

Ancient 4461

Chapter 4461 Jun family's peerless inheritance

Ye Feng naturally ignored the discussions and comments of outsiders at this time, because these had nothing to do with him.

What Ye Feng wants now is to have a quiet place where he can live in the Royal Training Academy without being disturbed by others, and then silently improve his strength.

At this moment, after Ye Feng followed Gu Qingqing into the main hall in front of him, Gu Qingqing directly arranged a room for Ye Feng.

After Ye Feng arrived at his private room, he walked in directly.

At this time, in the empty room, Ye Feng stretched out his hand and took out a silver token from the storage ring.

This silver token was given to me by the commander of the Demon Slayer Headquarters in the border city.

It has an inseparable connection with the Jun family, the largest family in the Blood Demon Dynasty back then.

Because this silver token is the inheritance token of the Jun family back then.

This time Ye Feng returned to the imperial city of the Blood Demon Dynasty and joined the Royal Training Academy, not only to improve his cultivation strength.

Ye Feng also has another important task, which is to help the commander-in-chief of the Demon Slayer Headquarters to find the culprit who destroyed the entire Jun family based on this silver token.

However, Brother Murong, Murong Changming, had also reminded Ye Feng before, saying that before he was not strong enough, he must not rush to find out the reasons for the destruction of the Jun family.

Otherwise, you may be attacked and assassinated by mysterious powerful men.

So at this time, Ye Feng did not directly use this token to explore the reasons for the destruction of the Jun family.

Nor did he inquire about the past of the most glorious family back then.

Because Ye Feng knows that his current cultivation strength is still relatively weak and he cannot investigate for the time being.

Wait until your cultivation strength becomes truly strong before you go to investigate.

At this time, Ye Feng took out this silver token mainly to understand the super inheritance in it.

Because the commander-in-chief of the Demon Slayer Headquarters also said before that this silver token was the inheritance token of the Jun family.

Not only does it lead to an ancient and mysterious huge treasure, it also contains the peerless legend of the Jun family.

Accept.

You know, back then, the Jun family was the largest family in the imperial city of the Blood Demon Dynasty.

At that time, there were not yet the six top families in the imperial city today.

Therefore, Ye Feng is still very interested in the peerless inheritance contained in the Jun family's inheritance token.

"Buzz!"

At this time, Ye Feng did not hesitate at all and immediately released his soul power to sense the silver token in his hand.

Because for Ye Feng, if he can get a set of super powerful inheritance now, it will definitely have huge benefits for improving his overall strength.

I'd better first successfully understand the Jun family's unique inheritance.

Buzz!

At this moment, Ye Feng's soul power touched the silver token in his hand.

Ye Feng immediately sensed that this silver token contained a very majestic secret of inheritance.

It would definitely be very difficult for an ordinary person to realize the peerless inheritance contained in this silver token.

But this is very simple for Ye Feng.

Because Ye Feng was originally a powerful soul master, his soul power was so huge that he could instantly invade this inheritance token and explore its true secrets.

So at this time, Ye Feng used his powerful soul power to forcefully enter the silver token. The secret information contained in it was immediately obtained by the Jun family's peerless inheritance contained in this silver token.

This set of peerless inheritance is called "Ice Dragon Dominant Body Technique". It is the top inheritance among the ice attributes, and it is a very special body refining inheritance.

According to the information recorded in the secrets of inheritance, if the Ice Dragon Overlord Body Technique is cultivated to a state of perfection, then the moment the Ice Dragon Overlord Body Technique is used, the caster's whole body will be covered with a thick layer of cold. Ice armor has very terrifying defense

Yuli.

Moreover, it can also condense an ancient ice dragon's will in the void behind, giving the caster strength.

In addition, if this set of inheritance can be cultivated to the true ultimate state of perfection, once the cultivator uses this set of inheritance, he can even use himself and the phantom of the ancient ice dragon's will condensed behind him. Fused together to form a true ice-attributed dragon from ancient times, it became a being that resembled the laws of heaven and earth, possessing terrifying destructive power and destructive power.

After realizing all this, Ye Feng's soul power withdrew from the silver token in his hand, and his eyes were filled with deep wonder.

This peerless inheritance of the Jun family was indeed very powerful.

This kind of inheritance is definitely the highest level inheritance that Ye Feng has received so far.

At this moment, Ye Feng was naturally very happy and began to practice the extremely powerful Jun family's unique inheritance, the Ice Dragon Domination Body Technique.

Buzz!

Suddenly, the room where Ye Feng lived fell into deep silence. ??

...

Time passes quickly, like running water without leaving a trace.

Three days passed in the blink of an eye.

In the morning of this day, Ye Feng suddenly felt an infinite amount of cold air coming out of his body.

Immediately, the cold energy condensed directly on the surface of Ye Feng's body, forming a set of armor entirely made of ice.

The surface of this armor is also engraved with ancient dragon patterns.

This is exactly the miraculous ability formed by practicing the Ice Dragon Tyrant Body Technique to a small level.

It allows the user to directly condense a set of indestructible ice armor on the body.

At this moment, Ye Feng's eyes suddenly revealed a look of deep surprise.

It seems that his cultivation speed is still very fast.

In just three days, he had mastered the Ice Dragon Tyrant Body Technique to a minor level, and was able to condense a set of dragon-shaped ice armor on his body surface.

Ye Feng has no doubt that the defensive power of this set of ice armor is absolutely terrifying.

In future battles, once Ye Feng uses the Ice Dragon Body Technique, he can condense a set of indestructible ice armor, which can greatly enhance Ye Feng's defense and protect Ye Feng from damage by external forces during battles.

Uh-huh!

At this time, Ye Feng simply stood up and temporarily stopped practicing.

Although Ye Feng is no longer in the state of cultivation, he has imprinted all the inherited secrets of this Ice Dragon Tyrant Body Technique in his mind, and Ye Feng can understand it every moment.

Now that Ye Feng has comprehended the Ice Dragon Tyrant Body Technique, so as long as Ye Feng comprehends it at any time, one day in the future, Ye Feng will be able to completely master this set of Ice Dragon Tyrant Techniques. All the secrets of the inheritance of Tijuán can be understood to realize the true state of Dzogchen.

At this moment, Ye Feng walked out of his house.

Ye Feng sensed the surroundings with the soul power emanating from him, but did not find the aura of Gu Qingqing, the Seventh Princess.

Ye Feng knew that it seemed that Gu Qingqing did not want to disturb his practice and went out alone, possibly to complete some task.

After all, the members of the Royal Training Academy are very busy.

At this moment, Ye Feng walked directly out of the main hall area where he lived, preparing to find the very precious thing that the Bone Demon Saint told him and see where it was hidden in the imperial city.

What Ye Feng wants to find is naturally the immortal stone tablet of gods and demons that the White Bone Demon Saint mentioned before. It is the treasure that the White Bone Demon Saint and the first emperor of the Blood Demon Dynasty were madly trying to compete for, and it contains a big secret.

But just when Ye Feng walked out of the seventh princess's palace where he lived.

Ye Feng's eyes suddenly froze.

Because he saw that there were actually people standing outside, and their eyes looked like they were watching a good show.

At this moment, not far in front of him, stood a young man wearing golden armor. He was handsome and powerful, holding a golden spear in his hand, and he was fiercely fighting against Ye Feng.

Chapter 4462 You are too weak

At this time, Ye Feng's eyes showed a trace of doubt, staring at the young man in golden armor standing at the front, and said loudly: "I don't seem to know you, why do you show such a powerful battle to me?" Intention and hostility?"

Hearing what Ye Feng said, the young man in golden armor suddenly smiled coldly and said: "I am the son of Jin Jiahou of the Imperial Dynasty, Jin Tiandao. When I come here today, I naturally want to fight you."

Ye Feng couldn't help but ask: "Why fight?"

Jin Tiandao immediately spoke up and said: "Weak people are not qualified to be around Her Majesty the Seventh Princess, let alone live with her. Do you know that you are now famous throughout the Royal Academy, and countless people want to challenge you? , However, you will be defeated in my hands. I want Her Royal Highness the Seventh Princess to know that you, the boy in white, are just born with a good skin. People like you are not qualified to stay here. "

Hearing Jin Tiandao say this at this moment, Ye Feng suddenly showed a trace of astonishment in his eyes.

It seems that Gu Qingqing's charm is so great that it has attracted the attention of so many young and powerful people.

