Chapter 4191 Reaching Cooperation

At this time, when Ye Feng suddenly said this, the two Tianhan Valley disciples in front of them suddenly showed a trace of surprise in their eyes.

Because they never thought that the ordinary-looking young casual cultivator in front of them would actually say such bold words.

You must know that the elders of their generation in Tianhan Valley are unable to crack that ancient formation.

But the ordinary-looking young man in front of him dared to say that he could rescue the Tianhan Valley disciples who were trapped in the formation.

And is there even a chance to completely crack that formation?

At this time, the disciple from Tianhan Valley in front of him suddenly said: "Where did this young man come from? He was so arrogant. Stop talking nonsense and get out of here. You can't get involved here."

But after the Tianhan Valley disciple finished speaking, the beautiful woman from Tianhan Valley standing next to him, the powerful female disciple in snow-white clothes, Senior Sister Su, immediately stared at Ye Feng.

Senior Sister Su said slowly: "Young man, I can choose to believe you, but if you can't do it, you have to pay the price. After all, we are not fooled by you casually."

Ye Feng immediately said confidently: "To tell you the truth, I have awakened a special pupil technique that can see through formations since I was a child. I can basically see through and crack the formations in the world, so we can achieve this Cooperated."

Hearing what Ye Feng said, Senior Sister Su nodded slightly and said aloud: "What is your name? Let me introduce myself first. My name is Su Jixue. I am the top ten chief of Tianhan Valley, one of the three top sects of the Shenshui Dynasty. One of my disciples, you should know what will happen if you dare to lie to me."

Ye Feng immediately smiled and said, "My name is Ye Feng. If I lie to you, you can kill me on the spot at any time."

Hearing what Ye Feng said, Su Jixue's beautiful eyes showed a hint of surprise, as if she didn't expect Ye Feng to be so confident.

After all, Su Jixue could feel that Ye Feng's cultivation aura was actually not strong, and was two levels lower than hers.

So Ye Feng looks like an ordinary young casual cultivator, not quite like someone who can solve the ancient problem.

A powerful array master who is hidden in the old advanced formation.

But at this time, there was no other way, and Su Jixue could only believe Ye Feng's words for the time being.

At this time, Su Jixue nodded immediately and said loudly: "Who is the powerful enemy you just said that you need us to help you fight against?"

Ye Feng said aloud: "He is an old guardian of the Ten Thousand Beasts Sect, the three top sects of the Shenshui Dynasty. He has a powerful cultivation level at the Yuanfu level, which is two realms higher than me currently."

At this time, Ye Feng was speaking, with a hint of sigh in his eyes.

It is indeed an advanced practice interface.

A female disciple of a top sect in the dynasty actually possesses such great strength.

Because Ye Feng could sense that the cultivation aura of Su Jixue in front of him was the same as the cultivation of the old guardian of the Ten Thousand Beasts Sect who was chasing Ye Feng.

They are all powerful beings at the Yuanfu realm!

It can be seen that the Su Jixue in front of him definitely has a very high status in Tianhan Valley, and he is worthy of being one of the top ten chief disciples of Tianhan Valley.

When Ye Feng heard what Ye Feng said, Su Jixue's beautiful face in front of him revealed a trace of surprise, and he said aloud: "You actually provoked the strong guardian of the Ten Thousand Beast Sect? I have to say that you are still brave. Pretty big."

At this time, Ye Feng just smiled coldly and said, "It's a group of disciples from the Ten Thousand Beast Sect who want to rob me of my wealth. In my anger, I naturally killed them all."

Hearing what Ye Feng said, Su Jixue glanced at Ye Feng in surprise, then smiled slightly and said: "It seems that I made a mistake. You are also a decisive person in killing, and you know that the other party is a disciple of the Ten Thousand Beast Sect. , and dare to kill him, to avenge his enemies and repay his injustices, you have a good martial arts will, and you are not a weak person. "

After finishing speaking, Su Jixue no longer wasted time, and immediately looked at the other Tianhan Valley disciple next to her, and said loudly: "You lead

I will follow Ye Feng to see if the ancient formation can be cracked. As for the guardian strongman of the Ten Thousand Beast Sect, when he comes here, I will prevent him from entering this area. "

"Yes, Senior Sister Su."

The Tianhan Valley disciple immediately clasped his fists, then led Ye Feng to fly quickly towards the interior of this area, and left here in the blink of an eye.

Uh-huh!

At this moment, from the end of the wilderness not far away, an old man in red robes with a fierce face flew over.

It was the old guardian of the Ten Thousand Beast Sect who had been chasing Ye Feng for several days.

The old guardian of the Ten Thousand Beasts Sect immediately shouted loudly and said: "Boy, you can't run away!"

After finishing speaking, the old guardian of the Ten Thousand Beasts Sect suddenly saw the banner of Tianhan Valley appearing in front of him.

This also means that this is the area where Tianhan Valley is temporarily stationed, and outsiders are not allowed to enter.

The old guardian of the Ten Thousand Beasts Sect was trying to avoid this place, but he suddenly sensed Ye Feng's aura, which seemed to have stayed here.

The old guardian of the Ten Thousand Beasts Sect immediately moved his eyes.

Could it be that Ye Feng lurked into the territory of Tianhan Valley?

At this moment, the guardian elder of the Ten Thousand Beasts Sect immediately flew forward, wanting to detect Ye Feng's traces here.

"He who comes is stopped."

But at this time, Su Jixue, one of the chief disciples of Tianhan Valley, with a beautiful and sassy figure, immediately appeared here.

Su Jixue looked at the old guardian of the Ten Thousand Beasts Sect and said indifferently: "Didn't you see the banner of our Tianhan Valley here? Outsiders are not allowed to enter, and those who violate it will be killed without mercy."

"you....."

Seeing Su Jixue's murderous words, the old guardian of the Ten Thousand Beast Sect immediately became very stiff and said loudly: "It turns out that he is one of the top ten chief disciples of Tianhan Valley, Su Jixue, who can cultivate to the level at a young age. At the same level as me, you are indeed a peerless genius, but this time someone killed a dozen of our Ten Thousand Beast Sect disciples and committed a heinous crime. I must find him. He seems to have entered

Entering the area where you are temporarily stationed in Tianhan Valley. "

Su Jixue's eyes did not waver at all at this time, and she just said indifferently: "I have already said that anyone who dares to trespass into our Tianhan Valley's garrison area will only have one outcome, and that is to be killed without mercy."

Hearing what Su Jixue said, the old guardian of the Ten Thousand Beasts Sect immediately said angrily: "Su Jixue, don't be pretentious here. I have already sensed that boy's aura and entered the area where you are stationed in Tianhan Valley. What's the relationship between that kid and you in Tianhan Valley? Why do you want to protect him?"

Su Jixue just smiled faintly at this time and said aloud: "I didn't see anyone else entering our station in Tianhan Valley. You may have sensed it wrong."

"you.....!"

Hearing what Su Jixue said, the old guardian of the Ten Thousand Beasts Sect immediately turned blue with anger.

Su Jixue said coldly: "If you don't leave, I want to learn whether the guardian of your Ten Thousand Beast Sect is really as powerful as the rumors say. Release your contracted beast and I will see if it can block it." My thousands of miles of ice."

"Thousands of miles frozen?"

When the old guardian of the Ten Thousand Beasts Sect heard what Su Jixue said, his expression suddenly changed slightly and he said: "You are so young, and you have already successfully practiced the 'Thousand Miles of Ice', one of the three major sect-suppressing inheritances in Tianhan Valley? "

The old guardian of the Ten Thousand Beasts Sect, as an older figure in the Ten Thousand Beasts Sect, naturally knows how terrifying the Tianhan Valley's peerless inheritance is.

At this moment, the expression of the old guardian of the Ten Thousand Beasts Sect changed, and he became a little uncertain.

But in the end, instead of releasing his contracted beast, he snorted coldly and chose to leave.

However, the guardian elder of the Ten Thousand Beasts Sect did not completely leave here, but was hiding on a hillside not far from here. He did not believe that Ye Feng would always hide within the stationed area of Tianhan Valley and would not come out.

"Boy, if you dare to show your face, I will kill you in an instant!"

The old guardian of the Ten Thousand Beast Sect murmured secretly at this moment, his tone full of boiling murderous intent.

Chapter 4192 This is ridiculous

The ancient ruins, inside the temporary garrison area of Tianhan Valley.

