Chapter 4351 Final decision

At this moment, there was a trace of curiosity in Ye Feng's eyes, and he followed Sister Hong and walked quickly towards the inner area of the Eternal Store.

Soon, they arrived at the deepest part of the Eternal Store.

There turned out to be a very grand hall built here.

This hall feels like a palace where the emperor lives.

Seeing this scene, Ye Feng suddenly had a look of surprise in his eyes.

It seems that the owner of this Eternal Store is very ambitious, and he actually built his residence to be extremely grand, like an ancient palace.

At this moment, Ye Feng looked at Sister Hong beside him and asked: "Is the owner of the shop here?"

Sister Hong immediately nodded and said with a smile: "We, the owner of the Eternal Store, have been waiting for you, Mr. Ye Feng, for a long time. Now, Mr. Ye Feng, you can just go in." ??

Ye Feng nodded slightly, and then suddenly asked: "Then how should I call your distinguished shop owner?"

Sister Hong immediately smiled and said: "The identity of the owner of the shop is very mysterious. He is the highest authority in our Eternal Store. My status is not high enough to know the name of the distinguished owner of the shop. Ye Feng If you are interested, you can go in and ask yourself."

Hearing what Sister Hong said, Ye Feng immediately nodded, no longer hesitating, but walked directly into the very magnificent palace in front of him alone.

The moment Ye Feng walked into the palace, he immediately saw a surprising scene.

I saw that the entire palace was empty.

There was only a young woman with black hair, a graceful figure, wearing black clothes, giving people a mysterious and infinite feeling, standing in this hall.

Seeing this scene, Ye Feng suddenly showed a look of surprise in his eyes.

Could it be that this mysterious-looking young woman in black is the owner of Eternal Store?

This made Ye Feng's face suddenly become a little surprised.

Unexpectedly, the owner of a super large store like the Eternal Store in my imagination,

It turned out to be a young woman who looked so beautiful.

However, Ye Feng could feel that the other party's cultivation aura was unfathomable.

In other words, this young woman is really the owner of this eternal store.

It was completely different from what Ye Feng had imagined.

The owner of the shop in Ye Feng's imagination was the image of a very majestic middle-aged man.

But I didn't expect it to be such a beautiful young woman.

At this moment, Ye Feng immediately stepped forward and said, "Are you the owner of Eternal Store?"

This mysterious young woman in black turned around, revealed a very delicate and beautiful face, smiled slightly, and said: "Young Master Ye Feng, you don't need to be so polite, just call me Miss Duan."

"Miss Duan?"

Hearing what this mysterious woman in black said, Ye Feng's eyes suddenly showed a look of surprise. He didn't expect that the other party would let him call her in such a casual way.

In this regard, Ye Feng didn't say much at this moment. He just nodded and said: "Okay, Miss Duan, you are the owner of this Eternal Store. I don't know what kind of discussion Miss Duan wants to discuss by inviting me here." matter?"

Hearing what Ye Feng said at this moment, this mysterious Miss Duan immediately smiled slightly, walked towards Ye Feng's direction, and then said aloud: "I sensed your extremely powerful Master Ye Feng while I was in retreat. The momentum of cultivation, so I know that Young Master Ye Feng's true combat power must be much stronger than what he showed just now, and I can also see that the inheritance that Young Master Ye Feng cultivates seems to be a very domineering one. The inheritance can plunder the energy of the outside world and use it for your own use to quickly improve your skills. Therefore, after comprehensive consideration, our Eternal Store has very rich resources that can provide you with Master Ye Feng to quickly improve your cultivation. Then Master Ye Feng, you Help us deal with the powerful men stationed in this Shenxu City by the Demonic Moon Sect."

Hearing what Miss Duan said, Ye Feng immediately asked:

"If all the strong men of the Demon Moon Sect are wiped out, does Miss Duan want to control the entire Shenxu City in her private capacity?"

Miss Duan immediately shook her head and said with a smile: "I am just a businessman. I just want to do business quietly. Now the strong men of the Demon Moon God Sect stationed here are doing business for us. Huge obstacles, so we must find ways to eradicate them. Recently, I have recruited many other wandering warriors, but none of them are of great use. But Mr. Ye Feng, I think you can be regarded as the number one battle of our Eternal Store. We must use our strength to deal with the strong men of the Demonic Moon Sect stationed in this Shenxu City."

Hearing what Miss Duan said, Ye Feng had a look of doubt in his eyes and said, "I can sense your cultivation aura. Miss Duan seems to be a very powerful existence, mysterious and unpredictable. Even I can't." There is no way to find out Miss Duan's true strength, but I know that Miss Duan is definitely much stronger than me. It should be very simple and easy for Miss Duan to deal with those strong men of the Demon Moon God Sect. Why doesn't Miss Duan take action herself? , and you need to spend such a high price to recruit so many wandering warriors, and even let me be the number one combat force? "

Hearing what Ye Feng said, Miss Duan suddenly smiled, and then said: "Because I can't take action, I can only do business quietly. I can't use my power unless it is absolutely necessary. As for why I can't use it My own strength, please don't ask Master Ye Feng any more, this is my secret, I'm sorry."

Hearing what Miss Duan said, Ye Feng's eyes suddenly showed a look of astonishment, and then he began to make deep guesses about the true identity of Miss Duan.

This Miss Duan's identity is absolutely extraordinary. She doesn't know where she comes from, but she can't exert her own power.

At this moment, when Ye Feng was thinking secretly, Miss Duan in the main hall suddenly said: "If we can kill those strong men of the Demon Moon Sect and let our Eternal Store control the entire Shenxu City, I will As the person behind the scenes, I can recommend you, Mr. Ye Feng, to become the new generation of city lord of the entire Shenxu City."

"Um?"

Hearing what Miss Duan said, Ye Feng's eyes immediately flashed slightly, and then

He said aloud: "I am not very interested in becoming the city lord of Shenxu City."

At this time, Miss Duan just smiled slightly and said aloud: "Master Ye Feng, you must know that the land of Shenxu, including the city of Shenxu, is a very unique existence. It is a zone where no one cares. In the entire Northern Territory, there is no There is a more special place than this. There is a lot of traffic here, and there are many big forces, and even wandering warriors. They trade here, and a lot of resources are generated every day. If Master Ye Feng, you can control the entire Shenxu City. , there will be a steady stream of resources in your hands, and when the time comes, our Eternal Store, as the largest store in the entire Shenxu City, will also support you secretly, and even provide you with various kinds of things that are not available on the market. Good things, such as some forbidden resources that cannot be circulated on the market, and a steady stream of various good things and goods from the land of Shenxu, including the entire Northern Territory."

Hearing what Miss Duan said, Ye Feng's eyes flashed suddenly, and he was suddenly moved by what Miss Duan said.

Although Ye Feng is now the deputy sect leader of the scavenger department of the Blood Demon Dynasty, this does not prevent Ye Feng from secretly controlling a chaotic city such as Shenxu City.

This is indeed of huge benefit to myself.

Because if Ye Feng works hard in the Blood Demon Dynasty, he may not be able to continuously obtain various training resources.

But if you can control the entire Shenxu City, the benefits you will bring to yourself will be very rich.

After all, Ye Feng knew very well that his future cultivation would require increasingly larger cultivation resources.

If he could really control the entire Shenxu City, it would mean that Ye Feng would have a huge logistical support to satisfy his rapid improvement.

What's more, there is Eternal Store, the largest store near Shenxu City, supporting him behind the scenes.

The secret identity of the city lord of Shenxu City can indeed be considered.

At this moment, seeing Ye Feng lost in thought, Miss Duan, who was standing in the main hall, did not say anything, but showed a slight smile on her delicate and beautiful face, waiting for Ye Feng's final decision.

Chapter 4352 The Emperor's Underground Palace

At this time, Ye Feng thought for a moment and felt that it was better to act than to act.

So the next moment, Ye Feng immediately looked at Miss Duan in front of him, smiled and said: "Okay, I am really moved by what Miss Duan said, and becoming the city lord of this Shenxu City does have a lot of meaning for me. Makes a lot of sense so I can give it a try."

Hearing what Ye Feng said, Miss Duan's eyes suddenly showed a look of joy, and then she said loudly: "This is a wise move."

