

Ancient 4291

Chapter 4291 Black Armor Dynasty

"boom!!"

Finally, Ye Feng found the most suitable opportunity for a sneak attack and assassination.

He rushed out of the void in an instant, then held the small black sword in his hand and quickly stabbed towards the head of the Balrog.

Almost at this moment, Balrog immediately shouted: "I'm just waiting for you to sneak attack me! Damn boy! Flame Prison!"

Almost at this moment, Balrog once again displayed another innate magical power.

The flame demon aroused the power of flames in the surrounding volcano-like area, and it condensed directly to form a huge prison, which instantly enveloped Ye Feng's entire body.

But the next moment, before the flame demon could be happy, the small black sword in Ye Feng's hand actually split the huge flame prison in half in an instant.

"What??"

Seeing this scene, the Balrog immediately showed deep horror in his eyes.

Because he never thought that Ye Feng actually possessed such a powerful weapon, and could actually split the flame prison he condensed into two halves.

At this moment, Ye Feng did not hesitate or talk nonsense. Holding the black sword in his hand, he immediately rushed to the head of the Balrog and stabbed it out fiercely.

Poof!

Almost at the next moment, the flame armor condensed by the Balrog could not resist the small black sword in Ye Feng's hand.

After all, the small black sword in Ye Feng's hand was a god-level weapon, so at this moment, the small black sword in Ye Feng's hand directly pierced the Balrog's head instantly.

"ah!!"

I almost remember that the next moment, Enma immediately revealed a look of deep horror in his eyes and let out a scream of extreme pain.

At this moment, Prince Brahma, who had turned into a flame giant, also showed deep joy and excitement in his eyes, and said loudly: "Okay! The assassination was successful!"

After saying that, the flame giant that Prince Brahma transformed into fiercely waved the flame sword in his hand and slashed at the Balrog.

"Boom!!"

Almost at the next moment, accompanied by an earth-shattering roar, the flaming sword in the hands of the flaming giant that Prince Brahma had turned directly hit the ground.

Just split this Balrog into two halves.

Although this flame demon was very high-level, he was finally completely killed by Ye Feng and Prince Brahma.

At this moment, Prince Brahma returned from the flame giant to human size.

At this time, Prince Brahma's face looked a little pale.

Obviously becoming a flame giant would greatly consume Prince Brahma's original power, making him extremely weak in an instant.

Uh-huh!

At this time, Ye Feng flew in front of Prince Brahma and said loudly: "This Balrog's body was chopped into two halves, do you need it?"

Prince Brahma immediately shook his head, smiled, and said loudly: "This kind of dark-attributed Balrog doesn't taste very good. I won't eat it."

Ye Feng immediately nodded and said with a smile: "Okay, then I will swallow it directly."

Buzz!

After saying that, Ye Feng directly released his Devouring Domain and swallowed up this extremely powerful flame demon.

You know, the fact that this flame demon was able to block the joint attack of Ye Feng and Prince Brahma for so long is enough to show that the cultivation and skill of this flame demon are very profound.

After Ye Feng swallowed it, his cultivation aura immediately received a huge breakthrough.

boom!

boom!

Almost at the next moment, two huge waves of cultivation aura rose up from Ye Feng's body.

Ye Feng directly broke through two levels of the sky.

Directly breaking through to the ninth level of Heling Realm!

At this time, Ye Feng immediately showed deep excitement in his eyes.

Sure enough, I was right to come here.

He actually swallowed such a powerful Balrog.

If Ye Feng had to deal with this Balrog alone, he probably wouldn't be able to kill him.

With the help of Prince Brahma, another top genius, Ye Feng was able to kill this fire demon and gain the huge power of this high-level fire demon.

At this time, Prince Brahma stared at Ye Feng, with deep surprise in his eyes, and said loudly: "Brother Ye, your cultivation has improved so much in just a few days? A qualitative leap! I wonder what Brother Ye has been through these days?"

At this moment, Ye Feng smiled and said: "I have received some good luck. It should be reserved by the Blood Demon Dynasty in this small world where thousands of dynasties are fighting."

Prince Brahma nodded slightly and said with a smile: "Let's go directly to see the cave of the ancient super-powerful flame attribute in this extinct volcano area."

Ye Feng immediately nodded, with a hint of anticipation in his eyes, and flew quickly in a certain direction with Prince Brahma.

Boom!

But the moment they took action, huge spears flew over not far away.

The densely packed spears, like a rain of arrows, struck from a short distance away, trying to pierce and kill Ye Feng and Prince Brahma.

At this moment, Prince Brahma suddenly showed a look of deep shock and anger. He was now in a weak state and had no way to resist the attacks of the dense spears.

After all, each spear seems to be made of the strongest metal. It looks very sharp and can pierce anything.

At this moment, Ye Feng immediately took action, directly releasing the Frozen Sword Soul Art.

Buzz!

The endless cold air condensed into a huge ice sword on top of Ye Feng's head.

Then Ye Feng put this huge ice sword across in front of himself and Prince Brahma, and used the huge ice body of the ice sword to block the densely packed black spears flying over.

At this time, the two people immediately looked quickly in a certain direction.

They immediately saw dozens of young geniuses wearing black armor flying quickly from a certain direction.

Those densely packed black spears should have been thrown by them.

At this moment, I saw dozens of people wearing black

The young genius in the black armor, Prince Brahma, couldn't help but his face changed slightly, and he said loudly: "He is actually the top genius of the Black Armor Dynasty? They are all gathered together. It seems that they have some special means. Being able to bring them together in a short period of time in this small world of Ten Thousand Dynasties of War can simply defeat any other genius who is alone."

At this time, Ye Feng looked at the dozens of young geniuses wearing black armor who were rushing over not far away, with a hint of gloominess in his eyes.

Because Ye Feng could feel that the cultivation strength of these dozens of young geniuses wearing black armor was definitely no less than that of himself and Prince Brahma.

They gathered together like a torrent of steel that no one could resist.

At this moment, among the dozens of young geniuses wearing black armor not far away, the tallest young man immediately laughed out loud: "Prince Brahma, thank you for finding such an opportunity for us." In the place of creation, you and your companions killed that terrifying Balrog,

which is equivalent to opening a way for us so that we will not suffer any losses. Now if you two are willing to kneel in front of us, Surrender to us, and we can spare your lives. After all, you two are top geniuses, and it would be a pity to kill you."

Hearing what the tallest young genius wearing black armor said, Prince Brahma immediately said angrily: "It turns out that you, the top geniuses of the Black Armor Dynasty, have been watching here silently, trying to How disgusting it is for you to deal with that balrog!"

At this moment, Ye Feng immediately looked at Prince Brahma next to him and said loudly: "Let's hurry up and find the cave of the super powerful man with the flame attribute in this extinct volcano area. If we find it, we can get the cave from the cave." The inheritance of superpowers and chance creation may allow our cultivation to skyrocket, allowing us to deal with the dozens of top geniuses from the Black Armor Dynasty."

Hearing what Ye Feng said, Prince Brahma immediately nodded, directly pulled Ye Feng and flew in a certain direction quickly.

When they saw Prince Brahma and Ye Feng fleeing from here, the dozens of top geniuses wearing black armor immediately shouted: "You can't escape!"

Chapter 4292 Treasure Box

At this moment, dozens of top talents of the Black Armor Dynasty wearing black armor immediately chased in the direction of Ye Feng and Prince Brahma.

However, at this time, Ye Feng possessed the power of the void, and took Prince Brahma to shuttle in the void, and his speed was much faster than the top talents of the Black Armor Dynasty chasing behind.

So for a while, these talents of the Black Armor Dynasty not only could not catch up with Ye Feng and Prince Brahma, but were instead being chased farther and farther by Ye Feng and Prince Brahma.

At this moment, a genius in the Black Armor Dynasty suddenly said: "No matter how fast you run, as long as your breath is locked by us, you can't escape from our palm."

At this time, Ye Feng and Prince Brahma, who were running away, didn't care how the geniuses of the Black Armor Dynasty behind them provoked them.

They couldn't stop.

At this time, Prince Brahma looked at Ye Feng beside him with a look of surprise, and said: "I didn't expect that Brother Ye could use the power of the void so cleverly, and he could let us escape quickly in the void. It's really amazing."

Ye Feng said hurriedly at this time: "Brother Fan, don't say these words now, hurry up and take me to the cave of the super strong man with fire attribute in the dead volcano area you found."

Hearing what Ye Feng said, Prince Brahma nodded immediately and began to guide Ye Feng in the direction.