At this moment, Ye Feng followed the Tianhan Valley disciple and was walking quickly towards the inner area.

Uh-huh!

And suddenly at this moment, the beautiful figure of Su Jixue, one of the top ten chief disciples of Tianhan Valley, caught up from a short distance away.

At this time, Ye Feng couldn't help but asked: "Is the old guardian of the Ten Thousand Beast Sect who is chasing me here already?"

Su Jixue nodded, glanced at Ye Feng coldly, and then said lightly: "Don't worry, I have blocked him from the area where we are stationed in Tianhan Valley. He won't dare to do it for a while. If he dares to enter this, I will let him know what regret is."

Hearing Su Jixue's domineering words, Ye Feng's eyes suddenly showed a hint of surprise.

This Su Jixue blocked the old guardian of the Ten Thousand Beasts Sect entirely because of her own strength.

This shows how powerful this Su Jixue is.

Even senior figures like the guardian of the Ten Thousand Beasts Sect did not dare to fight Su Jixue directly.

At this time, Ye Feng had greater hope in improving his powerful cultivation.

If he could have the same powerful cultivation level as Su Jixue of Tianhan Valley, he probably wouldn't have to fear the old guardian of the Ten Thousand Beasts Sect at all.

At this time, Ye Feng suddenly said: "If I can help you Tianhan Valley solve this ancient and terrifying ancient formation this time, I hope that you Tianhan Valley can protect me in the future and leave here, completely stay away from the old guardian of the Ten Thousand Beasts Sect, because I feel that he will definitely not leave so easily, and maybe he is waiting outside now. "

Hearing what Ye Feng said, Su Jixue's eyes showed a look of surprise, as if she didn't expect that Ye Feng would stick to their Tianhan Valley like this.

But at this time, Su Jixue just said with a half-smile: "If you are really capable and can solve that ancient formation that even many elders of our Tianhan Valley are helpless, it means that you do have huge power in the formation." Research, very proficient in various ancient formations. Our Tianhan Valley still needs talents like you. When the time comes, you can follow me back to Tianhan Valley and join our Tianhan Valley. Anyway, you are a casual cultivator now. There is no need to go to any other forces."

Hearing what Su Jixue said, Ye Feng's eyes flashed slightly, and then he said, "You can consider it."

"Can consider it?"

Hearing what Ye Feng said, the Tianhan Valley disciple who was standing in front and leading the way suddenly said unconvinced: "Ordinary casual cultivators will definitely be happy if they can join our Tianhan Valley. I didn't expect you. I still have to think about it, and I still don't know if you have such great research on formations."

And just as a few people were talking, they had already reached the deepest part of this area.

The next moment Ye Feng saw it, a huge hole appeared in front of him, which seemed to have been dug deep into the ground.

At this time, Su Jixue looked at Ye Feng and said aloud: "The ancient formation that trapped many of our disciples in Tianhan Valley is under this hole. This hole is connected to this ancient ruins. At that time, a very powerful The ruins of the ancient forces are the underground ruins of the barbarian kingdom created by the ancient barbarian kings. This time I led the team here specifically to

I want to find the remnants of the barbarian kingdom created by the ancient barbarian king. "

Hearing what Su Jixue said, Ye Feng's eyes suddenly froze and he said, "It turns out that this time it's not the entire Tianhan Valley that came here, but just you, Senior Sister Su."

At this moment, Ye Feng called Su Jixue directly as Senior Sister Su, which was quite casual.

Su Jixue obviously noticed this and didn't say much. She just nodded slightly and said loudly: "Yes, I am leading the team alone this time. Our powerful disciples in Tianhan Valley all have their own power. The upper echelons of Tianhan Valley also have a very relaxed attitude towards disciples creating forces, because the upper echelons of Tianhan Valley feel that the creation of their own forces by the top geniuses can help themselves to improve, and can also help other people under his command. The disciples are promoted, which leads to the improvement of the strength and foundation of the entire sect."

Hearing what Su Jixue said, Ye Feng became interested. It seemed that Tianhan Valley was a very good place to live temporarily.

Ye Feng immediately nodded and said: "Okay, I am willing to temporarily join your Tianhan Valley and become a member of Senior Sister Su's private force."

When Su Jixue heard what Ye Feng said, she just smiled faintly and said, "First solve the trouble in front of you and prove your ability."

After saying this, Su Jixue took Ye Feng and jumped into the hole in front.

As the two of them descended, Ye Feng saw a huge stone gate appearing at the end of the passage under the pit.

In front of this stone gate, a formation emitting bright golden light was standing there.

There were more than a dozen disciples from Tianhan Valley trapped in the formation.

There are many corpses around, all of which must have been killed by this ancient formation.

At this moment, many senior figures, probably the elders of Tianhan Valley, stood outside this golden formation, somewhat helpless.

Because they have no way to solve the trouble here, and they can't study this golden formation.

At this time, Su Jixue came here with Ye Feng. An elder wearing a white robe immediately said with a deep frown: "This golden formation should be an attack formation set up by the ancient barbarian king. It is specially used to protect the underground ruins of the barbarian kingdom created by the ancient barbarian kingdom. We have studied for a long time but there is no way. Elder Mo just wanted to force his way into the formation, but was hit by a golden weapon emitted from the golden formation. The giant sword directly penetrated the entire body and was nailed to the surrounding walls. "

Hearing what the elder said, Su Jixue frowned immediately, then looked at Ye Feng beside her, and said loudly: "Ye Feng, the rest is up to you, don't let me down, I hope you are not deceiving me. I, otherwise, you will definitely have no good fruit to eat."

Hearing what Su Jixue said, Ye Feng immediately smiled confidently and said: "Senior Sister Su helped me resist the pursuit of the old guardian of the Ten Thousand Beast Sect, so naturally I will not deceive you, Senior Sister Su. Come down and see me."

Uh-huh!

After saying that, Ye Feng flew directly forward.

At this moment, the elder who reported the situation immediately looked at Su Jixue beside him, and couldn't help but said in shock: "This boy who looks ordinary is actually going to solve that ancient golden formation. "Aren't you kidding? This is too ridiculous." The ancient ruins, inside the temporary station area of Tianhan Valley.

At this moment, Ye Feng followed the Tianhan Valley disciple and was walking quickly towards the inner area.

Uh-huh!

But suddenly at this moment, the beautiful figure of Su Jixue, one of the top ten chief disciples of Tianhan Valley, caught up from a short distance away.

Hearing Su Jixue's domineering words, Ye Feng's eyes suddenly showed a hint of surprise.

This Su Jixue blocked the old guardian of the Ten Thousand Beasts Sect entirely because of her own strength.

This shows how powerful this Su Jixue is.

Even senior figures like the guardian of the Ten Thousand Beasts Sect did not dare to fight Su Jixue directly.

At this time, Ye Feng had greater hope in improving his powerful cultivation.

If he could have the same powerful cultivation level as Su Jixue of Tianhan Valley, he probably wouldn't have to fear the old guardian of the Ten Thousand Beasts Sect at all.

At this time, Ye Feng suddenly said: "If I can help you Tianhan Valley solve this ancient and terrifying ancient formation this time, I hope that you Tianhan Valley can protect me in the future and leave here, completely Stay away from the old guardian of the Ten Thousand Beasts Sect, because I feel that he will definitely not leave so easily, and maybe he is waiting outside now. Anyway, you are a casual cultivator now. There is no need to go to any other forces."

Hearing what Su Jixue said, Ye Feng's eyes flashed slightly, and then he said, "You can consider it."

"Can consider it?"

Hearing what Ye Feng said, the Tianhan Valley disciple who was standing in front and leading the way suddenly said unconvinced: "Ordinary casual cultivators will definitely be happy if they can join our Tianhan Valley. At this moment, the elder who reported the situation immediately looked at Su Jixue beside him, and couldn't help but said in shock: "This boy who looks ordinary is actually going to solve that ancient golden formation. Are you kidding me? This is ridiculous."

Chapter 4193 Join a small group

At this moment, the elder who reported the situation said that he did not believe in Ye Feng's ability.

Obviously, in the eyes of the elder of Tianhan Valley, it is impossible for Ye Feng, an ordinary-looking young man, to crack the ancient terrifying formation in front of him.

