

Ancient 4301

Chapter 4301 Dark Light Mask

At this moment, Prince Brahma immediately looked at Ye Feng and couldn't help but said with envy: "Brother Ye, you are really charming. You can let a top beauty like Jian Youlan be attracted to you. The impression was so good. "

Ye Feng couldn't help but shook his head, and then said aloud: "Let's not talk so much. The three of us should hurry up and move towards the Shura Holy Mountain in the middle. I think there must be other top-notch ones." Geniuses, or other ordinary dynasties, may also have peerless powerful beings. Like me, maybe they have already arrived here and are heading towards the Holy Mountain of Shura. Let's hurry up and don't let others get there first. After all, the Blood Demon Dynasty is here. At the top of Shura Holy Mountain, the most precious opportunity of this war of all dynasties is left, you must get it!"

Hearing what Ye Feng said, Prince Brahma and Jian Youlan in front of them both nodded and stopped joking.

The three of them immediately speeded up and rushed towards the Holy Mountain of Shura in the middle of this dark demonic land!

But not long after they advanced, a large number of dark demons suddenly chased behind them.

There are actually thousands of them!

At the forefront of these dark demons, there was actually a tall, double-winged demon wearing dark golden armor.

This extremely tall two-winged demon holds a black steel fork in his hand. The cultivation aura on his body is actually two realms higher than the cultivation of Ye Feng and the others, giving people a very terrifying oppression. feel.

Just like a dark devil, it makes people unable to breathe, very suffocating.

At this moment, the faces of Prince Brahma, Jian Youlan and Ye Feng all changed drastically.

Jian Youlan immediately couldn't help but said: "These should be all the members of the dark demon clan in the underground cave I just provoked. The tall double-winged demon standing in the front wearing dark golden armor, It should be the cave master of that underground cave! He is so powerful and powerful, they must have come here to track us down! Because we just killed hundreds of their powerful demons!"

Ye Feng also felt the pressure at this time, and immediately said: "Don't worry about them for now, fly towards Shura Holy Mountain quickly, we are no match for these demon armies now."

."

Prince Brahma also nodded immediately. After all, they were thousands of extremely powerful dark demons.

Moreover, the commander was a two-winged demon who was two realms higher than them.

Their best choice now is to quickly escape from the pursuit of this demon army.

"You three hateful humans can't escape! I will cut you into pieces!"

At this time, the two-winged demon behind him, wearing dark gold armor and holding a black steel fork, immediately let out a roar.

Obviously, he has the intention to kill Ye Feng, Prince Brahma and Jian Youlan!

At this time, Ye Feng, Prince Brahma and Jian Youlan fled towards the central area very quickly.

Ye Feng said out loud at this time: "There may be a place to protect us in the Shura Holy Mountain."

Hearing what Ye Feng said, Prince Brahma and Jian Youlan nodded immediately.

Boom!

But at this moment, six huge swords suddenly flew over from behind the three of them.

These six giant swords are all pitch black and are hundreds of meters long.

Swish, swish, swish!

Swish, swish, swish!

Six huge black swords struck directly in the direction of the three people from high in the sky.

However, they did not attack the three of them directly, but blocked all the areas around the three of them along the route they took to escape.

Six black giant swords formed a black hexagram formation in six directions.

Each giant sword emitted a jet-black light, and then formed a dark light shield, blocking all the space for the three people to escape.

Seeing this scene at this moment, Prince Brahma couldn't help but stare.

God sank and said aloud: "These six black giant swords are demonic magic weapons released by the two-winged demon behind them. They can be combined together to form a formation and trap us. This It's very troublesome."

At this time, Ye Feng immediately turned his eyes on the world and wanted to see through this formation.

But the next moment, Ye Feng suddenly looked a little ugly.

Because Ye Feng found that his eyes of heaven and earth could not see through the operation of this formation.

In other words, Ye Feng has no way to take Prince Brahma and Jian Youlan directly through this formation.

At this moment, Ye Feng suddenly understood that as the world of practice he came into contact with became more and more powerful, he encountered more and more super powerful people.

Many of the methods used by this extremely powerful creature, including many of his previous methods, are no longer effective.

At this moment, Ye Feng, Prince Brahma and Jian Youlan released their own power and bombarded the surrounding dark light shield.

Boom!

But along with a huge roar, the dark light shield remained motionless.

The attacks of the three people were unable to break the dark light shield formed by these six black giant swords.

"What?"

Seeing this scene, the three people's eyes immediately darkened.

At this moment, the two-winged demon chasing the three people, as well as the thousands of dark demons behind them, have all caught up.

At this time, the two-winged demon immediately laughed loudly: "You three ants from the human race dare to kill so many members of the dark demon clan in our underground cave. You can't run away today, and you must pay for it." For the price of your life, I will capture you three and use them as food for all the demons in my cave."

At this time, what this two-winged demon said was very cruel, very cruel.

At this moment, Prince Brahma immediately looked at Ye Feng and Jian You beside him.

Lan couldn't help but said: "Now there is no way but to fight with this two-winged demon! The thousands of ordinary dark demons behind him are not much of a threat, but this two-winged demon The devil's cultivation level is two levels higher than ours, so it is very difficult to deal with it."

Hearing what Prince Brahma said, Ye Feng suddenly said: "Prince Brahma, Miss Youlan, you two will resist me for a while. I will increase my skill now. After I increase my skill, the two-winged Let me deal with the big demon. You can just deal with the thousands of ordinary dark demons. Now, I'd like to trouble you to resist the pressure for a while."

You know, Ye Feng had collected hundreds of corpses of powerful dark demons before.

If Ye Feng had time now to devour those hundreds of dark demons, his power would be greatly increased.

At that time, we might be able to fight this two-winged demon head-on.

Hearing what Ye Feng said at this moment, Prince Brahma immediately nodded and said, "Okay, Jian Youlan and I will buy time for you."

After finishing speaking, without waiting for Jian Youlan to ask any questions, Prince Brahma immediately looked at Jian Youlan and said loudly: "Let's go directly!"

Boom!

Prince Brahma was very brave. After he finished speaking, his whole body suddenly burned with red flames. He turned into a flame giant several kilometers long, activated his strongest fighting state, and charged forward.

Jian Youlan had no time to ask any more questions at this time. She also released her most powerful magic weapon, the Treasure Box of Ten Thousand Swords. She released more than a thousand flying swords and charged directly forward with Prince Brahma.

At this time, Ye Feng sat on the spot and began to devour the skills and blood energy of the hundreds of dark demons in the storage ring.

At this moment, the two-winged demon in front immediately laughed sarcastically: "What is that kid at the end doing? Do you want to use any special secret technique? It's useless! And now, just the two of you can do it." If you want to block me, you will all die!"

Chapter 4302 Too powerful

Boom!

Almost at the moment the double-winged demon finished speaking, the double-winged demon held the black steel fork in his hand and bombarded directly forward.

At this moment, the black steel fork in the hands of the two-winged demon immediately burst out with a terrifying dark light.

It actually produced extremely terrifying destructive power and bombarded the front. .??.

Wow!

At this moment, even the more than a thousand flying swords in the Ten Thousand Swords Box released by Jian Youlan were all scattered to the ground by this black light of destruction.

However, the more than a thousand flying swords released by Jian Youlan finally blocked the attack.

Then, the majestic flame giant of several thousand meters transformed into Prince Brahma held the flaming sword in his hand and slashed directly towards the two-winged demon not far away.

when! !

But at this moment, the two-winged demon raised the black steel fork in his hand and blocked the flaming sword in Prince Brahma's hand.

Then he violently displayed his powerful force and knocked away the flaming sword in Prince Brahma's hand.

The majestic flame giant of several thousand meters that Prince Brahma transformed into could not help but take several steps back.

At this time, Prince Brahma and Jian Youlan both showed deep shock in their eyes.

