

Ancient 4321

Chapter 4321 The feeling of palpitations

At this time, Prince Brahma immediately couldn't help but asked: "Shall we break through directly now?"

Ye Feng nodded and said, "Of course."

After saying that, Prince Brahma directly released the power of his flames and bombarded the surroundings, hoping to evaporate the condensed seawater prison around him.

But when Prince Brahma's flame touched those seawater prisons, it had no effect whatsoever.

Those seawater prisons have not had a single drop of water evaporated at all.

"What??"

Seeing this scene, Prince Brahma's eyes widened slightly, and he couldn't help but said in disbelief: "My Nine Sun True Fire, which is so advanced, can't evaporate the prisons condensed by the sea water. ?How can this be??"

Uh-huh!

At this time, Ye Feng stood directly next to Prince Brahma and said in a rather solemn voice: "The master of the Ocean Dragon Palace who attacked us is definitely an extremely terrifying guy." .??.

At this time, just as Ye Feng finished speaking, an extraordinary figure flew over from the surface of the ocean in front of him.

This is a young man, wearing a light blue robe, looking very chic and elegant.

But the cultivation aura of this young man wearing a blue robe was terrifying.

The surrounding waves were surging beneath his feet, making the young man look like an emperor in the ocean.

At this moment, this young man in a blue robe stared at the three Ye Feng who were trapped in the ocean prison, and said in an indifferent tone: "You are trespassing on the property of our ancestors of the Ocean Dragon Palace. In this habitat, we even directly used the body of our Ocean Dragon Palace ancestor to practice magic. This is really audacious and unforgivable. Now you'd better kneel in front of me and follow me back to the sea.

Ocean Dragon Palace, accept the trial and become the slave of our Ocean Dragon Palace. In this case, maybe you can still save your life. "

This young man in blue robe is obviously a very powerful superpower in the Ocean Dragon Palace.

The aura of cultivation on his body was astonishingly that of the Great Perfection of the Tenth Level of Yuanding Realm.

Moreover, the fighting power of this young man in blue robe is absolutely terrifying. He is not an ordinary practitioner, but a very advanced marine creature in the Ocean Dragon Palace.

Although Ye Feng could not tell which marine race this young man in blue robes belonged to, he could feel the majesty and vastness of his power.

Naturally, Ye Feng would not give in at this moment. He simply stretched out his hands, and his palms immediately turned into pure gold, releasing the power of the Celestial Clan and bombarding the surroundings.

Boom!

At this moment, Ye Feng's fists burst out with overwhelming power, blasting the ocean prisons condensed from the sea water into pieces and turning them into fragments all over the sky.

Then Ye Feng took Prince Brahma and Jian Youlan and left quickly in a certain direction.

Seeing this scene, the young man in blue robe immediately said coldly: "Stubborn!"

After saying that, the young man in blue robe directly displayed an extremely powerful inheritance.

"The dragon roars all over the world!"

Boom! !

At this moment, the ocean around the young man in blue robe was suddenly filled with wild waves.

Then countless seawater directly condensed into thousands of ocean dragons.

These ocean dragons, which were completely condensed from sea water, actually had the power and majesty of real dragons. They roared and roared towards Ye Feng, Jian Youlan and Prince Brahma who were leaving.

Thousands of giant ocean dragons can dissolve in sea water, so they are extremely fast. They directly blocked the path of Ye Feng, Jian Youlan and Prince Fan Tian, and once again surrounded them in a small in space.

Thousands of giant ocean dragons surrounded the three people from all directions, roaring and roaring at them.

Prince Brahma immediately couldn't help but said: "We can't escape at all. The water attribute inheritance displayed by this master from the Ocean Dragon Palace can echo with the entire ocean. If we can't escape, we have to fight him directly." Let's fight!"

At this time, after Prince Brahma finished speaking, Jian Youlan also nodded, with very cold eyes, and said loudly: "There is no way out now, we can only fight with this master from the Ocean Dragon Palace."

Boom! !

At this moment, Prince Brahma was very brave. He was the first to release his power. His whole body quickly expanded into a majestic flame giant that was several kilometers long, and then charged towards the surroundings.

He was directly fighting with hundreds of ocean dragons condensed from sea water, and they were very fierce.

Jian Youlan did not hesitate at this moment and directly released thousands of flying swords from the Ten Thousand Swords Box, spinning rapidly around her.

At this moment, she seemed to have become a female swordswoman among swordsmen, controlling thousands of flying swords, cutting rapidly around, crushing the ocean dragons composed of sea water one after another.

"boom!!!"

At this moment, Ye Feng did not hesitate and directly unleashed all his magic power.

Because Ye Feng feels that he has been targeted by this master of the Ocean Dragon Palace, so the only way is to fight against him.

At this moment, Ye Feng directly pulled out the huge toothed sword that was more than fifty meters long from behind, and slashed directly towards the young man in blue robes at the front.

Because Ye Feng knew very well that the biggest threat now was this young man in blue robe.

As long as this young man in blue robe is killed, the thousands of surrounding ocean dragons that are completely condensed from sea water will completely dissipate.

So at this time, Prince Brahma and Jian Youlan also knew very well that the two of them were fighting against those thousands of ocean dragons.

Then Ye Feng, as the most powerful being, naturally went to directly confront the young man in blue robe who controlled all this.

At this moment, Ye Feng was slashing out with the giant-toothed sword.

"boom!!!"

From the giant-toothed sword, a sword light tens of thousands of meters long suddenly erupted. It had the terrifying power to tear the heaven and earth apart, and slashed directly towards the young man in blue robe in front of him.

You know, the giant-toothed sword used by Ye Feng is already Ye Feng's most top-notch weapon.

Therefore, the tens of thousands of meters long sword light that Ye Feng chopped out was extremely destructive and very terrifying.

"This knife... is so strong!"

The young man in blue robe who looked very arrogant just now in front of him suddenly changed his eyes at this moment.

Because he felt the terrifying destructive power of Ye Feng's slashing sword, which made him feel palpitating.

It is estimated that this young man in blue robe would not have thought that Ye Feng would directly enlarge his moves as soon as he came to fight, using the most powerful killing weapon, and slashed Ye Feng's strongest sword so far.

Chapter 4322 The True Body of Poseidon

It has to be said that after Ye Feng has completely devoured the dragon source energy of the previous Ocean Dragon Palace ancestor, his cultivation level has directly broken through to the current half-step Yuanding realm, which has indeed increased Ye Feng's power a lot.

In addition, Ye Feng now directly chopped out his strongest weapon, the giant-toothed sword.

Therefore, the power of this knife is still very terrifying.

The young man in blue robe, a super master of the Ocean Dragon Palace not far away, couldn't help but have a trace of fear on his face.

At this moment, the young man in blue robe immediately stretched out his hands, pushed towards the sky, and shouted: "Ocean barrier!"

Buzz!

At this moment, a bright blue light burst out from the young man in the blue robe. ??

Then a blue light mask was formed, directly protecting the young man in blue robe.

"Boom!!"

At this moment, Ye Feng's sword light, which was tens of thousands of meters long, struck the blue light shield surrounding the young man in blue robe, and a terrifying roar suddenly erupted.

The entire surrounding ocean was shaken violently by this terrifying collision.

What surprised Ye Feng was that his terrifying sword light did not split the blue light shield around the young man in blue robes.

But at this time, the young man in blue robe couldn't help but take several steps back.

Obviously, the power of Ye Feng's sword just now was still very impressive.

The top master of the Ocean Dragon Palace, who had reached the tenth level of the Yuanding Realm, could not help but take several steps back.

At this moment, Ye Feng suddenly stared at the blue light shield around the young man in blue robe, and couldn't help but said: "You can use the power of the entire ocean to bless your various means? No wonder you can Block my sword."

Hearing what Ye Feng said, the young man in blue robe looked very ugly.

Originally, he thought that he was the commander of the imperial army of the Ocean Dragon Palace.

, coming here in person can directly crush Ye Feng and other young geniuses from the outside world.

But what he never expected was that among these three people, there would be such a powerful person as Ye Feng.

The young man in blue robe could see that neither Prince Brahma nor Jian Youlan, although they were very powerful, did not pose much of a threat to him.

However, Ye Feng, a young man who was a whole level and a half below him, the burst of power was able to make him take several steps back.

At this moment, Ye Feng continued to draw the knife without any hesitation.

boom! boom! boom!

Ye Feng held the giant-toothed sword in his hand and slashed wildly one after another, each one stronger than the last.

The terrifying sword light tore through the sky and the earth, as if it could kill countless pieces of the entire ocean.

The terrifying force of knife after knife struck the ocean barrier around the young man in blue robe, causing cracks to appear on the surface of the blue light mask around him, as if it would be completely shattered in the next moment.

When the young man in blue robe saw this scene, he immediately felt very aggrieved.

Ye Feng could say that he was caught off guard.

This young man in blue robe never thought that not only Ye Feng's attack power was so powerful, but Ye Feng's magic power was also so powerful, able to support Ye Feng's terrifying power of slashing one after another.

