

Ancient 4281

Chapter 4281 Prince Brahma

At this time, after Emperor Chu's words fell, Emperor Chu's own immense perception and mental power was immediately released.

Every time Emperor Chu released his powerful spiritual soul energy, Ye Feng could feel deeply amazed.

Because Emperor Chu's soul power is many times greater than Ye Feng's now.

Therefore, Emperor Chu's perception range was many times greater than that of Ye Feng.

At this time, just a few seconds later, Emperor Chu said directly in his mind: "Ye Feng, there seems to be very strong energy fluctuations in the northeast. You can go and take a look."

Hearing what Emperor Chu said, Ye Feng's eyes immediately moved and he quickly flew towards the northeast.

After Ye Fengfei flew for nearly a few minutes, he suddenly saw a shocking scene.

In the jungle ahead, a young man wearing a golden robe, who seemed to have unfathomable strength, was sitting next to a fire, on which a huge three-headed dragon was roasting.

At this moment, Ye Feng immediately showed deep surprise in his eyes.

The energy fluctuations that Emperor Chu sensed seemed to be emanating from this young man.

Maybe there was a fierce battle here just now.

"This young man, who seems to be the top genius in a certain dynasty, was able to hunt down such a powerful three-headed dragon, and even barbecued it on the spot..."

Ye Feng couldn't help but murmur in his heart at this time, and he could instantly feel that this young man was definitely extraordinary.

Ye Feng was preparing to leave at this moment. After all, the energy fluctuations here were not caused by chance, but a battle just happened here.

But just when Ye Feng was about to turn around and leave, the young man sitting in front of the fire not far away who was grilling the three-headed dragon suddenly smiled and said aloud: "Friend, there is no need to leave in such a hurry. , this small world is so big, the two of us are so destined to meet each other so soon, you stay, I treat you to eat this three-headed dragon, it is almost ready, I will leave a dragon leg for you, eat it Afterwards, it can strengthen your blood energy, which is very beneficial to your practice."

Hearing what this young man said, Ye Feng's eyes suddenly froze.

It seems that this unfathomable young man seems to be quite friendly.

This made Ye Feng also have a smile on his face and said: "Okay, then it's hard to refuse such kindness."

After saying that, Ye Feng walked over directly.

The main reason why Ye Feng agreed to eat barbecue dragon with this young man was because Ye Feng felt that this young man was very unfathomable.

Moreover, the other person should not be a vicious person, but a rather forthright man who can make friends.

Ye Feng knew that this young man's identity was definitely extraordinary. He definitely did not come from a low-level dynasty like himself, but maybe from some extremely powerful top dynasty.

Otherwise, it would be impossible to have a cultivation level that even oneself feels is unfathomable.

At this time, Ye Feng also understood. It seemed that what the emperor of the Shenshui Dynasty reminded him was correct.

In this war of ten thousand dynasties, there are countless young geniuses.

Although he is very powerful now, he may encounter even more powerful beings from the top dynasties.

At this moment, Ye Feng guessed that this young man might come from the top dynasty among the more than 10,000 dynasties under the Blood Demon Dynasty.

Otherwise, this mysterious young man would not have such strong cultivation and strength.

But what makes Ye Feng quite happy is that the top genius he met has a very forthright and friendly personality, which feels pretty good.

But what Ye Feng didn't know was that this young man also sensed the mysterious aura of cultivation on Ye Feng's body, so he curiously invited Ye Feng to eat barbecue dragon together.

Otherwise, if Ye Feng was just an ordinary genius, this young man probably wouldn't be interested.

After all, only when they are at the same level of strength and feel that the other is extraordinary can the two of them come together curiously and have a conversation.

Otherwise, there would be no need to talk at all.

Because the two are not on the same level at all, the content of the conversation definitely has no meaning.

Only when two people are at the same level can it be possible to make friends. At least for this young man, this is the rule of making friends.

At this moment, Ye Feng came to the fire and sat down slightly.

At this time, the mysterious young man was very generous. He threw a leg of the dragon that was grilling on the fire, and the aroma of the barbecue was overflowing. He threw it to Ye Feng and said loudly: "This roasted dragon leg must taste good. When I was grilling, I added some of my

exclusive barbecue secrets, some of my own homemade seasonings, which will definitely make this roasted dragon leg very delicious."

Hearing what this young man said, Ye Feng's eyes suddenly revealed a look of deep surprise.

I didn't expect that in such a cruel war of ten thousand dynasties, I would meet such a leisurely and elegant young man, who even brought barbecue seasoning.

It seems that he did not come to participate in the Wan Chao War, but to take a vacation in the small world of Wan Chao War.

At this time, Ye Feng was even more curious about the other party's identity.

At this time, Ye Feng took a bite of the roasted dragon leg. It was really fragrant and fragrant, just like the most delicious barbecue in the world.

Ye Feng suddenly forgot that he was on the battlefield of the extremely cruel Wan Chao War.

At this time, Ye Feng immediately

I couldn't help but give the young man a thumbs up and said, "It's delicious. It tastes really good."

Ye Feng still had a look of surprise in his eyes at this time.

I didn't expect that this young man's cultivation was so strong, and he actually had the time to train his cooking skills to this level. He was really a strange person.

Sure enough, the world is so big, there are all kinds of wonders, there are mountains outside the mountains, and there are people outside the people.

At this time, Ye Feng couldn't help but asked curiously: "I wonder which dynasty my brother comes from?"

Hearing Ye Feng's question, the young man immediately smiled and said: "I come from the Lieyang Dynasty, one of the top ten dynasties under the Blood Demon Dynasty in the Northern Territory. I am the prince of the Lieyang Dynasty, and others call me Prince Brahma, you can call me Brother Brahma."

"The prince of the top ten dynasties?"

After Ye Feng knew the identity of the other party at this time, he suddenly felt a little enlightened. ??

No wonder this young man has such strong strength.

It turned out that he came from one of the top ten dynasties among more than 10,000 dynasties, and he was also the prince among the top dynasties.

No wonder it makes me feel a little unfathomable.

Prince Brahma stared at Ye Feng at this moment, pointed at the fire, and said loudly: "If you want to bake such a delicious food, in addition to the ingredients and my special seasonings, the fire for grilling this three-headed dragon also needs Very crucially, this is not an ordinary fire, but my natal fire that I just released, the Nine Yang True Fire, which is also the most precious natal flame passed down by the royal family of Lieyang Dynasty."

Hearing what Prince Brahma said as if there was something serious, those who didn't know thought he was talking about knowledge about cultivation.

Actually he was talking about barbecue.

Ye Feng couldn't help but think immediately, this guy is indeed a strange person.

At this time, the three-headed dragon on the barbecue had been almost completely eaten by Prince Brahma.

At this time, Prince Brahma stretched himself, lay down on the grass, and couldn't help but said: "I'm really full."

After finishing speaking, Prince Brahma actually emitted a blood-red light.

After the blood-red light disappeared, Ye Feng was surprised to find that Prince Brahma's cultivation aura had increased a lot, which was much more than the increase in blood energy that Ye Feng had just eaten from a roasted dragon leg.

Ye Feng immediately understood that this should be Prince Brahma's special talent. By eating the flesh and blood of this top beast, he could increase his own blood and energy, thus improving his skill and cultivation.

Ye Feng couldn't help but think of the fat monk wearing black cassock he met before, who improved his power by sleeping.

And this Brahma prince probably relies on eating and drinking to improve his skills.

When Ye Feng thought of this, he immediately couldn't help but shook his head dumbly and sighed, there are so many strange people in this world.

And just in Ye

While Feng was thinking, Prince Brahma, who was not far away, suddenly sat up, looked at Ye Feng, and said aloud: "What's your brother's name? Which dynasty do you come from?"

Ye Feng immediately spoke out at this time: "My name is Ye Feng, from the Shenshui Dynasty."

Prince Brahma's eyes were filled with confusion: "Shenshui Dynasty? Why haven't I heard of it?"

Ye Feng immediately grinned and said, "Maybe it's because our Shenshui Dynasty is the lowest dynasty."

Prince Brahma was a little stunned, and then couldn't help but said: "It is really rare for the lowest dynasty to give birth to a peerless genius like Brother Ye. I feel that Brother Ye's strength is definitely not inferior to mine. You are the best person I have ever seen." I feel most unfathomable

among my generation. I originally thought that I could be the number one in this war of ten thousand dynasties, but now it seems that I may have to compete with Brother Ye. "

At this moment, hearing what Prince Brahma said, Ye Feng's eyes suddenly showed a look of astonishment.

I have to say that although Prince Brahma looks very easy-going and friendly, what he said at this time is actually very domineering.

He directly said that he might be the first.

Then he brought Ye Feng to the same level as him.

This shows how much Prince Brahma values Ye Feng.

