

Ancient 4391

Chapter 4391 Old Man Yun

At this moment, Ye Feng lived in a large single-family house and released the black unicorn from the storage ring.

At this time, Black Qilin sensed it and said loudly: "I did not sense Murong Changming's aura in this city."

Ye Feng immediately nodded and said loudly: "Brother Murong is indeed not in the city now. I asked the staff at the Demon Slayer Headquarters. He is now leading a group of strong men to hunt down and kill in the dangerous dark forest. A very famous magic master, he seems to be called Mr. Evil Sword."

Hearing what Ye Feng said, Black Qilin immediately nodded and couldn't help but ask: "Then what are we doing here now? Are we going to look for Murong Changming, or are we staying here first?"

Ye Feng shook his head and said: "It is an unwise choice to go directly to the dark forest to find Brother Murong now. The dark forest itself is extremely dangerous, and it is worthy for senior figures like Murong Changming to join forces with a group of other strong men. The Evil Sword Master who went to chase him must also be a very terrifying magic master, so I went there. Even if I met the Evil Sword Master, I would probably be killed. But I am staying in this city now, and it is nothing to be idle. Regarding the matter, I am going to eliminate some of the weaker demonic forces and demonic masters first."

Hearing what Ye Feng said, Black Qilin immediately nodded and said with a smile: "This is a good choice. You first improve your strength by killing some relatively ordinary and weak magic masters, and then Then join in the pursuit of some higher-level magic masters."

Ye Feng nodded, then looked at Black Qilin, and said loudly: "Senior Black Qilin, please stay in this city. If Brother Murong comes back, you can contact me at any time through the Wanli Telecommunication Note. I'll come right back."

Hearing what Ye Feng said, Black Qilin suddenly showed a look of surprise in his eyes, and then couldn't help but said: "But if you go out alone, will you be in danger? After all, if I am by your side, if you meet Whatever danger you can't fight against, I can help you."

Black Qi

Lin's strength and cultivation were much higher than Ye Feng's now, and he was on the same level as Murong Changming.

Moreover, Black Qilin is constantly recovering, so his strength is also increasing day by day, growing rapidly.

Ye Feng heard what Black Qilin said and knew that the other party was worried about his safety. He immediately smiled and shook his head and said: "This time I came to the borderland, in addition to killing these evil scourges and accumulating contribution points, I mainly It is still to hone my martial arts cultivation and combat experience, so if you, Senior Black Qilin, are always by my side, I will have a strong sense of security. In fact, it will not be of much benefit to my experience, so I I think it's best if I'm alone, and if I'm alone, I won't be too exaggerated to look for those very powerful demon masters, I will definitely do what I can."

Hearing what Ye Feng said, Black Qilin immediately nodded. He knew what Ye Feng meant.

So at this time, Black Qilin didn't give any more advice.

Uh-huh!

At this moment, Ye Feng left alone and walked directly towards the city lord's mansion in the middle of the city.

Because Ye Feng wanted to find some weaker demonic forces and strongholds, the Demon Slayer Headquarters must have information about this.

At this time, Ye Feng went directly to the City Lord's Mansion, walked to the door of the Demon Slayer Headquarters, and walked in directly.

Inside the entire city lord's palace, many core powerhouses from the royal family of the Blood Demon Dynasty have been stationed.

They were discussing something inside all the time.

There are also many other masters from the Blood Demon Dynasty who come and go, all wanting to come here to make contributions and accumulate contribution points.

At this time

When Ye Feng walked in, no one paid special attention to anything.

Because there are many people coming and going here, they feel that Ye Feng is also a master in the Blood Demon Dynasty and comes here to earn contribution points for the dynasty.

At this moment, Ye Feng walked to a wall inside the city lord's mansion without any hesitation.

There are many banners hanging on this wall.

On each banner, there is a demonic stronghold that the spies have explored.

Some of these demonic strongholds are the lairs established by the demonic cultivators supported by the Demonic Sect.

There are also some small demonic forces secretly supported by the Demonic Sect.

I have to say that the intelligence department of the Blood Demon Dynasty is still very powerful.

The spies sent out have already figured out the combat power of most of these demonic strongholds and forces.

For example, in a certain stronghold, the approximate cultivation level of the leader of the demonic path, and the approximate cultivation level of the other members of the demonic path are all clearly written.

So this allows the masters of the Blood Demon Dynasty to choose a place that suits them.

At this time, Ye Feng observed it carefully, then selected one of the banners and took it down directly from the wall.

What is written on this banner is a demonic stronghold called 'Magic Cloud Castle'.

This Moyun Castle is not a small formal demonic force, but a stronghold established by a strong casual cultivator named Moyun Old Man.

Originally, casual cultivators in the demonic path like Old Man Moyun, although their own strength was good, simply did not have the resources and foundation to build a huge demonic path stronghold.

But now that the Demonic Sect, one of the three top forces in the Northern Territory, is secretly supporting these retail investors, that's why old man Moyun has the ability to establish independent cultivators.

own power and stronghold.

This Moyun Castle is where Old Man Moyun lives, practices, and establishes a stronghold.

And according to the information detected by the spies in the banner, the old man Moyun's own cultivation level is a powerful existence that surpasses the Yuanhai realm level above the Yuanmai realm and the Galaxy realm.

Compared with Ye Feng's current cultivation level at the fifth level of Yuanmai Realm, it is two entire realms higher.

But Ye Feng still chose this demonic stronghold and wanted to destroy it.

Because Ye Feng discovered that the strongest person in Moyun Castle was the old Moyun.

As for some of the so-called demon powerhouses and masters under this old man Mo Yun, their basic cultivation levels are in the initial stage of Yuanmai Realm or Galaxy Realm.

In other words, this Moyun Castle should be a demonic stronghold that has just been established. Only one old man, Moyun, is more powerful. The others are probably ordinary demons that have just been cultivated by Mosha Cult secretly supporting Mr. Moyun. Master.

For Ye Feng, this is naturally a good place to start.

If you choose a weaker magic stronghold, it will not be of much use to Ye Feng.

After all, the weaker the magic stronghold and the strong demon, even if they are killed, the contribution points obtained will be very few, and if Ye Feng devours them, there will not be much increase.

Therefore, Ye Feng feels that this kind of demonic master who is one or two realms higher than his current level of cultivation is the most suitable for him to kill and devour.

Before Murong Changming, the leader of the scavenger department, returned, Ye Feng naturally looked for some ordinary demonic strongholds, killed some by himself, improved his strength, and accumulated some contribution points.

As for plotting against some relatively large demonic forces, then Murong Changming, an old man, needs to lead the way. When Murong Changming comes back, he will bring Black Qilin with him to do something big together.

Chapter 4392 is much more complicated

Next, Ye Feng flew quickly towards a certain direction of this border city based on the map described on the banner.

Soon, Ye Feng had left the border area controlled by the Blood Demon Dynasty and entered the endless wilderness outside the border.

This place does not belong to the scope of the commander of the Blood Demon Dynasty, nor does it belong to the scope of the commander of the Demonic Sect.

It can be said that it is a no-nonsense zone that cannot be governed by the two top powers in the northern region, the Blood Demon Dynasty and the Demonic Demon Sect.

At this time, Ye Feng was flying quickly in the endless wilderness.

Following the map in his hand, he soon arrived at the ordinary magic stronghold described on the banner map, Moyun Castle.

The most powerful person in Moyun Castle is the owner of Moyun Castle, Old Man Moyun.

This old man Moyun possesses a cultivation strength that is two levels higher than Ye Feng's current Yuanmai level.

It is a powerful existence at the level of Yuanhai realm above Yuanmai realm and Galaxy realm, and its strength is very powerful.

An ordinary Yuanmai realm master would not dare to approach this Demon Cloud Castle.

Because he would be crushed to death in an instant by Old Man Yun, a cruel evil cultivator.

But Ye Feng accepted this task.

Because Ye Feng now needs the skills of a powerful magic master to devour, improve his skills, and accumulate the dynasty contribution points of the Blood Demon Dynasty.

In addition, Ye Feng's own combat power is very strong and he can take risks against such a powerful demon master.

Moreover, during his previous training in the depths of the Divine Ruins, Ye Feng also obtained various powerful inheritances and weapons, and his overall strength was very powerful.

So Ye Feng naturally wanted to challenge this Demon Cloud Castle.

Ye Feng is not interested in ordinary and weaker demonic strongholds at all.

Time passes quickly, like running water without leaving a trace.

In less than three days, Ye Feng had arrived at an area southwest of this boundless wilderness.

Ye Feng looked not far away and suddenly found that the direction not far away was covered with dense black trees.

The leaves of these trees are all black, which makes Ye Feng look very surprised in his eyes.

Is this

Is this area covered with black trees the most dangerous dark forest that the guards at the Demon Slayer Headquarters said before?

There was deep surprise in Ye Feng's eyes. He didn't expect that the dark forest was just like its name. All the trees were pitch black, the leaves were all black, and it was not known whether photosynthesis could be carried out.

At this time, Ye Feng still had a trace of nervousness in his eyes.

Because Ye Feng never thought that Moyun Castle would be relatively close to the dark forest.

But it's not in the dark forest after all, so it shouldn't be that dangerous.

