

Ancient 4421

Chapter 4421 Who is he?

Time passes quickly, like running water without leaving a trace.

Half an hour passed in the blink of an eye.

Nie Qianqian pulled Ye Feng all the way and completely left the area where Mr. Evil Sword was active.

There is no danger here anymore.

At this time, Nie Qianqian looked at Ye Feng beside her, and couldn't help but said: "It's time for me to leave. I got a lot of good luck when I came out this time. I need to go back to the Demonic Sect to practice in seclusion. It will definitely improve my cultivation level greatly."

Hearing what Nie Qianqian said, Ye Feng also nodded, and then said loudly: "Then we will meet again later. When we meet next time, I hope my cultivation can catch up with yours."

When Nie Qianqian heard what Ye Feng said, there seemed to be a trace of reluctance on her cold and beautiful face.

But Nie Qianqian knows that everyone has different things and it is impossible to stay together all the time.

After all, the two of them are not in the same camp.

At this moment, Nie Qianqian just nodded slightly, as if she didn't want to say what she wanted to say in her heart, so she just asked aloud: "Then you will go back to the Blood Demon Dynasty directly?"

Ye Feng shook his head and said aloud: "I am on the border of the Blood Demon Dynasty and have some other things to complete. Once completed, I will return to the Blood Demon Dynasty."

When Nie Qianqian heard this, she nodded slightly and said nothing more.

She knew that Ye Feng was still staying on the border of the Blood Demon Dynasty, and he would definitely still need to deal with and kill the evil cultivators who were supported by the Demonic Cult and were causing trouble on the border of the Blood Demon Dynasty.

In this regard, Nie Qianqian couldn't say much. She could only nod, then jumped up, and her cold and beautiful figure had disappeared into the distance.

At this moment, Ye Feng glanced at the direction where Nie Qianqian disappeared, with a slight smile in his eyes.

Although the impression of Ye Feng from the Demonic Sect was not very good, Nie Qianqian, the core disciple of the Demonic Sect, still had a very good impression on Ye Feng.

If there is a chance in the future, Ye Feng even wants to drag Nie Qianqian into the camp of the Blood Demon Dynasty.

After all, Nie Qianqian's character is not bad, it's just that the two sides are in different camps, and there's nothing that can be done about it.

At this time, Ye Feng saw Nie Qianqian leaving completely and flying quickly towards the borderland of the Blood Demon Dynasty.

Regarding that Evil Sword Master, Ye Feng's heart is filled with murderous intent.

This evil sword master thinks

He wanted to get rid of himself, probably not only because he was a member of the Blood Demon Dynasty, but because he and Nie Qianqian seemed to be too close, which aroused the murderous intention of the evil sword master.

At this time, Ye Feng, with boiling murderous intent in his heart, flew quickly towards the border city of the Blood Demon Dynasty.

Now Ye Feng and Nie Qianqian accidentally came across the scope of activities of Mr. Evil Sword. Ye Feng naturally wanted to send this information to the demon elimination headquarters in the border city to see if he could contact Murong Changming, the old man, and the black unicorn is still in the demon-killing headquarters in the border city.

Ye Feng knew that his current cultivation strength was not enough to deal with Mr. Evil Sword alone, but he had helpers.

At this moment, Ye Feng had this idea in his mind and quickly flew towards the border city.

Time passes quickly, like running water without leaving a trace.

In the blink of an eye, a few days passed.

Ye Feng returned to the border city.

This made Ye Feng breathe a sigh of relief.

Fortunately, Mr. Evil Sword did not chase him.

Otherwise, I might just be able to run away in embarrassment.

This time, fortunately, I was with Nie Qianqian, otherwise, I would have been killed by the evil sword master.

At this time, Ye Feng quickly entered the border city.

In the garden of the Demon Slayer Headquarters, Ye Feng met the black unicorn again.

At this time, Ye Feng's eyes suddenly showed a look of surprise.

Because he saw that Black Qilin's appearance turned from the old man before to a bit younger.

Obviously, Black Qilin absorbed the vitality of heaven and earth during his absence, and his strength must have recovered a lot.

Ye Feng saw this change at this time, and was naturally very happy.

Because Black Qilin promised to help him for three years.

Therefore, the stronger the black unicorn recovers, the more helpful it will be for him now.

At this time, Ye Feng immediately stepped forward and said with a smile: "Senior Black Qilin, it seems that you have recovered a lot of strength during this period. You are getting younger and younger as you live."

Black Qilin smiled slightly at this time,

He said aloud: "This frontier place is very rich in heaven and earth resources. The Demon Slayer Headquarters seems to know that I have a good relationship with you, so it has sent a lot of training resources during this period, which has restored a lot of my strength."

When Ye Feng heard what Black Qilin said, his eyes revealed a look of surprise.

It seems that my status as the deputy sect leader of the scavenger department is quite good.

Not only did he arrange a residence in such a single-family house for himself, but he also gave his companions a lot of training resources.

Sure enough, in the Blood Demon Dynasty, people with high status did enjoy some privileges.

At this time, Ye Feng suddenly thought of the head of Old Man Yun stored in his storage ring.

At this time, Ye Feng immediately looked at Black Qilin and said loudly: "Senior Black Qilin, you come with me. I have something to talk to the commander of the Demon Slayer Headquarters."

Black Qilin immediately nodded without saying anything and followed behind Ye Feng.

Uh-huh! .??.

Uh-huh! .??.

At this moment, the two of them flew quickly towards the city lord's palace in the center of the border city.

When Ye Feng arrived at the City Lord's Mansion, he walked directly into the office of the Demon Slayer Headquarters inside the City Lord's Mansion.

At this time, Ye Feng said directly to a young girl behind the counter: "I want to see the commander-in-chief of the Demon Slayer Headquarters."

Hearing what Ye Feng said, the young girl couldn't help but rolled her eyes when she saw how young Ye Feng was, and said, "The Commander-in-Chief is very busy and has no time to see a young man."

Snap!

At this time, Ye Feng immediately took out the head of Old Man Yun from the storage ring, still stained with blood, and threw it on the counter.

"ah!"

This immediately frightened the young girl so much that she turned pale and couldn't help but scream.

"what's the situation?"

"Is anyone bullying our staff at the Demon Slayer Headquarters?"

In an instant, many staff members from the Demon Slayer Headquarters all around looked over, staring at Ye Feng with very angry eyes.

But when their eyes fell on the old man's head that Ye Feng threw on the counter, they were immediately stunned.

A staff member from the Demon Slayer Headquarters couldn't help but be shocked immediately.

He exhaled and said, "This is... is this the head of Old Man Moyun?"

"What?? Old Man Moyun's head?"

"So, Old Moyun was killed by this young man?"

"Oh my god, who is this young man? He is so powerful that he was able to kill Old Mo Yun and even brought back Old Man Mo Yun's head. How terrifying!"

At this time, many of the staff at the Demon Slayer Headquarters were extremely shocked.

Well-known figures in the evil cultivators like Old Man Yun, including Mr. Evil Sword, their portraits are hung in the lobby of the Demon Slayer Headquarters, so everyone knows them.

At this moment, the face of the young girl behind the counter suddenly changed from pale to deeply shocked. Then she looked into Ye Feng's eyes and suddenly showed unparalleled horror. She couldn't help but said: "It turns out it's us. A mysterious young master from the Blood Demon Dynasty!"

At this moment, the girl working behind the counter of the Demon Slayer Headquarters naturally made a 180-degree change in her attitude towards Ye Feng.

Because being able to kill Old Mo Yun and bring back Old Man Mo Yun's head is enough to show that Ye Feng's strength is unfathomable.

There is absolutely no problem with calling me "Sir".

At this time, the girl behind the counter immediately said: "Sir, please wait a moment. I will immediately notify the commander of our demon-killing headquarters."

Old Man Mo Yun is a well-known figure among casual cultivators. Old Man Mo Yun has been eliminated, which is definitely a big deal for the entire Demon Slayer Headquarters.

Moreover, this girl also knew that Ye Feng came here and took out the head of Old Man Yun in a majestic manner. She must be rewarded by the dynasty.

If we only get rid of the ordinary magic cultivators, ordinary staff like them can distribute rewards according to the actual situation.

However, the rewards for top demonic figures like Old Man Moyun are so high-end and generous that they need to be distributed personally by the commander of the Demon Slayer Headquarters.

"Who is this young man in white clothes and snow?"

"Can you actually kill a top demonic figure like Old Man Yun?"

"It's so shocking! Who is he??"

At this moment, everyone in the entire Demon Slayer Headquarters looked at Ye Feng, their eyes filled with deep wonder and curiosity.

Chapter 4422 Commander-in-Chief of Demon Slayer Headquarters

quiet!

Deadly quiet!

At this time, everyone in the entire hall of the Demon Slayer Headquarters was extremely shocked, and the whole place was completely silent.

Because no one thought that such a young-looking young man in white would actually have such a powerful cultivation strength and be able to kill top figures in the evil cultivators like Old Man Yun.

It's really shocking!

Because Old Man Moyun and Mr. Evil Sword are the key targets to be eliminated in the Demon Slayer Headquarters.

This is the frontier land of the Blood Demon Dynasty, and one of the most ruthless demon cultivators who committed crimes, burned, killed, and looted.

But now, Old Man Moyun was killed by Ye Feng.

Old Man Yun's head was placed on the table, reminding everyone. ??

This is real, this is not a dream!

At this time, the girl working behind the counter who had just gone to inform the commander of the Demon Slayer Headquarters had returned.

She hurriedly ran to Ye Feng.

At this moment, the girl was very awed and respectful, and said loudly: "Sir, please come with me. Although the commander-in-chief has something to do now, he wants to see you directly."

Ye Feng immediately nodded at this time, then stretched out his hand, holding Old Mo Yun's head, which was still dripping with blood, and walked quickly towards the inner area of the Demon Slayer Headquarters.

At this time, everyone looked at Ye Feng's back and felt deeply shocked.

This boy in white is really tough.

Just like that, he held the head and went in.

The girl who was working behind the counter before had her beautiful big eyes full of admiration and said loudly: "This is the real peerless young figure in our Blood Demon Dynasty, and his acting style is very tough. normal."

At this time, Ye Feng was alone, holding Old Man Yun's head, and had already reached the innermost area of the demon-killing headquarters.

