### Chapter 4201 Barbarian Giant

Ye Feng felt that this diamond dragon was probably the descendant of a high-level mythical beast.

Because every scale on this diamond dragon's body seems to be cast from noble diamonds. It looks very magical and strange.

Therefore, the identity of this little diamond dragon is absolutely extraordinary, and its bloodline ability is also very powerful.

At this time, Diamond Xiaolong looked around curiously. After all, she had just come to this world, so she was naturally very curious about everything.

Moreover, she naturally regarded Ye Feng and Su Jixue, the two men and women she saw at first sight, as her biological father and mother.

In order not to make this cute-looking diamond dragon sad, Su Jixue naturally acquiesced in the title of diamond dragon.

In this regard, Ye Feng couldn't say much.

At this moment, Su Jixue stared at the little diamond dragon in her hand, and she showed a rare gentle smile, and said loudly: "Baby, you can rest in mother's storage ring first."

Diamond Xiaolong nodded immediately and said loudly: "Okay, I will listen to my mother."

Uh-huh!

After saying that, Su Jixue put the diamond dragon directly into his storage ring.

At this moment, Ye Feng looked at Su Jixue and immediately said with a smile: "Congratulations to Senior Sister Su for getting such a dragon with noble blood. When he is raised in the future, he will definitely become Senior Sister Su's most powerful help."

Hearing what Ye Feng said, Su Jixue just smiled and shook her head, and said loudly: "This little dragon is still so young. I don't know when it will take until it grows up, but she made me feel it." Long lost innocence and warmth."

Hearing what Su Jixue said, Ye Feng's eyes were slightly startled, as if he didn't expect that Senior Sister Su had such a gentle side.

Ye Feng was about to say something.

But suddenly at this moment

.

Boom!

A huge roar came from a certain direction not far away.

Su Jixue's eyes suddenly moved, and she immediately said: "The other members must have encountered some special situation. Let's go over and take a look."

Ye Feng immediately nodded and followed Su Jixue to fly quickly in the direction where the roar came from.

When they came to the direction where the roar came from, they immediately saw that the group of Tianhan Valley disciples brought by Su Jixue, a dozen in total, were besieging a man trapped by countless black chains at this moment. Huge barbarians.

This barbarian, who should be a super strong man from the ancient barbarian kingdom, was actually thousands of meters tall and majestic. He was buried underground in the middle of the ruined city and was discovered by the group of disciples from Tianhan Valley.

At this moment, this huge and majestic barbarian giant, several kilometers tall, was locked by countless black chains.

These black chains tied his arms, legs, and neck, trapping this barbarian giant underground for many years.

Now he was discovered by a group of disciples from Tianhan Valley and dug out. He was not completely dead yet, and was still struggling to break free from all the chains that trapped him.

At this time, Ye Feng couldn't help but said: "The cultivation power of this barbarian giant is very powerful. He must not be able to break free of these black chains. Otherwise, we may not be able to resist him."

Su Jixue also nodded solemnly at this time and said aloud: "This barbarian giant is indeed very powerful. Even I don't think he can be his opponent. Back then, I didn't know who was so powerful that he could lock this barbarian giant." stuck here

Under the ground of a dilapidated city. "

At this time, Su Jixue and Ye Feng also understood that the Barbarian Kingdom must have offended some super powerful force, or offended some super strong man who stood at the top, otherwise it would be impossible for the entire Barbarian Kingdom to be destroyed in that ancient In the era, only the ruins of today are left.

At this moment, a group of disciples from Tianhan Valley wanted to join forces to kill the trapped barbarian giant and get rid of future troubles.

But Su Jixue stopped him and said: "Save this barbarian giant's life, and you can ask him where the peerless inheritance of the most powerful barbarian king in the barbarian kingdom lies."

For Su Jixue, this time she entered the ancient ruins of this barbarian kingdom, naturally to find the peerless inheritance of the ancient barbarian king.

Because taking over Su Jixue requires participating in the top talent competition in the Shenshui Dynasty.

Therefore, if she can obtain the peerless inheritance of the ancient barbarian king, Su Jixue's strength will definitely be greatly improved.

Because you must know that the inheritance of the ancient barbarian king, the founder of the ancient barbarian tribe, is definitely very advanced and ancient.

Once the practice is successful, the practitioner's combat effectiveness will be improved unparalleled.

If you aimlessly search for the ancient ruins of the entire barbarian kingdom, you don't know when it will be until you can find the peerless inheritance of the ancient barbarian kings, and you may not be able to find it yet.

After all, the ancient ruins left behind by this ancient barbarian kingdom are so huge that it is difficult to find the peerless inheritance of the ancient barbarian kings.

But now, a living ancient barbarian giant suddenly appeared here. Naturally, Su Jixue was very happy.

At this time, Ye Feng also nodded and said loudly: "This barbarian giant

, if he really survived from that ancient era, he must be very familiar with the ancient ruins left by this ancient barbarian kingdom, but the first thing to solve is to make him obey us, but I think this kind of barbarian giant It's hard to obey other people. "

Hearing what Ye Feng said, Su Jixue smiled slightly and said, "Of course I have a way to make this barbarian giant surrender to me and obey my orders."

After finishing speaking, Su Jixue suddenly looked at the dozen or so Tianhan Valley disciples beside her, and said aloud: "Now you group together and use a sword formation to stab every acupuncture point of this barbarian giant. Entering a long sword causes him great pain."

After finishing speaking, Ye Feng, who was standing aside, suddenly had a look of astonishment in his eyes.

At this time, he finally understood Su Jixue's method, which was to directly make this barbarian giant endure endless pain, and then make this barbarian giant surrender.

It can be said that this is the simplest, most direct and effective way.

At this time, Ye Feng was watching from the side, wanting to see if Su Jixue could succeed.

If he couldn't succeed, he might have to try to enslave the soul of this barbarian giant through the soul master's method.

It's just that Ye Feng doesn't want to reveal his identity as a very rare human soul master in front of these disciples of Tianhan Valley for the time being, so he lets Su Jixue do his best for the time being.

If it really doesn't work, try the soul master's method again.

Swish, swish, swish!

Swish, swish, swish!

At this time, after Su Jixue's words fell, a group of more than a dozen Tianhan Valley disciples around them all nodded, and then flew into the air in an instant. A long sword appeared in each hand, and they directly penetrated deeply. Every acupuncture point of that barbarian giant looked quite cruel.

Chapter 4202 Meet the Master

"ah!!"

The sharp sword was pierced into all the acupuncture points on this barbarian giant's body. The horrific pain caused the barbarian giant to scream tragically.

Uh-huh!

At this time, Su Jixue flew directly into the air in front of the barbarian giant, and then said slowly: "As long as you are willing to surrender to me, listen to my words, and cooperate with me, then you don't have to endure this pain. , all the acupuncture points on your body were pierced by the sharp sword, this kind of pain is not something you can bear. "

When the barbarian giant heard what Su Jixue said, a crazy smile suddenly appeared in his red eyes, and he said loudly: "No matter how painful I am, I can't obey the orders of a little human like you! You want me to surrender? No. existing!!"

Hearing such firm words from this barbarian giant, Su Jixue's eyes suddenly showed a hint of ugliness.

She never thought that this barbarian giant would be so determined.

With so many sharp swords piercing all his acupuncture points, this horrific pain did not even make this barbarian giant succumb.

At this moment, Su Jixue immediately looked at the dozen Tianhan Valley disciples around her and said coldly: "Keep stabbing, don't stop."

"Yes, Senior Sister Su."

Hearing what Su Jixue said, the dozen Tianhan Valley disciples all nodded.

Then he continued to pierce the long sword in his hand deeply into the acupuncture points of the barbarian giant, causing the barbarian giant to scream in pain again.

Then Su Jixue stood around, seemingly not wanting to let go of this barbarian giant.

It can be seen from this that Su Jixue is by no means an ordinary person who has been able to survive to this day.

There is also a ruthless side for profit.

Then the barbarian giant continued to scream in pain, resounding throughout the world, but still did not surrender.

A whole day and night passed, and Su Jixue's face became increasingly ugly.

Because this barbarian giant would probably not give in even if he died in pain.

This gave Su Jixue a headache. This was the first time she encountered such a tough problem.

\u003e

Seeing that the barbarian giant was about to die of pain.

Uh-huh!

At this time, Ye Feng flew over and suddenly said: "Senior Sister Su, if possible, let me give it a try."

Hearing what Ye Feng said, Su Jixue couldn't help but show a look of surprise in her eyes, and then said loudly: "This barbarian giant can even bear such horrific pain without giving in. It seems that this time it is true." There is nothing you can do, what can you do? I feel like there is no hope of making this barbarian giant surrender."

At this time, after hearing Su Jixue's depressing words, Ye Feng just smiled slightly and said with confidence, "Senior Sister Su, leave it to me. Maybe I can really make this barbarian giant surrender to us and obey us." arrange."

Hearing what Ye Feng said, Su Jixue originally wanted to say something, but suddenly Su Jixue thought that before, Ye Feng handled all kinds of things very perfectly. Ye Feng could do almost anything.

This gave Su Jixue a little bit of confidence in what Ye Feng said at this moment, and she immediately said aloud: "Okay, we will follow your arrangements from now on."

Uh-huh!

At this time, Ye Feng nodded, and then flew directly to the front of the barbarian giant.

At this moment, the barbarian giant stared at Ye Feng. Although he was in great pain, he still said sarcastically: "Human boy, you can't make me surrender. No matter how much pain you suffer, you

can't make me give in! Just give up! You stupid and humble human ants will never be able to find the legacy of the great barbarian king of our barbarian kingdom!"

At this moment, Ye Feng suddenly smiled strangely and said aloud: "The pain I made you suffer is not physical, but a deeper pain."

