

Ancient 4151

Chapter 4151 Clone

When Ye Feng saw Emperor Chu flying out of the bronze giant sculpture with a lot of soul fragments, a smile suddenly appeared on his face.

Because he knew that Emperor Chu had successfully obliterated the soul of the emperor of the Ten Thousand Monsters Kingdom in the bronze giant sculpture.

Uh-huh!

At this time, Ye Feng immediately flew forward, looked at Emperor Chu, and couldn't help but said happily: "Has it been successful?"

Emperor Chu nodded slightly and said aloud: "Although the soul of the emperor of the Ten Thousand Monsters Divine Kingdom was very powerful, under the joint efforts of Fire Phoenix and I, we were still completely killed. Next There is no threat anymore."

"very good."

Hearing what Emperor Chu said, Ye Feng's eyes suddenly showed deep surprise.

Because these soul fragments brought out by Emperor Chu must be the soul fragments formed after the emperor's soul of the Ten Thousand Demon Kingdom was obliterated.

A lot of soul fragments are here, and they seem to have very majestic soul power and aura.

"boom!"

So at this time, Ye Feng didn't hesitate at all, and his huge devouring domain instantly emitted and began to devour the large number of soul fragments brought out by Emperor Chu.

Boom!

At this moment, Ye Feng immediately felt that his soul power was growing rapidly.

Because these soul fragments are all soul fragments formed after the soul of the emperor of the Kingdom of Ten Thousand Demons, an ancient super-big man, was shattered.

So not only the quantity is large, but the quality is also very high.

Buzz!

At this time, Ye Feng immediately felt that his soul power was growing rapidly.

Finally, when Ye Feng digested and devoured all the soul fragments formed after the souls of the emperors of the Kingdom of Ten Thousand Demons were shattered, Ye Feng immediately sensed his own soul power and had a complete increase.

☪

It was directly upgraded from the previous level of 50 million to the level of 55 million!

All of a sudden, it increased by five million levels!

And you must know that this is just a residual power left by the emperor of the Kingdom of Monsters.

This shows how terrifying and powerful the emperor of the Kingdom of Ten Thousand Demons was at his peak.

No wonder even the Fire Phoenix couldn't defeat him.

At this time, Ye Feng felt that his soul power had become very powerful, and his eyes suddenly showed deep joy.

At this moment, Ye Feng didn't hesitate at all. He looked at the bronze giant sculpture not far away and asked with some doubts in his eyes: "Why hasn't the Fire Phoenix come out yet?"

Emperor Chu shook his head and said: "I don't know, she seems to be looking for something in that bronze sculpture. After this battle, I am very tired and need to sleep for a while to recover."

After saying that, Emperor Chu turned into a crimson light and disappeared directly into Ye Feng's mind.

At this moment, Ye Feng nodded immediately and said aloud in his mind: "Emperor Chu, you can rest peacefully. I will leave everything that follows."

After saying that, Ye Feng flew directly towards the bronze giant sculpture, wanting to see what Fire Phoenix was looking for inside.

Uh-huh!

But just when Ye Feng approached the bronze giant sculpture, a fiery red figure flew out immediately.

It's the Fire Phoenix!

At this time, Fire Phoenix was holding a very ancient-looking token in his hand.

The token is covered with green scales, which looks very weird.

Ye Feng stared at the ancient token covered with green scales in the hand of the Fire Phoenix, with a hint of surprise on his face.

Because Ye Feng knew that this token was absolutely extraordinary.

It is very likely that it is some kind of very special token from the Kingdom of Ten Thousand Demons back then.

At this moment, Huo Fenghuang saw Ye Feng staring at this very special and ancient token in his hand. He immediately smiled and said loudly: "As expected, this token was stored in this place by the emperor of the Ten Thousand Demon Kingdom. Although he was hidden deep in the bronze giant sculpture, I still found him."

Ye Feng couldn't help but asked curiously: "What is the use of this token?"

Huo Fenghuang immediately said: "This token is an imperial order forged by the emperor of the Ten Thousand Monsters Divine Kingdom. It contains the majesty and belief of the emperor of the Ten Thousand Demons Divine Kingdom. If you hold this imperial token, you can do it without any trouble." Obstruction opened the treasury of the Kingdom of Ten Thousand Demons."

When Ye Feng heard what Huo Phoenix said, his eyes suddenly lit up.

Then Huo Fenghuang continued to speak: "And it is said that the emperor of the Kingdom of Ten Thousand Demons created a group of undead troops for himself in the deepest part of the treasury. If I hold this piece of the Emperor's Order, I can Resurrecting those extremely powerful undead armies and mastering the power of those undead armies is tantamount to directly obtaining an invincible tiger and wolf army. "

Hearing what Huo Fenghuang said, Ye Feng's eyes suddenly lit up again.

At this moment, Fire Phoenix looked at the bronze giant sculpture not far away and said loudly: "Ye Feng, I really need this army of undead to help me regain my status in the ancient Phoenix interface. After all, it has been tens of thousands of years. It has passed, and maybe now the entire Ancient Phoenix interface is in chaos. Many people who were loyal to me back then may have rebelled, so I will take this token first, but this bronze giant sculpture, Ye Feng, you

You can hold it, which is also a good thing. After all, this bronze giant sculpture was cast by the emperor of the Kingdom of Ten Thousand Demons at a great cost from the materials found in the mysterious extraterrestrial world connected to the end of the world. , no power in our world can destroy it. "

Hearing what Huo Fenghuang said, Ye Feng immediately nodded very happily.

Ye Feng naturally knew that this bronze giant sculpture was very extraordinary.

Because the emperor of the Kingdom of Ten Thousand Demons wanted to be resurrected with this bronze giant sculpture as his new body, indestructible.

Even the fire of the Phoenix, the top beast of the Fire Phoenix, cannot destroy this bronze giant sculpture.

Uh-huh!

Ye Feng directly released the storage ring at this moment, put the bronze giant sculpture into the space of his storage ring, and then asked in his mind: "Emperor Chu, don't fall asleep first, I want to ask Let me ask you, is there a way to refine this bronze giant sculpture into a clone of me? If this bronze giant sculpture can be refined into a clone of me and be under my control, then I will have one more. An indestructible giant weapon. After all, the power of this world cannot destroy this special material from the outside world. "

Hearing what Ye Feng said, Emperor Chu, who was about to fall asleep, thought for a moment, and then said aloud: "I will search among the ancient memory fragments that I recently awakened to see if there is any way to save this bronze giant. The sculpture is refined into your clone."

"Looks like there's something going on!"

Hearing what Emperor Chu said, Ye Feng immediately nodded very happily and asked Emperor Chu to find a solution.

At this moment, Fire Phoenix held the token in his hand and said with some expectation: "Next, let's go directly to find the treasury left by the Kingdom of Ten Thousand Demons. There are endless treasures stored in it."

Chapter 4152 Ancient Core

Hearing what Huo Fenghuang said at this time, Ye Feng couldn't wait to say: "Then what is the specific location of the treasury left by the Ten Thousand Monsters Divine Kingdom? Senior Huo Phoenix, do you know?"

Huo Fenghuang smiled very confidently at this time and said aloud: "Of course I know that the emperor of the Ten Thousand Monsters Divine Kingdom and I were old enemies back then. Naturally, I am also very clear about the distribution of various places in the Ten Thousand Demons Divine Kingdom. "

After saying that, the Fire Phoenix flew quickly in a certain direction in the distance.

Seeing this scene, Ye Feng also looked expectantly, and quickly followed behind Fire Phoenix, flying quickly towards the inside of this restricted area of life.

It took them half an hour to arrive at the innermost core area of this life restricted area.

Ye Feng and Huo Fenghuang immediately saw a very shocking scene.

They saw a huge steel fortress appearing in front of them.

This steel fortress looks like an ancient giant lying here, giving people a sense of vastness and vicissitudes of life.

At this moment, Huo Fenghuang said with a smile: "It seems that I remembered correctly. This steel fortress was cast by the emperor of the Ten Thousand Monsters God Kingdom to guard the imperial city where he lived. We are about to enter the Ten Thousand Monsters God Kingdom. In the imperial city of the country."

When Ye Feng heard what Huo Fenghuang said, there was a look of anticipation in his eyes, and he said loudly: "Are we about to enter the imperial city? Then we are almost close to the treasury. The treasury should be in the imperial city."

At this moment, Huo Fenghuang's face became a little more solemn, and he said aloud: "After entering the imperial city, you must be careful. The transcendent existence from the outside world wiped out the integrated Ten Thousand Monsters Divine Kingdom in the imperial city. The power of the curse is the strongest."

Hearing what Huo Fenghuang said, Ye Feng nodded solemnly and said, "Okay, I understand."

For Ye Feng, the end of the world that originated from the big world, and the outer world connected to it, have long been a representative of mystery in Ye Feng's mind.

So for Ye Feng, as long as he communicates with the outside world

Ye Feng naturally paid great attention to this matter.

At this moment, Ye Feng did not hesitate at all. The power of his soul enveloped him, for fear that his soul would be cursed.

At this moment, Fire Phoenix also exuded its huge soul power, a red flame, covering Fire Phoenix's entire body, and even Ye Feng who was standing next to him.

At this time, Ye Feng immediately felt a very safe and warm force, which surrounded him and isolated him from the entire surrounding world.

