Chapter 4141 Outside the Territory

You know, the Lord of Chaos is far inferior to the Fire Phoenix at its peak.

Therefore, although the inheritance of the Lord of Chaos is quite powerful, for Ye Feng, successful enlightenment is nothing at all.

So in just a few minutes, Ye Feng had completely understood all the inherited secrets of the Chaos Dragon Art left by the Lord of Chaos.

At this time, Ye Feng immediately began to try to use the Chaos Dragon Technique.

Almost at the moment when Ye Feng cast the Chaos Dragon Technique.

Buzz!

The void behind Ye Feng suddenly burst out with a steady stream of chaotic energy.

Then behind Ye Feng, a huge dragon condensed. ??

The scales on this giant dragon's body are condensed from the energy of chaos, and it possesses extremely terrifying and majestic power.

At this moment, the Chaos Dragon charged directly forward.

The giant dragon's body, which was tens of thousands of meters long, looked very shocking. It instantly shattered a majestic mountain several thousand meters in the distance.

When Ye Feng saw this scene, his eyes suddenly lit up.

The Chaos Dragon Art left behind by the Lord of Chaos is indeed very powerful.

It can directly extract the energy of chaos from the void and condense it into a giant chaos dragon with very terrifying attack power, full of great attack power and destructive power.

At this time, Huo Fenghuang, who was standing aside, saw a hint of surprise in his eyes when he saw this scene.

It seems that he did not expect that Ye Feng would practice so quickly regardless of the inheritance.

At this time, Huo Fenghuang's beautiful and mature eyes couldn't help showing a look of deep interest. He stared at Ye Feng and couldn't help but said: "Ye Feng, you are such a monster. The ability to comprehend is really rare. I have traveled all over the world, but I have never seen a human race as magical as you. Your ability to comprehend is really incredible.

Even the most powerful genius among our Phoenix clan is probably not as good as one-tenth of your comprehension ability, no, not even one percent of your ability. "

At this time, Huo Fenghuang said, his tone full of wonder.

The reason why Huo Fenghuang said this was not to flatter Ye Feng deliberately, because it was unnecessary.

What Fire Phoenix said at this moment was completely true.

She really felt that Ye Feng's understanding was a little too evil, and it was simply incredible.

At this moment, when Ye Feng heard Huo Fenghuang say this, he just smiled slightly and said: "I have just entered the path of cultivation, and I have such a monster's understanding. This is innate, there is no way."

Hearing what Ye Feng said, Fire Phoenix couldn't help but roll his eyes at Ye Feng and said, "I thought you were quite humble, but I didn't expect you to be quite narcissistic."

Ye Feng smiled and didn't say much. He was just joking.

At this moment, Ye Feng continued to refine the Chaos Immortal Armor and Chaos Great Sword obtained from the Chaos Lord's personal storage ring.

These two things were personally refined by the Lord of Chaos back then, and have extremely terrifying solid power.

Because these are the most original chaotic materials, the armors and weapons cast from them naturally have very powerful properties.

The Chaos Immortal Armor has the most powerful solid properties. There are almost no sharp weapons in the world that can instantly penetrate the Chaos Immortal Armor's defense.

The Great Sword of Chaos is the sharpest sword ever forged by the Lord of Chaos, capable of instantly penetrating any solid defense under the sky.

At this moment, Ye Feng was refining two armors and weapons, his eyes full of joy.

Delightful color.

This time I really made a fortune and gained a huge harvest.

Finally, Ye Feng completely refined the Chaos Immortal Armor. Then Ye Feng put on the Chaos Immortal Armor and immediately felt that his defense power had been greatly improved.

Then Ye Feng carried the Chaos Sword on his back, ready to use it at any time.

And just after Ye Feng completely refined the weapons and armor, and understood the ultimate inheritance left by the Lord of Chaos, the Chaos Dragon Art.

Fire Phoenix, who was leading the way, suddenly spoke out: "We have arrived at the core of the Kingdom of Ten Thousand Monsters, the Holy Ruins of Ten Thousand Monsters."

At this time, Ye Feng had a look of surprise in his eyes and looked forward.

Ye Feng immediately saw ancient and deep buildings among the endless dark ruins.

These buildings should all be ancient ruins left behind by the Kingdom of Ten Thousand Demons.

Even though tens of thousands of years have passed, we can still get a glimpse of the glory and grandeur of the Kingdom of Ten Thousand Demons from these mottled and dilapidated buildings.

At this time, Ye Feng couldn't help but asked: "Senior Fire Phoenix, the Kingdom of Ten Thousand Demons was a transcendent force that was able to create a restricted area of life. How did it decline in the end?"

Fire Phoenix was silent for a moment, and then slowly spoke out: "Back then, the Kingdom of Ten Thousand Demons offended a very terrifying existence. That very terrifying existence was suspected to come from the end of the world of the Origin World, and was connected to it. The extraterrestrial world was destroyed in an instant. All the powerful men and creatures in the Kingdom of Ten Thousand Monsters turned into strange beings, seemingly cursed, such as those wearing ghost cloaks we encountered before. The dark ghosts were once powerful men of the Ten Thousand Monsters Kingdom."

When Ye Feng heard Huo Fenghuang talking about this ancient past history, he couldn't help but gasp slightly.

He took a breath of cold air and said: "Senior Fire Phoenix, you mean that when the Kingdom of Ten Thousand Demons was at its most glorious, it provoked an extremely terrifying existence. That extremely terrifying existence just cast an ancient spell. This technique has cursed the entire Kingdom of Ten Thousand Demons into a restricted area of life, and turned all the super powerful people in the Kingdom of Ten Thousand Demons into strange beings."

Hearing what Ye Feng said, Fire Phoenix nodded slightly and said aloud: "That kind of existence is really terrifying and weird. Even at my peak state, I probably can't compete with it, or even guess and touch it. "

hiss!

Hearing Huo Fenghuang say this at this moment, Ye Feng couldn't help but take a breath of air again.

Ye Feng knew very well how terrifying the Fire Phoenix was at its peak.

After all, he was a realm master of a high-level cultivation interface, and a leader-level figure of the Phoenix clan. He was definitely a super strong person.

But even so, Fire Phoenix was still in her peak state, unable to even fathom and touch the terrifying existence that destroyed the Kingdom of Ten Thousand Demons back then.

This shows how terrifying that existence is.

At this time, Ye Feng was even more curious about the end of the origin world and the extraterritorial world connected to it.

What kind of magical and mysterious place is there?

How could it give birth to such a terrifying existence?

Far beyond the top powerhouses in all the worlds...

At this time, Ye Feng suddenly felt that after practicing to this day, he was still far from being a truly top-level terrifying existence.

It seems that I still need to quickly improve my cultivation strength so that I can be invincible in the future, protect my family and friends, find my father and mother, and ensure that I survive safely and keep my thoughts. Accessible.

Chapter 4142 Becoming stronger

Along with the constant contact and discussion with the top experts in the world.

Ye Feng discovered that in this world, there were even more terrifying top powerhouses.

Although my current cultivation level is not worth worrying about.

But Ye Feng knew that he needed to prepare for a rainy day, and he still needed to improve his strength as soon as possible.

Only by continuously strengthening your cultivation can you stabilize your family, protect your relatives, and find your mother and father.

Ye Feng knew that his mother and father disappeared at the end of the origin world in order to find the Hongmeng Ancestor.

Now I heard from Huo Fenghuang that the end of the origin world seems to be connected to a very mysterious and advanced extraterrestrial world.

Many powerful people in the realm of advanced cultivation came to the Origin World not only to seek for the supreme orthodoxy and inheritance left over from the glorious days of the Origin World.

It is also to explore the more advanced and mysterious extraterrestrial world connected to the end of the origin world.

It seems that there is something there that can make people immortal.

Therefore, Ye Feng felt that if his mother and father had not died, they would have passed through the end of the world and entered the mysterious and advanced extraterritorial world connected to the end of the world.

Ye Feng didn't know anything about the so-called extraterritorial world. He could only learn a few things from the mouths of some taboo experts.

Therefore, Ye Feng feels that his biggest goal at the moment is to seize every opportunity to improve his strength.

At this time, Ye Feng became more and more eager for the treasures left by the Kingdom of Ten Thousand Demons.

As for the danger contained in the treasures of the Kingdom of Monsters before, Ye Feng now feels that it is nothing.

As long as you can quickly improve your

With the strength of cultivation, everything is worth it.