Soon, under the guidance of Prince Brahma, Ye Feng and Prince Brahma finally came to a huge volcano.

This huge volcano looks very majestic.

On the top of the volcano is a huge pit, and magma is still burning inside, which seems to be erupting at any time.

At this moment, Prince Brahma said immediately: "We are here! Hurry up and stop! This huge volcano is the ancient cave of the super power of fire attribute that I have explored. I feel that the ancient cave of the super power of fire attribute should not be reserved by the Blood Demon Dynasty in this small world. It must be a super power who entered this small time and meditated silently. I don't know why, maybe he died here because of obsession." Ye Feng nodded immediately and said: "Indeed, the ancient cave of the super power of fire attribute like this cannot be reserved in advance by the Blood Demon Dynasty. After all, the price is too high. The Blood Demon Dynasty probably won't be so generous." After that, Ye Feng directly took Prince Brahma and rushed into the volcano quickly. At this time, the group of dozens of top talents of the Black Armor Dynasty who were chasing the two people from behind saw that the two people rushed directly into the huge volcano in front of them, and they couldn't help but yelled: "Hurry up and stop the two of them. They seem to want to get all the wealth and treasures in the ancient cave of the super-powerful fire attribute in advance. Don't let them succeed. But even if they get it in advance, it will be useless. We just kill them and rob them of their wealth." At this time, a group of top talents of the Black Armor Dynasty all united and rushed quickly towards Ye Feng and Prince Brahma. At this moment, Ye Feng and Prince Brahma have come to the inner area of the huge volcano. At this moment, Ye Feng immediately saw that inside this huge volcano, there really appeared a cave inside a huge mountain. This huge cave was obviously artificially excavated and built like an ancient palace hidden inside a

volcano, giving people a very ancient and majestic feeling. At this time, Ye Feng immediately looked at the Prince Brahma beside him and said, "Let's hurry in to find wealth."

The Prince Brahma nodded at this time and released his flame power directly, as if he wanted to resonate with some hidden opportunities and fortunes in this ancient cave.

Buzz!

And Ye Feng released his soul power.

However, the Nine Suns True Fire of the Prince Brahma seemed to be more sensitive, and it actually resonated directly with an ancient sculpture in the middle of the cave.

Hula!

The next moment, the soil on the surface of the ancient sculpture was shaken off quickly.

Then a huge skeleton appeared inside.

When the Prince Brahma saw this scene, he couldn't help but say in surprise: "This skeleton should be the skeleton left by the super strong man with the flame attribute."

Swish!

After saying this, the Prince Brahma immediately came to the front of the skeleton.

I saw a ray of fire coming out from the center of the skeleton's eyebrows, and then it directly enveloped Prince Brahma.

At this moment, Ye Feng was immediately shocked and rushed over to help Prince Brahma.

But at this moment, Prince Brahma immediately said: "Brother Ye, don't be nervous. This ray of fire has no harm to me. I have established a connection with this skeleton. The soul in this skeleton wants to personally teach me the peerless inheritance."

Hearing Prince Brahma say this, Ye Feng immediately breathed a sigh of relief.

Ye Feng thought that Prince Brahma was attacked by this skeleton.

At this moment, Ye Feng no longer cares about Prince Brahma, but is looking for other opportunities around him.

For Prince Brahma, it is estimated that Prince Brahma's purpose is to find the inheritance of the flame attribute in the ancient cave of this super powerful flame attribute.

After all, Prince Brahma was originally a practitioner of the fire attribute. If he could find the fire attribute inheritance of an ancient superpower, it would definitely be of great benefit to him.

At this time, Ye Feng was looking for other opportunities around him.

Soon, under the exploration of Ye Feng's soul power, Ye Feng dug out a treasure chest directly from a certain area of the cave.

After opening the treasure chest, Ye Feng immediately saw a lot of energy crystals packed in it.

These energy crystals all emit crimson light. They are obviously fire attribute crystals and contain fire attribute energy.

When Ye Feng saw this scene, his eyes suddenly lit up.

Rather than getting the flame attribute inheritance of this super strong man, what Ye Feng hopes to get more is this kind of training resource that can improve his skills.

After all, Ye Feng's current inheritance is still very powerful, and it is enough for his current cultivation level.

Therefore, improving your cultivation skills is the most important thing.

After all, they still have to deal with the group of top geniuses from the Black Armor Dynasty who are chasing after them.

boom!

At this moment, Ye Feng did not hesitate and directly released the Devouring Domain and began to devour the energy crystals in the treasure box.

Chapter 4293 Guardian Formation

Boom!

At this moment, as Ye Feng devoured it, all the energy crystals contained in the treasure box were absorbed by Ye Feng.

The fire in each energy crystal dissipated instantly and dimmed.

Obviously, these energy crystals were all drained of the flame attribute power by Ye Feng.

At this moment, Ye Feng immediately felt an extremely hot energy injected into his Dantian, causing his skill to increase rapidly.

There are thousands of energy crystals in the entire treasure box, providing Ye Feng with a huge amount of energy.

Ye Feng's cultivation momentum immediately began to rise.

Ye Feng's previous cultivation was in the ninth level of Heling Realm. After absorbing all the energy crystals in the entire treasure box, Ye Feng made a breakthrough.

Boom!

As Ye Feng burst out with a new and powerful cultivation aura, Ye Feng successfully broke through from the ninth level of the Heling Realm to the perfect state of the tenth level of the Heling Realm.

But Ye Feng still had a sad look on his face.

Because if you just break through to the first level, there is no way to make a qualitative leap in your combat effectiveness.

There is no way to fight against the dozens of top geniuses from the Black Armor Dynasty who are coming.

This treasure chest is not enough!

At this time, Ye Feng immediately went to explore the surroundings.

But I couldn't find any other chance.

This made Ye Feng couldn't help but complain.

It seems that the owner of this ancient cave, the super strong man with the fire attribute, was very poor and had nothing left.

All that was left was a skeleton and a box of fire-attributed energy crystals.

Nothing else.

Uh-huh!

Just when Ye Feng was secretly complaining, Prince Brahma, not far away, suddenly flew over and said loudly: "Brother Ye, don't worry about the next dozens of top geniuses from the Black Armor Dynasty, I can activate it." The formation left by the senior in this ancient cave can withstand the dozens of top geniuses from the Black Armor Dynasty, making it impossible for them to enter this cave for a while. "

Hearing what Prince Brahma said, Ye Feng suddenly had a look of surprise in his eyes and couldn't help but ask.

: "How do you know how to activate the ancient formation in this cave? Even my Eye of Heaven and Earth didn't see it."

At this time, Ye Feng was still very strange.

Because my eyes of heaven and earth didn't notice that there was an extremely powerful ancient formation imprinted in this ancient cave.

But at this time, Prince Brahma said that he could activate the formation in this ancient cave to protect them.

At this time, seeing Ye Feng's suspicious eyes, Prince Brahma immediately smiled and said, "Brother Ye, don't worry, I won't lie to you."

Uh-huh! Uh-huh!

After finishing speaking, Prince Brahma suddenly moved his hands, and several red flames immediately rushed out from his palms.

Then these flames fell directly on certain specific areas of the ancient cave.

In an instant, the formation hidden in this ancient cave was triggered.

Boom!

Almost at the next moment, there was an energy shield formed by red flames at the entrance of the cave, which suddenly enveloped the entire entrance of the cave.

There is no way for outsiders to enter this ancient cave.

At this moment, when Ye Feng saw this scene, his eyes suddenly showed surprise.

Unexpectedly, Prince Brahma could actually activate the entire protective formation in the ancient cave so casually.

And just as Prince Brahma had just activated the protective formation at the entrance to the ancient cave, dozens of top geniuses from the Black Armor Dynasty outside finally arrived.

The moment they came here, they looked through the protective formation and saw Ye Feng and Prince Brahma in the cave. They immediately said in a very cold voice: "You two can't run away, you are dead!"

Boom!

But the moment they were about to come in, the guardian formation suddenly erupted into a terrifying flame, forming a long river of flames and sending dozens of the top geniuses of the Black Armor Dynasty flying backwards. Got out.

"ah!"

“So hot!!”

There are even several top leaders of the Black Armor Dynasty

The super geniuses started to burn, burning them half to death. Their whole bodies were scorched black, and they almost died directly.

"What??"

This made a group of top geniuses from the Black Armor Dynasty suddenly look astonished in their eyes.

