Chapter 4261 Unexpected Harvest

At this moment, the ninth prince of the Black Demon Dynasty spoke very domineeringly and confidently.

Because he knew that his nine guards were all super masters trained by his father himself.

Each of them is a half-step soul-level existence.

And Ye Feng is only in the first level of Hedan Realm.

Each guard is one and a half realms higher than Ye Feng.

No matter how powerful Ye Feng's actual combat power is, he can't withstand the attacks of nine powerful guards.

So at this time, the Ninth Prince of the Black Demon Dynasty was naturally very confident. He was watching from a distance with a look in his eyes and a cruel smile on his face. He seemed to have seen the scene of Ye Feng's tragic death.

At this moment, nine powerful guards attacked Ye Feng.

The fat monk behind him immediately couldn't help but asked: "Boy Ye Feng, do you want to help?"

Obviously, although the fat monk's fighting ability is not very good, he must have other trump cards, but he just didn't use them. .??.

Ye Feng immediately grinned and said, "No need for the moment."

Almost as soon as Ye Feng finished speaking, Ye Feng immediately burst out his extremely powerful inheritance, the Ice Emperor Dragon Art.

Boom!

Almost at this moment, Ye Feng suddenly burst out with endless cold energy.

Directly above Ye Feng's head, a huge ice dragon condensed, possessing terrifying power.

It was like an ancient frost dragon had revived, and it directly bombarded forward fiercely. It even blocked the attacks of nine guards.

"What?"

"How can this be?"

Seeing this scene, the Ninth Prince of the Black Demon Dynasty, who was watching the show not far away, immediately widened his eyes.

He seemed to have never imagined that Ye Feng had actually cultivated such a terrifying inheritance, and that the power he released was so terrifying.

At this moment, the nine guards also widened their eyes, as if they did not expect that Ye Feng, a boy who was a whole level and a half below them, could actually fight against them all by himself.

A total of nine people.

"impossible!"

At this moment, the nine guards immediately shouted: "The devil dragon is coming!"

Obviously, they were performing a joint attack at this moment.

boom! boom! boom.....

I saw black light bursting out from the nine guards, and then nine huge dark dragons condensed on the heads of the nine guards, and they fiercely bombarded in the direction of Ye Feng. .

It actually shattered the ice dragon condensed by Ye Feng into pieces.

Ye Feng immediately took out a small black sword without any hesitation and made an attack posture.

However, this scene left the other party confused.

"what's the situation??"

"Is this kid crazy?"

"In the face of our strongest attack, we just took out a broken sword?"

"That's ridiculous!"

At this time, the nine guards all laughed loudly, their voices full of ridicule.

But at the next moment, Ye Feng exerted his powerful magic power and entered the black sword.

Buzz!

Almost at this moment, the small black sword suddenly expanded to a length of more than two hundred meters, becoming even larger than before, and bursting out with even more terrifying sword energy and sword light.

"Uh-huh!"

The next moment, a dark sword light that penetrated the sky and the earth burst out from the small black sword. There was also the faint shadow of the dark god existing in the small black sword.

It turned out that the nine dark dragons condensed by the nine guards in front were all killed into countless pieces.

"No!!!"

Then under the horrified gazes of the nine guards, the small black sword slashed down fiercely, cutting all the nine guards in half.

"What? Impossible!!!"

At this moment, the ninth prince of the Black Demon Dynasty, who was preparing to watch the show not far away, immediately let out a horrified roar.

At this time, his whole body felt like it had fallen into an ice cellar, and he felt that his whole body was cold.

Because Ye Feng's shocking and terrifying sword blow just now shattered all his self-confidence and pride in an instant. ??

The ninth prince of the Black Demon Dynasty was so frightened that his liver and gallbladder were shattered, and he quickly ran away crazily towards the rear.

Uh-huh!

But the next moment, Ye Feng stretched out a big golden hand and grabbed the ninth prince of the Black Demon Dynasty. Then he broke it into pieces with a "puff".

The ninth prince of the Black Demon Dynasty was not given any room to speak.

Because Ye Feng knew very well that the ninth house of the Black Demon Dynasty would definitely say all kinds of nonsense like "spare my life" and "you can't kill me, I am a child of the royal family".

Ye Feng didn't want to hear this kind of nonsense.

So in an instant, Ye Feng crushed the ninth prince of the Black Demon Dynasty to pieces.

At this time, the fat monk not far away immediately gave a thumbs up and said loudly: "Ye Feng, your fighting ability is really strong."

At this moment, Ye Feng's eyes showed surprise.

Because this time Ye Feng released the power of the dark sword, the black sword did not directly absorb all his power.

He only exerted half of his power, allowing the small black sword to expand to more than two hundred meters, which was enough to kill the nine guards.

This discovery immediately revealed a look of deep surprise in Ye Feng's eyes.

In the future, when you use the power of the black sword, you can completely adjust the lethality of the black sword according to the enemy's strength.

As long as the enemy can be killed, that's it.

There is no need to drain all your energy.

In this case, after Ye Feng kills with the small black sword, he will still have some strength left and will not fall into a weak state instantly.

Next, Ye Feng released the Devouring Leader without any hesitation.

area.

He devoured all the nine guards who were killed at the scene and the ninth prince of the Black Demon Dynasty.

It has to be said that the ninth prince of the Black Demon Dynasty came here all the way with nine super-master guards, just to find the immortal golden body of the ancient monk for his father, and

he wanted to celebrate his father's birthday at the banquet. He wanted to offer this generous gift to please his father, so that he could successfully become the future crown prince of the Black Demon Dynasty.

However, the Ninth Prince, who fantasized about becoming the future prince, died tragically in the ruins of Taichu Buddhism. He was really a bit useless.

All I can say is that he was really unlucky.

If he met other ordinary practitioners, he probably wouldn't have any problems and could crush and kill them at will.

But it was Ye Feng who he happened to offend.

All I can say is that he was very unlucky.

At this moment, Ye Feng's skill is rapidly increasing as he swallows it, and his cultivation level is also constantly improving.

After all, you must know that the nine bodyguards he is devouring now, including the ninth prince of the Black Demon Dynasty, are all super masters with good cultivation.

Therefore, it was natural for Ye Feng's skill to fully increase at this moment.

The cultivation aura on Ye Feng's body suddenly began to break through one after another under the dumbfounded gaze of the fat monk.

"boom!"

The second level of Hedan Realm!

"boom!"

The third level of Hedan Realm!

"boom!"

The fourth level of Hedan Realm!

"boom!"

The fifth level of Hedan Realm!

At this time, Ye Feng's cultivation finally stopped.

Breaking through the fourth level of the sky in one fell swoop, the fat monk was dumbfounded and Ye Feng was overjoyed.

These practitioners from the Black Demon Dynasty are worthy of being masters from the royal family. Their skills are very pure and of very high quality. It can be said that it is an unexpected gain for Ye Feng to achieve so many breakthroughs in his cultivation.

Chapter 4262 Abyss

At this time, Ye Feng reached out and grabbed all the storage rings of the super masters of the Black Demon Dynasty who were killed by him, and collected them all into his own hands.

At this moment, Ye Feng immediately discovered a lot of wealth from these storage rings.

Most of them are armors, weapons, and various resources that can be exchanged for training money.

Although these things do not have much direct effect on Ye Feng's current strength improvement.

But it is also wealth. ??

Ye Feng naturally collected them all.

You know, Ye Feng participated in the auction in the Shenshui Dynasty Imperial City before. The reason why he was able to spend so much money to buy auction items was because Ye Feng was cultivating every moment. accumulation.

At this moment, Ye Feng suddenly found a very powerful inheritance book called "Dark Emperor Dragon Art" from the storage ring of the ninth prince of the Black Demon Dynasty.

This should be the inheritance from the Black Demon Dynasty.

It is a peerless inheritance among the royal family.

After successful cultivation, you can condense yourself into a dark dragon with terrifying destructive power and impact.

After Ye Feng saw this inheritance, he felt that it seemed a bit similar to the Ice Emperor Dragon Art he had obtained before.

But Ye Feng feels that this Dark Emperor Dragon Art should be more advanced than the Ice Emperor Dragon Art.

Because this Dark Emperor Dragon Art is the inheritance of the powerful royal family of the Black Demon Dynasty, it is naturally very powerful.

The black demon hand used by the Ninth Prince before was probably also a derivative of the Dark Emperor Dragon Art.

In addition, the condensed magic dragon used by the nine guards before was probably also an ability of the Dark Emperor Dragon Art.

So this

At that time, Ye Feng got this set of Dark Emperor Dragon Techniques, and he was naturally very happy.

