### Chapter 4451 Silver Token

Hearing Murong Changming's question at this moment, Ye Feng suddenly showed a look of astonishment in his eyes, as if he did not expect that Brother Murong would ask such ambiguous words.

At this time, after hearing Murong Changming's question, Gu Qingqing, the seventh princess of the Blood Demon Dynasty, who was standing next to Ye Feng, did not show blame in her eyes, but showed an inexplicable smile. meaning.

Ye Feng didn't say anything more at this moment. He just couldn't help but shook his head and said loudly: "Brother Murong, we are all practitioners. We can enter a deep sleep at any time. Of course we have a good rest."

When he said this, Ye Feng glanced at the commander of the Demon Slayer Headquarters not far away and said aloud: "Our Commander of the Demon Slayer Headquarters, please say goodbye. After all, the commander will definitely be stationed in this border area next time. And it is estimated that it will be difficult for us to return to this frontier land."

Hearing what Ye Feng said, Murong Changming immediately nodded and said: "Brother Qilin and I have already said goodbye to the commander-in-chief. Now you can go and say goodbye alone. Moreover, the commander-in-chief seems to have something special to do. I'll tell you privately."

Hearing what Murong Changming said, Ye Feng's eyes suddenly showed a look of surprise. It seemed that he did not expect that the commander-in-chief of the Demon Slayer Headquarters actually had more personal matters to talk to him alone.

At this time, Ye Feng nodded immediately, then glanced at Gu Qingqing beside him, and said loudly: "I'm going to say goodbye to the commander-in-chief."

Gu Qingqing immediately nodded and said with a smile: "Okay, I'll wait for you here." .??.

Ye Feng nodded and walked quickly towards the gate of the Demon Slayer Headquarters not far away.

When Ye Feng came to the commander of the Demon Slayer Headquarters, he found that the Commander of the Demon Slayer Headquarters was looking at him with a smile.

Seeing the commander of the Demon Slayer Headquarters looking like this, Ye Feng's eyes suddenly showed a look of surprise, and he couldn't help but said: "Commander, why are you looking at me like this?"

When the commander of the Demon Slayer Headquarters heard Ye Feng's question, he immediately laughed, patted Ye Feng's shoulder and said, "Of course I think you are very talented and will be the future pillar of our Blood Demon Dynasty. "

Hearing what the commander of the Demon Slayer Headquarters said, Ye Feng couldn't help but shake his head and smile, and said: "I'm not considered a pillar of talent, I can only do what I can."

For Ye Feng, although his real purpose is to control the power of the entire Blood Demon Dynasty, Ye Feng will not do anything particularly harmful to the Blood Demon Dynasty.

Therefore, Ye Feng feels that if he accumulates contribution points in the Blood Demon Dynasty, improves his status, and then secretly controls the power of the entire Blood Demon Dynasty, there is actually no big problem for the Blood Demon Dynasty itself.

Ye Feng even felt that if he could really control the entire Blood Demon Dynasty after he reached a certain level of power in the future, maybe the Blood Demon Dynasty could become even more powerful under his leadership.

At this time, just as Ye Feng was thinking in his heart, the commander of the Demon Slayer Headquarters suddenly took out a small token from his storage ring.

This token looks like it was made of mithril. It looks like it exudes a faint divine light and is very magical.

When Ye Feng saw this silver token, his eyes immediately revealed a look of surprise.

Because Ye Feng sensed a very familiar energy fluctuation from this silver token.

That turned out to be a divine substance.

Ye Feng has always been very eager for divine substances.

Because divine matter is the only thing in the world

Something that can enhance the physical strength of Ye Fengian's immortal body.

Moreover, divine substances are very rare, very rare.

Since Ye Feng started cultivating the Immortal Body of the God, he has rarely been able to discover divine substances.

Every time he discovered that the divine substance could increase Ye Feng's physical strength a lot.

At this moment, Ye Feng looked at the silver token in front of him without saying much or showing any strange look in his eyes.

He was waiting for what the commander of the Demon Slayer Headquarters was about to say. .??.??

Because the commander-in-chief of the Demon Slayer Headquarters suddenly took out such a magical silver token at this moment, he must have something special to tell him.

At this moment, the commander of the Demon Slayer Headquarters looked at the silver token in his hand with a hint of sadness in his eyes, and said aloud: "This silver token is where I was before. The inheritance token in the family, but my family has now disappeared in the imperial city of the Blood Demon Dynasty because of a very terrible crisis. "

At this time, the commander of the Demon Slayer Headquarters held the silver token in his hand and wanted to hand it to Ye Feng.

Because Ye Feng is the most talented super genius he has ever seen.

If Ye Feng could hold the inheritance token in his hand and return to the imperial city of the Blood Demon Dynasty, he might be able to find the real reason behind the destruction of the family behind him.

This is the knot in the heart of the commander of the Demon Slayer Headquarters that has never been able to dissipate. He hopes that Ye Feng can help him accomplish all this.

At this time, the commander of the Demon Slayer Headquarters handed the silver token into Ye Feng's hands, and then said what he was thinking.

When Ye Feng heard what the commander of the Demon Slayer Headquarters said, his eyes immediately revealed

There was a look of surprise.

Unexpectedly, the commander-in-chief of the Demon Slayer Headquarters actually had such a past.

He was once a bloodline heir of an extremely powerful family in the imperial city of the Blood Demon Dynasty. However, he did not expect that the family behind him seemed to have encountered an unpredictable and terrible crisis and was completely destroyed.

Only the commander of the Demon Slayer Headquarters was left.

Moreover, the commander-in-chief of the Demon Slayer Headquarters has yet to find the real reason for the destruction of his family.

So at this time, the commander-in-chief of the Demon Slayer Headquarters wanted Ye Feng to hold this piece of his family's inheritance token to help him find the truth behind his family's destruction.

The benefit that the commander-in-chief of the Demon Slayer Headquarters gave Ye Feng was that Ye Feng could get the inheritance token of his powerful family back then, which was the silver token in his hand.

It contains the peerless inheritance of the powerful family that was the commander-in-chief of the Demon Slayer Headquarters.

Because the commander-in-chief of the Demon Slayer Headquarters knew that few people could accomplish this, but he knew that Ye Feng could definitely do it.

Moreover, during this period of time, he and Ye Feng had experienced a lot together in this border city, and they had already regarded Ye Feng as one of their own, so he could safely hand over his family's inheritance token into Ye Feng's hands.

At this moment, the commander of the Demon Slayer Headquarters secretly said something in Ye Feng's ear, "Ye Feng, this inheritance token not only contains a set of peerless inheritance of our family back then, but also guides a I think our family was destroyed by some terrible existence because of that ancient treasure. So you can consider whether to hold this token, because the most important thing is not among them. The most important thing is that this token leads to a very ancient and mysterious treasure place. Only I know this secret, and now you know it too. "

#### Chapter 4452 Jun Family

At this moment, the commander-in-chief of the Demon Slayer Headquarters said, looking at Ye Feng in front of him, he seemed a little hesitant, and immediately couldn't help but smile, and said loudly: "You have the right to choose, I just value you very much and think you can Help me accomplish all this and untie the knot in my heart. If you feel it is very dangerous, you can also choose to refuse. The decision is in your own hands. I will not force you."

Hearing what the commander of the Demon Slayer Headquarters said, Ye Feng's eyes suddenly showed a hint of hesitation.

But then, Ye Feng thought that the peerless inheritance of the family that was the commander-in-chief of the Demon Slayer Headquarters contained in this inheritance token would definitely greatly improve his own strength.

Moreover, this inheritance token also leads to a very ancient and mysterious treasure place.

Ye Feng naturally made a decision all of a sudden.

At this moment, Ye Feng directly raised his head, looked at the commander of the Demon Slayer Headquarters in front of him, and said loudly: "Okay, then I promise to be the commander in chief and help you complete all this."

At this time, after Ye Feng finished speaking, he suddenly asked: "I wonder what the commander's real name is?"

The commander of the Demon Slayer Headquarters immediately smiled and said: "My name is Jun Tianya, and the Jun family I was in back then was one of the top families in the Blood Demon Dynasty, comparable to the six top families in the Blood Demon Dynasty today. I can even tell you clearly that the so-called six top families today could only be regarded as ordinary first-class families when our Jun family was prosperous. The Jun family I was in back then was the most glorious family, but maybe it is because it was so brilliant, it attracted terrible murderous intentions."

Hearing what Jun Tianya, the commander of the Demon Slayer Headquarters, said, Ye Feng immediately showed a look of surprise in his eyes, and couldn't help but ask: "Since the commander-in-chief, your family is so powerful, it should have been in the entire imperial city back then. The weight is also very heavy. Your Jun family was suddenly destroyed by a mysterious force. Logically speaking, the upper echelons of the royal family should help you find out all this and will not just sit idly by."

