

Ancient 4361

Chapter 4361 Magic Core

Ye Feng nodded at this time, looked at Miss Duan in front of him, smiled slightly, and said loudly: "The owner of this world scroll, the ancient sculpture that attempted to be resurrected, has been completely destroyed by me. Of course, for all this, I also need to thank the senior Black Qilin next to me. It was he who tore the ancient sculpture into pieces in an instant, and I was able to swallow up all the energy of the owner of the World Scroll. "

Hearing what Ye Feng said, Miss Duan immediately looked at the old man in black robe standing next to Ye Feng with surprise.

Miss Duan never thought that he was such a powerful being, an ancient beast of the Black Qilin clan in ancient times.

At this moment, Miss Duan didn't say much because she realized that Black Qilin didn't seem to have any intention of talking to her.

So at this moment, Miss Duan looked at Ye Feng and said loudly: "Ye Feng, let's just leave here."

Ye Feng shook his head and said loudly: "This small world itself is a powerful magic weapon called the World Scroll. It was the magic weapon used by a super strong man to prove his Dao. I want to see how to get it." .??.

Hearing what Ye Feng said, Miss Duan nodded slightly, and then looked at the old man in black robe next to Ye Feng.

At this moment, Ye Feng also looked at the black unicorn beside him.

Because both of them know it, it is estimated that only the Black Qilin, who has been trapped here for tens of millions of years, knows how to collect this world map.

Black Qilin was silent for a moment at this moment, then shook his head and said loudly: "This world scroll has been fixed at the world node here, and is pulled together with the entire Wanyao interface, and there is no way to collect it."

"What?"

Hearing what Black Qilin said, Ye Feng's eyes suddenly showed a hint of surprise.

Unexpectedly, this world atlas was fixed here by its owner.

In other words, this magic weapon has become a real small world, trapped in this space node, and there is no way to take it away.

this

Ye Feng's eyes suddenly showed a hint of disappointment.

I originally thought I could get this extremely powerful super magic weapon, but I didn't expect that I couldn't take it with me. What a pity.

But this time, Ye Feng's cultivation has been improved to the half-step back to the true state, which is already a very good fortune. After all, he is always content with what he has.

Ye Feng didn't say anything at this time, but nodded, and flew quickly towards the outside of the world scroll with Miss Duan.

Black Qilin was also silently following Ye Feng at this time.

After all, he promised Ye Feng that as long as Ye Feng rescued him, he would work for Ye Feng for three years.

At this moment, the black unicorn was following behind Ye Feng, inseparable, making Miss Duan's eyes suddenly show surprise.

Miss Duan looked at Ye Feng with a deep look in her eyes.

Because if Ye Feng can make this ancient beast Black Qilin do things for him, then Ye Feng will have a huge help.

What surprised Miss Duan was not that Ye Feng had subdued this black unicorn, but that Ye Feng had subdued this black unicorn with such a weak cultivation level.

It's really hard to imagine.

At this moment, when Miss Duan was thinking secretly in her heart, Emperor Chu suddenly spoke in Ye Feng's mind: "Ye Feng, this world map can be collected directly. You can do it according to my method."

Hearing what Emperor Chu said in his mind, Ye Feng's eyes suddenly revealed a look of deep surprise.

Because the person Ye Feng trusted most in the world was Emperor Chu in his mind.

Since Emperor Chu said so, there is absolutely no problem.

At this moment, Ye Feng immediately thought

Hai Zhong asked aloud: "Emperor Chu, what should I do now to collect this world map?"

Ye Feng is still very interested in this super magic weapon.

If you can get this world scroll, it will be many times more powerful than all the treasures you have.

Ye Feng will have another big killer weapon.

Hearing Ye Feng's question at this moment, Emperor Chu in his mind immediately said: "Fly directly to the center of this small world. The core of the magic weapon of this world scroll is in the center of this small world." It is buried three thousand meters underground. As long as you can refine the core of this magic weapon, you can control this world scroll and take it away. "

Hearing what Emperor Chu said, Ye Feng's eyes suddenly lit up.

Sure enough, Emperor Chu is still an eternal god.

At this moment, Ye Feng stopped without any hesitation.

At this time, seeing Ye Feng suddenly stop, Miss Duan immediately showed a look of surprise in her eyes, and she couldn't help but asked: "Ye Feng, what are you going to do? Why did you stop so suddenly?" Come down, were you injured in the battle just now?"

At this time, Ye Feng looked directly towards the middle area of this small world and said loudly: "I want to go directly to the middle area of this small world to see if I can control the super magic weapon of this world scroll."

Hearing what Ye Feng said, Miss Duan immediately couldn't help but said: "Senior Black Qilin has just said that this world scroll has been completely fixed in this space node, and no one can take it away. It's already a fixed little world."

Ye Feng shook his head and said loudly: "I suddenly thought of a way. Maybe I can refine this world scroll and take it away."

At this moment, after Ye Feng finished speaking, Hei Qilin, an older figure, also had a look of surprise in his eyes, as if he did not expect that Ye Feng could think of other ways.

black

Qilin was also very curious and wanted to see what Ye Feng could do.

At this moment, Ye Feng didn't say anything, but flew directly towards the middle area of this small world, quickly.

Seeing Ye Feng do this, Miss Duan and Hei Qilin who were following him naturally didn't say anything and followed him one after another.

After all, in their eyes, Ye Feng has always been a rather mysterious existence, so Ye Feng's approach is naturally to make them not object for the time being, but to see if Ye Feng can do this.

Half an hour later, Ye Feng finally returned to the middle area of this small world.

In the middle area of this small world is an endless desert that seems to be devoid of any life.

But at this moment, Ye Feng stretched out his hand and immediately started digging on the ground with both hands.

You know, Ye Feng's palm is the palm of the Celestial Clan.

So at this moment, Ye Feng directly activated the power of the Celestial Clan, and his two hands immediately turned into gold, and he quickly dug around.

Boom!

Ye Feng's two golden palms contained terrifying destructive power, more powerful than dozens of excavators.

So at this moment, Ye Feng quickly dug out a huge hole, and soon it was 3,000 meters underground.

"when!"

Suddenly, Ye Feng's golden palm collided with something very solid, making a crisp metal collision sound that made Ye Feng's fingers ache.

At this moment, Ye Feng's eyes immediately lit up, he had definitely dug out the core.

Sure enough, the next moment, Ye Feng dug up the surrounding soil and immediately saw a core that was shining with nine-color light buried under the ground.

This is the core of the entire small world and the core of the super magic weapon of the World Atlas!

Chapter 4362 A surprise

At this moment, looking at the core of the magic weapon that exuded nine colors of light in front of him, Ye Feng directly stretched out his hand and touched it without any hesitation.

Buzz!

The next moment, Ye Feng began to input his own magic power and began to refine the core of this super magic weapon.

According to Emperor Chu, as long as he can completely refine the core of this magic weapon, he will be able to control this top-level super magic weapon world map.

This made Ye Feng's eyes suddenly reveal a look of deep anticipation.

Because for Ye Feng, if he can now obtain the world map magic weapon of this superpower from the ancient era, it will definitely have unparalleled benefits in improving Ye Feng's overall strength.

So at this time, Ye Feng naturally concentrated on refining the core of this magic weapon.

Miss Duan and Hei Qilin, who were above the pothole, saw this scene with deep surprise in their eyes.

Miss Duan feels that it is incredible that Ye Feng can discover the core of this world's magic weapon.

Because this small world is very vast and the area is too large, few people can directly discover the core of this small world.

At this moment, the black unicorn's old eyes were fixed on Ye Feng, and he also showed a strange look.

Because this was the first time he had seen such a smart young man in the world, who could actually come up with this method to directly find and refine the core of this small world's magic weapon, thereby controlling the entire world map.

At this moment, with Ye Feng's refining, all of Ye Feng's majestic magic power was input into the core of the magic weapon in front of him.

At this moment, Ye Feng immediately felt that he had a vague control over the entire world scroll and the entire small world.

At this moment, Ye Feng instantly refined the core of this magic weapon into his body.

Then Ye Feng made a move with his palm, and the entire small world shrank quickly, and then shrank directly into a picture scroll, which flew into Ye Feng's mind, suspended, and could be used by Ye Feng at any time to attack the enemy.

At this moment, Miss Ye Fengduan and Hei Qilin returned to the ancient palace.

At this time, Ye Feng was still very happy inside.

This time entering this small world carved on the wall not only greatly improved his cultivation level, directly to the Half-Step Return to Truth state, but Ye Feng also obtained an extremely advanced magic weapon such as the World Atlas.

You know, this is the enlightenment treasure of a super powerful man from the ancient times.

This world map is definitely much more powerful than the various weapons Ye Feng currently has.

At this moment, of course, what Ye Feng paid most attention to was the old man in black robes who was following him.