Although Prince Brahma had never seen Ye Feng take action, he knew that Ye Feng was absolutely extraordinary, otherwise he would not have personally invited Ye Feng to eat roasted dragon meat.

At this time, Prince Brahma suddenly stood up, looked at Ye Feng, and said loudly: "With the friendship of today's barbecue, I hope that at the final moment of the Wanchao War, the two of us will not be facing each other life and death."

When Ye Feng heard this, he was stunned for a moment, and then he immediately burst out laughing and said, "Okay, I will remember you, Brother Fan, and I will be there when the time comes."

Prince Brahma immediately nodded and said with a smile: "There are many ancient beasts in this jungle. They are probably kept in captivity by the Blood Demon Dynasty. You can explore them carefully."

After finishing speaking, Prince Brahma rushed into the large jungle in front of him and disappeared.

Ye Feng also flashed his eyes at this time.

The last words of Prince Brahma were equivalent to guiding himself on a path to become stronger quickly.

That is to hunt and devour ancient beasts in this jungle.

Prince Brahma can improve his power and cultivation by eating the flesh and blood of ancient beasts.

But Ye Feng can do the same, even more powerful than Prince Brahma. There is no need to grill it, he can just devour it.

At this time, Ye Feng did not hesitate and rushed directly into the large ancient forest in front of him.

Ye Feng is still worried that he will not find any opportunities in a short time.

But now this ancient forest may be able to make a big transformation in his cultivation.

Chapter 4282 Ancient beasts

Uh-huh!

At this time, Ye Feng rushed directly into the ancient forest in front of him.

According to Prince Brahma, there are many ancient beasts in this ancient forest.

For example, Prince Brahma hunted a three-headed dragon and grilled it on the edge of this ancient forest.

Therefore, there must be other powerful beasts living in this ancient forest.

These ferocious ancient beasts seemed to have been bred in captivity by the Blood Demon Dynasty themselves, and were sent here for the purpose of allowing these top geniuses who entered the small world of the Ten Thousand Dynasties War to experience in it.

So at this time, Ye Feng felt that the Blood Demon Dynasty should not release too terrifying ancient beasts. After all, it was just to test the geniuses in the Ten Thousand Dynasties War.

Therefore, this ancient forest should not be too dangerous, and it is very suitable for me to experience now.

Uh-huh!

At this moment, Ye Feng rushed into the ancient forest and immediately felt a very ancient and wild aura in it.

It feels like entering an ancient era.

Ye Feng knew that this ancient forest must be a forest planted by the Blood Demon Dynasty, and many ancient beasts were placed in it. It was a man-made primitive forest.

However, Ye Feng is still very interested in this.

Because Murong Xixi, the envoy of the Blood Demon Dynasty, also said before that in this small world where thousands of dynasties are fighting, there are many opportunities that the Blood Demon Dynasty has specially hidden in it.

For example, there are some powerful inheritances, as well as some advanced weapons and magic weapons. If you can be lucky and get these things, then Ye Feng knows that his strength will be greatly improved, and it will also be of great help to the Wan Dynasty War.

It is estimated that Prince Brahma is in this ancient forest. In addition to hunting wild beasts, he must also be looking for some powerful weapons and inheritance left by the Blood Demon Dynasty.

If anyone is lucky enough to get these things, they will definitely be able to perform miraculous effects in the war of ten thousand dynasties and make geniuses stand out.

This isn't really cheating.

Because a person's luck, the mysterious luck, can also be regarded as a person's ability.

I have to admit that some people do have great luck and are able to encounter good opportunities and good luck unintentionally. This is also a kind of special ability.

boom! !

And while Ye Feng was thinking, a huge roar suddenly sounded not far away.

Ye Feng immediately flew in that direction, and immediately saw a huge rhinoceros covered with golden scales. It was the size of a small mountain and several hundred meters tall. It was fighting with a huge python covered with blue scales. In the middle of a fight.

This huge python covered with blue scales is several kilometers long. It is very ferocious, and its teeth seem to be made of steel. It can bite the strongest things into pieces in an instant. fragments.

Ye Feng was lurking around at this moment, silently sensing the cultivation auras of the two powerful evil beasts.

Turns out that all of them are beasts at the level of the Soul Realm that are higher than the tenth level of the Soul Realm.

Moreover, each of these beasts are ancient beasts with very advanced bloodlines.

For example, the python with cyan scales all over its body must have the blood of the ancient green dragon flowing in its body, otherwise it would not be covered with cyan scales, giving it a very ancient and ferocious look.

And that huge rhinoceros covered with golden scales must have ancient and advanced blood flowing in its body, otherwise it would be impossible to have such a powerful power.

Boom! !

At this time, two completely different ancient beasts were fighting crazily in the jungle. Countless trees and hills around them were all shattered by the collision and turned into countless fragments, scattered all over the ground.

leaf

Feng was observing in the dark at this time, preparing to reap the benefits.

And just after Ye Feng observed it for half an hour, the two ancient beasts were exhausted from fighting each other.

The huge rhinoceros was covered with golden scales. The scales on its body were broken a lot, and a piece of its horn was broken into pieces.

The huge python covered with blue scales had several huge wounds cut by rhino horns on its body, and several of its teeth were broken.

At this time, the large beasts seemed to be ready to leave directly, and did not want to fight each other, because they all felt that they could not do anything to each other, so they might as well leave happily.

Boom!

But almost at this moment, Ye Feng's figure suddenly fell from the sky.

A golden fist exuded the power of the Celestial Clan, filled with terrifying destructive power, and suddenly hit the head of the huge rhinoceros.

Ye Feng was ready to give this rhinoceros a fatal blow. .??.

Boom!

But what surprised Ye Feng was that his fist was unable to penetrate the head of this huge rhinoceros.

Because the surface of this rhino's head is still covered with dense golden scales, it has a very strong defense.

At this moment, Ye Feng didn't hesitate at all. He took out his small black sword in an instant and stabbed the huge rhinoceros on the head.

Poof!

Sure enough, the little black sword is still very powerful. The tip of the small black piece is extremely sharp, as if it can pierce the strongest thing in the world.

When the tip of the small black sword touched the golden scales on the surface of the huge rhino's head, it was like piercing tofu, piercing directly and fiercely into the inside of the huge rhino's head. The giant rhinoceros was successfully assassinated in one fell swoop.

boom

Boom!

The next moment, the huge rhino's towering body like a mountain fell to the ground, completely dead.

"Roar!!"

At this time, the other beast that had been seriously injured, the python covered with blue scales, roared loudly, and its several-meter-long snake body circled among the mountains and valleys. Walk quickly, trying to escape from here.

Because it knows that Ye Feng, a human who looks like a little ant, is definitely a very scary guy, and it is now seriously injured and dying, and there is no way to fight against Ye Feng.

So this cyan python simply ran away quickly in a certain direction in the distance.

Ye Feng would naturally not let go of these ferocious beasts at this time.

Ye Feng immediately put the majestic body of the golden rhinoceros into his storage ring, and then quickly chased in the direction of the cyan python's escape.

At this time, while Ye Feng was chasing the green python, he released the devouring domain and devoured all the blood and energy of the golden rhinoceros contained in the storage ring.

Buzz!

At this moment, this golden rhinoceros directly provided Ye Feng with a huge amount of energy, which greatly increased Ye Feng's skills.

But it did not allow Ye Feng to break through the bottleneck of the tenth heavenly perfection of the Soul Realm.

After all, this is a big bottleneck in the entire realm, so it is very difficult to break through.

But Ye Feng sensed the improvement in his skill at this moment, and felt that if he could swallow a powerful ancient beast like the golden rhino, he would definitely be able to break through the bottleneck of the tenth level of the Soul Soul Realm.

At this time, Ye Feng was even more looking forward to catching the green python.

Because if you can continue to swallow the cyan python, which is the same level as the golden rhinoceros, you will definitely be able to achieve cumulative breakthroughs in your current cultivation!

Chapter 4283 Elder Heiyun

Uh-huh! Uh-huh! Uh-huh!

At this time, Ye Feng was flying quickly among the mountains and valleys in order to chase the green python.

While Ye Feng was surprised, this green python was still very fast.

This python seems to have the magical power of space, which can make this giant green snake move quickly.

Even Ye Feng was a little unable to catch up with this seriously injured green python for a while.

But Ye Feng will never give up.

Because now is a good opportunity to hunt down this green python. .??.

If this cyan python is at its peak, given his status as an ancient beast and his powerful cultivation beyond Ye Feng's current combined soul realm, Ye Feng might still have some difficulty in dealing with this cyan python.

But this cyan python had been seriously injured in the battle with the golden rhinoceros just now, so it was time to beat up the drowned dog.

These extremely ferocious beasts were specially raised here by the Blood Demon Dynasty in order to test these young geniuses, so Ye Feng naturally had no hesitation in hunting down this cyan python.

Soon, Ye Feng chased the green python, circling around in the ancient forest, and came to a mountain that looked very special.

