

## Ancient 4341

### Chapter 4341 Magical Weapon

At this time, when Hei Lian next to him said this, his tone seemed to be full of deep despair.

A faint smile appeared on Ye Feng's face, and he said: "Don't be too desperate. Although these zombies are extremely ferocious, I am not a vegetarian. Although the machete in my hand cannot completely hurt these zombies, But I don't just have this one method."

boom! !

Almost at the moment Ye Feng finished speaking, Ye Feng directly burst out with the powerful momentum of his cultivation at the ninth level of Yuanding Realm.

Although Ye Feng's cultivation level is a level lower than that of Black Lotus, Ye Feng's martial arts background is really too strong.

Therefore, the moment Ye Feng burst out his cultivation at this moment, the aura generated by him was actually more powerful than Black Lotus.

At this moment, Ye Feng didn't hesitate at all, and directly displayed the inheritance he had practiced before, the Blood Demon Dharma.

This is the powerful inheritance Ye Feng received from the small world of Wan Dynasty War. It is a peerless inheritance related to the royal family of the Blood Demon Dynasty.

At this moment, behind Ye Feng, a giant bloody monster with a majestic height of more than 100,000 meters suddenly formed.

This bloody giant demon is the blood demon dharma released by Ye Feng, and has the power of the ancestor of the royal family of the blood demon dynasty. .???.??

So at this moment, after Ye Feng released the blood demon, this behemoth possessed extremely terrifying power, sending all the ferocious zombies rushing around him flying backwards.

Moreover, this blood demon's appearance is not just as simple as its huge size.

This blood demon dharma also has very terrifying destructive power.

The zombies who were bombarded by the blood demon's appearance immediately exploded.

"What a powerful force!"

See this terrifying destructive power

, Hei Lian's pair of beautiful eyes suddenly revealed a look of deep surprise.

They didn't expect that Ye Feng actually had such a powerful inheritance.

"I knew that not only did you possess special means to restrain the evil attributes, but your combat power was also extremely powerful."

At this time, Hei Lian couldn't help but said excitedly.

Because Hei Lian saw Ye Feng for the first time, she vaguely felt that this young man who was a level lower than himself had an absolutely terrifying combat power. This was a kind of natural feeling of a warrior.

At this moment, the terrifying destructive power caused by the blood demon spell displayed by Ye Feng just confirmed Hei Lian's guess.

At this time, Hei Lian's beautiful and cold eyes stared at Ye Feng beside him, their eyes filled with deep brilliance.

She didn't know what kind of identity this young man had, what kind of experiences he had, and how he had such amazing abilities.

At this moment, when he saw that all the zombies were bombarded by the blood demon spell released by Ye Feng, the wandering businessman who was standing outside the tomb to watch the show suddenly became extremely gloomy. .

Wow!

He directly lifted the hood of his black robe, revealing a pale, sickly face.

The wandering businessman in black robes had a deeply ugly look in his eyes at this time, and said loudly: "I didn't expect that you, a boy with such a low cultivation level, can be so powerful in combat. It seems that I am the only one who takes action personally. Killed all of you."

boom! !

Almost as soon as the wandering businessman finished speaking, a terrifying aura of cultivation suddenly erupted from his body.

That was the aura of cultivation that had surpassed the tenth level of the Dao Lord Realm, the Great Perfection, above the Yuanding Realm, and was much more powerful than the Black Lotus.

"What?"

At this time, Hei Lian's eyes suddenly revealed a look of deep horror.

She never thought that this wandering businessman who looked very sick could be so powerful in his own cultivation.

Uh-huh!

At this moment, the wandering businessman took out a golden spear directly from his storage ring.

The wandering businessman looked at the golden spear in his hand, with a hint of pride in his eyes, and said loudly: "This golden spear is a mythical weapon. It was obtained from an ancient interface when I was wandering across the world. What is obtained from the ruins of the lost civilization has very powerful power, and today is the perfect time to test its power."

Boom!

Almost at the moment the wandering businessman finished speaking, he directly input his mana into the golden spear in his hand.

Buzz!

Almost at the next moment, the golden spear flew directly into the sky, and then began to change its shape. Above the head of the wandering businessman, it transformed directly into a huge golden giant, which was tens of thousands of meters tall.

This golden spear turned out to be a very rare special weapon that could change its own shape.

He is indeed a wandering merchant, with all kinds of magical weapons in his hands.

At this moment, this golden giant that turned into a truly majestic tens of thousands of meters suddenly stretched out a golden hand that covered the sky and the sun, and headed towards

He bombarded the tomb in front of him.

Boom!

Almost at the next moment, this huge golden palm directly smashed the tomb in front of it into pieces.

Ye Feng and Hei Lian were directly buried in the ruins.

Seeing this scene, the wandering businessman immediately nodded with satisfaction, and couldn't help but said: "I want you to be arrogant in front of me. The golden giant that I turned into with this golden spear has unique characteristics. The majestic power of the divine weapons of ancient times, let alone your cultivation level is weaker than mine, even if your cultivation level is one level higher than mine, you will still be killed instantly by the golden giant transformed into my golden spear. "

At this moment, the wandering businessman said that he was very satisfied with the golden spear he got back then.

Because the golden giant transformed by this golden spear is not a form formed by the condensed power of nothingness, but a real golden giant made of complete metal, with actual terrifying destructive power.

But not before the wandering businessman was ready to clean up the ruins and search for the two bodies.

Boom!

Suddenly the whole ruins exploded.

Ye Feng took Hei Lian and rushed out directly.

At this moment, the giant sword with a length of more than 50 meters in Ye Feng's hand actually withstood the big golden hand that was bombarded by the golden giant and blocked the sky and the sun.

"What??"

Seeing this scene, the wandering businessman immediately couldn't help but reveal a deeply ugly look in his eyes, and said loudly: "What kind of knife is this in your hand? It may collide with my extremely high-end golden spear without breaking. ? How can you, a kid from the Rangers team, have such a high-end weapon? It's impossible!"

Chapter 4342 Mobile Treasure House

Obviously, at this time, the wandering businessman's eyes were extremely shocked.

Because he never thought that Ye Feng would have such a powerful weapon in his hands that could fight against the golden giant turned into by his golden spear.

You must know that this golden giant is not condensed from nothingness, but a real weapon transformed into a metal giant in a pure metal state.

So at this moment, the wandering businessman couldn't help but reveal a look of deep astonishment in his eyes.

Because he originally thought that Ye Feng was just hanging out with this kind of wandering warrior team, and his cultivation level must not be very good, let alone having powerful weapons.

But now the facts completely slapped him in the face.

Ye Feng is not only powerful in combat, but the weapons he possesses are also extremely advanced.

At this moment, Ye Feng didn't hesitate at all and used the giant-toothed sword in his hand to hold back the golden giant.

Uh-huh!

Then Ye Feng rushed towards the wandering businessman in an instant.

Ye Feng also saw that although this wandering businessman's cultivation level was a whole level higher than his own and seemed to be very powerful, in fact, this wandering businessman probably had little combat experience.

After all, he does business in major interfaces, so he is a businessman without any special combat experience.

So at this time, the most powerful thing about this wandering businessman should be the golden metal giant turned into by this golden spear.

After Ye Feng blocked the golden giant with his giant-toothed sword, he naturally wanted to kill the wandering businessman first.

In this case, the golden metal giant transformed from the golden spear, no matter how powerful it is, is of no use. After all, it has lost the source of its power.

At this moment, seeing Ye Feng rushing toward him instantly, the wandering businessman immediately panicked.

Because as Ye Feng expected, he had always been a businessman and had no special combat experience.

So at this time, he saw Ye Feng blocking his strongest weapon, the Metal Giant, and rushing towards him.

Even though his cultivation level was a whole level higher than Ye Feng's, he still felt deep unconfidence and fear.

To quickly retreat.

While retreating, the wandering businessman took out a small golden ring from his storage ring.

This golden ring, which was only the size of a palm, was taken out by the wandering businessman and thrown out directly.

Uh-huh!

Then the golden ring whirled around and immediately grew in size in the void, becoming the size of a person. It trapped Ye Feng who was rushing over, restraining Ye Feng's entire arms and body limbs.

It has to be said that although this wandering businessman is not very powerful in actual combat, as a businessman who travels across major interfaces to do business, he has many strange things on his body, as well as many treasures with magical effects.

For example, the spear that can turn into a golden metal giant, and the golden ring he throws now, can restrain people for an instant.

At this moment, the wandering businessman couldn't help but said confidently: "I bought this set of heaven-locking rings from a royal family in a small interface at a big price. I used the tools in that small world to Made of the strongest material 'nano-metal', even a powerful person who is a level higher than me can't move anymore after being locked by this golden ring of mine."

Click! Click!

But the moment the wandering businessman finished speaking, a crisp and shattering sound sounded.

The overwhelming power of the Celestial Clan surged out of Ye Feng's body, and the golden ring that covered his body was shattered.

Ye Feng was out of trouble immediately.

"What??"

Seeing this scene, the wandering businessman suddenly showed deep astonishment in his eyes.

He never thought that the power of Ye Feng's body would be so terrifying. He was like an ancient beast, possessing extremely terrifying brute force. The golden rings made of this special material were all given to him. In an instant, it broke free and shattered.