Hearing what Ye Feng said and looking at the strange smile on Ye Feng's face, the barbarian giant immediately panicked and couldn't help but said in horror: "Boy, you are an evil person.

What on earth do you want to do to me? "

Ye Feng smiled slightly at this time and said: "Don't worry, you will know soon."

Uh-huh!

After saying that, Ye Feng flew directly to the head of the barbarian giant, then stretched out a hand and pressed it into the barbarian giant's Tianling Cap.

Then Ye Feng immediately released his huge soul power and began to invade the soul of this barbarian giant.

As Ye Feng said, the deeper pain is the pain in the soul for this barbarian giant.

Su Jixue's pain towards this barbarian giant was only physical.

In fact, this barbarian giant is still bearable.

But Ye Feng is now in pain directly from the deepest level of his soul, which is absolutely unbearable.

So at this time, when Ye Feng's huge soul power was released, it directly attacked and invaded the soul of this barbarian giant. The barbarian giant immediately let out an even more terrifying sound of pain, and even began to bleed from its seven orifices.

At this time, Ye Feng immediately said aloud in his mind: "Emperor Chu, with a little help from me, I can forcibly control the soul of this barbarian giant."

For Ye Feng, controlling and enslaving the soul is quite difficult.

Only a creature with a much lower cultivation level than Ye Feng can be forcibly invaded and controlled by Ye Feng.

But the cultivation level of this barbarian giant is much higher than that of Ye Feng.

But after all, this barbarian giant was buried deep underground and trapped for so many years, estimated to be hundreds of thousands of years.

So his soul was already very weak, and now Ye Feng was able to take advantage of it.

At this moment, after Ye Feng finished speaking in his mind, Emperor Chu immediately nodded, and then lent his huge soul power, which gave Ye Feng's soul power an unparalleled improvement in an instant.

At this moment, Ye Feng immediately sensed the power of Emperor Chu's soul, which was many times stronger than his own soul now.

This made Ye Feng's eyes reveal a look of deep surprise.

Unexpectedly, Emperor Chu recovered so much unconsciously and subtly.

At this time, Ye Feng no longer hesitated and directly invaded and controlled the barbarian giant in front of him.

With the help of Emperor Chu's terrifying soul power, Ye Feng successfully imprinted his own soul mark on the soul of this barbarian giant.

At this moment, Ye Feng let go of his hand with great satisfaction, and then flew into the air.

At this moment, Ye Feng confidently looked at the group of Tianhan Valley disciples around him and said, "Now you can pull out all the swords you have pierced into the acupuncture points of this barbarian giant."

Hearing what Ye Feng said, a group of Tianhan Valley disciples hesitated.

Su Jixue said aloud: "Listen to Ye Feng."

"Yes, Senior Sister Su."

At this time, a group of disciples from Tianhan Valley drew out their long swords one after another.

At this moment, Ye Feng suddenly took out the small black sword from before, and then immediately cut off all the iron chains that trapped the barbarian giant. "

"What??"

Seeing Ye Feng do this, a group of Tianhan Valley disciples around him, including Su Jixue, could not help but change their expressions, and quickly said: "Ye Feng, you are too impulsive! Cut off all these chains. Now, after this barbarian giant escapes, we can't control him at all!"

But at the next moment, something happened that shocked everyone beyond measure.

The barbarian giant who was so violent just now knelt directly in front of Ye Feng and said respectfully: "Greetings to the master."

"???"

Seeing the scene in front of them, everyone present was stunned. They just stood there with dull faces, motionless.

Because this is really beyond everyone's expectations.

Even Su Jixue felt like she had seen a ghost at this moment, and couldn't help but said, "What...what is going on?"

Chapter 4203 Peerless Strange Man

Shocking!

Unparalleled shock!

At this moment, all the Tianhan Valley disciples present had their eyes widened and froze in place.

Because they never expected that this extremely violent barbarian giant would kneel respectfully in front of Ye Feng at this moment.

He even called Ye Feng "master".

This sudden change was such a contrast that everyone couldn't accept it for a while.

Even Su Jixue, a cold and noble top genius, could not help but stare in horror at Ye Feng and the barbarian giant kneeling on the ground. It seemed that he did not expect the scene in front of him.

After all, you must know that Su Jixue had already spent a lot of means and caused great pain to this barbarian giant, but he still did not make this barbarian giant surrender.

Even this barbarian giant was about to die in pain and did not give in. ??

But as soon as Ye Feng took action, the barbarian giant subconsciously knelt in front of Ye Feng, showing such a respectful attitude.

He even knelt directly on the ground!

Such a huge change made Su Jixue never expect that Ye Feng had such magical means.

Uh-huh!

At this time, Su Jixue flew to Ye Feng's side, with deep wonder and suspicion in her eyes. She stared at Ye Feng and couldn't help but said: "Ye Feng, what method did you use? You can make this barbarian giant obey you. Just now I just saw your palm pressed on the head of this barbarian giant, and you made him surrender all of a sudden. How did you do it? It's really amazing, isn't it? "

Ye Feng smiled slightly at this time and said aloud: "Since Senior Sister Su asked this, she should have already guessed something."

Su Jixue was slightly startled when she heard what Ye Feng said, and then couldn't help but said with some uncertainty: "You should have used some means on his soul."

r\u003e

When Ye Feng heard what Su Jixue said, he immediately smiled, nodded and said, "Senior Sister Su's guess is correct. I did conquer it through the soul level just now."

Hearing what Ye Feng said, Su Jixue's eyes immediately widened slightly.

Even though Su Jixue is one of the top ten chief disciples of Tianhan Valley, she couldn't help but said with some horror: "Ye Feng, you actually know how to use the soul level, could you be..."

When she said this, Su Jixue glanced at the other Tianhan Valley disciples around her and did not continue.

Because she also wanted to keep Ye Feng's secret.

Su Jixue had already guessed at this time that Ye Feng should be the rarest soul master among the human race.

Otherwise, it would be impossible to have such a magical method.

Directly from the soul level, this barbarian giant was surrendered.

At this time, Su Jixue looked at Ye Feng again, showing deep exclamation and deep suspicion.

Su Jixue couldn't help but whispered: "Ye Feng, tell me the truth, you can't be a casual cultivator at all. Who are you?"

Ye Feng smiled helplessly at this time and said aloud: "I said that I am really just a casual cultivator, but I am naturally talented. I wonder if you believe it, Senior Sister Su?"

For Ye Feng, when he came to the interface of Ten Thousand Demons this time, he was originally a casual cultivator and had not joined any other major forces at all.

As for the origin world, Ye Feng doesn't want to say it for the time being.

So at this time, Ye Feng actually said that he was a casual cultivator, which was very correct.

After all, Ye Feng is here now

Wanyao Interface is already alone, without any friends or big forces behind him, so he is just a casual cultivator.

At this time, hearing what Ye Feng said, Su Jixue stared at Ye Feng for a while, then couldn't help but smile sweetly and said, "Okay, I believe you, your sincere eyes moved me."

Speaking at this moment, Ye Feng looked at the barbarian giant in front of him and asked aloud: "Do you know where the peerless inheritance of the ancient barbarian king is hidden among the ruins of this ancient barbarian kingdom?"

When the barbarian giant in front of him heard Ye Feng's question, he naturally said very respectfully: "Tell me, master, of course I know where the peerless inheritance of the barbarian king is hidden, but that place is very difficult to open and extremely dangerous. Master wants to go?"

At this moment, Ye Feng immediately looked at Su Jixue beside him and asked: "Senior Sister Su, do you want to go?"

Ye Feng really didn't care much about this peerless inheritance of the ancient barbarian king. He was more interested in helping Senior Sister Su. ??

Because Ye Feng already has a very powerful inheritance.

In addition, Ye Feng also got the spiritual enlightenment left on the wall by the nine-clawed golden dragon that seemed to be a god, but Ye Feng hadn't had time to understand it yet.

If the comprehension is successful, maybe Ye Feng can obtain the secret inheritance of the top nine-clawed golden dragon.

Therefore, Ye Feng can only say that he is only interested in this so-called inheritance of ancient barbarian kings.

Hearing what Ye Feng said at this moment, Su Jixue naturally nodded quickly and said loudly: "Of course I want to find the peerless inheritance of the ancient barbarian king, even if that place is extremely dangerous, I will give it a try. "

When Ye Feng heard Su Jixue's firm words, he immediately nodded, then looked at the barbarian giant in front of him and said, "Then take us there."

"As you command, my master."

The barbarian giant was very respectful at this time. He stood up from the ground and ran quickly in a certain direction.

At this time, the other disciples of Tianhan Valley, including the two guardian elders who followed them, couldn't help but have deep astonishment in their eyes.

Seeing how the barbarian giant listened to Ye Feng's words, they were simply shocked beyond measure by the whole process.

At this moment, Su Jixue looked around and said, "Don't be dumbfounded. Follow that barbarian giant."

Ye Feng also nodded at this time and said loudly: "With the guidance of this barbarian giant, we will definitely be able to find the peerless inheritance of the ancient barbarian king."

Uh-huh!

Uh-huh!

After saying that, Ye Feng and Su Jixue led everyone in the direction where the ancient barbarian giant was running, and quickly followed him.

On the road, many disciples from Tianhan Valley looked at Ye Feng with deep awe.

They were increasingly shocked by Ye Feng's ability.

Because along the way, the various methods Ye Feng used were really dazzling and shocking.

Whether it was casually cracking the terrifying ancient formation, instantly healing their Tianhan Valley disciple's serious injuries and bringing him back to life, or now making this extremely ancient barbarian giant surrender directly.

This series of methods is really shocking to people's hearts.

At this time, a group of more than a dozen disciples from Tianhan Valley were very happy.