At this time, the elder who reported the situation immediately looked at Su Jixue and couldn't help but said: "Do you really want this young boy to act recklessly? If the formation cannot be broken, it may even disrupt the entire process. The operation of the formation may very well endanger the lives of other disciples trapped in the formation."

When Su Jixue heard what the elder who reported the situation said, she immediately frowned and seemed to be thinking about whether she should let Ye Feng take the risk and give it a try.

But at this moment, the next moment, they suddenly saw a shocking scene.

Ye Feng didn't even make any move and walked directly into the golden formation.

When Su Jixue saw this scene, she couldn't help but said anxiously: "Ye Feng, do you want to die? This golden formation even killed the elders of our Tianhan Valley. This formation The magic can instantly transform various attack methods, such as a golden giant sword, which can pierce your entire body at once, so don't be too nervous. "

But before Su Jixue could finish her words, the elder who reported the situation and Su Jixue were shocked.

Ye Feng didn't move at all, but he walked into the golden formation so safely.

The golden formation seemed to have no resistance at all against Ye Feng's approach and entry.

"What??"

Seeing this scene, not to mention Su Jixue, even the elder of Tianhan Valley who had been very distrustful of Ye Feng just now, their eyes widened suddenly, and a look of deep horror appeared on their old faces.

The elder couldn't help but said: "How is this possible? How did this kid do it?"

At this moment, Su Jixue suddenly showed a trace of surprise on her face.

At this time, she finally realized that Ye Feng was not joking at all.

Ye Feng really has the ability to crack this ancient formation.

At this moment, Ye Feng was walking in the golden formation and was naturally not attacked by the formation.

Because Ye Feng's Eye of Heaven and Earth has long been

You can see the running context of the entire formation.

So Ye Feng seemed to walk into this golden formation very casually.

But in fact, every step he took was stepping on a place that the golden formation could not attack.

Therefore, this golden formation is naturally unable to actively attack Ye Feng.

Next, Ye Feng naturally walked into the inside of this golden formation easily and came to the dozen Tianhan Valley disciples who were trapped in it.

These days, the disciples of Hangu are currently being attacked by the power of the entire formation.

But Ye Feng walked beside them and was not attacked by the power of the formation.

This naturally shocked the dozen Tianhan Valley disciples in the formation.

"How...how on earth is this done??"

A group of Tianhan Valley disciples looked at Ye Feng with eyes that were full of deep horror, and then turned into admiration.

Because this was the first time they saw such a powerful young man. He looked ordinary, but he had unpredictable methods.

He was able to do so with ease in the powerful formations set up by this ancient ancient barbarian king.

"Is this young man the top formation master invited by Senior Sister Su from some super power?"

At this time, a group of Tianhan Valley disciples in the formation couldn't help but guess Ye Feng's true identity.

Because the ability shown by Ye Feng is really too unbelievable.

At this time, looking at the dozen or so disciples from Tianhan Valley, they all looked shocked.

Ye Feng didn't find anything surprising.

After all, Ye Feng knew that if he, an ordinary-looking young man, could do this, he would really shock the disciples of these powerful forces.

At this time, Ye Feng just smiled slightly and said: "Everyone, it was Senior Sister Su who asked me to save you, and I may also join your Tianhan Valley in the future and become a member of Senior Sister Su's group, so please believe me. , I will take you to the formation

If you travel within the formation and strictly follow my requirements, you will not be attacked by the formation. I will take you out of this ancient formation safely. "

Hearing what Ye Feng said, the dozen or so Tianhan Valley disciples present nodded their heads, and no one dared to refuse.

Although Hangu disciples are very proud outside these days, they were severely attacked in this ancient formation.

Ye Feng can come here without any pressure and will not be attacked by the formation.

This miraculous scene had already made this group of more than a dozen disciples from Tianhan Valley feel deep trust and admiration for Ye Feng.

At this time, Ye Feng immediately nodded, turned around, and walked towards the outside of the formation.

Then Ye Feng said aloud: "You will follow every step I take and step on my footprints, one by one."

Hearing what Ye Feng said, the dozen or so Tianhan Valley disciples behind him nodded quickly and followed Ye Feng's footsteps and walked forward.

In the end, Ye Feng and a dozen disciples from Tianhan Valley walked out of the golden formation safely and came outside, completely out of danger.

"Oh my god, it's so amazing. We came out safely like this?"

"Yeah, I thought I was going to die in that ancient formation just now, but I didn't expect to walk out so easily without being attacked by the formation."

"This brother Ye Feng is really a peerless genius. You know, one of our elders died under the attack of the formation just now. It's a pity that we didn't wait for the arrival of brother Ye Feng."

At this time, a group of disciples from Tianhan Valley were talking one after another. In their words, they praised Ye Feng to the heavens.

Seeing this scene, Su Jixue's originally cold expression softened.

The way she looked at Ye Feng changed from the suspicion before to the trust and gentleness now.

At this time, the elder who reported the situation just now had a look of disbelief on his face and stared at Ye Feng.

It seems that he did not expect that Ye Feng could really turn more than a dozen disciples of Tianhan Valley from the ancient and dangerous world so easily.

The formation was brought out safely.

At this time, Su Jixue suddenly walked up to Ye Feng, smiled slightly, stretched out her jade-white hand, and said loudly: "Welcome to join our Tianhan Valley, and thank you for saving these disciples of our Tianhan Valley. , they are all elite members of the small group I created. If they all die in the formation, we will lose a lot, and you will help me save a huge loss."

Hearing what Su Jixue said, Ye Feng immediately stretched out his hand, shook it slightly with Su Jixue, and then said with a smile: "Senior Sister Su chose to believe in me before and helped me

resist the beasts that were chasing me. Master Zong, bring me here, then I won't let you down, Senior Sister Su."

When Su Jixue heard what Ye Feng said, she immediately smiled and said, "You will follow me back to Tianhan Valley after that. Don't worry, if you join my small group, I will never treat you badly. Wait. After returning to Tianhan Valley, I will give you the training resources you deserve to help you improve your cultivation first, and from now on you will specifically help our small group to crack various ancient formations, because we often go to the gods. In the endless wilderness around the Water Dynasty, when searching for various ancient ruins, we often encounter some terrifying ancient formations. Ye Feng, you can be said to be lucky for our group to have you join us."

At this moment, Su Jixue's impression of Ye Feng was that Ye Feng was very knowledgeable about formations.

But what she didn't know was that when Ye Feng's cultivation level improved, Su Jixue would be amazed by his terrifying combat power.

But Ye Feng didn't say much at this time, nor did he brag about himself, because time would tell everything.

At this moment, Ye Feng just smiled and said: "From now on, thanks to Senior Sister Su, I will take more care of you."

Su Jixue nodded, then looked at the golden formation at the entrance of the ancient barbarian kingdom not far away, and couldn't help but said: "Ye Feng, do you have the ability to completely crack this golden formation next?" , so that we can approach that stone door, open that stone door, enter the underground ruins of the ancient barbarian kingdom, and find opportunities for creation. This is very important to me, because I want to get the inheritance of the ancient barbarian kings. For my next participation in the god The Shui Dynasty's once-in-a-decade top genius competition is of great help."

Chapter 4194 Feeling respected

At this time, after hearing Su Jixue's solemn words, Ye Feng's face became serious and he said: "Senior Sister Su, don't worry. As long as you give me time, I will definitely be able to crack this golden formation. Wait until it is cracked." After that, everyone can directly enter the underground ruins of the ancient barbarian kingdom."

At this moment, Ye Feng was speaking with a trace of expectation in his eyes.

He himself has now directly joined the group of Su Jixue, one of the top ten chief disciples of Tianhan Valley.

Therefore, their group wants to enter the ancient ruins of the ancient barbarian kingdom and look for the chance fortunes left by the ancient barbarian kings. If Ye Feng follows them, he will definitely get a share of the pie.

Therefore, cracking this formation at this time also has huge benefits for Ye Feng himself.

At this time, Su Jixue immediately nodded and said, "Ye Feng, do you need any help?"

Ye Feng shook his head and said with a smile: "No need at the moment, just give me some private time."

Uh-huh!

After saying that, Ye Feng walked directly towards the golden formation in front again, and then stood in front of the golden formation.

Ye Feng used his special Eye of Heaven and Earth and began to analyze all the internal structures of the entire golden formation to see how to destroy the operation of the entire golden formation.