At this time, the young man in blue robe immediately shouted angrily: "Boy! I will fight with you!"

"The true form of Poseidon!"

At this moment, the young man in blue robe roared loudly, displaying a very terrifying and powerful ancient inheritance.

Wow!

At this moment, the blue energy of the entire surrounding sea directly

It was injected into the body of the young man in blue robe.

Then this young man in blue robe, the commander of the imperial army of the Ocean Dragon Palace, was directly above the sea, and his whole body began to swell.

It expanded directly into a majestic and towering blue giant tens of thousands of meters tall!

This blue giant is full of unparalleled terrifying power. With a wave of his hand, he can create countless huge waves and trigger terrifying tsunamis.

"What a powerful aura!"

Uh-huh! Uh-huh!

At this moment, Prince Brahma and Jian Youlan not far away felt the terror of this blue giant, and quickly flew to Ye Feng's side and said loudly: "Ye Feng, what should we do now?"

Ye Feng immediately spoke up and said: "Let's attack this blue giant together! After he turned into the true form of Poseidon, it seems that there is no other way to use it. The three of us will deal with him together. You two will help me attack this one." On both sides of the blue giant, I look for opportunities to deliver a fatal blow."

At this moment, after Ye Feng finished speaking, Prince Brahma and Jian Youlan understood what Ye Feng meant.

They all burst out with their own powerful powers.

Fire giant!

At this moment, Prince Brahma turned into a huge flame giant and collided and fought with the blue giant.

Jian Youlan, on the other hand, took out all the flying swords in her Ten Thousand Swords Box, and then used the Sky Divine Sword Technique that she had previously practiced.

Swish, swish, swish!

Thousands of flying swords were immediately combined together to form a steel sword tens of thousands of meters long, slashing crazily towards the blue giant.

Boom! !

It has to be said that the fighting power of Prince Brahma and Jian Youlan is also very terrifying. At this moment, both of them have released their respective trump card powers. Naturally, they are extremely terrifying. The blue giant they fought was instantly

There was something unbearable between them.

Uh-huh!

Ye Feng seized the opportunity at this moment, directly holding the giant-toothed sword in his hand, lurking into the void, sneaking up behind the blue giant, and then rushed out, using the giant-toothed sword in his hand, and slashed hard towards the top of the blue giant's head.

Click! !

After all, the blue giant was the true form of Poseidon, and it was still very strong. Ye Feng's giant-toothed sword only cut off half of the blue giant's head. "ah!"

But at this moment, the blue giant immediately let out a painful scream.

Obviously, even if Ye Feng only cut in half, he had caused huge damage to the blue giant.

At this time, the blue giant attacked Ye Feng crazily. Blue fists as big as two ancient mountains were all bombarded in front of Ye Feng, crushing Ye Feng in an instant.

At this moment, Ye Feng did not hesitate at all and directly used the top inheritance he had received before, the Blood Demon Aspect.

This is a peerless inheritance related to the behemoth royal family of the Blood Demon Dynasty.

Buzz!

At this moment, behind Ye Feng, an ancient blood demon with a towering height of tens of thousands of meters also condensed. It directly collided with the blue giant and erupted with a terrifying roar, blocking the blue giant's attack. Crazy attack.

"Uh-huh!"

The next moment, Ye Feng rushed directly in front of the huge head of the blue giant. Holding the giant-toothed sword in his hand, he fiercely stabbed into the head of the blue giant.

"Pfft!"

This time, Ye Feng directly used the giant-toothed sword in his hand to penetrate the entire head of the blue giant.

"ah!!"

Along with an earth-shattering scream, the blue giant was completely killed by Ye Feng, completely killed!

Chapter 4323 Testing Spirit

At this time, with the death of the blue giant, Prince Brahma and Jian Youlan could not help but show a trace of joy in their eyes.

They finally breathed a sigh of relief.

Because this young man in blue robe from the Ocean Dragon Palace is very powerful, a whole level higher than theirs.

So at this time, the young man in blue robe finally died, which naturally made everyone relax a lot.

"boom!"

At this moment, Ye Feng did not hesitate and directly released the Devouring Domain and began to devour the blue-robed young man in the Ocean Dragon Palace.

You know, this young man in blue robe comes from the Ocean Dragon Palace and is the commander of the forbidden army in the Ocean Dragon Palace.

So after Ye Feng swallowed it at this moment, he immediately felt the very majestic power, which was immediately injected into his mind. ??

Buzz!

At this moment, Ye Feng's cultivation aura began to grow rapidly.

Ye Feng's current cultivation level belongs to the half-step Yuan Ding realm. He is at a very difficult bottleneck and requires extremely terrifying energy to break through.

But this young man in blue robe provided Ye Feng with a huge amount of energy, allowing Ye Feng to break through the current bottleneck.

From the half-step of the Yuanding realm, he broke through to the real first level of the Yuanding realm!

At this time, Ye Feng's cultivation had undergone a qualitative transformation, and he immediately felt that his combat power had increased unparalleledly.

At this moment, Ye Feng clenched his fists, his eyes filled with surprise, as if he never expected that he would break through to a new level of cultivation such as the true Yuanding Realm so quickly.

You know, Ye Feng's cultivation was still at a relatively low level before.

But now he has directly broken through to the Yuanding realm.

Prince Brahma and Jian Youlan, who were standing aside, both had exclamations in their eyes.

Especially Prince Brahma, he watched helplessly as Ye Feng broke through so quickly.

Because when Prince Brahma and Ye Feng met for the first time, Ye Feng's cultivation was one or two realms weaker than Prince Brahma.

But now, Ye Feng's cultivation has surpassed him.

At this moment, Prince Brahma naturally looked very amazed.

Ye Feng's devouring ability is really too evil.

At this time, Prince Brahma and Jian Youlan also completely understood why Ye Feng could step by step from a low-level dynasty to become so powerful today.

This devouring ability, as well as Ye Feng's special body that can accommodate thousands of attribute powers, are a perfect match.

\u003e

At this time, Ye Feng looked at the two partners beside him and said with a smile: "Let's move on and cross the remaining ocean area."

At this moment, Ye Feng directly led the two of them and continued to fly quickly towards the end of the vast sea.

On the way to the flight, Prince Brahma couldn't help but asked: "Brother Ye, I don't know if there will be any strong men from the Ocean Dragon Palace who will cause trouble for us next time."

Ye Feng grinned at this moment and said loudly: "You shouldn't dare anymore. The cultivation strength of this young man in blue robe is already very terrifying. He should be at the top level in this small world, so I think, If those Ocean Dragon Palaces don't want their entire force to be wiped out, they probably won't dare to provoke us anymore."

Hearing what Ye Feng said, Prince Brahma's eyes suddenly froze for a moment, and then he thought about it and it was right.

After all, the Asura Sacred Mountain, the trial world of the Ten Thousand Dynasties War, where they were at this time, was just a low-level world.

Therefore, the strong ones among them who can reach the level of Yuanding Realm are considered to be the top.

It is estimated that this Ocean Dragon Palace found out that all the top experts in their Ocean Dragon Palace were killed by Ye Feng, and simply did not dare to provoke them anymore.

At this time, Jian Youlan also nodded slightly and said aloud: "I guess these strong men from the Ocean Dragon Palace will no longer dare to pursue us. After all, Ye Feng's combat power is too strong, and now Ye Feng has broken through again. The first level of Yuanding Realm is many times stronger than before. All the powerful men from the Ocean Dragon Palace are probably not enough to kill Ye Feng."

Prince Brahma nodded immediately at this moment.

And then, just as Ye Feng expected, the strong men from the Ocean Dragon Palace no longer dared to chase the three of them.

They successfully crossed the remaining half of the ocean area and finally came to the end of this vast ocean.

At this moment, Ye Feng and the others immediately saw a teleportation formation appearing on the beach in front of them.

The three of them smiled slightly, then walked over and stood in the teleportation formation.

Buzz!

It almost felt like the next moment, along with a violent spatial fluctuation, the figures of the three people completely disappeared here.

When they opened their eyes, they found that they had arrived at the sixth level of Shura Sacred Mountain.

This sixth level of space turned out to be a land of ruins floating high in the sky.

The ancient buildings all collapsed, broken, and disfigured.

Floating high in the sky, it is like a city in the sky, but everywhere is full of decay and loneliness, and is extremely desolate.

Seeing this scene at this time, Jian Youlan couldn't help but said in surprise: "The space on the sixth floor seems to be a ruined land of ancient powerful forces. There are broken buildings and collapsed buildings everywhere. In the palace complex, there are many weapon fragments and strong man's bone fragments floating in the sky."

At this moment, all three of them released their power, allowing themselves to float high in the sky.

Because there is no land in this sixth-level space, only a high sky with many floating ruins.

At this time, Ye Feng nodded and said: "Miss Youlan is right. This sixth floor should be a dilapidated place of powerful forces. It is a place of ruins. I don't know what kind of dangers and tests there are."

