

Ancient 4311

Chapter 4311: Mastery

Wow!

At this time, a large number of dark locusts like a dark ocean swarmed in, overwhelming the sky and making people's scalp numb.

At this time, Ye Feng, Jian Youlan and Prince Brahma all knew that the three of them were too weak to fight against the tens of millions of dark locusts.

Moreover, this number is still increasing rapidly.

So at this time, they were able to escape quickly and wanted to leave here.

As long as you can run to the end of this dark swamp, you should be able to enter the next level and avoid the frenzy of these dark locusts.

At this time, they were running on the dark swamp land, and suddenly saw many bones and skeletons on the road.

These white bones and skeletons looked very fresh, and the three of them suddenly had a look of horror in their eyes.

They knew that these white bones and skeletons should have been eaten by dark locusts.

Prince Brahma immediately spoke out: "These fresh bones and skeletons are probably all ahead of us. The top geniuses who came here must be powerful masters from other dynasties. I didn't expect them to come here one step ahead of us." , and all that was eaten by these dark locusts was the bones. It was really terrifying."

Jian Youlan couldn't help but nodded at this time, and said loudly: "It's better to run quickly. There are too many of these dark locusts. I estimate there are hundreds of millions. Even if we try our best, there will be no Way to eliminate so many dark locusts."

Ye Feng also nodded slightly at this time, looked at Prince Brahma next to him, and said loudly: "We are almost being chased by these dark locusts. Brother Brahma, you immediately release a large amount of flames and intercept these as much as possible from behind. The swarm of dark locusts."

Hearing what Ye Feng said, Prince Brahma immediately said with a very solemn expression: "My power of fire has not been raised to a very high level, so there is no way to harm these dark locusts."

."

Ye Feng shook his head and said loudly: "I asked you to release the flames not to destroy these dark locusts, but to slow down the movements of these dark locusts and prevent them from catching up with us so quickly. Give us Provide more time to escape."

When Prince Brahma heard this, he immediately nodded and said, "Okay, let me give it a try."

You must know that the natal flame of Prince Brahma, the Nine Yang True Fire, is still very advanced.

Therefore, Prince Brahma immediately released his extremely powerful fire power, which directly turned into a sea of flames behind his back.

Although the dark locusts were not afraid of death and rushed directly into the flames, as Prince Brahma said, his flames had no way of destroying these dark locusts and could not kill them.

But it can indeed hinder the speed of these dark locusts.

At this moment, seeing this scene, Ye Feng's eyes immediately lit up with joy, as he released the Frozen Sword Soul Art.

This time Ye Feng did not condense the ice sword, but directly released the infinite cold air, releasing a large amount of cold air towards the rear of the three people.

It directly froze the large group of dark locusts that rushed over first, freezing them into the ice.

Click! Click!

But the next moment, countless dark locusts continued to surge in, and soon they were about to break through the cold ice.

However, after these dark locusts passed through the flames and shattered the ice, Ye Feng, Jian Youlan, and Prince Brahma had already fled far away.

After half an hour, the three of them were frightened and finally arrived at the end of the dark swamp.

At this moment, they saw the teleportation formation leading to the fourth floor in this extreme area.

The three of them immediately stood on the teleportation array in this passage.

The moment they came to the traditional formation, they saw several corpses, all of which had turned into skeletons, lying around the teleportation formation.

Jian Youlan couldn't help but said: "These should be the top geniuses who are finally reaching the teleportation formation at the end of this dark swamp. Unexpectedly, they are already standing in the traditional formation, but they are caught up by the dark locusts." It's a pity that it was chewed into a skeleton."

And just after Jian Youlan finished speaking, there was no movement in the teleportation array under their feet.

"what's the situation??"

After seeing this scene, Prince Brahma and Jian Youlan couldn't help but change their expressions immediately.

And not far away, the dark locusts surging like a frenzy in the dark ocean are almost approaching here.

Prince Brahma immediately said nervously: "No wonder the top geniuses who came here early were eaten into skeletons and lay here. It turns out that this teleportation array is broken, that is to say, it was ahead of us. The top geniuses who came here all died at the end of the third floor because this teleportation formation has not been repaired yet. "

Jian Youlan immediately couldn't help but said: "Is this a test of the Blood Demon Dynasty? A test of whether we can repair the teleportation array? Or is it the negligence of the Blood Demon Dynasty that the teleportation array was broken in an accident?"

Prince Brahma looked at the surging dark locusts not far away, and immediately showed a bitter smile on his face, and said loudly: "Then we are dead, this ancient teleportation formation, let alone us young people What a genius. Even some older formation masters would find it difficult to repair this teleportation formation in a short time. What's more, we only have a few minutes left.

In a few minutes, the overwhelming dark locusts will flood this place and eat us clean. "

But just after the two people said such words in despair, Ye Feng suddenly squatted on the ground and moved his hands quickly.

Buzz!

Then the entire traditional formation was directly repaired, and a bright light was released, instantly teleporting the three of them out of the dark swamp space on the third level.

Entering the upper level, the fourth level!

When the three of them reopened their eyes, they found that they had arrived at the fourth level of the Shura Sacred Mountain.

The environment of this fourth layer of space is completely different from the dark swamp of the third layer.

The fourth level of space is an extremely dense ancient forest area.

There are towering trees growing everywhere and lush green plants everywhere.

It seemed that the roar of ancient beasts could be heard faintly from the depths of the ancient forest.

At this moment, Prince Brahma and Jian Youlan were not in the mood to appreciate the environment of this fourth level space.

They all looked at Ye Feng beside them in shock.

Prince Brahma immediately couldn't help but said in horror: "Brother Ye, you actually know how to repair that ancient teleportation formation? Do you also study formations?"

Jian Youlan's beautiful and cold eyes were fixed on Ye Feng, with an inexplicable brilliance on her face, and she said loudly: "Prince Brahma can repair that ancient teleportation array in just a few seconds." , this is not just about studying the formations, but also being extremely proficient in the formations! It is comparable to the formation masters among the top powers!"

At this moment, Jian Youlan said, and even walked up to Ye Feng, stretched out her white little hand, and couldn't help but hold Ye Feng's palm. It was very intimate, and her beautiful face was full of brilliance. She was born Said: "Ye Feng, you are really a genius!"

Chapter 4312 Welfare

Obviously, Jian Youlan was very excited and happy at this time.

Because she never expected that they would actually escape death.

And the one who can do this is his current closest partner, Ye Feng.

Jian Youlan, a cold and peerless female swordsman, could not hide her inner joy and admiration for Ye Feng at this time.

Prince Brahma also immediately walked up to Ye Feng, patted Ye Feng's shoulder hard, and said loudly: "Brother Ye, I owe you a life."

At this time, Ye Feng couldn't help but shake his head and smile, and said loudly: "Anyway, the three of us are now a team. When encountering danger, we should naturally help each other."

At this moment, after Ye Feng finished speaking, he looked at the surrounding virgin forest and said loudly: "I didn't expect that the fourth level of Shura Holy Mountain would be such a completely different environment, an ancient forest."

Prince Brahma also nodded and said loudly: "Yes, it is completely different from the dark swamp on the third level. The dark swamp is filled with the aura of darkness everywhere. It is very evil and very depressing. And this fourth-level space turns out to be an ancient forest with a lot of green plants, and the air is very fresh, giving people a very peaceful and peaceful feeling."

Jian Youlan said aloud at this time: "Don't be too optimistic. The test on the fourth level will definitely be more difficult than the third level. The third level is already so dangerous, and the fourth level will definitely be even more dangerous, so There must be great dangers lurking in this ancient forest."

Upon hearing Jian Youlan's reminder, Prince Brahma immediately condensed his expression, nodded and said, "What you said makes sense."

Ye Feng smiled and said: "Don't be too nervous. In fact, the dark swamp on the third level is not that dangerous. The main thing is that you can race against time with those dark locusts to reach the end area. It's just that In the end area of the third floor, the teleportation formation was damaged, so it tricked all the top geniuses who came here in advance and turned them into withered bones. I don't know that the damaged teleportation formation was deliberately created by the Blood Demon Dynasty. In short, this is a test, and it is still the negligence of the Blood Demon Dynasty. If it is the negligence of the Blood Demon Dynasty, those geniuses who came here in advance and were eaten into bones by the dark locusts will really suffer a big loss. "

Hearing what Ye Feng said, Prince Brahma couldn't help but reveal a trace of sadness in his eyes, and said loudly: "I always feel that it was not a test at all, but the negligence of the Blood Demon Dynasty.