This made Ye Feng's eyes suddenly reveal a trace of surprise.

The fire of a top-notch divine beast like the Fire Phoenix is indeed of great use.

At this time, Ye Feng and Fire Phoenix remained cautious and slowly walked through the huge steel fortress in front of them and walked to the imperial city of the Ten Thousand Demons Kingdom within the steel fortress.

I have to say that the imperial city of the Kingdom of Ten Thousand Demons is indeed built with great style.

At first glance, Ye Feng saw countless ancient buildings standing there, as well as various palaces and pavilions, all suspended in the sky, giving people the feeling of a city in the sky.

But the glory at that time has finally turned into loneliness.

Many buildings have collapsed and broken into pieces.

The scene gave people an epic feeling of shock.

There is also a sense of epic destruction.

At this time, Ye Feng looked at the shocking and epic scene in front of him with amazement, and couldn't help but said: "It seems that the Kingdom of Ten Thousand Demons was really very glorious back then. No wonder the emperor of the Kingdom of Demons I haven't wanted to die for tens of thousands of years, and I still want to be revived."

Hearing what Ye Feng said, Fire Phoenix nodded, then looked around and said, "Go directly to the treasury."

Don't waste time, because there may be huge dangers here at any time. No one knows whether some strong men in the Kingdom of Monsters will turn into very powerful and strange existences under the power of the curse back then. "

Ye Feng immediately nodded and followed the Fire Phoenix directly towards a certain direction of the shattered and collapsed imperial city of the Ten Thousand Demons God Kingdom, trying to find the location of the treasury.

Led by the memory of Fire Phoenix, the two quickly arrived at the deepest area of the shattered imperial city of the Kingdom of Ten Thousand Demons.

A huge bronze door appeared here.

When Huo Fenghuang saw this bronze gate, his eyes suddenly lit up and he said: "This should be the location of the treasury of the Ten Thousand Demons Divine Kingdom. The wealth accumulated by the Ten Thousand Demons Divine Kingdom for tens of thousands of years is here, and it is said that the Ten Thousand Demons Divine Kingdom is here. The undead army cultivated by the emperor of the Demon God Kingdom is also sleeping among them."

Uh-huh!

At this moment, after Huo Fenghuang finished speaking, he didn't even wait for Ye Feng to say anything more. He directly pressed the emperor's token he had obtained before into a groove on the bronze door in front of him.

Boom!

Almost as soon as Fire Phoenix pressed the token into the groove of the bronze door, the entire bronze door immediately vibrated quickly, and then sank toward the entire ground.

The door to the entire treasury was opened instantly.

At this moment, Huo Fenghuang looked at Ye Feng beside him.

Even this top divine beast said with some excitement and anticipation at this time: "Let's go in and take a look."

Ye Feng nodded immediately and followed Huo Fenghuang directly into the treasury.

The treasury is an independent underground space that looks very depressing.

But before they walked for a while, they saw a lot of colorful stones piled on the ground.

Fire Phoenix immediately couldn't help but said:

"These stones are the cores dropped by the powerful beasts that fought in the Ten Thousand Monsters God Kingdom after their death. They are collected here. They are all the cores of ancient beasts and have very huge demonic power. For you Both of us have huge benefits. I am originally a fire phoenix and can be regarded as a demon clan, so I can also absorb and strengthen this core to restore my power. Let's take half of it."

Fire Phoenix was very fair at this time and did not charge more just because he was a top divine beast and a senior.

Instead, he chose to be half with Ye Feng.

This also shows that Fire Phoenix attaches great importance to Ye Feng.

Ye Feng has long been regarded as a young genius with unlimited future.

Perhaps in Fire Phoenix's eyes, as long as Ye Feng doesn't die young, he can become as powerful a top existence as her in the future.

At this moment, Ye Feng and Fire Phoenix were walking in the treasury of the Kingdom of Ten Thousand Demons. Ye Feng exuded his soul power and spread towards the surroundings, trying to find the cultivation resources in the treasury that could improve his skills. .

And Fire Phoenix was also vigilant around him.

Because no one knows if there are other dangers in this treasury.

After all, it is the place left by the Kingdom of Ten Thousand Demons tens of thousands of years ago, and maybe it contains the power of the curse.

At this time, Ye Feng and Huo Fenghuang collected all the cores of the ancient beasts in front of them into their storage rings.

Fire Phoenix should be left to refine and absorb it to restore its own strength.

But Ye Feng swallowed them all like a gulp.

This scene made Fire Phoenix couldn't help but smile bitterly, shook his head, and said: "Ye Feng, your ability is really powerful. You can transform the energy of the outside world into your own power at any time. It's really amazing." It makes me feel a little incredible. I even doubt that if you come to our Phoenix Clan, you might be able to eat and digest all the resources in our Phoenix Clan's treasure house."

Chapter 4153 Ghost Emperor

At this moment, after Fire Phoenix finished speaking, Ye Feng had already digested all the core energy of all the ancient beasts he had swallowed.

Buzz!

At this moment, Ye Feng's skill was greatly improved.

Ye Feng's body immediately erupted with bursts of breakthrough momentum.

boom!

Beyond the fourth level of heaven!

boom!

Beyond the fifth heaven!

boom!

Beyond the sixth level of heaven!

At this time, Ye Feng's cultivation level directly broke through from the previous third level of transcendence to the sixth level of transcendence.

Breaking through three heavens in a row!

It has to be said that the energy contained in the cores of these ancient beasts is indeed very large and of very high quality.

Ye Feng's current cultivation level has directly improved so much.

Ye Feng naturally had a look of deep surprise on his face.

Unexpectedly, the core of these ancient beasts was comparable to the skills he had absorbed from several peerless experts.

At this time, Ye Feng looked at the Fire Phoenix beside him, and said more expectantly: "Let's hurry up and continue moving towards the deepest part of the treasury. There must be other good things."

Ye Feng knew that this time he came to the treasury of the Kingdom of Ten Thousand Monsters, which would definitely give him a huge improvement.

This has just entered the treasury, and the core of these ancient beasts has improved my cultivation so much.

Fire Phoenix also smiled at this moment and said, "Okay, let's continue walking inside."

Next, the two of them continued walking towards the deep area of the huge underground space of the treasury.

But suddenly at this moment.

Boom! !

The ground on both sides suddenly exploded.

Beasts covered with green scales unexpectedly appeared, charging directly towards Ye Feng and Fire Phoenix, their bodies filled with overwhelming evil aura.

These are covered with green scales

The fierce beast did not emit any life fluctuations from its body.

They seemed to be mechanical puppets refined by the Kingdom of Ten Thousand Demons back then.

At this time, Ye Feng's eyes suddenly showed a look of deep surprise, and he couldn't help but said: "The cultivation civilization of the Ten Thousand Demon Kingdom must have been very brilliant and developed, and it was actually possible to refine such a powerful weapon. Mechanical puppets have not decayed in the treasury for tens of thousands of years. It is really amazing that they can directly attack outsiders like us. "

Fire Phoenix nodded slightly at this time and said aloud: "These steel mechanical puppets, which are based on the ancient beasts, also made great contributions to the expansion of the Kingdom of Ten Thousand Demons back then, because they were all used from the outside world. Made of high-quality materials, they are basically indestructible and cannot be destroyed by the power of our world. This also led to the glory and prosperity of the Ten Thousand Monsters Divine Kingdom back then. "

Ye Feng couldn't help but said: "In other words, the Ten Thousand Demons Divine Kingdom was so powerful mainly because it obtained a lot of special materials from the outside world, which made it impossible for the power of our world to destroy it. "

Fire Phoenix nodded, and sighed with a rather serious look in his eyes: "However, this also laid the foundation for the destruction of the Ten Thousand Demons Divine Kingdom. Perhaps the Ten Thousand Demons Divine Kingdom was looking for this special indestructible material in the extraterrestrial world, and it offended Some big figures were simply slapped to death by the mysterious and transcendent beings from the outside world."

Hearing Huo Fenghuang say this, Ye Feng suddenly showed a look of wonder in his eyes.

At this moment, Ye Feng and Fire Phoenix did not hesitate at all and quickly attacked the mechanical puppets attacking around them.

Boom! !

At this moment, Ye Feng waved his fist, and the power of the Celestial Clan bloomed in his fist.

His fist turned into pure gold, possessing terrifying destructive power.

The Fire Phoenix directly emitted endless flames and directed towards

Burning around.

Although it is impossible to melt those steel puppets, it can destroy the core of these steel puppets.

Huo Fenghuang said: "Actually, the reason why these mechanical puppets made of steel can move is because they have cores in their bodies to provide energy. Just destroy these special cores."

Hearing what Huo Fenghuang said, Ye Feng immediately nodded.

Because he discovered that his golden fist, although it had the power of the Celestial Clan, was really unable to blast these steel mechanical puppets made of materials from the outside world into pieces.

Not even a single crack could be blasted out.

So Ye Feng knew at this time that his power was used in the wrong place.

At this moment, Ye Feng directly aroused the eyes of his own Celestial Clan. .??.

Boom!

Boom!

The two red laser beams, with terrifying high temperatures, instantly hit the area where the surrounding steel puppets were loaded with cores, directly piercing through those cores.

These steel puppets were all wiped out by Ye Feng and Fire Phoenix.