This two-winged demon is worthy of being the commander-in-chief of this group of dark demons. His cultivation is indeed too powerful.

Even if Jian Youlan and Prince Brahma, the two top geniuses among the ten dynasties, used their strongest methods, they were somewhat unable to resist.

At this moment, the two of them immediately looked at Ye Feng behind them.

At this moment, Ye Feng had completely devoured the skills and blood energy of hundreds of dark demons that he had collected before.

Ye Feng's cultivation level was rapidly and continuously making breakthroughs at this moment.

"boom!"

The fourth level of Xuanming Realm!

"boom!"

The fifth level of Xuanming Realm!

"boom

!"

The sixth level of Xuanming Realm!

At this moment, Ye Feng's cultivation suddenly broke through the third level.

Uh-huh!

At this moment, Ye Feng immediately rushed forward and directly released the Frozen Sword Soul Art.

Above Ye Feng's head, a total of nine ice swords condensed from ice were suddenly condensed, and then they were directly bombarded towards the two-winged demon.

At this moment, the two-winged demon immediately sneered coldly and said: "Even if your cultivation level suddenly breaks through the third level of heaven, it will have no effect. My cultivation level is two full levels higher than yours." Realm, and I am a powerful double-winged demon with a special bloodline among the demon clan. My combat power is many times stronger than ordinary demons. There is no way you can resist me. "

"God of Demons!"

At this moment, the two-winged demon suddenly displayed a very powerful demon inheritance.

Behind this two-winged demon, there was suddenly endless demonic energy in the void, surging, and directly condensed into the phantom of an ancient demon god.

The phantom of the demon god looks to be hundreds of thousands of meters tall, towering upright, blocking out the sky and the sun, giving people a very oppressive feeling.

Just like the demon god composed of infinite dark power.

Uh-huh!

The next moment, the God of Demons stretched out a big hand that covered the sky and crushed all nine ice giant swords condensed by Ye Feng in an instant.

"What??"

Seeing this scene at this moment, whether it was Ye Feng, Prince Brahma and Jian Youlan, their eyes suddenly became slightly ugly.

Because they never thought that the cultivation strength of this two-winged demon would be so powerful.

Much more powerful than they expected!

At this moment, Ye Feng immediately

He looked at Prince Brahma and Jian Youlan and said, "No, the cultivation strength of this two-winged demon and the inheritance of his methods are really amazing. It's not as simple as we imagined. I just broke through." There is no way to fight him in the Third Heaven. Even if the three of us join forces, we probably won't be able to defeat this two-winged demon."

Hearing what Ye Feng said, Prince Brahma immediately couldn't help but ask: "What should we do? We can't escape now. Should we just wait here to die?"

At this time, the eyes of Prince Brahma and Jian Youlan were very ugly.

Because they never thought that in this central area of the Ten Thousand Dynasties War, they had already encountered such a huge danger before they reached the Shura Holy Mountain. ??

It has to be said that this time the Ten Thousand Dynasties War was in the most central area, and the Blood Demon Dynasty was indeed a very difficult test set up.

Only those who can pass this dangerous test can reach the top of the Holy Mountain of Shura.

At this time, Ye Feng had a plan and suddenly said: "As long as my cultivation can break through the current realm, there will be no problem."

Hearing what Ye Feng said, Prince Brahma knew that Ye Feng had the ability to devour. He immediately understood something and immediately looked at the army of thousands of demons behind the big two-winged demon.

Prince Brahma immediately couldn't help but said with bright eyes: "I understand what you mean, Brother Ye. Okay, next, Jian Youlan and I will defend Ye Feng from the two-winged demon. Ye Feng, you can just do it." Go to the thousands of demon armies behind that big demon and kill and devour them to your heart's content."

Hearing what Crown Prince Brahma said, Jian Youlan beside him immediately revealed a trace of surprise in his beautiful eyes. It seemed that he did not expect that Ye Feng had some very special energy that could devour other living beings and use it for himself. Ability.

This domineering and even somewhat evil ability made Jian Youlan frown immediately.

But immediately, Jian Youlan didn't say much.

Because there is no other way now.

\u003e We can only let Ye Feng try this possibility.

At this moment, Ye Feng did not hesitate and nodded immediately. He abandoned the two-winged demon that he was fighting in front of him and lurked into the void, heading towards the thousands of people behind the two-winged demon. Rushed into the midst of an army of demons.

At this time, the two-winged demon saw this scene and immediately smiled coldly and said: "Boy, no matter how powerful your combat power is, if you enter the thousands of demon army under my command, you will be defeated. Crushed to death in an instant!"

But before the two-winged demon could finish his words, Ye Feng rushed into the thousands of demon army and directly took out the most powerful magic weapon that Ye Feng had obtained before, the Magic Seal of Ten Thousand Souls.

This is the most powerful magic weapon that the elder of the Demonic Sect spent hundreds of years of hard work and refined into the souls of ten thousand powerful creatures.

At this time, Ye Feng had no choice but to use this most powerful magic weapon.

Because Ye Feng wanted to kill thousands of demon armies around him as quickly as possible.

In fact, what the two-winged demon said was right. If Ye Feng only relied on his own strength and ordinary means, he would definitely be crushed and killed by thousands of extremely powerful demon armies in an instant.

But if Ye Feng uses an extremely powerful top magic weapon like the Ten Thousand Souls Demonic Seal, there won't be any problems.

Uh-huh!

Almost at that moment, the Ten Thousand Souls Demonic Seal flew out of Ye Feng's head, transformed into the size of a mountain, covered the sky and the sun, and crashed down from the sky.

It was like a mountain crashing down, killing a large army of demons instantly.

Among the thousands of demons in the army, one or two hundred demons were instantly smashed into pieces by the huge jade seal.

"What?"

Seeing this scene, the two-winged demon who was sneering and sneering not far away, the commander of the demon clan, immediately showed deep astonishment in his eyes.

Chapter 4303: Soaring countless times

Obviously, at this moment, the two-winged demon never thought that Ye Feng, a seemingly ordinary human boy, would actually have such a taboo and powerful top-level magic weapon.

You know, this two-winged demon is still very confident in the strength of his army of thousands of demons.

He once led this large army to fight everywhere, all of them were tiger and wolf warriors, all of them were elite demons.

But Ye Feng's Magic Seal of Ten Thousand Souls is too powerful and is a top-notch magic weapon.

For these demonic armies, it is naturally like a dimensionality reduction attack, with no resistance at all.

The Ten Thousand Souls Demonic Seal killed hundreds of demons in a short period of time.

Seeing this scene, the two-winged demon couldn't bear it anymore, and immediately yelled crazily and said: "Boy, you killed so many of my demon army, they are all the elites I trained hard, you are dead." !”

But at this moment, Prince Brahma and Jian Youlan rushed forward immediately.

The thousands-meter-long flame giant that Prince Brahma transformed into directly used his flame giant body to withstand the great pressure of the two-winged demon.

Jian Youlan, on the other hand, controlled the Treasure Box of Ten Thousand Swords and released more than a thousand flying swords, attacking the two-winged demon in a crazy and dense manner, preventing the two-winged demon from advancing.

Although the cultivation strength of the two people was not enough to kill the two-winged demon, they could not even cause much damage to the two-winged demon.

But with the two of them joining forces, they can completely block the advance route of the two-winged demon.

This can still be achieved if the two of them work together.

After all, they are all top talents from the top ten dynasties, so they are not that weak.

But if you want to completely kill this two-winged demon, you still need Ye Feng's next creation.

From here we can also see the huge role of teamwork.

If Ye Feng were alone, he would definitely not be able to escape, nor would he be able to kill other ordinary demon armies with peace of mind.

At this moment, Ye Feng no longer had the threat of the two-winged demon. Among the thousands of demons, he was naturally very invincible.

Because Ye Feng now displays the top magic weapon, the Ten Thousand Souls Magic Seal, which was previously refined by the elders of the Demonic Sect.

