Chapter 4231 Don't want to participate

At this time, Ye Feng looked at the pangolin in front of him and said slowly: "Then, you can go with me to the place where Princess Ziyun lives."

After saying that, Ye Feng immediately took the pangolin and quickly chased in the direction of Princess Ziyun.

Ye Feng and Princess Ziyun have just separated not long ago. Princess Ziyun should not have entered the palace yet.

Therefore, as long as Ye Feng can catch up with Princess Ziyun, there is no need to enter the palace.

Because although Ye Feng is a core disciple of Tianhan Valley and participates in this top talent competition, he cannot freely enter the palace of Shenshui Dynasty.

Because outsiders are not allowed to enter the important palace of Shenshui Dynasty, it is very strict.

At this time, Ye Feng grabbed the pangolin in front of him and immediately flew quickly in the direction of Princess Ziyun.

Soon, Ye Feng saw Princess Ziyun on a street in the imperial city.

She was protected by a group of royal guards, with Mr. Shen standing beside her, and was walking towards the palace.

Uh-huh!

At this moment, Ye Feng immediately chased after her and said loudly: "Princess Ziyun, I have something to ask you."

Hearing Ye Feng's voice behind her, Princess Ziyun's eyes suddenly showed a look of surprise, as if she didn't expect that Ye Feng would suddenly return to look for her.

Princess Ziyun immediately revealed a beautiful smile in her eyes and said, "Ye Feng, why did you come to me?"

At this time, Ye Feng threw the pangolin in his hand directly on the ground and said loudly: "This pangolin seems to be a strong demon from the Black Demon Dynasty. It was lurking in the void just now and wanted to deal with me, because He saw me having dinner with Princess Ziyun, so he felt that our relationship was very good, and he wanted to use me to deal with the royal members of your Shenshui Dynasty. "

"What?"

Hearing what Ye Feng said, not to mention Princess Ziyun, even Mr. Shen who was standing next to Princess Ziyun and a group of royal guards couldn't help showing a trace of horror in their eyes.

.

Originally, they just heard about it. It was said that a powerful demon from the Black Demon Dynasty came to the imperial city of the Shenshui Dynasty.

There are powerful monsters lurking in the dark, trying to hunt down the royal members of the Shenshui Dynasty.

I didn't expect this to be true.

At this moment, Princess Ziyun immediately looked at Mr. Shen beside her, and couldn't help but ask: "What should we do?"

Mr. Shen looked stern at this moment, staring at the pangolin in front of him, and said loudly: "Just kill it."

Ye Feng shook his head and said: "This pangolin is very timid. After I caught him, he said that he wanted to reveal the person in charge behind him, that is, the person in charge of the Shenshui Dynasty specially set up by the Black Demon Dynasty this time. As long as he can By finding this

person in charge who is lurking in the Shenshui Dynasty's imperial city, we can catch all the powerful demons from the Black Demon Dynasty who are lurking in the Shenshui Dynasty this time. However, the workload of this project may be relatively large. It's not just a few of us who can catch them all in one fell swoop, we definitely need to rely on the top power of your Shenshui Dynasty royal family."

Hearing what Ye Feng said, Mr. Shen immediately nodded, looked at Ye Feng, and said loudly: "Thank you, Young Master Ye Feng, for discovering this pangolin and making a huge contribution to our Shenshui Dynasty royal family. This piece I will report the matter to the emperor, and ask the emperor to give you a huge reward, Young Master Ye Feng, which will have a huge effect on our Shenshui Dynasty. "

At this moment, after Mr. Shen finished speaking, he directly caught the pangolin and imprisoned it temporarily.

Then Mr. Shen looked at Princess Ziyun next to him and said aloud: "The person in charge of the Black Demon Dynasty actually directly dispatched strong men from the Demon Clan. He wanted to attack Young Hero Ye Feng and the others, but he dared to take action directly. It shows that the person in charge of the Black Demon Dynasty is so bold and will definitely launch a violent assassination operation in the near future. We are pressed for time now, so we should hurry back to the palace and kill him.

Report this matter to His Majesty the Emperor. "

When Princess Ziyun heard what Mr. Shen said, she immediately couldn't help but nodded and said loudly: "Mr. Shen is right, but Ye Feng has been targeted by the powerful men of the Black Demon Dynasty. He may have It's dangerous, Mr. Shen, do you want to follow Ye Feng and protect him?"

When Ye Feng heard what Princess Ziyun said at this moment, he immediately couldn't help but smile and said loudly: "Your Highness Princess Ziyun, don't worry too much about me, I am strong enough to protect myself, now I'd better let you as soon as possible The most important thing is that the powerful men in the Shenshui Dynasty's palace can take action to kill all the powerful demon clans lurking in the imperial city of the Black Demon Dynasty. Eliminating this hidden danger is the most important thing."

Hearing what Ye Feng said, Princess Ziyun immediately nodded and followed Mr. Shen to fly quickly towards the palace.

When Ye Feng saw everyone leaving, he smiled slightly and walked towards the inn where he lived.

For Ye Feng, he did not want to participate in the overt and covert struggle between these two powerful dynasties.

Therefore, leaving the pangolin in the hands of Princess Ziyun and letting the royal family of the Shenshui Dynasty deal with the lurkers of the Black Demon Dynasty is the most correct choice.

At this moment, Ye Feng walked for half an hour and finally returned to the inn where he lived.

Ye Feng sensed that Su Jixue's aura was not in the inn. She might have gone out to buy something in the imperial city.

Ye Feng didn't think much, but returned to his room and began to understand the powerful inheritance of the Ice Dynasty that he had received before, the Ice Emperor Dragon Art.

Ye Feng plans to practice this extremely powerful ancient inheritance first. It will definitely be of great help to him when he participates in the top genius competition next.

In addition, Ye Feng also took out the special Necromancer Manual that he got from the auction, looked through it carefully, and learned the techniques of the Necromancer clan at the soul level. At the critical moment, It can also play a huge role.

r\u003e

Ye Feng knew that his martial arts training was the most important, but he could not let go of the soul master level easily. He had to practice continuously so that his overall strength could be greatly improved, and he could not waste himself on the soul master level. Talent at the teacher level.

And just after Ye Feng practiced for a day and a night, suddenly there was a rapid knock on the door.

Ye Feng immediately opened the door and saw a group of geniuses from Tianhan Valley standing outside.

This group of geniuses from Tianhan Valley, like Ye Feng and Su Jixue, are all powerful disciples who came together to participate in the top genius competition in the imperial city of Shenshui Dynasty.

At this moment, this group of Tianhan Valley disciples immediately looked at Ye Feng and couldn't help but said: "Senior Brother Ye, Senior Sister Su was trapped in the south square of the Imperial City by a group of top geniuses from the Ten Thousand Beast Sect. I don't know what the reason is, but I don't want Senior Sister Su to leave. I also ask Senior Brother Ye to come over and take a look."

"What?"

Hearing this group of disciples from Tianhan Valley say this, Ye Feng suddenly showed a hint of coldness in his eyes.

No wonder I didn't sense Su Jixue's aura when I returned to the inn.

Moreover, after practicing for a whole day and night, Su Jixue did not come back.

It turned out that Su Jixue was trapped in the southern square of the Shenshui Dynasty's imperial city by a group of top geniuses from the Ten Thousand Beast Sect.

Ye Feng vaguely felt in his heart that it might have something to do with him.

Because Su Jixue also said before that she killed a young master of the Ten Thousand Beasts Sect, and the Ten Thousand Beasts Sect had a special way to discover his own appearance.

Moreover, when Ye Feng killed a young master and the guardian elder of the Ten Thousand Beast Sect in the ancient ruins, Su Jixue was standing with him.

Maybe the Ten Thousand Beasts Sect also regarded Su Jixue as a murderer, so they trapped Su Jixue in this imperial city.

At this moment, Ye Feng immediately looked at the group of Tianhan Valley disciples in front of him and said, "Take me to see them quickly!"

## Chapter 4232 Ancient Miles

Under the leadership of a group of Tianhan Valley disciples, Ye Feng quickly arrived at the southern square area of the Shenshui Dynasty's imperial city.

When Ye Feng came to the edge of the square, he immediately saw a lot of people, and they had surrounded a beautiful figure in the middle.

That beautiful figure was none other than Senior Sister Su Jixue, whom she hadn't seen for a long time.

At this moment, Ye Feng could sense that the cultivation aura of this group of people was very powerful.

They should all be top geniuses in the Ten Thousand Beast Sect. .???.??

After all, those who can come to the Shenshui Dynasty to participate in this top genius competition must be the top geniuses in the Ten Thousand Beast Sect.

Therefore, at this time, as long as the Ten Thousand Beast Sect geniuses appear in the imperial city of the Shenshui Dynasty, each one must be very powerful in cultivation and have their own special methods.

At this moment, when Ye Feng saw this scene, his eyes immediately turned cold and he walked quickly in that direction.

When Ye Feng walked to the edge of the square, a disciple of the Ten Thousand Beasts Sect suddenly said coldly: "We are dealing with things, and no one else can come near."

"Get away!"

boom!

But at this moment, Ye Feng immediately shouted coldly, and an extremely powerful cultivation aura burst out from his body. In an instant, he knocked away the few disciples of the Ten Thousand Beast Sect who were blocking the way. go out.

"who is it??"

"How dare you be so presumptuous?"

At this moment, a large number of young geniuses from the Ten Thousand Beast Sect were suddenly looking directly in the direction of Ye Feng.

At this moment, one of the disciples of the Ten Thousand Beasts Sect said: "Among the murderers, there is you!"

At this moment, everyone was shocked.

The face of the murderer who killed the third young master as described by the elder of their Ten Thousand Beasts Sect was exactly what Ye Feng looked like.

Besides Ye Feng, it was Su Jixue.

So the reason why they besieged Su Jixue here was because Su Jixue's appearance was also described by the elder of their Ten Thousand Beast Sect.

As long as everyone at the scene of the death of the third young master, the elder can calculate and condense them.