In the innermost area of the Demon Slayer Headquarters, there is a separate hall.

This hall looks very simple, but it is where the commander of the Demon Slayer Headquarters lives and usually works.

At this moment, Ye Feng directly carried Old Mo Yun's head and walked in.

He immediately saw a tall, middle-aged man wearing black armor sitting here.

The top of the hall.

There were a lot of people around, and they seemed to be talking about something important.

But when Ye Feng walked in, everyone saw the human head in Ye Feng's hand, with deep astonishment in their eyes.

It seems that they did not expect that one of the biggest threats to the Demon Slayer Alliance, Old Man Yun, was actually dead.

And he was beheaded by such a young man in white clothes.

The head in the hand of this young man in white clothes is proof of this.

At this moment, everyone was staring at Ye Feng in surprise.

They suddenly recognized Ye Feng as a new member who had just joined the Blood Demon Dynasty.

Moreover, he also joined the most despised scavenger department in the Blood Demon Dynasty, that is, the rag-picking department.

Unexpectedly, he was so powerful in combat and achieved such great achievements.

At this time, many people were secretly shocked and envious in their hearts. There was such a peerless genius in the scavenger department, and the future was absolutely limitless.

Uh-huh!

At this time, the commander of the Demon Slayer Headquarters, who was sitting at the top, suddenly stood up.

Even the commander-in-chief of the Demon Slayer Headquarters had just heard the girl report that Ye Feng had killed Old Man Yun.

But now I saw with my own eyes the head of old man Mo Yun being held by Ye Feng, which was quite shocking.

After all, Old Man Yun has always been the focus of the Demon Slayer Alliance. Although he is slightly weaker than Mr. Evil Sword, he is also a well-known senior demon figure in the borderlands. He is very difficult and powerful.

Unexpectedly, he would die in the hands of such a young man in white.

At this moment, the commander of the Demon Slayer Headquarters waved his hands to both sides of the entire hall and said, "You guys should go out first."

"Yes, Commander."

A group of other core members of the Demon Slayer Headquarters in the main hall were all nodding their heads at this moment.

Then they looked at Ye Feng with deep surprise in their eyes,

Slowly left the central hall of the Demon Slayer Headquarters.

At this moment, only two people, Ye Feng and the commander of the Demon Slayer Headquarters, were left in the central hall.

At this time, the commander of the Demon Slayer Headquarters slowly stood up.

At this moment, the commander of the Demon Slayer Headquarters stared at Ye Feng with his majestic eyes, and then said loudly: "Very good, you actually killed Old Man Yun, a troublesome target for us. This time you made a decision Huge credit."

At this time, Ye Feng directly threw Old Mo Yun's head to the commander of the demon-killing headquarters in front of him, smiled slightly, and said loudly: "Commander, how much is my head of Old Mo Yun worth? Can you let me become The original nobleman in the Blood Demon Dynasty became a baron? "

"Um?"

Hearing what Ye Feng said, the commander of the Demon Slayer Headquarters immediately moved his eyes slightly.

He understood that the reason why Ye Feng wanted to see him alone was to obtain the status of baron as soon as possible.

In response to this, the commander of the Demon Slayer Headquarters immediately smiled and said: "Old Mo Yun's head is indeed of great value, but just relying on Old Mo Yun is not enough to make you a true noble. After all, once you become The nobles of our Blood Demon Dynasty will always be the noble figures in our Blood Demon Dynasty, so even the lowest baron is very difficult to become. After all, you have just joined our Blood Demon Dynasty, and without our blood demon dynasty, it is very difficult to become a baron. The royal bloodline of the Demon Dynasty, but this time you killed the old man Mo Yun and accumulated huge contribution points. I can give you a huge reward of training resources first. As for you who want to become a noble baron, you kill the old man Mo Yun. I will help you write down this contribution point. As long as you contribute more points, you should be able to become a baron. "

Hearing what the commander of the Demon Slayer Headquarters said, Ye Feng nodded slightly.

In fact, Ye Feng also knew that just relying on the head of an old man named Moyun could not directly make him a baron.

After all, he is just an old man named Moyun.

But according to the commander of the Demon Slayer Headquarters, as long as he kills some important figures among the demonic cultivators, he can become a real baron. There is no problem at all.

This made Ye Feng immediately think of Mr. Evil Sword.

At this moment, Ye Feng immediately

I couldn't help but asked: "If I can get Master Evil Sword's head again, can you make me a baron?"

"Um?"

Hearing what Ye Feng said, the commander of the Demon Slayer Headquarters was obviously stunned for a moment, as if he didn't expect Ye Feng's tone to be so loud.

But thinking that Ye Feng was able to use various methods to kill the old man Mo Yun, the commander of the Demon Slayer Headquarters knew that the boy in white in front of him was definitely an extraordinary guy.

The commander of the Demon Slayer Headquarters smiled at this moment, and immediately nodded very solemnly, and said loudly: "If you can really get the head of Mr. Evil Sword again, then I guarantee with my personality that you will accumulate The contribution points are definitely enough for you to become a real baron, and not only that, you can also get the attention of the real royal family of our entire Blood Demon Dynasty, who will give you huge training resources and focus on building your future! The peerless geniuses are working for our Blood Demon Dynasty. After all, our Blood Demon Dynasty knows that there will definitely be a destined all-out war with the behemoth of the Demonic Sect in the future, so we are now actively searching and cultivating various peerless geniuses. In the future, we will become our The pillar of the Blood Demon Dynasty."

Hearing what the commander of the Demon Slayer Headquarters said, Ye Feng's eyes suddenly lit up, then he nodded and said, "Okay, I understand."

Ye Feng decided that when he found Murong Changming, he would take Murong Changming and Black Qilin directly to the place where he knew Master Evil Sword's activities to hunt down Master Evil Sword.

Ye Feng did not directly tell the whereabouts of Mr. Evil Sword at this moment.

After all, Ye Feng wanted to get Master Evil Sword's head privately, so that it could become his own contribution point.

If I directly tell the commander of the Demon Slayer Headquarters about the scope of Mr. Evil Sword's activities now, and if this commander takes action, then there will be no contribution of my own. At most, it will be a small reward for providing information to myself.

So at this time, Ye Feng chose not to tell the commander, Mr. Evil Sword, the area and scope of his activities.

At this time, the commander of the Demon Slayer Headquarters in front of him smiled and said: "You killed Old Man Yun and brought his head. In addition to the accumulated contribution points, it can also give you additional cultivation resources. "Don't leave yet. I'll calculate how much I should give you and give it to you on the spot."

Chapter 4423 Hunting the Evil Sword Master

At this moment, after the commander of the Demon Slayer Headquarters finished speaking, he immediately began to calculate.

Finally, the commander of the Demon Slayer Headquarters took out a lot of cultivation resources from his storage ring.

These include a lot of elixirs, spiritual crystals, high-grade medicinal materials, etc.

At this time, the commander of the Demon Slayer Headquarters immediately smiled and said: "You will probably have to practice for a long time in the borderland, so you may encounter various dangers next. I will give you these various dangers. Pills and medicinal materials that can heal injuries, as well as some crystal stones that can restore mana, are the most useful to you now, allowing you to recover quickly after being injured. "

At this moment, Ye Feng's eyes suddenly lit up when he saw the commander of the Demon Slayer Headquarters giving these things.

This demon-slayer commander still understands himself very well and knows that he needs something like this that can replenish his energy.

Ye Feng immediately accepted it with satisfaction.

At this time, after Ye Feng received all the training resources, he clasped his fists and said loudly: "Commander, then I will leave directly."

"good."

The commander of the Demon Slayer Headquarters immediately nodded.

But at this time, Ye Feng seemed to have thought of something, and immediately couldn't help but asked: "By the way, Commander-in-Chief, I would like to ask Murong Changming, the leader of our scavenger department, where he is now and where he has returned recently. Is this the border city where our demon-killing headquarters is located?"

The commander of the Demon Slayer Headquarters in front of him immediately shook his head and said loudly: "As soon as Murong Changming came to this borderland, he received an order from the upper echelons of the royal family and brought many powerful people into the dark forest to find him. Mr. Evil Sword, who poses the greatest threat, has not been found yet. I don't know if something unexpected happened to him."

"Forehead....."

Hearing what the commander of the Demon Slayer Headquarters said, Ye Feng's heart suddenly thumped.

Did Brother Murong really fall into the dark forest?

However, Ye Feng had met Mr. Evil Sword face to face before, and carefully felt that the aura of cultivation emanating from Mr. Evil Sword was no stronger than Murong Changming.

\u003c

As a sect master-level figure in the Blood Demon Dynasty, Murong Changming is a strong man of the older generation, and his cultivation strength is still very strong.

It is impossible for Master Xie Jian to deal with Murong Changming with his personal strength.

What's more, Murong Changming also brought many other strong men with him.

Ye Feng was thinking in his mind at this time, then nodded and said loudly: "Okay, Commander, I understand, then I will leave first."

After saying that, Ye Feng walked out of the central hall directly.

When Ye Feng walked out of the Demon Slayer Headquarters, his face looked a little pensive.

Because Ye Feng did not find Murong Changming, an older figure in this border city.

At the beginning, Ye Feng's plan was to find Murong Changming, and then join forces with Black Qilin to deal with Master Evil Sword. There would be absolutely no problem and they could successfully hunt Master Evil Sword.

But now, Murong Changming will be unable to be contacted for a while.

If it were just Ye Feng and Black Qilin, it would be a bit difficult to successfully hunt down the Evil Sword Master.

But Ye Feng can't waste any more time now.

Because the scope of activities of Mr. Evil Sword is likely to change.

If he continues to wait, Mr. Evil Sword may not be in the area that Ye Feng knew before.

So at this moment, Ye Feng made a decision in his heart.

He directly looked at the Black Qilin waiting outside the headquarters, and then said aloud: "Senior Black Qilin, the two of us can't wait for Brother Murong anymore. Let's go directly to the area group in the dark forest to hunt down a powerful The evil cultivator, the evil sword master."

"good."

Black Qilin nodded slightly at this time, without any fear at all.

After all, the black unicorn

His current cultivation strength has also recovered a lot.

Moreover, the black unicorn itself was a ferocious evil beast from the ancient times. Even if its current strength is not one percent of what it was at its peak, he does not put a small person like Mr. Evil Sword in his eyes.