This mountain was actually emitting a faint golden light, which made Ye Feng's eyes suddenly reveal a look of deep surprise.

It seems that this mountain is very extraordinary.

At this moment, Ye Feng discovered that a huge green python had actually gotten into a cave in this mountain.

Ye Feng immediately chased after it and entered the cave. He immediately saw the cave. It seemed that there were traces of man-made construction. There were many passages built around it, which were man-made stone passages.

At this time, when Ye Feng saw this scene, his eyes suddenly showed a look of surprise.

Ye Feng had also learned before that in this small world of war between ten thousand dynasties, the Blood Demon Dynasty had specially reserved many powerful inheritances or storage places for high-end weapons.

It is to allow talented people with good luck to obtain these powerful inheritances or weapons, or by chance, to improve themselves.

After all, the original intention of the Ten Thousand Dynasties War was not to eliminate all young geniuses, but to select a group of the most powerful geniuses to cultivate the future mainstays of the Blood Demon Dynasty.

So at this moment, Ye Feng was naturally very surprised to see traces of man-made construction in this cave.

Because this shows that this cave is likely to have the luck left by the Blood Demon Dynasty.

At this moment, Ye Feng's eyes suddenly revealed a look of deep anticipation, and he flew directly into the cave.

Inside the entire cave, the air was very cold, as if it was freezing people.

Ye Feng was using his huge blood energy at this moment to dispel the invasion of this cold air.

At this time, Ye Feng was looking for the missing green python inside the mountain, and at the same time looking to see if there were any other opportunities in the mountain.

And while Ye Feng was silently exploring the cave inside the mountain, the severely injured cyan python just now walked around the cave passages inside the mountain and came to an ancient cave.

Inside this cave, there was actually a living old man sitting.

This old man was wearing a black robe with many skulls engraved on the surface. He looked very dark and ferocious.

At this moment, this old

The person exuding a strong dark aura is obviously a big devil.

At this time, the demonic old man immediately looked at the blue python that had entered the cave in a panic. He couldn't help but frowned and said loudly: "Xiao Qing, why did you run out to fight with other beasts again? Like this again. You are too playful to come back looking seriously injured."

At this time, the green python could actually speak human language and said quickly: "Elder Heiyun, help me quickly. This time when I was seriously injured, a human boy was chasing me quickly. If I hadn't escaped, Hurry, he's probably been killed by that human boy."

"Um?"

Hearing what the green python said, the mysterious demonic old man in front of him, who seemed to be called Elder Heiyun, immediately couldn't help but show a cold look in his eyes, and said loudly: "You met in this small world to participate in the Ten Thousand Dynasties War. Genius?"

The green python nodded and said loudly: "It should be so. The human boy has a very strong overall strength, and he has a special black sword in his hand. It is very sharp. Even the golden dragon scales on the golden dragon rhinoceros. The little black sword in his hand couldn't be stopped, and it was directly pierced through the head, harvesting the life. This human boy is definitely the genius that the Blood Demon Dynasty introduced to this small world this time to participate in the Great War of Ten Thousand Dynasties. The top being among geniuses, otherwise it would be impossible to have such strong power. If it were an ordinary genius, even if I was seriously injured, I would be able to kill him in an instant. But this human race boy is ridiculously strong. He is in the tenth level of the Soul Realm. With his cultivation level, he can unleash the combat effectiveness of the Heling Realm level."

Hearing what the green python said, Elder Heiyun immediately showed a sinister smile on his face and said: "This time I entered this small world secretly. In addition to looking for the various things left by the Blood Demon Dynasty in this small world, This kind of chance, and the fact that he can hunt as much as he wants and participate in the war of ten thousand dynasties,

The geniuses of these ordinary dynasties not only allow me to continuously accumulate the life and blood of these geniuses to refine the most powerful magic treasure, but also reduce the strength of the Blood Demon Dynasty. After all, the geniuses of these ordinary dynasties , may become the mainstay of the Blood Demon Dynasty in the future, and destroying them will be of huge benefit to our Demonic Sect. "

At this moment, Elder Heiyun was speaking, his tone full of cruelty and murderous intent.

It turns out that Elder Heiyun comes from the Demonic Sect, one of the three top forces in the northern region of the Ten Thousand Demonic Interface.

You know, there are three top forces in the Northern Territory.

In addition to the Blood Demon Dynasty, there are two others, the Demonic Sect and the Ten Thousand Dragons Divine Sect.

This Elder Heiyun comes from another top power, the Demonic Sect.

He sneaked into this small world mainly to hunt down many geniuses from ordinary dynasties, so that he could use them to refine an extremely powerful magic weapon that he wanted to refine.

In addition, killing these geniuses who participated in the Ten Thousand Dynasties War can also reduce the future talents of the Blood Demon Dynasty, which is also of great benefit to the Demonic Sect. It can be said to kill two birds with one stone.

At this time, Elder Heiyun said, and immediately looked at the green python in front of him, and said loudly: "Hurry up and take me to find that human boy. His comprehensive combat power is so strong, so it means that he may have some kind of special power." Human geniuses with bloodline are of great benefit to the refining of my most powerful treasure. More than nine thousand creatures have been refined into that treasure. As long as thirty-six more young geniuses are hunted, my most powerful treasure can be refined. , The Ten Thousand Soul Demonic Seal will be refined soon. After successfully refining this powerful magic weapon, I may be able to run for one of the top ten elders when I return to the Demonic Sect."

At this moment, Elder Heiyun was speaking, his eyes full of greed and expectation.

Chapter 4284 My Paradise

And just when Elder Heiyun asked this green python to take him to find Ye Feng.

Ye Feng was alone, walking quickly among the dense passages inside the mountain, trying to find opportunities and good fortune.

Now Ye Feng is not in a hurry to find the green python.

Because since the cyan python has hid in the passage inside the mountain, it means that the cyan python has always been in this mountain, and those who cannot escape will eventually be found by themselves.

What Ye Feng naturally wants to find now is the chance and good fortune contained in this mountain.

Because when Ye Feng came here just now, he found that the top of the mountain was emitting a faint golden light.

That faint golden light was invisible to ordinary people, only Ye Feng could see it.

Because Ye Feng is a soul master and knows how to look at Qi.

So Ye Feng knew that there must be incredible coincidences hidden in this mountain.

Buzz!

At this time, Ye Feng exuded his huge soul power and explored the surroundings.

The internal area of this mountain is not large, so Ye Feng did not trouble Emperor Chu.

Because Ye Feng knew that Emperor Chu was in deep sleep recently and was rapidly recovering his strength.

Therefore, it is better for Ye Feng to let Emperor Chu stay quiet.

At this time, as Ye Feng emitted soul power, Ye Feng immediately sensed a strong energy fluctuation, emitting in a certain space inside the mountain.

Ye Feng's eyes lit up and he flew quickly in that direction.

When Ye Feng walked around seven times, he finally came to an underground stone room.

This stone chamber looks very old, but it was obviously dug out by humans, and there are many traces of construction around it.

In this stone chamber, there is an ancient stone tablet standing in the middle.

On this stone tablet, there are two ancient characters "Suppressing Demons" written on it.

"Um?"

Seeing this scene, Ye Feng's eyes immediately moved.

Could it be that there is a demon clan suppressed under this stone monument?

Ye Feng wanted to release his soul power at this moment and explore under this stone tablet.

It's not really suppressing an ancient demon.

But the next moment, when Ye Feng's soul power touched the stone tablet in front of him, Ye Feng immediately sensed that there was a very strong weapon fluctuation in the stone tablet.

Ye Feng immediately waved his fist.

boom!

Click!

The golden fist directly shattered the stone tablet in front of him.

When the stone tablet was broken, a dazzling golden light emitted from it.

A huge golden mirror was revealed inside the stone tablet, emitting golden light at this moment.

However, the golden mirror did not attack Ye Feng, but floated in mid-air, seemingly ownerless.

Seeing this scene, Ye Feng's eyes suddenly lit up.

This golden mirror should be a mirror magic weapon with demon-suppressing properties.

I'm afraid it's a powerful person from the Blood Demon Dynasty who is hiding here specifically to give it to those who are destined to get it.

Because Ye Feng could sense at this time that the golden mirror in front of him had no independent attack power at all.

The fact that he didn't attack himself meant that this golden mirror was an ownerless object and someone had placed it here specifically.

Moreover, no demons were suppressed under this stone tablet.

In other words, this is a chance location for the Blood Demon Dynasty to be set up here.

If anyone is destined to come here, he will be able to obtain this powerful magic weapon.

At this time, Ye Feng stretched out his hand without any hesitation and touched the golden mirror.

Uh-huh!

The golden mirror radiated bright light at this moment, and Ye Feng immediately refined the golden mirror.

Because this golden mirror was originally an ownerless thing placed here by the strong men of the Blood Demon Dynasty. Whoever is destined to find it will belong to him.

