Chapter 4131 Analyzing Formation

At this moment, when Ye Feng heard what Emperor Chu said, his originally disappointed expression suddenly became excited again.

Ye Feng immediately couldn't help but sigh and said: "Emperor Chu, you are so amazing."

Ye Feng is a soul master, so he actually knows how difficult it is to analyze the secrets of this ancient and huge formation.

Although Ye Feng has a pair of eyes that can see through any formation, he can only see through it. He can only protect himself from the power of the entire formation.

But if you want to analyze the most profound formation secrets in an entire formation, it is equivalent to understanding the entire formation. This is a very, very difficult thing.

Ye Feng felt that even if his soul power were dozens of times stronger, he probably wouldn't be able to do it.

But now that Ye Feng heard that Emperor Chu could do it, Ye Feng was naturally very surprised.

Ye Feng couldn't help but start thinking about what Emperor Chu's true identity was, and it was so terrifying. .??.

Just when Ye Feng was amazed, Emperor Chu had already released a bright crimson light in Ye Feng's mind, covering the surface of the Nine Heavens Galaxy Formation in front of him, and seemed to be beginning to analyze it.

Lei Zhimu, who was standing aside, saw a bright crimson light emanating from Ye Feng's eyebrows, covering the formation. Lei Zhimu immediately couldn't help but said in surprise: "Ye Feng, you What are you doing?"

Ye Feng smiled slightly at this moment and said aloud: "I am analyzing the formation secrets of the entire Nine Heavens Galaxy Formation. I want to control this formation. It will be of huge benefit to deal with the enemy."

"What??"

Hearing what Ye Feng said, Lei Shimu's eyes widened slightly. He couldn't help but said in horror and admiration: "Ye Feng, you are so amazing! You can actually analyze the elders of our tree spirit clan. The Nine Heavens Galaxy Formation jointly deployed by the Patriarch and the Ten Guardians was a well-known formation at that time. It was very terrifying and powerful. I didn't expect you, Ye Feng, to be able to analyze it alone."

At this moment, Lightning Strikes Mu said, beautiful little

His face was full of excitement.

She couldn't even help but walked to Ye Feng's side, and grabbed Ye Feng's arm with her two white hands, as if she could express her excitement in this way.

Because this was the first time for Lei Zhimu to encounter such a monster, an innate spiritual tree like Lei Zhimu was deeply shocked.

At this moment, Ye Feng had a hint of a secret smile in his eyes.

Of course I don't have this ability.

It is the Emperor Chu in his mind who has this ability.

But Ye Feng can't tell him now that he has Emperor Chu's secret in his mind.

After all, the existence of Emperor Chu is Ye Feng's most mysterious trump card.

Even if Lei Zhimu is his friend now, Ye Feng can't say it easily.

So I can only take this matter upon myself.

Emperor Chu probably didn't care about this false reputation.

At this moment, when Emperor Chu was analyzing the entire Nine Heavens Galaxy Formation.

The sealed blood-sucking tree demon in the formation seemed to have sensed the movement outside the seal, and immediately couldn't help laughing sarcastically and said: "It's a human boy like you who dared to kill a clone of me. You are extremely brave to come to where I am, aren't you afraid that I will crush you to death with one hand?"

When Ye Feng heard the voice of the blood-sucking tree demon in the formation, he was not afraid at all. Instead, he smiled and said through the formation: "Vampire tree demon, wash your neck, and I will kill you later!" "

Hearing what Ye Feng said, the blood-sucking tree demon did not get angry at all, but said coldly: "Young boys from the human race, if you have the ability, just come directly to the formation and have an upright fight with me!"

Hearing what the blood-sucking tree demon in the formation said, Ye Feng immediately smiled lightly and said, "Don't worry, I will kill you later."

Finished

Afterwards, Ye Feng asked Emperor Chu in his mind to analyze the entire Nine Heavens Galaxy Formation with peace of mind.

Now Ye Feng is not in a hurry at all.

The vampire tree demon was trapped in the formation anyway, with no possibility of escape.

So the most important thing now is to successfully analyze the secrets of the Nine Heavens Galaxy Formation.

Half an hour later, Emperor Chu suddenly said aloud in his mind: "It's done." ??

Hearing what Emperor Chu said, Ye Feng's eyes immediately lit up.

Almost at the next moment, Emperor Chu didn't wait for Ye Feng to say anything, and directly transmitted the secrets of this Nine Heavens Galaxy Formation into Ye Feng's mind.

"Buzz!"

At this moment, Ye Feng immediately felt a very huge and vast formation secret, exploding in his mind, making Ye Feng's whole body feel as if he was about to freeze.

Because the profound meaning of this formation is so vast, it was poured into Ye Feng's mind all at once, and naturally he would not be able to accept it for a while.

But the next moment, Ye Feng integrated all the secrets of these formations into his soul, so that he could slowly comprehend them.

Uh-huh!

At this time, Ye Feng stepped directly into the Nine Heavens Galaxy Formation in front of him and flew quickly towards the interior of the formation.

Lei Shimu, who was standing outside, looked at Ye Feng's retreating back and immediately couldn't help but said: "Ye Feng, you must be careful when fighting the blood-sucking tree demon. The blood-sucking tree demon is a peerless one among our tree spirit clan." A strong man, and also a demon, has very tenacious vitality. During the battle, never let him rest. As long as he has a chance to rest, he will be able to quickly return to his peak state. This It is the racial talent of our tree spirit clan."

Hearing Lei Zhimu's reminder, Ye Feng immediately waved his hand behind him and said, "Okay, I understand, Lei Zhimu, just wait outside for my triumph."

After finishing speaking, Ye Feng's tone seemed to be filled with panic.

The great self-confidence disappeared in the formation.

The lightning struck Mu could only wait anxiously outside.

In fact, in Lei Zhimu's mind, she was still not very confident about Ye Feng defeating the vampire tree demon.

Because although Ye Feng's current cultivation level has been greatly improved, the vampire tree demon is after all the ancestor of their tree spirit clan, an ancient existence of the same level, with many methods, Ye Feng may not be able to fight against it at all.

But Ye Feng insisted on going, and he couldn't stop the lightning from hitting the tree. He could only pray for Ye Feng silently outside: "I hope everything is okay."

At this moment, Ye Feng walked into the Nine Heavens Galaxy Formation and came to the inner area.

He immediately saw that in the deepest part of the formation, there was a place with bright stars.

In this starry void, a big tree exuding blood-black light was floating there.

At this moment, when I saw Ye Feng flying over, the big tree with blood-black light all over its body suddenly transformed into a young man wrapped in a black blood robe. He looked very strange and gave people an evil feeling. The feeling of boundlessness.

This is the vampire tree demon!

The blood-sucking tree demon stared at Ye Feng who entered the formation from outside, and immediately said with some surprise: "I didn't expect that a human kid like you would actually have the courage to enter this formation."

Ye Feng's face was very calm and he said: "Of course, I told you earlier that I would kill you with my own hands, so I will come naturally."

Hearing what Ye Feng said, the vampire tree demon immediately smiled sarcastically and said with some disdain: "Although my current strength is no longer at the peak of the past, killing a small

human kid is nothing to worry about. If I kill you and swallow your life essence, then maybe I can return to half of my peak level, and then I can escape from this Nine Heavens Galaxy Formation! After you get out of trouble, I will dominate the world!"

At this moment, the vampire tree demon was speaking, his tone full of unparalleled ambition.

Chapter 4132 Earth-shaking changes

At this time, after the blood-sucking tree demon finished speaking, he didn't hesitate at all and charged directly towards Ye Feng, emitting a majestic blood-red light like a vast ocean.

Buzz!

At this moment, Ye Feng showed no fear at all and directly waved his fists and attacked the blood-sucking tree demon.

At this moment, Ye Feng directly burst out the divine power in his fists.

"boom!"

I saw that bright golden light suddenly emitted from his fists, and the two fists directly turned into something as if they were made of gold, as if they had just been forged from the divine furnace, flowing with immortal golden brilliance. .

At this moment, infinite power burst out from Ye Feng's fist, and he collided directly with the blood-sucking tree demon.

"Boom!!" ??

The entire field immediately erupted with an earth-shattering roar, full of unparalleled destructive power.

"Uh-huh!"

"Uh-huh!"

As a result, the next moment, both of them retreated one after another.

Ye Feng's eyes showed surprise, and he felt that his two fists were a little numb.

But the blood-sucking tree demon was even more horrified and couldn't help but said: "You human boy, how did you cultivate your fist? How could you have such a terrifying hardness! The body of this tree demon is It has been forged from countless high-grade materials of the tree spirit clan. Even the ancient holy body among you humans cannot withstand my attack."

When Ye Feng heard what the vampire tree demon said, he just smiled lightly and said casually: "There are a lot of things in this world that you don't understand."

"hehe."

The blood-sucking tree demon sneered and said: "Just now it was just a casual test by me. Next, I will not talk nonsense with you, a human boy, and I will directly kill you, a human boy. "

boom!