If their small group has a peerless person like Ye Feng joining them, they will definitely be able to shine in the entire Tianhan Valley in the future, and even in the entire Shenshui Dynasty!

Chapter 4204 Ancient Magic Weapon

Rumble~

At this time, on this land of ancient ruins left behind by the barbarian kingdom.

The barbarian giant was several thousand meters tall and was running in front of him like a mountain running, causing the whole earth to shake.

Ye Feng, Su Jixue, and a group of disciples from Tianhan Valley followed behind.

At this time, Su Jixue's eyes looked at Ye Feng, filled with deep surprise.

Because the shock that Ye Feng gave her was one after another, and she couldn't stop at all.

After all, Ye Feng's series of abilities are really amazing.

Even a goddess-level figure like Su Jixue was amazed by Ye Feng's various abilities and put Ye Feng in a very important position for the first time.

In Su Jixue's heart now, it is estimated that Ye Feng has already become one of the people she attaches great importance to.

And then, half a day passed, and the barbarian giant finally stopped at a certain position in front.

At this time, Ye Feng and Su Jixue also flew over with everyone.

They immediately saw that a huge blue ocean appeared in front of them.

At this time, they were standing on a vast beach.

The sun in the sky is very hot, making people feel uneasy.

At this moment, Su Jixue said in surprise: "I didn't expect that there would be such a vast sea area among the ruins of the ancient barbarian kingdom."

At this time, Ye Feng looked at the barbarian giant in front of him and asked aloud: "Is the peerless inheritance left by that ancient barbarian king hidden in this blue sea?"

The barbarian giant immediately nodded and said loudly: "Actually, this is not a natural landscape, but a formation. The sun in the sky and the blue sea in front of us are all transformed by the formation. , if you want to get the peerless inheritance left by the ancient barbarian king, you must pass through this ancient formation. So I said before that it is very difficult to get the peerless inheritance left by the ancient barbarian king. The first difficulty is to pass through Pass this huge formation."

"What??"

r\u003e

"Such a magnificent sea and blazing sun are actually transformed into a formation?"

"This... is so shocking!"

At this moment, a group of Tianhan Valley disciples looked at the vast blue ocean in front of them and the scorching sun in the sky, with deep wonder in their eyes.

Originally they thought all this was a miraculous work of nature.

But now it seems that it is an ancient formation.

Such a formation can transform such a magnificent and vast natural landscape, which is enough to show how vast this formation is, and it is definitely not something that ordinary people can decipher.

At this time, Su Jixue immediately looked at Ye Feng beside her, with expectant eyes.

The other group of Tianhan Valley disciples, including several elders who were following him, all stared at Ye Feng with expectant eyes.

Because they had seen Ye Feng's powerful ability to crack formations before.

So at this time, all their hopes can only be pinned on Ye Feng.

At this moment, Ye Feng nodded slightly to Su Jixue, and then flew directly to the high altitude, began to operate the Eye of Heaven and Earth, and watched the entire blue ocean in front of him, as well as the scorching sun in the sky.

And at the next moment, Ye Feng suddenly showed a look of astonishment in his eyes.

Because he saw that the entire blue ocean and the scorching sun in the sky were actually two very powerful magic weapons floating in it.

This means that two magic weapons formed this formation?

These two magic weapons are the core foundation of this formation.

At this moment, Ye Feng immediately looked at the barbarian giant in front of him and couldn't help but said: "You should have been a big shot in the barbarian kingdom back then. Do you know some secrets about this formation? How did I see it? There are two ancient magic weapons floating in this formation."

Hearing this from Ye Feng

So, the barbarian giant suddenly showed a look of surprise in his eyes, and said loudly: "As expected of the master, he discovered that this formation was composed of two extremely powerful magic weapons in an instant. Yes, this formation back then The formation is a formation created by the cooperation of the most supreme Grand Formation Master and the Great Weapon Refiner in our barbarian country. The core of this formation is indeed two extremely advanced ancient magic weapons, namely the 'Fire Sun Bracelet' And the 'Ancient Heavy Water Bead', it is rumored that the Burning Sun Bracelet was made by our king of barbarians, who once found a sun core that was about to enter the end of life from outside the territory, and the ancient heavy water bead was a good gift of our barbarian king back then My friends, all of them are made from the Eye of the Deep Sea given by the Dragon King of the Deep Sea, and they are all supreme treasures from the ancient times."

Hearing what this barbarian giant said, Ye Feng's eyes suddenly revealed a look of deep surprise.

In other words, if this ancient formation can be cracked, then I might be able to obtain the top magic weapons forged by these two ancient barbarian kingdoms.

For Ye Feng, the only weapon that can be called a very powerful weapon in his hand now is the small black sword that Ye Feng got before.

However, although the power of the small black sword is very terrifying, allowing Ye Feng to leapfrog and kill enemies, every time he uses the small black sword, it can drain away all of Ye Feng's skills almost instantly, causing Ye Feng to enter a very dangerous state at once. A weak state.

Therefore, Ye Feng is still very eager for normal top-level weapons.

If this ancient formation can be cracked this time and these two top magic weapons can be obtained, it will definitely have a huge improvement effect on Ye Feng's current comprehensive strength.

At this moment, Ye Feng immediately activated his Eye of Heaven and Earth without any hesitation, and instantly saw through all the structures and context of the entire formation in front of him.

Uh-huh!

At this moment, Ye Feng immediately flew towards the inner area of the formation. .??.

When the barbarian giant saw this scene, he immediately couldn't help but exclaimed: "Master, be careful, this ancient formation is very terrifying, and it is far from as peaceful as it seems on the surface. Even our barbarian king back then, All

There is no confidence in forcing his way through. The master's current level of cultivation is too far compared to that of the barbarian king back then. "

When Ye Feng heard the reminder from the barbarian giant, he just smiled and said, "I am sure of myself."

Uh-huh!

After saying that, Ye Feng directly entered the huge formation in front of him.

And at the next moment, what shocked the barbarian giant's eyes was that the huge formation in front of him could not cause any harm to Ye Feng.

This huge formation made no move at all in response to Ye Feng's intrusion.

This made the barbarian giant immediately couldn't help but show deep surprise in his eyes, as if he didn't expect such a situation to happen.

"Is it possible that this formation is about to break down after too many years have passed?"

The barbarian giant was thinking in his heart at this time and was also preparing to enter the formation.

"boom!!"

However, the moment he was in the middle of the formation, a terrifying ray of blazing sun burst out from high in the sky, almost burning the entire body of this barbarian giant to ashes.

The barbarian giant immediately retreated in fear, avoiding the attack of the blazing sun.

At this time, the barbarian giant immediately looked at Ye Feng's back and couldn't help but said in horror: "It's the master who used special means to prevent this formation from attacking the master. The master is too mysterious and unpredictable." "

At this moment, after hearing the sighs of the barbarian giant beside them, Su Jixue and a group of Tianhan Valley disciples had very complicated expressions in their eyes.

They originally thought that Ye Feng was just an ordinary young casual cultivator who joined their team to avoid being pursued by a powerful enemy.

But now I didn't expect that Ye Feng's various methods were so magical. It was really incredible.

Even great figures from ancient times like barbarian giants were full of praise!

"I hope that after returning to Tianhan Valley, Ye Feng can help me shine!" Su Jixue's beautiful and cold eyes revealed deep expectations.

Chapter 4205 Disintegrated

Buzz!

At this time, Ye Feng entered the ancient formation in front of him.

Ye Feng suddenly felt a terrible pressure exerted on himself.

Although Ye Feng can see through the entire structure of the formation through the Eye of Heaven and Earth.

But after entering the formation, even though he is not attacked by the formation, he can still feel the majestic power of the entire formation, oppressing his whole body, which gives people a very terrifying feeling.

At this time, Ye Feng flew quickly towards the sun in the sky.

Because Ye Feng could first feel that among the two cores in this formation, the sun was the most terrifying.

So let's resolve the solar crisis first.

According to what the barbarian giant said, the magic weapon floating in the sun is called the Sun Bracelet. It was made by a very powerful weapon refining master in the ancient barbarian kingdom.

So at this time, Ye Feng didn't hesitate at all, and he rushed directly into the sun high in the sky.

The next moment, Ye Feng immediately saw a huge bracelet floating in the sun burning with infinite power.

The surface of this bracelet is engraved with many ancient and complex patterns, as well as mysterious totems, giving it a very ancient feeling.

This is exactly the Burning Sun Bracelet that the barbarian giant mentioned. It is a very advanced magic weapon.

Among the barbarian kingdoms back then, it was definitely the top magic weapon.

That's why he was chosen to form this formation to protect the inheritance place left by the ancient barbarian king.

At this moment, Ye Feng didn't hesitate at all, and he immediately rushed towards the Sun Bracelet.

But just at the moment when Ye Feng was close to the Sun Bracelet.

Boom!

The huge bracelet suddenly burst out with endless flames and the light of the sun, possessing infinite and terrifying burning ability, and rushed directly towards Ye Feng.

At this moment, most of Ye Feng's flesh and blood were burned to ashes, exposing the bones inside.

However, Ye Feng's Immortal Bone of the God is almost indestructible.

So at this moment, Ye Feng endured the terrifying burning power, almost turning into half a skeleton, but he finally got close to the Sun Bracelet.

Then Ye Feng stretched out a bone palm and grasped the blazing sun bracelet in front of him.

boom!

Next, Ye Feng input his own mana and started refining the Fierce Sun Bracelet.

The whole process is very painful, and ordinary people cannot get close to this Sun Bracelet.

Because this terrifying burning ability is really terrifying.

But Ye Feng relied on his immortal bones to withstand this terrifying burning power.

Although Ye Feng's flesh and blood has been burned to ashes, Ye Feng's bones cannot be melted or destroyed.

So at this time, Ye Feng was finally able to get close to the Burning Sun Bracelet and start refining it.