At this time

At this time, before the wandering businessman could say anything, Ye Feng used the power of the void and flashed in front of the wandering businessman, and then a golden fist hit the wandering businessman hard.

Boom! !

Along with a terrifying roar, the monstrous power of the Celestial Clan burst out from Ye Feng's fist.

This wandering businessman's defense was originally very weak, so after being blasted into his body by Ye Feng at that moment, his entire body was directly blasted through by Ye Feng, leaving a bloody hole.

"ah!!"

At this moment, the wandering businessman felt endless pain and immediately couldn't help but scream.

The whole person fell quickly from a high altitude. There was no way to escape anymore, and he fell hard to the ground.

At this moment, without the golden spear controlled by the wandering businessman, the golden metal giant that he had turned into suddenly transformed into his true form again.

It transformed into a golden spear again, suspended in mid-air.

Uh-huh!

At this time, Hei Lian flew over immediately, with a pair of beautiful and cold eyes that couldn't help but reveal a deep look of disbelief, and said loudly: "Ye Feng, I originally planned to help you deal with this... Wandering businessman, I didn't expect your combat power to be so strong, you killed this wandering businessman instantly."

At this time, Hei Lian spoke with a tone of deep amazement.

Because she knew very well that although this wandering businessman was not very powerful in combat, he had all kinds of strange and powerful magic weapons, and his own cultivation level was already a whole level higher than Ye Feng, so she wanted to deal with it. This wandering merchant is still very difficult.

At the very least, Heilian was alone and had no confidence that he could defeat this wandering businessman.

What he didn't expect was that Ye Feng was able to kill this wandering businessman and kill him so quickly.

Buzz!

At this moment, Ye Feng didn't hesitate and simply devoured the wandering businessman's power.

It has to be said that although this wandering businessman himself is

The strength is relatively weak, but after all, it is a whole level higher than Ye Feng, so the skill is still very powerful.

Ye Feng's skill immediately increased.

From the previous ninth level of Yuanding Realm, he directly broke through to the tenth level of Yuanding Realm and reached the Great Perfection!

At this moment, Ye Feng didn't hesitate at all. He directly reached out and grabbed the wandering businessman's storage ring into his own hands.

Then he put the golden spear into his storage ring.

This golden spear is quite powerful.

The golden metal giant that he transformed into was able to compete with his own giant-toothed sword, which showed that it was a weapon of the same level as the giant-toothed sword.

And the most important thing is that you don't need to bother to control this golden spear at all.

As long as you input mana into this golden spear, it can turn itself into a golden metal giant to fight against the enemy. It is equivalent to having a powerful puppet with independent attack consciousness.

At this time, Ye Feng briefly explored the storage ring of the wandering businessman, and his eyes suddenly showed a look of joy.

There are many good things in the storage ring.

It has to be said that this kind of wandering businessman who travels to the end of the world to do business still has a lot of wealth. It is like a mobile treasure house.

At this moment, Ye Feng killed the wandering businessman and obtained the storage ring of the wandering businessman, which was equivalent to unintentionally obtaining a treasure house.

Ye Feng's eyes suddenly showed deep joy.

Although this time, no inheritance of ancient power was found in this ancient tomb, it was just a scam.

But killing this wandering businessman improved his cultivation, and he also got a lot of magic weapons, and the wealth accumulated by the wandering businessman in a storage ring was an unexpected and huge gain.

At this time, Hei Lian suddenly said: "Ye Feng, the things in this wandering businessman's storage ring can be exchanged for various cultivation resources and elixirs to assist cultivation at the big shops in the city of Shenxu. Ye Feng Do you want to go with me to the City of Gods to recuperate?"

Chapter 4343 The Ninth Guardian

The city of gods?

Hearing Hei Lian next to him say this, Ye Feng's eyes suddenly showed a hint of hesitation.

The City of Shenxu, Ye Feng had heard Hei Lian mention it once before, was a city built spontaneously by wandering warriors who relied on the land of Shenxu for a living.

It is very chaotic, with people from three religions and nine streams, various wandering practitioners, and many desperadoes.

Ye Feng actually didn't want to go to that kind of place, because this time Ye Feng followed the sect leader to the land of Shenxu, mainly to search for various materials and resources in the land of Shenxu.

But what Hei Lian said makes sense. Although this wandering merchant's storage ring stores a lot of goods and goodies.

But there are few things that can directly improve one's skill.

If you can sell all the goods of this wandering merchant in the city of Shenxu and exchange them for the resources you need to improve your skills, it will be of huge benefit to Ye Feng's improvement in cultivation.

Moreover, Ye Feng has now discovered that there are many dangers in this land of Shenxu. It would be a good choice to go to Shenxu City to recuperate by himself.

At this time, after Ye Feng thought about it, he looked directly at Hei Lian in front of him, smiled and said: "Okay, then as you said, I will follow you to the city on the edge of the God Ruins. All the goods in this wandering merchant's storage ring are exchanged for the cultivation resources I need. This can improve my cultivation as much as possible in a short period of time, and maybe it can break through my current bottleneck at once. In addition, I happened to be a little tired after searching the land of the gods for so long, so I just went to the edge of the city with you to relax and have a rest. "

Hearing what Ye Feng said, Hei Lian immediately showed a look of deep joy on her beautiful face, and couldn't help but said, "Okay, I will take you to Shenxu City now."

For Heilian, Ye Feng was actually willing to follow her to Shenxu City, which was naturally very good news for Heilian.

Because Heilian was rescued by Ye Feng before, he always wanted to repay Ye Feng in his heart.

But in this wilderness, she had no way to repay her kindness.

So this time Ye Feng agreed to go to Shenxu City with her, then Black Lotus would definitely repay Ye Feng well.

So at this time, Hei Lian's beautiful and cold face naturally showed a look of joy.

At this time, Ye Feng and Hei Lian flew quickly towards a certain direction of this sacred ruins.

Ye Feng was not worried about getting lost because Hei Lian was there as a guide.

Black Lotus has probably been living in the outer area of this sacred ruins for decades.

Therefore, Heilian must be very familiar with the directions and various routes in the peripheral areas of this sacred ruins.

For the next three days and nights, Ye Feng and Hei Lian were on the road.

While on the road, Ye Feng used his huge soul power to find a lot of high-end materials.

These

Ye Feng naturally happily put all the things into his storage ring.

When you return to the Blood Demon Dynasty, you can exchange them for the training resources you need.

Finally, on the morning of the fourth day, Ye Feng followed Hei Lian and saw a huge city appearing at the end of the ruins in the distance.

That city looked as if it were made of steel, and it was very majestic.

Even the city wall is thousands of meters high.

The main building in the middle of the city, the tallest even reaches tens of thousands of meters, cuts through the sky, and looks very majestic and majestic.

When Ye Feng saw this scene, there was a look of surprise in his eyes. It seemed that he did not expect that the city built by the wandering warriors would be built with such grandeur.

At this time, Ye Feng directly followed Hei Lian and flew quickly towards Shenxu City.

When they arrived at the gate of the city, they immediately saw the two characters "Shenxu" written on the gate of the city.

At this moment, Hei Lian took Ye Feng and walked directly towards the inside of the city.

But just when they were about to pass through the city gate and enter the Shenxu City.

Uh-huh! Uh-huh! Uh-huh...

Suddenly, more than a dozen city guards wearing black armor appeared in front of the two of them, and said coldly: "If you want to enter the Shenxu City, you must pay an entry fee worth ten thousand."

"What? Entry fee?"

At this moment, hearing the group of guards in front of him say this, Hei Lian's beautiful face suddenly showed a look of deep surprise, and then he couldn't help but said coldly: "The entire Shenxu The city was built with the efforts of us wandering warriors. We have never heard of any entrance fees that we wandering warriors need to pay to enter the Shenxu City. This city is free for everyone to use. "

Hearing what Hei Lian said at this moment, the dozen or so guards in black armor in front of them burst into laughter.

Then a young man wearing black armor standing at the front stared at Heilian, smiled coldly, and said loudly: "That was before, but now the rules have changed, and the entire Shenxu City has been destroyed by our Demon Moon The Divine Cult has taken full control of everything, so we, the Demon Moon Cult, have now made new rules, that is, if you want to enter the Shenxu City to rest and trade, you must pay an admission fee of 10,000 per person. You are two people now. Then you have to pay a total of 20,000 yuan for entry into the city."

At this moment, after the guard in black armor finished speaking, he suddenly stared at Heilian. Looking at the tall and graceful figure and the beautiful and cold face, a greedy look appeared in his eyes. He said in a loud voice: "Beauty, if you don't want to spend this money, how about you have a meal with me tonight and I will waive your entry fee?"

At this moment, after the guard finished speaking, he even stretched out his hand to grab the black lotus.

boom!

But just after the guard in black armor finished speaking, Hei Lian naturally couldn't stand the ridicule and greed in the other person's words, and a powerful cultivation aura burst out from his body, instantly destroying the black armor in front of him. The guard was blown away and fell hard to the ground not far away.

Black Lotus is not a vegetarian. Her cultivation is very powerful. After all, she was once the captain of a Rangers team.