At this time, Ye Feng stepped forward and said immediately: "The third young master of your Ten Thousand Beast Sect, Mo Wushuang, was killed by me and had nothing to do with Su Jixue."

Uh-huh!

After saying that, Ye Feng walked forward directly and came to Su Jixue's side.

Su Jixue immediately said with a very nervous expression: "Ye Feng, what are you doing here? Although they trapped me here, they didn't dare to do anything to me. Whoever dares to do anything bad to me, I will take action instantly. They were killed."

Hearing what Su Jixue said, Ye Feng smiled slightly and said, "Just leave everything to me."

After finishing speaking, Ye Feng looked around at the many young disciples of the Ten Thousand Beast Sect, and said aloud: "You, the third young master of the Ten Thousand Beast Sect, Mo Wushuang, and the old guardian, were all killed by me. It has nothing to do with my Senior Sister Su, she was just standing by my side at that time."

Hearing what Ye Feng said, a large number of young disciples of the Ten Thousand Beast Sect suddenly showed deep astonishment in their eyes, and couldn't help but say: "You, an unknown boy from Tianhan Valley, how could you possibly Kill the third young master of our Ten Thousand Beasts Sect. The third young master of our Ten Thousand Beasts Sect is a top genius. His cultivation is very powerful, and he is also fused with the body of an ancient dragon-blooded rhinoceros. You can't beat him."

Ye Feng just smiled faintly at this time and said: "Believe it or not, it's up to you."

After finishing speaking, Ye Feng saw Su Jixue beside him and said, "Senior Sister Su, please leave here first and leave everything here to me."

Hearing what Ye Feng said, Su Jixue immediately shook her head and said loudly: "I am also involved in this matter. If you want to face the attack of these powerful people from the Ten Thousand Beast Sect, I must stand with you."

"Haha, it's really touching."

At this time, a sarcastic voice suddenly sounded.

Among the group of Ten Thousand Beast Sect, a young man wearing a blue robe walked out.

The young man immediately stared at Ye Feng and Su Jixue, and said slowly: "The third young master of our Ten Thousand Beast Sect was killed, no matter which one of you two did it, you were both present, and you are all guilty. "

After saying that, Ye Feng immediately smiled coldly and said: "It's your third young master who wants to rob me of my wealth. Otherwise, how could I kill him? This is just self-defense." Forget it, if you really think I am guilty, then just come and kill me, and I will let you know what regret is."

Hearing what Ye Feng said, this young man from the Ten Thousand Beasts Sect wearing a blue robe immediately laughed out loud: "Boy, who are you, how dare you be so arrogant in front of me? Don't you know Am I Gu Wanli, one of the three true disciples of the Ten Thousand Beast Sect?"

"Gu Wanli?"

At this time, Ye Feng immediately smiled lightly and said loudly: "What nonsense Gu Wanli, I have never heard of it."

"you.....!"

Hearing Ye Feng's mocking words, Gu Wanli, one of the three true disciples of the Ten Thousand Beast Sect, immediately couldn't help but show deep anger in his eyes, and said loudly: "Good boy, you are brave enough." ! Today I'm going to take action myself and teach you a lesson for this reckless young man!"

boom!

After saying that, Gu Wanli immediately burst out with his extremely powerful cultivation aura.

\u003c

br\u003e That is a powerful cultivation level that has surpassed the ninth level of Hedan Realm in Yuanfu Realm!

Compared with Ye Feng's current cultivation level at the third level of Yuanfu Realm, it is more than a whole realm higher!

It has to be said that Gu Wanli is worthy of being one of the three true disciples of the Ten Thousand Beast Sect. His cultivation strength is really terrifying, almost rivaling those of the elders.

At this moment, Gu Wanli released his huge momentum. Many disciples of the Ten Thousand Beast Sect around him, including the disciples of Tianhan Valley, could not help but take several steps back, as if they could not bear the terrifying momentum. .

The disciples in the Tianhan Valley couldn't help but said in horror: "This true disciple of the Ten Thousand Beasts Sect has such a strong cultivation. He is worthy of being one of the three true disciples of the Ten Thousand Beasts Sect. This ancient Wanli disciple, I heard that I once killed a very famous old man, and his true combat power was stronger than his cultivation aura, what should I do? "

At this moment, a large group of disciples of the Ten Thousand Beast Sect around them shouted out: "Senior Brother Gu, hurry up and kill this ignorant boy and avenge the death of our third young master of the Ten Thousand Beast Sect."

At this time, Gu Wanli smiled coldly and said, "Don't worry, everyone. Since I have taken action, it means that this kid is dead. No one can save him, I said so."

At this moment, Su Jixue couldn't help but said to Ye Feng beside him: "Ye Feng, let's leave here first and run away directly. This Gu Wanli cultivation is too powerful. If we join forces, we can probably There is no way to fight. As long as we escape from here, Gu Wanli will not make a big move in the imperial city of Shenshui Dynasty. The imperial city has its own rules. "

Ye Feng smiled faintly at this time, walked forward directly, and said loudly: "Senior Sister Su, the me I am now is no longer the me before. You will watch it later and see how I teach you a lesson." Let these so-called top geniuses from the Ten Thousand Beast Sect know what real power is."

Chapter 4233 Just the power of ants

Boom!

Almost at the moment Ye Feng's words fell, Ye Feng's body also burst out with an extremely powerful cultivation aura.

That was clearly the cultivation aura of the third level of Yuanfu Realm.

But the moment Ye Feng burst out with his cultivation aura, a burst of laughter suddenly broke out around him.

A group of disciples from the Ten Thousand Beasts Sect couldn't help laughing and said: "This boy turns out to be only at the third level of Yuanfu Realm. I thought he was so powerful, but he is actually a whole level lower than our ancient senior brother." What a realm, let's see how this kid can fight with our senior brother Gu."

Another disciple of the Ten Thousand Beasts Sect smiled coldly and said: "Once this kid fights with our ancient senior brother, he will probably be killed by our ancient senior brother in an instant. His cultivation level is really too low. "

But at this time, Ye Feng didn't bother to pay attention to these cynicism. He just looked at Gu Wanli in front of him coldly and said, "You should take action quickly, otherwise you will have no chance."

Hearing what Ye Feng said, Gu Wanli immediately said coldly: "Arrogant!"

After finishing speaking, Gu Wanli's attitude was very domineering and he walked slowly towards Ye Feng's direction. .??.

He had his hands behind his back, as if he didn't take Ye Feng into his eyes at all, and wanted to crush Ye Feng to death in an instant with the most invincible and supreme attitude.

Boom!

But at this moment, Ye Feng punched out hard, directly releasing the power of the Celestial Clan.

Buzz!

The next moment, Ye Feng's fist suddenly turned golden.

The golden fist contained unparalleled monstrous power, and it struck forward fiercely, hitting Gu Wanli in front of him all of a sudden.

Seeing this scene, Gu Wanli just smiled faintly and said, "It's just the power of an ant."

Finished

After that, Gu Wanli was very confident and casually stretched out a palm, ready to receive Ye Feng's fist.

Because in his eyes, Ye Feng's punch would definitely be instantly blocked by his palm and then crushed.

Boom!

But almost at the next moment, when Ye Feng's golden fist hit Gu Wanli's palm, Gu Wanli's expression suddenly changed.

He felt that Ye Feng's golden fist seemed to contain the power of the vast sea, and had an extremely terrifying impact.

Gu Wanli immediately felt huge pain, which spread from his palms throughout his body.

Click!

As a result, the next moment, what shocked everyone in the audience was that Ye Feng's golden fist actually broke Gu Wanli's palm, causing a crisp sound.

"hateful!"

Gu Wanli immediately couldn't help but turned pale in pain and quickly backed away.

"What? How is this possible?"

"How could this kid's fist be so powerful? He could have knocked back Senior Brother Gu Wanli."

At this moment, many of the disciples of the Ten Thousand Beast Sect present could not help but have deep astonishment in their eyes.

Gu Wanli's face also became very livid at this time.

Originally, he thought he could defeat Ye Feng instantly with just one hand.

But now it seems that Ye Feng is not as simple as he imagined.

So at this moment, Gu Wanli immediately showed a deep cold look in his eyes, stared at Ye Feng, and said loudly: "I was negligent just now. It seems that you are so

This boy has two brushes, but you are just a weakling after all. I will not hold back anymore. I will use my most powerful inheritance in an instant and wipe you out instantly! "

Boom!

Almost at this moment, Gu Wanli's body erupted with a terrifying aura that was as vast as the vast ocean.

Then, I saw that Gu Wanli's whole body began to expand rapidly, and finally expanded into a huge werewolf covered with blue scales!

It is more than ten meters tall and looks very oppressive.

At this moment, there were disciples of the Ten Thousand Beast Sect around, and they couldn't help but exclaimed: "Senior Brother Gu Wanli is really amazing and talented. He is worthy of being one of the three true disciples of our Ten Thousand Beast Sect. He actually made me The legendary 'Werewolf Transformation' in the Sect's Ten Thousand Beasts Sect was successfully inherited and practiced. It merged with the powerful bloodline of the ancient giant wolf and merged with its own physique, turning into an ancient werewolf with the terrifying power of the ancient giant wolf! This time we win for sure!"

At this time, Su Jixue behind him couldn't help but exclaimed to Ye Feng: "Ye Feng, you must be careful. This is a very powerful inheritance from the Ten Thousand Beasts Sect, which is stronger than the one you dealt with before. The third young master Mo Wushuang is much more powerful. The previous third young master Mo Wushuang of the Ten Thousand Beast Sect only fused his palm with the power of ancient beasts, but this Gu Wanli has transformed his entire body into It has the physique of an ancient beast, and its lethality is astonishing."

Ye Feng nodded slightly at this time, then looked forward, and found that the majestic giant werewolf, which was more than ten meters tall, had already rushed towards him.

The wolf's claws seemed to be made of steel, possessing boundless sharpness and terrifying cutting power, as if they could tear the strongest thing in the world into pieces in an instant.

