

## Ancient 4381

Chapter 4381 Three-in-one

You must know that this dark scorpion is definitely a very powerful dark creature under the abyss of the God Ruins.

After all, even Black Qilin and Murong Changming could only fight to a draw with this dark scorpion.

If Ye Feng hadn't held the God's Ring in his hand and turned it into the God's Sword, he probably wouldn't have been able to break through the black scorpion's defense.

It's like being a super strong person fighting a weak person.

Even if the super strong person stands still and does not move, it will be of no use to the weak person to attack the super strong person.

Because there is no way to break through the opponent's defense.

Therefore, this dark scorpion is still very powerful, and the demonic energy contained in its body is also very huge.

So at this moment, after Ye Feng swallowed it, he immediately felt the majestic energy, which was immediately injected into his body.

Ye Feng knew very well that this dark scorpion was very powerful.

Devouring this big dark scorpion is equivalent to devouring all the skills of an older and powerful person among Black Qilin and Murong Changming.

Therefore, the improvement brought to Ye Feng is naturally very huge.

At this moment, Ye Feng's cultivation temperament immediately began to rise.

"boom!"

The tenth heavenly perfection of the Return to True Realm!

"boom!"

Half step to the Yuanmai realm!

At this moment, Ye Feng's cultivation level directly broke through a major bottleneck.

Directly half-stepped into the Yuanmai realm above the Guizhen realm, and stepped into the powerful realm of the Yuanmai realm!

This made Ye Feng's eyes suddenly reveal a look of deep joy.

Because you must know that Ye Feng's cultivation level is getting higher and higher now. It is very difficult to break through small bottlenecks and requires huge energy.

Let alone break through a big bottleneck.

Although he did not break through to the true Yuanmai realm in the end, being able to advance to the half-step Yuanmai realm can be regarded as stepping into the powerful realm of Yuanmai realm above the Guizhen realm.

Ye Feng could feel at this moment that his power and energy had become even greater.

The combat effectiveness is also many times stronger than before.

This naturally made Ye Feng very happy.

This time in the deep area of this sacred ruins, I really got huge benefits.

Not only has his cultivation strength been greatly improved, but he has also obtained the Celestial Clan's token and the Celestial Clan's most powerful treasure, the Celestial Ring.

This god's ring is so magical that it can change into any shape according to one's own will and become the sharpest sword in the world.

Transform into the most defensive armor in the world, and so on.

At this time, Ye Feng did not receive the God of Heaven ring on his body, but directly put it on his finger.

In this case, it is very convenient to use when it is really dangerous.

Moreover, Ye Feng felt that few people could guess that this small golden ring was the most powerful treasure of the Celestial Clan.

After all, even the black unicorn couldn't tell. He only felt that the golden sword in his hand was some kind of magic weapon of the Celestial Clan.

At this time, Ye Feng just smiled and said: "Then let's leave here."

Murong Changming's eyes were full of expectation at this moment, and he said loudly: "Ye Feng, have you found the third iron box?"

Ye Feng immediately nodded and said, "Then let's open it here."

After saying that, Ye Feng took out the third iron box he got from his storage ring.

Then without using the black unicorn to open it, Ye Feng turned the god ring on his finger directly into a small dagger, and cut open the iron box in one fell swoop.

Suddenly, a golden piece of paper appeared.

This is the third golden paper.

At this moment, Ye Feng took out two more golden papers that he had obtained before.

Three-in-one, finally got the complete version of the peerless inheritance of the entire Celestial Clan.

And the moment the three golden papers were combined together, the three golden papers merged together perfectly, and then floated directly in mid-air, emitting golden light.

Every word recorded in it exudes a bright light and feels very sacred.

At this moment, the three of them all looked at this set of inheritance and found that the five characters "Seal of the God of the Great" were written on the inheritance.

"The Great Emperor Seal of the Gods?"

At this time, when Murong Changming saw this scene, he immediately showed a look of surprise in his eyes and said loudly: "This is a very advanced peerless inheritance and a supreme seal method. Once it is successfully practiced, it seems that It can condense the will of the unparalleled emperor of the Celestial Clan and cause a devastating blow to the enemy. "

Ye Feng nodded at this time, with deep excitement in his eyes.

If you can successfully cultivate this Great Emperor Seal of the Gods, your overall strength will increase tremendously.

After all, you have to know that Ye Feng now has a lot of

The inheritance can no longer keep up with the use of his current cultivation level.

Now he has finally obtained a set of peerless inheritance from the Celestial Clan, which is of great significance to Ye Feng.

At this moment, Murong Changming was also quite happy and said: "This set of Heavenly God's Great Emperor's Seal is definitely a very powerful peerless inheritance among the Heavenly God

Clan. In those days, it was probably one of the very advanced inheritances. 1. Although other than the Celestial Clan, no one else can practice this kind of Celestial Emperor Seal, but after I brought the Blood Demon Dynasty back and handed it over to the researchers in the research institution, I should be able to analyze this set of inheritance. , and then it becomes a similar inheritance that everyone can practice. The royal family will give us a huge amount of training resources for the scavenger department based on the specific level of this inheritance. "

After finishing speaking, Murong Changming looked at Ye Feng and said loudly: "You are a special being who can directly practice the inheritance of the Celestial God Clan. Now you should take this set of inheritance and understand it carefully."

Ye Feng smiled slightly at this time and said aloud: "This set of inherited secrets has just been imprinted in my mind, and I can continue to understand and practice it. Brother Murong, take this golden paper Bar."

Murong Changming's eyes showed a look of surprise, and he couldn't help but sighed and said: "I really envy you for cultivating souls. You have a good memory."

After finishing speaking, Murong Changming did not show any pretense. He took the golden paper in his hand, then looked at Ye Feng, and said solemnly: "When the royal family rewards a huge amount of training resources, the two of us will Evenly divided."

Ye Feng nodded and said nothing more.

At this time, the black unicorn suddenly said: "In the deepest part of this abyss, there is an extremely terrifying existence coming. It is many times more powerful than the big dark scorpion before. We will be wiped out in an instant."

When Ye Feng heard what Black Qilin said, a look of surprise suddenly appeared in his eyes.

The abyss is indeed very terrifying. There are actually dark creatures that are much more powerful than the terrifying dark scorpion just now.

Ye Feng naturally said quickly at this time: "Then let's leave as soon as possible."

Murong Changming and Hei Qilin also nodded.

The three of them had achieved their goal here. In an instant, they jumped up and flew quickly towards the abyss.

Soon they left the deep area of the Shenxu Land and returned to the outer area of the Shenxu Land.

At this time, Murong Changming looked at Ye Feng, smiled and said: "Let's go back to the Blood Demon Dynasty directly."

At this moment, Ye Feng suddenly thought about it.

, then shook his head and said aloud: "I still have something to do in Shenxu City, and I need to go to Shenxu City to take a look first."

When Murong Changming heard what Ye Feng said, he immediately nodded and said: "You should go to Shenxu City to collect some good materials and good things that you have not used during this period, and put them there. Sell it? You go ahead, I will return to the Blood Demon Dynasty first, and I want to deliver this peerless inheritance of the Celestial Clan to the palace as soon as possible."

For Murong Changming, the most important thing now is to bring back this peerless inheritance of the Celestial Clan.

He did not know that Ye Feng had done many earth-shattering things in Shenxu City, nor did he know that Ye Feng had now become the city lord of Shenxu City.

At this moment, Ye Feng didn't say much. After all, Shenxu City will become a place that he secretly controls in the future, contributing a steady stream of cultivation resources to himself.

Therefore, it is better not to tell Murong Changming about this kind of thing.

Although Ye Feng also trusted this old brother Murong.

But some things are better kept private.

So at this time, Ye Feng did not explain anything more, but smiled and nodded, and said loudly: "Brother Murong, please go back to the Blood Demon Dynasty first. After I finish handling some things in Shenxu City, I will return to the Blood Demon Dynasty immediately and report back to the department."

Murong Changming immediately nodded, patted Ye Feng on the shoulder, and then left here directly.

Uh-huh!

At this moment, Ye Feng was flying quickly towards the direction of Shenxu City.

Ye Feng wanted to see if the Demon Moon Sect had caused any trouble to Shenxu City during his absence.

After all, by killing the nine guardians of the Demonic Moon Sect, he had completely broken up with the powerful local power of the Demonic Moon Sect.

So Ye Feng naturally wanted to go to Shenxu City to take a look.

Now that Ye Feng has gone through a period of experience deep in the land of Shenxu, his cultivation strength and various methods have also been qualitatively improved.

Ye Feng felt that the Demonic Moon Sect was no longer as fearful in his eyes as before.

Perhaps those super strong men in the Demon Moon Sect are nothing compared to him now.

What's more, he is accompanied by a beast from ancient times like the black unicorn.

So Ye Feng went to Shenxu City this time, preparing to completely deal with the scourge of the Demon Moon Sect.

At that time, the entire Shenxu City will be completely at peace, and it can be under its own control with peace of mind, providing itself with a steady stream of cultivation resources.

Chapter 4382 Falling into a trap

For Ye Feng, the most important thing now is to make the environment of Shenxu City peaceful.

Because Ye Feng still attaches great importance to Shenxu City.

The flow of people in Shenxu City is very large.

And it is the only city on the edge of a place full of treasures like the Land of Gods.

Therefore, the usual profits are also very high, and all kinds of cultivation resources can be obtained here.

Ye Feng himself is now the city lord of Shenxu City, colluding with Eternal Store to control the lifeblood of the entire Shenxu City.

So Ye Feng can definitely get huge benefits from it.

Ye Feng returned to Shenxu City this time to solve the biggest problem, the Demon Moon Sect.