At this moment, after Ye Feng thought everything clearly, he looked at Fire Phoenix beside him and said loudly: "Senior Fire Phoenix, shall we directly enter the ruins of the Kingdom of Ten Thousand Demons in front of us now?"

Fire Phoenix nodded and said aloud: "The treasures left by the Ten Thousand Monsters Divine Kingdom are in the imperial capital where the Ten Thousand Monsters Divine Kingdom established this kingdom. They were the treasury of the Ten Thousand Monsters Divine Kingdom. All the treasures are stored in The treasury in the imperial capital, so what we have to do now is to pass through the ruins left after the destruction of the Kingdom of Ten Thousand Monsters, enter the imperial capital of the Kingdom of Ten Thousand Monsters, and look for the treasury in the imperial capital. However, One thing I want to make clear is that the Kingdom of Ten Thousand Demons was also a very glorious power back then. Because it provoked the mysterious higher beings in the extraterrestrial world connected to the end of the world of origin, it was cursed and directly It was destroyed and turned into what it is now. Although tens of thousands of years have passed, some residual effects of the spell cast by the mysterious and terrifying existence from outside the territory still exist, so we entered In the ruins left behind by the Kingdom of Ten Thousand Demons, some weird things may happen. Of course, this is just a possibility, not an absolute."

Hearing what Huo Fenghuang said, Ye Feng nodded and said: "Since ancient times, there have been so many powerful people who want to enter this ruins to find the treasury treasures left by the Kingdom of Monsters, including the Lord of Chaos. These top experts, including all of them, have fallen on the road, so there is great danger ahead. I understand this, but now that I am here, it is impossible not to go in and take a look. "

Uh-huh!

Ye Feng said at this moment and flew forward directly.

Seeing this scene, Fire Phoenix's beautiful and mature eyes showed a hint of appreciation.

She originally thought that Ye Feng was just a human boy who was greedy for life and afraid of death, or that he was too cautious.

But now seeing Ye Feng suddenly being so brave and fearless of death, Fire Phoenix admired it very much.

Fire Phoenix likes this kind of impulsive personality.

Uh-huh!

At this time, Fire Phoenix also quickly flew to Ye Feng's side, with a hint of smile in his beautiful eyes, and said loudly: "I didn't see it, now you suddenly become so brave again, directly It is to rush into the deepest place full of curses in this restricted area of life."

When Ye Feng heard what Huo Fenghuang said, he just grinned and said: "There is no way, in order to become stronger." .??.

When Huo Fenghuang heard what Ye Feng said, there was a look of astonishment in his eyes, and then he seemed to have thought of something and said loudly: "It seems that he was also stimulated by the mysterious top powerhouse from outside the territory that I mentioned. In fact, you shouldn't be under so much pressure now. Even I can't reach that kind of existence, let alone Ye Feng, who is at your current weak level. Just work hard and become stronger slowly. Sometimes too much pressure is not a good thing. , being too depressed, too impatient, and too anxious can easily lead to obsession, and the mental state will be ruined."

Ye Feng nodded and said nothing more.

At this time, Fire Phoenix saw that Ye Feng was silent, and did not say anything more. Instead, he stood beside Ye Feng and followed Ye Feng to fly towards the core area where the Kingdom of Ten Thousand Demons was destroyed.

There, it was the imperial capital of the Kingdom of Ten Thousand Demons.

It is the place where the Emperor of Ten Thousand Monsters of the Ten Thousand Monsters Divine Kingdom lived.

But just as they flew into this world of monsters,

Among the ruins of the Kingdom of God, densely packed dark ghosts wearing ghost cloaks suddenly flew out of some dilapidated ancient buildings around them.

The number of these dark ghosts was very large, and they were many times larger than the scattered dark ghosts that Ye Feng had encountered in other places in this restricted area of life.

There were thousands of dark ghosts, just like locusts smelling the smell of blood, they flew madly towards Ye Feng and Fire Phoenix.

At this time, Fire Phoenix glanced at Ye Feng beside him and said, "Ye Feng, your soul power has a special attack method, I leave it to you."

Ye Feng nodded at this time and asked Emperor Chu to take action in his mind.

Boom! !

At this moment, streaks of crimson light burst out from Ye Feng's head.

Just like lasers at the soul level, they instantly penetrated the densely packed dark ghosts that rushed over.

Kill them instantly!

At this time, Ye Feng released the Devouring Domain quite easily and began to devour the soul fragments formed after the dark ghosts were broken.

Ye Feng's soul power strength immediately began to increase at an incredible speed at this moment.

In the end, it was directly upgraded from level 43 million to level 50 million!

It has to be said that these dark ghosts are a great supplement to Ye Feng's soul power.

Moreover, Emperor Chu's methods and attacks at the soul level were becoming more and more terrifying.

Therefore, these dark ghosts that are very dangerous to other super strong people are as simple as chopping melons and vegetables to Ye Feng, and they can be wiped out instantly.

Chapter 4143 So strong

"Amazing....."

At this time, Huo Fenghuang saw that Ye Feng had instantly wiped out the countless dark ghosts that were swarming over him. His eyes suddenly showed deep surprise, and he couldn't help but admire Ye Feng.

At this moment, Fire Phoenix knew that if he were in his peak state, there shouldn't be any big problem in erasing so many dark ghosts in an instant.

However, Fire Phoenix is now in a very weak state, not much different from Ye Feng's cultivation strength.

So at this time, if she was alone and encountered so many dark ghosts, Fire Phoenix would probably have to pay a huge price to kill all these dark ghosts.

But Ye Feng was very simple and casual. A series of red lasers appeared in his head, which directly penetrated all the dark ghosts swarming over. It was really incredible.

Even Fire Phoenix felt a deep sense of wonder.

At this time, she couldn't help but stare at Ye Feng with great interest, feeling that this human boy was very incredible.

The human boy she met by chance was completely beyond her expectations.

You must know that Fire Phoenix was the world leader of the ancient Phoenix interface and the leader of the Phoenix clan. Such a top big shot and top divine beast encountered too many different kinds of people.

But Fire Phoenix has never seen such a monster and incredible young man like Ye Feng.

Whether it is among the human race or other major races in the world, a young man as powerful as Ye Feng, who possesses so many incredible methods, has never been encountered by Fire Phoenix. It is simply unique.

At this moment, Ye Feng seemed to have done something trivial. He smiled and looked at Fire Phoenix beside him and said loudly: "Senior Fire Phoenix, the trouble is solved, let's move on."

When Huo Fenghuang heard what Ye Feng said, he immediately came back to his senses. He immediately smiled and said, "Okay, let's move on. This time, we will take Ye Feng with us."

Looking for the treasure left behind by the Kingdom of Ten Thousand Demons is truly the most correct decision I have ever made. "

When Huo Fenghuang said this, he didn't mean to praise Ye Feng, because it was not necessary at all.

She was telling the truth at this point.

If it weren't for Ye Feng, Fire Phoenix would definitely be in a very embarrassed state when it encountered attacks from so many dark ghosts.

It may even take a huge price to get rid of the entanglement of these dark ghosts.

But with Ye Feng here, these biggest threats were eliminated in an instant.

Because Ye Feng's soul advantage is really too great.

At this moment, when he heard Huo Phoenix praising himself, Ye Feng immediately smiled and said: "This time we will go to find the treasures of the Kingdom of Ten Thousand Demons together. Senior Huo Phoenix, you are here to restore your peak cultivation, and I It is to improve our own cultivation strength as much as possible, so we must help each other, and Senior Fire Phoenix, you also taught me Fengwu Jiutian, the top inheritance among the Phoenix clan, which shows that the senior values the younger generation very much and makes up for it. If you are kind to me because of my shortcomings in powerful inheritance, then I will naturally help Senior Fire Phoenix even more."

Hearing what Ye Feng said, Fire Phoenix immediately stared at Ye Feng in surprise, and couldn't help but said: "You are very good, and you are a person worth making friends with. You will repay kindness and don't engage in some small tricks." , is a character I admire because I am also such a person."

After finishing speaking, the two continued to move forward among the endless ruins left by the Kingdom of Ten Thousand Demons.

After they continued walking for a certain distance, there suddenly were some energy fluctuations in the surrounding ancient buildings, which attracted Ye Feng's attention.

You know, Ye Feng has been exuding his huge soul power ever since he entered the ruins left by the Kingdom of Ten Thousand Demons.

It's like a radar, scanning the surroundings every minute.

Afraid of some dangerous situations, so that you can react at any time.

