Chapter 4241 Too ostentatious

At this moment, Ye Feng immediately showed a very happy look on his face and said loudly: "Thank you to the emperor for the title!"

For Ye Feng, he is still hanging around in the territory of this Shenshui Dynasty, so if he can really get a title from this Shenshui Dynasty, it will naturally be of huge benefit to him.

Because if you have the title of the royal family, if the strong men from the other three top sects want to target you, you must first weigh your identity.

For example, Ye Feng's biggest threat now comes from the Ten Thousand Beasts Sect.

After all, Ye Feng had previously killed one of the three true disciples of the Ten Thousand Beast Sect, and also killed the elders of the Ten Thousand Beast Sect.

Therefore, Ye Feng felt that the powerful men of the Ten Thousand Beast Sect were already sharpening their swords and trying every possible means to kill him.

Therefore, if Ye Feng can really get a title from the Shenshui Dynasty, and has this noble status in him, as long as the strong ones among the beasts in the imperial city, no matter how much they hate him, they will not dare to face him. How about yourself.

Because it is impossible for a strong man from the Ten Thousand Beast Sect to kill a noble with a title in the imperial city.

In that case, they would suffer the wrath of the entire Shenshui Dynasty royal family. ??

At this time, the emperor of the Shenshui Dynasty smiled slightly and said aloud: "Ye Feng, it is very normal for a peerless genius like you to get the title of our Shenshui Dynasty royal family, and this time you have made great contributions to our entire Shenshui Dynasty royal family and rescued the spies arranged by the Black Demon Dynasty in our imperial city. These achievements are enough for me to reward you with a title. "

At this moment, the emperor of the Shenshui Dynasty said and directly extended a hand.

Buzz!

I saw immense mana bursting out from the palm of the emperor of the Shenshui Dynasty, and then condensed into a pure golden token on the spot.

This pure golden token was directly delivered to Ye Feng by the emperor of the Shenshui Dynasty.

At this moment, the emperor of Shenshui Dynasty smiled and said: "This golden token can show your identity after you carry it with you. And as long as you obtain the title of our Shenshui Dynasty, you can wear this golden token with me." With the title token that you have condensed in person, you can enjoy the power of luck of our Shenshui Dynasty at any time in the imperial city of our Shenshui Dynasty. It will definitely be of great help to your cultivation and can help you to practice quickly. When a strong person attacks you, you can also mobilize the power of luck in the entire Shenshui Dynasty Imperial City to form a protective shield to protect yourself. "

When Ye Feng heard the emperor of the Shenshui Dynasty say this, his eyes suddenly showed a look of surprise.

I didn't expect that having the title of Shenshui Dynasty would have so many benefits.

Ye Feng originally thought it was just a status symbol.

I didn't expect there to be so many actual benefits.

At this time, the emperor of the Shenshui Dynasty spoke up and said: "Next, you can safely participate in the top genius competition. I hope you can get a high ranking in the top genius competition, and then you can also get a reward from the emperor, and Maybe I will have other tasks for you."

Hearing what the emperor of the Shenshui Dynasty said, Ye Feng's eyes flashed slightly and he didn't say much.

At this moment, Princess Ziyun smiled and said: "Father, we will go down first."

The emperor of the Shenshui Dynasty nodded, waved, then turned his back to the two of them and fell into silence again.

Ye Feng followed Princess Ziyun at this moment and left the central palace hall directly.

On the way, Princess Ziyun's beautiful eyes were fixed on Ye Feng. Her eyes were full of disbelief. Of course, she also had a look of sincere joy for Ye Feng. She said aloud: "Master Ye Feng, I didn't expect this this time." My father is so generous and directly gives you a title. From then on, you can be regarded as a member of our royal family in our imperial city. It is estimated that the strong men of the Ten Thousand Beast Sect will not dare to deal with you in person. "

Ye Feng nodded at this moment and said with a smile: "I didn't expect that your father would give me a title, but I think this is probably your father's intention to win me over to your Shenshui Dynasty. In the royal camp."

Ye Feng said at this time, his eyes flickering.

Ye Feng actually knew very well that the reason why the emperor of the Shenshui Dynasty gave him such a distinguished title was so that he could share the power of luck of the entire Shenshui Dynasty royal family and help him cultivate.

Ye Feng didn't think that the reason why he was so kind to him was simply because he helped the royal family of the Shenshui Dynasty.

Ye Feng guessed that the emperor of the Shenshui Dynasty might also want to win over his peerless genius.

After all, all of Ye Feng's talents have been fully demonstrated now, and Ye Feng is still the core disciple in Tianhan Valley.

Therefore, if the emperor of the Shenshui Dynasty gives Ye Feng a distinguished title, it will be of huge benefit to the entire Shenshui Dynasty.

Because if Ye Feng can really become a high-level executive in Tianhan Valley in the future, he will definitely support the royal family of Shenshui Dynasty.

At this moment, Ye Feng couldn't help but admire that the emperor of the Shenshui Dynasty was worthy of being a great emperor, and he cared deeply about the city.

After hearing what Ye Feng said, Princess Ziyun also nodded suddenly, understanding her father's intention.

However, Princess Ziyun still smiled and said: "In any case, this is a good thing for you Ye Feng. Next, you can directly share the power of luck in our entire Shenshui Dynasty Imperial City to practice quickly. "

Ye Feng nodded at this time and said expectantly: "I will give it a try when I get back."

Princess Ziyun immediately nodded, and then said loudly: "Tomorrow is the top genius competition, and then I will go to the auditorium to cheer for you, Mr. Ye Feng."

Hearing what Princess Ziyun said, Ye Feng immediately showed a look of astonishment in his eyes.

If when I participate in the top genius competition, there is really a noble princess cheering for me, that scene...

Ye Feng felt that he would be envied and hated by many male compatriots in an instant.

Ye Feng couldn't help but shook his head at this time, and said with a rather wry smile: "I don't want to be too ostentatious."

Princess Ziyun immediately said with a smile: "Peerless geniuses are envied, jealous and hated by others. Only mediocre people don't have such 'troubles'. Master Ye Feng, don't you think so? Hehe." At this moment, Ye Feng immediately showed a very happy look on his face, and said loudly: "Thank you to the emperor for the title!"

Princess Ziyun immediately said with a smile: "Peerless geniuses are envied, jealous and hated by others. Only mediocre people don't have such 'troubles'. Master Ye Feng, don't you think so? Hehe."Chapter 4242 A magical scene

At this time, when he saw the smiling face of Princess Ziyun in front of him, Ye Feng's eyes showed a trace of surprise.

Because when Ye Feng first met Princess Ziyun, Princess Ziyun had always maintained a relatively cold and reserved temperament as a princess.

But now, Princess Ziyun seems to have become much more casual in front of Ye Feng.

As he spoke, his lively and active nature was revealed.

At this time, Ye Feng couldn't help but reveal a gentle smile on his face. It seemed that his relationship with Princess Ziyun was getting closer.

At this time, Ye Feng said aloud: "Then I'll leave first. I want to leave the palace as soon as possible and go to the inn in the imperial city where we live in Tianhan Valley to participate in tomorrow's top talent competition with the disciples of Tianhan Valley. Contest."

Hearing what Ye Feng said, Princess Ziyun's eyes suddenly showed a hint of reluctance.

Then Princess Ziyun didn't say much, she just nodded and said, "Okay, Ye Feng, please be careful on the road."

At this moment, Ye Feng's hand flashed with light, and a golden token appeared. He smiled and said: "Don't worry too much, I am now a baron in your Shenshui Dynasty royal family, and I have this power that your father personally condensed. No ordinary strong person would dare to deal with me."

Princess Ziyun immediately smiled and said: "Okay, I look forward to your wonderful performance tomorrow."

Ye Feng nodded and walked directly outside the palace.

On the way out of the palace, Ye Feng sent a message to the fat monk who lived in his room last night.

Soon, a chubby figure followed Ye Feng on the road.

The two left the palace directly.

After walking out of the palace, the fat monk breathed a sigh of relief and couldn't help but said excitedly: "I finally left this heavily guarded place. I was imprisoned for half a month. I almost killed the monk." I give

Crazy. "

Hearing what the fat monk said, Ye Feng couldn't help but shake his head and smile, and said loudly: "Who told you to go directly to the ancestral land of the royal family? They thought you were going to dig the ancestral graves of the royal family of the Shenshui Dynasty. "

Hearing what Ye Feng said, the fat monk curled his lips and said loudly: "This Shenshui dynasty is also a dynasty that has only recently developed. It is not an ancient inheritance power. Their ancestral tombs are just ordinary. I don't even care about monks." Digging."

Hearing what the fat monk said, Ye Feng suddenly showed a look of astonishment in his eyes. Then he didn't say anything more, but changed the subject and said loudly: "After I finish participating in this top genius competition, Just take me to find the ruins of Taichu Buddhism that you mentioned before, hoping to get good things from the ruins of Taichu Buddhism."

