Chapter 4171 Start a career

Buzz!

dizziness!

Severe dizziness!

Ever since Ye Feng's cultivation level became very high, he rarely felt such severe dizziness.

But this time, during the process of entering the advanced cultivation interface Ten Thousand Demons Interface from the small world, Ye Feng was so dizzy in the teleportation array that he felt like vomiting.

This is an experience that Ye Feng has not had for a long time.

This also shows how difficult it is to enter the advanced cultivation interface from the small world.

Even if there is a shortcut, through this ancient teleportation formation, the requirements on a person's spirit and will are very high.

Ordinary practitioners, if they enter this ancient teleportation formation, their souls will be completely shattered during the teleportation process, and they will be burped directly before they can be teleported to the advanced cultivation interface.

Fortunately, Ye Feng is a soul master and his soul power is very powerful, otherwise he probably wouldn't be able to withstand such horrific damage to his soul. ??

And at the next moment, Ye Feng suddenly felt that all the dizziness had disappeared.

Then Ye Feng immediately opened his eyes, and immediately saw a huge world appearing in front of his eyes.

At this moment, Ye Feng found himself standing on a green grassland.

This huge green grassland is vast and boundless, with a cloudless sky and no end in sight. Peace and tranquility are everywhere, giving people a very peaceful feeling.

This made Ye Feng's eyes suddenly show a look of surprise. He couldn't help but look at Shang beside him and said loudly: "Is this the interface of Wan Yao? Why does it feel different from what I imagined."

When Shang heard what Ye Feng said, he immediately grinned and said, "What does the interface of Ten Thousand Demons look like in your imagination?"

Ye Feng said aloud:

"The interface of ten thousand monsters in my imagination is full of terrible evil spirits and all kinds of battles and killings. Countless big monsters stand in the world, fighting for hegemony in the world, and it is turbulent."

Hearing what Ye Feng said, Shang immediately burst into laughter and said loudly: "The interface of Ten Thousand Demons is indeed like this in some places. There are many big demons and there is endless turmoil, but it is not like this in every place. The interface of Ten Thousand Demons is like this. In the advanced cultivation interface, the entire world is very vast. There are places where there are killings and evil spirits, but there are also very quiet and peaceful places. The area we are in now is just a relatively peripheral area of the Ten Thousand Monsters Interface. It is a green area. In the grassland, there are no powerful monsters, strong men, or big forces living around here, because there is no oil and water to be harvested here, and there are no good cultivation resources, such as mineral veins, etc., but it is suitable to give some Elderly people provide for themselves."

Hearing what Shang said at this moment, Ye Feng immediately nodded and said: "Let's go to the Dragon Demon Mountain you occupied before. I am still very unfamiliar with the entire Ten Thousand Demons interface and need to settle in first. Come down."

Shang nodded and immediately took Ye Feng to fly quickly towards a certain direction of this green grassland.

Soon they passed through the entire prairie, then through a desert, and came to a mountain forest.

This mountain forest looks very vast, with no end in sight, and is composed of many mountains.

At this moment, Shang immediately pointed to a nearby mountain and said loudly: "That mountain is Dragon Demon Mountain. The only one I occupy is that mountain. This forest is called Shiwanda Mountain. Is there anything in it?" I don't know about one hundred thousand mountains. Anyway, there must be hundreds of mountains, and every mountain,

There is a big demon controlling them all, and I am one of them, known as the Demon Dragon Demon. "

Hearing what Shang said, Ye Feng couldn't help but have a look of surprise in his eyes.

Unexpectedly, among this vast 100,000 mountains, every mountaintop is controlled by a big demon, which is enough to show how powerful this place is.

Because the existence that can occupy the mountain and become the king must be at the same level of cultivation as Shang and Ye Feng, and even stronger than them.

So it shows the brilliance of this Wanyao interface.

And you must know that this is just a relatively remote place in the Wanyao interface.

And there are often big forces that want to wipe out the big monsters in these hundreds of thousands of mountains. The big force that wipes out these big monsters is called the Shenshui Dynasty, which is just a small dynasty that is a vassal of the Blood Demon Dynasty.

This shows how huge the Blood Demon Dynasty is.

The Blood Demon Dynasty is only a medium-sized force in the interface of ten thousand demons.

From this, we can see how vast and brilliant the entire Ten Thousand Demons interface is. It is worthy of being an advanced cultivation interface.

Uh-huh!

At this time, Shang took Ye Feng and flew quickly towards the mountain in front.

At the foot of this mountain, there is a huge stone tablet with the three characters "Dragon Demon Mountain" written on it.

When Shang saw this scene, he immediately smiled and said to Ye Feng: "At the foot of each mountain, if there is a stone tablet with the name of the mountain written on it, it means that this mountain already has a mountain. Your Majesty, if there is no such stone tablet with writing on it at the foot of a mountain, it means that the mountain is a barren mountain that no one has occupied. Of course, it is also possible that there are many powerful monsters living in that mountain. For the time being,

No king has appeared yet. My plan is that we use Dragon Demon Mountain as our base and look around for those mountains where there is no demon king yet, attack them, seize them, and make them our territory. In this case, We can slowly develop our power. "

Hearing this, Ye Feng couldn't help but ask: "What's the benefit of controlling these mountains? It's just that the territory is bigger, so it doesn't make sense."

Shang immediately shook his head, smiled, and said loudly: "The mountains in these hundreds of thousands of mountains are not ordinary mountains, they are special mountains bred in ancient times. Every time we control a mountain, it means that we have more cultivation resources. This is because among the hundreds of thousands of mountains in this interface of ten thousand demons, there are many natural resources buried in each mountain, such as some special mineral veins, and many natural materials and earthly treasures that grow in the mountains. They all have great effects. Some heavenly materials and earthly treasures can not only increase one's skill, but can even bring people back to life. They have special magical effects. After all, this mountain of 100,000 people has existed for many years. "

"Um?"

Hearing what Shang said, Ye Feng's eyes suddenly lit up and he said loudly: "I am very interested in this kind of mineral vein and the cultivation resources of various heavenly materials and earthly treasures. Okay, after we settle down, I Let's help Shang occupy other mountains and develop our power."

Ye Feng spoke at this time, his tone also full of deep expectations.

Because the reason why Ye Feng followed Shang to this Ten Thousand Demons interface this time was to quickly improve his cultivation strength and plunder the advanced cultivation resources in various advanced cultivation interfaces.

Therefore, Ye Feng will naturally not spend his time here peacefully.

That is undoubtedly a waste of your time.

Now that you are here, let's start something vigorously.

Chapter 4172 Four Demonic Clan

At this time, Shang no longer hesitated and flew quickly towards Dragon Demon Mountain with Ye Feng.

The moment they flew to the top of the mountain, four figures suddenly flew in front of Shang and Ye Feng.

They all knelt down on one knee on the ground, facing the direction of Shang, clasping their fists and saying loudly: "Welcome to the return of the Commander-in-Chief."

At this time, Ye Feng's eyes suddenly showed a look of surprise.

Ye Feng couldn't help but glance at Shang beside him. He didn't seem to expect that Shang didn't brag and really had several powerful subordinates.

Ye Feng could sense that the four figures in front of him all exuded a very strong demonic aura. Their cultivation level was only one level lower than his own, so they were already very powerful.

At this time, Shang seemed to have seen the surprise in Ye Feng's eyes, and Shang immediately raised his head, smiled quite proudly, and said loudly: "Ye Feng, let me introduce to you, these four demon clan strong They are all under my command now, namely the nine-tailed demon fox, the dragon-blooded turtle, the crocodile king and the gem elf."

At this moment, when Ye Feng heard what Shang said, he immediately looked forward. ??

The first thing that caught his eye was a beautiful woman wearing a pink dress with nine fluffy tails on her back. She should be the nine-tailed demon fox.

The second figure is a dwarf with a huge golden turtle shell growing on his back, and there is an ancient dragon totem on it. It should be the dragon blood turtle with dragon blood.

The third one is a strong man who is two to three meters tall. Most of his body is covered with thick scales. He looks tall and thick. He is very brave. His eyes are blood red. He should be The crocodile king.

The fourth figure is the most special. It is a young girl who looks very innocent and simple. She has two transparent wings on her back and exudes the energy all over her body.

It's not evil spirit, but a breath of nature. This should be the gem elf.