They never thought that the ancient cave that Ye Feng and Prince Brahma escaped into would have such a powerful protective formation.

At this moment, a group of top geniuses from the Black Armor Dynasty couldn't help but exclaimed: "Since this guardian formation exists here, how did you two get in?"

At this time, Prince Brahma smiled coldly and said from inside the cave: "Because I have controlled everything in the entire Yuangu Cave. I personally inspired this guardian formation. You can't even think about coming in."

Hearing what Prince Brahma said, a group of top geniuses from the Black Armor Dynasty outside had very gloomy eyes.

However, there was a top genius from the Black Armor Dynasty who immediately said: "You two boys, don't be complacent for too long. It has been so many years since this ancient cave abode, and the power of the formation is probably about to dissipate. A protective formation will not last long. We are now attacking this protective formation. Once the power of this protective formation is exhausted, you two will undoubtedly die, like turtles in a jar."

At this moment, dozens of top geniuses from the Black Armor Dynasty burst out with their own cultivation power and began to frantically attack the guarding formation at the entrance of this ancient cave.

It has to be said that the cultivation strength of dozens of top geniuses from the Black Armor Dynasty is still very strong.

It is worthy of being the Black Armor Dynasty from the top ten dynasties.

Under the constant attacks from a group of top geniuses, the guardian formation began to shake, and its power was rapidly declining.

The protective formation at the entrance and the flame energy shield formed by it are getting thinner and thinner, and it seems that it will be broken soon.

Seeing this scene, Prince Brahma's eyes suddenly darkened.

At this moment, Ye Feng looked at Prince Brahma, as if he had guessed something, and immediately said: "Brother Fan, since you know so much about this ancient cave, you know that in this ancient cave, back then, Is there any senior left? Others can quickly

Something to improve your skills? For example, some heaven and earth resources that contain energy, or some pills that can improve my cultivation. As long as my cultivation can break through

the Heling Realm and step into the Xuanming Realm above the Heling Realm, then this group of top geniuses from the Black Armor Dynasty will , with our joint efforts, there will be no threat. "

Hearing what Ye Feng said, Prince Brahma couldn't help but stare blankly, and then couldn't help but say: "The senior in this ancient cave did leave behind an entire alchemy furnace. There are hundreds of pills, but the power of these pills is very violent. They are defective products left behind by the senior who tried to make pills. However, although these pills contain very huge energy, The potency of the medicine is very powerful. Brother Ye, after taking it, you may have exploded and died before your cultivation level has reached a breakthrough. It's too risky, no way!"

Hearing what Crown Prince Brahma said, Ye Feng immediately grinned and said, "It's okay, hurry up and find the alchemy furnace containing many pills."

At this time, Ye Feng stared at Prince Brahma in front of him with an inexplicable look in his eyes.

In fact, Ye Feng had already guessed that Prince Brahma could directly activate the protective formation in the entire ancient cave, and he also knew that this cave actually contained hundreds of ancient pills in an entire alchemy furnace.

Ye Feng naturally understood instantly in his heart at this time. It is estimated that when Prince Brahma just responded to the fire in the skeleton, Prince Brahma already had the remnants of the super-powerful flame attribute person in this ancient cave in his mind.

In other words, the owner of this ancient cave has not died. It is estimated that he is now in the mind of Prince Brahma and can guide Prince Brahma about everything about this ancient cave at any time.

Otherwise, how could Prince Brahma suddenly know so much about this ancient cave.

In other words, Prince Brahma is now getting help from the owner of this ancient cave.

It is estimated that a soul of the owner of this ancient cave is hidden in the mind of Prince Brahma, and the two help each other.

Although Ye Feng guessed this in his heart, he did not point it out.

Because Prince Brahma didn't directly say this.

Naturally, Ye Feng would not ask directly.

Ye Feng now just asks Prince Brahma to help him improve his cultivation. This is the most important thing.

Chapter 4294 Master of the Cave

At this time, hearing what Ye Feng said, Prince Brahma immediately nodded and said: "Okay, then I will let you try it. I will look for the ancient alchemy furnace. Where is it specifically? If it is there, When there is real danger, Brother Ye, remember to stop immediately."

At this time, Prince Brahma directly followed the instructions of the soul of the owner of the ancient cave in his mind, and quickly found a certain place in this ancient cave.

Uh-huh!

At this time, Prince Brahma stretched out his hand and released a flame, burning the ground in front of him until it melted.

At this moment, as the ground melted, Ye Feng suddenly saw an ancient alchemy furnace buried under the ground.

This alchemy furnace is still very huge, like a large vat, buried in the soil, exuding an ancient atmosphere, and a strong medicinal fragrance emanates from it.

At this moment, Ye Feng's eyes suddenly lit up when he saw this huge alchemy furnace, and he quickly said: "As long as the elixir in this alchemy furnace is high enough, no matter it is a defective product or something, I will absorb the energy in it." After that, my cultivation will definitely increase tremendously. It depends on whether I can break through my current bottleneck."

Hearing what Ye Feng said, Prince Brahma immediately said with great confidence: "Brother Ye, don't worry about this. The raw materials for refining all the ancient elixirs in this alchemy furnace were the masters of this cave. Seniors personally searched for the highest-grade materials from the endless wild jungles, so these raw materials are very high-grade and precious. Although the refined elixirs are defective, the raw materials are very high-grade and contain a lot of energy. Very huge."

Hearing what Prince Brahma said, Ye Feng immediately nodded, and then immediately reached out and pulled out the alchemy furnace buried in the ground.

Bang!

This alchemy furnace was still very huge. After being pulled out by Ye Feng, it hit the ground like a hill, causing the entire ancient cave to tremble.

At this time, Prince Brahma immediately said: "Ye Feng, after you swallowed all the elixirs in this alchemy furnace, this alchemy furnace is just for me to use. I may learn to use my own natal flame next. Used to refine elixirs."

When Ye Feng heard what Prince Brahma said, a look of surprise suddenly appeared in his eyes, and he couldn't help but said, "Are you going to study alchemy?"

Prince Brahma nodded and said with a smile: "My natal flame, Nine Yang True Fire, is originally a very advanced flame power. It is only used for grilling delicacies. If it is not used to make elixirs, it is really too much." wasted."

Hearing what Prince Brahma said, Ye Feng immediately burst out laughing and said: "Okay, I hope that after you join the Blood Demon Dynasty in the future, you can fully utilize your talent in alchemy. You have to know that like the Blood Demon A behemoth like the dynasty, which fights with other big forces all year round to expand its territory, will definitely need high-level and powerful alchemists to provide them with a steady stream of elixirs. An extremely powerful alchemist, for a super power, has is of great significance because it can give this general trend

We can provide a steady stream of logistical supplies, and the refined elixirs can not only enhance the strength of the practitioners in the entire force, but also during the battle, some healing elixirs can instantly restore the practitioners' physical strength and injuries. It has great strategic significance. "

Hearing what Ye Feng said, Prince Brahma immediately couldn't help but nodded and said, "Thank you, Brother Ye, for your encouragement. I will study alchemy carefully."

At this moment, after Prince Brahma finished speaking, he suddenly hesitated, then looked at Ye Feng, and said loudly: "Brother Ye, actually I hid something from you just now. The reason why I know the situation about this ancient cave is so More, because I just got in touch with the original owner of this ancient cave in that skeleton. The original owner of this ancient cave was a very

powerful alchemist who came from a higher dimensional world. He unexpectedly died in this world. Here, there is still a trace of residual soul surviving. Now in my mind, I have promised this senior to help him reshape his true body, and this senior will also teach me his extremely powerful, I originally didn't plan to tell you about the alchemy technique from a higher dimensional world and keep it a secret, but I feel that since you and Brother Ye are good friends and brothers, I shouldn't hide it from you."

Hearing what Prince Brahma said, Ye Feng suddenly showed a look of surprise in his eyes.

I didn't expect that this Brahma prince would be so sincere towards me.

This made Ye Feng still feel a little warm in his heart.

It shows that the friend I made is still very good.

At this moment, Ye Feng was about to say something.

Buzz!

But in Prince Brahma's mind, a flash of fire suddenly appeared, and a fiery red shadow condensed directly next to Prince Brahma.

It was the owner of this ancient cave who was a senior alchemist from a higher-dimensional world.

At this moment, this figure, which was completely condensed by the firelight, just smiled and said: "Prince Brahma, you don't need to explain anything. This friend of yours is extremely smart. He must have guessed that I am in your mind." among."