At this time, after Ye Feng finished speaking, Prince Brahma immediately grinned and said loudly: "It's not enough to just go forward. What's the real danger? Now that Ye Feng is so powerful, we don't need to be too afraid."

When Jian Youlan heard what Prince Brahma said, she immediately glanced at Prince Brahma, and said with firmness in her tone: "Ye Feng has become so powerful now, we must also work hard to improve our cultivation, otherwise we will be like Can't keep up with Ye Feng's pace."

When Prince Brahma heard what Jian Youlan said, he nodded quickly and couldn't help but sigh and said: "Brother Ye's breakthrough speed is really too fast. He is the fastest person I have ever seen."

And when Prince Brahma was talking, Ye Feng just smiled and said: "I believe your breakthrough will not be too slow. After all, you have each received your own special opportunity."

Prince Brahma received help from Huo Lao from a higher spiritual dimension, while Jian Youlan had previously obtained a mysterious purple sword.

These are great opportunities for both of them, which can support them to become stronger quickly for a long time.

And when Ye Feng finished speaking, Prince Brahma immediately grinned and said, "Let's go, let's go straight ahead."

Ye Feng and Jian Youlan both nodded, and the three of them immediately flew quickly towards the ruins floating in the sky.

When they shuttled through this city in the sky that had become ruins.

Uh-huh! Uh-huh! Uh-huh!

Suddenly, a ghost of nothingness rushed out from the broken and collapsed buildings around him. With the light of ghost all over his body and the soul weapon in the soul state in his hand, he quickly attacked directly in the direction of the three of them. .

"boom!"

Prince Brahma immediately released a fire attack. \u003c

br\u003e

But his flames couldn't burn these ghosts.

Jian Youlan's flying sword was unable to pierce these ghosts.

Because these ghosts are all in the state of souls and in a state of nothingness.

Both the ghost's body and the weapons in the ghost's hands are insubstantial, and physical attacks cannot harm them at all.

Seeing this scene, Prince Brahma and Jian Youlan's expressions suddenly changed, and they couldn't help but say: "This sixth level is testing our spiritual and soul power."

At this moment, Prince Brahma directly released his spiritual power.

When their cultivation reaches the level of Prince Brahma and Jian Youlan, even if they are not soul masters, their souls and spirits are still very powerful.

But after all, they cannot use their own spirits and souls. They can only concentrate their energy and create a spiritual guardian light shield in their minds to prevent these ghosts from destroying their spiritual core.

However, it can only be defended passively.

Jian Youlan immediately couldn't help but said: "It seems that the sixth level of Shura Mountain is testing our mental endurance. We will be able to passively be attacked by these ghosts and quickly pass through this place." an area."

Boom! !

But at the next moment, a terrifying soul wave suddenly burst out from Ye Feng's head.

Like a frenzy, it spreads around.

The ghosts who were attacking the three of them were shattered by the shock, and even the weapons in their hands were shattered.

"What??"

Seeing this scene, Prince Brahma and Jian Youlan's eyes widened immediately.

They looked at Ye Feng blankly and couldn't help but said: "Ye Feng, you actually have such a huge and terrifying soul power, and you can also use your soul power to crush these ghosts. Are you the legendary one?" Soul Master?"

Prince Brahma and Jian Youlan probably never expected that Ye Feng already had many powerful methods and had various evil abilities. They did not expect that Ye Feng was also a legendary soul master who could use the power of the soul.

It is incredible that the soul power is so huge.

Prince Brahma immediately couldn't help but said in surprise: "Brother Ye, you are simply an all-round talent."

Jian Youlan also had beautiful eyes, revealing a deep brilliance. She stared at Ye Feng and said loudly: "Ye Feng, I think you will definitely be a good person even among the three top powers in the Northern Territory like the Blood Demon Dynasty." It's the most dazzling existence!"

Chapter 4324 Ancient Palace

At this time, both Prince Brahma and Jian Youlan were full of praise for Ye Feng.

Because along the way, they saw Ye Feng's various abilities.

This kind of ability and talent is simply unparalleled.

So even though both of them are the top geniuses among more than 10,000 dynasties, they are full of praise for Ye Feng.

I feel that if Ye Feng enters the Blood Demon Dynasty in the future, he will definitely not be mediocre and ordinary, but will become the most dazzling existence.

At this time, when he heard what the two people said, Ye Feng couldn't help but shake his head and smile, and said: "In any case, my soul power method should be able to take advantage of the sixth level test of this Asura Holy Mountain." It's quite cheap, just stay with me from now on."

After saying that, Ye Feng flew quickly towards the end of the Sky City, which was like a land of ruins.

Jian Youlan and Prince Brahma both understood that Ye Feng was a soul master at this time, so they would be uniquely endowed with this kind of test at the soul level.

So at this time, they were all following Ye Feng and would not stay away from Ye Feng at all. .??.

At this moment, Ye Feng was flying in front, with Jian Youlan and Prince Brahma following around.

At this time, they immediately saw that among the dilapidated buildings around them, there were often powerful ghosts flying out and quickly attacking the three of them.

However, under the attack of Ye Feng's huge soul power, all these ghosts were shaken to pieces.

There were even very high-level ghost warriors, all of whom had soul-like armors, attacking the three of them.

But in the end, Ye Feng used his surging soul power to completely kill him.

This made Prince Brahma and Jian Youlan couldn't help but look in deep amazement in their eyes.

Ye Feng's soul power is indeed very powerful.

Moreover, after Ye Feng killed these ghosts, he could also absorb countless

Few soul fragments.

These soul fragments are of great benefit to increasing Ye Feng's soul power.

So in the end, almost when Ye Feng was about to reach the end of the sixth floor, Ye Feng killed an estimated several thousand ghosts.

Therefore, Ye Feng's soul power increased directly from the previous level of 63 million to 65 million.

In a short period of time, the soul power increased by two million levels!

Ye Feng's eyes suddenly revealed a look of deep surprise.

Because Ye Feng did not expect that in this kind of trial place of the Blood Demon Dynasty, his soul power could be increased so much, so Ye Feng was naturally very happy.

After all, soul power is also one of Ye Feng's powerful trump cards.

Ye Feng has many trump cards, but soul power is definitely the most special one.

Therefore, as the soul power has been improved, Ye Feng's soul power methods will become more powerful. Ye Feng is naturally very happy, and Ye Feng's comprehensive strength will also increase tremendously.

At this time, the three of them finally arrived at the end of the sixth level of ruins.

In the end area of this sixth-level ruins, in addition to the teleportation array leading to the next level, there is actually an ancient palace placed next to the teleportation array.

This ancient palace looks very small and can only accommodate three or four people.

At this moment, this palace is the only intact building in the entire ruined land.

When Prince Brahma saw this ancient palace, he couldn't help but said out of curiosity: "Ye Feng, do you think there is anything particularly dangerous in this ancient palace?"

"

Ye Feng felt it slightly at this time, shook his head, and said loudly: "From this ancient palace, I did not sense very strong fluctuations in soul power. There should be no particularly powerful ghosts in it."

Jian Youlan's eyes lit up slightly when she heard what Ye Feng said, and she said, "Ye Feng, maybe this ancient palace is a place of inheritance, a place specifically for soul masters like you to receive inheritance. It's a reward for passing this level of testing."

Hearing what Jian Youlan said, Ye Feng did not comment too much, but said loudly: "We will find out when we go in and take a look."

At this moment, the three of them were very curious and walked directly into the ancient palace in front of them.

The moment they walked into it, they saw a very surprising scene.

I saw nothing in this ancient palace, it was completely empty.

Prince Brahma seemed to have discovered something at this time, and he immediately said: "Look, there are many totems engraved on the ground under our feet."

At this time, when Ye Feng and Jian Youlan heard what Prince Brahma said, they both looked at their feet.

Sure enough, many ancient totems were painted on the floor of this ancient palace.

Most of these totems are pictures of ancient beasts, which look very chaotic, ferocious, and very vicious.

At this moment, Ye Feng seemed to sense something, and immediately couldn't help but said: "I sensed a very terrifying energy fluctuation from under this ancient hall, as well as a very huge life breath, and A terrifying and ferocious atmosphere."

Hearing what Ye Feng said, Prince Brahma immediately couldn't help but show a hint of shock on his face, and said loudly: "Ye Feng, what do you mean by this ancient palace?"

Under the hall, many terrifying beings are suppressed. Are those suppressed things the same ancient ferocious beasts painted on the ground? "

Jian Youlan couldn't help but said in surprise at this time: "I have heard a legend told by an older figure in our Tianjian Dynasty before. It is said that somewhere in this world, there is an ancient palace. Under this ancient palace, the most ferocious ancient creatures in the world are trapped, including monsters, demons, and even humans, among thousands of other races. Could it be this ancient palace? "

Hearing Jian Youlan's words, Prince Brahma immediately couldn't help but his face became a little frightened, and he couldn't help but said: "Then what should we do?"