Hearing what Ye Feng said, Jun Tianya's eyes suddenly showed a helpless smile, and he said: "The upper echelons of the royal family have been investigating for many years, but they have never found out the reason for the destruction of our Jun family. I don't know who did it, so I think it is very likely that the murderer is in the royal family and has been interfering with the investigation, but it should not be the royal family, but a certain prince in the royal family. "

Hearing what Jun Tianya said, Ye Feng suddenly showed a trace of surprise in his eyes.

Unexpectedly, this matter also involved the internal struggle of the Blood Demon Dynasty.

At this time, Jun Tianya continued to speak: "But just because of the words of a prince, I dare not take action against our extremely prosperous Jun family, and it is impossible to destroy our entire extremely powerful first family at once, so I feel that the prince I suspect is just a pawn, and there is a more terrifying and powerful mysterious existence behind him, supporting him to do all this. "

Hearing what Jun Tianya said, Ye Feng frowned slightly and couldn't help but ask: "Commander, which prince is the prince you suspect? Let me know. In this case, I will return to the bloody world." demon

There are also clues to help you explore the imperial city of the dynasty. "

Jun Tianya immediately nodded, and then whispered: "The prince I suspect is the Ninth Prince of our Blood Demon Dynasty. I think the decline and complete destruction of our Jun family must be related to this Ninth Prince, but this The strength of the Ninth Prince is not as powerful as that of

our Jun family, so there must be a more mysterious existence behind this Ninth Prince, but I have never been able to find out who it is, so I need to leave it to you, Ye Feng, to investigate. "

Hearing what Jun Tianya said, Ye Feng immediately nodded, and then said solemnly: "The commander-in-chief thinks so highly of me, then I will definitely investigate carefully and try to give the commander-in-chief an explanation, and the commander-in-chief can even give him an explanation. The family's inheritance token was handed over to me, and he even told me that this inheritance token leads to a magnificent ancient treasure place. Of course, I can't just do it casually, and I will definitely help the commander to explore it carefully. Try to find out the real culprit of the Jun family who killed you, the commander-in-chief."

"good."

Hearing what Ye Feng said, Jun Tianya immediately nodded with great relief, then patted Ye Feng's shoulder and said loudly: "There is no rush in this matter. You don't need to go back to the imperial city directly. Exploration is very likely to alert the snake, or even provoke a terrifying existence that cannot be resisted. You can first improve your cultivation strength, and then help me do this secretly, and the Jun family's peerless one in this inheritance token Inheritance, you should study it carefully. If you can successfully study it, your overall strength will definitely be greatly improved. There is also the ancient treasure land guided by this token. You can also explore how to do it. Searching, this secret has been passed down from generation to generation in our Jun family, but it only says that this silver token leads to an ancient treasure place, but how to use this silver token to find that ancient treasure place? , I don't know, the secret should be hidden in this silver token, but I have been investigating for so many years, and I haven't found any other secrets in this silver token. Maybe you can do it, Ye Feng."

Hearing Jun Tianya's words, Ye Feng immediately nodded and did not directly absorb the divine substance in the silver token. He was afraid that after absorbing the divine substance, the token would be directly destroyed.

After all, there is not much divine substance in this small token.

At this moment, Ye Feng very solemnly put the Jun family's inheritance token into his storage ring and put it away solemnly.

Then Ye Feng clasped his fists at Jun Tianya, the commander of the Demon Slayer Headquarters, and said: "Anyway, thank you very much, Commander, for taking care of me during this period of time in the border city. I will definitely be there when I return to the Blood Demon Dynasty Imperial City." Help the commander to explore the secret."

Jun Tianya, the commander-in-chief of the Demon Slayer Headquarters, immediately smiled and patted Ye Feng on the shoulder, saying loudly: "Okay, go, be careful. The water in the imperial city of the Blood Demon Dynasty is very deep. The entire The water in the Northern Territory is also very deep. Only by being as strong as possible can you face everything."

Ye Feng immediately nodded, then turned around and left the gate of the Demon Slayer Headquarters, walking towards Murong Changming, Hei Qilin, Gu Qingqing and a group of core figures from the Royal Training Academy not far away, preparing to leave this frontier. The ground is gone. At this moment, the commander-in-chief of the Demon Slayer Headquarters said, looking at Ye Feng in front of him, he seemed a little hesitant, and immediately couldn't help but smile, and said loudly: "You have the right to choose, I just value you very much and think you can Help me complete all this and untie my knot. If you feel it is very dangerous, then you can choose to refuse. The decision is in your own hands. I will not force you."

Hearing what the commander of the Demon Slayer Headquarters said, Ye Feng's eyes suddenly showed a hint of hesitation.

But then, Ye Feng thought that the peerless inheritance of the family that was the commander-in-chief of the Demon Slayer Headquarters contained in this inheritance token would definitely greatly improve his own strength.

Jun Tianya, the commander-in-chief of the Demon Slayer Headquarters, immediately smiled and patted Ye Feng on the shoulder, saying loudly: "Okay, go, be careful. The water in the imperial city

of the Blood Demon Dynasty is very deep. The entire The water in the Northern Territory is also very deep. Only by being as strong as possible can you face everything."

Ye Feng immediately nodded, then turned around and left the gate of the Demon Slayer Headquarters, walking towards Murong Changming, Hei Qilin, Gu Qingqing and a group of core figures from the Royal Training Academy not far away, preparing to leave this frontier. The ground is gone.

Chapter 4453 Don't be in a hurry

On the way back to the Imperial City of the Blood Demon Dynasty, Murong Changming couldn't hold back after all. He looked directly at Ye Feng beside him and asked: "Brother Ye Feng, what did the commander of the Demon Slayer Headquarters just tell you? What? You look a little uncertain, is it something very dangerous? "

Obviously, Murong Changming was very curious about what was discussed between Ye Feng and the commander of the Demon Slayer Headquarters.

Ye Feng smiled slightly at this time and said: "The commander-in-chief of the Demon Slayer Headquarters is called Jun Tianya. He comes from the most powerful family in the imperial city of the Blood Demon Dynasty, the Jun family, right?"

When Murong Changming heard what Ye Feng said, his expression immediately changed slightly and he said loudly: "Commander, has he told you all this? Does he want you to investigate the culprit of the Jun family's destruction?" "

Hearing what Murong Changming said, Ye Feng's eyes suddenly froze for a moment, as if he didn't expect that Murong Changming could guess what he and the commander of the Demon Slayer Headquarters were talking about.

However, Murong Changming probably didn't know that the token given to Ye Feng by the commander of the Demon Slayer Headquarters pointed to an extremely mysterious ancient treasure, which was the real reason for the destruction of the Jun family.

At this moment, Ye Feng nodded and said loudly: "Yes, the commander-in-chief wants me to help him investigate why the Jun family was suddenly destroyed overnight. Who was the one who took action? He wants to find the culprit. End the knot in his heart."

Hearing what Ye Feng said, Murong Changming's face seemed a little ugly, and he said loudly: "It's true that Jun Tianya asked a young man like you to help him investigate this matter. In fact, Jun

Tianya and I have been friends for many years. Yes, I have helped him investigate this matter, but this matter is very terrifying and the water involved is very deep. Even if I investigate to the end, I can no longer investigate it. "

Hearing what Murong Changming said, Ye Feng's eyes suddenly revealed a look of surprise.

It seems that the destruction of the first family, the Jun family, was indeed very terrifying.

Ye Feng knew very well that Murong Changming was not just the head of the scavenger department;

Awakened the strongest bloodline of the entire Murong family, one of the six great clans, the ancient flame nine-headed dragon bloodline.

The entire Murong family probably feels that Murong Changming is the future successor of the entire Murong family.

Therefore, Murong Changming's status is still very noble.

It's just that Murong Changming currently has some grudges against the family behind him, so he doesn't want to return to the family.

But Murong Changming's status was very noble.

Even Murong Changming was unable to investigate, which is enough to show how terrible the Jun family's destruction was, and no one dares to mention it now.

Seeing that Ye Feng was silent at this moment, Murong Changming spoke up and said: "Ye Feng, no matter what benefits Jun Tianya has given you, you'd better not get involved in this matter and return the benefits to Jun Tianya. This is not something you can investigate."

Hearing what Murong Changming said, Ye Feng did not nod, but shook his head slightly and said: "I have promised the commander-in-chief that I will help him investigate the truth of this matter, but I will not take risks rashly. I will improve my own strength first, and the commander-in-chief also means the same. I will improve my own strength first and then investigate this matter. "

Hearing what Ye Feng said, Murong Changming sighed slightly, and then couldn't help but said: "Ye Feng, promise me that you will investigate this matter when you can truly dominate the world in the Blood Demon Dynasty. Otherwise, you may die suddenly and be killed by a terrifying and mysterious powerful person, and don't tell anyone else about this."

Hearing what Murong Changming said, Ye Feng also realized the seriousness of this matter, which was probably more terrifying than he imagined.

No wonder Jun Tianya, the commander-in-chief of the Demon Slayer Headquarters, even gave the Jun family's most precious inheritance token to him.