Ye Feng slowly lurked near Moyun Castle at this moment.

At this moment, Ye Feng looked forward and found a huge blood-red castle cast on the hillside of a mountain. It looked like an ancient Western castle.

Moreover, there are also low crow sounds ringing around, which makes people feel very strange and full of deep depression.

There seems to be a very terrifying existence lurking in the Magic Cloud Castle under the dark night.

Ye Feng did not take action directly at this time.

After all, the old Moyun who lives in Moyun Castle is still very powerful.

Moreover, the situation detected by the spies of the Blood Demon Dynasty was only rough information after all.

What if in this Moyun Castle, besides Old Man Yun, there are other more terrifying existences.

Everything is possible.

So Ye Feng must be more careful.

Buzz!

At this time, Ye Feng's characteristic of operating his own power directly changed into the magic attribute, and then he slowly walked towards the direction of Moyun Castle.

At this time, Ye Feng's solution was to pretend to be a practitioner of the devil's path and see if he could break into the interior of Moyun Castle.

After all, all the demonic forces and various demonic strongholds in the entire border land now have many demonic forces with the support of the Demonic Sect.

Cultivation resources, so it is in a period of rapid expansion.

If there are casual cultivators in the demonic path, they can join these demonic path strongholds.

At this time, Ye Feng was naturally planning to sneak into the Demon Cloud Castle and explore the situation first.

At this moment, Ye Feng took out a black robe like ink from his storage ring and replaced his clothes with white Shengxue.

Ye Feng put on a robe as black as ink, and then turned his magic power into the magic power of the devil. His whole person was so full of devilish aura that no one would recognize Ye Feng's identity as a master of the Blood Demon Dynasty.

At this moment, Ye Feng slowly walked towards the gate of Moyun Castle.

What surprised Ye Feng was that when Ye Feng walked to the gate of our castle, other magic monks came around one after another.

There are young people in the magic path who are just like me, and there are also some older people in the magic path. Their cultivation and strength are all uneven, some are lower than me, and some are higher than me.

It seems that these people, like myself, are all casual cultivators of the demonic path, and want to join Moyun Castle, the stronghold of the demonic path.

At this moment, a young demonic man who looked a little shrewd came to Ye Feng's side immediately, and said with a smile: "Brother, are you also here to seek refuge with Old Man Moyun? It is said that the Demonic Sect is secretly supporting this time. We have recruited all the well-known figures in our demonic path and allowed them to establish their own forces and strongholds. This old man Moyun is one of the key targets of the Mosha Cult. It is said that the Mosha Cult has rewarded the old man Moyun with many demonic methods. Cultivation resources, so many people around here come here to join the Moyun Castle founded by the old man Moyun. It is said that the task given by Mosha to the old man Moyun is to create a castle with two hundred people around here. Demonic stronghold."

Hearing what the shrewd young demonic man next to him said, Ye Feng's eyes suddenly showed a look of surprise.

It seems that the situation is much more complicated than I imagined.

This Demon Cloud Castle is going to develop into such a big force.

Ye Feng thought to himself, luckily he didn't act impulsively and took action directly.

I guess this demon

In Cloud Castle, besides Old Man Yun, there must be other extremely powerful demon practitioners.

At this moment, while Ye Feng was thinking secretly in his heart, the door of Moyun Castle in front suddenly opened.

A group of magic masters wearing black armor were lined up.

Standing in the middle is an old man wearing a red robe.

This old man looked calm and confident. He was wearing a red robe with a black magic dragon engraved on the surface. He looked very domineering.

Ye Feng immediately sensed that the cultivation aura of this old man was two whole realms higher than his current Yuanmai realm, and he was a Yuanhai realm existence.

And it is also the most profound existence in the tenth level of Yuan Hai Realm!

He is even about to step into the Heavenly Palace Realm above the Yuanhai Realm!

This kind of cultivation is already very terrifying.

Ye Feng immediately showed a solemn look in his eyes.

This person should be the owner of Moyun Castle, Old Moyun.

Much more powerful than I imagined.

What the spies of the Blood Demon Dynasty discovered were only rough estimates after all.

The cultivation level of this old man Mo Yun is about to continue to break through to a higher level.

Ye Feng was even more fortunate at this time. He did not take action directly, but disguised himself as a demon practitioner and sneaked into the Demon Cloud Castle first.

Otherwise, if his identity is exposed directly, even if he does not die, he will probably be hunted down miserably.

While Ye Feng was thinking in his heart, the extremely domineering old man Mo Yun seemed to be very proud of himself.

Looking at all the demon cultivators who came to participate in Moyun Castle, Old Moyun immediately said in a majestic voice: "If you want to join our Moyun Castle, you have to see if you are qualified, so next, I will bring you to a special place to test your strength. Only those who pass the test can officially enter our Moyun Castle. After all, you must know that behind me, there is the support of the top demonic overlord force Mosha Sect. "

Chapter 4393: Vicious thoughts

At this moment, after Old Man Mo Yun finished speaking, many practitioners of the demonic path around him looked at Old Man Mo Yun, and their eyes were filled with deep envy.

Because Old Moyun has now been selected by a top force like the Demonic Sect, and has been supported by a huge amount of training resources, he can create his own force, Moyun Castle, which naturally makes many other demonic practitioners very envious. .

At this time, Ye Feng was also staring at the extremely powerful old man Mo Yun, his eyes flickering slightly.

It seems that it is still very difficult to get rid of this old man Mo Yun.

At least with Ye Feng's current cultivation level, it is still very difficult.

Therefore, Ye Feng felt that he would have to quickly find a way to enhance his cultivation.

Only in this way can we deal with this old man Mo Yun.

But although this old man Mo Yun is very difficult to deal with, Ye Feng is still very happy.

Because the stronger the cultivation strength of this old man Mo Yun, the more famous he is among a group of devil cultivators trained by Mo Sha Cult. After he killed him, he brought the head of this old man Mo Yun back to the Blood Demon Dynasty, and the contribution he gained was The more points you will definitely get.

This means that as long as I find a way to get rid of this old man Mo Yun, I might be able to make enough contribution points to become the initial noble of the entire Blood Demon Dynasty and become a first-class baron. .???.??

However, Ye Feng also knew very well that it was still very, very difficult to kill this old man Mo Yun.

After all, in addition to Old Man Yun in Moyun Castle, Ye Feng was approaching at this time and sensed many other very powerful auras.

In other words, this old man Mo Yun probably recruited many other extremely powerful people to serve him during this period.

Therefore, if Ye Feng wants to kill this old man Mo Yun, he must not be impulsive for the time being. He still needs to find a suitable opportunity to improve his strength before he can kill a well-known figure like old man Mo Yun.

And just when Ye Feng was thinking in his heart, the major demonic cultivators who wanted to join Moyun Castle arrived and followed Old Moyun and walked quickly towards the north of Moyun Castle.

Ye Feng is also among the crowd

Among them, follow the crowd.

According to what Old Man Mo Yun said, the place they are going to now is the place where Old Man Mo Yun wants to test them.

Only those who pass the test can join the Demon Cloud Castle.

Ye Feng saw that many casual cultivators of the demonic path around him had expressions of eagerness to try.

Obviously, they are all looking forward to joining Moyun Castle.

Ye Feng didn't feel too panicked at this time.

Although getting rid of old man Mo Yun is a very difficult goal now, after passing the test of Mo Yun Castle, such a small thing shouldn't be that difficult.

Ye Feng felt that it shouldn't be difficult for him to sneak into Moyun Castle.

At this time, Old Moyun and a group of guards wearing black armor, together with Ye Feng and a group of dozens of other demonic practitioners who wanted to join Moyun Castle, walked to the mountain not far from Moyun Castle. In a jungle.

A cave actually appeared here.

Seeing this scene, there were demon cultivators among the crowd, and they couldn't help but said: "Old Moyun, is the place where we are going to take the test underground?"

Hearing what the demonic practitioner said, Old Moyun immediately smiled and said: "Yes, the place to test you is here underground. I have specially built a testing ground here to test all the practitioners present. As long as their abilities pass the test, they can join our Demon Cloud Castle."

Hearing what Old Man Yun said, a group of demon cultivators showed a look of surprise in their eyes, and then they all nodded and jumped directly into the hole in front of them and entered the underground space.

At this time, Ye Feng's eyes were a little confused, and he didn't understand why Old Man Yun established the assessment location in such a remote underground place.

Although there were some doubts in his heart, Ye Feng didn't think much and just danced with everyone.

Go down.

When Ye Feng and a group of dozens of demonic practitioners who wanted to join Moyun Castle jumped into the underground space, they immediately saw a surprising scene.

I saw that the entire underground space was extremely huge.

The entire underground space looks very ancient.

In the middle area of this underground space, there is an ancient bronze coffin.

After seeing this scene, everyone was very puzzled.

Among the crowd, a demon cultivator couldn't help but said: "How come there is a coffin in the assessment place? What is this bronze coffin containing?"

At this moment, Ye Feng suddenly felt something was wrong, and immediately quietly and slowly retreated behind everyone.

Boom!

The moment Ye Feng stepped back, the bronze coffin in the middle of the underground space exploded.

Uh-huh!