Ye Feng said aloud: "This ancient palace can suppress so many ancient ferocious beasts, which means that this ancient palace itself is a very powerful magic weapon, not a building."

When Prince Brahma heard what Ye Feng said, his eyes suddenly lit up and he said, "In that case, if you can refine this ancient palace and become your own magic weapon, does that mean that you are in control?" At the same time, this ancient palace can also control so many ancient evil creatures suppressed by this ancient palace. "

Hearing what Prince Brahma said, Jian Youlan immediately looked at Ye Feng and said: "Ye Feng, give it a try. If among the three of us, who is most likely to control this ancient palace, then it must be It's you."

Prince Brahma also nodded in agreement and said: "Brother Ye, just give it a try. If you can really refine this ancient palace, you will not only be able to obtain this extremely powerful ancient palace-level super magic weapon, And he can also control the countless legendary evil creatures from ancient times suppressed in this ancient palace. In the future, he may be able to tame those evil creatures and use them for his own use. Of course, if he can't tame them, just devour Ye Feng. , anyway, the benefits are huge!"

Chapter 4325 Soul Refining

At this time, hearing what Jian Youlan and Prince Brahma said, Ye Feng immediately nodded, smiled and said, "Okay, then I'll give it a try."

At this moment, after Ye Feng finished speaking, he walked directly to the wall of this ancient palace.

Then he stretched out his hand and touched the wall.

Buzz!

At this moment, Ye Feng began to input his own mana.

But the moment Ye Feng input his magic power and entered this ancient palace.

Ye Feng found that his magic power had no way to enter the building walls of this ancient palace, but was bounced back.

This made Ye Feng's eyes suddenly reveal a look of surprise.

Could it be that this ancient palace is not the magic weapon they guessed, but is really just an ordinary building.

But Ye Feng clearly sensed a lot of sinister aura from underneath this ancient palace.

At this time, Ye Feng immediately looked at Prince Brahma and Jian Youlan beside him, and said loudly: "It seems that I can't refine this ancient palace. This ancient palace seems to be a real building, not anything." There is no way to refine the magic weapon we guessed."

Hearing what Ye Feng said, Prince Brahma and Jian Youlan both had a look of disappointment in their eyes.

Originally, they thought that they had obtained an extremely powerful magic weapon.

But now it seems that is not the case.

But just when the three of them were about to leave here.

Emperor Chu in Ye Feng's mind suddenly spoke: "Ye Feng, don't use your magic power to refine this ancient palace. Try using your soul power."

"Soul power?"

Hearing what Emperor Chu said in his mind, Ye Feng's eyes suddenly moved, and then he immediately looked at Prince Brahma and Jian Youlan beside him, and said aloud: "Wait a minute, I'll try again, I'll try Try soul power refining."

At this time, the moment Ye Feng's voice fell, he immediately

It was once again in front of the wall of this ancient palace.

Then he reached out and touched the wall.

This time, Ye Feng did not input his own mana, but directly input his soul power into the ancient palace in front of him.

This time Ye Feng discovered that his soul power was no longer bounced back by this ancient palace, but all of it entered the buildings of this ancient palace.

At this moment, as Ye Feng continued to input his soul power, the entire ancient palace began to emit layers of faint golden light.

Seeing the golden light emanating from the entire ancient palace, Prince Brahma and Jian Youlan standing beside them suddenly showed deep surprise in their eyes.

Prince Brahma couldn't help but said: "Ye Feng, it turns out that this ancient palace is a magic weapon with soul attributes, and only soul masters can control and refine it. In other words, our guess is right, this ancient palace is really It is a magic weapon that suppresses countless evil existences from ancient times."

At this moment, Ye Feng was concentrating on understanding everything about this ancient palace.

At this time, Ye Feng input his soul power and slowly took control of this ancient palace.

Ye Feng's soul could see that there were a total of nine spaces under this ancient palace.

In every space, there are many vicious ancient creatures imprisoned, all shrouded in darkness.

Most of the evil existences were lurking in the darkness, and Ye Feng couldn't see clearly.

What Ye Feng could clearly see was the vicious presence in the first space.

Most of the ancient vicious creatures in the first space are ancient monsters and demons.

There are many monsters and demons among them. Which one do they belong to?

Ye Feng couldn't even recognize the branch race.

Because they are too old.

Most of them are strangely shaped.

For example, there is a demon giant with three heads and purple scales all over his body.

Half of the body is burning with flames, and the other half is a strange demon clan shrouded in ice.

There are also foxes with eighteen tails, and humanoids with necks more than ten meters long and heads floating in mid-air...

They all look very weird.

However, Ye Feng knows that these are probably vicious creatures from a very ancient era. They have been suppressed here for endless years by this ancient palace, and they have only been refined by the soul master Ye Feng today.

However, after Ye Feng refined this ancient palace at this time, he found that he had no way to control the fate of these vicious creatures suppressed in this ancient palace.

In other words, I have no way to do anything about these vicious existences suppressed in this ancient palace, I can only see them.

However, Ye Feng knew that when his cultivation level continued to improve and he became more and more powerful, and he completely controlled this ancient palace, and could use the power of this ancient palace, he might be able to suppress the vicious existences in these ancient palaces. Performed various operations.

At this time, Ye Feng was also very excited and continued to increase the input of his soul power, wanting to take this ancient palace away directly.

Buzz!

At this moment, as Ye Feng continued to input his soul power, the golden light emitted by this ancient palace became more and more intense.

And at this moment, these golden lights suddenly condensed into four large characters inside the entire ancient palace, floating in the air: "Hall of Sin."

"Hall of Sin?"

Seeing these four words, Prince Brahma standing aside stood up

Ma just couldn't help but show a trace of surprise in his eyes.

Jian Youlan on the side immediately revealed a look of deep surprise in her beautiful eyes, and she quickly said: "That's right, I remember now, what the senior of our Tianjian Dynasty said before The legendary palace mentioned is called the Palace of Sin. Since the age of the gods, this Palace of Sin has suppressed all the evil beings in every generation in this Palace of Sin. Therefore, Ye Feng,

if you can control this sin If you go to the palace, you can control the fate of all the evil creatures suppressed in the palace of sin."

Hearing what Jian Youlan said, Ye Feng didn't hesitate at all. He immediately nodded and continued to increase the input of his soul power.

At the end, Ye Feng thought, and the huge palace immediately shrank rapidly.

Finally, it shrank to the size of a palm and landed on Ye Feng's palm.

Seeing this scene at this moment, Prince Brahma and Jian Youlan stared at Ye Feng in surprise.

At this moment, Ye Feng had a happy smile on his face and said loudly: "I have not completely controlled this palace of sin, but I have been able to shrink it and take it away."

Prince Brahma immediately nodded very excitedly and said loudly: "In any case, as Brother Ye continues to explore this palace of sin in the future, one day you will be able to completely control this palace of sin, and control the entire palace of sin. All the suppressed ancient evil creatures."

Jian Youlan also nodded and said: "This Palace of Sin is said to be the natal magic weapon of a super strong man in ancient times, the 'Lord of Sin'. If you can control the fate of all the evil beings in this Palace of Sin, you will Being able to lead all these vicious beings and obey your orders means that you have an indestructible army of vicious creatures, which is absolutely terrifying. "

Ye Feng nodded immediately at this time and was quite looking forward to it.

Chapter 4326 Psychedelic Crystal

For Ye Feng, this ancient palace is definitely the most powerful and promising treasure he has obtained so far.

Because this ancient palace is not just an ordinary treasure, but a prison that suppresses many ancient evil creatures.

In other words, this Palace of Sin itself is not very rare, but the ancient evil creatures in the nine huge spaces that it suppresses are extremely rare.

Because those terrifying and dark evil creatures are powerful beings left over from the age of the ancient gods.

Nowadays, it is estimated that these races have become extinct in the world.

But in the nine spaces in this palace, many special and terrifying creatures from ancient times are suppressed.

Therefore, Ye Feng naturally has great expectations to continue to explore this sinful palace, completely control it, and control the extremely powerful ancient evil creatures in it.

At this time, Ye Feng put the Sin Palace directly into his storage ring, then looked at Prince Brahma and Jian Youlan beside him, and said loudly: "We can go directly to the next floor now."

Hearing what Ye Feng said, Jian Youlan and Prince Brahma immediately nodded.

They stood directly on top of the teleportation formation.

Buzz!

Then with a burst of extremely violent space fluctuations, they came directly to the next level of space.

When they opened their eyes, they immediately saw an incredible scene.

I saw that this layer of space in Shura Holy Mountain was completely empty, with nothing in it.

There is no sky or earth, and there is a kind of gray mist everywhere. It feels like entering an endless fog. It is impossible to distinguish between east, west, north, south, and the end of this layer. where.

Seeing this scene, Prince Brahma was dumbfounded and couldn't help but said: "In this foggy and empty world, how can we find the teleportation formation to the next level?"

At this time, Jian Youlan and Ye Feng, who were standing aside, also had their eyes darkened slightly.

