Chapter 4371 Bold guess

Uh-huh!

At this time, Murong Changming didn't hesitate at all and just took Ye Feng and flew quickly towards the place where he went before.

On the way, Murong Changming couldn't help but remind Ye Feng and said loudly: "Ye Feng, although your current cultivation strength has indeed increased greatly, what we are going to now is not the land of the gods. The outer area is the deep inner area of the very dangerous Shenxu Land. Therefore, if we encounter any irresistible danger later, we will exit in time. Even if we cannot find the complete version of the peerless inheritance of the Celestial Clan, I can't ruin the life of a good young man like you."

It has to be said that Murong Changming, the head of the scavenger department, still attaches great importance to Ye Feng, the only member of the scavenger department.

Because he didn't want to bury Ye Feng, the only member of the scavenger department, in the deep area of the land of gods because of his own will.

After all, Ye Feng had just joined the scavenger department of the Blood Demon Dynasty, and indeed his cultivation base was not very deep.

When Ye Feng heard Murong Changming say this, he immediately smiled and said: "Okay, I understand. What you met before, Brother Murong, seems to be an ancient soul that can entangle you. So I think the most dangerous thing in the place you go to is this kind of nihilistic and vicious ancient soul. This kind of thing actually doesn't pose much of a threat to me. "

Hearing what Ye Feng said, Murong Changming's eyes flashed slightly, and then he couldn't help but smile and said: "You seem to be right. The place I went to did not have too many physical dangers. What's more, these ancient souls have some soul-level dangers, and Ye Feng, you are a soul master, and your attack methods are so powerful, you should really have an advantage. If you go to a place like this, your cultivation level may be several higher than yours. The existence of realm may be a little safer."

Murong Changming spoke at this time, with a look of sadness in his eyes.

Because he never thought that a newcomer like Ye Feng could be such a powerful soul master and control such a powerful soul attack method.

At this moment, Ye Feng also showed deep confidence in his eyes.

In fact, the terrifying ancient soul that wiped out Murong Changming's body before was not caused by Ye Feng himself. The golden light that appeared in Ye Feng's mind was actually caused by Emperor Chu.

Ye Feng's soul power is indeed very powerful, but it is not enough to deal with such ancient souls, so most of the time it is Emperor Chu who attacks.

These ancient souls happened to kill him, and the soul fragments they turned into were swallowed by Ye Feng, which could increase his soul power.

At this time, Ye Feng didn't hesitate at all, he just calmed down and followed Murong Changming, flying quickly towards the deep area of the Shenxu Land.

Moreover, Ye Feng has confidence mainly because he is followed by this guy Black Qilin.

The black unicorn is a fierce beast from ancient times.

beast.

Although the black unicorn's cultivation strength has regressed a lot now, and the black unicorn's life span is not much left.

But when he was at the Eternal Store, Ye Feng had already found a lot of resources to extend the life of the Black Qilin for nearly ten years.

And Black Qilin's current cultivation strength is slowly recovering as it absorbs the vitality of heaven and earth from the outside world.

Therefore, Black Qilin's strength is also increasing day by day.

At the soul level, Ye Feng is protected by Emperor Chu.

In the case of physical danger outside, Black Kirin can also be his strongest thug.

So Ye Feng can be said to be very confident now.

And you must know that Ye Feng's own cultivation is actually not weak.

While Ye Feng was thinking secretly in his heart, Murong Changming had already brought Ye Feng to a stone monument.

It was the stone tablet that Ye Feng and Murong Changming saw when they first came to Shenxu.

After this stone monument, there is the deep area of the Shenxu Land.

At this moment, Murong Changming suddenly showed a solemn look in his eyes, looked at Ye Feng, and said loudly: "Follow me closely, if you encounter any other danger, I can protect you. "

At this moment, Murong Changming also glanced at the black unicorn beside Ye Feng, with a hint of stability in his eyes.

He knew that the black unicorn was now working for Ye Feng. If he really encountered any terrible danger, this ancient beast would not fail to protect Ye Feng.

At this moment, Ye Feng nodded immediately, being protected by Black Qilin and Murong Changming in the middle, and then flew quickly towards the deep area of the land of the gods.

When they truly entered the deep area of the Shenxu Land, they immediately felt a different feeling.

Because Ye Feng felt a very terrifying psychological depression at this moment, appearing in his heart.

In the outer areas of the Land of Gods, this feeling does not exist at all.

In other words, in the deep area of this sacred ruins, every inch of land gives people a very terrifying and depressing feeling, which means that this place is very dangerous, simply dangerous to the extreme.

Boom!

Suddenly at this moment, the ground not far away exploded.

Uh-huh!

A white-bone skeleton that was more than ten meters tall, holding a steel sword in his hand, immediately charged towards the three of them.

At this moment, Ye Feng immediately took action

He wanted to test how powerful these creatures in the deep area of the God Ruins were.

Ye Feng held the giant tooth sword in his hand and chopped it fiercely towards the front.

Crack!

But the next moment, the giant tooth sword in Ye Feng's hand was instantly chopped into pieces by the steel sword in the hand of the white bone skeleton warrior.

"What?"

Seeing this scene, Ye Feng's eyes widened immediately.

I didn't expect that the weapon in the hands of a small skeleton warrior was so powerful that it directly chopped his giant tooth sword into pieces.

You know, the giant tooth sword in Ye Feng's hand is very advanced.

At this time, Ye Feng immediately understood that these creatures that can exist in the deep area of the God Ruins are extremely powerful, which is not what he can imagine.

At this moment, Ye Feng immediately retreated quickly.

After all, Ye Feng's original purpose was to test the strength of the creatures in the deep area of the God Ruins.

Now that he has seen the powerful strength of the creatures in the deep area of the Shenxu Land, Ye Feng will naturally not be the first to do it.

Boom!

At this moment, Murong Changming was the first to attack.

It must be said that Murong Changming, as the leader of the scavenger department and an old-generation strong man, is indeed very strong.

Boom!

The moment he attacked, his palm directly turned into a fiery red iron block, emitting a very strong burning force, and instantly burned the steel sword in the hands of the skeleton warrior into molten iron, which flowed down.

Then he instantly blasted the skeleton warrior into pieces with a palm.

"Very strong!"

Seeing this scene, Ye Feng's eyes lit up immediately.

Murong Changming looked laughing and laughing, and his strength was still very strong, worthy of being a leader-level figure of a department.

Although he is now down and out, he still has strong strength.

Ye Feng thinks that Murong Changming is probably not much weaker than the currently weak Black Kirin.

Of course, Ye Feng was referring to the weak state of Black Kirin now.

If Black Kirin recovers to its peak state, Murong Changming is far from being Black Kirin's opponent.

At this moment, Ye Feng immediately saw that after the skeleton warrior was broken, a piece of golden stone actually fell from his body.

This piece of golden stone exudes a strong energy fluctuation.

Ye Feng's eyes lit up, and he immediately rushed forward and took this piece of golden stone in the dark ruins.

Murong Changming immediately smiled and said: "This is the golden energy crystal condensed in the body of the creatures in the deep area of this God Ruins."

"Huh?"

When Ye Feng got this golden stone, he immediately sensed a very familiar energy.

The energy contained in this golden stone turned out to be the energy of the God Clan, who was of the same origin as Ye Feng.

This made Ye Feng's eyes suddenly reveal a deep surprise.

In the deep area of this God Ruins, these creatures actually have crystals of the energy of the God Clan in their bodies.

In other words, many creatures in the deep area of this God Ruins Land were condensed and hatched by the energy of the Celestial Gods.

After Ye Feng sensed this, his eyes suddenly showed deep shock.

Then he had a bold guess.

Could this God Ruins Land be the territory of the Celestial Gods back then?

Otherwise, how could there be so many things related to the Celestial Gods?

For example, in the body of this skeleton creature, there are golden crystals condensed with the energy of the Celestial Gods.

And the damaged golden paper found by Murong Changming also records part of the peerless inheritance of the Celestial Gods.

In other words, even if this God Ruins Land was not the place where the Celestial Gods lived in the past, it definitely had a thousand threads of connection with the Celestial Gods, the most mysterious and powerful Celestial Gods in the heavens and all worlds.

The more Ye Feng thought about it, the more he felt that this possibility was very high.

But he still needed to explore it carefully next.

At this moment, Ye Feng directly began to devour the golden stone in his hand.

"Boom boom..."

A very high-level energy of the Celestial Gods was immediately injected into Ye Feng's Dantian, and Ye Feng's skills immediately began to grow rapidly.

"Boom!"

The fourth level of the Return to the True Realm!

Ye Feng's cultivation level actually broke through a whole level at this moment!

It broke through directly!

"A small piece of golden crystal stone made me break through directly? It is worthy of being a crystal stone condensed from the energy of the Celestial Gods. The energy density is really much higher!"