At this moment, a vast blood-red light burst out from the vampire tree demon's body.

Then the whole body of the vampire tree demon actually directly became its body, turning into a majestic tree with a height of tens of thousands of meters. It was covered with endless blood-red light, and even formed a sea around it. The blood-red vast sea seemed to be able to envelop everything in it.

"The Wrath of the Blood Demon!!"

At this time, the vampire tree demon displayed an ancient and incomparable inheritance of demonic attributes.

The blood-red ocean around him suddenly surged up to the nine heavens, rushing towards Ye Feng like a mountain, as if it could crush everything, it was simply devastating.

In front of the vast blood-red ocean that fills the sky, Ye Feng is as small as a little ant at this moment, and will be swept away and broken by the endless ocean at any time.

"The Dharma of the towering tree!"

At this moment, Ye Feng did not hesitate and directly displayed the extremely powerful inheritance he had learned before. It was the ancient inheritance of the tree spirit clan and had extremely powerful power.

Buzz!

Almost at the next moment, in the boundless void behind Ye Feng, a towering tree with a height of tens of thousands of feet suddenly appeared. It was majestic and boundless, towering up to the sky. The crown of the tree reached straight into the sky, and the roots of the tree were deeply rooted in the earth. It has infinite vitality and infinite power.

"Boom!"

The next moment, the endless blood-red ocean released by the blood-sucking tree demon struck in front of Ye Feng, but it was completely blocked by the towering tree magic spell condensed by Ye Feng.

The majestic and boundless towering tree connects to the sky and takes root in the earth, like an immortal and abundant tree between heaven and earth.

The monument has stood for hundreds of millions of years and will never collapse.

"What??"

At this moment, the blood-sucking tree demon opposite him immediately widened his eyes and stared at the towering tree in front of Ye Feng. He couldn't help but said in horror: "You... How could you, a human being, have the inheritance of our tree spirit clan? And how could this be possible! What kind of existence are you?"

At this moment, the vampire tree demon is probably doubting life.

Because everything that happened in front of me was completely inconsistent with common sense.

Ye Feng is obviously a human race, but he succeeded in practicing by passing on the inheritance of his tree spirit clan.

This is simply impossible!

But, at this moment, it happened! .??.

Ye Feng just smiled slightly at this time and said aloud: "The impossible is still to come."

Buzz!

Almost at this moment, Ye Feng suddenly stretched out his hand, and under the horrified gaze of the vampire tree demon, Ye Feng's hand suddenly absorbed all the power of the surrounding formation. Used it.

Buzz!

I saw that all the star power of the entire Nine Heavens Galaxy Formation was gathered into Ye Feng's hands, and then a star sword with a length of more than 100,000 meters was condensed, and it suddenly struck at the vampire tree demon. Cut away.

The blood-sucking tree demon immediately said in horror: "This is impossible! You can actually control the power of this nine-day galaxy formation. This formation was created by the old patriarch of our tree spirit clan and the ten supreme ones. Even I dare not touch what the protector has arranged. I didn't expect that a kid like you could use the power of the entire formation. This is simply impossible!"

At this moment, the vampire tree demon's mentality completely collapsed.

He yelled crazily, but there was no way at all. The star sword condensed by Ye Feng using the power of the Nine Heavens Galaxy Formation was split into two halves in an instant, and even the soul was split into pieces in an instant. !

Vampire tree demon, die!

Uh-huh!

At this time, Ye Feng didn't hesitate at all. He flew forward and immediately released the Devouring Domain and began to devour the blood-sucking tree demon.

I have to say that this vampire tree demon is still very powerful.

Ye Feng had tried every means he could to barely compete with him.

In the end, he used the power of the entire Nine Heavens Galaxy Formation to kill the blood-sucking tree demon.

However, Ye Feng is also very satisfied with his fighting power.

After all, this vampire tree demon is an older person from the ancient times, and his fighting power is very powerful.

Relying on my own inheritance and strength, I can fight on par with him, which is already very good.

At this time, the Devouring Domain released by Ye Feng began to devour the blood-sucking tree demon.

This blood-sucking tree demon has accumulated so many years of skill, so it is naturally very huge.

The skill cultivation level in Ye Feng's body immediately began to increase rapidly and continuously.

Finally at some point.

"boom!!"

A huge aura of cultivation burst out from Ye Feng's body.

That's the momentum of a breakthrough!

Ye Feng's cultivation level, at this moment, directly broke through the bottleneck of the tenth level of the Infinite Realm!

Stepping into the first level of the Transcendent Realm above the Infinite Realm! !

Beyond the realm, this is a new and powerful realm.

At this moment, Ye Feng could feel that his fighting power had suddenly undergone earth-shaking changes!

Chapter 4133 Arrival

At this time, Ye Feng's cultivation had entered the first level of the Transcendence Realm and entered this new level, which naturally made Ye Feng very happy.

Uh-huh!

After killing the blood-sucking tree demon, Ye Feng directly left the inner area of the formation.

When Ye Feng walked out of the formation, the Lightning Strike Wood immediately flew over. His beautiful little face was full of worry, and he quickly asked: "Ye Feng, how are you? Are you okay?"

Ye Feng immediately showed a smile in his eyes and said, "Of course it's okay. Just look at my current cultivation level and you'll know."

Buzz!

At this moment, Ye Feng deliberately exuded a trace of the cultivation aura he had just broken through.

"This is... the breath of cultivation at the Transcendent Realm level above the Infinite Realm!"

At this time, Lei Zhimu was immediately stunned.

She never expected that in just a short moment, Ye Feng would already be in the formation and completely kill the blood-sucking tree demon that she thought was vicious and boundless.

Because Lei Zhimu knew very well that Ye Feng had definitely swallowed the vampire tree demon, otherwise it would not have been possible for his cultivation to break through an entire realm at once.

At this moment, Lightning Striker Mu was simply shocked to the extreme.

Ye Feng's fighting power is really terrifying.

At this moment, Ye Feng smiled and said: "This blood-sucking tree demon is indeed very powerful, but after all, he is not my opponent."

Lei Zhimu came back to his senses at this time, and immediately nodded very excitedly, and said happily: "Great, the vampire tree demon is completely dead, which will have a huge impact on our entire tree spirit clan. The good thing is, you don't have to be so timid and hide in the deep areas of the misty forest."

Ye Feng nodded and said, "What are your plans next?"

Lei Zhimu said: "I am going to the deepest area of the misty forest to find the surviving members of our tree spirit clan and tell them that the vampire tree demon is completely dead and will no longer pose a threat."

Hearing what Lei Zhimu said, Ye Feng nodded slightly and said, "Okay, but I have to leave here."

"Are you leaving?"

Lei Zhimu's eyes immediately showed a trace of reluctance. He stared at Ye Feng with his beautiful big eyes and said loudly: "Ye Feng, are we going to completely separate now?"

Ye Feng looked at the beautiful girl in front of him and said with a smile: "We will meet again if we are destined."

After saying that, Ye Feng turned around and left.

For Ye Feng, many partners and friends are just passers-by after all.

Perhaps, we have experienced unforgettable things together.

However, everyone has something to do.

Lei Zhimu is going to find the members of the tree spirit clan.

As for Ye Feng, he wants to continue to explore this small world of chaotic secrets, and eventually return to the big world of origin, return to the Ye family, and fight against the threats from the dark demon sect and the advanced cultivation interface.

"Ye Feng..."

Lei Zhimu looked at Ye Feng's retreating back, his beautiful big eyes were very reluctant, and then he murmured firmly: "Ye Feng, I will always remember you, and I will find you in the future..."

...

Ye Feng left the misty forest and took the pangolin out of the edge of the forest.

At this moment, Ye Feng looked at the pangolin and said: "Take me directly to the place you mentioned before.

The place where the Lord of Chaos finally fell. "

The pangolin was still a little scared and asked aloud: "Master Ye Feng, do you really want to go to the restricted area of life where the Lord of Chaos fell? That is the most dangerous and terrifying

place in this small world. Even the Lord of Chaos back then I couldn't bear it, I didn't know what strange thing happened, and I fell into the restricted area of life."

Ye Feng smiled and said: "You just need to take me to the forbidden area of life. Then, you will be free. I don't force you to follow me into the forbidden area of life."

Hearing what Ye Feng said, the pangolin could only sigh and said, "Okay, since Lord Ye Feng is so insistent, then I, the little demon, will take Lord Ye Feng to the restricted area of life."

At this moment, after the pangolin finished speaking, it silently dug directly into the ground and moved quickly in a certain direction.

Ye Feng followed the pangolin and floated in the air.

Along the way, Ye Feng traveled through a large number of different areas, including deserts, swamps, primeval forests, ice and snow mountains, etc.

Along the way, I also encountered many powerful demons and beasts that were bred and lived in the small world.

But these so-called powerful monsters can basically only be killed instantly in front of Ye Feng today.

He was immediately crushed to death by Ye Feng's hand.

After swallowing it, it only added a little bit of skill to Ye Feng, which was better than nothing.