Hearing this figure that was completely condensed by firelight say this, Prince Brahma immediately couldn't help but said in surprise: "Mr. Huo, you mean that Brother Ye has already guessed that I have a connection with you?"

The old man Huo immediately nodded, then looked at Ye Feng in front of Prince Brahma, and said with a smile: "This companion of yours is very extraordinary. By the way, let me introduce myself first. I am indeed from As a great alchemist in a higher cultivation dimension, I escaped to your lower dimension world because I suffered heavy losses in a battle with a powerful enemy in the

higher cultivation dimension, and finally fell here. But I used special This way, I have preserved my soul, and it has only been revealed now. Because the cultivation power of Prince Brahma is the same source of flame as mine, so we are destined to be together, and I can use his original flame. The power of his power continues to exist in his mind for the time being. It just so happens that I have not inherited my mantle for so many years. I just found Prince Brahma to inherit my mantle. Ye Feng, you can call me Huo Lao "At this time, when Ye Feng said this, Prince Brahma immediately nodded and said: "Okay, then I will let you try it. I will find the specific location of the ancient alchemy furnace. If danger does arise, Brother Ye, remember to stop immediately."

At this time, Prince Brahma directly followed the instructions of the soul of the owner of the ancient cave in his mind, and quickly found a certain place in this ancient cave.

The old man Huo immediately nodded, then looked at Ye Feng in front of Prince Brahma, and said with a smile: "This companion of yours is very extraordinary. By the way, let me introduce myself first. I am indeed from As a great alchemist in a higher cultivation dimension, I escaped to your lower dimension world because I suffered heavy losses in a battle with a powerful enemy in the higher cultivation dimension, and finally fell here. But I used special This way, I have preserved my soul, and it has only been revealed now. Because the cultivation power of Prince Brahma is the same source of flame as mine, so we are destined to be together, and I can use his original flame. The power of his power continues to exist in his mind for the time being. It just so happens that I

haven't inherited my mantle for so many years. I just found Prince Brahma to inherit my mantle. Ye Feng, you can call me Huo Lao ”

Chapter 4295 Wild

At this time, he looked at the shadow made entirely of flames standing next to Prince Brahma.

Ye Feng felt its unfathomable strength.

Ye Feng felt that even if the master of the cave had become such a remnant of his soul, he would probably be very powerful if he truly unleashed his power.

But you may suddenly fall into a period of weakness. .??.

And you must know that this cave master comes from a higher dimensional world of practice, so he must be very powerful, and Ye Feng still takes him very seriously.

At this moment, Ye Feng immediately clasped his fists at the cave master, smiled and said, "This junior has met Mr. Huo."

At this moment, Mr. Huo immediately smiled and nodded, and said loudly: "I can sense your talent, which is very extraordinary. Anyway, you are very powerful. I know this, and your future will definitely not be the same." It will be lower than the Brahma prince that I will teach later."

Hearing what Mr. Huo said, Prince Brahma immediately burst into laughter and said loudly: "I know Brother Ye's talent. Brother Ye is the most evil person I have ever seen, so I have said it before, I I said this on the first day I met Brother Ye. Originally, I thought that I would definitely be the number one in this Wan Chao War. But with Brother Ye joining, the result is not certain. I also said before, If there is a final showdown between the two of us, I will ask Brother Ye to be gentle and not to fight to the death. "

Hearing what Prince Brahma said, Ye Feng also smiled slightly and said: "Of course, I will definitely not kill him. After all, Brother Brahma invited me to eat roasted dragon legs as soon as we met. I have to bear this kindness. Remember."

Hearing Ye Feng's slightly teasing words, Prince Brahma immediately burst into laughter.

At this time, he also felt that Ye Feng was a person worth making friends with and a sincere friend who could talk to each other heart to heart.

At this time, Mr. Huo also nodded slightly, smiled and said to Prince Brahma beside him: "Now that you are my disciple, I will teach you the powerful inheritance of the higher dimensional world where I come from, and also my unique alchemy skills. Once you master these, you will definitely be able to dominate the world in your lower-dimensional practice world. And I think if you, my partner, can have greater success in the future, By chance, I will definitely be able to stand shoulder to shoulder with you in the future, and you can become friends and brothers in the far future."

Hearing what Mr. Huo said, Prince Brahma still had a hint of surprise in his eyes.

Because he knew very well that the world that Huo Lao came from was a very advanced world of cultivation dimensions, and he also knew how high Huo Lao's vision was. He didn't expect that Huo Lao would praise Ye Feng so much.

Prince Brahma thought to himself that it seemed that he still underestimated Ye Feng.

At this moment, Huo Lao suddenly looked at Ye Feng and said loudly: "If you can really use the power of the thousands of pills I refined back then to break through to a higher realm, then what will happen next?" Come down, I will control the body of Prince Brahma, and join forces with you to fight against the young geniuses of the Black Armor Dynasty. Even the young geniuses of this Black Armor Dynasty are all top-notch geniuses, and there are dozens of them in total. Together, if we join forces, we can defeat them all."

Hearing what Mr. Huo said, Ye Feng immediately nodded.

Originally, Ye Feng felt that even if he had broken through the bottleneck of his cultivation, it would be difficult to kill the young geniuses of the Black Armor Dynasty with the current cultivation strength of himself and Prince Brahma.

Originally, Ye Feng thought that he would directly compete with the dozens of young geniuses from the Black Armor Dynasty, and then leave here and leave this place of right and wrong.

But now that Prince Brahma has an older figure like Mr. Huo, the situation is different.

If Mr. Huo can control the body of Prince Brahma and release more terrifying power, then Ye Feng feels that if they join forces, they will not only be able to fight against the dozens of young geniuses from the Black Armor Dynasty, but they may also be able to defeat the Black Armor dynasty. All the dozens of top geniuses in the dynasty were killed.

Ye Feng is equivalent to being able to obtain the skills of dozens of top geniuses. For Ye Feng, this is simply a huge benefit.

So at this time, after Ye Feng had a bigger plan, his eyes immediately revealed a look of deep anticipation.

The next moment, Ye Feng split open the lid of the alchemy furnace with his palm.

Then Ye Feng immediately saw that when the lid of the alchemy furnace was opened, there were indeed very ancient pills lying inside.

The small elixir is only the size of a fingernail.

The large elixir is even as big as a fist.

There are thousands of them.

These thousands of elixirs are all ancient elixirs refined by Huo Lao back then, and the raw materials seem to have been brought by Huo Lao from the world of higher cultivation dimensions.

So these elixirs are very unique.

In the interface of Ten Thousand Demons, or even in the Great World of Origin, among all the heavens and realms, there is no such particularly high-grade raw material.

At this moment, Ye Feng didn't care about anything else, he just picked up the huge alchemy furnace in front of him, like an old cow drinking water, and directly poured the thousands of pills in the entire alchemy furnace towards Pour it into your own mouth.

"this....."

Seeing Ye Feng's wild scene, Prince Brahma standing next to him couldn't help but widen his eyes and said with some uncertainty: "Brother Ye, are you sure you can bear this?"

At this moment, even Huo Lao, who was standing next to Prince Brahma, couldn't help but have a look of astonishment in his eyes when he saw Ye Feng swallowing pills wildly.

It seems that he did not expect that this young man would be so bold.

At this moment, Ye Feng had no time to reply.

Because as Ye Feng poured pills one by one into his stomach, Ye Feng immediately felt the majestic power of the medicine, which exploded in his entire limbs.

Then Ye Feng immediately began to absorb these powerful medicinal powers.

You know, Ye Feng's current bones are the strongest immortal bones of the gods in the world.

The power of Ye Feng's body is also constantly evolving towards the immortal body of the God.

Therefore, Ye Feng's current physique is very strong and very strong.

Withstanding the energy of these thousands of high-level pills, Ye Feng felt a little pain all over his body.

But he could bear it.

At this moment, Ye Feng was frantically refining the majestic medicinal power, and Ye Feng's cultivation aura suddenly began to rise rapidly and continuously.

The big bottleneck of the tenth level of Helling Realm began to loosen at this moment due to the impact of such a huge medicinal energy. At this time, he looked at the shadow made entirely of flames standing next to Prince Brahma.

Ye Feng felt its unfathomable strength.

Ye Feng felt that even if the master of the cave had become such a remnant of his soul, he would probably be very powerful if he truly unleashed his power.

At this moment, Ye Feng was frantically refining the majestic medicinal power, and Ye Feng's cultivation aura suddenly began to rise rapidly and continuously.