Ye Feng quickly opened the inheritance book of the Dark Emperor Dragon Art, imprinted the inheritance secrets in his mind, slowly comprehended it, and then he could successfully practice it.

At this time, after Ye Feng finished imprinting all the inherited mysteries of the Dark Emperor Dragon Art, he immediately looked at the fat monk beside him, grinned, and said loudly: "Let's go directly to find the location where the ancient Buddha of Taichu was suppressed and sealed. Bar."

The fat monk immediately nodded, and then followed Ye Feng to leave the underground space and return to the ground again.

Following the guidance of the relics left by the ancient monk, the two quickly flew towards a certain direction in the ruins of Taichu Buddhism.

Half an hour later, following the guidance of the relics, they finally arrived at the deepest area of the ancient ruins of Taichu Buddhism.

A huge abyss actually appeared here.

The relic left by the ancient monk pointed to the place under this abyss.

This abyss looks pitch black and very scary.

It feels like the bloody mouth of an ancient behemoth.

As long as you jump down, you will enter the belly of the ancient beast, and you will be swallowed up in endless darkness in an instant.

At this moment, the fat monk swallowed his saliva and couldn't help but said: "Ye Feng, do we really want to go down?"

Ye Feng grinned at this time and said loudly: "We are here, so it is impossible to back down."

After saying that, before the fat monk could react, Ye Feng directly stretched out his hand, pulled the fat monk, and jumped into the abyss together.

The fat monk immediately couldn't help shouting: "Ye Feng, don't trick me, kid. I didn't want to go down, so you forced me to go down."

Ye Feng smiled and said loudly at this moment: "You have traveled all over the country for so many years, and you must have a lot of trump cards. You won't even dare to go to the place where the ancient Buddha suppressed you. You must know that if you can When you are freed from the oppression of darkness, the Ancient Buddha of the First Age, you will be able to obtain the secrets of inheritance from the relics of the Ancient Buddha of the First Time. That is the secret of the inheritance of a super-powerful ancient Buddhist who is the top among all demons."

Hearing what Ye Feng said, the fat monk thought for a while and then said loudly: "Okay, let's go down and take a look."

At this moment, as the two people landed, they could feel more and more that there was a very strong dark atmosphere surging under the abyss.

It really feels like there is an ancient beast with dark attributes, living under this abyss, which is very terrifying.

At this time, both of them felt a little discouraged.

Because they could feel that if there really was a terrifying ancient behemoth with dark attributes living under this abyss, it would definitely not be something that the two of them could deal with.

At this moment, Ye Feng and Fat Monk finally landed under the abyss.

When they stepped on the ground, they found no particular danger, nor any terrifying ancient beasts with dark attributes. They couldn't help but heave a sigh of relief.

At this moment, the relics left by the ancient monk also entered the abyss, and then there was no movement.

Seeing this scene, Ye Feng grabbed the relics of the ancient monk and said loudly: "It seems that we have to look for it ourselves. The relics left by the ancient monk can only be found by ourselves." Guide us here."

The fat monk nodded at this moment, looked around, and said aloud: "The place where the ancient Buddha was suppressed in the early days should be in a special area under this abyss. Let's look around. , the space under this abyss shouldn't be too big."

Ye Feng nodded, and he and the fat monk soldiers split into two groups, exploring the left and right directions under the abyss respectively.

The direction Ye Feng was exploring was to the right.

Soon, Ye Feng discovered that at the end of the road on the right, there was a huge wall blocking the way.

Buzz!

Ye Feng exuded his soul power and carefully examined the wall on the right. He found nothing unusual, nor did he find any ancient sealing formations engraved on the wall.

And just when Ye Feng wanted to continue exploring this wall to see if there was anything special about it.

"ah!!"

Suddenly, a huge scream from the fat monk came from the other direction.

When Ye Feng heard the scream, his expression immediately changed and he quickly flew in that direction to see what happened.

"Is the fat monk dead?"

With this thought in his mind, Ye Feng became even more anxious and quickly flew towards the direction where the fat monk was screaming.

Fortunately, the fat monk kept screaming in the distance and kept screaming, indicating that this guy would not die for a while.

Because he died, the screams must have stopped.

Chapter 4263 The Dark River

Uh-huh!

When Ye Feng flew to the far left, he immediately saw a shocking scene.

The fat monk fell into a dark river.

There are actually many bones and skeletons in this dark river.

At this moment, these white-bone skeletons stretched out their skeleton palms and pulled the fat monk toward the dark river, intending to bury the fat monk in this long black river.

The fat monk was naturally frightened so much that he turned pale and screamed crazily when he saw this scene.

Uh-huh!

Ye Feng couldn't help but flew over and said loudly: "Isn't it just a group of skeletons? As for screaming like this? I thought you were going to die."

At this moment, after Ye Feng finished speaking, he punched out hard.

The moment Ye Feng's golden fist hit these bones and skeletons, there were sounds like metal collisions.

Ye Feng's golden fist, which possessed the energy of the Celestial Clan, was unable to smash these white skeletons into pieces.

Seeing this scene, Ye Feng's eyes suddenly showed a look of astonishment, and he couldn't help but said: "These white bones and skeletons are as strong as if they were made of divine iron. Even my golden fist cannot destroy them."

You know, Ye Feng's golden fist can smash many magical weapons into pieces in an instant.

After all, Ye Feng's two fists have been tempered to the tenth level of perfection, so they are very powerful and destructive.

But at this moment, there is no way to cause harm to these white skeletons. This shows how strong and terrifying these white skeletons are.

At this time, the fat monk rolled his eyes at Ye Feng and said loudly: "Of course these white skeletons are powerful, that's why I'm screaming. If I want to destroy these white skeletons, there is no way to rely on ordinary brute force. Ye Feng Previously, you had the phantom image of the ancient Buddha's will imprinted in your mind. Now you try to activate it to see if you can destroy these bones and skeletons."

Hearing what the fat monk said, Ye Feng immediately understood.

The fat monk wanted to use the holy light of Buddhism from the original Buddhism to deal with these gloomy white bones and skeletons.

Ye Feng immediately nodded and said, "Okay, I'll give it a try."

After saying that, Ye Feng directly inspired the phantom of the ancient Buddha's will in his mind.

Buzz!

Almost at this moment, a bright golden Buddha's light suddenly burst out from Ye Feng's head.

These golden Buddha lights instantly condensed into a sacred and ancient huge ancient Buddha in the void above Ye Feng's head.

The moment this ancient Buddha appeared, those white skeletons immediately avoided Ye Feng's area like a mouse meeting a cat.

Seeing this scene, Ye Feng's eyes immediately lit up and he said loudly: "Fat monk, you are right, these skeletons are indeed afraid of the holy light of Buddhism in the beginning of Buddhism."

After finishing speaking, Ye Feng directly controlled the huge ancient Buddha he had condensed and bombarded towards the area where the fat monk was.

Boom!

The golden palm condensed by the huge ancient Buddha suddenly sent the surrounding bones and skeletons flying backwards.

Moreover, the entire indestructible bones of the white skeleton illuminated by the holy light of the ancient Buddha were decaying rapidly.

Seeing this scene, Ye Feng immediately showed surprise in his eyes.

It seems that the phantom of the ancient Buddha's will that he has imprinted in his mind is still very useful, and it actually came in handy at this time.

At this moment, with the help of Ye Feng,

, the fat monk finally got rid of the trouble of these bones and skeletons, flew directly from the dark river, and came to Ye Feng's side.

The fat monk stared at the densely packed bones and skeletons in the dark underground river, and said with some fear: "It's very strange under this abyss. I didn't expect that there would be a dark river with so many bones and skeletons floating here. I didn't know this one." What's on the other side of the dark river? By the way, did Ye Feng's boy find anything on the other side of the dark river?"

Ye Feng shook his head and said aloud: "When I reached the end of my exploration, I was blocked by a huge wall. I carefully used my soul power to explore that wall, but I didn't find anything special. So I felt that the real place where the Ancient Buddha was suppressed should be right here, and I happened to hear your screams again, so I rushed over. "

When the fat monk heard what Ye Feng said, a trace of surprise suddenly appeared in his eyes, and he said loudly: "If you say that, it seems that the path I took is still correct. The place where the ancient Buddha was suppressed in the early days , should be at the end of this direction, no wonder there are so many dangers on the road. "

"really."

Ye Feng nodded at this time and said aloud: "Let's cross the dark river in front of us first, and then see what's going on on the other side of the dark river."

Hearing what Ye Feng said, the fat monk immediately nodded and said loudly: "With the shadow of the ancient Buddha you have condensed by Ye Feng, we are not afraid of these white bones and skeletons in the dark river."

