the girl in a blue dress who was transformed into wood by lightning who was standing aside suddenly showed a hint of surprise in her beautiful eyes.

Lei Zhimu couldn't help but said: "Do you mean the curse on the tree spirit clan's ancient treasure?"

Ye Feng couldn't help but his eyes changed slightly, and he said loudly: "Do you know what is weird and ominous about that ancient treasure?"

Lei Zhimu nodded, and then said aloud: "I don't know very well, but I know that although the tree spirit clan left behind a huge ancient treasure, that ancient treasure was cursed, and those who want to find that ancient treasure Basically, everyone is dead. Even the most powerful warrior under the Lord of Chaos, the iron-armored black knight, died on the way to find ancient treasures in the misty forest. Therefore, this road is destined to be very dangerous. You Are you sure you want to find that ancient treasure?"

Hearing what Lei Zhimu said, Ye Feng immediately grinned and said loudly: "You're already here, so naturally you have to take a look, and the so-called curse is not as scary as you think. The power of the curse, I It's not that I haven't come into contact with it. I also encountered weird and unknown things that were more terrifying and mysterious than curses, and I solved them one by one." .??.

After saying that, Ye Feng continued walking forward.

Seeing this scene, the pangolin could only bite the bullet and follow.

At this time, everyone present understood what was happening when they looked at the strange corpses and skeletons on the ground.

I guess the armor was black back then

The curse and strangeness contained in the ancient treasure that the knight was looking for were not suppressed by the Lord of Chaos later.

The reason why the Lord of Chaos did not continue to plunder the ancient treasure in the end and just buried the iron-armored black knight near the ancient treasure was that he probably did not dare to open the ancient treasure.

Thinking of this, the pangolin's scalp became more and more numb.

But Ye Feng now insists on searching for ancient treasures, and he doesn't dare to stop him.

Lei Zhimu didn't seem to be afraid at all, and was still jumping around beside Ye Feng, like an innocent little girl.

Perhaps Lightning Strike Mu also very much hopes to obtain the ancient treasures left by the tree spirit clan.

Moreover, the Lightning Strike Wood itself is of the same race as the Tree Spirit Clan, so the Thunder Strike Wood may not be afraid of the curse in the ancient treasure left by the Tree Spirit Clan at all.

Half an hour later, Ye Feng suddenly saw a very strange scene.

I saw countless dry trees ahead.

On the branches of every tree hangs a shriveled corpse.

The state of death of these corpses is similar to that of the corpses lying on the ground before. The death state is very strange, as if the life essence has been sucked out of the body, and it has completely shriveled up.

When the pangolin saw this scene, it was very scared and hurriedly hid behind Ye Feng and Lei Zhimu.

When Lei Zhimu saw this scene, his eyes showed a solemn look, as if he had thought of something, and his face became very ugly.

Ye Feng's eyes did not show much fear, because Ye Feng had seen this kind of death state many times.

You know, Ye Feng swallowed his

Its living beings are also in such a state of death.

So at this time, Ye Feng's eyes showed a trace of interest.

The state of death of these bones is very similar to the state after being swallowed by oneself.

Could it be that in the deepest part of this misty forest, there are also creatures with the same devouring ability as myself?

This was the first time Ye Feng encountered such a creature.

Because since Ye Feng entered the path of cultivation, he has never encountered a being who has the same energy as himself that can swallow the blood and energy of other living beings.

But now Ye Feng has seen it.

At this time, Ye Feng seemed to see the ugly look on Lei Zhongmu's face, and immediately asked: "Lei Zhongmu, do you know something?"

When Lei Zhimu heard Ye Feng's question, he nodded slightly and said, "I thought of a terrifying and ancient legend about our tree spirit clan."

"A terrifying and ancient legend about the tree spirit clan?"

At this time, Ye Feng heard what Lei Zhimu said next to him, and immediately stared at the other person's delicate face, and couldn't help but ask: "What is that terrifying and ancient legend?"

Lightning Strike Mu seemed to be a little frightened at this time, and said with a trembling voice: "This horror and ancient legend are related to the destruction of the tree spirit clan. It is said that among the tree spirit clan, due to genetic mutations, people were born He found a strange creature, a very evil vampire tree demon."

"Vampire tree demon?"

Hearing what Lei Zhimu said, Ye Feng immediately showed a trace of surprise in his eyes and said loudly: "You mean, the reason why the tree spirit clan was destroyed was because of this blood-sucking tree demon? "

"That's right."

Lei Zhimu nodded, and then said aloud: "This vampire tree demon is very evil and terrifying. It has the strange ability to absorb the blood energy of other lives. Therefore, in order to reach a higher level of cultivation, this vampire tree demon, all the members of the tree spirit clan were drained of their life essence, just to allow him to obtain an unparalleled improvement. At the last moment, the old leader of the tree spirit clan became a tree that lived for tens of thousands. The old tree has boundless power. In the end, he had a fierce battle with the vampire tree demon, sealing the vampire tree demon in the deepest part of the misty forest. The ancient treasures left by the tree spirit clan were also accompanied by Following that tragic battle, he disappeared into the depths of the misty forest."

When Ye Feng heard this, he couldn't help but asked: "You mean, the so-called curse in the ancient treasure is not a curse, but the blood-sucking tree demon has not died. It lives in the ancient treasure." All around, the ancient treasures of the tree spirit clan are used to attract many other strong men to come here, and then the blood-sucking tree demon secretly absorbs the life and blood of these treasure-hunting strong men, hoping to revive again. "

Hearing what Ye Feng said, Lei Zhimu couldn't help but nodded in fear, and said loudly: "Yes, I guess the truth should be like this. The number one warrior under the Lord of Chaos back then, the iron-armored black The knight might have been killed by the vampire tree demon, and now the vampire tree demon has recovered more and more powerfully. Look at the bones around here, all of which have been drained of life and blood. It's hard to imagine that now What level has the vampire tree demon recovered to?"

When the pangolin heard the discussion between the two, he couldn't help but said in horror: "It turns out that the ancient treasure in the misty forest is just a bait thrown by the vampire tree demon,

with the purpose of attracting a steady stream of powerful people. Come here and let the blood-sucking tree demon secretly absorb the life and blood of these strong men to revive. No wonder no one has seen that ancient treasure in person for so many years. Sir, since we have guessed the truth, let's leave here quickly. ,Too dangerous!"

Chapter 4123 Steel Bunker

Hearing Pangolin say this, Ye Feng couldn't help but roll his eyes at Pangolin and said loudly: "Why are you so timid? If we get the ancient treasure left by the tree spirit clan, then all of us will get rich. Hurry up. Search for it. You can escape from the ground, so look underground to see if there is anything special. As for the blood-sucking tree demon of the tree spirit clan, if it really appears, with the strength of Lei Jiemu and I, even if we can't defeat it, we should be able to defeat it. There is no particular danger."

At this moment, Ye Feng spoke with a hint of confidence in his tone.

Because this time Ye Feng got a breakthrough and entered the half-step infinite realm.

So I have a lot of confidence in my own strength.

At this time, Lei Zhimu suddenly said: "I will transfer most of the thunder energy in my body to you now, allowing you to make a complete breakthrough. In this case, we will be safer."