This is a gem in nature. It absorbs the essence of the sun and the moon and eventually becomes a spirit. It is a very special family of elves in the Hundred Thousand Mountains. It is different from ordinary monsters.

At this moment, Ye Feng observed it and immediately nodded slightly and said: "They are all pretty good."

At this time, the four powerful demon clan men under Shang also looked at Ye Feng beside Shang with doubts in their eyes.

Because in their eyes, Ye Feng looked like just an ordinary human boy, but he was able to stand with their commander, which was very strange.

Because in their eyes, their commander was a very cold and ruthless steel demon dragon. They didn't expect to be so close to a human boy, and he seemed to be very cordial when talking and laughing.

Shang immediately spoke up and said: "Let me introduce to you, this seemingly ordinary human boy to you is my good brother Ye Feng. From now on, you will directly call him the second commander, and treat him like you treat me. Such respect, do you understand?"

Hearing what Shang said, the four powerful demon clans present had a look of astonishment in their eyes.

They actually want to respect a seemingly ordinary human boy as their leader?

This made these four powerful demon clan men seem a little unconvinced.

But now that the great commander Shang has said it, the four powerful demon clan men can't go against Shang's will now. They can only reluctantly clasp their fists at Ye Feng and say: "See the second commander."

Although it is called so,

It could be seen from their eyes that they didn't care much about Ye Feng, an ordinary-looking human boy.

Ye Feng also understood this, but he just smiled and did not get angry at all, because there was no need to explain anything.

Shang didn't explain much at this time, because he knew that when Ye Feng burst out with extremely terrifying power in the future, these demon strong men would know why this ordinary-looking human boy could become his Brothers are respected as the second commander.

At this moment, the nine-tailed demon fox among the four demon clan strongmen immediately showed a trace of hesitation on his beautiful face. He looked at Shang and said loudly: "General, when you left, For a while, the Manniu Mountain next door often sent some little monsters to harass our Dragon Demon Mountain, and seemed to want to invade some of the mineral veins around our Dragon Demon Mountain."

"Um?"

Hearing what the nine-tailed demon fox said, Shang immediately showed a cold look in his eyes, and said coldly: "Manniu Mountain is so brave, you want to invade Dragon Demon Mountain while I'm not here. The scope of our territory is really unbridled! Come with me and go directly to find trouble with them. No, my brother Ye Feng is here. What should I be afraid of? I want to knock down this Manniu Mountain and make it our territory. "

"What??"

Hearing what Shang said at this time, the four powerful demon clan men in front of them immediately widened their eyes with an incredible look in their eyes.

Because they never expected that Shang would actually say such a sentence.

At this time, the tall and mighty figure of the Crocodile King among the four powerful monster clans immediately took a step forward, couldn't help but clasped his fists and said loudly: "General, although we believe in you, your brother, this A second commander, it's not that I said anything unpleasant, it's just that I feel

With such a thin and frail look, can he really help the commander lead you to attack Manniu Mountain? If we make a mistake, our entire Dragon Demon Mountain will be occupied by Manniu Mountain's counterattack. "

Hearing what the Crocodile King said, Shang was not angry. He just smiled and said, "You will know when the time comes."

After saying that, Shang immediately looked at Ye Feng beside him and said with a smile: "Let's go directly to Manniu Mountain. I want to see this old cow in Manniu Mountain. Who gave his ambitious leopard the courage?" , Dare to invade our Dragon Demon Mountain territory while I'm away."

Ye Feng smiled slightly at this time and said: "Okay, let's take a trip."

"this....."

Seeing how confident both of them were, the four powerful demon clan men present had deep expressions of helplessness on their faces.

Dragon Blood Turtle, one of the four powerful monster clans, immediately couldn't help but said: "Commander, I forgot to tell you some news. The Barbarian Bull King in Manniu Mountain has recently acquired something huge. By chance, your cultivation level has completely broken through. Compared with the cultivation level of the Great Commander and the Second Commander,

you are really a big level higher than the Fusion Heaven Realm. The current cultivation realm of the Barbarian Bull King has completely broken through to the Fusion Realm. Daohai Realm, which is above the Heaven Realm, has also obtained a very powerful weapon, and its combat power is overwhelming. "

Shang glanced at the Dragon Blood Turtle and said loudly: "Oh? This wild bull is actually blessed with such a chance. But this time my brother is here, so there is no need to be afraid. Let's go directly to settle the score with him."

After saying that, Shang took Ye Feng and flew directly towards Manniu Mountain next to Dragon Demon Mountain.

"this....."

Seeing this scene, the four powerful demon clan men looked at each other, could only smile bitterly, and followed with some fear.

Chapter 4173 Very curious

For the four powerful demon clans, in their eyes, Ye Feng, an ordinary-looking human boy, although his cultivation is very good, his real combat power may not be as good as that of the commander-in-chief. The Demon Dragon King with a special bloodline.

Not to mention the controller of Manniu Mountain, the Manniu King, is a powerful being with the blood of the ancient five-color sacred bull. He is an ancient alien species, and his cultivation is so powerful. His combat power must be very terrifying. He is not their big brother at all. The leader can now be provoked.

But their commander actually believed so much in this human brother who appeared from nowhere.

This made the four powerful demon clans feel great fear in their hearts.

I feel that during this trip to Manniu Mountain, it is very likely that they will be beaten badly or even wiped out.

At this time, the Crocodile King among the four powerful demon clans looked at Ye Feng and Shang flying in the distance in front of him, and then glanced at the other three powerful demon clans around him, and couldn't help but said: "Big The commander was a little too impulsive this

time. He trusted his human brother too much. This time we went together, I don't know if it was a blessing or a curse, alas~"

At this time, the dragon-blooded turtle couldn't help but shook his head and sighed: "This time, I'm afraid we will all be buried with the commander-in-chief."

The nine-tailed demon fox didn't say much at this time, but there was a look of deep worry on that beautiful face, as if he was thinking about a countermeasure.

However, among the four powerful monsters, the most special gem elf, this girl who looked very pure and innocent, softly said at this time: "It is better to believe that the commander-in-chief will lead them. Since the commander-in-chief came to the Dragon Demon Mountain, with our Dragon Demon Mountain, we have built a good reputation in the surrounding area. The commander-in-chief should not be the kind of impulsive person. Maybe this human brother brought back by the commander-in-chief, this second commander, is really a secretive person. "

Hearing what the gem elf said, the other three powerful demon clan men around him couldn't help showing a trace of helplessness in their eyes, shook their heads, and said aloud: "But this second commander, it seems He is delicate and delicate, soft and weak, and he is still such a young human boy. I really can't tell what is so powerful about him. You must know that Manniu Mountain is a powerful force comparable to our Dragon Demon Mountain. The last time Shenshui The dynasty came to clear out the mountains occupied by the big monsters in our Hundred Thousand Mountains. The Manniu King in the Manniu Mountain directly killed a super strong man in the Shenshui Dynasty, who seemed to be a captain of ten thousand in the Shenshui Dynasty. A powerful existence, the fighting power of the Barbarian Bull King is extremely terrifying."

The gem elf just smiled slightly at this time and said aloud: "I choose to believe in the first commander and the new second commander."

Uh-huh!

After saying that, this seemingly innocent and pure gem elf immediately accelerated his speed and flew quickly in the direction of Ye Feng and Shang ahead.

Seeing this scene, the nine-tailed demon fox, dragon blood turtle and crocodile king all looked at each other, and then they could only smile helplessly and said aloud: "I hope the intuition of the gem elf is right, otherwise, this will happen." Once we were in trouble."

At this moment, Ye Feng and Shang were flying quickly ahead.

The gem elf immediately chased after him and couldn't help but say: "The three of them are very unsure of the second commander, but I think that the second commander can get such love from the chief commander, which is enough to show that the second commander is very extraordinary."

hear

When the gem elf said this, Ye Feng's eyes revealed a look of surprise. He glanced at this innocent-looking girl and couldn't help but smile and said, "You are very good at talking."

The gem elf stared at Ye Feng with simple big eyes and said loudly: "I am a gem between heaven and earth. The elf I gave birth to has my own racial talent. My intuition has always been very accurate. The second commander is definitely an extraordinary existence. , I am different from the three of them, Dragon Blood Turtle, they are all too short-sighted."

Hearing what the girl Gem Elf said, Ye Feng immediately became interested and said with a smile: "Okay, since you believed in me from the beginning, I will train you well next."