At this time, Ye Feng seemed to see Black Qilin's confidence, and felt relieved.

Although I didn't wait for Murong Changming, Black Kirin is also good.

Black Qilin has also recovered a lot of strength in this border city during this time.

The two of them join forces to hunt down the Evil Sword Master, and there is a chance of success.

So at this time, Ye Feng no longer wasted time, and directly took the black unicorn and flew out of the border city, flying quickly towards the dark forest area where Ye Feng and Nie Qianqian met the Evil Sword Master before.

...

Time passes quickly, like running water without leaving a trace.

In the blink of an eye, three days passed.

Ye Feng took Black Qilin and finally came to the area where he met Mr. Evil Sword before.

This is the deeper area of the Dark Forest.

Buzz!

At this moment, Ye Feng exuded his huge soul power and perception to detect the aura left by Mr. Evil Sword recently.

Ye Feng prayed in his heart, hoping that Mr. Evil Sword had not left this activity area.

Sure enough, the moment Ye Feng emitted soul power to explore, he immediately sensed some of the life breath and energy fluctuations of Mr. Evil Sword.

This is the latest aura left by Mr. Evil Sword nearby. Ye Feng has met Mr. Evil Sword face to face, so Ye Feng is very familiar with this aura.

At this time, Ye Feng's eyes suddenly lit up, and then he looked at the Black Qilin beside him, and said solemnly: "Senior Black Qilin, that Evil Sword Master's cultivation is still very strong, probably better than mine now. The cultivation level of the Yuanhai realm is two or three higher realms, and it is possible that the Yuanhai realm

, a powerful existence in the Taiyin Realm above the Heavenly Palace Realm, or even the Beidou Realm above the Taiyin Realm! So this Evil Sword Master is quite powerful, so we have to be careful. "

Hearing what Ye Feng said, Black Qilin nodded.

Although he was a ferocious beast from the ancient times, he didn't pay much attention to the practitioners of later generations.

But Black Qilin knew that the fact that Ye Feng spoke so solemnly meant that this Evil Sword Master was indeed very powerful and not an ordinary person.

Black Qilin is not alone now, there is also a young man named Ye Feng who needs to be taken care of.

So Black Qilin nodded quite solemnly at this time and said loudly: "At that time, it will be mainly left to me to deal with that Evil Sword Master. Ye Feng, you can just assist in the attack."

Ye Feng immediately nodded and said with a smile: "Although my current martial arts cultivation level is indeed unable to intervene in your battle with Mr. Evil Sword, don't forget that I am still a powerful and mysterious soul master. When the time comes, I will look for the opportunity and use a huge soul attack to severely damage the evil sword master. I have been practicing in the dark forest recently, but I have recently cultivated a very strange and powerful soul level. The inheritance is called Dark Curse. Let me take this Evil Sword Master as my first test subject to see if the Dark Curse, the stunt that the Dark Demon Saint became famous for, is really as powerful as the legend says. "

Buzz!

And just as Ye Feng was talking, Ye Feng suddenly sensed a very secret wave, which was rapidly transmitted from a certain direction not far away.

It was the power and aura of Young Master Evil Sword that was pulsing.

Ye Feng's eyes suddenly lit up and he said loudly: "I have determined the specific location of Young Master Evil Sword. Let's get there quickly. This guy is my bargaining chip to become the noble baron of the Blood Demon Dynasty."

Ye Feng did not directly devour the training resources given to him by the commander of the Demon Slayer Headquarters, because there was a big battle with Mr. Evil Sword next, and most of those resources were for healing purposes, so he kept them for now and might use them later.

Chapter 4424 Battle Strategy

At this moment, Ye Feng sensed the cultivation aura of Mr. Evil Sword not far away, and naturally led the black unicorn to slowly and sneakily approach in that direction.

On the way, Ye Feng couldn't help but said to Black Qilin: "Senior Black Qilin, you must pay attention to this hunting, because Mr. Evil Sword wanted to kill me directly before, so I have a certain killing intention for him. In addition, the head of Mr. Evil Sword, a practicing demon cultivator, can bring me huge contribution points, allowing me to become a noble of the Blood Demon Dynasty."

Hearing Ye Feng's solemn words, Black Qilin nodded solemnly again and said, "Don't worry, I will definitely do my best."

At this time, when Ye Feng heard Black Qilin's assurance, he immediately nodded.

The reason why Ye Feng took the trouble to remind Black Qilin many times was to prevent Black Qilin from underestimating the enemy.

Because Ye Feng knows that the black unicorn is a ferocious beast from the ancient times, and now its strength has recovered a lot, so he may despise the opponent.

But Ye Feng knew very well that Mr. Evil Sword was definitely a very terrifying figure, not as simple as imagined.

After all, being able to be supported by the Demonic Sect must be very powerful, and he is probably much more powerful than Old Man Moyun.

Although Ye Feng's current cultivation strength has improved a lot, there is still a chance of failure if he joins forces with Black Qilin to hunt down the Evil Sword Master.

At this time, Ye Feng and Black Qilin slowly approached the location where Ye Feng sensed the aura.

Soon, they looked through the dark jungle and saw Master Evil Sword fighting a dragon in the water on a lake in front of them.

This dragon under the water is a dragon covered with golden scales. It has two heads and looks very strange.

However, this golden dragon that lives under the water is no match for Mr. Evil Sword after all.

It won't do for the young master to cause any harm.

In the end, this golden dragon was killed by Mr. Evil Sword with a single sword strike.

The black giant sword in Mr. Evil Sword's hand seems to have inexplicable power, making Mr. Evil Sword very powerful in combat.

At this time, Ye Feng immediately noticed this.

Ye Feng immediately had a fighting strategy in mind.

That is to take advantage of the battle between Black Qilin and Young Master Evil Sword later, and give priority to destroying the black giant sword in Young Master Evil Sword's hand.

The black giant sword in the hands of Mr. Evil Sword is very powerful, and it will definitely be difficult to destroy it with ordinary weapons.

But in Ye Feng's hand, he has the Heavenly God Clan's peerless treasure, the Heavenly God Ring. The weapon turned into is very sharp and should be able to destroy the black giant sword in the hands of Master Evil Sword.

As long as the black giant sword in Master Evil Sword's hand can be destroyed, Master Evil Sword's combat effectiveness will be greatly reduced.

Because Ye Feng could see that the black giant sword in Mr. Evil Sword's hand was one of the main things that brought him great power during the battle.

At this moment, Ye Feng had a plan in mind, and immediately looked at the Black Qilin beside him, and said loudly: "Senior Black Qilin, you can take action directly, but you don't want to appear in human form, you directly transform into your The main body turned into a huge dark unicorn. In this case, the evil sword master must have thought that it was a beast running out of the dark forest, so that he would not be reminded that there might be other people around him. When Senior Black Qilin came to you, I would secretly lurk in the surrounding void, and then when Young Master Evil Sword wasn't paying attention, I would use my soul attack to inflict a huge wave of damage on him."

At this moment, Ye Feng was speaking, with murderous intent boiling in his tone, and there was also a hint of conspiracy in it.

Ye Feng is preparing to unleash a vicious wave of evil against Young Master Evil Sword!

"good."

Hearing what Ye Feng said at this moment, the black unicorn immediately nodded, and then the entire human race's form suddenly changed on the spot, and it quickly expanded into his body and turned into a huge... Black unicorn. .??.

Then the black unicorn roared and rushed forward.

At this moment, by the lake in the dense forest ahead, Mr. Evil Sword was preparing to put the golden dragon in front of him that he had just killed into his storage ring to refine it.

But suddenly he heard a huge roar.

The next moment, Mr. Evil Sword suddenly saw a dark unicorn as big as a small mountain rushing towards him from a certain direction not far away.

This dark unicorn is a very divine horse. It is different from ordinary evil beasts and looks very ancient.

At this moment, Young Master Evil Sword was not surprised but overjoyed. He couldn't help but said loudly: "It turned out to be an extremely ancient and rare black jade unicorn. It's not bad. It should be a beast deep in the dark forest. It ran here, and it's on its body." His cultivation aura seems to be very weak, and he must have been seriously injured. I didn't expect you to meet me, so I really got a big advantage."

At this moment, after Mr. Evil Sword finished speaking, he held the black giant sword in his hand and charged directly towards the black unicorn, trying to kill the seriously injured black unicorn.

At this time, Master Evil Sword only had Black Qilin in his eyes. Because Black Qilin was now seriously injured, Master Evil Sword was not afraid, and he felt that he had gotten a big deal.

If you can put this end

If the seriously injured Black Qilin is subdued, Master Evil Sword will have an extremely powerful mount.

Boom! !

At this moment, the black unicorn opened its mouth and spat out a terrifying wave of dark flames, attacking in the direction of the evil sword master.

The Evil Sword Master laughed loudly at this time, and directly used an extremely powerful magic sword inheritance: Dark Sword Wheel!

Boom! !

Almost at this moment, Master Evil Sword was seen waving the black giant sword in his hand.

The black giant sword in his hand suddenly spun quickly, and then turned into thousands of black sword lights and sword shadows, directly forming a huge dark light wheel, spinning rapidly in the sky, with a very powerful The terrifying cutting power seemed to be able to tear open a crack in the entire world, and it directly attacked the black unicorn.

At this moment, Black Qilin also felt the crisis.

He was extremely surprised. This Evil Sword Master was indeed very powerful and could compete with him now.

At this time, the black unicorn just roared and roared, and also displayed an extremely powerful bloodline inheritance: the long river of dark flames!

boom! boom! boom.....

At this time, endless dark flames suddenly burst out from Black Qilin's body, forming long rivers of flames around him, which directly collided with the thousands of sword lights and sword shadows released by the Evil Sword Master. Together.

Boom! !

At this moment, the entire field suddenly erupted with a huge roar.

The entire sky, and even the entire surrounding dark forest, were shaking violently.

Countless trees and mountains around were crushed to pieces by the aftermath of the terrifying collision energy.

Chapter 4425 Why is it worse than me?

Rumble...

I have to say that both Young Master Evil Sword and Black Qilin are very powerful.

The aftermath of the collision caused by the battle between them was so terrifying that the entire surrounding world was about to be destroyed.