Regardless of how Hei Lian treats Ye Feng, he seems to have a very good attitude, very kind, and even very close.

But to others, Heilian showed her usual cold side.

At this moment, Hei Lian burst out with a powerful cultivation aura, sending the greedy black armored guard flying backwards, falling to the ground, and even spitting out a mouthful of blood.

The faces of the other guards around him suddenly changed, and they shouted loudly: "You are so brave! The entire Shenxu City has been controlled by our Demon Moon God Sect, you are a little wanderer, you dare to fight against our Demonic Moon Sect? You are simply seeking death!"

After finishing speaking, these dozen guards wearing black armor immediately surrounded Hei Lian and Ye Feng.

The black armored guard who was sent flying backwards quickly got up, stared at Hei Lian and Ye Feng coldly, with a cruel look in his eyes, and said loudly: "How dare you attack me? Although my cultivation is not as powerful as yours, you need to know my identity. I am the younger brother of the noble Ninth Guardian of the Demonic Moon Sect. You two are surrounded now. Don't even think about leaving. I want to let you. Brother, come and kill you all!"

At this moment, the moment the black armored guard finished speaking, Heilian suddenly showed an ugly look in his eyes.

Heilian couldn't help but look at Ye Feng beside him, and said in a serious tone: "Ye Feng, I didn't expect that the Shenxu City would be controlled by the Demon Moon God Sect, a large force nearby. They probably covet our gods. The city of Shenxu has been around for a long time. After all, the traffic in our city of Shenxu is very large. Many wandering warriors and even the children of some big families, when they come to the land of Shenxu for trials, they will enter the city of Shenxu to trade and rest. If the Moon God Sect controls the entire Shenxu City, they will be able to

obtain a steady stream of wealth. Let's leave here now. We have no way to enter this Shenxu City, and I have already provoked the ninth member of the Demonic Moon God Sect. My brother who protects the Dharma, I'm afraid I'll be in big trouble, so it's better to leave first."

Hearing what Hei Lian said at this moment, Ye Feng suddenly showed a faint smile on his face and said loudly, "We have already come, so of course it is impossible to leave. Isn't this Demonic Moon Sect trying to gain some kind of hegemony? Then I let him know that there is no hegemony in front of me."

At this moment, after Ye Feng finished speaking, he suddenly stared at the guard wearing black armor, the disciple of the Ninth Guardian.

Brother, he immediately smiled indifferently and said: "You just said you wanted your elder brother to kill us, right? Well, before your elder brother comes, I will deal with you first!"

Boom!

Almost at the moment when Ye Feng's words fell, Ye Feng made a very decisive and ruthless move. He directly stretched out a hand, and that hand immediately turned into a big golden hand in the void, filled with heavy and boundless energy. The power suddenly crushed the black armored guard into pieces under the horrified gaze.

"What??"

Seeing this scene, a group of more than a dozen black armored guards around them were immediately shocked.

Their eyes suddenly showed deep fear.

They never thought that their companions had already said that they were the biological brothers of the ninth guardian of the Demon Moon God Sect, but they were still killed instantly by the young man in white.

At this time, everyone looked at Ye Feng, and their eyes were filled with deep fear.

This is definitely a madman.

Not afraid of any so-called background forces at all.

If you dare to offend him, take action directly and kill him.

At this moment, the dozen or so black-armored guards surrounding Ye Feng and Hei Lian immediately retreated in fear, not daring to approach them at all.

Seeing this scene, Hei Lian couldn't help but said: "Ye Feng, is this okay?"

Ye Feng just smiled faintly, took one of Hei Lian's slender white hands, and said loudly: "Let's go and enter the Shenxu City. As for the Ninth Guardian, if you dare to come to me for trouble, I will let him know what regret is."

At this moment, Ye Feng was speaking in a very domineering tone.

Of course, it's not that Ye Feng is arrogant, but that after Ye Feng has searched and explored the peripheral areas of the Divine Ruins, his cultivation and methods have also been greatly improved. He is not afraid of this Demonic Moon Cult at all.

As long as the strongest among the three top forces in the Northern Territory did not appear, Ye Feng was not afraid of other ordinary forces at all.

At this time, Hei Lian, whose little hand was held by Ye Feng, suddenly revealed a deep brilliance in her beautiful and cold eyes.

He looked at the domineering Ye Feng beside him, his eyes showing an unprecedented fascination.

However, when the two figures disappeared inside the body city, a group of other black armored guards standing at the city gate, including other people passing by, couldn't help but have deep sneers in their eyes.

Someone couldn't help but said: "This boy is indeed domineering, but he has no idea how powerful the Demon Moon Sect is around here. The guard he killed was the ninth guardian of the Demon Moon Sect. His younger brother, the ninth guardian of the Demon Moon God Sect, will never let

this kid go. He will definitely kill him in public, and even expose his corpse on an old tree outside the city gate. Let's just wait and see the show. "

Chapter 4344 Sister Hong

At this moment, Ye Feng and Hei Lian walked directly into the Shenxu City.

Until this moment, Hei Lian was still a little unsure and asked, "Ye Feng, is it really okay for us to enter the Shenxu City so openly now?"

After all, Heilian was born as a wandering warrior and was alone since she was a child, so she did not feel any sense of security when facing a behemoth like the Demon Moon God Sect.

Now that they have offended the ninth guardian of the Demon Moon Sect, and the entire Shenxu City has been controlled by the Demon Moon Sect, Black Lotus is naturally very worried about the revenge from the Demon Moon Sect.

Hearing Hei Lian's worry, Ye Feng just smiled slightly and said: "Don't worry, when I came to the gate of Shenxu City, I had carefully sensed the entire Shenxu City in advance. There is no aura that makes me afraid, so it means that the personnel stationed by the Demonic Moon Sect in this Shenxu City are not that powerful. In this Shenxu City, we don't need to worry so much. As for the Demonic Moon Sect, Will the behemoth eventually send super strong men from the headquarters to deal with me? I think we should consider this later. We should finish our own affairs now, and then leave here and continue to enter God. In the ruins, search for good things left over from ancient times."

Hearing what Ye Feng said, Hei Lian felt a little relieved, and then said: "Okay, then I will take Ye Feng to the largest store in our Shenxu City to deal with the items in the wandering merchant's storage ring. thing."

Ye Feng immediately nodded, and then followed Hei Lian and walked quickly in a certain direction of the Shenxu City.

Soon, they came to the door of a large store.

This shop looks very grand. The door is made entirely of metal and has ancient totems carved on it. It looks very domineering.

The four characters "Eternal Store" are engraved on the plaque above the door of this store.

When Ye Feng saw this scene, his eyes suddenly revealed a look of deep surprise.

He couldn't help but laugh and said aloud: "You dare to use the word 'Eternal' to name your shop. It's really domineering. It shows that the owner of this shop must be an ambitious guy."

At this time, Heilian immediately smiled and introduced: "Ye Feng, this store is the largest store in our Shenxu City. If our previous Black Lotus team found any good practice in the Shenxu Land, Resources and good things that we cannot use ourselves will basically be sold in this shop. This big shop will basically recycle anything of value and exchange it for the cultivation resources you need. This is not the case in other small shops. It's very rare, because some small shops only accept certain items, but this big shop accepts almost everyone. Of course, the premise is that the items must be of value before he will accept them."

Hearing what Hei Lian said, Ye Feng immediately nodded and said loudly: "Since we want to sell the items in this wandering merchant's storage ring, we must find a large store like this that can fully take over the sale. Those Small shops are not interesting and only accept fixed items, which is too troublesome. "

At this moment, the two of them were talking and had already walked into this big shop.

The moment they walked in, the two of them immediately saw an extremely enchanting figure in a red dress, standing behind a counter in this shop.

At this time, Hei Lian walked over as if he had met an acquaintance, with a smile on her cold and beautiful face, and said loudly: "Sister Hong, I brought a good friend here this time. I hope Eternal Store can Collect all the good things from my good friend and exchange them for the cultivation resources he needs."

Obviously, Hei Lian often comes to this Eternal Store to exchange things, so he is very familiar with the front desk of this Eternal Store, that is, this extremely beautiful woman in a red dress.

At this moment, the front desk of the Eternal Store, known as Sister Hong, glanced at Ye Feng standing next to Heilian, and immediately couldn't help laughing and said: "Sister Heilian, this is yours. Martial arts partner?"

When Hei Lian heard what Sister Hong said, she couldn't help but shook her head immediately. A rare shy look appeared on her cold and beautiful face, and she said loudly: "Of course not, Ye Feng is me." good friend."

At this moment, Ye Feng stepped forward directly and said straight to the point: "Sister Hong, I brought a lot of good things this time. I hope I can exchange them for the cultivation resources I need at your Eternal Store. "

Sister Hong immediately sensed the cultivation aura on Ye Feng's body. It didn't seem to be as powerful as she imagined, but it gave her a very mysterious feeling.

She couldn't see through the young man in white in front of her.

This made Sister Hong's eyes suddenly reveal a look of deep surprise.

You know, Sister Hong has always been very accurate in judging people, and Sister Hong's own cultivation strength is not weak.