While Ye Feng was observing, a group of Tianhan Valley disciples behind him were surrounding Su Jixue. They couldn't help but exclaimed in wonder: "Senior Sister Su, where did you come from with this young man?" Found it? It's really amazing. His understanding of formations is simply unfathomable."

At this time, Su Jixue's eyes also showed a hint of wonder, and she said aloud: "He is a casual cultivator I met accidentally, and he does not belong to any big force, so this time I specially invited him to join We, Tianhan Valley, become members of our team."

"What?"

\u003e

Hearing what Su Jixue said, a group of other Tianhan Valley disciples around them showed joy in their eyes.

Everyone hurriedly said: "Congratulations to Senior Sister Su. Being able to obtain such a peerless genius with in-depth research on formations will definitely be of great benefit to our entire group in exploring ancient ruins in other places in the future."

Su Jixue immediately nodded and said aloud: "Ye Feng's skills in the formation are indeed amazing, but his cultivation level is still too low after all. When we go out to do tasks in the future, we must protect him well. he."

Hearing what Su Jixue said, a group of Tianhan Valley disciples around them all nodded.

They are all members of this small group created by Su Jixue, so naturally they focus on the interests of the entire group.

In their eyes, Ye Feng is not viewed as a combat power, but as a special talent who specializes in conquering formations. He is a relatively weak existence.

If Ye Feng knew what these people were thinking, he would probably smile secretly in his heart.

When his cultivation level rises, he will let these people know how terrifying his combat power is, and it is not just a matter of studying the formations.

"about there."

And just half a day later, Ye Feng suddenly looked at Su Jixue behind him and said loudly: "Senior Sister Su, your cultivation is the strongest here. Wherever I ask you to attack next, you use your strongest attack. Use force to attack and destroy that place."

Hearing what Ye Feng said, Su Jixue immediately nodded.

She knew that Ye Feng was probably confident of destroying this golden formation, but he needed her powerful power to assist him.

Uh-huh!

At this time, Su Jixue's beautiful figure suddenly flashed to Ye Feng's side and stood beside Ye Feng.

Su Jixue's beautiful cold eyes glanced at the huge golden formation in front of her, and said loudly: "Ye Feng, you can tell me directly what to do."

Ye Feng nodded, and immediately pointed his finger in a certain direction and said: "Attack in that direction, the ground about five hundred meters away."

"good."

At this time, Su Jixue didn't have the slightest doubt. After all, Ye Feng had just proved his demonic talent for formations.

At this moment, Su Jixue suddenly stretched out a slender palm.

In that palm, terrifying ice energy suddenly burst out.

A long sword of ice was directly condensed and shot out in that direction instantly.

In an instant, it hit the special ground area pointed by Ye Feng fiercely, and in an instant, the ground was completely shattered.

Almost at the moment when the ground shattered, the energy of the entire golden formation suddenly weakened.

The golden formation that originally exuded a dazzling light now immediately became dimmer.

"Um?"

Seeing this scene, Su Jixue's eyes suddenly showed surprise, and she couldn't help but said: "Ye Feng, the area on the ground you are guiding should be a base of this formation."

When Ye Feng heard this, he immediately nodded and said with a smile: "That's right, the places I asked Senior Sister Su to attack are all the foundations of this golden formation. If the foundation stone of the formation is destroyed, then this formation The law is naturally completely broken."

Hearing what Ye Feng said, Su Jixue's beautiful eyes suddenly revealed a look of deep amazement.

Even though she was one of the top ten chief disciples of Tianhan Valley and the top genius among the Shenshui Dynasty, she was still amazed by Ye Feng's words at this time.

Su Jixue couldn't help but said aloud: "Even those very famous formation masters in our Shenshui Dynasty probably can't find the foundation of this ancient formation as quickly as Ye Feng. , It's really incredible."

Su Jixue said at this time, and her tone of admiration for Ye Feng was not fake.

Because Su Jixue knows better than anyone how ancient and advanced this golden formation is.

But Ye Feng was able to discover the foundation of this formation in a short period of time, which was really amazing.

At this moment, Ye Feng did not waste time and continued to guide the position of each formation cornerstone, allowing Su Jixue to release powerful power to destroy the golden formation foundation.

"boom!!"

At the end, when the last cornerstone of the formation was destroyed by Su Jixue, the entire golden formation immediately shattered and completely disappeared.

"It actually destroyed this golden formation!"

"It really worked!"

At this time, a group of Tianhan Valley disciples watching from behind, including several elders led by Su Jixue, could not help but look deeply shocked.

They never expected that such a troublesome ancient high-level ancient formation would be completely solved by Ye Feng so quickly.

It was really unexpected by everyone.

It also made everyone look at Ye Feng from being dismissive before to serious now.

Even with a hint of awe!

Although Ye Feng's cultivation is relatively weak among everyone, Ye Feng's top-notch control over formations deserves everyone's respect!

Chapter 4195 Ruins of the Barbarian Kingdom

At this moment, with the golden formation completely shattered, Su Jixue led a group of Tianhan Valley disciples and elders directly to the stone gate in front.

This is an underground stone door, which is said to lead to the ruins of the barbarian kingdom created by the ancient barbarian kings.

At this moment, Su Jixue directly displayed a powerful martial arts inheritance called Ice Palm.

Su Jixue stretched out a small white hand and pressed forward.

"boom!"

Immediately, endless ice energy burst out directly from his palm, and then condensed into a big ice hand, which struck hard on the stone door in front of him.

Boom! !

Along with a terrifying roar, Ye Feng immediately saw that Su Jixue's big ice hand directly smashed the ancient stone door in front of him into pieces, and the destructive power was extremely shocking.

This made Ye Feng's eyes show wonder.

This Su Jixue is indeed one of the top ten chief disciples in Tianhan Valley, and her attack power is indeed terrifying.

At this time, the stone gate was destroyed, and top young talents like Su Jixue couldn't help but have a look of anticipation in their eyes.

Because this place, the ruins of the barbarian kingdom founded by the ancient barbarian kings, has huge benefits for Su Jixue's subsequent improvement in cultivation.

And soon, Su Jixue will participate in a very important martial arts competition of the Shenshui Dynasty.

So at this time, she brought her own small group to this ancient ruins to look for the ancient ruins of the barbarian kingdom left by the ancient barbarian king.

In addition to improving the overall strength of his small team, the most important purpose is that Su Jixue wants to find the peerless inheritance of the ancient barbarian king.

This is of great significance to Su Jixue

righteous.

Because although Su Jixue is very powerful now, there are many other powerful young geniuses in the Shenshui Dynasty.

If she can really find the powerful inheritance left by the ancient barbarian king in the ruins of this ancient barbarian king, then Su Jixue knows that her strength will be improved to another level.

Su Jixue's confidence will be even stronger when the time comes to participate in the top genius competition held by the entire Shenshui Dynasty once every ten years.

At this time, as everyone passed through this broken stone door, their vision suddenly became clear.

Originally they were standing outside in a very narrow passage underground.

But when they passed the stone gate, they immediately saw a very open and huge space.

This space is like a small world, giving people a very vast feeling.

The entire continuous stretch of land was brown, and the sky was dark, giving people a very depressing feeling.

Moreover, the air is full of the aura of iron-blooded killing, giving people the feeling that this place is like an ancient battlefield, not like the ruins of a barbarian kingdom at all.

It's like an ancient battlefield buried deep underground, a long time ago.

At this moment, Su Jixue said solemnly to the surrounding people: "The barbarian kingdom created by the ancient barbarian kings was destroyed in a tragic war, but it is not sure if any of the powerful barbarians from the barbarian kingdom survive. , so we all need to pay attention next so that we can respond at any time in case of danger."

"Yes, Senior Sister Su."

A group of disciples from Tianhan Valley around them all nodded.

The only two elders from Tianhan Valley present were flying around this small group, guarding the safety of the entire group.

This time Su Jixue knew that the ancient ruins were very dangerous, let alone the ancient ruins of the barbarian kingdom founded by the ancient barbarian king buried deep in the ancient ruins.

It's definitely more dangerous.

Therefore, Su Jixue specially invited three elders from Tianhan Valley this time to guard this small group, and gave them extremely high rewards.

It's a pity that one elder died during the previous fight against the golden formation, so now there are only two elders left.

Ye Feng was standing in the small team at this time, and suddenly he was shocked to find that Su Jixue actually asked more than a dozen Tianhan Valley disciples to surround him in the middle, and then walked.