At this moment, after Miss Duan finished speaking, Ye Feng asked with some confusion: "Shall we go directly to attack the strong men of the Demonic Moon Sect stationed in this Shenxu City now?"

Miss Duan shook her head and said aloud: "The strong men of the Demon Moon Sect stationed in this Shenxu City have a total of nine guardians. They are all protector-level existences in the Demon Moon Sect. They are very powerful. The Ninth Guardian, ranked ninth, has been killed by Mr. Ye Feng, but the other Guardians are stronger than the last, especially the First Guardian, who is ranked first. It is said that his cultivation strength is very terrifying, so we are still Plan long term."

Ye Feng couldn't help but shook his head and said aloud: "I killed the Ninth Guardian in public at the entrance of your Eternal Store. It is estimated that other Guardians will come to trouble me soon. We can't wait for that. "How long?"

Miss Duan immediately smiled and said: "They came just in time. I have already set up a huge formation in our entire Eternal Store. If the guardians of the Demon Moon God Sect come, I will trap them in the formation." The Dharma is slowly dying, so our real biggest enemy is the most powerful first Dharma protector. The other Dharma protectors are not actually in great danger. "

Ye Feng couldn't help but asked: "What level of cultivation is that first protector?"

Miss Duan immediately said aloud: "It is estimated that it is two or three realms higher than your current cultivation level."

"What?"

Hearing what Miss Duan said, Ye Feng immediately showed a look of surprise in his eyes.

You know, Ye Feng's current cultivation level has been upgraded to a new level of Dao Lord.

Therefore, Ye Feng knew very well that his current cultivation level should be considered very high in the area near Shenxu City.

Unexpectedly, the first protector sent here by the Demon Moon God Sect had such a powerful cultivation level.

It is indeed a behemoth like the Demon Moon God Sect.

Although it is an ordinary big force in the Sangui zone, it has been able to establish itself in this Sangui zone to this day, and the strength of the entire Demon Moon God Sect is not weak.

Ye Feng couldn't help but say at this time: "If we want to control the entire Shenxu City, in addition to dealing with these guardians, we also have to deal with the entire Demon Moon Cult, because once we eradicate all the guardians in the entire Shenxu City Afterwards, the headquarters of the Demonic Moon God Sect will definitely not sit idly by and will definitely send more powerful opponents."

At this time, Miss Duan seemed to be quite confident and said: "You don't have to worry about this. As long as we can control the entire Shenxu City, I will immediately activate a very ancient formation in Shenxu City, the Demonic Moon Sect. Even if the leader comes, there is no way to break through this formation. By then we will be qualified to negotiate with the Demonic Moon Sect. "

Hearing what Miss Duan said, Ye Feng's eyes suddenly showed a look of surprise.

At this moment, Ye Feng became more and more curious about the true identity of Miss Duan, the person behind this Eternal Store.

At this time, Ye Feng didn't say anything more, but nodded and said, "In other words, we can just wait quietly now."

Miss Duan shook her head and said aloud: "Although there is no need to be afraid of the other protectors, the strength of the first protector is still very powerful. However, the current first protector probably does not put you, Mr. Ye Feng.

In the eyes, so taking advantage of this moment, Mr. Ye Feng, your cultivation strength must continue to break through one or two major realms, otherwise, there is no way to fight against the first protector. "

When Ye Feng heard what Miss Duan said, he immediately couldn't help but smiled bitterly, shook his head, and said loudly: "Every breakthrough in my cultivation level requires a lot of energy. How can it be possible in a short period of time? Just let my cultivation level break through one or two realms at once? This is really too difficult, it's simply harder than reaching the sky."

Hearing what Ye Feng said, Miss Duan suddenly smiled and said: "Our Eternal Store has recently found a very special place. If we can find any good things from that special place, we will definitely be able to make it happen." Mr. Ye Feng, your cultivation has been transformed."

"oh?"

When Ye Feng heard Miss Duan say this, his eyes immediately moved, and he couldn't help but ask: "What special place is it?"

Miss Duan smiled and said: "In the Shenxu land about thirty kilometers away from our Shenxu city, we found the entrance to the underground palace of an ancient emperor in a ruins."

"The underground palace of the ancient emperor?"

When Ye Feng heard what Miss Duan said, he couldn't help but ask: "What level of powerhouse is he?"

Miss Duan shook her head and said: "I don't know yet, but the underground palace was very luxurious and extravagant, so it must be an emperor-level existence from ancient times. However, we are not sure yet about the specific identity of this ancient emperor. Which emperor in the ancient times must be very powerful, but now there is a very ancient formation from the ancient times at the entrance to the underground palace of the ancient emperor. For the time being, our formation masters from the Eternal Store have not cracked that one yet. It's an ancient formation, so we still have to wait a few more days."

When Ye Feng heard Miss Duan say this, he immediately showed a confident smile and said: "Take me there immediately, I can instantly

Time will take you into the underground palace of that ancient dynasty. "

At this moment, Miss Duan is willing to share such a huge opportunity with herself, and share the entire underground palace of the king of ancient times, then Ye Feng will naturally not hide his clumsiness anymore, simply saying that he can instantly decipher that ancient formation. , showing off his super talent in the formation.

Hearing what Ye Feng said, Miss Duan's eyes immediately moved slightly, and she couldn't help but said: "Does Mr. Ye Feng also study formations?"

Ye Feng immediately smiled and said loudly: "It's not that he has research, but that he is very proficient."

After finishing speaking, Miss Duan immediately understood the meaning of Ye Feng's words. She knew that a super genius like Ye Feng could not tell lies casually.

So at this moment, Miss Duan immediately said decisively: "Okay, I will take the ancient emperor to the underground palace entrance now, and let you see if that formation can be broken."

After saying that, Miss Duan took Ye Feng and secretly left the Eternal Store, flying quickly towards the outside of Shenxu City.

Before leaving, Miss Duan told Sister Hong, who was waiting outside the main hall, that if any guardians from the Demon Moon Sect came here to look for Ye Feng, they would find ways to stop them.

If they dare to be aggressive, activate the formation to trap them, and wait until he and Ye Feng return.

After receiving Miss Duan's order, Sister Hong immediately nodded outside the door and started to prepare.

At this moment, Miss Duan and Ye Feng had already left Shenxu City and were flying quickly in a direction outside Shenxu City.

Ye Feng's eyes were full of expectation at this moment.

Ye Feng is naturally very interested in, and even yearns for, the underground palace of an ancient emperor from an ancient era. There must be huge opportunities and fortunes there, and the wealth of ancient times is stored there.

Chapter 4353 Ridiculously strong

Both of them are very fast.

In less than half an hour, they had arrived at the place Miss Duan mentioned.

At this moment, a huge ruin appeared in front of him.

Ye Feng immediately saw a huge hole dug in the ruins ahead.

There are guards wearing Eternal Store clothes standing around the ruins, guarding the ruins.

At this moment, Ye Feng and Miss Duan flew over immediately.

When the guards saw Miss Duan, they immediately said with great respect: "See the owner of the shop." .??.

Miss Duan nodded slightly at this time, then looked at Ye Feng beside her and said, "Ye Feng, let's go, let's go directly to the entrance of this ancient emperor's underground palace."

Ye Feng nodded, followed Miss Duan, and instantly jumped into the huge pothole in front of him.

The moment they jumped into the pit, Ye Feng immediately saw a huge white jade gate appearing inside the pit.

The entire gate is made of white jade, with some unknown ancient totem carved on it, giving it a very ancient and vicissitudes of atmosphere, as if it has experienced tens of millions of years.

At this time, Ye Feng's eyes suddenly showed a look of surprise.

Unexpectedly, the search team of this Eternal Store was very powerful, and they were able to find and excavate the underground palace of such an ancient emperor in the peripheral area of the land of gods.

At this moment, Ye Feng followed Miss Duan and immediately saw that around the gate, there was a huge formation that enveloped the entire formation. It was unpredictable and gave people a very scary feeling.

As long as you enter this gate, you will be instantly destroyed by the power of the formation.

At this moment, several old men in black robes were studying the formation covering the entrance.

Obviously, they all had a lot of headaches about this formation and were scratching their heads.

You know, these black-robed old men are all formation mages hired by Eternal Store with high salaries.