At this moment, Ye Feng refined this golden mirror.

Swish

A sound!

The golden mirror floated directly above Ye Feng's head, floating in the void, emitting bright golden light, as if it could illuminate any monster in the world.

At this moment, Ye Feng could sense that this golden mirror had very powerful power.

Although the level of the magic weapon may not be as good as the small black sword in his hand, it certainly has a huge suppressive effect on creatures with demonic attributes.

At this time, Ye Feng's eyes were still very happy.

I didn't expect that this golden mirror would be such a high-level magic weapon.

It seems that the Blood Demon Dynasty is still willing to spend money.

Such high-level magic weapons are placed here, waiting for the destined genius to come here, find this golden mirror, and refine it.

At this time, Ye Feng got this golden mirror and naturally refined it directly into his own magic weapon.

Ye Feng's combat effectiveness has been greatly improved.

At this time, Ye Feng was very glad that he could come to this kind of war between ten thousand dynasties.

Not only are there all kinds of natural resources and ancient beasts to devour, but sometimes if you are lucky, you can find various opportunities placed by the Blood Demon Dynasty here, such as this very high-level magic mirror, which is excellent. .

At this moment, Ye Feng continued to search around, wanting to see if there were any other places created by chance.

After all, Ye Feng felt that since there was such a demon-suppressing realm here, there might be other good things hidden around it.

At this moment, Ye Feng suddenly thought that he had seen this mountain exuding a faint golden light through the soul master's qi-gazing technique in the sky above this mountain.

Then Ye Feng found the magic weapon from the mountain, which showed that wherever the treasure is hidden, it seems to be emitting this faint golden light that others cannot see.

Ye Feng thought of this, and his eyes suddenly showed deep excitement.

Next, I can completely wander around the entire vast land of this small world, and then

Use the spirit-seeking technique at the soul master level.

As long as you see a faint golden light in the sky above any place, it means that there must be a treasure hidden there.

This allows Ye Feng to accurately find the various opportunities and creations placed by the Blood Demon Dynasty in this small world.

Thinking of this, Ye Feng immediately looked forward to the next journey of searching.

But just when Ye Feng was about to continue exploring the inside of the mountain, a huge green python suddenly appeared in the passage ahead.

It was the green python that Ye Feng was chasing before.

But at this time, before Ye Feng could say anything, an old man exuding a dark aura walked up from behind the green python.

This old man is Elder Heiyun of Mosha Sect.

At this moment, Ye Feng immediately felt a huge threat.

It was a subconscious, terrifying death threat.

Ye Feng immediately understood that the black-haired old man standing next to the green python was definitely an extremely terrifying old man.

"how can that be possible!"

Ye Feng immediately started thinking quickly in his head, why did such a terrifying elder appear in the small world of Wan Chao Zhan.

It was something that the Blood Demon Dynasty had neglected to allow such a terrifying old demonic figure to sneak into this place.

"escape!"

At this moment, Ye Feng had no thoughts at all. His only thought was to escape from here!

But at this moment, Elder Heiyun, who was standing next to the green python, instantly stretched out a hand.

boom!

A big hand of black energy immediately condensed and had the power to destroy the world, and grabbed it towards Ye Feng. He sneered and said: "Boy, no matter how amazing you are, if you meet me An older person like me is destined to become the soul of my refining treasure! When the soul and blood of a top genius like you are refined into the Ten Thousand Souls Demonic Seal, the power of the Ten Thousand Souls Demonic Seal will definitely become stronger again. A lot! Hahaha! This small world of Wan Chao Zhan is really my paradise!"

Chapter 4285 Grand Canyon

Boom! !

At this moment, the big hand of black energy released by Elder Heiyun had a very terrifying power, and it directly bombarded Ye Feng.

At this moment, Ye Feng immediately felt a sense of devastating death crisis.

This Elder Heiyun of the Demonic Sect was so powerful that Ye Feng had no idea of resisting him for a moment.

Boom!

At this moment, Ye Feng immediately released the energy of the Celestial Clan all over his body, so that his body constitution was greatly strengthened at this moment, and he was able to withstand the attack of the big black hand.

Poof!

Almost at the next moment, Ye Feng immediately felt a very terrifying impact, rushing into his entire limbs.

At this moment, Ye Feng felt that his whole body was about to fall apart. He was almost blown into countless pieces, and he couldn't help but spurt out a mouthful of blood, which was a bit embarrassing.

Ye Feng immediately showed deep horror in his eyes.

This old man in black robe who suddenly appeared was definitely a very scary guy.

And he is definitely an older person who secretly entered this small world of Ten Thousand Dynasties War.

Otherwise, it would be impossible to have such great strength.

Ye Feng's preliminary estimate is that Elder Heiyun's cultivation level is estimated to be two full realms higher than his current tenth level of the Soul Realm.

He is definitely a super strong person at the Xuanming Realm level above the Heling Realm!

At this moment, Ye Feng did not hesitate. After receiving the slap, although he suffered trauma, with the help of the counter-shock force, Ye Feng immediately rushed out of the inner space of the mountain and headed towards the mountain. Escape outside.

"Um?"

At this moment, he saw that Ye Feng had endured his slap, but his whole body did not break into pieces and die.

Elder Heiyun's eyes immediately showed a look of surprise, and he couldn't help but said: "This kid has such a strong physique. It seems that this kid definitely has some kind of very ancient and special bloodline, otherwise it would be impossible. With such a strong defense, he can withstand a big hand of black energy from me at such a low level of cultivation without dying. We must catch this kid. This kid is definitely better than dozens of other geniuses. Maybe he can Let my most precious treasure, the Magic Seal of Ten Thousand Souls, be successfully refined in advance."

After finishing speaking, the elder Heiyun immediately looked at the green python beside him and said loudly: "You have the innate ability of the void. Hurry up and track that kid. Keep an eye on him and don't let him run away."

The green python had long wanted revenge at this time, and immediately nodded and said: "Okay, Elder Heiyun, I will definitely keep a close eye on this human kid. I want to cut him into pieces."

After saying that, the green python immediately rushed out of the mountain and disappeared, apparently chasing Ye Feng.

Elder Heiyun, on the other hand, maintained the connection between master and pet beast with the cyan python, hanging slowly behind his back.

Because Elder Heiyun knew that Ye Feng would never be able to run far if he withstood the attack from his big black hand.

Because Ye Feng is now seriously injured, he only needs to follow Ye Feng slowly until he dies from exhaustion.

At this moment, Ye Feng had already rushed out from the inside of the mountain and was running away frantically.

Because Ye Feng knew that he could not be the opponent of this elder Heiyun.

Ye Feng's only thought at this moment is to escape from here quickly.

But during Ye Feng's escape journey, Ye Feng shuttled through the ancient forest, and he always felt that there was a faint spiritual thought that locked him, and he couldn't get rid of it at all.

This made Ye Feng's eyes suddenly show an ugly look.

It seemed that he was being stared at by that elder Heiyun.

At this moment, Ye Feng immediately wanted to think about how to escape.

After all, this Elder Heiyun is too powerful.

Even attacks at the soul level are probably of no use.

Because Ye Feng could feel that Elder Heiyun's cultivation level was too high, so his soul was very strong, and he could not use soul attacks to kill such a powerful person who was much higher than his own level of cultivation.

At this moment, Ye Feng was thinking quickly in his mind.

In the end, Ye Feng could only turn to Emperor Chu for help to see if he could kill Elder Heiyun.

But Emperor Chu told Ye Feng that he had to get close to Elder Heiyun, and very close, so that Emperor Chu could instantly use soul-level attacks to kill Elder Heiyun.

But Ye Feng shook his head, because this was simply impossible to do.

It was impossible for him to get close to the elder Heiyun.

Because the elder Heiyun must have killed him long ago before he even got close.

At this time, Ye Feng was thinking that if his cultivation level could break through the current tenth level of the Soul Soul Realm and step into the real Soul Soul Soul Realm, he might be able to fight Elder Heiyun at the Xuanming Realm level.

At this time, Ye Feng quickly released his soul power at this moment, and quickly explored the surroundings in the ancient forest to see if there were any other ancient beasts.

Because Ye Feng now knows that his only way is to devour as much blood energy as possible from ancient beasts, continuously accumulate it, and completely break through the bottleneck of the tenth level of his soul realm.

In this way, he would have a chance to truly escape, and even be able to counterattack the mysterious old demonic figure who suddenly appeared in this small world, Elder Heiyun.

Now there is only one way, which is most likely to be realized.

And just when Ye Feng was running away, Ye Feng suddenly sensed a very fierce aura, dormant in a certain area not far away.

That was definitely the ferocious aura emanating from many ancient beasts.

Ye Feng's eyes suddenly lit up and he quickly flew in that direction.

After Ye Feng flew for a while, he immediately saw the ferocious aura he sensed.