Lei Zhimu stopped procrastinating at this time, and directly stretched out his white hands and pressed them on Ye Feng's shoulders.

Buzz!

Then a very high-grade and pure thunder energy was immediately injected into Ye Feng's dantian.

Ye Feng's skill immediately began to increase tremendously. ??

It has to be said that the thunder energy bred by this lightning strike tree is very high-level and very pure, which is of great help to the improvement of any living being's skill.

So at this moment, Ye Feng immediately felt the majestic and advanced thunder energy injected into his Dantian.

"Boom!"

Almost at the next moment, Ye Feng's body suddenly burst out with a new and powerful cultivation aura, which was very majestic and terrifying.

Ye Feng's cultivation level successfully broke through the final bottleneck at this moment, transforming and ascending to the true first level of the infinite realm!

At this moment, Ye Feng couldn't help but scream up to the sky, feeling the endless terrifying energy surging through his entire body.

For Ye Feng, his cultivation has now directly broken through the final bottleneck and entered the first level of the true infinite realm. Ye Feng's combat effectiveness has increased hundreds of times in this instant.

Because although Ye Feng's breakthrough is very difficult, every breakthrough of a major bottleneck requires a lot of energy to help Ye Feng break through.

But once he breaks through, Ye Feng's combat effectiveness will increase unparalleled.

At this moment, Ye Feng, who was in the first level of the Infinite Realm, felt that with just one hand, he could casually crush himself to death in an instant when he was only half a step into the Infinite Realm.

It can be seen that Ye Feng's combat power is now many times stronger than before.

At this time, even if he was afraid of being struck by lightning, he couldn't help but reveal a trace of surprise in his beautiful big eyes, and said loudly: "What a powerful aura. This time you broke through, why can your combat power be improved so much? I feel You are a thousand times more terrifying now than before."

Ye Feng smiled slightly at this time and said aloud: "This is the characteristic of my physique."

After saying that, Ye Feng immediately looked around and said, "If that vampire tree demon dares to appear, I would like to fight him to see if he is really like the legendary one." So scary and awesome."

The reason why Ye Feng is so confident is that his cultivation has now completely broken through to the first level of the Infinite Realm.

And the critical moment

, Ye Feng can directly use the Dzogchen Future Body to directly upgrade his cultivation level to the Infinite Realm of the Tenth Heavenly Dzogchen in a short period of time.

In addition, the blood-sucking tree demon is still lurking in the deepest part of this misty forest, using the ancient treasures of the tree spirit clan as bait to attract many strong men, and then absorb the blood energy of these strong men to recover.

This also shows that the blood-sucking tree demon has definitely not fully recovered to its peak state, so he is still lurking.

A weak vampire tree demon, no matter how powerful it is, will not be that terrifying.

boom!

At this time, Ye Feng directly released his huge cultivation aura, shrouding the Thunder Strike Tree and Pangolin beside him in his aura, and then said: "Let's go, if that vampire tree demon appears, then fight him."

Obviously, this time the Lightning Strike Wood absorbed most of the thunder energy, and then allowed Ye Feng's cultivation to completely break through to the first level of the Infinite Realm, giving Ye Feng strong self-confidence.

At this time, the pangolin seemed to be encouraged by Ye Feng's words, and he immediately said: "Okay, since the adults are not afraid, then I, a little demon, have nothing to be afraid of."

After finishing speaking, the pangolin actually dug out two of his own eyes, and then said loudly: "I'm willing to risk it all, and I'm going to start using my bloodline magical power, the Eye of Exploration from Ten Thousand Miles!"

After saying that, the two eyes that the pangolin dug out suddenly turned into two rays of light, which quickly flew left and right in the surrounding direction.

Seeing this scene, Ye Feng's eyes revealed a hint of surprise.

Unexpectedly, this pangolin actually has its own bloodline magical power, and it seems to be able to quickly explore everything around it within a range of thousands of miles.

Because the fog in the depths of this misty forest is getting thicker and thicker, although Ye Feng and Lei Zhimu are strong in cultivation, their spiritual thoughts and detection abilities cannot be used at all.

So now we have to rely on the magical power of the pangolin's blood.

Suddenly at the next moment, the pangolin seemed to have discovered something with one of its eyes, and immediately said: "My right eye, thousands of miles away, saw a desolate canyon. In this desolate canyon, there is a huge A bunker made of steel."

Hearing Pangolin say this, Lei Zhimu immediately said in surprise: "I once heard my ancestors say that the ancient treasures of the tree spirit clan were stored in a steel bunker. It was the tree spirit clan who invited The steel bunker built by the Orcs is indestructible."

Hearing what Lei Zhimu said, Ye Feng immediately said very happily: "Then we will go directly to that place. If there is any danger on the way, everyone will take action together to solve the danger."

Uh-huh!

After saying that, Ye Feng took the Lightning Strike Wood and the Pangolin and flew quickly towards the steel bunker that the Pangolin discovered.

As for the secretly hiding blood-sucking tree demon, everyone seemed to be less afraid of it under Ye Feng's extremely powerful cultivation aura.

Even though the blood-sucking tree demon that Lei Zhimu had been exaggerating since he was a child was really scary and terrifying, standing next to Ye Feng seemed to feel very safe.

This made Lei Zhimu couldn't help but glance at Ye Feng. This was something she had never felt before. This young man from the human race made Lei Zhimu feel an inexplicable emotion in his heart. Hearing Pangolin say this, Ye Feng couldn't help but roll his eyes at Pangolin and said loudly: "Why are you so timid? This made Lei Zhimu couldn't help but glance at Ye Feng. This was something she had never felt before. This young man from the human race made Lei Zhimu feel an inexplicable emotion in his heart.

Chapter 4124 Rock Giant

At this time, Lei Zhimu secretly observed Ye Feng and felt that Ye Feng seemed to have a different meaning to her.

Suddenly, a blood-red aura bloomed in a certain land in the distance.

This blood-red aura directly enveloped the entire surrounding heaven and earth in endless blood energy.

At this moment, the pangolin's face immediately turned green, and he couldn't help but say: "There is poison in this bloody aura! There seems to be a poisonous formation here, and we accidentally entered a poisonous formation."

Hearing what the pangolin said, Ye Feng felt it at the same moment. There was huge toxin in the gas he breathed, and his whole body was numbed by the poison.

But Ye Feng's body is very strong after all.

Moreover, Ye Feng's life origin belongs to the Celestial Clan.

So at this moment, Ye Feng did not turn green from the poison like a pangolin, and even couldn't help but fall to the ground.

At this time, Ye Feng immediately grabbed the pangolin and rushed forward, rushing out of the bloody mist in an instant.

But Lightning Striker Mu didn't seem to feel anything, and just followed Ye Feng out of the area shrouded in blood-colored mist. .??.

At this time, the pangolin couldn't help but said in horror: "If I hadn't had good blood, I would have been poisoned to death just now. I don't think ordinary creatures would be able to withstand that kind of terrifying poisonous bloody mist. "

Ye Feng nodded and said aloud: "There are indeed dangers everywhere here. We must be careful on the way forward."

The pangolin nodded and said loudly: "We are almost reaching the steel bunker now."

Hearing what the pangolin said, Ye Feng's eyes immediately lit up and he quickly said, "Then let's move on."