At this moment, Ye Feng discovered that he could not absorb the energy contained in those cores.

Ye Feng's eyes suddenly revealed a look of deep surprise.

This was the first time Ye Feng encountered energy that he could not absorb.

Fire Phoenix couldn't help but said: "These energies come from the mysterious and unpredictable extraterrestrial world. They are not the power of our world, so it is normal that you cannot absorb and fuse them."

When Ye Feng heard what Huo Phoenix said, he immediately nodded slightly.

However, Ye Feng felt in his heart that his devouring ability could devour energy of any attribute in the world, and these cores should be able to be devoured.

These energies must come from the outside world and are relatively advanced. Currently, my cultivation level is still relatively low, so I am unable to swallow these powers.

So, these cores are actually very precious and advanced things.

Ye Feng silently put all these cores into his storage ring, and planned to wait until his cultivation level becomes stronger in the future, and then try to see if he can continue to absorb the high-level power from outside the territory.

Next, Ye Feng and Huo Fenghuang continued to move forward.

When they arrived at the innermost area of the treasury of the Kingdom of Ten Thousand Demons, they immediately saw a very glorious scene.

I saw that in the innermost space of the entire treasury, golden thrones were actually cast.

These thrones are tall and boundless, full of great majesty, just like the thrones left by ancient gods.

At this moment, Fire Phoenix immediately couldn't help but said: "These should be the thrones of ancient emperors that have been inherited by the Kingdom of Ten Thousand Monsters for tens of thousands of years. They have very powerful ancient imperial power."

Hearing what Huo Fenghuang said, Ye Feng immediately looked at the tall and majestic pure gold thrones in surprise, and stepped forward to investigate.

Boom boom boom!

Boom boom boom!

But at this moment, nine tall and majestic ghostly figures actually appeared on the nine tall and majestic empty thrones in front of them.

These ghostly figures are exactly who held each throne back then.

It is also the old emperors who have inherited the Kingdom of Ten Thousand Demons for tens of thousands of years!

They have now become ghost emperors!

Many ghost emperors immediately stared at Ye Feng and Huo Fenghuang in front of them, and made a majestic voice: "Outsiders dare to break into the treasury of our Ten Thousand Demons Divine Kingdom and attempt to steal tens of thousands of years from our Ten Thousand Demons Divine Kingdom." of wealth and accumulation, you must die!"

There are also ghost emperors from the Kingdom of Ten Thousand Monsters who said coldly: "Since they are outsiders, there is no need for us to be polite. We will destroy their souls and plunder their bodies. A body is top-notch." The Phoenix Clan, another body, my God... is actually the supreme Celestial Clan! This is simply a gift given to us by God!"

Chapter 4154 100 million level

Just as these ghost emperors from the Kingdom of Ten Thousand Demons were speaking, many ghost emperors had already stood up from the throne, filled with endless majestic and vast auras, directly facing Ye Feng and Fire Phoenix in front of them. flew over.

They stretched out their ghost hands, with a terrifying sense of oppression at the soul level, directly trying to deprive Ye Feng and Fire Phoenix of their souls and souls, and then they moved into the bodies of Ye Feng and Fire Phoenix.

boom!

At this moment, the Fire Phoenix did not hesitate at all. A Fire Phoenix in soul state immediately flew out from the soul to fight against these ghost emperors.

But the next moment, these ghost emperors were very terrifying.

After all, they had all become emperors of the Kingdom of Ten Thousand Demons, so each of their ghost souls was very powerful.

Even the Fire Phoenix's spirit has no way to fight against them.

So at this moment, Ye Feng didn't hesitate and said directly in his mind: "Emperor Chu, don't fall asleep in a hurry, continue to help me."

Emperor Chu nodded immediately in his mind and said, "Okay."

Emperor Chu almost never refused Ye Feng's request.

So at this moment, Emperor Chu flew out of Ye Feng's head.

Uh-huh!

Emperor Chu instantly transformed into a huge crimson giant of light, and then burst out with terrifying soul attack power. In an instant, he smashed into pieces an extremely tall ghost emperor who rushed in front of Ye Feng. .

"What??"

Seeing this scene, the other ancient ghost emperors from the Kingdom of Ten Thousand Demons suddenly widened their eyes.

They stared at the red giant of light that Emperor Chu had transformed into in front of Ye Feng, and couldn't help but said in horror: "This is impossible! What kind of existence are you, how can you punch us?" An ancient soul of this level was shattered instantly?"

At this time, several other ghost emperors felt deep fear.

Because the ghost emperor who was killed by Emperor Chu just now was at the same level as them.

In other words, Emperor Chu could kill them all at any time.

Seeing this scene, Ye Feng suddenly showed a look of deep surprise in his eyes.

It seems that Emperor Chu is now much more powerful than he imagined.

"Amazing."

At this time, even the top divine beast Fire Phoenix standing aside couldn't help but exclaimed in amazement.

She didn't know that the red giant of light that Emperor Chu transformed into was an independent creature.

The presence.

Fire Phoenix always thought that this was the special spirit that Ye Feng had cultivated himself.

So at this time, Fire Phoenix was naturally even more amazed by Ye Feng.

Because every one of Ye Feng's methods was very shocking.

Even though Fire Phoenix is a top divine beast, he has seen many amazing super strong men and super geniuses over the years.

But she has never seen anyone who can compare with Ye Feng.

At this moment, Ye Feng looked at Emperor Chu, and directly communicated with Emperor Chu secretly in his soul, asking Emperor Chu to kill these ghost emperors and not let any of them escape.

Because Ye Feng discovered that the soul power exuded by these ghost emperors was very huge.

Killing them all and devouring these ghost emperors will definitely increase your soul power greatly.

At this time, suddenly the eight remaining ghost emperors not far away did not escape. Instead, they joined hands and formed a circle, surrounding the red giant of light that Emperor Chu had transformed into. middle.

Then the eight ghost emperors shouted loudly: "The Ancient Soul Thunder Curse!"

Boom!

Infinite light of thunder and lightning instantly burst out from the surrounding void, covering everything.

At this moment, the ghost spirits of the old emperors of the Kingdom of Ten Thousand Demons obviously united to perform a very ancient and powerful soul-level spell.

It was actually able to arouse the power of thunder in the dark and attack Emperor Chu crazily.

"Crash!"

A series of terrifying soul-level thunder and lightning lights were drawn out from the void, and poured madly on the red giant of light that Emperor Chu had transformed into, as if it could destroy everything.

But at this moment, Emperor Chu performed a very terrifying technique with an expressionless face, drawing out a very terrifying destructive power from the void.

It directly shattered all the thunder spells released by those ghost emperors!

"What??"

Seeing this scene, these ghost emperors suddenly widened their eyes.

They seemed to have never thought that even with their hands, they could not defeat the mysterious and infinite giant of red light that rushed out of Ye Feng's head.

"this

What kind of existence is it? ? "

A ghost emperor couldn't help but scream in horror.

At this moment, the remaining eight ghost emperors all knew how terrifying Emperor Chu was, and they quickly wanted to escape from here.

But in the next moment, Emperor Chu continued to draw out that special and terrifying destructive power from the inexplicable void, impacting all the remaining eight ghost emperors into countless soul fragments.

"Swallow!"

When Ye Feng saw this scene, his eyes suddenly lit up. At this moment, he directly released his Devouring Domain without any hesitation.

All the soul fragments that these ghost emperors turned into after being broken were swallowed up.

Boom!

I almost remember that the next moment, Ye Feng's soul power suddenly increased tremendously.

It immediately jumped to a full 60 million level!

At this time, Ye Feng immediately felt that with the improvement of his soul power, his perception and comprehension had been greatly improved.

The improvement of soul power is not only shown in the soul attack methods.

It has greatly enhanced Ye Feng's overall martial arts training quality.

For example, Ye Feng's vision is even more distant.

Ye Feng's hearing is even more sensitive.

Ye Feng's comprehension speed was even faster.

All of Ye Feng's perceptions have also been comprehensively improved.

Therefore, the improvement of soul power has a subtle impact on Ye Feng's overall martial arts quality.

Uh-huh!

At this moment, Emperor Chu returned to Ye Feng's mind, and then said aloud: "Ye Feng, when your soul power increases from the tens of millions level to the 100 million level, your entire soul will have a A brand new transformation is not a simple transformation, but a qualitative transformation."

Hearing what Emperor Chu said, Ye Feng's eyes suddenly flashed slightly.

When Ye Feng's soul power was relatively weak, every time he rose to a higher level, there was indeed a qualitative change in his soul level.

Now Emperor Chu said that if his soul power went from the tens of millions level to the 100 million level, there might be incredible transformations and changes.

Maybe it can derive some unprecedented magical talents at the soul level.

This made Ye Feng's eyes suddenly reveal a look of deep expectation.

But now Ye Feng's soul power is six

Ten million level is still far from the real 100 million level.

But Ye Feng believes that as long as he works hard, he will eventually be able to reach the 100 million level soul level.

At this moment, Emperor Chu in his mind suddenly continued to speak: "Ye Feng, if you can increase your soul power to 100 million levels, then maybe you can help me with my awakened ancient memory fragments. Among them, I can put my soul through the passage of nothingness and inadvertently enter a mysterious and unpredictable world. However, there are too many terrifying

existences in that mysterious and unpredictable world, and I still dare not pass through this passage of nothingness. , The exploration took too long, Ye Feng, you can help me when the time comes."