But they can't break it

Unravel this ancient formation.

Miss Duan came over at this time, looked at the group of old men in black robes, and asked: "Masters of formations, how are you doing with the cracking?"

A white-haired old man wearing a black robe immediately said with an ugly face: "Tell the owner of the shop that this formation is too old, and it seems that there is not only one formation, but also the formation covering the entire gate. , it is estimated that there are more than a dozen of them united together, and unpredictable changes are taking place at any time, so it is very difficult to crack. "

Hearing what the old man said, Miss Duan also had a gloomy look in her eyes.

But at this time, Miss Duan seemed to have thought of something, and immediately said: "I brought a good friend of mine today, named Ye Feng, and asked him to try and see if he can crack the door. Formation."

At this time, Ye Feng walked directly in front of Miss Duan.

At this moment, seeing Ye Feng's young appearance, the formation masters immediately showed deep suspicion in their eyes.

An old man in black robes couldn't help but said: "Master of the shop, this formation cannot be destroyed and studied casually, otherwise, the power of the formation will become more and more confusing, and it will become more and more difficult to crack. Although this young man is your friend, the owner of the shop, I guess he is a bit young and energetic. Even formation masters like

us, who have studied formations for decades, cannot join forces in a short time. How can a young man crack this formation? It's better to give us more time to study it, and we can't rush it."

At this moment, Miss Duan didn't say anything when she heard this group of formation masters say this.

But Ye Feng smiled slightly and said: "If you don't try, how will you know whether I can crack this formation? As for the consequences you mentioned, I will make the formation at the entrance even more confusing. You don't have to worry about this, because I have just figured out how to break this formation."

"What?"

at this moment leaf

After Feng finished speaking, the surrounding group of formation mages suddenly showed deep astonishment in their eyes.

Then several formation masters couldn't help but speak with a hint of cynicism in their tone, "Miss Duan, this friend of yours is really a bit too arrogant."

Ye Feng didn't bother to explain anything at this time, but walked towards the formation.

Now entering the underground palace of this ancient emperor, the most important thing is to find opportunities and good fortune.

The formation in front of us is indeed, as the great formation masters said, composed of more than a dozen formations, so it is very chaotic and difficult to decipher.

But Ye Feng possesses the Eye of Heaven and Earth, so naturally he can see through this formation instantly.

As long as all the formation eyes of these formations can be destroyed, then all formations can be broken.

So at this moment, Ye Feng didn't hesitate at all and walked quickly towards the area where more than a dozen formations were united in front.

Seeing Ye Feng walking directly towards the formation, Miss Duan immediately couldn't help but said: "Ye Feng, are you sure there is no danger in this?"

Ye Feng didn't even look back, he just waved his hand towards the back and said in a very casual tone: "Don't worry, Miss Duan, it's okay."

At this moment, seeing Ye Feng walking directly towards a dozen extremely dangerous formation combinations, several formation masters around him immediately showed a look of astonishment in their eyes and couldn't help but make a sound. Said: "This young man is looking for death."

But in the next moment, when Ye Feng walked into an area where more than a dozen formations were combined, none of those formations actually attacked him.

"What??"

Seeing this scene, several formation masters around them immediately widened their eyes, as if they couldn't believe the scene in front of them.

You know, if they just approached casually, these formations would be bombarded by the power in the formations, and they would almost die.

Unexpectedly, Ye Feng walked directly into the area where more than a dozen formations were combined and did not receive any attacks from the formations.

This scene is really incredible.

It's simply unbelievable!

"Um?"

At this moment, when Miss Duan saw this scene, a trace of surprise appeared in her beautiful and mysterious eyes.

She suddenly understood that Ye Feng was not bragging. Ye Feng was really very proficient in the formation.

Even these formation masters have no way to get close to these formations.

But Ye Feng walked in and was not attacked by any formations, which is enough to show that Ye Feng's attainments in formations have definitely reached a very terrifying level.

And at the next moment, Ye Feng took action and destroyed several formation eyes in succession.

The formations completely collapsed.

"What??"

This shocking scene made the sarcastic smiles on the faces of several formation masters around them suddenly turn stiff.

They studied more than a dozen formations that they had not cracked for more than ten days, but Ye Feng defeated and cracked them so easily now?

"How can this be??"

At this moment, several formation masters suddenly began to doubt their lives.

"Are we too weak?" A formation master couldn't help but doubt himself.

But another formation master quickly said in horror: "We have studied formations for decades and have already reached the level of formation masters. It's not that we are too weak, but that this young man The research on the formation is too strong! It's ridiculously strong!"

"That's right."

Another formation master exclaimed in amazement: "If we can be called formation masters, then this young man, I would like to call him the god of formations!"

At this moment, listening to the shock and exclamation of several formation masters around her, Miss Duan, who was standing aside, looked at the back of Ye Feng who was deciphering the remaining formations not far away. In her beautiful and mysterious eyes, she suddenly said: There was a hint of inexplicable expression.

This was the first time that she encountered something interesting to her in a small place like the Ten Thousand Demons interface.

Chapter 4354 The Glowing Palace

Wow!

At this moment, as Ye Feng continued to break through the formations one by one, each formation was destroyed by Ye Feng one after another and completely dissipated.

At this time, the group of formation masters behind him had already been stunned.

At this moment, after Ye Feng destroyed all the formations, these dozen formation masters immediately came to Ye Feng, respectfully said: "Please forgive me, the god of formations, It's us who underestimated you."

Hearing this group of formation masters calling themselves the gods of formations, Ye Feng found it a little funny. He couldn't help but laugh and shook his head, saying loudly: "I can't bear the title of god of formations." , I just have a secret technique that can see through the entire formation."

After finishing speaking, the eyes of this group of formation masters were all shocked, as if they did not expect Ye Feng to be so humble.

You must know that no one knows this formation master better than these formation masters. How advanced and terrifying these formations are.

Unexpectedly, Ye Feng cracked it easily and was so humble.

This broad-minded mentality made this group of formation masters immediately feel deeply guilty.

They were so proud just now, but Ye Feng now showed such a humble attitude.

At this time, this group of formation masters all felt very embarrassed.

At this moment, a group of formation masters couldn't help but said: "We really admire the young master's state of mind."

At this moment, seeing the performance of this group of formation masters, Ye Feng could only helplessly shake his head and said nothing more.

At this moment, Ye Feng just looked at Miss Duan not far away and said, "We can now directly enter the underground palace of this ancient emperor."

Miss Duan was obviously very happy at this time. She didn't seem to expect that Ye Feng was not just talking about it. He really had such powerful knowledge of formations and casually cracked these dozens of very ancient and advanced formations. Law.

at this moment

Without any hesitation, Miss Duan immediately nodded, leading a group of powerful men from the Eternal Store, following Ye Feng, and walked quickly towards the underground palace of this ancient emperor.

When they passed through the door in front of them, they immediately saw a magnificent scene.

I saw that the entire underground was very vast, with densely packed buildings, walls, pools, etc.

There were powerful men from the Eternal Store around, who couldn't help but sigh and said: "This place is obviously like an underground kingdom. This ancient emperor was definitely a very supreme existence back then, and he actually used such huge material resources and resources. Manpower has built an underground kingdom for himself, not just an underground palace, but an entire underground country. It is really luxurious and shocking. "

At this moment, Miss Duan also had a look of joy in her eyes, and said aloud: "It seems that there must be a lot of cultivation resources hidden in the underground palace of this ancient emperor. If we look carefully, we will definitely be able to The comprehensive strength of the strong men of Eternal Store has been greatly improved."

At this time, Miss Duan was obviously thinking about Eternal Store.

Seeing this scene, Ye Feng's eyes flashed slightly.

Because Ye Feng knows very well that this Miss Duan is definitely a very mysterious existence, and her origin must be very noble.

I didn't expect that such a small shop would be given so much importance.

Ye Feng couldn't help but guess, what is the purpose of Miss Duan running this Eternal Store?

At this moment, when Ye Feng was thinking about it, Miss Duan suddenly discovered something and immediately said: "Look, an underground palace not far away is shining with light. Let's go over and take a look." "

Swish, swish, swish!

Everyone flew in that direction.