At this time, Lei Zhimu couldn't help but said with some confusion: "This piece of

The bloody mist is full of poison. It is a poisonous formation. Could it be left by the vampire tree demon to prevent us from going to that steel bunker? "

Ye Feng nodded and said: "It should be that the poisonous formation arranged by the blood-sucking tree demon is to prevent others from going to the place where the tree spirit family really buried ancient treasures, so now the greater the obstacle to us, It means we are on the right track."

Hearing what Ye Feng said, Lei Zhimu immediately couldn't help but burst into laughter.

The greater the obstacle, the more correct is the path taken?

Indeed!

Sometimes the things that feel difficult and hindering are often the right things to do.

And the very things that make people happy and enjoyable are the wrong things.

Lei Zhimu suddenly discovered that some words Ye Feng said inadvertently, after careful reflection, were really philosophical.

At this moment, Lei Zhimu's beautiful big eyes were staring at Ye Feng beside him, with an inexplicable brilliance in his eyes.

And just as Lei Zhimu was thinking secretly in his mind, Ye Feng followed the pangolin to the edge of the desolate canyon that the pangolin had discovered before.

At this time, Ye Feng stood on the edge of the canyon, looking at the desolate surroundings with a hint of surprise in his eyes.

Unexpectedly, the tree spirit clan would bury the most precious ancient treasure in such a desolate place.

But at this time, the lightning strike tree next to him seemed to have discovered something, and he couldn't help but lamented: "This place was not a deserted area back then, but lush vegetation and full of life. It was the base camp of our tree spirit clan. I didn't expect that the location is now so desolate. I feel like the vampire tree demon used to

It is estimated that all the energy sources in the base camp of our tree spirit clan have been absorbed, which is why this place has become a deserted area. "

Ye Feng heard what Lei Zhimu said at this time, and immediately couldn't help but asked with some confusion: "There is a question that has been bothering me for a long time. Since this vampire tree demon already knows that the ancient treasure of the tree spirit clan is here, Why doesn't he just open this steel bunker and plunder all the ancient treasures and various training resources of the tree spirit clan inside? It should be of great benefit to the vampire tree demon's recovery."

At this moment, Ye Feng looked towards the center of this desolate canyon, where there was a huge steel bunker, all in one piece.

So Ye Feng was very confused as to why the vampire book demon didn't plunder the ancient treasures of the tree spirit clan.

When Lei Zhimu heard Ye Feng's question, he immediately smiled and said: "Although the vampire tree demon is very evil and powerful, the old patriarch of the tree spirit clan did not just live for a living. When the old clan leader and the vampire tree demon came into being, After an extremely horrific and brutal battle, the vampire tree demon was sealed in the deepest part of the misty forest

where the tree spirit clan is located. Therefore, the vampire tree demon's body is still sealed. As for the people we saw on the road who had been drained of their life essence. The angry corpse should be the blood-sucking tree demon who released his soul body and came out to do evil. He may be possessed by some special creatures. His body has always been sealed, so he cannot open the ancient times himself. Treasure, because it is not that easy to open the ancient treasure of the tree spirit clan. "

When Ye Feng heard this, he couldn't help but ask: "Then how to open this ancient treasure of the tree spirit clan, this steel bunker?"

Uh-huh!

At this moment, Ye Feng said that he flew directly to the top of this desolate canyon.

He stared at the one buried in the ground below.

A steel bunker, I just feel that this steel bunker is very strong, it is estimated that it will be difficult to completely smash it.

And if violence is used to blast this steel bunker to pieces, it is very likely that the various cultivation resources contained in it will be destroyed.

At this moment, hearing Ye Feng's question, Lei Zhimu shook his head and said, "I don't know about this either. Let's go over first and take a look at the situation."

At this time, Ye Feng, Lei Zhimu, and Pangolin flew directly towards the steel bunker in the middle of the desolate canyon, trying to find out how to open the steel bunker and obtain the secret that the tree spirit clan had buried in it. The ancient treasure inside.

But just at the moment they approached the steel bunker.

Boom! !

The entire desolate canyon suddenly shook rapidly.

I saw countless soil and stones on the entire ground gathered together, and actually condensed into a majestic rock giant with a height of tens of thousands of meters.

This rock giant, with two stone eyes, actually emitted scarlet light. He stared at Ye Feng, Thunderstruck Wood and Pangolin in front of him, and made a cold voice: "I didn't expect you to actually find this place, but if you want to get it, You are not qualified for the ancient treasures of the tree spirit clan. Now, I will swallow up all your life essence! You have worked so hard to get here, and you are finally here to bring nourishment to me! Hahaha! "

At this moment, the moment the rock giant finished speaking, Lightning Striker couldn't help but his face changed immediately, and he quickly said: "Oh no! This rock giant is definitely possessed by the soul of the vampire tree demon. The vampire tree The devil can control the energy of the world and condense this kind of rock giant that looks like the law of heaven and earth! Unexpectedly, the vampire tree demon has been lurking in the canyon around this steel bunker! It must have been secretly watching our actions!"

Chapter 4125 Can't be destroyed

Boom! !

Just when Lei Zhimu was talking, the majestic rock giant, which was tens of thousands of meters tall, had stretched out a big stone hand that covered the sky and the sun, and immediately bombarded in the direction of Ye Feng and others, thinking They must be crushed in an instant.

At this time, Lei Zhimu immediately stretched out his white hand and pressed towards the void in front of him.

Click! .??.

In each of her little hands, a palm thunder immediately burst out from the palm.

Waves of thunder energy formed blue-purple light waves, which bombarded directly forward and hit the palm of the grabbed rock giant.

Buzz!

However, the light of thunder released by the lightning strike on the wood was unable to cause any damage or impact on the hands of the rock giant.

The palm of the rock giant is like an ancient mountain, vast and towering, powerful and domineering, full of endless weight, oppressive, as if it can crush the entire earth.

At this moment, Ye Feng did not hesitate and flew directly in front of the lightning strike wood. He immediately stretched out a pair of fists and struck forward fiercely.

"boom!!"

At the moment of the bombardment, Ye Feng released the power of the Celestial Clan in his fist.

At this moment, Ye Feng's fist immediately burst out with bright golden light.

Ye Feng's fist immediately expanded and became extremely huge at the next moment.

Like the fist of an ancient giant made of gold, it suddenly collided with the stone palm of the rock giant.

Boom! !

At the moment of collision, there was a terrifying and huge roar between the two, shaking the entire surrounding canyon and completely shattering it.

Countless cracks suddenly appeared on the vast land.

This collision is very scary.

\u003c

br\u003e Almost at the next moment, Ye Feng couldn't help but take several steps back.

However, the rock giant, which was tens of thousands of meters tall and possessed by the vampire tree demon, couldn't help but take a dozen steps back.

"How can this be??"

This rock giant immediately revealed a look of deep horror in his eyes.

It seems that he would never have thought that Ye Feng, a small human being, could burst out such a vast ocean of power from his fists.

This is simply incredible.

Ye Feng's seemingly small body actually contains unparalleled violent brute force.

At this time, Ye Feng's eyes showed surprise.

After his cultivation reached the first level of the Infinite Realm, his combat effectiveness was indeed greatly improved.

At this moment, the rock giant's eyes were extremely shocked.