A tall zombie covered with blue hair, more than ten meters tall, suddenly charged towards the dozen demon practitioners standing at the front.

The hands of this tall zombie have turned into blue claws. The nails are more than ten meters long and look like they are made of steel. There is a green light flashing on them, which should be highly poisonous.

"Pfft!"

"Pfft!"

"Pfft!"

Almost at this moment, a group of more than a dozen demonic practitioners standing at the front did not even react. They were directly hit by the cyan zombie that suddenly burst out of the coffin and ran out with sharp zombie claws. , tore the body into pieces.

Then all the blood energy in his body was directly swallowed by this blue zombie.

"What??"

Seeing this scene, the faces of the dozens of other demon practitioners present immediately changed.

This cyan zombie is so vicious!

Ye Feng also had a fierce expression at this time.

A change.

At this moment, he suddenly understood that this was not a test place at all, but a sleeping place for very scary zombies.

At this time, many demon practitioners immediately couldn't help but have a look of deep anger on their faces, and they immediately wanted to retreat and go to settle the score with Old Man Yun.

Boom!

But at this moment, the entire underground entrance was directly blocked by a steel gate.

Boom!

The attacks of many demon practitioners bombarded the steel gate, but they were unable to shake the steel gate even one bit.

Outside, old man Mo Yun's laughter could be heard: "This time I'm just using the guise of recruiting demon practitioners. In fact, it's to attract you casual practitioners who have no background and bring me here." The most powerful cyan zombie refined by his subordinates was cultivated into the strongest state. This cyan zombie is an ancient zombie made from the body of an ancient emperor. If he is allowed to swallow up enough blood, you can turn this cyan zombie into a perfect state, and its strength will be no less than my own!"

At this moment, hearing the sinister laughter of Old Man Yun outside, the faces of the dozens of demon practitioners in the underground space immediately became very ugly.

They never thought that Old Man Mo Yun, a highly respected and powerful veteran of the Demonic Way, would actually come up with such a sinister trap to treat them as food and keep this blue zombie in captivity. It was really abominable.

"It's over!"

"We are all going to die now!"

At this moment, all the demon practitioners present had a look of deep despair on their faces.

Ye Feng's face was also quite ugly at this time.

Unexpectedly, not only did I not sneak into Moyun Castle, but I also became the food for the blue zombies raised by Old Man Moyun. This was extremely unlucky.

As expected, these demonic figures are all extremely vicious people with extremely vicious thoughts.

Chapter 4394 Changing Forms

Roar!

Roar! !

At this moment, the entire underground space was filled with the roar of the green zombie, which was very ferocious and ferocious.

There were demon practitioners one after another around them, their entire bodies torn to pieces by this blue zombie.

The remaining demon cultivators all had extremely despairing expressions in their eyes.

Because they can't get out at all now, they can only face this terrifying and ferocious blue zombie.

At this moment, there were only a dozen demon practitioners left on the field.

But those who can survive now are all very powerful beings.

Most of them are demon practitioners at the level of the Galaxy Realm that have surpassed the Yuanmai Realm.

They were originally a casual cultivator of the devil's path, and they were carefree and unrestrained.

This time I came here specifically to seek refuge with Old Man Mo Yun, in order to join the Mo Yun Castle founded by Old Man Mo Yun, so that I could blend into the Mo Sha Sect, the three top overlords in the northern region of the Ten Thousand Demons Interface, and become a big shot.

But they never expected that Old Man Moyun would be so vicious and cruel, using the excuse of joining Moyun Castle to attract these demonic cultivators to come over as nourishment for cultivating blue zombies.

At this time, several powerful demons at the Galaxy level gathered together and said one after another: "We can't sit still and wait for death. We can only join forces to fight against this blue zombie."

At this moment, all the demon practitioners at the Yuanmai realm were basically killed by the blue zombies because they were too weak.

The dozen or so demon powerhouses who are still alive are all Galaxy Realm level beings and are considered masters, so they were able to escape in the underground space for a while without being caught and torn apart by the cyan zombies.

Of course, the only one among the crowd who possesses Yuanmai realm cultivation should be Ye Feng.

The aura exuding from Ye Feng's body at this time was exactly the cultivation level of Yuanmai Realm.

Several Galaxy Realm level demon cultivators present were very surprised when they sensed the aura of cultivation on Ye Feng's body.

They didn't seem to expect that Ye Feng, who only had the fifth level of Yuanmai Realm cultivation, could actually avoid the cyan zombie until now.

Ye Feng, the only practitioner with Yuanmai realm, was the only one left on the field.

But the remaining dozen or so practitioners of the demonic path in the Galaxy Realm didn't care about Ye Feng at all.

Because they felt that Ye Feng might have just practiced a very advanced movement technique, so he was able to avoid it until now.

After all, the cultivation aura emanating from Ye Feng is indeed only at the fifth level of the Yuanmai Realm, which is a whole level lower than the Galaxy Realm. It naturally makes other practitioners think that Ye Feng is just an ordinary casual cultivator. .

At this moment, more than a dozen Galaxy level masters gathered together, preparing to join forces to attack the cyan zombie.

At this moment, more than a dozen Galaxy Realm masters were ready to fight to the death. They burst out their extremely powerful cultivation power, displayed their respective inheritances and magic weapons, and all attacked the cyan zombie.

Boom!

But what made their eyes darken was that the attacks of these dozen Galaxy Realm masters were unable to break through the zombie scales on the surface of this cyan zombie.

"What??"

At this moment, when the dozen or so demon masters from the Galaxy Realm saw this scene, their eyes suddenly revealed a look of deep astonishment.

They never thought that their own attacks would not be able to break even the corpse scales growing on the zombie's surface. They were still intact, without even the slightest crack.

"How can we fight this??"

At this moment, the eyes of more than a dozen demon masters from the Galaxy Realm suddenly revealed a look of deep despair.

Poof!

Poof!

Poof!

Next, amid a burst of earth-shattering screams, the bodies of all the magic masters were torn to pieces by this cyan zombie.

The defense rate of this cyan zombie is very high, and its attack power is also very terrifying.

The two zombie claws were green, as if they were made of steel. They were very sharp and could tear apart a strong person in the Galaxy Realm in an instant.

Even some magic cultivators have used some defensive methods or put on specially made powerful weapons.

The armor is of no use and will be torn to pieces by this cyan zombie in an instant.

Seeing this scene at this time, Ye Feng's eyes suddenly showed a deep look of depression.

Unexpectedly, so many magic masters united together, there is no way to deal with this blue zombie.

At this time, Ye Feng was the only one left in the entire underground space.

At this moment, Ye Feng saw the cyan zombie not far away, staring at him, with scarlet light emitting from his two eyes, very bloodthirsty.

Ye Feng knew that there was no way to escape now, so he could only fight with his back to the wall.

boom!

At this moment, Ye Feng took a deep breath, and then instantly burst out with the cultivation aura of his fifth level of Yuanmai Realm.

The fifth level of Yuanmai Realm is not considered powerful at all among this group of demon cultivators.

After all, a dozen or so Galaxy Realm magic masters who were above the Yuanmai Realm were all torn to pieces by this cyan zombie.

At this time, the green zombie actually made a hoarse voice from its throat: "Ants are only worthy of being my food..."

Obviously, this green zombie has been being cultivated by Old Man Moyun, and now it is about to give birth to its own wisdom.

At this time, Ye Feng's face was very calm when he was ridiculed by this cyan zombie. He would not have any mood swings at all, which would affect his combat effectiveness and judgment of fighters in the battle.

Uh-huh!

At this moment, Ye Feng charged directly towards the cyan zombie. The god ring in his hand quickly changed shape and turned into a huge golden shield.

This huge shield is as tall as a person and can cover Ye Feng's entire body.

This time, Ye Feng did not turn the God's Ring into the God's Sword, but into a huge golden shield.

Because Ye Feng had just witnessed the terrifying attack power of this cyan zombie.

Those green zombie claws seemed capable of tearing everything apart.

Ye Feng felt that the current strength of his Immortal Body of God could not withstand the sharp claws of this cyan zombie.

Therefore, Ye Feng planned to focus on defense first and transformed the God's Ring into the form of a huge shield.

Then Ye Feng's other hand released the powerful magic scroll that Ye Feng had obtained before, the Demonic Moon Covering the Sky, and began to attack the cyan zombies in front.

"Boy, don't waste your efforts. These zombie claws of mine have been tempered with yin energy for thousands of years. I can tear apart any powerful magic weapon in an instant."

Boom!

At this moment, accompanied by a sarcastic voice, the tall blue zombie rushed in front of Ye Feng and grabbed Ye Feng with its sharp claws.

Ye Feng quickly blocked the huge golden shield transformed from the God's Ring in front of him.

Zhila! !

Almost at the next moment, what surprised the cyan zombie's eyes was that his zombie claws grabbed onto the golden shield in front of Ye Feng, and it only made a harsh sound like metal friction.

Its claws didn't even leave a scratch on the golden shield in front of Ye Feng.

"What?"

Seeing this scene, the cyan zombie's face immediately became a little ugly, and he couldn't help but said: "Boy, your cultivation level is so low and you are still a casual cultivator. How can you have such a powerful and advanced magic weapon? But there is nothing wrong with it. You can only defend it. Once I exhaust your power, you will die without a burial place!"