So at this time, Ye Feng instantly noticed that there were very mysterious energy fluctuations in some of the surrounding buildings.

Ye Feng immediately looked at the Fire Phoenix beside him and said loudly: "I sensed some very obscure energy fluctuations in some buildings. They may be good things left over from the Ten Thousand Monsters Divine Kingdom. Should we go? Take a look?"

When Huo Fenghuang heard what Ye Feng said, he immediately smiled and said: "Of course I have to take a look. The wealth left by the Ten Thousand Demons Divine Kingdom is not only in the treasury. The Ten Thousand Demons Divine Kingdom built an extremely brilliant Although they have destroyed the country, it is still very possible that some good things are hidden in some ancient buildings, such as some alchemy places set up by the Ten Thousand Monsters God Kingdom on the territory, or places where weapons are forged, and Any place where cultivation resources are stored may be of great value. The biggest treasure is in the treasury of the Kingdom of Monsters, but there must be many good things in other places. Since Ye Feng, your soul power is so sensitive. , can detect those obscure energy fluctuations, then we can search around. Anyway, it is estimated that no one dares to enter the ruins of the Kingdom of Ten Thousand Monsters. We are not in a hurry to directly search for the treasury of the Kingdom of Ten Thousand Demons. If you explore the broken old buildings around you, you might be able to find a lot of good things."

When Ye Feng heard what Fire Phoenix said, he immediately nodded, no longer hesitated, and directly took Fire Phoenix and flew quickly towards the place where the energy fluctuation he had just sensed.

According to the exploration of Ye Feng's soul power, Ye Feng and Fire Phoenix soon arrived at the destination where the energy fluctuations sensed by Ye Feng were emitted.

It was a huge ancient castle that had collapsed.

In this huge castle, there seems to be a trace of blue light shining.

\u003c

br\u003e

At this moment, without any hesitation, Ye Feng flew directly to the ruins of the collapsed castle, trying to dig out the thing emitting blue light.

But suddenly at this moment.

Boom! !

A skeleton warrior wearing armor appeared around him, holding an ancient red sword in his hand. He immediately rushed out of the surrounding ruins and chopped off Ye Feng's head.

The sudden scene happened very quickly. Fire Phoenix couldn't help but said: "This is a trap! This skeleton warrior should be a cursed creature from the Ten Thousand Demons Kingdom. He hunted here and entered this ruins. The creatures!"

After Fire Phoenix finished speaking, he flew quickly in the direction of Ye Feng.

At this moment, the scarlet long knife in the hand of the armored skeleton warrior had slashed Ye Feng's head.

Click!

At this moment, Ye Feng's scalp and flesh were chopped into pieces.

However, when the red long knife cut off the scalp and flesh, it touched Ye Feng's skull, and the entire blade was shattered inch by inch by the shock.

"What??"

Seeing this scene, the sneak attack skeleton warrior couldn't help but widen his eyes and open his mouth.

He seemed to have never imagined that Ye Feng's head and skull were so strong!

The skeleton warrior immediately couldn't help but said in horror: "This is impossible! How can you, a human race, have such a strong skull! This long knife of mine is fused with the material of sunset iron, and it is also I have been hammering for tens of thousands of years, and I have already cut iron like clay. What kind of bones are you? Even the bones of the human race cannot stop the slashing of my long sword! No! I don't believe it!"

Chapter 4144 Blue Electric Lizard

At this moment, the skeleton warrior was extremely frightened.

Because he never thought that his magic knife, which was as sharp as iron as clay, would not cut open Ye Feng's skull.

The blade was even shattered inch by inch by the bones of Ye Feng's skull.

This really shocked this skeleton warrior beyond measure.

At this moment, Ye Feng felt a little bit in pain, and immediately stretched out a pair of fists and struck hard at the skeleton warrior.

Boom! !

At this moment, bright golden light burst out from Ye Feng's fist.

All the divine power in Ye Feng's fist exploded out, directly sending the skeleton warrior flying into the distance and smashing into a large number of buildings.

In fact, the cultivation strength of this skeleton warrior was not very strong, and he was blown away by Ye Feng with one punch.

However, the sudden sneak attack was too much for people to react to.

Even Ye Feng didn't react for a while.

If it weren't for the fact that all the bones in Ye Feng's body were the immortal bones of gods, there would be no known power that could destroy them.

It is estimated that Ye Feng's whole body has been split into half.

After all, this skeleton warrior is a very weird existence of the undead clan. He does not have any life fluctuations on his body. He is like a dead thing, lurking in the ruins, and no one can detect it.

Therefore, even Ye Feng's extremely powerful soul power was not detected for a while and was successfully attacked by surprise.

Fortunately, Ye Feng's bones were hard enough, otherwise he might have actually burped.

At this moment, Fire Phoenix flew over immediately and said with some concern: "Ye Feng, is your head okay?"

Ye Feng shook his head and touched his own bleeding

Xue's head said aloud: "Fortunately, my bones are hard enough, otherwise, I would have been cut in half by this skeleton's sneak attack."

Uh-huh!

At this moment, Ye Feng flew not far away and flew in front of the skeleton warrior.

At this time, the skeleton warrior knew that he had kicked an iron plate, and immediately knelt on the ground, shouting and begging for mercy: "Sir, please spare my life!"

boom! !

But at this moment, Ye Feng suddenly stretched out a foot, with no mercy in his eyes. He was very iron-blooded and decisive. With one kick, he crushed the skull warrior's head.

The skeleton warrior was killed instantly.

Snap!

At this moment, when the skeleton warrior died, a spar emitting red light fell from his body.

Fire Phoenix saw this scene and said aloud: "This should be the core condensed from the energy essence of the skeleton warrior."

Ye Feng nodded and could feel a very pure energy of a skeleton warrior from this crystal.

At this moment, Ye Feng didn't hesitate at all. He opened his mouth and swallowed the crimson-red core that fell from the skeleton warrior.

Seeing this scene, Huo Fenghuang said in amazement: "Ye Feng, your digestion ability is really amazing. How come you can eat anything, digest everything and turn it into your own energy?" , even I can't do this."

Huo Fenghuang said at this time, Ye Feng smiled slightly and said with a smile: "This is my special ability."

Power can digest everything. "

At this moment, Ye Feng swallowed the crimson ray crystal that fell from the skeleton warrior, and immediately felt a burst of energy exploding in his body.

Then Ye Feng's skill suddenly increased.

But there was no direct breakthrough in cultivation.

After all, this skeleton warrior's cultivation level is not very powerful, but it only increases Ye Feng's skill a little.

But over time, Ye Feng believed that his own skills and cultivation would definitely continue to make breakthroughs.

At this moment, Ye Feng returned to the collapsed castle, then dug through the ruins and found the source of energy emitting blue light.

It turned out to be a blue heart.

It not only exudes vigorous energy, but also exudes a very majestic vitality. ??

At this time, Fire Phoenix also came to Ye Feng's side. Looking at the blue heart, he couldn't help but said in surprise: "This seems to be the heart of a very powerful race in the Kingdom of Ten Thousand Demons. This race It's called 'Blue Electric Monitor'."

"Blue electric giant lizard?"

Hearing what Huo Fenghuang said, Ye Feng's eyes showed a look of surprise.

This was the first time he heard of this special race.

Fire Phoenix spoke out at this moment: "This kind of blue electric giant lizard is very special. It is said that they have inherited the power of ancient blue thunder, so even if their hearts are separated from the main body, they still contain huge vitality. Constantly gathering the power of thunder between heaven and earth to maintain life and activity, this skeleton warrior is really a waste.

Putting such a precious heart of a blue electric monitor lizard here as bait to sneak attack other creatures, if this

This skeleton warrior knows how to integrate the vibrant heart of this blue electric giant lizard into his own skeleton body. This skeleton warrior can even use this heart as the foundation, and then continuously replenish the flesh and blood of his entire body, and then resurrect. However, a small skeleton warrior must not know this special method, which is normal. "

Hearing what Fire Phoenix said, Ye Feng's eyes suddenly showed a hint of interest, and he said, "Can I fuse the heart of this extremely powerful blue electric monitor lizard?"

Huo Fenghuang glanced at Ye Feng in surprise, thought for a moment, and then slowly said: "It is definitely not possible for ordinary people, but for you, Ye Feng, it is theoretically possible. After all, your body is very special and can accommodate the power of various attributes. If you can successfully fuse the heart of this blue electric giant lizard, you can control the power of the ancient giant lizard, and even release the very advanced and special blue color among thunder. The power of thunder and lightning."