But at this moment, Ye Feng just smiled coldly, and then instantly released his previous

I have just successfully learned the extremely powerful inheritance, the Ice Emperor Dragon Art.

Boom!

At this moment, an extremely powerful ice energy burst out from Ye Feng's body, and then a huge ice dragon condensed directly on top of Ye Feng's head.

The giant ice dragon is thousands of meters tall, majestic and domineering. It is like a continuous iceberg and snowfield. It has terrifying pressure and power. It directly bombards the front. It is a bombardment in an instant. On the body of this giant werewolf who had transformed from thousands of miles ago.

Boom! !

At the next moment, accompanied by a terrifying roar, the huge werewolf that Gu Wanli had transformed into was instantly blasted backwards by the giant ice dragon, and then smashed a large area not far away. The land was buried in ruins and was dying.

"What??"

"How can this be??"

Seeing this horrifying scene in front of them, many young geniuses from the Ten Thousand Beast Sect suddenly showed deep horror in their eyes, and their eyes were full of disbelief.

They couldn't believe that Ye Feng could have such terrifying fighting power.

The inheritance released was so powerful.

"What kind of inheritance is that? Is it so powerful?"

All the powerful men of the Ten Thousand Beast Sect could not help but be stunned, they were simply shocked to the extreme.

At this time, Su Jixue, who was not far away, saw a hint of surprise in her eyes when she saw the inheritance that Ye Feng had just released.

She vaguely felt that the set of inheritance that Ye Feng said was absolutely extraordinary, and it felt very familiar to Su Jixue, but she couldn't tell where it was familiar.

Chapter 4234 Hurry up and escape

quiet!

Deadly quiet!

At this time, the entire field fell into a dead silence.

Because no one thought that Ye Feng, a little-known disciple of Tianhan Valley, would have such great strength.

He directly used his extremely powerful inheritance to defeat Gu Wanli, one of the three true disciples of the Ten Thousand Beast Sect, in an instant. It was really terrifying to the extreme.

At this time, the faces of all the disciples of the Ten Thousand Beast Sect who were present no longer looked arrogant, but were filled with deep fear. They stared at Ye Feng and couldn't help but retreat.

Because the feeling of oppression on Ye Feng was really too strong.

This group of disciples of the Ten Thousand Beast Sect all felt that their lives were in danger.

So they couldn't help but retreat.

You know, these disciples of the Ten Thousand Beast Sect are usually the top geniuses among the Ten Thousand Beast Sect.

But at this moment, they looked at Ye Feng, their eyes filled with deep horror and fear.

This is a very rare phenomenon.

Because the powerful power Ye Feng displayed before directly conquered everyone present.

At this moment, Ye Feng slowly walked towards Gu Wanli among the ruins not far away, his eyes were very cold.

For Ye Feng, this Gu Wanli must be killed.

Because Gu Wanli and Ye Feng are now at odds with each other.

It must be killed to completely eliminate this huge scourge.

Although Ye Feng himself is not afraid, he has to consider his friends.

Such as Su Jixue, such as other disciples in Tianhan Valley.

So at this time, Ye Feng flew directly in front of Gu Wanli, and immediately saw that Gu Wanli was now dying and lying in the ruins.

This made Ye Feng's eyes reveal a hint of surprise.

Unexpectedly, the inheritance he received from Princess Ziyun, the Ice Emperor Dragon Art,

It's quite powerful.

The first time it was released, it was able to burst out with such terrifying power, defeating the extremely powerful Gu Wanli in an instant.

At this time, Ye Feng walked directly in front of Gu Wanli without any hesitation, and then prepared to kill Gu Wanli.

"Stop it boy!"

But suddenly at this moment, a very old voice came over.

At this moment, Ye Feng immediately saw an old man wearing a white robe, and he immediately flew over from a certain direction not far away.

The aura of cultivation emanating from this old man was very majestic and majestic, just like the vast ocean and vast mountains, giving people a very depressing feeling.

Obviously, this old man wearing a white robe must be an older figure in the Ten Thousand Beast Sect.

From a distance, I could feel a depressing atmosphere.

But at this moment, Ye Feng's eyes were fierce and he didn't respond at all. Instead, he immediately killed the dying Gu Wanli who was lying in the ruins in front of him, crushing his head.

"hiss!"

Seeing Ye Feng suddenly kill him, he didn't hesitate at all, he was so ruthless and decisive.

A group of disciples from the Ten Thousand Beast Sect around them couldn't help but gasp.

They never thought that Ye Feng would be so bold to instantly kill Gu Wanli, a true disciple with such a high status in the Ten Thousand Beast Sect.

You know, Gu Wanli is not an ordinary disciple of the Ten Thousand Beasts Sect, but an extremely powerful true disciple of the Ten Thousand Beasts Sect.

Ye Feng killed him so openly. Wasn't he afraid of the serious consequences?

At this moment, the old man in white robe who was rushing over not far away looked at

At this scene, his eyes showed an extremely frightened and angry expression for a moment, and he yelled: "Boy, you are so bold, you are dead!"

But at this moment, Ye Feng immediately put Gu Wanli's body into the storage ring, and then quickly retreated.

This Gu Wanli cultivation strength is still very good, a whole level higher than Ye Feng.

Therefore, the skill and blood energy contained in his body must be very powerful, and after being swallowed by Ye Feng, he will definitely be greatly improved.

Moreover, there is a storage ring on Gu Wanli's finger. It should be that Gu Wanli's personal wealth is stored in his own storage ring.

Ye Feng will investigate when the time comes and he will definitely be able to get a lot of good things and continue to accumulate wealth.

So at this moment, Ye Feng naturally killed Gu Wanli, then recovered Gu Wanli's body, quickly retreated, flew towards Su Jixue, and said loudly: "Senior Sister Su, let's escape quickly."

Ye Feng could sense that the white-robed old man from the Ten Thousand Beasts Sect who flew over was extremely powerful and was not something he could fight against now.

Su Jixue's eyes were very urgent at this time, and she quickly said: "Okay, let's escape from here."

Uh-huh! Uh-huh!

After saying that, Ye Feng and Su Jixue immediately flew quickly towards the inn where they lived.

But at that moment, the old man from the Ten Thousand Beast Sect who was chasing behind him immediately couldn't help but yell angrily: "You can't escape, the big hand that covers the sky and the sun!"

At this moment, the old man from the Ten Thousand Beasts Sect was very decisive and directly released his extremely powerful inheritance.

He stretched out a hand, and the hand immediately expanded rapidly to the size of covering the sky and the sun.

Sure enough, it was just as he said, the big hand that covered the sky and the sun instantly

The time was oppressed.

Like the palm of an ancient god, it was suppressed from high in the sky, causing Ye Feng and Su Jixue to be imprisoned in the void for an instant, unable to move.

At this moment, Su Jixue immediately showed a hint of horror in her eyes, and couldn't help but said: "Ye Feng, this old man from the Ten Thousand Beasts Sect, is too powerful in cultivation. As soon as he takes action, we can't move, and we can't escape."

At this moment, Ye Feng's eyes were full of urgency, and he said quickly: "It is probably useless for us to escape to the inn. We fled directly towards the palace. There is only the palace of Shenshui Dynasty." In such an important place, this senior and powerful person from the Ten Thousand Beasts Sect doesn't dare to act arrogantly."

Hearing what Ye Feng said, Su Jixue immediately showed a hint of ugliness in her eyes, and said loudly: "Although the powerful elders of the Ten Thousand Beast Sect dare not enter the important palace of the Shenshui Dynasty, we don't dare to enter either. You can break in at will, otherwise you will definitely be thrown into the prison of the Shenshui Dynasty royal family. "

Ye Feng immediately smiled confidently and said, "Believe me, nothing will happen to us when we enter the palace of the Shenshui Dynasty."

At this moment, Ye Feng spoke with a tone full of confidence, causing Su Jixue next to her to have a look of deep astonishment in her eyes. She didn't know why Ye Feng was so confident.

At this moment, Ye Feng directly released the small black sword, slashing with a fierce sword, which directly opened a crack in the confined void around him.

Then he and Su Jixue immediately broke free from the shackles of the powerful elder from the Ten Thousand Beasts Sect and flew quickly towards the main site of the Shenshui Dynasty's palace.

The old man from the Ten Thousand Beast Sect behind him still pursued the two men relentlessly, and shouted loudly: "You can't run away! If you run to the ends of the earth, I will chase you to the ends of the earth. Kill me. The Ten Thousand Beast Sect is so precious." My true disciples, you must pay with your lives, blood debt!"

Chapter 4235: Put into jail

Boom!

At this time, the elders of the Ten Thousand Beast Sect behind them, carrying a terrifying aura of cultivation, were frantically chasing Ye Feng and Su Jixue.

Especially Ye Feng, an older and powerful man from the Ten Thousand Beast Sect, saw with his own eyes that Ye Feng directly killed Gu Wanli, one of the three true disciples of their Ten Thousand Beast Sect, a disciple with such a distinguished status.

This is tantamount to cutting off the future of their Ten Thousand Beast Sect.

Because the future of the Ten Thousand Beast Sect belongs to these young geniuses with unlimited potential.

But Ye Feng didn't even listen to the words of this senior and powerful man from the Ten Thousand Beast Sect. He killed Gu Wanli in person. Naturally, this senior and powerful man from the Ten Thousand Beast Sect was extremely angry and vowed to completely obliterate Ye Feng. .

At this moment, with the pursuit, Ye Feng and Su Jixue finally arrived at the entrance of the Shenshui Dynasty's palace.

At this moment, Ye Feng led Su Jixue without any hesitation and broke into the palace.

At this moment, the old man from the Ten Thousand Beasts Sect who was chasing behind him couldn't help but yelled: "You trespassing into the palace of Shenshui Dynasty, you will definitely be caught when the time comes."

Although this senior expert from the Ten Thousand Beasts Sect said this, he followed Ye Feng and Su Jixue into the palace.

Boom!

But the moment the three of them entered the royal palace of the Shenshui Dynasty, powerful figures emitting bright golden light descended from high in the sky.

Like terrifying golden gods, they surrounded all three people, making them unable to move at all.