Ye Feng's eyes suddenly showed a trace of excitement.

Ye Feng is more and more interested in the deep area of this Shenxu land!

If there is really a lot of Celestial God energy here, then it will definitely be of great benefit to the growth of his own cultivation.

Even if Ye Feng can find the body of the Celestial Gods, he can get a lot of divine substances, which can greatly temper his immortal body of the Celestial God!

Chapter 4372 A good exploration

For Ye Feng, his strongest trump card now is definitely the most powerful immortal bone of the gods in all the worlds that he has fused before, and will be tempered into a complete immortal body of gods through the immortal bones of gods in the future.

Therefore, Ye Feng needs divine substances very much.

During this period of time, Ye Feng has not encountered any divine substances, so the physical strength of the God's Immortal Body has improved very slowly, making Ye Feng's physical condition increasingly unable to keep up with his current superb cultivation level.

In recent times, Ye Feng has basically relied on his powerful magic power and powerful inherited weapons to fight his enemies.

But before, you must know that Ye Feng was crushed by his own physical strength.

So at this time, Ye Feng suddenly guessed that the deep area of the land of gods was likely to be inseparable from the Celestial Clan, which was of the same origin as himself. Naturally, Ye Feng was very excited and looking forward to it.

If I can really find something good in the deep area of the land of gods, it will definitely have unparalleled benefits for the improvement of my immortal body.

At this time, Ye Feng followed Murong Changming and Hei Qilin and continued to fly quickly towards the deep area of the sacred ruins.

Along the way, all they saw were endless ruins.

The deep areas of this sacred ruins place make people feel endlessly desolate and lonely than the outer areas.

Murong Changming couldn't help but said: "Ye Feng, deep in the land of the gods, it is said that there were terrifying existences of the god level that once fell, so the battle here was particularly fierce, which resulted in such terrifying ruins. "

When Ye Feng heard what Murong Changming said, he immediately nodded.

At this moment, Ye Feng also asked aloud in his mind: "Emperor Chu, do you think my guess is correct? I always feel that the deep area of the land of gods is inseparable from the Celestial Clan. "

Emperor Chu immediately said aloud in his mind: "Your guess must be correct. Entering the deep area of the land of gods, I also instantly sensed the aura of the Celestial Clan, which is very strong."

When Ye Feng heard what Emperor Chu said, his eyes suddenly

Even with a look of joy, it seemed that his guess was correct, and even Emperor Chu agreed with him.

At this moment, Ye Feng immediately said: "Then I will conduct a thorough investigation to see if there is anything related to the Celestial Clan."

At this time, Ye Feng did not have as strong expectations as before for the peerless inheritance of the Celestial Clan.

What Ye Feng is looking forward to most now is to get the energy left by the Celestial Clan, or something containing divine substances.

Because the cultivation of the Celestial Clan must rely on absorbing divine substances so that they can continuously temper their Celestial Clan body.

Ye Feng's immortal body of a god also needs divine substances.

So since this was most likely the place where the Celestial Clan lived back then, it definitely means that the Celestial Clan's divine substances must have been left here.

Otherwise, the group of Celestial Gods back then would not have been able to survive here.

Therefore, Ye Feng dared to conclude that there must be very rich divine substances hidden deep in the land of the gods.

This is much more likely than the chance of encountering something with divine substances during ordinary practice.

Buzz!

At this moment, Ye Feng did not hesitate at all, and directly exuded his soul power, spreading towards the surroundings.

For Ye Feng, the depths of this sacred ruins place are definitely a good environment for exploring divine substances or the energy of the gods.

Exploring while walking, no time wasted at all.

Buzz!

Suddenly at a certain moment, Ye Feng sensed a very strong energy fluctuation that was homologous to his immortal body.

That is definitely the fluctuation of the Celestial Clan.

This made Ye Feng's eyes suddenly reveal a look of deep joy.

.

This also proved from the side that my guess was correct.

In the depths of this Shenxu City, there are indeed many traces of the Celestial Clan.

At this moment, Ye Feng immediately looked at Murong Changming and Black Qilin beside him, and said loudly: "Brother Murong, Senior Black Qilin, I have detected some unusual energy fluctuations not far away from us. From a distance, let's go and take a look, that kind of thing will definitely be of great benefit to me."

Hearing what Ye Feng said, Murong Changming glanced at Ye Feng in surprise, as if he didn't expect that Ye Feng could sense the hidden energy fluctuations at such a long distance.

You know, Murong Changming was standing here at this moment, but he did not sense any so-called energy fluctuations. .??.

At this time, Murong Changming did not refuse, but smiled slightly and said: "Okay, as long as it is helpful to you Ye Feng, then we will go and take a look. Anyway, it is not a good idea to find the complete inheritance of the Tianshen Clan. Don't worry, that's a place few others can find and break into."

At this moment, Ye Feng nodded immediately, and then immediately took Murong Changming and flew quickly in the direction of the energy fluctuations of the Celestial Clan that he sensed.

Black Qilin was naturally following Ye Feng very silently.

Whatever Ye Feng said, he would do it.

After all, he promised Ye Feng to work honestly for Ye Feng in the next three years.

In less than a moment, Ye Feng, along with two elders, Murong Changming and Hei Qilin, had arrived at the location where he sensed the energy fluctuations of the Celestial Clan.

At this time, Ye Feng suddenly saw that the direction of the energy wave he sensed was actually a collapsed palace among the ruins not far away.

In this collapsed palace, there seems to be a golden statue faintly, but it is not damaged.

The energy fluctuations of the Celestial Clan that Ye Feng sensed were emanating from the golden statue.

\u003e But just when Ye Feng was about to take a step, a large black light suddenly emitted from the collapsed palace.

Buzz! Buzz! Buzz...

These black rays of light suddenly condensed into ancient weapon states, and then exuded very terrifying power, and immediately rushed towards Ye Feng's direction to attack Ye Feng.

Seeing this scene, Ye Feng's eyes suddenly moved.

Murong Changming, who was beside him, quickly said: "This seems to be a very powerful formation, guarding this collapsed palace. I didn't expect that the palace has collapsed for so many years, but the surrounding formations still exist. It's really magical."

Murong Changming said this and immediately took action.

Because he knew that Ye Feng's current cultivation level was the weakest among the three.

Therefore, in order to help Ye Feng grow up as quickly as possible, Murong Changming naturally wanted to help Ye Feng more.

Boom!

At this moment, Murong Changming once again displayed his powerful burning power.

One of his hands turned into a piece of red-hot iron, possessing terrifying destructive power. It immediately shattered all the black weapons condensed by the formation.

At this moment, Murong Changming took the first step and rushed towards the collapsed palace guarded by the formation in front.

At this time, Ye Feng and Black Qilin quickly followed behind Murong Changming.

At this time, Ye Feng had an extremely good impression of the head of the scavenger department.

With Murong Changming, an older and stronger person, he could indeed explore more dangerous places.

Even if my own strength is not enough to explore these places, with Murong Changming here, it will be no problem at all.

What's more, Black Qilin is also a powerful senior figure.

Taking advantage of this opportunity this time, Ye Feng was ready to explore the deep areas of this sacred ruins.

Chapter 4373 Golden Statue

You must know that Ye Feng's current Immortal Body of God is still at a relatively low level.

At present, Ye Feng's Immortal Body of the God has only been tempered to the tenth level of perfection of the second stage eyes.

Even the legs in the third stage have not started to be tempered.

And you must know that the entire perfection level of the immortal body of the gods has ten major stages. .??.

Therefore, it can be said that Ye Feng is still in the initial stage of the Immortal Body of the God.

Ye Feng was naturally quite anxious about this.

Because if the Immortal Body of the God can be continuously evolved and improved, Ye Feng's comprehensive strength will naturally become stronger and stronger.

Therefore, this time in the deep area of the land of gods, Ye Feng happened to find various clues about the Celestial Clan.

Maybe this was once the place where a group of gods lived.

Therefore, Ye Feng naturally wants to seize this opportunity and find as many special things as possible left by the Celestial Clan, that is, divine substances.

Only divine substances can be absorbed by Ye Feng, thereby tempering his immortal body of the gods, making it more powerful, and constantly upgrading his physical strength.

While Ye Feng was thinking secretly in his heart, Murong Changming, the leader of the scavenger department, had already taken the lead in charging into the formation.

Although that formation was quite powerful, it could not stop an elder figure like Murong Changming, who was at the sect master level.

Therefore, Murong Changming directly broke into the formation.

Ye Feng followed Murong Changming and entered it with Black Qilin.

Ye Feng could actually completely ignore this formation and enter it.

But since Murong Changming is willing to take action, Ye Feng will naturally not stop him.

After all, it is good for you.