"What?"

Hearing what Emperor Chu said, Ye Feng was immediately startled.

Unexpectedly, Emperor Chu would subtly use his soul to open up a void passage that could connect to a mysterious and unpredictable world space.

Ye Feng couldn't help but asked aloud in his mind: "Is that mysterious world space an extraterrestrial world?"

Emperor Chu shook his head and said: "I'm not sure. Anyway, I accidentally opened up a void passage with my soul and entered that mysterious and unpredictable world space. It's very terrifying. I only dare to explore a small part of it at the moment." , because I am alone and helpless, so when Ye Feng, your soul power reaches 100 million levels in the future, you can join me through the void channel I opened and enter that mysterious world space. The two of us will We can join forces to explore that mysterious and unpredictable world, and maybe we can encounter great opportunities. If we can get some terrible things from that mysterious and unpredictable world, it will be no less important to us practitioners who originate from the big world. With the dimension reduction attack, Ye Feng, you don't have to be afraid of anything."

Ye Feng was a little moved by what Emperor Chu said, and couldn't help but ask: "Does the soul power have to reach the 100 million level to be able to act with you at such a powerful level?"

Emperor Chu nodded and said aloud: "Yes, because if you want to enter that mysterious world space, the minimum requirement is that the soul power reaches more than 100 million. Otherwise, the soul will be instantly affected by the rules of that world. Crush it to pieces!"

hiss!

Hearing what Emperor Chu said in his mind, Ye Feng couldn't help but take a breath of air.

At this moment, the Fire Phoenix not far away seemed to have found something, and immediately shouted in the direction of Ye Feng: "Ye Feng, come and take a look! Here is the inheritance stone tablet of the Kingdom of Ten Thousand Demons. But it takes a very powerful soul to explore the

secrets and mysteries of this inheritance stone. Ye Feng, your soul is so powerful, come and help me."

Chapter 4155 The strongest inheritance of the Kingdom of God

Hearing the call of Fire Phoenix not far away, Ye Feng immediately nodded.

Without any hesitation, he flew quickly in that direction.

When Ye Feng came to Fire Phoenix, he immediately saw it.

An extremely ancient stone tablet appeared on the ground in front of Fire Phoenix.

On this stone tablet, there are incomprehensible ancient demonic characters written on it.

But Fire Phoenix should be able to understand it.

Because she has already determined that this ancient stone tablet is the inheritance stone tablet left behind by the Kingdom of Ten Thousand Demons.

At this moment, Ye Feng said without any hesitation: "I don't understand any of the words on this inheritance stone tablet. How can I explore the secrets and mysteries contained in it?"

Huo Fenghuang immediately smiled and said: "I know these ancient monster characters. You just need to transfer your soul power to me and help me expand my soul."

Hearing what Huo Fenghuang said, Ye Feng immediately understood.

It turns out that the Fire Phoenix needs to rely on the blessing of its own soul power.

"good!"

Ye Feng immediately nodded at this moment. Without any hesitation, he directly stretched out a palm and pressed it on Huo Fenghuang's shoulder.

Then Ye Feng directly output his huge soul power and injected it into the mind of Fire Phoenix.

Buzz!

At this moment, Fire Phoenix immediately felt a huge soul power, making his soul become very powerful.

At this time, Fire Phoenix's beautiful eyes suddenly revealed a look of deep surprise.

There was wonder in her eyes.

At this time, Fire Phoenix finally understood how powerful Ye Feng's soul power was.

It is simply huge to an incredible extent.

A small human race, Xiu

Why is it that he is still at such a low level yet he actually has such vast soul power as the ocean.

No wonder he was able to cultivate such a special and powerful red giant spirit of light.

At this time, when Huo Fenghuang was thinking secretly in his heart, Ye Feng reminded: "Senior Huo Fenghuang, I have blessed your soul with my soul power, and you can now explore it carefully."
”

Fire Phoenix immediately nodded and poured his soul into the inheritance stone tablet in front of him.

With the help of Ye Feng's huge ocean-like soul power, Fire Phoenix's soul became very powerful.

He directly broke through the seal on the inheritance stone and entered the inner space of the inheritance stone.

The next moment, Fire Phoenix had analyzed the powerful secret of inheritance in this inheritance stone tablet.

Huo Fenghuang immediately said excitedly: "It seems that my guess is correct. This is indeed the most powerful inheritance of the entire divine kingdom left by the Ten Thousand Demons Divine Kingdom back then. It is called the 'Ten Thousand Demons Destroying God Art', and it is the same as mine." The Phoenix Dance Nine Heavens taught to you before is a level of inheritance, even more powerful than the Phoenix Dance Nine Heavens I created. After all, this is a powerful inheritance created by the ancestors of the Ten Thousand Monsters Divine Kingdom. Once practiced, If it succeeds, thousands of monster souls can be condensed in the void, which can destroy gods."

Hearing what Huo Fenghuang said, Ye Feng's eyes suddenly lit up, and he said directly: "Senior Huo Fenghuang, please teach me the inherited secret of the Ten Thousand Demons and Gods Destroying Technique."

Huo Fenghuang nodded. After learning it herself, she naturally wanted to teach it to Ye Feng.

After all, this time it was only with the help of Ye Feng that we were able to obtain and analyze the strongest inheritance of the Kingdom of Ten Thousand Demons in this inheritance stone tablet.

At this moment, Fire Phoenix took back his

One's own soul.

Then he stretched out a white finger and touched Ye Feng's eyebrows.

Boom!

Almost at the next moment, Ye Feng's mind was filled with a huge inheritance secret as vast as the vast ocean.

Ye Feng immediately obtained the inherited secret of the Ten Thousand Demons Destroying God Technique.

When Ye Feng obtained the secret of the inheritance of the Ten Thousand Demons and Gods Destroying Technique, he immediately felt the grandeur of this inheritance.

It turns out that the ancestors of the Ten Thousand Demons Divine Kingdom created this set of Ten Thousand Demons and Gods Destroying Techniques in order to gather the power of tens of thousands of great demons to slay the gods in ancient times.

After sensing this terrifying secret and inheritance spirit, Ye Feng immediately revealed a look of deep amazement in his eyes.

This set of inheritance is indeed the strongest inheritance left by the Kingdom of Ten Thousand Demons. The secrets and spirit contained in it are really terrifying.

No wonder even Fire Phoenix said that this set of powerful inheritance left from the Kingdom of Ten Thousand Demons is a bit more powerful than the Feng Wu Jiutian she created.

At this moment, Ye Feng didn't hesitate at all, and directly began to absorb this huge set of inherited secrets.

Fire Phoenix was standing in the treasury at this time, holding the emperor's token in his hand, seeming to be sensing something.

Ye Feng felt that Fire Phoenix should be looking for the large army of undead left behind by the Kingdom of Ten Thousand Demons.

Because Fire Phoenix's current strength is far from returning to its peak state.

If she returns to the ancient Phoenix interface early and someone betrays her, it will be difficult to end the situation.

However, if Fire Phoenix can find the extremely powerful undead army created by the Kingdom of Ten Thousand Monsters from this small world of Chaos Secret Realm.

When the fire phoenix returns to the ancient phoenix interface, it can lead these undead armies to eradicate them for themselves.

The traitors who had now betrayed her re-established her position.

At this time, Fire Phoenix took the token in his hand and input some power, and the token immediately emitted a dark green light.

Then those green lights shone directly on the ground in the deep area of the treasury.

Uh-huh!

The Fire Phoenix flew there and immediately frowned.

Because Fire Phoenix saw it, a broken ancient formation appeared on the ground.

This formation should lead to the place where the undead army is buried.

However, this formation is completely broken.

And Fire Phoenix didn't understand the formation at all.

Ye Feng seemed to have noticed Huo Fenghuang's anxiety and walked over directly. He smiled slightly and said, "Maybe I can help you, Senior Huo Fenghuang, to repair this formation again."

"What??"

Hearing what Ye Feng said, Fire Phoenix's eyes suddenly showed a look of surprise.

She couldn't help but said aloud: "Ye Feng, do you also have a good knowledge of battle tactics?"

Ye Feng nodded and said: "This formation should be an ancient teleportation formation that teleports to a very special space. The undead army you need, Senior Fire Phoenix, should be buried in that space. This A teleportation array isn't that complicated, just give me some time to fix it."

Hearing what Ye Feng said, Fire Phoenix's beautiful eyes suddenly revealed a look of deep amazement, and couldn't help but say: "Ye Feng, you are really an all-around genius, I'm so surprised. I'm not going to lie to you, this is the first time in all my life that I've met such an incredible young prodigy like you."

At this moment, even Fire Phoenix was not stingy with his words of praise. He was obviously amazed by Ye Feng's various abilities and methods.

Chapter 4156 We will meet again

At this time, after Huo Fenghuang finished speaking, Ye Feng did not hesitate at all. He squatted down and carefully observed the broken ancient formation on the ground.

According to the judgment of Ye Feng's Eye of Heaven and Earth, this broken formation is indeed an ancient teleportation formation.

If the repair is successful, it should be able to be activated.