This black-robed old man was transformed into the black unicorn, a ferocious beast from the ancient times. His strength was terrifying to the extreme.

Standing in the palace at this moment, Miss Duan looked at Ye Feng, with a slight smile on her beautiful face, and said loudly: "Congratulations to Mr. Ye Feng for being able to get such a great achievement this time."

By chance, Young Master Ye Feng's strength has greatly increased, and he will be more confident to deal with the guardians of the Demon Moon Sect in our Shenxu City. "

Hearing what Miss Duan said, Ye Feng immediately nodded slightly, smiled and said: "Now that the opportunity in this underground palace has been obtained, we can go back."

Miss Duan nodded slightly at this moment, and then everyone left here directly and returned to Shenxu City.

At this moment, after returning to Shenxu City, Black Qilin looked at everything around him curiously.

Because he is a creature from the ancient times and has been imprisoned in that small world for tens of millions of years, he still feels very strange to the outside world in the post-era era, but he is also very curious.

Black Qilin sighed and said: "This city is so big, but I don't feel any blood aura of the ancient beast clan. It seems that our ancient beast clan has completely declined in this era."

Hearing what Black Qilin said, Ye Feng immediately smiled and said: "Senior Black Qilin, this is just a small city. When you follow me back to the Blood Demon Dynasty, you will definitely be able to sense other powerful things. The breath of the blood of ancient beasts."

Ye Feng will naturally not leave Black Qilin in this Shenxu City this time, but will take him back to the Blood Demon Dynasty.

Because Ye Feng's real battlefield is in the Blood Demon Dynasty.

This Shenxu City is just a small part of Ye Feng's plan, specifically used to provide Ye Feng with training resources.

What Ye Feng really wants to control is the entire Blood Demon Dynasty, the three top powers in the Northern Territory.

Although Ye Feng has just joined the Blood Demon Dynasty and is just a small man in the scavenger department of the Blood Demon Dynasty, Ye Feng still has ideals.

At this moment, Miss Duan took Ye Feng and Hei Qilin back to the Eternal Store in Shenxu City.

At this time, many people in the Eternal Store looked nervous.

Seeing this scene, Miss Duan seemed to realize something, and immediately said: "You all look so nervous? Are the strong men of the Demon Moon God Sect coming to our Eternal Store to cause trouble?"

At this moment, a member of Eternal Store nodded cautiously and then handed over a piece of paper.

On this piece of paper, there is a sentence written: "Destroy the entire Eternal Store tomorrow."

Seeing this sentence, Miss Duan's beautiful eyes suddenly showed a cold look, and she said loudly: "Those guardians of the Demon Moon God Sect are really arrogant."

Ye Feng smiled slightly at this moment and said: "Then wait until they come tomorrow and give them a surprise then."

At this moment, Ye Feng's cultivation level has been greatly improved, and he has also obtained a super powerful magic weapon such as the World Atlas. His overall strength has increased many times, and he is no longer afraid of those strong ones at the level of guardians of the Demon Moon God Cult.

What's more, now that there is such an ancient existence as Black Qilin, following him and doing things for him, Ye Feng naturally feels more confident.

Even in the face of a powerful force like the Demon Moon Sect, Ye Feng had nothing to fear at all. At this moment, looking at the core of the magic weapon that exuded nine colors of light in front of him, Ye Feng directly stretched out his hand and touched it without any hesitation.

What's more, now that there is such an ancient existence as Black Qilin, following him and doing things for him, Ye Feng naturally feels more confident.

Even in the face of a powerful force like the Demon Moon Sect, Ye Feng has nothing to fear at all.

Chapter 4363 Continuing for ten years

So at this time, Ye Feng looked at the words "The entire Eternal Store will be destroyed tomorrow" written on this piece of paper. There was no fear in his eyes at all. Instead, he looked at Miss Duan and said loudly: "Today Let's have a good night's rest and wait for the guardians from the Demon Moon Sect to arrive tomorrow. I want to see how powerful they are."

Hearing what Ye Feng said, Miss Duan immediately nodded.

You know, although Miss Duan has a mysterious origin and a very mysterious and powerful power, she comes from a very mysterious place after all.

In the Ten Thousand Demons interface, you cannot use your own power.

Therefore, she relies on the strong men she has recruited to fight.

Now in Miss Duan's heart, she naturally values Ye Feng the most.

Therefore, because Ye Feng's cultivation is so strong now, and he has an ancient beast like the black unicorn following him, Miss Duan is naturally very relieved.

At this moment, Ye Feng suddenly thought of something. He immediately looked at Miss Duan and said loudly: "By the way, Miss Duan, do you have any special things in the inventory of Wanguo Store that can extend the life span? For example, some special heavenly things." Materials and materials, elixirs, or other special things can extend life."

Hearing what Ye Feng said, Miss Duan was very smart and immediately thought of the old man in black robe standing behind Ye Feng.

This old man in black robe is the human form transformed by the black unicorn.

The reason why Ye Feng proposed these things to extend his life is probably because of the black unicorn.

Miss Duan is also very smart. At this moment, she nodded slightly and said loudly: "Our Eternal Store business is very big, not only in the Shenxu City, but also in the entire northern region of the Ten Thousand Demons Interface. We have businesses, even in other domains, and have certain sales channels, so our store's inventory does have such things that can extend its life, but they are very precious."

Ye Feng immediately smiled and said, "It's okay. As long as I can afford it, I'll buy it all."

hear

When Ye Feng said this, the eyes of the black unicorn behind him flashed slightly, and a hint of warmth appeared in his old eyes.

He knew in his heart that he had not misjudged the person.

You know, Black Qilin is now penniless, and has been trapped for tens of millions of years. It consumes a lot of money and has no way to go out on its own to find various things that can increase its lifespan.

So now he completely needs to rely on Ye Feng to find this resource for him.

But now Ye Feng is willing to spend a lot of money to buy him things that can extend his life, which naturally makes Black Qilin very moved.

Seeing this scene at this moment, Miss Duan's eyes flashed slightly and she glanced at Ye Feng, with a hint of smile in her beautiful eyes.

She knew that Ye Feng was trying to win Black Qilin's heart.

Obviously this method of wooing is very useful. Miss Duan has already seen Hei Qilin's old face, which seems to show a trace of warmth and gratitude.

This shows that Ye Feng's method of winning over is very effective.

At this time, Miss Duan did misunderstand Ye Feng.

The reason why Ye Feng extended the life of Black Qilin was not to win over Black Qilin, but Ye Feng was fulfilling his promise.

That is, Black Qilin has been working for him for three years. Ye Feng will naturally find ways to help Black Qilin fulfill Black Qilin's wish.

Black Qilin's only wish now is to extend his upcoming life span.

There is also the restoration of Black Kirin's original strength.

At this moment, Ye Feng didn't hesitate at all. He directly took out a lot of valuable training resources that could be exchanged for cash from the storage ring, handed them to Miss Duan, and

then said loudly: "Senior Black Qilin and I will go first. I was resting in that room before. You will have people send you the resources that can extend your life later.

okay. "

Miss Duan immediately nodded and said, "Okay."

Although Ye Feng and Miss Duan are now in a cooperative state, Ye Feng also knows that this does not mean that he can freely ask for various cultivation resources from the Eternal Store, which will also make the Eternal Store unable to bear it.

So it's better to buy fairly.

After all, brothers must settle accounts.

At this moment, Ye Feng took Black Qilin and walked quickly towards a certain room in Eternal Store.

Miss Duan has already ordered people to go to the inventory of Eternal Store to take out the resources that can increase life span.

Miss Duan specially ordered several members under her command and said aloud: "Take out all the resources that can increase life span and give them to Ye Feng, even if the training resources Ye Feng gave are not enough to buy all the life-extending things. "

Obviously, Miss Duan did this to win Ye Feng's heart, and of course to show favor to the ancient beast, Black Qilin.

This will definitely be of great help and significance to the entire Eternal Store.

At this time, Ye Feng and Black Qilin had returned to the room where he lived before.

In the room, Black Qilin's old face showed a trace of gratitude. He looked at Ye Feng in front of him and said loudly: "No matter what, thank you for thinking about me."

Ye Feng immediately shook his head, smiled, and said loudly: "Now that Senior Black Qilin is following me and doing things behind my back, then I will definitely fulfill the promise I made to you, Senior."

Hearing what Ye Feng said, Black Qilin said nothing and just nodded solemnly.

He knew that Ye Feng was definitely a reliable person.

His previous choice to follow Ye Feng was a very correct choice.

At this moment, while the two were talking, a member of the Eternal Store was already holding a storage ring.

The finger came to the room.

When this member saw Ye Feng, he immediately clasped his fists respectfully and said, "Master Ye Feng, the storage ring has been delivered, and all the resources you need are contained in it."