It shows that Murong Changming is very willing to do something for himself, in order to grow himself.

At this time, Ye Feng was somewhat glad that he could

Enough to join the scavengers department.

Because there's really no one else in the scavenger department.

I am the only new one.

Therefore, Murong Changming, the old sect leader, naturally attaches great importance to his only child.

Otherwise, it is estimated that a noble sect leader of the Blood Demon Dynasty would not be able to do anything for a newcomer like this.

At this moment, Ye Feng, led by Murong Changming, followed Black Qilin into the collapsed palace guarded by this formation.

At this moment, they walked into the collapsed palace and saw the golden statue that Ye Feng had detected before.

This golden statue gives people a very strange feeling.

Because this golden statue is a human-shaped statue, but it has no facial features and the entire face is blurred, so it looks quite weird.

At this moment, Murong Changming stared at the golden statue and said loudly: "Ye Feng, is the energy wave you sensed emanating from this golden statue?"

Ye Feng immediately nodded, and then said loudly: "Let me check it out. I am very familiar with this energy. It is the energy of the Celestial Clan."

Um?

Hearing Ye Feng say this at this moment, Murong Changming's eyes flashed slightly.

He does not mean that.

At this time, Murong Changming heard Ye Feng say that the energy fluctuations he was familiar with were the energy fluctuations of the Celestial Clan.

This naturally made Murong Changming have other thoughts in his heart.

But Murong Changming didn't say much at this time. He just flashed his eyes and said nothing.

At this moment, Ye Feng was a little dissatisfied

Then, he walked directly in front of the golden statue, then stretched out his hand and touched the golden statue.

At this moment, Ye Feng sensed a secret energy wave before, which became more and more intense.

Ye Feng's eyes suddenly lit up.

This golden statue definitely contains something very extraordinary.

Ye Feng didn't hesitate at all, and instantly waved his fist fiercely.

Boom!

But there was no movement in the entire golden statue.

This golden statue was extremely strong, and Ye Feng's fist was not enough to destroy it.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly showed a look of astonishment.

It is indeed something left by the Celestial Clan, and it is indeed extremely strong.

At this time, Ye Feng was ready to directly release the Devouring Domain, but found that there was no way to absorb the energy contained in this golden statue through the surface of the statue.

So at this time, Ye Feng could only think of ways to break the statue.

Murong Changming couldn't stand it any longer and immediately said, "Let me do it."

Boom!

At this moment, one of Murong Changming's hands once again turned into a red-hot iron block and hit the golden statue fiercely. However, it still did not smash the golden statue, but left it behind. A handprint was made.

Seeing this scene, even Murong Changming couldn't help but show a hint of surprise in his eyes, and couldn't help but said: "This golden statue is too strong, it is difficult to break it. , even with my cultivation, there is no way to completely destroy it."

Hearing what Murong Changming said, Ye Feng suddenly looked at the Black Qilin beside him and said loudly: "Senior Black Qilin, you are a ferocious beast from the ancient times. I wonder if there are any

Is there a way to smash this golden statue directly? "

Hearing what Ye Feng said, the black unicorn nodded and said, "Let me give it a try. The sharpest thing in my body is the unicorn horn I refined back then."

At this moment, after the black unicorn finished speaking, a sharp black horn sprouted directly from the pale hair on the top of his head, and then it fiercely attacked the golden statue in front of him.

Click!

Almost at the next moment, everyone present had surprise in their eyes.

The single horn of the black unicorn was like the sharpest spear in the world, directly shattering the extremely strong golden statue in front of it.

Seeing this scene, Ye Feng's eyes suddenly showed joy, and then he looked for the broken golden statue in front of him.

The next moment, Ye Feng suddenly found a very strange thing among the debris.

This thing is an eyeball that looks like a human eyeball.

But there is very pure golden energy surging in it, which is the energy of the Celestial Clan.

At this time, Ye Feng immediately showed a look of astonishment in his eyes, and couldn't help but said: "Could these be the eyes of a Celestial Clan, right?"

Uh-huh!

And the moment Ye Feng finished his words, a dark soul suddenly emerged from the golden eyeball in his hand, and it suddenly burrowed crazily into Ye Feng's head.

"not good!"

Seeing this scene, Murong Changming and Hei Qilin beside them couldn't help but change their expressions.

Murong Changming immediately couldn't help but said: "Ye Feng, please guard your mind! This is definitely an eyeball from the Tianshen Clan, but there is a soul left behind by the owner of this eyeball. I want to It's so insidious to take away your body!"

Chapter 4374 A lot of stability

"ah!!"

But before Murong Changming could scream in surprise, a scream suddenly sounded in Ye Feng's head.

It is the soul of the Celestial Clan in that eyeball.

The Emperor Chu in Ye Feng's mind was instantly destroyed.

Ye Feng's own soul power may not be able to compete with the soul of this ancient strong man from the Celestial Clan.

But the Chu Emperor in Ye Feng's mind was a great god, and naturally he instantly obliterated the spirit of the Celestial Clan. ??

And it turned into countless soul fragments. After Ye Feng swallowed them, Ye Feng's soul power immediately increased.

It has grown directly from the previous level of 66 million to 68 million!

In a short period of time, his soul power increased by two million levels.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

This was an unexpected bonus.

The soul of the Celestial Clan hidden in this eyeball is probably very ancient, and it wants to take the bodies of other living beings and resurrect it after countless years.

Unexpectedly, he met Ye Feng.

In Ye Feng's mind, there was a soul-level god like Emperor Chu sitting there. Naturally, that soul had no power to resist. It was crushed to death by Emperor Chu in an instant and turned into soul fragments, becoming Ye Feng. Wind is the nourishment for the growth of soul power.

At this time, after hearing the screams in Ye Feng's mind, Murong Changming was stunned for a moment, and then he couldn't help but said with some regret: "It seems that I worry too much, Ye Feng, your boy's soul power. The attack methods are really powerful."

Murong Changming knew very well that the primordial spirit just now was the primordial spirit of the ancient Celestial Clan, which was many times more powerful than the primordial spirit of ordinary living beings.

But the moment it entered Ye Feng's mind, it was still instantly obliterated by Ye Feng.

This shows how powerful Ye Feng is at the soul level.

At this time, even the black unicorn standing next to Ye Feng looked at Ye Feng in surprise, as if he did not expect that Ye Feng had such powerful means at the soul level.

At this moment, Ye Feng simply swallowed the eyeball of the Celestial Clan in front of him.

Then Ye Feng immediately absorbed the energy of the Celestial Clan contained in this eyeball.

And what surprised Ye Feng was that this eyeball was part of the body of the Celestial Clan back then.

Even if it is just an eyeball, it is the body of the Celestial Clan after all, so it contains very rich divine substances. Ye Feng immediately felt the physical power of his Celestial God Immortal Body, and instantly began to transform and improve.

At this moment, Ye Feng's cultivation skills directly broke through to the next level.

From the fourth level of the Return to True Realm, he broke through to the fifth level of the Return to True Realm.

In addition to Ye Feng's breakthrough in cultivation, Ye Feng's immortal body's physical strength has also evolved.

Because this eyeball contains a lot of divine substances.

Ye Feng's immortal body of the God had already been tempered to the second stage of tenth level perfection.

So now after Ye Feng absorbed the divine substance in this eyeball, he immediately allowed his immortal body strength to enter the third stage and began to temper his feet.

Ye Feng's immortal body of the gods has directly evolved to the first level of the third stage due to the accumulation of divine substances in his eyeballs.

Almost at this moment.

Ye Feng has tempered his own feet, which is the first level of the third stage.

Ye Feng immediately felt that his feet were filled with the power of the Celestial Clan.

boom!

At this moment, Ye Feng immediately stepped forward.

Boom! !

The next moment, Ye Feng's two soles turned directly into huge golden soles tens of thousands of meters, like two ancient mountains, bombarding towards the front, with unparalleled pressure and destructive power, all of a sudden A large area of ruins not far away

It was trampled into countless pieces.

Seeing this scene, Ye Feng's eyes suddenly showed surprise.

Sure enough, my immortal body of gods will temper a part of my body at every stage, making that part of my body as powerful as the gods.

Ye Feng is very much looking forward to the tempering and evolution of his immortal body of gods to the final tenth stage. At that time, every part of his body, including his spirit and soul, will become a complete god and an immortal existence. , possessing unparalleled power.

By then, Ye Feng will be absolutely invincible in all the worlds.

The Dacheng Immortal Body of the God can challenge the gods even with just the strength of his body!

At this moment, Hei Qilin and Murong Changming, who were standing next to Ye Feng, also had deep surprises in their eyes.

It seems that Ye Feng did not expect that Ye Feng could turn his own feet into huge golden soles by swallowing the eyes of the Celestial Clan.

