

## Ancient 4271

Chapter 4271 The real trump card

At this moment, what this black ancient Buddha said was very domineering and greedy.

He felt that Ye Feng could not defeat him at all, and in the end he would kill Ye Feng.

Then he robbed Ye Feng of his incredible ability.

At this time, hearing what the black ancient Buddha said, Ye Feng's eyes suddenly revealed a hint of coldness, and he said loudly: "People who want to kill me have not yet appeared. Anyone who opposes me will be killed by me in the end."

Boom!

After saying that, Ye Feng suddenly burst out with an extremely powerful cultivation aura.

The perfect momentum of the tenth level of the Soul Realm that Ye Feng had just broken through instantly burst out from Ye Feng's entire body.

The Great Perfection of the Tenth Level of the Soul Realm is indeed a very powerful realm, giving Ye Feng a boundless terrifying aura, even with an aura no less than that of the Black Ancient Buddha.

Although the black ancient Buddha's cultivation level is a whole level higher than Ye Feng's current level.

But Ye Feng's martial arts foundation is very strong.

As long as Ye Feng breaks through the realm, the momentum he usually bursts out will definitely be comparable to the existence of a higher realm than him.

So this is the advantage of having a strong foundation in martial arts.

"kill!"

At this moment, Ye Feng did not hesitate at all, and instantly waved his golden fist and attacked the black ancient Buddha.

Now that Ye Feng has broken through a whole realm, his strength has naturally increased many times compared to before.

At this moment, Ye Feng charged forward, and the black ancient Buddha immediately shouted: "Hand of Darkness!"

This black ancient Buddha has obviously also practiced some very powerful inheritance. It should be the inheritance of the dark attribute, not the inheritance of the Taichu Ancient Buddha himself.

So at this time, the hand blasted out by the black ancient Buddha immediately turned into a sky-covering

The big hand of darkness that blocked out the sun was filled with unparalleled darkness and pressure. It hit Ye Feng's eyes in an instant and wanted to obliterate Ye Feng's entire being.

But at the next moment, the power of the Celestial Clan suddenly burst out from Ye Feng's fist.

Golden light burst out from Ye Feng's fist, and suddenly collided with the dark hand blasted by the black ancient Buddha.

Boom! !

Suddenly, an earth-shattering roar echoed across the entire field.

Almost at the next moment, Ye Feng felt an extremely terrifying power transmitted to his golden fist, almost shaking his entire body to pieces.

This made Ye Feng's eyes change slightly.

This black ancient Buddha is really terrifying.

Although he is one level higher than himself, Ye Feng feels as if he is two levels higher than himself.

I have to say that this black ancient Buddha is indeed a very terrifying existence. It is indeed the dark clone evolved from the ancient Buddha in the early days. It is indeed extremely powerful.

Because you have to know that if it were just an ordinary strong man who was a level higher than Ye Feng, Ye Feng would definitely not be as strenuous as he is now when fighting against Ye Feng.

It is very likely that Ye Feng will be able to kill the opponent soon.

But the combat power of this black ancient Buddha is extremely terrifying.

However, Ye Feng's bones are the immortal bones of the gods after all, and he quickly removed this counter-shock force, and was on a par with the dark hand of this black ancient Buddha.

"What?"

Seeing Ye Feng just relying on his golden fist, everyone

Able to fight against his own dark hand.

This black ancient Buddha couldn't help but reveal a look of deep amazement in his eyes, and couldn't help but say: "Don't you have a special physique? Otherwise, how could you be with me using the power of the dark dimension?" The big hand of darkness that came out is a tie, which is really incredible, but it doesn't mean that I can't kill you."

"Darkness envelops!!"

At this moment, the black ancient Buddha burst out with an extremely powerful inheritance.

Almost at the next moment, ancient Buddhist symbols with dark attributes burst out from the body of the ancient black Buddha, and then directly condensed a huge dark formation, which headed directly towards Ye Feng, as if it could Ye Feng instantly melted into blood in the formation.

But at this moment, Ye Feng no longer held back, and directly took out his most powerful weapon, the small black sword, and then input his huge mana into the small black sword.

Buzz!

The small black sword immediately expanded to a length of more than three hundred meters, and its size looked extremely exaggerated and huge.

Then Ye Feng held the big sword more than 300 meters long and slashed forward.

Boom!

The small black sword is a very mysterious existence and is a top-notch weapon.

With Ye Feng's current huge mana, if activated, the small black sword will expand into a large sword more than 300 meters long. Naturally, it will have terrifying attack power. It can instantly destroy the dark formation released by the black ancient Buddha. It was split in half.

"What?"

Seeing this scene, the black ancient Buddha immediately widened his eyes slightly, and immediately stared at the small black sword in Ye Feng's hand, and exclaimed: "What kind of sword is this? How can it have such a terrifying attack?" force?"

\u003e Ye Feng just smiled coldly at this time, not bothering to respond at all. Holding the black sword more than 300 meters long in his hand, he rushed in front of the black ancient Buddha in an instant, and then faced the entire body of the black ancient Buddha. He chopped hard, trying to split the black ancient Buddha in half.

"Dark Guardian!"

At this moment, the black ancient Buddha once again burst out with a dark attribute inheritance.

I saw a black light group suddenly appearing around the black ancient Buddha, covering the black ancient Buddha.

This black light ball, like the strongest shield in the world, actually blocked the black sword in Ye Feng's hand.

Boom! Boom! Boom!

Ye Feng kept slashing, but was unable to split the black light guard surrounding the black ancient Buddha.

Seeing this scene, the black ancient Buddha couldn't help laughing immediately: "Boy, no matter how powerful you are, you can't be my opponent, let alone hurt me, let alone kill me. , I can feel that you are using this little black sword, which is rapidly consuming your mana. Although your mana is very powerful, so powerful that I am a little surprised, but when you are held by this sword in your hand, After the black sword is drained, it will be your death, hahaha! The real winner is me!"

Hearing this, Ye Feng suddenly grinned and said, "Oh, really?"

Heaven's Gate!

Almost at the next moment, Ye Feng directly released his real trump card, the Gate of Heaven.

Buzz!

The dazzling white divine light caused the smiling black ancient Buddha to immediately stiffen his smile.

The black ancient Buddha stared at the huge portal manifested above Ye Feng's head, and couldn't help but said in shock: "This door... this kind of sacred white light... could this be it? ?"

Chapter 4272 Ancient Buddha Inheritance

Buzz!

The huge Gate of Heaven floated above Ye Feng's head, emitting bright white divine light.

It feels very sacred and grand.

The dazzling white light emitted from the gate of heaven and illuminated the surroundings.

The dark aura on that black ancient Buddha suddenly dissipated a lot.

The Dark Ancient Buddha immediately widened his eyes slightly at this time, and even said in horror: "This is the legendary Gate of Heaven? Otherwise, it would be impossible to suppress my dark power like this! Because I The power of darkness is not an ordinary power of darkness, but an advanced power of darkness from the dark dimension. However, your white divine light can suppress my power of darkness, which shows that this is definitely the most advanced white holy light. Light, only the legendary Gate of Heaven can emit this top-notch white divine light!"

At this moment, the black ancient Buddha spoke with a tone even a little excited and a little scared.

Because the Gate of Heaven is too high-end and too sacred.

Especially for a creature with dark attributes like him, the damage is huge.

At this moment, the black ancient Buddha stared at Ye Feng.

At this time, he finally stopped laughing at Ye Feng for being an ant, and looked at Ye Feng for the first time.

Because Ye Feng was able to obtain the Gate of Heaven, this was definitely not something that could be obtained by ordinary accident.

It was Heaven's Gate who chose Ye Feng.

Because the Gate of Heaven, a magic weapon of the Lord of Heaven, has its own spirituality.

It chose Ye Feng by chance, which shows that Ye Feng's luck and future are absolutely brilliant, otherwise it would be impossible to choose Ye Feng.

At this moment, the Black Ancient Buddha immediately understood that Ye Feng was not an ordinary-looking human boy at all, but an extremely terrifying existence with great luck!

At this time, Black Gufo couldn't help but said: "Boy, I will not be your enemy today.

, let's both stop. "

At this moment, the Gate of Heaven put so much pressure on the black ancient Buddha that he did not even dare to continue the confrontation with Ye Feng, but chose to reconcile.

But at this time, a cold smile suddenly appeared on Ye Feng's face, and he said loudly: "It's too late to think about reconciliation now. You and I are already mortal enemies. Keeping you here will only be a huge disaster. "

Almost at this moment, Ye Feng suddenly activated the white holy light of the Gate of Heaven crazily, and immediately spread in all directions, sealing all the escape routes of this black ancient Buddha.

Moreover, the light from the Gate of Heaven was able to completely dissolve the dark guardian light group surrounding this black ancient Buddha.

Then Ye Feng held the small black sword in his hand, and the power of this god's weapon suddenly burst out, splitting the black ancient Buddha in half.

"ah!!"

Amidst the frightened shouts of the black ancient Buddha, Ye Feng slashed down again, splitting the black ancient Buddha into countless dark fragments, completely destroying the black ancient Buddha.

At this time, Ye Feng finally breathed a sigh of relief.

I have to say that this black ancient Buddha is still very powerful.

If it weren't for Ye Feng's Gate of Heaven, which is specially designed to suppress the dark attribute, and the small black sword weapon that is suspected to be at the level of a god that can kill everything, Ye Feng would probably not be able to fight against this black ancient Buddha.

Because this black ancient Buddha was one of the most powerful Taichu ancient Buddhas in the world of monsters back then. The dark clone evolved from it was naturally very terrifying.

If it weren't for Ye Feng's various methods and his extraordinary abilities, there would be no way to kill this black ancient Buddha.

At this moment, the skeleton warrior and fat monk not far away saw Ye Feng killing

After seeing this black ancient Buddha, he immediately shouted very excitedly and said: "Okay, great! I finally succeeded in killing this terrifying black ancient Buddha."

At this moment, Ye Feng did not hesitate at all and immediately released his Devouring Domain, wanting to devour the dark fragments that the black ancient Buddha turned into after he killed him.

These dark fragments contain the majestic power of the black ancient Buddha, which can definitely give Ye Feng a huge boost in an instant.

"Um?"

But at this moment, when Ye Feng's devouring domain enveloped the dark fragments formed by the black ancient Buddha, Ye Feng was surprised to find that his devouring power was unable to swallow these black fragments.

The power of darkness in these black fragments comes from the dark dimension where the mysterious dark monsters live. Therefore, the power of darkness in these black fragments is too advanced. Ye Feng's current state is unable to swallow the energy in it. , to strengthen yourself.

However, Ye Feng knew that as long as his cultivation level continued to improve, he would be able to swallow the advanced dark power in these dark fragments.

At this time, Ye Feng had no choice but to put all the dark fragments formed by the black ancient Buddha into his storage ring, and wait to devour them when he becomes stronger in the future. .

In any case, Ye Feng has received huge benefits this time, and Ye Feng is already very satisfied.

At this time, Ye Feng glanced at the fat monk not far away, smiled and said: "Take the ancient Buddha relics. You have also helped a lot. You can understand the ancient Buddha among the ancient Buddha relics." passed down."