Ye Feng knew that this gem elf seemed to be a very innocent and pure girl, but she was actually smarter than anyone else on the inside.

The gem elf's words were obviously showing his loyalty to Ye Feng, the new second commander, in advance.

At this time, Shang glanced at the three other strong demon clan men who were following him far behind him, and said angrily: "These three guys really don't believe in my vision. They can be called brothers by me." How can you be a mediocre person? In this regard, it seems that you, the gem elf, are more intelligent. Later you will know how extraordinary this brother is."

Hearing what Shang said, the gem elf's beautiful big eyes stared at Ye Feng with deep curiosity.

Although she has her own racial talent, she can intuitively feel that Ye Feng, the new second commander, is very powerful and extraordinary.

But exactly how powerful it is, the gem elf himself doesn't know.

Now that the commander-in-chief admired Ye Feng so much, the gem elf was naturally very curious.

Half an hour later, they finally flew from Dragon Demon Mountain to another huge nearby mountain called Manniu Mountain.

At this moment, Ye Feng immediately saw a huge stone monument standing at the bottom of this mountain that reached straight into the sky.

There are three characters "Manniu Mountain" written on it.

This shows that this mountain is already famous and has its owner.

At this moment, Shang glanced at Ye Feng beside him and said loudly: "The biggest threat to this Manniu Mountain is the owner of Manniu Mountain, called the Manniu King. The blood of the ancient sacred cow flows in his body, and he is very powerful. , It seems that the cultivation level has been broken now, and it is a whole level higher than ours, so we should be careful. "

Ye Feng smiled slightly at this time and said: "Don't worry, if you really can't beat him, I will just use up all my strength to activate that little black sword."

Hearing what Ye Feng said, Shang immediately laughed and said, "That's right. Once the power of that little black sword is fully released, although it will make Ye Feng you enter a completely weak state for an instant, it is enough to make you completely weak in an instant. Flatten the entire Manniu Mountain."

While Ye Feng and Shang were talking, suddenly two strong men wearing black armor flew out from the Manniu Mountain in front of them.

These two strong men have two horns on their heads. They are obviously the guards guarding the mountain in Manniu Mountain.

They directly stared at Shang and Ye Feng, as well as the gem elves, nine-tailed demon fox and others who were coming in front, and immediately said in a very stern tone: "This is the core of Manniu Mountain. Anyone who comes, stop there and hurry up." Leave quickly, or your head will

fall to the ground!" In their eyes, Ye Feng, an ordinary-looking human boy, has very good cultivation, but his real combat power may not be as good as his own. It is simply not comparable to a Demon Dragon King with a special bloodline like the Commander-in-Chief.

Not to mention the controller of Manniu Mountain, the Manniu King, is a powerful being with the blood of the ancient five-color sacred bull. He is an ancient alien species, and his cultivation is so powerful. His combat power must be very terrifying. He is not their big brother at all. The commander can now provoke.

Anyone who comes, stop there and hurry up." Leave quickly, or your head will fall to the ground!"

Chapter 4174 What to do?

At this moment, the two guards of Manniu Mountain were very arrogant and wanted to tell the incoming Shang and Ye Feng to get away.

boom!

But at this time, Shang's body suddenly burst out with a terrifying aura of cultivation. He suddenly pulled out two arrogant guards and flew them away, and fell hard to the ground not far away. , somewhat disgraced.

At this time, Shang immediately said coldly: "You Manniu Mountain are so brave. During the time I left, you actually invaded the territory of our Dragon Demon Mountain. It is really arrogant. Today I am here to find the Manniu King." This guy settles the score."

Hearing what Shang said, the two guards of Manniu Mountain in front of them immediately showed a look of horror in their eyes.

At this time, they finally realized that the steel dragon in front of them was actually the controller of Dragon Demon Mountain, the Dragon Demon King.

At this time, the two guards of Manniu Mountain couldn't help but said: "Dragon Demon King, although your cultivation is very powerful and you are the master of the mountain, you should not be too presumptuous. This is the territory of our Manniu Mountain, and our great Manniu King has recently been blessed with unparalleled opportunities. His cultivation has completely broken through. He is countless times more powerful than you, the mountain lord demon of an ordinary low-level mountain. , It is definitely an unwise choice for you to come to our Manniu Mountain and act recklessly."

At this time, Shang just smiled faintly and said aloud: "Oh, really? Then I want to see how powerful that bull is now."

Boom!

Almost at that moment, Shang, directly under the horrified gazes of the two mountain guards, stretched out a steel dragon claw, and suddenly dug a huge hole into the entire mountainside of Manniu Mountain.

The beating made gravel roll and there was great movement.

At this moment, Shang immediately snorted and said to the whole person

Manniu Mountain made a majestic voice: "Manniu King, hurry up and come out to see me. You actually invaded our territory of Dragon Demon Mountain when I was leaving. This is a provocation to me. I am here today." Looking for trouble!"

At this moment, Shang spoke very simply, directly and rudely, saying directly that he was just looking for trouble.

Swish, swish, swish!

Swish, swish, swish!

At this time, strong men from the demon race with very powerful cultivation aura suddenly flew out of the entire Manniu Mountain.

These powerful men of the demon clan should all be subordinates of the Barbarian Bull King.

Most of their cultivation levels are just one level lower than Ye Feng and Shang.

However, among these powerful monsters, there are actually people in the same realm as Ye Feng.

It was a young man wearing a silver robe. He didn't know what race he was, but he had a third eye and looked very strange.

At this time, the three-eyed man in a silver robe immediately stared at Shang who came to find trouble, and said loudly: "The Barbarian Bull King is currently practicing in seclusion. He has no time to talk to a low-level monster like you. The whole Manniushan, I will handle everything now."

Shang glanced at the silver-robed man with three eyes, and immediately said coldly: "Is it the three-eyed silver toad clan? I didn't expect that the guy from the Barbarian Bull King could actually make you surrender to him. , guarding the mountain for him."

At this moment, this three-eyed man wearing a silver robe is also the transformation of a very powerful demon clan. He is an ancient three-eyed silver toad clan. The aura of cultivation exuding from his body is better than Ye Feng's current integration. The second level of heaven, still more

Much more powerful.

The cultivation aura of this three-eyed man is clearly that of a being at the tenth level of Heavenly Fusion Realm, Great Perfection Level!

It has to be said that the foundation of Manniu Mountain is indeed very strong. No wonder Shang dared to invade the territory of Dragon Demon Mountain when he left. He must have been plotting the territory of Dragon Demon Mountain for a long time.

This time, the Manniu King had achieved a complete breakthrough in his cultivation, and he had recruited so many powerful demon masters to serve him. Naturally, he wanted to expand his territory.

The first thing that the Manniu King wanted to occupy was naturally the Dragon Demon Mountain next door.

At this moment, the three-eyed man stared at Shang, his eyes seemed to have a look of disdain, and said loudly: "Dragon Demon King, I blame you for being too close to our Manniu Mountain. We, Manniu Mountain, want to expand our territory. Naturally. I want you to be the first to be operated on at Dragon Demon Mountain. Your cultivation is nothing in the eyes of Lord Barbarian Bull King, and it is nothing even in my eyes. I am the Tenth Heavenly Perfection Realm of Fusion Heaven Realm. It's enough to completely suppress you, a little demon who has just stepped into the first level of the Fusion Realm. Dragon Demon King, if you are sensible, join us in Manniu Mountain and hand over your entire territory of Dragon Demon Mountain. In this case, maybe we can spare your life, otherwise, I will capture and kill you and become our food."

Hearing what the three-eyed man said, Shang immediately said angrily: "You are so brave!"

Boom!

After saying that, Shang immediately took action angrily, stretched out a steel dragon claw, erupted with terrifying dragon power, and grabbed forward, as if it could tear the entire world to pieces.

When the three-eyed man saw Shang take action, he showed no fear at all. Instead, he smiled coldly and said: "Dragon Demon King, since you refuse to eat the toast and eat the fine wine, then I will let you know what true meaning is." of

strength. "

Boom!

Almost at this moment, a silver divine light burst out from the third eye of the three-eyed man.

This silver divine light contained terrifying penetrating power, and it pierced through one of Shang's dragon claws at once.

And at the next moment, the wounds from Shang's pierced dragon claw spread rapidly towards his entire body.

A silver poisonous substance made Shang feel that his entire body was rapidly depleting.

Shang immediately couldn't help but said in horror: "What a powerful poison!"