Hearing what Ye Feng said, the fat monk immediately nodded and said: "Okay, after you finish participating in this top genius competition, we will go together to find the ruins of Taichu Buddhism, but that place is very dangerous. I hope that the two of us can join forces by then. Don't hide your secrets. When the time comes, we will really encounter some very terrible dangers. We must both do our best and not deceive each other. "

Ye Feng smiled at this time and said aloud: "Don't worry, I won't joke with my own life."

While the two were talking, Ye Feng and the fat monk had returned to his inn.

At this moment, Ye Feng let the fat monk live in his room.

Then Ye Feng walked directly to the door of another room and knocked on the door.

Squeak!

As the door of this room opened, Su Jixue's beautiful figure appeared in front of Ye Feng.

before.

When Su Jixue saw Ye Feng appearing in front of her eyes, her beautiful eyes lit up immediately and she couldn't help but said: "Ye Feng, are you back?"

Ye Feng nodded at this time and said with a smile: "Tomorrow I will participate in the Top Talent Competition. I will naturally come back tonight. I will be with you then. After all, all the disciples of Tianhan Valley will participate in the Top Talent Competition. It's better to be together."

Su Jixue immediately nodded, and then seemed to have thought of something, and asked aloud: "Ye Feng, you didn't encounter any danger on the way back, right? The strong men of the Ten Thousand Beast Sect should be watching you secretly."

When Ye Feng heard Su Jixue say this, he immediately smiled confidently and said, "Senior Sister Su, look at what I am doing."

After finishing speaking, light flashed in Ye Feng's hand, and a pure gold token appeared.

"This is....."

Looking at the golden token in Ye Feng's hand, Su Jixue couldn't help but move her eyes immediately.

Then the next moment, Ye Feng activated the golden token.

Buzz!

Suddenly, a lot of luck energy appeared in the whole world, directly forming a golden mask, surrounding Ye Feng.

Ye Feng seemed to be protected by the entire imperial city, and no one could get close to him.

"this....."

Seeing the magical scene in front of her, Su Jixue immediately widened her eyes slightly and couldn't help but said in surprise: "Ye Feng, this token can actually mobilize the power of luck in the entire Shenshui Dynasty Imperial City. Come and protect yourself. Could this token be the legendary identity token specially given by the royal family to noble beings with titles?"

Hearing what Su Jixue said, Ye Feng immediately smiled, nodded, and said

: "That's right, the token in my hand is the baron token that was personally condensed by the current emperor of the Shenshui Dynasty. It is also a symbol of my status."

Hearing what Ye Feng said, Su Jixue's eyes widened immediately, and she said in shock: "Ye Feng, were you recruited as a consort by the royal family of the Shenshui Dynasty? So you have this title token?"

"Recruiting as a consort?"

When Ye Feng heard what Su Jixue said, he couldn't help but smile dumbly, and then said loudly: "Of course not, Princess Ziyun and I are just ordinary friends. The reason why I was able to get this token is that I was banned." I was awarded the title, mainly because I helped the royal family of the Shenshui Dynasty to catch a spy of the demon clan that the Black Demon Dynasty had placed in the imperial city, and asked the royal family of the Shenshui Dynasty to arrest all the demons that the Black Demon Dynasty had placed in the imperial city. Clan, all in one fell swoop."

Hearing what Ye Feng said, Su Jixue immediately nodded with a sudden look on her face, and then with an inexplicable smile in her eyes, she said aloud: "But having said that, I think that Her Royal Highness Princess Ziyun is very interested in Ye Feng." You have special feelings."

Ye Feng's eyes were stunned and he said aloud: "Probably not, why didn't I feel it?"

Su Jixue immediately smiled and said: "Princess Ziyun and I are both women, so women's intuition is very accurate."

When Ye Feng heard what Su Jixue said, he could only smile helplessly and said: "I don't have any plans for relationships at the moment. I think the most important thing now is to improve my cultivation strength as soon as possible."

Hearing what Ye Feng said, Su Jixue immediately nodded and said: "Junior brother Ye Feng, your idea is right. You are still young now and have not been practicing for a long time. You should focus on your career and put yourself first." Let's talk about improving our strength. After this top talent competition is over, the two of us will go out to practice together, and also go to the ancient ruins in Shiwan Mountain to explore opportunities."

Chapter 4243 You are the first

Hearing what Su Jixue said, Ye Feng's eyes were stunned, then he shook his head and said loudly: "When this top genius competition is over, I have other things to do, and I may not be able to go with Senior Sister Su at that time. I'm looking for ancient ruins in the ancient ruins, maybe I'll see if I have time later."

Hearing what Ye Feng said, Su Jixue immediately smiled and said: "You can search for it later. After all, everyone has different things. After this top genius competition is over, I will return to the sect." Take a good retreat."

After that, the two continued chatting for a while, and then Ye Feng left Su Jixue's residence and returned to his room.

When Ye Feng entered his room, he saw that the fat monk was not practicing, but lying on a bed and sleeping soundly.

Seeing this scene, Ye Feng couldn't help but shook his head. It seemed that this fat monk was not a very hard-working person.

But the next moment, Ye Feng suddenly saw a shocking scene.

I saw that when the fat monk was sleeping, Buddhist symbols composed of rays of light appeared in his body, but they were emitting black light.

These Buddhist and Taoist symbols emitting black light slowly rotated around the sleeping fat monk.

Every time it rotates, the fat monk's cultivation aura increases by one point.

"this....."

When Ye Feng saw this scene, he couldn't help but show deep astonishment in his eyes: "Isn't this fat monk able to practice while sleeping?"

At this time, Ye Feng was simply shocked to the extreme.

The fat monk's cultivation method is simply too enviable. He is sleeping in and practicing at the same time. It is simply a "sleep magic skill". This is really incredible.

This is the first time Ye Feng has seen this kind of inheritance that can be practiced through sleeping. It seems that this fat monk is also very mysterious. The inheritance is a bit weird, and it must be very extraordinary.

At this moment, Ye Feng did not wake up the fat monk, but started practicing in the room.

Ye Feng had just received the powerful inheritance of the Ten Thousand Beasts Sect, the Great Law of Ten Thousand Beasts, from the storage ring of the elders of the Ten Thousand Beasts Sect.

So at this time,

As soon as Ye Feng has time, he will naturally start to understand this ancient and powerful inheritance. It will definitely have huge benefits for improving Ye Feng's overall strength.

Time passed quickly, and it was the next morning in a blink of an eye.

The fat monk is still practicing in his sleep.

Ye Feng didn't bother him and walked out of his room directly.

When Ye Feng arrived below the inn, he found that Su Jixue and a group of disciples from Tianhan Valley had gathered together.

Ye Feng immediately smiled and said: "Let's go directly."

Su Jixue nodded, and led a group of disciples from Tianhan Valley to quickly walk towards the palace.

This time, the Shenshui Dynasty and the three top sects jointly held the top genius competition. The venue was in the palace of the Shenshui Dynasty.

At this moment, Ye Feng, Su Jixue and a group of Tianhan Valley disciples were walking on the road to the imperial city. They immediately saw many other young geniuses. The aura of cultivation on their bodies was very powerful. In all directions, he walked quickly towards the palace.

Su Jixue looked at Ye Feng beside her and said loudly: "These should be the top geniuses from various major sects and families. Although this time the top genius competition is jointly organized by the Shenshui Dynasty and our three top sects. Yes, but as long as any force or family in the Shenshui Dynasty feels that the top genius under their command is powerful, they can send it here to participate in the Top Genius Competition. Some families or small forces, although their overall background is far inferior to Our three top sects and the royal family, but occasionally some amazing young talents emerge. Therefore, in the top genius competition, sometimes there may indeed be a dark horse that is not the royal family or the three top sects. He is a genius in goal, but he can defeat everyone."

Hearing what Su Jixue said, Ye Feng immediately nodded and said: "It seems that this time the top genius competition will have many families and forces participating, it will be very lively."

And just as Ye Feng was talking, a sudden sound from a certain direction not far away

A group of aggressive young masters came over.

The clothes worn by these young masters are clearly those of the Ten Thousand Beast Sect.

They walked directly in front of Ye Feng, Su Jixue, and a group of Tianhan Valley disciples.

This group of top geniuses from the Ten Thousand Beast Sect stared directly at Ye Feng and said coldly: "Are you Ye Feng? This time in the Top Genius Competition, you are dead."

At this moment, when Ye Feng heard the threats from these young masters of the Ten Thousand Beast Sect, he immediately understood. It seemed that the fact that he had killed Gu Wanli, one of the three true disciples of the Ten Thousand Beast Sect, had been completely exposed by all the Ten Thousand Beast Sect. People know.

Therefore, all the young masters of the Ten Thousand Beast Sect who were participating in the top talent competition in the imperial city were extremely murderous towards themselves at this moment.