It was clearly a one-horned demon living in a grand canyon.

"Huh? One-horned devil?"

Ye Feng's eyes suddenly showed surprise.

Unexpectedly, this ancient forest gave birth to such a large population of one-horned demons.

Ye Feng knew that this was definitely not the ancient beast that the Blood Demon Dynasty had released into this small world.

This is a very rare demon clan. It has a single horn, is very tall, and has two pairs of black wings. It is powerful and ancient. It is a dark demon clan.

At this time, Ye Feng had a plan in mind. Without any hesitation, he flew quickly towards the grand canyon where thousands of one-horned demons lived. Boom! !

At this moment, the big hand of black energy released by Elder Heiyun had very terrifying power and directly bombarded Ye Feng.

At this moment, Ye Feng immediately felt a sense of devastating death crisis.

This Elder Heiyun of the Demonic Sect was so powerful that Ye Feng had no idea of resisting him for a moment.

Boom!

At this moment, Ye Feng immediately released the energy of the Celestial Clan all over his body, so that his body constitution was greatly strengthened at this moment, and he was able to withstand the attack of the big black hand.

Poof!

Almost at the next moment, Ye Feng immediately felt a very terrifying impact, rushing into his entire limbs.

At this moment, Ye Feng felt that his whole body was about to fall apart. He was almost blown into countless pieces, and he couldn't help but spurt out a mouthful of blood, which was a bit embarrassing.

Now there is only one way, which is most likely to be realized.

And just when Ye Feng was running away, Ye Feng suddenly sensed a very fierce aura, dormant in a certain area not far away.

This is a very rare demon clan. It has a single horn, is very tall, and has two pairs of black wings. It is powerful and ancient. It is a dark demon clan.

At this time, Ye Feng had a plan in mind. Without any hesitation, he flew quickly towards the grand canyon where thousands of one-horned demons lived.

Chapter 4286: Cheating

Ye Feng's plan is of course not to devour these one-horned demons.

Because Ye Feng discovered that the cultivation auras of the one-horned demons living in this grand canyon were very powerful.

Turns out that all of them are powerful beings at the level of the United Soul Realm that have surpassed his current Union Soul Realm.

Thousands of one-horned demons at the level of the combined spirit are still very powerful, like a torrent of steel.

At this moment, Ye Feng immediately sneaked into this grand canyon and hid in the void.

At this moment, when Ye Feng disappeared into this grand canyon.

The cyan python that had been locking Ye Feng from behind was suddenly revealed.

He was a little confused and didn't know why Ye Feng suddenly disappeared in the canyon in front.

Uh-huh!

The green python immediately rushed towards the canyon ahead.

The moment he arrived in the canyon, a horrified expression appeared on his face.

I saw thousands of one-horned demons living in the Grand Canyon, all of them staring at the blue python.

The green python felt a little dizzy for a moment, and immediately yelled: "Damn human boy, you want to kill someone with a borrowed knife!"

And the moment the cyan python finished speaking, thousands of one-horned demons turned into a black torrent of steel, directly surrounding the cyan python, and instantly tore it apart like a cyan python, fleeing the capital. No time to escape.

Seeing this scene, Ye Feng, who was hiding in the void of the Grand Canyon, suddenly showed a trace of horror in his eyes.

The fighting power of these one-horned demons is truly terrifying and brutal.

At this moment, Ye Feng sneakily lurked to the place where the blue python was torn into pieces.

Then he directly releases the Devouring Domain. Naturally, he will not waste what is left after the cyan python is torn into pieces.

The blood energy contained in the body fragments.

Buzz!

At this moment, after Ye Feng absorbed the blood energy of the ancient beast, the cyan python, plus the blood energy of the huge golden rhinoceros that Ye Feng had swallowed before, Ye Feng successfully accumulated enough energy to let Ye Feng's His skill suddenly broke through at this moment.

From the tenth level of the Union Soul Realm, it is a direct breakthrough to the Half-step Union Soul Realm above the Union Soul Realm!

At this moment, after Ye Feng made a breakthrough, his eyes immediately revealed a look of deep surprise.

Sure enough, my guess was right.

As long as he swallows another ancient beast of the same level as the huge golden rhinoceros, his skills will undergo underground transformation and step into a new realm.

At this time, although Ye Feng had broken through to the half-step spirit-joining realm, he had not broken through to the true spirit-joining realm.

But Ye Feng could feel that his combat effectiveness had improved a lot compared to before.

This is the benefit of having a strong foundation in martial arts.

Even if he only breaks through half of the realm, Ye Feng's combat effectiveness will be greatly improved.

But at this time, Ye Feng did not directly face the mysterious old man from the demonic path who was chasing behind him, Elder Heiyun.

Instead, he was waiting for Elder Heiyun to arrive.

Because Ye Feng also wanted to trick Elder Heiyun.

I hope that Elder Heiyun will suddenly come here and be targeted by thousands of one-horned demons.

However, Ye Feng also knew that Elder Heiyun was very powerful and could not be torn apart by thousands of one-horned demons in an instant like the cyan python.

But Ye Feng thought in his heart, as long as Elder Heiyun can be severely injured by thousands of one-horned demons,

If so, then you will have a good opportunity to make a move.

And almost when Ye Feng was thinking about it.

Buzz!

Sure enough, Elder Heiyun arrived with an extremely powerful aura.

As Ye Feng expected, Elder Heiyun didn't know that there were thousands of one-horned demons living in this grand canyon, and his eyes suddenly showed surprise.

Thousands of one-horned demons all looked at Elder Heiyun in an instant. They all roared and rushed towards Elder Heiyun, trying to tear the intruder into pieces.

"Success!"

When Ye Feng saw this scene, his eyes suddenly showed surprise.

But at the next moment, Ye Feng's expression suddenly became stunned.

A huge black jade seal appeared in Elder Heiyun's hand. .??.

The surface of this black jade seal was engraved with many ancient demon symbols and patterns. Elder Heiyun threw the Ten Thousand Souls Demon Seal high into the sky. The Ten Thousand Souls Demon Seal suddenly grew in size and became as big as a mountain. Towering.

It actually released a power that destroyed the world and crushed thousands of one-horned demons into countless pieces in an instant. The power was simply astonishing and terrifying!

"What??"

Seeing this scene, Ye Feng immediately widened his eyes.

Unexpectedly, this senior figure in the demonic world actually holds such a terrifying super magic weapon in his hands.

That black jade seal that can grow in size and size is obviously a very terrifying top-level magic weapon, otherwise it would not have such a powerful power, soaring Elder Heiyun's combat effectiveness.

Ye Feng immediately understood at this moment that it was definitely very difficult for him to fight against Elder Heiyun.

And at this moment, dark clouds

The elder looked at the entire empty Grand Canyon and said with a cold smile: "Boy, I know you used some method to hide in this Grand Canyon, but you can't escape. The search will definitely bring out your kid."

At this time, Elder Heiyun suspended the top magic weapon, the Magic Seal of Ten Thousand Souls, high in the sky over the entire Grand Canyon.

Buzz!

The Magic Seal of Ten Thousand Souls immediately cast down a black mask of light, shrouding the entire Grand Canyon in the black mask of light.

All the creatures in the Grand Canyon have no way to escape.

Ye Feng was naturally imprisoned in it.

At this moment, Elder Heiyun had a cruel look on his face, searching inch by inch in the Grand Canyon. As long as he found Ye Feng, he would definitely cut Ye Feng into pieces and then refine Ye Feng. Enter the supreme demonic treasure in his hand, the Demonic Seal of Ten Thousand Souls.

You must know that this Ten Thousand Souls Demonic Seal is definitely the top treasure among the demons. Elder Heiyun spent most of his life and hundreds of years to initially refine it.

Only the last few dozen souls were needed to truly successfully refine the Ten Thousand Souls Demonic Seal, which had taken him hundreds of years to refine.

At this moment, while Ye Feng was avoiding Elder Heiyun's detection, he knew very well that he might not be able to escape from this grand canyon now.

At this moment, Ye Feng's heart crossed, and he instantly released the Devouring Domain, wildly devouring the remaining blood energy of the thousands of one-horned demons that his predecessor, Elder Heiyun, had killed with the huge black jade seal.

Although Ye Feng releases the Devouring Domain, it will cause Elder Heiyun to lock onto him for an instant, exposing his traces.

But as long as Ye Feng swallows all the blood energy of these thousands of one-horned demons, Ye Feng's skill will increase unparalleled, so Ye Feng is taking a risk! Take a gamble!

Chapter 4287 Unable to break free

"Boom!"

At this time, the moment Ye Feng released the devouring domain, all the blood energy of thousands of killed one-horned demons were devoured by Ye Feng in an instant.

An extremely huge amount of energy was immediately injected into Ye Feng's Dantian, causing Ye Feng's skill to increase unparalleledly at this moment.

boom! !