At this time, Ye Feng used his soul power to communicate with the surrounding formation patterns through the Eye of Heaven and Earth, and began to repair the broken teleportation formation in front of him.

According to Ye Feng's understanding, Ye Feng soon completely repaired this broken formation.

At this moment, the moment this formation was repaired, the entire formation immediately emitted a bright green light.

Buzz!

And there is a kind of spatial fluctuation that is surging in the formation.

At this moment, Ye Feng immediately smiled and said: "Senior Fire Phoenix, I have successfully repaired it. I can directly enter a certain mysterious space through this formation."

When Huo Fenghuang saw that the formation was successfully repaired and activated, he immediately said in amazement: "Thank you Ye Feng. If it weren't for you this time, I probably wouldn't have been able to restore this broken formation." The repair was successful because I don't understand the battle method at all."

At this moment, Huo Fenghuang spoke with a trace of gratitude in his tone.

Because the undead army is too important to her.

After all, there is no way that Fire Phoenix's strength can return to its peak in a short period of time.

Therefore, only by controlling the large undead army left behind by the Ten Thousand Demons Divine Kingdom can she help her return to the ancient Phoenix interface and regain her dominance.

Uh-huh!

At this time, Ye Feng did not hesitate and just followed the Fire Phoenix into the teleportation formation in front of him.

Buzz!

Almost at this moment, they were immediately transported into the formation.

The power of space was directly transmitted to a certain mysterious space.

When Ye Feng and Huofenghuang opened their eyes, they immediately saw a very shocking scene.

I saw this was a dark underground space.

In this dark underground space, there were countless dense armies of ancient warriors standing in front of them.

These should all be the undead armies created by the Kingdom of Ten Thousand Demons back then.

It is made of special materials from outside the region.

There are hundreds of thousands of them!

At this moment, countless undead armies are sleeping in this dark space and need to be activated by external power.

At this time, Fire Phoenix's eyes suddenly showed a trace of excitement, she directly raised the emperor's token she had found in the bronze giant sculpture in her hand, and shouted coldly: "Wake up!"

Boom!

Almost at the moment Huo Fenghuang finished speaking, the emperor's token in her hand seemed to have triggered some kind of mysterious power.

The countless undead armies in the entire dark underground space suddenly opened their eyes, and a red light emerged from their eyes.

boom! !

A monstrous and ferocious evil spirit was overwhelming in an instant and appeared in the entire underground space.

At this moment, hundreds of thousands of the terrifying undead army all moved in the direction of the Fire Phoenix and issued a majestic voice: "See the Emperor!"

Seeing this scene, Fire Phoenix was naturally extremely happy. He couldn't help but look at Ye Feng beside him and said loudly: "The legend is true. The Kingdom of Ten Thousand Demons really created such a large number of undead armies back then. , even if tens of thousands of years have passed, as long as I hold the emperor's token, I can give orders

These undead armies are for my use. "

Hearing what Huo Phoenix said, Ye Feng immediately smiled and said, "Congratulations to Senior Fire Phoenix."

Fire Phoenix immediately nodded and said: "Ye Feng, when I return to the Phoenix interface and once again take back the throne that belongs to me, I will go to the Origin World to find you."

Ye Feng immediately nodded and said: "Okay, after I finish participating in this trial in the small world of Chaos Secret Realm, I will also return to the Great World of Origin. I hope we can meet again in the Great World of Origin."

After finishing speaking, Huo Fenghuang nodded, stretched out a pair of plain white palms, patted Ye Feng's shoulders, and said loudly: "We will meet again."

After saying that, Fire Phoenix led this terrifying undead army directly through the void and left the scene.

He probably went directly to the Ancient Phoenix interface.

At this moment, Ye Feng, who was standing there, felt a little uncomfortable for a moment as he watched Fire Phoenix leave the scene.

I was alone again.

At this moment, Ye Feng glanced at the direction where Fire Phoenix left with the undead army, and then returned directly to the treasury.

At this time, the treasury was already empty.

But Ye Feng put the nine pure gold thrones where the nine ghost emperors sat before into his storage ring.

The value of these pure gold thrones should be extremely huge.

After taking it out, you should be able to sell it for a lot of money.

After doing all this, Ye Feng left the treasury of the Kingdom of Ten Thousand Monsters and returned to the imperial city of the Kingdom of Ten Thousand Monsters.

At this moment, Ye Feng did not directly leave the imperial city of the Kingdom of Ten Thousand Demons.

Because Ye Feng and Fire Phoenix had entered the imperial city of the Ten Thousand Demons Kingdom before, they wanted to find the national treasury and get the precious treasures in the national treasury. Therefore, Ye Feng and Fire Phoenix had not explored the entire imperial city before. Perhaps Fire Phoenix was not interested in other so-called opportunities in the imperial city. After all, what Fire Phoenix really needed was the terrifying army of undead in the national treasury. However, there must be a lot of good things hidden in the imperial city of the ancient kingdom of the Ten Thousand Demons Kingdom. For Ye Feng, who is currently at the cultivation level, it is still very good. So at this time, Ye Feng did not hesitate at all, and directly released his huge soul power, spreading it around, trying to find some good things left in the imperial city of the Ten Thousand Demons Kingdom. However, almost at the moment when Ye Feng just released his soul power. Boom! ! In a certain direction not far away, a huge roar suddenly sounded. "Huh?" This made Ye Feng's eyes suddenly reveal a look of surprise. Who is it? Can they come to the imperial city of the Kingdom of Ten Thousand Demons?

Ye Feng felt that it was impossible that they were the young masters of the other Chaos Sea families who entered this small world of Chaos Secret Realm with him.

Because those young geniuses and masters of the Chaos Sea family should not be able to reach the ruins of the Kingdom of Ten Thousand Demons in the deepest part of the Life Forbidden Zone.

Ye Feng was able to come here only by following the top beast, the Fire Phoenix.

"Could it be that there were other living creatures left in the Kingdom of Ten Thousand Demons?"

Ye Feng thought in his heart at this moment, and immediately lurked in the direction of the noise just now.

Want to see who caused such a big commotion there?

Chapter 4157 Dragon Veins

Swish, swish, swish!

At this time, following the source of the huge movement he sensed, Ye Feng quickly lurked in that direction.

Ye Feng did not emit any power fluctuations of his own.

Because now Ye Feng doesn't know whether the person who caused this movement is an enemy or a friend.

When Ye Feng arrived at the place where the movement he sensed occurred, he immediately saw a shocking scene.

I saw among the ruins of the imperial city of the Kingdom of Ten Thousand Demons, a giant dragon covered in black scales that looked like it was made of steel, was digging the ground quickly with two steel dragon claws that covered the sky and the sun.

It seems to be digging for something.

The movement that Ye Feng sensed was the movement of the giant dragon digging into the ground.

Moreover, Ye Feng was very familiar with this giant dragon covered with steel scales.

It turned out to be his old partner, Shang, this old demon dragon!

At this moment, Ye Feng was stunned when he saw the scene in front of him.

Because Ye Feng never thought that this guy Shang would actually appear here.

After all, in Ye Feng's heart, it stands to reason that Shang should be plotting the advanced cultivation interface of Ten Thousand Demons Interface, and should be cultivating and developing silently in the advanced cultivation interface of Ten Thousand Demons Interface.

Unexpectedly, Shang also came to this small world of chaotic secret realm.

Could it be that Shang is not very good at the advanced cultivation interface of Ten Thousand Demons, so he is trying to make money from some small interfaces around him?

But at this time, Ye Feng suddenly thought of it.

The Kingdom of Ten Thousand Demons in this restricted area of life at this moment was also a kingdom established by countless demon clans back then.

Maybe it has something to do with the Wanyao interface.

That's why Shang came here.

After figuring this out, Ye Feng's eyes suddenly looked very happy, and he flew quickly in the direction of Shang.

Because being able to meet his old buddy in this place naturally made Ye Feng very happy.

After all, the time dimension spanned during the journey of cultivation is too long.

It can easily last for decades, hundreds of years, even thousands of years, or tens of thousands of years!

On one's spiritual path, many familiar people have become passers-by.

Only a small group of partners may be able to keep up with their own pace.

Therefore, Ye Feng cherishes those partners who can continue to practice together.

At this time, just when Ye Feng was about to approach Shang.

Uh-huh!

Shang immediately sensed Ye Feng's aura, turned around directly, and was pleasantly surprised

He said loudly: "Ye Feng! Why did you appear here? This is a very dangerous place! It's incredible!"

Obviously, Shang also knew that this ruins of the Kingdom of Monsters was a very dangerous place.

And it was hidden so deep that ordinary people couldn't get in.

After all, in Shang's heart, Ye Feng should still be cultivating in the world of origin.

It should not be possible to come to the core of the life restricted area of such a mysterious small world.

He shouldn't be able to find this place.

Unexpectedly, Ye Feng appeared directly in front of him.

Uh-huh!

Shang directly gave Ye Feng a fierce bear hug, and then said very excitedly: "Ye Feng, how did you enter this small world? How did you get to the ruins of the Kingdom of Ten Thousand Demons in this restricted area of life? "

Ye Feng smiled and said: "I met a top divine beast before. It was a certain generation of realm masters in the ancient Phoenix interface. It was called Fire Phoenix. It was she who brought me here to find the treasury of the Kingdom of Ten Thousand Monsters. 's treasure."