But at this moment, Ye Feng seemed to

Sensing something, he immediately said: "Be careful! I feel a very vicious aura emanating from the glowing palace."

Hearing Ye Feng say this at this moment, everyone present suddenly had a look of surprise in their eyes.

It seemed that Ye Feng had not expected the danger inside the palace before he even approached the glowing palace.

However, many people present had surprised expressions in their eyes.

Because even the owner of their shop, Miss Duan, did not say anything.

But Ye Feng said it directly.

So no one can trust Ye Feng.

After all, although Ye Feng's ability in the formation just now shocked everyone to the extreme, this does not mean that Ye Feng has the ability to sense everything.

But suddenly at this time.

Boom! !

Inside the glowing palace, the ground suddenly cracked, and a huge claw of an unknown beast that looked like it was made of steel stretched out.

In one fell swoop, the two powerful men from the Eternal Store standing at the front were scratched to pieces and dragged into the darkness under the crack in the earth.

"ah!"

"ah!"

Two screams suddenly came from the cracks in the earth.

It means that the two powerful men of Eternal Store have completely died.

"What??"

Seeing this scene, everyone present changed their expressions and quickly backed away.

At this time, everyone looked at Ye Feng and suddenly became extremely shocked.

Because they never thought that what Ye Feng said just now was actually true.

This luminous palace is really dangerous.

At this moment, even Miss Duan couldn't help but look at it in surprise.

Looking at Ye Feng, it seems that Ye Feng did not expect that Ye Feng had such a powerful ability in the formation, and that he was also so extraordinary in terms of perception.

At this moment, all the powerful men from the Eternal Store were in awe of Ye Feng.

They suddenly felt that this seemingly ordinary young man brought by Miss Duan was definitely an extremely mysterious and terrifying guy. Otherwise, it would be impossible for him to be proficient in everything.

He is also very proficient in formations and has cracked formations that even a dozen formation masters could not crack.

And now from such a distance, I can sense the danger in that glowing palace.

At this moment, in everyone's minds, Ye Feng has already become synonymous with mystery.

At this moment, Miss Duan looked at Ye Feng and asked aloud: "Ye Feng, what kind of danger do you think there is in this glowing palace? What kind of existence is that huge claw just now?"

At this time, Miss Duan paid more and more attention to Ye Feng and would also ask Ye Feng for his opinion.

Ye Feng said aloud at this time: "The owner of that huge claw is definitely a very terrifying ancient beast. However, it did not run out directly, but only stretched out a claw from under the earth, indicating that it was trapped by this building. The luminous palace is suppressed underground. As long as you don't get close to the luminous palace, you will not be attacked by the ancient beast. "

Hearing what Ye Feng said, Miss Duan nodded, but then she couldn't help but said: "But if we don't get closer, we won't be able to find the good things contained in that glowing palace."

At this time, everyone present fell silent, not knowing what to do, because the strength of the ferocious beast that was suppressed underground just now was obvious to all. It was so terrifying that no one present could compete with it.

Of course, the mysterious Miss Duan may be able to, but she seems to have her own taboos and cannot use her own powerful power.

For a moment, everyone fell silent.

Chapter 4355 The world in the painting

When everyone was silent, Ye Feng thought for a moment, and then said aloud: "Among the strong men in your Eternal Store, are there any who are particularly good at movement and speed?"

Hearing what Ye Feng said, Miss Duan seemed to understand something. Her eyes immediately lit up and she said, "I know what you mean."

After finishing speaking, Miss Duan suddenly looked at the group of dozens of strong men from the Eternal Store who were following behind her, and said loudly: "All the practitioners who are agile and fast, please come forward. When the time comes, you can go over and take advantage of them." The movement technique attracts the attention of the giant claw extending from the ground, and then we look at the situation and directly enter the luminous palace. That luminous palace is dedicated to suppressing the ancient ferocious beast, so as long as we enter Inside the palace, the ancient ferocious beast that was suppressed underground will not be able to harm us. "

Hearing what Miss Duan said, more than a dozen powerful men from the Eternal Store came out of the crowd.

They are all strong men with special skills in movement and speed.

So at this time, these dozen or so strong men with special skills immediately flew forward quickly.

When they just approached the luminous palace.

Boom!

Sure enough, the ground collapsed again.

Uh-huh!

A huge claw of a ferocious beast that seemed to be made of metal, covering the sky and the sun, entwined with a ferocious aura, suddenly stretched out from under the earth, and then grabbed the strong men from the dozen eternal shops. Go ahead and tear them apart.

But this time after being prepared, and these strong men from the Eternal Store had special skills in movement and speed, they quickly flew in the other direction and avoided the attack of the giant claws.

After the huge claw missed, it continued to grab the dozen strong men quickly.

At this time, Miss Duan immediately said: "What a great opportunity!"

After finishing speaking, Ye Feng also nodded,

Then, together with Miss Duan and a group of other powerful men from the Eternal Store, they quickly flew towards the glowing palace.

When they approached the palace, sure enough, the claws of the ancient beast were still chasing a dozen practitioners with special skills. Obviously, they had no time to take care of the teams on Ye Feng and Miss Duan's side.

However, this ancient ferocious beast seemed to have discovered everyone's plan. Its huge claws no longer chased the dozen tempting practitioners, but instead began to attack in the direction of Ye Feng and Miss Duan.

But at this time, Ye Feng and Miss Duan, with a group of other powerful people from the Eternal Store, had entered the scope of the glowing palace.

Boom! !

At this moment, when the huge beast's claws grabbed it, just as Miss Duan expected, the glowing palace suddenly burst out into a bright golden light, forming a huge light shield, covering the The entire glowing palace was shrouded.

The golden light shield withstood the attack of the huge beast's claws without any movement at all.

At this time, Ye Feng immediately smiled and said loudly: "We are safe."

Miss Duan also nodded happily at this time, then looked at Ye Feng and said loudly: "The wisdom of our ancestors can indeed be learned in a lifetime. The strategy of luring a tiger away from the mountain is very practical and will never be out of date. "

At this moment, after Miss Duan finished speaking, she followed Ye Feng and a group of other powerful men from the Eternal Store into the glowing palace in front of them.

The moment they walked into this luminous palace, they immediately saw a shocking scene.

I saw that in the entire palace, every wall was covered with

is radiating light.

Ancient totems and pictures are carved on these walls, which look very ancient.

And on the largest wall at the front, carved inside the wall is a vast and endless prairie.

There are many small figures carved on the wall, and they actually move within the patterns.

"Um?"

Seeing this scene, Miss Duan's eyes suddenly lit up and she couldn't help but say: "The world in the painting? This picture seems to be a real world."

Hearing what Miss Duan said, a group of powerful men from the Eternal Store present had surprised expressions in their eyes.

There was also a look of surprise in Ye Feng's eyes, as if he didn't expect that he could actually see the world carved on the wall here.

At this moment, Miss Duan suddenly looked at the group of powerful people from the Eternal Store behind her and said loudly: "You are searching for other things in other places in this palace. Ye Feng and I entered the world in the painting to explore. one time."

"Yes, the owner of the shop."

A group of other powerful men from the Eternal Store around them all clasped their fists and then spread out around, starting to look for any treasures hidden in other places in this glowing palace.

At this moment, Miss Duan looked at Ye Feng beside her, smiled slightly, and said, "Let's enter the world in the painting to explore."

Ye Feng nodded, his eyes a little curious, and he directly followed Miss Duan and stepped into the wall in front of him.

Buzz!

With a flash of space light, the two figures had disappeared into the palace.

The next moment, their vision changed, and they stepped into the world painted on the wall in front of them.

They came to the prairie in the picture world.

The sky here is blue and very peaceful.

When the two people arrived, the little people in the prairie who were originally moving on the patterns also turned into flesh and blood at this moment.

In front of their eyes, they became real creatures.

When these creatures living in the prairie saw Ye Feng and Miss Duan falling from the sky, their faces suddenly showed deep horror, and then deep awe.

The people in the world of these paintings quickly knelt in front of the two of them, chattering without knowing what they were talking about. Their language seemed to be a very ancient language, which was incomprehensible at all.

At this time, Miss Duan couldn't help but said: "These people don't have any mana fluctuations in their bodies. They are all a group of mortals. It is estimated that they have lived in this picture world for generations, and they don't know that they are living in a picture. How sad."