Hearing what the fat monk said, Ye Feng immediately nodded, and directly condensed the phantom of the ancient Buddha, which floated above his and the fat monk's heads, emitting a bright golden Buddha light.

At this moment, Ye Feng and the fat monk, under the protection of the golden Buddha, began to cross the dark river in front of them.

At this time, there were still many skeletons in the dark river, roaring and roaring in the direction of Ye Feng and the fat monk, as if they wanted to pull both Ye Feng and the fat monk into this darkness. In the long river, they want Ye Feng and Fat Monk to become one of them.

At this time, the fat monk looked at the countless white bones and skeletons in the dark underground river, all crowded together, and his eyes suddenly showed a trace of fright, and he said aloud: "I feel that this dark river The so many bones and skeletons in the world must have been very powerful men who died in this dark river, so this dark river finally gave birth to so many white bones and skeletons, so densely packed, so lethargic. People's scalps are numb."

Ye Feng couldn't help but nodded at this time and said: "It's better to cross this dark river as soon as possible."

Boom!

At this moment, many white skeletons crowded together and rushed towards Ye Feng and the fat monk.

But the moment he approached Ye Feng and the fat monk, the golden Buddha above Ye Feng's head immediately emitted a bright golden Buddha light, which instantly melted the bones and skeletons approaching the two of them.

"boom!"

But just when the two of them were about to successfully cross the entire dark river, suddenly a huge and majestic figure rushed out from the depths of the surrounding dark river.

This majestic figure turned out to be a tall skeleton warrior wearing dark green armor. Unlike other ordinary skeletons, he not only wore armor, but also held a steel sword burning with will-o'-the-wisps. He had an extremely terrifying and monstrous force, even if Even the holy light of Buddhism spread by the ancient Buddha could not stop this tall skeletal warrior.

"Oops!"

The fat monk immediately exclaimed: "Not even the holy light of the ancient Buddha can stop this armored skeleton warrior. He is a ruthless brat! We are in trouble!"

Chapter 4264 Taken as a subordinate

It has to be said that this tall skeleton warrior wearing armor is very terrifying, and he can easily beat other ordinary skeletons.

Because the other ordinary white skeletons, as soon as they got close to Ye Feng and the fat monk, were instantly melted by the holy light of the ancient Buddha above Ye Feng's head.

But this tall skeleton warrior wearing armor was not afraid of the damage from the ancient Buddha's holy light above Ye Feng's head at all, and he rushed directly in front of the fat monk and Ye Feng.

So at this time, the fat monk felt that they were dead.

Because it is simply unbelievable how terrifying this tall skeleton in armor is, who is not even afraid of the holy light of Buddha.

At this time, Ye Feng did not hesitate. Knowing that the Buddha's Holy Light was of no use, he directly inspired his extremely powerful Celestial Clan power.

Buzz!

Ye Feng's fist suddenly turned golden.

Then Ye Feng fiercely attacked forward, trying to blow away the tall skeleton warrior wearing armor.

Boom!

But the moment the two collided, Ye Feng couldn't help but flew out.

This tall skeleton warrior wearing armor is really terrifying to the extreme. His combat power is too powerful and cannot be resisted by Ye Feng.

At this time, Ye Feng directly burst out the Dark Emperor Dragon Art that he had just practiced.

"boom!"

At this moment, a huge dark dragon condensed above Ye Feng's head, with terrifying attack power and destructive power.

He directly collided with the tall skeleton warrior wearing armor in front of him, and a terrifying roar suddenly erupted.

The terrifying energy aftermath spread towards the surroundings, causing the fat monk to take several steps back, trying to avoid the horrific aftermath of destruction.

Almost at the next moment, Ye Feng saw a very surprised scene.

Even the Dark Emperor Dragon Art that he had practiced was unable to fight against this tall skeleton warrior wearing armor.

Boom!

almost down

For a moment, this tall skeleton warrior wearing armor held a steel sword burning with will-o'-the-wisps in his hand and charged towards Ye Feng.

The steel sword in his hand had terrifying cutting power, and it struck down on Ye Feng's head, causing a crack in Ye Feng's head.

Uh-huh!

At this moment, Ye Feng immediately retreated quickly.

The fat monk quickly flew to Ye Feng's side and said anxiously: "Ye Feng, give up resistance, let's run away quickly."

Ye Feng immediately said out loud at this moment: "Running away now will be in vain. We have gone through so many difficulties to get here."

The fat monk said loudly: "Don't be impulsive, kid. There is no way to deal with this tall skeleton warrior wearing armor now. This tall skeleton warrior was definitely a very terrifying existence back then. He was born in this dark river. , The fighting power is really terrifying."

Hearing what the fat monk said, Ye Feng's eyes suddenly showed a cold look, and he said loudly: "Then let this tall skeleton warrior wearing armor try the power of the ancient gate of heaven. Look at him. Can you withstand the holy light at the gate of heaven?"

Almost at this moment, Ye Feng directly released his strongest trump card, the Gate of Heaven.

Almost at the next moment, in the fat monk's stunned eyes, a huge gate to heaven appeared above Ye Feng's head, emitting a bright white divine light.

The light of the ancient Buddha has become somewhat dim.

The light of the ancient Buddha is like the light of a firefly in front of the bright white light at the gate of heaven, unable to compete with the bright moon.

"What? This is actually the legendary Gate of Heaven? This is the natal magic weapon of the Lord of the Heaven Realm, the most powerful one in the advanced cultivation interface! You kid actually got it!"

At this time, the fat monk saw the Gate of Heaven above Ye Feng's head.

His eyes widened immediately and he said loudly: "The Gate of Heaven has been left in all the worlds for so many years. Monk, I, including many other wanderers, and various super powers, are all looking for the legendary Gate of Heaven. I've been searching for the door for tens of millions of years but haven't found it yet. I didn't expect it to be in your kid's head."

At this moment, the fat monk was speaking, his tone full of sighs.

He never thought that Ye Feng was not only his own cultivation strength and talent, but also very miraculous.

Unexpectedly, the various weapons on Ye Feng were also so advanced.

At this moment, after Ye Feng released the Heaven's Gate, the white divine light emitted by the Heaven's Gate finally frightened the tall skeleton warrior wearing armor.

At this moment, the skeleton warrior did not dare to touch the white divine light of the Gate of Heaven, and wanted to retreat in a panic.

But at this time, Ye Feng immediately controlled the Gate of Heaven and moved directly towards the tall skeleton warrior in armor who wanted to retreat.

It directly shrouded this extremely tall skeleton warrior in the white holy light of his own heaven gate.

"howl!!"

Almost at this moment, the tall skeleton warrior in armor, shrouded in white divine light, suddenly showed deep fear in his eyes, and let out a very tragic scream.

Obviously, the Gate of Heaven is too advanced and terrifying after all. The white divine light emitted by the Gate of Heaven has great damage and purification effects on skeleton warriors with the underworld attributes.

At this moment, Ye Feng didn't even need to make a move. Heaven's Gate suppressed the tall skeleton warrior wearing armor instantly.

This tall skeleton warrior, who was so fierce and terrifying just now, fell to his knees on the ground under the suppression of Ye Feng's Gate of Heaven at this moment, and no longer had any fighting power.

At this moment, Ye Feng did not use Heaven's Gate to directly obliterate this tall skeleton warrior.

Instead, he used the white holy light of Heaven's Gate to suppress this skeleton warrior.

Because Ye Feng wanted to surrender this skeleton warrior.

This skeleton warrior is very powerful. If he hadn't encountered Ye Feng's Heaven's Gate, the most powerful magic weapon of the Lord of Heaven in all the worlds, there would be really no way to deal with this tall skeleton warrior.

So Ye Feng had a love for talent in his heart and wanted to take this tall skeleton warrior as his own.

So at this time, Ye Feng stood on the Gate of Heaven, and his whole body was enveloped by the white holy light of the Gate of Heaven.

Ye Feng's whole body was exuding white holy light, as if the Lord of Heaven had arrived.

Ye Feng suddenly arrived in front of the tall skeleton warrior kneeling on the ground and said, "If you surrender to me and ride for me, I can spare your life."

The tall skeleton warrior actually made a respectful voice at this moment: "I am naturally very honored to be able to serve as the successor of the distinguished Lord of Heaven."

Obviously, this tall skeleton warrior regarded Ye Feng as the successor of the Lord of Heaven, so he willingly surrendered to Ye Feng.

After all, once the successor of the Lord of Heaven can become a new generation of Lord of Heaven in the future, he will definitely be the strongest being in all the heavens and the most noble beings in all the worlds.

Becoming a subordinate of the Lord of Heaven is definitely a very honorable thing for this tall skeleton warrior.