, in return.

At this moment, Ye Feng nodded immediately and said loudly: "Okay, thank you Brother Murong for reminding me, I understand."

At this time, Ye Feng secretly thought in his heart that it seemed that he should not do this for the time being, and should not rush to investigate the reasons for the destruction of the Jun family. He should improve his strength first.

Thinking of this, Ye Feng immediately looked at Murong Changming beside him and said loudly: "By the way, Brother Murong, when I return to the imperial city this time, I guess I won't be able to go to the scavenger department with you. Because I plan to enter the Royal Cultivation Academy to practice with Gu Qingqing."

When Murong Changming heard what Ye Feng said, he was not disappointed. Instead, he laughed and said: "Actually, I had expected it. You will not stay in the scavenger department like me for a long time. A peerless genius like you, with... With an extremely heaven-defying cultivation talent, you really should go to the Royal Training Academy. That is the best place for you to show your talent. After all, the Royal Training Academy has the strongest geniuses and the oldest inheritance of our Blood Demon Dynasty. The most powerful weapons and the most abundant training resources are indeed a good place for you to quickly improve your cultivation. In fact, if you didn't tell me, I would advise you to join the Royal Training Academy."

When Ye Feng heard what Murong Changming said, a hint of warmth suddenly appeared in his eyes.

This old man Murong was very kind to me. When he heard that he was leaving the scavenger department, not only did he not stop him, he actually felt really happy for him.

At this moment, Ye Feng nodded immediately, and then suddenly said: "Anyway, I will definitely go to the scavenger department often to chat with you, Brother Murong, and even if I join the Royal Cultivation Academy, I will eventually As a member of the scavenger department, I will always be the deputy head of the scavenger department."

Hearing what Ye Feng said, Murong Changming immediately laughed out loud, couldn't help but pat Ye Feng's shoulder, and said loudly: "Okay,

I remember this sentence. "

At this time, Ye Feng seemed to have thought of something, and suddenly asked: "Brother Murong, after you return to the imperial city this time, are you planning to return to your family?"

Hearing Ye Feng's question, Murong Changming did not show an ugly look on his face this time, but showed a trace of thinking and hesitation, and then said aloud: "I have been thinking about it for a long time during this period. The grievances with the family are not entirely the fault of the family. The upper levels of the family also have considerations from the upper levels of the family. However, I will definitely never forgive my family for this matter. However, after all, it is my family, who gave birth to me. The place where I was raised, now that the Murong family needs me, I should return to the family and help the Murong family open the secret realm of inheritance left by my ancestors, but I will only help and leave after helping. "

Hearing what Murong Changming said, Ye Feng immediately smiled and said: "Brother Murong, I am very happy that you can return to the family. After all, a person is somewhat isolated and helpless. You have returned to the family. After that, with your awakened unique super-powerful bloodline talent, the bloodline of the Ancient Flame Nine-Headed Dragon, you will definitely become the successor of the entire Murong family in the future."

Hearing what Ye Feng said, Murong Changming immediately couldn't help laughing and shook his head, and said loudly: "I'm not interested in these things. When I finish what I need to do in the family, I will still come back." Scavenger sector pension."

Hearing what Murong Changming said, Ye Feng immediately smiled and said: "Okay, when I have time, I will definitely go to the scavenger department from the Royal Cultivation Academy to have a drink and chat with you, Brother Murong."

And while the two were talking.

A group of strong men from the Royal Training Academy in front suddenly said, "We finally returned to the Imperial City!"

At this time, Ye Feng and Murong Changming also looked forward and found that the towering imperial city buildings of the Blood Demon Dynasty, with numerous high-rise buildings, had appeared at the end of the land in front of them.

Chapter 4454 Basic Obligations

At this time, many people present breathed a sigh of relief when they saw that the imperial city of the Blood Demon Dynasty was close at hand.

Especially the group of strong men from the Royal Training Academy. They are actually geniuses who were pampered and cultivated by the Royal Training Academy.

This time they went to the borderland to complete this mission, and they did not expect that the process would be so dangerous.

Even their leader, the purple-robed elder, was dead.

So at this time, they returned to the extremely safe Imperial City. Naturally, they were completely relieved and no longer had to live a life of fear.

After all, they were staying in a border city and had always been uneasy, fearing that the strong men from the Demonic Sect would suddenly come to take revenge.

But now there is no problem.

At this time, a group of core members of the Royal Cultivation Academy were flying quickly towards the imperial city ahead, wanting to enter the imperial city as soon as possible.

At this time, Ye Feng and Murong Changming also arrived at the gate of the imperial city.

At this moment, Gu Qingqing looked at Ye Feng beside him, and immediately said with a smile: "Ye Feng, do you want to go directly to the Royal Cultivation Academy with me now? I will take you directly to apply for admission to the Royal Cultivation Academy. joining procedures."

Hearing what Gu Qingqing said, Ye Feng immediately nodded.

It would be much more convenient for me if Gu Qingqing could lead the way.

If you go to the Royal Training Academy alone, you will probably have to undergo various very complicated assessments and identity registrations.

But as long as she goes there with Gu Qingqing, the seventh princess of the royal family of the Blood Demon Dynasty, the process is expected to be very fast, and she can join the Royal Training Academy in an instant.

Ye Feng didn't want to waste time on these unnecessary trivial matters.

So at this time, Ye Feng naturally nodded in agreement.

At this moment, Ye Feng looked directly at Murong Changming beside him and said loudly: "Brother Murong, then I will follow Qingqing to the Royal Training Academy. There is no way to go back to the scavenger department with you temporarily."

Murong Changming immediately laughed, patted Ye Feng on the shoulder, and said loudly: "Go, the Royal Training Academy is the place that is truly suitable for you."

\u003e

What Murong Changming said at this time was still very free and easy. He was not reluctant to leave Ye Feng just because he was the only one in the scavenger department.

Murong Changming strongly supported Ye Feng to enter the Royal Cultivation Academy.

After all, Murong Changming is the one who really considers Ye Feng.

Because he felt that joining the Royal Training Academy was the wisest choice for Ye Feng.

Because being in the scavenger department will indeed delay Ye Feng's cultivation.

Only by entering the Royal Training Academy, a pure training place dedicated to cultivating super geniuses and core experts, can Ye Feng's cultivation level be rapidly improved and Ye Feng's immense cultivation talent can be fully utilized. .

Hearing what Murong Changming said at this time, Ye Feng also showed a hint of warmth in his eyes.

He knew that this old brother Murong was a person who truly considered himself and would not stop Ye Feng from leaving just because it was not in Murong Changming's interests.

At this moment, Ye Feng nodded immediately and said goodbye to Murong Changming directly.

Black Qilin followed Ye Feng.

Then Ye Feng and Gu Qingqing flew quickly towards the center of the imperial city.

The Royal Training Academy established by the Blood Demon Dynasty stands in the palace of the Blood Demon Dynasty.

The imperial palace is in the most central area of the imperial city.

At this moment, under the leadership of Gu Qingqing, Ye Feng naturally arrived at the area where the Royal Training Academy was located smoothly.

After Ye Feng followed Gu Qingqing into the palace, he came to the back garden of the palace.

A vast royal garden appeared here.

Many buildings are located in the royal gardens.

Surrounded by green plants, all kinds of precious flowers, plants and trees are planted, which looks very beautiful and very impressive.

At this moment, Ye Feng suddenly saw the deepest area of the royal garden.

A huge college building that looks very ancient and shocking.

This is the Royal Training Academy.

It is a place specially used by the Blood Demon Dynasty to cultivate core geniuses and core powerhouses.

At this moment, Gu Qingqing took Ye Feng and flew quickly towards the Royal Training Academy.

When they entered the Royal Cultivation Academy, Ye Feng could immediately sense that there were many very powerful cultivation auras hidden in the entire Royal Cultivation Academy.

There is some cultivation aura that even Ye Feng feels very afraid of now.

Ye Feng immediately understood. It is estimated that many core experts in the Blood Demon Dynasty are practicing in this royal training academy.

Otherwise, this Royal Training Academy would not have given Ye Feng such a terrifying feeling.

Because Ye Feng could sense that many powerful people were in the Royal Training Academy.

At this time, Ye Feng seemed to have thought of something, and immediately looked at Gu Qingqing beside him, and asked aloud: "After joining the Royal Training Academy, will you choose the mission yourself, or will the upper echelons of the royal family send us missions?"

Hearing this, Gu Qingqing immediately smiled and said: "Ye Feng, you haven't even joined the Royal Cultivation Academy yet, and you are already thinking about doing tasks. It seems that you have a lot of ambitions to improve your status. Big desire, but this is a good thing, there is motivation when you have goals."