Hearing what Fire Phoenix said, Ye Feng immediately said with great anticipation: "Then, Senior Fire Phoenix, please help me fuse. I want to get the ancient power of this blue electric giant lizard."

Fire Phoenix nodded and said: "Then I will give you a try. This kind of blue electric giant lizard was also a very powerful race when the Kingdom of Ten Thousand Monsters was glorious. It was the most brave under the emperor of the Kingdom of Monsters. One of the races that is responsible for foreign wars, it is very ferocious, so the heart of this blue sky monitor contains the power of the ancient behemoth. Ye Feng, if you can successfully fuse it, it will really help you. Greatly improve your combat effectiveness."

At this moment, Huo Fenghuang said, he stretched out a pair of white and slender palms, picked up the precious heart of the blue electric giant lizard under the ruins, and then began to perform a special secret technique. , merging towards Ye Feng's body.

Chapter 4145 Shenbing Mountain

The blue electric dragon clan was the most ferocious and ferocious race under the royal family in the Kingdom of Ten Thousand Demons in ancient times. It possesses the terrifying power of the ancient blue electric tyrannosaurus rex and the ancient Komodo dragon.

So at this time, Ye Feng was not willing to directly devour the heart of the blue electric giant lizard.

He swallowed it directly, although it can increase his skill a lot.

But this heart has completely lost its function.

If you can fuse the heart of this blue electric giant lizard into your own heart, you can possess the ancient power of the blue electric giant lizard.

At this time, Ye Feng saw the light emitting from ancient spell symbols appearing in Fire Phoenix's palm.

Then it surrounded the heart of the blue electric giant lizard that was emitting blue light, and quickly merged towards his chest.

At this moment, Ye Feng's heart also sensed the heart of this foreign blue electric giant lizard, and immediately began to reject this foreign heart.

But at this moment, Ye Feng didn't hesitate at all and immediately radiated his power, controlling his heart and not rejecting it.

Then he quickly integrated the heart of the blue electric giant lizard into his current heart. ??

Boom! !

Almost in the next moment, Ye Feng's two hearts successfully fused.

Ye Feng successfully possessed the heart of the blue electric giant lizard. The entire surface of his body was emitting blue lightning light, which looked very magical.

At this moment, Ye Feng's eyes immediately showed deep joy, and he couldn't help but said: "Great! I have successfully fused!"

Fire Phoenix also had a look of deep surprise in his eyes at this time. He stared at Ye Feng and said loudly: "Originally, I thought this fusion process would be very difficult and take a long time. I didn't expect you to do it so quickly. This one

The heart of the blue electric giant lizard has been fused. It seems that your ability is not only reflected in the ability to swallow other attribute powers, but also reflected in the fact that your body can also contain all things, and can absorb all external things. Integrate it into your own body. "

Ye Feng smiled at this time and said aloud: "It seems so."

At this moment, Fire Phoenix also said with great anticipation: "Then try quickly and see if you can use the power of this special heart after merging the heart of this blue electric giant lizard."

When Ye Feng heard what Huo Phoenix said, he immediately nodded.

Then without any hesitation, he directly started to stimulate the heart of the blue electric giant lizard he had just fused.

boom! !

At this moment, the next moment Ye Feng stimulated the heart of the blue electric giant lizard, Ye Feng immediately sensed the infinite power of blue thunder and the super brute force of the ancient giant lizard, which were directly fused from his own This blue electric heart burst out.

Then Ye Feng suddenly had the terrifying brute force of the ancient giant lizard, as well as the destructive power of thunder and lightning.

Buzz!

At this moment, Ye Feng's whole body was radiating light of thunder and lightning.

Moreover, in the void behind him, a shadow of a majestic blue electric giant lizard, tens of thousands of meters tall, appeared. It looked very majestic, with the vast momentum and power of ancient times.

At this moment, Fire Phoenix saw this scene and immediately smiled and said: "It seems that you have really successfully fused the heart of this blue electric giant lizard, and you have an ancient beast like the blue electric giant lizard." The ancient power is pretty good."

At this moment, Ye

The wind is also very happy.

I didn't expect that I would be given such a strong heart.

It has great benefits for improving one's combat effectiveness.

At this moment, Ye Feng immediately looked at the Fire Phoenix in front of him, and couldn't help but said in anticipation: "Senior Fire Phoenix, I wonder if there are any other powerful ancient beasts in the Kingdom of Ten Thousand Monsters back then. Heart, if I can find other powerful hearts to fuse with, I might be able to master the power of more ancient beasts."

Hearing what Ye Feng said, a hint of astonishment suddenly appeared in Fire Phoenix's beautiful and mature eyes.

She seemed to have never thought that Ye Feng would say such words and even want to fuse the hearts of other powerful beasts.

It seems like no one has ever tried this.

Because for ordinary practitioners, it is already extraordinary to be lucky enough to fuse the heart of an ancient beast.

At this moment, Fire Phoenix couldn't help but said in a dumbfounded voice: "Ye Feng, you want to make yourself a beast combined. This is theoretically possible, but in practice it is very difficult. Although your body can integrate the power of various attributes, the power of each ancient beast is unique. If they are all integrated into your heart, the hearts of the ancient beasts may attack each other and be incompatible. I'm afraid of you My heart can't bear it."

Hearing what Fire Phoenix said, Ye Feng grinned and said: "It's okay, I can bear it. If I find the hearts of other ancient beasts later, I hope that Senior Fire Phoenix can still use the special secret of fusion just now." Technique, help me integrate other powerful hearts."

Hearing what Ye Feng said, Huo Fenghuang could only nod his head with a bit of laughter, and didn't say anything more in this regard.

At this moment, Ye Feng continues to exude soul power and explores the surroundings.

Let's see if there are any other good things among the dilapidated buildings of the Kingdom of Ten Thousand Demons.

Ye Feng wanted to capture the faint energy fluctuations buried in the surrounding dilapidated buildings.

"Huh? Another obscure energy fluctuation was discovered!"

At this time, Ye Feng immediately flew quickly in a certain direction.

"That's great."

Seeing this scene at this moment, Fire Phoenix couldn't help but smile and murmured.

Ye Feng's use of soul power was so superb that it really made Fire Phoenix feel envious from the bottom of his heart.

Because Fire Phoenix knew that even at his peak state, when his spiritual thoughts are emitted, the coverage area may be much wider than Ye Feng's soul power, but it is definitely not as detailed, as observant, and so memorable as Ye Feng's soul power.

Spiritual thoughts are available to practitioners, but they are indeed incomparable to the gifted soul masters.

At this moment, Fire Phoenix did not hesitate and followed Ye Feng directly, flying quickly in a certain direction.

When they arrived at their destination, they immediately saw a shocking scene.

I saw a huge mountain appearing in front of me.

But on the mountain top, there are densely packed weapons, including swords, guns, swords, halberds, axes, axes, hooks and forks, all kinds of weapons.

The energy fluctuations that Ye Feng sensed were emitted by the weapons on this mountain.

Huo Fenghuang stared at the weapons all over the mountains and said with some surprise: "This seems to be the weapons training place of the Ten Thousand Monsters Divine Kingdom in the past. It is called the 'Shen Weapon Mountain'."

Chapter 4146 Looking for magical weapons

At this moment, he looked at the weapons all over the mountains and plains, all planted on a mountain in front.

The entire world was enveloped by a sharp aura that made people's skin feel painful.

It is emanating from all weapons.

However, Ye Feng took a quick look and found that many of the weapons were decayed, which made Ye Feng feel quite disappointed.

But the Fire Phoenix beside him smiled and said: "Tens of thousands of years have passed, and the decayed weapons must be useless weapons. If there are no decayed weapons now, they must be powerful divine weapons." Sharp weapons just allow us to not have to choose them ourselves. As long as the weapons still have power, they are definitely very high-end and valuable. "

Hearing what Huo Phoenix said, Ye Feng was stunned for a moment, and then immediately nodded and said: "Senior Huo Phoenix, you are right, it is indeed like this."

At this time, there was not much expectation in Ye Feng's eyes.

Because Ye Feng had just obtained the matching weapons left by the Lord of Chaos, the Chaos Immortal Armor and the Chaos Great Sword.

So Ye Feng's current weapons are already very advanced.