When Ye Feng hurried to the outside of Shenxu City, he immediately breathed a sigh of relief.

There was no fighting in Shenxu City and it was still very peaceful.

Ye Feng immediately entered the Shenxu City and came to the door of the Eternal Store.

By this time, these people from the Eternal Store already knew Ye Feng.

After all, Ye Feng had previously killed the nine guardians of the Demon Moon Sect stationed in Shenxu City in public, which was very shocking.

Therefore, everyone in the Eternal Store has long regarded Ye Feng as the supreme being.

Even the owner of their shop, Miss Duan, praised Ye Feng very much.

At this moment, the guards standing at the entrance of Wangu Shop immediately said respectfully: "See the Lord of the City!"

Obviously, Ye Feng has now become the city lord of the entire Shenxu City, and his status is no longer the same.

Anyone who meets Ye Feng must address him as City Lord.

At this time, Ye Feng just nodded slightly, and then asked aloud: "Is Miss Duan in the shop?"

one

The guard of the eternal shop immediately said: "The owner of our shop left the city a few days ago and went to find a place of opportunity somewhere outside. He has not come back for several days. Many powerful people in our shop have We are ready to join forces to find the owner of the shop, because we tried to contact the owner of the shop through special contact methods, but there was no way to get in touch. "

"Um?"

Hearing what the guard said, Ye Feng's heart suddenly thumped, and he had some bad premonitions. He immediately asked: "The land of opportunity that Miss Duan is looking for, who provided her with this information?" of?"

The guard of the Eternal Store in front of him immediately shook his head and said loudly: "I don't know, it seems to be a mysterious wandering businessman."

"not good!"

Hearing what the guard said, Ye Feng immediately reacted. Miss Duan had fallen into a trap and was probably in danger now!

At this time, Ye Feng suddenly understood why the Demon Moon Sect did not come to attack the entire Shenxu City.

He probably wanted to get rid of Miss Duan, the owner of Eternal Store first.

Because Miss Duan poses the greatest threat.

In addition, the city lord himself is not in the Shenxu City, so the only person the Demon Moon Sect can deal with is Miss Duan from the Eternal Store.

Although Ye Feng knew that Miss Duan was mysterious and had extraordinary origins.

But Ye Feng also knew that Miss Duan couldn't use her own power directly.

If used, it seems to have very serious consequences.

So Ye Feng knew that the situation was very urgent at this time, and immediately said: "Take me to the airport where Miss Duan went.

In the land of destiny, Miss Duan is estimated to be in great danger now, and she may very well have fallen into the trap of the Demonic Moon Cult. "

"ah?"

Hearing what Ye Feng said, the guards of the Eternal Store in front of them were also a little panicked, and they quickly said: "Okay, I will take you, City Lord, with you now."

After saying that, a guard from Eternal Store took Ye Feng and flew quickly in a certain direction outside the Shenxu City.

Ye Feng followed behind.

Soon, the guards of the Eternal Store had led Ye Feng through a large wilderness and arrived outside a valley.

At this time, the guard immediately spoke out: "The place that the wandering businessman said contains opportunities and fortunes is in this valley, and the owner of our shop should also be in it."

Ye Feng nodded, looked at the guard, and suddenly said: "Your cultivation is too weak, and your life may be in danger if you go in. You can just wait for me here, or just leave. I can go over and take a look myself."

Uh-huh!

After Ye Feng finished speaking, he jumped directly into the valley in front of him without waiting for the guard to say anything more. .??.

The moment Ye Feng entered the valley, he immediately saw traces of fierce fighting.

"Oops!"

Seeing this scene, Ye Feng's eyes suddenly changed slightly.

It seems that I guessed it right.

Miss Duan probably fell into the trap of the Demonic Moon Sect and was led out of Shenxu City.

The Demonic Moon Sect was unable to break through the formation protection of Shenxu City, so they could only lure Miss Duan, the owner of Eternal Store, to get rid of her secretly.

In this case, the entire Shenxu city will be completely leaderless.

The bottom is in chaos from within.

The Demonic Moon Cult can disintegrate the entire Shenxu City from within.

"What an insidious Demon Moon Cult!"

At this moment, Ye Feng's eyes suddenly showed a deep cold look, and he immediately began to exude his huge soul power and search the entire valley.

Next, Ye Feng followed the traces of the battle all the way to the deepest area of the valley.

A small cave actually appeared here.

Judging from the battle traces, the battle at that time ended abruptly at the entrance of the cave.

When Ye Feng saw this scene, he immediately walked into the cave without any hesitation.

When Ye Feng entered, he saw several corpses on the ground.

The clothes worn by these corpses were all members of the Eternal Store.

Seeing this scene, the gloomy look in Ye Feng's eyes became even more intense.

Miss Duan should have led many powerful people from the Eternal Store at that time, but she encountered a fierce attack from the Demon Moon God Sect and lost many of the powerful people from the Eternal Store.

Seeing this scene, Ye Feng felt very depressed and continued to walk quickly towards the inner area of the cave.

Along the way, Ye Feng saw many corpses one after another, including strong men from the Eternal Store and strong men from the Demon Moon Sect.

This made Ye Feng even more certain that the Demon Moon Sect had definitely bribed a wandering businessman and asked him to spread false news to attract Miss Duan and the powerful people from the Eternal Store to leave the city. In this way, he could single-handedly take down the top management of the Eternal Store. Catch them all in one go.

At this moment, Ye Feng was even more urgent. He wanted to find Miss Duan and a group of other high-level experts from Wangu Store as soon as possible. Ye Feng's speed became even faster!

Chapter 4383 Golden Square

Swish, swish, swish!

At this time, Ye Feng increased his speed and flew quickly towards the innermost direction of the cave.

In addition, Ye Feng also exuded his huge soul power and spread it around, trying to find any movement in the cave.

Ye Feng felt in his heart that he had arrived too late. It was estimated that Miss Duan and the other high-level experts from the Eternal Store had all been killed or injured.

And just when Ye Feng was feeling very depressed, he suddenly heard violent noises in a direction not far away.

This made Ye Feng's eyes suddenly light up, and he quickly flew in that direction.

Soon, Ye Feng walked through the winding stone path in the cave and finally came to a huge space. ??

This is the inner area of the entire mountain.

It turned out to be a hollow mountain with a huge space hidden inside.

At this moment, a huge ancient square appeared inside the mountains ahead.

The entire ground of this ancient square is paved with shining gold, which looks very luxurious and dazzling.

On this golden square, there is a huge golden coffin.

Golden Square.

Gold coffin.

Everything looked luxurious and full of an eerie feeling like death.

At this moment, a beautiful figure that Ye Feng was very familiar with was locked on the golden coffin with countless chains.

It's Miss Duan!

There were more than a dozen powerful men from the Demon Moon God Sect surrounding them, and they seemed to be performing some kind of very ancient and bloody contribution ceremony.

I want to contribute Miss Duan's soul to some mysterious existence in the golden coffin, so as to awaken the mysterious existence in the golden coffin.

At this moment, seeing this scene, Ye Feng suddenly showed a look of deep shock and anger in his eyes, and quickly said in the distance: "Miss Duan, are you okay? I'm here to save you!"

"Um?"

Hearing Ye Feng's voice at this moment, a group of more than a dozen strong men from the Demon Moon God Sect around them suddenly showed surprise in their eyes. It seemed that they did not expect that someone could find this place, and it was an ordinary-looking person. boy in white.

At this moment, Miss Duan was tied up in a golden coffin

When he saw Ye Feng, he immediately said with some worry: "Ye Feng, don't worry about me, they can't do anything to me. Although I can't use my own power, my defense is invincible. They can't hurt me at all, and now they use a very evil contribution ritual to donate my soul to the mysterious existence in the golden coffin, but I don't think they can do this at all. "

Hearing what Miss Duan said, Ye Feng immediately breathed a sigh of relief. It seemed that Miss Duan was not harmed.

But there is no one around Miss Duan now.

It is estimated that many of the powerful people at the top of the Eternal Store who followed Miss Duan here have died at the hands of the powerful people from the Demon Moon Sect.

At this moment, Ye Feng's eyes were full of coldness, and he said loudly: "Miss Duan, don't worry, these strong men of the Demon Moon God Sect may have been very powerful to me before, but now, I simply can't Not afraid of them."

"Hahaha!"

Hearing what Ye Feng said at this time, a group of strong men from the Demon Moon God Cult around them burst into laughter.

Their eyes immediately showed deep sarcasm. They stared at Ye Feng and said loudly: "Boy, your cultivation is indeed very good. You are half-step Yuanmai realm, but we are all Demon Moon." The top-notch superpowers among the divine sect, our cultivation level is a full realm and a half higher than your current half-step Yuanmai realm, and we are all Galaxy realm existences above the Yuanmai realm."

At this moment, these strong men from the Demon Moon God Sect were talking, and Ye Feng's eyes flashed slightly.

Ye Feng actually sensed that the cultivation auras of these powerful men from the Demon Moon God Sect were indeed very powerful.

It is much higher than his current half-step Yuanmai realm.

Most of them are at the sixth or seventh level of the Galaxy Realm above the Yuan Vein Realm, and there are even powerful beings at the eighth level of the Galaxy Realm.

At this moment, Ye Feng faced such a group of strong men, his eyes did not show any fear, but his eyes were very cold, and he said loudly: "You Demon Moon God Sect, you actually came up with such a vicious and vicious plan to take us away. Miss Duan from Eternal Store, as well as many powerful people, were introduced into this deserted place and brought them

Kill them all, and you must pay the price with blood. "

Almost at the moment Ye Feng finished speaking.

boom! !