At this time, after Gu Qingqing finished speaking, he continued to speak: "In our Royal Cultivation Academy, most of them can be said to be assigned tasks to us by the upper echelons of the royal family. There are actually very few tasks that we can choose ourselves. We have to do The purpose is to improve your cultivation strength as much as possible in the Royal Training Academy. You must know that there are a lot of training resources in the Royal Training Academy. As long as your talent is evil enough, you can apply for those training resources for free. "

Hearing what Gu Qingqing said, Ye Feng's eyes suddenly showed surprise.

This was the first time he came across a place where he could receive training resources for free.

Ye Feng joined one before

You need to contribute to these big forces, and then those big forces will provide you with various cultivation resources.

But I didn't expect that in the Royal Training Academy, I could get a lot of training resources for free.

At this time, Gu Qingqing seemed to see Ye Feng's doubts, and immediately smiled and said: "These so-called free resources are actually not free. After your cultivation has improved, you need to help our Blood Demon Dynasty in Fighting in some turbulent border areas of the Blood Demon Dynasty helped our Blood Demon Dynasty resolve some disputes in the border areas, and helped our Blood Demon Dynasty expand its territory in the wild lands. Most of our Blood Demon Dynasty's border areas are It is connected to the endless wild land. This wild land is a very dangerous area in our northern region. It is full of various primitive forests, wild forests, deep water swamps, etc., and there are many terrible creatures and ancient creatures living there. beasts, so the border city we were in before was actually just a small part of the border land and the junction of the Demonic Sect. In fact, there were not many disputes. They were just some casual cultivators of the Demonic Way. The real power of our Blood Demon Dynasty The dangerous frontier land is actually a frontier area connected to the endless wild land. There are constant disputes, and there are even terrifying ancient beasts that invade the territory of our Blood Demon Dynasty. Therefore, although we enjoy a lot in the Royal Training Academy We have training resources, but it is the basic obligation of all of us at the Royal Training Academy to help our entire Blood Demon Dynasty resist the invasion of ancient beasts in the wild frontier lands."

Hearing what Gu Qingqing said, Ye Feng suddenly showed a look of surprise on his face.

It turns out that the real threat to the Blood Demon Dynasty comes from the border land on the other side, the border land connected to the wild land of the Northern Territory.

Ye Feng remembered that a friend he met before joining the Blood Demon Dynasty seemed to have gone to the borderland bordering the wilderness when he first chose a department.

That kind of place is indeed very dangerous and requires extremely powerful suppression to maintain peace on the border.

At this time, Ye Feng immediately nodded and said loudly: "I understand, now it's better to join the Royal Academy of Cultivation first. I don't know when the mission reward for preventing the resurrection of the White Bone Demon Saint will be given to us."

Chapter 4455 Alone Palace

Hearing what Ye Feng said at this time, Gu Qingqing showed a smile on his face and said with a hint of ridicule: "Ye Feng, you are really a money man, you have been talking about that mission award."

Hearing what Gu Qingqing said, Ye Feng just smiled helplessly and said: "Qingqing, I am not the seventh princess of the Blood Demon Dynasty like you. I have a lot of cultivation resources. As long as I have the cultivation resources, I can get them. Naturally, I really want to get it as soon as possible to feel at ease."

Hearing what Ye Feng said, Gu Qingqing immediately smiled and said, "If you really need a lot of cultivation resources, I can give you part of my cultivation resources."

"That's no need."

Ye Feng immediately shook his head, looked at Gu Qingqing's beautiful face, and said with a smile: "I am a principled person. Since I entered the trial, everything has been to compete with others. Either I find it or I find it myself. I rarely accept help from others unless I also help them. In return, I will get what I deserve."

Hearing what Ye Feng said, Gu Qingqing immediately smiled and said, "Ye Feng, I didn't misjudge you. You are a very sincere person."

Speaking of this, Gu Qingqing seemed to have thought of something, and immediately said: "By the way, Ye Feng, I'd better take you to register your identity at the Royal Training Academy as soon as

possible. In this case, you will officially become a member of our Blood Demon Dynasty. As a formal member of the Royal Training Academy, you can directly enter and use many special training places in the Royal Training Academy, and there are also many training resources that you can obtain, including those sent by the upper echelons of the royal family. You can also participate in various tasks to gain contribution points and improve your status.”

Hearing what Gu Qingqing said, Ye Feng immediately nodded and said nothing more. Instead, he followed Gu Qingqing and flew quickly towards the central hall of the Royal Training Academy.

The two of them moved very quickly and arrived at the main hall of the Royal Training Academy in a blink of an eye.

At this time, Ye Feng suddenly saw many Royal Cultivation Academy students wearing Blood Demon Dynasty uniforms.

There was an endless stream of young geniuses wearing clothes, shuttling through the entire central hall, and they were all quite busy.

Obviously, although these young geniuses have joined the Royal Training Academy, they are probably under a lot of pressure.

After all, if you want to quickly improve your cultivation strength in the Royal Training Academy and practice stably, you must improve your cultivation strength as quickly as possible.

Only in this way can we continue to stay in the Royal Training Academy safely.

After all, the Royal Training Academy does not retain mediocrity.

Only those with real strength can stay here forever.

On the way to the central hall just now, Gu Qingqing also told Ye Feng that in the Royal Training Academy, a knockout competition is held every year.

Only the strong ones who stand out in the knockout rounds can continue to stay in the Royal Training Academy.

If you participate in the knockout round and are eliminated, you will have no way to continue to stay in the Royal Training Academy, and you will no longer be able to enjoy the various training benefits in the Royal Training Academy, and you will be kicked out of the Royal Leisure Academy.

However, those who have practiced in the Royal Training Academy, even if they are kicked out, are still talents. All major families and departments will compete for them, and they generally end up very good.

Therefore, after many newcomers join the Blood Demon Dynasty, they will want to enter the Royal Training Academy.

Even if you can't practice in the Royal Training Academy all the time, as long as you can stay in the Royal Training Academy for a period of time, it is equivalent to plating yourself with a layer of gold.

At that time, no matter which department or family you go to, you will be treated as a guest, because the reputation of the Royal Training Academy is too great.

So the first thing many people do when they come to Blood Demon Dynasty is

Just find a way to enter the Royal Training Academy.

If they can successfully enter the Royal Training Academy, it means that they will receive great attention anywhere in the entire Blood Demon Dynasty in the future.

At this time, Gu Qingqing and Ye Feng had arrived at the central hall of the Royal Training Academy.

The central hall of the Royal Cultivation Academy is very grandly built. The entire body is made of golden metal, and there are many spiritual stones inlaid on the surface. It sparkles and gives people a very noble and majestic feeling.

At this moment, Gu Qingqing led Ye Feng directly into the central hall.

With Gu Qingqing's help, Ye Feng successfully became a formal member of the entire Royal Cultivation Academy, and received the Royal Cultivation Academy's identity token and the Royal Cultivation Academy's special clothes.

After Ye Feng put on this special outfit, his temperament suddenly became quite noble.

It has to be said that this special set of clothes produced by the Royal Training Academy has the ability to enhance one's temperament.

And according to Gu Qingqing, the special clothes made by the Royal Training Academy also have very strong defensive power, which is definitely comparable to some powerful armors.

When Ye Feng heard what Gu Qingqing said at this time, he slightly pulled the clothes on his body and found that the clothes were very tough and he couldn't tear them apart at all.

"Um?"

This made Ye Feng's eyes suddenly show surprise.

After all, you must know that Ye Feng's current physical strength is very terrifying. With just one finger, he can break a mountain several hundred meters into pieces in an instant.

However, Ye Feng pulled hard but did not tear the clothes apart, which proved that this set of clothes was indeed as precious as Gu Qingqing said.

Only formal members of the Royal Academy of Cultivation can wear it, and it has extremely powerful defensive power.

\u003e

At this time, Ye Feng was still very happy.

After all, being able to directly become a formal member of the Royal Academy of Cultivation means that he can continue to practice stably in the entire Royal Academy of Cultivation in the future.

And he can also practice with Gu Qingqing, the beautiful seventh princess of the Blood Demon Dynasty.

At this time, Gu Qingqing looked at Ye Feng, and immediately smiled and said: "Ye Feng, you can live where I live next. As the seventh princess of the Blood Demon Dynasty, I have a lot of experience in the Royal Training Academy. A separate place to live, you can come and live directly in my palace."

Hearing what Gu Qingqing said, Ye Feng's eyes suddenly showed a look of surprise.

Sure enough, these royal members of the Blood Demon Dynasty still have privileges. They can actually build a separate palace to live in the Royal Training Academy, which has a lot of land.

Ye Feng knew very well that ordinary members of the Royal Training Academy could only live in a small room with others.

But Gu Qingqing enjoys a separate hall to live in.

At this time, Ye Feng naturally would not refuse, and immediately said with a smile: "Okay, then I will live with Qingqing temporarily, but Qingqing, your identity is the seventh princess of the Blood Demon Dynasty, if I and If you live together alone, won't it be bad for others to gossip and have a bad impact on Qingqing's reputation?"

Ye Feng was not afraid of provocation from others, but he felt that it would not be good if it had a bad impact on Gu Qingqing's reputation.