Hearing what Ye Feng said, Shang immediately couldn't help but said in astonishment: "So, all the wealth in the treasury of the Ten Thousand Demon God Kingdom has been divided between the two of you."

Ye Feng smiled and said, "Of course."

Shang couldn't help but said immediately: "Did that Fire Phoenix find anything in a hidden space in the treasury?"

Hearing what Shang said, Ye Feng's eyes flashed slightly and he said loudly: "Shang, you should be talking about the undead army hidden in the deepest part of the treasury, right?"

Hearing this, Shang couldn't help but look astonished in his eyes, then sighed and said, "Now that you know everything, that fire phoenix should have taken away all the undead army. "

Ye Feng nodded.

Seeing Ye Feng nod, Shang immediately couldn't help but sigh and said: "That batch of undead army is the most precious thing left over from the entire Ten Thousand Demon Kingdom. I didn't expect that it was taken away by a fire phoenix. , What a pity. I came here this time also to find all kinds of wealth left by the Kingdom of Ten Thousand Demons. Of course, what I am most looking forward to is the mysterious army of undead, who can help me conquer the interface of Ten Thousand Demons. , After all, the founder of the Ten Thousand Demon Kingdom came from the Ten Thousand Demon Interface and was a very powerful existence in the Ten Thousand Demon Interface."

Hearing what Shang said, Ye Feng suddenly had a look of deep astonishment in his eyes.

No wonder the emperor of the Kingdom of Ten Thousand Monsters, even the most powerful person like Fire Phoenix

Super beasts are extremely fearful.

It turns out that the background of the Kingdom of Ten Thousand Demons is so powerful.

It is not just as simple as the founder of the Kingdom of God in such a separate small world.

It actually comes from the Wan Yao interface, an advanced cultivation interface.

No wonder the Kingdom of Ten Thousand Demons has such a powerful inheritance and was so powerful back then.

At this moment, Ye Feng also understood why Shang came here to look for the treasure left behind by Wan Yao Shen Guo.

It seems that Shang is not doing well in the Ten Thousand Monsters interface. He probably has no way to grab things in the Ten Thousand Monsters interface. He can only look for ancient cultivation resources in some small worlds around him, and first save himself. Once you have grown stronger, go to the Ten Thousand Demons interface to dominate.

"correct."

At this time, Ye Feng suddenly thought of something and couldn't help but look at the old demon dragon in front of him and said loudly: "Shang, you should have entered the Wan Yao interface now. Do you know that there is a person in the Wan Yao interface called the Blood Demon? The great power of the dynasty?"

Hearing what Ye Feng said, Shang immediately showed a look of surprise in his eyes and said loudly: "I know that the Blood Demon Dynasty is indeed a super powerful force in the interface of ten thousand demons, and it is also eyeing the world of origin, and even They have already dispatched many powerful men under their command, hoping to enter the world of origin to compete for hegemony, but something seems to have happened unexpectedly. Some time ago, the Blood Demon Dynasty spent a lot of money to send an extremely powerful master of the Blood Demon Dynasty. Entered the Origin World, but the Origin World that had just arrived was instantly killed by a local super master in the Origin World. It has become a joke in the Ten Thousand Monsters interface, making the Blood Demon Dynasty very angry. I know who the local fierce man in the Origin World who beheaded the strong men under the Blood Demon Dynasty is. He may be an old monster from an ancient force in the Origin World..."

At this moment, Shang was talking and seemed to realize something suddenly. He stared at Ye Feng in front of him and couldn't help but said in shock: "The one who killed the Blood Demon Dynasty's Origin World. Local fierce man, can't you be Ye Feng? Otherwise, why would you suddenly ask me about the Blood Demon Dynasty in the Ten Thousand Demon Interface? And you are the only one who doesn't believe in evil and dares to kill such a person from the advanced cultivation interface? Strong ones! Other local old monsters in the Origin World probably don't have the guts to anger the strong ones in the advanced cultivation interface."

Hearing what Shang said, Ye Feng smiled slightly and said: "Yes, it is indeed me. The strong man from the Blood Demon Dynasty was a snake man. He was very arrogant. He just came and wanted to do something big. Killing happened to happen to me, so I used some tricks to kill him. "

"It's really you, kid!"

r\u003e

Hearing what Ye Feng said, Shang was not surprised but overjoyed. He immediately laughed out loud. He couldn't help but stretched out his steel dragon claw, patted Ye Feng's shoulder hard, and said, "Awesome! You don't We know that the Blood Demon Dynasty came to the Origin World with eager eyes, but the result was a bad start. The first strong man to be teleported was instantly killed and destroyed, and became a joke to many powerful forces in our entire Ten Thousand Monsters interface. However, Ye Feng, you have to pay attention. The Blood Demon Dynasty is very angry now, and they have probably regarded you as their number one enemy. The next time they come to super power, they will definitely attack you first."

Ye Feng nodded and said aloud: "After I killed the snake man from the Blood Demon Dynasty before, there were already strong men from the Blood Demon Dynasty who shouted at me outside the world barrier of the Origin World. I gave a warning, saying that they will descend on more superpowers from the Blood Demon Dynasty, not only to kill me, but also to kill all the creatures in the Sea of Chaos area where I am."

Hearing what Ye Feng said, Shang immediately said solemnly: "This Blood Demon Dynasty is not comparable to the so-called ordinary powers in the Origin World. This Blood Demon Dynasty can be regarded as one of the most powerful in the world of monsters." They are a very powerful first-class force. They are saying harsh things, Ye Feng, you must really pay attention."

Ye Feng nodded, and then said: "In any case, my current cultivation level has been promoted to a very high level. In the current Dharma-ending era of the Origin World, I am already considered a top powerhouse. Those who come from advanced cultivation If the powerful people from the interface dare to mess with me after they arrive in the Origin World, then I don't mind letting them know what it means to fight violence with violence!"

Hearing what Ye Feng said, Shang immediately laughed and said: "I know Ye Feng, you kid is not afraid at all! That's okay! Your kid's current cultivation level has indeed improved a lot compared to before, and he is better than me in advanced cultivation." The cultivation in the interface has to be improved faster. It is really amazing, but I am not bad either. I found a frost dragon that has been covered in dust for a hundred thousand years deep in the mountains of a special Hundred Thousand Mountains in the Ten Thousand Monsters interface. My body has been successfully refined into my steel dragon body. My current strength is much stronger than before. Otherwise, I would not be able to reach the ruins of the Kingdom of Ten Thousand Demons in the restricted area of life in this small world. "

Ye Feng nodded, and then said aloud: "I just saw you digging here. What are you digging? You are digging so hard."

When Shang heard Ye Feng's question, he immediately smiled and said, "I'm telling you, kid, don't be surprised. I'm digging for the dragon veins that laid down the destiny of the country in the Ten Thousand Demon Kingdom."

"What??"

When Ye Feng heard this, his eyes were slightly startled and he said: "The Kingdom of Ten Thousand Monsters has been destroyed for so long. Is the dragon vein that carries the fate of a country still there?"

Chapter 4158 Real Creatures

Hearing what Ye Feng said, Shang immediately smiled and said: "Of course it's still there. Before I came to this ancient ruins of the Kingdom of Ten Thousand Monsters, I had already carefully read through the ancient books. Ancient books It records the extremely terrifying war in the Kingdom of Ten Thousand Demons, which led to the destruction of the Kingdom of Ten Thousand Demons. However, the book does not record the escape of the dragon veins after the destruction of the Kingdom of Demons. Therefore, I judge that the dragon veins of the Kingdom of Ten Thousand Demons should still be restored. In the imperial city of the Kingdom of Ten Thousand Demons, because an imperial city of the Kingdom of God must be built on dragon veins, in order to be able to carry the destiny of the entire Kingdom of God. "

Hearing what Shang said, Ye Feng immediately became energetic and couldn't help but said with bright eyes: "Then what you are digging for now is the dragon vein of the Kingdom of Ten Thousand Demons?"

Shang immediately nodded, smiled, and said loudly: "Ye Feng, you are lucky, you happened to meet me digging for dragon veins. After I dig out the dragon veins, I will give you half."

When Ye Feng heard what Shang said, he was immediately moved to tears and said, "Shang, you are really my good brother. It's so interesting!"

For Shang, Ye Feng has always regarded him as his best partner.

Because they met when they were at their weakest.

We have gone through many hardships and obstacles along the way and have been separated for a long time.

But they often come together again due to great fate.

So mourning has a special meaning to Ye Feng.

In turn, Ye Feng also has great significance to Shang.

The relationship between them may have gone beyond friendship.

At this moment, Ye Feng immediately flew in front of Shang, looked at the big hole that Shang was digging, and said, "I'll help you dig it together now."

Shang immediately nodded and said, "Okay, let's dig together."

Boom!

At this moment, Shang immediately stretched out two huge steel dragon claws and began to dig the soil.

At this moment, Ye Feng also directly took out the extremely powerful weapon from the Kingdom of Ten Thousand Demons, the Blue Lightning Overlord Gun, which he had obtained before.

Then he started digging like crazy.

At this time, every time the Blue Lightning Overlord Gun digs, it can burst into brilliant thunder and explode a lot of land.

So with Ye Feng's help, the digging speed was much faster.

Boom! !