The fat monk immediately grinned and said loudly: "You can cultivate the inheritance of various attributes. Let's understand it together."

Hearing what the fat monk said, Ye Feng's eyes suddenly lit up and said: "Okay, you are right. If I can understand the inheritance of the ancient Buddha in the early days,

If so, it can also erupt with powerful power in my hands. "

At this moment, Ye Feng simply asked the skeleton warriors to protect them around.

Then Ye Feng and the fat monk sat down cross-legged inside the valley.

They placed the relics of Taichu Ancient Buddha that they had found in front of the two of them.

Then Ye Feng and Fat Monk both began to understand the Buddhist heritage of the ancient Buddha contained in this relic at the same time.

At this moment, Ye Feng immediately sensed a vast Buddhist dharma contained in this ancient Buddha relic.

Buzz!

The moment his spiritual power touched this relic, a huge Buddhist inheritance immediately rushed into Ye Feng's mind, directly allowing Ye Feng to obtain the powerful inheritance of this ancient Buddha from the beginning.

This inheritance from the ancient Buddha in the early days is called "Buddha's Deliverance to Common People".

It is a very terrifying inheritance. Once released, it will be able to survive the world. It is very terrifying and very powerful.

It is worthy of being the inheritance left by the ancient Buddha of Taichu, the interface of ten thousand monsters, who was the top powerhouse at that time.

At this moment, Ye Feng suddenly opened his eyes and said loudly: "I have understood the inheritance of this ancient Buddha from the beginning!"

The fat monk opposite immediately screamed in surprise: "What? I was just about to meditate and fell into trance, and before I touched the power of the relic, you kid had already comprehended the ancient Buddha contained in it. The inheritance? Damn it, Ye Feng, how did you get such a smart and understanding monster?"

Ye Feng laughed loudly at this time, stretched out a finger, pointed on the fat monk's head, and said: "Don't stop meditating, I will teach it to you directly."

When the fat monk heard this, he immediately showed a helpless smile on his face. Ye Feng's talent was so incredible.

Chapter 4273 Higher Dimensions

Buzz!

At this time, the moment Ye Feng's finger pointed at the fat monk's head, Ye Feng directly input all the secrets of the ancient Buddha's peerless inheritance that he had just obtained into the fat monk's head.

The fat monk's eyes immediately glowed with golden light, and he said loudly: "What a vast Buddhist method! This ancient Buddha from the beginning was worthy of being the number one Buddhist giant among our Ten Thousand Monsters. His cultivation skills were profound. It's really breathtaking."

At this moment, after the fat monk obtained the secret of the ancient Buddha's inheritance, he obviously got huge benefits, and his face was suddenly filled with a very happy smile.

At this time, Ye Feng looked around and said loudly: "Let's just leave here now. Basically, we have obtained all the good things of Taichu Buddhism founded by Taichu Ancient Buddha."

At this time, the fat monk suddenly said: "Wait a minute, the weapons of the ancient Buddha in the early days are good things. I don't know if they are buried here. Let me check them out."

After finishing speaking, the fat monk took out an ancient golden fragment directly from his storage ring.

The fat monk said aloud: "This golden fragment was part of the weapon that was broken when the ancient Buddha of Taichu fought with the super strong man of the dark demon clan. The fallen fragments should be able to find Taichu through this fragment." The weapons of the ancient Buddha."

Hearing what the fat monk said, Ye Feng suddenly showed a look of surprise on his face and said loudly: "Since you know that the weapons of the Ancient Buddha were smashed, why are you looking for the weapons of the Ancient Buddha? It's no longer useful."

The fat monk immediately grinned and said loudly: "I want to collect all the fragments of the ancient Buddha's weapons. Then I will see if I can find a way to reassemble the weapons of the ancient Buddha. Maybe they can be reassembled." Discover the power of the natal weapon of the ancient Buddha."

Hearing what the fat monk said, Ye Feng immediately nodded, smiled and said, "Okay, then I'll wait for you to look for it."

Ye Feng didn't have much interest in the weapon of the ancient Buddha from the beginning.

Because Ye Feng already has a very powerful god-level weapon called the black sword in his hand.

You know, Ye Feng has not yet used the full power of the black sword.

The weapon of the ancient Buddha in the early days, in front of the black sword, Ye Feng felt that it was probably nothing.

At this moment, Ye Feng was standing around, watching the fat monk exploring and looking for the natal weapon left by the ancient Buddha in the early days. At the same time, Ye Feng wanted to find out whether this place was really connected to the dark demon clan. The mysterious dark dimension in which we live.

After all, the dark dimension has a very strong attraction for Ye Feng.

Because in the dark dimension lives the biggest enemy in the interface of all demons, the dark demon clan.

Moreover, the power of darkness in the dark dimension is the most advanced power of darkness, which can allow a god to live indefinitely.

The previous Ancient Buddha of Taichu, a Buddhist giant of this level, couldn't help his inner desire for eternal life, and chose to secretly absorb the extremely advanced dark power from the dark dimension. As a result, he angered someone in the dark dimension. This kind of transcendent existence harmed himself and the Taichu Buddhism he founded.

At this time, Ye Feng exuded his soul power to see if the nearby valley area could connect to the legendary dark dimension.

However, Ye Feng sensed it but did not sense it.

Space fluctuations to dark dimensions.

Ye Feng immediately couldn't help but look at the skeleton warrior beside him and said loudly: "Do you know where this area is connected to the dark dimension?"

The skeleton warrior shook his head at this moment and said aloud: "I don't know this very well. At that time, the ancient Buddha also used very great supernatural powers to be able to secretly connect to the dark dimension and steal extremely high-level magic from it. Use dark energy to maintain your own life. I'm too low-level to know exactly how to do it."

When Ye Feng heard what the skeleton warrior said, he could only nod his head and did not continue the discussion.

But at this time, Emperor Chu in his mind suddenly said: "Ye Feng, although your current cultivation level is already very good, it is still far behind compared with the real super big shot. You are temporarily There is no need to peek into those extremely advanced dimensions of time and space, such as the dark dimension or the mythical dimension. These are not accessible to you temporarily. Otherwise, you may encounter a big disaster. When you become very powerful in the future, I will guide you. Contact these higher dimensions and get more advanced and powerful energy from them."

Hearing what Emperor Chu said, Ye Feng suddenly showed a look of horror in his eyes. .??.

Unexpectedly, Emperor Chu could still possess the ability to enter higher dimensions of time and space.

Ye Feng immediately nodded and said, "Okay, I understand."

Ye Feng actually knew that with his current cultivation level, he really shouldn't be exposed to this advanced dimension of time and space so early.

Because it is very likely to cause some mysterious big shots to take action.

For example, the Taichu Ancient Buddha of Taichu Buddhism, who was the top group of beings in the interface of ten thousand demons, all fell into the darkness.

In the hands of a mysterious big shot in the dimension.

This shows how terrifying this high space-time latitude is.

At this time, Ye Feng seemed to have thought of something, and immediately couldn't help but asked aloud in his mind: "Emperor Chu, do you think the mysterious extraterrestrial world connected to our world of origin could be a certain person?" The higher dimension of time and space is so mysterious and vast."

Hearing Ye Feng's question, Emperor Chu was silent for a moment, and then said aloud: "My memory fragments have not been completely restored. I still don't know what kind of world the extraterrestrial world is, but I guess it is. , the mysterious extraterrestrial world mentioned by many big figures in the origin world is very likely to be a higher space-time dimension, similar to the dark dimension and the mythical dimension. It is a high-level space-time latitude and world, so it is So mysterious and vast, it can give birth to extremely terrifying existences."

Ye Feng nodded.

Ye Feng had also heard from some powerful people in the Origin World before that the Origin World entered the Age of Ending Law and suffered a great disaster, including those who cleaned up the world, all from outside the world.

Therefore, that extraterrestrial world is very likely to be a high-latitude space-time world similar to the dark dimension, otherwise there would be no way to give birth to such a powerful existence.

At this moment, Ye Feng knows that these are still very far away from him, and he still wants to improve his cultivation strength as much as possible.

After all, Ye Feng will definitely go to the outside world in the future. His parents may already be in the outside world.

At this moment, when Ye Feng was thinking secretly in his heart, suddenly the fat monk not far away immediately exclaimed: "Ye Feng, come here and see, what is this? Oh my God! It's amazing."  
"

Chapter 4274 Returning from Experience

At this time, when he heard the fat monk's exclamation not far away, Ye Feng's eyes suddenly moved slightly and he quickly flew in that direction.

The skeleton warrior was also following Ye Feng closely at this time.

Ye Feng was quite curious in his heart. He didn't know what the fat monk had discovered that made him scream like that.

When Ye Feng came to the fat monk, his eyes were shocked when he saw the things in the ruins that the fat monk excavated.

In front of me, among the ruins excavated by the fat monk, an extremely ancient altar appeared in the messy soil.

In a holy place of Buddhism and Taoism such as Taichu Buddhism, it is really incredible that such an altar representing evil and blood appears.

At this time, the fat monk was a little frightened and couldn't help but said: "This ancient altar is still stained with mottled blood. I even saw several broken bones and blood clots inside. And after so many years, It's still bloody. Could it be that the ancient Buddha was conducting some evil experiment here?"

When Ye Feng heard what the fat monk said, he shook his head slightly and said loudly: "In order to achieve eternal life and enter a higher level, the ancient Buddha secretly opened a channel to the dark dimension. I feel that this ancient evil The altar is most likely the method used by the ancient Buddha in the early days. Through evil sacrificial methods, he sacrificed some living creatures, so that he could enter the dark dimension, a higher dimension of time and space, and absorb the extremely advanced dark energy. "

Hearing what Ye Feng said, the fat monk couldn't help but nodded and said loudly: "It seems that is what you guessed."

Ye Feng immediately spoke out at this time: "This terrifying advanced spiritual dimension space-time world is not something we can contact temporarily. Once we come into contact, there will be huge disasters. We should hurry up and bury this ancient altar. "

When the fat monk heard what Ye Feng said, he felt a little chilled in his heart, and quickly buried this evil-looking altar.

At this moment, Ye Feng was not interested in these.

Because just now, Emperor Chu had reminded Ye Feng that for the time being, he was still too weak to come into contact with such a grand higher dimension.

Otherwise, no matter how many methods Ye Feng has, he may not be able to stop the terrifying existence from higher dimensions of time and space.

However, Ye Feng secretly remembered this place in his heart.

In the future, I will really become very powerful. If I want to get in touch with the dark dimension, maybe I can come here and study this ancient evil altar.

At this moment, the fat monk failed to find the weapon fragments left by the ancient Buddha's hand after all, and could only follow Ye Feng out of this underground space with some dejection.

Ye Feng, the fat monk and the skeleton warrior left the ancient ruins of the Taichu Buddha and returned to the outside area.

At this time, Ye Feng calculated the time and found that nearly two months had passed since he and the fat monk came to this ancient ruins area of Taichu Buddhism.

Ye Feng felt that it was time for him to return to the Shenshui Dynasty and participate in the next Wanchao War.