At this moment, the big bottleneck of the tenth level of the Heling Realm began to loosen due to the impact of such a huge medicinal energy.

Chapter 4296 Deep sluggishness

Buzz!

At this time, with Ye Feng's devouring, Ye Feng's energy and aura became more and more powerful.

Finally at some point.

Boom!

Ye Feng's body suddenly erupted with a terrifying breakthrough momentum.

Ye Feng's cultivation, at this moment, finally succeeded in breaking through the bottleneck of the tenth level of the Heling Realm, and stepped into the half-step Xuanming Realm above the Heling Realm!

But at this time, Ye Feng was very surprised that the energy in the thousands of high-level pills had not been completely digested by him.

There is also a very huge medicinal power, which continues to accumulate his own skills in his body.

Boom! !

Another quarter of an hour passed, and a terrifying aura erupted from Ye Feng's body once again.

Ye Feng's cultivation level once again broke through, and he finally entered the true first level of Xuanming Realm!

At this time, Ye Feng had completely stepped from the Heling Realm to the real Xuanming Realm.

The moment Ye Feng stepped into the Xuanming Realm, he immediately felt that his combat power had increased unparalleledly.

At this moment, the aura exuded by Ye Feng's movements was very oppressive, as if it could destroy the world at any time.

At this moment, even Prince Brahma, who was standing next to Ye Feng, couldn't help but take two steps back. He was a little frightened by the aura that Ye Feng inadvertently exuded.

Prince Brahma couldn't help but said in shock: "Brother Ye, after you broke through a realm, your aura and combat power increased too fast. I feel that after you broke through, it felt like a breakthrough to me. The two realms are the same."

Hearing what Prince Brahma said, Ye Feng immediately grinned and said loudly: "I have a profound foundation in martial arts, so every time I break through, even if it is just a small level, my combat effectiveness will be greatly improved.

Not to mention the breakthrough of a whole realm, my combat effectiveness is estimated to be at least a hundred times stronger than before. "

"More than a hundred times??"

Hearing what Ye Feng said, Prince Brahma immediately showed deep astonishment in his eyes. It seemed that he had never expected that Ye Feng's current combat effectiveness had suddenly improved so much.

Mr. Huo, who was beside Prince Brahma, smiled slightly at this time and said: "Now that Ye Feng has broken through, let's not waste any more time and directly join forces to kill the dozens of people outside who are attacking the guarding formation. All the top geniuses of the Black Armor Dynasty were wiped out."

At this moment, the Huo Lao was speaking, and his tone was also full of cruelty and ferocity.

From this we can see that this old man must have been a ruthless man and not a good man.

At this time, Ye Feng immediately nodded, and then asked aloud: "I wonder how Mr. Huo will control the body of Prince Brahma next? What level of power can it explode?"

Hearing Ye Feng's question, Huo Lao immediately smiled and said, "You will know later."

Uh-huh!

After saying that, Huo Lao turned into a ray of fire and entered the center of Prince Brahma's eyebrows.

At this moment, Huo Lao immediately spoke out in Prince Brahma's mind: "Prince Brahma, now give me control of your body."

Prince Brahma immediately nodded and stopped resisting.

At this time, Huo Lao took control of Prince Brahma's body.

Wow!

Prince Brahma's whole body suddenly erupted into a terrifying and violent flame.

This kind of extremely violent

The fierce flames are different from the Nine Yang True Fire of Prince Brahma.

This kind of fierce flame is Huo Lao's natal flame, and its level is very high.

At this moment, Prince Brahma's whole body was burning with red flames, giving the impression that he had turned into a god of fire.

At this moment, Huo Lao's voice sounded: "I now control the body of Prince Brahma to release my natal flame, the ancient burning sky flame. With the help of this powerful flame, I can temporarily reduce the combat effectiveness of Prince Brahma." Improved by more than ten times."

Hearing what Mr. Huo said, Ye Feng's eyes suddenly lit up.

Prince Brahma was already very powerful. After all, he came from the Lieyang Dynasty, one of the top ten dynasties.

Now Huo Lao, a powerful senior figure, controls the body of Prince Brahma and releases his unique ancient burning sky fire, an advanced and terrifying power of fire. His combat power has definitely skyrocketed!

At this moment, Ye Feng nodded immediately, and flew quickly towards the outside of this ancient cave with Prince Brahma, whose body was burning with flames.

When they arrived at the entrance, they found that cracks had appeared in the entrance's protective formation, which was almost shattered by dozens of top geniuses from the Black Armor Dynasty.

But at this moment, Prince Brahma, whose body was controlled by Huo Lao, completely opened the protective formation in front of him.

When the dozens of top geniuses from the Black Armor Dynasty saw this scene, their eyes immediately froze, and then they laughed sarcastically and said, "Are you thinking too much? Are you just giving up the resistance?"

Prince Brahma, controlled by Mr. Huo, immediately showed a strange smile on his face and said loudly: "It's not that we give up resistance, but that all of you are going to die."

"Hahaha!!"

Hearing what Prince Brahma said, dozens of people present

The top geniuses of the Black Armor Dynasty all laughed out loud.

The laughter was full of cynicism.

Apparently they felt that Prince Brahma was dreaming.

But at this moment, Prince Brahma immediately stretched out a hand, and directly condensed a big flaming hand, and suddenly bombarded the front, and even killed one of the dozens of geniuses of the Black Armor Dynasty in an instant. It was reduced to ashes and killed instantly.

"What??"

Seeing this scene, the dozens of top geniuses from the Black Armor Dynasty present immediately widened their eyes.

It seems that he never expected that Prince Brahma's current attack power and the burning power of the flames would become so much stronger.

At this moment, Ye Feng also rushed out and directly burst into the future body of Dzogchen.

The cultivation level has skyrocketed from the first level of the Xuanming Realm that has just been broken through to the tenth level of the Xuanming Realm in a short period of time!

Ye Feng held the small black sword and slashed forward. He actually cut three top geniuses from the black armor dynasty in half, killing them instantly.

"What??"

Seeing this scene and seeing the more powerful existence of Ye Feng, the remaining top geniuses of the Black Armor Dynasty present suddenly showed a deep look of sluggishness on their faces.

They never expected that Ye Feng's combat power would suddenly become so much stronger.

At this time, Prince Brahma, controlled by Mr. Huo, immediately couldn't help but said in admiration: "Ye Feng, your increase in combat power is really shocking."

Ye Feng grinned at this time, looked at the remaining dozens of top geniuses from the Black Armor Dynasty not far away, and said coldly: "Keep all these geniuses from the Black Armor Dynasty who have been chasing us for so long. , If you want to take advantage of the situation, these people should all die!"

Chapter 4297 Too fierce

At this moment, Ye Feng said that Prince Brahma, who was controlled by Mr. Huo, immediately charged towards a large group of top geniuses from the Black Armor Dynasty ahead.

"They are so brave!"

"How arrogant!"

"court death!"

Seeing Ye Feng and Prince Brahma rushing towards them, the top geniuses of the Black Armor Dynasty immediately showed angry expressions on their faces.

They all said aloud: "These two boys are really looking for death. Although they killed several of their companions in an instant, it does not mean that they have the strength to fight against all of us. Now all of us are fighting together, I don't believe that the two of them can defeat dozens of our geniuses."

After finishing speaking, dozens of top geniuses from the Black Armor Dynasty immediately burst out with their own cultivation power.

boom!

boom!

boom!

They frantically released their powerful inheritance, and terrifying destructive divine light suddenly erupted from a large group of top geniuses of the Black Armor Dynasty, seemingly capable of destroying the world.

At this time, Huo Lao controlled Prince Brahma and directly used his own special ancient Burning Sky Flame to release the powerful inheritance of Prince Brahma, turning him into a majestic flame giant tens of thousands of meters tall.

Wearing a flaming crown on his head and holding a flaming sword several kilometers long in his hand, he was very terrifying.

Every strike of the sword contained destructive power that would burn the sky and destroy the earth.

This shows how powerful this old man is.

You know, Prince Brahma himself turned into a flame giant before, only a few kilometers tall.

But this Fire Elder controls Prince Brahma and can turn into a majestic flame giant tens of thousands of meters tall.

And you must know that the current Huo Lao is just a remnant soul.

This shows how terrifying Huo Lao was during his peak period.

At this time, Ye Feng also burst out frantically with his Frozen Sword Soul Technique.

Now Ye Feng's skill has been upgraded to the first level of Xuanming Realm, and his skill has increased countless times than before.