At this moment, Fire Phoenix seemed to notice Ye Feng's somewhat casual look, and couldn't help but said: "Ye Feng, this Divine Weapon Mountain was a special training ground for the Ten Thousand Monsters Divine Kingdom back then. There might be countless people in it. The peerless magic weapon on the battlefield is many times more powerful than the Chaos Great Sword of the Lord of Chaos you got before, so you just have fun. If you are lucky enough, you can get the Chaos Sword that was forged by the Kingdom of All Demons back then. The top magic weapon can greatly improve your combat effectiveness."

At this moment, Emperor Chu in his mind also spoke out: "Ye Feng, where are you now? Why do I feel so much sharp energy spreading in the space in front of me?"

Ye Feng immediately spoke out and said: "Emperor Chu, I am now where I was when I was thousands of years old.

In the weapons refining place of the Demon God Kingdom, all kinds of weapons are planted all over the mountains and plains here. They are all magical weapons forged by the weapon refiner masters of the Demon God Kingdom. "

Hearing what Ye Feng said, Emperor Chu immediately said in surprise: "Then it seems that you have come to a good place."

Ye Feng nodded and said aloud: "Fire Phoenix also said that if I can find the magical weapon left by the Ten Thousand Demon Kingdom, then my combat effectiveness will be unparalleled."

Hearing what Ye Feng said, Emperor Chu nodded, and then said aloud: "You can also take a look at other ordinary weapons. Many of the weapons forged by this ancient kingdom of God may contain ancient treasures." If you can find a lot of weapons containing divine substances to absorb, it will be of great benefit to the continued tempering of the immortal bones of the gods. "

Hearing what Emperor Chu said, Ye Feng's eyes suddenly lit up.

yes!

This was the weapons-refining place of the Ten Thousand Monsters Divine Kingdom back then, and there were countless weapons in the Divine Weapon Mountain.

Although some weapons are decayed or not worth refining and using, the divine substances contained in them are of huge benefit to Ye Feng.

Ye Feng hasn't absorbed divine substances for a long time.

But the weapons forged in these ancient kingdoms of gods must contain divine substances.

If he could find some weapons containing divine substances and absorb them, Ye Feng could continue to temper his immortal body.

Ye Feng's Immortal Body of the God is currently in the first stage, the double fist stage.

Ye Feng's two fists have been tempered to the tenth level of the immortal body of the gods.

So next, if Ye Feng can still get the divine substance to absorb, he can proceed to the second stage of the Immortal Bone of the God, which is his eyes.

Ye Feng can start to temper his eyes and temper his two eyes into the eyes of the real gods.

At this time, Ye Feng did not hesitate. He looked at Fire Phoenix beside him and said impatiently: "Senior Fire Phoenix, we can enter the Shenbing Mountain directly." ??.

Hearing what Ye Feng said, Fire Phoenix nodded slightly, and then said aloud: "But we need to be a little more vigilant next. There are many weapons in this Divine Weapon Mountain. Although some weapons are decayed, some weapons are still emitting... A very powerful weapon wave has appeared, so if we encounter some weapons with self-intelligence next, it is very likely that they will take the initiative to attack us invaders. We still have to pay attention to some of the weapons refined by the Kingdom of Ten Thousand Demons back then. An extremely powerful and advanced magical weapon, after the birth of self-will, it is equivalent to having a life of its own. If it attacks actively, the attack power is very terrifying. If you are not careful, you may be cut in half, , fell instantly."

Upon hearing Huo Fenghuang's reminder, Ye Feng nodded solemnly and said, "Okay, I understand."

In fact, Ye Feng himself is not too worried.

Because the attack of this kind of weapon is at most a physical attack.

And his own Immortal Bone of the God is very strong.

Currently, there is no known power in the world that can destroy the immortal bones of gods.

At least in the world of origin, there is no power that can destroy the immortal bones of gods.

As for the world

At the end, the mysterious and infinite extraterrestrial world connected may have terrifying power that can destroy the immortal bones of gods.

But now Ye Feng is still far away from being in contact with that kind of existence, so there is no need to worry unfounded for the time being.

At this moment, Ye Feng and Fire Phoenix both had alert looks in their eyes, flying towards the Shenbing Mountain in front of them at an extremely fast speed.

For them, it would be very good if they could find some good weapons in Shenbing Mountain.

Especially for Ye Feng, he is currently lacking powerful weapons.

As for Fire Phoenix, she probably wasn't looking for weapons.

It is very possible that there is something special hidden in this Shenbing Mountain that Fire Phoenix wants to explore.

After all, for a big shot like Huo Fenghuang, she probably doesn't like the so-called advanced weapons and the so-called magical weapons in the Divine Weapon Mountain.

Fire Phoenix is the world master of the ancient Phoenix interface, and the leader of the Phoenix clan. He has never seen any powerful weapons, and he also possesses extremely terrifying weapons.

Therefore, Ye Feng felt that Fire Phoenix was probably very interested in something more mysterious hidden in Shenbing Mountain.

It's just that Ye Feng doesn't know what that thing is yet.

Ye Feng was also embarrassed to ask directly.

After all, Huo Fenghuang didn't take the initiative to say it, so it wouldn't be a good idea to ask directly.

So at this time, Ye Feng felt that he should take care of himself first.

Buzz!

So at this moment, Ye Feng no longer hesitated, and directly exuded his huge soul power, exploring the surroundings, hoping to find weapons with divine substances, or divine weapons suitable for his own use!

Chapter 4147 Eye of God

Clang! Clang! Clang!

The moment Ye Feng and Huo Fenghuang entered the Shenbing Mountain area.

Suddenly, weapons such as swords, spears, swords and halberds were planted in the surrounding mountains.

At this moment, it suddenly flew out of the mountain.

Then exuding a terrifying and sharp aura, he immediately charged towards Ye Feng and Fire Phoenix.

It seems that they want to kill all the invaders!

Seeing this scene, Fire Phoenix showed a look of surprise in his eyes.

She couldn't help but said aloud: "I didn't expect that just entering the Shenbing Mountain area would trigger an active counterattack from the surrounding weapons. It seems that this weapon refining place in the Kingdom of Ten Thousand Demons was very magical. It can make refining All weapons in the field of weapons automatically guard the entire area."

Hearing what Huo Fenghuang said, Ye Feng immediately nodded slightly and said: "It is indeed very magical. I can feel that most of the weapons flying out from the mountain are weapons from the outer areas. They gave birth to their own life and intelligence, but they were able to take the initiative to attack us, which is enough to show that the Shenwen Mountain itself probably has a very mysterious power that can control these ordinary weapons. "

Ye Feng said at this moment.

The speaker has no intention, the listener has intention.

Fire Phoenix's beautiful and mature eyes flashed slightly, as if she had thought of something.

She immediately said aloud: "Let's rush directly into the inner area of the Shenbing Mountain. The weapons in this outer area are very low-level and of no use."

After saying that, Fire Phoenix used his own methods for the first time and released his power.

boom!

Behind the fire phoenix, a large swath of phoenix fire suddenly appeared in the void.

Then a huge phoenix shadow condensed, and the phoenix roared for nine days, charging forward.

The next moment, the phantom of the phoenix burst out with thousands of flames, melting all the thousands of densely packed weapons that rushed over into it in an instant.

The molten iron dripped from high altitude to the ground.

"Amazing!"

Seeing this scene, Ye Feng suddenly showed a look of surprise in his eyes.

This fire phoenix is indeed a top-notch divine beast.

The power of fire she controlled was truly terrifying.

Even though he has not fully recovered to his peak condition, he is still very weak.

The flame essence of the Fire Phoenix is also extremely advanced.

You know, although most of these weapons inserted all over the mountains and plains are ordinary weapons.

But the so-called ordinary is only very ordinary for top-level beasts like the Fire Phoenix.

But for Ye Feng, or for some practitioners who are still relatively weak and ordinary.

All the weapons in this Shenbing Mountain can be considered very powerful.

After all, this was the training ground for the supreme divine kingdom of the demon clan.

As long as the weapons are refined, they must be very extraordinary.

At this moment, Ye Feng suddenly saw traces of golden substance appearing among the weapon residues that had been burned and melted into molten iron by Fire Phoenix with Phoenix fire.

"Um?"

Seeing this golden substance, Ye Feng's eyes suddenly lit up.

These things are exactly divine substances!

It is the divine substance that exists in these weapons.

Divine matter is immortal.

Therefore, even the phoenix fire of the fire phoenix and the fire of the divine beast are unable to burn the divine substance into nothingness.

At this moment, Ye Feng didn't have to absorb it himself.

Uh-huh!

Ye Feng flew forward and took out the molten iron that was mixed with it.

The divine substance in it was directly absorbed.