Because in each previous level, although there may be great dangers or very scary environments, they can eventually identify the direction, find the end area of that level, and then go to the next level.

But there seems to be nothing on this floor.

There was emptiness everywhere.

Even in the starting area where they are now, there is no trace of a starting point.

Because there was nothing all around them.

At this time, the three of them had no way of judging where in this space they were at this moment.

At this moment, Ye Feng's eyes were a little confused, and he couldn't help but said: "Since each level has its own test, then the test for us on this level should be to let us find the end of this empty world. Where is the area?"

When Prince Brahma heard what Ye Feng said, he nodded slightly, and then asked aloud: "Then how should we search for it?"

Hearing what Prince Brahma said, Ye Feng couldn't help but smile immediately and said, "Let's take a look around first. I don't know this either."

Although Ye Feng said he didn't know at this moment, he still directly emitted his huge soul power at this moment, spreading towards the surroundings.

Ye Feng wanted to use his soul power to search to see if there was anything special around him.

After all, it is very important for Ye Feng to pass the assessment of every level of the entire Shura Holy Mountain.

Because if you can pass all the layers as quickly as possible, you can reach the top of the Shura Holy Mountain.

Once he reaches the top of the Shura Holy Mountain, Ye Feng is likely to get the most precious opportunity left by the Blood Demon Dynasty in this small world of trials of the Ten Thousand Dynasties War.

Although he didn't know what the fate was, Ye Feng was very looking forward to it.

However, since Ye Feng entered this small trial world of the Ten Thousand Dynasties War, he has received many opportunities one after another, which has greatly increased his cultivation, comprehensive strength and trump cards.

At this time, Ye Feng did not hesitate and continued to expand the scope of his soul search.

But after he expanded a lot, he still couldn't find any abnormalities around here.

Everything was foggy and empty, making it impossible to tell the direction.

It's like everyone is lost in this endless fog.

Jian Youlan couldn't help but say at this time: "Since it is a test place left by the Blood Demon Dynasty, there must be a breakthrough point, but we have no way to find that breakthrough point yet."

Prince Brahma scratched his head at this time, puzzled as to what this breakthrough point was.

Ye Feng was also in a rather tangled state at this moment.

At this time, Ye Feng couldn't help but asked aloud in his mind: "Emperor Chu, what should I do now? This foggy world is full of emptiness, and my soul power is not enough to detect any abnormalities. , Emperor Chu, can you help me investigate."

Ye Feng knew that Emperor Chu was sleeping in his mind as he continued to recover, and his strength became stronger and stronger. Emperor Chu's soul power had far surpassed Ye Feng's.

So Ye Feng's only hope now is to ask Emperor Chu for help.

Hearing Ye Feng's request for help at this moment, Emperor Chu suddenly said in his mind: "This empty space gives me a very special feeling. In fact, the moment you entered this empty world, I immediately I just sensed something unusual."

When Ye Feng heard what Emperor Chu said, his eyes suddenly lit up.

Since Emperor Chu said that he sensed something unusual, then there is a drama.

So at this moment, Ye Feng couldn't help but asked aloud in his mind: "Emperor Chu, what is that unusual thing you said you sensed?"

Hearing Ye Feng's question, Emperor Chu was silent for a moment in his mind, and then slowly said out loud: "The unusual thing I sensed is a very special energy wave. This kind of Logically speaking, special energy fluctuations would not appear in this low-level world. I guess it was placed here by the Blood Demon Dynasty."

Hearing what Emperor Chu said, Ye Feng became even more curious, and immediately couldn't help but ask: "What is that special energy wave emitting?"

Emperor Chu said slowly: "It is a very special material called psychedelic crystal. This material called psychedelic crystal is very rare. Use this psychedelic crystal as the foundation to lay out an array." If you use this method, you can make an ancient great master get lost in the formation."

Hearing what Emperor Chu said, Ye Feng immediately moved his eyes and couldn't help but said: "Emperor Chu, what you mean is that this space looks gray and empty, but it is actually covered by a formation. , let us get lost in the formation?"

Chapter 4327 Patience

Emperor Chu immediately nodded in his mind and said aloud: "That's right, so if you want to find the end of the world, you must crack the formation arranged by the psychedelic crystal, but if you want to find the psychedelic crystal Even I can't do this with such a special material as stone."

"What?"

Hearing what Emperor Chu said, Ye Feng immediately showed a look of astonishment in his eyes and couldn't help but said: "Emperor Chu, can't you even discover the foundation of this formation?"

Emperor Chu said in his mind: "Because the psychedelic crystal is a very special material. I have also said that even the ancient great powers will be trapped in the formation arranged by the psychedelic crystal, so I am currently I haven't returned to that peak state yet, and there's no way to find the psychedelic crystal."

Hearing what Emperor Chu said, Ye Feng immediately couldn't help but said helplessly: "The Blood Demon Dynasty is testing geniuses from ordinary dynasties like us. There is no need to come up with such an exaggerated psychedelic formation, right? Lian Chu Emperor, you can't even break this formation."

Emperor Chu immediately said aloud in his mind: "Perhaps, the Blood Demon Dynasty arranged this psychedelic formation not to test your ability to crack the formation. After all, this psychedelic crystal is made of The formation is too unsolvable. Therefore, the reason why the Blood Demon Dynasty used special materials like psychedelic crystals to create the psychedelic formation here is not to test your ability to crack the formation. It must be to test your other abilities. Something like patience."

"patience?"

Hearing what Emperor Chu said, Ye Feng immediately showed a look of astonishment on his face, and then couldn't help but said: "Emperor Chu, what you mean is that we have no way to crack this psychedelic formation, so we can only Through great patience, wander around in this empty world, and then try your luck to find where the teleportation formation in this world is to the next level." .??.??

Hearing what Ye Feng said, Emperor Chu in his mind immediately nodded in acquiescence and said, "Yes, we can only use this stupid method now."

After receiving Emperor Chu's reply, Ye Feng's face suddenly showed deep astonishment.

But think about it

It also feels normal.

After all, patience is very important in the journey of spiritual practice.

No matter how powerful the genius force is, if it does not have enough patience to complete one thing, it will definitely not achieve great achievements in the future.

So at this time, Ye Feng immediately looked at Prince Brahma and Jian Youlan beside him. Seeing the angry looks in their eyes, he immediately smiled and said, "I already know what this layer of Blood Demon Dynasty wants." What is going to test us?"

Hearing what Ye Feng said, Prince Brahma and Jian Youlan immediately showed deep surprise in their eyes, and couldn't help but ask: "What is the Blood Demon Dynasty testing us on this level?"

Ye Feng smiled slowly and said, "Be patient."

"patience?"

Hearing what Ye Feng said, Prince Brahma and Jian Youlan were stunned.

But then they seemed to have figured something out, and they couldn't help but stare at Ye Feng in amazement.

Prince Brahma immediately gave a thumbs up and said loudly: "Brother Ye is indeed a genius. Not only is he powerful in cultivation, he is also so smart. He understood in an instant that the Blood Demon Dynasty is testing us on this level. It's really enviable."

Jian Youlan also had a pair of beautiful eyes at this time, staring at Ye Feng, showing a deep brilliance, and said loudly: "Ye Feng, you are really a genius!"

At this time, both of them obviously understood the meaning of Ye Feng's words, that is, in this foggy and empty world, the only thing they can do is to wander around with super patience.

In this empty world, search every area of this world, and you will eventually be able to find the teleportation formation to the next level in this world, and where exactly it is.

If an ordinary genius enters this empty world, no matter how strong his cultivation is, he will probably be a little helpless in the face of this empty and foggy world, and may even feel very impatient in his heart, giving up on himself, or even Crazy crazy.

But in fact, if you think about it carefully, the space on this level is only so big. Even if it is foggy and empty, as long as you have the patience to explore all the areas on this level, you will eventually be able to find hidden things in this world. inheritance formation.

At this moment, Ye Feng immediately looked at Prince Brahma and Jian Youlan, smiled and said: "The three of us split up, each of us is responsible for exploring one-third of this space, and see who can do it first. Find the teleportation formation, but remember, don't miss any area. Be patient and don't be impatient. This world is empty and there is no danger. Our only advantage is that we have plenty of time, so be patient and search for it. Bar."

"good."

Hearing what Ye Feng said, Prince Brahma and Jian Youlan beside him nodded.

Then the two of them flew quickly in both directions.

Ye Feng, on the other hand, flew directly forward.

Three people each explore one-third of the world space.

Next, nearly three or four days passed, and all three of them remained patient enough.

Because they already know what this level of the Blood Demon Dynasty will test them for.

So the three of them were not impatient or impatient.

Finally, on the night of the fourth day, in the direction that Prince Brahma was exploring, Prince Brahma's surprised shout suddenly came: "Brother Ye, Jian Youlan, you two come over quickly, I have found the teleportation formation! "

Jian Youlan and Ye Feng, who were continuing to explore the other two areas, had a look of joy in their eyes when they heard Prince Brahma's call, and they quickly flew in that direction.