Because he never thought that Ye Feng, a human boy from the first level of the Infinite Realm, could actually block the true form of the rock giant he had condensed.

At this time, the majestic rock giant tens of thousands of meters suddenly charged towards Ye Feng's direction angrily.

I want to use all my strength to deal with Ye Feng.

Because he discovered that among the three creatures present, the Thunder Strike Tree and Pangolin were nothing at all, and their combat effectiveness was very weak.

The biggest threat is Ye Feng, a young human race.

So at this time, the rock giant possessed and controlled by the vampire tree demon used all its power to attack Ye Feng.

Boom! !

All the power in the rock giant's body is

Used to start attacking Ye Feng.

On the entire surrounding ground, a lot of soil suddenly flew up, and huge stones condensed and smashed towards Ye Feng crazily.

When Lei Zhimu saw this scene, he couldn't help but said in horror: "This blood-sucking tree demon, I didn't expect to master all the rules of earth power in the entire misty forest, and he was able to do it in an instant It's really terrifying to absorb the energy from the soil and turn it into huge rocks that can kill people."

At this moment, Ye Feng continued to charge towards the rock giant ahead without any hesitation or retreat.

For Ye Feng, if there is a physical confrontation, Ye Feng will not be afraid at all.

Uh-huh!

At this moment, all the strength in Ye Feng's body was mobilized.

An extremely terrifying energy suddenly burst out from the Immortal Bones of the God.

Ye Feng's bones are the only powerful immortal bones of gods in the world.

So it's very solid and strong.

Ye Feng didn't retreat at all, and immediately rushed forward, swinging his fists fiercely forward.

Ye Feng's two fists have been tempered with divine substances to a perfect state.

So at this time, Ye Feng punched out a fist, and the fist, which was emitting bright golden light, erupted with terrifying destructive power, smashing all the countless stones that came in front of him into pieces one by one.

Then Ye Feng rushed directly in front of the rock giant and punched the rock giant's chest hard.

Boom! !

Accompanied by a terrifying roar, Ye Feng's fist blasted the rock giant's chest into countless pieces and penetrated it directly. \u003c

br\u003e

But at this moment, the rock giant immediately laughed out loud: "As long as there is soil in this land and endless earth energy, I will never die. No matter how you destroy it, I will not die."

Wow!

At this moment, the rock giant said that his broken chest was once again condensed into a complete form by an earth-yellow energy.

Moreover, Ye Feng's arm was sucked into the broken hole in the primitive giant's chest, and was directly frozen in it, making it impossible to pull it out.

At this moment, seeing this scene, Lei Zhimu immediately changed his eyes slightly and rushed towards Ye Feng, wanting to support Ye Feng.

But at this moment, Ye Feng suddenly shouted: "Break it!"

At this moment, Ye Feng wildly exploded with the power of his immortal body, and brilliant golden light surged out of his fists.

Boom!

Although Ye Feng's two fists were sucked into the body of the rock giant, a terrifying golden light force burst out at this moment, shattering the entire body of the rock giant in an instant.

Almost at the next moment, Ye Feng immediately retreated quickly, and then saw the entire broken body of the rock giant, which was being reorganized again.

Among the rock forms that were being reorganized, a mocking cry was made at this moment: "Young man of the human race, I have already said that as long as the earth is immortal, I will never die. Even if you break me thousands of times, you will still be able to do it." It's of no use, hahaha, your efforts are completely in vain. When you run out of power, I will crush you to death in an instant!"

Hearing what the rock giant said, the Lightning Tree and Pangolin not far away suddenly showed deep ugly looks in their eyes.

If this rock giant can't be killed and destroyed no matter what, then we'll be in trouble!

Chapter 4126 The method is very simple

At this time, Ye Feng's eyes flickered.

This rock giant was shattered by the divine power in his fist, but now it is still condensed again.

This is not a good outcome.

This shows that the vitality of this rock giant is very tenacious.

At this moment, Ye Feng suddenly looked at the ground beneath the feet of this rock giant.

Immediately, he saw that in the entire earth, there was an earth-yellow power of heaven and earth, which was continuously and rapidly injected into the body of this rock giant.

That's why this rock giant can constantly reorganize his body.

This shows that the reason why this rock giant can constantly reorganize its body is because it has obtained the earth attribute power from the entire earth.

Ye Feng immediately figured out that if he could cut off the power of the entire earth and prevent the rock giant from absorbing the power of the earth, he should be able to prevent the rock giant from constantly reorganizing and reviving.

Thinking of this, Ye Feng immediately rushed directly in front of the giant who was constantly reorganizing his body.

At this moment, the rock giant who was reorganizing his body was still sarcastic and said: "Human boys, don't waste your efforts anymore. No matter how many times you destroy me, I will revive again. Either you hurry up and get out now." Come here, don't plot the ancient treasures of the tree spirit clan, or you will be eaten alive by me."

Hearing what the rock giant said, Ye Feng immediately grinned and said: "I know that you can continue to be resurrected and reorganized entirely because you absorb the power of heaven and earth from the entire earth. As long as I give you the power of heaven and earth, If you disconnect, then you have nothing to do."

Hearing what Ye Feng said, the rock giant immediately burst into laughter and said sarcastically: "Boy, it's not that I look down on you, even if you are better than you

Even if a super strong person of two realms comes, it is impossible to completely cut off the power of the entire earth. The power of the entire earth is endless and vast, and it cannot be shaken by a human ant like you. "

Hearing what the rock giant said, Ye Feng just smiled faintly, as if he was confident, and said loudly: "I didn't say that all the power of the earth will be cut off from the entire earth. Even gods may not be able to do it, but I can Completely cut off this part of the power of the earth that you have absorbed."

Uh-huh!

After saying that, Ye Feng rushed forward, and then directly released his Devouring Domain, and began to devour the power of the earth that the rock giant was absorbing.

Obviously, Ye Feng's method is very simple.

That is to absorb all the power of the earth that this rock giant needs to absorb into his own body, and that's it.

At this moment, seeing Ye Feng do this, the rock giant immediately panicked and said in horror: "How is this possible? How could you, a small human race, have such a powerful devouring ability? All the absorbed power of the earth is swallowed into your body. This power of the earth is very majestic and vast. How can you, a small human body, be able to withstand such a huge power of the earth? This is impossible!"

Hearing what the rock giant said, Ye Feng just smiled lightly and didn't bother to explain anything at all.

His own Immortal Bones and Immortal Body of the Gods are the most powerful physiques in the world, and they are naturally able to withstand such huge power of the earth.

Moreover, Ye Feng has now swallowed these rock giants and absorbed them from the earth.

After the power of the earth, his skill actually increased a lot, making Ye Feng's eyes suddenly brighten.

"boom!"

At this moment, Ye Feng suddenly burst out with an extremely powerful cultivation aura.

Directly from the first level of the Infinite Realm, he broke through to the second level of the Infinite Realm.

"What??"

At this moment, the rock giant saw that Ye Feng was not only not crushed to death by such a huge power of the earth, but also achieved a breakthrough in cultivation. The rock giant was so horrified that his eyes almost fell out.

He never thought that Ye Feng, a small human race, would have such an incredible physique.

But what is most incredible to this rock giant is that Ye Feng actually has the same devouring ability as him.