Seeing this scene, Ye Feng was stunned for a moment, and then seemed to understand something, and immediately couldn't help but smile helplessly.

It seems that the Tianhan Valley disciples and members of Su Jixue's group feel that although they are very knowledgeable about formations, their own cultivation strength is not very strong, so they surround themselves in the middle. It seems to be to protect myself. ??.

Ye Feng suddenly realized that in the eyes of everyone, he had become a special talent who was powerless but possessed other abilities, so he had to give priority to protecting himself.

This made Ye Feng couldn't help but shake his head and smile, but he didn't say much.

After all, his current level of cultivation is indeed lower than everyone else.

But when these people see their true fighting power, they probably won't think so.

r\u003e

And when Ye Feng was thinking secretly in his heart, a Tianhan Valley disciple who suddenly came forward to explore the way, a young man wearing a blue gown, immediately exclaimed from the front: "Senior Sister Su, there is someone in front of me. A dilapidated city. There is so much resentment in that city. It seems that a very tragic battle once took place. Should we avoid it in advance? "

Su Jixue immediately spoke out from behind: "Don't avoid it, go directly into the city to explore the situation and see if there are various cultivation resources. We have tried our best to come here this time. The main task is to find The peerless inheritance left by the ancient barbarian king, a peerless powerhouse, and more importantly, the search for various opportunities and creations left by the ancient barbarian kingdom in this ancient ruins will be of great help in improving the strength of our entire small group. "

Hearing what Su Jixue said, the Tianhan Valley disciple who was leading the way immediately nodded and said, "Okay, I'll go into the city to investigate first."

Su Jixue immediately nodded and asked everyone to follow the Tianhan Valley disciple who was exploring the path at the front.

Soon, everyone came to this dilapidated city and saw a shocking scene.

I saw that the walls of the entire city were stained with mottled blood and had many signs of damage.

Apparently there had indeed been unimaginably brutal battles here.

"ah!!"

But suddenly at this moment, a huge scream suddenly came from the ruined city in front.

Everyone's expressions suddenly changed.

Su Jixue hurriedly spoke out: "It's Junior Brother Mo who is exploring the road ahead who is screaming! He must be in danger in the city, let's go in and rescue him!"

Chapter 4196 Miracle

Uh-huh!

At this time, Su Jixue said, directly using her own cold energy to condense a long sword of ice, and instantly she was the first to rush into the ruined city in front of them.

Swish, swish, swish!

Everyone also followed suit.

The moment they entered the ruined city, they immediately saw a horrifying scene.

I saw that the entire city was like a mass grave, with all kinds of tall corpses everywhere.

Many corpses have rotted and turned into white skeletons, lying on the ground, almost piled up in the entire city, which looks very shocking and horrifying.

The entire city is indeed filled with a very deathly aura, giving people the feeling that their entire life force is about to be swallowed up by this city.

At this time, everyone suddenly saw a horrifying scene.

The disciple from Tianhan Valley who was leading the way before, Junior Brother Mo, was unexpectedly grabbed by a tall skeleton with a skeleton palm and broke both of his legs directly at the knees. This made Junior Brother Mo scream in agony.

After all, with both legs broken, it must be extremely painful.

"hateful!"

At this time, Su Jixue saw this scene, held the ice sword in her hand, and immediately slashed towards the skeleton with cold eyes.

Click!

The ice sword that Su Jixue condensed was very powerful, with terrifying freezing ability and terrifying cutting power. It directly split the tall skeleton in half.

"ah!"

But at this time, Junior Brother Mo was still screaming.

Because his legs had been broken at the knee level, it was very painful.

At this time, Junior Brother Mo immediately looked at Su Jixue and said in pain: "Senior Sister Su, please give me a break! Not only did my legs break, I was also poisoned by the corpse poison in this skeleton, and there is no way I can recover." Come on! Give me a sword and let me die happily!"

When Su Jixue heard what Junior Brother Mo said, there was a trace of hesitation and unbearable look in her eyes.

.

But at this time, Junior Brother Mo not only had his legs broken, but the skin all over his body had turned black, and the poisonous gas was diffuse, and he really couldn't survive.

When many other Tianhan Valley disciples saw this scene, their expressions became very ugly.

Because they all saw that this Junior Brother Mo was really hopeless. Not only had he become disabled, but he was also poisoned and extremely ill.

"Okay, I'll give you a treat. Your relatives will be treated kindly."

Su Jixue spoke slowly at this time, holding the ice sword in her hand, ready to give Junior Brother Mo a happy blow.

"etc."

But suddenly at this time, a voice suddenly sounded.

It was Ye Feng.

"What's wrong?"

At this time, Su Jixue immediately looked at Ye Feng with doubtful eyes.

Ye Feng walked to Su Jixue's side and said, "I can save this Junior Brother Mo, he doesn't have to die."

"this....."

Hearing what Ye Feng said, everyone present couldn't help but look shocked in their eyes.

"What? Could it be that Junior Brother Ye is also a pharmacist?"

At this time, the other Tianhan Valley disciples around them couldn't help but think so secretly in their hearts.

Junior Brother Mo, who was attacked by poisonous gas, laughed miserably at this moment, and said in despair: "Junior Brother Ye, thank you very much for your kindness, but I don't want to live anymore, because even if you detoxify me, my legs will be damaged. If it is broken, it is completely useless. In the spiritual world, if both legs are broken, it is basically useless. "

Uh-huh!

However, Ye Feng didn't say anything at all at this time. He just ducked in front of Junior Brother Mo, stretched out his hand and pressed on Junior Brother Mo's shoulder.

Buzz!

The next moment, Ye Feng directly released his Hongmeng Purple Qi and began to input it.

In the body of Junior Brother Mo.

Hongmeng Purple Qi can originally repair everything, including organic life forms.

At this moment, a scene that shocked and shocked everyone happened.

The poisonous energy on Junior Brother Mo's body dissipated instantly.

Moreover, the most shocking thing was that Junior Brother Mo's legs began to grow new flesh and bones.

"Junior Brother Mo's broken legs have started to grow again!"

"How on earth is this done?"

"This...a miracle!"

At this time, countless disciples from Tianhan Valley around them opened their eyes wide, with a look of deep disbelief in their eyes.

Even these Tianhan Valley disciples are all top geniuses in the Shenshui Dynasty, and all of them are arrogant and arrogant people.

But at this time, these young geniuses were also shocked to the extreme.

"Ye Feng is actually a top pharmacist who can bring people back to life? No! Even if you are the top pharmacist, it is impossible for people to grow blood, flesh and bones directly..."

At this time, the most shocked person was Su Jixue.

Su Jixue's beautiful eyes showed deep amazement at this time.

Because she never expected that the young casual cultivator she accidentally recruited would turn out to be such an unfathomable and peerless genius.

Although his cultivation is a little weaker, he has unparalleled natural abilities for formations and apothecaries.

It is truly a rare and scarce talent!

"This this....."

At this moment, Junior Brother Mo, who had just fallen into despair, was shocked to the point of being stunned when he looked at his legs that were rapidly growing back.

Junior Brother Mo was surprised and happy at this time. He felt like he had been reborn, which made him speechless for a moment.

Junior Brother Mo immediately stared at Ye Feng beside him and said fiercely: "Junior Brother Ye! Me! My life from now on will be yours."

! "

At this moment, Junior Brother Mo's words clearly showed how excited he was.

Because Ye Feng gave him a new life.

At this time, Su Jixue also looked at Ye Feng and said loudly: "Ye Feng, you will be the core member of my small group in the future. You have proven yourself."

Ye Feng just smiled slightly at this moment and said aloud: "That's right. Since I have joined Senior Sister Su's group, as long as I can help, I will naturally not stand idly by."

Next, as Ye Feng continued to input his Hongmeng Purple Qi, Junior Brother Mo's legs completely recovered.

Uh-huh!

Junior Brother Mo jumped up immediately, his face filled with excitement like rebirth.

The next moment, Junior Brother Mo was about to kneel in front of Ye Feng and express his gratitude.

"No need to be so generous."

Ye Feng quickly helped Junior Brother Mo up and said with a smile: "We are all in a group now, so we should help each other."

When Junior Brother Mo heard this, he immediately turned around, looked at everyone present, and said, "Whoever dares to treat Brother Ye Feng badly in the future, I will fight to the death!"