Poof!

But before the cyan zombie could finish his words, the huge golden shield in front of him suddenly turned into a golden sword, and instantly pierced the body of the cyan zombie, piercing it. The core of this cyan zombie!

"No!!!"

The cyan zombie was in extreme pain all of a sudden.

His eyes widened, never expecting that the big golden shield in front of him could suddenly change form into a golden sword.

And it was so sharp that it could break through the scales on his body in an instant, which the cyan zombie never expected.

He has never seen such a magical weapon that can change its form in an instant, and it also has such terrifying hardness and terrifying sharpness!

Chapter 4395 A strategy

"You...what kind of weapon is this? How can it be so magical?"

At this time, the cyan zombie's body was pierced by the long sword, and even his zombie core was pierced. His eyes widened and he stared at Ye Feng in front of him.

After all, the huge golden shield suddenly turned into a sharp sword, and the body of the cyan zombie was pierced in an instant, which naturally made the cyan zombie never expect.

After all, for this cyan zombie, he is not afraid of anyone's attack at all.

Because its scales are very strong, as if they are made of divine iron, there has never been any weapon that can break through his scales.

But the golden sword that suddenly turned into Ye Feng's hand was like piercing fragile tofu. It pierced his scales and even its zombie core. This made the cyan zombie extremely angry. Never thought of it.

In other words, the cyan zombies are entirely due to underestimating the enemy.

First of all, he did not expect that Ye Feng's God Ring was so magical that it could change the shape of any weapon at will in an instant with the user's thoughts.

On the other hand, this cyan zombie is too confident in its own defense, thinking that its scales can block all attacks and damage.

But he probably never thought that Ye Feng was not an ordinary magic cultivator at all. Ye Feng was a peerless talent with countless trump cards and tricks.

He just pretended to be a magic cultivator and wanted to sneak into Moyun Castle.

At this time, Ye Feng also had a look of astonishment in his eyes, as if he did not expect that this cyan zombie would be pierced through its body and core so easily, and he killed it directly.

Because Ye Feng just thought of turning the golden shield into the form of the sword of the gods for just a moment, but he didn't expect to succeed all of a sudden.

However, Ye Feng felt that this cyan zombie underestimated the enemy too much and believed too much in his defense power.

Ye Feng was still a little lucky at this time.

Fortunately, he got the Celestial Ring, a token of the Celestial Clan. Otherwise, he would not have a sharp enough weapon to pierce the body of this cyan zombie.

After all, those magic masters at the Galaxy level who were a level stronger than Ye Feng just now, and the weapons in their hands were not weak and very advanced, but there was no way they could cause any harm to this cyan zombie.

But the god ring in Ye Feng's hand turned into any form of weapon, possessing the ultimate weapon power.

At this time, Ye Feng also understood that this God's ring is indeed very magical. It can indeed become a token of the God's clan, and it is also the most magical weapon of the God's clan.

This god ring has really helped me a lot.

Boom...

At this moment, the green zombie in front of him fell down with a look of disbelief, completely dead.

At this time, Ye Feng breathed a sigh of relief.

But at this moment, Ye Feng suddenly remembered that above the ground, at this moment, Old Moyun and a group of other powerful demons from Moyun Castle were probably still waiting for the fight in the underground space. result.

Ye Feng's expression immediately became tense.

Now I have to hurry up and find a way to deal with all this.

The door to that underground space may open at any time.

If Old Man Yun saw the scene in front of him, he would definitely be very angry and want to kill himself.

At this moment, Ye Feng suddenly decided to fight to the death with Old Man Moyun.

But before the decisive battle, Ye Feng must increase his strength as much as possible.

boom!

At this moment, Ye Feng did not hesitate at all, and directly released the Devouring Domain and began to devour the blood and energy of all the magic masters in the entire underground space.

You must know that although the group of demonic practitioners who want to join Moyun Castle are casual practitioners and are not powerful practitioners, there are still many strong ones.

There are more than a dozen demonic masters at the Galaxy level, and dozens of demonic practitioners at the Yuanmai level.

Their blood energy, if added up, is still very rich.

"Boom!"

At this moment, along with Ye Feng's devouring, a stream of very majestic blood energy was immediately absorbed by Ye Feng's devouring domain.

Then it was injected into Ye Feng's Dantian.

Buzz!

Ye Feng's skill quickly and continuously broke through at this moment.

Ye Feng wants to fight against Old Man Yun, a vicious and vicious demon practitioner.

You must improve your cultivation strength as much as possible.

"boom!"

The sixth level of Yuanmai Realm!

"boom!"

The seventh level of Yuanmai Realm!

"boom!"

The eighth level of Yuanmai Realm!

"boom!"

The ninth level of Yuanmai Realm! !

It has to be said that the blood energy provided by the many demonic practitioners present is still very rich, making Ye Feng's skill suddenly seem to have broken through the fourth level.

Suddenly he broke through to the ninth level of Yuanmai Realm!

At this moment, Ye Feng's eyes suddenly showed deep joy.

I didn't expect that I would break through so much this time.

The blood energy gathered by these demon cultivators was still very abundant, which gave Ye Feng a huge improvement.

However, Ye Feng knew that his current level of cultivation in the ninth level of Yuanmai Realm was not enough to deal with Old Man Yun.

Because the cultivation level of this old man Mo Yun is beyond the Yuanmai Mirror and the Yuanhai Realm tenth level existence above the Galaxy Realm.

Even one foot is about to step into the Tiangong realm above the Yuanhai realm.

Therefore, the cultivation strength of this old man Mo Yun is still very terrifying.

Not to mention, this old man Mo Yun now has the support of the Mo Sha Cult, and there are other powerful demon masters around him.

In addition, the old man Mo Yun is able to survive to this day and survive so well. He must have his own trump cards and methods, which cannot be underestimated.

The consequences of underestimating the enemy will definitely be very miserable. The cyan zombie is an example.

So at this time, Ye Feng looked directly at the cyan zombie lying on the ground.

This cyan zombie is a very important subordinate trained by the old man Mo Yun.

Old Man Mo Yun also said before that if this cyan zombie is cultivated to the Great Perfection state and becomes a zombie king, its strength will be no less than that of Old Man Mo Yun.

So this zombie is still very powerful.

At this moment, Ye Feng immediately flew in front of the cyan zombie and dug out its core.

The core of this zombie is the crystallization of all the energy of the entire zombie, just like the human heart.

Although this core has been pierced by Ye Feng.

But the broken core still contains a lot of energy from the cyan zombies.

"Gulu!"

At this moment, Ye Feng didn't hesitate and swallowed the zombie core directly.

Boom! !

Immediately, this broken zombie core was directly digested by Ye Feng and decomposed into the power of the zombie, surging in Ye Feng's body.

If someone else had swallowed the zombie core, they would probably be instantly eroded into a corpse by the terrifying zombie yin energy inside.

But all this does not exist for Ye Feng.

Ye Feng's physique and strength characteristics are energy that can accommodate all attributes in the world.

In other words, no matter what Ye Feng eats, he can directly digest it into his own power. He is simply a big stomach eater!

At this time, Ye Feng relied on the energy in this extremely advanced zombie core to continue to rapidly improve his cultivation.

The cultivation level that had just broken through the fourth level of heaven and entered the ninth level of Yuanmai realm was once again bursting into madness at this moment.

"boom!"

The tenth level of Yuanmai Realm!

"boom!"

Half step to the Galaxy Realm! !

At this moment, the advanced zombie core of this cyan zombie actually allowed Ye Feng to step into the Galaxy Realm above the Yuan Vein Realm and break through to the half-step Galaxy Realm!

This immediately made Ye Feng's skill greatly increase, and his combat power must also have been greatly improved.

At this moment, Ye Feng's eyes showed a hint of thinking.

Half a step into the Galaxy realm, it was a bit difficult to deal with Old Man Moyun, who was at the tenth level of the Yuanhai realm and was two realms higher than himself, but it gave Ye Feng a lot of confidence after all.

However, Ye Feng knew that he could not confront him head-on.

So Ye Feng suddenly came up with a plan, that is, a sneak attack.

Plop!

At this moment, Ye Feng lay directly among the corpses of a group of demon practitioners, pretending to be dead.

When Old Man Mo Yun leads a group of other powerful demons into this underground space to check the situation, they will try to see if they can directly attack Old Man Mo Yun in a sneak attack.

As long as the sneak attack is successful, even if the old man Mo Yun cannot be killed, it will probably be severely injured, and Ye Feng will have a chance to eliminate the root cause.

Chapter 4396 The mysterious woman in blue shirt

At this time, Ye Feng was lying among a group of corpses, silently waiting for the door to open, and then waiting for the demonic figure like Old Man Yun to come in to investigate the situation, and then see if he could make a sneak attack.

After all, Ye Feng's current cultivation level has been upgraded to the half-step Galaxy realm, so Ye Feng feels that he still has a chance to kill this old man Mo Yun.

However, Ye Feng waited for several hours and found no movement.

After sensing all this at this moment, Ye Feng immediately showed doubts in his eyes.

I don't know why, but there was suddenly no movement outside.

"what happened....."