Then all these neural substances were gathered into his own eyes.

Prepare to open the second stage of the ten stages of your immortal body, eyes!

Buzz!

At this moment, when Ye Feng gathered all the divine substances into his two eyes.

Ye Feng felt it immediately, and his two eyes were immediately tempered to the first level.

At this moment, two eyes were initially tempered.

Ye Feng felt that his two eyeballs immediately felt a very hot burning sensation.

Along with this burning sensation, Ye Feng immediately roared.

"boom!"

"boom!"

I saw his two eyes suddenly turned red, and instantly released two red lasers that penetrated thousands of meters!

It is different from the fists that Ye Feng trained in the first stage.

After Ye Feng tempered his two fists into the true immortal body of the gods, his two fists directly turned into pure gold, possessing terrifying brute force.

But now, at this moment, Ye Feng has tempered his two eyes behind the first layer of the immortal body of the god.

Unexpectedly, the two eyes did not glow with golden light, but had a very burning feeling.

Ye Feng's two eyes turned red, and the two red lasers that erupted had extremely terrifying burning properties.

In an instant, it can penetrate the surrounding solid mountains and burn the rocks to ashes!

Seeing this scene, Ye Feng immediately showed a hint of surprise in his eyes.

I didn't expect that my two eyes could instantly release such terrifying red lasers with extremely high temperatures.

even

It is comparable to the fire of the Phoenix!

It has terrible penetrating and burning power.

At this moment, Ye Feng immediately understood that his two eyes should have become the eyes of the gods, possessing the special ability of the eyes of the gods, and became the eyes of the gods.

Although he has only tempered his eyes to the first level, he is still able to burst out two terrifying red lasers.

Ye Feng knew that as he refined his eyes to a higher level, the destructive power and destructive power of the red laser that erupted from his eyes would definitely become more terrifying.

At this moment, Ye Feng's eyes turned red uncontrollably.

It even erupted into two extremely high-temperature red lasers.

The fire phoenix not far away suddenly showed a look of surprise in his eyes, and he couldn't help but said in surprise: "Ye Feng, you absorbed the golden substance contained in those weapons, causing your eyes to mutate? "

Ye Feng nodded slightly at this time, but did not tell the secret of his immortal bone.

Instead, he was careless and said in a very vague voice: "Yes, I feel that after absorbing that golden substance, my body mutated, and my two eyes were able to bloom two extremely terrifying... Red laser."

Huo Fenghuang nodded in amazement at this moment and said loudly: "Then you are so lucky. It is impossible for ordinary people to have such an adventure. I just sensed the explosion in your eyes." The two red lasers are not ordinary light. I can feel a very terrifying high temperature from them, but this high temperature is different from the high temperature of ordinary flames. The redness in your eyes Color laser seems to be a kind of high-temperature laser that is different from flame, but uses radiation. "

Hearing Huo Fenghuang's speculation at this time, Ye Feng's eyes suddenly showed a trace of surprise.

It is indeed a top-notch beast, and its perception and discrimination are truly extraordinary.

Chapter 4148 Bronze Giant

At this time, Ye Feng looked at the Fire Phoenix in front of him and said loudly: "This time, thanks to you, Senior Fire Phoenix, all the weapons that attacked were burned to ashes. In this way, I don't have to spend all the time." I'm trying to find which weapons contain this golden divine substance. I can directly absorb the golden divine substance that flows out of the residue after the weapons melt."

Hearing what Ye Feng said, Fire Phoenix's eyes showed a look of surprise, and he couldn't help but said: "It turns out that the golden substance flowing out of those weapons is the rumored divine substance. No wonder it can make people... Your eyes have mutated. I have also read in ancient books that there is a very special substance between heaven and earth, called divine substance. No one knows where these divine substances come from. It may be the entire heaven and earth. Bred by the universe and nature, it is said that this golden divine substance, if it can be integrated into the body of a living being, can mutate the living being's body. It may make the living being's body stronger, but it may also destroy the living being. The body is not a divine substance that ordinary creatures can fuse. Even I can't fuse it. It seems that your physique, Ye Feng, is also very extraordinary, and I didn't even notice it."

Hearing what Huo Fenghuang said, Ye Feng just laughed and said: "Next, I hope that Senior Huo Fenghuang can continue to release your Phoenix Fire and melt all the weapons at once. In this case, I can absorb these divine substances to my heart's content."

When Huo Fenghuang heard what Ye Feng said, he couldn't help but said in astonishment: "Do you still want to absorb these divine substances? Aren't you afraid that your eyes will go blind?"

Ye Feng immediately smiled and said: "Of course not. If I absorb more divine substances, the red lasers coming out of my eyes will become stronger and stronger."

Hearing what Ye Feng said at this moment, Fire Phoenix suddenly showed a look of surprise in his eyes and said loudly: "It's really magical. I have to say that you are the most talented young genius of the human race I have ever seen. "

Hearing Huo Fenghuang's compliment, Ye Feng just smiled noncommittally, and then said aloud: "Then let's move on."

Fire Phoenix also nodded and said: "As long as it helps you, then I will naturally do my best."

\u003c

At this moment, Huo Fenghuang's tone of voice made it seem as if he no longer regarded Ye Feng as a junior.

And they are treated like peers.

Because Huo Fenghuang felt that although Ye Feng was not very powerful now, he was relatively weak.

But once Ye Feng has time to grow up, he will definitely become an earth-shattering figure in the future.

It can even rival a top-notch divine beast like the Fire Phoenix.

At this moment, when Huo Fenghuang was thinking secretly in his heart, Ye Feng suddenly found a spear in the mountain in front of him that was emitting light from thunder and lightning.

This long spear looks like it is made of blue metal, exuding the power of a very special blue thunder.

At this moment, Ye Feng immediately felt that the heart of the blue electric giant lizard he had fused had a very close connection with the spear that was emitting blue light of thunder and lightning.

Uh-huh!

Even at this moment, the spear wrapped in the light of thunder and lightning automatically burst out from the mountain, and then immediately flew in front of Ye Feng, floating in front of Ye Feng's eyes, exuding a very terrifying and majestic aura. Sharp energy.

At this time, Fire Phoenix looked at this scene in amazement, and said with a smile: "This spear should be the clan weapon that was specially forged by the Ten Thousand Monsters Divine Kingdom for the bravest blue electric giant lizard clan under their command. , the blue electric overlord gun has a very terrifying attack power and the power of an ancient magic weapon, and it is a magic weapon level. "

Hearing what Huo Fenghuang said, Ye Feng immediately stared in surprise at the spear floating in the void in front of him, emitting blue light of thunder and lightning.

Unexpectedly, this long spear turned out to be the weapon of the Blue Electric Giant Lizard clan back then, the Blue Lightning Overlord Spear.

No wonder Ye Feng could feel the heart of the blue electric giant lizard he had fused.

There is an inexplicable and inseparable connection between Zang and this spear.

Uh-huh!

At this moment, Ye Feng stretched out his hand without any hesitation and grasped the Blue Lightning Overlord Gun in front of him.

Boom!

Almost the moment Ye Feng held the spear, a terrifying weapon energy burst out from the Blue Lightning Overlord Gun and was directly injected into Ye Feng's entire body. ??

Then Ye Feng's whole body immediately spread out with majestic blue lightning light.

At this moment, Ye Feng seemed to be possessed by an ancient overlord, and his whole person was filled with a terrifying and boundless aura.

At this moment, Ye Feng could sense a very surging and huge ancient power from the blue lightning gun in his hand.

At this time, Ye Feng's eyes suddenly revealed a look of deep surprise, and he said loudly: "This weapon does not require me to expend my own strength to push it. It itself has very terrifying ancient power."

Fire Phoenix nodded and said loudly: "This kind of weapon has transcended the category of ordinary weapons. This kind of weapon should be called the weapon of heaven and earth. In other words, this kind of weapon does not need to consume the user's energy at all. When activated, the moment it moves, it can communicate with the power of the entire world, and then burst out with terrifying weapon power. "

Hearing Huo Fenghuang's explanation, Ye Feng immediately showed deep surprise in his eyes and said loudly: "Great! This weapon is many times more advanced than the Chaos Lord's weapon, the Chaos Sword." ”

At this moment, Ye Feng simply put the Chaos Sword on his back into the storage ring so that he could sell it for money later.

Then Ye Feng carried the blue electric gun in front of him behind his back, ready to use it at any time.

At this moment, Ye Feng fused the super heart of the blue electric giant lizard, and obtained the blue electric giant lizard's clan weapon, the blue electric overlord gun.