Ye Feng's body suddenly burst out with the cultivation aura of the half-step Yuanmai realm.

Although Ye Feng was at the half-step Yuanmai realm, the aura he erupted at this time was not much weaker than a group of Galaxy realm powerhouses who were above the Yuanmai realm present.

"Um?"

At this time, I saw that Ye Feng had such a powerful momentum. Among the Demon Moon God Sect, one of the strong men couldn't help but said with some surprise: "This young man in white has such a strong momentum. Could it be that he was the one who was in God before?" The mysterious young man with incredible combat power who killed the nine guardians of our Demonic Moon Sect in the Xu City, right?"

Obviously, this group of strong men from the Demon Moon Sect came to the Shenxu City area from the headquarters this time. They had already learned in advance that the ones who killed the nine guardians of the Demon Moon Sect were not the strong men from the Eternal Store. But a mysterious young man in white, seemingly named Ye Feng.

At this moment, the other strong men of the Demon Moon God Sect immediately said coldly: "He is definitely this boy. This guy named Ye Feng has amazing fighting power and can kill enemies by leapfrogging. We should not take it lightly. , if a dozen of us attack together, no matter how powerful this kid is, we can definitely crush him into pieces!"

At this moment, the dozen or so strong men from the Demon Moon God Sect did not act mindlessly one by one.

Instead, a dozen of them all joined forces and charged towards Ye Feng.

Miss Duan, who was not far away, had a worried look in her eyes, because she knew that although Ye Feng had been out for the past few days, he had received some good fortune, and his cultivation had improved a lot, reaching the half-step Yuanmai realm.

But compared with the dozen or so Galaxy realm powerhouses from the Demon Moon God Sect who are above the Yuanmai realm, they are still far behind.

What's more, these strong men of the Demon Moon God Cult are also very powerful in combat. They are not ordinary Galaxy Realm strong men.

This makes it very difficult for Ye Fenghui to kill enemies by leapfrogging.

But at the next moment, what made Miss Duan, who was originally worried, reveal a look of deep surprise in her eyes.

The golden ring in Ye Feng's hand suddenly turned into a long golden sword in a burst of light, and was then held in Ye Feng's hand, with boundless power.

It was so sharp that with a "puff", it cut the first strong man from the Galaxy Realm of the Demonic Moon Sect who rushed forward into two halves.

This strong man from the Demon Moon Cult in the sixth heaven of the Galaxy Realm was still wearing strong purple armor, but the golden sword in Ye Feng's hand was cut into two halves, just like cutting a piece of tofu. , so simple and casual.

"What??"

Seeing this scene, the other strong men of the Demon Moon God Sect present were stunned.

A strong man from the Demon Moon Sect couldn't help but said: "Brother Gu is wearing the purple armor that our Demon Moon Sect has specially created using the purple scales of the Purple Light Tyrannosaurus Rex. It is a very high-end armor. , even able to block the fierce attack of the strong man in the tenth level of the Galaxy Realm, but he didn't expect to be cut in half by the golden sword in this kid's hand. How is this possible? How could this kid be so powerful? The weapon, isn't he a wandering warrior? He should be so poor, how can he master a magic sword?"

At this moment, the remaining strong men from the Demon Moon Sect were extremely frightened by the golden sword in Ye Feng's hand.

At this time, Miss Duan looked at Ye Feng with a deep look in her eyes.

She suddenly understood that Ye Feng had entered the land of Shenxu in the past few days and had probably received an unparalleled opportunity.

Not only has his cultivation strength been greatly improved, but he has also obtained this magical sword, which is really a blessing.

"Is this guy Ye Feng the legendary son of luck..."

Even such a mysterious existence as Miss Duan couldn't help but have a look of deep surprise on her face at this moment.

At this time, the strong men in the Demon Moon God Sect immediately spoke out: "You can't get close to that kid. We will release various powerful attacks from a distance to completely destroy this kid. As long as you don't get close to this kid, The golden sword in his hand will not work!"

"That's right."

Another strong man from the Demon Moon God Sect said: "Hey, I just killed this kid and snatched the golden sword from his hand. This is definitely an artifact-level existence. I will dedicate it to the leader, the leader." I am sure very happy that we will all receive a huge reward!"

Chapter 4384 Great Talent

At this moment, this group of strong men from the Demon Moon God Sect were speaking, and their tone seemed to be very confident.

They were very confident that they could kill Ye Feng and then get the extremely powerful golden sword in Ye Feng's hands.

At this moment, Ye Feng's eyes were full of indifference, staring at the remaining dozen strong men of the Demon Moon God Sect, and said loudly: "If you want to take action, just take action directly. Even if you don't come close to me, I will still find a way to kill you all."

"Arrogant!!"

Hearing what Ye Feng said, the eyes of this group of strong men from the Demon Moon God Cult suddenly showed deep cynicism.

One of the strong men from the Demon Moon God Sect immediately spoke out: "Brothers, let's release our powerful attack techniques from a distance to attack this kid, as long as we don't let him get close."

At this moment, a group of strong men from the Demon Moon God Sect burst out their extremely powerful inherited martial arts and attacked from a distance.

These powerful men of the Demon Moon Sect are all very powerful beings, and they naturally control extremely terrifying martial arts inheritance.

So at this moment, they each used their own methods, and the bright divine light immediately enveloped the entire space inside the mountain.

"Demon Destroyer Palm!"

"The will of ancient gods and demons!"

"The big handprint that covers the sky!"

"The God of Death cuts with one sword!"

"Illusion Demonic Soul-Destroying Technique!"

"The ancient demon roars to the sky!"

"The power of the dark curse!"

"Black Moon God-Slaying Thirteen Hegemonic Sword Techniques!"

...

Boom! !

At this moment, every strong man from the Demon Moon God Cult released their most powerful inheritance.

Obviously, they still attach great importance to Ye Feng.

After all, they had already inquired before. Ye Feng was able to kill the nine guardians of their Demon Moon God Sect with a very weak cultivation level, and his combat power was astonishing.

Moreover, they suffered a loss just now when Ye Feng got close to him and killed a friend with a golden sword.

So at this moment, the remaining dozen or so strong men of the Demon Moon God Cult did not hold anything back at all, and no longer dared to show any contempt. They directly exploded with their most powerful martial arts inheritance.

At this moment, every strong man from the Demon Moon God Sect displayed a special skill.

So at this moment, all the inherited attacks turned into terrifying waves of destructive light, which instantly shrouded Ye Feng, attacking Ye Feng from all directions, leaving Ye Feng with no way to avoid it.

However, Ye Feng had no intention of evading at all.

At this moment, Ye Feng was very brave, directly bursting out that he was extremely powerful.

The physical strength of the god body.

Buzz!

At this moment, Ye Feng's entire body was covered by a layer of golden light.

Ye Feng's skin, eyes, and even every strand of hair turned into the color of pure gold, just like his physique made of pure gold.

All the attacks hit Ye Feng, but were actually blocked by the light of pure gold.

Every inch of Ye Feng's bones and flesh suddenly seemed to be made of the strongest steel in the world, and he could withstand the terrifying attack without any damage.

"What??"

Seeing this scene, all the powerful men of the Demon Moon God Sect were shocked.

There was deep horror and disbelief in their eyes.

No one seemed to have thought that a boy like Ye Feng, who was much weaker than them, would have such powerful attack power and such terrifying defensive power.

There was no way they could destroy Ye Feng's body.

A strong man from the Demon Moon God Sect immediately screamed: "We can't even break through this kid's defense, so how can we fight?"

At this moment, all the strong men of the Demon Moon Sect finally understood why all the nine guardians died in the hands of Ye Feng.

Ye Feng's fighting power is really terrifying.

Uh-huh!

At this moment, Ye Feng took advantage of the shock of these strong men from the Demon Moon Sect. Without any hesitation, he directly used his power of void and instantly flashed in front of a strong man from the Demon Moon Sect. He turned the god's ring into the god's sword and cut his entire body in half.

This strong man from the Demon Moon God Sect wanted to use some kind of defensive method to resist, but it was of no use.

Whether it is the condensed defensive shield or the strong armor he is wearing, under the sharpness of the God's Sword turned into by Ye Feng's God's Ring, it is directly cut in half with one blow. There is no way to withstand Ye Feng's sharp and terrifying sword. The sword of the gods.

At this moment, when Ye Feng was attacking at close range, he also released the peerless inheritance of the Celestial Clan that he had received before, the Celestial Emperor Seal!

Only Ye Feng, who is fused with the immortal bones of the gods, can display this special inheritance of the gods.

And the power exerted is very terrifying.

boom!

At this moment, after Ye Feng displayed this peerless inheritance of the God's Great Emperor's Seal, he saw a majestic and tall golden giant tens of thousands of meters tall forming in the void behind Ye Feng.

But this golden giant is in a state of nothingness.

This is exactly the shadow of the will of the extremely powerful emperor among the Celestial Clan back then.

At this time, the Seal of the Heavenly God and the Great Emperor displayed by Ye Feng was directly the phantom of the concentrated and summoned will of the Heavenly God and the Great Emperor.

Then I saw the shadow of the will of the towering and terrifying God Emperor, forming seals with his hands, and directly bombarding a dozen other strong men from the Demon Moon Sect in front of him.

Boom! !

The terrifying power poured down like a vast ocean.

Although the dozen or so strong men from the Demon Moon Sect were much higher in cultivation than Ye Feng, they had no way to resist Ye Feng's ferocious attack.

Everything was like being struck by lightning, just like an ant facing a mountain. There was no way to resist Ye Feng's Heavenly God Emperor Seal. He was directly blasted backwards and fell hard to the ground.