Ye Feng nodded slightly, and then said aloud: "This world in the painting is probably very extraordinary. It is most likely a small world left by a strong person in ancient times."

At this time, a group of mortals in front of them suddenly stood up, and then Ye Feng and Miss Duan seemed to follow them in a certain direction.

Seeing this scene, Miss Duan said with some surprise: "These mortals seem to want us to go somewhere with them."

Ye Feng nodded and said: "Then go and take a look. Maybe these mortals, living in this picture world for generations, are guarding something. They may want to take us to see something very important. , I feel like we are gods from heaven."

"A god from heaven?"

When Miss Duan heard Ye Feng's description, an inexplicable smile immediately appeared on her beautiful face. Then she nodded slightly, and she and Ye Feng followed the group of mortals and walked towards a certain direction in the world in the painting. .

Chapter 4356 Counter-devourment

At this time, Ye Feng and Miss Duan followed the group of mortals in the picture world and soon passed through the entire prairie and arrived at the end of the prairie.

The next moment, they saw a very shocking scene.

I saw a majestic sculpture standing at the end of this prairie that was more than 100,000 meters long.

This majestic and boundless sculpture also holds a huge paintbrush in its hand, which looks extraordinary.

Seeing this scene, Miss Duan immediately couldn't help but said: "Could this sculpture be the master of this picture world back then?"

Ye Feng nodded and said aloud: "It should be like this. Being able to create such a picture world means that the owner of this picture world is definitely an extremely extraordinary existence. I even doubt that the ordinary people in this picture world are People, and all living things, were created by him."

"Um."

Hearing what Ye Feng said, Miss Duan couldn't help but nodded and said, "Those mortals seem to be talking to us."

At this moment, the two of them saw that the local mortals who had brought them here were greeting them in a language they did not understand, asking them to walk towards the bottom of this majestic sculpture.

At this time, Ye Feng and Miss Duan did not hesitate at all, and immediately followed the instructions of these mortals and walked to the bottom of the sculpture.

Almost at the next moment, Ye Feng and Miss Duan immediately saw a huge stone tablet appearing under this majestic and boundless sculpture.

There is a passage written on it.

Both of them knew this passage, it was the font of Wan Yao interface, and it was completely different from the language spoken by mortals in this small world of pictures.

At this time, the passage written on the stone tablet describes it like this: "In the spring of the fourth year of the Archaic Era, I was here

In this small world, I succeeded in proving the truth through pictures. Unfortunately, I was punished by God in the end and fled here. However, I left behind my magic weapon of enlightenment, the "World Picture Scroll". Those who can come here are destined people, as long as they can enter. With mana, if you activate the sculpture I left behind, you can control this world map. "

Seeing this passage on the stone tablet at this moment, Ye Feng and Miss Duan looked at each other, and they both saw surprise and surprise in each other's eyes.

Unexpectedly, this picture carved on the palace wall turned out to be a magic weapon for the enlightenment of a super powerful person from the ancient times.

That is definitely extremely advanced.

Even though Miss Duan's origin is mysterious, she is still a little excited at this moment.

At this time, Ye Feng suddenly smiled and said: "Miss Duan, you should try it first."

Hearing what Ye Feng said, Miss Duan didn't show any pretense. She nodded immediately, then stretched out her hand to touch the statue of a super strong man who was more than 100,000 meters tall in front of her.

At this moment, Miss Duan was about to output her magic power, but she seemed to have thought of something. She immediately shook her head, looked at Ye Feng, and said loudly: "You can do this by chance, I can't use my magic power." strength."

Hearing what Miss Duan said, Ye Feng's eyes suddenly showed a look of surprise. It seemed that he did not expect that Miss Duan could not use his own power. It was so exaggerated that he could not even input mana.

At this time, Ye Feng could only nod his head, then walked to this majestic sculpture of more than 100,000 meters, stretched out his hand and touched it.

Boom!

At this moment, Ye Feng immediately began to input his vast magic power and entered the scene.

Among the majestic sculptures in front.

But at this moment, Ye Feng immediately felt a terrifying suction force, and was frantically draining all his energy into the sculpture in front of him.

At this moment, the majestic sculpture, which was motionless at all, suddenly had red light emerging from its eyes.

"What?"

Seeing this scene, Ye Feng couldn't help but said in horror: "No! This is a conspiracy! This majestic sculpture wants to drain all my power in an attempt to resurrect!"

At this time, Ye Feng's eyes were full of shock and anger. He didn't expect that this was actually a conspiracy of the super strong man. It was not to give the destined people a chance, but to rob everyone who came here. Skill, thus resurrecting this sculpture. .???.??

At this time, Miss Duan's eyes suddenly changed, and she quickly said: "Ye Feng, get rid of it!"

Ye Feng immediately spoke out at this time: "I can't let go, my palm has been stuck to this sculpture, and a very terrifying suction force is draining my power."

When Miss Duan heard what Ye Feng said, her face immediately turned very ugly. She seemed to have never thought that the situation would develop like this.

The master of this world picture, the super strong man back then, turned out to be so vicious and vicious.

At this moment, Miss Duan couldn't help but asked: "Ye Feng, what should we do now?"

Ye Feng thought for a moment at this time, and then said aloud: "Let me try to see if I can swallow it back."

Hearing what Ye Feng said, Miss Duan's eyes suddenly showed a look of astonishment.

But the next moment, Ye Feng didn't say anything more, but immediately released his Devouring Domain.

.

This majestic and ancient sculpture wanted to drain his power, so Ye Feng did the opposite.

Ye Feng directly released the Devouring Domain and began to plunder the energy in the sculpture.

Ye Feng didn't believe that there must have been other creatures who came here before he came here.

Even Ye Feng felt that the owner of this world scroll had raised so many ordinary creatures in this small world in order to continuously absorb the vitality of these creatures, and then use this to revive the world he had built. A majestic ancient sculpture.

You know, mortals trapped in this small world have no power to resist, and their intelligence is probably very low.

As they continue to reproduce from generation to generation, they often perform sacrifices here and dedicate their vitality to this ancient sculpture.

So at this time, Ye Feng directly carried out counter-devourment.

Boom!

At this moment, a swallowing vortex suddenly appeared in Ye Feng's palm, and it began to quickly swallow and absorb the energy in this ancient sculpture.

At this moment, Ye Feng immediately swallowed up a very majestic energy and injected it into his Dantian.

This made Ye Feng's eyes immediately show joy.

At this time, a very angry voice came from the ancient sculpture: "Damn boy, you dare to plunder the energy that I have accumulated for thousands of years. I am going to kill you!"

Boom!

At this moment, the entire sculpture began to rumble.

A large sculptural hand that covered the sky and sun directly attacked Ye Feng's direction, with extremely terrifying oppressive and destructive power.

Chapter 4357 Ancient Beast

Boom!

This big hand had a very strong sense of oppression. It was tens of thousands of meters long. It was smashed down from high in the sky, making Ye Feng feel like he was about to be shattered to pieces.

But at this moment, Ye Feng didn't hesitate at all. He directly took out his previous giant-toothed sword, and then activated the power of the giant-toothed sword.

Buzz!

I saw that the entire giant-tooth sword expanded rapidly from its original height of more than fifty meters to more than five thousand meters, and collided with the majestic hand that was tens of thousands of meters tall.

Boom!

The entire field suddenly heard a huge roar, and the aftermath of terrifying power spread in all directions, causing the surrounding earth to shatter.

At this time, Miss Duan could not use her own power and could only stand and watch from a distance.

At this moment, Ye Feng did not hesitate at all. After blocking the palm of the sculpture with his giant-toothed sword, he continued to increase his devouring power and frantically extracted the majestic energy from the sculpture.

Just as Ye Feng guessed, this majestic sculpture has indeed accumulated a lot of energy based on the vitality of the creatures in this small world of pictures over the past tens of millions of years.

It seems that one day, the original owner of this small world of pictures can be revived.

At this moment, Ye Feng forcibly swallowed a lot of energy from this sculpture and injected it into his Dantian, causing his power to increase tremendously.

At this moment, Ye Feng's cultivation aura began to break through extremely quickly along with the counter-devourment.