The three-eyed man immediately burst out laughing proudly: "This is the most poisonous silver toxin of our three-eyed toad clan. Even creatures that are a level higher than me will be destroyed once they are invaded by my toxin." You have to wait to die slowly. There is no antidote in the world that can cure my special poison. Demon Dragon King, just wait to die slowly!"

At this moment, Shang immediately fell down quickly from a high altitude.

"What??"

Seeing this scene, the other demon clan masters from Dragon Demon Mountain behind them, including the nine-tailed demon fox, the dragon-blooded turtle, the crocodile king and the gem elf, all had expressions of deep horror and horror on their faces.

They never thought that their commander, who had not even seen the face of the Barbarian Bull King, would be attacked by the strongest man under the Barbarian Bull King, the three-eyed man, a super master of the three-eyed toad clan. killed.

"This is how to do?"

At this moment, all the powerful demon clan men present panicked.

At this moment, Shang Ze looked at Ye Feng, who was not far away, and said: "The start is not going well, Ye Feng, I have to rely on you."

Chapter 4175 We all got it wrong

At this time, when he heard what Shang said, the three-eyed man immediately looked at Ye Feng, who was not far away from Shang, and his eyes were stunned.

Then the three-eyed man immediately shook his head and couldn't help but laugh sarcastically and said: "Dragon King, I don't know if your brain is broken or something is wrong with you. You actually want to count on such a humble human kid now? Do you think this human kid can reverse today's situation? Let me tell you, if the Heavenly King comes today, you will die, and your Dragon Demon Mountain's territory will eventually become our Manniu Mountain's."

Hearing what the three-eyed man said, Ye Feng just smiled faintly and flew directly to Shang's side, then stretched out his hand and pressed it on Shang's wound.

Buzz!

At this moment, Ye Feng immediately absorbed the toxins that were spreading rapidly on Shang's body.

You know, Ye Feng's current physique is the immortal body of a god, so these toxins do no harm to Ye Feng at all.

"Um?"

At this moment, he saw that Ye Feng had absorbed all of Shang's toxins so simply and easily.

The three-eyed man not far away had a hint of surprise in his eyes, and couldn't help but said: "Oh? Do you, a human boy, have some special physique among the human race? You can actually take me The toxins were absorbed cleanly without any consequences. It seems that I underestimated you, but all this is of no use, because your cultivation level is really far behind mine. You have just stepped into it. In the Fusion Heaven Realm, and I am a powerful being in the Tenth Heavenly Perfection in the Fusion Heaven Realm, I will just reluctantly take action and kill you, leaving the Demon Dragon King in complete despair."

Boom!

Almost at this moment, the three-eyed man suddenly burst out with his powerful cultivation of the tenth level of Heaven Fusion Realm, and directly attacked Ye Feng fiercely.

Buzz!

The moment the three-eyed man attacked, a huge shadow of a three-eyed toad suddenly appeared in the void behind him.

It is thousands of meters tall and majestic, giving this three-eyed man extraordinary power.

Obviously, this three-eyed man seems to have realized something extraordinary about Ye Feng. After all, not everyone can undo the poison of their three-eyed toad clan.

So at this time, although the three-eyed man said that he was attacking casually, he had actually used the power of his blood, and it was an extremely powerful and ferocious attack.

Even Shang couldn't help but say out loud at this time: "Ye Feng, if it doesn't work, just use your trump card and use that little black sword."

Ye Feng just smiled slightly at this moment and said: "I am invincible in the same realm."

Boom! !

Almost at the moment Ye Feng finished speaking, a terrifying cultivation aura burst out from Ye Feng's body.

At this moment, although Ye Feng was only at the second level of the Fusion Realm, the vast aura that erupted was simply better than the perfect cultivation aura of the tenth level of the Fusion Realm erupted by the three-eyed man opposite. Be majestic and vast.

Almost at this moment, Ye Feng directly used the peerless inheritance of the demon clan gods that he had learned before, the Demon Sky-Tearing Claw.

Boom!

At this moment, Ye Feng suddenly stretched out a hand. His hand immediately expanded rapidly in the entire sky, and suddenly turned into a towering and majestic black demon with a height of tens of thousands of meters. The giant claws, covering the sky and the sun, exuding a terrifying and ferocious aura, instantly crushed the three-eyed toad shadow behind the three-eyed man, and then hit the three-eyed man hard.

"ah!!"

Almost at the next moment, this arrogant three-eyed man let out an earth-shattering scream, vomited blood, and was directly hit by Ye Feng

The demon's Sky-Removing Claw flew backwards due to the bombardment, and crashed hard onto a mountain not far away, shattering that mountain into pieces.

"What??"

Seeing this scene, the nine-tailed demon fox and four other powerful demon clansmen from Dragon Demon Mountain, who were still very worried, suddenly widened their eyes. It seemed that they had never thought that their second commander would possess such a terrifying power. With his strength and cultivation, he was able to blow away the three-eyed man in one go, leaving him with no idea whether he was alive or dead.

This is really terrible!

At this moment, the Crocodile King, who had previously thought that Ye Feng was just an ordinary human boy, this strong man couldn't help but widen his eyes and said in horror: "This kind of strength... It's too scary! We all misjudged the second commander!"

At this time, the nine-tailed demon fox's beautiful face also showed a look of deep surprise. It stared at Ye Feng, as if it was completely unbelievable that such an ordinary-looking human boy could burst out with such terrifying power. , it's simply unbelievable to the extreme.

The gem elf started to move happily and said loudly: "I knew that the second commander was very extraordinary, he is so powerful!"

At this moment, even Shang glanced at Ye Feng in surprise, then grinned and said loudly: "This boy, every time his cultivation reaches a major level, his combat effectiveness changes drastically. It seems that I have a little bit more You can't match the strength of Ye Feng."

At this time, from the ruins not far away, a three-eyed man flew out in a state of embarrassment, with scars everywhere on his body and severe injuries.

The three-eyed man's eyes were full of disbelief and disbelief at this time. He stared at Ye Feng, who seemed to be very relaxed not far away, and couldn't help but said in horror: "Who are you?" How could there be such a powerful young human genius like you nearby? This is impossible! Human super geniuses of your level should be enjoying themselves among the super powers. How could they be reduced to competing with a low-level mountain range?

The demon clan among them are mixed together. "

Hearing what the three-eyed man said, Ye Feng just smiled faintly and said: "There is no need to explain to you. You just need to know that from today on, I am the second commander of Dragon Demon Mountain. You Manniu Mountain has messed with you." We at Dragon Demon Mountain will be beaten!"

Uh-huh!

Almost at this moment, Ye Feng immediately rushed in front of the three-eyed man and stretched out a hand.

With this hand, Ye Feng inspired the power of the Celestial Clan and turned directly into a majestic and boundless golden hand. Like a huge millstone, it crushed down from the sky. Under the horrified gaze of the three-eyed man Among them, it was directly pinched in the golden hands, and it would be completely crushed in the next moment.

"ah!!"

The three-eyed man immediately let out a painful scream.

boom! !

But at this time, suddenly from the depths of Manniu Mountain, a middle-aged man wearing a black robe rushed out.

This middle-aged man wearing a black robe exuded a powerful aura of cultivation that surpassed the level of Daohai Realm of Fusion Sky Realm. Like a god and demon, he made a majestic voice:

"The three-eyed toad is my subordinate." The most powerful person is of great value. Killing him will offend me. Let go of the three-eyed toad. I will spare your life. "

Obviously, this middle-aged man is the owner of Manniu Mountain, the King of Manniu, and he has extremely terrifying cultivation power.

Click!

But at the next moment, Ye Feng didn't even look at the Barbarian Bull King. He just squeezed the three-eyed man with his big golden hand and crushed him to pieces.

"you....."

Seeing this scene, the Barbarian Bull King couldn't help but turned extremely pale.

At this moment, Ye Feng looked at the Barbarian Bull King not far away and said, "You want me to live? I will kill this three-eyed toad. What can you do to me?"

Chapter 4176 Who is the clown?

mad!

Incredibly crazy!

At this moment, Ye Feng finished his words, and there were many other strong monsters around him, whether they were the strong monsters from Manniu Mountain or the several strong monsters from Dragon Demon Mountain who came here with Shang and Ye Feng, They all stared wide-eyed.

They seemed to have never imagined that Ye Feng would be so bold and dare to say such arrogant words to the most powerful Manniu King in Manniu Mountain. .??.