Every strong man from the Demon Moon Sect spurted out a mouthful of blood, obviously being severely injured by Ye Feng in an instant.

"What??" .??.

Seeing this scene, the faces of all the strong men of the Demon Moon God Sect suddenly changed from the cynicism and confidence before to the deep ugly and frightened expressions now.

They never expected that Ye Feng's defensive power would be so powerful, and his martial arts inheritance of attacks would be so terrifying.

At this moment, the strong men of the Demon Moon God Sect could not help but shout in horror: "You kid, there is absolutely no way you are a simple wandering warrior! Who are you kid? What is your identity? ? He actually possesses such terrifying combat power, and has also cultivated such a high-level peerless heritage. Even the headquarters of our Demonic Moon God Sect cannot have this level of peerless heritage."

At this moment, all the strong men of the Demon Moon God Sect suddenly realized a very serious thing, that is, Ye Feng was far beyond their imagination, and was countless times more powerful than they imagined.

This is definitely very bad news for the Demon Moon God Sect.

You must know that these strong men are already the first-class strong men among the Demon Moon God Sect.

But in front of Ye Feng now, he was simply vulnerable, it was really terrifying.

But at this time, Ye Feng didn't bother to explain anything at all. He just smiled coldly, and then continued to release the power of the Great Emperor's Seal of the God. The boundless, tens of thousands of meters majestic golden giant's will phantom was directed towards the dozen or so people. A strong man from the Demon Moon God Sect attacked and beat all the remaining dozen or so strong men from the Demon Moon God Sect to death on the spot!

At this moment, the entire field suddenly fell into calm.

At this moment, Miss Duan, who was tied to the golden coffin not far away, suddenly had a look in her eyes.

There was a look of deep shock and a look of deep emotion.

Ye Feng's combat effectiveness improved too quickly.

She had seen with her own eyes that Ye Feng's cultivation level was in a relatively low state before, but now that Ye Feng's cultivation level has been raised to such a high level and he has such a strong combat power, it is really rare.

Miss Duan felt that Ye Feng was definitely an outstanding being even in the place where she came from.

Because Ye Feng's talent has far surpassed the level of native creatures that can be bred by the Ten Thousand Demons Interface.

Ye Feng's talent can no longer be described as monster or peerless, but should be described as great.

This talent is so great!

Let the world be shocked!

At this time, Ye Feng withdrew his power, and there was a trace of surprise in his eyes. It seemed that he did not expect that his combat power was now so strong.

In fact, Ye Feng had experienced a lot of things deep in the land of Shenxu before, which greatly improved his cultivation methods.

But Ye Feng has never verified how powerful his true combat power is and what level of enemies he can fight.

Now Ye Feng really experienced it.

In his own eyes, these so-called strong men who have surpassed his level are simply crushed by him.

Ye Feng feels that with the most powerful treasure of the Celestial Clan, the Celestial Ring in his hand, and the peerless inheritance of the Celestial Clan that he has cultivated, the Celestial Emperor Seal, he estimates that he can currently compete with a strong man who is two realms higher than himself. A battle!

At this time, Ye Feng immediately looked at Miss Duan who was not far away, smiled and said: "Miss Duan, let me save you."

Ye Feng is now planning to first rescue Miss Duan who is tied to the golden coffin by chains, and then devour all the skills of the dozen or so strong men from the Demon Moon God Cult present.

Although these dozen strong men from the Demon Moon Sect could only be regarded as average in combat effectiveness in front of Ye Feng.

But after all, they are much higher than Ye Feng's current cultivation level, so their skills and blood energy are still very rich.

Ye Feng felt that after he swallowed it, he should be able to break through the current bottleneck.

After all, Ye Feng is now at a critical point of breaking through a major bottleneck, and requires an extremely large amount of energy to accumulate in order to break through.

But just when Ye Feng was walking in the direction of Miss Duan.

Click, click...

Suddenly, the lid of the golden coffin that Miss Duan was tied to slowly opened with a harsh sound of metal friction...

Chapter 4385 Demon Moon Empire

"not good!"

At this moment, seeing the lid of the golden coffin slowly opening, Ye Feng's eyes suddenly changed and he quickly rushed towards Miss Duan, wanting to rescue Miss Duan.

Click! Click!

At this moment, Ye Feng used the God's ring in his hand to transform into a God's sword. It was extremely sharp and cut off all the chains on Miss Duan's body in an instant.

Uh-huh!

Then Ye Feng took Miss Duan's white hand and directly pulled her away from the golden coffin.

At this time, the two people quickly retreated to the edge of the golden square, and then looked at the huge golden coffin in the middle.

Wow...

At this moment, the lid of the golden coffin is still slowly opening.

At this time, both Ye Feng and Miss Duan looked nervous as they looked at the golden coffin that slowly opened its lid.

Ye Feng couldn't help but look at Miss Duan beside him, and asked aloud: "Do you know what is in this golden coffin?"

Miss Duan shook her head and said loudly: "I don't know, but it must be related to the Demon Moon God Cult. Those strong men of the Demon Moon God Cult led us here before. In addition to

destroying us, there are other things. It is to use our blood energy and soul spirit to awaken the mysterious existence in this golden coffin."

Hearing what Miss Duan said, Ye Feng nodded slightly, and then said aloud: "You will stand behind me later, Miss Duan, your power cannot be used easily now, so if there is something terrible next, When you jump out of that golden coffin, just stay away and leave it to me."

Miss Duan couldn't help but said: "We might as well leave directly. I feel that the existence inside this golden coffin must be very dangerous."

Ye Feng shook his head and said loudly: "I don't feel the dangerous aura, and my current cultivation strength has become much stronger than before, so there should be no problem."

\u003e

Ye Feng said at this time, Miss Duan immediately understood that Ye Feng was unwilling to leave, probably because he wanted to see if there was anything of higher value in the golden coffin.

After all, the burial place of this ancient existence must have left a lot of good fortune.

At this time, hearing Ye Feng's firm words, Miss Duan didn't say anything more, but nodded slightly.

After all, he had already seen Ye Feng's fighting power just now, and it was indeed very powerful.

So they have no problem taking risks now.

At this moment, Miss Duan knew that she could not use her own power, so Miss Duan still stepped back, not because she was afraid, but mainly because she did not want to bring unnecessary trouble to Ye Feng and become a burden to Ye Feng in the battle later. .

At this moment, Ye Feng slowly walked forward.

When the lid of the golden coffin was completely opened, Ye Feng suddenly saw a shocking scene.

I saw a swaying mummy standing up from the golden coffin, and then tripped over the edge of the golden coffin, fell directly to the ground, tilted its head, and died.

"Forehead....."

Seeing this scene, both Ye Feng, who was standing in front, and Miss Duan, who was standing behind, had astonishment in their eyes.

Originally, they thought that there was a huge danger in this golden coffin, and that there might be some terrifying existence that would suddenly rush out.

But now they suddenly discovered that the situation seemed to be much easier than they imagined.

There was nothing terrifying in this golden coffin. It was just a half-dead mummy. He used his last bit of strength to push open the coffin lid, and then

In the end, he fell down and died before taking a few steps.

At this time, Ye Feng seemed to have thought of something, and immediately said aloud: "It is estimated that these strong men of the Demon Moon Sect have not provided enough blood energy to the mummy in the golden coffin, so they made him become Such a half-dead look."

When Miss Duan heard what Ye Feng said, she immediately nodded, and then came directly to Ye Feng's side.

At this time she wasn't afraid anymore.

The two walked to the side of the golden coffin. They ignored the dead mummy and looked directly into the golden coffin.

"Um?"

Almost at the next moment, the two of them saw a golden scepter appearing inside the golden coffin.

This golden scepter feels very mysterious and ancient. .??.

At this moment, Ye Feng stretched out his hand to get the golden scepter.

But when Ye Feng picked up the golden scepter, he immediately saw the four ancient small characters "Magic Moon Empire" engraved on the surface of the golden scepter.

Although the font is small, it gives people a very scary and domineering feeling.

It seems that this golden scepter represents the glory of an ancient and powerful super power.

"Moon Empire?"

At this moment, when she saw the four words written on the scepter, Miss Duan's beautiful eyes suddenly flashed slightly, and she couldn't help but said aloud: "The Demon Moon Empire and the Demon Moon God Sect, both of them are called With the word 'Demon Moon' in it, and the strong men of the Demon Moon Sect specially led us here, could this ancient Demon Moon Empire be the predecessor of the Demon Moon Sect?"

Ye Feng nodded and said: "That should be the case. It is estimated that the Demon Moon Sect was established by the surviving inheritors of the Demon Moon Empire. In the ancient times, perhaps, the Demon Moon Empire

It is a very powerful empire-level force. "

Miss Duan nodded and said aloud: "When I return to the Eternal Store, I will check the history books in the area of Wanyao Interface. Maybe I can find some historical records about the Demon Moon Empire."

Ye Feng nodded, and then said with a hint of surprise in his eyes: "Anyway, this golden scepter is definitely a very powerful thing, but I didn't feel any energy fluctuations."

Miss Duan nodded and said loudly: "Anyway, take this golden scepter back to the Eternal Store first. We have many old experts who specialize in identifying treasures in the Eternal Store. We can let these old experts carefully identify it."

Ye Feng nodded and put away the golden scepter first.

Then Ye Fengyou carefully searched every inch of the golden coffin in front of him.

Suddenly, in the lower right corner of the inner wall of the golden coffin, a small picture scroll was found, pasted on the inner wall of the golden coffin.

Uh-huh!

Ye Feng immediately tore off the small picture, held it in his hands, and unfolded the entire picture scroll completely.