But the boy in white in front of her, whose cultivation level was lower than his, made her unable to see through him, and even gave him a mysterious and fearful feeling. Sister Hong's eyes suddenly revealed a look of surprise.

She couldn't help but glance at Hei Lian, as if she was guessing where Hei Lian knew such a mysterious young man in white.

What is the identity of this boy in white?

However, Sister Hong didn't ask too much. After all, she was in business and couldn't ask more about the identity of her customers.

This is the rule in this industry.

So at this time, Sister Hong just smiled slightly, with a rather charming smile on her mature and enchanting face, and said loudly: "Brother Ye Feng, if you come to our Eternal Store to exchange cultivation resources, you will definitely come here." By the way, our store basically accepts all good stuff."

After saying that, Sister Hong walked out from behind the counter and looked at

Hei Lian and Ye Feng spoke up and said: "Come with me, I will take you to see the appraisal elder of our Eternal Store. Our appraisal elder will determine the value of that thing based on what you provide. Give you training resources of equal value."

After finishing speaking, Sister Hong glanced at Ye Feng and couldn't help but ask: "By the way, Brother Ye Feng, what are the specific cultivation resources you need? I need to see if our Eternal Store has what you need. s things."

Ye Feng immediately smiled and said: "Anything that can improve your skill is fine, such as heavenly materials and earthly treasures, various elixirs that improve your skill, or some energetic crystals and gems, beast inner elixirs, etc. Can."

Hearing what Ye Feng said, Sister Hong's eyes suddenly showed a look of surprise. It seemed that she did not expect that Ye Feng was actually a practitioner who wanted to forcibly improve his skills.

This kind of practice has great hidden dangers.

So at this time, Sister Hong's expectations for Ye Feng have dropped a lot.

Because she felt that people who cultivated through this method of forcibly improving their cultivation generally had little future.

However, Sister Hong probably never imagined that Ye Feng's devouring ability to forcibly improve his cultivation level was unique in the world, and it was completely different from what she understood about the situation of forcibly improving his skill level.

Ye Feng's martial arts foundation is so strong that there will be no future troubles at all.

But at this time, even if Ye Feng knew Sister Hong's inner thoughts, he would only smile slightly and not say anything more.

After all, for Ye Feng, there is no need for everyone around him to realize how extraordinary he is.

Because if you are really extraordinary, then there is no need to explain too much to the people around you.

Those who understand will naturally understand.

For those who don't understand, there's no need to explain anything more, just let them understand.

Just do your own thing well.

Chapter 4345 Bold Behavior

At this time, Sister Hong took Ye Feng and Hei Lian directly to a small room inside the Eternal Store.

In this small room, there was an old man wearing a gray robe sitting.

Sister Hong immediately introduced with a smile: "This person is the chief appraisal elder of our Eternal Store. As long as the things you give are valuable enough, our Eternal Store will also redeem you with satisfactory cultivation resources."

Ye Feng nodded at this moment, and without wasting any time, he poured out all the things he had previously taken from the wandering businessman's storage ring.

The wandering merchant has been doing business for so many years, and his life's accumulation is stored in this storage ring. There are many weapons and armors, inherited secrets, some strange gems, and all kinds of good things he got in other major interfaces. thing.

For example, a crown inlaid with gems, a scepter with mysterious power, etc.

Ye Feng had no use for these things, but after Ye Feng took them all out at this moment, the eyes of several people present were indeed surprised.

It seemed that Ye Feng, an ordinary-looking young man in white, had collected so many things on his body. ??

At this moment, Sister Hong looked at Ye Feng with a hint of speculation.

She guessed who Ye Feng was and why he was able to collect so many good things.

And there are many things that even Sister Hong, an old member of Eternal Store, has never seen before, which shows that Ye Feng's experience is definitely very rich.

At this time, Sister Hong became a little curious about Ye Feng.

At this moment, the appraisal elder of the Eternal Store in the small room suddenly lit up when he saw so many things that Ye Feng took out at once.

The appraisal elder sat up directly from his seat

When he came, he couldn't help but said: "It takes many years of accumulation to be able to collect so many things from various places. Is this little brother a wandering businessman?"

At this moment, Ye Feng's eyes revealed a look of surprise when he heard what the appraisal elder said.

Unexpectedly, the evaluator of the Eternal Store was very discerning, and he immediately guessed that these things belonged to the wandering merchant.

In this regard, Ye Feng didn't say much. He just nodded with a smile and said: "Senior, let's see how much these things are worth. I will exchange them all for training resources that can improve my skills."

The appraisal elder nodded slightly and didn't ask any more questions. After all, he was only responsible for appraising the value of these things. There was no need to investigate how Ye Feng obtained these things.

At this moment, the appraisal elder immediately said: "There are so many things. It will take me half an hour to appraise them. Please wait for me a moment."

Hearing what the appraisal elder said, Ye Feng immediately smiled and said, "Okay, don't worry, we don't have anything else to do now anyway."

After saying that, Ye Feng and Hei Lian sat down on a chair in a corner of the room.

Sister Hong also came to Ye Feng at this time and asked, "Brother Ye Feng, are you really a wandering businessman? But it doesn't look like it."

Ye Feng smiled slightly at this moment and said loudly: "People should not be judged by their appearance."

Hearing what Ye Feng said, Sister Hong immediately understood that she probably wouldn't be able to find out Ye Feng's true identity.

right

At this point, Sister Hong didn't say much, she just smiled politely, then looked at Heilian, and couldn't help but said: "By the way, Sister Heilian, when you entered the Shenxu City, you should have discovered that we are now The entire Shenxu City is controlled by the powerful force of the Demonic Moon Sect, and now the Demonic Moon Sect has dispatched nine guardians to station in the entire Shenxu City. "

Hearing what Sister Hong said, Heilian immediately couldn't help but said angrily: "This Demonic Moon Sect is so overbearing that it wants to forcibly control the entire Shenxu City and also collect city fees. "

Sister Hong immediately said: "Not only the entrance fee, but from now on, our shops, doing business in the Shenxu City, will need to hand over huge amounts of training resources to the Demon Moon Sect every year, so that we can operate in this Shenxu City. We can do business safely, otherwise, we will be driven out of Shenxu City."

Hearing what Sister Hong said, Hei Lian's eyes suddenly showed a hint of coldness, and said loudly: "When Ye Feng and I finish our work here, we will prepare to leave Shenxu City permanently. Now, never come back."

Hearing what Hei Lian said, Sister Hong nodded slightly and said loudly: "For you wandering warriors, there is really no benefit in the Shenxu City. It will make the strong men of the Demon Moon Sect even worse. Let you hand over your wealth."

When she said this, Sister Hong suddenly showed an inexplicable look in her eyes, and suddenly said in a low voice: "Sister Heilian, do you have any idea of joining our Eternal Store?"

Hearing Sister Hong's question, Hei Lian's eyes suddenly froze and she couldn't help but said: "Your Eternal Store is for business, what's the use of me joining?"

Sister Hong immediately shook her head and said loudly: "That was before, no one was in charge of us in Shenxu City, and the Eternal Store could be safe."

Do business with peace of mind and don't deal with anyone, but now the Demon Moon Sect controls the entire Shenxu City. To tell you the truth, our distinguished shop owner of Eternal Store has been quietly recruiting some people from Shenxu City recently. Powerful wandering warriors join our Eternal Store, hoping to fight against the powerful men from the Demon Moon Cult who have descended on the Shenxu City. "

Hearing what Sister Hong said, a look of surprise suddenly appeared in Heilian's eyes. It seemed that he never thought that Eternal Store was secretly recruiting troops to fight against the strong men of Demon Moon Sect stationed in Shenxu City. .

This is a very bold act.

If he is discovered, it is very likely that the Demon Moon God Sect will arrange strong men in the Shenxu City to demolish the entire shop in an instant.

At this moment, Ye Feng, who was sitting aside, heard a look of surprise in his eyes when he heard the conversation between the two. It seemed that he did not expect that the owner of the Eternal Store would have such great courage and wanted to gather strength to fight against the devil. Luna Cult.

Ye Feng didn't say much about this, because Ye Feng felt that this kind of thing had nothing to do with him.

Ye Feng planned to exchange the cultivation resources he needed here, improve his cultivation, and open the Shenxu City as soon as possible.

After all, Ye Feng is now a member of the three top forces in the Northern Territory, such as the Blood Demon Dynasty, so he is not very interested in such small fights in the border areas and does not want to get involved and waste money. time.

What Ye Feng wants to do now is to collect more good things in the peripheral areas of the Land of Gods and bring them back to the royal family. He can obtain the resources of the royal family and improve his status in the royal family, and then wait for scavenging. The old senior Murong Changming, the sect leader of the security department, has returned from the deep area of the Shenxu Land and will return to the palace together.

Chapter 4346: Thorough consideration

While Ye Feng was thinking in his heart, the appraisal elder in this room had already appraised everything.

At this time, the appraisal elder walked directly in front of Ye Feng and said with a smile: "Master Ye Feng, I have appraised all your good things. They are worth nine million in total. You can go with us next." There are a total of nine million worth of cultivation resources exchanged in the Eternal Store. Do you want to exchange them all for cultivation resources?"