Almost at this moment, Ye Feng's body suddenly erupted with a terrifying and powerful aura of cultivation.

Ye Feng's cultivation level has successfully broken through from the half-step of the combined spirit realm to the true first level of the combined spirit realm.

Moreover, this energy is still being digested. ??

boom!

boom!

boom!

Almost at the next moment, Ye Feng's body once again burst out with three consecutive powerful cultivation auras.

He broke through to the fourth level of Heling Realm in an instant!

At this moment, he saw Ye Feng releasing the Devouring Domain and achieving a breakthrough in his cultivation.

This kind of aura instantly attracted the elder Heiyun who was looking for Ye Feng not far away.

Elder Heiyun, a powerful senior figure in the Demonic Sect, immediately locked onto Ye Feng and said coldly: "Boy, you finally couldn't help showing your aura. I didn't expect you to have it." With

such a domineering ability, he can absorb the blood and energy from the outside world, allowing him to achieve a breakthrough in his cultivation. He has made so many breakthroughs at once, but this is of no use. There is still a lot of difference in cultivation between you and me. Your boy must become The dead souls of my men were refined into my top magic weapon, the Magic Seal of Ten Thousand Souls.”

Almost at this moment, the elder Heiyun suddenly burst out with his extremely powerful cultivation aura.

That was an existence at the level of the Xuanming Realm that surpassed the Heling Realm.

And he is also the strongest existence in the Xuanming Realm.

It is the cultivation of Dzogchen at the tenth level of Xuanming Realm!

I have to say, this dark cloud is long

The old man is indeed very powerful.

At this moment, Elder Heiyun stretched out a hand instantly.

Infinite black energy burst out, condensing into a big hand of black energy.

Ye Feng was hit by this big hand of black energy before. He felt like his whole body was about to shatter, and he spurted out a mouthful of blood.

But now when Ye Feng faced this big black hand, his eyes no longer had the fear before, but he said coldly: "I have broken through to the true spirit-joining realm, and I am no longer afraid of you, Dzogchen Future Body! "

Almost at this moment, Ye Feng directly displayed the powerful talent that he had not used for a long time, and the future body of Dzogchen.

This moment.

Boom! !

I saw Ye Feng's body, and his aura suddenly surged.

In a short period of time, Ye Feng's cultivation level increased to the tenth level of Heling Realm, Great Perfection!

It made Ye Feng's momentum reach a whole new level.

At this moment, Ye Feng waved his fist, and the power of the gods burst out from his fist, emitting a golden light.

The golden fist, as if it had just been forged from the divine furnace, had unparalleled impact and attack power, and directly hit the big black hand.

Click! Click!

At this moment, Ye Feng not only did not vomit blood from being blasted by this big hand of black energy, but instead used his golden fist to blast the big hand of black energy into pieces, directly exploding in the entire sky.

"What? How is this possible??"

When Elder Heiyun not far away saw this scene, his eyes suddenly showed deep horror.

He never thought that Ye Feng's fighting power at this moment would actually be

However, it has been improved to this level.

And Ye Feng seems to have cast a secret technique.

Being able to raise one's cultivation to the Dzogchen level of this realm in a short period of time.

In other words, the current cultivation level of this elder Heiyun is only one level higher than that of Ye Feng.

At this moment, Ye Feng no longer had any fear, but laughed loudly: "Old man, all you did was to fulfill me. Not only did you give me the blood and energy of a blue python, but you also gave me I sent you the blood energy of thousands of one-horned demons, which enhanced my cultivation skills unparalleledly. Then it's time for you to die, old man!"

boom!

Almost at this moment, Ye Feng's whole body burst out with divine light, directly activating his huge mana and the energy of the gods flowing in his body. In an instant, the whole person seemed to have turned into a golden god of war, with blood all over his body. It turned into gold, and even the pupils and hair turned into pure gold. Carrying an infinitely terrifying fighting momentum, it fiercely attacked the elder Heiyun in front of him.

Elder Heiyun's eyes were a little gloomy at this time, because he never thought that he would actually send this hateful boy away with his own hands.

At this moment, Elder Heiyun didn't hesitate at all, and immediately shouted: "Even if the fighting power between you and me is not much different, I have the supreme magic weapon like the Ten Thousand Souls Demonic Seal in my hand. I have spent hundreds of years refining it, and it is enough to kill you in an instant."

Boom! .??.??

At this moment, Elder Heiyun activated his most powerful magic weapon, the Magic Seal of Ten Thousand Souls.

Although activating this Ten Thousand Souls Demonic Seal and activating this top-level magic weapon will greatly consume Elder Heiyun's original power of magic.

But now in order to quickly kill Ye Feng, he had to use this extremely powerful top magic weapon.

Sure enough, at the moment when Elder Heiyun activated the Ten Thousand Souls Demonic Seal, high in the sky, thousands of demonic souls suddenly rushed out of the huge black jade seal, entwining the black jade seal.

It was like a demonic emperor had arrived.

The Ten Thousand Souls Demonic Seal possesses supreme majesty and is suppressed directly from high in the sky.

Just like an ancient magic mountain, it has boundless majesty and weight. In an instant, it suppressed Ye Feng's head and pressed Ye Feng from high altitude to the ground.

boom! !

Ye Feng's feet stepped on the ground, which shattered the entire ground for several kilometers.

Crunch, crunch...

At this time, Ye Feng was holding the Magic Seal of Ten Thousand Souls with both hands, and felt an infinite weight pressing on his shoulders, making all the bones in Ye Feng's body creak.

"What??"

Not far away, I saw Ye Feng using his own strength to lift the entire Ten Thousand Souls Demonic Seal, which was as heavy as an ancient sacred mountain, with both hands and shoulders.

With the full strength of his body, he withstood the weight of the entire Ten Thousand Souls Demonic Seal.

This immediately made Elder Heiyun's eyes widen, and he couldn't help but exclaimed: "You boy... what kind of evil body power is this?? It can actually lift the boundless weight of my Ten Thousand Souls Demonic Seal. Are you going to bear it hard? You are too special, you must be completely killed, otherwise you will be my enemy in the future!"

Boom!

Almost at this moment, Elder Heiyun once again input his huge demonic origin into the Ten Thousand Souls Demonic Seal.

The weight of the Ten Thousand Souls Demonic Seal became more and more terrifying, and Ye Feng's entire body was about to be pressed into the ground by the Ten Thousand Souls Demonic Seal.

At this moment, Ye Feng felt as if he was carrying a huge ancient mountain, unable to move or break free!

Chapter 4288 Complete Death

It has to be said that Elder Heiyun has spent hundreds of years of hard work refining this top magic weapon of the demonic path, the Ten Thousand Souls Demonic Seal, which is indeed very powerful.

If Ye Feng only fought with Elder Heiyun himself, then Ye Feng would be almost as good as Elder Heiyun.

Ye Feng felt that he might be able to defeat this Elder Heiyun.

But at this moment, the moment Elder Heiyun released the Magic Seal of Ten Thousand Souls, it suddenly burst out with terrifying power.

Ye Feng was directly suppressed in place, with no way to move or break free.

At this moment, Ye Feng was thinking quickly about how to escape.

Ye Feng still underestimated the methods and trump cards of Elder Heiyun.

Although Ye Feng had swallowed a lot of blood energy just now, his cultivation level had achieved a breakthrough and he was able to confront Elder Heiyun head-on.

But the Ten Thousand Souls Demonic Seal in the hands of Elder Heiyun was indeed so powerful that Ye Feng was unable to move for a while.

At this time, Ye Feng couldn't even take out the black sword.

Because once one of Ye Feng's hands stops holding the Magic Seal of Ten Thousand Souls, his entire body may be crushed by the Magic Seal of Ten Thousand Souls in an instant!

"The most important thing now is to free up your hands! Use other magic weapons and methods!"

At this moment, Ye Feng thought in his heart, and then without any hesitation, he frantically released the power of the Celestial Clan.

You know, Ye Feng's two fists and two palms have been tempered to the perfect level of the body of the gods.

So at this moment, the golden power of the gods burst out from Ye Feng's two palms. Ye Feng slowly raised the Ten Thousand Souls Demonic Seal in his hands, and his whole body rose rapidly.

Ye Feng roared at this moment, and endless terrifying power surged out of his hands, and he actually shot directly into the black cloud.

With stunned eyes, Old Man threw the Ten Thousand Souls Demonic Seal in his hand as hard as a mountain.

"What??"

Seeing this scene, Elder Heiyun immediately showed a look of deep astonishment on his face.

He never thought that Ye Feng, a human boy and a genius from an ordinary dynasty, would have such a strong physical strength.

At that moment, Ye Feng threw the entire Ten Thousand Souls Demonic Seal, just like a powerful overlord in ancient times. It was really terrifying.

This terrifying physical power frightened Elder Heiyun.