When they arrived at the area where Prince Brahma was, they saw a teleportation formation emitting faint light, imprinted in a void space.

At this moment, the three of them looked at each other and smiled, feeling sincerely happy.

Although the past few days seem to be very boring, very peaceful, without any danger, very ordinary.

But the patience of the three of them has been fully tested.

So this is tantamount to an invisible practice.

It will have huge benefits for the three people's future martial arts paths.

At this time, Ye Feng, Jian Youlan and Prince Brahma no longer hesitated. They immediately walked into the teleportation formation in the middle and disappeared directly.

Buzz!

Next, after a violent spatial fluctuation, the three of them were transported to the next level.

At this time, when they opened their eyes, they suddenly saw that this was the top of Shura Holy Mountain.

"Um?"

Seeing this scene, Ye Feng, Jian Youlan and Prince Brahma looked stunned for a moment, as if they did not expect that they would have reached the top of Shura Holy Mountain so quickly.

But the next moment, the three of them immediately looked at each other and laughed.

Prince Brahma was very happy and said: "We finally reached the top of the mountain of Shura Holy Mountain."

Jian Youlan also had a look of sadness in her eyes, because along the way, although they all had close calls, they did encounter many difficulties, which had a huge impact on their cultivation, strength, mind and thoughts. test.

At this moment, Ye Feng looked around and couldn't help but said: "It seems that we are the first batch to reach the top of this Shura Holy Mountain. I don't know that the Blood Demon Dynasty left behind on the top of this Shura Holy Mountain, what is the most precious opportunity?"

Chapter 4328 Golden Pool Water

Hearing what Ye Feng said, Prince Brahma and Jian Youlan suddenly looked expectant.

Because before they participated in the Great War of Ten Thousand Dynasties, the envoys of the Blood Demon Dynasty who came to their respective dynasties also told them that the most precious chance creation provided by the Blood Demon Dynasty in the Great War of Ten Thousand Dynasties was on the top of Shura Sacred Mountain. at.

At this moment, the three of them all looked around the top of the mountain, trying to discover what the most precious opportunity was.

The top area of Shura Holy Mountain is not that big, and all three of them can see the surrounding environment in an instant.

But what made them a little disappointed all of a sudden was that the entire top of the mountain was bare and overgrown with weeds, and there seemed to be nothing.

Seeing this scene, Prince Brahma immediately couldn't help but said in astonishment: "Could it be that the envoy of the Blood Demon Dynasty lied to us? The purpose is to cheer us up and let us climb to the Shura Saint as much as possible The top of the mountain, in fact, there is no chance at all."

Hearing what Prince Brahma said, Jian Youlan couldn't help but reveal a trace of ugly look on her beautiful face.

After all, they have been looking forward to the most precious chance creation left on the top of Shura Holy Mountain for a long time.

So at this time, they suddenly found that there was nothing on the top of the mountain and it was completely empty. Naturally, they were all very disappointed.

Ye Feng said calmly at this time: "If you don't have it, you won't have it. Anyway, we have gained a lot all the way to this point. Sometimes we can't be so greedy. After all, sometimes the greater our expectations, the more we will be disappointed." The bigger it gets, just keep a normal mind."

Hearing what Ye Feng said, Prince Brahma and Jian Youlan couldn't help but glance at Ye Feng in surprise, as if they didn't expect that Ye Feng's mentality was so good.

After all, during the Great War of Ten Thousand Dynasties, after all the experience, they actually knew which one was most looking forward to the top of Shura Sacred Mountain.

The precious person created by chance is Ye Feng himself.

Unexpectedly, Ye Feng would say such calm words now.

At this time, Prince Brahma and Jian Youlan both understood. It is estimated that the previous test of patience had sublimated Ye Feng's martial arts state of mind and thoughts, making him more wise and calm.

At this time, the moment Ye Feng finished speaking, cracks suddenly opened quickly on the bare surface of the mountain top.

Seeing this scene, Prince Brahma immediately couldn't help but exclaimed: "Look, the ground on the top of the mountain is cracked!"

At this moment, the sound of cracking on the ground naturally attracted the attention of Ye Feng and Jian Youlan.

At this moment, the three of them immediately looked forward and found that cracks were rapidly opening on the surface of the entire mountain top.

Pieces of faint golden light emerged from the cracked gap.

Wow!

At this time, cracks appeared on the ground on the entire mountain top, and countless gravel rolled down around it.

In the middle of the top of the mountain, a huge hole suddenly collapsed.

Then, streams of golden water emerged from the bottom of the pit, almost filling the entire pit in an instant.

On the top of this mountain, a golden pool suddenly appeared.

Seeing this scene, Prince Brahma couldn't help but said in astonishment: "This pool of water seems to be very extraordinary. Is this the most precious opportunity given to the first batch of geniuses who climbed to the top of the mountain?"

"

Jian Youlan's beautiful eyes also showed a trace of surprise at this time, and she quickly said: "Let's go over and take a look. The water in this pool is all golden. It is absolutely extraordinary."

Ye Feng had actually already flown forward quickly.

At this moment, Ye Feng came to the shore of the golden pool, then stretched out his hand, dipped a drop of the golden pool water, and tasted it. .??.

Ye Feng sensed it carefully, and suddenly his eyes lit up, and he said loudly: "These golden pools of water actually contain hundreds of very precious and high-level essence energies. These essence energies include various ancient... The beast essence of the beast seems to contain the medicinal essence of hundreds of high-grade elixirs. This golden pool of water is like a stew of hundreds of ancient high-grade beasts and various high-grade medicinal materials. Great tonic soup!"

"What?"

After hearing Ye Feng's words, Prince Brahma and Jian Youlan's eyes suddenly showed horror.

Prince Brahma immediately spoke out with great excitement: "This is really a big deal! The Blood Demon Dynasty will not treat the top talents like us badly!"

Ye Feng laughed loudly at this time and said: "Then what are you waiting for? Just go in and improve your strength! This is countless times more advanced than the ordinary so-called Dragon Transformation Pond or Marrow Washing Pond!"

After saying that, Ye Feng just made a "plop" and jumped into the golden pool in front of him.

Prince Brahma was not to be outdone and jumped in quickly.

Originally, Jian Youlan was a bit reserved and felt that it was a bit unladylike for a girl to jump directly into the pool.

But I saw Ye Feng and Prince Brahma in the golden pool, frantically absorbing the preciousness in the golden pool.

energy.

Jian Youlan gritted her teeth and no longer hesitated. The beautiful figure jumped directly into the golden pool, and found a place to quickly absorb it.

Buzz!

At this time, the energy in the golden pool water is very rich.

After all, the energy of the golden pool that Ye Feng sensed was boiled together from the essence of the beast essence of hundreds of different ancient beasts and the essence of high-grade medicinal materials.

Therefore, it has huge benefits for improving the overall strength of the three people.

Because this kind of golden pool water can not only improve the practitioner's skill, but also temper the practitioner's physique.

The moment Prince Brahma and Jian Youlan entered the golden pool, breakthroughs began to occur in their cultivation.

And their physical strength also began to improve.

At this time, Ye Feng naturally released the devouring domain to his heart's content, plundering the rich longevity essence of hundreds of ancient beasts and the essence of high-grade medicinal materials contained in the surrounding golden pool water.

At this moment, Ye Feng's skill began to grow rapidly and continuously.

And Ye Feng was surprised to find that this golden pool of water actually contained very rich divine substances.

Jian Youlan and Prince Brahma cannot absorb this kind of divine substance.

Only Ye Feng possesses such special beings as the Immortal Bones of the Gods and the Immortal Body of the Gods, can he absorb divine substances.

So at this time, Ye Feng's Immortal Body of God is also growing rapidly as it absorbs divine substances.

In other words, Ye Feng is now practicing in the golden pool, and both his skills and physical strength are growing rapidly!

Chapter 4329 Achieve the ultimate

I have to say that the energy in this golden pool contains too much essence energy, and it is too powerful.

In addition, you must know that Ye Feng's devouring ability is many times faster than that of ordinary practitioners who directly use their own skills to absorb the golden pool water.

So at this moment, Ye Feng absorbed enough energy at once, allowing his cultivation to rapidly and continuously break through.

boom!

Yuanding Realm Second Heaven!

boom!

Yuanding Realm Third Heaven!

boom!

The fourth level of Yuanding Realm!

boom!

The fifth level of Yuanding Realm!

boom!

The sixth level of Yuanding Realm!

boom!

Yuanding Realm Seventh Heaven! !

At this time, Ye Feng's body continued to erupt with terrifying aura of cultivation.

His cultivation realm has been rapidly and continuously making breakthroughs, which is simply a crazy improvement.

Directly from the first level of the Yuanding Realm, the accumulation of force broke through to the level of the seventh level of the Yuan Ding Realm.

Breaking through the sixth heaven in a row!

Ye Feng's face suddenly showed a look of deep surprise.