Seeing this scene at this moment, the fat monk immediately showed an expression of astonishment on his face.

Unexpectedly, Ye Feng actually adopted this method, not only solving a crisis, but also taking this extremely powerful tall skeleton warrior as his subordinate.

This is equivalent to giving Ye Feng an additional capable person.

Moreover, the combat effectiveness of this tall skeleton warrior is definitely stronger than the current Ye Feng and Fat Monk.

It's like they have a super master beside them.

At this moment, Ye Feng looked at the tall skeleton warrior in front of him and immediately said: "You have been in this dark river for so many years. Do you know which specific body of the ancient Buddha in the early days was suppressed in this abyss? Location?"

Chapter 4265 No more waste

At this time, the fat monk's eyes lit up when he heard Ye Feng ask this question.

yes!

This tall skeleton warrior has been living in this river of darkness, and he has probably been under this abyss for many years.

Therefore, this skeleton warrior probably knows the situation under the abyss very well.

At this moment, after Ye Feng finished asking, the tall skeletal warrior in front of him immediately clasped his fists respectfully and said: "Tell Master Ye Feng, the true body of the ancient Buddha in the beginning of time that you want to know, the place where he was suppressed, is In the deepest area of this abyss, you can reach that place as long as you cross this long river of darkness."

Hearing what the skeleton warrior said, Ye Feng's eyes immediately lit up and he immediately said: "Okay, then you take us there."

The skeleton warrior nodded and led the way.

Ye Feng and Fat Monk followed behind.

When they crossed the entire dark river and reached the other side, they immediately saw a very shocking scene.

I saw a sea of fire appearing on the other side of this dark river.

It turned out to be a very vast underground molten land.

The skeleton warrior immediately spoke out: "The place where the ancient Buddha's true form was suppressed is at the bottom of this underground magma. However, there are many ancient Balrogs living in this magma. The strength is very terrifying, but as long as I am here, I will protect Master Ye Feng."

Hearing what the skeleton warrior said, Ye Feng immediately nodded with great satisfaction and said, "Okay, then let's go directly into the lava below."

The skeleton warrior nodded, then took the first step and jumped into the lava below.

Ye Feng and the fat monk looked at each other and jumped into the lava one after another.

It has to be said that the moment they entered the lava, they immediately felt the infinite burning power sweeping over them.

It made their whole bodies feel like they were melting.

r\u003e

At this moment, what surprised Ye Feng was that the black cassock worn by the fat monk actually emitted black light and formed a light mask, covering the fat monk's entire body, preventing him from seeing anything. Burned by magma.

When Ye Feng saw this scene, a faint smile suddenly appeared on his face.

It seems that my guess was correct.

The fat monk did not intentionally wear this dark black wedding gown, but this black cassock must be a very powerful treasure that can release special power to protect the fat monk.

At this moment, Ye Feng did not release any power mask.

Because Ye Feng's body is supported by the immortal bones of the gods, he is not afraid of being burned by the surrounding molten metal.

Ye Feng's body has become stronger and stronger with tempering, evolving towards the complete state of the immortal body of the strongest god in the world.

At this moment, in the endless lava, Ye Feng and the fat monk followed the skeleton warrior and quickly lurked under the lava.

But just when they had just dived more than a hundred meters, a very powerful Balrog suddenly rushed over from the molten lava.

This Balrog is like a Bull Demon King whose whole body is burning with flames. It has two red horns on its head. It looks very majestic. It opens its bloody mouth and wants to swallow Ye Feng and the fat monk. Go down.

Ye Feng's expression immediately changed.

The aura of cultivation emanating from this flame demon turned out to be an existence at the level of the Soul Realm that surpassed the He Dan Realm, and was very powerful.

Ye Feng was about to take action, but the skeleton warrior leading the way had already taken action.

boom!

I saw this skeleton warrior

Holding the steel broadsword burning with will-o'-the-wisps in his hand, he immediately moved forward to kill.

"Pfft" sound.

In one fell swoop, he cut the terrifying Balrog into two halves, killing something in an instant.

"So powerful??"

Seeing this scene, Ye Feng and Fat Monk were both shocked. ??

This skeleton warrior is really powerful.

The Balrog at the Union Soul Realm level was directly killed by the skeleton warrior's sword.

This shows how terrifying this skeleton warrior's true combat power is.

At this moment, even Ye Feng himself was a little scared.

Fortunately, I have the Gate of Heaven in my head, a special magic weapon that can purify and suppress all dark gods.

Otherwise, he and the fat monk would have had no choice but to run away after encountering this skeleton warrior in the dark river just now.

At this moment, the fat monk glanced at Ye Feng beside him and gave a slight thumbs up, which meant that Ye Feng's Heaven's Gate had brought them great help.

At this moment, Ye Feng's eyes were filled with deep anticipation, and he immediately unleashed his powerful devouring domain and began to devour the Balrog that had just been killed by the skeleton warrior.

Although this Balrog was killed by the Skeleton Warrior with one blow, it did not mean that this Balrog was very weak, but because the Skeleton Warrior was too powerful.

After all, the cultivation strength of this flame demon is at the third level of the Soul Realm.

At this moment, after Ye Feng swallowed it, he immediately felt a wave of hot energy, which was immediately injected into his Dantian, quickly improving Ye Feng's skill.

The energy and skills contained in the bodies of these fire demons living in the underground lava land are very pure and advanced, which naturally gave Ye Feng a huge boost in skills.

increase.

At this moment, Ye Feng's cultivation aura quickly broke through again.

"boom!"

The sixth level of Hedan Realm!

"boom!"

The seventh level of Hedan Realm! !

At this time, Ye Feng's cultivation suddenly broke through two heavens in a row, directly breaking through to the seventh heaven of the Hedan Realm, which once again made Ye Feng's skill greatly increase.

This made the fat monk next to him immediately speak out in shock: "It's really easy for you to break through in your cultivation. You just have to constantly devour the energy from the outside world and improve yourself. This ability is too overbearing." , too weird."

At this moment, even the tall skeleton warrior couldn't help but exclaimed in admiration: "Master Ye Feng is worthy of being the inheritor of the Lord of Heaven. The skills he cultivates are so magical and domineering that he can directly plunder other people." I use the energy of living things to improve myself. Fortunately, I am a skeleton and have no blood energy. Otherwise, I would have been swallowed by you, Lord Ye Feng. "

Hearing what the skeleton warrior said, Ye Feng immediately smiled dumbly and said: "As long as you do things well for me, with your strong fighting power, I will naturally not destroy you."

The skeleton warrior immediately clasped his fists and said, "Thank you, Lord Ye Feng, for your appreciation."

At this time, Ye Feng suddenly looked at the surrounding lava land and said loudly: "I am not in a hurry to pass through this lava land now. Skeleton Warrior, I will give you a task. You Find all the living fire demons in this magma land, kill them, and let me devour them. We can't waste any time passing through this treasure land."

Ye Feng has not forgotten the Wanchao War that he will participate in next. Almost half of the three months have passed. He must seize every opportunity and improve his cultivation strength as much as possible so that he can be in the future. He stood out from the Ten Thousand Dynasties War and successfully joined the Blood Demon Dynasty, one of the three top powers in the Ten Thousand Demons interface.

Chapter 4266 The True Body of Ancient Buddha

At this time, when Ye Feng said this, the fat monk next to him immediately showed a look of astonishment in his eyes.

Then the fat monk couldn't help but give Ye Feng a thumbs up and said, "Ye Feng, you are really good at calculating things carefully."

Ye Feng immediately grinned at this moment and said loudly: "Don't you want to waste the various cultivation resources in this lava?"

For Ye Feng, each of the surviving Balrogs is a very good training resource for Ye Feng.

Because these Balrogs are ancient creatures, the energy contained in their bodies is very pure and advanced, allowing Ye Feng's skills to increase tremendously. ??

After Ye Feng finished speaking at this time, the skeleton warrior immediately nodded and flew quickly towards the surroundings.

Ye Feng and Fat Monk stayed where they were.

The fat monk said with some envy at this time: "Congratulations to Ye Feng, you have got such a free labor force, and you are so powerful, your fighting power is simply off the charts."

Ye Feng grinned and said aloud: "It's my luck that I happened to meet such a skeleton warrior with the underworld attribute. Otherwise, my Heaven's Gate probably wouldn't be able to suppress it."

Hearing what Ye Feng said, the fat monk seemed to have thought of something, and immediately couldn't help but asked in amazement: "Ye Feng, how did you get the Gate of Heaven? This Gate of Heaven, but in the legend Many big figures and powerful forces in the world have been looking for the natal magic weapon of the Lord of Heaven, but they have not been able to find it for tens of millions of years. Where did you get it? "

Ye Feng said out loud at this time: "I didn't get it from a high-level cultivation interface, but from a low-level interface."