Therefore, Ye Feng's magic power is very huge and vast.

After Ye Feng used the Frozen Sword Soul Technique, he not only condensed a big frozen sword.

Instead, a total of nine frozen swords condensed directly on top of Ye Feng's head!

Wow!

Then a total of nine frozen swords, with the power to freeze everything and destroy everything, went towards the surroundings to kill crazily.

It seemed to have turned into a huge giant sword gear, spinning rapidly around, constantly harvesting the lives of the top geniuses of the Black Armor Dynasty.

Moreover, the small black sword held in Ye Feng's hand also had terrifying killing power.

Under the influence of Ye Feng's huge mana, Ye Feng held the small black sword in his hand and slashed forward crazily. He was also able to slash out sword lights that destroyed the heaven and earth.

Although the top geniuses of the Black Armor Dynasty were extremely powerful, they could not resist the terrifying and destructive momentum and power released by Ye Feng and Prince Brahma.

You must know that Ye Feng and Prince Brahma are both very powerful in combat now. Prince Brahma is even controlled by Huo Lao and is even more ferocious than Ye Feng now.

Therefore, under the joint efforts of Ye Feng and Prince Brahma, these dozens of top geniuses of the Black Armor Dynasty no longer had the advantage they had before. They were beaten back and forth, and more than half of them were killed or injured in an instant!

"ah!"

"ah!"

The entire field suddenly erupted with screams.

Seeing this scene at this moment, the remaining dozen or so geniuses from the Black Armor Dynasty suddenly widened their eyes, with deep horror and anger in their eyes.

They never thought that Ye Feng and Prince Brahma suddenly became so powerful in such a short period of time in this ancient cave.

The two of them joined forces and were able to block the attacks of dozens of their top geniuses.

This made the dozen or so top geniuses remaining in the Black Armor Dynasty look extremely gloomy.

Originally, they entered this small world of Ten Thousand Dynasties War, used some special means, and spent a huge price to gather dozens of top talents.

I thought that dozens of them could unite and sweep across the entire independent small world of the Ten Thousand Dynasties War.

But now they never thought that just now they were preparing to sweep everything, but they encountered two guys, Ye Feng and Prince Brahma, who didn't play according to common sense. These two top geniuses were really terrifying.

At this moment, the remaining dozen or so geniuses from the Black Armor Dynasty no longer dared to fight, and simply fled crazily into the distance.

Because they now know that the only way is to escape from here and preserve their current strength.

Because their casualties were too heavy and they could no longer be lost.

Whether it was Prince Brahma who turned into the majestic flame giant tens of thousands of meters tall, or Ye Feng, who was surrounded by nine giant ice swords spinning rapidly, like an ice emperor, there was really no way to resist it.

But at this time, seeing a dozen of the top geniuses of the Black Armor Dynasty trying to escape, Ye Feng immediately looked at Prince Brahma next to him and yelled.

Said: "Senior Huo, don't let them escape. Kill them all. This is the price they pay for chasing us. They must pay the price with blood!"

Uh-huh!

At this moment, Ye Feng didn't hesitate at all. He directly moved towards the Void Land and charged forward. Holding the small black sword in his hand, he slashed hard towards the front.

Boom! !

A sword light that destroyed the heaven and earth erupted from the small black sword and slashed forward, splitting the entire earth into a huge crack of tens of thousands of meters.

Several top geniuses from the Black Armor Dynasty standing around the cracks in the earth were killed by Ye Feng in an instant.

And the Brahma Crown Prince controlled by Huo Lao, transformed into a majestic flame giant tens of thousands of meters tall, just shouted: "World-Destroying Fire Lotus!"

At this moment, Huo Lao seemed to have exerted a special inheritance of his own.

Boom boom boom...

I saw endless flames burst out from the flame giant's body, and flame lotuses condensed out.

Thousands of flaming lotuses, like a meteor shower, smashed forward, smashing a large area of land in one fell swoop.

All the top geniuses of the Black Armor Dynasty standing on that piece of land were smashed to death.

At this moment, dozens of the top geniuses of the Black Armor Dynasty were finally completely killed, killed by Prince Brahma controlled by Ye Feng and Huo Lao.

At this moment, seeing the result of the battle, Prince Brahma couldn't help but said excitedly: "It's too fierce, it's too fierce!"

Ye Feng also showed deep excitement in his eyes at this time. He rushed forward, released the Devouring Domain, and began to devour the skills of dozens of top geniuses from the Black Armor Dynasty!

Chapter 4298 Jian Youlan

"Boom!"

At this time, as Ye Feng devoured, the blood energy and skills of the dozens of top geniuses of the Black Armor Dynasty who were killed were immediately devoured by Ye Feng from their corpses, and then injected into Ye Feng's Dantian. in.

Ye Feng's skill immediately began to grow rapidly.

You know, the dozens of top geniuses from the Black Armor Dynasty are all very powerful, and they are at the same level as Ye Feng.

Moreover, their skills are very strong and advanced. After all, they come from the Black Armor Dynasty, one of the top ten dynasties.

So at this time, even for warriors of the same realm, the skill provided by dozens of top geniuses to Ye Feng was extremely huge.

Because their skills and energy are very advanced and of high quality.

At this moment, Ye Feng could immediately feel his own power and began to transform rapidly.

boom!

The second level of Xuanming Realm!

boom!

The third level of Xuanming Realm!

At this moment, Ye Feng's cultivation level directly broke through two levels.

From the first level of Xuanming Realm, he broke through to the third level of Xuanming Realm!

It has to be said that Ye Feng devoured dozens of top geniuses from the Black Armor Dynasty this time, and his cultivation skills have indeed increased tremendously.

At this time, Ye Feng reached out and grabbed the storage rings on the fingers of dozens of top geniuses of the Black Armor Dynasty and took them into his own hands.

Then Ye Feng threw away half of the storage ring and gave it to Prince Brahma beside him. He smiled and said, "We each have half."

Prince Brahma immediately laughed and said, "Okay."

At this time, Prince Brahma felt more and more that Ye Feng was a completely heart-to-heart friend.

At this time, the shadow of Mr. Huo suddenly appeared next to Prince Brahma.

Huo Lao stared at Ye Feng at this time and couldn't help but said in surprise: "Young man, the method you used just now seems to be very overbearing. You can actually swallow the energy of other living beings and use it for yourself? Are you sure this is not the case? Will you go crazy?"

Hearing what Mr. Huo said, Ye Feng couldn't help but smile immediately and said loudly: "Many people have reminded me before about whether the use of devouring ability will make me crazy. My answer is absolutely No, because as long as I keep my heart, there will be no

The problem is, there are no evil exercises in the world, only evil people. No matter how holy the exercises are, if they are practiced by evil people, they will become very evil. "

After hearing what Ye Feng said, Huo Lao couldn't help but nodded and said, "Young man, what you said makes sense."

After saying that, Huo Lao turned into a ray of fire and once again entered the mind of Prince Brahma, and said aloud: "The next step is up to you two. The battle just now has consumed a lot of my remaining strength. What's next? I need to take a good nap to recover."

Prince Brahma immediately spoke out at this time: "Lao Huo, don't worry, just rest in my mind and recover well."

At this moment, Prince Brahma's face was full of joy.

Because this time, he can be said to have gained a huge amount.

The biggest gain was the arrival of Huo Lao, a super powerful man from a higher-dimensional world of practice.

With Huo Lao's guidance and Huo Lao's inheritance, Prince Brahma felt that he had a bright future.

At this moment, Ye Feng was also sincerely happy for Prince Brahma.

After all, Prince Brahma is Ye Feng's first friend when he enters this independent world of Wan Chao War, and he is also a friend with whom he can have sincere relationships.

Ye Feng naturally hopes that Prince Brahma will become stronger and stronger and be able to keep up with him.

Otherwise, Ye Feng feels that he is too lonely.

Along the way, Ye Feng practiced for a long time and met many friends and companions, but in the end they could no longer see each other.

Because Ye Feng is getting stronger and stronger and wants to enter a stronger world.

But many of Ye Feng's past companions and partners cannot keep up with Ye Feng's pace.

Ye Feng had no idea about this.

There is no use in forcing one's companions and companions to break through.

Because I can't always help them continue to make breakthroughs in cultivation.

Moreover, some people's talents are there, and even if they are forced to help them break through, they will not be able to break through.

And everyone has different choices

, a different life.

Maybe sometimes it's best to let nature take its course.