At this time, Ye Feng sensed it a little and found that the aura of Jin Tiandao's cultivation was the realm of the Great Perfection of the Tenth Level of the Beidou Realm.

This made Ye Feng shake his head slightly, not very interested at all.

In the Blood Demon Dynasty, a young generation with a perfect cultivation state of the tenth level of Beidou Realm is already considered very powerful.

It can be said that he is a peerless genius.

Perhaps in the eyes of many students from the Royal Training Academy around him, this Jin Tiandao was an extremely powerful genius.

But in Ye Feng's eyes today, this Jin Tiandao is no longer a powerful figure at all, just an ordinary person.

So at this time, Ye Feng felt very bored, shook his head, and said loudly: "Jin Tiandao, right? Don't provoke me, I have no interest in you at all, because you are too weak."

After saying that, Ye Feng walked directly in a certain direction in the distance, preparing to leave here directly.

To Ye Feng, this young man's provocation to pursue the goddess was as childish as a child playing house, and Ye Feng didn't bother to pay attention to it.

"What??"

At this moment, after hearing what Ye Feng said, he left the scene directly, ignoring Jin Tiandao, the son of Jin Jiahou. The countless students of the Royal Training Academy who were ready to watch the show suddenly widened their eyes and were a little stunned. .

Because they never imagined that Ye Feng, the boy in white who was new to the Royal Training Academy, could be so arrogant.

"This young man in white actually dares to say that Jin Tiandao is too weak in front of everyone's attention??"

"Hiss! This kid is too arrogant! I guess Jin Tiandao must be furious now. He is the son of the noble Jin Jiahou, and he is also the core disciple of our Imperial Cultivation Academy. He will definitely treat this boy in white later. Teach him a lesson!"

At this moment, many students from the Royal Training Academy around him spoke out one after another, and their tone was full of cynicism towards Ye Feng.

Because they didn't believe what Ye Feng said was true at all, they felt that Ye Feng was just bragging.

"Too arrogant!"

Sure enough, at this time, Jin Tiandao suddenly showed a look of deep shock and anger in his eyes.

Obviously, he never expected that he was going to duel with Ye Feng so legitimately, but the other party just ignored him.

"Come back and fight with me! I'm going to knock you down and let you know that you are not qualified to be around the noble and beautiful Seventh Princess."

Jin Tiandao roared.

Boom! !

At this moment, Jin Tiandao directly burst out with his extremely powerful cultivation aura.

Astonishingly, it is the cultivation level of the tenth level of Beidou Realm!

His cultivation level is four levels higher than Ye Feng's.

At this time, in Jin Tiandao's eyes, Ye Feng was just a fledgling boy and a new disciple who had just joined the Royal Training Academy.

Therefore, he felt that since his cultivation level was so much higher than that of Ye Feng, he would definitely be able to defeat Ye Feng.

But at the next moment, Ye Feng suddenly

He stretched out a fierce slap.

Then Ye Feng said calmly: "I said, you are too weak, then you must be too weak."

Boom!

At this moment, Ye Feng's slap turned into a big golden hand, like a golden mountain. It had extremely terrifying power and was filled with monstrous power. That Jin Tiandao was sent flying backwards, smashing into pieces the halls.

"What??"

hiss! !

At this moment, everyone saw this scene, and their eyes widened with deep horror.

They never expected that Ye Feng would defeat such a powerful super genius as Jin Tiandao with a casual attack.

This is incredible to the extreme.

Everyone was shocked to the extreme.

Because in their eyes, Ye Feng is just a newcomer who has just joined the Royal Cultivation Academy, and there is no way he can be the opponent of the super geniuses in the Royal Cultivation Academy.

Not to mention that Jin Tiandao is not a very weak existence. He is a core member of the Royal Academy of Cultivation and the heir of Jin Jiahou, so he is very powerful.

Unexpectedly, Ye Feng's casual slap sent Jin Tiandao flying backwards.

At this moment, everyone looked at Ye Feng with expressions of deep shock.

At this moment, in the ruins, Jin Tiandao got up with difficulty. The golden spear in his hand was shattered by Ye Feng's big hand, and cracks appeared in the golden armor all over his body.

At this time, Jin Tiandao knew that if Ye Feng hadn't taken action casually, he would have been dead by now.

At this time, Ye Feng glanced at Jin Tiandao lightly and said loudly: "Next time, put your eyes brighter and don't come looking for death. Otherwise, I won't attack you casually. But if you dare to provoke me like this this time, you will always I want to teach you a lesson."

Almost at the moment Ye Feng's words fell, Ye Feng directly stretched out a hand, regardless of whether Jin Tiandaotong agreed or not, directly

He snatched the storage ring from Jin Tiandao's finger, and then said loudly: "This is some price for you. Don't trouble me again in the future, otherwise, what I take away will not be your storage ring." , but your life."

The moment the words fell, Ye Feng's figure had disappeared into the distance.

At this moment, countless people present fell into a dead silence.

quiet!

Deadly quiet!

At this moment, countless people showed deep horror in their eyes.

Even Jin Tiandao, who was robbed of his storage ring at this time, stood there blankly, not knowing what to do.

Because in his expectation, he would be able to defeat Ye Feng in an instant, and then declare that he was the most powerful, and then declare that Ye Feng was not qualified to stay by the side of the Seventh Princess, Gu Qingqing.

But the real situation now is beyond everyone's imagination.

Even Jin Tiandao himself was stunned at this moment, feeling deeply ashamed.

At this time, he finally understood that Ye Feng's saying that he was too weak was not arrogant at all, but that he was really too weak in front of Ye Feng.

Is Jin Tiandao actually weak?

Everyone knows that Jin Tiandao is not weak at all.

Jin Tiandao is the son of Jin Jiahou and a core member of the entire Royal Academy. He is a very powerful existence.

In the entire Blood Demon Dynasty, and even in the entire northern land of the Ten Thousand Demons interface, Jin Tiandao was a well-known young prodigy, absolutely powerful.

But in front of Ye Feng, he looked so weak.

So it's not that Jin Tiandao is too weak, it's that Ye Feng is too strong.

"It's ridiculously strong!"

At this time, everyone couldn't help but exclaimed in amazement: "No wonder Her Royal Highness the Seventh Princess is so close to this young man in white. It turns out that this young man in white is hiding so much. He is such a powerful young genius. I don't know where he is." Holy, I wonder if this boy in white can compare with the number one genius of our Royal Cultivation Academy, Senior Brother Long?"

Chapter 4463 Looking for the Stone Tablet

At this moment, many young students from the Royal Cultivation Academy heard someone saying whether Ye Feng could compare with Senior Brother Long, the number one genius at the Royal Cultivation Academy.

Suddenly someone sneered and said: "Although this Ye Feng is indeed very powerful and defeated Jin Tiandao with one move, his cultivation is still far behind the real top geniuses, and his cultivation methods are different from those of real top geniuses. In terms of talent, it is impossible to compare with the top geniuses of our Royal Academy of Cultivation. After all, you must know that the top super geniuses of our Royal Academy of Cultivation not only have very strong cultivation bases, but also have the inheritance and various cultivation traditions. This method is also very advanced and mysterious, not to mention the first genius of our Royal Academy, Senior Brother Long, who is recognized by everyone as the senior brother and is very powerful. Even His Majesty the Emperor of our Blood Demon Dynasty, for Long Senior Brother takes it very seriously, and even commented that Senior Brother Long will be the pillar of our entire Blood Demon Dynasty in the future."

Hearing many people around him say this, everyone nodded, feeling that Ye Feng was nothing compared to the top number one genius like Senior Brother Long.

At this moment, while everyone was talking, Jin Tiandao's eyes were very silent.

Because after Jin Tiandao was slapped away by Ye Feng just now, he experienced firsthand how terrifying power Ye Feng's big golden hand contained.

So at this time, Jin Tiandao, listening to the discussions of the people around him, suddenly showed a self-deprecating smile in his eyes.

He knew that he had always thought that he was very powerful, but compared to a peerless genius like Ye Feng, it was nothing.

He even felt that if Ye Feng could continue to improve his cultivation to a few more realms, he would definitely be able to compare with the top super geniuses of the Royal Academy of Cultivation, and even with Senior Brother Long, who is recognized as the strongest.

Because Jin Tiandao had just personally experienced Ye Feng's extremely powerful strength.