Boom!

In the end, Ye Feng successfully refined the Burning Sun Bracelet.

The next moment, Ye Feng thought, and the huge bracelet suddenly became only as thick as an arm, and was then put on Ye Feng's wrist.

At this moment, Ye Feng could sense an infinitely terrifying burning power from this blazing sun bracelet.

It really seems like there is a sun contained in this sun bracelet, which gives people a very shocking feeling.

Ye Feng immediately showed surprise in his eyes.

This Fierce Sun Bracelet, although it is only slightly sensitive, is definitely a top-notch magic weapon with very terrifying power.

At this time, Ye Feng tried to use the power of the Sun Bracelet.

Buzz!

The next moment, Ye Feng directly injected some of his magic power into the bracelet on his wrist.

Almost at the next moment, the infinite and terrifying light of the sun burst out from the bracelet.

And this kind of intensity

The light of the sun has very terrifying burning power, and it instantly burned a large area of mountains not far away to ashes.

At this time, seeing this terrifying scene, Ye Feng suddenly showed deep surprise in his eyes.

This Burning Sun Bracelet was indeed one of the top magic weapons in the Barbarian Kingdom back then. It was indeed very terrifying.

At this time, Ye Feng was wearing the Burning Sun Bracelet on his wrist and flew directly down quickly.

Next, Ye Feng is going to refine the ancient heavy water droplet contained in this blue ocean.

For Ye Feng, the more of this top-notch magic weapon is naturally better, and it has huge benefits for improving Ye Feng's overall strength.

At this time, Ye Feng quickly sank towards the azure ocean, and soon Ye Feng came to the center of the azure ocean.

He immediately saw a bead the size of a human head, floating in the boundless ocean, emitting a very terrifying water attribute power.

It feels like there is a sea inside a small bead.

At this time, Ye Feng immediately flew over and wanted to directly refine this ancient heavy water drop.

Boom!

But at this moment, the ancient heavy water droplet began to expand rapidly.

It actually expanded to the size of a planet, and suddenly pressed on Ye Feng's body.

Buzz!

At this moment, Ye Feng immediately felt endless pressure exerted on himself.

Ye Feng felt that his bones were "crunching" at this moment, as if they would be completely broken in the next moment.

At this moment, Ye Feng immediately showed deep horror in his eyes.

The weight of this ancient heavy water bead is really terrifying.

Ye Feng felt that it probably weighed an entire planet.

The terrifying power of Ye Feng's body at this moment was somewhat unbearable.

However, Ye Feng's body strength is very powerful after all. \u003c

br\u003e

Moreover, the Immortal Bones of the Gods are enough to support the power of a planet.

So at this time, Ye Feng directly withstood the power of this ancient heavy water drop.

At the next moment, Ye Feng hadn't even refined it yet.

Uh-huh!

This ancient heavy water droplet actually flew directly into Ye Feng's eyebrows and became a part of Ye Feng's body.

When Ye Feng saw this scene, his eyes suddenly showed surprise.

Unexpectedly, he had not yet refined this ancient heavy water bead, but he had directly recognized himself as the master.

However, Ye Feng felt that he had probably endured the strongest weight of the entire Ancient Heavy Water Bead just now, so he was able to get the recognition of this Ancient Heavy Water Bead.

If he couldn't bear it and was crushed, he would probably be eliminated by this ancient heavy water bead.

At this time, Ye Feng could feel that the ancient heavy water droplet between his eyebrows, although it was only a small one, was now the size of an eyeball.

But once the power is released, this ancient heavy water drop will turn into a towering planet again, with a terrifying and vast weight, which is estimated to be able to crush everything in an instant.

At this time, Ye Feng immediately showed deep joy in his eyes.

Unexpectedly, this time, I accidentally obtained the most powerful and top-level magic weapon among the two barbarian kingdoms.

This is definitely a huge bonus!

At this moment, as Ye Feng successfully refined the two magic weapons, the entire formation completely collapsed.

Everyone saw it immediately. Ye Feng's figure was revealed in the formation. They all cheered and said: "Ye Feng, you are really amazing. Such an ancient formation was destroyed in just a short moment. You just collapsed!"

When the barbarian giant saw this scene, his eyes showed horror.

He knew that Ye Feng must have successfully refined two of the top magic weapons in their barbarian kingdom to be able to do this.

This caused huge waves in the hearts of the barbarian giants. This method was so terrifying and incredible!

Chapter 4206 The place where the barbarian king lives

At this moment, Su Jixue led a group of Tianhan Valley disciples and flew directly in front of Ye Feng.

At this time, Su Jixue stared at Ye Feng in front of her, with deep surprise in her eyes, and said loudly: "You have disintegrated all the formations so quickly? It is really incredible. ! Even the famous great formation mages in our Tianhan Valley probably can't do this."

Su Jixue knew very well how terrifying this ancient formation was.

Because the barbarian giant also said just now that this ancient formation protects the place where the ancient barbarian kings left a peerless inheritance.

Therefore, this formation must be very powerful.

But unexpectedly, in just a short moment, Ye Feng had completely disintegrated the entire ancient formation.

At this moment, everyone can freely enter the area covered by this ancient formation.

Uh-huh!

At this time, the barbarian giant also flew in front of Ye Feng, with deep awe in his eyes.

At this time, Ye Feng just stared at the barbarian giant in front of him and said loudly: "Is the peerless inheritance of the ancient barbarian king hidden under this ocean?"

The barbarian giant immediately nodded and said loudly: "Yes, the inheritance of the barbarian king of our barbarian kingdom is under this ocean."

"good."

Ye Feng immediately nodded, then looked at Su Jixue beside him and said, "Senior Sister Su, let's go down directly."

Su Jixue immediately nodded expectantly, led a group of disciples from Tianhan Valley, followed Ye Feng, and quickly landed under the deep sea.

Boom!

But suddenly the moment they landed in the deep sea area.

There was actually a three-headed dragon covered with golden scales. It flew up all of a sudden and attacked directly in the direction of Ye Feng and Su Jixue.

The aura of cultivation emanating from this three-headed dragon was surprisingly a whole level higher than Ye Feng's current Daohai realm.

This three-headed dragon is clearly a Yuanfu realm existence!

At this time, Su Jixue's eyes

Startled, he quickly prepared to take action.

But Ye Feng smiled and said: "Wait, let me test the two powerful magic weapons I just got."

Boom!

At this moment, Ye Feng directly activated the blazing sun bracelet on his wrist.

boom!

At this moment, Ye Feng put all his mana into the Sun Bracelet.

I saw that the terrifying light of the sun suddenly burst out from inside the small bracelet.

This kind of blazing light is simply majestic.

It was like a golden sun bursting out from Ye Feng's bracelet, with terrifying burning power that could melt everything in the world.

At this moment, the extremely powerful three-headed dragon, before it could even let out a scream, was directly burned to ashes by the Sun Bracelet in Ye Feng's hand.

"hiss!"

Seeing this horrific scene, everyone around them couldn't help but gasp.

This kind of terrifying magic weapon is really terrible!

Everyone's eyes were all fixed on the blazing sun bracelet on Ye Feng's wrist.

At this time, everyone knew that this Burning Sun Bracelet should be the powerful magic weapon that Ye Feng had extracted from the ancient formation before. It indeed had very terrifying power, allowing Ye Feng to exert abilities beyond his own cultivation. The terrifying destructive power is several times the strength.

At this moment, Ye Feng also showed deep surprise in his eyes. He didn't expect that the destructive power released by this Sun Bracelet was really so terrifying.

You must know that this three-headed dragon flew out of the sea. It should be an extremely powerful and advanced beast that was kept in captivity by the ancient barbarian king.

But unexpectedly, the light of power in Ye Feng's bracelet instantly burned him to ashes.

Ye Feng didn't even have time to swallow the three-headed dragon's energy, and the three-headed dragon burned directly.

Became ashes.

This made Ye Feng's eyes reveal deep surprise, but also a hint of helplessness.

Originally, Ye Feng was planning to devour the three-headed dragon directly, but now the three-headed dragon was directly burned to ashes by the light of the blazing sun in the blazing sun bracelet, and there was no way to devour it.

All flesh, flesh and energy were burned to ashes in this way.

At this time, Ye Feng immediately understood that he would have to use the blazing sun bracelet he was wearing carefully next.

Because the destructive power exerted by the Burning Sun Bracelet is so terrifying, it can easily burn powerful enemies to ashes, and you can no longer devour them.

So use it with caution in the future, or release half of the power.

At this moment, Ye Feng couldn't help but shook his head and said loudly: "The magic weapon is too powerful, and sometimes it is not very good. It makes me waste the energy of such a three-headed dragon."

When Su Jixue next to her heard what Ye Feng said, she couldn't help but smiled helplessly and shook her head, saying: "Ye Feng, you have obtained such a powerful magic weapon. It will be of great help to your strength in the future. You Why are you sighing? When you return to our Tianhan Valley, I will apply for various high-level and precious cultivation resources for you, so that your cultivation skills can quickly break through. "

"Um?"

Hearing what Su Jixue said, Ye Feng's eyes suddenly lit up and he couldn't help but said, "Can Senior Sister Su really help me apply for so many high-level training resources?"

Su Jixue immediately smiled and nodded, and said aloud: "My status in Tianhan Valley is still quite high. There is no problem in applying for some advanced cultivation resources. You have helped me so much this time. I Naturally, I will certainly repay you, and when you join our small team, you are equivalent to joining our Tianhan Valley. If you can make great contributions in Tianhan Valley, the upper level of the sect will definitely reward you. With your many high-level cultivation resources, your cultivation will be rapidly improved. So before you were a casual cultivator, I said it would delay your cultivation progress too much. If you could join a super power like ours earlier, It is estimated that it has already become

A line of top geniuses exists. "

What Su Jixue said at this moment was naturally not to compliment Ye Feng, but to tell the truth.