At this time, Ye Feng climbed up from the pile of dead people, then approached the steel gate, exuding his soul power and spreading towards the outside, wanting to explore what was going on outside.

But after Ye Feng's investigation, a look of astonishment suddenly appeared in his eyes.

Because there is no one outside the steel gate.

Old Moyun, who was waiting outside, and a group of demonic powerhouses from Moyun Castle, all disappeared outside the door at this moment.

"what's the situation?"

Ye Feng's eyes suddenly showed a look of astonishment.

Could it be that Old Man Moyun has returned to Moyun Castle?

Ye Feng secretly thought that he couldn't stay here any longer.

Ye Feng dug up a large piece of soil directly from the side of the steel gate, and then walked out of the underground space.

At this time, Ye Feng left the underground space and came to the ground, and indeed found that there was no one around.

This made Ye Feng's eyes suddenly show doubts.

Old Man Moyun just said that he would wait here for the blue zombies to kill and devour everyone.

But I didn't expect that he would be gone in a blink of an eye.

Boom! !

And just when Ye Feng was thinking about it, suddenly a huge roar came from a certain direction not far away.

It was like the earth was shaking, very

fear.

It seemed like an unimaginably horrific battle was taking place in the distance.

"Um?"

Ye Feng's eyes were immediately startled at this moment, and he quickly looked in that direction.

That direction is exactly the direction of Moyun Castle.

"Could it be that Demon Cloud Castle was attacked?"

Thinking of this possibility at this time, Ye Feng suddenly showed a trace of surprise in his eyes, and then there was a look of curiosity. He jumped directly and flew quickly towards the direction of Moyun Castle not far away. .

Ye Feng wanted to find out what was happening outside.

Why did Old Moyun and a group of other strong men from Moyun Castle disappear?

And now, there is such a violent movement coming from the direction of Moyun Castle, something special must have happened.

Ye Feng never thought that his carefully prepared assassination would not wait until Old Man Yun fell into the trap.

At this time, Ye Feng was moving very fast, and he arrived at the outskirts of Moyun Castle in a blink of an eye.

The next moment, Ye Feng's eyes suddenly revealed a look of astonishment.

Because Ye Feng discovered that the entire Moyun Castle had collapsed at this moment.

And it was cut in half from the middle by a very terrifying sword energy, and then collapsed.

"this....."

Seeing this scene, Ye Feng's eyes suddenly showed surprise.

Someone who can kill with such a powerful sword is definitely an extremely terrifying existence.

Maybe even a little more powerful than Old Man Yun.

At this time, Ye Feng suddenly understood that something happened to the Demon Cloud Castle when he and a group of demon cultivators were fighting against the blue zombies in the underground space.

There are other

The strong men of the Blood Demon Dynasty came here and wanted to kill the old man Moyin.

This made Ye Feng's eyes suddenly show a look of surprise, as if he didn't expect that the old man Mo Yun was so famous and would attract such a terrifying strong man to kill him.

At this time, Ye Feng seemed to see two figures fighting in a jungle not far away.

Ye Feng immediately flew over, and immediately saw two figures exuding bright divine light, engaged in a terrifying battle at high altitude.

One of the figures was none other than Old Man Yun.

I saw old man Mo Yun holding a black scepter in his hand. Every time he struck forward, terrifying waves of dark light erupted from the scepter, attacking his enemy in an instant. go.

The figure fighting Old Man Yun is a beautiful young woman wearing a blue gown. She looks very mysterious, but the aura on her body is very powerful. It seems that some unknown strong person has arrived. Here, she is also a beautiful and strong woman.

Seeing this scene, Ye Feng knew that there was no way he could intervene in a battle between strong men of this level, and left immediately.

Ye Feng was actually not that curious about who this beautiful young woman wearing a blue gown was.

What Ye Feng is interested in now is the wealth in the entire Moyun Castle.

You must know that at this moment, Old Moyun, the strongest demonic figure in Moyun Castle, is engaged in a very terrifying battle with that mysterious and beautiful woman in blue shirt, and he will definitely not be able to escape for a while.

So now is a good opportunity to secretly return to Moyun Castle and steal the wealth in Moyun Castle!

This old man Moyun built Moyun Castle, and he must have put a lot of plundered wealth, and even resources rewarded by Mosha Cult, in Moyun Castle, his base camp.

So at this moment, Ye Feng naturally thought of this and secretly left the battlefield of the two peerless experts and returned quickly.

Magic Cloud Castle.

At this time, Ye Feng immediately shuttled quickly and returned to the edge of Moyun Castle.

Although the entire Moyun Castle seemed to have been cut in half and collapsed by the sword of the mysterious beautiful woman in blue, Ye Feng knew that among these ruins, the very precious cultivation resources and wealth of Moyun Castle were definitely hidden.

Uh-huh!

At this moment, Ye Feng immediately rushed to the collapsed buildings of Moyun Castle, exuding his soul power, trying to find the good things inside.

Ye Feng was looking for it at this moment, with a deeply happy look on his face.

My luck is very good.

Because Ye Feng knew very well that if he really carried out an assassination operation against Old Man Yun, the difference in cultivation between himself and Old Man Mo Yun would be too great, and the success rate would be very low.

But now Ye Feng can freely search for the wealth in the entire Moyun Castle.

Even if you can't kill Old Man Yun and get contribution points, being able to plunder all the resources and wealth in Mo Yun Castle into your own hands is still a very good gain.

But just when Ye Feng was about to enter the collapsed building to explore.

"Which little thief dares to covet the wealth in our Moyun Castle? As the commander-in-chief of Moyun Castle, I am the first to disagree!"

Almost at this moment, a very majestic shout suddenly sounded.

"The Commander-in-Chief of Demon Cloud Castle?"

Ye Feng immediately looked not far away, and immediately saw a tall middle-aged man wearing black armor flying over the collapsed castle.

The skin on his face was dark blue, and his eyes were glowing red. He looked very powerful. The aura of cultivation on his body was that of a powerful being who had surpassed the first level of Yuanhai Realm in the Galaxy Realm!

He is probably the super magic master second only to Old Man Yun in Moyun Castle!

Chapter 4397 Blood Qi Dan

"It turns out to be a powerful existence in the first level of Yuanhai Realm."

At this time, Ye Feng stared at the tall middle-aged man in black armor in front of him, with a hint of surprise in his eyes.

The commander of Demon Cloud Castle is still very powerful.

But at this time, Ye Feng didn't have any fear, and a strong fighting spirit suddenly rose up in his body.

Because Ye Feng's current cultivation level has greatly increased compared to before, and he has been directly promoted to the half-step Galaxy realm.

Even if the commander of Moyun Castle is a powerful being in the first level of Yuanhai Realm, he is only one level higher than Ye Feng.

Ye Feng felt that he still had the ability to fight against him.

Now in the area of Moyun Castle, the only person Ye Feng can't defeat is Old Moyun.

If Ye Feng and Old Man Yun were facing each other head-on now, Ye Feng would leave here without hesitation.

But the current leader of Moyun Castle, although extremely powerful, is not enough to reach the level of cultivation of the old man Moyun.

So Ye Feng felt that he could fight with the leader of Moyun Castle.

Uh-huh!

At this time, Ye Feng didn't hesitate at all. He rushed forward to fight with the leader of Moyun Castle and kill him as soon as possible.

Otherwise, it would be more troublesome if the noise of the fighting here attracted Old Man Yun and the mysterious beautiful woman in blue clothes in the jungle not far away.

After all, Ye Feng now wants to plunder all the wealth in Moyun Castle into his own hands, so he must do it as soon as possible and not miss the opportunity.

So at this time, Ye Feng did not hesitate, and instantly burst out with the momentum of his half-step Galaxy realm, and then directly displayed the powerful inheritance he had learned before, the inheritance of the Celestial Clan, and the Great Emperor Seal of the Celestial God.

At this moment, the commander of Moyun Castle in front, whose eyes were glowing with scarlet light, saw Ye Feng rushing towards him and wanted to attack him directly.

He immediately laughed out loud: "A kid who is only half a step into the Galaxy Realm dares to take action against a Yuan Hai Realm powerhouse like me? You are so bold! You are just like an ant shaking a big tree. Just looking for death!"

Almost at the moment when the commander of Moyun Castle finished speaking, a huge black sword suddenly appeared in his hand, full of extremely terrifying power, and it suddenly slashed towards Ye Feng, with the power to tear the sky. The dark power that cracks the earth.

At this time, Ye Feng directly used the inheritance of the Angel Clan, the Great Emperor Seal of the Gods.

Buzz!

Behind Ye Feng, a shadow of a majestic God Emperor with a height of tens of thousands of meters suddenly appeared in the void.

He directly blocked the black giant sword of the commander of Demon Cloud Castle.

"What??"

Seeing this scene, the commander of Moyun Castle immediately widened his eyes slightly.

Because in his imagination, a weakling like Ye Feng, who was half-stepping into the Galaxy realm, could not block his sword and would be killed by him directly.

Unexpectedly, the inheritance Ye Feng displayed at this time turned into a huge shadow of will, directly blocking his black giant sword.

And just when the commander of Moyun Castle was stunned.

Uh-huh!