, after all, it is impossible for the Blood Demon Dynasty not to know that there are very few of us young martial arts geniuses who know about formations. "

Jian Youlan said aloud at this time: "It's a pity for those powerful top geniuses, but the geniuses who came after us are more lucky, because the teleportation formation has been repaired by Ye Feng "

At this time, Ye Feng looked at a large ancient forest not far away and said: "Let's move on. The test of this fourth level seems to be passing through the endless ancient forest in front of us. Among

them There must be very powerful ancient ferocious beasts. I just heard a terrifying beast roar, coming from the ancient forest ahead, giving people a mind-shaking and frightening feeling. "

Prince Brahma grinned and said: "In any case, the ancient forest on the fourth floor seems to make me feel much better. I hate the dark environment the most, which makes people's scalp numb. At the very least, The ancient forest on this fourth level is full of beautiful scenery."

Jian Youlan was very cautious at this time. Before she entered the ancient forest ahead, she had already taken out the Treasure Box of Ten Thousand Swords, and released dozens of flying swords from it, floating around and above her head. on, and enter an attack state at any time.

Although Prince Brahma said it easily, he was very vigilant after experiencing the souls escaping from the previous level. He directly condensed dozens of huge flame shields around him, surrounding him.

Ye Feng was walking at the front, his two fists turned into pure gold, ready to burst out with super brute force at any time.

As for the means of protection?

Ye Feng actually doesn't need it much.

Ye Feng's physique was inherently strong and his defense was extremely high.

It is difficult to have the power to destroy Ye Feng's entire body in an instant.

What's more, all of Ye Feng's bones have already been integrated into the Immortal Bones of the Gods and cannot be damaged at all.

So at this time, Ye Feng walked directly to the front of the two people and started to take the lead.

After all, Ye Feng's perception is the strongest now, so Ye Feng is at the forefront. If there is any very terrible danger invading

Coming, Ye Feng can issue a warning at any time, and the three of them can release powerful attack power at the same time to fight against the enemy together.

At this time, the three of them slowly walked into the ancient forest in front of them.

But after walking for a long time, they didn't encounter any particularly terrible danger at all.

Not even an ordinary beast was encountered.

Moreover, when the three of them reached the middle area of the primeval forest, a look of deep astonishment suddenly appeared on their faces.

I saw that the valley ahead was filled with dense elixirs and fruits.

Each of these elixirs and fruits exudes a faint light and a strong medicinal fragrance.

These elixirs and fruits are all extremely high-grade natural materials and treasures. No one has picked them at all, and they have been growing here.

"this....."

Seeing this scene at this moment, Prince Brahma immediately widened his eyes slightly.

He couldn't help but look at Ye Feng and Jian Youlan on the side, and said aloud: "Isn't this a benefit given to us because we are so lucky?"

Hearing what Prince Brahma said, Ye Feng and Jian Youlan also had a hint of surprise in their eyes. It seemed that they did not expect that this ancient forest did not encounter any danger, but instead encountered this overgrown forest. A valley of natural treasures.

At this time, Ye Feng still remained vigilant and said: "Such a peaceful valley, where so many high-level elixirs and fruits grow, is really too quiet, too calm, and feels a bit strange, we It's better to be careful in case there is a scam."

Jian Youlan also nodded, with a hint of vigilance in her beautiful and cold eyes, and said loudly: "Ye Feng is right. The calmer you are, the greater the danger may be. Don't take it too lightly."

When Prince Brahma heard what the two said, he nodded quickly.

The three people maintained their attack status and slowly walked towards this valley.

When they entered the valley and picked the first elixir and fruit, there was no danger at all.

This valley is covered with extremely high-grade natural materials and treasures, as if it is specially for their benefit.

see this scene

, the three of them looked at each other a little bit.

Ye Feng couldn't help but said: "I guess the first three levels of tests are too dangerous, so the fourth level allows the testers to take a break, and there are so many elixirs and fruits. Use it to replenish your own consumed strength."

Hearing what Ye Feng said, Prince Brahma couldn't help but said in astonishment: "Brother Ye, what you mean is that the ancient forest set up by the Blood Demon Dynasty on this fourth level is not a place of testing, but a place of testing. A place for halftime."

Hearing what Crown Prince Brahma said, Jian Youlan also nodded and said, "The test of Shura Holy Mountain has nine levels in total. There is a place to recuperate on the fourth level. Maybe it is true."

At this moment, the three of them couldn't help but look at each other in confusion.

In this case, it is estimated that the last teleportation formation on the third floor was damaged, probably due to the negligence of the Blood Demon Dynasty.

The Blood Demon Dynasty will not put all the geniuses to death.

In this case, what kind of young genius would be selected to join the Blood Demon Dynasty?

It's just a pity for those top geniuses who reached the third level earlier than Ye Feng and the other three.

In the end, he could only die in despair, being eaten by the endless dark locusts on the third floor.

Just thinking about it makes me feel unlucky.

Persistence in the darkness, but died before the light came!

It's frustrating.

At this time, Prince Brahma immediately grinned and said: "Don't think so much, since this fourth level of space is a benefit for us, then let's quickly divide up all the elixirs and fruits in this entire valley. "

Ye Feng also nodded, with excitement in his eyes, and said loudly: "Even if the three of us divide the elixirs and fruits in the entire valley, each of us can get a huge amount of heavenly materials and earthly treasures, don't waste it. It's time, hurry up and carve it up!"

After saying that, Ye Feng was the first to give priority to those elixir fruits that could improve his power.

Prince Brahma also hurriedly returned to the valley to look for elixir fruits with the same fire attribute as himself, which would be of great benefit to the growth of his skills.

And Jian Youlan no longer maintained her aloof goddess style, and quickly joined the carving up team and became busy.

Chapter 4313 The King of Weapons

Uh-huh!

Uh-huh!

Uh-huh!

At this time, Ye Feng reached out and quickly grabbed the elixirs and fruits that could quickly improve his skills.

There are many elixirs and fruits in this valley. Many elixirs and fruits have different effects, including healing and restorative effects.

Of course, there are also many elixirs and fruits that can enhance one's power.

By the end, Ye Feng had grabbed more than a hundred elixirs and fruits.

These include dragon blood snake fruit, thunder grass, heavenly spirit medicine and other very high-end medicinal materials and fruits.

So at this time, Ye Feng didn't hesitate and started to swallow all the elixirs and fruits he got.

"Boom!"

At this moment, waves of very powerful medicinal power exploded in Ye Feng's limbs.

Ye Feng's skill immediately improved extremely quickly under the accumulation of this huge amount of medicinal power.

At this time, Prince Brahma and Jian Youlan, who were standing next to them, saw a trace of surprise in their eyes when they saw Ye Feng eating all the elixirs and fruits on the spot.

Because they knew that Ye Feng's swallowing ability was very special and he could directly digest and utilize the huge medicinal power in the elixir fruit.

But after they get the fruits, they can only put them in the storage ring first, and then wait until they refine the elixirs later, so that they can maximize the use of the medicinal power of these elixirs and fruits.

But Ye Feng doesn't need to do this, he can just devour it.

At this time, as Ye Feng swallowed more than a hundred elixirs and fruits, Ye Feng's skill suddenly increased unparalleled.

Ye Feng's cultivation momentum is also rapidly and continuously breaking through.

boom!

The fourth level of Xuanji Realm!

boom!

The fifth level of Xuanji Realm!

At this time, Ye Feng's cultivation level directly exceeded two levels in a row.

This is already a huge improvement for Ye Feng.

Because Ye Feng's body became more and more like a bottomless pit as his cultivation level continued to improve.

Every breakthrough, even if it is only through a small level, requires a huge amount of energy to accumulate.

At this time, Ye Feng was able to put all these together

After swallowing the elixir and fruit, Ye Feng was very happy and satisfied when he suddenly broke through the two realms.

At this time, Ye Feng took a short rest and said, "We can move on now."

Prince Brahma immediately nodded and said with a smile: "I didn't expect that this fourth level would be so easy. It is simply a place for us to have a good rest."

Jian Youlan couldn't help but nodded at this time: "It seems that our previous worries were overblown."

Next, the three of them continued to advance rapidly in this primeval forest.

And just after they advanced for another half an hour, they suddenly saw a huge mountain stretching across the front of them.

On this huge mountain, there is a very terrifying sharp energy, emanating everywhere.

It was the sharp aura of a weapon.

As soon as the three people approached, they immediately felt a feeling that seemed to tear their whole bodies apart.

At this time, Prince Brahma couldn't help but said in surprise: "There must be a peerless treasure on that mountain, otherwise it would not be possible for us to feel as sharp as if it is tearing our bodies apart."

Jian Youlan's beautiful eyes suddenly lit up at this time, and she said loudly: "I felt the ripples of the sharp sword soldiers. There is definitely a peerless sword hidden in that mountain, and there are more than one. "

Jian Youlan spoke at this time, her tone full of expectation.

Because Jian Youlan was originally a swordsman practitioner.

As long as she can get a very high-end peerless sword, it will be of great help to improve her true combat power.

The sword is everything she practices.

Ye Feng immediately nodded and said: "Let's go over and take a look. Although that mountain feels like it's about to tear the whole body apart, as long as we release our power, With the guardian in front of you, there shouldn't be any big problem."