At this time, in the endless wilderness outside, Ye Feng looked at the fat monk and said loudly: "Next, I will return to the Shenshui Dynasty to participate in the Great War of Ten Thousand Dynasties, and see if I can enter the Blood Demon Dynasty, the top power in the interface of Ten Thousand Demons. , Fat Monk, what are your plans?"

The fat monk couldn't help but grin at this time and said aloud: "I will still travel around the world to look for other opportunities. If we are destined in the future, we will meet again."

\u003c

br\u003e After the fat monk finished speaking at this time, wearing that special black cassock, his figure disappeared at the end of the horizon and disappeared into the endless wilderness.

At this time, Ye Feng looked at the skeleton warrior beside him, smiled and said, "Let's go too."

The skeleton warrior immediately nodded and said, "I will always follow Master Ye Feng."

At this moment, Ye Feng nodded immediately and flew directly towards the Shenshui Dynasty with the skeleton warrior.

For Ye Feng, now he has received huge opportunities from this ancient ruins of Buddhism in the beginning.

Not only did he receive an extremely powerful inheritance, but his cultivation level also improved a lot.

Ye Feng feels that now that he has returned to the Shenshui Dynasty, he will definitely beat everyone among his generation.

Even the elders are probably no match for him.

At this time, Ye Feng led the skeleton warriors to run and speed through the endless wilderness.

Now Ye Feng's cultivation strength is very high, and the skeleton warrior is even stronger than Ye Feng.

So the two of them were very fast.

When they came here before, Ye Feng and Fat Monk traveled for half a month.

But this time, it only took Ye Feng seven days to return to the Shenshui Dynasty.

"That is....."

At this moment, when Ye Feng arrived outside the imperial city of Shenshui Dynasty, he immediately saw a chaotic scene.

I saw masters wearing the clothes of the Black Demon Dynasty attacking the imperial city of the Shenshui Dynasty.

Seeing this scene, Ye Feng suddenly had a look of astonishment in his eyes.

Ye Feng never thought that a war would break out between the Black Demon Dynasty and the Shenshui Dynasty after he had not returned for so long.

The masters of the Black Demon Dynasty have already defeated the Shenshui Dynasty to the imperial city.

At this time, Ye Feng naturally did not hesitate at all, and immediately flew to the high altitude, and then directly blasted out a palm.

boom! !

Ye Feng's palm suddenly turned into a big golden hand, pressing down from high in the sky. It was filled with unparalleled power. In an instant, it hit the bottom hard and killed a large number of masters from the Black Demon Dynasty. .

"who is it??"

"Which strong man has appeared to deal with our Black Demon Dynasty?"

At this moment, the commander of the Black Demon Dynasty was a king wearing a black royal robe. This should be the emperor of the Black Demon Dynasty.

The emperor of the Black Demon Dynasty immediately stared at Ye Feng at this moment, and said with some anger: "Who are you, this young man? How can you have such a powerful power at such a young age? This is impossible ! There is absolutely no one like you in the Shenshui Dynasty."

Ye Feng immediately smiled slightly and said, "I am the core disciple of Tianhan Valley, one of the three top sects of the Shenshui Dynasty. Ye Feng has returned from training outside."

Hearing what Ye Feng said, the Shenshui Dynasty's imperial city suddenly burst into exclamations: "It's Ye Feng who is back!"

You know, Ye Feng has participated in the top talent competition since he was in the Shenshui Dynasty Imperial City.

After winning the first place in the competition, Ye Feng's name had already spread throughout the Shenshui Dynasty.

Everyone knows that there is an amazing genius in their Shenshui Dynasty named Ye Feng.

It's just that Ye Feng left the imperial city directly after participating in the Shenshui Dynasty's top genius competition, and he didn't know where to go to practice.

Unexpectedly, Ye Feng returned.

"But no matter how stunning and stunning Ye Feng is, he is still a member of the younger generation and cannot stand up to the top elders like the Black Demon Dynasty!"

There are still many people in the imperial city of Shenshui Dynasty who are despairing.

Uh-huh!

At this moment, a middle-aged man wearing a golden robe suddenly appeared in the imperial city of Shenshui Dynasty.

It turned out to be the emperor of the Shenshui Dynasty.

At this moment, the emperor of the Shenshui Dynasty immediately stared at Ye Feng outside the imperial city, and said in surprise: "Ye Feng, you have become so powerful now? You have already entered the soul. Realm of the Tenth Level! It's incredible! Hurry up and save our Shenshui Dynasty, the Black Demon Dynasty has almost destroyed our imperial city."

At this time, the emperor of the Shenshui Dynasty seemed to have found a savior.

Ye Feng nodded slightly at this time. After all, Ye Feng's sect was in the Shenshui Dynasty, and the emperor of the Shenshui Dynasty treated him quite well.

After he won the first place in the Top Talent Competition, the emperor of the Shenshui Dynasty also gave him a very good opportunity, and also allowed him to participate in the Ten Thousand Dynasties War in the Northern Territory of the Ten Thousand Monsters Interface.

At this time, Ye Feng flew directly towards the emperor of the Black Demon Dynasty.

As the saying goes, to capture the thief first capture the king.

As long as the emperor of the Black Demon Dynasty can be killed, the Black Demon Dynasty's team attacking the Shenshui Dynasty's imperial city will naturally be completely dispersed.

Uh-huh! Uh-huh! Uh-huh!

But at this moment, a dozen super strong men wearing black armor suddenly flew in front of the emperor of the Black Demon Dynasty, looked at Ye Feng, and said loudly: "How dare you be so presumptuous in front of His Majesty the Emperor? This boy is dead!"

Ye Feng had a look of surprise in his eyes at this time, because he sensed that in front of the emperor of the Black Demon Dynasty, the dozen or so super strong men wearing black armor had the same cultivation level as himself. , is an existence in the tenth level of the Soul Realm.

No wonder the Black Demon Dynasty was able to attack the edge of the Shenshui Dynasty's imperial city. It turns out that the Black Demon Dynasty gave birth to so many powerful beings.

But at this time, Ye Feng just showed a faint smile on his face, without any fear at all, and flew forward quickly.

"Um?"

Seeing Ye Feng rushing towards him, the emperor of the Black Demon Dynasty immediately looked at Ye Feng and said coldly: "This boy is so arrogant. Brother Mo Feng, please hurry up and kill this boy." "

Ye Feng suddenly smiled at this time and said aloud: "Emperor of the Black Demon Dynasty, do you really think these dozen trash can stop me? Although they are in the same realm as me, in my eyes, they It's really weak!"

Ye Feng's combat power is now off the charts. Not even the Black Ancient Buddha can stop Ye Feng's killing blows, let alone these dozen ordinary strong men who are in the same realm as Ye Feng.

At this moment, under the horrified gaze of the Emperor of the Black Demon Dynasty, a small black sword appeared in Ye Feng's hand, and he slashed forward. A terrifying sword light unexpectedly appeared.

Then in an instant, he killed all the dozen or so powerful guards that the Emperor of the Black Demon Dynasty was proud of, and died in an instant.

"What??"

Seeing that the super master he had worked so hard to train for many years was wiped out by Ye Feng with a single sword, the emperor of the Black Demon Dynasty immediately widened his eyes. It seemed that he had never thought that a young man like Ye Feng would actually possess such abilities. With such terrifying strength, it is really terrifying.

"So strong!!"

At this time, countless masters from the Shenshui Dynasty in the imperial city could no longer help their eyes showing deep horror when they saw this scene.

Even the emperor of the Shenshui Dynasty stared at Ye Feng, who was not far away, with deep horror in his eyes.

Because he never expected that Ye Feng would have become so strong in just over two months.

I don't know how many times more powerful than Ye Feng was when he participated in the top genius competition in Shenshui Dynasty more than two months ago.

This increase in combat effectiveness can be called an increase in explosiveness, which is really incredible.

At this time, Ye Feng slowly flew towards the emperor of the Black Demon Dynasty, smiled faintly, and said: "Now, you ordinary dynasties have no rivals in my eyes, so, An Xin Wait for your fate."

boom!

Almost at the moment when Ye Feng finished speaking, Ye Feng stretched out a big golden hand and instantly crushed the emperor of the Black Demon Dynasty to death with his desperate eyes.

"hiss!!"

Seeing this scene, the countless masters from the Shenshui Dynasty present suddenly showed deep shock and dullness in their eyes.

Originally, their Shenshui Dynasty was about to be destroyed, but the arrival of Ye Feng turned the entire battle situation around. In an instant, he killed more than a dozen of the top powerful men of the Black Demon Dynasty and put the emperor of the Black Demon Dynasty to death. They were all wiped out, which is really unbelievable.

In the imperial city of Shenshui Dynasty, Elder Leng from Tianhan Valley was also included. At this moment, Elder Leng looked at her, the disciple she had inadvertently accepted a few months ago, with a look of astonishment in her eyes. She was also preparing to She was teaching Ye Feng, but she didn't expect that Ye Feng had already surpassed her as a master.

At this time, other top geniuses in the imperial city of Shenshui Dynasty who also participated in the battle to defend the city, such as the young master Jun Wuyan of Shenjian Villa, or Long Lietian, the first genius of Panlong Sect, all had deep expressions in their eyes. A deep wry smile.

Now the gap between them and Ye Feng is getting wider and wider.

Even in the past two or three months, they have been looking for various ways to improve their strength, but the gap between them and Ye Feng is simply incomprehensible now.

At this moment, in the imperial city of Shenshui Dynasty, a group of senior powerful men from the Ten Thousand Beast Sect also had horror in their eyes.

Ye Feng and the Ten Thousand Beast Sect had a lot of grievances before. These senior strong men from the Ten Thousand Beast Sect were still thinking about dealing with Ye Feng, but now they don't dare to look at Ye Feng at all, for fear that if Ye Feng is unhappy, he will be punished. They were all wiped out.

At this moment, Ye Feng directly released the Devouring Domain, swallowing up all the masters of the Black Demon Dynasty that he had just killed.

However, it only provided some energy to Ye Feng, but it could not make Ye Feng's cultivation breakthrough. After all, it was too weak.

At this time, Ye Feng flew into the imperial city and came to the emperor of the Shenshui Dynasty. He smiled very relaxedly and said: "I'm back, and the Great War of Ten Thousand Dynasties will start soon."

Chapter 4275 Goodbye

At this time, the emperor of the Shenshui Dynasty stared at the young man in front of him with a very complicated look in his eyes.

He couldn't help but patted Ye Feng's shoulder and said aloud: "Ye Feng, your improvement in cultivation is really amazing. I thought you could only improve to a big level. Unexpectedly, in just two or three days, You have improved so much in just a few months. In the territory of our Shenshui Dynasty and the Black Demon Dynasty, no one is your opponent, no matter the younger generation or the older generation. "

At this time, the emperor of the Shenshui Dynasty spoke with a tone full of sighs.

After all, he had already seen Ye Feng kill the emperor of the Black Demon Dynasty and more than a dozen extremely powerful top guards of the Dark Dynasty.

It's simply devastating!

The top masters of the Black Demon Dynasty didn't even have any room to resist, and they were all killed by Ye Feng.

This crushing power is really shocking.

No one knows what level Ye Feng's true strength is.