He could clearly feel that Ye Feng's potential was unlimited, and he was definitely no less than a top genius like Senior Brother Long. Ye Feng definitely didn't have this ability.

At this moment, everyone around me thought it was so simple.

At this time, Jin Tiandao knew that he had offended the wrong person.

He also knew why Her Royal Highness the Seventh Princess was so partial to Ye Feng.

This boy in white is terrifying and mysterious, and his origins are definitely extraordinary.

Moreover, Jin Tiandao felt that Ye Feng still had many methods, but he had not used them at all.

Once it is performed, it will definitely shock the entire Royal Training Academy.

At this time, Jin Tiandao left silently.

...

At this moment, Ye Feng had already left the scope of the Royal Training Academy.

Ye Feng is not very interested in this kind of jealousy among geniuses.

Because Ye Feng has entered many sects and forces since he entered the journey of cultivation. He has encountered too many such situations, so Ye Feng is not interested in these at all now.

Ye Feng's only interest now is to find as many training resources and powerful inheritance as possible to improve his overall strength.

Then complete more tasks in the Blood Demon Dynasty, accumulate contribution points, and improve your status.

At this moment, Ye Feng walked out of the scope of the Royal Training Academy.

The Bone Demon Saint in the storage ring immediately spoke out: "Back then, I hid that immortal stone tablet of gods and demons in a very secret place in the Blood Demon Dynasty. No one would have thought of it. Now you go look for it. , definitely still there."

Hearing the affirmative words of the White Bone Demon Saint, Ye Feng's eyes became interested, and he couldn't help laughing and said: "Where did you hide that immortal stone tablet of gods and demons, and let the blood

The emperors of the Demon Dynasty have been searching for so many years, generation after generation, but they have never found the immortal stone tablet of gods and demons. "

When the White Bone Demon Saint heard Ye Feng's question, he immediately laughed and said: "Because I hid the immortal stone tablet of gods and demons in a toilet in the Imperial City of the Blood Demon Dynasty, so the emperors of the Blood Demon Dynasty , I would never go to such a dirty place."

"??"

Hearing what the Bone Demon Saint said at this moment, Ye Feng's mouth suddenly twitched.

He never thought that such a powerful figure as the Bone Demon Saint would hide a peerless treasure like the Immortal Stone Tablet of Gods and Demons in a smelly toilet.

No one would have thought of this!

"What a talent."

At this time, Ye Feng couldn't help but secretly admire this Bone Demon Saint, who indeed had a very deep understanding of human nature.

The emperors who knew about the Blood Demon Dynasty would probably never search the toilets for the Immortal Stone Tablets of Gods and Demons.

At this moment, Ye Feng couldn't help but asked: "Which toilet in the imperial city of the Xueyang Dynasty do you place that immortal stone tablet of gods and demons?"

The Bone Demon Saint immediately spoke out: "In the toilet of a very inconspicuous restaurant in the Blood Demon Dynasty, I will guide you there now."

At this moment, Ye Feng followed the guidance of the Bone Demon Saint and quickly shuttled through the imperial city, looking for the toilet where the immortal stone tablet of gods and demons was hidden.

Soon, under the guidance of the White Bone Demon Saint, Ye Feng turned left and right throughout the Imperial City of the Blood Demon Dynasty, and finally came to the door of a small restaurant.

This small restaurant has long been closed down and abandoned.

At this time, Ye Feng couldn't help but asked: "Is it in the toilet of this restaurant?"

The Bone Demon Saint immediately clicked

He raised his head and said aloud: "I remember very clearly that back then I placed the Immortal Stone Tablet of Gods and Demons in the toilet of this restaurant, because the restaurant was closed down and deserted, and no one usually came here."

Hearing what the Bone Demon Saint said, Ye Feng's mouth suddenly twitched slightly.

This Bone Demon Saint really made great plans to hide the Immortal Stone Tablet of Gods and Demons in such an unknown place.

It is estimated that the first emperor of the Blood Demon Dynasty never imagined that a big figure like the White Bone Demon Saint, a demon giant, would put priceless things in a small toilet.

At this time, Ye Feng walked directly into the small restaurant without any hesitation, and soon came to the toilet area behind the restaurant.

At this moment, Ye Feng suddenly smelled a foul smell.

However, Ye Feng didn't care at all. He walked directly into the toilet, stretched out his hand, grabbed into a piece of dark muddy water, and immediately touched something very solid.

This made Ye Feng's eyes suddenly light up, and he took out this solid thing.

Sure enough, Ye Feng took out a very ancient-looking stone tablet.

This stone tablet seems to be cast from bronze. It looks like an iron scroll. It is very ancient and contains mystery.

At this time, the Bone Demon Saint in the storage ring immediately said: "This is the immortal stone tablet of gods and demons that I hid here back then! Ye Feng, even I couldn't figure out the secret of this immortal stone tablet of gods and demons back then. Of course, it was also because I was too anxious back then and had no time to comprehend. The two of us can comprehend together and jointly develop the secrets contained in this immortal stone tablet of gods and demons. If we comprehend anything, it will be of great benefit to both of you and me. The benefits are huge for me to regain my peak strength. The stronger I am, the more things I can do for you."

Chapter 4464 Fourth Level Baron

At this time, Ye Feng nodded immediately when he heard the Bone Demon Saint in the storage ring say this.

Then he took out some water, cleaned the stains on the immortal stone tablet of gods and demons in his hand, and then put it into his storage ring.

After all, once this kind of thing is understood, it will definitely exude the aura of the immortal stone tablet of gods and demons.

If it attracts the attention of some super powerful people in the Imperial City of the Blood Demon Dynasty, or even attracts the attention of some emperors of every generation in the Royal Family of the Blood Demon Dynasty, it will be a bit troublesome.

Therefore, Ye Feng knows that if he wants to understand this immortal stone tablet of gods and demons, he must arrange an isolation formation around himself. In this way, the breath of the immortal tablets of gods and demons will not be emitted and be invaded by the Blood Demon Dynasty Imperial City. The super strong among them noticed.

At this moment, after Ye Feng got this immortal stone tablet of gods and demons, he left this abandoned and closed restaurant and walked towards the Royal Training Academy.

Ye Feng was going to return to the Royal Training Academy to see if the upper echelons of the royal family had sent any tasks.

After all, Ye Feng has nothing else to do now. If he can do some tasks, he can accumulate contribution points and get training resources.

In addition, if Ye Feng does a mission, he can temporarily stay away from the imperial city of the Blood Demon Dynasty.

If you are outside, it is safer to study the Immortal Stone Tablet of Gods and Demons. You are not afraid of being discovered by the ancient strong men in the Imperial City of the Blood Demon Dynasty.

Uh-huh! Uh-huh! Uh-huh!

At this time, Ye Feng quickly traveled through the entire imperial city, preparing to return to the Royal Training Academy in the palace.

But just when Ye Feng arrived at the entrance of the palace, he encountered a familiar figure.

That was exactly the figure of Murong Changming.

Meeting this old man Murong, Ye Feng naturally showed a surprised smile on his face, and then said hello from a distance: "Brother Murong, long time no see, where are you going?"

"It's brother Ye Feng."

At this time, Murong Changming saw Ye Feng flying over not far away, and immediately said with a smile: "I have been dealing with scavengers these days.

Regarding department matters, your reward has been distributed, and I am about to go find you. "

Ye Feng's eyes lit up and he said, "Is it the reward for preventing the White Bone Demon Saint from resurrecting in the border city last time?"

"Well yes."

Murong Changming nodded, and then took out several things from his storage ring.

They are a silver ring, an ancient book, a golden elixir the size of a round fist, and a token that exudes a faint light.

At this time, Murong Changming spoke up and said: "This silver ring is called the Tiansuo Ring. It is a very powerful high-level weapon. It is made of special mithril material. It is also engraved with ninety-nine and eighty A spiritual pattern is extremely powerful."

Hearing what Murong Changming said at this moment, Ye Feng's eyes suddenly lit up, and he quickly took the silver ring into his hands.

Buzz!

Ye Feng sensed it carefully and could indeed sense a very powerful weapon fluctuation from this silver ring.

This is definitely a very powerful weapon.

At this time, Ye Feng immediately smiled and said: "Great, I am lacking such a weapon that can attack remotely."

At this moment, Ye Feng directly refined this silver ring into his body.