However, Ye Feng just smiled faintly at this time and said: "I will wait for you to come... to die."

"Arrogant!"

Hearing what Ye Feng said, many top geniuses from the Ten Thousand Beast Sect suddenly spoke out coldly.

Among these young masters of the Ten Thousand Beasts Sect, a young man wearing a golden robe suddenly walked out.

He looked very majestic, and the aura of cultivation on his body was unfathomable.

The young man in golden robe slowly stared at Ye Feng and said loudly: "Let me tell you in advance, my name is Jin Wushuang, and I am the most powerful being among the three true disciples of our Ten Thousand Beast Sect. This time, in the top genius competition, once you meet me, I will kill you with my own hands!"

Ye Feng stared at Jin Wushuang, the leader of the three true disciples of the so-called Ten Thousand Beasts Sect.

There was no fear on Ye Feng's face, but he said indifferently: "I still say what I said, I will wait for you to die."

Hearing what Ye Feng said, Jin Wushuang suddenly showed a cold and stern look in his eyes, as if he couldn't wait and wanted to take action directly and kill Ye Feng on the spot.

But they thought that the leader of their Ten Thousand Beast Sect told them before that Ye Feng seemed to have obtained the title of the Shenshui Dynasty royal family, so he could not attack Ye Feng for no reason, nor could he attack Ye Feng in public. Kill with pain

hand.

Only in the top genius competition, on the recognized life-and-death battle platform, can Ye Fengtong be killed.

So at this time, Jin Wushuang smiled coldly, stared at Ye Feng fiercely, and said, "I will definitely let you know what despair is."

After the words fell, Jin Wushuang made a fierce expression on Ye Feng as if he was cutting his throat, and then without saying anything else, he left instantly with a group of young masters from the Ten Thousand Beast Sect.

Seeing this scene, Su Jixue's eyes were a little solemn, she looked at Ye Feng and said loudly: "Ye Feng, although they don't dare to do anything to you in public, in this top talent competition, they will definitely kill you. hand."

Ye Feng just smiled coldly at this moment and said aloud: "I am no longer the same person as before. Recently in this Shenshui dynasty, my cultivation and inheritance have also improved a lot. What kind of gold is this?" Although Wushuang is the number one among the three true disciples of the Ten Thousand Beasts Sect, he is indeed very powerful. Even I can't understand his depth. But he wants to kill me, but he is still far away. Besides, I still have the powerful trump card of the little black sword."

Hearing what Ye Feng said, Su Jixue immediately nodded, and then couldn't help but smile helplessly, and said: "Ye Feng, this time you are really torn apart from the entire Ten Thousand Beast Sect, the top sect. It's shameless. In all these years, our Shenshui Dynasty has never had anyone dare to challenge and confront an entire top sect with one person's power. Ye Feng, you are the first."

When Ye Feng heard this, he immediately smiled and said the most crazy and domineering words in the calmest tone: "If the Ten Thousand Beast Sect keeps making trouble for me and I don't know when is enough, I will just wipe out the entire Ten Thousand Beast Sect and destroy all the Ten Thousand Beast Sect." All the ferocious beasts kept in the sect were plundered and merged with me to practice the Great Law of Ten Thousand Beasts."

"hiss!"

Hearing what Ye Feng said, a large group of disciples from the Tianhan Valley around them couldn't help but take a breath of cold air and looked at each other.

They sighed inwardly that the new senior brother Ye Feng who joined the sect was really brave and cruel.

When Su Jixue heard what Ye Feng said at this moment, she couldn't help but smile helplessly, thinking that Ye Feng was joking.

Although everyone thought that Ye Feng was joking when he said such words.

But what they didn't know was that Ye Feng said this completely from his heart.

Ye Feng really has this idea.

That is, if the strong men of the Ten Thousand Beast Sect dare to keep provoking him, Ye Feng may really destroy the entire Ten Thousand Beast Sect when he becomes very powerful.

Then, he integrated all the ancient beasts raised in the Ten Thousand Beast Sect into his own body to help him practice the Ten Thousand Beasts Technique, allowing him to instantly possess the power of thousands of beasts and merge them into one furnace.

At this time, everyone was walking in the imperial city and finally came to the competition platform inside the palace.

At this moment, the arena inside the entire palace was already overcrowded.

There were already many people standing around the competition platform in the entire palace.

Most of them come from the three top sects, as well as members of the royal family.

However, there are also young top talents from other small families and small forces.

Because they also want to secure a future for themselves.

As long as they can stand out in this top talent competition, they will definitely gain the attention of the entire Shenshui Dynasty royal family.

At that time, he might be able to directly enter the royal family of the Shenshui Dynasty and become a member of the royal family, thereby becoming an official and becoming famous all over the world.

This is the dream of many young geniuses from small families and small sects.

At this moment, Ye Feng, Su Jixue, and a group of Tianhan Valley disciples arrived here and walked quickly towards the designated gathering area of Tianhan Valley.

Ye Feng saw that the young disciples of the Ten Thousand Beast Sect who had provoked him before were also standing not far away.

Among them stood Jin Wushuang, the number one among the three true disciples of the Ten Thousand Beast Sect who had previously said to his face that he would kill him.

It has to be said that Jin Wushuang is indeed very powerful, and the aura of his cultivation is very terrifying. It is impossible to see through the specific realm of cultivation. He stands there with his shoulders standing up, like two mountains.

It feels very majestic and vast.

Standing there, he was indeed out of tune with the people around him. At a glance, he could tell that he was a top-notch person.

Many young geniuses from various major forces around him looked at Jin Wushuang with eyes full of deep awe.

Obviously, this Jin Wushuang is very famous among the younger generation of the entire Shenshui Dynasty. Everyone knows this Jin Wushuang, who is the top genius in the Ten Thousand Beast Sect and is very powerful.

Therefore, many people looked at Jin Wushuang with very solemn and fearful expressions, and seemed to regard Jin Wushuang as the number one enemy in this top genius competition.

At this time, many senior and powerful men from various major forces looked at Jin Wushuang with admiration in their eyes.

It seems that this time, Jin Wushuang will probably become the first place in the entire top genius competition.

At this moment, Su Jixue suddenly said to Ye Feng: "Ye Feng, look in that direction. There are swordsmen in white standing there, both men and women. They are all the top three of our Shenshui Dynasty. The young genius of the 'Sword Villa' in the sect."

Hearing what Su Jixue said, Ye Feng immediately looked in a certain direction.

Sure enough, in the auditorium on the other side, I saw young swordsmen wearing white clothes.

Whether it is a male swordsman or a female swordsman, they are all carrying a special sword. Everyone looks very sharp, like a sword waiting to be unsheathed.

Once it is unsheathed, it will shake the earth and pierce the sky.

At this time, Ye Feng nodded slightly and said loudly: "These young swordsmen in Shenjian Villa all feel very sharp. It seems that their fighting power is very amazing."

Su Jixue immediately nodded in agreement and said, "Junior Brother Ye Feng, what do you think?"

By the way, these young disciples of Shenjian Villa are known as the most powerful group of people in our Shenshui Dynasty. When you meet them on the duel stage, you can consume them by pulling them. Tactics, to defeat the opponent, because although the attack power of these young swordsmen of the Excalibur Villa is very powerful, it does not last long. After bursting out the strongest attack, it will soon be useless. "

Hearing what Su Jixue said, Ye Feng immediately understood that Su Jixue was analyzing the strengths and weaknesses of the young geniuses among the major forces so that he could be more at ease in fighting.

Ye Feng immediately nodded with a smile and said, "Okay, I've written it all down."

And while Ye Feng and Su Jixue were talking, an old man with golden light all over his body suddenly appeared on the entire competition stage.

This old man with golden light all over his body should be an older and powerful person in the royal family of Shenshui Dynasty, and he should also be the host of this top genius competition.

At this moment, the presiding old man, who was exuding golden light and had a solemn appearance, immediately looked around and said loudly: "Everyone, be quiet. Next, the top genius competition will begin once every ten years. This time, the top genius competition will begin. , a group of powerful young talents will be selected, and then our Emperor will reward the top talents with huge rewards, and they will become famous all over the world in an instant. "

Hearing what the host teacher said, the eyes of a large group of young geniuses from various major forces around them all lit up.

Everyone was gearing up, as if they couldn't help but go to the fighting stage to show off their skills and strength.

Because all young people now know that this is almost the most grand fighting event in the Shenshui Dynasty. ??

If you can stand out among them, you will become famous all over the world in an instant and become a celebrity in the entire Shenshui Dynasty. You may even be selected by the royal family and become a noble among the noble royal family.

Therefore, the major forces are concerned about this time's top level

The Tianjiao Competition is very important.

All the young top talents are also eager to try.

At this moment, Ye Feng looked around and suddenly found a large group of royal nobles sitting in the highest auditorium in the distance.