You know, Ye Feng's cultivation level is a whole level lower than that of the Barbarian Bull King.

At this time, the Barbarian Bull King immediately showed cold anger in his eyes, and said loudly: "Arrogant boy, then I will take action directly and let you know what real power is. I will make your boy endure endless hardships." He died in pain so that everyone can understand the consequences of offending me!"

Boom!

Almost at this moment, the Barbarian Bull King burst out his extremely powerful cultivation momentum.

That is a powerful cultivation level that surpasses the first level of Daohai Realm of Fusion Heaven Realm!

At this moment, the Manniu King suddenly became several thousand meters tall, revealing his true form.

It is a sacred cow that emits colorful light.

One hoof stepped on it, as if it could crush the endless earth.

Boom! !

At this moment, Ye Feng did not hesitate and waved his fist directly, and the power of the Celestial Clan burst out from his fist.

Ye Feng's fist immediately turned into pure gold, with extremely powerful destructive power and impact, and directly hit the hooves of the Barbarian Bull King.

Boom!

Almost at the next moment, accompanied by a huge roar, Ye Feng's fist collided with the Hoof of the Barbarian Bull King, and the entire space was shaken and shattered.

Then both of them went backwards.

"What??"

But at this moment, everyone's eyes widened.

"What?"

"How can it be?"

"A being as powerful as the Barbarian Bull King only had a draw with that human boy?"

"And that human boy doesn't seem to have displayed any powerful martial arts inheritance. He just waved a simple fist. How is this possible?"

At this time, all the powerful demon clan men had their eyes widened, as if they couldn't believe what they were seeing.

At this moment, the Barbarian Bull King also had a look of astonishment in his eyes, and couldn't help but say: "I have already revealed my sacred cow body, but I haven't crushed you to pieces in an instant. This kid is human, how can he have such a powerful body? This is impossible!"

Ye Feng just smiled coldly at this time and said loudly: "Nothing is impossible in this world."

Boom!

Almost at the next moment, Ye Feng's whole body erupted with brilliant golden divine light, fully erupting the power of his Celestial Clan.

You must know that the power of Ye Feng's own Celestial Clan is comparable to his various inheritance methods.

So at this time, Ye Feng wildly burst out the power of the Celestial Clan, and then saw Ye Feng's two fists suddenly turning into gold color, and frantically bombarding the front, as if they could smash everything.

Two red laser beams also burst out from Ye Feng's eyes, possessing terrifying burning and penetrating power.

It has to be said that Ye Feng fully unleashed his cultivation power, and his attacks were still very terrifying, beating the bull king back steadily.

At this time, the Barbarian Bull King immediately roared angrily and said: "If I don't give you some clues, I really think I'm invincible! Help me, ancestors!"

Rumble...

Almost at the moment when the Barbarian Bull King finished speaking, the earth suddenly collapsed with a huge roar.

Along with the collapse of the earth, a huge bull demon body with a majestic height of tens of thousands of meters was completely revealed from the collapsed earth.

Uh-huh!

Then the entire body of the Barbarian Bull King turned into a ray of light and merged into the huge and majestic body of the Bull Demon, which was tens of thousands of meters tall. He immediately possessed the terrifying power of the ancient Bull Demon.

"Oh my god! Is that the body of the ancestor of the Barbarian Bull King? It has not decayed after tens of thousands of years, and it can also allow the Barbarian Bull King to merge into this immortal bull demon body and release the ancient majestic power. !"

At this time, many powerful demon clan men around could not help but exclaim in horror.

At this moment, the Barbarian Bull King merged into the body of this huge ancient bull demon, and he suddenly possessed the terrifying power of the ancient bull demon.

The huge ox hoof stepped down from high in the sky, like an ancient pillar of heaven suppressing it. It had the terrifying power of shattering mountains and rivers, and instantly knocked Ye Feng upside down. It smashed into more than a dozen mountains and was buried in the ruins.

"What?? So powerful??"

At this time, even Shang couldn't help but show horror in his eyes.

The faces of the other powerful demon tribes all showed expressions of horror.

Unexpectedly, the Manniu King had such a powerful trump card.

They actually preserved an incomparable body of their ancient ancestor of the Barbarian Niu clan.

A rotten body.

No wonder the Manniu King has such confidence and dares to directly invade Dragon Demon Mountain, because he is not afraid of the strong men from Dragon Demon Mountain coming to cause trouble.

Uh-huh!

At this time, Ye Feng suddenly flew out from the ruins. His body was a little embarrassed, even bleeding, and he had obviously suffered heavy injuries.

It has to be said that the body of the ancient bull demon that the barbarian bull king has merged into is extremely powerful, and can even exert the power of the ancient bull demon ancestor, so it can naturally suppress everything.

At this time, the body of the ancient bull demon, which was tens of thousands of meters tall, suddenly heard the laughter of the Barbarian Bull King: "Young boy of the human race, although your cultivation is very powerful, your physique is very You are extraordinary and even more powerful than the Dragon Demon King, but you are still far behind if you want to deal with me. I now have the power of the body of our ancestor of the Bull Demon clan, which is enough to suppress everything. No matter how extraordinary you are, you are still far away. It's of no use, you are just a clown in front of me, hahaha!"

Ye Feng wiped the blood from the corner of his mouth at this time. There was no fear on his face. Instead, he showed a cold smile and said: "You will know who the clown is in the end."

Buzz!

Almost at this moment, a small black sword suddenly appeared in Ye Feng's hand. It looked ordinary and unremarkable.

Seeing this scene, the Barbarian Bull King immediately burst out laughing sarcastically: "I thought you had some trump cards. With just this broken sword, you want to fight against me who is fused with the body of my ancestor? It's simply That's naive! I'd better send this clown to death as soon as possible!"

boom! !

Almost at this moment, the Barbarian Bull King directly burst out with terrifying power. The towering body of the bull demon, which was tens of thousands of meters tall, rushed towards Ye Feng. It had boundless and terrifying power and wanted to kill Ye Feng. Crush it thoroughly!

Chapter 4177 Advanced Mineral Veins

Rumble...

It has to be said that this bull king still has two skills.

After being integrated into the body of his ancestor, the frenzy of power that erupted was simply terrifying to the extreme, and could definitely shatter everything in an instant.

At this time, everyone present looked nervous.

Even at this time, Shang was a little unsure whether Ye Feng could withstand the terrifying attack of this barbarian bull king.

But at this moment, Ye Feng's eyes showed a faint smile, without any fear at all, and said: "Barbarian Bull King, let me show you what real power is."

Boom! !

At this moment, Ye Feng did not hesitate at all and directly exported all his skills into the small black sword in his hand.

Boom!

At this moment, the small black sword expanded rapidly and turned into a large black sword more than thirty meters long.

Moreover, the phantom of an ancient god appeared in the sword body, making the sword in Ye Feng's hand become very majestic and vast, and it slashed fiercely forward.

Boom!

The terrifying and boundless sword energy suddenly burst out from the black sword in Ye Feng's hand, as if it could cut the entire sky and earth in half.

At this moment, Ye Feng immediately saw that the sword energy erupting from the black sword directly chopped into pieces the power mask that the Barbarian Bull King had hit.

"So powerful!"

At this moment, even Ye Feng himself couldn't help but show surprise in his eyes.

As his cultivation level improved, the power of this small black sword became more and more powerful.

Sure enough, the stronger one's cultivation level is, the more terrifying the sword energy produced by this small black sword will be.

At this time, Ye Feng immediately saw the barbaric figure in front of him.

There was a look of horror on the Ox King's face.

Then the Barbarian Bull King didn't even have any ability to resist, and was directly cut in half by Ye Feng's terrifying sword.

But at this time, Ye Feng's skill was almost drained by the black sword in his hand, and his face suddenly became very pale.

Uh-huh!

Shang realized something at this moment and immediately flew to Ye Feng's side, protecting the weak Ye Feng.

But at this time, all the surrounding demon clans, whether they were the demon clans in Longmo Mountain or the entire Manniu Mountains, all had their eyes widened with deep horror in their eyes.

Because they never expected that Ye Feng, a seemingly ordinary human boy, would actually kill such a powerful being as the Barbarian Bull King in an instant.

The sword that Ye Feng used to kill just now was so terrible and terrifying that all the monsters present were deeply shocked.

That kind of horrific attack is absolutely unbelievable.