At this time, Ye Feng continued to look at Murong Changming.

At this moment, Murong Changming took out the second object, the ancient book, and said with a smile: "This is a very powerful inheritance among the royal family of our Blood Demon Dynasty, called "Dragon and Tiger Dharma", once practiced successfully, can allow you to directly condense the ancient true dragon and the ancient tiger, two very terrifying beasts, which can enhance your combat power and help you fight. It is very powerful. "

Hearing what Murong Changming said, Ye Feng's eyes suddenly lit up again, and he directly

Just take this ancient book in your hands, read it carefully, and imprint the secrets of its inheritance into your mind, so that you can understand it at any time.

At this moment, Murong Changming had already placed the third object, the golden elixir the size of a round fist, in front of Ye Feng.

Murong Changming smiled and said loudly: "This elixir is a top-quality elixir refined by our Blood Demon Dynasty in the alchemy room specially used for refining elixirs for the royal family. It has not been named yet. It is the latest elixir that has just been refined. The elixir combines the blood of ten thousand ancient beasts of different types. The refined elixir can greatly increase the blood energy of a practitioner. I think this may be the most practical for you, Ye Feng. Because it can greatly improve your skills and vitality."

Hearing what Murong Changming said, Ye Feng immediately took the fist-sized golden elixir in surprise.

At this time, Ye Feng could indeed sense that this golden elixir contained the blood aura of many different types of beasts. ??

At this moment, Ye Feng nodded immediately, and then took the pill directly.

Boom! !

At this moment, Ye Feng immediately felt a huge amount of energy, which suddenly burst out from the green pill, surging rapidly throughout his entire body.

Ye Feng could feel that his skill was growing rapidly at this moment.

At this moment, the energy of thousands of beasts contained in the golden elixir was really majestic and terrifying.

Ye Feng's cultivation momentum actually began to rise and break through on the spot.

"boom!"

Beidou Realm Seventh Heaven!

"boom!"

Beidou Realm Eighth Heaven!

"boom!"

Beidou Realm Ninth Level!

"boom!"

Great Perfection in the Ten Heavens of Beidou Realm! !

At this time, Ye Feng's cultivation level actually relied directly on

This extremely powerful elixir has broken through to the Great Perfection state of the tenth level of Beidou Realm.

This made Ye Feng's eyes suddenly reveal a look of deep surprise.

This elixir was indeed made in the alchemy room that was specially used to refine elixirs for the royal family of the Blood Demon Dynasty. It was indeed very precious and advanced, and it allowed me to improve my cultivation so much all at once.

This shows how huge the energy contained in this pill is.

From this we can see how precious the raw materials for refining this elixir are.

At this time, Ye Feng looked at Murong Changming in front of him and found that Murong Changming still held one last thing in his hand.

It was a token that exuded a faint light.

Ye Feng's eyes immediately revealed a look of deep anticipation.

Ye Feng knew that this token was definitely his latest identity token. Maybe his title had been greatly improved, so he had to reissue the token to himself.

This is of great significance to Ye Feng.

Because you must know that Ye Feng can use his noble title token to secretly absorb the power of dynasty luck from the entire Blood Demon Dynasty headquarters and use it to improve himself.

Therefore, Ye Feng is naturally very concerned about the improvement of his title.

At this moment, Murong Changming showed a smile of amazement on his face, and said loudly: "Brother Ye Feng, your devouring ability is unprecedented and unprecedented. You broke four times

in a row right in front of me." Chongtian, if I hadn't seen it with my own eyes, I would have thought it was a fantasy, it was incredible."

And when Murong Changming was talking, he handed the last thing in his hand, the token, to Ye Feng.

Murong Changming smiled and said: "Brother Ye Feng, have you been waiting for a long time? This is the identity token for your cultivation level improvement. Your current cultivation level has been upgraded from the first-level baron to the fourth-level baron. All of a sudden, you have been waiting for it for a long time. Upgraded to the third level, aren't you surprised? This shows how much the upper echelons of the royal family recognize your contribution in preventing the White Bone Demon Saint from being completely resurrected, and they have directly raised your title to the fourth level of baron!"

Chapter 4465 Looking for it secretly

Hearing Murong Changming say this, Ye Feng's eyes suddenly lit up.

He looked at the token in his hand, with a look of deep anticipation in his eyes.

Unexpectedly, his contribution this time was so great. The upper echelons of the royal family directly promoted his title to the level of fourth-level baron.

At this time, Ye Feng could sense that the connection between the identity token of the fourth-level baron he was holding and the destiny of the entire Blood Demon Dynasty headquarters was indeed much stronger than before.

At this time, Ye Feng didn't hesitate at all and immediately hid the identity token solemnly close to his body.

At this moment, Ye Feng suddenly smiled and said: "Thank you, Brother Murong, for bringing these things to me this time. Otherwise, I don't know when I will be able to get these things."

Murong Changming smiled and said loudly: "The upper echelons of the royal family probably thought that you were in our scavenger department, so they gave these things to me as the sect leader. But next, if you are in the Royal Training Academy, if you want anything else, If I give it to you, it will probably be sent directly to the Royal Training Academy."

Ye Feng nodded and said, "Then I will go back to the academy now."

Hearing what Ye Feng said, Murong Changming seemed to have thought of something, and immediately couldn't help but said: "By the way, brother Ye Feng, do you have anything particularly important to do when you return to the Royal Training Academy?"

Ye Feng turned around with some doubts in his eyes and said: "I don't have anything special to do now. I just walked around the imperial city and was going to go back to the Royal Training Academy to see if there were any people sent by the upper echelons of the royal family. Tasks, but I guess there are none, because if there are particularly important tasks, everyone will definitely be notified, so I returned to the Royal Academy to see if there are some smaller tasks to do, after all, I can also accumulate contributions. I want to improve my status and obtain training resources, and I also want to go out and experience it. After all, I have been staying in the Royal Training Academy, and there is nothing to do at the moment.

It's such a special thing. If you go out, you might be able to get some good opportunities. "

Ye Feng knew very well that if he wanted to break through his cultivation power as soon as possible, staying in the Royal Training Academy would not be of much use.

Even the Seventh Princess Gu Qingqing, a descendant of the royal family, is very busy and is rarely in her living hall.

When he heard what Ye Feng said at this moment, Murong Changming immediately nodded, and then said loudly: "If you don't have anything particularly important right now, you can follow me to visit the Murong family behind me. Perhaps, I can let you participate in our Murong family's move to enter the ancestral land."

"What?"

Hearing what Murong Changming said, Ye Feng's eyes suddenly froze.

Ye Feng knew very well that the Murong family was one of the six top families in the Imperial City of the entire Blood Demon Dynasty.

Therefore, the Murong family's ancestral land is an extremely precious place that contains great opportunities.

Only the orthodox descendants of the Murong family can participate in this kind of place.

Moreover, only the descendants of extremely talented and beautiful people are qualified to enter the Murong family's ancestral land and receive good things.

Unexpectedly, Murong Changming would now follow him to the Murong family to see if he could enter the Murong family's ancestral land.

Ye Feng was naturally very interested in entering the Murong family's ancestral land.

After all, it was the inheritance place of a top family.

If you can enter it, you might be able to get huge amounts of cultivation resources and

Chance makes things happen.

Therefore, Ye Feng naturally did not refuse and said: "If Brother Murong has the opportunity to let me enter the ancestral land, then I will naturally be very interested."

Hearing what Ye Feng said, Murong Changming immediately smiled and patted Ye Feng's shoulder and said loudly: "Actually, I don't have much sense of belonging to the Murong family behind me. I really have a sense of belonging. In fact, it is still our scavenger department. Although brother Ye Feng, you have now entered the Royal Cultivation Academy, you will always be the deputy sect leader of our scavenger department. I value you very much, so this time I return to the Murong family. Among them, I want to take you and let you and the young geniuses of our Murong family enter the inheritance ancestral land of my Murong family, which can also help you improve your cultivation strength."

Hearing what Murong Changming said, Ye Feng's eyes suddenly showed warmth again and again.

He knew that this old brother Murong really thought about himself. Otherwise, it would be impossible to violate the rules of the entire Murong family and want to join the team that inherits the ancestral land.

Ye Feng couldn't help but asked: "It must be difficult. After all, the rules of a top family like the Murong family are very strict."