At this time, amid the aftermath of countless collisions and divine light, Master Evil Sword stared at the black unicorn, and immediately laughed out loud: "Even if you are a ferocious beast in the dark forest, you may even be the top one in the dark forest back then. Overlord evil beast, but you have suffered heavy losses now, and your strength is less than one percent of what you were at your peak. You will not be my opponent at all. If you happen to meet me today, then it means you are unlucky, and you will definitely be hit by me. Kill, or if you choose to surrender to me and become my mount, I can spare your life."

When the black unicorn heard what Mr. Evil Sword said, he didn't bother to talk nonsense at all. He just raised his huge unicorn hoof and blasted away in the direction of Mr. Evil Sword.

At this time, Mr. Evil Sword saw that the black unicorn was still going to attack him. He immediately smiled coldly, with a gloomy expression on his face, and said loudly: "You are stubborn! Then I will kill you." , Anyway, even if you don't become my mount and kill you, I can still get a huge reward. Your ancient black jade unicorn is full of treasures."

At this moment, Young Master Evil Sword once again displayed an extremely powerful inheritance of demonic practice:

"Devil Sword Realm."

Uh-huh! Uh-huh! Uh-huh! Uh-huh! ...

Almost at this moment, thousands of bright sword lights burst out from Master Evil Sword's body.

The black giant sword in his hand suddenly decomposed into very small black long swords, and directly transformed into a field of ten thousand swords. The figure that rushed towards the black unicorn was instantly trapped in a huge field. among.

In this area, there are long black swords floating everywhere, frantically heading towards the black unicorn to assassinate them.

At this time, when Master Evil Sword saw this scene, he immediately burst into laughter and said, "Just wait to die slowly in the realm of my Demon Sword."

At this time, Master Evil Sword maintains this realm, constantly outputs his huge mana, and enters this Demon Sword realm, hoping to use this up to exhaust the power of the Black Kirin.

At this time, Mr. Evil Sword smiled coldly and said: "Mo Yu Qilin, you are just fighting a trapped beast now, and you will eventually die in my hands."

At this moment, Mr. Evil Sword's face seemed to be full of confidence. He was very proud of his magic sword field and felt that the black unicorn would definitely not be able to break through this magic sword field.

r\u003e

In fact, Black Qilin was also quite shocked at this time.

The inheritance of this Evil Sword Master is indeed very powerful, each one is more powerful than the other. He will really have no way to escape from this Demon Sword Realm for a while and will have to be trapped in it.

But Black Qilin was not too nervous at this time, because he knew that he had succeeded in attracting Master Xiejian's main attention.

At this time, Master Evil Sword was doing all he could to maintain the operation of the entire Demon Sword Domain, trapping the Black Qilin.

So at this time, Mr. Evil Sword didn't know, and didn't notice at all, that there was a very weak practitioner in the void, slowly approaching behind him.

Boom!

Almost at this moment, Ye Feng immediately displayed from the void the strongest inheritance of the extremely powerful Dark Demon Saint that he had learned before, that is, the attack method at the soul and spiritual level, the Dark Curse.

Buzz!

At this moment, an invisible, terrifying and strange force suddenly bombarded Master Evil Sword's mind.

Mr. Evil Sword had no time to react.

And even if he senses it, there is no way to resist it.

At this moment, Mr. Evil Sword was suddenly attacked by the dark curse cast by Ye Feng.

"ah!"

The next moment, Mr. Evil Sword immediately screamed, and the confident smile on his face suddenly turned into deep shock and anger. He couldn't help but yelled crazily: "Who is attacking me? ?"

At this time, the Evil Sword Master frantically held the black giant sword in his hand and slashed around because he had no idea where his opponent was.

At this moment, Young Master Xie Jian suddenly felt a chill in his heart.

Did this black unicorn come out on purpose to attract all his attention?

The purpose is to let the person secretly attack you.

However, Mr. Evil Sword was somewhat fortunate at this time because the person who secretly attacked seemed to be very weak. His spirit and soul seemed to have suffered some damage, but it seemed that the damage was not serious.

But before Mr. Xie could be happy, he suddenly discovered to his horror that his whole body was open.

Black hair began to grow rapidly.

And this black hair is frantically sucking all his life force away.

The more life force it absorbs, the more black hair will grow on its body.

The more black hair there is, the stronger the life force absorbed. ??

It can be said that we instantly fell into a vicious cycle!

This strange and terrifying scene happened to him, and Master Xie Jian was immediately frightened to the extreme.

Because he had no way to stop the spread of this strange dark curse.

At this moment, Mr. Evil Sword immediately shouted in horror: "Impossible? Is this a dark curse that has been lost for a long time? Who can control the power of this ancient dark curse! Impossible! Absolutely impossible!"

At this moment, Young Master Xie Jian was extremely frightened.

No one understands this dark curse better than he does.

Because the dark curse is one of the most terrifying and ancient spells in their magic.

Mr. Evil Sword knows that once he is entangled with such a thing, he may be tortured by the dark curse for the rest of his life.

The Evil Sword Master immediately couldn't help but screamed: "Who is so vicious?? Put the dark curse on me? Who is secretly cursing me?"

Uh-huh!

At this moment, Ye Feng suddenly flew out of the void.

Ye Feng smiled indifferently and said, "It's me."

"It's you ant!"

At this moment, Master Xiejian saw Ye Feng and recognized him immediately.

This boy in white is exactly the weak ant who stood with Nie Qianqian, one of the ten core disciples of Mosha Cult.

At that time, in the eyes of Young Master Xie Jian, this was just a little ant that he could kill easily.

Mr. Evil Sword never thought that he would be plotted against by this ant-like thing.

At this moment, Mr. Evil Sword immediately looked at the huge black jade unicorn not far away, and found that the black unicorn was already standing beside Ye Feng, transforming into an old man.

At this time, Young Master Xie Jian suddenly realized everything and understood everything.

This black jade unicorn rushed out of the forest on purpose. The purpose was to attract all his attention so that Ye Feng could use this vicious soul attack method to attack him.

At this moment, Young Master Evil Sword suddenly felt very weak.

Because the black hair growing all over his body has almost drained all his life force.

"I can not be reconciled!!"

At this moment, Mr. Evil Sword immediately shouted unwillingly: "I have unlimited prospects and future! I am not willing to die in such an ant's plot! I also want to get the most beautiful woman in the Demon Sect! I still have great ambitions to control the entire Northern Territory! I can't just die like this!"

"Yuyou Cangtian, how can you be so inferior to me!!"

The Evil Sword Master yelled crazily, shouted in terror, roared in anger, and struggled hysterically.

However, everything is of no use.

The Evil Sword Master was finally cursed to death by the dark curse.

The body was covered with black hair, and all the life force was completely drained. He fell from Gao Gong and became a corpse.

"hiss!"

Seeing this scene, Ye Feng couldn't help but sigh.

Unexpectedly, the dark curse was much more powerful than I imagined.

But the main reason is that the battle between Black Qilin and Young Master Evil Sword has consumed most of Young Master Evil Sword's strength, leaving Young Master Evil Sword with no remaining energy to fight against the dark curse.

After all, Ye Feng had deeply felt the feeling of the dark curse back then. It was very strange, very difficult, and very scary.

This evil sword master can't stop this weird thing at all.

Although Mr. Evil Sword's martial arts cultivation is indeed very powerful, encountering this weird curse at the soul level is like a dimensionality reduction blow to him, and there is no way to solve the damage caused by the dark curse.

In fact, this is the scariest thing.

If there is any attack or damage, it is generally fine if it can be recovered and resolved.

If you encounter the kind of weird damage that cannot be solved, such as the dark curse and similar weird curses, this is the most terrifying thing, because there is no solution at all.

"What a weird curse."

At this moment, looking at the evil sword master covered with black hair and lying dead on the ground not far away, even the black unicorn, a beast from the ancient times, couldn't help but feel a little cold in his eyes.

Black Qilin glanced at Ye Feng in surprise, as if he didn't expect that Ye Feng, a young human race, could actually master such a weird soul attack method, and also such a very vicious soul curse.

Chapter 4426 Heavy atmosphere

"Finally, I killed Mr. Evil Sword..."

At this time, Ye Feng's eyes suddenly showed deep relaxation as he stared at the evil sword master with black hair on the ground.

Because Ye Feng has always felt that Mr. Evil Sword is a very powerful person, more terrifying than Old Man Yun.

And this time, Ye Feng and Hei Qilin hunted Master Evil Sword together, so the danger was still great.

After all, Ye Feng's original plan was to gather Black Qilin and Murong Changming to hunt down the Evil Sword Master, which was the safest.

But the power of the dark curse far exceeded Ye Feng's imagination. It was too terrifying and weird.

Even Mr. Evil Sword can't resist this weird power of curse.

At this moment, although Mr. Evil Sword has had all his life force sucked out, his skill is still there, but his blood is gone.

So at this moment, Ye Feng immediately released the Devouring Domain and began to devour the Evil Sword Master.

Then Ye Feng took out all the training resources that were given to him by the commander of the Demon Slayer Headquarters in his storage ring. .??.

Finally, Ye Feng began to devour.

"boom!!"

At this moment, a huge amount of energy was immediately injected into Ye Feng's dantian.

Ye Feng could immediately feel that his skill and cultivation aura were rising rapidly and continuously.

"boom!"

Yuan Hai Realm Seventh Heaven!

"boom!"

Yuan Hai Realm Eighth Heaven!

"boom!"

Yuan Hai Realm Ninth Heaven!

"boom!"

The tenth level of Yuanhai Realm is complete! !

"boom!"

Half step to the Heavenly Palace realm! !

Finally, the cultivation aura on Ye Feng stopped.

At this moment, Ye Feng's eyes were filled with deep excitement.

Unexpectedly, after devouring the training resources given to me by the Evil Sword Master and the Commander-in-Chief of the Demon Slayer Headquarters, I could break through so much at once, directly reaching the half-step Heavenly Palace realm above the Yuanhai realm.

Although he only stepped into the Tiangong realm with one foot, it was already enough for Ye Feng.

Ye Feng could feel that his combat effectiveness had been greatly improved at this moment.

After all, so many breakthroughs were made at once.

At this time, the black unicorn on the side sighed and said: "Ye Feng, your swallowing ability is really amazing. If you are given enough time, I will give you enough energy to swallow." , can you grow into a being more powerful than any existence in the world? Even the ancient gods are not your opponent. After all, the gods also have their own upper limit of cultivation, but as long as you have enough devouring ability, If you swallow the energy, you will be able to continuously break through your own cultivation and become stronger, even surpassing the gods? "

Hearing what Black Qilin said, Ye Feng just smiled and said, "Maybe."