At this moment, Elder Heiyun immediately shouted: "Boy, even if you can throw away the Magic Seal of Ten Thousand Souls, there is nothing you can do. If I continue to activate the Magic Seal of Ten Thousand Souls, I will always kill you." Crushed to pieces!"

Boom!

At this moment, Elder Heiyun continued to output his huge demonic power and continued to activate the Ten Thousand Souls Demonic Seal to suppress Ye Feng again.

But at this moment, Ye Feng didn't hesitate at all and didn't dare to be too big anymore.

He just took out his strongest weapon, the small black sword.

Then he immediately started slashing forward fiercely.

Boom! !

The small black sword and the Magic Seal of Ten Thousand Souls collided and actually blocked each other. For a moment, no one could do anything to the other.

"how??"

Seeing this scene, Elder Heiyun immediately widened his eyes and couldn't help but said: "You, a low-level person from a small dynasty, how can you

How is it possible to have such a powerful body? ? And he also has a magic weapon in his hand that can rival the old man's Magic Seal of Ten Thousand Souls. This is impossible! How could you, a low-level person in a small dynasty, have so many opportunities and fortunes! impossible! ! "

When Ye Feng heard this, he just smiled coldly, and without any hesitation, he released the equally powerful magic weapon he had obtained before, the Magic Mirror.

Uh-huh!

Almost at this moment, a golden light rushed out from Ye Feng's head.

It is the golden mirror that Ye Feng obtained before that has the power to suppress the demons.

At this moment, the golden mirror was suspended above Ye Feng's head, and a bright golden light suddenly shone out. It had the power to dissolve all demonic attributes, and it suddenly shone to the nearby demon seal that was activating the Ten Thousand Souls. On the body of Elder Heiyun.

"ah!!"

Almost the moment Elder Heiyun was illuminated, Elder Heiyun couldn't help but scream.

Because the golden light illuminated by this golden mirror has a natural suppression and ablation effect on Elder Heiyun's demonic power.

So at this moment, Elder Heiyun felt as if his whole body was melting, and he suddenly felt endless pain.

At this moment, Elder Heiyun immediately shouted: "Demon evil spirit!"

Wow!

The next moment, a large amount of black gas surged out of Elder Heiyun's body.

These black gases are very special gases cultivated by Elder Heiyun. They are called Mosha Gangqi. They are extremely special gases in the Mosha Sect.

At this moment, these black gases condensed directly on Elder Heiyun's body to form a thick set of

The black armor covered the entire body surface of Elder Heiyun, protecting Elder Heiyun from the golden light of the golden mirror.

At this moment, when Ye Feng saw this scene, a look of surprise suddenly appeared in his eyes.

It seems that Elder Heiyun is indeed a very powerful demon elder. He has too many methods and various magic weapons. He is the most difficult enemy Ye Feng has encountered so far.

But at this moment, Ye Feng naturally had other means.

After all, Ye Feng is not a genius from an ordinary dynasty.

Ye Feng has been walking step by step today, and he doesn't know how much strength he has.

"kill!"

At this moment, Ye Feng burst out with the powerful inheritance left by the ancestor of Tianhan Valley, the Frozen Sword Soul Art, which he had practiced before.

At this moment, Ye Feng's entire body suddenly burst out with endless ice energy.

Directly in the void above Ye Feng's head, a huge ice-bound sword condensed, several kilometers long, and it looked very visually impactful.

Boom! !

The gigantic ice-bound sword, which was several kilometers long, slashed forward fiercely. It instantly froze Elder Heiyun in a large ice sculpture, completely killing Elder Heiyun. The whole person's vitality was frozen and withered.

Uh-huh!

At this time, Ye Feng rushed forward and punched hard.

Boom!

Click click click! !

At this moment, the ice sculpture was shattered by Ye Feng. Elder Heiyun also shattered the ice sculpture, and his whole body turned into pieces and fell to the ground, completely dead!

Chapter 4289 Prepare to leave

Ye Feng did not know that the extremely powerful demonic elder whom he had tried so hard to kill was a powerful elder from the Demonic Sect, one of the three top forces in the Northern Territory.

Ye Feng just felt that this senior figure was absolutely extraordinary, because there were so many different methods and trump cards that Ye Feng almost died.

It can only be said that Elder Heiyun of the Demonic Sect is really unlucky.

If you meet other geniuses, even the top geniuses in the top dynasties, they probably won't be able to fight against Elder Heiyun. They will eventually be killed by Elder Heiyun and completely refine this Magic Seal of Ten Thousand Souls.

It's a pity that Elder Heiyun offended Ye Feng.

You know, Ye Feng has been practicing continuously from the weakest True Martial Realm warrior, and so far, he has crossed a total of 221 major realms.

The cards and means he has accumulated and possessed are simply too many and too powerful.

Even the demonic elder among the top powers like Elder Heiyun was killed by Ye Feng using various means.

At this time, with the death of Elder Heiyun, the extremely powerful and terrifying top-level magic weapon, the Magic Seal of Ten Thousand Souls, completely lost its source of power and fell directly from the sky with a "snap", and turned into a magic weapon again. It became the size of a fist and fell to the ruins on the ground.

At this time, Ye Feng could vaguely feel that the Ten Thousand Souls Demonic Seal had not been successfully refined yet.

Otherwise, the power will be even more powerful.

Of course, fortunately, the Ten Thousand Souls Demonic Seal has not been successfully refined, otherwise Ye Feng would not be able to fight against this Elder Heiyun.

At this moment, Ye Feng suddenly saw the Magic Seal of Ten Thousand Souls and automatically absorbed the remaining souls left behind after the death of Elder Heiyun.

Then the Ten Thousand Souls Demonic Seal accepted the advanced soul of such a powerful Elder Heiyun, and it actually became perfect.

Buzz!

I saw that the surface of the Ten Thousand Souls Demonic Seal suddenly emitted a bright black divine light.

A total of ten thousand souls entangled around the entire jade seal, releasing more powerful weapon fluctuations.

Ye Feng immediately understood, Elder Heiyun

The soul is very advanced, allowing the Ten Thousand Souls Demonic Seal to finally reach perfection.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

This is like getting such a top-notch magic weapon by accident.

This is a very high-end and precious treasure, almost as good as a small black sword. It is the hard work of Elder Heiyun for hundreds of years, but it finally succeeded Ye Feng.

However, Ye Feng knew that he could not use this Magic Seal of Ten Thousand Souls casually unless necessary.

Because Ye Feng feels that the identity of Elder Heiyun is absolutely extraordinary. The top magic weapon he has refined, the Magic Seal of Ten Thousand Souls, is likely to cause some huge disasters. When using this thing, it is better to be low-key. .

At this time, Ye Feng directly took the Ten Thousand Souls Demonic Seal into his own hands, and then directly refined it.

The owner of the Ten Thousand Souls Demonic Seal, Elder Heiyun, is now completely dead.

Therefore, Ye Feng was very relaxed and successfully refined the top-notch magic weapon, the Ten Thousand Souls Demonic Seal, directly on the spot.

The moment Ye Feng succeeded in refining it, he instantly sensed the power of this Ten Thousand Souls Demonic Seal.

Ye Feng only felt that the true power of this Ten Thousand Souls Demonic Seal was absolutely terrifying to the extreme.

At this moment, Ye Feng tried to activate the Ten Thousand Souls Demonic Seal.

Uh-huh!

I saw the Ten Thousand Souls Demonic Seal flying out from Ye Feng's hand.

The Magic Seal of Ten Thousand Souls, which was originally the size of a fist, suddenly expanded to a size of tens of thousands of meters!

It was like turning into a majestic ancient mountain, bombarding towards the front.

Moreover, there are thousands of demon souls surrounding this huge jade seal, just like the imperial jade seal that can control the world in the hands of ancient demon emperors, possessing terrifying power and great majesty.

When Ye Feng saw the powerful power of the Ten Thousand Souls Demonic Seal, surprise suddenly appeared in his eyes.

This Elder Heiyun really gave him a peerless magic weapon.

After hundreds of years of hard work, he refined the Magic Seal of Ten Thousand Souls and finally made it into a wedding dress for himself.

At this time, Ye Feng did not hesitate at all, and directly released the Devouring Domain and began to devour the Elder Heiyun.

"Buzz!"

At this moment, huge amounts of blood energy were directly absorbed by Ye Feng.

Ye Feng immediately felt that his skill had been greatly improved.

You know, this Elder Heiyun is a very powerful demon elder.

The skill and blood energy contained in his body are naturally very huge. After all, he is a powerful existence at the Xuanming realm.

So at this moment, Ye Feng's cultivation aura began to break through rapidly again.

"boom!"

The fifth level of Heling Realm!

"boom!"

The sixth level of Heling Realm!

"boom!"

The seventh level of Heling Realm!

At this time, Ye Feng's cultivation aura finally stopped completely.