When Ye Feng heard this, his eyes suddenly showed a hint of surprise. He didn't expect that the goods in the wandering merchant's storage ring could be exchanged for cultivation resources worth a full nine million.

It has to be said that this wandering businessman has accumulated a lifetime of wealth, and ended up making a wedding dress for Ye Feng.

At this time, Ye Feng didn't hesitate at all, and immediately said: "Of course I want to exchange all of them for cultivation resources that can improve the practitioner's skills. Nine million, all of them."

Cash currency has no value to Ye Feng. The most valuable thing is to exchange it for something that can improve his cultivation skills.

At this time, hearing what Ye Feng said, the appraisal elder nodded directly, looked at Sister Hong not far away, and said loudly: "Miss Hong, go to the treasure house of our Eternal Store now and take out Cultivation resources worth nine million."

"Yes, elder."

At this moment, Sister Hong immediately walked out of the room without any hesitation and walked quickly towards a certain direction in the shop.

In the room, Heilian came to Ye Feng's side and immediately said with a smile: "Ye Feng, congratulations to you, you have exchanged so many worth of training resources. I hope you can make a breakthrough quickly."

At this moment, Hei Lian was speaking, her tone full of sincere hope.

Black Lotus really hopes that Ye Feng can get a breakthrough, because they have now offended the ninth guardian of the Demon Moon God Sect.

If Ye Feng gets a breakthrough and becomes stronger and stronger, then they will

The safer it is.

Ye Feng suddenly seemed to have thought of something at this time. He suddenly looked at Hei Lian beside him and asked with a smile: "By the way Hei Lian, that sister Hong seemed to have invited you to join this Eternal Store. Have you agreed?"

When Hei Lian heard Ye Feng's question, he couldn't help but smile and said, "I didn't agree because I want to be with Ye Feng next."

Hearing what Hei Lian said, a look of surprise suddenly appeared in Ye Feng's eyes. It seemed that he did not expect Hei Lian, a wandering warrior, to be willing to follow him.

Ye Feng stared at Hei Lian's beautiful and cold white face in front of him, with a hint of complexity in his eyes. He was thinking about whether he should tell Hei Lian his true identity, that he was a member of the Blood Demon Dynasty. Following him, he must leave this sacred ruins land where Heilian was born and grew up in the future.

For Ye Feng, the land of Shenxu may be just a place of trial and a place where he works as a member of the scavenger department.

But for Heilian, the land of Shenxu is definitely her hometown.

So at this time, Ye Feng was thinking about whether to tell Hei Lian directly about his true identity.

But before Ye Feng could say anything, Sister Hong's figure suddenly came outside the room.

At this time, Sister Hong walked directly in front of Ye Feng, handed a purple storage ring to Ye Feng, and said loudly: "This storage ring contains cultivation resources worth a total of nine million. They are all resources that can directly enhance a practitioner's skill and blood energy, including various heavenly materials, earthly treasures, elixirs, and some special energy crystals, etc. And for you, a big customer, I have specially selected one worth a whole Five hundred thousand ancient earth dragon's inner elixirs are placed in this batch of cultivation resources, which is considered as an extra benefit for you.

, I hope that in the future, big customers like you, Mr. Ye Feng, will take care of the business of our Eternal Store. "

Hearing what Sister Hong said, Ye Feng's eyes suddenly revealed a look of deep surprise, and he quickly said, "Okay, thank you very much."

At this time, Ye Feng's impression of this Eternal Store immediately improved.

At this moment, Ye Feng was very lucky that he followed Hei Lian and came to this Shenxu City.

Only in Shenxu City, a city with very prosperous transactions, can it be possible for oneself to obtain so many cultivation resources.

At this time, Ye Feng didn't hesitate at all. He directly took the storage ring and took out all the cultivation resources in it.

At this moment, Ye Feng took stock. , determined to be worth about nine million, he immediately looked at Sister Hong in front of him, and couldn't help but said: "Sister Hong, now I need a quieter place to retreat and practice. I wonder if there is such a thing in your eternal store. A quieter place?"

Hearing what Ye Feng said, Sister Hong immediately smiled, as if she had expected that Ye Feng would ask such a question, and said: "Don't worry, I have reserved a place like this for you a long time ago. You Just follow me now."

When Ye Feng heard Sister Hong say this, a strange look suddenly appeared in his eyes. It seemed that he did not expect that Sister Hong from the Eternal Store would be so thoughtful.

As expected of a receptionist at the front desk of a large store, his thoughts are crystal clear and his thoughts are perfect.

At this moment, Ye Feng looked at Hei Lian beside him and said loudly: "Hei Lian, please come with me, you can protect me."

Black Lotus knew that Ye Feng wanted to devour these cultivation resources and did not want others to disturb him.

At this time, Hei Lian immediately nodded and said, "Okay."

At this moment, Ye Feng and Hei Lian immediately followed Sister Hong towards this

Walking quickly in a certain direction of the Eternal Store.

They walked out of the room, then walked around until they came to the door of an antique room.

At this moment, Sister Hong immediately smiled and said aloud: "This house is a retreat place specially built for distinguished guests by our Eternal Store. No one can disturb you, so you can practice here with peace of mind. Bar."

Hearing what Sister Hong said, Ye Feng immediately clasped his fists slightly and said, "Thank you very much."

After saying that, Ye Feng followed Hei Lian directly into the room.

At this moment, Hei Lian did not hesitate at all, and stood directly at the entrance area of the room to protect Ye Feng.

At this time, Ye Feng did not hesitate at all. After closing the door to the room, he took out all the training resources worth more than 9 million yuan in the storage ring.

Including the inner elixir of the ancient earth dragon that was given as a gift.

boom!

Ye Feng directly released his Devouring Domain and began to devour.

Rumble...

At this moment, a stream of very powerful energy began to pour into Ye Feng's dantian.

At this time, Hei Lian watched Ye Feng's devouring process, with a look of deep amazement in his eyes.

Because whether it is the medicinal power of the elixir, the demonic essence of the beast's inner elixir, or the energy of unknown attributes in some energy crystals.

All kinds of power can be swallowed up by Ye Feng and integrated into his current skills.

This is simply unthinkable.

But at this moment it is happening in front of my eyes.

This naturally made Hei Lian very amazed.

At this time, Ye Feng's cultivation aura suddenly began to rise steadily.

Chapter 4347 Extreme contempt

With the injection of energy, the bottleneck of Ye Feng Yuan Ding Realm's tenth level began to loosen.

"boom!!"

Finally, at a certain moment, accompanied by a terrifying roar, Ye Feng's bottleneck was finally shattered by the majestic energy.

It is a direct breakthrough to the half-step monarch realm above the Yuanding realm!

At this time, Ye Feng's eyes suddenly showed a hint of surprise.

But it also has a hint of complexity.

Unexpectedly, after my current cultivation has reached such a high level, every breakthrough will be like a bottomless pit.

Now I have devoured a total of nine million worth of cultivation resources, although I have overcome a big bottleneck and entered the half-step monarch realm.

But it also consumed more than nine million cultivation resources.

At this moment, Ye Feng was still very happy after all.

After all, this is a huge bottleneck.

Once you break through to the Half-foot-step Monarch Realm, you are not far away from the real Dao Monarch Realm.

At this time, Ye Feng looked at Hei Lian who was standing at the door to protect him. He immediately stood up and said with a smile: "Hei Lian, I have devoured all the cultivation resources. Now we can leave this Eternal Store directly. "

Hei Lian was also very happy at this time, and couldn't help but say: "Ye Feng, I didn't expect you to break through the big bottleneck so quickly and directly break through to the Half-Step King Realm. Now your cultivation is the best in the entire Shenxu City. Among them, it is definitely very high."

At this moment, Heilian knew very well that Ye Feng's cultivation had reached such a high level, and Ye Feng's combat power was still so powerful, far exceeding that of warriors of the same level.

Therefore, Ye Feng's current combat power must have been upgraded to a very powerful level.

At this time, Ye Feng and Hei Lian simply walked out of the room, thinking

You need to leave this eternal shop and go to the land of Shenxu, and continue to search for all kinds of hidden good fortune and good things in the land of Shenxu.

But at this moment, they had just walked out of the store.

boom!

Before the two of them left the Eternal Store, a very terrifying roar suddenly came from not far away.

Sensing the roar at this time, Ye Feng and Hei Lian immediately looked at each other.

Heilian couldn't help but said: "It seems that there is a sound of fighting at the door of Eternal Store."

Ye Feng immediately nodded and said, "I can feel that the warriors who are fighting seem to be very powerful."

After saying that, Ye Feng immediately took Black Lotus and flew quickly towards the entrance area of the Eternal Store.

When they arrived at the door of the Eternal Store, they saw several warriors lying on the ground, beaten to death and vomiting blood.

These warriors are all wearing clothes from Eternal Store.

At this time, Sister Hong, the receptionist at Eternal Store, looked very ugly at this moment. She was standing at the door and seemed to be confronting someone.

Not far in front of Sister Hong, standing was a young man wearing black armor.

This young man wearing black armor gave people the impression that his cultivation aura was very powerful, and his eyes were very deep, and he seemed to have incredible means.