You know, the vitality accumulated by this huge sculpture is simply extremely majestic. After all, it has accumulated for tens of millions of years.

So at this time, Ye Feng's cultivation level naturally began to break through rapidly, and his aura suddenly increased steadily.

"boom!"

Daojun Realm Fourth Heaven!

"boom!"

Daojun Realm Fifth Heaven!

"boom!"

Daojun Realm Sixth Heaven!

r\u003e

"boom!"

Daojun Realm Seventh Heaven! !

At this time, Ye Feng's cultivation level unexpectedly broke through the fourth level in a row. He suddenly broke through from the third level of Daojun Realm to the seventh level of Daojun Realm.

It has to be said that at this moment, the energy Ye Feng plundered from the sculpture was still very huge, which made his cultivation level rise so much all at once.

At this time, Ye Feng's eyes suddenly revealed a look of deep surprise.

Unexpectedly, this majestic sculpture has accumulated so much energy over thousands of years.

At this moment, Ye Feng looked at the huge and powerful sculpture high in the sky, a cold smile suddenly appeared in his eyes, and he said loudly: "If you want to drain my power, then I will swallow you up." over!"

At this moment, Ye Feng continued to increase his devouring power.

But at this time, this huge sculpture had obviously realized that he had no way to fight against Ye Feng. A terrifying aura erupted from his body, causing Ye Feng to fly backwards and his palms left. This ancient sculpture.

Then this ancient sculpture immediately ran quickly towards a certain direction in this picture world.

Uh-huh!

Seeing this scene, Ye Feng naturally did not hesitate at all and immediately chased towards this huge sculpture quickly.

What Ye Feng just swallowed was only part of the energy stored in this huge sculpture, and it allowed him to break through so much.

So Ye Feng is naturally extremely interested in this huge sculpture.

You must swallow up all the energy in this huge sculpture, then your skill will definitely rise to a very terrifying level.

Ye Feng would naturally not waste or give up such a huge opportunity.

So at this time, Ye Feng ran away after seeing this ancient sculpture.

Without fear, he quickly chased the opponent in the direction of his escape.

At this time, Miss Duan looked at Ye Feng's quickly leaving back and could only shake her head in shock, with a trace of a wry smile on her face.

She originally thought that Ye Feng was finished now, and Miss Duan was even prepared to use her own power to rescue Ye Feng at any cost, even though that might make Miss Duan leave this world of monsters.

Unexpectedly, Ye Feng's power is so terrifying. He can directly swallow the energy in this ancient sculpture to strengthen himself. This is really incredible.

Swish, swish, swish!

At this time, Ye Feng was very fast and quickly chased the ancient sculpture.

Because Ye Feng discovered that this ancient sculpture still contains a lot of majestic energy.

Therefore, if Ye Feng can devour all the energy in this sculpture, he will definitely be able to improve his skills a lot.

Therefore, Ye Feng will naturally not let go of this ancient sculpture.

And Ye Feng wants to know how to get this world atlas.

This magic weapon is still very powerful, it can present a real small world in the picture.

Therefore, this world map magic weapon is definitely very advanced. After all, it is a powerful magic weapon left behind by the master of the world map who attained enlightenment.

At this moment, Ye Feng quickly pursued.

The ancient sculpture that was escaping in front immediately shouted loudly and said: "How could you have such a strong devouring power, kid, and be able to swallow my energy back?"

Ye Feng just smiled indifferently at this time and said: "Treat others in their own way. This is the principle I have always believed in."

Hearing what Ye Feng said, the ancient sculpture's eyes suddenly revealed a look of deep shock and anger. He seemed to have never thought that Ye Feng, a seemingly ordinary boy, could have such a strong power, and And that

What a weird and special devouring ability, even more powerful than his absorbing power.

At this moment, the ancient sculpture was running away frantically, trying to run quickly towards the end of the picture world, as if there was something there.

Ye Feng also had a look of surprise in his eyes at this time, wanting to see where this ancient sculpture wanted to escape to.

When Ye Feng chased this ancient sculpture and came to the end of this picture world.

Suddenly, a black unicorn as big as a mountain appeared at the end of the picture world. It was chained all over. It looked very majestic and exuded an extremely terrifying aura.

This is definitely a very terrifying ancient beast!

At this moment, Ye Feng's eyes suddenly showed a look of surprise.

Because this black unicorn gave Ye Feng a very terrifying feeling. It was definitely a beast from the ancient times whose cultivation was many times higher than his own.

But at this time, Ye Feng suddenly discovered that this black unicorn was locked there with iron chains, and its aura was very weak. It was estimated that it had been locked here for tens of millions of years, so its power was almost lost. , but it is still very scary, and it is not something that I can fight against at the moment.

At this time, when Ye Feng was thinking, suddenly the ancient sculpture in front of him ran directly towards the black unicorn, and then shouted: "Black unicorn, when we fought, I trapped you here for thousands of years." Wannian, this is my fault, but we are from the same era after all. Now there are people from descendants who are chasing me. If you help me kill that kid, I will consider letting you go. "

Hearing what this ancient sculpture said, Ye Feng's eyes immediately darkened. This black unicorn seemed to be an extremely terrifying guy back then. He was trapped here by the master of this picture world and had not died for thousands of years. It was enough. It shows how terrifying this black unicorn is.

Unexpectedly, this ancient sculpture wanted this black unicorn to help him deal with him. This made Ye Feng's eyes suddenly show a trace of gloominess.

Chapter 4358 Interested

If Ye Feng dealt with these two alone, there would be no way he could defeat them.

Especially the black unicorn. Although a lot of power was consumed, Ye Feng still felt that once this weak black unicorn moved, it would be absolutely terrifying.

This beast from ancient times must be much more terrifying than I imagined.

At this moment, Ye Feng immediately stopped and wanted to see if the black unicorn would agree to the ancient sculpture.

And the next moment, what made Ye Feng's eyes reveal a gloomy look was that the black unicorn the size of a mountain actually nodded, looked at the ancient sculpture, and said loudly: "Come here, I will protect you, Don't let that kid get close to you."

Hearing what Black Qilin said, the ancient sculpture immediately showed a look of joy on its face and ran over.

At this time, when Ye Feng saw this scene, his eyes showed an ugly look, and he wanted to leave here directly.

Because the sense of oppression given by the black unicorn is too strong, and he is no match for this ancient beast. .??.

But at the next moment, what made Ye Feng's eyes suddenly show a look of astonishment was when the ancient sculpture just ran in front of the black unicorn.

Before the ancient sculpture showed joy on its face, the black unicorn who had promised to deal with Ye Feng just now killed his ancient sculpture.

A huge unicorn claw stretched out directly, with the power to destroy the world, and it suddenly struck hard at the ancient sculpture that just ran in front of him.

In the horrified gaze of this ancient sculpture, the black unicorn showed a ferocious look in its eyes, and directly tore the ancient sculpture's body in half.

"ah!!"

There was an earth-shattering scream on the field.

torn in half

Inside the ancient sculpture, a voice of extreme anger and horror immediately came out, and he shouted: "Black Qilin, what are you doing? Didn't you say you wanted to help me deal with that kid?"

At this time, Black Qilin's eyes suddenly showed a cruel and sneer, and said loudly: "You beat me so badly back then and trapped me here for tens of millions of years. I am already at the end of my life. Naturally, I want to give you, this insidious guy, the last chance to be resurrected to pieces before he dies, so that I can feel at ease. As for that kid, I have no enmity with him, so why should I help you deal with him, let alone us? The two are enemies."

After finishing speaking, the black unicorn continued to stretch out a huge claw, like a unicorn claw made of steel, under the horrified gaze of the ancient sculpture, and crushed the ancient sculpture's head in an instant.

This ancient sculpture died in an instant.

The soul of the owner of the world map contained in this ancient sculpture was also directly crushed by the black unicorn.

"this....."

Seeing this scene in front of him, Ye Feng's eyes suddenly revealed a look of deep astonishment.

Ye Feng never thought that such a thing would happen.

Ye Feng was still very depressed at first. He felt that if the ancient sculpture and this black unicorn ancient beast were combined, he would never be their opponent, so he was ready to leave here.

But what I didn't expect was that the black unicorn actually killed the ancient sculpture.