Boom!

Boom!

At this moment, the huge black jade seal, like a mountain, hit the ground crazily, frantically killing the demon army.

Ye Feng frantically devoured streams of terrifying blood energy, which was immediately injected into Ye Feng's Dantian.

Ye Feng could immediately feel that his skill began to improve rapidly again.

You know, there are thousands of demon armies present.

Therefore, after Ye Fengqi killed, the energy absorbed was naturally almost endless. Ye Feng's skill and cultivation momentum. At this moment, as the Ten Thousand Souls Demonic Seal continued to suppress the demon army, Ye Feng's cultivation It immediately improved rapidly and continuously.

At this moment, such a shocking scene formed on the field.

I saw that every demon that was killed had all its blood sucked out and gathered in the direction of Ye Feng.

Ye Feng was standing high in the sky at this time, and thousands of demons were howling in pain throughout the field.

Ye Feng, on the other hand, was constantly devouring and absorbing the blood energy of all demons, so it was like rivers of blood concentrated on Ye Feng's body.

Ye Feng gave others the feeling at this moment that he was really a big devil.

Not far away, Prince Brahma and Jian Youlan saw this.

Every scene showed surprise in their eyes.

Because Ye Feng at this moment gave them such a magical feeling.

At this time, Ye Feng did not hesitate and devoured it crazily and quickly to improve his cultivation level.

"boom!"

The seventh level of Xuanming Realm!

"boom!"

The eighth level of Xuanming Realm!

"boom!"

The ninth level of Xuanming Realm!

"boom!"

The tenth level of Xuanming Realm is complete! !

"boom!"

Half step to the Xuanji realm!

At this time, along with the blood energy that devoured thousands of demon armies, Ye Feng's skill increased completely, and he made an extremely fast breakthrough, and he actually broke through to the half-step Xuanji realm above the Xuanming realm.

At this time, Ye Feng's eyes were filled with deep surprise.

I didn't expect that these thousands of demons could provide me with so much energy.

But what made Ye Feng's eyes show a trace of helplessness at this moment was that when he broke through to the half-step Xuanji realm, thousands of demons were all killed by him, and he had no power to devour them.

Originally, Ye Feng's plan was to break through to the true Xuanji realm.

Even if he only breaks through to the first level of Xuanji Realm, Ye Feng is fully capable of confronting the two-winged demon head-on.

But half a step into the Xuanji realm now is probably not enough.

At this moment, the two-winged demon not far away was blocked by Jian Youlan and Prince Brahma. He had no way to rush over. He could only watch thousands of elite demons he had trained with his own hands, all of which were killed by Ye Feng. Kill them all.

"ah!!"

At this time, the two-winged demon's eyes were red, and he looked crazy and ferocious.

He roared and said: "Boy! You are dead! You are absolutely dead! I will cut you into pieces! Crushed your bones and spread ashes! You have ruined so much of my hard work!"

At this time, Ye Feng looked at the two-winged demon yelling crazily and suddenly had a plan in his mind.

Although I am now half a step into the Xuanji realm, I am unable to kill this two-winged demon.

But his sneak attack should be able to cause some damage to this two-winged demon.

Ye Feng's plan was to cut off part of his body if he could hurt the two-winged demon.

Devouring part of the blood energy of this two-winged demon should be enough to break through his current half-step bottleneck.

After all, the cultivation of this two-winged demon is very advanced.

Even just a part of his body can provide Ye Feng with a lot of energy.

Uh-huh!

So at this moment, Ye Feng rushed forward without any hesitation.

Then Ye Feng used the top magic weapon of the Ten Thousand Souls Demonic Seal to suppress the two-winged demon in place, unable to move.

The next moment, Ye Feng took out his small black sword and launched a sneak attack in the void.

Poof!

Just cut off one of the wings of the two-winged demon.

At this moment, Ye Feng directly swallowed one of the wings of this two-winged demon.

With the blood energy in one wing of this two-winged demon, Ye Feng successfully broke through the current bottleneck of the half-step Xuanji realm.

Finally, he has completely broken through to the true first level of Xuanji Realm!

At this moment, when Ye Feng broke through to the first level of Xuanji Realm, Ye Feng immediately felt that his skill had increased unparalleled, and his combat power also surged countless times at this moment!

Chapter 4304 A fatal blow

At this time, Ye Feng broke through to the real first level of Xuanji Realm, and immediately felt that his power had increased many times compared to before.

So at this moment, Ye Feng didn't hesitate at all. He looked directly at Jian Youlan and Prince Brahma who were not far away, and said: "You two, take a rest, and leave this two-winged demon to me." "

Uh-huh!

At this moment, after Ye Feng finished speaking, he flew directly in front of the two-winged demon and said coldly: "I have become much stronger now, and you will not be my opponent in the future."

Hearing what Ye Feng said, the eyes of the two-winged demon were filled with deep anger, and he said loudly: "Boy, you killed so many of my carefully trained demon elites, and gave them all to the suppressor." Kill, do you know what a big crime you have committed?"

When Ye Feng heard what the two-winged demon said, he immediately sneered without the slightest fear and said: "You chased us so hard before. This is the price you have to pay, and you also have to pay the price." To die!"

Boom!

Almost at the moment Ye Feng finished speaking, Ye Feng directly displayed his extremely powerful inheritance, the Frozen Sword Soul Art.

With Ye Feng's current improvement in cultivation, the Frozen Sword Soul Technique displayed by Ye Feng has become more and more powerful.

Above Ye Feng's head, sixteen giant ice swords suddenly condensed.

Each giant sword was more than 10,000 meters long, and all of them were fiercely slashing at the two-winged demon not far away.

You know, Ye Feng's current magic power is very powerful, so every ice giant sword he condenses has very powerful attack power.

At this moment, the shadow of the demon god condensed behind the two-winged demon could no longer crush the ice giant sword condensed by Ye Feng in an instant.

Instead, the ice giant sword attacked by Ye Feng was slashed back repeatedly.

At this time, he felt that Ye Feng's combat power had increased so much. The face of the two-winged demon suddenly showed impotence and rage, and he couldn't help but yelled: "Boy, you actually practiced such an evil technique? The thousands of demon elites I have carefully cultivated have all been swallowed up and become your own skills and cultivation energy! Damn it! I will kill you even if I am seriously injured! You'll be torn to pieces!"

boom!

At this moment, the two-winged demon burst out wildly with his extremely powerful demonic energy.

The powerful bloodline of the clan.

The next moment, the wing that had just been cut off by the two-winged demon was seen growing again.

Then the two-winged demon actually merged with the phantom of the demon god condensed behind him.

Then the entire body of the double-winged demon immediately began to expand rapidly.

In the end, it turned into a huge demon with a height of tens of thousands of meters.

At this moment, the two-winged demon stretched out a demonic claw that covered the sky and struck towards Ye Feng.

The moment before the devil's claw fell, the terrifying power and aura generated caused the two top geniuses, Prince Brahma and Jian Youlan, to take a few hundred steps back.

Because the pressure is too strong.

Ye Feng did not retreat at this moment, but held the small black sword in his right hand and the Magic Seal of Ten Thousand Souls in his left hand, unleashing the power of these two most powerful magic weapons with all his strength.

Boom!

At this moment, a terrifying magic light burst out from the Ten Thousand Souls Demonic Seal. More than 10,000 souls burst out from the Ten Thousand Souls Demonic Seal, possessing extremely terrifying destructive power.

The small black sword held by Ye Feng's other hand, at this moment, under the infusion of Ye Feng's huge mana, suddenly turned into a large black sword with a length of more than a thousand meters.

At this moment, Ye Feng used all his strength to activate the two most powerful and top-level magic weapons in his hands, and attacked forward extremely quickly, directly colliding with the devil's claws of this two-winged demon.

Boom! ! !

At this moment, the collision between the two immediately produced a huge roar.