At this time, seeing Ye Feng's calm words, Hei Qilin could not help but shake his head and smile, with a hint of wonder in his eyes.

Because even the legendary gods from ancient times have their own upper limit for cultivation.

After reaching a certain level, if you cannot understand the rules of the world or break through your own state of mind, there is no way to continue to break through.

But Ye Feng doesn't have these trivial things at all. He can simply swallow the energy of the outside world to break through himself. There seems to be no upper limit for his cultivation.

Therefore, even ancient evil beasts from the immemorial era such as the black unicorn were deeply amazed by Ye Feng's ability.

At this moment, after Ye Feng had broken through so many cultivation levels and entered the Half-Step Heavenly Palace realm, he suddenly felt a lot more confident.

Ye Feng immediately looked at the black unicorn beside him and said with a smile: "Killing this evil sword master this time has really brought huge benefits. Let's leave directly."

Black Qilin immediately nodded.

At this moment, Ye Feng picked up Mr. Evil Sword's storage ring from the ground.

Then he cut off the head of Mr. Evil Sword and put it into his storage ring.

After all, this is what proves that I killed the Evil Sword Master.

Then Ye Feng no longer hesitated and directly took Black Qilin with him

He left this dark forest directly.

On the way back to the Demon Slayer Headquarters in the border city, Ye Feng opened the evil sword master's storage ring, and his eyes suddenly lit up.

Because the evil sword master's storage ring contains very rich things, including many good things from the devil's way.

For example, some of the powerful inheritances in the demonic path include the two very powerful inheritances that Mr. Evil Sword just displayed, namely the Dark Sword Wheel and the Demonic Sword Domain.

These two powerful magical inheritances need to be completed with the magic sword in their hands.

Fortunately, Mr. Evil Sword's natural weapon, the black giant sword, was still there.

Buzz!

At this moment, Ye Feng took out the black giant sword of Mr. Evil Sword, and then refined it on the spot.

After all, this black giant sword lost the control of its original owner, and naturally had no ability to resist it. It was instantly refined by Ye Feng.

There was a sword spirit will among them, which originally did not submit to Ye Feng, but was instantly eliminated by Ye Feng.

Therefore, the black giant sword has been completely controlled by Ye Feng since then.

Through this black giant sword, Ye Feng can display the Dark Sword Wheel and the Demonic Sword Domain, the natal inheritance of these two extremely powerful evil sword masters.

These two sets of inheritances were probably not taught to Master Xiejian by Mo Sha, but were inheritances that Master Xiejian might have found from other ancient ruins.

Otherwise, Mr. Evil Sword would not have been able to achieve the fame he has now, making even the Demonic Sect take him very seriously.

At this time, Ye Feng found a small brocade box from the evil sword master's storage ring.

The little brocade box that Mr. Evil Sword used must contain something particularly important.

Ye Feng opened the lid of the box and immediately saw a small white bead inside.

Buzz!

This white bead exudes very rich life energy.

The black unicorn next to him immediately looked over and couldn't help but exclaimed: "This seems to be a life elixir refined from the life fruit tree."

When Ye Feng heard what Black Qilin said, he immediately understood that this white bead was a very special one.

Pills can enhance a person's vitality.

At this moment, Ye Feng immediately smiled generously, handed the precious life elixir directly to Black Qilin, and said loudly: "Senior Black Qilin, you don't have much life, I give you this life elixir, you swallow it After taking it, it will definitely extend your life again. "

Hearing what Ye Feng said, Black Qilin was immediately very moved.

Because Ye Feng really fulfilled all the promises he promised at that time.

As long as it is related to life extension, priority will be given to Black Kirin for direct use.

At this moment, looking at Black Qilin's grateful eyes, Ye Feng nodded with satisfaction.

Because Ye Feng knew that he would need huge help from Black Qilin next.

Therefore, the longer the black unicorn's lifespan is, it will naturally be of huge benefit to itself.

As for the three-year agreement between himself and Black Qilin, after three years, Ye Feng felt that Black Qilin would never leave him.

Because it is much more beneficial for Black Qilin to follow him than to go out alone.

Next, Ye Feng and Black Qilin concentrated on their journey and flew quickly towards the border city.

...

Time passes quickly, like running water without leaving a trace.

In the blink of an eye, three full days passed.

Ye Feng and Black Qilin finally returned to the border city.

But at this time, when they entered the city, they immediately felt a heavy atmosphere.

"Um?"

"The whole city seems to have a heavy feeling that a storm is coming."

This made Ye Feng's eyes suddenly reveal a look of surprise.

Why does it feel like the atmosphere in the entire border city suddenly became much more depressing.

At this moment, Ye Feng immediately took the black unicorn and flew quickly in the direction of the demon-killing headquarters.

On the one hand, Ye Feng wanted to immediately hand over the head of Mr. Evil Sword to the commander of the Demon Slayer Headquarters so that he could help him upgrade to a noble baron of the Blood Demon Dynasty.

On the other hand, Ye Feng also wanted to ask why the atmosphere in the border city suddenly became so heavy. Is there any huge danger coming?

Chapter 4427 How to do it

Uh-huh!

Uh-huh!

At this time, Ye Feng did not hesitate at all and quickly flew towards the central city lord's palace of this frontier city with the black unicorn.

When Ye Feng came to the City Lord's Mansion, he immediately saw the Demon Slayer Headquarters working in the City Lord's Mansion. There was a very solemn atmosphere throughout.

At this moment, Ye Feng immediately understood. It seemed that something special had really happened in this borderland of the Blood Demon Dynasty.

Otherwise, the atmosphere in the Demon Slayer Headquarters would not have become so tense all of a sudden.

Soon, Ye Feng took Black Qilin directly to the central hall of the Demon Slayer Headquarters.

At this time, Ye Feng did not let anyone report, and just walked in with Black Qilin.

When Ye Feng opened the door, he immediately saw a very serious atmosphere in the entire hall.

The entire core members of the Demon Slayer Headquarters are among them.

And what surprised Ye Feng was that the head of the scavenger department that he had been looking for, Murong Changming, was also sitting inside.

Seeing Ye Feng walking in directly at this time, Murong Changming's eyes suddenly showed a look of surprise, as if he did not expect that Ye Feng, the little brother of the scavenger department, would actually appear here.

At this time, the commander of the Demon Slayer Headquarters was not angry when he saw Ye Feng just barging in.

Because he knew that Ye Feng was such a tough person.

Of course, the main reason is because Ye Feng is a peerless genius, so his status is naturally higher than others. Naturally, the commander-in-chief of the Demon Slayer Headquarters will not care about Ye Feng's more unreasonable actions. Instead, he appreciates Ye Feng's straightforwardness. Straightforward personality.

At this time, the commander-in-chief of the demon-killing headquarters stood up, looked at Ye Feng who walked in from outside the hall, and immediately said with a smile: "Ye Feng, you are back, let's join this discussion together. , you are now qualified to participate in the core meeting of our demon-killing headquarters. Now a very huge problem has arisen in our borderland, and we need to gather all core members to discuss how to deal with it. You are here just in time."

The commander-in-chief of the demon-killing headquarters knew that Ye Feng's ability to find a way to get rid of a well-known figure in the demon cultivator like Old Man Yun showed that Ye Feng's comprehensive ability was still very strong.

Moreover, the commander-in-chief of the Demon Slayer Headquarters also knew that the black-haired old man following Ye Feng was an extremely terrifying guy, and even he could not see through it.

Therefore, the arrival of Ye Feng and Black Qilin is naturally very welcome. After all, the Demon Slayer Headquarters is currently short of experts.

At this moment, Ye Feng instantly took out a ring from his storage ring under the horrified gazes of everyone in the hall.

The head was then thrown to the ground.

"Click" sound!

The head on the ground is the head of Mr. Evil Sword.

"This is....."

"What??"

"This head is actually the head of Mr. Evil Sword??"

"Am I right? How is this possible?"

"Master Evil Sword died like this? Another big figure in the devil's path died in the hands of this young man wearing white clothes and winning the snow??"

At this moment, everyone in the entire central hall was extremely shocked.

The entire field immediately fell into a dead silence.

quiet!

Deadly quiet!

At this moment, everyone in the entire central hall held their breath.

Because the weight of Mr. Evil Sword is much heavier than that of Old Man Yun.

But now, Master Evil Sword's head suddenly appeared here and was killed by Ye Feng. Naturally, everyone was shocked to the extreme.

Even Murong Changming's eyes widened slightly at this moment and he stared at Ye Feng.

He never thought that his little brother would be so powerful now.

Even the peerless figure among the evil cultivators, Mr. Evil Sword, whom he had been chasing for many days but could not catch, was killed by Ye Feng, and he brought back a head.

Although Murong Changming knew that the black unicorn following Ye Feng was an extremely scary guy.

But Mr. Evil Sword is not weak either.

Moreover, the black unicorn is now in a weak state, and its strength is far from being restored.

Ye Feng and Hei Qilin were able to find the Evil Sword Master and successfully hunt him down. This was truly a feat, something that many people simply could not accomplish.

But Ye Feng did everything.

It seemed that Mr. Evil Sword was very unwilling before he died, and his face was a little distorted.

It shows that Ye Feng's methods are very powerful, which makes Master Xiejian feel very shocked.

At this time, the commander of the Demon Slayer Headquarters suddenly stood up from his seat, stared at the head of Mr. Evil Sword thrown by Ye Feng on the ground, and immediately couldn't help but exclaimed: "Evil Sword" Young Master's head? Is this the head of Young Master Evil Sword? Ye Feng, you killed Old Man Yun before, but you didn't expect to kill Young Master Evil Sword again, and in such a short period of time.

I killed Mr. Evil Sword and brought back his head. This is really incredible! "

At this moment, even the commander of the Demon Slayer Headquarters felt deeply shocked and unbelievable.

Because Ye Feng's method is so magical and powerful.

After all, it was only a few days ago when Ye Feng came to the Demon Slayer Headquarters and handed over Old Mo Yun's head.

But just a few days later, Ye Feng brought back the head of Mr. Evil Sword.

this.....

It's really shocking!

"How on earth is this done?"

Everyone was amazed.