After all, Ye Feng's current cultivation strength is definitely an ancestor-level existence in this small world.

Three days later.

Ye Feng followed the pangolin and finally arrived at the place where the Lord of Chaos disappeared and was suspected of falling.

The forbidden area of life, the land of blood demons!

At this moment, the pangolin emerged from the ground and did not dare to move forward at all. It looked very scared.

Ye Feng looked forward and immediately saw countless mountains and mountains, standing on the land in front of him.

However, the endless mountains were shrouded in a strange blood-colored mist, and the sunlight could not penetrate, making them appear gloomy and dark.

The pangolin was trembling a little, and said with a trembling voice: "Master Ye Feng, the land in front of you is the area where the Lord of Chaos disappeared. It is the most terrifying life restricted area in our world, the land of the blood demon."

Ye Feng nodded slightly, glanced at the pangolin beside him, and said, "You can leave, I will give you freedom."

The pangolin immediately said excitedly: "Thank you, sir!"

Uh-huh!

After saying that, the pangolin no longer hesitated and ran away.

Ye Feng looked at the so-called Life Forbidden Zone in front of him, the Blood Demon Land, naturally wanting to find the wealth and inheritance left by the Lord of Chaos.

"As long as you can find the bones of the Lord of Chaos, you can find the Lord of Chaos' personal storage ring. The wealth of the Lord of Chaos for the rest of his life is probably in his personal storage ring."

Ye Feng murmured at this time.

Then without any hesitation, Ye Feng remained vigilant and walked directly into the life restricted area called the Blood Demon Land in front of him.

For Ye Feng, he didn't want to explore the dangers in this restricted area of life.

Ye Feng's idea was to rely on soul searching to quickly find the personal storage ring left by the Lord of Chaos after his death. After getting the storage ring, he ran away immediately. At this time, Ye Feng's cultivation had entered the first level of the Transcendence Realm and entered this new level, which naturally made Ye Feng very happy.

Chapter 4134 Fire Phoenix Yuanshen

Uh-huh! Uh-huh! Uh-huh!

At this moment, Ye Feng was alone, moving quickly in the dark restricted area of life.

In this restricted area of life, there is no special mist like that in the misty forest that can interfere with the spiritual thoughts of practitioners.

So along the way, Ye Feng exuded his huge soul power, searching around like a radar.

Ye Feng wants to find the Lord of Chaos who died among them as soon as possible.

For Ye Feng, he is not interested in any secrets in this restricted area of life.

The only thing Ye Feng was interested in was the personal storage ring left by the Lord of Chaos.

The wealth and inheritance of the Lord of Chaos during his lifetime are probably all in the Lord of Chaos's private storage ring.

Ye Feng knows very well that the many young geniuses from the Sea of Chaos family who have entered this small world of Chaos Secret Realm this time are probably very eager to find the treasures and wealth left by the Lord of Chaos.

After all, the Lord of Chaos was the most powerful being in the Sea of Chaos thousands of years ago.

Therefore, the things left by the Lord of Chaos must be very precious.

However, Ye Feng knew very well that many people would not be able to find the final traces of the Lord of Chaos so quickly like him.

It has to be said that Ye Feng is quite lucky. As soon as he entered this small world of chaotic secret realm, he met a local snake like a pangolin and knew all the news about this small world.

"Huh? There seems to be movement over there."

Ye Feng, who was searching for the breath of the Lord of Chaos in the restricted area of life, suddenly sensed something and immediately moved his eyes and flew quickly in that direction.

Soon, Ye Feng arrived at his destination.

This is a huge dark lake that looks very deep and evil.

But in the middle of this black lake, there is actually a plant that emits a red light.

Lotus with awns.

This crimson lotus flower is burning with the power of fire.

In addition, in the central stamen of the lotus, a mysterious thing like an ancient red soul is being bred.

"This is the ancient Fire Phoenix Soul!" Suddenly, Emperor Chu spoke in his mind.

"Fire Phoenix Soul? What is that?"

There was doubt in Ye Feng's eyes, staring at the crimson shadow conceived in the stamens of the flame lotus growing in the black lake not far away, with a look of thinking on his face.

Emperor Chu continued to speak in his mind: "This flame lotus should be watered with the blood of the fire phoenix, so it can burn flames in the black lake, and the soul born in the stamens is called Fire Phoenix Soul, in this land of lakes, an ancient fire phoenix must have fallen, and that soul must be the soul of that fire phoenix. "

Hearing what Emperor Chu said, Ye Feng couldn't help but nodded with surprise in his eyes.

So that's what happened.

Ye Feng couldn't help but said: "In other words, the fire phoenix that fell back then needs to be reborn through this flame lotus?"

"That's right."

Emperor Chu nodded and said: "You'd better leave here as soon as possible. These are ancient mythical beast-level creatures. Even if they are being reborn now, they are not something you can covet temporarily. Moreover, once the Fire Phoenix Soul is condensed and formed, , will turn the surrounding area into a sea of flames, enough to burn everything. Moreover, this kind of fire phoenix soul will definitely have forbidden creatures in the restricted area of life to come to plunder. It is not a situation that you, Ye Feng, can control, even if you are now It's very strong, and it's no match for some forbidden creatures in the restricted area of life."

hear

When Emperor Chu said this, Ye Feng nodded immediately.

For Ye Feng, an existence of this level is indeed not something he can covet.

So at this moment, Ye Feng left here without any hesitation.

After Ye Feng left here, in the darkness, he seemed to see three giants covering the sky and covered with black scales, walking towards the black lake where Ye Feng was just now.

Above the boundless dark sky, there is a giant pterosaur burning with blue flames, also flying in the direction of the black lake.

Ye Feng even saw a golden centipede with a length of more than 100,000 meters, also walking in the direction of the black lake, among the mountains of the earth...

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

The energy fluctuations emitted by the rebirth of the Fire Phoenix Soul indeed attracted many ancient and taboo creatures in this restricted area of life.

They all traveled thousands of miles to come here, seemingly wanting to get the Fire and Wind Soul.

Ye Feng knew that the aura exuded by every terrifying creature was many times more powerful than his own.

This made Ye Feng's eyes suddenly show surprise.

It seems that there is no cultivation limit in this small world of Chaos Secret Realm.

Many powerful beings have cultivated to very high levels.

Ye Feng stayed away from that place of right and wrong, and peacefully searched for the place where the Lord of Chaos finally fell that he wanted to find.

But after Ye Feng searched around, he could not find the place where the Lord of Chaos fell.

This made Ye Feng very strange.

Because he had already traveled more than half of the restricted area of life, but he did not sense any aura from the Lord of Chaos at all.

You know, Ye Feng once practiced Hun

Chaos body, so he is very sensitive to the aura of a powerful person like the Lord of Chaos who specializes in cultivating the chaotic attribute, and is easier to find than anyone else.

But Ye Feng traveled most of the life restricted area and still couldn't find it.

During this period, Ye Feng encountered several dark ghosts wearing ghost cloaks and holding scythes. They should all be strange existences in this restricted area of life, wanting to harvest Ye Feng's soul.

Emperor Chu killed these strange dark ghosts.

Otherwise, Ye Feng's soul might be harvested.

Ye Feng felt that this restricted area of life was indeed very dangerous.

If he hadn't had so many trump cards, he would have died long ago in this restricted area of life.

For example, those dark ghosts wearing ghost cloaks, if Emperor Chu was not in Ye Feng's mind, even Ye Feng's powerful soul power would probably be impossible to resist and his soul would be harvested directly.

Ordinary super strong people simply cannot resist this weird existence.

"Where is the specific location where the Lord of Chaos finally fell?"

Ye Feng frowned at this time, thinking about where the Lord of Chaos fell.

Because Ye Feng circled most of the Life Restricted Area, but could not find any aura related to the Lord of Chaos.

Just when Ye Feng was about to enter the deeper part of this restricted area of life.

Uh-huh!

Suddenly, a fiery red light flew in a certain direction in the distance, and then quickly fell into the dark mountains not far away.

When Ye Feng saw this scene, his eyes immediately moved and he quickly flew in that direction.

At this moment, Ye Feng had a faint expectation and excitement in his heart.

He always felt that the fiery red light falling in the dark mountains not far away looked familiar.

Chapter 4135 Fire Phoenix

The crimson light falling in the dark mountains in the distance always seemed familiar to Ye Feng.

"It's that fire phoenix soul!"

On the way to the dark mountains, Ye Feng became more and more sure of his guess.

"Perhaps there was an unimaginable battle in the black lake area before. Even the Fire Phoenix Soul couldn't resist so many terrifying forbidden creatures."

Ye Feng murmured secretly in his heart.

When Ye Feng left the black lake before, he saw many terrifying taboo creatures and behemoths along the way, walking towards the black lake. They were probably all fighting for the Fire Phoenix Soul.

Swish, swish, swish!

At this time, Ye Feng quickly flew towards the dark mountains not far away.

Because Ye Feng knew very well that if that one was really the Fire Wind Yuanshen, then he would really get a big advantage.