Murong Changming immediately smiled and said: "Now the entire Murong family needs my blood to open up the ancestral land of the entire family. I'm not afraid that they won't agree. Of course, the upper echelons of the family may want to test your cultivation. As a means, I want to see if you are qualified to join this team. After all, I am afraid that you will be held back, but I think this kind of thing must be trivial to you. "

Hearing what Murong Changming said, Ye Feng's eyes suddenly froze, and then he said with a smile: "I'm sure there's no problem with this. I can't hold back the younger generation of your Murong family. To put it bluntly, Don't talk about the young genius in a family like your Murong family.

That's right, even the so-called super geniuses in the Royal Training Academy are actually nothing in my eyes. "

Hearing what Ye Feng said, Murong Changming immediately nodded, and then couldn't help but sigh and said: "I have seen with my own eyes, Brother Ye Feng, you have grown from a fledgling newcomer to where you are today. The speed of this kind of cultivation breakthrough is really too fast, but your devouring ability is indeed very evil and can help you grow quickly. This is why I want to take you back to our Murong family. I hope you will also In addition to being able to join the ranks of Murong family disciples, I have a small request, that is, if you can enter the Murong family's inheritance ancestral land, I hope you can help me find something, secretly Find it, then secretly bring it out and give it to me."

Hearing what Murong Changming said, Ye Feng's eyes suddenly flashed slightly.

It seems that this old man Murong actually has some selfish motives of his own when he helps him so much.

But this is also very normal.

Ye Feng immediately spoke out: "If Brother Murong has any instructions, please tell me as much as possible. As long as I can do it, I will definitely do it."

When Murong Changming heard what Ye Feng said, he immediately nodded, and then said loudly: "If you enter the ancestral land of our Murong family, I hope you can find the remains of the first generation ancestor of our Murong family. The blood of a true flame dragon from ancient times, the powerful bloodline of the 'Nine-Headed Flame Dragon' that I awakened. If you want to completely

activate this bloodline, you must need the blood of a real true flame dragon from ancient times. For the sake of guidance, the burial place of our Murong family's number one ancestor must have the blood of the real flame dragon from ancient times. Stealing things from the burial place of our ancestors is something our Murong family cannot tolerate, so I I can't take action myself, I need Ye Feng to help me."

Chapter 4466 Absolutely not allowed

At this time, hearing what Murong Changming said, Ye Feng suddenly showed a hint of understanding in his eyes.

It seems that Murong Changming himself has no way to directly look for the blood of the ancient flame dragon left by the ancestor of the Murong family, because the Murong family has the rules of the Murong family.

People of their own tribe are not allowed to approach the burial place of their first generation ancestors. This is a great disrespect to their ancestors.

Even though Murong Changming had no sense of belonging to the Murong family, he still had great respect for his first-generation ancestors.

So at this time, Murong Changming could only find a way to let Ye Feng enter the inheritance ancestral land and help him find the true blood of the ancient true dragon from ancient times.

In this case, Murong Changming can use the blood of the ancient true dragon to completely activate the powerful bloodline power of the most powerful ancient flame nine-headed dragon he has awakened, and become even more powerful.

In this regard, Ye Feng naturally did not refuse or hesitate at all, and immediately said aloud: "Brother Murong has thought so much for me and treated me so well. I will naturally accept any small request from Brother Murong." We will do our best to help."

Hearing what Ye Feng said, Murong Changming immediately showed a smile on his face and said loudly: "Ye Feng, but you must be careful, because there are still many dangers in the ancestral land of our Murong family. It is unimaginable. It's so simple. It's impossible for everything to be created by chance. Moreover, the place where the first generation ancestor is buried is likely to be guarded by the ancient beast. Even if the ancient beast is dead, it may be transformed. As an existence in the state of soul, he became an ancient heroic spirit and guarded the burial place of the first generation ancestor of our Murong family, so you must be careful. "

Although Murong Changming said this, his tone was still quite relaxed.

Because he knew very well that Ye Feng's methods were not just martial arts methods.

Ye Feng's soul power is also very powerful.

At this time, Ye Feng immediately nodded, smiled and said: "Okay, I will definitely pay attention.

."

When he said this, Murong Changming immediately nodded, and then took Ye Feng and flew quickly in the direction of their Murong family.

The Murong family is one of the six top families in the entire Blood Demon Dynasty Imperial City, so the family headquarters is naturally in the Imperial City.

At this time, Ye Feng followed Murong Changming and soon came to the homeland of the Murong family.

Ahead, Ye Feng saw a large area of towering residential areas appearing in Ye Feng's field of vision.

That should be where the Murong family is stationed.

There are many majestic pavilions and ancient towers built here, which should be the properties and buildings of the Murong family.

It has to be said that the Murong family, as one of the six top families in the Imperial City of the Blood Demon Dynasty, is indeed very powerful and financially strong.

To be able to own such a large living place and build so many high-rise buildings in a place like the Imperial City where land is so valuable, it can be said that if it were not for a very deep family background, it would not be possible at all.

At this time, Ye Feng followed Murong Changming and soon entered the Murong family.

The moment Ye Feng walked into the Murong family, Ye Feng immediately sensed a lot of extremely powerful cultivation auras existing in it.

This made Ye Feng's eyes suddenly reveal a hint of surprise.

It seems that the Murong family is worthy of being one of the six top families in the Blood Demon Dynasty, and there are still many strong people surviving among them.

Although there are not as many strong people as in the palace, they are still very good.

There was a lot of aura, which made Ye Feng very afraid.

This makes Ye Fengming

To put it bluntly, although I am currently in the younger generation, I may already be a very powerful being.

But compared with some old monsters who have been practicing for countless years, they are probably still far behind.

At this time, Ye Feng knew that he still had a long way to go before he could dominate the entire Blood Demon Dynasty, and even the Northern Territory, which would control the entire Ten Thousand Demons interface in the future.

While Ye Feng was thinking in his heart, Murong Changming and Ye Feng had already flown to the central square of the Murong family.

At this time, Murong Changming landed with Ye Feng.

Ye Feng immediately saw that there were already many young members of the Murong family standing on the central square.

These young disciples of the Murong family had deep curiosity in their eyes at this moment, staring at Ye Feng who was standing next to Murong Changming.

Because they have never seen such a young man in white. .??.

And they all knew that Murong Changming was a very aloof senior figure, and he was definitely a rebel among the Murong family.

But it happened that Murong Changming awakened the Murong family's most powerful bloodline since ancient times, the ancient flame nine-headed dragon bloodline that was exactly the same as the first generation ancestor, so Murong Changming's status in the Murong family was very high.

In a sense, he is more precious than the current head of the Murong family.

Because the bloodline of the ancient flame nine-headed dragon awakened by Murong Changming is the strongest bloodline of the Murong family since ancient times.

The first person with this kind of bloodline was the first generation founder and first generation ancestor of the Murong family.

Then there is Murong Changming.

This shows how precious Murong Changming is to the Murong family.

Even many old monsters of the Murong family have regarded Murong Changming as the hope of the future of the Murong family.

However, Murong Changming had a lot of grievances and conflicts with his family before, so many people in the Murong family were not very familiar with Murong Changming.

But everyone knows that this Murong Changming is the most important figure in their Murong family.

So at this time, Ye Feng, a young and ordinary-looking boy in white, appeared next to Murong Changming, which naturally made many people very curious.

I don't know who this young man is, but he is qualified to let Murong Changming personally bring him here.

At this moment, standing at the front was a middle-aged man wearing a black robe.

This middle-aged man wearing a black robe is the head of the Murong family of this generation, and a figure of the same generation as Murong Changming.

At this moment, when the head of the Murong family saw Murong Changming, he did not have the majesty of the head of the family at all. Instead, he said very politely: "Murong Changming, this time you can return to the family and help us open the first ancestral home." On behalf of all the young talents in the entire family, I would like to express my gratitude to you for leaving a legacy."

When Murong Changming heard the family head say this, he just nodded slightly, with a very calm face, and then said loudly: "Family Head, I can help you open the inheritance place left by the first generation ancestor of the entire family, but I have a condition, that is, let my little brother Ye Feng also join this trial of the ancestral land and join all the young geniuses of our Murong family. "

"What?"

Hearing Murong Changming say this at this moment, everyone present changed their expressions.

Even the head of the Murong family, who was very polite to Murong Changming just now, had a look of astonishment in his eyes at this time.