He has never seen anyone with the same ability as him.

Moreover, the other party was an ordinary-looking human boy, which really shocked and disbelieved the blood-sucking tree demon possessing the rock giant. .??.

At this moment, Ye Feng finished absorbing the power of the earth and immediately saw that without the power of the earth, the entire body of the rock giant immediately fell apart and turned into pieces of broken stone, falling to the ground.

Seeing that the entire rock giant was unable to reorganize and condense again, the lightning tree and pangolin not far away suddenly had a look of deep surprise on their faces.

Lei Zhimu's eyes looked at Ye Feng, and suddenly there was a trace of admiration that was not there before.

Uh-huh!

At this moment, Ye Feng flew directly in front of the broken rock giant, smiled coldly, and said: "Vampire tree demon, wait until I get the tree spirit."

The ancient treasure of the clan has once again been greatly improved in cultivation. I will go directly to your true self for a duel! "

At this time, after Ye Feng finished speaking, regardless of whether the blood-sucking tree demon among the rock giants was still possessed, he simply trampled the remaining body of the original giant to pieces with one kick.

Then Ye Feng walked directly to the steel bunker in the center of the canyon ahead.

Uh-huh!

Uh-huh!

At this time, the Thunderbolt Tree and Pangolin not far away also flew over and stood beside Ye Feng.

Looking at the thick steel bunker in front of him, Ye Feng immediately asked: "Thunder Strike Wood, you are a tree inherited from the tree spirit family. Take a look and see if there is any way you can open this steel bunker intact." The bunker, if there is really no other way, then I can only destroy it through violence. Although violent destruction is likely to damage some resources in this steel bunker, this is the last resort. "

Hearing what Ye Feng said, Lei Zhimu immediately nodded and said, "Okay, let me give it a try."

After saying that, Lei Zhimu walked directly in front of the steel bunker, then stretched out his hand and touched the door of the steel bunker.

The door of this steel bunker is very thick and towering, standing there like an eternal monument.

When the lightning strike wood touched the door of this steel bunker.

Buzz!

Suddenly, a very emerald green light flew directly from the palm of Lei Zhimu's hand, and then poured into the steel gate in front of him.

"Looks like there's something going on!"

Ye Feng couldn't help but his eyes lit up immediately.

Chapter 4127 The inheritance of the tree spirit family

Buzz!

This steel gate, which buries the ancient treasures of the tree spirit clan, seems to be able to identify the members of the tree spirit clan.

Lei Zhongmu's small hands pressed on the steel gate, and suddenly there was an emerald green light, rushing from Lei Zhongmu's hands into the steel gate in front of him.

"Buzz!"

Then at this moment, Ye Feng suddenly saw ancient patterns appearing in this steel gate.

These ancient patterns come together to form a majestic and boundless towering tree. .???.??

This towering tree looks very majestic and vast, giving people the feeling that it can stand up to the sky, rooted in the earth, but growing to the sky.

Uh-huh!

At this moment, an ancient secret came into Lei Zhimu's mind from this steel gate.

Lightning Strike Wood couldn't help but his eyes lit up immediately, and he quickly looked at Ye Feng beside him, and said with some surprise: "I seem to have activated the secret of inheritance in this steel gate. What is contained in it is the secret of our tree spirit clan." A set of extremely powerful methods of cultivating the Dharma of Heaven and Earth, called the "Towering Tree Dharma". After successful cultivation, the power of the ancestral tree, the origin of our tree spirit family, can be condensed."

Hearing what Lei Zhimu said, Ye Feng suddenly showed a look of surprise in his eyes.

Unexpectedly, this steel gate actually contains the powerful inheritance of the ancient tree spirit clan.

At this moment, the pangolin standing aside couldn't help but said in astonishment: "The Dharma of the towering tree? The name of this set of inheritance is really simple and straightforward."

Ye Feng also smiled and said, "Very down-to-earth."

At this time, Lei Zhimu retracted his palm, and then said aloud: "Although the name is very simple, once this set of inheritance is successfully practiced, it is very powerful, allowing the cultivator to release the form of the towering tree. After that, we can get the power bonus from the ancestor tree of our tree spirit family, and we can also get the continuous life energy of our tree spirit family, so

Because what our tree spirit clan was proud of back then was the endless life energy. The towering trees represented the vitality. "

Hearing what Lei Zhimu said, Ye Feng immediately nodded and said: "It sounds really good, then you can teach it to me directly. I just lack a powerful inheritance and can practice it."

Lei Zhimu immediately said with some astonishment: "This is an inheritance that only our tree spirit clan can practice. You are a human race, so you can't practice it."

Ye Feng smiled and said, "That's not necessarily the case."

After saying that, Ye Feng stretched out his palm.

Buzz!

A ball of green light appeared in Ye Feng's palm.

That turned out to be the tree energy of the tree spirit clan!

Seeing the tree energy in Ye Feng's hand that had the same origin as his own, Lightning Striker Wood immediately couldn't help but said in surprise: "What? Ye Feng, you can actually release the energy of our tree spirit clan? It's incredible! Before, I have seen with my own eyes that you can swallow the fruits condensed by thunder, Ye Feng, I am really curious about what kind of existence you are, it is impossible for human beings to possess such magical abilities."

Ye Feng smiled and said aloud: "I am indeed a human race, but my ability is indeed a bit magical, even I find it a bit incredible."

After finishing speaking, Lei Zhimu nodded and said: "Since you can release the power of trees of our tree spirit family, then you can cultivate this powerful inheritance."

At this moment, Lei Zhimu clearly regarded Ye Feng as a friend and one of his own.

Therefore, after obtaining the ancient inheritance of the tree spirit clan, Lei Zhimu did not have any hidden secrets. He directly stretched out a white finger and touched Ye Feng's forehead.

Buzz!

At this moment, Lei Zhimu directly imparted into Ye Feng's mind the ancient inheritance of the tree spirit clan and the secret of the towering tree's Dharma that he had just obtained from the gate of the steel bunker.

At this moment, Ye Feng immediately felt a powerful inherited power injected into his soul.

Ye Feng could start to understand and practice right away.

Then Ye Feng rotated slightly, and countless emerald green lights appeared behind him, directly condensing into a majestic and boundless tree, full of huge and boundless power.

And it can provide Ye Feng with a steady stream of life force.

Ye Feng's combat effectiveness immediately soared.

At this moment, Ye Feng immediately showed surprise in his eyes.

This towering tree Dharma is indeed an ancient inheritance among the tree spirit clan.

Ye Feng couldn't help but said in amazement: "This towering tree not only has extremely powerful suppression capabilities, but it can also provide me with a steady stream of vitality, allowing me to continue fighting for a long time."

"What? How is this possible? Successfully cultivated so quickly?"

At this time, Lei Zhimu, who was standing aside, widened his beautiful eyes.

She never thought that Ye Feng would be able to use this inheritance after she had just taught it to Ye Feng.

Even the Dharma of the towering tree was directly condensed successfully!

This speed of cultivation simply made Lei Shimudu feel deeply shocked and shocked.

You know, Lightning Strike Wood has received this set of inheritance, and has not even started practicing yet.

But Ye Feng simply succeeded in practicing.

It's really incredible.