At this time, Black Qilin seemed to have guessed something, and a look of horror suddenly appeared in his old eyes.

He stared at Ye Feng and felt that Ye Feng was probably inseparable from the legendary Celestial Clan.

Murong Changming also stared at Ye Feng at this time and had the same idea as Black Qilin.

But these two elders couldn't figure out why Ye Feng, if he was really a descendant of the Celestial Clan, would directly devour everything of the Celestial Clan. This was tantamount to destroying everything of the Celestial Clan and treating the Celestial Clan as his own. food.

So they couldn't figure it out no matter how hard they tried.

And if asked about this kind of thing, Ye Feng probably wouldn't respond to them too carefully.

So at this time, the two elders remained silent, but they were becoming more and more surprised and concerned about Ye Feng.

Especially Black Qilin. Originally, he followed Ye Feng in the beginning to fulfill Ye Feng's promise, repay Ye Feng's kindness, and work for Ye Feng for three years.

But now he suddenly felt that if he followed Ye Feng, he might be able to see extraordinary things in the future.

The rise of an extraordinary superman.

In his heart, if Ye Feng did not die young, he would definitely become one of the strongest beings in the world and become a great figure in the sky.

Murong Changming probably had the same idea in his heart.

So at this time, he looked at Ye Feng even more eagerly.

This equals the hope for the future of their scavenger department.

While the two elders were thinking about it, Ye Feng made a breakthrough in his cultivation, improved his physique, and said in a good mood: "Brother Murong, let's move on, go to the golden clan where you found the Celestial God." The place for paper."

At this moment, Ye Feng suddenly felt that the place Murong Changming was looking for was probably the home of the Celestial Clan.

Otherwise, it would be impossible to leave behind the peerless inheritance of the Celestial Clan.

Ye Feng is naturally looking forward to this.

At this time, Murong Changming did not hesitate at all. He nodded quickly and flew quickly in a certain direction.

The rest of the journey was very peaceful.

No one encountered any danger.

Ye Feng didn't find anything left by the other Celestial Clan.

Soon, under the leadership of Murong Changming, they finally arrived at the place where Murong Changming had been.

It turned out to be a land of abyss.

Murong Changming seemed to have some fear in his eyes at this time, and said aloud: "The iron box I grabbed before is under this abyss. This abyss is very scary. There are many dangers. Not only are there There are vicious ancient souls, some terrifying dark ghosts, and some taboo-like things hidden in the darkness, we must be careful."

At this time, even an elder like Murong Changming, who was at the level of the sect leader, felt a deep sense of fear.

However, this time with the addition of Black Qilin and the presence of Ye Feng, a special talent who could restrain soul-level creatures, Murong Changming felt much more settled than when he came last time.

Chapter 4375 Ancient Dragon Corpse

At this time, Ye Feng glanced at the abyss in front of him, and immediately said: "Let's not waste any more time, just jump down."

Black Qilin and Murong Changming, who were following behind, nodded one after another, and then the three of them instantly jumped into the abyss ahead.

Uh-huh!

As everyone fell, they felt more and more that there were definitely many very terrifying things at the bottom of the abyss.

Because they all felt a very terrible feeling. ??

Even Ye Feng felt a little nervous at this moment.

Because in the endless darkness under the abyss, there seemed to be countless pairs of eyes staring at the three people who jumped down.

At this time, Ye Feng did not hesitate and said directly in his mind: "Emperor Chu, if you encounter a very scary dark ghost at the soul level later, you must remember to take action immediately."

Emperor Chu nodded immediately in his mind.

At this time, Ye Feng asked Emperor Chu to take action quickly depending on the situation, also because he was afraid that something might happen to Hei Qilin and Murong Changming beside him.

After all, although Hei Qilin and Murong Changming are both elders, they are very powerful beings, much stronger than their own martial arts cultivation.

But you must know that the defense capabilities of their spiritual souls are very weak.

You must know that Murong Changming, a powerful being, was entangled by a vicious ancient soul when he came to the abyss before. After a while, he could not get rid of it at all, and even his soul was about to sink.

In the end, Ye Feng took action and directly wiped out the ancient vicious soul.

So Ye Feng asked Emperor Chu to take action quickly depending on the situation later, also to protect Hei Qilin and Murong Changming beside him.

At this time, Ye Feng immediately looked at Hei Qilin and Murong Changming beside him, and said loudly: "You two, stay closer to me. The biggest threat under this abyss should be dealt with."

They should be those ancient souls hidden in the darkness. These dark ghost-like existences are indeed very terrifying. Even Senior Black Qilin and Brother Murong are probably very difficult to deal with. Although your martial arts cultivation is higher than I am much stronger, but if you really

encounter a terrifying creature at the soul level, you will not be able to stop it. Your head will be invaded in an instant, and your body will even be taken away. "

After hearing what Ye Feng said, Murong Changming and Hei Qilin actually didn't say much.

Because they all knew that what Ye Feng said was right.

It's not that Ye Feng looks down on them, but what Ye Feng said is absolutely true.

They also know that if they really encounter some ghosts or souls from ancient times and try to force their way into their mental minds, they will really be unable to prevent them.

Because although the two of them are very powerful in martial arts, they have not practiced as soul masters, so their soul defense is still very low.

Although the cultivation of warriors will continue to grow with the improvement of their realm, their spirit and soul will continue to grow, but no matter how strong they are, they cannot be compared to a being like Ye Feng who specializes in cultivating soul power.

Not to mention, Ye Feng still has Emperor Chu, a great god at the soul level, in his mind.

At this moment, the three of them were flying quickly towards a certain direction of the abyss.

According to what Murong Changming said, the iron box he got was bitten into its bloody mouth by an ancient dragon corpse.

At this moment, they flew quickly towards the place where the ancient dragon corpse lay.

On the way, Ye Feng asked with great interest: "Brother Murong, is the ancient dragon corpse you saw decayed, or is it still very fresh?"

Hearing Ye Feng ask this, Murong Changming

He seemed to understand something, nodded and said loudly: "That dragon corpse has not completely decayed. It is estimated that the corpse still contains a lot of majestic energy. I also wanted to directly decompose that dragon corpse before. I should be able to exchange it for a lot of value, but I am entangled by that vicious ancient soul, so I have no way to do these things. "

And when Murong Changming was talking, suddenly Murong Changming pointed not far away and said: "The place where I got the iron box before is right there."

At this moment, the three of them immediately flew quickly in that direction.

The next moment, they saw a huge dragon corpse covered with black scales and with two wings, lying on the ground not far away, lifeless.

When Ye Feng saw this scene, there was a look of surprise in his eyes, and he said aloud: "A dragon with two black wings? This should not be a pure dragon, but some kind of mutated dragon. It actually has two It has black wings and is covered with pitch black scales."

Hearing what Ye Feng said, Murong Changming nodded and said loudly: "It is very likely that he is the demon dragon in the demon world."

Black Qilin also nodded slightly at this time and said loudly: "It should be the Demon Dragon. I once saw the Demon Dragon with my own eyes in the ancient times. It was very terrifying, almost the same as when I was at my peak."

Hearing what Black Qilin said, Murong Changming glanced at Black Qilin in surprise, but didn't say much.

At this moment, Ye Feng stepped forward with very expectant eyes, and then stretched out his hand to touch the ancient dragon corpse.

Buzz!

At this moment, Ye Feng immediately felt that although the ancient dragon corpse had decayed a lot, it still contained a lot of blood energy in its body.

This made Ye Feng's eyes suddenly reveal a look of deep joy, and he quickly released his words.

Release the Devouring Domain and start devouring it.

Murong Changming hurriedly said: "Ye Feng, you need the blood energy in this ancient dragon corpse, but the dragon horns, dragon claw scales, etc. on this ancient dragon corpse are all good things. Let me take care of them. It dissects and then you devour."

Hearing what Murong Changming said, Ye Feng nodded and didn't say much.

After all, Murong Changming discovered this place, and some things still need to be shared with Murong Changming.

At this moment, Murong Changming was very skilled and took out a small knife from his storage ring.

This small knife seems to be very ordinary.

But when it was cut on the body of this demonic dragon, it easily scraped off the dragon's horns, claws, and scales. It was extremely sharp, just like those magical weapons. .

This made Ye Feng's eyes show a look of surprise. It seemed that Murong Changming often did such things, so he specially made himself such a small knife that was like a magic weapon.

When he dissected this demonic dragon, he was as skilled as a cook dissecting a cow.

After everything was completed, Murong Changming put all the good materials into his storage ring, and then said with a smile: "Ye Feng, you can devour it now."

Ye Feng immediately nodded, and directly released the Devouring Domain and began to devour it.

But just when Ye Feng was about to devour it.

Boom boom boom!

In the surrounding darkness, three ghostly soul figures suddenly rushed over.