It has to be said that this elder Heiyun is very strong and indeed provides Ye Feng with very powerful energy.

Otherwise, it would be impossible for Ye Feng to break through the third level in a row.

Uh-huh!

At this time, Ye Feng left here quickly without any hesitation.

After all, Ye Feng didn't know what kind of identity this elder figure in the Demonic Way was. Anyway, he must be very extraordinary.

So after Ye Feng destroyed the corpses and traces here, he covered up all the ruins of the battle, and then left here instantly.

Even if the person behind Elder Heiyun was found, no clues could be found.

But Ye Feng was actually overly worried.

Because this Elder Heiyun sneaked into the small world where the Great War of Ten Thousand Dynasties took place.

The purpose is to hunt down many geniuses and use them to refine his most powerful magic weapon, the Magic Seal of Ten Thousand Souls.

Therefore, Elder Heiyun, even if he was a high-status elder in the Demonic Sect, died in this small world, no one knew about it, and no one cared about it.

At this time, Ye Feng left the Grand Canyon where he had just fought, and was about to leave this ancient forest.

Because Ye Feng's current cultivation strength has suddenly been upgraded to the seventh level of the Heling Realm, and he is already very powerful.

Ye Feng wanted to get to the center of the Ten Thousand Dynasties War as soon as possible and climb the Shura Sacred Mountain in the center.

Because Ye Feng doesn't know how many geniuses have arrived at Shura Holy Mountain.

In order not to lose the qualification to enter the Blood Demon Dynasty, Ye Feng now chooses to go directly to the center of this small world and climb the Shura Holy Mountain.

And according to Murong Xixi, the envoy of the Blood Demon Dynasty, the top of the Shura Sacred Mountain contains the most precious chance creation in the entire war of ten thousand dynasties, and it was placed there by the Blood Demon Dynasty.

Whoever reaches the top of Shura Holy Mountain first will be able to get this huge opportunity one step ahead.

Ye Feng will naturally not miss it.

However, just when Ye Feng was about to leave this ancient forest, a huge roar suddenly came from not far away.

There seems to be a terrible battle there.

Moreover, Ye Feng also sensed a very hot aura.

"That seems to be the breath of Jiuyang True Fire."

Ye Feng's eyes immediately moved at this time.

The Nine Yang True Fire should be the power released by Prince Brahma, who had a relationship with him before.

"Could it be that Prince Brahma encountered danger in this ancient forest, or discovered some huge opportunity?"

At this time, Ye Feng immediately flew quickly in that direction, wanting to get a piece of the pie.

Chapter 4290 High Fire Demon

Ye Feng's speed was very fast, and he passed through a large jungle in the blink of an eye, and finally came to the place where the battle wave he sensed was coming from.

At this moment, Ye Feng suddenly saw that a huge extinct volcano area appeared in front of him.

Sure enough, as Ye Feng expected, Prince Brahma was burning with crimson flames at this time, holding a spear burning with flames in his hand, and was actually fighting crazily with a tall Balrog covered in black scales. .

This tall flame demon is very majestic, its whole body is like an ancient mountain, very majestic, its whole body is also bursting with black flames, and it is attacking each other with Prince Brahma.

The aftermath of the collision between the two simply spread in all directions, destroying much of the surrounding land.

At this time, Prince Brahma was defeated by this extremely tall flame demon.

Because this Balrog seems to be very high-level. It is not an ordinary Balrog, but a high-level Balrog with strong bloodline, so its combat effectiveness is very powerful.

Prince Brahma, who comes from the Lieyang Dynasty, one of the top ten dynasties, has no way to resist.

At this moment, Prince Brahma's eyes showed unwillingness.

Because he found a very powerful flame attribute in this volcanic area.

It seems to be the cave of an ancient superpower with fire attributes.

But he didn't expect that there would be such a powerful Balrog at the door of the cave of this super strong man with the fire attribute, blocking his progress.

Moreover, the cultivation strength of this flame demon is very powerful.

Even a top genius from a top dynasty like Prince Brahma would not be able to defeat this Balrog for a while.

He was even a little helpless after being attacked by this fire demon and wanted to leave here directly.

But suddenly at this moment.

Uh-huh!

Not far away and immediately

A young figure in white clothes flew over.

It was Ye Feng.

At this moment, Prince Brahma saw Ye Feng again, and immediately said in surprise: "It's you! Brother Ye! Hurry up and help me. As long as we kill this high-level flame demon, we can equally share the power of the powerful flame attribute." All the opportunities in the cave."

Hearing what Prince Brahma said, Ye Feng immediately nodded and rushed over instantly.

And the extremely tall flame demon's red eyes suddenly revealed a look of deep ridicule, and he said loudly: "It's impossible for you two young people to deal with me! "

"Fire burns the sky! Fire turns into a river!"

At this moment, this Balrog immediately burst out with a terrifying attack.

He rushed out like rivers of flames like crazy, burning the entire void around him until it almost collapsed.

Even Prince Brahma's Nine Yang True Fire was somewhat unable to withstand the terrifying power of flames erupted by this flaming demon.

But at this moment, Ye Feng suddenly burst out with his extremely powerful cultivation aura.

That was clearly a powerful cultivation level at the seventh level of the Heling Realm.

Then Ye Feng activated his immense magic power, and without any hesitation, he directly used the peerless inheritance left by the ancestor of Tianhan Valley that Ye Feng had learned before, the Frozen Sword Soul Art.

This is an inheritance of ice attributes, which can restrain the rivers of flames released by this balrog.

At this moment, terrifying cold energy burst out from Ye Feng's body, and immediately a huge ice sword with a length of tens of thousands of meters was condensed on top of Ye Feng's head, and it slashed forward fiercely. Kill and go.

Along with this ice giant

After killing him, the surrounding void was frozen by the endless cold air.

The rivers of flames released by that extremely powerful flame demon were all frozen into rivers of ice by Ye Feng's Ice Sword Soul Art, and fell from the sky.

Then the tens of thousands of meters long ice giant sword on Ye Feng's head struck hard at the top of the Balrog's head, trying to kill the Balrog instantly.

Flame armor!

At this moment, Balrog actually displayed a special and extremely powerful inheritance.

He was actually able to use the power of flames in the surrounding extinct volcanoes to condense a set of red armor entirely composed of flames on the surface of his body.

The moment Ye Feng's frozen giant sword struck the Balrog, it was melted by the flame armor.

Ye Feng immediately showed a look of surprise in his eyes.

This fire demon is indeed very powerful, and can actually withstand Ye Feng's Frozen Sword Soul Technique.

You know, Ye Feng's Frozen Sword Soul Technique can be said to be one of Ye Feng's most powerful methods.

But this fire demon was not afraid of the tens of thousands of meters of ice sword condensed by Ye Feng.

This shows that the strength of this Balrog has reached an extreme level of terror.

After all, Ye Feng's current cultivation level has also been raised to a whole new level.

But this also explains why Prince Brahma has never been able to defeat this Balrog.

It's not that Prince Brahma is too weak, but that this Balrog is too powerful.

Powerful to a very terrifying level!

At this time, Prince Brahma immediately looked at Ye Feng and said loudly: "Ye Feng, you find a way to sneak attack on this Balrog, give him a fatal blow, and let me fight him head-on."

At this time, Prince Brahma directly shouted: "The True Body of Divine Fire!"

\u003c

br\u003e Boom!

Almost at the moment Prince Brahma finished speaking, his whole body began to swell.

Then it expanded directly into a flaming giant that could travel several kilometers, wearing a flaming crown on his head and a flaming sword in his hand. He looked very ferocious and powerful.

He was directly fighting with the equally majestic Balrog on the opposite side.

Boom! !

The two behemoths collided together, and a terrifying battle broke out, causing the entire surrounding land to shatter.

It was like a war in ancient times, with astonishing destructive power.

Buzz!

At this moment, Ye Feng did not hesitate at all and immediately lurked in the void, wanting to give the Balrog a fatal blow in the middle of the battle.

But the Balrog was not stupid either. He knew that Prince Brahma turned into a flame giant and fought with him in order to find opportunities for Ye Feng, his companion, to sneak attack.

Therefore, this Balrog still wore flame armor, and even condensed a flame helmet, covering his entire body in the flame armor to prevent Ye Feng's sneak attack.

At this moment, Ye Feng silently took out his small black sword in the void.

In fact, the Ten Thousand Souls Demonic Seal is the most powerful.

But Ye Feng cannot use it easily.

So at this time, Ye Feng naturally used the black sword first.

Because the black sword is also very sharp.

Ye Feng thought in his heart, hoping that the black sword could cut and shatter the flame armor of this high-level Balrog in an instant.

Otherwise, if you lose the good opportunity for a sneak attack, it will be difficult to kill this high-level Balrog.

At this moment, Ye Feng was ready to attack, quickly inputting his huge mana in the void, entering the black sword, and then preparing to find the right time to attack.