Ye Feng immediately saw it. What was drawn in the scroll was an infinite land. High in the sky above the land, there was a full moon emitting blood-black light, which gave people a very depressing feeling.

After seeing this scroll, Miss Duan immediately revealed a look of surprise in her eyes and said loudly: "This seems to be a very special scroll with mysterious power."

Ye Feng nodded and said aloud: "I also sensed the fluctuation of a magic weapon from this picture scroll. This picture scroll should be a powerful magic weapon."

"Ye Feng, look!"

At this time, Miss Duan seemed to have discovered something. She immediately pointed to the lower right corner of the picture, and there were five small characters the size of ants written: Picture of the Demonic Moon Covering the Sky.

Chapter 4386 Run away directly

Demonic moon covering the sky?

At this time, looking at the small words written in the lower right corner of the picture, Ye Feng's eyes showed a look of surprise and said loudly: "This should be a magic weapon like a picture scroll."

After Ye Feng finished speaking, Miss Duan also nodded and said: "You can try refining it, but this should require the special power of the Demon Moon Sect, because this is inherited from the Demon Moon Empire. It is estimated that practitioners of other attributes cannot refine and use this treasure."

When Ye Feng heard what Miss Duan said, he immediately grinned and said: "It doesn't matter, this is no problem for me. I can change and accommodate any attribute of my power."

After Ye Feng finished speaking, he stretched out his hand and took hold of the Demonic Moon Covering the Sky.

Then Ye Feng didn't hesitate at all, and instantly output his majestic mana into the scroll.

At this moment, the entire Demonic Moon Covering the Sky was suddenly emitted with a rather demonic blood-black light, covering the entire surrounding area.

At this moment, Miss Duan couldn't help but take a few steps back and said aloud: "Once the power of this picture is released, it will be absolutely terrifying. You just casually inspired this picture of the Demonic Moon Covering the Sky." , I feel like there is an ancient demon king sleeping in this scroll, and it is about to fully wake up, reveal its claws, and cause trouble in the world. "

Hearing Miss Duan's comment, Ye Feng smiled slightly and said: "This Demonic Moon Covering the Sky Diagram is indeed a very powerful magic weapon. I estimate that the Demonic Moon Empire must have been a major force in magic back then. In the end, I guess it was caused by something, and it completely declined, and it has been passed down to this day, forming the Demonic Moon Sect."

At this time, after Ye Feng finished speaking, he directly forcibly refined the Demonic Moon Covering the Sky Diagram.

You know, Ye Feng's current cultivation level is already very powerful, so although there are some ancient seals in this Demonic Moon Covering the Sky Diagram, it cannot stop the impact of Ye Feng's extremely powerful magic power. All the seals were shattered by the impact, and Ye Feng directly

Take control of this Demonic Moon Covering the Sky.

Ye Feng was very happy to have obtained this ancient magic weapon from the Demon Moon Empire.

At this time, Ye Feng put away the Demonic Moon Covering the Sky Diagram, and then without any hesitation, released the Devouring Domain and began to devour the dozen powerful men of the Demonic Moon Sect who had been killed by him before.

Each and every one of these powerful men of the Demonic Moon Sect has a cultivation level that has surpassed the Galaxy Realm level above the Yuanmai Realm.

Although their fighting power is not that great, their skills and blood energy are at the level of the Galaxy Realm, so they are still very powerful.

After Ye Feng swallowed it.

Boom!

He only felt a very majestic energy surging through his entire limbs.

Ye Feng guided this majestic energy to hit the biggest bottleneck of his current half-step Yuanmai realm.

"Boom!!"

Finally, at a certain moment, the powerful skills and energy of a dozen Demon Moon experts allowed Ye Feng to successfully break through the bottleneck, and suddenly he stepped into the real first level of Yuanmai Realm!

At this moment, Ye Feng's body suddenly burst out with an extremely powerful aura of cultivation.

When Ye Feng truly stepped into the first level of Yuanmai Realm, he could immediately feel that his combat power was much stronger than before.

This made Ye Feng's eyes suddenly reveal a look of deep joy.

The rapid breakthrough in cultivation naturally increased Ye Feng's confidence a lot.

And this time he got the Demon Moon Covering the Sky Diagram, an inherited treasure of the ancient Demon Moon Empire, which naturally made Ye Feng even more happy.

This time I came to rescue Miss Duan, but I didn't expect to get so much unexpectedly.

nice one.

What a stroke of luck.

At this time, Ye Feng collected all the storage rings belonging to the dozen strong men of the Demon Moon Sect, then looked at Miss Duan and said, "Let's go directly."

Miss Duan immediately nodded, and then she and Ye Feng left the inner space of the mountain.

However, just when they left the inner space of this mountain, they probably would never have thought that the dead mummy that fell to the ground would suddenly open its eyes and stand up again staggeringly.

He looked at the two people leaving, with a deep calm look in his eyes, and couldn't help but murmured: "That boy makes me feel so terrifying, and his body seems to contain a kind of power that can destroy the world." , there was no way to fight against them. Fortunately, I faked my death and deceived them. The attention of these two people was attracted by the golden coffin, and they did not give me a last hit. It was a fluke..."

At this moment, the only surviving mummy of the ancient Demon Moon Empire murmured, and quickly ran towards a passage inside the mountain, and in the blink of an eye disappeared into the densely packed mountains inside. Inside the passage.

At this moment, Ye Feng and Miss Duan did not know that the mummy had come back to life.

They now left this wilderness and flew quickly towards the direction of Shenxu City.

This time, the strong men of the Demonic Moon Sect were once again wiped out, so both of them knew that the headquarters of the Demonic Moon Sect would definitely be furious.

The two of them even speculated that the leader of the Demonic Moon Sect would most likely come to Shenxu City in person to cause trouble.

Therefore, the two of them must rush back and protect the entire Shenxu City.

After just half a day, Ye Feng and Miss Duan finally returned to Shenxu City.

At this moment, there is no violent conflict in Shenxu City.

Very peaceful.

It is estimated that the headquarters of the Demon Moon Sect has not yet learned that this group of strong men from the Demon Moon Sect have completely fallen, and they were all killed by Ye Feng.

At this moment, after Ye Feng and Miss Duan returned to Shenxu City, they immediately began to prepare.

For example, cultivating a group of powerful masters, strengthening the formation of the entire body city, and sending some spies to lurk around the headquarters of the Demon Moon Sect to investigate the situation.

The atmosphere in the entire Shenxu City suddenly became very tense in the past few days.

All the practitioners in the entire city did not go out for a while, but stayed safely in the city.

Because they knew that the city lord and the owner of Eternal Store seemed to be facing a very terrifying war.

But on the morning of the fourth day, Ye Feng and Miss Duan stared in astonishment at the spies who had just come to report.

Because this spy said that just last night, the entire headquarters of the Demon Moon God Sect was evacuated, completely away from this area, and went far away, to who knows where.

"this....."

This news made Ye Feng and Miss Duan, who had been actively preparing for the war these days, suddenly have a look of deep astonishment on their faces.

They never expected that the Demonic Moon Sect not only did not come to trouble their Shenxu City, but also moved the entire headquarters.

This sudden news really made no one expect that the Demon Moon Sect would be so cowardly.

However, what Ye Feng and Miss Duan didn't know was that the mummy in the golden coffin inside the mountain had secretly returned to the headquarters of the Demon Moon Sect a few days ago.

This mummy knew that Ye Feng was very scary, so he left here with the Demon Moon God Sect's headquarters overnight, moved his whole family, and stayed away from here completely. He chose to run away directly so as not to offend this special person like Ye Feng.

Chapter 4387 Primary Goal

Time passes quickly, like running water without leaving a trace.

Half a month has passed.

Ye Feng continued to stay in Shenxu City for a full half month, just to prevent the strong men of the Demon Moon Sect from coming back.

In the end, Ye Feng even went to investigate the surroundings in person and found that the powerful force of the Demon Moon God Sect had really run away, which made Ye Feng completely relieved.

Early that morning, Ye Feng looked at Miss Duan in front of him, smiled and said, "Now that the biggest threat has been resolved, it's time for me to leave."

Hearing what Ye Feng said, Miss Duan immediately nodded.

She didn't ask Ye Feng where he was going.

Because Ye Feng didn't take the initiative to say it directly, Miss Duan didn't take the initiative to ask.

This is a tacit understanding between the two.

Just as Ye Feng didn't ask Miss Duan what mysterious place she came from.

There was a respect for mutual secrets between the two.

At this time, Miss Duan showed a grateful smile on her beautiful face. She looked at Ye Feng and said loudly: "Thank you so much to Ye Feng for being able to be in our Eternal Store during this time. Otherwise, It is estimated that our entire Eternal Store will be destroyed by the Demon Moon God Sect, and I will completely lose all the properties here, so all my efforts will be in vain. "

Hearing what Miss Duan said, Ye Feng immediately nodded slightly and said with a smile: "That's right. The two of us are cooperating with each other now. In the future, I will rely on your Eternal Store to help me find various places in Shenxu City. It's a cultivation resource."

Miss Duan immediately smiled and nodded and said: "That's for sure. As long as you need any cultivation resources, I will definitely help you find them. And if I encounter some cultivation resources that can directly improve your skills, I will keep them for you." of."

Ye Feng nodded, and then said aloud: "Then I will leave directly. If you need to contact me, please feel free to contact me at any time."

All the members of the Eternal Store need to do is look for me in the imperial city of the Blood Demon Dynasty. "

After saying that, Ye Feng left behind a communication talisman, then left the Eternal Store and flew quickly towards the outside of Shenxu City.

At this moment, Miss Duan had a look of surprise in her eyes.

This was the first time she heard Ye Feng say that the place he wanted to go to was the imperial city of the Blood Demon Dynasty.