Murong Changming immediately changed his expression and said: "These are the ancient souls! They attacked me before. Is this the lair of a group of ancient souls? Why did so many ancient souls appear at once?"

Chapter 4376 Another one

boom! !

At this time, before Murong Changming could finish his words, Emperor Chu in Ye Feng's mind had already taken action.

A bright golden light suddenly burst out in Ye Feng's mind.

These golden lights directly shattered the surrounding ancient souls that rushed over in an instant.

Ye Feng's eyes were very calm at this time, because he knew that Emperor Chu would definitely take action in an instant.

I have already told Emperor Chu before.

At this moment, looking at the ancient souls that were directly attacked into soul fragments, Ye Feng directly released the Devouring Domain, swallowing up all the soul energy in these soul fragments.

Buzz!

At this moment, Ye Feng immediately felt his soul power, and it immediately increased completely, directly increasing to 70 million levels.

This made Ye Feng's eyes suddenly reveal a look of deep joy.

Unexpectedly, these ancient souls turned into nourishment before they attacked him, improving his soul power.

At this time, Ye Feng hoped that more ancient souls would attack him.

Anyway, with Emperor Chu here, there is no need to be afraid.

However, no ancient souls attacked Ye Feng next. They were probably scared and hiding in the darkness.

At this moment, Ye Feng did not hesitate at all and started to devour the ancient dragon corpse of the demon dragon in front of him.

"Rumble..."

At this moment, streams of very pure energy were immediately injected into Ye Feng's Dantian, causing Ye Feng's skills to rapidly and continuously improve.

You know, this is the corpse of a demon dragon from ancient times.

Even in the endless years, the blood in the dragon corpse has been consumed a lot, but it still has very majestic energy.

At this moment, Ye Feng's cultivation aura suddenly began to rise.

boom!

\u003e

Return to the True Realm Sixth Heaven!

boom!

The Seventh Heaven of Return to True Realm!

boom!

Return to the True Realm Eighth Heaven!

boom!

Return to the True Realm Ninth Heaven! !

At this time, Ye Feng's cultivation aura immediately broke through the fourth level of heaven one after another.

From the previous fifth level of the Return to True Realm, he directly broke through to the current ninth level of the Return to True Realm.

It has to be said that although the energy contained in the dragon corpse of this ancient demon dragon was lost a lot, it still gave Ye Feng a huge breakthrough.

This made Ye Feng's eyes suddenly show deep excitement.

This ancient dragon corpse is really a great supplement to my own skills.

At this moment, after Ye Feng broke through to the ninth level of the Return to True Realm, he could immediately feel that his power had increased a lot.

The two elders beside him, Hei Qilin and Murong Changming, both had deep surprises in their eyes.

They never thought that Ye Feng's devouring ability would be so extraordinary, capable of devouring energy of any attribute.

The black unicorn has actually known about Ye Feng's devouring ability for a long time, and also knows that Ye Feng can devour and fuse with any power. Otherwise, Ye Feng would not be able to rescue the black unicorn trapped in the small world.

However, this was the first time Murong Changming saw Ye Feng displaying this very domineering devouring ability.

Murong Changming, the head of the scavenger department, became more and more curious about the identity of the newcomer Ye Feng.

He didn't know where Ye Feng came from. He actually had such a powerful talent. It didn't look like he came from a small dynasty.

However, he once investigated Ye Feng's details and found that

Ye Feng really has no other identity. He really came to the Blood Demon Dynasty from a small dynasty.

So Murong Changming didn't say much at this time.

At this moment, Ye Feng was in a good mood after devouring the energy of this ancient dragon corpse. He looked directly at Hei Qilin and Murong Changming beside him and said loudly: "Then let's look for other iron boxes. Well, if we can find other iron boxes, they must contain part of the Celestial Clan's peerless inheritance. I hope we can find the complete version."

When Murong Changming heard what Ye Feng said, he immediately couldn't help but said: "Do you mean we should act separately? It would be too dangerous for you."

Ye Feng smiled and shook his head and said: "Of course we are not going to act separately, we must be together. Senior Black Qilin and Brother Murong, your martial arts cultivation is the strongest, and I can protect you at the soul level, so we don't We can act separately. Once we act separately, it will be troublesome if these powerful creatures under the abyss break through one by one. "

Hearing what Ye Feng said, Murong Changming immediately nodded. It was completely the right choice for them not to separate now.

At this time, Ye Feng said aloud: "I will release my soul power later to sense the energy fluctuations of any Celestial Clan around me. I am already very familiar with the fluctuations of that page of golden paper. As long as I sense the same fluctuations, It must be the fluctuation of other golden papers."

After Ye Feng finished speaking, he directly released his huge soul power without any hesitation.

Now Ye Feng's soul power has grown again, so the coverage range and the degree of perception will be strengthened.

At this moment, Ye Feng's soul power covered the surroundings, and he immediately sensed the same energy fluctuation as the golden paper.

Ye Feng's eyes lit up, and he quickly said: "It seems that our guess is correct. That golden paper is only a peerless inheritance of the Celestial Clan."

Part of me now immediately senses the fluctuation of other golden papers around here. "

After Ye Feng finished speaking, he immediately flew quickly in the direction he sensed.

Black Qilin and Murong Changming did not hesitate at this time and quickly followed Ye Feng, protecting Ye Feng and flying quickly in a certain direction ahead.

When they arrived at the place where Ye Feng sensed it, they immediately saw a shocking scene.

Ancient corpses appeared in this area under the abyss.

Most of these ancient corpses have decayed and lost all their life essence.

There are various ancient beasts, ancient humans, and extremely tall giants hundreds of meters tall.

Every corpse represents a glorious super strong man from that time.

But now they all died here.

At this time, Murong Changming saw this scene and couldn't help but said: "Under this abyss, there must have been extremely brutal battles back then. Did the Celestial Clan really survive here back then? It just seemed like they were offended. He conquered many races and was besieged and destroyed by many races."

Hearing what Murong Changming said, Ye Feng nodded slightly and said loudly: "The Celestial Clan's cultivation requires the absorption of various divine substances. Maybe the Celestial Clan plundered many materials with divine substances from other races. The treasure caused huge disasters and was destroyed by many races. "

And when Ye Feng was talking, Ye Feng stretched out his hand and grabbed an iron box from the ruins of the war not far away.

Seeing this scene, Murong Changming also showed deep joy in his eyes, and said loudly: "What is contained in this iron box must be another piece of golden paper. Open it quickly. As long as you can separate the two golden Putting the papers together, we can instantly obtain a set of peerless inheritance from the Celestial Clan!"

Chapter 4377 Buying time

At this time, Murong Changming spoke, his tone full of expectation.

After all, a set of peerless inheritance from the Celestial Clan is of great significance to Murong Changming himself, or to the entire scavenger department he is in charge of.

At this time, Ye Feng nodded and asked Black Qilin to open the iron box.

Sure enough, a golden paper fell out of it.

But this time, when they combined the two golden papers into one, they found that one piece was still missing.

"What?"

Seeing this scene, Murong Changming's eyes suddenly showed a look of astonishment, and he said loudly: "There is still one last piece of golden paper left. Is there a third iron box?"

Ye Feng also had a look of surprise in his eyes at this time, and said aloud: "But I only sensed the aura of the golden paper in the iron box around me, so let's continue looking around." .??.

Murong Changming could only nod his head when he heard what Ye Feng said.

They never thought that the two golden papers were only two-thirds, and there was another third golden paper.

It was so solemnly divided into three parts for storage by the Celestial Clan. This shows how important and terrifying this set of peerless inheritance is!

At this time, the three of them continued to search everywhere under the abyss.

Although it is very dangerous under this abyss, there are many terrible creatures hidden in the darkness.

But now they have no choice but to look around.

They have now found two golden papers, and naturally they will not give up the third golden paper.

At this moment, Ye Feng's huge soul power spread around, continuing to search for the last golden paper.

Ye Feng is still looking forward to this.

Because if you can really get a set of peerless inheritance from the Celestial Clan, it will definitely have unparalleled benefits for improving your overall strength.

It can greatly improve your overall combat effectiveness.

You must know that other races cannot practice the peerless inheritance of the Celestial Clan.

Even if it is sent to the research institution of the Blood Demon Dynasty and another inheritance suitable for all practitioners is developed, it will not be able to exert the super power of the peerless inheritance of the Celestial Clan.

But Ye Feng has already begun to temper his physique and become the immortal body of a god.

His own original power is also the power of the Celestial Clan.

Therefore, Ye Feng can truly exert the true power of this peerless inheritance of the Celestial Clan.

It will definitely make Ye Feng's combat effectiveness soar.

But just when Ye Feng was sensing it carefully.

"Boom!"