At this time, the emperor of the Shenshui Dynasty immediately stared at Ye Feng and said with a smile: "Thanks to Ye Feng, you can come back this time. Otherwise, the imperial city of our Shenshui Dynasty would have been breached." , the three major sects are of no use to assist our entire royal family. After all, the top experts of the Black Demon Dynasty are too powerful, but under your hands, Ye Feng, they are just a bunch of crooked melons and cracked jujubes. They are simply like The simplicity of chopping melons and vegetables makes me, an emperor, very shocked."

At this time, when Ye Feng heard the sigh and appreciation from the Emperor of Shenshui Dynasty, he immediately smiled and said, "These are all small things."

For Ye Feng, the current battles between ordinary dynasties are indeed nothing more than trivial matters in Ye Feng's eyes.

Hearing Ye Feng's casual words, the emperor of the Shenshui Dynasty couldn't help but laugh bitterly.

He knew that in the eyes of Ye Feng at his current level, it was estimated that the battles between these ordinary dynasties were indeed nothing, just some minor fights.

At this time, the emperor of Shenshui King did not say anything more, but said aloud: "Next, I will send you to the battlefield of the Ten Thousand Dynasties War. It is an independent small world. By then, the entire Ten Thousand Dynasties War will be I will also tell you the rules in detail."

Ye Feng immediately nodded and said: "I am very much looking forward to the Great War of Ten Thousand Dynasties. As long as I can stand out in the Great War of Ten Thousand Dynasties, I can join the Blood Demon Dynasty, the three top forces in the northern region of our Ten Thousand Demon Interface, and be subject to focus

nourish. "

Hearing Ye Feng's expectant words, the emperor of the Shenshui Dynasty immediately smiled with relief.

He felt that Ye Feng might really be able to stand out in the Great War of Ten Thousand Dynasties.

At that time, the Shenshui Dynasty represented by Ye Feng will also be rewarded by the huge force of the Blood Demon Dynasty.

At this moment, the emperor of the Shenshui Dynasty couldn't help but remind him: "Although Ye Feng, your current cultivation strength has indeed risen to a very powerful level, you can't be too proud. After all, This time, the war of ten thousand dynasties will involve all the young geniuses from more than 10,000 dynasties. Among some top dynasties, there are also very powerful top geniuses. They are very powerful, maybe even stronger than you. After all, we The Shenshui Dynasty, under the leadership of the Blood Demon Dynasty in the Northern Territory, can only be regarded as a relatively low-level dynasty. "

Hearing what the emperor of Shenshui Dynasty said, Ye Feng immediately nodded, with a hint of sadness in his eyes.

Unexpectedly, the entire interface of Ten Thousand Demons is so vast. Just one of the top forces in the Northern Territory, the Blood Demon Dynasty, has more than 10,000 dynasties under its command.

This shows how vast the entire Northern Territory is.

This also shows how grand the entire Ten Thousand Demons interface is.

It is indeed a high-level cultivation interface among all the heavens and worlds. It is indeed very vast and vast.

At this moment, Ye Feng immediately nodded and said: "Don't worry, I will do what I can."

The emperor of the Shenshui Dynasty also smiled happily at this moment, and took Ye Feng into the palace in the imperial city.

The other two top geniuses of the Shenshui Dynasty who were going to participate in the Ten Thousand Dynasties War like Ye Feng, Wu Yan, the young master of the Shenjian Villa, and Long Lietian, the first genius of the Panlong Sect, also came to the palace. .

Three months later, when these two top geniuses faced Ye Feng, they no longer had the normal mentality before, but were terrified and in awe.

Because the strength Ye Feng showed just now simply shocked all the strong men and masters in the entire Shenshui Dynasty.

Ye Feng's fighting power is really terrifying.

All the top elites of the entire Black Demon Dynasty, including the emperor of the Black Demon Dynasty,

They were all destroyed by Ye Feng in an instant.

So at this time, Ye Feng should be considered the most powerful person in the Shenshui Dynasty, very powerful.

At this time, Jun Wuyan and Long Lietian, the two so-called top geniuses, naturally maintained a very awe-inspiring attitude in front of Ye Feng.

At this moment, the emperor of the Shenshui Dynasty looked at Ye Feng, Jun Wuyan and Long Lietian with very pleased eyes and said: "It is really great that our Shenshui Dynasty can produce three of your top geniuses this time. Fortunately, next, I will personally send you to the battlefield of the Ten Thousand Dynasties War. The battlefield of the Ten Thousand Dynasties War is an ancient small world opened up by the Blood Demon Dynasty. If you want to stand out in the Ten Thousand Dynasties War, you must enter In the center of the small world where Ten Thousand Dynasties of War was fought, there was a huge mountain called Shura Holy Mountain. This Shura Holy Mountain had a total of nine levels. Only those who climbed up to this Shura Holy Mountain could Only at the top of the ninth level of the mountain are you qualified to enter the Blood Demon Dynasty, and will be trained by the Blood Demon Dynasty. Therefore, after you enter the small world of war between ten thousand dynasties, you must first improve your cultivation strength as much as possible. Then go to the central area of this small world and climb the Asura Holy Mountain. However, if you are not strong enough, do not climb the mountain rashly. The Asura Holy Mountain is a very scary mountain placed by the Blood Demon Dynasty in that small world. If you are not strong enough, you must not climb the mountain rashly. If you climb the mountain, you will most likely die on the Shura Holy Mountain."

Hearing what the emperor of Shenshui Dynasty said, Jun Wuyan, the young master of Shenjian Villa, couldn't help but asked: "Your Majesty the Emperor, we have entered the small world of the

Ten Thousand Dynasties War. To what extent can we increase our strength? Climbing that sacred mountain of Shura?"

The emperor of the Shenshui Dynasty couldn't help but shook his head and said aloud: "This is all the information I know, and I don't know the rest. The envoy from the Blood Demon Dynasty who came to our Shenshui Dynasty did not Tell me nothing more, just this little information."

Hearing what the emperor of the Shenshui Dynasty said, the three geniuses present did not ask any more questions. They nodded and said loudly: "No matter what, we will definitely try our best to stand out in the war of ten thousand dynasties and strive to enter the bloodline." Inside the Demon Dynasty."

After finishing speaking at this moment, the two young geniuses, Jun Wuyan and Long Lietian, both looked at Ye Feng in the middle.

Because they knew very well that if among the three of them, who was most likely to be selected to enter the Blood Demon Dynasty, it would definitely be Ye Feng.

Because Ye Feng was among the three of them

Among them, he is the most powerful, and far surpasses Jun Wuyan and Long Lietian today.

At this time, they were all very curious, where had Ye Feng been in the past two or three months?

His cultivation strength has improved so much?

The improvement is simply incredible.

What kind of huge opportunity must have been obtained to be able to accumulate Ye Feng's cultivation to the current level? It is really incredible to the extreme.

At this moment, even the emperor of the Shenshui Dynasty was staring at Ye Feng curiously, wanting to know why Ye Feng had become so powerful in just a few months.

But no one asked any more questions.

Because they knew very well that these were Ye Feng's own secrets.

If he asked, it would make Ye Feng unhappy, which would not be good.

At this time, the emperor of the Shenshui Dynasty looked at the three people in front of him, smiled and said: "In three days, you come to the palace to gather, and I will take you to see the envoy of the Blood Demon Dynasty who came to our Shenshui Dynasty. The messenger will take you into the independent small world of the Ten Thousand Dynasties War. In these three days, you will each return to your respective forces and say goodbye to your relatives and friends. After all, the Ten Thousand Dynasties War is very dangerous. If you are not careful, You may fall into it. Even if you can stand out in the Ten Thousand Dynasties War and enter a big stage like the Blood Demon Dynasty in the future, it is estimated that it will be difficult to come back to our small place. "

Hearing what the emperor of the Shenshui Dynasty said, Jun Wuyan and Long Lietian both nodded and left.

Ye Feng was also preparing to leave at this moment, wanting to return to Tianhan Valley and say goodbye to his familiar senior sister Su Jixue.

After all, for Ye Feng, Senior Sister Su can be regarded as Ye Feng's guide to Tianhan Valley and Shenshui Dynasty.

Now that Ye Feng is leaving, and may never come back, he naturally wants to say goodbye to Senior Sister Su properly.

But just when Ye Feng was about to turn around, the emperor of the Shenshui Dynasty in the main hall suddenly said: "Ye Feng, wait a moment, my daughter Princess Ziyun wants to see you alone."

When Ye Feng heard what the emperor of the Shenshui Dynasty said, his eyes suddenly showed a look of surprise, then he nodded slightly and said: "Okay, since Princess Ziyun wants to see me, then I will definitely meet her. After all, Princess Ziyun and I had a very good relationship before."

Chapter 4276 The Place of Enlightenment

At this moment, when Ye Feng said this, the emperor of the Shenshui Dynasty immediately brightened his eyes, and then couldn't help but asked: "I don't know Ye Feng, how do you feel about my daughter Princess Ziyun?" , what's your impression of her?"

Hearing the emperor of the Shenshui Dynasty ask this question, Ye Feng's eyes suddenly showed a look of surprise. It seemed that he did not expect that this dignified emperor of the same dynasty would ask such a trivial question.

Regarding this, Ye Feng thought about it for a moment, and then couldn't help but said: "My impression of Princess Ziyun is still very good. Princess Ziyun and I had a very pleasant conversation before, and I think Princess Ziyun is very good. Gentle and easy to create a sense of closeness and warmth."

Hearing Ye Feng's comments, the bright color in the eyes of the emperor of Shenshui Dynasty became more intense.

The emperor of the Shenshui Dynasty couldn't help but said: "I wonder, Ye Feng, what requirements do you have for finding a martial arts partner?" .??.

Hearing the emperor of the Shenshui Dynasty ask this question, Ye Feng immediately understood something. He couldn't help but smile, shook his head, and said loudly: "I am not very interested in finding a partner for martial arts cultivation now, because My biggest interest now is to improve my strength as much as possible and enter a bigger practice stage."

Hearing what Ye Feng said, the emperor of the Shenshui Dynasty immediately smiled and said: "This will not delay your business. If you are willing, I can hold a wedding for you and my daughter Princess Ziyun tomorrow. You two are in love, I think we can hold the wedding right away."

Hearing what the emperor of the Shenshui Dynasty said, Ye Feng's eyes suddenly showed a look of astonishment.

It seems that he never expected that the emperor of Shenshui Dynasty would be like a matchmaker at this moment, so eager to marry his daughter to him.

This made Ye Feng's eyes suddenly reveal a look of deep surprise, as if he did not expect that the emperor of the Shenshui Dynasty would do such a thing in order to win over him.

However, Ye Feng could only shake his head with a wry smile and said, "I really don't have much interest in this right now."

After saying that, Ye Feng didn't want to explain anything anymore and just prepared to leave the palace.

But just the moment Ye Feng walked out of the palace, a beautiful and moving figure was already standing on the white jade square outside the palace.

That turned out to be Princess Ziyun.

Princess Ziyun was wearing a purple dress at this moment. The dress was fluttering in the wind, giving the impression that it was like a flower floating in the wind. It was very endearing and beautiful.

At this time, Ye Feng stared at Princess Ziyun and was about to say something.