The next moment, Ye Feng immediately felt a very powerful impact, making his body unable to help but take a dozen steps back.

"What a powerful force!"

This made Ye Feng's eyes suddenly show surprise.

This two-winged demon is indeed very powerful.

Even if his cultivation realm has broken through a whole realm and his combat power has skyrocketed, it seems that he can only fight to a draw with this two-winged demon.

But at this time, the two-winged demon opposite also had extremely horrified eyes.

Because the giant demon tens of thousands of meters tall he turned into at this time was his strongest method.

He is frantically burning the original bloodline of the demon clan in his body, which consumes a lot of money.

It can be said to be the most powerful trick of this double-winged demon!

And he couldn't maintain his giant demon state for long.

Originally, the two-winged demon thought that in this state, he could kill Ye Feng in an instant.

Even if he couldn't kill him, he could still severely damage Ye Feng in an instant.

But what he never expected was that he would be unable to do anything to Ye Feng after he turned into the strongest giant demon state.

And at the next moment, what horrified the two-winged demon was that Ye Feng's cultivation aura suddenly began to surge again.

In one second, Ye Feng's cultivation level increased crazily from the first level of Xuanji Realm, which he had just broken through, to the perfection of the tenth level of Xuanji Realm!

"What??"

This sudden growth made the two-winged demon's eyes look extremely horrified, even a little frightened.

Because Ye Feng's cultivation level suddenly broke through to the Great Perfection state, Ye Feng's momentum and strength once again increased infinitely and skyrocketed crazily.

"Impossible! How did you do it? How is this possible??"

At this moment, the two-winged demon was extremely shocked.

At this moment, Ye Feng naturally used the method of Dzogchen's future body to forcibly upgrade his cultivation to the current tenth level of Dzogchen in a short period of time.

At this time, Ye Feng's whole body was blooming with brilliant divine light.

At this moment, Ye Feng felt the huge increase in power, and directly bombarded the front crazily, directly attacking the two-winged demon and knocking him back.

Then at this moment, Ye Feng's eyes were fierce, and he frantically poured all his skills into his little black sword.

It has been a long time since Ye Feng put all his skills into the little black sword at once.

But at this time, Ye Feng wanted to completely deal with this two-winged demon, so he had to fully explode.

Unleash all the power of the little black sword.

When all of Ye Feng's skills were input into the black sword, the black sword suddenly grew rapidly from more than a thousand meters long to more than three thousand meters long. Then he slashed hard, with boundless power, and instantly split the two-winged demon in half.

"ah!"

Accompanied by an earth-shattering scream, the two-winged demon was completely killed!

"too strong!"

Seeing this scene, Prince Brahma and Jian Youlan not far away showed deep shock in their eyes.

They didn't seem to expect that Ye Feng would really unleash all his trump cards, and his fighting power would be so terrifying.

But at this time, Ye Feng had all his energy drained away, his face was pale, and he fell from the sky very weakly.

Uh-huh!

Before Prince Brahma could react, Jian Youlan immediately flew quickly in the direction of Ye Feng's fall, caught Ye Feng, held Ye Feng's shoulders, and landed on the ground.

I have to say, girls should be more careful.

At this moment, Prince Brahma seemed to have reacted. Ye Feng almost exhausted all his strength before he was able to deliver the final stunning and stunning fatal blow.

Uh-huh!

At this time, Prince Brahma immediately flew to Ye Feng and asked nervously: "Ye Feng, are you okay? I still have several life-saving pills that Mr. Huo gave me before. I will give them now." you eat!"

I have to say that Prince Brahma is very loyal to his brothers.

Prince Brahma took out the secret elixir that Mr. Huo gave him without any hesitation at this time to save Ye Feng.

At this time, Ye Feng immediately smiled, shook his head, and said loudly: "You should keep the life-saving elixir that Senior Huo gave you. It's too valuable, and I don't need it now. I'm not injured." Instead, the power was exhausted. Now he immediately supported me in front of the beheaded two-winged demon. As long as I swallowed the power of the two-winged demon, I could quickly recover and even allow me to cultivate. To go further."

When Jian Youlan heard what Ye Feng said, there was no hesitation on her beautiful and cold face. She immediately nodded, supported Ye Feng, and walked quickly towards the place where the two-winged demon was killed.

Chapter 4305 Strange existence

At this time, Jian Youlan supported Ye Feng and came directly in front of the two-winged demon who had been killed in half before.

But just when Ye Feng was about to devour this two-winged demon and advance his cultivation further.

Buzz!

Suddenly, all the flesh, flesh, and energy of this two-winged demon sank automatically into the ground, and suddenly shriveled up.

"What?"

Seeing this scene, Ye Feng was stunned for a moment.

Originally, he was planning to devour this two-winged demon directly so that his weak state could be restored and his cultivation might be able to break through several realms.

But what he never expected was that the flesh and blood energy of this two-winged demon would sink directly into the ground.

boom! .??.

At this moment, Ye Feng didn't hesitate at all. He quickly stretched out two golden palms and dug towards the ground, directly throwing the entire ground into a huge hole.

However, when Ye Feng dug up the entire ground, the three people present, including Prince Brahma, Jian Youlan, and Ye Feng, immediately showed a hint of shock in their eyes.

I even felt a terrible cold air rising directly from the soles of my feet to Tianling Gai.

At this moment, as the entire ground was dug up, the three of them immediately saw a huge zombie covered in green hair, which was more than ten meters long and was buried underground.

This is definitely a weird existence!

At this moment, the green-haired zombie opened a pair of eyes that were glowing with oily green and stared at the three people.

All the flesh, flesh and energy of the two-winged demon just now should have been absorbed by this huge green-haired zombie buried underground.

At this time, Ye Feng immediately felt a very terrifying shadow of death.

Ye Feng is a soul master and has practiced soul training, so his perception is very powerful and advanced.

Just let Ye Feng feel for a moment

Being subject to the shadow of death is enough to show that this tall green-haired zombie buried deep underground is definitely a very terrifying existence, and its strength is definitely far beyond them.

At this time, Prince Brahma immediately said with some uncertainty and horror: "Could this big green-haired zombie be an ancient demon turned into a zombie? It's really adding demon upon demon. terrible."

At this moment, Jian Youlan supported Ye Feng and immediately said: "Let's get out of here quickly, this tall green-haired zombie has not fully awakened yet."

Ye Feng nodded immediately at this moment.

Because Ye Feng had already sensed a very terrifying shadow of death from this green-haired zombie.

So at this time, Ye Feng was not prepared to fight with this green-haired zombie.

What's more, Ye Feng is still in a very weak state.

But suddenly at this moment.

Boom!

A zombie palm covered with green hair was huge. It burst out of the soil and grabbed it in the direction of Ye Feng.

This green-haired zombie seems to have gotten to know Ye Feng and can sense that Ye Feng is the most powerful among the three. He must get rid of Ye Feng first and eat Ye Feng's flesh and blood. This can help him recover.

At this moment, Jian Youlan, who was supporting Ye Feng, was the first to react.

She directly released the flying swords from her Ten Thousand Swords Box, more than a thousand flying swords, and instantly attacked the green-haired palm that she grabbed.

Click! Click! Click!

But the next moment, what made Jian Youlan's expression change was that when her extremely powerful flying swords hit the palm of the green-haired zombie, it turned out like

It's like running into an iron wall.

The flying swords not only failed to destroy the palms of this green-haired zombie, they didn't even cut off a single green hair.

Moreover, the zombie palm stretched out by the green-haired zombie actually crushed all the flying swords in one go.

At this moment, Jian Youlan lost dozens of high-end and precious flying swords, which made Jian Youlan's eyes look distressed.

After all, every flying sword in this treasure box of ten thousand swords was carefully forged by the weapon refiner of their Heavenly Sword Dynasty and dedicated to the emperor.