The cultivation aura on his body was clearly the cultivation aura of the Great Perfection of the Tenth Level of the Dao Lord Realm.

I have to say that this person is still very powerful.

At this moment, Heilian's eyes immediately showed a trace of surprise, and he couldn't help but said: "In the Shenxu City, there is no one who can have such a powerful cultivation level, this young man wearing black armor." , shouldn't he be a strong man from the Demon Moon God Sect?"

And just after Hei Lian finished speaking, the young man wearing black armor not far away suddenly spoke to Sister Hong: "I originally had no grudges or grudges with your Eternal Store, but you actually want to stop me. If I go in to find the culprit who killed my brother, there is no other way. I can only kill everyone in your Eternal Store who wants to hinder me, so that I can serve as a warning to others."

At this moment, when the young man in black armor finished speaking, Ye Feng and Hei Lian, who had just walked out of the house not far away, immediately changed their eyes slightly.

Ye Feng immediately understood that this young man wearing black armor was the ninth protector of the Demonic Moon Cult. No wonder he was so powerful.

It turns out that he came here because he found his traces and wanted to find him to avenge his brother.

But in the end, Sister Hong from the Eternal Store seemed to prevent him from entering the Eternal Store and disturbing his cultivation.

At this time, Ye Feng's impression of Sister Hong and the entire Eternal Store improved once again.

I didn't expect that this Eternal Store would still value friendship.

Uh-huh!

At this moment, Ye Feng suddenly stepped forward, looked at the young man wearing black armor not far away, who was the ninth protector of the Demon Moon God Cult, and said loudly: "I killed your brother. Just come to me directly if you need anything, don't bring trouble to others."

At this time, Ye Feng said, and directly hit Wan Wan who was beaten half to death by the ninth guardian on the ground.

The warriors in the ancient store helped him up one by one, and then each of them gave him a healing elixir and said, "Leave it to me next."

After saying that, Ye Feng walked slowly towards the ninth guardian.

At this time, seeing Ye Feng taking the initiative to stand up, Sister Hong, who was not far away, couldn't help but her eyes changed slightly, and she said loudly: "Master Ye Feng, this ninth guardian of the Demon Moon God Sect is really too good. If you are too strong, you can't defeat him, but you still have to go inside our store, and our store will protect you."

Hearing what Sister Hong said at this moment, Ye Feng immediately smiled, looked at Sister Hong, and said loudly: "Don't worry, this is a personal grudge between me and the Ninth Guardian. There is no need to implicate your Eternal Store, and To be honest, I don't pay attention to this Ninth Guardian at all."

Hearing what Ye Feng said, the ninth guardian of the Demon Moon God Sect not far away immediately showed a cruel smile in his eyes and said loudly: "You are really arrogant, no wonder you dare to kill me in public." Brother, but now in front of me, you are just a lamb waiting to be slaughtered. Next, I will let you know what cruelty and despair are under the spotlight."

boom!

Almost at the moment when the Ninth Protector's voice fell, he suddenly erupted with the terrifying cultivation aura of the Tenth Heavenly Perfection of the Dao Lord Realm, making the surrounding group of warriors unable to help but retreat one after another, even though they were separated from each other. Even though he was far away, he couldn't bear the terrifying momentum.

The ninth protector didn't even use any inherited martial arts, nor did he use any weapons. He just stretched out a hand, transformed into a big black hand, and grabbed Ye Feng.

Obviously, his attacking posture was very contemptuous. He simply regarded Ye Feng as an ant and wanted to crush Ye Feng to death with one hand in the easiest and easiest way on the spot.

Chapter 4348 Just sit in the well and look at the sky

boom!

It has to be said that the ninth guardian of the Demon Moon God Sect is still very powerful in cultivation.

The big black hand he transformed at this time was full of terrible pressure, as if it could crush everything into pieces in an instant.

But at this moment, Ye Feng did not give in at all, but chose to fight head-on.

Uh-huh!

Ye Feng waved his fist directly, and the power of the Celestial Clan suddenly burst out from his fist.

Ye Feng's God's Fist turned into pure gold and had very powerful power. It suddenly collided with the big black hand transformed by the Ninth Guardian.

Boom! !

Almost at the next moment, the two collided, and a huge roar suddenly broke out.

Then under everyone's incredible gaze, Ye Feng was evenly matched with the Ninth Guardian.

Both couldn't help but take several steps back.

"What?"

"How can this be??"

After seeing this scene, not to mention everyone watching around, even the Ninth Guardian himself, all suddenly showed deep horror in their eyes.

He immediately stared at Ye Feng's golden fist, and couldn't help but said: "Boy, what kind of special physique do you have? What kind of martial arts inheritance does this golden fist have? It can change the power of your body." Must be so powerful?"

The Ninth Guardian didn't know at all that Ye Feng didn't use some inherited secret technique to make his fist so powerful.

But Ye Feng's own fists were no longer the fists of ordinary people, but had become the fists of the ancient immortal Celestial Clan.

After Ye Feng's fists were tempered to the tenth level, they directly became the God's Fist of the Celestial Clan, which was naturally very powerful.

At this time, Ye Feng did not hesitate and continued to use the Eye of God.

This is the eye of the god formed after Ye Feng's immortal body entered the second stage of the eye level and was tempered to the tenth level of perfection.

Boom!

At this moment, in Ye Feng's two eyes,

Immediately, two crimson lasers burst out, possessing extremely terrifying high temperature and radiation energy, and suddenly bombarded the ninth guardian in front.

"Pfft!"

Almost at this moment, accompanied by a sound of flesh and blood penetrating, the red laser burst out from Ye Feng's Eye of God, the speed was too fast.

It was like two red lightning bolts that suddenly penetrated one of the arms of the Ninth Guardian in front of him.

It has to be said that Ye Feng first aimed at the head of the Ninth Guardian, but at the critical moment, the Ninth Guardian finally reacted and, in a hurry to dodge, penetrated one of his arms.

At this moment, the wound on the arm that was penetrated immediately began to burn towards the surroundings, as if it was going to burn his entire arm into ashes.

The Ninth Guardian immediately shouted: "Qilin Arm!"

Boom!

At this moment, the body of the Ninth Protector seemed to contain the blood energy of the ancient Qilin. His arm immediately expanded rapidly and turned into an arm and arm covered with crimson scales, as well as the Qilin's The claws look very ferocious and vigorous, full of powerful power.

The Ninth Guardian immediately stared at Ye Feng, who was not far away, with a look of uncertainty in his eyes.

He seemed to have never thought that Ye Feng, a being who was one and a half levels lower than him in cultivation, was not as weak as he imagined. Instead, he had various powerful means and extremely terrifying fighting power.

At this moment, for the first time, the Ninth Guardian felt a deep sense of caution towards Ye Feng, no longer as contemptuous as before.

Uh-huh!

At this time, Ye Feng didn't hesitate at all. He didn't give the Ninth Guardian time to react, and directly used void teleportation to fly in front of the Ninth Guardian.

The golden fist, the size of a sandbag, struck hard in front of the Ninth Guardian.

No

After this moment, the ninth protector was certainly not weak. He directly used his Qilin arm, which had inspired the Qilin bloodline, and collided fiercely with Ye Feng's golden fist.

Boom! !

It was accompanied by a terrifying roar.

"Crack!"

Suddenly, the scales on the surface of the ninth protector's unicorn arm were shattered by Ye Feng's golden fist.

"What??"

Seeing this scene, the Ninth Protector immediately couldn't help but said in horror: "How is it possible? What kind of physique do you have? My Qilin arm is cast from the blood of the ancient Qilin. Once my arm changes In the state of the Qilin Arm, it can absolutely break everything, as if it were made of divine iron. How could your golden fist break all my Qilin scales?"

Ye Feng just smiled coldly at this time and said: "Then I can only say that you are too ignorant. You have to know that there are people outside the world, and there is a sky outside the world."

Boom!

At this moment, Ye Feng no longer hesitated and completely suppressed the ninth protector.

Then he took out his giant-toothed sword and slashed hard at the ninth protector.

The ninth protector of the Demon Moon God Sect also took out a black scepter from his storage ring, and then collided with the giant-tooth sword, and a terrifying roar suddenly broke out.

And at the next moment, Ye Feng didn't give the ninth guardian time to react, and directly released the special weapon he had obtained from the wandering merchant, the golden spear.

Uh-huh!

I saw a golden spear flying out from Ye Feng's body.

Then the golden spear quickly grew in size in an instant, and turned into a towering golden metal giant, full of unparalleled pressure. It directly crushed the ninth guardian to the ground, completely No more ability to fight.

At this time, the Ninth Protector immediately shouted in disbelief: "Impossible! This is absolutely impossible.

possible? ! How can you, a kid who is a whole level and a half below me, be so powerful in combat? And it's impossible for humble wandering warriors like you to possess so many endless special weapons and powerful treasures! ! "

At this moment, the Ninth Guardian did not know Ye Feng's true identity and thought that Ye Feng was as weak as a wandering warrior like Hei Lian.

But Ye Feng's endless array of weapons and powerful fighting power naturally shocked the ninth protector to the extreme.

So at this time, there was naturally a look of disbelief in his eyes.