Miss Duan couldn't help but guess, what is Ye Feng's identity?

Could it be a prince from the Blood Demon Dynasty?

Otherwise, it would be impossible to have such a terrifying talent.

However, Miss Duan probably would never have thought that with Ye Feng's amazing talents and abilities, he was just a newcomer who had just joined the royal family of the Blood Demon Dynasty.

At this moment, Ye Feng had completely left Shenxu City and was flying quickly in the boundless wilderness outside Shenxu City.

Ye Feng did not continue to look for some hidden opportunities in the land of Shenxu.

Because now he has to rush back to report to the scavenger department of the Blood Demon Dynasty.

Moreover, the head of the scavenger department, Murong Changming, has returned to the Blood Demon Dynasty's palace in advance.

Maybe now Murong Changming has contributed the peerless inheritance of the Celestial Clan, in exchange for a huge amount of cultivation resources.

Ye Feng is naturally looking forward to this.

After all, Murong Changming would share with him the huge amount of cultivation resources awarded by the royal family.

At this moment, Ye Feng hurried on quickly without wasting time.

So less than

In half a month, Ye Feng has returned to the imperial city of the Blood Demon Dynasty.

At this time, Ye Feng showed his identity token as a member of the scavenger department and entered the heavily guarded palace directly.

The imperial palace is in the central area of the imperial city, and ordinary people are not allowed to enter.

But Ye Feng is now not only a formal member of the scavenger department under the royal family, but also the deputy head of the scavenger department, so his status is naturally very high, and he can go in directly without any questioning.

Several palace guards wearing golden armor looked at Ye Feng's retreating figure in the palace, with deep envy in their eyes.

They were very envious of Ye Feng, who had already become a deputy sect leader of a department at such a young age.

Even if this department is the scavenger department that many people look down upon, in the final analysis, it is still a real deputy sect leader level figure. This status is not fake.

At this moment, Ye Feng was shuttled through the palace.

Now, with the improvement of Ye Feng's cultivation, he has broken through to the current first level of Yuanmai Realm.

Ye Feng suddenly discovered that the entire palace of the Blood Demon Dynasty contained many powerful and terrifying auras.

It seems that the auras of the super powerful people in the Blood Demon Dynasty are floating in it.

At this time, Ye Feng had his own judgment about the overall strength of the Blood Demon Dynasty.

The Blood Demon Dynasty is worthy of being one of the three top forces in the northern region of the entire Ten Thousand Demon Interface. As expected, there are many powerful beings hidden in the royal palace of the dynasty.

At this time, Ye Feng did not explore too much for fear of attracting the attention of some super powerful people in the palace.

After all, I am now a newcomer to the Blood Demon Dynasty. If I expose myself too early,

His powerful strength and some incredible methods are likely to attract the blood demon dynasty's investigation.

When the time comes to find out that he is the culprit of the powerful man who had dealt with the blood demon dynasty in the Origin World, there will be some trouble.

Therefore, Ye Feng feels that it is better for him to keep a low profile for now, develop silently, and strive to control the entire Blood Demon Dynasty in the future.

In this case, the previous confrontation between him and the powerful men who came from the Blood Demon Dynasty in the Origin World would probably not have any consequences.

After all, if he had already controlled the entire Blood Demon Dynasty, he would not care about such trivial matters at all.

And Ye Feng has a grand plan in mind.

This Ten Thousand Monster interface is so huge. If I can control the Blood Demon Dynasty, one of the three top forces in the Northern Territory, it will definitely be of great help to me when I go to heaven.

Because Ye Feng has now promised the last generation chief of the Celestial Clan to help him enter the highest heaven among all the worlds where the great world of origin is, and look for the remaining members of the Celestial Clan in the heaven.

And he gave the Celestial God Clan's token, the Celestial God Ring, to the Celestial God Clan's people.

This is Ye Feng's promise and must be fulfilled.

And this will also be of great help to the improvement of Ye Fengtian's immortal body.

Because if he can really deliver the Celestial God Clan's token, the Celestial God Ring, to the surviving Celestial Clan members, the last generation of Celestial God Clan chief has promised himself that the remaining Celestial Clan members will definitely be able to give him the Celestial God Clan's token in return. His immortal body as a god was tempered to the state of great perfection.

Therefore, Ye Feng is still looking forward to going to the heaven in the future to find the surviving members of the Celestial Clan after tens of millions of years. He regards this as his primary goal and a task that must be completed in the future.

Chapter 4388 No one has returned

And just when Ye Feng was thinking secretly in his heart, he had returned to the mountain where the scavenger department of the palace was located.

At this time, back on the mountain peak, Ye Feng let the black unicorn come out of the storage ring.

Because Ye Feng knew that the black unicorn had a very special identity and was a ferocious beast from ancient times.

If you follow him into the palace, you will definitely not be able to pass the inspection at the entrance of the palace.

So Ye Feng let the black unicorn stay in the storage ring. Now that he has returned to the scavenger department's own territory, he can let the black unicorn come out.

However, Ye Feng checked at this time and did not find Murong Changming's aura on the peak of the scavenger department.

This made Ye Feng feel a little confused.

Logically speaking, Murong Changming should have come back long ago.

At this moment, Ye Feng immediately flew towards the main hall of the scavenger department on the top of the mountain.

When Ye Feng entered the hall, he immediately saw a note and a storage ring next to it.

What was written on the note was exactly what Murong Changming left behind:

"Brother Ye Feng, I have contributed the peerless inheritance of the Celestial Clan to the research institution in the palace that specializes in inheritance techniques. The upper echelons of the royal family are very happy about this. They can obtain such an ancient and powerful inheritance. As long as it is improved, it should be It can allow ordinary practitioners to practice and cultivate a large number of strong people for the royal family. Therefore, the royal family has rewarded a lot of advanced training resources. I took half of it myself, and the other half of the resources are in the storage next to this note. After you come back, you can use all the cultivation resources in this storage ring."

"And I left the scavenger department now because I received a special task temporarily. I want to go to the borderland of our Blood Demon Dynasty to participate in a war. On the borderland of our Blood Demon Dynasty, there seems to be another Among the three top forces, the Demonic Sect and some small demonic forces supported by them were doing evil in the border areas. I and many senior experts from other departments were recruited.

Call them over to eliminate these small demonic forces that are doing evil in the border areas. "

"This is a good special mission. You can serve the entire dynasty and get a huge amount of contribution points. The more small demon forces and powerful demons you eliminate, the higher-ups of the royal family will reward our departments and individuals with more contribution points. These Once the contribution points have accumulated to a certain level, we can continue to gain promotions."

"If you want to participate, you can come to the border to find me. If you don't want to participate, you can practice quietly in the palace. When I return, I will take you to another special area in the Land of Gods to scavenge."

At this moment, seeing such a long paragraph written on the small note, Ye Feng's eyes suddenly showed a look of surprise.

Unexpectedly, Murong Changming, an elder figure like the sect leader of the scavenger department, would be recruited to deal with the small demonic forces of the Frontier Force.

It seems that the Demonic Sect, one of the three top forces in the Northern Territory, is probably ready to take action. It actually supports so many small demonic forces to wreak havoc on the frontiers of the Blood Demon Dynasty.

Ye Feng felt that the Blood Demon Dynasty and the Demonic Sect, the two top forces in the northern region, would have a battle sooner or later.

As for the Ten Thousand Dragons Divine Sect, one of the three top powers in the Northern Territory, it has always been neutral and does not help anyone, except for being single.

At this time, Black Qilin standing aside looked at Ye Feng and said loudly: "Are you going to the borderland to find Murong Changming?"

Since the three of them had experienced together in the depths of the Divine Ruins Land, the two elders, Hei Qilin and Murong Changming, had become friends and had a great time chatting with each other.

Hearing Black Qilin's question at this moment, Ye Feng just smiled and said: "First, let's devour the cultivation resources in this storage ring. As for going to the borderland, help Brother Murong exterminate those demon villains." Power, this is also a

This is a good opportunity to accumulate contribution points, which will help me improve my status in the Blood Demon Dynasty. "

Ye Feng said at this time, he really wanted to go to the borderland.

Because Ye Feng's temporary plan is to work hard to improve his status in the Blood Demon Dynasty, so as to reach a high position in the end, in an attempt to secretly control the power of the entire Blood Demon Dynasty.

Then help yourself to obtain huge cultivation resources, so that you can become more powerful, enter the highest level of heaven, find the descendants of the gods, and help your immortal body of gods to reach the true state of perfection. ??

Ye Feng feels that when his Immortal Body of God reaches the tenth stage of the Great Perfection, he will probably be invincible in all the worlds of the Origin World.

At that time, Ye Feng will have the confidence to go to the end of the world of the origin world and the extraterritorial world of the higher cultivation dimension connected to it, and explore it carefully.

After all, his father and mother disappeared at the end of the origin world many years ago.

Now they are probably in the outside world, and they don't know whether they are alive or dead.

I must go find them for the sake of family reunion.

In addition, Ye Feng is also looking forward to the world outside the territory, a world with a higher cultivation dimension.

Now Ye Feng already knows that the world where the great world of origin is located, including the so-called advanced cultivation interface, the interface of ten thousand demons, the interface of hell, the ancient dragon realm, and the number one heaven realm, are all in a middle and low level. world of time and space latitude.

The real and most glorious spiritual worlds are all in the legendary higher latitude time and space, such as the legendary dark latitude time and space, the mythical latitude time and space, and the mysterious extraterrestrial world.

Ye Feng, including other practitioners, often practice some ancient inheritances, which can lead and summon the phantoms of the wills of some ancient gods and powerful men to fight against enemies, such as from mythological latitudes and time and space.