Then the head of the Murong family said with an ugly face: "Murong Changming, don't you know the rules of our Murong family that do not allow outsiders to enter the ancestral land? This is absolutely not allowed."

Chapter 4467 Golden Gate

At this moment, I saw that everyone in the Murong family had such a big reaction, and even the head of the Murong family directly said that such a very decisive statement was absolutely not allowed.

Ye Feng stood nearby, actually not surprised at all.

Because Ye Feng knew very well that in this ancient family, everyone's thoughts were very pedantic, and their rules were very strict. It was impossible for outsiders to enter their noble ancestral land.

Because this has a huge hidden danger for the future of their entire Murong family.

At this time, Ye Feng was about to say something.

But Murong Changming just smiled faintly at this moment and said: "If you are not willing to let my little brother Ye Feng enter the ancestral land of our Murong family, then there is no need for me to stay here."

"What?"

At this moment, when everyone in the Murong family heard what Murong Changming said, their eyes suddenly froze, and then their faces became quite ugly.

Because they never expected that Murong Changming would make such an unreasonable request and be willing to let an outsider enter the ancestral land inherited from their Murong family.

At this moment, when everyone looked very ugly and remained silent.

Murong Changming was very free and easy, and just took Ye Feng to leave here.

It has even flown into the air.

"Wait a minute."

But at this moment, the head of the Murong family showed a hint of slowness on his face, and then he said loudly: "Murong Changming, don't leave in a hurry. This matter can be discussed."

After saying that, Murong Changming turned around and landed on the central square again with Ye Feng.

Murong Changming looked at the head of the Murong family with a smile and said, "So, you agreed?"

Seeing the smile on Murong Changming's face, the head of the Murong family could only smile helplessly and said: "Okay, anyway, it's just you, the little brother."

There is no problem if you enter personally, but I have a condition, that is, your little brother's strength must reach the level of the first-class genius of our Murong family, otherwise, he will only die if he enters. "

Hearing what the head of the Murong family said, Murong Changming didn't have any worries at all. Instead, he smiled faintly and said: "You can take any test, but as long as Ye Feng fails your test, then he will not have the conditions to enter the inheritance lineage." "In the middle of the ground."

Hearing what Murong Changming said, the head of the Murong family immediately nodded, with a hint of surprise in his eyes. It seemed that he did not expect that Murong Changming would be so confident in the young man in white next to him.

After all, you must know that the Murong family is not an ordinary small family in the imperial city of the Blood Demon Dynasty.

The Murong family is one of the six top wealthy families in the imperial city.

The first-class geniuses in the Murong family are extremely powerful, not much worse than the core members of the Royal Academy of Cultivation.

At this time, the head of the Murong family looked directly behind him in a certain direction, and then said loudly: "Murong Shitou, come here and have a fight with this little brother."

At this moment, Mu, the head of the Rong family, selected a young man from among the group of young geniuses behind him.

This young man is called Murong Shitou. He is a tall young man wearing black armor. He looks like a stone. It is very strong and indestructible, giving people a very fierce feeling.

This person's cultivation level is clearly that of the first level of Beidou Realm, which is still very powerful.

But at this time, Ye Feng suddenly said: "There is no need to compete, let alone combat power, even my cultivation can crush him."

Boom!

almost

The moment Ye Feng's words fell, Ye Feng's body suddenly erupted with a terrifying aura of cultivation, like a vast ocean.

That was clearly the aura of perfect cultivation in the tenth level of Beidou Realm.

"What??"

At this moment, he sensed the fluctuation of the cultivation aura on Ye Feng's body, which turned out to be the legendary Great Perfection state of the tenth level of Beidou Realm. .??.

The expressions of everyone present changed.

Especially the young geniuses of the Murong family, they never expected that such a young man in white clothes brought here by Murong Changming would have such a powerful aura of cultivation.

No wonder Murong Changming looked very confident.

At this time, Murong Changming also showed a surprised smile on his face. It seemed that he did not expect that Ye Feng, a young brother, would improve so much in a short period of time.

At this time, the head of the Murong family suddenly showed a look of wonder on his face, and said loudly: "What a hero. Murong Changming, the little brother you brought here is indeed very extraordinary. His cultivation At the tenth level of Beidou Realm, the power is almost comparable to the three top geniuses of our Murong family, Murong Xixi, Murong Tianjun and Murong Ba, these three are the most amazing and talented of this generation in our Murong family. The top

geniuses, their cultivation level has just broken through the tenth level of Beidou Realm, and they are the Guiyi Realm level existence above Beidou Realm.”

At this time, when the head of the Murong family said this, Murong Changming smiled slightly and said, "Then they probably can't defeat Ye Feng at all, because Ye Feng's fighting power is enough to allow him to cross the two realms."

"What?"

Hearing what Murong Changming said, the head of the Murong family suddenly widened his eyes slightly.

But then he shook his head.

Obviously, he didn't believe Murong Changming's words at all.

He has never seen a young genius with such incredible fighting ability.

He just felt that Murong Changming was bragging now.

After all, Ye Feng didn't really take action. No one knows whether Ye Feng is really as powerful as Murong Changming said.

However, at this time, the head of the Murong family obviously did not want to waste time. He did not refute, but just said: "Then let's directly open the Murong family's ancestral land."

At this moment, Murong Changming nodded immediately, and then asked aloud: "How can I help you open the inherited ancestral land left by the first generation ancestors?"

Uh-huh!

At this moment, the head of the Murong family took out a golden token from his storage ring, and then said: "Murong Changming, put a drop of your blood on this golden token. , you can open the inherited ancestral land left by the first generation ancestors. The inherited ancestral land left by the first generation ancestors is in an independent small world. The entrance to that small world and the

piece in my hand The golden tokens are connected together. Only if you awaken the bloodline of the ancient flame nine-headed dragon that is exactly the same as the first-generation ancestor, can you activate this golden token and open the entrance to that small world. "

When Murong Changming heard the head of the Murong family say this, he didn't hesitate at all. He nodded directly, then forced out a little of his own blood and dripped it on the golden token.

boom!

Almost at this moment, the golden token suddenly bloomed with brilliant golden light, and then flew high into the sky.

The next moment, I saw the entire golden token turning "tickly", and then immediately grew in size rapidly, and finally formed a golden door.

On the other side of the golden door, there is a mysterious little world.

That is the ancestral land of the Murong family!

Chapter 4468 It's not necessary

"The inheritance of the ancestral land is finally fully opened!"

At this moment, looking at the golden gate appearing in mid-air, the head of the Murong family burst into tears.

Because of this matter, the entire Murong family has been planning for nearly ten years.

But because Murong Changming did not agree to open it, they have never been able to truly open the Murong family's ancestral land.

All the young geniuses of the entire Murong family have no way to get good opportunities from the resistance of inheritance, so as to be promoted and fight against other families.

After all, the overt and secret fighting among the six top families of the Blood Demon Dynasty was very fierce.

If you are not careful, you may be swallowed up by other powerful families.

The royal family naturally turned a blind eye to this kind of thing, and was happy to let the major families kill each other.

At this moment, the head of the Murong family looked at the golden gate high in the sky, and immediately said to all the young geniuses around him: "When you all enter the golden gate, you will be able to enter what our first generation ancestors left behind." The inherited ancestral land is very dangerous. You must be careful. I hope you can all gain something. The trial time is a month in total. I hope you can all return safely and contribute to the glory and prosperity of my Murong family. Make a contribution."

Hearing what the head of the Murong family said, many of the young geniuses from the Murong family present nodded excitedly. Then, with deep excitement and anticipation on their faces, they immediately turned towards the golden figure high in the sky. The door rushed past quickly. ??

At this time, everyone's eyes showed deep expectations for the unknown.

Because they had heard since they were young that the first generation ancestor of the Murong family was an amazingly talented man. At that time, he fought side by side with the first generation emperor of the Blood Demon Dynasty, and was the subordinate of the first generation emperor of the Blood Demon Dynasty. One of the most powerful strong men.

Therefore, the place of inheritance left by the first generation ancestors of the Murong family naturally attracted all the young geniuses of the Murong family to flock to it.

Uh-huh! Uh-huh! Uh-huh...

At this moment, the young geniuses of the Murong family all started to fly high into the sky, directly entering the golden gate.