Even the old and powerful member of the Ten Thousand Beast Sect did not dare to move easily for a while, which is enough to illustrate the power of these golden figures descending from high altitude.

It also shows that the royal family background of the Shenshui Dynasty is extremely profound, definitely far surpassing the so-called three top sects such as Tianhan Valley and Ten Thousand Beasts Sect.

After all, in the territory of Shenshui Dynasty, the royal family is the strongest existence with the deepest foundation.

At this time, Ye Feng couldn't help but look at Su Jixue beside him, and said loudly: "Don't do anything later, just look at my eyes and act."

Hearing what Ye Feng said, Su Jixue immediately showed a look of surprise in her eyes.

This time she really couldn't guess why Ye Feng dared to break into the palace in such a grand manner, seemingly very confident.

At this time, Ye Feng immediately looked at the powerful royals around them who were exuding golden light, and said loudly: "I am good friends with Princess Ziyun of your Shenshui Dynasty. This time I came to your palace, To see her."

Hearing what Ye Feng said, a powerful royal man with golden light all over his body couldn't help but look surprised in his eyes and said loudly: "Do you have any evidence to prove what you said? "

At this moment, Ye Feng immediately took out a token from his storage ring. This token was exactly what Princess Ziyun gave to Ye when Ye Feng and Princess Ziyun were dining in the VIP pavilion of the restaurant. Windy.

With this token, Ye Feng can enter the palace at any time and look for Princess Ziyun.

At this moment, when they saw the token in Ye Feng's hand, the powerful royal men around him who exuded golden light couldn't help but said with surprise in their eyes: "This is really the personal token of Her Royal Highness Princess Ziyun. , it seems that this young man

, is really a good friend of Her Royal Highness Princess Ziyun, then let's send him to meet Her Royal Highness the Princess. "

After saying that, the two powerful royals, who were all glowing with golden light, immediately left the scene with Ye Feng and Su Jixue.

At this time, seeing Ye Feng and Su Jixue leaving the scene so easily, the face of the powerful elder from the Ten Thousand Beast Sect not far away suddenly showed an expression of extreme shock.

He never thought that Ye Feng would be good friends with a noble princess from the Shenshui Dynasty royal family.

This made this senior expert from the Ten Thousand Beast Sect suddenly look extremely gloomy.

He knew that there was probably no way to hunt down Ye Feng and Su Jixue today.

At this moment, this old and powerful man from the Ten Thousand Beast Sect was about to leave.

But a group of other powerful royal men present who were glowing with golden light immediately surrounded the senior powerful man of the Ten Thousand Beasts Sect and said coldly: "Anyone who dares to break into the palace must be imprisoned. "

This old man from the Ten Thousand Beast Sect couldn't help but said: "I am the seventh elder of the Ten Thousand Beast Sect. This time, I am going to hunt down two enemies of our Ten Thousand Beast Sect. I am not trying to trespass on your gods unintentionally." The palace of the Water Dynasty, please let me leave."

After saying that, the old and powerful man from the Ten Thousand Beast Sect was about to leave the scene.

Swish!

Swish!

But at that moment, four powerful royal men, all glowing with golden light, surrounded the path of this senior and powerful man from the Ten Thousand Beasts Sect.

One of the powerful royals, who was glowing with golden light, immediately said coldly: "You are not a friend of a member of our palace, so no matter what your identity is or what your reasons are, as long as you are good at Anyone who breaks into the royal palace of our Shenshui Dynasty must be imprisoned."

Boom!

Almost at this moment, four powerful royal men, all emitting golden light, stretched out four hands respectively.

Suddenly, four big golden hands, like the palms of the Giant Spirit God, imprisoned the old and powerful man of the Ten Thousand Beast Sect.

Then, amid the angry roars of the powerful senior man from the Ten Thousand Beast Sect, he quickly pressed the powerful senior man from the Ten Thousand Beast Sect towards the prison of the palace.

At this moment, in a certain direction not far away, Ye Feng looked back and found that the powerful elder of the Ten Thousand Beast Sect had been crushed away.

A cold smile suddenly appeared in Ye Feng's eyes.

This senior and powerful man from the Ten Thousand Beasts Sect probably never imagined that he had such a relationship with the royal family members of the Shenshui Dynasty, allowing him to take refuge in the palace at any time.

At this time, Ye Feng was thinking in his mind that since this old man from the Ten Thousand Beasts Sect was imprisoned by the royal family's powerful men from the Shenshui Dynasty, he was thrown into the royal prison.

Ye Feng felt that he might find an opportunity to assassinate this powerful elder of the Ten Thousand Beast Sect in the royal prison.

While Ye Feng was thinking secretly in his heart, Su Jixue beside him widened his beautiful eyes, stared at Ye Feng, and couldn't help but asked: "Ye Feng, when did you get together with this divine water?" The extremely noble Princess Ziyun became a good friend? She even gave you her personal token? When did this happen when you and I came to the imperial city of Shenshui Dynasty at the same time? ? How come I don't know at all? It's so surprising!

At this time, the elders of the Ten Thousand Beast Sect behind them, carrying a terrifying aura of cultivation, were frantically chasing Ye Feng and Su Jixue.

Especially Ye Feng, an older and powerful man from the Ten Thousand Beast Sect, saw with his own eyes that Ye Feng directly killed Gu Wanli, one of the three true disciples of their Ten Thousand Beast Sect, a disciple with such a distinguished status.

This is tantamount to cutting off the future of their Ten Thousand Beast Sect.

Because the future of the Ten Thousand Beast Sect belongs to these young geniuses with unlimited potential.

But Ye Feng didn't even listen to the words of this senior and powerful man from the Ten Thousand Beast Sect. He killed Gu Wanli in person. Naturally, this senior and powerful man from the Ten Thousand Beast Sect was extremely angry and vowed to completely obliterate Ye Feng. .

At this moment, with the pursuit, Ye Feng and Su Jixue finally arrived at the entrance of the Shenshui Dynasty's palace.

At this moment, Ye Feng led Su Jixue without any hesitation and broke into the palace.

At this moment, the old man from the Ten Thousand Beasts Sect who was chasing behind him couldn't help but yelled: "You trespassing into the palace of Shenshui Dynasty, you will definitely be caught by then."

Although this senior expert from the Ten Thousand Beasts Sect said this, he followed Ye Feng and Su Jixue into the palace.

Boom!

But the moment the three of them entered the royal palace of the Shenshui Dynasty, powerful figures emitting bright golden light descended from high in the sky.

Like terrifying golden gods, they surrounded all three people, making them unable to move at all.

Even the old and powerful member of the Ten Thousand Beast Sect did not dare to move easily for a while, which is enough to illustrate the power of these golden figures descending from high altitude.

It also shows that the royal family background of the Shenshui Dynasty is extremely profound, definitely far surpassing the so-called three top sects such as Tianhan Valley and Ten Thousand Beasts Sect.

After all, in the territory of Shenshui Dynasty, the royal family is the strongest existence with the deepest foundation.

At this time, Ye Feng couldn't help but look at Su Jixue beside him, and said loudly: "Don't do anything later, just look at my eyes and act."

Hearing what Ye Feng said, Su Jixue immediately showed a look of surprise in her eyes.

This time she really couldn't guess why Ye Feng dared to break into the palace in such a grand manner, seemingly very confident.

At this time, Ye Feng immediately looked at the powerful royals around him who were exuding golden light, and said loudly: "I am good friends with Princess Ziyun of your Shenshui Dynasty. This time I came to your palace, that is To see her."

Hearing what Ye Feng said, a powerful royal man with golden light all over his body couldn't help but look surprised in his eyes and said loudly: "Do you have any evidence to prove what you said? "

At this moment, Ye Feng immediately took out a token from his storage ring. This token was exactly what Princess Ziyun gave to Ye when Ye Feng and Princess Ziyun were dining in the VIP pavilion of the restaurant. Windy.

But a group of other powerful royal men present who were glowing with golden light immediately surrounded the senior powerful man of the Ten Thousand Beasts Sect and said coldly: "Anyone who dares to break into the palace must be imprisoned. "

This old man from the Ten Thousand Beast Sect couldn't help but said: "I am the seventh elder of the Ten Thousand Beast Sect. This time, I am going to hunt down two enemies of our Ten Thousand Beast Sect. I am not trying to trespass on your gods unintentionally." The Royal Palace of the Water Dynasty, please let me leave."

After saying that, the old and powerful man from the Ten Thousand Beast Sect was about to leave the scene.

Swish!

Swish!

But at that moment, four powerful royal men with golden light all over their bodies suddenly surrounded the path of this senior and powerful man from the Ten Thousand Beasts Sect.

While Ye Feng was thinking secretly in his heart, Su Jixue beside him widened his beautiful eyes, stared at Ye Feng, and couldn't help but asked: "Ye Feng, when did you get together with this divine water?" The extremely noble Princess Ziyun became a good friend? She even gave you her personal token? When did this happen when you and I came to the imperial city of Shenshui Dynasty at the same time? ? How come I don't know at all? "

Chapter 4236 A little favor

You must know that the royal family of the Shenshui Dynasty is definitely the most noble group of existences in the entire vast territory of the Shenshui Dynasty.

Therefore, even if Su Jixue is one of the top ten chief disciples of Tianhan Valley, she still maintains awe in her heart when she actually meets a direct royal member of the Shenshui Dynasty.

Su Jixue never thought at this time that Ye Feng could unknowingly be related to a noble princess from the Shenshui Dynasty.

Su Jixue stared at Ye Feng in disbelief, then an inexplicable smile appeared on her face, and she said loudly: "Ye Feng, you are really impressive."

When Ye Feng heard Su Jixue's inexplicable words at this moment, he couldn't help but smile helplessly and said: "Senior Sister Su, you are overthinking. I only let Princess Ziyun do it because I saved her. Princess Ziyun and I became friends."

Hearing what Ye Feng said, Su Jixue suddenly showed a trace of surprise in her eyes, and couldn't help but said in shock: "Ye Feng, that beautiful young man you saved at that auction before. Is this woman Princess Ziyun of the Shenshui Dynasty?"