At this time, Ye Feng said and flew forward quickly.

Prince Brahma and Jian Youlan also held up their protective light shields and followed behind Ye Feng, flying quickly towards the mountain in front.

When they flew in front of the mountain, they immediately saw a shocking scene.

I saw densely packed weapons of all kinds, such as swords, guns, swords, halberds, axes, hooks and forks, and all kinds of strange weapons, all of which were densely inserted on the surface of the huge mountain in front of me.

It feels like this is a huge weapons arsenal.

Seeing this scene at this moment, Prince Brahma's eyes suddenly revealed a look of deep surprise, and he quickly said, "Is this the second benefit for us?"

Jian Youlan couldn't help but look in amazement at this time, and said aloud: "It seems that the Blood Demon Dynasty not only selects the top geniuses like us, but also intentionally cultivates our comprehensive strength in the process of experience. It turns out that in this There are so many good things left in the training ground of Shura Holy Mountain."

Ye Feng also nodded at this time, smiled and said: "It seems that this fourth floor is really a place for us to take a break and replenish our training resources."

Uh-huh! Uh-huh! Uh-huh!

After saying that, the three of them flew directly to the surface of the mountain filled with weapons.

At this moment, most of the weapons are very advanced.

It may be of great interest to ordinary geniuses.

But for Ye Feng and the others, many weapons are still not enough for top-level geniuses like them.

However, as long as it was a sword-type weapon, it was basically collected by Jian Youlan into his own treasure box of ten thousand pieces at this moment.

Jian Youlan's Treasure Box of Ten Thousand Swords can accommodate more and more flying swords.

Every time you add a flying sword, you can increase the power of the Ten Thousand Swords Box.

The more swords there are in the Treasure Box of Ten Thousand Swords, the more powerful this magic weapon will be.

At this time, Prince Brahma received a fire attribute sledgehammer and a fire attribute armor.

Buzz!

Ye Feng released his soul power, sensed it carefully, and flew directly towards the top of the mountain.

Because Ye Feng sensed that the most powerful weapon fluctuation was on the top of the mountain.

"That is....."

The moment Ye Feng came to the top of the mountain, he immediately saw a handful with five

The ten-meter-long broadsword has a blade covered with dense serrations, just like the teeth of a megalodon. It looks very ferocious and terrifying.

At this moment, Ye Feng could directly sense that this long knife was definitely the highest-level weapon in the entire mountain.

He is the king of weapons!

Uh-huh!

At this moment, Ye Feng rushed over without any hesitation and grabbed the long knife.

Buzz!

The long knife began to vibrate in an instant.

On the hilt of the long sword, there are two big characters "Big Teeth" written on it.

At this moment, Ye Feng directly pulled out the giant-toothed sword and slashed fiercely in a certain direction ahead.

Boom! !

The next moment, a sword light reaching the sky and the earth, with a length of tens of thousands of meters, burst out from the saw-toothed sword, and in an instant, it shattered most of the primeval forest in front of it.

And at the moment when this saw-toothed sword came out, the shadow of an ancient beast with a majestic megalodon of tens of thousands of meters appeared in the blade body, making the power of this sword even more powerful. .

Seeing this terrifying power, even Ye Feng was a little stunned.

One strike of this giant-toothed sword feels more powerful than the Ten Thousand Souls Demonic Seal.

At this moment, Prince Brahma and Jian Youlan, who were not far away, flew over immediately.

The two of them looked at the terrifying scene caused by Ye Feng's knife not far away, which almost cut the fourth-level virgin forest in half.

After one strike, the cracks in the earth spread to hundreds of thousands of kilometers!

This terrifying sight naturally made Prince Brahma and Jian Youlan unable to help but look deeply shocked in their eyes.

Prince Brahma immediately stared at the giant-toothed sword in Ye Feng's hand. He couldn't help but said with hot eyes: "Being able to release such terrifying power, this is simply the king of knives!"

Jian Youlan also nodded in amazement at this time, and said aloud: "Just now, when Ye Feng slashed out this big sword, the shadow of an ancient beast like a tens of thousands of meters of majestic megalodon appeared. , this sword definitely contains the terrifying bloodline and will of an ancient beast, the Megalodon, which can give your sword the overwhelming power of the ancient beast!"

Chapter 4314: Understanding the inheritance

At this time, Prince Brahma and Jian Youlan were obviously very shocked by the huge toothed sword that Ye Feng had just obtained.

Because when Ye Feng released the giant-toothed sword just now, the destructive power it caused was truly terrifying.

Therefore, this giant-toothed sword is definitely the strongest among all mountain weapons.

It is no exaggeration to call him the king of weapons.

Ye Feng himself was of course very satisfied at this time.

Because this huge toothed sword is not only very terrifying in its own power, but it also seems to contain the terrifying bloodline power of the 96th most ferocious beast in ancient times, the Megalodon.

Therefore, at the moment when the giant toothed sword was slashed, the powerful will of the megalodon appeared, which could increase the power of the sword.

At this time, Ye Feng was very satisfied. He just put the giant-toothed sword on his back, ready to use it at any time. He looked like a wandering swordsman, very sharp and domineering.

At this time, Prince Brahma immediately came to Ye Feng, smiled and said: "Congratulations to Brother Ye for getting this king of weapons. Now Brother Ye, your combat effectiveness has improved a lot."

At this time, Ye Feng also nodded with satisfaction and said with a smile: "I got a lot of elixirs and fruits in that valley just now, which improved my cultivation skills, and now I have got For such a powerful king of weapons, my current overall strength is indeed much stronger than before. The Blood Demon Dynasty seems to be very good. It actually set up such an intermission place at the middle level of the Shura Sacred Mountain. Moreover, it has given us so many training resources and weapons. It seems that the Blood Demon Dynasty has great expectations for selecting new talents like us. Otherwise, it would not be possible to spend such a large amount of money and place so many training resources here. "

Hearing what Ye Feng said, Prince Brahma couldn't help but sigh and said: "Indeed, the resources here are indeed very rich, and they can also allow us to recuperate, allowing us to recover for a longer period of time, and still be able to survive." It can improve overall strength."

Jian Youlan couldn't help but said: "But we have to be more careful next, since this level gives us such a long time

To restore and improve strength, that means the next test will become more and more difficult. "

Hearing what Jian Youlan said, Ye Feng and Prince Brahma both nodded.

Then Ye Feng said: "Let's leave here directly. The best weapons have been selected. Other ordinary weapons have no value. Just leave them here and let the newcomers continue to choose."

Hearing what Ye Feng said at this moment, Prince Brahma immediately smiled happily and said: "Actually, we should also be grateful that the teleportation array at the end of the dark swamp on the third level was accidentally broken. Otherwise, it would be worse than us. The top geniuses who came here in advance must have collected all the most precious cultivation resources, including the top weapons, when they came to this fourth level. We would not be able to get the most precious cultivation resources and the strongest weapons here. A big weapon."

Hearing what Prince Brahma said, Ye Feng glanced at Prince Brahma and couldn't help but said, "You are quite sinister."

At this time, Prince Brahma laughed loudly and said: "As the old saying goes, if you don't care for yourself, heaven will punish you, haha."

Hearing this, Ye Feng couldn't help but shook his head, and then said with a smile: "Let's move on."

At this moment, the three of them left the weapon mountain and continued flying quickly toward the end of the primeval forest.

When they were about to reach the end area, their eyes suddenly revealed a look of deep astonishment.

Because they saw another huge white jade square appeared in front of them.

On this white jade square, there is a stone tablet.

That stone tablet has the two characters "Inheritance" written on it.

Seeing this scene, Prince Brahma couldn't help but reveal a look of astonishment in his eyes, and said loudly: "The stone tablet above this square has the word 'inheritance' written so clearly on it. Could it be that this is The third benefit point for us,

Where to receive inheritance, right? "

Hearing what Prince Brahma said at this moment, Jian Youlan said in disbelief: "First, we were given elixirs and fruit resources that can improve our skills, and then we were given weapon resources, and now this kind of ability has appeared. The Blood Demon Dynasty is really considerate of us as we have a strong inheritance."

Ye Feng laughed loudly at this time and said: "Since you have encountered it, let's go and take a look."

Uh-huh! Uh-huh! Uh-huh!

After saying that, the three of them flew directly towards the huge white jade square.

They came directly to this inheritance stone tablet.

Prince Brahma couldn't help but touch the inheritance stone in front of him, and said with some confusion: "How can I obtain the inheritance in this inheritance stone?"