Ye Feng shuttled through the void in an instant, and the god ring in his hand turned into a golden giant sword dozens of meters long, slashing fiercely at the commander of Demon Cloud Castle.

At this moment, the commander of Moyun Castle immediately shouted: "Demon Shield!"

Wow!

The next moment, a large amount of demonic energy burst out from the commander of Demon Cloud Castle, and a thick and huge black shield condensed directly on top of his head.

Poof!

But what made the commander of Moyun Castle suddenly show a look of deep horror in his eyes was that the golden long sword in Ye Feng's hand was like the sharpest weapon in the world. It was directly the thick sword he had condensed. The black shield was cut in half, and then his entire body was cut in half.

The great commander of Moyun Castle, die!

"Swallow!"

At this moment, Ye Feng did not hesitate at all, he directly released the Devouring Domain and swallowed up all the power of the commander of Demon Cloud Castle in an instant.

You must know that the cultivation level of the commander of Moyun Castle is still very high. He is a powerful existence in the first level of Yuanhai Realm above the Galaxy Realm, which is a whole level higher than Ye Feng's current level.

So his skills are very profound.

Although it is the demonic power of the devil, Ye Feng has no problem absorbing it at all.

His body can contain energy of various attributes for his own use.

At this moment, Ye Feng's cultivation aura suddenly began to grow.

Suddenly at some point.

Boom!

Ye Feng's body suddenly burst out with a new and powerful aura of cultivation.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

The power of the commander of Moyun Castle is really strong.

With the help of such a profound skill energy, Ye Feng successfully broke through his current bottleneck and crossed the threshold of half-step to the Galaxy realm.

Stepping directly into the real first level of the Galaxy Realm!

At this time, his cultivation had broken through to the true Galaxy realm, and Ye Feng immediately felt that his skills had grown tremendously, and his combat effectiveness had also been significantly improved. ??

But at this time, Ye Feng had no time to rejoice. He quickly flew into the collapsed Moyun Castle building in front of him and began to exude his soul power to search for the treasures and wealth buried inside.

At this time, under the cover of Ye Feng's soul power, all the wealth and resources were invisible and were directly found by Ye Feng.

At this moment, Ye Feng threw out a lot of boxes from the ruins of the building at the bottom of Moyun Castle.

These boxes are all made of silver steel and are very strong.

There are four iron boxes in total.

But the long sword transformed from Ye Fengtian's ring was extremely terrifyingly sharp and could directly cut open these solid iron boxes.

Then Ye Feng suddenly saw that each box contained a lot of good things.

The first box contained all kinds of sparkling crystals.

These crystals do not contain any energy, but they are crystals with special properties that empower weapons.

Ye Feng naturally received these things in his storage ring instantly. Although he did not use them himself, he could send them to the Eternal Store in Shenxu City to dispose of them secretly and replace them with the cultivation resources he needed.

The second box contains a lot of inheritance of demonic skills. These items are also very rare. Most of them were plundered by Old Mo Yun himself over the years, and some were from the northern region of Mosha Sect. Some high-level advanced magic inheritances rewarded by the demonic overlords of the three top forces.

These inheritances are also of great use to the current Ye Feng.

Ye Feng can practice and comprehend and enhance his overall strength.

Ye Feng casually explored it at this time and directly discovered a set of the most powerful magic inheritance, suitable for his current use.

This set of inheritance is called the "Devil's Wheel of Life and Death". It should be an inheritance from the Demonic Sect. It is hardly any weaker than the Great Seal of the Gods that Ye Feng learned before.

Ye Feng was very happy about this. He didn't expect that he would get such a powerful set of weapons again.

Bi's magic inheritance.

Although Ye Feng doesn't think much of the dozens of demonic inheritance books left in this box, for Ye Feng's current taste, they are too low-level.

But so many demonic inheritances are already considered very precious inheritances for many ordinary practitioners.

Ye Feng also put it into his storage ring, and when the time comes, it can be disposed of by the Eternal Store in Shenxu City.

So this is why Ye Feng agreed to join forces with Miss Duan from Eternal Store to control the entire Shenxu City.

It's because Ye Feng can use the Shenxu City, the eternal shop in the Sanguis Zone, to process the various cultivation resources of unknown origin that he has plundered.

There are some cultivation resources of unknown origin that even regular large shops in the Blood Demon Dynasty dare not deal with. After all, they are likely to be traced by the big forces behind these cultivation resources.

But in a no-nonsense area like Shenxu City, you can deal with the various cultivation resources and inheritances you have plundered, as well as weapons, techniques, etc. at will.

Because Shenxu City is originally a chaotic area with no control over it, it is very suitable for dealing with these various resources of unknown origin.

At this moment, Ye Feng used the long sword transformed from the god's ring to open the third iron box.

"This is....."

The contents of the third iron box immediately made Ye Feng's eyes flash with excitement.

The third iron box contains all blood-red pills.

Each of these blood-red elixirs is about the size of a fist, looks very plump, full of medicinal fragrance, and contains very majestic blood energy.

Ye Feng immediately understood that this was probably a very special blood elixir in the magic path given to Old Man Mo Yun by the overlord force of the Demonic Sect.

This great blood elixir is made by killing extremely high-level and powerful ancient evil beasts, and using very cruel methods to drain the blood essence from the ancient evil beasts. Each of these refined pills can greatly increase the strength of the practitioner. The great blood elixir.

The Demonic Sect rewards various great demonic figures with these things in order to enable them to cultivate a steady stream of forces and members, and then bring trouble to the entire border area of the Blood Demon Dynasty.

Now these things have become Ye Feng's things.

boom!

Ye Feng didn't hesitate at this moment, and directly released the Devouring Domain, and began to devour the dozens of Blood Energy Pills contained in the third iron box.

The essence of blood energy contained in every blood energy pill is very powerful!

Chapter 4398 Seeking wealth and killing people

"Boom boom..."

At this time, as Ye Feng swallowed, a stream of very majestic blood energy was immediately injected into Ye Feng's Dantian.

You know, the third iron box that Ye Feng swallowed at this moment was filled with blood pills refined by the Moshu Sect, the dominant force, by extracting the blood essence of ancient evil beasts.

This is a very advanced pill, and it is a pill specifically for replenishing the blood energy of practitioners.

Each blood pill is as big as a fist, and there are dozens of them in total.

After Ye Feng swallowed it, it immediately added a very terrifying blood energy to Ye Feng, allowing Ye Feng's cultivation aura to break through rapidly and continuously.

This is equivalent to Ye Feng swallowing the power of a peerless strong man, so Ye Feng's cultivation realm at this moment immediately got a rapid breakthrough.

Boom! .??.

The second level of the Galaxy Realm!

Boom

The third level of the Galaxy Realm!

At this moment, Ye Feng's cultivation directly broke through the two levels.

It must be said that the dozens of blood and energy pills in this iron box have improved Ye Feng a lot.

He actually improved by two levels at once.

You know, after Ye Feng's current cultivation entered the Galaxy Realm, his body became more and more like a bottomless pit.

Even if it is just a small level of breakthrough, it requires a huge amount of energy to accumulate and improve.

But now Ye Feng broke through two levels on the spot.

From this, it can be seen how precious the dozens of blood and energy pills in this iron box are.

If it is used by ordinary practitioners, it is estimated that many realms can be broken through at once.

However, Ye Feng was very happy to break through two levels.

After all, when he came here this time, Ye Feng thought it was very dangerous, but now he didn't expect to get so much, and there was no great danger.

Because the most terrifying old man Moyun has been dragged into the jungle not far away by a mysterious green-shirted beautiful woman.

At this moment, Ye Feng looked directly at the fourth iron box, which is the last iron box.

This last iron box is the only thing left in the Demon Cloud Castle that contains treasures. Ye Feng did not hesitate at all and used the golden sword transformed by the God Ring to cut the fourth iron box in an instant. But the next moment, Ye Feng was stunned. Because there were not many things in the fourth iron box. Instead, there was only a broken scroll lying quietly. Swish! Ye Feng picked up the broken scroll directly, and then a look of doubt appeared in his eyes. Because there were many topographic maps drawn on this broken scroll. This seems to be an ancient map. But it is broken. And Ye Feng searched every part of the broken map and did not find any markings or words. In other words, this is an unknown map, and it is an incomplete map. I don't know where it points. Ye Feng was a little curious. Being able to be solemnly hidden here by the old man Mo Yun, and even locked in an iron box, this broken map must have a very important meaning.

So at this moment, Ye Feng directly put this broken map into his storage ring.

At this moment, Ye Feng said that after looting all the wealth, he was ready to leave here and fly away.

Swish! Swish! Swish...

But suddenly at this moment, outside the collapsed hall, several masters wearing the royal clothes of the Blood Demon Dynasty suddenly flew over.

After these royal masters of the Blood Demon Dynasty came here, they saw Ye Feng who was looting wealth under the collapsed building at first sight.

These masters of the Blood Demon Dynasty instantly stared at the four iron boxes in front of Ye Feng that had been cut and broken by Ye Feng's long sword, and their eyes immediately revealed a deep greed.