There was a beautiful figure among them, waving towards him.

It turned out to be Princess Ziyun.

Ye Feng immediately smiled slightly at this time. He did not expect that Princess Ziyun would really come to the scene to cheer him up.

Ye Feng couldn't help but smile bitterly at this moment. He hoped that Princess Ziyun would keep a low profile later and never cheer for him. In that case, it would be a bit too showy.

At this time, the old host in the sky said: "Everyone, get ready. The Top Talent Competition has officially begun. This time, the Top Talent Competition is based on a lottery system. All young talents participating in the Top Talent Competition will now All come out of the audience and stand around the competition arena under my feet. I will randomly issue a number to you. The two people who get the same number will be the opponents against each other. In the first round of elimination, all geniuses will The battle will take place at the same time, and half of the people will be eliminated in an instant. "

Wow!

Almost at the moment when the old host finished speaking, many young geniuses present couldn't help but burst into an uproar.

No one thought that this year's top genius competition would be so cruel, half of the people would be eliminated in the first round!

This was not the case before. After losing in the first round, there would be a chance to return in the second round.

But this time, this is not the rule.

Instead, he lost in the first round and was eliminated directly.

The rules of the competition are very cruel this time!

Many young geniuses couldn't help but nervously mutter to themselves: "Don't meet the top geniuses in the big sects in the first round. That would be unlucky."

Chapter 4245 Defeated instantly

At this time, after the old host finished speaking, all the young geniuses present who were going to participate in this top talent competition quickly gathered around the entire competition stage.

For these young talents, this top talent competition is of great significance to them.

Therefore, everyone's eyes are full of expectation and their morale is high.

Ye Feng, Su Jixue, and a group of disciples from Tianhan Valley stood around the competition platform.

At this moment, Ye Feng immediately felt a gaze full of killing intent.

Ye Feng looked not far away and found that the strongest genius of the Ten Thousand Beast Sect, Jin Wushuang, was staring at him at this moment, with a cold look in his eyes.

Jin Wushuang said coldly at this time: "Ye Feng, if you meet me in the first round, I will crush you to death in an instant under the spotlight."

Hearing what Jin Wushuang said, Ye Feng didn't bother to pay attention at all. He just smiled lightly and turned his head.

Seeing Ye Feng's calm look, Jin Wushuang's face suddenly showed a gloomy look.

Originally, he wanted to threaten Ye Feng, but saw the fear in his eyes.

But Ye Feng did not show fear, but remained calm and calm.

So this Jin Wushuang is very gloomy.

At this time, I saw thousands of young geniuses, all ready and standing around the competition stage.

The old royal host in the sky nodded immediately and said loudly: "Since everyone is standing around, I will start to distribute their respective numbers now."

After finishing speaking, the old host waved his hands, and suddenly there were rays of light, which fell directly in front of each young genius, forming a symbol.

At this time, Ye Feng saw his symbol, which was sixty-seven.

Ye Feng's eyes suddenly showed a look of doubt, and he looked around, not knowing how to find an opponent with the same symbol as himself.

But at the next moment, the symbols in front of each genius automatically and quickly flew above their heads.

.

Then two young geniuses with the same symbol will be automatically drawn by the symbol to a certain place in the competition platform to fight.

In other words, in this first battle, more than a thousand people will be divided into hundreds of battlefields to fight against each other.

At this moment, Ye Feng also discovered that his symbol was connected with another identical symbol.

Ye Feng immediately looked forward and found that the person with the same symbol as himself was a young woman wearing a white robe.

This young woman in a white robe is her opponent.

Ye Feng looked over and found that the other party was actually a young master from the Divine Sword Villa.

Because Ye Feng had heard Su Jixue introduce the young geniuses of Shenjian Villa before.

At this moment, his opponent, this young woman in a white robe, had a sword on her back.

I have to say that this woman in white robe looks very heroic, giving people a very sharp feeling, and her attack power is definitely very powerful.

But Ye Feng could sense that the other party's cultivation level was not much different from his own, and they were both from the eighth level of Yuanfu Realm.

So at this time, Ye Feng looked very relaxed.

Because no matter how powerful the super genius is, as long as he is in the same realm as Ye Feng, he will basically be crushed by Ye Feng.

So at this time, Ye Feng just casually jumped onto the competition stage, then looked at the female disciple of the Divine Sword Villa not far away who had the same symbol as himself, and said, "Just take action."

Seeing Ye Feng's calm look, the female disciple of Shenjian Villa immediately showed a cold look on her face and said loudly: "You are very arrogant and courageous. Look at Now that I am a disciple of Shenjian Villa, and you are still so calm in front of me, shouldn't you be afraid?"

When Ye Feng, a female disciple of the Divine Sword Villa, said this, his eyes suddenly showed a look of astonishment, and he shook his head in a funny way.

He said aloud: "Why should I be afraid?"

Hearing what Ye Feng said at this time, the female disciple of Shenjian Villa immediately said coldly: "Then I will defeat you immediately. Although you are a disciple of Tianhan Valley, I have never heard of it. You, it seems that you are just an ordinary genius in Tianhan Valley, not that powerful. If you met some young geniuses from other small forces, you might easily win, but you are unlucky. I met a top swordsman like me at the Divine Sword Villa."

Almost at this moment, the female disciple of the Divine Sword Villa immediately pulled out her sword.

Clang!

Almost at this moment, accompanied by a very harsh sword sound, the female disciple of the Divine Sword Villa directly held the sword in her hand and rushed towards Ye Feng's direction quickly.

For this female disciple of Shenjian Villa, she felt that although Ye Feng was in the same realm as her, his attack power was definitely not as powerful as hers.

In an instant, she used the sword cultivator's fastest attack to stab Ye Feng, and she could definitely defeat Ye Feng in an instant.

At this time, the female disciple of the Divine Sword Villa also used a very unique swordsmanship that allowed her to attack Ye Feng from all directions, leaving Ye Feng unable to escape.

But the female disciple of Shenjian Villa was shocked to find Ye Feng standing there with no intention of avoiding him.

"Does this kid want to fight me head-on?"

The female disciple of Shenjian Villa immediately had this idea in her mind, with surprise in her eyes.

Because few people dare to directly confront the sword cultivator disciples of Shenjian Villa. Doing so would be tantamount to seeking death.

But the next moment, when Ye Feng stretched out a palm, it turned into a big golden hand that covered the sky and the sun, crushing all the sword light and sword energy of the female disciple of the Divine Sword Villa. It also crushed all the pride and confidence of this female disciple of Shenjian Villa.

Bang!

The next moment, when this female disciple of Shenjian Villa was killed by Ye Feng,

The big golden hand flew backwards and fell hard to the ground.

The cold and painful feeling of hitting the ground made the female disciple of Shenjian Villa suddenly realize that the opponent was not arrogant at all, but had unfathomable strength, and defeated her instantly with one move.

Yes, almost at this moment, Ye Feng defeated the female disciple of Shenjian Villa in an instant, which immediately aroused the surprise of everyone around him.

Because Ye Feng has never appeared in the Shenshui Dynasty, many people don't know who Ye Feng is. They only know that he is a disciple of Tianhan Valley.

However, most people know the relatively famous young genius in Tianhan Valley, but Ye Feng seems to be a new disciple who has emerged, so no one originally paid attention to him.

But no one expected that Ye Feng would defeat the female disciple of Shenjian Villa with one move.

You must know that this female disciple of the Divine Sword Villa is not an ordinary genius, but a swordsman with extremely powerful attack power in the Divine Sword Villa.

But Ye Feng still used one move to defeat the female disciple of Shenjian Villa in an instant, which immediately attracted the attention of many spectators, big shots and elders.

"Who is this boy? When did such a powerful young genius appear in Tianhan Valley?"

"Although this young man's cultivation is not outstanding among the top geniuses, his fighting ability seems to be very strong. Even the sword cultivators at the Excalibur Villa are unable to confront him head-on."

"This young man didn't seem to have exerted any inheritance just now, just the ordinary power of his palms. I didn't expect to be able to explode with such terrifying power. This kid must have some special physique."

"This time, it seems that there are crouching tigers, hidden dragons in the entire top genius competition. Just now, there were many top geniuses from small forces on other battlefields, and they showed their impressive strength. It seems that this time The Top Genius Competition is very exciting, with powerful newcomers emerging from all the major forces."

"This is a good thing. It shows that the younger generation of our Shenshui Dynasty has successors, which is a sign of the prosperity of the dynasty!"

...

Chapter 4246 Too bad luck

At this moment, seeing many young geniuses coming out of the entire competition arena, the elders from the Shenshui Dynasty and the major top forces were naturally very happy.

Because this means that their entire Shenshui Dynasty will begin to prosper.

The criterion for the prosperity of a great dynasty is the emergence of a new generation of talents.

And Ye Feng is the first young genius to defeat his opponent in the entire competition arena.