At this time, Ye Feng said coldly: "You are just sitting in a well and looking at the sky. There are many people stronger than you in this world, and the Demonic Moon God Sect behind you is not actually a big force. , the real overlord of the Northern Territory is completely out of your reach."

"What? Are you from..."

At this moment, the Ninth Guardian seemed to have guessed something, and his eyes widened immediately, wanting to say something.

But the next moment, the golden metal giant transformed by the golden spear instantly crushed the exhausted foot protector and directly obliterated it.

"hiss!!"

At this moment, when everyone on the field saw this scene, they couldn't help but gasped.

No one thought that the mighty ninth guardian of the Demon Moon God Sect would die in the hands of a young wandering warrior.

At this time, Sister Hong looked at Ye Feng with a look of deep horror.

She never thought that a young man like Ye Feng with an unspectacular appearance would possess such terrifying fighting power, much more powerful than the top wandering warrior she knew like Hei Lian!

Previously, Sister Hong thought that Ye Feng's exchange for pills that could forcibly improve his cultivation skills was a way of counterproductive, and she felt that Ye Feng was just a mediocre warrior after all.

But now she suddenly saw Ye Feng's terrifying fighting power, and she immediately understood in her heart that Ye Feng was definitely a mysterious existence that he could not imagine or guess at will!

Chapter 4349 The owner of the shop  
powerful!

Incredibly strong!

No one thought that Ye Feng, a young man who didn't look amazing, could have such terrifying strength.

In a short period of time, the extremely powerful Ninth Guardian of the Demon Moon God Cult was killed.

You must know that although this ninth protector is the ninth-ranked protector in the Demon Moon Cult, to be able to become a protector-level existence, the cultivation level is very powerful.

So at this time, everyone present was in disbelief.

Because according to their original expectations, even if Ye Feng could defeat the Ninth Guardian, it was absolutely impossible to kill the Ninth Guardian.

But the reality is far beyond what everyone can imagine.

So at this time, everyone in the audience was stunned, staring at Ye Feng standing on the court.

At this moment, Hei Lian was also a little shocked, as if he did not expect Ye Feng to be able to fight against a protector-level existence in the Demon Moon Sect.

However, while Hei Lian was happy and excited in her heart, she was also very worried about Ye Feng's future.

Because what Ye Feng killed now was only the ninth guardian of the Demon Moon God Sect.

In this huge Shenxu City, there are eight other more powerful protectors.

And you must know that the nine guardians in total are just strong men stationed in the Shenxu City sent by the Demonic Moon Sect.

The real headquarters of the Demon Moon Sect is located relatively close to the Shenxu City. It is a behemoth and an extremely powerful force.

So now that Ye Feng has killed the ninth protector, he has completely offended the entire Demon Moon Sect.

It is estimated that the entire Demon Moon Sect will continue to hunt Ye Feng.

And just when Hei Lian was worried about Ye Feng, Ye Feng seemed to feel that he had just done a trivial thing.

At this time, Ye Feng did not hesitate and directly released the Devouring Domain and began to devour the Ninth Guardian of the Demonic Moon Sect who had just been killed by him.

The cultivation level of this ninth protector is still very powerful, a whole realm and a half higher than that of Ye Feng.

So after Ye Feng swallowed it, he could immediately feel very

The powerful skill was immediately injected into his Dantian, making Ye Feng feel that his cultivation momentum was rising again.

You know, Ye Feng just devoured more than 9 million worth of cultivation resources and achieved a breakthrough in his cultivation, which made Ye Feng very happy.

Unexpectedly, the ninth protector came to cause trouble and was about to be devoured by him again.

So at this time, Ye Feng was naturally delighted and began to devour the mighty power of the ninth protector.

Buzz!

At the next moment, Ye Feng's skill suddenly began to surge.

Powerful magic power surged rapidly through Ye Feng's limbs, causing Ye Feng to immediately gain unprecedented growth and accumulation of skill.

Boom! !

Finally, at a certain moment, Ye Feng's vigorous skill and energy made a complete breakthrough in his cultivation.

Ye Feng's body suddenly burst out with an extremely powerful aura of cultivation, which immediately gave Ye Feng a qualitative breakthrough in his cultivation.

Successfully broke through from the Half-Way Monarch Realm to the real Dao Monarch Realm First Level!

At this time, the complete breakthrough of this big bottleneck caused Ye Feng to suddenly erupt with an unprecedented terrifying momentum.

Ye Feng could feel that his combat power had definitely improved by hundreds of times, and it was unknown how much stronger it was than before.

This made Ye Feng's eyes suddenly show deep excitement.

Breaking through to the first level of the true Daojun Realm means that Ye Feng's combat effectiveness has undergone earth-shaking changes.

At this time, Ye Feng no longer had any fear of the other protectors in the Shenxu City.

At this moment, Ye Feng was thinking in his heart, if other guardians really dared to come and cause trouble for him, then Ye Feng wouldn't mind letting them know what real power is.

At this moment, Ye Feng didn't care about the shocked eyes of the people around him, he just looked at Hei Lian not far away, smiled and said: "Hei Lian, since you have to do it,

Everything is done, let's get out of here. "

Hearing what Ye Feng said, Hei Lian nodded quickly and walked directly in front of Ye Feng to leave with Ye Feng.

"Wait a moment."

But suddenly at this moment, Sister Hong's voice suddenly sounded from behind.

At this time, Ye Feng's eyes showed a trace of doubt. He looked at Sister Hong behind him and couldn't help but asked: "Sister Hong, is there anything else?"

At this time, Sister Hong immediately walked up to Ye Feng, with an admiring smile on her charming face, and then said loudly: "Master Ye Feng, we have all seen your great strength, and the shops of our Eternal Store The owner also saw it. The owner of our Eternal Store just now secretly sent me a message, asking me to keep Mr. Ye Feng. He said that he had something very important to discuss with Mr. Ye Feng. I hope Mr. Ye Feng will If you can stay in our Eternal Store, I will take you to see the owner of our store tonight. The owner of our store is in retreat at a critical moment and cannot come out immediately. Please forgive me."

Hearing Sister Hong say this, Ye Feng's eyes revealed a look of surprise.

Unexpectedly, his own battle would alarm the owner of the Eternal Store.

You must know that the strength of this Eternal Store is still very deep. It is the largest store in the entire Shenxu City, and its business is spread over a wide area.

So at this time, the identity of the owner of this Eternal Store must be very noble, and he is a big shot level existence.

Now the owner of the Eternal Store actually sent a message to Sister Hong, asking him to stay and discuss important matters with him face to face.

This made Ye Feng's eyes reveal a curious look.

Don't know what exactly happened.

However, Ye Feng still had some hesitation.

Because Ye Feng felt that there was no point in staying here now.

What Ye Feng wants to do more now is to continue to enter the land of Shenxu and search for various materials and good things.

However, when Ye Feng came to Shenxu City, he did get a lot of benefits.

the benefits of.

So at this time, Ye Feng was embarrassed to refuse Sister Hong's invitation directly.

Just when Ye Feng was hesitating, Sister Hong seemed to have received some secret transmission, and a look of deep shock suddenly appeared on her face.

Then she looked at Ye Feng and couldn't help but said: "The owner of the shop just sent me another message. As long as Young Master Ye Feng is willing to stay and discuss important matters with our owner of the shop, our owner of the shop is willing to give it to us for free right away. Give Young Master Ye Feng 30 million worth of training resources to show your sincerity, and this is just an appetizer."

Hearing Sister Hong in front of him say this, not to mention Ye Feng himself, even the other people watching around him, as well as Hei Lian, couldn't help showing deep shock in their eyes.

They never thought that the owner of the Eternal Store would be willing to send Ye Feng such huge benefits in advance just to let Ye Feng meet him to discuss a matter. He would directly give it to Ye Feng worth three thousand yuan. Thousands of practice resources.

At this time, when Ye Feng heard Sister Hong say this, his eyes immediately lit up.

You know, the reason why Ye Feng went to the land of Shenxu was mainly to find the opportunities hidden in the land of Shenxu.

But now that the owner of the Eternal Store wants to discuss something with him and directly give him training resources worth 30 million for free, Ye Feng is naturally very interested.

At this moment, Ye Feng immediately gave up the last trace of hesitation in his heart, looked at the charming Sister Hong in front of him with a smile, and said loudly: "Okay, since the owner of your Eternal Store is so sincere, then I will stay here temporarily. Get off, let's see what kind of things your Eternal Store owner wants to discuss with me."

When Sister Hong saw that Ye Feng had agreed, she immediately stretched out her plain white hand with a smile on her face and took Ye Feng's arm. She seemed to be very close to him on purpose, and bursts of fragrance came over her.

She directly pulled Ye Feng towards the Eternal Store, and said with a smile: "Master Ye Feng, you are now the target of our store owners. You are definitely the most distinguished guest among the distinguished guests. As long as Ye Feng We, the Eternal Store, can agree to any request you have, and personally, I can fully agree to any request you have, as long as it makes you satisfied and happy, Master Ye Feng."

Chapter 4350 More admiration

At this time, seeing Sister Hong being so close to Ye Feng, Hei Lian, who was standing aside, suddenly showed an inexplicable look in her beautiful and cold eyes.