Hearing that Ye Feng was thinking about himself, Gu Qingqing's eyes suddenly showed a warm look.

The next moment, Gu Qingqing said in a very domineering voice: "It's okay, whoever dares to gossip about me, I will give him a lesson."

Hearing what Gu Qingqing said, Ye Feng immediately smiled dumbly, and then said: "Okay, then Qingqing, take me to the main hall where you live to take a look. I will familiarize myself with the environment first."

## Chapter 4456 Guardian

At this time, Ye Feng followed Gu Qingqing and flew quickly towards the separate main hall where Gu Qingqing lived.

Along the way, Ye Feng and Gu Qingqing naturally attracted the attention of many people.

After all, Gu Qingqing is the seventh princess of the Blood Demon Dynasty, and she is naturally beautiful, extremely beautiful, and has an extraordinary temperament.

The main reason is that Gu Qingqing is not only very beautiful, but also has extremely powerful strength.

In the Royal Training Academy, she naturally attracts much attention and is recognized as a goddess-level figure.

Normally when Gu Qingqing walks alone in the Royal Training Academy, he will attract the attention of a large number of people.

So this time, Gu Qingqing actually walked with a very strange young man in everyone's eyes, which naturally attracted everyone's attention even more.

Immediately, someone couldn't help but exclaimed: "Our noble Seventh Princess, has she found a martial arts partner? Look at how close he is to the young man in white, he must be a martial arts partner, and between words It seems very close."

At this time, many people had deep envy and jealousy in their eyes.

Because being able to walk with such a beautiful Seventh Princess as Gu Qingqing and still be so close to her is definitely a scene that many people cannot imagine. .??.

But now this scene has appeared.

Therefore, many people looked at Ye Feng with deep envy in their eyes.

Ye Feng naturally noticed the gazes of so many people at this time, and a helpless smile suddenly appeared on his face.

Ye Feng looked at Gu Qingqing beside him, smiled and said: "It seems that I have attracted a lot of hateful eyes when walking with you."

Hearing what Ye Feng said, Gu Qingqing immediately couldn't help shaking her head, smiling, and said: "This is not a look of hatred, it is a look of envy. Let them be envious."

After finishing speaking, Gu Qingqing seemed to be deliberately trying to get angry with everyone. She directly stretched out her white hand, grabbed Ye Feng's palm, and then moved forward quickly.

"What??"

Seeing this scene, the countless students of the Royal Training Academy who were watching around them had more shock in their eyes at this moment.

They never expected that Gu Qingqing would hold Ye Feng's hand in public, not shying away from the gazes of countless people around him.

Ye Feng, a strange man, made everyone crazy with envy and jealousy.

At this time, seeing Gu Qingqing pulling him, Ye Feng could only smile bitterly and shake his head.

It seems that Gu Qingqing, the seventh princess of the Blood Demon Dynasty, still has the character of a little girl.

At this time, Ye Feng did not leave Gu Qingqing's little hand, because Ye Feng felt that it didn't matter.

Anyway, being so close to Gu Qingqing has attracted the jealous eyes of many people, so he is not afraid of others becoming more jealous.

Moreover, Ye Feng felt that there was no need to fear anyone in the Royal Training Academy.

Only those figures from the older generation now make Ye Feng feel heavy pressure.

If it was a young man of the same generation, or a generation slightly older than Ye Feng, Ye Feng wouldn't care at all.

Because Ye Feng's current strength has been directly promoted to the first level of Beidou Realm after being tempered in the border city.

In the Blood Demon Dynasty, the cultivation level of Beidou Realm can be regarded as the cultivation level of the elders.

Even in the Royal Training Academy where there are many strong men and countless geniuses, the cultivation level of Beidou Realm is very high.

It's just that the people Ye Feng met in the border city before, whether it was Old Man Yun, Young Master Evil Sword, or the legendary White Bone Demon Saint, were all very powerful beings.

In fact, this level

Other strong men are still very rare.

There are not that many strong men in the entire Northern Territory of the Ten Thousand Demons Interface.

What's more, now the White Bone Demon Saint has become Ye Feng's prisoner, staying in Ye Feng's storage ring.

As long as Ye Feng issues an order, the Bone Demon Saint will naturally fight for Ye Feng with all his strength.

Not to mention, Ye Feng's storage ring also contains an extremely powerful ancient monster like the Black Qilin, which is slowly recovering its strength.

Ye Feng has no doubt that as long as he can restore the Black Qilin to its peak state, then the White Bone Demon Saint will return to its peak state.

With these two powerful assistants, he could probably travel sideways in the entire Northern Territory.

But Ye Feng also knows that his strength must be improved after all, otherwise everything will be in vain.

Only by constantly improving one's own strength and means is the right way.

You are always the most reliable.

No one else can be trusted.

At this time, Ye Feng was thinking, following Gu Qingqing to the separate hall where Gu Qingqing lived.

As expected, halls appeared in the back row of the Royal Training Academy in the distance.

In each of these halls, it is estimated that only a very special and important person can enjoy such a hall to live alone.

At this moment, Ye Feng and Gu Qingqing landed from high altitude and walked to this independent villa area.

Soon, the two of them walked in front of a very grand living hall.

At this time, Gu Qingqing immediately smiled and said: "Ye Feng, this hall is my place of residence. From now on, you will live here and live with me. The environment here is good, quiet, and it is surrounded by plants." Many high-level spiritual trees emit a lot of spiritual energy every day, which is very rich in spiritual energy and is very helpful for cultivation. "

At this time, Ye Feng looked at the great hall in front of him and couldn't help but smile and nod his head, and said loudly: "Your royal bloodline really enjoys special rights, and you can actually practice in the royal family where every inch of land is precious." There is a separate living hall in the college, which is really enviable. "

When Gu Qingqing heard what Ye Feng said, she immediately couldn't help laughing and said: "Only powerful royal heirs can enjoy all this. If I didn't have strong strength, I wouldn't be able to enjoy all this. After all, in our Blood Demon Dynasty, we have always respected strength. If we are strong, we will speak very tough words. If we are not strong, even if we are the descendants of princes and nobles, they will not be of much use and they will go anywhere. Being looked down upon by others."

Hearing what Gu Qingqing said, Ye Feng's eyes suddenly showed a look of surprise.

It seems that this Blood Demon Dynasty is really a place that respects strength and has a strong spirit of martial arts.

At this time, Ye Feng nodded immediately, and then followed Gu Qingqing to prepare to walk into Gu Qingqing's living hall.

After all, if he had the opportunity to enjoy such conditions, Ye Feng would naturally not refuse.

Uh-huh!

But just as the two were about to enter the hall, a middle-aged man wearing a blue robe suddenly flew over from a certain direction not far away.

The middle-aged man came to Ye Feng and Gu Qingqing. He stared at Ye Feng with a censorship-like gaze and said loudly: "Your Highness, Seventh Princess, who is this boy? Where does he come from? What is he?" Identity? I want to be alone with you. This is something our royal family cannot allow. As your protector, I must control everyone around you and not pose any threat to you. This boy should be from What kind of country place? He is not a heir of a noble family. I have never seen such a person. He cannot live with you. This will affect the reputation of our royal family and will also be bad for your reputation, Your Highness, the Seventh Princess. , I won't allow this to happen."

Chapter 4457 Decided to take action

At this time, when Ye Feng heard this middle-aged man say this, a look of astonishment suddenly appeared in his eyes.

Unexpectedly, he and Gu Qingqing met Gu Qingqing's protector as soon as they arrived at the place where they lived.

At this moment, Ye Feng immediately said: "Senior, I am not a country boy, Qingqing and I are friends."

After finishing speaking, Ye Feng directly took out the baron's noble token that he had obtained before.

"Um?"

Seeing the baron noble token in Ye Feng's hand, the middle-aged man immediately showed a look of surprise in his eyes.

He took the baron token in Ye Feng's hand, sensed it carefully, and said loudly: "Yes, this is the real noble token of our Blood Demon Dynasty. You actually own it? You are so At such a young age, he is actually a noble of our Blood Demon Dynasty, but after all, he is only a first-class baron, the lowest noble among the nobles, and it is not appropriate to live with His Royal Highness the Seventh Princess. "

At this moment, the ancient protector saw the noble token of Ye Feng's Blood Demon Dynasty, and his attitude and tone softened significantly.

After all, being able to become a noble of the Blood Demon Dynasty means that he must have made a huge contribution to the Blood Demon Dynasty to become a noble.

In the Blood Demon Dynasty, the nobles are divided into blood nobles and foreign nobles.

Blood nobility is very simple. Anyone who is a royal blood heir of the Blood Demon Dynasty is born a blood nobility.

The foreign nobles are easy to understand, that is, outsiders who do not have the orthodox royal blood of the Blood Demon Dynasty also have the opportunity to become the nobles of the Blood Demon Dynasty.

But it is definitely very difficult for outside members to become nobles of the Blood Demon Dynasty.