In the end, the emperor gave this treasure to Jian Youlan, which represented their Tianjian Dynasty and stood out in the great battles of ten thousand dynasties.

Therefore, every flying sword is a heart and treasure for Jian Youlan.

But now, dozens of flying swords were crushed in the palm of this green-haired zombie, which naturally caused Jian Youlan to suffer huge losses and feel heartbroken.

At this moment, both Prince Brahma and Jian Youlan immediately realized that this huge green-haired zombie buried under the ground was definitely an extremely terrifying taboo existence, and might even be the source of this Wanchao War. The most terrifying existence in the small world.

At this moment, Jian Youlan didn't hesitate at all, and immediately fled here with Ye Feng.

She directly carried Ye Feng on her back and flew away quickly.

At this time, Prince Brahma quickly released a large area of flame light, directly covering the area where they were standing just now in flames.

Then regardless of the situation, Prince Brahma followed behind Jian Youlan and left here quickly.

At this time, the roar of the green-haired zombie seemed to be heard in the distance, full of rage and an extremely terrifying feeling.

At this time, the whole earth seemed to be shaking, indicating that a peerless monster was about to be unearthed

.

At this moment, Jian Youlan, carrying Ye Feng on her back, followed Prince Brahma and quickly moved away from here.

At this time, when they completely escaped from the dangerous place, the three of them breathed a sigh of relief.

Ye Feng couldn't help but said: "That huge green-haired zombie is definitely a zombie transformed from an ancient demon clan. It has directly transformed into a corpse. It's so scary."

Prince Brahma also nodded quickly and said aloud: "That guy is indeed very scary, many times more powerful than the two-winged demon, and the ancient demon has turned into a zombie, which can be said to be immortal. The power is amazing. I guess in this small world of Ten Thousand Dynasties, no one can resist that green-haired zombie. Even if we are several realms stronger, we probably won't be able to stop it."

Ye Feng also nodded in agreement at this time.

Because just now Ye Feng felt a threat of death for a moment.

At this moment, Ye Feng looked at the sword Youlan who was carrying him on his back, and immediately said: "Thank you very much, Miss Youlan, for carrying me away. I will definitely repay you twice as much for the dozens of flying swords that Miss Youlan lost."

Hearing what Ye Feng said, a very rare and gentle smile suddenly appeared on Jian Youlan's cold and beautiful face.

She stared at Ye Feng and said loudly: "You saved my life before, and now I have lost dozens of flying swords for you. It's nothing. I don't need you to repay me. Everything is worth it."

Hearing what Jian Youlan said, Ye Feng suddenly felt a warmth in his heart.

Although this Jian Youlan looks very cold, she is a female swordsman who doesn't talk much.

But once you become friends with her, she will consider you wholeheartedly.

At this time, Prince Brahma looked at the two of them, with an inexplicable smile on his face, and said loudly: "I really think you two are a good match. Hey, I don't know when I will be able to find the one who matches me." Half of it is really melancholy."

Chapter 4306 First Floor

Hearing Prince Brahma's slightly joking words, Jian Youlan didn't refute anything this time, but smiled dumbly.

Ye Feng just smiled helplessly at this time, then looked at Jian Youlan and said loudly: "Miss Youlan, you can put me down. I have recovered a lot of strength just now."

Hearing what Ye Feng said at this moment, Jian Youlan immediately nodded and put Ye Feng down from his back.

At this time, Prince Brahma said in surprise: "Ye Feng, your recovery ability is so fast. Just now, I saw that your face was pale and your hair was dark. I even thought that you would not be able to survive this level. I didn't expect that my face would turn rosy and most of my strength would be restored so quickly. Is this the effect of being carried by a beautiful woman? This is the first time I have seen such a stunning and beautiful female swordsman like Jian Youlan. For boys, So proactive and approachable."

Hearing what Prince Brahma said, Ye Feng couldn't help but shook his head and said nothing more.

Jian Youlan just glanced at Prince Brahma and said, "Stop teasing. If that weird and powerful green-haired zombie really escapes, he might catch up with us. We'd better stay away from this area completely." Bar."

Ye Feng also nodded at this time, looked at the center direction of this dark land, and said loudly: "Hurry and rush to Shura Holy Mountain, even we are so dangerous, I guess the top geniuses in other dynasties, On the way to Shura Holy Mountain, we will also encounter the siege of the dark demon clan, and we will probably suffer heavy losses."

Prince Brahma immediately nodded his head, and said with a rather solemn expression: "Indeed, this place where dark demons live is so dangerous. I feel that it is so difficult for us to survive this area. Demon Earth, the geniuses of other dynasties, even the top geniuses of the top ten dynasties, are probably very difficult to resist, and they will definitely suffer heavy losses." ??

As the three of them were talking, they moved quickly for a long time and finally arrived at the center of this dark demonic land.

At this time, in the field of vision of the three people, a huge mountain suddenly appeared on the ground in front of them.

This mountain is very majestic, estimated to be hundreds of thousands of meters tall, towering between heaven and earth.

The top of the mountain, a few

It's almost connected to the sky, with no end in sight.

At this time, Prince Brahma looked at the majestic and huge mountain, which was hundreds of thousands of meters tall. It was completely pitch black and towered under the sky. It looked very visually impactful and shocking.

Prince Brahma immediately couldn't help but said: "I feel that this sacred mountain of Shura is more dangerous than the dark demonic land we are traveling through now."

Jian Youlan's beautiful eyes also revealed a trace of a swordsman's edge. She stared at the majestic black mountain in the distance and said loudly: "If you want to enter the three top powers in the Northern Territory like the Blood Demon Dynasty, naturally, It's not that easy. After all, we may be top geniuses in our dynasty, but compared to the powerful ones in the truly giant Blood Demon Dynasty in the Northern Territory, we are just a bunch of ants."

Hearing what Jian Youlan said, Ye Feng immediately smiled and said: "As ants, we should also look up to the sky. As long as we continue to work hard and become stronger, those existences that we once looked up to will eventually become ours." We need to face up to ourselves and we will become that kind of existence."

"Brother Ye is absolutely right!"

At this time, Prince Brahma immediately laughed out loud, and said with some high spirits: "As long as we all keep working hard, we will eventually become the existence we once needed to look up to. As long as we remain immortal and keep making progress, then we will Victory, whoever can survive to the end is the winner."

Hearing what Prince Brahma said, Jian Youlan's beautiful and cold face couldn't help but reveal a smile, and said loudly: "Let's move on and see what secrets there are in the Holy Mountain of Shura."

Ye Feng and Prince Brahma nodded slightly, and then the three of them continued on the road, flying quickly towards the Asura Holy Mountain.

When they arrived at the foot of Shura Holy Mountain, they suddenly found a terrifying gravity formation that was blessing their bodies, making it impossible for them to fly.

"Um?"

Sensing this

After cutting, Jian Youlan immediately said with some surprise: "The entire Shura Holy Mountain seems to have this kind of forbidden air formation. The purpose is to prevent us practitioners from flying directly to the top of the Shura Holy Mountain. That is to say, we must rely entirely on our own strength to reach the top of the hundreds of thousands of meters high Shura Holy Mountain step by step. "

When Prince Brahma heard what Jian Youlan said, he couldn't help but feel his teeth sore, and said loudly: "This is a very big test for a practitioner's willpower and physical strength."

Ye Feng also nodded slightly at this time and said: "Let's go, let's go to the first floor first."

Prince Brahma and Jian Youlan both nodded, and then walked directly towards the first level of the Shura Holy Mountain with Ye Feng.

As they walked towards the first level of the mountain, they saw many corpses on the road.

Most of these corpses were shriveled corpses, completely devoid of life essence.

Seeing this scene, Prince Brahma immediately spoke up and said: "I once heard some seniors from our Lieyang Dynasty say that as long as you step into the Shura Holy Mountain, no matter whether you can reach the top in the end, you will always be there. There is no way to go down the mountain, so either climb to the top and join the Blood Demon Dynasty, or be trapped alive in the Shura Holy Mountain and die of exhaustion. "

Hearing what Prince Brahma said, Ye Feng and Jian Youlan beside them showed a hint of surprise in their eyes.