This member of the Eternal Store is actually a core member of the Eternal Store.

But she knew that Ye Feng was now a very powerful being, on the same level as the owner of their shop, Miss Duan, so she called Ye Feng "sir."

At this time, Ye Feng immediately nodded, took the storage ring, and then asked the member of the Eternal Store to leave the room.

At this moment, Ye Feng took this storage ring and gave it to the Black Qilin in front of him. He smiled and said: "Senior Black Qilin, you can use these cultivation resources directly and see if you can extend your training more." life."

Black Qilin immediately nodded and said with emotion: "I have been trapped for tens of millions of years, and my life has been lost too quickly. Now I estimate that I only have a few years left. I hope these resources can allow me to Live a little longer."

At this moment, Black Qilin said and directly opened the storage ring.

There are many treasures and elixirs that can extend life span, and there are also some rare and special things, such as the bone marrow of the ancient dragon clan, which can help the beast clan extend their lives.

At this moment, Black Qilin was still very happy. He did not expect that as soon as he came to this Shenxu City, he would be able to get so many life-extending things.

Black Qilin immediately couldn't help but said: "Ye Feng, I estimate that these things can extend my life for nearly ten years, which is very good."

Hearing what Black Qilin said, Ye Feng's eyes immediately lit up, and then he nodded and said loudly: "Then senior can directly refine it."

Black Qilin immediately nodded and began to use these training resources.

At this moment, Ye Feng was meditating aside, silently waiting for the arrival of tomorrow.

Chapter 4364 Miscellaneous Fish

For Ye Feng, there will definitely be a very brutal battle tomorrow.

But Ye Feng was not afraid.

It's just a good time to test the cultivation level of the Half-Step Return to True Realm that I just broke through before.

However, Ye Feng also knows that each of the guardians of the Demon Moon God Sect is stronger than the last.

It is said that the most powerful first protector is one or two realms higher than his previous cultivation realm.

So now, even if he breaks through to the half-step to return to the true state, he is probably much weaker than the first guardian's cultivation level.

But Ye Feng was not afraid.

After all, Ye Feng now also has an extremely powerful super magic weapon world picture scroll.

Ye Feng felt that he would be able to fight against these protectors without the need for Black Qilin to take action by then.

Of course, the Black Qilin's presence will definitely play a huge role.

Because Ye Feng knew very well that the Demonic Moon Sect stationed in Shenxu City was only nine guardians.

But what if in addition to these nine guardians, there are other hidden powerful men of the Demon Moon God Sect lurking in secret?

So everything is uncertain.

With the Black Qilin, an ancient beast from the ancient times, Ye Feng would be more confident.

At this moment, Ye Feng was thinking in his heart and fell into meditation practice.

Early the next morning, Ye Feng had not yet woken up from his cultivation state.

Boom! !

Suddenly, there was a huge roar outside the entire Eternal Store.

Ye Feng woke up immediately and quickly walked out of the room with Black Qilin.

At this time, Miss Duan also walked quickly from the inner area of the Eternal Store.

Miss Duan's beautiful eyes were fixed on Ye Feng, and she said with a serious expression: "It is probably the guardians of the Demon Moon God Sect who have attacked."

Ye Feng immediately nodded and said, "Leave it to me."

At this time, Ye Feng and Black Qilin flew directly towards the outside of the Eternal Store.

Miss Duan and a group of other strong men also quickly followed.

When everyone arrived at the door of Wangu Shop, they immediately saw a very shocking and angry scene.

I saw the Eternal Store outside. All the guards were attacked by several strong men. They vomited blood and fell to the ground.

On the ground, suffered serious injuries.

Moreover, the doors of the entire Eternal Store were all shattered by the bombardment, making them look dilapidated.

Seeing this scene, Miss Duan's eyes suddenly showed a hint of shock and anger.

Not far ahead, there were several young men wearing black gowns, and of course there were also young women.

There are men and women, and they should all be guardian-level beings in the Demonic Moon God Sect. Each of them has a level of cultivation, and the weakest ones are all half-step back to the true state.

It has to be said that the Demonic Moon Sect has a very good foundation and is actually able to cultivate so many powerful protector-level warriors.

And you must know that the Demon Moon God Sect not only has these guardians, there must be other super powerful ones.

It can be seen from this that the Demonic Moon Sect is still a very powerful force in the Shenxu City, a no-nonsense area.

At this moment, Ye Feng stepped forward and looked coldly at the few guardians of the Demon Moon God Sect who took action.

There are seven protectors in total.

Ye Feng sensed that four of them were at the Half-Step Return to True Realm, two were at the third level of the Return to True Realm, and one was at the sixth level of the Return to True Realm. Their cultivation levels were all very powerful.

Of course, Ye Feng did not sense a particularly powerful presence.

Ye Feng immediately understood. It was estimated that the most powerful first protector had not arrived. He might not be willing to take action, or he might be hiding around to observe the situation first.

At this time, Ye Feng did not hesitate at all. He looked directly at the several protectors not far away and said coldly: "It seems that the most powerful first protector has not appeared."

Hearing what Ye Feng said, the seven guardians in front of him immediately laughed out loud and said sarcastically: "Ye Feng, you killed the ninth guardian of our Demon Moon God Sect, which is a heinous crime. Letting you live to this day is already a gift to you. Of course, we can give you a chance to live. Now as long as you kneel in front of us immediately, serve our Demon Moon Cult, and then kill everyone in the Eternal Store, as a certificate of surrender, we may be able to spare your life. After all, you are a talented person. It would be a pity to kill you, but you must kneel in front of us and admit your mistake piously. "

Hearing what these protectors said, Ye Feng suddenly laughed and said

Said: "You think too highly of yourselves. Let your first protector come out. You idiots are no match for me at all."

"Trash fish?"

Hearing Ye Feng call him this, the seven guardians suddenly showed deep shock and anger in their eyes.

Then a guardian who was half-stepping back to the true state suddenly said coldly: "Everyone, let me deal with this kid personally. You don't need to take action. This kid is too arrogant and makes people unhappy. I will kill him personally." Tear him into countless pieces! Let him know what will happen if he offends our Demon Moon God Sect." .??.

Boom!

After saying that, the protector who was half-stepping back to the True Realm rushed towards Ye Feng in an instant. A black light suddenly lit up on his body, forming a huge eagle, which seemed to have the blood of the ancient black eagle.

At this moment, he attacked, like an ancient black eagle, flying in the sky, giving people a very oppressive feeling.

And his hands also turned into the black claws of the ancient black eagle at this moment, as if they were made of black steel, and seemed to be able to tear everything apart.

At this moment, when Ye Feng saw this scene, a cold look appeared in his eyes, and he punched out hard.

Ye Feng's fist immediately turned golden.

As Ye Feng's cultivation level improved, Ye Feng's Fist of God also became more and more powerful.

Boom! !

Almost the next moment, Ye Feng's golden fist directly hit the black talons of the Half-Step True Realm protector with the blood of the ancient black eagle, and a terrifying power burst out.

boom! !

Click! !

Accompanied by a shattering sound, Ye Feng's golden fist was so devastating that it directly shattered the black claws of the half-step back to the truth protector.

Then his entire arm was blown to pieces, and then it penetrated directly through his entire body, leaving a bloody hole.

Then this protector, who was half-stepping back to the true state, was killed on the spot.

He fell from a high altitude, fell hard to the ground, and died tragically on the spot.

"What??"

Seeing this scene, everyone present suddenly widened their eyes.

Everyone in the Wangu Shop, including other people watching the excitement in Shenxu City, all had a look of deep horror in their eyes.

They couldn't believe that such an incomparably powerful young man could appear in such an ordinary store as Eternal Store.

"impossible!!"

At this moment, the other guardians of the Demon Moon Sect also widened their eyes, as if they couldn't believe that Ye Feng's cultivation had now reached the Half-Step Return to True Realm.

"How come you have improved so much in just a few days??"

"Furthermore, the increase in combat effectiveness is particularly terrifying. It doesn't look like a forcibly improved cultivation level at all, because the combat effectiveness of practitioners who forcibly improve their cultivation level must be very weak."

"But Ye Feng's combat power is so strong that he could kill a protector in the same realm as him with one punch?"

At this moment, the other guardians of the Demonic Moon God Sect all screamed in horror, and their eyes suddenly revealed a look of deep uncertainty.

Several guardians who had half-stepped back to the True Realm looked at Ye Feng with a rather fearful expression in their eyes.

Because just now Ye Feng instantly killed a half-step back to the truth protector with one punch, which was really shocking.

If Ye Feng and this half-step back to the truth protector fought with each other for a long time and then killed him, they would not be so shocked.

But Ye Feng instantly killed this half-step back to truth protector.

This is too scary.