Jian Youlan said aloud at this moment: "On the royal square of our Tianjian Dynasty, there is actually a inheritance stone tablet similar to this. The way to understand it is also very simple. Just touch your palm on this inheritance stone. On the stone tablet, you can then use your own spiritual power to sense it, and you can get the inheritance. However, the level of inheritance you can get depends on your talent. The stronger the talent, the stronger the inheritance you get. "

Hearing what Jian Youlan said, Prince Brahma immediately couldn't help but show a hint of disappointment on his face, and said loudly: "I thought I could choose a powerful inheritance at will, but I didn't expect that I still need to understand it on my own. In other words, if your talent is not recognized by this inheritance stone, you will not be able to obtain the strongest inheritance contained in it. "

Jian Youlan couldn't help but glance at Prince Brahma, and said angrily: "How can there be such a good thing in the world?"

At this moment, after Jian Youlan finished speaking, she was the first to reach out and touch the inheritance stone in front of her, and then used her spiritual power to understand the secret of inheritance in this inheritance stone.

Ye Feng and Prince Brahma were standing on both sides at this time. Although they didn't say anything, they were guarding Jian Youlan's feelings.

Because I am practicing

When a person comprehends this kind of inheritance stone tablet, he will devote himself wholeheartedly to the state of enlightenment.

If there is danger from outside, it will definitely cause huge harm to the practitioners who are comprehending the inheritance stone tablet, because there will be no time to resist it.

Although there seems to be no danger in this primeval forest, it is better to stay vigilant in case any particularly powerful beast suddenly comes out of the surrounding primeval forest.

And while the two of them were silently protecting Jian Youlan, the inheritance stone tablet in front of Jian Youlan suddenly lit up with six rays of brilliant light.

Then a ball of light flew out from the inheritance stone tablet and merged into Jian Youlan's mind.

At this moment, Jian Youlan immediately opened her eyes, and couldn't help but said excitedly: "I have received a very powerful sword inheritance, called the Sky Divine Sword Technique! It has a huge influence on my sword skills. Boost and help!"

At this time, Prince Brahma immediately said: "The moment you realized it, this inheritance stone suddenly lit up with six different colors of light. This should represent the level of this inheritance that you have realized. It's level six, and I don't know where level six ranks among all the inheritances on this inheritance stone tablet."

Ye Feng smiled and said loudly at this time: "Miss Youlan is the first female swordsman among the top ten dynasties. The inheritance she can perceive and the six rays of light she emits shows that the level of inheritance represented by the six rays of light is already very high. Taller."

Hearing what Ye Feng said, Prince Brahma rubbed his hands and said with some expectation: "I don't know what level of powerful inheritance I can comprehend. I feel that my talent is also very powerful. It should not be better than Jian Youlan is weak, I don't know if I can comprehend the inheritance of the seven rays of light."

Uh-huh!

After saying that, Prince Brahma immediately walked directly to the stone tablet with a smile, then stretched out his hand, touched it and began to comprehend.

At this time, Ye Feng and Jian Youlan also stood on both sides of Prince Brahma to protect him.

Chapter 4315 Blood Demon Appearance

However, just at the moment when Prince Brahma realized this inheritance stone, only three rays of light suddenly lit up on the entire inheritance stone.

At this moment, Prince Brahma opened his eyes, and immediately his face collapsed with a smile on his face.

At this moment, looking at the inheritance stone tablet emitting three rays of light in front of him, Prince Brahma suddenly showed deep astonishment in his eyes.

Then Prince Brahma couldn't help but screamed in disbelief: "How is it possible?? With my peerless talent, I only realized the inheritance of three rays of light? My cultivation talent is no weaker than Jian Youlan. "

At this moment, Prince Brahma was a little downcast, obviously having some doubts about his talent.

After all, he had always thought that he was the top super genius. .??.??

But now this inheritance stone tablet made him lose some confidence.

Ye Feng immediately walked over, patted Prince Brahma on the shoulder with a smile, and said loudly: "Maybe this inheritance stone tablet is ignorant. It doesn't even look down on a peerless genius like you."

Hearing what Ye Feng said, Prince Brahma felt a little better.

He stared at the inheritance stone tablet in front of him, nodded seriously, and said aloud: "Maybe this inheritance stone tablet is really ignorant, huh."

After finishing speaking, Prince Brahma finally integrated the inherited light group emitting three rays of light into his mind.

In any case, this is a very powerful inheritance, which is pretty good.

If you are an ordinary genius, you probably won't be able to sense the inheritance in this inheritance stone tablet, or the inheritance that emits a ray of light.

At this moment, Prince Brahma and Jian Youlan both looked at Ye Feng, who had not yet realized anything.

They were all curious about what level of inheritance Ye Feng could perceive.

At this time, Ye Feng didn't hesitate at all and just walked up

He reached out and touched the inheritance stone tablet in front of him.

At this moment, Prince Brahma and Jian Youlan also stood on both sides of Ye Feng, protecting Ye Feng.

Buzz!

At this time, Ye Feng exuded his spiritual power and communicated with this inheritance stone tablet to see what level of inheritance he could comprehend.

But the moment Ye Feng's mental power touched the inheritance stone tablet.

Boom boom boom boom boom...

As a result, at this moment, the inheritance stone tablet in front of Ye Feng suddenly burst out with eighteen great rays of light.

Eighteen different colors of light were shining under the sky at this moment, exuding a brilliant divine light that almost blinded the eyes of everyone around them.

"What??"

Seeing this scene, Prince Brahma and Jian Youlan, who were standing on both sides to protect Ye Feng, suddenly showed deep surprise in their eyes.

Jian Youlan immediately stared at Ye Feng, her beautiful and cold eyes revealed a deep brilliance. He was indeed the person she had taken a liking to, he was indeed very evil.

At this time, Prince Brahma's eyes suddenly widened, with a look of deep astonishment on his face.

He immediately stared at Ye Feng and couldn't help shouting: "Brother Ye, your talent is too exaggerated. Eighteen bright lights lit up directly. The inheritance you inherited, What kind of inheritance is it?"

At this moment, Ye Feng has received a powerful inheritance secret and entered his mind.

This set of eighteen rays of light-level inheritance is called the "Blood Demon Dharma".

"Blood Demon Dharma Appearance?"

At this time, Ye Feng couldn't help but said: "This seems to be a very special inheritance, called the Blood Demon Dharma."

Hearing what Ye Feng said, Prince Brahma was immediately shocked. He couldn't help but said excitedly: "The Blood Demon Dharma? This seems to be the most precious inheritance of the royal family in the Blood Demon Dynasty. How could it appear? it's here?"

Jian Youlan also looked a little incredulous at this time, and said aloud: "I'm afraid this Blood Demon Dharma is the most advanced inheritance among the inheritance stone tablets. It is estimated that the Blood Demon Dynasty also feels that no one can get this set of inheritance, but I didn't expect that Ye The wind did this."

When Ye Feng heard what the two said, there was a trace of surprise in his eyes. It seemed that he had not expected that he had accidentally obtained the most advanced inheritance among the inheritance stone tablets, which was related to the royal family of the Blood Demon Dynasty.

You must know that the Blood Demon Dynasty is one of the three top forces in the northern region of the entire Ten Thousand Demon Interface.

The royal family of the Blood Demon Dynasty was naturally the largest.

Therefore, it can be related to the royal family of the Blood Demon Dynasty. Even though this Blood Demon Dharma is the lowest inheritance among the Blood Demon Royal Family, it is also an extremely high-level inheritance for young geniuses from ordinary dynasties such as Ye Feng.

At this time, Ye Feng's eyes suddenly showed a hint of surprise.

Unexpectedly, I accidentally got a powerful inheritance related to the royal family of the Blood Demon Dynasty.

At this time, Ye Feng did not hesitate at all. He directly imprinted the secret of the blood demon royal family's inheritance into his mind, and then quickly began to understand and learn.

Almost half an hour later.

Buzz!

Ye Feng's body

Suddenly a large amount of blood appeared.

These bloody lights actually condensed into a majestic and boundless huge blood demon in the void behind Ye Feng.

This huge blood demon cannot see its true form, but it gives people a ferocious feeling of ancient times.

This is the origin of the Blood Demon Dynasty, the shadow of the ancient blood demon's will.

At this time, when Ye Feng released the blood demon's magic form, he immediately felt that he had mastered a huge power, and his combat effectiveness suddenly increased a lot.

At this moment, even if Ye Feng was not targeting anyone, Prince Brahma and Jian Youlan, who were standing in front of Ye Feng, could not help but take several steps back when they looked at the huge blood demon statue behind Ye Feng. I felt an innate fear.

At this time, Prince Brahma immediately couldn't help but said in amazement: "Brother Ye, I am completely convinced by you now. No wonder you can get the top inheritance among this inheritance stone. It turns out that your talent is so powerful. In just half an hour, you have successfully cultivated this blood demon dharma."

Hearing what Crown Prince Brahma said, Ye Feng couldn't help but shake his head and smile, and said aloud: "It's just a preliminary grasp and it can release some power. If you want to exert the stronger power of the bleeding demon, you need to continue to do it." Cultivation and enlightenment."