After all, even Murong Changming led a group of core members of the Demon Slayer Headquarters into the dark forest and searched for nearly a month, but they could not find any trace of Mr. Evil Sword.

But Ye Feng not only found Mr. Evil Sword.

Moreover, he also killed the Evil Sword Master.

This is really incredible!

So at this moment, even if the commander-in-chief of the Demon Slayer Headquarters was a majestic figure with great power, his eyes were filled with deep shock at this moment, and he felt deeply shocked and unimaginable.

At this moment, Ye Feng smiled slightly and said, "Can I become a noble baron of the Blood Demon Dynasty now?"

Hearing what Ye Feng said, the commander of the Demon Slayer Headquarters couldn't help but nodded and said loudly: "Of course, you can get rid of Old Man Yun and Young Master Xie Jian, the two most famous demon cultivators in succession. Your merits and contributions are enough to make you a noble of our Blood Demon Dynasty and a true baron-level figure. From now on, you will be a noble-like existence in our Blood Demon Dynasty and enjoy privileges. "Anyone who sees you must be respectful to you as long as they are not nobles."

At this moment, the commander-in-chief of the Demon Slayer Headquarters said, and directly collected the head of Mr. Evil Sword on the ground.

Then he looked at Ye Feng and said very happily: "I will report this matter to the upper echelons of the royal family as soon as possible. At that time, the upper echelons of the royal family will cast an exclusive baron token for you. When the baron token arrives by express delivery, Frontier City, after I receive it, I will hand it over to you."

Ye Feng immediately nodded, very happy that he finally became the baron of the Blood Demon Dynasty.

This is of great significance to Ye Feng's goals.

Because Ye Feng's goal is to climb to the highest point of power in the Blood Demon Dynasty step by step.

And then secretly control the whole thing

The Blood Demon Dynasty controls this behemoth for its own use.

At this moment, Murong Changming came to Ye Feng all of a sudden, with a sigh in his eyes, patted Ye Feng's shoulder, and said loudly: "Brother Ye Feng, you really did it for us this time." The Scavenger Department is so shameless! If this news gets out, it will definitely cause a sensation in the palace, and our Scavenger Department will definitely become famous this time!"

Seeing Murong Changming so happy, Ye Feng also had a slight smile on his face.

Then Ye Feng seemed to suddenly think of something, and immediately said: "By the way, Brother Murong, there is something that I have been entrusted to tell you."

"What's up?"

Murong Changming's eyes suddenly showed doubts.

Is Ye Feng being entrusted by someone?

But what could Ye Feng have to say to himself?

Suddenly, Murong Changming thought of something, and immediately couldn't help but change his face slightly, and said loudly: "Brother Ye Feng, what you want to tell me, could it be related to the family behind me?"

Ye Feng immediately nodded, and then said aloud: "The family behind you wants you to return to the family, help the younger generation of the family, and open up the inheritance place left by the ancestors, because only you are the most unique. Only with the 'Ancient Flame Nine-Headed Dragon Bloodline' can we open up the inheritance place left by your family's ancestors, allowing the new generation of Murong family to enter the inheritance place, and strengthen the new generation's strength and heritage of the entire family."

Hearing what Ye Feng said, Murong Changming suddenly had a cold look in his eyes, as if he was thinking of some painful past.

Then Murong Changming spoke up and said: "Brother Ye Feng, please don't get involved in this matter."

Hearing what Murong Changming said, Ye Feng immediately nodded and said loudly: "I was entrusted by Murong Xixi to advise you, brother. Whatever decision you really make, you must make it yourself, brother Murong." Decide, I won't interfere."

"Um."

Murong Changming immediately nodded, and then said: "We will discuss this kind of private matter later. The most important thing now is that there is a serious problem in the borderland where our demon-killing headquarters is located, and we need to solve it."

When Ye Feng heard what Murong Changming said, his eyes immediately showed curiosity. He looked at the commander of the Demon Slayer Headquarters directly above him and couldn't help but ask: "When I just returned to the border city, I already discovered that there is a heavy and serious atmosphere everywhere in the city. I think something big must have happened. What situation happened to make all the powerful seniors feel so heavy and serious? "

Chapter 4428 Such a wonderful effect

Hearing what Ye Feng said at this moment, the commander of the Demon Slayer Headquarters immediately couldn't help sighing and said: "In this borderland, the Demonic Sect is somewhere deep in the dark forest. It seems that We are carrying out some kind of very mysterious plan, and we want to resurrect a very ancient figure in the Resurrection Sect, called the White Bone Demon Saint."

"Resurrection of an ancient figure called the Bone Demon Saint?"

At this moment, hearing what the commander of the Demon Slayer Headquarters said, Ye Feng's eyes suddenly showed a look of surprise.

It seems that he did not expect that the Demonic Sect would do such a thing.

After all, it is still very difficult to resurrect such an ancient character. It requires a lot of life energy resources to resurrect an ancient demonic character.

But this also shows that this Bone Demon Saint is definitely an extremely terrifying guy, perhaps much more powerful than the Dark Demon Saint that he and Gu Qingqing found together before.

At this time, Ye Feng thought for a while, then nodded, and said loudly: "This matter is indeed quite serious, and it needs to be stopped as soon as possible. Otherwise, if there is really a big figure in the Demonic Way who is at the Demon Saint level and is resurrected, It will definitely have extremely terrifying destructive power on the frontier areas of our Blood Demon Dynasty."

Hearing what Ye Feng said, the commander of the Demon Slayer Headquarters immediately nodded, and then seemed to have thought of something, and said loudly: "Ye Feng, if you can find Mr. Evil Sword in the dark forest, you should be familiar with the terrain of the dark forest. Very familiar, I hope you can join us this time to prevent the resurrection of the Bone Demon Saint."

Ye Feng nodded and said aloud: "My perception is very strong. When walking in the dark forest, I can indeed sense most of the surrounding terrain."

Murong Changming, who was standing aside, couldn't help but said: "Ye Feng, your current cultivation level is still relatively weak after all. You must think carefully and not rush into the depths of the dark forest. Otherwise, There may be huge dangers."

Ye Feng smiled slightly and said aloud: "Brother Murong, don't worry. This time all the masters from our Demon Slayer Headquarters will unite together and go to the dark forest to prevent the Demon Sect from resurrecting the Bone Demon Saint. I just need to show my best. The effect is enough, and the senior Black Kirin has recovered a lot now and is very powerful enough to protect me. "

Hearing what Ye Feng said, Murong Changming glanced at the black unicorn standing next to Ye Feng, and indeed found that the other party was much younger, and his strength was indeed much stronger than before.

At this time, Murong Changming nodded and said: "No matter what, you are a member of the scavenger department and a member of the entire Blood Demon Dynasty. Now the entire Blood Demon Dynasty's border areas are in danger. You are indeed obliged to exert your own strength, not to mention that you are now a noble baron of our Blood Demon Dynasty, so if you contribute to our Blood Demon Dynasty, your noble status will continue to be improved. "

Ye Feng immediately nodded, then looked at everyone in front of him and said, "Then shall we set off directly now?"

The commander of the Demon Slayer Headquarters immediately shook his head and said: "Wait a minute, I have sent many spies to explore the dark forest. Let's check the situation first. It must not be a trap. In other words, the Demonic Sect only deliberately released the news, saying that it was going to resurrect some Bone Demon Saint, but it was actually a trap. If all the core experts from our Demonic Slayer Headquarters were lured in and killed, it would be a huge loss. "

Hearing what the commander of the Demon Slayer Headquarters said, Ye Feng immediately nodded and said, "As expected of the commander, he is very considerate."

At this time, the commander of the Demon Slayer Headquarters just smiled and said: "In just a few days, your noble baron's identity token will be delivered by express delivery. When the time comes, you will bring your noble baron's identity token with you. It plays a significant role in protecting your safety."

"Um?"

Hearing what the commander of the Demon Slayer Headquarters said, Ye Feng's eyes revealed a look of surprise, and he said, "What effect can the identity token of a noble baron have on my safety?"

At this time, Murong Changming smiled and explained: "Brother Ye Feng, you don't know that the royal family of our Blood Demon Dynasty has always been very strict in the review of nobles, but once you can become a noble of our dynasty, Then you have special rights. The identity token of the noble baron you got is specially made and is a very powerful treasure. Therefore, this identity token not only represents your identity, but also represents a kind of identity. It is a very powerful treasure. As long as you input your own mana into the identity token of your noble baron, you can use the royal destiny of the entire Blood Demon Dynasty to strengthen all your power attributes. "

"What?"

"Is there such a wonderful use?"

Hearing what Murong Changming said, Ye Feng suddenly showed a look of surprise in his eyes, and then turned into a look of deep surprise.

I didn't expect that the identity token of a noble baron could have such a special function.

At this moment, Ye Feng couldn't help but nodded, and then said aloud: "That would be great. If my combat power can continue to be strengthened, even if my cultivation is weaker than your elders, It's a lot, but I am qualified to participate in the battle between you."

During this period, Ye Feng happened to devour Old Man Yun and then Mr. Evil Sword, so his skills were fully increased.

Now Ye Feng's cultivation level is no longer as weak as before, and he is almost catching up with these elders.

Hearing what Ye Feng said at this time, the commander of the Demon Slayer Headquarters immediately patted Ye Feng's shoulder very seriously and said loudly: "In the next few days, you should have a good rest and wait for the spies I sent out. After we came back and reported the real situation, we set off directly. This time we must completely solve the biggest conspiracy of the Demonic Sect in the dark forest on the frontier, to resurrect the Bone Demon Saint. In this case, the Demonic Sect will be here. The various conspiracies and conspiracies carried out in the border areas of our Blood Demon Dynasty will automatically collapse, the biggest crisis will be lifted, and all that will be left will be some small fights, and then you can return to the palace. "

Ye Feng nodded immediately at this moment.

Murong Changming looked at Ye Feng and said loudly: "Let's go, let's leave the hall first and let the commander-in-chief arrange other things. The two of us still have private things to talk about."

Hearing what Murong Changming said, Ye Feng's eyes suddenly flashed slightly.

It is estimated that what Murong Changming wants to talk about is exactly what he said, so that Murong Changming can return to the family behind him and help the Murong family open up the inheritance left by the first generation of ancestors.