Because the Fire Phoenix Yuanshen must have been exhausted after experiencing a tragic battle, maybe he can really get a big advantage.

Uh-huh! Uh-huh! Uh-huh!

At this time, Ye Feng quickly flew towards the mountains.

When Ye Feng came to the dark mountains, in a jungle of dead trees, he saw the red light.

A red light enveloped a beautiful woman in a fiery red dress, lying on the ground.

"It is indeed the Fire Phoenix Yuanshen!"

Ye Feng immediately showed a bright look in his eyes and flew over.

Buzz!

But at this moment, Huofeng Yuanshen suddenly opened his eyes, and a cold look appeared on his beautiful face: "A weak human race dares to covet this god? He is seeking death!"

Boom!

Almost at the moment when the voice of Fire Phoenix Yuan Shen Shen fell, her whole body suddenly erupted with a terrifying power of flames, surging towards Ye Feng, full of terrifying energy.

The burning power of fear.

But Ye Feng did not have any fear on his face at this time, but smiled slightly and said: "Senior Fire Phoenix, when you were at your peak, maybe I was just an ant in front of you, but now you have probably just experienced A very fierce battle, I feel that your breath has been exhausted to the extreme, so your current strength cannot kill me. "

After saying that, Ye Feng directly released the towering tree Dharma.

Buzz!

An ancient and boundless tree towering over the sky immediately stood in front of Ye Feng, blocking all the power of flames emitted by the Fire Phoenix.

The towering tree Dharma form from the tree spirit clan has majestic and deep power and can withstand this terrifying power of fire.

"Um?"

At this moment, Fire Phoenix saw the towering tree magic sign displayed by Ye Feng, and immediately said with some surprise: "You are not a human race? Are you a tree spirit? No, the aura exuding from you is obviously a very pure human race. How can the breath be cultivated to create the inheritance of the tree spirit clan? "

Ye Feng smiled slightly at this time and said aloud: "Since you, Senior Fire Phoenix, have not completely fallen, then I will take my leave."

After saying that, Ye Feng turned around and left.

Although Ye Feng is not afraid of this extremely weak Fire Phoenix, it is impossible for him to defeat this divine beast.

It's better to leave first.

But suddenly at this moment, not far away in a certain direction, the mountains and jungles shook violently.

A majestic three-headed giant tens of thousands of meters tall, covered with black scales, was flying quickly from a certain direction in the distance, seeming to be exploring the surrounding fire phoenix.

breath.

Fire Phoenix seemed to have no strength to escape at this time. He immediately looked at Ye Feng who was about to leave not far away, and suddenly said: "Young man from the human race, don't leave in a hurry. If you can help me To avoid the detection and search of this three-headed giant, I can grant you a request that is not too much."

Hearing what Huo Fenghuang said, Ye Feng's eyes flashed slightly, turned around, looked at Huo Fenghuang lying on the ground, smiled and said, "What do you mean by a request that is not too much?"

Huo Fenghuang said aloud: "As long as I can do it, I can promise you."

Emperor Chu in his mind suddenly spoke: "This kind of fire phoenix conceived and reborn through the innate spirit of the flame lotus, if Ye Feng you practice with her, it will definitely increase your skill greatly, and even... In the process of practicing together, we can steal the original phoenix power of this fire phoenix, which is a great benefit."

Hearing what Emperor Chu said in his mind, Ye Feng couldn't help but show a trace of astonishment in his eyes, and immediately said aloud in his mind: "This request is probably too much, this Fire Phoenix cannot be Promised."

Emperor Chu in his mind continued to say: "I didn't ask you to ask her to do this now. You can get familiar with her first, and then you can try to make a request to practice together. In fact, Ye Feng, your god body, It is also of great help to ancient mythical creatures like the Fire Phoenix."

Hearing what Emperor Chu said in his mind, Ye Feng nodded slightly and said nothing more.

Instead, he looked at the Fire Phoenix in front of him and said aloud: "Senior Fire Phoenix is a native mythical beast in this small world. He should be very familiar with the restricted area of life we are currently in. Otherwise, you would not be able to escape here. Think about it. To avoid the pursuit of those taboo creatures, I would like to ask Senior Fire Phoenix, do you know the details of the death of the Lord of Chaos?"

Where is the place? "

Huo Fenghuang immediately sneered and said: "Who is the Lord of Chaos? He is just a weak person from the outside world. He wanted to plot the treasures of the Kingdom of Ten Thousand Monsters in this forbidden area of life, but in the end he died miserably in it. He is just a little person. , as long as you can save me this time, I will take you to find the biggest treasure in this restricted area of life, which is the treasure left by the Kingdom of Ten Thousand Demons that created this restricted area of life."

"What??"

Hearing what the Fire Phoenix in front of him said, Ye Feng's eyes widened immediately, as if he already felt that a huge treasure was unfolding in front of his eyes.

At this time, Ye Feng had almost no hesitation and said directly: "Okay, then I will help Senior Fire Phoenix avoid this pursuit."

Uh-huh!

After saying that, Ye Feng rushed forward directly, preparing to put the Fire Phoenix into his storage ring, and then use his soul power to isolate himself from the probing of the taboo creatures who were chasing the Fire Phoenix.

But at this time, Emperor Chu in his mind suddenly said: "Ye Feng, these taboo creatures chasing the Fire Phoenix are all top creatures in the restricted area of life. They are very terrifying. Although your storage ring is very High-level, but cannot be isolated from the detection of these top creatures."

At this time, Fire Phoenix seemed to see that Ye Feng wanted to put her into the storage ring, and couldn't help but said: "Young human race, you are too naive. The storage ring cannot isolate the exploration of those top creatures. These Although the top creatures are not at the level of mythical beasts, they have been cultivated for tens of thousands, or even hundreds of thousands of years. They are the terrifying top creatures left in this restricted area of life. Each of them is a taboo-like existence, not so It's easy to avoid their detection."

Ye Feng frowned when he heard this. At this time, he couldn't help asking in his mind: "Emperor Chu, what should we do?"

Chapter 4136 Looking for Treasures

Now Ye Feng couldn't think of any solution in a short period of time and could only turn to the almighty Emperor Chu for help.

In his mind, Emperor Chu was silent for a moment, and then said aloud: "The method is actually very simple, that is, I take action."

When Ye Feng heard this, his eyes suddenly widened.

What Emperor Chu said was domineering!

At this moment, Emperor Chu continued to say in his mind: "Ye Feng, you and this Fire Phoenix must stand together now, and try to block her with your whole body. Only in this way can you block the exploration of those terrifying creatures. "

Hearing what Emperor Chu said, Ye Feng immediately nodded, then looked at the Fire Phoenix in front of him and said loudly: "Senior Fire Phoenix, I can help you avoid the detection of those terrifying creatures, but now you must fight with I am approaching, and my entire body must cover your entire body of fire phoenix, so that I can avoid the detection of those terrifying creatures."

Hearing what Ye Feng said, Huo Feng showed a hint of suspicion in his beautiful eyes, and said loudly: "Are you sure you are not taking this opportunity to take advantage of me?"

Hearing what Huo Fenghuang said, Ye Feng immediately grinned and said, "I am a gentleman. Anyway, it's up to you to believe it or not."

Just as Ye Feng was talking, the terrifying and majestic three-headed giant in the dark mountains not far away was getting closer and closer.

The fire phoenix no longer hesitated at this time, and could only nod, and flew in front of Ye Feng, almost shrinking the entire phoenix body into Ye Feng's arms.

At this moment, Ye Feng immediately smelled a trace of the unique fragrance of the Phoenix family that was quite unforgettable.

At this time, Ye Feng immediately asked aloud in his mind: "Emperor Chu, what should we do next?"

Emperor Chu smiled and said, "Leave it to me next."

After finishing speaking, Emperor Chu directly performed a very mysterious and mysterious technique in his mind.

This seems to be a soul-level technique.

Buzz!

After Emperor Chu used it, Ye Feng immediately saw ancient symbols emitting black light emerging from his head.

These ancient symbols emitting black light suddenly formed a network, directly covering Ye Feng and the fire phoenix who was currently in Ye Feng's arms.

Then Huo Fenghuang was surprised to discover that all the auras between himself and the outside world suddenly and instantly changed.

It is cut off and isolated.

Ye Feng's body, coupled with these ancient and mysterious symbols, formed a shielding net.

The small space in Ye Feng's arms was completely isolated from the entire outside world.

Emperor Chu said aloud in his mind: "Ye Feng, the technique I cast is called the Heaven and Earth Isolation Technique. It requires the most powerful blood to activate it. Ye Feng, your blood has now transformed into the universe." The strongest bloodline is the bloodline of the gods, so the degree of isolation is naturally higher. Those terrifying creatures cannot detect the small space around you. "

Hearing what Emperor Chu said, Ye Feng immediately nodded with surprise in his eyes and said loudly: "This is even more powerful than me lurking in the void. I am lurking in the void and can only avoid some ordinary people." It is impossible to escape the detection of powerful people, but the detection of those terrifying top creatures, but this kind of isolation technique is so magical, Emperor Chu, if you have the opportunity, you can teach me."