Jian Youlan shook her head and said: "Ye Feng, you don't have to be humble, you can comprehend part of the power of this peerless inheritance related to the royal family of the Blood Demon Dynasty in just half an hour. , is already a very terrifying thing. It is estimated that no one among our more than 10,000 ordinary dynasties can do this. Ye Feng, to be honest, sometimes I will really doubt whether you are really from a low-level dynasty. , It's really amazing. I estimate that your talent is not that bad even among the Blood Demon Dynasty, let alone among our more than 10,000 ordinary dynasties."

Chapter 4316 Overwhelmed

Hearing Jian Youlan's compliment, Ye Feng just shook his head, smiled, and said: "Don't praise me too much, otherwise, when I go to the Blood Demon Dynasty, if I become mediocre, I will be extremely miserable. It lowers your expectations a lot."

Jian Youlan immediately shook her head, staring at Ye Feng with a very serious look in her cold and beautiful eyes, and said loudly: "I believe you will always be the strongest one."

It has to be said that Jian Youlan is extremely optimistic about Ye Feng.

Prince Brahma also walked up to Ye Feng at this time, grinned and said: "Brother Ye, after arriving in the Blood Demon Dynasty, if you become very powerful and have a higher status, you must not forget that I treated you to a delicious roast dragon meat."

Hearing what Prince Brahma said, Ye Feng couldn't help laughing immediately, patted Prince Brahma's shoulder, and said loudly: "The three of us have experienced so much together, I will definitely never forget you, and who There's no telling who will be more developed in the future."

What Ye Feng said at this time was not a deliberate compliment to Prince Brahma.

After all, Ye Feng knew very well that the Huo Lao in Prince Brahma's mind now came from a higher-dimensional world of practice and must be very terrifying.

Under the guidance of Mr. Huo, Prince Brahma will never be weak in the future.

At this time, Ye Feng looked at Prince Brahma and Jian Youlan beside him and said, "Since we have all obtained our own weapons, let's move on."

Prince Brahma and Jian Youlan nodded one after another, and then followed Ye Feng and walked quickly towards the end of the primitive forest.

At this time, when they came to the end of the primeval forest, they also arrived at the end of the fourth level of the Shura Sacred Mountain.

Sure enough, they saw an ancient teleportation formation in front of them.

Uh-huh!

The three of them stepped into the fourth-level teleportation formation without any hesitation.

Buzz!

Following an extremely violent spatial fluctuation, the figures of the three people immediately disappeared from the spot, and were directly transported to the fifth level of the Asura Holy Mountain by the teleportation formation.

At this time, when the three of them opened their eyes, they immediately saw a very chaotic scene.

Only

Seeing that the fifth layer of space turned out to be an endless ocean.

The entire ocean is full of wind and waves, sweeping thousands of meters across, majestic and oppressive.

In addition, the sky is covered with dark clouds, thunder flashes, thunderstorms are everywhere, and the weather is extremely bad, which makes people feel very scary, as if the end is coming.

At this time, Prince Brahma couldn't help but shake his head and smile, and said aloud: "Maybe the fourth level is so quiet and peaceful that I almost forgot that I was training in the extremely dangerous Shura Holy Mountain."

Jian Youlan also nodded slightly. Looking at the raging winds and waves and the dark clouds and thunderstorms in front of her, she couldn't help but said: "Suddenly going from such a peaceful fourth level to such a dangerous fifth level is really a bit confusing. I didn't feel comfortable with it for a while."

"boom!"

And suddenly at this moment, a bucket-thick lightning beam rushed down from the sky covered with dark clouds, and quickly bombarded directly in the direction where the three of them were standing.

The terrifying destructive power made the three people whose comprehensive strength had just been greatly improved change their expressions slightly and couldn't help but retreat quickly.

Boom! !

When the thunder and lightning hit the ground where the three of them were standing, the solid ground stones were suddenly bombarded into countless fragments.

Seeing this terrifying destructive power, Ye Feng immediately couldn't help but said: "The test of this fifth level should be the terrifying power of thunderstorms and lightning from high in the sky. This test should be our reaction. Ability tests our ability to avoid huge dangers at any time. Very few creatures can withstand the thunderstorms and thunder and lightning in the sky. "

Hearing what Ye Feng said, Jian Youlan, who was standing aside, nodded immediately and said loudly: "We must also pay attention to the vast ocean with huge waves. There may be very scary ocean beasts living in it."

Prince Brahma immediately spoke out at this time: "Then let's leave quickly and cross this vast sea as quickly as possible."

Uh-huh! Uh-huh! Uh-huh!

At this moment, the three of them were all releasing their own powerful skills.

With great strength, he quickly leaped towards the end of the ocean.

But just when they stepped into the ocean area.

Boom! !

Immediately, there was an endless wave of waves, bombarding the three of them.

The terrifying waves swept tens of thousands of meters high in the sky, and crashed towards the three of them, as if the sky had collapsed.

At this moment, Jian Youlan directly released thousands of flying swords from his Ten Thousand Swords Treasure Box, instantly smashing the huge waves pressing in front into pieces.

Boom!

But at this time, a terrifying thunderstorm and lightning struck down from high in the sky again.

Uh-huh!

Ye Feng rushed to high altitude at this moment and took the initiative to meet this thunderstorm and lightning.

Because if Ye Feng didn't take the initiative to attack, this thunderstorm and lightning would directly kill all three people.

Ye Feng possesses the extremely powerful immortal bones of the gods and the innate immortal body that is being tempered. His physical strength is the strongest among the three.

Therefore, Ye Feng felt that there should be no problem in fighting this thunderstorm and lightning by himself.

Moreover, Ye Feng has another thought in his heart, that is, although the thunderstorm and lightning formed in the nine heavens have infinite destructive power, they must also contain infinite energy.

This is the thunderstorm and lightning bred by the nature of heaven and earth.

Ye Feng couldn't even imagine how huge the power contained in it was.

"boom!!"

At this moment, thunderstorm lightning struck Ye Feng's Tianling Cap.

Almost at the moment when Ye Feng was hit by thunderstorm lightning, it was estimated that in just tenths of a second, a voltage of several million volts penetrated Ye Feng's entire body in an instant.

This terrifying power is enough to destroy an extremely powerful creature in an instant.

Neither Prince Brahma nor Jian Youlan could withstand such a terrifying thunderstorm and lightning.

But Ye Feng resisted forcefully.

And from the moment he was struck by lightning, Ye Feng received billions of joules of lightning energy, which made Ye Feng's power suddenly increase.

Just got huge growth!

Almost broke through a small level.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

While Ye Feng was thinking, another thunderstorm lightning struck Ye Feng again from high in the sky.

Ye Feng once again received huge lightning energy.

Boom!

At this moment, Ye Feng's body unexpectedly broke through with a new and powerful aura of cultivation.

He directly broke through the first heaven and stepped into the sixth heaven of Xuanji Realm!

At this time, Ye Feng immediately fell from the sky, and his whole body was about to fall apart.

Prince Brahma immediately couldn't help but said in surprise: "Brother Ye, you can actually inhale the thunder and lightning energy from being hit by thunderstorms and lightning and use it to improve your own skills. It's an eye-opener for me, Ye." Brother, why don't you continue to absorb the energy of thunder and lightning?"

Ye Feng immediately couldn't help but shook his head and said loudly: "Withstanding two thunderstorms and lightnings in a short period of time, my body is almost on the verge of collapse. I can't be shocked anymore. Otherwise, no matter how strong my physique is, it will be a little bit... I can't hold it anymore, but it's already good to be able to break through to the first level."

Boom!

And just as Ye Feng was speaking, another thunderstorm and lightning struck down.

Ye Feng, Jian Youlan, and Prince Brahma quickly escaped.

At this moment, Ye Feng said aloud: "Keep moving forward and get through this vast ocean as soon as possible."

Boom!

But the moment Ye Feng finished speaking, a huge turtle covered with golden scales and several kilometers in size opened its mouth, which was filled with densely packed teeth that looked like metal barbs. , charging towards the three people, trying to swallow them all.

Obviously, this is a terrifying evil beast living in this vast ocean, with very terrifying power.

Its cultivation aura has surprisingly surpassed the cultivation of the three people in the Xuanji Realm. It is an ancient beast at the Yuanding Realm level above the Xuanji Realm!

It has to be said that this test of the fifth level of space, with its huge waves, thunderstorms and lightning, and ancient ocean beasts, is indeed very dangerous and chaotic to the extreme, making it overwhelming!

Chapter 4317 Teamwork

"Guardian of Fire!"

At this moment, seeing the huge golden turtle with a majestic height of several thousand meters approaching, Prince Brahma did not hesitate and directly displayed his extremely powerful inheritance.

Buzz!

I saw endless flame power burst out from Prince Brahma's body, and then condensed directly into a huge flame shield in front of the three people.