It seems that there is such a legend about Shura Holy Mountain.

At this moment, Prince Brahma said: "So we have entered the mountain now. There is no way out. We can only move forward and keep moving forward."

Ye Feng nodded at this time and said loudly: "We haven't seen the geniuses from other dynasties until now. Is it because we came too early?"

Jian Youlan shook her head at this time and said aloud: "Perhaps there are other powerful geniuses who have entered other levels of Shura Holy Mountain. After all, among our more than 10,000 ordinary dynasties, there are still many super powerful young geniuses. Their strength and means are no less than ours."

Prince Brahma is also the same at this time

He nodded and said aloud: "No matter what, we just need to move forward and reach the top of the Shura Holy Mountain as soon as possible."

And just as the three of them were talking, they had already arrived at the first level of Shura Sacred Mountain.

The passage leading to the second floor is at the end of the first floor.

The three of them were preparing to walk quickly towards the end area of the first floor.

But suddenly at this moment.

Rumble...

The entire first layer of the Shura Holy Mountain suddenly shook rapidly.

Then a huge crack opened in the ground in front of the three of them.

In the gap, three huge prisons slowly rose up.

In every prison, there is a dark demon clan that is hundreds of meters tall.

There are three dark demons in total, and their cultivation auras are exactly the same as those of Ye Feng and the others.

At this moment, Ye Feng couldn't help but said: "It seems that these three powerful dark demons are our test on the first level of Shura Holy Mountain. Only by defeating them can we reach the second level." "

Prince Brahma was a little eager to try at this time, and said loudly: "The dark demons who are in the same realm as us are not difficult."

Jian Youlan glanced at Prince Brahma and said in a cold tone: "The first level of test will naturally not be too difficult. Otherwise, who can reach the top? What is difficult is the test of each subsequent level. It's definitely going to be more and more brutal."

Hearing what Jian Youlan said, Prince Brahma's face became serious, because he knew that what Jian Youlan said must be true.

At this time, Ye Feng's two fists turned directly into gold, activating the power of the gods, and said: "Don't waste time, hurry up and climb the mountain. I saw it on the first level of the mountain. There are many traces of battles. Perhaps powerful geniuses from other dynasties have arrived here in advance. They may have passed several levels of tests and are heading to the top of the ninth level of Shura Holy Mountain. The Blood Demon Dynasty remains. We must not miss this most precious opportunity!"

Chapter 4307 Growing together

boom! !

At this time, Ye Feng said, exuding the power of the Celestial Clan, and charged directly forward.

For those three dark demons of the same realm, Ye Feng didn't have any fear at all, and he didn't need to care about anything at all.

Just wave the most primitive fist and blast forward.

At this time, the first three dark demons trapped in the prison were immediately released. .??.

Suddenly, they roared and roared, charging towards Ye Feng, Jian Youlan, and Prince Brahma.

Obviously, the three of them entered the first level of the Shura Holy Mountain together.

So the test is also the three extremely powerful dark demons.

At this time, Ye Feng was very simple and relaxed. His golden fist seemed to have just been cast from the divine furnace. It exuded bright golden light and possessed immortal power and terrifying destructive power. He could directly hit the front with one fist. His own dark demon of the same realm was instantly killed.

It was blown to pieces!

Prince Brahma also laughed loudly at this time: "I'm coming too!"

Uh-huh!

The next moment, endless flames suddenly appeared in the hands of Prince Brahma, burning his dark demon into ashes.

Jian Youlan did not use her treasure at this time, the Treasure Box of Ten Thousand Swords.

Instead, he casually pulled out a purple long sword from the Ten Thousand Swords Box, and cut the dark demon in front of him in half with one strike.

At this time, the three of them killed their own test very easily.

Because the three of them are top talents.

This first-level test was just for three dark demons of the same realm. It was nothing to them. They all solved each other in an instant.

At this time, Ye Feng swallowed it casually, which increased his skill a lot.

However, three dark demons of the same realm were not enough to directly break through Ye Feng's cultivation because they were too weak.

At this moment, Ye Feng immediately said: "Let's continue to the second floor."

Prince Brahma and Jian Youlan both nodded, followed Ye Feng, and walked quickly towards the second level of the Shura Holy Mountain.

When they arrived at the end area of the first floor, they directly saw a

A teleportation array.

This should be the formation used to teleport to the second level of Shura Holy Mountain.

At this time, the three of them all walked into the formation.

Buzz!

The next moment, the formation immediately emitted a bright light.

Buzz!

Following a burst of space fluctuations, the three of them were directly teleported to the second level of the Shura Holy Mountain higher up.

At this moment, when they came to the second floor, they immediately saw that there seemed to be a space formation covering the second floor.

The environment on the second level has been changed.

The first level is an ordinary mountain.

The environment on the second level is a land of volcanic lava burning with flames.

There are many volcanoes around, all of which are erupting.

As long as it touches the erupted molten magma, it will immediately cause huge harm to the practitioner.

Jian Youlan couldn't help but said: "This second level of test has made the environment worse. As I guessed, each level is more and more difficult."

At this time, Prince Brahma showed a very relaxed expression on his face and said loudly: "This place where volcanic lava erupts is very relaxing for me. I am originally a fire attribute. This geographical environment is even... to strengthen my abilities."

And at the moment when Prince Brahma finished speaking.

Boom!

A volcano not far away suddenly exploded.

Then a flame demon with a cultivation level of tens of thousands of meters, wearing a black crown on his head and holding a black sword in his hand, crawled out from the depths of the volcano.

This demon is very huge, and its body is covered with black scales, and its surface is burning with flames, making it look very ferocious and terrifying.

This is definitely an extremely terrifying demon clan.

He is the king among the legendary fire demons.

Otherwise, it would be impossible to be so huge, tens of thousands of meters tall.

At this time, the moment the flame demon appeared, Jian Youlan couldn't help but said: "This should be the second level test. The three of us have to work together to deal with this flame demon."

Prince Brahma grinned at this time and said loudly: "If the three of us deal with this flame demon together, it will be absolutely fine and there will be no problem. However, let me take the lead."

Prince Brahma was obviously in this land of flames and lava at this time, and his fire attribute power could be enhanced, so he was very confident.

At this moment, Prince Brahma began to expand rapidly, turning into a giant flame that was several kilometers in size.

Although Prince Brahma turned into a flame giant several kilometers away, compared with the tens of thousands of meters of flame demon in front of him, his size was still much smaller.

It's like being a short person in front of a tall person.

However, Prince Brahma turned into a flame giant, and his power was also very powerful.

At this moment, the flame giant that Prince Brahma transformed into took the lead, charging forward, and suddenly he was wrestling with the flame demon.

Boom! !

The two behemoths fought each other, causing an extremely huge movement that shattered the surrounding earth and mountains.

Ye Feng was ready to take action at this time.

But Jian Youlan stopped Ye Feng at this moment and said with a smile: "Prince Brahma likes to be in the limelight. It's okay to let him suffer a little. Let's not take action now. He is enjoying himself."

Hearing what Jian Youlan said, Ye Feng's eyes immediately froze, and then he couldn't help but smile dumbly.

Seeing Prince Brahma fighting with the flame demon not far away, there seemed to be no big danger. Ye Feng simply listened and let Prince Brahma fight as much as he wanted.

At this moment, Jian Youlan came to Ye Feng's side.

The two were very close.

Ye Feng could even smell a faint fragrance.

Jian Youlan suddenly looked at Ye Feng and said, "Ye Feng, have you ever had a martial arts partner before?"

"??"

Hear the sword

Youlan asked, and three black lines suddenly appeared on Ye Feng's forehead.