Emperor Chu nodded and said aloud: "This is also recorded in some ancient memory fragments that I have recently awakened. I will teach you when you improve your cultivation in the future. I will teach you now because your soul power is too low. , can't learn."

At this moment, a dark giant with three heads in the dark mountains not far away had already strode over.

He searched anxiously in the surrounding mountains and jungles, but could not find any aura of the Fire Phoenix.

This caused the three-headed giant to immediately fall into madness. He took the machete in his hand, which was several kilometers long, and quickly chopped around, splitting the surrounding mountains into pieces, but there was no way. The Fire Phoenix was nowhere to be found.

Even if the Fire Phoenix is right under his nose now, he can't find it.

After the three-headed giant released its anger crazily at this time, it completely stayed away from here and went to look for the Fire Phoenix elsewhere.

But at this time, Ye Feng still didn't move.

Because another huge pterosaur with blue flames burning all over flew over from a distance.

There is also the golden centipede that Ye Feng saw before, which is tens of thousands of meters long. They are all looking for the figure of the fire phoenix in the mountains and valleys.

But they couldn't find the Fire Phoenix at all.

Fire Phoenix is in full swing at this time

The two phoenix bodies stayed in Ye Feng's arms and were shielded by Ye Feng's entire body. Naturally, these top creatures in the terrifying life restricted area were unable to detect.

A whole night passed.

Wait until daybreak.

All the terrifying creatures have completely moved away from this dark mountain.

He probably went elsewhere to look for the Fire Phoenix.

At this moment, Ye Feng looked at the Fire Phoenix in his arms, smiled and said: "Those terrifying top creatures that are chasing you have gone far away, and they probably won't come back. You are safe now." "

Uh-huh!

Hearing what Ye Feng said, Fire Phoenix was aware of it and immediately looked a little abnormal. He took a few steps back from Ye Feng's arms, then relaxed his emotions and said loudly: "I understand. Thank you very much this time."

After finishing speaking, Ye Feng smiled and said: "Now, Senior Fire Phoenix, can you tell me where the place where the Lord of Chaos fell was?"

Fire Phoenix said aloud: "In order to repay your life-saving grace this time, I will take you to find the biggest treasure in this restricted area of life, which is the treasure of the Kingdom of Ten Thousand Monsters that created this restricted area of life. That is an entire The wealth stored in the treasury of the Kingdom of God is absolutely huge. As for the place where the Lord of Chaos fell that you mentioned, it is in the outer area where the treasure of the Kingdom of Ten Thousand Monsters is located. You can go and look for it when the time comes. The Lord of Chaos is too He is too weak. He died in the outer area before he could find the treasure of the Ten Thousand Monsters Kingdom. He is really too weak. "

Hearing what Huo Fenghuang said, Ye Feng couldn't help but twitch the corner of his mouth and said loudly: "The Lord of Chaos must have been stronger than me back then. Even he fell in the peripheral area of the Kingdom of Ten Thousand Demons. Then I I definitely can't get in. I think I can run away if I find the storage ring left by the Lord of Chaos."

Fire Phoenix immediately rolled his eyes at Ye Feng and said loudly: "Are you the same as the Lord of Chaos? Now there is this divine beast taking you there, and this divine beast will protect you."

Hearing what Huo Fenghuang said, Ye Feng showed a look of surprise in his eyes, and couldn't help but said: "Senior Huo Fenghuang is not afraid of trouble and insists on taking me to the treasure land of Ten Thousand Monsters God Kingdom. It seems that Huo Fenghuang is not afraid of trouble." Senior Phoenix is really a person who repays kindness, which is really admirable, but there is a saying, the junior does not know when

Don't tell it properly. "

Huo Fenghuang glanced at Ye Feng and said, "Just say it."

Ye Feng nodded and said: "Senior Fire Phoenix is so weak now, are you sure you can take me safely into the treasure land of the Ten Thousand Monsters God Kingdom? It's not that I don't believe in the strength of Senior Fire Phoenix, it's just that you are now I'm really in such a weak state that I'm afraid that senior may not be able to take care of himself, let alone protect me."

What Ye Feng said at this moment was not unreasonable.

After all, Ye Feng came to this small world of Chaos Secret Realm this time just to improve his strength.

Ye Feng still felt a little unsafe if he really wanted to take risks in a place where even the Lord of Chaos had fallen.

After all, although this fire phoenix is an ancient divine beast, it has just been reborn, and it has also experienced a tragic battle and is extremely weak.

So now Ye Feng naturally wants to find out whether Fire Phoenix has the strength to take him to find the treasure of the extremely dangerous Kingdom of Ten Thousand Demons.

At this moment, hearing Ye Feng's worry, Huo Fenghuang just smiled slightly and said: "Don't worry, although I am in a very weak state now, as long as I recover for a while, there should be no problem, and In the area where the treasures of the Ten Thousand Monsters Divine Kingdom are stored, there is a special fruit, which was planted by the super powerful people of the Ten Thousand Demons Divine Kingdom. It is called the Fire Kirin Fruit. If we can encounter this kind of fruit, after I swallow it, It can greatly restore my power. After all, our Fire Phoenix Clan and Fire Qilin Clan have the same flame attribute, and if you, a human race like Ye Feng, can swallow this Fire Qilin Fruit, you might be able to You instantly possess the bloodline of the Fire Qilin. When the time comes, there may be a chance that you will have the power to control the ancient and powerful Fire Qilin. This will be of great benefit to you. When we are much stronger, we can go to the core of the Ten Thousand Demons Divine Kingdom. How about searching for the treasure left behind in a dangerous area? I've already planned it. Don't you worry? Follow me and you will never suffer. When I fully recover my strength and am completely reborn, I will I will take you to the place where our Fire Phoenix Clan lives, the Ancient Phoenix Interface. I was once the world leader of the Ancient Phoenix Interface and the ninth generation leader of our Phoenix Clan. When the time comes, I can let Ye Feng choose our Ancient Phoenix Interface as you like. A beauty from the Phoenix Clan, you, a human boy, are very talented and very talented. I am quite satisfied. I can make an exception and let you marry into our Phoenix Clan. How about I treat you well?"

Chapter 4137: Called Your Son of God

Hearing what the Fire Phoenix in front of him said, Ye Feng immediately grinned, feeling that this Fire Phoenix wanted to recruit him into the Phoenix clan.

In response, Ye Feng just smiled and said, "Let's talk about this later."

Hearing Ye Feng's rather casual words, Fire Phoenix seemed a little unhappy, and couldn't help but said: "We, the Fire Phoenix clan, are a very powerful race, a powerful race that dominates the

advanced cultivation interface, you follow It's definitely better for me to work together than for you to do it alone."

Ye Feng smiled and said: "I don't fight alone, I have my own family in the Origin World."

"Oh? Aren't you a creature of this small world?"

When Fire Phoenix heard what Ye Feng said, he immediately understood that Ye Feng was not a native creature of this small world of chaotic secret realm, but came from the outside world, from the big world of origin.

Fire Phoenix couldn't help but nodded and said loudly: "No wonder you, a young man from the human race, have so many tricks, which makes me feel a little surprised. It turns out that you are from the Origin World, and the Origin World is quite famous. Special, but in my impression, it seems that it has entered the Age of Ending Law, and it is difficult to give birth to powerful creatures. "

Ye Feng nodded and said aloud: "Now the world rules of the entire world of origin are recovering. Many powerful people and forces in the advanced cultivation interface are preparing to attempt to come to the world of origin and plunder what is left from the glorious era of the world of origin. All kinds of supreme traditions and traditions."

Hearing what Ye Feng said, Fire Phoenix immediately nodded and said: "When I find the treasure of the Kingdom of Ten Thousand Demons in this restricted area of life, restore it to its full glory, and return to my interface, I will With the Phoenix Clan, they also came to the Origin World. If the world rules really start to recover, the Origin World will be able to reproduce the glory of the ancient times. It will indeed be a super powerful world, much larger than the so-called advanced cultivation interfaces now. Moreover, it is said that the end of the world in the Origin World is connected to a more mysterious and advanced extraterrestrial world, which can allow people to achieve eternal life and immortality. I guess that the reason why many powerful people and forces in the advanced cultivation interface came to the Origin World is because To explore the more mysterious and advanced extraterrestrial world connected to the origin world."

Hearing Huo Fenghuang say this, Ye Feng's eyes suddenly flashed slightly. ??

Ye Feng knew very well that many powerful people in the origin world had disappeared at the end of the world.

For example, the owner of the Origin World, the Lord of Origin.

As well as the Hongmeng ancestor of their Ye family, as well as their own father and mother who went to look for the Hongmeng ancestor, they all disappeared at the end of the world in the origin world.

I don't know whether I am alive or dead, or whether I have entered an unknown and mysterious extraterrestrial world.

.