"What??"

Hearing what Ye Feng said, the fat monk immediately said in surprise: "I got it from the low-level interface. I didn't expect that this Gate of Heaven was left behind in the low-level interface by the Lord of Heaven. No wonder all the high-level practitioners The interface should be

The big names and powerful people in the world have been searching for so many years, but they have not found the original gate of heaven. They have all looked in the wrong direction. The gate of heaven is not at all in the major high-level cultivation interfaces, but in a small low-level interface. , What a pity, what a shame. "

When he said this, the fat monk seemed to have thought of something. He immediately stared at Ye Feng and said loudly: "In that case, Ye Feng, you are not a native creature of the Ten Thousand Demons interface, but a step from the low-level interface. How did you get to where you are today?"

Hearing this, Ye Feng nodded slightly.

Seeing Ye Feng nodding, the fat monk showed a hint of wonder in his eyes.

After all, the fat monk knew very well how rare it was for a low-level practitioner like Ye Feng to be able to reach today step by step and possess such evil talents and abilities.

Because the fat monk has experienced a lot of things, he knows that even many young geniuses in advanced cultivation circles cannot match Ye Feng's current talents and various inherited magic weapons.

Next, the two of them waited where they were.

In a short while, the skeleton warrior will bring the body of a Balrog and let Ye Feng devour it.

By the end, the Skeleton Warriors had probably killed all the Balrogs in the entire lava land.

Among these flame demons, some were powerful and some were weak. Anyway, Ye Feng devoured them all.

Let Ye Feng's skills finally accumulate and break through from the seventh level of the Integrated Dan Realm to the tenth level of the Integrated Dan Realm!

At this time, Ye Feng's eyes were filled with deep joy.

I didn't expect that under this abyss, my cultivation level would break through so much in one fell swoop.

It's like crossing a big realm.

Naturally, Ye Feng was very happy.

Ye Feng now feels that after he broke through to the tenth level of the Hedan Realm, his combat effectiveness has undergone earth-shaking changes.

I don't know how much stronger it is than before.

During the entire breakthrough process, the fat monk had long admired Ye Feng so much that he couldn't help but say, "Following your kid, I think one day I might be swallowed up by you too."

After the fat monk finished speaking, Ye Feng immediately burst into laughter.

Ye Feng knew that the fat monk was just joking. ??

At this moment, Ye Feng immediately looked at the skeleton warrior in front of him and said loudly: "Now we can go directly through this lava land. Let's see if the ancient Buddha of Taichu is suppressed below."

At this moment, Ye Feng's cultivation level has been improved, so he is more confident in rescuing the suppressed relics and true body of the ancient Buddha in the beginning.

After all, Ye Feng knew that what he would face next was most likely the terrifying power of the dark demon clan that had destroyed the entire Taichu Buddhism.

Although many years have passed, the things left by the dark demon clan that can suppress the relics and true form of the ancient Buddha, whether it is formations, seals, or the belongings of a super strong person among the dark demon clan. The remnant souls must all be very powerful.

But now Ye Feng's cultivation strength has been greatly improved, and with the help of such a powerful skeleton warrior, and the fat monk must have a lot of killer skills, Ye Feng's self-confidence has improved a lot.

At this time, Ye Feng and the fat monk followed the skeleton warrior, and immediately quickly shuttled through the molten power in front of them, and quickly descended towards the bottom.

Finally, under the leadership of the skeleton warrior, Ye Feng

The fat monk passed through the entire magma land and arrived at the bottom of the magma land.

This is probably the deepest place in this abyss.

"That is....."

Ye Feng's eyes were suddenly shocked.

He saw that a huge valley appeared in the space under the magma in the deepest part of the abyss.

Throughout the valley, there were countless huge black chains, chaining a golden Buddha the size of a mountain.

At this time, seeing this golden Buddha the size of a mountain, the fat monk couldn't help but exclaimed: "This is the true body of the ancient Buddha! He is trapped here by countless black chains! These black chains should be all It is a special chain forged by the Dark Demon Clan back then, and it is actually incredible that it can trap the true body of the Ancient Buddha here for tens of millions of years. "

Ye Feng couldn't help but nodded at this time.

After all, a golden Buddha the size of a mountain is trapped in a valley by countless thick black chains. This scene does look a bit shocking and has a very strong visual impact.

At this moment, Ye Feng looked around and said aloud: "I wonder if the relics of the ancient Buddha in the early days are in this true body?"

The fat monk shook his head and said: "Probably not. If the relics of Ancient Buddha Taichu are in the true body of Ancient Buddha Taichu, it means that Ancient Buddha Taichu has not completely died and cannot be sealed. But Ancient Buddha Taichu It has been completely dead and suppressed, which means that the relics and the true body of the ancient Buddha have been separated. In any case, we now see the true body of the ancient Buddha first and rescue the true body first. "

Ye Feng nodded and said aloud: "Let's go to the valley first to see if we can destroy those black chains. Everyone, be careful. It is very likely that there are methods left by the dark demon clan here."

Chapter 4267 Melting Talisman

Uh-huh! Uh-huh! Uh-huh!

At this time, Ye Feng, the skeleton warrior and the fat monk flew quickly towards the valley ahead.

On the way, Ye Feng reminded the fat monk and the skeleton warrior to be careful around them. There may be protection methods left by the dark demon clan in ancient times, such as some terrifying formations, or the remnant souls of the powerful dark demon clan. Guarded here.

But what surprised Ye Feng was that when they arrived at the edge of the valley, they did not encounter any terrible dangers along the way.

The fat monk couldn't help grinning at this time, and said aloud: "Tens of millions of years have passed, and the various methods left by the dark demon clan have probably been ineffective for a long time. We only need to lock this ancient Buddha The black chain of the real body has been destroyed, so that should be enough."

When Ye Feng heard what the fat monk said, he immediately nodded, and then he and the fat monk flew into the valley and came to a black chain.

At this moment, Ye Feng didn't hesitate at all. He looked directly at the skeleton warrior beside him and said, "With your steel sword, see if you can cut off these black chains."

The skeleton warrior immediately shook his head and said loudly: "No, the level of my steel sword is not comparable to the black chains left by these dark monsters."

Hearing what the skeleton warrior said, Ye Feng immediately nodded, and then without any hesitation, he took out the small black sword he had obtained before.

This little black sword is very advanced, and Ye Feng has not yet shown its true power.

I wonder if this little black sword can cut off these black chains.

Buzz!

At this moment, Ye Feng directly input a trace of his magic power into the small black sword in his hand, and then slashed directly at the black chain in front of him.

when!

But the next moment, the two collided, only to make a crisp metallic roar.

The small black sword in Ye Feng's hand did not

This black chain is cut off.

"Um?"

Seeing this scene, Ye Feng glanced at the fat monk beside him and said loudly: "Fat monk, do you have any other ideas? Even the strongest weapon in my hand cannot cut off these black chains."

The fat monk grinned at this time and said loudly: "I got a very special melting talisman from an ancient tomb in my early years. This melting talisman was made by the talisman-making master in the ancient age of gods. Let me give it a try."

At this moment, after the fat monk finished speaking, he took out an ancient talisman directly from his storage ring.

The fat monk took this talisman and placed it directly on the black chain in front of him.

Buzz!

Almost at the moment the fat monk put this talisman on the black chain.

Ye Feng was surprised to find that these black chains were actually melting rapidly under the action of this melting talisman.

Click!

After waiting for half an hour, the black chain in front of me was really melted by the fat monk's talisman, and then broke directly.

As the first black chain broke, the fat monk's eyes suddenly showed a look of surprise, and he said loudly: "It seems that the profiteer did not lie to me. This melting talisman can really melt the strongest things in the world." "

At this moment, the fat monk said, taking out more melting charms from his storage ring, and then attached them to the black chains.

As these melting charms came into play, more chains were broken, all of them broken.

Click, click, click...

As the black chains broke, the true form of the ancient Buddha who was trapped in the middle,

It actually began to emit a faint golden light.

Seeing this scene, the fat monk immediately said in great surprise: "All the restraints of these black chains have disappeared, and the true body of the ancient Buddha of the beginning has exuded vitality again. However, the relics of the ancient Buddha of the beginning, The true form of the Ancient Buddha has finally been separated, and the Ancient Buddha cannot continue to be resurrected."

When he said this at this moment, the fat monk showed a sigh of relief in his eyes.