At this time, Ye Feng immediately nodded, and then followed the others and continued to lurk under the deep sea.

When they arrived at the innermost part of the deep sea, they immediately saw a dry river bed.

At this time, a gate radiating golden light stood in the river bed.

At this moment, the barbarian giant immediately said: "As long as you open this golden door, you can enter the peerless inheritance place left by the ancient barbarian king. It is also the place where the ancient barbarian king of our barbarian kingdom slept. If you enter, everyone should be careful, it is very likely to be a huge danger. After all, the king of the barbarians must have spent a lot of means to protect his habitat. In addition to the huge formation outside, there are also the guardian beasts. In addition, there must be other means of defense."

Hearing what the barbarian giant said, everyone nodded one after another, with a cautious look in their eyes.

At this moment, everyone looked at Ye Feng with more and more awe.

Because Ye Feng directly asked the Barbarian Giant, a big figure in the ancient Barbarian Kingdom, to listen to Ye Feng's words so much, it is really incredible.

At this moment, Ye Feng said aloud: "Senior Sister Su, the two of us should be at the front and let the others behind. In this way, if we encounter a great danger, the two of us can respond at any time."

Su Jixue naturally nodded at this time.

Although Ye Feng's cultivation is now a level lower than hers, Ye Feng has now obtained two of the top magic weapons from the ancient barbarian kingdom, the Burning Sun Bracelet and the Ancient Heavy Water Bead.

Ye Feng's overall strength has naturally improved to a level that is almost comparable to Su Jixue.

So at this time, the two most powerful combat forces in this group are naturally Ye Feng and Su Jixue.

If they lead the way at the front, if they encounter huge dangers, they can respond at any time and protect the other ordinary young Tianhan Valley disciples behind them.

Chapter 4207 All-round talents

Uh-huh!

At this time, Ye Feng and Su Jixue led the way, and soon they landed in front of the golden gate at the bottom of the deep sea.

At this time, Ye Feng looked at the barbarian giant in front of him and asked aloud: "How to open the door to this room?"

The barbarian giant said aloud: "Only the purest blood of the barbarians can open it."

After saying that, the barbarian giant cut his finger directly, and then dropped a drop of blood on the golden gate.

Buzz!

As a result, the moment his blood dripped on the door, the entire golden door immediately opened quickly on both sides.

Seeing this scene at this time, Su Jixue's eyes suddenly showed a look of joy.

Fortunately, Ye Feng surrendered this barbarian giant. Otherwise, even if they could get here, they would not be able to open this golden door.

Unless it is broken open by violent means.

However, if you use violence, you may not be able to break this golden door open.

Because this golden gate was built by the supreme barbarian king back then, so it must be very strong.

With everyone's current cultivation strength, it may not be possible to forcefully break it open.

But at this time, with the help of the barbarian giants, they successfully opened the golden door.

Next, Ye Feng and Su Jixue led a group of Tianhan Valley disciples directly into the golden gate.

The moment they entered the golden gate, they were immediately shocked by the scene in front of them.

I saw that this was a very vast underground space.

And an underground palace was built.

It feels like an underground kingdom that has been buried here for many years.

At this time, in the entire underground palace, there were densely packed coffins placed on the ground.

Each coffin is made of special bronze, giving people a sense of death.

Seeing this scene at this time, even the barbarian giant beside him couldn't help but show a trace of surprise in his eyes, and couldn't help but say aloud: "I didn't expect that the barbarian king of our barbarian kingdom would do this." There are so many coffins cast in the place where they live. Is there a corpse of a strong man from our barbarian kingdom placed in each coffin? "

Hearing what the barbarian giant next to him said, Ye Feng's eyes suddenly moved, as if he had thought of something.

Well, he couldn't help but said: "Do you think this barbarian king has not completely died, but is waiting for the next resurrection?"

"this....."

Hearing what Ye Feng said, Su Jixue and a group of Tianhan Valley disciples beside him couldn't help but have deep looks of horror in their eyes, and felt a chill in their hearts, which felt a little scary.

Because if what Ye Feng guessed was true, then they had entered a very dangerous place now.

At this moment, Su Jixue looked at the dense coffins around her and couldn't help but said solemnly: "We'd better find the burial place of the Barbarian King as soon as possible, and first find the wealth and peerless inheritance left by the Barbarian King. Then hurry up and get out of here. I feel that this place is indeed very dangerous and always gives people a very depressing feeling."

Ye Feng immediately nodded and glanced at the underground palace in front of him.

There are thousands of coffins placed on the entire ground, and each coffin is very old.

Even the style of each coffin is different, with different totems engraved on them, which may represent the identity of the owner in the coffin during his lifetime.

At this moment, everyone was moving forward quickly, preparing to enter the middle area of the core of this underground space.

boom! boom! boom! ...

Suddenly, a large number of coffins nearby exploded.

Then zombies with green hair all over their bodies rushed directly towards Ye Feng, Su Jixue and a group of Tianhan Valley disciples. They exuded a strong aura of death, their eyes glowed green, and they emitted a very terrifying roar, like the roar of a wild animal.

Seeing this scene at this time, Su Jixue and a group of disciples from Tianhan Valley couldn't help but show deep horror in their eyes, and they couldn't help but said: "Guess what happened to Ye Feng?" By the way, these coffins are all filled with strong barbarians who have turned into zombies. Each of these barbarian zombies is probably very terrifying. "

Hearing what Su Jixue said, Ye Feng also showed a trace of solemnity in his eyes, and said loudly: "In this underground palace, there are thousands of coffins placed on the ground. If every coffin is filled with barbarian zombies, If so, there would be thousands of barbarian zombies, and the strong barbarians who could be placed here by the king of barbarians would die.

They must have been very powerful existences before, and after they turned into zombies, they must also be very powerful. Let's not get entangled with so many barbarian zombies now, and hurry up to find the wealth and inheritance left by the king of barbarians, and then leave here. "

When Su Jixue heard what Ye Feng said, she nodded quickly.

Because she also knew very well that if she kept entangled with these invulnerable and invulnerable barbarian zombies, then they would definitely be consumed alive in this underground palace.

At this time, Ye Feng looked at the barbarian giant beside him and said, "Where is the peerless inheritance and wealth left by the barbarian king?"

The barbarian giant thought for a moment, and then said aloud: "If the barbarian king left behind a peerless inheritance and wealth, it should be in the coffin in which he buried himself. I remember that the barbarian king had a special storage back then. The ring hides his private treasure."

Hearing what the barbarian giant said, Ye Feng immediately nodded and looked directly towards the central area of the underground palace.

In the central area, there is a huge golden coffin, which looks very precious.

That should be the coffin of the Barbarian King.

At this time, Ye Feng immediately looked at Su Jixue and the barbarian giant beside him, and said loudly: "You will assist me now and rush directly to the huge golden coffin where the barbarian king is sleeping. I will directly take the golden coffin." Open it, grab what's inside, and get out of here."

Hearing what Ye Feng said, Su Jixue and the barbarian giant nodded one after another, and stood beside Ye Feng respectively, one on the left and one on the right, guarding the direction of Ye Feng's wings, and rushed forward.

As long as there are barbarian zombies charging around, they will be blown away by the barbarian giant and Su Jixue.

The barbarian giant is already several kilometers tall. If a zombie rushes over, it will be blown away by the huge palm of the barbarian giant.

Su Jixue's cultivation level is also very powerful, a whole level higher than that of Ye Feng. Moreover, she is one of the top ten chief disciples in Tianhan Valley, and her inheritance is also very powerful.

Therefore, Su Jixue holds an ice sword in her hand. Any barbarian zombies that rush towards her will be frozen by Su Jixue in an instant.

At this time, the disciples from Tianhan Valley were also following behind, cleaning up some fish that had slipped through the net.

Ye Feng at this time

He concentrated on charging forward, and all the barbarian zombies that rushed from the front were blown away by Ye Feng's golden fist.

Even some very advanced barbarian zombies, impervious to lightning, were instantly burned into charred corpses and fell to the ground under the attack of Ye Feng Lieyang's bracelet.

So at this time, these ordinary barbarian zombies simply cannot withstand the attack of a group of people.

Although the attack power of the ordinary disciples of Tianhan Valley is not that powerful, the attack power of the Barbarian Giant and Su Jixue is still very terrifying, and there is also a fierce guy like Ye Feng.

Seeing this scene at this moment, the disciples of Tianhan Valley, including Su Jixue, stared at Ye Feng in surprise.

They didn't seem to expect that Ye Feng's attack power was also very powerful.

Originally, they thought that Ye Feng was just a special talent with special abilities in formation or rescuing people.

But I didn't expect that once Ye Feng's combat power was fully released, it would be so terrifying.

Su Jixue couldn't help but sigh: "What an all-round talent."

At this time, with the cooperation of everyone, Ye Feng quickly rushed to the center of the underground space and came to the largest golden coffin.

But just at the moment when Ye Feng was about to split open the golden coffin.

Boom! !

The lid of this golden coffin was blown away from the inside by a powerful force.

Uh-huh!

Then a zombie king who was more than ten meters tall appeared. His body was covered with green scales, his eyes were glowing green, and his skin was shriveled, giving people an extremely terrifying feeling.

This zombie king is definitely the king of the barbarians!

He actually tried to absorb the Yin Qi between heaven and earth and turned himself into an immortal zombie body.

In this case, it is equivalent to being reborn in disguise, and it also has an immortal zombie body.

It has to be said that this barbarian king still has very great ambitions. In order to be immortal, he did not hesitate to refine his entire body into a zombie body!