It can be said that Ye Feng can now give full play to the true power of the Blue Electric Monitor Lizard.

The power.

At this moment, Ye Feng and Huo Fenghuang continued to move forward.

But when they came to the back of the mountain, they found that there were not many weapons left.

Basically it's all scattered.

But these weapons, all of which are very advanced, actually attack Ye Feng and Fire Phoenix automatically.

boom!

But at this moment, the phoenix fire released by the fire phoenix melted all these weapons.

Then Ye Feng naturally enjoyed the divine substance left after all the weapons melted.

He successfully tempered the eyes of the second stage of his Immortal Body from the first level to the second level of his eyes.

The red laser light erupted from Ye Feng's eyes of the gods became more and more powerful.

At this moment, Ye Feng and Huo Fenghuang walked to the back of the Shenbing Mountain and immediately saw a very shocking scene.

At the very back of the mountain, a majestic bronze giant measuring tens of thousands of meters appeared.

The entire body of this bronze giant is made of bronze, giving people a very majestic and boundless sense of vastness.

At this time, Fire Phoenix couldn't help but look a little surprised and said: "The sculpture of the Emperor of Ten Thousand Monsters from the Ten Thousand Monsters Divine Kingdom actually appears here. It seems that my guess is correct."

When Ye Feng heard this, his eyes flashed slightly, and he couldn't help but ask: "Senior Fire Phoenix, what is your guess? When I saw you just entered this weapon refining land, your eyes seemed a little abnormal. "

Fire Phoenix nodded slightly, stared at the majestic bronze giant in front of him, which was tens of thousands of meters tall, and said loudly: "I think that the former commander of the Ten Thousand Demon Kingdom, the Ten Thousand Demon Emperor, has not completely died. Maybe I want to use the energy in the entire restricted area of life to resurrect myself with this bronze emperor sculpture that gathered a lot of faith back then!"

"What??"

Hearing Huo Fenghuang say this, Ye Feng's expression suddenly changed slightly.

Chapter 4149 Preventing Recovery

At this time, Ye Feng heard Huo Fenghuang say such a guess, and his eyes immediately revealed a look of deep shock.

He never thought that the emperor of the Ten Thousand Demon Kingdom was an ancient figure tens of thousands of years ago, and died at the hands of a transcendent being in the outside world.

Unexpectedly, he even attempted to be resurrected.

At this time, Ye Feng stared at the ancient bronze giant sculpture in front of him and couldn't help but said: "Senior Fire Phoenix, are we going to escape from here now?"

Fire Phoenix smiled slightly at this time, with a cold smile on his beautiful face, and said loudly: "Of course, it is to prevent the resurrection of the emperor of the Kingdom of Ten Thousand Demons."

Hearing Huo Fenghuang's seemingly hostile words, Ye Feng's eyes flashed slightly, and then he couldn't help but said with some speculation: "Did Senior Huo Fenghuang and the emperor of the Ten Thousand Demon Kingdom have some personal grudges back then?"

When Huo Feng heard what Ye Feng said, he glanced at Ye Feng, then nodded slightly and said loudly: "I do have some personal grudges with the emperor of the Kingdom of Ten Thousand Demons, but you don't need to know the specific grudges. What you need to know is that we are now working together to destroy this bronze giant sculpture that the Emperor of the Kingdom of Demons wants to resurrect."

Hearing what Huo Fenghuang said, Ye Feng immediately nodded.

After all, Ye Feng and Huo Fenghuang are now on the same team. Naturally, he will not say anything more, but said loudly: "Okay, how to destroy this bronze sculpture cast by the emperor of the Kingdom of Ten Thousand Demons? Is it a direct attack? ?"

Fire Phoenix shook his head and said aloud: "It is not possible to destroy it directly, because the material of this bronze sculpture was obtained by the emperor of the Ten Thousand Monsters Divine Kingdom from the extraterrestrial world. It is a material from the extraterrestrial world. It is very important to our origin. The world in which the world is located is a very solid existence. The world where we originate cannot be destroyed by any force, not even my phoenix fire. "\u003c

br\u003e

Hearing Huo Fenghuang say this, Ye Feng's eyes suddenly revealed a look of surprise, and he said loudly: "It seems that the end of the world of Origin World, and the connected extraterritorial world, is really a very mysterious and terrifying place. Ah, the materials in that place can't be destroyed by all the powers of our origin world, it's really incredible."

Fire Phoenix nodded and said aloud: "The extraterrestrial world connected to the end of the origin world is indeed a more mysterious and unpredictable place. When I return to my peak state in the future, or enter a higher level, With my level of cultivation, maybe I will go to the end of that world and see how mysterious and unpredictable the world outside is."

Hearing what Huo Fenghuang said, Ye Feng also had a look of surprise in his eyes and said, "Maybe I will go to that place in the future."

When Huo Fenghuang heard what Ye Feng said, there was a trace of surprise in his beautiful eyes, and then he smiled inexplicably and said: "Perhaps these are the powerful people in the world where all our origins are. Our destiny is also our destination, which is to go to the end of the world and explore the vast and mysterious extraterrestrial world."

At this moment, after Huo Fenghuang finished speaking, he looked at the majestic bronze giant sculpture standing in the mountains in front of him, and said slowly: "Ye Feng, if you want to destroy this bronze giant sculpture, you can only rely on ordinary strength. There is no use, whether it is your power or my power, it belongs to this world, and there is no way to destroy the materials of this sculpture from the outside world. "

Ye Feng frowned and asked aloud: "What should we do?"

Fire Phoenix said: "If you want to destroy this bronze sculpture, you need to rely on your soul level to destroy it."

the power of. "

Hearing this, Ye Feng had doubts in his eyes and said loudly: "My power at the soul level can only destroy things at the soul level, but this bronze sculpture is a real thing."

Fire Phoenix smiled and said: "If the emperor of the Kingdom of Ten Thousand Demons wants to be resurrected through this bronze giant sculpture, he must have hidden a trace of his soul, or spiritual thoughts, in this bronze giant sculpture, so as long as If we can find out this trace of the Emperor of the Ten Thousand Demons Kingdom from this bronze giant sculpture and destroy it, we

can completely eliminate the Emperor of the Ten Thousand Demons Divine Kingdom's ambition to be resurrected."

Hearing what Huo Fenghuang said, Ye Feng had a look of surprise in his eyes and said loudly: "Senior Huo Fenghuang, you mean to let me hide the emperor of the Ten Thousand Monsters Divine Kingdom from this bronze giant sculpture. Find out the remnant and then destroy it. In this case, the bronze giant sculpture will completely lose its activity. "

Huo Fenghuang nodded and said: "This is my plan. Originally, I had not thought about how to destroy the resurrection of the emperor of the Kingdom of Ten Thousand Demons. But before, I saw Ye Feng's terrifying methods at the soul level, so let me I came up with this plan, otherwise, I would not have come here. After all, once the emperor of the Kingdom of Ten Thousand Demons revives, even if I am at my peak, it will be difficult to fight against him. "

Hearing what Huo Fenghuang said, Ye Feng couldn't help but take a breath of air.

Unexpectedly, the emperor of the Kingdom of Ten Thousand Demons was so powerful at his peak.

It was actually able to compete with the Fire Phoenix at its peak.

Even more powerful than the Fire Phoenix at its peak.

You know, Fire Phoenix is the patriarch of the ancient Phoenix clan, and the world leader of the Phoenix interface.

A top-notch divine beast of this level would actually be afraid of the emperor of the Ten Thousand Monsters Kingdom.

It seems that the strength of the emperor of the Kingdom of Ten Thousand Monsters was really terrifying back then. No wonder Fire Phoenix wants to prevent his resurrection now.

Otherwise, even if the Fire Phoenix returns to its peak state, it may not be able to defeat the resurrected Emperor of the Kingdom of Ten Thousand Demons.

At this time, Ye Feng nodded without any hesitation, flew directly in front of the bronze giant, and then said aloud in his mind: "Emperor Chu, now it's up to you to help me find the ten thousand

people inside this bronze giant sculpture. It should be okay to destroy the emperor's remnants of the Demon Kingdom, right?"

At this time, Emperor Chu said aloud in his mind: "Let me give it a try."

"Try it?"

Hearing Emperor Chu actually say such a sentence, Ye Feng's eyes suddenly revealed a look of astonishment.

You know, Emperor Chu has never been afraid of anyone.

But this time, I actually said I would give it a try if I was not sure.