Moreover, Ye Feng's opponent was not a genius among ordinary small forces, but a powerful sword cultivator from the Divine Sword Villa among the three top sects.

So at this moment, Ye Feng naturally attracted the attention of everyone present.

Many people couldn't help but speculate whether this young newcomer from Tianhan Valley was a super genius secretly cultivated by Tianhan Valley. Otherwise, how could such a powerful newcomer suddenly appear?

At this moment, someone couldn't help but say: "This core disciple of Tianhan Valley seems to be called Ye Feng. It is said that he is one of the top elders of Tianhan Valley and one of the founders, Elder Leng, who has personally accepted him as a disciple. "

"Oh, it turns out he is Elder Leng's disciple! No wonder he is so powerful! He became a blockbuster!"

At this moment, many of the older people in the big world around them couldn't help but show surprise in their eyes.

It has to be said that Elder Leng, one of the top elders and one of the founders of Tianhan Valley, who was about to accept Ye Feng as his disciple in an instant, is indeed a very famous person.

Not only is he one of the very famous founders in Tianhan Valley, but he is probably a very famous and super powerful person in the entire Shenshui Dynasty.

Otherwise, it would not arouse the surprise of many older people around him.

But what they probably don't know is that Ye Feng is not very powerful just because he is Elder Leng's disciple.

It was because Ye Feng was so stunning that he was accepted as a disciple by Elder Leng.

It can be said that the reason why Ye Feng is so powerful is because he has grown up step by step on his own, not because his master is Elder Leng.

However, this also gives a reasonable explanation for Ye Feng's strength.

Otherwise, it would be very troublesome for someone to find out Ye Feng's true identity.

After all, Ye Feng is not actually a practitioner of the Ten Thousand Demon Interface, but comes from the Great World of Origin.

Having the identity of Elder Leng's disciple is very convenient for Ye Feng. It is not so strange that he will show strong talent and strength next.

At this moment, Su Jixue also defeated her opponent.

Her opponent was a disciple from a small sect, so he was no match for Su Jixue. She was quickly defeated by Su Jixue.

At this moment, Su Jixue came to Ye Feng's side and said with a smile: "Junior Brother Ye Feng, just now you defeated the powerful sword cultivator in the Divine Sword Villa and attracted the attention of everyone present. Look, I saw many older people in the audience looking at you with expectant eyes, probably wanting to make friends with you. "

When Ye Feng heard what Su Jixue said, his eyes suddenly showed a look of astonishment. He couldn't help but smile helplessly and said, "I just casually defeated a disciple of the Divine Sword Villa. Is it necessary to have such an exaggerated reaction?"

Su Jixue couldn't help but shook her head and smiled, and said aloud: "You don't know the value of swordsmanship in Shenjian Villa. Everyone in Shenjian Villa

The sword cultivators sent here to participate in the top genius competition must all be the most powerful young generation in the top sect of Shenjian Villa. If you can defeat the opponent in an instant, it will naturally make everyone present feel for you. Sideways glance. "

Hearing what Su Jixue said, Ye Feng immediately nodded and said: "It seems that I have become the target of many people's attention now. This doesn't feel good to me. After all, if it is too eye-catching, It's easy to make others jealous."

Su Jixue immediately smiled and said: "Don't worry, the top genius competition is organized by the royal family of the entire Shenshui Dynasty, so other people will not be allowed to mess around. Look at how the strong men of the Ten Thousand Beast Sect treat you like this. They hate you to the core, but they still cannot attack you face to face. Instead, they must abide by the rules and choose to find ways to kill you during the competition. I hope you will not encounter one of the three true disciples of the Ten Thousand Beast Sect. The leader is Jin Wushuang. His strength is too terrifying. The opponent who just fought against Jin Wushuang is the tenth most powerful genius in the Excalibur Villa, but he was still defeated by Jin Wushuang within three moves. He is really It's so awesome."

Hearing what Su Jixue said, Ye Feng immediately nodded slightly. This Jin Wushuang is indeed quite powerful.

Ye Feng had carefully sensed Jin Wushuang's strength before, but Ye Feng found that he couldn't see through Jin Wushuang, and he didn't know how powerful his specific cultivation strength was.

Therefore, Ye Feng is still quite afraid of Jin Wushuang, but it is not enough to make Ye Feng feel scared.

Ye Feng felt that no matter how powerful this Jin Wushuang was, he would not be able to kill him instantly.

If you can really face off against Jin Wushuang, you will know whether the opponent's strength is as powerful as the rumors say.

At this moment, while Ye Feng and Su Jixue were talking, all the competitions on the field were almost over.

At this time, the old host in the sky immediately smiled and said: "The members participating in this top genius competition are all very good. Their cultivation strength and methods are all eye-catching. It seems that our gods The Water Dynasty will definitely reach a higher level in the future."

The old man in charge is a member of the royal family, and he naturally hopes to see all the young geniuses in the entire dynasty become stronger and stronger, with each generation becoming stronger than the previous generation.

This is also of great significance to the dynasty heritage of the entire Shenshui Dynasty.

At this moment, the host old man continued to speak: "The second round of elimination will now begin. Just like the first round, everyone will be randomly assigned a number later. Participants with the same number will continue to duel. Once again Eliminate half."

Hearing what the old host said, many young geniuses present couldn't help but have a hint of surprise in their eyes.

Unexpectedly, the competition rules of this year's top genius competition were so simple. They were eliminated directly until the final king was selected.

Next, the old host continued to wave his hand, and the rays of light formed numbers, which appeared in front of every victorious young genius on the field.

Ye Feng discovered that this time the number formed by the light in front of him was thirty-six.

Before Ye Feng could see who his opponent was, a burst of wild laughter suddenly sounded not far away: "Hahaha, little Ye Feng, you are so unlucky that you met me in the second round. See how I kill you later!"

The owner of this voice is none other than Jin Wushuang, the top genius of the Ten Thousand Beast Sect and the head of the three true disciples! At this moment, seeing many young geniuses coming out of the entire competition arena, the elders from the Shenshui Dynasty and the major top forces were naturally very happy.

At this moment, many of the older people in the big world around them couldn't help but show surprise in their eyes.

It has to be said that Elder Leng, one of the top elders and one of the founders of Tianhan Valley, who was about to accept Ye Feng as his disciple just moments ago, is indeed a very famous existence.

Not only is he one of the very famous founders in Tianhan Valley, but he is probably a very famous and super powerful person in the entire Shenshui Dynasty.

The owner of this voice is none other than Jin Wushuang, the top genius of the Ten Thousand Beast Sect and the head of the three true disciples!

Chapter 4247 Domineering Jin Wushuang

At this time, what Jin Wushuang said did not actually hide his voice.

So everything he said was heard by the people around him.

At this moment, there were many people present, staring at Ye Feng and Jin Wushuang with horrified eyes.

Never would I have thought that Jin Wushuang, a top veteran super prodigy, would actually set his sights on Ye Feng, a new disciple of Tianhan Valley.

Originally, everyone thought that Jin Wushuang could easily crush Ye Feng to death.

But in the first round, Ye Feng instantly defeated an extremely powerful swordsman from the Divine Sword Villa with one hand.

So at this time, everyone's views on Ye Feng, a new disciple, also changed.

Before, they thought Ye Feng was just an ordinary new disciple in Tianhan Valley.

But now that they have seen Ye Feng's incomparable strength and his noble status as a disciple of Elder Leng, it naturally makes everyone speculate about Ye Feng's true combat power.

So at this time, Jin Wushuang said such provocative words to Ye Feng, which made many people present secretly look forward to it.

In the end, who is more powerful, Jin Mushuang, a veteran genius who has been famous all over the world for a long time, or Ye Feng, a newcomer who suddenly appeared.

At this moment, as the old man in charge finished speaking, everyone stood together again.

Young geniuses with the same numbers all stood together and competed.

But at this moment, the eyes of most people present were focused on the battlefield area of Ye Feng and Jin Wushuang.

Because although Ye Feng is not very famous, Jin Wushuang's reputation is really great.

Jin Wushuang is not only the number one among the three true disciples of the Ten Thousand Beast Sect.

Moreover, Jin Wushuang's true combat power is definitely ranked first among all the young geniuses in the entire Shenshui Dynasty.

At this time, someone couldn't help but said: "It is said that this Jin Wushuang was personally rewarded with a very precious green dragon's blood by the leader of the Ten Thousand Beasts Sect.

pulse. "

"That's right."

Someone else immediately said: "And this Jin Wushuang has also practiced the most powerful inheritance of the Ten Thousand Beasts Sect, the Ten Thousand Beasts Technique. This Jin Wushuang is absolutely very powerful."

Someone sighed: "I wonder if Ye Feng can resist it."

At this moment, when everyone was looking forward to it, Ye Feng and Jin Wushuang were already standing not far in front of them.