"Hahaha....."

Hearing Junior Brother Mo say this, everyone present couldn't help laughing.

Everyone was very happy.

At this moment, Su Jixue said aloud: "Okay, everyone now spread out and search for various training resources left in this ruined city. Be sure to pay attention to some corpse-turned skeletons and bones in the city."

"Yes, Senior Sister Su!"

Everyone made a sound at this time, then dispersed and began to explore and loot the entire ruined city.

Ye Feng also wanted to search around.

Uh-huh!

But Su Jixue's beautiful and cold figure flew to Ye Feng's side in an instant and said loudly: "Ye Feng, you stay with me, never leaving."

Ye Feng's eyes were stunned, and he suddenly understood that Su Jixue wanted to focus on protecting this special talent of his.

Chapter 4197 Ancient Pills

Ye Feng didn't say much about Su Jixue's focus on protecting this special talent.

Ye Feng could only shake his head and smile, and followed Su Jixue.

Seeing Ye Feng following her obediently, Su Jixue nodded slightly, feeling quite satisfied with Ye Feng's attitude.

Because Su Jixue knew that special geniuses like Ye Feng were sometimes very withdrawn and arrogant, and would not listen to their own opinions.

But Ye Feng didn't say anything, but followed him honestly, making Su Jixue naturally very satisfied with Ye Feng.

At this time, Su Jixue was rushing around quickly, trying to find the opportunities left in this dilapidated city.

You must know that this dilapidated city was probably built by the barbarian kingdom back then.

In an ancient city, there might be some very ancient and advanced cultivation resources.

This dilapidated city is very huge and covers a vast area, so it will take a long time to search.

Su Jixue's search method is also very different, that is, she constantly looks for every hidden corner around to see if there is anything good.

It can be said that the efficiency is very low.

At this time, Ye Feng silently exuded his soul power, and instantly noticed that there were faint energy fluctuations somewhere not far from here.

Seeing the great beauty Su Jixue beside him, still searching like a headless fly, Ye Feng could only shake his head helplessly, and then said aloud: "Senior Sister Su, three hundred meters away from where we are now in the southeast, said There might be something good there."

The place Ye Feng sensed was the place he was talking about at this moment.

When Su Jixue heard what Ye Feng said at this moment, her eyes were slightly startled, as if she didn't expect that Ye Feng would say such a thing.

But Su Jixue did not refuse, but nodded slightly, without saying anything else, and flew quickly in the direction directed by Ye Feng, and soon flew to the place where Ye Feng said.

The next moment, Su Jixue saw a ruins on the ground with nothing.

There was a trace of disappointment in Su Jixue's eyes. It seemed that Ye Feng was lying.

But at this time, Ye Feng suddenly said: "There seems to be something under the ruins."

Hearing what Ye Feng said, Su Jixue paused, nodded, and walked over.

The next moment, Su Jixue's hands suddenly burst out with a large amount of cold air, condensing two big hands of ice, grabbing the entire ruins in front of them, revealing the scene under the ruins.

Under the ruins, a huge ancient alchemy furnace appeared.

Seeing this scene, Su Jixue's eyes immediately moved, and she quickly stepped forward and said loudly: "This alchemy furnace is a high-end and ancient ancient alchemy furnace. It is of a very high grade. I can sense the heavy weaponry in this alchemy furnace. , This is definitely a priceless good thing for our alchemists in Tianhan Valley. After all, it has not decayed after so many years. "

Ye Feng smiled slightly at this time and said, "There should be some elixirs in this alchemy furnace."

When Su Jixue heard what Ye Feng said, she immediately opened the alchemy furnace in front of her.

The next moment, she saw that there were dozens of pills in this alchemy furnace.

Each elixir is actually the size of a fist, which is different from ordinary elixirs.

These

The surface of the elixir actually has dense ancient lines, and even exudes a faint light.

Su Jixue immediately understood that each of the dozens of elixirs in this alchemy furnace was definitely a priceless ancient high-level elixir.

Su Jixue's eyes showed deep surprise at this time.

Then she seemed to have thought of something, and immediately looked at Ye Feng beside her, and couldn't help but ask: "Ye Feng, how did you know there is something here?"

Su Jixue originally thought that Ye Feng was just giving random instructions, but now that she really found something good here, Su Jixue naturally felt deeply incredible about Ye Feng's guidance.

Because Su Jixue has never seen it before, who can predict where good things are hidden.

Ye Feng just smiled slightly at this moment and did not reveal the secret of being a soul master. ??

Otherwise, this Senior Sister Su will probably doubt her identity and what kind of existence she is.

Ye Feng just smiled slightly at this moment and said aloud: "I am born with a strong spiritual mind, so my perception is very powerful. As long as it is within the range that I can perceive, no matter how deeply those good things are hidden, they can be picked up by me. Be aware and find the specific location."

Hearing what Ye Feng said, Su Jixue had no doubts. She just said in amazement: "Ye Feng, you are really talented. You have always been a casual cultivator and have not joined any big forces. Among them, so your growth is very slow. Now that you have joined our Tianhan Valley, when we finish exploring the barbarian kingdom and return to the sect, I will apply for you to be an official disciple of our Tianhan Valley. Maybe then You can also become the target of our Tianhan Valley's key training."

What Su Jixue said at this time was very solemn. It was obvious that she had regarded Ye Feng as that kind of rare peerless miracle.

talent.

Because everything Ye Feng has shown in this short period of time is really incredible.

Su Jixue's beautiful eyes fell on Ye Feng at this time, and her eyes were full of deep expectation.

Because she knew that even the top powers in their Shenshui Dynasty would not be able to cultivate such a peerless prodigy like Ye Feng.

You must be born with extremely high talent to be able to do this.

At this time, Ye Feng said aloud: "Senior Sister Su, you can give me half of the elixirs in this ancient alchemy furnace."

When Su Jixue heard what Ye Feng said, she immediately smiled generously and said, "I will give you all the dozens of elixirs in this alchemy furnace. I only need this alchemy furnace."

After saying that, Su Jixue poured all the dozens of pills in the alchemy furnace to Ye Feng.

Ye Feng could sense at this time that each pill was as big as a fist and exuded very powerful medicinal power.

Wow!

The next moment, Ye Feng opened his mouth without any hesitation and swallowed dozens of fist-sized pills.

"Huh? Ye Feng, you are too impulsive!"

Seeing Ye Feng suddenly swallowing dozens of ancient elixirs, Su Jixue who was standing aside suddenly showed a trace of anxiety in her eyes and said quickly: "These ancient elixirs The

medicines are all ancient elixirs left over from the ancient barbarian kingdoms. They don't even know what effect they have, and the energy contained in them must be very terrifying. The medicine is too powerful. Ye Feng, your current cultivation level is too low. There is no way to digest that whole ancient pill! You will burst in an instant, so hurry up and spit it out!"

Chapter 4198 Born

At this time, Su Jixue said, directly extending her hand to help Ye Feng spit out the dozens of ancient pills he had just swallowed.

But at this moment, Ye Feng immediately smiled and said: "Sister Su, don't worry, there will be no problem. My health is very good and I can bear it."

Boom!

While Ye Feng was talking, the power of dozens of ancient elixirs had already been completely swallowed and digested by Ye Feng.

It directly helped Ye Feng's skill to increase tremendously.

Then Ye Feng suddenly burst out with an extremely powerful cultivation aura.

At this moment, Ye Feng actually broke through from the tenth level of the Fusion Sky Realm to the half-step sea level above the Fusion Sky Realm!

The breakthrough in cultivation immediately greatly enhanced Ye Feng's combat power.

Originally, Ye Feng's cultivation was at the tenth level of the Fusion Realm, which was a bottleneck for a large realm and was very difficult to break through.

But this time, the dozens of ancient pills swallowed were all refined by the alchemy masters of the ancient barbarian kingdom. Naturally, the medicine was very powerful, and Ye Feng's bottleneck was immediately overcome.

"What??"

Seeing Ye Feng actually breaking through on the spot, Su Jixue standing aside suddenly had a look of deep astonishment in her eyes.

Because she never expected that Ye Feng's body, not only was not burst by dozens of ancient elixirs, but also directly digested the power of all the elixirs in just a few seconds, and directly repaired For a breakthrough.

This is simply unbelievable to the extreme!