In the space and time of higher latitudes, the will and power that guides the coming will come.

Therefore, Ye Feng has always known that there is a higher latitude time and space world in this world, but he currently has no access to it.

Even the top experts in the middle and lower latitude space and time where the Origin World is located cannot find a way to enter the higher latitude space and time.

The only visible and tangible high-latitude space-time should be the mysterious extraterrestrial world connected to the end of the origin world.

That extraterrestrial world should be a high-latitude space-time world.

Therefore, for thousands of years, many top powerhouses from the Great World of Origin or other cultivation interfaces will eventually go to the end of the world to explore the extraterrestrial world.

However, no one has ever returned.

Even the ancestor of the Ye family where Ye Feng belonged to was an amazingly talented ancestor, the Hongmeng ancestor.

Or maybe it's the ancestor of the Chaos bloodline on his mother's side, the Chaos God Emperor.

Or maybe he was the interface controller of the Origin World, the Lord of Origin.

...

etc.

These most glorious top beings of every era went to the end of the world of origin and disappeared and never came back.

I don't know if he died at the end of the world, or if he successfully entered the outer world, a higher latitude time and space world.

Anyway, no one knows the answer.

Therefore, Ye Feng naturally does not dare to explore the end of the world of Origin World.

Ye Feng must at least become the strongest being in the middle and lower latitudes of time and space in the Origin World before he dares to explore the end of the world.

Next, Ye Feng threw away some of the unrealistic thoughts in his mind, picked up the storage ring left by Murong Changming on the table, and then started to devour the cultivation resources in it.

Chapter 4389 Target Baron

It has to be said that the cultivation resources contained in this storage ring are still very rich.

After all, it was Murong Changming who dedicated a set of peerless inheritance from the Celestial Clan, so the upper echelons of the royal family naturally rewarded them with a lot of training resources.

These include many high-end elixirs, various heavenly materials and earthly treasures that supplement one's abilities, and some special energy crystals.

It has to be said that Murong Changming still understands Ye Feng very well.

He knew that Ye Feng didn't need much else, he only needed resources that could directly improve his cultivation skills.

Therefore, it can be said that Murong Changming left all the resources that could improve his skills to Ye Feng.

After all, ordinary people have no way to directly devour these resources that can improve their skills and use them to achieve breakthroughs in cultivation.

But Ye Feng can directly refine it and improve his cultivation strength on the spot.

Therefore, Murong Changming naturally left all the cultivation resources that could directly increase his skill to Ye Feng.

In this way, it can help Ye Feng quickly improve his cultivation strength.

Murong Changming knew very well how extraordinary and powerful Ye Feng's talent was.

Because when he was training in the abyss of the land of the gods, Murong Changming, the head of the scavenger department, saw with his own eyes the super cultivation talent of the newcomer Ye Feng.

Therefore, Murong Changming naturally attaches great importance to Ye Feng, the only one in the scavenger department.

At this time, after Ye Feng devoured these huge cultivation resources, he could immediately feel the very powerful energy being injected into his Dantian.

Ye Feng's skill suddenly increased at an incredible speed.

After all, they were the upper echelons of the royal family of the Blood Demon Dynasty, and the training resources they had been rewarded were very precious, very rare, and of very high quality.

Buzz!

At this moment, Ye Feng's cultivation aura suddenly began to rise rapidly and continuously.

"boom!"

The second level of Yuanmai Realm!

"boom!"

The third level of Yuanmai Realm!

"boom!"

The fourth level of Yuanmai Realm!

"boom!"

The fifth level of Yuanmai Realm! !

At this moment, Ye Feng's cultivation finally stabilized completely.

At this time, Ye Feng's eyes showed a deep look.

The look of joy.

Because Ye Feng never expected that these cultivation resources could actually allow his cultivation to break through the fourth level in a row, which was really fast.

At this time, there was deep anticipation in Ye Feng's eyes.

The Blood Demon Dynasty, one of the three top powers in the Northern Territory, was indeed the right one to come to. The cultivation resources in it were so abundant.

If I were still in the small place before, I definitely wouldn't have been able to obtain so many high-level cultivation resources, nor would I have been able to experience so many opportunities in ancient ruins.

At this time, Ye Feng glanced at the note on the table and put it in his storage ring.

Because Ye Feng was planning to go directly to the borderland of the Blood Demon Dynasty to look for Murong Changming and work with him to eliminate the demonic forces that were doing evil in the borderland.

In this way, he can continuously accumulate contribution points for himself and improve his status in the Blood Demon Dynasty.

In the Blood Demon Dynasty, the most initial status is the first-level title.

If it's a man, it's a baron.

If it's a woman, it's a baroness.

If you can become a baron, even the lowest first-class baron, it means that you have become a nobleman different from others in the Blood Demon Dynasty, possessing special rights and status.

As for the title, there are nine levels in total.

Level one is the lowest and level nine is the highest.

Above the ninth rank is the Marquis.

Above the Marquis, there is the Prince, the real royal family second only to the Blood Demon Dynasty.

Although Ye Feng is now the deputy sect leader of the scavenger department, he is just a senior manager of a department and cannot be considered a true nobleman of the Blood Demon Dynasty.

Therefore, if you want to become a noble, even if it is just the lowest first-class baron, you need to make a very large contribution points. You need to make a very big contribution to the Blood Demon Dynasty in order to be awarded a title.

If Ye Feng wants to realize his goals and ambitions and secretly control the entire Blood Demon Dynasty, the first thing he has to do is to elevate his status to the top of the nobility and become a prince-level figure.

Only then can they participate in the real core power structure of the entire Blood Demon Dynasty, win over people's hearts, and secretly control the power of the entire Blood Demon Dynasty.

so

At this time, Ye Feng saw what was written on the note left by Murong Changming. Ye Feng was naturally very interested in going to the border areas to kill those evil evil forces.

Because that allows you to continuously accumulate contribution points.

If he could destroy many headquarters of the demonic forces and kill the strong men and masters among the demonic forces, he might be able to get a reward from the Blood Demon Dynasty and truly become a noble-level figure and be given a title.

Therefore, Ye Feng's current first goal is to become a baron of the Blood Demon Dynasty.

At this time, Ye Feng took the note and walked quickly outside the main hall of the Scavenger Department. He wanted to go directly to the borderland, make contributions, accumulate enough contribution points, and quickly become a leader. The most basic noble baron.

But just when Ye Feng walked out of the hall, he saw an unexpected person.

This person is a young woman who looks very beautiful and youthful, or she looks like a little girl.

It turned out to be the envoy of the Blood Demon Dynasty before he participated in the Wan Dynasty War. Murong Xixi seemed to be a member of the Murong family, the six top families of the Blood Demon Dynasty.

At this moment, Ye Feng saw the young and beautiful girl in front of him, and his eyes suddenly revealed a look of deep astonishment.

Ye Feng hurriedly stepped forward, smiled and said: "Envoy Murong Xixi, we meet again."

"It's you, Ye Feng!"

At this moment, Murong Xixi's beautiful little face seemed to show deep surprise. It seemed that he did not expect to see Ye Feng, a young man from a low-level dynasty, here.

After Murong Xixi was stunned for a moment, he quickly said: "It seems that you have successfully entered our Blood Demon Dynasty, and even entered the palace."

Ye Feng immediately nodded and said, "Murong Xixi, why are you here? What's the matter with our scavenger department?"

When Murong Xixi heard what Ye Feng said, there was a look of surprise in her eyes, and she couldn't help but said: "Ye Feng, have you already joined the Scavenger Department? You would actually choose to join the Scavenger Department? Special department?"

Hearing what Murong Xixi said, Ye Feng just smiled slightly and said without explaining anything: "I am now the deputy sect leader of the scavenger department. What can I do?"

Just tell me directly. "

At this moment, after Ye Feng finished speaking, he waved the identity token of his deputy sect leader in front of Murong Xixi's eyes.

"What....."

Murong Xixi stared at the token in Ye Feng's hand, with a look of deep astonishment in her eyes, and said loudly: "You are actually the deputy sect leader of the scavenger department? By the way, I came to you scavengers The department is looking for an elder of our Murong family, named Murong Changming, who is the head of the scavenger department. "

Hearing what Murong Xixi said, Ye Feng's eyes suddenly showed a look of astonishment.

At this time, Ye Feng suddenly reacted.

yes.

Murong Changming's last name is "Murong", and it turns out that he is really a member of the "Murong Family", the six top families of the Blood Demon Dynasty.

No wonder Murong Changming became the head of the scavenger department and had such an identity.

However, Murong Changming himself is also very powerful and is indeed qualified to become the head of a department.

At this moment, Ye Feng directly took the note left by Murong Changming on the table, gave it to Murong Xixi, and said loudly: "Brother Murong has gone to the borderland to eradicate the evil scourge, and I am also ready to do so." Go to the borderlands, make achievements, and accumulate contribution points."

"Brother Murong?"

At this moment, hearing that Ye Feng addressed Murong Changming so casually and intimately, Murong Xixi's beautiful eyes suddenly revealed a hint of surprise, and she stared at Ye Feng and spoke. Asked: "Ye Feng, do you have a very good relationship with Murong Changming, the elder of our Murong family? You are called like this."

Ye Feng immediately smiled and said: "Of course, my identity as the deputy head of the scavenger department was given to me by Brother Murong."

"That's great!"