After all, this half-step back to the truth protector is not an ordinary warrior. He is a powerful being with the blood of the ancient black eagle. He can even manifest the metal claws of the ancient black eagle, but he was still shattered by Ye Feng's punch. Yes, kill them directly.

This kind of fighting power is simply terrifying to the extreme!

At this moment, several guardians who were even at the True Return Realm level immediately spoke out: "Let's all come together and deal with this kid. His fighting power is very terrifying. We must work together to kill him in an instant." Killing, we must not let this scourge continue to grow, otherwise, all of us will be in danger, but the powerful combat power and terrifying improvement ability he has shown now are just a reminder to us, Let's join forces now. There is no need to talk about martial arts duel. We can just kill this kid together and get rid of this scourge completely! "

Chapter 4365 The First Guardian

At this time, it was obvious that the other guardians of the Demon Moon Sect thought that they could join forces and kill Ye Feng.

boom! boom! boom.....

So at this moment, all the remaining guardians united together, and then released their powerful powers and rushed quickly in the direction of Ye Feng.

They all knew at this moment that Ye Feng was very powerful in combat.

Therefore, even the guardian of the sixth level of the Return to True Realm with the highest cultivation level, at this moment, released his true trump card.

Boom!

The cultivation power of each protector is actually very powerful, attacking Ye Feng. ??

Many of the powerful men in the Eternal Store had very nervous eyes.

Because now there are six guardians all at once, attacking Ye Feng together.

Moreover, there are several strong men from the third level of the Return to True Realm, and even a second protector from the sixth level of the Return to True Realm. They are all very powerful.

And they are not simple attacks, they all release the power of their respective trump cards.

Because these guardians all know that Ye Feng's fighting power is extremely powerful, and there is no way to kill Ye Feng by ordinary means.

So at this time, they are all trying to kill someone.

At this time, when Ye Feng saw this scene, there was no fear in his eyes, but he said coldly: "It's useless for you to join forces. I said before, you are just a group of fish, but it's just right. Let you try out the most powerful magic weapon I just got."

Boom!

At this moment, Ye Feng suddenly burst out with his incomparable power.

Although Ye Feng's cultivation is at the Half-Step Return to True Realm, Ye Feng's martial arts background is too profound and his skill reserve is too powerful.

So at this moment, if Ye Feng releases all his magic power, the aura of his own cultivation that will burst out from his body will be much more powerful than that of a real strong man in the Return to True Realm.

So at this moment, Ye Feng directly input all the mana into the most powerful magic weapon he had just obtained.

In the boundary map volume.

"Wow!"

At this moment, a picture scroll was seen, exuding bright light, flying directly from Ye Feng's mind.

At this moment, the moment the World Scroll flew out, it expanded rapidly, and then directly became the size of an entire small world, filled with the power of the entire world. In an instant, six powerful figures rushed forward. The protector attacked and left.

Boom!

At this moment, although these six guardians released their respective trump card powers, when facing Ye Feng's World Scroll, they just felt like they were facing the entire world.

Just like an ant, having to fight against the whole world really gives people a very deep feeling of powerlessness.

At this moment, the six guardians of the Demon Moon God Sect were all suppressed by the huge world map and flew out. Then they were suppressed on the ground in the distance and knelt down directly. They fell to the ground, making it impossible for them to raise their heads.

"What??"

hiss!

Seeing this scene, everyone present could not help but gasp.

No one thought that Ye Feng was not only powerful in combat, but also possessed such a supreme super magic weapon.

They all saw how powerful the World Atlas was.

Because if the World Atlas was not a very high-level magic weapon, it would not be possible for it to have such terrifying power, suppressing all six powerful guardians of the Demon Moon God Sect to the ground, or even kneeling down.

At this moment, the six extremely powerful guardians were suppressed by the World Map to the point where they could not even raise their heads and were kneeling on the ground.

Their eyes immediately showed deep shock and anger.

They never thought that Ye Feng actually possessed such a powerful super magic weapon.

The most powerful second protector of the sixth level of the Return to True Realm

, immediately couldn't help but yelled angrily: "Boy, you dare to do this to us, you will definitely die!"

Seeing this scene at this moment, Ye Feng just smiled indifferently, with a trace of ferocity in his eyes, and said loudly: "You are already on the verge of death, and you still dare to bark in front of me? Then you will all die. !"

boom!

At this moment, Ye Feng continued to increase his magic power and input the world scroll into the small world, which became more and more terrifying.

The small world has infinite weight, and it presses hard towards the six guardians, causing these six guardians to lie directly on the ground, and their entire bodies are about to be crushed by the pressure.

"ah!"

"ah!"

...

The entire field immediately resounded with the screams of the six guardians.

Seeing this scene, all the warriors in the surrounding Shenxu City showed deep fear in their eyes.

They looked at Ye Feng with an unprecedented look of awe in their eyes.

They knew that this strong young man who could defeat all the guardians of the Demon Moon Sect was definitely a terrifying guy.

In the future, when they see Ye Feng in Shenxu City, they will probably take a detour, and they will not dare to offend Ye Feng at all.

At this time, seeing the reactions of the people around him, Ye Feng's eyes suddenly showed a trace of satisfaction.

The reason why Ye Feng fought openly and openly with the entire Demon Moon Cult's guardians today, instead of sneaking out at night, was mainly to attract everyone in the city and make everyone fear him.

This will be a huge help for him to take over the entire Shenxu City in the future, which is equivalent to establishing his authority.

At this moment, when Ye Feng was thinking in his heart, when the six guardians were being oppressed by the World Map, they were broken into pieces.

"Boy! If you dare to kill them, I will cut you into pieces, and the Eternal Store behind you will also be completely destroyed by me!"

Suddenly at this moment, accompanied by an extremely angry and majestic voice, a young man wearing a golden robe flew over from not far away.

He held a golden giant sword in his hand, and he looked like a golden god of war, giving people a deep and terrifying feeling.

The aura of cultivation on his body has clearly surpassed the powerful cultivation aura of the Return to True Realm. It is a terrifying existence at the level of Yuanmai Realm above the Return to True Realm!

At this moment, Ye Feng immediately showed a solemn look in his eyes.

This person should be the most powerful first protector of the Demon Moon God Sect.

I have to say that this first protector is indeed very powerful and terrifying.

It feels like a majestic mountain standing there, making everyone feel a depressing atmosphere.

Even Ye Feng felt a severe sense of oppression now.

This first protector of the Demonic Moon Sect is definitely not a Yuanmai realm who has just broken through to the Return to True Realm. He may even be a profound existence at the tenth level of the Yuanmai Realm.

At this moment, not only was there no fear in Ye Feng's eyes, but he showed a high will to fight.

At this time, Ye Feng stared at the first guardian not far away, just smiled faintly, and said loudly: "I finally met an opponent that I can pay attention to, but what you said about letting these guardians go, then of course it is There is no possibility. If they want to kill me and destroy the entire Eternal Store, they will have to pay the price. "

Boom!

Almost at the moment when Ye Feng's words fell, before the first protector could say anything, Ye Feng violently rotated the world map, releasing the terrifying weight of the entire small world, and

suddenly he was on the spot under the horrified eyes of countless people. In the middle, the six guardians were crushed to pieces and completely killed.

"No!!!"

Seeing this scene, the first protector's eyes were filled with anger. He stared at Ye Feng fiercely and yelled crazily: "Boy, you are dead! You are dead." !”

Chapter 4366 The First Protector

At this time, the first protector was naturally very angry, so angry that his eyes were about to burst.

Because Ye Feng killed all his companions in front of him, naturally the first guardian was extremely angry.

"Boom!!!"

At this moment, the first protector's body suddenly erupted with the terrifying cultivation aura that surpassed the Yuanmai Realm of the Tenth Heavenly Perfection of the Return to True Realm.

At this moment, everyone present, including the strong men from the Eternal Store, could not help but take a dozen steps back.

Even just the cultivation aura of this first protector made everyone feel a very terrifying feeling.

Because the cultivation level of this first protector is so powerful, it is a whole level and a half higher than Ye Feng's current half-step to return to true state.

At this moment, Ye Feng didn't hesitate at all, didn't retreat at all, and just burst out wildly with his half-step back to the true state of cultivation, and charged directly towards the first protector in front.

"It only takes one sword to kill you!"

The first protector held the golden giant sword in his hand, like a golden god of war, with a bright golden light blooming all over his body, and he slashed hard towards Ye Feng's head.

The golden giant sword in his hand immediately erupted with a golden sword light hundreds of thousands of meters long, which seemed to be able to tear the sky and the earth apart, and directly slashed hard on the top of Ye Feng's head.

At this moment, Ye Feng did not hesitate at all, and frantically input his half-step back to the true state of mana to enter the world atlas.

The World Scroll immediately transformed into a larger small world, blocking the attack of the first protector with a whole world.

"The true form of the golden giant spirit!"