It seemed that he didn't expect that Jian Youlan would suddenly ask such a question. It had nothing to do with cultivation, but a matter of family interests.

This obviously does not fit the style of Jian Youlan, a peerless female swordsman.

However, Ye Feng still said honestly: "No, I have never had a formal martial arts partner since I started practicing."

Hearing what Ye Feng said, Jian Youlan's beautiful and cold eyes seemed to reveal a trace of a smile.

Then Jian Youlan couldn't help but continue to ask: "So Ye Feng, have you ever liked a girl before?"

Hearing Jian Youlan's question, Ye Feng's eyes paused for a moment, and then his eyes showed a trace of reminiscence, and he said loudly: "I don't want to lie to you, I have had girls who liked each other before, but in the end she It's lost and I can't find it."

Hearing what Ye Feng said, Jian Youlan suddenly showed an inexplicable look in her eyes, then nodded slightly and said loudly: "You still remember her after so many years, which should leave a deep impression on you."

Ye Feng smiled at this moment, looked at Jian Youlan who had a cold temperament next to him, and said loudly: "Many years have passed, there is no need to say anything more, as I continue to go along, I have indeed become stronger. I learned a lot, but I also had to travel further and further away from many of my companions and former friends."

When Jian Youlan heard what Ye Feng said, she immediately sighed and said: "There is no way, the journey of martial arts practice is destined to become more and more lonely in the end, unless someone can keep up with your pace and be with you." Grow together."

When she said this, Jian Youlan suddenly stretched out a small white hand, grabbed Ye Feng's palm, and said loudly: "Ye Feng, I hope that we can grow together in the future."

When Ye Feng heard what Jian Youlan said and felt the small white hand holding his own, Ye Feng suddenly had a look of astonishment in his eyes.

It seemed that Jian Youlan, who was silent and cold, would say such meaningful words to herself when she was alone.

But before Ye Feng could say anything, he suddenly remembered Prince Brahma's roar not far away: "What are you two doing there? Come here and help me, I'm about to be beaten to death by this flame demon!" !"

Chapter 4308 The first one to be beaten

Prince Brahma's shout not far away attracted the attention of the two men.

Uh-huh!

Uh-huh!

Ye Feng and Jian Youlan immediately flew quickly in that direction.

They saw that the flame giant that Prince Brahma had transformed into was being stepped on the ground and crushed crazily by the flame giant at this moment.

It has to be said that Prince Brahma is still much weaker than this flame demon after all.

After all, this flame demon's cultivation level is a whole level higher than theirs.

At this time, Jian Youlan did not hesitate and took action directly.

Uh-huh!

I saw the Treasure Box of Ten Thousand Swords flying out from behind Jian Youlan.

From the Ten Thousand Swords Box, more than a thousand flying swords rushed out and attacked forward. The flame demon was immediately attacked and retreated, and his body was almost pierced.

After all, Jian Youlan is a top female swordsman, and every flying sword is extremely sharp.

At this moment, the flame demon was repulsed, and Prince Brahma was able to stand up from the ground instantly.

At this time, Ye Feng also flew over and directly released the Frozen Sword Soul Art.

boom! boom! boom.....

At this moment, a dozen giant ice swords suddenly appeared above Ye Feng's head, slashing towards the flame demon in front of him.

You must know that the ice attribute of Ye Feng's Frozen Sword Soul Technique has the same origin as the water attribute, so Ye Feng's Frozen Great Sword can cause huge damage to the ferocious flame demon.

At this moment, Ye Feng slashed down with dozens of ice swords in a row, causing the flame demon to take a dozen steps back. Even the flames on the flame demon were extinguished in an instant. A lot.

At this moment, Ye Feng did not hesitate and continued to use another powerful magic weapon of his, the Magic Seal of Ten Thousand Souls.

At this time, in front of two good friends, Jian Youlan and Prince Brahma, Ye Feng naturally had no scruples and directly used the top magic weapon, the Ten Thousand Souls Demonic Seal.

Uh-huh!

The huge black jade seal, exuding a power more terrifying than any top magic weapon, flew out from Ye Feng's body, directly became the size of a mountain at high altitude, and then fiercely bombarded the flame demon in front. .

This flame demon was fighting happily, crushing Prince Brahma.

But at this time, he was almost pierced by more than a thousand flying swords from Jian Youlan.

Then Ye Feng's dozens of ice swords hit his body hard, extinguishing a lot of the flames on his body.

Now that the top heavyweight magic weapon, the Magic Seal of Ten Thousand Souls, has grown to the size of a mountain, and was suppressed, naturally the flame demon suffered heavy losses all at once.

I saw that the entire flame demon was suddenly bombarded by the huge Ten Thousand Souls Demonic Seal, and fell to its knees on the ground, unable to stand up at all.

Buzz!

The Magic Seal of Ten Thousand Souls is like an ancient majestic mountain, containing infinite weight, suppressing the flame demon's back, making it impossible for the flame demon to even lift his own head.

At this moment, Ye Feng didn't hesitate at all. He rushed over, holding the black sword in his hand, and with a "puff", he split open the head of the flame demon and killed him directly.

The Flame Demon, a super strong man of the extremely powerful demon clan, was naturally unable to parry under the crazy attacks of three top geniuses, and was killed in an instant.

At this moment, Ye Feng immediately released the Devouring Domain and began to devour the flame demon.

The cultivation level of this flame demon is one level higher than the cultivation level of the three people. It is a creature at the Yuanding realm level above the Xuanji realm.

Therefore, Ye Feng still provided a very large amount of energy, which immediately greatly increased Ye Feng's skills.

"boom!"

Xuanji Realm Second Heaven

!

"boom!"

The third level of Xuanji Realm!

At this moment, Ye Feng's cultivation reached two levels in a row.

From the first level of Xuanji Realm, he broke through to the third level of Xuanji Realm.

It has to be said that this flame demon's skill and blood energy are still very huge, which gave Ye Feng a huge breakthrough in his cultivation.

At this moment, Ye Feng's eyes showed joy.

Although the second-level trial was mediocre, the energy of this flame demon was still very good, allowing his cultivation to directly break through two small levels.

Uh-huh!

At this moment, Ye Feng reached out and grabbed the weapon used by the flame demon just now, and then threw it to Prince Brahma. He smiled and said: "This flame demon's weapon is not bad, it is very huge. , very suitable for you to use after you become a flame giant. After all, after you become a flame giant, the flame sword you use is condensed from your own strength. It does not have much attack power and is not tough enough. But this flame demon's weapon, I guess, comes from the demon interface and is an advanced weapon created by the demon clan."

Prince Brahma immediately said happily: "Great, the flame giant I turned into finally has a handy weapon."

Jian Youlan said aloud at this time: "Let's continue to the third floor. On the second floor, we have already encountered an opponent who is a whole level higher than us. Although there is only one, it can be foreseen that the next test will be It's getting more and more difficult, it won't be this easy."

Hearing what Jian Youlan said, Prince Brahma and Ye Feng both nodded.

Then the three of them came to the end of the second level space, passed a teleportation formation, and were directly transported to the third level of the Shura Holy Mountain.

When they entered the third layer of space, they felt that their vision suddenly dimmed.

The third level of this Shura Holy Mountain turned out to be an extremely dark swamp.

\u003e

In this dark swamp, nothing could be seen clearly. There seemed to be unknown dangers hidden in the mud of the swamp.

At this time, Prince Brahma glanced at the vast dark swamp in front of him, and couldn't help but said helplessly: "The person in charge of the Blood Demon Dynasty's Great War of Ten Thousand Dynasties, does he like things with dark attributes so much? How come we met The things I saw were all so disgusting. They were either extremely ferocious dark demons or extremely weird green-haired zombies. Now the trial space on the third level turned out to be a terrifying dark swamp. Who knew what those things were? There is something terrible hidden under the dirty mud."