Ye Feng immediately nodded and said with a smile: "Indeed, I didn't know her true identity until later, so sometimes it is really fate that plays tricks on people. If I hadn't saved this Princess Ziyun, Then we will be in trouble this time."

Hearing what Ye Feng said, Su Jixue immediately nodded in agreement and said loudly: "Junior Brother Ye Feng, you are very lucky. If it weren't for Ye Feng, you and Princess Ziyun had such a good relationship this time. Because of the relationship, I am afraid that we will really be hunted down by this powerful elder of the Ten Thousand Beasts Sect until we have no way to go to heaven and no way to go to earth. "

Ye Feng nodded, and then without saying anything more, he followed the two royal men leading the way and walked quickly towards a certain direction of the palace.

Soon, under the leadership of these two powerful royal men who were glowing with golden light, they arrived outside a royal garden.

At this moment, a powerful royal man in front of him immediately said to Ye Feng: "Her Royal Highness Princess Ziyun lives in this royal garden. Now she seems to be entertaining several other princesses and is discussing. What are you wearing?"

Ye Feng immediately nodded, clasped his fists and said, "Thank you for leading the way."

After saying that, Ye Feng took Su Jixue directly and walked into the royal garden.

After they entered the royal garden,

Immediately, I saw a huge and precious temple, standing on the ground not far away, giving people a very noble feeling.

At this time, Ye Feng and Su Jixue walked over directly.

Ye Feng suddenly saw a very familiar and beautiful figure.

It was Princess Ziyun whom Ye Feng knew before.

At this moment, Princess Ziyun was surrounded by several other beautiful and young figures, all of whom should be members of the royal family of the Shenshui Dynasty.

At this time, Princess Ziyun immediately spotted Ye Feng coming from not far away, and immediately said very happily: "Ye Feng, why did you suddenly come to my residence? How did you find it? "

Ye Feng smiled slightly at this moment and said aloud: "I directly entered the palace of your Shenshui Dynasty and was brought here by the strong men in your royal family."

Hearing what Ye Feng said, Princess Ziyun immediately greeted her with a smile, and then said aloud: "Ye Feng, let me introduce to you, these beautiful sisters in my palace are all our gods. The princess of the royal family of the Water Dynasty."

At this time, Princess Ziyun took Ye Feng to the palace and walked directly in front of several other beautiful and young princesses.

Princess Ziyun introduced with a smile: "These are Princess Beiyan, Princess Swan, Princess Jade, Princess Shuxi, and Princess Nanyan."

When Ye Feng heard Princess Ziyun's introduction, he immediately smiled and said hello to each princess.

At this moment, the Swan Princess, who was wearing a white dress, looked as beautiful as a white elf. She immediately looked at Ye Feng and said with a smile: "You are Ye Feng, right? I heard our

purple Sister Yun has told you many times, saying that you are extremely talented and beautiful. You are a rare genius among our Shenshui Dynasty. Hearing from afar is worse than seeing you. When I saw you today, I realized that Zi What Sister Yun said is true."

Princess Jade, who was wearing a blue dress, also said with a smile at this time: "You can see Master Ye Feng's temperament at a glance. He is very extraordinary. He is also the savior of our sister Ziyun. It is said that he is also the savior of our sister Ziyun. The royal family of the Shenshui Dynasty helped us uncover the spies arranged by the Black Demon Dynasty in the imperial city. I heard that

His Majesty the Father wants to reward Young Master Ye Feng in person. "

Princess Ziyun immediately smiled and said: "By the way, Mr. Ye Feng, Sister Jade reminded me that you came just in time this time. The pangolin you captured before is now being interrogated by members of our royal family. My father was very happy when he found out about this. Long Yan was very happy and said that he wanted to meet Young Master Ye Feng in person. It just so happened that Young Master Ye Feng came to our palace. Please stay with us for a few days. I will take you with me. Go to see Emperor Father, Emperor Father will reward you in person and will definitely give you good training resources."

Hearing what Princess Ziyun said, Ye Feng's eyes suddenly lit up.

For Ye Feng now, it would be a very good thing if he had sufficient training resources.

Because Ye Feng originally thought that his cultivation level was high enough.

However, Ye Feng became aware of the fact that he was being chased by the powerful elder from the Ten Thousand Beast Sect.

My own cultivation strength is estimated to be very powerful among the younger generation in the territory of this Shenshui Dynasty.

But compared with the strong men of the older generation, he is still far behind.

So when Ye Feng heard what Princess Ziyun said at this moment, he was naturally very interested and immediately said: "Okay, then I will go with you to meet your father."

At this moment, Ye Feng looked at Su Jixue who was not far away and said, "Senior Sister Su, do you want to live here with me?" ??

Su Jixue looked at the many royal princesses present and couldn't help but smiled bitterly, shook her head, and said, "I'm leaving first."

After finishing speaking, Su Jixue looked at Ye Feng and said loudly: "Ye Feng, don't forget to participate in the Top Talent Competition. There are still two days left."

After saying that, Su Jixue left here directly and walked towards the outside of the palace, preparing to return to the inn where she lived.

Because Su Jixue felt that she had no special relationship with this group of royal family members. If she lived here relying on Ye Feng, Su Jixue did not want to enjoy such special treatment.

Ye Feng did not stop Su Jixue from leaving at this time. After all, the old man from the Ten Thousand Beasts Sect who was chasing them had been captured by the royal family of the Shenshui Dynasty and captured in the prison of the palace.

Therefore, there is no danger for Su Jixue to leave the palace now.

"By the way, Senior Sister Su."

Ye Feng seemed to have thought of something at this time, and immediately flew in front of Su Jixue, and pointed on Su Jixue's white forehead.

Buzz!

The next moment, Ye Feng directly transmitted the secret of the inheritance of the Ice Emperor Dragon Art into Su Jixue's mind.

"This is....."

Su Jixue's beautiful eyes suddenly showed a hint of surprise.

Ye Feng shook his head and said with a smile: "No need to say more, just go ahead."

"good."

Su Jixue stared at Ye Feng, with a touch of emotion deep in her eyes, and then left directly.

At this moment, Ye Feng returned to the palace, suddenly looked at Princess Ziyun beside him, and said loudly: "By the way, before I go to see your father, I want to ask your highness Princess Ziyun to Do me a little favor."

Hearing what Ye Feng said, Princess Ziyun immediately smiled and said: "Master Ye Feng, you are my savior. Just tell me what help you want from me."

Ye Feng nodded slightly at this time and said loudly: "Before, I was chased here by the powerful elders of the Ten Thousand Beast Sect, and I had no choice but to come to your place to take refuge. Now, the elder strong man of the Ten Thousand Beast Sect is being chased by you. The powerful royal family of the Shenshui Dynasty is imprisoned in the prison of your palace. I want you, Princess Ziyun, to use some secret means to secretly eliminate this powerful elder of the Ten Thousand Beast Sect who is chasing me. Lose."

When Princess Ziyun heard what Ye Feng said, she immediately smiled and nodded and said: "This is simple. If you directly deal with the strong men of the Ten Thousand Beast Sect, it is probably a bit difficult. After all, the opponent is one of the three top sects, but now , since the old man from the Ten Thousand Beast Sect who broke into the palace without permission has been caught in the prison of our palace, then our royal family has the final say in everything. Don't worry, Ye Feng, I will take you to the prison later. , you can do whatever you want to get rid of that powerful elder from the Ten Thousand Beast Sect."

Hearing Princess Ziyun's casual and relaxed words, Ye Feng couldn't help but sigh in his heart, it's great to have a strong network of people, it can play a huge role at critical moments.

At this time, Ye Feng was somewhat thankful that he had accidentally saved Princess Ziyun's life during the auction.

Otherwise, such a noble princess would probably never interact with Ye Feng in a short period of time, let alone help Ye Feng.

## Chapter 4237 Some hesitation

At this time, Ye Feng followed Princess Ziyun and walked quickly towards the royal prison of the Shenshui Dynasty.

For Ye Feng, this time the powerful elders of the Ten Thousand Beasts Sect were introduced into the palace of the Shenshui Dynasty and captured directly into the palace prison of the Shenshui Dynasty. This can be said to be the result of Ye Feng's deliberate efforts.

Finally, Ye Feng succeeded, dragging this senior expert from the Ten Thousand Beast Sect into a pit from which he could not escape.

At this moment, Ye Feng followed Princess Ziyun and soon arrived at the prison gate of the Shenshui Dynasty Palace.

Royal guards wearing golden armor were stationed at the door of the prison to prevent anyone from entering the prison and to rescue the fugitives in the prison.

At this time, Princess Ziyun came over, and a group of golden-armored guards guarding the prison immediately knelt down on one knee respectfully, clasped their fists and said, "See Your Highness Princess Ziyun."

Princess Ziyun immediately nodded slightly, and then said loudly: "Let me go in, I want to take my friends to see the old and powerful man from the Ten Thousand Beast Sect who was just captured."

Hearing what Princess Ziyun said, the group of golden armored guards naturally did not dare to waste time and quickly led Princess Ziyun and Ye Feng into the prison. ??

The moment Ye Feng walked into the prison, he immediately sensed many powerful auras lurking inside.

Obviously, this royal prison is far from as simple as imagined. There must be many super powerful people in the royal family sitting in it to prevent all prisoners from escaping.

Otherwise, just relying on the armored guards at the door will definitely not work.

At this time, Ye Feng also saw that there were many prisoners trapped in the prison.

The entire prison was very dark and felt very depressing.

Ye Feng followed Princess Ziyun and soon reached the deepest part of the prison.

Those trapped here are basically the most powerful beings.

In a prison made of steel, Ye Feng saw a familiar figure.

It was the old and powerful man from the Ten Thousand Beasts Sect.

At this moment, this old and powerful man had iron chains pierced all over his body and was locked on an iron frame. He looked very miserable and disheveled.