Suddenly the whole earth cracked open, and a big black hand immediately grabbed in the direction of Ye Feng and the others.

This big black hand is very old and has nine fingers, which gives people a very scary feeling.

It's like there is a dark giant buried under the earth.

At this moment, Murong Changming took action without any hesitation.

His hand immediately turned into a red-hot iron block, possessing terrifying destructive and burning power, and collided with the big black hand with nine fingers.

Boom!

Almost at the next moment, accompanied by a huge roar, although the big black hand was blocked, Murong Changming was also sent flying back at this moment, his face turned pale.

He couldn't help but said in horror: "This is already a very deep area under the abyss. The living creatures are really terrifying. The owner of this big black hand with nine fingers is definitely a extremely

The terrifying dark creature has been hiding under this abyss for many years, and even I am no match for it. "

Boom!

And just as Murong Changming was talking, the big black hand with nine fingers once again grabbed the three of them.

In addition, there was a "rumbling" sound on the ground in another place, and another huge black hand stretched out from the crack.

The two black palms were like a dragnet, trying to crush the three of them in one go.

Ye Feng immediately looked at the Black Qilin beside him and said loudly: "Senior Black Qilin, you and Brother Murong take action together, I will look for the aura fluctuations of the last golden paper to buy me time!"

At this time, Ye Feng knew that they could no longer stay under this abyss.

Because this is already a very deep area in the abyss.

The dark creatures that survive are becoming more and more terrifying.

So at this time, they must find the last piece of golden paper as quickly as possible, and then hurry up and get out of here.

Boom!

At this moment, Black Qilin nodded slightly and directly exploded his powerful power.

A terrifying power like the vast ocean burst out directly from the black unicorn's body.

Uh-huh!

The black unicorn jumped up, and from the human form of the black-robed old man, he transformed directly into a towering dark unicorn with a height of tens of thousands of meters. His whole body was burning with black flames, and he was extremely domineering and charged towards the two big black hands. , in an instant, one of the fingers of one of the big black hands was broken by the bombardment.

"So strong!"

At this time, Ye Feng's eyes suddenly revealed a look of excitement.

Sure enough, the black unicorn is indeed a beast from the ancient times, extremely powerful.

here and now

Ke Murong Changming also had a look of surprise in his eyes, as if he didn't expect that the black unicorn, which had entered his twilight years, could still have such a powerful power.

At this time, Murong Changming did not hesitate and directly took out a fiery red spear from the storage ring.

At this moment, Murong Changming suddenly shouted: "Red Flame Sky!"

This seems to be a uniquely powerful inheritance practiced by Murong Changming.

With the fiery red spear in his hand, his whole body suddenly burst into red flames.

Like an ancient flame war god, holding the fiery red spear in his hand, it collided with another big black hand.

Boom!

The entire field suddenly erupted with a huge roar, and the fluctuations of the battle were terrifying, spreading in all directions.

At this time, Ye Feng did not hesitate. Under the difficult battle between Black Qilin and Murong Changming, Ye Feng quickly searched for the last golden paper.

Originally, Ye Feng thought that by relying on Murong Changming and Black Qilin, he could directly kill the owner of the big black hand, and he could still devour the power of this dark creature.

But now Ye Feng suddenly discovered that this dark creature hidden deep in the ground could resist the attacks of Murong Changming and Black Qilin by just extending its two palms.

It can be seen from this that how terrifying this dark creature is, it is simply not something that I can fight against at the moment.

At this moment, Ye Feng gave up the crazy thoughts in his heart and got down to business first.

At this moment, Ye Feng even said aloud in his mind: "Emperor Chu, the situation is urgent now. Please help me find the last piece of golden paper. If we find it, we will leave here immediately. The dark creatures here are really terrifying." "

Emperor Chu nodded immediately in his mind, and also spread out his majestic perception to help Ye Feng find the last piece of golden paper.

Chapter 4378 The Celestial Clan's Token

Boom! !

I have to say that the battle on the field was very intense at this time.

Only the two elders, Hei Qilin and Murong Changming, could barely resist the attack of the dark hand.

At this time, Ye Feng joined forces with Emperor Chu to look for the last fluctuation of the golden paper.

Since they have found two golden papers after all the hard work, Ye Feng must get the last and third golden paper.

Otherwise, all their efforts will be in vain.

At this moment, under the induction of Ye Feng and Chu Huang, they soon discovered an inexplicable fluctuation.

This inexplicable fluctuation is not the fluctuation of the golden paper, but the fluctuation of the Celestial Clan.

This made Ye Feng's eyes suddenly show a look of surprise. He couldn't help but said to Black Qilin and Murong Changming who were fighting not far away: "Senior Black Qilin, Brother Murong, although I don't have I sensed the fluctuations of the golden paper, but I sensed the fluctuations of other gods. Maybe the third golden paper is there. I'm going to look for it. You guys block it here."

Hearing what Ye Feng said, Murong Changming immediately nodded, then stretched out his hand, threw the first two golden papers directly to Ye Feng, and said loudly: "Go look for it quickly, leave this place to me and Hei Feng." Qilin."

Ye Feng immediately nodded solemnly at this moment, and then flew quickly in a certain direction.

Soon, Ye Feng arrived at the place where he and Emperor Chu sensed the fluctuations of the Celestial Clan.

A huge palace actually appeared there.

This palace did not collapse and was well preserved.

The surface of the palace is also engraved with many ancient totems of the Celestial Clan.

When Ye Feng came here, Ye Feng could find that the original power of his Celestial Clan seemed to be boiling in his body.

It's like the descendants of the Celestial Clan coming to the place passed down by their ancestors.

But after all, Ye Feng is not a descendant of the Celestial Clan, he is just the immortal bone of the Celestial God fused with the Celestial Clan.

Therefore, Ye Feng only regards the immortal bones of the gods as a means for him to become stronger, and does not feel that he is a descendant of the gods.

So at this moment, Ye Feng did not hesitate at all, nor did he kneel down devoutly, but directly broke into this huge palace.

Ye Feng felt that this must be the core place of the Celestial Clan back then. Otherwise, it would be impossible to build it so deep under the abyss, and no one would be able to come here.

The moment Ye Feng broke into the palace in front of him, he immediately saw statues of the Celestial Clan appearing inside.

This palace is like a royal palace, with statues of the Celestials everywhere on both sides.

And on the top throne, sits the tallest statue.

This tallest statue gave Ye Feng a very depressing feeling.

because of leaves

Feng only felt that in front of this tallest statue, his immortal body of a god was actually going to kneel down and worship it.

"There's no way I'm going to kneel down!"

Ye Feng roared loudly at this moment, relying on his powerful strength and terrifying mental will to resist the power of kneeling that came from deep in his bones.

boom!

Ye Feng stood straight in front of him, and then punched the tallest statue in front of him.

It can be said that Ye Feng has always had no taboos.

Now Ye Feng is going to smash the statue of the Celestial Clan who wants to make him kneel down.

Boom!

Almost at the moment when Ye Feng's fist hit the tallest statue, the entire statue was immediately shattered by Ye Feng and turned into countless fragments.

Seeing this scene, a cold smile suddenly appeared on Ye Feng's face.

This tall statue actually wants to force himself to kneel down, which is absolutely impossible.

I can only break this statue.

And at the moment when the statue was broken, there was a "snap" and an iron box fell from the fragments.

When Ye Feng saw this scene, his eyes suddenly showed joy.

The last piece of golden paper I am looking for is definitely in this iron box.

But without the help of the black unicorn, he couldn't break the iron box.

So at this moment, Ye Feng directly put the iron box into his storage ring, and then let the black unicorn break it to get the last golden paper contained in it.

Ye Feng got the last iron box at this time and was ready to leave here directly.

Because he knew that Black Qilin and Murong Changming were fighting hard against that terrifying dark creature outside, and time was running out.

But just at the moment Ye Feng turned around.

Buzz!

Suddenly, rays of light appeared on the dome of the entire hall.

All these rays of light converged together, condensing into a tall middle-aged man wearing a golden imperial robe.

This tall, middle-aged man, whose whole body was made of golden light, was directly concentrated at the top of the palace.

He stared at Ye Feng for a moment, glanced at the statue of himself that was broken by Ye Feng, and suddenly said in surprise: "You are not the only inheritor of our Celestial Clan, why can you find it?" To get here? Only with the guidance of our Celestial Clan can we come to the core place that our Celestial Clan left in this interface. "

Hearing this tall and middle-aged man whose whole body is made of light

When the young man said this, Ye Feng's eyes immediately flickered.

Ye Feng instantly guessed that the identity of this tall, middle-aged man must be the leader of the Celestial Clan who came here back then.

Ye Feng didn't say much at this time, but walked directly outside.

He didn't want to waste any more words with this phantom left behind by the Celestial Clan.