At this moment, Ye Feng was thinking secretly in his heart.

Prince Brahma beside him suddenly said: "Ye Feng, let's go to the center of this small world quickly and climb the Shura Holy Mountain. That is the core place of the Ten Thousand Dynasties War and the most important place. The most important place, and I think you have also heard about it, is that on the top of the ninth level of the Holy Mountain of Shura, there is the most precious opportunity

for the Blood Demon Dynasty to remain in this small world of the Ten Thousand Dynasties War. We must fight for it. A fight."

When Ye Feng heard what Prince Brahma said, he immediately nodded, smiled and said, "Okay, then let's go on the road together."

At this moment, the two top geniuses, Ye Feng and Prince Brahma, walked directly together and flew quickly towards the center of this small world.

After being surrounded by dozens of top geniuses from the Black Armor Dynasty, the two of them also knew. .??.

In this small world of Ten Thousand Dynasties War, if you can meet like-minded partners and join forces, sometimes you can really achieve miraculous results.

Encountering some dangers and enemies, two top geniuses like them joining together are definitely a powerful force that cannot be ignored.

At this moment, Ye Feng and Prince Brahma flew directly towards the center of the small world.

Along the way, they also passed through many dangerous places, but with the cooperation of the two, they were able to resolve the danger.

After all, both Ye Feng and Prince Brahma have made huge breakthroughs in their cultivation, and they are probably the top beings in the entire small world.

Therefore, two top beings united together are naturally very powerful.

After half a month, they finally passed through more than half of the small world area and arrived at the center of the small world.

This is a barren black land, and the plants growing around it are all black, and it looks like a piece of magic soil.

When Prince Brahma saw this scene, a look of surprise suddenly appeared in his eyes, and he said loudly: "Ye Feng, this place feels like the territory of the demon clan, giving people a very dark feeling."

Ye Feng smiled slightly at this moment and said aloud: "The mountain in the center of the small world is called Xiu

Luo Shengshan, Shura Shura, represents the royal family among the demons, the Shura clan. I think this is also a test for us from the Blood Demon Dynasty. What we have to face next is not a genius who is also a human race, but a very fierce and... The cruel dark demon clan, and maybe the Shura clan, the most brutal among the demon clan, I think that the Shura Holy Mountain must be very dangerous. "

Hearing what Ye Feng said, Prince Brahma suddenly showed a look of surprise in his eyes and said loudly: "You mean, the Blood Demon Dynasty has captured many powerful and brutal demons, and even Shura demons, let go They are here to fight with us and test our life and death combat experience."

Ye Feng immediately nodded and said loudly: "That's right, because only by facing the most ferocious enemy can a person's greatest combat potential and talent be brought out. Next, we must be careful and slowly move towards Approaching the Shura Holy Mountain."

Boom!

While the two were talking, a huge roar of battle suddenly came from a certain direction not far away.

Ye Feng and Prince Brahma looked at each other, and then flew quickly in that direction.

When they arrived at their destination, they immediately saw a chaotic scene.

I saw hundreds of dark demons wearing black armor attacking a beautiful young woman wearing a snow-white dress.

This beautiful young woman in a snow-white dress has a white jade sword box suspended above her head.

From the sword box, hundreds of flying swords of different colors and lengths flew out at this moment, spinning rapidly around the woman in the snow-white dress, fighting against the hundreds of powerful and ferocious demons surrounding her. He looked very surprised.

However, although this woman in a snow-white dress had advanced cultivation and possessed such a special and powerful treasure, she was still overwhelmed by the attacks of hundreds of ferocious demon masters and her face was a little pale.

Prince Brahma looked at the battlefield not far away, and immediately couldn't help but said in surprise: "It turned out to be Jian Youlan from the Tianjian Dynasty. The Tianjian Dynasty is also one of the ten major dynasties. This Jian Youlan is the Tianjian Dynasty." The most stunningly talented and beautiful female swordsman of this generation in the dynasty, I didn't expect that the emperor of the Tianjian Dynasty would be willing to give a treasure like the 'Ten Thousand Swords Treasure Box' to Jian Youlan. It seems that the Tianjian Dynasty has a deep love for Jian Youlan. Lan has high expectations and wants her to represent the Tianjian Dynasty and stand out in the war of ten thousand dynasties. "

Chapter 4299: Strengthening the Team

"Sky Sword Dynasty, Jian Youlan?"

At this time, when he heard what Prince Brahma next to him said, Ye Feng immediately stared at the beautiful young woman in a white dress who was surrounded by hundreds of dark demon rats not far away, and his eyes suddenly revealed A look of surprise.

Unexpectedly, someone else came here earlier than them.

It seems that the strength of this Jian Youlan is still very powerful. It is definitely not just a vase, and it is definitely not just as beautiful as it looks.

This is a very powerful swordswoman.

Moreover, she holds a very powerful treasure, which seems to be a peerless magic weapon awarded to her by the emperor of the Tianjian Dynasty.

Ye Feng could clearly see at this moment that the sword box blooming with bright light was floating above the head of Jian Youlan.

Flying swords of different lengths flew out from the sword box, spinning rapidly around, resisting the attacks of hundreds of dark demons.

This is enough to show that Jian Youlan's control of this magic weapon has reached a very proficient level.

This treasure is indeed very magical. It can release thousands of flying swords in an instant, and each flying sword has a very powerful attack power.

Otherwise, no matter how powerful this Jian Youlan is, it will be impossible for her to withstand the attacks of hundreds of dark demons in an instant with the strength of one person.

It was this powerful magic weapon that gave her this ability.

At this moment, Jian Youlan, who can control hundreds or even thousands of flying swords, is equivalent to one person being able to match thousands of troops.

However, this Jian Youlan seems to have consumed too much power now, and her face is very pale.

That beautiful look was full of exhaustion.

Obviously, he wants to activate this sword box and release hundreds or thousands of flying swords in it, which consumes a lot of personal mana.

At this time, Prince Brahma immediately looked at Ye Feng beside him and asked: "Brother Ye, do we want to help? The relationship between this Tianjian Dynasty and our Lieyang Dynasty is pretty good. Our two top dynasties There are often contacts between them, and even the descendants of the two royal families, and occasionally marriages."

Hearing what Prince Brahma said, Ye Feng immediately smiled and said: "Since you have met this Jian Youlan and she has a pretty good relationship with you, then help her. These hundreds of dark demons The clan is no longer a big threat to us. We are not alone in danger. We just want to do a favor and help Jian Youlan and rescue her from her predicament. The other party will definitely be grateful. We may be able to join our team, and then our team will become stronger."

At this moment, Ye Feng said that he had actually begun to prepare to gather a strong team.

Because Ye Feng had encountered the Black Armor Dynasty before, he was able to gather all the top talents in his dynasty together and exert the huge power of human sea tactics.

So no one can guarantee whether other top dynasties will have this special ability to bring all the geniuses in that top dynasty together in a small world.

So at this time, Ye Feng naturally wanted to strengthen his team.

If Jian Youlan can also join his team, then the overall strength of their team will naturally increase a lot.

In fact, Ye Feng still looks down on ordinary talents. As the first female swordsman of the Tianjian Dynasty, Jian Youlan is very powerful in combat and possesses such a powerful magic weapon, so Ye Feng thinks he can invite this person.

Jian Youlan joined their team.

So at this time, when Ye Feng heard Prince Brahma's question, he naturally agreed.

When Prince Brahma heard what Ye Feng said, he immediately nodded and said, "Okay, then we will rush over directly."

Boom!

Boom!

Almost at this moment, Ye Feng and Prince Brahma no longer hesitated and rushed forward quickly.

At this moment, the two of them released their huge cultivation momentum, which suddenly attracted many dark demons on the battlefield not far away, and also attracted Jian Youlan, who was fighting with the dark demons.

Jian Youlan's beautiful eyes immediately looked away from the battlefield not far away, and immediately spotted Ye Feng and Prince Brahma.

She didn't know Ye Feng.

But Prince Brahma and Jian Youlan still knew each other.

After all, Jian Youlan, as the first female swordsman of the Heavenly Sword Dynasty, had been invited to visit the Lieyang Dynasty before.

So she once saw the prince of Lieyang Dynasty, Prince Brahma.

At this time, Jian Youlan couldn't help but said: "Thank you to Prince Brahma and another friend for saving me!"

Hearing what Jian Youlan said at this moment, Prince Brahma immediately laughed out loud and said: "Jian Youlan, the person next to me is called Ye Feng, and he is my good brother. Although he comes from a low-level dynasty, he is a warrior." The power is definitely not inferior to yours or mine."