Even the top genius of the Shenshui Dynasty like Su Jixue had a look of wonder in his eyes at this time.

Because although Su Jixue is the top genius in the Shenshui Dynasty, she has never seen anyone as evil as Ye Feng.

It was as simple as digesting dozens of ancient elixirs at once.

\u003c

br\u003e You must know that with Su Jixue's current cultivation level, she probably wouldn't dare to swallow dozens of ancient elixirs left over from the Barbarian Kingdom at once.

Because Su Jixue knew very well that the energy contained in these dozens of ancient elixirs was absolutely very powerful and the medicinal power was very powerful, which was beyond the ability of ordinary practitioners to digest.

But Ye Feng did this.

And it also caused an instant breakthrough in his own cultivation.

This kind of utilization efficiency of the energy in the elixir was simply too high, which even shocked Su Jixue.

So at this time, Su Jixue immediately said: "If you can find such ancient elixirs that can improve your skills, they will all be given to you, Ye Feng."

Su Jixue immediately understood at this time that if Ye Feng could be given enough training resources, it is estimated that Ye Feng's cultivation level would break through very quickly.

At this moment, Ye Feng smiled and said, "Thank you so much, Senior Sister Su."

The reason why Ye Feng revealed that he could quickly devour and utilize the energy in the elixir at this time was actually to remind Senior Sister Su that he was not only extremely talented in the formation and healing of others, but also in the cultivation of the same skill. Has extremely high talent.

And he has a very evil ability, that is, he can directly swallow the energy of the outside world and quickly improve his cultivation skills.

So at this time, Ye Feng's goal has been achieved.

Because Su Jixue has already realized this.

For Su Jixue, Ye Feng has now completely joined her small group.

Therefore, Su Jixue is naturally very concerned about Ye Feng's growth.

of concern.

Now I have seen that Ye Feng can directly devour external energy to quickly improve himself.

Su Jixue understands this, and will naturally focus on improving Ye Feng's cultivation.

Because this is also of great help to their small group. ??

At this moment, Su Jixue looked at Ye Feng's beautiful eyes with deep amazement.

In fact, not much time has passed since meeting Ye Feng.

But Su Jixue was already more and more shocked by this young casual cultivator.

Su Jixue even felt that if Ye Feng was not a casual cultivator and could join some super powerful forces earlier, he would probably have become a top genius by now.

Thinking of this, Su Jixue felt excited again and again in her heart.

This time, whether it was for himself or for Tianhan Valley, he found a super genius with a peerless talent.

Su Jixue felt that when Ye Feng returned to Tianhan Valley, he would burst out with his own amazing talent, which would surely shock the entire Tianhan Valley.

By then, his status will definitely rise.

It has to be said that Su Jixue is quite realistic. She will not give anything without any reason, but will also consider her own interests.

After Ye Feng knew this, he probably thought it was normal, and even admired Su Jixue's attitude.

Because there are no gifts for no reason in this world, unless it is help between relatives.

Ye Feng and Su Jixue were strangers, but they met by chance. Helping each other for each other's benefit is the most correct way to get along, and it is much better than the hypocritical way of getting along.

At this time, Su Jixue took a look

Ye Feng looked down and couldn't help but said: "Ye Feng, please continue to use your powerful perception to see if there are any other good things around."

Ye Feng immediately nodded.

Su Jixue, on the other hand, put the ancient alchemy furnace directly into her storage ring and prepared to take it back to Tianhan Valley and sell it to those old guys who specialize in elixirs at a high price. They would definitely get a good price.

This made Su Jixue feel deeply happy in her heart.

After all, this time she entered the ancient ruins of this ancient barbarian country. To be honest, Su Jixue was originally looking for various opportunities for her own small group and herself to improve her strength and increase her wealth.

At this time, Ye Feng nodded, and then continued to emit his huge soul power, spreading towards the surroundings.

Ye Feng can find anything within a thousand-mile radius.

At this time, Ye Feng searched for a while and suddenly sensed a rather good energy wave coming from a certain direction.

Ye Feng immediately spoke up and said: "There seems to be a special energy fluctuation nine hundred meters away from us to the north. I have sensed it, but I am not sure what it is exactly."

When Su Jixue heard what Ye Feng said, her eyes suddenly lit up, and she couldn't help but said in surprise: "Ye Feng, you are so amazing, you are really an all-round talent."

Su Jixue didn't mean to praise Ye Feng when she said this. She was really amazed by Ye Feng.

Ye Feng just smiled slightly at Su Jixue's compliment and said, "No way, I'm born with it."

"Forehead....."

Hearing what Ye Feng said, Su Jixue just smiled dumbly, shook her head, and then Su Jixue immediately flew towards the position sensed by Ye Feng.

Chapter 4199 Rotten Tree

Uh-huh!

Uh-huh!

In less than a moment, Ye Feng and Su Jixue had arrived at the second location that Ye Feng sensed.

"That is....."

The next moment, Su Jixue saw a huge tree in front of him.

This towering tree was completely decayed. .??.??

But the towering branches still stand under the sky, giving people a very majestic feeling.

At this moment, Ye Feng and Su Jixue suddenly looked surprised in their eyes.

Ye Feng did not expect that the energy fluctuation he sensed came from such a rotten tree.

Su Jixue already knew at this time that Ye Feng's induction would definitely not be wrong.

The first place that Ye Feng sensed was a ruin. Su Jixue originally thought there was nothing there, but in the end he didn't expect that an ancient alchemy furnace was dug out from the ruins, which also contained many precious elixirs. .

So this time, Su Jixue naturally knew that there must be something extraordinary here.

At this time, Su Jixue spoke slowly: "Ye Feng, the energy fluctuations you sensed probably came from this decayed towering tree. Let's go over and investigate this tree."

Ye Feng immediately nodded, followed Su Jixue, and walked directly to the towering tree.

At this moment, just as they walked in front of the towering tree, suddenly the ground around them exploded.

Swish, swish, swish!

Swish, swish, swish!

The black tree branches, like the tentacles of an octopus, instantly attacked in the direction of Ye Feng and Su Jixue.

Su Jixue's hand immediately radiated cold air, condensed a long ice sword, and slashed directly towards the surroundings.

Kill and go.

when!

But when the ice sword in Su Jixue's hand collided with the branches of these trees, it made a sound like metal collision.

The ice sword in Su Jixue's hand was unable to cut off these tentacle-like tree branches.

"What"

"How can it be?"

Seeing this scene at this time, Su Jixue's eyes suddenly revealed a look of astonishment.

You must know that although the ice sword condensed by Su Jixue is not a magical weapon, it is a weapon condensed from her original cold energy, and its sharpness is still very terrifying.

Su Jixue had previously cut off an ancient skeleton in this ruined city with one sword stroke.

Unexpectedly, these branches emerging from the ground are as strong as steel and cannot be cut off at all.

At this time, Ye Feng suddenly said: "The rotten towering tree we saw is not completely dead at all. Its roots are deeply rooted in the earth, and it also has a very large Vitality, our coming here has

probably aroused the hostility of this big tree. It seems that it is probably guarding something, otherwise it would not have such a strong reaction. "

Hearing Ye Feng's words, Su Jixue's eyes suddenly lit up and she said loudly: "Ye Feng, you follow me, pay attention to safety, I will attack."

At this time, Su Jixue's face suddenly became very solemn and noble, and then she slowly uttered four words: "Thousands of miles of ice!"

At this time, the martial arts inheritance Su Jixue displayed was naturally the most powerful Zhenzong inheritance she had ever learned.

one.

Thousands of miles of ice!

At this moment, Ye Feng was surprised to find that Su Jixue's entire body was exuding a terrifying cold air. It all burst out and then froze the surrounding world. Living.

All the branches of the trees that were emerging from the ground to attack the two were frozen in place and turned into ice sculptures.

Then Su Jixue opened her eyes, and a terrifying shock suddenly erupted from her body.

"Click, click..."

The tree branches that had been frozen into ice sculptures were completely shattered by the ice at this moment, turning into debris on the ground.

Seeing this terrifying power, Ye Feng's eyes also showed a trace of wonder, and he couldn't help but said: "It's amazing."

At this time, Ye Feng finally understood why Su Jixue could become one of the top ten chief disciples of Tianhan Valley.

This terrifying destructive power is definitely far beyond Su Jixue's current level of cultivation.