After all, Ye Feng has obtained the most important things now and doesn't want to stay any longer.

However, seeing Ye Feng leaving directly, the phantom of the leader of the Celestial Clan, which was made up of light, waved casually.

Boom!

The golden door of the entire hall was immediately closed, preventing Ye Feng from leaving.

At this moment, Ye Feng immediately turned around, looked at the tall middle-aged man not far away, and said loudly: "I am not the authentic inheritor of your Celestial Clan, I just merged by chance. An immortal bone of your Celestial Clan. I came here not to be an enemy of your Celestial Clan, but just to find some opportunities. Why do you want to stop me? It's of no great significance, because I'm not a member of the Celestial Clan at all."

Hearing what Ye Feng said, the tall middle-aged man suddenly showed a smile on his face and said loudly: "You have the ability to fuse the immortal bone of the gods of our Celestial Clan, which means that you and our Celestial Clan have a deep connection. Otherwise, it would be impossible to do this kind of thing, so I have a task to give you. This task is of great significance to our Celestial Clan, and it is also of great significance to you yourself. Help, do you want to listen?" .???.??

At this moment, when Ye Feng heard this tall middle-aged man say this, a hint of hesitation appeared on his face.

Because Ye Feng knew that this tall middle-aged man made of light was definitely a leader of the Celestial Clan back then, with an extraordinary status.

He had a task to entrust to him, and he also said that it would be of great help to him, and it might have something to do with his immortal bone.

At this moment, Ye Feng thought for a moment, then slowly looked at the tall middle-aged man made of light, and said loudly: "Okay, what's your mission?"

This tall middle-aged man made of light immediately showed a smile on his face and said loudly: "This mission is that you take the token of our Celestial Clan and go to the most advanced heaven in the world to find... We, the remaining members of the Celestial Clan, give this token to them. This token can make our Celestial Clan become glorious again. If you do this, I can ask the remnants of our Celestial Clan to help you and help you. The immortal body of the god is directly refined and accumulated to the state of great perfection."

"What??"

Hearing what this tall middle-aged man made of light said, Ye Feng's eyes suddenly revealed a look of deep horror.

He never imagined that this tall, middle-aged man made of light could actually temper and accumulate his immortal body to the Great Perfection state.

In other words, you can directly upgrade your immortal body to a true state of perfection.

It can instantly improve one's physique and become the strongest in all the worlds, making one truly immortal.

At this moment, Ye Feng's eyes suddenly showed a deep brilliance.

But the next moment, Ye Feng couldn't help but said: "How should I find the people left behind by your Celestial Clan? I don't know whether they are alive or dead now."

Hearing what Ye Feng said, this tall middle-aged man made of light immediately said: "Don't worry, after you have the ability to enter the heaven, you can slowly search for it. As long as you hold the heaven I gave you in your hand." The token of the God Clan, then this token can guide you to find the remaining members of our Celestial God Clan, and the token itself of our Celestial God Clan is a kind of artifact-like existence. Although you are just now the immortal body of the God Clan, Start, but you should be able to exert some of the power of this token, which can help you fight against many dangers."

After finishing speaking, the middle-aged man made of light suddenly stretched out a hand.

Buzz!

With a flash of light, a small golden ring suddenly appeared in his hand.

"Um?"

Seeing this scene, Ye Feng's eyes suddenly showed a look of astonishment, and he said loudly: "The token of your Celestial Clan, the thing that can lead your Celestial Clan to glory again, is actually just such a small ring?"

Hearing what Ye Feng said, this tall middle-aged man made of light just smiled slightly and without explaining anything, he put this small golden ring into Ye Feng's hands and said loudly: "This one The ring, called the God's Ring, does not belong to this world. It comes from a higher and more mysterious spiritual dimension, so it has mysterious and boundless power. Once you use this God's Ring, it can be transformed into anything. The state you want, you want a sword, this god ring can

turn into a god sword, capable of cutting off the strongest things in the world, you want a set of armor, this god ring The ring can be transformed into the strongest armor in the world, capable of resisting any damage, and has various other magical uses that even I, the last generation leader of the Celestial Clan, have not yet figured out."

Hearing what the tall, middle-aged man in front of him said, Ye Feng's eyes suddenly revealed a look of deep surprise.

Unexpectedly, this small ring is so magical and has such a mysterious origin. It does not belong to this world. It comes from a higher spiritual latitude space. It is very likely that it comes from the world connected to the end of the origin world. That mysterious extraterrestrial world.

And just when Ye Feng was observing the god ring in his hand, the entire shadow of the tall middle-aged man composed of light in front of him had completely dissipated.

Chapter 4379 Great Existence

At this moment, he looked at the figure of the tall middle-aged man whose light dimmed in front of him.

Ye Feng thought for a moment, then clasped his fists in the direction of the entire hall and said loudly: "No matter what, if you choose to believe me and even give me the token of the God Clan, the God Ring, then I will definitely do the same. I will repay you, just rest in peace. This God Ring is a token of the God Clan. When I really go to the heaven in the future, I will definitely find the descendants of your God Clan and give this God Ring to them. "

Ye Feng was speaking at this moment, with a hint of sadness in his eyes.

Unexpectedly, he smashed the statue of the leader of the Celestial Clan in the hall with one punch. As a result, the other party not only did not care about such a disrespectful thing, but solemnly handed over the task to him.

Ye Feng still admires the last generation leader of the Celestial Clan. He is indeed very broad-minded and not a narrow-minded person.

At this moment, Ye Feng clasped his fists at the entire hall, promised that he would keep his promise, complete this task, and then left here directly.

Of course, if Ye Feng can really complete this task, it will be of great benefit to himself, allowing the descendants of the Celestial Clan to accumulate his immortal body of the Celestial God to a true state of perfection.

Of course, Ye Feng would not put all his hopes on the descendants of the Celestial Clan.

What if the descendants of the Celestial Clan have perished in the heavenly realm.

Therefore, Ye Feng feels that if there is a chance next time, he should look for more things with divine substances and improve his immortal body as much as possible.

At this moment, Ye Feng hid this god ring deeply on his body.

As a token of the Celestial Clan, this god ring is itself a very mysterious and powerful treasure, which may come from an extraterrestrial world that is more advanced than the heavens and worlds.

Therefore, the origin of the Celestial Clan is also very mysterious.

Ye Feng even speculated that the Celestial Clan might not be the mother-in-law of all the heavens and worlds where the Great World originated.

It is very likely that the native races bred by them come from that mysterious and unpredictable extraterrestrial world with a higher spiritual dimension.

So at this time, Ye Feng naturally attaches great importance to the things of the Celestial Clan.

Ye Feng knew in his heart that he could not use this god ring unless absolutely necessary.

Otherwise, if he is discovered by someone who is interested, he will probably be coveted by many super powerful people for the treasures of the Celestial Clan.

At this moment, after Ye Feng left the palace.

What Ye Feng didn't know was that the middle-aged man whose light had dissipated in the hall had condensed again.

This middle-aged man, who was completely made of light, looked at Ye Feng's retreating back outside the hall, his eyes seemed a little uncertain, and he couldn't help but murmur to himself, "This young man can even fuse the immortal bones of our Celestial Clan, This kind of innate characteristic is very similar to that great being in the outside world..."

...

At this moment, after Ye Feng left the hall, he just flew quickly in the direction of the previous battle.

Now that the last iron box has been found, the goal has been achieved, and we must leave here as soon as possible.

After all, there must be more terrifying dark creatures in this abyss.

Boom!

When Ye Feng arrived at the place where he fought before, he saw Black Qilin and Murong Changming, still fighting against the two big hands of darkness.

At this moment, the masters of these two dark hands have been completely revealed.

That was not the dark giant as imagined, but a huge dark scorpion.

A dark scorpion the size of a mountain crawled out of the ground, and unexpectedly grew two scorpions with nine fingers.

The palm looks very weird, like a creature that has been mutated by radiation.

Boom! !

At this time, Black Qilin and Murong Changming were still fighting fiercely with this weird dark scorpion.

At this moment, the huge Qilin that the Black Qilin transformed into had already received a lot of wounds.

Murong Changming also looked a little pale.

It must be said that this weird dark scorpion with two hands is an extremely terrifying dark creature.

Those under this abyss are probably at the top level, which is why they are so powerful.

Seeing Ye Feng flying over at this time, Black Qilin and Murong Changming immediately showed a look of joy in their eyes.

Murong Changming immediately couldn't help but asked: "Ye Feng, have you found the third iron box?"

Ye Feng immediately nodded and said, "Found it." .???.??

Hearing what Ye Feng said, Murong Changming's eyes immediately showed joy, and he couldn't help but said: "Ye Feng, you are really amazing. You found the third remaining one so quickly. Iron box, and returned safely."