At this time, Murong Changming looked at Ye Feng beside him and said with a smile: "Brother Ye Feng, you can go up directly, but you must be careful. Although your methods and cultivation strength are very powerful, But I still want to remind you that the ancestral land is extremely dangerous. It is best not to act alone, but to unite with the top geniuses of our Murong family. In this case, the safety will be higher. When our Murong family comes When we are at the deepest part of the ancestral land, approaching the burial place of the first generation ancestor of our Murong family, you will go out alone to find the blood of the ancient true dragon for me."

Hearing Murong Changming's words, Ye Feng immediately nodded and said with a smile: "Brother Murong, don't worry, I'm sure of myself."

Hearing what Ye Feng said, Murong Changming also smiled slightly and said nothing more.

He knew that Ye Feng was different from other young people. Ye Feng did not have the anxiety of young people.

Ye Feng has always given Murong Changming the feeling that he is a very stable young man.

Uh-huh!

At this time, Ye Feng didn't say anything more. He jumped up, flew high into the sky, and rushed directly into the golden door.

At this moment, when Ye Feng entered the door, he immediately saw a very dark little world.

boundary.

In the entire small world, the sky was dark and there was no light.

But Ye Feng, including the other young geniuses from the Murong family, are very powerful beings, so they still have no problem with their vision and can see everything around them clearly.

At this moment, Ye Feng discovered that after entering the golden door, he landed in a swamp in the small world of the inheritance disciple.

And Ye Feng suddenly discovered that there were no other geniuses from the Murong family around.

Ye Feng knew that it seemed that this golden gate was teleported randomly.

Ye Feng remembered what Murong Changming had told him before, saying that he should huddle together with other young geniuses from the Murong family to keep warm. Only in this way would he be safer in the ancestral land.

But Ye Feng actually doesn't care about this.

Because Ye Feng's current strength and combat effectiveness have reached a very terrifying level.

Even the top geniuses of the Murong family, or even the three most powerful top geniuses of the Murong family as mentioned by the head of the Murong family, Murong Xixi, Murong Tianjun and Murong Ba.

Their cultivation level is one level higher than Ye Feng's current Beidou Realm. They are super geniuses at the Guiyi Realm level above the Beidou Realm.

But even so, Ye Feng felt that they should not be his opponents.

Therefore, Ye Feng felt that there was no need for him to unite with the young geniuses of the Murong family.

Because there is no need at all.

Ye Feng felt that if he joined forces with the young geniuses of the Murong family, they might be a drag on him, so it would be better to act alone.

After all, this time, Ye Feng not only has to be the inheritor of the Murong family,

There is also a more important purpose of searching for opportunities in the earth, which is to help Murong Changming find the burial place of the first generation ancestor of the Murong family, and see if he can find the ancient treasure left by the first generation ancestor of the Murong family. The blood of a true dragon.

Uh-huh!

At this time, Ye Feng identified the direction and quickly flew towards a certain direction in the swamp.

Ye Feng was going to leave this dangerous-looking swamp and fly towards the middle of this small world.

Because this trial of inheriting the ancestral land lasts about a month.

Therefore, in order not to waste time, Ye Feng is still planning to arrive at the center of this small world in advance to see if he can first find the blood of the ancient true dragon that Murong Changming asked him to search for, and then in the next time, he can slowly and continuously explore the small world of the entire Murong family's ancestral land, and you won't be so anxious.

And just when Ye Feng was flying quickly in this swampy land.

Boom! !

Suddenly, there was a huge roar in the swamp below.

With this huge roar, a crocodile covered with black scales, as big as a small mountain, flew directly out of the swamp, opened its bloody mouth, and every tooth was like steel. It's like it's made of casting, very sharp and strong, as if it's indestructible. Ye Feng will be swallowed up and chewed up!

This is obviously a terrifying creature living in this swamp, a ferocious beast from ancient times.

It smelled the majestic blood of Ye Feng, an outsider, and naturally wanted to devour Ye Feng to replenish its physical strength and energy.

After all, this ancestral land has not been opened for many years, and the people living in it are a group of hungry and ferocious beasts.

Chapter 4469 Strong alliance

"boom!!!"

I have to say that this crocodile with black scales all over its body is still very scary and ferocious. It opened its bloody mouth and wanted to eat Ye Feng.

Ye Feng naturally did not hesitate at this moment, and directly punched out like a conditioned reflex, and struck out hard.

Ye Feng's punch directly used the power of the Celestial Clan, because Ye Feng could feel that this crocodile was still very scary. With his ordinary fist, he probably would not be able to fight against this ferocious crocodile. ??

"boom!!"

At this moment, bright golden light suddenly burst out from Ye Feng's fist, and it suddenly hit the crocodile covered with black scales.

Boom!

But at the next moment, accompanied by a huge roar, Ye Feng was surprised to find that his god's fist could not break this crocodile covered with black scales. Instead, he He was so shocked that he flew backwards.

However, this crocodile finally withstood Ye Feng's powerful punch and was blown away.

The two can be said to be equally matched.

"Um?"

At this moment, Ye Feng's eyes suddenly showed a look of surprise.

This ancestral land of the Murong family is worthy of being the ancestral land of the six top families. The ferocious beasts that live in it are indeed very terrifying.

After all, you must know that Ye Feng's current cultivation strength is very terrifying.

Even some core members of the Royal Training Academy cannot be Ye Feng's opponent.

Ye Feng's strength is almost comparable to some of the older figures in the Blood Demon Dynasty.

But even so, Ye Feng is still on a par with this crocodile covered in black scales.

This shows that the ferocious beasts and living creatures in this ancestral land are much stronger than Ye Feng had imagined before.

At this time, Ye Feng put away his contempt, and directly burst out all the aura of his perfect cultivation of the tenth level of Beidou Realm.

Then Ye Feng fiercely charged towards the huge crocodile underneath.

At this moment, the crocodile covered with black scales living in the swamp seemed not to have expected that Ye Feng, a human boy who looked very weak, could have such ferocious power.

It immediately roared and launched an even more ferocious attack.

"boom!"

At this moment, every scale on this huge crocodile even emitted a strange red light.

Obviously, this powerful crocodile has released the power of his beast blood, which can increase his strength in an instant.

Ye Feng also clearly felt the power of this huge crocodile, which suddenly became much stronger than before.

At this moment, Ye Feng didn't hesitate at all, and directly used the Jun family's peerless inheritance, the Ice Dragon Tyrant Body Technique, that he had learned before.

"boom!"

At this moment, Ye Feng used the Ice Dragon Tyrant Body Technique, and Ye Feng's body suddenly released a large amount of cold breath.

Then a set of thick ice armor condensed directly on the surface of Ye Feng's entire body, which had very terrifying defensive power.

boom! !

At this moment, the sharp claws of the huge crocodile bombarded Ye Feng, and there was no way to break through the ice armor condensed by Ye Feng.

This made the huge crocodile suddenly widen his eyes. It seemed that he had never thought that the armor Ye Feng had condensed himself had such terrifying sturdiness, comparable to the weapons made from god-level materials.

At this time, when Ye Feng was stunned by the huge crocodile, he did not hesitate at all and directly activated the golden ring on his finger, which was the God's Ring.

In an instant, the god's ring turned directly into a golden sword. Ye Feng held the golden sword in his hand and pierced it as easily as a tofu.

It directly pierced the scales on this huge crocodile.

Then it pierced the crocodile's entire head.

"Roar!!"

At this moment, I saw this huge crocodile, and immediately let out an earth-shattering scream.

But it was already too late.

The God's Sword in Ye Feng's hand was so sharp that it could pierce almost any solid thing under the sky.

The huge crocodile's head was pierced by the God's Sword in Ye Feng's hand. He just had time to let out an earth-shattering scream, and then the entire huge crocodile body immediately fell from the sky and fell hard. In the underground swamp, he was completely killed.

At this time, Ye Feng's eyes suddenly revealed a look of deep surprise.

The Jun family's extremely powerful inheritance, the Ice Dragon Tyrant Body Technique, although I have only comprehended it at the Xiaocheng level, I can only condense a set of ice armor.

But this set of ice armor has extremely terrifying sturdiness. Coupled with his extremely powerful physical strength, it can be said that it is a powerful combination. Even the attack of this extremely powerful crocodile and the terrifying crocodile claws are blocked. It was able to withstand it without any damage at all.