The moment the zombie king of the barbarians appeared, he immediately made a cruel voice: "You intruders have disturbed my practice and forced me to wake up early. You will all die! Become my king to forge immortality. Food for destroying zombies!"

Chapter 4208 It's like paper

At this moment, the zombie that the barbarian king turned into was very tall.

His whole body was covered with green scales, his eyes were glowing green, and he exuded a monstrous aura of violence, which made him feel very ferocious and terrifying.

At this time, the barbarian king didn't hesitate and just stretched out a hand.

His hand has turned into a zombie hand, and the nails are three meters long.

The nails on each finger looked like they were made of steel, shining with a cold metallic luster and very sharp, as if they could disembowel someone in an instant.

At this time, the barbarian king rushed directly towards Ye Feng, who was the first to bear the brunt, as if he wanted to directly kill Ye Feng, the human boy standing at the front.

But at this moment, Ye Feng didn't hesitate at all and just waved his extremely powerful God's fist. .??.

Ye Feng's fist turned into pure gold and violently collided with the palm of the zombie-turned-barbarian king.

Boom! !

At this moment, a huge roar suddenly sounded across the entire field.

It has to be said that the power of the gods in Ye Feng's fists is still very terrifying, making Ye Feng's fists as strong as if they were made of steel.

Therefore, when the nails of the zombie king collided, Ye Feng's fist was not directly torn into pieces. Instead, the two stepped back from each other.

Seeing this scene, the zombie that the Barbarian King turned into immediately couldn't help but show a look of astonishment in his eyes, and said loudly: "How is it possible?! How can you, a human boy, have such a strong body?" , This is impossible! A small human body is originally very weak, but I can disembowel you in an instant. How did your fist turn into gold and become so strong? "Physique?"

Hearing what the zombie turned into by the barbarian king said, Ye Feng just smiled coldly and said, "You talk too much."

boom!

After saying that, Ye Feng instantly released the extremely powerful magic weapon he had just obtained, the Fierce Sun Bracelet.

Boom!

Ye Feng input his mana into the Sun Bracelet on his wrist.

At this moment, golden light burst out from the small bracelet.

Then the endless light of the blazing sun was filled with terrifying burning power.

, suddenly burst out from the Fierce Sun Bracelet on Ye Feng's wrist, and suddenly bombarded fiercely forward, covering the entire zombie king turned into in an instant.

But the next moment, what made Ye Feng's eyes look astonished was that the burning power emanating from the Sun Bracelet had no effect at all on the zombie king that the barbarian king had turned into.

The power of fire released from the Sun Bracelet was unable to harm the zombie king that the barbarian king had turned into.

At this time, the king of the barbarians burst out laughing: "This Burning Sun Bracelet was originally a magic weapon refined by me back then. It cannot harm me at all. And you have to know that my current body, but The body of the immortal zombie king is not comparable to those of ordinary zombies. "

Boom!

After the barbarian king finished speaking, he rushed towards Ye Feng crazily, claw after claw, causing Ye Feng to retreat steadily.

At this time, Su Jixue and the barbarian giant beside him immediately rushed towards the barbarian king to help Ye Feng fight against the barbarian king.

They knew very well that the ordinary zombies in the coffins present were not really much of a threat.

The biggest threat is the zombie king transformed from the immortal barbarian king.

At this moment, the king of the barbarians immediately stared at the barbarian giant and said coldly: "You traitor, you were my number one general back then. I didn't expect that you would succumb to the hands of a human boy now. You are so brave when I am your enemy!"

The barbarian giant had already been mentally enslaved by Ye Feng at this time, so he was naturally extremely loyal to Ye Feng.

The barbarian giant immediately shouted: "My master is everything to me. If the master wants me to deal with it, I will definitely attack with all my strength!"

Boom!

At this moment, the huge palm of the barbarian giant struck towards the king of barbarians.

The king of the barbarians said coldly at this time: "Then let you see the hand of the underworld that I have learned over the years."

Boom!

At this moment, I saw the zombie body of the barbarian king.

In the middle, the endless energy of the underworld burst out immediately.

A big green hand burning with will-o'-the-wisp was directly formed, just like the palm of the King of Hell in the underworld. It had very terrifying destructive power. It could disembowel the barbarian giant and kill it instantly.

"What, so powerful?"

Seeing this scene, even Su Jixue couldn't help but look horrified in her eyes.

Ye Feng's eyes were a little ugly at this time. He didn't expect that the zombie king turned into a barbarian king would have such terrifying fighting power. ??

At this time, Su Jixue did not hesitate and directly used her most powerful inheritance, Thousand Miles of Ice.

Rumble...

At this moment, Su Jixue's whole body immediately burst out with endless terrifying cold air, which seemed to be able to freeze everything and turned into a long stream of ice, directly bombarding the zombie king ahead. .

At this moment, the zombie king that the barbarian king turned into was suddenly shrouded in endless ice energy.

It was actually frozen directly in the ice.

Click, click...

But at this moment, cracks suddenly appeared on the surface of the ice that froze the barbarian king.

It seems like it will be completely shattered in the next moment!

Obviously, after the barbarian king was frozen, he was not frozen to death at all.

At this time, Su Jixue couldn't help but said to Ye Feng: "Ye Feng, think of a way quickly. I can't freeze this barbarian king for a long time. His body is too powerful. It can't be destroyed at all."

At this time, Ye Feng looked at the ice sculpture of the Barbarian King that was about to be broken. His eyes were hard and he said loudly: "Okay, I decided to use my ultimate method, but after using it, I will instantly enter the weakest state and lose No matter how powerful you are, Senior Sister Su, you must protect me when the time comes."

Hearing what Ye Feng said at this time, Su Jixue immediately flew to Ye Feng's side and said with very firm eyes: "Ye Feng, don't worry, I will definitely protect you."

Ye Feng also nodded at this time.

At this time, there was no choice but to use the small black sword that Ye Feng had obtained before. This special sword left by the ancient gods

weapon.

Uh-huh!

The next moment, a small black sword appeared in Ye Feng's hand.

Seeing the small black sword in Ye Feng's hand, Su Jixue suddenly had a look of surprise in her eyes.

It seemed that Ye Feng's so-called ultimate method was just a small black sword that looked very ordinary.

But at the next moment, Su Jixue was shocked to the extreme.

When all of Ye Feng's skills were drained away by the small black sword in his hand, the small black sword that looked very ordinary suddenly expanded to more than a hundred meters, and suddenly it was fiercely moving forward. and chopped away.

Boom!

A sword light that split the sky and split the earth instantly split the zombie king that was turned into a frozen barbarian king into two halves.

The king of the barbarians became the zombie king. The so-called immortal zombie body was cut into two halves as if it were made of paper under the small black sword in Ye Feng's hand.

Even the zombie core was split in half.

The barbarian king was killed instantly!

"This weapon...is too terrifying!"

Seeing this scene, Su Jixue was a little shocked. She didn't seem to expect that Ye Feng had such a terrifying weapon in his hands.

At this time, Ye Feng also had a look of joy in his eyes.

This small black sword did not disappoint me. As my cultivation level continued to improve, this time I was drained of all my skills, and the small black sword actually expanded to more than a hundred meters.

This made Ye Feng couldn't help but wonder whether this little black sword had any upper limit.

Just as Ye Feng was thinking about it, a severe feeling of weakness swept over him.

Ye Feng was about to collapse.

But the next moment, Su Jixue's beautiful figure flew to Ye Feng's side and directly supported Ye Feng.

Ye Feng leaned entirely on Su Jixue's shoulders.

Su Jixue immediately spoke out: "Ye Feng, from now on, anyone who wants to hurt you must step over my body."

Ye Feng finally felt completely relieved after hearing such firm words from Senior Sister Su Jixue.

Chapter 4209 The Third Young Master

At this time, almost all the energy in Ye Feng's body had been drained by the black sword just now.

So at this time, Ye Feng fell into a very weak state.

However, with Su Jixue, a master, protecting him, Ye Feng is not particularly panicked now.

At this moment, Ye Feng's face turned paler, and then he looked directly in the direction of the golden coffin in the center of the underground palace, and said: "First, let's take the peerless inheritance of the ancient barbarian kings and the treasures left behind in this golden coffin. Find it."

Hearing what Ye Feng said, Su Jixue immediately nodded, and then quickly flew towards the golden coffin.

Ye Feng also followed.

At this time, Su Jixue was still supporting Ye Feng and came to the golden coffin.

The two of them immediately saw that there was indeed a very ancient-looking storage ring inside the gold coffin, as well as a very old-looking book.

At this time, Su Jixue's eyes immediately lit up, she took the storage ring and the books in front of her in her hands, and immediately said aloud: "All the wealth in this storage ring belongs to you Ye Feng." I don't want any of it."

Hearing what Su Jixue said, Ye Feng's eyes showed a hint of surprise, as if he didn't expect that Su Jixue would actually be so generous.

Su Jixue was just staring at the ancient book at this time, because she cared most about the peerless inheritance left by the ancient barbarian king.

At this time, the two of them saw three big characters written on the book, called "Barbarian Divine Skill".

"This is the book! It is the peerless inheritance of the ancient Barbarian King, the Barbarian Divine Art."

At this moment, Su Jixue said, and her eyes immediately showed excitement.

She quickly continued to speak: "If I can successfully practice this set of Barbarian God Skills, then the moment I use this set of Barbarian God Skills, I will be able to gain the power bonus of the entire ancient Barbarian God's will. By then, I will be able to gain hundreds of Increase my combat effectiveness."

Hearing what Su Jixue said, Ye Feng also showed a look of surprise in his eyes, and said loudly: "After successfully practicing this set of Barbarian God Skills, you can actually be blessed by the power of the shadow of the ancient Barbarian God's will? This is true. That's good, I want to understand it too."