And while one man and one dragon were digging, a terrifying roar suddenly erupted from the entire underground.

Then a bright golden light erupted directly from the entire ground.

A golden beam of light was directly formed, penetrating the entire sky.

Seeing this scene, Ye Feng and Shang suddenly showed deep surprise in their eyes.

Shang immediately couldn't help but said: "It seems that my guess is right. There is indeed a dragon vein underneath, and we have dug it out."

After Shang finished speaking at this moment, he jumped directly into the golden light.

Uh-huh!

Ye Feng didn't hesitate at all. He followed Shang and jumped into the golden light gushing out from the ground.

The moment Ye Feng jumped in, he immediately felt a very grand and vast will, spreading throughout the golden light.

This should be the will of the Dragon Veins of the Kingdom of Ten Thousand Demons back then.

At this moment, Shang, who was standing aside, couldn't help but said: "Oh no! This dragon vein left behind by the Ten Thousand Monsters Divine Kingdom seems to have given birth to its own will, and now he seems to have become a real living being. "

At this moment, after hearing what Shang said, Ye Feng also had the eye that moved the world, saw through countless golden lights, and looked deep into the ground.

Ye Feng's eyes suddenly changed slightly.

Because he saw, under the bottomless ground, a huge golden dragon covered with golden scales, making a terrifying roar.

This huge golden dragon covered with golden scales is not an actual living creature, but an entire universe.

The dragon veins of the Demon God Kingdom turned into essence tens of thousands of years later.

At this moment, Shang immediately looked at Ye Feng beside him and said loudly: "Our current cultivation strength is much stronger than before. Let's take action directly and use this body that has been born with spiritual wisdom and condensed body. The dragon veins can be killed directly and then divided equally."

Shang spoke at this time with a very cruel tone.

Because this dragon vein left behind by the Kingdom of Ten Thousand Demons is a great tonic for an old demon dragon like Shang.

Although this dragon vein gave birth to its own will.

But as long as it is killed, the power of this dragon vein can be obtained.

At this moment, Ye Feng didn't hesitate at all and nodded immediately. When he encountered such a rare thing in the world, he naturally wanted to plunder it.

If this dragon vein escapes, then Ye Feng and Shang will suffer a big loss.

At this moment, Ye Feng didn't hesitate at all, and directly burst out with extremely powerful power, rushing towards the direction of the dragon veins underneath.

Dragon Vein also discovered Ye Feng and Shang at this moment, and immediately let out a deep sneer and said: "Two juniors who are tens of thousands of years later, dare to plunder a Dragon Vein like me that has survived for tens of thousands of years? Today Let me show you the power of a divine kingdom's dragon vein!"

boom! !

At this moment, this dragon vein made a majestic sound.

Instead of escaping directly, he chose to kill the two outsiders, Ye Feng and Shang.

At this moment, Dragon Vein's whole body suddenly burst out with brilliant golden light, and then stretched out a pure gold dragon claw and bombarded it in the direction of Ye Feng and Shang.

Shang didn't have any fear at this moment. He directly stretched out his steel dragon claws and collided with the golden dragon's claws.

Boom! !

Almost at this moment, the next moment they collided, a huge roar suddenly sounded across the entire field.

At this time, Shang immediately felt a terrifying shock force, which was directly transmitted to his steel dragon claws, and then flew out instantly.

Shang immediately couldn't help but screamed: "What a powerful force. This dragon vein has accumulated energy for tens of thousands of years. It is indeed extremely powerful."

When Ye Feng saw this scene at this moment, he didn't hesitate at all and directly exploded his majestic power.

Then Ye Feng didn't hold anything back, and instantly released the inheritance taught to him by the top divine beast Fire Phoenix, Phoenix Dance for Nine Heavens.

Boom! !

At this moment, Ye Feng jumped up and turned into an extremely huge flame phoenix high in the air. It was filled with the power of the ancient fire phoenix and charged forward.

It directly knocked away this golden dragon vein.

At this time, the golden dragon immediately couldn't help but said in surprise: "You, a human race, can actually practice the inheritance of the top divine beast Fire Phoenix. It is simply incredible.

This is enough to show that your body is very magical. Once this dragon vein of mine takes over your body, I will regain a more vigorous life."

At this moment, this dragon vein was extremely greedy and wanted to get Ye Feng's magical body.

At this time, Shang rushed over from the front and shouted: "I will fight with you!"

Boom! !

At this time, Shang directly released the power of the frost dragon that he had just merged with. The entire huge dragon body suddenly turned into the color of frost, releasing overwhelming freezing energy that actually froze the surrounding area. Became ice crystals.

Even that dragon vein was frozen into an ice crystal dragon in an instant.

Seeing this scene, Shang immediately yelled at Ye Feng who was not far away: "Ye Feng! This dragon vein has been temporarily frozen by me using the absolute freezing breath of the frost dragon's origin, but it cannot cause death for the time being. , Ye Feng, use your strongest method to smash the frozen dragon veins into pieces!"

Chapter 4159 Strength is king

Hearing what Shang said at this moment, Ye Feng immediately said: "Okay!"

boom!

At this moment, Ye Feng had almost no hesitation, took a deep breath, and suddenly started to activate all his skills.

"The Secret of Ten Thousand Demons Destroying Gods!!"

At this moment, Ye Feng directly displayed the most powerful inheritance of the Kingdom of Ten Thousand Demons that he had just learned before.

Boom!

At this moment, when Ye Feng performed the Ten Thousand Demons and Gods Destroying Technique, lines of terrifying demon souls burst out from Ye Feng's body.

There were thousands of demon souls, all gathered around Ye Feng.

A frenzy of monsters formed, roaring and roaring, as if it could wipe out all the gods in the sky.

The power is very terrifying!

Seeing this scene at this moment, Shang, who was not far away, couldn't help but screamed in surprise and said: "Damn! Ye Feng, you boy is really amazing. You actually learned the strongest inheritance of the Ten Thousand Monsters God Kingdom." Now, when this time is over, you must teach me."

Hearing what Shang said, Ye Feng immediately laughed out loud: "If you are willing to share the entire dragon vein with me, then I will definitely pass on this powerful inheritance of the Kingdom of Monsters to you. This is what we call mutual exchange. Helping each other, good brothers should share blessings and share hardships. "

Boom! !

At this moment, after Ye Feng burst out with the Ten Thousand Demons Destroying God Art, the destructive power was simply terrifying to the extreme.

Thousands of monster souls formed a wave of monsters that seemed to be able to destroy everything, and directly bombarded the dragon veins of the kingdom of monsters that were frozen in front.

Click, click!

All of a sudden, this dragon vein that was frozen in countless ices

, shattered to pieces by the explosion.

Almost at the next moment, Ye Feng immediately released the top inheritance of the ancient Phoenix clan that Fire Phoenix had taught him before, Phoenix Dance for Nine Heavens.

Ye Feng transformed into a huge fire phoenix and charged forward, immediately burning the dragon vein and howling in pain.

This golden dragon vein of the Ten Thousand Demons Divine Kingdom immediately screamed in horror: "How could you, a human boy, be able to successfully practice the Ten Thousand Demons Divine Kingdom's most powerful inheritance, the Ten Thousand Demons Destroying God Art?" Isn't that true? Maybe! And you also have the strongest inheritance of the ancient Phoenix clan. How can you succeed in cultivating the powerful inheritance of every race? This is impossible!"

At this time, the dragon veins of the Kingdom of Ten Thousand Demons roared in horror.

Obviously, he couldn't believe that Ye Feng, a seemingly ordinary human boy, had so many terrifying methods.

Even if he is the dragon vein of the Kingdom of Ten Thousand Demons, he is somewhat unstoppable at this time.

He was completely killed by Ye Feng's terrifying attack.

At this moment, Shang, who was a little weak not far away, immediately laughed very happily and said: "Ye Feng, you are really good! You really killed this dragon vein completely!"

At this time, Shang said, he stretched out his steel dragon claws, grabbed hard, and immediately tore the huge golden dragon vein in half.

Then he left the upper body of the golden dragon vein to himself and the lower body to Ye Feng.

Ye Feng at this time

Hou looked at the body with half of the golden dragon vein. Without any hesitation, he immediately released the Devouring Domain and began to absorb the power of this golden dragon vein that the Ten Thousand Monsters Divine Kingdom had accumulated for tens of thousands of years.

Although it is only half the power of a dragon vein, it is still extremely majestic.

After all, you must know that the Kingdom of Ten Thousand Demons was very glorious back then, commanding the vast territory of the entire small world.

Therefore, the dragon veins condensed by the destiny of the entire Ten Thousand Demon Kingdom are naturally very large.

At this moment, Ye Feng's skill immediately increased tremendously.

A full half of the golden energy of the dragon's veins, which was very advanced, very ancient and majestic, was all injected into Ye Feng's body, causing Ye Feng's whole body to emit a golden light.

Ye Feng immediately felt that his skill was improving at an incredible speed.

His cultivation aura was also rapidly and continuously making breakthroughs.

boom!

Beyond the Seventh Heaven!

boom!

Beyond the eighth level!

boom!

Beyond the ninth level!

boom!

Beyond the tenth level of heaven, great perfection! !

At this time, Ye Feng's cultivation level suddenly made a huge breakthrough.

Directly breaking through the fourth level of heaven!