At this time, Ye Feng flew down from the sky without any hesitation, then released his devouring domain and began to devour the huge crocodile in front of him.

You know, the cultivation power of this crocodile living in the swamp is still very terrifying.

After all, he was able to fight on an equal footing with Ye Fenggang, which shows how powerful this crocodile is.

It is estimated that the true cultivation level of this crocodile is a level higher than that of Ye Feng.

Moreover, the entire body of this crocodile was as big as a mountain, so at this moment, the blood energy absorbed by Ye Feng's release of the Devouring Domain was simply majestic to the extreme.

Like a vast ocean, everything was poured into Ye Feng's dantian.

Ye Feng felt it immediately

The extremely violent blood energy exploded directly in his entire body.

Then Ye Feng could feel that his skill and cultivation were increasing at an incredible speed.

Ye Feng's cultivation aura began to rise steadily at this moment.

You must know that Ye Feng's current cultivation level is at a super bottleneck in the tenth level of Beidou Realm.

It just so happens that the blood energy provided by this crocodile is very powerful.

Finally at a certain moment.

"Boom!!"

Ye Feng's body suddenly burst out with an extremely powerful new cultivation aura.

That is the momentum of breakthrough.

Ye Feng's cultivation level, with the help of this extremely powerful crocodile, actually completely transformed from the tenth level of the Beidou Realm to the Great Perfection, breaking through to the Half-Step Return to One Realm above the Beidou Realm!

At this moment, Ye Feng could feel the incomparable energy surging through his limbs.

Ye Feng could feel that his fighting power had improved a lot at this moment.

Because this is not a small level breakthrough, but a step from the Beidou Realm to a new powerful realm, the Guiyi Realm.

Even if it is only half a step to return to the first realm, it can make Ye Feng's combat power undergo a qualitative transformation.

At this time, Ye Feng's eyes suddenly showed deep joy.

Perhaps for other people, this terrifying crocodile will kill them instantly.

But for Ye Feng, this powerful and ferocious beast, in Ye Feng's eyes, is simply the best source of devouring energy, which can fully increase Ye Feng's skills.

Ye Feng didn't even have to go out of his way to find the good fortune left behind by the strong men of the Murong family in this ancestral land.

Because as long as he can hunt more of these extremely ferocious beasts, Ye Feng can get a steady stream of blood energy and life energy, which he can use to improve his cultivation power and quickly and continuously accumulate his martial arts foundation.

Chapter 4470 Glacier Snowman

Uh-huh!

At this time, after Ye Feng swallowed the huge crocodile, he continued to fly quickly towards a certain direction in the swamp.

Ye Feng's first task now is to fly to the center of the small world where the Murong family inherited their ancestral land, find the burial place of the first generation ancestor, and help Murong Changming find the blood of the ancient true dragon first.

But just when Ye Feng flew out of this swamp.

He immediately came to a place like a glacier and snowfield.

The entire land here is frozen, and there are many snow-capped mountains in the distance. It looks like you have suddenly gone from the deep swamp of a primeval forest to an endless snowfield.

Seeing this sudden change in the natural environment, Ye Feng suddenly showed deep surprise in his eyes.

This small world inherited by the Murong family is indeed much more magical than I imagined.

This natural environment is really changing at any time.

Just now, Ye Feng was still in the swamp of the primitive jungle, and suddenly he came to an endless glacial snowfield.

At this time, Ye Feng could even feel a very cold breath invading his body.

Ye Feng immediately understood that this frozen snowfield was definitely more dangerous than he imagined.

Because Ye Feng has now reached such a high level of cultivation, the ordinary cold and air-conditioning of nature is not enough to make Ye Feng feel cold at all.

The blood in Ye Feng's body was like a burning oven.

But at this moment, Ye Feng felt cold.

It shows that this land of ice and snow is a very scary place, and it is definitely not just an area created by nature.

At this time, Ye Feng was preparing to pass through this snowfield as soon as possible.

Boom!

But suddenly at this moment, a sound suddenly sounded not far away

A huge roar.

Ye Feng's eyes suddenly moved and he quickly flew in that direction.

The next moment, Ye Feng suddenly saw that in a certain ice and snow valley in this glacier and snowfield, there appeared the corpses of many young geniuses of the Murong family. They had been frozen in pieces of ice. more than ten.

When Ye Feng saw this scene, his eyes suddenly showed a look of surprise.

Being able to kill more than a dozen of the top geniuses of the Murong family at once meant that there were terrible creatures living in this valley, or that there was some very terrible ancient formation.

Because Ye Feng knows very well that the geniuses of the Murong family who can participate in this trial of inheriting the ancestral land are all top-notch super geniuses in the Murong family.

Ordinary geniuses have no means or qualifications to participate in this trial of inheriting the ancestral land.

At this time, a dozen top geniuses from the Murong family died all at once. Ye Feng felt that the Murong family would definitely be very distressed.

But there is no way.

If you want to find good opportunities and good luck in the ancestral land, death and injury are inevitable.

At this time, Ye Feng was ready to leave here directly because it was too dangerous.

But just when Ye Feng was about to leave here.

Boom! !

Suddenly, the surrounding snow-capped mountains began to shake rapidly.

Then under Ye Feng's extremely surprised gaze, a huge snow mountain completely collapsed.

Then as the snow mountain collapsed, amidst countless ice rocks and wind and snow, a majestic snowman measuring tens of thousands of meters was revealed in the deepest part of the snow mountain.

This huge snowman feels very scary.

Ye Feng could not feel any blood energy fluctuations from this snowman.

Ye Feng immediately understood that this snowman was not a real creature, but a special existence produced by nature similar to a mountain god.

The whole body of this snowman should be composed of the surrounding glaciers and ice. Because of the birth of his own will, he was able to fuse the entire glaciers and snow mountains into his own body, forming such a snowman with a cultivation level of tens of thousands of meters. .

At this moment, Ye Feng immediately understood. It was estimated that a dozen of the top geniuses of the Murong family were killed here, and it was this towering snowman who killed them.

At this time, Ye Feng didn't hesitate at all and immediately prepared to escape from here.

Because Ye Feng could feel that this snowman felt very terrifying, and he was not able to fight it for the time being.

Moreover, this snowman does not have any blood energy in his body, and his entire body is composed entirely of condensed glacier ice.

Therefore, even if Ye Feng tried his best to kill this snowman, he still couldn't swallow the blood energy, which was a thankless task for Ye Feng.

So Ye Feng didn't intend to fight this glacier snowman.

But just when Ye Feng was about to leave.

Boom!

Not far away, the majestic glacier snowman with a height of tens of thousands of meters suddenly stretched out a huge hand of ice, full of infinite terrifying power, like an ancient mountain, rising from high in the sky. The bombardment came down, with a boundless and majestic aura, and it immediately grabbed towards Ye Feng, covering the sky and the sun, covering all Ye Feng's escape routes.

When Ye Feng saw this scene, he could only avoid it and waved his fist fiercely.

Boom!

Ye Feng's fist suddenly burst into a brilliant golden light.

With this punch, Ye Feng naturally used the power of the Celestial God in his body, and directly collided with the icy hand of the glacier snowman.

Boom!

A huge roar suddenly sounded on the entire field, resounding throughout the sky and the earth, shaking the surrounding mountains and glaciers, causing cracks to appear, and almost breaking apart.

It can be seen how terrifying the destructive power of this collision is.

At this moment, Ye Feng immediately felt a terrifying and majestic power transmitted from the icy hand of the glacier snowman, which made Ye Feng couldn't help but step back several steps.

But Ye Feng finally resisted the attack of the icy hand of the glacier snowfield.

"It's incredible that a little human boy can block my attack."

At this time, this majestic glacier snowman actually made a sound.

His entire body is made up of the fusion of ice and mountains from the glacier snowfield, giving people a very strong sense of oppression.

At this moment, hearing the sound of this glacier snowman, Ye Feng immediately said coldly: "I don't want to be your enemy. It's not good for both of us. Let me leave."

This glacier snowman is made up of ice and mountains, without any blood energy.

Ye Feng was too lazy to fight him and wanted to leave here directly.

However, at this time, the glacier snowman suddenly said: "You are a small human boy, but you actually have a strong body strength comparable to mine. You can help me jump into the Tianshan Cold Pool to find that treasure. You should not be a native human in this world. You are a human from the outside world of advanced cultivation, right? We can cooperate."