Only those who have made extremely substantial contributions to the Blood Demon Dynasty can become a noble of the Blood Demon Dynasty.

So at this time, seeing that Ye Feng turned out to be a baron from the Blood Demon Dynasty, the ancient Qingqing protector naturally softened his attitude a lot.

However, at this time, Ye Feng's status as a first-class baron was still not very high, so at this time Gu Qingqing's protector frowned and said loudly: "No matter what, you can't live with our Seventh Princess now." At the same time, this damages the image of the royal family and is also harmful to Qi Gong.

His Highness has a very bad reputation. "

In fact, after hearing what the protector said, Gu Qingqing couldn't help but said: "Uncle Lin, Ye Feng is not an ordinary person. Ye Feng is the best friend I know. This time I recommend him to join our royal family. He is from the training academy, so he has no place to live for the time being. There is nothing special about living with me. After all, there are many rooms in the separate hall where I live. I usually live alone, which is quite lonely and boring. Yes, so I asked Ye Feng to move in. "

At this time, Gu Qingqing no longer seemed so tough in front of the protector.

After all, this protector is very powerful and is an extremely powerful figure in the Blood Demon Dynasty. He and the current emperor of the Blood Demon Dynasty, Gu Qingqing's father, were brothers in those days.

Therefore, it can be seen that although Gu Qingqing is the seventh princess, for some reasons, she is very valued by the emperor of the Blood Demon Dynasty, and all her good brothers are sent to be Gu Qingqing's protectors.

Hearing what Gu Qingqing said at this moment, Gu Qingqing's protector, who was called Uncle Lin, couldn't help shaking his head, sighed, and said with a wry smile: "Your Highness, the Seventh Princess, your father The emperor asked me to watch you carefully and not let you act unscrupulously and live with a strange man. This is really not good for your reputation and the reputation of the entire royal family. "

At this moment, hearing what the protector said, Ye Feng's eyes revealed a look of surprise.

Ye Feng originally thought that this protector was specifically targeting him. It seemed that Gu Qingqing's protector was really considering the reputation of Gu Qingqing and the reputation of the entire dynasty.

At this moment, Ye Feng was silent for a moment and said, "Then I will find a place to live alone. If I rashly live with Qing Qing, it will indeed damage her reputation."

In fact, Ye Feng had mentioned this before, but Gu Qingqing didn't seem to care, so Ye Feng didn't think it mattered anymore.

But now, hearing this guardian mention it, Ye

Feng felt that it was indeed not a good thing for him to suddenly live with Gu Qingqing, and it would have a great impact on Gu Qingqing's reputation.

After all, he and Gu Qingqing are not martial arts partners, just good friends.

After Ye Feng finished speaking, Gu Qingqing suddenly stretched out her white hand, grabbed Ye Feng's palm, and said very firmly: "Ye Feng, you don't have to do this, it doesn't matter if you live with me. We're not in the same room, we're just living in a separate hall. It's nothing. If anyone dares to gossip, I'll give him a good beating."

When he heard Gu Qingqing say this, he looked at Gu Qingqing and stretched out his little hand and took Ye Feng's palm.

Gu Qingqing's protector's eyes suddenly froze slightly. ??

At this time, he suddenly understood that Gu Qingqing was not messing around. He could see that Her Royal Highness the Seventh Princess really liked this young man in white. Otherwise, it would be impossible to say such a thing or do such a thing. Such a close gesture directly grabbed Ye Feng's hand.

Gu Qingqing's protector has never seen the Seventh Princess whom he has been protecting, being so close to someone of the opposite sex, without any hesitation.

At this time, Gu Qingqing's protector could only sigh, shook his head secretly, and then said aloud: "Since your Highness, Seventh Princess, has made up her mind, I can't say much. After all, I'm not yours either." Father, I have no right to control you, but I must report this matter to Your Majesty."

Hearing what the protector in front of him said, Gu Qingqing seemed to be very indifferent and said: "Then you can report it to my father. My father will never interfere in such a thing as mine."

Hearing what Gu Qingqing said, the protector could only helplessly shake his head and smile bitterly.

Then the protector suddenly looked at Ye Feng beside Gu Qingqing, and said with a serious face: "Young man, Her Royal Highness the Seventh Princess seems to treat you differently, but you can't treat Seventh Princess accordingly. Princess, if you do something unreasonable, I will be rude to you."

Hearing what the protector in front of him said, Ye Feng just shrugged indifferently and said

He said: "Qingqing and I are very good friends, and of course I will not do anything detrimental to her."

Hearing what Ye Feng said, the protector in front of him suddenly looked a little worried when he saw Ye Feng's careless look.

After all, he was a top-notch strongman in the Blood Demon Dynasty. He was once a good brother with the Emperor of the Blood Demon Dynasty. When the ordinary princes saw him, they were all polite and in awe.

Unexpectedly, this boy in white would treat him quite casually, without any courtesy or respect at all.

This made the protector feel a little unhappy.

This ancient protector stared at Ye Feng and decided to take action. He gave Ye Feng a slight lesson to let the young man know that the sky is high and the earth is high.

At this time, Gu Qingqing's protector suddenly spoke up and said: "I heard from Her Royal Highness the Seventh Princess that you are a good friend of Her Royal Highness the Seventh Princess, and you should be a peerless genius. I wonder if I can see your talents. "

Hearing what the protector in front of him said, Ye Feng immediately understood in his heart that this protector probably wanted to give himself a blow to maintain his status as a senior.

Ye Feng only found it a bit funny, but this protector did not have any deep hostility towards him. He just felt that he was a young man of the younger generation and should respect him, but he did not do this.

In response, Ye Feng just smiled faintly and said, "How do you want to see my methods, senior?"

When the guardian heard what Ye Feng said, his eyes were filled with joy, and he immediately smiled and said: "Young man, I can sense your cultivation strength. In the first level of Beidou Realm, it is indeed extraordinary, but compared with us Compared with this kind of seniors, they are still far behind. I am three realms higher than you. So, let me stand still, and I will spare your hand. You can use your strongest hand later. If you can make me step back even half a step, I will recognize your talent and be polite to you when I see you in the future. But if you lose, as long as you see me in the future, You must bow your hands respectfully as a junior, how about that?"

At this moment, the protector was speaking with a confident smile on his face.

Chapter 4458 Dragon and Phoenix Pill

At this time, after the protector finished speaking, he quietly waited for Ye Feng's response.

He even felt that Ye Feng probably wouldn't dare agree to his request.

But at the next moment, what made the protector's eyes reveal a look of surprise.

Ye Feng didn't seem to be afraid at all, but smiled slightly and said, "Okay, let's give it a try."

When he said this, Gu Qingqing beside him suddenly turned his beautiful eyes slightly, and then said with a smile: "Uncle Lin, since you want to test Ye Feng's strength, if Ye Feng wins, no matter

what It's definitely not good to give him a reward. After all, you are a senior and you can't bully the juniors."

Hearing what Gu Qingqing said, Gu Qingqing's protector, who was called Uncle Lin, was suddenly stunned.

Then he looked at the cunning look of Gu Qingqing in front of him and couldn't help but shake his head.

Uncle Lin knew that Gu Qingqing was seeking benefits for Ye Feng.

But Uncle Lin is very confident in his own strength.

So at this moment, Uncle Lin immediately smiled and said: "Okay, then according to Her Royal Highness the Seventh Princess, what reward should I give this young man if he wins." .??.

Gu Qingqing thought for a while, and then said seriously: "Ye Feng's current cultivation strength, although it is very strong for his generation, is still far behind compared with you older people. He After all, he still lacks a lot of martial arts training background, so if Ye Feng can really win, I hope that Uncle Lin can give Ye Feng the Dragon and Phoenix Pill that you refined that was originally intended to be dedicated to my father. Wind, as a bet."

"Dragon and Phoenix Great Pill?"

At this moment, when Ye Feng heard Gu Qingqing beside him say this, his eyes suddenly flashed.

Dragon and Phoenix Great Pill, this is a very high-level pill.

A dragon and a real phoenix are refined together

, forming a pill.

It has the terrifying blood energy of the ancient true dragon and the ancient phoenix.

This kind of elixir is extremely advanced.

Ye Feng had seen it in an ancient book, but had never seen the actual thing.

I didn't expect that Uncle Lin was actually a master of alchemy and could refine such high-level elixirs.

And it is so powerful that it is too valuable to be able to refine a real dragon and a phoenix together to form a pill.

Ye Feng was thinking about whether to be so exaggerated.

But Gu Qingqing's protector opposite, Uncle Lin, immediately smiled slightly at this moment and said loudly: "Okay, if this young man can really win, he can use his strongest attack to make me take half a step back." If he doesn't, then I will give him the Dragon and Phoenix Pill."

Hearing what Uncle Lin said, Ye Feng's eyes suddenly showed a look of surprise, as if he didn't expect that Uncle Lin would be so generous.