But at this moment, the first guardian cast a very powerful inheritance, activating the bloodline of the ancient golden giant spirit in his body.

Seeing this first protector, his whole body immediately expanded rapidly, and his whole body swelled directly on the spot and became a majestic golden giant with a height of tens of thousands of meters.

The golden giant sword in his hand also turned into a length of more than 100,000 meters, and slashed wildly towards Ye Feng.

With every slash, the golden giant sword in his hand became increasingly destructive and destructive.

Even though Ye Feng held the World Atlas in his hands, a super powerful magic weapon from ancient times, at this moment, he couldn't help but retreat quickly after being attacked by the first protector.

Rumble...

At this moment, the entire world map was shaking violently, and even Ye Feng couldn't help but a trace of blood spilled from the corner of his mouth.

"The first protector is too strong!"

"As expected of the leader arranged by the Demonic Moon Sect in Shenxu City!"

Seeing this scene, many people present were shocked. They did not expect that the first protector could actually have such a method, and directly transformed into the true form of the ancient golden giant spirit, which had extremely terrifying and destructive power.

The entire small world manifested by Ye Feng was about to be shattered into pieces.

"Very strong!"

At this moment, Ye Feng's eyes suddenly showed a hint of shock.

This first protector is indeed the leader of the Demon Moon Cult left in Shenxu City. His cultivation strength and methods are so powerful that he is many times more powerful than all the previous protectors put together.

At this moment, the first protector saw Ye Feng and was almost unable to resist. He immediately laughed crazily and said, "Boy, you are just a wandering warrior. You got this through luck." A super magic weapon with world attributes, but your final accumulation of cultivation is still too weak. I am a whole realm and a half higher than you. There is no way you can resist me. I will kill you later and all your treasures will be gone. It's mine, hahaha!"

At this moment, the first protector continued to chop wildly, trying to chop into pieces the small world that Ye Feng had transformed into a scroll of the world, and then chop to death Ye Feng's entire body.

But at this moment, Ye Feng didn't hesitate at all, and directly released the Devouring Domain, swallowing up all the seven ordinary guardians that he had killed before.

accompanied by leaves

The darkness of the wind swallowed the realm and enveloped the bodies of the seven guardians.

All the skills and blood energy of these seven guardians were immediately absorbed by Ye Feng's Devouring Domain, and then injected into Ye Feng's Dantian.

"boom!!"

Ye Feng's skill and cultivation, at this moment, immediately broke through the bottleneck of the half-step return to truth state, and directly broke through to the first level of the true return to truth state.

It has to be said that the cultivation skills of these guardians of the Demon Moon God Sect are still very powerful and of very high quality. After being swallowed by Ye Feng, he instantly broke through the current bottleneck with the help of such a huge energy and stepped into the world. The true state of returning to one's true nature.

"What??"

Seeing this scene, the first protector not far away immediately widened his eyes slightly, as if he did not expect that Ye Feng had such an evil and domineering devouring ability, and directly devoured all the skills of his companions. , allowing him to achieve a breakthrough in his cultivation.

At this moment, the first protector immediately shouted angrily: "Damn boy, even if you break through, it will be of no use. You only broke through half of the realm. You still can't stop me. In the end, you will still have to stop me." Beheaded by me!"

Boom!

But at the next moment, what stunned the first protector and even shocked everyone present was that Ye Feng's cultivation aura at that moment suddenly increased steadily after breaking through to the first level of the Return to True Realm. , in just a few seconds, Ye Feng's cultivation level was directly and forcibly upgraded to the tenth level of the Return to True Realm, which is only one level lower than the tenth level of the first protector Yuanmai Realm. .

The gap between their cultivation levels was made up in an instant.

"What??"

"How can this be??"

Seeing this scene, the first protector immediately showed deep astonishment in his eyes. It seemed that he never expected that Ye Feng actually possessed such a magical secret technique.

That's right.

What Ye Feng is performing at this moment is naturally the Dzogchen Future Body.

When Ye Feng breaks through to the first level of the Return to True Realm,

After that, Ye Feng can directly forcibly upgrade his cultivation to the tenth level of the True Realm, Dzogchen, in a short period of time, allowing himself to have Dzogchen level strength.

At this moment, Ye Feng's cultivation level was directly forcibly increased to the tenth level of the Return to True Realm, giving Ye Feng such a powerful cultivation power.

Ye Feng immediately felt that his combat power had greatly increased compared to before.

Then at this moment, Ye Feng directly forcibly input his huge mana into the world atlas.

The small world that the World Atlas turned into was originally only 100,000 square meters, but now it has rapidly expanded to a full million square meters, turning into a small world of one million square meters. The weight is simply terrifying to the extreme.

Even the golden giant sword of the First Protector cannot shake the World Atlas.

Obviously, as the user's cultivation level increases, the World Atlas becomes more powerful.

After all, it is the magic weapon used by super powerful people in the ancient times to prove their enlightenment.

At this moment, even the first protector was suppressed by the world map that had become larger and more terrifying.

Then, almost in an instant, Ye Feng passed through the void, waved his golden fist, and struck out crazily.

At this moment, Ye Feng used the power of cultivation at the tenth level of the Return to True Realm to release the Fist of the Gods.

boom! !

His golden fist immediately became as big as a mountain, with terrifying brute force and solidity. It directly shattered the first protector's body, completely exploded and killed him.

Amidst the stunned and shocked eyes of countless people, the first protector shed blood completely, staining the sky with blood on the spot.

The first protector, die!

"hiss!"

At this moment, the whole place was filled with gasps of air.

Everyone was shocked.

The whole place fell into dead silence!

quiet!

Deadly quiet!

Chapter 4367 New City Lord

At this time, the whole place fell into a dead silence.

Because no one thought that Ye Feng, a young boy who didn't look amazing, actually possessed such terrifying strength.

Even if it was a powerful force like the Demon Moon Sect, the nine guardians installed in Shenxu City were all killed by Ye Feng one by one.

Even though Ye Feng's cultivation was not as good as those of the Guardians, and even one or two realms lower than the First Guardian, he still went against the will of heaven and killed the most powerful First Guardian on the spot.

This moment naturally shocked everyone present to the extreme.

No matter who it was, the other wandering warriors in Shenxu City or the people from Eternal Store, they were all shocked to the extreme at this moment.

Because no one thought that Ye Feng could burst out with such monstrous power.

After all, in the hearts of everyone, the nine guardians of the Demon Moon God Sect were definitely high-ranking figures, but they were quickly killed by Ye Feng.

Especially the most powerful First Protector, who in everyone's mind was definitely the most powerful person who could not resist, was still beheaded by Ye Feng on the spot and died tragically on the spot.

"boom!"

At this moment, Ye Feng did not hesitate at all. He directly released the Devouring Domain and began to devour the first protector who was killed by him.

You must know that the bodyguard of this first protector is very powerful, but it surpasses the powerful existence of the Return to True Realm.

Therefore, his skill is naturally very profound, which makes Ye Feng want to get his skill very much.

Boom!

At this moment, Ye Feng could feel that his skill had increased tremendously as he swallowed.

The power of this first protector was indeed very powerful, and Ye Feng's cultivation level immediately began to make rapid and continuous breakthroughs.

After all, it is the cultivation level of the tenth level of Yuanmai Realm that has surpassed the Realm of Return to True Realm. The aura is naturally terrifying and powerful.

"boom!"

Return to the second level of the True Realm!

"boom!"

Return to the third level of the True Realm!

At this moment, Ye Feng's cultivation suddenly reached two levels, making Ye Feng's eyes suddenly reveal a look of deep joy.

Sure enough, the cultivation skills of this first protector were indeed very majestic, and they were able to increase Ye Feng's skills so much.

At this time, Ye Feng looked at Miss Duan behind him, smiled slightly, and said loudly: "The crisis has been completely resolved."

When Miss Duan heard what Ye Feng said, she immediately showed a trace of wonder in her eyes.

Even though Miss Duan's origin is very mysterious, she still feels that Ye Feng's talent is too strong and his combat power is so terrifying.

It is very difficult for a person at a very low level to be able to kill a strong person at a high level.

Because at this level of cultivation, everyone has their own trump card.

Therefore, even if they are in the same realm, it is difficult to kill each other.

Not to mention killing enemies by leapfrogging.

That kind of thing only happens at some relatively low levels of cultivation.

But Ye Feng can still do this at a high level of cultivation, which shows how powerful Ye Feng is.

At this time, Miss Duan immediately said: "We have killed all the guardians of the Demon Moon God Sect. We must have completely offended the Demon Moon God Sect, so next I think the Demon Moon God Sect will definitely send a larger and more powerful existence may even call upon all the powerful men from the entire Demonic Moon God Sect to arrive, so we must be prepared as soon as possible."