Thinking of this, Ye Feng felt that he might also follow this path in the future.

"It seems that my strength still needs to be improved quickly."

Ye Feng was thinking secretly in his heart at this time, and then looked at the Fire Phoenix in front of him and said loudly: "Senior Fire Phoenix, let's not waste time now and go directly to the deepest area of the restricted area of life to find Wanwan. The treasure of the Demon God Kingdom."

Hearing what Ye Feng said, Fire Phoenix nodded with great satisfaction and said loudly: "You have enlightened yourself. Now you are not afraid of death. You are going to search for the treasures of the Kingdom of Ten Thousand Demons. It is very good."

After saying that, the Fire Phoenix flew directly into the air, glowing red, leading the way.

Ye Feng quickly followed.

Next, the two people quickly shuttled through the restricted area of life.

In fact, the current strength of Fire Phoenix is not that powerful.

Although she is an ancient divine beast, she is also the leader of the Phoenix clan in the ancient Phoenix interface.

But now she has just been reborn, and she has had a fierce battle with the top creatures in this restricted area of life.

Therefore, Fire Phoenix's current strength is relatively weak.

Ye Feng was standing around Fire Phoenix at this moment to prevent any dangerous situation from happening and to take immediate action.

Although Ye Feng knew that he was definitely far behind the peak state of Fire Phoenix, but now that Fire Phoenix is relatively weak, his strength is still very difficult to beat.

Fire Phoenix seemed to know this, so he stood closer to Ye Feng. The two of them could help each other and fight each other at any time when in danger.

Along the way, they encountered many strange creatures wearing ghost cloaks, holding scythes in their hands, like the god of death harvesting the vitality of any living thing.

Even Fire Phoenix is very taboo against these strange existences.

"These are all super strong men from the Kingdom of Ten Thousand Demons. After experiencing a tragic battle and dying in the battle, they formed this ghost state, a strange existence that specializes in harvesting souls."

Fire Phoenix said at this time, asking Ye Feng to avoid these death-like dark ghosts wearing ghost cloaks.

But the next moment, when red light waves appeared in Ye Feng's mind, he killed all these dark ghosts.

Fire Phoenix immediately

Just widened his eyes slightly.

Even this extremely powerful divine beast couldn't help but say in surprise: "Ye Feng, you really have a lot of tricks up your sleeve. I really didn't misjudge you."

After finishing speaking, Fire Phoenix looked at Ye Feng carefully and said with great satisfaction: "Ye Feng, you can really consider joining our Phoenix clan. When the time comes, I can make the decision and make you a member of our Phoenix clan. Son of God, when the time comes, we will find the most beautiful daughter of our Phoenix clan to match with you."

"Match...pair?"

"I'm not a pig..."

Ye Feng was speechless.

Hearing Huo Fenghuang's fierce words, Ye Feng could only helplessly shake his head and said: "Senior Huo Fenghuang, no one can predict the future. Let's talk about it later." ??

Ye Feng is not willing to go to that very unfamiliar ancient phoenix interface and become the son of the phoenix clan.

Now Ye Feng is no longer alone. He has the entire Ye family behind him, as well as his family and friends. Naturally, he will not stay away from the Ye family casually.

Now let's improve our own cultivation first and stabilize the safety of the entire Ye family.

At this moment, as the two of them were talking, they had reached the deepest area of the restricted area of life.

There's a creepy feeling everywhere here.

Although you can't see anything, it makes people's nerves very tense.

Ye Feng couldn't help but asked: "Senior Fire Phoenix, let's go find the Lord of Chaos who died on the road first."

Huo Fenghuang glanced at Ye Feng angrily and said, "Why are you so unambitious? You spend all day thinking about what this weakling, the Lord of Chaos, left behind."

Ye Feng smiled and said: "The Lord of Chaos is weak to you, Senior Fire Phoenix, but for me now, he is still very powerful. If I can get the private storage ring left by the Lord of Chaos, , for me, it is definitely no less than making a small fortune, and I currently lack a strong inheritance. The storage ring of the Lord of Chaos must also contain the powerful inheritance of the Lord of Chaos. After I practice , which has greatly improved my overall strength."

Hearing this, Fire Phoenix nodded and said loudly: "Okay, then I will take you to find the Lord of Chaos first. As for your lack of a strong inheritance, I can't help you with this, because we, the Fire Phoenix clan, The powerful inheritance, you humans can't practice it, it's not that I don't teach you."

I heard Fire Phoenix say this

Ye Feng's eyes suddenly brightened and he immediately said, "Senior Huo Fenghuang, there is something I don't know whether to say or not."

Hearing what Ye Feng said, Huo Fenghuang immediately said impatiently: "Ye Feng, don't chirp in front of me all day long. You know I have a hot temper. If you have anything to say, just say it. So hesitant."

Ye Feng immediately spoke up and said: "Then I'll tell you directly, I think I can try to practice the powerful inheritance of Senior Fire Phoenix and your Phoenix clan, maybe I can succeed."

When Huo Feng heard what Ye Feng said, he immediately shook his head seriously and said, "It's not that I'm hiding my secrets and won't teach you the powerful inheritance of our Phoenix family, but because the inheritance of our Phoenix family is very It's unusual. If other races practice, they will definitely be burned to death. It's no joke. Although you have used the inheritance of the tree spirit clan before, you seem to be able to practice the inheritance of different attributes of other races, but the inheritance of our fire phoenix clan The inheritance is really special. It is a inheritance at the level of a divine beast. It is not something that the small tree spirit clan can compare with, and you cannot control it."

Hearing Huo Fenghuang's words, Ye Feng just grinned and said, "Anyway, I want to give it a try. If it doesn't work, forget it."

Ye Feng was naturally very insistent on his own ideas at this time.

After all, it is the powerful inheritance of the mythical beast clan.

And it comes from the hands of a top-notch beast like Fire Phoenix, so its inheritance must be very advanced and powerful.

Seeing Ye Feng's insistence, Huo Fenghuang hesitated for a moment, then a faint smile appeared in his beautiful and mature eyes, and said loudly: "Okay, seeing that you are so persistent, then I will teach you a set of tricks of our Phoenix clan. The ultimate secret of inheritance, let's see if you can really succeed in cultivation, but I'm going to say something ugly up front, if you are burned to death by fire during the cultivation process, then I will not be responsible, it is you who has to take the risk."

Hearing what Huo Fenghuang said, Ye Feng immediately jumped up happily and said loudly: "Don't worry, Senior Huo Fenghuang, as long as you are willing to teach me, I will bear all other consequences myself. I really want to be burned to death." Well, you can only blame me for being greedy."

Hearing what Ye Feng said, Fire Phoenix suddenly showed a look of astonishment in his eyes, as if he had never seen such a bold human youth.

Huo Fenghuang could only nod his head, then stretched out a long white finger and touched Ye Feng's forehead.

Buzz!

Almost at the next moment, a very large and terrifying inheritance secret was immediately injected into Ye Feng's mind.

Chapter 4138 Reluctantly

At this time, along with this huge inheritance secret, was injected into Ye Feng's mind.

In Ye Feng's mind, the flame symbol of a fire phoenix suddenly appeared, like a brand, imprinted on Ye Feng's mind.

This is a top inheritance among the fire phoenix clan, called "Fengwu Jiutian"!

Once the cultivation is successful and this set of inheritance is used, one can directly trigger the infinite flames in the void, and even attract the flame power of the Phoenix God from the mythical latitude, allowing oneself to directly become a human being in a short period of time. A flaming phoenix, possessing the fire power of the Phoenix God, can burn the sky with thousands of fires!

At this moment, after realizing the power of this inheritance in his mind, Ye Feng suddenly showed deep excitement in his eyes.

Sure enough, Fire Phoenix is worthy of being a Realm Master-level figure from the ancient Phoenix interface, and he is also the leader of the Phoenix clan.

This kind of top-notch divine beast is an extremely powerful inheritance if it is taken care of casually.

At this moment, Ye Feng deeply imprinted this set of inheritance secrets into his soul.

There was no hesitation at all, and he started to comprehend directly.

At this moment, when he saw Ye Feng, he actually closed his eyes on the spot, as if he was comprehending the inheritance he had just imparted to him. Fire Phoenix immediately showed a trace of surprise on his beautiful face.

She didn't seem to expect that Ye Feng would be able to accept the powerful inheritance secrets she injected so quickly.

You must know that the powerful inheritance of Fengwu Jiutian is not comparable to some ordinary inheritances.

Even if you don't practice this kind of inheritance, it is very difficult to accept all the secrets of the inheritance in a short period of time.

Because the secret of inheritance is very large and complex, if it is directly injected into the soul, it may even cause paralysis of the soul and turn it into a vegetative state.

The reason why Fire Phoenix directly transmitted this huge set of inherited secrets directly into Ye Feng's mind was because he knew that Ye Feng's soul power was strong, so he felt that Ye Feng should not be harmed.