But Princess Ziyun immediately showed a sweet smile and said loudly: "I heard what was said in the hall just now. I hope that Mr. Ye Feng can successfully stand out in the war of ten thousand dynasties and join the Blood Demon Dynasty in the future. I am sincerely happy for Master Ye Feng to realize his revenge and ideals."

explain

After that, Princess Ziyun turned around and left.

Seeing Princess Ziyun's retreating back, Ye Feng stretched out his hand as if he wanted to say something, but in the end Ye Feng didn't say anything more, but shook his head and left the palace.

When Ye Feng left the palace, he returned directly to Tianhan Valley.

When Ye Feng returned to Tianhan Valley.

In the entire Tianhan Valley, all the experts stood at the entrance of Tianhan Valley, welcoming Ye Feng back.

Seeing this grand scene, Ye Feng was even a little flattered.

However, Ye Feng felt that it was probably because he had single-handedly destroyed all the top masters in the Black Demon Dynasty in the Imperial City, which probably shocked all the strong men in Tianhan Valley to the extreme.

At this time, Ye Feng saw a familiar figure in the crowd, it was his own Su Jixue, Senior Sister Su.

Uh-huh!

At this time, Ye Feng flew directly towards Su Jixue.

Su Jixue stared at Ye Feng at this moment and couldn't help but said in amazement: "Junior Brother Ye Feng, I didn't expect that your current cultivation strength has improved to this level. In just a few months, It's really amazing."

Su Jixue saw with her own eyes that Ye Feng had grown up step by step until today, which naturally made Su Jixue have mixed feelings in her heart.

Ye Feng stared at Su Jixue in front of him at this moment, and said with a smile: "With Senior Sister Su's cultivation talent, as long as she continues to practice hard, she will definitely be able to achieve my current achievements in the future, and she can also participate in the Great War of Ten Thousand Dynasties."

Hearing what Ye Feng said, Su Jixue suddenly showed a heroic smile on her face and said loudly: "I will definitely participate in the Great War of Ten Thousand Dynasties in the future, and I will also work hard to enter the Blood Demon Dynasty, one of the three top forces in the Northern Territory. In the meantime, when I meet you again, Junior Brother Ye Feng, we can continue to be together and practice together. Junior Brother Ye Feng, you must know that you are now the goal of my hard work."

Hearing what Su Jixue said, Ye Feng immediately smiled and said: "Okay, then I will be in the Blood Demon Dynasty in the future, waiting for you, Senior Sister Su."

At this moment, both Ye Feng and Su Jixue have already acquiesced that Ye Feng will definitely be able to join the Blood Demon Dynasty.

Because Ye Feng's strength is indeed too strong, it is impossible not to stand out in the Wan Chao War. It just depends on what ranking he can reach in the end.

Being selected by the Blood Demon Dynasty would definitely be no problem.

It just depends on who can end up in the Great War of Ten Thousand Dynasties.

At this moment, just as Ye Feng and Su Jixue were talking, a majestic voice suddenly sounded throughout Tianhan Valley: "From today on, my core disciple of Tianhan Valley, Ye Feng, will directly

The Son of God who was named our Tianhan Valley is unique. "

Wow!

Hearing this majestic voice, the entire Tianhan Valley suddenly erupted in an uproar.

After hearing this majestic voice, Ye Feng showed a helpless smile on his face.

Su Jixue couldn't help but shook her head, stared at Ye Feng, and said angrily: "It's true that we in Tianhan Valley, seeing how powerful Ye Feng is now, want to use your power to kill you directly Called the Son of God of our Tianhan Valley."

Ye Feng couldn't help but smile helplessly at this time, and said aloud: "This operation is normal. When I was in the palace of Shenshui Dynasty before, the emperor of Shenshui Dynasty also wanted to marry his daughter Princess Ziyun on the spot. Give it to me and tell me that the wedding will be held directly tomorrow."

"ah?"

Hearing what Ye Feng said, Su Jixue's expression immediately changed slightly, and she couldn't help but asked anxiously: "Do you agree to it, Ye Feng?"

Ye Feng immediately couldn't help but shook his head helplessly, and said loudly: "Although the relationship between Princess Ziyun and I is quite cordial, it is limited to friends and has not reached that point. Of course I do not agree. This kind of thing requires two people to be happy, and forceful melons are not sweet. Princess Ziyun also directly wished me to stand out in the war of ten

thousand dynasties and enter a larger cultivation force. After saying that, she left and said something else. She didn't say anything, so I think she definitely didn't mean that at all, otherwise how could she not say a word about marrying me, right?"

Hearing what Ye Feng said, Su Jixue seemed to be secretly relieved, and then looked at Ye Feng in front of her. A very intimate smile appeared on her cold and beautiful face.

Su Jixue stretched out her snow-white hands, grabbed Ye Feng's palm, and said loudly: "Junior brother Ye Feng, let's go, I will take you to a special place. You will soon participate in the Wanchao War. This place should be right for you." Your next participation in the Great War of Ten Thousand Dynasties will be of great help. It is a very special place in our Tianhan Valley. You are now named the Son of God of our Tianhan Valley, and you are qualified to enter it. If you don't go, it will be in vain. , don't waste it."

"Where?"

Hearing what Su Jixue said, Ye Feng's eyes showed a hint of curiosity.

However, Ye Feng knew that Su Jixue was an old disciple in Tianhan Valley, and she definitely knew a lot more about Tianhan Valley than she did.

Since Senior Sister Su said so, Ye Feng naturally had no objection and allowed Su Jixue to pull him to fly quickly in a certain direction.

While being pulled by Su Jixue and flying in a certain direction, Ye Feng couldn't help but asked out of curiosity: "Senior Sister Su, what special area in Tianhan Valley is the place you want to take me to? Can you deal with it?" Will it be helpful for me to participate in the next Wan Chao War?"

Su Jixue immediately smiled and said loudly: "You will know when you arrive.

"

When Ye Feng heard what Su Jixue said, his eyes were stunned, and then he didn't say anything more.

Instead, he was pulled by Su Jixue and flew quickly towards a certain direction in Tianhan Valley.

Half an hour later, Su Jixue and Ye Feng finally arrived at the place she mentioned.

"This is....."

At this moment, Ye Feng looked at the area in front, with a hint of astonishment in his eyes.

Ye Feng discovered that the front was already the deepest area of Tianhan Valley.

There turned out to be a very dilapidated ruins here.

It feels like the ruins left behind after a very tragic battle took place here.

Ye Feng couldn't help but asked: "Senior Sister Su, is the place you brought me here a ruins left after the war? What is the use of such a place?"

Su Jixue immediately nodded and said loudly: "The founder of the first generation of our Tianhan Valley, who is also the ancestor of our Tianhan Valley, unearthed a very special set of tools in this ruined land. With a powerful inheritance, he successfully achieved enlightenment in this ruined land and created a super power like Tianhan Valley. So I will take you to this place now. It is actually the place where our ancestor of Tianhan Valley achieved enlightenment. , after the Patriarch succeeded in enlightenment here, he created the entire Tianhan Valley, and then directly ascended to a higher latitude of time and space. Therefore, this seemingly dilapidated ruins are actually our entire Tianhan Valley. The most precious place in the valley, only by becoming the core member of our Tianhan Valley can you enter this area and understand the profound meaning of the great path left by the ancestor. I brought you Ye Feng here just to let Ye Feng, you are in the power of our ancestor's enlightenment. Let's see if you can sense any special mysteries. If Ye Feng, you can sense the mysteries of our ancestors, it will definitely have a huge impact on your realm and strength. Incomparable help. Next time you participate in the Ten Thousand Dynasties War, the stronger your overall strength will be, the safer you will be. Now you are the only son of God in our Tianhan Valley, so you can gain insights here without any time limit. "

Hearing what Su Jixue said, Ye Feng's eyes suddenly showed a hint of gratitude.

He knew that this meant that Senior Sister Su really cared about him, otherwise it would have been impossible for him to tell him such a mysterious place.

At this time, Ye Feng immediately said out loud: "Senior Sister Su, please join me here to understand the profound meaning of Grandmaster Grandmaster."

Su Jixue immediately couldn't help but shook her head with a wry smile, and said aloud: "I have sensed it here. The master brought me here, but I can't sense the profound meaning of the great path left by the ancestor at all. Maybe it's me. Very poor talent."

Hearing what Su Jixue said, Ye Feng nodded slightly, and then said loudly: "Then let me sense it and give it a try."

Chapter 4277 The inheritance of the ancestor

Buzz!

At this time, Ye Feng did not hesitate and directly released his soul power and spread it towards the surroundings.

Because Ye Feng knew that this ruined place was the place of enlightenment created by the first founder of Tianhan Valley, Grandmaster.

Therefore, if you want to sense the profound truth contained in this power of enlightenment, you will definitely need your own huge soul power to sense everything.

If Ye Feng feels that even with his soul power, he cannot sense the profound truth contained here, then Ye Feng feels that he may never have the chance to obtain the peerless inheritance left by the founder of Tianhan Valley.

Ye Feng knew very well that the reason why Senior Sister Su, Su Jixue, brought him here was so that he could sense the peerless inheritance left by his ancestor.

If I can get this set of peerless inheritance, I will definitely have a huge advantage in the war between ten thousand dynasties.

After all, you must know that the founder of Tianhan Valley is not an ordinary master of a big force, but an adult-level existence who was able to ascend to a higher dimension of time and space.

Therefore, the place of enlightenment he left behind and the peerless inheritance contained in it, once he can understand it and learn it successfully, Ye Feng's comprehensive strength will be

enhanced unparalleled, and it will help Ye Feng's vision and realm to be raised to a higher level.  
Levels of horror.

At that time, Ye Feng's combat power will definitely usher in unparalleled growth.

At this moment, Ye Feng still has an idea in his heart, that is, if he can find the peerless inheritance left by the ancestor of Tianhan Valley from this place of enlightenment, then he can pass on this set of peerless inheritance to Su. Senior sister.

After all, Su Jixue is already very close to Ye Feng, and Senior Sister Su has always been thinking about herself.

Therefore, if Ye Feng can really obtain this set of peerless inheritance and pass it on to Su Jixue, Su Jixue will definitely be able to shine in Tianhan Valley in the future as he practices.

Senior Sister Su will definitely be able to participate in the Ten Thousand Dynasties War by then.

Maybe the two of them can really meet again in the blood demon dynasty, a top power.

Therefore, with this idea in his heart, Ye Feng released his soul power and spread it around, trying to discover as much as possible the traces of the great truth contained in every space.

At this time, with Ye Feng's exploration, Ye Feng could immediately sense the void, which was indeed different from ordinary void.

This void seems to contain some very mysterious and ancient power.

This made Ye Feng's eyes suddenly reveal a look of deep joy.

This must be the secret inheritance left by the ancestor of Tianhan Valley back then.

At this moment, Ye Feng concentrated his energy, no longer caring about anything around him, and then devoted himself to searching for the ancient and mysterious power contained in the void.

Almost in the next moment, Su Jixue, who was standing next to her, suddenly

I saw an incredible scene.

Buzz!

All around Ye Feng, a lot of golden light suddenly appeared in the calm void.