At this moment, with the improvement of Ye Feng's cultivation, the divine substances absorbed by Ye Feng also improved the level of Ye Feng's immortal body.

Originally, Ye Feng's immortal body of a god had transformed into the sixth level of the second stage eyes.

At this time, after absorbing the divine substance in the entire golden pool, the eyes of the second stage of Ye Feng's Immortal Body of God were suddenly upgraded from the sixth level to the perfect state of the tenth level of the second stage.

In other words, Ye Feng's two eyes have now become the eyes of the gods in full state.

The red laser light stimulated by Ye Feng's eyes was much stronger than before, both in terms of burning and radiation properties.

At this time, Ye Feng's immortal body of the gods accompanied the second stage of eye refinement and evolved to the tenth level of perfection.

The power of Ye Feng's Eye of God was suddenly raised to its strongest state.

Ye Feng knew that if he could continue to absorb divine substances, his immortal body would be able to enter the third stage among the ten stages and begin to temper his feet.

The soles of Ye Feng's feet will also begin to evolve towards the life level of the Celestial Clan, and it is estimated that it will also inspire a brand new Celestial Clan ability.

In the first stage of the God's Immortal Body, Ye Feng's two fists turned into the God's Fists, and his hands turned into pure gold, containing tremendous brute force.

In the second stage of the God's Immortal Body, Ye Feng's two eyes turned into the God's Eyes, which could emit two red lasers with terrifying high temperatures and radiation.

This time, Ye Feng's cultivation level has been greatly improved.

Ascension, the Immortal Body of the God also gained a lot of accumulation of divine substances and gained considerable growth.

This made Ye Feng's eyes naturally reveal a deep look of joy.

Boom!

Boom!

And suddenly at this moment, two huge roars sounded from a certain direction not far away.

Ye Feng immediately looked in that direction and found that on the other side of the golden pool, an extremely powerful cultivation aura erupted from Prince Brahma and Jian Youlan, causing the two huge roars.

This means that Prince Brahma and Jian Youlan have both achieved breakthroughs in cultivation, and their cultivations have also stepped into the Yuanding realm at this moment.

At this time, Ye Feng discovered that the entire golden pool water had completely lost all its energy and essence, turning into clear pool water without a trace of energy.

At this time, it was obvious that everything in the golden pool had been absorbed by the three of them.

At this moment, Prince Brahma and Jian Youlan were in their respective positions, with their eyes open and their faces filled with joy.

Because their cultivation levels have already made a qualitative breakthrough, they have directly broken through to the next big realm, the Yuanding realm, which is already the same level as Ye Feng.

At this moment, Prince Brahma and Jian Youlan immediately came to Ye Feng and said with a smile: "It seems that the three of us have been greatly improved. This is the most precious thing at the top of Shura Holy Mountain." By chance, it is indeed extraordinary. It seems that the Blood Demon Dynasty still attaches great importance to young geniuses like us who come from ordinary dynasties. "

Ye Feng immediately smiled and nodded, and said loudly: "Now that we have obtained the most precious opportunity on the top of the mountain, we don't know if there will be masters from the Blood Demon Dynasty coming here next. Lead us into the Blood Demon Dynasty."

Hearing what Ye Feng said, Prince Brahma and Jian Youlan both had deep expectations in their eyes.

Because they all know that the Blood Demon Dynasty is one of the three top forces in the northern region of the Ten Thousand Demons Interface and is the dominant force.

If they could enter the Blood Demon Dynasty, it would be thousands or even tens of thousands times larger than the dynasty they were in before, even the top dynasties.

So at this time, they are all looking forward to entering this big stage of practice.

While the three of them were waiting, suddenly the teleportation formation not far from the top of the mountain lit up.

Then a dozen young geniuses appeared directly on the top of the mountain.

This should be the young geniuses from other dynasties who came here.

These dozen geniuses saw Ye Feng and Brahma Tai standing in the pool.

Zi and Jian Youlan all showed shock in their eyes.

They didn't expect that they were not the first people to reach the top of the mountain.

At this moment, these dozen young geniuses all had evil eyes and seemed to want to surround Ye Feng, Prince Brahma and Jian Youlan.

Because they know that the most precious opportunity on this mountain top has probably been obtained by Ye Feng and the other three who entered the top of the mountain for the first time.

But the next moment, they sensed that the three of them were exuding cultivation auras at the Yuan Ding realm.

Especially the aura of cultivation on Ye Feng's body was clearly that of a profound being in the Yuanding Realm, with a cultivation level of the seventh heaven of the Yuanding Realm.

This is one or two levels higher than them!

"How can this be?"

"Are they really from ordinary dynasties like us? Why are our cultivation levels so different?"

At this moment, the faces of these dozen young geniuses immediately became extremely frightened, and they quickly stepped back and stayed somewhere on the top of the mountain, not daring to do anything else.

Seeing this scene, Ye Feng, Prince Brahma and Jian Youlan all looked at each other and smiled.

It seems that among all the young talents, they are already considered to be the top group.

Even the geniuses from the other top ten dynasties are far behind compared to them now.

At this time, Prince Brahma and Jian Youlan immediately said to Ye Feng: "Among the dozen geniuses who just entered the mountain top, there are top geniuses from the other ten top dynasties, but they saw us, It's like a mouse meets a cat. They probably wanted to rely on the strength of their

numbers to rob us of our good luck at first, but they suddenly gave in after sensing our cultivation aura. "

Ye Feng also nodded at this time, and then said slowly: "This kind of young genius who comes from an ordinary dynasty like us, even a top dynasty, is not on the same level as us, so don't worry too much. Our next goal is to catch up with the superpowers and masters of the real Blood Demon Dynasty."

Hearing what Ye Feng said, Prince Brahma and Jian Youlan both looked in awe.

They stared at Ye Feng. They never thought that Ye Feng's realm was so high. He had no pride or satisfaction in his achievements. Instead, he suddenly focused his attention on such a behemoth as the Blood Demon Dynasty. among.

At this time, Prince Brahma immediately couldn't help but sigh and said: "No wonder Brother Ye is so motivated to become stronger. It turns out that Brother Ye's vision has not been limited to ordinary dynasties like ours, but has long been with It needs to be compared with the strong ones among the top powers like the Dynasty."

Jian Youlan also nodded at this time and stared at

Looking at Ye Feng, he couldn't help but say: "Ye Feng, your character is actually very suitable for practicing swordsmanship. You should always move forward bravely, show your sharpness, and never relax at all. This is also the ultimate secret of our swordsmanship."

Hearing what Jian Youlan said, Ye Feng immediately smiled and said: "When I first started practicing, I practiced swordsmanship. I also have an elder named Uncle Nan, who was also a strong swordsman at that time. , has given me a lot of help in sword practice, but what I pursue is pure power. All other external means, various weapons, and various inheritances are just things to help me become stronger, so I no longer focus on kendo, but instead combine the strengths of hundreds of schools of thought to create the strongest version of myself."

Hearing what Ye Feng said, Jian Youlan immediately nodded and said nothing more.

Because she knew that Ye Feng had his own way of cultivation, and his martial arts heart was very firm and clear, so there was no need for others to suggest anything.

At this time, Prince Brahma couldn't help but smile and said: "No wonder Brother Ye knows all methods, has all inheritances, and can use all weapons. In fact, I think this is the only way to be omnipotent, which is very good. A single practice. The Tao may sometimes have fatal flaws. It seems that my future practice direction will be closer to Brother Ye."

When Jian Youlan heard what Prince Brahma said, she immediately couldn't help shaking her head and said: "Prince Brahma, you are a practitioner of the flame attribute. You should concentrate on your flame attribute. I didn't mean to hit you. Not everyone can be like Ye Feng, who has such evil abilities and can cultivate various attributes. Moreover, it is estimated that no one can be like Ye Feng, whose body can contain energy of various attributes. Therefore, Ye Feng's cultivation The way is destined to be unique and no one can imitate it."

Hearing Jian Youlan's words, Prince Brahma immediately lowered his head and said a little discouraged: "When you say this, it really seems that there is nothing I can do, since I am as omnipotent as Brother Ye."

At this time, Ye Feng looked at the somewhat frustrated Prince Brahma, and immediately walked over. He couldn't help but smile and patted Prince Brahma's shoulder, and said loudly: "Don't be so discouraged, with the guidance of Mr. Huo, your fire attribute Everyone will definitely reach the peak together. Everyone has a different path. There is no need to envy other people's paths too much. Maybe your own path is the most suitable for you and will also guide you to reach the peak. As long as you can practice the way of cultivation to the extreme, it is very remarkable. Even if you can do something simple to the extreme and persist in it for a lifetime, you will be immortal! "

After hearing what Ye Feng said, Prince Brahma immediately nodded firmly and said: "Okay, I will definitely remember what you said today, Brother Ye, and I will definitely cultivate the flame attribute to the maximum. Ultimate! Become the Emperor of Fire!"

Jian Youlan smiled slightly, and seemed to be touched. There was also a pious look on her beautiful face, and she said loudly: "I will practice the sword to the extreme in my life! One sword can break all kinds of magic, and one sword can cut. Everything!"