But what she never expected was that Ye Feng would start to comprehend on the spot so soon.

r\u003e

Fire Phoenix couldn't help but speak out at this moment: "Ye Feng, don't you need to wait a little longer to understand it? Try to digest the secret of inheritance I just taught you."

But at this time, Ye Feng just closed his eyes and did not respond.

When Huo Fenghuang saw this scene, he knew that Ye Feng had entered a deep state of enlightenment and could not hear the sounds from outside.

Fire Phoenix could only stop helplessly at this moment and stood beside Ye Feng to protect Ye Feng.

Huo Fenghuang couldn't help but murmured at this time, "It doesn't matter if he is enlightening now. If this kid has any accidents on the way, I can save him at any time. If this kid is enlightening directly now, he might be burned by fire. Pain, let this kid suffer a little, let him know something powerful, it will also be good for his growth. "

At this time, Fire Phoenix murmured.

But suddenly the next moment.

Boom!

A red flame burst out from Ye Feng's body.

This flame condensed on the top of Ye Feng's head into a small phoenix shadow, only the size of a palm, roaring and roaring in the void, but it faintly exuded a trace of the majesty of a top-level divine beast.

"What??"

Seeing this scene, Huo Fenghuang immediately revealed a look of deep astonishment in his beautiful and mature eyes: "Fire Phoenix Yuanshen! This kid actually condensed the initial signs of Fengwu Jiutian in just a few seconds. , Fire Phoenix Yuanshen, how is this possible..."

At this moment, even Fire Phoenix, a top divine beast expert, was shocked by everything Ye Feng showed.

At this time, although Ye Feng was not yet able to display the true state and secrets of Feng Wu Jiutian, he was able to initially release a trace of Feng Wu Jiutian's power.

This speed of comprehension is already very terrifying.

At this moment, Ye Feng opened his eyes and suddenly found Fire Phoenix standing in front of him. There seemed to be a very shocked expression on that beautiful and mature cold face, staring at him.

Ye Feng didn't know why and couldn't help but ask: "Senior Fire Phoenix, what's wrong with you? Why are you looking at me like this?"

When Huo Fenghuang saw Ye Feng's somewhat innocent face, he couldn't help but shook his head, put away the look of astonishment on his face, and said lightly: "Your talent is average, this is my first time to understand." I just condensed the Fire Phoenix Soul, just give it a try."

When Fire Phoenix said this at this moment, he was naturally telling lies.

She was already shocked and speechless by Ye Feng's progress.

But Huo Fenghuang felt that he still had to save face, so now he could only say such things against his will, just to make Ye Feng not be too proud.

When Ye Feng heard Huo Fenghuang's comment, he couldn't help scratching his head and said loudly: "Senior Fire Phoenix, after all, this set of inheritance is the top inheritance of your special

Phoenix clan. I really can't complete it for a while. Those who have mastered this set of inheritance can only initially understand its profound power."

Hearing what Ye Feng said, Fire Phoenix couldn't help but roll his eyes at Ye Feng, and said nothing more, but changed the subject: "Since you practice the top inheritance of our Fire Phoenix clan, there is no danger to your life, then It means that you can practice the inheritance of our Phoenix clan. This set of Phoenix Dance Nine Heavens is an extremely powerful inheritance that I created myself. If you understand it well, it will have huge benefits in improving your combat effectiveness in the future. It will be enough for you for several years in the future. When you need a more powerful inheritance, come to me in the Phoenix Clan and I will teach it to you."

Just as Huo Fenghuang was talking, Huo Fenghuang suddenly looked at an extinct volcano area not far from here and said loudly: "Did you see that extinct volcano? That was the place where the Lord of Chaos fell. , you go look for his storage ring."

Hearing Huo Fenghuang say this at this moment, Ye Feng's eyes suddenly lit up, and he quickly headed in the direction of the extinct volcano not far away.

Dash away.

For Ye Feng, although he now has the top inheritance taught to him by Fire Phoenix, Phoenix Dances for Nine Heavens.

But in Ye Feng's impression, the Lord of Chaos is also a very powerful ancient powerhouse.

Although it is indeed not as good as a top divine beast like the Fire Phoenix, from the perspective of Ye Feng's current state, the Lord of Chaos is also a very powerful existence.

Moreover, the Lord of Chaos was the strongest man in the Sea of Chaos back then. If he could find the wealth left by the Lord of Chaos, it would definitely be no less than making a fortune for Ye Feng.

Moreover, the inheritance of the Lord of Chaos must be very powerful. After all, he was the top figure who commanded the Sea of Chaos back then.

Uh-huh!

At this moment, when Ye Feng flew in front of the extinct volcano, he immediately saw that the entire molten lava inside had completely dried up.

There is desolation everywhere.

Ye Feng prepared to send out his soul power and search carefully.

But suddenly at this moment.

Boom! !

In the entire inner crater area of the volcano, a huge palm completely condensed from volcanic rocks suddenly stretched out, covering the sky and the sun, and directly bombarded Ye Feng.

This seems to be a special creature born in an extinct volcano, possessing the power of the entire volcano.

From the huge rock palm, the power of volcanic lava can even burst out, which can burn everything.

Seeing this scene, Ye Feng was preparing to fight.

But at this moment, Fire Phoenix, who was following not far away, suddenly said: "Ye Feng, don't resist, just use your whole body to bear the burning of the molten lava in the palm of this volcanic giant. The inheritance I just imparted to you, Phoenix Dance in the Nine Heavens, is of great help. Of course, the premise is that you must be able to withstand the lava of this volcanic giant. The volcanic giant born in this extinct volcano is exactly what you understand. This is a set of inherited whetstones."

Chapter 4139 Transformed into a Phoenix

At this moment, when Ye Feng heard what Huo Fenghuang said, a look of astonishment suddenly appeared in his eyes.

Ye Feng couldn't help but look at the Fire Phoenix floating in the air not far away, and said loudly: "Senior Fire Phoenix, are you sure you are not joking?"

Fire Phoenix suddenly said: "Of course I'm not kidding. Eighty percent of the material of this volcanic giant born from an extinct volcano is made up of the flaming lava deep underground, so its attack will not hurt you." It has a very good tempering effect, not only for your cultivation of Fengwu Nine Heavens inheritance, but also for the improvement of your skill and body strength. You can choose it yourself. "

Hearing Huo Fenghuang say this at this moment, Ye Feng could only grin and felt that he should give it a try.

"Buzz!"

At this time, looking at the big hand of the volcanic giant covering the sky and covering the sky, Ye Feng finally chose not to attack or resist, but stood there, holding his breath and concentrating.

"boom!!"

Almost at the next moment, the giant hand that covered the sky completely bombarded him, directly covering Ye Feng's entire body.

The body of this big rock hand is not solid. It is just a big hand made of stones from extinct volcanoes. It can't cause any harm to Ye Feng.

What is really powerful is the terrifying lava contained in this big rock hand.

This terrifying lava directly covered Ye Feng's body at this moment, immediately putting Ye Feng's whole body in a sea of fire.

"What a terrifying temperature!"

At this moment, Ye Feng suddenly felt a very terrifying burning force, which made his whole body melt.

At this moment, Ye Feng did not hesitate and directly released the secret of Fengwu Jiutian's inheritance.

Buzz!

Buzz!

At this moment, Feng Wu Jiutian's inheritance secrets immediately turned into symbols of soul status, floating directly around Ye Feng.

At this moment, Ye Feng, while enduring the fierce burning of the terrifying lava of the extinct volcano, was rapidly running Feng Wu Jiutian's inherited secrets to absorb the pure fire power from the surrounding extinct volcano's lava, allowing him to have a deeper understanding of the flame mysteries in the inheritance of Feng Wu Jiutian.

Finally at some point.

"howl!!"

Ye Feng's whole body actually emitted a howling sound that was like a phoenix's cry in the sky.

At this moment, a magical scene happened.

I saw Ye Feng's whole body, as if he had been given a new life in the endless flames. All of a sudden, he jumped up and turned into a huge and noble phoenix. His whole body was burning with endless flames. He looked very... Noble and full of powerful momentum.

At this moment, Ye Feng suddenly transformed into a phoenix!

Of course, this is not that Ye Feng changed from the human race to the Phoenix clan.

This is the true meaning of Fengwu Jiutian.

That is, it allows cultivators to transform into the form of ancient fire phoenixes in a short period of time, possessing the divine power of the Phoenix God!

At this moment, Ye Feng jumped up and turned into a fire phoenix, burning with endless crimson flames. He rushed into the sky and smashed the big rock hand that was oppressing him.

At this time, the flame phoenix that Ye Feng transformed into had very terrifying power. After impacting and shattering the big rock, it rushed directly into the extinct volcano.

almost

The next moment, Ye Feng became the flaming phoenix, bursting out with terrifying divine beast power, and instantly shattered the volcanic giant made of rocks in the extinct volcano.

At this time, seeing this scene, Fire Phoenix not far away immediately nodded with satisfaction, with a hint of wonder in his eyes.

Even this top-notch ancient beast from an advanced cultivation interface was amazed by Ye Feng's talent at this moment.