When Ye Feng saw this scene, a faint smile suddenly appeared on his face. He stared at the powerful elder of the Ten Thousand Beast Sect in the prison and said loudly: "Look who I am?"

Hearing Ye Feng's voice, the disheveled veteran of the Ten Thousand Beast Sect immediately raised his head, and when he saw Ye Feng, his eyes suddenly showed an angry look that seemed to swallow someone up.

At this time, this veteran of the Ten Thousand Beasts Sect immediately stared at Ye Feng and said loudly: "When I get out of trouble, I will cut your kid into pieces."

Hearing what this senior expert from the Ten Thousand Beast Sect said, Ye Feng just smiled faintly and said, "Old senior, I think you may never have this opportunity."

After saying that, Ye Feng immediately looked at

To Princess Ziyun beside her, she said aloud: "Let me enter the prison."

Princess Ziyun glanced at the golden guard who opened the family beside her. The golden armored guard immediately nodded, opened the prison in front of him, and then said loudly: "Young Master

and Princess, be careful, this veteran of the Ten Thousand Beast Sect has a strong cultivation level." He is very powerful, even though all his cultivation is locked up and he is trapped in a prison, just in case he has some other weird tricks."

At this time, after the golden armored man finished speaking, Ye Feng smiled slightly and said loudly: "This old and powerful man from the Ten Thousand Beast Sect has been tortured into this state, and his cultivation has been locked up, and he no longer has any I've threatened you, leave it to me."

After finishing speaking, Ye Feng looked at Princess Ziyun beside him and said loudly: "Your Highness, you can avoid it for a while, the scene may be a bit cruel."

Hearing what Ye Feng said, Princess Ziyun immediately nodded, and left the prison with the golden armored guards beside her.

Next, Ye Feng walked into the prison in front of him alone.

At this moment, Ye Feng walked up to the disheveled old man of the Ten Thousand Beast Sect, with a cold smile on his face, and said loudly: "The only person to blame is you, who insists on chasing and killing people indiscriminately. Me, otherwise you wouldn't have ended up in such a miserable end."

The elders of the Ten Thousand Beast Sect stared at Ye Feng in front of him, his eyes filled with a look that was so cold and cruel that he said loudly: "Boy, even if you rely on the royal general of the Shenshui Dynasty this time, I will If you kill me, more powerful men from our Ten Thousand Beast Sect will continue to hunt you down, and you will definitely die, hahaha."

Hearing what the elders of the Ten Thousand Beast Sect said in front of him, Ye Feng suddenly showed an evil smile on his face, and said slowly: "Then I will turn all the strong men of your Ten Thousand Beast Sect into My nourishment, whoever dares to chase me, I will let them know that they are undoubtedly sending nourishment to me, and with the death of each of you Ten Thousand Beast Sect strong men, I will become stronger and stronger."

"nourishment?"

Hearing what Ye Feng said, the fierce look on the face of the old man from the Ten Thousand Beast Sect in front of him suddenly disappeared. Instead, he stared at Ye Feng with a look of great fear in his eyes.

He couldn't help but said: "Boy, you...what do you mean?"

At this time, Ye Feng had a weird smile on his face and said, "You will know later."

Uh-huh!

Almost at the next moment, Ye Feng stretched out a palm and pressed it on the head of the powerful elder of the Ten Thousand Beast Sect in front of him.

Then each of Ye Feng's fingers was like an iron bar, piercing into his Tianling Gai.

Then Ye Feng released the Devouring Domain and began to absorb the power of this powerful elder from the Ten Thousand Beast Sect.

"ah!!"

this one

In an instant, the elders of the Ten Thousand Beasts Sect immediately let out extremely miserable screams. They couldn't help but yelled in fear and pain: "Boy!! You are actually an extremely evil existence! You can actually devour it directly." What kind of terrifying and evil abilities do you have? I won't accept it! I want to report it to the top of our Ten Thousand Beasts Sect and let them pay more attention to you. Otherwise, we will all The Ten Thousand Beast Sect will become your boy's wedding dress!"

Unfortunately, this old man from the Ten Thousand Beast Sect didn't have any chance. All his skills and blood energy were swallowed up by Ye Feng. His whole body shriveled up completely, and he lay on the ground and died instantly.

At this moment, Ye Feng absorbed the power of this powerful elder from the Ten Thousand Beast Sect, and his cultivation level immediately increased tremendously.

You must know that this veteran of the Ten Thousand Beasts Sect is a powerful existence at the Soul Realm level that has surpassed the Yuan Mansion Realm and the He Dan Realm. It is two

entire realms higher than Ye Feng's current level. Otherwise, he would not have considered it before. Ye Feng's pursuit was so embarrassing.

So after Ye Feng devoured the power of this veteran of the Ten Thousand Beast Sect, his cultivation level naturally began to break through quickly.

"boom!"

The fourth level of Yuanfu Realm!

"boom!"

The fifth level of Yuanfu Realm!

"boom!"

Yuanfu Realm Sixth Heaven!

"boom!"

Yuanfu Realm Seventh Heaven!

"boom!"

The eighth level of Yuanfu Realm! !

At this time, Ye Feng's cultivation finally stopped.

"I was able to break through the entire five heavens in one go!"

"This old man from the Ten Thousand Beasts Sect is indeed an extremely powerful being. The energy contained in his body's skills is so rich."

"Could this old man be the leader of the Ten Thousand Beast Sect to participate in the top talent competition this time? Otherwise, he wouldn't be so powerful."

At this moment, Ye Feng couldn't help but murmured, feeling that this time he had really broken with the Ten Thousand Beast Sect, the three top sects of the Shenshui Dynasty.

This made Ye Feng's eyes reveal a hint of worry.

Because Ye Feng knows very well that although he now has such a powerful network as Princess Ziyun, Princess Ziyun is only a princess from the Shenshui Dynasty. Compared with the behemoth of the Ten Thousand Beasts Sect, she is still far behind.

Unless the entire Shenshui Dynasty royal family is willing to help him.

But it is impossible for the royal family of the Shenshui Dynasty to start a war with the entire Ten Thousand Beast Sect for their own sake.

After all, the Ten Thousand Beast Sect is one of the top three sects in the Shenshui Dynasty, and its strength is still very deep. Normally and the royal family are on the same page.

Princess Ziyun also said before that it would be very difficult to directly deal with this powerful elder from the Ten Thousand Beast Sect.

But this

Once, it was because this senior powerful man from the Ten Thousand Beasts Sect accidentally broke into the palace of Shenshui Dynasty and was captured directly on the spot. That was why Ye Feng was able to deal with this senior powerful man from the Ten Thousand Beast Sect so easily and casually this time. By.

However, Ye Feng thought for a while and then shook his head, with a firm and cold look on his face.

If the powerful men of the Ten Thousand Beast Sect really dare to chase and deal with me in the future, then I don't mind letting them know what the consequences will be if they go against me?

Ever since Ye Feng started practicing, he couldn't remember how many so-called powerful forces he had been targeted by.

But the result was without exception, and he survived in the end.

And those powerful forces or so-called big shots who target themselves have become dead souls in their hands and withered bones under their feet.

At this time, after Ye Feng had devoured all the skills of this veteran of the Ten Thousand Beast Sect, he left the prison and walked outside.

But just at the moment when Ye Feng passed by a prison.

Suddenly a shout rang out: "Young man, wait a minute. If you can easily enter the prison, you must have a very close relationship with the royal family of the Shenshui Dynasty. If you take me out of the prison, I can let me share with you a big secret. I also saw it just now. You actually practiced such an evil and domineering skill, able to swallow up other people's skills and use them for your own use. Then this big secret will definitely be of great help to you. As long as you You can fish me out!"

The moment he heard these words, Ye Feng immediately looked towards the prison next to him in surprise.

The next moment, Ye Feng suddenly saw a chubby middle-aged monk, wearing a black cassock. He didn't look like a good person. He was like a dark monk who was locked up in a prison.

Although this fat monk is a bit unkempt, you can see that this fat monk wearing a black cassock has very sharp eyes, and he is obviously not a kind person.

When Ye Feng saw this, a look of surprise suddenly appeared in his eyes. He seemed not to have expected that this fat monk wearing black cassocks and looking like he had dark attributes would actually say such things to him.

Ye Feng immediately stopped out of curiosity, with a very calm expression on his face, and asked aloud: "Did you see the scene when I devoured that powerful elder from the Ten Thousand Beast Sect just now? How could you be so far away? have witnessed?"

The fat monk, who was wearing a black cassock and naturally possessed dark attributes, immediately grinned and said loudly: "Monk, I practice a kind of clairvoyance. I can see any scene within a few kilometers. I just felt it." A very evil devouring energy, so I turned on my celestial vision out of curiosity and took a look. Young man, how about you fish me out and I'll share a great fortune with you? I haven't told the average person yet! But you are a young man, I admire you very much."

At this moment, Ye Feng stared at this unfamiliar fat monk, wearing a unique black cassock, with a sinister face and evil eyes. He did not look like a Buddhist, but rather a demonic, and his eyes were a little hesitant.

Chapter 4238 Taichu Buddhism

Just when Ye Feng was hesitating, the fat monk in black cassocks immediately showed a smile on his face and said loudly: "Young man, don't hesitate too much. This great opportunity of mine is not Who can let me share it with him? I see that you, a young man, are destined to me, and we are both practitioners of the dark attribute, so I share it with you."

Hearing what the fat monk said, Ye Feng couldn't help but glance at him and said loudly: "I don't have dark attributes. My devouring ability is just a talent of my ruthless nature. There is no distinction between good and evil, only practitioners can distinguish between good and evil."

Hearing what Ye Feng said, the fat monk immediately laughed and said: "Okay! That's good! Although I wear a black cassock and practice Buddhism, Taoism and magic, many people think I betrayed Buddhism. Not only did my master kick me out of Buddhism, but all my brothers and sisters also disliked me, leaving me to wander around the world alone. I didn't expect to meet my soulmate today. I have always believed in , there is no evil technique in the world, and there is no inheritance of darkness. Only people, only the users, can distinguish evil from evil, black from darkness."