At this moment, Lei Zhimu seemed to feel that whatever happened to Ye Feng was not an exaggeration and was very normal.

\u003e

Lei Zhimu immediately couldn't help but smiled bitterly and shook his head. This time he really encountered a peerless monster.

Not only is he a peerless monster among the human race, but even among the thousands of races in the world, Ye Feng is definitely the most monster existence.

At this moment, the steel gate in front opened directly after being activated by the lightning strike wood.

When Ye Feng saw this scene, there was a hint of surprise in his eyes.

It seems that the status of Lightning Strike Wood among the tree spirit clan must be very extraordinary. The door of the steel bunker, which is the ancient treasure left by the tree spirit clan, is instantly opened.

But at this moment, Ye Feng didn't ask any more questions.

After all, everyone has their own secrets.

If you get to the bottom of it, you might not even be friends.

At this moment, Ye Feng and Lei Zhimu took the pangolin and walked directly into the steel bunker in front of them.

The moment they entered the steel bunker, Ye Feng was almost blinded.

I saw pieces of emerald green crystals piled up in the outermost area of the entire steel bunker.

These emerald green crystals all emitted bright green light, almost blinding Ye Feng.

At this time, Lei Zhimu immediately said excitedly: "They are all top-grade wood crystal stones! These things should be the wealth accumulated by our tree spirit clan back then. In each top-grade wood crystal stone, there are It contains extremely pure wood-attributed energy and has very miraculous recovery capabilities. It is the raw material for refining many top-quality elixirs and can even bring people back to life."

At this time, Ye Feng heard the words of Lei Zhimu next to him, and he smiled and said: "I have felt that the energy contained in these top-quality wood crystals is very pure, and it can definitely improve my skills." With huge growth, this is only the outermost area of the steel bunker. I don't know how many treasures are hidden inside. This time we are really rich!"

Chapter 4128 Thousands of years of accumulation

boom!

Ye Feng said at this moment, without any hesitation, he directly released his Devouring Domain.

Suddenly, a large area of darkness swallowed up the field, covering most of the top-grade wood crystal stones present.

"Crash!"

At this moment, the energy in these top-quality wood crystal stones was immediately absorbed by Ye Feng, and then all was injected into Ye Feng's Dantian.

Buzz!

Ye Feng immediately felt that his skill was increasing at an incredible speed.

You must know that these top-quality wood crystal stones are all the huge wealth accumulated by the tree spirit clan back then.

The energy contained in it is naturally very powerful and majestic.

So after Ye Feng swallowed it at this time, it was natural that his cultivation skills were improving at an incredible speed.

"boom!"

Infinite Realm Third Heaven!

"boom!"

The fourth level of the infinite realm!

At this moment, Ye Feng's cultivation suddenly broke through two heavens in a row, reaching the fourth heaven of the infinite realm.

This made Ye Feng's eyes suddenly show a look of surprise, and he couldn't help but sigh and said: "These top-quality wood crystal stones are really a great tonic. The energy contained in them is really great." It is so pure and advanced that my cultivation has undergone a huge transformation."

At this time, Ye Feng was able to reach two consecutive levels of cultivation, which made Ye Feng very happy.

You know, after Ye Feng's cultivation reached the Infinite Realm level, his body became more and more like a bottomless pit.

Every breakthrough requires a huge amount of energy.

But even so, after devouring these top-quality wood crystal stones, Ye Feng still broke through the sky twice in a row.

This naturally made Ye Feng very happy.

At this moment, the Thunderbolt Tree next to him couldn't help but nodded, smiled and said loudly: "Every one of these top-quality wood crystals is from our tree."

The life essence left by the transformation of the lost elders of the Ling clan is naturally very useful for improving the skills of living beings. "

After finishing speaking at this moment, Lightning Strike Wood also collected a lot of top-grade wood crystal stones.

At this time, they continued walking towards the deep area of the steel bunker.

After walking for a while, they suddenly saw many ancient trees, which were dry and piled up in the bunker.

Seeing this scene, Lei Zhimu immediately couldn't help but said: "These seem to be sacred tree branches that have been bred by our tree spirit clan since ancient times. They are extremely expensive alchemy materials and can also improve our tree spirit clan." The origin of the tribe's wood attribute."

Hearing what Lei Zhimu said, Ye Feng was not very interested and said: "Then leave these things to you, Lei Zhimu. If I encounter resources that can improve my cultivation skills, I will give them all to you." wanted."

When Lei Zhimu heard what Ye Feng said, he immediately nodded and agreed to this negotiation.

At this moment, Lei Zhimu directly stretched out his hand and put all the special sacred tree branches accumulated by the tree spirits into his storage ring, and then they continued to move forward.

When they arrived at the deepest part of the steel bunker, they immediately saw boxes of different things stacked here.

Some boxes are filled with emerald-green fruits, which still exude a strong breath of life even after thousands of years have passed.

Some boxes contain crystals of various colors, which should be the same as top-quality wood crystals. They are all crystals produced by the tree spirit clan and contain a lot of energy.

There are other boxes containing some ancient books, which should be the inheritance and various records left by the tree spirit clan back then.

In addition, some boxes also contain many trees

A weapon exclusive to the Spirit Clan.

But what attracted Ye Feng and Lei Zhimu the most was that on the farthest wall in front, there hung an ax made of extremely ancient wood.

Although this ax is made of wood, it feels like it is made of the strongest steel in the world. It looks full of extremely terrifying edges and powerful weapon fluctuations.

When Lei Zhimu saw the ax made of wood, he couldn't help but reveal a look of deep surprise in his eyes. He couldn't help but said, "Could this ax be the one used by our tree spirit clan back then?" The sacred tree branches left by the ancestors of a generation, after spending countless auxiliary materials and huge efforts, the sacred tree ax was finally refined!"

Hearing what Lei Zhimu said, Ye Feng couldn't help but show a trace of surprise in his eyes, nodded and said: "I can also sense a very strong weapon fluctuation from this mysterious axe." , It feels like this ax can split the whole sky and earth. "

Lei Zhimu immediately nodded very excitedly and said loudly: "This is the sacred object of our tree spirit clan, and it is the holy weapon of our tree spirit clan."

Hearing what Lei Zhongmu said and seeing the very excited and expectant look on Lei Zhongmu's beautiful little face, Ye Feng immediately smiled and said, "Then I'll leave this sacred wood ax to you. Give me all the fruits and crystals in the other boxes. Is this deal okay?"

Hearing what Ye Feng said, Lei Zhimu immediately nodded and said, "Okay."

After saying that, Lei Zhimu walked directly towards the sacred wood ax hanging on the wall.

At this time, Ye Feng looked at the crystal stones and fruits piled in boxes around him and directly released his Devouring Domain.

For Ye Feng, what he needs most now is to accumulate cultivation skills.

As for weapons and the like, Ye Feng is not in a hurry.

You know, there must be powerful weapons in the Ye family where you are. \u003c

br\u003e

When the time comes, ask your grandfather to see what the most powerful weapons are in the Ye family, and you can make some yourself.

At this moment, Ye Feng did not hesitate at all, quickly and crazily devouring the crystals and fruits contained in all the boxes in the steel bunker.

These things are all the wealth accumulated by this ancient race, the Tree Spirit Clan, for thousands of years.