At this time, Jin Wushuang stared at Ye Feng with his cruel eyes, and said with a slow and ferocious smile: "Boy, we are finally standing on the battlefield. In this competition arena, you no longer have any A chance of survival."

Ye Feng just smiled indifferently at this time and said: "Who will kill whom, I can't tell yet."

"Hahaha!"

But the moment Ye Feng finished speaking, Jin Wushuang burst out laughing wildly.

Then boom!

Jin Wushuang's body suddenly erupted with a terrifying aura of cultivation.

The terrifying momentum swept across the entire sky, causing the entire world to change color.

Everyone immediately couldn't help but stood up one after another, and said in horror: "That turned out to be a cultivation level at the Hehun realm above the Yuanfu realm and the Hedan realm! How could this Jin Wushuang's cultivation strength be possible? So powerful, far beyond his generation!"

At this moment, everyone was shocked.

Even the elders in the audience who came from the royal family and major top powers all had their eyes widened.

Because among the young geniuses participating in this top genius competition, the average cultivation level is Yuanfu realm.

The highest level of cultivation is the Hedan realm.

But no one expected that this Jin Wushuang was actually a soul-level existence.

This is

The existence is comparable to that of the elders!

At this moment, everyone was stunned, as if they did not expect that Jin Wushuang would silently grow to this point.

Originally, they thought that even if Jin Wushuang was too powerful, he could only be at the level of the Hedan Realm that surpassed the Yuanfu Realm.

But now I didn't expect that this Jin Wushuang was actually a soul-level existence.

It is two levels higher than Ye Feng's current cultivation level!

And you must know that Jin Wushuang is not an ordinary warrior, but a super genius carefully cultivated by the Ten Thousand Beasts Sect. His combat power is extremely amazing and he can fight beyond the level.

It can be seen from this that what level Jin Wushuang's true combat power has reached.

No one dared to imagine it!

At this moment, Ye Feng couldn't help but reveal a hint of surprise in his eyes.

To be honest, Ye Feng was also a little surprised by Jin Wushuang's extremely powerful cultivation.

Unexpectedly, although this Jin Wushuang is very domineering and cruel, he does have two skills, and his cultivation is so powerful.

At this moment, Ye Feng did feel a little bit of pressure.

However, during this period of time in the imperial city of the Shenshui Dynasty, Ye Feng also received a huge improvement in his cultivation, and Ye Feng also recently mastered many new inheritances and methods.

So at this moment, Ye Feng's expression remained unchanged, but he stared at Jin Wushuang and said slowly: "If you want to kill me, just do it."

Hearing what Ye Feng said, Jin Wushuang smiled coldly and said, "You didn't run away from here immediately, which is a bit unexpected. I thought you would be so scared that you would run away in embarrassment in an instant."

Hearing what Jin Wushuang said, Ye Feng just smiled faintly and said, "It's still unclear who will win and who will lose."

Jin Wushuang immediately laughed out loud: "No matter how powerful you are, the cultivation gap between you and me is so big, you can't resist me at all, not to mention my methods will definitely crush you.

."

Boom! !

Almost at this moment, Jin Wushuang didn't make any movements at all. Instead, he slowly walked towards Ye Feng with his hands on his back, and his cultivation aura showed a vigorous state.

Like an ancient giant, walking on the earth, able to oppress the people.

Obviously, this Jin Wushuang was extremely arrogant. He wanted to forcefully use his momentum to suppress Ye Feng to death under the spotlight of everyone, and he didn't even bother to take action.

"What a domineering Jin Wushuang!"

When everyone saw this scene, they couldn't help but their eyes were shocked.

"This Ye Feng is so unlucky after all. In the second round, he met the top veteran genius like Jin Wushuang. He is destined to be eliminated, or even killed on the spot!"

Some people couldn't help but sigh, their tone full of regret for Ye Feng.

Seeing this scene, Ye Feng immediately smiled coldly, and directly burst out his powerful cultivation level at the eighth level of Yuanfu Realm.

Then without any hesitation or any hesitation, he directly released his most powerful inheritance, the Ice Emperor Dragon Art!

Boom! !

At this moment, Ye Feng would not hold anything back.

Because Ye Feng was going to use the strongest and fiercest fighting style to defeat this Jin Wushuang, or even kill him.

You know, this Jin Wushuang originally wanted to kill himself, unlike other young geniuses who fought against him.

Other young talents just want to beat themselves.

But this Jin Wushuang wanted to kill him.

Ye Feng naturally wanted to catch Jin Wushuang off guard.

Boom! !

At this moment, endless ice energy burst out from Ye Feng's body, and a giant ice dragon condensed directly on top of Ye Feng's head, roaring to the sky, with endless majesty and vigor, and in an instant it bombarded Jin Wushuang in front, with extremely terrifying destructive power!

Chapter 4248 Seriously

Boom! !

At this time, the ice dragon condensed by Ye Feng was still very powerful. Otherwise, it would not be the inheritance that a member of the royal family like Princess Ziyun wanted to inherit.

So Ye Feng used the Ice Emperor Dragon Technique at this time. The condensed ice dragon had unparalleled destructive power and attack power, and directly bombarded Jin Wushuang in front of him.

At this time, Jin Wushuang also felt the power of the ice dragon condensed by Ye Feng, and his face suddenly changed slightly, and he could no longer maintain his previous indifference.

With his hands behind his back, he immediately pushed forward.

At this moment, Jin Wushuang had no time to use any inheritance methods, and could only push forward hastily with his own hands.

However, Jin Wushuang's face was not panicked.

Because he felt that Ye Feng's cultivation was two levels lower than him, so no matter how powerful the inheritance Ye Feng displayed, it was not enough to make him extremely embarrassed.

But the next moment, when the huge ice dragon bombarded Jin Wushuang's two palms. .??.

Jin Wushuang couldn't help but his face changed immediately, and a drop of cold sweat dropped from his forehead.

Click!

His hands were struck by this huge ice dragon and made a fracture sound.

The next moment, Jin Wushuang couldn't help but take several steps back.

"What??"

Seeing this scene, the countless young geniuses from various major forces around, including those of the older generation, couldn't help but widen their eyes slightly.

They never thought that Ye Feng, with such a big gap in cultivation between the two people, could knock Jin Wushuang back several steps.

This is really beyond everyone's expectations.

"Ye Feng is so awesome!"

At this time, Princess Ziyun in the audience immediately

I just couldn't help but scream.

In fact, she had always wanted to cheer for Ye Feng before.

But he thought about what Ye Feng had told him before, not to be too exaggerated or too high-profile.

So when Ye Feng participated in the first round of the knockout round, Princess Ziyun kept silent and watched silently in the audience.

But now, Princess Ziyun couldn't bear it any longer, and she just shouted in joy and surprise.

Because what Ye Feng is fighting at this moment is the top of the three most powerful true disciples in the Ten Thousand Beasts Sect. Jin Wushuang's strength is definitely the top level being ranked first among the younger generation of the Shenshui Dynasty.

But even so, Ye Feng still knocked Jin Wushuang back several steps.

At this moment, many young geniuses around them couldn't help but have horror in their eyes.

Unexpectedly, Ye Feng, a new disciple in Tianhan Valley, could burst out with such a powerful force all of a sudden.

But at this time, some of the elders in the Ten Thousand Beast Sect felt that they were embarrassed, and they immediately said coldly: "Jin Wushuang, our Ten Thousand Beast Sect's just now, was just a little negligent. Didn't you notice, Jin Wushuang?" Wushuang had not released his inherited power at all, and Ye Feng had already unleashed his strongest power, but it only pushed Jin Wushuang back several steps. Then Jin Wushuang became completely serious. This Ye Feng will definitely not be Jin Wushuang's opponent."

At this moment, hearing these senior figures from the Ten Thousand Beast Sect say this immediately aroused the agreement of many people around them.

Because what the elders of the Ten Thousand Beast Sect said is indeed correct. Many people did see Jin Wushuang just now. They originally wanted to suppress and kill Ye Feng with the most arrogant

attitude, but they didn't. Thinking of it, he made a mistake. Ye Feng burst out with the strongest inheritance power in an instant.

The power was so terrifying that Jin Wushuang couldn't react and couldn't help but take several steps back.

Some people couldn't help but said: "But now Jin Wushuang is completely serious. I guess Ye Feng may not be able to fight against Jin Wushuang, but this Ye Feng can use his strongest inheritance to knock Jin Wushuang back." A few steps are enough to be proud of. After all, his cultivation is far behind that of Jin Wushuang, and this Ye Feng is just a new disciple. Compared with the real veteran top genius, he still lacks a lot of background. ”

At this time, Princess Ziyun also quickly said to the competition platform: "Ye Feng, just stop it when you see it. This Jin Wushuang is too powerful. You can repel him several steps, which has been proved." Your strength is gone.”

Obviously, Princess Ziyun was very worried about Ye Feng's safety and felt that Ye Feng could just let it go. .??.