They stared at Ye Feng and said coldly: "What a devilish thief, you actually stole the wealth of the Demon Cloud Castle secretly here. Today, we will enforce justice on behalf of heaven and kill you, the devilish thief!" At this moment, Ye Feng was still wearing a black robe, disguised as a casual cultivator of the Demonic Path. So this group of masters of the Blood Demon Dynasty surrounded Ye Feng at once. The cultivation aura of these masters of the Blood Demon Dynasty was quite powerful. They were all high-level cultivators at the level of the Galaxy Realm, and they were still very powerful. However, at this time, Ye Feng immediately smiled slightly and said, "You have misunderstood. I am not a person of the Demonic Path. I am just pretending to be a person of the Demonic Path. I am here to get rid of the demonic figure, Old Man Moyun." At this moment, after

Ye Feng finished speaking, he directly dispersed his black aura. Then he took out his clothes from the scavenger department and put them on. Even Ye Feng took out the identity token of the deputy leader of the scavenger department. "Hmm?"

Seeing this scene at this moment, these royal masters from the Blood Demon Dynasty were immediately stunned. It seemed that Ye Feng was a master from the same Blood Demon Dynasty as them, and he was also a regular member of the royal department. member. ???

At this time, Ye Feng was about to go forward and talk to a few people about some situations, such as the mysterious woman in green shirt who was fighting Old Man Yun not far away.

But the moment Ye Feng stepped forward.

Boom! !

A silver ax had struck hard in front of Ye Feng.

Boom!

If Ye Feng hadn't reacted quickly, he would have split Ye Feng's whole body in half.

At this moment, Ye Feng immediately retreated, and the silver ax struck the ground, causing a large area of broken ruins to appear on the ground.

The one who took action turned out to be a young man wearing silver armor among the group of royal masters in front of him.

When Ye Feng saw this scene, his eyes suddenly changed from the kindness before to extremely cold.

The next moment, Ye Feng stared at the young man in silver armor and said loudly: "I have already revealed my identity, why did you attack me? And put me to death? How about just now?

I reacted quickly and was killed by you. "

Hearing what Ye Feng said at this moment, the young man in silver armor suddenly showed a trace of cynicism in his eyes, and said loudly: "I don't care who you are, whether you are a member of the devil's path or one of our blood demons." Master of the royal family, you have stolen all the wealth in this Moyun Castle, so you must die! Even if you are a regular member of our royal family, no one will know that we killed you in this wilderness. You, all the wealth you have will belong to us."

This group of royal masters from the Blood Demon Dynasty obviously wanted to kill Ye Feng, a member of the Blood Demon Dynasty, and get the Demon Cloud Castle that they had just snatched from Ye Feng. wealth!

At this moment, several other royal masters around this young man in silver armor also surrounded Ye Feng, with deep greed and teasing in their eyes, obviously thinking that they were eating Ding Ye. The wind is blowing.

After all, Ye Feng's cultivation aura has just entered the Galaxy Realm.

And they are basically all advanced beings in the sixth or even ninth heaven of the Galaxy Realm.

"It's so cruel!"

Ye Feng's eyes immediately became extremely cold at this time. He stared at the seven royal masters in front of him, his tone suddenly became extremely cold, and he said loudly: "Since you are so greedy and want to seek wealth and death, Then there is no need for me to show mercy, all seven of you will die!"

"Hahahahaha!"

Hearing what Ye Feng said, the seven greedy royal masters present immediately laughed out loud, with merciless sarcasm and sneer in their eyes, and said loudly: "Boy, your brain is broken, right? , you are just one person, and your cultivation level is lower than any of us. In front of the seven of us, you are as fragile as an ant! "

At this moment, the young man in silver armor who was the first to speak out immediately said: "Stop talking nonsense to this boy, I will take action and kill this boy directly, even though he is a member of the royal family of our Blood Demon Dynasty. member, but if you kill him in this wilderness, no one will know, just destroy his body and eliminate all traces of him! He has an entire wealth of Moyun Castle, you must kill him and plunder the wealth. ! Strengthen our team!"

Chapter 4399 How to choose

It has to be said that this group of masters from the royal family of the Blood Demon Dynasty are all very powerful in cultivation, and their cultivation aura is much higher than that of Ye Feng.

Ye Feng is now at the third level of the Galaxy Realm, but the group of royal masters surrounding him are basically at the advanced level of the Galaxy Realm.

At this moment, the young man in silver armor who first decided to take action against Ye Feng was clearly a powerful being from the ninth level of the Galaxy Realm.

At this time, the young man in silver armor, with a playful and greedy look in his eyes, held the silver ax in his hand and slowly walked towards Ye Feng.

He stared at Ye Feng coldly and said aloud: "Although you are a member of our Blood Demon Dynasty royal family, if it is normal, we can live in peace, but now you have plundered all the wealth of the entire Moyun Castle, let us I have to kill you because this kind of wealth is too huge and cannot be controlled by a weak boy like you."

Hearing what this young man wearing silver armor said, Ye Feng looked very cold and said loudly: "I didn't expect that there are such shameless existences like you among the royal family of the Blood Demon Dynasty, so I will just get rid of you. Get rid of you evildoers for our Blood Demon Dynasty and ruin the reputation of our Blood Demon Dynasty."

"Arrogant!"

Almost as soon as Ye Feng finished speaking, the young man in silver armor immediately shouted loudly and said: "Boy, you are too arrogant. Today I will teach you how to be a good person!"

boom!

Almost at the moment when the young man in silver armor finished speaking, he held the silver ax in his hand and slashed hard at Ye Feng.

when!

But at the next moment, what made everyone present wide-eyed was that Ye Feng didn't use any weapons or inheritance at all, he just stretched out a palm.

That palm immediately turned into a golden palm, and in an instant it was the silver ax that chopped down the young man in silver armor, and he was holding it directly.

The silver ax could split the sky and the earth, but it couldn't split Ye Feng's palm.

Not even a trace was left in Ye Feng's palm.

"What? How is this possible??"

Almost at this moment, all the royal masters present widened their eyes with a look of deep disbelief.

They never thought that Ye Feng, who looked like a third-level star in the galaxy,

The young man in Chongtian actually possesses such terrifying power.

"This kid definitely has a special physique! Otherwise, it would be impossible to shake that silver ax with the power of his body!"

At this moment, there were people around who couldn't help but scream in surprise.

At this moment, the young man wearing silver armor had a very ugly look in his eyes.

He originally thought that he could kill Ye Feng in an instant, but now the reality hit him hard in the face.

Ye Feng could grab his strongest weapon, the silver ax, with one hand.

At this moment, this young man in silver armor immediately displayed an extremely powerful inheritance: "The will of the silver-armored giant god gives me the power of the ancient giant spirit god!"

Buzz!

Almost at the moment when the young man in silver armor finished speaking, a tall and towering silver giant suddenly condensed into the void behind him.

Although this silver giant is in an illusory state, it gives people a very terrifying and majestic feeling, as if the ancient gods have arrived and can suppress everything.

Obviously, the inheritance practiced by this young man in silver armor is very powerful, and it may be related to the bloodline he carries.

So at this moment, the silver giant condensed behind the young man in silver armor flew directly towards Ye Feng and bombarded him crazily.

But at this moment, Ye Feng was not to be outdone, and directly released the inheritance of the Celestial Clan, the Celestial Emperor Seal.

Buzz!

At this moment, what shocked countless people present was that behind Ye Feng, a huge golden giant's will also condensed.

Moreover, this golden giant is very majestic and tall, with a height of tens of thousands of meters. It is a dozen times taller than the several thousand meter silver giant behind the young man in silver armor.

It's like a crushing feeling.

Boom!

At this moment, under the horrified gaze of the young man in silver armor, the will of the God of Heaven condensed by Ye Feng crushed the will of the silver giant behind the young man in silver armor in an instant.

"No!

!"

Then in the midst of the extremely painful roar of the young man in silver armor.

Ye Feng directly stretched out a golden palm, possessing great strength, and slapped the head of the young man in silver armor from the neck to his stomach with a "pop" sound.

Killed it instantly!

The young man in silver armor died!

"hiss!!"

Almost at this moment, there was a sound of frightened gasps on the field.

"Brother Gu was killed in an instant."

"What kind of terrifying combat power is this??"

At this moment, all the remaining masters of the Blood Demon Dynasty were staring at the scene where Ye Feng killed the young man in silver armor in an instant, with extremely shocked expressions in their eyes.

They looked at Ye Feng, who was like a god and demon, and finally felt scared at this time.

It was so scary!

"Run!"

At this moment, the remaining masters of the Blood Demon Dynasty immediately ran away frantically towards the surroundings, wanting to leave here.

But at this moment, Ye Feng showed a very cold look in his eyes and said loudly: "You people are members of the royal family like me. I originally wanted to live in peace with you and share this place together. I didn't expect that all of you are so greedy and want to kill me and covet my wealth, then none of you can escape, you will all die!"

Boom!

Almost at this moment, Ye Feng continued to use the Seal of the Great God of Heaven, and the majestic golden will of the God of God, tens of thousands of meters behind him, stepped directly forward.

With one step, the terrifying power was released, causing the entire world to vibrate and sway, and instantly trampled to death all the masters of the Blood Demon Dynasty who were escaping around them.

It has to be said that Ye Feng's cultivation has now broken through to the true Galaxy realm, and his combat power is really fierce.