The number is even larger than the top-quality wood crystal stones Ye Feng swallowed just now.

Boom! !

So at this time, energy like a vast ocean was immediately injected into Ye Feng's body, rapidly strengthening Ye Feng's power.

Thousands of years of accumulation by the tree spirit clan were all turned into energy at this moment, supplementing Ye Feng's cultivation.

The cultivation aura on Ye Feng's body immediately began to increase at an incredible speed.

"boom!"

Infinite Realm Fifth Heaven!

"boom!"

Infinite Realm Sixth Heaven!

"boom!"

Infinite Realm Seventh Heaven!

"boom!"

Infinite Realm Eighth Heaven!

"boom!"

Infinite Realm Nine Heavens!

"boom!"

The Great Perfection of the Tenth Heavenly Realm of Infinity! !

Originally, at such a powerful level, Ye Feng's breakthrough speed should be very slow.

Because it is difficult for him to find advanced training resources.

However, the cultivation resources stored in the steel bunker left by the tree spirit clan undoubtedly gave Ye Feng a huge advantage, directly accumulating Ye Feng's cultivation to reach the tenth level of the infinite realm. .

Ushered in an unparalleled breakthrough and improvement!

Ye Feng couldn't help but sigh: "It is indeed the accumulation of thousands of years of the tree spirit clan!"

Chapter 4129 Helping each other

"He actually broke through so much and reached the tenth heavenly perfection of the infinite realm?!"

At this moment, Lei Zhimu, who was standing next to him, sensed the continuous cultivation aura erupting from Ye Feng's body, and his eyes widened slightly.

Even though Lei Zhimu was a descendant of the ancient tree spirit clan, he couldn't help but marvel at Ye Feng's terrifying devouring ability.

At this time, Lei Zhimu could not help but sigh and said: "The blood-sucking tree demon must have been so crazy in devouring the energy of all the tree spirit clan members, so it eventually led to the demise of the entire tree spirit clan. Fortunately, Ye Feng, you It's not like the vampire tree demon, who was obsessed with this terrifying and weird devouring ability and became a murderous demon."

When Ye Feng heard what Lei Zhimu said, he immediately nodded slightly, smiled and said: "There are no evil skills in the world, only evil people. I have always had my own bottom line, although I have this This is an extremely domineering swallowing ability, but I only swallow the enemies and the cultivation resources naturally grown by the world."

Buzz!

After finishing speaking, Ye Feng clenched his fists and felt terrifying and surging energy surging through his entire body.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

My cultivation level has now broken through so much all at once, and my combat effectiveness has been enhanced unparalleledly.

You must know that the cultivation of the Great Perfection of the Tenth Level of the Infinite Realm, let alone the small world of the Chaos Secret Realm, is definitely the top existence even in the big world of origin.

However, Ye Feng also knows that the world rules of the Origin World are constantly reviving, and strong men from the advanced cultivation interface are constantly coming.

Therefore, Ye Feng knows that his cultivation level needs to continue to improve before he can gain a foothold in the magnificent era of the future.

However, Ye Feng also knows that even if the world rules of the Origin World are constantly recovering, and the cultivation of some strong people in the Origin World is also constantly improving, there should be no

I am so fast.

At this time, Ye Feng looked at the Lightning Strike Wood not far away, and found that the Thunder Strike Wood stretched out a pair of small white hands, touching the sacred wood ax hanging on the wall in front of him, and seemed to be refining this axe.

Ye Feng stood there without saying anything, waiting silently.

Buzz!

But suddenly at this moment, the calm surface of the sacred tree ax suddenly erupted into a terrifying weapon fluctuation.

Uh-huh!

Then an emerald-green shadow of the tree's will suddenly stepped out from the axe, and was about to snatch away the entire body of the lightning strike tree.

Seeing this, Ye Feng's eyes immediately changed and he said loudly: "This is the shadow of the ancient will in the ax of the sacred tree. It wants to seize the body and strike the tree with lightning to regain its resurrection!"

Uh-huh!

At this moment, Ye Feng rushed forward without any hesitation, and then released his extremely powerful soul attack.

At this moment, Ye Feng's soul power emitted a brilliant golden light and began to attack the huge shadow that flew out of the axe.

"Human boy, I didn't expect you to be a soul master, but if you dare to go against me, it will be of no use, because your soul power is too weak in front of me."

At this time, the huge shadow of will flying out from the sacred tree ax immediately made a majestic sound.

He directly condensed the divine light of an emerald green axe, and then mercilessly killed the soul that Ye Feng attacked.

Boom! !

Almost at the next moment, Ye Feng immediately felt that his soul had been severely damaged, and the emerald green energy condensed in the hands of this huge phantom of will

The colored ax was split into two halves.

Ye Feng's eyes suddenly revealed a look of deep surprise.

The phantom of will existing in this sacred tree ax is definitely a super powerful senior of the tree spirit clan back then.

Otherwise, it would be impossible to have such a powerful soul attack method.

At this moment, he saw Ye Feng's soul being chopped into two halves.

The huge phantom of will that came out of the sacred tree ax immediately let out a mocking laugh: "Young man from the human race, although you are a unique soul master, your soul power is in front of me. After all, I am still much weaker and cannot stop me at all. If I get the body of Lightning Striker Wood, I will be able to revive again. No one can stop me from my ambition!"

After this huge phantom of will finished speaking, Ye Feng said with a very calm face: "Although I can't deal with you, my partner certainly can."

"Emperor Chu, help me!"

Almost at the moment Ye Feng finished speaking, Ye Feng directly communicated with Emperor Chu in his mind and asked Emperor Chu to take action.

Boom!

At this moment, a bright crimson light suddenly burst out from Ye Feng's head, and then directly condensed into a crimson giant of light, with a very terrifying majesty, all of a sudden it was facing forward. Attack away.

Click!

Almost at the next moment, the emerald-green shadow of will made from the sacred tree ax was blasted into half of the body by Emperor Chu.

"What? How is this possible??"

At this moment, the phantom of will in the sacred tree ax couldn't help but make a horrified voice: "How can it be possible to have such a powerful soul attack power? Boy, what is the giant of light in your head? What kind of existence is it?"

Emperor Chu was too lazy to talk nonsense at this time.

He punched out hard one at a time, directly erupting the Chu Emperor's unique soul attack power, instantly blasting the huge shadow of will coming out of the sacred tree ax into countless soul fragments.

"Can't waste it!"

At this time, Ye Feng's eyes lit up, he released the Devouring Domain, and began to devour the soul fragments of this huge emerald green shadow of will.

"Buzz!"

At this moment, Ye Feng immediately felt his soul power increase rapidly.

Ye Feng's soul power had previously been raised to level 37.1 million.

After Ye Feng devoured all the soul fragments, his soul power immediately exceeded 40 million levels.

Ye Feng suddenly gained nearly three million soul power!

Ye Feng's eyes suddenly showed horror.

I didn't expect that the huge shadow of will hidden in this sacred tree ax could actually increase my soul power so much. No wonder it was so powerful.

Uh-huh!

At this time, Emperor Chu returned to his mind.

Lei Zhimu also opened his eyes, and couldn't help but said with some fear: "I almost died just now! I couldn't move at all just now, I could only watch the ancient shadow of will in the sacred tree's axe. , occupying my body."