Ye Feng immediately nodded and said: "Miss Duan, you said before that after killing these nine guardians, you can control the ancient formations of the entire Shenxu City. As long as the ancient formations are activated, you will not let them go. The strong men of the Demon Moon God Sect cannot attack."

Miss Duan immediately nodded and said, "Indeed, I will activate that formation now."

After finishing speaking, Miss Duan directly took out ancient talismans from her storage ring.

Seeing these talismans, Ye Feng's eyes suddenly moved slightly.

These ancient talismans must be very precious and rare formation talismans.

At this moment, Miss Duan immediately

The ancient formation talismans were thrown out, and they were directly suspended in the sky, and then flew quickly in all directions, covering the entire Shenxu City.

Buzz!

At this moment, these ancient formation talismans seemed to activate some ancient formation under the Shenxu City.

Countless golden lights were seen immediately emanating from under the ground of Shenxu City.

Then it condensed into a golden light shield, covering the entire Shenxu City.

Seeing this scene, many people present had astonishment in their eyes.

It seems that he did not expect that the owner of the Eternal Store, the mysterious Miss Duan, would have such a mysterious ability to activate the ancient formations under the entire Shenxu City.

This ancient formation seems to have been handed down from ancient times, and no one has been able to activate it.

But now Miss Duan has achieved this.

At this moment, after Miss Duan activated the ancient formations in the entire Shenxu City, she immediately breathed a sigh of relief.

Now even if a powerful man from the Demon Moon Sect arrives, there will be no way to attack and enter the Shenxu City in a short period of time.

At this time, Ye Feng looked at Miss Duan, with a hint of solemnity on his face, and said loudly: "In any case, although the Demonic Moon Cult does not pose much danger to our entire Shenxu City, after all, this will It's not a solution. If the strong men of the Demonic Moon Sect are waiting outside, we will have no way to get out of the Shenxu City. If we go out, we may be killed."

When Miss Duan heard what Ye Feng said, she immediately nodded, then stared at Ye Feng and said loudly: "Ye Feng, do you mean that we still have to completely solve the scourge of the Demon Moon God Sect?"

Ye Feng immediately nodded, with a hint of coldness in his eyes, and said loudly: "Of course, since he has completely offended the Demon Moon Sect, it is equivalent to completely breaking up with the Demon Moon Sect. , then this scourge must be eliminated."

Ye Feng is not a good man and a believer. For an evil force like the Demon Moon God Sect that wants to occupy the entire Shenxu City, Ye Feng

Naturally, Feng showed no mercy, and his inner thought was to completely destroy it, so that he could get rid of the biggest scourge of the Eternal Store.

From then on, no one in the entire Shenxu City dared to offend Eternal Store and Ye Feng.

At this time, Miss Duan immediately nodded, then suddenly looked at all the people watching around the Shenxu City, and suddenly said: "The Demon Moon Sect has occupied our Shenxu City for so long and destroyed us. All fair and equitable trading principles in the entire Shenxu City want to plunder and exploit the huge profits in Shenxu City. This is something that all our shops and all practitioners cannot tolerate, so now our Eternal Store will temporarily take control The entire Shenxu City, and our Eternal Store will also support Young Master Ye Feng, who just killed the nine evil ones, the Nine Guardians, as the future city lord of Shenxu City."

At this moment, after Miss Duan said this, many practitioners in the surrounding Shenxu City immediately showed deep shock on their faces, as if they did not expect the ambition of Eternal Store to be so big.

However, they all also know that Eternal Store has always been doing business safely in Shenxu City. It is not as overbearing as the Demon Moon God Sect, which wants to drain the profits of everyone in Shenxu City.

Wangu Store just wants to create a good business environment for everyone.

So at this moment, the wandering warriors and other practitioners in the many Shenxu cities present did not say much.

Because Eternal Store has always had a very good reputation.

Moreover, Ye Feng had just killed all the guardians of the Demon Moon God Sect, which could be regarded as giving them a bad breath.

After all, during this period of time, they were all severely exploited by the nine guardians of the Demonic Moon God Sect.

Moreover, Ye Feng is now so powerful that he is indeed qualified to become the city lord of the entire Shenxu City.

So at this time, seeing that everyone was silent, Miss Duan immediately understood that what they did was very correct.

At this moment, Miss Duan continued to speak: "So, in the future, Mr. Ye Feng will become the new city lord of our Shenxu City and lead our entire Shenxu City to new glory. Let's think about it. Who is in favor? Who is against? "

Chapter 4368 Ancient Soul

Who agrees?

Who objects?

At this time, when everyone present heard what Miss Duan said, no one dared to say anything.

After all, the reputation and prestige of Eternal Store is there.

Moreover, Ye Feng has just proved that he is strong and fully qualified to assume the role of the new generation of city lord of Shenxu City.

What's more, behind Ye Feng is the support of Eternal Store, the largest store in Shenxu City.

And just now Miss Duan also said that the reason why Shenxu City is controlled by Eternal Store and makes Ye Feng the new city lord is to fight against the Demon Moon Cult and create a fair and just environment for everyone, so that everyone will no longer be subject to Exploitation by the Demon Moon Cult.

So at this time, basically no wandering warriors or practitioners would object to this matter.

After all, it's a good thing if someone is willing to stand up for them.

Before, they were exploited miserably by the nine guardians in Shenxu City, and they had to pay city fees even to enter the city.

So at this time, if Eternal Store and Ye Feng join forces, they can really bring real peace and fairness to the entire Shenxu City, then it will indeed be a very good thing for all the wandering warriors.

They have no objection to Ye Feng and Eternal Store controlling the entire Shenxu City.

After all, the reputation of Eternal Store in Shenxu City was very good before, and it was a store that did business stably.

So at this time, after Miss Duan said this, no one objected.

Seeing this scene at this moment, Ye Feng also showed a trace of joy in his eyes.

It seems that things are simpler than I imagined.

He could be recognized by everyone so quickly and become the city lord of the entire Shenxu City.

But what Ye Feng didn't know was that the scene where he killed the nine guardians, especially the strongest first guardian, was really shocking.

All the wandering warriors already regard Ye Feng as the strongest being in Shenxu City currently.

And Ye Feng's back

In the end, there was also the support of a big store like Eternal Store, so it was natural to join forces, and no one dared to say anything.

And no one thinks this matter is unreasonable. This is a win-win situation.

At this moment, Miss Duan saw that everyone acquiesced, and immediately smiled slightly and said: "Okay, starting from today, all the rules of Shenxu City will return to the previous normal

state, but then Shenxu City will return to its normal state. The city lord of Xu City is Ye Feng. If Ye Feng needs your help in the future, everyone will still give you more help."

Hearing what Miss Duan said, many wandering warriors from other Shenxu cities around them all nodded without saying anything else.

At this moment, Miss Duan looked at Ye Feng, smiled and said: "Next, our Eternal Store will privately fund the construction of a new city lord's palace for Ye Feng's office use."

Hearing what Miss Duan said, many people around her had expressions of wonder in their eyes.

The Eternal Store is indeed the largest store in the Shenxu City. As expected, it has strong financial resources. It actually wants to build a brand new city lord's mansion for Ye Feng. It is quite impressive.

At this time, when Ye Feng heard Miss Duan say this, he couldn't help but reveal a trace of surprise in his eyes.

It seems that she didn't expect that Miss Duan would have such a strong sense of ritual and even build a city lord's mansion for herself.

However, Ye Feng knew that he would not be long in Shenxu City, so he immediately looked at Miss Duan and said secretly: "Miss Duan, I don't think this matter needs to be done. After all, I have to go to other places next." , It's impossible to stay in Shenxu City for long."

Hearing what Ye Feng said, Miss Duan immediately smiled slightly, sent the message back, and said loudly: "You still have to have what you should have. You have become the current city lord of Shenxu City. Naturally, you should have an independent The city lord's mansion where you live can show your identity and majesty. Although you may not care about this, it is necessary.

"

Hearing what Miss Duan said, Ye Feng immediately nodded and did not object.

After all, as long as Miss Duan pays for it herself, it will be fine.

At this moment, Ye Feng got rid of all the protectors and felt a lot more relaxed inside.

However, Ye Feng knew that the Demonic Moon Sect would definitely send more powerful men to come next.

At this time, Ye Feng looked at the Black Qilin beside him and said loudly: "Senior Black Qilin, I wonder what level your current cultivation level is and what kind of strong person you can deal with?"

Black Qilin was silent for a moment at this time, and then said aloud: "My current strength is far from returning to its peak state. It is estimated that it is only one ten thousandth of the peak state's strength, but I estimate that I can fight against Ye Feng who is higher than you now. The existence of two great realms."

Hearing what Black Qilin said, Ye Feng suddenly showed a hint of surprise in his eyes.

The black unicorn is indeed a super beast from the ancient times, and it is indeed extremely powerful.