At this time, Murong Xixi couldn't help but said: "Since Ye Feng has such a good relationship with the elder Murong Changming, please help me persuade the elder Murong Changming to return to our Murong family. , our Murong family needs his help very much now. He is the only heir who has awakened the strongest bloodline talent of our Murong family, the 'Nine-Headed Dragon of Ancient Flame'. Now the Murong family wants to open the inheritance place left by their ancestors, and they need Murong Chang. All of us in the Murong family are anxiously waiting to reveal the bloodline of the only descendant with the strongest bloodline of the Ancient Flame Nine-headed Dragon to open the inheritance place."

Chapter 4390 Demon Slayer Headquarters

At this moment, when Ye Feng heard what Murong Xixi said, there was a trace of surprise in his eyes.

Unexpectedly, Murong Changming, the Murong brother, is so extraordinary. He is the most special existence among the top sect of the Murong family. He has awakened the strongest bloodline of the ancient flame nine-headed dragon that no one in the Murong family has awakened. talent.

At this time, Ye Feng couldn't help but said: "Murong Xixi, I think Brother Murong has his own considerations about this kind of thing. He doesn't want to return to the family. It must be because your family has done something disloyal to him." Otherwise, he will not dedicate himself to his family. After all, that is the place where he was born and raised. "

Hearing what Ye Feng said, Murong Xixi's beautiful and pure little face suddenly showed a trace of helplessness, and said loudly: "Actually, I don't know much about some of the grievances and grievances of the previous generation, but I did hear that there seemed to be some special conflicts between Murong Changming, an elder, and the old head of our Murong family, so Murong Changming simply left our Murong family and never came back. It has been several decades. Murong Changming has very strong abilities and is actually qualified to become the next generation successor of our Murong family. However, Murong Changming is a particularly stubborn elder and has never returned to the family. However, Now our entire Murong family really needs his special ancient flame nine-headed dragon bloodline to open up the inheritance that our family has inherited since ancient times."

Hearing what Murong Xixi said, Ye Feng thought for a moment, then nodded and said loudly: "I will go to the borderland soon to find Brother Murong and eradicate the evil forces together. If there is a chance, I will If you tell him about this, please help him."

In any case, after all, this Murong Xixi was his guide back then, and his attitude towards him was pretty good. It didn't mean anything for Ye Feng to do a small favor.

Hearing what Ye Feng said, Murong Xixi's beautiful and pure little face suddenly showed a look of joy.

She quickly stretched out her white little hand, grabbed Ye Feng's palm, and said loudly: "That's great, Ye Feng, you must help me persuade Elder Murong Changming."

After finishing speaking, Murong Xixi seemed to have thought of something, and immediately said: "By the way, I promised you back then that if you can enter the Blood Demon Dynasty, I can help introduce you to the top family of our Murong family. , Do you want to return to the family with me now?"

Hearing what Murong Xixi said, Ye Feng smiled slightly, shook his head and said loudly: "I am now the deputy sect leader of the scavenger department, which is quite good. I will not join your Murong family for the time being."

In fact, Ye Feng originally wanted to join one of the six top families like the Murong family.

But Ye Feng thought about it and realized that even if he joined the Murong family, he would probably start from the bottom, which would be meaningless.

It's better to be here by yourself

The scavenger department is your deputy sect leader.

Moreover, a top family like the Murong family probably wouldn't be able to become a noble in the Blood Demon Dynasty.

Everything still needs to be striven for by oneself.

So at this time, Ye Feng politely refused.

Murong Xixi was not surprised at all when Ye Feng said this.

Because Ye Feng has now become the deputy sect leader of the scavenger department, he is not very interested in joining the Murong family. This is normal.

After all, Ye Feng's horizons have improved now.

At this time, Murong Xixi didn't say much. She loosened her hand holding Ye Feng, and then said loudly: "Ye Feng, I'll leave first. When you get to the borderland, you must help me persuade him." Please advise Murong Changming, our entire Murong family is waiting for him."

At this time, after Murong Xixi finished speaking, she waved towards Ye Feng, and her beautiful and petite figure immediately disappeared outside the territory of the Scavenger Department.

At this moment, Ye Feng did not hesitate at all, and directly left the territory of the scavenger department, and then left the imperial city of the entire Blood Demon Dynasty all the way, rushing towards the frontier land.

At this moment, looking at the rapidly retreating environment around him, Ye Feng's eyes suddenly revealed a trace of a wry smile.

When I came to the Blood Demon Dynasty, I was very busy every time.

When I first came to the Imperial City of the Blood Demon Dynasty, I went directly to the Land of the Gods.

This time he returned to the dynasty and headed to the borderland non-stop.

However, Ye Feng quite likes this feeling of being busy, which makes him feel very fulfilled.

Moreover, in order to increase his strength as quickly as possible, Ye Feng really couldn't take any time off.

When idle, people become useless.

After all, the journey of cultivation has always been like sailing against the current. If you don't advance, you will retreat.

Uh-huh...

At this time, Ye Feng quickly rushed through the boundless wilderness, flying quickly towards the borderland of the Blood Demon Dynasty.

The territory of the Blood Demon Dynasty is still very large, and the entire territory is vast and boundless.

Ye Feng flew over the entire territory of the Blood Demon Dynasty, passing through ancient cities and territories, but he did not stop at any time, but rushed towards the frontier of the Blood Demon Dynasty wholeheartedly.

Ye Feng plans to find Murong Chang first

Ming, after all, there will be an older figure leading the way to eradicate the evil scourge of the devil, and it will definitely be more purposeful and directional.

I am alone and cannot be found anywhere. I must be very confused.

It is better to first find the headquarters where the Blood Demon Dynasty will eradicate the demonic forces this time.

Time passes quickly, like running water without leaving a trace.

In the blink of an eye, nearly seven days passed.

In the evening of this day, Ye Feng finally arrived at the frontier of the Blood Demon Dynasty.

At this time, Ye Feng saw that there was a large deserted area ahead.

There are only one or two lonely cities standing on the earth.

And when Ye Feng came to the borderland, he immediately felt a very depressing atmosphere.

Moreover, the entire sky was filled with dark clouds, which seemed to indicate that the place was full of demonic disasters.

At this moment, Ye Feng did not hesitate. According to the map in his hand, he quickly found the temporary headquarters of the nearby Blood Demon Dynasty to eradicate the evil forces.

This headquarters is the demon-eliminating headquarters specially established by the Blood Demon Dynasty this time to eradicate the major demonic forces supported by the Demonic Sect.

Uh-huh!

At this time, Ye Feng flew to a small city ahead.

Although this city looks very dilapidated, it is just a small border city.

But now, with the arrival of many core figures in the Blood Demon Dynasty Palace, a demon-killing headquarters has been established, so there are many strong people in the entire city.

As soon as Ye Feng came in, he sensed a lot of powerful auras.

Ye Feng walked directly to the City Lord's Mansion in the center of the city.

The city lord's mansion has now been requisitioned as the headquarters base for this demon-killing mission.

At this moment, Ye Feng walked in front of the city lord's mansion and was immediately stopped by two guards wearing golden armor.

A golden armored guard immediately said: "This is the headquarters of the Demon Slayer. No one else is allowed to enter."

Ye Feng smiled slightly at this moment, took out his identity token, and said loudly: "Look, I am the deputy sect leader of the scavenger department. I came here this time to help the dynasty eradicate the emergence of the borderland. The demonic scourge, and the sect leader of our scavenger department, Murong Changming, is my brother Murong, he should be here, I want to find him. "

Hearing what Ye Feng said, the two guards in golden armor in front of them immediately stared at the identity token in Ye Feng's hand.

After watching it carefully, the eyes of the two people

Zhong suddenly showed a look of surprise, as if he didn't expect that such a young boy as Ye Feng would be the deputy sect leader of a department.

Although the scavenger department has a bad reputation, it is after all a formal department established by the royal family.

Ye Feng was still there as the deputy sect leader at this time.

So at this moment, the two golden-armored guards immediately clasped their fists respectfully and said, "See the deputy sect master."

The status of these two guards is not low. After all, they are guards guarding the headquarters.

But in front of Ye Feng, the deputy sect leader of this department, he still had to maintain basic etiquette and respect.

At this moment, Ye Feng nodded slightly. Seeing this scene, he thought to himself that the Blood Demon Dynasty still had very strict requirements for the various departments of the entire dynasty.

At this moment, Ye Feng immediately said: "Take me to Murong Changming, the head of our scavenger department."

A golden armored guard immediately said: "Senior Murong is not at the headquarters base now. Just three days ago, he led a group of strong men to the dark forest three thousand kilometers southwest of this city. I went to arrest a very famous magic master called Mr. Evil Sword. He has not come back yet. Deputy Sect Master Ye Feng, if you are in a hurry, you can go directly to the Dark Forest, but I advise Deputy Sect Master Ye Feng not to go to the Dark Forest for the time being. , there is no longer the territory of our Blood Demon Dynasty, it belongs to the territory of the Demonic Demon Sect, and it is very likely that we will encounter very terrible dangers. "

When Ye Feng heard what the guard said, he immediately nodded and said, "What you said makes sense. I'd better wait here for Brother Murong to come back."

The golden armored guard immediately said: "Deputy Sect Master Ye Feng, you should live in our city next time. I will arrange a very good place for the Deputy Sect Master."

After the golden armored guard finished speaking, he led Ye Feng towards a certain direction of the city, and soon came to a place in the border city that was full of green plants.

The place is very well planned, with a variety of precious trees, flowers and plants planted everywhere, and the greening rate is extremely high, just like a royal garden.

There are quaint single-family houses located inside.

When Ye Feng saw this scene, his eyes suddenly showed a hint of joy.

It seems that my identity as the deputy sect leader is still very useful.

If other ordinary masters from the Blood Demon Dynasty came here, they would probably have to live in ordinary accommodation.

And I can enjoy this large single-family house full of green plants, like a royal garden.