Chapter 4330 Imperial City

At this time, it was obvious that Prince Brahma and Jian Youlan had strengthened their commitment to martial arts.

When Ye Feng heard what the two said, he nodded with satisfaction and said: "Yes, as long as you do one thing to the extreme, no matter which path you practice, you can become very powerful. "

At this moment, while the three of them were discussing, the teleportation formation not far away lit up again.

Dozens more young talents came here.

The first thing they took a look at was Ye Feng, Prince Brahma and Jian Youlan on the pool.

But sensing the huge aura of cultivation on the three of them, the eyes of these later geniuses suddenly revealed a look of deep horror.

Because they never thought that these three top geniuses who came from the same ordinary dynasty as them could be so powerful.

At this time, Ye Feng looked at Prince Brahma and Jian Youlan beside him, and couldn't help but said: "I don't know when the masters of the Blood Demon Dynasty will come here to lead us into the Blood Demon Dynasty."

Prince Brahma and Jian Youlan also shook their heads and said loudly: "What we can do now is wait here."

At this time, the three of them did not pay special attention to the other young talents who entered the mountaintop area from the teleportation formation.

Because they know very well that they are no longer on the same level as these young geniuses.

At this time, as batches of young geniuses entered the mountaintop area, there were more and more young people on the mountaintop.

These are all young talents who stand out and can join the Blood Demon Dynasty in the future.

However, the most precious chance creation on this mountain top has already been obtained by Ye Feng, Prince Brahma and Jian Youlan, the first batch of people to come here.

So this group of young geniuses can only look back and sigh.

And then, everyone waited for three whole days and three nights.

Finally, on the top of the Shura Holy Mountain, high in the sky, a huge space passage suddenly appeared.

Buzz!

A middle-aged man wearing a golden robe, the aura of cultivation on his body was majestic and boundless, giving people an unfathomable and terrifying feeling. He descended directly from the huge space passage.

The moment this middle-aged man in a golden robe descended, all the young geniuses present were in awe.

Because they felt that the cultivation aura of this middle-aged man in golden robe was unfathomable to the extreme.

This middle-aged man in golden robes stood there, giving the impression that he was like a majestic ancient mountain standing in the void, which made it difficult to breathe and created a huge mental depression.

At this time, everyone understood that this middle-aged man in golden robes definitely came from the Blood Demon Dynasty, a strong man among the three top forces in the northern region of the Ten Thousand Demons Interface.

This kind of strong man who came from a transcendent force naturally made all the young geniuses present have a deep look of solemnity in their eyes.

At this moment, even the three most powerful geniuses, Ye Feng, Prince Brahma and Jian Youlan, suddenly felt a terrible sense of oppression.

powerful!

Incredibly strong!

At this moment, Ye Feng, Prince Brahma and Jian Youlan looked at each other, and they all saw the meaning in each other's eyes.

At this time, the middle-aged man in golden robe looked around, couldn't help but frowned, and said loudly: "This year, there are only more than seventy people who have passed all the assessments and entered the top level of Shura Sacred Mountain. It's really a bit strange." There are fewer people, which is quite different from the usual one hundred people."

At this moment, after the middle-aged man in golden robe finished speaking, he seemed to have discovered something. Suddenly his eyes lit up, and his eyes fell on Ye Feng, Prince Brahma and Jian Youlan on the golden pool not far away. .

At this moment, the middle-aged man in golden robe did not care about other ordinary geniuses, but came directly in front of Ye Feng, Prince Brahma and Jian Youlan. He couldn't help but said in surprise: "But this time everything will be over." The top young talents who competed against each other gave me a big surprise, and they were much stronger than before."

At this moment, Ye Feng, Prince Brahma and Jian Youlan all clasped their fists and said loudly: "See you, senior."

The middle-aged man in golden robe immediately nodded with satisfaction and said aloud: "I will pay close attention to you three. When the time comes, I will take you into the Blood Demon Dynasty. You can directly enter the royal family and become a formal member of the royal organization. Personnel, serving the royal family of our Blood Demon Dynasty."

Hearing what the middle-aged man in golden robe said, the other ordinary geniuses suddenly showed deep envy in their eyes.

Because they know very well that even if they pass the assessment and enter the Blood Demon Dynasty, they will probably be just as handymen at the beginning, and they are not qualified to enter the Blood Demon Dynasty and officially become the staff of the Blood Demon Dynasty. Potency.

but

Ye Feng, Prince Brahma and Jian Youlan have gained the attention of this golden middle-aged man at this time. After entering the Blood Demon Dynasty, they can directly become the staff of the Blood Demon Dynasty's royal family and serve the Blood Demon Dynasty's royal family. .

This is a direct leap of identity.

Naturally, other ordinary young geniuses are very envious.

At this moment, Ye Feng, Prince Brahma and Jian Youlan looked at each other, and they all saw the joy in each other's eyes.

At this moment, the middle-aged man in golden robe said directly: "You can just follow me and go directly to the Blood Demon Dynasty."

At this moment, after the middle-aged man in golden robe finished speaking, he jumped directly, took the lead, and flew into the huge space channel high in the sky.

Seeing this scene, Ye Feng, Prince Brahma, Jian Youlan, and dozens of other ordinary geniuses all followed and entered the huge space passage.

In just a few seconds, everyone seemed to have crossed thousands of mountains and rivers.

When they came out from the other side of the space passage, they found that a vast and boundless land had appeared in front of them.

There are countless tall buildings, towering under the sky, looking very majestic and spectacular.

A huge imperial city is standing on the ground in front of it, surrounded by tens of thousands of meters of towering walls.

The entire imperial city was also shrouded in the light of a very large formation, which looked heavily guarded and majestic.

Ye Feng immediately understood at this moment that it should be the imperial city of the Blood Demon Dynasty.

Ye Feng could sense a terrifying aura of cultivation from the majestic and boundless imperial city, which was many times stronger than his own current cultivation.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

This Blood Demon Dynasty is worthy of being the interface of ten thousand demons, one of the three top forces in the Northern Territory, and indeed contains countless terrifying powerful men.

And to be able to give birth to so many terrifying powerful men, the cultivation resources in this Blood Demon Dynasty must also be very rich, and they are all high-level cultivation resources.

Ye Feng immediately became determined. When he officially entered the Blood Demon Dynasty, he must improve his status.

Because the higher the status, the more cultivation resources one can enjoy.

As Ye Feng's cultivation level improved, his body became more and more like a bottomless

Hole.

You need more and more training resources to continue to become stronger.

Therefore, Ye Feng needs to join a transcendent force like the Blood Demon Dynasty.

This Blood Demon Dynasty is one of the three top overlord forces in the Northern Territory of the Ten Thousand Monsters Interface. In the entire Northern Territory, it is definitely a giant-like existence. Even in the entire Ten Thousand Monsters Interface, a high-level cultivation interface, it is It is definitely a big force belonging to the first level.

But at this time, Ye Feng suddenly remembered that when he was in the Little Dynasty, the messenger of the Blood Demon Dynasty seemed to be named Murong Xixi. She was a little girl, but her status was very high. She was one of the six top clan members in the Blood Demon Dynasty, "Murong Xixi". The descendant of the Murong Family, she said that if she could pass the test of the Ten Thousand Dynasties War and enter the Blood Demon Dynasty, she could directly take her into the Murong Family.

However, Ye Feng was not sure whether Murong Xixi was bragging. The reason why he said that at that time was just to cheer him up.

"I hope that after entering the imperial city of the Blood Demon Dynasty, I will have the opportunity to contact Murong Xixi and ask her if what she said was true."

Ye Feng was thinking secretly in his heart at this moment.

Ye Feng would still be very interested if he could join the top clan in the imperial city.

Because the six sects of the Blood Demon Dynasty represent the six most glorious families in the imperial city, they have countless resources and high-level inheritance.

Although he is now favored by a middle-aged man in a golden robe, he can directly become an official member of the blood demon dynasty's royal family.

But in the final analysis, he was still at the bottom of the Blood Demon Dynasty's royal organization. He probably did hard work, and it was difficult for him to be valued by the powerful figures in the royal family.

After all, the royal institution is too large. It is very difficult for a low-level dynasty genius like Ye Feng to enter it and improve his status. He may have been working for many years and still be a coolie at the bottom.

But if you can enter the six gates, the competition will be much smaller, and there will not be as much involution as in the royal institution. As long as you show good talent, you may be valued by the big family and the resources will be tilted, which will be very valuable. possible.

However, Ye Feng is currently not sure whether he will continue to serve in the royal institution or join a large family in the future.

Let's take one step at a time.

While Ye Feng was thinking secretly in his heart, the middle-aged man in golden robe who was leading the way said loudly: "Ahead is the imperial city of our Blood Demon Dynasty. You will take

root there in the future. I hope you can all work hard. Practice and keep improving! As long as you serve the royal family sincerely, the royal family will never treat you badly."