But it's normal to think about it.

This black unicorn was a ferocious beast from the ancient times, so it was naturally very ferocious.

This black unicorn has been trapped here by the owner of the World Scroll for tens of millions of years, and its lifespan is about to run out. Naturally, he is extremely resentful of the owner of the World Scroll, and it is naturally impossible to help this owner of the World Scroll.

At this moment, Black Qilin suddenly looked at Ye Feng, who was not far away, with a look in his eyes as if he was looking at an ant.

Then he didn't care about little ants like Ye Feng at all. He slowly lay down on the ground, closed his eyes, and seemed to continue to sleep.

Obviously, this black unicorn was a terrifying ancient beast in the ancient times, but now its longevity is almost exhausted and there is no remaining strength, so it can only wait quietly here to die.

But now that he has gotten rid of his biggest enemy, he will probably die with peace of mind.

At this time, Ye Feng glanced at the ancient beast Black Qilin lying on the ground not far away.

At this moment, Ye Feng discovered that this ancient beast, the black unicorn, seemed to have fallen into a deep sleep and did not care about this little ant-like creature like himself.

So at this time, Ye Feng immediately breathed a sigh of relief and flew quickly towards the ancient sculpture that was killed by the black unicorn not far away.

Uh-huh!

At this time, Ye Feng came to the ancient sculpture and found that the entire ancient sculpture had completely fallen apart.

But even though this ancient sculpture is torn apart, it still contains a lot of energy.

So at this moment, Ye Feng immediately released his Devouring Domain and began to devour the energy in this ancient sculpture.

This ancient sculpture has been in this picture world for tens of millions of years, so it has accumulated a lot of energy.

At this time, Ye Feng continued to devour the contents contained in the sculpture.

The energy, the cultivation aura on his body, immediately began to continue to break through.

"boom!"

Daojun Realm Eighth Heaven!

"boom!"

Daojun Realm Ninth Heaven!

"boom!"

The Great Perfection of the Tenth Level of the Dao Lord Realm! !

At this time, Ye Feng's cultivation level continued to make so many breakthroughs, and he suddenly broke through the tenth level of the Dao Lord Realm, the Great Perfection Realm.

At this moment, Ye Feng could feel that his skill and energy had been fully increased, and his combat effectiveness had also been unparalleled.

At this time, after Ye Feng had devoured the energy in this ancient sculpture, he left the place and wanted to leave here as soon as possible.

After all, the sleeping black unicorn is still very scary.

But almost at the moment Ye Feng turned around, an old voice suddenly sounded: "Young man, the method you just used to absorb the energy from this ancient sculpture seems to be very special. What method is this? You practiced it. Some kind of secret skill, or an innate ability?"

Hearing the sudden old voice behind him, Ye Feng paused in his steps, and a rather nervous look appeared in his eyes.

Ye Feng knew that this old voice should be that ancient beast sleeping on the ground, the black unicorn.

He woke up and became interested in a little ant-like creature like himself?

After sensing all this this time, Ye Feng suddenly showed a hint of nervousness in his eyes, and quickly turned around to look at the giant creature not far away.

At this time, the black unicorn, which was as big as a mountain, had opened its eyes and stood up. It was huge, blocking out the sky and the sun, and was extremely oppressive.

Chapter 4359 Help you for three years

To Ye Feng, this black unicorn is still very scary.

You know, this is a super beast that survived in the ancient times.

So although this black unicorn has been trapped here for tens of millions of years, it still has great majesty and terrifying power.

Even though this black unicorn has now consumed a lot of its power, in Ye Feng's eyes, this black unicorn's mountainous image will still cause Ye Feng a huge sense of oppression.

At this time, Ye Feng did not hesitate and asked directly: "Senior Black Qilin, is there something wrong with you suddenly transmitting a message to me?"

Hearing what Ye Feng said, Black Qilin immediately continued to make an old voice: "I'm very curious, what specific method did you use to absorb the energy from this ancient sculpture just now?"

Ye Feng's eyes flickered at this time, and then he said loudly: "This is a talent of juniors. It can directly plunder external energy and improve one's own skills."

Black Qilin seemed to have a hint of wonder in his eyes when he heard what Ye Feng said and received Ye Feng's own confirmation.

Then Black Qilin nodded slowly and said aloud: "I have never seen this kind of ability of yours. You are very domineering. And you can actually integrate the energy of the owner of this world map. Are you the master of this world map?" The descendants of the master, because only the pure bloodline of the descendants can integrate his special and incomparable energy. "

Hearing what Black Qilin said, Ye Feng immediately grinned and said slowly: "If I am the heir of the owner of this world map, why would I chase him?"

Hearing what Ye Feng said, Black Qilin couldn't help but nodded and said loudly: "You are right, then why can you fuse the energy of this scroll owner?"

Ye Feng immediately smiled and said: "Senior, to tell you the truth, this junior's physique is very special. Juniors can integrate all kinds of energy in the world."

The reason why Ye Feng answered so honestly at this time was mainly because of this Black Qi

Lin's power is really terrifying.

Even if he was trapped here for tens of millions of years, Ye Feng felt that if the other party really wanted to kill him, he could tear him apart at any time.

At this time, hearing what Ye Feng said, Black Qilin suddenly showed deep surprise in his eyes, and couldn't help but said: "You can fuse energy with any attribute in the world, are you sure what you said is true?" of?"

Ye Feng immediately nodded and said: "Of course, if you don't believe it, senior can give it a try."

Hearing what Ye Feng said and looking at the other party's confident face, Black Qilin still felt unconvinced, and he seemed to have some plan in his heart.

So at this time, Hei Qilin said with a serious face: "Okay, then I will test it. If you really have this ability, maybe we can cooperate."

After saying that, the black unicorn suddenly stretched out a unicorn claw that covered the sky, and then a ball of black light emerged from it and flew in front of Ye Feng.

Black Qilin said aloud: "This ball of energy is my life energy. Only the creatures of our Black Qilin clan can fuse it. Any other race, let alone the ball of black energy that I touch, can fuse with it." This kind of energy will also destroy the entire body in an instant by the extremely domineering black unicorn origin, so now you can show what you said. "

Ye Feng immediately nodded slightly at this time, naturally without any hesitation.

Because Ye Feng does have such ability now.

So at this moment, Ye Feng directly stretched out his hand and touched the black light ball in front of him.

At this moment, Black Qilin stared at the scene in front of him seriously.

And at the next moment, the black unicorn immediately

I just saw a very incredible scene.

This black light did not destroy Ye Feng at all. Instead, it was absorbed by Ye Feng very meekly and merged into Ye Feng's body.

Buzz!

At this moment, Ye Feng immediately felt that his skill had increased a lot.

Ye Feng's previous cultivation realm was the tenth level of Daojun Realm.

But at this moment, Ye Feng just felt that his cultivation bottleneck at the tenth level of the Dao Lord Realm was almost shattered by this energy.

At this moment, Ye Feng immediately showed deep surprise in his eyes.

This black unicorn is definitely a very scary guy, worthy of being a beast from the ancient times.

Even a small ball of original essence has such majestic energy, causing Ye Feng's skill to increase tremendously in an instant.

Although Ye Feng did not directly break through the bottleneck of the tenth level of the Dao Lord Realm, Ye Feng felt that his power had been accumulated to a critical state by the energy in the small light group just now.

As long as I continue to devour some energy, I should be able to completely break through the current bottleneck of the tenth level of the Dao Lord Realm.

At this moment, at the moment when Ye Feng was thinking in his heart, the black unicorn not far away, like a towering mountain body, had come to Ye Feng, his eyes filled with deep surprise, staring at him. Ye Feng.

Black Qilin couldn't help but said: "I didn't expect you to have such a domineering ability, to be able to swallow the energy of the outside world for your own use. It seems that I still underestimated your ability. It's really outrageous. "

At this time, even an ancient beast like Black Qilin couldn't help but say such exaggerated words.

This made Ye Feng's eyes suddenly reveal a look of surprise, as if he didn't expect the black unicorn to appear for a moment.

He actually looked quite excited.

At this moment, Ye Feng seemed to have guessed something, and immediately couldn't help but said: "Senior Black Qilin, could my ability be of any help to you?"