Almost at the moment when Prince Brahma finished speaking, Ye Feng directly released the Frozen Sword Soul Technique.

boom! boom! boom.....

I saw a very cold air bursting out from above Ye Feng's head.

Then on top of Ye Feng's head

, directly condensed into a total of nine huge ice swords.

Each ice giant sword is several kilometers long and looks very visually impactful.

At this moment, nine huge ice swords were spinning rapidly around Ye Feng.

As long as the dark demons are struck by the ice giant sword, they will be cut in half in an instant and die instantly, and their bodies will be frozen into ice cubes.

Seeing this scene, Jian Youlan, who was not far away, looked shocked, and her beautiful eyes immediately showed a trace of admiration. She couldn't help but said: "What a strong strength, and what's more, what he has cultivated This inheritance seems to have an inexplicable relationship with our Tianjian Dynasty, and it is a very powerful swordsmanship inheritance."

At this time, Jian Youlan suddenly became deeply curious about Ye Feng.

Because Jian Youlan was originally a peerless female swordsman, and she had a very deep understanding of the sword.

And they are very interested in things related to swords.

Now the Frozen Sword Soul Technique released by Ye Feng has a lot to do with the sword, so it naturally attracted Jian Youlan's attention and interest.

At this time, Prince Brahma immediately laughed out loud: "Let's not talk so much first, let's deal with all these dark demons first!"

Flame giant!

At this moment, Prince Brahma once again released the power of his blood.

His whole body expanded directly on the spot, becoming a flaming giant that was several kilometers long.

The giant's body was burning with terrifying flames, and he wore a crown of flames on his head. He held a flaming sword several kilometers long in his hand, and he slashed rapidly towards the surroundings.

Every time he slashed, there was endless flames, burning all the surrounding dark demons into ashes!

Chapter 4300 Qualified

It has to be said that now that Prince Brahma has received guidance from Mr. Huo, his true combat effectiveness is indeed much stronger.

At this moment, with the addition of two top geniuses, Ye Feng and Prince Brahma, the entire battle situation was immediately reversed.

At this time, Jian Youlan, who was surrounded in the middle, naturally felt that the pressure on her body was suddenly reduced a lot.

She controlled her thousands of flying swords and quickly cut towards the surroundings.

Hundreds of dark demons were quickly killed by three people.

At this time, in order not to reveal his devouring ability in front of outsiders, Ye Feng directly used the storage ring to put all the hundreds of dark demons into his storage ring, and then secretly devoured them when he had time. .

At this moment, Jian Youlan was a little surprised to see Ye Feng collecting the corpses of these dark demons, but she didn't ask any more questions.

Because she's not interested in this either.

The only thing she was interested in was the Frozen Sword Soul Technique that Ye Feng had just displayed.

Uh-huh!

At this moment, Jian Youlan immediately flew in front of Ye Feng, then looked at Ye Feng and Prince Brahma in front of him, slightly clasped his fists, and said loudly: "This time, I really want to thank my two friends for their help. Otherwise, it is estimated that I might really die here today. I didn't expect that in the center of this small world, there would be so many terrifying and ferocious dark demons. The fighting power of each of them is very terrifying. If it's just a single one, As for the dark demons, they are no match for me at all, but I didn't expect that I would lead so many dark demons out of an underground cave at once. In fact, the cultivation level of each of these dark demons is not much better than ours. , but if hundreds of them gather together, it will be very powerful, and ordinary people have no way to fight against it. "

At this moment, Jian Youlan was still a little frightened as she spoke.

Because if Ye Feng and Prince Brahma hadn't happened to pass by here, she might have really died here today and been divided up by the dark demon clan.

At this time, Prince Brahma smiled and said: "Jian Youlan, your strength is still very good. You came here one step ahead of the two of us. This is already a relatively close area to the Holy Mountain of Shura. , naturally there are many dark demons living there. Brother Ye also told me just now that there must be more terrifying dark demons living in the Shura Holy Mountain. Maybe there are also the royal bloodline among the dark demons, the Shura clan. So it's going to be very dangerous, and we want to invite you to join our team."

Hearing what Prince Brahma said, Jian Youlan immediately looked at Ye Feng.

Ye Feng also smiled slightly at this moment, looked at the beautiful woman in front of him, and said loudly: "We really want to invite Miss Youlan to join our team. Before, we were united by dozens of top geniuses from the Black Armor Dynasty. We almost died after chasing each other, so if a few of our top geniuses unite together, we can help each other no matter what danger we encounter next. As for the final fight for the final opportunity of the ninth level of Shura Sacred Mountain, then we will Let's all rely on our abilities, but we don't want to face each other in life or death, because we will definitely be able to enter the Blood Demon Dynasty. After we enter the Blood Demon Dynasty in the future, we can be regarded as friends, and we can interact with each other in the Blood Demon Dynasty, a powerful force in cultivation. help."

Hearing what Ye Feng said, Jian Youlan was silent for a moment, and then

Hou Juemei's eyes were fixed on Ye Feng and she said loudly: "Okay, I believe you. Since you are willing to take the risk to save me, it means that you have no intention of harming me. As a swordsman, I , I like to be alone, but you saved me, I can't help but be grateful for this kindness, and I am willing to temporarily join your team and walk with you."

At this moment, Jian Youlan was talking, and suddenly her beautiful eyes were fixed on Ye Feng, and she couldn't help but asked curiously: "Ye Feng, the nine frozen giant swords you just released, It has very terrifying power, not only with the powerful power of ice, but also with the edge of swordsmanship. I wonder where your inheritance comes from? Prince Brahma said that you come from a low-level dynasty. I am very confused. Among the low-level dynasties. How can it be possible for China to have such a strong inheritance?"

When Ye Feng heard this, he immediately smiled and said: "I did not get this set of Frozen Sword Soul Techniques from the royal family of that low-level dynasty, but from one of the founders of our sect. From the place of enlightenment of the human ancestor, I realized that the ancestor of our sect was also a very powerful being at that time, definitely far beyond the level that the lower dynasty could accommodate. "

Hearing what Ye Feng said, Jian Youlan nodded immediately, with a hint of surprise in her beautiful eyes.

At this time, Ye Feng suddenly looked at Jian Youlan, smiled and said, "If Miss Youlan wants to learn, I can teach you."

Hearing what Ye Feng said, Jian Youlan's beautiful eyes suddenly showed a hint of anticipation.

Because she had just seen how powerful the Frozen Sword Soul Technique displayed by Ye Feng was.

But the next moment, Jian Youlan immediately shook her head and said loudly: "This is your powerful trump card, Ye Feng. I can't just let you teach me casually. Although I am very interested in the powerful inheritance of swordsmanship, but I can't just take your peerless inheritance for nothing."

Hearing what Jian Youlan said, Prince Brahma beside him suddenly said with a hint of ridicule: "Jian Youlan, you are the first female swordsman of the Tianjian Dynasty, and you are not only powerful, but also very beautiful. , is the third most beautiful woman among our ten dynasties, and I, Brother Ye, am extremely talented and stand out from the low-level dynasties. I am also a peerless genius. You two are talented and beautiful, so it is better to become martial arts partners. In this case, you can share It's your own inheritance, so you don't need to be so reserved and polite."

When Prince Brahma said this, both Ye Feng and Jian Youlan were slightly stunned.

Immediately, Ye Feng couldn't help but shook his head with a wry smile, looked at Jian Youlan, and said loudly: "Brother Fan likes to joke, Miss Youlan, don't mind too much."

Jian Youlan couldn't help but glance at Prince Brahma at this time, and said rather speechlessly: "Prince Brahma, don't say such embarrassing words in the future. Ye Feng and I are just acquaintances, and you say such things , How will we get along in the future? But having said that,

Ye Feng is indeed the most powerful young genius I have ever seen in other dynasties except the top dynasties, and he is qualified to be my martial arts training partner."

"??"

Hearing what Jian Youlan said, Ye Feng's eyes suddenly froze.

Prince Brahma also had a look of astonishment in his eyes, as if he did not expect that Jian Youlan, a stunningly talented beauty from the top dynasty, would really consider forming a martial arts partner with Ye Feng. It has to be said that now that Prince Brahma has received guidance from Mr. Huo, his true combat effectiveness is indeed much stronger.

At this moment, with the addition of two top geniuses, Ye Feng and Prince Brahma, the entire battle situation was immediately reversed.