After all, even the most powerful and top-level Buddhist giants like the Ancient Buddha of Taichu will eventually fall and die completely. There is no way to exist in the world forever, no way to achieve immortality, and will eventually fall. It is really sighing and lamenting.

This couldn't help but make the fat monk think, where is the end of his practice?

At this time, Ye Feng and the fat monk walked directly towards the true body of the ancient Buddha in the middle, wanting to carefully explore the true body of the ancient Buddha.

But at this time, the skeleton warrior not far away couldn't help but said: "Master Ye Feng, please forgive me, I have no way to get close to the true body of this sacred ancient Buddha."

Ye Feng turned around, smiled and said: "Then you can stand on the outskirts of the valley, just to help us warn of possible dangers around us."

The skeleton warrior immediately said respectfully: "Yes, my Lord Ye Feng."

At this time, Ye Feng and the fat monk had already walked in front of the true form of the ancient Buddha.

The true form of the ancient Buddha in the early days was as big as a mountain, hundreds of meters tall and majestic. It looked very shocking and had a strong visual impact.

At this moment, the black chain broke, and the true body of the ancient Buddha in the early days exuded a faint golden light.

The fat monk stepped forward and immediately couldn't help but said: "This true body of the ancient Buddha from the beginning is definitely a priceless treasure."

Ye Feng nodded,

I want to stretch out my hand and press it on the true body of the ancient Buddha. I want to see if I can absorb some of the holy power of Buddhism left in the true body of the ancient Buddha.

Buzz!

Almost at the moment Ye Feng stretched out his hand and pressed it on the ancient Buddha.

Ye Feng immediately felt that the very powerful and infinitely terrifying energy was contained in the true form of this ancient Buddha.

At this moment, Ye Feng's eyes suddenly showed a look of deep surprise, and he quickly released the Devouring Domain, hoping to devour the powerful Buddhist holy power left in the true form of this ancient Buddha.

You must know that this ancient Buddha from the beginning was the most accomplished and most powerful Buddhist among the ten thousand demons at that time.

Therefore, the golden body of Buddhism and Taoism he cultivated naturally contains very powerful energy.

But at this time, the fat monk beside him couldn't help but said: "Ye Feng, are you sure you want to absorb all the energy in the true body of this ancient Buddha? Once absorbed, this true body of ancient Buddha will be Completely destroyed, are you sure you don't want to refine this ancient Buddha's true body into your own incarnation? It must have very terrifying power."

Hearing what the fat monk said, Ye Feng thought for a moment, and then said aloud: "The most important thing is to absorb the energy from the true body of this ancient Buddha to improve my cultivation. Things like incarnation will always become obsolete as my strength continues to improve. I am now at the big bottleneck of the tenth level of the Hedan realm. Once I can break through to the Hehun realm above the Hedan realm, my combat effectiveness will There will be a huge improvement, and I don't need any external incarnation at all. Only if it is a body that has no energy to absorb, will I consider refining it into an external incarnation."

At this moment, after Ye Feng finished speaking, he directly released the swallowing black light in his palm, and began to swallow and absorb all the Buddhist energy in the mountain-sized Taichu Ancient Buddha's true body, rapidly growing his own. Skill.

Chapter 4268 There is still a chance

"Boom!"

However, just when Ye Feng had just absorbed it, the golden body of the Taichu Ancient Buddha suddenly erupted with a terrifying recoil force, which actually shook Ye Feng's palm, which he wanted to devour and absorb, back.

The fat monk standing next to Ye Feng was also blown back by this powerful recoil force.

At this time, the fat monk couldn't help but exclaimed: "What happened?"

Ye Feng also showed a trace of shock and anger in his eyes at this time, and said: "I can't absorb the energy in the Taichu Ancient Buddha's true body. There seems to be a very terrifying power in the Taichu Ancient Buddha's true body, which directly bounced my devouring power away."

And just as Ye Feng's voice fell, the situation suddenly changed.

Buzz!

I saw that a completely different black evil aura surged out of the golden body of the Taichu Ancient Buddha.

This black evil aura actually condensed into a black ancient Buddha on the top of the Taichu Ancient Buddha's true body.

This black ancient Buddha looked very evil, with red eyes, and looked very strange.

Seeing this scene, Ye Feng immediately showed a trace of surprise in his eyes, and couldn't help but said: "Is this black ancient Buddha the Taichu ancient Buddha himself?"

The fat monk also stared at the black ancient Buddha that had just condensed on the top of the golden Taichu ancient Buddha's true body, and said in surprise: "Is this the evil thoughts derived from the Taichu ancient Buddha himself, and the black ancient Buddha condensed?"

At this moment, the black ancient Buddha floated in the sky.

And below is the golden true body of the Taichu ancient Buddha.

The contrast between the two is really very strong.

One is the true body of the Taichu ancient Buddha, which is emitting brilliant golden light and is extremely sacred.

The other is the black ancient Buddha floating in the sky, like a big demon king, with red eyes emitting red light, which looks very evil.

At this moment, Ye Feng immediately said: "It should be this black ancient Buddha who shook me away and prevented me from absorbing the energy of the Taichu Ancient Buddha's true body."

At this time, the fat monk was about to say something, but the black ancient Buddha in the sky suddenly stretched out a black big hand and immediately bombarded in the direction of Ye Feng and the fat monk, with the power to destroy the world.

The strength of this black ancient Buddha is very terrifying. It is very likely that it is the evil thoughts that the Taichu Ancient Buddha absorbed from the endless void.

At this time, knowing that this black ancient Buddha is very powerful, Ye Feng and the fat monk quickly retreated.

"Boom!!"

The palm of the black ancient Buddha bombarded the ground where the two of them were standing just now, and immediately blasted out a huge ruins pit.

From this, it can be seen how terrifying the power of this black ancient Buddha is.

Swish!

At this time, the skeleton warrior who was on guard at the edge of the valley not far away saw the changes in the valley at this moment, and immediately flew over, holding the steel sword in his hand, and rushed directly towards the black ancient Buddha.

"Just an ant!"

At this moment, the black ancient Buddha actually made a human voice.

Then the black ancient Buddha directly formed seals with both hands, and a black swastika Buddhist symbol, emitting a terrifying dark light and destructive power, immediately bombarded the skeleton warrior.

Boom!

The skeleton warrior was actually blasted back!

The steel sword in the hands of the skeleton warrior was actually shattered into pieces.

"What??"

Seeing this scene, Ye Feng and the fat monk immediately widened their eyes.

It seemed that they had never expected that the black ancient Buddha hidden in the true body of the Taichu Ancient Buddha actually possessed such a terrifying power.

At this moment, the skeleton warrior immediately looked at Ye Feng behind him and said, "Master Ye Feng, please run away quickly. This black ancient Buddha should be the dark energy that the Taichu ancient Buddha absorbed from the dark dimension where the dark demon clan lived. Although endless years have passed, this dark body still has extremely terrifying power. I can't resist it. I will try my best to buy time for Master Ye Feng to escape." Hearing what the skeleton warrior said, Ye Feng nodded immediately. At this time, Ye Feng did not hesitate at all, and ran quickly towards the surrounding direction with the fat monk. At this time, the skeleton warrior stayed in place and continued to fight with the black ancient Buddha. After all, the skeleton warrior was still very powerful, and his bones were very strong. Although he fell behind in the fight with the black ancient Buddha, the black ancient Buddha could not completely destroy the skeleton warrior for a while. At this moment, Ye Feng and the fat monk left the valley. The fat monk said, "If we want to deal with this black ancient Buddha, we must find the ancient Buddha relics that the Taichu ancient Buddha took away. As long as we can find the Taichu ancient Buddha's relics, we will definitely be able to dispel the black ancient Buddha. Even if we can't wipe out the black ancient Buddha, as long as we have the Taichu ancient Buddha's relics in our hands, we will definitely be able to suppress the black ancient Buddha and make him stop being so presumptuous."

Hearing what the fat monk said, Ye Feng immediately nodded, and then immediately said aloud in his mind: "Emperor Chu, I came to you again for help. I hope you can help me to accurately target this area. I have found the place where the relics of the ancient Buddha were sealed. Now that the situation is urgent, I must find the relics of the ancient Buddha immediately. "

Ye Feng simply couldn't let go of the powerful Buddhist energy in the true form of the ancient Buddha, which could definitely transform his cultivation in an instant.

So at this time, Ye Feng did not run away directly, but was prepared to follow the fat monk's suggestion, first find the relics of the ancient Buddha in the beginning, and then see if he could suppress the black ancient Buddha.

Ye Feng still had a trace of ugliness in his eyes at this time.

Unexpectedly, a terrifying black ancient Buddha was killed at the critical moment.

If it weren't for the skeleton warriors, Ye Feng and the fat monk would probably have had no choice but to escape from here completely.