A profound existence at the ninth level of the Galaxy Realm is not Ye Feng's enemy at all.

But this is also because the Great Emperor Seal of the Gods displayed by Ye Feng comes from the super inheritance of the God Clan.

Otherwise, it would be impossible to increase Ye Feng's combat effectiveness so much, nor to produce such great power and

Lethality.

At this moment, Ye Feng did not hesitate at all, releasing the Devouring Domain and devouring all the masters of the Blood Demon Dynasty that he had killed.

Boom!

Ye Feng suddenly burst out with a powerful aura of cultivation.

These masters from the Blood Demon Dynasty made Ye Feng's cultivation breakthrough once again.

Directly from the third level of the Galaxy Realm, he broke through to the first level of the Galaxy Realm.

Ye Feng just smiled coldly at this moment. These people want to seek their own wealth and are blinded by greed, so they will have to pay the price with their lives.

At this moment, after Ye Feng finished devouring them, he searched these people's storage rings and prepared to leave here.

Boom! !

But suddenly at this moment, a huge roar suddenly sounded from high in the sky.

Then, in the boundless sky, two figures suddenly fell down, accidentally falling on both sides of Ye Feng.

The one who fell down on the left was the mysterious and beautiful woman in blue shirt that Ye Feng had seen before. She was an extremely powerful woman.

The one who fell down on the right was none other than the owner of Moyun Castle, Old Moyun!

At this moment, these two super strong men seemed to have fought too fiercely. They were all seriously injured. They fell from a high altitude and lay on the ground unable to move.

At this moment, Ye Feng stood in the middle, looking stunned.

Because at this moment, the two super strong men who were fighting like gods from above were each seriously injured at this time. They were unable to move and fell on both sides of them.

At this moment, Elder Moyun stared at Ye Feng and immediately shouted: "Young man, you should be a casual cultivator. As long as you help me kill this woman in green shirt, I can let you join directly." Moyun Castle even imparts my most powerful inheritance to you!"

On the other side, the beautiful young woman in green clothes wiped the blood from the corner of her mouth and said loudly: "As long as you kill Old Man Yun, I will give you his head, and you can directly become a member of the Blood Demon Dynasty. Baron, become a noble."

At this time, the two super strong men each threw out their own temptations.

They all stared nervously at Ye Feng, a weak young man, wanting to know how he chose.

Chapter 4400 Woman in green shirt

At this time, the beautiful young woman in blue shirt was still a little nervous.

Because she was really afraid that Ye Feng, a stranger, would kill her.

Because the woman in green shirt suddenly discovered at this time, there were several corpses of royal masters from the Blood Demon Dynasty lying on the ground. They should have been killed by Ye Feng.

Therefore, this beautiful young woman in green shirt felt that Ye Feng might be a magic cultivator, otherwise, it would be impossible to kill the master of the Blood Demon Dynasty.

At this moment, it was obvious that Old Man Yun also saw this scene, his eyes suddenly showed joy, and he immediately shouted loudly and said: "Young man, you must be a casual cultivator in our demonic path. Really, as long as you are now Immediately cut off the head of this woman in green shirt. I am willing to accept you as my direct disciple and pass on my strongest inheritance to you. When the time comes, we will develop Moyun Castle together and dominate this frontier land. It will be popular. Drink something spicy..."

Poof!

But before Old Man Yun finished speaking, there was a sudden flash of sword light, and Old Man Mo Yun's head had been severed by Ye Feng, and fell to the ground with a "snap", completely dead. .??.

Old Man Moyun, die!

"this....."

Seeing this scene, the beautiful woman in green clothes not far away suddenly showed a look of deep surprise in her eyes. It seemed that she did not expect Ye Feng to have a choice so quickly, and directly killed the old man Mo Yun. .

At this time, Ye Feng suddenly looked at the woman in green clothes not far away and said loudly: "I will take the head of Old Man Yun."

After saying that, Ye Feng directly put Old Mo Yun's head into his storage ring.

When he returned to the Blood Demon Dynasty, it was proof that he would be rewarded based on his merits.

At this time, Ye Feng also put Old Mo Yun's body into his storage ring.

Waiting to secretly devour the strength and skill of the old man Mo Yun.

after all

The identity and origin of this green-shirted woman are very mysterious. Ye Feng is not sure whether the other party is an enemy or a friend, so he will not reveal his special devouring ability in front of the other party.

However, the other party helped him block Old Mo Yun for such a long time, allowing him to obtain all the wealth in Mo Yun Castle, so Ye Feng did not go to search for the woman in green shirt's wealth at this time because she could not move.

Ye Feng did not harm the green-shirted woman, but chose not to kill or save her, and walked quickly in a certain direction in the distance.

Ye Feng wanted to leave here before this beautiful woman in green clothes regained her strength.

But just when Ye Feng turned around, the woman in green shirt lying on the ground suddenly asked: "Are you really a loose cultivator of the devil?"

Ye Feng shook his head and said with a smile: "I'm not."

After finishing speaking, Ye Feng seemed to see the confusion in the eyes of the woman in green shirt. Ye Feng glanced at the royal masters of the Blood Demon Dynasty on the ground and said loudly: "These people want to rob me of my wealth and don't care at all. I am also a member of the Blood Demon Dynasty, so I killed them all."

Hearing what Ye Feng said, the woman in green shirt suddenly had a look of surprise in her eyes.

At this time, I finally understood why Ye Feng killed these royal masters.

It turns out that this group of royal masters wanted to covet Ye Feng's wealth, and died because of greed.

At this time, the woman in green clothes nodded slightly, and then she seemed to have thought of something, and said loudly: "Did you just say that you are a member of the Blood Demon Dynasty?"

Ye Feng nodded and said loudly: "Yes."

The woman in green shirt immediately showed a trace of her beautiful face.

With a smile, he said aloud: "I am also a master from the Blood Demon Dynasty."

"Um?"

Hearing what the woman in green shirt said, Ye Feng's eyes suddenly showed a trace of surprise, as if he didn't expect that the other party was also from the Blood Demon Dynasty.

However, Ye Feng knew that this woman in green shirt was very powerful, and she was probably a very powerful and noble person in the Blood Demon Dynasty.

At this time, Ye Feng nodded and said: "Now that the crisis is over and I have obtained the head of Old Man Yun that I want, I will leave directly."

"Wait a minute."

The woman in green shirt suddenly spoke up and said: "When I was fighting with Old Moyun just now, did you already plunder all the wealth in Moyun Castle?"

Hearing what the woman in green shirt said, Ye Feng's eyes suddenly condensed, and suddenly holding the long sword in his hand, with a trace of murderous intent in his eyes, he walked directly towards the woman in green shirt and said: "You too Imagine this group of other royal masters trying to steal my wealth?"

At this moment, Ye Feng said, directly raising the golden sword in his hand to cut off the head of the woman in green shirt.

But at this moment, the woman in green clothes suddenly stood up, exuding a very huge cultivation aura. It was a cultivation aura that Ye Feng could not resist. It was at least two or three realms higher than Ye Feng's current level. .

At this moment, Ye Feng immediately showed a hint of surprise in his eyes and said, "Have you recovered your cultivation?"

The woman in green shirt immediately smiled and said aloud: "Just when you killed Old Man Yun and spoke, I have secretly recovered some strength, but I am still far behind my peak. I I'm still very weak now, but if you want to kill me, it's impossible."

r\u003e

When Ye Feng heard what the woman in green shirt said, his eyes suddenly darkened, and he couldn't help but said: "You want to kill me? Like those royal masters, rob me of my wealth?"

When the woman in green shirt saw Ye Feng looking like he was facing a formidable enemy, she suddenly couldn't help but smile. An inexplicable smile appeared on her beautiful and cold face, and she said aloud: "I'm not so shameless. Since I said that I will give you the head of Old Mo Yun, then you can take it. After all, you have bought time for me. If you had not killed Old Mo Yun just now,

it is estimated that by this time, Mo Yun will be dead. The old man has also secretly recovered some strength, so it will be difficult to kill Old Man Yun."

Hearing what the woman in green shirt said, Ye Feng immediately breathed a sigh of relief, and then couldn't help but ask: "Who is the senior?"

Hearing Ye Feng call himself senior, an inexplicable look immediately appeared on the beautiful and cold face of the woman in green shirt.

But she didn't say much. After all, this was the first time someone called her senior, and it felt pretty good.

At this moment, the woman in green shirt said directly: "It doesn't matter who I am, the important thing is that we all come from the Blood Demon Dynasty, and I will not be as shameless as those greedy royal masters, and you are also You indirectly saved my life, of course I won't repay you."

When saying this, the woman in green shirt thought for a moment, and then said aloud: "The reason why I asked you if you have plundered the wealth of Moyun Castle is mainly because I want to know if you are in the underground treasure house of Moyun Castle. I found a broken map. That map is very important. I also have one in my hand. When combined into one, it becomes a complete map. It guides the inheritance place of an extremely special and powerful ancient figure. Originally, I wanted to be alone. I want to enjoy the inheritance of this ancient figure, but now I will tell you this big secret directly and am willing to share it with you. Of course, the premise is that you have obtained the other half of the map."