After all, the moment Ye Feng was able to knock back Jin Wushuang, a veteran top talent, by several steps was enough to prove that Ye Feng's potential and talent could make Ye Feng famous in the Shenshui Dynasty.

But at this time, Ye Feng smiled slightly, looked at Princess Ziyun in the audience, and said loudly: "The battle is not over yet, I will not retreat, and you can rest assured that the person who loses in the end will definitely be this one. Jin Wushuang, not me.”

Wow!

At this moment, the conversation between Ye Feng and Princess Ziyun caused an uproar in the surroundings.

Some young disciples couldn't help but said with envy: "Ye Feng's great strength and talent are actually favored by a goddess like Princess Ziyun. It's really so enviable."

In the crowd, many young geniuses from various major forces couldn't help but say: "Yes, this Ye Feng is really lucky, which is enviable."

Obviously, Princess Ziyun is definitely a goddess-level figure in the eyes of the young geniuses of the Shenshui Dynasty.

Under the spotlight, she helped Ye Fengjia

Oil Scream naturally attracted a lot of people's attention, as well as many people's inner envy and jealousy.

At this moment, Jin Wushuang immediately stared at Ye Feng coldly and said loudly: "I didn't expect you to have such a good relationship with Princess Ziyun. It seems that I will kill you!"

Obviously, Jin Wushuang seemed to have great admiration for the goddess Princess Ziyun. At this time, seeing Princess Ziyun cheering for Ye Feng and being so worried about Ye Feng aroused an even more terrifying murderous intention in Jin Wushuang's heart.

Ye Feng smiled indifferently at this moment and said: "If you want to kill me, then go ahead."

Boom!

At this moment, Ye Feng didn't hesitate at all, and directly burst out the power of his immortal bone.

At this moment, the special and incomparable divine energy poured out from Ye Feng's bones in an instant, surging through Ye Feng's entire limbs.

boom! !

Ye Feng's whole body suddenly erupted with bright golden light, as if he had turned into an ancient golden god of war, full of overwhelming momentum, and instantly rushed in the direction of Jin Wushuang.

Jin Wushuang also became serious at this time, and shouted loudly: "I am really serious now. I can definitely kill you in an instant by using my powerful inheritance."

"Blue Dragon Bloodline!"

"Blue Dragon God-Destroying Claw!!"

At this moment, Jin Wushuang was very determined and directly inspired his most powerful Qinglong bloodline, and displayed the powerful inheritance of the Qinglong clan, the Qinglong God-Destroying Claw.

At this moment, Jin Wushuang's whole body suddenly surged with endless cyan energy.

One of his hands expanded rapidly and turned into a blue dragon claw that covered the sky. It was as if it was made of blue steel. It was strong and sharp. In an instant, it grabbed Ye Feng. In the past, it seemed like I could tear everything into pieces in an instant.

Chapter 4249 Under the spotlight

Boom!

At this time, Ye Feng and Jin Wushuang both released their most powerful powers.

Their bodies were filled with divine light, like two gods fighting in the entire sky.

The scene produced by their battle was truly terrifying, far surpassing the scenes produced by hundreds of other battlefields around them.

The battle scenes of other ordinary geniuses seemed too stingy compared to Ye Feng and Jin Wushuang. .??.

At this time, the scene where Ye Feng and Jin Wushuang were fighting was like two young gods fighting. It was really terrifying.

Therefore, at this time, everyone's eyes were attracted to the battlefield of Ye Feng and Jin Wushuang.

"Impossible! You can't be so strong!"

Suddenly at this time, Jin Wushuang's incredible shout rang out from high in the sky.

Jin Wushuang was a little embarrassed at this time, staring at Ye Feng not far away, with many scars on his body.

Jin Wushuang immediately yelled and said: "This is absolutely impossible. Your boy's cultivation strength is so much worse than mine. How can you possibly be able to fight with me until now? I have already released the strongest power of my blood. , didn't even kill you, that's impossible!"

At this moment, Ye Feng just sneered and said, "Stop talking nonsense!"

Boom!

Almost at the moment Ye Feng finished speaking, Ye Feng unleashed the powerful secret of the Nine-clawed Golden Dragon that he had comprehended before.

Buzz!

At this moment, behind Ye Feng, a huge shadow of a nine-clawed golden dragon suddenly appeared in the void.

The moment this nine-clawed golden dragon appeared, Ye Feng's power was greatly strengthened.

Moreover, the shadow of the nine-clawed golden dragon's will naturally suppressed Jin Wushuang.

Although Jin Wushuang also possesses the noble and special Qinglong bloodline, Qinglong still humbles himself in front of dragon emperors like the Nine-clawed Golden Dragon.

So at this moment, after Ye Feng released the will of the Nine-clawed Golden Dragon, Jin Wushuang's fighting momentum was weakened.

Uh-huh!

Ye Feng rushed forward instantly, and a small black sword suddenly appeared in his hand.

Ye Feng poured his own mana into the small black sword.

The little black sword suddenly expanded to a full size

More than a hundred meters long, it turned into a black sword more than a hundred meters long, and it fiercely headed towards Jin Wushuang to kill.

At this moment, Jin Wushuang immediately felt the aura of death.

Because the black sword that Ye Feng killed at this time gave Jin Wushuang a very terrifying feeling, far beyond the power that Ye Feng's level of cultivation should have.

Jin Wushuang immediately couldn't help but yelled in horror: "What kind of sword is this?"

But at this time, Ye Feng was too lazy to reply. The small black sword in his hand burst out with infinite terrifying power, far beyond Ye Feng's own power.

After all, this is Ye Feng's big killer weapon.

Under everyone's horrified gaze, Jin Wushuang was split into two halves.

"What??"

Seeing this scene, countless people present couldn't help but stand up from the audience, with deep shock in their eyes.

They never expected that Ye Feng would split Jin Wushuang in half at once, which was really incredible.

Because in everyone's impression, Jin Wushuang is the strongest being.

But the result was that Ye Feng attacked Jin Wushuang in such a panic, and now he suddenly split Jin Wushuang in half.

Jin Wushuang turned into a blue dragon battle body, and there was no way to resist it. It was really unbelievable.

But the next moment, what made everyone even more incredible was that Jin Wushuang's body that was cut in half did not completely fall from the sky, but healed quickly towards the middle.

In other words, Jin Wushuang's vitality is too tenacious, and he wants to merge the two bodies that were cut in half in an attempt to resurrect.

Uh-huh!

At this moment, Ye Feng did not hesitate and immediately rushed forward to prevent Jin Wushuang from resurrecting.

After all, at that moment, Ye Fengzhan shot out the small black sword. Although it caused extremely huge damage, it almost drained all of Ye Feng's skills, leaving Ye Feng with no strength to fight anymore.

So at this time, Ye Feng must prevent Jin Wushuang from being resurrected. Only in this way can Ye Feng win the final victory.

Otherwise, after Jin Wushuang completely reunites, Ye Feng's skills will be drained by the black sword, and he will have no energy left to fight again.

At this time, an old man wearing a black robe suddenly flew over not far away.

The power emanating from this old man in black robes was simply terrifying to the extreme. Like a vast ocean, he stared at Ye Feng and roared in anger: "Little bastard, don't kill us beasts." The top genius in the sect! Stop it quickly, or I will cut you into pieces!"

At this time, the old man in black robe was obviously an extremely powerful senior figure in the Ten Thousand Beasts Sect.

At this time, he had flown over regardless of the rules, trying to prevent Ye Feng from killing Jin Wushuang.

But at this moment, Ye Feng had already expected that some powerful elders from the Ten Thousand Beast Sect might come to stop him.

Therefore, Ye Feng had almost no hesitation, and once again endured the pain of being drained, he swung out the black sword and completely chopped the two halves of Jin Wushuang's nearly healed body into countless pieces. ??

"ah!!"

Jin Wushuang's body fragments suddenly let out a set of earth-shaking screams.

It means that Jin Wushuang has been completely killed by Ye Feng.

"Presumptuous! You are committing a heinous crime!!"

At this moment, the senior member of the Ten Thousand Beast Sect who rushed over from nowhere suddenly let out a loud roar that was extremely frightening and angry.

His whole body suddenly erupted with a terrifying wave of power, sweeping towards Ye Feng, hoping to kill Ye Feng instantly.

But at this moment, Princess Ziyun flew in front of Ye Feng, trying to protect Ye Feng from this terrifying fatal attack.

"Be bold!"

Suddenly at this moment, the old man in charge of the royal family, who was standing high in the sky and glowing with golden light, saw this thrilling scene and immediately rushed down crazily, and then knocked the senior figure from the Ten Thousand Beast Sect flying backwards. Got out.

The old man in charge of the royal family immediately stared coldly at the senior figure from the Ten Thousand Beasts Sect not far away, and shouted loudly: "If you just hurt the hair of Her Royal Highness Princess Ziyun, all of you Ten Thousand Beasts All the clan members will be buried with him!"