Hearing Prince Brahma's complaints, Jian Youlan just said coldly: "Complaining has no effect, just move on."

It has to be said that Jian Youlan is indeed a peerless female swordsman. She has a very strong willpower and is very decisive in doing things.

At this moment, Ye Feng also nodded, and took one step forward with Jian Youlan, walking towards the depths of the dark swamp ahead.

Prince Brahma saw this scene and quickly followed him.

This time Prince Brahma didn't want to take the lead anymore, because he suffered a big loss last time and was almost beaten to death by the flame demon on the second floor.

So in this third layer of dark swamp that looked even weirder and more terrifying, Prince Brahma felt that it would be better for him to follow his two powerful partners, Ye Feng and Jian Youlan.

Uh-huh!

"Pfft!"

But suddenly at this moment, a sharp thing like a black vine rushed out from the swamp mud behind the three people. Like a black lightning, it suddenly pierced Brahma who was standing in the last row. On the prince's thigh, his bones were instantly pierced.

"ah!!"

At this moment, Prince Brahma felt great pain, and immediately screamed, and shouted angrily: "Standing in the last row, why am I the first one to be beaten? These creatures on the third floor, It's really abominable to attack from behind!"

Chapter 4310 Dark Locusts

At this time, the dark troll with three heads and six arms covered with black scales was obviously a very powerful existence among the Shura clan.

Otherwise, it would be impossible to grow three heads and six arms, and the weapons in each arm are very powerful, obviously tailor-made for this three-headed and six-armed dark troll.

At this time, Prince Brahma had almost no hesitation and immediately burst out his flame attribute power.

Then the whole person directly expanded into his strongest state, directly turning into a flame giant with a height of several kilometers, holding in his hand the steel sword that Ye Feng gave to Prince Brahma before. .??.

At this time, the flame giant that Prince Brahma transformed into, his flame attribute actually has a certain suppressive power over the dark attribute.

So at this time, Prince Brahma directly transformed into a flame giant and fought with this three-headed and six-armed dark troll.

Boom!

The two behemoths fought together, and there was a terrifying roar.

All the surrounding swamps and mud exploded.

At this moment, Ye Feng looked at Jian Youlan beside him and said, "Let's take action together. This dark troll with three heads and six arms is more powerful than the previous flame demon. Prince Brahma cannot defeat him at all."

Hearing what Ye Feng said, Jian Youlan immediately nodded.

At this time, Jian Youlan turned into a sword light and rushed high into the sky.

Buzz!

Then I saw the Treasure Box of Ten Thousand Swords appearing directly above Jian Youlan's head, and flying swords with sharp edges flew out from it, and turned into a rain of swords, heading towards that end like a violent storm. The three-headed and six-armed dark troll attacked.

Click, click, click!

Although this dark troll with three heads and six arms is covered with extremely strong black scales, these black scales are obviously not as advanced as the flying sword among the treasures, Jian Youlan.

Therefore, Jian Youlan's long sword can almost penetrate into the scales of this dark troll, making this

The three-headed and six-armed dark troll immediately felt tremendous pain.

His entire body of the dark troll was pierced by thousands of flying swords in an instant, and it turned into a hedgehog, which looked quite funny.

Uh-huh!

At this moment, Ye Feng did not hesitate and directly launched a fierce attack on this three-headed and six-armed dark troll.

Because Ye Feng knew that now they had to get through this dark swamp as quickly as possible.

If every battle is not resolved as soon as possible, the fluctuations caused by the battle will definitely attract other dark creatures in this dark swamp in an instant.

By then, there might be more powerful dark demons coming here, which would be troublesome.

They will be trapped deep in this dark swamp.

So at this time, Ye Feng didn't hesitate at all. He waved his two golden fists and attacked the dark troll fiercely.

Each of Ye Feng's fists did not directly hit the three-headed and six-armed dark troll.

Instead, it hit the flying sword that pierced the scales of the dark troll.

After all, Jian Youlan's skill was a little short of the mark.

Therefore, Jian Youlan's flying sword only penetrated into the scales of the three-headed and six-armed dark troll, but did not completely penetrate into the body of the dark troll.

So Ye Feng now quickly waved his golden fist, and stabbed the flying swords outside the dark troll's body deeply into the dark troll's body.

In this case, it will cause extremely terrible harm to the dark troll.

Sure enough, Ye Feng blasted hundreds of flying swords into the body of the dark troll.

In other words, there were hundreds of flying swords, all of which were pierced into the body of the dark troll.

Within, entering his flesh and bones.

The dark troll immediately let out a terrifying roar.

Even the flame giant that Prince Brahma transformed into at this time was attacked by the dark troll who was going crazy with pain and fell back quickly.

The flames on his body were more than half dim, indicating that Prince Brahma also consumed a lot of energy.

But the collaboration between the teams worked after all.

If Prince Brahma hadn't blocked most of the Dark Troll's attacks head-on, Ye Feng wouldn't have been able to pierce each flying sword deeply into the Dark Troll's body.

At this moment, the three-headed and six-armed dark troll had suffered heavy losses and was retreating steadily under the attacks of the three.

Then Ye Feng didn't hesitate at all, and immediately took out the black sword, and then input his own power, causing the black sword to expand to more than a thousand meters.

Uh-huh!

Then Ye Feng held the black sword in his hand from high in the sky, with the sword end pointing downwards. Suddenly, from the top of the heavenly cap on the head of this three-headed and six-armed dark giant, a "puff" sound penetrated his entire body, instantly killing him. This dark troll was fatally struck by a direct blow.

Seeing this scene, Prince Brahma and Jian Youlan were instantly relieved.

Fortunately, the battle here was resolved quickly, and it seems that there are no hidden dangers from other areas of the Dark Swamp yet.

But just when Ye Feng was about to release the Devouring Domain to devour this three-headed and six-armed dark troll.

Suddenly, Ye Feng seemed to sense something, and his face immediately changed slightly, and he quickly said: "Let's get out of here quickly. The entire dark swamp seems to have been attracted by the fierce battle we just had. Now I can feel a lot of terror." The auras are all gathering towards our location."

After Ye Feng finished speaking, there was almost no hesitation, and he didn't even have time to devour this three-headed and six-armed dark troll.

At this moment, Ye Feng put the three-headed and six-armed dark troll directly into his storage ring, and then took Jian Youlan and Prince Brahma with him, and immediately rushed forward, hoping to cross this darkness as soon as possible. swamp.

Now that they have arrived at the middle area of this dark swamp, as long as they wait for a while, they will be able to completely pass through the entire dark swamp, reach the end area of the dark swamp, and go to the next fourth level.

So at this time, Ye Feng didn't hesitate at all and immediately moved forward quickly with his companions.

And just as they were halfway across the dark swamp, the entire surrounding dark swamp mud suddenly began to shake rapidly.

"That is....."

At this time, the three of them were shocked to discover that strange creatures like little devils emerged densely from the mud of the dark swamp.

Like a dense ocean of insects, it surged toward the three of them, covering the entire world, making people feel numb for a moment!

Prince Brahma seemed to know the dark demon clan very well. At this time, he immediately said in horror: "These seem to be the most notorious dark locusts among the dark demon clan! This kind of thing is invulnerable to thunder and lightning, water and fire, and it is densely packed." , like a large ocean of darkness. As long as they are touched by them, no matter how powerful the existence is, even if the strong man is two realms higher than us, he will probably be eaten by these densely packed dark locusts in an instant. There won't be any left, even the bones will be bitten to pieces."

Hearing what Prince Brahma said, Jian Youlan's beautiful and cold face showed a hint of fear for the first time.

This is the first time that Jian Youlan, a peerless female swordsman, has shown such a look of fear on her face.

Obviously, Jian Youlan has also heard of this notorious dark locust, which is very scary.

Ye Feng could also feel the threat to his life at this moment, and immediately said: "Since there is no way to fight against this kind of thing, then leave quickly!"