Hearing what Ye Feng said, Su Jixue was very generous. She directly placed this ancient book in front of Ye Feng and said, "Then you can meditate first. I'm not in a hurry anyway. I'll wait." If you succeed in enlightenment, please give this book to me."

Ye Feng smiled and said, "No need to go to such trouble."

Uh-huh!

After finishing speaking, Ye Feng took this ancient book, flipped through all the pages, scanned it with his eyes, then handed it to Su Jixue with a smile, and said aloud: "I have used my soul power to read this book All the inherited mysteries and knowledge of the Man Shen Kung recorded in it are branded

Imprinted in my soul, I can now slowly and continuously cultivate in my soul. "

Hearing what Ye Feng said, Su Jixue's beautiful eyes suddenly revealed a look of wonder, and she said loudly: "You soul masters are really good. You can instantly imprint all the knowledge of the outside world into your own soul." , you can slowly understand it, it's really convenient."

When speaking of this, Su Jixue solemnly placed this ancient book in her storage ring.

At this moment, Ye Feng was holding the storage ring inside the golden coffin with a look of expectation in his eyes.

According to what the barbarian giant said before, this storage ring should be the private storage ring of the ancient barbarian king. It was specially used to store the resources and wealth left by the ancient barbarian king.

You know, this ancient barbarian king has been trying to refine himself into a zombie body and then be reborn in the world.

Therefore, the storage ring he left behind must have prepared a lot of wealth for his future rebirth.

So at this time, Ye Feng believed that there must be something very good in this storage ring.

Next, Ye Feng didn't hesitate and opened the storage ring left by the ancient barbarian king.

When Ye Feng opened the storage ring, he immediately saw a very shocking scene.

I saw that the space inside this storage ring was as vast as a vast sea.

There are actually mountains of crystal stones piled up inside.

These mountains are all composed of crystal stones.

Each crystal emits a different color of light, which seems to be the power of different attributes.

At this time, Ye Feng immediately understood that these crystals were probably dug from various mineral veins in the territory of the barbarian kingdom controlled by this ancient barbarian king.

All of them were actually hidden by the ancient barbarian king in his storage ring.

It is estimated that this ancient barbarian king originally planned to use these huge resources to quickly achieve breakthroughs in his strength and cultivation after his rebirth, and use the resources of these energy crystal veins to cultivate a steady stream of masters for himself to help him. Fight for hegemony again on your own.

It's a pity that this ancient barbarian king probably never expected that Ye Feng and Su Jixue came here relying on the barbarian giants, destroying this ancient barbarian king's wish to be reborn.

At this time, Ye Feng didn't hesitate at all, and directly began to release the Devouring Domain, swallowing up all these crystal veins.

"Rumble..."

At this moment, Ye Feng immediately sensed the majestic skill and energy, and suddenly

When it was injected into his body, Ye Feng's whole body immediately broke through with momentum.

You know, there are more than a dozen of these crystal mineral veins, all of which were stored by the ancient barbarian king.

Therefore, the energy provided to Ye Feng was very strong, and Ye Feng's skill was immediately greatly improved.

His cultivation level broke through quickly and continuously on the spot almost all of a sudden.

"boom!"

Daohai Realm Second Heaven!

"boom!"

Daohai Realm Third Heaven!

"boom!"

The fourth level of Daohai Realm!

"boom!"

Daohai realm fifth heaven!

At this time, Ye Feng's breakthrough momentum finally stopped.

What surprised Ye Feng was that with so many crystal mineral veins, his skill suddenly broke through four levels.

Directly from the first level of Daohai Realm, he broke through to the fifth level of Daohai Realm.

Ye Feng's skill immediately increased tremendously.

Ye Feng's cultivation level is now many times stronger than before.

At this time, Ye Feng clenched his fists and could feel the force as powerful as the ocean surging through his limbs.

His combat effectiveness has been enhanced unparalleledly.

At this time, Su Jixue, who was standing aside, said in amazement: "You broke through the fourth heaven so quickly on the spot. This breakthrough speed is really incredible. Ye Feng, your ability is really reversible." Tian, can actually quickly digest the power of the outside world and turn it into his own skill. This is simply incredible, because the conversion of energy is very complicated, and the energy conversion between different attributes may cause practitioners to go crazy. Even death

by explosion, but this is completely non-existent for you, Ye Feng. Your ability, Ye Feng, is so rare, it is the most heaven-defying ability I have ever seen."

Hearing what Su Jixue said, Ye Feng immediately smiled and said: "I hope Senior Sister Su can keep this secret for me, because if I enter the Tianhan Valley and this ability is leaked, someone may be detrimental to me. If they want to rob me of my ability, even though they can't rob it, they will definitely be jealous."

Hearing what Ye Feng said, Su Jixue immediately nodded solemnly and said: "Your ability is indeed too special, even a little evil. I will definitely keep it a secret for you, don't worry."

When she said this, Su Jixue's beautiful eyes staring at Ye Feng actually showed a sweet smile that was different from her usual coldness, and said loudly: "After all, we are two people standing in the same boat now. They all belong to the same little group."

I heard Su Jixue say that

, Ye Feng immediately smiled and nodded, and then continued to explore the things contained in other spaces of the storage ring left by the barbarian king.

Soon, Ye Feng found another set of very powerful armor from the corner of the storage ring.

This set of armor is entirely pitch black and seems very inconspicuous.

But Ye Feng discovered that the material of this pitch-black armor turned out to be a very rare material. It seemed to be the same material as the black sword that Ye Feng had obtained before.

This immediately made Ye Feng's eyes show a look of surprise, and he quickly put this armor on his body, which could greatly improve his defense.

At this time, Ye Feng finished exploring all the things in the storage ring, and immediately looked at Su Jixue beside him, and said loudly: "Senior Sister Su, we can leave here now. This time we really returned with a full load."

Hearing what Ye Feng said, Su Jixue also smiled slightly and said loudly: "Yes, I really came back with a full load this time."

Boom!

But suddenly at this moment, a huge roar suddenly sounded outside the underground palace.

The two Tianhan Valley disciples who were guarding outside were blasted directly into the underground palace. They lay on the ground and died with their meridians cut off.

"What??"

Seeing this scene, Su Jixue's face immediately turned cold and she quickly looked towards the entrance of the underground palace.

Uh-huh!

The next moment, a young man wearing a blue robe with very noble eyes walked in.

And behind him was an old man.

This old man Ye Feng is very familiar with. He is the guardian elder of the Ten Thousand Beast Sect who has been chasing Ye Feng before.

But at this time, the old guardian of the Ten Thousand Beasts Sect turned out to be very respectful and followed the young man in blue robes, which was enough to show that the young man in blue robes was definitely a very high-status being.

At this moment, Su Jixue immediately stared at the young man wearing a blue robe, and said in a very cold tone: "The third young master of the Ten Thousand Beast Sect, Mo Wushuang, I didn't expect such a noble person like you. They all came here and seemed to be following us secretly, trying to take advantage of us. It's really shameless."

At this time, Su Jixue said, suddenly looking at Ye Feng beside him, and whispered anxiously: "Ye Feng, find the right opportunity to run away later. This third young master of the Ten Thousand Beast Sect is a very scary guy. , the strength of the younger generation in the Shenshui Dynasty is enough to rank at the forefront, not to mention the old guardian of the Ten Thousand Beasts Sect

behind him, whose cultivation is also very powerful, I can't resist them, and I guess you, Ye Feng, can't either. Opponent, although you have made a lot of breakthroughs in cultivation just now, you are still far behind these two super masters of the Ten Thousand Beast Sect."

Chapter 4210 Burned to death

What Su Jixue said at this moment was very urgent.

Obviously, in Su Jixue's eyes, they could not possibly be the opponents of the two super masters of the Ten Thousand Beast Sect.

Because the two people in this Ten Thousand Beast Sect are both extremely powerful beings.

Whether it is the old guardian of the Ten Thousand Beasts Sect or the third young master of the Ten Thousand Beasts Sect, Mo Wushuang, they are both very powerful beings.

Especially the third young master of the Ten Thousand Beast Sect, Mo Wushuang, who is definitely the top genius among the Shenshui Dynasty.

His cultivation level is probably many times stronger than that of the old guardian of the Ten Thousand Beasts Sect behind him.

At this time, Su Jixue was ready to take action directly and let Ye Feng and others leave.

But at this moment, suddenly the old guardian of the Ten Thousand Beasts Sect not far ahead took out ancient talismans from the storage ring, and then threw them around.

There were dozens of these talismans. At this moment, they were spinning rapidly in the surrounding space, and then a golden light mask condensed out, covering the entire surrounding area. There was no way to escape.

Seeing this scene, Su Jixue immediately showed a hint of ugliness in her eyes, and couldn't help but said: "This seems to be the special spirit beast talisman of the Ten Thousand Beast Sect. When combined together, it can temporarily form a very special spirit beast talisman." The powerful ancient restriction is more mysterious than the formation, and can instantly trap the entire space around it. "

Seeing this scene, Su Jixue's face naturally became very ugly. She immediately stared at the third young master of the Ten Thousand Beast Sect, Mo Wushuang, in front of her, and said coldly: "Mo Wushuang, do you really want to fight with me?" Am I an enemy? You have to know that your Ten Thousand Beast Sect and our Tianhan Valley are both top powers in the Shenshui Dynasty. We have always been in harmony with each other. If you are an enemy of me now, this news has spread. We, Tianhan Valley, believe it or not, we, Tianhan Valley, will directly go to war with your Ten Thousand Beast Sect."

Hearing what Su Jixue said, Mo Wushuang, the third young master of the Ten Thousand Beast Sect, just smiled faintly, his face seemed to be very calm, and he slowly walked towards the crowd and said loudly: "This ancient barbarian king's peerless inheritance, I also I have been coveting it for a long time, so this time, the old guardian of our Ten Thousand Beast Sect, specially informed me to come here, just to follow you and get the peerless inheritance of this ancient barbarian king. I didn't expect that you were so lucky that you really found it. Naturally, I want to snatch this peerless inheritance from the ancient barbarian king."