Hearing what the fat monk said, Ye Feng glanced at him in surprise, and then said loudly: "It seems that like me, you have your own unique insights into the inheritance of skills."

At this time, Ye Feng actually had a slight affection for this fat monk.

Because this fat monk doesn't sound like a heinous person, but a being with his own unique thoughts.

At this time, Ye Feng couldn't help but asked: "What mistake did you make when you were imprisoned in the Shenshui Dynasty's prison? If the mistake you made is too serious, I guess even if you and I Her Royal Highness, a princess in the royal family, has a special relationship, and there is no way to get you out of prison. "

Hearing what Ye Feng said, the fat monk's eyes immediately lit up and he said loudly: "You have a special relationship with a noble princess from the Shenshui Dynasty? Then you will definitely be able to fish me out. I The crime I committed was not serious. I was just tracking a colleague of mine who mistakenly entered a tomb in the land of the ancestors of the Shenshui Dynasty. The royal family of the Shenshui Dynasty thought I was a tomb robber, so they arrested me. , locked in this prison."

Hearing what the fat monk said, Ye Feng immediately showed a look of astonishment in his eyes, and couldn't help but said: "What is your profession? I followed a colleague of yours and accidentally entered a certain tomb. Are you a special tomb robber?" of?"

The fat monk immediately smiled and said: "Side job, it's just a side job."

Hearing what the fat monk said, Ye Feng immediately nodded and said loudly: "If you haven't done anything particularly harmful to the royal family of the Shenshui Dynasty, I guess it won't be easy to fish you out. Too big a problem."

At this moment, after Ye Feng finished speaking, before the fat monk could say any words of surprise or thanks, Ye Feng immediately asked: "As for the huge opportunity that you just said you wanted to share with me, in the end? What it is, I want to know in advance."

When the fat monk heard what Ye Feng said, he hesitated for a moment, and then he came in front of Ye Feng and whispered across the iron cage of the prison: "The great opportunity I want to share with you happened back then. One of the largest Buddhist forces that was destroyed in the Ten Thousand Demons Interface is the ruins of Taichu Buddhism. If we can enter the ruins of Taichu Buddhism, we can get the powerful Taichu Buddhism back then.

All the treasures and inheritance of Buddhist and Taoist spiritual forces. "

Hearing what the fat monk said, Ye Feng's eyes suddenly showed a look of surprise, and then he couldn't help but shook his head and said: "The Buddhism of Taichu is attractive to you Buddhist practitioners, but it is attractive to me. Said it wasn't very attractive."

The fat monk immediately couldn't help but said anxiously: "Young man, you must not be from our Ten Thousand Demons Interface, right? I estimate that all practitioners in the Ten Thousand Demon Interfaces have heard of the reputation of Taichu Buddhism. If you don't believe me, just ask Ask your friend who is a princess, Taichu Buddhism was the largest Buddhist power in the entire interface of ten thousand demons, a top power in the interface of advanced cultivation. It is conceivable how precious the wealth is, and , you must know that many powerful Buddhist saints were born in Taichu Buddhism. It is said that the founder of Taichu Buddhism, the immortal true body of Taichu Ancient Buddha, is in the ruins after the collapse of Taichu Buddhism. If it can be found The true form of some Buddhist saints will definitely be of great benefit to your devouring ability. It will allow you to directly obtain the holy power of a Buddhist saint, which will definitely lead to a qualitative transformation in your cultivation and the essence of your entire life. ”

"Um?"

Hearing what the fat monk said, Ye Feng's expression that didn't seem to care at first suddenly became interested.

For Ye Feng, if he could really obtain the saint power of this ancient Buddhist saint, Ye Feng knew that it would definitely be of great benefit to the tempering of his entire body, including the improvement of his skills.

Moreover, the Ten Thousand Demons Interface is a high-level cultivation interface. If this Taichu Buddhism was really the top Buddhist practice holy land in the Ten Thousand Demons Interface, the ruins left after its destruction might really contain great opportunities. Great fortune.

At this moment, Ye Feng thought for a moment, and then said to the fat monk: "Wait for me for a while."

After saying that, Ye Feng walked directly towards the outside of the prison.

When Ye Feng came to the door of the prison, he immediately saw the beautiful figure of Princess Ziyun, standing there, as if she had been waiting for him for a long time.

Seeing Ye Feng coming over, Princess Ziyun immediately smiled and said: "Master Ye Feng, has the matter been resolved?"

Ye Feng nodded, and then said hesitantly: "I have one more thing. I hope Her Highness the Princess can help me."

Princess Ziyun is still not impatient, because Ye Feng is her savior, and Princess Ziyun is a person who knows how to repay kindness.

So at this time, Princess Ziyun still asked very patiently: "Master Ye Feng, what else do you want from me?"

Ye Feng said aloud: "I was passing by the prison just now and happened to see an acquaintance of mine. He was a fat monk. He mistakenly entered the ancestral land of your Shenshui Dynasty royal family in the Shenshui Dynasty, so he was arrested. He didn't commit anything serious. I hope Her Royal Highness Princess Ziyun can help me to fish him out and release him."

Hearing what Ye Feng said, Princess Ziyun's eyes suddenly showed a look of surprise, as if she didn't expect that Ye Feng could meet an acquaintance in the prison of his dynasty.

Princess Ziyun did not suspect anything, but smiled and said: "Okay, but I need to ask the warden of our royal prison. As long as your friend's crime is not serious, under my guarantee, he should be released." Just when Ye Feng hesitated, the fat monk in black cassock immediately smiled on his face and said: "Young man, don't go too far. Hesitate, no one can let me share this great opportunity with him. I see that you, a young man, are destined to me, and both of us are practitioners of the dark attribute, so I share it with you."

Hearing what the fat monk said, Ye Feng couldn't help but glance at him and said loudly: "I don't have dark attributes. My devouring ability is just a talent of my ruthless nature. There is no distinction between good and evil, only practitioners can distinguish between good and evil."

Hearing what Ye Feng said, the fat monk immediately laughed and said: "Okay! That's good! Although I wear a black cassock and practice Buddhism, Taoism and magic, many people think I betrayed Buddhism. Not only did my master kick me out of Buddhism, but all my brothers and sisters also disliked me, leaving me to wander around the world alone. I didn't expect to meet my soulmate today. I have always believed in , there is no evil technique in the world, and there is no inheritance of darkness. Only people, only the users, can distinguish evil from evil, black from darkness."

Chapter 4239 Solved

Hearing what Princess Ziyun said, Ye Feng immediately nodded happily and said, "Then let's go see the warden together."

Princess Ziyun also nodded at this time, and then led Ye Feng to fly quickly in a certain direction of the prison.

Soon, they came to the southwest of the prison.

Here stands a hall made of steel, which looks very cold and solemn.

This steel hall is the residence of the person in charge of this royal prison, the warden.

At this moment, Princess Ziyun immediately brought Ye Feng here, and then walked into the steel hall.

Almost at the next moment, Ye Feng immediately saw a tall, middle-aged man wearing pitch black armor, standing in the steel hall, with his back to them, very majestic.

Princess Ziyun immediately said: "Uncle Gu, I'm here to find you."

The moment Princess Ziyun's words fell, the warden immediately turned around. His face, which was originally very majestic, immediately showed a gentle smile when he saw Princess Ziyun.

Obviously, Princess Ziyun has a very good relationship with this warden.

At this moment, the warden immediately said: "Girl Ziyun, why did you come to me for nothing? I guard all the prisoners in the entire Shenshui Dynasty. The evil spirit and resentment are very heavy. Come to me." It's not good here."

Princess Ziyun immediately said: "This time I brought a friend of mine. My friend happened to see one of his companions locked up in the prison. He wanted to bail his companion out. I wonder if you can help me with this, Uncle Gu."

When the warden heard what Princess Ziyun said, he immediately frowned, and then asked aloud: "Who is the prisoner your friend wants to bail out?"

Ye Feng immediately walked out from Princess Ziyun at this moment, clasped his fists and said loudly: "Senior, I want to rescue the fat monk imprisoned in the prison."

"A fat monk?"

Hearing what Ye Feng said, the warden showed a look of doubt in his eyes, shook his head and said: "I have never heard of this person. It seems that he is just an insignificant person who has not committed any major crimes. Ordinary prisoners, because I can definitely remember the name and appearance of particularly serious prisoners, so there is no problem for you to rescue your

companion. For ordinary prisoners, I still have some rights and can release him directly. As long as there is Her Highness Princess Ziyun's guarantee will suffice."

After the warden said this, Princess Ziyun immediately said happily: "Thank you very much, Uncle Gu."

The warden smiled slightly and said loudly: "Go."

"good."

Princess Ziyun immediately nodded happily and left with Ye Feng.

Looking at the retreating figures of Princess Ziyun and Ye Feng, the warden of the royal prison couldn't help but smiled bitterly, shook his head, and murmured, "The little girl back then has reached the age of first love. Time is really... Hurry..."

At this moment, Princess Ziyun and Ye Feng had returned to the prison and arrived outside the cage where the fat monk was trapped.

At this moment, when the fat monk saw Ye Feng and Princess Ziyun coming, he immediately stared at Ye Feng and asked with some anxiety: "Ye Feng, how is the situation?"

Ye Feng is indifferent at this moment

With a smile, he looked directly at the armored guard in the prison who was following him, and said loudly: "Just open the door of this prison."

Hearing what Ye Feng said, the fat monk's eyes immediately widened with deep surprise in his eyes.

He knew that Ye Feng had solved all the problems.

At this time, the prison guard wearing golden armor standing next to Princess Ziyun nodded immediately, then took out a bunch of golden keys, and directly opened the door of the prison where the fat monk was locked. It's on.

At this time, the fat monk walked out very anxiously, and then stood directly beside Ye Feng, giving Ye Feng a secret thumbs up.

At this time, Ye Feng glanced at the fat monk beside him, then continued to look at Princess Ziyun beside him, and said with a smile: "Then let's go back now."