At this moment, Ye Feng suddenly felt confident in his heart, and then said aloud: "No matter what, I must improve my own strength as soon as possible, otherwise, I will not be able to fight against the strong men coming from the Demon Moon God Sect in the future." ??

Ye Feng knew very well that for a local power like the Demon Moon Sect, all nine of its guardians were killed in the Shenxu City. He would definitely not be able to swallow this breath. It is estimated that violent revenge will come soon.

Ye Feng immediately looked at Miss Duan and said loudly: "Miss Duan, I probably won't be able to stay in Shenxu City for the time being. I want to enter the land of Shenxu with Senior Black Qilin and continue to look for opportunities. Good luck and improve your cultivation strength as much as possible."

Hearing what Ye Feng said, Miss Duan immediately nodded and said with a smile: "Okay, you can rest assured to improve your strength. There is no big danger in Shenxu City for the time being. If the Demonic Moon God Sect If the strong man really comes, we will stay in Shenxu City for the

time being, and our Eternal Store has a secret passage leading to the outside. When the time comes, I will

We can leave Shenxu City through the secret passage and handle other matters. "

Hearing what Miss Duan said, Ye Feng's eyes suddenly revealed a look of astonishment. He did not expect that there was a secret passage leading outside in the Eternal Store.

As expected, she is worthy of being such a mysterious existence as Miss Duan. She thinks about everything very carefully and leaves herself with a backup plan.

Ye Feng immediately nodded and no longer had any worries. Instead, he and the black unicorn flew quickly towards the outside of Shenxu City.

After they left the Shenxu City, Ye Feng entered the Shenxu Land again, hoping to find some opportunities.

Uh-huh!

But before Ye Feng was looking for it, an old figure suddenly flew in front of him.

It turned out to be Murong Changming, the head of the scavenger department of the Blood Demon Dynasty where Ye Feng worked.

Before Murong Changming, he asked Ye Feng to look for some opportunities in the outer areas of the Shenxu Land, while he himself would go deep into the deep areas of the Shenxu City to find good things and contribute to the Blood Demon Dynasty, otherwise If so, the waste pickers department will be abolished.

After all, the scavenger department is in serious decline now, with only Murong Changming and Ye Feng left.

At this moment, when he saw the sect master Murong Changming flying over, Ye Feng's eyes flashed slightly, and then he directly greeted him and said loudly: "Brother Murong, how come you came from the land of the gods so quickly? Did you get something good from the deep area?"

When Murong Changming saw Ye Feng standing not far away, his expression immediately changed and he hurriedly said: "Ye Feng, stay away from me quickly. I am in the deep area of the Shenxu Land. Although I found a Good thing, but I was also put on the field by a vicious ancient soul. But for the time being, I can still suppress this ancient soul. But Ye Feng, please stay away from me. Ye Feng, your current strength is too weak. If If you get too close to me, you will be entangled by this vicious ancient soul, and it will instantly drain your blood and spirit, and even gods will be unable to save you!"

Chapter 4369 Iron Box

It has to be said that Murong Changming, the head of the scavenger department, is very good to Ye Feng, the only member.

At this time, he was haunted by an extremely vicious ancient soul. He asked Ye Feng to stay away from him to avoid harming innocent people.

When Ye Feng heard what Murong Changming said, a look of astonishment appeared in his eyes.

Unexpectedly, the sect leader of the scavenger department would encounter such a terrifying thing deep in the land of the gods.

No wonder young people are not allowed to enter the depths of the Divine Ruins because it is too dangerous.

Even if you are an older person like the head of the scavenger department, you will encounter huge dangers if you enter it.

You know, Murong Changming is a leader-level figure in the scavenger department.

Although the scavenger department has completely declined, it is still a department head-level existence after all.

Therefore, Murong Changming is still very powerful. He is a senior figure, but he didn't expect to be entangled by such a vicious ancient soul, and he was unable to eliminate it for a while.

And Ye Feng saw that Murong Changming's whole body was exuding a dark aura at this moment, giving people the feeling that he was about to be possessed by a demon, which was very scary.

Uh-huh!

At this moment, Ye Feng didn't hesitate at all and rushed forward quickly.

Ye Feng's soul power is extremely huge, and he still has a great god like Emperor Chu in his mind.

For something in this kind of soul state, no matter how evil it is, Ye Feng naturally has no fear.

Seeing Ye Feng rushing towards him at this moment, Murong Changming suddenly showed an anxious look on his face and said loudly: "Ye Feng, what are you doing? I can't suppress this ancient soul anymore. , you are just looking for death when you rush here, you can't help me. "

But at the next moment, before Murong Changming could finish speaking, a bright golden light suddenly burst out in Ye Feng's mind, and it suddenly shone on Murong Changming.

\u003c

br\u003e "Howl!!"

The vicious ancient soul that Murong Changming was entangled in suddenly let out an extremely tragic howl at this moment.

Then it turned out that the entire soul body was quickly dissipating and completely shattered.

After Ye Feng absorbed the soul fragments of this ancient soul, his soul power increased tremendously.

It has grown directly from the previous level of 65 million to the level of 66 million.

After such an ancient soul was destroyed, Ye Feng's soul power level increased by one million.

This made Ye Feng's eyes suddenly show surprise.

Sure enough, this ancient soul was worthy of being an existence that came from the depths of the Divine Ruins. It was indeed very powerful and brought him a huge soul replenishment.

At this moment, Murong Changming saw that a bright golden light burst out from Ye Feng's head, and he directly killed this vicious ancient soul.

"this....."

Murong Changming, the head of the scavenger department, suddenly had a look of deep astonishment in his eyes.

He seemed to have never imagined that Ye Feng, a newcomer in the scavenger department, would possess such a powerful soul attack method.

At this moment, Murong Changming seemed to have thought of something, and immediately couldn't help but said in surprise: "Ye Feng, your kid is actually a soul master??"

Murong Changming was an elder, so he instantly guessed that the reason why Ye Feng was able to instantly wipe out the vicious ancient soul in him must be because Ye Feng had trained as a soul master, otherwise he would not have such a strong soul. Attack power.

Ye Feng smiled slightly at this time and said aloud: "Yes, I am indeed a soul master, but I have never revealed my origin.

His own soul master method. "

At this time, Murong Changming spoke out with great gratitude: "You kid, I'm really shy about hiding this from my brother. You are such a rare soul master, and you have always been secretive. You kid, really Calm down, if the royal family of our Blood Demon Dynasty knows that you are a soul master, many departments will probably come to compete for you. After all, soul masters like you are really rare, even in our Blood Demon Dynasty. The three top powers in the Northern Territory are also very rare, because there is no way to cultivate soul masters, they can only awaken their innate talents. "

Hearing what Murong Changming said, Ye Feng nodded slightly, and then couldn't help but said: "Brother Murong was actually entangled by such a vicious ancient soul? It seems that he got something good, very precious, I don't know What is it."

Ye Feng was talking at this moment, and Murong Changming didn't hide anything. He directly took out an iron box from his storage ring, and then said loudly: "I haven't had time to open this iron box, and I don't know. What is hidden in it? I guess it is a very powerful peerless inheritance, because I got this iron box from the bloody mouth of an ancient dragon corpse. It is estimated that this ancient dragon clan was fighting for this The iron box has just fallen, so this iron box is definitely very extraordinary. "

Hearing what Murong Changming said, Ye Feng's eyes suddenly showed a trace of curiosity, and he couldn't help but said: "Then let's open it now and see what's inside."

Hearing what Ye Feng said, Murong Changming suddenly glanced at the old man in black robe behind Ye Feng, who was Black Qilin.

Murong Changming suddenly had a look of astonishment in his eyes, and then said aloud: "Ye Feng, this person behind you feels very unfathomable to me. Where do you know him from?"

When Ye Feng heard what Murong Changming said at this time, he immediately smiled slightly, and then introduced himself and said: "Brother Murong, this senior Black Qilin is from an ancient ruins in the land of Shenxu.

I used some means to rescue the old man I met, and he is currently following me behind me to do things for me. "

"Doing something for you?"

Hearing what Ye Feng said, Murong Changming's old eyes suddenly showed a hint of surprise.

It seems that he did not expect that Ye Feng would have such ability to make such an unfathomable existence willing to follow Ye Feng.

Murong Changming didn't say much at this moment. After all, it was a good thing for their scavenger department that Ye Feng had such a powerful person who could work for him.

Murong Changming immediately spoke out at this time: "Then let's open the iron box I got. If it really contains a peerless inheritance, it will definitely be of great help to our scavenger department. Not only we two members of the Scavenger Department can practice this set of peerless inheritance, and after submitting it to the royal family, the royal family will also reward us with a huge amount of training resources from the Scavenger Department, and we will share it equally."

Hearing what Murong Changming said, Ye Feng's eyes suddenly showed a look of surprise.