But the next moment, Ye Feng suddenly understood. It is estimated that Uncle Lin, the ancient protector of the ancient Qingqing, is very confident in his own strength and feels that it is impossible for Ye Feng to repel him.

That's why Uncle Lin agreed so simply at this time.

Thinking of this at this moment, Ye Feng's mouth showed a faint smile.

Ye Feng felt that it was necessary to let Uncle Lin know that he was not one of those ordinary geniuses.

At this moment, Ye Feng said nothing more, but nodded, looked at Uncle Lin in front of him, and said loudly: "Senior, then I will take action directly."

Uncle Lin seemed very confident at this time, with his right hand

Behind him, he just stretched out his left hand, faced Ye Feng, smiled and said: "You can take action at any time."

At this moment, Uncle Lin also exuded his extremely powerful cultivation aura.

I have to say that this uncle Lin's cultivation is indeed very terrifying. It is three realms higher than Ye Feng's current Beidou realm. He is very powerful. He is worthy of being a first-rate powerhouse in the Blood Demon Dynasty and one of the elders. A powerful presence.

At this time, Uncle Lin was standing there, feeling like an ancient monument, standing there, like a mountain, unreachable, boundless and majestic.

Ye Feng's eyes suddenly became serious at this time.

This Uncle Lin is definitely a terrifying old man. .??.

At this moment, Ye Feng was not afraid. Instead, he gathered all his strength into his fists, and then fully unleashed the terrifying power of the God's Immortal Body.

"boom!!"

At this moment, Ye Feng gathered all his strength into his fist.

The next moment, a bright golden divine light burst out from Ye Feng's fist.

Ye Feng's fist seemed to have turned into a little sun at this moment, and it immediately started to blast forward crazily.

This punch is Ye Feng's most peak punch so far. Even Ye Feng himself doesn't know how powerful this punch is.

Because since Ye Feng broke through to the first level of Beidou Realm, he has never encountered an opponent who can make him do his best.

At this moment, Ye Feng tried his best, mobilized all his strength, and attacked Uncle Lin crazily.

At this moment, Uncle Lin, who had a very calm face, suddenly had a look in his eyes.

There was a trace of alarm.

Because he felt that Ye Feng's punch was extremely terrifying. Even if Ye Feng was three realms lower than him, it was impossible to fight against Uncle Lin. But you must know that what Uncle Lin was talking about was Ye Feng's punch. If you take half a step back from him, you will win.

So at this time, Uncle Lin's face suddenly changed. A bright black light burst out from his left hand, and a huge black shield condensed in his left hand.

Seeing this black shield, Gu Qingqing, who was standing aside, couldn't help but said: "Uncle Lin, you actually used your own powerful defensive skills. You are a bit shameless."

But at this time, Uncle Lin did not respond to Gu Qingqing, but concentrated on his black shield.

Boom! !

And at the next moment, Ye Feng's fist, which was like a golden sun, had already hit the black shield condensed by Uncle Lin's left hand.

The entire field suddenly heard an extremely terrifying roar.

Almost at the next moment, Ye Feng's fist did not smash the black shield into pieces.

But the terrifying divine energy contained in Ye Feng's fist had penetrated the black shield and reached Uncle Lin's left hand.

The next moment, what shocked everyone present was that Uncle Lin, who was standing where he was, couldn't help but take three steps back.

Ye Feng not only repelled Uncle Lin half a step, but also three full steps.

At this moment, Gu Qingqing, who was standing aside, immediately said in surprise: "Uncle Lin, you lost!"

Ye Feng also had a look of surprise in his eyes at this time. He didn't expect that his full-strength punch would be so powerful!

Chapter 4459: Really take it seriously

At this time, Ye Feng's eyes also showed deep surprise.

After all, Ye Feng himself did not expect that his fist could burst out with such powerful power.

Uncle Lin, who was three realms higher than himself in cultivation, couldn't help but take several steps back.

At this moment, Ye Feng immediately looked at Uncle Lin, who seemed to have an ugly face in front of him, and said with a smile: "Senior, do I win now?"

Hearing Ye Feng's question, Uncle Lin's face suddenly became a little ugly.

But then, with a trace of uncertainty in his eyes, he stared at Ye Feng and couldn't help but said: "You won, but I'm curious, where did you come from? Our Blood Demon Dynasty already has many. There hasn't been a genius as powerful as you in this year, and your talent is indeed recognized by me."

Hearing Uncle Lin's question, Ye Feng's eyes flashed slightly, and then he said with a smile: "I come from a small place, a small place that is looked down upon by the seniors."

Hearing what Ye Feng said, Uncle Lin's eyes suddenly showed a look of surprise.

It seems that Ye Feng does not come from some powerful and invincible ancient family, but comes from a very small place. He is a newcomer to the Blood Demon Dynasty. However, he did not expect to have such a heaven-defying talent. It really makes people feel... Incredible.

At this time, Gu Qingqing, who was standing aside, had a deep smile on her beautiful face, and immediately said: "Uncle Lin, Ye Feng has won, so you should fulfill your promise to him. Come on."

Hearing what Gu Qingqing said, Uncle Lin immediately showed a helpless smile on his face and said, "Your Highness, Seventh Princess, don't worry. As an older person, how can I not keep my word?"

At this moment, after Uncle Lin finished speaking, with a look of pain on his face, he took out an iron box from his storage ring.

Click!

When Uncle Lin opened the iron box, a fist-sized pill appeared inside.

This elixir looks very magical, the whole body is blood red, but it seems to contain a dragon and a phoenix inside the elixir.

You can even see the souls of two mini real dragons and phoenixes roaring to the sky in the small pills.

This elixir

It contains extremely terrifying energy.

It is the extremely precious Dragon and Phoenix Pill!

Seeing this scene at this time, Ye Feng naturally showed deep joy in his eyes, and he immediately stretched out his hand to take the Dragon and Phoenix Pill into his hands.

Ye Feng was not pretentious.

After all, this was an agreement made with Uncle Lin before.

Ye Feng naturally would not waste such high-level elixirs.

So at this time, Ye Feng directly brought the Dragon and Phoenix Pill.

At this moment, seeing Ye Feng directly getting the Dragon Wind Pill, Uncle Lin immediately said in a serious voice: "I originally refined this Dragon Phoenix Pill and prepared it for His Majesty. Only a top powerhouse like His Majesty can directly swallow the refining. After you get it, your cultivation level is not enough yet, so don't refine it yet. When you are strong, you can take it directly. Otherwise, you will die instantly because the power contained in the dragon and phoenix elixir was too huge. Your current level of cultivation and body strength could not withstand the violent and huge power of the dragon and phoenix medicine, which was as big as the ocean. "

Hearing Uncle Lin in front of him say this, Ye Feng grinned and said: "No, now that I have it, I will eat it directly and then improve my cultivation strength as much as possible."

Almost as soon as Ye Feng finished speaking, under the astonished look of Uncle Lin, Ye Feng swallowed the Dragon and Phoenix Pill directly in his stomach.

Boom! !

At this moment, Ye Feng immediately felt a terrifying energy, which exploded in his body.

Ye Feng could immediately feel that it was like a real dragon and a phoenix fused into his body, which instantly increased his skill unparalleledly.

Seeing this scene at this time, Uncle Lin, the ancient protector, immediately showed a look of deep shock on his face, and couldn't help but said: "Young man, if you do this, it is very likely that you will explode. Why didn't you listen to my advice?"

At this time, Gu Qingqing smiled very confidently and said: "Uncle Lin

Uncle, you don't have to worry about Ye Feng. Ye Feng's innate ability is very different from others. Ye Feng's body constitution can accommodate energy of any attribute, and it can also accommodate any huge energy. It can completely absorb all this energy. They have all been directly refined, so we will wait and see. "

And when Gu Qingqing was talking, the energy obtained by Ye Feng after refining the Dragon and Phoenix Pill immediately caused Ye Feng's skill level to start to rise steadily.

"boom!"

Beidou Realm Second Heaven!

"boom!"

Beidou Realm Third Heaven!

"boom!"

The fourth level of Beidou Realm!

"boom!"

The fifth level of Beidou Realm!

"boom!"

Beidou Realm Sixth Heaven! !

At this time, Ye Feng successively broke through with very powerful cultivation aura.

Ye Feng himself did not expect that this dragon and phoenix pill would allow him to break through the fifth heaven in a row.

Directly from the first level of Beidou Realm, he broke through to the sixth level of Beidou Realm.

This is simply incredible.

Because you must know that Ye Feng's current cultivation level has entered the Beidou realm, which is a very powerful realm.

Every breakthrough, even if it is just a small breakthrough, requires a terrifying amount of energy to accumulate.

But even so, a small dragon and phoenix pill directly allowed Ye Feng to break through the fifth heaven and step into the sixth heaven of Beidou Realm.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

This Dragon and Phoenix Great Pill was indeed specially refined by Uncle Lin and presented to the Emperor of the Blood Demon Dynasty.