Black Qilin immediately nodded and said loudly: "You can combine the power of various attributes, which means you can rescue me from this restrained place."

Hearing what Black Qilin said, Ye Feng suddenly showed a look of surprise in his eyes, and then his eyes flashed slightly, and he couldn't help but said: "Senior Black Qilin, why didn't you agree to the owner of this world map, as long as you want to If you kill me, he will let you out."

When Black Qilin heard what Ye Feng said, he immediately smiled coldly and said loudly: "I don't believe that insidious guy, and you and I really have no enmity, although I was a little more tempered back then and caused a lot of trouble." But I kill only my enemies and never hurt innocent people, and I am not an ancient ferocious beast. Our Black Jade Qilin clan was actually an auspicious beast in ancient times. "

At this moment, when Ye Feng heard what Black Qilin said, he immediately nodded slightly, and then asked aloud: "Then how should I rescue Senior Black Qilin? Senior Black Qilin, you are trapped by the owner of the World Atlas Here, with my current level of cultivation, it's probably very difficult to rescue you."

Black Qilin immediately smiled and said: "It's very simple. You can fuse energy of various attributes and swallow energy from the outside world. That's very simple. These chains that trap me are not actual chains." , but an energy chain formed by the dark energy in the dark crystal. So as long as Ye Feng swallows all the energy in the dark crystal, these dark chains will become very fragile. I You can completely break away from these energy chains. As long as you save me, I can promise to help you for three years. Although my strength has been almost exhausted in tens of millions of years and my life span is coming to an end, ordinary practice Or, I can crush it to death with just one hand."

Chapter 4360 Extending Life

At this moment, hearing Black Qilin say this, Ye Feng's eyes suddenly showed a hint of surprise.

Unexpectedly, Black Qilin would be willing to help him for three years, as long as he rescued him.

At this time, Ye Feng definitely didn't hesitate at all. He just nodded and said, "Okay, I agree to this cooperation."

After saying that, Ye Feng immediately looked around, and then asked aloud: "Where is the dark crystal?"

Hearing Ye Feng's question, Black Qilin immediately pointed to a hillside not far away and said loudly: "The dark crystal is buried on that hillside."

Ye Feng nodded immediately and flew directly to the hillside.

Boom! !

At this moment, Ye Feng stretched out his hand and shattered the land in front of him.

Sure enough, deep in the shattered ground, a huge black crystal appeared.

This should be the dark crystal that Black Qilin mentioned.

Buzz!

At this moment, Ye Feng immediately sensed a very majestic energy surging in this dark crystal.

Ye Feng immediately understood that this dark crystal was the most critical thing to trap the black unicorn.

No wonder the black unicorn wants to test itself to see if it can swallow all the energy.

If it can swallow all the energy of attributes, it will be of great significance to the black unicorn.

This means that Ye Feng can swallow all the contents of this dark crystal.

At this moment, Ye Feng started to devour without any hesitation.

Because this is definitely a matter of killing two birds with one stone for myself.

On the one hand, he can save Black Qilin and let him work for him for three years.

On the other hand, if I swallow the dark energy in this dark crystal, I will definitely be able to achieve a complete breakthrough in my cultivation.

So at this moment, Ye Feng didn't have any hesitation

Yu immediately jumped into the pit in front of him, then stretched out his hand directly and touched the surface of the dark crystal.

At this moment, Ye Feng directly began to release his Devouring Domain.

Boom! !

The next moment, Ye Feng immediately began to absorb the majestic dark energy from this dark crystal.

It is these dark energies that form indestructible black chains, trapping the black unicorn here.

At this moment, with Ye Feng's devouring, Ye Feng's skill immediately increased tremendously.

Boom!

Finally, at a certain moment, Ye Feng's body suddenly burst out with a terrifying aura of cultivation.

That huge momentum of cultivation made Ye Feng's whole person feel as if his life had been sublimated.

At this moment, Ye Feng finally made a complete breakthrough in his cultivation. From the previous tenth level of the Dao Lord Realm, he suddenly broke through the huge cultivation bottleneck of the tenth level of the Dao Lord Realm and stepped into the Dao Lord Realm. The half step above to return to the true state!

Returning to the true state, this is a state of cultivation that returns to one's original nature, which means that all the breath and power of the practitioner will be converged into one's own body.

But it gives people a more unfathomable and mysterious feeling.

At this moment, Ye Feng's entire cultivation aura disappeared immediately, but it gave people a more unfathomable feeling of terror.

At this moment, Ye Feng only felt that after breaking through to the Half-step Return to True Realm, his combat power was many times more powerful than the previous tenth level of the Dao Lord Realm.

Ye Feng initially felt that his current combat power was fifty-six times stronger than previously estimated!

At this moment, Ye Feng felt that his combat power had soared, and he was naturally very happy and excited.

at this time

, the dark crystal in front of him has been completely swallowed by Ye Feng.

At this moment, Ye Feng flew out of the hole without any hesitation.

To be honest, Ye Feng has to thank this black unicorn.

If it weren't for this black unicorn, he wouldn't have been able to find the dark crystal, couldn't swallow the energy in the dark crystal, and wouldn't have been able to break through to the current half-step to the true state.

Because going from the tenth level of the Dao Lord Realm to the level of the Return to True Realm is a huge bottleneck in cultivation.

Therefore, it is very difficult to break through this bottleneck and requires a lot of energy.

If this dark crystal hadn't been a very advanced energy crystal from the ancient times, and the dark energy in it was very majestic and advanced, Ye Feng wouldn't have been able to break through to the half-step back to the true state all of a sudden.

At this moment, Ye Feng looked directly not far away. .??.

He immediately saw that the black chains trapped on the black unicorn's body suddenly became very dim after he devoured the energy of the dark crystal, and seemed to have lost their original solidity.

boom! !

At this time, the black unicorn roared, and the roar shook the nine heavens and the earth. The black chains on his body suddenly shattered inch by inch.

At this time, Ye Feng saw the black unicorn's towering body like a mountain. With a flash of light, it transformed into an old man wearing a black robe on the spot. His whole body was shrouded in the black robe, looking very mysterious.

At this moment, Ye Feng immediately flew over and said loudly: "Congratulations, senior, for getting out of trouble and being free from now on."

The black-robed old man transformed by the black unicorn shook his head and said loudly: "You saved me, so in the next three years, I will spare no effort to help you. I can do anything you ask me to do, but I hope you can also find some resources for me to continue my life."

Hearing what the black unicorn in front of him said, Ye Feng immediately nodded.

In fact, Ye Feng also knew in his heart that the reason why this black unicorn was willing to help him for three years was probably because of his abilities and connections, and wanted to rely on himself to find resources that could extend his lifespan.

Because Black Qilin existed in the ancient era tens of millions of years ago, he is already very unfamiliar in this era and needs a guide.

This leader is Ye Feng.

Moreover, Black Qilin initially regarded Ye Feng as an ant.

But after seeing Ye Feng's domineering talent of devouring all attribute energy, Black Qilin's impression of Ye Feng naturally changed completely.

He has long considered Ye Feng to be on the same level as himself.

Even though Ye Feng is much weaker than him now, Black Qilin feels that if Ye Feng is given time, Ye Feng will become a stronger being than anyone else.

Because Ye Feng's talent of being able to plunder various attribute energies from the outside world and strengthen himself is really overbearing.

Even the black unicorn, a beast from ancient times, has never seen such a heaven-defying ability. It is simply unbelievable.

Uh-huh!

At this moment, a graceful and beautiful figure suddenly flew over not far away.

It turned out to be Miss Duan waiting in the distance.

She seemed to think that Ye Feng was in danger, so she quickly flew over to see the situation and prepare to rescue Ye Feng.

Unexpectedly, Miss Duan saw an ancient ferocious beast like the black unicorn, transformed into an old man in black robes, standing in front of Ye Feng, seemingly dominated by Ye Feng.

This immediately made Miss Duan's beautiful eyes reveal a look of deep surprise.

She didn't know what method Ye Feng used to be able to take advantage of such a terrifying existence from the ancient times, such as the Black Qilin.

However, seeing that Ye Feng was fine, Miss Duan felt relieved and quickly asked: "Master Ye Feng, has the owner of this world scroll been eliminated?"