He directly blocked the huge golden turtle.

Boom! !

But this golden turtle is obviously a mutated ancient beast, and its power is very terrifying.

The moment it collided with the flame shield, the flame shield vibrated quickly.

It will be completely broken in almost the next second!

At this moment, Ye Feng and Jian Youlan naturally started to act without any hesitation or wasting time.

The most violent frontal attack had been resisted by Prince Brahma with a flame shield.

So at this moment, Ye Feng and Jian Youlan launched an extremely violent attack.

Jian Youlan directly released the Sky God Sword Technique she had learned before from the left side.

The moment Jian Youlan released her Heavenly Sword Skill, all the flying swords in her Ten Thousand Swords Box were thrown out.

Then directly in front of Jian Youlan, a large steel sword condensed from countless swords was assembled. It had extremely terrifying power, exuded a bright divine light, and slashed towards the golden turtle in front.

And Ye Feng didn't hesitate at all, and directly took out the king of weapons he had obtained before, the giant-tooth sword.

The fifty-meter-long sword slashed hard, and suddenly a sword light of tens of thousands of meters burst out from the body of the sword.

Moreover, the phantom of the megalodon's will appeared, and the power behind the sword also struck hard on the other side of the golden turtle.

Under the ferocious attacks of the two top geniuses, no matter how powerful this giant golden turtle was, he still felt tremendous pain at this moment.

Click, click...

Although the golden turtle shell on his body was very strong, it withstood the most terrifying attacks from Ye Feng and Jian Youlan, and cracks appeared in the shell.

This huge golden turtle immediately felt huge pain and quickly retreated.

But at this moment, Ye Feng naturally couldn't let this huge golden turtle leave.

Without any hesitation, Ye Feng rushed forward and used the extremely powerful inheritance he had learned before, the Blood Demon Dharma.

Buzz!

At this moment, a huge ancient blood demon suddenly condensed behind Ye Feng.

This ancient blood demon was very majestic. It gave birth to two huge bloody claws, which directly caught the huge golden turtle, making it impossible for the golden turtle to escape, and suppressed it in the ocean where it was. surface.

Uh-huh!

At this moment, Ye Feng held the giant-toothed sword in his hand and rushed to the huge golden turtle in an instant. Then he held the big knife in his hand and stabbed it hard with the tip of the big knife.

The place where Ye Feng stabbed was not the golden turtle's solid golden shell, but the golden turtle's head and neck.

Although it is covered with golden scales, it is definitely much weaker than a turtle shell.

many.

"Pfft!"

Sure enough, the moment Ye Feng held the giant-toothed sword in his hand and stabbed it hard, it immediately pierced the golden scales on the surface of the golden turtle, and directly penetrated deeply into the neck of the golden turtle, drawing blood. It suddenly broke out.

There was a look of deep surprise in Ye Feng's eyes.

This giant-toothed sword is indeed extremely sharp and has strong penetrating power.

At this time, Ye Feng didn't hesitate and immediately caught the golden turtle.

Because this golden turtle is struggling quickly, trying to escape.

But Ye Feng's hands had turned into pure gold, possessing the power of the Celestial Clan, so he clung to the golden turtle tightly, making it impossible for this evil beast to escape.

Although the golden turtle shell of this golden turtle is very strong, it can even withstand the powerful attacks of Ye Feng and Jian Youlan in an instant.

But the golden scales growing on the weak point of this golden turtle are far from able to withstand Ye Feng's terrifying giant-toothed sword.

At this time, under the restraint of Ye Feng, the huge golden turtle had no choice but to die completely.

At this moment, Prince Brahma and Jian Youlan flew over.

Prince Brahma couldn't help but said: "We have just entered this vast sea. Unexpectedly, we have already encountered such a powerful ocean beast. If the attack power of the three of us was not very terrifying, there would be no way to fight against this huge beast." The golden turtle, this huge golden turtle, is a whole level higher than us. I don't know how our successors, the other geniuses, will survive this vast ocean."

Jian Youlan said aloud at this moment: "Perhaps others will form a group of dozens or even hundreds of geniuses to cross this ocean. I estimate that this fifth level will test not only the individual's individual strength, but It also tests the ability of teamwork."

Hearing what Jian Youlan said, Prince Brahma immediately nodded in confusion and said loudly: "Indeed, after all, in this Shura Sacred Mountain, no one has a rule that dozens or hundreds of people cannot be together. The group passed the test. Fortunately, the three of us formed a group together in advance. Otherwise, we would definitely not be able to pass through such a dangerous place just by ourselves. Of course, Brother Ye may try to pass alone. "

Hearing what Prince Brahma said, Ye Feng couldn't help but shake his head and smile, and said: "I can't stand it alone. After all, every test in this Asura Holy Mountain is too terrifying."

After saying that, Ye Feng directly released the Devouring Domain and began to devour the golden turtle.

This golden turtle's cultivation level is a whole level higher than the current Xuanji realm of the three of them.

It is a powerful creature at the Yuanding realm level above the Xuanji realm.

Moreover, this golden turtle was originally a special beast from ancient times, so the demonic energy contained in its body was very rich.

At this moment, after Ye Feng swallowed it, he immediately felt a very powerful energy, which was directly injected into his Dantian, allowing his skill to rapidly and continuously improve.

At this time, seeing Ye Feng's growing cultivation aura, Prince Brahma and Jian Youlan standing aside couldn't help showing deep envy in their eyes.

Because Ye Feng's ability to plunder the energy of any attribute from the outside world and use it for himself is really amazing!

Chapter 4318 Under the whirlpool

At this time, after Ye Feng devoured the entire monster essence and blood energy of the huge golden turtle, the cultivation aura on his body suddenly began to make breakthroughs one after another.

"boom!"

The seventh level of Xuanji Realm!

"boom!"

The eighth level of Xuanji Realm!

At this time, Ye Feng's cultivation level once again achieved a breakthrough, breaking through two levels in a row.

From the sixth level of Xuanji Realm, he broke through to the eighth level of Xuanji Realm!

It has to be said that this golden turtle is indeed a ferocious beast from ancient times, and the energy it provides Ye Feng is quite good.

What makes Ye Feng particularly happy is that the body of this golden turtle actually contains the blood of a very ancient golden dragon.

Therefore, this special ancient bloodline contains divine substances, allowing Ye Feng's immortal body of God to continue to improve.

Ye Feng's immortal body of the gods had been tempered to the fifth level of the second stage eyes.

Now that Ye Feng has absorbed the divine substance from the body of this golden turtle and the blood of the ancient golden dragon, he has directly tempered the eyes of the second stage of his immortal body from the previous fifth level to the third level. Six floors.

Therefore, Ye Feng's entire physique became stronger.

Moreover, Ye Feng's eyes are also more advanced.

At this moment, Ye Feng opened his eyes.

"Boom!" "Boom!"

Two red laser beams suddenly burst out from the two eyes, with extremely terrifying radiation and high temperature. They penetrated the entire ocean at once and evaporated most of the seawater.

Seeing this terrifying scene, Prince Brahma and Jian Youlan beside them couldn't help but change their expressions slightly.

Prince Brahma immediately couldn't help but said: "Ye

Brother, have your eyes mutated? Are you obsessed? "

After all, at this time, Ye Feng's state looked very abnormal. His whole body was full of energy, his eyes were all red, and he could even emit red laser light.

At this moment, Ye Feng immediately restrained the red laser power of his God's Eye, then smiled and said: "Don't worry, I am not obsessed, it's just a special talent of my eyes, which has become Stronger."

Hearing what Ye Feng said, Prince Brahma immediately couldn't help but said in shock: "Brother Ye, your two eyes actually have this special talent? Those two red lasers you just released , It's too scary. I am a practitioner of the flame attribute, so I can clearly feel the two red lasers that burst out from your eyes just now. There is a terrifying high temperature in them. There is also a kind of heat that is higher than the high temperature. The special and incomparable radiation energy above is really terrifying. "

Jian Youlan's beautiful eyes showed deep wonder at this time, staring at Ye Feng, because she felt that Ye Feng could be said to be the most amazing and talented man she had ever seen.

At this time, Ye Feng smiled and said: "The ancient evil beasts living in this ancient ocean are quite good. Although they are very powerful, after devouring them, they can provide me with great power and energy. , and the high-level bloodline contained in the bodies of these special ocean beasts is of great benefit to my physical fitness. "

At this moment, after Ye Feng finished speaking, he suddenly looked at Prince Brahma and Jian Youlan in front of him, and said in a rather solemn voice: "With this ability of mine, this devouring ability, I hope that after you arrive at the Blood Demon Dynasty, Don't leak it to me, otherwise, I will probably be exposed by many super adults

After all, this ability is too special and too domineering. "

Hearing what Ye Feng said, Prince Brahma immediately patted Ye Feng's shoulder and said, "Don't worry, Brother Ye, we are all old friends and we won't reveal secrets to you."