These golden lights condensed into ancient symbols around Ye Feng.

Then these ancient symbols condensed into a very long golden chapter in the void in front of Ye Feng.

When Su Jixue saw this scene, her eyes immediately revealed a look of deep horror, and she couldn't help but exclaimed: "Ye Feng, you actually succeeded in discovering the peerless secret left by our Tianhan Valley Patriarch. Inheritance, the profound meaning of the great road, has now been condensed by you, and all is manifested in the void in front of you. "

Ye Feng opened his eyes at this time and looked at the golden chapter floating in the void in front of him. There was deep joy in his eyes. He quickly said to Su Jixue beside him: "Senior Sister Su, don't stop. You're wasting your time, hurry up and write down this golden chapter. This is the peerless inheritance left by the ancestor of Tianhan Valley. If you can learn it, you can also become a peerless genius in the future. Maybe you will There is also a chance to participate in the Ten Thousand Dynasties War, and then we can really meet again in the Blood Demon Dynasty. "

When Su Jixue heard what Ye Feng said, she was naturally very excited and quickly began to record the golden chapter that appeared in the void in front of her.

At this time, Ye Feng started to understand directly.

Because Ye Feng's comprehension ability is very demonic, he can directly learn all the secrets of inheritance in this golden chapter in an instant.

But Su Jixue couldn't.

But if Su Jixue can memorize all the secrets of inheritance in this golden chapter, and then slowly understand, it will definitely be of huge benefit to Su Jixue's practice.

At this moment, with Ye Feng's realization, a faint golden light suddenly appeared in Ye Feng's eyes.

Ye Feng immediately learned successfully the inheritance left by the ancestor of Tianhan Valley.

This set of inheritance is called "Frozen Sword Soul Art".

This set of inheritance should be the martial arts inheritance created by the ancestor of Tianhan Valley himself. It is different from all the peerless inheritances that Tianhan Valley currently has.

Because the attribute of this Frozen Sword Soul Technique is the ice attribute, most inheritances in Tianhan Valley do not have this special attribute.

At this moment, Ye Feng did not hesitate at all. He quickly imprinted the Frozen Sword Soul Technique in his mind, and then quickly analyzed the martial arts secrets in it, so that Ye Feng could quickly perform it. reveal its true power.

After Ye Feng succeeded in practicing, Ye Feng tried to release the power of this inheritance.

I only saw Ye Fengmo

Recite the profound meaning of this inheritance.

boom!

Almost at this moment, an infinite amount of cold energy suddenly burst out from above Ye Feng's head, and a huge ice sword was condensed into it, and it slashed forward fiercely in an instant. In an instant, it caused unparalleled damage to the front.

The entire earth was frozen, and the entire earth was shattered.

This shows how powerful this Frozen Sword Soul Art is.

Ye Feng's eyes showed deep joy at this time.

I didn't expect that I would inadvertently obtain such an earth-shattering and peerless inheritance.

This has huge benefits for improving Ye Feng's overall strength.

At this moment, Su Jixue beside her was also constantly comprehending the Frozen Sword Soul Technique.

Su Jixue's expression also turned into one of great surprise.

Because she can sense how powerful this set of inheritance is, it is definitely many times more advanced than all the inheritances that currently exist in Tianhan Valley.

It is a top-level inheritance created by the true founder of Tianhan Valley.

Su Jixue knew that Ye Feng was giving himself a huge treasure.

At this time, Su Jixue's beautiful eyes suddenly showed deep gratitude.

Su Jixue stared at Ye Feng beside her, couldn't help but stretched out her small white hand, grabbed Ye Feng's palm, and said gratefully: "Junior Brother Ye Feng, thank you! Thank you for giving me such a gift Great luck, Junior Brother Ye Feng, if you have any requests for me, please feel free to ask, and I guarantee that I will satisfy you."

What Su Jixue said at this time was completely different from her usual cold demeanor.

At this time, Su Jixue's eyes looked at Ye Feng, and they were filled with a warm feeling.

Ye Feng did not notice the enthusiastic look in Su Jixue's eyes at this moment. He just smiled slightly and said loudly: "Senior Sister Su guided me to Tianhan Valley before. She is also my noble person and has helped me so much. , now that I have successfully cultivated this set of peerless

inheritance, I will teach it to you, Senior Sister Su, as a way of repaying my kindness to you, Senior Sister Su. You don't have to be so polite."

After finishing speaking, Ye Feng pointed at the huge frozen giant sword that he had just condensed not far away, slashing the ruins of the broken earth, and immediately smiled and said: "Senior Sister Su, As long as you understand this set of inheritance carefully and successfully, you can also display the powerful power of this set of Frozen Sword Soul Techniques. Like me, it can cause huge destructive power. When the time comes, you can participate In the Wan Dynasty war, it is very likely that he will be chosen by the Blood Demon Dynasty, and then the two of us can continue to meet in the Blood Demon Dynasty. "

Hearing what Ye Feng said, Su Jixue immediately showed deep joy in her eyes and said: "Okay, Junior Brother Ye Feng, you will first participate in the Wanchao War. If you enter

When you join the Blood Demon Dynasty, you must pass the news to me. I will definitely practice hard and follow your footsteps. "

Hearing what Su Jixue said, Ye Feng immediately nodded vigorously, and then said with a smile: "Anyway, this time I would like to thank Senior Sister Su for bringing me here so that I can learn from our Tianhan The peerless inheritance left by Master Gu. After all, Master Gu is a great figure who can ascend to a higher dimension of time and space. The set of Frozen Sword Soul Techniques he left behind must be very powerful. I also tested its power just now. "

After finishing speaking, Ye Feng suddenly looked in a certain direction and said loudly: "Then I will leave Tianhan Valley directly now. In Tianhan Valley, only Senior Sister Su and I have a very close relationship. The other people I'm not very familiar with it either. I came back to Tianhan Valley this time just to say goodbye to you, Senior Sister Su, in person."

Su Jixue nodded, her eyes seemed a little moved.

Uh-huh!

Almost at the next moment, Su Jixue's beautiful figure came to Ye Feng and hugged Ye Feng.

"this....."

Ye Feng's eyes were slightly startled when the fragrance came into his arms.

The next moment, Su Jixue had let go of Ye Feng, with a hint of reluctance on her cold and beautiful face, and said loudly: "Junior brother Ye Feng, you must be careful when you go this time."

Ye Feng nodded, then waved his hand to Su Jixue and jumped directly. His whole body instantly turned into a ray of light and flew quickly in a certain direction in the distance.

The direction Ye Feng flew to was naturally the direction of the Shenshui Dynasty's imperial city.

Counting the time, a day or two have passed now.

So Ye Feng now goes directly to the imperial city of the Shenshui Dynasty, waiting for the emperor of the Shenshui Dynasty to take them directly into the independent small world of the Ten Thousand Dynasties War.

Ye Feng was rushing on his way at this time, with a look of deep anticipation in his eyes.

After all, the Blood Demon Dynasty is one of the top three forces in the Northern Territory of the Ten Thousand Demons Interface.

If he can really stand out in the war of ten thousand dynasties and enter the Blood Demon Dynasty, then he can realize his ambition, which is to control the entire Blood Demon Dynasty.

When the time comes, the Blood Demon Dynasty, a huge scourge, can become a huge help to Ye Feng.

Ye Feng is looking forward to this very much.

But Ye Feng also knows that the meal must be eaten one bite at a time and the road must be walked step by step.

If you want to fulfill your inner ambition, you must work hard to continuously improve your cultivation strength to be able to do this.

However, Ye Feng is still very confident in himself.

After all, the various inheritances and methods currently mastered by Ye Feng, as well as his own talents and abilities, are all very evil, enough for Ye Feng to fulfill his ideals and ambitions.

And just when Ye Feng was thinking secretly, he was almost approaching the imperial city of Shenshui Dynasty.

Chapter 4278 Lord Messenger

Ye Feng was very fast. When he arrived at the imperial city of Shenshui Dynasty, he landed directly on top of the palace.

When Ye Feng walked into the palace, he discovered that Jun Wuyan from the Divine Sword Villa and Long Lietian, the first genius of the Panlong Sect, were already waiting in the palace.

Obviously, the two of them can't wait to enter the battlefield of the Ten Thousand Dynasties War.

Because they felt that if there was any place where they could catch up with Ye Feng, it would be the battlefield of the Wan Chao War.

The battlefield of the Ten Thousand Dynasties War is said to be set up in a small independent world.

Although that small world is very dangerous, it also contains huge opportunities. .??.

Therefore, the reason why the Blood Demon Dynasty held the Ten Thousand Dynasties War was to select the strongest genius.

The Blood Demon Dynasty has set up a special small world in which all geniuses can not only fight each other and hone their martial arts will, but also use various training resources in the small world to grow.

At this time, Ye Feng walked to the palace.

Seeing Ye Feng approaching, Jun Wuyan, the young master of Shenjian Villa, and Long Lietian, the first genius of Panlong Sect, both had deep surprises in their eyes.

Because they didn't know why, they felt that Ye Feng seemed to have become a lot stronger in the past two days since he left the palace.

And it feels vaguely terrifying.

At this time, both of them were amazed.

Ye Feng's cultivation speed is too fast.

Although Ye Feng's cultivation level has not been improved, they can clearly feel that Ye Feng's methods must have become much stronger.

Otherwise, it would be impossible to create such invisible pressure on them.

The Frozen Sword Soul Technique that Ye Feng had cultivated at this moment could indeed put an invisible pressure on people.

After all, it was a peerless inheritance created by the astonishingly talented Patriarch of Tianhan Valley.

Therefore, Ye Feng successfully practiced the Frozen Sword Soul Technique. In fact, in the void around him and around him, a very special thing was faintly condensed that could exert faint pressure on all the surrounding creatures.

It is something called a "sword soul". It is in a state of nothingness and cannot be seen by ordinary people, but it can be sensed and withstand pressure.

At this time, the emperor of the Shenshui Dynasty walked out of the palace.

At this moment, the emperor of the Shenshui Dynasty looked at the three top geniuses in front of him, and immediately smiled happily and said: "Okay, since you three have arrived, then I will

I will take you to meet the envoy from the Blood Demon Dynasty to our Shenshui Dynasty in advance. When the time comes, this envoy from the Blood Demon Dynasty will take you into the

small world and personally explain to you the various aspects of the Ten Thousand Dynasties War. rules and a way to win in the end. "

At this moment, the emperor of the Shenshui Dynasty was talking, and suddenly he seemed to have thought of something. He looked at Ye Feng and said seriously: "Ye Feng, after meeting the envoy of the Blood Demon Dynasty later, this If the envoy of the Blood Demon Dynasty is interested in you and wants to test you, you must give full play to your strength. If you can show your strength in front of this envoy of the Blood Demon Dynasty, she will be satisfied. , it will be of great benefit to you when you enter the Blood Demon Dynasty in the future. This envoy of the Blood Demon Dynasty will also focus on you. After all, he can become the envoy of the Blood Demon Dynasty and be sent to the major dynasties to guide young geniuses to participate in the Ten Thousand Thousand Thousand Thousands of Years. The status of these envoys in the Blood Demon Dynasty must be very extraordinary. I heard that many of the envoys of the Blood Demon Dynasty, their true identities are some of the noble children of the Blood Demon Dynasty. The Blood Demon Dynasty The reason why the dynasty sends these noble children is to train them. "

Hearing what the emperor of the Shenshui Dynasty said, Ye Feng's eyes were slightly stunned, and then he nodded and said loudly: "Okay, I understand, I really need the emperor's reminder."