The one not far away

An older person from the Ten Thousand Beast Sect, when he saw this scene, he immediately showed an expression of regret on his face.

He regretted that he took action too late and did not kill Ye Feng.

If he could kill Ye Feng instantly, even if this senior member of the Ten Thousand Beast Sect was judged by the royal family of the Shenshui Dynasty, it would be worth it.

But this senior member of the Ten Thousand Beasts Sect never imagined that at the critical moment, Princess Ziyun, a noble royal princess, would be willing to withstand all harm for Ye Feng, and would even die to save Ye Feng.

That's why the old man in charge of the royal family rushed down so desperately.

In fact, the old man who presided over the royal family just now didn't care much about Ye Feng's life or death.

But Princess Ziyun suddenly arrived in front of Ye Feng and had to bear all the damage before the old man in charge rushed down crazily and stopped everything from happening.

At this moment, Ye Feng, who had killed twice with the black sword, was completely weak to the extreme. He leaned slightly on the shoulder of Princess Ziyun in front of him, and said weakly and quietly in the princess's ear: "Thank you. "

Princess Ziyun's beautiful face immediately revealed a joyful smile and said, "Master Ye Feng, just be fine."

At this time, I saw Ye Feng and Princess Ziyun being so close under the spotlight.

Even Princess Ziyun was willing to die for Ye Feng, which made countless people in the audience look deeply shocked.

All the young geniuses from all the major forces stared at Ye Feng, their eyes suddenly filled with envy, and even their eyes turned red with envy!

When the other big figures from the major forces saw this scene on the court, they all had surprised and uncertain looks in their eyes. It seemed that they did not expect Ye Feng, a newcomer to Tianhan Valley, to have such a relationship with a princess from the royal family. A close relationship, even the royal princess is willing to sacrifice her life for Ye Feng. This is not an ordinary relationship, it can be said to be a life and death partner.

Su Jixue saw this scene not far away and rushed towards Ye Feng's beautiful figure. She stopped just after halfway.

Looking at Ye Feng and Princess Ziyun relying on each other in the sky, Su Jixue's cold and beautiful eyes showed a hint of disappointment, and she couldn't help but murmured, "Junior brother Ye Feng, actually, senior sister, I... am also willing to do it for you. You bear all the hurt..."

Chapter 4250 Winning first place

At this moment, the entire field was in shock.

The first shock was that such a weak being as Ye Feng actually went upstream and killed Jin Wushuang, a veteran top genius.

The second shocking thing was that the extremely noble Princess Ziyun in the Shenshui Dynasty was willing to endure all the harm and die for Ye Feng.

It really makes everyone envious, jealous and hateful to the extreme.

They were envious of Ye Feng's super talent and strength, and they were also envious of Ye Feng's ability to win the affection of the noble Princess Ziyun of the Shenshui Dynasty. ??

At this time, Ye Feng was supported by Princess Ziyun and felt huge weakness.

Because in order to completely kill Jin Wushuang, Ye Feng used the small black sword twice in a short period of time, which naturally drained all of Ye Feng's skills.

But at this time, Ye Feng didn't hesitate at all. He directly used the storage ring to put all the fragments left after Jin Wushuang's death into his own storage ring.

Then inside the storage ring, he secretly swallowed the entire Jin Wushuang's skill energy.

You must know that this Jin Wushuang is the top super genius in the Ten Thousand Beasts Sect. He is very powerful and his skills are naturally very strong, providing Ye Feng with huge energy.

So at this time, Ye Feng could immediately feel that after absorbing Jin Wushuang's skill energy, his skill instantly increased tremendously.

Then Ye Feng immediately felt his weakness, which disappeared all of a sudden, and then his cultivation was still growing rapidly.

"boom!"

"boom!"

Almost at the next moment, two powerful auras burst out from Ye Feng's body.

Directly from the eighth level of Yuanfu Realm, he broke through to the tenth level of Yuanfu Realm and reached the Great Perfection!

br

Ye Feng's sudden breakthrough and recovery of all his skills, from a weak state to a full strength state, once again shocked everyone present.

Some people couldn't help but say: "Is this Ye Feng really just a new disciple in Tianhan Valley? How he could have such a demonic talent and ability is really incredible."

At this moment, Princess Ziyun, who was supporting Ye Feng, had a hint of surprise in her eyes, and couldn't help but said in surprise: "Master Ye Feng, have all your skills been restored? "

Ye Feng immediately smiled and nodded, then looked at Princess Ziyun with gratitude in his eyes and said, "Thank you so much, Princess Ziyun, for taking action for me. Otherwise, I would have been killed by the Ten Thousand Beasts Sect." The senior was killed by force."

Ye Feng knew that the old man in charge of the royal family could not come to rescue him so quickly.

If Princess Ziyun hadn't suddenly appeared next to him and wanted to die with him, the old man in charge of the royal family would have rushed over frantically at this moment to save him.

Uh-huh!

At this moment, another beautiful figure flew over not far away, very cold, it was Su Jixue.

Su Jixue looked at Ye Feng in front of her at this time, couldn't help but stepped forward, and asked very worriedly: "Junior Brother Ye Feng, are you okay?"

Ye Feng smiled slightly at this moment and said: "Sister Su, don't worry, there is nothing wrong with me."

Su Jixue immediately nodded, looked at Princess Ziyun next to Ye Feng, clasped her fists slightly, and said loudly: "Thank you so much, Princess Ziyun, for saving my junior brother Ye Feng this time.

"

"My junior brother Ye Feng?"

Hearing Su Jixue call her this, Princess Ziyun's beautiful eyes suddenly showed an inexplicable look.

Women are sensitive.

Princess Ziyun could tell from what Su Jixue said at this time that she seemed to be deliberately creating a distance between Ye Feng and her, the princess.

In this regard, Princess Ziyun did not say much, but smiled slightly and said: "You're welcome. After all, Mr. Ye Feng is also my savior. I am willing to sacrifice my life for Mr. Ye Feng."

After saying that, Princess Ziyun left the scene directly.

At this moment, Su Jixue pulled Ye Feng back to the field.

At this time, Su Jixue was still very happy and said: "Junior Brother Ye Feng, this time you did a big thing. You defeated and killed Jin Wushuang, the top super genius of the Ten Thousand Beasts Sect, on the spot. Now you are the leader in the whole world." The Shenshui Dynasty can definitely become the most popular talent. I estimate that no one will dare to fight you in the next top talent competition, and I am afraid they will give up fighting against you. "

Hearing what Su Jixue said, Ye Feng's eyes suddenly froze, and then he said loudly: "Is this Jin Wushuang so powerful?"

Su Jixue immediately smiled and said: "Of course, this Jin Wushuang is very powerful. He is the top powerhouse of the younger generation in the Ten Thousand Beasts Sect, and he also has the blood of the Azure Dragon. Even the young master of the Divine Sword Villa can You are no match for Jin Wushuang, so I'm afraid no one will dare to fight you next time."

When Ye Feng heard what Su Jixue said, he nodded slightly and didn't say much.

And then, it turned out that what Su Jixue said was correct.

The third and fourth rounds, including the fifth and sixth rounds,

No matter who became Ye Feng's opponent, they all immediately admitted defeat and did not dare to play at all.

After all, Ye Feng chopped Jin Wushuang into countless pieces before, which made many people feel that Ye Feng, a handsome-looking young man, was definitely a super ruthless person.

Therefore, whoever becomes Ye Feng's opponent will not dare to go up to the fighting platform and just admit defeat.

Even the young master of Shenjian Villa finally met Ye Feng, and after a moment of silence, he chose to admit defeat and was unwilling to fight Ye Feng.

This made Ye Feng suddenly have a look of astonishment on his face. He didn't expect that he would kill one of the strongest kings in the second round and successfully reach the top.

In the end, Ye Feng won the first place in the Top Talent Competition.

The second place was none other than the young owner of the Divine Sword Villa.

This did not occur to the many powerful men from the big forces present.

Originally, in their minds, the strongest being in the Ten Thousand Beast Sect was Jin Wushuang, but unfortunately he died tragically in the hands of Ye Feng.

After the top genius competition ended, a golden light pillar suddenly appeared between heaven and earth.

A majestic figure wearing a dragon robe appeared in the golden light pillar, sitting on a huge dragon chair, suspended high in the sky.

"See His Majesty the Emperor!"

At this time, the elders of the major forces all clasped their fists and spoke out.

The emperor of the Shenshui Dynasty in the golden beam of light immediately said with great satisfaction: "This time, many powerful young people have appeared in the top genius competition. You are all the future pillars of our Shenshui Dynasty. Next, , the top three young powerhouses in the Top Talent Competition stay, I will reward you individually with the top three in the Top Talent Competition, and there is also a special task for you. "