Ye Feng immediately nodded at this time, took Black Qilin, and Murong Changming directly out of the central hall and walked quickly towards the independent house where he lived. Hearing what Ye Feng said at this moment, the commander of the Demon Slayer Headquarters immediately couldn't help but sigh and said: "In this borderland, the Demonic Sect is somewhere deep in the dark forest. It seems that We are carrying out some kind of very mysterious plan, and we want to resurrect a very ancient figure from the Resurrection Sect, called the White Bone Demon Saint."

"Resurrection of an ancient figure called the Bone Demon Saint?"

At this moment, hearing what the commander of the Demon Slayer Headquarters said, Ye Feng's eyes suddenly showed a look of surprise.

It seems that he did not expect that the Demonic Sect would do such a thing.

After all, it is still very difficult to resurrect such an ancient character. It requires a lot of life energy resources to resurrect an ancient demonic character.

But this also shows that this Bone Demon Saint is definitely an extremely terrifying guy, perhaps much more powerful than the Dark Demon Saint that he and Gu Qingqing found together before.

At this time, Ye Feng thought for a moment, then nodded, and said aloud: "This matter is indeed quite serious, and it needs to be stopped as soon as possible. Otherwise, if there is really a big figure in the Demonic Way who is at the Demon Saint level and is resurrected, It will definitely have extremely terrifying destructive power on the frontier areas of our Blood Demon Dynasty."

Hearing what Ye Feng said, the commander of the Demon Slayer Headquarters immediately nodded, and then seemed to have thought of something, and said loudly: "Ye Feng, if you can find Mr. Evil Sword in the dark forest, you should be familiar with the terrain of the dark forest. Very familiar, I hope you can join us this time to prevent the resurgence of the Bone Demon Saint."

Ye Feng nodded and said aloud: "My perception is very strong. When walking in the dark forest, I can indeed sense most of the surrounding terrain."

Murong Changming, who was standing aside, couldn't help but said: "Ye Feng, your current cultivation level is still relatively weak after all. You must think carefully and not rush into the depths of the dark forest. Otherwise, There may be huge dangers."

Ye Feng smiled slightly and said loudly: "Brother Murong, don't worry. This time all the masters from our Demon Slayer Headquarters will unite together and go to the dark forest to prevent the Demon Sect from resurrecting the Bone Demon Saint. I only need to show my best. The effect is enough, and the senior Black Kirin has recovered a lot now and is very powerful enough to protect me. "

Hearing what Ye Feng said, Murong Changming glanced at the black unicorn standing next to Ye Feng, and indeed found that the other party was much younger, and his strength was indeed much stronger than before.

At this time, Murong Changming nodded and said: "No matter what, you are a member of the scavenger department and a member of the entire Blood Demon Dynasty. Now the entire Blood Demon Dynasty's border areas are in danger. You do have an obligation to exert your own strength, not to mention that you are now a noble baron of our Blood Demon Dynasty, so if you contribute to our Blood Demon Dynasty, your noble status will continue to be improved. "

Ye Feng immediately nodded, then looked at everyone in front of him and said, "Then shall we set off directly now?"

The commander of the Demon Slayer Headquarters immediately shook his head and said: "Wait a minute, I have sent many spies to explore the dark forest. Let's check the situation first. It must not be a trap. In other words, the Demonic Sect only deliberately released the news, saying that it was going to resurrect some Bone Demon Saint, but it was actually a trap. If all the core experts from our Demonic Slayer Headquarters were lured in and killed, it would be a huge loss. "

Hearing what the commander of the Demon Slayer Headquarters said, Ye Feng immediately nodded and said, "As expected of the commander, he is very considerate."

At this time, the commander of the Demon Slayer Headquarters just smiled and said loudly: "In just a few days, your noble baron's identity token will be delivered by express delivery. When the time comes, you will bring your noble baron's identity token with you. It plays a significant role in protecting your safety."

"Um?"

Hearing what the commander of the Demon Slayer Headquarters said, Ye Feng's eyes revealed a look of surprise, and he said, "What effect can the identity token of a noble baron have on my safety?"

At this time, Murong Changming smiled and explained: "Brother Ye Feng, you don't know that the royal family of our Blood Demon Dynasty has always been very strict in the review of nobles, but once you can become a noble of our dynasty, Then you have special rights. The identity token of the noble baron you got is specially made and is a very powerful treasure. Therefore, this identity token not only represents your identity, but also represents a kind of identity. It is a very powerful treasure. As long as you input your own mana into the identity token of your noble baron, you can use the royal destiny of the entire Blood Demon Dynasty to strengthen all your power attributes. "

"What?"

"Is there such a wonderful use?"

Hearing what Murong Changming said, Ye Feng's eyes suddenly showed a look of surprise, and then turned into a look of deep surprise.

I didn't expect that the identity token of a noble baron could have such a special function.

At this moment, Ye Feng couldn't help but nodded, and then said aloud: "That would be great. If my combat power can continue to be strengthened, even if my cultivation is weaker than your elders, It's a lot, but I'm qualified to participate in the battle between you."

During this period, Ye Feng happened to devour Old Man Yun and then Mr. Evil Sword, so his skills were fully increased.

Now Ye Feng's cultivation level is no longer as weak as before, and he is almost catching up with these elders.

Hearing what Ye Feng said at this time, the commander of the Demon Slayer Headquarters immediately patted Ye Feng's shoulder very seriously and said loudly: "In the next few days, you should have a good rest and wait for the spies I sent out. After we came back and reported the real situation, we set off directly. This time we must completely solve the biggest conspiracy of the Demonic Sect in the dark forest on the frontier, to resurrect the Bone Demon Saint. In this case, the Demonic Sect will be here. The various conspiracies and conspiracies carried out in the border areas of our Blood Demon Dynasty will automatically collapse, the biggest crisis will be lifted, and all that will be left will be some small fights, and then you can return to the palace. "

Ye Feng nodded immediately at this moment.

Murong Changming looked at Ye Feng and said loudly: "Let's go, let's leave the hall first and let the commander-in-chief arrange other things. The two of us still have private things to talk about."

Hearing what Murong Changming said, Ye Feng's eyes suddenly flashed slightly.

It is estimated that what Murong Changming wants to talk about is exactly what he said, allowing Murong Changming to return to the family behind him and help the Murong family open up the inheritance left by the first generation of ancestors.

Ye Feng immediately nodded at this time, took Black Qilin, and Murong Changming directly out of the central hall and walked quickly towards the independent house where he lived.

Chapter 4429 Must be completed

When Ye Feng took Hei Qilin and Murong Changming back to the independent mansion where he lived.

Ye Feng immediately looked at Murong Changming in front of him, and couldn't help but ask: "Brother Murong, what is the personal matter you want to talk to me about?"

Although Ye Feng had already guessed that the private matter that Murong Changming wanted to discuss with him must be related to the Murong family where Murong Changming belonged.

But Ye Feng still asked out of politeness.

Hearing what Ye Feng said at this time, Murong Changming couldn't help but smile and said loudly: "Of course you can guess what I'm going to say, of course it's about your previous persuasion for me to return to the family. , I think it's necessary to explain this matter clearly to you." .??.

Ye Feng nodded and said loudly: "Let me persuade Brother Murong that the person you want to return to the family is called Murong Xixi. He was the one who led me into the Blood Demon Dynasty back then. I have a good impression of her. Before she I went to the scavenger department to find you, Brother Murong, but you came to the borderland at that time and were not in the department, so I happened to meet that Murong Xixi, and she wanted me to help her persuade you to return to the Murong family. He said that the entire Murong family is waiting for you to return, Brother Murong."

Hearing what Ye Feng said, Murong Changming's eyes suddenly showed a cold look, but then he showed a very complicated look.

When Ye Feng saw this scene, he couldn't help but asked: "Brother Murong, what is the conflict between you and the Murong family behind you? You have awakened the most unique and powerful bloodline of the Murong family, why don't you return to the family? What? The entire Murong family regards you as the most important person."

"Pay attention to?"

Hearing what Ye Feng said, Murong Changming immediately shook his head and said: "You don't understand that the upper echelons of the big family are very ruthless. I didn't awaken this powerful bloodline back then, so the entire Murong family The superiors at that time did not listen to any of my requests at all, and forcibly expelled a girl I liked from a small family from the Murong family. The girl eventually committed suicide out of shame and grief, which has been a pain for me for the rest of my life. "

Hearing what Murong Changming said, Ye Feng's eyes suddenly widened.

A flash.

It turns out that Murong Changming was so repulsive to the entire Murong family because the upper class of the entire Murong family abruptly broke up a marriage that Murong Changming had.

Moreover, he forced his beloved girl to commit suicide directly.

At this time, Ye Feng finally understood why Murong Changming didn't want to return to the Murong family at all.

At this time, Ye Feng immediately nodded and said, "If something like this happens to me, I will probably never return to the family."

Murong Changming nodded, and then said aloud: "It is impossible for me to return to the family for the time being. You don't need to persuade me about this in the future."

Hearing what Murong Changming said, Ye Feng immediately nodded and said, "I'm not very familiar with that Murong Xixi, we just know each other. She asked me to advise you, so I will advise you. You have already treated her with all your kindness and kindness. As for what you do, Brother Murong, that is of course your business and I will not get involved."

Hearing what Ye Feng said, Murong Changming immediately nodded, couldn't help but smile and patted Ye Feng's shoulder, and said loudly: "Let's not talk about such unlucky things, let's talk about you, Ye Feng Brother, when I was away during this period, you were really surprising and unexpected. Not only did you bring back the head of Old Man Yun, but you also killed Young Master Evil Sword, and even directly became our noble baron of the entire Blood Demon Dynasty, your status has been promoted too fast, and your cultivation strength has also grown very fast. I haven't seen you for a short period of time, and your cultivation level is better than the first time I saw you. During that time, I have advanced to several great realms, and now I have reached the half-step Heavenly Palace realm, and I am almost catching up with us old guys."

When Ye Feng heard Murong Changming's praise, he couldn't help but shook his head and said loudly: "I am still far behind the realm of you elders, and I have seen the younger generation of our Blood Demon Dynasty. The peerless genius has also met the core young generation of the Demonic Sect.

The characters are all very powerful, much more powerful than I am now, so I naturally dare not be proud, and I still need to improve my strength as much as possible. "

Hearing what Ye Feng said, Murong Changming's eyes suddenly showed a look of surprise, and he couldn't help but curiously asked: "The core figures of the younger generation of the Blood Demon Dynasty and the Demonic Sect that you met, who are they?"