At this moment, Ye Feng did not hesitate. He released the Devouring Domain and enveloped the three-eyed toad that he killed before and the Barbarian Bull King that he killed now. In the devouring field.

Then Ye Feng began to quickly devour their blood energy.

Boom!

At this moment, a stream of very majestic power was immediately injected into Ye Feng's limbs and bones. Ye Feng immediately felt that his lost power was being rapidly and continuously replenished.

After a while, Ye Feng's skill was completely replenished.

Then it continued to increase Ye Feng's own cultivation aura.

At this moment, Ye Feng's body suddenly burst out with

There came waves of extremely powerful cultivation momentum.

boom! .??.

The third level of Fusion Heaven Realm!

boom! .??.

The fourth level of the Fusion Heaven Realm!

boom! .??.

The fifth level of the Fusion Heaven Realm!

boom! .??.

The sixth level of the Fusion Heaven Realm! !

At this moment, Ye Feng's cultivation suddenly broke through the fourth level, and Ye Feng's eyes suddenly revealed a look of deep surprise.

It has to be said that the skill contained in this Barbarian Bull King is still very powerful, which has greatly increased Ye Feng's cultivation.

Moreover, the three-eyed toad's skill is also very powerful. Otherwise, Ye Feng's cultivation level would not have been able to break through the fourth level in a row and directly reach the sixth level of Fusion Heaven Realm.

At this time, with the improvement of his cultivation, Ye Feng clenched his fists and could feel that his whole body's strength had been greatly improved.

Ye Feng knew that his fighting power was stronger than before.

And it's much more powerful!

At this moment, Ye Feng looked at Shang beside him and said with a smile: "I have fully recovered my cultivation and even increased it. I will leave the rest to you."

Hearing what Ye Feng said, Shang immediately nodded, then looked at the entire Manniu Mountain, made a majestic voice, and said: "Your commander, the Manniu King, has been killed by my brother, and now the entire Manniu Mountain Manniu Mountain will be our Dragon Demon Mountain's territory from now on."

After saying that, all the demon clans in Manniu Mountain naturally knelt down in the direction of Shang and Ye Feng, their eyes full of fear and awe.

Because they knew very well that the Manniu King was dead, and Ye Feng and Shang would be their new leaders from now on.

Ye Feng didn't care at all about these little monsters.

At this moment, Ye Feng looked at

He asked Shang beside him, "Are there any good cultivation resources in Manniu Mountain?"

At this time, Shang immediately laughed and said: "Of course, our Dragon Demon Mountain's cultivation resources and mineral veins, which are of relatively high quality, have almost all been used by me, but this Manniu Mountain should have a lot of them. High-grade mineral veins, even for beings with our level of cultivation, are definitely of great benefit."

"Um?"

Hearing what Shang said, Ye Feng's eyes suddenly lit up and he immediately said, "Then take me to see it quickly."

Shang immediately nodded, then looked at the four powerful monsters from Dragon Demon Mountain behind him, and said loudly: "The four of you are here to deal with the aftermath, and bring all the monsters in Manniu Mountain under our control." In Dragon Demon Mountain, and keep records."

When he said this, Shang suddenly looked at the gem elf among the four monster clans and said loudly: "From now on, everything in Manniu Mountain will be temporarily controlled by you, the gem elf."

Uh-huh!

After saying that, Shang immediately took Ye Feng and flew quickly towards the deep area of Manniu Mountain, hoping to take Ye Feng to find the high-grade mineral veins in Manniu Mountain.

At this moment, several other powerful monsters from Dragon Demon Mountain were staring at the gem elf with deep envy in their eyes.

They knew that the reason why Shang handed Manniu Mountain over to the Gem Elf was because the Gem Elf had expressed his loyalty to Ye Feng, the new second commander, and chose to believe in the strength of the second commander. The elves take it more seriously.

At this moment, the nine-tailed demon fox, dragon blood turtle and crocodile king looked at Ye Feng's leaving back with deep awe in their eyes.

The nine-tailed demon fox's beautiful face showed a look of deep amazement, and he said loudly: "Next, we must show our loyalty to the second commander. I have a hunch that the entire Shiwan Mountain will be accompanied by this one With the arrival of the mysterious second commander, there will be great changes."

Chapter 4178 Exclusive Treasure House

While many powerful demon clan men were discussing.

Ye Feng followed Shang and arrived at the deep area of Manniu Mountain.

At this time, Shang brought Ye Feng to a place halfway up Manniu Mountain, and then said aloud: "I have actually been to Manniu Mountain before, and I secretly explored the high-grade mineral

veins in Manniu Mountain. The Barbarian Bull King is hidden in this area halfway up the mountain.
"

As Shang spoke at this moment, he stretched out a huge steel dragon claw and fiercely grabbed the mountain in front of him.

Boom!

Along with a huge roar, Shang directly tore the surface of the mountain in front of him into pieces.

Then Ye Feng's eyes suddenly lit up.

Because Ye Feng saw that among the torn mountains, pieces of emerald-like mineral vein stones were revealed. .??.

Seeing this scene, Shang immediately smiled and said loudly: "This high-grade mineral vein is called Tianyu Jade. It contains very pure energy of heaven and earth. It is a very high-grade mineral vein. If it is just an ordinary mineral vein, for us, It is no longer of much use to those who are at this level of cultivation, but this high-level mineral vein is still very useful to us. "

Uh-huh!

As Shang spoke at this moment, he quickly waved his steel dragon claws and grabbed the entire mineral vein, and then said with a smile: "Let's share it equally."

Ye Feng immediately nodded and swallowed his own half of the mineral vein into his stomach.

boom! !

Almost at this moment, Ye Feng could immediately feel a huge amount of energy exploding in his body.

It has to be said that the energy contained in this high-grade mineral vein is still very sufficient, which directly caused Ye Feng's skill to increase tremendously in an instant.

Boom!

Almost at the next moment, Ye Feng suddenly burst out with an extremely powerful cultivation aura.

\u003e

That is the momentum of breakthrough.

After Ye Feng swallowed half of the mineral vein, his cultivation level suddenly broke through.

From the sixth level of the Fusion Realm, he broke through to the seventh level of the Fusion Realm!

This made Ye Feng's eyes suddenly reveal a look of deep joy.

As expected, the energy contained in these high-grade mineral veins can make an instant breakthrough in one's cultivation.

Still very good.

At this moment, Ye Feng seemed to have thought of something. He immediately looked at Shang beside him and said loudly: "This Manniu Mountain should have the Manniu King's own exclusive treasure house."

Shang immediately smiled and said, "Of course, let's go to the Barbarian Bull King's treasure house to take a look."

At this moment, Shang took Ye Feng and continued to fly quickly towards the top of Manniu Mountain.

They soon arrived at the top of Manniu Mountain.

On the top of Manniu Mountain stands a magnificent palace.

At the entrance of the main hall, there are also two sculptures of ancient bull gods, which look very majestic and extraordinary.

"This is where the Barbarian Bull King lives."

Shang said aloud: "There is no storage ring in the hands of the Barbarian Bull King, which means that the Barbarian Bull King should have stored all his wealth in the place where he lives. Let's look for it carefully."

Ye Feng immediately nodded, and He Shang walked directly into the main hall where the Barbarian Bull King lived in front of him.

I have to say that this hall is very elegantly built, with carved beams and paintings everywhere.

Moreover, there is also ancient formation power surging in it. It should be some kind of demon formation that can assist in cultivation.

boom

!!

At this moment, Shang didn't hesitate at all. He was very simple, direct and crude. He stretched out a steel dragon claw and demolished the magnificently decorated hall in front of him.

When the entire hall collapsed, Ye Feng and Shang saw it immediately.

In the deepest part of the hall, there was a door made entirely of gold.

At this time, Ye Feng and Shang immediately flew to the door, with expectations in their eyes.

At this time, Shang immediately spoke out: "Inside this golden gate, there should be things where the Barbarian Bull King usually stores his wealth. This Barbarian Bull King has suddenly become so powerful. He must have found a very ancient treasure." The ancient ruins, from which the entire

cultivation level has transformed, has become so powerful, so there must be something very precious in his treasure house. "

At this moment, Ye Feng nodded immediately and said: "Then just open this golden door."

Shang immediately nodded, then stretched out a steel dragon claw and struck hard at the golden door in front of him, trying to blow it open.

when! !

But almost at the next moment, when Shang's steel dragon claws touched the golden door in front of him, a harsh metal collision sounded across the field.