Jian Youlan also nodded at this time, staring at Ye Feng with her beautiful eyes, and said loudly: "Ye Feng, the stronger you are, the better it is for us. In the Blood Demon Dynasty, the factions and clans are There are so many, and the major forces are intertwined, so newcomers like us will definitely be suppressed by some major forces or older people after entering the Blood Demon Dynasty. When the time comes, our group must not break up, and we will help each other. "

Ye Feng immediately nodded, and then the three of them continued to move forward and continue to cross the vast sea.

Next, the three of them relied on Ye Feng's powerful perception to avoid thunderstorms and lightning from the nine heavens, and some ocean beasts that they had no way to fight against. They soon crossed nearly half of the ocean area.

At this time, they had arrived at the middlemost area of this vast ocean.

At this moment, the three of them suddenly saw a huge dark whirlpool appearing in the middle of the ocean ahead. ??

This dark vortex is formed by countless waves sweeping together. It feels very scary, like a deep sea phobia.

At this moment, Prince Brahma couldn't help but said: "Don't get close to that huge whirlpool, otherwise, we will be sucked into the depths of the ocean, and we may be torn apart instantly by the huge tearing force in the whirlpool. into pieces."

Jian Youlan also nodded solemnly at this time, and Ye Feng naturally would not refuse at all.

The three of them were directly preparing to avoid this huge ocean whirlpool.

No

But just when they were about to get around the edge of the ocean whirlpool, Prince Brahma glanced at the middle of the ocean vortex, and an expression of astonishment suddenly appeared on his face.

He couldn't help but screamed in horror: "Look! There seems to be a huge thing lying deep in the middle of this ocean whirlpool."

Hearing what Prince Brahma said, Ye Feng and Jian Youlan immediately looked quickly towards the center of the vortex.

The next moment, Jian Youlan couldn't help but said: "The huge thing lying deep in the seabed in the center of the whirlpool seems to be dead. I can see that there are dense scars on the surface of the body of that huge thing."

Ye Feng also nodded at this time and said in surprise: "That seems to be a dead ocean overlord-level creature. I can't feel any breath of life. It is definitely dead. Do you want to go and have a look?" ?"

Ye Feng is very interested in this kind of thing.

After all, a huge creature at the level of an ocean overlord is extremely terrifying. If it were alive, the three of them would not be able to take a bite of an ocean overlord.

But a dead ocean overlord is very valuable.

In addition to the blood and energy of his body, various materials on his body, such as scales, giant horns, inner elixirs, bones and meridians comparable to divine iron, etc., can be sold for sky-high prices outside.

But at this time, the three of them were a little hesitant. After all, the tearing ability in the ocean vortex was too terrifying.

But the dead ocean overlord, the behemoth lying deep in the middle of the whirlpool, was too attractive to the three of them.

At this moment, the three of them looked at each other, and then they all made up their minds and decided to go directly to the deepest area of the ocean vortex to find out.

Chapter 4319 Waiting for trial

Swish, swish, swish!

At this time, the three of them flew directly towards the huge ocean vortex without any hesitation.

When they arrived at the inner area of the ocean vortex, they immediately felt the waves around them, which was simply terrifying to the extreme.

Sure enough, as Prince Brahma said, this huge ocean whirlpool has very terrifying tearing power.

At this moment, Prince Brahma and Jian Youlan both felt that their entire bodies were about to be torn apart by the terrifying tearing force of the ocean whirlpool.

Ye Feng was fine at this time. ??

Because Ye Feng's physical strength is very strong, this so-called ocean whirlpool is naturally nothing.

At this time, Prince Brahma did not hesitate and quickly displayed the flame shield, surrounding himself.

Jian Youlan, on the other hand, took out flying swords one after another from his Ten Thousand Swords Treasure Box, and then formed a huge flying sword formation, surrounding himself and rotating to resist the terror around him. The tearing of ocean whirlpools.

At this time, both of them stared at Ye Feng with envy.

Because Ye Feng doesn't need to do anything at all, Ye Feng's body is very strong in itself.

Therefore, Ye Feng stood directly in the ocean whirlpool and was not affected at all.

Wow!

The terrifying waves crashed on Ye Feng's body. Ye Feng's whole body was like an indestructible rock. He stood there and would not be torn apart by any waves at all.

At this time, Ye Feng and the others immediately lurked under this huge ocean whirlpool.

When they came to the depths of the ocean whirlpool, they came to the bottom of the sea and immediately saw the huge thing they found on the surface of the sea.

It turned out to be a giant ocean dragon with nine wings.

This giant ocean dragon is very different from other ocean dragons. This giant ocean dragon actually has nine wings.

Moreover, each dragon horn is more than ten meters long and looks ancient and vigorous.

Uh-huh!

At this moment, Ye Feng and the others immediately

It flew in front of this behemoth.

I saw a huge wound on this very special ocean dragon.

In the wound, there was a huge purple sword, which stabbed into the wound and nailed the giant ocean dragon to the bottom of the sea.

Seeing this scene at this moment, Prince Brahma couldn't help but look horrified in his eyes, and said loudly: "Could this extremely powerful ocean overlord be killed with a single sword?" Here? How terrifying is it to kill this giant ocean dragon?"

Hearing what Prince Brahma said, Jian Youlan also nodded and said: "This should not be something left here by the Blood Demon Dynasty. It is definitely a creature bred by itself in this small world where thousands of dynasties fought."

At this moment, Ye Feng slowly said: "That purple giant sword is definitely very powerful. Let's go over and take a look. Anyway, this giant ocean dragon has completely fallen. There should be nothing wrong with it." Particularly dangerous."

At this time, the three of them were walking directly forward.

But just when they approached the dead ocean dragon and wanted to explore the situation.

Uh-huh!

Suddenly, the purple sword that was stabbed in the wound of the giant ocean dragon flew up automatically.

Then the next moment, it turned into a purple light and instantly rushed into the center of Jian Youlan's eyebrows among the three of them.

"this.....?"

A scene happened suddenly, leaving the three of them with no time to react.

Even if Ye Feng's soul power is very powerful, there is nothing he can do to stop it at this moment.

He could only watch helplessly as the purple sword entered Jian Youlan's eyebrows like a ray of purple lightning.

At this moment, Ye Feng immediately grabbed Jian Youlan's shoulders and asked: "Miss Youlan, are you okay?"

Jian Youlan seemed a little confused at this time, but then, her beautiful eyes suddenly

Suddenly a hint of surprise appeared, and he said loudly: "That purple long sword is a magic weapon left behind by a super powerful existence. It seems to automatically recognize me as its master? Okay? Strange, this purple long sword is floating in my mind now, exuding a mysterious power. I feel that there is a very terrifying inheritance of swordsmanship, contained in this purple long sword, and this A purple sword itself may be an earth-shattering and unique treasure."

Hearing what Jian Youlan said, Ye Feng and Prince Brahma beside him couldn't help but have a look of astonishment in their eyes.

It seemed that he never expected such a thing to happen.

Unexpectedly, that purple long sword automatically recognized Jian Youlan as its master.

At this time, Prince Brahma immediately couldn't help grinning and said loudly: "Jian Youlan, you have received a huge opportunity." .??.??

At this moment, Ye Feng couldn't help but breathed a sigh of relief, and then said with a smile: "Indeed, this is definitely a huge opportunity for you, Miss Youlan. The origin of this purple sword It's very mysterious. Next, Miss Youlan can communicate with the purple sword in her mind and explore it to see what the secret is. It is absolutely extraordinary. "

Hearing what Ye Feng and Prince Brahma said, Jian Youlan's eyes showed deep surprise, and she nodded quickly and said, "Okay, I will investigate carefully next."

At this moment, Ye Feng understood that this purple long sword entered Jian Youlan's mind in an instant. He definitely felt Jian Youlan's ultimate understanding of the way of the sword, so he chose Jian Youlan.

Ye Feng felt that this should be a huge opportunity. Just like the Huo Lao whom Prince Brahma met before, this was a chance for Jian Youlan.

At this moment, Ye Feng was sincerely happy for Jian Youlan.

After all, the three of them are now very familiar partners.

In the future, the three of them will also join the huge force of the Blood Demon Dynasty.

Whether it is Prince Brahma or Jian Youlan, the greater their luck, the stronger their cultivation, the higher their future achievements, which is also of great benefit to Ye Feng.

at.

The three of them can help and support each other.

At this time, Prince Brahma smiled, looked at Ye Feng and said: "Brother Ye, I know that you really need the blood energy of this ocean dragon, which can help your skills to be greatly improved, but before you Before swallowing it, can you give me the two dragon horns of this giant ocean dragon? Mr. Huo just said in my mind that this giant ocean dragon is very advanced. The two horns that are more than ten meters long grow out of its head. Dragon horn is a very precious medicinal material that can be refined into a very high-grade peerless elixir in the future. When it is successfully refined, I will definitely share it with you, Brother Ye."