Ye Feng himself couldn't help but sigh: "I have to say, it is indeed the dragon vein of the Ten Thousand Monsters Divine Kingdom back then. Even if it is only half of the dragon vein, it is comparable to the skill of me who devoured several top powerhouses. My cultivation "We have received a huge improvement!"

boom!

This

At this time, Shang not far away also completely fused with the other half of the golden dragon vein, and a terrifying cultivation aura erupted from his body.

Obviously, Shang fused half of the golden dragon veins, and his strength improved a lot in an instant.

Even Shang's life level has probably been greatly improved.

Because Ye Feng saw that the scales on Shang's body were originally black scales like steel. Because they were fused with an ancient frost dragon, Shang's scales still exuded a cold aura.

But now, Ye Feng discovered that there were more golden spots on the scales on Shang's body.

It should be the mutation caused by the fusion of half of the golden dragon vein just now.

Ye Feng couldn't help but fly in front of Shang, and said with a joking smile: "Shang, as you fuse more and more dragon creatures and dragon energies of all kinds, I estimate that your scales will become colorful in the future. of."

When Shang heard what Ye Feng said, he just grinned and said: "Anyway, it's good for me, that's it. I don't care about image or anything."

For Shang, what he pursues is naturally the strongest power, not some fancy external image.

Ye Feng also smiled slightly at this moment and said aloud: "Indeed, in this world, one's own strength is king. Other fancy things are of no use. Only by being strong can one get everything, such as a sense of security, wealth, status, resources, etc."

Shang chuckled, and then said: "Ye Feng, the more you live, the more you understand, so work hard to become stronger. The great world is coming. By the way, the world of origin has not yet fully recovered, and there is nothing special about it. Resources are born, do you want to go to the Ten Thousand Demons Interface with me, and let's work together to do something, like trap the Blood Demon Dynasty that threatens to destroy you?"

Chapter 4160 Ten Thousand Demons Interface

Hearing Shang say this at this moment, Ye Feng's eyes suddenly lit up.

But then, Ye Feng shook his head and said loudly: "But if I go directly to the Ten Thousand Demons interface now, I will definitely not be able to return to the world of origin in a short time. I wonder if our Ye family will think that I have My grandfather and the others would probably be worried about falling into this small world of chaos."

Hearing what Ye Feng said, Shang couldn't help but stretched out his steel dragon claws, patted Ye Feng's shoulder, and said with a smile: "When did you become so hesitant? This kind of thing It's a small matter, but improving your strength is a big deal. And if you follow me into the Ten Thousand Demons interface, we will secretly deal with the Blood Demon Dynasty and destroy their plan to send strong men to the Origin World. In this way, we can also protect you, Ye Feng, in disguise. The Ye family's Sea of Chaos area where the boy is."

"Um?"

Hearing what Shang said, Ye Feng nodded slightly and said, "What you said makes sense."

Ye Feng knows that although the Ye family now has super powerful forces from the heaven of the advanced cultivation interface, the strong men of the Shenwen Dynasty are in charge.

But the Ten Thousand Demons interface is also an advanced cultivation interface.

Ye Feng still doesn't know which one is more powerful, the Divine Wen Dynasty from heaven or the Blood Demon Dynasty from the interface of ten thousand demons.

What's more, currently the Shenwen Dynasty has only sent one Dean Xiao Chen to the Ye family, which is too few.

Therefore, the safest thing is to go to the Ten Thousand Demons interface yourself and see if you can destroy the Blood Demon Dynasty's plan to bring super powerful people into the world of origin.

In this case, the Ye family and the entire major families in the Sea of Chaos will not be in danger of being exterminated in a short period of time.

And the most important thing is that Ye Feng also feels that in the world of origin, which has not yet fully recovered, there are really not many advanced cultivation resources that can support his current powerful state and continue to improve his cultivation level very quickly.

So it is indeed a very good choice to go to the advanced practice interface now.

.

Because the cultivation resources in the advanced cultivation interface must be very advanced and can support oneself to continue to make rapid breakthroughs.

Moreover, there is Shang beside him to assist him, so that he will not feel too strange in the interface of Wanyao.

If Ye Feng entered a high-level cultivation interface alone, Ye Feng would definitely think twice.

Because you can get lost at any time.

And I don't know much about the advanced practice interface.

If you slightly enter the range of a very scary force in the advanced cultivation interface, you will most likely be killed in an instant.

But it will definitely be much better if Shang, a veteran who has entered the Ten Thousand Demons interface for a long time, is guiding the way.

What's more, if Shang invites him to help, Ye Feng will naturally not refuse easily.

At this moment, Ye Feng continued to think for a while, then looked at Shang in front of him, nodded and said: "Okay, then I will go to the Ten Thousand Demons interface with you, just to meet the man who threatened to destroy me. The Blood Demon Dynasty, and I'm also looking forward to the cultivation resources in this advanced cultivation interface, as well as various powerful inheritances and weapons."

When Shang heard Ye Feng agreed, he immediately burst into laughter with great excitement and joy, and said loudly: "Okay, okay, great! With the help of Ye Feng, a monster partner like you, I will also be able to play in the Wanyao interface." There are many smooth sailings. Although the Ten Thousand Demons Interface is not as good as the top-ranked advanced cultivation interfaces such as Tianjie, the Ten Thousand Demons Interface is ultimately one of the top 100 advanced cultivation interfaces, so it is still very good. Inside There are a lot of advanced cultivation resources, which will definitely satisfy you, Ye Feng. However, the cultivation levels of the strong men in the advanced cultivation interface are very terrifying. With our current cultivation base, in the advanced cultivation interface, all Not an expert at all

, of course it's not too weak, and it can still be used for a while. "

Hearing what Shang said, Ye Feng immediately nodded, and his eyes couldn't help showing a trace of wonder.

You know, after Ye Feng's current cultivation level swallowed half of the dragon's veins, he directly broke through to the tenth level of Transcendence Realm, Great Perfection.

With Ye Feng's current level of cultivation, he can definitely be regarded as the top existence after returning to the world of origin.

But after entering the advanced cultivation interface, I may not even be considered a master.

It can be seen from this that there is a gap between the origin of the advanced cultivation interface and the big world.

But it's normal to think about it.

The Origin World has entered the Age of Ending Law, and the cultivation of many living beings has been restricted by the rules of the world.

Moreover, the creatures in the advanced cultivation interface cannot enter the origin world.

Therefore, over time, the origin world will naturally lag behind the advanced cultivation interface.

But the foundation of the big world of origin is still there.

After all, the source of all advanced cultivation interfaces came from the glorious era of the Origin World.

It's just that the world of origin has not yet completely recovered, and it is not very good yet.

That's why Ye Feng decided to follow Shang and go to the Ten Thousand Demons interface to deal with the crisis of the Blood Demon Dynasty. At the same time, he also found for himself the cultivation resources in the advanced cultivation interface so that his cultivation level could continue to improve.

In this case, when I return to the world of origin, I will have the strength to protect the entire Ye family, and I will also have the strength to go to the end of the world, to that mysterious extraterrestrial world, to find my father and mother who have disappeared for many years.

At this time, Ye Feng looked at Shang in front of him and said aloud: "Shang, how should we go to the Ten Thousand Demons interface now? It is not that easy to enter the advanced cultivation interface. After all, we are not like

A top-notch divine beast like the Fire Phoenix cannot leave this small world casually and enter the advanced cultivation interface. "

Shang chuckled at this time and said aloud: "As long as I'm here, it's very simple. The founder of the Ten Thousand Demons Divine Kingdom came from the interface of Ten Thousand Demons into

this small world and founded the entire Ten Thousand Demons Divine Kingdom. Therefore, the Ten Thousand Demons Divine Kingdom In the deepest part of the ancient ruins, there is a special place that is connected to the interface of Ten Thousand Demons. If we go directly to that place, we can directly enter the interface of Ten Thousand Demons. I came to this small world from the interface of Ten Thousand Demons through that place. space channel.”

Hearing what Shang said, Ye Feng's eyes suddenly lit up and he quickly said: "Okay, let's go directly now."

Shang shook his head, grinned, and said aloud: "Don't worry, although we have obtained the most precious dragon veins among the ancient ruins of the Kingdom of Monsters, there are still many good things in the imperial city of the Kingdom of Monsters. Yes, let's continue searching around, maybe we can find other good things.”

When Ye Feng heard what Shang said, he nodded and said: "Okay, anyway, if we go directly to the Ten Thousand Demons interface now, we can't defeat the huge blood demon dynasty. We might as well look for other good things here, and we can still Strengthen my own strength, and I plan to use my soul power to see if I can sense other members of the Murong family who entered the sea of chaos with me in this small world, or contact the elders of the Murong family. Miss, who is also my good friend, Murong Mingyue, asked her to bring me a message to my grandfather, saying that I will not return to the world of origin for the time being, but prepare to go to the advanced cultivation interface Wanyao interface to let my relatives of the Ye family Don't worry about me."

Hearing what Ye Feng said, Shang immediately nodded and said: "Okay, let's first search out all the good things in the ancient ruins of the Imperial City of the Kingdom of Ten Thousand Demons, and then go find the one you want to find. My confidante, Murong Mingyue."

Ye Feng immediately smiled helplessly and said, "It's a friend, not a confidante."