Then Shang immediately cried out in pain: "This golden door is too hard, even my dragon claws can't open it."

Ye Feng also had a look of surprise in his eyes at this time, because he saw Shang's dragon claws, which did not even leave any trace on the surface of the golden gate.

Ye Feng immediately nodded and said, "Let me give it a try."

Boom!

At this moment, Ye Feng immediately activated the power of his Celestial Clan.

, directly waved a golden fist, and hit the golden door fiercely.

Boom!

But the next moment, Ye Feng immediately saw that his fist only made a concave crack on the surface of the golden door, and there was no way to smash the entire golden door.

"Um?"

Seeing this scene, Ye Feng immediately showed surprise in his eyes.

Unexpectedly, this golden door was so strong that it could withstand his own pure gold fist.

At this moment, Shang immediately said: "Ye Feng, don't hesitate, just use that little black sword."

Ye Feng could only nod his head at this moment and used his trump card, which was the small black sword found in the god's backpack that Shang gave to Ye Feng.

Buzz!

At this moment, as Ye Feng raised the small black sword in his hand, Ye Feng once again felt the feeling of his whole body being drained.

All his energy was drained away by the black sword in an instant.

Then the small black sword immediately expanded to become more than forty meters long.

Seeing this scene, Ye Feng's eyes suddenly lit up.

Sure enough, his guess was right. His current cultivation level has been improved again. He activated this small black sword, and the length of the small black sword was once again increased.

From more than thirty meters before to more than forty meters now, the power must have become more and more powerful.

At this time, Ye Feng couldn't help but think about how powerful this little black sword was.

Boom!

As Ye Feng's sword fell, the black sword, which was more than 40 meters long, burst out with unparalleled cutting power. In an instant, it cut the golden gate in front of it in half and collapsed.

Chapter 4179 Patrol Team

"Strong!"

At this time, he saw Ye Feng using a small black sword to split the golden gate in front of him in half.

Shang standing aside saw this terrifying power and immediately shouted in excitement.

Shang couldn't help but said in surprise: "This small black sword has exerted its original power in your hands, Ye Feng. It is really a good sword to match a hero."

When Ye Feng heard what Shang said, he immediately smiled and said, "Thank you also, Shang, for finding this special black sword in the god's backpack. Otherwise, I wouldn't have gotten it at all. This ancient and powerful weapon."

Hearing what Ye Feng said, Shang immediately nodded.

Ye Feng suddenly said: "Shang, I think this little black sword may not be as simple as we imagined. I feel that it is more than just a weapon of the gods."

"Um?"

Hearing what Ye Feng said, Shang's eyes froze and he couldn't help but say: "You mean, the true identity of this small black sword is more extraordinary and advanced than the weapons of gods?"

Ye Feng nodded and said aloud: "That's right, because every time I activate this little black sword, I can always feel that it contains not only the breath and power of the gods, but also a... A terrifying rage that can surpass the gods and even kill them."

"Um?"

Hearing what Ye Feng said, Shang immediately widened his eyes slightly, then couldn't help but nodded, and said loudly: "No matter what, this little black sword is definitely a peerless weapon. Ye Feng, you have to treat it well." A small black sword."

Ye Feng immediately nodded, grinned, and said loudly: "Don't worry, I will definitely use this little black sword well, and with this trump card in my hand, we will be in this hundred thousand mountain in the future. To seize the territory, we don't have to be afraid of some more powerful and powerful beings. If that doesn't work, I will consume all my strength and use the power of this small black sword to kill powerful beings that are several realms higher than us in an instant. However, Don't use it unless it's absolutely necessary, because after each use, I can only use one sword. If the opponent doesn't die with one sword, I will completely lose all my power and can only be slaughtered by others, so I must kill with one sword. Only the opponent can do it."

After Ye Feng finished speaking, Shang nodded solemnly and said loudly: "That's for sure. Of course, we won't casually provoke beings that are much more powerful than us. There's no need, right. , stop talking nonsense, let's go directly to the exclusive treasure house of the Barbarian Bull King, I can't wait to get the huge wealth left by the Barbarian Bull King."

Ye Feng immediately nodded and followed Shang directly into the treasure house in front of him.

When they passed through the golden gate and entered the treasure house, their eyes suddenly showed deep astonishment.

Because they saw that the entire treasure house was completely empty.

"What??"

When Shang saw the scene in front of him, he couldn't help but his face turned livid immediately, and then he cursed loudly and said: "What's going on? Why is it so empty? There's not even a hair on it!"

Ye Feng thought for a moment and couldn't help but said: "Perhaps the reason why the Manniu King was able to become so powerful and reach the Daohai realm above the Fusion Sky realm is because he has transformed himself into the Daohai realm. All the cultivation resources have been used up, which is why he has become so powerful. Naturally, there is nothing left in his exclusive treasure house. "

"this....."

When Shang heard what Ye Feng said, his eyes immediately showed astonishment, and then he said, "Ye Feng, what you said makes sense."

At this moment, Shang's face obviously looked very disappointed.

Ye Feng's face was quite calm at this time.

It was because the Manniu King had used up all the cultivation resources in this exclusive treasure house that he could break through to such a powerful realm of cultivation.

Therefore, after Ye Feng swallowed and absorbed the power of the Barbarian Bull King, he also indirectly used all the cultivation resources.

Therefore, Ye Feng is not at a loss at all.

At this time, Shang immediately said: "Damn it, I thought I could get a lot of good things, but I didn't expect anything."

Ye Feng couldn't help but smile at this time, and said comfortingly: "This time, I was able to take over all the territory in the entire Manniu Mountain, and successfully benefited the Manniu King. It is already very good."

When Shang heard what Ye Feng said, he could only nod helplessly, and then said aloud: "Okay, let's go back to Dragon Demon Mountain now."

Ye Feng nodded and followed Shang, flying directly to the foot of Manniu Mountain.

At this moment, the gem elf, the nine-tailed demon fox and other four powerful demon clans are waiting for Ye Feng and Shang.

Seeing Ye Feng and Shang coming over, the nine-tailed demon fox and the other four powerful demon tribes all clasped their fists respectfully and said, "See the first commander, the second commander."

At this time, the nine-tailed demon fox, the dragon-blooded turtle and the crocodile king, these three demon clan masters who did not believe in Ye Feng's strength, looked at Ye Feng at this moment, their eyes were definitely filled with deep emotions. A look of awe.

Because before on the top of Manniu Mountain, Ye Feng's earth-shattering sword killed a terrifying existence like the Manniu King in an instant, which really shocked the nine-tailed demon fox and a group of powerful demon clansmen.

At this time, Ye Feng's expression was very dull as he looked at the respectful and respectful demon masters in front of him.

In the past, these powerful demon clan men did not believe that Ye Feng was qualified to become their leader.

But now, these powerful demon clan men are all convinced.

Regarding this result, Ye Feng was not surprised at all, it was completely expected.

Because Ye Feng knew very well that his own strength would definitely surprise these powerful monsters.

At this moment, Shang immediately nodded slightly and said loudly: "Gem Elf, you will stay in Manniu Mountain for the time being, and the others will follow us back to Dragon Demon Mountain."

The gem elf immediately clasped his fists respectfully and said, "Yes, Commander-in-Chief."

Seeing this scene, the nine-tailed demon fox, dragon-blooded turtle and crocodile king standing next to them all showed envy in their eyes.

Because Shang's meaning is very clear, that is, Manniu Mountain will be controlled by the gem elves from now on.

These

The strong men of the demon clan naturally have great expectations for the autonomy of being able to control a mountain.

At this time, Shang Ze waved his dragon claw and said, "Let's go back to Dragon Demon Mountain first."

"Yes, Commander-in-Chief."

The nine-tailed demon fox, dragon-blooded turtle and crocodile king all nodded, and then followed Ye Feng and Shang and flew quickly towards the Dragon Demon Mountain.

Half an hour later, they returned to the top of Dragon Demon Mountain.

Shang also built a pitch-black hall on the top of Dragon Demon Mountain, which was his residence.

Ye Feng and Shang walked directly into it.

The nine-tailed demon fox, the dragon-blooded turtle and the crocodile king stood guard outside the main hall.

At this moment, in the black hall, Shang stared at Ye Feng and said: "Next, we can continue to capture other mountains. If we can control dozens of mountains, it will be of huge benefit to the development of our power. I will Can get more blessings from Wanyao interface's interface luck."