At this moment, the other two geniuses Jun Wuyan and Long Lietian standing next to Ye Feng couldn't help but smile bitterly.

The emperor of the Shenshui Dynasty obviously only said these words to Ye Feng alone.

Jun Wuyan and Long Lietian, compared with Ye Feng, are currently far behind, so there is no need for them to show any strength in front of the envoy of the Blood Demon Dynasty, because they are too ordinary.

But at this time, Jun Wuyan and Long Lietian's eyes burst out with strong fighting spirit.

They firmly believe that as long as they practice hard, they will definitely be able to become a top being like Ye Feng.

At this moment, when everyone is thinking about their own things.

The emperor of the Shenshui Dynasty has brought three people to the area inside the palace.

There is a royal garden here, which looks very beautiful. It is lush and green everywhere, giving people a very peaceful feeling.

At this moment, the emperor of the Shenshui Dynasty spoke out: "The envoy of the Blood Demon Dynasty is standing in the pavilion in the center of the royal garden ahead. I won't go there. You

Let's go directly. When the time comes, she will take you into the small world where the battlefield of the Ten Thousand Dynasties War is located. I can only send you here. "

When he said this, the emperor of the Shenshui Dynasty looked at the three people in front of him with sigh, and continued to speak with emotion: "I hope all three of you can work hard. If you can all learn from the Wanchao War, If we stand out and enter the Blood Demon Dynasty, our Shenshui Dynasty will become more powerful because of this. Not only will no other dynasty dare to continue to bully our Shenshui Dynasty, but the top dynasty of the Blood Demon Dynasty will also give us this small dynasty. Huge resource allocation, I would like to thank you first on behalf of the many people of our Shenshui Dynasty."

After speaking, the emperor of the Shenshui Dynasty patted the shoulders of the three people, then turned and left.

At this time, after seeing the emperor of the Shenshui Dynasty leaving, Ye Fengjun Wuyan and Long Lietian glanced at each other, then nodded and flew quickly in a certain direction ahead.

After they passed through the large royal garden, they finally came to the central area of the royal garden. ??

Here stands this pavilion, which is antique and very charmingly built.

At this time, they were shocked to discover that the figure standing in the pavilion turned out to be a little girl who looked about ten years old.

"this....."

At this moment, Ye Fengjun Wuyan and Long Lietian looked at each other with astonishment in their eyes.

Jun Wuyan, the young master of the Divine Sword Villa, couldn't help but said with some uncertainty: "Could this little girl who looks like she is only about ten years old be the envoy from the Blood Demon Dynasty? "

Long Lietian's rough face immediately showed an expression of astonishment, and he couldn't help but said: "It shouldn't be so, maybe she is the daughter of the envoy from the Blood Demon Dynasty. It just so happened that this time the envoy from the Blood Demon Dynasty brought her daughter. Come and have some fun in a small dynasty like our Shenshui Dynasty."

At this time, Ye Feng couldn't help but shook his head and said loudly: "My perception is very strong. I can sense that this little girl who looks only about ten years old has a very terrifying cultivation aura. She is simply deep." Unpredictable."

Hearing what Ye Feng said, Jun Wuyan and Long Lietian couldn't help but their eyes trembled.

Then they all sensed it at this time, and suddenly there was a look of horror in their eyes.

Because they really had no way of sensing any aura emanating from this little girl.

That is absolutely unfathomable.

It shows that this little girl is many times higher than their cultivation level, so she can prevent them from sensing any aura.

At this moment, Long Lietian's eyes widened immediately and he couldn't help but said: "This little girl is actually our messenger, a super master from the Blood Demon Dynasty? This is not what I imagined. The contrast between Mr. Messenger is too great."

At this time, Jun Wuyan couldn't help but nodded with a wry smile, and said aloud: "The envoys of the Blood Demon Dynasty in my imagination must be the kind of majestic middle-aged men, or old men with vicissitudes of life, or... I didn't expect that such a sharp-edged, top-notch young man would turn out to be such a little girl of about ten years old, and she looked quite cute and harmless to humans and animals."

Ye Feng immediately boomed at this time and said in a low voice: "Stop discussing it. It will be bad if the envoy of the Blood Demon Dynasty hears it."

After hearing what Ye Feng said, Jun Wuyan and Long Lietian immediately shut their mouths.

really.

If this little girl is really an envoy from the Blood Demon Dynasty, then their reckless comments will definitely have a bad influence on the envoy.

At this time, Ye Feng, Jun Wuyan and Long Lietian straightened their expressions, then combed their clothes, and walked towards the pavilion not far away in a very solemn and elegant manner.

Soon, they came to the pavilion, looked at the little girl with her back to them, and immediately said aloud: "The three top geniuses of the Shenshui Dynasty, Ye Feng, Jun Wuyan, and Long Lietian, have seen anyone from The envoy of the Blood Demon Dynasty."

At this time, the three of them were talking. It felt a bit strange to say such solemn words to a cute little girl who was no more than ten years old.

But at this time, they had to say this.

After all, the emperor of the Shenshui Dynasty also reminded them that they must maintain a basic respect for the envoys from the Blood Demon Dynasty. This will be of great benefit to them in participating in the Great War of Ten Thousand Dynasties, including entering the Blood Demon Dynasty.

Because if the messenger can be interested in them and even appreciate them, their future will definitely be very good.

Because those who can become the envoys of the Blood Demon Dynasty must come from the dignitaries of the Blood Demon Dynasty.

Therefore, although this little girl looks very cute and very young, her status must be very high, and her own cultivation is unfathomable, and she deserves to be treated seriously.

Chapter 4279 Top Valve

At this time, the moment Ye Fengjun Wuyan and Long Lietian finished speaking, the little girl who looked very young standing in the pavilion immediately turned around.

As expected, a very innocent and cute little face appeared.

At this time, this contrasting messenger, such a little girl, immediately looked at Ye Feng, Jun Wuyan and Long Lietian in front of them.

A pure and lovely smile appeared on her lovely face, without the airs of someone from the upper echelon of a powerful force. Instead, she said with great interest: "Are you all the top young geniuses in the Shenshui Dynasty? ? It doesn't feel good no matter what."

Hearing the words of this little girl from the Blood Demon Dynasty, Ye Fengjun Wuyan and Long Lietian couldn't help but have a look of astonishment in their eyes.

It seems that this little girl is not the kind of master who has the art of rejuvenation. She is really just a little girl. Her emotional intelligence is so low. It can be said that their abilities are not very good.

However, the three of them couldn't say much about this.

Because what they say is indeed the truth.

Jun Wuyan immediately stepped forward, clasped his fists and said loudly: "Master Messenger, you come from the extremely powerful and advanced Blood Demon Dynasty, and your cultivation strength is much stronger than the young masters from lower dynasties like us. This is normal. , because our cultivation resources are definitely not as good as the Blood Demon Dynasty from which Lord Messenger comes, so we have to work hard to participate in the Ten Thousand Dynasties War, hoping to enter the Blood Demon Dynasty and gain stronger power. "

Hearing what Jun Wuyan said, the little girl in front of him immediately nodded thoughtfully and said, "What you said seems to be quite right."

After finishing speaking, the little girl seemed to have thought of something. She immediately introduced herself with a smile and said, "By the way, I haven't told you yet. My name is Murong Xixi. I come from the Murong family of the Blood Demon Dynasty."

"What??"

Hearing what the little girl Murong Xixi said, Jun Wuyan immediately couldn't help but said in horror: "Your Majesty, the messenger, is from the Murong family?"

Seeing Jun Wuyan's horrified expression, Ye Feng, who was standing beside him, and Long Lietian, the first genius of the Panlong Sect, all had curious looks in their eyes.

Ye Feng couldn't help but look at Jun Wuyan and asked in a low voice: "What happened to the Murong family? Is it special?"

Jun Wuyan immediately looked at the two companions beside him, and explained in a low voice: "I have been in retreat in our Divine Sword Villa these days, and my father has taught me a lot about the Blood Demon Dynasty. In addition to the most noble royal family in the dynasty, followed by the powerful

Prince, various big families, among them, the one with the deepest foundation is the six top families of the Blood Demon Dynasty. The Murong family is one of these six top families, second only to the royal family. You say, special special? I didn't expect that this little messenger girl who came to our Shenshui Dynasty would be a descendant of the Murong family, one of the six top families. I just don't know what the identity of this messenger is in the Murong family. But In any case, as long as you are a member of the Murong family, even if you are just a partial descendant of a top family like the Murong family, your status is extremely noble. Not to mention in low-level dynasties like ours, even in the blood demon dynasty, you are absolutely It is a respected existence.

"

Hearing Jun Wuyan's popularization, Ye Feng and Long Lietian beside him both had a hint of surprise in their eyes.

Unexpectedly, the little girl in front of him came from the Murong family, one of the six top families in the Blood Demon Dynasty.

At this time, Murong Xixi stared at the three people in front of him and said with a smile: "The emperor of the Shenshui Dynasty told me that among the three of you, there is one person who is particularly amazing and talented, with extremely strong strength and means. , you want me to test it out and pay special attention to it, I wonder which one of you three it is?"

After hearing what Murong Xixi said, Jun Wuyan and Long Lietian's eyes fell on Ye Feng.

Seeing the reactions of these two people, Murong Xixi immediately understood that among the three young geniuses in front of him, the boy in the white clothes standing in the middle was the one the emperor of the Shenshui Dynasty had privately told him about. Focus on the people you take care of.

Murong Xixi seemed to have received some benefits from the emperor of the Shenshui Dynasty. At this moment, she was not impatient at all, but walked up to Ye Feng out of curiosity and said, "What's your name?"

Ye Feng immediately said: "My name is Ye Feng."

"Ye Feng?"

Murong Xixi tilted her little head at this time and said loudly: "It's a very ordinary and casual name, not like the kind of person with great luck."

When Ye Feng heard Murong Xixi's innocent and direct words, he couldn't help but twitch the corners of his eyes.

Although this messenger who came to the Shenshui Dynasty was a simple little girl, she seemed to be very easy to get along with.

But Ye Feng also knows that very simple children like this are often very difficult to fool.

At this moment, Ye Feng was very scared

It's troublesome, after all, the various methods and things on his body are very mysterious and cannot be easily displayed.

So at this moment, Ye Feng couldn't help but said: "Master Messenger, in fact, I am just average. I am not as amazing and talented as the emperor of Shenshui Dynasty said. There is no need for Master Messenger to pay special attention to me. "

When Murong Xixi heard what Ye Feng said, she immediately couldn't help but said: "Don't be so humble, don't lie to me, I'm not a child anymore, I can sense the aura of cultivation in you, although it is relatively low, but it gave me a very unfathomable feeling for a moment, so it shows that you are still very good."