Because in a short period of time, Ye Feng directly displayed the true meaning of Phoenix Dance for Nine Heavens and turned into a phoenix, which really made top divine beasts like the Fire Phoenix feel very incredible.

If Ye Feng wasn't a pure human race, Fire Phoenix would even think that Ye Feng was a super genius from the Phoenix clan living outside.

At this time, Ye Feng killed the volcano giant and immediately laughed out loud: "Feng Wu Jiutian is worthy of being the top inheritance among the Phoenix clan. It is indeed extremely powerful and can allow me to possess the ancient Phoenix beast in a short time. The power can crush everything and burn everything. It is much stronger than the inheritance of the tree spirit clan. "

At this moment, Ye Feng did not hesitate, and directly released the Devouring Domain, and began to devour the giant core of the volcanic giant he killed.

It was a flame crystal the size of a human head. .??.

It is the most essence of the volcano giant, containing very majestic energy with the attribute of fire.

At this time, after Ye Feng swallowed the giant core of this volcanic giant, he could immediately feel that his power had increased tremendously.

"boom!"

Beyond the second level of heaven!

"boom!"

Beyond the third level of heaven!

At this time, Ye Feng's

The cultivation level is directly to break through two heavens in a row. From the first heaven of the Transcendence Realm, to the third heaven of the Transcendence Realm directly, it can be said to be a very good improvement.

At this time, Ye Feng regained the secret of Fengwu Jiutian, and his whole body changed from a phoenix back to his human appearance.

At this time, Ye Feng looked at Fire Phoenix not far away, and immediately clasped his fists and said loudly: "Thank you, Senior Fire Phoenix, for your guidance. Otherwise, I would probably have to immerse myself in enlightenment for a long time before I can truly understand it. Thoroughly understand this powerful heritage."

Huo Fenghuang just nodded slightly at this time, and then said with a smile: "Your understanding is really good, which makes me a little impressed."

At this time, with constant contact with Ye Feng, Huo Fenghuang discovered more and more that this human boy was much more incredible than she had imagined.

At this time, Ye Feng suddenly saw a skeleton lying at the foot of this extinct volcano.

Most of the bones were almost decayed.

But there is a blue storage ring on one finger bone.

Ye Feng's eyes lit up immediately.

This should be the Lord of Chaos back then.

Ye Feng could see that there was still some chaotic energy spreading on the bones that had not completely decayed.

Uh-huh!

At this time, Ye Feng immediately flew over, then stretched out his hand and took the personal storage ring of the Lord of Chaos into his own hands.

Buzz!

At this moment, Ye Feng couldn't wait to start exploring the private storage ring left by the Lord of Chaos.

This is something that Ye Feng has been thinking about for a long time. Now he finally got it, which naturally makes Ye Feng very happy.

Chapter 4140 Weapons and inheritance

Buzz!

At this time, Ye Feng did not hesitate and directly released his huge soul power and began to explore the private storage ring of the Lord of Chaos.

"boom!"

But just at the moment when Ye Feng's soul power touched the personal storage ring of the Lord of Chaos in his hand.

A sudden change occurred!

I saw a very powerful soul light burst out from inside this storage ring.

These soul lights suddenly formed the shadow of a very majestic middle-aged man. ??

This middle-aged man is obviously not surprised, he must be the shadow of the Lord of Chaos' will!

At this moment, after the shadow of the Lord of Chaos' will appeared, he immediately stared at Ye Feng and said coldly and condescendingly: "Where does this kid come from, dares to covet my storage ring for storing wealth? Then I just suppressed you, a human kid, and took away your body, and then I can be reborn."

At this moment, after the shadow of the Lord of Chaos' will finished speaking, the huge soul immediately pressed towards Ye Feng, seeming to suppress Ye Feng's entire body and kneel on the ground, and then seize Ye Feng's body.

"Oops!"

At this moment, Fire Phoenix's eyes were startled, and he quickly flew over, trying to stop this from happening.

But at the next moment, Ye Feng's mind suddenly felt that Emperor Chu had taken action, and a crimson beam of light burst out, instantly piercing through the phantom of the Lord of Chaos' will.

"ah!!"

The phantom of the Lord of Chaos' will suffered heavy damage at this moment, and immediately let out a scream.

Then the Lord of Chaos stared at Ye Feng in disbelief, and shouted in horror: "What kind of terrifying thing is there in your kid's head? How can you have such terrifying soul attack power?"

After the Lord of Chaos finished speaking, his soul and will were completely wiped out, and he was killed by Emperor Chu in an instant.

At this moment, after Ye Feng swallowed the soul power fragments of the Lord of Chaos, his soul power immediately received a huge blessing.

Directly upgraded from level 40 million to level 43 million!

It has to be said that the soul will of this Lord of Chaos is very powerful. The soul fragments formed after death greatly supplemented Ye Feng's soul power.

At this time, Fire Phoenix, who was not far away and was rushing to help Ye Feng, suddenly showed deep surprise in his eyes.

At this moment, she suddenly felt that Ye Feng might be even more incredible than she currently seemed.

Ye Feng's methods really made her, a top divine beast, feel deeply amazed.

Especially the methods at the soul level are really incredible.

Because Fire Phoenix has experienced it before, the kind of detection that Ye Feng can perform to isolate the top creatures in the restricted area of life is enough to show that Ye Feng's soul method is very powerful.

At this time, Ye Feng didn't hesitate at all. He stretched out his hand and completely opened the storage ring.

Ye Feng immediately saw that the ring space of the private storage ring left by the Lord of Chaos was very huge and contained a lot of cultivation resources.

But most of them are some powerful armors and weapons, as well as some inheritance.

The thing that Ye Feng was most looking forward to to supplement his skills did not appear.

This made Ye Feng's eyes suddenly reveal a trace of

The look of disappointment.

After all, Ye Feng originally felt that there must be a lot of cultivation resources in the storage ring of the Lord of Chaos, which could greatly increase his skill and cultivation.

But now it seems that the Lord of Chaos's personal storage ring does not contain these things.

Fire Phoenix walked over and seemed to have seen what Ye Feng was thinking. He immediately smiled and said: "In order to get here, the Lord of Chaos must have spent a lot of cultivation resources to replenish his skills. Moreover, he also experienced a very fierce battle, and naturally consumed all the resources in his storage ring that could restore his skills and increase his energy."

Hearing what Huo Fenghuang said, Ye Feng immediately nodded, "It seems that this is the reality."

But after all, there are some very powerful weapons and some powerful inheritances in the storage ring of the Lord of Chaos.

For Ye Feng, it has a very good effect.

At this time, Ye Feng selected the top set of weapons and inheritance from the storage ring.

The weapons are "Chaos Immortal Armor" and "Chaos Great Sword".

The inheritance is the inheritance of the chaos attribute created by the Lord of Chaos back then, the Chaos Dragon Art.

Once the practice is successful and the Chaos Dragon Technique is used, the majestic chaos energy can be extracted directly from the void, and a chaotic dragon can be condensed, full of the majesty and power of the ancient dragon god.

At this time, Ye Feng still showed a hint of joy in his eyes.

Although no training resources that could improve one's skill and cultivation were found in the storage ring of the Lord of Chaos, they must have been used up when he was seriously injured by the Lord of Chaos.

But Ye Feng was very satisfied to be able to obtain the supporting weapons and armor of the Lord of Chaos, as well as the Lord of Chaos' strongest inheritance, the Chaos Dragon Art.

This is tantamount to a supreme treasure.

If this spreads to the Sea of Chaos in the Origin World, so many good things will definitely cause a bloody storm.

Not to mention, Ye Feng will follow Fire Phoenix to find the most precious treasure in this restricted area of life.

It is the treasure left behind by the Kingdom of Ten Thousand Demons back then.

At this time, Ye Feng looked at Fire Phoenix not far away and said with a smile: "Senior Fire Phoenix, we can now go directly to find the treasures left by the Kingdom of Ten Thousand Demons."

Huo Fenghuang looked at what Ye Feng had obtained at this time, nodded slightly, and said loudly: "You have obtained the supporting armor and weapons of the Lord of Chaos, as well as the inheritance. This will also play a role in improving your combat effectiveness in the future. It's a big help, and it will also be of great benefit to us in our search for the treasures of the Ten Thousand Monsters Kingdom."

Huo Fenghuang knew very well that her cultivation strength was still far from its peak, so she might really have to rely on Ye Feng's power next.

At this moment, Ye Feng nodded and said aloud: "I said that there must be such a good thing in the private storage ring of the Lord of Chaos. Although I have not found resources that can improve my cultivation skills, I can find Chaos I am very satisfied with all the supporting weapons, armors and inheritance of the Lord."

At this time, Ye Feng said as he followed Fire Phoenix and continued to walk quickly towards the deepest area of the restricted area of life.

While he began to refine the Chaos Immortal Armor and Chaos Great Sword left behind by this Chaos Lord.

And constantly comprehend and practice the Chaos Dragon Art.