Hearing what Shang said, Ye Feng shook his head slightly and said: "We can wait for the time being. If we attack so many mountains in a row, it will definitely make the powerful demon clans in other surrounding mountains very nervous." , when the time comes, they may join forces to deal with us. Even if I have a small black sword in my hand, it will be difficult to cope with the cooperation of all the big monsters in the surrounding mountains. "

Hearing what Ye Feng said, Shang immediately nodded and agreed: "Ye Feng, you are right, you are more thoughtful. This time we captured Manniu Mountain, it is estimated that it has caused a stir in other major mountains around. Attention of the great demons, we should recuperate for a while during this period. I just happened to take you Ye Feng to the depths of our Shiwan Mountain to find some rich resources bred by heaven and earth. "

Just as the two of them were talking, the urgent voice of the nine-tailed demon fox suddenly came from outside the main hall: "Report to the First Commander and the Second Commander that we have discovered something in the jungle ten kilometers away from Dragon Demon Mountain. A large number of patrol teams from the Shenshui Dynasty were very secretive, but they were still

discovered by our stationed tree spirit demons. These patrol teams from the Shenshui Dynasty were probably coming to investigate the situation in our Hundred Thousand Mountains and wanted to eliminate them. The great monster in the surrounding mountains.”

Chapter 4180 Ancient Ruins

At this moment, after hearing the nine-tailed demon fox's report, Shang suddenly showed a trace of solemnity in his eyes.

Ye Feng saw the solemn look in Shang's eyes, and suddenly there was a look of surprise in his eyes.

Because Ye Feng rarely saw Shang showing such a solemn expression.

In Ye Feng's eyes, Shang has always been careless and unscrupulous.

Even when faced with such a powerful being as the Barbarian Bull King, Shang showed a character that was not afraid of anything.

But now, just hearing the nine-tailed demon fox mention the patrol team of Shenshui Dynasty, Shang became so solemn.

It is enough to show that this Shenshui Dynasty is indeed a very large country with a very profound foundation, otherwise it would be impossible for Shang to be so solemn.

At this time, Ye Feng couldn't help but ask: "Shang, is this Shenshui Dynasty very powerful?"

Shang immediately nodded at this moment and said in a very solemn voice: "Ye Feng, you have to know that there are countless great monsters living in the endless forests of our Shiwanda Mountain, but no one has ever dared to invade the divine water. Dynasty, so it means that Shenshui Dynasty is naturally a very large country and cultivation dynasty, in which countless powerful beings exist. Moreover, this Shenshui Dynasty, I told you before, is a vassal of the Blood Demon Dynasty. Dynasty, so Ye Feng, if the two of us want to plot the Blood Demon Dynasty, we still have a long way to go. "

Hearing what Shang said, Ye Feng immediately nodded solemnly.

For Ye Feng, he and the Blood Demon Dynasty have almost become mortal enemies.

Because before, the Blood Demon Dynasty sent a powerful snake man to the world of origin in advance, but he happened to encounter Ye Feng, and a conflict arose, and he was killed by Ye Feng using special means.

Therefore, Ye Feng has long been on the Blacklist of the Blood Demon Dynasty.

Ye Feng followed Shang to the Ten Thousand Demons Interface this time. In addition to wanting to learn from the advanced practice of the Ten Thousand Demons Interface, Ye Feng

In the interface, look for powerful and advanced cultivation resources to improve your cultivation.

There is also a more important purpose, which is to explore the reality of the Blood Demon Dynasty.

If there is a chance, the huge scourge of the Blood Demon Dynasty should be solved as soon as possible.

But now it seems that Ye Feng knows that his goal is really far away.

Because even the Shenshui Dynasty, which is a vassal of the Blood Demon Dynasty, is enough to frighten countless strong demon clans in the entire Hundred Thousand Mountains.

Not to mention the Blood Demon Dynasty, the top behemoth in the interface of ten thousand demons.

But Ye Feng is not in a hurry.

After all, the meal must be eaten one bite at a time, and the road must be walked step by step.

Ye Feng has plenty of time.

At this moment, Ye Feng immediately said: "Then what should we do now?"

For Ye Feng, the main reason for joining Shang's Dragon Demon Mountain this time is to help Shang fight against the enemy. Therefore, the various arrangements of Long Demon Mountain are still made by Shang himself. Unless it is a particularly important matter, Ye Feng will propose it. own opinions.

Shang thought for a while at this time, then looked at the nine-tailed demon fox in front of him, and said aloud: "Our current accumulation is still not enough after all. Let's activate the hidden formation first, and cover the entire Dragon Demon Mountain and Manniu Mountain in the hidden formation. In the middle of the law, avoid the detection of the patrol teams from the Shenshui Dynasty. "

Hearing what Shang said, the nine-tailed demon fox immediately nodded and said, "Yes, Commander-in-Chief."

After saying that, the nine-tailed demon fox left the hall directly.

At this moment, Ye Feng also nodded and said: "

Shang, your approach is correct. If you rashly confront this behemoth now, it will not do us any good, it will only bring destruction to us. The most important thing now is to improve the strength of you and me as much as possible, and then fight for it. With more territory and resources in the Hundred Thousand Mountains, when our power becomes truly powerful to a certain extent, we will no longer have to fear the Shenshui Dynasty. If they dare to come, we will send them to the West. "

Hearing what Ye Feng said, Shang immediately laughed out loud and said, "That's true. Let's leave Dragon Demon Mountain directly now. I'll take you to the deep area of Shiwan Mountain to see if you can find it. Some high-level cultivation resources will allow us to upgrade our cultivation to the Daohai realm above the Fusion Heaven realm as much as possible. In this case, we will be able to occupy more territory. Among the hundreds of thousands of mountains, it is originally the world of things. Selection, survival of the fittest, whoever is stronger will be able to occupy more territory."

Hearing what Shang said, Ye Feng immediately nodded, followed Shang and left the hall directly, flying quickly towards the deep area of Shiwan Mountain.

Half a day later, Shang took Ye Feng to a very special place.

A stretch of ruins with no end in sight appeared ahead.

At this time, Shang immediately said: "This is the place where the most ancient treasures are hidden in our Hundred Thousand Mountains. This ruin is called the Ancient Ruins. It is said that when the Hundred Thousand Mountains was the most glorious in the ancient times, countless powerful monsters, The ruins created when fighting the gods in the sky, so there are many good things hidden in this ancient ruins. Many powerful monsters in our Hundred Thousand Mountains like to come here to explore for treasures, and the divine water The dynasty has been eyeing our entire Shiwandashan area and wants to eradicate all the great monsters, just to gain private control over this ancient ruins and to find the precious things left by the ancient gods."

Hearing what Shang said, Ye

Feng suddenly showed a look of surprise in his eyes, and couldn't help but stare at the endless ruins in front of him, and said loudly: "It seems that this is really a good place. I have soul power to explore, and I will definitely be able to find it." Good stuff."

Uh-huh!

Uh-huh!

At this moment, Ye Feng said that he immediately followed Shang and flew into the ancient ruins in front of him.

For Ye Feng, this time he came to this interface of ten thousand monsters, naturally to find various cultivation resources to improve himself.

So now Shang brings himself to this ancient ruins full of treasures from ancient times. Ye Feng naturally wants to release his soul power to the fullest and look for various resources and wealth that can improve his cultivation strength.

According to what Shang said before, this ancient ruins were the ruins left behind by the top monsters in the Hundred Thousand Mountains after the war with the gods in the sky. There must be a lot of good things there.

For example, if you can find the weapons of the gods or the inherited bones of some ancient top demons, they will definitely be peerless treasures.

No wonder the Shenshui Dynasty, a huge country, wants to wipe out all the great monsters in the Hundred Thousand Mountains and occupy this ancient ruins alone.

If the Shenshui Dynasty can really do this, Ye Feng does not even doubt that this Shenshui Dynasty, with the help of all the ancient resources and wealth in the ancient ruins, is very likely to grow to be as powerful as the Blood Demon Dynasty. The interface is the most top-notch, comparable to the first-class powers.

It seems that the ambitions of this Shenshui Dynasty are also very huge.

Although he is a vassal under the Blood Demon Dynasty, the emperor of the Shenshui Dynasty must be very unwilling to be subordinate to others. He wants to control the ancient ruins in the Hundred Thousand Mountains and transform his dynasty into a high-level power.