Uh-huh!

I saw Hei Lian hurriedly stepped forward, took Ye Feng's other arm, and said loudly: "Sister Hong, we can just rest and retreat in a room before I take Ye Feng to go. Wait until night, Sister Hong, please go back Take Ye Feng to see the owner of the shop."

After saying that, Hei Lian took Ye Feng's arm and walked quickly towards the inner area of the Eternal Store, leaving Sister Hong where she was.

Seeing this scene, Sister Hong just showed a faint smile on her charming face and didn't say much.

Because she knew that her sister Heilian, who had always been cold and cold, had probably fallen in love with Ye Feng.

But Sister Hong also knows very well that a young, promising and handsome boy like Ye Feng, who is so powerful and acts so domineering, will naturally be very attractive to a cool girl like Hei Lian.

Because Hei Lian is definitely the kind of girl who admires the strong.

After all, Heilian had grown up in a chaotic place like Shenxu City, and as a wandering warrior, he had long been accustomed to seeing all kinds of bloodshed.

Ordinary boys have no attraction at all to cold and charming girls like Hei Lian.

But Ye Feng, a handsome young man who also possesses very strong strength, is naturally particularly attracted to Hei Lian.

At this moment, Heilian took Ye Feng back to the retreat house in Eternal Store.

At this time, Hei Lian couldn't help but said: "Ye Feng, you will go to see the owner of the shop at night. Let's stay in this room from now on."

Ye Feng nodded and said aloud: "I don't know if this shop owner has anything special to discuss with me, but he is actually willing to give me a total of 30 million worth of cultivation resources. I guess he must want to I'm going to do something very dangerous."

Hearing what Ye Feng said, Heilian immediately showed a trace of speculation in his eyes and said loudly: "Ye Feng, do you think this owner of the Eternal Store wants to find you to deal with the garrison?" Are there strong men from the Demonic Moon Sect in this city? But the strong men from the Demonic Moon Sect stationed in this city also have eight other protectors, and each one is getting stronger and stronger. I think this This matter is extremely dangerous and needs to be carefully considered."

Ye Feng nodded and said aloud: "It should be this, otherwise, he would not have spent such a huge amount of money to keep me here."

At this moment, Ye Feng was talking, with a hint of anticipation in his eyes.

Because there will soon be people from this eternal store who want to give away

Give yourself 30 million worth of cultivation resources.

If you devour the thirty million worth of cultivation resources by then, you will definitely be able to further improve your cultivation.

While Ye Feng was thinking secretly, Hei Lian beside him seemed to have thought of something. Suddenly, an inexplicable look appeared in his pair of beautiful and cold eyes.

At this time, Heilian suddenly looked at Ye Feng in front of him and said loudly: "Ye Feng, you saved my life before. I have always been very grateful to you, but I was always in the ruins of the Shenxu Land. So I don't have time to repay you, Ye Feng, you saved my life, I am willing to give everything I have to repay you."

Hearing what Hei Lian said, Ye Feng's eyes suddenly showed a look of surprise, because he heard the meaning of Hei Lian's words, and the other party seemed to want to repay him in a special way.

In response to this, Ye Feng's face suddenly showed a look of astonishment, and then he couldn't help but smile, shook his head, and said: "Heilian, you don't have to be so grateful to me, I saved you before, Mainly because I want to get the inheritance of the ancient power in that tomb, but I just do it casually."

Hearing what Ye Feng said, Hei Lian immediately shook his head, with a serious look on his beautiful face, and said loudly: "Whether Ye Feng saved me casually or specifically, the result will be the same." You saved my life. I grew up in a chaotic place like Shenxu City. It was Ye Feng who gave me a warm feeling that I had never experienced before. So you saved my life. I must repay you. Even, I am willing to give everything I have to repay you."

After finishing speaking, Heilian's beautiful and cold face suddenly showed a look of nervousness about unknown things.

Then, she lowered her head slightly, and her graceful, tall and charming figure slowly walked towards Ye Feng...

night.

Sister Hong came to the room where Ye Feng and Hei Lian were.

Seeing Ye Feng, Sister Hong immediately smiled and said: "Master Ye Feng, the time has come. The owner of our shop has come out of seclusion and practice, and is now in the innermost hall of our Eternal Shop. We are waiting for your arrival, Mr. Ye Feng."

Hearing what Sister Hong said, Ye Feng immediately nodded, with a hint of anticipation in his eyes, as if he was guessing what the owner of the Eternal Store was looking for for something particularly important.

At this time, Ye Feng seemed to have thought of something, and suddenly said: "By the way, Sister Hong, that one worth 30 million

When will the training resources be delivered? "

Hearing what Ye Feng said, Sister Hong immediately smiled, stretched out her hand, and a storage ring appeared in her palm, and said aloud: "The cultivation resources worth 30 million are in this storage ring. Stored."

When Ye Feng saw this, he immediately took the storage ring into his hands in surprise.

At this moment, Ye Feng looked at the black lotus in the house, smiled and said: "You wait for me here, I will follow Sister Hong to meet the owner of the Eternal Store."

Hearing what Ye Feng said, Hei Lian nodded immediately, with a rare and well-behaved look on his beautiful and cold face, and said: "Okay, I'll wait for Ye Feng here." you come back."

Ye Feng immediately nodded, and then walked out of the room with Sister Hong and walked quickly towards the inner area of the Eternal Store.

On the way, Ye Feng used his soul power to explore the cultivation resources in the storage ring, and his eyes suddenly showed surprise.

I have to say that Eternal Store is very sincere and indeed has cultivation resources worth about 30 million.

There are all kinds of miraculous elixirs, as well as heavenly materials and earthly treasures, as well as some energy crystals that Ye Feng has never seen before. He probably doesn't know where he

found them, including the inner elixirs of some ancient beasts. They are the size of a human head and exude a strong of evil spirit.

Anyway, these cultivation resources can basically provide Ye Feng with tremendous energy.

So at this moment, Ye Feng didn't hesitate at all and started to silently devour the training resources in the storage ring on the spot.

Because Ye Feng knew very well that if he didn't swallow it immediately, if he put this storage ring on him, he would probably forget it because of the many things in the future.

So at this time, Ye Feng did not dare to waste time and directly started to devour the entire thirty million worth of cultivation resources in this storage ring.

Boom!

At this moment, there was a burst of majestic energy. This energy included the medicinal power in the elixir, the demonic essence in the beast's inner elixir, the energy of heaven and earth in the heavenly materials and earthly treasures, and some special crystals in the energy crystals. All the energy was gathered into one furnace and absorbed into Ye Feng's body.

If it were an ordinary person, with so much energy of different attributes injected into his Dantian, he would probably explode and die in an instant.

But this does not exist for Ye Feng.

At this moment, Ye Feng's skill immediately began to increase steadily.

"boom!"

Daojun Realm Second Heaven

!

"boom!"

Daojun Realm Third Heaven! !

At this time, the cultivation resources worth a full 30 million were indeed impressive, allowing Ye Feng to break through the second heaven in a row and enter the third heaven of the Dao Lord Realm, which greatly increased Ye Feng's skills!

At this time, Ye Feng's eyes naturally showed deep joy.

At this moment, Sister Hong, who was standing next to Ye Feng and leading the way, sensed two powerful cultivation auras suddenly erupting from Ye Feng. It seemed that he had broken through directly, and he had broken through two levels in a row.

This made Sister Hong, who had always been well-informed, unable to accept it all of a sudden. She was so shocked that she couldn't help but ask: "Master Ye Feng, did you have an epiphany and breakthrough just now?"

Sister Hong's eyes were full of disbelief at this time.

She had never seen anyone walking before, and as she walked, her cultivation suddenly reached a breakthrough.

And it also broke through two realms.

This is really incredible!

Sister Hong didn't know that Ye Feng had already devoured all the training resources in the storage ring she had just given to Ye Feng.

Sister Hong thought that Ye Feng had an epiphany, so she was naturally horrified and shocked to the extreme.

Ye Feng didn't explain much at this time, but smiled slightly and said: "Basic operation, don't be shocked, just continue to lead the way."

Hearing Ye Feng's calm words, Sister Hong admired Ye Feng even more.

Possessing such a powerful talent, but also being so stable and calm, it shows that Ye Feng's state of mind has reached a level that ordinary people cannot touch.

At this time, Sister Hong suddenly understood why their extremely noble shop owner was willing to spend such a high price to keep Ye Feng, and even wanted to discuss some important matters with Ye Feng in person.

As expected, he was worthy of being a big shot like the owner of a shop. He had noticed Ye Feng's extraordinary qualities very early.

Only then did Sister Hong understand how extraordinary and unnatural Ye Feng was.

At this moment, Sister Hong was even more in awe of Ye Feng. She nodded quickly and continued to lead Ye Feng quickly towards a certain area inside the store.

At this time, Ye Feng also sensed a very frightening and terrifying aura coming from the deepest area of the Eternal Store.

Ye Feng immediately understood that the owner of the Eternal Store was definitely a very extraordinary guy. His cultivation level must be unfathomable and his methods were very powerful. Otherwise, it would be impossible to give him such a fearful feeling.