Sure enough, the medicine was very powerful and provided me with a huge amount of energy, which was worth several years of hard work!

At this moment, Ye Feng's face immediately showed a look of deep joy.

At this moment, he looked at Ye Feng's powerful cultivation aura that broke through one after another.

This Uncle Lin, this Gu Qingqing protector, suddenly showed a look of deep astonishment on his face.

Even though Uncle Lin is a very powerful first-class elder, he was still shocked by Ye Feng's terrifying refining ability and breakthrough.

.

Because he has never seen such an incredible young talent.

He was able to break through the entire five heavens in just a few seconds with just one pill!

This is simply incredible!

Because this Uncle Lin himself also cultivated from Ye Feng's level of cultivation.

He knew very well that at their level, it was very difficult to break through, even if it was just a small realm.

Sometimes it even takes the right time, right place, and right people to realize the great path and achieve a breakthrough.

But Ye Feng didn't seem to need to realize anything.

As long as he has very majestic energy to devour, even this extremely ferocious elixir power, there is no problem, he can just absorb and break through.

This efficiency of converting it into one's own skill is really too high.

Because you have to know that even if some powerful geniuses have incredible talents, even if they get such a high-level elixir as the Dragon and Phoenix Pill, it will take a long time to refine it after swallowing it.

And being able to convert the medicinal power in the elixir into one's own skill, how much it can be converted depends on luck.

But Ye Feng seemed to be able to swallow up and refine every bit of the energy in the entire elixir, turning it into his own power.

This is really shocking to the extreme.

Even this Uncle Lin, this Gu Qingqing protector, has a look of deep astonishment on his face at this moment.

This was the first time he had seen such a terrifying and even weird ability.

At this time, Uncle Lin finally understood why the extremely arrogant Seventh Princess, Gu Qingqing, was so close to and fond of an ordinary-looking young man like Ye Feng.

Because Ye Feng's ability is really too magical, it can even be called weird.

And you must know that these are some abilities that Ye Feng showed casually. Ye Feng must have other more magical and powerful abilities that have not yet been displayed.

But a glimpse reveals the whole thing.

This shows how terrifying and evil Ye Feng is.

At this time, Uncle Lin understood somewhat, and finally looked at the young man Ye Feng for the first time, with real attention in his eyes.

Chapter 4460 Huge Disaster

For this Uncle Lin, Ye Feng was not in his eyes at first.

Although he was very close to the Seventh Princess Gu Qingqing, he felt that Ye Feng only relied on his good looks and handsomeness to attract the attention of the Seventh Princess Gu Qingqing, so he was able to get along with Gu Qingqing. So close.

He even felt that Gu Qingqing was just playing around with Ye Feng, the boy in white.

But now Uncle Lin suddenly discovered Ye Feng's incredible ability. It seemed that Ye Feng had other powerful abilities.

This time he felt that Her Royal Highness the Seventh Princess Gu Qingqing might have really fallen in love with this boy in white.

At this time, Uncle Lin also realized how important Ye Feng, an extremely evil genius, was to the entire Blood Demon Dynasty.

After all, the Blood Demon Dynasty has not had a true super genius for many years.

Although there are many so-called geniuses in the Royal Training Academy, they are all self-proclaimed, and their abilities are not really outstanding.

But Ye Feng can definitely be called a super genius in the true sense.

Even if Ye Feng has only shown the ability to swallow pills and improve his skills, it has already made Uncle Lin, the ancient protector of the ancient Qingqing, feel the terrifying potential.

He felt that if Ye Feng could continue to make such great progress in the future and not die prematurely, he would probably become the strongest being in the entire Blood Demon Dynasty in the future.

It is even possible to surpass the ancestors who cultivated in the small world of the Blood Demon Dynasty.

I have to say that if Gu Qingqing knew Uncle Lin's inner thoughts now, he would probably be very shocked.

Because Gu Qingqing knew that Uncle Lin had always been a very proud person.

After all, he is a figure who can be considered a brother to the emperor of the current Blood Demon Dynasty.

He is the top powerhouse of the middle-aged generation in the Blood Demon Dynasty.

r\u003e

But this Uncle Lin, just seeing Ye Feng's ability has already made Uncle Lin's evaluation of Ye Feng extremely high.

At this moment, Uncle Lin's eyes were very dignified and solemn. He stared at Ye Feng and said loudly: "Young man, you are indeed very powerful. No wonder Her Highness the Seventh Princess has such a good impression of you, but what I want to say is , your talent will one day be completely transformed into your powerful strength, and you will be able to be stable."

Hearing what Uncle Lin in front of him said, Ye Feng immediately nodded, smiled and said: "Senior, don't worry, my cultivation mentality has always been stable, and I will not deliberately pursue rapid progress, and I also know that if I have time, I will Talent is of no use if it is not converted into one's own strength. So after my senior gave me this dragon and phoenix pill just now, I just swallowed it and refined it, which improved and transformed my cultivation. Now I can feel that my fighting power is many times stronger than before."

Hearing what Ye Feng said, Uncle Lin immediately nodded, with a hint of admiration in his eyes.

This Ye Feng not only has a very strong talent for cultivation and a very weird devouring ability, but also has a very good mentality. He is neither impatient nor impatient. He is a pillar of talent.

At this time, Uncle Lin immediately smiled slightly, looked at the two young people in front of him, and said loudly: "Then you can temporarily live here with Her Majesty the Seventh Princess. I will not report to Your Majesty for the time being."

Hearing what Uncle Lin said, Gu Qingqing immediately said with great joy: "Thank you very much, Uncle Lin."

At this moment, Uncle Lin nodded, then jumped up and disappeared.

Although he is Gu Qingqing's protector, he also has other things to do.

Very busy.

Moreover, when Gu Qingqing usually goes out to practice, this Uncle Lin will not accompany him.

Because the Blood Demon Dynasty is very particular about allowing the younger generation to transform in real danger and blood and fire, the younger generation of the Blood Demon Dynasty cannot completely rely on guardians to protect their own safety.

At this moment, seeing Uncle Lin leaving, Gu Qingqing immediately looked at Ye Feng beside him with a smile, and couldn't help but said: "Ye Feng, you are so awesome. Uncle Lin, who has always been very proud, , they all admire you so much and praise you so much. I have never seen Uncle Lin praise others like this. Even the number one genius of our Royal Academy of Cultivation and a peerless genius recognized by everyone, Senior Brother Long, He never boasted like that."

Hearing what Gu Qingqing said, Ye Feng immediately smiled and shook his head, and said loudly: "My devouring ability is indeed quite evil. Even I sometimes feel it is very incredible. Ever since I stepped into Since my cultivation, I have practiced many traditional martial arts and awakened many powerful talents. However, as my cultivation continues to improve and my realm continues to rise, many things have gradually been eliminated. I don't use it very much, but I still use the devouring ability that I awakened at the beginning, and I think it will benefit me throughout my life."

Hearing what Ye Feng said, Gu Qingqing immediately nodded, and then led Ye Feng directly into his palace.

At this moment, many students from the Royal Training Academy had actually gathered around.

At this moment, when they saw that Gu Qingqing had really brought Ye Feng into his place of residence, and the two of them were in a separate hall, everyone had deep surprise in their eyes.

No one seemed to have thought that Ye Feng, a seemingly ordinary young man in white, could actually make Gu Qingqing's protectors leave directly.

.

At this time, in addition to envy and jealousy, there was also a layer of deep suspicion in everyone's eyes.

They were speculating, who was Ye Feng, a young man in white who suddenly appeared?

To be able to make the beautiful and noble Seventh Princess so close.

Moreover, it was able to make Gu Qingqing's protector, such an older figure, leave directly and choose to ignore this matter.

"Who is this boy in white?"

"I estimate that the future of our Royal Training Academy may be boiling with the arrival of this young man in white."

"Don't talk about the future, it is already boiling now. It is estimated that the news that Her Royal Highness the Seventh Princess is living with a strange boy in white will soon spread throughout the Royal Training Academy, and even the entire palace. I estimate that it will be There are many people looking for trouble for this boy in white."

"Indeed, after all, Her Royal Highness the Seventh Princess is the most beautiful woman in our entire Royal Training Academy. She is a goddess-level figure. She has many suitors, including those arrogant princes and heirs, as well as some powerful children, and Many of our extremely powerful senior brothers in the Royal Training Academy are suitors of Her Royal Highness the Seventh Princess. It is estimated that after they know this news, they will be extremely angry and will continue to cause trouble for the young man in white. "

"Haha, it's none of our business anyway. Let's just watch the show quietly. I think this boy in white will be targeted to death by many people. In the end, he can only leave Her Majesty the Seventh Princess in embarrassment and escape from our royal family. Training academy..."

At this moment, many students from the Royal Training Academy around saw the scene in front of them, and they all talked aloud, with a look of watching a good show in their eyes. They felt that Ye Feng and the noble and beautiful Seventh Princess living together would cause a lot of trouble. A huge disaster, possibly even life-threatening.