Hearing what Prince Brahma said, Ye Feng immediately laughed and said, "Okay, you can just take the horns of this ocean dragon."

Hearing what Ye Feng said, Prince Brahma immediately ran forward happily, and then directly interrupted the two ancient dragon horns of more than ten meters long from the ocean dragon, and then put them into his storage ring.

At this time, Ye Feng did not hesitate and directly released the Devouring Domain and began to devour this ocean dragon that had been dead for many years.

This giant ocean dragon was definitely the ocean overlord in this vast ocean back then.

However, he was killed by a very mysterious super strong man.

Although he has been dead for many years, his body still contains a huge amount of dragon energy.

Therefore, Ye Feng is naturally looking forward to it. He wants to devour all the blood and energy of this ocean dragon as soon as possible, which will definitely greatly increase his current skills!

But just when Ye Feng was about to release the Devouring Domain and start to devour this giant ocean dragon.

Uh-huh! Uh-huh! Uh-huh!

Uh-huh! Uh-huh! Uh-huh!

Suddenly, a large number of shrimp soldiers and crab generals wearing golden armor appeared in the surrounding waters of the seabed.

These shrimp soldiers and crab generals immediately couldn't help shouting murderously: "Who dares to covet the body of the ancestor of our Ocean Dragon Palace? They are simply audacious! Hurry up and catch these three thieves and put them into the prison of our Dragon Palace. , awaiting trial!"

Chapter 4320 Ocean Dragon Palace

At this time, I saw a large number of shrimp soldiers and crab generals wearing golden armor appearing around me.

Ye Feng, Prince Brahma and Jian Youlan couldn't help but look stunned in their eyes.

It seems that they never thought that deep in the seabed of this vast ocean, there is actually a large force composed of marine creatures, which seems to be called Dragon Palace.

At this time, Ye Feng looked directly at Prince Brahma and Jian Youlan beside him and said, "Protect me!"

After saying that, Ye Feng directly released the Devouring Domain and began to devour the body of the ocean dragon in front of him.

Boom!

At this moment, a huge amount of energy was immediately injected into Ye Feng's Dantian, causing Ye Feng's skill to begin to rapidly and continuously improve.

At this moment, the group of shrimp soldiers and crab generals not far away wearing golden armor, these guards of the Ocean Dragon Palace, saw that Ye Feng did not stop his behavior, but continued to devour the bodies of their ancestors of the Dragon Palace, seeming to Practice a kind of magic skill.

This group of shrimp soldiers and crab generals immediately showed deep anger in their eyes, and they all shouted: "How dare you, thief!"

After saying that, the guards of the Ocean Dragon Palace rushed towards Ye Feng quickly.

There were dozens of shrimp soldiers and crab generals wearing golden armor, holding weapons in their hands, and they all rushed towards Ye Feng, trying to kill Ye Feng on the spot.

But at this moment, Prince Brahma and Jian Youlan took action directly.

These shrimp soldiers and crab generals wearing golden armor should be just ordinary guards in this ocean dragon palace.

Therefore, his cultivation level is even lower than that of the two of them.

So at this moment, with the combat power of top geniuses like Prince Brahma and Jian Youlan, ordinary shrimp soldiers and crab generals who are one level lower than them are naturally crushed directly like a dimensionality reduction attack.

The flames released by Prince Brahma instantly roasted a group of shrimps, soldiers, and crabs until they were all red.

It turned into grilled crabs, grilled fish and shrimp all over the place.

And the sword orchid follows

Then he released some sword energy and pierced the bodies of most of the shrimp soldiers and crab generals in front of him.

Suddenly, dozens of shrimp soldiers and crab generals were wiped out on the entire field, and only a few shrimp soldiers and crab generals were left.

The remaining few shrimp soldiers and crab generals suddenly showed deep horror in their eyes.

Because they never thought that these three seemingly ordinary young people would have such strong strength.

When the remaining shrimp soldiers and crabs saw this scene, they immediately ran away in fear.

Prince Brahma quickly spoke out: "Jian Youlan, kill all the remaining shrimp soldiers and crab generals. Otherwise, they may attract other super powerful people in this ocean dragon palace, which will be troublesome."

Jian Youlan immediately nodded, and Prince Brahma charged directly towards the remaining shrimp soldiers and crab generals, intending to kill them all.

But almost at that moment, these shrimp soldiers and crab generals actually performed a very special water escape technique.

Buzz!

I saw those shrimp soldiers and crab generals blending directly into the vast sea and disappearing in an instant.

Prince Brahma and Jian Youlan had no time to react, and they found that the shrimp soldiers and crab generals disappeared directly, and they all seemed to merge into the sea water of the ocean instantly.

"What?"

Seeing this scene, Jian Youlan's eyes suddenly darkened, and she couldn't help but said: "I actually let these shrimp soldiers and crab generals run away. Their special water escape technique is really amazing in the vast ocean. It's impossible to catch the traces of their escape."

Prince Brahma grinned at this time and didn't seem to care much. He said, "Just run away. Anyway, after Ye Feng finishes devouring the ocean dragon, we will leave here directly."

At this moment, Prince Brahma said, and he directly

The grilled crabs, grilled fish and shrimps that had been cooked by his flames were picked up from the ground and started to be eaten.

While Prince Brahma was eating, he looked at Jian Youlan and said, "These seafood are so delicious. I haven't eaten such delicious seafood in a long time."

Jian Youlan glanced at Prince Brahma who was enjoying his meal, and couldn't help but shook his head. Without saying anything, he silently walked to Ye Feng's side to protect Ye Feng.

At this moment, as Ye Feng devoured it, all the remaining energy of this giant ocean dragon began to be injected into Ye Feng's dantian, causing Ye Feng's skill to be rapidly and continuously improved.

You know, this giant ocean dragon is the ancestor of this ocean dragon palace.

Although he has fallen for many years, his body still contains very majestic dragon energy.

So after Ye Feng absorbed it at this time, Ye Feng's cultivation momentum immediately began to break through rapidly.

boom!

The ninth level of Xuanji Realm!

boom!

The tenth level of Xuanji Realm is complete! !

boom!

Half step to the Yuanding realm! !

At this time, Ye Feng's cultivation level suddenly broke through several levels, directly reaching the half-step Yuanding realm above the Xuanji realm.

It has to be said that the energy provided by this ocean dragon to Ye Feng is indeed very huge, allowing Ye Feng's cultivation level to break through so much all at once.

Let Ye Feng directly touch the level of Yuanding Realm above Xuanji Realm.

At this time, as Ye Feng's cultivation reached the half-step Yuanding realm, Ye Feng could immediately feel that his power was many times stronger than before.

At this moment, Prince Brahma and Jian Youlan walked over quickly.

Prince Brahma couldn't help but said in amazement: "Brother Ye, your cultivation level has suddenly accumulated to the half-step Yuanding realm. Now you have the highest cultivation level among the three of us."

, and also the most powerful. "

Ye Feng immediately smiled and said: "Thank you for protecting me just now, so that those shrimp soldiers and crab generals can't disturb my devouring."

Prince Brahma immediately smiled and patted Ye Feng on the shoulder and said loudly: "This is definitely what I should do, and I was given a free meal of grilled crabs, grilled fish and shrimps. These seafood are really delicious."

After finishing speaking, Prince Brahma actually stretched out his hand, handed Ye Feng a lot of grilled crabs, and said loudly: "Brother Ye, treat you to a delicious seafood barbecue."

Seeing this, Ye Feng couldn't help but shake his head and smile, took a grilled crab, and started eating.

Then Ye Feng looked at Jian Youlan beside him and said, "Are those shrimp soldiers and crab generals just now from a big force in this ocean?"

Jian Youlan nodded, her eyes a little solemn at this time, and said aloud: "This ocean is so dangerous, I didn't expect that there is a huge force called the Ocean Dragon Palace. We should leave here as soon as possible. We were attacked by two people just now. The shrimp soldiers and crab generals have escaped. Maybe they are bringing the top experts from the Ocean Dragon Palace to deal with us. "

Ye Feng nodded and immediately wanted to leave here with Prince Brahma and Jian Youlan.

Boom!

But I remember the moment when they were just about to leave this seabed.

I saw that the surrounding seawater suddenly condensed quickly.

Then a huge seawater cage condensed, directly trapping Ye Feng, Prince Brahma and Jian Youlan, who were about to leave here, in this huge ocean cage.

"What?"

Seeing this scene, Prince Brahma and Jian Youlan's expressions suddenly changed slightly.

I didn't expect the powerful men from Ocean Dragon Palace to arrive so quickly.

Ye Feng looked at the surrounding ocean cages and said aloud: "There must be a master from the Ocean Dragon Palace. He can condense the soft seawater into such a strong seawater prison. He must have a very powerful water attribute." Strong!"