Ye Feng immediately nodded and said: "Originally, I planned to go directly to you two, but now that you two are evenly matched with this dark scorpion, I have a new plan."

Hearing what Ye Feng said, Murong Changming was stunned for a moment, and then he couldn't help but said: "Ye Feng, are you crazy? Do you want to kill this big dark scorpion? Isn't that right? It's possible! This big dark scorpion is too powerful. The attacks of me and the black unicorn can't break through its defense, and your current martial arts skills are not that strong, so it will be difficult to kill this big dark scorpion."

Hearing what Murong Changming said, Ye Feng grinned and said: "I just got a very powerful weapon. Maybe it can

Give it a try, you two entangle this dark scorpion first, and I will prepare it. "

After Ye Feng finished speaking at this moment, although Murong Changming felt that Ye Feng's current cultivation level was too low and unreliable, since Ye Feng said so, let's give it a try.

Black Qilin naturally did not hesitate at this time and continued to fight the dark scorpion.

After all, he now completely listens to Ye Feng.

At this moment, the powerful weapon Ye Feng mentioned was actually the God Clan's token, the God Ring.

The God's Ring can be transformed into various forms. Ye Feng is going to use his own God's energy to activate the God's Ring and turn it into the sharpest God's Sword in the world to see if he can split the defense of this dark scorpion. .

If it couldn't be split, Ye Feng would no longer hesitate and leave here directly.

If you can break through the defense of this dark scorpion, then you can get all the skills and vitality of this dark creature, which will definitely greatly improve your skills.

Ye Feng naturally didn't want to miss such a good opportunity and wanted to take the risk.

So at this moment, Ye Feng let Black Qilin and Murong Changming continue to entangle the dark scorpion.

At this moment, Ye Feng took out the God's Ring.

The golden ring was directly placed on Ye Feng's finger.

At this moment, while Ye Feng was preparing, the dark scorpion not far away was still frantically attacking Black Qilin and Murong Changming, seemingly not caring about Ye Feng at all.

It is true that this dark scorpion is an extremely powerful dark creature, much more powerful than Ye Feng.

So in his eyes, Ye Feng was nothing at all, just an ant.

But what he didn't know was that Ye Feng actually held a very terrifying weapon in his hands and was preparing it quickly.

Chapter 4380 Sharp Sword

Buzz!

At this time, Ye Feng directly input the original energy of his Celestial Clan into the golden ring on his finger.

This golden ring is not only a token of the Celestial Clan, but also the most mysterious treasure among the Celestial Clan.

Therefore, only the energy of the Celestial Clan can activate this Celestial God Ring, and no other energy can.

Therefore, this kind of God's ring, this kind of peerless treasure of the God's tribe, can only exert its powerful power in the hands of Ye Feng or a member of the God's tribe.

It can be said that Ye Feng is a special existence.

He is not from the Celestial Clan, but by chance he fused with the Immortal Bone of a Celestial God, so he can use anything from the Celestial Clan, including this Celestial God Ring.

Buzz!

At this moment, Ye Feng inputs his divine energy into the golden ring.

The small golden ring immediately began to rapidly change its form.

Unexpectedly, following Ye Feng's thoughts, it turned into an extremely sharp golden sword directly in Ye Feng's hands.

It can be called the sword of the gods.

Uh-huh!

At this moment, Ye Feng rushed forward and used the golden sword in his hand to slash at the dark scorpion who was fighting Black Qilin and Murong Changming.

At this time, Ye Feng did not burst out with his powerful cultivation aura.

Because in the eyes of this dark scorpion, Ye Feng is probably nothing at all, just an ant.

So at this time, Ye Feng felt that he had a chance to inadvertently hit this dark scorpion hard.

Because some super powerful creatures usually die because they are arrogant and look down on their enemies, so they despise them and are killed by their enemies.

The current Ye Feng is definitely an ant-like existence in the eyes of the Dark Scorpion.

That's why Ye Feng had the opportunity to give this dark scorpion a terrible blow.

Because this dark scorpion cannot resist Ye Feng at all.

And sure enough, Ye Feng's guess was correct.

When Ye Feng rushed towards the Dark Scorpion with the golden sword in his hand, the Dark Scorpion was just frantically attacking the two elders, Hei Qilin and Murong Changming.

This big insect with dark attributes didn't even look at Ye Feng.

Because even older figures like Black Qilin and Murong Changming couldn't break through its defense, let alone a young man like Ye Feng who was as small as an ant.

As for the golden sword held in Ye Feng's hand, the Dark Scorpion didn't even care.

It didn't think that an ant-like existence like Ye Feng could control such a powerful weapon.

"Pfft!"

But at the next moment, what made the Dark Scorpion widen his eyes was that the golden sword in Ye Feng's hand actually broke the Dark Scorpion's extremely strong scales.

Then, like cutting tofu, the smaller half of the dark scorpion's body was directly cut off.

"howl!!"

At this moment, the Dark Scorpion immediately let out an earth-shattering scream, finally realizing the seriousness of the matter.

It never expected that the golden sword in Ye Feng's hand was so terrifyingly sharp that it cut off its extremely strong scales and cut off a small part of its entire body.

At this time, Black Qilin and Murong Changming also widened their eyes slightly, with horror in their eyes, as if they did not expect Ye Feng to actually be able to break through the defense of this dark scorpion.

You must know that Murong Changming and Black Qilin, the two most powerful beings, are unable to break through the defense of this dark scorpion.

But the golden long sword Ye Feng is holding in his hand suddenly

It directly tore apart the defense of the dark scorpion.

At this time, Murong Changming and Hei Qilin both knew very well that it must be the golden sword in Ye Feng's hand that had such terrifying sharpness.

At this moment, their eyes suddenly showed surprise. They did not expect that Ye Feng still controlled such a powerful sword in his hand.

At this moment, Murong Changming immediately looked at Ye Feng and said loudly: "Ye Feng, this golden sword in your hand is so strong and sharp. Let me use it, and I can burst out even stronger strength."

Ye Feng immediately shook his head and said: "To be honest, Brother Murong, only I can use this golden sword. If it gets into your hands, it won't have any power."

Hearing what Ye Feng said, Murong Changming's eyes suddenly showed a hint of astonishment.

Immediately, he seemed to have thought of something, and couldn't help but nodded.

Apparently Murong Changming had guessed that the golden sword in Ye Feng's hand was related to the third iron box that Ye Feng had just looked for.

It is very likely that this golden sword is a weapon of the Celestial Clan, so only Ye Feng can use it.

After all, Ye Feng can plunder the energy of the Celestial Clan, so he can naturally use the Celestial Clan's unique weapons. .??.

At this moment, the dark scorpion was running away like crazy.

Because half of its body has been cut off by Ye Feng, its strength has been greatly reduced. Now it naturally does not dare to continue to fight against the three of them.

But Black Qilin and Murong Changming would not let this dark scorpion leave.

Because they have all seen that Ye Feng really wants to kill this dark scorpion.

So at this moment, the black unicorn's huge and mountain-like body directly blocked the way of the dark scorpion.

Then Murong Changming's palm was burning with blazing flames, and it suddenly hit the dark scorpion that was about to escape.

The child was blown backwards and flew out.

Although the two elders couldn't break through the Dark Scorpion's defense, they had no problem stopping the Dark Scorpion from escaping.

At this moment, Ye Feng rushed out of the void, holding the golden sword in his hand, and once again slashed forward.

Poof!

This time, Ye Feng aimed at the small head of the dark scorpion.

The golden long sword in his hand was simply devastating and extremely sharp. In an instant, it pierced the small head of the dark scorpion and killed it directly.

Boom!

The next moment, the huge insect body of the Dark Scorpion suddenly fell to the ground, completely dead.

Uh-huh!

At this time, the black unicorn immediately flew to Ye Feng's side.

Murong Changming laughed out loud: "After fighting for so long, I finally killed this nasty big scorpion."

At this moment, Ye Feng slightly clasped his fists and said loudly: "Thank you two seniors for taking action, otherwise, even if I hold this sharp long sword, I would not be able to kill this dark scorpion. "

Ye Feng knew very well that he only played a key role in breaking through the defense of this dark scorpion.

The ones who really contributed were Murong Changming and Hei Qilin.

Black Qilin naturally nodded silently at this time and said nothing more. After all, he was originally going to do things for Ye Feng.

Murong Changming laughed loudly and said disapprovingly: "If I can help Ye Feng, there won't be any problems. A little contribution is nothing. Our scavenger department can only rely on you and me." "The stronger you are, the more useful you will be to our scavenger department. I don't want our scavenger department to be cut off."

When Ye Feng heard what Murong Changming said, he immediately smiled, and then without hesitation, he directly released the Devouring Domain and began to devour the dark scorpion.