Unexpectedly, Murong Changming was willing to share the things he had worked so hard to find with himself.

Not only is he willing to share this unique set of inherited training qualifications with himself, but he is also willing to equally share with himself the huge amount of training resources that the royal family may reward.

At this time, Ye Feng looked at Murong Changming, the sect leader, with a look of solemnity in his eyes.

This old man is someone who can really make friends.

At this moment, Murong Changming seemed to see the look in Ye Feng's eyes, and immediately grinned and said loudly: "If it weren't for you, Ye Feng, just now, I would have been haunted to death by that vicious ancient soul. , so we should share it equally."

After finishing speaking, Murong Changming did not wait for Ye Feng to say anything more, but directly opened the iron box in his hand.

Chapter 4370 Golden Paper

At this time, Murong Changming and Ye Feng were both staring at the iron box in front of them.

They are all looking forward to this very much.

Because the contents of this iron box will be of great help to the future of their scavenger department.

Especially Murong Changming, the head of the Scavenger Department. He has always felt that the Scavenger Department is looked down upon by many people and is considered a dispensable department with no use at all.

Therefore, Murong Changming has been holding his breath in his heart. If he can really find a set of peerless inheritance deep in the land of the gods, then dedicating it to the royal family will definitely make the entire blood demon dynasty's royal family hate the entire scavengers. If a department pays great attention to it, it will slap other departments in the face.

In addition, if what is contained in this iron box is really a set of peerless inheritance, then Ye Feng and Murong Changming's cultivation will also greatly improve their own strength.

At this time, Ye Feng stared at the iron box.

As Murong Changming slowly opened the lid of the iron box, a piece of golden paper appeared inside.

"What?" ??

Seeing this scene, Murong Changming's eyes suddenly changed from deep expectations to severe disappointment.

Because a piece of golden paper cannot be an inheritance at all.

Generally, a set of uniquely powerful inheritance carriers is either a crystal ball that can directly enter a person's spirit.

Or a thick book.

But inside this iron box, there is only a piece of golden paper, which is so thin that it is impossible to record any peerless and powerful inheritance.

So at this moment, Murong Changming's eyes suddenly revealed a look of deep disappointment.

At this moment, Ye Feng stretched out his hand and took the piece of golden paper in the iron box into his hands. Then he looked at it and said with surprise in his eyes: "Brother Murong, first of all. Don't be too quick to despair, this piece of golden paper seems to be part of a peerless inheritance."

At this moment, after Ye Feng finished speaking, he directly placed the golden paper in front of Murong Changming's eyes.

The two of them immediately saw that the golden paper was filled with densely packed small characters.

But at the edge of the paper, it broke.

It is enough to explain this golden paper

Zhang is part of some peerless inheritance.

"this....."

Seeing this scene at this moment, Murong Changming suddenly showed a trace of surprise in his eyes.

At this time, Murong Changming immediately looked at Ye Feng in front of him and couldn't help but asked: "Ye Feng, can you understand the densely packed small characters written on this golden paper?"

At this moment, Ye Feng shook his head and couldn't help but said: "These words seem to be very ancient words. I can't understand them, but I think there is someone who can understand them."

After finishing speaking, Ye Feng suddenly handed the golden paper to the Black Qilin beside him, and then said loudly: "Senior Black Qilin, you are an ancient existence that lived tens of millions of years ago. You should be able to read these words. Do you understand?"

As a ferocious beast from the ancient times, Black Qilin was a super important person in the ancient times, so he should definitely know a lot of words.

Sure enough, at this moment, Black Qilin saw the words on the golden paper, and his eyes suddenly moved slightly, and he couldn't help but said: "I can understand it, these words seem to be from a very ancient and powerful person in the ancient times. Race, the inheritance of the Celestial Clan."

"What? The inheritance of the Celestial Clan?"

Almost at the moment Hei Qilin finished speaking, Murong Changming's face suddenly became extremely excited.

He couldn't help but exclaimed: "The Celestial Clan?? That was the most terrifying race in the ancient times. I didn't expect that the inheritance of the Celestial Clan would appear??"

After finishing speaking, Murong Changming seemed to have thought of something, and his face turned rather sad again, and he said loudly: "But the inheritance of the Celestial God Clan has only been able to be practiced by the creatures of the Celestial God Clan. Ordinary creatures have no way to practice. It is the inheritance of the Celestial Clan, because the Celestial Clan is so magical, and their power is extremely special."

Hearing what Murong Changming said at this moment, Ye Feng's eyes moved slightly. He was a descendant of the Celestial Clan. If he could find this special inheritance of the Celestial Clan, he would be able to improve his strength and use the Immortal Body of the Celestial God. It will be even more terrifying, and it will be of huge help.

So at this moment, Ye Feng immediately stopped moving

He said loudly: "Brother Murong, if we can find this inheritance of the Celestial God Clan, even if you and I can't practice it, we will be able to understand the supreme profound meaning of the Celestial Clan from it and use it for the rest of our lives. "

Hearing what Ye Feng said, Murong Changming's eyes suddenly lit up, and he quickly said: "That's right, the inheritance of the Celestial God Clan in ancient times is really too ancient and magical. Even if you can't practice it, this method Inheritance can only comprehend a hint of the profound meaning, and it will also be of great help to our practice."

When he said this, Murong Changming immediately said aloud: "The place I explored before has not actually been explored yet. It seems that the other parts of this golden paper are probably still in the place I explored. It's hidden, we still have to go deep into it, but it's very dangerous there, even I can't break into the deepest part, let alone you Ye Feng."

boom!

Ye Feng suddenly smiled slightly at this moment, and suddenly burst out the powerful cultivation aura of the third level of the Return to True Realm.

"What??"

Sensing the cultivation aura of the Return to True Realm level in Ye Feng, Murong Changming's eyes suddenly revealed a look of deep astonishment, and he couldn't help but exclaimed: "Ye Feng, why are you here all of a sudden? Has your cultivation level improved so much in just a few days? When you and I first came to the outer area of the Divine Ruins, we were two or three levels below our current level!"

Ye Feng smiled slightly at this time and said aloud: "In just a few days, I have received unparalleled opportunities, which is why my cultivation level has improved so quickly."

Hearing what Ye Feng said, Murong Changming's eyes turned to deep surprise when he looked at Ye Feng.

At this time, he finally started to really pay attention to Ye Feng, a newcomer who joined the scavenger department.

This new guy was even more incredible than he imagined.

At this moment, Ye Feng seemed to have seen Murong Changming's thoughtful look at him. Ye Feng immediately smiled and said: "Let's go directly to find the remaining part of this golden paper now, and try to complete it." If the golden paper is successfully spliced, then we can get a set of peerless inheritance from the Celestial Clan. This is definitely something of great value in the Blood Demon Dynasty. A set of inheritance from the immortal Celestial Clan in ancient times is naturally

The value is so high that it will cause countless powerful forces to grab it. "

Murong Changming also had a look of expectation in his eyes at this time.

Although the Celestial God Clan has a peerless inheritance, only the Celestial Clan's own creatures can practice the true secrets of this complete set of peerless inheritance.

But the research institute of the Blood Demon Dynasty is not a vegetarian.

No matter what race's peerless heritage it is, if the senior figures in the research institution carefully analyze and interpret it, and then make various changes, they can successfully transform this peerless heritage that ordinary people cannot practice into something that everyone can The inheritance of cultivation.

Therefore, even the inheritance that Murong Changming found at this moment is a unique inheritance of the Celestial Clan.

If it is contributed to the royal family, the value will be very huge, enough for their scavenger department to receive huge training resource rewards.

So at this time, Murong Changming was still looking forward to getting the complete version of this golden paper.

Ye Feng naturally hopes to get the complete golden paper at this time.

Because if he could get the complete golden paper, then Ye Feng would be able to get his own unique inheritance from the Celestial Clan.

At that time, it will definitely have a huge improvement effect on the performance of one's own combat effectiveness.

Moreover, after contributing to the research institution of the royal family of the Blood Demon Dynasty, the huge amount of training resources rewarded to the scavenger department can be directly divided equally between himself and Murong Changming, the sect leader.

Since there are only two of them in the scavenger department, naturally everything is divided equally between them.

At this moment, Murong Changming no longer struggled with anything. He just waved his hand and said loudly: "Let's go to the place I was looking for before and continue to complete the

peerless inheritance of the Celestial Clan, which is this golden paper. Find all of them and won't stop until we find them. This is not only related to our own interests, but also related to the glory of our entire scavenger department!"

It has to be said that Murong Changming still has a sense of belonging and has deep feelings for the scavenger department. Otherwise, he would not have persisted alone to this day.

Ye Feng doesn't have much sense of belonging. He does everything to improve his cultivation strength. However, this matter also has great significance for the scavenger department. A win-win situation is naturally worth doing.