After saying that, Lightning Strike Wood immediately stared at Ye Feng with its beautiful eyes, and said with great gratitude: "Ye Feng, thanks to you this time, otherwise, not only would I not be able to refine this sacred wood axe, I'm afraid I would also be unable to refine it." I will be taken over by the shadow of the old monster's will hidden in it, Ye Feng, listen to me and thank you."

Ye Feng immediately smiled and said: "It's just a little effort. Now we are friends and partners. We should help each other. If lightning hadn't struck you this time, we wouldn't have been able to enter this steel bunker. Got it." There are so many cultivation resources, let's help each other!"

Chapter 4130 Famous Formation

Hearing what Ye Feng said, Lei Zhimu immediately showed a sweet smile on his face and said, "Yes, we are now very good friends and partners."

After finishing speaking, Ye Feng looked at the empty area around him and said, "Then let's just leave here now. All the ancient treasures here have been plundered by us."

Lei Zhimu also nodded, and Ye Feng walked directly towards the outside of the steel bunker.

After they walked out, they came back to the desolate canyon.

At this moment, Ye Feng couldn't help but said: "Thunder Strike Wood, do you know where the blood-sucking tree demon's body was suppressed?"

When Lei Zhimu heard what Ye Feng said, a trace of surprise suddenly appeared in his eyes, and he couldn't help but asked: "Ye Feng, are you preparing to fight the vampire tree demon?"

Ye Feng nodded, with a trace of confidence in his eyes, and said loudly: "This time I entered this steel bunker, I have accumulated many training resources from the tree spirit clan, and my cultivation level has broken through to The Great Perfection of the Tenth Level of the Infinite Realm is many times more powerful than before, so I want to have a fight with that vampire tree demon to see if I can beat him."

Hearing what Ye Feng said, a trace of worry appeared on Lei Zhimu's beautiful little face, and he couldn't help but said: "Ye Feng, the blood-sucking tree demon was a very terrifying existence in our tree spirit clan back then. The rock giants he controlled and possessed before were so terrifying, not to mention his own self. Although he was sealed and has not reached his original peak strength after so many years, he recently used the ancient treasures of our tree spirit clan to It has attracted a

lot of strong people, absorbed a lot of their life essence, and maybe its strength has recovered a lot. Ye Feng, do you really want to take the risk? We can leave here safely now. "

Ye Feng shook his head and said aloud

: "After destroying the rock giant before, I have already said that the vampire tree demon must be completely eliminated. This is also a good thing for you, Lightning Striker Mu, because once the vampire tree demon escapes, he will definitely look for all kinds of monsters. The people of the tree spirit clan have devoured their wood attribute energy. This can be regarded as solving a big problem for you tree spirit clan. Moreover, my cultivation has now entered the tenth level of the infinite realm, and my combat effectiveness has been greatly improved. Maybe I can really defeat that blood-sucking tree demon. If I can defeat that blood-sucking tree demon, I can devour this ancient strong man, the blood-sucking tree demon. Maybe my current cultivation level can be completely bottlenecked. Breakthroughs are of huge benefit to me."

Ye Feng said at this moment, it was obvious that he went to kill the blood-sucking tree demon not only for the sake of the Thunder Strike Tree and the tree spirit clan, but also for himself to be able to swallow the ancient skills of the blood-sucking tree demon and see if he could use his cultivation Get a complete transformation of the bottleneck.

At this moment, hearing what Ye Feng said, Lei Zhimu immediately understood what Ye Feng was thinking, and could only nod his head and said: "Okay, then I will take you to the place where the vampire tree demon was sealed. "

After saying that, the Lightning Strike Wood flew quickly in a certain direction ahead.

Ye Feng quickly followed.

Ye Feng's face showed a hint of joy at this moment.

Sure enough, as a descendant of the tree spirit clan, Lei Zhimumu knew where the blood-sucking tree demon was sealed.

Along the way, they passed through a large jungle and finally came to an area near the southwest of the misty forest.

There are actually lakes around here.

Some lakes are even suspended high in the sky, giving people the feeling that the Milky Way has fallen into the sky.

At this moment, Ye Feng immediately felt a very huge power of the formation, moving between the entire heaven and earth, and even affecting the magnetic field of the entire surrounding space.

Everyone who comes close to this place feels dizzy.

If Ye Feng hadn't been mentally strong, he probably wouldn't have been able to withstand the changes in the magnetic field caused by the huge formation here.

At this time, Ye Feng couldn't help but said: "These lakes should be part of the formation."

Lei Zhimu immediately nodded and said: "Back then, there was a fierce battle between the old patriarch of our tree spirit clan and the vampire tree demon. In the end, the old patriarch severely injured the vampire tree demon, but he was also about to die. The oil ran out, so at the last moment, the old patriarch joined forces with the ten guardians of our tree spirit clan to arrange this nine-day galaxy formation, trapping the blood-sucking tree demon here. Those lakes you see are not The real lakes are all stars in the sky. The power of the stars that is triggered by the formation and condensed into the galaxy has a terrifying weight of billions. "

"Nine Heavens Galaxy Formation?"

When Ye Feng heard what Lei Zhimu said, his eyes suddenly showed a hint of surprise.

The energy that can attract the stars in the sky falls down and condenses into magnificent and vast galaxies. This formation is absolutely very ancient, advanced and terrifying. .???.??

At this moment, Emperor Chu suddenly spoke in his mind: "This Nine Heavens Galaxy Formation is a very famous formation in ancient times, and it is still very powerful."

"Um?"

Hearing the words of Emperor Chu in his mind, Ye Feng suddenly had a look in his eyes.

A look of surprise.

It seems that the Nine Heavens Galaxy Formation arranged by this old patriarch of the Tree Spirit Clan is indeed a very advanced formation.

At this time, Ye Feng couldn't help but asked with some anticipation: "Emperor Chu, do you think I can use my personal power in this Nine-Heaven Galaxy Formation?"

Emperor Chu nodded and said aloud: "Yes, this ancient formation cannot be released by relying on the strength of one person, because it is very difficult and requires the control of many formations at the same time. Only top-level formations can be released." Only by joining forces with powerful people can we withstand the complex and cumbersome secrets of formations. But Ye Feng, your spiritual and soul power is very powerful, and it is possible for one person to arrange it, but you need to master this nine-day process in advance. The secret of the Galaxy Formation."

Ye Feng immediately couldn't help but asked: "Emperor Chu, you have heard of this famous formation, can you arrange it?"

Emperor Chu shook his head and said aloud in his mind: "I don't know how."

"All right....."

Hearing what Emperor Chu said, Ye Feng suddenly showed a hint of disappointment in his eyes.

Ye Feng originally felt that if he could control the layout and law enforcement of this Nine Heavens Galaxy Formation, he would be able to use the power of the stars in the sky to fight against the enemy.

It's like he has an extremely powerful trump card.

Compared with practicing some kind of powerful inheritance, I am afraid that the attack power is even stronger.

But I didn't expect that Emperor Chu wouldn't know it either, so there was really nothing we could do.

But at the next moment, Emperor Chu continued to speak in his mind: "However, I can analyze this Nine Heavens Galaxy Formation on the spot. There is a certain probability that I can analyze the secrets of this well-known formation."