It is enough to show how terrifying the emperor of the Kingdom of Ten Thousand Demons is.

Even if there is a trace of residual thoughts left behind, it is very terrifying and not so easy to deal with.

No wonder Fire Phoenix brought Ye Feng here so solemnly.

But now that Ye Feng and Huo Fenghuang are on the same team, they naturally want to help Huo Fenghuang.

If the residual thoughts of the emperor of the Kingdom of Ten Thousand Demons in this bronze giant sculpture can really be extinguished, Fire Phoenix will definitely be very happy. Then Ye Feng feels that he can gain the trust of Fire Phoenix even more.

It will also be of huge benefit to your future.

Ye Feng feels more and more that in the future Origin World, there will be many transcendent forces and super strong people coming from the advanced cultivation interface.

Now I can make more powerful connections, which will definitely be of great benefit and help in the future.

Chapter 4150 I am unwilling to give in

Buzz!

At this moment, when Ye Feng was thinking secretly in his heart, Emperor Chu suddenly discovered something in his mind, and it suddenly flew out of Ye Feng's head.

Directly above Ye Feng's head, it transformed into a huge red giant of light, emitting a terrifying red light.

At this moment, Ye Feng immediately understood that Emperor Chu must have discovered the residual spirit of the emperor of the Ten Thousand Demon Kingdom hidden in this bronze giant sculpture.

Ye Feng immediately retreated quickly, allowing Emperor Chu to take action.

Because in a confrontation at this level, I can't get involved.

"Um?"

At this moment, Fire Phoenix not far away saw countless red lights suddenly emerging from Ye Feng's head, forming a red giant spirit of light.

Fire Phoenix's eyes suddenly showed a strange look.

She didn't know that there was another powerful soul in Ye Feng's head.

She just feels that Ye Feng seems to have practiced a special soul technique, cultivating his soul into such a powerful giant of red light.

Uh-huh!

The fire phoenix also immediately flew forward at this time, and then a huge phoenix with countless red flames burning all over its head emerged from its head.

This is obviously the soul of Fire Phoenix.

It is the soul of the mythical beast.

Apparently he came to help Ye Feng.

At this time, Emperor Chu knew that Ye Feng had not told him, so at this moment, Emperor Chu glanced at the soul of the fire phoenix and did not say anything more. He just rushed into the inner area of the bronze giant sculpture and seemed to want to Go find the Emperor Yuanshen of the Kingdom of Ten Thousand Demons and hunt him.

At this time, Fire Phoenix's soul was glanced at by Emperor Chu. It was just a casual glance, but it actually made Fire Phoenix feel fear from the depths of his soul.

This kind of fear seems to be seeing something very devastating.

After sensing this fear, Fire Phoenix immediately showed horror in his eyes for the first time.

Because she never thought that such a

The little human soul was actually able to make her beast soul feel deep fear.

It's really incredible.

At this moment, Huo Fenghuang truly paid attention to Ye Feng for the first time.

This kind of attention is no longer the same importance that the seniors paid to the younger generations.

But for the first time, Fire Phoenix valued Ye Feng on the same level as himself.

At this moment, Ye Feng didn't know this.

He just watched from a distance.

Because this level of soul-level battle is no longer something I can participate in.

While Ye Feng was watching from outside, Fire Phoenix's own body remained motionless in the void.

Her soul also rushed into the inner area of the bronze giant sculpture.

At this time, Fire Phoenix's spirit immediately saw it.

The red giant of light that Emperor Chu transformed into was fighting an ancient soul covered with dark green scales, and the fight turned upside down.

This ancient soul covered with deep green scales was the soul of the emperor of the Kingdom of Demons!

The emperor of the Kingdom of Ten Thousand Demons is indeed a being that even the Fire Phoenix is extremely fearful of.

His soul actually grew actual scales.

This is a manifestation of the essence of the soul!

It is enough to show how terrifying the soul of the emperor of the Kingdom of Ten Thousand Monsters is.

So at this time, even the Emperor of Chu was fighting a difficult battle with the soul of the emperor of the Kingdom of Ten Thousand Demons.

At this moment, the Fire Phoenix Soul flew in and immediately erupted into terrifying Phoenix fire.

This is the fire of the soul.

Burning directly in the direction of the emperor of the Kingdom of Ten Thousand Demons.

this moment

Suddenly, the emperor of the Kingdom of Ten Thousand Demons couldn't help but yelled: "It's you! Fire Phoenix Queen! I didn't expect that after so many years, you are not dead yet, and you have been resurrected directly, even more than I have been resurrected. Good morning, it's really amazing, but if you meet me today, I must kill you again!"

Uh-huh!

After saying that, the soul of the emperor of the Kingdom of Ten Thousand Demons actually abandoned the crimson giant of light of Emperor Chu who was fighting with him not far away.

Instead, it roared crazily in the direction of the Fire Phoenix Soul.

At this time, the Emperor Yuanshen of the Ten Thousand Demon Kingdom obviously wanted to completely eliminate the old rival of Fire Phoenix.

But at this moment, the soul of the Fire Phoenix burst out with terrifying flames. It was a flame at the level of a divine beast, which directly blocked the soul of the emperor of the Ten Thousand Demon Kingdom.

At this time, Fire Phoenix suddenly smiled coldly and said: "I have been reborn, but you have not been reborn yet. It is impossible to use your soul to obliterate me."

At this moment, Emperor Chu suddenly performed a very terrifying and strange secret technique.

Just like last time, a special and extremely terrifying destructive power was drawn from the void of a mysterious and unpredictable world, and suddenly bombarded the soul of the emperor of the Kingdom of Ten Thousand Monsters not far away. .

Immediately, the body of the emperor of the Kingdom of Ten Thousand Demons was shattered into pieces!

At this time, the emperor of the Ten Thousand Demons Divine Kingdom couldn't help shouting crazily: "Ah!! This is impossible! This kind of power can actually destroy the immortal soul that I have worked so hard to cultivate. What kind of power is it? How come it has such terrifying destructive power? It's just like the power in the extraterrestrial world I entered back then. It's too advanced and terrifying. Who are you..."

The soul of the emperor of the Ten Thousand Monsters Divine Kingdom was staring at Emperor Chu not far away with a look of deep horror in his eyes.

Because the immortal soul that he was so proud of was directly destroyed by the Chu Emperor's attack.

It really makes the Emperor Yuanshen of this Kingdom of Ten Thousand Monsters feel deeply frightened.

At this moment, Fire Phoenix also had a look of astonishment in his eyes.

It seems that he did not expect that the red giant of light that emerged from Ye Feng's head would be so terrifying.

Fire Phoenix immediately couldn't help but said happily: "Ye Feng, the soul you have cultivated is really powerful! The method of cultivating the soul of the emperor of the Kingdom of Ten Thousand Monsters is from the mysterious and unpredictable soul. Brought from the extraterrestrial world, the power of our world cannot destroy its soul. I didn't expect that your soul could actually destroy his soul."

Hearing what Huo Fenghuang said at this moment, Emperor Chu glanced at Huo Fenghuang and did not say that he was not Ye Feng's soul. Instead, he nodded silently and said aloud: "Let's join forces first to kill this Ten Thousand Demons God." Let's deal with the emperor's soul first."

Boom! !

After saying that, Emperor Chu continued to attract the terrifying destructive power from the mysterious world space, impacting on the soul of the emperor of the Kingdom of Ten Thousand Demons.

The Fire Phoenix prevents the Emperor Yuanshen of the Ten Thousand Monsters Divine Kingdom from escaping from the surroundings.

"No!!"

"This emperor has planned a resurrection plan for tens of thousands of years, and it cannot be shattered like this!!"

"This emperor is not willing to give in!!"

At this time, the Emperor Yuanshen of the Ten Thousand Demon Kingdom let out a loud roar of pain and unwillingness.

But all is in vain.

In the end, the Emperor Yuanshen of the Kingdom of Ten Thousand Demons was completely obliterated by the combined efforts of Emperor Chu and Fire Phoenix, and was completely shattered.

Then, without any hesitation, Emperor Chu flew towards the outside of the sculpture with a large number of soul fragments of the emperor of the Ten Thousand Demon Kingdom. If Ye Feng were to absorb these soul fragments, he would definitely be able to absorb Ye Feng's soul power. Get huge growth.

But at this moment, the Fire Phoenix Soul still stayed in the inner space of the bronze giant sculpture, its beautiful eyes flickering, as if looking for something inside the giant sculpture.