At this time, Mo Wushuang spoke, looked at the old guardian beside him, and said aloud: "The boy you said before who killed more than a dozen disciples of our Ten Thousand Beast Sect is the boy in white standing next to Su Jixue. Bar?"

The old guardian immediately nodded and said loudly: "Yes, Third Young Master, the culprit who killed several disciples of our Ten Thousand Beast Sect before was that boy. He must pay the price for this."

When Mo Wushuang heard what the old guardian said, he immediately nodded, looked down at Ye Feng, who was not far away, and said, "You are so brave, you dare to kill our disciples of the Ten Thousand Beasts Sect. So you have to pay the price for this. You'd better surrender now and don't resist. If you succumb to me and follow me back to the Ten Thousand Beasts Sect and dedicate your special ability to the formation, you may be able to save your life. , If you dare to resist, I don't mind killing you on the spot."

\u003c

br\u003e Hearing what Mo Wushuang said, Su Jixue suddenly had an ugly look in her eyes.

She knew that this Mo Wushuang should have taken a fancy to Ye Feng's special ability in formations, and wanted to use Ye Feng as a slave of their Ten Thousand Beast Sect to plunder the resources and wealth from various ancient ruins and help them crack Formation.

At this time, Su Jixue was about to say something, but Ye Feng had already smiled coldly, stepped forward and said loudly: "If you want me to surrender under the command of your Ten Thousand Beast Sect, don't have such wishful thinking."

"presumptuous!"

Hearing what Ye Feng said, Mo Wushuang immediately shouted coldly, then looked at the guardian elder beside him and said loudly: "Go and deal with this kid. I will control Su Jixue."

"Yes, Third Young Master."

The old guardian of the Ten Thousand Beasts Sect immediately gave a cruel smile, stared at Ye Feng not far away, and said loudly: "You can't escape this time, you will be killed by my own hands."

boom!

After finishing speaking, an extremely powerful cultivation aura erupted from the old guardian's body.

That is a powerful cultivation level that surpasses the Yuanfu realm of Daohai realm!

At this moment, Su Jixue was about to take action, but Mo Wushuang had flashed in front of Su Jixue in an instant, and a special wave of power erupted from his body, trapping Su Jixue in the small space around him, unable to help at all. To Ye Feng,

"Break it open for me!"

Su Jixue looked anxious, and she burst out with thousands of miles of ice, trying to break through this power blockade.

Buzz!

But Mo Wushuang just stretched out a hand, and then his hand turned into a huge prison.

Each of his fingers turned into prison pillars.

This seems to be a means specifically used to trap the enemy.

Even Su Jixue's Thousand Miles of Ice Frozen could not break through the prison made of this palm.

Mo Wushuang immediately smiled lightly and said: "Su Jixue, you are one of the top ten chief disciples of Tianhan Valley, so I will not kill you, but that boy named Ye Feng is really too courageous. , so we must kill him, let's just watch the show slowly."

At this moment, the guardian elder of the Ten Thousand Beast Sect not far away rushed to Ye Feng in an instant.

boom!

Ye Feng also burst out his cultivation strength at this moment, and his body was filled with the powerful cultivation aura of the fifth level of Daohai Realm.

Sensing the cultivation aura of the fifth level of Daohai Realm in Ye Feng, the old guardian of the Ten Thousand Beasts Sect immediately showed a look of surprise in his eyes and said loudly: "In just a few days, you kid You actually directly broke through a big realm, which is really impressive, but after all, you are still a whole big realm lower than me. It is impossible for you to fight against me, so there is only one end for you, and that is to be killed by my own hands. "

Boom!

This time, this

The old guardian of the Ten Thousand Beasts Sect instantly charged towards Ye Feng with a huge aura of cultivation.

He didn't even use any martial arts inheritance because he thought he could easily kill Ye Feng.

At this time, Ye Feng didn't hesitate at all. He smiled coldly and immediately released the power of his God's Fist.

I saw Ye Feng's fist, immediately turned into a golden color, and blasted forward. The terrifying power exploded, and the old guardian of the Ten Thousand Beasts Sect was sent flying backwards.

"What??"

Seeing this scene, the old guardian of the Ten Thousand Beast Sect immediately showed a look of deep astonishment in his eyes.

It seems that Ye Feng did not expect that such a terrifying power could erupt from Ye Feng's fist.

Mo Wushuang, who was not far away, also had a look of surprise in his eyes. It seemed that he did not expect that Ye Feng, a young casual cultivator, had such a strong fighting power.

At this time, Mo Wushuang immediately looked at the old guardian not far away and said loudly: "Don't waste any more time, just use your powerful methods to kill this kid to avoid any unexpected troubles."

"yes!"

Hearing what the Third Young Master of the Ten Thousand Beasts Sect said, the old guardian immediately said: "Third Young Master, don't worry!"

At this time, the old guardian of the Ten Thousand Beasts Sect stared at Ye Feng who was not far away. He smiled coldly and said, "I was just a little negligent just now. I won't hold back anymore. Come out, my contracted beast!"

At this time, the old guardian of the Ten Thousand Beasts Sect released his contracted beast without any hesitation.

You must know that the practitioners of the Ten Thousand Beast Sect are not truly powerful themselves, but the contracted beasts they have signed.

Boom!

Almost at the moment when the old guardian of the Ten Thousand Beasts Sect finished speaking, a majestic and majestic beast that was several kilometers long rushed out of his spirit beast bag.

This turned out to be a Tyrannosaurus rex with three heads!

It looks very domineering and terrifying!

The three-headed Tyrannosaurus rex is covered with purple scales, and purple thunder and lightning are flashing on the surface of the scales, giving people a very ferocious and terrifying feeling.

This is a very rare beast called the "Purple Lightning Three-Headed Tyrannosaurus Rex". It is a beast contracted by the guardian of the Ten Thousand Beasts Sect. It is full of terrifying and majestic power.

At this moment, the old guardian of the Ten Thousand Beasts Sect flew directly above the head of the purple electric three-headed Tyrannosaurus Rex, and then shouted: "Destroy this boy for me!"

"Roar!!"

At this moment, the purple electric three-headed Tyrannosaurus Rex suddenly let out a terrifying roar and rushed towards Ye Feng. It had very terrifying destructive power and momentum, as if it could destroy all the enemies in an instant. Everything is destroyed.

It has to be said that these practitioners of the Ten Thousand Beast Sect are still very powerful. Not only can they unleash powerful combat power, but their contracted beasts are even more terrifying. They can use the powerful power of this ancient beast to deal with the enemy.

r\u003e

At this moment, Ye Feng also felt the terrifying power of this purple-electric three-headed Tyrannosaurus Rex.

So at this moment, Ye Feng didn't hesitate at all, and directly released the ancient barbarian king's top magic weapon, the Burning Sun Bracelet, which he had obtained before.

Boom!

At this moment, Ye Feng's palm immediately output a lot of mana, entering the Fierce Sun Bracelet on his wrist.

Then this moment.

Boom! !

The bracelet suddenly burst out with infinite and terrifying light of the sun, filled with endless burning power, and bombarded directly forward.

Like a long river of flames, it cut through the entire void. In an instant, it bombarded the three-headed purple-electric Tyrannosaurus Rex, shrouding the three-headed purple-electric Tyrannosaurus and the old guardian of the Ten Thousand Beasts Sect, all covered in fierce flames. In the light of the sun.

"Ah! What a terrifying burning power!!"

At this moment, the old guardian of the Ten Thousand Beast Sect suddenly let out a scream.

Because the burning power erupted from Ye Feng Lieyang's bracelet was really terrifying.

After all, although Ye Feng's cultivation level is lower than that of the old guardian of the Ten Thousand Beasts Sect, he is really at a higher level.

But you must know that Ye Feng's martial arts background has always been very profound.

Therefore, Ye Feng's magic power is actually already comparable to the magic power of practitioners of powerful realms above the Daohai realm.

Therefore, when the Burning Sun Bracelet was activated with such powerful magic power, the burning power that exploded was naturally very terrifying. It actually burned the charred corpse of the old guardian of the Ten Thousand Beast Sect and dropped it from high in the sky. Come down.

The purple electric three-headed Tyrannosaurus rex, after losing control of its master, suddenly stood on the spot, motionless.

"What? Burned to death all at once??"

Seeing this scene, Mo Wushuang, the third young master of the Ten Thousand Beast Sect, who was just a year ago and was ready to watch the show, his eyes suddenly became extremely dark at this moment.

Because he never thought that the power in the Sun Bracelet released by Ye Feng would be so terrifying.

This was not like the power of a magic weapon that a small Daohai realm warrior could unleash. It killed the old guardian of the Ten Thousand Beasts Sect in one fell swoop, which was beyond the expectations of everyone present.

But at this time, Mo Wushuang, the third young master of the Ten Thousand Beast Sect, also released his most terrifying power.

The cultivation aura of this Mo Wushuang has impressively surpassed the Yuanfu Realm, and is actually a super strong person at the Hedan Realm level above the Yuanfu Realm.

He is worthy of being ranked among the top geniuses in the Shenshui Dynasty. He is two realms higher than Ye Feng's current realm, and even one realm higher than Su Jixue.

This shows how powerful the third young master of the Ten Thousand Beast Sect is.

At this time, Mo Wushuang, the third young master of the Ten Thousand Beast Sect, immediately stared at Ye Feng, with a deep cold look in his eyes, and said loudly: "Boy, you have completely angered me, I will kill you with my own hands." If you are obliterated, no one can save you, not even gods, I said so!"