After finishing speaking, Murong Xixi suddenly stretched out a small white hand and said to Ye Feng: "Tell me, use your strongest power to attack me. I want to test your strength. I have received some benefits from the emperor of the Shenshui Dynasty, so I can't help but give him face."

Hearing Murong Xixi say this, several people present had surprised looks in their eyes.

Unexpectedly, the emperor of the Shenshui Dynasty really gave him a favor in order to let the envoy from the Blood Demon Dynasty pay special attention to Ye Feng.

This made Jun Wuyan and Long Lietian look envious in their eyes.

Sure enough, Ye Feng, a top genius, still enjoys privileges.

The emperor of the Shenshui Dynasty must have paid a high price to buy this young girl from the top family of the Blood Demon Dynasty.

At this time, Ye Feng looked at the extremely cute Murong Xixi in front of him, nodded immediately, and said loudly: "Okay, since the messenger wants to test the junior's strength, then I will attack you."

Murong Xixi immediately said with a smile: "Just attack, don't hesitate, my cultivation level is much higher than yours, you don't have to worry about hurting me if you attack, that's impossible."

Ye Feng nodded slightly at this time.

This Murong Xixi is not bragging.

Because this Murong Xixi comes from the top family in the Blood Demon Dynasty. Although she is very young, just a little girl in her teens, her cultivation is indeed very terrifying.

Ye Feng could feel that Murong Xixi's true cultivation level was probably two or three levels higher than his own.

So at this moment, Ye Feng naturally didn't have any worries, and directly punched Murong Xixi in the direction of Murong Xixi.

Buzz!

Ye Feng's fist directly turned into

It turned golden and bloomed with bright golden light, possessing terrifying and incomparable destructive power.

The moment Ye Feng punched out, a look of surprise suddenly appeared in Murong Xixi's eyes.

Because in her eyes, Ye Feng went from an ordinary-looking young man in white to a very terrifying fighting state in an instant, and he was still very powerful.

At this moment, Murong Xixi could feel that Ye Feng's combat power increased a lot at this moment, which showed that Ye Feng's combat talent was very powerful.

Only those with very strong combat talents can exert a power several times stronger than normal in combat.

At this moment, seeing Ye Feng's golden fist blasting away, glowing with brilliant light, Murong Xixi's white little hand stretched out to block Ye Feng's golden fist.

Ye Feng's golden fist, which could shake mountains and rivers, was directly blocked in front of Murong Xixi's white hands, as if it had hit a copper wall, and all its power was blocked.

At this moment, Ye Feng's eyes showed a hint of surprise.

This Murong Xixi is worthy of being a being from a high-level power, and his methods are very powerful.

At that moment, Ye Feng could feel that Murong Xixi's little white hands released a very powerful sealing power in an instant, absorbing all the destructive and attacking power in his fists. It was sealed for an instant and could not continue to release its destructive power.

At this time, Murong Xixi stared at Ye Feng, nodded slightly, and said loudly: "Your strength is very good, and your combat power can be greatly improved instantly during the battle, which is enough to show that you are an outstanding person." Combat genius, well, you must have other methods, but I don't have that much time to test them one by one. I will focus on you. If you can really stand out in the Wanchao War, I may Recruiting you alone to join our Murong family, you have to know that this is a treatment that the number one genius in the Wan Chao War may not have. Even if the top genius in the Wan Chao War wants to enter the top sect, it will not be possible. You need to serve for a long time in the ordinary authority of the Blood Demon Dynasty before you can be selected by the top clan. After all, the Ten Thousand Dynasties War is just a means for our Blood Demon Dynasty to initially select talents. "

Hearing what Murong Xixi said, Ye Feng's eyes suddenly lit up.

Jun Wuyan and Long Lietian, the two top geniuses of the Shenshui Dynasty, who were standing next to them, suddenly showed a look of deep envy on their faces.

Chapter 4280 Independent Small World

They knew very well that if Ye Feng could pass the Wan Chao War and be selected by Murong Xixi, who came from the top family Murong Family, to join the Murong Family.

Then Ye Feng at least had to make decades fewer detours than other ordinary geniuses who participated in the Ten Thousand Dynasties War.

After all, many geniuses who participated in the Ten Thousand Dynasties War and eventually entered the Blood Demon Dynasty could only join some ordinary families.

Only by working hard in the Blood Demon Dynasty for many years can one be selected and enter a truly top-level family or a powerful family.

But now Murong Xixi actually said that as long as Ye Feng can pass the Wanchao War, he will directly choose him to join the top family of the Murong family.

This is equivalent to reaching heaven in one step! .??.

Even if he joins the Murong family and becomes just an ordinary bodyguard of the Murong family, he is definitely much more noble than anyone else.

After all, this is the prerogative of the clan.

At this moment, Ye Feng immediately smiled and said: "Thank you, Lord Messenger, for your love."

Murong Xixi's innocent and cute little face also showed a trace of interest, and she said aloud: "Ye Feng, I know you still have a lot of tricks that you haven't used yet, otherwise you wouldn't be able to make me feel that profound. I'm looking forward to your performance in the Wan Chao War next time."

After finishing speaking, Murong Xixi looked at the three geniuses in front of him and said aloud: "The emperor of the Shenshui Dynasty should have introduced you to the basic content of the Wanchao War. I want to talk about one more important point now, that is When you enter the small world where the Ten Thousand Dynasties War takes place, you must improve your cultivation strength as much as possible, because the geniuses from more than 10,000 ordinary dynasties are rapidly improving themselves there, and in this small world, our blood The Demon Dynasty has put a lot of opportunities into it, including the natural resources of heaven and earth, as well as powerful inheritance. Of course, there are also many dangers, such as terrifying evil beasts, ancient formations, and some dangerous areas. Everything is for It can temper you and make you stronger. Deaths and injuries are inevitable. There is nothing you can do about it. Only if you quickly and continuously become stronger and stronger can you become the king in the war of ten thousand dynasties. In a word, strength is Kingly way."

At this moment, after Murong Xixi finished speaking, he thought for a moment and then continued:  
"

Oh, by the way, another important point is that when you feel that your strength is enough, you can go directly to the center of that small world. There is a special mountain there called Shura Holy Mountain, with a total of nine levels. Only by climbing to the top of the Holy Mountain of Shura can you be qualified to enter our Blood Demon Dynasty. Moreover, at the top of the Holy Mountain of Shura, there is the greatest opportunity in the war of all dynasties. It depends on which of you can be lucky. Well got. "

After saying that, Murong Xixi turned around and a token appeared in his hand.

The moment she threw the token out, it condensed into a space gate in the void in front of several people.

At this time, Ye Feng, Jun Wuyan and Long Lietian looked at the space door and could sense a very ancient and terrifying fierce aura from the other side of the space door.

At this time, Murong Xixi immediately said: "The place this space door leads to is the independent small world where our Blood Demon Dynasty held this war of ten thousand dynasties. You pass through this space door, You can enter the small world where the Ten Thousand Dynasties War is located, which means that you have officially started the Ten Thousand Dynasties War. I wish you good luck. "

Hearing what Murong Xixi said, Ye Feng and the three people present nodded slightly.

Then they all took a deep breath, entered the space gate directly, and disappeared.

At this time, Murong Xixi shrank the space door again, turned it into a token, and held it in his hand.

Then Murong Xixi looked in a certain direction not far away and said aloud: "Emperor of the Shenshui Dynasty, I will leave here first. I want to return to the Blood Demon Dynasty."

After finishing speaking, Murong Xixi did not wait for the emperor of the Shenshui Dynasty to respond. He jumped directly and turned into a ray of divine light, disappearing at the end of the distant sky.

Buzz!

At this time, accompanied by a very violent spatial fluctuation, Ye Feng opened his

He opened his eyes and realized that after passing through the door of space, he had come to a very vast small world.

The world is still very vast.

At this moment, Ye Feng found that he was standing in a dilapidated ruins, surrounded by some withered trees, some broken weapon fragments, and some collapsed buildings.

Ye Feng knew that he had arrived in the independent small world where the Wan Chao War was taking place.

At this moment, Ye Feng didn't hesitate at all. He directly used his soul power to explore the surrounding situation first.

After all, Ye Feng couldn't tell where the center of this small world was.

So Ye Feng prepared to identify the direction, and then slowly headed to the center of this small world.

In the center of this small world, there is a Holy Mountain of Shura, and you cannot enter the Holy Mountain of Shura rashly.

Because only geniuses with strong cultivation can climb the Holy Mountain of Shura.

As for how strong one must be to be qualified to climb the Shura Holy Mountain, Ye Feng doesn't know.

Ye Feng had asked the emperor of the Shenshui Dynasty before, but the emperor of the Shenshui Dynasty did not know this.

So Ye Feng's current plan is to first identify the central area of this small world and its specific location.

Then slowly move forward.

On the way forward, you can look for various opportunities and fortunes to improve your cultivation strength.

By the time he reaches the Shura Holy Mountain in the central area, his cultivation may be enough.

At this time, at the moment when Ye Feng exuded his soul power, Ye Feng discovered that there was nothing special around him.

This made Ye Feng's eyes suddenly show surprise again and again.

It stands to reason that this time the Ten Thousand Dynasties War will involve the top geniuses from more than 10,000 dynasties.

Even if each dynasty only sends three or four top talents.

There are more than 10,000 dynasties, and there are about 30,000 to 40,000 geniuses who have entered this small world.

Unexpectedly, there was no one around him.

This also shows from another aspect that this small world is not actually small, but a very vast land, very vast.

At this time, Ye Feng did not see Jun Wuyan and Long Lietian walking with him around, indicating that the space gate just now must have been teleported randomly.

This also means that the top talents from other dynasties must have been scattered everywhere.

This made Ye Feng feel relieved.

After all, although Ye Feng's current cultivation strength has been greatly improved, his methods are also very powerful.

But the emperor of the Shenshui Dynasty also reminded Ye Feng before that the Shenshui Dynasty was only the lowest dynasty among the more than 10,000 dynasties under the Blood Demon Dynasty.

Therefore, if there are some top geniuses from very high-level dynasties, their cultivation strength must be very strong. Maybe Ye Feng can't beat him now.

Therefore, Ye Feng is not arrogant and has no scruples at this moment.

Ye Feng may be invincible among the Shenshui Dynasty.

But coming to this independent small world where the Ten Thousand Dynasties War takes place, with top geniuses from thousands of dynasties, there is still a very big danger, and very powerful enemies may still appear.

At this time, Ye Feng said aloud in his mind: "Emperor Chu, I have entered the independent small world of Wan Chao War. Please help me explore if there are any opportunities around me that can improve my strength. According to the previous blood Murong Xixi, the envoy of the Demon Dynasty, said that in this independent small world where thousands of dynasties are fighting, the Blood Demon Dynasty has invested a lot of precious cultivation resources, powerful inheritance, and peerless weapons. If they can be found, they will definitely be able to instantly improve me. My strength allows me to stand out in the war of ten thousand dynasties, and I don't have to be so afraid when I meet the geniuses of other top dynasties."

Hearing Ye Feng's words, Emperor Chu in his mind woke up from his deep sleep and said, "Okay, let me help you explore if there is anything good around you."