Princess Ziyun immediately nodded and said aloud: "Before you participate in the top genius competition, you will live in the palace. Tomorrow I will take you to see my father. My father wants to talk to you in person. I guess you will be rewarded for finding the spy pangolin planted by the Black Demon Dynasty in our imperial city."

Hearing what Princess Ziyun said, Ye Feng also said with great interest: "Okay, I will go with you to see your father tomorrow."

After saying that, Ye Feng followed Princess Ziyun and left the prison area directly.

The fat monk followed Ye Feng with his head down.

Soon, Princess Ziyun arranged for Ye Feng to live in a VIP residential area in the palace and left temporarily.

At this time, the room was slightly empty.

Ye Feng immediately stared at the fat monk in front of him. There was no one around. Ye Feng immediately said loudly: "Fat monk, I successfully rescued you and saved you from prison. When will you take me back?" Should I go to find the ruins of Taichu Buddhism? You promised me that you would take me to find wealth."

The fat monk immediately grinned and said loudly: "Ye Feng, don't worry, kid. I have a map of the original base camp of Taichu Buddhism in my hand. I will definitely be able to find the original ruins of Taichu Buddhism. Even if I can't find the ancient Taichu As for the immortal body of the founder of the Buddha, I will definitely find you a golden body of the top Buddhist saint among the original Buddhist sect, which will definitely transform Ye Feng's skills, including your physique."

Hearing the fat monk's assurance, Ye Feng nodded slightly and said, "I believe you for the time being. Just stay with me now and don't go anywhere for the time being, lest you run away alone."

The fat monk immediately shouted: "I am a person who keeps his promises. Although I wear a black cassock and practice the dark attribute of Buddhism, I am definitely a person who keeps his promises."

Seeing the fat monk shouting so excitedly, Ye Feng immediately smiled and said, "Okay, I believe in your character."

At this moment, after Ye Feng finished speaking, he directly opened the storage ring that he had previously collected from the powerful elders of the Ten Thousand Beast Sect in the prison to see if there was any powerful inheritance or wealth of the Ten Thousand Beast Sect.

After all, this old man from the Ten Thousand Beast Sect has a very high cultivation level. He is very likely to be the leader of the young geniuses of the Ten Thousand Beast Sect this time. He is a very high-status being in the Ten Thousand Beast Sect.

So there must be a lot of good things in his storage ring.

After Ye Feng devoured this old man from the Ten Thousand Beasts Sect, he naturally looted the storage ring from him. Hearing what Princess Ziyun said, Ye Feng immediately nodded happily and said, "Then let's go see the warden together."

Princess Ziyun also nodded at this time, and then led Ye Feng to fly quickly in a certain direction of the prison.

So there must be a lot of good things in his storage ring.

After Ye Feng devoured this old man from the Ten Thousand Beasts Sect, he naturally looted the storage ring from him.

Chapter 4240: Ennoblement

Buzz!

At this time, after Ye Feng opened the storage ring of this veteran of the Ten Thousand Beast Sect, he immediately saw that the storage ring contained a lot of good things.

This veteran of the Ten Thousand Beasts Sect is worthy of being the leader who will lead the entire Ten Thousand Beasts Sect's top geniuses here to participate in the top talent competition.

He must be a very senior person in the Ten Thousand Beasts Sect.

So there are a lot of good things in his storage ring.

There are many special weapons, armors, and some spirit beast talismans specially made by the Ten Thousand Beast Sect, all of which can exert good lethality.

In addition, Ye Feng also discovered a very ancient book.

Ye Feng subconsciously felt that this book was very extraordinary.

Ye Feng took this ancient book directly into his hands from the space where the ring was stored.

Almost at the next moment, Ye Feng immediately saw the four characters "The Law of Ten Thousand Beasts" written on this ancient book.

Ye Feng immediately showed a trace of surprise in his eyes.

This Ten Thousand Beasts Dharma seems to be a sect-restraining inheritance among the Ten Thousand Beasts Sect. It seems that only the very senior elders can practice it.

"This is great stuff!"

At this moment, Ye Feng's eyes suddenly revealed a look of deep surprise.

Ye Feng heard Su Jixue say before that the strongest inheritance of the Ten Thousand Beasts Sect is the Ten Thousand Beasts Dharma.

If you can successfully practice the Ten Thousand Beasts Technique, you can integrate the strongest part of each powerful beast into your own body.

During battle, the power of each beast can be unleashed.

It is said that the founder of the Ten Thousand Beasts Sect once combined the power of ten thousand ancient beasts.

Every time they fought, the beasts roared, and their lethality was terrifying.

The power of 10,000 ancient beasts were melted into one furnace and released instantly. It was terrifying just thinking about it. It would definitely cause the earth to collapse!

At this time, Ye Feng was naturally very happy to have obtained the cultivation method of Ten Thousand Beasts, and he immediately began to comprehend it overnight.

When the fat monk saw Ye Feng directly starting to practice the Ten Thousand Beasts Technique, a look of astonishment suddenly appeared in his eyes. It seemed that he did not expect that Ye Feng's understanding was so strong and he could directly practice such an unpredictable and powerful inheritance. .

At this moment, the fat monk felt that Ye Feng was practicing a little too eagerly. After all, with such a profound and complicated inheritance, if he practices casually, it is very likely that the practitioner will go crazy.

But the next morning, when the sound of roaring beasts came from Ye Feng's body, the fat monk was immediately frightened.

Because he never expected that Ye Feng would actually successfully pass on such a powerful sect-suppressing inheritance as the Ten Thousand Beasts Dafa.

Next, Ye Feng only needs to continue to search for various powerful beasts with special bloodlines and integrate them into his body, so that he can continue to have the power of one beast after another.

Until the end, ten thousand ferocious beasts merged into one, allowing him to instantly release the power of ten thousand ferocious beasts when fighting, which was enough to turn the world upside down!

At this moment, Ye Feng's eyes were very happy. Unexpectedly, by killing this old man from the Ten Thousand Beasts Sect, he not only gained tremendous power and greatly improved his cultivation, but also found that Arriving at the most powerful authentic inheritance of Ten Thousand Beasts Sect.

This is a priceless treasure.

It is definitely not comparable to ordinary inheritance.

At this time, Ye Feng was naturally very happy to imprint all the secrets in this inheritance into his mind. When he finds a powerful beast in the future, he can directly integrate it into his body.

At this time, the fat monk stared at Ye Feng and couldn't help but said: "I watched your practice all night, and your comprehension is much stronger than I imagined. It's really too great."

This is incredible, where did you come from? "

Ye Feng smiled slightly at this time and said aloud: "I am born with strong comprehension. As for where I come from, I will tell you this later."

When the fat monk heard what Ye Feng said, his eyes suddenly revealed a look of deep curiosity.

He was very curious as to who Ye Feng was, from what interface he came to the Ten Thousand Demons interface, and he actually had such a powerful talent.

At this moment, while the two were discussing, there was suddenly a knock on the door outside.

Ye Feng immediately walked over and opened the door.

The figure of Princess Ziyun suddenly appeared in front of her.

Princess Ziyun specially changed into what seemed to be a very solemn and beautiful outfit today. She looked very dignified and elegant, with the temperament of a noble princess.

Ye Feng immediately smiled and said: "Her Royal Highness Princess Ziyun, you are really beautiful today."

When Princess Ziyun heard Ye Feng's exaggeration, she immediately showed a trace of joy in the depths of her eyes.

Then Princess Ziyun smiled sweetly and said to Ye Feng: "Master Ye Feng, we can go directly to see our father now."

Ye Feng nodded and asked the fat monk to stay in his residence, and then he followed Princess Ziyun and walked outside.

Soon, Ye Feng, led by Princess Ziyun, came directly to the central hall of the palace in the imperial city of Shenshui Dynasty.

Ye Feng immediately saw a very mellow golden aura of luck, shrouding the entire central hall of the palace, giving people the feeling of being a noble.

At this time, Ye Feng's eyes showed a look of amazement. It was indeed a high-level form-shaping ring surface like the Ten Thousand Demons Interface. Even an ordinary dynasty could breed such a powerful power of destiny.

At this moment, Ye Feng followed Princess Ziyun and walked directly to the central hall of the palace in front.

next moment

, Ye Feng immediately saw a very majestic figure standing in the palace hall.

This majestic figure, wearing a golden dragon robe and a flat crown on his head, looks very majestic and domineering.

This is the emperor of the Shenshui Dynasty.

At this moment, Princess Ziyun immediately ran up and said: "Father, I brought Ye Feng."

The emperor of the Shenshui Dynasty turned around at this time, revealing a pair of majestic eyes, looking at Ye Feng, with a slight smile on his majestic face, and said loudly: "You are the one from Tianhan Valley A top genius, Ye Feng? You did a good job this time. You helped our royal family of Shenshui Dynasty catch a spy of the Black Demon Dynasty. With the help of the information reported by this spy, we successfully installed the Black Demon Dynasty. All the people in charge in the imperial city were arrested and caught in one fell swoop."

After finishing speaking, Princess Ziyun stood aside and immediately said with a smile: "Father, Mr. Ye Feng has made such a huge contribution to the royal family of our Shenshui Dynasty, and he should be given a huge reward."

Hearing what Princess Ziyun said, the emperor of the Shenshui Dynasty immediately burst into laughter, stared at Ye Feng, and said loudly: "Look at my daughter, how much she cares about you."

Ye Feng immediately smiled and clasped his fists and said, "Her Royal Highness Princess Ziyun is indeed a good friend who knows how to repay kindness."

The emperor of the Shenshui Dynasty nodded, stared at Ye Feng, and then said slowly: "Not only will I give you a huge reward, I will also prepare you to be knighted!"

"What?"

Hearing the emperor of the Shenshui Dynasty say this, not only Ye Feng himself, but even Princess Ziyun's eyes widened slightly. It seemed that she did not expect that her father was so generous and wanted to give Ye Feng a favor. A precious title.

This is not something ordinary people can get.

Even for the elders and powerful men among the three top sects, it is very difficult to get a reward in the Shenshui Dynasty, even if they just want to get a very low-level title.