Ye Feng laughed and said: "The young figure from our Blood Demon Dynasty that I met is called Gu Qingqing. She is a girl with a very good temper. I had a very pleasant conversation with her, and the Demon Evil Cult I met The core figure of the younger generation, named Nie Qianqian, and I also had a good chat. The main reason why I was able to kill Old Mo Yun was because of Gu Qingqing's help, and the main reason why I was able to quickly find Young Master Evil Sword was It's because of Nie Qianqian, the core disciple of the Demonic Sect."

"Forehead....."

Hearing what Ye Feng said, Murong Changming's eyes widened slightly. He couldn't help but stare at Ye Feng in front of him. A meaningful smile appeared on his face and he said loudly: "Brother Ye Feng, look. You are so lucky to be here. You are just as charming as I was back then, and these amazing and talented girls are all taking the initiative to embrace me."

Hearing what Murong Changming said, Ye Feng suddenly showed a look of astonishment on his face, as if he didn't expect Murong Changming to say such words.

In response, Ye Feng just smiled helplessly, shook his head and said loudly: "Brother Murong, please stop teasing me. I just have a normal relationship with them, and I just happened to have experienced a relatively unforgettable experience."

Hearing what Ye Feng said, Murong Changming didn't say much, but said solemnly: "That girl named Gu Qingqing, you must be careful, her identity is very extraordinary, as for the Demonic Sect's Core disciple, you should stay away from witches like Nie Qianqian. After all, you two are in different camps. In the future, we need the dynasty and the Demonic Sect, and there will definitely be a very fierce war."

Hearing what Murong Changming said, Ye Feng couldn't help but said immediately: "Isn't there anything that the three top forces in the Northern Territory can do?"

United together? "

Hearing what Ye Feng said, Murong Changming's eyes were slightly startled. He probably didn't expect Ye Feng to say such words.

But then, Murong Changming shook his head and said loudly: "It's very difficult. Even the most amazing and talented founding emperor of our Blood Demon Dynasty's first generation couldn't do this, let alone today's The emperor has become worse with each generation."

Hearing what Murong Changming said, Ye Feng's eyes suddenly moved slightly.

Unexpectedly, Murong Changming really regarded him as a true friend. In front of him, he dared to casually judge the imperial power of the supreme Blood Demon Dynasty.

He even said that each generation of emperors today is inferior to the previous generation.

If this spreads out, it will be a serious crime.

However, it can also be seen that Murong Changming is a true-hearted old man and has his own deep feelings for the Blood Demon Dynasty. Otherwise, he would not have sighed like this.

At this moment, Ye Feng didn't say much, but couldn't help but asked: "Brother Murong, how powerful was the Bone Demon Saint who was recently resurrected by the Demon Sect at his peak? Once he is resurrected, Can this Bone Demon Saint possess the strength at his peak?"

Hearing Ye Feng's question, Murong Changming's face suddenly became solemn, and he said loudly: "The White Bone Demon Saint is the first generation of demonic figures to be sanctified in the Demonic Sect. He is very powerful. In our blood back then, At the beginning of the founding of the Demon Dynasty, he fought with the first emperor of our Blood Demon Dynasty. That battle was earth-shattering and shattered hundreds of thousands of miles of mountains, rivers and wilderness. Therefore, this Bone Demon Saint is very terrifying. Once Resurrection, let alone our frontier land, it is estimated that our entire Blood Demon Dynasty will usher in a formidable enemy, so preventing the Demon Sect from resurrecting the Bone Demon Saint is a task we must complete, and I also learned some According to internal news, there will be core figures from our Blood Demon Dynasty's royal palace who will come to the border city where we are at this time to help us stop this conspiracy of the Demonic Sect. It is very likely that our Blood Demon Dynasty will specially train them. The core of the peerless genius Royal Training Academy has arrived."

Chapter 4430 Luck Blessing

Hearing what Murong Changming said at this time, Ye Feng suddenly showed a look of surprise in his eyes, and couldn't help but said: "It seems that this White Bone Demon Saint is really a very scary guy, otherwise, the blood demon It's impossible for the upper echelons of the dynasty to pay so much attention to it and actually send other core experts here. The core experts of the Royal Training Academy seem to be very powerful beings."

Murong Changming immediately smiled and nodded, and said aloud: "The Royal Training Academy of our Blood Demon Dynasty is specially used to cultivate various powerful peerless

geniuses for our Blood Demon Dynasty. There are also many elders and strong men. The purpose of cultivating in the Royal Cultivation Academy is to continuously improve one's strength. As long as they are strong in the Royal Cultivation Academy, they basically do not have a very high status. Anyone who sees them must maintain basic respect, because The Royal Training Academy represents the noble status.”

At this moment, after Murong Changming finished speaking, he seemed to have thought of something. He immediately stared at Ye Feng in front of him and said with a smile: "Brother Ye Feng, I can see your talent in cultivation. It's very impressive." Monster, even some of your secrets are shocking to me, so I think that after this mission in the borderland is completed, you can directly apply to join the Royal Training Academy. After all, your current status has also been The noble baron who has been promoted to our Blood Demon Dynasty is the lowest level baron among the nobles, but he is still a noble and is eligible to apply to join the Royal Training Academy. "

Hearing what Murong Changming said, Ye Feng's eyes flashed slightly, then nodded and said loudly: "If there is a chance, I will consider it."

Although Ye Feng was quite interested in this Royal Training Academy, his interest was not that great.

After all, what Ye Feng wants to do is to continuously improve his noble status, so that he can dominate the government and the public, and secretly control the power of the entire Blood Demon Dynasty.

So at this time, although Ye Feng felt that what Murong Changming said was reasonable, for this royal training academy, other things

The actual feeling is just average.

As if he heard the casual feeling in Ye Feng's tone, Murong Changming, who was standing in front of him, couldn't help but shake his head and smile.

He knew that Ye Feng probably just talked casually.

But Murong Changming also knows that no matter which path Ye Feng chooses to take, whether he enters the Royal Cultivation Academy and devotes himself to martial arts practice, or continues to improve his noble status, no matter which path Ye Feng chooses to take, Ye Feng will definitely become that person in the end. The most glorious existence of a road.

Because Ye Feng's talent is really too powerful.

Murong Changming knew that if Ye Feng's heaven-defying talent did not die young, one day Ye Feng's name would spread throughout the entire Blood Demon Dynasty, and even throughout the entire Northern Territory at the interface of ten thousand demons.

While the two were talking, a young woman wearing a black gown suddenly ran over from outside the house.

This young woman wearing a black gown looks quite beautiful, but her outfit is very heroic.

At this moment, the woman in black gauze came to Ye Feng and Murong Changming, then looked directly at Ye Feng, clasped her fists very respectfully and said: "Master Ye Feng, the commander-in-chief asked me to inform you that your baron status order The card has been expressly delivered from the palace of the Blood Demon Dynasty. It is in the storage ring in my hand. The commander-in-chief asked me to give it to you. The commander-in-chief said that he originally wanted to give it to you in person, but now there are other important things. Just now, a group of core members from the Royal Academy of Cultivation have just arrived at our Demon Slayer Headquarters. The Commander-in-Chief is now welcoming this group of core experts from the Royal Academy of Cultivation, so I don't have time to come over for the time being. Let me take care of it immediately. The baron's token is given to you."

hear before

When the woman in black clothes said this, Ye Feng immediately nodded slightly.

Then with a hint of expectation in his eyes, he took the storage ring in the woman's hand into his own hand.

Then Ye Feng opened the storage ring directly.

The next moment, a golden token appeared in Ye Feng's hand.

This golden token has the two characters "Baron" written on it.

On the lower right side of the baron, there is also a small two-letter word "First Class" marked on it.

It represents the lowest level baron among the dynasty's nobles.

However, even though he was the lowest level baron, it already made Ye Feng very happy. ??

After all, it had not been long since Ye Feng came to this Blood Demon Dynasty. Being able to become a real nobleman and a first-class baron was the first step to success for Ye Feng.

Next, Ye Feng only needs to slowly and continuously upgrade his title and his noble status. One day, Ye Feng believes that he can climb to the pinnacle of power of the Blood Demon Dynasty.

In the true whirlpool of power of the Blood Demon Dynasty, turning your hand becomes clouds and turning your hands becomes rain.

At this time, after handing the storage ring to Ye Feng, the woman in black shirt who was responsible for delivering the identity token stood up and left.

At this time, Murong Changming, who was standing next to him, immediately said: "Brother Ye Feng, you can try to activate this baron's identity token. This token is specially made by our Blood Demon Dynasty. It is not only a symbol of identity. , is also a very powerful magic weapon, and it is a magic weapon with a very special luck attribute, which allows you to share the huge luck power of the entire Blood Demon Dynasty and bless all the attributes of your body. "

Hearing what Murong Changming said, Ye Feng suddenly showed a look of expectation in his eyes and said aloud

Said: "Okay, let me give it a try."

Buzz!

Almost at this moment, Ye Feng immediately released his majestic mana and injected it into the baron identity token he held in front of him.

boom! !

Almost at the moment Ye Feng inspired the noble baron identity token, a huge force of luck burst out from the identity token.

Then Ye Feng could feel that the huge fortune of the entire Blood Demon Dynasty was suddenly connected to the identity token in his hand from the void.

Buzz!

Then a large force of powerful luck directly enveloped Ye Feng's entire person.

In an instant, luck is blessed!

Ye Feng immediately felt it at this moment. Sure enough, all his martial arts cultivation attributes had been greatly improved.

His own perception, soul power, combat power, speed, endurance, defense power, attack power...etc., all have been greatly improved at this moment under the influence of such a huge fortune of the Blood Demon Dynasty.

Ye Feng could feel that this improvement would definitely make him several times stronger than his normal state.

At this time, Ye Feng's eyes suddenly lit up.

Murong Changming beside him smiled and said: "Brother Ye Feng, if you can continue to upgrade your status to a second-level noble baron, your status token will also be transformed. , the greater the power of luck you get, the attribute power you can improve is not just a few times, but maybe even a dozen times, and in the end it will continue to increase to dozens, hundreds, or even several times. A thousand times more! So becoming a noble of our Blood Demon Dynasty is not only a symbol of status, but the actual benefits are also huge."