But there is still a chance.

The skeleton warrior is holding back the black ancient Buddha. There is still time for Ye Feng and the fat monk to find the original relic of the ancient Buddha of Taichu.

At this moment, Emperor Chu, who was sleeping in his mind, immediately woke up, nodded, and said loudly: "Okay, let me investigate."

Ye Feng did not directly release his soul power to explore at this time, because the area under the lava was so vast that Ye Feng's soul power could not cover the entire area.

But Emperor Chu can.

Emperor Chu's soul power was much more powerful than Ye Feng.

So now Ye Feng can only turn to Emperor Chu for help, hoping that Emperor Chu can accurately find where the relics that were taken away from the ancient Buddha in the early days are.

This is the key to dealing with that black ancient Buddha.

Chapter 4269 Ancient Buddha Relics

At this time, when Emperor Chu released his soul power, Ye Feng immediately felt the spiritual energy spreading out from his head like a vast ocean.

Ye Feng felt that his soul power of more than 10 million levels was nothing compared to Emperor Chu's soul energy.

This made Ye Feng's eyes suddenly reveal a look of deep amazement.

It seems that Emperor Chu's strength has recovered a lot while he was sleeping. Emperor Chu's spiritual energy is becoming more and more incredible.

At this moment, Emperor Chu was accompanying him to cover all the surrounding areas.

Emperor Chu sensed something immediately, and said directly in his mind: "Ye Feng, I have sensed the energy fluctuations of the ancient Buddha relics of the ancient Buddha in the southwest, on a cliff in the southwest of this area."

Hearing what Emperor Chu said, Ye Feng suddenly showed a hint of astonishment in his eyes.

Unexpectedly, Emperor Chu found the relics of the ancient Buddha in such a short period of time.

It's really too strong!

At this moment, Ye Feng immediately looked at the fat monk beside him and said loudly: "Let's go search quickly. I have found where the ancient Buddha relic is."

When the fat monk heard what Ye Feng said, his face showed deep shock.

He didn't know that there was such a great god as Emperor Chu in Ye Feng's mind.

So the fat monk thought that this was the ancient Buddha relic found by Ye Feng's own ability.

So at this moment, the fat monk couldn't help but give Ye Feng a thumbs up and said: "Awesome, you kid is so amazing!"

At this time, Ye Feng, following Emperor Chu's guidance, took the fat monk and flew quickly in that direction in an instant.

Soon, Ye Feng flew to the direction that Emperor Chu said.

Ye Feng saw it immediately, and it really appeared in front of him

A cliff.

On the surface of this cliff, there are actually many totems of the dark demon clan imprinted on it.

And in the middle of these many dark demon totems, there is a golden bead inlaid on the cliff wall.

Ye Feng immediately stared at the golden bead, with a look of deep surprise in his eyes.

This golden bead is definitely the relic of the ancient Buddha left by the ancient Buddha in the early days.

At this moment, Ye Feng did not hesitate and immediately flew quickly in that direction.

The fat monk stood beside him and immediately reminded him: "Ye Feng, this relic of the ancient Buddha is suppressed here, and there are so many totems of the dark demon clan engraved on this cliff wall, it must have great significance. It's dangerous, we must be careful."

Ye Feng immediately nodded, and flew towards the middle of the cliff with the fat monk.

But the moment they approached the cliff wall, suddenly the dark demon totems engraved on the cliff wall seemed to come to life one by one.

All of them were in the state of dark souls transformed into dark demon clans, and they immediately rushed out of those totems.

Each one roared and roared, charging towards Ye Feng and the fat monk, as if they wanted to bite them all into pieces.

At this moment, Ye Feng did not hesitate at all and directly released the Gate of Heaven.

Because now the skeleton warrior is still fighting bloody battles with the ancient black Buddha in the valley far away.

Therefore, Ye Feng is in an urgent situation now and is too lazy to talk nonsense or waste time. Wasting time is directly releasing the gate of heaven.

Boom! !

At this moment, the Gate of Heaven suddenly appeared in the void above Ye Feng's head.

Immediately, a brilliant white divine light burst out from the Gate of Heaven, shining directly from above Ye Feng's head in all directions. .??.

The gate of heaven burst out with a bright white divine light, like the most sacred light under the sky, which instantly purified all the dark souls of the dark demon clan that rushed out of the totems.

"howl!!"

The entire field suddenly erupted with waves of pitiful howls from the dark demon clan.

These dark monsters rushed out from the ancient totems. They could have caused harm to the world and had very terrifying attack power.

But for Ye Feng, all this does not exist.

Any existence with dark attributes will be suppressed by the sacred white light of Heaven's Gate.

Therefore, Ye Feng, who controlled the Gate of Heaven, was like a divine help when facing the various methods of the dark demon clan.

At this moment, Ye Feng had the Gate of Heaven above his head, his whole body exuding bright white holy light, and he rushed directly to the cliff.

The surrounding red demons and the dark souls of the dark demon clan were unable to cause harm to Ye Feng at all.

It was directly melted by the white divine light emitting from the Gate of Heaven on Ye Feng's head, and was directly destroyed.

Then Ye Feng suddenly stretched out a hand and grabbed the ancient Buddha relics sealed on the cliff wall.

Boom!

Almost as soon as Ye Feng grabbed the relic, the entire cliff wall suddenly collapsed and turned into countless rolling rubble, which fell to the ground.

At this moment, in Ye Feng's hands

The relic of the ancient Buddha in the early days that he was holding emitted a faint golden light.

Although the golden light is very light, Ye Feng can sense an infinitely high-level and surging Buddhist energy from the relics of this ancient Buddha.

In fact, the true essence of the ancient Buddha from the beginning is contained in the relics of the ancient Buddha.

At this time, the fat monk looked at the ancient Buddha relics held in Ye Feng's hands, and his eyes immediately revealed a look of deep surprise, and he said loudly: "Success! Let's go back and deal

with the black ancient Buddha quickly, otherwise we won't wait until The skeleton warrior will die in that valley."

Ye Feng immediately nodded, not daring to waste time, and immediately returned quickly with the fat monk.

When they returned to the valley, they found that the steel sword of the skeleton warrior had been beaten to pieces, leaving only a scar.

Moreover, many of the skeleton warrior's ribs were broken.

The black ancient Buddha is still filled with evil spirits and is suspended high in the sky.

Every time a big black hand is blasted out, it has terrifying power, enough to suppress everything.

At this time, the black ancient Buddha saw Ye Feng and the fat monk coming from a distance. He immediately smiled sarcastically and said, "You two ants still dare to come back? Then let's die together!"

Ye Feng shouted loudly at this time: "The relics of the ancient Buddha from the beginning are here, who dares to be so presumptuous!"

Boom!

Almost at this moment, Ye Feng took out the ancient Buddha relics of the Taichu Ancient Buddha that he had obtained through all the hard work.

boom! !

I saw endless golden Buddha light bursting out from among the relics, and suddenly it rushed towards the black ancient Buddha.

"What??"

Seeing this scene, Black Gufo couldn't help but screamed in horror: "No!!!"

Chapter 4270 Complete Transformation

Buzz!

I have to say that the fat monk's judgment was very accurate.

The ancient Buddha relics that Ye Feng and the fat monk found had a natural suppressive effect on the black ancient Buddha.

At this time, the golden relics flew directly to the sky, and the Buddha's light emitted was many times more powerful than the relics that the ancient monk in the coffin gave Ye Feng for guidance.

After all, the ancient god who crawled out of the coffin may have been just an ordinary Buddhist monk in the early days of Buddhism.

But the relics that Ye Feng took out now were the relics left by Taichu Ancient Buddha, the founder of Taichu Buddhism. ??

You must know that the ancient Buddha in the early days was definitely the top practitioner among all the demons.

He is the first among Buddhists.

Therefore, the relics left by the ancient Buddha in the early days are naturally very precious, very terrifying, and very powerful.

At this time, the black ancient Buddha was suppressed by the Buddha's light emitted by the relics of the ancient Buddha Taichu, and could only retreat continuously, or even withdraw from the valley area.

Seeing this scene at this time, Ye Feng and Fat Monk both had surprise in their eyes.

The skeleton warrior also quickly came to Ye Feng's side and said loudly: "Master Ye Feng, fortunately I have lived up to my fate. I have persisted until now. Finally, Master Ye Feng found the ancient Buddha relic."

Ye Feng immediately couldn't help but patted the skeleton warrior on the shoulder, smiled and said: "You are very good."

At this moment, Ye Feng looked at the black ancient Buddha not far away, and said coldly: "Those who know better, please leave here as soon as possible, otherwise, I will control the ancient Buddha relics of Taichu Ancient Buddha and destroy you. Get rid of it."