Su Jixue is definitely a top genius who can leapfrog the competition.

At this moment, Su Jixue took Ye Feng and flew directly in front of the towering tree, and then slashed hard at the front with a sword.

Boom! !

The entire towering tree was split in half by Su Jixue, and then the rotten branches inside were revealed.

When Su Jixue saw the scene in front of her, she couldn't help but stare blankly, and said aloud: "It doesn't seem like there is anything special."

Ye Feng said with a smile: "Those branches that hit us all emerged from the ground, so there must be something very extraordinary at the roots of this big tree."

When Su Jixue heard what Ye Feng said, she immediately nodded, and then blasted the entire ground away with a sword.

Along with a huge roar, the ground exploded, and the two people immediately saw a shocking scene.

I saw dense tree roots, intertwined and densely covered the entire earth, covering a radius of several hundred meters.

And among the dense tree roots, there is a beating heart, exuding infinite vitality.

When Su Jixue saw this scene, she couldn't help but said with astonishment in her eyes: "Can plants also give birth to the hearts of animals?"

At this time, Ye Feng's eyes were startled for a moment, then he smiled slightly and said: "The world is so big, there are all kinds of wonders."

After saying that, Ye Feng flew directly towards the beating heart that was born from countless tree roots.

Because Ye Feng felt infinite vitality from this heart. If he swallowed it, his skill would definitely increase unparalleledly.

Moreover, Ye Feng also discovered that underneath the beating heart, there was an animal egg that looked like it was made of diamonds. It looked very extraordinary.

It is very likely that all the life essence of this tree was absorbed by this heart and the animal egg with a diamond-like eggshell.

That's why this towering tree became what it is today.

No matter what, whether it's the beating heart or the diamond-like beast egg, they are definitely extraordinary things.

It is very likely that it was left behind by an extremely mysterious and transcendent existence in the barbarian kingdom in ancient times.

At this time, seeing Ye Feng flying over, Su Jixue quickly followed him to find out.

Chapter 4200 Diamond Dragon

Bang!

Bang dong...

When Ye Feng and Su Jixue flew in front of them, they could sense a very huge life energy from the beating heart.

It feels like the heart of an ancient beast, just like here. .???.??

At this moment, Su Jixue couldn't help but said: "This heart may very well be the heart of a powerful barbarian in this barbarian kingdom. Otherwise, it would be impossible to exude such majestic energy as the ocean." It has a breath of life, but I don't know why I stay here. Maybe I

want to use this ancient tree to maintain the vitality of this heart, and then try to revive it and revive after the ancient times. "

When Ye Feng heard what Su Jixue said, he couldn't help but nodded and said loudly: "It is very possible that this is the case, but we discovered it in advance, and this heart has not been completely reborn."

Uh-huh!

After saying that, Ye Feng quickly flew towards the beating heart, and then stretched out his hand to touch it.

"Buzz!"

At this moment, Ye Feng immediately felt the infinite life force contained in his beating heart at this moment.

Su Jixue couldn't help but said: "Ye Feng, what are you going to do?"

Ye Feng suddenly grinned and said loudly: "Of course it absorbs the life energy in this heart. In this case, it will be of great help to my cultivation."

When Su Jixue heard what Ye Feng said, she wanted to say something, but in the end she didn't say it, but acquiesced to Ye Feng's approach.

After all, in Su Jixue's eyes, Ye Feng might just be a special talent with special research on battle tactics.

But before, I saw that Ye Feng could directly plunder the energy of the outside world for his own use, and he could also quickly improve his strength and cultivation.

Su Jixue simply let go and let Ye Feng decide these things by himself.

As long as Ye Feng's cultivation level can be increased rapidly,

It also has huge benefits for Su Jixue, a small group.

Originally, Ye Feng, as a special talent in the formation, was only useful to Su Jixue when he went out to explore those ancient ruins.

But now that he has seen that Ye Feng's cultivation can be greatly improved quickly and break through to a powerful state, then Su Jixue will receive a very powerful boost.

Ye Feng was able to help Su Jixue deal with some potential enemies in Tianhan Valley and in the Shenshui Dynasty.

So at this time, Su Jixue immediately stood around, seemingly preparing to protect Ye Feng by absorbing the life essence in his heart.

Boom!

At this time, Ye Feng had already released the Devouring Domain.

A dark vortex suddenly appeared in his palm, shrouding the beating heart in front of him.

"Crash!"

Then a steady stream of life energy was immediately absorbed by Ye Feng from this heart.

What surprised Ye Feng was that there was no shadow of the ancient strongman's will in this beating heart, so he did not resist his absorption.

In other words, one can very easily absorb all the life energy in the beating heart into one's own body.

You know, this beating heart is most likely the heart left by a super big man in the barbarian kingdom in ancient times.

Moreover, the life energy of this ancient towering tree has been absorbed here for so many years, so this heart has grown to be very large.

So at this time, the life energy absorbed by Ye Feng was naturally very terrifying, causing Ye Feng's power to suddenly increase.

It is an unparalleled growth.

Ye Feng immediately felt at this moment that he suddenly broke through the bottleneck of his half-step sea level cultivation.

Boom!

At this moment, Ye Feng's body suddenly burst out with a monstrous momentum.

Ye Feng's cultivation level completely broke through at this moment, reaching the first level of Daohai Realm.

At this time, Ye Feng's cultivation had truly entered the first level of Daohai Realm and crossed a great realm. Ye Feng's combat effectiveness was immediately greatly strengthened.

And Ye Feng can feel that his skill is many times greater than before, which is enough to show that this beating heart is definitely a peerless wonder, otherwise it would not be possible for Ye Feng to break through so quickly.

Because Ye Feng felt that if he relied on himself to absorb the spiritual energy of heaven and earth normally and practice meditation, it would probably take another year and a half of practice before he could completely break through the bottleneck of the half-foot sea level.

But now relying on the energy provided by this heart, Ye Feng can directly break through to the first level of Daohai Realm.

At this moment, she sensed the cultivation aura erupting from Ye Feng and completely broke through. Su Jixue, who was standing aside, couldn't help but said with surprise in her eyes: "Ye Feng, you are really... It's amazing that after absorbing the energy in this heart, it can be directly digested so quickly. Don't talk about me, even some powerful elders in our Tianhan Valley have

obtained this ancient power. It is estimated that it will take at least half a year to refine the heart of a person before you can completely obtain all the energy in this heart and use it to improve yourself. But Ye Feng, in just a short moment, you have already absorbed all the life in this heart. All the energy has been absorbed, and your cultivation level has been directly broken through on the spot. Your absorption and digestion efficiency is really too high."

At this time, Ye Feng looked at Su Jixue beside him, smiled slightly, and said loudly: "This

It's my talent. "

After finishing speaking, Ye Feng looked at the diamond-colored egg and said loudly: "Senior Sister Su, we are half of each other. This shell looks like an egg made of diamonds. It should have been left by a big shot in the ancient barbarian kingdom." The high-grade eggs that came down are most likely the eggs of divine beasts. I'll leave this to you, Senior Sister Su."

When Su Jixue heard what Ye Feng said, she immediately said happily: "Okay."

After saying that, Su Jixue directly stretched out her hand and took the beast egg in her hand.

At this moment, Ye Feng said aloud: "Let's continue searching around this ruined city to see if there is anything else."

Su Jixue immediately nodded.

But suddenly at this moment, the beast egg in Su Jixue's hand began to emit a bright light.

Then the next moment, under the stunned gazes of the two people, the eggshell shattered into pieces.

A strange-looking little dragon covered with diamond scales, with two pairs of wings made of diamonds, delicate and beautiful, immediately let out a milky voice: "Father! Mother!"

"What??"

Hearing that the newly hatched diamond dragon actually called Ye Feng and Su Jixue his father and mother, Ye Feng and Su Jixue were stunned for a moment, and then couldn't help but smile.

Ye Feng was about to say something, but Su Jixue suddenly sent a message to Ye Feng secretly and said: "This little diamond dragon is too ignorant. Just let her call us father and mother. I don't want her to know that after she was born There is no father or mother."

When Ye Feng heard Su Jixue's message, his eyes were slightly startled. He didn't expect that Senior Sister Su, who looked cold and noble, had such a gentle side.

At this time, Ye Feng looked at the very cute little diamond dragon in Su Jixue's hand, nodded slowly, and said nothing more.