Hearing what Ye Feng said at this moment, the face of the black ancient Buddha not far away suddenly showed an evil smile, and said sarcastically: "Boy, don't scare people, the ancient Buddha relics of Taichu Ancient Buddha, it does have a huge suppressive effect on me, but you have no way to control such a precious high-level relic, and you have no way to eliminate me. I have only been suppressed temporarily. Now I want to set up the next darkness here. Formation, trap you ants, and when your strength is exhausted, I will destroy you all."

Boom!

At this moment, the black ancient Buddha stretched out his hands and began to pinch ancient Buddhist marks.

However, these Buddhist and Taoist marks are all pitch black and look very dark and deep.

A huge dark formation was condensed directly on the spot, and Ye Feng, the fat monk and the skeleton warrior were all enveloped in this dark formation.

The entire inner area of the valley is covered!

Ye Feng and Fat Monk had no way to escape!

Seeing this scene, Ye Feng and Fat Monk suddenly had an ugly look in their eyes.

The fat monk couldn't help but said: "Although the ancient Buddha relics

Zi suppressed this black ancient Buddha, but we really can't completely eliminate this black ancient Buddha. He trapped us in this valley. We must fight to the death with him, otherwise, we will be

consumed to death sooner or later. This black ancient Buddha can continuously draw dark energy from the dark dimension to continuously maintain its own life energy, but we cannot. "

When Ye Feng heard what the fat monk said, he immediately frowned slightly.

Then Ye Feng suddenly looked at the true form of the Taichu Ancient Buddha, which was as big as a mountain in the middle of the valley not far away. He immediately glared and said, "Then let's fight to the death with this black Ancient Buddha."

Uh-huh!

After saying that, Ye Feng showed a hint of madness on his face, and instantly flew in front of the mountain-sized ancient Buddha's true form, then released his devouring domain and began to devour the ancient Buddha to his heart's content. The Buddha's true body contains the majestic energy of ancient Buddhism.

You must know that this true body of the Ancient Buddha at the beginning of time is the true body of the original deity condensed by the Ancient Buddha at the beginning of the year, a great figure in Buddhism and Taoism.

The Buddhist energy contained in it is naturally terrifying and majestic to the extreme.

"Rumble..."

Along with Ye Feng's devouring, at this moment, waves of extremely powerful energy were immediately injected into Ye Feng's Dantian, causing Ye Feng's cultivation aura to flow at an incredible speed. growing.

"boom!"

At this moment, Ye Feng's bottleneck at the tenth level of the Hedan Realm was instantly broken, and he stepped into the Half-Step Soul Healing Realm above the Hedan Realm!

"boom!"

The first level of the Soul Realm!

"boom!"

The second level of the Soul Realm!

...

"What? Why did you, a kid, suddenly improve so much in cultivation? And it's still improving. How is this possible??"

At this moment, the black ancient Buddha not far away who was suppressed outside the valley by the holy light of the relics immediately became very ugly.

Because he never expected that Ye Feng would continuously make breakthroughs in his cultivation in the formation where he was trapped.

At this moment, the black ancient Buddha saw Ye Feng's palm pressing on the real body of Taichu Ancient Buddha, and he immediately understood something.

The black ancient Buddha suddenly said in great shock and anger: "You have practiced evil skills! You can actually absorb the Buddhist energy in the true body of the ancient Buddha in the beginning and use it to improve your own cultivation skills. How is this possible? In the world, how is this possible? How is it possible to have such an incredible ability?"

At this time, the black ancient Buddha was shocked to the extreme.

Because he never thought that Ye Feng would have such a domineering,

Even some evil abilities.

At this moment, the Black Ancient Buddha could not wait any longer, because Ye Feng's cultivation was improving crazily at an incredible speed.

boom!

At this moment, the black ancient Buddha immediately burst out with huge dark energy, and rushed directly into the golden holy light released by the relics, rushing towards Ye Feng, trying to stop Ye Feng. The wind absorbs the energy in this true form of the ancient Buddha.

Because if the Black Ancient Buddha wanted to be reborn, he would have to rely on the true body of the Ancient Buddha in the beginning.

If the energy in the true body of the Ancient Buddha of the First Age is sucked dry by Ye Feng, then the Black Ancient Buddha will suffer huge losses.

At this moment, seeing the black ancient Buddha forcefully rushing over to harm Ye Feng, the fat monk immediately looked at the skeleton warrior beside him and said loudly: "Let's join hands quickly to block the black ancient Buddha from attacking Ye Feng." Attack, if Ye Feng can continue to improve his cultivation skills, we still have a chance to destroy this black ancient Buddha. "

The skeleton warrior immediately nodded and said with a very serious expression: "Master Ye Feng must not be harmed."

Boom!

At this moment, the skeleton warrior actually transformed one of his palms into a huge bone sword, and then rushed towards the direction of the black ancient Buddha in front of him. ??

The fat monk also took the risk at this time. He took out a black relic from his storage ring and swallowed it directly.

Then the cultivation aura on the fat monk's body immediately surged crazily.

What's even more surprising is that the fat monk's entire body is expanding rapidly.

In the end, it swelled in place and became a majestic black giant several kilometers long. Wearing a huge black cassock, it looked very ferocious.

Just like the ancient dark giant, it released monstrous power and charged in the direction of the black ancient Buddha.

Boom! !

At this moment, the fat monk and the skeleton warrior joined forces and actually blocked the black ancient Buddha's attack in a short period of time, making it impossible for the black ancient Buddha to approach Ye Feng in a short period of time.

At this time, Ye Feng was still devouring the entire energy in the true body of the Ancient Buddha.

Ye Feng wanted to absorb all the ancient energy in the true form of the ancient Buddha.

In this way, he can improve his cultivation as much as possible and be able to deal with the extremely powerful black ancient Buddha.

It has to be said that the energy in the true form of this ancient Buddha is so huge that it has reached an extreme level. It is the most terrifying energy combination that Ye Feng has ever swallowed.

Therefore, it provided Ye Feng with a steady stream of huge energy.

Ye Feng's cultivation momentum is still making breakthroughs at an astonishing speed at this moment.

"boom!"

The third level of the Soul Realm!

"boom!"

The fifth level of the Soul Realm!

"boom!"

The sixth level of the Soul Realm!

"boom!"

The seventh level of the Soul Realm!

"boom!"

The eighth level of the Soul Realm!

"boom!"

The ninth level of the Soul Realm!

"boom!!"

Great Perfection in the Tenth Level of the Soul Realm! !

Finally, Ye Feng's cultivation aura completely stopped.

The true body of the ancient Buddha in the early days also became an empty shell.

Ye Feng's cultivation skills at this moment have directly crossed an entire realm.

From the tenth level of the Hedan realm, he directly broke through to the tenth level of the Hehun realm and reached the Great Perfection!

The improvement of an entire realm has enhanced Ye Feng's combat effectiveness unparalleled.

At this moment, Ye Feng's whole body was emitting bright golden light, giving people a very terrifying feeling.

At this moment, two figures suddenly flew over not far away and fell hard to the ground.

It was the skeleton warrior and the fat monk.

At this moment, most of the bones in the skeleton warrior's body have been beaten to pieces.

The fat monk was also knocked back from the dark giant state. He lay on the ground and fell into the ruins. He immediately grinned and shouted: "Ye Feng, are you okay? We support you. Can't stand it anymore!"

At this time, Ye Feng immediately shouted: "I have completely transformed! Leave the rest to me!"

Boom! !

At this moment, Ye Feng burst out with a terrifying aura that integrated the tenth heavenly perfection of the Soul Integration Realm.

It was like a god, emitting bright golden light all over his body, rushing high into the sky, directly facing the black ancient Buddha in front of him.

At this time, the black ancient Buddha sensed the terrifying cultivation aura released from Ye Feng's body, and couldn't help but said in horror: "You kid actually gave all the energy in the true body of the ancient Buddha to Plundered? He actually crossed an entire realm and reached the tenth level of the Soul Realm! It's incredible!"

At this moment, after the black ancient Buddha finished speaking, the look of horror on his face suddenly turned into deep greed, and he said loudly: "Even if you kid breaks through to the tenth level of the Soul Realm, it is impossible to My opponent, this body that I condensed with dark energy, is a powerful being at the level of the Soul Realm that has surpassed the Soul Realm! When I kill you, I will definitely destroy this heaven-defying person like you who devours the power of the outside world! My abilities have been plundered. When the time comes, I will devour the endless dark energy in the dark dimension. By then, I will become the strongest existence in the entire universe! Hahaha!"
